Mr. Tim Hill presented to the Commission an Agreement allowing them to place cable and geophones across a small section of Little Bear Camp Ground. Motion to approve with payment of appropriate fee was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present. Commissioner Chairman Rue P. Ware signed the same.

(6)
PERSONNEL DIRECTOR

Personnel Director Lavon Day met with the Commission to discuss the request of departments to re-evaluate their help. Mr. Day had evaluated the two employees of the Clerk's Office, Julie Anderson and Karen Bean, and in accordance with Mr. Day's recommendation they should be changed from Grade 6 to Grade 7. Commission Chairman Rue P. Ware was concerned that other departments may not have been

properly evaluated when placed on the salary schedule. It was his recommendation that the Personnel Director select (3) three other employees at random and evaluate then bringing the results back to the Commission Meeting on June 1, 1983. Motion to such was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(7)
RECREATION EMPLOYMENT POSITION

Personnel Director Lavon Day presented a request to the Commission for two (2) part time employees to work in the Recreation Department. Motion was made by Commissioner Clyde Conover to approve the hiring of two part time employees with consideration given to previous employees now receiving unemployment benefits and secondly to past employees of Emery County. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

This ordinance grants authority to certain county officials to deal with emergency road conditions. This ordinance could eliminate traffic or limit the use of roads when emergency conditions exist. Motion to approve was made

by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(7)
EMERY MINING BUSINESS LICENSE

County Attorney, Scott Johansen, brought back his recommendation to the Board of Commissioners that a meeting be arranged between Emery Mining and the Emery County Board of Commissioners before taking any action in accepting or rejecting their request for a Business License refund. Commission Chairman Rue P. Ware requested that Mr. Johansen proceed to set up such a meeting.

(8)
FLOOD DAMAGE

Commissioner Bevan Wilson advised the Commission of the loss of bridges and road damage due to high water run off with the county. The County Highway Department has been putting in many extra hours making every effort to prevent the additional loss of bridges and other road damage. Commissioner Bevan Wilson will contact Don Almond, Emergency Director, to see if federal aid is available to help defer costs of repair and clean up.

33

JIMMY STAKER - SUBDIVISION

Mr. and Mrs. Jimmy Staker, Mr. and Mrs. Rock Smith, together with Attorney, Duane Frandsen came before the Commission to request a temporary building permit allowing them to proceed with the development of their subdivision. Mr. Frandsen felt that his client, Mr. Staker, had met all requirements with the exception of one percolation test and was ready for water to perform that test. It was recommended that Mr. Frandsen who represents Mr. Staker meet with County Attorney, Scott Johansen, to discuss any possible legal implications. Because of scheduled bid openings, discussion had to be called off and no action was taken.

(10)

Lorie Jones of Ferron

Motion was made by Commissioner Bevan Wilson to provide three full scholarships including tuition and tuition only for Mr. Emery Jones of Castle Dale, seconded by Commission Chairman Rue P. Ware and approved by all members present.

(12)

CLERK'S BUSINESS

County Clerk, Bruce C. Funk, addressed the Commission of his tentative acceptance, pending Commission approval, to serve on a Committee for development of a Computer-Clerks program which would benefit the County through more efficient operation of the office. Motion to approve travel expenses was made by Commissioner Bevan Wilson, seconded by Commissioner Chairman Rue P. Ware and approved by all members present.

35

(13)

AQUATRAIN

On May 27, 1983 at 10:30 a.m. Commission Chairman Ware and County Attorney Scott Johansen met with the following to discuss the Aquatrain Project: Cliff Barrett, Kirk Carpenter, Don Lawrence, Ira McKeever, Mike Clinton, Eugene Johansen and Hal Guymon. Written Information was provided to the County and more information will be forthcoming.

(14)

JEEP POSSE AGREEMENT - Resolution #6-1-83D

Commissioner Bevan Wilson presented the final copy of the Jeep Posse Lease Agreement together with its accompanying Resolution 6-1-83D for approval. Motion to approve was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present.

(15)
MEETING ADJOURNMENT

Motion to adjourn the meeting was made at 1:00 o'clock p.m. by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present.

36

MINUTES OF THE REGULAR MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

June 16, 1983

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Deputy County Clerk, Karen Bean.

The meeting was called to order by Commission Chairman, Rue P. Ware at 7:15 p.m.

The invocation was given by Commissioner Clyde Conover.

Commission Chairman, Rue P. Ware recognized the absence of County Clerk, Bruce C. Funk.

A review of the agenda was made.

(1)
COMMISSIONERS MINUTES

A motion was made by Commissioner Clyde Conover to postpone the review of the commission minutes for the May 19, 1983 and June 1, 1983 meetings. The motion was seconded by Commissioner Bevan Wilson, and was approved by all members present.

(2)
WEED DEPARTMENT EMPLOYEE VACANCY

A vacancy has been left in the weed department due to the recent retirement of Ned Miles. Commissioner Bevan Wilson requested that the weed department be given permission to hire temporary help to fill this vacancy. It was recommended that Commissioner, Bevan Wilson; Weed Supervisor, James Nielson; and Personnel Director, Lavon Day discuss the merits of hiring a permanent-part time employee rather than a seasonal employee. Motion giving permission to advertise and hire a new employee in the weed department was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(3)

AUDITORS BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit List numbered 831508 to and including number 831619 for approval. Warrant number 831515 was deleted, and County Auditor, Karen Truman was instructed to contact Castle Dale City regarding this claim and determine the number of cemetery plots that the city is requesting payment for perpetual care. Warrant number 831522 was deleted and it was requested that County Auditor, Karen Truman contact the Division of Family Services regarding the payment of these indigent funds to comply with a contract entered into between Emery County and the Social

37

Services. Commissioner Bevan Wilson made a motion to approve the Warrants Edit List dated June 10, 1983 and numbered 831508 through 831619 with the changes as specified. The motion was seconded by Commissioner Clyde Conover and was approved by all members present.

(4)

COMMUNICATION BUDGET - RESOLUTION 6-16-83A

Resolution #6-16-83A was presented to the Commission which would transfer monies from one budget to another as follows:

\$24,961.13 from 4570/Television to 4234/Communications \$ 8,695.70 from line items 250-700 of 4410/Highway to
4234/Communications

This resolution will reduce the Television budget to zero and thereby eliminate that department. Motion was made by Commissioner Clyde Conover to approve Resolution 6-16-83A consolidating all sums expended on communications within the County under Budget 4234, the communications Budget. The motion was seconded by Commissioner Bevan Wilson, and was approved by all members present.

(5)
COUNTY ADMINISTRATOR'S BUDGET

A resolution was presented to transfer the unencumbered funds of the County Administrator's Budget to various existing budgets within the County's General Fund. Commissioner Bevan Wilson made a motion that any action on this resolution be tabled until further review can be made by the Commission. The motion was seconded by Commissioner Clyde Conover and was approved by all members present.

(6)
REQUISITIONS

Emery County Auditor, Karen Truman presented requisition #31 for approval. This requisition will allow funds from the Communications Budget to be used to purchase the necessary tools and equipment to be used by the Electronics technician. These purchases are not to exceed \$21,000. Motion approving requisition #31 was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(7)
BOARD OF EQUALIZATION MEETINGS

Because of a delay by the State Tax Commission to deliver the 1983 value of state assessed properties to the County Auditor, Commissioner Clyde Conover made a motion that the dates heretofore set aside for equalization meetings be changed and that the board of equalization convene on August 22, 1983 in Green River, Utah at the Green River Senior Citizen Center from 10:00 a.m. to 12:00 noon and on August 23, 1983 in Castle Dale, Utah at the Emery County Courthouse from 10:00 a.m. to 2:00 p.m. The motion was seconded by Commissioner Bevan Wilson and was approved by all members present. The Clerk is to advertise the notice for these special meetings.

38

(8)
MEDICAL CENTER EXPANSION

Dr. Konrad Kotrady of the Emery Medical Center was present and requested the support of the Board of County Commissioners in his efforts to expand the facilities of the Emery Medical Center. He intends to expand the facility over a period of 15 months, and to add many new health care programs to the center. He intends to add a birthing room and to expand the emergency area to include treatment rooms which would allow patients to be observed for up to 24 hours without being admitted to a hospital. In order to make the expansion of the birthing room, Dr. Kotrady is required to submit a certificate of need to

the State Health Department to justify such a room in Emery County. He requested a letter of support from the Commission to indicate that the County feels that there is a need for his proposed expansion. Motion was made by Commissioner Clyde Conover that the Commission formulate a letter of support and submit the letter to Dr. Kotrady. The motion was seconded by Commissioner Bevan Wilson, and was approved by all members present. Dr. Kotrady presented a copy of the preliminary feasibility report on the expansion for the Commission's review. Dr. Kotrady is also seeking support from the local cities and towns and from various industries in the area to show that there is a need for the expansion of the medical center.

(9)

ROAD ABANDONMENT

County Highway Supervisor, Ron Barney and Commissioner Bevan Wilson presented the proposed abandonment of 12 roads within Emery County. The necessary notices have been given and public hearings have been held regarding the abandonment of the following County Roads: 1. Denison Spur; 2. Old Castle Dale Garbage Dump Road; 3. Snow Spur; 4. Gillis Ranch Road; 5. Stump Flat; 6. Church Farm; 7. Jewkes Tuttle Spur; 8. Highway 57 to Johnson Bench; 9. Clyde Sherman Spur; 10. Floyd & Bill Jorgensen; 11. Vick Price Road; and 12. Lloyd Huntington Road. After discussion with regard to each of these roads, it was the decision of the board that the Jewkes-Tuttle Spur be left on the County Road system. Question about the location and use of the Vick Price Road resulted in a request to hold any decision with regard to that road. Motion was made by Commissioner Bevan Wilson that a resolution be drafted by the County Attorney for the abandonment of the roads as specified, and that further investigation be made on the abandonment of the Vick Price road prior to the approval of the resolution. The motion was seconded by Commissioner Clyde Conover, and was approved by all members present.

(10)

BOTT LANE EXPANSION

Howard Tuttle of Johansen and Tuttle Engineering was present and informed the Commission that they have completed the alignment for the proposed expansion of Bott Lane located west of Castle Dale. Mr. Tuttle explained that the alignment follows the original center line of the road and will expand in equal footage on both sides of the road. It will cost the County approximately \$48,000 to acquire the right-of-way and fence on both sides of the road to widen the lane. Mr. Tuttle informed the Commission that there has been some opposition to the widening of the lane because of the telephone cables that run along the road, and also there is a water line that will fall within the right of way of the road. Motion was made by Commissioner Bevan Wilson that a public hearing be scheduled for July 21, 1983 at 8:00 p.m. to obtain public

opinion about the proposed expansion of Bott Lane. The motion was seconded by Commissioner Clyde Conover, and approved by all members present. The Clerk was instructed to advertise the public hearing for that date and time.

(11)

COUNTY ROADWAY ENCROACHMENT FEES

Commissioner Bevan Wilson presented an ordinance regulating roadway right-of-way encroachment fees. The Commission received the final draft of the proposed ordinance, and has not had time to review its contents. Motion was made by Commissioner Bevan Wilson that any action on this ordinance be tabled to allow the Commission time to review and make changes. The motion was seconded by Commissioner Clyde Conover, and was approved by all members present.

(12)

REPAIR AND REPLACEMENT COSTS ON FLOOD DAMAGED BRIDGES

Commissioner Bevan Wilson presented a report that has been prepared by Johansen and Tuttle Engineering following an inspection of the bridges over Cottonwood Creek and Huntington Creek. The report also contains estimates of the cost for repair or replacement of trouble bridges. The report was presented for the Commission's review. The report does not reflect the actual amounts that have been spent by the Highway Department for damages and preventative maintenance for flood control. Total estimated cost: \$1,259,500.

(13)

SURPLUS PROPERTY

Request was made by Commissioner Bevan Wilson on behalf of the Highway Department that the following vehicle be included on the list of items to be disposed of at public auction:

1971 International Load Star 1800
Vin #416080H69641

Motion was made by Commissioner Bevan Wilson that this surplus property item be placed on the list of items to be sold by the County Sheriff at public auction. The motion was seconded by Commissioner Clyde Conover and approved by all members present. The Clerk was instructed to advertise this item together with the items listed by the Sheriff's Department.

(14)

HIGHWAY DEPARTMENT - TEMPORARY HELP

The highway department's secretary is in need of temporary help. Highway Department Supervisor, Ron Barney and Commissioner Bevan Wilson requested permission to hire a person to work one day a week in the highway department office. It was their

recommendation that Gaylene Bennett be transferred from the Treasurers Office for that one day per week. Motion was made by Commissioner Clyde Conover that Gaylene Bennett be transferred to the highway department office until all reports to the legislature with regard to the Flooding problems and any other work that is pending immediate action can be completed. The motion was seconded by Commissioner Bevan Wilson and was approved by all members present. Commissioner Bevan Wilson, Supervisor Ron Barney, and Personnel Director, Lavon Day will discuss the merits of retaining Gaylene Bennett in the highway office for one day a week after the reports are completed vs. advertising and opening a new position.

40

(15)

COUNTY ATTORNEY'S BUSINESS

County Attorney Johansen informed the Commission that he has contacted Utah Power and Light Company regarding the County's request for use of a gravel pit owned by UP&L near Lawrence. He stated that Utah Power & Light is not aware of a gravel pit owned by them in that area, but if they have one, Emery County is welcome to use it.

Mr. Johansen further stated that he had inquired as to whether or not UP&L would be repairing bridges and structures originally constructed by UP&L but owned by the County which have sustained flood damage. He was informed that the bridge over Cottonwood Creek would be repaired, but they did not see a need for the bridge over Huntington Creek and therefore probably would not be repairing it.

(16)

FEDERAL HYDROELECTRIC POWER - RESOLUTION #6-16-83B

Attorney Johansen presented a resolution for the acquisition of low cost federal hydroelectric power. Motion was made by Commissioner Bevan Wilson to approve Resolution #6-16-83B and thereby authorizing Utah Power and Light Company to make application on behalf of the County to the Western Area Power Administration (WAPA) a division of the Department of Energy, for the acquisition of low-cost federal hydroelectric power for distribution to the residents of Emery County. The motion as seconded by Commissioner Clyde Conover, and was approved by all members present.

(17)

U.P.& L. HUNTER PLANT SIGN

Utah Power & Light Company has requested to lease property from Emery County to place a sign at the Hunter Plant. The drawings for the sign have been completed and UP&L is ready to proceed. The approval of the lease was passed pending investigation

into the availability of the gravel pit near Lawrence so that arrangements can be made for the use of the land for the sign by UP&L and the use of the gravel by Emery County.

(18)

PRECINCT JUSTICES - RESOLUTION 6-16-83C

Resolution 6-16-83C, authorizing precinct justices of the peace to sit anywhere in the County as needed was approved upon motion by Commissioner Clyde Conover seconded by Commissioner Bevan Wilson and approved by all members present.

(19)

FUNDING FOR FLOOD DAMAGE

County Attorney Johansen informed the Commission that he attended a meeting with County officials from some of the northern counties to discuss how the counties are going to pay for the costs of flood damage. The State legislature will convene later this month to discuss state funds to be used for the damaged areas. The federal government will pay 75% of certain costs created by flood damage, but the remaining 25% will have to be paid by the local governments. The Counties will recommend to the Governor that each county pay

41

the equivalent of 2 mills or 1/2 of what the federal government will not pay, which ever is less and ask the State to pay the balance. They are proposing several areas for the State to pick up the additional funds for that balance, and their proposal will be presented to Governor Matheson for his consideration.

(20)

RECREATIONAL COMPLEX LANDSCAPING

The matter of the landscaping of the recreational complex came to the attention of the Commission. Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson to compromise the problems by paying \$7,098.75 to Kent Stilson, the general contractor, and Robert Peck, the subcontractor and terminating the contract. The vote thereon was unanimous. The attorney was directed to prepare the appropriate documents.

(21)

SALE OF SURPLUS PROPERTY

The Commission was informed that all payments have been received on the bids submitted for the sale of the surplus property of June 1, 1983 and that the total of \$2,696.00 has been received by Emery County as proceeds from the sale.

(22)

MOTION TO ADJOURN

Motion to adjourn the meeting was made by Commission Bevan Wilson at 10:00 p.m. and was seconded by Commissioner Clyde Conover and approved by all members present.

42

c. Minutes of June 16, 1983 were reviewed and amended. Motion to approve as amended was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(2)
WEED DEPARTMENT EMPLOYEE VACANCY

Commissioner Bevan Wilson advised the Commissioners of his discussions with the Weed Department Supervisor James Nielsen. They have reached a tentative decision to hire a temporary summer employee. Hiring preference would be given to individuals previously employed by the County who are presently receiving unemployment benefits. (This item was previously discussed in the June 16, 1983 Commission Meeting.)

(3)
VETERANS EXEMPTIONS FOR 1983

Emery County Auditor, Karen Truman presented to the Commission a list of those persons eligible to receive Veterans Exemptions on their 1983 property taxes, (listed below). Motion to approve those exemptions was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

COUNTY ADMINISTRATORS BUDGET TRANSFER - Resolution #6-7-83A

Emery County Auditor, Karen Truman, presented to the Commission proposed resolution 7-6-83A wherein the remaining County Administrators budget will be redistributed to other county budgets within the General Fund. Said reduction will reduce the County Administrators budget to zero and in so doing will also create a new budget for the Personnel Director also within the General Fund. Motion to approve the Resolution was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(5)
AUDITORS BUSINESS

Emery County Auditor, Karen Truman, presented the warrant edit list numbered 831650 to and including 831841 for approval. Commissioner Clyde Conover made the motion to approve all warrants for payment, seconded by Commissioner Bevan Wilson and approved by all members present. Requisition numbers 32 thru 37 were also approved by motion of Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson and approved by all members present.

(6)
UNCOLLECTIBLE DELINQUENT MINING PROPERTY TAXES

Emery County Treasurer, Elaine Wilson, presented to the Commission a list of mining claim properties with delinquent taxes. It was her recommendation that these be cleared from the tax sale books as all are determined to be uncollectible and charges have been carried forward now for several years. Motion to accept the County Treasurers recommendation was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(7)

ROAD ENCROACHMENT ORDINANCE - Ordinance #7-6-83C

Commissioner Bevan Wilson presented to the Commission Ordinance #7-6-83C regulating roadway right-of-way encroachment. This ordinance requires persons excavating or vibroseising along or across county roads will be required to obtain a permit. Motion to approve this Ordinance was made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware and approved by all members present.

(9)

COMPUTER EXPANSION

Commission Chairman Rue P. Ware advised the Commission of the need to expand the central computer processing unit. After evaluating the alternatives with Progressive Management Services of Salt Lake City, it was Commissioner Chairman Rue P. Wares recommendation that the County Change the lease agreement to now include a Four Phase 95 Central Processing Unit. This unit would increase the storage capacity about 150% over the present system. The new monthly lease rate would be \$6,294.00 each month with the included additional two printers and one terminal would make the total monthly lease cost of \$6,668.00. Motion to approve the expansion of the computer with the extra printers and terminal was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(10)

PERSONNEL ACTION - Lyle Snow & Don Morlan

Commissioners considered the request of Personnel Director, Lavon Day in his letter of June 30, 1983. It was requested that Don Morlan of the Highway Department be reclassified to the position of Loader Operator resulting in a salary change from Grade 10 Step 7 to Grade 11 Step 7, retroactive to June 1, 1983. Requested also that Lyle Snow of the Sheriffs Department be reclassified due to his completion of the Police Academy Training to a Class 2 Officer resulting in the salary change from Grade 9 Step 8 to Grade 11 Step 5, retroactive to May 1, 1983. Motion to approve both personnel requests was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

EMERY COUNTY HOUSING AUTHORITY

Commission Chairman Rue P. Ware read the June 16, 1983 letter from Wesley R. Curtis, Director of the Emery County Housing Authority. Mr. Curtis requested the Commission write to the U. S. Department of Housing and Urban Development in support of Section 8 Rent Subsidy Program. The Housing Authority is requesting additional federal assistance money because of the increase number of families in the county needing help. Motion to proceed with a letter of support by the Emery County Board of Commissioner was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

56

(12)

AIRPORT WATER LINE

Commissioner Bevan Wilson asked the Commission for approval to repair the water line at the Huntington Airport indicating that six to seven thousand dollars has already been budgeted for that project. Motion giving approval to secure bids and to proceed with the repair was made by Commission Chairman Rue P. Ware seconded by Clyde Conover and approved by all members present.

(13)

57

MINUTES OF A SPECIAL MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

July 14, 1983

Present at the meeting were Commissioners Bevan K. Wilson, and Clyde Conover; County Attorney, Scott Johansen; and County Clerk, Bruce C. Funk.

The meeting was called to order at 7:44 p.m. by acting Commission Chairman, Clyde Conover.

The invocation was given by Scott Johansen.

The Commission recognized the presence of Mr. Larry Davis, Editor of the Emery County Progress.

(1)
REVISION OF THE 1983 BUDGET, RESOLUTION 7-14-83A

This was the time and date set for the public hearing of the revision of the 1983 revenue and expenditure budgets for the County General Fund and other funds. No one was present at this time to state objection or to make comment regarding the revision of these budgets.

County Attorney, Scott Johansen presented the revised revenue and expenditure budget for 1983, Resolution 7-14-83A, to the Board of Emery County Commissioners. Mr. Johansen explained that with the completion of the reappraisal by the Emery County Assessor's Office, and the revaluation of State assessed properties, that the expected increase to the County from property taxes would be five hundred and eight thousand, two hundred ninety-eight dollars and twenty three cents (\$508,298.23). It is anticipated also that the County will not be receiving the 1983 P.I.L.T. monies which amount to one hundred fifty-seven thousand, seven hundred fifty dollars (\$157,750.00). The only major

expenditure is five hundred forty seven thousand, five hundred and four dollars (\$547,504.00) for flood control. The revised budget reflects changes due to the redistribution of the Administrator's Budget and monies transferred into the communications Budget. Motion to approve Resolution 7-1483A was made by Commissioner Bevan K. Wilson, seconded by Commissioner Clyde Conover, and approved by all members present.

(2)

Allen Staker, Huntington, Utah	William J. Coyne, Elmo, Utah
Jim Behling, Ferron, Utah	Ralph C. Lemon, Ferron, Utah
Sandy Behling, Ferron, Utah	Arlene C. Lemon, Ferron, Utah
James M. Staker, Elmo, Utah	

The following responded:

Mozell Van Buren, of Orangeville Utah, asked that it remain the same width but that it be resurfaced.

Tom Humphrey, Mayor of Orangeville, speaking for the citizens of Orangeville favors improvement of the road indicating that it is the shortest route to the County Seat

and medical facilities. It eliminates the congestion on Highway 29. The citizens support the continued use. Mr. Humphrey presented to the Commission a letter from the Orangeville City Council in support of the continued use of Bott Lane.

Keith Ware, representing the Emery County Farmers Union Telephone Association indicated that a 600 pair telephone cable lays the full length on the North side of the road. The estimated cost to remove that cable if the road was expanded would run \$60,000 to \$80,000 and at this time, he was unsure as to who would stand the cost for removal and replacement.

61

Page 3
Commission Minutes
July 21, 1983

Wes Curtis of Orangeville, Utah as a citizen spoke in support of improving Bott Lane, again being the shorted route and it eliminates passing through school zones, and eliminates the coal truck traffic.

Carl Bott, representing the Bott family, objected to the proposed widening of the lane. He felt that widening the road catered to the automobile user. He indicated farmers would suffer in the loss of valuable farm land because of the widening of the road. The increased traffic and higher speeds on the road will create hazards in moving farm equipment on that road and corresponding trash problems. He indicated that cattlemen use the road in moving cows to and from the mountain. He also asked that consideration be given to the bicyclists who use the road, as it would endanger their lives. The road is also used extensively by horseback riders and joggers, because it does not have the problems of major highways.

Eugene Johansen Castle Dale, Utah, reminded the Commission and the people there that this would cost between \$150,000 and \$200,000 before they could even begin to use the road. Some of the costs involved would be the removal and replacement of fencing, indicating that is would be the County's responsibility to do that. The County would then have to assume the responsibility of maintaining both sides. He also indicated that farmers and land owners originally furnished the property, and also that those users other than vehicles need to be considered. Mr. Johansen indicated that the road presently is sufficient if only minor improvements are made on it.

Mack Bunderson of Orangeville, Utah, has misgivings that improving the road will make it a speed boulevard. He feels that the road is adequate if the potholes are patched. He opposes improving it to a point where high rates of speed by vehicles can be achieved.

Claude Scovill, Orangeville, Utah, agrees with those who have already spoken in favor of upgrading the road.

Mrs. Scovill spoke in favor of upgrading the road, filling the chuck holes and that it would be adequate.

Clark Van Buren, Orangeville, Utah, commented that the road needs to be resurfaced and left the way it is.

Wes Curtis indicated also at this time that some of the improvements needed on the road was a better bridge or more culverts.

After no further comments, the public hearing was called closed at 8:00 p.m. by Commission Chairman, Rue P. Ware.

(4)
JAMES STAKER, PLANNING AND ZONING

The following individuals came before the Commission although not officially on the agenda and were recognized by Commission Chairman, Rue P. Ware to express their concerns with the planning and zoning ordinance.

Dale V. Petersen, Elmo, Utah	Sally Staker, Elmo, Utah
Penny Arno, Elmo, Utah	Shelly Staker, Elmo, Utah
Clifford Arno, Elmo, Utah	Clarence Willson, Elmo, Utah
Allen Staker, Huntington, Utah	William J. Coyne, Elmo, Utah
Jim Behling, Ferron, Utah	Ralph C. Lemon, Ferron, Utah
Sandy Behling, Ferron, Utah	Arlene C. Lemon, Ferron, Utah
James M. Staker, Elmo, Utah	Mervin Duncan, Ferron, Utah
Bill Coyne, Elmo, Utah	Mike Brady, Elmo, Utah

James D. Staker of Elmo, Utah told the Commission that he did not agree with the planning and zoning laws, and he felt that he was not getting feedback from the planning and zoning committee. He feels the 10 acre requirement is not fair, that it many times requires some of their better farm ground to go to waste and some marginal ground could be used for that purpose. He inquired as to why cisterns were not allowed in the County when adjacent city properties have the use of cisterns. He further feels that the mobile homes size of 800 square feet or more many times places a large financial burden on young people who don't have the money. It is the desire of many parents to have their families located on properties close to them with as little expense as possible. He would also like to see warning signs for machinery and livestock on the road adjacent to his property in Elmo because the increased traffic there is becoming a hazard. Mr. Staker also questioned the release of Mr. Dan Wells of Cleveland and Ross Huntington of Castle Dale from the Zoning Commission. County Attorney, Scott Johansen stated that the

terms of both members had expired and that the County Commission had made proper appointments.

Dale Peterson of Elmo, Utah expressed his opposition to the 10 acre requirement, also to the requirements for water and irrigation water indicating that we are driving away the young people and which in turn is not building up the County tax base. He feels that County residents are discriminated against in the use of cisterns.

Bill Coyne of Elmo, Utah does not feel the 10 acre requirement is right. Mike Brady of Elmo, Utah, indicated that he shares the concerns of the

others in that he felt that 10 acres was unfair and many times the result in 9 1/2 acres of weeds. He expressed concern as to whether the building inspector was qualified to perform inspections and questioned his competency as building inspector.

Ralph Lemon of Ferron, Utah indicated that the prime farm land ought to be maintained as farm land and use marginal ground for building homes on. He indicated that one of his family members had owned a piece of ground and located a trailer on that property but they were red tagged because the trailer was not large enough. The zoning laws, he felt, give no consideration to young people. Some pieces of ground are too small to farm and should be allowed to be built upon.

63

Page 5
Commission Minutes
July 21, 1983

Iris Willson, of Elmo indicated that she could not afford to operate a 10 acre farm. Sandy Behling of Ferron objects to the 10 acres.

Mike Brady requested that if the County continued to enforce the 10 acre requirement that the County check to see where there is no minimum footage on rental property why there is on residential.

Shelly Staker of Elmo, Utah, felt that the 10 acre requirement was unfair. Miss Staker objected to some of the requirements of the planning and zoning administrator such as the requirement of the 350 ft. frontage on their piece of property and they presently have 315 ft. She expressed concern about the bus turn around at the end of their road and the extra gravel hauled and the length of road that they have had to improve.

Sally Staker indicated that many long term residents live in the County and need better consideration.

After all persons having had an opportunity to express their concerns over the planning and zoning ordinance and those issues relating to them, Commission Chairman, Rue P. Ware indicated that he would follow up by asking questions and advised those present that it was the County's policy to provide the most goods to the most people. He explained that the planning and zoning ordinance is for the purpose of regulating growth and preventing problems. He also stated that services provided in the County are much

more expensive than those provided within the city limits. He indicated that the rules and ordinances of the Planning and Zoning Commission are approved and discussed by the Planning and Zoning Committee and that any public input should be made at those meetings. The County Commission simply ratify the ordinances and resolutions.

(5)

SHERIFF'S DEPARTMENT SOFTBALL TOURNAMENT

Emery County Sheriff, Lamar Guymon, asked the Commission's approval for his officers to participate in a softball tournament using monies that have been previously approved for participation in the police olympics which they were unable to attend due to an emergency search and rescue of a drowning in the San Rafael River. approval was granted for the officers participation in the tournament.

(6)

PERSONNEL DIRECTOR, LAVON DAY

Emery County Personnel Director, Lavon Day, came to the Commission for clarification on the permanent, part-time employees and the benefits they are to receive. Commission Chairman, Rue P. Ware, recommended that this item be held until Commissioner Wilson can be in attendance.

Also presented was the new proposed accident report form. It was the recommendation of Commission Chairman, Rue P. Ware that the form include the question of who administered first aid. This item is also to be revised and brought back to the Commission.

Personnel Director, Lavon Day, presented for Commission approval a job description for the position of bailiff to be effective August 1, 1983. Upon recommendation of Sheriff Lamar Guymon, Mr. Robert Kurtz was appointed to the position of bailiff. This done upon motion by Commissioner Clyde Conover, seconded by Commission Chairman, Rue P. Ware and approved by all members present.

Mr. Day presented to the Commission, for their information, the following classification changes in the road department:

- (a) Kay Jensen, from backhoe operator to loader operator at crusher,
- (b) Dallin Staples, from road repair foreman to mobile serviceman,

- (c) Richard Jones, from loader operator at crusher to truck driver,
- (d) Lavon Oviatt, from crusher operator to truck driver,
- (e) Tom Humphrey, from shop foreman to crusher foreman,

(7)
UTAH ASSOCIATION OF COUNTIES, COUNTY VISIT

Emery County Commission approved September 14, 1983 at 4:00 p.m. as the time for the representatives from the Utah Association of Counties to make their annual visit. This is scheduled for one and one-half hours and is for County officials. The Clerk's Office was directed to confirm this date.

(8)
GREEN RIVER CLINIC

Commissioner Clyde Conover indicated to the Commission that he received a bill for \$11,875.00 for operation of the Green River clinic for April and June. It was indicated that Grand County would pick up 1/2 of this amount. He informed the Commission that the budgeted monies have been used up and that Gary Williams and a delegation from Green River is in Colorado today to see about additional funding. All action on this bill was postponed until Commissioner Conover has had a chance to meet with Gary Williams and the Green River delegation.

(9)
COMPUTER EQUIPMENT

County Attorney, Scott Johansen, presented to the Commission a contract between Emery County and Progressive Management Systems for the new computer equipment approved in the previous Commission meeting of July 6, 1983. Since this matter has been officially approved in that meeting, Commission Chairman, Rue P. Ware signed the contract.

HELD IN THE EMERY COUNTY COURTHOUSE
August 3, 1983

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and County Clerk, Bruce Funk.

The meeting was called to order at 10:08 a.m. by Commission Chairman Rue P. Ware.

Invocation was offered by Commission Chairman Rue P. Ware.

Commission Chairman Rue P. Ware recognized the presence of the Emery County Progress Editor Larry Davis.

A review of the Agenda was made.

(1)
COMMISSION MINUTES

Minutes of July 6, 1983 were read and amended. Motion to approve as amended was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

Minutes of July 14, 1983 were read and approved by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

Minutes of July 21, 1983 were read and amended. Motion to approve as amended was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

AUDITORS BUSINESS

Emery County Auditor, Karen Truman, presented to the Board of Emery County Commissioners Warrant Edit List numbered 832010 through and including number 832135 for payment. Motion to approve warrants for payment (excluding warrant number 832070 which will be reduced by one half of the amount requested as agreed to by Johansen and Tuttle Engineering and Commissioner Clyde Conover), was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

Presented also were requisitions numbered 41, 42 & 43 for approval. Motion to approve was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(3)

HUNTINGTON LITTLE LEAGUE

Presented to the Commission was a requisition in behalf of the Huntington Little League requesting \$500.00 to cover expenses of the Huntington Little League who have advanced into Little League World Series at Logan, Utah. The request was made by Sam Wardle. After discussion, motion was made by Commissioner Bevan Wilson that this request not be approved and that such requests be budgeted for at budget time. The motion was seconded by Commissioner Clyde Conover and approved by all members present.

(4)

P.I.L.T.

Emery County Auditor, Karen Truman, advised the Commission that she had received word by letter of August 1, 1983 from the Utah Association of Counties that Emery County would receive the Payments in Lieu of Taxes (P.I.L.T.) monies for the year 1983.

(5)

RECESS

Commission Chairman Rue P. Ware called for an informal recess at 11:10 a.m. after which the meeting reconvened at 11:20 a.m.

(6)

MILLER CREEK AREA

The following citizens were in attendance to discuss the Miller Creek area of Emery County: Paula Butcher, Joyce Marsing, Glen Pilling, and Don Anderson, all from the Miller Creek area of Emery County. Don Anderson advised the Commission that they still had financing available to complete the water project in the Miller Creek area. Mr. Anderson inquired as to what the problem was and why there was no water and under what circumstances could these residents of Emery County receive water. County Attorney, Scott Johansen assured those present that it was not the County's intention to deny them water, but that it was to assure the county of no growth in that area. Mr. Johansen indicated that the final recommendations would be forthcoming to the Commission. Final recommendations are presently being reviewed by County Staff which includes the Planning and Zoning Commission, the Road Department and the Engineer. Those individuals will then give their recommendations to the Commission. This recommendation is expected to come to the Commission at their first meeting in September. Commission Chairman Rue P. Ware emphasized that the Commission's position has not changed now for over a year and that it was the intent of the county to provide water to the 13 hookups provided no growth would follow, and that the issue of fire protection has only come up in the recent months. no action was taken.

(7)

LITTLE VALLEY ROAD

Mr. Emil Luke, of Orangeville and Mr. Owen Price of Orangeville came before the Commission and asked that Little Valley Road be accepted as a County road and that it be completely overhauled. Commissioner Bevan Wilson advised them that the road is presently on the county road system, and that maintenance has not been provided because the gate has been locked and no trespassing signs posted. Mr. Luke indicated the gate had been previously locked in order to retain stock, and they were given permission to lock the gate by the previous Commissioners Gardell Snow and Kent Stilson and since that time the no trespassing signs have been removed. Mr. Price and Mr. Luke agreed to remove the lock from the gate and also agreed to remove the gate from the right-of-way if

requested by the County and the County will maintain the road. Mr. Price expressed the irrigation water problem along the right-of-way was a civil matter to be dealt with without county assistance. Motion was made by Commissioner Bevan Wilson that himself and Emery County Road Supervisor, Ron Barney, together with Mr. Luke and Mr. Price evaluate the road, and that the road be maintained on a regular basis. This motion was seconded by Commissioner Clyde Conover and approved by all members present.

(8)

PERSONNEL BUSINESS

Emery County Personnel Director, Lavon Day, requested on behalf of the Clerk's Office that Gaylene Bennett be approved to work in their office on August 12, so that current staff may attend scheduled meetings in Salt Lake. Motion to approve was made by Commissioner Clyde Conover, seconded by Bevan Wilson and approved by all members present.

Emery County Treasurer, Elaine Wilson, requested seasonal help for her office. This item was referred to Commissioner Bevan Wilson to take under advisement and give recommendations. No action was taken.

There is a need for temporary employees to work in the Clerk's Office to verify microfilmed records. It is anticipated that it would require two people full time for three weeks or a total of 120 hours each. It was the Commissioners recommendation that Mr. Day bring this item up at the end of the recreational season to consider employees.

Personnel Director, Lavon Day indicated that there was a shortage of Personnel Policies available to each office and requested permission to make more copies available. Motion was made by Commissioner Clyde Conover that a minimum of two copies be available to each office, seconded by Commissioner Bevan Wilson and approved by all members present.

Mr. Day advised the Commission that Steve Shaw and John Kroker of the Sheriff's Department will terminate their employment with Emery County later this month and asked for the Commissions approval to fill these two positions. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover to fill these positions, with approval by all members present.

Mr. Day presented for Commission approval the job description for bailiff, branch librarian, and an accident form to be used by Emery County with modifications suggested by the Commissioners. Mr. Day also informed the Commission that Robert Kurtz is being transferred from jailer to bailiff, Lamar Black and Dick Duncan have been hired by the Sheriff's Department and Ginger Humphrey has been hired as the Huntington Library Librarian. All these personnel actions were approved by the Commission.

Mr. Day proposed that the library maintenance position be contracted rather than individually hired as a county employee. Motion was made Commissioner Clyde Conover that Mr. Day work with the county attorney's office to develop a maintenance and custodial contract similar to the courthouse custodian contract. (Under this contract the individual will maintain the six libraries in western Emery County on a contractual basis.) The motion was seconded by Commissioner Bevan Wilson and was approved by all members present.

The Commission then addressed the recommendation for reclassification which had been delayed for further study by the Commission. The following requests for reclassification were then reconsidered by the Commission. Mr. Day reviewed the previous recommendations and the justification to reclassify Julie Anderson, Karen Bean, and Carol Jones. After extensive discussion a motion was made by Commissioner Bevan K. Wilson, seconded by Commissioner Clyde E. Conover and approved by all members present that Julie Anderson and Karen Bean be reclassified to Chief Court Clerks, Grade 7 Step 5 and that Carol Jones be reclassified to Grade 7 Step 5. Mr. Day pointed out that the position of deputy clerk will still remain as part of the personnel policy should requirements of the court system or responsibilities in the Clerk's Office change.

The Commission then considered the appointment of the Career Service Council as provided by Section 1D of the Emery County Personnel Manual. After extensive discussion of several names the following people were approved to be contacted by the Commissioners to determine their availability and willingness to serve on this council. Commission Chairman Rue P. Ware made the motion to approve the names and that he will contact Richard Bronson, Commissioner Clyde Conover will contact Rex Bunderson, and Commissioner Bevan Wilson will contact Utahna Wilson. If each of these people accepts the official appointment, announcement will be made at the next commission meeting. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(9)

CO-OP ROAD AGREEMENT

Mr. Owens of the Co-op Mine presented to the Commission an Agreement between Emery County and the Co-op Mine in regards to the Co-op Mine Road. Mr. Owens advised the Commission that the Agreement was acceptable. County Attorney Scott Johansen requested that Mr. Owens submit a partnership agreement, which he agreed to forward to the County. Mr. Owens indicated that upon receipt of the signed contract at

his attorneys office, current litigations that are on file would be dismissed. Motion to accept the Agreement between Emery County

70

and the Co-op Mine was made by Commissioner Bevan Wilson, seconded by Clyde Conover and approved by all members present.

(10)

VIRGINIA SORENSEN

Commission Chairman Rue P. Ware moved that in the future Commissioner Bevan Wilson will respond to the letters to the Commission by Virginia Sorensen. The motion was seconded by Commissioner Clyde Conover and approved by all members present.

(11)

NATOMAS COAL-COTTONWOOD CANYON ROAD

No one was present from Natomas Coal. Mr. Craig Johansen of Johansen and Tuttle Engineering informed the Commission that they have had a number of meetings working out the technical criteria for Cottonwood Canyon road. Natomas Coal is now in compliance with most of the requirements of the Forest Service, BLM and the County Engineer, and they are ready to start construction on the road. Natomas Coal is not yet in full agreement with the Cattlemens Association as to the road width. County Attorney, Scott Johansen, acting as legal counsel for the Cattlemens Association is in the process of meeting with Natomas Coal to work out that agreement. It was the consensus of the Commission that only after an agreement is reached with the Cattlemens Association that the Commission proceed on the Agreement. It was also the recommendation of Mr. Craig Johansen that immediate action be taken to file with the BLM an application to realign the Cottonwood Road to be constructed by Natomas Coal. Commissioner Bevan Wilson made the motion that Mr. Craig Johansen prepare the application, and upon review and approval of the County Attorney's Office that Commission Chairman Rue P. Ware sign the same. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(12)

RECESS

Informal recess was called by Commission Chairman Rue P. Ware at 1:31 p.m. The meeting reconvened at 1:36 p.m.

(13)

REX FILLMORE SUBDIVISION

Those persons present to discuss possible road improvements at the Rex Fillmore subdivision at Joes Valley Reservoir were James Carter of Mt. Pleasant, Utah; Glen Jones of Huntington, Utah; and Rex Fillmore of Huntington, Utah; Glen Jones addressed the Commission indicating that a year ago he had asked the Commission to add 3/4 of a mile of a road in that subdivision into the County Road System. He indicated that he had received a letter indicating that the County could not do it at that time. It was this groups proposal that the County assume the responsibility of maintaining the roads in the subdivision. Mr. Fillmore presented the original subdivision plat plan showing the roads. It was noted and called to the attention of those present that the signed plat specified that all roads would be maintained by the owners in the subdivision.

71

Page.Six

Commissioners Minutes

August 3, 1983

After considerable discussion, Commission Chairman Rue P. Ware indicated that the County was not in a position to maintain the subdivision roads or add them to the County Road System. County Attorney Scott Johansen stated that the County would not receive state monies for the additional roads added at this time to the County Road System. Maintaining additional roads would jeopardize maintenance on other roads presently on the road system. Requests as such should come at the time for reclassification of County Roads. The Commission denied the request and requested that County Clerk search the records to see if any portion of the roads had been added to the County road system and advise Commissioner Wilson.

(14)

JIM STAKER SUBDIVISION

Those present to discuss this item were Bill Coyne of Elmo, James M. Staker of Elmo, and Sally Staker of Elmo. James M. Staker again meet before the Board of Emery County Commissioners in request that they give final approval to the Jim Staker subdivision plot plans. Commissioner Bevan Wilson indicated that no approval could be given until the section of road across BLM property is brought into compliance with County Ordinances. Mr. Staker indicated that he could not afford to make these improvements on that road and felt that he had done all that had been asked of him and requested that the County assume the responsibility of improving that piece of road. Mr. Staker indicated that he would deed a right-of-way and in his discussion with the adjacent property owner Dale Peterson, that he would also provide a right-of-way through his property in order to connect the two county roads. Commissioner Bevan Wilson

indicated that the County was in no condition to stand the costs at the present time for the full improvements. Mr. Staker indicated that if the County would not assume the costs of this road that he would request the property previously deeded to the County be returned to him. He was asked by the Commission to make that request in writing. No further action was taken on this matter.

(15)

AIRPORT WATER LINE

Commissioner Bevan Wilson presented to the Commission copies of the Agreement between Emery County and Lester Minchey of Minchey Digging of Cleveland, Utah for repair of the water line at the Huntington Airport. Minchey Digging will replace 3,200 feet of two inch water line. Motion to approve the contract was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present. (Minchey Digging was one of three (3) bids received by Commissioner Wilson prior to Commission meeting.)

(16)

MEETING ADJOURNMENT

Motion to adjourn the meeting was made at 3:19 p.m. was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

72

MINUTES OF THE REGULAR MEETING OF
THE EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE
September 8, 1983

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Clerk, Bruce Funk.

The meeting was called to order at 10:07 a.m. by Commission Chairman Rue P. Ware.

Commission Chairman Rue P. Ware recognized the presence of Emery County Progress Editor, Larry Davis. Also recognized Commissioner Conover after his accident and stay in the hospital.

Invocation was offered by Commissioner Clyde Conover.

A review of the agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of August 3, 1983 were reviewed and corrected, motion was made by Commissioner Clyde Conover that the minutes be corrected and brought back to the Commission meeting on September 22, 1983 for approval. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

AUDITORS BUSINESS

Emery County Auditor, Karen Truman, presented to the Board of Commissioners Warrant Edit List #823394 through and including #832476 for payment. Motion to approve for payment was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present. Presented also were requisitions numbered 53, 54, 56, & 57. Motion to approve these requisitions and hold requisition #55 for further study was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

LARRY HEATON - SOUTHEASTERN UTAH SOCIAL SERVICES

Mr. Larry Heaton of the Southeastern Utah Social Services introduced to the Commission Miss Kim Marie Strong and Miss Paula Jones both of Castle Dale who then reported on their participation in the school on alcohol and drug abuse at the University of Utah. Both participants indicated that they benefited greatly from their participation in this schooling. They recommended the continued participation of youth in such programs and felt that with their training now that they could recognize alcohol and drug related cases and be able to render some peer counseling. Mr. Heaton asked the Commission to again consider supporting the program next year and emphasized adults and youth both benefit from participation in the school.

MEETING ADJOURNED

Meeting was adjourned at 11:30 a.m. by motion of Commission Chairman Rue P. Ware, seconded by Commissioner Bevan Wilson, and approved by all members present. The meeting reconvened and was called to order by Commission Chairman Rue P. Ware at 1:05 p.m.

(5)

REGISTRATION AGENT

County Clerk, Bruce Funk, informed the Commission of the vacancy in the registration agent in the Ferron South Precinct #2 left by Kathy Petersen of Ferron, Utah who is unable to serve for the municipal election this year. Two names that were submitted for consideration were: Irma Box and Delma Leslie both of Ferron. Motion was made by Commissioner Clyde Conover to approve Irma Box, motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(6)

PERSONNEL ACTION

(a) Library Maintenance Contract

Mr. Lavon Day, Personnel Director, presented to the Commission the tentative maintenance agreement for maintenance on County Libraries. Motion was made by Commissioner Bevan Wilson that Deputy County Attorney, John Schindler prepare the final draft and upon approval of the County Attorney's Office Commission Chairman Rue P. Ware is to sign the same in behalf of Emery County. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(b) State Retirement

Mr. Lavon Day presented to the Commission the Agreement between Utah State Retirement System and Emery County which would allow county employees to voluntarily participate in the State of Utah Voluntary Deferred Compensation Plan. The Agreement had been reviewed by the County Attorneys office. It was noted that all contributions when requested would be by payroll deduction. Motion to approve was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(c) Employment Openings

Mr. Day indicated to the Board of commissioners that there is an opening for a truck driver in the road department because of flood damage and other needed repairs to bridges it is necessary to hire a carpenter and a laborer. Expected employment of the carpenter and laborer positions would be four to six months. Mr. Day requested that the laborer position would be filled by transferring a present employee who has been working under temporary summer employment. Motion to have the personnel director proceed with the advertisement and hiring for these positions was made by Commissioner Bevan Wilson, seconded by Clyde Conover and approved by all members present.

(d) Sheriff's Department Reclassification

Mr. Day presented to the Commission a request on behalf of the Sheriff's Department to reclassify one employee from Secretary to that of Legal Secretary. The Commissioners asked Mr. Day to hold this request for further review and study and bring back at a later date.

(e) Treasurers Request

Mr. Day requested a change of Janet Petersen in the Treasurers Office from the position of Office Specialist to Chief Deputy Treasurer. It was the consensus of the Commission that this be held for further review. Mr. Day in behalf of Emery County Treasurer, Elaine Wilson, requested that Gaylene Bennett be changed from part time status to full time status during the months of October, November and December due to the increased workload as the result of the tax notices. On January 1, 1984 Mrs. Bennetts employment status would revert back to permanent part time. Motion to approve Gaylene Bennett as full time during those three months was made by Commissioner Bevan Wilson, seconded by Clyde Conover and approved by all members present.

(f) Auditors Office

Mr. Day also received tentative approval from the Commission to proceed with the use of Gaylene Bennett in the auditors office on the days of September 26 and 27, 1983 to assist on those days during the Board of Equalization meetings.

(g) Committee Positions

Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson that Mr. Lavon Day, Emery County Personnel Director, continue to serve on the Board of Health Systems Agencies and also the Board of the College of Eastern Utah Institutional Counsel appointments being made by Utah Governor Matheson. Motion was approved by all members present.

(7)

EMERY COUNTY NURSING HOME

Mr. Ray Killpack, Marianne Pugmire and Mr. L. T. Leonard representing the Emery County Nursing home came before the Emery County Commission regarding the financial status of the Nursing Home. Mr. Killpack indicated that he was unable to borrow further money from the bank without authorization from the Commission. The Nursing Home at present has increased their rates and have done everything possible as requested by the Commission previously and find that they still need about \$15,000 to continue to operate. Motion was made by Commissioner Clyde Conover and seconded

by Commissioner Bevan Wilson and approved by all members present that the Commission authorize the signing of a \$15,000 loan to the Emery County Nursing Home. This action to be taken only upon approval by the County Attorneys Office as to its legality.

(8)
GREEN RIVER AIRPORT ROAD

Mayor Blaine Silliman of Green River Utah came before the Commission and discussed his letter sent previously dated September 6, 1983 and inquired as to whether the Commission had any questions in regards to that letter. Mr. Silliman indicated that to his knowledge Emery County had set \$75,000 aside to improve their road to the airport and that Green River they would receive an additional \$75,000 from a grant from the Federal Aviation Administration which would apply only to a new road. \$25,000.00 is available from Utah Department of Transportation with a possible \$7,500.00 from Green River City. It was therefore Mr. Sillimans recommendation that the County proceed with the development of a new road but of even more importance would be to get a road to the airport by spring in order to prevent loss of grant monies already applied to the airport.

Olive Anderson, Green River City Councilwoman, also addressed the Commission in regards to the same and indicated her opposition as well as the opposition of two other council members to a new road being built and recommended that the old road be brought up to all weather standards. The concern was that the county, on a new road, would assume no responsibility and that responsibility of maintaining the road would be that of Green River City of which she opposed, indicating that the difference in length of the new road compared to old road is one half mile wherein much of the concern is the economic influences on the businesses of Green River if a new route was to be made. At this time Mrs. Anderson introduced the following businessmen who expressed support of maintaining the old road: Vail Hatt, Earl Gardner, Kelly Bayles, Rey Lloyd Hatt, LuJuan Hatt, Gerald Sorenson, others in attendance were Dan Harrison, Gerald J. Miller and Shuanee Harrison all of Green River. Mrs. Anderson continued in that of the 36 businesses polled in Green River 33 were in support of maintaining the old road to the airport. Mr. Vail Hatt again responded in behalf of the businessman and indicated that nearly every businessmen he'd contacted was in agreement with maintaining the old road indicating that much of Green Rivers economy depends on the tourist trade. Mayor Blaine Silliman again responded in that if Emery County would commit the \$75,000 to improving the old road and if Emery County would proceed immediately with engineering and surveying and make very effort to get the road improved by spring that

he would lend his support in improving the old road. It was the consensus of those present from Green River to now proceed to upgrade the present road to an all weather road. Motion was made by Commissioner Bevan Wilson committing the county to spend \$75,000 in county funds previously budgeted, and provide not more than 200 feet of culvert to be used on the project. The county would now proceed immediately with the engineering on the road and make every effort to have the road completed by late spring. The road is to be of standard grade with gravel surface. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(9)
EMERY COUNTY ROAD DEPARTMENT

Commissioner Bevan Wilson outlined to the Board of Commissioners the funding required to improve bridges and roads damaged by floods. Mr. Wilson indicated that much of the flood damage has been taken care of and it was his request that the County Road Department be reimbursed for those costs now that Emery County has been declared a federal disaster area under the agency of (FEMA) Federal Emergency Management Act. FEMA has now surveyed the damages and Emery County has turned in a request for help from the government and it appears that Emery County will be receiving approximately \$93,665.00. Emery County has also levied two mills for flood disaster controls in 1983. Because the FEMA project have a deadline for completion work has already begun and is partially completed. Craig Johansen of Johansen & Tuttle Engineering went over the cost figures for each project approved by FEMA. Motion was made by Commissioner Bevan Wilson and seconded by Commission Chairman Rue P. Ware that Johansen & Tuttle Engineering proceed with the Engineering and that a public hearing be set for September 22, 1983 at 8:30 p.m. for opening the budget and place the fund control monies in the general budget where they can be transferred to cover expenses already incurred by the Road Department.

(9)
ROAD DEPARTMENT AND SHOP COMPLEX PROPERTY

Commission Chairman Rue P. Ware stated that he had received word from the B.L.M. that they would grant 80 acres of property to Emery County for construction of the road department and shop complex on property north of the Emery County High School.

(10)
LEE BUNDERSON INSURANCE AGENCY

Mr. Lee Bunderson of Bunderson Insurance Agency came before the Board of Emery County Commissioners advising them that the insurance policy on the detention center and its contents expires September 13, 1983, and that this policy was previously carried by Melrose Luke Insurance Agency. Mr. Bunderson is now purchasing Luke Insurance Agency and would like the opportunity to renew insurance on the Detention Center. The Board of Emery County Commissioners felt that the insurance coverage was sufficient and motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson and approved by all members present that Mr. Bunderson proceed with renewing said insurance policy after review with Mr. Lavon Day, Emery County Personnel Director, who handles the insurance for Emery County.

(11)

CASTLE DALE RECREATION COMPLEX

Mr. Stuart Jensen Castle Dale City Council member came before the Commission to inquire as to whether monies had been budgeted for a recreation complex for Castle Dale City and requested that a baseball complex be located at the Castle

77

Commissioners Minutes

September 8, 1983

Dale rodeo grounds. Commission Chairman Rue P. Ware advised Mr. Jensen that no monies had been budgeted for such complex and recommended that the cities of Castle Dale and Orangeville work together and provide a complex between the two cities. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover that Commission Chairman Rue P. Ware study this matter further and work with the two cities to see if such a complex could come about.

(12)

DISPOSAL OF COAL IN COUNTY LAND FILL

Commissioner Bevan Wilson advised the Commission of the request from Randy Harden of the Division of Oil, Gas & Mining in Salt Lake City to dispose of coal refuse in the County Land Fill. Motion was made by Commissioner Bevan Wilson to advise Mr. Harden of the costs of preparing and maintaining the pit and the cost per ton to use the pit. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present. (Commissioners Letter of 9-7-83.

MINUTES OF A SPECIAL MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE
September 14, 1983

Those present at the meeting were Commissioners Rue P. Ware, and Bevan Wilson; Deputy County Attorney, John E. Schindler; and County Clerk, Bruce C. Funk.

The meeting was called to order at 12:37 p.m. by Commission Chairman, Rue P. Ware.

Commission Chairman, Rue P. Ware, recognized the absence of Commissioner Clyde Conover who is away on other business. Also recognized and welcomed were Mr. Joe Fielder and Mr. Jim Schlenvogt of Trail Mountain Coal Company, Craig Johansen of Johansen and Tuttle Engineering, and Ron Barney, Emery County Road Supervisor.

(1)

TRAIL MOUNTAIN COAL-COTTONWOOD CANYON ROAD

Commissioner Bevan K. Wilson informed the Commission that since the August 3, 1983 Commission Meeting that Trail Mountain Coal has reached an agreement with the Cottonwood Cattlemen's Association to which both parties have signed.

Plans and specifications for the construction and improvement of the road have been reviewed and approved by Johansen and Tuttle Engineers, the BLM office, the Forest Service, Trail Mountain Coal, and by the County Attorney's Office.

Deputy County Attorney, John Schindler reviewed the agreement with the Commission pointing out changes made since preliminary review copies were issued. Commission Chairman, Rue P. Ware inquired of Mr. Joe Fielder and Mr. Jim Schlenvogt if they fully understood each section and were in agreement with all parts of the final proposed agreement. They replied that they were in agreement.

Motion was made by Commissioner Bevan Wilson that the agreement be accepted in behalf of Emery County and that County Engineer, Craig Johansen proceed immediately to secure the permits from the Forest Service. Motion was seconded by Commission

Chairman, Rue P. Ware and approved by all members present. The agreement was signed by Commission Chairman, Rue P. Ware for Emery County and by Joe Fielder for Trail Mountain Coal.

(2)
CLEVELAND-ELMO ROAD PROJECT

Commissioner Bevan Wilson informed the Commission that Don Birmingham of U.D.O.T. has informed the Emery County Road Department as to the results of the bid opening of September 13, 1983 at Salt Lake City for paving a portion of the Cleveland-Elmo road. The apparent low bid was from Staker Paving Construction Company of Salt Lake City of \$232,680.00. Because the bid was \$50,055 over the State Engineer's estimate, Emery County will be required to pay the State an additional \$5,000.00 as their 10% share of the bid, this in addition to the \$17,433 that Emery County previously paid. Should the Staker bid be accepted, payment of the \$5,000 would not be required this year.

Commissioner Bevan Wilson discussed the advantages in proceeding and accepting the bid rather than re-bidding in the spring. The County Road crew has the road prepared and to postpone would require reworking the road in the spring to bring it up to standard to receive asphalt. It was Commissioner Bevan Wilson's recommendation that the bid be accepted so that the work could be completed this year.

Motion was made by Commission Chairman, Rue P. Ware that Emery County accept the bid of Staker Paving Construction Company for resurfacing the Cleveland Elmo Road and that the \$5,000 be budgeted for at budget time and held until requested by the Department of Transportation, and that Commissioner Bevan Wilson prepare the letter to U.D.O.T. accepting the bid. The motion was seconded by Commissioner Bevan Wilson, and approved by all members present.

Commissioners Minutes

September 22, 1983

Personnel Director, Lavon Day bring back to the Commission their recommendation after determining what additional assistance would be needed in the Clerk's Office and prepare a job description to that effect. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(4)

ROAD IMPROVEMENT REQUEST

Commissioner Bevan Wilson asked Commission Chairman Rue P. Ware and Commissioner Clyde Conover if they knew of any roads that needed improvement, if so, they are to advise Commissioner Wilson so that they may budgeted for in their budget request in the 1984 Road Department Budget.

(5)

EMERGENCY MANAGEMENT

Commission Chairman Rue P. Ware received a letter from Lorayne Tempest, Director of Utah Office of Emergency Management in which she expressed appreciation to Don Almond, Director of the Emery County Emergency Management Office. Members of the County Commissioner expressed in open meeting their appreciation of the efforts of Mr. Almond in behalf of the residents of Emery County. Appreciation was also expressed to Ron Barney of the Highway Department and Johansen & Tuttle

Engineering, for the efficient and careful way in which they handled the flooding problems.

(7)
FERRON CATTLEMENS ASSOCIATION

The Ferron Cattlemen's Association requested by letter that the Board of Emery County Commissioners include in their 1984 budget sufficient monies to place a new cattle guard at Ferron Canyon. The Board of Emery County Commissioners acknowledges receipt of their letter.

The following people came before the Commission in regards to the Miller Creek area. Jim Fenton of Zions First National Bank, Mr. & Mrs. Leon Pilling, Jenine Cotner, Garn Anderson, Dan S. Hunter, Mona Marsing, John Marsing, Boyd Marsing, and C. D. Butcher.

Mr. Jim Fenton advised the Commission that the people in the Miller Creek area would agree to a 4" water line and the new proposed annexation map, description of which was forwarded to Emery County Attorney, Scott Johansen. Residents of the area agreed to only 13 hook-ups and that Emery County has a say in anything developed later. (Discussion was then broken off in order to hold the scheduled public hearing the following comments and action were after the Hearing Item #9.)

Executive Session for the Commission only was called for at 8:55 p.m. by Commission Chairman Rue P. Ware with the approval of all members present.

129

Page Three
Commissioners Minutes
September 2, 1983

Meeting reconvened at 9:18 p.m.

Motion was made by Commissioner Clyde Conover to approve the latest proposal on the annexation of the Miller Creek area into the Miller Creek Water System, provided the following is complied with:

1. West and east water lines each be limited to a four-inch diameter.

2. Miller Creek reimburse Emery County for costs incurred in examination of Miller Creeks proposals.

3. Correct legal descriptions on west side with boundaries on the east side to be properly described and agreed upon.

4. That the number of connections be limited to thirteen (13).

5. No water connection shall be provided or transferred outside the agreed upon district boundaries.

6. Approval of the Board of Emery County Commissioners is required before terms of the agreement are amended.

7. That the language in paragraph 4 therein to read prohibit development.

8. Miller Creek District agrees to pay for all costs incurred in enforcing the agreement.

9. The District will be required to obtain a franchise to serve the water connections inside Emery County.

10. That since the 30-day limit has expired that County Attorney Scott Johansen together with Mr. Fenton provide a new proposal in which each and all of the above conditions are in full compliance and bring back to the Board of Emery County Commissioners. Motion was seconded by Commissioner Bevan Wilson. The motion was passed by the majority of the Commission.

(9)
PUBLIC HEARING - Resolution 9-22-83

Commission Chairman Rue P. Ware opened the meeting to the scheduled public hearing at 8:30 p.m. for the purpose of adding the flood control budget to the general budget. The following people were present for the hearing: Mark Humprey, Orangeville, Howard Tuttle of Johansen and Tuttle Engineering and Ron Barney, Emery County Highway Department. No public consent was expressed nor was anyone present to contest. County Attorney, Scott Johansen presented to the Commission Resolution 9-22-83 to effect the transfer of \$703,604 to the General Fund. This would then facilitate the transfer of \$65,439.71 to the Highway Fund to reimburse said fund for combat operations which occurred May through September 1983. Commissioner Bevan Wilson indicated that at present

Commissioners Minutes
September 22, 1983

FEMA, (Federal Emergency Management Act) has forwarded a total of \$55,000 to Emery County and applications are ready to submit for state funds which are expected to be \$22,300. Motion was made by Commissioner Bevan Wilson to adopt Resolution 9-22-83 to transfer said monies to the General Fund as proposed, motion was seconded by Commissioner Clyde Conover and approved by all members present.

(10)
RECORDER'S BUSINESS

County Recorder, Ina Lee Magnuson came before the Commission to inquire as to whether she should budget monies to cover re-platting of County maps to correspond to the new surveying being done in the County. It was the Commission's recommendation that she budget without the costs of re-platting and that the County Attorney, County Engineer and County Recorder meet together and come back to the Commission with a recommendation at the October 20, 1983 Commission meeting.

(11)
SKYLINE OIL COMPANY

County Attorney Scott Johansen reviewed an agreement from Skyline Oil Company with the Commission which allows them to build a road to their oil wells in Emery County and allows for crossing of the railroad. It was the recommendation of County Attorney, Scott Johansen that the wording be amended in that Skyline assumes the responsibility for any repair and liability with the railroad as well as other areas of concern in the agreement. Motion was made by Commissioner Clyde Conover that County Attorney Scott Johansen proceed with amending the contract and upon approval of his office that Commission Chairman Rue P. Ware be authorized to sign the same and report back to the Commission. County Attorney Scott Johansen's office will advise the Commission if road encroachment permits are needed. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)
OIL LEASE OF EMERY COUNTY PROPERTY

County Attorney, Scott Johansen advised the Commission as to the agreement he is working on to lease oil rights on the Fillmore property in Lawrence to which Emery County holds the underground mineral rights. Rights are on 40 acres and expected revenue to the County is \$2,100.00 plus certain other interests. Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson that attorney's office rewrite the lease and authorize Commission Chairman Rue P. Ware to sign the same in behalf of the Board of Commissioners. The motion was approved by all members present.

B.L.M. SAM ROWLEY

Sam Rowley and Lorrell Hughes of the BLM office advised the Board of Emery County Commissioners that the BLM was studying 8 parcels of BLM property in Emery County for possible sale to the public. Maps were given to the Commission indicating the parcels under study. Five parcels are located near Lawrence and three more near Castle Dale. The parcels still have to have an environmental impact study made before final consideration. Methods of sale were discussed. Mr. Rowley indicated that in the near future, his office would request a formal comment from the Commission.

Mr. Rowley advised the Commission of the request of the parks and recreation department to expand the boundaries of the Goblin Valley State Park. Expansion would be to the north. This had been discussed with the previous Commission.

Commissioner Bevan Wilson asked Mr. Rowley if any gravel permits were available in the Huntington area. Mr. Rowley will check and advise the Commission if any are available.

SHERIFF PISTOL RANGE-LANDFILL

Commissioner Bevan Wilson presented to the Commission maps showing the new proposed location of the Sheriff's Department pistol range. Sheriff, Lamar Guymon, indicated they are presently using a site located near Clawson town. At the proposed

range, facilities could be permanently installed and the area is semi-secure. The property is owned by the County. The property description is follows:

Beginning at a point which is S88 53'49"W., 302.0 feet from the Northeast corner of the Northwest 1/4 of Section 16, T.18 S., R.8 E., SLB&M; thence S01 06'11"E, 211.00 feet; thence S32 22'32"E., 211.00 feet; thence S88 53'49"W, 70.19 feet; thence N32 22'32"W., 174.73 feet; thence S88 53'49"W., 448.63 feet; thence N01 11"W., 242.00 feet; thence N88 53'49"E., 500.00 feet to point of beginning.

Containing 3.03 Acres M.L.

Basis of bearing: S88 53'49"., between the North 1/4 corner and the Northwest corner of Section 16, T.18 S., R.8 E., SLB&M.

Commissioner Bevan Wilson made the motion to approve the sight as the new location for the Sheriffs pistol range, and that Emery County adopt the map as the official plat and master plan for the land fill (including the range) that the road department level and provide an access to the described pistol range property. The motion was seconded by Commission Chairman Rue P. Ware, and approved by all members present. Discussion also took place in regards to the land fill in which Highway Supervisor Ron Barney outlined drawings of pits and recommended that the Commission consider the use of outside contractors to excavate. It was the Commissions recommendation that a cost comparison be made using county equipment and employees vs. a private contractor.

(5)
SHERIFF DEPARTMENT

Emery County Sheriff, Lamar Guymon, advised the Commission of the need to repair the trailer used for hauling the snow cat and equipment to make repairs at the T.V. translator.

Emery County Sheriff, LaMar Guymon, advised the Commission of the need to remove the buried propane tank located adjacent to the Sheriffs building which by its location is in violation of the law. Also the tank is not the underground type. It was requested that the tank be placed on a cement pad, convert the refrigerator to electric - propane, install a propane stove and add two propane lights. expected cost, \$4,000.00 total.

Also discussed was the need to repair six (6) Sheriff Department vehicles to good condition. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson that since monies were budgeted for to cover these costs, the Commission give approval for the repair of the trailer, removal of the propane tank and requested changes and approve the necessary repairs on the Sheriffs vehicles. The motion was approved by all members present.

(6)
SAM KLEMM

Mr. Sam Klemm, of Moab, Utah came before the Commission and advised that he is the regional representative of Senator Garn and Congressman Nielsen. He would like to make monthly visits to the County to listen to the concerns of the local residents. Aquatrain was briefly discussed.

(7)
SCOTT TRUMAN

Mr. Scott Truman of Ferron outlined to the Commission his recommendations for a proposed recreation site at Millsite Reservoir at Ferron and/or Golf Complex at Hunter Power Plant. Mr. Truman has researched the project and associated costs and indicated his purpose at Commission meeting at this time was to keep the Commission aware and informed of the project.

(8)
RESOLUTION 10-5-83-Cullum Property

Resolution 10-5-83 was presented to the Commission to correct the property description belonging to Martin H. Cullum and Bernice Cullum as requested by the Emery County Recorder. PUBLIC HEARING - Resolution #10-20-83

Commission Chairman Rue P. Ware opened the meeting to the scheduled public hearing at 8:00 p.m. for the purpose of amending the Zoning Ordinance relating to gravel pits and associated activities. Those persons present were Mark Humphrey of Orangeville, Utah, Planning and Zoning Administrator, Don Almond, and Emery County Zoning Consultant Rodney Despain. No public consent was expressed, nor was anyone present to contest. Zoning Administrator Don Almond advised the Commission that copies of the resolution had been posted and also published in the Emery County Progress. Also given to the Commission was minutes of the August 25, 1983 meeting of the Emery County Planning Commission recommending the passing of this resolution. Mr. Almond advised the Commission that the purpose of the Resolution was to allow temporary permits for the following:

1. Temporary Construction Camps when they are a part of a major construction project.
2. Earth product borrow pits and asphalt batch plants when they are a part of an approved major construction project.
3. Exploratory well and seismographic sites.
4. Material storage and structural assemblies whereas a part of a major construction project.

County Attorney, Scott Johansen indicated that the resolution provides for batch plants to be located on a temporary basis and that the Emery County Board of Commissioners must review and approve all requests. The County Attorneys office has reviewed the document and is in agreement with it. Motion was made by Commission Chairman Rue P. Ware to approve Resolution 10-20-83, the motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)
MARK HUMPHREY

Mr. Mark Humphrey of Orangeville, Utah came before the Commission and indicated that the roads down Buckhorn Wash and the Moore cut-off to the Interstate were in poor condition even though county road crews had attempted to improve these

roads. Mr. Humphrey indicated that he felt that dips should have remained in the roads in order to drain the road surface water, they have presently been filled in with light material, and upon subsequent rains have become very muddy. Mr. Humphrey also indicated that the cattle guard at the Interstate turn-off was very muddy and could result in a number of vehicles becoming stuck there. Mr. Humphrey indicated that he felt that Emery County should not look to outside contractors in constructing land fill pits as discussed in the previous Commission meeting of 10-5-83. Commissioner Bevan Wilson outlined to Mr. Humphrey the associated costs just involved in repairing county equipment and that no firm decision had been made in regards to the land fill.

86

Page Three
Commissioners Minutes
October 20, 1983

Commissioner Bevan Wilson also advised that he would review the conditions of those roads in question, and make any recommendations to the County Highway Department.

(5)
PERSONNEL ACTION

a. Treasurers Office, Janet Petersen Emery County Personnel Director, Lavon Day in reviewing the records discovered that the classification of Janet Petersen in the Treasurers office had been changed in the month of January, 1983 and that the request of September 22, 1983 in Commission meeting recommending that Janet Petersen be reclassified was improper. Commissioner Bevan Wilson made the motion that Janet Petersen remain at her present classification as Chief Deputy Treasurer at a Grade 6 Step 3, and that the action taken by the Commission in their meeting of September 22, 1983 in regards to her be null and void. Motion was seconded by Commission Chairman Rue P. Ware, and approved by all members present.

b. Clerks Office, Part-time Position Lavon Day informed the Commission on the filling of the part-time position in the Clerk's office, that six individuals had been selected for interviews; two had declined the interview and four were tested and that it was the recommendation of his department and the Clerk's office that LeAnn Skipp be hired to fill that two day per week position. It was the motion of Commissioner Bevan Wilson to approve LeAnn Skipp for two days a week Tuesday and Thursday at the rate of \$3.65 per hour beginning immediately and ending on January 1, 1984. The motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

c. Officers and Directors Liability Personnel Director Lavon Day informed the Commission that the Officers and Directors Liability Policy is now due for renewal.

After extensive discussion it was the motion of Commissioner Bevan Wilson, seconded by Commissioner Chairman Rue P. Ware and approved by all members present that the policy be renewed with a \$2 million face amount and that the personnel director make certain it covers all county employees.

(6)
AIRPORT IMPROVEMENTS

Commissioner Bevan Wilson advised the Board of Emery County Commissioners that \$7,000.00 had been budgeted for the Airport improvements in the 1983 budget, and with the completion of the replacement of the water line by Minchey Digging that approximately \$2,800.00 remains in the budget. It was Commissioner Bevan Wilson's recommendation and motion to take that remaining money and install a new fuel tank and pump and make the necessary repairs on the fuel pipelines, as the present system has only one pump which is used in pumping three different products. Motion also included that costs for these improvements would not exceed the 1983 budget amount. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(7)
AQUATRRAIN

Commission Chairman Rue P. Ware reported to the Commission that he is following up on Aquatrtrain and that he met on October 19, 1983 with the Legislative Transportation Study Group and the Legislative Energy Committee. He also understood that Denver and Rio Grande Railroad is objecting to the project. Commissioner Ware indicated that he will continue to monitor the aquatrtrain project.

(8)
ROOM ASSIGNMENTS

Commission Chairman Rue P. Ware made the motion, after discussing with those present, the proposed relocation of the Road Department Office from room 104 to rooms 208 and 209 upstairs. The relocating of the Housing Authority from room 208 to room 219 and the R.S.V.P. Office from room 219 to room 104. That this move take place after proper computer terminal wiring is ready. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(9)

GOBLIN VALLEY STATE PARK EXPANSION

Commission Chairman Rue P. Ware indicated that he had met Monday at the Bureau of Land Management open house in Green River, Utah in reference to the proposed expansion of the Goblin Valley State Park. With the proposed expansion, the park would include 1,014.4 acres of B.L.M. property. It was also noted that no one was there to protest the expansion, and that it was the request of the B.L.M. office that the Board of Emery County Commission comment in regards to the proposed expansion. It was Commission Chairman Rue P. Ware recommendation that he write to the B.L.M. Office and indicate that the Emery County Commission has no opposition to the proposed expansion and request that the B.L.M. cooperate in providing more recreation within the county. Motion to that affect was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present.

(10)

CLEVELAND-ELMO ROAD CONSTRUCTION

Commissioner Bevan Wilson advised the Commission that the contractor has completed the paving project on the Cleveland-Elmo road, highway #2-09 and is now in the process of installing guard rails and that the people in the area were appreciative of the improved roads. The project was only awaiting finalization and signing off by the State Engineer.

(11)

MUNICIPAL LAW ENFORCEMENT

County Attorney, Scott Johansen advised the Commission that he is in the process of preparing contracts with cities within the County of Emery for law enforcement services, and that if it was the Commissions decision to proceed

with such contracts, that amounts needed to be set for each of the towns. In the past Emery, Cleveland and Elmo had been assessed \$500.00 a piece as this is all they received from State Liquor Enforcement and felt that it was all that they could afford. Whereas the other towns have been assessed a percentage of their assessed valuation. Most towns have budgeted the same amount as last year. Motion was made by Commissioner Bevan Wilson and seconded by Commission Chairman Rue P. Ware that law enforcement contracts with municipalities within the county remain at the same cost

as last year, and that efforts be made through the County Attorneys office to bring Ferron in on such an agreement also. Motion was approved by all members present.

(12)
STOCK SHOW COMMITTEE

Mr. Bob Gowans and Mr. William Delos of the stock show committee came before the Commission and indicated that they had not yet turned in their budget for the stock show and would do so on October 21, 1983. Commission Chairman Rue P. Ware advised Mr. Gowan and Mr. Delos that the budget request needed to be given to the auditors office and any consideration for improvements will be considered at the time of the budget review.

(13)
MEETING ADJOURNMENT

Motion to adjourn the meeting at 10:04 p.m. was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present.⁸⁹

MINUTES OF THE REGULAR MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

November 2, 1983

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 10:17 a.m.

Invocation was offered by County Attorney, Scott Johansen.

Commission Chairman Rue P. Ware recognized the presence of Emery County Progress Editor, Larry Davis.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The revised minutes of October 5, 1983 were approved as corrected by motion of Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

The minutes of October 20, 1983 were held for review for next commission meeting because of insufficient time for review.

(2)

AUDITORS BUSINESS

Emery County Auditor, Karen Truman, presented to the Board of Emery County Commissioners warrant edit list numbered 832912 through and including number 833026 for payment. Motion was made by Commissioner Bevan Wilson to approve these warrants for payment with the exception of warrant number 833010 which was a duplicate payment. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

The following requisition was presented and approved by motion of Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present:

SHERIFF'S BUSINESS

Emery County Sheriff, Lamar Guymon, requested the Emery County Board of Commissioners to spend \$600.00 from his budget for an instructor to come down to the Emery County Courthouse on December 15th and 16th to conduct a two day seminar in regards to "Management, Motivation and Supervision". Sheriff Guymon indicated also that the sessions would be available to those members of the Commission, as well as other elected officials and department heads if they so desired. Commission Chairman Rue P. Ware asked Sheriff Guymon to obtain more information.

(4)

MUNICIPAL LAW ENFORCEMENT CONTRACTS

County Attorney, Scott Johansen compared the law enforcement contracts between the Emery County Sheriff Department and the cities and towns within the county. These figures being based on current city and town evaluations. Mr. Johansen also prepared and submitted to the Commission charts indicating comparisons of costs if the law enforcement contracts were based on population rather than assessed valuation. Mr. Johansen indicated that either system was very comparable in determining the costs to the cities for law enforcement services. He also requested further instruction on how to proceed. It was the consensus of the Commission that County Attorney Scott Johansen work out the cost ratios based on 50% of the costs being based on the assessed valuation of the cities and 50% based on the population and to bring the information back to the Commission.

(5)

JAMES L. FARABEE V. EMERY COUNTY

County Attorney, Scott Johansen informed the Commission that James L. Farabee of Castle Dale, Utah had filed a complaint, Civil #4404, in the Seventh Judicial District Court against Emery County. The suit was filed in regards to an accident which occurred at the County Recreation Complex located north of Huntington in May of 1982, wherein Mr. Farabee was injured. His claim against the County is for \$1,856.03 medical expenses, \$3,800.00 for lost wages and an additional \$50,000.00 for general damages. Attorney Johansen advised the Commission of two possibilities; one being that of a nuisance settlement offer, which he recommend not exceed \$2,000.00, the other to fight the case in District Court. It was his determination that Emery County was not negligent in the accident, and therefore felt very confident in pursuing this action. Motion was made by Commissioner Clyde Conover to proceed with legal means through the Court, seconded by Commissioner Bevan Wilson and approved by all members present.

(6)

GREEN RIVER AIRPORT ROAD

County Attorney, Scott Johansen presented to the Board of Emery County Commissioners an Agreement for signature enabling Green River to receive \$25,000 from the Federal Aviation Administration to apply on construction of the proposed new road to the Green River Airport. The document was signed by Commission Chairman

Rue P. Ware with instructions to County Attorney, Scott Johansen to hold and review the document before forwarding to the other agencies.

(7)

SALES TAX REVENUES

County Attorney, Scott Johansen advised the Board of Commissioners that Emery County has possibly received sales tax belonging to other municipalities within the County. This error was made as a result of disbursements made to the County by the Utah State Tax Commission from businesses that are within the municipalities. Attorney Johansen indicated that Emery County would not be required to repay these monies, but that next year the State Tax Commission would deduct from County sales tax revenues those amounts due to the different municipalities, therefore Emery County's revenue for next year would be greatly diminished.

(8)

MEETING ADJOURNMENT

Motion was made to adjourn the meeting at 11:55 a.m. by Commission Chairman Rue P. Ware, seconded by Commissioner Bevan Wilson and approved by all members present.

(9)

MEETING RECONVENED

The meeting was again called to order by Commission Chairman Rue P. Ware at 1:12 p.m.

(10)

GREEN RIVER TELEVISION

Mr. Glen Baxter of Green River, Utah came before the Commission and indicated that reception on television channel KUED was very poor in the Green River area. This was a result of FCC rules in which the upper UHF signals were soon to be unavailable, therefore, Emery County through its translator on Horn Mountain had moved KUED from channel 80 to channel 60, and as a result the present equipment in the Green River translator is adversely affected. They indicated they could not use the channel in the schools because of poor reception. Emery County electronics technician, Keith Lake, expressed his opinion that it was possibly a two part problem. One being the signal of channel 9 equipment affecting adjacent channel 60 reception at the translator station in Green River; the second part of the problem being the

November 2, 1983

receiving antenna. Mr. Lake indicated that on November 1st they had moved the receiving antenna and reduced the interference by approximately 50%, he also indicated that further improvements might be possible by shielding equipment within the building and recommended that this be done before new equipment is purchased. If equipment would be required, it would be at a cost of approximately \$2,700.00 and this would be the new solid state modern equipment. Mrs. Shirley Kolob, Green River P.T.A. president, presented a petition from the residents of Green River to the Commission in support of upgrading the educational channels, particularly KUED, as it is an important educational process in the school system. Green River School principal, Tom Burr, also expressed his concern indicating that television is means of community entertainment and the children are shortchanged because of poor quality T.V. on the educational channels. Mr. Bob Giles of channel KUED was also present at the meeting and confirmed technical information already presented. Commission Chairman Rue P. Ware advised Emery County Electronics Technician, Keith Lake to coordinate changes in regards to the channels with Green River and to keep the Commission advised as to any action needing to be taken in order to improve reception in that area.

(11)

EMERY COUNTY NURSING HOME

Mr. Ray Killpack, Emery County Nursing Home Administrator, and Mr. Stan Huntington, Chairman of the Board, came before the Commission and presented financial status of the Nursing Home. Mr. Killpack indicated that it is estimated they would require nearly \$14,000.00 in financial assistance to keep the Nursing Home solvent through the remainder of the year. In the year 1983, patients averaged a total of 46 per day, indicating that with the opening of the rest home in Carbon County, that the number could decrease, which would also result in a substantial loss. After considerable discussion, Commissioner Clyde Conover was asked to work closely with Mr. Killpack with the understanding that the County would do what they could to see if any funds are available which could be transferred to the Nursing Home to keep them financially stable during the remainder of this year.

(12)

CASTLE COUNTRY TRAVEL COUNCIL

Commissioner Bevan Wilson advised the Board of Commissioners that the terms of office of the following members of the Castle Country Travel Council had expired. Dan Hunter, Huntington, Utah; Jorma Johnson, Huntington, Utah; Rex Phillips, Green River, Utah; A. C. Ekker, Green River, Utah; and Alice Schaap also of Green River, Utah. It was the recommendation and motion of Commissioner Bevan Wilson that Dan Hunter, Jorma Johnson and Rex Phillips remain on the council and that Gerald Sommers of Green River and Tracy Jeffs of Castle Dale, be appointed. A letter will be prepared for the signature of Commission Chairman Rue P. Ware notifying them of the appointment.

Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(13)
BUSINESS LICENSE - EMERY MINING

County Attorney, Scott Johansen informed the Commission of a need to meet with Emery Mining in regards to their requested refund on their business license. The Commission recommended that such a meeting be set for either the 8th, 9th or 16th of December, and that County Attorney, Scott Johansen come back to the Commission at the earliest possible date to confirm the date of the meeting.

(14)
MOTION TO ADJOURN

The motion to adjourn was made at 2:34 p.m. by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

MINUTES OF THE SPECIAL MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

December 1, 1983

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 5:20 p.m.

Invocation was offered by County Attorney, Scott Johansen. A review of the Agenda was made.

(1)

GREEN RIVER AIRPORT ROAD CONTRACT

Mr. Craig Johansen of Johansen and Tuttle Engineering presented to the Board of Commissioners the abstract of bids as a result of the bid opening held November 23, 1983 in which American Building Corporation (L.A. Young Construction Co.) was the successful bidder with a low bid of \$71,592.00 which was for the construction of the Green River Airport Road. It was Mr. Johansens recommendation that the Board of Commissioners accept the contract and authorize construction of the said road. Motion was made by Commissioner Bevan Wilson to accept the contract and authorize construction of the road upon the final review by Johansen and Tuttle, motion was seconded by Commissioner Clyde Conover and approved by all members present. Commissioner Bevan Wilson is to attend the pre-construction conference at the offices of Johansen and Tuttle.

(2)

FLOOD DAMAGE

Mr. Craig Johansen of Johansen and Tuttle Engineering advised the Board of Commissioners that his office has applied for 12 1/2 percent State of Utah grant money on behalf of the County in the expected anticipated amount of \$22,300.00. This grant would defer costs already incurred by the County as a result of flood damage. It was his recommendation that the Commission sign the documents so as to receive the money in the very near future. Motion was made by Commissioner Clyde Conover, seconded by

Commissioner Bevan Wilson and approved by all members present to approve the signing of the document for the 12 1/2 percent grant.

(3)

RECANALIZATION

Mr. Craig Johansen of Johansen and Tuttle Engineering presented to the Board of Commissioners an application for a State of Utah Grant to re-channel rivers and stream beds in the County to prevent future problems as well as to rework damaged channels as a result of 1983 spring flooding. The grant request is for \$304,000.00; it is a 50% participation by the Counties with a maximum

Page Two

Commissioners Minutes

expected cost to the county of \$152,000.000. Motion was made by Commissioner Bevan Wilson to file an application with the Utah Disaster Relief Program for the grant money. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(4)

SURVEYING SECTION CORNERS

Mr. Craig Johansen of Johansen and Tuttle Engineering presented his request to the Board of Commissioners that in the 1984 budget that \$45,000.00 be set aside to locate and re-establish section corners in the County. This rate will be at \$2,500.00 per section with the anticipated resurveying of 18 sections. Mr. Johansen advised that the work on the sections are now about 1/3 complete, for a total of 46 sections, with 100 sections remaining to be established. This item is to receive consideration during the budget sessions.

(5)

ROAD DEPARTMENT EQUIPMENT REQUISITIONS

1. Used D-8 Caterpillar Total cost not to exceed \$48,000.00 laid in and delivered. Motion to approve the purchase was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.
2. Low Boy Used low-boy from surplus property anticipated cost of \$150.00. Motion to approve the purchase was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

3. Dictation Equipment Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present, to approve the purchase of Sony Dictation and Transcription equipment for use in the Road Department.

4. Insulation of the Tire and Maintenance Shop By motion of Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover the insulation of the Tire and Maintenance Shop at a cost of \$7,608.63 was approved to be done by apparent low bidder, Hansen Insulation Inc. of Price, Utah. This work is to begin only after the electrical wiring in the building has been brought up to code. Motion was approved by all members present. (Other bids considered were from Skyline Construction.)

5. Green River Maintenance Yard Motion was made by Commissioner Bevan Wilson for the installation of two fuel tanks and two pumps and fencing. Also approved were associated electrical and other construction costs. The pumps and tanks and associated plumbing and electrical will be done by Vans Service of Cleveland, Utah. Fencing bid approved was from Bill Jensen. The cost for the fuel tanks and fencing would be at \$33,105.52. (Other fence bids considered were from S & S Garage and Service, Green River, Utah.) Motion was seconded by Clyde Conover, and approved by all members present.

(6)
FINANCE STATEMENT

County Attorney, Scott Johansen presented to the Board of Commissioners a Uniform Commercial Code UCC Finance Statement requiring signature by the Commission in order to change the trustee from Walker Bank to First Interstate Bank relative to UP&L Pollution Control Bonds. Motion to approve and sign the same was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(7)
OIL AND GAS LEASES

County Attorney, Scott Johansen advised the Commission that he has reviewed the oil and gas leases for County property within city limits with the expected revenue due to the county in the amount of \$1,133.00. Motion to approve and sign the lease agreement was

made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

MUNICIPAL LAW ENFORCEMENT CONTRACTS

County Attorney, Scott Johansen advised the board of Commissioners that he has reviewed the costs of each municipality within the county for law enforcement. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to authorize Commission Chairman Rue P. Ware to sign final contracts as they are prepared by the County Attorney's office. Motion was approved by all members present.

(9)

LESTER PRALL - A.O.G.

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve Lester Prall of the Association of Governments to serve as the environmental certification official on projects in Emery County. Motion was approved by all members present.

(10)

1984 TENTATIVE BUDGET

Emery County Auditor, Karen Truman, presented to the Commission the tentative budget for 1984 with a balanced budget of \$6,310,753.00. Commission Chairman Rue P. Ware expressed appreciation to the Auditors Office. Motion to approve the tentative budget was made by Commissioner Clyde Conover, seconded Commissioner Bevan Wilson and approved by all members present.

(3)
SOIL CONSERVATION DISTRICT

By letter to the Board of Commissioners the Soil Conservation District nominating committee requested the Commissions approval for the following nominees to serve on that board:

Rex Bunderson, Emery	Bill Guymon, Huntington
Billy Wiliams, Moore	Roger Barton, Ferron
James Nelsen, Castle Dale	Clark Christensen, Lawrence
Jed Behling, Ferron	Ira Hatch, Huntington

Motion to approve these individuals was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(4)
PERSONNEL ACTION

Personnel Director, Lavon Day, presented the following personnel items to the Commission:

a. Excess Vacation Days (earned prior to January 1, 1983) After considerable discussion, motion was made by Commissioner Bevan Wilson that those employees with excess vacation days must use at least 1/3 of those days each year for the next three years, forfeiting any unused vacation days that year. This will maintain the integrity of the adopted personal policy and that Personnel Director, Lavon Day will prepare a notice to that affect for the Commissions approval prior to notifying those departments affected. The motion was seconded by Commissioner Clyde Conover and approved by all members present.

b. UAC Unemployment Insurance Program

Mr. Day inquired of the Commission if Emery County wanted to participate in the Utah Association of Counties Unemployment Insurance Program at an annual cost of \$700.00 with the payment due before January 1, 1984. Motion to approve was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(5)

U.S. FOREST SERVICE

John Niebergall and Steve Robinson of the U.S. Forest Service came before the Commission to update the Commission in regards to drilling and associated activities within the forest boundaries of Emery County. Commission Chairman Rue P. Ware reminded Mr. Niebergall to contact the Assessors Office of equipment that is moved into the County. The proposed drilling and connecting of gas lines to existing lines has been under study and has not received any adverse public comment or concern. Commission Chairman Rue P. Ware inquired as to road closure during construction. The Forest Service will post notices at both ends of roads closed for construction and closure is anticipated not to exceed three days with weekends open to traffic flow.

100

(6)

B.L.M. ROAD SHED DEVELOPMENT

Sam Rowley and Laurell Hughes came before the Commission in regards to the land acquisition requested by Emery County from B.L.M. to be used for the construction

of a highway department building. County Attorney Scott Johansen expressed concern on the Equal Opportunity Restrictions noted on the Agreement, indicating Emery County does not have a copy of these restrictions. Also discussed was the mineral and surface rights and how land is appraised after development for purchase. The matter will be taken under advisement.

(7)
KENT PALMER CONSTRUCTION - Libraries

Deputy County Attorney, John Schindler reported that he is working to resolve the problem with a sub-contractor on the libraries and Kent Palmer Construction, Emery County and the Bonding Company. Tentative agreement has been reached so far as Emery County and Kent Palmer Construction in that Emery County has offered \$9,093.00 of construction money previously held from Palmer. The only question remaining is as to interest earned on that money. Emery County has absorbed the legal costs through efforts of the Emery County Attorneys Office, offsetting any interest due from Emery County. Mr. Schindler was asked to send notice to Palmer Construction that the offer from Emery County of \$9,093.00 was still in effect.

(8)
MUNICIPAL LAW ENFORCEMENT CONTRACTS - Resolution 12-7-83A

County Attorney, Scott Johansen presented Resolution 12-7-83A to the Commission allowing for the signing of Law Enforcement Contract with municipalities in Emery County and Emery County Sheriff's Dept. The two municipalities not effected are Clawson and Green River. Motion to approve Resolution 12-7-83A and signing of contracts was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present. See Attachment A.

(9)
SHARP SNOW

Mr. Sharp Snow came before the Commission and requested the Emery County Commission write a letter to the Sanpete County Commission to see if they would improve state road 29 to Joes Valley. 13.2 miles of road is in Sanpete County and .5 miles is in Emery County. Commission Chairman Rue P. Ware suggested that Mr. Snow himself meet with the Sanpete Commission. Motion was made by Commissioner Clyde Conover that Commission Chairman Rue P. Ware write a letter to the Sanpete Commission to see if improvements can be made on the road. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

December 7, 1983

(10)

MEETING ADJOURNMENT

Motion to adjourn the meeting for lunch was made at 12:42 p.m. by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(11)

MEETING RECONVENED

Meeting was again called to order at 2:13 p.m. for the 1984 Budget Public Hearing by Commission Chairman Rue P. Ware.

(12)

PUBLIC HEARING - 1984 BUDGET

Those Department Heads and public in attendance to the Public Hearing were: Tim Simmons, Juvenile Court; Dave Thompson, Recreation; Wes Curtis, Housing Authority; Don Almond, Planning & Zoning; Darrell Leamaster, Special Service District; Lamar Guymon, Sheriff's Dept.; Carolyn Randall, R.S.V.P.; Jarilyn Mathis, Library; and Madge Guymon, Library.

Those wishing to respond were Jim Petersen of Ferron; Leslie Danzen of Ferron; Gloria Jensen of Ferron; and James H. Whear of 4 Corners Mental Health.

James H. Whear of 4 Corners Mental Health addressed the Commission indicating appreciation of Emery Counties support of the program. He indicated Federal participation is decreasing each year requiring more local participation.

Jim Petersen representing Ferron EMT's requested that the Commission replace the present ambulance in Ferron as it is unreliable, ten years old with over 100,000 miles on it. It is used also for transfer of elderly patients and serve as a back-up to accidents on I-70

Gloria Jensen of Ferron EMT's requested also consideration be given for a replacement ambulance indicating the ambulance has broken down several times during runs causing panic with the elderly. It does not have dual fuel tanks. Patients become nauseated because of the rough ride.

Leslie Danzer of Ferron EMT's confirmed what already had been said and she also indicated that the interior seemed to be falling apart.

Commission Chairman Rue P. Ware inquired as to whether others in attendance had any additional comments. No one desired to comment, therefore, Commission Chairman Rue P. Ware made a motion to close the public hearing at 2:25 p.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.102

MINUTES OF THE REGULAR MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

December 14, 1983

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 8:20 a.m.

Invocation was given by Bruce C. Funk.

A review of the Agenda was made.

(1)
1984 BUDGET ADOPTED RESOLUTION 12-14-83

Emery County Auditor, Karen Truman, presented to the Board of Emery County Commissioners Resolution 12-14-83 adopting the 1984 Revenue and Expenditure Budgets for Emery County as follows:

Emery County General Fund	\$6,485,789.00
Debt Service	295,800.00
Library	283,050.00
Capitol Expenditure Fund (Road)	156,673.41
Capitol Expenditure Fund (Courthouse)	178,282.48

Capitol Expenditure Fund (Library)	53,062.41
Transit Room Tax	10,000.00
Castle Valley Special Service District	9,251,232.00

Motion to adopt the 1984 Revenue and Expenditure Budgets and Resolution 12-1483 was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present. The Commission again expressed appreciation to Emery County Auditor, Karen Truman, for her outstanding work in preparing the balanced budget.

(2)
JOE JENSEN

Joe Jensen, Mayor of Clawson Town, expressed his concerns with the County Road through Clawson being too narrow and culverts needing extending. The road needs attention. The area from the pavement to the fence (County Right of Way) has become a maintenance problem for the town. Commissioner Bevan Wilson advised Mr. Jensen that in the 1984 budget monies had been cut out for most projects and that the county still is planning on having the one day clean-up and that Clawson town should decide what project they want completed whether hauling gravel or grader work. Commissioner Clyde Conover called to Mr. Jensen attention that on clean up day no county equipment or materials could be used on private property.106

Page Two
Commissioners Minutes
December 14, 1983

Mr. Jensen inquired as to whether Emery County was going to furnish a completed linen (drawing) of Clawson as it was incorporated. County Attorney, Scott Johansen indicated that a linen was done and recorded showing the boundaries of Clawson Town, and that a linen with additional details showing streets and zoning would have to be done by Clawson Town.

(3)
SHERIFF DEPARTMENT BUSINESS

a. Ferron Ambulance Motion was made by Commissioner Bevan Wilson to allow the transfer of \$17,971.00 out of 1983 Sheriff Ambulance Budget to apply as the first year lease payment for an ambulance for Ferron. The next payment is due in January or February of 1985. Commission Chairman Rue P. Ware is to sign the agreement. The Motion was seconded by Commissioner Clyde Conover and approved by all members present.

b. Pistol Range Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover that Emery County Commission approve a requisition for concrete for Bowman Ready Mix and construction material from Magnuson Lumber for use in the construction of the pistol range. Costs are expected not to exceed \$3,500.00 and to be taken from the Sheriff's 1983 Budget. Motion was approved by all members present.

(4)
INDUSTRIAL DEVELOPMENT

Mary Bently of the Emery County Chamber of Commerce indicated to the Commission that the Chamber of Commerce together with Southeastern Utah Association of Governments and 4-Corners Association was in support of the May 4th visit of Industrial Development Research Commission. The purpose of the May 4th visit is to promote industrial development in Emery County. Efforts will be made to show that Emery County can provide for growth, land, water and utilities which are the prime consideration in locating or relocating new industries. A detailed agenda will be prepared. Mrs. Bently indicated that most cities have donated \$100.00 to help cover the cost of the visit. She indicated that a change needs to be made in Emery Countys image of high tax level, poor transportation and high wage scale.

Commissioner Clyde Conover noted that the Commission should support development in Emery County rather than let development out of the County. Commission Chairman Rue P. Ware asked that the Chamber of Commerce keep the Commission informed. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present to donate \$100.00 to the project and visit.

(5)
MEETING RECESS

Motion to recess the meeting for 30 minutes was made by Commission Chairman Rue P. Ware at 9:25 a.m., seconded by Commissioner Bevan Wilson and approved by all members present.107

(11)
USE OF COURTHOUSE BY EMPLOYEES

Commissioner Bevan Wilson brought to the attention of the Commission a request from Courthouse employees wishing to use a portion of the building for physical recreation after working hours. After considerable discussion, the Commission agreed not to give permission for such use as the Commission would be obligated to open the building to other groups.

(12)
ROOM CHANGE

Commissioner Bevan Wilson made a motion that Don Almond who has an office both in the Courthouse and Sheriffs office be permanently assigned at the Sheriff's Office and that Personnel Director, Lavon Day be relocated in Don Almonds Courthouse Office Room 110 and that Commission Chairman Rue P. Ware be moved to the office presently occupied by Lavon Day. The motion was seconded by Commissioner Clyde Conover and approved by all members present.

(13)
MEETING CANCELLATION

Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover and approved by all members present that the December 22, 1983 Commission Meeting scheduled be cancelled because of bond signing in New York and lack of agenda items.

(14)
MEETING ADJOURNMENT

Motion to adjourn the meeting at 11:10 a.m. was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(2)

PERSONNEL ACTION - Permanent Part-time Employee Benefits

Emery County Personnel Director, Lavon Day, presented requests to the Commission clarifying benefits to Emery County permanent part time employees as referred to in the Personnel Manual on page 8 section I. After discussion by the Commission, Commissioner Clyde Conover made the motion that employees who work 32 hours or

more per week receive full medical, dental and life insurance benefits and receive pro-rated vacation and sick days. And that employees who work 20 through 31 hours per week receive pro-rated medical, dental and life insurance with the opportunity to pay the premium difference also receiving prorated vacation and sick leave days. This policy is to take effect January 1, 1984. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. Also discussed were Travel Rules and Regulations. No decision was reached, and was tabled for further study.

(3)
MILLSITE RESERVOIR WATER LINE

Ferron City Councilman Scott Truman came before the Commission and requested permission to excavate along side the county road in order to install a water line from the existing culinary water facilities below the Millsite Reservoir to the boat ramp. It was expected that the line would not cross the county road. Commissioner Bevan Wilson informed Mr. Truman that Emery County had an Encroachment Ordinance and permits are available for a fee and inquired whether it was his desire that Emery County waive the fees and associated bonds, if so, that a filing fee would still be required. Mr. Truman indicated that they were short of funds and therefore would request that those costs be waived. Commission Chairman Rue P. Ware requested that Mr. Truman work closely with Commissioner Bevan Wilson in preparing the permits. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover that Emery County waive the encroachment permit fee as well as the bond and would only require that the filing fee be paid. That Mr. Truman proceed with the Road Department in filling out the application. The motion was approved by all members present.

(4)
FERRON CITY LAW ENFORCEMENT CONTRACT

Mr. Scott Truman, Ferron City Council member indicated to the Emery County Commissioners that he would arrange a meeting with them and the Ferron City Council in Ferron on January 10, 1984 at 8:00 o'clock p.m. to discuss the proposed municipal law enforcement contract with Ferron City. The Commission agreed to the date and time.

(5)
RATIFY U.P.& L. CONTRACT - Green River Road Shop

Commissioner Bevan Wilson made a motion that the Board of Commissioner ratify the Electric Service Agreement between Emery County and Utah Power and Light for services on the maintenance shop at Green River. The contract is for threephase 240 volt power for a period of ten years and payment to U.P.& L. of \$6,825.00. The agreement was entered into on the 16th of December, 1983. The motion to second was made by Commissioner Clyde Conover and approved by all members present.

(6)

PLATEAU MINING COMPANY DONATIONS

Plateau Mining Company donated to Emery County \$10,000.00 for use in Emery County. It was Plateau Mining's recommendation that \$5,000.00 be spent on Emery County Beautification by making improvements at the Little Bear Campground; and that the remaining \$5,000.00 be spent through the Sheriff's Department to purchase additional Heart Monitoring Equipment and other life saving items.

Page Three

Commissioners Minutes

January 4, 1984

The Board of Emery County Commissioners expressed their appreciation to Plateau Mining for these donations.

(7)

SCHEDULING OF THE LITTLE BEAR CAMPGROUND FACILITIES

Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson, that the scheduling of the Little Bear Campground in Huntington Canyon would be done through the Clerk's Office rather than the Extension Service as has been done in the past. The motion was approved by all members present.

(8)

PROGRESSIVE MANAGEMENT SYSTEMS ADDENDUM

County Attorney, Scott Johansen presented an addendum to the existing agreement for data processing support services between the Emery County Commission and Progressive Management Services. This agreement increases the cost from \$950.00 per month to \$1,050.00 per month for Soft Ware and services as provided by Progressive Management Services. Motion to accept the addendum and extend the contract for one additional year was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(9)

CLAWSON TOWN PLAT

County Attorney Scott Johansen presented to the Commission the Clawson Town Plat for signature by the Commission. This plat was agreed to be furnished by Emery County at the time Clawson became incorporated and indicates the designated roads. The Commissioners signed the same.

(10)

GLEN P. BOTT

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present, that we as a Commission of Emery County would like it to be known by all who shall read these minutes of this County Commission Meeting that we do pause and reflect upon the services rendered to Emery County by Glen P. Bott. He having served the people of this county as County Clerk for 24 years, from November of 1958 until December 31, 1982, and having rendered a service of great value and devotion being recognized by this body, we therefore convey to the family of Glen Bott our sympathy and condolence and recognize that the death of Glen Bott on December 31, 1983 has saddened us all.

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to adjourn the meeting at 10:58 a.m., motion was approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

January 19, 1984

Those present at the meeting were Commissioners Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

Absent due to illness was Commission Chairman Rue P. Ware.

The meeting was called to order by Acting Commissioner Chairman, Clyde Conover at 7:04 p.m.

Invocation was given by Bruce C. Funk.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Acting Commission Chairman Clyde Conover requested that minutes of December 14, 1983 and the minutes of January 4, 1984 be held until the next Commission Meeting for review by the entire Commission.

(2)

GLEN BAXTER - GREEN RIVER AIRPORT

Mr. Glen Baxter of Green River was inquired as to the actual cost involved in completing the road to the Green River Airport. It was his understanding that total cost would be less than those originally projected, and if so, it was his request that any surplus money be used in making improvements on the airport facility itself. Expected improvement costs was \$15,000.00. Commissioner Bevan Wilson advised Mr. Baxter that at the on sight meeting it was decided that any surplus money would be used to gravel a proportional amount of the road. Costs yet to be added in was the possible replacement of a cattle guard, an additional culvert, engineering costs and excess yardage, and at this time he did not foresee any surplus. Mr. Howard Tuttle of Johansen and Tuttle Engineering confirmed that initial plans had been modified in order to keep the costs within the expected budget area and therefore reduced the amount of gravel on the road in order to stay within the budget, and therefore it was his recommendation also that any surplus monies be applied to additional gravel on top of the road. Commissioner Bevan Wilson indicated that he would keep Mr. Baxters request in mind after the final cost figures are in and the final inspection has been completed.

Mr. Baxter also informed the Commission of an anticipated serious flood problem on the Green River. It was noted that the river is eroding the banks and changing the channel. Commissioner Bevan Wilson encouraged Mr. Baxter and Green River City Council to pursue efforts with the B.L.M. to get an early release of water from the Flaming Gorge Reservoir to reduce the damage. Damage to the river bank was on the Grand County side.

(3)
COUNTY SECTION CORNER SURVEY

Mr. Howard Tuttle of Johansen and Tuttle Engineering presented to the Commission 37 section plats and 7 title sheets for their review. The purpose for these plats are to re-establish section corners through the retracement of the 1880 surveys by relocating the original section corners with steel brass caps. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover that action be tabled on this matter and that County Attorney Scott Johansen prepare a resolution outlining the description of the sections involved and have it prepared by next Commission meeting wherein formal adoption can take place. Motion was approved by all members present.

(4)
PERSONNEL ACTION

a. Reclassification Personnel Director, Lavon Day, informed the Commission that Mitch Vetere and Martin Wilson had completed the academy training and are certified from the police academy. It was indicated that the resulting change would be a move to Grade 11 Step 2 and that monies had been budgeted for. It was discussed as to whether this was in compliance with the personnel freeze as adopted in the Commission Minutes of December 7, 1983. Commissioner Wilson indicated that during the budgeting process it was discussed. Upon completion of the Police Academy by police officers that the reclassification to Patrol Deputy II was automatic and that this change was in compliance with the wage freeze as well as the personnel manual. Motion to move these two officers to Grade 11 Step 2 was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present. Effective date is January 1, 1984.

b. Dispatcher Position Personnel Director, Lavon Day recommended approval of Mark Tuttle to fill the position of dispatcher with the Sheriff's Department on January 17, 1984 after the Sheriff had selected him from an approved roster. Commissioner Bevan Wilson made the motion to accept Mark Tuttle as a Sheriff's Department Dispatcher with the effective date of January 17, 1984 at a Grade 9 Step 5 on the Salary Schedule. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

c. Sheriff Secretary Mr. Lavon Day advised the Commission that Vickie Esparza of the Sheriff's Department has given her notice in terminating her employment at the Emery County Sheriff's Department. Mr. Day advised the Commission that they are in the process of advertising for the position and will go through a selection process, and will bring back to the Commission a recommendation for their consideration. The position will be on a Grade 5.

d. Type Stand Personnel Director Lavon Day requested a type stand in the amount of \$189.00 for his office indicating it had been previously budgeted for. Motion to approve the request was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

Page Three
Commissioners Minutes
January 19, 1984

e. Call Forwarding Personnel Director Lavon Day requested Commission approval to install a call forwarding system to allow him when he is out of the office to have his calls transferred to Pat Snowball. Mr. Day indicated there are many days in which he is out of the office while working with the Road and the Sheriff's Department personnel. He has contacted Mrs. Snowball and she is willing to take the calls. The cost is approximately \$2.00 per month with a \$10.00 installation fee. Commissioner Bevan Wilson made a motion to accept the request for the call forwarding in the Personnel Directors Office, motion was seconded by Commissioner Clyde Conover and approved by all members present.

(5)
HIGHWAY DEPARTMENT

Commissioner Bevan Wilson presented to the Commission a request from Ronald Barney, Superintendent of the Highway Department to trade a Emery County owned Model 983 Crawler Loader serial #38K1157 with an estimated value of \$12,000.00 to John Nielsen Construction Company for a 5000 gallon Oshkosh water truck with an appraised value of \$12,000.00. Commissioner Bevan Wilson made a motion to accept and approve the exchange since both were appraised at an approximate equal value, motion was seconded by Commissioner Clyde Conover and approved by all members present.

(6)
OIL LEASES

Emery County Attorney, Scott Johansen presented to the Commission an Oil and Gas Lease Agreement for 5 acres of County Road Near Lawrence for a lease payment of \$250.00. Mr. Johansen also found that Emery County owned approximately 80 acres north of the present land fill which Emery County had received on a tax sale; the same oil and gas lease party was interested in leasing this property at an amount of \$4,320.00. Mr. Johansen indicated that he had written the same conditions and stipulations as in past agreements. Motion to approve the oil and gas leases was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson approved by all members present. The document was signed by Chairman Pro-tem Commissioner

Clyde Conover. Also attached were two 15-day drafts totaling payment to the County of \$4,590.00. The motion was approved by all members present.

(7)

JUDGES LECTURN

Emery County Clerk, Bruce Funk advised the Commission of the request of Judge Boyd Bunnell that a lecturn be provided for use in the Courts. It was decided by the Commission that if the Clerk's office finds some funds in various budget areas that they would approve the signing of a requisition for a lecturn. The approximate cost would be \$200.00.

MEETING ADJOURNMENT

Motion to adjourn the meeting at 10:05 p.m. was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

February 1, 1984

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 10:08 a.m.

Invocation was offered by Commission Chairman Rue P. Ware.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

a. Minutes of December 14, 1983 were reviewed and corrected. Motion to approve as corrected was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

b. Minutes of January 4, 1984 were reviewed and corrected. Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson that the minutes be brought back to the next Commission meeting for final review and acceptance.

c. The minutes of January 19, 1984 were reviewed and correct. Motion to approve as corrected was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented the warrant edit list numbered 840001 through and including #840151 for payment. Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson that the warrants be approved for payment, with the exception of a claim to Johansen and Tuttle for \$9,494.00 to be held for further review. Motion was approved by all members present.

(3)

RIVER CHANNEL APPLICATIONS

Commissioner Bevan Wilson informed the Commission that he had received an application from the U.S. Army Corps of Engineers which would give them permission to do river channel work at the Lawrence Bridge. The application needed to be reviewed, signed and returned. It was Commissioner Bevan Wilson's recommendation that the document be signed as soon as possible after review by

the Johansen and Tuttle Engineering and the County Attorneys office. Motion was made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware that Commissioner Bevan Wilson review the document and obtain engineering approval as well as approval from the County Attorneys office and sign the same. Motion was approved by all members present.

(4)

SAN JUAN COUNTY TELEVISION

Mr. Cal Black, San Juan County Commissioner and Mr. Jim Allred San Juan County Television and Communication Engineer met with the Emery County Commission together with Emery Countys Communication Engineer, Keith Lake in regards to Emery County and San Juan County Television. Emery County and San Juan County have jointly participated with the receiving and transmitting of the television signals on horn mountain. The concern was the need to vacate the upper UHF channels presently being used and select other channels. Mr. Allred indicated that the channels are given out by application by the FCC on a first come first serve basis and that it has been their determination that the frequencies 52, 54 and 56 which are available at the present time are clear channels and need to be applied for immediately. Mr. Keith Lake indicated that changing over to the new equipment would save maintenance money. Mr. Cal Black indicated that he preferred a cooperative agreement in the receiving antenna and the transmitters and that it be given a high priority. Also discussed was the possibility of San Juan County proceeding with the construction of the receiving antenna structure with the option that Emery County at a future time purchased space on the structure. Commission Chairman Rue P. Ware indicated that insufficient monies have been budgeted for such a project in this years budget, it was his recommendation that Mr. Jim Allred of San Juan County and Keith Lake of Emery County get together and come back with a proposal outlining the exact cost and the time frame and that such information be prepared in document form and be forwarded to both the San Juan County Commission as well as the Emery County Commission for further consideration.

(5)

CASTLE COUNTRY TRAVEL COUNCIL

Ann Mithcell together with Mr. Dan Hunter of the Castle Country Travel Council came before the Commission and gave them a financial report for the period beginning January 1, 1983 and ending December 31, 1983. Mrs. Mitchell indicated that the revenues are from the transient room tax as collected within Carbon and Emery County which the bureau serves. Expenditures and audits are handled through the Carbon County Clerk's Office under the direction of Norm Prichard. Participation and funding has been on the percentages of 68% Carbon County and Emery County participating at 32%. Mrs. Mitchell indicated that their new brochures this fall will include the Lake Thistle Slide which has received national recognition. Also discussed was the types of adds they are taking this next year and the agencies with which they will subscribe with. It was her recommendation that the Emery County Commission also request that the tax commission provide a list of those hotels participating and to verify that the money is being received back to Emery County. It was

Commission Chairman Rue P. Ware recommendation to Mrs. Mithcell that this information be forwarded to Commissioner Bevan Wilson.

(6)

WOOL GROWERS ASSOCIATION, Predator Control

The following people came before the board of Emery County Commissioners, Lee Humphrey of Orangeville, Mark Humphrey of Orangeville, Corrine Jones of Castle Dale, Montell Seely of Castle Dale, and Steve Watson (the government trapper of Mt. Pleasant, Utah.) Those present expressed increasing concern over the number of coyotes within the County boundaries. Mr. Steve Watson indicated that they are presently using an airplane to fly the desert region and parts of the mountain area, as well as using a helicopter in the mountain areas. Their concern was in the foothills the need to use a helicopter in search of the coyotes, indicating that the cost of operating a helicopter is approximately \$200.00 per hour. Mr. Humphrey indicated their request of the Commission was that they contribute \$1,000.00 together with other contributors to aid in the extermination of the coyotes in the foothills. Commissioner Bevan Wilson stated that after checking with the Emery County Treasurers office that to date Emery County has paid to the State of Utah Wildlife and Predator Control the amount of \$2,958.25 as part of the predator control tax, indicating that Emery County serves only as a collection agency for these funds. Concern was expressed by the Commission as well as those present as to where those funds are actually used; which if added to the federal participation as noted in a letter received from the Department of Agriculture, this would total out to be over \$13,000.00 for predator control for use in Emery County. Commission Chairman Rue P. Ware asked that Commissioner Clyde Conover visit with those agencies involved to determine Emery Counties share of the money and to where it has been used in the past. Chairman Ware also indicated to those present that Emery County does not have the funding and it was his recommendation that they come back to the County at budget time with a request being given to the Auditors office in September for consideration in the next years budget.

(7)

RESOLUTION #2-1-84 - Section Corner Resurvey

Presented to the Commission was Resolution #2-1-84 in regards to the acceptance of the resurvey plats as follows:

T. 16 S., R. 10 E., Section 32;
T. 17 S., R. 8 E., Sections 13, 24, 25;

pursuant to the direction of the Emery County Commission.

Motion to accept the plats and Resolution 2-1-84 was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(8)
BEAR CANYON PAVILLION RENTAL

Emery County Clerk, Bruce C. Funk presented to the Commission revisions in the reservation application for Bear Canyon Pavillions. It was recommended that for small groups under 50 that the large pavillion rental be increased to \$30.00 per day and the rental for both pavillions for a small group be increased to \$50.00, and that a maximum cleaning deposit of \$25.00 be charged.

Other recommended changes were that a fee of \$2.00 per night per unit be charged for overnight camping that and pavillion rental includes overnight camping. The hours of the pavillion rental should be set from 10:00 a.m. to 8:00 a.m. the next day. That Emery County receive one half of the reservation rate within ten days after scheduling, and that full payment for reservations as well as a cleaning deposit must be received 30 days prior to the reservation or reservations will be subject to cancellation. Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson to approve the new application with those changes as outlined. Motion was approved by all members present.

(9)
STERLING SCHOLARS

Commission Chairman Rue P. Ware informed the Commission of a request of Jerilyn Mathis that the Commission recognize the applicants for Sterling Scholars. It was her recommendation that each applicant be allowed to make a display representing themselves individually which would be presented at the courthouse. That each applicant receive a letter of support congratulating them for their effort in applying for this special award. The Board of Emery County Commission agreed on accepting these two recommendations and would pursue with a letter of support and congratulations to each of these applications and also making them aware that they may proceed with making a display to be presented at the Courthouse.

Office discussed the leasing of certain B.L.M. property for the eventual construction of the Emery County Road Shop. Commissioner Bevan Wilson indicated that at the present time the attorneys office is satisfied with the legal sufficiency of the agreement and that the lease amount is \$5.00 per year. Commissioner Bevan Wilson made the motion that the Board of Emery County Commissioner approve the lease on the proposed property with the B.L.M. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(5)
GRAVEL PIT AT EMERY

Commissioner Bevan Wilson informed the Commission that Jerry Mangum of Emery has 80 acres of property south of Emery which contains road construction gravel and that Mr. Mangum would like to sell that property to Emery County. Ron Barney of the Highway Department had indicated to Mr. Wilson that if the gravel seam runs according to the past seams in that area, that it would be of great benefit to the Highway Department since no other gravel pits are available in that area. Motion was made by Commissioner

Clyde Conover that Commissioner Bevan Wilson proceed with the Highway Department to test the property and confirm the quality of gravel in the proposed pit, after determination, cost would be negotiated with Mr. Mangum. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(6)

take the class. It is expected that it would involve twenty men and the class would be conducted mostly on the Employees time. Funding for the course would be budgeted from the Special Departmental Supplies of the Highway Department. Motion was made by Commissioner Bevan Wilson to allow the Highway Department to go ahead with the school as proposed. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(7)

JERRY ROBERT JONES - EAGLE PROJECT

Mr. Jerry Robert Jones of Castle Dale, came before the Board of Emery County Commissioners with his proposed eagle scout project of placing signs in the desert to aid travelers as to the location of certain points of interest and distances involved to them. The first sign would be placed north east of Castle Dale on the Buckhorn road through the desert. The sign being placed at the cattle corrals would indicate the distance to the wedge overlook, the indian pictographs, and the swinging bridge as well as the mileage and direction to the interstate. The second sign would be located at the water tanks near the wedge turn off indicating the direction to the wedge and also the direction of the swinging bridge. Commission Chairman Rue P. Ware encouraged Mr. Jones to continue in his scouting efforts and asked that he notify the Commission upon completion of this project.

Motion was made by Commissioner Bevan Wilson to approve the placement of the two signs as part of Mr. Jones Eagle Project, Commissioner Clyde Conover indicated that the motion should include that Mr. Jones be commended for his efforts and appreciation by the Commission for a person like him who is interested in directing others to the scenic views of Emery County. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(8)

WILSON-BROWN BRIDGE

Commissioner Bevan Wilson together with Howard Tuttle of Johansen and Tuttle Engineering advised the Commission that on February 16, 1984 a bid opening was held on the construction of the Wilson Brown Bridge in which John Nielsen Construction Company was the apparent low bidder. Their bid being \$69,055.00.

Mr. Tuttle indicated that total cost for the project would be \$122,782.00 which includes engineering and inspection of \$18,875.00; construction by Nielsen Construction Company of \$69,055.00; the steel bridge structure being furnished by Big R Manufacturing in the amount of \$33,975.00; and the bolts and pads furnished by Big R Manufacturing totalling \$877.00; for a total cost of \$122,782.00. It was Mr. Tuttle's recommendation that since his office had reviewed the bids and found everything in order that the Board of Commissioners award the contract so that work can proceed immediately. Commissioner Wilson indicated that the project was being partially funded by FEMA federal flood disaster monies in the amount of \$61,081.00 which is approximately 49% of the

Page Four

Commissioners Minutes

February 16, 1984

estimated total cost; this amount having already been received by Emery County. Motion was made by Commissioner Bevan Wilson to accept the bid and award the contract to John Nielsen Construction Company, the motion was seconded by Commissioner Clyde Conover, and approved by all members present.

(9)

ORDINANCE ESTABLISHING OFFICIALS BONDS - #2-16-84

Personnel Director Lavon Day presented Ordinance #2-16-84 establishing official bonds and setting the amount thereon of County Officials and all County Employees. Commissioner Clyde Conover made a motion to accept Ordinance #2-16-84 setting forth the bond amounts for all employees to be at \$5,000.00 each, except for the County Treasurer to be set in the amount of \$400,000.00. Motion was seconded by Commissioner Bevan Wilson and approved by all members present. To be published in the Emery County Progress.

(10)

UTAH STATE INSURANCE FUND

Personnel Director Lavon Day presented an Agreement to the Board of County Commissioners which would modify the present agreement with Emery County and the Utah State Insurance Fund. The new agreement would put the present clerical help on a clerical rate, therefore reducing the premium by approximately 30%. Motion was made by Commissioner Clyde Conover to accept and sign the modified Agreement and return the same. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

OTHER PERSONNEL ACTION

Personel Director Lavon Day advised the Commission that at their next Commission Meeting that he would have a recommendation for a replacement deputy at the Sheriff's Department. He also indicated that with the termination of Vicky Esparza, they have completed 3 weeks of advertising and interviewing and have through the Sheriff's Department almost reached a decision as to the replacement there. It was the concensus of the Commission that Emery County Sheriff Lamar Guymon proceed with that final selection.

(12)

SHERIFF'S BUSINESS

Emery County Sheriff Lamar Guymon came before the Commission advising them that he has been in the process of securing bids for replacement vehicles in the Sheriff's Department. Commission Chairman Rue P. Ware requested that he proceed and that he provide the Commission with requisitions for signature at the next Commission meeting.

Also discussed was comparison of Law Enforcement Contracts from various counties within the state of Utah which was presented for the Commissions information only.

(3)
CHAMBER OF COMMERCE

Those present from the Emery County Chamber of Commerce were Gerald Stanton, Jorma Johnson, Janet Magnuson and Mary Bently. Jorma Johnson advised the Commission of their contest to select an Emery County slogan for. In their Chamber meeting they had agreed to the slogan "A Powerful Combination", submitted by Virginia Talbot of Ferron. Concern was expressed by the Chamber of Commerce that another slogan "We've Got It All" might get used. The chamber members requested that the Emery County Board of Commissioner adopt the same slogan as the Chamber.

Motion was made by Commissioner Clyde Conover, that in placing a sign at the entrance to Emery County that the slogan "A Powerful Combination" be used, motion was seconded by Commissioner Bevan Wilson, and approved by all members present.

(4)
INDUSTRIAL DEVELOPMENT

Mary Bently of the Chamber of Commerce requested of the Emery County Commission

a letter of support in the chamber's efforts to solicit industrial development into Emery County. Included in the letter is what efforts Emery County can do about making land available for industrial development, utilities and taxes. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover that a letter from the Commission be written as requested, motion was approved by all members present. (The prospective development group is scheduled to be in Emery County on May 4, 1984.)

(5)
ANN CHIEVES, DIRECTOR, SOUTHEASTERN UTAH SOCIAL SERVICES

Ann Chieves of Helper, Utah introduced herself to the Commission as the new Director of the Southeastern Utah Social Services which serves Emery County. She will replace Maun Alston who has taken another position. Mrs. Chieves will continue to furnish quarterly updates. Commission Chairman Rue P. Ware advised Mrs. Chieves that Commissioner Conover is the commissions representative for the program and that all requests and correspondence be directed through him. Mrs. Chieves inquired as to whether the Commission would again participate with tuition for a student to attend alcohol schooling as last year. Commission Chairman Rue P. Ware advised Mrs. Chieves that the Commission at budget time had chosen not to participate in the program and therefore no funds are available.

(6)
KEITH LAKE, EMERY COUNTY TELEVISION

Emery County Electronics Specialist, Keith Lake advised the Commission that he has met with Jim Allred, Electronics Specialist of San Juan County and has finalized costs to improve T.V. in Emery County and to rechannel the station as required by the FCC. Costs are as follows:

	Three Translators @ \$7,425.00 for a total of	\$22,275.00
	Three Channel Combiner	3,344.00
	One Power Drive	
110.00		
	One 30' Tower Structure	3,400.00
	Miscellaneous Hardware & Installation	750.00
	TOTAL	
\$29,879.00		

Emery Countys share with 50% participation by San Juan County would be \$14,939.50. To maximize benefits to residents of Emery County an omni- directional antennae should be installed at \$3,920.00 plus \$900.00 cost in sight conversion resulting in a total expenditure of \$19,759.50. The Commission was advised that time is a critical factor in installing such equipment. Commission Chairman Rue P. Ware expressed appreciation to Keith Lake for the research and cost figures provided to the Commission and that the Commission would take it under advisement.

(7)

TREASURER'S BUSINESS

Emery County Treasurer, Elaine Wilson, presented a request for an additional computer terminal. (approved, see Auditor's Business Item 2)

Mrs. Wilson advised the Commission of the need to formally adopt a resolution allowing for the transfer of interest earned on special savings accounts, such as court bail trust, to be transferred into the General Fund. Commission Chairman Rue P. Ware asked that the Treasurer get with Emery County Attorney, Scott Johansen to prepare such a resolution to be presented at next Commission meeting by attorney Scott Johansen and Commissioner Bevan Wilson.

(11)

SHERIFF'S BUSINESS

- a. Building Movement Emery County Sheriff, Lamar Guymon, advised the Commission that movement is taking place within the structure of the jail facility causing cracks and gaps between walls and requested approved to make repairs. Commission Chairman Rue P. Ware asked that the Sheriff monitor the movement and determine the cause.
- b. Fuel Purchase at B.K. Stop and Shop Sheriff Guymon requested permission to purchase fuel at B.K. Stop and Shop in Huntington as it is cheaper than out of the County fuel pumps. Present fuel cost at the County pumps is \$1.00 per gallon and has been purchased from B.K.'s @ .84* per gallon. (Presently cost is at 88.9* per gallon at B.K.'s) Motion was

Page Five

Commissioners Minutes

March 7, 1984

made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware to approve the purchase of fuel from B.K.'s with Commissioner Bevan Wilson abstaining. The motion passed with a majority. (B.K.'s Stop and Shop has made special arrangements with the State of Utah to remove the sales tax from gas used by government vehicles.)

- c. Green River Ambulance Emery County Sheriff, Lamar Guymon, advised the Commission that on February 6, 1984 the Green River EMT Association advised the Green River City Council that they would like to become part of the Emery County EMT Association. On March 2, 1984, Mayor Silliman by letter advised that the City Council unanimously voted to approve the change.

Sheriff Guymon reported that at present they have a 15% collection rate due possibly to poor follow-up on collection due. It was Sheriff
 Guymons recommendation that the Emery County Commission bring the Green
 River Ambulance into the County service under the present budget. Motion was made by
 Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson
 approving the relocation of the Green River Ambulance and EMT Association under
 the County program and that Sheriff Guymon work out inter-governmental
 agreements between Green River and Grand County covering all aspects of the
 service. The motion was approved by all members present.

(12)
 LAND FILL EXCAVATION

Commissioner Bevan Wilson advised the Commission of the results of the bid opening held March 6, 1984 for the excavation of two refuse pits at the land fill. Bid results were as follows:

\$13,700.00	Nielson Construction	
	K & P Plumbing & Heating	18,530.00
13,440.00	Skyline Construction	
	Dans Excavating	
15,000.00	Tony Siaperas Construction	6,500.00

Tony Siaperas was the apparent low bidder with a bid of \$6,500.00. Motion was made by Commissioner Bevan Wilson to accept the bid and award the contract to Tony Siaperas and that he (Commissioner Bevan Wilson) be authorized to sign additional papers as required to expedite the project. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(13)
 WASHBOARD WASH BRIDGE REPLACEMENT

Commissioner Bevan Wilson advised that some three to four years ago Emery County had applied for funds through the Federal Bridge program to replace the Washboard Wash Bridge located two miles north of Elmo. Participation is 80% federal, and 20% local - local monies having been carried over from last year in this years Road Department Budget. The engineering has been done by Johansen and Tuttle Engineering. Federal participation money has now been approved, therefore, advertisement for bid openings will begin on the 28th of March. Emery County will have to build approaches to the bridge. Commis-

sioner Bevan Wilson made the motion to approve the cooperative agreement after the County Attorney's office and the County Engineers have reviewed and approved the same, and that Commission Chairman Rue P. Ware be authorized to sign in behalf of the Commission, motion was seconded by Commissioner Clyde Conover and approved by all members present.

(14)
RIGHT-OF-WAY ENCROACHMENT ORDINANCE

Deputy County Attorney, John Schindler, discussed with the Commission the proposed changes in the present Right-of-Way Encroachment Ordinance including the addition of a yearly permit and allowance for utilities to make emergency repairs.

Mr. Gary Kofford of Mountain Fuel Supply indicated that a portion of the ordinance allows over head utilities 2,000 feet into a new subdivision at no cost whereas it would cost underground utilities \$100.00 to \$210.00 for permits to the same location and therefore felt it was discriminating to certain utilities. He felt that the ordinance left a lot of discretion to the road department supervisor. Mr. Kofford indicated that in the past Mountain Fuel assumed liability for any excavation and maintained repairs to all trenches crossing roads. The present policy would transfer liability to Emery County after work was properly performed and the bond released, and as such, he indicated would not be in the best interest of Emery County. Commission Chairman Rue P. Ware asked Gary Kofford of Mountain Fuel Supply and a Representative of Utah Power and Light Co., to submit their recommendations for changes in the ordinance for consideration at a later date.

(15)
REFINANCING OF ROAD EQUIPMENT

Deputy County Attorney, John S. Schindler presented documents for signature to the commission allowing for the refinancing of the County Rock Crusher and one Caterpillar presently financed by FMC Corp. at 10% annual interest rate. The new financing would be with Zions First National Bank of Castle Dale, at an interest rate of 9%. The expected savings on the interest over a period of 36 months is about \$9,000.00. Commissioner Bevan Wilson made a motion that Commission Chairman Rue P. Ware be authorized to sign the refinancing documents with Zions First National Bank. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(16)
U. S. FOREST SERVICE

Ira Hatch and John Niebergall of the U. S. Forest Service updated the Commission on forest projects. Items discussed were coal lease readjustments, mud and flood contingency plans, slides, continuation in closing of certain forest areas and efforts to open Ephraim Canyon Road.

BEAR CANYON PAVILLION

Emery County Clerk, Bruce C. Funk advised the Commission of the request of Cari Jones of Elmo, for the use of the pavillion for a dog show. After discussion as to the original purpose and intended use for the park, Commissioner Clyde Conover made a motion that the park be restricted from such use, as well as other commercial enterprise use, and that it be maintained for use by people. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(22)

SCHOOL BOARD ELECTION DISTRICTS

Emery County Clerk, Bruce C. Funk, informed the Board of Emery County Commissioners that the Utah Code Annotated requires a local school board election, and since Emery County reapportioned since 1972 one school board member is to be elected this year from School Board Districts #1, #2, & #3. The same code allows the Board of Emery County Commissioners to establish boundaries. To be in compliance with the election law, Mr. Funk pointed out that present District #4 needs to be renumbered as #3 and that present #3 needs to be renumbered as #4. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to bring Emery County into compliance by revising the number and description of School Board Districts #3 & #4 as recommended by the Clerk. Motion was approved by all members present.

Ware and approved by all members present.

It was recommended by Personnel Director, Lavon Day, that Mike Jensen be reclassified to that of a management position at Grade 15 Step 6. No action was taken. Mr. Day is to review and make recommendation as to whether Mr. Jensen should receive a salary or work on an hourly basis.

(5)

EMERY COUNTY COMMITMENT TO REPAIR DAMAGED GREEN RIVER ROAD

Green River City is making application for funds through the Community Impact Board to be used for construction work to divert the Green River to protect Green River City property and surrounding agricultural properties from the river during the expected spring runoff.

Concern is that the heavy construction equipment used to transport rock and other materials to the construction site will cause road damages making repairs to the road necessary. Therefore, to qualify for funding a letter of commitment is required from Emery County to repair the roads after construction.

Page Three
Commissioners Minutes
March 15, 1984

Commissioner Bevan Wilson made a motion to pledge the Commissions support by committing to repair any county roads which may be damaged due to construction, seconded by Commission Chairman Rue P. Ware and approved by all members present.

Also presented to the Commission was a claim for constable services to Judge Hunts Court from Don Smith of Midvale, Utah upon recommendation of County Auditor and Judge Hunt, indicating all warrants had been recalled. Commissioner Bevan Wilson made a motion denying payment to Mr. Smith, seconded by Commissioner Clyde Conover and approved by all members present.

(3)
JOB SERVICE TO EMERY COUNTY

Mr. Larris Hunting of Job Service Price, Utah, came before the Commission to inform them that Job Service is in the process of establishing a Job Service Office in Castle Dale. The Office will also handle unemployment insurance benefits. Mr. Hunting is in the process of securing additional funding and expects to be open July 1, 1984.

(4)
UTAH STATE DEPARTMENT OF HEALTH-HAZARDOUS WASTE DISPOSAL

Mr. Gerald Story of the Utah State Department of Health came before the Commission in regards to four barrels labeled sodium cyanide stored in the Sheriff's impound yard at Green River. Mr. Story indicated that the substance needs to be analyzed to determine if it is sodium cyanide and this can be done by having a group come from Salt Lake City to test the material, if this test is positive then necessary hazard material permits must be obtained to transport the material to an approved disposal location (closest appears to be Oklahoma). The other alternative would be to obtain necessary permits and transport it to Salt Lake City for testing and shipment to disposal.

Commission Chairman Rue P. Ware asked Mr. Story to arrange the transportation of the material to Salt Lake City to analyze the material. It was also understood that the Emery County Commission would be notified of their findings. The Commission would cover any cost incurred for shipment to Salt Lake City.

(5)
SCOTT TRUMAN-MILLSITE RECREATION PROJECT

Ferron City Council member Scott Truman read to the Commission, Minutes of the Ferron City Council meeting in support of the recreation project at Millsite Reservoir. Mr. Truman had prepared a letter of support in behalf of the Board of Emery County Commissioners for their signature to Ferron City Mayor Max Ralphs. Motion to sign the letter of support was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(6)
SOUTHEASTERN UTAH COMMUNITY ACTION PROGRAM (SEUCAP)

The following parents, teachers and concerned citizens discussed their concern with the Commission in regards to the SEUCAP programs of Headstart and Winterization: Brenda Brady, Orangeville, Utah; Randee Sue Jones, Huntington, Utah; James H. Jones, Huntington, Utah; Gary Brinkerhoff, Cleveland, Utah; Sandra Brinkerhoff, Cleveland, Utah; Carol Wilstead, Lawrence, Utah. Those present expressed concern that the weatherization program presently under SEUCAP might be moved under the direction of the Southeastern Utah Association of Governments and that the same thing might happen to the Head Start Program thus eliminating SEUCAP.

Commissioner Conover indicated that the Commission felt they needed more control over the actions of SEUCAP and there was concern as to whether SEUCAP was in full compliance with their audits.

It was agreed that Head Start facilities would not be used for private parties. Commissioner Clyde Conover also indicated that Paul Crawford of Ferron had been approved previously to serve as the Board filling the vacancy left by the death of Ted Cox of Ferron.

Discussion was concluded to take care of scheduled Commission Business and prior to the conclusion of the meeting the contract between the State Department of Energy and SEUCAP was presented after review by County Attorney, Scott Johansen. The contract would continue the weatherization program under SEUCAP. Although no motion was made it was agreed to sign the contract and that the County Clerk notify Al Haskins of their decision.

(7)
EMERY COUNTY NURSING HOME

Emery County Nursing Home Administrator, Ray Killpack informed the Commission of the deficit in the nursing home budget amounting to \$15,599.00. Motion was made by Commissioner Clyde Conover that Emery County pay the claim submitted from the nursing home, seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

PERSONNEL ACTION

Motion to approve the hiring as proposed was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

c. Road Department

Road Department has completed testing and created a roster of qualified potential employees. Road Superintendent Ron Barney recommended that Morris Sorenson of Emery be hired at Grade 10 Step 5 to fill vacancy as a truck driver effective April 23, 1984 and that Rex Funk be reclassified to full time truck driver at Grade 10 Step 7 effective April 23, 1984. Motion to approve the hiring of Morris Sorenson and reclassification of Rex Funk as proposed was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

d. Sheriff Department

The Sheriff Department is in the process of testing to create a roster.

Steve Stream has completed his academy training and needs to be reclassified to Patrol Deputy 2 at a salary of Grade 11 Step 2 to be effective April 15, 1984.

That Luther Max Thomas be given the title of Detective Sergeant effective April 15, 1984 and that Brent E. Pace receive the title of Patrol Sergeant effective April 15, 1984. Thomas and Pace will receive no salary increase and will complete a 6 month evaluation. Motion to reclassify Steve Stream and to approve the proposed title changes was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

e. Clerk's Office

The Clerk's Office is in need of temporary help to aid with elections and to be used in District Court during the absence of Julie Anderson who will be taking maternity leave. The new employee will be paid a total of 84 days from the Election Budget not to exceed \$4,202.00 and during Julie Andersons leave they will be paid from the District Court Budget. Effective date of hire is May 1, 1984 with reimbursement for April 27, 1984 to attend a District Court

Conference. Motion to approve the hiring of temporary help in the Clerk's Office as outlined was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present. The Commission was advised of the applicant being considered.

f. Travel Policy

Mr. Day advised the Commission of the receipt of department head evaluations of the proposed travel rules and regulations. Copies of the same were given to each Commissioner for review.

(9)

FOREST SERVICE CONTRACT

Emery County Sheriff Lamar Guymon advised the Commission that he had received the Law Enforcement contract with the U. S. Forest Service. The Contract has been reviewed by the Attorney's Office and is \$400.00 more than last year. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve and sign the contract with a total amount of \$9,400.02. The motion was approved by all members present.

(10)

LAWRENCE BRIDGE AND STREAM STABILIZATION PROJECTS

Commissioner Bevan Wilson advised the Commission that because of the emergency need to rip rap the river banks at the Lawrence Bridge project before high water, that he personally signed a contract with Sinbad Construction to do that work in the amount of \$2,866.00. Motion was made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware to ratify the action taken by Commissioner Bevan Wilson. The motion was approved by all members present. Commissioner Bevan Wilson indicated the need to proceed with the approval of rights-of-ways with Lynn Guymon and Stan Nelson in order to rechannel the river as budgeted for under the flood budget. The project has also been submitted for funding through the State Disaster Relief Board. Johansen and Tuttle Engineering will proceed with submitting plans and specifications in preparation of setting a bid and construction dates. Commissioner Bevan Wilson recommended that awarding of the contract be given the tentative date of June 6th commission meeting. After discussion, motion was made by Commissioner Bevan Wilson that himself and Johansen and Tuttle Engineering schedule dates for the bid opening and awarding of contract, that he himself be authorized to sign the application and any paper work for funding from the State Disaster Relief Board for the stream stabilization project so as to expedite the project at that time; and that the right-of-ways with Lynn Guymon and Stan Nelson be approved after review of County Attorney's Office. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(11)

(12)

ROAD DEPARTMENT-EQUIPMENT REFINANCING

Commissioner Bevan Wilson informed the Commission that in refinancing the crusher and dozer with Zions Bank that a payment was enroute to the previous finance company FMC Finance Corporation. Therefore, a refund of \$11,052.08 was received from FMC and it was his recommendation that it be used as a payment to Zions Bank. It was agreed to apply the refund towards a payment at Zions Bank.

(13)

ROAD DEPARTMENT EQUIPMENT INSURANCE CLAIM

Commissioner Bevan Wilson indicated that he had received \$4,750.00 from National Farmers Insurance Company to apply for repair on a damaged low-boy and asked if the money can be used directly on repair costs rather than into the General Fund. County Attorney, Scott Johansen suggested that the money be deposited in the general fund in order to leave an audit trail and when the budget is reopened that the amount be reflected in the Revenue side as income and the expenditure.

(14)

JERRY MANGUM PROPERTY

Commissioner Bevan Wilson indicated that a title search had been completed on the Jerry Mangum property south of Emery. It has been determined that there is approximately 500,000 yards of gravel available for use. Mr. Mangum has agreed to sell the 80 acres for \$12,000.00 with the request that grazing rights be leased to him. Motion was made by Commissioner Clyde Conover to purchase the property at a cost of \$12,000.00 with monies already budgeted in Road Department Class B Budget and that grazing rights be leased back to Mr. Mangum. That the County Attorney's office prepare the agreement documents. That a check to Mr. Mangum be made out on the next warrant list. The motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(15)

Plateau Mining wherein they donated \$1,000.00 to Emery County Sheriff's Department to buy equipment for that department.

(17)

MUSEUM

Commission Chairman Rue P. Ware informed the Commission that the museum is out of funds and therefore had to close. Operating cost is approximately \$5,000.00 per year and needs attention of the County and its residents. Castle Dale City picks up the costs of the utilities. Commissioner Ware asked Emery County Progress Editor Larry Davis in attendance to make an appeal for support by the residents through the paper.

(18)

PLANNING AND ZONING REAPPOINTMENT

Commissioner Bevan Wilson asked that Merrill Duncan and Larry Richards be reinstated to serve on the Planning and Zoning Board to serve until January 1, 1987. Motion was made by Commissioner Clyde Conover approving Merrill Duncan and Larry Richards to another term, seconded by Commissioner Bevan Wilson and approved by all members present. Commissioner Wilson advised the Commission that Bryce Wilson of Huntington would like to be replaced on the Board and that a vacancy exists because of the death of Ken Silliman of Green River and that the Planning and Zoning Board will come back with a recommendation.

(19)

U.P.& L. BOND ISSUE

County Attorney, Scott Johansen informed the Commission of the need to set a date for a public hearing before the Board of County Commissioners on the proposed issuance of County Pollution Control Revenue Bonds to finance pollution control facilities at Unit #3 of the Hunter Electric Generating Plant of Utah Power and Light Company and for their authorization for the publication and giving notice of such public hearing. Motion was made by Commissioner Clyde Conover to set the date of the Special Commission meeting for May 8, 1984 at 7:00 p.m. for the purpose of a public hearing and that the Commission authorize the publication and giving notice of such meeting. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. Also, the County Attorney asked direction relative to how legal expenses of the County should be borne. Outside counsel could be retained, the County Attorney could handle it on County time, or the County Attorney could handle these matters on his personal time and bill U.P.& L. directly. Inasmuch as the County Attorneys Office does not have sufficient time to handle this on county time, the County Attorney was given permission to handle these matters on his personal time and not on County time as done on the last D.G. & T. issue. This was included in the motion and passed.

Enclosed also was a policy declaration. Huntington City has set May 23, 1984 at 6:45 p.m. for a public hearing on the proposal.

(4)

GREEN RIVER MEDICAL CENTER

Commissioner Bevan Wilson advised those present that Green River Medical Center has now applied for financial assistance and therefore needs a letter indicating Emery County Commissions support of the Clinic and for financial assistance for this year. Motion was made by Commissioner Bevan Wilson and seconded by Commission Chairman Rue P. Ware and approved by all members present that a letter be prepared and given to Commissioner Clyde Conover who will forward the letter on to those involved in the Green River Medical Center.

(5)

SEALING AND CHIPPING OF CITY STREETS

Commissioner Bevan Wilson advised those present of the need to seal and chip the city streets throughout Emery County. He also indicated that it is the cities responsibility, but asked that Commission approval be given to allow cities for the use of the County chip spreader and roller in order to chip their streets. He also indicated that this would involve only city personnel and that they would be trained while working on County road projects. Motion was made by Commissioner Bevan Wilson to allow cities to use the chip spreading machine and roller and that he be authorized to work with the towns. The motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(6)

CASTLE VALLEY SPECIAL SERVICE DISTRICT

Darrell Leamaster of the Castle Valley Special Service District gave a status report on the 15 million dollar bond issue. He is also meeting with the Community Impact Board on funds. Discussed was the new secondary irrigation for Cleveland and Elmo and proposed culinary water improvement project. Read were the minutes of the Castle Valley Special Service District for the 17th of November and the 16th of February authorizing the securing of funds from the Community Impact Board and the issuing of bonds in order to cover these projects.

It was indicated that the Castle Valley Special Service District governing board feels they have a committment in order to complete two previously authorized projects: the Secondary Water System and the Cleveland-Elmo Sewer Lagoon. Commission Chairman Rue P. Ware indicated that the Commission is in full agreement with the projects and asked that the Commmission be kept advised as to future plans and actions.

(7)

VERLYNN MILLER, EMERY ARTS LEAGUE

Verlynn Miller of Cleveland, Utah came before the Commission requesting financial support from the Emery County Commissioner. Mrs. Miller indicated that the Emery Arts League is participating with the Utah Arts Council, who have in the past brought such programs as the Childrens Theater, Desert Stream

Page Three
Commissioners Minutes
May 2, 1984

Band, two ballets and the Grand Ball to Emery County. Her concern was that they need more participation or partial funding and they are presently looking for sponsors. Also discussed were the program offerings from the Utah Arts Council which is partially funded by the State Organization. She expressed desire to use local programs as much as possible. She felt like if Emery County Commission could financially help out, that in a few years the program would be self supporting. Commission Chairman Rue P. Ware indicated to Mrs. Miller that any request for financial assistance would have to be made prior to setting the budget which is done in November and December. That she would need to make specific requests to the Commission prior to that time.

Mrs. Miller also asked if it would be possible for art to be exhibited on the Courthouse walls. It was the concensus of the Commission that permission be given provided proper release forms were signed and insurance coverage was verified.

(8)

JIM BANASKY, BLANKET BOND AND HEALTH INSURANCE

James Banasky of James Banasky Insurance Company informed the Commission that the blanket bond on all county employees was registerd on February 15, 1983 and will continue until cancelled. The bond was filed on February 14, 1984 and that Emery County paid the amount of \$279.00 on February 22, 1984, therefore the bond was in effect. Mr. Banasky stated that he would leave a copy of that bond so that it could be recorded and filed in the Clerk's office. Mr. Banasky also indicated that the health insurance had been changed to large group through the addition of the library employees. This occured on December 29, 1983 and he apologized for any confusion which resulted thereon. Prior to this change in policy the age limit was at 25 and it was dropped to age 23 when the insurance was changed as of January 1, 1984. It was the wish of many employees that the age limit remain at 25, and in order to change the age of dependant from the present age of 23 up to age 25 would increase the cost per dependant unit by ten cents per month. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present to accept the offer of ten cents per month per dependant unit, increasing the dependant age up to twenty-five effective April 29, 1984. Mr. Banasky is also to bring a new contract for signature by Commission Chairman Rue P. Ware.

(9)

EMERY COUNTY TELEVISION

Ron Skinner of the Sheriff's Department and Keith Lake, Emery County Electronics Specialist came before the Commission asking the Commission for approval to proceed rechanneling of the television signals and indicating that San Juan is now ready to proceed and has indicated that they have \$14,939.50 as their share in replacing the existing facility. (Detail of the exact changes on equipment was discussed in the minutes of March 7, 1984 commission meeting.) The cost of this project would run \$19,759.50. It was also the recommendation of Ron Skinner and Keith Lake that \$10,000.00 be granted for the construction of the new building in which the equipment could be housed as we are presently

Page Four

Commissioners Minutes

May 2, 1984

leasing a building and Emery county would be able to recover that cost in approximately one and one-half years. After discussion, realizing there are insufficient monies in the budget, and the budget would go into the red.

Commissioner Bevan Wilson made a motion to authorize the three new translators, three channel combiners, one power drive, a thirty foot tower structure, new antenna and other sight work and materials at a total costs of \$19,759.50 and an additional \$10,000.00 for the construction of a building. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present. Keith Lake was asked to get with the County Attorney's office in preparing any inter-governmental agreements with San Juan as necessary and to notify them that we are now ready to proceed.

(10)

PERSONNEL ACTION, ROAD DEPARTMENT

Request was made by Personnel Director, Lavon Day and Road Superintendent, Ron Barney that a reduction in wages be granted for Pete Oviatt who requested a transfer from a crusher operator to that of a truck driver. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present that Mr. Oviatt be reclassified from Grade 11 Step 7 to Grade 10 Step 7, effective May 15, 1984.

Request for temporary help in the Road Department for up to six months was made by Personnel Director, Lavon Day, indicating that Loren Oviatt has been off on sick leave and is expected to continue that for another six to ten weeks according to doctors. There is an urgent need for a replacement at this time. Lavon Day presented names for consideration. Motion was made by Commissioner Bevan Wilson to accept Wally Jones of Ferron, Utah to fill that vacancy as a mechanic as temporary help in the road shop with an hourly rate of 9.00 per hour effective May 7, 1984. Motion was seconded by

Commission Chairman Rue P. Ware and approved by all members present. Included in that motion was request that Personnel Director, Lavon Day have completed within 30 days a roster for road shop mechanics.

It was the recommendation of Personnel Director, Lavon Day, and Road Supervisor, Ron Barney, that Mike Jensen be reclassified as an Assistant Road Superintendant putting him at a Grade 15 Step 6. The main purpose of the reclassification is to compensate for over-time and comp-time that Mike has acquired, realizing with the reclassification that there will be no over-time or comp-time accrued working in a supervisory position. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present that subject to written approval from Mike Jensen that he be reclassified as an Assistant Road Superintendant at Grade 15 Step 6 to become effective on May 15, 1984.

PUBLIC HEARING-U.P.& L. BOND ISSUE

Commission Chairman Rue P. Ware opened the meeting to public hearing indicating that this is the date, time and place set for the public hearing for the purpose of receiving public comment on the proposed issuance by Emery County, Utah of the Countys Pollution Control Revenue Bonds in the maximum arbitrage principal amount of 18 million for the purpose of financing all or part of the costs of the acquisition and construction of air and water pollution control facilities at the Hunter Electric Generating Plant of Utah Power and Light Company.

No one was present at the meeting to express support or opposition to the proposed issuance. Emery County Clerk, Bruce Funk stated that no written or oral comments with respect to said matters had been received in his office prior to the meeting.

Thereupon full opportunity had been given to all persons to express their views concerning the proposed project and bonds; thereupon motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover that the public hearing be closed. The motion was approved by all members present.

Those present from U. P. & L. Co. were Verl Topham and John _____ with their bond counsel, Ronald Oakey.

Pollution Control Bond-Public Hearing
May 8, 1984

Mr. Oakey stated that because it is contemplated that this issue will be refunded within 15 months, the arbitrage limits must be calculated as though that were the term of the bonds. Therefore, the maximum fee to the county is in the neighborhood of \$20,000.

Mr. Topham indicated he was authorized as Vice President of the Company to assure the County that whether or not the issue is refunded, the company is willing to pay the County whatever the county fee is, up to the arbitrage limit. That will be done at the time of the refunding of the present issue, or by July 31, 1985, which ever occurs first.

RESOLUTION 5-08-84A

Presented to the Board of Emery County Commissioners in written form was Resolution 5-08-84A which is a resolution authorizing, providing for and confirming the issuance and sale by the county of its pollution control revenue bonds in the aggregate principal amount of \$16,750,000. The resolution reads in its entirety as follows:

RESOLUTION NO. 5-08-84A

A Resolution authorizing, providing for and confirming the issuance and sale by the county of its pollution control revenue bonds in the aggregate principal amount of \$16,750,000 (the "1984 Bonds") to finance all or part of the cost of the acquisition and construction of air and water pollution control facilities for Unit No. 3 (the "Project") of the Hunter Electric Generating Plant (The "Hunter Plant") of Utah Power and Light Company (the "Company") and related expenses of issuing the 1984 Bonds; approving forms of, and authorizing the execution and delivery of, a loan agreement between the County and the Company, an indenture of trust between the County and First Security Bank of Utah, N.A., a Bond purchase agreement between the County and the Purchasers of the 1984 Bonds, the 1984 Bonds, and all other documents, agreements, instruments and certificates required, pertaining or incidental in connection with the 1984 Bonds, the project and transaction; approving the forms of other agreements, documents, instruments and certificates required in connection with 1984 bonds,

the Project, and transaction; appointing a bond registrar and paying agents(s) for the 1984 Bonds; authorizing official(s) of the county to attend the closing of the 1984 bonds and to act for the County at such closing; authorizing and approving all other matters and the taking of all actions necessary, pertaining or incidental to the 1984 Bonds, said transaction and the project; repealing resolutions in conflict to the extent of such conflict; providing a severability clause; providing an effective date; and related matters.

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve Resolution 5-08-84A. The motion was approved by all members present.

(3)

RESOLUTION 5-08-84B

Presented to the Emery County Board of Commissioners was Resolution 5-08-84B which is the basic indenture lease and sub-lease agreement as follows:

RESOLUTION #5-08-84B

A resolution authorizing, approving and providing for the execution and delivery of a sixth supplemental indenture of trust between the County and First Security Bank of Utah, N.A., Trustee (the "Trustee") (supplementing an indenture of trust dated as of November 1, 1976, between the County and the Trustee, as heretofore amended and supplemented, pursuant to which pollution control revenue bonds of the County for the Hunter Plant of Utah Power and Light Company has been issued), and a sixth supplemental equipment lease between Utah Power and Light Company (the "Company"), as lessor, and the County, as Lessee (supplementing an equipment lease dated as of November 1, 1976, between the County and the Company, as heretofore amended and supplemented, pursuant to which certain pollution control facilities at the Company's Hunter Plant have been leased to the County), and a sixth supplemental equipment sublease between the County, as sublessor, and the company, as sublessee (supplementing an equipment sublease dated as of November 1, 1976, between the County and the Company, as heretofore amended and supplemented, pursuant to which certain pollution control facilities at the Company's Hunter Plant have been subleased to the Company); providing an effective date; and related matters.

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve Resolution #5-08-84B. The motion was approved by all members present.

MEETING ADJOURNMENT

Motion was made by Commission Chairman Rue P. Ware to adjourn the meeting at 7:53 p.m., motion was seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

May 17, 1984

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Deputy Clerk, Julie Anderson.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 7:08 p.m.

Invocation was given by Commissioner Clyde Conover.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The revised minutes of March 7, 1984 were reviewed and approved with one correction by motion of Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

The minutes of April 19, 1984 were reviewed and corrected to be brought back to the next regular Commission Meeting by motion of Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

The minutes of May 2, 1984 were reviewed and corrected to be brought back to the next regular Commission Meeting by motion of Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit List #841050 through and including 841189 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present, to approve all warrants for payment.

The following requisitions were presented for approval:

Req.#	Department	Description	Total Cost	Action
26	County Sheriff	Communications Building	\$5,728.48	Approved
27	Calculator	Road Department		99.00

Motion was made by Commissioner Bevan Wilson to approve the above requisitions, seconded by Commissioner Clyde Conover and approved by all members present.

Page Two
Commissioners Minutes
May 17, 1984

Also brought up by Auditor, Karen Truman, the need to pay a bill to Castle Dale City for care of a grave at the cemetery belonging to an indigent person found in Emery County. Motion was made to approve payment of \$40.00, \$20.00 per year, by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

ONA TOCHI, SOUTHEASTERN UTAH ASSOCIATION OF GOVERNMENTS

Ona Tochi of the Southeastern Utah Association of Governments presented to the County Commission two contracts between the Aging Administration and the Aging and Nutrition Services and Emery County. These contracts are both 18 month contracts, the reason being is that the State has put them on a fiscal calendar from July 1 to June 30, so rather than make a contract up for six months and then for a year, she made them up for 18 months. The budget being the same as a year ago, motion was made by Commissioner Clyde Conover to approve and sign the contract after having been reviewed and upon the recommendation of the County Attorney's office, seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

BLAINE LUKE, UTAH STATE PARKS

Blaine Luke, representing State Recreation and the Governor as the area coordinator in parts of Grand, Carbon, and all of Emery County in a baton relay that will take place in Utah in June. The purpose of this relay is to promote recreation in the State of Utah during State Recreation Week. He would need someone to meet a group at the head of Sinbad on Tuesday afternoon June 5, 1984 to pick up the baton. The baton will need to be in Price on Wednesday morning at 10:00 a.m. for a group to pick up there and from there will continue its route to the Governor. Any form of recreation can be used in order to transport the baton. Anyone who would like to participate can also send with the baton a note or letter to the Governor. Mr. Luke came before the Commission soliciting support from them or any of the other County officials for their participation in the baton relay. The Commission all expressed interest in participation, but Commission Chairman Rue P. Ware indicated that he would be out of town during that time. Commissioner Bevan Wilson and Commissioner Clyde Conover Commission would take applications. The Commission also gave names of other county officials who they thought might want to participate.

Commissioner Clyde Conover made a motion to make the week of June 3, through 10, Emery County Recreation week along with the States recreation week, seconded by Commissioner Bevan Wilson and approved by all members present.

RON BARNEY, SALARATUS CROSSING

Mr. Legrande Johnson of Legrande Johnson Construction Company, who is apparently going to do the bridge work on the 1-70 project in Green River, made request of the County Highway Department about the possibility of hauling oversize loads across the new crossing at Salaratus Wash. This crossing was just one year ago completed with a nice oil surface.

Meanwhile, when Green River City was given a flood disaster project on the Green River, and the county heard that they would be starting to haul big loads across this same road and load limit signs were posted.

It was suggested that if Mr. Johnson wanted to beef up the road as it is now they could raise the limits on that road. Commissioner Bevan Wilson indicated that all the bids were done on the 1-70 project prior to the posting of the road and therefore this extra work on the road may possibly put Mr. Johnson in a bind.

The Commission agreed that where Mr. Johnson was not present, that he make another appointment with the Commission so that this matter can be discussed further.

(6)
KEITH LAKE, CONTRACT BETWEEN EMERY AND SAN JUAN COUNTY-
TELEVISION

Keith Lake presented to the Commission a contract between Emery County and San Juan County regarding the television transmission equipment and facilities. Commissioner Bevan Wilson made a motion to approve the contract upon County Attorney's recommendation, seconded by Commissioner Clyde Conover and approved by all members present. The contract was signed by the Chairman at this time in order to have the contract ready for the San Juan County Commission meeting on May 21.

(7)
EMERY COUNTY HIGHWAY DEPARTMENT

a. Elmo Bridge Replacement

Commissioner Bevan Wilson indicated that the State will be bidding out this project on or about the 22 or the 28th of this month. Emery County has already paid their share of the cost of the project in the amount of \$38,000.00. The State feels at the price they could not do the engineering and will contract back with Johansen and Tuttle at a construction engineering cost of approximately \$12,000.00. The state will sign off on all the federal sign off sheets. Commissioner Bevan Wilson needs permission to sign those papers as they come in so that they can proceed with the project as soon as possible. Commissioner Clyde Conover made a motion to give Commissioner Bevan Wilson permission to sign any documents necessary to proceed with the project, seconded by Commission Chairman Rue P. Ware and approved by all members present.

b. Request New Hire-Dispatch and Clerk at Road Shop

Emery County Road Supervisor, Ron Barney requested of the Commission permission to hire a new person in a temporary position as a dispatcher and clerk at the County Road Shop office. They have had problems with having their mechanics pulled out of the shop to answer the phone over menial problems. This person would help handle alot of the project and equipment sheets, telephone etc. that need to be done so as to relieve the loader operator or shop foreman of having to do these sheets so he may do his own work. After much discussion, motion was made by Commissioner Bevan Wilson to approve the hiring of a temporary person for six (6) months, with wages not to exceed \$5.00 per hour plus social security benefits, seconded by Commissioner Clyde Conover and approved by all members present. The hiring and effective date will be as soon as possible.

c. Request New Hire-Temporary Truck Driver during Heavy Flooding

Emery County Road Supervisor, Ron Barney requested permission of the Commission to hire three truck drivers if necessary during the flood season. Mr. Barney also feels that he will only need these employees for a period of two to three weeks and they will be paid a salary of \$8.00 per hour with no benefits except for social security. This will alleviate the need for excessive comp time accumulation and long working hours which at times can be dangerous. Motion was made by Commissioner Bevan Wilson to hire these three persons only if necessary and to hire them off of the established roster, seconded by Commissioner Clyde Conover and approved by all members present.

d. Request New Hire-Temporary Summer Patching and Fencing Crew

Motion was made by Commissioner Bevan Wilson to hire three temporary summer employees to do patching and fencing for a period of three months commencing May 29, 1984. These employees will work approximately 3 months and one will be paid \$6.00

per hour and the other two \$5.00 per hour. The motion was seconded by Commissioner Clyde Conover and approved by all members present.

(8)

SOUTHEASTERN UTAH COMMUNITY ACTION BOARD

Motion was made by Commissioner Clyde Conover to appoint Paul Crawford to serve in place of Ted Cox on the Southeastern Utah Community Action Board, seconded by Commissioner Bevan Wilson and approved by all members present.

(9)

SHERIFF'S DEPARTMENT

The Commission had received a memo from Lavon Day indicating that they had selected a Joe Cristman to fill the position of Del Gordon, which the Commission had previously approved. The starting date will be approximately June 1, 1984. Since Mr. Cristman is already post certified and experienced as a highway patrolman and was taken from the roster, the recommended starting salary will be Grade 11, Step 2, at \$1,551.00 per month. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve the hire of Joe Christman with approval by all members present.

H R EXPLORATION

Motion was made upon recommendation of County Attorney Scott Johansen, by Commissioner Clyde Conover to sign the Surface Permit Contract between Emery County and H R Exploration allowing the Seismographic Survey across Bear Canyon, seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

SCOTT JOHANSEN

Motion was made upon recommendation of County Attorney Scott Johansen, by Commissioner Bevan Wilson to approve the signing of the contract between Emery County and Huntington-Cleveland Irrigation Co., seconded by Commissioner Clyde Conover and approved by all members present.

(12)

MOTION TO ADJOURN

Motion to adjourn the meeting was made by Commissioner Clyde Conover at 10:07 p.m., seconded by Commissioner Bevan Wilson and approved by all members present.

MINUTES OF THE REGULAR MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

June 6, 1984

Those present at the meeting were Commissioners Rue P. Ware and Bevan Wilson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 5:00 p.m. and recognized the absence of Commissioner Conover who is away tending a funeral of a family member.

(1)
CASTLE VALLEY SPECIAL SERVICE DISTRICT - BOND ISSUE - 4,000,000

Castle Valley Special Service District Attorney, Mac Bunderson, presented a resolution authorizing the issuance and sale of \$750,000 series 1984 A bonds, and \$750,000 series 1984 B Bonds to the State of Utah, Board of Water Resources, and \$2,500,000 in series 1985 C Bonds to the State of Utah, Community Impact Board, said bonds to be issued by Castle Valley Special Service District. Motion to approve the bond resolution was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present.

Darrell Leamaster, Supervisor of the Castle Valley Special Service District indicated that the funds were to be used for culinary water projects in Cleveland and Elmo, to include new main lines, distribution system and storage tank. To also include a secondary water system in those towns as well as improvements at the Ferron Sewage Treatment Facility.

(2)
DECLARATION OF EMERY COUNTY AS A FLOOD DISASTER COUNTY

Commissioner Bevan Wilson made a motion declaring Emery County a flood disaster county. This because of the dollar values of bridges and roads damaged by the 1984 floods. Such a designation is required in the event financial assistance is available from the State. Approval be given for Commission Chairman Rue P. Ware to sign any future resolutions or documents in regards to this action. Motion was seconded by Commission

Chairman Rue P. Ware and approved by all members present. Commission Chairman Rue P. Ware signed the declaration.

(3)

ROAD DEPARTMENT - TEMPORARY SUMMER HELP

Filling the three temporary summer position in the road department as approved in Commission meeting minutes of May 17, 1984, Commissioner Bevan Wilson upon recommendation of road supervisor Ron Barney made a motion approving and

ratifying the hiring of the following: Jed Jensen of Ferron as patching crew lead man to be paid \$6.00 per hour; Kirk Nelson of Castle Dale, laborer on the patching crew to be paid \$5.00 per hour; and Coy Jensen of Clawson to be a laborer and weed mower operator be paid \$5.00 per hour. Effective date of hire for all is June 4, 1984. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(4)

SHERIFF'S BUSINESS

Emery County Sheriff Lamar Guymon requested approval to participate in this years police olympic. The expected cost is \$1,500.00 and was included in the 1984 budget. The Commissioners indicated approval to participate since it was included in their budget.

Sheriff Guymon also indicated that in March he had received a check from Plateau Mining in the amount of \$1,000.00 to purchase equipment. The Commission upon counsel of Attorney Scott Johansen asked that the money be put in the General Fund budget and upon reopening of the Emery County Budget this money will be put in the Sheriff Department. This will provide an audit trail for any expenditures.

Also received was a check from McDougal to pay for costs incurred in cleaning chemical spills near Green River which involved the Jeep Possee and the Fire Department. The Commission again asked that the same procedure be followed.

In other business Sheriff Guymon indicated he had received a bill for \$44.00 from Green River Cable TV for services left in the building by the Deputy Assessor in Green River. The Commission asked that it be referred to the Assessors Office for payment. The Sheriff was given approval to pay should no other funds be available.

Concern was expressed for ambulance services from the Emery County Nursing Home to the hospital in Price and back in which medicare was not reimbursing Emery County for all those services. Sheriff Guymon was requested to discuss this matter with Nursing Home Director, Ray Killpack.

(5)

LAWRENCE BRIDGE REPLACEMENT - CONTRACT AWARDED

Commissioner Bevan Wilson reviewed the results of the bid opening held May 25, 1984 for replacing the Lawrence Bridge. The apparent low bidder was G & O Incorporated of Green River with a low bid of \$119,562.00. The second low bid was from Nielson Construction for \$137,637.00. Commissioner Bevan Wilson indicated that the low bid with G & O Incorporated has been verified and it was the recommendation of Johansen and Tuttle Engineering that the contract be awarded. Commissioner Bevan Wilson made a motion that G & O Incorporated be awarded the contract for the Lawrence Bridge Replacement Project in the amount of \$119,562.00 with Commission Chairman Rue P. Ware signing the notice of award and that Commissioner Bevan Wilson be authorized to sign the notice to proceed and other future documents in order to expedite the project. Motion was

(7)
LIBRARY BUSINESS - Disposal of Surplus Property

By telephone Jerilyn Mathis of the Emery County Library had requested disposal of a surplus Xerox copy machine to be sold by private sale. The estimated value is between \$200.00 and \$500.00. She indicated that Huntington Elementary School is willing to pay \$500.00 for the machine. She was asked to submit the request in writing to be in compliance with the disposal ordinance 12-16-82C. Motion was made by Commissioner Bevan Wilson to approve the sale and that the proceeds be deposited in the Library General Fund. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(8)
SENIOR CITIZENS CENTERS

Renovations - At the request of Commissioner Clyde Conover, Commissioner Bevan Wilson reviewed the results of bid opening held May 3, 1984 for repair work and renovation on the Senior Citizen Centers in Emery County. It was requested by Commissioner Conover and motion was made to that effect by Commissioner Bevan Wilson that Commissioner Clyde Conover be authorized to accept low bids and to solicit proposals or bids on projects which at the bid opening did not receive bids and that Commissioner Clyde Conover be authorized to sign any such contracts and awards in order to expedite the projects. All actions to be later ratified by the Board of Commissioners. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(9)

MEETING ADJOURNMENT

Motion to adjourn the meeting at 6:15 p.m. was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present.

REGULAR MEETING

OF THE BOARD OF EMERY COUNTY COMMISSIONERS

HELD IN THE EMERY COUNTY COURTHOUSE

June 21, 1984

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Rue P. Ware at 7:03 p.m.

Invocation was given by Bruce C. Funk.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of April 19, May 2, May 17 and June 6, 1984 minutes were held until the next regular Commission Meeting on July 19, 1984 to allow sufficient time for review by the Commission.

(2)

AUDITORS BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 841419 through and including 841547 for payment. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present to approve all warrants for payment except warrant #841463 to Green River Cable Television for Cable T.V. service requested by Hazel Woodworth, Deputy Assessor who upon her leaving employment with Emery County had failed to have the service disconnected nor was it ever approved by the Emery County Commission. The bill was referred back to Ms Woodworth.

The following requisition was presented for approval. Requisition #33 for the Road Department for a battery charger. Total cost is \$300.00. The action was approved. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner, Clyde Conover and approved by all members present to approve the requisition for purchase.

(3)

GREEN RIVER AND CLEVELAND LAW ENFORCEMENT CONTRACTS

County Attorney, Scott Johansen presented to the Commission the law enforcement contracts with Green River City and Cleveland Town. The agreements have been signed by the respective city and town officials and it was the recommendation of County Attorney, Scott Johansen after his review that the agreements are ready to be signed. The agreements provide for payment to the County in the amounts of \$18,370 annually from Green River and \$862.00 annually from Cleveland. It was the recommendation of Commission Chairman Rue P. Ware that the County Sheriff, Lamar Guymon, Attorney, Scott Johansen and the Commission

Page Two

Commission Minutes

June 21, 1984

meet together to discuss thoroughly the status of the contract agreements with all towns and cities to make certain that the assessment for law enforcement is a fair assessment on each town or city. Motion to accept the Green River and Cleveland agreement was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

MILLER CREEK ANNEXATION RESOLUTION 6-21-84

Mr. Jim Fenton of Zions First National Bank and Financial Consultant for Price River Water District came before the Commission and reviewed the status of the Miller Creek Annexation. The Carbon County Commission initiated proceedings again on May 23, 1984 and they adopted the resolution that is before the Commission at this time indicating

that Emery County has 30 days either to approve the resolution and agreement or deny it. Also given to the Commission was a receipt for \$5,000 forwarded to Emery County by Dan Hunter of First Interstate Bank in behalf of the clients interests. Motion was made by Commissioner Clyde Conover to approve the resolution and agreement allowing the annexation of Miller Creek into the Price River Water Service District. Motion was seconded by Commissioner Bevan Wilson and approved by all members present, with Commission Chairman Rue P. Ware signing the same.

(5)

SCOTT JOHANSEN, STATE TAX COMMISSION

Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover to reaffirm Emery County's past position with regard to the State Tax Commission and that County Attorney, Scott Johansen represent the Board of Emery County Commissioners in upcoming meetings with the same. Motion was approved by all members present.

(6)

LAWRENCE CEMETARY FLAG

Margaret Jensen came before the Commission requesting that a flag and pole be placed at the Lawrence Cemetery. She indicated that there is a base already prepared for a flag and that she has contacted the Huntington American Legion but they have not responded to her request. The property belongs to Emery County and consists of 1.6 acres. Commissioner Bevan Wilson advised Mrs. Jensen that Emery County had not budgeted monies for such a project and that such requests would have to be made in September to the Auditors Office and recommended that a request with signatures be attached.

ROAD DEPARTMENT BUSINESS

(a) Ferron Canyon Road - Emery County Road Supervisor, Ron Barney together with Commissioner Bevan Wilson advised those present of the application for Federal Assistance in improving two sections of the Ferron Canyon Road. It is their intent to extend the asphalt up to the boat ramp turn-off and to resurface and realign the road to the forest boundary. It is estimated that the project will cost approximately \$500,000 with 90% (plus) Federal participation with the remainder being local. An estimate for the cost of the survey, cost estimate and completion of the application for federal assistance has been submitted by Johansen and Tuttle Engineering in the amount of \$7,896.00 for this project. The second project in Ferron Canyon is for the resurfacing of a 3,000 foot section of road which has broken up due to ground water and heavy truck traffic.

Johansen and Tuttle Engineering has submitted an estimate to prepare the cost estimate, the environmental assessment and the application for federal assistance, design surveys and quantity computations in the amount of 3,760.00. Commission Chairman Rue P. Ware asked that a traffic count be made on the road. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve the project and to proceed with the applications. Motion was approved by all members present.

(b) Lease to Jerry Mangum - An agreement was presented between Emery County and Jerry Mangum leasing property now owned by Emery County to Jerry Mangum for grazing. The property was previously purchased from Mr. Mangum. The agreement was prepared by the Emery County Attorney's Office and has been signed by the Mangums. It was the recommendation of the Attorney's Office and the Road Department that the document be signed. Motion was made by Commissioner Bevan Wilson and seconded Commissioner Clyde Conover to accept the grazing lease as to the terms and conditions of the agreement. Motion was approved by all members present.

(c) Road Dispatcher and Clerk - Commissioner Bevan Wilson made the motion to accept Zella Milham of Huntington to be temporarily hired by the Road Department as a shop dispatcher and clerk for a period of six (6) months with the hire date to be determined and approved by the Commission. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(8)

Marv Jensen, Division of Natural Resources

Mr. Marv Jensen of the Division of Natural Resources came before the Emery County Commission as part of his effort to meet with all County Commissions throughout the State. The purpose of his meeting was to determine if there are any problem areas that his department could help with as well as any recommendations the Commission might have. Commission Chairman Rue P. Ware suggested that year around fishing be allowed in order to reduce the demand upon campsites and other facilities. Also requested was improvements of the restroom facilities at the Millsite Reservoir.

Page Four

Commission Minutes

June 21, 1984

Mr. Jensen expressed appreciation for the opportunity of visiting with the Commission and indicated that he could be reached at the address of 1636 WestNorth Temple, Salt Lake City and encouraged those having problems to call him collect at phone number (801) 533-4002.

(9)

Emery Mining Trash Haul Proposal

Larry Guymon and David Bott came before the Emery County Commission on behalf of Emery Mining Corporation requesting the possible use of the County Landfill for disposal of trash presently accumulated by the operation of three mines. They are presently using the Utah Power and Light ash pits but because of conflicts they now have to relocate. The annual trash generated is as follows: Deer Creek Mine - 5,880 cubic yards, Wilberg Mine, - 4,480 cubic yards, Des Bee Mine - 3,640 cubic yards for a yearly total of 14,000 cubic yards which is a daily average of 63 cubic yards. Commissioner Bevan Wilson indicated that with the present operation of the County landfill they do not have the equipment, man power or the money to open it up as an industrial land fill. The present land fill was set up and established as a commercial and residential fill only and it has been the policy in the past to turn down others with similar requests and suggested that Emery Mining use private land fills already established. Mr. Larry Guymon responded that they have approached the other private owned land fill but because of the limited capacity that that would not serve as an adequate fill for a long period of time and that the fill can be seen from the present highway. He also indicated that Emery Mining is willing to pay an annual fee or a load fee. Commissioner Bevan Wilson indicated that the present landfill was not large enough but that if Emery Mining had other proposals, to bring them before the Commission for consideration.

(10)

MOSQUITO ABATEMENT AGREEMENT

Commissioner Bevan Wilson presented an interlocal agreement between Emery County and Grand County to continue the service provided by Emery County for the treatment of mosquitos in the Green River area. The agreement has been signed by the representative of the Mosquito Board in Grand County and was ready to receive the signatures of the Emery County Commission. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover authorizing Commission Chairman Rue P. Ware to sign the agreement in behalf of Emery County. Motion was approved by all members present.

Commission Minutes

June 21, 1984

Names were discussed and considered for replacing Bryce Wilson who has resigned because his job does not allow him sufficient time to participate on the board, but no determination or action was taken.

(12)

R.S.V.P. CONTRACT

County Attorney, Scott Johansen presented to the Commission the annual R.S.V.P. contract for signature. Motion to approve the agreement was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

EMERY MEDICAL CENTER, LETTER OF SUPPORT

Commission Chairman Rue P. Ware informed the Commission that Dr. Kotrady is soliciting another doctor to replace Dr. Potts who is leaving the area. Dr. Kotrady is requesting that a letter of support be received from the Commission. Motion to prepare a letter from the Board of Commissioners to Dr. Kotrady supporting his efforts was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(14)

VENDING MACHINES

Emery County Clerk, Bruce Funk presented to the Commission a proposal from Larry Taylor of Ferron Utah to supply two vending machines to the courthouse. One is to be a hot drink machine and the other is a regular vending machine for candies and snacks. It was indicated that Larry Taylor would retain ownership of the machines and would maintain and service them as well as be liable for any damages. Motion was made by Commissioner Bevan Wilson to approve the installation of the vending machines and that the County Attorney's Office prepare the necessary agreements. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(15)

REGISTRATION ASSISTANTS

Emery County Clerk, Bruce Funk presented the following names to the Board of Emery County Commissioners for their approval to serve as registration assistants for the year 1984: Carolyn Booker, Box 557, Huntington, Utah; Willard Tharpe, Box 437, Elmo, Utah; and Sam Cranford, Box 74, Huntington, Utah. These nominations were from the United Mine Workers Association and will be responsible for visiting each of the mines within the County to help register people to vote. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to approve these names as registration assistants. Bruce Funk indicated that no other names have been submitted by either of the political parties or other interested groups to serve as registration assistants.

(3)

TREASURER'S BUSINESS

(a) Equalization Dates - Emery County Treasurer, Elaine Wilson requested that the Commission set more than one day for equalization hearings and adjustments. It was her recommendation that one day be set for equalization hearings during regular working hours and then a second date for people to come in during the evening. County Attorney, Scott Johansen advised the Commission that with the present staff in the Assessor's Office that it was anticipated that it would be at least four to five weeks before the Assessor, Treasurer and Auditor's offices would be ready to hold such equalization hearings. After discussion motion was made by Commissioner Clyde Conover to set September 5, 1984 for the equalization hearings in Castle Dale from 1:00 p.m. to 4:00 p.m., and that September 6, 1984 be set as the date for equalization hearings in Green

River during the time of 1:00 p.m. to 3:00 p.m. and that September 12, 1984 be set as evening hearings on equalization in Castle Dale during the hours of 6:00 p.m. to 8:00 p.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(b) Unclaimed Monies - Treasurer, Elaine Wilson also informed the Commission that the Attorney's Office had turned over money to her which had been found in a patrol car. The money has been held since 1969 and it was her recommendation that the Commission approve transferring it to the general fund. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson that the \$9.00 being discussed be transferred to the general fund. Motion was approved by all members present.

(c) Delinquent Taxes Emery County Treasurer, Elaine Wilson advised the Commission that there are several mining accounts that have delinquent taxes on their mining claims. The accounts are for the years 1979 through 1981 at which time the State had changed the taxing system for mining claims. These accounts are not collectable and therefore must be abated to clear her records. The claims are as follows:

Adam's Mining	\$151.95
Continental Nuclear	\$7,205.19
Don Percell	\$25.59
Temple Rock Mining	\$440.04
Utah West Mining and Development	\$305.89
General Minerals	\$133.98
Hannert Mining	\$4,026.21
Industrial Mining	\$126.68
Mineral Engineering	\$29,535.78
Colt-Mesa Mining Company	\$4,012.20
Total	\$45,963.51

Page Three
Commission Minutes

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson that the delinquent taxes on mining claims as described above be abated in order to clear the Treasurer's records. Motion was approved by all members present.

(4)
CASTLE DALE CITY - LAW ENFORCEMENT CONTRACT

Castle Dale City Mayor, Don Jorgensen together with council members Ronald Sanders, Stuart K. Jensen, and Edward E. Reid expressed appreciation to meet with the Commission to discuss the decision reached by the Commission regarding the law

enforcement contracts. Mr. Jorgensen indicated that he had been informed by County Attorney, Scott Johansen that Castle Dale would have services resumed as of tonight and that a 30 day letter of termination would go out tomorrow unless a new contract was signed. He stated that the City Council would like the opportunity to negotiate the contract and has informed the Commission by letter to that effect. He requested that the Commission set a date in the future for such a meeting.

Commission Chairman Rue P. Ware advised those present that the Commission felt they ought to stay with the present formula for the contracts and encouraged the cities to go along with it for 1984.

Mayor Jorgensen asked the Commission to consider the possibility of payment of 50% of the increase which he felt would be of a greater benefit to the County. In the case of Ferron, the County would receive \$9,000 whereas if the County was to stay with the \$18,000 that he was sure that Ferron would not be part of the program. Castle Dale City would have the rate of a little over \$22,000 rather than the \$26,000 + that was requested in the 1984 contract. He also indicated that Castle Dale City in order to go with the new amount would have to open their budget and suggested that the County do the same in coming up with an equitable amount being required for Sheriff's services.

Commissioner Bevan Wilson stated that since the contracts were sent out last October and November why is it that the questions now arise as to the amounts being unsatisfactory. Mayor Jorgensen responded that when the contracts first came out there were questions raised as to the number of calls increasing by 50%. They were not completely satisfied and it was their feeling that because their City Attorney Scott Johansen is also the County Attorney those thoughts and feelings would be conveyed to the County. It was their understanding that they would continue making payments on the old contract realizing that the agreement could not be changed without the consent of both groups and therefore felt that they had a valid contract. Mr. Jorgensen emphasized that he feels strongly the need for the Sheriff's enforcement in the cities and that they have done a good job. He again emphasized that the city of Castle Dale is willing to negotiate and would like a date for such a meeting. Commission Chairman Rue P. Ware indicated that the Commission is always willing to sit down and discuss this matter with the cities, but maintains that the amounts of the contracts were on a equitable basis throughout the County.

Commission Minutes
July 19, 1984

Prior to the conclusion of the Commission meeting, County Attorney, Scott Johansen reviewed with the Commission, drafts of letters to be sent to the cities of Orangeville and Castle Dale indicating that services would be restored in each of the towns effective immediately and that the cities would be given 30 days in order to comply with the 1984

contracts otherwise services would be terminated at that time as according to past agreements.

(5)

EMERY COUNTY NURSING HOME

Emery County Nursing Home Administrator, Ray Killpack along with Marianne Pugmire came before the Commission inquiring as to the plans with regard to the nursing home. Mr. Killpack inquired if the Commission was considering creating a special health district in which a separate mill levy would be assessed to the residents of Emery County to help finance the nursing home. Commissioner Clyde Conover indicated that at present Carbon County is in the process of looking for a buyer for their nursing home but it was not the intent of the Emery County Commission to do such with the Emery County Home. Commissioner Conover also requested that they submit a budget by October 1, 1984 for the 1985 year. Mr. Killpack inquired of the Commission as to whether the new budget could reflect a pay increase for the employees of the nursing home. The Commission requested that he prepare two budgets, one which does reflect pay increases and one which does not and that the Commission would then take this under advisement.

(6)

J. CALVIN BASTIAN - GREEN RIVER SIGN

Mr. J. Calvin Bastian came before the Commission and presented drawings of a proposed sign to be erected at opposite ends of Green River along the interstate. The sign is 14 feet by 42 feet and is a city project but they are also working with the Travel Council. It was his request that the Emery County Commission give approval to erect the signs in order to make travelers aware of the services available in Green River. Motion was made by Commissioner Bevan Wilson, and seconded by Commissioner Clyde Conover to approve the erection of the sign and support Green River in their efforts in this project. The motion was approved by all members present.

(7)

ROAD DEPARTMENT BUSINESS

(a) Grange Spur, Dip Project - Commissioner Bevan Wilson together with Road Superintendent, Ron Barney reviewed the Grange Spur dip project. The bid opening was held on July 17, 1984 and G & O Incorporated of Green River, Utah was the only bidder with a bid of \$21,865.00 for the project as designed at that time. Commissioner Bevan Wilson also advised that they have negotiated with G & O Incorporated for the design to be changed to consist of two (2) culverts and for the dip to be surfaced with concrete. (Previous design was one pipe and oil surface.) Johansen and Tuttle has made the engineering redesign and has negotiated a dollar amount with G & O and they recommend the awarding of the contract.

July 19, 1984

Commissioner Bevan Wilson indicated that \$13,000 is being supplied from the flood budget through FEMA monies already received. The contract to G & O Incorporated now is in the amount of \$27,125.00 and because Emery County will purchase the pipe the total cost of the project will be \$31,925.00.

Motion was made by Commissioner Bevan Wilson to award the contract to G & O Incorporated of Green River, Utah in the amount of \$27,125.00, that Commission Chairman Rue P. Ware sign the notice of award and that Commissioner Bevan Wilson be authorized to sign any additional paperwork and documents in order to expedite the project. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(b) Zella Milham, Temporary Help - Road Superintendent, Ron Barney advised the Commission that he would like to hire Zella Milham as approved in the previous Commission meeting to begin work on July 23, 1984 and to work in his office with Secretary, Carol Ware while restrooms are being completed at the Road Shop. Motion was made by Commissioner Bevan Wilson to approve the temporary hiring of Zella Milham to be effective on the 23rd of July, 1984. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(c) Temporary Help - Road Superintendent, Ron Barney advised the Commission that Kirk Nelson of Castle Dale who was hired as a temporary employee to operate a tractor-mower has terminated employment with Emery County. Mr. Barney requested that permission be given to hire Kaun Wood for the remaining month of August. Motion was made by Commissioner Bevan Wilson to hire Kaun Wood of Huntington, Utah to replace Kirk Nelson to be effective from July 25, 1984 and terminating August 31, 1984 at the rate of \$5.00 per hour. The motion was seconded by Commissioner Clyde Conover and approved by all members present.

Mr. Barney also advised the Commission that at the present time he is short a loader operator and a truck driver because of medical reasons and it appears that it will be some time before they return to work. He would like permission to hire a temporary person in each of these positions until they are able to return to work. Motion was made by Commissioner Bevan Wilson, that Road Superintendent Ron Barney contact the loader operator and truck driver and determine how long they will be off and the feasibility of hiring another person to replace them during their temporary absence and to approve the hiring of such temporary persons if necessary. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(d) F.E.M.A. and the Army Corp. of Engineers - Road Superintendent, Ron Barney advised that representatives from F.E.M.A. (Federal Emergency Management Agency) were here to review the damages at the Mill Site Dry Wash site, the Fourth West in Ferron site, the Grange Spur, the Lawrence Bridge closure and the Bott Lane. It is

anticipated that FEMA will help with the Millsite Dry Wash and the Fourth west and may provide some assistance on the Bott Lane. Approximately \$15,000 may be provided for rip rap on Fourth west in Ferron project.

Page Six
Commission Minutes
July 19, 1984

The Corp. of Engineers will reimburse Emery County approximately \$22,000 on wages that were spent this spring, but that is dependent upon the Governor declaring the State of Utah a disaster area and if so other projects may be submitted for reimbursement.

(8)
PLANNING AND ZONING

(a) Kerwin Jensen, Resolution 7-19-84-A - Planning and Zoning Administrator, Don Almond presented to the Commission, Resolution #7-19-84 A which allows for the amending of the Official Zone Map of Emery County indicating that preliminary planning Commission approval had been given to Mr. Jensen on July 12, 1979 but that there had been no action since that time. The documents are ready and include a 40 acre plat which was presented to the Commission. It was the recommendation of the Planning Commission that approval be given indicating that the County Attorney's Office has already reviewed the documents. Motion was made by Commissioner Bevan Wilson that the plats be approved and that resolution #7-19-84-A also be adopted. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(b) Crandal Canyon, Resolution 7-19-84 B - Also presented to the Commission was Resolution 7-19-84-B amending the Emery County Zone Map and approve the Genwall Major Mine Development. The mine is now in operation and this change would bring them in to full compliance. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover that the zone map be amended as recommended by the Planning and Zoning Commission and that Resolution #7-19-84- B be approved. The motion was approved by all members present.

(c) Marilyn Herzog, Planning and Zoning Appointment - Don Almond advised the Commission that it was the recommendation of the Planning Commission that Marilyn Herzog of Elmo be appointed to fill the unexpired term of Bryce Wilson on that Commission. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve Marilyn Herzog to serve on the Emery County Planning and Zoning Commission. Motion was approved by all members present.

(9)
PERSONNEL MANAGEMENT

Commission Chairman Rue P. Ware asked the Commission for approval to contract with the Utah State Division of Personnel Management to provide personnel services to Emery County. The cost to Emery County would be based on the amount of service required, but would not exceed \$1,000 per month. He also asked that he be authorized to sign the contract after points are clarified with the other party and upon final review of the contract by the Commission. Motion was made by Commissioner Clyde Conover to accept the contract for personnel management services from the Utah State Division of Personnel Management, that he and Commissioner Bevan Wilson be contacted prior to the signing of the final document by Commission Chairman Rue P. Ware. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Mr. Funk also requested that the Commission determine the use of a home in Clawson for voting. In the past, the home of Doug Wright has been used and the rate there is \$50.00 per day. Lamar Roundy has offered the use of their home at \$25.00 per day.

Motion was made by Commissioner Clyde Conover to approve the Clerk's request for the judges of election school; to pay costs of mileage and provided refreshments to those attending the training school; and for the use of the home of Lamar Roundy as the place to hold the voting in Clawson. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

RETIREMENT FUND

Commission Chairman Rue P. Ware reminded the Commission that County Auditor, Karen Truman had presented to the Commission on June 19, 1984 a request for direction on options on the retirement fund. As of July 1, 1984, 3.5 percent of the retirement benefit could be placed in other retirement programs or returned to the employee. Commission Chairman Rue P. Ware directed the Clerk's Office to prepare a questionnaire to submitted with the next pay check to all County employees that they may make their wishes known. The Clerk is then to report back to the Commission.

(12)

LAWRENCE CEMETARY FLAG

Commissioner Bevan Wilson reviewed the present status of the Lawrence Cemetary flag request as discussed in the Commission meeting of June 21, 1984. Commissioner Bevan Wilson indicated that Joe Marinoni, formerly of Ferron, would construct and erect the flag pole provided Emery County would purchase the material. The Ferron American Legion will dedicate the pole. Commission Chairman Rue P. Ware asked that the Clerk's Office contact one of our Congressional Representative in Washington, DC to see if a flag could be obtained from the U.S. Capitol. It was the concensus of the Commission to purchase the materials for the construction of the flag pole.

COUNTY EXHIBIT AT THE UTAH STATE FAIR

Motion was made by Commissioner Clyde Conover to approve the mileage and expenses incurred by Pat Snowball to arrange a display for Emery County at the Utah State Fair. The motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(4)
CAREER SERVICE COUNCIL REAPPOINTMENT

Commission Chairman Rue P. Ware advised those present that the term of Rex Bunderson of Emery, who serves on the Career Service Council, has expired on June 30, 1984. Mr. Bunderson has indicated that he is willing to continue service on the council. Motion was made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware that Rex Bunderson of Emery be reappointed to serve on the Career Service Council for the term from June 30, 1984 to June 30, 1987. Motion was approved by all members present.

(5)
EMERY COUNTY INDIGENT MEDICAL ASSISTANCE PROGRAM

County Attorney, Scott Johansen presented to the Commission a final draft of the Emery County Indigent Medical Care Program for their review and consideration. The program is to aid indigents who cannot receive either State or Federal assistance and yet who qualify under the guidelines of the program. The program will be administered through the Clerk's Office. Motion was made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware to approve the program as outlined. The motion was approved by all members present.

Commissioner Clyde Conover made a motion that Mr. William Wheeler who has applied for indigent medical assistance through Emery County be referred to the Clerk's Office for assistance. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(6)
ELAINE HATCH APPOINTMENT

Motion was made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware that Elaine Hatch be reappointed to serve on the Home Arts Committee at the Utah State Fair; that the Clerk's Office contact Mrs. Hatch to see if she will accept the position and return the appointment form to the Utah State Fair Committee. (8)
SHERIFF'S BUSINESS

(a) Commission Chairman Rue P. Ware reviewed with the Commission a list of persons to whom ambulance service has been provided but which payment is now delinquent. It was the concensus of the Commission that the Sheriff's Department proceed through the Small Claims Court in order to collect the costs of these services.

(9)
UP&L DES-BEE DOVE HAUL ROAD

Mr. Ralph Jermain, Attorney for Utah Power and Light, came before the Commission indicating that the Des-Bee Dove Haul Road has been ordered closed by the Utah State Oil, Gas and Surface Mining Department. Mr. Jermain indicated to the Commission that is was his original understanding that the road initially was intended to become a county road. They presently have three options in regard to that road. (1) The County can take over the road and maintain it; (2) the road could be included in the permits of UP&L; (3) the road could be abandoned. It is Utah Power and Light's preference to turn the road over to the County and it was his purpose in being in attendance at this meeting to see if the Commission was in agreement with them. After discussion it was the recommendation of Commission Chairman Rue P. Ware that the Commission take the request under advisement and felt that there was not a problem and that the Commission did not want to stand in the way of the future opening and development again of the Des-Bee Dove Mine.

(10)
SCOTT JOHANSEN, PERSONAL RADIO

County Attorney, Scott Johansen requested from the Commission approval to purchase from Carbon County one of the Communication Radios to be installed in his private vehicle to be purchased with his own money and ownership to be retained by him. Commission Chairman Rue P. Ware indicated that the Commission had no objection to him purchasing the radio to enable him to stay in contact with the Sheriff's Department at all times.

Motion was made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware to adjourn the meeting at 8:44 p.m. Motion was approved by all members present.

MINUTES OF THE SPECIAL MEETING OF THE
BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

AUGUST 27, 1984

FOR THE PURPOSE OF THE CANVASSING OF THE ELECTION HELD AUGUST
21, 1984

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; Judge of Election, Valerie Seely; Clerk, Bruce C. Funk and Deputy Clerk, Karen Bean.

Emery County Clerk, Bruce C. Funk presented to the Commission the poll books, the tally lists and other items essential for canvassing the ballots. Because of the number of absentee ballots which were delayed due to mailing the following individuals served as election judges Scott Johansen, Valerie Seely and Karen Bean. These judges tallied those results of the absentee ballots which were placed in a separate district numbered 99, the results of which are placed on the final tally list.

Upon completion of the review by the Board of Emery County Commissioners, motion to accept the canvass was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

The results of the official canvass and the final results for the Primary Election held August 21, 1984 for Emery County are as follows:

MINUTES OF AN UNOFFICIAL MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

August 27, 1984

Those present at the meeting were Commission Chairman Rue P. Ware, Commissioner Bevan Wilson and Commissioner Clyde Conover; County Sheriff, Lamar Guymon, County Attorney, Scott Johansen; Planning Administrator, Don Almond; and Clerk, Bruce C. Funk.

Items discussed are as follows:

(1)

CREATION OF THE FIRE PROTECTION DISTRICT

After considerable discussion, motion was made by Commissioner Clyde Conover to not place on the ballot for 1984 the option to the voters to create a special service district to provide fire protection or the partial mill assessment in order to cover the costs of the district. Motion was seconded by Commissioner Bevan Wilson who indicated that he was not opposed to the creation of the fire district, but felt there was not sufficient time to place the matter on the ballot this year. Commission Chairman Rue P. Ware indicated that the motion will stand, indicating that he was against the motion and that such a fire district would be in the best interest of the citizens of Emery County in providing fire protection.

(2)

OPENING OF 1984 BUDGETS

County Attorney, Scott Johansen reviewed with the Commission the need to hold a public hearing for the purpose of opening the 1984 County Revenue and Expenditure Budgets and to set the mill levy. It was the consensus of the Commission to meet on September 10, 1984 at 11:00 a.m. for the purpose of opening the 1984 budget.

(3)

UP&L REFUNDING OF BONDS

County Attorney, Scott Johansen advised the Commission that Utah Power and Light has set September 20, 1984 for a public hearing for the refunding of Pollution Control Bonds. Mr. Johansen indicated in regards to the costs of counsel that there are three options available: (1) Emery County could hire an outside attorney as legal counsel on the bonds at Utah Power and Light's cost; (2) County Attorney, Scott Johansen could be requested by the Commission to perform the necessary legal counsel in behalf of Emery County and on County time in which reimbursement would be made to the County's general fund by Utah Power & Light; (3) Mr. Johansen could provide the legal counsel on this bond issue on his own time with payment going directly to him. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present that County Attorney, Scott Johansen perform this service on his own time and that he be reimbursed for those costs directly by Utah Power & Light.

(4)

COUNTY NURSING HOME

Commissioner Clyde Conover indicated to the Commission the problem with the finances of the Emery County Nursing Home and the need to address it by the Commission in order to find a solution. County Attorney, Scott Johansen advised the Commission that an economic audit and report has been requested to be performed at the nursing home and that later a financial audit could be required through the County Auditor's Office and Auditor, Kay Kimball if so required. Commission Chairman Rue P. Ware asked Mr. Johansen to advise the Commission as to when the group will be here to perform the audit.

(5)

MEETING ADJOURNMENT

Motion was made to adjourn the meeting at 12:45 p.m. by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

OF THE BOARD OF EMERY COUNTY COMMISSIONERS

HELD IN THE EMERY COUNTY COURTHOUSE

September 5, 1984

Those present at the meeting were Commissioners Rue P. Ware, and Bevan Wilson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 10:00 a.m.

Commission Chairman Rue P. Ware recognized the absence of Commissioner Clyde Conover who is in Salt Lake City attending to County business.

Invocation was given by Clerk, Bruce C. Funk.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of Commission Meetings of July 19, 1984, August 1, 1984, August 16, 1984, August 27, 1984 are to be held for the next Commission meeting in order that Commission Conover may comment on these minutes.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 842118 through and including 842355 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present to approve the warrants for payment with the exception of #842226 and #842292 which will be referred to the Castle Valley Travel Council for payment.

The following requisitions were presented for approval.

(3)

LAWRENCE BRIDGE PROJECT

Commissioner Bevan Wilson advised those present that all State and Federal permits had been obtained for the Lawrence Bridge Project prior to the 1984 flood season. Since the 1984 flood season, there has been additional damage in the area and particularly on approximately one acre of the northwest corner the property of Wesley Reese. Mr. Reese is claiming that he had not been advised by the Corp. of Engineers of the channel change. Emery County had assumed that all notification for rechannelization was the responsibility of the Corp. of Engineers. With the new rechannelization project, Mr. Reese's property would no longer be bordered by the river and Mr. Reese is requesting that Emery County purchase the property after obtaining an appraisal from the County Assessor, Gerald Stanton. The Assessor has completed an appraisal on the property and estimates it to be valued at \$2,000.

Commissioner Bevan Wilson recommends that Emery County purchase the property since the intersection could be improved through that property in the future and it would be a good investment for Emery County.

Commissioner Bevan Wilson made a motion to proceed with negotiations with Mr. and Mrs. Wesley Reese for the property being discussed in the amount of \$2,000. Included in the motion was that the Attorney's Officer prepare the legal documents and any other legal assistance needed and that a property description be provided to them from Johansen and Tuttle Engineering. The motion was seconded by Commission Chairman Rue P. Ware and approved by all members present. Approval was given to purchase at \$2,000.00.

(4)

WEED DEPARTMENT HIRING

Commissioner Bevan Wilson informed those present that because the Weed and Mosquito Department had hired school teachers during the summer months and since school started 10 days earlier than anticipated, Weed and Mosquito Department Supervisor, James Nielson has funds left in his budget to cover these 10 days for each of the three employees. It was indicated that alot of weed work needs yet to be done this fall and it was his request that he be allowed to hire one person for approximately 30 days who will be paid from this unused, budgeted amount. Commissioner Bevan Wilson made the motion to approve the hiring of one indiviual for 30 days not to exceed the budgeted amount and that James Nielsen review the unempoyment rolls of the County or that Kaun Wood be transferred from the Road Department to fill that vacancy. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(5)

RATIFICATION OF NOTICE OF PUBLIC HEARING

Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware ratifying the notice and publication for the public hearing to be held September 20, 1984 for refunding of Utah Power and Light Pollution Controll Revenue bonds at 7:00 o'clock p.m. in the Emery County Courthouse as previously posted on August 29, 1984. The motion was approved by all members present.

(6)

CIRCUIT COURT CONTRACTUAL AGREEMENT, FISCAL YEAR 1984-1985

Emery County Clerk, Bruce C. Funk presented to the Commission the contractual agreement between the Court Administrator's Office and Emery County providing for reimbursement to Emery County for costs in administering the Circuit Court in Emery County. Motion was made by Commissioner Bevan Wilson and seconded by Commission Chairman Rue P. Ware to approve the contractual agreement for the fiscal year 1984-1985.

(7)

COURTHOUSE COPY MACHINE

Commission Secretary, Pat Snowball advised the Commission that it was her recommendation that the copy machine that is presently upstairs be replaced by a Minolta EP 450 copy machine from Office Equipment Company. The cost with the sorter would be approximately \$4,600 with payments of approximately \$200.00 per month. Commissioner Bevan Wilson made the motion to accept the recommendation and purchase the Minolta EP 450 from Office Equipment Company and that it be purchase on a 24 month agreement at an interest rate not to exceed 14.22% which is available from Zions Bank and that Commission Chairman Rue P. Ware be authorized to sign that agreement. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(8)

SHERIFF'S BUSINESS

(a) Emery County Sheriff, Lamar Guymon presented to the Commission a request for contractual services for Keith Lake to complete the San Juan television project. It is noted that these hours and pay would be in addition to his regular County salary. It is anticipated that the cost would be approximately \$2,839.20. Motion was made by Commissioner Bevan Wilson to accept the proposed requisition for services. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

Commissioners Minutes

September 6, 1984

(b) Sheriff Guymon indicated that his secretary, Lavon Guymon, will be retiring the last of October. She has accumulated approximately two months in vacation and unused sick leave.

It was his request that Kathy Jensen be moved into Mrs. Guymon' position and that a new hire take place approximately October 1st for Kathy's present position. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware to approve the hire of a replacement for the secretarial position and that initial advertisement be done within Emery County Offices; that Pat Snowball notify each of the Department heads of the upcoming vacancy after which it will be advertised in the County. Motion was approved by all members present.

(c) Sheriff Guymon also indicated that he anticipates he will possibly be losing four deputies in the near future. Phillip Stubblefield is anticipating leaving on September 15, 1984; Joe Christman will leave September 27, 1984 for college; Bryce Stromberg is leaving October 15, 1984 for California; and Gary Hodson is also interested in leaving the area. Concern was expressed that with the upcoming coal strike the Sheriff's Department needs to maintain a full staff. Sheriff Guymon indicated that from the present rosters there are the possibilities for hire and requested the hiring of Ted Thomas from Orangeville. Motion was made by Commissioner Bevan Wilson to approve the hire of Ted Thomas from Orangeville from the present roster system and that Emery County Sheriff Lamar Guymon be authorized to proceed with the advertising for testing and creating a new hiring roster for the additional vacancies. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(9)

RATIFICATION OF THE UNOFFICIAL MEETING OF AUGUST 27, 1984

Commissioner Bevan Wilson made a motion to ratify any action taken in the unofficial Commission Meeting of August 27, 1984 including the decision not to place the creation a special district to provide fire protection on the November, 1984 ballot. Motion was seconded by Commission Chairman Rue P. Ware and approved by all members present.

(10)

MEETING ADJOURNMENT

Motion to adjourn the meeting at 11:35 a.m. was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present.

MINUTES OF A PUBLIC HEARING

HELD IN THE EMERY COUNTY COURTHOUSE

September 10, 1984

Those present at the meeting were Commissioners Rue P. Ware, and Bevan Wilson; County Attorney, Scott Johansen; County Auditor, Karen Truman; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 11:05 a.m.

Commission Chairman Rue P. Ware recognized the absence of Commissioner Clyde Conover who is attending funeral services for a family member.

This was the date and hour fixed for public hearing on the opening of the 1984 Emery County General and Library Revenue and Expenditure Budgets and for the setting of the 1984 mill levies. Darrell Leamaster, of the Special Service District, Ron Barney of the Highway Department and Craig Johansen of Johansen and Tuttle Engineering were present. No one present made comment with the exception of the following business.

(1)

Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware to accept Resolution #9-10-84B and set the mill levies for Emery County (excluding the cities) at 67.23 mills. The motion was approved by all members present.

(3)

LIBRARY BUDGET

Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware to increase the revenue side of the library budget in the amount of \$30,035 and increase the expenditure side by the same amount. Motion was approved by all members present. This increase is made due to the increase in the assessed valuation of Emery County over the valuation as estimated when the budget was set in December, 1983.

(4)

LIBRARY TAX STABILITY AND TRUST FUND

Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware to open discussion at the next Commission Meeting to establish an ordinance creating a tax stability and trust fund for the library. The motion was approved by all members present.

(6)
MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware to adjourn the meeting at 12:30 p.m. The motion was approved by all members present.

MINUTES OF THE REGULAR MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

September 20, 1984

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Rue P. Ware at 7:00 p.m.

Invocation was given by Commissioner Clyde Conover.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The following minutes are to be held until the next regular Commission Meeting on October 3, 1984 to allow sufficient time for review. They are as follows: August 1, 1984 minutes; August 16, 1984 minutes; the unofficial meeting minutes of August 27, 1984; September 5, 1984 and September 10, 1984 minutes.

(2)

UTAH POWER & LIGHT PUBLIC HEARING - BOND REFUNDING - RESOLUTION 9-20-84A

Commission Chairman Rue P. Ware stated that this is the date, time and place set for the public hearing for the purpose of receiving public comment on the proposed issuance by Emery County, Utah of the County's pollution control revenue bonds (the "Bonds") in the maximum aggregate principal amount of \$18,000,000, for the purpose of immediately refunding all or part of the \$16,750,000 Emery County, Utah, 1984 Pollution Control Revenue Bonds (Utah Power & Light Company Project) (the "Outstanding Bonds") and paying related expenses of issuing the Bonds. The Outstanding Bonds were issued on May 11, 1984, for the purpose of financing all or part of the cost of acquisition and construction of air and water pollution control facilities for Unit No. 3 (the "Project") of the Hunter Electric Generating Plant (the "Hunter Plant") of Utah Power and Light Company, which is located entirely within the unincorporated area within the boundaries of the County and which Unit No. 3 is owned and operated by Utah Power and Light Company, a Utah corporation.

The County Clerk stated that no written or oral comments with respect to said matters had been received prior to this meeting. The Chairman then asked if any person present at this meeting desired to present any comments to the Board of County Commissioners with respect to said matters. There were no comments made by any person.

Commission Minutes
September 20, 1984

Thereupon, full opportunity having been given to all persons to express their views concerning the Project and Bonds, upon motion made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson the public hearing was closed with the motion being approved by all members present.

Mr. Ronald Ockey of Jones, Waldo, Holbrook and McDonough, Attorneys for Utah Power and Light Company, presented to the Commission Resolution 9-20-84A, a resolution authorizing and providing for and confirming the issuance and sale by the County of its pollution control revenue bonds in the aggregate principal amount of \$16,750,000. Mr. Ockey discussed with the Commission thoroughly all aspects of the resolution and the refunding of the bond issue. Before final adoption of the resolution, County Attorney, Scott Johansen reminded Bob Gordon of Utah Power and Light that Emery County had received Utah Power & Lights 1983 tax assessment for evaluation but what Emery County needed was the 1984 tax assessment. Mr. Gordon agreed to furnish the same. County Attorney Scott Johansen recommended to the Commission that they adopt Resolution 9-20-84A. Motion was made by Commissioner Clyde Conover, seconded by Commission Chairman Rue P. Ware that Emery County adopt resolution 9-20-84A. Motion was approved by all members present.

(3)

ORANGEVILLE CITY LAW ENFORCEMENT CONTRACT

The following city officials from Orangeville came before the Commission to discuss the law enforcement contract between Orangeville City and Emery County: Mayor Tom Humphrey, Council members Pat Jones, Allen Thorpe, and Howard Tuttle. Mayor Tom Humphrey advised the Commission that the purpose of their presence at the meeting was to request that the amount of the contract be renegotiated for the fiscal year 1985. Mr. Humphrey indicated that this year by not increasing their mill levy, they had to bring their budget down to the amount of \$169,000 which was a decrease of \$37,395 (an 18% cut) over the previous year's budget. He felt like the amount requested of \$13,090 for law enforcement services would be difficult for Orangeville City to pay. Councilmember Allen Thorpe discussed with the Commission the formula for determining the assessment to each of the municipalities indicating that he felt that the assessment was unfair to some towns for law enforcement services due to their size and the number of Sheriff related calls made to that municipality. It was originally the city official's understanding that the cost for law enforcement contracts would be paid through liquor money furnished by the State. Commission Chairman Rue P. Ware indicated that the Commission was willing to look at the law enforcement contracts. Mayor Humphrey indicated that he had received similar contracts from Utah County, with smaller municipalities, and stated he would give copies of the same contract to the Commission for their review. No action was taken. (Prior to the conclusion of the Commission meeting, the County Commission dictated a letter to each of the mayors in the county suggesting that they meet together and develop a proposed formula which should be submitted to the Commission for their consideration.)

(4)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 842372 through and including 842499 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present to approve the warrants for payment with the exception of #842495 which was for payment to Elaine Wilson for attendance at a computer workshop which she was unable to attend.

The following requisitions were presented for approval.

Req. #	Item and Department	Cost
Action		
#38	Camera lense; Sheriff	\$180.00
#47	Copier; Auditor's Office	3,475.00

Approved

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover, to approve the above requisitions for purchase. Motion was approved by all members present.

(5)

EMERY MINING, ROADS - GRAVEL PITS

Mr. Larry Guymon of Emery Mining Company came before the Commission requesting that certain existing County Roads be removed from their mine plans and that they be maintained by Emery County. The roads serving Deer Creek Mine (3.0 miles) and the road to the Des-Bee Dove Mine located on Danish Bench (7.7 miles) are the roads being considered. County Attorney Scott Johansen stated that the roads are presently listed as Emery County Class B Roads and are on the County Road Logs. Motion to approve and to accept these roads was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

Mr. Guymon indicated that they are in need of 700 yards of pit run gravel to be used at their Cottonwood Exploration Site and requested permission to obtain that gravel from property owned by UP&L and leased to Emery County which is located north of the central warehouse. It was agreed upon by both parties that \$2.00 would be paid for each yard. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to allow Emery Mining access into the gravel pit for the removal of 700 yards of pit run gravel at \$2.00 per yard. Motion was approved by all members present.

(6)

PROPOSED LIBRARY TAX STABILITY AND TRUST FUND

Emery County Auditor, Karen Truman presented to the Commission a proposed resolution establishing a library tax stability and trust fund. She indicated that the library presently has \$625,782.66 in unappropriated fund. It was her recommendation that \$50,000 be held from this amount and the remainder placed in a Library Tax Stability and Trust Fund in the amount of \$575,782.66. An additional \$30,000 will be received from tax revenues because of the increased assessed valuation of Emery County. Mrs. Truman indicated that she was unable to contact those involved on the library board to have them present at this meeting. Commission Chairman Rue P. Ware indicated that the library board should have a say in where the monies are to be put and that he would be responsible for contacting the libraries for consideration of this issue at a later time.

(7)

BUSINESS DEVELOPMENT PROGRAM

Mr. Les Prall of the Southeastern Utah Association of Local Governments came before the Commission with the purpose to inform the Commission of the present AOG program to assist business development in Carbon, Emery, San Juan and Grand Counties. The program will provide funds for expansion of small businesses and possible start ups in high-tech areas. Mr. Prall provided, to the Commission, a rough draft of the guidelines and purposes of the program for their review. Commission Chairman Rue P. Ware asked Mr. Prall to return to discuss this in the October Commission meeting.

(8)

SCOTT TRUMAN REQUEST

Ferron City Councilmember, Scott Truman advised the Commission that he has been attending the seminars with Les Prall with regard to economic development. He asked that he be given permission to be a representative of Emery County and in so doing would appreciate the Commission's consideration to provide room and board and transportation for the final week of the schooling. He indicated that the anticipated costs are \$280.00 per five days plus transportation costs. Commission Chairman Rue P. Ware asked Mr. Truman that his request be given consideration in the October 3, 1984 Commission Meeting.

(9)

JOE NELSON AND WILFORD NIELSON - BUSINESS ZONING

Mr. Joe Nelson and Wilford Nielson came before the Commission indicating that they have attempted to open a mechanics shop north of Clawson but that Zoning Administrator, Don Almond had issued a cease and dissist order that they close the business because of non-compliance with the County Zoning Ordinance. Mr. Nelson inquired as to the possibility of obtaining a business license in order to keep the doors open. Commission Chairman Rue P. Ware referred Mr. Nelson and Mr. Nielson to

Commissioner Bevan Wilson who tentatively agreed to meet on September 25, 1984 to discuss this matter further.

(10)

COUNTY ROADS WITHIN CITY LIMITS

County Attorney, Scott Johansen stated that he had received an inquiry from Road Superintendant Ron Barney as to the classification on 4th west street in Ferron it being a county road within the Ferron city limits. It was uncertain as to which part of the road was turned over to Ferron City whether it was the entire street or only a particular portion. Commissioner Bevan Wilson indicated that he would get the 1963 log books and determine the designation of the road at that time.

(11)

MUSEUM FUNDING

County Attorney, Scott Johansen informed the Commission that he had been requested to look into the possibility of funding the county museum out of the library budget. He indicated that this is only possible if they have common facilities, but the possibility did exist if they were under the same board. Commissioner Bevan Wilson, in meeting with the Historical Society, indicated that a grant was available for the funding of the museum in the amount of \$2,500 which would require matching funds by the County, but that the funding could be credited from utilities and so forth. It was indicated that the historical committee may be able to assist. It is their request that one person be funded for two days per week. It was recommended that the library board, the historical society and the museum committee meet to discuss a possible solution.

(12)

UTAH STATE DIVISION OF PERSONNEL MANAGEMENT

Presented to the Commission was the agreement between the Utah State Division of Personnel Management and Emery County. This agreement is to provide personnel services to Emery County on a contractual basis. Emery County would be charged at the rate of \$25.00 per hour for professional services, not to exceed \$1,000 per month. Mr. Johansen reminded the Commission that the agreement could be terminated at any time and under any circumstances. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to approve the signing of the agreement and that Commission Chairman Rue P. Ware be authorized to sign the same. Motion was approved by all members present.

(13)

EMERY COUNTY INDIGENT MEDICAL PROGRAM

County Attorney, Scott Johansen presented to the Commission a revised application for those applying for indigent assistance from the County. The form had previously been approved in Commission meeting, but the Clerk's Office has now prepared the revised form and it was his recommendation that it be adopted. Motion to adopt the revised form as prepared by the Clerk's Office was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(14)

RSVP AGREEMENT

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve the signing of the agreement with the Southeastern Utah Association of Local Governments and Emery County for administering the RSVP program through their office. Motion was approved by all members present.

(15)

RETIREMENT FUND MONEY

The Commission discussed the 3.35% of retirement money which is available to Emery County because of the reduced rate to the State Retirement System. The Commission discussed the possibility of giving this percentage to the employees on their paychecks as a pay increase with each employee having the option to participate in an alternative retirement program such as the 401K program presented to the employees.

Recommendation was made by Commissioner Bevan Wilson that the Auditor's Office prepare a statement for review by the Commission at their next meeting of the actual percentage employees would receive should this money be given to them after benefits have been taken out.

(16)

CLERK'S BUSINESS

Emery County Clerk, Bruce C. Funk advised the Commission of the need to make personnel changes within his office. It was his recommendation that effective October 1, 1984 Jami Luce of Ferron, who has been employed as a temporary employee, be placed in the full-time position as a court clerk at a grade 6 step 1 with all benefits. The second change, being effective October 15, 1984, placing Julie Anderson in a temporary, part-time position with 20 hours per week as she has so requested. The Commission was made aware that Julie Anderson had originally agreed to return to work full-time on October 15, 1984, but has since the time of her leave of absence decided that she would like the part-time position. Because the possibility exists that Julie Anderson would be

interested in returning to the full-time position, at her discretion, at the first of the year, these items were held for further review.

MEETING ADJOURNMENT

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to adjourn the meeting at 10:40 p.m. Motion was approved by all members present.

THE EMERY COUNTY COURTHOUSE

October 3, 1984

Those present at the meeting were Commissioners Bevan Wilson and Clyde Conover; and County Attorney, Scott Johansen.

The meeting was called to order by Acting Commission Chairman Bevan Wilson at 10:05 a.m.

Invocation was given by Commissioner Bevan Wilson.

A review of the Agenda was made.

(1)
COMMISSIONERS MINUTES

All pending minutes from previous Commission Meetings were held until the next regular meeting of the Commission to allow Commission Chairman Rue P. Ware to be present for the review.

(2)
BILL HOWELL - MISDEMEANANT PROGRAM

Bill Howell from the Southeastern Utah Association of Local Governments presented a proposal for supervision of all misdemeanants in Carbon and Emery Counties. The Department of Social Services wishes to divest itself of the supervision of the misdemeanants, but the AOG is willing to take over the program with some possible expansion. The Social Services will continue to fund the program with at least \$26,000

per year, but additional funds will be needed from the County to properly run the program. Upon motion by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover, this matter was tabled to allow time from Mr. Howell to obtain letters from the Department of Social Services, Adult Probation and Parole, the Circuit Court, the Justice Courts and Mental Health. The motion was approved by all members present.

R.S.V.P. ADVISORY COUNCIL

The Retired Senior Volunteer Program (RSVP) has formed an Advisory Council Board. The following names have been submitted by Carolyn Randall, RSVP Director, and Commission approval is requested.

Mrs. Terri Rushton	Orangeville, Utah
Mr. Gerald Stanton	Emery County
Chamber of Commerce	
Mr. Larry Heaton	Department of Social
Services	
Mrs. Estella Curtis	Volunteer Station
Representative	
Mr. Gary Kofford	Mountain Fuel
Supply	
Mrs. Ella Maxfield	Volunteer Station
Representative	
Mr. Lee Drew	Utah Power and Light
Company

R.S.V.P. Advisory Council cont. . .

Ex-Officio members of the council:

Mr. Rick Crawford	Utah ACTION Office
Mr. Clyde Conover	Emery County
Commissioner	
Mrs. Carolyn Randall	RSVP Director

The purpose of this board will be to evaluate the RSVP Program each year, to recognize volunteers, review the budget, screen job applicants, and give advise about the program. The board will meet six (6) times a year and each member of the board will volunteer their time spent.

The Commission felt that the members of the board should be residents of Emery County, and asked that another name be submitted to replace Mr. Gary Kofford, though Mr. Kofford was clearly well qualified. Motion to approve the remaining six (6) names was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present. The term of service for these members will be either one, two or three years to be determined by lot drawing at the next RSVP meeting.

(4)

BOARD OF EQUALIZATION

There is a need to set the dates for the board of equalization to convene and because of the number of delays in printing the tax notices the meeting will need to be scheduled as soon as possible. The Commission authorized the County Auditor, Karen Truman to schedule the dates for the meeting with one day being set for Castle Dale and a half-day for Green River. The Commission agreed to clear their calendar on whatever dates are selected. The Auditor, Assessor, Data Processing and the Attorney are also to clear their calendar on the dates scheduled.

(5)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 842510 through and including 842671 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present to approve all warrants for payment.

(6)

NURSING HOME

The County Nursing Home requisition for \$9,558.22 was rejected pending an itemization of the expenses covered by said amount. There are no further appropriations in the 1984 budget.

(7)

WATER BILL FOR LITTLE BEAR CAMPGROUND

There is an outstanding water bill to Huntington City in the amount of \$2302.99 for water services at Little Bear Campground. Commissioner Clyde Conover and Auditor Karen Truman are to meet with Huntington City regarding this matter.

(8)

PUBLIC HEARING - PLANNING AND ZONING AMENDMENTS

This was the time fixed for the public hearing for the purpose of giving public consideration to the recommendation of the Planning Commission to grant preliminary approval to Utah Power and Light Company for a large scale industrial project to construct phase 1 of Unit 4 of the Hunter Plant to be located in Section 16, T19S, R8E, SLB&M immediately adjacent to the existing Unit 3.

The public hearing was called to order at 1:04 p.m. Those present were LaMar Guymon, Tim Simmons, Don Almond, Bob Gordon, Milt Russon, J. Terrance Cannon and Marc Johnson. No comments were received from the public.

With regard to the Utah Power and Light request, preliminary approval was granted on the following conditions upon motion by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present:

1. Payment of a review fee of \$2,641.70 is paid.
2. Recordable mylar for Hunter III and this portion of Hunter IV.
3. Approval is limited to a letter dated 9-5-84 from UP&L to Don Almond, and per drawings.
4. Provision of advalorem tax information requested in conjunction with the September 1984 Pollution Control Bond Issue.
5. The bond requirement is waived.

Bob Gordon of Utah Power and Light indicated that a sale of part of Hunter IV asset, not capacity, is being discussed with Nevada Power.

PUBLIC HEARING - PLANNING AND ZONING AMENDMENTS

This was the time fixed for the public hearing for the purpose of giving public consideration to the recommendation of the Planning Commission for revision of Subdivision Regulations for Emery County and incorporating said regulations into the Zoning Resolution and amending Section 9-2-1 and 9-2-2 relating to the approval of major mine development projects.

The public hearing was called to order at 1:04 p.m. Those present were LaMar Guymon, Tim Simmons, Don Almond, Bob Gordon, Milt Russon, J. Terrance Cannon and Marc Johnson. No comments were received from the public.

Planning Coordinator, Rodney Dispain, explained that this action would repeal the subdivision ordinance and would enact a subdivision section within the Zoning Resolution.

It also streamlines the approval process of large scale development and clarifies sections regarding the expansion of large scale developments.

Motion to approve the Zoning Amendment Ordinance 10-03-84A, was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

EMT TRAINING SEMINAR

Upon motion by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover, and approved by all members present, the Sheriff's Office was authorized to send a maximum of 15 people to a three day EMT training school. Funds for attendance at the school will come from the Plateau Mining special grant.

(11)

SURPLUS PROPERTY

It was the recommendation of County Clerk, Bruce C. Funk that certain items of surplus property be removed from the library's fixed asset list and donated to the County Museum and Historical society. These items are as follows:

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to transfer these items as recommended by the County Clerk. The motion was approved by all members present.

(12)

PERSONNEL ACTION - SHERIFF'S OFFICE

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present to increase the rank of Norman S. Vuksinick, Jr. and Floyd Forsyth to Sergeant. This will not increase their present grade and step and there will be no increase in pay. Each man will be on a six month probationary period in this position. This action is done to replace Sgt. Gary Hodson and Sgt. Bryce Stromberg who have left the county's employment.

(13)

ECONOMIC DEVELOPMENT COUNCIL

Les Prall of the Southeastern Utah Association of Governments presented again the proposed establishment of an Emery County Economic Development Council with the goals and functions as outlined to the Commission on the fact sheet dated September 18, 1984. Mr. Prall will present bylaws for the adoption of the Commission at their next regular meeting. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to support the AOG's efforts in the establishment of the Emery County Economic Development Council.

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to support the Small Business Economic Revitalization Program in Emery County as outlined by the AOG. The motion was approved by all members present.

(14)

SCOTT TRUMAN - REQUEST TO ATTEND SMALL BUSINESS TRAINING SEMINAR

Scott Truman requests authorization to represent Emery County in a training seminar regarding the Small Business Economic Revitalization Program. In order for Mr. Truman to attend the seminar, he needs a government sponsor and needs a letter to indicate such support.

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to authorize Scott Truman to represent Emery County at the Small Business Economic Revitalization training seminar and to pay reasonable, actual expenses from

the Personnel Director Budget (approximately \$280.00). A letter is to be drafted on Commission stationary by the Commission secretary indicating Emery County's support.

(15)

ORDINANCE 10-03-84C - ESTABLISHING A LIBRARY TAX STABILITY AND TRUST FUND

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present to adopt Ordinance 10-03-84C establishing a Library Tax Stability and Trust Fund in the amount of \$575,782.00.

(16)

LETTER TO DEPOSITORY TRUST COMPANY REGARDING POLLUTION CONTROL BONDS

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present to authorize Commission Chairman Rue P. Ware to sign a letter to the Depository Trust Company regarding the September 1984 Pollution Control Bond Issue. The signature is to be obtained by the Clerk.

(17)

COUNTY LAND FILL WORK - NIELSON CONSTRUCTION

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present to approve the contract between the County Highway Department and John Nielson (Nielson Construction Company) for work at the County Land Fill. A voucher for payment will be presented for approval at the next regular Commission Meeting.

(18)

COUNTY AIRPORT

The runway at the airport located near Huntington is in need of fogging sealer over chips that are already down. The cost of the project is approximately \$4,000. Replacement of light transformers will cost approximately \$500.00. The State Board of Aeronotics may provide a 50% grant for these projects and also for a fogging project. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present to allow the line item of the airport budget to be exceeded by \$1,500 to \$1,800,

Page Seven
Commission Minutes

and to approve the projects.

(19)

CLEVELAND/ELMO BRIDGE

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to award the contract for the replacement of the Cleveland/Elmo Bridge to R.A. Childs. Emery County's portion of the project is approximately \$16,000 (\$32.00 per ton for asphalt). Commissioner Bevan Wilson is authorized to sign the contract and any additional paperwork in order to expedite the project and allow it to proceed immediately. The motion was approved by all members present.

(20)

MARSHAL BRIDGE

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to immediately advertise for bids to replace the Marshal Bridge over Huntington Creek with two railroad cars, with space in between and pavement or cement over the decking. Commissioner Bevan Wilson is authorized to sign the contract and any additional paperwork in order to expedite the project. The motion was approved by all members present.

(21)

MUDDY LANE DIP AND MOLEN DIP

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present to advertise for bids for construction of the Muddy Lane Dip and the Molen Dip. Commissioner Bevan Wilson is authorized to sign the contract and any additional paperwork in order to expedite the project.

(22)

HIAWATHA ROAD

The County has received a petition from the U.S. Fuel employees regarding the condition of the Hiawatha Road. Commissioner Bevan Wilson indicated that the County crusher is scheduled to be there on November 1 and that the County's position with regard to the road has not changed. The present budget precludes oiling of the road at this time, but some gravel work will be done on Emery County's portion of the road. A letter to this effect has been drafted and sent to U.S. Fuel.

(23)

PERSONNEL ACTION - CLERK'S OFFICE

Commissioner Bevan Wilson indicated that Julie Anderson of the Clerk's Office has requested to take the temporary, part-time position from October 15, 1984 to December 31, 1984. After such time it is not known if that position will be available. Mrs. Anderson's transfer to this position will open the full-time position in the Clerk's office and it is the request of County Clerk, Bruce

Page Eight
Commission Minutes

Personnel Action cont. . .

Funk to place Jami Luce in that position at a grade 6 step 1 as of October 15, 1984.

Julie Anderson will be placed on a 20 hour work week at 1/2 her present salary. All changes are within the present budget and therefore an increase will not be needed. The position was advertised and notice posted within Emery County, and hiring was taken from the current roster.

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to approve the transfer of Jami Luce from Office Specialist to Court Clerk on a permanent basis as of October 15, 1984 on a grade 6 step 1; that Julie Anderson be retained as Chief Court Clerk on a temporary, part-time basis at 1/2 her present salary until the end of the year. The motion was approved by all members present.

(24)

GREEN RIVER FREEWAY SIGN

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson, and approved by all members present, to sign an agreement with Green River City regarding the erection of a sign on the new I-70 highway to advertise Green River City.

(25)

ANN MITCHELL, TRAVEL COUNCIL LEAVE OF ABSENCE

Mr. Dan Hunter of the Castle Country Travel Council came before the Commission indicating that Ann B. Mitchell, Executive Director of the travel council has asked for a leave of absence for the period of December 1984 through December of 1985. It was Mr. Hunter's recommendation to the Commission that Mrs. Mitchell be allowed to take a leave of absence indicating arrangements have been made within the present staffing to carry on the work that she normally would have done. Mr. Hunter advised that the travel council has unanimously supported the action. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover and approved by all members present to approve the one year leave of absence for Ann B. Mitchell, Executive Director of the Travel Council as outlined by Mr. Hunter.

Commissioner Bevan Wilson also thanked Mr. Hunter for his support as well as the Travel Council's support in the Emery County Fair.

(4)
BILL HOWELL MISDEMEANANT SUPERVISION

Mr. Bill Howell of the Southeastern Utah Association of Governments came before the Commission to discuss the misdemeanor supervision proposal as presented in a previous Commission meeting asking that Commission approval be given in order to implement the program effective November 1, 1984. After discussion it was the concensus of the Commission that County Attorney Scott Johansen review the proposals as well as any concerns individuals may have about the program and that it be considered in the next Commission meeting or by letter from the Commission.

(5)
ATTORNEY'S BUSINESS

a. Brand Inspector

County Attorney Scott Johansen presented an Agreement in which the Sheriff's Office would take over the responsibilities as County Brand Inspector and Emery County would be reimbursed in the amount of \$3,000.00. Mr. William Behling of Ferron has previously been the brand inspector but has resigned from that position. Mr. Johansen indicated that the cost seemed insufficient and as a result Emery County may have to subsidize the cost. It was the concensus of the Commission that the Animal Control Officer should be the brand inspector and that County Attorney Scott Johansen renegotiate the amount after contacting Sheriff Lamar Guymon.

b. Lease on Photocopy Machine

County Attorney Scott Johansen presented a lease agreement between Emery County and Office Equipment Company on the two Minolta photocopy machines. One installed in the breakroom on the second floor and the other in the Auditors Office. The Agreement would be a lease purchase with a payoff price to be established. Commissioner Bevan Wilson indicated that the purchase and financing arrangements were approved in the previous Commission meetings and no action would be required at this time.

(6)
ECONOMIC DEVELOPMENT COUNSEL BY LAWS

Commissioner Bevan Wilson passed to the Commisison the by laws of the Emery County Economical Development Counsel for their review and study.

(7)

EXTENSION ON TRAIL MOUNTAIN COAL ROAD

Commissioner Bevan Wilson provided to the Commission an Agreement between Emery County and Trail Mountain Coal Company (Natomas Coal) indicating that the Agreement provides for an extension of time for completion of phase I of construction indicated in the agreement of September 14, 1983. John Schindler of the County Attorney's Office has reviewed the documents and it was being presented for signatures. Motion was made by Commissioner Bevan Wilson to accept in the Agreement extending the completion date to March 31, 1985 of

Page Four
Commissioners Minutes
October 18, 1984

Phase II and other conditions as outlined. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(8) DON ALMOND, POSSIBLE RESIGNATION

Commissioner Bevan Wilson stated that Planning and Zoning Administrator Don Almond has indicated that he is considering leaving the employment of Emery County at the end of October, 1984. Commission Secretary Pat Snowball has been requested to obtain an official letter of resignation to be considered at the next commission meeting.

(9) FLOOD CONTROL PROGRAM

Commissioner Bevan Wilson indicated that the Buckhorn Bridge East of Castle Dale and crossing the Huntington Creek is in the design stage of engineering and such engineering is almost completed. The bridge will be of the same type of construction as the Wilson-Brown Bridge north of the County ball complex in Huntington. This project has been included in the flood budget. Motion was made by Commissioner Clyde Conover to allow Johansen and Tuttle and the Road Department to proceed with advertising for bids in hopes that the project would be completed in the fall or before spring high waters. Motion was seconded by Commissioner Bevan Wilson and approved by all members present. Commissioner Bevan Wilson was authorized to sign any additional documents that may be necessary in order to expedite the project.

(10) SOUTH EMERY WATER CONSERVANCY DISTRICT-VACANCIES FILLED

Commission Chairman Rue P. Ware read a letter from Attorney, Therald N. Jensen of Jensen Law Offices who represents South Emery Water Conservancy District indicating the need to reappoint Rex Bunderson, Merlyn Christiansen, Wayne E. Staley and Earl D.

Jensen whose terms of office have expired. With the reappointment, the terms will then expire as follows: Rex Bunderson on June 8, 1986, Merlyn Christiansen on June 8, 1986, Wayne E. Staleys on June 8, 1987 and Earl D. Jensen on June 8, 1987. All reappointments will be for three year terms. Enclosed also was an order to such effect for the Commissions consideration. Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson to approve the request and sign the order. The Clerk's office is to notify all parties involved. Motion was approved by all members present.

(11)

R.S.V.P. - ASSISTANT DIRECTOR

Commissioner Clyde Conover advised the Commission that Debra Huntington of Orangeville has been hired by the R.S.V.P. program as an Assistant Director, to replace a vacancy left by Elsie Wysocki, effective October 16, 1984. The position will be a permanent part-time position at \$400.00 per month. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson,

Page Five

Commissioners Minutes

October 18, 1984

to approve Debra Huntington in the position as described. Motion was approved by all members present.

(12)

SHERIFF DEPARTMENT VACANCIES

Commission Chairman Rue P. Ware advised the Commission of a need to fill two vacancies in the Sheriff's Department. One for a deputy in Green River and a replacement for Dennis Baldwin who has resigned. Commissioner Ware indicated that the Sheriff's Department has had five deputies resign since September 29, and that there is an urgent need to fill these positions.

Also Wendy Curtis of Orangeville, Utah has been hired as a secretary in the Sheriff's Department to begin on a Grade 5 Step 1 on the salary schedule effective October 29, 1984. Motion was made by Commissioner Clyde Conover to allow the Sheriff's Department to fill the two vacancies and approve the hiring of Wendy Curtis as secretary in the Sheriff's Department. The Sheriff is to submit to the Commission the candidates names being considered for deputy positions. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

MEETING ADJOURNMENT

Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson to adjourn the meeting at 8:50 p.m. Motion was approved by all members present.

THE EMERY COUNTY COURTHOUSE

November 7, 1984

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 10:11 a.m.

Invocation was given by Bruce C. Funk.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the October 3, 1984 commission meeting were reviewed and corrected. Motion to approve the minutes as corrected was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

Minutes of the October 18, 1984 commission meeting were reviewed and corrected. Motion to approve the minutes as corrected was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover, and approved by all members present.

(2)

AUDITOR BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 842822 through and including number 843015 for payment. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover to approve all warrants for payment except warrant #842969 which has been previously reimbursed. Motion was approved by all members present.

The following requisitions were presented for approval.

Req. #	Item and Department	Cost	Action
#51	Bar Lights, Sheriff's Office	\$790.00	Approved
#52	Security Cage, Sheriff's Office	475.00	Approved

(3)
COURTHOUSE ROOF REPAIR

Dennis Fuller, Courthouse Custodian, came before the Commission and advised that he had been in contact with a roofing contractor who has looked at the problems with the courthouse roof. The problem is that the metal joints have lost their seal due to the expansion and contraction of the metal and repair costs for solving it would be expensive. Commission Chairman Rue P. Ware has reviewed the problem with Mr. Fuller, and he feels that the best solution, at the present time, is to continue periodically checking and repairing the joints with a sealant. Mr. Fuller was authorized to secure someone to make the hot tar repairs where needed on the roof.

(4)
EMERY COUNTY EMPLOYEES INSURANCE INCREASE

Mr. Jim Banasky of Basky Insurance Agency advised the Commission of the anticipated increase in health costs which would be reflected in the new premium of the renewal policy to take affect January 1, 1985. This increase in the annual premium rate will be approximately \$20,400.00 per year. Mr. Banasky indicated that he would compare the area medical costs over the next couple of weeks and come back to the next commission meeting with his results.

(5)
TENTATIVE 1985 EMERY COUNTY BUDGET

Emery County Auditor, Karen Truman, presented to the Commission the proposed, tentative budget for the year 1985, together with the budget for the Castle Valley Special Service District. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present to adopt the tentative budget and Special Service District budget noting that it does not include the flood disaster budget. Public Hearing was tentatively scheduled for the 5th of December and adoption of the final budget was scheduled for December 12, 1984. See tentative budget sheets attached at the end of 11-07-84 Commission Minutes.

(6)
SHERIFF'S BUSINESS

a) Emery County Sheriff, Lamar Guyman, advised the Commission that the County EMT's do not have a malpractice policy and it was his recommendation that licensed EMT's be insured for \$1,000,000.00. (Does not include drivers who are not EMT's.) Expected annual costs for the policy is \$2,600.00. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to approve the addition of a policy to cover the EMT's.

Page Three
Commission Minutes
November 7, 1984

b) Sheriff Guymon also advised the Commission that he is short a deputy in Green River and asked for permission to use other deputies on their days off to serve in the Green River area. These deputies are to be paid straight time and the money used to pay this overtime would come from the budgeted salary of the resigned officer. This would allow the Sheriff's department to take more time in hiring a replacement for that office. Commissioner Bevan Wilson made a motion to authorize Sheriff Guymon to proceed with the new hire for Sergeant Pace in Green River and that he be allowed to put deputies in Green River, as needed, on their days off. He also stated that they be paid at the straight time rate and that the Sheriff's office pick up all costs. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

PLANNING AND ZONING RESOLUTIONS #11-07-84A AND #11-07-84B

Mr. Rodney Despain came before the Commission in regards to the UP & L construction projects. He stated that although unit three has been completed, that the final site plan and documentation of that unit has not been submitted until this time, but he does have these documents now. He recommended that resolution #11-07-84A be adopted amending the official zone map and approving the large scale industrial project of unit three in Emery County. Motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson to approve resolution #11-07-84A. Approved by all members present.

Mr. Despain indicated that UP & L is ready to proceed with phase one of unit four. It was his recommendation that Resolution #11-07-84B be adopted which provides for the approval of the final site plan and amends the official zone map of Emery County to include the large-scale development of the project. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover to approve Resolution 11-07-84B. Approved by all members present.

(8) CABLE TELEVISION FRANCHISE TRANSFER

Mr. Allen Sharpe of Mountain West Cable Television came before the Commission requesting approval to transfer his cable television franchise to Tela- Communications

who has an office in Price and is interested in purchasing the entire system. He noted that there would be no rate increase or channel changes. All documents have been reviewed by the County Attorney, Scott Johansen, who is satisfied with them. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present to approve the franchise transfer.

(9)

MEETING CANCELLATION

Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Conover that the regular scheduled meeting of November 15, 1984 be cancelled and that all commission business be handled on November 13, 1984 in conjunction with canvassing the elections. Motion was approved by all members present.

(10)

MEETING ADJOURNMENT

Motion to adjourn the meeting for lunch was made at 12:08 p.m. by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

(11)

MEETING RECONVENED

Meeting was again called to order at 1:32 p.m. for the remainder of the agenda.

(12)

HISTORIC PRESERVATION COMMITTEE

Members from the Emery County Historical Society library board and county museum were present with the Commission to discuss the organization of a historic preservation committee. Mr. Montell Seeley, acting as spokesman for the group, indicated that the members of the committee need to be organized under the auspice of the County Commission, indicating that the three organizations had previously met and were in agreement of forming such a committee. Upon the Commission forming a committee, it would then be requested to file an application with the State for possible grant funds. Also required would be an ordinance and recommendations would be made to the Commission as to members serving on the committee. Commissioner Bevan Wilson indicated that it is his understanding that the chairman of the County commission would be heavily involved. It is recommended that the committee be made up of eight people. Commissioner Bevan Wilson made a motion to proceed with forming the historical

preservation committee, that County Attorney, Scott Johansen, assist in creating the ordinances and by-laws of such committee, that recommendations be made to the commission on possible members and a county historian, and that the above be prepared and ready for Commission meeting in December. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

Commissioner Bevan Wilson indicated to those present that the Emery County Commission has made a budget request to the Castle Country Travel Council in the amount of \$1,200.00 for assistance in the operation of the Emery County Museum facility. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present to request assistance from Castle Country Travel Council in the amount of \$1,200.00 for the County Museum; \$1,000.00 for the Emery County Fair for radio and newspaper advertising; \$525.00 for the Emery County Racing Association; and \$6,550.00 to aid Mr. Owen McClenahan, author, in writing a book on the history of Emery County.

BRAND INSPECTOR AGREEMENT

Emery County Sheriff, LaMar Guymon, presented to the Commission the brand inspection agreement with the Utah State Department of Agriculture. The agreement has been reviewed and approved by the County Attorney's office. Motion was made by Commissioner Bevan Wilson to accept the brand inspection agreement. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(14)
MARSHALL BRIGDE

Motion was made by Commissioner Bevan Wilson to ratify the awarding of the contract to Nielson Construction in the amount of \$88,762.50 for replacement of the Marshall Bridge and that he be authorized to signed any future paperwork in order to expedite work on the project. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(15)
AIRPORT GRANT

Commissioner Bevan Wilson advised those present that on or about October 1, 1984 a grant application was made with the U.S. Department of Aeronautics requesting help in completing needed work done at the Huntington Airport. The requested amount of assistance amounted to \$33,589.84. The grant has been approved in the amount of

\$14,331.59. Because of the urgency to get the work done, the County Attorney's office has reviewed the application and it has since been sent back. It was Commissioner Bevan Wilson's recommendation and motion that the the action taken in regards to the application for the matching grant be ratified. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(16)

LAW ENFORCEMENT CONTRACTS

Representatives and council members were present from Castle Dale, Huntington, Ferron and Orangeville to meet with the Commission to discuss law enforcement contracts. Mr. Allen Thorpe, spokesman for the group, indicated that they had been unable to come up with an equitable formula. It was his recommendation that they meet with the Sheriff and determine present services as provided by the State statutes and costs of additional services. Mr. Thorpe was unsure or unable to determine what portion of the fines already going to the County would normally be received by each town. Mr. Ray Wareham, council member of Ferron, indicated that Ferron was taxed to its legal limit and that the only funds they had available was the liquor, D.U.I., and fine monies. He stated also that the State sales tax was down in their community. Council member, Ronald Saunders of Castle Dale, asked for a breakdown of the costs for different types of services, and requested that the Cities be allowed to pick and choose according

Page Six

to their requirements. Commission Chairman Rue P. Ware advised those present that the Commission would meet with the Sheriff and talk over those possibilities as quickly as possible because of the urgent need to resolve this in order to anticipate budget amounts.

(17)

ROAD DEPARTMENT

Commissioner Bevan Wilson, together with Road Superintendent Ron Barney, reviewed with the Commission the need to purchase a used backhoe and front-end loader from area auctions. Motion was made by Commissioner Bevan Wilson that the Road Department secure a used backhoe and front-end loader and that they be allowed to dispose of a 1973 Chevrolet truck which would be salvaged for parts and that a Buffalo steel roller be auctioned off at the next County auction. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

Commissioner Bevan Wilson indicated that because of the Lawrence Bridge project the channel change, and the widening of the road at the intersection, that certain property belonging to Stan Nielson be purchased in the amount \$300.00 for one-half acre. Mr. Nielson had objected to Emery County's correcting the channel on his property.

Commissioner Bevan Wilson made a motion to approve the purchase of the one-half acre in the amount of \$300.00. Motion was seconded by Commissioner Clyde Conover and approved by all members present. The County Attorney's office was instructed to prepare all the paperwork and the transfer of money.

(18)

EMERY COUNTY TRAVEL POLICY

The County Attorney, Scott Johansen, presented the proposed Emery County travel policy to the Commission. Commissioner Bevan Wilson made a motion to approve said travel policy and that it include all out-of-state travel to be approved by the department head and the Commissioner over that department and that it have an effective date of November 7, 1984. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(19)

DON ALMOND

Let it be resolved that this body of the Emery County Commission, having received an official letter of resignation from Don Almond, does accept his letter. We hereby, with regret, release Don Almond from all responsibilities, duties and obligation associated with the position in which he was employed with Emery County. We further extend, by unanimous agreement, our thanks and appreciation to Don Almond for his untiring efforts as a dedicated employee. Motion by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

LAVON GUYMON

Let it be resolved that this body of the Emery County Commission, by unanimous agreement, do hereby recognize the past 17 years of dedicated service which LaVon Guymon of Huntington, Utah has given to the people of Emery County; and that further, we extend, by unanimous agreement, our thanks and appreciation to Lavon Guymon for her untiring efforts as a dedicated and conscientious employee. We hereby convey our best wishes to LaVon upon her retirement from County employment. Motion by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(21)

EMERY COUNTY SHERIFF POSSE WEEK

Commissioner Bevan Wilson made a motion to declare the week of November 11 through 17, 1984 as the Emery County Sheriff Posse week. Recognizing the fact that these members spend much of their own time, expense, and equipment on behalf of the residents of Emery County and the State of Utah and that they be recognized officially this week. He requested that a letter be drafted from the Commission expressing thanks and appreciation in their efforts to each one of the members and officers and to Emery County Sheriff, Lamar Guymon. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

approve and sign the request and agreement. Motion was approved by all members present.

(23)

MOTION TO ADJOURN

Motion to adjourn the meeting was made by Commissioner Clyde Conover at 3:45 p.m., seconded by Commissioner Bevan Wilson and approved by all members present.

THE EMERY COUNTY COURTHOUSE

November 13, 1984

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; Deputy County Attorney, John Schindler; and Clerk, Bruce C. Funk.

The meeting was called to order by Commissioner Chairman Rue P. Ware at 12:00 noon.

(1)

CANVASSING OF THE ELECTION HELD, NOVEMBER 6, 1984

Those called to serve as Judges of Election in counting the Absentee Voter Ballots were Karen Bean, Julie Anderson and Gaylene Bennett. Emery County Clerk, Bruce C. Funk, presented to the Commission the poll books, the tally list, and other items essential for canvassing the ballots. Because of the number of absentee ballots which were delayed due to mailing, the Judges of Election were panelled to tally those results of the absentee ballots. The ballots were, in turn, placed as a separate district #99; the results of which are placed on the final tally list.

Upon completion of the review by the Board of Emery County Commissioners, motion to accept the canvass was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover and approved by all members present.

The results of the official canvass and the final results of the General Election held November 6, 1984 for Emery County are listed at the end of the November 13, 1984 Commission Minutes.

(2)

BUILDING PERMITS

Commissioner Bevan Wilson indicated the need to designate a particular office to handle building permits on a temporary basis until a replacement for Zoning Administrator, Don

Almond who has resigned, is filled. After discussion, motion was made by Commissioner Clyde Conover and seconded by Commissioner Bevan Wilson that the Clerk's office be temporarily appointed to handle the paperwork in regards to building permits. The motion was approved by all members present.

(3)
COUNTY ROAD ENCROACHMENT BONDS - CASTLE VALLEY SPECIAL
SERVICE DISTRICT

Commissioner Bevan Wilson reviewed with the Commission the County's current policy of requiring permits and bonds when encroaching a County road right-of-way. It was his understanding that the requirement for a bond for the Castle Valley Special Service District is waived because they are a County entity. It was believed that this matter was discussed in previous minutes. Motion was made by Commissioner Bevan Wilson that the Board of Commissioners reaffirm their position that the bond requirement for the Castle Valley Special Service District be waived. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(4)
MARSHALL BRIDGE PROJECT

Commissioner Bevan Wilson indicated that Mr. Marshall feels that the County is taking property which is not theirs in making the Marshall Bridge improvements. Deputy County Attorney, John Schindler, stated that from his information the road was an old State highway with a 66' right-of-way, but at present time has been unable to confirm through documents. The County Attorney's office and the Sheriff's office will continue to check on this matter. Mr. Schindler said that he has received approval from Mr. Marshall allowing the bridge work to proceed at this present time. Commissioner Bevan Wilson further advised that the road right-of-way contains a city waterline and therefore, County access is required and that abandonment and relocation would not be feasible as the County would still have to maintain that right-of-way. Motion was made by Commissioner Clyde Conover that the project proceed and recommended condemnation if necessary. He also encouraged the County Attorney's office to proceed with the land settlement and report back to the Commission on their progress. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(5)

SHERIFF'S DEPARTMENT ALCOHOL ENFORCEMENT FUNDS

Emery County Sheriff, Lamar Guymon, requested permission from the Commission to purchase two new vehicles. This money would be made available from Deputy Brad Burr's salary. Deputy Brad Burr's salary would then be paid from the alcohol enforcement funds which is approximately \$20,000.00. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover, and approved by all members present that the Sheriff proceed with obtaining bids for two vehicles as outlined.

(6)
MOTION TO ADJOURN

Motion to adjourn the meeting was made by Commissioner Bevan Wilson at 12:43 p.m., seconded by Commissioner Clyde Conover and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

December 5, 1984

Those present at the meeting were Commissioners Rue P. Ware, Bevan Wilson and Clyde Conover; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Rue P. Ware at 10:09 a.m.

A review of the Agenda was made.

(1)
COMMISSIONERS MINUTES

Minutes of November 7, 1984 Commission Meeting and November 13, 1984 Commission meeting were to be held until the next Commission meeting to allow sufficient time for review by the Commission.

(2)

SECTION CORNER RESURVEY - RESOLUTION 12-5-84A

Mr. Craig Johansen of Johansen and Tuttle Engineering submitted Resolution 12-5- 84A containing seven sections to be recorded. The sections are between Elmo and Cleveland. Costs for completion of each section is \$2,500. These are ready for Commission Chairman Rue P. Ware's signature. Motion was made by Commissioner Bevan Wilson to accept the seven plats. They are as follows: Sections 7, 16, 17, 18, 19, 20 and 21 of Township 17 South, Range 10 East. These plats have been reviewed by the Emery County Recorder and are now to be accepted as part of the official plats of that portion of Emery County. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(3)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 843286 through and including 843459 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to approve all warrants for payment. The motion was approved by all members present.

(4)

EMERY COUNTY NURSING HOME REQUEST

Mr. Ray Killpack, Administrator of the Emery County Nursing Home, made a request, by letter, to the Emery County Commission for payment in the amount of \$8,138.54. This amount is the present deficit as of November 27, 1984. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson that a requisition be filled out and that the Commission approve and authorize the payment thereof. Motion was approved by all members present.

(5)

VETERANS AND BLIND EXEMPTIONS

Emery County Auditor, Karen Truman, provided copies of those persons receiving veterans and blind exemptions on their property taxes to the Board of Emery County Commissioners. Motion was made by Commissioner Bevan Wilson to approve those persons and the exemptions indicated. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(6)

EMERY COUNTY EMPLOYEE'S PAY INCREASE

Commissioner Bevan Wilson made a motion that a bonus amount of 3.35% of each County Employee's earnings as of July 1, 1984 through December 31, 1984, to be paid on the December 15, 1984 pay period and preferably by a separate check. This is done because such payments are no longer made to the retirement system. FICA is the only withholding to be held from the bonus amount, and applies only to current employees of Emery County. Motion was seconded by Commissioner Clyde Conover, and approved by all members present.

(7)

PERSONNEL CHANGES - REHIRES

Commission Secretary, Pat Snowball, reviewed with the Commission the need to update and clarify some procedures in the Emery County Personnel Policy. Her recommendation, as contained in her memo of December 3, 1984 to the Commission, was that elected officials and department heads be expected to consult with their supervising County Commissioner during the recruitment process. After discussion, motion was made by Commissioner Bevan Wilson to include in the Emery County Personnel Policy that elected officials and department heads obtain concurrence from the supervising County Commissioner in conducting a recruitment effort noting that vacancies resulting from promotions, in relation to an approved recruitment, shall have an automatic approval for further action. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(8)

INSURANCE COVERAGE (UMBRELLA)

Commission Secretary, Pat Snowball, advised the Commission that she had sent out invitations for quotes on "umbrella" coverage for the County. This coverage would be provided in addition to the general liability policy now in effect in the amount of \$500,000. This would increase the liability coverage up to \$1,000,000. Because this type of coverage is usually closely associated

Page Three

Commission Minutes

with the primary policy, other companies are unable to competitively bid. Keith Ware of Orangeville, Utah has the principal policy and has quoted the additional umbrella coverage for an annual premium of \$8,000. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to approve the purchase of the additional coverage from Keith Ware. Motion was approved by all members present.

(9)

E.M.T. MALPRACTICE COVERAGE

Pat Snowball informed the Commission that she had received a quote from Keith Ware for malpractice coverage for the E.M.T.s in the County. The premium would be \$2,671.15 for \$300,000 in coverage and not the \$1,000,000 as originally proposed. It was the consensus of the Commission that other agents have the opportunity to bid on this policy.

(10)

VOLUNTEER MEDICAL COVERAGE

It had been determined that Workmans Compensation for injuries received while working as a volunteer is unavailable. After discussion, it was the consensus of the Commission that Kenneth Bosley would be compensated and that should no coverage be available, Emery County would then cover the expenses.

(11)

MEETING ADJOURNMENT

Motion to adjourn the meeting for lunch was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover, and approved by all members present.

(12)

MEETING RECONVENED

The meeting was again called to order at 2:01 p.m. for the public hearing in regards to the Emery County General and other budgets and the remainder of the agenda.

(13)

PUBLIC HEARING - EMERY REVENUE AND EXPENDITURE BUDGETS FOR 1985

Commission Chairman Rue P. Ware opened the public hearing for the purpose of discussing the proposed Emery County Revenue and Expenditure Budgets including the Castle Valley Special Service District Budget for the year 1985 and all other budgets. Those present for the public hearing were Fae Thomas of Community Services in Castle Dale; Larry Davis, Emery County Progress; Howard Silliman of Green River; Kay Jensen of Cleveland; W. Coyne and James Staker of

Elmo; William Luce, Mervin Duncan, Jerald Barton and Keith Winn all of Ferron; Gordon Hicks of Price; Montell Seely of Castle Dale; Mark Humphrey, Lee Humphrey and Jack Curtis of Orangeville; Clyde Thompson of Castle Dale; Steven Barton of Elmo;

and JoAnn Behling of Ferron. Department heads present were Lamar Guymon of the Sheriff's Department; Karen Truman of the Auditor's office; James Nielson of the Weed and Mosquito Department. Some of those making public comment are as follows: Mervin Duncan, Agriculture ACP Conservation District - many are concerned with the weed control as well as the ranchers and farmers as the noxious weed problem seems to be increasing and they would like to see an effective program preferably one started earlier in the spring. James Nielson, Emery County Weed and Mosquito Department Supervisor, was asked to respond to questions in which he indicated that Counties have the responsibility and the authority to develop programs against noxious weeds. Emery County has at least six of the noxious weeds that are on the State list as well as an influx of many exotic noxious weeds which have not been placed on the list. Emery County has been spraying noxious weeds on private ground at no cost to the property owners. He also reviewed with them the Noxious Weed Act passed in 1971 and outlined their present program with the weeds and mosquitos indicating that he has a limited crew and budget. Clyde Thompson inquired if there was a possibility of placing more of the financial burden back on those whose ground needs the spraying. Jerald Barton emphasized the need for an effective working relationship with the Weed Board and recommended that more periodic meetings be held where areas of concern could be identified. Montell Seely asked if Burdock Cocklebur and Russian Olive could be added to the noxious weed list. He was advised that such a recommendation would have to be made to the Weed Board.

Fae Thomas, of the Community Services, requested Commission support in a State and Federal Program which would purchase a home in Ferron, refurbish it and bring up to standards of a safe home. The home would be leased to the Housing Authority of Emery County who would work in conjunction with the Community Services to provide emergency shelter for displaced families, single men and women, the homeless and individuals suffering from violence and abuse. She indicated that she needed to have local support and asked the Commission to contribute \$1,500 to the program.

Mark Humphrey, in regards to predator control, solicited support of the Commission to put any funds for predator control into a bounty which he felt would be much more effective in the control of coyotes.

Commission Chairman Rue P. Ware inquired as to other who would like to make comments regarding the proposed budgets. No one having further comments, Commission Chairman Rue P. Ware closed the public hearing so that the Commission could consider the remainder of items not previously covered on the agenda.

Commission Chairman Rue P. Ware read a letter of November 29, 1984 from Mack V. Bunderson, Attorney for Emery Water Conservancy District, indicating the need for the Emery County Commission to reappoint Eugene Johansen, Clyde Conover and Kay Jensen to the Water Conservancy District Board. Motion was made by Commissioner Bevan Wilson that the Emery County Commission appoint Eugene Johansen, Clyde Conover and Kay Jensen to fill the remainder of their terms which expire on April 8, 1985. Motion was seconded by Commission Chairman Rue P. Ware, and approved by all members present.

ESTABLISHING AN EMERY COUNTY HISTORICAL PRESERVATION
COMMISSION - ORDINANCE 12-5-84B

Presented to the Commission was Ordinance #12-5-84B, an ordinance which establishes an Emery County Historical Preservation Committee. The document has been prepared and reviewed by the Emery County Attorney's Office. Said ordinance will become effective upon publication. Motion to accept the ordinance and establish the Historical Preservation Commission was made by Commissioner Bevan Wilson, seconded by Commission Chairman Rue P. Ware and approved by all members present.

(3)

PERSONNEL ACTION - SHERIFF'S DEPARTMENT

Emery County Auditor, Karen Truman, discussed with the Commission the status of Emery County Sheriff's Department employee, William Downard. Mrs. Truman indicated that Mr. Downard had been overlooked for reclassification upon completing post training in 1982. The Sheriff's Department has requested that he be reimbursed for this money which he is entitled in the amounts of \$75.00 for 1982, \$600.00 in 1983 and \$575.00 up to and including the pay period of December 15, 1984 for a total amount of \$1,250.00. County Attorney, Scott Johansen has reviewed the problem and indicated that Mr. Downard is entitled to the money and that the Commission would be completely within their rights to award such back pay if they so desired. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson that the Emery County Auditor's Office proceed in making those adjustments in the amount of \$1,250.00

in back pay, that it be taken from the Sheriff's budget, that his grade and step be changed from Grade 11 Step 4, to Grade 12 Step 3. Motion was approved by all members present.

(4)

HISTORICAL PRESERVATION COMMISSION APPOINTMENTS

Presented to the Board of Commissioners, by letter, was a list of recommendations for members to serve on the Emery County Historical Preservation Commission. Seven names submitted to serve a two year term were as follows:

Montell Seely, Chairman Pro-tempore, Castle Dale, Utah
LaVora Kofford, Castle Dale, Utah
Sylvia Nelson, Huntington, Utah
Madge Guymon, Huntington, Utah
Owen McClellahan, Castle Dale, Utah
Evelyn Huntsman, Ferron, Utah
Dana Gray, Huntington, Utah

An eighth position was left vacant so that the new Commission would be able to select one other member to serve on the Preservation Commission or as a person at large.

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to approve those appointments to serve on the Historical Preservation commission. Motion was approved by all members present.

BLM LAND DISPOSAL

(a) Commission Chairman Rue P. Ware read a letter from the Moab District Office of the United States Department of the Interior regarding land near Emery which was originally petitioned by the Emery County School District for the purpose of public use and contains 39.95 acres. Mr. Ware indicated that the public or the Commission had 30 days to submit either comments, objections or protests in allowing Emery County School District's intended use of this land for a school site. It was the concensus of the Commission present that they had no objections in the Emery County School Board's intended procurement of this property.

(b) Commission Chairman Rue P. Ware was also notified and presented to the Commission of other public lands which will be disposed of during the fiscal year 1985. The method of disposal will be by a public sale. They are as follows with the identification numbers:

U-53819 SLM, T.16S., R.10E., Sec. 19, SW1/4SE1/4
U-53820 SLM, T.16S., R.10E., Sec. 21, W1/2NE1/4,
NW1/4SE1/4, N1/2, NW1/4
U-53821 SLM, T.16S., R.10E., Sec. 27, NE1/4NE1/4
U-53822 SLM, T.17S., R.9E., Sec. 1, Lot 4, S1/2NW1/4
U-53823 SLM, T.16S., R.9E., Sec. 25, SE1/4NE1/4

It was again the consensus of the Commission that they had no comments or concerns regarding the proposed disposal of the above described properties.

(6)
CARBON-EMERY MOTORCYCLE ASSOCIATION

Mr. Lee Madsen, Race Chairman of the Carbon-Emery Motorcycle Association, by letter had requested permission from the Emery County Commission to hold a motorcycle race in the Woodside area of Emery County on March 30 and 31, 1985. Outlined was the specifics of the race and those people and agencies involved therein. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to approve the application for the meet provided that they satisfy all the requirements of the Bureau of Reclamation and the State Division of Lands. Motion was approved by all members present.

(7)
HIGHWAY DEPARTMENT BUSINESS

Commissioner Bevan Wilson advised the Commission that a bid opening had been held on November 20, 1984 for construction work on the Muddy Lane Dip. The contract was awarded to the apparent low bidder, Skyline Construction, in the amount of \$32,162.70. Also, Molen Lane Dip was awarded to Skyline Construction of Ferron, Utah, again the apparent low bidder, in the amount of \$36,340.20.

Page Four
Commissioners Minutes
December 20, 1984

The bid opening on the Buckhorn Wash Bridge was held on November 16, 1984. The apparent low bidder was Nielson Construction of Huntington, Utah in the amount of \$93,055.00. Motion was made by Commissioner Bevan Wilson, to approve and ratify the awarding of the contracts on each of the three projects as listed and that he be authorized to sign any additional paperwork in order to expedite the projects. Motion was seconded by Commissioner Clyde Conover, and approved by all members present.

(8)
AIRPORT IMPROVEMENTS

there is need for repair on the office building and restrooms at the airport in the approximate amount of \$1,400 to \$1,500 cost. There is some money left over from the grant and is available in a sufficient amount to cover these projects. He indicated that the grant had been due billed into the Emery County General Fund in the year 1984 but there are these projects, as well others, which will not be able to be completed until 1985. During that year, they would have to reopen the budget and bring these monies forward to cover and complete these projects. Motion was made by Commissioner Bevan Wilson that the Emery County Commission secure additional bids and make the needed repairs on the office building and restrooms at the airport. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(9)

ECONOMIC DEVELOPMENT COUNCIL BYLAWS - RESOLUTION 12-20-84A

Emery County Attorney, Scott Johansen presented to the Commission Resolution 12- 20-84A containing the creation of the Emery County Economic Development Council and its bylaws. Said council shall consist of eight members representing various groups throughout the County and they shall be appointed by the Emery County Commission. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to approve Resolution 12-20-84A creating the Emery County Economic Development Council and accepting the bylaws as contained in the Resolution. Motion was approved by all members present.

(10)

TAX STABILITY AND TRUST FUND - RESOLUTION 12-20-84B

Emery County Attorney, Scott Johansen presented to the Commission Resolution #12-20-84B, a resolution transferring funds to the Tax Stability and Trust Fund. Said trust fund was created by Emery County Ordinance 7-9-80D. This Resolution makes a transfer total equal to \$1,500,000. The interest generated by the Tax Stability and Trust Fund for 1984 is to be returned to the County General Fund and interest generated by the Tax Stability and Trust Fund for the year 1985 will be added to the principal of the trust fund and not returned to the County General Fund. Motion was made by Commissioner Bevan Wilson, and seconded by Commissioner Clyde Conover to approve Resolution 12-20-84B and the motion was approved by all members present.

TAX ANTICIPATION NOTE BID OPENING - RESOLUTION 12-20-84C

Commission Chairman Rue P. Ware closed the acceptance of the bids for the Tax Anticipation Note in the amount of \$4,700,000. Commission Chairman Rue P. Ware recognized the receipt of only one bid, that from Zions First National Bank, by letter wherein they indicated they will pay par for 4.7 million dollars of Emery County Tax Anticipation Notes to be dated January 2, 1985, and due December 31, 1985 and having an interest rate of 7.95%. The notes are to be accompanied by the approving legal opinion of Chapman and Cutler at no cost to Zions First National Bank. There being no other bids offered, motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to recognize and tentatively accept the bid of Zions First National Bank and to accept a resolution authorizing the issuance and confirming the sale of 4.7 million dollars of Emery County Tax Anticipation Notes. Motion was approved by all members present.

(12)

LITTLE BEAR CAMPGROUND RESERVATION DATE

Emery County Clerk, Bruce C. Funk requested permission from the Commission to postpone taking reservations for Little Bear Campground until February 1, 1985 to allow sufficient time to complete other matters of business being taken care of in the Clerk's Office. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover to set February 1, 1985 as the date for the beginning of acceptance of reservations for Little Bear Campground and at that time a determination will be made if reservations will be taken by another office in the Courthouse. Motion was approved by all members present.

(13)

MINING DISASTER - COMMISSION SUPPORT

The Emery County Commission expressed their support and their encouragement of the efforts made in behalf of Emery Mining Company in the Wilberg Mine Disaster which occurred on December 19, 1984. They expressed their thanks to the rescue workers, those assisting in the rescue operations, the Sheriff's Department, Jeep Posse Members, the Road Departments both State and County, the news people and all those who have assisted in any way during this time of disaster and grief. The Commission wishes to express their sympathy to the families and friends of those men who lost their lives in this tragedy.

(14)

KRPX RADIO STATION

Commission Chairman Rue P. Ware informed the Commission that he had conversed with Richard Dart, Manager of KRPX Radio Station in Price. Mr. Dart had requested permission from the FCC to stay on the air during the mine disaster and that the FCC had since turned him down on that request since KOAL had

Commission Minutes
December 20, 1984

evening assignment. Commission Chairman Ware praised KRPX radio for their coverage of the mine disaster and its benefit to the residents of both counties. It was Commissioner Ware's wish to support the request by KRPX radio by giving the Commission's consent and encouragement in soliciting FCC approval to extend their air time in such emergency situations, indicating that it had been a valuable asset to the residents of Emery and Carbon County, and that the Board of Emery County Commissioners appreciates the services rendered, especially during this time. Motion was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson to support KRPX in this effort in behalf of the residents of Emery County and that a letter be sent to them indicating such support. Motion was approved by all members present.

(15)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson to adjourn the meeting at 8:30 p.m. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

THE EMERY COUNTY COURTHOUSE

January 2, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:03 a.m.

Invocation was given by Scott Johansen.

A review of the Agenda was made.

(1)

OATHS OF OFFICE - NEW COMMISSIONERS

Newly elected Commissioners, Bevan K. Wilson (Two-Year Commissioner) and Clyde Thompson (Four-Year Commissioner), were sworn into office by Commissioner Clyde Conover. Oaths of office were signed by the same.

(2)

COMMISSION CHAIRMAN APPOINTMENT

Motion was made by Commissioner Bevan Wilson to appoint Commissioner Clyde Conover to serve as Commission Chairman for the remaining period of his term. Motion was seconded by Commissioner Clyde Thompson and approved by all members present. Upon acceptance of the position, Commissioner Conover expressed appreciation to the old Commissioners as well as the upcoming Commissioners and indicated that he would do all he could to serve the residents of Emery County and work toward their best interests.

(3)

RUE P. WARE

The Commission unanimously recognized past Commission Chairman, Rue P. Ware, for his past eight years of dedicated service to the residents of Emery County. The Commission extended thanks and appreciation for his efforts, and recognized his many accomplishments and service which will benefit Emery County for years to come due to his strong leadership. The Commission extends best wishes to Commissioner Ware in his future endeavors.

(4)

COMMISSION MINUTES

Minutes of December 20, 1984 were unavailable for the Commission to review and therefore action was postponed until next Commission meeting.

Commission Chairman Clyde Conover noted receipt of a Mailgram from Herten, West Germany. "We are deeply moved by the mining accident in your town. In the name of all citizens of the mining town of Herten (Westfalen), we send you and all the families of miners who were in the accident, our deepest sympathy. Willie Wessel, Mayor of Mining Town of Herten, West Germany; D 4352 Herten City Hall." The Commission expressed appreciation and acknowledged receipt of the same.

(9)

INSURANCE COVERAGE - EMT UMBRELLA

Commission secretary, Pat Snowball, informed the Commission that no other bids have been received for the extra coverage for the EMT's against malpractice and that the only bid offered at this time was for \$300,000.00 in coverage at an annual premium rate of \$2,671.15 from insurance agent, Keith Ware of Orangeville, Utah, representing National Farmers Insurance. Motion was made by Commissioner Bevan Wilson to accept the bid since no other bids have been received and the deadline has past. He recommended that they implement the policy as soon as possible. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(10)

COCA-COLA VENDING MACHINE

Commission secretary, Pat Snowball, inquired of the Commission to the possibility of having another pop vending machine placed in the vending area. There is presently only a Pepsi-Cola vending machine which offers several of their selections. Motion was made Commissioner Bevan Wilson to allow the installation of another vending machine by the Coca-Cola company provided that they maintain their machine and confirm delivery date. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(11)

PUBLIC HEARING - ADJUSTMENT OF THE 1984 BUDGET

Commission Chairman Clyde Conover opened the public hearing at 10:30 a.m. for the purpose of receiving public comment on the opening of the 1984 Emery County Revenue and Expenditure Budgets and to adjust said budgets in order to close the 1984 budget year. No one was present to express any comments. Commission Chairman Clyde Conover postponed the remainder of the public hearing until 2:00 p.m. today.

Commissioners Minutes
January 2, 1985

(12)

SHERIFF'S DEPARTMENT

(a) Overtime - Emery County Sheriff, Lamar Guymon, advised the Commission that his deputies, as well as himself, has put in a considerable amount of additional time in relation to the disaster at the Wilberg Coal Mine. Realizing that Emery County has a policy of no overtime, if he was to use comp time it would extremely jeopardize his patrol staff. It was his recommendation that the Commission reimburse them for their overtime at straight time pay. Motion was made by Commissioner Bevan Wilson to allow the payment of overtime in this instance due to the amount of overtime required during the disaster and that the overtime be determined for the days December 20 through December 27, 1984. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(b) Resignation of Norm Swapp - Emery County Sheriff, Lamar Guymon, advised the Commission that Norm Swapp has resigned as of January 1, 1985, indicating that he had previously been moved from an ID officer to patrol. Sheriff Guymon requested approval to hire a replacement for him. Motion was made by Commissioner Clyde Thompson to allow the Sheriff's department to fill that vacancy. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

FAYE THOMAS - EMERGENCY HOME IN FERRON

Faye Thomas came before the Commission concerned that no monies had been budgeted by Emery County for the repair and remodeling of a home in Ferron to be used for indigents and emergency situations. She indicated that State money was already available, but yet had to be matched by local funds. Scott Truman of Ferron suggested that a public hearing be held prior to establishment of this home. It was his understanding that some residents of Ferron opposed the establishment of such a home. Commissioner Bevan Wilson indicated that the request for the monies for the project had been received late by the Commission in their budgeting process. After considerable discussion of concerns that the Commission had, Mrs. Thomas was requested to come back at the next Commission Meeting with further information.

(14)

PUBLIC HEARING - ECONOMIC DEVELOPMENT PROJECTS

Commission Chairman Clyde Conover opened the hearing for public comment and discussion. Those present were Les Prall of the Southeastern Utah Association of Governments; Scott Truman of Ferron, Utah; and Tom Humphrey, Mayor of Orangeville. Scott Truman discussed the requirements, qualifications and guidelines in developing

County sponsored projects to be funded by the community block grant program. Mayor Tom Humphrey indicated that the small

Page Five
Commissioners Minutes
January 2, 1985

communities could not make the necessary improvement without the block grants that are available. Scott Truman recommended that the following projects be considered. 1.) An economic development administrator, under the CDBG funds. 2) A revolving fund to be administered through the Economic Development Council. Upon no further public comment, Commission Chairman Clyde Conover closed the public hearing and set January 17, 1985 for a public hearing on the two suggested projects.

(15)
MEETING ADJOURNMENT

Motion to adjourn the meeting for lunch was made at 11:49 a.m. by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

(16)
MEETING RECONVENED

Meeting was again called to order at 1:18 p.m. to discuss business that regularly comes before the Board.

(17)
PUBLIC HEARING - ADJUSTMENT OF THE 1984 BUDGET

Commission Chairman Clyde Conover reopened the public hearing at 2:00 p.m. for consideration of opening the 1984 County Revenue and Expenditure budget and to adjust said budgets in order to close the 1984 budget year. There was still no one present that wished to express any comments. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Thompson to close the meeting for public comment. The 1984 budget will be ratified in the January 17, 1985 Commission meeting.

(18)
MOTION TO ADJOURN

Motion to adjourn the meeting was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Thompson to adjourn the meeting at 2:10 p.m. Approved by all members present.

THE EMERY COUNTY COURTHOUSE

January 17, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 8:06 p.m.

Invocation was given by Commission Chairman, Clyde Conover.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of December 20, 1984 Commission Meeting were reviewed. Motion to approve these minutes was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover and approved by all members present.

Minutes of the January 2, 1985 Commission Meeting were reviewed. Motion to approve those minutes was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

UTAH STATE AGENCY FOR SURPLUS PROPERTY AGREEMENT

Commission Secretary, Pat Snowball presented an agreement between the Utah State Agency for Surplus Property and Emery County which allows Emery County to purchase surplus property and is a renewal of the previous year's agreement. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover to accept and approve the agreement and that Commission Chairman Clyde Conover be authorized to sign any additional paperwork. Motion was approved by all members present.

(3)

BRAND INSPECTION AGREEMENT

Presented to the Commission was the final draft of the agreement between the Utah State Department of Agriculture and Emery County in which Emery County will provide brand inspection service for an annual payment of \$3,000. It was noted that the Attorney's Office has reviewed the document and finds it to be acceptable. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that Emery

County accept the agreement indicating that the agreement has been discussed and worked on in previous Commission Meetings. Motion was approved by all members present.

(4)
EMT MALPRACTICE INSURANCE

Commission Secretary, Pat Snowball informed the Commission that the Ambulance Attendant's Malpractice Insurance with a limit of \$500,000 per occurrence with a \$500.00 deductible on each and every claim now has an annual premium rate of \$4,890.38. If Emery County chooses to include the loading and unloading of the patients, an additional \$725.54 would be added for a total of \$5,615.92 annual premium rate. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to accept the EMT Ambulance Attendants Malpractice Insurance at an annual premium of \$5,615.92 which also includes the coverage of the loading and unloading of the patients; that a binder be obtained immediately from Keith Ware, Insurance Agent who has been the only bidder on this coverage; and that Commission Chairman Clyde Conover be authorized to sign any additional paperwork. Motion was approved by all members present.

Overnight camping: Fee is \$2.00 per night, per unit. Pavilion rental includes overnight camping.

Hours: Pavilion rental hours are from 10:00 a.m. to 8:00 a.m. the next day.

Payments: One-half (1/2) of the reservation rate must be received within ten (10) days of scheduling. Full payment for reservation and cleaning deposit must be received 30 days prior to date of use or reservation will be subject to cancellation.

Cancellations: If we are notified 30 days prior to reservation date, 75% of rental fee and all of the cleaning deposit will be refunded.

Mr. Funk indicated that the only changes were in the reservation rates for groups of 50 or less. In the past, small groups have been able to occupy the large pavillion at a reduced rate on those times of the week when we have a high demand for the large pavillion. These changes would encourage a greater use of the small pavillion at the new rates. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that the 1985 pavillion rental rates as shown be put into effect with the 1985 reservation year, effective February 1, 1985.

WILLIAM WHEELER, EMERY COUNTY INDIGENT CLAIMANT

Emery County Clerk, Bruce C. Funk informed the Commission that he and Deputy County Attorney, John Schindler met with Castle View Hospital regarding settling medical claims of William Wheeler who is a County Indigent Claimant. A settlement has been reached with the hospital, who has an outstanding bill

Wheeler Claims Cont. . .

against the Wheelers in the amount of \$7,015.52. The hospital indicated their willingness to accept, as payment in full \$3,500.00, for the outstanding medical bills. The hospital, after receipt of the \$3,500.00 settlement, will write off the remaining balance as a bad debt and no further billing will be made to Mr. Wheeler or Emery County.

It was also suggested that the Commission consider the following payment schedule for the remaining claims against Mr. Wheeler effective in February. Payment of \$42.00 to Bauermeister Radiology of Helper which would clear that account; \$50.00 to Sterling Potter in February and \$50.00 payments to continue each month until a total of \$545.00 has been paid. March payments will be as follows: \$28.00 to Dermatopathology, William S. Weems, M.D. of Murray Utah to clear that claim; a \$50.00 payment to Internal Medicine in Salt Lake City, Utah and \$50.00 payments thereafter until the total amount of \$750.00 has been paid. April payments are as follows: \$30.00 to Joseph Sannella in Price, Utah and payments continuing the same each month until an amount of \$120.00 is paid. Motion was made by Commissioner Clyde Thompson to accept the settlement of Castle View Hospital and the payment schedule as recommended by the County Clerk. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(7)
DATA PROCESSING REASSIGNMENT

Commissioner Bevan Wilson reviewed with the Commission the past history of the Data Processing Department indicating the need to consider putting that Department under an elected official. After considerable discussion, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that the Data Processing Department and all responsibilities there be placed under the County Clerk's Office; that Alice Ann Snyder remain as the Data Processing Coordinator at her present salary; that the County Clerk be authorized to proceed with filling one, full-time vacancy on a grade 5 step 1 salary; that County Clerk, Bruce C. Funk be appointed as the Computer Trust representative. A letter is to be sent to the Computer Trust Committee signed by the County Commission indicating the same. Motion was approved by all members present.

(8)

WATTS LINE FOR CLERK'S OFFICE AND DATA PROCESSING

County Clerk, Bruce Funk reviewed with the Commission the need to install a watts line in the Clerk's Office and Data Processing because of the increased number of long distance calls required in handling indigent claims and the demands placed upon data processing in placing long distance calls. It was discussed that this would be a cost saving factor to the County. Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Thompson and approved by all members present to authorize the Clerk's Office to procure a watts line to be jointly used between the Clerk's Office and Data Processing.

HISTORICAL PRESERVATION COMMITTEE - WILBERG MINE BOOK

Historical Preservation Committee Chairman, Montell Seely came before the Board of Commissioners soliciting support in the publication of a history book regarding the Wilberg Mine Disaster. Mr. Seely indicated that the book would be approximately 400 pages of 8 1/2" by 11" size and would be hard back. The anticipated expense in publishing the book would be approximately \$40,000. He indicated that he had and would solicit support from other entities, but that his purpose in being at Commission meeting was to inquire if the Commission would make an outright donation to the project or would underwrite the project in case sales do not meet the publication costs. Commission Chairman Clyde Conover asked that more information be provided to the Commission in the form of a proposal from the Preservation Committee indicating that no funds had been budgeted this year. It was the consensus of the Commission that the Historical Preservation Commission be more specific in their proposal and allow the Commission sufficient time to review such a proposal and a decision could be given to them at a later date.

(10)

PUBLIC HEARING - ECONOMIC DEVELOPMENT COUNCIL

Commission Chairman Clyde Conover opened the public hearing at 8:01 p.m. requesting that Commissioner Bevan Wilson conduct this portion of the meeting.

Scott Truman of Ferron, Utah gave an oral review of the programs and indicated that the County is applying for Community Development Block Grants for funding the following projects: (1) the Emery County Economic Development Agency and (2) the Emery County Small Business Revolving Loan Fund. The purpose of this meeting was for

public input or comment on these projects. It was his recommendation that the County proceed with funding for these two projects.

Mary Bently of Ferron, Utah inquired as to whether the funds were on a year-to-year basis. It was indicated that the funds would have to be reapplied for every year and these funds solicited would be for the year 1985-1986. The funds are Federal money to provide jobs which would benefit low income people.

Roger Curtis of Orangeville, Utah inquired as to the role of the Economic Development Council. Commissioner Bevan Wilson discussed the establishment of the organization and that its purpose was to give direction to programs and projects in the County and that no County tax money was being used for it, but the County is, however, providing services in kind such as office space, secretarial services and equipment. Commissioner Wilson also indicated that he felt that after 12 to 18 months into the program it would become self-supporting as far as the council operating off the 15% administration fund.

No comments were offered in opposition to the proposed projects. Scott Truman of Ferron offered support for the projects. There being no other comments issued, Commissioner Bevan Wilson made a motion to close the public hearing, motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

KLCY - F.M. TRANSLATOR REPLACEMENT

Emery County Communications Specialist, Keith Lake informed the Commission that of the five (5) F.M. translators, four have been replaced over the past several years from the original one watt to 10 watt translators. Funding had been requested to upgrade the fifth one, which is the KLCY F.M. station, but funding had been cut last year. Because complaints of the low power had reached the chief engineer at the KLCY broadcast station they contacted Mr. Lake and are willing to furnish a new 10 watt translator in exchange for the one watt. Mr. Lake indicated that the Attorney's Office has reviewed and approved the document but he would request permission to relocate the one watt translator so that the station could be received in the town of Emery. Emery County will do all the installation and the maintenance on the new translator. The license modification and application with the FCC has been filled out by the transmitting station. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to accept the agreement and application and that Commission Chairman Clyde Conover be authorized to sign the same and any additional paperwork as so required. Motion was approved by all members present.

OUTDOOR RECREATION RESOURCE REVIEW COMMISSION, II

Commission Chairman Clyde Conover reviewed with the Commission a letter that he had received from Southeastern Utah Association of Local Governments indicating that the Congress of the United States will soon reestablish the Second Outdoor Recreation Resource Review Commission (O.R.R.R.C.,II) and it was their recommendation that the general public of southern Utah be represented on that commission. Motion was made by

Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that the Commission go on record as supporting Cal Black of San Juan County to serve on that commission and that letters be sent to the Congressional Representatives indicating the same. Motion was approved by all members present.

(14)

ASBESTOS ABATEMENT

By letter to the County Attorney's Office, the Attorney General's Office has informed those owners of public buildings that the Environmental Protection Agency has required such owners to inspect and report any friable asbestos. The letter indicated that claims must be filed before January 31, 1985. It was noted that there was a representative in Blanding who can test for asbestos, the cost being \$100.00 per building. It was the recommendation of the County Attorney's Office that this be done as soon as possible. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that an effort be made to see which buildings are involved and that this be done as soon as possible. The motion was approved by all members present. The Clerk's Office was instructed to contact the necessary persons to see if this project could be completed.

(15)

SOUTHEASTERN UTAH ASSOCIATION OF GOVERNMENTS BOARD APPOINTMENT

Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson to appoint Commissioner Clyde Thompson to the Southeastern Utah Association of Governments Board of Directors. Motion was approved by all members present.

(16)

UTAH ASSOCIATION OF COUNTIES BOARD OF DIRECTORS APPOINTMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that a letter be written to Mr. Bill Howell, Executive Director of the Southeastern Utah Association of Local Governments indicating that because of the position vacated by Bob Lowe of San Juan County, that the Emery County Commission recommended support and also encouraged that the Southeastern Utah Association of Local Governments consider the appointment of Clyde E. Conover to fill the unexpired term of Bob Lowe. Motion was approved by all members present.

CHAMBER OF COMMERCE

Mary Bently, Chamber of Commerce President, informed the Commission that the Chamber is considering forming a corporation consisting of farmers and livestock owners in Emery County in order to increase the market and the trucking of livestock and through the AOG has contacted the Department of Agriculture to further discuss their findings and any funding available. It was believed that this would greatly increase the profits and products offered in Emery County and that there has been a considerable interest by farmers in the program. It was the consensus of the Commission that the Chamber outline in more detail what is involved before the Commission could lend support to such a project.

(18)

SCOTT TRUMAN - ECONOMIC DEVELOPMENT COUNCIL SCHOOL

Mr. Scott Truman of Ferron indicated to the Commission that the National Economic Development Council will again hold a schooling in Provo and it was his request that the Commission cover the expenses for the same, not to exceed \$280.00. It was his request that an advance check or payment in the amount of \$137.50 be made for lodging in order to take advantage of a special discount. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, that if at all possible a check in the amount of \$137.50 be issued to cover lodging expense and that Emery County cover the costs of the schooling for Scott Truman in an amount not to exceed \$280.00 and that he furnish receipts on all expenses.

(19)

HISTORICAL PRESERVATION COMMITTEE APPOINTMENT

Motion was made by Commission Chairman Clyde Conover that Commissioner Bevan Wilson be appointed to serve on the Historical Preservation Committee. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(20)

VISTA REPRESENTATIVE - DEANNE NEUGEBAUER

Ms. DeAnne Neugebauer introduced herself to the Commission as the VISTA Representative indicating that their organization has been involved in programs for low income families. This past year that they operated Operation Santa Claus and were soliciting recommendations or possible projects for low income families.

(21)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adjourn the meeting at 9:11 p.m. Motion was approved by all members present.

MINUTES OF THE REGULAR MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

February 6, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Bruce C. Funk.

A review of the Agenda was made.

COMMISSIONERS MINUTES

Minutes of the January 17, 1985 Commission Meeting were reviewed and amended. Motion to approve the amended minutes was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Deputy Auditor, Charlane Luke, presented warrant edit list numbered 850001 through and including 850200 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover and approved by all members present to approve all warrants for payment.

The following requisitions were presented for approval.

	Item and D#tment	Cost	Action
#1	File cabinet, Animal Control	\$111.60	Approved

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above requisition for purchase. Motion was approved by all members present.

(3)

ADJUSTMENT OF 1984 BUDGET

Pursuant to the public hearing held at the January 2, 1985 Commission meeting the 1984 balanced budget was presented to the Commission for consideration and approval noting that the 1984 revenue and expenditure budgets were increased by \$273,128.00.

Motion to approve the adjusted 1984 budget was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

(4)
DENNIS FULLER - COURTHOUSE CUSTODIAN

Mr. Dennis Fuller, Custodial Contractor, who provides services to Emery County, inquired of the Commission as to the possibility of receiving a raise. Commission Chairman Clyde Conover indicated that an increase had not been budgeted for in the 1985 budget, but that it could be given consideration at a later date.

(5)
JUVENILE PROGRAM - EXPLORER POST

Emery County Sheriff, Lamar Guymon, introduced Brad Burr, Deputy Sheriff who is in charge of working with juveniles and teaching law enforcement classes at the local schools. Deputy Burr indicated that he is presently teaching a vocational law enforcement class at the high school (one hour) which emphasizes basic understanding of law enforcement.

Also under his supervision is a police explorer post consisting of eleven youth who are registered with the Boy Scouts of American. This is a County wide program with Gordon Ewell of Ferron as the Commander of the post. Mr. Ewell indicated that there has been great interest and respect for the police officers of the county and all because of the type of programs being instructed and the involvement of the youth in these programs. It was indicated that the youth and such programs provide alot of valuable experience to the youth and also greatly helps in the investigation of crimes. The Commission complimented them on the program and their involmnet.

(6)
UP&L - COUNTY ROAD PROBLEMS

Commissioner Bevan Wilson, Craig Johansen of Johansen and Tuttle Engineering and Ron Barney of the Highway Department discussed at length with the Commission the

problems involved in Utah Power and Light Company using the County road, which intersects with Highway 10 near the Hunter Plant, as a coal haul road. It was indicated that the intersection with U-10 is inadequate for the traffic and must be widened to accommodate at least three lanes of truck traffic. The sight distance both left and right is poor and local traffic will not move freely with this kind of heavy use. Stop signs would also have to be placed. The existing County road is not structurally adequate to bear the heavy trucks and sustain the increased traffic. Concern was also expressed for the safety of those County residents who use that particular road.

Commissioner Bevan Wilson informed the Commission that a meeting has been requested between himself, the Emery County Road Department, Utah Power and Light and the Utah Department of Transportation in the hope of developing recommendations which could be brought back for final consideration. It was the consensus of the Commission that Commissioner Wilson be authorized and given the support of the full Commission to proceed with the meetings and the evaluation and recommendation to be brought back to the Commission.

(7)
CULVERT STANDARDS

Commissioner Bevan Wilson discussed the need in adopting a culvert standard in order to comply with federal requirements. The new program for flood control will allow financial assistance in replacing damaged culverts provided that a 25 year flood plan standard and culvert standards have been established and that culverts be a minimum of 60" in diameter. Craig Johansen of Johansen and Tuttle Engineering has reviewed the requirements and sees no problem in adopting these standards in the County. The primary requirement of these standards is that all drainage structures be qualified to handle a 25 year flood. Motion was made by Commissioner Bevan Wilson that Emery County adopt the Utah Department of Transportation Standards as contained in Part 4 (Roadway Drainage) of the UDOT manual of instruction (Revised 1984), and that drainage structures be so designed to handle a 25 year flood; that Commission Chairman Clyde Conover be authorized to sign a resolution to this effect at a later date. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(8)
FLOOD DISASTER PROJECTS

Commissioner Bevan Wilson reviewed with the Commission a list of projects, which have been prioritized, and need consideration and approval by the Commission to

proceed since there is a six month completion date on all projects. All projects have been budgeted for. The projects are as follows in their priority:

Project	Est. Const.	Est. E#
First Priority		
Rock Canyon Wash	\$ 30,000	\$ 5,500
Christensen Wash Dip	\$ 30,000	\$ 5,500

The estimated construction and engineering costs all need immediate approval with the exception of the Marshall Bridge, the Muddy Lane Dip the Molen Lane Dip and the Buckhorn Bridge which have previously been approved and contracts awarded. Motion was made by Commissioner Bevan Wilson that the projects be approved so that engineering and bid openings can be held and that he be authorized to sign any additional paperwork in order to expedite the projects indicating that no contracts will be awarded until each is approved in a Commission meeting and that all projects have been budgeted for. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(9)

HUNTINGTON DRAINAGE PROJECT CONTRACT AWARDED

Commissioner Bevan Wilson informed the Commission that at 10:00 a.m. a bid opening had been held for rip rapping on the Huntington Drainage indicating that Tony Siaperas Construction Company was the apparent low bid with a bid of \$22,300, with other bids being received from the following:

Page Five

Craig Johansen of Johansen and Tuttle Engineering has reviewed the bid and it was his recommendation that Emery County accept and award the contract to Tony Siaperas. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that Tony Siaperas Construction Company be awarded the contract for rip rapping on the Huntington Drainage for the amount of \$22,300. Motion was approved by all members present.

BOTT LANE WIDENING

Mr. Eugene Johansen informed the Commission that he does not support the widening of the Bott Lane Road and felt that the improvement of the river crossing would be the first step in such a project and that it was not in the best interest of the farmers who use that road. It was his recommendation that those monies that are budgeted for the work on the Bott Lane be used elsewhere.

PERSONNEL BUSINESS

a. Sick and Annual Leave - Commission Secretary, Pat Snowball, asked permission from the Commission to circulate a memo clarifying sick leave and annual leave and that it be given to all County Employees. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present that the memo be approved and circulated to all the employees. The memo will be from the Commission.

b. Longevity Accumulation of Annual Leave - Commission Secretary, Pat Snowball discussed with the Commission the need to clarify the effective date for implementing the longevity accumulation of annual leave. It was noted that on January 17, 1985, the Board of Emery County Commissioners determined that provisions of the Personnel Policies and Procedures Manual that were not in practice prior to January 1, 1983, were effective only as of January 1, 1983. Section IX, paragraph D, subparagraph d on Page 12 of the policy states that those employees who had achieved ten (10) years of service as of January 1, 1983 would have begun to accumulate 1.25 days per month from that date. Employees who achieve ten (10) years of service after January 1, 1983 will begin to accumulate 1.25 days per month, the month following the completion of the ten (10) years of service. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that the policy and a memorandum from the Board of County Commissioners be distributed to all County Employees clarifying the effective date for accumulating annual leave for those who have served ten (10) years. Motion was approved by all members present.

Page Six

c. Destruction of Employment Applications - Mrs. Snowball reviewed with the Commission the need to remove a large accumulation of employment applications which have been on deposit with Emery County and date back to 1980. Emery County is presently getting job applicants through Job Service and these applications are not essential. It was her recommendation that these be destroyed after an article has been placed in the paper indicating the County's intention to do the same.

Motion was made by Commissioner Clyde Thompson and seconded by Commissioner Bevan Wilson that Mrs. Snowball place an advertisement in the paper indicating that after a certain period of time all such applications on file with Emery County will be destroyed and that future applications for employment will be referred through Job Service and further that a sign indicating that Emery County hires through Job Service be posted in Emery County. Motion was approved by all members present.

d. Personnel Changes - Rehires - Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that those personnel policy changes discussed in the December 5, 1984 Commission Meeting where presented by Commission Secretary, Pat Snowball in their final draft form to be inserted in the Emery County Personnel Policy on Page 6, replacing the previous one, now requiring that Elected officials and Department Heads consult their supervising County Commissioner during the recruitment process. Motion was approved by all members present.

EMERGENCY WORK PROGRAM

Roberta Marston introduced herself to the Commission as the person responsible for the Emergency Work Program for low income families. She is working out of the Association of Governments office and also working with Social Services. Her purpose in coming before the Commission was to advise the Commission that she presently has 15 people within Emery County who are available to work on public projects and available for 32 hours per week. The Emergency Work Program will pick up all wages with no added cost or liability to the County. The only service that the County would provide would be direct supervision of the individual and the filling out of the necessary paperwork, time sheets, etc. People in these positions in the past have served as janitorial laborers, mechanics and have various other skills. The program lasts for six months. After discussion with the Commission, it was recommended that Mrs. Marston bring guidelines of the program back to Commission meeting with names and the skills available on those individuals and indicating that Commissioner Clyde Thompson is over such programs.

F.E.M.A. CONTRACT

Presented to the Commission by Carol Ware, Road Department Secretary was a contract between F.E.M.A., the Federal Emergency Management Agency and Emery County in which F.E.M.A. will provide \$191,500 in Disaster Relief Funds to Emery County. Commissioner Bevan Wilson indicated that the agreement was approved in a previous

Commission meetings and it is now presented for signature. Commission Chairman Clyde Conover signed the same.

MEETING ADJOURNMENT

Motion was made to adjourn the meeting at 1:15 p.m. by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

THE EMERY COUNTY COURTHOUSE

March 6, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Deputy Clerk, Jami Luce.

The meeting was called to order by Commission Chairman Clyde Conover at 10:07 a.m.

Invocation was given by Commissioner Clyde Thompson.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of February 6, 1985 Commission Meeting were to be held until the next Commission meeting to allow sufficient time for review by the Commission.

(2)

WORKMEN'S COMPENSATION INSURANCE

Emery County Auditor, Karen Truman, presented the desired change in insurance agencies providing workmen's compensation. Motion was made by Commissioner Clyde Thompson to approve changing the county's workmen's compensation insurance from the State Insurance Fund to Utah Local Governments Insurance Trust. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

CUSTODIAL CONTRACT - DENNIS FULLER

Discussion was entered into regarding the custodial contract between Dennis Fuller and Emery County. It was suggested by County Auditor, Karen Truman, that the contract be amended to state a specific date for monthly payments to be made. It was also indicated

that the contract should be reviewed annually and provision for such be allowed therein. County Attorney, Scott Johansen, is to prepare an amended contract for review by the Commission for the next regular, scheduled meeting.

(4)
AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 850295 through and including 8500484 for payment. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve all warrants for payment. The motion was approved by all members present.

(5)
HANDICAP REPORT

Emery County Auditor, Karen Truman, requested that part-time employee, Gaylene Bennett be assigned to do the handicap report at her present rate of pay in the Treasurer's office, with the money to be taken out of the Treasurer's budget now and reimbursed to them at a later date. Motion was made by Commissioner Bevan Wilson, and seconded by Commissioner Clyde Thompson to approve this request. Approved by all members present.

(6)
XEROX COPY MACHINES

The use and payoff advantages on the xerox copy machines located in the Auditor's office and in the breakroom upstairs were discussed. County Auditor, Karen Truman, is to check further into the feasibility of early payoff on the machines, with consideration to the service contracts, and report back at the next Commission meeting.

(7)
EMERY COUNTY TRAVEL POLICY

County Auditor, Karen Truman, reviewed with the Commission problems that have arisen regarding the travel policy. She suggested that travel vouchers submitted be more specific as to the charges and when limits are exceeded, then written explanations be attached. Karen Truman will have available a form in her office that will assist. It was the consensus of those present that the policy be more fully complied with and that proper documentation be furnished.

(8)

EMERY COUNTY ECONOMIC DEVELOPMENT FUNDING

Scott Truman, Executive Director of the Emery County Economic Development Council, presented to the Commission the break-down of the County's portion of required funds for the Emery County Economic Development Council as required by the Community Impact Board. The money to be expended over the next two years is as follows:

Secretarial - salary and benefits	\$16,157.00
Office space	6,750.00
Utilities	1,000.00
Office supplies	1,000.00
Postage	2,000.00
Copy machine	700.00
Phone	2,200.00
Equipment	4,000.00
TOTAL	\$33,807.00

Motion was made by Commissioner Bevan Wilson to ratify these expenditure as required for the grant monies. It was seconded by Commissioner Clyde Thompson, and approved by all members present.

BONNEVILLE HEALTH SYSTEMS PROPOSAL

Randy Kirton, President of Bonneville Health Systems; Lewis Garrett, Vice- President; and John Bramble, representative, reviewed with the Commission proposals for the management of the Emery County Nursing Home. It was the Commission's recommendation that the Commissioners meet with the Nursing Home Board before next Commission meeting and get their feelings and recommendations, as to what action should be taken. A firm decision will then be made at the next regular, scheduled Commission meeting.

(10)

JOB SERVICE

Job Service representative, Colleen Everidge, presented to the Commission their plan of service for the coming year for the Emery County area. The Castle Dale office of Job Service was praised by the Commission for the beneficial job they are doing.

(11)

Simmons as chairman of the Emery County Planning and Zoning Commission. The Commission recognizes the many years of service that he has rendered in behalf of the residents of Emery County in which he has provided leadership as chairman through times of fast growth and economic development. The Commission wants Mr. Simmons to know that his efforts will be appreciated and realized for years to come. A letter is to be sent to Mr. Simmons from the Commission in appreciation. Motion was approved by all members present.

(4)

ECONOMIC DEVELOPMENT COUNCIL - MEMBERS AT LARGE

Presented to the Commission was the following individuals to be considered as members, at large, to serve on the Economic Development Council; Blaine Luke of Green River, Dan Hunter of Huntington, Tracy Jeffs of Castle Dale, and Randy Lake of Emery. It was indicated that appointment of these members would provide a more equitable distribution of membership throughout the County. Motion was made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson to approve all the above-mentioned to serve as members at large on the Emery County Economic Development Council for terms to be decided by the Economic Development Council. Motion was approved by all member present.

(5)

PERSONNEL POLICY-LEAVE OF ABSENCE

Commission Secretary, Pat Snowball, advised the Commission that the present Emery County Personnel Policy requires that a leave of absence form be used by those individuals requesting the same and that at present, Emery County does not have a form. Presented to the Commission was a proposed form to be used by the applicant, requiring the approval of the department head and final action by the Commission. This form has been compiled jointly by Ms. Snowball and the State Personnel office. Motion was made by Commissioner Clyde Thompson that the Commission accept and adopt the leave of absence form as proposed. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(6)

HIGHWAY DEPARTMENT PERSONNEL ACTION

Commission Secretary, Pat Snowball, presented to the Commission the personnel action forms on Austin Lund of the Highway Department who has requested that his classification from shop foremen/mechanic be changed to a new classification as mechanic which will mean a change in grade and step to grade 11, step 6, and that Don Morlan who presently has the classification as area foreman be moved into the vacated position as shop foremen at a grade 13, step 5. Motion was made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson that the personnel actions be approved for both Austin Lund and Don Morlan in the Road Department at the grade and step indicated. Motion was approved by all members present.

ADELE HUNTINGTON, CEU, REQUEST TO TEACH CLASS

Adele Huntington of the College of Eastern Utah has requested to use the courthouse for teaching of a secretary class by the College of Eastern Utah as part of their continuing education program. Attendees would earn college credit and the cost is \$40.00 per person. After discussion it was the consensus of the Commission that this request be declined since it is in violation of the policy set forth for use of the courthouse, in that scheduled meetings must be for nonprofit and civic groups. Motion to that effect was

made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson and approved by all members present.

(11)

EVA CONOVER - HIGHWAY DEPARTMENT REQUEST

A letter was received from Eva Conover of Ferron wanting improvements on county roads. It was the concensus of the Commission that the letter be given to Commissioner Bevan Wilson in that he is the Commissioner over the Road Department to respond to her.

(12)

COPY MACHINES - PAYOFF

Emery County Auditor, Karen Truman, as requested in the last Commission meeting, advised the Commission as to the amount to pay off the machines in the Auditor's office and the upstairs breakroom, and the amount of interest that could be saved. She indicated that present payoff for both machines is \$6,110.50 and that the 1984 budget only included \$5,014.00 for payment towards these machines. She further stated that if the machines could be paid off, a net savings of \$800.00 in interest could be realized. Motion was made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson to proceed with paying off the machines and that if necessary, budgets could be readjusted at the time that mill levis are set. Motion was approved by all members present.

(13)

HIGHWAY DEPARTMENT - DISPOSAL OF SURPLUS PROPERTY

Emery County Road Superintendent, Ron Barney, requested approval by the Commission to dispose of one highway sander and one forklift under the guidelines of the county ordinance governing the disposal of fixed assets. Both pieces of equipment are inoperable, and it was his request that they be scraped out and any parts be salvaged to use on other equipment. Motion was made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson to authorize the disposal of these two pieces of equipment as requested. Motion was approved by all members present.

EMERY COUNTY NURSING HOME - CASTLE COUNTRY CARE CENTER
PROPOSAL

Pat and Craig Johnson of Castle Country Care Center of Price, Utah, presented their proposal for management of the Emery County Nursing Home, dated March 1, 1985 to the Board of Emery County Commissioners for their review. After review, clarification, and further discussion, Commissioner Clyde Thompson requested that they take their proposal to the Board of the Emery County Nursing Home in their next regular meeting, indicating that the Nursing Home board will make the final recommendation to the Board of Emery County Commissioners. Appreciation was expressed for their time and effort in coming and presenting the information to the Commission at this time. Some of the highlights of this proposal that the representatives of Castle Country Care Center pointed out, were that the nursing home become an intermediate care facility rather than a skilled patient facility, and that if an increase of demand is required upon the center and no local help is available, they have plenty of staff to help. They would also continue the present employees benefit program, and the nursing home board responsibilities would remain much the same.

(15)

HIGHWAY DEPARTMENT - OUTBUILDINGS

Presented to the Commission was an agreement between Emery County and John Nielson Construction for the dismantling of two buildings located in Duchesne County to be delivered to the Road Department yard here in Emery County. Two buildings are being offered for sale by the Utah State Surplus. The large one measuring 60' by 95' would cost \$1,000.00. The other one measuring 40' by 70' would cost \$500.00. Nielson Construction Company has agreed to move the large building at a cost of \$8,000.00, and the smaller building at a cost of \$3,000.00 or \$11,000.00 total. Nielson Construction was the lowest of three offers. The other two bids were Ralph Madsen of Duchesne, for \$12,500.00, and Maughan Brothers of Orem for \$13,500.00. Commissioner Bevan Wilson was contacted by phone and agreed with the last minute changes and requested that the Commission proceed with the signing of the agreement. Motion was made by Commissioner Clyde Thompson that the agreement be signed for the dismantling and hauling of the buildings with delivery to the Highway Department yard by Nielson Construction at a cost of \$11,000.00. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(16)

TRAIL MOUNTAIN COAL ROAD TIME EXTENSION

An agreement was presented to the Emery County Board of Commissioners extending the time for completion of phase two of the agreement, dated September 14, 1983 and extended in October 18, 1984 allowing Trail Mountain Coal Company to complete their road project. Motion was made by Commission Chairman Clyde Conover to allow this agreement requesting an extension of time. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

MEETING RECESS

Motion was made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson to recess the meeting for ten minutes to allow the Commission to attend the public hearing on Goblin Valley at 8:25 p.m.

The meeting reconvened at 8:42 p.m. with all members present.

(18)
MELANIE HUNTINGTON REQUEST

The Commission reviewed a request from Melanie Huntington of Orangeville requesting that the Emery County Commission sponsor her attendance at the Congressional Seminar in Washington D.C. Motion was made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson that the request be denied, indicating that it has been the past policy of the Commission not to participate and that no funds have been budgeted for such. The Clerk's office, by letter will notify Miss Huntington of the same, recognizing her many accomplishments, the benefit of the conference, and the Commission's regrets.

(19)
MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson to adjourn the meeting at 8:57 p.m. Motion was approved by all members present.

AMERICAN FLAG PRESENTATION, LAWRENCE CEMETERY - RESOLUTION #4-18-85

Commissioner Bevan Wilson presented the American Flag to Mr. and Mrs. Melvin Jensen of Lawrence. Said flag is to be used at the Lawrence Cemetery. The flag had been flown in behalf of Emery County over the capitol of the United States in Washington, D.C. Commissioner Wilson read to them Resolution #4-18- 85 as follows:

RESOLUTION NO. 4-18-85

WHEREAS, there exists a cemetery near Lawrence, Emery County, State of Utah, which has until recently been in a state of nonuse and disrepair, and

WHEREAS, said cemetery is the final resting placing for many praiseworthy and choice citizens of Emery County, and

WHEREAS, Mr. and Mrs. Melvin Jensen have spent many hours improving said cemetery and in making the same an honorable resting place, and

WHEREAS, as a result of their efforts, the cemetery is in a much better condition than it was previously, and

WHEREAS, Emery County has procured a United States flag which was flown over the Capitol Building in Washington, D.C., and wishes to present the same for use at the Lawrence Cemetery,

NOW, THEREFORE, the Emery County Board of Commissioners resolves and honors Mr. and Mrs. Melvin Jensen for their community service to Emery County and places said United States flag in their custody for use at the Lawrence Cemetery. DONE this 18th day of April, 1985 by unanimous vote of the Emery County Board of Commissioners.

Page Three

Motion was made by Commissioner Bevan Wilson to accept the resolution and present the flag to Mr. and Mrs. Jensen, in behalf of the people of Lawrence, for safe keeping. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(4)

SOUTH EMERY WATER CONSERVANCY DISTRICT REAPPOINTMENT

Motion was made by Commissioner Clyde Thompson to reappoint Clyde Mortensen to the South Emery Water Conservancy District for a three (3) year term effective June 8, 1985. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(5)

EMERY COUNTY COURTHOUSE HEATING AND COOLING MAINTENANCE AGREEMENT

After discussion by the Commission about the original maintenance agreement with Johnson Controls, it was the consensus of the Commission, and upon motion by Commissioner Clyde Thompson, that Emery County at this time not enter into a contractual agreement for maintenance on the heating and cooling system realizing that many of the operations done are general maintenance and could be completed by the present maintenance staff. Mr. Kit Anderson of Price Sheet Metal is to be contacted to evaluate the system with Commissioner Clyde Thompson and give a recommendation as to a maintenance schedule and those things which could be done by local staff. Motion was seconded by Commissioner Bevan Wilson and approved by all members present. Motion was made by Commissioner Clyde Conover that the Clerk's Office prepare a letter to send to Johnson Controls indicating that Emery County at this time would not renew their contract for maintenance service and that the letter be presented to Commissioner Conover for signature. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(6)

APPOINTMENT OF DOCTOR MARK P. RAMIREZ, M.D. TO THE R.S.V.P. ADVISORY BOARD

Commissioner Clyde Thompson discussed with the Commission the need to appoint Dr. Mark P. Ramirez, M.D. to serve on the Retired Senior Volunteer Program Advisory Board. Motion was made by Commissioner Clyde Thompson to appoint Dr. Ramirez to that position. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Commissioner Thompson also discussed the request of Dr. Ramirez to conduct a health survey with residents of Emery County. The survey would be conducted by the Medical Center and would better enable them to determine the needs of the residents and the services that need to be provided to them. He wants the Commission to be aware that the survey is taking place. It is expected to be a 25 name sampling to begin in the Huntington area. The names will be selected at random from a list of utility users of Utah Power and Light.

Motion was made by Commissioner Clyde Thompson that the Commission approve the medical center conducting the survey. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. (Gene Hess of the Utah Power and Light, Castle Dale Office was recommended to be contacted for the names.)

(7)

EMERY COUNTY NURSING HOME - BONNEVILLE HEALTH MANAGEMENT AGREEMENT

Emery County Attorney, Scott Johansen presented the management agreement from Bonneville Health Systems, for the management of the Emery County Nursing Home, to the Commission for their consideration and signature. Attorney Johansen reviewed with the Commission the contents of the agreement indicating that he was satisfied with all the terms and conditions contained therein. Several representatives from Bonneville Health were present. Also introduced to the Commission was the new manager, John Brammell and his wife Maryann who expressed their pleasure in coming to Emery County. Motion was made by Commissioner Clyde Thompson to accept the management agreement as presented and as approved by the Nursing Home Board. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

STATE PARK MUSEUM AT GREEN RIVER

Economic Development Director, Scott Truman requested of the Commission, a letter of support for constructing a history museum in Green River at the State Park. After discussion, it was the recommendation from the Commission that such a request be made by Park Supervisor, Blaine Luke.

(9)

MILLSITE RESERVOIR - GRAVEL REQUEST

Economic Development Director, Scott Truman requested consideration by the Commission that Emery County supply and apply 1,118.5 cubic yards of 3/4" size gravel and the equipment in order to spread the gravel at proposed millsite Recreation Area. It was the consensus of the Commission that the gravel could be purchased from Emery County at cost with expected grant monies. It was also suggested that at the annual clean-up day in Ferron, Emery County equipment and manpower could be used one of those days for hauling and spreading the gravel, if the city of Ferron so desired. Ferron City should advise the Commission as to their desire.

April 18, 1985

(10)

LEASING OF WATER SHARES OWNED BY EMERY COUNTY

Commissioner Clyde Thompson proposed and made a motion to lease to Castle Dale City, 11 shares of Cottonwood Irrigation Company water to be leased at the prevailing rate and that the seven shares of Ferron Canal and Reservoir Company water to be leased to Ferron City and credited to the Emery County Nursing Home if they are interested. Motion was seconded by Commissioner Bevan Wilson and approved by all members present. (Ferron City is paying approximately \$12.00 to \$15.00 per share.)

(11)

RECREATION DEPARTMENT - ACCEPTANCE OF EMPLOYEE HIRES

Commissioner Clyde Thompson advised the Commission that Dave Thompson, Park Supervisor for Emery County, would like to hire Dale and Annette Johnson of Orangeville to work at the Huntington Ball Complex and ratify the hiring of Val Young to work at the Bear Canyon Campground. Motion was made by Commissioner Clyde Thompson to approve the hiring of Dale and Annette Johnson with a starting date of May 15, 1985 and ratify the hiring of Val Young for the Bear Canyon Campground who started on April 15, 1985, not to exceed the employment time as approved for the year 1984 and at the same pay rate. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

W.E.A.T. AND EMERGENCY EMPLOYMENT

Commissioner Bevan Wilson made a motion that Pat Snowball be placed in charge of the W.E.A.T. program and other emergency job service programs for Emery County. These programs place families who are receiving assistance the opportunity for job training with Emery County at no expense to the County.

(13)

FERRON CITY REQUEST FOR ASSISTANCE

Request was received from Ferron City that Emery County pay one-half of the dinner provided to the Impact Board last October during their visit to Emery County. Total bill for the dinner was \$240.00 and Ferron City requested that Emery County pay 1/2 or \$120.00. After discussion by the Commission, it was their consensus that Emery County was not responsible for any portion of the meal and that a letter be prepared from the Clerk's Office for Commission Chairman Clyde Conover's signature notifying Ferron City of the same.

(14)
AQUATRAIN

Emery County Progress Editor, Larry Davis appraised the Commission of the present status of the Aquatrain Coal Slurry project indicating that it has received new life and that Western Resource Transport Inc. of Tulsa, Oklahoma has taken over the management of the project. The purpose of the Aquatrain is to reduce the salinity in the Colorado River by using some of the water of its tributaries in order to transport coal from Wyoming to the west coast. Mr. Davis indicated to the Commission that he would keep them advised of any new developments in the projects as they arise.

(15)

CASTLE VALLEY SPECIAL SERVICE DISTRICT - CITY ROAD MAINTENANCE FUNDING

Those present from the Castle Valley Special Service District were Manager, Darrel Leamaster, board members Paul Crawford, Eugene Johansen, Dorr Hansen, and Ray Killpack, Attorney, Mack V. Bunderson, and Johansen and Tuttle Engineer, Craig Johansen. The cities were represented by Mayor Don Jorgensen, Castle Dale, Mayor Robert L. Roberts, Huntington and Mayor DeLyle Larsen, Cleveland. Also in attendance from the Emery County Road Department was Ron Barney, Supervisor and Michael Jensen.

Darrel Leamaster, Manager of the Castle Valley Special Service District, discussed with the Commission the need for chipping and sealing of the roads put in the towns under grants and from the sale of bonds from the Castle Valley Special Service District for a

total of 7.4 miles. He indicated that the towns and cities, as well as the Special Service District, have no funds for maintenance such as chipping and sealing, and asked that the Emery County Board of Commissioners consider the following possibilities:

1. That the Castle Valley Special Service District sell the remaining \$600,000 remaining general obligation bonds on a one time basis to seal and chip the roads.

2. That the County Commissioners assess a mill levy, County wide, which would be used to maintain the roads within the cities and that consideration be given to the use of the Emery County Road Department chipping equipment and services in a joint effort.

It is estimated that the annual cost would be approximately \$175,000 per year if the cities were put on a five year chipping and resealing program. Each town would be rotated, beginning with Huntington whose roads are in the most serious condition and ending with Ferron. Ferron City has just recently, under a grant from the Community Impact Board, had their streets sealed and chipped.

Emery County Road Supervisor, Ron Barney, indicated that Emery County has presently 98 miles of oiled roads and that any undertaking by the county would require new equipment considerations as well as increasing the employees of the road department. Mr. Barney further indicated that Emery County, at the present time, has only been able to afford chipping and sealing four or five miles of road at the most each year. Commissioner Bevan Wilson indicated to those there that chipping and sealing is only part of the problem and they needed to consider an overall maintenance program of the roads excluding snow removal, signing and etc., since an effective chipping and sealing program requires that proper maintenance of the roads be done prior to such. It was his recommendation and the consensus of the Commission, that the cities consider

Page Three
Commission Minutes

one maintenance group, such as the Castle Valley Special Service District, taking over the maintenance and care of the roads in it's entirety. The Commission further advised that the Castle Valley Special Service District go to the public for voter authorization to increase the mill assessment in those areas under the Castle Valley Special Service District in order to provide monies for such maintenance programs as oil and chipping. It was the consensus of the Castle Valley Special Service District and those in attendance that the district consider a maintenance type arrangement with the cities and that they as a group get back with the Commission and discuss it before any final action is taken.

(5)
CASTLE VALLEY SPECIAL SERVICE DISTRICT - REFUNDING OF BONDS

Mr. Kent Michie of Prudential-Bache Sureties Company appraised the Commission and the board members of the Castle Valley Special Service District that according to their present calculations it would not be advisable for the Special Service District, at this time, to consider refunding the existing bonds that they have outstanding. He indicated that this is due to the fact that the present interest rate does not warrant it and at such time, should the interest rate decline, then savings could be realized by such a refunding issue. If this should happen, they would bring that consideration back to the Commission for approval, only if it would produce significant savings above the cost for the refunding to the district.

Mr. Mark Anderson, Public Finance of Zions Bank introduced himself to the Commission indicating that he concurs with Prudential-Bache. He also indicated that his purpose in being in attendance would be to better understand the needs of Emery County and he would further assess any assistance which their firm could provide. He also indicated that they are interested in working with Emery County in purchasing equipment and providing it to Emery County on a loan or a lease purchase program.

(5)
ADJOURNMENT FOR LUNCH

Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson that the Commission recess for lunch at 12:30 p.m.

Meeting reconvened at 2:30 p.m. with all members present.

(6)
ROAD DEPARTMENT - SUMMER HELP

Road Supervisor, Ron Barney, reviewed with the Commission names that he would like to consider for temporary, part-time employment for the summer on the Emery County Road Department. He has reviewed the Emery County unemployment rolls and has worked through Job Service. He has budgeted for three men under flood control and it was his recommendation that the Commission give approval

to the hiring of Terry Akelund and Coy Jensen both of Clawson for immediate employment at \$8.00 per hour and that this continue for a period of three months. Motion was made by Commissioner Bevan Wilson that effective May 1, 1985 that Terry Akelund and Coy Jensen be approved for immediate employment in the Highway Department at the rate and time period as requested and further that Road Supervisor,

Ron Barney bring back recommendations on the remaining summer employees for the Highway Department. Motion was approved by all members present.

(7)

COURTHOUSE ROOF REPAIR

Commissioner Clyde Thompson informed the Commission that he, together with Earl Hansen Roofing of Price, has surveyed the courthouse roof in an effort to determine what repair work would have to be done in order to correct the problem of leaking joints. Commissioner Thompson indicated that two other local contractors had been contacted to provide the service, but are no longer interested. He further indicated that Mr. Hansen gave him a price quote of \$1,900 to correct the problems. Motion was made by Commissioner Bevan Wilson authorizing Commissioner Clyde Thompson to contact Hansen Roofing to perform repair and replacing of the roof not to exceed an amount of \$1,900. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(8)

SHERIFF'S DEPARTMENT BUSINESS

1. Vehicle trade-in - Emery County Sheriff, Lamar Guymon informed the Commission that he had been offered \$1,750.00 each, as trade in on cars at Mountain View Motors in Price, Utah. After discussion, motion was made by Commissioner Clyde Thompson to approve the trading in of a minimum of six vehicles at a total value each of \$1,750.00 to apply to the purchase of new vehicles. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

2. Sheriff's Training - Sheriff Guymon also requested Commission consideration for him to attend training at Wigwam, Arizona. Commissioner Bevan Wilson made a motion to approve Sheriff Guymon to attend the training out- of-state at Wigwam, Arizona, at his discretion. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

3. Removal of Civil Defense Power Generator - Sheriff Guymon requested that the Commission give consideration to the removal of the Civil Defense Power Generator presently located in the Sheriff's building and that it be relocated on the parking lot. He indicated that it causes a great deal of structural damage to the building and has caused serious burn outs in electrical wiring and etc.

4. Keith Lake, Job Description Reevaluation - Sheriff Lamar Guymon and Keith Lake discussed with the Commission a request from Keith Lake that his job description and

classification be reconsidered. Mr. Keith Lake asked that the Commission consider increasing his salary to \$2,500 per month indicating that his present job description does not reflect the current responsibilities and duties and the additional time that is required of him and he feels that he should be compensated for such. After considerable discussion, it was the consensus of the Commission in light of the present wage and salary freeze that they would not be able to consider a salary increase at this time, but recommended that Mr. Lake rewrite his job description so that it more closely matches his responsibilities and reflect the appropriate grade and step for such service.

(9)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adjourn the meeting at 5:01 p.m. Motion was approved by all members present.

THE EMERY COUNTY COURTHOUSE

May 16, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Deputy Clerk, Karen Bean.

The meeting was called to order by Commission Chairman Clyde Conover at 7:05 p.m.

Invocation was given by Scott Johansen.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the Commission Meetings of April 18, 1985 and May 1, 1985 were held until the next regular meeting of the Commission to allow sufficient time for review.

(2)

PERSONNEL BUSINESS - ATTORNEY'S OFFICE

County Attorney, Scott Johansen informed the Commission that he has the need for additional help in the Attorney's Office due to John Schindler's separation from the County. He feels that it would help his office to hire a law clerk to work eight weeks during the summer. He has a person in mind and informed the Commission that the money is in his budget for this hiring. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson and approved by all members

present to allow the Attorney's Office to hire Mark Tanner with a starting date the end of June. Mr. Johansen is to negotiate a fair wage for the services provided.

(3)

REVENUE SHARING - HANDICAPPED REGULATIONS

Gaylene Bennett presented recommendations to the Commission regarding various County buildings that need to be updated to comply with handicapped regulations. These recommendations come from the completion of the Self- Evaluation that was done by Mrs. Bennett and County Auditor, Karen Truman. The recommendations are as follows:

Page Two
Commission Minutes
May 16, 1985

Handicapped Regulations Cont. . .

1. Huntington Library and Senior Citizens Center has an open concrete drain located on the west end of the building. There should be a fence installed at the north and south end of this drain. This could be very dangerous to a visually handicapped person.

2. Ferron Senior Citizens facility should have a gate installed at the north entrance/exit stairs. A visually handicapped person could not detect the stairs.

3. One jail cell of the Emery County Sheriff's Office should be renovated to house a handicapped person.

4. A restroom facility in the Sheriff's Office should be made available for a handicapped person.

5. The south entrance ramp at the Sheriff's Office should have handrails installed.

6. The Huntington Airport should have a restroom available for the handicapped.

7. A restroom facility in the Cleveland Library should be made available for a handicapped person.

8. A stencil signifying handicapped should be painted in a designated parking space at most of Emery County's facilities reserving a parking area for a handicapped person.

9. All future job application notices that are published should contain a statement that Emery County does not discriminate against handicapped employees.

10.The Senior Citizen Center in Green River has limited access to the restrooms.

The Commission entered into discussion regarding each of the recommendations. It was the consensus of the Commission that items #4 and #5 could be eliminated by the completion of item #3.

Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson and approved by all members present that the Clerk's Office contact the listed facilities and inform them that they have a possible handicap hazzard and request that they review the problem, determine what can be done to correct it and report back to the Commission.

Handicapped Regulations Cont. . .

Commissioner Bevan Wilson made a motion to accept the Handicap Report for Federal Revenue Sharing and the recommendations as complete, this date and time, and wished to commend Gaylene Bennett for a job well done. The motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(4)
AUDITOR'S BUSINESS

Emery County Deputy Auditor, Lorna Davis, presented warrant edit list numbered 851163 through and including 851343 for payment. Warrant #851344 from the Road Department was added for payment. Warrant #851190 from the Sheriff's Office was held to allow the Commission to investigate. Motion was made by Commissioner Bevan Wilson to approve all warrants with the exception of #851190 for payment. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

The following requisitions were presented for approval.

Req. #	Item and Department	Cost
#8	Computer Monitor, Circuit Court	\$85.00 pr. mo. Approved
#9	Dest Mat, Commission Office	\$177.75

Approved

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above requisitions for purchase. Motion was approved by all members present.

(5)

COST RECOUPMENT OF ASSESSING AND COLLECTING OF TAXES

This was the time that was fixed for consultation with the taxing districts relative to methods of cost recoupment for assessing and collecting property taxes. Those persons present were Dennis Nelson, School Superintendent; Randy Jensen, School Board Clerk; Max Ralphs, Mayor of Ferron City; Ray Wareham, Ferron City Councilman; Blain Silliman, Mayor of Green River City; Allen S. Thorpe and Pat Jones, Orangeville City Councilmen; Robert Roberts, Mayor of Huntington City; and Scott Truman, Economic Development Director.

Attorney, Scott Johansen delivered copies of the Emery County Budget to the School District, Orangeville City, Huntington City, Green River City and Ferron City as required by new law. Attorney Johansen informed those persons present that the new statutes require that the counties recoup their actual costs for assessing and collecting of taxes from the entities that they collect the taxes for. The counties now have the option of continuing to bill the taxing districts for the costs, with more items being reimbursed, or of adding a mill levy to the property taxes to pay for the costs. The County is now required to furnish the entities with a copy of the budget and the actual expenses incurred for this service.

Assessing and Collecting Taxes Cont. . .

The pros and cons of the two proposals were outlined by Attorney Scott Johansen and all parties present entered into discussion with the Commission regarding their opinion of the proposals.

At 10:15 p.m., and after considerable discussion and deliberation, motion was made by Commissioner Bevan Wilson that the Commission take the advise and consensus of the majority of the taxing districts and that the County remain as in the past and bill the entities for the actual costs incurred for the assessing and collecting of taxes. The motion was seconded by Commissioner Clyde Thompson and was approved by all members present.

(6)

PERSONNEL BUSINESS - HIGHWAY DEPARTMENT

(a) Mike Jensen and Don Morlan from the Highway Department presented a request to the Commission for approval to hire summer help for the Highway Department. The

request is that Steven Kemple of Ferron be hired as an operator for the County weed mower which is a five month position at \$7.00 per hour.

There are two positions available for three months on a patching crew at a scale of \$6.00 per hour. The two requested for hire are Randal Stilson of Orangeville and Billy Evridge of Clawson.

There is also a position for a backhoe operator for three months at \$9.00 per hour. There was a question regarding the budget that the money should come out of for this position. It is the Highway Department's recommendation that Brent Grant of Orangeville be hired to fill this position. Commissioner Wilson will check into the budgets for the payment of this person.

Motion was made by Commissioner Bevan Wilson to approve the names as presented for hiring, as soon as possible. The motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(b) The Highway Department also presented a request for reclassification of Terry Heaton. It is requested that Mr. Heaton be approved to fill the vacancy that was left by Pete Jones' separation from the County. It is requested that Mr. Heaton be placed on a Grade 11 step 6. It was the consensus of the Commission that the position could be filled at the grade and step of the person leaving, but the pay could not be any higher. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that Terry Heaton be reclassified and transferred to the position of mechanic to fill the vancancy left by Pete Jones - at the same grade and step that existed at the time of the former employees separation. The effective date of hire is May 16, 1985. The motion was approved by all members present.

(7)
SCOTT TRUMAN - ECONOMIC DEVELOPMENT GRANT

Emery County has received the contract for the Community Development Block Grant for Economic Development. Attorney, Scott Johansen has reviewed the contract. There are several things that the County needs to do in order to comply with the terms of the contract, and Mr. Truman presented them to the Commission. The first requirement is that Emery County needs to adopt a relocation policy. Attorney Johansen was instructed to write the policy for Commissions review and approval.

Because of the financial responsibilities of the block grant, Mr. Truman informed the Commission that the administrative authority of the grant could be passed onto the Economic Development Council through an Intra Governmental Agreement instead of

appointing a County official to oversee the funds. The Commission requested that the County Attorney prepare an intra governmental agreement to pass the administrative authority to the Economic Development Council.

Upon recommendation by the Economic Development Council, and in compliance with the C.D.B.G. regulations, motion was made by Commissioner Bevan Wilson to appoint Blaine Luke as Emery County's Environmental Certifying Official to serve a two year term. The motion was seconded by Commissioner Clyde Thompson, and approved by all members present. The Clerk's Office was instructed to send written notice to Mr. Luke regarding the appointment.

(8)
GREEN RIVER "RIVER HISTORY MUSEUM"

Scott Truman updated the Commission on the River History Museum. They intend to establish a board of directors which will include the Mayor of Green River, Mayor of Moab, an Emery County Commissioner, a Grand County Commissioner, local legislative representatives and various other dignitaries. It was also suggested that a member be appointed from the local Historical Preservation Commission.

They intend to appoint a steering committee to direct the museum and make recommendations about the future of the museum.

It has been decided that the museum will be in Green River, near the river and close to the highway. They are in the process of requesting bids from architects for the building.

(9)
INDIGENT MEDICAL PROGRAM

Commissioner Clyde Thompson informed the Commission that County Clerk, Bruce Funk, had informed him that he is pursuing some different forms of calculation for payment to the State instead of the County administering the Indigent Medical Program. The Commission did not wish to participate in the present state system at this time. It was recommended that the Clerk review the guidelines and present a final policy for Commission approval.

(10)
PERSONNEL ACTION - SHERIFF'S OFFICE

Commission Secretary, Pat Snowball has received information from the Emery County Sheriff's Office that they have filled the two positions that have heretofore been approved

at the Sheriff's Department as dispatchers. The names that were submitted for approval for hiring is Les Wilberg and Tom Harrison. Motion was made by Commissioner Clyde Thompson, to accept the names submitted by the Sheriff's Office with an effective date and at grade and step to be determined. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

COUNTY LAND FILL INSPECTION

Commissioner Bevan Wilson read a letter that he received from the State Department of Health regarding the County land fill. The Department of Health recently performed an inspection at the County landfill and found it to be operating properly. They also commended the County Road Department for the excellent operation of the County Land Fill.

(12)

AIRPORT RUNWAY PROBLEMS

Commissioner Bevan Wilson informed the Commission that there is a problem at the airport. There is a culvert at the end of the runway which is collecting a lot of trash and debris. The Huntington Canal Company would like to see the culvert removed. Ron Theobald of the State Division of Aeronautics feels that the culvert is essential in the event that an airplane lands short or over runs the runway. It was the consensus of the Commission that something needs to be done, but that the culvert should remain. They agreed that the County should cooperate with the canal company in providing means to take care of the problem. It was suggested that a trash rack could be installed and that the fence could be moved to assist the water master in access to the culvert. Commissioner Wilson agreed to send a letter to the canal company indicating the problems and concerns. He will also work with the parties involved to complete the required work.

(13)

SALE OF USED CULVERTS

Commissioner Bevan Wilson has been contacted by the Huntington Canal Company regarding any old bridges that the County may have that they could use. Commissioner Wilson informed the Commission that there were some culverts that had been retrieved from the river crossing at the ball complex and that he thought that they had not been used by the County. It was the consensus of the Commission that a deal could be made with the canal company for the purchase of these culverts if the Road Department is still in possession of them.

(14)

MEETING ADJOURNMENT

Motion was made by Commissioner Clyde Thompson, seconded by Commission Chairman Clyde Conover to adjourn the meeting at 10:30 p.m. The motion was approved by all members present.

THE EMERY COUNTY

COURTHOUSE

June 5, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:02 a.m.

Invocation was given by Bruce C. Funk.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the April 18, 1985, Commission meeting were reviewed. Motion to approve the minutes was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

Minutes of the May 1, 1985 Commission Meeting were reviewed. Motion to approve those minutes was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

Minutes of the Commission Meeting of May 16, 1985, were reviewed and corrected. Motion to approve the minutes as corrected was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 851351 through and including 851483 for payment. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve all warrants for payment. Motion was approved by all members present.

The following requisition was presented for approval.

Req. #	Item and Department	Cost

Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson and approved by all members present to approve the above requisition.

(3)

RECREATION DEPARTMENT HIRING

Parks and Recreation Supervisor, Dave Thompson, presented the name of Garrett Hansen of Ferron, Utah for the position of caretaker at the Bear Canyon pavilion and campground. Mr. Hansen is to fill a vacancy left by Val Young who terminated his employemnt with Emery County. The effective hire date is of June 5, 1985 at the rate of \$5.35 per hour but not to exceed \$725.00 per month. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the hiring of Garrett Hansen at the rate of \$5.35 per hour with an effective date of June 5, 1985. Motion was approved by all members present.

Mr. Dave Thompson thanked the Road Department and Commissioner Thompson for their efforts and support at the Bear Canyon Campground.

Also discussed was the ball complex in Huntington. Commissioner Thompson and Commissioner Wilson indicated that they had received complaints about sprinkler risers being above the ground presenting a safety hazard. There are also clumps of sod which are also hazardous and cause tripping. The Commission discussed the possiblity of the Emery County Road Department furnishing sand which could be spread between the pieces of sod, in low areas, by ball players and the Parks and Recreation employees to fill in and level out the ground.

(4)

CASTLE VALLEY SPECIAL SERVICE DISTRICT

Those present to discuss the problem of chipping and sealing the roads in the towns were Eugene Johansen of Castle Dale, Paul Crawford of Ferron, Mayor Robert Roberts and Dorr Hansen of Huntington, Craig Johansen of Johansen and Tuttle Engineering, Special Service District Attorney Mack Bunderson, and Darrel Leamaster, Manager of the Special Service District.

Mayor Roberts of Huntington addressed the Commission regarding the problem of sealing and chipping the streets in the towns within Emery County. He indicated that the cities are unable to cope with the problem at the present time and they need help from somewhere and that was their purpose in being at the meeting. His first request was that the Commissioners consider having the County assess a mill to take care of the financing and the County Road Department do the road maintenance and sealing. The second choice was that the County assess a mill levy, county wide, which receipts from such assessment would be turned over to the Castle Valley Special Service District for the

Page Three
Commission Minutes
June 5, 1985

sealing and chipping and maintenance of the roads. The third possibility is that the Castle Valley Special Service District hold an election to allow them to increase the operation and maintenance budget by one mill in which case the service district would take care of the roads in each of the towns. The fourth option is that each community be required to finance their own project.

He indicated that it appears that work would have to be contracted out for the sealing and chipping and it would be most economical to have the County Road Department do the maintenance prior to that. If the Commission was to consider the third option, such an election would require the effort of all parties.

Darrel Leamaster summarized two concerns about the project: how to finance the project and who will maintain the roads.

Paul Crawford of Ferron indicated that communities already have a large investment in the roads.

Further discussed was that to seal and chip Huntington would require approximately \$190,000 or approximately 3/4 of a mill county wide. It was the consensus of those present, that each group further discuss the possibilities and meet back with the Commission at a later date.

(5)
WILBERG MINE MEMORIAL COMMITTEE

Commissioner Bevan Wilson and Commissioner Clyde Thompson reviewed with the Commission their meeting earlier this morning with various groups regarding the Wilberg Mine disaster. The purpose of this group is to establish a committee in order to erect a monument in memory of those miners who lost their lives in the Wilberg Mine disaster and also to other miners who have lost their lives. Those who represent the various groups are Commission Chairman Clyde Conover, Commissioner Bevan Wilson, Commissioner Clyde Thompson of the Emery County Board of Commissioners; Ruth

Hursh, Margaret Wilsey and Janice Carter of the Wilberg Action Committee; Don Childs of Emery Mining Corporation; Gene Hess of Utah Power and Light; Larry Davis of the Emery County Progress; Bob Riley of the local United Mine Workers of America and Mr. Cordova of the national United Mine Workers of America.

It was the consensus at that meeting that they establish a committee entitled the Wilberg Memorial Committee to proceed in putting up a monument to the miners. Don Childs had presented a drawing of the monument and he is to work with the sculptor, Mr. Prazen, and obtain a cost and delivery date. The preferable location for the monument is Castle Dale. A fund is to be set up by the Committee to receive outside donations. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve and support the Wilberg Memorial Committee. The motion was approved by all members present.

(6)
MEETING ADJOURNMENT - LUNCH BREAK

Motion was made by Commissioner Bevan Wilson to adjourn the meeting for lunch at 12:11 p.m. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

The meeting reconvened at 1:54 p.m.

(7)
AGEING AND NUTRITION CONTRACT WITH THE A.O.G.

Bill Howell of the Southeastern Utah A.O.G., along with Ona Tochi, reviewed with the Commission the Interlocal Cooperation and Contract Agreement with Emery County and the S.E.U.A.O.G. Mr. Howell indicated that there was no increased cost to the County over last years contract and that the costs for administering the contract by the A.O.G. was \$15,000.

After review, County Attorney, Scott Johansen recommended that said contract be amended to include a clause that the \$15,000 administrative cost be subject to the 1986 county budget process at January 1, 1986, on which a balance of \$7,500 remains. Motion was made by Commissioner Clyde Thompson, seconded by Commission Chairman Clyde Conover to approve the agreement as amended. Motion was approved by all members present.

(8)
BURR TRAIL SUPPORT

Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Clyde Conover that the Emery County Commission go on record in support of the paving of Burr Trail in Wayne County.

(9)

C.D.B.G. GRANT CONTRACT

Scott Truman, Emery County Economic Development Director, presented to the Commission the finalized contract for the Community Development Block Grant monies for approval and signature. After review by County Attorney, Scott Johansen it was recommended that the Commission sign said agreement. Motion was made by Commissioner Clyde Thompson, seconded by Commission Chairman Clyde Conover to approve and sign the agreement. Motion was approved by all members present.

(10)

JIM WHEAR, FOUR CORNERS MENTAL HEALTH - ALCOHOL AND DRUG AUTHORITY

Mr. Jim Whear of the Department of Social Services discussed with the Commission House Bill 286 which authorizes the County Commission to appoint themselves as the local alcohol and drug authority. Mr. Whear indicated that it would be helpful if the Commission did designate themselves as the local alcohol and drug authority and appoint the Four Corners Mental Health to administer the program. This program is financed 100% through the State of Utah. He is concerned because of talk that in the future the State may require some local participation. This item was tabled to allow the Commission time to review the program.

(11)

SHERIFF'S BUSINESS

Emery County Sheriff Lamar Guymon presented the following items for discussion before the Commission.

(a) Purchase of Three New Vehicles - Sheriff Guymon indicated that he had budgeted \$12,000 each for three vehicles but that his lowest bid for said vehicles is \$13,077.00 Motion to approve three vehicles at \$13,077 each was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover and approved by all members present.

(b) Green River City Law Enforcement Contract - Sheriff Guymon indicated that Green River City had agreed to enter into contractual agreement for law enforcement for the amount of \$20,000 and that Grand County will also contribute \$10,000 which would allow him to hire a fourth man out of the funds to work in the Green River area. This, however, would not include the costs and operation of a vehicle, which he would share. It was the consensus of the Commission that Green River City be required to provide all costs for a new man including a vehicle since the County is completely supporting three men and vehicles presently and that the County Sheriff renegotiate the contract with the parties involved.

(c) Emergency Vehicle Donation - Sheriff Guymon indicated that he would like to assign a black 1976 GMC to Orangeville Fire Department to be converted into an emergency vehicle at no cost to the County. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the transfer of the vehicle to Orangeville City. Motion was approved by all members present.

Page Six
Commission Minutes
June 5, 1985

(d) Doorway and Parking Lot Improvements - Sheriff Guymon indicated that presently the asphalt in front of the Sheriff's Department entrance is breaking up and is on the wrong slope to the building. It was his recommendation that it be replaced with a concrete slab. Sheriff Guymon indicated that he had sufficient monies in his building and maintenance budget. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the improvement at the Sheriff's Office. Motion was approved by all members present.

(e) Joes Valley Radio Equipment - Sheriff Guymon proposed to the Commission that solar panels be installed at the Radio Equipment building in Joes Valley, indicating that Deputy Bob Kurtz would share the cost with Emery County on a 50/50 basis. Ownership of the panels would remain with Emery County. The total cost of the panels would be \$600.00. Commissioner Bevan Wilson made the motion approving the installation, provided it be placed upon Emery County property. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(12)
UTAH POWER AND LIGHT WEED CONTROL

Commissioner Bevan Wilson advised the Commission that Utah Power and Light has contributed \$5,400 to put a man on the County Weed Department for a three (3) month period allowing Weed Supervisor, James Nielson more time to assess the weeds on Utah Power and Light property and to begin a program of weed control thereon. This would also allow him to evaluate the costs for next years program. Motion was made by

Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover that the agreement be approved. Motion was approved by all members present.

(13)

PLANNING AND ZONING BOARD REAPPOINTMENTS

Commissioner Bevan Wilson discussed the need to reappoint Merrilyn Herzog of Elmo whose term expired January 1, 1985 to a new term on the Planning and Zoning Commission which would expire January 1, 1988. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson approving the reappointment of Merrilyn Herzog until January 1, 1988. Motion was approved by all members present.

Also presented was the name of Ben Coomer of Green River whose term also expired on January 1, 1985 and it is requested that his term be extended to January 1, 1988. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present that Ben Coomer be reappointed to a new term on the Planning and Zoning Commission expiring January 1, 1988.

(14)

CAREER SERVICE COUNCIL REAPPOINTMENT

Commissioner Clyde Thompson made a motion appointing Utahna Wilson of Lawrence to the Career Service Council for another three year term. Her term is to expire on June 30, 1988. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(15)

EMERY COUNTY WAGE AND BENEFIT STUDY

Commissioner Clyde Thompson discussed with the Commission the request of Wes Curtis and the College of Eastern Utah's to make a wage and benefit study of employees of Emery County which would be conducted through the County Auditor's Office. It was the consensus of the Commission and motion was made to that effect that the wage and benefit study be approved by the Commission pending approval by Emery County Auditor, Karen Truman. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(16)

R.S.V.P. ADVISORY BOARD PANEL APPOINTMENT

Motion was made by Commissioner Clyde Thompson to appoint Stella Guymon of Huntington to the R.S.V.P. Advisory Panel. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(17)

PERSONNEL ACTION

Emery County Clerk, Bruce C. Funk, by letter to the Commission, requested that approval be given for maternity leave for Jami Luce for approximately six weeks from the period of July 22, 1985 to September 3, 1985. Commissioner Clyde Thompson made a motion to approve the maternity leave as requested. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(18)

BEAR CANYON CAMPGROUND BILLS

Emery County Clerk, Bruce C. Funk presented a bill to the Commission from Jeff Sitterud for excavation and installation of the sprinkler system at the small pavilion in the Bear Canyon Campground in the amount of \$480.00. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that the bill be paid from monies donated to Emery County by Plateau Mining for beautification of Emery County. Motion was approved by all members present.

MEETING ADJOURNMENT

Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to adjourn the meeting at 4:51 p.m. Motion was approved by all members present.

THE EMERY COUNTY COURTHOUSE

June 20, 1985

Those present at the meeting were Commissioners Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk. Commission Chairman Clyde Conover was excused for personal reasons.

The meeting was called to order at 7:04 p.m. by Acting Chairman, Commissioner Bevan Wilson.

Invocation was given by Scott Johansen.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the June 5, 1985, Commission meeting were reviewed and corrected. Motion made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that these corrected minutes be resubmitted for review at the July 3 meeting. The motion was approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant edit list numbered 851484 through and including 851664 together with handwritten checks number 967 through 971 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve all warrants for payment except Warrant 851537 to Huntington City for water at the Bear Creek Campground which was held since Huntington City has indicated that since the water leak at the campground had been repaired, settlement could be reached reducing the amount of that water bill. Motion was approved by all members present.

There were no requisitions presented.

BEAR CANYON CAMPGROUND - HUNTINGTON CITY WATER BILLING

Upon the advice of County Attorney, Scott Johansen, the Commission asked that the Clerk's office prepare a letter to Huntington City requesting that Emery County be given commercial status on any water connections belonging to the County. This would include 50,000 gallons of water in the monthly rate. It was also suggested that Emery County request a waiver of the monthly billing costs. The Clerk's Office is to prepare the letter for Commission Chairman Clyde Conover's signature.

(4)

PERSONNEL ACTION - SHERIFF'S DEPARTMENT

(a) Commission Secretary, Pat Snowball, apprised the Commission that the Sheriff has indicated that with the resignation of Mark Tuttle, who has left the Sheriff's Department for other employment, he is requesting formal approval to fill that vacancy, and that the Sheriff be authorized to immediately procure temporary help as a Jailer/Dispatcher to be used during the recruitment process. Motion was made by Commissioner Clyde Thompson to approve the temporary hiring of a Jailer/Dispatcher, and that approval be given for the filling of the vacancy left by Mark Tuttle. Motion was seconded by Commissioner Bevan Wilson, and approved by all members present.

(b) Because of the resignation of a deputy in Green River, the substation is short of staff. Emery County Sheriff, Lamar Guymon, is requesting that the Commission grant approval to send deputies from this office to cover the shortage of deputies in Green River until a replacement is found to fill the vacancy. During that time he would like to pay overtime to those deputies covering Green River. Motion was made by Commissioner Bevan Wilson that authorization be given to the Emery County Sheriff to use deputies stationed in this vicinity at the Green River locale as needed, and that they be paid overtime at their regular rate of pay until such time as a replacement can be found. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(5)

EMERY MINING CORPORATION - AMENDMENT TO AGREEMENT ON EMT'S

Commission Secretary, Pat Snowball presented to the Commission the First Amendment on the agreement between Emery County and Emery Mining Corporation in which Emery County furnishes EMT services. The original agreement was dated March 6, 1985. The purpose of the amendment is to extend the original agreement to June 7, 1985. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, that the amendment be accepted and the date extended to June 7, 1985; and that Commissioner Clyde Conover be authorized to sign said agreement in behalf of Emery County. Motion was approved by all members present.

ESTABLISHMENT OF LOCAL DRUG AND ALCOHOL AUTHORITY

As a follow-up to the Commission meeting of June 5, 1985, in which Jim Whear discussed with the Commission the establishment of the Emery County Commission as

the local Drug and Alcohol Authority further discussion and review was made. Upon recommendation of the County Attorney's office, motion was made by Commissioner Bevan Wilson to establish the Emery County Commission as the local Drug and Alcohol Authority, as outlined in House Bill No. 286, until January 1, 1986, at which time upon motion by the Commission, may be extended or withdrawn. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(7)

LIBRARY COPY MACHINE DISPOSAL

Jerilyn Mathis, Library Supervisor, has requested disposal of three (3) Savin Model 870 copy machines to be disposed of by private sale, in accordance with Emery County Disposal Ordinance No. 12-16-82C. Motion was made by Commissioner Clyde Thompson to approve of the disposition of the three (3) copy machines by private sale, as covered under the ordinance and that receipts from such disposal be returned to the Library General Fund. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

DEPARTMENT CREDIT CARDS

Discussed with the Commission was the need for department credit cards for the following offices: the Clerk, Auditor, Treasurer and Recorder's Offices. After discussion, it was the consensus of those present that savings could be realized to Emery County and would provide a much better auditing trail. Motion was made by Commissioner Bevan Wilson that each of the departments outlined be authorized one credit card to each department with the expiration date of January 1, 1986 to be extended from that date for a one year renewal period for each calendar year; that said cards be obtained through Zions First National Bank. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(9)

CUSTODIAL CONTRACT APPROVAL

Presented to the Commission was the custodial contract between Dennis Fuller and Emery County to provide custodial services at the Emery County Courthouse and the Detention Center. The agreement has an effective date of January 1, 1985, and is automatically renewable annually, thereafter. Motion was made by Commissioner Clyde Thompson to approve the signing of the agreement by Commission Chairman Clyde Conover with the effective date of January 1, 1985, renewable annually to cover custodial services, as outlined, at the Emery County Courthouse and Detention Center; and that Dennis Fuller provide a copy of the insurance, as outlined, to be kept on file. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

EMERY COUNTY SHERIFF - U.S. FOREST SERVICE AGREEMENT

Presented to the Commission was Attachment 1 to the original agreement between the Emery County Sheriff's Department and the Manti-Lasal National Forest Service in which the Emery County Sheriff will furnish personnel and equipment to adequately patrol the national forest lands. The attachment extends the original agreement of June 22, 1972 to cover the period of May 29, 1985 to August 29, 1985. County Attorney, Scott Johansen indicated that this was a renewal of previous agreements and that they have inserted in the document the term "as weather dictates". Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the signing of the document by Commission Chairman Clyde Conover to cover the three month period at a total reimbursement of \$9,000. Motion was approved by all members present.

(11)

LIGHTING OF THE GREEN RIVER, I-70 SIGN

Submitted to the Commission, by letter from Green River City, was a request to add lights to the sign located on I-70 at the Green River exit. Concern was expressed by the Commission as to who would maintain the sign and pay the power bills. Motion was made by Commissioner Bevan Wilson, upon recommendation of County Attorney, Scott Johansen, that the Commission approve the request to add lights to the sign indicating the exit to Green River on I-70 and that the permit change be forwarded directly to the Utah Department of Transportation with a letter indicating the fact that although the sign is in the name of Emery County, Green River City will be responsible for payment of the utility bills and the upkeep of the sign; and further that Commission Chairman Clyde Conover be authorized to sign the agreement in behalf of Emery County. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(12)

EMERY COUNTY FAIR - COMMISSION ADVERTISEMENT

Presented to the Commission was a proposed advertisement to be taken out by the Emery County Commission in support of the Emery County Fair scheduled for August 12 through August 17, 1985. It was indicated that in the past, the Commission has usually taken out a one-half page add, and that such an add would cost \$117.65. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, that Commission Secretary, Pat Snowball be authorized to prepare a one-half page advertisement, depicting Emery County, at a cost of \$117.65. Motion was approved by all members present.

(13)

EMERY COUNTY FAIR - SPECIAL EVENTS INSURANCE

Commission Secretary, Pat Snowball advised the Commission that the County can obtain liability insurance for special events such as the rodeo, etc., for the fair for a total cost of \$551.05. This amount is down from the previous year which was \$731.50. She also indicated that waivers will be obtained from the participants in activities and that the insurance would be for a period of three months. Motion was made by Commissioner Bevan Wilson to approve and ratify the purchase of the liability insurance in the amount of \$551.05 to cover the special events at the Emery County Fair. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)

INDUSTRIAL LAND FILL - JOHN WICKMAN

Mr. John Wickman of Orangeville, Utah came before the Commission indicating that he is in the process of trying to get approval for an industrial land fill. This fill would be located south and east of the present County land fill. The property consists of 40 acres and is zoned mining and grazing. Mr. Wickman indicated that he has tentative State and Board of Health approval. It was the consensus of those present and advised by the County Attorney that such a development would have to be classified as a large scale industrial project which requires a permitted conditional use under the Zoning Ordinance. It was recommended that Mr. Wickman work through his engineers or others who are familiar with the Emery County Zoning Ordinance and follow the procedure as outlined for such a project. Mr. Wickman indicated that he is in the process and should in the very near future have the State and Board of Health permits. He will also prepare the necessary plats and advise the Emery County Clerk's Office when ready so that a meeting can be scheduled with the Planning and Zoning Commission at which the development could be presented for their discussion and approval.

(15)

R.S.V.P AGREEMENT

A contractual agreement between the Southeastern Utah Association of Local Governments, Area Agency on Ageing and the Emery County Retired Senior Volunteer Program was presented to the Commission by Commissioner Clyde Thompson. The purpose of the agreement is to provide services to the R.S.V.P. Program with State Action Funds for volunteer travel reimbursement, effective July 1, 1985 and terminating

June 30, 1986. The document has been reviewed and approved by County Attorney, Scott Johansen. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that Commission Chairman Clyde Conover be authorized to sign the agreement in behalf of Emery County. Motion was approved by all members present.

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adjourn the meeting at 9:40 p.m. Motion was approved by all members present.

THE EMERY COUNTY COURTHOUSE

July 3, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:11 a.m.

Invocation was given by Commission Clyde Thompson.

A review of the Agenda was made.

(1)
COMMISSIONERS MINUTES

Minutes of the June 5 and June 20, 1985, Commission meetings were held until the next meeting of the Commissioners to allow sufficient time for review.

(2)
AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 851665 through and including 851817 for payment. Motion was made by Commissioner Bevan

Wilson, seconded by Commissioner Clyde Thompson to approve all warrants for payment except warrant #851776 to the Four-Corner Mental Health. Motion was approved by all members present.

The following requisitions were presented for approval.

Req. #	Item and Department	Cost
Action		
#11	Computer Terminal, Printer, etc., Sheriff's Department	\$247.00 pr. mo. Approved

Motion to approve the above requisition was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

(3)
1984 AUDIT PRESENTED

Presented to the Commission by Emery County Auditor, Karen Truman was the completed, 1984 audit prepared by Kimball and Roberts, Independant Auditors, who audited all aspects of Emery County for the calendar year 1984. Motion to accept the audit, as presented, was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson and approved by all members present.

(4)
WILBERG MEMORIAL MONUMENT LOCATION

Commissioner Bevan Wilson advised the Commission that in meetings with the Wilberg Memorial Committee, they have selected the southeast corner of the courthouse property as their number-one preference for locating the Wilberg Memorial Monument. The sculptor, Mr. Gary Prazen, has indicated that he feels that the monument would fit in well with the present courthouse landscaping. Commissioner Wilson also indicated that they requested that an electrical outlet be stubbed up for lighting the monument and that Emery County assume the obligation of upkeep. Motion was made by Commissioner Bevan Wilson that they accept the request of the Wilberg Memorial Committee and approve the location of the monument on the southeast corner of the courthouse property; that Emery County furnish electricity to the location; and that the County, after erection of the monument, accept the responsibility of maintenance and upkeep of the grounds only. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(5)
TRAVEL REIMBURSEMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, that effective July 3, 1985, and because of the new IRS regulations on travel reimbursement that the travel allowance for Emery County be changed from 25* per mile to 20.5* per mile. This will create a savings to Emery County in that W-2 forms would not be required at the lower rate and those receiving reimbursement would realize savings since the lower rate is not required to be reported to the IRS. Motion was approved by all members present.

(6)
COUNTY VEHICLE IDENTIFICATION

Emery County Auditor, Karen Truman reminded the Commission of the need to identify all County vehicles with a county insignia or name with the exception of certain patrol cars. It was the consensus of the Commission that Commission Secretary, Pat Snowball be assigned to follow up and see that all county vehicles, with the exception of certain Sheriff's Department vehicles, are identified.

(7)
COUNTY MILL LEVIES - RESOLUTION 7-3-85B

Presented to the Commission was Resolution 7-3-85B, outlining the various County and Special Service District mill levies to be set for 1985 as follows:

11.41 mills	Castle Valley Special Service District
1.00 mill	Flood Control
.73 mills	Emery Water Conservancy District
0.00 mills	South Emery Water Conservancy District
1.11 mills	Library
.99 mills	Debt Service
13.60 mills	General Mill

Commissioner Bevan Wilson discussed that even though the flood budget for 1983-84 is winding down, they have only taken care of the major flood projects. In order to complete the other required projects which lie in the flash flood areas, it would be required to continue the tax revenue which has previously been at two mills, and he was concerned that in order to complete the remainder of the problems in the stream beds, a minimum of one mill should remain in the budget for the next few years. This would be one mill less than the last two years, and Commissioner Wilson indicated that public comment expressed to him is that they have appreciated completion of those projects. Craig Johansen of Johansen and Tuttle Engineering reviewed other jobs and projects outlined for the flood control money as stated in his letter of July 2, 1985 to the Emery County Commission.

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the setting of the mills as indicated for a total of 16.7 mills for the County. Motion was approved by all members present.

Also discussed was the Special Service District mill assessments of 2.95 mills for operation and maintenance and 8.46 mills for debt service. No action was required by the Commission.

(8)

1985 EMERY COUNTY BUDGET ADJUSTMENT - RESOLUTION #7-3-85A

Also presented to the Commission by Emery County Auditor, Karen Truman was Resolution 7-3-85A adjusting the 1985 Emery County budget in accordance with anticipated revenues as outlined in the resolution. Motion approving Resolution 7-3-85A was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

PROPOSED EASEMENTS ON BOTT LANE BRIDGE

Commissioner Bevan Wilson reviewed with the Commission an agreement between Emery County and O.E. Johansen which was presented for Commission signature before expansion or construction takes place on the Bott lane bridge. Item #3 of the agreement indicates that Emery County would incur the cost for relocating the telephone lines and/or the stock watering lines. Commissioner Wilson indicated that the telephone company is now interested in attaching their lines, at their expense, to a new bridge when it is constructed at no cost to Emery County. Also he indicated that this agreement would have future obligations for Emery County. It was the consensus of the Commission that Commissioner Bevan Wilson meet together with Mr. Johansen and further negotiate the agreement in regards to the easements.

(10)

WILDLIFE RESOURCES VISIT

Mr. Doug Day, Administrative Assistant to the Department of Wildlife Resources together with John Livesay, Regional Supervisor and Larry Dalton Resource Analyst, met with the Commission to discuss the Department of Wildlife Resources. The Commission indicated to those present, to contact the County should they have concerns in regard to projects which the County is working on, and that cooperation and communication be maintained in the future.

(11)

EMERY COUNTY NURSING HOME - JOHN BRAMALL

Mr. John Bramall, Administrator of the Emery County Nursing Home, reported to the Commission that because Medicaid had been overpaying the nursing home the last few months and because of an audit, they will now be readjusting the amount of reimbursement to the nursing home. He indicated that this would create a shortfall in their budget and in order to meet his payroll and for payable goods, he would need approximately \$22,000 at this time. He anticipates that in the month of August that an additional amount of \$5,000 could possibly be required to further cover these adjustments. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present, that the Emery County Auditor be instructed to make a check in the amount of \$22,000 to cover the payroll and accounts payable as requested.

WEED DEPARTMENT - NEW HIRE

Weed and Mosquito Supervisor, James Nielson, presented the names of David Scoggins of Orangeville, Mike Roper of Ferron and Kirt Elliott of Elmo, for consideration as a temporary hire in the Weed Department for a three month period effective as soon as possible at the rate of \$6.97 per hour. It was his recommendation that David Scoggins be hired. Commissioner Bevan Wilson informed the Commission that the new hire was made possible by the \$5,400 offered by Utah Power and Light for a temporary hire in the Weed Department indicating that an adjustment would have to be made in the Weed Department budget this fall to cover the hiring. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the hiring of David Scoggins of Orangeville at the rate of \$6.97 per hour for a three month period to be effective as soon as possible and that he be given a classification of a temporary hire. Motion was approved by all members present.

(13)

MEETING ADJOURNMENT - LUNCH BREAK

The Commission adjourned for lunch at 1:16 p.m. The meeting reconvened at 2:16 p.m. with all members present.

(14)

JUDGE RUGGERI - PARKING SPACE REQUEST

The Commissioners read a letter they received from the Honorable A. John Ruggeri requesting a designated parking space for himself and court staff at the Emery County courthouse. After discussion, it was the consensus of the Commission that because of the limited amount of parking spaces available, designated parking spaces could not be provided, but the Commission would be in favor of the Sheriff's Department setting out signs reserving a space for the Judge and those as required by the Sheriff's Department on court days. It was further requested that the County Clerk discuss this with the Judge prior to a final decision by the Commission.

(15)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adjourn the meeting at 2:55 p.m. Motion was approved by all members present.

THE EMERY COUNTY COURTHOUSE

July 18, 1985

Those present at the meeting were Commissioners Clyde Conover and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk. Commissioner Bevan Wilson was excused for personal reasons.

The meeting was called to order by Commission Chairman Clyde Conover at 7:00 p.m.

Invocation was given by Commission Chairman Clyde Conover.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The corrected minutes of the June 5, 1985 Commission Meeting were reviewed and amended. Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson to approve the minutes of June 5, 1985 as amended. Motion was approved by all members present.

Minutes of the June 20, 1985 Commission Meeting were reviewed. Motion was made by Commissioner Clyde Thompson, seconded by Commission Chairman Clyde Conover to accept the minutes as prepared. Motion was approved by all members present.

Minutes of July 3, 1985 Commission Meeting were held until the next Commission meeting to allow sufficient time for review.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 851818 through and including 851989 for payment. Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson to approve all warrants for payment after a computer error is corrected. Motion was approved by all members present.

The following requisition was presented for approval.

CASTLE VALLEY SPECIAL SERVICE DISTRICT REFUNDING OF BONDS- RESOLUTION 7-18-85A

TIME: 7:00 o'clock p.m.

Commission Chairman Clyde Conover opened the meeting for consideration and adoption of a resolution authorizing the issuance of not to exceed sixteen million nine hundred and twenty thousand dollars (\$16,920,000) in general obligation refunding bonds for the Castle Valley Special Service District. Mr. Kent Minchey of Chapman and

Cuttler reviewed with the Commission the aspects of the resolution before them at this time indicating that would free some \$295,000 which the Special Service District could use, should the Commission approve and the refunding of the bonds be successful as anticipated. He also indicated that it would reduce the size of debt of the Special Service District by approximately \$350,000 and it would shorten the present debt from 20 years to 15 years. The final resolution on the refunding of these bonds will be presented to the Commission at their August 7, 1985 meeting.

Motion was made by Commissioner Clyde Thompson to adopt Resolution #7-18-85A which reads; "a resolution authorizing the issuance and sale of not more than \$16,298,000 aggregate principal amount of general obligation refunding bonds, series August 15, 1985 book entry only, of the Castle Valley Special Service District, Emery County, Utah, fixing the maximum aggregate principal amount of the bonds, the maximum number of years for which the bonds may mature, the maximum interest rate at which the bonds may bear and the maximum discount from par at which the bonds may bear and the maximum discount from par at which the bonds may be sold providing for publication of a notice of bonds to be issued, providing for the running of a contest period, and providing for related matters." Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

County Attorney, Scott Johansen indicated to the Commission that these were not unlike power or utility bonds in which Emery County could assess the costs of service by the County but that he recommended that it not be done.

(4)

EMERY COUNTY BEER AND LIQUOR ORDINANCE - #7-18-85B

Emery County Attorney, Scott Johansen presented to the Commission Ordinance #7- 18- 85B and ordinance governing beer and liquor sales and consumption in Emery County. Mr. Johansen indicated that the old ordinance was old and outdated and that the new ordinance complies with the state statutes. Discussed was the rate or fee to be charged for each of the licenses. The fees are as follows:

Page Three
Commission Minutes
July 18, 1985

Emery County Beer and Liquor Ordinance cont. . .

Class A retail license fees:

0 - \$ 50,000 gross annual receipts \$100.00 fee

\$ 50,000 - \$100,000 gross annual receipts \$200.00 fee
\$100,000 - \$200,000 gross annual receipts \$300.00 fee
over \$200,000 gross annual receipts \$400.00 fee

Class B retail licence fees \$300.00 fee

Class C retail license fees \$1,500. fee
renewal of Class C license \$300.00 fee

Motion was made by Commissioner Clyde Thompson seconded by Commission Chairman Clyde Conover, to adopt the Ordinance 7-18-85B governing the sale and consumption of beer and liquor within Emery County.

(5)

BUSINESS LICENSE

County Attorney, Scott Johansen advised the Commission that the Supreme Court had upheld the decision in the Seventh Judicial District Court in that Emery County would not be able to charge the extra fee and that the remainder of the ordinance was intact and that Emery County could continue to charge the \$25.00 or rewrite the ordinance. Enforcement was also discussed. The discussion was that any decision be held for the next commission meeting to allow sufficient time for review.

(6)

UTAH POWER AND LIGHT PERMIT FEE WAIVED

Motion was made by Commission Chairman Clyde Conover to waive the permit fee for the construction for a 69 kV utility line from Emery to the SUFCO mine assessed at \$25.00 per mile including substations. Noted that fees for similar sized utility lines have been waived in other counties and at previous times. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(3)
MILLSITE ROAD OILING--AGREEMENT (BLM)

Commissioner Bevan Wilson presented to the Commission an agreement with the BLM, Application No. U-54674, which will allow necessary right-of-way changes to enable the paving or oiling of the road to the Millsite Recreation Complex. The document has been reviewed by Johansen and Tuttle Engineering, they recommended that the Emery County Commission sign the same. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson, to approve the agreement with the BLM, with necessary right-of-way changes. Motion was approved by all members present.

(4)
MILLSITE RECREATION COMPLEX--COUNTY RIGHT-OF-WAY

Commissioner Bevan Wilson indicated that Ferron City has completed an application to lease property at Millsite Reservoir from the BLM for a golf course, with the option to buy. It was his request that the County Commission request that the BLM acknowledge

and hold the 200-foot right-of-way area as a county easement, and that it not be released to Ferron City, or to allow encroachment by any sub-division at a later time. Motion was made by Commissioner Bevan Wilson that a letter be prepared on Commission stationery for Commission Chairman, Clyde Conover's signature, requesting that the BLM acknowledge and hold the 200-foot right-of-way as a county road easement, and that it not be released to Ferron City, or to a subdivision at some future time. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(5)

ECONOMIC DEVELOPMENT COUNCIL APPOINTMENT

Motion was made by Commissioner Clyde Thompson that Kent Wilson, the President of the Emery County Chamber of Commerce, be appointed to replace and complete the unexpired term of Mary Bentley, who has left the area, on the Economic Development Council Board. The motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

UTAH ASSOCIATION OF COUNTIES, COUNTY VISITS

The Utah Association of Counties has requested to meet with the Emery County Officials on September 4, 1985 at 12:30 p.m. for a luncheon meeting, as part of their annual county visits. The motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, that the date and time be approved, and to meet at the Homestead Restaurant in Huntington, Utah for a luncheon. The Clerk's office will notify the other County Officials and invite them to be in attendance. Motion was approved by all members present.

(7)

DECALS ON COUNTY VEHICLES

In order to be in compliance with recent legislation requiring identification decals on all county vehicles, it was the concensus of the Commission that each department with vehicles be contacted and required to place upon each vehicle an identifying county decal, except for unmarked detective cars. The Clerk's office is to send notice.

(8)

SHERIFF'S BUSINESS

Emery County Sheriff, Lamar Guymon, presented the following items for discussion with the Commission.

(a)County Fair Security -- Sheriff Guymon indicated that with the Emery County Fair, the security at the school and at events will require additional staffing. Presently there are two deputies per shift, and questioned whether they can be paid overtime for the additional hours required during this time. It was the concensus of the Commission that the Sheriff use comp-time if it were at all possible, and only in instances of emergency should overtime be allowed, for which reimbursement will be paid.

(b)New Hire -- Sheriff Guymon requested that Dave Skoggins be hired to fill a vacancy in the Sheriff's Department as a Dispatcher, at a Grade 9, Step 5. Motion to approve the hiring of Dave Skoggins was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

EMERY COUNTY SOFTBALL COMPLEX--HUNTINGTON

A number of interested county residents came before the Commission to discuss the status and problems with the ball complex at Huntington. Commissioner Clyde Thompson, who is the Commissioner over recreation, discussed some of the past history and indicated that the purpose of this meeting was to discuss some possible improvements to the ball playing fields. He indicated that it costs the county approximately \$70 per player to maintain and keep up the complex. The possibilities discussed included: bringing in dirt and filling between the sods; assessing each team additional costs to use the facility, which is estimated at approximately \$200-\$300 per team; proceeds from the concession stand go into the County funds, or go directly into maintenance and upkeep of the fields. It was the concensus of those present that in order to upgrade the playing fields, that a determination would have to made as to the number of fields to close while reseeding takes place, after which time, the fields would again be re-opened at tournament time. The possibility was discussed of closing two fields and using two fields during reseeding time. It was the concensus and decision of the Commission that Dave Thompson, Parks and Recreation Supervisor, coordinate with the League presidents and come back to the Commission with written recommendations as to how to proceed.

CIRCUIT COURT CONTRACTUAL AGREEMENT APPROVAL

Emery County Clerk, Bruce C. Funk discussed with the Commission the 1985-86 Circuit Court Contractual Agreement in which the Court Administrator's office reimburses Emery County for those costs incurred in administering and operating the Circuit Court by the Clerk's Office. It was the Clerk's recommendation that the agreement be signed, indicating that reimbursement is up from last year. Motion to accept and sign the agreement was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, and approved by all members present.

BOTT LANE RIGHT-OF-WAY PURCHASES

Commissioner Bevan Wilson, apprised the Commission that negotiations with land-owners along the Bott Lane Bridge Replacement Project, has resulted in the following purchase arrangements for the Commission's consideration.

Zola Hardy	\$ 50.00
Charles Wayman	\$ 75.00
Thomas Wayman	\$ 100.00
Eugene Johansen	\$1,300.00
Roger Jensen	\$ 250.00

The total purchase price for the right-of-ways necessary in construction of the bridge is \$1,775.00. The price was based on a cost per acre set at between \$1,000 and \$1,500 per acre. Commissioner Bevan Wilson made a motion to accept these amounts as a settlement price and authorize Emery County Auditor, Karen Truman to draw the checks and hold until the necessary paperwork is completed; that Commission Chairman Clyde Conover be authorized to sign the agreements, and that the monies be used from the present Flood Control Budget; that Emery County further agree to finalize the easement

agreement with Eugene Johansen of Castle Dale, designating the road as a cattle drive road. Motion was seconded by Commissioner Clyde Thompson, approved by all members present.

(13)

ROAD DEPARTMENT BUSINESS

Commissioner Bevan Wilson, presented to the Commission five (5) road projects for their consideration and approval.

(1) Miller's Canyon -- Bids have been solicited with the apparent low bidder being Skyline Construction Company in the amount of \$30,399.95. Motion was made by Commissioner Bevan Wilson to accept the low bid and approve the project, and that he be authorized to sign any addition paperwork in the future in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson, approved by all members present.

(2) Emery County Landfill -- Commissioner Bevan Wilson indicated that they have proceeded in obtaining bids in order to expedite the project. Nielsen Construction of Huntington, Utah is the apparent low bidder in the amount of \$17,230.00 for excavation work at the County Landfill. Motion was made by Commissioner Bevan Wilson to ratify action already taken, and that Nielsen Construction be awarded the contract for the excavating in the amount of \$17,230.00, and that Commission Chairman Clyde Conover be authorized to sign the notice to proceed, and that Commissioner Bevan Wilson be authorized to sign any future documents in regard to the project in order to expedite its completion. Motion was seconded by Commissioner Clyde Thompson, approved by all members present.

(3) Rock Canyon Dip -- Commissioner Bevan Wilson indicated that they have received requests from surrounding landowners to proceed with that project with the exception of possibly one landowner. It was Commissioner Bevan Wilson's recommendation and motion to proceed with the project so that it may be completed as soon as possible, and the County Attorney's office proceed with condemnation of the property if required in order to complete the project. The motion was seconded by Commissioner Clyde Thompson, and approved by all members present. (Commissioner Clyde Thompson will meet with landowner Ross Huntington to see if a settlement can be worked out prior to condemnation proceedings.)

(4) Bott Lane Dip Road -- Commissioner Bevan Wilson indicated that they are ready to proceed with that project and needed official authorization from the Commission. A motion was made to that effect by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, and approved by all members present.

(5) Christiansen Wash Bridge in Emery -- Motion was made by Commissioner Bevan Wilson to authorize Emery County to proceed with the Christiansen Wash project and that he be authorized to sign any future documents in regard to the Christiansen Wash project, in order to expedite the project. That the Emery County Road Department be authorized to purchase the bridge decking materials required for the project. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(6) Boots for the Crusher Crew -- The Commission was advised that the Mine Safety and Health Administration (MSHA) has cited the Emery County Crusher Crew for not wearing boots while working on the Emery County crusher. Discussed with the Commission was the possibility of a clothing allowance for those four (4) full-time employees. It was the consensus of the Commission and motion was made by Commissioner Bevan Wilson that the four permanent employees receive a clothing allowance of \$85 for safety clothing per employee per year, in order to bring them into compliance with MSHA. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(7) Temporary Road Employee, Randall Stilson -- Commissioner Bevan Wilson advised the commission that Steve Kemple, who has previously been operating the weed mower, has quit the department for other employment and Randall Stilson has assumed those responsibilities of operating the weed mower. Randall was hired as a temporary employee of the Highway Department on May 28, 1985 at a rate of \$6.00 per hour, and it was requested by the Road Department that the Commission

consider giving approval to a pay change for Randall Stilson from \$6.00 per hour to \$7.00 per hour, until such time as the temporary position runs out, on or about September 25, 1985. Motion was made by Commissioner Bevan Wilson that Randall Stilson be authorized to fill the position and received the pay increase from \$6.00 to \$7.00 per hour for the summer season. The Road Department is to stay within the budgeted monies. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(8)Employee Reclassification for Bruce Berensen -- Commissioner Bevan Wilson reviewed with the Commission a letter he had received from Road Superintendent, Ron Barney, indicating that due to health problems, Bruce Berensen has been transferred to the shop area to fill temporarily the position of Parts Runner, that was left vacant by Terry Heaton. Terry Heaton had taken the Mechanics position, when Pete Jones quit. Mr. Barney is requesting consideration and approval to use Bruce Berenson in the position as Parts Runner, reducing his present labor salary at a Grade 10 Step 7, or \$10.63 per hour, to a Grade 5 Step 9, or \$8.65 per hour for a period not to exceed six (6) months. At the conclusion of that period, Bruce Berenson will have the opportunity to return to his previous labor position and wage, or to keep the Parts Runner position, which would at that time be reduced to its recommended grade of Grade 1, Step 1, or \$5.30 per hour. With this change in Mr. Berensen's position, that Coy Jensen, presently working for the department in a temporary status, fill the position of Laborer left vacant by Bruce Berenson for the six month period, with Coy having the option at the end of the six months to take the

position that will be left open by Mr. Berenson's decision, and that Mr. Jensen's salary be set at Grade 5, Step 4, or \$7.29 per hour. Motion was made by Commissioner Bevan Wilson to approve the request of Road Superintendent, Ron Barney, authorizing Bruce Berenson to temporarily work in the shop area as the Parts Runner at the wages as discussed. Also, that Coy Jensen be authorized to assume the vacancy, provided that the Road Department has met all the requirements in advertising for the position as outlined in the Emery County Personnel Policy. That the effective date be August 15, 1985. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(14)

ROAD ENCROACHMENT ORDINANCE 8-7-85A & B

Presented to the Commission, after review by the Emery County Attorney's Office, was the Road Encroachment Ordinance 8-7-85A, which is the Publication Notice and Ordinance 8-7-85B. This ordinance has been submitted to interested parties for their review, and as such, is now brought before the Commission for adoption. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, to approve and adopt Ordinance 8-7-85-A & B. The motion was approved by all members present.

CONSOLIDATION COAL EASEMENT

County Attorney, Scott Johansen advised the Commission that Emery County

had received a check in the amount of \$300 with a proposed easement agreement, allowing Consolidation Coal on property owned by Emery County, for the purpose of testing an existing seep, which they are required to monitor the flow as part of their coal mining operation. Mr. Johansen indicated that he has revised the agreement and is prepared to submit it to the Commission for consideration and recommend that they accept the \$300 and the revised agreement. Motion was made by Commissioner Bevan Wilson to accept the agreement as revised by the County Attorney's Office and that Commission Chairman Clyde Conover be authorized to sign the same after final revisions have been made and submitted to him, and Emery County accept the check of \$300 to be deposited in the General Fund. The motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

CASTLE VALLEY SPECIAL SERVICE DISTRICT -- REFUNDING OF BONDS --
RESOLUTION 8-7-85C

Mr. Kent Minchey of Prudential-Bache, reviewed with the Commission the sale made earlier this day of the refunding of the bonds in the amount \$16,920.00 for the Castle Valley Special Service District. The interest rate is to be 8.65% which was not as low as they had hoped for. He indicated that the district could realize \$73,000 in savings and use \$285,000 presently set aside in their budget for debt service, to cover projects as needed by the Special Service District.

The purpose of meeting today is for the Commission to consider and approve the bond purchase contract and to consider the bond resolution and final statements. Bruce C. Funk, County Clerk, presented an Affidavit of Publication confirming at least 24 hour prior notice before the convening of the meeting, which was posted and remained posted and available for public inspection during the regular office hours of the board until the convening of the meeting; and causing a copy of the notice of Public Meeting to be provided on August 5, 1985, to The Emery County Progress, a newspaper of general circulation within the geographic jurisdiction of Emery County. This notice was ordered recorded.

MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting at 4:20 p.m. The motion was seconded by Commissioner Bevan Wilson, and approved by all members present.

PUBLIC HEARING

THE EMERY COUNTY COURTHOUSE

August 15, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson, County Clerk, Bruce C. Funk, John Wickman, J.D. Wickman, Bob Mills, Dan Pullin, and Thelma Mills.

Commission Chairman Clyde Conover opened the meeting to a public hearing at 6:30 p.m. in consideration of the Wickman Land Fill and Solid Waste Disposal Site owned and operated by John K. Wickman also known as Sinbad Construction Inc.

Commissioner Bevan Wilson reviewed with the Commission and those present the application and request to amend the official zone map. The request has been presented to the Planning and Zoning Board and Planning Consultant, Rodney Despain who has reviewed the documents and made recommendations.

Commissioner Wilson indicated that the Planning and Zoning Commission, together with the Emery County Engineer Craig Johansen, met at 5:00 o'clock p.m. this date and reviewed the documents. Everything appears to be in compliance with the State regulations and County ordinances and the only thing lacking now is a determination of the permit fee, based on actual costs incurred by the County in the permitting process. Authorization to proceed with the land fill would be subject to payment of those fees.

A survey plat of the proposed land fill was on display. The public hearing was advertised in the Sun Advocate and also the Emery County Progress for this time and date. It was also the recommendation of the Planning and Zoning Commission that the project be approved, subject to payment of the fees and with the recommendation that if the operator becomes in default with the State Board of Health in the operation of the land fill, the permit be withdrawn until it is brought back into compliance. The Emery County Commission expressed support for the disposal area.

Mr. Wickman requested an easement from the County and was asked to contact Road Superintendent, Ronald Barney about the easement.

There being no public comment in opposition to the land fill, Commission Chairman Clyde Conover closed the meeting to public comment at 6:48 p.m. upon his own motion to do so. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(2)
WICKMAN MINE WASTE DISPOSAL SITE - RESOLUTION 8-15-85

The Commission having held a public hearing prior to this action, and having received recommendation from the Planning and Zoning Commission to approve the project subject to fee payment, and it appearing that everything is in order according to the requirements of the Health Department, the Planning Consultant and County Engineer,

motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson that Resolution 8-15-85 be adopted which amends the official zone map and approves the large scale industrial project known as the Wickman Mine Waste Disposal Area located within the SE 1/4 of the NE 1/4 of Section 16, T18S, R8E, of the SLB&M containing 40 acres or more; that the land fill be used only for the disposal of mine waste materials and that such approval be conditional upon the payment of fees. Motion was approved by all members present.

The fee schedule is as follows:

Despain Consultants	\$ 275.00
Engineering review	25.00
Legal review	100.00
Administrative and publication costs	__100.00
TOTAL FEE	\$ 500.00

(Fees paid by check on August 16, 1985)

(3)
EASEMENT AGREEMENT ON BOTT LANE

Commissioner Bevan Wilson presented to the Commission the final draft of the easement agreement between Emery County and Eugene Johansen of Castle Dale in regards to the Bott Lane. The only change in the agreement since it had previously been submitted was the road classification to be designated as an established cattle route. Motion was made by Commissioner Bevan Wilson that Emery County accept the final draft on the Bott Lane Project and that it be signed and moved forward and that final payment of \$1,300 be made to Mr. Johansen. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present. Commission Chairman Clyde Conover signed the same.

(4)
CHRISTIANSSEN WASH BRIDGE PROJECT

Commissioner Bevan Wilson reviewed with the Commission the bid opening on the Christiansen Wash Bridge indicating that Nielson Construction of Huntington was the apparent low bid in the amount of \$124,052. Johansen and Tuttle Engineering has reviewed the bid sheets and bonds and recommends that the contract be awarded to Nielson Construction. Motion was made by Commissioner Bevan Wilson to award the

contract to Nielson Construction in the amount indicated, with the exception of the bridge decking which Emery County Road Department has ordered in the amount of \$24,000, and that Commissioner Bevan Wilson be authorized to sign any future documents in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(5)

EMERY COUNTY LAND FILL EXCAVATION

Commissioner Bevan Wilson indicated that Commission approval for this project had been given in a previous Commission meeting. The purpose in bringing it to the attention of the Commission at this time was to sign the final document on the notice to proceed to Nielson Construction and that Commission Chairman Clyde Conover signed the same.

(6)

HISTORICAL PRESERVATION GRANT APPLICATION

Presented by Commissioner Bevan Wilson, was the Historical Preservation Committee Grant Application in the total amount of \$7,400. This includes a State grant in the amount of \$1,290, a federal grant in the amount of \$2,410. Local dollar match for the state grant is \$1,290 and local dollar and/or in kind match for the federal grant is \$2,410 for a total local match of \$3,700 in money or in kind. It was the recommendation and motion by Commissioner Bevan Wilson that the Emery County Commission approve and sign the application and submit it to the Division of State History, Department of Community and Economic Development. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(7)

WILBERG MEMORIAL MONUMENT - ELECTRICAL HOOKUP

Presented to the Commission was a bid from Dean Allen in the amount of \$410.00 which includes all labor and materials to supply electricity to the Wilberg Memorial monument from within the courthouse. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to authorize Mr. Allen to proceed with the work and approve his bid in the amount of \$410.00 for all labor and materials and that the Emery County Clerk's Office supervise the completion of it.

(8)

EMERY COUNTY NURSING HOME - JOHN BRAMALL

Mr. John Bramall, Administrator of the Emery County Nursing Home, gave the Commission a brief report as to the operation of the nursing home. He indicated that they presently have a 73% occupancy, which is good compared to other nursing homes in the area. He also indicated that Emery County Auditor, Karen Truman has made a financial audit of his books. He also felt that they would not require assistance from the County for the month of August, but anticipates that \$7,500 will be required for the month of September, in accordance with the contract subsidy signed with Emery County and Bonneville Health Services. He also indicated that requests for this year from Emery County were not anticipated to exceed the \$70,000 as originally budgeted and that this amount would still be down from the previous year. The Commission suggested that Mr. Bramall get the necessary requisitions to the Auditor's Office for the September payment for the next warrant list.

(9)

VERNON RUSSELL ALLRED ENCROACHMENT REQUEST

Vernon Russell Allred came before the Commission requesting approval to install a cattle guard on the Buckhorn Road and had been referred to Emery County by the BLM Office of Price. Mr. Allred was advised that an encroachment permit would be required which could be obtained through the Road Department and that is all that would have to be done in order to be in compliance. It was understood that the fence and guard is at Mr. Allred's own expense and that Emery County Commission would have Mr. Ronald Barney, Road Supervisor, meet with Mr. Allred to discuss the location and installation of the cattle guard and questions as they relate to other cattle guard projects on other properties owned by Mr. Allred.

(10)

ZONING ENFORCEMENT

Commissioner Bevan Wilson discussed the need to have someone in the County provide Zoning Enforcement as well as other zoning duties previously done by Don Almond who left Emery County's employment. Presently, the need exists for Zoning Enforcement since many have moved mobile homes into the County or built without obtaining County zoning permits. It was Commissioner Wilson's recommendation and motion that Emery County advertise for a Zoning Assistant for two to three days per week and that one of the Sheriff's Blazers, scheduled for disposal, be kept for such use and that the person work under the supervision of the County Clerk. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(11)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present to adjourn the meeting at 9:39 p.m.

EMERY COUNTY COURTHOUSE

September 4, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:08 a.m.

Invocation was given by Bruce C. Funk.

A review of the agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the August 7, 1985, Commission meeting were reviewed and amended. Motion was made by Commissioner Clyde Thompson, seconded by Commission Chairman Clyde Conover to approve the minutes as amended. The motion was approved by all members present.

Minutes of a Special Meeting held August 15, 1985, were reviewed. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the minutes as presented. The motion was approved by all members present.

Minutes of the regular meeting of the Emery County Commissioners, August 15, 1985, were reviewed. Motion to approve the minutes as prepared was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson, and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit list numbered 852304 through and including 852450 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman, Clyde Conover, to approve the warrants for payment. Motion was approved by all members present.

The following requisitions were presented for approval.

Req. #	Item and Department	Cost
Action		
#18	2 Microscope Eyepieces, Mosquito	\$
179.90		
	Approved	
#19	Trailer, Weed & Mosquito	\$ 300-450
		Approved
#20	1985 Dodge Ramcharger, Sheriff	\$2,960.00
		Approved
#21	Diesel High Pressure Washer, Highway	\$2,695.00
		Approved

Requisition #20 was approved for the replacement of the Ramcharger, VIN #1B4GW12T6ES239958, which was rolled in an accident. The initial purchase price of the new vehicle, VIN #1B4GW12T6F5647717, is \$13,010 less the amount of \$10,050 which was paid by the insurance company. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover to approve these requisitions for purchase. Motion was approved by all members present.

(3)
BOARD OF EQUILIZATION DATES

Emery County Auditor discussed with the Commission possible dates for Board of Equilization. Recommended by Mrs. Truman was October 15th in Green River, and October 16th and 17th in Castle Dale. The Commission took this under advisement to determine if one or two days would be required in Castle Dale, and would notify her of their decision.

(4)
DISPOSITION OF CONFISCATED VEHICLES

County Attorney, Scott Johansen, reviewed with the Commission the status of the confiscated semi-truck, trailer, Jeep, pickup and a couple of motorcycles which were confiscated in the drug raid last year in the desert area south of Green River. Mr. Johansen indicated that the State of Utah had turned over title on the semi-truck and trailer to Emery County and have kept the airplane for their disposal. It is now their request that Emery County return the title and use of the semi-truck and trailer to the State of Utah. This matter was discussed, and the request from the State of Utah was considered by the Commission. The Commission felt that since title has been transferred to Emery County, and the truck and trailer has been put to beneficial use, Emery County declines to transfer the semi-truck and trailer back to the State of Utah.

(5)
RELOCATION GOAL AND POLICY PLAN -- ECONOMIC DEVELOPMENT
COUNCIL

County Attorney, Scott Johansen presented to the Commission a relocation plan that his office has prepared as guidelines for the Economic Development Council, which sets forth reimbursement rates for persons who have homes or property and have been displaced by a county development. Motion to adopt the Relocation Plan was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, and approved by all members present.

(6)
COUNTY WATER TRUCK -- PEACH DAYS

Commissioner Bevan Wilson discussed a request from Ferron City for use of the County Water Truck to water the race track and parking areas for the Peach Days Celebration. Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover to approve the use of the water truck for the Ferron Peach Days Celebration. Motion was approved by all members present.

(7)
HUNTINTON BALL COMPLEX -- EQUIPMENT USAGE

Commissioner Bevan Wilson discussed efforts made to improve the Huntington ball complex playing fields. Various companies have supplied equipment for transporting topsoil to the ball complex. This has also required the use of two (2) trucks and one (1) loader belonging to Emery County, which will again be required on September 14th, to prepare the fields for topsoil to be planted this fall. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, to ratify the previous action taken by the Commission, and also to approve the use of two (2) county trucks and one (1) loader again on the 14th of September. The motion was approved by all members present.

(8)
SEALING OF THE COURTHOUSE PARKING LOT

Emery County Clerk, Bruce Funk discussed with the Commission sealing of the Courthouse parking lot, as outlined in his letter of September 3, 1985. The letter

requested that the Commission indicate the type of sealcoat to be used, whether it be an asphalt emulsion with sand, or a Gilsonite sprayed application. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that the Clerk, Bruce Funk, proceed with securing bids on the seal coat and that Commission Chairman Clyde Conover be authorized to sign any agreements. The motion was approved by all members present.

(9)

NIELSON CONSTRUCTION SOLID WASTE DISPOSAL PIT

Commissioner Bevan Wilson reviewed with the Commission a letter he received from Wayne L. Nielson of Nielson Construction, requesting Commission approval to create a Solid Waste Disposal Pit for dumping of mine waste, to be located at their crusher site northeast of Castle Dale, and south of the County Landfill. Commissioner Bevan Wilson referred this item to County Clerk, Bruce Funk for referral to the Planning and Zoning Commission. Mr. Funk is to contact Mr. Nielson advising him to the procedures which must be followed before the Emery County Commission can give approval to such a request; and that the Commission must first have a recommendation and approval from the Planning and Zoning Commission.

MEETING ADJOURNMENT

Because of the yearly and regularly scheduled Utah Association of Counties annual visit, the meeting was adjourned at 12:00 noon, where the Commission and other elected officials of Emery County met with the members of the Utah Association of Counties at the Homestead Restaurant in Huntington, Utah.

Meeting reconvened at 2:12 p.m. with all members present.

(11)

EMERY COUNTY INDIGENT MEDICAL PROGRAM -- HOSPITAL ASSOCIATION REQUEST

Mr. Bob Burton, representing the Utah Hospital Association came before the Commission, together with Kent Roner, representing the State Medical Indigent Program. Mr. Burton, in behalf of the hospitals, requested that the Commission consider joining the State Indigent Program at an estimated cost of \$72,000 per year to Emery County. Their past experience has been that this normally represents only 30% of the cost that the county experiences in Indigent Medical expenses. The Commissioners felt

that there should be a much more equitable means of participation, particularly dealing with a population factor, rather than entirely on assessed valuation. It is presently based on .25 mill of the county's assessed valuation. No action was taken at this time.

(12)

LIQUOR ORDINANCE NO. 7-18-85B - REPEALED

Liquor Ordinance No. 7-18-85B was reviewed and discussed by the Commission, and concern was expressed about various parts of the ordinance. After mutual agreement and discussion, motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that the ordinance be repealed; that the County Attorney's office prepare an ordinance 9-4-85A for Commission signature, which would repeal the Liquor Ordinance 7-18-85B. The motion was approved by all members present. Ordinance 9-4-85A was signed by Commission Chairman Clyde Conover.

(13)

COUNTY VEHICLE DECALS AND LOGO

Presented to the Commission was a proposed logo, which had been prepared by the Sheriff's Office. After discussion, it was the concensus of the Commission that the logo be held for future consideration.

(14)

EMERY COUNTY INDIGENT MEDICAL POLICY - ORDINANCE 9-4-85B

County Attorney, Scott Johansen reviewed the Emery County Indigent Medical Policy and Procedure Manual as prepared by the Clerk's Office. After discussion, motion was made by Commissioner Bevan Wilson that the policy and procedure manual as presented for the Emery County Indigent Medical Program and Ordinance No. 9-4-85B, be adopted. The motion was seconded by Commissioner Clyde Thompson, and approved by all members present. Commission Chairman Clyde Conover signed the same.

MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting at 3:25 p.m. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

September 19, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 7:05 p.m.

Invocation was given by Commissioner Clyde Thompson.

A review of the Agenda was made.

Minutes of the September 4, 1985 Commission meeting were held to allow sufficient time for review by the Commission.

(2)
AUDITORS BUSINESS

Deputy Auditor, Charlane Luke, presented warrant edit list numbered 852473 through and including 852586 for payment. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the warrants for payment with the exception of warrant #852586 to Kay Kimball, which will be held for clarification. Motion was approved by all members present.

The following requisitions were presented for approval:

Req. #	Item and Department	Cost	Action
#22	Computer Upgrade, Data Processing		\$1,657. pr. mo.
Approved			
#23	Power Supply, Data Processing		
Held			
#24	Impact Wrench, Highway Department		\$ 192.00
Approved			
#25	Television, Sheriff's Department		\$ 150.00
Approved			

Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the above requisitions for purchase with the exception of requisition #23, a power supply for the computer which is to be held to

allow the Commission sufficient time to review the request and determine which option to take, if any. Motion was approved by all members present.

RESOLUTION NO. 9-19-85A

County Attorney, Scott Johansen presented to the Commission Resolution #9-19- 85A which is a request of the Castle Valley Special Service District regarding the consideration and adoption of a resolution providing for holding a special election on November 5, 1985, for the purpose of submitting to the qualified electors within the service district, the proposition of authorizing the service district to increase the present voter authorized annual tax for the maintenance and operation budget, from 3 mills to an annual tax of 4 mills of the assessed valuation for a period of 21 years. Motion was made by Commissioner Bevan Wilson to accept the resolution as prepared, motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(5)
FAIR LABOR STANDARDS ACT - RESOLUTION 9-19-85B

County Attorney, Scott Johansen reviewed with the Commission the Fair Labor Standards Act, as it applies to Emery County, indicating that the Commission has received memorandums from Mike Swallow of the Utah State Department of Personnel and from himself as County Attorney. He is now ready to present to the Commission Resolution 9-19-85B, with the effective date of October 15, 1985 for Commission consideration and signature. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that the Emery County Commission adopt Resolution 9-19-85B which would apply the Fair Labor Standards Act to the Emery County Personnel Policy. Motion was approved by all members present.

(6)
MISDEMEANANT SUPERVISION

County Attorney, Scott Johansen reviewed with the Commission a letter prepared for their signature in regards to the Misdemeanant Supervision Program administered by Ike Simmons through the office of the Association of Governments. Motion was made by Commission Chairman Clyde Conover that since the Misdemeanant Supervision Program is a Circuit Court function and as such should be funded by the Court Administrator's Office for such services; that

the letter be submitted to Bill Howell of the Southeastern Utah Association of Governments requesting that he contact the Court Administrator's Office for reimbursement for those services provided to the Circuit Court system. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)
BOARD OF EQUALIZATION DATES

It was the consensus of the Commission that October 15 and 16 be set aside as the dates of the Board of Equalization for 1985 and also tentatively approve the dates of October 22 and 23 should there not be sufficient time to get the notices out for the equalization dates of the 15 and 16th.

(8)
COMMUNICATION DEPARTMENT - KEITH LAKE RESIGNATION

The Emery County Commission recognized the resignation of Keith Lake as the electronics technician for the Sheriff's Department effective October 11, 1985. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to accept the resignation of Keith Lake and to authorize Pat Snowball, Personnel Technician to proceed in the recruitment process for a replacement. Motion was approved by all members present.

(9)
ROAD DEPARTMENT - TEMPORARY HIRE

Commissioner Bevan Wilson reviewed a request by the Emery County Road Department for a temporary hire for a three-month period to replace Terry Heaton who will be off for three months because of an accident. He indicated that the Road Department is having a difficult time in keeping up with the work and therefore, have an urgent need for a replacement while Mr. Heaton is off on sick leave. The Road Department has interviewed a number of applicants, referred to them by Job Service, and it was their

recommendation that Johnny D. Leffler be hired to fill that temporary position at a Grade 11 Step 4 which pays \$11.15 per hour. Commissioner Wilson indicated that in the past temporary employees have been paid \$9.00 per hour or less and that amount was his recommendation to the Commission. Thereupon, Commissioner Bevan Wilson made a motion to accept the name of Johnny D. Leffler as a temporary replacement for Terry Heaton for a three-month period at the rate of \$9.00 per hour effective September 23, 1985. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(10)
COASTAL STATES ENERGY COMPANY - SUPPORT REQUEST

The Emery County Commission reviewed a letter from Coastal States Energy Company requesting Commission support in their request to the Utah Highway Commission for the State of Utah to take over highway U-31 to Scofield. Commissioner Bevan Wilson made a motion that the Commission go on record in support of the Utah Department of Highways taking over highway U-31 and that a letter be prepared for Commission Chairman Clyde Conover's signature indicating the same. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(11)
ROCK CANYON DIP - ROSS HUNTINGTON AGREEMENT

Commissioner Bevan Wilson indicated that agreement has been reached with property owner Ross Huntington in the amount of \$200.00 for the easement in purchase of the property South of the Hunter Power Plant. Motion was made by Commissioner Bevan Wilson to ratify and approve the agreement with Mr. Ross Huntington that he be paid in the amount of \$200.00 as per the agreement. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(12)
COURTHOUSE BEAUTIFICATION

Motion was made by Commission Chairman Clyde Conover, upon request by Commission Secretary Pat Snowball, to approve the purchase of artificial trees and pictures in the amount of \$1,500 to be installed within the Emery County Courthouse in an effort to improve and beautify the lobby. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(13)
PLANNING AND ZONING

(a) Zoning Technician - Commissioner Bevan Wilson reviewed with the Commission their prior approval for hiring a Zoning Technician on a temporary, part-time basis and that the interviewing process has been completed. After consideration and discussion of all applicants, it was Commissioner Bevan Wilson's recommendation and motion that James Fauver be hired as the Emery County Zoning Technician at the rate of \$7.50 per hour with an effective date of September 23, 1985 to work two to three days per week under the supervision of the County Clerk. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Item #13, Planning & Zoning Cont. . .

(b) Zoning Board Appointments - Commissioner Bevan Wilson advised the Commission that the following names have been presented to Planning and Zoning members for consideration for appointment on the Planning and Zoning Board:

Eugene Johansen of Castle Dale; Drew LeRoy of Orangeville; Kathy Cannon of Huntington; Merlin Weber of Ferron; Roger Curtis of Orangeville; Lewis Stilson of Orangeville.

Commissioner Wilson indicated that each Planning and Zoning member has had an opportunity to vote on their preference. He also indicated that Duane Collard, who is presently serving on the Planning and Zoning board has been unable to attend the Planning and Zoning meetings because of his work in Delta and has not responded to letters of inquiry as to his intent to continue to serve on that board. Therefore, two openings on the board would be the possible replacement for Duane Collard and the vacancy left by Tim Simmons, who previously resigned. Motion was made by Commission Chairman Clyde Conover that the Emery County Commission release Duane Collard from his responsibilities on the Planning and Zoning Commission with appreciation for his work and efforts in the past; that Kathy Cannon be appointed to replace Duane Collard and that Lewis Stilson complete the remaining term of Tim Simmons. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)
COURTHOUSE PARKING LOT PAVEMENT SEALING

Commissioner Bevan Wilson presented to the Commission an agreement between Emery County and Steve Johnson for sealing the Courthouse asphalt as previously approved in Commission meeting. The amount of the agreement is \$1,100.00. Commission Chairman Clyde Conover signed the same.

(15)

MEETING ADJOURNMENT

Motion to adjourn the meeting at 9:17 p.m. was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

October 2, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Deputy Clerk, Karen Bean.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Commission Chairman Clyde Conover.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the Commission Meeting of September 4, 1985 were reviewed and amended and approved as amended upon motion by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

Minutes of the Commission Meeting of September 19, 1985 were held to allow the Commission sufficient time for review.

(2)

ROAD DEPARTMENT REQUEST

Commissioner Bevan Wilson informed the Commission that Nielson Construction has had some problems with the bridge replacement at Christiansen Wash. They have had difficulty locating solid ground on which to place the bridge supports. The bridge has been ordered and is on its way, but they will not be able to use it at this time. It was Commissioner Wilson's request that the forthcoming bridge be used at the Buckhorn project since it will fit as a replacement for that bridge and that the Christiansen Wash project be completed with a culvert rather than a bridge. Christiansen Wash needs to be completed as soon as possible so that it can be used as a detour while a bridge on the Consol Coal Haul Road is being fixed. It was the consensus of the Commission that the

request be granted and the bridge be transferred from the Christiansen Project to the Buckhorn Project and that a culvert be used at the Christiansen Wash. Commission Wilson is to see that the contracts are redone and brought back for approval. Both projects are covered under the Flood Control Program.

Item #2, Road Department Cont. . .

Commissioner Wilson also updated the Commission on the rip rap project in Green River. He indicated that the culinary system looked good and that work should be completed soon, but that there were some problems with the rip rap near the irrigation pipe. He also stated that Craig Johansen would be meeting with the Impact Board to request a grant to assist with the costs of the project.

(3)
AUDITORS BUSINESS

(a) Emery County Auditor, Karen Truman, presented warrant edit list numbered 852587 through and including 852740 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the warrants for payment. Motion was approved by all members present.

The following requisitions were presented for approval:

Req. #	Item and Department	Cost	Action__
#26	Animal Clipper, Extension Service	\$ 172.00	Approved
#27	Computer Discs, Data Processing	\$1,300.00	Approved

SHERIFF'S DEPARTMENT - JUVENILE OFFICER

Emery County Sheriff, Lamar Guymon came before the Commission together with Deputy Brad Burr. Deputy Burr is the Juvenile Officer in the County and presently administers programs through the schools such as teaching a law enforcement class, and with the help of Deputy Steve Stream, handles the McGruff Program and Officer Friendly among other juvenile programs. Deputy Burr explained to the Commission that there is a need to obtain additional training for himself in order to better develop and handle these programs. Training is available through a school where officers throughout the country are trained on the various programs and in dealing and counseling juveniles. Deputy Burr has written letters to the school board and requested their help in financing his attendance at the school, but has been unable to receive the cooperation from the school board. After discussing the programs and Deputy Burr attending the school, it was the consensus of the Commission that a meeting be arranged with the Commission, the Sheriff, Deputy Burr and the school board to discuss the funding and the need for receiving the training. Commission Secretary, Pat Snowball is to schedule the appointment. The Commission requested that Deputy Burr prepare a packet of information on the programs and how they are being run and financed in other counties. It was also discussed that in order to obtain public support for the programs, the public needed to be aware of how the programs run and what they do for the children. The editor of the Progress, Larry Davis, stated that he was willing to meet with Deputy Burr to get the necessary information and run articles to inform the public. The Commission was in agreement that these programs serve a valuable purpose and should be continued in the schools.

(5)
TREASURER'S OFFICE PERSONNEL REQUEST

Emery County Treasurer, Elaine Wilson requested that approval be given for her to hire a person to help in her office during the busy tax time. Mrs. Wilson explained that in assessing the cost of paying overtime to her present staff that it would cost less to hire a

temporary, part-time person at \$4.50 per hour and use them on an "as needed" basis. The money for the new hire has not been budgeted on the personnel line item, but Mrs. Wilson informed the Commission that she has sufficient funds in her budget if she were allowed to transfer line items. Question was raised about hiring close relatives and the anti-nepotism statute was discussed. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the hiring of a temporary, part-time person on an "as needed" basis for the Treasurer's Office for October and November at \$4.50 per hour but is not to exceed the total amount of \$732.23. The motion was approved by all members present. Mrs. Wilson indicated that she has two persons in mind that she can contact at a moments notice to help her and that she would not need to go through the regular recruitment process since it is a temporary, part-time position.

PUBLIC HEARING - NIELSON CONSTRUCTION LARGE SCALE INDUSTRIAL
PROJECT, MINE WASTE DISPOSAL SITE - 11:30 a.m.

This was the time fixed for a public hearing for the purpose of receiving public comment relative to the consideration and approval of an application by Nielson Construction to establish a large scale industrial project consisting of a mine waste disposal site. Commissioner Bevan Wilson conducted the public hearing. Those present were Rodney Despain, Planning Consultant, James Fauver, Zoning Technician, Wayne Wilberg, and Tom Humphrey representing Nielson Construction. Mr. Despain reviewed the necessary provisions for approval of the site. It was suggested by Mr. Wilberg that the area be fenced and locks placed upon the gate to eliminate dumping of material other than mine waste. The public hearing was then closed upon motion by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present. It was determined that a problem exists with the time frame of the notice of the public hearing and the date of the hearing. No action was taken with regard to approval of the application in order to effect proper publication and the holding a another public hearing at a later date.

(7)
CASTLE VALLEY TRAVEL COUNCIL BUDGET REQUEST

A letter, addressed to Mr. Dan S. Hunter of the Castle Country Travel Council, was presented to the Commission for their signature. The letter is a budget request for funds in the following amounts to be used at the Emery County Museum - \$1,000, advertising for the Emery County Fair - \$1,000, for the Emery County Racing Association - \$550, and for membership of the Emery County Economic Development Council in the Grand Circle organization - \$1,000. The letter was signed by the Commission.

(8)

MEETING ADJOURNMENT

Motion to adjourn the meeting for the lunch break at 12:20 p.m. was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

The meeting reconvened at 2:00 p.m.

(9)

U.S. FOREST SERVICE - COAL LEASE READJUSTMENTS

Mr. John Niebergall and Mr. Mark Chatterton of the U.S. Forest Service came before the Commission to discuss the process for adjusting coal leases on Forest Service Land. Once a coal lease has been granted, it is reviewed and the fees readjusted every 10 years on an operating mine. This is done only after the lease has been in effect for 20 years.

Commission Minutes

October 2, 1985

Item #9, Coal Lease Cont. . .

The lease on the Black Diamond mine in Straight Canyon will be due for readjustment in the near future, and the Forest Service wanted to allow the Commission a chance to comment on the mine. Mr. Niebergall informed the Commission that it has been determined by the new land management plan that all areas surrounding this lease will not be leased for coal purposes. The reasons that he stated is that the area is used for recreational purposes and there is not sufficient room for a mine site because of the narrow canyon. Mr. Niebergall also stated that it is uncommon to have an area that is not suitable for mining. It was indicated that the Forest Service has the right to terminate the lease if there is no activity with the coal and that this mine has not been worked for approximately 36 years. The purpose in this discussion was not for the Commission to make a decision as to whether or not the lease would be terminated, but to inform them of the options available to the Forest Service and for the Commission to make any input in that area.

Mr. Niebergall reminded the Commission that a hearing date has been set in the first part of November to receive comment on the new policy plan for the Forest Service and the BLM. He also indicated that copies of the plan have been provided.

(10)

LIABILITY INSURANCE - KEITH WARE

Mr. Keith Ware came to the commission to update them on the current status of County liability insurance policies and the premiums thereon. Mr. Ware indicated that because of the number of law suits that have been filed throughout the country that insurance premiums will be increasing. He discussed several options that the County might take with regard to the insurance and was instructed to review these options with County Auditor, Karen Truman.

(11)

MENTAL HEALTH BUDGET - JIM WHEAR, FOUR CORNERS MENTAL HEALTH

Mr. Jim Whear of the Four Corners Mental Health Center presented a request to the Commission to increase the 1986 budget for the Mental Health Center. Mr. Whear explained that 90% of their budget is funded by the State, but that the remaining 10% needs to be funded by the participating counties. Presently that 10% has been divided between the three counties on an assessed valuation basis. The Commission informed Mr. Whear that the entire County budget needs to be trimmed and that all department heads have been informed of the problem that the budget presents this year. No action was taken.

(12)

JAMES BANASKY - MEDICAL INSURANCE

Mr. James Banasky reminded the Commission that the premium for the County's Health Insurance Policy would be due on January 1, 1986. He requested permission to research the benefits available through various insurance companies in order to determine if a better rate is available. He indicated that he needs permission from the County before he can make his inquiries. Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson that Mr. Banasky be allowed to proceed and make inquiries on health insurance packages that are available. The motion was approved by all members present.

(13)

COMPUTER POWER SUPPLY UNIT

County Attorney, Scott Johansen discussed with the Commission a request from the Data Processing Department for the purchase of a Computer Power Supply Unit. Mr. Johansen indicated that he has had several discussions with County Clerk, Bruce C. Funk regarding the units that are available, the cost of the units and what the needs of the County are. Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson to approve Commissioner Clyde Thompson and County Clerk, Bruce Funk investigating the two options available and determining which unit to

purchase and place the order for the same. The motion was approved by all members present.

(14)

MEETING ADJOURNMENT

Motion to adjourn the meeting at 4:22 p.m. was made by Commissioner Bevan Wilson seconded by Commission Chairman Clyde Conover and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

October 17, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:11 a.m.

Invocation was given by Bruce C. Funk.

A review of the agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the Commission meetings of September 19, 1985 and October 2, 1985 had not been completed for the Commission's review, but will be submitted for approval at the next Commission meeting.

(2)

AUDITORS BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 852752 through and including 852937 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the warrants for payment. Motion was approved by all members present.

The following requisitions were presented for approval:

Req. #	Item and Department	Cost	Action	
#31	Terminal and Printer, Road Dept.	\$ 684.00	Held	
#32	Radio Commun. Equip., Road Dept.		\$6,012.20	Approved

#33	Computer Equip., Recorder Office	\$7,736.00	Approved
#34	Typewriter, Assessor's Office	\$ 556.00	Approved

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above requisitions for purchase with the exception of requisition #31 for data processing equipment in the Road Department. Motion was approved by all members present.

BEAR CANYON CAMPGROUND

Emery County Clerk, Bruce C. Funk presented to the Commission, by memorandum, the financial status of the Bear Canyon Campground. The revenues for the year 1984 is in the amount of \$2,765.50. Rentals in the year 1985 was \$3,221.75 for a total of \$5,987.25 of which \$5,962.25 has been deposited in the Emery County General Fund, leaving a balance in the checking account of \$25.00 to begin the 1986 rental season. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the transfer of those receipts into the County general fund with the balance of \$25.00 to remain in the checking account to keep the account open. Motion was approved by all members present.

(4)
EMERY COUNTY LIBRARY BOARD APPOINTMENT

Commission Chairman Clyde Conover reviewed with the Commission those names of persons recommended for consideration and appointment to the Library Board. It was Commissioner Conover's recommendation that Pam Magleby be considered for that appointment for a term of two years. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that Pam Magleby of Huntington be appointed to serve a two year term as a member on the Emery County Library Board. Motion was approved by all members present. The Clerk's Office is to notify Mrs. Magleby of the appointment.

(5)
CHRISTIANSSEN WASH BRIDGE - BUCKHORN DRAW BRIDGE

Commissioner Bevan Wilson reviewed with the Commission the status of the Christianssen Wash Bridge. He indicated that it was unfeasable to install the 30' bridge originally planned for and that a structural steel plate culvert could be installed at that location and the bridge originally ordered be used at the Buckhorn Draw. He requested that a change order be initiated with Nielson Construction. Motion was made by

Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the installation of the bridge at the Buckhorn Draw and that the bridge at the Christiansen Wash be replaced with a structural steel plate culvert to be installed by Nielson Construction for a total cost of \$84,129.80 as per change order and that Commissioner Bevan Wilson be authorized to sign the change order and any additional paperwork on both projects in order to expedite their completion. Motion was approved by all members present.

(6)
COMPUTER POWER SUPPLY

County Clerk, Bruce C. Funk advised the Commission that he has met with Commissioner Clyde Thompson and approval has been given and an order placed for a motor generator to supply the power to the county computer at a cost of \$8,615.00 plus \$2,000 for delivery and installation.

TOTALS		1,276
396		

Totals for the election for the Special Service District were 1,276 and those against were 396.

November 13, 1985

Motion was made by Commissioner Clyde Thompson to approve the election results and the canvass of the election and approving a resolution finding and promulgating the results of the election held within the Castle Valley Special Service District at the same time as the municipal election held November 5, 1985 to determine the authority of the Special Service District to increase the present annual tax from three mills to four mills on the dollar of assessed valuation until the year 2007. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

PLANNING AND ZONING - NIELSON LAND FILL

Presented to the commission was minutes of the public hearing held November 6, 1985 for the purpose of receiving public comment on a proposed zoning amendment allowing the mine waste disposal site to be owned and operated by Nielson Construction Company. On those minutes, Commissioner Wilson discussed with those present the need to include in the conditions in the operation of the disposal pit that no salvage activities be associated with this type of land fill. His concern being that such activities would be visually offensive where it is so close to the highway and therefore it not be permitted. Also discussed was the need to have some type of performance bond or reclamation bond on the project. Discussed was the possibility of providing a property or cash bond with the following options. Number one, that Nielson Construction provide a \$5,000 cash bond which upon completion of the project and after reclamation would be returned to the operators including interest. Option number two, would be 100 shares of Huntington-Cleveland Irrigation Stock or a comparable worth of stock in other local irrigation companies to be in the form of delivered, signed certificates to Emery County. Option number three, would be 40 acres of choice irrigatable farm land with highway frontage and property and description to be approved by the Commission.

Zoning Technician, James Fauver is to contact Mr. Nielson and advise him of the options and that finalization be completed by their December 4, 1985 Commission Meeting.

(3)

CASTLE VALLEY TRAVEL COUNCIL - SCOTT TRUMAN

Emery County Economic Development Director, Scott Truman came before the Commission in regards to Emery County's participation in the Castle Valley Travel Council. Mr. Truman indicated that the Emery County does not generate sufficient transient room tax to break away from Castle Country Travel Council in promoting their own travel brochures and needs. It was his suggestion that Emery County have a more solid board representation on the Castle Valley Travel Council and it was further his recommendation that Emery County remain part of that council.

Special Meeting
November 13, 1985

Commissioner Bevan Willon advised those present that Tracy Jeffs of Castle Dale, Utah, has requested that he no longer serve on that board and it was Commissioner Wilson's recommendation and motion that Tracy Jeffs be released from that board and replaced by Scott Truman of Ferron, who is the director of the Emery County Economic Development Council. Mr. Truman is to fill the unexpired term of Mr. Tracy Jeffs. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

The Commission asked that Scott Truman inquire as to any participation by Grand County in promoting tourism in the Green River area since they benefit directly from it.

(4)
BOYD MARSING - GREEN RIVER

Mr. Boyd Marsing of Green River, Utah, came before the Commission requesting that the Emery County Road Department install a cattleguard which he has purchased to be installed on the Green River Road near the Willow Bend. This would also require Emery County to furnish the concrete box. Mr. Marsing advised the Commission that installation of the cattle guard on the county road at the location he is suggesting would still benefit fisherman and campers who use that particular part of the river. Commissioner Wilson advised Mr. Marsing that the policy has been that Emery County would permit them and it was his request that Mr. Marsing meet with the Road Department Superintendent, Ron Barney, and obtain a work order request and that a joint meeting be held between Mr. Marsing, Mr. Barney and Commissioner Wilson in reaching a decision.

(5)
ASSESSOR'S BUSINESS - PERSONNEL

Emery County Assessor, Gerald Stanton, came before the Commission requesting that he be authorized to proceed with advertising for a replacement of Cassie Leighton who has terminated her employment with Emery County. Commissioner Bevan Wilson indicated that supervising Commission Clyde Conover had met with Mr. Stanton and it was his recommendation that the Commission give approval as the replacement and additional help is needed. This will require advertising within the county for one week then advertising in the local paper for one week and applicants are to apply through Job Service who would make recommendations to the County Assessor for his interview and selection. Motion was made by Commissioner Bevan Wilson to authorize the hiring of a replacement for Cassie Leighton with procedures to be followed as outlined in the Emery County Personnel Policy. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(6)
ELECTION BUSINESS - REGISTRATION SUPPLIES

Emery County Clerk, Bruce C. Funk, advised the Commission that he is in receipt of a bill from Carr Printing for registration supplies in the amount of \$469.07. These registration supplies were used in the municipal election this year and according to Section 20-2-24 and Section 20-2-25 of the Utah Code Annotated, 1953 as amended these costs for making such lists for municipalities elections shall be paid by the city or town. This would be approximately \$39.09 per municipality. He further advised the Commission that in the past it appeared that municipalities hadn't been billed for these costs and was asking direction as how to proceed with this bill. It was the consensus of the Commission that they would take it under advisement when the full Commission was present and in the mean time, the bill would be paid by the County and billed back to the cities if the decision is made to do so.

(7)
MEETING ADJOURNMENT

Motion was made by Commission Clyde Thompson, seconded by Commissioner Bevan Wilson to adjourn the meeting at 11:42 a.m.

HELD IN THE EMERY COUNTY COURTHOUSE

Motion was made by Commissioner Clyde Conover, seconded by Commissioner Clyde Thompson to approve reimbursement of the Highway Department for the above costs which has been paid directly to Emery County and placed in the general fund. Motion was approved by all members present.

(4)

SHERIFF'S DEPARTMENT - AGREEMENT TO TEACH LAW ENFORCEMENT CLASS

Presented to the Commission was an agreement between the Emery County School District and the Emery County Commission wherein the county would provide an officer through the Emery County Sheriff's Office to teach two class periods per day for nine months at the Emery County High School from the period of the 1st day of September, 1985 and ending the 24th day of May, 1986. For the service the Emery County School District agrees to pay the sum of \$2,500. Motion was made by Commissioner Bevan Wilson that Emery County accept and sign the agreement as presented. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(5)

PERSONNEL POLICY - RESOLUTION 11-21-85, COMP-TIME AND OVERTIME

County Attorney, Scott Johansen reviewed with the Commission the need to adopt a new resolution, #11-21-85, which would postpone the effective date of Resolution 9-19-85B as it applies to overtime and comp-time which would make the effective date April 15, 1986. Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson that Resolution #11-21-85 be adopted and also that effective this date there is to be no overtime and any overtime accumulated is in the form of comp-time at straight time and there further shall be no payment of comp-time without Commission approval. Motion was approved by all members present.

(6)

COURTHOUSE GIFT FUND

Emery County Auditor, Karen Truman discussed with the Commission the possibility of establishing for the employees of the courthouse an employee gift fund in which 50* per pay period would be deducted and used for wedding gifts, funeral donations, baby gifts, etc. and that such a donation is strictly voluntary and that deductions would only be made after authorization has been given by that employee. Motion was made by Commissioner Bevan Wilson that in view of the fact that this would save time in light of the present system, that the Commission approve such a voluntary payroll deduction by those employees wishing to participate and who have signed the payroll deduction authorization form and that Auditor, Karen Truman be placed in charge of those collected funds. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)

CASTLE COUNTRY TRAVEL COUNCIL

Mr. Dan Hunter, Chairman of the Castle Country Travel Council introduced Thelma Jones who is the Travel Council Administrator who reviewed with the Commission the 1985 budget and the proposed 1986 budget. Mrs. Jones indicated that the 1986 budget is down by more than \$10,000 because of an anticipated shortage in revenue as well as overpayments to the travel council by motels outside of Carbon and Emery County which have to be reimbursed. She further indicated that they have made cutbacks in advertising but basically it is spent on the ratio of 68% in Carbon County and 32% in Emery County. This expenditure is based on the revenues generated from each of the counties which is on that same ratio. She further clarified that the budget shows approximately \$19,130 anticipated revenues from Emery County and clarified that they project a more accurate amount in the neighborhood of about \$14,000. They will be producing a new brochure on the Emery County Museum, the San Rafael area and updating the Green River Information booth which are some of the larger expenditures for Emery County.

(8)

PLANNING AND ZONING - PERMIT FEE WAIVED

(a) Commissioner Bevan Wilson discussed with the Commission a request by the Catholic Church, south of Huntington to the Planning and Zoning Technician, James Fauver that the zoning permit fee of \$40.00 be waived based on the fact that they are a non-profit organization. They have located two construction buildings from Utah Power and Light which they anticipate to use for classrooms as needed. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that the permit fee for the Catholic Church at the San Rafael Church south of Huntington, in the amount of \$40.00 be waived on the basis that they are a non-profit organization. Motion was approved by all members present.

(b) The U.M.W.A. has requested that the zoning permit fee in the construction of the memorial park at the intersection of the coal haul road and U-29 also be waived. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that the fee for the memorial park zoning also be waived. Motion was approved by all members present.

(9)

ROAD DEPARTMENT - EMPLOYEE TRANSFERS

Commissioner Bevan Wilson indicated that Coy Jensen, who is a temporary employee in the Road Department, has received injuries while working on the job and will be off for some time. He indicated that John Leffler has been a temporary employee while Terry Heaton was out of the road shop because of illness and Terry Heaton is now back, and it was his request that Mr. Leffler fill the temporary vacancy left by Coy Jensen while he recovers from his operation. After discussion, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the transfer of John Leffler to fill the vacancy left by Coy Jensen while he recovers from his surgery and that John Leffler be paid at the same rate as was Coy Jensen, at \$7.29 per hour. Motion was approved by all members present.

(10)

PERSONNEL POLICY - CLARIFICATION OF LEAVE OF ABSENCE

Discussed by the Commission and reviewed with County Attorney, Scott Johansen was the Emery County Personnel Policy and clarification on leaves of absence and whether employees receive benefits while on leave. Also discussed was benefits as they apply to disability leave. After considerable discussion, it was the consensus of the Commission

that those who take personal leave of absence would no longer receive benefits while on leave. Those with disability leave might receive continued insurance benefits but each case would have to be considered by the Commission on a case by case basis and no benefits would be allowed unless Commission approval was given. (No final motion was made, but rather an interpretation of the policy as they saw it.)

(11)
PERSONNEL REQUEST

Also discussed was the consideration and approval to recruit a communications technician. County Attorney, Scott Johansen suggested that the Commission consider a possible proposal coming from the Emery County Farmers Union Telephone Association in which the telephone company would contract with Emery County to take over the service and maintenance of the Emery County Television equipment and possibly other communication equipment. It was the consensus of the Commission that they would welcome such a proposal from the telephone company but in the mean time they would continue with the recruitment process.

(12)
ELECTION SUPPLY REIMBURSEMENT

Emery County Clerk, Bruce C. Funk reviewed with the Commission as a follow up to the same item discussed in the November 13 Commission meeting regarding the bill from Carr Printing for municipal election registration supplies in the amount of \$469.07. Section 20-2-24 and 20-2-25 of the Utah Code allows for reimbursement to the counties by the municipalities for those costs. It appears that in the past Emery County has not billed these costs to the cities. The clerk further advised the commission that in the past for general elections the county has used many of the city buildings. After discussion, it was the consensus of the Commission that those costs be paid by Emery County and that a letter be written to each of the municipalities indicating that Emery County, even though the Utah code allows for municipalities to pay those costs, that the Commission has elected to pay them at this time. That motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

(13)
MEETING ADJOURNMENT

Motion to adjourn the meeting was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present at 9:11 p.m.

HELD IN THE EMERY COUNTY COURTHOUSE

December 4, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Scott Johansen.

A review of the Agenda was made.

(1)
PUBLIC HEARING ON TENTATIVE 1986 EMERY COUNTY REVENUE AND
EXPENDITURE BUDGETS

The time being 10:00 a.m. and the time set for the purpose of receiving public comment and input as to the tentative 1986 Emery County Revenue and Expenditure Budget as well as the library and the Castle Valley Special Service District budgets. Commission Chairman Clyde Conover opened the meeting for public comment. Those present at the public hearing were Maughan Guymon, Representing the Area Agency on Aging; Larry Davis of the Emery County Progress; John Bramall of the Emery County Nursing Home. Emery County Auditor, Karen Truman indicated that the tentative budget as presented reflects those requests by each department and that final budget adoption will be on December 12th at 10:00 a.m.

Maughan Guymon, representing the Area Agency on Aging reminded the Commission that his program and agency has not requested an increase in the budget in the last seven years and that they have repeatedly done a great deal of cutting in the past. The state program has carried them over in the past but is no longer able to because of decreases in the state budget. He commented that even though there have been a number of cuts over the years that they have been able to maintain a high level of service to the residents of Emery County and recommend that no further cuts be made. Commissioner Clyde Thompson inquired as to the \$350 request for operation of their office and if the \$15,000 received from Emery County was used to cover the food delivery costs and so forth. He also asked what amount was provided by each county in participating in the program. Mr. Guymon responded that most of the \$15,000 received from Emery County, in a large portion pays for his salary, but he was unsure as to the actual breakdown of the balance of the monies received. In regards to the \$350, he indicated that in his travel to Emery County in providing services to

Public Hearing Cont. . .

the different agencies here, that in the first four months he has already expended over 60 percent of his budget and that the \$350 was to cover his expenses in operating his particular office. This would also allow him to better attend state meetings and get a better representation there for the residents of Emery County. Commission Chairman Clyde Conover requested that Mr. Guymon provide to the Commission actual breakdown of the \$15,000 and to where it goes and to give that information to Commissioner Thompson.

Commissioner Clyde Thompson expressed appreciation for the fine work in which Mr. Guymon has done with his program in Emery County.

John Bramall, Administrator of the Emery County Nursing Home indicated that in the past five years the nursing home has been losing a gross amount of \$115,000 to \$117,000 each year and in the past they have used monies in their savings account. This past year Emery County has provided \$70,000 to the nursing home. He has been able to hold the operating costs to that amount. He further indicated that in the past, the break-even number of patients was 44 and that now they are at a patient break-even point of 40 patients and feels very good about that. His 1986 budget request is in the amount of \$44,500 with a contingency fund of \$22,500 which should be in a separate line item. This is required because the facility has been in operation some 20 years and the furnishings and equipment are starting to wear out including roof leaks and a number of other repairs needed to be made and of particular concern is the boiler and the clothes dryer is ready to go out. If he was to change the classification of the nursing home from skilled to intermediate care, then he could save an additional \$20,000 to \$30,000 but indicated that in a rural area it's nice to have a skilled nursing staff available. Commissioner Conover inquired as to what the Nursing Home Board's desire was, and Mr. Bramall responded that it was to keep it on a skilled level. Mr. Bramall indicated that further cuts could only be made with a reduction in the number of paid holidays, sick leave days and vacation days that employees now receive.

Also, discussed with Mr. Bramall was that because of resignations of three board members from the Nursing Home Board that the board needed to meet and submit to the Commission three names to fill the vacated positions. These names are to be submitted to Commissioner Clyde Thompson and he will present them to the Commission for approval.

Commissioner Clyde Thompson in behalf of the Commission expressed appreciation for Mr. Bramall in his operation of the nursing home.

Commissioner Clyde Conover inquired as to any other public comment in regards to the tentative 1986 budget. There being no other persons present or no one expressing comments, motion was made by Commissioner Clyde Conover to close the public

hearing at 10:35 a.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(2)
COMMISSION MINUTES

The Commission not having had time to review the minutes of the November 13, 1985, and the November 21, 1985, Commission minutes asked that the minutes be held until the next regular meeting of the Emery County Commissioners.

(3)
CASTLE DALE CITY PROPERTY ANNEXATION

By letter to the Emery County Commission, Castle Dale City informed them of their proposed annexation of the Von Frandsen property. County Attorney, Scott Johansen said he has reviewed that property and can see no reason to object to the annexation of that property into the city limits of Castle Dale. It was the consensus of the Commission that there was no objection to the annexation of that property by Castle Dale City into the city limits.

(4)
NIELSON LAND FILL - PERMIT APPROVAL

Mr. John Nielson of Nielson Construction Company, who is the operator of the Nielson Land Fill, met with the Commission and discussed those requirements imposed upon him by the Planning and Zoning Commission. Mr. Nielson objected to the requirement that he furnish a \$5,000 bond on the project where as the previously approved Wickman Land Fill was not required to do so. Commissioner Bevan Wilson indicated to Mr. Nielson that the \$5,000 bond was a requirement from the Planning and Zoning Commission and was a requirement since the property was not in his name, but in the name of Wayne Wilberg and therefore the Planning and Zoning Commission required this as part of their conditions on permitting the land fill. Mr. Nielson further objected to the requirement that no salvage operation take place in the operation of the land fill. It was his assumption that in operating a disposal pit salvage was one of the benefits and that the revenues received there helped offset the costs of operating the land fill. Mr. Nielson was advised by the Commission that it was their understanding that this condition was part of what the State Department of Health had required and that in the public hearing held last month, that in fact Mr. Gerald Story of the Utah State Department of Health had made the request that salvage operations not be permitted. Commissioner Wilson further indicated that the Commission would be in agreement with whatever criteria the state used as far as the operation of the disposal pit and the associated salvage operations.

After further discussion, with regard to the bond, motion was made by Commission Chairman Clyde Conover that the Commission accept the eight lots numbered 6, 7, 8, 9, 10, 11, 12 and 17 of the Huntington Village #1 Subdivision in Huntington to be in lieu of the \$5,000 bond and that Mr. Nielson meet with County Attorney, Scott Johansen and prepare the necessary paperwork in assigning those lots to Emery County until such time as the land fill is no longer in operation and proper reclamation has been made. At that time the lots would be turned back to Mr. Nielson. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Nielson Land Fill Cont. . .

Mr. Nielson was in agreement to allow those eight lots to be transferred into the name of Emery County. Having resolved the issue as to the \$5,000 bond, motion was made by Commissioner Bevan Wilson that a conditional use permit be issued to Nielson Construction for operation of a land fill provided that eight lots are transferred to Emery County and properly recorded in the Recorder's Office and that Emery County would permit associated salvage activities only as permitted by the State Department of Health. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(5)
AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented warrant edit list numbered 853231 through and including 853326 for payment. Motion was made by Commissioner Bevan Wilson to approve all warrants for payment. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

The following requisitions were also presented for approval:

Req. #	Item and Department	Cost	Action
#42	35 mm camera, Highway Dept.	\$ 250.00	Approved
#43	Video Support Module, Data Process.	\$1,490.00	Approved
#44	Supplies and repairs, Nursing Home	\$3,253.84	Approved

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the requisitions for purchase. Motion was approved by all members present.

(6)

UTAH POWER AND LIGHT - GRAVEL PIT

Presented to the Commission was an agreement between Utah Power and Light and Emery County wherein Emery County lease from Utah Power and Light a gravel pit for the sum of \$1.00 per year and at no other cost to the County. The lease is to expire in the year 1988. Commissioner Wilson indicated that the agreement has been reviewed by the Emery County Road Department and the County Attorney who's only concern was a question on the reclamation. Therefore, motion was made by Commissioner Bevan Wilson that the agreement be signed and returned to Utah Power and Light for signatures. Motion was seconded by Commissioner Clyde Thompson and approved by all members present--Commission Chairman Clyde Conover signed the same.

(7) PERSONNEL ACTION - ROAD DEPARTMENT

Commissioner Bevan Wilson advised the Commission that since Coy Jensen, who has been a temporary hire in the mechanic shop and was injured, will be off from work, it was his request that Steve Kempel be hired to take that position effective December 1, 1985 until about January 1, 1986 at the rate of \$7.29 per hour. Previous Commission approval was given for John Leffler to temporarily replace Coy Jensen, but Mr. Leffler did not accept the position. Motion was made by Commissioner Bevan Wilson to approve the hire and transfer of Steve Kemple as a temporary employee replacing Coy Jensen who is off for medical reasons to be hired at the rate of \$7.29 per hour effective December 1, 1985 until approximately January 1, 1986. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(8) ORANGEVILLE CITY - DOBIE WASH REPAIR

Orangeville Councilmembers Howard Tuttle and Bart Cox came before the Commission on behalf of Orangeville City Council requesting assistance from Emery County in repair of the Dobie Wash dip and culvert. They indicated that the old concrete dip originally had a two foot culvert and it has been replaced with a four foot squash pipe. The County has previously assisted in that location with rip-rap. They were to have gone to the Community Impact Board for funding but now a freeze has been placed on those funds by the governor of the State of Utah and therefore the city was wondering if the county could put the project in their flood budget. Concern was expressed by the Commission that the project was within city limits and therefore if they were to do the project they would get a number of similar requests by other communities. Action was postponed by the Commission and it was requested that Orangeville continue with the application process with the Impact Board. However, Commissioner Bevan Wilson made a motion

that Emery County will assist with the costs associated in making application and the engineering of the project with Johansen and Tuttle. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(9)

EMERY COUNTY MEDICAL INSURANCE - JAMES BANASKY

Mr. James Banasky of Banasky Insurance Agency and Mr. Mack Lennard of Equitable Insurance Company of Salt Lake discussed three insurance proposals with the Commission for their consideration. The first policy was a renewal policy with Equitable compared with those of Blue Cross and Fireman's Fund. They emphasized that this current policy from Equitable, if renewed, is 6% lower than last year based on 117 employees, 11 single employees and 160 dependant units. They felt that the coverages were very comparable. The Commission needed to advise them by letter, before January 1, 1986, if they are to renew the current policy. The Commission received the proposals and assured them that in their next Commission meeting action would be taken in regard to which policy to take.

TELEVISION AND COMMUNICATION REPAIR WORK

Emery County Sheriff, Lamar Guymon discussed with the Commission a proposal received from Willie Frisbee and Dick Duncan in regard to servicing the television and communication equipment of Emery County. Sheriff Guymon indicated that it would be on an hourly rate--Willie Frisbee receiving \$30.00 per hour and Dick Duncan at the rate of \$20.00 per hour and would include no other benefits. Motion was made by Commissioner Bevan Wilson to approve the contractual arrangement with Willie Frisbee at the rate of \$30.00 per hour and for Dick Duncan at \$20.00 per hour with the understanding that any work performed by Dick Duncan while on duty with the Sheriff's Department, if required to work on communication equipment would not be on this contractual arrangement, but would be paid as an employee of Emery County; that this contractual arrangement between Mr. Frisbee and Mr. Duncan remain in force until a more permanent arrangement can be made for maintenance of the equipment. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(11)

SHERIFF'S DEPARTMENT - UNUSED VACATION AND COMP-TIME

Emery County Sheriff, Lamar Guymon discussed with the Commission the accumulated comp-time of deputies in the Sheriff's Department and also the accumulated vacation time. His concern was as to whether they would be paid for those vacation days and

comp-time, or if they would have to be taken off. Sheriff Guymon reminded the Commission that in the past years, the deputies had been paid for unused vacation days. The Commission's concern was whether Mr. Guymon had sufficient monies in his budget to pay for the vacation time and that these accumulated hours should have been resolved earlier in the year with an evaluation of the employees' comp-time and vacation days so that proper scheduling could have been done earlier in the year rather than waiting until December so that they can be in compliance with the personnel policy in carrying over only five days vacation into the next year. It was suggested that he use as much of the time up now.

Sheriff Guymon also questioned as to whether they are to continue the billing of the nursing home for ambulance services. County Attorney, Scott Johansen indicated that it was his understanding that they continue billing the nursing home and that it be shown as part of the operating costs of that home. In the mean time an effort would be made to research the prior commission minutes and make a determination of that effective date.

(12)

MEETING ADJOURNMENT - LUNCH BREAK

The meeting adjourned at 1:00 p.m. and reconvened at 2:15 p.m. with all members present.

PERSONNEL ACTION

(a) Sheriff's Department - Emery County Sheriff, Lamar Guymon indicated to the Commission that Detective Bill Downard was hired by the Sheriff's Department and had been certified but had not received the \$50.00 per month increase in his salary which was due after probation, and was prior to the wage freeze on County employees, dating back to November of 1982. It was his concern that Mr. Downard's pay increase had been missed and that he was entitled to it. This action was prior to the time the freeze was placed on county employees. It was his request that Mr. Downard be reimbursed in the amount of \$1,250 which would be those increased earnings from that time until the end of 1984 as further outlined in his letter to the Emery County Auditor, Karen Truman dated December 14, 1984. Motion was made by Commission Chairman Clyde Conover that if the hiring is verified in prior commission minutes and his certification was completed prior to the freeze then the Commission approve the pay increase retroactive to that time for Bill Downard. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Also presented were requests for pay adjustments on the following Sheriff's Deputies based on the difference on bimonthly pay and the difference in an hourly rate--Bill Downard in the amount of \$291.20; Tracy F. Cartwright in the amount of \$361.80; Norman S. Vuksinick in the amount of \$99.20; and Floyd D. Forsyth in the amount of \$97.88. These requests are on file with the Auditor's Office. No action was taken.

Sheriff Guymon requested Commission approval for the hiring of Wade A. Hansen who has been working with the Sheriff's Department as a temporary employee to be moved into the position of a dispatcher on a grade 9, step 5 at the rate of \$1,630 per month effective December 1, 1985. Motion was made by Commissioner Bevan Wilson to approve the hiring of Wade A. Hansen effective December 1, 1985 at the rate and scale as indicated. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(b) Assessor's Office - A personnel action form was also received on James Fauver who is presently working in the Clerk's Office as the Zoning Technician. It was the request that he be transferred to the Assessor's Office and so his classification would be as a Deputy Assessor at a grade 5, step 1. Motion was made by Commissioner Clyde Thompson and seconded by Commissioner Bevan Wilson that effective December 5, 1985, James Fauver be transferred to the Assessor's Office and be reclassified as a Deputy Assessor at a grade 5, step 1; that he continue with the Planning and Zoning and permitting process in conjunction with the Assessor duties until such other time as a Planning and Zoning replacement can be made. Motion was approved by all members present.

(c) Personnel Action Form - Motion was made by Commissioner Bevan Wilson that in the future any personnel action requests to be considered by the Commission include on them the signature of the Personnel Technician, Pat Snowball and that the form also include a date when the action was approved in Commission meeting with the Clerk's signature before the form is to go to the Auditor's

Page Eight

Office. Motion was seconded by Commissioner Clyde Thompson and approved by all members present. A memo to all of the offices and department heads is to be prepared by Personnel Technician, Pat Snowball and Clerk, Bruce C. Funk clarifying all aspects of the form.

(14)
COMMISSION MEETING OF DECEMBER 19, 1985 TIME CHANGE

Motion was made by Commission Chairman Clyde Conover to change the meeting time of the Commission meeting on December 19, 1985 from 7:00 p.m. to 1:00 p.m. due to the county party and other activities held that evening. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(15)

PRO PEACE MOVEMENT MARCH

Commission Secretary, Pat Snowball appraised the Commission of the activities of a pro-peace movement who anticipate to march through Emery County on approximately April 28 and 29, 1986 and they are requesting someone to coordinate activities and information in regard to requirements the County may have applicable to such a group. It was the consensus of the Commission that Pat Snowball be the initial contact for the group, that she obtain the route information from them and also provide to them Emery County's Gathering Ordinance which is applicable to any group of 1,000 or more in size.

(16)

DISPOSAL OF SURPLUS PROPERTY

Emery County Sheriff, Lamar Guymon presented to the Commission a proposal to proceed with the public auction of the following vehicles:

Vehicle	Mileage	Vin #	Approximate Value
1981 4 door Pontiac	94,237	1G2AL69Y9BX110146	\$2,300 to \$3,300
1981 4 door Pontiac	94,729	1G2AL69YXBX108888	\$2,300 to \$3,300
1981 4 door Pontiac	98,729	1G2AL69Y7BX111067	\$2,100 to \$3,100
1980 4 door Pontiac	108,830	2L69WAX115949	\$1,700 to \$2,700
1980 4 door Pontiac	101,582	2L69WAX115916	\$1,700 to \$2,700

The approximate averages \$1,800 and the Sheriff would like permission to set that as a minimum acceptable bid.

Also requested to be sold at public aution was one Buffalo Springfield gas powered steel wheel roller, Serial #22733 from the Road Department.

Motion was made by Commission Chairman Clyde Conover to authorize the Sheriff to proceed with the public auction of the items indicated and that final documentation and procedures be provided to the Auditor's Office and the Clerk's Office and that all conditions of the disposal policy and procedure manual be met. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(17)

COMPUTER WIRING

Emery County Clerk, Bruce C. Funk, by letter to the Commission requested authorization and expenditure of funds to wire and connect all the terminals (CRT's) and printers associated with the computer to the new power supply. It is anticipated that the cost would be at approximately \$3,000 and would be a very minimal expenditure compared to replacement costs of either a terminal or a printer--which we have had to do in the past. An evaluation will also have to be done on the power supply system at the Sheriff's Department and Murray Electric would do this evaluation at no cost to the county. Emery County would be billed only for those costs in rectifying the problem there. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the wiring of all the terminals and printers to the new power supply at an approximate cost of \$3,000 and that all additional costs and those associated in correcting the electrical problem at the Sheriff's Department be coordinated and approved by Commissioner Clyde Thompson. Motion was approved by all members present.

Mr. Funk also indicated that he has contacted Bart Cox of Orangeville and Dean Allen also of Orangeville for a price per hour bid to install data wire from the computer to the new locations of the printers and terminals in the Assessor's Office, the Clerk's Office and Recorder's Office and for new equipment coming in the Sheriff's Office. Both parties have bid it at the rate of \$15.00 per hour per person. After discussion, it was the recommendation and motion by Commissioner Clyde Thompson that Dean Allen be hired to install the new data cables to the new locations as needed to take care of equipment already authorized and approved for installation in the county. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

AUDITOR'S BUSINESS - 1986 BUDGET ADOPTION - RESOLUTION #12-12-85

Emery County Auditor, Karen Truman presented to the Commission the proposed 1986 budget with revenue and expenditure levels in the amount of \$7,414,208.83. Auditor Truman indicated that \$644,708.83 in flood control funds carry over into the year 1986 and that \$300,000 in Class B surplus is also carried over into the year 1986 which has accumulated from prior years. The revenues are based on a 15.53 mill assessment with the debt service at .99 mills, library fund is at 1.16 mills. Also presented was the budget for the Castle Valley Special Service District in which the operation and maintenance budget (at 4 mills) was \$1,107,100. The capital construction fund budget is \$4,030,810. Commission Chairman Clyde Conover asked if anyone present had any questions or comments in regard to the proposed budget indicating that this years budget is in the same range of spending as last years except in those areas where a carryover was made.

Commission Minutes

December 12, 1985

There being no other comments, Commissioner Clyde Thompson made a motion after having held a public hearing, that the Commission adopt Resolution 12-12-85 which is the proposed 1986 budget for Emery County in the amount of \$7,414,208.83, the library budget in the amount of \$331,700, the Castle Valley Special Service District operation and maintenance budget in the amount of \$1,107,100, and the capital construction budget in the amount of \$4,030,810 for the year 1986. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

DISPOSAL OF SURPLUS PROPERTY

Emery County Clerk, Bruce C. Funk presented to the Commission a request to dispose of a power filter and line supressor unit which is presently located behind the computer and which is of no value to Emery County with the new power generating system. The unit is a model number 30 AMP, serial number 1002-6. Approval was requested in order to dispose of the unit to offset costs for extra wiring and/or problems that Murray Electric has encountered in rewiring the courthouse and the unit has an approximate value of \$500.00. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner

Clyde Conover and approved by all members present to allow for the disposition of the line filter and supressor as requested.

(4)

PERSONNEL ACTION

Emery County Personnel Technician, Pat Snowball presented the following personnel action forms for consideration by the Commission.

(a) Library - Mr. James M. Holloway of Emery, Utah, was requested as a custodian at the Emery County Library at a salary of \$180.00 per month on a permanent/part-time basis working 10 to 12 hours per week. Motion to approve the hiring of James Holloway as stated above was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

(b) Road Department - Steve Kemple having been approved in a previous Commission meeting required no additional action at this time.

A personnel action form for Rex Funk was considered in that he be reclassified from a Truck Driver at grade 10, step 7 or a salary of \$1,842 to a reclassification as a Bridge Foreman at a grade 13, step 4 and salary of \$1,963 effective January 1, 1986. Motion was made by Commissioner Bevan Wilson seconded by Commissioner Clyde Thompson to approve the reclassification of Rex Funk to that of a bridge foreman at a grade 13, step 4 monthly salary of \$1,963 effective January 1, 1986. Motion was approved by all members present.

(c) Weed and Mosquito - The name of Richard Snowball was presented as a temporary employee in the Weed and Mosquito Department for a period of 16 days at a wage of \$6.97 per hour. Motion to approve the hire was made by Commissioner Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

(d) Assessor's Office - Personnel action was also requested on Laura Acerson, who serves in the Assessor's Office in Green River, that she be reclassified from Deputy Assessor, grade 5, step 1 or a salary of \$1,142 to a new job classification of Appraiser at grade 7, step 1 or a salary of \$1,275 effective January 1, 1986. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the reclassification of Laura Acerson to that of Appraiser at a grade 7, step 1 salary being \$1,275 effective January 1, 1986. Motion was approved by all members present.

(e) Attorney's Office - Reclassification was requested for Patricia Radeke who's present job classification is that of Executive Secretary in the Attorney's Office at a grade 7, step

5 or a salary of \$1,459 to a new job classification title of Paralegal at a grade 8, step 4 and a salary of \$1,492 per month. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the reclassification of Patricia Radeke to that of a Paralegal on grade 8, step 4 or a salary of \$1,492 per month. Motion was approved by all members present.

(f) Recorder's Office - Reclassification was requested on Dixie Swasey of the Recorder's Office from that of an Office Specialist grade 4, step 6, a salary of \$1,280 to that of Deputy Recorder on a grade 5, step 5 salary being \$1,308. Motion was made by Commissioner Bevan Wilson seconded by Commissioner Clyde Conover and approved by all members present to approve the reclassification of Dixie Swasey to that of Deputy Recorder at grade 5, step 5 a salary at \$1,308 per month effective January 1, 1986.

(g) Clerk's Office - Emery County Clerk, Bruce Funk inquired as to why Jami Luce and Carma Nelson of the Clerk's Office had not been considered for reclassification since their present jobs would necessitate reclassification. Commissioner Clyde Conover indicated that since Karen Bean and Julie Anderson of the Clerk's Office were reclassified in the year 1983 that no action would be taken in regards to the Clerk's Office personnel until the entire courthouse was done. County Clerk, Bruce Funk opposed that decision.

(h) Data Processing - Clerk, Bruce C. Funk inquired of the Commission as to the action they would take in regards to the unused vacation days of Alice Ann Snyder which amounts to 346 hours or a total amount of \$3,435.78 indicating that there were sufficient monies in this year's budget line item under employees to cover payment of the same by Emery County. Mr. Funk agreed to make sure that at the closing of the year 1986 that she would not carry over any more than five days into the year 1987 and that all comp time would be used up. Based on the discussion, motion was made by Commissioner Bevan Wilson that Emery County pay Alice Ann Snyder for her accumulated, unused vacation days in the amount of \$3,435.78 with the understanding that at the end of the year 1986 that she will have used up all comp time and would not carry any more than five days of vacation into the year 1987. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

(5)
INSURANCE - EQUITABLE EMPLOYEE HEALTH AND DENTAL INSURANCE
APPROVAL

In a previous Commission meeting, James Banasky of Banasky Insurance Company presented three programs for consideration by the Commission to cover health services of Emery County employees. The three policies compared were from Equitable Insurance

Company, Blue Cross and Fireman's Fund. Motion was made by Commissioner Clyde Conover to approve the proposal by Equitable Insurance Company for the Emery County employee's health, medical and life insurance policy as proposed by Mr. Banasky and that Emery County Auditor, Karen Truman prepare a letter to Mr. Banasky authorizing the renewal of the current policy with Equitable and that said letter be reviewed by County Attorney, Scott Johansen. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(6)

HOLIDAY SCHEDULE AND COMMISSION MEETING DAYS

Emery County Clerk, Bruce C. Funk inquired of the Commission how many holidays there would be in 1986 in order to prepare next year's calendar. It was the consensus of the Commission that again, the County schedule 11 1/2 legal holidays for Emery County employees and that Clerk, Bruce C. Funk prepare both the holiday schedule and the Commission meeting agenda for the year 1986 for adoption at the next regular Commission meeting, so that advertising of the commission meeting agenda can be completed prior to January 1, 1986.

(7)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adjourn the meeting at 10:55 a.m. Motion was approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

December 19, 1985

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 1:00 p.m.

Invocation was given by Commissioner Clyde Thompson.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The Commission having just received the minutes of December 4th and December 12th Commission meetings, and having insufficient time to review, asked that the minutes be held until the next Commission meeting on January 15, 1986.

(2)

AUDITOR'S BUSINESS

Emery County Deputy Auditor, Charlane Luke, presented warrant edit list numbered 853327 through and including 853481 for payment. After review by the Commission motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve all warrants for payment except that they delete warrant number 853427 to Rein Company for the Sheriff's Department liability insurance. Motion was approved by all members present.

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson authorizing the issuance of a handwritten check by the Auditor's Office upon proper documentation as to the exact amount of the insurance premium for the Sheriff's Department and upon being further reviewed and approved by the County Attorney's Office. Motion was approved by all members present.

(3)

COMMISSION MEETING SCHEDULE FOR 1986

The Board of Emery County Commissioners discussed the meeting time for Commission meetings for the year 1986 indicating that it would be much more convenient to hold all meetings at 10:00 a.m. rather than the second meeting of the month being an evening meeting. County Attorney, Scott Johansen indicated

Page Two

Commission Minutes

1986 Meeting Schedule Cont. . .

that there was no reason why one meeting needed to be a daytime meeting and the other in the evening. Thereupon, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that all future meetings for the Board of Emery County Commissioners, for the year 1986 be held at 10:00 a.m. on each of the days. Motion was approved by all members present.

Clerk, Bruce C. Funk presented to the Commission a proposed schedule of meeting dates and times for the Board of Emery County Commissioners for the year 1986 as follows:

(4)

EMERY COUNTY 1986 LEGAL HOLIDAYS

Clerk, Bruce C. Funk, upon request of the Commission prepared and presented a tentative holiday schedule for the year 1986. The schedule included 11 1/2 holidays. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, to approve the holiday schedule as follows:

New Year's Day	Wednesday, 01-01-86
Lincoln's Birthday	Wednesday 02-12-86
President's Day	Monday, 02-17-86
Memorial Day	Monday, 05-26-86
Independence Day	Friday, 07-04-86
Pioneer Day	Thursday, 07-24-86
Labor Day	Monday, 09-01-86
Columbus Day	Monday, 10-13-86
Veteran's Day	Tuesday, 11-11-86
Thanksgiving Day	Thursday, 11-27-86
Christmas, 1/2 Day	Wednesday, 12-24-86
Christmas	Thursday, 12-25-86
New Year's Day 1987	Thursday, 01-01-87

Motion was approved by all members present.

(5)

PERSONNEL ACTION

a) Sheriff's Business - Personnel Technician, Pat Snowball presented a personnel action form for Bliss Mead who is presently a corporal in the Sheriff's Department, to be reclassified as a Communications Sergeant replacing Sergeant Stewart Fausett, at a Grade 13, Step 9, who left Emery County employment. This reclassification would be from a Grade 9, Step 9, with a salary of \$1,866 per month, to a Grade 13, Step 3, with a salary of \$1,898 per month. Motion was made by Commissioner Bevan Wilson to approve the reclassification of Bliss Mead to that of a Communications Sergeant from a Grade 9, Step 9 to a Grade 13, Step 3, effective January 1, 1986. Motion was seconded by Commissioner Clyde Conover and approved by all members present.

Page Four
Commission Minutes
December 19, 1985

b) Other Business - Commissioner Bevan Wilson discussed with the Commission the need to designate certain other salaried department heads and crew leaders and amend their personnel action forms to read that they are exempt from accumulating any overtime

or comptime. They had four requests from the road department and one for Alice Ann Snyder from the data processing department. Upon reviewing this with County Attorney, Scott Johansen, he suggested that this be held for review by Mike Swallow so that proper guidelines can be developed which would make this fair and equitable to all departments in Emery County. It was the consensus of the Commission that this item be held for review by Mr. Swallow in order that proper documentation and action can be taken which would be fair and equitable to all those affected; that Mr. Swallow clarify the policy on salaried personnel, and that any action taken at a later date would be retroactive to January 1, 1986.

(6)

EMERGENCY MEDICAL SERVICES (EMS) GRANT

Emery County Sheriff's Deputy, Steve Stream presented to the Commission a contract agreement with the Utah Department of Public Health Services and Emery County, for Emergency Medical Services (EMS) grant monies. The grant is on a 50-50 percent participation, and is effective January 1, 1986 to June 30, 1986. The purpose of the grant is to train five (5) Emergency Medical Technicians to a Level I, and also to train ten (10) Emergency Medical Technicians to Level II. The agreement has been reviewed by the County Attorney's office. A motion was made by Commissioner Bevan Wilson to accept the agreement and sign the same at a maximum amount of \$1,150.00 of local participation which is to come out of the 1986 Ambulance Budget. The motion was seconded by Commissioner Clyde Thompson, and approved by all members present. Commission Chairman Clyde Conover signed the agreement and Officer Stream was requested to return one signed original to the Clerk's Office for their files.

(7)

TAX ANTICIPATION NOTES -- RESOLUTION 12-19-85A

Emery County Commission Chairman, Clyde Conover closed the time for accepting bids on the Tax Anticipation Notes at 2:00 p.m., noting that only one bid had been received, that from Zion's First National Bank. County Attorney, Scott Johansen, opened and read the bid from Zion's First National Bank which was at the interest rate of 6.75% on a Tax Anticipation Note up to the amount of \$4.5 million. He further indicated that Emery County will only be borrowing \$4.3 million, with the notes being dated January, 1986 to December 31, 1986. Local bank manager, Delynn Fielding was also present and reviewed with the Commission why interest rates have varied, both on loans and savings. After discussion, County Attorney, Scott Johansen indicated further that bids had been requested from seven (7) financial institutions, of which Zion's is the only one that has responded, other than a phone call from First Security indicating that they would not be bidding this year. Motion was then made by Commissioner Clyde

Thompson to accept the bid of Zion's First National Bank in borrowing \$4.3 million in Tax Anticipation Notes at the rate of 6.75% from January of 1986, and due December 31, 1986; and to adopt Resolution 12-19-85A approving the same. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

ROAD DEPARTMENT -- LOWDERMILK TRACKHOE WORK

Commissioner Bevan Wilson indicated that there had been a bid opening at the office of Johansen and Tuttle at 2:00 p.m. today for trackhoe work on Miller's Canyon Drainage. The engineers estimate that it would be 40 hours of work.

Of six (6) contractors bidding, Lowdermilk Construction was the apparent low bidder at the rate of \$69.00 per hour. Commissioner Bevan Wilson made a motion to accept the apparent low bid of Lowdermilk Construction in the amount of \$69.00 per hour, or \$2,760.00, and that he be authorized to sign any additional paperwork in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(9)

BUSINESS LICENSES

a) Nielsen Construction, Inc. - Presented to the Commission was a business license application from Nielsen Construction, Inc., for the operation of the landfill on the Des-Bee-Dove Road--the applicant's name being Wayne Nielsen, P.O. Box 620, Huntington, Utah. Motion was made by Commissioner Bevan Wilson to approve the business license application for operation of the Nielsen Land Fill operation on the Des-Bee-Dove Road. Commissioner Clyde Thompson seconded the motion, and it was approved by all members present.

b) Wildcat Excavation - Upon review by the Commission, it was indicated that Wildcat Excavation is an excavating company operating out of Emery Town and Emery County recognizes the business licenses of cities. Therefore, if Wildcat would obtain an Emery Town license, that would entitle them to operate, the site within the County. It was the consensus of the Commission that principals Scott Barney and Roger Hooper of Wildcat Excavation, obtain a business license from Emery Town, and if such is obtained, then a county license will not be required. The Clerk's office should refund the \$25.00 license fee received from Wildcat Excavation and return it to them with a letter of explanation.

(10)

MEETING ADJOURNMENT

Motion for meeting adjournment was made by Commission Chairman Clyde Conover, at 5:12 p.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

January 15, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:05 a.m.

Invocation was given by Commission Chairman Clyde Conover.

Also in attendance was Emery County Progress Editor, Larry Davis.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The Commission minutes of December 4, 1985 Commission meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the minutes as corrected. Motion was approved by all members present.

Minutes of the December 12, 1985 Commission meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the minutes as corrected. Motion was approved by all members present.

Minutes of December 19, 1985 Commission meeting were reviewed and corrected. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the minutes as corrected. Motion was approved by all members present.

(2)

COMMISSION RESPONSIBILITIES

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, that Commission Chairman Clyde Conover remain as the Commission

Chairman for the year 1986, and that all assigned Commission responsibilities remain the same. Motion was approved by all members present.

(3)
AUDITOR'S BUSINESS - RESOLUTION 1-15-86H

(a) 1985 Budget Closing -- Emery County Auditor, Karen Truman, reviewed with the Commission the 1985 Year-End Budget Closing Report. Indicating that the following budgets were over and that adjustments in transfers out of other department surpluses would be made to those departments, in accordance with the Utah Code, Section 17-36-23 as follows:

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to transfer surplus funds into those departments which have over extended as listed, from within various department in the General Fund, and that a final report be submitted to the Commission indicating all departments and their surpluses and shortfalls in their 1985 budgets. Motion was approved by all members present.

(b) Open the 1985 Revenue Sharing Budget -- Emery County Auditor reviewed with the Commission the need to open the 1985 Revenue Sharing Budget because of anticipated, increased revenues received. The 1985 budgeted revenues from Revenue Sharing were \$300,000, and actual received amounts were \$364,165, necessitating the opening of the budget. Motion was made by Commissioner Bevan Wilson to open the 1985 Revenue Sharing Budget and insert the corrected amount received from revenue sharing. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(4)
GREEN RIVER CLINIC

Emery County Auditor, Karen Truman reviewed with the Commission the request from the Green River Medical Clinic in regards to their 1985 budget. The Green River Clinic indicated that they were short \$1,250 of the 1985 budgeted \$5,000 from Emery County. According to Auditor, Karen Truman, she was unable to locate any request, and the policy has been in the past that all monies budgeted require Commission approval before expenditure. Therefore, it was the concensus of the Commission, that requests for expenditures of 1985 budgets must be done within that year, and that no such monies were carried over in addition to the 1986 budget. Because the 1985 budget is closed, the Commission is unable to transfer any funds into the Green River Clinic for the year 1986 in addition to those as budgeted.

(5)
CASTLE VALLEY SPECIAL SERVICE DISTRICT -- \$900,000 BOND ISSUE --
RESOLUTION 1-15-86A

Castle Valley Special Service District Administrator, Darrel Leamaster, together with their Attorney, Mack Bunderson reviewed with the Commission the proposed issuance of \$900,000 in General Obligation Transportation Bonds, which

Page Three
Commission Minutes
January 15, 1986

will be used for making new road improvements in the towns of Cleveland and Elmo, which are within the boundaries of the Special Service District. They also indicated that they are, in addition, receiving a \$500,000 Community Impact Grant. The general obligation bonds will be at a net effective rate of 5%, and that the bonds are payable over 20 years. The purpose in their being at the Commission meeting is to seek approval of the resolution authorizing them to sell the bonds on the open market. Attorney, Mack Bunderson further reviewed with the Commission the documentation, resolution, and the accompanying paperwork, indicating that the bids will be open on February 5, 1986 at 11:00 a.m. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to adopt Resolution 1-15-86A authorizing the issuance and sale of \$900,000 in general obligation transportation bonds for improvements of roads in Cleveland and Elmo by the Castle Valley Special Service District. Motion was approved by all members present.

(6)
SCOTT TRUMAN -- EMERY COUNTY ECONOMIC DEVELOPMENT COUNCIL

Emery County Economic Development Council Director, Scott Truman advised the Commission that in order for them to again participate in the Community Development Block Grants it is required that they submit an Emery County Community Development and Housing Plan, which he has prepared and which he, at that time, submitted to the commission for their consideration and adoption. County Attorney, Scott Johansen, indicated that he has reviewed the document and that it was well done. Motion to adopt the Emery County Community Development and Housing Plan, as prepared and submitted, was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson, and approved by all members present.

(7)
PERSONNEL ACTION -- ORDINANCE 1-15-86B, RESOLUTIONS 1-15-86C, 1-15-86D, 1-15- 86E

(a) Ordinance 1-15-86B -- County Attorney, Scott Johansen presented Ordinance No. 1-15-86B to the Commission for their consideration. This ordinance amends the Personnel Policy of Emery County, which allows amendments to the Personnel Policy to be done by resolution, properly enacted by a majority vote of the commission in a duly called commission meeting, and that such amendments need not be done by ordinance. This ordinance shall take effect upon its passage and publication. After discussion, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, to approve Ordinance No. 1-15- 86B, which allows for amendments to the Emery County Personnel Policy to be done by resolution, and that said ordinance is to take effect upon its passage and publication. Motion was approved by all members present, and Commission Chairman Clyde Conover signed the same.

Page Four
 Commission Minutes
 January 15, 1986

(b) Resolution 1-15-86C -- County Attorney, Scott Johansen also reviewed with the Commission Resolution 1-15-86C, which amends the Emery County Personnel Policy, Section B, Subsection C.1 & 2, which outlines the procedure for hiring employees for new and vacant positions within the Emery County Career Service, of the personnel policy. Also included were the class specifications, amending the policy to include the following class titles and their job classifications:

CLASS TITLE	DEPARTMENT	GRADE
Paralegal	Attorney	8
Secretary	Road	7
Chief Court Clerk	Clerk	7
Branch Librarian	Library	3
Electronics Specialist	Sheriff	13
Bailiff	Sheriff	9
Diesel Mechanic	Highway	11
Carpenter/Bridge Repairman	Road	11
Communication Clerk	Road	5
Zoning Technician	Planning & Zoning	Open

Section X was also revised, which outlines Reimbursement for Travel. Subsection C.1.(c), allows for the rate of reimbursement to county employees for the use of their personal cars and the costs of meals and lodging. Subsection F was added, which reads: "that the commission may adopt travel rules to further regulate travel expenses it deems necessary, to carry out the purpose of the personnel policy."

The Personnel Technician is required to draft corrected pages for all manuals and distribute them to all holders of the Emery County Personnel Policy. The clerk is to insert the corrected pages into the master copy of the Personnel Policy. After discussion, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, to approve Resolution 1-15-86C as prepared and described by the County Attorney, with one addition, the mileage in Section X, Subsection C.1.(c) should read: "at the maximum Internal Revenue Service allowable amount", which presently was assumed to be at .21 cents per mile. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present. Effective date is upon posting, (which was January 20, 1986). Commission Chairman Clyde Conover signed the same.

(c) Resolution 1-15-86D -- The County Attorney presented Resolution 1-15-86D to the commission for their consideration. Section 8, under Compensation, Subsection C, of the Emery County Personnel Policy, was amended to read as follows:

OVERTIME : It is Emery County's policy to discourage the use of overtime. Supervisory personnel should organize their department workload to avoid overtime payment. Overtime will be permitted in very exceptional circumstances, but should be kept to a minimum. Overtime work must have the

prior approval of the department head. Those positions exempt from overtime and under the requirements of the Federal Fair Labor Standards Act, or under any Emery County Ordinance or Resolution, shall not receive overtime. Rules and Regulations controlling overtime shall be adopted by resolution.

Under Section 9 -- Fringe Benefits, Subsection D.1.(e) was amended to read as follows: "An employee may elect to accumulate five (5) days of annual leave to add to their regular annual leave to be taken in the following year. Any annual leave in excess of five (5) days maximum accumulation not taken during the year in which it is earned will be forfeited".

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve Resolution 1-15-86D as presented, as explained by County Attorney, Scott Johansen, and is to have an effective date upon publication, (which was January 20, 1986). Motion was approved by all members present, and Commission Chairman Clyde Conover signed the same.

PERSONNEL ACTION

(a) Sheriff's Department -- Emery County Personnel Technician, Pat Snowball presented to the Commission the Personnel Action form for Richard D. Graham of Emery, Utah who was requested by the Sheriff's Department to be hired as a Dispatcher, at a Grade 9, Step 5, or \$1,630 per month. After discussion, it was the consensus of the Commission that this item be tabled, pending an explanation from the Sheriff's Department as to why the dispatcher would be hired at a Step 5 rather than a Step 1. (The Sheriff's Department was contacted by phone and invited to come down and review with the Commission the reasons for their action.) Motion was made by Commission Chairman Clyde Conover to table the action in regards to Richard D. Graham. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(b) Thomas Wynn Harrison -- The personnel action form for Thomas Winn Harrison was presented for consideration. Mr. Harrison has completed P.O.S.T. and is certified as a Peace Officer-One, and it was the request of the Sheriff's Department that his grade and step be changed from a Grade 9, Step 5, at a salary of \$1,630.25, to that of a Certified Peace Officer-One, at a Grade 11, Step 2, or a salary of \$1,644. Motion was made by Commission Chairman Clyde Conover, and seconded by Commissioner Clyde Thompson to table any action in regards to Mr. Harrison at this time. Motion was approved by all members present.

(c) Road Department Business -- Emery County Personnel Technician, Pat Snowball presented a personnel request for replacement in the Road Department for the position of Shop Mechanic, to replace Arland Lewis who is retiring from employment with Emery County. The position is a permanent full-time position and a replacement is needed by February 10, 1986. It is at a Grade 11, Step 4, or \$1,759 minimum. After discussion, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, that Personnel Technician, Pat Snowball be authorized to advertise in-house within Emery County employees for

the position, indicating that the position starts at a Grade 11, Step 1, or \$1,590 minimum, but is subject to change depending on the qualifications of the applicant; that the in-house advertising be done for a period of seven (7) days, which will allow for receipt of applications at the personnel office through Friday, January 24th, 1986. After that period of time a review will be made by the Highway Department and the Commission to determine if there is a need to proceed with advertising and receiving of applications outside the employees of Emery County through Job Service. Motion was approved by all members present. (Applications are to be picked up and returned to Pat Snowball, on or before the 24th of January, 1986.)

(9)
MEETING ADJOURNMENT -- LUNCH BREAK

The meeting adjourned for lunch at 12:45 p.m., and reconvened at 2:10 p.m. with all members present.

(10)

PERSONNEL ACTIONS -- REMOVED FROM TABLE

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, and approved by all members to reconsider the two personnel actions tabled earlier in the meeting. Captain Owens of the Emery County Sheriff's Department was present to discuss with the commission these two personnel items. These are items 8(a) & (b), in regards to Richard D. Graham and Thomas Wynn Harrison.

(a) Richard D. Graham -- Captain Owens responded to the Commission's concern as to why Mr. Graham would be starting at a Step 5 rather than a Step 1, that in Mr. Graham's case, he had been tested out and qualified as a Category One Peace Officer, which is a higher qualification, and assures the Sheriff's Department that the applicant would be able to complete P.O.S.T., and to return to work in the Sheriff's Department under the guidelines of the state law. He further indicated, that at a lower rate they would be below the beginning salaries of Carbon County and Price City. Also, by reducing the beginning salary that Emery County would attract lower qualified persons for the positions. In responding if the Sheriff would consider reducing this salary to a Step 1, Captain Owens indicated that he could not respond to that, and that Emery County Sheriff, Lamar Guymon would have to answer that question.

After considering all the information, motion was made by Commissioner Bevan Wilson, that the Emery County Commission accept the application of Richard Graham, at a Grade 9, Step 5, a salary of \$1,630 per month; and that Emery County Sheriff, Lamar Guymon receive notice that before hiring additional new employees, that he consult with the Emery County Commission and the Personnel Technician, and verify reasons for starting on a Step 5 rather than a Step 1 as required in the Emery County Personnel Policy. That the Sheriff not advertise the actual wage in the future, but set a basic minimum with allowances to be made depending on the qualifications of the applicants. The effective date of the hire of Mr. Graham is January 16, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(b) Thomas Wynn Harrison -- After discussion, it was the concensus of the Commission, that it was in line with action taken concerning deputies in the past. Therefore, motion was made by Commissioner Bevan Wilson to approve the reclassification of Thomas Wynn Harrison from a Jailer/Dispatcher at a Grade 9, Step 5, salary of \$1,630.25, to that of a Certified Peace Officer One, at a Grade 11, Step 2, salary of \$1,644, effective

January 16, 1986. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(11)

PRO-PEACE MARCH

Mr. Gerald Story, of the Southeastern Utah Health District discussed with the Commission the ramifications of the pro-peace march scheduled to be in Emery County in April of 1986. Mr. Story indicated that he had received Emery County's Ordinance on large public assemblies, and he proposed that he and the Health District serve as the contact person for the pro-peace march group, since their office has been contacted by the pro-peace movement, and that health and safety would necessitate their involvement. He further indicated that the group has made no arrangements for water, sewage and garbage disposal.

A tentative meeting with the group and the Utah State Department of Health and their district has been set up for February 29, 1986 in Richfield, Utah. After discussion, the Commission indicated to Mr. Story that they would be more in favor of Emery County continuing to be involved in the meetings, since the march could require services from the Emery County Sheriff's Department, permitting and compliance with Emery County's zoning ordinances. Therefore, it was the concensus of the commission that Emery County be represented by a Commissioner. Commissioner Clyde Thompson was selected to serve in that position as well as the Emery County Sheriff, Pat Snowball who has been the initial contact person, and Bruce C. Funk, Clerk, who has been involved with Planning & Zoning. These individuals are to meet with the group on February 29th, in Richfield.

ROAD DEPARTMENT -- RONALD BARNEY RECLASSIFICATION

Commissioner Bevan Wilson reviewed with the Commission a letter he had received from Road Superintendent, Ronald Barney of the Emery County Road Department who requested a change of responsibility from that of a Road Department Supervisor to Equipment Operator, effective February 1, 1986. Commissioner Wilson

Page Ten

Commission Minutes

January 15, 1986

Ronald Barney Reclassification

indicated to the Commission that Ron's present salary is at a Grade 17, Step 7 or \$2,707 per month, noting that Equipment Operator's in the county are at a high of Grade 11, Step 7, or \$1,947 per month; and at a low of Grade 11, Step 6, or \$1,882 per month. Motion was made by Commissioner Bevan Wilson to accept the request of Mr. Ronald Barney to be reclassified to an Equipment Operator, at a Grade 11, Step 7, or \$1,947 per month with an effective date of February 1, 1986. It was noted that Mr. Barney has done a good job with supervising the Emery County Road Department, and that he would be an extremely good operator. Such adjustments are in line with what has been done in the past, and are in compliance with the Emery County Personnel Policy. Emery County Personnel Technician, Pat Snowball is to advertise in-house for seven (7) days to fill the position of Road Superintendent effective January 16, 1986, and all applications are to be received and returned to her office on or before January 24, 1986; at which time advertising within the county will be stopped, and an evaluation by the Commission as to whether outside advertising needs to be done to fill that position. This motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(14)

FLOOD PROJECT -- BID APPROVALS

(a) Commissioner Bevan Wilson advised the commission that bids had been advertised, received and opened on miscellaneous projects in the county which call for rip-rap, concrete work and engineering. Johansen Construction of Mount Pleasant, Utah, had submitted the low bid of \$36,992.50

for that work, and it was the recommendation of Johansen and Tuttle Engineering that Emery County accept the bid. Therefore, motion was made by Commissioner Bevan

Wilson that Emery County accept the bid of Johansen Construction in the amount of \$36,992.50, and that he be authorized to sign any additional paperwork in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson, approved by all members present. Commission Chairman Clyde Conover signed the same.

(b) Commissioner Bevan Wilson indicated that the Road Department had negotiated privately with G & O Construction Company of Green River, Utah in repairing a pipe used by the canal company which was damaged by floods. He further indicated that the pipe to be installed is a 21" concrete irrigation pipe on the Saleratus Crossing. Engineers, Johansen & Tuttle had recommended approval of the contract and it is in compliance with the Emery County Procurement Procedures. Motion was made by Commissioner Bevan Wilson to accept and award the contract or agreement with G & O Construction of Green River, Utah, for installation of the 21" concrete pipe at the Saleratus Crossing, in the amount of \$4,650. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(15)
DOYLE ALLRED -- TREE CUTTING REQUEST

Commissioner Bevan Wilson reviewed with the Commission the request of Doyle Allred, who has asked that the Emery County Road Department cut the trees lining Highway U-10 to Lawrence. After discussion, it was the concensus of the Commission and Road Department that although the removal of the trees would be of great benefit to Emery County in maintaining that road as far as safety and visibility, it has been the past policy that the County not enter on private property for the removal of trees.

(16)
AIRPORT CONTRACT -- RENEWAL

Commissioner Bevan Wilson presented to the Commission the agreement between Don R. Owen, Airport Manager, and Emery County for leasing and operating the airport to Mr. Owen. He further indicated that the previous lease agreement expired on the 16th of December, 1985 and that basically this is the same contract as in the past. Thereupon, motion was made by Commission Chairman Clyde Conover to approve the Airport Lease Agreement with an effective date of December 16, 1985 for a five-year period. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(17)
ECONOMIC DEVELOPMENT WEEK

Motion was made by Commissioner Bevan Wilson to work up a declaration and designate a week as Economic Development Week. The declaration is to be prepared by the Emery County Economic Development Council working in conjunction with the travel council. County Attorney, Scott Johansen is to review the declaration and present it for Commission signature. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(18)

CONTRACT WITH THE DEPARTMENT OF CORRECTIONS

The County Attorney, Scott Johansen presented to the Commission the contract between the Utah State Department of Corrections and Emery County, in which Emery County will house prisoners for the Utah State Department of Corrections at a daily per diem of \$35.00 per each prisoner. It was his recommendation that the Commission approve and sign the agreement. Thereupon, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the contractual agreement, which becomes effective January 1, 1986, and remains in effect through December 31, 1986; which allows the housing of up to five (5) inmates under this agreement. Commission Chairman Clyde Conover signed the same. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

PERSONNEL ACTION -- NEW HIRES AT STEP 1 -- RESOLUTION 1-15-86F

Discussed by the Commission was the need to bring in all new hires at the Step 1 level of their classification, unless their qualifications warrant additional steps up on the grade scale. Motion was made by Commissioner Bevan Wilson that effective January 16, 1986, that all new hires in Emery County will begin on a Step 1 of the appropriate grade level, and that additional steps above that grade level must have Commission approval. The Emery County Personnel Policy is to be amended to reflect this policy, and that County Attorney, Scott Johansen prepare Resolution 1-15-86F for Commission signature, and that this as well as all other resolution affecting the personnel policy of Emery County be forwarded to all department heads by Personnel Technician, Pat Snowball. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(20)

PERSONNEL ACTION -- HOLIDAY PAY -- OVERTIME -- RESOLUTION 1-15-86G

The Commission discussed the need to update the Emery County Personnel Policy as it relates to working on holidays. Whereupon, motion was made by Commissioner Bevan Wilson that policy be adopted by the Commission, that in the future only those employees who work on approved holidays and those who because of their work schedule would otherwise not receive a holiday are to receive pay for the holidays. This is based on current policy, which is: that pay for holidays will be given in the form of comptime, at straight time. Motion was seconded by Commissioner Clyde Thompson and approved by all members present. (Those persons who work a holiday would be presently required to take it in comptime, at straight time; or a day off at another appropriate time.)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson to adjourn the meeting at 4:38 p.m. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

MINUTES OF THE REGULAR MEETING

OF THE BOARD OF EMERY COUNTY COMMISSIONERS

HELD IN THE EMERY COUNTY COURTHOUSE

February 5, 1986

Those present at the meeting were Commissioners Bevan Wilson and Clyde Thompson; and Clerk, Bruce C. Funk.

The meeting was called to order by Acting Commission Chairman Bevan Wilson at 10:00 a.m.

Acting Commission Chairman, Bevan Wilson recognized the absence of Commission Chairman Clyde Conover and County Attorney, Scott Johansen who are attending meetings in Salt Lake City in behalf of Emery County.

Invocation was given by Commissioner Bevan Wilson.

A review of the Agenda was made.

COMMISSIONERS MINUTES

Commissioner Bevan Wilson requested that due to the backlog of personnel actions that were handled in the Commission meeting of January 15, 1986 that those minutes be held until the County Attorney's Office has had sufficient time to review the minute entries on the resolutions contained therein and that they are to come back to the Commission at their next meeting on February 20, 1986 for action.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman reminded the Commission that a warrant edit list is unavailable at this time and could be available by February 6, 1986 for Commission signature. Concern was expressed that only one Commissioner would be available to sign the warrant edit list because of meetings in Salt Lake. Whereupon, motion was made by Commissioner Bevan Wilson to authorize Commissioner Clyde Thompson to review and approve the warrant edit list in order to expedite payment to those vendors listed thereon, after which a second Commissioner's signature could be obtained at a later date. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

LEE MADSEN - PATHFINDER MOTORCYCLE RACE

The Commission acknowledged receipt of a letter from Lee Madsen who was requesting Commission approval to hold a motorcycle race on April 26, 1986, near Woodside. Commissioner Clyde Thompson indicated that they have received approval from the Bureau of Land Management, the Emery County Sheriff's Department and the Emery County Jeep Possee. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the Pathfinder Motorcycle Race on April 26th near Woodside. Motion was approved by all members present.

(4)

TAX ANTICIPATION NOTE - SPENDING REQUIREMENTS

Emery County Auditor, Karen Truman enlightened the Commission regarding the new federal regulations that effect the spending policy of the recently purchased 4.3 million dollar Emery County Tax Anticipation Notes. The law requires that 5% be spent by the end of February and that all monies must be spent by July 21st. Monies must be placed

in a completely separate account from other County general funds. We are also required to keep track of interest, noting that there is a penalty of approximately \$45,000 if those monies are not spent by July 21st. Also discussed was various ways of making budget adjustments to meet those required regulations. Commissioner Bevan Wilson indicated that the Road Department is in the process of procuring two 10 - wheel dump trucks, two graders and a patching unit which would be approximately \$300,000.

(5)

ROAD DEPARTMENT BUSINESS

(a)U.D.O.T. - 1-70 Access - Commissioner Bevan Wilson reviewed with those present the proposal from the Utah Department of Transportation who is desiring to make improvements on the 1-70 intersection and Salt Wash by completing the overpass making it more accessible for the public. This would require an agreement with Emery County since it changes the present Emery County Road and also noting that this would benefit Emery County whereas it would eliminate the repeated flooding problems in that area. Motion was made by Commissioner Bevan Wilson to respond with a letter to the Utah Department of Transportation expressing support for the project and that Emery County would participate in an agreement which would provide for the requested improvements. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(b)Temporary Road Superintendent - Commissioner Bevan Wilson stated that the reclassification of Ronald Barney to an equipment operator has left a vacancy for the Road Superintendent. It was his motion and request that Mike Jensen, who is presently serving as the Assistant Superintendent be appointed as the acting County Road Superintendent at the same grade and step as he is presently

receiving until a permanent replacement for Mr. Barney can be made; that Rex Funk be appointed as the acting Assistant Superintendent at his present grade and step level. SHERIFF'S BUSINESS - PERSONNEL ACTIONS

Emery County Sheriff Deputy Steve Stream presented to the Commission the following personnel actions for their consideration:

Kyle Franklin Ekker - The Sheriff's Department is requesting that Kyle Franklin Ekker be hired to fill the vacancy of a patrol deputy in Green River which was a vacancy created when Mitch Vetere was transferred to the Castle Dale area. Mr. Stream indicated that Mr. Ekker has met with the board of review and tested very well. He felt that Mr. Ekker should begin at a higher grade and step than a grade 9 step 1 since he has over a thousand hours of riding time with the Emery County Sheriff's Department and is well qualified and would require minimal training. Commissioner Bevan Wilson indicated that he had a previous discussion with Emery County Sheriff, Lamar Guymon and it was his understanding and their agreement that Mr. Ekker begin on a grade 9, step 1. After completion of P.O.S.T. training and upon recommendation of Sheriff Lamar Guymon he may be reclassified to a Road Deputy 2 at a grade 9, step 5 at the end of probation period. The Commission would encourage all department heads to follow this same procedure. Whereupon, motion was made by Commissioner Bevan Wilson that the hiring of Kyle Franklin Ekker be approved at a grade 9, step 1 with an effective hire date of February 11, 1986 and upon graduation from P.O.S.T. and recommendation from the department head, he be promoted to a Patrol Deputy 2, commensurate with what has been done in the past. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Brent Pace - Reclassification to a Patrol Sergeant - Sheriff Deputy Steve Stream also presented a personnel action form from the Sheriff's Department in regards to Brent Pace. They would like to reclassify him from a Patrol Deputy at a grade 11, step 4 to a Patrol Sergeant at a grade 13, step 3. Deputy Stream indicated that Mr. Pace had been an employee of the Emery County Sheriff's Department and had left and worked in West Valley in law enforcement and has gained much valuable experience. Since that time he has been rehired by the Emery County Sheriff's Department and they are in need of a Patrol Sergeant in the Green River Area. Motion was made by Commissioner Bevan Wilson to accept the request and approve the personnel action form on Brent Pace reclassifying him from a Patrol Deputy at a grade 11, step 4 or \$1,759.00 to a Patrol Sergeant at a grade 13, step 3 at a salary of \$1,892.00 to be effective March 1, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Dick Duncan - Canine Drug Handling Training School - Deputy Steve Stream also reviewed with the Commission a request from Deputy Dick Duncan of the Sheriff's Department who wishes to participate in a seminar to train his dog further as a cocaine and marijuana sniffer as well as additional training for himself as the handler. Upon

completion, both would become certified. It was his request that if Emery County would participate in providing for the travel expenses and lodging, that he would pay the \$5,000 registration and schooling expenses. They further recognized that the Emery County Travel policy requires Commission approval before out-of-state travel can be allowed. The Emery County Commission discussed their concerns that if such an allowance was made that Emery County would not be liable to reimburse Mr. Duncan or the Sheriff's Department in any amount over and above the \$250.00 for travel expenses. Motion was made by Commissioner Bevan Wilson to approve the request of Dick Duncan allowing him to go to California to attend the drug training and search seminar under the Canine Training Program and that his request for \$250.00 in travel expenses be authorized from the Sheriff's budget and that Emery County will not be obligated to approve additional amounts. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)
PERSONNEL POLICY - RESOLUTION 2-5-86A

Emery County Personnel Technician, Pat Snowball presented to the Commission Resolution 2-5-86A which is the new salary schedule for the Emery County Personnel Policy which reflects the 6% increase provided to the employees in 1984. It has been reviewed by the County Attorney's Office and it was their recommendation that it be incorporated in the policy to keep the policy current and complete. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adopt resolution 2-5-86A and authorize Commission Chairman, Clyde Conover to sign the resolution and incorporate that salary plan into the Emery County Personnel Policy. Motion was approved by all members present.

(8)
CASTLE VALLEY SPECIAL SERVICE DISTRICT - \$900,000 BOND -
RESOLUTION 2-5-86B

At 11:00 a.m., Acting Commission Chairman, Bevan Wilson, closed the time for the acceptance of bids for the issuance and sale of \$900,000 general obligation transportation bonds, series 1986 of the Castle Valley Special Service District, Emery County, Utah, fixing the interest rates to be borne thereby and authorizing the execution of a Fiscal Agent Agreement and providing for related matters. Those present at the bid opening were Darrel Leamaster, Administrator of the Castle Valley Special Service District; Mack Bunderson, Special Service District Attorney; Dorr Hansen, Chairman of the Castle Valley Special Service District and Kent Michie of Prudential-Bache Securities. Commissioner Wilson acknowledged receipt of two bids, one from Prudential-Bache Securities the other one from Beottcher and Company, Inc. The bids were opened and are as follows: Boettcher and Company Inc.'s good faith check in the

amount of \$18,000 was acknowledged, a cashier's check from the Colorado National Bank. The bid was for a net effective interest rate of 8.1494937 percent. The other bid was opened from Prudential-Bache Securities. Commissioner Bevan Wilson recognized the good faith check issued on Valley Bank and Trust in the amount of \$18,000. The bid was a net effective interest rate of 8.221093 percent.

Acting Commission Chairman, Bevan Wilson recognized Boettcher and Company as the apparent low bidder whereupon documents were referred to the Castle Valley Special Service District for review to see that the low bid meets the parameter requirements of the bid request. After review of the bid, it was the recommendation of the Castle Valley Special Service District that the Emery County Commission accept the bid of Boettcher and Company, Inc. and approve Resolution 2-5-86B which authorizes the issuance and sale of \$900,000 general obligation transportation bonds. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to accept the low bid of Boettcher and Company, Inc. with the net effective interest rate of 8.1494937 percent. Motion was approved by all members present. Motion was made by Commissioner Clyde Thompson to adopt Resolution 2-5-86B which is a resolution authorizing the issuance and sale of \$900,000 in general obligation transportation bonds for road improvements in the Cleveland and Elmo area by the Castle Valley Special Service District and authorizing the execution of a fiscal agent agreement and that acting Commission Chairman, Bevan Wilson be authorized to sign all documents. Motion was seconded by Bevan Wilson and approved by all members present.

JIM FAUVER - AMENDMENT TO EMERY COUNTY PERSONNEL POLICY

Mr. Jim Fauver, Emery County Deputy Assessor together with Gerald Stanton, Emery County Assessor, Karen Peacock and Jan Peterson of the Employees Grievance Committee and Pat Snowball, Personnel Technician was present for the discussion in regards to amending the Emery County Personnel Policy as it relates to Emery County Career Service Employees filing for an elected office. Mr. Fauver indicated that the proposed change would modify the mandatory 120 day policy which prohibits political activity as called for in Section XII, Page 19 item #5 which would allow an employee to become a candidate for a partisan or a full-time non-partisan elected public office without having first resigned within 120 days preceding the general election. His amendment would be in addition to the existing paragraph and reads as follows:

"If a career service system employee becomes a candidate for an elected county of office which is vacant, or one in which the incumbent is not a candidate, the Emery County Commission may make exception to the 120 day requirement for resignation if it is

determined in the best interest of Emery County and such a request must be made in writing prior to the 120 days requirement to the Commission for their consideration."

Personnel Policy Change Cont...

Upon request of Commissioner Bevan Wilson, inquiring as to whether our policy coincides with the state policy, Mr. Fauver handed out copies of the state personnel policy outlining that in 1985 a suit was filed against the State determining that it was unconstitutional and therefore it appears that the Emery County policy is also in violation. Acting Commission Chairman, Bevan Wilson requested that this item be referred to County Attorney, Scott Johansen for consultation with Mr. Mike Swallow to determine if Emery County is in compliance indicating that the Commission would also have to consider that other offices and possible conflicts in revising this section of the policy.

Emery County Assessor, Gerald Stanton advised those present that he felt that there presently was no conflict in Mr. Fauver filing for his position since he does not intend to run again in the year 1986. He did concede that should he be a candidate for the office there would be a conflict.

Those persons representing the employees indicated that they support the action of Mr. Fauver. Mr. Fauver requested that the Commission take action at their next meeting and was reminded that no action was possible without an accompanying resolution. The Commission expressed appreciation for bringing this matter to their attention.

RUTH WARNER - EMERY COUNTY MUSEUM

Ruth Warner came before the Commission requesting support for the Emery County Museum. Since July of 1975 they have had nearly 30,000 visitors to the museum and it was her purpose in being here to request financial support from the Emery County Commission. She also reviewed with the Commission some of the more successful programs they have had. To further promote and develop interest in the museum they would like to add to the present exhibits an old blacksmith's shop, a shepherd's camp, a display by Emery Mining and also one from Utah Power and Light. The Commission expressed appreciation for the many hours of service which she renders in behalf of the museum and the residents of Emery County indicating that such a request for financial assistance has to be done at budget time. They further noted that the Emery County Commission has helped in establishing the Emery County Historical Preservation Committee in order to obtain state and federal funding for the museum.

Mrs. Warner noted that she is presently working only 20 hours per week at minimum wages and that she cannot continue on this basis and would request from the Commission \$5,000 to \$6,000 for wages at \$5.00 to \$6.00 per hour.

County Museum Cont...

She also emphasized the need for a new museum board which would also include a member of the Emery County Commission. She further indicated that she has filled out an application for a general operating and support grant. They have received \$1,000 in funds from the Castle Country Travel Council. The Commission also asked that they review the Fairview Museum indicating that they are solely funded by donations and some of their successful drives could be incorporated in the Emery County Museum. Appreciation was expressed to Mrs. Warner for coming in.

JOHN BRAMALL - EMERY COUNTY NURSING HOME

Mr. John Bramall, Administrator of the Emery County Nursing Home advised the Commission that they have two vacancies on the present board. Those were left by Kirk Sitterud of Orangeville and Eldridge Mortensen of Emery. It was recommended that Dora Peterson, a dietician at the nursing home be approved for appointment as an employees representative on the board and that Preston Thompson from Orangeville be appointed and that Lund Leonard be reinstated. After discussion it was the recommendation of the Commission and of those present that Mr. Bramall should make sure that Dora Peterson is who the employees would like as their representative as a non-voting member on the board. Whereupon, motion was made by Commissioner Clyde Thompson to approve the installation of Preston Thompson of Orangeville, Utah on the board and the reinstatement of Lund Leonard as a board member. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Mr. Bramall also indicated that in the 1986 budget he had requested Emery County to put \$22,000 in a contingency fund for equipment repair and replacement. He indicated that repair or replacement costs have been as follows: \$1,973.00 on a boiler, replacement of a calculator and a typewriter for a total repair and replacement cost of \$2,614.90. He further indicated that he would not be drawing these monies out of that contingency fund based on the fact that their census is up to 85% and they will be able to cover these expenses. He further indicated that he is anticipating a \$10,788 payment from outstanding collections which he will turn back to the County and ask that they also put this money in the contingency fund.

Mr. Bramall also requested a capital improvement for the nursing home. He would like to purchase a computer, a 20 megabyte hard disc complete with monitors and a near-letter quality printer for a total cost of \$2,000. He indicated that the Nursing Home Board has approved the purchase based on Commission approval and that Bonneville Health would supply the necessary programs at the present time. Motion was made by Commissioner Clyde Thompson to approve to purchase of the computer and the near-letter quality printer for a total sum of \$2,000 based upon the recommendation of the Nursing Home Board. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

PERSONNEL ACTION - HIRING OF A ZONING TECHNICIAN

Because of the resignation of James Fauver as Zoning Technician, whose letter of resignation was accepted at the Planning and Zoning Commission meeting of January 30, 1986, Commissioner Bevan Wilson made a motion to accept the resignation of James Fauver as Zoning Technician and that Personnel Technician Pat Snowball begin the recruitment process by advertising within Emery County for a period within seven days while in conjunction notifying Job Service of the available position requesting that a wage not be specified and that it be subject to experience and qualification. Commissioner Wilson will meet with Emery County Clerk, Bruce Funk to determine the exact duties and requirements of the new employee, as well as the hours to be worked, prior to the time final interviews are done. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adjourn the meeting at 1:08 p.m. Motion was approved by all members present.

MINUTES OF THE REGULAR MEETING

Of THE BOARD Of EMERY COUNTY COMMISSIONERS

HELD IN THE EMERY COUNTY COURTHOUSE

february 20, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Commissioner Clyde Thompson.

A review of the Agenda was made.

COMMISSIONERS MINUTES

Because the County Attorney's Office has not yet had sufficient time to review the minutes of January 15, 1986, it was the consensus of the Commission that the minutes of January 15, 1986 and the minutes of february 5, 1986 Commission meetings be held for review at the next Commission meeting on March 5, 1986 for any action.

AUDITOR'S BUSINESS

Emery County Deputy Auditor, Lorna Davis, presented warrant edit list numbered 860265 through and including 860389 for payment. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approval all warrants for payment. Motion was approved by all members present.

The following requisitions were also presented for approval:

Req. #	Item and Department Cost	Action
#2	Chain Saw Chain Sharpener, Road Dept. \$ 150.00	Approved
#32	1986 Road Graders and 2 1986 Ten-wheel Trucks, Road Dept.	unspecified Approved

Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson and approved by all members present that the above requisitions be approved for purchase.

Commission Minutes
February 20, 1986

GYPSUM MINING OPERATION PROPOSAL

Mr. Kent Stilson of Orangeville, Utah, introduced to the Commission Mr. A. J. Cornell and Mr. Rogers who are proposing to develop a gypsum mining operation east of Castle Dale. Their anticipated plans are that they would construct a refining plant one quarter mile east of the stock corrals on the desert road east of Castle Dale. They initially anticipate hiring 50 people and processing 1,000 tons of gypsum products per day.

Mr. Cornell indicated that their purpose in being at Commission meeting was that the Huntington Dugway needs major improvements in order to properly maneuver large trucks up that particular dugway which would include straightening the road at the bends. He also requested that the County straighten out the turnoff at the east end of the desert road going to their property. It was their purpose to see what the Emery County Commission could do to help with the improvements on the road. Commissioner Bevan Wilson asked that they meet with the Acting Road Superintendent, Michael Jensen, who together with them would go out and look over the trouble spots and make notes of their requests and bring back recommendations to the Commission.

Zoning Technician, James Fauver addressed the Commission indicating that Mr. Cornell and his associates have not began the permitting process as required by Emery County. Such a mining operation is classified as a large scale development project and therefore would require a conditional use permit and that the permitting process must be followed through.

After further discussion, Commissioner Wilson indicated that he appreciated them coming before the Commission and that if improvements needed to be done on the road that they would pursue them as they have in the past with other mining operations such as local coal mines wherein the operations have made the necessary improvements to the roads, after which they were turned back to Emery County and an agreement was made as to maintenance. It is also requested that they pursue all the other permits, particularly those with the Division of Oil, Gas and Mining.

UTAH STATE DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Emery County Economic Development Director, Scott Truman advised the Commission that the State of Utah, Department of Community and Economic Development as part of their quarterly information meeting would like to meet with the Emery County Commission as well as the Commissioners and interested community leaders from the neighboring counties and cities on the 12th of March at 1:30 p.m. He further indicated

that the group from the state would be here in time for lunch. Therefore, it was Commissioner Wilson's recommendation and the consensus of the Commission that Emery County provide a luncheon and that the Emery County Commission review the guest list for that luncheon; that Scott Truman be placed in charge to coordinate all activities associated.

CO-OP MINING COMPANY - BEAR CANYON ROAD AND TRAIL CANYON
RECLAMATION

Mr. Mel Coonrod representing the interest of the Co-op Mining Company came before the Commission indicating that they would like to terminate the contract they have with Emery County with regard to the Bear Canyon road since they have met all the conditions of the agreement with the exception of the encasement of the North Emery Water Users water line. At the time of construction, they had been requested not to encase the water line but that with new officers on the North Emery Water Board, the issue is still unclear. It was his request that the Co-op Mine provide all the casement materials purchased for the project and give them to North Emery Water, and that in turn they be relieved of any further responsibility. It was further discussed that the waterline was the only thing holding the final closing of that agreement. County Attorney, Scott Johansen suggested that Mr. Coonrod meet with the North Emery Water Users and that he might also send a letter indicating their plans to close the agreement should a reply not be received from North Emery Water Users outlining their desires as to the encasement of the waterline.

Mr. Coonrod further presented to the Commission the design and reclamation plans for the Trail Canyon properties of the Co-op Mine Company. He indicated that these are preliminary designs in which the properties would be disassociated from the Co-op Mine and form a community which at present has approximately 125 total population. The community would be complete with water and sewer and would involve a complete reclamation of the site. Mr. Coonrod and the residents soliciate the support of the Emery County Commission in the formation of the town to be called Trail Canyon Town.

County Attorney, Scott Johansen indicated that several years back, the Commission had also been approached with a similar proposal but he was uncertain as to the reasons that it was turned down by the Commission at that time.

Mr. James Ariotti of the Division of Environmental Health was introduced by Mr. Coonrod. Mr. Ariotti indicated that he has been over the site and he is concerned with the present sewage and water facilities there. He indicated that only one of the wells

would be acceptable as far as the bacteriological count, but its flow was insufficient for the residents. He further indicated that the developers have not provided him with proof of acceptable water and sewage facilities.

It was the consensus of the Commission that if the properties are to be turned back to the individuals in that community, that at present it would fall under the Emery County Subdivision Ordinance. Mr. Coonrod indicated that they propose to incorporate the town at the same time which would eliminate the need of being in compliance with the Emery County Zoning Regulations entirely. It was further the consensus of those present that Mr. Coonrod meet with County Attorney, Scott Johansen and review the past history and that proper procedure be followed for the incorporation of such a community.

PERSONNEL BUSINESS - ARLUND LEWIS RETIREMENT

Commissioner Bevan Wilson presented to the Commission a personnel action form for Arlund Lewis who is to be reclassified as retired from the Road Department as a mechanic. Such authorization must be given by the Commission in order to properly complete paperwork in the Auditor's Office. Therefore, motion was made by Commissioner Bevan Wilson to reclassify Mr. Arlund Lewis of Ferron, Utah, to show that he is on a retired status with Emery County, effective February 14, 1986, and that Commission Secretary, Pat Snowball prepare a letter of thanks to Mr. Lewis for the years of service in behalf of the Emery County Commission and the residents of Emery County. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)
AGREEMENT - CASTLE COUNTRY TRAVEL COUNCIL

Commissioner Bevan Wilson presented to the Commission the Interlocal Cooperation Agreement for Fiscal Agreement covering the fiscal management of the transient room tax revenues, and the agreement between Emery County and the Castle Country Travel Council indicating that it has been reviewed by the County Attorney's Office and recommended that it be signed and forwarded to the Carbon County Commissioners for their signature. After discussion, motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson and approved by all members present that the agreement be signed by Commission Chairman, Clyde Conover and that the documents be sent to Thelma Jones by the Clerk's Office who will request one completed document for the files of the Emery County Clerk's Office.

(8)

ADJOURNMENT FOR LUNCH

The Commission adjourned for lunch at 12:34 p.m. and reconvened at 2:08 p.m. with all members present.

(9)

MID-AMERICA GYPSUM MINING OPERATION

County Attorney, Scott Johansen indicated that he had been asked by Emery County Zoning Technician, James Fauver to contact Mr. Rodney Despain who is the Emery County Zoning Consultant and advise him that he is to proceed with development work with Mid-American in regards to their gypsum mining operation. Commissioner Wilson discussed with the Commission that presently there are several projects needing attention and with the resignation of James Fauver effective March 1, 1986, it had been the consensus of those involved that Mr. Rodney Despain be brought down to Emery County and meet with James

Fauver, Scott Johansen, Commissioner Wilson, Bruce C. Funk and Tracy Jeffs to review the projects and that he be given those responsibilities of following through on the conditional use permits on a number of these projects. County Attorney, Scott Johansen was asked to confirm with Mr. Despain that he is to immediately proceed with Mid-America on their mining operation and of the Commission's desire to meet with him in the very near future.

WILDERNESS ENVIRONMENTAL IMPACT STATEMENT - A.O.G. REQUEST OF HELP

Presented to the Commission was a letter for their signature soliciting help from the Southeastern Utah Association of Governments to help prepare comments from Emery County, as well as the other counties, about the environmental impact statements as it relates to the proposed wilderness areas in Emery County as well as surrounding counties. Because of the complexity of the matter, it was the consensus of the Commission that they need assistance from Bill Howell of the Association of Governments in order to prepare documents for presentation which reflect the interests of the residents of Emery County. Thereupon, it was the consensus of the Commission that

the letter be signed and presented at the next A.O.G. meeting to all county commissioners present and solicit their support in behalf of this request.

ROAD DEPARTMENT PAY CHANGES

Commissioner Bevan Wilson advised the Commission that pay change adjustments needed to be made for Austin Lund and Don Morland. He indicated that Don Morland has \$800.52 in back pay coming which date back from April 1, 1985 through December 31, 1985. He further indicated that Austin Lund was overpaid or owes Emery County \$1,382.43. Therefore, motion was made by Commissioner Bevan Wilson that a claim be made to pay Don Morland the amount of \$756.48 and that County Attorney, Scott Johansen prepare or research and make available a payroll deduction authorization for Austin Lund in which the amount of \$1,330.25 be deducted over a three month period with both to be effective the next pay period. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

GRANN-RUDMAN

The Commission discussed the effect of the Grann-Rudman bill and how it could possibly effect the future funding of Emery County. It was discussed and decided that Emery County Auditor, Karen Truman be asked to research the effect on all government agencies who are presently receiving any funding from Emery County indicating their concern as to the effect it will have on the revenues of Emery County and other associated State and Federal programs in the area. That the Commission make an effort to make the people of Emery County aware of the effect that this bill will have on the residents.

SHERIFF'S DEPARTMENT BUSINESS

The Emery County Commission discussed the Sheriff's Department's request to reconsider holiday compensation. The minutes of January 15, 1986, Page 12, Item #20 reads that in the future only those employees who work on an approved holiday are to receive overtime which based upon the current policy will be given in the form of comp-time at straight time. After review and discussion by the Commission, it was the consensus of all those present that the policy enacted on January 15, 1986 remain in effect at the present time.

MEETING ADJOURNMENT

Motion to adjourn the meeting at 3:30 p.m. was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson and approved by all members present.

MINUTES OF THE REGULAR MEETING OF THE BOARD OF EMERY COUNTY COMMISSIONERS HELD IN THE EMERY COUNTY COURTHOUSE

March 5, 1986

Those present at the meeting were Commissioners Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Acting Commission Chairman Bevan Wilson at 10:00 a.m. Commissioner Wilson recognized the absence of Commission Chairman Clyde Conover, who is attending meetings in St. George.

Invocation was given by Bruce C. Funk, Clerk.

A review of the Agenda was made.

COMMISSIONERS MINUTES

It is the consensus of all those present that the minutes of January 15, 1986, February 5, 1986, and February 20, 1986 be held for review at the next Commission meeting.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 860390 through and including 860507 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the warrants for payment. Motion was approved by all members present.

The following requisitions were presented for approval:

	Item and Department	Cost	Action
4	Student Packet, Sheriff's Dept.	\$189.00	Approved
	Bandage Packet, Sheriff's Dept.	52.50	Approved
5	3 Video Cassettes, Sheriff's Dept.	345.00	Approved
6	Backhoe, Highway Department	\$3,000	Approved

Motion was made by Commissioner Bevan Wilson to approve the above requisitions for purchase. The Road Department will trade in an existing Case Backhoe, Model No. 580SE, and disposition forms are to be completed on the trade-in, and that Commissioner Bevan Wilson be authorized to sign any additional paperwork in order to expedite the purchase. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

ROAD DEPARTMENT -- PAY CHANGE AMENDMENTS TO MINUTES OF
FEBRUARY 20, 1986

Emery County Auditor, Karen Truman advised the Commission that the minutes of February 20, 1986, Page 5, Item No. 11, Titled "ROAD DEPARTMENT PAY CHANGES" indicates that the pay changes were effective through December 31, 1985, which after further investigation, the dates are from April 1, 1985 through January 31, 1986, and that the amounts need to be corrected. Austin Lund was overpaid in the amount of \$1,382.43 and Don Morlan is entitled to receive \$800.52. Motion was made by Commissioner Bevan Wilson to amend the amounts as stated, and the minutes of February 20, 1986 be amended also to reflect these amounts. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(4)
CASTLE COUNTRY TRAVEL COUNCIL TRANSIENT ROOM TAX AGREEMENT

Thelma Jones, Director of the Castle Country Travel Council, presented to the Commission an Interlocal Cooperative Agreement for fiscal management of the transient room tax revenues for their consideration. This agreement had been approved in previous minutes, wherein Emery County had inserted that an accounting be made of the interest received on those revenues. Mrs. Jones indicated that in the past Carbon County has combined those monies with other county funds, and that any revenues received in interest were used to offset the costs for bookkeeping by the Carbon County Clerk. Also,

Carbon County provides audits and monthly expenditure reports, and it was the Carbon County Commission's concern that if a separate account is to be set up in order to keep track of the interest earned, the bookkeeping and the annual audits would exceed the earned interest. Estimated cost is approximately \$200.00 per month. They also cut the checks and send any mailings. They have at all times been in compliance with state and federal regulations. Whereupon, motion was made by Commissioner Clyde Thompson that Commissioner Bevan Wilson be authorized to sign the agreement as presented. Motion was seconded by Commissioner Bevan Wilson, and approved by all members present.

(5)

CASTLE COUNTRY TRAVEL COUNCIL -- APPOINTMENT OF BOARD MEMBERS

Thelma Jones, of Castle Country Travel Council presented to the Commission a list of the board of directors who serve on the council from Emery County. They are: Dan Hunter, Jorma Johnson, Scott Truman, Gerald Sommer, Rex Phillips, and Bevan Wilson, Commissioner. She further indicated that board members Dan Hunter, Scott Truman and Rex Phillips need to be reinstated for another term. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that the Castle Country Travel Council staff and board remain as constituted and that Dan Hunter, Scott Truman and Rex Phillips be reappointed for another term. Motion was approved by all members present.

UTAH HEALTH CARE ASSOCIATION REQUEST

Commissioner Clyde Thompson reviewed a letter he received from the Utah Health Care Association dated February 18, 1986 wherein they were requesting membership dues of \$804.00. They further indicated in their letter that through their efforts this past year they helped obtain \$8,291.00 from Medicaid for the Emery County Nursing Home. After discussion, motion was made by Commissioner Bevan Wilson that Commissioner Clyde Thompson write a letter in response to that request and negotiate a settlement for the amount of the dues which he would feel comfortable with. Motion was approved by all members present.

PERSONNEL ACTION -- LENORA ANDERSON HOLLOWAY -- EMERY LIBRARY CUSTODIAN

Emery County Personnel Technician, Pat Snowball presented to the Commission a personnel action form for Lenora Anderson Holloway to be hired as the custodian at the Emery Library. She indicated further that Mrs. Holloway's husband had previously been employed and is no longer in the area. Mrs. Holloway is familiar with the custodial requirements and has maintained the building during the time her husband has been gone. Mrs. Snowball further indicated she has reviewed this with Personnel Consultant, Mike Swallow, and he indicated that she does not fall under the Emery County Career Service Policy and therefore immediate hiring, without further advertising, would be appropriate. Motion was made by Commissioner Clyde Thompson to approve the hiring of Lenora Anderson Holloway as a custodian at the Emery Library in Emery, Utah, at a salary of \$148.40 per month on a permanent, part-time basis to be effective March 4, 1986. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

PERSONNEL ACTION -- PLANNING & ZONING TECHNICIAN -- SCOTT MCARTHUR

Emery County Clerk, Bruce C. Funk advised the Commission that he has completed the recruitment and interview process for filling the position of Zoning Technician left vacant by the resignation of James Fauver. It was his recommendation that Scott McArthur be hired to fill that position at a recommended minimum wage of \$8.00 per hour on a temporary, part-time basis and that office space be provided for the Zoning Technician. After discussion motion was made by Commissioner, Clyde Thompson that Mr. Scott McArthur be hired on a 60-day trial basis effective March 6, 1986 at the starting wage of \$7.50 per hour, as a temporary part-time Planning & Zoning Technician. After that time an evaluation of the position and applicant will be made, and should Mr. McArthur's employment or position continue after that period, his hourly rate will be increased to \$8.00 per hour. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

4-H PRESENTATION TO THE COMMISSIONERS

Mrs. Elaine Hatch of the Emery County Extension Service, as a result of the State 4-H Week in Utah, presented to Emery County Commissioner, Bevan Wilson, a plaque in recognition of his support and a plate of cookies for the Commission in recognition of their support of the 4-H program in Emery County, entitled "4H For Youth In America". Commissioner Bevan Wilson expressed appreciation for the involvement of the youth and leaders, and for parents who participate in the 4-H program, further indicating that he

has a strong admiration, respect and gratitude for all who are involved in the program in maintaining it as a self-supporting program.

TRAIL MOUNTAIN COAL -- COAL HAUL ROAD AGREEMENT

Mr. Craig Johansen of Johansen & Tuttle, and Mr. Joe Fielder, Mine Manager of Trail Mountain Coal came before the Commission requesting that the Emery County Commission consider extending the present coal haul road agreement, and that Trail Mountain Coal provide to Emery County the amount of \$160,000 for completion of phase two of the original agreement by the Emery County Road Department. This request was made because at the present time their corporate ownership is diversifying their coal operations, and as such it would be beneficial for them to negotiate an agreement with Emery County to complete the road work on the Phase Two Proposal of the original agreement. Commissioner Bevan Wilson indicated that the Commission was not opposed to such an agreement provided Emery County would not be obligated in any excess amounts over the \$160,000. Whereupon, motion was made by Commissioner Bevan Wilson that Emery County proceed with further determination of the feasibility of the project and agreement, and that Johansen & Tuttle be authorized to prepare costs and bid sheet proposals with all costs being the sole responsibility of Trail Mountain Coal, if they are interested in pursuing this, and that they come back with a recommendation next Commission meeting, after a final determination as to the availability of mineral lease monies for such projects has been made. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

BUCKHORN ROAD IMPROVEMENT REQUEST

Mr. Craig Johansen of Johansen & Tuttle Engineering came before the Commission indicating that presently Nielson Construction is doing work on the Buckhorn Road in the area where the road junctions to Green River and on down to Buckhorn Wash, where they are making improvements and installing a bridge. It was his request, having already reviewed this with Commissioner Bevan Wilson and the Road Department, that further road improvements be made while equipment is at the site. Anticipated cost of the improvements would be approximately \$25,000. After discussion, motion was made by Commissioner Bevan Wilson that

the Commission approve and authorize negotiation with Nielson Construction for the additional work, and that Commissioner Bevan Wilson be authorized to sign any additional paperwork in order to expedite the project. The negotiations are to be handled through the Road Department and Johansen & Tuttle Engineering, and that an amendment to the existing contract be issued. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

EMERY COUNTY NURSING HOME -- MEDICAID PAYMENT RECEIPT

Mr. John Bramall, Administrator of the Emery County Nursing Home presented to the Commission a check in the amount of \$10,788.00 for deposit. This amount received from Medicaid, which is a result of his efforts in collecting past due amounts.

Also, he presented to the Commission a claim in the amount of \$2,000.00 to cover the costs of the computer purchased by the Nursing Home. Appreciation was expressed to Mr. Bramall for his efforts in obtaining the reimbursement, and both the check and the claim were referred to the Emery County Auditor's Office for proper receipting and handling.

EMERY CoUNTY PROGRESS ACKNOWLEDGEMENT

Commissioner Bevan Wilson, in behalf of the Commission, acknowledged the accomplishments of Larry Davis with the Emery County Progress, commending him for his efforts, and expressing appreciation for the public awareness generated by this newspaper. On behalf of the Commission, congratulations were expressed to Mr. Davis and his staff for their accomplishments and service to Emery County and its residents.

EMERY COUNTY ECONOMIC DEVELOPMENT COUNCIL BOARD REAPPOINTMENTS

(a) Emery County Economic Development Council Director, Scott Truman informed the Commission that the terms of Kent Wilson, Gene Hess, Randy Lake, and Dan Hunter as board members on the Economic Development Council have expired, after their initial one-year appointment. It was his recommendation that they be reappointed for another one-year term. Motion was made by Commissioner Clyde Thompson to reappoint Kent Wilson, Gene Hess, Randy Lake, and Dan Hunter for an additional term on the Economic Development Council, those terms to expire in March, 1987. Motion was seconded by Commissioner Bevan Wilson, and approved by all members present.

(b)Mr. Truman also gave the Commission a rundown of the activities, involvements and highlights of the Economic Development Council for the first year. Mr. Truman indicated that one of their main efforts was in the area of the Public Land Issue. It affects Emery County due to the large percentage of federal lands, and consideration was being given to looking at alternate proposals such as national parks. Their involvement was making a position available for public awareness, and in response to the environmental impact statements.

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson to adjourn the meeting at 1:00 p.m. Motion was seconded by Commissioner Clyde Thompson, approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

March 20, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Scott Johansen.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of January 15, 1986 Commission meeting were held to allow sufficient time for the County Attorney to review those minutes and the documents contained therein.

Minutes of the February 5, 1986 Commission Meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson to approve the minutes as corrected. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Minutes of February 20, 1986 Commission Meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson to approve the minutes as corrected. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Minutes of the March 5, 1986 Commission meeting which were reviewed and corrected. Motion was made by Commissioner Clyde Thompson to approve the minutes as corrected. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above requisitions for purchase and to approve the disposal of the above vehicles either by trade or public auction as outlined in accordance with Emery County disposal policy, Ordinance 12-16-82C. Motion was approved by all members present.

(3)
PRIVATE USE OF COUNTY VEHICLES - COUNTY IDENTIFICATION

Emery County Auditor, Karen Truman together with Commission Secretary, Pat Snowball reviewed with the Commission the need to notify all departments using county vehicles for driving to and from work that IRS Form 941 requires that such employees have added to their gross wage \$3.00 per day for the use of the County vehicle which is reported as income. Those vehicles identified as exempt from this type of record keeping are law enforcement vehicles, highway department, and weed and mosquito vehicles. This is done to meet IRS requirements.

Further discussed was the need for county vehicles which bear the "EX" licence plate needing Emery County identification on them. The Commission informed those present that those county vehicles needing identification could be taken to Commissioner Thompson who would arrange to have an identification decal painted on. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that a memo bearing their signatures be sent again to all the department heads reminding them of the proper use of the vehicles as discussed and that identification of the vehicle must be done as soon as possible. Motion was approved by all members present.

(4)

WEED AND MOSQUITO DEPARTMENT

a) Board Appointments - Emery County Weed and Mosquito Supervisor, James Nielsen reviewed with the Commission the new State requirements for the County weed boards. Effective January 1, 1986 the State changed the statutes requiring reorganization of the weed board and that two members of the board must receive their income from agriculture. It was noted that members serving on the board do so without compensation except for transportation costs to the

meeting. It was Mr. Nielsen recommendation that Jimmy Staker of Elmo remain on the board to serve the remaining two years of his four year term. That the following individuals be appointed: Jack Curtis of Orangeville for four years, Gerald Barton of Ferron for four years, Wayne Staley of Emery for four years, Howard Silliman of Green River for four years (presently unable to confirm Mr. Silliman's willingness to serve on the board) and Commissioner Bevan Wilson. Motion was made by Commissioner Bevan Wilson to approve the appointment of the proposed board members to serve on the Emery County Weed Board for a term of four years effective January 1, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Chemical Storage - James Nielson also reviewed with the Commission the present storage facilities for the weed and mosquito chemicals. A recent review by OSHA

indicates that Emery County does not meet the requirements for chemical storage. Presently, chemicals are stored in a trailer which has no drains or windows, the facilities are not fireproof with an additional hazard in their present location close to gasoline storage tanks. The chemicals become much more toxic if exposed to fire and that consideration needs to be given to a safer facility for chemical storage. Commissioner Bevan Wilson indicated that he asked Weed and Mosquito Supervisor, James Nielsen to check into types of chemical storage facilities and to collect the information and give it to Johansen and Tuttle for design recommendation. Information is expected to be compiled and a recommendation for OSHA review somewhere after April 12, 1986. It was the consensus of the Commission that the Commission follow up and pursue any action or recommendations as needed in providing proper storage of these chemicals.

c) Personnel Action - Personnel Technician, Pat Snowball indicated that Weed and Mosquito Supervisor, James Nielson has gone through the hiring process in accordance with the Emery County Personnel Policy and through Job Service and that after interviews it was Mr. Nielson's recommendation that Leslie Reese of Ferron be hired for 120 days in the Weed and Mosquito Department at \$6.97 per hour effective April 1, 1986. He further discussed that he would be presenting to the Commission for their consideration the remainder of the employees who are hired for the summer months in operating the Weed and Mosquito Department. He expects to rehire Duane Fowler, Dennis Dooley and Richard Snowball and that a replacement would have to be found for Tom Roush who must also meet the requirements to handle chemicals. These summer hires would be for 60 days beginning approximately June 1, 1986. Motion was made by Commissioner Bevan Wilson to approve the hire of Leslie Reese for 120 days at \$6.97 effective April 1, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

SHERIFF'S BUSINESS - PERSONNEL ACTION

a) Blake Gardner - Emery County Sheriff Lamar Guymon presented personnel action forms for the rehiring of Blake Gardner as a Patrol Deputy II at a grade 11, step 2. The Sheriff is requesting that Mr. Gardner's salary be set at \$1,644.00. Mr. Gardner would fill the vacancy left by Gary Von Riches who has terminated employment with the Emery County Sheriff's Department. The Sheriff further indicated that Mr. Gardner would be on a one year probation period and that the effective date of hire as requested would be March 21, 1986. Whereupon, motion was made by Commissioner Bevan Wilson to approve the rehire of Blake L. Gardner as a Patrol Deputy II at a grade 11, step 2 or \$1,644.00 per month with an effective date of hire of March 21, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Tracy Cartwright - Sheriff Guymon also presented a personnel action form on Tracy Cartwright who would be reclassified from a Patrol Sergeant at a grade 13, step 3 or a salary of \$1,898 to a Patrol Deputy II at grade 11, step 6 or a salary of \$1,882 per month. He noted that the reclassification is a result of transfer from Green River to Castle Dale and a reassignment of duties. Whereupon, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the reclassification of Tracy Cartwright to that of a Patrol Deputy II at a salary of \$1,882 per month effective March 21, 1986. Motion was approved by all members present.

c) Other Items - In other items discussed by the Sheriff was his concern over the fees that Emery County pays for housing juveniles in the Carbon County detention center and questioned the rate of pay based on his discussions with State Detention officials.

He further reviewed with the Commission that he had received three applications for a radio and communication technician and it was the recommendation of those present that he proceed with advertising for applications as outlined in the Emery County personnel Policy.

Also discussed was the uniform allowances as it is presently being issued directly to each of the Sheriff department employees and it was his recommendation that the uniform allowance be combined into one check and forwarded to the Sheriff's Office who then would make the purchases directly with the vendor.

(6)

AREL HUNT, JUSTICE OF THE PEACE - SECRETARIAL REQUEST

Mr. Arel Hunt, Justice of the Peace in Green River had advised County Attorney, Scott Johansen that his present bookkeeper and secretary, Tony Spadafora was in the hospital and it was his request that Mrs. Burns be hired as a temporary

employee in Mr. Spadafora's position. Motion was made by Commissioner Bevan Wilson to approve the temporary hire of Mrs. Burns as secretary for Arel Hunt at the same rate of pay and time until such time as proper recruitment procedures can be followed. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)

RUTH WARNER - EMERY COUNTY MUSEUM

The Emery County Commission recognized the absence of Mrs. Ruth Warner who was to have met with the Commission to discuss the request for assistance in bulk mailing for the museum. It was anticipated that she would be mailing out approximately 300 pieces of mail at an approximate cost of 8* each. Therefore, motion was made by Commissioner Bevan Wilson that Commission Secretary, Pat Snowball notify Mrs. Warner authorizing her to use the Emery County bulk permit with total cost not to exceed \$100.00 for postage from the courthouse budget. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(8)
ADJOURNMENT FOR LUNCH

The Commission adjourned for lunch at 12:45 p.m. and reconvened at 2:14 p.m. with all members present.

(9)
A.O.G. MILEAGE REIMBURSEMENT - MEMORANDUM OF UNDERSTANDING

Commissioner Clyde Thompson presented to the Commission a memorandum of understanding with the Southeastern Utah Association of Governments and Emery County where Emery County reaffirms its present policy of reimbursement for mileage for use of personal vehicles at the rate of 21* per mile. After review, motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that Commission Chairman Clyde Conover be authorized to sign the memorandum of understanding and return it to Bill Howell director of the Association of Governments.

(10)
COMPUTER TRUST APPOINTMENT

Motion was made by Commissioner Bevan Wilson that Emery County Clerk, Bruce C. Funk be reappointed as the Emery County Computer Trust representative and that a letter be prepared on Commission stationery for Commission Chairman Clyde Conover's signature and forwarded to the Multi-County Computer Trust. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(11)
WILDERNESS STUDY BUDGET

Commissioner Bevan Wilson reviewed the upcoming developments with the wilderness area indicating that \$1,500 needs to be expended for underground and subsurface investigations of the wilderness area by a geologist indicating that there would be further

costs associated with the wilderness study. Commissioner Wilson made a motion that the Commission authorize Emery County Auditor, Karen Truman to provide for a new budgetary line item in which all associated costs for the wilderness study be billed to that line item and that at budget time, the Commission would see that sufficient appropriations are made to cover all expenditures. Expenditures made on that budget must receive a Commissioner's authorization through a requisition and that Commission Chairman Clyde Conover be authorized to sign all claims. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(12)

TRAIL MOUNTAIN COAL ROAD AGREEMENT EXTENSION

Commissioner Bevan Wilson indicated they are continuing to meet with Trail Mountain Coal, the Emery County Highway Department and Johansen and Tuttle in negotiating how to proceed with Phase II of the road agreement with Emery County and Trail Mountain Coal as to whether Emery County will be the bidding agent or be directly involved in the construction. He further indicated that he received a letter from Trail Mountain Coal requesting an extension of the time for Phase II. After discussion, motion was made by Commissioner Bevan Wilson that the existing agreement with Trail Mountain Coal be extended for one more year in order to complete Phase II of the agreement. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(13)

MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting at 2:42 p.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

April 2, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Commission Chairman, Clyde Conover.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of January 15, 1986 Commission meeting were held to allow sufficient time for the County Attorney to review those minutes and the documents contained therein.

The minutes of March 20, 1986 Commission meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the minutes as corrected. Motion was approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 860668 through and including 860799 for payment. After review and discussion, motion was made by Commissioner Bevan Wilson that the above warrants be approved for payment with the exception that \$30.00 of warrant 860714 to the National Association of Counties be deleted and that a hold be placed on warrant number 860719 to Omni Communications. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above requisitions for purchase. Motion was approved by all members present.

(3)

LIABILITY INSURANCE - UMBRELLA COVERAGE

Emery County Auditor, Karen Truman discussed with the Commission the need to consider whether to renew the current commercial liability umbrella coverage which adds an additional \$1,000,000 to the present coverage of Emery County for a total of \$1,500,000 in liability coverage. Insurance has been obtained through Keith Ware

Insurance Agency and in the past the same umbrella coverage has cost \$9,312. To renew the same policy for an additional year the premium has gone up to \$30,000 for that same coverage. It was the consensus of the Commission that \$500,000 in liability insurance would be insufficient; that such additional coverage should be maintained for at least one more year to see what federal legislation sets as to ceilings on claims. Thereupon, motion was made by Commissioner Bevan Wilson to renew the liability insurance umbrella coverage for the additional \$1,000,000 at a premium rate not to exceed \$30,000 and that Emery County, Karen Truman contact Insurance Agent, Keith Ware and confirm the premium amount and see if there are any possible reductions that could be made. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(4)

BOARD APPOINTMENTS FOR THE EMERY COUNTY WATER CONSERVANCY DISTRICT

County Attorney, Scott Johansen presented the names of Ellis Wild of Ferron, Utah and Hal Guymon of Huntington, Utah to be reappointed to serve another four year term and Wayne Staley of Emery, Utah be appointed to replace Rex Bunderson of Emery who because of church responsibilities will not be in the area for the next year. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Conover that Ellis Wild of Ferron and Hal Guymon of Huntington each be reappointed for another four year term and that Wayne Staley of Emery, Utah be appointed to replace Rex Bunderson, for a four year term--all are to serve on the Emery County Water Conservancy District Board. Motion was approved by all members present.

PERSONNEL ACTIONS

a) Parks and Recreation, Complex Hire - Emery County Personnel Technician, Pat Snowball advised the Commission that Dave Thompson who is supervisor over the Parks and Recreation has completed the recruitment process for temporary employees for the recreation complex and Bear Canyon Campground. He has gone through Job Service and has interviewed five applicants for work at the recreation complex. It was his recommendation that Howie Shorthill of Orangeville, Utah be hired to fill the vacancy at the ball complex to be effective May 15, 1986 at the rate of \$5.00 per hour which is the same rate that has been paid in the past. Whereupon, motion was made by Commissioner Clyde Thompson to approve the hire of Howie Shorthill to work at the recreation complex at the rate of \$5.00 per hour effective May 15, 1986 not to exceed 120 days of employment. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

b) Road Department, Seasonal Employees - Commissioner Bevan Wilson informed the Commission of a request of the Road Department to fill three temporary, seasonal vacancies; one being that of an equipment operator who will operate the weed mower for a period of five months at a rate of \$8.00 per hour and two laborers at \$7.00 per hour who will work on the patching and culvert crew which also includes fencing, etc., for a period not to exceed 120 days. Motion was made by Commissioner Bevan Wilson to authorize the Road Department to proceed with the recruitment process and advertising in accordance with the Emery County Personnel Policy to fill the three vacancies at the rate and time period as indicated on their request. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(6)

CLEVELAND BRIDGE - INTERLOCAL AGREEMENT

County Attorney, Scott Johansen presented to the Commission an interlocal agreement between Cleveland Town, the Castle Valley Special Service District and Emery County in which all three agencies have agreed as to their participation on the Cleveland Bridge construction project located at 500 East Street just north of County Road 339.

Commissioner Wilson indicated that Emery County is primarily responsible to do the engineering and the flood plain reports and that Cleveland Town and the Castle Valley Special Service District will complete the remainder of the construction work on the bridge after which the bridge will become property of the town of Cleveland. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the agreement and that Commission Chairman Clyde Conover be authorized to sign the agreement, noting that Emery County is not to be obligated to more than is required in the agreement. Motion was approved by all members present.

(7)

FURNITURE WASH DIP AND DINOSAUR QUARRY ROAD DIP - BID AWARD

Commissioner Bevan Wilson informed the Commission that bids have been accepted for construction work on the Furniture Wash Dip and also the Dinosaur Quarry Road Dip. Kent Stilson Construction of Orangeville, Utah was the apparent low bidder for the work in the amount of \$14,421.90. The bids have been reviewed by engineers of Johansen and Tuttle Engineering, therefore, Commissioner Bevan Wilson made a motion that Emery County accept the bid from Kent Stilson Construction in the amount of \$14,421.90 and that Commission Chairman Clyde Conover be authorized to sign the notice of award of the bid to Stilson Construction and that Commissioner Bevan Wilson be authorized to sign any future paperwork in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(8)

NURSING HOME CULVERT REMOVAL - FERRON CITY

Commissioner Clyde Thompson indicated to the Commission that Mayor Max Ralphs of Ferron City has asked that the old culvert used in irrigating the lawns and property around the Nursing Home prior to the installation of the secondary water system be removed as it presents certain problems. Ferron City would be willing to remove the culvert at no cost provided they could keep the culvert. After discussion, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present that Commissioner Clyde Thompson be authorized to meet with Ferron City and resolve the problem and proceed with any recommendations and agreements reached by both parties.

(9)

HUNTINGTON BALL COMPLEX PAVING PROJECT

Commissioner Bevan Wilson indicated that monies have been budgeted for the blacktopping of the parking lot at the ball complex in Huntington and that this would be a good year to have that work done whereas there are other paving projects in the County and with the present drop in oil prices it would be advantageous for Emery County to proceed. Therefore, it was the consensus of the Commission that Commissioner Bevan Wilson go ahead and prepare for obtaining bids on the project.

(10)

NOTIFICATION OF TRAVEL POLICY AND USE OF COUNTY VEHICLES - ROAD DEPARTMENT

Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson that Commissioner Bevan Wilson prepare a memorandum to send to all the Road Department employees in regards to clarification of the Emery County travel time policy and use of county vehicles; that the letter be prepared for Commission Chairman Conover's signature after consulting with County Attorney, Scott Johansen. Motion was approved by all members present.

(11)

UTAH POWER & LIGHT WATER LINE REPAIRS

County Attorney, Scott Johansen indicated that he had been contacted by Jody Williams, Attorney for Utah Power & Light inquiring as to a conditional use permit in making major repairs on the water line from Ferron to the Hunter Power Plant. The present line is unsatisfactory and is requiring removal and replacment by a steel pipe line. Mr.

Johansen had informed them to proceed with their plans of letting the bids which was intended for a one-mile section. It was the discussion and consensus of the Commission that if they should excavate across county roads, that they must be properly permitted and that County Attorney, Scott Johansen further meet with them and determine their actual plans on the project and advise the Commission at the next Commission meeting.

(12)

GREEN RIVER CITY ROAD REQUEST

County Attorney, Scott Johansen informed the Commission that he had been contacted by the Mayor of Green River requesting assistance from the County in helping them pave the road to the high school at Green River, Utah noting that all the roads in discussion are within the city limits of Green River. Their request was to find out whether Emery County could help with gravel in that they need over 18,000 yards. Green River had been advised that the County has had a firm policy of not going into the cities to do their road work. Commissioner Bevan Wilson indicated that the past policy has been that the County has stockpiled crushed gravel for the cities and the Special Service District, but usually require payment up front but other arrangements might possibly be made. Concern was expressed whether the gravel would be suitable for black top and Commissioner Wilson further advised Green River that on their clean up day Emery County has equipment in the area and that would be a good time for Emery County to participate in hauling and spreading gravel in the area. It was noted that Green River's clean up day had just recently passed and they had not requested such assistance. It was therefore the recommendation of the Commission that the City of Green River present a request to the Commission which they would take under advisement and respond immediately thereafter and that Commissioner Bevan Wilson would get the Road Department to make tests on the gravel presently located there to see if it can be used in asphalt.

(13)

ELBERT LOWDERMILK SAND AND GRAVEL SITE - PUBLIC HEARING DATE

Emery County Zoning Technician, Scott McArthur advised the Commission that the Emery County Planning and Zoning Commission has reviewed the request of Elbert Lowdermilk for a sand and gravel site located north of Castle Dale on the Des- Bee Dove Mine Road. All aspects of the permitting process have been complied with and are in accordance with the Emery County guidelines with the exception

that the bond has not yet been received. It is anticipated that they will have that bond at the end of the 30 days. Therefore, it was the recommendation of the Planning and Zoning Commission that the Emery County Commission set a date for the public hearing to consider public input on the project. Therefore, motion was made by Commissioner Bevan Wilson that the Emery County Commission set the public hearing date for May 7, 1986 at 11:30 a.m. with proper notification having been placed in the Sun Advocate 30 days prior to that date --to be advertised on April 4th and advertised in the Emery County Progress again on April 9th. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson to adjourn the meeting at 11:55 a.m. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

April 17, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Commissioner Bevan Wilson.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of January 15, 1986 Commission meeting were held to allow sufficient time for the County Attorney to review those minutes and the documents contained therein.

The minutes of April 2, 1986 Commission meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the minutes as corrected. Motion was approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 860817 through and including 860981 for payment. After review and discussion, motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve all warrants for payment. Motion was approved by all members present.

(No requisitions were presented.)

(3)

SHERIFF'S BUSINESS

a) Car Auction - Emery County Sheriff, Lamar Guymon indicated to the Commission that the previously scheduled car auction of surplus Sheriff vehicles had resulted in no bidders due to the \$1,800 minimum bid set on each vehicle. The Sheriff would like to reauction the vehicles, after proper

Page Two

Commission Minutes

advertising, and remove the minimum bid. Motion was made by Commissioner Bevan Wilson to allow the Sheriff's department to again advertise for the auctioning of these vehicles and that the bids not specify a minimum amount and that the Emery County Sheriff's Department reserves the right to accept or reject any or all bids. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) State Prisoner Housing - The Sheriff further discussed with the Commission that the State Department of Corrections had not received proper funding from the Utah State legislature and therefore would not receive the anticipated increase in housing prisoners from the State Prison. The fee will remain at \$23.00 per day until such funding is available.

c) Alcohol Fund - Also reviewed was the \$20,000 in the Emery County Treasurer alcohol fund. This is money sent to Emery County from alcohol related cases. The Sheriff would like permission to pursue the possibility of developing a special drug and alcohol program in which such monies would be used to pay Sheriff deputies on off-duty hours on a contractual basis. It was the consensus of those present that the Sheriff proceed with consideration and development of such a program and after having reviewed it with the County Attorney, present it again to the Commission for their final consideration.

d) Personnel Item - The Sheriff was also given approval to fill a vacancy in the Sheriff's Department and to proceed with a personnel action form.

The Sheriff further advised the Commission of the status of the recruitment process for a Television and Communications technician.

(4)

ROGER SPARKS - SOUTHEASTERN UTAH SOCIAL SERVICE DIRECTOR VISIT

Roger Sparks who is the District Director for the Southeastern Utah Department of Social Services came before the Commission in an effort to get acquainted with the Commission. He outlined some of the services that his office provides to the residents of Emery County. He inquired about any concerns that the Commission may have in operating any of their programs. He further introduced Larry Heaton as the local director. He further discussed the impact of the Federal Grand Rudman legislation in regards to anticipated cutbacks in federal funding to the Department of Social Services.

(5)

VIC PRICE ROAD ABANDONMENT REQUEST

Vic Price of Castle Dale, Utah came before the Commission requesting abandonment of a county road north and east of Clawson. The Commission advised Mr. Price that this request had been considered in 1983 and that petitions had been received from other county residents requesting that the road remain a

county road and therefore it was not abandoned at that time. The Commission further advised Mr. Price that proper procedure would be to get with Mike Jensen, Acting Superintendent of the Road Department, obtain a legal description of the road and the exact length of the road in question and then advertise for a public hearing to take public input on the closure of that road. After which, the Commission would again consider the closure.

(6)

PERSONNEL ACTION - ROAD DEPARTMENT

Emery County Personnel Technician, Pat Snowball presented the name of Steven L. Kemple to be hired as a summer, temporary employee in the Road Department for the position of weed mower operator for a period not to exceed five (5) months. It was noted that this position was approved in the previous Commission meeting and it was Acting Superintendent Mike Jensen's recommendation that Mr. Kemple be hired as he has previously worked for the Road Department. Thereupon, motion was made by Commissioner Bevan Wilson to accept the request and that Steven L. Kemple be hired at

the rate of \$8.00 per hour, forty hours per week, effective May 1, 1986, not to exceed five (5) months. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

The other remaining part time positions will be presented at the next Commission meeting with their anticipated date of employment on the 15th of May.

(7)

ROAD DEPARTMENT TRAVEL POLICY

Commissioner Bevan Wilson discussed with the Commission the past and present policy for use of the County vehicles in traveling to the work site. He has been in contact with Mike Swallow who has responded by letter indicating that the van or transportation provided to the workers by Emery County has been on a convenience basis and concurred that all workers are to be out at the site at the starting hour. It was further discussed that those persons driving the vehicles must be on the exempt status. Commissioner Bevan Wilson further requested Acting Superintendent Mike Jensen to see how this policy affects all workers in the Road Department. The new policy becomes effective the 17th of April, 1986 and that a final memo from the Commission be sent after review by County Attorney, Scott Johansen and others outlining the exact intent and clarification of the Emery County Personnel Policy. Emery County would be responsible for any pay due on the past policy to eligible workers on April 15th and 16th. Motion was made by Commissioner Bevan Wilson that a memo be sent to all Road Department employees outlining the use of County vehicles in going to work and that it is their responsibility to be at the job site at the starting time and that Commission Chairman Clyde Conover be authorized to sign the memo. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

PLANNING AND ZONING

Emery County Zoning Technician, Scott McArthur apprised the Commission on the present status of several projects within the County--some of them are corresponding directly with Consultant, Rodney Despain. He further indicated that Mr. Cornell had been in regarding his gypsum mining operation and was advised that his next step was to proceed with the Planning and Zoning department if he was unsatisfied with the requirements that Mr. Despain had required of him.

Mr. McArthur further indicated that Joe Marinoni of Fossil Fuels has requested a release of their bond for operating a gravel pit north of Ferron.

Lowdermilk is proceeding as scheduled and is waiting for the public hearing.

He further indicated that he had met with Wendell Owen and Mel Coonrod in regards to the road in Trail Canyon. It was his suggestion that Emery County not take any action which was concurrent with the opinion expressed by County Attorney, Scott Johansen. Whereupon, after discussion, it was the consensus of the Commission, that the Commission take no position at this time and see if something else comes in in regard to this matter.

(9)

REPLY TO THE REPUBLICAN CENTRAL COMMITTEE

Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson that approval be given to write a letter this date from the Emery County Commission to the Republican Central Committee in reply to their letter of April 9, 1986. A copy of the letter was given to the Emery County Progress who had previously received a copy of the letter from the Republican Central Committee.

(10)

ADJOURNMENT FOR LUNCH

The Commission adjourned for lunch at 12:15 p.m. and reconvened at 1:45 p.m. with all members present.

(11)

BUSINESS LICENSES - DEANNA RHODES; ANGELA FILLMORE

Emery County Clerk, Bruce C. Funk presented two business license applications for Commission signature noting that Emery County Zoning Technician, Scott McArthur has reviewed the applications and found them in compliance. It was the recommendation of the Clerk that the effective date for all business licenses be April 1, 1986 and that business licenses be on an annual basis with

Page Five

Commission Minutes

ROAD DEPARTMENT - HAULING CHIPS BIDS

Commissioner Bevan Wilson indicated that bids had been received from a number of trucking firms to haul chips for roads in various locations in Emery County from the Geneva Works. Total tonnage is anticipated to be 1,650 tons with the bids per ton as follows:

Hatchco Trucking \$ 6.18 per ton
CTC Trucking \$ 7.03 per ton
Barney Trucking \$10.90 per ton
Kerwin Jensen Trucking \$ 7.00 per ton

Commissioner Wilson further indicated that Kerwin Jensen is the only trucking firm who would include stacking of the chips at the site. If Emery County was to use one of the others, the county would have to supply a man and equipment to stack the chips. Therefore, it was Commissioner Wilson's recommendation and motion that Emery County accept the bid of Kerwin Jensen for hauling only of the road chips at the rate of \$7.00 per ton for a maximum tonnage of 1,650 tons to locations within Emery County, to include stacking. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(13)

UDOT, EMERY COUNTY COOPERATIVE AGREEMENT - BOTT LANE BRIDGE

Commissioner Bevan Wilson presented to the Commission for their consideration a cooperative agreement between Emery County and the Utah Department of Transportation to stripe the blacktop on the Bott Lane in the amount of \$762.30. Motion was made by Commission Chairman Clyde Conover to approve the agreement and sign the same. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)

BID ACCEPTANCE ON UP&L SOUTH WASH AND ROCK CANYON DIP CROSSING

Commissioner Bevan Wilson reviewed with the Commission the bids received for work on the UP&L South Wash Road Crossing and the Rock Canyon Dip Crossing. Problems occurred in the bidding process wherein the apparent low bidder was Nielson Construction but because of a calculation error on the bid sheet and due to the fact that G & O Construction, Inc. of Green River had neglected to put in a \$2,000 site relocation fee that according to engineers from Johansen and Tuttle that G& O Construction, Inc. of Green River would therefore be the

apparent low bidder in the amount of \$54,366. It was their recommendation, as well as the recommendation of the Road Department, to award the contract to G&O. Thereupon, motion was made by Commissioner Bevan Wilson to accept the bid of G&O Construction and sign the notice of award in the amount of \$54,366, the award being signed by Commission Chairman Clyde Conover and that Commissioner Bevan Wilson be authorized to sign any future and additional paperwork in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(15)

RESOLUTION 4-17-86 - RESERVED WATER RIGHTS IN WILDERNESS AREAS

Presented to the Commission was Resolution 4-17-86 which is a resolution on the reserved water rights in wilderness areas which was to be adopted by the Emery County Commission. That the Utah Association of Counties has adopted the same resolution and position and the League of Cities and Towns will be having the same resolution presented for their consideration and adoption. Whereupon, motion was made by Commissioner Bevan Wilson to adopt Resolution 4-17-86 and that Commission Chairman Clyde Conover be authorized to sign the same and that copies be furnished to Mark Walsch of the Utah Association of Counties.

(16)

DATA PROCESSING DEPARTMENT

a) Treasurer Business - Emery County Clerk, Bruce C. Funk informed the Commission that Emery County Treasurer, Elaine Wilson has requested the cash-in system for the Treasurer's Office. Monies have been budgeted and it was his recommendation that the system ordered and purchased for the Assessor be set up in the Treasurer's Office and that one again be ordered for the Assessor's Office and billed from the Treasurer's budget. Approval was also given to run the data cable at \$15.00 per hour plus materials.

b) Computer Evaluation - Emery County Clerk, Bruce C. Funk presented to the Commission for their review, a three year progress report and evaluation of the use of the computer in the county.

(17)

CLERK'S BUSINESS

Emery County Clerk, Bruce C. Funk discussed with the Commission consideration of readjusting the voting district boundaries in the Huntington Canyon area. The Clerk will examine the present districts and make recommendation as to the changes.

(18)

MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting at 3:30 p.m. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

May 7, 1986

Those present at the meeting were Commissioners Clyde Conover and Clyde Thompson; and Deputy Clerk, Karen Bean.

Commissioner Bevan Wilson was excused from attendance because of County business in St. George, Utah.

The meeting was called to order by Commission Chairman Clyde Conover at 10:10 a.m.

Invocation was given by Commissioner Clyde Thompson.

(1)

COMMISSIONERS MINUTES

The minutes of the Commission meeting of April 17, 1986 were held to allow sufficient time for review by the Commission.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 861022 through and including 861250 for payment. Warrant #861055 was held until Sheriff Guymon could explain the expenses listed. Motion was made by Commission Chairman, Clyde Conover, seconded by Commissioner Clyde Thompson to approve the warrants for payment. Motion was approved by all members present.

The following requisition was presented for approval:

Req. #	Item and Department	Cost	Action__
	11 Video Cassettes, Sheriff	\$345.00	Approved

Motion was made by Commission Chairman Clyde Conover to approve the above requisition for purchase. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

(3)
ROCK REMOVAL AT COUNTY ROAD SHOP

Mr. Henry Seely came before the Commission to discuss the removal of a large rock located at the County Road Shop. Motion was made by Commission Chairman Clyde Conover that once a permanent location is found, the large rock with the letter "C" on it be relocated. Motion was seconded by Commissioner Clyde Thompson and approved by all members present. Mr. Seely is to notify the Road Superintendent.

(4)
AMBULANCE BILLINGS FOR THE NURSING HOME

A clarification of policy discussed in a previous Commission meeting was made with regard to ambulance billings for patients at the nursing home. The costs for the ambulance services exceed the limits prescribed by Medicare and the remaining balance will be the responsibility of the family of the patient. The Sheriff is to bill the individual family for the service rather than billing the nursing home.

(5)
BRAND INSPECTION RENEWAL AGREEMENT

Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson to approve the renewal of the agreement for brand inspection services between Emery County and the Utah Department of Agriculture. Motion was approved by all members present. Commission Chairman Clyde Conover previously signed the agreement on April 7, 1986.

(6)
HIGH SCHOOL YEARBOOK ADVERTISEMENT

The Commission has received a request from the High School Yearbook Committee to purchase advertising space in this year's yearbook. In the past, the County has not advertised in the high school yearbook. Motion was made by Commission Chairman Clyde Conover that the request be denied. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)

COURTHOUSE REFRIDGERATOR

The County employees at the courthouse have requested that the Commission consider the purchase of a new refridgerator for the courthouse. The present refridgerator is several years old and has some problems with ice accumulation and draining. The Commission tabled the request and will discuss it when Commissioner Wilson can be present.

(8) FAIR LABOR STANDARDS ACT

County Auditor, Karen Truman requested that the Commission clarify two points of policy with regard to the Fair Labor Standards Act. The first was the issue of salary versus hourly employees of the County. The second concerns those employees affected by a set work schedule. The Fair Labor Standard is 171 hours per month and any time over that figure is considered overtime. However, some employees are scheduled to work less than the 171 hours, but work more hours than they have been scheduled. The Commission requested that no decision be made until a full board can discuss these matters.

(9) MENTAL HEALTH - ALCOHOL AND DRUG SCHOOLING

Emery Jones of the Four Corners Mental Health Center came before the Commission to request the allocation of \$500.00 as scholarships for two high school students to attend an alcohol and drug school sponsored by the University of Utah. It is the Center's intention to send two students from the Peer Help Group program to this school. If the County will sponsor these two students, the University will match the funding and a total of four students will be able to attend. The mental health budget has been examined, and there is \$500.00 available for education. Motion was made by Commissioner Clyde Thompson to use the \$500.00 that is available for scholarships to send two students to the alcohol and drug school at the University of Utah. The motion was seconded by Commission Chairman Clyde Conover and approved by all members present. Mr. Jones informed the Commission that he would need to receive the warrant by the first part of June in order to make the necessary arrangements. The Clerk is to notify the County Auditor about the approval of the request so that the necessary paperwork can be completed.

(10) PRO-PEACE MARCH

Commissioner Clyde Thompson updated the Commission that the Pro-Peace March had changed their route and would not be coming through Emery County.

(11)

NOXIOUS WEED CONTROL ON UTAH POWER AND LIGHT PROPERTY

Commission Secretary, Pat Snowball informed the Commission that the County has received a check from Utah Power & Light Company in the amount of \$5,400 as per the agreement between the County and Utah Power & Light for the control of noxious weeds on UP&L property. In return for the amount paid, the County has agreed to use County facilities and personnel to control the weeds for the year 1986.

PERSONNEL BUSINESS

a) Planning and Zoning - Personnel Technician, Pat Snowball presented a personnel action form on Scott McArthur. Mr. McArthur was previously hired as Zoning Technician and was on a 60 day appointment. That 60 days has expired and it is now requested that Mr. McArthur be reappointed. Commissioner Bevan Wilson recommended that Mr. McArthur be hired for another 60 day appointment with a possible renewal on July 2, 1986. Mr. McArthur was present at the meeting and objected to the 60 day clause. After discussion, motion was made by Commission Chairman Clyde Conover that the County rehire Scott McArthur as the Zoning Technician on a part-time basis, under 20 hours per week, at a rate of \$8.00 per hour without a 60 day renewal stipulation, with the agreement that if the 120 day policy for elections affects a part-time employee, that Mr. McArthur comply with the policy. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Bear Canyon Caretaker - The recreation department has gone through the recruitment process and has selected Thomas K. Bell of Orangeville to be the campground caretaker on a temporary/seasonal basis at \$5.00 per hour. The requested date of hire is May 15, 1986. Motion was made by Commissioner Clyde Thompson that Thomas K. Bell be approved for hire as the campground caretaker for Bear Canyon Campground at a rate of \$5.00 per hour with an effective date of May 15, 1986 on a temporary/seasonal basis. The motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

c) Road Department - Summer Hires - Personnel Technician, Pat Snowball presented personnel action forms from the Road Department for Zen Majors of Huntington and Keith Q. Sorensen of Ferron for the positions of laborer. The positions are temporary/seasonal and will be for a period of three months at a rate of \$7.00 per hour

with an effective date of hire of May 19, 1986. Motion was made by Commissioner Clyde Thompson that Zen Majors and Keith Q. Sorensen be hired in the Road Department as laborers for a period of three months beginning May 19, 1986 at a rate of \$7.00 per hour. The motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

d) Road Department - Reclassifications - A personnel action form was presented for the reclassification of Rex Funk to the position of Highway Superintendent at a grade 17, step 5 or a salary of \$2,530 per month. Also presented was a form to reclassify Tom Humphrey to the position of Assistant Highway Superintendent at a grade 15, step 5 or a salary of \$2,267 per month. It is also requested that Michael F. Jensen be reclassified to Crusher Crew Foreman at a grade 13, step 7 or a salary of \$2,173 per month. Motion was made by Commissioner Clyde Thompson to approve the above reclassifications at the grade and step as stated, with an effective date of reclassification of May 16, 1986. The motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(13)
ECONOMIC DEVELOPMENT COUNCIL APPOINTMENT

The Commission received a letter from Dan Hunter requesting that he be released from service on the Emery County Economic Development Council. He recommended Mr. Delynn Fielding to fill the position. Motion was made by Commissioner Clyde Thompson to appoint Delynn Fielding of Castle Dale to serve on the Economic Development Council. The motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(14)
PUBLIC HEARING - ELBERT LOWDERMILK LARGE SCALE INDUSTRIAL
DEVELOPMENT - 11:30 a.m.

This was the time fixed for receiving public input on the request of Elbert Lowdermilk for a conditional use permit for a large scale industrial development project for the purpose of extracting sand and gravel. The hearing was duly noticed. Bill Karcich was present representing Elbert Lowdermilk. The application has been before the Planning and Zoning Commission and was approved at their meeting on April 1, 1986. County Attorney, Scott Johansen and Consultant, Rodney Despain have each reviewed the application. The bonding company is waiting for a determination of the form of the performance bond before submitting the same. County Attorney, Scott Johansen has agreed to correspond with the bonding company in order that the bond may be secured. Motion was made by Commissioner Clyde Thompson to approve the conditional use

permit as requested on the conditions that the subject of excavation near the UP&L power poles be addressed; that the bond be properly provided; that fencing be provided to prohibit public access and cattle access; that access to the County road be defined; and that the method of dust suppression be agreed upon. The motion was seconded by Commission Chairman Clyde Conover and approved by all members present. Zoning Technician, Scott McArthur is to see that the necessary papers are prepared and signed.

(15)

FERRON CITY - METAL BUILDING REQUEST

Mayor Max Ralphs and Councilmen Lamond Smith, Ray Killpack, Ray Wareham and Scott Truman of Ferron City came before the Commission to request that the County consider donating a large metal building purchased by the Road Department for use on the fair grounds. Ferron City would like to locate the building on the fair grounds to use as an exhibition/recreation hall. The city is in the process of negotiating the purchase of property adjacent to the fair grounds on which to place the building. They are willing to trade the building for a mobile home that the city has. They also requested that the County erect the building on the property. Rex Funk from the Road Department informed the group of the size and condition of the building. The city also

requested that the County transfer a smaller building for storage use. Mr. Funk informed the Commission that the Road Department was in need of a storage shed in Green River and would like to keep the smaller building. It was the consensus of the Commission, that if the County gave Ferron City the building, the City would be responsible to see that the building was installed. The Commission tabled the request until Commissioner Bevan Wilson could be present.

(16)

MEETING ADJOURNMENT - LUNCH

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting for lunch at 12:40 p.m. Motion was seconded by Commissioner Clyde Thompson and approved by all members present. The meeting reconvened at 2:00 p.m. with Commissioner Conover and Commissioner Thompson present.

(17)

U.S. FOREST SERVICE PROGRESS REPORT

John Niebergall, Bill Dye and Gary Say of the U.S. Forest Service updated the Commission on several policies and activities of the Forest Service within Emery County.

The Forest Service is changing their policy on garbage collection and will now be requiring that those persons visiting the National Forests be responsible to see that their garbage is removed from the forest. They will be removing the dumpsters and the garbage cans and garbage service will no longer be provided. There will still be a fee charged for use of camping and picnic facilities but this fee will be for the maintenance of the facility only. They estimate that the Forest Service, in the Manti-Lasal Forest, can save \$38,000 a year by eliminating the garbage collection service. There may be some impact on the use of dumpsters belonging to the County or private enterprise and they wanted the County to be aware of the change.

Also discussed was the improvements made to the picnic area near Ferron. High water washed out the bridge at the area and the Forest Service had intended to abandon the facility. Ferron City expressed interest in the picnic area and so in a cooperative effort, between the Forest Service and Ferron City, the facilities have been upgraded and will be ready for use some time around June 1, 1986.

The comment period on the Land Management Plan has expired and all comments have been received. The final plan should be ready in July, 1986. Those present stated that Commission input had been valuable and some language had been changed to reflect those concerns.

Forest Service Continued . . .

The Forest Service will be starting a watershed project in the Trail Mountain area. They also discussed work that had been done in Huntington Canyon to clean up damage and debris cause by avalanches. Road maintenance and projects were updated as was the Forest Service plans and projects for rehabilitation of forest areas.

Commissioner Clyde Thompson requested that Mr. Niebergall provide him with a copy of the agreement between Emery County and the Forest Service for the maintenance of the Reeder Canyon road. Mr. Niebergall said that he would provide the same.

(18)
MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting at 3:12 p.m. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

May 15, 1986

Those present at the meeting were Commissioners Bevan Wilson and Clyde Thompson, and Deputy County Clerk, Jami Luce.

The meeting was called to order by Acting Commission Chairman Bevan Wilson at 10:10 a.m.

Invocation was given by Commissioner Bevan Wilson.

A review of the Agenda was made.

(1) COMMISSIONERS MINUTES

The minutes of January 15, 1986 Commission meeting were held to allow sufficient time for the County Attorney to review those minutes and the documents contained therein.

The minutes of the Commission meeting of April 17, 1986 and May 7, 1986 were held to allow sufficient time for review by the Commission.

A short recess of the meeting was called at 10:15 a.m.

Commission Meeting reconvened with all present at 10:40 a.m.

(2) REVIEW OF WILDERNESS HEARING HELD MAY 14, 1986

The public hearing on the proposed BLM Economic Impact Statement for wilderness areas was viewed as an overwhelming success. All vital issues concerning this proposal were addressed. Out of the approximate 400 people in attendance (mostly county residents), only two voiced support of the wilderness proposal. The work, time and effort put in to preparing for this hearing over the last one and a half years, was felt to be time and money well spent. However, this is not to mean that the battle is over. The Emery County Commissioners hope that the citizens of Emery County will support them and the Economic Development Council in seeing the disapproval of this proposal through to the

end. Also the Commission hopes that the people of the County will support the Commission during the budgeting process, and will elect persons to fill county government positions that will consider the public land issues and that will keep abreast of future development of not only the wilderness proposal, but all vital economic concerns that the county might have to face in the future.

(3)
RESOLUTION NO. 2-5-86B - RESOLUTION AMENDING RESOLUTION 1-15-86E

Motion was made by Commissioner Clyde Thompson to amend Resolution No. 1-15-86E, section 3 by adopting Resolution No. 2-5-86B which will amend the original resolution allowing those employees who are at the last step of the salary plan and in supervisory positions, to receive a 3% salary increase as exempt employees. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. This resolution is to be retroactive to 1-15-86.

(4)
PERSONNEL ACTION - SCOTT NELSON

Motion was made by Commissioner Clyde Thompson and seconded by Commissioner Bevan Wilson to approve a 3.4% increase in pay for Sargeant Scott Nelson pursuant to Resolution 1-15-86E. Approved by all members present. This increase is to be retroactive to 1-15-86.

(5)
RESOLUTION 4-17-86 - RESERVED WATER RIGHTS IN WILDERNESS AREAS

Motion was made by Commissioner Bevan Wilson to adopted Resolution 4-17-86 concerning reserved water rights in proposed wilderness areas presented in the public hearing on May 14, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(6)
LETTER TO JERRY MILLER - DIVISION OF PARKS AND RECREATION

Emery County Commission supports the letter drafted to Jerry Miller, Division Director for the Division of Parks and Recreation for retention of the State Park in Green River, Utah, as it is presently managed. This park is currently being considered by the Division of Parks and Recreation to be leased out to a concessionaire and not operated by their

office. The County Commission feels that since the community is dependent upon tourism, this proposal would have a vital impact upon the community, and thus such a decision would not be in the best interest of Green River.

(7)

WORK EXPERIENCE & TRAINING AGREEMENT

The agreement between Emery County and Social Services for work experience and training of qualified persons is reaffirmed with item no. 6 being amended to show: "...in the month the person is utilized." A motion to reaffirm this open agreement between Emery County and Social Services with the amendment as recommended was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Thompson and approved by all members present.

WEED AND MOSQUITO DEPARTMENT - HIRE AND REHIRES

The following names were presented to the Commission for rehire as seasonal employees for the Weed and Mosquito Department:

Dewayne Fowler at \$8.50 per hour with beginning date of 6-2-86, Dennis Dooley at \$8.50 per hour with beginning date of 6-2-86, and Richard Snowball, at \$8.50 per hour with beginning date of 6-9-86.

Claron Durrant was also presented to the Commission to be hired for the Weed and Mosquito Department beginning 6-2-86 as a seasonal employee to be paid \$6.97 per hour with the same responsibilities as other seasonal employees.

Motion was made by Commissioner Bevan Wilson to approve the hire of Claron Durrant upon the condition that he pass the qualification to work with chemicals within two weeks after starting work with the county, and that any time spent to qualify be done on personal time. Once that qualification is met, his pay will automatically increase from \$5.00 per hour to \$6.97 per hour. Commissioner Bevan Wilson further ratified the rehire of Dewayne Fowler, Dennis Dooley, and Richard Snowball. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(9)

PLANNING AND ZONING BUSINESS

It was recommended to Planning and Zoning Technican, Scott McArthur, that there is a need to advertise in the paper his hours and phone number so that the channel of business from the public flows more smoothly. Scott McArthur agreed to deliberate on the problem and amend the situation.

(10)

ADJOURNMENT FOR LUNCH

The Commission adjourned for lunch at 11:41 a.m. and reconvened at 1:31 p.m. with Commissioners Bevan Wilson and Clyde Thompson present.

(11)

UTAH POWER & LIGHT - EFFECT ON OUR ECONOMY

Arvin Gibson, Paul Barber, and Dr. Dee Rees, representatives of Utah Power & Light, informed the Commission of UP&L's present economic status within Emery County. They explained that the recent decline in the cost of crude oil throughout the world has had an impact on coal production. They further stated that the Arabs, who control a quarter of the world's oil reserves, have intentionally brought crude prices down as a means of regaining control of the world market. This reduction of oil prices has closed many markets that, in

Page Four

Commission Meeting

May 15, 1986

UTAH POWER & LIGHT - EFFECT ON OUR ECONOMY CONT. . .

the past, have been open to UP&L, especially the California market. The problem for Emery County lies in the fact that development of resources which are competitors of coal has increased. This has virtually stopped the demand for coal energy and coal-produced electricity. This means that Emery County will foresee layoffs in both the coal mines and power plants ran by UP&L. They did not feel that this situation would improve for at least another two to three years.

(12)

EMERY COUNTY BALLPARK COMPLEX - PAVING THE PARKING LOT

Craig Johansen of Johansen and Tuttle Engineering presented blueprints of construction needs before black topping the parking lot at the Emery County Ballpark complex. After considering the cost of the project and protection of the guy wires that would be needed, motion was made by Commissioner Bevan Wilson to authorize Johansen and Tuttle Engineering to accept bids for preparing, laying black top, and protecting guy wires of the Ballpark complex parking lot. Deadline for receiving

bids for this project is June 3, 1986. This motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(13)

COOPERATIVE AGREEMENT - COTTONWOOD CANYON ROAD

The agreement between Emery County and Utah Department of Transportation for the use of monies in the amount of \$1,100,000.00 for paving the Cottonwood Canyon Road was presented for approval. It was recommended that the Agreement be amended or an addendum be drawn to allow Emery County to apply any extra monies from this project to the Bear Canyon/Co-op Mine Road. Motion was made by Commissioner Bevan Wilson to approve the agreement and the addendum subject to approval by County Attorney, Scott Johansen, and pending Commission Chairman Clyde Conover's signature. This motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)

PROCEDURAL CHANGE - PERSONNEL POLICY CLARIFICATION

Commission Secretary, Pat Snowball, presented for approval a procedural change and requested that she be allowed to insert this change in the personnel policy manuals to be used as additional clarification. This change consists of a statement that reinforces that salaried employees' wages are calculated on a 40 hour work week. Motion was made by Commissioner Bevan Wilson, and seconded by Commissioner Clyde Thompson to allow this procedural change be inserted in the personnel policy manuals for clarification.

RECORDER INFORMATION FOR STATE TAX COMMISSION

Karen Peacock, Chief Deputy Recorder, informed the Commission of a request by the State Tax Commission for property description information. This information would be sent to them directly from Progressive Management Services. Karen was advised by the Commission to obtain a written request from the Tax Commission for the information needed. No authorization was given nor will be until the Commission has examined this request thoroughly.

(16)

ROAD DEPARTMENT - REQUISITIONS

A requisition for the purchase of two chain saws and one brush cutter was presented for approval for the County Road Department totally \$990.00. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, and approved by all members present to approve this requisition as requested.

(17)

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson to adjourn the meeting at 5:17 p.m. Motion was seconded by Commissioner Clyde Thompson.

HELD IN THE EMERY COUNTY COURTHOUSE

June 4, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by County Clerk, Bruce C. Funk.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The Commission Minutes of the January 15, 1986, Commission meeting, having been reviewed by County Attorney, Scott Johansen and corrected, motion was made by Commissioner Bevan Wilson to accept the minutes as corrected. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Minutes of the April 17, 1986, Commission meeting were presented for review by the Commission. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the minutes as presented. Motion was approved by all members present.

Minutes of the May 7, 1986 Commission meeting were presented and reviewed. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the minutes as presented. The motion was approved by all members present.

Minutes of May 15, 1986 Commission meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson to approve the minutes as corrected. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(2)
AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 861431 through and including 861622, plus handwritten checks numbered 1003 through 1006 for payment. Motion was made by Commissioner Bevan Wilson to approve all

warrants for payment except that portion of warrant #861565 to Utah Power & Light for the Orangeville Library since the electrical problems there have not been fully resolved to the satisfaction of the Commission and the cost for said utility seems to be excessive. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

The following requisition was presented for approval:

Req. #	Item and Department	Cost	Action
13	Radio for Mustang, Sheriff	\$751.00	Approved
14	Key Control Lock Cabinet, Road	\$248.40	Approved
15	Portable Vise & Drill, Road	\$375.00	Approved
16	New Generator, Nursing Home	\$11,029.65	Approved

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above requisitions for purchase. Motion was approved by all members present.

Clerk, Bruce Funk informed the Commission that normally the political parties make recommendations for registration agents and judge of elections. These were not received within the appropriate time, therefore, the Clerk's Office had filled the vacancies. It was his recommendation that the Commission approve them as such. Thereupon, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the registration agents for the years 1986 and 1987 and the judges of election for the year 1986 as presented to them. Motion was approved by all members present.

RESOLUTION 6-4-86A - OFFICIAL ELECTION DISTRICT MAP

Emery County Clerk, Bruce Funk presented to the Commission a proposed, official election boundary map to be incorporated in the near future as the official election district boundary map. Said map was required in order to prepare for the 1990 census. The map includes physical boundaries of each voting district and will remain on file in the Clerk's Office. One advantage in the new voting district boundaries is that it would allow those people north and west of Huntington to vote in districts 8 and 9 of Huntington rather than in the past having to travel to Cleveland to vote. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adopt Resolution 6-4-86A establishing the official election boundary map and its physical boundaries as presented by the Clerk. Motion was approved by all members present.

(5)
PAVING OF THE HUNTINGTON BALL COMPLEX PARKING LOT

Commissioner Bevan Wilson presented and discussed with the Commission the bids received for paving of the parking lot at the ball complex in Huntington which also includes protection of the guy wires, excavation, etc. He indicated that Johansen and Tuttle had reviewed the bids and that Cox Rock Products was the apparent low bidder with a bid of \$49,200. Therefore, it was Commissioner Bevan Wilson's motion that Commission Chairman Clyde Conover sign the bid award and that Commissioner Bevan Wilson be authorized to sign any additional and future paperwork in order to expedite the project. It was noted that the anticipated completion date is July 1, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

SHERIFF'S BUSINESS

a) Electronics Specialist - Presented to the Commission was the personnel action form for the hiring of Richard Brett Mills as the Electronics Specialist in the Sheriff's Department. He will do the maintenance and repair of the electronic equipment--radios, television transmitters, ect.--owned by Emery County, to be hired at a grade 13, step 3 or \$1,900 per month. After a six month probation period, it was discussed and recommended that he be moved to a grade 13, step 6. The effective date of hire is June 1, 1986. Motion was made by Commissioner Bevan Wilson to approve the hire of Mr. Mills at a grade 13, step 3 or \$1,900 per month and after completion of his probationary period and upon recommendation of the Sheriff, that he be moved to a grade 13, step 6. The effective date of hire is to be June 1, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Used Auto Auction - Emery County Sheriff, Lamar Guymon advised the Commission that previously he had advertised for the public auction of several used Sheriff vehicles and no one had attended the auction. Therefore, it was his request that the vehicles be sold through private sale. After discussion, motion was made by Commissioner Bevan Wilson to approve the sale of one of the vehicles of the Sheriff's choice through Brasher Auto Auction to establish a value of the vehicles and that Sheriff Guymon report back to the Commission the results of that auction with a recommendation on the remaining vehicles for sale through private sale at that time. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

c) Auto Replacement - Sheriff Guymon indicated that they have had a recently purchased vehicle which was involved in an accident. The car was totaled and a value placed on it of \$7,000 by the insurance company. He further indicated that the new car had been purchased for approximately \$10,500 and he asked the Commission for advise

on how to proceed. Motion was made by Commissioner Bevan Wilson to authorize the Sheriff to proceed with negotiations for a replacement auto and that he further negotiate with the insurance company on the settlement and report back to the Commission before any final agreement and purchase is signed. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

d) Kyle F. Ekker, Reclassification - Discussed with the Commission was the reclassification of Kyle F. Ekker, by Sheriff Guymon, to the position of a Patrol Deputy II. Whereupon, motion was made by Commissioner Bevan Wilson that Kyle F. Ekker be reclassified from a Patrol Deputy I at a grade 9, step 1 or a salary of \$1,424 to a Patrol Deputy II at a grade 11, step 2 or a salary of \$1,644, noting that this reclassification had been previously approved and anticipated in previous Commission meetings. The effective date of the reclassification is May 16, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

e) Green River Ambulance Supervisor Position - Sheriff Lamar Guymon advised the Commission that in the past, the ambulance supervisor in Green River had received a monthly salary of \$100.00. That position had been held by Gwen Weihing until April 30, 1986. Whereupon, Geniel Reay also of Green River had assumed those responsibilities and her classification had been changed from EMT to Ambulance Supervisor and she received \$100.00 per month and served in that position until May 31, 1986 at which time her classification was changed back to an EMT at a zero dollar salary. Effective June 1, 1986, Jackie M. Powell has assumed the position of Ambulance Supervisor and will now receive that salary of \$100.00 per month. Motion was made by Commission Chairman Clyde Conover to approve those reclassifications and establish Jackie M. Powell as the current Ambulance Supervisor at a salary of \$100.00 per month. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

PERSONNEL ACTIONS

a) Castle Dale Library Temporary Employee - Emery County Personnel Technician, Pat Snowball indicated to the Commission that Michael Oliver has submitted a contract for

their consideration for seasonal and temporary employment in caring for the lawn at the Castle Dale Library, under the direct supervision of Jerilyn Mathis, at the pay scale of \$10.00 per week. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that Commission Chairman Clyde Conover sign the agreement as prepared for Michael Oliver to provide yard maintenance around the Castle Dale Library effective April 21, 1986 through September 13, 1986 at the rate of \$10.00 per week and classified as a seasonal and temporary employee. Motion was approved by all members present.

b) Starting Date Corrections - Personnel Technician, Pat Snowball advised the Commission of the need to correct the actual starting date on Tom Bell who is a temporary employee in the Recreation Department. It was originally anticipated that he would start on May 15, 1986 and he actually took the job and began on the 12th of May.

In the Weed and Mosquito Department, it was anticipated that Duane Fowler would start on June 2, 1986. He actually began work on May 27, 1986. Claron Durrant also of the Weed and Mosquito Department was also anticipated on June 2, 1986 and he too began work on May 27, 1986.

It was Mrs. Snowball's recommendation that the Commission authorize the amending of the personnel action forms to reflect those actually starting dates. Motion was made by Commissioner Bevan Wilson to authorize Personnel Technician, Pat Snowball to make the corrected effective dates on each of the above persons. Motion was approved by all members present.

RESOLUTION 6-4-86B - EXEMPTING EMPLOYEES OF THE WEED AND MOSQUITO DEPARTMENT FROM THE FAIR LABOR STANDARDS ACT

Presented to the Commission was Resolution 6-4-86B which is a resolution specifying that workers of the Weed and Mosquito Department are exempt from overtime payment pursuant to the Fair Labor Standards Act being that these employees are used for agricultural purposes. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve Resolution 6-4- 86B. Motion was approved by all members present.

EMERY COUNTY NURSING HOME

Emery County Nursing Home Director, John Bramall discussed with the Commission the capital improvements which have been made at the Emery County Nursing Home.

He also inquired as to the Commission's feeling and direction on ways to make the nursing home much more profitable. He indicated that this could be done one of two ways. The first being to reduce the number of staff to minimum allowable levels for care. The second is to cut the wages back to the State average levels which would mean considerable cuts in present employees' salaries. His concern is that 50% of those presently employed in the Nursing Home are single supporters of a family. It was the consensus of the Commission that it should be a Nursing Home Board decision and should be taken back to them for a recommendation.

Mr. Bramall further requested that the Commission consider sitting down and negotiating the current contract which will expire next year because the present Commissioners are more familiar with the agreement.

He discussed the physicians home and asked whether the Commission would be interested in selling or working on a lease-purchase agreement for the home. No official action was taken on these two matters.

Mr. Bramall was asked to bring back audits of the Nursing Home as to the actual operation of the Nursing Home, as soon as possible, for consideration by the Commission.

Mr. Bramall further indicated that Earlene Black had been voted on by the employees of the Nursing Home as their representative on the Nursing Home Board in an ex-officio capacity (non-voting member). Motion was made by Commissioner Bevan Wilson to appoint Earlene Black as a non-voting member of the Emery County Nursing Home Board to represent the interests of the employees therein to be effective June 4, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(10)

U.D.O.T. REQUEST

Commissioner Bevan Wilson indicated that they had received a request from the Utah Department of Transportation requesting the use of a portion of the old highway, U-S 6 near Woodside for the purpose of mixing asphalt. He, along with Road Superintendent, Rex Funk has reviewed the request and it is their recommendation that the State be given permission to use a portion of that road for mixing asphalt. Upon consensus of the Commission, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve and send notice to the Utah Department of Transportation allowing them to use a portion of Highway U-S 6 for the purpose of mixing asphalt and that the notice be prepared for Commission Chairman Clyde Conover's signature. Motion was approved by all members present.

The meeting was adjourned for lunch at 1:32 p.m. The meeting reconvened at 2:40 p.m. with all members present.

(12)

MIKE STEWART - NACO SUPPORT

Discussed with the Commission was a request from Commissioner Coleman of Wasatch County that the counties support the effort of Mike Stewart to become a fourth president of NACO and that it had been determined that Emery County's share of costs would be \$633.00. Upon discussion, the Commission felt that Emery County and the counties of Utah should support the efforts of Mr. Stewart and they would support it in the amount of \$300.00. Motion was made by Commission Chairman Clyde Conover to provide \$300.00 in support of Mike Stewart in his election as fourth President of NACO and said monies are to come out of the dues and contribution budget.

MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting at 2:51 p.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

OF THE BOARD OF EMERY COUNTY COMMISSIONERS

HELD IN THE EMERY COUNTY COURTHOUSE

June 19, 1986

Those present at the meeting were Commissioners Clyde Conover and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:23 a.m.

Commissioner Bevan Wilson arrived at the meeting at 11:45 a.m.

Invocation was given by Commission Chairman, Clyde Conover.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the June 4, 1986, Commission Meeting were presented for review. Motion was made by Commission Chairman Clyde Conover to table the minutes of June 4 to allow sufficient time for review. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Deputy Auditor, Charlane Luke presented Warrant Edit List numbered 861623 through and including 861800 for payment. Motion was made by Commissioner Clyde Thompson, seconded by Commission Chairman Clyde Conover to approve all warrants for payment. Motion was approved by all members present.

The following requisitions were presented for approval:

Req. #	Item and Department	Cost	Action
17	Replacement of Vehicle, Sheriff	\$10,945.00	Approved

Motion was made by Commissioner Clyde Thompson, seconded by Commission Chairman Clyde Conover to approve the above requisition for purchase. Motion was approved by all members present.

KAY KIMBALL - 1985 EMERY COUNTY AUDIT REPORT

Mr. Kay Kimball of Kimball & Roberts presented the 1985 annual Emery County Audit, which ends December 31, 1985, to the Commission for their review. Mr. Kimball indicated that there were no restrictions placed upon Emery County, he gives it a clean opinion and the audit represents fairly the conditions of the county. He further expressed appreciation for the fullest cooperation of all departments in the County in providing records for the audit. Motion was made by Commission Chairman Clyde Conover to accept the audit of Kimball & Roberts for the year 1985. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(4)

CASTLE VALLEY SPECIAL SERVICE DISTRICT

a) Bear Canyon Rental - Darrel Leamaster, District Manager of the Castle Valley Special Service District, advised the Commission that he is in charge of the yearly business meeting of the Utah Rural Water Users Association who would like to use the Bear Canyon Campground. His concern was that the prices originally quoted to him for use of the pavilion were, in his opinion, excessive. He was advised by the County Clerk, Bruce Funk that the rental rate for non-profit organizations, during the week, is \$12.50 with a \$20.00 cleaning deposit. It was his request that they be authorized to use the park at no cost, but he could live with these actual and final costs. After discussion, it was the consensus of those present that the regular rate of \$12.50 and the \$20.00 cleaning deposit be charged for use of the pavilion.

b) Huntington City Board Member - Mr. Leamaster further discussed with the Commission the problems of Huntington City council and mayor who are dissatisfied with the former mayor, Robert Roberts, as their representative on the Board of the Castle Valley Special Service District. Mr. Leamaster indicated that it was agreed that those towns that would receive chipping and sealing of the roads would contribute 90% of their B and C road funds in the year the work is done. They have bid the job and awarded the contract for Huntington, and are in a critical position because Huntington City will not commit 90% of their B and C road funds as originally agreed to while former Mayor, Robert Roberts serves on that board as Huntington's representative and therefore, Huntington has not given approval for the release of such funds.

Castle Valley Special Service District Attorney, Mack Bunderson indicated that he has reviewed the terms and appointments of the board members as requested by Commissioner Bevan Wilson. As called out in the Utah Code Annotated, the Commission is the governing entity but the Commission has authorized an Administrative Control Board who has assumed the administrative responsibilities. Members of the Board consist of three members at large and one member from each municipality. They were originally set up on four year terms and staggered so that not all vacancies would come on the same year. He further indicated that Mr. Roberts has two and one-half years remaining and unless he resigns or moves, there are no provisions for his removal.

Page Three

Castle Valley Special Service District Cont. . .

Commission Chairman Clyde Conover indicated that the Commission appointed and formed the board in good faith and that Mr. Roberts should be entitled to serve his remaining term. He further indicated that Mr. Roberts has been a good board member.

The problem is that communication to and from the board with Huntington City has not taken place. Commission Chairman Clyde Conover further indicated that removal should not be based on politics. Bonds were sold specifically for these special projects and consideration should be given to those towns who will commit their B and C road funds that the Castle Valley Special Service District Board look into moving into one of the other municipalities which is ready at this time. He further indicated that the Commission would not support the efforts to remove Mr. Roberts at this time.

(5)

UTAH JOB SERVICE 1986 PROGRAM AND BUDGET PLAN

Colleen Everidge, Director of the Castle Dale Office of the Utah Job Service, presented to the Commission the 1986 Program and Budget Plan for the local office which is also part of the Price Office. She was accompanied by Larris A. Hunting, Manager of the Price Office, who indicated that the Castle Dale Office is servicing as many clients as many of the larger offices in the surrounding areas and therefore did not foresee an eventual closing of the office in the near future. Mrs. Everidge solicited input from the Commission as to the plan, indicating that they will keep the office as a full service office and expressed appreciation to the Commission for Emery County's involvement and use of the local office. The Commission in turn expressed appreciation for the office and for the value and service it renders to the residents of Emery County and they have been very satisfied with the service which they provide.

(6)

TRUTH IN TAXATION HEARINGS

County Attorney, Scott Johansen presented to the Commission, in the absence of Emery County Auditor, Karen Truman, a report on the Truth in Taxation hearings indicating that if you increase the amount of taxes on property, then you have to hold a public hearing. Emery County will more than likely fall into this category this year because of an anticipated one mill increase. Because the federal revenue and state assessed property values will be down, the one mill will be required to maintain County services. The only alternatives would be to first, cut programs sufficiently, or secondly, to lay-off additional personnel in the County.

Page Four

Truth in Taxation Hearing Cont. . .

Therefore, it was his recommendation that the Commission adopt the proposal setting the tax rate at .003432 as the tax rate budgeted (the maximum tax rate without a hearing would be .003167.) It was further his recommendation that we set the public hearing date in conjunction with the Truth and Taxation hearing date of the Castle Valley Special

Service District. After discussion, motion was made by Commission Chairman Clyde Conover to adopt the tax rate of .003432 and set the public hearing date for the Truth in Taxation hearings for Wednesday, July 30, 1986 at 7:00 p.m. for the Castle Valley Special Service District and at 7:30 p.m. for Emery County in the Emery County Commission Room. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)

BOARD OF EQUALIZATION

County Attorney, Scott Johansen informed the Commission of the need to set the Board of Equalization dates for hearings in Castle Dale and Green River. After discussion, motion was made by Commissioner Clyde Thompson to set Wednesday, August 20, 1986 at 10:00 a.m. in Castle Dale for Board of Equalization Hearings and that Thursday, August 21, 1986 be set for the Board of Equalization in Green River, Utah at 10:00 a.m. at the Senior Citizen Center to first hold the Board of Equalization hearings and Commission meeting is to follow at 12:00 noon until 2:00 p.m. All official action of the Commission is to be ratified at their next official Commission meeting after that date. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(8)

CLERK'S BUSINESS

a) Medical Program - Emery County Clerk, Bruce Funk presented to the Commission a letter from the Bureau of State Medical Services dated May 31, 1986 inquiring if the Board of County Commissioners were interested in participating in the Utah Medical Assistance program which would be at .00005 tax rate of the taxable value of real property valuation in the County. It was estimated that participation in the program would cost Emery County in the neighborhood of \$70,000 to \$90,000 annually and that current expenditures have been at approximately \$5,000 annually. After discussion, it was the consensus of the Commission that Emery County not participate in the program and that any funds unused be put in a special fund to build up to cover any major catastrophies. Whereupon, motion was made by Commissioner Clyde Thompson that Commission Chairman Clyde Conover be authorized to sign the notice of non-participation. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

b) School Board District Boundary Minor Changes - Resolution 6-19-86A - Presented to the Board of Commissioners was Resolution 6-19-86A which changes the north boundary of school precinct number five from Wilberg Wash to Five Mile Wash which would reduce the area included in school precinct number 3 and would align it with the voting district boundaries and that the southern boundary of school precinct number five within the Carroll Subdivision in Orangeville be amended and delete the northeast quarter of block five from precinct number five and that it be added to school precinct number two. Clerk, Bruce Funk indicated to the Commission that both changes had been presented to the Emery County School Board in their meeting on June 11, 1986 and they had unanimously supported this action. The change would save special ballots being printed for only a couple homes and, therefore, it would be advantageous for the Commission to adopt the same resolution. Whereupon, motion was made by Commission Chairman Clyde Conover to adopt Resolution 6-19- 86A changing the prescribed boundaries as outlined effective this date. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(9)

ADJOURNMENT FOR LUNCH

Commission meeting adjourned at 12:00 noon for lunch. The meeting reconvened at 1:30 p.m. with all members present.

(10)

SHERIFF'S BUSINESS - VEHICLE DISPOSAL

Emery County Sheriff, Lamar Guymon submitted to the Commission a bid for disposal of one 1980 Pontiac Catalina, four-door, serial number 2L69WAX115949 in which Bill Downard offered the sum of \$900.00. The Sheriff further indicated that he has two additional 1980 vehicles and three 1981 vehicles to yet sell. Motion was made by Commissioner Bevan Wilson to approve the sale to Bill Downard of said Pontiac vehicle for the sum of \$900.00 to be deposited to the Emery County General Fund. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(11)

ASSESSOR'S BUSINESS

a) Multi-County Appraisal Trust - Emery County Assessor, Gerald Stanton presented to the Commission guidelines for the proposed Multi-County Appraisal Trust Service in which all counties participating receive assistance on reappraisal, by the trust, providing individuals or organizations to carry out such services. Emery County would only pay according to services of the trust they use and that the trust is a multi-county cooperative. Each county will have a board member serving therein. Motion was made by Commissioner Bevan Wilson that Emery County participate in the Multi-County Appraisal Trust and that the trust be notified of Emery County's intentions. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Assessor's Business Cont. . .

b) Personnel Action - Emery County Assessor, Gerald Stanton requested permission to proceed with the recruitment process to replace DeAnn Cox who is no longer employed by Emery County; that a replacement Deputy Assessor be hired on a Grade 5, Step 1 or a salary of \$1,140 per month. Therefore, authorization was given to Mr. Stanton to proceed with the recruitment process as outlined.

(12)

LETTER IN RESPONSE TO WILDERNESS ISSUE

Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson that the Commission sign a letter to the Utah State Governor, Norm Bangerter in response to the wilderness issue. Motion was approved by all members present.

(13)

PERSONNEL ACTION

Personnel Technician, Pat Snowball informed the Commission that Richard Bronson's appointment on the Career Service Council has expired. It was her recommendation, and Mr. Bronson has accepted, to reappoint him to that position for another three year term. Whereupon, motion was made by Commissioner Bevan Wilson to reappoint Richard Bronson to serve on the Career Service Council for another three year term, which term is to expire on June 30, 1989. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)

EMPLOYEE COMMITTEE - REFRIGERATOR REQUEST

Jan Petersen and Karen Peacock of the Emery County Employees Committee requested the Commission to consider replacement of the existing refrigerator in the break room indicating that it is small in size and is not frost free and accumulates an excessive amount of frost. They have solicited bids from Gale's Appliance for an 18 cubic foot Whirlpool refrigerator which is \$550.00 plus \$75.00 for the ice maker, or a total of \$625.00 and a bid from Earl's Bargains of Huntington, Utah for a Gibson 19 cubic foot to include ice maker for a cost of \$624.00. It was noted that Gale's Appliance would install and connect the ice maker whereas through Earl's Bargains, additional cost would be incurred for the installation of the refrigerator.

Also discussed with the Commission, was the possibility of requiring offices to clean the refrigerator on a scheduled basis with a monthly cleaning by the custodial help. The Commission took the request under advisement noting that at present they are unsure where any additional funds could be obtained for purchase of a refrigerator.

U.D.O.T. COTTONWOOD CANYON COOPERATIVE AGREEMENT REVISION

Mr. Frank Ulrich of the Utah Department of Transportation and Craig Johansen of Johansen and Tuttle Engineering came before the Commission with the revised cooperative agreement between Emery County and the Utah Department of Transportation for engineering services and roadway construction on the Cottonwood Canyon road. Commissioner Bevan Wilson indicated that County Attorney, Scott Johansen and Engineer, Craig Johansen have both reviewed the agreement and that the agreement is presented at this time so that documentation can be completed and ready for bidding on June 20, 1986. Engineer, Craig Johansen discussed the concern that Emery County must pay the contractor upon completion of the project prior to the release of Utah Department of Transportation funds. Commissioner Bevan Wilson indicated that he has reviewed this with Emery County Auditor, Karen Truman and that there are no problems knowing that there could be a possible 45 day delay and that Emery County will make a year end adjustment for the fund transfer. Whereupon, motion was made by Commissioner Bevan Wilson that Commission Chairman Clyde Conover be authorized to sign the cooperative agreement between Emery County and the Utah Department of Transportation on the Cottonwood Canyon road with those changes contained in the 6-13-86 revision and that he (Commissioner Wilson) be authorized to sign any additional paperwork in order to expedite the project and that a bid date of July 15, 1986 at 2:00 p.m. be set in the Emery County Courthouse for the receiving of bids on the project. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(16)

UAC COUNTY FINANCE COOPERATIVE - RESOLUTION 6-19-86B

County Attorney, Scott Johansen discussed with the Commission the proposed Resolution 6-19-86B wherein Emery County would join a Utah Association of County sponsored County Finance Cooperative which would allow Emery County to combine with other counties for a better bond rate. Every county joining would have a trust member from which they would elect three officers. There would be no obligation for Emery County to spend or to borrow, but would simply allow for a better rate should they find a need. After discussion, motion was made by Commissioner Bevan Wilson to approve Resolution 6-19-86B subject to County Attorney, Scott Johansen's review; that

Emery County participate in the Multi- County Finance Cooperative and that Commission Chairman Clyde Conover be authorized to sign the final paperwork. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(17)

HUNTINGTON BALL COMPLEX

Commissioner Clyde Thompson discussed the need to install a 8" drain pipe on the north ball field at the Huntington Ball Complex, to drain water which has accumulated. This needs to be done prior to the completion of the black top in the parking lot.

Page Eight

He also indicated that the lawn mower used there cannot be fixed and needs to be replaced. Parks and Recreation Supervisor, Dave Thompson has solicited bids for a replacement with the low bid being from C.T. Sales and Service. Copies of the bids will be attached to the appropriate requisition for the replacement. Motion was made by Commission Chairman Clyde Conover to authorize the purchase of a new lawn mower from C.T. Sales in the amount of \$1,800. Motion was seconded by Commissioner Bevan Wilson. Commissioner Clyde Thompson abstained, therefore the action passed.

(18)

FERRON CITY REQUEST FOR GRAVEL

Commissioner Bevan Wilson indicated that he has been contacted by Ray Wareham of Ferron City in regards to hauling gravel from the County pit to the campground within the forest service boundaries noting that they have already placed 60 yards there but had not received authorization through the Commission. Therefore, they are requesting an additional 40 yards, or 100 yards total. Whereupon, motion was made by Commissioner Bevan Wilson to authorize a total of 100 yards of 1" gravel to be purchased by Ferron City at county cost for which the Commission will meet with Mayor Max Ralphs and negotiate a settlement based on the County's use of the Ferron facilities during Emery County Fair Days. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(19)

VENTILATING THE MOTOR GENERATOR ROOM

Emery County Clerk, Bruce Funk discussed with the Commission the need to ventilate the storage room where the motor generator is located as it is building up excessive heat in the summer months. Also expressed was concern over the storage of flammable

materials in the room. It was the consensus of the Commission that immediate steps be taken to ventilate that room and that no flammable materials are to be stored within the courthouse. All activities will be coordinated and under the direction of Commissioner Clyde Thompson.

(20)

SALES AND USE TAX AMENDMENT - ORDINANCE 6-19-86C

It was brought to the attention of the Commission that the Legislature had allowed the cities and counties to receive a portion of the local option sales tax which heretofore had been retained by the Legislature for flood control. It was indicated that it was necessary to pass an ordinance relative to this sales tax before July 1, 1986. The Utah Association of Counties had provided the County with a draft ordinance from which the significant portions of Ordinance No. 6-19-86C were taken. Where upon motion was made by Commission Chairman Clyde Conover and seconded by Commissioner Bevan Wilson to adopt Ordinance No. 6-19-86C. The motion was unanimously approved.

MEETING ADJOURNMENT

Motion to adjourn the meeting at 4:46 p.m. was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

July 2, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:05 a.m.

Invocation was given by Commissioner Clyde Thompson.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the June 4, 1986 Commission meeting were presented for review. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the minutes as presented. Motion was approved by all members present.

Minutes of the June 19, 1986 Commission meeting were handed to the Commission. The Commission tabled review of the minutes until their next meeting to allow sufficient time for review.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 861801 through and including 861928 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve all warrants for payment. Motion was approved by all members present.

The following requisitions were presented for approval:

STEPHEN SNOW - DELINQUENT PROPERTY TAX

Mr. Stephen Snow of Ferron, Utah, owner of the Singletree Restaurant in Ferron came before the Commission indicating his concern over a possible sale of his properties due to non-payment of taxes by the previous owner/manager Dave Saley which amounts to just over \$4,000. Mr. Snow further indicated that he has paid this last years taxes in full and that with the present economic conditions he sees no way of immediately paying off the balance of outstanding taxes due on that property. Therefore, it was his request of the Commission that they consider an agreement or contract in which those delinquent taxes could be paid on a monthly basis over a longer period of time and yet avoid a tax sale of his property. It was the consensus of the Commission that if there was any way possible

for the Commission to assist in this, they would be willing to do so but that Mr. Snow would have to contact and discuss this matter further with County Attorney, Scott Johansen and, if possible, they could draft up an agreement prior to the Board of Equalization hearings set for August 20th and that the agreement be presented to the Commission at that hearing.

Also discussed with Mr. Snow was the Dutch Flat Road in which Commissioner Wilson pointed out there is a problem of sight-safety on one of the turns which would require a new fence and a culvert at the location. Mr. Snow indicated that he would be interested in working with the Commission to resolve that situation. Road Superintendent, Rex Funk and Engineer, Craig Johansen are to meet with Mr. Snow to discuss the matter.

MONTELL SEELY - COUNTY HISTORICAL PRESERVATION COMMITTEE

Mr. Montell Seely, Chairman of the Emery County Historical Preservation Committee advised the Commission that they are presently in the application process for funds from the Utah State Historical Society in the amount of \$4,000 of which one-half has to be met by "worked" time and one-half has to be matched with money. The purpose of these funds are to make survey plats and determine eligible facilities in the County to be placed on the national register of historical buildings. He further expects to spend in the neighborhood of \$200.00 in funds in retracing the Spanish Trail and placing markers. They have already received a four-drawer filing cabinet from the County. The Commission asked that Mr. Seely furnish them with a copy of their application for funding for Commission review. Mr. Seely further requested assistance from the County Road Department in the use of a bulldozer for work at the Castle Valley Pageant site for approximately three to four hours. Commissioner Wilson indicated that he will meet and discuss this further with Road Superintendent, Rex Funk.

PERSONNEL ACTION

Emery County Personnel Technician, Pat Snowball reviewed with the Commission the status of Claron Durrant of the Weed and Mosquito department who it appears was entitled to \$78.70 in back pay. It was originally agreed that, upon certification, their hourly wage would be increased from \$5.00 to \$6.97 per hour. Mr. Durrant actually completed certification one week prior to receiving actual notice. Therefore, motion was made by Commissioner Bevan Wilson to approve the back pay of \$78.70 which is the hourly difference Mr. Durrant was entitled to upon his certification since delay in receiving notice of certification was by others. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(6)

FERRON CITY BUILDING REQUEST

The Emery County Commission has met with Ferron Mayor Max Ralphs and they have discussed the pros and cons of Emery County donating an unconstructed building owned by the county of the approximate size of 70' X 95' to Ferron City. They have reached an agreement that Ferron City will assume all the expense of erecting and transporting of the building for construction at the Ferron City Park. They have further agreed that Emery County will have full use of the facility at the County Fair and other County functions. That Ferron City transfer title of a 12' X 60' building to Emery County.

Whereupon, and after discussion, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to authorize the transfer of ownership of the building owned by Emery County to Ferron City and that County Attorney, Scott Johansen draft up the necessary paperwork to transfer that ownership; that Ferron City further be advised that they assume all responsibility and costs in transferring and erecting the building at the Ferron City park site; that the building be made available to Emery County for county functions at no cost; and that ownership of a 12' X 60' building be made to Emery County, further that Commission Chairman Clyde Conover be authorized to sign the agreement upon its completion in behalf of the Commission. Motion was approved by all members present. (The Clerk's Office informed Ferron City of the action on July 8, 1986.)

(7)

TAX RATE HEARING DATE CHANGE

Emery County Auditor, Karen Truman advised the Commission that the Truth in Taxation hearing date needs to be changed from July 30, 1986 at 7:00 p.m. for the Castle Valley Special Service District and at 7:30 p.m. for Emery County to the date of August 6, 1986 with the hearing time at 7:00 p.m. for the Castle Valley Special Service District and at 7:30 p.m. for Emery County and that the proposed tax rate be changed to .003445 (in the minutes of June 19, 1986 the proposed rate was .003432.) Whereupon, motion was made by Commission Chairman

Page Four

Clyde Conover to approve and set the tax rate hearing date to August 6, 1986 at 7:00 p.m. for the Castle Valley Special Service District and at 7:30 p.m. for Emery County and that the Commission adopt the proposed tax rate of .003445. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

UTAH DEPARTMENT OF TRANSPORTATION (UDOT) - CLASS B ROAD SURVEYS FOR EMERY COUNTY

Mr. Scott Nay and others from the Utah Department of Transportation, came before the Commission together with Emery County Road Superintendent, Rex Funk and Mike Jensen of the Road Department to discuss a field inventory and review of Emery County's Class B Roads. They indicated that these roads are reviewed about every five years and this survey is what Emery County's B road funds are based upon. In consideration of time and the importance of having Emery County's road map and the Department of Transportation road maps accurately correspond, Commissioner Bevan Wilson asked that those individuals from UDOT meet with Rex Funk and Mike Jensen of the Emery County Road Department and report back to the Commission. It was noted that both parties met together on this date, but it was determined that further verification would be required of roads which have been transferred to Emery County by the BLM and that a more complete review and comparison would have to be made before this could be brought back to the Commission at a later date for their consideration and adoption.

(9)

ROAD SHOP CAR TRANSFER

Commissioner Bevan Wilson discussed with the Commission the need to have a vehicle accessible to the road shop for use in obtaining parts from local parts houses. It was further noted that the Sheriff's Department has not been successful in selling some of the Sheriff's vehicles and it was felt that one of those vehicles could be put to good use. On occasion employees have had to use their personal vehicles to pick up parts. This has been discussed with Road Superintendent, Rex Funk and Emery County Sheriff, Lamar Guymon and that they are in agreement. After discussion, motion was made by Commissioner Bevan Wilson that the Commission authorize the transfer of one of the better Sheriff's Department vehicles to the Road Department and that Emery County Auditor, Karen Truman be notified to adjust her fixed asset list of the transfer. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(10)

ROAD DEPARTMENT - PERSONNEL ACTION

Commissioner Bevan Wilson informed the Commission that LaVon "Pete" Oviatt is retiring from the Emery County Road Department near the end of July and that Road Superintendent, Rex Funk has studied and analyzed the personnel needs of

Page Five

the road Department. Mike Jensen, who is the foreman of the crusher operation could be used to help in other areas in the County Road Department operation.

Therefore, it was Mr. Funk's request that a truck driver be hired with crusher experience, to replace Mr. Oviatt, which would allow Mr. Jensen to be used in other areas as needed. Motion was made by Commissioner Bevan Wilson to approve the recruitment of a truck driver with crusher experience for the Road Department as a replacement for LaVon "Pete" Oviatt who will be retiring; that the recruitment process follow the Emery County Personnel Policy as outlined. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(11)

LETTER TO GOVERNOR BANGERTER

Commissioner Clyde Thompson made a motion that the Commission send a letter to Governor Norm Bangerter expressing appreciation for his support of multiple use on the BLM wilderness areas within Emery County. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

SHERIFF'S BUSINESS

a) John Parker Vehicle Purchase - Sheriff Lamar Guymon gave the Commission a bid from John Parker in the amount of \$905.00 for the purchase of a 1981 Pontiac which the Commission had previously authorized for private sale. Motion to accept the bid was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson and approved by all members present.

b) Credit Cards for Ambulance - Sheriff Guymon indicated that Emery County will now be required to provide ambulance service from the Carbon Hospital to other areas as needed. He is concerned that with the increased mileage there is no way of charging gas in route, therefore, he requested and it was the consensus of the Commission that Visa Cards be made available in each ambulance for the purchase of gas.

c) Video Camera Purchase - Sheriff Guymon requested approval for the purchase of a video camera for use by the Sheriff's Department in their road work. He indicated that he should have sufficient monies for that purchase from films developed for MSHA and the FBI and also Emery Mining and UP&L in the investigation of the Wilberg Mine Disaster. Whereupon, motion was made by Commissioner Clyde Thompson to approve Requisition #20 authorizing the Sheriff's Department to purchase a video camera from surplus monies they receive in developing and providing films to other agencies associated with the Wilberg Mine Disaster. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

Sheriff's Business, Cont. . .

d) Vehicle Purchase - Sheriff Guymon reviewed with the Commission a bid he had received from Mountain View Motors in Price for a used 1985 Chevrolet Capris which has approximately 12,000 miles to replace the wrecked vehicle as discussed in Commission minutes of June 4, 1986, item number 6-C. The cost would be \$8,000 plus two of the unsold Pontiac vehicles as trade-in. Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson to approve the purchase of the used 1985 Chevrolet vehicle at a cost of \$8,000 plus two trade in vehicles. Motion was approved by all members present.

e) Emery County T.V. Improvements - Bret Mills who is the Electronics Specialist for Emery County, together with Sheriff Lamar Guymon discussed with the Commission the problems throughout the county in regards to television upgrade proposals and power problems. After discussion, motion was made by Commissioner Bevan Wilson that Emery Town, as a first priority, have installed the new type 10 amp amplifiers at the Emery site for a cost not to exceed \$9,000 maximum which units would have a higher power output and would be of the new solid state and provide a lower cost of operation as well as a better transmission to the residents of Emery town and that the second priority be the replacement of two miles of cable with in-line extenders on Horn Mountain to include pedestals and housings as well as other various cable connectors for a total cost of approximately \$6,000. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

Also discussed with the Commission was the problem of the power line on Horn Mountain being very susceptible to lightening and it was proposed that they run a buried, high voltage line in the same trench as the TV cable in which the new upgraded system would run an additional \$13,560. It was the consensus of the Commission that funding was not available for this project at this time, therefore, no action was taken.

(13)

ROAD DEPARTMENT CREDIT CARD CHANGE

Road Superintendent, Rex Funk advised the Commission that the Road Department Visa Card is presently in the name of Ron Barney who was the previous Road Department Supervisor and that it needs to be changed into the name of Rex Funk with a statement showing others who may be authorized to sign that card. Motion was made by Commissioner Bevan Wilson to authorize the transfer of the Visa Card into the name of Road Superintendent, Rex Funk together with a statement showing those employees authorized to sign the credit card and that Commission Chairman Clyde Conover be authorized to sign any additional paperwork in expediting this transfer. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)

PATHFINDER MOTORCYCLE RACES

Commission Secretary, Pat Snowball indicated to the Commission she had received a request from the Pathfinder Motorcycle Racers who are sponsoring another motorcycle race this fall. They are requesting a letter from the Commission indicating their approval for the race. They have further solicited authorization from the BLM and the Sheriff. The race will be held 25 miles from Green River and will promote local services. They anticipate to hold the race around Green River Melon Days. It was the consensus of the Commission that Commission Secretary, Pat Snowball notify those sponsoring the motorcycle race that the Commission would take action only after the Sheriff and Green River City have approved the race and made a recommendation.

(15)

KAREN TRUMAN - UAC FINANCIAL COOPERATIVE BOARD APPOINTMENT

County Attorney, Scott Johansen informed the Commission of the need to appoint an Emery County representative or board member to serve on the Utah Association of Counties Financial Cooperative. Commissioner Bevan Wilson submitted the name of Karen Truman to serve as Emery County's board appointment on that cooperative. The name was seconded by Commission Chairman Clyde Conover and approved by all members present. (The Clerk's Office is to notify Emery County Auditor, Karen Truman of her appointment to that board.)

(16)

A.O.G. AREA AGENCY ON AGING INTERLOCAL COOPERATIVE AGREEMENT

Commissioner Clyde Thompson indicated to the Commission that he had received the Interlocal Cooperative Agreement for the Area Agency on Aging and Emery County which program is administered by the Association of Counties and was for Commission signature. He further indicated that he has not had sufficient time to review the agreement. Whereupon, motion was made by Commissioner Clyde Thompson that upon review by County Attorney, Scott Johansen and himself, that Commission Chairman Clyde Conover be authorized to sign the agreement. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(17)

MEETING ADJOURNMENT

Motion was made by Commissioner Clyde Thompson to adjourn the meeting at 3:24 p.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

July 17, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:04 a.m.

Invocation was given by Commissioner Bevan Wilson.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the June 19, 1986, Commission meeting were reviewed. Motion was made by Commissioner Clyde Thompson to accept the minutes as presented. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

The minutes of July 2, 1986, Commission meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson to approve the minutes as corrected. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Deputy Auditor, Charlane Luke presented Warrant Edit List numbered 861980 through and including 862153 for payment. Also presented was a warrant for out-of-state travel for Rex Funk and Don Morland to attend Road Department training in Wendover, Nevada. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve all warrants for payment. Motion was approved by all members present.

The following requisitions were presented for approval:

Req. #	Item and Department	Cost	Action__
--------	---------------------	------	----------

21	Handicap Voting Booths, Elections	\$288.00
Approved		
22	Posthole Digger with Augers, Road	\$633.75

EMERY COUNTY NURSING HOME - 1985 AUDIT

Mr. John Bramall, Director of the Emery County Nursing Home reviewed the 1985 financial audit and 1986 financial data sheets for the Nursing Home, the Commission having previously received them together with a cover letter. The audit was completed by Suniville, Griffin and Smith, Certified Public Accountants of Salt Lake City, Utah.

Other items discussed with Mr. Bramall was the boiler replacement. He received bids for replacement of the boiler used in drying clothes and it was anticipated that costs would not exceed a total of \$10,000. After discussion, motion was made by Commissioner Bevan Wilson to authorize the purchase and installation of the new and necessary equipment to replace the existing boiler, subject to Commissioner Clyde Thompson's review and recommendation as to the type of boiler and/or improvements to be made there, total cost not to exceed \$10,000 and that Commissioner Clyde Thompson be authorized to negotiate and approve any final agreements with suppliers. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present. (Funding will be determined at a later Commission meeting.)

(4)
HUNTINGTON AIRPORT - PAVEMENT ADDITION TO RUNWAYS

Commissioner Bevan Wilson reviewed with the Commission the need and purpose for installation of black top at the turn-around location at the Huntington Airport at a cost of approximately \$9,000. It was his recommendation that these improvements be made now while asphalt is inexpensive. Whereupon, motion was made by Commissioner Bevan Wilson, with support of the Commission, to black top the turn-around area at the Huntington Airport with monies to come partly from a grant which has been carried over

from last year's airport budget. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(5)

VEHICLE TITLES

Emery County Clerk, Bruce Funk reviewed with the Commission the need to be consistent in the ownership titles on vehicles belonging to Emery County. It was his recommendation that the titles read, "Emery County" rather than being assigned specifically to those departments making the initial purchase. This would facilitate an easier transfer and disposal of said vehicles noting that all vehicles are assigned to departments according to the Emery County fixed asset list. It was the consensus and agreement of the Commission that this be implemented immediately. (Departments were notified on July 21, 1986.)

(6)

MULTI-COUNTY APPRAISAL TRUST AGREEMENT APPROVAL

County Attorney, Scott Johansen presented to the Commission the cooperative agreement in which Emery County would be a participant in the Multi-County Cooperative Appraisal Trust. As a trust, they would be able to hire or lend assistance as needed to each other as counties in order to complete appraisals or other property evaluation needs. Motion was made by Commissioner Clyde Thompson that Emery County join the cooperative agreement and that Commission Chairman Clyde Conover be authorized to sign the same. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(7)

SHERIFF'S CONTRACT WITH THE DEPARTMENT OF CORRECTIONS

County Attorney, Scott Johansen also presented to the Commission a contractual agreement between the Utah State Department of Corrections and Emery County for the purpose of housing state prisoners in the Emery County Jail. Presented to the Commission was amendment number one which changes the present reimbursement from \$23.00 per day per prisoner to \$30.00 per day for each prisoner, with the amendment taking effect July 1, 1986. Whereupon, motion was made by Commissioner Clyde Thompson to accept and sign the agreement amendment number one to contract number 86-3682 wherein the reimbursement from the State Department of Corrections will be \$30.00 per day for state prisoners. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

CO-OP MINE RECLAMATION PROJECT

The Commission acknowledged receipt of a letter from the Division of Oil, Gas and Mining addressed to the Commission indicating that they would approve the mine reclamation plans for the Co-op Mine located in Emery County subject to Commission approval. This item was referred to County Attorney, Scott Johansen indicating that Emery County is in support of the reclamation projects. As to the formation of the town, the concerned parties from the Co-op Mine have not met further with the Commission about the formation of the town and therefore, the Commission could not support any action in regards to the incorporation of the town.

(9)

ADJOURN FOR LUNCH

The Commission adjourned for lunch at 11:48 a.m. and reconvened at 1:29 p.m. with all members present.

WEED AND MOSQUITO DEPARTMENT

Weed and Mosquito Supervisor, James Nielsen discussed with the Commission the problems they have had with an existing spray tank which is constructed of fiberglass, noting that cost for replacement of the tank only would be \$1,800. He further noted that a complete spray system, set up on a skid, could be purchased for about \$1,600. He indicated that the Weed Department has been unable to keep up with the musk thistle and the white top because of insufficient equipment and manpower, and therefore they are very much in need of a replacement. He has sufficient monies in his budget to cover the cost, provided Emery County would stand the costs of the chemical storage facility. Motion was made by Commissioner Bevan Wilson to approve the purchase of a complete spray system at a cost of \$1,650 and to add the purchase to the list of other approved requisitions. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

In regard to the chemical storage facility, presented to the Commission were drawings depicting the design and construction of the building giving special notes to safety features, auxillary heating, etc. Mr. Nielsen was requested by the Commission to obtain OSHA approval or at least have them review the plans, get with Johansen and Tuttle and formulate a final plan and get back to the Commission with estimated costs. It was the consensus of the Commission that the construction be bid as a total project with others furnishing all labor and materials with the possible exception of the split culvert roofs.

(11)

COTTONWOOD CANYON ROAD BID OPENING RESULTS

Craig Johansen from Johansen and Tuttle reviewed with the Commission the results of the bid opening held July 15, 1986 at 2:00 p.m. for the purpose of receiving bids for blacktop and laydown, chip seal and traffic paint on U-29 junction to the Trail Mountain mine location. The apparent low bid was from Cox Rock Products in the amount of \$592,305.20. Other bidders were Elbert Lowdermilk with a bid \$593,715.50, Hales Sand and Gravel with a bid of \$599,840.20.

Commissioner Wilson noted that Emery County has not received the final paperwork in regard to mineral lease monies from the Utah Department of Transportation which will be used for this (Phase Three) project as specified above. Phase One was the first half of the reconstruction and realignment in bringing the road up to grade and that Phase Two was for the reconstruction and realignment of the balance of the road and Phase Three is for the oil and chipping. The first two phases were completed by Trail Mountain Coal and no County funds have been expended on the project. It was his recommendation and motion that the Emery County Commission acknowledge receipt of the apparent low bid from Cox Rock Products and that Commission Chairman Clyde Conover be authorized to sign the notice of award upon review of the bids by the Utah Department of Transportation and completion of all necessary paperwork to assure the expenditure of the mineral lease monies for use on coal haul roads by the Utah Department of Transportation and that Commissioner Bevan Wilson be authorized to sign any additional paperwork in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

ROAD DEPARTMENT BUSINESS

a) Temporary Help - Commissioner Bevan Wilson indicated to the Commission that Bernell Akelund of the Road Department was injured and it was anticipated that he would be off from work approximately six to eight weeks. Therefore, the Road Department is requesting permission to hire a temporary person to fill his vacancy until he is able to return to work, this person is to be paid at a rate of \$7.00 per hour and not to exceed 60 working days. Whereupon, it was the motion of Commissioner Bevan Wilson that the Commission approve the temporary hire of a person to fill the position of Bernell Akelund while he is recuperating from his injury to be paid at a rate of \$7.00 per hour not to exceed 60 working days and that the person be selected from the tested employees currently on a roster and that he (Commissioner Wilson) be authorized to sign any

additional paperwork in order to expedite the hire. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Green River City Blacktop Request - Commissioner Bevan Wilson reviewed with the Commission an earlier request from Green River City for help in blacktopping the street to the high school in their community. Their present request is that Emery County furnish a worker and a grader, for five days, to aid in mixing and laying of the asphalt. After discussion, motion was made by Commissioner Bevan Wilson, that Emery County authorize and approve the use of a worker and grader to assist Green River City in the mixing and laying of asphalt with work to begin on approximately July 21, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

c) Installation of Consol Mine Road Culvert - Commissioner Wilson advised the Commission that he would like approval to go out for bids on the installation of a culvert on the Consol Mine Road and to set the bid date of August 5th at 2:00 p.m. noting that Emery County had received a bid for supplying the culvert from the low bidder Amcor for 60" pipe at a total cost of \$5,720, F.O.B. Emery, Utah. Whereupon, motion was made by Commission Chairman Clyde Conover that the Road Department proceed with securing bids and the bid opening date of August 5th at 2:00 p.m. be set as the time for receiving bids on the installation of the pipe and upon conclusion and review by the engineers, that Commissioner Bevan Wilson be authorized to sign the notice of award and any other additional paperwork which will expedite the project. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

d) 1986 Proposed Flood Projects - Commissioner Bevan Wilson reviewed the 1986 proposed flood projects for Emery County noting that the county had gone through the high water run off of this year okay and that the following is a list of prioritized flood projects that the Road Department would like approval for so that they can begin work:

Page Six
Commission Minutes
July 17, 1986

1986 Proposed Flood Projects Cont. . .

66,300	1. Dry Wash Drainage	\$
	(Culverts and cleaning of channel)	
93,341	2. Green River Cutoff	\$
	(Culverts)	
	3. Dutch Flat Culvert	\$ 8,000
	(Installation of culvert and guardrail)	
	4. Riprap Projects on Fillmore & Cullum Bridges	\$ 4,000

5. Searson Wash Bridge	
\$119,500	
(Bridge and possible rediking)	
Total Engineer's estimates for above	\$291,141

Therefore, it was Commissioner Bevan Wilson's request and motion that the Commission approve the finalized engineering on the above projects and that efforts be made to complete these projects this fall, noting that they are included in the current budget and that he (Commissioner Wilson) be authorized to get with the Road Department and the County Engineer to proceed with preparing for bids and setting of bid dates. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

e) G & O Final Payment Voucher - County Engineer, Craig Johansen presented the final voucher from G & O Construction, Incorporated of Green River, Utah who has completed work on two dips, noting that there was an increase in the original amount of the bid in the amount of \$6,000 worth for extra work which had been previously approved. Whereupon, motion was made by Commissioner Bevan Wilson that the Commission authorize final payment in the amount of \$13,731.20 to G & O Construction for construction work and extras on dips located in Emery County. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(13)

COX ROCK PRODUCTS BALL COMPLEX PARTIAL PAYMENT

Craig Johansen of Johansen and Tuttle Engineering made a request to the Commission for Cox Rox Products for partial payment on the asphalt project on the Huntington Ball Complex and it was his suggestion that the partial payment be approximately 50%, noting that the project is nearly completed. Whereupon, motion was made by Commissioner Bevan Wilson to approve a partial payment to Cox Rock Products on the blacktop at the Huntington Ball Complex, the amount to be \$25,000 with final payments in accordance with the original agreement; that the Auditor's Office be authorized to make immediate payment. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

PERSONNEL ACTIONS - TREASURER AND ASSESSOR'S OFFICE

a) Treasurer's Office - Emery County Treasurer, Elaine Wilson together with Personnel Technician, Pat Snowball presented a request of the Commission for a part-time deputy treasurer to work in the Treasurer's Office. It was noted that they have not been able to schedule time off because of insufficient staff in the office and that the present part-time

person has reduced the number of days in which she would like to work. It was requested that the hire date be set for August 30, 1986 to allow sufficient time to train a person before tax time when her office is extremely busy. It was further understood that they would not be cutting down Gaylene Bennett's time and that the part-time person would be at 20 hours or less per week and that there are sufficient funds in the Treasurer's budget for the hiring of any additional help. After further discussion, it was the consensus of the Commission that this item be tabled until next Commission meeting to allow time for the County Attorney's Office to research the Personnel Policy as it applies to part-time employees and benefits.

b) Assessor's Office - Emery County Assessor, Gerald Stanton, together with Personnel Technician, Pat Snowball informed the Commission that Mr. Stanton has gone through the recruitment process and it was his recommendation that Deborah Clark Huntington be hired to replace DeAnn Cox who has left County employment. Mr. Stanton also requested that a temporary hire be hired to replace Jim Fauver who is on a leave of absence. It was his recommendation that Carol Ann Riddle, be appointed. A deputy assessor is a grade 5, step 1 on the salary schedule. After discussion, motion was made by Commission Chairman Clyde Conover to approve the hire of Deborah Clark Huntington at a grade 5, step 1 or \$1,142 per month with a six month probationary period and that Carol Ann Riddle be hired as a temporary employee through November 4, 1986 at the same grade and step or an hourly rate of \$6.60 per hour, both employees are to have an effective hire date of July 21, 1986. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(15)

FERRON PARK CLEAN-UP REQUEST

Commissioner Bevan Wilson discussed with the Commission a request from Ferron City for one day assistance in cleaning up the Ferron Park in preparation for the County Fair and other activities. This is in accordance with what has been done in the past which the County has provided cleanup assistance at the Ferron City Park and therefore, it was the consensus of the Commission to continue with the same.

(16)

MEETING ADJOURNMENT

Motion to adjourn the meeting was made by Commission Chairman Clyde Conover at 4:15 p.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

August 6, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:04 a.m.

Invocation was given by Bruce C. Funk.

A review of the Agenda was made.

(1)
COMMISSIONERS MINUTES

The minutes of July 17, 1986 were held for review at the next Commission meeting in order to allow sufficient time for review.

(2)
AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 862154 through and including 862393 and also handwritten checks number 1007 through and including 1010 for payment. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the above warrants for payment. Motion was approved by all members present.

Also the following requisition was presented for purchase:

Req. #	Item and Department	Cost	Action
25	Boiler, Nursing Home	\$10,000	Approved

Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson that the above named requisition be approved for purchase. Motion was approved by all members present.

Also discussed was the disposal of surplus property in the Emery County Nursing Home and various offices in the courthouse. It was the discussion and consensus of the Commission that disposal of those items be coordinated between the Clerk and Auditor's Office and that proper advertising be made and the items are to remain at their present locations where interested bidders can inspect them. Bids are to be sent to the Clerk's Office and will be opened at the next available Commission meeting and awarded.

HISTORIC PRESERVATION COMMITTEE - GRANT

Historic Preservation Committee members Montell Seely, Owen McClenahan, Evelyn Huntsman and Lavora Kofford met to discuss the grant which had been approved from the Utah State Historical Society for the Emery County Historic Preservation Committee which Mr. Seely discussed with the Commission. It had been the Commission's request that they meet to discuss some of the concerns of the Commission, those primarily being if the total Historic Preservation Committee Board was in support of the grant and secondly where the cash is to come from and what the grant will cover.

It was indicated that the board did support the application for the grant and that they have received approval to expend the funds in the following areas:

Program Administration	\$500.00
Inventory of Homes	\$900.00
Spanish Trail Markers	\$200.00
File Cabinet	\$400.00

The committee further indicated that as far as the cash match required to participate in the grant, that at present time they do not have any cash funds. They were thinking of asking the Commission for cash assistance noting that a cash match was not specified for State approval and that signature of the grant by the Emery County Commission does not obligate the Commission to any funds and that it was the intent of the Preservation Committee to go ahead with the projects with or without the money.

Whereupon, after further discussion and upon recommendation of Montell Seely and those Historic Preservation Committee Board members present, Commissioner Bevan Wilson made a motion that Commission Chairman Clyde Conover be authorized to sign the document and to complete any additional paperwork as may be required in the Historical Preservation Committee grant application. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Mr. Montell Seely also advised the Commission of the resignation of Sylvia Nelson who serves on the Historical Preservation Committee. Mr. Seely was advised by the Commission to send a letter indicating her resignation and a recommendation on a replacement and the term of office.

(4)
TED CRAWFORD - LIBRARY NAME

Mr. Ted Crawford came before the Commission proposing to contribute \$5,000 if Emery County would name a library in honor of his mother who was an initial supporter of the county library system. County Attorney, Scott Johansen

Ted Crawford Cont. . .

recalled that this item had come before the county at the time Emery County was bonding for construction of the libraries and was considered at that time. It was the consensus and recommendation of the Commission that the library board meet and discuss this item further and make a recommendation back to the Emery County Commission for their first meeting in September. Mr. Crawford was asked that he submit the proposal to the library board and they in turn make a recommendation to the Commission.

(5)

CASTLE VALLEY PAGEANT PARKING LOT REQUEST

Montell Seely, chairman of the Castle Valley Pageant, requested the Commission's assistance in Cat work in grading the lower parking lot at the pageant site. Commissioner Bevan Wilson indicated that they would discuss this further with Road Superintendent, Rex Funk and that any such future requests be submitted with the 1987 projects of the Road Department and such requests need to be made no later than September for the year following.

(6)

MUD BOG - FERRON, UTAH

Terry Medford and Bill Eden came before the Commission indicating that they were in the process of putting together a mud bog for September 6th to be located two miles south of Ferron on property belonging to Bruce Behling. They further indicated that they have been in contact with Planning and Zoning Technician, Scott McArthur and other County officials and anticipate approximately 300 people and they have considered the following needs: sanitation, parking, garbage, water, liability and police enforcement. They further indicated that it is at the same time as the Ferron Peach Days. It was the consensus of the Commission that they support all community celebrations and it had been brought to their attention that this may conflict with some of the activities at the Peach Days Celebration. The Commission asked time to consider action and would report back them today.

After consideration, the Commission approved the mud bog pending compliance with Emery County Zoning Ordinance and that application and those conditions be met by the property owner. Whereupon, motion was made by Commission Chairman Clyde Conover that Bruce Behling work through the Zoning Technician, Scott McArthur and that Mr. McArthur be authorized in accordance with Section 4-29-5 of the Zoning Ordinance, to proceed at his own discretion. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

SHERIFF'S BUSINESS

a) Wilberg Mine Investigation - Emery County Sheriff Lamar Guymon indicated to the Commission that with the Wilberg Mine investigation they need a secure building to store evidence relating to the investigation. He further indicated that he has a bid from Leslie Wilberg for construction of a 12' X 12' building for \$600.00. After discussion, Commissioner Conover indicated that he would contact Utah Power and Light and see if they have any remaining construction buildings which they would dispose of and would report directly back to the Sheriff if one is available.

b) T.V. Cable Maintenance and Installation - Emery County Sheriff, Lamar Guymon indicated that Electronic Technician, Brett Mills needs help in installing the television cable and equipment, as previously approved, in the county. It is requested that Steven P. Holden be hired as a temporary employee for 30 days at \$4.00 per hour, noting that he already began work on July 29th and 30th in which he put in 17 1/2 hours. The balance of the time would be from August 6th through September 6th. Whereupon, motion was made by Commissioner Bevan Wilson to approve the temporary hire of Steven P. Holden at a rate of \$4.00 per hour retroactive to July 29 not to exceed \$800.00. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(8)

LUNCH ADJOURNMENT

The meeting adjourned for lunch at 12:23 p.m. and reconvened at 2:25 p.m. with all members present.

(9)

WILDERNESS STUDY AND PROGRESS REPORT

Economic Development Director, Scott Truman presented a letter of position to the Commission for them to sign and send to the BLM indicating Emery County's response to the Wilderness Environmental Impact Statement.

Also reviewed with the Commission was a report by Mr. Truman on the involvement of the Emery County Economic Development Council. The report consists of a synopsis of the wilderness process together with a letter dated August 6, 1986 signed by Wesley R. Curtis, Chairman of the Economic Development Council also addressed to the Bureau of Land Management. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to sign the letter and forward it to the BLM office and that the letters and report be made a part of the Commission minutes attached in the minute book. (Attached to the back of this Commission meeting docket book.)

PERSONNEL ACTION

a) Road Department - Personnel Technician, Pat Snowball requested Commission approval to ratify action of the Road Department to begin the recruitment process for an Equipment Operator Two to fill the vacancy left by Ron Barney who resigned from employment with Emery County. It was Road Superintendent, Rex Funk's recommendation that following the process and interviews that Morris Sorensen be hired to fill that position at a grade 11, step 5 or \$1,820 per month. Mr. Morris Sorensen would move up from the position of truck driver resulting in a monthly increase of \$99.00 per month. Whereupon, motion was made by Commissioner Bevan Wilson to reclassify Morris Sorensen to an Equipment Operator Two at a grade 11, step 5 effective August 16, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

It was further noted that Keith Sorensen has been a seasonal laborer for the Road Department and it was Mr. Funk's recommendation that he fill the vacancy of a truck driver left by Mr. Morris Sorensen in his reclassification and that Steve Kemple of Castle Dale fill the position of truck driver left by the retirement of Pete Oviatt. Whereupon, motion was made by Commissioner Bevan Wilson to approve the hiring of Keith Sorensen as a truck driver to replace Morris Sorensen at a grade 10, step 1 or \$1,504.00 per month and that Steve Kemple of Castle Dale be hired to fill the position left vacant by Pete Oviatt also at a grade 10, step 1 or \$1,504.00 per month both to have an effective date of August 16, 1986.

It was also noted that Steve Kemple has been the weed mower operator and that consideration would have to be given for someone to fill that vacancy for approximately 60 calendar days. After discussion, it was the consensus and motion of Commissioner Bevan Wilson that Zen Majors' length of employment be extended to fill the remaining time of Steve Kemple on the Road Department weed mower, not to exceed 60 calendar days at the present salary and length of employment is at the discretion of the Road

Department Supervisor with an effective date of August 16, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Personnel Action Cont. . .

b) Sheriff's Department - Presented was a personnel action in regard to Leslie Wilberg, now that he has completed POST training that he be reclassified from Dispatcher to a Patrol Deputy Two at a grade 11, step 2 or \$1,644 per month effective August 16, 1986. Whereupon, motion was made by Commission Chairman Clyde Conover to approve the personnel action of Leslie Wilberg changing his classification from a Dispatcher at grade 9, step 5 or \$1,630 to that of a Patrol Deputy Two at a grade 11, step 2 or \$1,644 per month effective August 16, 1986. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)
CONSOL MINE CULVERT INSTALLATION BIDS

Commissioner Bevan Wilson indicated that bids had been received for installation of a culvert on the Consolidation Coal Company Mine Road with the engineer's estimate at \$11,000 noting that G & O Construction, Inc. of Green River, Utah had submitted a low bid of \$7,477.50. The next low bid was from Nielson Construction at \$12,275.00 and it was his recommendation that it be entered into the minutes and awarded as previously authorized in the Commission minutes of July 17, 1986.

(12)
CANVASS OF ELECTION - DATES SET

Emery County Clerk, Bruce Funk discussed with the Commission the need to set the dates for canvass of election to be August 25, 1986 and November 10, 1986 at 12:00 noon. Motion was made by Commissioner Clyde Thompson to approve and schedule the dates of August 25, 1986 and November 10, 1986 at 12:00 noon for the canvass of elections. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)
CIRCUIT COURT CONTRACT

Emery County Clerk, Bruce Funk submitted to the Commission the proposed 1986-87 Circuit Court Contract Amendment to the original contract number 84-0144 which reimburses Emery County for services rendered in support of the Circuit Court. Total amount of the agreement was for \$46,324. Motion was made by Commissioner Clyde

Thompson to approve and sign the agreement. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(14)

DELL LeFEVERE - HIGHWAY COMMISSION

Commissioner Bevan Wilson discussed the need for the Emery County commission to support Mr. Dell LeFevere on his appointment to the Utah Department of Transportation Commission. Motion was made by Commissioner Bevan Wilson that the Emery County Commission draft a letter in support of his appointment to the Utah Department of Transportation Commission. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

 EMERY COUNTY NURSING HOME - REPORT FROM JOHN BRAMALL

Mr. John Bramall, Administrator of the Emery County Nursing Home reported to the Commission that the new boiler has been installed in the nursing home and is saving time and money since it is much faster and more economical to operate.

Mr. Bramall further noted that he would like to present a draft on a new management agreement, which he will discuss with County Attorney, Scott Johansen. He would like the present Commission to look at the proposed agreement since they are familiar with the present arrangement.

(4)
 SHERIFF'S BUSINESS

Emery County Sheriff, Lamar Guymon requested approval from the Commission for out-of-state travel for Deputy Shayne Potter to attend the FBI training center for three weeks. The costs involved would be transportation to and from Salt Lake and graduation meal. Sheriff Guymon was requested to provide the necessary paperwork for signature but was given a tentative "go ahead".

(5)
 PLANNING AND ZONING - SCOTT McARTHUR

It was noted that Zoning Technical, Scott McArthur was not available to discuss the Mud Bog scheduled for September 6th in Ferron, noting that no action was required and the only purpose of the item being on the agenda was for a progress report.

It was also noted that Mr. Cornell, who is also listed on the agenda, did not appear before the Commission.

(6)

EMERY COUNTY FAIR - LETTERS OF APPRECIATION

Motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover and approved by all members present that letters of appreciation be sent to Commissioner Clyde Thompson and Pat Snowball, members of the Fair Board and others associated with the fair, noting that the fair was a success and the Emery County Commission recognizes their efforts and time spent.

PERSONNEL ACTION

a) Sheriff's Department - Emery County Personnel Technician, Pat Snowball advised the Commission that John Burdick of the Sheriff's Department has resigned effective August 13, 1986 and has accumulated 272.50 hours of unused sick time, 51 hours vacation time and 21.75 hours comp and holiday time. Whereupon, motion was made by Commissioner Bevan Wilson to authorize the payment of 10% of the unused sick time, and payment for 72.75 hours for the vacation, comp and holiday time; that it be authorized for the next pay period. The Emery County Commission recognizes the resignation which creates a vacancy in the Sheriff's Department which position of jailer/dispatcher may be filled immediately at a grade nine, step one. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Justice Court Clerk - Betty Burns, who is the Court Clerk for Judge Hunt, who has been a temporary hire, is now requested to be reclassified to a permanent, part-time employee who will put in 20 to 39 hours at a rate of \$4.00 per hour. It is also requested that Julie Powell be classified as a part-time employee accumulating less than 20 hours per week at \$4.00 per hour. Whereupon, motion was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover and approved by all members present to approve these personnel actions.

c) Attorney's Office - Presented was the personnel action for Susan McNeel, who is serving as a temporary, seasonal employee in the Attorney's Office and has been working on a summer work program which has now concluded. It was the recommendation and request of the County Attorney's Office that she be kept on up to and including October 1 for six hours per day at \$3.35 per hour with an effective date of August 18, 1986 with no benefits. Whereupon, motion was made by Commission Chairman Clyde Conover to approve the temporary, seasonal hire of Susan McNeel in the Attorney's Office effective August 18, 1986 to run through and including October 1, 1986 for six hours per day at

\$3.35 per hour not to include any benefits. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

PERSONNEL POLICY AMENDMENT - RESOLUTION 8-21-86A

Emery County Personnel Technician, Pat Snowball presented to the Commission Resolution 8-21-86A which amends the Emery County Personnel Policy as it applies to compensation and administration. The resolution having been previously reviewed by the Commission, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve Resolution 8-21-86A and that Commission Chairman Clyde Conover be authorized to sign the same. Motion was approved by all members present. It was further noted that Sheriff Guymon, County Attorney, Scott Johansen, the Commission and Mike Swallow would meet with the Sheriff's Department employees and explanation would be given to them.

(9)

HEALTH BOARD AGREEMENT

Commissioner Clyde Thompson noted to the Commission that in the formation of the Health Board in 1982, Emery County had approved the participation in said board, but had neglected to sign the agreements. Upon recommendation of County Attorney, Scott Johansen, Commissioner Thompson was requested to go ahead and sign those documents with the present date.

(10)

JUDGE AREL HUNT - CLERK/J.P. TRAINING SCHOOL

County Attorney, Scott Johansen reviewed with the Commission a request from Judge Arel Hunt of Green River who is requesting assistance to send his clerks to the J.P. training school which would include meals and mileage. Whereupon, it was the consensus of the Commission that County Attorney, Scott Johansen check into it further and advise the Commission as to whether Green River City should participate in the costs of those items.

(11)

MULTI-COUNTY APPRAISAL TRUST BOARD APPOINTMENT

Commissioner Clyde Conover introduced a letter from the Utah Association of Counties relative to the appointment of a representative from Emery County on the Multi-County Appraisal Trust Board. After a discussion of the issue, Commissioner Bevan Wilson

made a motion that Scott Johansen, County Attorney, be appointed to represent Emery County on the Multi-County Appraisal Trust, which motion was seconded by Commissioner Thompson, and approved by all members present.

(12)

CASTLE VALLEY SPECIAL SERVICE DISTRICT TAX RATE HEARING -
RESOLUTION 8-21-86B

The Public Hearing on the Castle Valley Special Service District certified tax rate was opened at 3:00 p.m. County Attorney Scott Johansen explained the purposes of the hearing. Darrel Leamaster, manager of the Castle Valley Special Service District, made a short presentation. After all present had had an opportunity to be heard, there was a motion by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to adopt Resolution No. 8-21-86B establishing the 1986 tax rate for the Service District. The motion was approved by all members present.

REVENUE SHARING TENTATIVE BUDGET HEARING - RESOLUTION 8-21-86D

At 4:00 o'clock p.m. the Public Hearing on the revenue sharing tentative budget was opened. County Attorney Scott Johansen explained the purpose of the hearing. After all had had an opportunity to be heard, a motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson, to adopt Resolution No. 8-21-86D adopting the 1986 Revenue Sharing Budget. The motion was approved by all members present.

(15)

MEETING ADJOURNMENT

The regular meeting of the Emery County Commission adjourned at the conclusion of the Revenue Sharing Budget Hearing.

FOR CANVASS OF THE PRIMARY ELECTION OF AUGUST 19, 1986

MEETING DATE AUGUST 25, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 12:00 noon, indicating that the purpose of the meeting was to canvass the election results of the primary election held August 19, 1986

The Commission approved the names of Karen Bean, Jami Luce, and Alice Ann Snyder to serve as judges of election for the purpose of receiving and counting absentee ballots which had been received, by mail, after election day.

It was noted that in the initial tabulation that in Ferron District #3, for Scott McArthur as four year commissioner, the votes received were 119 and should have read 19. It was also noted in the canvass that Castle Dale voting District #7 had misread the tally marks in the tally books and had been incorrectly totaled as such. The results of the absentee ballots were totaled as district #99. The final results are per attached sheet.

Whereupon, motion was made by Commissioner Bevan Wilson to accept the tabulations and the results of the canvass of the election. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Motion to adjourn the meeting was made by Commissioner Bevan Wilson, seconded by Commission Chairman Clyde Conover at 12:39 p.m.

HELD IN THE EMERY COUNTY COURTHOUSE

September 3, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Scott Johansen.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The Commission minutes of August 6, 1986, and August 24, 1986 were held until next commission meeting to allow sufficient time for review.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 862563 through and including 862815 and handwritten checks numbered 1011 through and including 1015 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson, approved by all members present.

There were no requisitions presented.

(2)

EMERY COUNTY NURSING HOME - MANAGEMENT PROPOSAL

Commissioner Clyde Thompson reviewed a letter received from the Emery County Nursing Home Board and John Bramall representing Bonneville Health Services. In their letter they proposed a new agreement extending the lease arrangement to ten years, indicating that better service could be given with a longer lease.

Also, it was requested that they raise the initial fee paid to Bonneville Health for management from the present \$1,000 to the first \$2,000.

Thirdly, that John Bramal's wage be increased to approximately \$26,000 per year. Attached to the recommendation was a budget presentation. It was noted by County Attorney Scott Johansen that Emery County has shared in the cost of a number of the improvements listed thereon.

Page Two

Commission Minutes

September 3, 1986

Emery County Nursing Home Cont. . .

After discussion, it was the consensus of the Commission that Bonneville Health prepare a preliminary proposal through County Attorney Scott Johansen and John Bramall, Administrator of the Emery County Nursing Home, and that when the concerns of the County Attorney's office have been met, they are to come back to the Commission at a later date for the matter to be reconsidered.

(3)

TERRY MEDFORD - FERRON MUD BOG REQUEST

Terry Medford, coordinator of the mud bog activity at Ferron, Utah came before the Commission indicating that he had received approval and support of the Ferron City Council to conduct the mud bog during the Peach Day activities. Mr. Medford's request and purpose of being at Commission Meeting was to request that the County Road grader grade the road to the mud bog site. Commissioner Bevan Wilson reviewed the county policy and noted that the county cannot take any equipment or furnish materials on private property and regretfully, therefore, would be unable to fulfill his request.

(4)

RSVP - PERSONNEL ACTION

Commissioner Clyde Thompson advised the Commission that the RSVP coordinator, Carolyn Randall, has gone through the recruitment process for a part-time coordinator to replace Deborah Huntington who transferred to the Assessor's Office. It was her recommendation that DeAnn Bailey be approved for that position. Whereupon, motion was made by Commissioner Clyde Thompson to approve the hire of DeAnn Bailey as the part-time coordinator in the RSVP program. Motion was seconded by Commissioner Bevan Wilson, approved by all members present.

(5)

ROAD DEPARTMENT BUSINESS

a) Dutch-Flat Road Realignment - Commissioner Bevan Wilson presented to the Commission an agreement between Irma P. Snow of Ferron, Utah, and Emery County which allows Emery County to realign the road along the Snow property on the Dutch-Flat road in Ferron to the Ferron stock corrals. Commissioner Wilson noted that the existing road presents a traffic hazard and that he, Road Superintendent Rex Funk, County Engineer Craig Johansen, and Mrs. Snow have met and reviewed the site, with the additional request being made by Mrs. Snow that those properties affected by the easement be taken off the county tax rolls. Whereupon, motion was made by Commissioner Bevan Wilson to approve and accept the agreement as prepared and also accept an easement from Irma P. Snow on the said right-of-way, and that Commission Chairman Clyde Conover be authorized to sign the same noting it has cleared the County Attorney's office. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

b) Emery to Christiansen Wash Road Project - Commissioner Bevan Wilson requested permission of the Commission to proceed on engineering and bidding to bring the drainage and road problems on the Emery to Christiansen Wash road up to a gravel condition for this year to be reviewed at budget time for consideration of remaining improvements. Whereupon, motion was made by Commissioner Bevan Wilson to authorize the Road Department to proceed with engineering and bidding on the old state highway known as the Emery to Christiansen Wash road which serves the Consolidation Coal Company from the north, for drainage and culvert construction to bring the road up to gravel condition (Phase I) at an estimated engineer's cost of \$85,000. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

c) Green River Road Shop - Commissioner Wilson reviewed with the Commission their recent visit to Green River where they looked over the existing Green River building which is being considered for an equipment storage building. He noted that to put the building in a useable condition would not be practical or cost effective. Therefore, it was the recommendation of Road Superintendent Rex Funk with Commissioner Wilson's agreement that a replacement metal building be installed with funds from the capital improvement budget which balance is \$85,695..

Motion was, therefore, made by Commissioner Bevan Wilson to authorize the road department to prepare a final design for a new metal building to serve as the Green River Road Shop with funds to come from the capital improvement fund budget and to proceed with obtaining bids for that and that Commissioner Bevan Wilson be authorized to sign any additional paperwork in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson, and approved by all members present.

d) Bridge Replacement at the Intersection of Long Street and Searson Wash in Green River - Presented to the Commission was the project proposal from the Emery County Road Department for replacement of a bridge at the intersection of Long Street and Searson Wash. It was noted that the Utah Department of Transportation revealed that the existing bridge is in a degenerative state. It was Road Superintendent Rex Funk and Commissioner Wilson's recommendation that a bridge replacement be made. It was the consensus of those present that the Road Department proceed with final plans and recommendations.

(6)

CLAWSON TOWN COUNCIL - MAIN STREET MAINTENANCE

Members of the Clawson Town Council had previously by phone advised the Commission that they would be unable to be in attendance and would therefore like to reschedule the meeting with regard to the maintenance of the Clawson Town Main Street. It was, therefore, Commissioner Bevan Wilson's recommendation that Road Superintendent Rex Funk who has prepared background information on Clawson Town, appraise the Commission of the history of Clawson Town streets and what their request initially was.

Clawson Town Council Cont. . .

Road Superintendent Rex Funk indicated that he had been approached by council members Gary Price and Clay Gasser of Clawson and requested that Emery County perform some needed maintenance and repair on the main street through Clawson. It was his understanding that they felt that jurisdiction of that road was Emery County's, and that with their incorporation as a town, that there were no formal letters transferring that road from Emery County or acceptance by Clawson Town. It was his understanding that if Emery County performed the culvert extensions and improved the road at that time, Clawson would then take over ownership and maintenance of the road.

Upon reviewing this with County Attorney Scott Johansen's office, it appeared that Emery County could be liable for the road since no paperwork was formally processed in their incorporation as a town. However, it was noted that Clawson Town now receives state road funds, therefore, the state recognizes and has turned over those roads to Clawson Town.

Mr. Johansen emphasized that eventually road ownership needs to be resolved through a proper resolution as to all county roads within the boundaries of cities, so that ownership immediately reverts to the cities as any additional properties are annexed within their boundaries.

Mr. Funk further indicated that his primary concern is making it a safe zone. After further discussion of the request of Clawson Town, Mr. Funk was asked to meet back with representatives of Clawson Town and indicate to them that the Emery County Commission would be willing to sell mulch up to approximately 60 yards for patching the main street road at cost and that Clawson Town could also purchase gravel from the county and that on the clean up day when Emery County has equipment in that town they would be willing to either patch the main street or apply gravel to the side streets-- whichever the town would so desire. This is consistent with what has been done in other towns, and in order to provide safety for students on bus routes signs would be loaned to Clawson Town on either a purchase arrangement or loan basis --whichever they preferred.

(7)
LUNCH BREAK

The Commission adjourned for lunch at 11:55 a.m. and reconvened at 1:45 p.m. with all present.

(8)
SHERIFF'S BUSINESS

Emery County Sheriff, Lamar Guymon, requested permission to fill the vacancy in the Sheriff's Department and that his recommendation is Jeff Thomas of Ferron, Utah as a dispatcher to be hired at a grade 9 step 1 effective September 4, 1986. Whereupon, motion was made by Commissioner Clyde Thompson to approve the hire of Jeff Thomas as a dispatcher at a grade 9 step 1 effective September 4, 1986. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

DATA PROCESSING EVALUATION AND ADMINISTRATION

Commissioner Bevan Wilson reviewed with the Commission that approximately a year ago the Commission budgeted \$5,000 to do an evaluation of the data processing and it was his recommendation and motion that the Commission approve the name of Wesley Curtis as the data processing administrator and for Mr. Curtis to do an evaluation of Emery County's data processing department; that Commissioner Bevan Wilson be authorized to work out the final arrangements with those individuals involved, and that arrangements be made with the Housing Authority concerning use of Mr. Curtis in this matter. Motion was seconded by Commissioner Clyde Thompson, approved by all members present with an effective date undetermined at this time.

(10)
BIDS ON LANDFILL EXCAVATION

Commissioner Bevan Wilson indicated that a bid opening had been held for excavation on the county landfill. They had received two bids; one from Tony Siaperas Construction Company in the amount of \$16,120, and one from Nielson Construction Company, Inc. for \$24,220. It was noted that Johansen and Tuttle has reviewed all the documentation and recommends that the bid be awarded to the apparent low bidder, Tony Siaperas. Whereupon, motion was made by Commissioner Bevan Wilson to approve the awarding of the contract for excavation of the landfill to Tony Siaperas in the amount of \$16,120, and that Commissioner Bevan Wilson be authorized to sign any additional paperwork in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

PROPERTY VALUE ADJUSTMENT

It being 2:00 p.m. and in response to letters sent by the Commission to all the cities and towns within the boundaries of Emery County advising them that the Emery County Commission intends to reduce the valuation of residential homes by 20%, representatives were in attendance. County Attorney, Scott Johansen reviewed with the Commission and those present the background, history, and

Page Six

Property Value Adjustment Cont. . .

reason for a 20% reduction in the market value of residential homes in Emery County. He indicated that with the past economic conditions, homes in Emery County are assessed at a higher market value than they should. He said this has been made evident in the proof gathered in Board of Equalization meetings, refinancing of homes where new appraisals were performed, and a petition received from the Chamber of Commerce. He noted that the purpose of this meeting was to inform municipalities, service districts, and school districts that such an adjustment to bring the homes into a more realistic value could reduce revenues in each of the agencies. Therefore, to assure no loss of revenue to those agencies, an adjustment can be made by the County Auditor at this time without the need of a public hearing.

Of those persons present, some towns felt that they could absorb it, and others indicated that they need to receive the revenues which they had budget upon.

Two letters were presented to those in attendance with a request that one of the letters be returned to the County Auditor indicating either that they would like the Commission to adjust the tax rate so that they would generate the same amount of revenue and the other one would indicate that no adjustment would be necessary and that the agency would be willing to absorb that loss of revenue.

It was noted that Emery County would proceed with a reduction, but that at any time the Tax Commission could overrule the decision and adjust it. Also those in attendance were advised that an exact amount as to the effect on each agency could be obtained from the County Auditor's office.

After no other discussion, the meeting was adjourned at 2:35 p.m.

HELD IN THE EMERY COUNTY COURTHOUSE

September 18, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Commission Chairman Clyde Conover.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the August 6, 1986, Commission meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the minutes as corrected. Motion was approved by all members present.

Minutes of August 21, 1986, Commission meeting were reviewed. Motion was made by Commissioner Bevan Wilson to approve the minutes as presented. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Minutes of the special meeting of the Emery County Commission held August 25, 1986, for the purpose of canvassing the primary election results were reviewed. Motion was made by Commissioner Bevan Wilson to approve the minutes as presented. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Minutes of the September 3, 1986, Commission meeting were unavailable for the Commission to review but will be brought before the Commission at their next regular meeting for consideration.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 862816 through and including 863000 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above warrants for payment. Motion was approved by all members present.

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner ClydeThompson that the above named requisition be approved for purchase. Motion was approved by all members present.

(3)

SHERIFF'S DEPARTMENT - OUT-OF-STATE TRAVEL APPROVAL

Commissioner Clyde Thompson made a motion to ratify approval given to the Sheriff's office to send Deputy Brent Pace for a training seminar in Grand Junction, Colorado. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(4)

ROAD DEPARTMENT BUSINESS

a) Repair and Painting Projects - Commission Bevan Wilson discussed with the Commission were quotes received for repair of the Road Shop roof. Upon motion by Commissioner Bevan Wilson this matter was referred to Commissioner Thompson for final recommendation and acceptance of bids and to authorize Commissioner Thompson to review the plans and specifications and the bids for the repair.

Commission Wilson made further motion that he (Commissioner Wilson) and Rex Funk be authorized to negotiate with Kirk Elliot the painting of the Buckhorn Bridge and the Fillmore Bridge. Commissioner Wilson noted that bids had been received for painting of the Buckhorn Bridge from Tom Holdaway for labor only in the amount of \$480.00, from Bruce Funk in the amount of \$225.00, and from Kirk Elliot in the amount of \$280.00.

b) U.D.O.T. Meeting - Commissioner Bevan Wilson reviewed the meeting held on the 9th of September with the Utah Department of Transportation, the Emery County Commission and Utah Power & Light at which the Utah Department of Transportation approved the Bear Canyon/Co-op Coal Haul road with construction work to be funded by mineral lease monies.

It was further noted that the culvert installation on the Consol Road is to be constructed with the same federal mineral lease monies which would be handled, budget wise, at the end of the year.

It was noted also that the Morland Coal Haul road would be considered later and the approximate cost there would be \$200,000.

TRAIL CITY INCORPORATION PROPOSAL

Mr. Mel Coonrod and Wendell Owens came before the Commission representing the residents of Trail Canyon in presenting a petition for incorporation as a city or town. Presented was a petition signed by the residents. Also presented were 31 uniform real estate contracts with lot numbers, a milar plat of the proposed development. Mr. Coonrod indicated that in the scope of the total reclamation proposed for the canyon, maintenance would require a legal entity and also further noted that they needed clearance from the Utah Department of Health and were unable to do that until a legal entity had been identified. He further noted that facilities would become public facilities, for example the ball complex shown there would be into the county systems if incorporated. When asked why they did not proceed with a subdivision rather than the incorporation of the town, Mr. Coonrod responded that a subdivision would result in much more of a time lag. Whereupon, the Commission recognized receipt of the milar plat, the petition, noting that copies of the real estate agreements and that additional required documents would be forthcoming to the Commission and the Commission will meet with the County Attorney's office as to the next step in the procedure. It was Mr. Coonrod's request that the Commission give an expeditious answer.

Also in attendance at the meeting was Mr. David Ariotti on the Utah Department of Health who concurred with Mr. Coonrod's need for improvements in the drinking water and sanitation facilities at the site. This matter was taken under advisement by the Commission.

(6)
NURSING HOME BENEFIT PACKAGE

Mr. John Bramall, Administrator of the Emery County Nursing Home presented to the Commission a requisition for approximately \$14,000 to adjust the employee's benefit package and to pay off outstanding benefits to the Nursing Home employees. After a brief discussion, the Commissioners asked that Mr. Bramall refer this matter back to County Attorney, Scott Johansen for a recommendation.

(7)

ADJOURN FOR LUNCH

The Commission adjourned for lunch at 12:15 p.m. and reconvened at 1:45 p.m. with all members present.

PLANNING AND ZONING - MONTEER WATER SLIDE

Mark Tanner, Acting Zoning Administrator, presented to the Commission a proposal from Percy and Janis Monteer for installation of a water slide recreation complex across from the Huntington State Park. He further noted that the zoning designation at the site does allow for a public park, but it was felt that this did not fill those requirements and, therefore, a change in the zoning resolution is requested. After discussion, it was recommended that Mr. Tanner present the proposal to the Planning and Zoning Commission who will then provide a list of requirements to all parties concerned and the matter will be considered at the next Commission meeting.

(9)

PERSONNEL BUSINESS - RETIREMENT HEARINGS

Personnel Technician, Pat Snowball reviewed with the Commission the need to have an employee meeting in regard to the new State retirement program. It was recommended that October 16, 1986 at 5:15 p.m. be set as the time for the first meeting to be followed by a second meeting immediately thereafter for those Sheriff's Department employees and others who cannot make the first meeting. The required 30 day posting of notice has been met. Whereupon, motion was made by Commissioner Bevan Wilson to approve the county employees hearing for the State retirement program to be October 16, 1986 at 5:15 p.m. to be followed immediately thereafter by a second meeting for the remainder of the county employees and that public notice to the employees be served so as to meet all the requirements. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(10)

LIBRARY BOARD MEMBERS

By letter, Jerilyn Mathis had requested Commission approval for appointment of Library Board Members. There are presently three positions available--one from Green River, one from Ferron and one from Castle Dale. The names that were presented for consideration were as follows:

In the two year position from Green River, Randy Myers to replace Letitia Thompson; in the three year position from Ferron, Anita Mower to replace Evelyn Huntsman; and in a two year position from Castle Dale, either Madelai Thompson or Cathy Clements to replace Shannon Olsen.

None of these parties have been contacted as to their willingness to serve, therefore, it was the Commission's recommendation that Commission Secretary, Pat Snowball contact each of these individuals recommended to confirm if they would be willing to serve in this position. The matter is to be brought back to the Commission with a recommendation for consideration at their next meeting.

(11)

UTAH POWER & LIGHT CO., GENE HESS - POWER LINE TO HORN MOUNTAIN

Mr. Gene Hess of Utah Power and Light came before the Commission with a proposal for consideration in upgrading the powerline to Horn Mountain which serves television and communication facilities for Emery County. Mr. Hess indicated that the Commission would have to determine which of two routes they would like to go. The first option would be for Utah Power & Light to furnish poles. It is estimated that approximately 98 poles are needed. Mr. Hess indicated that they would be removing poles from the line to Ferron but there would be insufficient poles and he questioned whether Emery County would share the additional cost involved there.

Second consideration would be if the Emery County Commission desires that Utah Power and Light rebuild the line. It would cost approximately \$94,904 together with an additional monthly cost of \$800 to \$900 per month. Also discussed by all parties involved was whether the initial costs could be spread out over four to five years and whether others using the facilities such as San Juan and Grand counties and other commercial ventures could share those initial cost.

Whereupon, it was the consensus of those present that Mr. Hess would take some of the concerns of the Commission to Utah Power & Light and the Commission would contact other agencies involved. The two groups could then get together and consider it further.

(12)

WEED DEPARTMENT CHEMICAL STORAGE BUILDING

Commissioner Bevan Wilson, Johansen and Tuttle Engineer, Craig Johansen and Weed Superintendent, James Nielsen discussed with the Commission the results of the bid opening held for the construction of the chemical storage building. Only one bid had

been received and that was from Bob Judd in the amount of \$29,116. The bid was over the amount budgeted for construction of the building.

Mr. Johansen indicated that there were two possibilities for the Commission to consider. One is because of an error on the drawing, the sinks specified would not be required which would reduce the amount by \$1,600 or the total bid could be reduced to \$27,516. The second option is that if the County does not have the money they can reject all bids and go back and review the drawings and rebid the project. Whereupon, after discussion, motion was made Commissioner Bevan Wilson to reject all bids and that after review a new bid opening be held for October 15, 1986 for bidding of the structure only with separate bids being obtained for the electrical, plumbing, and fencing all to be considered by the Commission at their regular meeting on the 16th of October. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

MEETING ADJOURNMENT

Motion to adjourn the meeting at 3:46 p.m. was made by Commission Chairman Clyde Conover, seconded by Commissioner Clyde Thompson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

October 1, 1986

Those present at the meeting were Commissioners Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Acting Commission Chairman Bevan Wilson at 10:06 a.m. wherein Commissioner Wilson excused Commission Chairman Clyde Conover who was absent because of medical surgery.

Invocation was given by Commissioner Clyde Thompson.

A review of the Agenda was made.

(1)
COMMISSIONERS MINUTES

The minutes of September 3, 1986 and September 18, 1986 Commission meetings were held to be reviewed at the next Commission meeting to allow Commissioner Conover an opportunity to review those minutes.

(2)

AUDITOR'S BUSINESS

a) Warrant Edit List - Emery County Auditor, Karen Truman presented Warrant Edit List numbered 863238 through and including 863372 for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above warrants for payment. Motion was approved by all members present.

There were no requisitions presented.

b) Airport Insurance - County Auditor, Karen Truman advised the Commission that the insurance on the airport has increased \$50.00 more per year from Affiliated Insurance Agency.

Also noted was that the public officials and public employees liability insurance has changed brokers and there is, therefore, a need to sign and confirm Stan Moore and Associates as the insurance broker which required Commission Chairman Clyde Conover's signature. Questions were raised and discussed in regards to the brokers noting that the local agent, Keith Ware

would remain the same. Whereupon, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the airport insurance at the new rate and that in regards to the public officials and public employees liability insurance that this item be referred to County Attorney, Scott Johansen and upon his approval that Commission Chairman Clyde Conover be authorized to sign the same. Motion was approved by all members present.

(3)

BUSINESS LICENSES

Emery County Clerk, Bruce Funk presented to the Commission two applications for business licenses both having been approved by Zoning Technician, Mark Tanner and which required Commission approval. One being from Trail Mountain Coal, the second being Side by Side Kennels of Elmo, Utah. Upon review, motion was made by Commissioner Bevan Wilson to approve the business licenses for Trail Mountain Coal Company and Side by Side Kennels of Elmo, Utah and acknowledged receipt of the

\$25.00 fee from each. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(4)

DATA PROCESSING REPORT

Emery County Clerk, Bruce Funk presented to the Commission a report on the Data Processing Department since his involvement of January, 1985. Members of the public present at this time were Ted Ann Funk, Virginia Snow, Virginia Talbot, Anne Riley, Alene Riley, Deloris Aman, Jerry Mangum, Joe Harvey, Craig Johansen, Rex Funk, Sheriff Lamar Guymon, Treasurer Elaine Wilson and Recorder Ina Lee Magnuson. He showed that the growth in the Data Processing Department is primarily due to the required growth in other departments which brings about a resultant growth and expenditure in the data processing budget and department. It was further noted that the Data Processing department or head should never control the growth in other offices particularly those of elected officials. Growth in data processing is a result of increased use and that those costs in which the data processing department have control on have actually remained about the same since 1982 as shown by various charts and graphs presented. Mr. Funk further indicated that he could support the Commission in their doing an evaluation to determine whether the equipment need to be exchanged or if there were other and better programs available.

Primary concern was that under the present arrangement the Clerk's office has been able to share a staff member who is a very skilled and knowledgeable individual whereas such an administrative change left the Clerk's office uncertain as to what their involvement, if any, should be. The Clerk did not understand the switch in administration at this time until the proper evaluation has been completed noting that it could greatly affect the support that the Clerk's office has been able to give in the past.

Page Three

Commission Minutes

October 1, 1986

Data Processing Report Cont. . .

It was further noted that the Clerk, Jami Luce and Alice Ann Snyder had all spent considerable time in learning to program the existing computer at a very basic level as well as Jami Luce has been deeply involved in learning the Sheriff's programs in order to be of greater assistance to them.

Mr. Funk also questioned as to whether an administrative position could be created without following normal personnel procedures which would require outside advertising and giving all qualified people the same opportunity to apply for a newly created position. Since the Commission's position in the past had been that only positions would be filled in which a previously vacated position existed the Clerk wanted to go on record

as opposing the administrative change at this time although he had indicated that he would fully support and abide by an evaluation. The implementation of a computer advisory group was discussed.

The alternate proposal to the Commission was that Wes Curtis be hired as a computer consultant to evaluate the computer system. This would eliminate having to hire through the guidelines of the personnel policy.

Also reviewed with the Commission, was the Clerk's concern over possible non-compliance with the open and public meetings act which he voiced concern that the intent of the law indicated that a meeting should be opened to the public at any time which a quorum of the Commission meets to discuss any matter over which they have jurisdiction.

Commissioner Bevan Wilson inquired as to who had been in charge of data processing before Bruce Funk was assigned and what the original purpose of the change was, to which the response was that Alice Ann Snyder had always been over data processing. Commissioner Wilson further indicated that he had created the idea of a Computer Advisory Board and that this change did not happen overnight and had been discussed and that through the budget process the Commission is going to have to cut spending. Commissioner Thompson commented that his concern was that in the past in the Public Health Program computer costs and programs have decreased while as the County programs have increased. In response to a question by Commissioner Bevan Wilson, Scott Johansen advised the Commission that they could enter into a contractual agreement.

(5)

SHERIFF'S DEPARTMENT BUSINESS

a) Television System - Emery County Sheriff, Lamar Guymon reviewed with the Commission the television system indicating that one and one-half months ago they began installing new equipment and that the equipment at Emery is ready to go. He also gave a report of some of the users of the electricity on the Horn Mountain installation those being San Juan County, Wellington Cable, Royce Electronics, a local cable company, Green River Cable and others.

He further indicated that Dick Duncan has submitted a bid to install 50' of soft cable which must be installed while electricity is in the lines and is

Page Four

Commission Minutes

Sheriff's Business Cont. . .

willing to do so at the rate of \$20.00 per hour for a maximum of five (5) hours. Motion was made by Commissioner Bevan Wilson to approve the hiring of Dick Duncan to install 50' of cable at a rate of \$20.00 per hour for five (5) hours. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Detention Center Furnace - Emery County Sheriff Lamar Guymon advised the Commission that they are presently experiencing furnace problems at the jail indicating that the furnace is next to worn out. The item was referred to Commissioner Clyde Thompson to coordinate.

c) Green River Ambulance 4 X 4 - Sheriff Guymon reviewed with the Commission that in the past, Green River has not had a 4 X 4 emergency vehicle and that in the past an older vehicle has been assigned to that area in which it is stripped out and modified to hold emergency equipment. Whereupon, after discussion, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that subject to Commission Chairman Clyde Conover's approval that the Commission authorize the transfer of a 4 X 4 vehicle to the Green River Ambulance department which is to be assigned there and modified as an emergency vehicle for off-road use in emergency cases. Motion was approved by all members present.

(6)

ROAD DEPARTMENT BUSINESS

a) Green River Cutoff Project - Emery County Engineer, Craig Johansen advised the Commission that a bid opening had been held for culverts for use in the Dry Wash/Green River cutoff road project noting that the construction bid would be let Tuesday, October 7, 1986. He further noted that on the bids for culverts that three invitations had been sent out, one to W.R. White Company who indicated that they could not be competitive, also to Pacific States who indicated and responded back that they could not meet the deadline. Therefore, they received only one bid from Armcore, the bid being in the amount of \$66,325.03. It was discussed that the bid is comparable with earlier pricing and purchases, therefore, it was Craig Johansen's recommendation that the Armcore bid be accepted as they have consistently been a low bidder, the only question being is that he assumed that bands were included in the price. Whereupon, motion was made by Commissioner Bevan Wilson to approve and accept the bid on the culverts as presented and that Commissioner Bevan Wilson be authorized to sign any additional paperwork in order to expedite the project. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Bear Canyon Coal Haul Road Project - County Engineer, Craig Johansen indicated to the Commission that the coal haul road project which Cox Rock Products is paving to Trail Mountain Coal was 25% completed. It was originally thought that they could extend the Cox Rock's contract on the Cottonwood cut-off, using the existing engineering requirements and have them do the Bear Canyon as the extension of the original contract. But do to various contractors

Bear Canyon Coal Haul Road Project Cont. . .

who called and wanted to bid, we would have to proceed and call bidders in the normal manner as approved by the Utah Department of Transportation on an emergency basis. The three original bidders were contacted, noting that the Bear Canyon Road work has been a priority in that the road base has been prepared at the expense of mining operators. Whereupon, it was decided and recommended that the engineers modify the existing plans and specs as a typical instruction giving new quantities and specifications for the Bear Canyon Road improvements and that these be given to the original three bidders to bid on the Bear Canyon Road. County Attorney, Scott Johansen indicated that pursuant to the procurement code that such could be done in an emergency situation due to the lateness of the year and the present price of oil. The other option is to go out for formal bids and do the project next year. Commissioner Thompson indicated that it would be much better to do the project this year and it would be cheaper for the tax payers. It was further noted that the emergency clause has been reviewed with Archie Hamilton of the Utah Department of Transportation from which the State monies come and they are overseers and approve of this procedure. Whereupon, motion was made by Commissioner Bevan Wilson that Road Superintendent, Rex Funk and Engineer, Craig Johansen proceed with seeking bids and that the project be classified as an emergency situation due to the lateness of the year and based upon the current costs of asphalt; that the existing drawings be used as typical drawings with new quantities and specifications as addendums to the original project; that they be submitted to the original three bidders and that bids be received prior to the Commission meeting on October 16, 1986, where in that meeting the Commission will be authorized to sign the same; that Commissioner Wilson be authorized to give a "go ahead" to the project after clearance of County Attorney, Scott Johansen if all specifications and requirements have been met before the 16th . Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

c) Johansen & Tuttle Engineering Contract - Engineer, Craig Johansen of Johansen & Tuttle Engineering presented to the Commission an addendum to the 1980 agreement between Johansen & Tuttle Engineering and Emery County for engineering services. He noted that this addendum had previously been submitted to Rex Funk and indicates the rate and fee schedule for engineering services. He noted that it had not been revised in the last six (6) years and that most engineering costs have been determined before the projects and the agreement allows that Schedule A be updated on or before October 1st of every year. The schedule includes the labor categories and the rate and he has been required to provide this material in detail on all federal projects. Whereupon, it was the recommendation of those present that he submit the Schedule A and it be tabled for review by Commission Chairman Clyde Conover for official action in the next Commission meeting.

d) Green River Shop Building Bid Opening - Road Superintendent, Rex Funk advised the Commission that a bid opening had been held September 24, 1986 for

Page Six
Commission Minutes
October 1, 1986

Green River Shop Building Cont. . .

construction of the road shop building at Green River Utah. The three bidders are:

Maple Leaf Construction, Ephraim, Utah	\$40,000
Hansen Construction, Helper, Utah	\$48,800
Stilson Construction, Orangeville, Utah	\$42,086

Mr. Funk indicated that he had reviewed all the bids and recommended that the Commission accept the bid from Maple Leaf Construction in the amount of \$40,000. Whereupon, motion was made by Commissioner Bevan Wilson that County Attorney, Scott Johansen prepare a contract for construction of the building; that the bid be awarded to Maple Leaf Construction and that Commissioner Wilson be authorized to sign any additional paperwork in order to expedite the project. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

e) MSHA Violation - Road Superintendent, Rex Funk noted that the Emery County Road Department had been cited by MSHA for noise and dust violations on the caterpillar working at the crusher site. Mr. Funk indicated that it would cost approximately \$6,800 to \$6,900 to fix the Cat to bring it into compliance and meet the requirements of MSHA and OSHA. After discussion, motion was made by Commissioner Bevan Wilson that Road Superintendent, Rex Funk proceed with the purchase of the Cat enclosure and correct the violation for which MSHA had cited the Road Department and that no requisition would be required since it was for an existing piece of equipment. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

f) Christianson Wash to Emery Road Project - Road Superintendent, Rex Funk and County Engineer, Craig Johansen advised the Commission that in preparing engineering on the road project approved in previous Commission meetings it was noted that the project will far exceed the amount of money originally budgeted. Therefore, it was suggested that the Commission consider the following possibilities, one that the project be done in three sections noting that the second section was in the worst condition and would have to be done in the fall because of irrigation water problems, but it was anticipated that it would be about \$24,000 short from that budgeted. Discussed was whether the Commission should issue a contract for the various sections specifying the level of completion or whether County forces or County materials could be furnished in order to reduce the costs. Road Superintendent, Rex Funk suggested most of the work

would have to be by contract as it would be required to be a "spec road" but that Emery County could furnish the gravel or road base as well as the culverts. After discussion, motion was made by Commissioner Bevan Wilson to go ahead with the project and seek bids and if the bids come in higher than the budgeted amounts for the projects then the Commission would look at the options at that time and determine what the County can do. Construction work is to proceed on Phase II, section II which is from the substation south to the intersection and that Emery County provide and supply all the materials, both the gravel and culverts. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

Page Seven
Commission Minutes

g) Road Shop Roof - Road Superintendent, Rex Funk indicated that he had received bids. The bids received were:

Hansen Construction, Helper, Utah	\$12,100.00
John Nielsen Contractors, Cleveland, Utah	8,820.00
Judd Construction, Ferron, Utah	21,295.39

John Nielsen Contractors bid did not reflect the structural changes which need to be done. Therefore, the bid of Hansen Construction was accepted. The project has been reviewed with Commissioner Clyde Thompson as approved in previous Commission minutes. Wherefore, motion was made by Commissioner Bevan Wilson to accept the bid from Hansen Construction in the amount of \$12,100 to redo the Road Shop roof and Commissioner Wilson signed the same. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)
LIBRARY BOARD APPOINTMENTS

Commissioner Clyde Thompson made a motion to appoint the following Library Board members:

Randy Myers of Green River, Utah for a two year appointment.
Cathy Clements of Castle Dale, Utah for a two year appointment.

The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)
MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson to adjourn the meeting at 1:26 p.m. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

MINUTES OF THE REGULAR MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

October 16, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Soott Johansen; and Deputy Clerk, Karen Bean.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Commissioner Bevan Wilson.

A review of the Agenda was made.

COMMISSIONERS MINUTES

Minutes of the regular meeting of the Emery County Commission held September 3, 1986 were reviewed and amended. Motion was made by Commissioner Clyde Thompson, seconded by Commission Chairman Clyde Conover to approve the minutes as amended. Motion was approved by all members present.

Minutes of the Commission meeting of September 18, 1986 were reviewed and corrected. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson to approve the minutes as corrected. The motion was approved by all members present.

Minutes of the October 1, 1986 Commission meeting were unavailable for the Commission to review but will be brought before the Commission at their next regularly scheduled meeting.

(2)
GREEN RIVER CITY BONDING REQUEST

The Commission disoussed a request from Green River City for assistance with bonding a paoking plant business in Green River. It was discussed whether Emery County could bond a company where a portion of the business will be located in another county (Grand). It was the consensus of the Commission that the County Attorney provide Green River oity with a copy of the ordinance governing Industrial Revenue bonding and if it is necessary, that Mr. Johansen meet with the city to asoertain the details of the request.

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman presented Warrant Edit List numbered 863238 through and including 863398 for payment. A warrant yet unnumbered was presented for payment to Nielson Construction on the Cottonwood Canyon Road project. This warrant was rejected and the Road Department was requested to return the bill to Trail Mountain Coal Company for payment. Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve the above warrants for payment, with the exception of the one that was rejected. Motion was approved by all members present.

Commissioner Bevan Wilson requested that the Commission allow the Road Department to add a requisition to the list in order for that department to purchase 24 tons of scrap metal from Utah Power & Light at a cost of \$30.00 per ton for a total amount of \$720.00. The Road Department had just received word from UP&L about the amount that would be charged for the metal and it was the consensus of the Commission to proceed with the aquisition of the same.

Also, the following requisitions were presented for purchase:

Req. #	Item and Department	Cost	Action
34	File Cabinet, Sheriff	\$342.00	Approved
35	Micro Transcriber, Commission	\$295.00	Approved
36	Steel from UP&L, Road	\$720.00	Approved

Motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson that the above named requisition be approved for purchase. Motion was approved by all members present.

The Auditor also presented a letter to the Commission for Commission Chairman Clyde Conover's signature authorizing a change in insurance brokers for the County. Mrs. Truman informed the Commission that the change would not affect the insurance agent nor the type of insurance, but would simply change brokers. Motion was made by Commissioner Clyde Thompson that the letter be signed and the insurance broker be changed as requested. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

WEED DEPARTMENT - CHEMICAL STORAGE BUILDING BIDS

Commissioner Bevan Wilson and Weed/Mosquito Department Supervisor, James Nielsen informed the Commission that the following bids had been received on the chemical storage building for the Weed and Mosquito Department:

Nielson Construction Company, Huntington, Utah	\$26,250.00
Judd Construction Company, Castle Dale, Utah	26,465.27
Kent Stilson Construction Company, Orangeville, Utah	36,775.00

Chemical Storage Building Cont...

It was noted that this project had previously been bid, that the specifications had then been revised with several items being eliminated and that new bids were obtained.

It was also noted that there are several items which were not covered on this bid that would need to be undertaken in order to complete the project, but were not part of the bid but would come at a later date. These items were the installation of culinary and secondary water, the construction of the access road to the building, the installation of a chain link fence around the collecting pond, the installation of power to the building, the installation of baseboard heaters, light switches and power outlets, an exhaust fan, backfill and the installation of a fence on the south side of the yard.

Road Department Superintendent, Rex Funk was present at the meeting and Commissioner Bevan Wilson inquired if there were enough funds available in the capital improvement fund for the Road Department to place fencing on the south side of the yard. Mr. Funk responded that there was.

It was the recommendation and motion of Commissioner Bevan Wilson that the Commission accept the apparent low bid made by Nielson Construction Company and

award the bid to them and further that the County Road Department be authorized to obtain quotes and construct a fence on the south side of the County yard and that Commissioner Wilson be authorized to sign any additional paperwork necessary to expedite the projects. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(5)

COTTONWOOD CANYON/BEAR CANYON COAL HAUL ROAD PROJECTS

Presented to the Commission was a change order for work to be done by Cox Rock Products for the laying of asphalt on both the Cottonwood Canyon Road and the Bear Canyon Road projects. Cox Rock Products was the low bidder on the Bear Canyon Road with a bid of \$127,486.50 but through negotiations, the bid had been reduced to \$123,841.50. The bid on the Cottonwood Canyon Road had previously been awarded and the change order simply added the new project to the contract to come from the Federal Lease monies. Motion was made by Commissioner Bevan Wilson that the Commission award the bid for road work on the Bear Canyon Road to Cox Rock Products in the amount specified, and that Commissioner Wilson sign the change order and be authorized to sign any additional paperwork in order to expedite the matter. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

GREEN RIVER CUTOFF DRAINAGE IMPROVEMENT PROJECT

Commissioner Bevan Wilson presented to the Commission the following bids obtained for the Green River Cutoff Drainage Improvement project:

Castle Valley Construction, Cleveland, Utah	\$71,756.00
Price Steel Fabrication, Price, Utah	41,900.00
G & O Construction Company, Green River, Utah	39,765.00
Tony Siaperas Construction, Price, Utah	37,201.00
Nielson Construction Company, Huntington, Utah	37,147.00

It was the recommendation of the Road Department and the County Engineer that the low bid of Nielson Construction be accepted whereupon Commissioner Bevan Wilson made the motion to accept the low bid of Nielson Construction and award the contract and that he be authorized to sign any additional paperwork in order to expedite the project. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)

PLANNING AND ZONING

a)Wilson Subdivision - Zoning Technician, Mark Tanner presented to the Commission a recommendation from the County Planning and Zoning Commission to approve the final plat and to allow the subdivision as requested. Subdivider, Bevan Wilson has complied with all requirements and he presented a check in the amount of \$545.00 for two permits and for the subdivision. Motion was made by Commissioner Clyde Thompson to approve the final plat for the Wilson Subdivision and directed that the County Recorder record the same in her official records as recommended by the Planning and Zoning Commission. The motion was seconded by Commission Chairman Clyde Conover. Commissioner Bevan Wilson abstained from the voting.

b)Utah Power & Light Rquested Zoning Change - Also presented by Mark Tanner was a request by Utah Power & Light Company to change the NW 1/4 of the NE 1/4 of Section 16, T17S, R9E, SLB&M from an Agriculture-I zone to an Industrial zone. Motion was made by Commission Chairman Clyde Conover, seconded by Commissioner Bevan Wilson to authorize notice to be given for a public hearing to be held for input on the requested change. The motion was approved by all members present. Mr. Tanner is to see that notice is give on the public hearing.

(8)

PERSONNEL ITEM - TREASURER'S OFFICE

Emery County Treasurer, Elaine Wilson presented a request to the Commission to hire a seasonal employee during tax collection time. Mrs. Wilson's request is for one employee to be hired for five (5) hours daily, Monday through Friday at a rate of \$5.00 per hour. This position is not budgeted, but there are sufficient funds in the Treasurer's travel budget to compensate for the

expenditure. Attorney Scott Johansen raised the question of whether or not a seasonal employee was covered by the County bond. Motion was made by Commissioner Bevan Wilson to approve the Treasurer's request on an "as needed" basis up to five (5) hours per day at \$5.00 per hour not to exceed \$1,000 total and not to exceed the budget allocation, for a term from November 3 to December 31, 1986, subject to the determination of a seasonal employee being covered by the County bond and compliance with any other

County or State regulation for the handling of money. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(9)

ATTORNEY'S BUSINESS

a) Intergovernmental Contracts with Cities Regarding City Streets - County Attorney, Scott Johansen presented to the Commission a draft agreement with the cities and towns in Emery County with regard to city streets not being maintained by Emery County. Upon the request of the Commission, copies of the draft are to be made available to the Commission for their review and the matter is to be brought before them again at a later date.

b) Law Enforcement Contract - Mr. Johansen also presented a proposed contract between Emery County and Grand County for law enforcement services provided on the Grand County side of Green River City. The contract was referred to Sheriff Lamar Guymon for any input that he may have on the matter and it is to be brought before the Commission at a later date. It was suggested that an invitation be extended to the Grand County Commission to review this and other matters with the Emery County Commission on a regularly scheduled Emery County Commission meeting.

c) Emery County Nursing Home Agreement - Also presented to the Commission was a proposed contract between Emery County and Bonneville Health Organization. County Attorney, Scott Johansen has met with the principals of the company and they have reviewed the contract and a second proposal has been made. Mr. Johansen reviewed the main points of the contract with the Commission. The Commission requested that Mr. Johansen provide them with copies of the original proposal so that they may review both and meet with the County Attorney for further discussion of the same.

1987 REAPPRAISAL BUDGET

Auditor Karen Truman and Chief Deputy Assessor, Geniel Cox came before the Commission and presented an estimate of the amount that would need to be budgeted for a reappraisal in 1987. It was the consensus of those present that Emery County will be required to do a reappraisal next year. Discussion was made regarding the process of starting the reappraisal and the organization of the project. Attorney, Scott Johansen indicated that he was uncertain if the

Multi-County Appraisal Trust would be capable of assisting the county in the reappraisal by January 1, 1987. After discussion, motion was made by Commissioner Bevan Wilson that the reappraisal process begin immediately and that the Assessor prepare a letter to the Multi-County Appraisal Trust informing them of Emery County's intent to use their services to aid us in the reappraisal. The motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

ARAPAJO ARCHAEOLOGY DIG

Commissioner Clyde Thompson updated the Commission on the findings of the Arapajo Archaeology dig near the Bear Canyon Campground. He informed the Commission that the dig has uncovered a great number of artifacts. Some concern has risen as to the property line and whether some of the dig is located on County property. The Attorney's office is researching the matter and will report to the Commission their findings.

MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting at 12:15 p.m. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

November 5, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:00 a.m.

Invocation was given by Bruce C. Funk.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

Minutes of the October 21, 1986, Commission Meeting were reviewed and corrected. It was the concensus of the Commission that the minutes be brought back again for review at the next Commission meeting after the changes have been made.

Minutes of the October 16, 1986, Commission Meeting were reviewed and corrected. Motion was made by Commissioner Bevan Wilson to accept the minutes as corrected. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(2)

AUDITORS BUSINESS

A) Warrant Edit List - Emery County Auditor Karen Truman presented Warrant Edit list numbered 863442 through and including 863629 for payment. After a review, motion was made by Commissioner Clyde Thompson to approve the warrants for payment except Warrant #863567 which was a requested travel advance by the Treasurer's office, noting that it has been the Commission's policy to pay travel expenses after proper receipts have been furnished. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

B) The following requisitions were presented for approval:

Req. #	Item and Department	Cost	Action
37	Phoenix SC Radio, Weed & Mosquito Department	\$ 751.00	Approved
38	Sony Micro Cassette Dictaphone/Transcriber, Zoning & Planning	325.00	Approved

Motion was made by Commissioner Clyde Thompson and was seconded by Commissioner Bevan Wilson to approve the above requisitions for purchase. Motion approved by all members present.

(3)

VETERANS EXEMPTION

Emery County Auditor, Karen Truman, presented to the Commission the list of Veteran's tax exemptions, noting that these are the same recipients as last year. Motion was made

by Commissioner Clyde Thompson to accept the Veterans exemptions as listed. Motion was seconded by Commissioner Bevan Wilson and approved by all members present

(4)

TENTATIVE 1987 EMERY COUNTY BUDGET

Emery County Auditor, Karen Truman, presented to the Commission for their review the tentative 1987 Emery County Revenue and Expenditure Budget, noting that a public hearing on the budgets has been set for December 3, 1986, at 2:00 p.m. Whereupon, motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Thompson to acknowledge and accept the 1987 Emery County Tentative Revenue and Expenditure Budget. Motion was approved by all members present.

(5)

SHERIFF'S BUSINESS

A) Juvenile Detention Agreement - Emery County Sheriff, Lamar Guymon, discussed with the Commission the agreement and understanding the Emery County Sheriff's Department has with the Carbon County Sheriff's Office for detention of juveniles. It was further noted that Carbon County has increased the rate charged to Emery County for detention of juveniles from \$30.00 a day to \$75.00 per day. The Commission discussed with Sheriff Guymon the possibility of meeting with the Carbon County Commission and the Sheriff's Department there to see if a more satisfactory agreement and understanding could be reached by all parties involved. It was further indicated and agreed upon that Sheriff Guymon would proceed with getting the Emery County facilities certified for 24 hour juvenile holding which would alleviate some of the problems.

Page Three

Commission Minutes

November 5, 1986

B) Grand County Law Enforcement Contract - Sheriff Lamar Guymon also reviewed the present status of the law enforcement contract with Grand County as discussed in the Commission Minutes of October 16, 1986. He noted that he has approved the agreement and it was his understanding that all that was necessary was the Emery County Commission to meet with the Grand County Commission.

County Attorney, Scott Johansen, indicated that the County Attorney's office has reviewed the document and found everything satisfactory. (This item being discussed later in the day in the absence of Sheriff Guymon.) The final cost has been left blank and Mr. Johansen questioned the Commission as to where they wanted to go from here. Responding to questions whether Grand County had received copies, County Attorney Johansen indicated no. It has been discussed with Grand County that they pay the same

amount as previously paid for similar contractual agreements. Therefore, the Commission requested that County Attorney, Scott Johansen, together with Emery County Sheriff, Lamar Guymon, establish a cost and send a copy of the proposed contract to Grand County for their review. After which time, the Commission will set up an appointment with Grand County Commission for final review and approval.

C) Personnel Action - Emery County Sheriff, Lamar Guymon, asked permission from the Commission to proceed with filling the vacancy in the Sheriff's Department left by the termination of John Burdick. The position would be as a dispatcher and they would fill the vacancy from the current roster and would submit names and a final recommendation at the next Commission Meeting. It was the consensus of the Commission that Sheriff Guymon proceed in filling that vacancy.

D) Furnace Repair - Sheriff Guymon reviewed and questioned the Commission as to the present status of the repair of the furnace at the Sheriff's Office. Commissioner Thompson responded that he is still checking on some things, but the Sheriff is to proceed as long as the repair or replacement does not exceed the Sheriff's budget. It was the consensus of the Commission that Sheriff Guymon work directly with Commissioner Thompson and recommended getting at least two quotes, noting that it appeared that there was no one locally who could make this repair or replacement.

(6)
ZONING RECLASSIFICATION - PUBLIC HEARING - RECREATION PARKS -
RESOLUTION 11-5-86A

Emery County Commission Chairman Clyde Conover opened the meeting for a public hearing for input on consideration in changing the A-1 Zoned Land Classification to include recreation parks and solicited questions from any public in attendance. There being no public in attendance and no concerns were expressed either in support of or objection to the reclassification, whereupon Emery County Zoning Technician Mark Tanner presented to the Commission for their consideration Resolution #11-5-86 which amends Section 8-1-2 entitled Use Requirements of Article VIII, REGULATIONS WITHIN ZONES, by adding a subsection 22 as follows: "Recreation parks subject to the prior approval of the County Commission." It was further noted that this is in response to a request by a party who is interested in installing a water slide south-east of

the Huntington State Park, noting that any construction in a recreation park would require approval by the Emery County Commission prior to construction. Whereupon, motion was made by Commissioner Bevan Wilson to approve Resolution 11-5-86 which amends

the A-1 Zone Classification to include Recreation Parks as subject to prior approval of the County Commission. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)

EMERY COUNTY NURSING HOME AGREEMENT

The following were present to discuss the proposed Emery County Nursing Home Agreement: Charles R. Kirrton and Lewis Garrett of Bonneville Health Services and Mr. John Bramall, Administrator of the Emery County Nursing Home. Mr. Bramall began by noting that he has been working with the Emery County Attorney's office and Scott Johansen to implement any changes in the new agreement, noting that the new agreement would be for a 10 year period. He further noted that in the 1986 budget the only funds expended were for capital improvements and that in the 1987 budget he anticipates the same but was asking for a contingency fund of \$35,000. He noted that they have received Medicaid reimbursements and they have also increased the rates and, therefore, they don't anticipate any other funding will be necessary from Emery County. The purpose in presenting a new agreement to the present Commission was they would save time by not having to re-educate a new Commission when the original agreement expires in 1987. The Commission responded that they would like an opportunity to have a private session with the County Attorney, Scott Johansen, and go through some of the items contained in the new proposed agreement since they have not had sufficient time to review the proposal and would like to discuss the matter with him over lunch.

In returning after lunch, it was the consensus of the Commission that they wanted to maintain a good quality nursing home with high standards. Some of the questions and concerns they discussed were outstanding repair work, salary increases, independent audits, capital improvements and reimbursement, approval of administrative appointments and many other items. Whereupon, it was the consensus of the Commission and they asked those present for some time to further review the agreement and expressed appreciation to John Bramall, Administrator of the Nursing Home, for the outstanding job which he has done. The Commission noted that they felt that they could work directly with Mr. Bramall on any future agreement problems; therefore, eliminating the necessity of Mr. Kirrton and Mr. Garrett to travel to meet with the Commission at a later time.

(8)

PERSONNEL ACTION

Personnel Technician Pat Snowball presented to the Commission a Personnel Action Form for a Library Assistant in Emery. It was noted that they had followed through the recruitment process and had selected Earlene Christiansen who would be hired at the rate of \$3.50 per hour for a 6 hour per day

Item #8, Personnel Action, cont. . . .

schedule. The new appointment would replace Robin McKinney and would have an effective date retroactive to October 2, 1986. Whereupon motion was made by Commission Chairman Clyde Conover to approve the hire of Earlene Christiansen effective October 2, 1986, at the rate of \$3.50 per hour, not to exceed 6 hours per day. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(9)

CUSTODIAL CONTRACT

Dennis Fuller, Custodian of the Emery County Courthouse and facilities, came before the Commission informing them that as a business he has been forced to drop his liability coverage in the building, noting that some of the insurance coverage is double coverage with what the County already has. He further noted that in 6 years he has received a 12% increase the first year and none since, while his supply costs have continued to increase. He saves Emery County \$5,000.00 in maintaining the courthouse heating and cooling controls. Further cost savings to Emery County have been made by his maintaining the elevators, sprinkler systems and other such items. He would like to keep his services on a contractual basis, but would appreciate having the Commission look into reimbursement for the extra services provided and consideration be given to insurance benefits for himself and his family. Whereupon County Attorney, Scott Johansen, was asked by the Commission to review the possibility of putting Mr. Fuller and his family on the Emery County insurance policy through Banasky Insurance Agency and to get back to the Commission prior to budget time.

(10)

ADJOURNMENT FOR LUNCH

The Commission adjourned for lunch at 12:11 p.m. and reconvened at 1:45 p.m. with all members present.

(11)

JOHANSEN AND TUTTLE - ENGINEERING RATE SCHEDULE REVIEW

Commissioner Bevan Wilson presented to the Commission the rate schedule as previously presented by Craig Johansen for Commission consideration which outlines the rates charged by Johansen and Tuttle Engineering for services rendered to Emery County. He noted that with most large projects, the engineering costs are reflected as part of the original bid costs. The rate schedule includes a cost on an hourly basis plus a 2.3 cost factor to cover overhead, etc. Whereupon, motion was made by Commissioner Bevan Wilson to approve the rate schedule as presented by Johansen and Tuttle Engineering for any services which they

perform for Emery County and is to amend the original agreement dated February 4, 1980, and to acknowledge receipt of the schedule as required in that original agreement. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(12)

PUBLIC HEARING - 10 ACRE WATER REQUIREMENT CHANGE

Commissioner Bevan Wilson discussed with the Commission the need to set a public hearing date for consideration of reducing the ten-acre requirement to build in Emery County to 5 acres and also reduce the 5 acres of irrigatable land. Whereupon, motion was made by Commissioner Bevan Wilson that the Emery County Commission approve the setting of the public hearing date of December 18, 1986, at 11:30 a.m. and that Zoning Technician Mark Tanner be assigned to prepare all the necessary paper work and to assure that the notice of public hearing is prepared and advertised 30 days prior to that date and follow through on any other paper work as needed. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(13)

UTAH POWER AND LIGHT - COUNTY ROAD ACCESS - BOTTOM ASH

Commissioner Bevan Wilson reviewed with the Commission a request from Utah Power and Light with regard to their Huntington and Hunter Power Plants in that in the future they will charge Emery County for the bottom ash used by the Emery County Road Department which is mixed with salt for spreading on roads in the winter. The cost will be \$2.00 per ton and would require the immediate signing of a contract for purchasing the ash which is needed now for this year's snow and ice removal.

The Commission also discussed that it was their understanding that the access into the Hunter Power Plant would be closed as soon as hauling of the coal was completed, but at the present it has remained open. The concern being is that it could end up on the Emery County roads and Emery County would be responsible for maintenance. It was suggested that the Commission review this with officials of Utah Power and Light and reach an agreement on this as well as the cost for the bottom ash. Whereupon, motion was made by Commissioner Bevan Wilson to approve the signing of the contract in order to purchase bottom ash at the present time to be reviewed at a later date after meeting with officials of Utah Power and Light. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)

HIGHWAY 155 CLEVELAND LOOP RIGHT OF WAY PERMIT

Commissioner Bevan Wilson reviewed with the Commission the need to change the right-of-way on highway 155 which is the Cleveland loop. It was originally a water master road on BLM ground which follows the ditch and was used for clean- up and his purpose in presenting the permit for Commission consideration was to change the right-of-way. Whereupon, motion was made by Commission Chairman Clyde Conover to approve Commissioner Bevan Wilson to assign and proceed with the agreement and any other additional paper work as required in order to expedite the project. The motion was seconded by Commissioner Clyde Thompson and approved by all members present.

SOUTH-EASTERN UTAH ASSOCIATION OF GOVERNMENTS

Commissioner Clyde Thompson presented the name of Rey Lloyd Hatt of Green River, Utah, to be appointed as a board member to the South-Eastern Utah Association of Governments Board. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(16)

BLM ROAD CLOSURE

Commissioner Clyde Thompson expressed concern over the BLM closing the road east from the swinging bridge along the San Rafael River to which he requested that the Commission respond to that closure in the newspaper and to keep the public informed in the future of any wilderness issues. Whereupon, it was the concensus of the Commission that the Commission proceed in notifying all parties concerned of their objection to the closing of the mentioned BLM road and that Economic Development Director Scott Truman prepare the newspaper article and submit it.

(17)

OTHER BUSINESS

A) UDOT Agreement Light Bill - Commission discussed their continuing efforts in resolving the matter of Emery County being required to pay the power bill for lighting of the intersection at the Hunter Power Plant in Emery County, noting that they would like proof of this having been done in the past with other locations and other governmental agencies.

B) Election Results & The Clerk's Office, Judges of Election and Registration Agents Recognized - Commissioner Bevan Wilson, in behalf of the Commission, expressed appreciation to the Emery County Clerk, Bruce C. Funk; Deputy County Clerks, Karen Bean, Jami Luce and Julie Winn; Alice Ann Snyder and to all the Judges of Election and Registration Agents for a very successful election in that it had been done in a timely and efficient manor, noting that election results were received from all voting districts by 8:46 p.m. Commissioner Willson requested that a letter be prepared and submitted to the Emery County Progress publicly acknowledging the efforts of all parties concerned.

(18)
MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Conover to adjourn the meeting at 3:46 p.m. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

SPECIAL MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
FOR CANVASS OF THE GENERAL ELECTION OF NOVEMBER 4, 1986
MEETING DATE NOVEMBER 10, 1986

Those present at the meeting were Commissioners Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; Clerk, Bruce C. Funk; Treasurer, Elaine Wilson; Sheriff, Lamar Guymon; Candidates, Duane Collard, James Fauver and Arel Hunt; as Judges of Election for counting absentee Ballots, Jami Luce, Julie Winn and Eileen Lofthouse.

Acting Commission Chairman Bevan Wilson opened the meeting at 12:00 noon for the purpose of canvassing the election results of the November 4, 1986, election, noting the absense of Commissioner Clyde Conover. Whereupon, Emery County Treasurer, Elaine Wilson was appointed to serve on the official Board of Canvassers as required by the Utah Code.

The following corrections were made in the initial election results because of reporting errors and such as found by the Board of Canvassers.

Race	District	Original #	Corrected #
U.S. Senator, Craig Oliver	Cleveland #10	104	105

State School Board, Harold Jensen	Emery #1	47	46
Recorder, Ina Lee J. Magnuson	Ferron #3	213	150
Proposition #1, Yes	Emery #1	107	67

Absentee ballots reported as 34 received and 8 challenged, for a total of 26 counted, which were reported as voting district #99 on the official tabulation.

Therefore, the election results following the canvass, including all corrections and absentee votes, are as per the attached sheets.

Motion was made by Commissioner Bevan Wilson to accept the results of the official canvass and to declare the candidate receiving the highest number of votes for each office as the winner, authorizing the Emery County Clerk to issue certificates of election to the same. Whereupon, motion was seconded by Commissioner Clyde Thompson and approved by all members present.

The meeting adjourned at 1:15 p.m.

HELD IN THE EMERY COUNTY COURTHOUSE

CASTLE COUNTRY TRAVEL COUNCIL BOARD APPOINTMENTS

Commissioner Clyde Thompson reviewed with the Commission a request from Chairman Dan Hunter, of the Castle Country Travel Council, recommending the following appointments on the Travel Council Board:

TWO YEAR TERMS :

Rex Phillips, Green River
Jerry Sommer, Green River
Dan Hunter, Chairman
Thelma Jones, Executive Director
Venna Tyron, Secretary

FOUR YEAR TERMS :

Jorma Johnson, Huntington
Scott Truman, Economic Dev. Director
Commissioner-Elect Jerry Mangum

Whereupon, motion was made by Commissioner Clyde Thompson to approve those names as recommended by Dan Hunter, Chairman, and that Jerry Mangum be appointed to serve a four-year term as a Commissioner from Emery County. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

SHERIFF DEPARTMENT FURNACE

Commissioner Clyde Thompson informed the Commission that they had received bids for installation of a new furnace at the Sheriff's Department, noting that Kit Anderson, or Price Sheet Metal, was the apparent low bidder in the amount of \$12,632. The other bid being received from Noyce Plumbing and heating for over \$19,000. He further noted that the equipment from Kit Anderson was actually larger in capacity and allowed for the eventual addition of an evaporative air cooler. Whereupon, motion was made by Commissioner Clyde Thompson to accept the bid from Kit Anderson, dba Price Sheet Metal, in the amount of \$12,632 and that Commissioner Thompson be authorized to notify Price Sheet Metal of the award in order to expedite the project. The County Attorney's office is to prepare the necessary paper work for Commissioner Thompson's signature. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(5)

BLM MEXICAN MOUNTAIN ROAD CLOSURE

Commissioner Bevan Wilson reviewed with the Commission a letter prepared by Economic Development Director, Scott Truman, stating the Commission's objection to closing the road to Mexican Mountain. The letter had previously received Commission signatures and had been sent to the BLM. Whereupon, motion was made by Commissioner Bevan Wilson to radify the signing of the letter and that a copy of the letter be given to the Emery County Progress. Economic

Development Director, Scott Truman, is to get with editors of the Progress and prepare an article for the public, noting the Commission's position on the road closure. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(6)

CHEMICAL STORAGE BUILDING FENCE

Commissioner Bevan Wilson advised the Commission that they had received bids for fencing the South property line on the hill of the Road Shop and below the future location of the Chemical Storage Building. His concern being that in installing a new fence, according to surveys, the County property line would lye inside properties which have been planted and used by bordering property owners. It was his feeling that he didn't have a problem moving the location of the fence back ten to fifteen feet into the County property line.

Because of conflicting surveying problems and concerns expressed by adjoining property owners that their property descriptions are inside the County-assumed property line. It was the concensus of the Commission that the fence would be located so as not to create any problems with the adjoining property owners. Commissioner Wilson indicated the three bids received for fencing were from Jensen Fence in the amount of \$4,726, United Fence Company in the amount of \$7,998 and Mountain States Fencing in the amount of \$7,416, noting that all had bid on the same grade and material. Whereupon, it was a motion of Commissioner Bevan Wilson to accept the bid of Jensen Fence in the amount of \$4,726. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(7)
DUTCH FLAT ROAD, FERRON

Commissioner Wilson reviewed with the Commission the previous agreement for an easement from Irma and Steven Snow to realign and to redo the Dutch Flat Road. He noted that documentation had been signed on the new portion of the road and that the old existing road had not been signed off. It was his recommendation that the description be included into a deed to remove those properties from the tax roles. Whereupon, after discussion, motion was made by Commissioner Bevan Wilson to direct the Assessor's office and the Attorney's office, whoever is involved, to do whatever needs to be done to take those properties off the tax roles as agreeable to the Snow's. Motion was seconded by Commissioner Clyde Thompson and approved by all members present. (The Road Department is to follow-up.)

COUNTY EMPLOYEE'S RETIREMENT PROGRAM

Emery County Auditor, Karen Truman, together with Mark Tanner, of the Attorney's Office, discussed with the Commission the proposed plans which could affect the County's participation in a retirement program for County Employees. The new program

would require the County to contribute approximately 7% of the employee's wage. The difference between this plan and the present plan could be put into other type of retirement programs for present employees, and new employees could be held at the 7% in order to save additional monies. It was further discussed that under the new or existing plan, would present employees receive a decrease. After further discussion, the item was tabled to allow the Commission time to discuss this during lunch.

After lunch, it was the concensus of the Commission and, after considering all pro and con aspects of each program, motion was made by Commissioner Bevan Wilson to adopt Resolution 11-20-86A, in which such Resolution indicates that Emery County and its employees will not participate in the new a non- contributory retirement plan. Whereas, the employees in Emery County would continue to participate in the retirement program as currently in operation within Emery County. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

PUBLIC HEARING - ZONING RECLASSIFICATION, RESOLUTION 11-20-86B - UP&L PROPERTY

Commission Chairman Clyde Conover opened the meeting to Public Hearing for the public input in considering Resolution 11-20-86B, changing certain properties from agricultural usage to industrial. Zoning Technician, Mark Tanner, presented to the Commission Resolution 11-20-86B for their consideration. This resolution alters approximately 4.65 acres which houses a warehouse belonging to Utah Power & Light Co., and has the zoning classification of Agriculture, to that of Industrial to comply with its existing usage. Mr Tanner noted that proper notice has been given for the public hearing and that members were present from Utah Power and Light. He further noted that he had prepared paper work to cover an area of approximately 40 acres. Mr. Scott Childs, representative of Utah Power and Light, indicated that their feeling was that they were interested in making only 4.65 acres comply at this time because of uncertainty in their future, and showed to the Commission the area being considered.

Commission Chairman Clyde Conover asked if there was anyone else from the public who had comments. Responding was Carla Errington, who indicated that she was very much relieved that the entire 40 acres were not being considered by Utah Power and Light at this time to be zoned into Industrial. She questioned if there was anything to assure that residents could be located in the area and also complained of the road in front of their property being dusty and obnoxious. Responding to Mrs. Errington, the Commission advised that the property which she is discussing is zoned as Agriculture and residence is one

of those permitted uses. The Commission indicated that there are no definite plans at this time to do anything with the road because of the large number of roads already required by the County to maintain, but would take it under consideration. They also suggested that Mrs. Errington be at the Public Hearing on December 18, 1986, when the Commission will consider eliminating the five acres of irrigatable property.

Whereupon, motion was made by Commissioner Bevan Wilson to adopt Resolution 11-20-86B, requesting that the document description be amended so as not to exceed six acres and that Commission Chairman Clyde Conover be authorized to sign the same. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(10)

PLANNING AND ZONING REQUIRED ACRE CHANGE

Zoning Technician, Mark Tanner, informed the Commission that a Public Hearing has been set for December 18, 1986. The purpose of the Public Hearing is to receive public input on the consideration of changing the 10-acre requirement to 5 acres for a residence and also removing the new requirement that 5 of those acres be irrigatable. Commissioner Bevan Wilson indicated that the Planning and Zoning Board is in agreement of holding the public hearing in order to bring up and look at these issues.

(11)

RESOLUTION 11-20-86C, ORDINANCE REGULATING THE SALE OF ALCOHOLIC BEVERAGE

Mark Tanner, of the Attorney's Office, presented to the Commission the final draft of Ordinance #11-20-86C, which regulates the selling and consumption of alcoholic beverages in Emery County, noting that this replaced the Ordinance passed 7-18-85, which was repealed in 9-4-85. The County Attorney's office was asked to review the original Ordinance, meet with the Sheriff's Department and come back with a final Ordinance which would incorporate all of the Commission's concerns. After reviewing the pertinent changes with the Commission, motion was made by Commissioner Bevan Wilson to adopt Ordinance #11-20-86C as presented and that it have an effective date of immediately as allowed for under Section 1-5-17 of the same. The Clerk's office is to proceed with publication of the document or notice to the paper that the document has been adopted and is on file in the Emery County Clerk's Office. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

EMERY COUNTY NURSING HOME CONTRACT RENEWAL - TEN-YEAR PERIOD WITH BONNEVILLE HEALTH SYSTEMS

Mr. John Bramall, Administrator of the Emery County Nursing Home, distributed to the Commission new contracts having been reviewed by attorney's from Bonneville Health Services and County Attorney, Scott Johansen. He noted that this item had been discussed in previous Commission Meetings as well as a private meeting with County Attorney, Scott Johansen, the Emery County Commission and representatives from Bonneville Systems. Submitted to the Commission were five copies, each having been signed by Charles R. Knight, President of Bonneville Health Service, for consideration and signature of the Commission. He further noted that those concerns the Commission previously had in regards to Administrator's salaries, approval of repair work over \$2,000, accounting and proceeds from sale of the facility have been implemented by the County Attorney's office into the new agreement.

Commissioner Bevan Wilson indicated that the Commission's concern was that the health care at the facilities would continue to be of the highest quality. Whereupon, Mr. Bramall indicated that Bonneville Health Services assured that it would remain the same and would not depreciate over the years. Whereupon, motion was made by Commissioner Clyde Thompson and seconded by Commissioner Bevan Wilson to accept the management agreement with Bonneville Health Systems and that Commission Chairman Clyde Conover sign the same. Motion was approved by all members present.

PERSONNEL ACTIONS

1) Highway Department - Emery County Personnel Technician, Pat Snowball, presented the personnel action form for Lynn Miles, who is to be a temporary hire to replace Bertley Jensen who has broke his leg and will be off from work from five to six weeks. She noted that they have gone through the prescribed method for finding a replacement and it was Road Superintendent, Rex Funk's, recommendation that Mr. Miles be hired at the rate of \$8.00 per hour, not to exceed six weeks, as an equipment operator at the County Landfill. Whereupon, motion was made Commissioner Bevan Wilson and seconded by Commissioner Clyde Thompson to approve the temporary hire of Lynn Miles as an equipment operator at the County Landfill at a rate of \$8.00 per hour, with an effective date of November 24, 1986, not to exceed six weeks. Motion was approved by all members present.

2) Sheriff's Office Dispatcher - Also presented to the Commission was a personnel action form for dispatcher at the Sheriff's Department replacing John Burdick who had left the employment of Emery County and the Sheriff having received approval to hire in a previous Commission Meeting. Whereupon, motion was made by Commission Chairman Clyde Conover to approve the hire of J. Ray Jeffs of Orangeville, Utah, at a Grade 9, step 1, or \$1,424.00 per month as a dispatcher in the Sheriff's Department, with an effective hiring date retroactive to November 8, 1986. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

3) James Fauver, Assessor's Office - Also presented to the Commission was the personnel action form for James W. Fauver of Castle Dale, Utah, who had been required by the Personnel Policy to take a leave of absence while he ran for the office of County Assessor. He returned to work on November 5, 1986, at his previous grade and step. Whereupon, motion was made by Commission Chairman Clyde Conover to approve the personnel action form for James W. Fauver, that he again be hired as a Deputy Assessor, at a Grade 5, Step 1, or a salary of \$1,142.00 per month, with an effective hire date back to November 5, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)
ADJOURN FOR LUNCH

Motion was made by Commission Chairman Clyde Conover to adjourn for lunch at 12:12 p.m. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

The Commission reconvened at 2:00 p.m., with all members present.

(15)
JOHN NIEBERGALL - U.S. FOREST SERVICE PLAN

Mr. John Niebergall, of the Ferron District of the U.S. Forest Service, presented to the Commission the forrest plans for the U.S. Forest Service which also includes the environmental statement. He suggested that the Commission appoint someone who would read the material and report to the Commission any concerns, noting that the appeal period is through about December 20, 1986. He further noted that the plans did not differ much from what the Forest Service has been doing in the past. Whereupon, it

was the concensus of the Commission that the materials be given to Economic Development Director, Scott Truman, for review.

(16)

UDOT LIGHTING OF INTERSECTION AT HUNTER PLANT

Commissioner Bevan Wilson informed the Commission that they had received an inter-local agreement from the Utah Department of Transportation for lighting of the intersection at the Hunter Power Plant. He noted that UDOT was considering reconstruction of Highway U-10, South from Castle Dale to the Rock Canyon rest area and that part of the plan included the purchase and installation of seven roadway lights at the intersection to the Hunter Power Plant. He further noted that ownership and maintenance of the said seven lights would be the responsibility of Emery County. Commissioner Wilson noted that Emery County has two roads at the intersection, one east of the main interchange that goes south and is the main entrance to the Hunter Power Plant, the other road is west of the interchange and also goes south. His concern was that the lights would be located in the State right-of-way and to accept, the County would become liable in maintaining the light. Another of his concerns is

Page Eight
Commission Minutes
November 20, 1986

UDOT Lighting of Intersection, continued . . .

that to oppose the agreement, if an accident resulted because no lights were installed, then Emery County could also be liable. He further emphasized concern as to why Emery County needs to be involved in lighting State highways.

Mark Tanner, of the Attorney's Office, was asked to research further and it was recommended that he contact Sam Taylor, Chairman of the Utah Department of Highway Commission in Moab, and pose the concerns of Emery County. He was asked to emphasize that the Emery County Commission is supportive of lighting Emery County intersections and would not be opposed if the Utah Department of Transportation would enter into a separate agreement with Utah Power and Light to supply the power and maintain the lights at that particular intersection. Whereupon, motion was made by Commissioner Bevan Wilson that the Commission go on record as not objecting to lighting of intersections which service County roads only, nor does Emery County object to UDOT entering into a separate agreement with Utah Power & Light to supply power and maintenance to lights requested by Utah Department of Transportation in new construction. The Emery County Commission would be agreeable if the inter-local agreement presented would incorporate those changes in order to expedite the road project, authorizing Commission Chairman Clyde Conover to sign the same thereafter. Motion was approved by all members present.

(17)

NEW COMMISSIONERS MEDICAL INSURANCE COVERAGE

Motion was made Commissioner Bevan Wilson that Emery County Auditor, Karen Truman, do whatever action is necessary to assure that full insurance coverage is effective on the new Commission members effective immediately upon their taking of office. Elective Commissioners are Jerry Mangum and Duane Collard. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(18)

MEETING ADJOURNMENT

Motion to adjourn the meeting was made by Commission Chairman Clyde Conover and seconded by Commissioner Clyde Thompson at 3:13 p.m. Motion was approved by all members present.

COUNTY COMMISSIONERS

HELD IN THE EMERY COUNTY COURTHOUSE

December 3, 1986

Those present at the meeting were Commissioners Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Acting Commission Chairman Bevan Wilson at 10:00 a.m. Whereupon, Commissioner Wilson excused Commission Chairman Clyde Conover who is away on County business in San Diego, California.

Invocation was given by County Attorney, Scott Johansen.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of October 1, 1986, Commission meeting and minutes of the November 20, 1986, Commission meeting are to be held until the next Commission meeting to allow Commission Chairman Clyde Conover an opportunity to review all the minutes.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit List numbered 863889 through and including 864038 for payment. Motion was made by Commissioner Clyde Thompson to approve all warrants for payment, with the exception that the check to Johansen and Tuttle Engineering be held until the survey plats are provided to the Emery County Commission before release of the check. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Presented to the Commission were the following requisitions for approval:

Req. #	Item and Department	Cost	Action
47	Unicom Radio, Airport	910.00	Approved
48	1 Water Truck, Highway	24,000.00	Approved
49	Xerox Copier, Clerk	6,185.00	Approved

Motion was made by Commissioner Clyde Thompson to approve the above requisitions for purchase. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

UDOT AGREEMENT - LIGHTING OF INTERSECTION

Commissioner Bevan Wilson reviewed with those present his meeting with Road Superintendent, Rex Funk; Archie Hamilton, Utah Department of Transportation; Engineers and other people from Utah Power and Light, in which they reviewed and discussed the lighting of the intersection at the Hunter Power Plant. He noted that in checking in past liable suits, and where the state has offered to install lights, that Emery County would be a liable party to a suit should an accident result. He further noted that in their surveys, lights have greatly reduced traffic accidents. UDOT will issue permits to maintain the lights and Emery County could contract with Utah Power and Light to supply power and maintenance of those lights. After discussion, motion was made by Commissioner Clyde Thompson to approve the agreement with the Utah Department of Transportation in accepting and maintaining the lights at that intersection and authorized Commission Chairman Clyde Conover to sign the agreement. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)
BEN KILLPACK - PROPERTY TAX PROBLEM

Mr. Ben Killpack was scheduled to meet with the Emery County Commission regarding a property tax problem. In the absence of Mr. Killpack, the Emery County Treasurer, Elaine Wilson, and Deputy Assessor, Soni Barney, together with County Attorney, Scott Johansen, reviewed the problem he has with a particular piece of property. They indicated that he cannot get a clear title because of prior property liens. After discussion with the Commission and upon recommendation of County Attorney, Scott Johansen, it was recommended that if further consideration needs to be given to the item, that they meet with County Attorney, Scott Johansen. It appeared that no action is required by the Emery County Commission at this time.

(5)

APPOINTMENTS TO THE EMERY COUNTY HISTORIC PRESERVATION COMMITTEE

Commissioner Clyde Thompson informed the Commission that Sylvia Nelsen, of Huntington, and Owen McClenahan, of Castle Dale, are resigning from their positions on the Committee. Therefore, it is his recommendation that Mike McCandless, of Huntington, and Jean Christiansen, of Emery, be appointed to fill the two-year terms effective January 1, 1987. Whereupon, motion was made by Commissioner Clyde Thompson to appoint Mike McCandless and Jean Christiansen to serve a two-year term effective January 1, 1987, on the Emery County Historic Preservation Committee. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

BUSINESS LICENSE - FERRON EQUIPMENT AND SERVICE

Emery County Clerk, Bruce C. Funk, presented to the Commission the business license application from Ronald Barney, of Ferron, Utah, doing business as Ferron Equipment and Service. He noted that Mr. Barney has purchased the Wickman Landfill north of Castle Dale. The application has been reviewed and recommended by Mark Tanner, acting Zoning Technician. Whereupon, motion was made by Commissioner Clyde Thompson to accept and approve the business license of Ferron Equipment and Service and acknowledge receipt of a check in the amount of \$25.00. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(7)

ALERT REQUEST

Commissioner Clyde Thompson reviewed with the Commission a letter he had received from Governor Bangerter, requesting donations to the Alert Program who is sponsoring a dinner on December 3, 1986. Census of the Commission was that sufficient monies are already being taken out of Emery County's mineral lease monies. Therefore, they cannot contribute to this request at this time. Motion to that effect was made by Commissioner Clyde Thompson, seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

PERSONNEL ACTIONS

1) Deputy Assessor - Discussed with the Commission by Commissioner Bevan Wilson was the personnel action form for Carol Riddle, of Emery, Utah, to be hired as an Emery County Deputy Assessor, effective December 3, 1986, at a Grade 5, Step 1. He noted that the Commission originally approved the hire for two positions, but at present would fill only one and the other position would be placed on hold. He further noted that all recruitment procedures had been followed. Whereupon, motion was made by Commissioner Bevan Wilson to approve the hire of Carol Riddle as a Deputy Assessor, at a Grade 5, Step 1, effective December 3, 1986. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

2) Data Entry Assistant - Presented to the Commission was a personnel action form for a Data Entry Assistant for the Data Processing Department which would be a part-time position, not to exceed 20 hours per week. Whereupon, motion was made by Commissioner Bevan Wilson to authorize Personnel Technician, Pat Snowball, to begin with the recruitment process for a Data Entry Assistant. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

GRAND COUNTY COMMISSION RECOGNIZED

Commissioner Bevan Wilson recognized the presence of the Grand County Commission Jimmy Walker, John "Dutch" Zimmerman, and David Knudsen, Grand County Clerk/Auditor-Elect, Fran Townsend, Recorder Lilly May Norlander and her husband. Commissioner Wilson expressed appreciation to them for their attendance.

Whereupon, motion was made by Commissioner Bevan Wilson to adjourn for lunch at 11:35 a.m., inviting the Grand County officials and others for a luncheon. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

The meeting reconvened at 2:00 p.m., with all members present.

(10)

PUBLIC HEARING - TENTATIVE BUDGET

Acting Commission Chairman Bevan Wilson welcomed those in attendance to the Public Hearing in which the Emery County General Fund, Libraries, Special Service District, Revenue Sharing Budget and other Emery County budgets would be discussed. The following individuals were present: Commissioners-elect Jerry Mangum and Duane Collard; Emery County Recorder, Ina Lee Magnuson; Sheriff, Lamar Guymon; Road Supervisor, Rex Funk; Road Secretary, Carol Ware; Darrel Leamaster, Administrator of the Special Service District; Mac Bunderson, Attorney for the Special Service District; Dave Thompson, Recreation Supervisor for Emery County; from RSVP, Carolyn Randall and Deane Bailey; Maun Guymon, from the South-Eastern Utah Association of Local Governments Area on Aging; County Auditor, Karen Truman; and Jim Whear, Director of Four Corners Mental Health.

Commissioner Bevan Wilson turned the time over to County Attorney, Scott Johansen to review the Emery County General Fund Revenue Budget. County Attorney, Scott Johansen indicated that being considered today was the tentative Emery County Budget. He noted that it has not yet been adopted by the Commission and could be changed, but as such reflects a tax increase if adopted the way it stands. Commissioner Bevan Wilson then solicited public input and comments in regards to any of the budgets. There being no comments, he turned the meeting over to Darrel Leamaster who discussed the tentative budget of the Castle Valley Special Service District.

Mr. Leamaster noted that they have gone through the budget process with the Service District Board and they have approved the budget as presented. He noted that the budget collects the same amount out of taxes and that they have dropped the assessing and collecting costs. He further noted they have been able to make up any difference from their reserves fund. He also noted that the State Auditor has required a change in their accounting procedure in which they have gone to a general fund type. He further solicited any questions or concerns.

Page Five
Commission Minutes
December 3, 1986

Public Hearing, continued . . .

Commissioner Bevan Wilson asked what projects were pending for the year 1987. Mr. Leamaster responded in that the only major project was the Emery Water Treatment Plant, noting that Emery had been successful in obtaining a grant and a loan also from Community Impact. Otherwise, they would just be finishing off projects such as street chipping which is proceeding according to plans. County Attorney, Scott Johansen, inquired if the budget reflected any payroll increases. Mr. Leamaster responded in that no increases were planned, that the increased budget costs were because of the hire of temporary people in an effort to clean out sewer lines in the towns this next year.

Commissioner Bevan Wilson again solicited comments or questions from the public. There being none, he advised those present that the budget does not reflect the following items being considered: 1) The television power problems, in which they are negotiating with Utah Power and Light to reconstruct the power line to the television translators. This could be in the neighborhood of \$90,000 to \$100,000, with a possible pay out of four to five years and could effect the budget. 2) He also noted that they are presently evaluating the Data Processing Equipment and that is not reflected in the budget. Therefore, there being no comments or questions, motion was made by Commissioner Bevan Wilson to close the public hearing at 2:18 p.m. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(11)

LANDFILL VANDALISM

Commissioner Bevan Wilson indicated that the Emery County Landfill was recently vandalized. The vandalism occurred to the fuel tank, its hoses, the building and equipment. He would like approval to put a chain-link security fence around the building, noting that he had inquired on a bid from Jensen Fence who was the apparent low bidder on the fence being constructed south of the road shop. The fence would include two ten-foot gates and one three-foot entrance gate. He noted that monies were in the 1987 budget requests, but because of pending bad weather, requested permission to go ahead with the project at this time. The bid from Jensen Fence is \$3,370.72, noting that the Ordinance allows them to negotiate a contract with them. Whereupon, motion was made by Commissioner Clyde Thompson to accept the bid of \$3,370.72 from Jensen Fence to fence the Landfill buildings as described. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

RATIFICATION - UP&L LITIGATION

Emery County Attorney, Scott Johansen, reminded the Commission that on October 28, 1986, at the request of Utah Power & Light, the Commission was requested to sign a letter in a UP&L litigation against the Western Area Power Administration. Commission Chairman Clyde Conover had been authorized to sign the same, which would retain Jones, Walden, Holbrook and McDonald in those litigations. Whereupon, motion was made by Commissioner Clyde Thompson to ratify the signing of the letter on October 28, 1986, by Commission Chairman Clyde Conover. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

GRAND COUNTY LAW ENFORCEMENT AGREEMENT-RESOLUTION 12-3-86

Pursuant to discussion in the luncheon meeting with the Grand County Officials, Emery County Attorney, Scott Johansen presented Resolution 12-3-86 in which Emery County Sheriff's Department will provide law enforcement for Grand County residents living in Green River, retroactive to January 1, 1986. The agreement has been reviewed and okayed by Emery County Sheriff, Lamar Guyman. Motion was made by Commissioner Bevan Wilson to accept the inter-local law enforcement agreement. Upon receipt of said agreement from Grand County, and after review by the County Attorney's office, Commission Chairman Clyde Conover would be authorized to sign the same. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(14)

APPEAL WITH UTAH TAX COMMISSION

County Attorney, Scott Johansen indicated that Emery County had been notified last week by phone of a 22% factor order. His concern was that Emery County Assessor Gerald Stanton was out of the office until next week. It is possible that Mr. Stanton would not be back in the office in time to recommend an appeal be filed by the Commission. Whereupon, because of the lateness of time and the Commission not wanting to be neglectful in their responsibilities to file an appeal with the State Tax Commission, motion was made by Commissioner Bevan Wilson to advise County Attorney, Scott Johansen to proceed with filing an appeal with the Tax Commission regarding the 22% factor order. After which, the Commission can renew with the Emery County Assessor, Gerald Stanton the feasibility of proceeding. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

PUBLIC HEARING SETTING THE 1987 BUDGET - RESOLUTIONS 12-15-86A, 12-15-86B AND 12-15-86C

Commission Chairman Clyde Conover opened the meeting to a Public Hearing at 10:00 a.m. and turned the meeting over to Commissioner Bevan Wilson to conduct.

Commissioner Bevan Wilson indicated the purpose of the meeting was to receive public comment on the Emery County General Fund Budget, Debt Service, Library, Transient Room Tax, Revenue Sharing and Special Service District budgets.

The total General Fund Revenue and Expenditure Budget for Emery County is \$7,074,061.00; Debt Service - both revenue and expenditure - \$267,282.00; Library - both revenue and expenditure - \$298,733.00; Transient Room Tax - \$10,000.00; Castle Valley Special Service District - the operation and maintenance in capital improvement projects revenue and expenditure budget - \$1,219,200.00; Debt Service in the amount of \$2,242,000.

There being no one present to express comments in regards to the budget, and no written comments having been received, motion was made by Commission Chairman Clyde Conover to close the Public Hearing and set the budget in accordance with Resolution 12-15-86A, covering all revenue and expenditure budget of Emery County as mentioned, Resolution 12-15-86B, covering the Federal Revenue Sharing Budgets and Resolution 12-15-86C, covering the Castle Valley Special Service District with a total expenditure amount of \$323,078.00, and to accept the same. Motion was seconded by Commissioner Clyde Thompson to accept Resolutions 12-15-86A, 12-15-86B and 12-15-86C and to have Commission Chairman Clyde Conover sign the same. Motion was approved by all members present.

(2)

EMERY COUNTY BRAND INSPECTION AGREEMENT

Emery County Attorney, Scott Johansen, presented to the Commission the current County Brand Inspection Agreement with the State of Utah. He noted the major change is that the State of Utah will reimburse Emery County in the amount of \$1,500 for brand inspection services carried out in the Green River area. Motion was made by Commissioner Bevan Wilson to accept the agreement. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(3) EQUIPMENT REFINANCING

Commissioner Bevan Wilson discussed with the Commission the need to refinance equipment owned by Emery County such as fire trucks which were previously purchased at higher interest rates, some being as high as 18%. Motion was made by Commissioner Bevan Wilson to authorize the County Attorney's office and the Auditor's office to proceed with negotiations to refinance any equipment purchased on higher than present interest rates and to present refinancing documents back to the Commission for approval. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

(4) MEETING ADJOURNMENT

Motion to adjourn the meeting was made by Commissioner Bevan Wilson at 10:33 a.m. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

December 18, 1986

Those present at the meeting were Commissioners Clyde Conover, Bevan Wilson and Clyde Thompson; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Conover at 10:02 a.m. Commission Chairman Clyde Conover expressed appreciation to Commissioners Bevan Wilson and Clyde Thompson, indicating that he has never worked with better men. They are men who work in a professional business-like manner and he is proud to have worked with them and the other elected officials and people in the County.

Invocation was given by Commission Chairman Clyde Conover.

A review of the Agenda was made.

Motion was made by Commissioner Bevan Wilson and seconded by Commissioner Clyde Thompson to approve the above mentioned requisitions for purchase. Motion was approved by all members present.

(3)

INSURANCE - EMT MALPRACTICE AND PUBLIC EMPLOYEES LIABILITY COVERAGE

Emery County Auditor, Karen Truman, advised the Commission that the insurance rate for the Emery County EMT malpractice is going up because of the increased number of EMT's. She has been further advised that the insuring agency will not reinstate Emery County's public employees liability coverage at the same rate as last year and that the present coverage expires December 31, 1986. After discussion, motion was made by Commissioner Bevan Wilson to authorize Emery County Auditor, Karen Truman, to contact insurance agent Keith Ware to get a bid on the public employees liability coverage for the coming year and to negotiate the premium. She is to keep all coverage in effect with no lapse of time and is authorized to increase the EMT insurance premium. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

RESOLUTION CONSENTING TO ASSIGNMENT OF CABLE TELEVISION
FRANCHISE - TCI OF UTAH - RESOLUTION 12-18-86A

On behalf of Tele-Communications, Inc., Emery County Zoning Technician Mark Tanner presented to the Commission, Resolution #12-18-86A for their consideration. They are acquiring all of the assets of Community Television of Utah, Inc., who has had the cable television franchise in Emery County. Mr. Tanner presented a certificate of insurance in the amount of \$2,000.00 for property damage and personal injury. He indicated that Community Television of Utah, in their franchise arrangement with Emery County, was delinquent in their franchise payment to Emery County. He therefore, submitted checks totaling \$300.00 which would make them current.

Mr. Tanner informed the Commission and those present that Tele-Communications, Inc., were only changing the name from Community Television of Utah, but the ownership, managers and operators would remain the same. Mr. Tanner indicated that the drafted Resolution 12-18-86A allows for all the transfers of assets and interest of Community Television of Utah to TCI. He further noted the documentation indicates that should Community Television of Utah be found in deficiency, that TCI would be obligated to make good those deficiencies. Commissioner Thompson asked if TCI would consider assisting Emery County in providing a more reliable electrical power source to the translator sites. Representatives from TCI said they would make that request known to their management. Whereupon, motion was made by Commissioner Clyde Thompson to sign Resolution 12-18-86A which authorizes the transfer of all assets and interest of Community Television of Utah, Inc., to TCI Cablevision of Utah, Inc. Acknowledge and receipt of \$300.00, which represents four payments to Emery County, making the Cablevision of Utah franchise current as of this time. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

BUSINESS LICENSE - DONALD FLETCHER - THE WOOD SHED

Emery County Clerk, Bruce Funk, presented to the Commission application for a business license from Donald E. Fletcher, dba The Wood Shed in Cleveland, Utah. The type of a business is chain saw and small engine repair. He noted that it has received approval of Planning and Zoning Technician Mark Tanner and is being presented to the Commission for their consideration. Whereupon, motion was made by Commissioner Bevan Wilson to approve the application, authorizing Commission Chairman Clyde Conover to sign the same. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(8)
TREASURER'S BUSINESS

a) Treasurer's Bond - Emery County Treasurer, Elaine Wilson, informed the Commission that in the past, she has been bonded for \$400,000 and based upon that fact has solicited bids from Mark Justice of Service Insurance Company who bid coverage in the same amount for a cost of \$6,120.00. Also received was a bid from J.D. Banasky of Banasky Insurance Agency, which bid was received by phone, and the cost would be just under \$4,000.00. The Commission discussed whether Mrs. Wilson needed to be bonded for \$400,000 or if it could be reduced to \$300,000. Mrs. Wilson indicated that the bond amount is based upon the budgeted gross revenue of the previous year in which case \$300,000 would be sufficient. Whereupon, motion was made by Commission Chairman Clyde Conover to authorize Emery County Treasurer, Elaine Wilson to solicit a bid from Mr. Banasky for coverage in the amount of \$300,000. It is anticipated it would be at an approximate cost of \$3,000 for the four-year coverage and that authorization be given to immediately execute a warrant and hand-written check if required, in order to obtain bonding by January 1, 1987. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

b) Personnel Matters - Emery County Treasurer, Elaine Wilson, indicated that Jan Peterson, presently in the Treasurer's Office, will transfer into the Assessor's Office January 2, 1987. She indicated that she is in urgent need of help in her office and requested approval to begin a permanent part-time position effective January 1, 1987. She further inquired as to whether employee rosters created in other offices could be used rather than go through the recruitment process at this time due to the shortage of time. After discussion, it was decided that it would be in ghte best interest of Emery County to proceed with outside advertising of the position, noting that there have been ambiguities on vacancies advertised in the Courthouse in the filling of positions. Therefore, the position is to be advertised in the paper December 24 and 31. Whereupon, motion was made by Commission Chairman Clyde Conover that the Treasurer's office proceed with advertising and filling a permanent part-time position in the Treasurer's office in accordance with Emery County personnel policy. The person is to be hired at the rate of \$5.90 per hour, not to exceed 30 hours per week and is to have pro-rated benefits. Ratification of hire can be made with the Commission by phone prior to the first Commission meeting in January. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

PERSONNEL ACTION

a) Transfer of Jan Peterson - Personnel Technician Pat Snowball presented to the Commission the personnel action form for Jan Peterson of the Treasurer's office who is transferring to the Assessor's office, effective January 2, 1987. Whereupon, motion was made by Commissioner Bevan Wilson to accept the personnel action form and authorize the transfer of Jan Peterson from the Treasurer's office to the Assessor's office effective January 2, 1987. She is presently at Grade 6, Step 4 and will be moved to a Grade 5, Step 5 upon her transfer to the Assessor's Office. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

b) Resignation of Karen Bean - Also presented was the personnel action form on Karen Bean of the Clerk's Office who has found other employment outside of Emery County. Therefore, she has requested termination of her employment with Emery County effective at 5:00 p.m. on December 31, 1986. Whereupon, motion was made by Commissioner Bevan Wilson to acknowledge receipt of the personnel action form and accept the termination of Karen Bean. In so doing he expressed appreciation to her for the outstanding service she has rendered to Emery County and to the Clerk's office and would like such a letter to come from the Commission to her. Motion was seconded by Commission Chairman Clyde Conover and approved by all members present.

ZONING RESOLUTION - PUBLIC HEARING

Commission Chairman Clyde Conover opened the meeting to Public Hearing at 11:28 a.m. for the purpose of receiving public comment and input into the consideration of considering changing the Emery County Zoning Ordinances which would eliminate the present ten acres with five irrigatable acres to that of five acres only as required for a single-family dwelling. The meeting was then opened up for public comment. Those expressing comment are as follows:

- Tom Humphrey, Mayor of Orangeville - He expressed concern that such a change would have its drawbacks to the cities. They have provided water and sewer to properties in the past which have been annexed into the city and the costs have been excessive. Therefore, he would support leaving the ordinance as it is written.

- Homer Davis, Resident of Green River - He felt Emery County should not

have the authority to arbitrarily set the acreage requirements in which

to build, that it was against the constitution. He further felt that Green River has not told the remainder of the County how to do things and, therefore, would ask that the County did not prescribe to Green River how they should set up their zoning requirements. He further felt that possibly the Green River residents were subsidizing other projects in the County.

Public Hearing, cont. . . .

- Mr. Darrel Leamaster speaking on behalf of the Castle Valley Special Service District - He read a letter from the Special Service District Board, dated December 17, 1986, wherein the Castle Valley Special Service District strongly opposed any change in the zoning regulations. They feel it would remove the teeth and encourage growth and expense outside the city. The problems of water and sewer are more effectively and efficiently handled within cities and are at reduced costs. The cities at the present time have a capacity to expand to twice their size, indicating that they have many open lots available within the city boundaries.

Mr. Leamaster also pointed out that the original intent for the zoning regulation and for these strict requirements was to encourage the growth and expansions to occur within the boundaries of the cities. It was felt that in controlling this growth within the cities that the problems associated with growth could be more effectively handled. This basic reasoning has worked well since its establishment. To have people move in the outlying areas would encourage an expenditure for water and sewer systems and roads, and could not be supported by the already burdened County budgets. He further noted that the district has spent nearly \$30,000,000 for the facilities in the communities. At present time, the district is about \$16,000,000 in debt. The cities are also deeply in debt, with these debts needing to be repayed. His concern is that if people are able to move outside the boundaries of the city, they would be able to avoid the tax burden associated with repaying these debts. This would result in the tax burden being shifted to the local residential tax payers within those boundaries. He further concluded that should this be allowed, those tax payers who live within the town boundaries end up, in fact, subsidizing those who live outside the general county area. He noted that the Board did not believe this was fair or right, that they believed in continuing to encourage people to settle in the communities. Therefore, in conclusion, services would be duplicated and such a change would prove to be wasteful and against the public trust. Costs of government services are less if people are confined within the boundaries of cities.

- Mr. Eugene Johansen, Castle Dale City Council Member - Mr. Johansen

expressed opposition to change the 10-acre requirement. Cities, speaking of Castle Dale City, are able to accommodate growth at the present time and offer such services as police, garbage, fire and such an ordinance change would create shanty towns. He further emphasized that city residents subsidize those who dwell in the counties and would shift additional tax burden to agricultural lands.

- Mr. Duane Collard, Commissioner-elect - He indicated the water requirement should be eliminated. Whether the 10 acreage should be reduced to 5 acreage might be feasible in some areas of the County, but basically would be against reducing the acreage if it would eliminate the agricultural region as originally intended.

Page Eight
Commission Minutes
December 18, 1986

Public Hearing, cont. . . .

- Mr. Mark Tanner, of Emery County Planning and Zoning - He responded to

some of the questions, indicating that the zoning regulations are constitutional. He did not foresee a real problem in residents moving to the County because they would in turn have to consider loss of their existing residence as well as the increased cost in moving. The major reason it was put before the people was that it had received much discussion over the years. Such a change would not encourage people to move into the County nor would it cause the creation of shanty towns.

- Mr. Craig Johansen, Resident of Castle Dale, Utah - He addressed the

Commission in that the zoning ordinance was put in place to encourage growth inside the cities. Considerable thought was given to it originally, establishing the 10-acre lot size and it is a good philosophy. He stated that the County would be courting disaster should they make any change with that ordinance. Before changing the ordinance, it would be considered what is taking place in Carbon County. They have a wide-open zoning ordinance which has allowed considerable growth outside the city area. He further noted that water, sewer and garbage in some of those areas runs as high as \$41.00 per month. Under the Castle

Valley Special Service District, and in most communities in Emery County, it averages \$11.00 per month. He further emphasized that people who are farther out are subsidized by those inside the cities. He gave an example of the telephone and the additional county roads developed for school bus traffic. It was his recommendation not to deviate from the original requirements.

- At this time, Commissioner Bevan Wilson read the letter received from Elmo town Mayor, Doyle L. Jensen, dated December 16, 1986 - Mayor Jensen indicated that Elmo town would like to register it's disagreement with the proposed reduction in required acreage needed for out-of-town residents. He further noted that the town has the ability to sustain and increase population and that it would be unfair to the present town population.

- Bruce C. Funk, Member of the Clawson Area Water Improvement District and resident of Emery County - He addressed those present indicating he felt those who build in the County, in which he was one, provided much of the costs of their own services such as water, septic tank systems, etc. He noted that the reduced acreage would eliminate taking good farm ground out of production for the location of a residence which could be located on less desirable property. Such a change would eliminate the many present weed patches throughout the County in which residents are not capable of taking care. It would also be argued that those residents living in the County also subsidize those people in the towns. It is felt that both benefit from the services provided in each area. Also of concern, in reference to the wilderness issue, were the shares of water taken out of production in which the possibility exists that we could lose the use of that water. He indicated that in Duchesne, who

Page Nine
Commission Minutes

Public Hearing, cont. . . .

also had the 10-acre zoning requirement which did not work effectively, it had been amended to read, "isolated lots", which still proved unsatisfactory. They do very little policing of that ordinance as he understands it.

- Jim Fauver, Resident of Castle Dale - Speaking neither in behalf of
or
against the proposed resolution, he indicated that with the five-acre

parcels the value of the land would be increased. He concluded, stating that the green-belt applies to five acres minimum in which you can show a farm income of \$1,000.00.

The public meeting was closed at 12:18 p.m. in which Commission Chairman Clyde Conover expressed appreciation to those coming out and voicing their opinion. He stated that no decision would be reached at the present time.

In discussions later in the day, in consideration of the zoning change, Mr. Floyd McKee of Huntington addressed the Commission, having been misinformed as to the time of the public hearing. The Commission gave him the opportunity to express his concerns. Mr. McKee was very concerned over the zoning laws, indicating that they are too restrictive. He indicated that he has property with all the requirements except the frontage and was never able to get an adjustment through the adjustment board. He felt that such regulations are discriminatory. He asked if a change in the frontage could be considered, as he wants to build a nice home, and was here to make a change if possible.

Mr. Johansen, of the Attorney's Office, responded to Mr. McKee stating at the present time they are not considering a change in the frontage. Originally when Mr. McKee went before the Board of Adjustments he was correct in that they could not legally make a frontage adjustment. Commissioner-elect Duane Collard further indicated to Mr. McKee that through Mark Tanner of the Attorney's Office and himself, they would look into the possibility of an alternative way to bring his property in compliance if possible.

Commissioner Bevan Wilson, as a matter of record, indicated as a Commissioner he could not support the present ten-acre zoning requirement. He indicated Emery County is presently in violation in not requiring compliance with the ordinance.

It was concluded that before such a zoning change can be made, a more indepth investigation should be conducted and considered by the new Commission. Therefore, no action would be taken on this matter at this time.

REAPPOINTMENT OF DORR HANSON TO CASTLE VALLEY SPECIAL SERVICE
DISTRICT

Darrell Leamaster, Director of the Castle Valley Special Service District informed the Commission that the present Board consists of ten members. Seven appointed by cities and three appointed by the Emery County Board of Commissioners. Presently, the Commission has the appointments of Paul Crawford of Ferron and Eugene Johansen of Castle Dale, who each have two years remaining on their four-year term. Mr. Dorr Hansen's term will expire as of the end of December. Therefore, it was the Board's recommendation to reappoint Mr. Hansen for another four-year term. Whereupon, motion was made by Commissioner Clyde Thompson to reappoint Dorr Hansen, of Huntington, Utah, as a Board Member for another four-year term. Motion was seconded by Commissioner Bevan Wilson and approved by all members present. The Clerk's office is to send a notice of appointment to Mr. Hanson.

ROAD DEPARTMENT WATER TRUCK PURCHASE

Commissioner Bevan Wilson indicated that approved in the Commission minutes of December 3, 1986, the Emery County Road Department was authorized to purchase a water truck. He further indicated they have located a 1980 Mack water truck in Roosevelt, Utah. They can take delivery now, provided they had a letter authorizing and assuring Sherm Leasing Company payment on the first Warrant List in 1987. Whereupon, motion was made by Commissioner Bevan Wilson to sign a letter to Sherm Leasing, Inc., that payment would be made by Emery County from the first warrant list in 1987. In return, Emery County could take possession of the 1980 Mack water truck. Motion was seconded by Commissioner Clyde Thompson and approved by all members present. Commissioner Wilson signed the letter and it was attested to by the Emery County Clerk.

ROAD DEPARTMENT - OLD EMERY HIGHWAY - BID AWARD

Commissioner Bevan Wilson indicated that engineer estimates for construction work on the old Emery highway road as approved in previous Commission meetings, was

\$93,350.00. He further indicated that bids had been received from seven contractors in the following amounts: Barney Construction, \$81,276.00; Hale Sand and Gravel, \$80,945.00; Nielsen Construction Company, \$79,684.00; Castle Valley Construction, \$78,592.00; Kent Stilson Construction, \$70,953.00; G & O Construction, Inc., \$59,260.00; Tony Saporas Construction, \$53,492.50.

After having all documents reviewed and approved by Johansen and Tuttle, because the bid fell short of the original engineers estimate and budgeted amounts, it was his recommendation that the Commission consider advertising and bidding out another phase of the project.

Also mentioned was the extension to the bridge and an estimated cost of \$14,000.00, with about \$2,300.00 in engineering. It was mentioned that some engineering costs could be saved if the award was given to Tony Saporas. Mr. Craig Johansen, of Johansen and Tuttle Engineering, indicated that he has concerns as to some of the construction practices of Tony Saporas Construction and didn't feel comfortable without going through a re-bidding process.

Therefore, it was recommended that the construction be bid out in three phases: 1) Emery City limits to the sub-station; 2) Sub-station to the County Road; and 3) County Road to the Christiansen Wash Cluvert. Craig Johansen, of Johansen and Tuttle Engineering, is to prepare a bid request for Phases 1 and 3. Phase 2 has been bid out and a Notice of Award has been signed for Saporas Construction, of Price, Utah, for the amount of \$53,492.50.

Whereupon, motion was made by Commissioner Clyde Thompson to accept the bid of Tony Saporas in the amount of \$53,492.50 for construction work on the old Emery highway. The two projects as discussed are to be bid as separate items at the same time for future consideration by the Commission after formal bids have been sent out and received. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

RE-SURVEY PLATS - RESOLUTION 12-18-86B

Mr. Craig Johansen, of Johansen and Tuttle Engineering, presented to the Commission survey plats covering 6 sections in Emery County. They have re-established section corners in 6 sections for an average cost of \$2,500.00 per section. He noted that all section corners have been surveyed, monumented and cemented in place. Presently, most areas surrounding cities are in place. He inquired if the Commission has a preference as to which area they should work next year. The Commission suggested they solicit input from Emery County Recorder, Ina Lee Magnuson on this subject. It was Commissioner Bevan Wilson's suggestion that Mr. Johansen meet with the new Commission and obtain their recommendations also. Mr. Johansen felt that they have done a good thing

Resolution 12-18-86B, cont. . . .

for the County and can hopefully pass on the savings to the tax payers. Motion was made by Commissioner Clyde Thompson to adopt Resolution 12-18-86B and authorize Commission Chairman Clyde Conover to sign the plats establishing section corners in sections 7, 8, 9, 16, 17 and 18 of township 21 South Range 16 East to the official plats of that portion of Emery County. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

CATTLE GUARD ORDINANCE #12-18-86C - ORDINANCE AMENDING THE ROADWAY ENCROACHMENT ORDINANCE 8-7-85A

Mr. Mark Tanner of the Attorney's office presented to the Commission proposed Ordinance #12-18-86C which amends the present roadway right-of-way encroachment Ordinance #8-7-85A. This incorporates into the original ordinance Road Department policy establishing the standardization of cattle guard design requirements regarding the installation and maintenance of cattle guards.

This ordinance would be incorporated and made a part of the original ordinance effective upon its publication. Mr. Tanner indicated the policy had primarily been written by Road Superintendent Rex Funk. Incorporating it as an ordinance would give the policy teeth and would enable Emery County to enforce said regulations. Motion was made by Commission Chairman Clyde Conover to adopt Resolution 12-18-86C, amending the original road right-of-way encroachment ordinance #8-7-85A in that the new ordinance standardizes the specifications and requirements associated with installation of cattle guards on Emery County roads. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

(17)

ATTORNEY'S BUSINESS - SHERIFF'S DEPARTMENT REPLACEMENT FURNACE CONTRACT

Emery County Attorney Scott Johansen presented to the Commission the prepared contract with Emery County and Kit Anderson, dba Price Sheet Metal. This will cover the replacement of the furnace in the Sheriff's office. Commissioner Clyde Thompson was authorized in previous Commission meeting to sign said documents which would be forwarded to Mr. Anderson by the County Attorney's office.

LAW ENFORCEMENT CONTRACT BETWEEN EMERY COUNTY AND GRAND COUNTY - RESOLUTION #12-18-86D

Emery County Attorney Scott Johansen presented to the Commission for their consideration Resolution #12-18-86D. This resolution authorizes the Emery County Sheriff's Department to provide law enforcement services to that portion of Green River including up and down the Green River which lies within Grand County. The resolution allows for the Commissioners of Grand County and Emery County to enter into the agreement as approved in the previous Commission meeting of December 3, 1986. Whereupon, motion was made Commissioner Bevan

INTER-GOVERNMENTAL AGREEMENT - CITY & TOWN ROAD OWNERSHIP RESOLUTIONS #12-18-86E, AND #12-18-86F

Emery County Attorney, Scott Johansen presented to th Commission Resolution 12- 18-86E. This resolution establishes the ownership of and responsibility for roads lying in incorporated areas of cities and towns within Emery County. He noted that there has been much confusion in the past as to ownership of certain roads found within incorporated areas of various cities and towns in Emery County. Therefore, the resolution provides that any and all roads which lie within the boundaries of an incorporated city or town within Emery County shall be the property and responsibility of that city or town. This includes any roads which are a part of an annexation of property within the boundaries at a later time.

Also presented was Resolution #12-18-86F which is a resolution approving the inter-governmental agreements with each community (agreements are not on file in the Clerk's office at this time). This resolution allows for the negotiation with each community concerning the various roads in question and allows for Commission signature upon reaching said agreement. Whereupon, motion was made by Commissioner Bevan Wilson, seconded by Commissioner Clyde Thompson to approve and adopt Resolutions 12-18-86E which defines the ownership and responsibility of roads within the boundaries

of cities to be that of the city or town and the adoption of Resolution 12-18-86F which provides for signing of any negotiated agreements with the incorporated areas of Emery County. Whereupon motion was approved by all members present.

(20)

AGREEMENT WITH FERRON CITY PURCHASE OF ROAD SHOP METAL BUILDING

Presented to the Commission was an inter-local cooperation act agreement between Emery County and Ferron City which allows for the transfer of one metal building of an approximate size of 70 feet by 95 feet. It was originally purchased by Emery County from the Utah State Agency for Surplus Property on May 29, 1985. In the agreement Ferron City agrees to assume all costs of shipping, transporting or erection of the building to and at the Ferron City Park site. Ferron City also agrees to transfer ownership and title of a mobile home type building, approximate size 12 by 60, serial #TDS-3016/11-83 currently located at the Ferron City Park. It was noted that the agreement was signed by Mayor Max Ralphs and had been previously approved by the Commission. Whereupon, Commission Chairman Clyde Conover signed the same, after which a copy will be forwarded to Ferron City.

LIBRARY - AGREEMENT FOR LEGAL AND AUDITING SERVICES

County Attorney, Scott Johansen, presented an agreement between Emery County and the Emery County Library Board. The agreement provides for Emery County to provide certain services and charge on an hourly basis. He noted that services have been provided in the past and that this is to provide a written agreement of understanding between both parties. Whereupon, motion was made by Commissioner Bevan Wilson to approve on behalf of the Commission the agreement to be forwarded on to the Library Board for their signature with one copy to be returned to the Clerk's files. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

CO-OP MINE TOWN SITE

The Commission inquired of County Attorney, Scott Johansen as to the status of the proposed Co-op Mine town site. County Attorney, Scott Johansen indicated that they are waiting for work to be completed by the other party. After discussion, it was the

recommendation of those present that should proper compliance be made with all requirements that in order to incorporate as a town, an additional condition be made that the mine site be cleaned up prior to status as a town.

(23)

SAM ROWLEY - BLM - STEWARDSHIP PROGRAMS

Mr. Sam Rowley, of the Bureau of Land Management, came before the Commission to discuss the stewardship program which is a management resource program. Mr. Rowley indicated they do not have any in operation now, other than some areas originally set up on an experimental basis. The stewardship program is a result of the public range land improvement act of 1978. The purpose of the intent of the leasee is to improve the rangeland and obtain better cooperation between all the agencies involved. Selection is based upon the innovation, the cooperation and an effort to improve and make better rangeland conditions. He noted that there are only sixteen areas being tried at the present time which cover about twelve million acres. There is only one unit in Utah near Randolph. Some of the criteria used in conjunction with the forest was: 1) The rangeland had to be in fair to poor condition, 2) It had to have a variety of conflicts with livestock, 3) There had to be an EIS on grazing completed, 4) Have user consent and a reasonable chance of success, 5) Have a high diversity, 6) Have goals and objectives which are obtainable and 7) Dollar funding. With the BLM and individuals: 1) All had to participate, 2) They had to be good range operators, 3) BLM had to have the management dollars to monitor and to supervise.

The advantage is it would make both parties aware of the demands on each other. Right now because of law suits from environmentalists, there has been a hold placed on any future stewardship programs. He suggested that possibly the Coordinated Resource Management program offers possibilities. A piece of land

through joint management of various agencies, such as being done on the Indian Creek area, which involving the BLM, the State of Utah, and the Department of Wildlife Resources, which are working to improve range area He suggested that consideration might be given to the Huntington Canyon area where more than one agency is involved in ownership. Commissioner Clyde Thompson questioned whether the CRUMP program could co-exist with wilderness. Mr. Rowley responded that he didn't think so. Commissioner-elect Duane Collard inquired if the area could include recreation as well as natural features in a need to provide protection. Mr. Rowley responded that would go with this particular program. In response to a question by Mr. Truman in regards to

endangered species, Mr. Rowley responded that the laws are very restrictive as to the protection of endangered species. Mr. Scott Truman, of the Emery County Economic Development Council, asked if such a program could be used in coordinating the efforts of information, signing the interstate road. Mr. Rowley indicated that it would be a very good and practical place to start where there are a number of agencies involved. Mr. Rowley indicated that funding is a problem from the BLM's aspect, but could be part of their management planning. Wherein Mr. Rowley requested that any such request be done in writing and would be identified within their planning effort. Whereupon, Commission Chairman Clyde Conover asked that Economic Development Director Scott Truman write up the request and be designated as the contact person.

In conclusion, Mr. Rowley discussed clean-up of the Huntington Canyon Creek area. He noted that they have cleaned up the debris on the Huntington Creek on the public lands. He further noted that there is still much debris on private land and suggested that the County get in touch with the land owners and have them do something to remove that debris. Mr. Rowley informed Commissioner Bevan Wilson of his appointment to the BLM District Advisory Council and that he should receive a letter confirming that appointment. The Commission expressed appreciation for the efforts, work and cooperation of the BLM and Mr. Rowley.

MEETING ADJOURNMENT

Motion was made by Commissioner Bevan Wilson AT 4:55 p.m. to adjourn the meeting, seconded by Commissioner Clyde Thompson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

January 7, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by acting Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commission Chairman Clyde Thompson.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of the December 18, 1986, Commission Meeting were reviewed and corrected. Motion was made by Commission Chairman Clyde Thompson to accept the minutes as corrected. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, indicated that there was no new Warrant for Commission signature and that Warrants #864253 through #864462 closing out the year 1986 had been previously signed by the Commission. Therefore, motion was made by Commission Chairman Clyde Thompson to ratify the signing of those Warrants at the conclusion of 1986 as well as the two hand-written Warrants also previously signed. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

The following requisitions were presented for Commission signature and consideration. It was noted that Requisitions #56 and 57 had been previously signed by the former Commission at the the conclusion of the calendar year 1986. Also presented was requisition #1, which had already been signed by the new Commission on January 5, 1987. Requisitions approved and signed were as follows:

Req. #	Item and Department	Cost	Action
56	Personal Computer, Dot Matrix Printer, Printer Cable - Assessor	1,756.70	
Approved			
57	Personal Computer, Daisy Wheel Printer - Planning & Zoning	4,155.00	Approved
1	Computer Software - Data Process.	699.00	
Approved

Motion was made by Commissioner Duane Collard to ratify the signing of the above-mentioned requisitions for purchase. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(3)

UTAH POWER & LIGHT SERVICE CONTRACT - CHEMICAL STORAGE BUILDING

Emery County Auditor, Karen Truman, presented to the Commission the service agreement as prepared by Utah Power and Light to furnish electrical power to the Chemical Storage building at a cost of \$344.00 minimum per year for a period of five years. This agreement is similar to others done in the past. Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to approve and authorize the signing of the agreement by Commission Chairman Clyde Thompson. Motion was approved by all members present.

(4)

ATTORNEY'S BUSINESS

A) Public Defender - Emery County Attorney, Scott Johansen, together with Emery County Auditor, Karen Truman, discussed with the Commission a request by the Emery County Public Defender Allen S. Thorpe. Mr. Thorpe has requested payment for travel in the amount of \$14.00. Although the Public Defender is directly responsible to the Commission, they noted it has been the policy of previous Commissions to have the County Attorney's office look over all expenditures by the Public Defender. Mr. Johansen indicated that as Public Defender, Mr. Thorpe has been paid a total of \$20,000.00 annually. One-half of that is salary and the other one-half is reimbursement for expenses. Mr. Johansen indicated it would appear that such travel expense would come out of the expense portion. However, because this claim is new, it is his desire to call it to the attention of the Commission since a line item did not exist for reimbursing expenses. After discussion, it was the consensus of the Commission that this item be referred back to Mr. Thorpe with the recommendation that the County Attorney's office consider preparation of an agreement of understanding between all parties.

B) Equipment Refinancing Consideration - County Attorney, Scott Johansen, reported to the Commission on their request to have him and the auditor's office look into the feasibility of refinancing equipment owned by Emery County as recorded in the Commission Minutes of December 15, 1986. Mr. Johansen reported in reference to refinancing the Court House and in discussions with the bank, it appears the balance owed on the Courthouse is approximately \$700,000, with payoff in the year 1991. The present loan is on a graduated interest rate of 7.6% and will increase to 8.125%. If the Courthouse was to be refinanced, there would be a \$25,000 up-front issuance cost. Therefore, it was his recommendation that the Courthouse not be considered for refinancing at this time. In reference to equipment refinancing, he indicated that some of the fire trucks have an outstanding indebtedness of approximately \$40,000 which is in a lease purchase agreement at 18%. Refinancing could reduce that to 6- 7/8% over three years or 7-7/8% over five years. There would also be an additional cost of a 1-1/2% origination fee. It was Mr. Johansen's recommendation that the Commission have him continue to pursue the feasibility

Attorney's Business - Equipment Refinancing Consideration, cont. . . .

and the practicality of refinancing equipment at this time. It was the consensus of the Commission that they would support Mr. Johansen in this effort.

C) Tax Anticipation Note - \$5,000,000 - County Attorney, Scott Johansen, reviewed with the Commission the Tax Anticipation Note that Emery County is eligible. The County could borrow a maximum of \$5,000,000 based on calculations of its revenue short-fall. He further indicated that the maximum amount would have to include all subordinate agencies such as the Castle Valley Special Service District who might need approximately \$200,000 in order to complete their projects. County Attorney, Scott Johansen would look into the possibility of loaning the said amount to Castle Valley Special Service District. Mr. Johansen indicated to the Commission that bids had been sent out to several lending institutions, however, the only bid received was from Zions First National Bank at a rate of 5.2%. He further indicated that he has since received a bid from Prudential Bache in the amount of 4.75%. The bid with Zions First National Bank would guarantee a .75% spread on money throughout the year and interest at a rate of 5.95% would be paid on the savings retroactive to January 1. After discussing the recommendations and consideration of the County Attorney, it was the consensus of the Commission and motion was made by Commissioner Duane Collard to accept the bid of Zions First National Bank for a maximum of \$5,000,000 at the rate of 5.2%, to be due December 31, 1987. County Attorney, Scott Johansen is to check with the Castle Valley Special Service District and Bond Council to see what arrangements or accommodations could be made should the Castle Valley Special Service District be in need of money. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

D) Grand County Sheriff Agreement - Emery County Attorney, Scott Johansen, presented the agreement originally approved in the Commission Minutes of December 3, 1986, and December 18, 1986, for Commission signature. The agreement provides for the Emery County Sheriff's Department to provide law enforcement services in those parts of Grand County, in an around the Green River. The amount of the agreement is \$10,000 annually. The understanding of the Commission is that this agreement is retroactive to January 1, 1986. The agreement was signed by Commission Chairman Clyde Thompson with copies to be forwarded to the Grand County Commission.

(5)
PROPERTY TRANSFER

Emery County Attorney, Scott Johansen, discussed with the Commission a request by Joe Luke to transfer a 16 foot wide strip of property presently belonging to Emery County to Mr. Luke. The strip of property under consideration is on what is known as "Pig Hill,

West of Orangeville on the Road to Joe's Valley". He further noted that this request has also been made in previous years, however, nothing had been done. He noted that the property is of no value to Emery County. Road Superintendent Rex Funk indicated that he has looked at the property and it has no value to the Road Department. Mr Funk noted the fence

Page Four

line is partly inside Mr. Luke's property. After discussion, motion was made by Commission Chairman Clyde Thompson to authorize the transfer of the property to Mr. Luke, thereupon entering it on any tax roles of Emery County. Commission Chairman Thompson is authorized to sign the deed and the County Attorney's office is to negotiate any reasonable amount for the purchase. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(6)
STIPULATION WITH TAX COMMISSION

The Commission was reminded of the need to ratify the signature of Commission Chairman Clyde Thompson, stipulating with the Tax Commission setting the factor order for 1987. Signing of the stipulation was based upon recommendation of Emery County Assessor James Fauver. The stipulation has been negotiated by Mr. Fauver and the Tax Commission and represents the best settlement possible. Mr. Fauver further noted that a hearing or appeal as approved in the Commission Minutes of December 18, 1986, would not be beneficial because the Assessor's office data agrees with the Tax Commission data. He indicated an increase in the taxable value as per the stipulation is, in fact, necessary. According to Emery County Assessor, James Fauver, the Assessor's office did not have sufficient information available at the time to meet the County's burden of proof in such an appeal hearing. Whereupon, motion was made by Commissioner Jerry Mangum to ratify the signing of the stipulation order with the State Tax Commission signed by Commission Chairman Clyde Thompson and approved by the Emery County Commission on January 5, 1986. Motion was seconded by Commission Chairman Clyde Thompson and approved by all members present.

(7)
PERSONNEL ACTION

A) Geneal Cox Retirement - Emery County Personnel Technician Pat Snowball presented the personnel action form on Geneal Cox who retired from Emery County effective January 2, 1987. Motion was made by Commissioner Jerry Mangum to accept the personnel action form and the retirement of Geneal Cox effective January 2, 1987. A

note of appreciation is to be sent to Mrs. Cox on behalf of the Commission by Commission Secretary Pt Snowball. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) The following personnel action forms were presented to the Commission for a job classification as an EMT I as a permanent part-time position to be paid at the rate of \$10.00 the first hour then \$7.00 for each additional hour retroactive to December 31, 1986: M. Bernadette Potter, Jeannette Wilcox, Julia Anne Larsen, Tracy Cartwright, and Janet Magnuson. Motion was made by Commissioner Jerry Mangum to accept the personnel action forms and the classification as EMT's on the above-mentioned individuals effective December 31, 1986. Motion was seconded by Commissioner Duane Collard and approved by all members present.

Page Five
Commission Minutes
January 7, 1987

C) Elected Officials - Also presented to the Commission were the personnel action forms for all the elected officials of Emery County. The purpose of the forms is to have on file in the Auditor's office the Social Security numbers and the effective date of their employment.

D) Road Department - Lynn Miles - Discussed with the Commission was the need to extend the temporary seasonal employment time for Lynn Miles to terminate on February 24, 1987. Motion was made by Commissioner Jerry Mangum to extend the temporary seasonal work for Lynn Miles to February 24, 1987, or not to exceed a total of 90 days as a temporary seasonal employee of the Road Department. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(8)
SHERIFF'S BUSINESS

Emery County Sheriff Lamar Guymon requested of the Commission permission to purchase a 15' metal boat with a 65 hp motor which includes a jet and a prop drive for the Sheriff's Department. The boat would be for use on search, rescue and investigation work. He further noted that this boat had been used this past summer in searching for the victim on the San Rafael River. The boat is available from Ben Coomer of Green River, Utah, for \$2,000. Whereupon, motion was made by Commission Chairman Clyde Thompson to approve the purchase of the boat and motor from Ben Coomer in the amount of \$2,000 for the Sheriff's Department. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(9)

LOCAL GAS TAX OPTION

Commission Chairman Clyde Thompson indicated that he received a questionnaire in regards to the local gas tax option, indicating that Counties to the north are interested in the option. The questionnaire is through the Association of Governments, and consideration of such an option would not obligate Emery County to participate. Commissioner Duane Collard indicated that he would be in favor if it would reduce the property taxes. The resultant tax would be used for County roads. Whereupon, after discussion Commission Chairman Clyde Thompson indicated that he felt he had a consensus as to the direction the Commission would like to pursue and therefore, would fill the questionnaire out and return it accordingly.

(10)

ADJOURNMENT FOR LUNCH

The Commission adjourned for lunch at 12:20 p.m. and reconvened at 1:30 p.m. with all members present.

(11)

CLAWSON AREA SEWER AND WATER IMPROVEMENT DISTRICT - TAXING DISTRICT

Bruce Funk of the Clawson Area Sewer and Water Improvement District came before the Commission. Mr. Funk requested the Commission to authorize the formal breaking out on the tax roles the properties within the boundaries of the Clawson Area Sewer and Water Improvement District. The purpose of the request at this time is to enable the district to establish the assessed valuation. Mr. Funk indicated should any future tax assessment be considered, it would be more thoroughly reviewed with the County Attorney's office and the Commission. Whereupon, motion was made by Commission Chairman Clyde Thompson to authorize the County offices to break out the properties of the Clawson Area Sewer and Water Improvement District as a separate taxing entity for the purpose of establishing the assessed valuation. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(12)

JUDICIAL BICENTENIAL - BRUCE C. FUNK, CHAIRMAN

Commission Chairman Clyde Thompson reviewed with the Commission on behalf of the State Court Administrator's Office and the Judicial Bicentennial Committee, their request

to establish a chairman for this Committee in Emery County. The Chairman will be the person in Emery County whom they can mail information to as well as coordinate the placement of exhibits. Whereupon, motion was made by Commission Chairman Clyde Thompson to appoint Emery County Clerk, Bruce C. Funk, as the Chairman of the Judicial Bicentennial Committee for Emery County. Commission Chairman Thompson further recommended the Commission, in turn, appoint a Vice-Chairman of the Committee. They suggested they solicit someone who has been previously involved in the Freeman Institute as Vice- Chairman. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(13)

UTAH TAX PAYER ASSOCIATION OPINION SURVEY

After discussion of the opinion survey submitted to the Emery County Commission by the Utah Tax Payers Association, it was the consensus of the Commission that this opinion survey be given to Commissioner Duane Collard for completion. Commissioner Collard is to submit the completed opinion survey back to the Utah Tax Payers Association.

(14)

MEETING ADJOURNMENT

Motion to adjourn the meeting was made by Commission Chairman Clyde Thompson at 2:06 p.m., motion was seconded by Commissioner Jerry Mangum and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

January 15, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; Auditor, Karen Truman; and Clerk, Bruce C. Funk.

(1)

PUBLIC HEARING - 1986 BUDGET AMENDMENTS - RESOLUTION 1-15-87

Commission Chairman Clyde Thompson opened the meeting for public comment on the Commission's consideration to open the 1986 Budget and amend the Emery County 1986 General Fund Revenue and Expenditure Budget, Capital Improvement Budget and Debt Service Budget. Commission Chairman Thompson further noted that this is required because of revenue shortfalls or surpluses which were not anticipated at the setting of the 1986 budget. These include such things as a State Highway grant in the amount of \$598,441.00, and the Utah Power & Light tax payment made under protest as well as department adjustments.

Commission Chairman Clyde Thompson requested if any anyone wished to give comments on the proposed amendments as covered under Resolution 1-15-87. There being no other persons present and no comments received, motion was made by Commissioner Duane Collard to adopt Resolution 1-15-87 which opens and amends the 1986 Emery County General Fund Budget, Capital Improvements and Debt Service Budgets as presented. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(2)

OTHER BUSINESS

A) Discussed with the Commission was a notice received from Castle Dale City on proposed property annexation which would transfer property belonging to Lowdermilk Cement Company and a a portion of Ghost Road to Castle Dale City (2.66 acres total). County Attorney, Scott Johansen, advised the Commission that they had 20 days in which to respond should they object to the transfer. It was the consensus of the Commission that they could see no problem in annexing the property as described. The Clerk's office is to secure a plat as to the exact property in question for review at the next Commission meeting.

B) Also, the Clerk's office was requested to contact the Clawson Mayor and Council and set up an appointment for their appearance at the next Commission Meeting to discuss the ownership of roads located within the boundaries of Clawson town limits.

(4)

TAX ANTICIPATION NOTE - RESOLUTION 1-21-87

Presented to the Commission was Resolution 1-21-87. The Resolution authorizes the purchase of a \$5,000,000 Tax Anticipation Note from Zions First National Bank, with an interest rate of 5.20% effective January 1, 1987, and due on December 31, 1987. It was noted that a 24-hour notice had been given to the public stating the date, time and place of the Emery County Board of Commissioners meeting to review this Resolution. The Resolution was introduced in written form by Commission Chairman Clyde Thompson. After discussion, motion was made by Commissioner Duane Collard to approve and adopt Resolution 1-21-87, seconded by Commissioner Jerry Mangum and approved by all members present.

(5)

PLATEAU MINING - DONATION - EMERY COUNTY BEAUTIFICATION

Commission Chairman Clyde Thompson presented to the Commission a check from Plateau Mining Company, a subsidiary of Cyprus Coal Company in the amount of \$1,000.00 to go toward the Emery County beautification. Plateau Mining has requested that it be used to assist in the improvement and maintenance of park and recreation areas which benefit the residents of Emery County. Commission Chairman Thompson advised the Commission that the policy in the past has been that donations be deposited in the General Fund to later be stipulated as to which projects it will go towards. The Clerk's office is to prepare a letter of thanks to Plateau Mining for Commission signature.

(6)

UTAH WATER USERS ASSOCIATION - CLYDE CONOVER REAPPOINTMENT

Commission Chairman Clyde Thompson read a letter received from the Utah Water Users Association. The letter indicates that Clyde Conover of Ferron, Utah has previously served on their Board of Directors in which Emery County is represented by District #7. It was their recommendation that Clyde Conover be reappointed as a member to serve on the Board of Directors. Motion was made by Commission Chairman Clyde Thompson to reappoint Clyde Conover of Ferron, Utah, to serve on the Utah Water Users Association, pending his acceptance. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(7)

CLAWSON TOWN - MAIN STREET OWNERSHIP

The following came before the Commission: Clawson Mayor Wade Riley, Council Members Colleen Everidge, Gary Price and Clay Gasser. Mayor Wade Riley, together with Council Member Colleen Everidge, discussed with the Commission their understanding as to ownership of the Main Street through Clawson. They noted they had always understood Main Street was a County road until last Fall when they requested assistance from the Commission in paving the road. At that time they received paperwork indicating all streets within the boundaries

Page Four

Commission Minutes

Clawson Town, cont. . . .

of the township were the responsibility of the town itself. Clawson town minutes were read to the Commission indicating the original agreement was Emery County would lengthen the culverts, clean the sides of the roads and bring the road up to an acceptable standard after which Clawson would take ownership. They agreed Emery County has been very good to maintain and do repair on the road and that they had, in fact, lengthened the culverts and cleaned the side burrow pits. However, the County had not brought the road up to the acceptable grade as they had originally understood. Concern was expressed that because of the narrow width it was basically a one-way road and in order to pass the school bus, one of the vehicles, or both, would have to drive off the side of the asphalt. It is potentially dangerous not only to the town but also to school children. Emery County Road Superintendent Rex Funk discussed the UDOT map which shows all the roads within the boundaries of Clawson belonging to Clawson. He noted in the past, Clawson since their incorporation has received all the Class C road monies for that road. It was his understanding that while working with then Mayor Joseph Jensen, the culvert extensions and road work done at that time was acceptable. The concern of Clawson was that since the road was turned over from the State of Utah to Emery County back in the 1950's it has not received any major attention and has continued to deteriorate over the years. The amount of Class C road monies Clawson receives would not enable them to

save enough money to make the necessary repairs. The amount received is approximately \$1,000 or less per year. Their purpose in coming before the Commission was for some assistance and consideration in this matter.

It was the consensus of the Commission to do what can be done legally. The Commission will have to take it under advisement at this time. Zoning Technician Mark Tanner advised the Commission that at present, the County has followed legally in turning all roads within their boundaries over to the cities and towns. The County has and can absolve themselves of the road. Commissioner Duane Collard indicated that the town is disadvantaged without the Service District and the County is in the driver's seat to determine the direction the County wants to go. He noted this does not mean the County would abandon Clawson town, but if there is something that can be done, they will do it. They would like more time to take it under advisement and will discuss it at greater lengths with the Attorney's office and the Road Department.

(8)

HOUSING AUTHORITY

The following came before the Commission indicating they had been possibly discriminated against in their application for low income housing: Tommy Danks, Kenneth Sweeney, and Elsa Camara. Commission Chairman Clyde Thompson reviewed the hiring practices and records of these individuals, noting all items seemed to be in order. He further noted that Elsa Camara was evicted because she was not in compliance with the rules and regulations of low income housing. Commission Chairman Clyde Thompson indicated that if they wish to take any further action, they should meet with the Board of the Emery County Housing Authority. They were then referred to Commission Secretary Pat Snowball for Housing Board meeting locations and dates. No action was required by the Commission at this time.

MAUGHAN GUYMON - EMERY COUNTY SENIOR CITIZENS

Maughan Guymon, Area Director of the SEUALG, together with a number of senior citizens came before the Emery County Commission. Commission Chairman Clyde Thompson reminded the senior citizens that they had all the rights that any other citizen does, that they too have many privileges such as a place to meet, buses, and other things the County provides to them.

At this point, Commission Chairman Clyde Thompson turned the meeting over to Maughan Guymon who indicated he was not sure what the question or the concern was of the group. After some discussion, the concern of the group was that the dance club and presidency had been reorganized under the aging group. This reorganization had been done in order to save them the cost of paying rental as a non-profit group for use of

the centers. The concern of the group is that the majority did not and were not able to vote on this subject, although they did agree that those assigned as volunteers over the dance club were well qualified and acceptable, but left previous officers uncertain as to their responsibilities. They further discussed the methods of contributions and auditing trails. Also discussed was the County ownship of buildings and their right to use the facilities. Mr. Guymon expressed his concern and interest for the dance club to continue, as it is a beneficial program for all. Whereupon, appreciation was expressed by the Commission for the group showing interest and coming before the Commission. It was the Commission's recommendation that concerned individuals meet with Area Director Maughan Guymon and work out any problems appear to still be concerning them.

(10)

ADJOURNMENT FOR LUNCH

The Commission adjourned for lunch at 12:20 p.m. and reconvened at 1:22 p.m. with all members present.

(11)

COMMISSIONERS CREDIT CARD APPROVAL

Motion was made by Commission Chairman Clyde Thompson to add the names of Commissioners Duane Collard and Jerry Mangum to the credit cards owned by the Emery County Commission and that they be issued cards in their names. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(12)

TREASURER'S BUSINESS - PERSONNEL ITEMS- LOUISE JOHANSEN - GAYLA WILSON

Emery County Treasurer, Elaine Wilson, presented the personnel action forms for Gayla Wilson, who is a full-time permanent employee in the Treasurer's office as a Chief Deputy Treasurer and has been hired on a Grade 6 Step 1. Also presented was the form for Louise Johansen of Orangeville who is a permanent part-time employee to be paid at the rate of \$5.90 per hour for an average of 30 hours per week. Emery County Treasurer, Elaine Wilson, made a request of the Commission that Mrs. Johansen receive full insurance benefits. Whereas the

Page Six

Commission Minutes

Treasurer's Business, cont. . . .

policy requires a permanent part-time position employee have pro-rate benefits. Mrs. Johansen was hired on a maximum of 30 hours per week, wherefore she would receive from Emery County 3/4's participation and 1/4 participation by herself on any insurance

benefits. Also requested of the Commission was if this could not be done that Mrs. Johansen be hired as a full-time person. This would bring the staffing of the office back up to what it was prior to Mrs. Wilson's taking office. Called to the attention of the Commission was that Mrs. Johansen's personnel action form showed an hourly rate of \$6.59 per hour. This to comply with the salary schedule. It was the consensus of the Commission that the hiring of Mrs. Johansen be left at \$5.90 per hour as originally approved and that she was entitled only to pro-rated benefits. Whereupon, motion was made by Commission Chairman Clyde Thompson to approve the hiring of Gayla Wilson as a Deputy Treasurer at a Grade 6, Step 1, effective January 20, 1987, (this motion was amended to include in the original motion to change the classification of Gayla Wilson from Chief Deputy Treasurer to Deputy Treasurer) and to also approve the personnel action form on Louise Johansen as a permanent part-time employee, not to exceed an average of 30 hours per week to be paid at the rate of \$5.90 per hour and to receive pro-rated benefits in accordance with the Emery County Personnel Policy to have an effective date of January 20, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(13)

PERSONNEL ACTION - ASSESSOR'S OFFICE - DATA COLLECTORS

Emery County Personnel Technician, Pat Snowball, presented a request on behalf of Emery County Assessor, James Fauver, to hire three data collectors to assist in the re-evaluation of Emery County properties. This request is for three data collectors to be temporary seasonal employees. Date of hire as soon as possible and to conclude on or about May 15, 1987. The requested salary was \$5.90 per hour. Mrs. Snowball indicated that they would further recruit through Job Service as has been done in the past. Whereupon, motion was made by Commissioner Jerry Mangum to approve the hire of three data collectors for the Assessor's office as temporary seasonal employees to assist in the re- evaluation of Emery County properties whose term of employment should run through approximately May 15, to be paid at the rate of \$5.90 per hour. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(14)

UPDATE ON ROAD OWNERSHIP WITHIN THE CITY LIMITS

Emery County Attorney Scott Johansen informed the Commission that the following cities and towns either have signed, will sign or will not sign the agreements previously submitted to them transferring ownership of certain roads within boundaries of the cities and towns to themselves. Castle Dale will sign; Clawson at the present has indicated they will not sign; Cleveland has signed; Elmo will sign if the road which is on the Federal Aid Secondary System is eliminated from their responsibility (it was the consensus of the Commission that any funds received by Emery County should be turned over to

ADDENDUM TO THE BUILDING MAINTENANCE CONTRACT

Emery County Attorney, Scott Johansen, presented an addendum to the building maintenance contract of June 22, 1985, with Dennis Fuller. The addendum adds Dennis Fuller and his family to the Emery County insurance program as discussed in previous Commission minutes. Whereupon, motion was made by Commission Chairman Clyde Thompson to approve the addendum, providing Dennis Fuller, Jr., and his family insurance benefits. Motion was seconded by Commissioner Jerry Mangum and approved by all members present. The effective date is January 1, 1987.

(16)

HEAD START BOARD APPOINTMENT

After discussion, motion was made by Commissioner Jerry Mangum to appoint Commissioner Duane Collard to serve on the Head Start Board and that Les Jones be reappointed for another two-year term. The position filled by Commissioner Duane Collard will run through the end of 1987, noting this opening was previously unfilled. Motion was seconded by Commission Chairman Clyde Thompson and approved by all members present.

(17)

LIBRARY BOARD APPOINTMENT

The Commission was informed that Catherine Clements of Castle Dale who was recently appointed to the Emery County Library Board will be unable to fill her two-year commitment. Therefore, it was the Library Board's recommendation that Verda Miller of Castle Dale fill that vacancy. Whereupon, motion was made by Commissioner Duane Collard that Verda Miller be appointed to serve on the Emery County Library Board to fill the unexpired term of Catherine Clements. Motion was seconded by Commission Chairman Clyde Thompson and approved by all members present.

Motion was approved by all members present.

(19)
 THE INFORMATION SIGNING PROGRAM

Economic Development Director, Scott Truman, solicited comments from the Commission with regards to an information signing program. He noted Emery County would have to designate a location as an information center. Mr. Truman questioned whether the Emery County Museum or Castle Dale City offices could be used for this request. After further consideration, it was Mr. Truman's recommendation that the Courthouse could be used with the Emery County Treasurer, Elaine Wilson, who is on the Chamber of Commerce as well as the Economic Development Council office and himself being able to supply information five

days of the week. He suggested a local business could be designated for the other two days in order to comply with the guidelines, in which the information must be available seven days a week. Commission expressed appreciation and support of the program and Mr. Truman's willingness to follow through with this request. The Commission also requested that he prepare a letter for transmittal, subject to Commission review and approval.

(20)

EMERY JONES - USE OF THE SENIOR CITIZEN BUS

Emery Jones of the Four Corners Mental Health came before the Commission indicating that he has a pier helper group which has a play they have put together. They would like to take it to the Elementary and Jr. High Schools within the County. It was his request that the Commission authorize the use of the Emery County Senior Citizens bus for that purpose. Those participating in the program are in grades 9 through 12. Whereupon, after discussion, it was the consensus of the Commission that Mr. Jones go ahead and use the bus for that purpose.

(21)

OTHER BUSINESS

A) Courthouse Employee Roster - The Commission discussed in length the need to create a roster for hiring in the Courthouse in order to obtain the most qualified individuals for hire. Mark Tanner was asked to look into it and prepare a roster for hiring.

B) Extension Service Request for Equipment - Elaine Hatch requested of the Commission authorization to purchase a Video Cassette Recorder in the Extended Service Program. Motion to approve the purchase was made by Commissioner Jerry Mangum, seconded by Commission Chairman Clyde Thompson and approved by all members present. It was their recommendation that she solicit local businesses in order to obtain the equipment if at all possible.

Other Business, cont. . . .

C) Courthouse Solicitation - The Commission also discussed the soliciting in the courthouse policy. It was the consensus of the Commission that all soliciting in the courthouse cease and signs indicating no soliciting be posted at the entrances.

D) Surplus Property Disposal - The Commission was informed that many offices have a number of surplus items in which they would like to dispose of. The Commission asked

that Emery County Clerk, Bruce Funk, look into the feasibility of having an auctioneer store and auction the items in the Spring following proper advertising.

MEETING ADJOURNMENT

Motion to adjourn the meeting was made by Commissioner Jerry Mangum at 4:44 p.m. Motion was seconded by Commission Chairman Clyde Thompson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

February 4, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commissioner Jerry Mangum.

A review of the Agenda was made.

COMMISSIONERS MINUTES

Minutes of the January 21, 1987, Commission Meeting were reviewed and corrected. Motion was made by Commissioner Jerry Mangum to approve the minutes as corrected. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit list #870001 through and including #870112 for payment. Motion was made by Commissioner Duane Collard to approve all warrants for payment. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

The following requisitions were presented to the Commission for consideration:

Req. #	Item and Department	Cost	Action
--------	---------------------	------	--------

7		
8	Camper shell & boot - Sheriff	440.00
Approved		
9	Rescue Rope - Sheriff	111.00
Approved		
10	Generator Set - Highway	3,700.00
Approved		

Motion was made by Commissioner Jerry Mangum to approve the above requisitions for purchase. Motion was seconded by Commissioner Duane Collard and approved by all members present.

 UNAPPROPRIATED FUND BALANCE TRANSFER - RESOLUTION 2-4-87A
 County Attorney, Scott Johansen, together with Emery County Auditor, Karen Truman, reviewed with the Commission a recommendation on behalf of the independent auditors. They indicated the unappropriated surplus that show up in the unappropriated fund balance is approximately \$1.5 million. By approving Resolution 2-4-87A, \$1 million of that amount would be transferred to the existing Tax Stability and Trust Fund created by Emery County Ordinance 7-9-80D as allowed for in the State law. The Tax Stability and Trust Fund provides a cash flow in which at some future date there would be sufficient funds for Emery County and they would not have to borrow money in order to operate. Motion was made by Commissioner Jerry Mangum to approve Resolution 2-4-87A, authorizing transfer of \$1 million from the Emery County Unappropriated Fund Balance to the Emery County Tax Stability and Trust Fund. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(4)
 CAPITAL IMPROVEMENT FUND - RESOLUTION 2-4-87B
 Discussed and presented to the Commission for their consideration was Resolution 2-4-87B. This Resolution will allow transfer of monies from the capital project fund originally set up for the expansion and renevation of the Emery County Court House to be transferred to the Tax Stability and Trust Fund created by Emery County Ordinance 7-9-80D. Motion was made by Commissioner Jerry Mangum to adopt Resolution 2-4-87B, transferring the full amount in the Capital Project Fund to the Tax Stability and Trust Fund thus closing that fund. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(5)

LIBRARY CAPITAL IMPROVEMENT FUND

Also reviewed with the Commission by County Attorney, Scott Johansen, and County Auditor, Karen Truman, was the Library Capital Improvement Fund which has a balance of approximately \$56,000. They noted the library has already created a Tax Stability and Trust Fund for the Library. It was their recommendation that this account be closed out and said funds put in the existing Tax Stability and Trust Fund. It was the consensus of the Commission that because of questions as to possible future construction of libraries, that the Capital Fund should remain intact at the present time. The capital fund allows funds to either be added or deducted for construction and would allow said construction without the vote of the people. If it was determined by the library board that they were not interested in future construction projects, then the funds could be transferred at that time. Motion to that effect was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present.

KEITH WARE - EMERY COUNTY INSURANCE COVERAGE

Mr. Keith Ware, Insurance Agent, reviewed with the Emery County Commission the insurance policies that Emery County has through his agency. A brief report was given as to coverage, limits, policy period and present premium. Mr. Ware indicated that he was uncertain as to renewal costs for the umbrella coverage which is in the amount of \$1 million in liability over and above the other coverages. He assured the Commission that coverage was continuous, and would further advise the commission with regards to anticipated costs. It was the recommendation of his insurance companies that the individual auto and general insurances be increased to \$1 million. With the present umbrella coverage, this would make a total liability coverage of \$2 million. Mr. Ware's concern was whether or not Emery County would then need the increased umbrella coverage. He indicated it might be more economically wise to increase the auto and general insurance liability to \$1 million and delete the umbrella. Commissioner Duane Collard indicated that Emery County should have enough insurance to be responsible and cover themselves and that Emery County does not want any extra coverage. Mr. Ware was also asked to look into insurance coverage on new vehicles and to see if there are vehicles deleted from the Emery County inventory that are still being insured. Also discussed was the insurance coverage on the Nursing Home and Special Events insurance. Mr. Ware indicated that he would respond back to the Commission.

(7)

RALPH ALMOND - INDIGENT REQUEST FOR FAIR HEARING

Commissioner Chairman Clyde Thompson recognized the day and hour set for a Fair Hearing Request by Mr. Ralph Almond who had been denied Indigent assistance. It was noted that Mr. Almond had requested the hearing and proper notice had been served to him indicating the Commission date and time. Mr Almond was informed that no appearance on his behalf would leave the matter closed. Commission noted that Mr. Almond was not in attendance. Therefore, motion was made by Commissioner Jerry Mangum to confirm the denial of benefits to Mr. Ralph Almond as per guidelines of the Emery County Indigent Program. It was indicated further consideration on this item would be given should Mr. Almond show up later to the Commission meeting this date. (Mr. Almond did not appear). Motion was seconded by Commissioner Duane Collard and approved by all members present.

EMPLOYMENT ADVERTISING POLICY - RESOLUTION 2-4-87C

Mr. Mark Tanner of the Emery County Attorney's Office discussed with the Commission Resolution 2-4-87C. Said Resolution amends the Emery County Personnel Policy in regards to paragraph 3 of section 5 dealing with the notice or advertising for vacancies in Emery County. It was the consensus of the Commission and other elected officials that the availability of applicants through Job Service is much more equitable to applicants. Emery County's present policy is duplicating services rendered by Job Service. The Resolution would allow for Emery County to advertise in the newspapers that they would

no longer advertise each and every job as it becomes available. Emery County will instead advertise to the public four times a year indicating that all hiring for Emery County will be done through Job Service located in Castle Dale.

Resolution 2-4-87C also includes the position and class specifications for a Crew Leader in the Road Department and also the classification of Chief Deputy Assessor.

Road Superintendent Rex Funk discussed the reasons and purposes for the classification of Crew Leader. He indicated that it is a supervisory position and would be on exempt status. This person initially would be over the Road Division.

Emery County Assessor Jim Fauver indicated that the purpose in adding the Chief Deputy Assessor classification is the designation had already been given to an office employee and he would like it added to the personnel policy. After discussion, motion was made by Commissioner Duane Collard to approve Resolution 2-4-87C which amends the personnel policy as it relates to advertising on available positions in Emery County, noting that Emery County would notify applicants through the local newspaper that Emery County will hire through Job Service. Also approved were the class specifications for a Crew Leader in the Road Department and a Chief Deputy Assessor in the Assessor's office. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

PERSONNEL ACTION

A) Road Department - Road Superintendent Rex Funk discussed with the Commission the need to reclassify Morris Sorensen from an Operator II classification at a Grade 11, Step 5, or a salary of \$1,820 per month to the classification as Crew Leader at a Grade 13, Step 5, or a salary of \$2,030 per month as an exempt status. Motion was made by Commissioner Duane Collard to approve the reclassification of Morris Sorensen as described. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

B) Sheriff's Department - 1) Richard Graham of the Sheriff's department is being requested to attend post training. Mr. Graham is presently on a Grade 9, Step 5. It was the consensus of the Commission that no action was necessary, provided that Mr. Graham is authorized and has signed a statement of condition agreeing to maintain employment for a defined period of time with Emery County.

2) Leslie Wilberg is to be reclassified from a dispatcher to a patrol deputy at a Grade 11, Step 2. This would reflect no change in Grade and Step. Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve the reclassification of Leslie Wilburg with no step and grade change from that of a dispatcher to a patrol deputy. Motion was approved by all members present.

3) Martin Wilson - Personnel Action form was submitted to the Commission for Martin Wilson who has been a patrol deputy and is being reclassified as a jailer. The request is for no change in salary. This item is to be reviewed and referred to the Sheriff's department to see if there should be a Grade and Step reduction.

C) EMT's - The following EMT Personnel Action Forms were received and reclassified to EMT I Classification: Hazel Cox, Jody Mortensen, Linda Briggs, Susan Marie Acerson, Betty J. Burns, Cheryl Ann Keener, B. Fern Pinneo, Jerry N. Powell, Ann Marie Rapich, Bruce L. Riches and Gilbert Ekker. Motion was made by Commissioner Duane Collard to approve the reclassification of these individuals as EMT I, provided that a review is made as to those who are actively involved in EMT services and that a limit be set for insurance purposes. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

D) Assessor's Office - 1) Presented to the Commission were the Personnel Action forms for the approved three Data Collectors in the Assessor's office. They are to be paid at an hourly rate of \$5.00 per hour as approved in the Commission minutes of January 21, 1987. They are Carol O'Brian of Ferron, Utah, Loralie Pearson of Orangeville, Utah, and Troy Barney of Castle Dale, Utah. Whereupon, motion was made to approve the temporary seasonal employment of the three Data Collectors, Carol O'Brian, Loralie Pearson and Troy Barney to be paid at an hourly rate of \$5.00 per hour in accordance with the minutes of the January 21, 1987, Commission meeting. The individuals are to have an effective employment date of February 2, 1987.

2) Carol Burdick and Soni Barney - Presented to the Commission were personnel action forms from Carol Burdick and Soni Barney of the Assessor's Office. Carol Burdick to be reclassified as the Office Manager and Soni Barney as the Chief Deputy Assessor. A discussion ensued as to whether both employees should be moved to a Grade 6, Step 6 or whether Soni Barney should be moved to a Grade 6, Step 7. Also discussed was possible non-compliance with the Personnel Policy. Whereupon, motion was made by Commissioner Duane Collard to defer any action on the personnel forms for Carol

Burdick and Soni Barney in order to allow the Commission time to study the personnel policy and put the requests in line with the Personnel Policy. They recommended that Commissioner Collard, County Assessor Jim Fauver and Mark Tanner of the Attorney's Office meet on this matter. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

E) Road Department Termination of George Heiniger - Motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to adjourn and meet in the Executive Session to consider personnel action as it relates to George Heiniger. Motion was approved by all members present.

Commissioner Chairman Clyde Thompson reconvened the regular Commission meeting at 4:00 p.m. with all members present. He noted that the Commission had met in Executive Session together with Mark Tanner of the Attorney's office, Rex Funk of the Road Department, and County Attorney Scott Johansen to consider personnel action in regards to George Heiniger. Whereupon, motion was made by Commissioner Jerry Mangum to terminate George Heiniger for cause as it relates as follows: Under paragraph 3, subsection B, section 14 under disciplinary procedures of the Emery County Personnel Policy which states that "Subject to immediate dismissal due to conviction of a Misdemeanor or Felony while as an employee of the County". This will have an effective date of February 5, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(12)

ASSESSOR'S BUSINESS

Emery County Assessor, James Fauver requested of the Commission approval to attend a Mass Appraisal Institute in Chicago, Illinois, from March 8 through 21. The anticipated cost would be \$600.00 in tuition and membership, \$45.00 per night for lodging for 14 nights, \$258.00 for the flight, approximately \$300.00 for meals, for a total approximate cost of \$1,800.00. He indicated that he felt it would make the operation of his office much more efficient. Whereupon, motion was made by Commissioner Duane Collard to approve the out of state travel as requested. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

ROAD DEPARTMENT BUSINESS

A) Dry Wash Narrows/Talbot Turn - Emery County Road Superintendent Rex Funk discussed with the Commission the need to realign and regrade the road referred to as Talbot Turn in the Dry Wash Narrows. The road is extremely dangerous to traffic, the road being too narrow and having blind curves. The work would also provide proper sight distances and place rip rap river channels along the new alignment. Whereupon, motion was made by Commissioner Jerry Mangum to authorize the Road Department to proceed with the proposal. Motion was seconded by Commissioner Duane Collard and approved by all members present. An agreement was signed by Commissioner Jerry Mangum at this time.

B) Waiver for Occupant - Road Superintendent Rex Funk discussed with the Commission the need to have a waiver signed by Road Department spouses who travel with their husbands while in County vehicles. The Commission asked Mr. Funk to refer the form to the Attorney's office to see if it would relieve Emery County of any liability.

C) Chip Spreader - Road Superintendent Rex Funk discussed with the Commission his efforts in procuring bids for a chip spreader. It was his recommendation that Emery County consider a new Flaherty, model #SPR-H, Chip Spreader with hydrostatic drive. He noted that he had received a bid from Arnold Machinery for the same and it was his recommendation that they also include the hydrostatic drive train at an additional cost of \$9,450 or a total cost of \$60,938. He further noted he had received another bid for an ETNYR Chip Spreader at a cost of \$62,250 from Western Road Machinery Company. He has reviewed both types of equipment with UDOT people and they have recommended the Flaherty also. Also discussed with Mr. Funk is whether the Special Service District was planning on participating on a Spreader with Emery County. It was suggested that he call Darrel Leamaster, Director of the Special Service District, and make a determination as to their plans. Whereupon, motion was made by Commissioner Duane Collard to approve the out of state travel for two to three Road Department employees to go to Sioux Falls, South Dakota, to view a demonstration of the hydrostatic drive and maintenance of that type of drive. He further noted that Arnold Machinery will pick up the primary costs for the air transportation to that locale. Rex Funk is to get with Darrel Leamaster of the Special Service District and determine what unit is satisfactory and what their participation will be, if any. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

D) Other Business - Reviewed with the Commission was the status of the Green River Road Shop. Also discussed with the Commission was the procurment of a Wisconsin Tilt Bed Trailer for the Road Department, at a cost of \$9,600.00.

(13)

HEALTH AND MENTAL HEALTH BOARD APPOINTMENT

The Commissioners were informed by letter that Olive Anderson, from Green River, Utah, is resigning from her position on the Southeastern Utah Public Health Board and the Four Corners Mental Health Board. It was her recommendation that either Tom Burr or Carol Durrant, both of Green River, and who have agreed to serve on the Boards be considered for that appointment. After discussion, motion was made by Commission Chairman Clyde Thompson to appoint Tom Burr to be the Green River representative on the Health and Mental Health Boards to fill the unexpired term of Olive Anderson. Emery County Commission Secretary Pat Snowball is to write a letter of appreciation to Mrs. Anderson and a letter to Mr. Burr confirming the appointment. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(14)

PATH FINDERS MOTORCYCLE CLUB RACE

Commission Chairman Clyde Thompson reviewed a letter he had received from Alan Peterson requesting approval from the Emery County Commission to hold a cross country motorcycle race on April 25, 1987. Commissioner Thompson indicated that they have had similar races in the past three or four years and the Commission has not had any unfavorable comments in regards to the activity. Therefore, motion was made by Commissioner Jerry Mangum to approve the cross country motorcycle race by the Path Finders Motorcycle Club, provided that they are in compliance with all other BLM and law enforcement agency requirements. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(15)

GREEN RIVER - CASTLE COUNTRY TRAVEL COUNCIL WITHDRAWAL

Commissioner Chairman Clyde Thompson reviewed a letter he had received from Harry Hansen of the Green River Motel/Campground Association. The letter states their desires to withdraw from the Castle Country Travel Council and form the Emery County Travel Council. Mr. Hansen indicated they felt it would be much more beneficial for Emery County. Whereupon, Commissioner Thompson indicated that he would meet and discuss this further with Mr. Hansen in the very near future while attending other matters of business in Green River and would inform him to that by letter.

(16)

CLERK'S BUSINESS - PERSONNEL ACTION

Emery County Clerk, Bruce Funk, discussed with the Commission the need to reclassify Jami Luce from that of a Court Clerk on Grade 6, Step 1 or \$1,196.00 per month to the new job classification of Chief Court Clerk over the Circuit Court at a Grade 7, Step 5, or a salary of \$1,459.00. He noted that this is the result of the vacancy left by Karen Bean. He further noted that this

Clerk's Business, cont. . . .

position is totally funded by the State. For the Circuit Court system, the State of Utah is reimbursing Emery County in the amount of \$17,288 for salaries and \$6,613 in benefits for a total of \$23,901.

Also presented was the Personnel Action form for Julie Winn to be reclassified from a Deputy Clerk at a Grade 5, Step 1, or salary of \$1,142.00 to that of a Chief Court Clerk over District Court at a Grade 7, Step 2, or a salary of \$1,318.00 per month. This is the position left vacant by Julie Anderson. He further noted that both employees are filling the job classification of a Chief Court Clerk in each respective court at the present time. Whereupon, it was the consensus of the Commission that because of a hold placed on personnel actions in the Assessor's office, that the Commission would like time to review the Personnel Policy and will make a determination later.

Also discussed with the Commission was the position of a Court Clerk, a permanent part-time position. The request was for 30 hours per week, with pro-rated benefits at a beginning pay scale of approximately \$7.20 per hour. The position requires a knowledge of modern office practice and procedures and a considerable knowledge of grammar, spelling and punctuation. It also requires a considerable knowledge of court practices, procedure and legal terminology. The reason for requesting such would eliminate the time necessary for training the individual in court procedures. This is important at this time because the Clerk's office is presently short-handed and is falling behind in their work. Concern was expressed that such a classification would eliminate many applicants. Wherefore, it was the consensus of all those present that the job description be reconsidered and time allowed for advertising in the Emery County Progress, that applications will be taken through Job Service.

Commissioner Collard discussed that Data Processing responsibilities will be considered under the Clerk's office again. Therefore requiring a full-time position. The Clerk was authorized to proceed with recruitment of a full-time position.

(17)
MEETING ADJOURNMENT

Motion was made to adjourn the meeting at 6:09 p.m. by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

February 18, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commissioner Duane Collard.

A review of the Agenda was made.

(1)
COMMISSIONERS MINUTES

The minutes of the February 4, 1987, Commission Meeting were reviewed and corrected. Motion was made by Commissioner Duane Collard to accept the minutes as corrected, seconded by Commissioner Jerry Mangum and approved by all members present.

(2)
AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit List #870164 through and including #870289 for payment at this time. Motion was made by Commissioner Jerry Mangum to approve all Warrants for payment. Motion was seconded by Commissioner Duane Collard and approved by all members present.

The following requisitions were submitted for approval:

Req. #	Item and Department	Cost	Action
11	Large paper tray for copy machine, Circuit Court		
500.95	Approved		
12	Training tapes, Sheriff		345.00
Approved			
13	International Tractor, Highway	54,007.60	Approved
14	Snow Plow, Highway		1,000.00
Approved			

Motion was made by Commissioner Jerry Mangum to approve the requisitions for purchase. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(3)
PUBLIC EMPLOYEES BOND

Emery County Auditor, Karen Truman, reviewed with the Commission bids received for bonding of public employees of Emery County. She noted that bids had been received from Service Insurance Company, Huntington, Utah, of \$172.00 annually, noting that there is a 15% discount if paid in advance for four years making it \$584.80 for four years; Ware Insurance Agency, Orangeville, Utah, of \$748.00 for four years; James Banasky Insurance Agency, Price, Utah, of \$1,756.00 for four years; and the Wilcox Group of Castle Dale, Utah, of \$744.00 per year. The apparent low bidder was Mark Justice of Service Insurance Company of \$584.80 for four years. It has been reconfirmed with the low bidder as to the exact number of County employees covered under the policy. Whereupon, motion was made by Commissioner Jerry Mangum to accept the bid from Service Insurance Company for the public employees bond in the amount of \$584.80 for four years and that Emery County Auditor, Karen Truman, make sure that the agency understands fully the number of employees covered and the bond amounts. Whereupon, motion was seconded by Commissioner Duane Collard and approved by all members present.

(4)
HOUSING PRESERVATION GRANT

Commissioner Duane Collard advised the Commission that Emery County Housing Authority Director Wes Curtis has received notice that Housing Preservation grant money for rural Utah is available for low to very low income families. This would grant up to \$9,360.00 per home. Commissioner Collard indicated they have requested additional information as to the availability of funds and application. Wes Curtis will follow up on this matter.

(5)
HEAD START BOARD APPOINTMENT ACCEPTANCE

Commissioner Jerry Mangum advised the Commission that Beverly Bunderson of Emery has accepted the Board position on the Head Start Board as approved in previous Commission minutes.

(6)
ATTORNEY'S BUSINESS - PERSONNEL REQUEST

County Attorney, Scott Johansen presented a personnel request to the Emery County Commission for a legal secretary indicating that there are two positions available in his office; one being a paralegal and the other being a legal secretary. He further indicated that the position requested is for a legal secretary at a Grade 7, Step 1, or \$1,275.00 per month. This would be a full- time position with full benefits. Mr. Johansen indicated he presently has sufficient monies in his budget to cover that position. Whereupon, motion was made by Commissioner Jerry Mangum to approve the personnel request, authorizing Attorney Scott Johansen, at some future date, to begin the recruitment process for a legal secretary. Motion was seconded by Commissioner Duane Collard and approved by all members present.

U.S. FOREST SERVICE - ANNUAL VISIT

John Nebergall, Ferron District Ranger, and Ira Hatch, Price District Ranger, came before the Commission as part of their annual visit to bring the Commission up to date as to those things happening in the forest areas. Mr. Hatch indicated that major emphasis is in the Forest Land Management Act. He further indicated that there is an appeal in three areas as it pertains to the Act, i.e. all mineral leasing activities, vegetation manipulation, and all timber activities, at present there is a stay in regards to those. He further discussed the BLM and Forest have been involved in an interchange proposal which is presently at a died down status. Should the interchange proposal resurface and come up for further discussion, they would like the opportunity to come back before the Emery County Commission and make a presentation. This is in order to keep the Commission better informed as to the affect within the boundaries of Emery County. They expressed appreciation to the Commission for their support in the past and hope to continue that same support in the future for the best interest of the County. Whereupon, Commission Chairman Clyde Thompson expressed appreciation to Mr. Nebergall and to Mr. Hatch in keeping the Commission informed of pending activities as it relates to Forest areas.

WILLIS E. MONK - INDIGENT REQUEST FOR A FAIR HEARING

Mr. Willis E. Monk came before the Commission on a request for a fair hearing, having been denied benefits under the Emery County Indigent Medical Assistance program. Emery County Clerk, Bruce Funk, advised the Commission that Mr. Monk had been denied benefits on the grounds that his income and his wife's income

exceeded the basic minimum standards for eligibility under the program. Mr. Funk noted the application was for Mr. Monk himself. Mr. Monk responded in that he could take care of his own medical obligations. His request would be for assistance for his wife for that portion not paid by Medicare. Whereas, Bruce Funk advised Mr. Monk that they would have to reapply for benefits for his wife and that the same criteria would have to be met. Mr. Funk informed Mr. Monk that their income would again exceed the basic minimum standard as well as the 30 day required application time. Mr. Monk solicited support from the Commission for any jobs or opportunities for work and that was his prime desire in being before the Commission. Whereas, it was the concensus of the Commission that they take this matter under consideration and advisement to see if anything could be done to aid Mr. Monk in providing employment or temporary assistance. (Mr. Monk's name, address and phone number was given to Bob Robirts of the PIC Committee who visited with the Commission later during the Commission Meeting. Mr. Robirts indicated they had programs to help low- income elderly people and he felt Mr. Monk would qualify under their program in which they provide work.)

PIC (PRIVATE INDUSTRIAL COUNCIL)

The following PIC Committee Members and Chairperson came before the Emery County Commission: Sarita Snow, Chairperson; Carl Kraync, Bob Robirts, and Gerald Stanton. Also in attendance was Wes Curtis and Scott Truman of the Emery County Economic Development Council. Mr. Kraync and Mr. Robirts outlined the program and purpose of the PIC Council. They indicated one of their future goals is to be a support system for new industry and to attract industry into the counties in which they serve. They also shared some of the programs and services they offer and invited the Commission to their first seminar.

ROAD DEPARTMENT BUSINESS

A) Equipment Disposal-Two Galion Graders-1975 Kenworth Tractor - Road Superintendent Rex Funk, by two memos dated February 17, 1987, to the Emery County

Commission, requested the disposal of two Galion Graders, FA#'s 1569 and 1632. These graders over the past eight years have cost 86% and 74% respectively of their original cost in maintenance. Therefore, in compliance with Ordinance #12-16-82C, Mr. Funk recommends that the two graders be delivered to Foulgers Equipment Company who will advertise and sell the units on a 10% commission basis if sold. The basic starting figure is \$15,000 each with an expected high value of \$20,000 each. Whereas, Mr. Funk indicated that at maximum, Emery County Road Department expected not more than \$5,000 each because of their condition. The 1986 blue book value set those pieces of equipment at a value of \$3,000 each. Mr. Funk further requested disposal in accordance with the same ordinance of the 1975 Kenworth Tractor, FA# 4254. This was originally purchased as a used tractor. He further noted that they have already spent nearly \$46,000 in keeping it running and it is again in need of repair work to the engine. It has a trade-in value of approximately \$7,500, according to blue book. Based on the fact that the engine needs repair work, the value is at least \$1,000 less than that. Mr. Funk requested the truck be traded in exchange for a Tesco Williams Dump bed to be installed on a new truck. This was approved in the requisitions presented to the Commission earlier today with a trade-out value of approximately \$7,800.00.

Mr. Funk indicated that transactions under both of these memos would be beneficial to Emery County. Whereupon, motion was made by Commissioner Jerry Mangum to authorize the transportation of the two Galion Graders to the Foulgers Equipment lot for sale by them on a 10% commission basis if sold and approve the trade-in of the 1975 Kenworth Tractor traded for the Tesco Williams dump bed at no additional cost. Whereupon, Commission signed the disposal of fixed assets form. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) Equipment Purchase - Also presented to the Commission was a requisition for a used snow plow for \$1,000 to be included in the approved requisitions. The snow plow would be used and located in the south end of the County. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present to approve the purchase of the snow plow.

C) Personnel Request - Pursuant to action taken by the Commission in the Commission meeting of February 4, 1986, in which George Heiniger was terminated from employment with the Emery County Road Department, Mr. Funk asked permission to begin the recruitment process for a replacement. Motion granting approval to begin that

process was made by Commissioner Jerry Mangum, second by Commissioner Duane Collard and approved by all members present.

D) Policy of Non-County Employees Riding in County Equipment - Pursuant to a request of the Commission in the minutes of February 4, 1987, Road Superintendent Rex Funk indicated that he has met with the Attorney's office. The meeting was in regards to spouses and other non-county employees riding in County vehicles while on County business. He noted that in such a situation, Emery County would not ultimately be relieved of any responsibility. Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard, and upon advice of counsel, that spouses or other non-county employees are prohibited from riding in County vehicles while on County business. Motion was approved by all members present.

PERSONNEL DEPARTMENT

A) Clerk's Office-Personnel Requisition - Acting Personnel Director, Mark Tanner presented to the Commission the personnel requisition form for the Clerk's office for a Court Clerk as approved in the minutes of the February 4, 1987, Commission meeting. The purpose in bringing this before the Commission is to request a date and time to allow the Commission to review all the applicants. The Commission will then select five applicants for interview by the Clerk's office. It was the understanding and agreement of those present that the Commission would meet on February 20, 1987, at 9:30 a.m. in an unofficial meeting for the purpose of reviewing the applications and making a recommendation to the Clerk. Those included in the meeting would be Mark Tanner, Board of Emery County Commissioners, Clerk Bruce Funk, and Jami Luce. The Clerk's office will begin the interview process and additional testing after which the final selection would be ratified by the Emery County Commission in their meeting on March 4, 1987. The effective starting date would be March 1, 1987.

B) Sheriff's Department-Richard Bret Mills - Mr. Tanner informed the Commission that Richard Bret Mills has completed his six-month probationary period and the requirement that his residency be moved to Emery County. Whereupon, he is to be reclassified from a Grade 13, Step 3 or a salary of \$1,900.00 per month to Grade 13, Step 6 or a salary of \$2,100.00 per month. Whereupon, motion was made by Commissioner Duane Collard to approve the reclassification and step change as recommended. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

C) Assessor's Office-Soni Barney & Carol Burdick - Mr. Mark Tanner indicated that he had completed the job audit in the Assessor and Clerk's office. He indicated he has talked to the employees and has completed a basic job evaluation in comparison with the personnel policy. This was done to determine if promotions were necessary and if the classification as Chief Deputy is justified.

Whereupon, it was his recommendation that Carol Burdick be reclassified from a Deputy Assessor to an Office Manager, with no increase in grade, step or salary which is Grade 5, Step 8, or a salary of \$1,447 per month. It was also his recommendation that Soni Barney be reclassified from Deputy Assessor to Chief Deputy Assessor from a Grade 5, Step 7 or a salary of \$1,400 to a Grade 6, Step 6, or a salary of \$1,429.00.

D) Clerk's Office-Jami Luce & Julie Winn - Mr. Mark Tanner indicated he has completed the same evaluation in the Clerk's office as in the Assessor's office. It is his recommendation that Jami Luce be reclassified from a Court Clerk at a Grade 6, Step 1 or a salary of \$1,196 per month to a Chief Court Clerk at a Grade 7, Step 5 or a salary of \$1,459 per month. It was also his recommendation that Julie Q. Winn be reclassified from a Deputy Clerk at a Grade 5, Step 1, or a salary of \$1,142.per month to a Court Clerk at a Grade 6, Step 3, or a salary of \$1,292.00 per month.

E) Commission Classification Approval-Amendment to Personnel Policies - After further discussion by the Commission and Mr. Tanner, it was the consensus of the Commission to bring the classification of the employees in compliance with the personnel policy. Commissioner Duane Collard indicated that he felt the recommendations made by Mr. Tanner were fair and good. Whereupon, motion was made by Commissioner Duane Collard to approve the personnel action forms for Soni Barney, from a Deputy Assessor to a Chief Deputy Assessor at a Grade 6, Step 6 or a salary of \$1,429.00 effective February 16, 1987; Carol Burdick be reclassified from a Deputy Assessor to Office Manager with no grade and step change; Jami Luce be reclassified from a Court Clerk to a Chief Court Clerk at a Grade 7, Step 5 or a salary of \$1,459.00 to have an effective date of February 16, 1987; and Julie Winn be reclassified from a Deputy Clerk to Court Clerk at a Grade 6, Step 3 or a salary of \$1,292.00 effective on her completion of her present hiring probationary period which would be March 23, 1987. This is being done in an effort to bring these employees into proper classification as per their present job responsibilities and in compliance with the Emery County Personnel Policy. Other offices and departments will go through the same evaluation to determine if they are in full compliance with the Emery County Personnel Policy. Motion was seconded by Commissioner Jerry Mangum and approved by all members present

Personnel, cont. . . .

F) Resolution 2-18-87 - Mr. Mark Tanner presented to the Commission for their consideration Resolution 2-18-87 which amends the Emery County Personnel Policy. The Resolution expands the definition of a Crew Leader in the Road Department to include operation of the Rock Crusher. It would change the specification for an Operator II in the Road Department to possess or be able to acquire a valid Utah Class E Chauffers license. The resolution includes that the class specification for Office Manager in the Assessor's Office be revised to reflect a Grade 5 on the Salary Plan. The resolution also includes that the probationary period for employees be amended in such cases as promotions are allowed. After a promotion, the employee will serve only a three month probationary period with commensurate pay adjustments immediately. Whereupon, motion was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum to approve and adopt Resolution 2-18-87. Motion was approved by all members present.

G) Directive to Mark Tanner - Mr. Mark Tanner was directed by the Emery County Commission to pursue proper evaluation of all offices and departments within Emery County. This is to determine if they are in compliance with the Personnel Policy as to job descriptions, salary, etc. Mr. Tanner is to further apply guidelines to reclassifications or promotions and to make a recommendation back to the Emery County Commission.

(13)

BUSINESS LICENSE - SUZANNE SPEARS, BIZZI BODI PRE-SCHOOL

Emery County Clerk, Bruce Funk, presented to the Commission a business license application from Suzanne Spears. Mrs. Spears is requesting a business license for operating a pre-school. Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to approve the business license application. The application has been reviewed by acting Zoning Administrator Mark Tanner. Motion was approved by all members present.

MEETING ADJOURNMENT

Motion to adjourn the meeting at 5:05 p.m. was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

March 4, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commission Chairman Clyde Thompson.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of February 18, 1987, Commission Meeting were reviewed. Motion was made by Commissioner Duane Collard to accept the minutes as presented. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit List #870337 through and including #870487 for payment. She indicated that there was a need to delete Warrant #870342. Whereupon, motion was made by Commissioner Jerry Mangum to approve all warrants for payment except Warrant #870342. Motion was seconded by Commissioner Duane Collard and approved by all members present.

The following requisition was submitted at a later time for approval:

Req. #	Item and Department	Cost	Action
15	Road Grader, Road Department	\$106,713.00	

Approved

Motion was made by Commissioner Jerry Mangum to approve the above requisition for purchase, seconded by Commissioner Duane Collard and approved by all members present.

(3)

SHERIFF'S BUSINESS - COUNTY TELEVISION

Emery County Sheriff Lamar Guymon, together with Electronic Technician Bret Mills, discussed with the Commission the problems associated with the television reception at Emery. Mr. Mills indicated two additional translators are needed for Emery. At present, there are only two translators to handle four channels. This requires two channels per translator, thus causing some interference. Mr. Mills also indicated that Emery residents have requested adding channels 7 and 11. Adding these additional channels would require two more translators. It was the consensus of the Commission that efforts should be made to make channels 2, 4, 5 and 20 as clear as possible. Channels 7 and 11 would be looked into at a later time. It was further noted by Mr. Mills that each translator would cost \$2,000 and antennas would cost \$200 each.

The Commissioners asked Emery County Sheriff Lamar Guymon and Mr. Mills to look into the feasibility of moving the Emery County television translators and equipment currently located on Horn Mountain to Cedar Mountain. They were also asked to determine the costs associated with the relocation.

Emery County Sheriff Lamar Guymon requested that the Commission consider reallocating approximately \$7,000 received from Utah Power and Light, FBI and others to the Communications Department. The money was received for film developing in association with the Emery Mine investigation. The Commission referred Mr. Guymon to Emery County Auditor, Karen Truman, for recommendation.

(4)

ROAD DEPARTMENT - ROAD GRADER PURCHASE - DOZER REQUEST

Road Superintendent Rex Funk reviewed with the Commission the proposals received for a road grader for the Road Department. Bids were received from John Deere Equipment and Caterpillar Equipment, as well as others. Mr. Funk indicated they have done a thorough investigation as to cost effectiveness and have also done extensive testing and evaluation of each of the graders. It was his recommendation that the Emery County Commission consider the Cat 140G over the other equipment even though it is approximately \$8,818.90 more than the John Deere 770-BH. Mr. Funk indicated the Cat machine would give considerable number of hours of service over and above the other equipment being considered. Therefore, in the long run it would be a greater savings to the County. He also indicated the resale value would be much higher for the Cat. The Commission expressed appreciation to Road Superintendent Rex Funk and Don Morland for their efforts in evaluating each of the pieces of equipment and for their recommendation.

Whereupon, motion was made by Commissioner Jerry Mangum to approve the purchase of the Cat 140D Road Grader on Requisition #15. Motion was seconded by Commissioner Duane Collard and approved by all members present.

Road Department, cont. . . .

Motion was also made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to authorize Commission Chairman Clyde Thompson to sign the Municipal Lease Agreement for purchase of said equipment pending approval of the County Attorney's office. Motion was approved by all members present.

Road Superintendent Rex Funk presented to the Commission a request for a front dozer for the above-mentioned road grader. He indicated the grader would be used in the desert areas and because of the wash outs in those areas, a front dozer would be indispensable. It was the consensus of the Commission that this item be reviewed by Commissioner Jerry Mangum, together with Road Superintendent Rex Funk after which a recommendation would be presented to the Commission.

(5)
DATA PROCESSING - WES CURTIS

Wes Curtis advised the Commission in regards to the Data Processing that at present the PC program is stalled. Mr. Curtis noted the installation thus far has gone very well. He indicated the main effort of the PC's is to off-load the main frame computer as much as possible. This is an advantage to both those departments left using the main frame and the computer itself. He further noted that those departments (Road Department and the Commission Secretary) are proceeding with learning the word processing program. He indicated in the Road Department, the first phase of their software has been installed. At the present time they are approximately one month behind in the development of the second phase.

Mr. Curtis indicated the Sheriff's Department will require an indepth study as to possible solutions for their data processing needs. He noted that the line to the Sheriff's office is vulnerable to damage and the new system would provide increased security. He further noted the Sheriff's Department should be a high priority.

Mr. Curtis discussed with the Commission the need to have those departments interested in putting in PC's to contact him. He will then make an evaluation as to need, available software, compatibility and integrity of the machines prior to any purchases. In evaluating software for the County, he recommended the Commission should authorize courthouse offices to evaluate software offered by Arthur Young.

Mr. Curtis presented to the Commission a draft of a Resolution prepared by the Housing Authority outlining his responsibility as it pertains to Administrator over the Housing Authority and his involvement in Emery County Data Processing. The draft proposal, as originally agreed upon by the

Page Four
Commission Minutes

Commission in 1986, is that Mr. Curtis would receive approximately \$3,000 and approximately \$3,000 in other costs. Courthouse clerical staff is to assist the Housing Authority in compensating him for his time spent in Data Processing. Whereupon, it was the consensus of the Commission that Mr. Curtis enter into a contractual arrangement with Emery County and that this agreement be worked through the Emery County Attorney's office. The agreement is to be presented to the Commission for consideration when complete.

(6)
TRAIL CANYON TOWN INCORPORATION

Mr. Mel Coonrod and Wendall Owen representing Trail Canyon Town came before the Commission to find out the status of their request to incorporate Trail Canyon Town. County Attorney, Scott Johansen reviewed the history of the town, indicating that the documents had been misplaced due to a change in Zoning Administrators. Since that time copies of the plat have been forwarded to engineers Johansen and Tuttle, Zoning Administrator Mark Tanner and others for review. All are to report back to the Commission for further consideration.

Emery County Clerk, Bruce Funk, reviewed with Mr. Coonrod the petition received by the Clerk's office, indicating that the second page of the petition did not pertain to the incorporation of the town. Mr. Coonrod indicated that he would correct and resubmit the petition. Whereupon, the Clerk asked for an attorney's recommendation to certify residency. He indicated the present residents do not own property nor is there proof of them having paid rent.

Mr. Coonrod indicated a June decision from the Commission as to whether they can incorporate would not be sufficient in that they are pushed for time. Commissioner Thompson discussed the need for reclamation to be included in any proposal. Also discussed was sanitation, culinary water and subdivision. The Commission was invited and agreed to view the proposed site.

(7)

ADJOURNMENT FOR LUNCH

Commission adjourned for lunch at 12:25 and reconvened at 1:25 with all members present.

(8)

INSURANCE FOR COUNTY VEHICLES

Commissioner Duane Collard advised the Commission that he has reviewed with the Sheriff's department a list of those vehicles in their possession. He noted a determination is being made as to which vehicles require only liability and which ones require full coverage. He indicated that any vehicles leased will require full coverage. It was the consensus of the Commission that Commissioner Jerry Mangum do the same with the Road Department.

MARK TANNER - PLANNING AND ZONING - APPLICATION FOR TEMPORARY DUMP SITE

Acting Zoning Administrator, Mark Tanner, presented to the Commission an application requesting a temporary dump yard. Mr. Tanner indicated that he had received complaints from surrounding property owners about the property owned by Mrs. Rodriguez, northeast of Clawson, in which another party has been depositing old cars and other debris at that site. After talking to Mr. Medina of Helper, Utah, who has been depositing the vehicles at that site, it was Mr. Tanner's recommendation that the Commission give approval for a temporary dump site based upon the following restrictions: 1) No further dumping shall take place; 2) A site fence be installed; 3) The dump site is cleaned up within two years from the time of this permit; and 4) The site no longer be used as a dump site.

After discussion, it was the consensus of those present that a site fence would not help the surrounding property owners because of its location in a ravine. Whereupon, motion was made by Commissioner Jerry Mangum to approve the application for a temporary dump yard with the following restrictions: 1) No further dumping shall take place; 2) The dump site is cleaned up within two years from the time of this permit; and 3) The site no longer be used as a dump site. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(10)

PERSONNEL ITEMS

A) Audit of Road Department - Acting Personnel Director Mark Tanner presented to the Commission a copy of the Road Department Personnel Audit which he has just completed. He indicated he found no unnecessary hiring and all requests have been in compliance with the Emery County Personnel Policy. He noted he is in agreement with the new classification of a crew leader to include the crusher operation.

B) Crusher Crew Leader - Mr. Tanner presented to the Commission the personnel action form for Kay Jensen to be moved from an operator to a Crew Leader over the crusher on an exempt status. Upon discussion, it was the consensus of the Commission to hold further action on this item until after review of the travel policy of the highway department.

C) Shane Potter Termination - Mark Tanner also presented to the Commission a personnel action form for Shane Potter, indicating his termination from employment with the Emery County Sheriff's Department. Whereas, Mr. Tanner was directed by the Commission to see that Mr. Potter has fulfilled his agreements with Emery County as to time of service upon completion of training.

Personnel Items, cont. . . .

D) Clerk's Office Personnel Item - Emery County Clerk, Bruce C. Funk, presented to the Commission the personnel action form for the hiring of Shauna Fassett. He indicated he had completed the recruitment process as requested by the Commission. It was his recommendation that Mrs. Fassett be hired on a Grade 5, Step 1, as a Deputy Clerk, at a salary of \$1,142.00 per month, to be paid out of the District Court. Whereupon, motion was made by Commissioner Duane Collard to approve the hiring of Shauna Fassett, effective March 2, 1987, as a Deputy Clerk in the District Court being paid at a Grade 5, Step 1, or a salary of \$1,142.00 per month. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(11)
CITIES - SHERIFF AGREEMENT

Commissioner Duane Collard discussed with the Commission the need to have the cities within Emery County pay for police protection. Commissioner Collard indicated Emery County needs to work up an agreement, even if it is less than previous amounts, to bring money into the Sheriff's budget. It would also provide legal authority for the Sheriff's

Department to enforce local laws. He further felt that Mayors are not fulfilling their responsibilities in this area under the law. This item was discussed further and no action was taken.

(12)

VIRGINIA TALBOT - THANKS

Commission Chairman Clyde Thompson indicated that each of the Emery County Commissioners had received a bolo tie made by the Talbots of Ferron, Utah. The ties were made of native rock and included a history. The Commission expressed appreciation to the Talbots and indicated a letter of appreciation would be sent from the Commission to the Talbots.

(13)

EMERY COUNTY FAIR RELOCATION

Commission Chairman Clyde Thompson advised the Commission that he has received notice that the Emery County Fair activities will be relocated from the High School to the Castle Dale Elementary for the year 1987.

TAX ANTICIPATION NOTE - IRS TAX REPORT

Emery County Attorney, Scott Johansen presented to the Commission form 8038-G entitled Information Return for Tax Exempt Government Bond issues. He indicated that this is required because of the \$5,000,000 Tax Anticipation Note. He noted Emery County is a tax-exempt governmental agency and the form requires Commission signature. Whereupon, motion was made by Commissioner Duane Collard to authorize Commission Chairman Clyde Thompson to sign the information return. Motion was seconded by Commissioner Jerry Mangum and approved by all members present. (One copy of the original was placed in with the Tax Anticipation Note file.)

(15)

COUNTY ATTORNEY OUT-OF-STATE TRAVEL

County Attorney, Scott Johansen reviewed with the Commission information he had received on three seminars in different locations. The most beneficial would be Prosecution of Violent Crimes which is in Colorado Springs; also a Fair Labor Standards Act seminar in Las Vegas. He asked the Commission if

they had any recommendations as to whether he should attend either of the seminars. It was the consensus of the Commission, and motion was made by Commissioner Jerry Mangum, to approve the out-of-state travel by County Attorney Scott Johansen to attend the seminar in Colorado Springs entitled Prosecution of Violent Crimes on April 5 through 9. Motion was seconded by Commissioner Duane Collard and approved by all members present.

MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Thompson to adjourn the meeting at 3:53 p.m. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

March 18, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Clerk, Bruce C. Funk.

A review of the Agenda was made.

COMMISSIONERS MINUTES

Minutes of the March 4, 1987, Commission Meeting were reviewed. Motion was made by Commissioner Duane Collard to accept and approve the minutes as presented. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Deputy Auditor, Lorna Davis, presented Warrant Edit List #870488 through and including #870684 for payment. Motion was made by Commissioner Jerry Mangum to approve all warrants for payment. Motion was seconded by Commissioner Duane Collard and approved by all members present.

The following requisitions were submitted for consideration:

Req. #	Item and Department	Cost	Action
16	Balderson Dozer Blade, Road Dept.	13,970.00	Held
17	Broadcaster, Weed Dept.	239.17	

Approved

Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to approve for purchase requisition #17 for a Broadcaster and requisition #16 for a Balderson Dozer Blade be referred to Commissioner Jerry Mangum for review as discussed in previous Commission meetings. Motion was approved by all members present.

 SHERIFF'S BUSINESS

A) Approval for Purchase of Disposable Items - Emery County Sheriff Lamar Guymon discussed with the Commission the need to get official approval to purchase certain disposable items on a continual basis as needed. Amongst those are: clothing for inmates, food for the jail, gasoline, tires, replacement parts and supplies for county sheriff vehicles, office supplies, replacement parts as required in all departments under the Sheriff's direction, cleaning supplies and other such items as needed to maintain the day-to-day operation of the Sheriff's office, the County Jail and Communications as well as the County T.V. systems, ambulance, and animal control. Whereupon, motion was made by Commissioner Duane Collard to approve the on-going replacement of consumable items in the Sheriff's Department. Motion was seconded by Commission Chairman Clyde Thompson and approved by all members present.

B) Burial Expense Reimbursement - Emery County Sheriff Lamar Guymon informed the Commission that he had been reimbursed for burial expenses by Mr. Pickering in the amount of \$370.00 on a previously unidentified body which turned out to be his son. Sheriff Guymon noted total burial cost was \$360.00. He indicated he had previously received \$60.00 from a donor to aid in the burial expense. Sheriff Guymon noted this resulted in a surplus to the Sheriff's Department in the amount of \$70.00. His request of the Commission is whether he could cash the check and deposit the \$70.00 in the Sheriff's account or whether it would have to be run through the auditor. Commissioner Duane Collard suggested that prior to sending payment to the vault supplier, the Sheriff should contact them and advise them that the vault failed in that it collapsed under the weight of the back fill. Possibly some adjustment can be made to Emery County for the

faulty vault. It was the consensus of the Commission that such reimbursements need to be deposited with the Emery County Auditor.

JOB SERVICE 1987 PROGRAM AND BUDGET PLAN FOR UTAH JOB SERVICE SERVING CASTLE DALE AND PRICE OFFICES

Colleen Evridge, Director of the Castle Dale Office of Job Service, together with Larris A. Hunting, Manager of the Price and Castle Dale Office, came before the Commission and presented their plan of service for the year 1987. The plan outlined the goals and objectives of the local area Job Service office. They indicated that with the present economic conditions, there would be slightly less participation of the office by applicants. Whereas, Commission Chairman Clyde Thompson recognized and appreciated the efforts of Job Service and the valuable service they render to the residents of Emery County. Commission Chairman Clyde Thompson acknowledged receipt of the proposal and signed the letter indicating Commission consideration of the objectives and guidelines as presented.

CARBON COUNTY ECONOMIC DEVELOPMENT COUNCIL REQUEST

Carbon County Economic Development Council Members Mr. Frank Pero, Manager; Chris Jouslas, Chairman; Executive Committee Members Karen Miller and Carl Kraync came before the Emery County Commission. They requested the Commission's support of a neutral package for solicitation of the regional correction center to be built in the South-Eastern Utah area; however, no specific site has been designated.

Also in attendance were Emery County Economic Development Director Scott Truman, together with Chairman Wes Curtis. They reminded those present that Grand, San Juan and Emery County Counties have indicated their support of the Green River area as a first priority for location of the regional correction facility. Commission Chairman Clyde Thompson indicated that the Emery County Commission had given their support to the facility being located in Green River, Utah. The Commission could not consider supporting any other group or agency unless they themselves approved Green River as a first priority with consideration of a neutral package thereafter.

Mr. Larris Hunting, who was also in attendance at this time, indicated he had been involved with various agencies within Carbon County. These agencies indicated initial

support for the Green River location. However, since that time the members of the Carbon County Commission have requested that every effort be made to locate the facility in Carbon County. Mr. Hunting emphasized that a joint packet would better serve the area, noting that any facility located in Emery County greatly benefits the surrounding counties.

The Carbon County Economic Development council requested of the Commission if Wes Curtis and Scott Truman could work together with them to prepare a joint package and bring it back to the Commission for their consideration. The Commission indicated they would not endorse any joint package at this time, but would look over such a proposal. The Commission also requested to view the planning criteria first.

Mr. Chris Jouslas, Chairman of the Carbon County Economic Development Council indicated that in his opinion, the Price area would be the most feasible and practical location for such a facility. He mentioned that Price can offer medical services through the Castle View Hospital, they have sufficient housing and a sufficient labor force. After further discussion, the Commission expressed appreciation for the Economic Development Council being in attendance.

EMERY COUNTY SURPLUS PROPERTIES

Emery County Clerk, Bruce C. Funk, discussed with the Commission a letter received from Randy Anderson, Auctioneer from Emery, Utah, dated March 9, 1987. In the letter, Mr. Anderson confirmed previous discussions with the Clerk outlining his commission on the items sold or not sold. Mr. Anderson noted that Emery County would be responsible for any advertising on the sale, distributing of the posters and any other advertising costs. After further discussion, motion was made by Commission Chairman Clyde Thompson to appoint Emery County Clerk Bruce C. Funk to proceed with obtaining a list of all items to be disposed of by all County departments or agencies. Mr Funk is to correspond with Mr. Anderson and clarify any areas of concern as well as possible locations and times for the auction and report back to the Commission. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

KIRK JOHANSEN PROPERTY EXCHANGE

Commissioner Jerry Mangum informed the Commission that he had received a request from Mr. Kirk Johansen of Castle Dale requesting an exchange of property with Emery County. Mr. Johansen owns property near the Emery County Landfill he would like to exchange for an abandoned gravel site owned by the County near Lawrence. He indicated that he felt the value was somewhat comparable, although the assessed valuation reported by the Assessor's office was considerably different. After discussion with Road Superintendent Rex Funk, it was the consensus of the Commission that because the abandoned gravel site was of little value to the Road Department, such an exchange may be of benefit to the County for future landfill expansion. Whereupon, the Commission requested that Road Superintendent Rex Funk meet with Commissioner Mangum to review the proposals and the sites and come back to the Commission with a recommendation.

SEARSON WASH BRIDGE PROJECT - BID ACCEPTANCE AND AWARDDING OF THE CONTRACT

Commissioner Jerry Mangum discussed with the Commission the bids having been received on the Searson Wash Bridge replacement project near Green River. The following bids were received: Tony Saparas in the amount of \$98,225.80; G & O Construction, Inc., of Green River, Utah, of \$103,708.00; Barney construction, Inc., \$110,067.00; Nielsen Construction, \$119,270.00; and Elbert Lowdermilk Construction, \$137,472.00. Commissioner Mangum noted that Tony Saparas was the apparent low bidder; however, it has been brought to his attention that the low bidder is approximately \$5,600.00 to \$6,400.00 low in his figuring the costs of the asphalt. He indicated his concern as to whether the low bidder could complete the project at the original bid amount or whether he would require the additional amounts. It was the concensus of the Commission and those present that the low bidder would have to bear the cost, otherwise the Commission would have to consider taking the next low bid. Mr. Howard Tuttle, of Johansen and Tuttle Engineering, indicated that Tony Saparas Construction Company could and would be required to absorb those costs should the Commission award the bid to him. He noted Mr. Saparas' bid is still

over the engineers estimates. Mr. Tuttle further indicated construction time is very critical and should have certain portions completed prior to the Green River's water level rising in late May and June. Excavation needs to be completed and the bridge abutments should be in place at this time. Late acceptance and bid awarding would result in increased costs to the contractor because of the high water seepage into the excavation. It was the recommendation of Emery County Attorney Scott Johansen that if the award is made to Tony Saporas Construction, that a letter of understanding be made with Mr. Saporas that construction begin before the Green River rises and that Mr. Saporas be made aware of any other pertinent information. Whereupon, motion was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum to accept the low bid of Tony Saporas Construction in the amount of \$98,255.80 for the Searson Wash bridge replacement. A letter is to be prepared from Johansen and Tuttle Engineering to Mr. Saporas making him aware of the need to begin construction as soon as possible in order to avoid complications caused by the rising of the water in the Green River. Motion was approved by all members present.

COUNTY ATTORNEY OUT-OF-STATE TRAVEL - CANCELLED

Emery County Attorney Scott Johansen indicated to the Commission that he has cancelled his plans to attend the Commission approved seminar in Colorado Springs, Colorado. The cancellation is due to a conflict in his requirement to be in attendance at the Utah Association of Counties convention in Ogden, Utah, at the approximate same time.

ATTORNEY'S OFFICE PLACEMENT OF A PMS TERMINAL

Emery County Attorney, Scott Johansen, requested of the Commission installation of a terminal connected to the main frame Motorola computer and the PMS software which is presently used by his office. This additional terminal would be for the new secretary in which the Commission has previously authorized. He noted a terminal is already available in the Court House. The terminal was previously used by Commission Secretary Pat Snowball who is now using a personal-type computer. Emery County Clerk, Bruce C. Funk, indicated that cables would have to be run from the main frame computer to that location. An electrical outlet would have to be installed which is also connected to the power generator. Mr. Funk indicated he would be in contact with Bart Cox and obtain a quote for installation of a cable and also Dean Allen as to the cost for installation of the outlet. Whereupon, motion was made by Commissioner Jerry

Mangum, seconded by Commissioner Duane Collard to approve the relocation of the terminal in the Attorney's office on a temporary basis until such a time as it is determined that a personal type computer would better serve the needs and be more cost effective to the County. Motion was approved by all members present.

(12)

PERSONNEL ITEMS

A) Termination of Shayne Potter - Acting Personnel Director, Mark Tanner, presented to the Commission for their consideration the termination request of Mr. Shayne Potter, who is leaving the Sheriff's Department as discussed in the previous Commission meeting.

The Commission had asked Mr. Tanner to see

if Mr. Potter had fulfilled any obligations he had to the County as a result of special training received. Mr. Tanner indicated that he has, together with Commissioner Duane Collard, met and discussed any understandings and obligations with Mr. Potter regarding reimbursement to the County for training received. Mr. Tanner mentioned that Mr. Potter had indicated he had not been made aware that such a policy was in place.

Whereupon, it was Commissioner Collard's recommendation that because there hadn't been any formal agreement by Mr. Potter addressing the situation, under the circumstances he felt

Mr. Potter should not be required to pay Emery County for those costs because of his lack of understanding. It was Commissioner Collard's recommendation that in the future, the rules be more strictly enforced and that such an agreement or understanding be signed before employees take such voluntary training. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to accept the termination of Shayne Potter of the Emery County Sheriff's Department, effective February 23, 1987, and that he not be required to reimburse Emery County for any training received while employed with the Sheriff's Department. Motion was approved by all members present.

Personnel Items, cont. . . .

B) Ted Thomas Reclassification - Mr. Tanner also presented a personnel action form for Ted Thomas of the Sheriff's Department, who is presently a Patrol Deputy 2, at a Grade 11, Step 2, or a salary of \$1,644.00 per month, to reclassify Mr. Thomas as an Evidence and Identification Officer, at a Grade 12, Step 3, or a salary of \$1,796.00 per month. He further noted that such a change would require Mr. Thomas to be placed on a three month probation period. Concern was expressed by the Commission as to whether a replacement would be needed in the future for Mr. Thomas's position.

The Commission expressed their concern regarding comp time accumulated by employees in the Sheriff's Department in that it makes it a very attractive incentive to leave employment with Emery County. After discussion, motion was made by Commissioner Duane Collard to approve the reclassification of Ted Thomas from a Patrol Deputy 2 to an Evidence and Identification Officer on a Grade 12, Step 3, or \$1,796.00 per month effective April 1, 1987. Motion was seconded by Commissioner Jerry Mangum, Commission Chairman Clyde Thompson voted "nay" in opposition to the motion, indicating that he felt the salary should be a Grade 12, Step 1, or 2. Whereupon, motion passed.

C) Road Department - Stanley K. Jensen - Crusher Crew Leader - Mr. Tanner presented to the Commission the personnel action form for Stanley K. Jensen who is to be reclassified from an Operator 2 to a Crusher Crew Leader. This would mean a change from a Grade 11, Step 6, or a salary of \$1,883.77 per month to that of a Grade 13, Step 5, or a salary of \$2,030.00 per month.

Mr. Tanner reported back to the commission regarding the County's policy to provide travel to the work site. Mr. Tanner indicated that Emery County is in no obligation to provide travel to the work site and that it is merely a convenience.

At this time, Commission Chairman Clyde Thompson inquired as to the job classification of "Crusher Foreman" in the Personnel Policy under Road Department. Mr. Tanner indicated this classification would have to be deleted from the Emery County Personnel Policy in the future. After further discussion, it was the motion of Commissioner Jerry Mangum to approve the reclassification of Stanley K. Jensen from an Operator 2 at a Grade 11, Step 6, or a salary of \$1883.77 per month to that of a Crusher Crew Leader at a Grade 13, Step 5, or a salary of \$2,030.00. Motion was approved by all members present.

D) Employee Statement of Understanding and Agreement - Voluntary Training - Commissioner Duane Collard made a motion that the Commission accept the draft of the Statement of Understanding and Agreement and to implement it as part of the hiring application. This would require employees who attend voluntary schooling be obligated to reimburse Emery County for any expenses incurred for the schooling should they terminate employment before one year from that time on a pro-rated basis. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

CORINE JONES - RUNOFF WATER

Mrs. Corine Jones, of Castle Dale, Utah, came before the Commission regarding a problem they have had with the run-off water from the hill on which the Road Department and the Sheriff's office is located. She indicated that in the past, such run-off water has washed out their gardens and caused damage to their drive-way. She further noted that Emery County had dug a ditch in order to catch the water, but the ditch appeared to go up hill and the water pooled. Originally, an irrigation ditch existed which would normally catch such run-off water, but because of the installation of the secondary irrigation system in Castle Dale, the ditch has been abandoned and has filled in completely. Emery County Attorney, Scott Johansen suggested that Mr. Jones, because of his having the equipment, construct a ditch at his convenience through his property to direct the water and possibly solve the problems. After further discussion, it was the consensus of the Commission that Mr. Jack Jones meet together with Road Superintendent Rex Funk and appraise the situation. This suggestion was agreeable to Mrs. Jones and to Road Superintendent Rex Funk.

(14)

EMERY COUNTY NURSING HOME - JOHN BRAMAL - ROOF LEAK

Mr. John Bramal, Administrator of the Emery County Nursing Home, informed the Commission that the present roof on the Emery County Nursing Home is approximately 23 years old. They have made numerous attempts to repair the leaks. It was his request that some of the \$10,000 placed in a contingency fund in the Emery County Budget be used to cover major repair or replacement of the roof. He asked the Commission for approval to go ahead and solicit bids for the roof. Whereupon, Commission Chairman Clyde Thompson referred this item to Commissioner Jerry Mangum and requested that he meet with Mr. Bramal and make a recommendation back to the Commission for action.

(15)

ROAD DEPARTMENT BUSINESS

A) Truck Purchase Contract Signing - Road Superintendent Rex Funk presented to the Commission the retail order form for a new 1987 International Truck as previously approved by the Commission in the amount of \$54,007.60 for Commission Chairman signature. Motion was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum and approved by all members present that Commission Chairman Clyde Thompson be authorized and sign the same.

B) BLM Municipal Facilities Relinquishment Application - Road Superintendent Rex Funk informed the Commission that Emery County had an outstanding application with the BLM in which Emery County originally planned to build a municipal facility on the Des-Bee-Dove road. This would contain Emery County Road Department garage and other facilities. He noted that he had been informed by the BLM that Emery County has not met basic requirements of the agreement. The BLM indicated that if it was Emery County's intent not to construct those facilities, that a relinquishment of application agreement be submitted back to the BLM. The application was presented to Commission

Road Department, cont. . . .

Chairman Clyde Thompson for signature. Whereupon, motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to relinquish the land which was being considered for construction of a municipal facility which was within Section 21, Township 18 S, Range R 8 E, in the N-W 1/4 space S-E 1/4 containing 40 acres back to the BLM. Motion was approved by all members present.

C) Reconstruction of the Horse Bench Dugway - Road Superintendent Rex Funk indicated that there is a drastic dugway situation and a traffic hazzard in the horse bench area near Green River which is in serious need of realignment. The BLM is also in support of such realignment. Mr. Funk requested that he be given permission by the Commission to make application to the BLM for a road right-of-way for construction of such improvements. This does not require construction by a specific date and would allow sufficient time for the Commission to evaluate the worthiness of the project and to review county expenditures. Whereupon, motion was made by Commissioner Jerry Mangum to authorize and approve application only with the BLM for a road right-of-way for realignment of the dugway in the horse bench area near Green River. Motion was seconded by Commission Chairman Clyde Thompson and approved by all members present. The Commission will review the project further before any additional expenditures are made.

D) BLM Road Right-of-Way Application - Road Superintendent Rex Funk, together with Howard Tuttle of Johansen and Tuttle Engineering presented to the Commission for their signature the 200 foot road right-of-way plat which covers the proposed road realignment on the dry wash road east of Moore, refered to in previous Commission minutes as Talbot Turns. It was expected that approval from the BLM would be approximately 30 days. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve the 200 foot road right-of-way plat and that the Commission be authorized to sign the same. Motion was approved by all members present. It was further noted that this was a previously approved road project.

E) Notice of Award - Old State Highway Contract #'s 2 & 3 - Road Superintendent Rex Funk presented to the Commission the bid summaries for construction of the Old State Highway south of Emery, contract #'s 2 and 3. The bids received are as follows: Contract #2: Tony Saparas, \$9,990.00; Nielsen Construction, \$12,067.00; G & O Construction, Inc., \$12,935.00; and Elbert Lowdermilk, \$20,990.00. Contract #3: Tony Saparas, \$16,548.50; Nielsen Construction, \$18,127.60; G & O Construction, Inc., \$21,263.00; and Elbert Lowdermilk, \$30,230.50.

Also submitted to the Commission was a letter of recommendation from Engineers Johansen and Tuttle recommending Tony Saporas, who is the apparent low bidder to be awarded the bids on the projects in the amount of \$9,990.00 and \$16,548.50. Motion was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum to accept the low bid of Tony Saporas Construction in the amount of \$9,990.00 and \$16,548.50 for construction on the Old State Highway south of Emery, Contract #'s 2 and 3, respectively. Motion was approved by all members present.

STOCK SHOW

Commission Chairman Clyde Thompson informed the Commission that Utah Governor Norm Bangerter has made considerable cuts in funding which would affect the South-Eastern Utah Jr. Livestock Show held each year in Ferron, Utah. Commission Chairman Clyde Thompson noted that in other years Emery County has participated in the amount of \$2,000.00. He has been approached by members of the Stock Show Committee and they are requesting additional funding from the Commission. It was Commission Chairman Clyde Thompson's request that Commissioner Jerry Mangum meet with Ina Lee Magnuson and those involved with the Stock Show to see what additional funding would be required of the County and any possible means of making up any lost funds. They are to report back to the Commission at their next Commission meeting.

(17)
OTHER BUSINESS

A) Littering of the Des-Bee-Dove Road - Commission Chairman Clyde Thompson indicated that he had received numerous complaints of littering of the highway to the County Landfill. It was the consensus of the Commission that Road Superintendent Rex Funk install littering signs and that the Sheriff's Department be informed of the problem and asked to patrol that area. He also requested that an effort be made to inform the public of the concern of the Commission through the local media.

B) Indian Artifacts - Commission Chairman Clyde Thompson requested authorization to have Scott Truman prepare a letter in order to acquire Indian artifacts excavated from the Arapajo Archaeology Dig in Huntington Canyon for the museum. Mr. Truman was also asked to submit a letter of support to the Emery County Museum.

C) Bear Canyon Reservations - Emery County Clerk, Bruce C. Funk, presented to the Commission reservation schedules of the pavilions at the Bear Canyon Camp Ground,

noting that there is a large number of rental vacancies during the week days. He inquired of the Commission as to whether a greater effort should be made in making people aware of those available dates. It was the consensus and direction of the Commission that a notice be submitted to the paper to inform the public of the availability of the Bear Canyon pavilions during the week days.

D) Emery County Clerk Bruce C. Funk presented to the Commission a business license application for Joe's Valley Sportsman Lodge, noting there has been a change in ownership. Motion was made by Commission Chairman Clyde Thompson to approve the business license application of Joe's Valley Sportsman Lodge. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

MEETING ADJOURNMENT

Motion was made by Commission Chairman Clyde Thompson to adjourn the meeting at 5:15 p.m. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

April 15, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by County Attorney, Scott Johansen.

A review of the Agenda was made.

(1)
COMMISSIONERS MINUTES

Minutes of the March 18, 1987, Commission Meeting were reviewed. Motion was made by Commissioner Duane Collard to accept the minutes as presented. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit List #870816 through and including #870958 for payment. Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve all Warrants for payment. Motion was approved by all members present.

The following requisitions were submitted for consideration:

Motion was made by Commissioner Jerry Mangum to approve the requisitions for purchase. Motion was seconded by Commissioner Duane Collard and approved by all members present. Commissioner Duane Collard made a separate motion to approve requisition #23 for camera equipment for the Sheriff's Department. He indicated that this would reduce the amount of accumulated comp time as a result of the resignation of Shane Potter as Investigator. The equipment would be placed in Green River. The motion was seconded by Commissioner Jerry Mangum and approved by all members present.

SCOTT TRUMAN - OUTSTANDING CITIZEN AWARD

Representatives of the Utah Division of Parks and Recreation came before the Emery County Commission for the purpose of recognizing Scott Truman of Ferron, Utah, as the Outstanding Citizen. Mr. Max Jensen, Regional Supervisor, addressed the Commission indicating that this award is presented to citizens in recognition of their support of the State Parks System and Mr. Truman's help in the development of the Mill Site State Park.

Mr. Kean Luke, Director of the Huntington and Mill Site State Parks, presented the outstanding citizen plaque to Mr. Truman, noting the Millsite development project came about because of Mr. Truman's efforts in putting together a cooperative project between Federal, State and Local agencies in finally getting something done with the park. The project has been funded by a \$50,000 Community Impact grant and \$50,000 from the Soil conservation Service. Scott was instrumental in obtaining both grants. These funds were used for project materials with labor and equipment for the project being provided by Emery County, Ferron City and the Division. Scott has demonstrated an innovative approach to accomplishing the project. He has spent many hours coordinating the project to make it a success. It is an example of how a cooperative and innovative approach can be used to provide quality public facilities at a reduced cost. The Division feels that Mr. Truman is deserving of the recognition for his efforts.

Mr. Truman accepted the plaque, noting that he recognizes the efforts of many individuals who have been involved with the project in the past, namely previous city and county officials who have spent a great deal of time in this project. Also in attendance were Blaine Luke, from Green River and Goblin Valley State Parks.

(4)

REAPPOINTMENT - WAYNE STALEY, MARK HUMPHREY - EMERY COUNTY CONSERVANCY DISTRICT

Commission Chairman Clyde Thompson reviewed a request he received from the Emery County Conservancy District requesting consideration for the reappointment of Wayne Staley of Emery and Mark Humphrey of Orangeville to serve another term on the Conservancy District Board. Whereupon, motion was made by Commissioner Jerry Mangum to reappoint Mr. Wayne Staley of Emery and Mr. Mark Humphrey of Orangeville to another term on the Emery County Conservancy District. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(5)

BLM REQUEST FOR WAIVER OF DOCUMENT COSTS

Commission Chairman Clyde Thompson reviewed a letter he received from the Bureau of Land Management. In the past the BLM has not charged Emery County for administrative costs for their applications, drawings, specifications, etc. It is the BLM's request that Emery County, in turn, waive the costs to them for documents, noting that the administrative costs in paying these far exceeds the actual cost of the copies. Whereupon, it was the consensus of the Commission that, effective immediately, such costs would be waived for the BLM in the future.

(6)

LIBRARY YARD WORK AGREEMENT

Emery County Auditor, Karen Truman, presented to the Commission an agreement for Commission signature for yard maintenance by LaRee Dye at the Castle Dale Library effective April 1, 1987, through September 20, 1987, at \$60.00 per month. Motion was made by Commissioner Clyde Thompson, seconded by Commissioner Jerry Mangum and approved by all members present.

(7)

UTAH FINANCE COOPERATIVE

Emery County Auditor, Karen Truman, discussed with the Commission the proposed Utah Finance Cooperative in which the Utah Association of Counties will be the sponsor. It was her recommendation that any future financing be done through the cooperative as it is anticipated that a better interest rate would be obtained. It was the concern of the Commission and County Attorney, Scott Johansen, as to what effect any borrowing would have on the present Tax Anticipation Note. Wherefore, this item was referred to County Attorney, Scott Johansen, to make a determination.

(8)

MAY TAX SALE

Emery County Auditor Karen Truman presented to the Commission the list of delinquent property owners. Those properties would now be considered at the May Tax Sale. Mrs. Truman noted that other counties are providing for owners or an authorized representative of the property to have the first right of redemption and that all other parties pay a market value as determined by the Assessor's Office. Other options were discussed and this item is to be reconsidered at the next Commission Meeting for determination as to how unredeemed property would be disposed of.

April 15, 1987

(9)

EMERY COUNTY BALL COMPLEX

The following individuals were before the Commission to discuss the Emery County Ball Complex at Huntington: Craig Larsen, District Chairman of the American Softball Association; D. W. Van Wagoner, representing the Castle Valley Women's Fast-Pitch Softball; Shirley Jacobsen, Terry Rushton, and Marie Vander Herp, all from the Women's Softball. Mr. Larsen indicated their purpose in coming before the Commission was for clarification. However, much of this has already been resolved with Emery County Park's and Recreation Supervisor Dave Thompson as to the lights and whether they would be charged additional entrance fees. Mr. Larsen indicated at the present time, the plans are that the Women's League would not use the lights and the men's team would use two fields two nights during the week.

Also presented and proposed to the Commission for their consideration was owners and operators insurance through the ASA for a cost of \$50.00 annually which would provide an additional \$1,000,000 in liability insurance. However, there is a minimum deductible amount on any claim with the requirement that everybody who plays be a registered member. Mr. Van Wagoner indicated that they would like to pour cement under the bleachers and provide some type of cover over the bleachers to protect the spectators.

The Commission was questioned in regards to the insurance money received when two lights were broken and settlement was made to Emery County. It was noted that such funds are deposited in the Emery County General Fund and replacements of the lights would be looked into. After considerable discussion, it was the recommendation of Commission Chairman Clyde Thompson that presently Emery County budgets approximately \$5,500.00 to cover expenses of the Ball Complex. It was his recommendation that this be transferred over to the Committee and that they be responsible for maintenance and all expenses associated with operation of the complex. He further indicated that consideration might be given to a contractual maintenance agreement also with the league. He also reminded those present that the original agreement was that Emery County would build the facilities, but the users would maintain it.

In response to a question as to equipment purchased from consessions receipts, Mr. Van Wagoner indicated that items purchased would remain property of Emery County.

(10)

HEALTH/MENTAL HEALTH/AAA BUDGET REQUESTS

The following individuals were present before the Commission: Maughan Guymon, representing the South-Eastern Utah AAA; Nancy Bentley, from the South-Eastern Utah

Association of Governments; Bea Raby, from the South-Eastern Utah Health District; Jim Whear, of the Four-Corners Mental Health; and Emery Jones, of Four Corners Mental Health. These individuals came before the Board of Emery County Commissioners to discuss recent changes in the legislature as it

pertains to their offices. Mr. Jim Whear, speaking on behalf of the group, indicated their purpose was to acquaint the Commission with the legislation. He noted that the State has assumed the costs of the County associated with juvenile detention and indigent medical, with the State cutting a proportionate amount from their local discretionary funding. It was their request that the County budgeted indigent medical fund be transferred into the operation of the local agencies as well as any alcohol rehabilitation monies. It was noted that this would require the Emery County Commission to open the County budget and make such transfers. Emery County Clerk, Bruce C. Funk, and County Attorney, Scott Johansen, informed Mr. Whear in regards to the County Indigent Medical Fund, that expenditure in 1985 amounted to \$4,226.00; total expenditures in 1986 were \$1,195.00; and current expenditures in 1987 are approximately \$3,000.00. The additional amount reflected in the budget is there only as a cushion. It was Mr. Whear's further request that a meeting be set up to discuss these items further. The Commission indicated they would take this under advisement.

(11)
ADJOURNMENT FOR LUNCH

Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard, to adjourn for lunch at 12:32 p.m. Motion was approved by all members present.

Commission reconvened at 1:40 p.m. with all members present.

(12)
EMERY COUNTY LIBRARY BOARD - CONTRACT QUESTIONS

The following Library Board Members came before the Emery County Commission: Randy Myers, of Green River; Jeralyn Mathis, of Castle Dale; Anita Mower, of Ferron; and Verna Miller, of Castle Dale. Randy Myers, as spokesman for the group, expressed concern to the Commission with the recent agreement they received for signature dated December 18, 1986. In the agreement, Emery County would provide certain auditing and legal service to be charged on an hourly basis at the prevailing rate at the time. Their concern is that the County is already providing this service to the tax payers. They also

questioned as to the restrictiveness of using the Emery County Attorney's Office for legal service. Numerous other concerns with other portions of the agreement were expressed. The Commission and County Attorney, Scott Johansen, reviewed each of the Boards concerns, noting that in the past Emery County has provided many thousand dollars of in legal service of which Emery County was never reimbursed. This agreement is only putting in writing an understanding that it was the result of action taken at that time. Also discussed with the library board was their relationship and responsibility to the Emery County Commission.

SHERIFF'S BUSINESS

A) Forest Service Agreement - Emery County Sheriff Lamar Guymon presented to the Commission the agreement with the Forest Service in which Emery County would patrol the forest areas. The amount of the contract in which they reimburse Emery County is \$7,500.00 annually. Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve and sign the agreement. Motion was approved by all members present.

B) Dispatch Console - Emery County Sheriff Lamar Guymon discussed with the Commission the replacement of the dispatch console in the Sheriff's Department. He noted that the old one has become very outdated and expensive to repair. They have received two bids: one from Motorola and one from BACOM of Birmingham Industries. BACOM is the apparent low bidder in the amount of \$25,804.00. Sheriff Guymon indicated there has been sufficient monies budgeted for 1987, together with monies from revenue sharing for the console. After discussion, motion was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum to approve the purchase of the console in the amount of \$21,338.00. Motion was approved by all members present. Also discussed by the Commission was a request made by the Sheriff in regards to a voice recorder in the amount of \$1,800.00 which is to be added.

C) KRPX Request for a Translator - Sheriff Guymon informed the Commission that no representatives were present from KRPX and would not at this time require any Commission consideration or action.

(14)

EMERY COUNTY LANDFILL - MANAGEMENT REQUEST

Mr. Ronald Barney, of Ferron, Utah, representing Ferron Equipment Company, came before the Commission asking their consideration in allowing him to operate the landfill. It was his proposal to operate the landfill at a cost to Emery County of \$30,000 per year which would be an immediate savings of \$15,000. He indicated that he would be responsible for any and all excavation at the site. It would also free up one Emery County employee and one Caterpillar presently used at the site for covering the material. He would also need the right to charge commercial dumpers the rates already set by County Ordinance. It was the consensus of the Commission that this would be a worthwhile consideration and it was their request that they be given sufficient time to consider all aspects of the proposal.

(15)

HUNTINGTON AIRPORT RESEALING

Mr. Ryan Pritchett, representing Armstrong Consulting, Inc., came before the Emery County Commission to discuss State funding sources available and needed improvements at the Huntington Airport. It was his opinion that the project would require approximately \$300,000 to rehabilitate the runways as they are in bad decay. This would require an asphalt overlay. He noted that the requirements for such projects are approved by the State Aeronautical Division

and they are very particular. He further noted that it is a very cost- effective time in that the price of oil is down, bidding is very competitive, it is a 90% match from State funds and that for such a project the County would be looking at an expenditure of approximately \$30,000. Mr. Pritchett presented to the Commission a prepared letter for forwarding to the State Aeronautics Board, requesting that they come down and review the project on Tuesday, April 21, 1987, at 1:00 p.m., in which Mr. Pritchett and Commissioner Mangum would meet with those members. This would not commit Emery County to Armstrong Consulting, but would allow Emery County to advertise for consulting work on the project in the future.

(16)

ROAD SCHOOL

Road Superintendent Rex Funk discussed with the Commission the upcoming Road School in Moab. It was the consensus of the Commission that Rex Funk, together with Commissioner Mangum and their spouses attend the schooling in Moab.

(17)

BENJAMIN BRADY - EMERY COUNTY HIRING PRACTICES

Mr. Ben Brady and his wife came before the Emery County Commission to discuss the recent screening for an equipment operator in the Road Department. His concern is that he was not given a chance, noting that he felt he was highly qualified and experienced and had a number of recommendations for the Commission to review. Acting Personnel Director Mark Tanner informed those present that Emery County has established a hiring policy and therein has to have some method or place to start when a position is available. As such, Job Service submits to Emery County the top 15 names in the particular category. For this particular opening, Mr. Brady's name was not referred because of low aptitude test scores at Job Service. Commissioner Duane Collard, responding on behalf of the Commission, indicated that this method assures all applicants that any hiring would be fair and honest, keeping everything above board, and that the guidelines are followed to the letter. Mr. Brady's concern was that low aptitude tests should not be the determining factors for consideration, but it should be based upon experience and qualifications. Mr. Tanner indicated that it would be in Mr. Brady's best interest to return to Job Service and retest.

(18)

PERSONNEL ACTIONS

A) Merlin Weber - EMT - Mr. Mark Tanner presented to the Commission the Personnel Action Form for Merlin Weber who has completed the EMT training. He noted that it has not yet been determined as to the exact number of EMT's that Emery County can and should have, but that an up-to-date list would be prepared. Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present, to approve the Personnel Action Form of Merlin Weber, effective immediately.

B) Wade Hansen - Dispatcher to Patrol Deputy - Also presented to the Commission was the Personnel Action Form for Wade Hansen of the Sheriff's Department. Mr. Hansen is to be reclassified from a Dispatcher at a Grade 9, Step 5, or a salary of \$1,630.00 to that of a Patrol Deputy at a Grade 11, Step 2, or a salary of \$1,644.00 per month, effective May 1, 1987. Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve the reclassification of Wade Hansen to that of a Patrol Deputy at a Grade 11, Step 2, effective May 1, 1987. Motion was approved by all members present.

C) Leslie D. Reese - Weed and Mosquito Department - Personnel Action Form for Leslie D. Reese was presented as a temporary seasonal employee at an hourly rate of \$6.97 per hour to work in the Weed and Mosquito Department effective April 16, 1987. Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve the hiring of Leslie D. Reese as a temporary seasonal worker in the Weed and Mosquito Department effective April 16, 1987. Motion was approved by all members present.

D) Lorraine Martin - Green River Librarian - Also presented to the Commission was the Personnel Action Form for Lorraine Martin, who is presently a part-time librarian at Green River, Utah. It was the request that she be reclassified as the Branch Head Librarian on a permanent part-time basis in order to receive full/pro-rated insurance benefits, working 20 hours per week. After discussion, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to disapprove the Personnel Action Form request. This decision was based on the grounds that it has been the policy of Emery County to participate on pro-rated insurance benefits for those employees working 30 hours or more per week and that such benefits have not been budgeted for in the 1987 budget. Motion was approved by all members present.

E) Emery County Employee Training Agreement - Acting Personnel Director Mark Tanner presented to the Commission two Training Session Agreements. One for employees of the Courthouse and other departments, and the other one pertaining primarily to the Sheriff's Department. Basically, the agreements would allow the employee and the employer to come to a complete understanding and agreement for every training session attended by an employee. The main difference in the agreements is that the one type would be required for each training session. The Sheriff's Department would have one blanket agreement to be signed at the time of hiring, covering all sessions. Both agreements provide for the reimbursement back to the County on a pro-rated basis for the costs borne by the County, requiring a one year commitment. He further noted that he has transmitted a memo, together with a copy of the agreement to all County officials and Department Heads and has received no comments in regards to it. Whereupon, motion was made by Commissioner Clyde Thompson, seconded by Commissioner Jerry Mangum to approve the Training Session Agreements for the Sheriff's Department and for the other County Departments. Motion was approved by all members present.

RESOLUTION 4-15-87 - HOLIDAY PAY - SHERIFF'S DEPARTMENT -
AMENDING THE PERSONNEL POLICY

Acting Personnel Director Mark Tanner presented to the Commission Resolution 4-15-87. This Resolution amends section IX.D.3 of the Emery County Personnel Policy in that it adds subsection d as follows: In lieu of holiday time off, law enforcement personnel shall be paid 92 hours of work at their regular hourly salary, this payment to be divided equally among the 24 paychecks received annually by employees. Law enforcement employees shall not be further compensated for work on holidays, but may schedule other benefit time to be used on a holiday as department schedules and demands permit. This provides that the Personnel Director provide a new salary schedule for law enforcement personnel. Commissioner Duane Collard reviewed with the Commission his discussions with the Emery County Sheriff in order to resolve the problem of accumulating comp time. He indicated that comp time which has been accumulated in the past has been a result of holiday time and this Resolution should eliminate any future accumulation except in emergency situations. Commission Chairman Clyde Thompson reviewed past policies in regards to accumulation of comp time in the Sheriff's Department. Whereupon, motion was made by Commissioner Duane Collard to adopt and approve Resolution 4-15-87 which authorizes the payment to law enforcement personnel for holiday time in the amount of 92 hours per year as a means to eliminate the accumulation of comp time in the Sheriff's Department. Whereupon, Commissioner Mangum seconded the motion based on the following conditions: 1) The Courthouse and other employees be made aware of this policy change by memorandum; 2) That Commissioner Duane Collard accept responsibility to see that the Sheriff's Department functions under the guidelines established previously by the Commission; 3) Not to allow any replacement hires this year throughout the Sheriff's Department; and 4) This change to be effective May 1, 1987. Whereupon, motion passed.

(18)

ELECTED OFFICIALS REQUEST FOR COMMISSION MINUTES

Commissioner Duane Collard informed the Commission that he has received requests from a couple of the Departments that they receive copies of the Commission minutes. It was noted by Emery County Clerk, Bruce C. Funk, and County Attorney, Scott Johansen, that the minutes as they are prepared to the Commission are in rough-draft form only and are not official until approved and signed by the Commission. It was further noted that initial rough-draft copies could contain errors and misunderstandings. It was Emery County Clerk, Bruce C. Funk's recommendation that the agenda should completely reflect the business being considered by the Commission and that Department Heads can then make a determination whether they should be in attendance at the meetings. Whereupon, after further discussion, it was the consensus of the Commission that copies are available after approval in the Clerk's office and that sufficient effort is being made to inform those offices of items affecting them.

It was further noted that some departments have yet to submit a completed list and it was the request that such items be included in the final sale. The Department Head and the Commissioner over that Department should submit any additional items to the Clerk's Office for final approval by the Commission on May 6, 1987. Whereupon, it was the consensus and motion of Commissioner Jerry Mangum that May 16, 1987, be set as the date to hold a public auction for disposal of the surplus items at the Castle Dale City Pavillion, North of the Courthouse in the morning and disposal of the Sheriff's vehicles and other large items at the Sheriff's parking lot to follow thereafter. Emery County Clerk, Bruce C. Funk, is to work with Commission Chairman Clyde Thompson as to final arrangements for auctioneering and advertising of the items. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(20)

ELECTED OFFICIAL AND DEPARTMENT HEAD MEETING

Emery County Clerk, Bruce C. Funk, was put in charge of arranging a meeting on May 6, 1987, at 9:30 a.m. for the Department Heads and Elected Officials to discuss any

concerns. As in the past, the agenda will include soliciting in the Courthouse as well as any other items that may need to be discussed.

(21)

MEETING ADJOURNMENT

Motion was made by Commissioner Jerry Mangum to adjourn the meeting at 5:53 p.m. Motion was seconded by Commissioner Duane Collard and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

May 6, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commissioner Jerry Mangum.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of the April 15, 1987, Commission Meeting were reviewed and corrected. Motion was made by Commissioner Jerry Mangum to approve the minutes as corrected. Motion was seconded by Commission Chairman Clyde Thompson, with Commissioner Duane Collard voting nay. Whereupon, motion passed. The minutes were accepted as corrected. (Commissioner Collard's concern was with Item #19, as it applies to not allowing replacement hires.)

(2)

AUDITOR'S BUSINESS

Emery County Auditor, Karen Truman, presented Warrant Edit List #871001 through and including #871184. Motion was made by Commissioner Duane Collard to approve all Warrants for payment. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

The following requisitions were submitted for consideration:

(3)
RSVP ADVISORY COUNCIL MEMBER APPOINTMENTS

Commissioner Duane Collard reviewed a letter he received dated May 4, 1987, from Larry Heaton, Chairman of the RSVP Advisory Council, noting that the Board has three members whose appointments have expired. These members are Estella Curtis, Ella Maxfield and Dr. Mark Ramariz who have requested that they not be re-appointed to the Board. Therefore, it was Mr. Heaton's recommendation that Dr. Jonathon Stout, of Huntington, Mr. Harold Halverson, of Green River, and Mr. Delbert Tidwell, of Green River, be appointed to fill those vacancies with a two-year term effective July 1, 1987. Motion was made by Commissioner Jerry Mangum and Seconded by Commissioner Duane Collard to approve Dr. Jonathon Stout, Mr. Harold Halverson and Mr. Delbert Tidwell to the RSVP Advisory Council. Motion was approved by all members present. The Clerk's office is to advise the new members of their appointment.

(4)
HUNTINGTON AIRPORT RESEALING PROJECT

As a follow-up from the Commission Meeting of April 15, 1987, in which the Commission considered making application for State funds to apply an asphalt overlay at the airport, Commissioner Mangum advised the Commission that he had a meeting with the State Aeronautics Board. Commissioner Mangum indicated that at the present time

there are no funds available. However, Emery County's project has been placed on their priority list for next year and the 90%-10% participation would also apply at that time.

(5)

EMERY COUNTY LANDFILL - MANAGEMENT REQUEST

Commissioner Mangum inquired of the Commission as to appropriate action regarding a management contract of the landfill being offered to other operators. It was noted that Emery County has received a proposal from Ron Barney, of Ferron Equipment Company.

Whereupon, after discussion it was the consensus and motion of the Commission that the consideration of management for the landfill be offered to others. The County Attorney's office is to prepare a draft contract outlining what would be expected of the operators, the terms and condition. This draft is to be brought back to the Commission for further consideration. Motion to that effect was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum and approved by all members present.

(6)

EMERY COUNTY BALL COMPLEX - MAINTENANCE AGREEMENT

The Board of Emery County Commissioners further discussed the Emery County Ball Complex as previously discussed in the Commission Meeting of April 15, 1987. After further consideration, motion was made by Commissioner Jerry Mangum that County Attorney Scott Johansen prepare a contract for Commission consideration which would allow for the recreation complex maintenance and supervision be put directly under the ball leagues. They are to be responsible for payment of all bills, including the utilities. The agreement is to provide for equal opportunity of all Emery County groups to use the facility whether belonging to the league or not. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(7)

TRAIL MOUNTAIN TOWN - INCORPORATION CONSIDERATION

Emery County Attorney, Scott Johansen, advised the Commission that his office has completed the review of the request for Trail Mountain Town incorporation. The request has also been reviewed by the Clerk's office and engineering. He noted that zoning is almost finished and will have their recommendation in the near future. He further noted that incorporation or denial of the same can be done by the Emery County Commission with or without a public hearing. It was his recommendation that consideration of input

from other agencies might be advantageous in making that determination. Whereupon, it was the consensus of the Commission that the Emery County Clerk contact other agencies who might be affected by such an incorporation and arrange a meeting with them and the Commission for May 13, 1987, at 3:30 p.m. Amongst the interest agencies are representatives from the Forrest Service, Division of Oil, Gas and Mining, North Emery Water Users Association, Castle Valley Special Service District, State Board of Health, Department of Natural Resources and Huntington City. (All agencies were contacted by phone on May 7, 1987, and would have a representative at the meeting or respond in writing.)

(8)

MAY TAX SALE

Emery County Auditor, Karen Truman, together with County Attorney, Scott Johansen, further clarified with the Commission the guidelines to be followed in disposing of delinquent property which is to be included in the May Tax Sale. The two options are: 1) The Commission authorize the Auditor to sell portions of the property to cover the taxes and expense only and the remainder of the property reverts back to the owner; or 2) The property be sold without division at fair market value, noting that that amount above the taxes and expenses would revert back to the State Treasurer as surplus revenue. County Attorney, Scott Johansen, advised the Commission that they do have the authority to accept or reject any or all bids, including deferring any action as to disposal for another year. It was the consensus of the Commission that the Emery County Auditor obtain the plats of the property in question and bring them back to the Commission at their next meeting on May 20, 1987, for further consideration.

FERRON TO MILLSITE ROAD PROJECT

Emery County Engineer, Craig Johanson, advised the Commission that bidding on the FAS Route 336 road project at Ferron to the Millsite Dam, began May 3, 1987, with the bid opening set for May 19, 1987. He noted that the Department of Transportation provides construction engineering. He further noted that Commissioner Jerry Mangum has previously signed an agreement in order to expedite the project. Whereupon, motion was made by Commissioner Jerry Mangum to ratify his signing of the cooperative agreement and that Emery County issue a check in the amount of \$13,423.00 to the Utah Department of Transportation as Emery County's share of paving the 2.1 miles of road to the Millsite Dam. Commissioner Mangum noted that the Department of Transportation

would make up the balance of the \$155,000 project. Whereupon, motion was seconded by Commissioner Duane Collard and approved by all members present.

(10)

MINERAL LEASE MONIES - ROAD PROJECT

Emery County Engineer, Craig Johanson, reviewed his discussions with Mr. LeFevre of the Utah Department of Transportation. He noted that in 1986 Emery County was to receive \$1.1 million dollars in mineral lease monies. He noted that the unused balance is secure and would carry into 1987 on projects previously approved. He inquired of the Commission if they were interested in applying for additional money for 1987. It was the consensus of the Commission at this time is that they would not apply this year, but put some projects together and make application next year.

(11)

COUNTY SURVEYOR - PLAT RECORDING

Emery County Engineer, Craig Johansen, informed the Commission as a result of the legislation this past year, that any surveyor doing any type of plat is required to file a copy of the same with the County Surveyor. After discussion, this item was referred to County Attorney, Scott Johansen, for further clarification as to what needs to be done to provide for the legislation.

(12)

TRAIL MOUNTAIN COAL MINE - COTTONWOOD ROAD PROJECT

Mr. Craig Johansen indicated the he has been contacted by Mr. Joe Fielder of Trail Mountain Coal. Mr. Fielder indicates they have completed their portion of the agreement for reconstruction of the Cottonwood Road and would, therefore, like to finalize the paperwork and bring the project to a close. Whereupon, it was the consensus of the Commission that copies of previous agreements be given to Commissioner Jerry Mangum for follow-up and recommendation on this request.

ROAD DEPARTMENT BUSINESS

A) Temporary Summer Employees - Road Department Secretary, Carol Ware, requested of the Commission permission to proceed with temporary summer employment of four employees. One is to serve as a laborer in the Green River area, and two laborers to work on this end of the County. These three are to work a total of three months at a rate of \$7.00 per hour. The fourth employee is a weed mower operator to work for a period of

five months at the rate of \$8.00 per hour. She noted that Emery County is only required to pay social security on temporary employees. She further noted that they do follow the normal hiring practices of going through Job Service. Whereupon, motion was made by Commissioner Jerry Mangum to authorize the Road Department to proceed with the recruitment process for the four temporary summer employees to work in the Road Department at the rate of \$7.00 per hour for the laborers and \$8.00 per hour for the weed mower operator with an effective date of hire of June 1, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) Uniform Cleaning and Mending Service - Road Department Secretary, Carol Ware, advised the Commission that they have been approached by an agency who supplies uniforms as well as cleans and mends. She noted that many of the Road Department employees are interested in the service provided it can be paid for through a payroll deduction which would require Commission approval. It was further noted that the cost would range from \$5.00 to \$10.00 per month and would be on a volunteer basis. She indicated that approximately 12 individuals have expressed an interest and the agency is agreeable to supply the service to as few as 5. Whereupon, motion was made by Commissioner Duane Collard to allow the supplying of uniforms and mending and cleaning of the same on a voluntary basis and that payment for such be authorized through payroll deduction. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(14)

RECORDERS FEES

Emery County Recorder, Ina Lee Magnuson, came before the Commission, noting that the Utah State legislature has amended many of the Recorders fees under Section 17-21-17 and 21-2-3 of the Utah Code, effective April 1987. The Section provides that the Emery County Commission establishes the cost per sheet for copies of various types of plats. Whereupon, Mrs. Magnuson presented a list of her recommended charges for Commission approval. Whereupon, the Commission adopted those recommendations by motion of Commissioner Jerry Mangum and seconded by Commissioner Duane Collard as follows:

Copies of Record per sheet	.25	each
Ownership Plat 18" X 18"	.50	each

Motion was approved by all members present.

UTAH POWER AND LIGHT BOND ISSUE

Emery County Attorney, Scott Johansen, indicated he had been contacted by Utah Power and Light regarding a probable pollution control bond issue and a bond refund issue. He

is proceeding to determine what, if any, effect the ratepayers refund, the investigation into Utah Power and Light, and the Wilberg Mine lawsuits will have on Utah Power and Light's valuation for this year. He will advise the Commission in the near future regarding an amount of fee to be charged by the County on these issues.

Also, as has been the case in the past, the Commission has three methods of getting reimbursed for its legal expenses in a bond issue: 1) The Commission may hire outside counsel to be paid directly by UP&L, 2) The Commission may have the County Attorney do the work on County time and have the General Fund reimbursed by UP&L, or 3) It may have the County Attorney do the work on his personal time and be reimbursed directly by UP&L. None of these options cost the County anything because UP&L pays all expenses incurred by the County in a bond issue.

After discussion, motion was made by Commission Chairman Clyde Thompson and seconded by Commissioner Jerry Mangum to authorize the County Attorney to provide these additional legal services for the County on his own personal time and to deal directly with UP&L for reimbursement. Motion was approved by all members present.

(16)

ADJOURNMENT FOR LUNCH

Motion was made by Commissioner Jerry Mangum to adjourn for lunch at 11:59 a.m. Motion was seconded by Commissioner Duane Collard and approved by all members present.

Meeting reconvened at 1:06 p.m. with all members present.

PERSONNEL ITEMS

A) Parks and Recreation Summer Hires - Acting Personnel Director, Mark Tanner, presented to the Commission the Personnel Action Forms for Mr. Tom Bell, of Orangeville, Utah, who serves as the caretaker at the Bear Canyon Camp Ground to be paid at the rate of \$6.00 per hour; and the Personnel Action Form for Jim Estes, to be the caretaker at the Ball Complex to be paid at the rate of \$5.00 per hour. Mr. Tanner noted that because of the temporary seasonal classification, it was not required that they follow through Job Service. Commission Chairman Clyde Thompson noted that Mr. Bell's salary has been increased to \$6.00 per hour because of use of his personal vehicle in hauling debris within the campground. Both are to have an effective date retroactive to April 27, 1987. Whereupon, motion was made by Commissioner Jerry Mangum to approve the hiring of Mr. Tom Bell of Orangeville, Utah, and Mr. Jim Estes, also of Orangeville, Utah, to serve as caretakers at the campground and recreation complex at the salaries indicated with the effective date of April 27, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

Personnel Items, cont. . . .

B) Debbie Huntington Reclassification - Also presented to the Commission for their consideration was the Personnel Action Form requesting reclassification of Debbie Huntington of the Assessor's office from that of a Deputy Assessor to Appraiser. She has completed her training as a Certified Appraiser. Commission Chairman Clyde Thompson questioned as to the number of appraisers approved for the office, indicating he thought this had been discussed by the previous Commission. Whereupon, it was his recommendation that this item be held to allow the Clerk time to research the minutes and that this be considered in the next Commission Meeting.

C) RSVP Part-Time Position - Carolyn Randall, of the RSVP, together with Mark Tanner, discussed with the Commission the request to hire a part-time position in the RSVP office. This person would replace DeAnn Bailey who will be terminating her position in the near future. It was her request that the new hire be made as soon as possible and that an overlap of two weeks be provided for training of the new hire by DeAnn. The question was raised as to whether the RSVP falls under the guidelines of the Emery County Personnel Policy. Mr. Tanner responded that it is his understanding that the agreement with the Southeastern Utah Association of Governments was that they are subject to the County Personnel Policy. Traditionally the RSVP has followed County policy. Mr. Tanner indicated he would check into this and advise the Commission.

It was further noted that a temporary hire in the Assessor's office (Lori Lee Pearson) has made application for the position. Discussion was as to whether she was a Career Service employee and whether temporary employees would automatically be allowed to transfer over as allowed for by Career Service employees. After discussion, it was the consensus of the Commission that transfers allowed for under the Emery County Personnel Policy be limited to permanent or Career Service Employees. This would not, however, eliminate Lori Lee Pearson as an applicant through Job Service. This being agreed upon by all present.

D) Shauna Fassett Termination - Presented to the Commission was the Personnel Action Form for Shauna Fassett who was a recent hire in the Clerk's office. She was terminated during the probationary period. Motion was made by Commissioner Jerry Mangum to accept the Personnel Action Form, terminating Shauna Fassett, effective April 30, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

Further discussed by the Commission was whether the Clerk could proceed with previously approved applicants or whether the job opening would have to go through the recruitment and testing process again. It was the agreement of the Commission that

previously tested and approved applicants would serve as a roster list. Therefore, the Clerk could proceed from that list of approved applicants.

Personnel Items, cont. . . .

Sheriff Lamar Guymon who was also in attendance inquired of the Commission why, as per Commission action on April 15, 1987, he would not be allowed to fill the vacancy left by Wendy Curtis if she was to transfer into the Clerk's office. He further inquired as to why the Clerk's office would be allowed to fill the vacancy of Shauna Fassett and the Attorney's office hire a new secretary. In response, Commissioner Mangum indicated to Sheriff Guymon that this morning the Commission was advised that Emery County will receive over \$90,000 less in revenue than originally anticipated. He indicated that hirings have been stopped in the Road Department also and that future considerations for replacements in other offices would be carefully considered. Commissioner Mangum indicated that the two positions in question had been previously approved.

RESOLUTION 5-6-87B - COMP BANK NEGATIVE BALANCES & FRINGE BENEFITS

Mr. Mark Tanner informed the Commission that the present County Personnel Policy, as it applies to individual comp bank hours, does not address those situations in which the accumulated hours drops into negative numbers. This results when County employees fail to work the required minimum hours. He noted there are presently two employees who have negative hours of more than 20. It was his recommendation that Resolution 5-6-87B, Section 1, state that should the balance be worse than 20 hours for more than three work periods, that vacation time will be used to bring that comp bank balance back to zero.

Whereupon, after discussion, motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum, that Section 1 of Resolution 5-6-87B be amended to require those employees with comp bank hours of minus 20 or more for a period of two months have a deduction made from their pay check rather than vacation days in order to bring them into compliance. This would allow Sheriff's Department Deputies, because of their scheduling requirements, sufficient time in the following months to balance out the shortages. This problem is not apparent in other departments. Motion was approved by all members present.

Mr. Mark Tanner, discussed Section 2 of the proposed Resolution 5-6-87B which would change Section IX.A.1. entitled Fringe Benefits of the Emery County Personnel Policy. This would change to read that Emery County pays 100% of the premium for hospitalization, medical and surgical insurance for full-time Career Service Employees and shall pay a pro-rated portion of the premium for Career Service Employees working 30 hours per week or more. Coverage shall be provided to employees, dependants whom such employees desire to be covered under said group policy, life insurance for these employees and their dependants shall also be provided on the above-described basis. Motion to adopt Section 2 of Resolution 5-6-87B was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present.

RESOLUTION 5-6-87C - WICKMAN LANDFILL TRANSFER TO RON BARNEY

Zoning Technician Mark Tanner, presented to the Commission Resolution 5-6-87C. Resolution 5-6-87C transfers the Wickman Landfill owned by John Wickman, also doing business as Sinbad Construction to Ronald Barney, of Ferron, Utah, doing business as Ferron Equipment Company. This was previously approved by Emery County. The Resolution provides that Emery County recognizes and approves the assignments and rights which were formerly vested in Sinbad Construction to Ronald Barney, doing business as Ferron Equipment Company. Motion to approve Resolution 5-6-87C and authorize Commission Chairman Clyde Thompson to sign the same was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present.

RESOLUTION 5-6-87A - UTAH COUNTY'S FINANCE COOPERATIVE AGREEMENT

Presented to the Commission for ratification was Resolution 5-6-87A which was previously signed and submitted on April 21, 1987, by Commission Chairman Clyde Thompson, wherein Emery County becomes a member of the Utah County's Finance Cooperative. Whereupon, motion was made by Commissioner Jerry Mangum to ratify the signing and approval of the Resolution 5-6-87A. Motion was seconded by Commissioner Duane Collard and approved by all members present.

GREEN RIVER LIBRARY YARD MAINTENANCE CONTRACT

Presented to the Commission for their approval was the Green River Library Maintenance Contract between Sharon B. Hughes of Green River and Emery County Library. The contract provides for seasonal yard maintenance work around the Green River Library beginning April 1, 1987, through October 30, 1987. Ms. Hughes is a temporary seasonal employee and the contract will provide the services at the rate of \$60.00 per month during this period of time. Motion was made by Commissioner Jerry Mangum to approve the contract and the hiring of Sharon B. Hughes of Green River to do the said library maintenance work. Motion was seconded by Commissioner Duane Collard and approved by all members present. (Original agreement is on file in Auditor's office.)

(22)

ANTON TONC - EVALUATION OF PRICE RIVER

Commission Chairman Clyde Thompson discussed with the Commission a request he received from Green River City in regards to Anton Tonc doing a temporary evaluation of the Price River which flows into the Green River for consideration of a small power plant. The study would involve salinity testing and would give consideration to the feasibility of constructing a dam. Green River is going to participate in the project and it was their request that Emery County participate for one-half of the anticipated cost of \$550.00. Commissioner Thompson indicated this could have a positive effect to the County as to wilderness designation. It was the consensus of the Commission that they would support efforts which would aid in their efforts to withdraw properties being considered for wilderness.

Whereupon, Commission Chairman Clyde Thompson requested time to investigate to see if it actually would take the areas out of wilderness. This item is to be brought before the Commission again at their next Commission meeting.

(23)

SURPLUS PROPERTY DISPOSAL

Emery County Clerk, Bruce C. Funk, presented to the Commission two typewriters from the Records office, fixed asset #'s 001114 and 001077 for commission consideration to be included in the County auction set for May 16, 1987. He further noted that the Nursing Home has a Xerox Copier, together with a duplicating machine which was also

to be included in that sale. Motion was made by Commissioner Duane Collard to approve the disposal of the items mentioned. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

MEETING ADJOURNMENT

Motion was made to adjourn the meeting at 2:46 p.m. by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

May 20, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Emery County Clerk, Bruce C. Funk.

A review of the agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of the May 6, 1987, Commission Meeting were reviewed and corrected. Motion was made by Commissioner Jerry Mangum to approve the minutes as corrected. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Deputy Auditor Charlane Luke presented Warrant Edit List #871185 through and including #871365. Motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to approve all warrants for payment. Motion was approved by all members present.

The following requisition was presented to the Commission for consideration:

Req. #	Item and Department	Cost	Action
--------	---------------------	------	--------

27
Approved

Mita DC Copying Machine, Assessor

2,495.00

Motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum, to approve the the above requisition for purchase. Motion was approved by all members present.

(3)

RETIRED EMPLOYEES HEALTH BENEFITS

Submitted to the Commission for their consideration by Emery County Deputy Auditor Charlane Luke were proposals offered by Equitable Insurance Company for Health Group Benefits available for retired County employees. After discussion, motion was made by Commissioner Duane Collard that the Auditor's

office inform Equitable Insurance Company that Emery County has approved Option B of their plan covering health group benefits available to retired County employees effective January 1, 1987, and that Commission Chairman Clyde Thompson be authorized to sign the same. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(4)

COUNTY LANDFILL PUBLIC NOTICE

Commissioner Jerry Mangum discussed with the Commission the need to advertise in the local paper for the purpose of accepting proposals for private management of the Emery County Landfill. Discussed was whether Emery County in the public notice should prescribe exactly what is expected of the bidders or whether proposals would be accepted wherein operators may suggest other ways of meeting the needs of the public which would result in additional savings to the county. Whereupon, after further discussion, motion was made by Commissioner Jerry Mangum that a public notice be prepared for advertising in the Emery County Progress that the County Commission would consider privatization of the operation and management of the County Landfill. This would be done by an independent contractor who would be expected to carry adequate insurance, use his own equipment and personnel, indemnify the County and arrange for his own security. The proposal is to include attendant on duty during prescribed times and equipment required for excavation of the site. Also, that it is to be operated in accordance with all Federal, State and County Statutes and Regulations. The proposal is to be delivered to the County Clerk's office before 5:00 p.m. on June 12, 1987, for consideration and review

at the next Commission meeting. Motion was seconded by Commissioner Duane Collard and approved by all members present. It was requested by the Commission that the County Attorney's Office and the County Clerk prepare the public notice advertisement.

(5)
SOCIAL SERVICES ANNUAL REPORT

Mr. Roger Sparks, District Director of Social Services and Larry Heaton, local Director, came before the Emery County Commission as part of their annual visits to acquaint the new Commissioners to their programs and any changes in legislation. Mr. Sparks indicated that basically two changes have taken place this year. The first change is the medical indigent program, which Emery County had never opted into will now be taken over by the Department of Social Services effective July 1, 1987, replacing the Emery County Medical Indigent Program. The program covers life-threatening situations for indigents. The second item is that the State of Utah is looking into welfare reform in which there will be a task force meeting at Price, Utah, on May 27 at 1:30 for interested agencies and a meeting at 7:30 p.m. for the public. Mr. Sparks also submitted to the Commission a list of programs and responsibilities of Social Services in Emery County, listing many of the items which have had to be cut because of a shortage of funds.

CORRINE JONES - RUN-OFF PROBLEMS

Ms. Corrine Jones came before the Emery County Commission together with Road Superintendent Rex Funk to advise the Commission as to the status of the run-off problems related to the hill on which the Sheriff's Department and the Road Departments are located. They noted that with the last rains, flooding has continued to be a problem. Existing ditches were installed years ago by Mr. Jones, but have filled in. Whereupon, Commission Chairman Clyde Thompson asked that this be referred to Commissioner Jerry Mangum who agreed to meet with the Jones's and Road Superintendent Rex Funk to further advise the Commission as to what needs to be done.

(7)
ROAD DEPARTMENT BUSINESS

A) Kirk Johansen Property Exchange - Reviewed again with the Commission was the request by Mr. Kirk Johansen of Castle Dale City who requests exchange for 10 acres of his property which are adjacent to the County Landfill in exchange for 5.56 acres at

Lawrence owned by the County which previously served as a gravel pit. Commissioner Mangum indicated that he has reviewed the site and the Lawrence property is of no value to Emery County. Whereupon, motion was made by Commissioner Mangum that the Commission approve the exchange of the 5.56 acres of County property at Lawrence for 10 acres adjacent to the County Landfill which Mr. Johansen is agreeable to. The necessary paperwork is to be prepared by the County Attorney's office. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) Price River Overlook Road - Road Superintendent Rex Funk advised the Commission that Emery County has on its road books, the road classified as the Price River Overlook (in accordance with the Road Department letter of May 15, 1987) which is in length of approximately 7 miles. He noted that it is primarily a Jeep trail and doesn't serve any area except possible access to grazing rights. He further noted that the top half of the road is getting a great deal of traffic with practically no traffic on the lower portion. During his discussions with the BLM, it was their recommendation, which Mr. Funk concurs with, that Emery County exchange the lower portion of the road for a spur that is being traveled by vehicles to an overlook area. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard, that Road Superintendent Rex Funk proceed with the proposed exchange with the BLM. Motion was approved by all members present.

C) Road Department Office Trailer Exchange - Road Superintendent Rex Funk advised the Commission that Orangeville City has a mobile home that has been converted into an office space which was previously used by Orangeville City having an approximate value of \$4,000. It was his suggestion that Emery County consider exchanging the Gallion Graders together with gravel, for ownership of the trailer. The trailer would be located adjacent to the Road Shops and the Road Department Offices would be moved to that location. Whereupon, motion was made by Commissioner Jerry Mangum to authorize Road Superintendent Rex Funk to proceed in negotiations with Orangeville City in arranging an exchange for the

mobile office space. An agreement is to be brought back to the Emery County Commission for further consideration and approval. Motion was seconded by Commissioner Duane Collard and approved by all members present.

D) Tony Saporas Construction Projects - Emery County Engineer Craig Johansen reviewed with the Commission the status of the projects entitled the Old Emery Highway south of Emery in which the work is under contract with Tony Saporas Construction Company. He noted that the first part of the project's bid was let in February and because it was advantageous to do the sub-gravel on projects one and two, the projects were

extended to a May 22 deadline. He further noted that was ample time for completion. The third project had a completion date of the 9th of June. It appears that all projects will not be completed on time. Liquidated damages should start almost immediately thereafter, noting that technically the contractor may only be allowed an additional three to four days due to weather. He further noted that the work has not been done with dispatch, and has been poor quality, it has required additional inspectors on the behalf of Johansen and Tuttle who is under contract with Emery County. Mr. Johansen discussed with the Commission possible notification to the contractor and asked for Commission recommendation. It was the consensus of the Commission that Mr. Johansen prepare a letter informing the contractor and the bonding company of impending non-compliance of the agreement by the contractor and that Emery County may be required to take further action. Mr. Johansen is to follow the projects very closely.

(8)

ADJOURNMENT FOR LUNCH

Commission adjourned for lunch at 12:18 p.m. by motion of Commission Chairman Clyde Thompson, seconded by Commissioner Duane Collard and approved by all members present.

Commission meeting reconvened at 1:43 p.m. with all members present.

(9)

BLM NOXIOUS WEED TREATMENT AGREEMENT

Mr. Larry Ire and Mr. Mervyn Miles of the Bureau of Land Management presented to the Commission for their consideration an Interlocal Government Agreement for the treating of noxious weeds on BLM properties. Mr. Ire indicated that they have been informed that approximately \$2,500 is available per County for the treating of noxious weeds on BLM property. He noted that if the County was in agreement, the BLM would do an environmental impact study. Commission Chairman Clyde Thompson advised Mr. Ire that after review by the County Attorney's office, there are some revisions that Emery County would like to make in regards to the agreement. Commissioner Thompson noted that it does not show that the BLM will covenant to pay Emery County for those services. Mr. Ire responded that all funds are contingent upon appropriations. Weed and Mosquito Supervisor James Nielsen, who was also in attendance, expressed his concern in that the agreement appeared to transfer all responsibility for the

Page Five

Commission Minutes

May 20, 1987

BLM, cont. . . .

treating of noxious weeds on BLM property to Emery County. Mr. Nielsen indicated that the responsibility should still remain with the BLM. He further indicated that Emery

Ccounty would be agreeable to assist in the treatment of the weeds up to that amount, and would be unable to guarantee at what level of service could be provided depending upon man power and priority needs of the County. Mr. Ire agreed that Emery County look over the agreement, make any recommended changes and resubmit it to them for their consideration. This item was referred to the County Attorney for follow-up.

(10)

DISPOSAL OF SURPLUS SHERIFF DEPARTMENT VEHICLES

Emery County Sheriff Lamar Guymon requested permission of the Commission to sell the three Sheriff Department vehicles which were not sold at the public auction. The vehicles did not sell due to the fact that they did not meet the minimum acceptable bid of \$900.00 per vehicle. He requested that he be given authorization to sell those vehicles at that minimum bid by private sale. Motion was made by Commissioner Duane Collard to authorize the Emery County Sheriff to sell the three remaining vehicles at the minimum bids of \$900.00 for two of the vehicles each with one at \$700.00, by private sale. Motion was seconded by Commissioner Jerry Mangum and approved by all members present. (All vehicles were set at a minimum bid of \$900.00 at the sale, except for the GMC suburban which had a \$200 minimum bid which was sold and one other Sheriff vehicle which because of a bad transmission was set at \$700.00, which was also sold. The Sheriff requested that all other vehicles be sold for no less than \$900.00.)

(11)

PERSONNEL ACTIONS

A) Weed and Mosquito Department Workers - Acting Personnel Director Mark Tanner presented to the Commission for their consideration the four temporary seasonal employees for the Weed and Mosquito department. The following Personnel Action Forms were presented for consideration: Duane Fowler, of Huntington, at a salary of \$8.50 per hour; Dennis Dooley, of Ferron, at \$8.50 per hour; Richard Snowball, of Ferron, at \$8.50 per hour; and Claron Durrant, of Huntington, at a salary of \$6.97 per hour. Mr. Tanner indicated that these individuals have previously worked for the Weed and Mosquito department and are chemical certified. Whereupon, motion was made by Commissioner Duane Collard to accept Duane Fowler at a salary of \$8.50 per hour; Dennis Dooley, at \$8.50 per hour; Richard Snowball, at \$8.50 per hour; and Claron Durrant, at \$6.97 per hour - each to have an effective hire date of May 26, 1987. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

B) Sheriff's Department reclassifications - Personnel Action Forms for Ted R. Thomas and Kyle F. Ekker were presented to the Commission for consideration. It was noted that the employees are exchanging positions with each other in the Sheriff's department. Ted R. Thomas is being reclassified from an Evidence and ID Detective at a Grade 12, Step 3 or a salary of \$1,796.00 per month to that of a Patrol Deputy at a Grade 11, Step 2 or a

salary of \$1,644.06. Kyle F. Ekker is being reclassified from a Patrol Deputy at a Grade 11, Step 3 or a salary of \$1,644.06 to that of an Evidence and ID Detective at a Grade 12, Step 3 or a salary of \$1,796.00 per month. Whereupon, motion was made by Commissioner Jerry Mangum to approve the reclassifications as requested, Mr. Thomas being reclassified to a Patrol Deputy at a Grade 11, Step 2 or a salary of \$1,644.06 and Mr. Ekker being reclassified to an Evidence and ID Detective at a Grade 12, Step 3 or a salary of \$1,796.00 effective June 1, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

C) RSVP Assistant Coordinator - Mr. Tanner indicated, as per a request of the Commission in the previous Commission Meeting, that Carolyn Randall, RSVP Coordinator and himself have gone through Job Service and have interviewed the top five applicants. He noted that Loralie Pearson, who is a temporary hire in the Assessor's office is one of the top five applicants. It was further noted that the other four were not interested in a part-time position. Whereupon, it was their recommendation that Loralie Pearson be approved for that position. Whereupon, motion was made by Commissioner Jerry Mangum to approve the transfer of Loralie Pearson from the Assessor's office for the part-time position as an RSVP Assistant Coordinator at a salary of \$450.00 per month, effective May 12, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

D) Road Department Summer Help - Acting Personnel Director Mark Tanner presented the following personnel action forms for summer employees in the Road Department as previously approved by the Commission. Charles Watterson, who will serve as a laborer in the Green River area, Randall Stilson who will serve as the Weed Mower operator, Zen Majors as a laborer, and Rowland Daniels also as a laborer. It was further noted that many of these individuals have previously served the County as summer help. Whereupon, motion was made by Commissioner Jerry Mangum that Charles Watterson be approved as a laborer in the Green River area at the rate of \$7.00 per hour, effective June 1, 1987; Randall Stilson serve as the Weed Mower operator in the Road Department at the rate of \$8.00 per hour, effective June 1, 1987; Zen Majors as a laborer in the Road Department at a rate of \$7.00 per hour, effective June 1, 1987; and Rowland Daniels as a laborer at the rate of \$7.00 per hour, effective June 1, 1987, with length of hires as approved in previous Commission minutes. Whereupon, motion was seconded by Commissioner Duane Collard and approved by all members present.

E) Assessor's Office - Deborah Huntington Reclassification - Denial - Also presented to the Commission for their consideration was the reclassification of Deborah Huntington from that of a Deputy Assessor, Grade 5, Step 1, or a salary of \$1,142.00 per month to that of an Appraiser, Grade 7, Step 1, or a salary of \$1,275.00 per month. This item was presented to the Commission in

the previous Commission meeting and held for further consideration. It was discussed that this reclassification was requested because Ms. Huntington had completed her certification schooling. It was further noted that Emery County had incurred a portion of the cost for that certification. It was not clear that in her transfer into the Assessor's Department or upon her completing the

Page Seven
Commission Minutes
May 20, 1987

Assessor's Office, cont. . . .

appraiser schooling did this Commission or the previous Commission agree to a reclassification and pay adjustment. After discussion, motion was made by Commissioner Duane Collard to disapprove the reclassification of Deborah Huntington from a Deputy Assessor to an Appraiser. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

F) Sheriff's Department - Secretary Vacancy - Mr. Mark Tanner discussed with the Commission the vacancy left by Wendi Curtis in the Sheriff's Department who is transferring to the Clerk's Office. He noted that in the previous Commission meetings the minutes read that the Emery County Sheriff's Department would not be allowed to fill any vacancies. Whereupon, Commissioner Duane Collard clarified the misunderstanding the Commission had in regards to secretarial positions. Whereupon, Commissioner Jerry Mangum indicated that because of the transfer from the Sheriff's Department to the Clerk's Office, that for this vacancy he would allow a filling of the secretary position in the Sheriff's Department, provided that in the future his previous motion be complied with by the Sheriff. Whereupon, Commissioner Duane Collard made the motion to accept the transfer of Wendi Curtis from the Sheriff's Department as a Sheriff's secretary at a Grade 5, Step 1 at a Salary of \$1,142.68 to the Clerk's Office as a Deputy Clerk at the same Grade, Step and Salary, effective June 1, 1987, and that the Commission approve the personnel requisition form for a Secretary-Matron in the Sheriff's Department. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

G) Mark H. Tanner - Department Transfer - Mr. Mark H. Tanner, Acting Personnel Director, presented the personnel action form for himself to the Commission for their consideration. He noted that the purpose of the personnel action form is to allow his salary to be paid out of the Personnel Director and Zoning Administrator budgets. He, has been previously paid out of the Attorney's budget. The Personnel Action Form is viewed as a transfer and his salary would remain at \$9.00 per hour on a temporary status. He further asked permission to work out of his own office located on 26 East Main in Castle Dale until such time as the Commission makes a decision as to the filling of the position of Personnel Director and Zoning Administrator. After discussion, motion was made by Commissioner Jerry Mangum to approve the reclassification of departments for the purpose of paying Mr. Tanner's Salary at a rate of \$9.00 per hour from the Attorney's

office to be paid out of the Personnel Director and Zoning Administrator budgets and that he be authorized to work out of his own office at 26 East Main, Castle Dale, with direct responsibility to the Emery County Commission, including any expenditures, on a temporary basis. Motion was seconded by Commissioner Clyde Thompson and approved by all members present to be effective June 1, 1987.

RESOLUTION 5-20-87 - AMENDING THE EMERY COUNTY PERSONNEL POLICY - COMP TIME BANK - EMPLOYMENT STATUS - FRINGE BENEFITS - JURY LEAVE

Acting Personnel Director Mark Tanner, presented Resolution 5-20-87 to the Commission for consideration. The Resolution amends the Emery County Personnel Policy in the following areas, most of which have been previously discussed by

Page Eight

Commission Minutes

May 20, 1987

Resolution 5-20-87, cont. . . .

the Commission: The first part of the Resolution amends paragraph C.3 of section VIII, entitled Compensation. This basically requires those employees with a negative Comp Bank hours with a negative balance in excess of -20 to bring their balance to zero within any given work period, otherwise they would be required to utilize vacation time or their paycheck would reflect payment for actual hours worked. The second portion amends Sections 9.A.1 entitled Fringe Benefits. Career service employees working 30 hours or more per week would receive pro-rated hospital, medical and life insurance plans. The third part amends Section V.C.1 entitled Hiring for New and Vacant Sections. This amends the existing section in that elected officials shall obtain concurrence from supervising County Commissioners to conduct the recruitment effort. The fourth part of the Resolution amends Sections VI.I entitled Employment Status. This allows employees working 20 to 39 hours per week on a continuous basis to receive pro-rated vacation and sick leave benefits. This basically amends that such employees shall be career service employees. The fifth part amends Sections IX.D.1.c on Fringe Benefits on Annual Leave. This allows for part-time career service employees to accrue pro-rated annual leave. The sixth part amends Sections IX.D.1.d in regards to Fringe Benefits and Annual Leave. The seventh part amends Sections IX.D.4.a clarifying Jury Leave. Finally, the eighth part of the Resolution amends Sections XI.D.5.a entitled Maternity Leave. Whereupon, motion was made by Commissioner Jerry Mangum to amend Resolution 5-20-87 as discussed and approve Resolution 5-20-87 for Commission Chairman Thompson's signature, motion was seconded by Commissioner Duane Collard and approved by all members present.

(12)

CLERK'S BUSINESS

A) Constitutional Bicentennial Celebration - Emery County Clerk, Bruce Funk, discussed with the Commission the present status of the Constitutional Bicentennial celebration. Discussed with the Commission was the possibility of combining the

celebration with the County Fair in which displays would be available and would possibly suggest a theme for the parade. Whereupon, it was the consensus of the Commission that the Bicentennial could be a part of the activities during the Emery County Fair.

B) Disposal of Surplus Property - Emery County Clerk, Bruce Funk, informed the Commission that receipts from the disposal of the surplus property amounted to \$4,398.25. The amount agrees with the amount of money received as well as the receipts issued where there appeared to be a small discrepancy in the amount of the bid written down. This may be attributed to the confusion of the auction. It was also noted that there was an outstanding bill to Food Ranch for punch and rolls in the amount of \$28.95. The commission of Delore

Beach in the amount of 5% or a total of \$219.91, also Gregory Funk for six hours labor used in moving, tagging and locating the items to be paid at a minimum wage of \$3.35 per hour were also outstanding. Payments to the Emery County Progress for advertisement in regards to the auction were also outstanding. Whereupon, motion was made Commissioner Jerry Mangum to authorize the payment of the commission to Delore Beach for his services as auctioneer at the County Auction, authorize the payment of the bill to Food Ranch for punch and rolls, as well as the payment to Gregory Funk for labor rendered. This is to be done in accordance with the County Auditor. Motion was seconded by Commissioner Duane Collard and approved by all members present.

MEETING ADJOURNMENT

Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to adjourn the meeting at 3:17 p.m. Motion was approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

June 3, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:30 a.m. (Meeting was delayed due to an indepth review of the Emery County Audit by Kimball and Roberts, Public Accountants.)

Invocation was given by Commissioner Duane Collard.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of the May 20, 1987, Commission Meeting were reviewed. Motion was made by Commissioner Duane Collard to approve the minutes as presented with the addition that page 8, item 12 on the Disposal of Surplus Property, that those costs associated with the advertising also be included for payment. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(2)

AUDITOR'S BUSINESS

Emery County Auditor Karen Truman presented Warrant Edit list #871367 through and including #871479 for payment. Motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to approve all warrants for payment. Motion was approved by all members present.

The following requisition was presented to the Commission for their consideration:

Req. #	Item and Department	Cost	Action
28	Hand-held radios, Highway Dept.	1,186.00	Approved

Motion to approve the above requisition for purchase was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum and approved by all members present.

EMERY COUNTY 1986 FINANCIAL AUDIT

Mr. Kay Kimball of Kimball and Roberts, Certified Public Accountants presented to the Commission for their consideration the Emery County financial statement for the year 1986. Whereupon, motion was made by Commissioner Jerry Mangum to accept the audit of Emery County for the year 1986 as presented by Kimball and Roberts, Certified Public Accountants. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(4)

CORINE JONES - RUN-OFF PROBLEMS

Commissioner Jerry Mangum, in follow up to a request of the Commission in their meeting of May 20, 1987, indicated he has reviewed the water run-off problems associated with the Emery County Sheriff's Department and Road Department which is causing problems at the Jones residence. He indicated that he is in agreement and has asked Road Superintendent Rex Funk to proceed in building a collection basin in the fenced storage area. From there the water is to be piped into the corner of the County property north of the Jones and this would resolve the problems. Whereupon, motion was made by Commissioner Jerry Mangum to give Commission approval for the construction of a water collection box and draining system as discussed, with an approximate cost of \$1,000.00. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(5)

JOE'S VALLEY GRAVEL PIT

Commissioner Jerry Mangum discussed the proposed gravel pit in the Joes Valley area offered by the Forest Service. He noted that there is insufficient room for equipment. Emery County would only be allowed to crush or process part of the material on the west and north ends of the site. The Forest Service would require 20,000 cubic yards of material in exchange for use of the site. The material will have to be hauled into a flat area. All of which would have to be reclaimed and fenced. There is to be no visible dust. Therefore, it was his opinion that because of the many restrictions, it would be impractical

as a gravel pit site, in which the Commission concurred. He has asked Road Superintendent Rex Funk to further investigate before accepting the proposal.

(6)

ELMO LIBRARY SITE INSPECTION

Commissioner Duane Collard informed the Commission that he has inspected the proposed site in Elmo for a library. He noted that Elmo City will donate the land and that the location is where the old church house existed. The library board is requesting the use of the plans as used on the more recent County Libraries. He further noted that the Library Board also requested consideration of a new building in Cleveland.

Commissioner Duane Collard will follow these matters closely.

(7)

HORN MOUNTAIN POWER LINES - TELEVISION

Commissioner Duane Collard indicated he and Emery County Electronics Technician Bret Mills had met with representatives of Utah Power and Light and they have inspected the TV and Communication site on Horn Mountain. He noted that the proposed underground power cable installation for approximately two miles would be very cost prohibitive. He discussed with the Commission the vulnerability of damage to the existing coax cables between long point where the signals are picked up to the translators and transmitters on the point of the Horn. He therefore, suggested that at some future time the Commission may have to consider solar collectors and a storage system which could be installed at a fraction of the cost of the installation of the cable.

In regards to the power line to Horn Mountain, he indicated that if the line was run from the Utah Power and Light Mining warehouse, it would be a savings of approximately one and one half miles on the lower end and two miles on the upper end. This would result in an overall reduction of between eight and five miles. He has requested another bid from Utah Power and Light based upon these facts in which they would build the line and allow Emery County to own and to maintain the line. Afterwhich, when costs are established, he would be in contact with San Juan County, the school districts and others who use the power and facilities on Horn Mountain.

FOUR CORNERS MENTAL HEALTH - JIM WHEAR - FUNDING

Mr. James H. Whear, Executive Director of the Four Corners Community Mental Health Center, came before the Commission in a follow up of his letter of May 7, 1987, outlining the reductions in their funding as a result of the recent legislation. It was his request that the County reopen the budget and place one half of the money (approximately \$4,000.00) from Emery County Indigent care for their use. Mr. Whear was made aware that the funds in the Emery County Indigent fund were there as a cushion. He indicated that any reduction on a local level significantly affects State and Federal contributions. Mr. Whear also agreed that now is the time for any changes as to form of participation of each county. Mr. Whear noted that he has also discussed funding with Carbon and Grand Counties. He encouraged the Commissioners to visit the centers. He also informed them of the number of people served and the quality of service they provide.

Jim Whear, cont. . . .

Mr. Whear further discussed with the Commission the DUI service that Four Corners mental health provides to the County. The Court collects approximately \$150.00 in fines for services offered by the Four Corners Mental Health who has only charged \$25.00 for that service. Therefore, it was his request that the full \$150.00 be transferred to the Center. In the past they have made up the differences in cost of the services with funds from other sources, noting that the Center can no longer continue to do this.

It was further discussed with Mr. Whear that consideration might have to be given to the present economic conditions, the level of service being offered and the formula as to funding by each of the Counties. Whereupon, Mr. Whear agreed to set up a meeting with the Commissioners from Carbon and Grand Counties to further discuss these matters.

MAX SITTERUD - PROPERTY TAXES AND PENALTIES

Mr. Max Sitterud, together with his wife, came before the Emery County Commission regarding their property taxes. They have recently received the property tax notices from First Security Bank on property purchased after the first of the year. Penalties and fees were incurred as a result of First Security Bank holding the tax notices. They also noted the property in which the Justice's slaughter house is located was listed on the wrong property. Emery County Assessor Jim Fauver concurred with this, noting that the slaughter house was placed on 9.56 acres which all 9.56 acres would be assessed at a Commercial rate. The building is actually located on 1.6 acres, noting that this would make a substantial difference in the amount of taxes owed on the properties.

Commissioner Duane Collard suggested that Emery County look into this problem a little closer to see if they can abate the penalties and interest and that County Attorney Scott Johansen research the law and determine whether the Bank is responsible or the new owners. Mr. Johansen is to review the Sitterud's contract with the Bank on the purchase of the properties. It was further discussed that the properties need to be corrected and brought into proper evaluation. After further discussion, motion was made by Commissioner Duane Collard that Emery County Assessor James Fauver correct the property description on which the building is actually located so that all properties and buildings can be taxed at the proper amount and Emery County Attorney Scott Johansen research the law and determine if Emery County can legally abate the penalties and interest and to look at the Sitterud contract. Motion was seconded by Commissioner Jerry Mangum and approved by all members present. (The property presently showing the building located on it is serial #03-0045- 005 for 9.56 acres. The building is actually located on property serial #01- 178B-0003 for 1.60 acres.)

ROAD DEPARTMENT BUSINESS

A) Tony Saparas Construction Company - In a follow up of the Commission meeting on May 20, 1987, Emery County Engineer Craig Johansen updated the Commission in regards to Tony Saparas Construction Company working on the old highway south of Emery. He has received a reply from the Construction company in which they felt an extension of 14 days should be allowed because of delays caused by weather, inspectors and Emery County. Mr. Johansen noted that work is now progressing well and it appears that the road will be a good road upon completion.

B) Tony Saparas Green River Bridge Project - Mr. Johansen further noted that the job is going well. The bridge is presently being set. Discussed with Mr. Johansen was the need to install an irrigation culvert for adjacent property owners, of which he was not aware.

C) Trail Mountain Coal-Cottonwood Canyon Road Project - Mr. Johansen informed the Commission that Trail Mountain Coal is interested in completing their agreement with the county. He noted that they still have a couple of items remaining that need to be resolved with the BLM.

D) Cottonwood Road and Bear Canyon Road - Mr. Johansen noted that the present contractor, Cox Rock Products, has the current bid for sealing and chipping of the roads for approximately \$42,000.00. The contractor has suggested that rather than a chip and seal as originally specified, that a plant seal coat, which is much superior be used at a cost of approximately \$90,000+. Mr. Johansen noted that on a seal and chip coating, the approximate life is three to four years, whereas on the plant seal coat it is 12 to 15 years. It was the consensus of the Commission that they stay with the original bid.

E) Equipment Purchase Authorization - Emery County Road Superintendent Rex Funk discussed with the Commission the need to come to an understanding or agreement on the purchase of previously approved equipment. He noted that a chip spreader was ordered and no financial arrangements have been completed as well as finances on the truck and road grader being considered. County Attorney Scott Johansen indicated that he has a meeting regarding the County Finance Cooperative. It was also noted that Emery County could obtain a conventional loan agreement without effecting the current tax anticipation note. Mr. Funk further indicated that at the present time, the County is paying interest on the truck which is sitting at the dealer's lot. Whereupon, motion was

made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to authorize Road Superintendent Rex Funk to go ahead and purchase the spreader and truck out of Class B road funds. Mr. Funk is to meet with Wheeler Equipment Company to see what arrangements can be made to finance the grader. Motion was approved by all members present.

TOM COLE - ZONING MATTER

Mr. Tom Cole, together with Zoning Technician Mark Tanner, came before the Commission to discuss Mr. Coles consideration for purchasing property to build a home. They noted that present zoning requirement requires 20 feet of water. At this year's level this would require 250 shares of water and the cost to purchase this many shares of water would be exhorbitant. Mr. Cole showed to the Commission a certificate for five shares of water assigned in his name. The Commission informed Mr. Cole that the number of shares are based on a normal year and that only 60 shares of water would be required on the Huntington-Cleveland Irrigation Water. Also discussed with Mr. Cole was whether he would qualify under a non-farm caretaker dwelling. The possibility of reduction in the number of shares required was discussed based on whether a proposal and bond were submitted for consideration on sprinkling irrigation. Mr. Cole was made aware that the Commission at this time could not take any action and that this item would have to be referred to Planning and Zoning.

Mr. Cole was also made aware that any change in the amount of water required would require a Public Hearing, after 30 days notice. After discussion, motion was made by Commissioner Duane Collard that the Commission meet with the Planning and Zoning Commission to consider a Public Hearing to determine the amount of irrigation water required in the County. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(13)
GYPSUM MINING ASSOCIATION

Acting Zoning Technician Mark Tanner presented to the Commission a letter he had received from the Gypsum Mining Association regarding the Gypsum Plant and Mine being built north of Huntington. He noted that the former principals in which Emery County was acquainted, have been replaced by Mr. Bill Clark, President of the mining operation, and Mr. Scott B. Johnson, the General Manager. Mr. Tanner also mentioned that all future correspondence for the Gypsum Plant and Mine needs to be directed to

their attention. Mr. Clark and Mr. Johnson requested to meet with the Commission. Commissioner Duane Collard will follow-up on this matter.

PERSONNEL ITEMS

A) Teresa Manzanares - Acting Emery County Personnel Director Mark Tanner presented the Personnel Action Form for Teresa Manzanares who has been hired as a secretary in the Attorney's Office at a Grade 7, Step 1, or a salary of \$1,275.00 per month effective May 26, 1987. Motion approving the hiring of Teresa Manzanares at the grade and step as indicated was made by Commissioner Jerry Mangum, seconded by Commission Chairman Clyde Thompson and approved by all members present.

Personnel Items, cont. . . .

B) Resolutions Amending the Personnel Policy-Resolution 6-3-87 - Acting Personnel Director Mark Tanner presented to the Commission for their consideration Resolution 6-3-87. This Resolution amends the Emery County Personnel Policy in that it clarifies the following sections: Section XIV.I - Correction Action; Section XV.B - Employee Grievance Procedure; Section XV.C - Employee Grievance Procedure; Section XV.F - Employee Grievance Procedure; and Section XV - Employee Grievance Procedure. After review, motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to approve Resolution 6-3-87 as presented which amends the Emery County Personnel Policy. Motion was approved by all members present.

C) Mark Tanner - Mr. Tanner further discussed with the Commission his future employment with County. He indicated that it was his intent to move to his new location. However, he does not anticipate spending over 20 hours per week or as needed by the County. It was Commission Chairman Clyde Thompson's recommendation that Mr. Tanner work under a contract on a job-by-job as required situation. Mr. Tanner reminded the Commission that they are getting a great deal at \$9.00 per hour. He noted that this is much less per hour than what had been paid in the past to Rodney Despain in Planning and Zoning and Mike Swallow in Personnel. Mr. Tanner noted that he felt that he handles situations well. He also indicated that he had been made aware that he would not be able to use the personal computer presently assigned to Planning and Zoning. It was his feeling that use of the computer would make up for the additional compensation. As to the computer, Mr. Tanner indicated he has full insurance coverage and would take full financial responsibility.

Discussed were reasons why the Commission felt County equipment could not be used for personal business as has been the policy in the past. Commissioner Jerry Mangum indicated that he definitely opposed any equipment being moved outside of County premises. Commissioner Duane Collard noted that in a discussion with Wes Curtis, the computer in Planning and Zoning is not compatible with any equipment presently owned by the County. Mr. Curtis has indicated that the equipment is only about half the value as originally purchased. The Commission discussed with Mr. Tanner the possibility of exchanging equipment for services after review of the procurement and disposal ordinance.

Whereupon, motion was made by Commissioner Duane Collard to approve the reclassification of Mark Tanner from a temporary employee to a contractual arrangement on an as-needed basis effective immediately and that the Commission meet further to discuss the rate of pay. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

D) Out of State Travel - Motion was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum to approve the possible out of state travel of Emery County Auditor Karen Truman and Emery County Clerk Bruce Funk who will be attending the Utah Association Clerk/Auditor meetings at Wendover, Utah, on June 17, 18 and 19. Motion was approved by all members present.

ARLEN BROCKBANK - REAPPOINTMENT TO THE DISTRICT ADVISORY
COUNCIL OF THE AREA AGENCY ON AGING

The Commission has received a request to reappoint Arlen Brockbank to the District Advisory Council of the Area Agency on Aging. This is a three-year term commencing July 1, 1987. Motion was made by Commissioner Duane Collard to reappoint Arlen Brockbank to another three-year term on the District Advisory Council of the Area Agency on Aging commencing July 1, 1987. Motion was seconded by Commissioner Jerry Mangum and approved by all members present. The Clerk's office is to send a letter to Mr. Brockbank and Mr. Maughan Guymon advising them of this appointment.

(4)
NURSING HOME ROOF

Commissioner Jerry Mangum reported back to the Commission that John Judd's bid for roof repair at the Emery County Nursing Home is within 12% of the Salt Lake bid. Commissioner Mangum indicated that the Salt Lake bidder indicated he would be using miscellaneous items to repair the roof and Commissioner Mangum had a concern about whether this would be acceptable. Whereupon, Commissioner Mangum made a motion to accept the bid of John Judd for the repair of the Nursing Home roof for cost plus 5%, not to exceed \$9,629.00. Motion was seconded by Commissioner Duane Collard and approved by all members present. Commissioner Mangum will authorize the attorney's office to draw up a contract for the roof repair.

(5)
EMERY COUNTY LANDFILL BIDS

Commissioner Jerry Mangum reported to the Commission that four bids had been received for maintenance and excavation of the Emery County Landfill. The bids received were as follows: Ronald Barney, Ferron, in the amount of \$40,000; Clay Wilberg, Castle Dale, in the amount of \$46,000; Nielson Construction, Huntington, the

amount of \$68,640.00; and M & P Enterprises, Huntington, in the amount of \$83,916.00. All of the bids offer about the same services; however, the bid from Ron Barney offers 6 days of operation per week whereas all other bids offer only 5 to 5-1/2 days of operation per week. Whereupon, Commissioner Jerry Mangum made a motion to accept the bid of Ron Barney, of Ferron, in the amount of \$40,000 on a one-year contract and authorize County Attorney, Scott Johansen to prepare a contract to that effect for signature. Commissioner Mangum is to notify Mr. Barney of the action of the Commission, with the Clerk's office notifying all other bidders of the action as well. At the end of the one-year contract the Commission will review this contract for either renewal or further Commission action. Motion was seconded by Commissioner Duane Collard and approved by all members present.

SAVAGE BROTHERS - TRIPLE HAUL RIG PERMIT RENEWAL

Emery County Attorney, Scott Johansen, presented to the Commission a request he has received from Savage Brothers regarding the renewal of the permit for triple haul rigs on the haul road. Whereupon, Commissioner Duane Collard made a motion to approve a permanent permit for Savage Brothers for their triple haul rigs on the haul road. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(7)
JUSTICE OF THE PEACE FISCAL NOTE

County Attorney Scott Johansen indicated he has received a fiscal note from the County Auditor on two of the County's J.P.'s. Mr. Johansen presented to the Commission a letter he has prepared to these J.P.'s indicating the independant auditors have said there are problems and they recommend that all monies be deposited within seven days of collection to comply with State law and receipts be reconciled on a monthly basis, otherwise, after July 1 disbursements to J.P.'s will discontinue until compliance with this requirement is met. The Commission approved the letter.

(8)
RECREATION COMPLEX MAINTENANCE AGREEMENT

County Attorney Scott Johansen presented to the Commission the second draft of a maintenance agreement for the Recreation Complex. Mr. Johansen indicated that Emery County Recreation Supervisor Dave Thompson has seen the second draft and is satisfied with it. Commissioner Duane Collard made a motion to approve this second draft after

the approval of the draft by Dan Van Wagoner, of the Softball Leagues, and upon Mr. Van Wagoners approval to authorize Commission Chairman Clyde Thompson to sign the same. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(9)

MAC SITTERUD PROPERTY - ABATEMENT OF PENALTIES AND INTEREST

County Attorney Scott Johansen in a follow-up to Commission request in the meeting of June 3, 1987, indicated that in the original loan the Sitteruds borrowed enough money to pay the taxes for the first 12 days of 1986 and for the rest of that year it is Mr. Sitterud's responsibility. Commissioner Duane Collard made a motion to abate the penalties and interest on the Mac Sitterud property for the year 1986. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(10)

KIRK AND JULIE JOHANSEN - EMERY COUNTY - PROPERTY EXCHANGE

County Attorney Scott Johansen informed the Commission that the deeds for the property trade between Kirk Johansen and Emery County have been prepared and now require signature. This was previously approved by the Commission.

(11)

ROBERT MONTOYA - CLAIM FOR DAMAGES

County Attorney Scott Johansen informed the Commission that he has received a claim for damages from the Robert Montoya's attorney. Upon discussion, the consensus of the Commission was to reject the claim. Motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to reject the Robert Montoya claim and to authorize County Attorney Scott Johansen to notify Mr. Montoya's attorney of this rejection. Motion was approved by all members present.

(12)

BLM NOXIOUS WEED CONTROL - MEMORANDUM OF UNDERSTANDING

County Attorney Scott Johansen presented to the Commission a memorandum of understanding he has prepared between the BLM and Emery County regarding the Noxious Weed Control. This has been approved by Emery County Weed Department Supervisor James Nielson. Motion was made by Commissioner Duane Collard to

authorize Commission Chairman Clyde Thompson to sign the memorandum of understanding between Emery County and the BLM for Noxious Weed Control on BLM properties. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(13)

DESERTVIEW FEDERAL CREDIT UNION REQUEST

County Attorney Scott Johansen presented to the Commission a request received from Desertview Federal Credit Union. The Credit Union requested that the County enclose an advertising leaflet with the payroll checks to all County employees. After discussion, the Commission denied the request of Desertview Federal Credit Union.

(14)

PUBLIC HEARING - EMERY COUNTY POLLUTION CONTROL REVENUE REFUNDING BONDS

Commission Chairman Clyde Thompson stated that this is the date, time and place set for a public hearing for the purpose of receiving public comment on the proposed issuance by Emery County, Utah, of the County's Pollution Control Revenue Refunding Bonds in the maximum aggregate principal amount of \$46,500,000 for the purpose of redeeming and refunding, together with funds to be provided by Utah Power and Light Company, all the \$56,500,000 Emery County, Utah, Pollution Control Revenue Refunding Bonds 12-1/2% series due July 1, 2012 (Utah Power and Light Company Project). The outstanding bonds were issued on August 4, 1982, for the purpose of financing all or part of the cost of acquisition and construction of air and water pollution control facilities for Unit No. 3 of the Hunter Electric Generating Plant owned and operated by Utah Power and Light Company, with is located entirely within the unincorporated area within the boundaries of the County.

(18)

TREASURER'S BUSINESS

Emery County Treasurer Elaine Wilson presented to the Commission a request to reclassify Louise Johansen from a part-time position or 30 hours per week to a full-time position or 40 hours per week. After discussion, it was the consensus of the Commission that Mrs. Wilson check with other counties the approximate same size as Emery County to see what their staffing sizes are. It was also requested by the Commission that the Deputy Treasurers log all the time they spend during their working hours for approximately two weeks. These two procedures will help Mrs. Wilson better warrant additional hours needed by Mrs. Johansen in the Treasurer's Office.

(19)

ADJOURN FOR LUNCH

Commission adjourned for lunch at approximately 12:10 p.m. and reconvened at 1:30 p.m. with all members present.

(20)

BILL EDEN - EMERY COUNTY MUD BOG

Mr. Bill Eden of Ferron came before the Commission indicating that he is in the process of putting together a mud bog to be located in Molen, Utah, on property owned by his grandmother. Mr. Eden indicated that the only access is through BLM property and he is waiting for approval by them to put in a road to the mud bog, which will take up to 60 days for the approval. Mr. Eden also requested of the Commission permission for a one-day beer license for the event, in which County Attorney Scott Johansen indicated that this can be approved through the Commission, however, in the past these have been referred to the County Sheriff's office. Commissioner Jerry Mangum indicated that he would be opposed to the issuance of a beer license. The Commission inquired of Mr. Eden whether or not he had been in contact with the Zoning Administrator to see that this

type of activity is within the zoning requirements. Mr. Eden indicated that he had not been in contact with them.

Mud Bog, cont. . . .

Whereupon, motion was made by Commissioner Duane Collard to approve a temporary use permit for 90 days for the mud bog upon the approval of the Zoning Administrator that this is in compliance with all zoning regulations. As to the issuance of a beer permit, Commissioner Collard will discuss this with the Sheriff's office for their recommendation and this item be brought back for Commission consideration after that time. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(21)

ROAD DEPARTMENT BUSINESS

A) Tony Saparas - Road Superintendent Rex Funk, along with Engineer Craig Johansen reported to the Commission a request by Tony Saparas to meet with the Commission to discuss the completion and payment on the Old Emery Highway. Mr. Johansen informed the Commission that approximately 10% or \$2,500 was being held until the completion of the project, plus liquidated damages in the amount of \$1,500. County Attorney Scott Johansen indicated that he has prepared a waiver for Mr. Saparas' signature. Upon Mr. Saparas signing the waiver, the County will release the \$4,000 to him. Commissioner Jerry Mangum made a motion to hold the \$4,000.00 owed to Mr. Saparas pending his signing of the waiver. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) Cattleguards - Road Superintendent Rex Funk indicated to the Commission that he has had some questions regarding instalation of cattle guards. After discussion, it was the consensus of the Commission that a package deal be offered to those individuals requesting a cattle guard. Commission Chairman Clyde Thompson indicated that there is already an Ordinance in place regarding this subject. Therefore, no further Commission action was required.

C) Mobile Office Unit - County Attorney Scott Johansen informed the Commission he has prepared an Agreement between Emery County and Orangeville City indicating that Orangeville City will exchange with Emery County a Micro Mobile Office in exchange for \$8,000 worth of gravel, culverts, rails and other miscellaneous hardware and/or the use of County road equipment with operator such as grader or back-hoe at the rate and price at the time it is requested. Orangeville City has approved the agreement. Motion was made by Commissioner Duane Collard to approve the exchange between Emery

County and Orangeville City and authorize Commission Chairman Clyde Thompson to sign the Agreement. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

D) Green Belt Property - Road Superintendent Rex Funk informed the Commission that Paul Peacock, of Orangeville, will deed five acres of his property to the County for road right-of-way on the Cox Spur. Mr. Funk indicated to the Commission that when Mr. Peacock deeds the property over to the County it will make his property ineligible for the Green Belt unless he makes new application for Green Belt. Therefore, in exchange for the five acres, Mr. Peacock is asking the County to waive the filing fees for the new application in the Green Belt. Mr. Peacock is also asking the County to provide him with the fencing materials necessary to divide his property after he deeds over the five acres to the County. Whereupon, motion was made by Commissioner Jerry Mangum to waive the filing fees for Mr. Peacock's re-registering his property in the Green Belt and to provide fencing material to Mr. Peacock in exchange for five acres of property to be deeded over to Emery County for road right-of-way on the Cox Spur. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(22)

TED GUBLER PROPERTY

County Attorney Scott Johansen requested of the Commission ratification of the signature of County Clerk Bruce Funk on the deed between Ted Gubler and Lori Lee and Michael Blades. Motion to ratify the signature of Clerk Bruce Funk was made by Commission Chairman Clyde Thompson and seconded by Commissioner Duane Collard. Motion was approved by all members present.

(23)

ANNE CONOVER - APPOINTMENT TO THE SEUCAP HEADSTART BOARD

Commissioner Duane Collard presented to the Commission a request received from Lynnette M. Hadden to appoint Anne Conover, of Ferron, to the SEUCAP Headstart Board. Motion was made by Commissioner Duane Collard to appoint Anne Conover to the SEUCAP Headstart Board and seconded by Commissioner Jerry Mangum. Motion was approved by all members present.

(24)

PLANNING AND ZONING BUSINESS

County Attorney Scott Johansen informed the Commission that Jim Fauver has indicated an interest in moving the Zoning Department into the Assessor's office. He indicated that no additional personnel or equipment would be needed for this. Motion was made by Commissioner Jerry Mangum to move the Zoning Department into the Assessors office. Motion was seconded by Commissioner Duane Collard and approved by all members present.

BLM PROPERTY EXCHANGE

Mike Grosjean from the State Department of Natural Resources came before the Commission regarding a State-wide exchange of BLM property involving 100,000 acres. Mr. Grosjean indicated his purpose in coming before the Commission was to better inform them of the exchange and what it involves and to receive their input and concerns. This exchange involves one parcel in Emery County and will take place in December of 1988. After considerable discussion the main concerns of the Commission were: 1) That no County should have a large amount of taxable land taken and replaced by land that is of no taxable value, and 2) Would this effect the PLT money and community impact money. Mr. Grosjean indicated that the property exchange would not be an equal exchange for acreage, but rather an equal exchange of the value of the acreage.

(26)
FEDERAL EXCESS PROPERTY

Mike Grosjean from the State Department of Natural Resources indicated that there is a piece of Federal Excess property, a pumper truck, located in the town of Emery. Mr. Grosjean indicated that several years ago, the Fire Warden, Richard Wright requested of the Emery Fire Chief that this be housed in some way to protect it from the weather. According to the agreements between the State of Utah and where the vehicle is placed in a particular county is that the vehicle should be in a building some place. Mr. Grosjean indicated that if the vehicle is not placed in a building within a certain amount of time, they have been asked to remove it from the County. Whereupon, Commissioner Duane Collard indicated that he would take this item up with Randy Lake of Emery to be in compliance with the agreement with the State of Utah.

MEETING ADJOURNMENT

Motion to adjourn the meeting at 4:25 p.m. was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

July 1, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commissioner Jerry Mangum.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of the June 17, 1987, Commission meeting were reviewed and corrected. Motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to approve the minutes as corrected. Motion was approved by all members present.

As a result of a review of the minutes of the June 17, 1987, Commission meeting, the following items were discussed:

- 1) Commissioner Duane Collard questioned the Commission in regards to page three, item number eight in the Recreation Complex Maintenance Agreement as to whether the tennis court was included in the contract. It was noted by the Commission that the tennis court is part of the recreation complex and that any needed maintenance there must be done through Daniel Van Wagoner.
- 2) In regards to page nine, item number twenty six, Federal Excess Property, a question was raised as to whether the pumper truck was loaned to Emery County or to Emery City. Commissioner Mangum indicated that he would check with Emery Town and determine ownership. (It was later determined by Sheriff Lamar Guymon that Emery County has no involvement in the truck.)

(2)

AUDITOR'S BUSINESS

Emery County Auditor Karen Truman presented Warrant Edit List #871686 through and including #871812 for payment. Motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve all Warrants for payment. Motion was approved by all members present.

Motion to approve the above requisitions for purchase was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present.

(3)
TAX RATE APPROVAL

Emery County Auditor Karen Truman presented to the Commission for their consideration the approved Emery County Tax Rate Schedule. It was proposed that the Emery County General Fund Tax rate be .0002878; Debt Service .000191; Library .000208; and Flood .000192.

Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve the tax rates as presented. Motion was approved by all members present.

(4)
BUDGET ADJUSTMENT - RESOLUTION 7-1-87A

Emery County Auditor Karen Truman presented to the Commission for their consideration Resolution 7-1-87A which adjusts the Emery County Budget as a result of the state reduction in the assessing and collecting revenues as required by the State of Utah. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve Resolution 7-1- 87A which adjusts the Emery

County Revenue Budget to reflect the anticipated reduction in reimbursement revenues to Emery County from assessing and collecting. Motion was approved by all members present.

(5)
BOARD OF EQUALIZATION DATES

Emery County Auditor Karen Truman presented to the Commission for their consideration the following proposed Board of Equalization dates. The dates of August 12, 1987, in Castle Dale beginning at 10:00 a.m.; and August 13, 1987, in Green River at the Senior Citizens Center, to begin at 10:00 a.m. Whereupon, motion was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum to approve the Board of Equalization dates of August 12, 1987, in Castle Dale at 10:00 a.m. and August 13, 1987, in Green River at 10:00 a.m. Motion was approved by all members present.

MUD BOG - MERVIN DUNCAN - OPPOSITION

Mr. Mervin Duncan of Ferron, Utah, came before the Commission to express his opposition to the proposed Mud Bog to be held adjacent to his property and residence in Molen, Utah. Mr. Duncan indicated his purpose in coming before the Commission was to bring to them some concerns of himself and other residents in the area. Mr. Duncan reported that those individuals involved in the Mud Bog have sawed through locks placed on gates, have not obeyed "No Trespassing" signs, and have been unwilling to listen to his concerns. He also noted that they have strewn debris around and through his property. He also noted that others coming onto the proposed site have had rifles in their possession which could be a threat to livestock as well as wildlife in the area. The greatest concern was the irrigation pipeline and risers which could be easily damaged by those traversing through his property. Therefore, it was Mr. Duncan's request of the Commission that they reconsider allowing the Mud Bog to take place in the proposed area. Mr. Duncan indicated to the Commission that there are plenty other sites available in the County which would much better facilitate the Mud Bog as well as the traffic and parking.

Whereupon, the Commission responded to Mr. Duncan indicating that the original approval by the Commission was a 90-day permit provided that the promoters comply with all the Planning and Zoning requirements, that they would provide other access into their property, that they were not to trespass through Mr. Duncan's property, as well as having approval from property owners and residents in the area. Only upon compliance with all conditions would the permit be issued by the Zoning Administrator, as reflected

in the minutes of June 17, 1987, Item #20. Zoning Administrator, James Fauver, reviewed with the Commission section 4-29 of the Zoning Laws. He noted that the promoters have not been in contact with himself, nor does he know if the conditions have been complied with. The Commission further noted that any further problems as a result of the promoters would result in the Commission rescinding the temporary permit. The Commission further expressed appreciation for Mr. Duncan coming forth and making his concerns aware to the Commission and assured him that his concern as well as others would be addressed by the Zoning Administrator in subsequent meetings with the promoters.

(7)

REGISTRATION AGENT APPOINTMENT - FERRON DISTRICT #3

Emery County Clerk, Bruce Funk, advised the Commission that Nina Killpack who has served the past several years as Registration Agent in the Ferron Voting District #3 is unable to complete the present term because of health reasons. Therefore, an appointment of a temporary Registration Agent to complete the remaining year is required at this time. Mr. Funk noted that he has been in contact with the Republican Party Chairman and it was their recommendation that Darlene Oakeson, of Ferron, Utah, be appointed to fill that position. Mrs. Oakeson has agreed to that appointment and therefore, would present her name for Commission consideration at this time. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard, to approve the appointment of Darlene Oakeson as the Ferron District #3 Registration Agent for the year 1987. Motion was approved by all members present.

WES CURTIS - EMERY COUNTY DATA PROCESSING PROGRAMS AND EQUIPMENT

Computer Consultant Wes Curtis came before the Commission with a further evaluation of the Progressive Management System software and the Motorola Computer presently in the Emery County Courthouse. Mr. Curtis had detailed the system specifications as well as the existing equipment and software costs. He noted that under the present lease with PMS, Emery County is paying approximately \$110,824.00 per year for equipment rental and maintenance and an additional \$12,600.00 per year for software use and maintenance. He further noted that under the terms of the current lease agreement, Emery County has paid approximately \$498,439.00 to PMS since 1983.

Also reviewed with the Commission was PMS's buy out proposal discussed in October of 1986 of approximate \$171,439.00. This amount has not been confirmed in writing and with such a purchase a maintenance and service agreement would be an approximate cost of \$4,800.00 per month. Therefore, if the cost projections over the next five and a half years remain the same, the present system under the present lease agreement would be a total cost of \$678,832.00. Under the buyout arrangement the total cost would be \$486,800 for the same period of time. Mr. Curtis further advised the Commission that the current Data Processing results in many man hours lost due to down time, scheduling of use and slow operation. Mr. Curtis recognized that PMS is understandably committed to the new Motorola 8000 computer.

Mr. Curtis presented three proposals for Commission consideration in addition to the existing equipment. Proposal #1 was from Arthur Young - Decision 8. The system would cost approximately \$76,500.00. Maintenance would be handled in-house or if a maintenance agreement was desired, it could be with Sorbus Corporation, located in Provo, for approximately \$700 to \$800 per month. The Computer is a Basis Four which is the fifth largest manufacturer of computers and offers a five-year lease purchase plan. Software being considered is fund accounting, payroll, recorder program, appraisal, assessment, treasurer, property tax, jury and voter registration. The total cost of these programs is \$50,270.00 with 368 hours of training with a possible discount on a package deal. Therefore, the cost to the County over 5.5 years would be \$178,770.00 with an anticipated data transfer cost of an additional \$25,000.00 at the time of installation.

Proposal #2 was Total Dimension Computer. This would be the Novell PC network which uses personal computers at each work station with no central computers. The total cost for the equipment listed in this proposal was \$50,000.00. There is no set amount for maintenance. Software would be custom-written by Foxmore, Inc., which is one of the more prominent software and consulting firms in Salt Lake City. In order to get a cost for software, Foxmore would require approximately \$500 for a two-day analysis. Therefore, it was Mr. Curtis's estimate that software would be approximately \$120,000.

Page Five
Commission Minutes
July 1, 1987

Wes Curtis, cont. . . .

Proposal #3 was from JP Cooke, Inc. The computer was an Alpha Micro computer. Cost of the computer and equipment would be \$65,000. Maintenance would run approximately \$3,000 if it was desired. Software would be custom written to Emery County specifications either by producing an exact replica of existing software or creating an enhanced version thereof. He noted that Mr. Cooke would be on the site to do the priority programs in the first three to six months of the project. To complete all

the software, it would take another six to eight months. Total cost of the software would be approximately \$200,000.

Mr. Curtis further discussed the advantages and disadvantages of all the proposals. He noted that he does not have exact costs from PMS as to the replacement cost with the Motorola 8,000's. Therefore, it was his recommendation that a meeting be set up with PMS to further discuss this matter as they are a very viable option in that they already have the software produced and available and installed in the County. Whereupon, Commissioner Duane Collard requested that Wes Curtis meet with himself and Bruce Funk and PMS that the County Attorney's office look further into the contractual arrangement with PMS so this matter may be resolved during the month of July.

Also, Jim Fauver, who was in attendance requested of the Commission the use of the terminal which presently is in the Road Department for use or installation between the Assessors and Auditor's office. No action was taken in regards to this request by the Commission.

(9)

EMERY COUNTY LANDFILL - RON BARNEY AGREEMENT

Presented to the Commission for their consideration and signature was the agreement between Emery County and Ron Barney of Ferron for management of the County Landfill as approved in the Commission meeting of July 1, 1987. Those items discussed with the Commission by Mr. Barney were section 5, that cities might be able to deposit large amounts of concrete at no cost. It was the consensus of the Commission that typically in most cities concrete is removed by contractors and therefore, they would not be exempt under that section as it applies to the fees for the landfill. Also discussed and amended to the agreement was that as this is a one-year contract, it would not be fair for the contractor who is responsible for excavating the pits not to be reimbursed for excess excavation or shortage at the time of termination of the said contract. It was agreed upon that the contractors shall leave the same amount of open excavation which existed at the beginning of the agreement, that being approximately 4,000 cubic yards. Mr. Barney further inquired as to whether the fuel tank would be available for the use. It was the consensus of the Commission that the fuel tank and stand will be available for the contractor, but that the tank remains the property of Emery County. Further requested was clarification as to the minimum stock piling of rip rap, and whether it would be available for sale by Mr. Barney. It was the consensus of the Commission that Mr. Barney could sale surplus rip rap. There would be available for Emery County rip rap at no cost for County projects. Mr. Barney also inquired if the State Department of Transportation could use the site at no cost. Mr. Barney was informed by the Commission that the State Department of Transportation

would not be exempt from fees. Whereupon, motion was made by Commissioner Jerry Mangum to accept the agreement with the changes and clarifications as discussed and that the final agreement be reviewed by Commissioner Thompson who is authorized to sign the same. Payments are to be made on a quarterly basis.

It was noted that Mr. Barney has supplied proof of workman's compensation and of liability and that said agreement for management of the landfill take effect July 1, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(10)

ADJOURNMENT FOR LUNCH

Motion was made by Commissioner Jerry Mangum, seconded by Duane Collard to adjourn for lunch at 12:15 p.m. Motion was approved by all members present.

Commission reconvened at 1:50 p.m. with all members present.

(11)

MONTELL SEELY - EMERY COUNTY HISTORICAL PRESERVATION GRANT REQUEST

Mr. Montell Seely of the Emery County Historical Preservation Committee came before the Commission requesting Commission signature and approval of a contract with the Division of State History which would enable Emery County Historical Preservation Committee to receive a matching grant in the maximum amount of \$1,000.00. Wherein the participant, the Emery County Historical Society agrees to provide a matching fund or donated labor, equipment and materials or any combination thereof, not to exceed \$1,000. The Commission was advised by Mr. Seely that this would in no way obligate Emery County to participate financially or put them under any other obligation. Therefore, motion was made by Commissioner Duane Collard to authorize Commission Chairman Clyde Thompson to sign the Historic Preservation contract as presented by Mr. Seely. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(12)

MONTELL SEELY - EMERY COUNTY PAGENT REQUEST

Mr. Montell Seely inquired of the Commission their support in preparation of the site of the Emery County Pagent, noting that he has three projects for Commission consideration. The first is that the area west of the parking lot needs to be graded and cleaned off and crushed gravel installed in order to provide for more parking at the pagent. It was noted that this was his first priority. The second request was that the lower parking lot needed approximately 500 yards of crushed gravel and use of a grader and operator. The third request was grading work required to remove trees and large rocks between the pagent site and the highways and parking lots. It was the consensus of the Commission that they support those activities that would promote tourism in the

County and help economically. However, their concern was that this may represent a conflict, but would look into the possibility of helping with the number one project. Commissioner Jerry Mangum who is over the department will review the request and get back to the Commission.

ROAD DEPARTMENT BUSINESS

A) Old State Highway - Saporas Construction - Emery County Road Superintendent Rex Funk, together with project engineer Craig Johansen advised the Commission that all work is now complete on the Old State Highway. They also indicated that the contractor Tony Saporas Construction Company has signed releases based on the payment in the sum of \$2,500 on contract #3, \$900 on contract #2 and \$1,366 on contract #1, noting that Emery County is also holding approximately \$1,500 for liquidated damages. It was Mr. Johansen's recommendation that the Commission release the \$1,500 in liquidated damages upon Emery County's acceptance of the releases of Tony Saporas Construction Company as discussed. Whereupon, motion was made by Commissioner Duane Collard to accept the releases by Tony Saporas Construction Company and to authorize payments of those amounts as well as release the liquidated damages held by Emery County in the amount of \$1,500 and that a voucher be prepared for Commission approval. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

B) Dry Wash Road Realignment - Bid Opening - Project Engineer Craig Johansen requested of the Commission the date for the opening of bids for realignment of the portion of the dry wash road known as the narrows, advising the Commission that they need three weeks for advertising. Whereupon, it was agreed by the Commission to set July 23, 1987, at 2:00 p.m. at the Emery County Courthouse for receipt and opening of the bids for the road project. Site showing was set for July 14, 1987, at 10:00 a.m.

C) Disposal of Fixed Assets - Emery County Road Superintendent Rex Funk presented to the Commission the completed form for disposing of certain fixed assets of the Road Department as follows:

- 1971 International Truck, Fixed Asset #1558, Serial #757951G424731
- 1967 Mack Truck, Fixed Asset #4200, Serial #U609LST373
- 1956 Chip Master Chipper, Fixed Asset #4329, Serial #C-184
- 1957 Mack Truck, Fixed Asset #4146, Serial #B753LS1390

Mr. Funk further indicated to the Commission that Jack Worthington of Folger

Equipment Company is very much interested in disposing of these items. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard that approval be given to the Road Department for disposal of the aforementioned fixed assets, provided that full and proper compliance has been made with the Emery County disposal policy and that delivery be made to Folger Equipment Company only after an approved acceptable price has been established. Whereupon motion was approved by all members present.

TV CABLE - BURIAL

Electronics Technician Bret Mills, together with Emery County Sheriff Lamar Guymon came before the Commission to discuss bids received for burying the TV reception cable on Horn Mountain, noting that they had received three bids. One from Earl Farley in the amount of \$1,000, one from Danny Farley in the amount of \$1,100 and the apparent low bid from Dean G. Collard of Castle Dale, Utah, in the amount of \$850.00. The bid is to complete approximately two miles of buried cable at a depth of approximately six inches. The time period is within approximately 10 days after awarding of bid. Also discussed by the Commission was the possible use of an RSVP volunteer to supervise the burying of the cable. After further discussion, motion was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum to approve and accept the bid of Dean G. Collard in the amount of \$850.00 for the work as outlined. Motion was approved by all members present.

(15)
REX BUNDERSON - CAREER SERVICE COUNCIL REAPPOINTMENT

Emery County Personnel Technician Pat Snowball advised the Commission by memorandum that Rex Bunderson who currently serves on the Emery County Career Service Council, his term expires June 3, 1987. Mr. Bunderson has agreed to serve another three-year term and it was her recommendation that the Commission appoint him to another three-year term effective July 1, 1987. Whereupon, motion was made by Commissioner Jerry Mangum to reappoint Rex Bunderson for another three-year term to serve on the Emery County Career Service Council effective July 1, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present. Pat Snowball will advise Mr. Bunderson of the appointment.

PERSONNEL ITEMS

A) Sheriff Department Secretary/Matron - Kathy Cannon - Emery County Personnel Technician Pat Snowball presented the Personnel Action Form for Kathleen M. Cannon who upon completion of the recruitment process has been recommended by the Sheriff's Department to fill the vacancy of Secretary/Matron left by the transfer of Wendi Curtis to the Clerk's office. It was recommended that she be started at a Grade 5, Step 1 or a salary of \$1,142.00 per month with an effective date of July 6, 1987. Motion was made by Commissioner Jerry Mangum to approve the hiring of Kathy M. Cannon of Huntington, Utah, as a Secretary/Matron in the Sheriff's Department at a Grade 5, Step 1 or a salary of \$1,142.00 per month effective July 6, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) Green River Branch Librarian - Personnel Technician Pat Snowball presented the Personnel Requisition Form for a branch librarian in Green River to fill the vacancy left by Lorraine Martin. The date requested was August 1, 1987, to be paid at a rate of \$5.90 per hour at 32 hours per week. Motion was made by Commissioner Jerry Mangum to approve the requisition. Motion was seconded by Commissioner Duane Collard and approved by all members present.

C) Library Maintenance Contractor - Also presented to the Commission for their consideration was the Personnel Requisition Form for a library maintenance contractor who would be responsible for maintenance work on the libraries in the western portion of Emery County to provide general maintenance work one day per month to each of the six libraries. It was noted that this was on a contractual basis previously done by Richard Snowball of Ferron, Utah, at a rate of \$250.00 per month. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard to approve the Personnel Requisition Form and the recruitment process for a maintenance contractor for the libraries at an approved contract salary of \$250.00 per month. Motion was approved by all members present.

(17)

BUSINESS LICENSE - RON BARNEY SCRAP METAL

Presented to the Commission by Planning and Zoning Administrator Jim Fauver was the business license application for Ronald Barney of Ferron, Utah, who is requesting to sell scrap metal at his landfill. It was noted that in the past, other landfills have been allowed to accumulate scrap metal and to sell it on occasion as well as disposing of it at a profit. It was Mr. Fauver's recommendation that the Commission accept and approve the license

application. Whereupon, motion was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard, to approve the business license application of Ron Barney of Ferron, Utah, to sell scrap metal on properties which he operates from in the area of the County landfill.

(18)

EMERGENCY MEDICAL SERVICE GRANT

Commissioner Duane Collard presented to the Commission for signature a grant application for emergency medical service grant from the State of Utah which is a matching grant. He noted that they have reviewed the Sheriff's Department budget in which Emery County had budgeted \$2,479.00 for medical equipment and services and that the money could be well spent in providing much needed emergency medical equipment. Whereupon, motion was made by Commissioner Duane Collard to approve the signing of the grant application and participation by Emery County on a matching basis in the amount of \$2,479.00. Motion was seconded by Commissioner Jerry Mangum and approved by all members present. Commission Chairman Clyde Thompson signed the same.

(19)

TRAIL CANYON CITY

County Attorney Scott Johansen informed the Commission that the Attorney's office has completed their part of the evaluation of the request by the residents in Trail Canyon to incorporate. It was the consensus of himself and the Commission that this item now needs to be put on the Commission agenda for action and that Mr. Mel Coonrod be advised by the County Attorney's office as to the date and time of the meeting.

(20)

SOUTHEASTERN UTAH HEALTH DISTRICT - FOUR CORNERS MENTAL HEALTH - FUNDING

Commission Chairman Clyde Thompson reviewed with the Commission the need to fund the Four Corners Mental Health program and Social Services who have now taken over the obligation of the Emery County Indigent Medical assistance. Whereupon, motion was made by Commissioner Duane Collard to approve \$4,000 to be transferred out of the Emery County Indigent Medical fund to be forwarded to Jim Whear of the Southeastern Utah Health District/Fourt Corners Mental Health to fund Emery County's portion. Motion was seconded by Commissioner Jerry Mangum and approved by all members

present. (This minute entry is amended to reflect the distribution as follows: Four Corners Mental Health - \$3,276.00; Southeastern Utah Health District - \$624.00; Southeastern Utah Aging - \$100.00; for a total of \$4,000.00. This was amended per the minutes of July 15, 1987.)

Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to adjourn the meeting at 4:02 p.m. Motion was approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

July 15, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Clerk, Bruce Funk.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of the July 1, 1987, Commission meeting were reviewed and corrected. Motion was made by Commissioner Jerry Mangum to accept the minutes as corrected. Motion was seconded by Commission Chairman Clyde Thompson and approved by all members present.

(2)

AMENDMENT TO MINUTES OF JULY 1, 1987, COMMISSION MEETING

In review of the minutes of July 1, 1987, motion was made by Commissioner Jerry Mangum to amend page ten, item #20 of the minutes to reflect the distribution of those funds as follows: \$3,276.00 to Four Corners Mental Health; \$624.00 to Southeastern Utah Health District; and \$100.00 to Southeastern Utah Aging Program as noted in James H. Whear's letter of July 13, 1987. Motion was seconded by Commission Chairman Clyde Thompson and approved by all members present.

(3)

AUDITOR'S BUSINESS

Emery County Deputy Auditor, Charlane Luke presented to the Commission for their consideration Warrant Edit List #871827 through and including #871943 for payment. Also presented were handwritten Warrants #1035 through and including #1038 for payment. Discussed in the Warrants was an invoice from the Utah Department of Transportation for maps purchased by Emery County. It has been Emery County's policy in the past not to charge UDOT for maps they have obtained from the County here. After review, motion was made by Commissioner Jerry Mangum to approve the Warrants for payment including payment on the Utah Department of Transportation bill for maps and that in the future Emery county will bill the Utah Department of Transportation for maps received from Emery County. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(4)

SHERIFF DEPARTMENT PATROLING

Commissioner Collard discussed with the Commission the problems with parking at the County recreation complex. He noted that "no parking" signs have been installed and users of the facility have disregarded them. It was his understanding that after installation of the signs the Sheriff's department would write citations, noting that the ball complex is within city boundaries and that the street is a County highway. Commissioner Collard agreed to discuss with the Sheriff the need to increase patrol around County facilities, Bear Canyon Campground and gravel pits where equipment is stored.

(5)

INTERLOCAL AGREEMENT - SEAOG, AREA AGENCY ON AGING

Before the Commission for signature and approval were three copies of the Interlocal Cooperation and Contract Agreement between the Southeastern Utah Association of Local Governments, Area Agency on Aging and the Emery County Commission for the year beginning July 1, 1987, through June 30, 1988, which includes the aging and nutrition program. It was noted that this year's contract reflects no increase in the County's participation nor are there salary increases reflected. Whereupon, motion was made by Commissioner Duane Collard to accept and authorize Commission Chairman Clyde Thompson to sign the Interlocal Cooperation and Contract Agreement. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

PERSONNEL ITEMS

A) Assessor's Office - Deborah Huntington - Commissioner Duane Collard advised the Commission that Emery County Assessor, James Fauver has informed him that Deborah Huntington has given him tentative notice that she will terminate employment in the Assessor's office at the end of July 1987, to move to Salt Lake. Mr. Fauver will be requesting permission of the Commission to hire a certified appraiser in filling this vacancy. Question was raised and discussed as to whether they needed to be a certified appraiser. This item requires no action at this time, but was merely to make the Commission aware of the upcoming vacancy.

B) Orangeville Assistant Branch Librarian - Presented to the Commission for their consideration was the Personnel Requisition Form for an Assistant Branch Librarian at Orangeville to replace Gloria Poecker. The position will be for 32 hours per week at the rate of \$3.50 per hour and is a permanent part-time position with working hours from 10:00 to 4:00 five days a week. Whereupon, motion was made by Commissioner Duane Collard to approve the Personnel Requisition and to allow them to begin the hiring process in filling the vacancy for an Assistant Branch Librarian at \$3.50 per hour for 32 hours per week, and the position is permanent part-time. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

C) Sheriff's Department - Boyd Snow - Jailer Replacement - Commissioner Duane Collard informed the Commission that Emery County Sheriff's Department Jailer Boyd Snow is resigning from his employment with Emery County and that the Sheriff has requested filling of that position of Jailer on a permanent full-time position on a Grade 9, Step 1, or a salary of \$1,424.00 per month. After discussion, motion was made by Commissioner Duane Collard who recommended to the Commission because of the need to provide a jailer that the Commission approve the personnel requisition for filling the vacancy left by Boyd Snow at a Grade 9, Step 1, or a salary of \$1,424.00 per month. Motion was seconded by Commissioner Jerry Mangum, provided that Commissioner Collard would meet with Emery County Sheriff Lamar Guymon and see if any cutting of staff or rearranging could be done in the Sheriff's department. Commissioner Mangum noted that other departments in the County have not been allowed to fill vacancies and would encourage the Sheriff's Department to reduce where possible. Motion was approved by all members present.

(7)

EMERY COUNTY CONSTITUTIONAL BICENTENNIAL COMMISSION -
RESOLUTION 7-15-87A

Emery County Constitutional Bicentennial Commission Chairman Neal Peacock came before the Commission, presenting Resolution 7-15-87A. This resolution officially recognizes and establishes the Constitutional Bicentennial Commission for the purpose of coordinating the Constitutional Bicentennial celebration. The goal of this Commission is to educate the cities as to the Bicentennial and that the organization needs official recognition from the Emery County Commission. Whereupon, motion was made by Commissioner Duane Collard to officially recognize the Emery County Constitutional Bicentennial Commission and adopt Resolution 7-15-87A and for Commission Chairman Clyde Thompson to sign the same. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(8)
MUD BOG - PLANNING AND ZONING

Planning and Zoning Administrator James Fauver advised the Commission in regards to the Mud Bog as discussed in the previous Commission meetings. The organizers of the Mud Bog have recently met with Mr. Fauver in which he informed them that they are not in compliance with Zoning Regulations. They indicated to Mr. Fauver that they are on a 30 day stand by with the BLM regarding the access permit into the proposed site and would come back through Planning and Zoning if that is approved.

JOES VALLEY READER BRIDGE REPAIRS

Forwarded to the Commission was a request of Mr. Brad Wall who has requested repair of the Reader Bridge in the Joe's Valley area. It was noted that the bridge was put in by the property owners there and is not a County bridge, but that Mr. Wall was preparing a petition to force the County to replace it. Discussion by the Commission noted that if it was agreeable to all parties concerned in the Joe's Valley area, that during the County clean-up day in Joe's Valley, the repair work could be done.

COLONIAL PENN LIFE - EMPLOYEES BENEFITS

Mr. Ray Johnson, Manager, and Maxine Miller, State Manager with Colonial Penn Life and Accident Insurance Company, came before the Commission to discuss the IRS

Section 125 program. This program allows employees, as fringe benefit, supplemental insurance coverage. This would benefit the employees in that deductions would be made before taxation. The program would also be a benefit to the County, reducing their tax liability. Mr. Johnson further noted that there would be no cost in setting up the program and that documents, forms and staff would be provided to enroll the County employees if the Commission was in agreement. It was Mr. Johnson's request that they be allowed to meet with the employees to discuss the program. Whereupon, Commission Chairman Clyde Thompson indicated that any contact with the employees would have to be done outside working hours as has been the policy in the past. Commissioner Thompson noted that prior programs have been discussed with the Commission and employees, however, the employees opted to take the present 401 program. Mr. Johnson was further advised by the Commission that should a program, as presented, be feasible for the employees of Emery County, that the Commission had an obligation to see if the same program was available through local agents. At this time, no Commission action was taken, but suggested they meet with the representatives of the County employees who are Karen Peacock, Jan Peterson and Carol Ware.

BLM ADVISORY COUNCIL NOMINATIONS

Emery County Economic Development Administrator Scott Truman discussed with the Commission vacancies on the Bureau of Land Management Advisory Council. He noted that there are three positions available for our area, one in recreation, one in public at large and the third being an elected official. Discussed was the need and importance of being on the council. After careful consideration was given to the means of determining which one of the Commissioners should serve as the nomination of the elected category, with Scott Truman seeing that it was done on a fair and equitable basis, it was determined that Commission Chairman Clyde Thompson be nominated to that position. Commission also requested that Economic Development Administrator Scott Truman be nominated to the Recreation category and that he contact Ross Gordon of Huntington, Utah to see if he would serve in the category of Public at Large.

(13)

RSVP CONTRACT

Emery County RSVP director Carolyn Randall presented to the Commission for their consideration and signature the contract between the Southeastern Utah Association of Local Governments Area Agency on Aging and the Emery County Retired Senior Volunteer Program. The purpose of the contract is to provide the local RSVP program with State action funds and for travel reimbursement. Wherein, the Area Agency on Aging would agree to reimburse the RSVP to a maximum of \$5,225.00 for service activities listed, noting that the document requires Commission Chairman Clyde Thompson's signature. Whereupon, motion was made by Commissioner Jerry Mangum to approve the contract as presented and authorize Commission Chairman Clyde Thompson to sign the same. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(14)

JOHN BRAMAL - EMERY COUNTY NURSING HOME - EMPLOYEE WAGE INCREASES

Mr. John Bramal, Administrator of the Emery County Nursing Home, presented to the Commission for their consideration a list of those employees in the Emery County Nursing Home which he would like to have permission from the Commission to give an increase of 2% with six employees receiving an increase of 4%. After discussion, the Commission determined that at the present time, they could not approve an increase because of the County wage freeze currently in effect. Therefore, Commissioner Duane Collard made a motion to hold such a request until such a time as the wage freeze and finances would enable such an increase. Motion was seconded by Commissioner Jerry Mangum and approved by all members present. Mr. Bramal further discussed with the Commission his request to serve on other Committees or organizations, in which the Commission felt there were no conflicts with that request.

HORN MOUNTAIN TV CABLE BURIAL

Emery County Electronics Technician Bret Mills advised the Commission that no RSVP person was available to supervise the installation and burial of the cable on Horn Mountain. Commissioner Collard and Mr. Mills agreed to make periodic spot checks during the installation time.

(16)

BUSINESS LICENSE - ALICE BEGAY JEWELRY

Zoning Administrator James Fauver presented to the Commission a business license application from Alice Begay for the business known as Alice Begay's Jewelry. After discussion, motion was made by Commissioner Jerry Mangum that the Commission approve the application provided that it is on the condition that the applicant comply with all state and federal regulations regarding the selling of the same on the interstate 70 in the vicinities of the look-out points and that it not interfere with the normal use and vision of the tourists and visitors in that area. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(17)

DESERET GENERATING AND TRANSMISSION BOND EXPIRATION

County Attorney, Scott Johansen, reviewed with the Commission a notice that had been received by Emery County that the bond insurance on the Deseret Generating and Transmission property tax contract is to expire, wherein he explained the consequences, if any, to the County. Whereupon, motion was made by Commission Chairman Clyde Thompson that Emery County does not object to the Deseret Generating and Transmission Bond on property tax contract to expire. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(18)

UTAH CODE SELL TO MARK TANNER

Emery County Attorney Scott Johansen discussed with the Commission the present distribution of the Utah Code Annotated copies in the Court House. He noted that most offices have gone to the small disposable three-volume version of the code-co which leaves some existing sets of the Utah Code Annotated not being updated, Mr. Johansen indicated he has received a request from Attorney, Mark Tanner, to purchase a set for his business. Whereupon, motion was made by Commission Chairman Clyde Thompson to authorize County Attorney Scott Johansen to find out the worth of the Utah Code Annotated that are not in use and that he be authorized to dispose of them in accordance with the disposal procedures as outlined by County Ordinance, and that one set be sold to Attorney, Mark Tanner. Motion was seconded by Commissioner Duane Collard and approved by all members present.

PORTABLE COMPUTER DISPOSAL

Commissioner Duane Collard reviewed with the Commission the disposal of the portable PC computer purchased by the Planning and Zoning Department in December 1986. He noted that it now has an approximate value of \$2,500, including printer and that this equipment is not compatible with the existing PC equipment. It was also noted that the battery charger is presently missing and concern was expressed that in the future the other parts which are detachable could become lost or damaged. It was further noted that Mr. Mark Tanner has expressed an interest in purchasing the computer. Whereupon, it was his motion and recommendation that the Emery County Commission approve the disposal of the portable PC computer and that County Attorney, Scott Johansen contact Mr. Tanner and see if he is interested in the computer and printer at a cost of \$2,500. This is to be done in accordance with the Emery County disposal policy. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(20)

RIGHT-OF-WAY PERMIT - BLM

Road Department Secretary Carol Ware presented to the Commission for their signature the BLM permit covering the road right-of-way construction on the dry-wash narrows, wherein the Commission signed the same. Mrs. Ware indicated that she would return one original copy to the Clerk's office.

(21)

ROAD DEPARTMENT DISPOSAL OF FIXED ASSETS

In compliance with the Commission's request in their meeting of July 1, 1987, the Commission has received a memorandum from Road Superintendent Rex Funk, dated July 9, 1987. The memorandum was in regards to disposal procedures of certain fixed assets in which Mr. Funk was to present an estimated value of the equipment. Mr. Funk reported the following information: Fixed Asset #4329, 1956 Spread Master Chipper, estimated value of \$500 to \$1,000; Fixed Asset #4146, 1957 Mack Truck, estimated value of \$3,500; Fixed Asset #4200, 1967 Mack Truck, estimated value \$5000; and Fixed Asset #4224, 1968 Mack Truck, estimated value of \$500. Whereupon, motion was made by Commissioner Jerry Mangum to accept the estimated values as minimum acceptable values to be delivered to Salt Lake for salesman Jack Worthington of Construction Equipment Associates to be sold at their yard on a 10% commission if sold. He noted that the equipment is not suitable for Emery County requirements and that it has become costly to maintain, with some having no parts available. Motion was seconded by Commissioner Duane Collard and approved by all members present. It was noted that they would check to make sure the liability insurance coverage will be on these items until disposal has taken place.

CRAIG JOHANSEN - OLD EMERY HIGHWAY - ENGINEERING COST
REIMBURSEMENTS

Mr. Craig Johansen of Johansen and Tuttle Engineering came before the Commission advising them that in the construction of the Phases 1, 2 and 3 of the Old Emery State Highway, that engineering costs were estimated to be \$20,800. However, the total cost for engineering on the job, due to delays and extensions, have cost \$36,200 or an Engineering cost overrun of \$15,400.

His request was that the Commission consider splitting the costs and that he would be agreeable to \$7,500. Whereupon, motion was made by Commissioner Jerry Mangum to approve payment to Johansen and Tuttle Engineering in the amount of \$7,500 as settlement in the engineering cost overruns due to project delays. Motion was seconded by Commissioner Duane Collard and approved by all members present.

Engineer Craig Johansen also advised the Commission that the Searson Wash Bridge is now nearly complete, with the exception of some minor projects. They are also ready to proceed with the Morland Road Project, noting they need 21 days to advertise. Therefore, it is agreed upon that the bid opening be set for August 14, 1987.

(23)

TV POWER LINE TO HORN MOUNTAIN

Commissioner Duane Collard reviewed the status of the power line to the TV and communications on Horn Mountain. He noted that he had not received an amended proposals from Utah Power and Light in lite of the proposed shortening of the line. Utah Power and Light is still only giving a rough estimate of cost of approximately \$160,000. Further discussed with the Commission was local interest in the instalation of the line. Commissioner Collard was shown lines installed by Lavar Jensen to other mine and/or typical locations. It was noted that Utah Power and Light appears to not be interested in bidding against local contractors. Therefore, it was the consensus of the Commission that Commissioner Collard meet with Mr. Jensen to see if drawings and specifications be drawn up and prepared for local contractors to bid on the line.

(24)

WES CURTIS - EMERY COUNTY DATA PROCESSING PROGRAMS AND
EQUIPMENT

Computer Consultant Wes Curtis came before the Commission to further discuss the proposal received by Commissioner Collard and Clerk, Bruce Funk, in a meeting with PMS President Art Partridge. It was noted that in the meeting, PMS proposed to exchange our existing equipment and any credits, with the exception of the line printer

and the Okidata printers which would remain property of Emery County. Wherein, they would install three #8,000 Motorola computers - one in the Sheriff's Department and two in the Courthouse with the terminals, printers, disc drives, back-up systems, as illustrated in a prepared drawing. This cost would be approximately \$200,000 including U.P.S. systems on all units. Instalation costs would be approximately \$2,700, transportation \$1,800, expendible supplies \$1,800, there would be no cost for data transfer and would include the new Sheriff program as well as upgrade in the Assessor's

office. If maintenance was preferred on the main parts, maintenance would run at \$2,300 per month, full maintenance would be at \$3,500 per month. The maintenance and support of the software would remain at \$1,050 per month. Mr. Curtis indicated that initially he was very excited about the figures. However, in talking to Kane County, he was somewhat disappointed in that the software had to go through an interpreter and that there was little increased speed in the programs, except for the Sheriff's program which was a very good program. He recommended that if leasing of equipment was required, that it be done through a local bank and questioned whether it would be advisable or practicle to carry maintenance on the equipment at all. Whereupon, after discussion, motion was made by Commissioner Duane Collard to generally accept the proposal and authorize Clerk, Bruce Funk, to contact PMS and get further clarification as to problems encountered in Kane County in regards to the line printer, possible software upgrades and the problem with word processing documents. Motion was seconded by Commissioner Clyde Thompson and approved by all members present.

MEETING ADJOURNMENT

Motion to adjourn the meeting at 3:42 p.m. by Commissioner Duane Collard and seconded by Commission Chairman Jerry Mangum. Motion was approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

August 5, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commissioner Duane Collard.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of the July 15, 1987, Commission Meeting were held to allow sufficient time for review and will be considered at the next Commission meeting.

(2)

AUDITORS BUSINESS

Emery County Auditor Karen Truman presented Warrant Edit list #871982 to #872167 for payment. Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to approve all Warrants for payment. Motion was approved by all members present.

Also presented for Commission consideration were the following requisitions:

(3)

EMERY COUNTY ECONOMIC DEVELOPMENT

Economic Development Director, Scott Truman discussed with the Commission the need to have representation at the public hearings on air quality to be held September 14 at Grand County and September 15 in Carbon County. It was his recommendation that the Commission, or others who could attend, be to both public hearings. He further noted that 2/3 of Emery County is impacted by Integral Vista Destination. Concern was expressed that Emery County should do everything it can because of the negative economic impact it would have on the county.

Mr. Truman further advised the Commission that the Emery County Economic Development Council is running out of funds. He indicated that the Economic Development Counsel has helped and is beneficial to the County and asked that the Commission consider it in the County budget for next year. Economic Development Chairman Wes Curtis requested support of the Commission in this program.

Economic Development Chairman Wes Curtis discussed with the Commission the designation of enterprise zones. This is a federal program wherein tax incentives would be given to businesses and industries located in those areas. He noted that the county must be committed to funding the Economic Development Council and an economic development program. He further noted that the County must meet two of the following three criteria: 1) Unemployment must be 1.5 times the State average; 2) Per capita income must be below 80% of the State's per capita income; and 3) Population must be declining. Mr. Curtis further advised the Commission that Farm Home Administration has redone their regulations and can guarantee loans for businesses and buildings to 85% based on having a local development organization.

(4)

EMERY COUNTY LANDFILL - M & P ENTERPRISE DISAPPROVAL

Mr. Dan Pulley and Mr. Bob Mills of M & P Enterprises, Inc., of Huntington, Utah, came before the Commission. They informed the Commission that they presently collect garbage for some of the cities in Emery County, as well as commercial businesses. They informed the Commission that the recent approval to privatize the management of the landfill would cost them an additional \$4,000 per year in dumping costs for use of the site for Commercial dumpage. They further indicated to the Commission that in their opinion the County businesses could not afford the increased cost. It was their suggestion that the Commission review the policy on charges at the landfill and see if something could be done in regards to Commercial dumping. The Commission advised those present that they are going to review the operation of the landfill after one year and would take that into consideration at that time. The Commission informed Mr. Pulley and Mr. Mills that all interested parties had the opportunity to bid on the landfill management and had also

been informed that the charges for Commercial dumpage had been approved by previous Commissions.

JOE'S VALLEY SUBDIVISION BRIDGE REPLACEMENT

The following residents of the Fillmore subdivision located in Joe's Valley came before the Commission: Bob Kurtz, spokesman; Joe Otteson; Mr. and Mrs. Dennis Huff; John Anderson; and Val Anderson. Mr. Kurtz, speaking on behalf of the group, inquired of the Commission if the County intended to make any repairs on the bridge in the Fillmore subdivision. Mr. Kurtz indicated the bridge has been designated as in poor condition and would require considerable repair to make it acceptable. He expressed concern on behalf of the residents of the subdivision in that they pay taxes and are required to conform to all zoning regulations and would like to know what they get for their tax money. Commission Chairman Clyde Thompson advised those present that the bridge and roads definitely belong to the residents of the subdivision and the residents are responsible for the maintenance. However, in the past Emery County has helped in the Joe's Valley area with a one-day clean-up. It has been the suggestion of the Commission that if it was agreeable to all the residents in the Joe's Valley area, that the County might be able to assist with some of the repairs. Commissioner Thompson suggested that they make arrangements to secure trees to prevent further erosion.

Also discussed was the possibility of obtaining a railroad flat car for instalation as a bridge. County Attorney Scott Johansen reminded those present that it is a conflict within the law to spend public funds on private roads. It was suggested that Road Superintendent Rex Funk meet with the residents of the Fillmore subdivision and bring a recommendation back to the Commission.

(6)
ADJOURNMENT FOR LUNCH

Motion to adjourn for lunch at 12:12 p.m. was made by Commissioner Jerry Mangum, seconded by Commissioner Duane Collard and approved by all members present.

Meeting reconvened at 2:00 p.m. with all members present.

(7)
ROAD DEPARTMENT BUSINESS

A) Bill of Sale on Gallion Grader - Road Superintendent Rex Funk presented to the Commission for their signature a bill of sale covering a 1978 Gallion Grader, model T600C, vin # 1C02712, in which ownership is transferred from Emery County to Construction Equipment Associates of 2120 South 3600 West in Salt Lake City, Utah, who will in turn pay Emery County the sum of \$10,575.00. Motion was made by Commissioner Jerry Mangum to approve and sign the bill of sale transferring ownership of the Gallion Grader for the sum of \$10,575.00 to Construction Equipment Associates. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) Paul and Karen Peacock Land Purchase Agreement - Presented to the Commission for their consideration was a land purchase agreement between Emery County and Paul and Karen Peacock. In the agreement, Emery County would purchase certain described property from Paul and Karen Peacock for a road right-of-way in which Emery County agrees to furnish approximately \$700 of value in materials. This would consist of 30 cedar posts, 105 steel posts, 25 eight-foot poles, 16-foot steel gate and 5 eighty-foot spools of barbed wire for construction of the new fence along the property line by the seller. Motion to approve the agreement and authorize Commission Chairman Clyde Thompson to sign the same was made by Commissioner Duane Collard, seconded by Commissioner Jerry Mangum and approved by all members present.

C) Moreland Road-UDOT Approval - Road Superintendent Rex Funk advised the Commission that at 2:30 p.m. today Archie Hamilton of the Utah Department of Transportation had notified the Road Department by phone that they are to proceed with the advertising and awarding of the bids on the Moreland Road. Mr. Hamilton indicated that he would be forwarding to Emery County the contracts for County Attorney Scott Johansen to review and present to the Commission for signature on August 19, 1987. He further noted that funds are available for the project from the Utah Department of Transportation.

(8)

LAW ENFORCEMENT CONTRACTS

Commissioner Duane Collard discussed the need to enter into some type of law enforcement agreement with the cities within the boundaries of Emery County. At the present time Emery County has no legal authority to enforce city laws within these cities. Emery County would be somewhat reimbursed from the drug and alcohol money received by the cities. County Attorney Scott Johansen indicated that previously those items not included in such agreements were planning and zoning violations, animal control and business license enforcement. After further discussion, it was the recommendation of the Commission that County Attorney Scott Johansen prepare a draft

for Sheriff Guymon and the Commission to review and make any final recommendation and decision in the next Commission meeting.

(9)

BUSINESS LICENSE APPROVALS

Acting Zoning Administrator James Fauver presented four business licenses to the Commission for consideration. The first was for Meredith and Lula Rodgers, doing business as Navajo Arts and Crafts, selling jewelry on I-70. The second was for Frieda Willie, doing business as Willie Jewelry, selling jewelry on I-70. The third was for Sam Willie, doing business as Willie Jewelry, selling jewelry on I-70. Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to approve these business licenses as presented and that they comply with all other Federal and State regulations regarding selling along I-70. Motion was approved by all members present. The fourth business license was for Donald Irving Bishop, doing business as D & C Enterprises, selling computers, hardware and software out of his home. Motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to approve the business license. Motion was approved by all members present.

ASSESSOR'S BUSINESS

Emery County Assessor James Fauver discussed with the Commission the present condition of the 1979 GMC truck together with the 1982 Buick belonging to his office. He noted that the car and truck have had mechanical problems with an approximate cost of \$700 spent for recent repairs on the car. It was suggested by the service people that the car be disposed of as they felt there would be recurring problems in the future. Although the actual mileage on the truck is low, the trade-in value is \$3,500. Trade-in value on the car is \$1,500. Mr. Fauver noted that he has obtained bids from Kraync Motor Company for a Jeep Cherokee 4-door which would have a total cost of \$11,376 after the trade-in of the two vehicles. Also, a bid was received from Davis-Croft Motor Company for a 1987 GMC S-15 Jimmy, noting that the total bid price after trade-in of the two vehicles was \$12,000. It was the consensus of the Commission that Assessor Fauver look into other options, indicating that a car may be more practical. Mr. Fauver further indicated that although a new vehicle is not budgeted for, his office by not rehiring a certified appraiser and by transferring other line-items within his budgets, that he could cover the full amount. No action was taken in this matter at this time.

(11)

PERSONNEL ACTIONS

A) Louise Johansen - Reclassification - Denial - Emery County Personnel Technician Pat Snowball presented the Personnel Action Form for Louise Johansen who is a Deputy Treasurer, presently on a \$5.90 per hour schedule, working 30 hours per week. She is requesting a reclassification to that of a Deputy Treasurer on a Grade 5, Step 1, or a salary of \$1,142 per month, pro-rated to an hourly basis. The Commission emphasized that they are not in a position to give any type of raise due to a reclassification according to their policy in the past. Whereupon, this action was denied due to a lack of a motion.

B) Debbie Huntington - Termination - Emery County Personnel Technician Pat Snowball presented the Personnel Action Form for Debbie Huntington, who is terminating her employment with Emery County, effective September 1, 1987. She noted that her position was that of a Deputy Assessor, at a Grade 5, Step 1, or a salary of \$1,142 per month. Assessor James Fauver discussed with the Commission the need to replace Debbie Huntington because of the present sales ratio study and the reappraisal which will go on through December. It was his recommendation that such an individual be paid two days from Planning and Zoning with the balance of the time being paid out of the Assessor's office. Further discussed with the Commission was the accumulation of over-time by Debbie Huntington for hours worked over 40 hours per week in which the same is accumulated at 1.5 times. Whereupon, it was the consensus of the Commission that overtime be done by those employees that are on an exempt status. Whereupon, motion was made by Commissioner Duane Collard to approve the personnel requisition form for a replacement Deputy Assessor to replace Debbie Huntington at a Grade 5, Step 1, or a salary of \$1,142 per month being paid

three days out of the Assessor's budget and two days out of Planning and Zoning. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

C) Teresa Manzanares - County Attorney Scott Johansen discussed with the Commission the Personnel Action Form for Teresa Manzanares who is a legal secretary in the Attorney's office. He noted that she has been on a 40-hour per week work schedule and has requested that it be reduced to 32 hours per week. Whereupon, motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to reduce the status of Teresa Manzanares to that of a permanent part time employee working 32 hours per week. Motion was approved by all members present.

D) County Library Maintenance Worker - Emery County Personnel Technician Pat Snowball presented the Personnel Action Form for Cato Wagoner, Jr., of Huntington, Utah, who has applied for the position of Library Maintenance Man. This was previously approved by the Commission on a contractual basis, but because of the insurance

requirements and liability insurance requirements, it was noted by the applicants that those costs would be prohibitive based on the contractual amount. Whereupon, it was the recommendation of Emery County Library Supervisor Gerilyn Mathis, they be hired at the rate of \$5.90 per hour working to a maximum of 20 hours per week, noting that Mr. Wagoner has the necessary tools and qualifications. County Attorney Scott Johansen further noted that by such an hourly agreement, that the County would be liable and would be required to make necessary withholdings. He further noted that the maintenance individual is paid mileage. Whereupon, motion was made by Commissioner Jerry Mangum and seconded by Commissioner Clyde Thompson to refer this item to Commissioner Duane Collard. It was Commissioner Collard's recommendation that the Commission authorize the approval. Motion was approved by all members present. The effective date of hire is immediately.

(12)

EMERY COUNTY TREASURER ELAINE WILSON - INVESTMENT PROBLEMS

Emery County Treasurer Elaine Wilson came before the Commission, noting that she had been poorly advised by investment counselors of E. F. Hutton and has since found that such an investment is illegal. Mrs. Wilson indicated that at the present time it appears that Emery County could lose approximately \$30,000 of the \$1,000,000 invested and losses could either increase or decrease depending on the market. It was her request of the Commission that they write a letter in support of her and that Emery County intends to be in full compliance within the allowed time period. This letter is to be sent to the Money Management Council. Mrs. Wilson further discussed with the Commission that she has received no support from the Commission. It was the consensus of the Commission that at this time they could not take a position as to how to proceed until they had more facts in regards to the investment program. They indicated that because they had not been advised of this investment in the beginning that Mrs. Wilson would have to monitor the activity of the investment and take any appropriate action. The Commission has insufficient information at this time to take any action.

DATA PROCESSING

Wes Curtis, Advisor to the Commission on Data Processing indicated that since the last Commission meeting he has discussed the Motorola 8000's with Summit County who has both systems functioning. He noted that the programs appear to run faster, although the computer is slow in looking up files. There appears to still be problems with the Vision Software. It was his recommendation that the Commission still consider an

independent consulting firm. It was the recommendation of Commissioner Duane Collard that Emery County should possibly stay with PMS unless it can be shown that by converting to another system or software we would be getting better service and reduced costs. He further indicated that a determination needs to be made in the near future as the present system is very costly. He further noted that the Commission needs to consider support of the software in future years. Mr. Curtis was requested of the Commission to give this his immediate attention and to make a recommendation to the Commission and that Emery County Clerk Bruce Funk find out the buy-out price of the existing computer.

(14)

COUNTY ATTORNEY OUT-OF-STATE TRAVEL

County Attorney Scott Johansen discussed with the Commission a construction seminar in Denver, Colorado, and asked if the Commission was desirous that he attend it. Mr. Johansen noted that because of the number of contractual agreements being made by Emery County, it would be very beneficial. After discussion by the Commission, motion was made by Commissioner Duane Collard to approve the out-of-state travel for County Attorney Scott Johansen. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(15)

MEETING ADJOURNMENT

Motion to adjourn the meeting at 5:27 p.m. was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum. Motion was approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

August 19, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commissioner Jerry Mangum.

A review of the Agenda was made.

(1)

COMMISSIONERS MINUTES

The minutes of the July 15, 1987, Commission meeting were reviewed and corrected. Motion was made by Commissioner Jerry Mangum to accept the minutes as corrected. Motion was seconded by Commissioner Duane Collard and approved by all members present.

The minutes of the August 5, 1987, Commission meeting were not available for the Commission to review at this time, but would be considered at the next Commission meeting.

AUDITOR'S BUSINESS

Emery County Auditor Karen Truman presented Warrant Edit List #872168 through and including #872307 for payment. Motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to approve all Warrants for payment. Motion was approved by all members present.

(3)
RECORDER'S BUSINESS

Emery County Recorder Ina Lee Magnuson discussed with the Commission the need to set a policy in regards to private survey plats. She noted that the legislature requires that all surveys be filed with the County Surveyor and that a fee needs to be established. She indicated that most counties have set a \$10.00 fee. Whereupon, motion was made by Commissioner Jerry Mangum that the County Recorder's office be designated for receipt and filing of the private surveys and that a filing fee of \$10.00 each be assessed. Motion was seconded by Commissioner Duane Collard and approved by all members present.

ELEVENTH CIRCUIT COURT CONTRACT APPROVAL

Emery County Clerk Bruce Funk presented to the Commission for their consideration the fiscal year 1987-1988 Circuit Court contract with the Court Administrator's office in the amount of \$46,867.00. The Clerk's office contracts with the courts for the operation and maintenance of the Eleventh Circuit Court in Emery County. Mr. Funk indicated to the Commission that this year they have included \$1,500 for microfilming in the courts. It was Mr. Funk's recommendation that Karla Seely and Daniece Day be hired on a contractual basis at the rate of \$3.35 per hour to do the microfilming work, not to exceed 20 days each. Whereupon, motion was made by Commissioner Duane Collard to

approve the Circuit Court Contract and that Commission Chairman Clyde Thompson be authorized to sign the same and also approve the hiring of Karla Seely and Daniece Day for the microfilm work not to exceed 20 days each for a maximum cost of \$1,072.00 total for both. Whereupon, motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(5)

UTAH POWER AND LIGHT POWER LINE TO HORN MOUNTAIN

Commissioner Duane Collard reviewed with the Commission his efforts in contacting Commissioner Calvin Black of San Juan County and his discussions with Darrel Leamaster in regards to their participation on the cost of the power line. Commissioner Collard noted that the line is somewhat shorter than originally anticipated. He indicated that in discussions with Darrel Leamaster of the Special Service District that if they were to assume 10% of the cost, it would be prohibitive and they would consider relocating. Further discussion by the Commission resulted in that Commissioner Collard would look into the feasibility of Emery County owning the line, wherein others would rent or lease use of the power and facilities. This item is to be discussed further at a later date.

Mr. Leamaster informed the Commission of his concerns and their participation on the power line. Wherein, Commissioner Duane Collard advised Mr. Leamaster that the Commission would give it further consideration as to where it would be practical and less expensive for the Special Service District to remain at the present location.

EMERY COUNTY SUPPORT OF SUPER COLLIDER AND HAZARD WASTE IN SAN JUAN COUNTY

Commissioner Duane Collard made a motion that Emery County adopt Resolution 8- 19- 87A (to be prepared by Economic Development Director, Scott Truman) in which they support the Super Collider to be located in Utah. Commissioner Collard further requested that the Commission go on record as supporting economic development in Southeastern Utah and the hazardous waste site in San Juan County. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

CASTLE VALLEY SPECIAL SERVICE DISTRICT - OPERATING MONEY - CHIPPER

Darrel Leamaster, Administrator of the Castle Valley Special Service District came before the Commission, noting that they are presently in need of \$200,000 in operation and maintenance money. It has been their policy in the past to do a tax anticipation note. However, this year they allowed Emery County to borrow the maximum Tax Anticipation Note with the understanding that should the Special Service District need money, they would in turn borrow from the County. It is this purpose that he is before the Commission today.

Commission Chairman Clyde Thompson questioned Mr. Leamaster as a point of clarification as to his understanding of the Service District's participation in the road chipper recently purchased by the County Road Department. Commissioner Duane Collard indicated that it was his impression that the Service District wanted to participate.

Mr. Leamaster responded in that the Service District had never seriously considered buying into the chipper. It was discussed with the previous Commission only and they could foresee many problems with joint participation. It was now their plan to prepare specifications for outside contractors. Commissioner Thompson noted that concern has been expressed to him that such contracting would typically be done with contractors out of the area. He indicated that if it was cheaper for the County to do their road chipping that it would also be cheaper and better for the District to do theirs or combine in a joint effort. After further discussion, it was the consensus of the Commission that this be looked into for next year and consider which is more feasible and practical at that time.

Whereupon, motion was made by Commissioner Duane Collard to approve Resolution 8-19-87B, a Resolution authorizing the lending of funds to the Castle Valley Special Service District in the amount of \$200,000 to be paid back to Emery County by December 31, 1987, at the interest rate of 6.5% with the Service District paying a proportionate amount of the original closing costs. In the future, the Special Service and Emery County are to work out an equitable means of chipping the roads which would be practical, saving the County tax payers money as well as keeping employment local. Whereupon, motion was seconded by Commissioner Jerry Mangum and approved by all members present.

PERSONNEL ITEMS

Emery County Personnel Technician Pat Snowball presented the following personnel items for Commission consideration:

A) EMT's - Martin Erni and Julia Frandsen - Presented were the Personnel Action Forms for Martin Erni of Cleveland, Utah, as an EMT and Julia Frandsen, of Huntington, Utah, also as an EMT. Whereupon, motion was made by Commissioner Jerry Mangum to approve the Personnel Action Forms for Martin Erni and Julia Frandsen as Emery County EMT's. It was also requested that a review of the EMT roles be made to determine which EMT's are inactive and efforts

Personnel Items, cont. . . .

be made to remove them from the employment roles in order to reduce insurance costs. Motion was seconded by Commissioner Duane Collard and approved by all members present. The effective date is immediately and they are to be paid retroactive on any ambulance runs they have made.

B) Green River Librarian - Also presented to the Commission was the Personnel Action form for S. Denise Hoffman of Green River, Utah, for the job classification of Librarian at the Green River Library to be paid at the rate of \$5.90 per hour as a permanent part-time employee working 32 hours per week. Whereupon, motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to approve the hiring of S. Denise Hoffman of Green River, Utah, as a permanent part-time Librarian working 32 hours per week to be paid at the rate of \$5.90 per hour with an effective date of August 17, 1987. Motion was approved by all members present.

C) Road Department - Reduction in Force - Coy Jensen - Presented to the Commission was the Personnel Action Form for Coy Jensen of the Road Department. The request is for termination of his employment with Emery County because of a reduction in force. Whereupon, motion was made by Commissioner Duane Collard to approve the reduction in force in the Road Department, terminating the position and employment of Coy Jensen, effective August 14, 1987. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

D) Road Department - New Hire - Ray Petersen - Presented to the Commission for their consideration was the Personnel Action Form for Ray Petersen which would be a new hire for the job classification of Operator II at a Grade 11, Step 1, or a salary of \$1,590.00 per month as a permanent employee. After discussion, motion was made by Commissioner Jerry Mangum to accept and approve the Personnel Action Form hiring Ray Petersen of Ferron, Utah, as an Operator II at a Grade 11, Step 1, or a salary of \$1,590.00 per month. Effective date of hire is to be September 7, 1987. Motion was seconded by Commissioner Duane Collard and approved by all members present.

E) Assessor's Office - Debbie Huntington - Schooling Reimbursement - Emery County Assessor James Fauver came before the Commission requesting that Debbie Huntington who is terminating her employment in the Assessor's office not be required to pay back costs which the County incurred in her attending certification school. He noted that she has functioned as an appraiser and that the County has benefited from that schooling. Commissioner Duane Collard has recently looked into the matter, indicating that her schooling was prior to the policy adopted April 8, 1987. He noted that no previously signed agreement was in effect. Therefore, no action was

required at this time. The Commission felt that this could be handled on an administrative basis.

F) Assessor's Office - Carol Burdick - Reclassification - Mr. Fauver discussed with the Commission a request to eliminate the exemption status of Carol Burdick in the Assessor's office and that she be reclassified to a Deputy Assessor. Her present classification is that of an Office Manager on a exempt status and that such a position as Office Manager should not exist. After further discussion, motion was made by Commissioner Duane Collard to approve

the reclassification of Carol Burdick to that of Deputy Assessor and eliminate the position of Office Manager from the Personnel Policy. This is on the condition that Carol Burdick sign a Personnel Action Form indicating her approval to such a change. County Attorney Scott Johansen is to prepare the necessary paperwork to amend the Emery County Personnel Policy in eliminating the position of Office Manager. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

EMERY COUNTY GUN CLUB

Mr. Drew Leroy and others came before the Emery County Commission requesting permission to start an Emery County Gun Club. He noted he has discussed this with Emery County Sheriff Lamar Guymon and has received tentative permission to use the pistol range. It was Mr. Leroy's request that a range be set up that any resident can use as long as they are supervised.

He informed the Commission of the increased interest in a trap shoot. This would require additional ground of approximately 100 yards by 200 yards long and would be located next to the pistol range. It would also require leveling, possibly by the Emery County Road Department with all other improvements and costs donated. He further noted that the Sheriff's department would also be able to use the facility. It was the recommendation that if approved, that one person be placed in charge of scheduling.

Also discussed was Emery County's liability. Whereupon, it was recommended that Emery County look into a lease program and that the Gun Club become incorporated as a legal entity wherein Emery County could lease the property to them.

ADJOURNMENT FOR LUNCH

Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to adjourn for lunch at 12:26 p.m. Motion was approved by all members present.

Meeting reconvened at 1:38 p.m. with all members present.

(11)

EMERY COUNTY TREASURER ELAINE WILSON - INVESTMENT PROBLEMS

Emery County Treasurer Elaine Wilson came before the Commission requesting their support of her in regards to the recent investment problems. She indicated that she has monitored the activity of the investment and it now appears the loss to Emery County will be approximately \$50,600. It was the consensus of the Commission that because no additional information has been provided to the Commission by Mrs. Wilson regarding this situation, they could not take any action. They asked Mrs. Wilson to determine and take whatever action is needed to protect herself and the County. The Commission requested Mrs. Wilson to continue to monitor the investment and report back as to any action she takes.

ROAD DEPARTMENT BUSINESS

A) Mohrland Haul Road - Bid Acceptance - Cox Rocks Products - Emery County Road Superintendent Rex Funk noted that they had received the following bids on August 14, 1987, on the Morhland Haul Road improvement projects. The apparent low bidder was Cox Rocks Products, Inc., in the amount of \$340,263.05; followed by Tony Saparas in the amount of \$350,416.94; and Elbert Lowdermilk, Inc., in the amount of \$376,493.00 with an engineers estimate on the project of \$316,000.00. Whereupon, motion was made by Commissioner Jerry Mangum to recognize Cox Rocks Products as the apparent low bidder. Upon recommendation of Johansen and Tuttle Engineering, a contract for the work is to be awarded to Cox Rocks Products in the amount of \$340,263,05. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) Dry Wash Narrows Road Improvement Project - Road Superintendent Rex Funk reminded the Commission of the need to ratify Commission approval given to Nielsen Construction on the Dry Wash Narrows road project on July 23, 1987. Nielson Construction was the apparent low bidder in the amount of \$61,145.00 for the project. Other bidders included G & O Construction, Inc., of Green River in the amount of \$94,960.00 and Tony Saiperas Construction in the amount of \$95,570.00. Whereupon, motion was made by Commissioner Duane Collard to ratify the prior authorization given to Road Superintendent Rex Funk and Nielson Construction to proceed with the work on

the project. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

C) Nielson Construction - Dry Wash Road Agreement - Road Superintendent Rex Funk presented to the Commission an agreement with Emery County and Nielson Construction for reworking of approximately one mile of Emery County's Dry Wash road #8-03 from the Moore intersection south towards the Narrows for the sum of \$1,200. Mr. Funk noted that Nielson Construction has equipment at the site and it is advantageous for the County to do the work at this time. Nielson will haul County gravel and rework the roadway. Motion was made by Commissioner Jerry Mangum to approve the agreement between Emery County and Nielson Construction for reworking of approximately one mile of Emery County's Dry Wash Road #8-03 for the amount of \$1,200 and that Commission Chairman Clyde Thompson be authorized to sign the same. Motion was seconded by Commissioner Duane Collard and approved by all members present.

D) Agreement - Emery County Hunter/Price Road #4-26 - Emery County Road Superintendent Rex Funk presented an Agreement between Emery County and Nielson Construction for reworking approximately 1/2 mile of County road designated as the Hunter/Price Road #4-26 located south of the Clawson Bench. Nielson Construction will cut down and back slope the first dugway, hauling County gravel and reworking the surface. The work is not to exceed \$6,260. Whereupon, motion was made by Commissioner Jerry Mangum to approve the Agreement and authorize Commission Chairman Clyde Thompson to sign the same. Motion was seconded by Commissioner Duane Collard and approved by all members present.

E) Swinging Bridge Project - Road Superintendent Rex Funk discussed with the Commission the Swinging Bridge Project. He questioned the Commission as to whether Emery County is going to keep the bridge on an active status with the BLM. The BLM has requested that they terminate and close the file and pick up the project at a later time. After further discussion, motion was made by Commissioner Jerry Mangum to terminate the project with the BLM until such a time as funds are available. Motion was seconded by Commissioner Duane Collard and approved by all members present.

F) Disposal of Materials - Road Superintendent Rex Funk requested permission of the Commission to dispose of bridge construction material. Mr. Funk indicated that he has been approached by several individuals that would like to purchase these planks, paying the original purchase price. It was his recommendation that the County dispose of the planking rather than have it be a complete loss since it was becoming weather damaged.

Whereupon, motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to dispose of the unused planking to those interested individuals at the original purchase price. Motion was approved by all members present.

(13)

JON JUDD - EMERY COUNTY MUSEUM REQUEST

Mr. Jon Judd of the Emery County Museum came before the Commission to request their financial support in next year's budget and their support in the process of the museum becoming accredited. He noted that the present building would have no hope for accreditation through the American Association of Museums. Mr. Judd further informed the Commission of the importance of accreditation. He indicated he has been working with Donald Haag of the Utah Department of Natural Resources. He further indicated that a project is being funded by National Geographic for excavation of prehistoric mammals which would be a 15- year project. The location of the site can not be disclosed at this time, but the Emery County Museum would be a sister museum in which artifacts from the site would be located. However, the museum would have to fit the criteria along with accreditation. The museum would request funding of the Commission for road signs as well as a security system and to help them participate in matching fund programs. He noted the museum board has made a lengthy review of the operating expenses. Present revenues are \$3,000 of which \$1,000 was from the Emery County Commission; \$1,000 from the Travel Council; and the other \$1,000 was donated by visitors to the facility. It was the consensus of the Commission that the security system at this time was of utmost importance and would like to help but at this time no money has been budgeted and would consider their requests at budget time.

LAW ENFORCEMENT CONTRACTS

Commissioner Duane Collard indicated to the Commission that law enforcement contracts are ready to be sent to the cities for their review. After discussion, motion was made by Commissioner Duane Collard to authorize County Attorney Scott Johansen to mail original law enforcement contracts to the

cities within the boundaries of Emery County. He noted that they have been reviewed by Sheriff Lamar Guymon and County Attorney Scott Johansen as discussed in the previous Commission meeting. The cities can approve the agreements or make any recommendations or changes at the next council of governments meeting. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

MEETING ADJOURNMENT

Motion to adjourn the meeting at 3:08 p.m. was made by Commissioner Jerry Mangum, seconded by Commission Chairman Clyde Thompson and approved by all members present.

MINUTES OF THE REGULAR MEETING
OF THE BOARD OF EMERY COUNTY COMMISSIONERS
HELD IN THE EMERY COUNTY COURTHOUSE

September 2, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; County Attorney, Scott Johansen; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Clerk, Bruce Funk.

A review of the Agenda was made.

COMMISSIONERS MINUTES

The minutes of the August 5, 1987, Commission Meeting were reviewed and corrected. Motion was made by Commissioner Duane Collard to accept the minutes as corrected. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

The minutes of the August 19, 1987, Commission Meeting were reviewed and corrected. Motion was made by Commissioner Duane Collard to accept the minutes as corrected. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(3)
HORN MOUNTAIN POWER LINE BIDS

Commissioner Duane Collard reviewed with the Commission the bid opening held September 1, 1987, on the Horn Mountain power line. He indicated that the following bids had been received: L. E. Meyers Co., in the amount of \$142,716.85; Electrical Contractors, Inc., \$164,500.72; and Wasatch Electric Co., \$248,926.00 with an engineers estimate of \$130,000.00. Commissioner Collard recognized L. E. Meyers Company as the apparent low bidder in the amount of \$142,716.85. Commissioner Collard noted that the specifications used were those prepared by Utah Power and Light and it was determined that they are over built in some areas. Commissioner Collard will meet with the low bidder and make the following changes in the specifications: 1) Cement would not be required on the dead end; 2) Change the wire size from No. 2 to No. 4, noting that the No. 4 is sufficient, provided that the steel center wire is the appropriate size to carry them through the one long span of approximately 1,500 feet; 3) Where the plans require previously constructed double poles situated at the ledge, single individual poles can be installed with the structure being erected between them. This would require the use of a smaller helicopter. He felt that with the above changes, the reduction in cost should be approximately \$10,000. If the low bidder is not in agreement to incorporate these changes and adjust the bid amount to reflect these changes, it is his recommendation that the Commission would have no alternative but to reject all bids, revise the specifications and have it re-bid at a later date. Commissioner Collard is to advise the Commission as to which direction he will proceed.

(4)
SWINGING BRIDGE PROJECT

Commissioner Jerry Mangum reviewed a letter he had received from Johansen and Tuttle Engineering indicating that bridge replacement funds are available on an 80-20% local split. The Commission discussed the new legislation on lease monies, in which the bonds purchased for the local share would be paid back later by mineral lease monies. It was Commissioner Mangum's feeling that at some future time the bridge would have to be redone. He noted that approximately \$5,000 remains on the original \$7,000 to cover engineering costs. Wherefore, it was the consensus of the Commission that Commissioner Jerry Mangum proceed with further investigating the feasibility of the bridge projects and funds.

(5)
BLIND AND VETERANS EXEMPTIONS

Emery County Deputy Auditor Charlane Luke presented to the Commission for their consideration the blind and veterans property tax exemption list. Motion was made by Commissioner Duane Collard to approve the names to receive property tax exemptions as indicated with the exception that the name of Vernon R. Allred be stricken in that he is deceased. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

ROAD DEPARTMENT BUSINESS

Emery County Road Superintendent Rex Funk came before the Commission to advise them that he is presently working with members of the U.S. Forest service in working out a reciprocal road agreement for maintenance of the roads within the forest boundaries.

Mr. Funk informed the Commission that Merl Proctor, who has served as a Clerk in the Road Department Shop will terminate her employment with Emery County. He further indicated that Lorin Oviatt will be retiring in the near future. Mr. Funk inquired of the Commission if they would allow him to replace either or both of these individuals at that time. He noted that the Road Department would be significantly effected by further reductions in personnel. The Commission at this time declined to take any action.

ADJOURNMENT FOR LUNCH

Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to adjourn for lunch at 12:02 p.m. Motion was approved by all members present.

Meeting reconvened at 1 :11 p.m. with all members present.

(9)

COUNTY COMPUTER - PMS - MOTOR GENERATOR

Mr. Stan Sutherland came before the Commission to discuss any questions that the Commission or others may have in regards to the Motorola computer presently in the courthouse or the Motorola 8,000's being considered. Commissioner Collard asked Mr. Sutherland in converting over to the Motorola 8,000's whether the motor generator would be needed wherein the proposal includes the UPS system. It was his feeling that the motor generator would serve no additional benefit. Mr. Sutherland responded in that the motor generator has proven to be a very worthwhile investment. However, since the 8,000 includes the new UPS system, the motor generator would in all likelihood not be required. The UPS system is to provide time to take the system down in case of a power failure.

Also discussed with Mr. Sutherland were maintenance costs associated with the proposed CPU's and peripherals. Mr. Sutherland indicated that we could continue with the full maintenance program that we are presently under which would be a full support

without a remote. The second alternative would be to have full maintenance support, but with a remote connection with Salt Lake in which much of the diagnostics could be performed at PMS. The third alternative would be the depot mailing in which the item would be delivered to Salt Lake City for repair. The fourth alternative would be mail exchange wherein peripherals would be mailed directly to repair centers or offices in Dallas in which they would be exchanged. The fifth alternative would be self-maintenance in which Emery County would assume all costs of labor and materials. Maintenance cost for the three CPU's and the peripherals would vary from a high of \$3,600 to approximately \$2,200 per month. It was his recommendation that if Emery County preferred to self-maintain the peripherals, the main central processing units and disc drives maintenance agreement could be at an approximate cost of \$400 per month per unit which would cover all replacement costs, parts and labor.

Also discussed was the need to vary the original proposal and replace some of the existing terminals for those better suited for word processing and a terminal for dispatch.

Also, Mr. Sutherland discussed the speed of the new 8,000's compared to the existing 4,000 unit. He noted that in many cases the speed is significantly faster, but did agree that on some programs they are presently running at approximately the same rate and programs are presently being upgraded.

PERSONNEL ITEMS

Emery County Personnel Technician Pat Snowball presented to the Commission for their consideration the following items:

A)Richard Graham - Reclassification - Presented to the Commission was the Personnel Action Form for Richard Graham to be reclassified in the Sheriff's Department. Mrs. Snowball noted that he has completed post training and is to be reclassified from a Dispatcher to that of a Patrol Deputy II at a Grade II, Step 2, or a salary of \$1,702.06 per month, effective August 21, 1987 Whereupon, motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to approve the reclassification of Richard Graham from that of a Dispatcher to Patrol Deputy II at a Grade 11, Step 2, or a salary of \$1,702.06 per month, effective August 21, 1987 . Motion was approved by all members present.

Dixie Swasey - Transfer -Presented to the Commission was the Personnel Action Form for Dixie Swasey in that she is transferring from the Recorder's office to the Assessor's office. The grade, step and salary would remain the same, that of a Grade 5,

Step 5 or a salary of \$1,308.00 per month. Mrs. Snowball noted that County Recorder Ina Lee Magnuson has requested approval to fill the vacancy should she determine later it is necessary. Whereupon, motion was made by Commissioner Duane Collard to approve the transfer of Dixie Swasey from the Recorder's office to the Assessor's office with salary and grade to remain the same. The date of transfer is September 1, 1987. Motion was also made to approve Emery County Recorder Ina Lee Magnuson to fill the vacancy left in the Recorder's office if it is determined at a later date that it is necessary. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

C) Susan Childs - Presented to the Commission was the Personnel Action Form for Susan. She is to serve as the Orangeville Assistant Librarian on a permanent part-time position at the rate of \$5.90 per hour. Whereupon, motion was made by Commission Chairman Clyde Thompson and seconded by Commissioner Jerry Mangum to approve the hire of Susan Childs as the Orangeville Assistant Librarian at the rate of \$5.90 per hour as a permanent part-time position effective August 12, 1987. Motion was approved by all members present.

JOE COOK - COMPUTER SYSTEMS DEVELOPMENT

Mr. Joe Cook of Computer Systems Development addressed the Commission and indicated that they need to look at other computer systems. He requested that the Commission set up a separate tie at which he would have his staff available and make a presentation to the Commission. He noted that his system would run considerably faster and that it would be written to the specific needs of the department.

HELD IN THE EMERY COUNTY COURTHOUSE

September 16, 1987

Those present at the meeting were Commissioners Clyde Thompson, Jerry Mangum and Duane Collard; and Clerk, Bruce C. Funk.

The meeting was called to order by Commission Chairman Clyde Thompson at 10:00 a.m.

Invocation was given by Commissioner Jerry Mangum.

A review of the Agenda was made.

(1)
COMMISSIONERS MINUTES

The minutes of the September 2, 1987, Commission meeting were reviewed and corrected. Motion was made by Commissioner Jerry Mangum to approve the minutes as corrected. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(2)
AUDITOR'S BUSINESS

Emery County Deputy Auditor Charlane Luke presented to the Commission for their consideration Warrant Edit List #872479 through and including #872617 for payment. Motion was made by Commissioner Jerry Mangum and seconded by Commissioner Duane Collard to approve all warrants for payment. Motion was approved by all members present. No requisitions were presented for consideration.

(3)
EMERY COUNTY NURSING HOME EMPLOYEES INSURANCE REQUEST

Mr. John Bramall, Administrator of the Emery County Nursing Home, requested of the Commission consideration that employees of the Emery County Nursing Home be considered as a group for insurance purposes to be included within the insurance pool of

Emery County. It was Mr. Bramal's recommendation that they be given the opportunity to try the coverage for at least one year. Whereupon, it was Commission Chairman Clyde Thompson's recommendation that Mr. Bramal meet together with Emery County Auditor Karen Truman, Insurance Representative James Banasky and County Attorney, Scott Johansen to discuss this matter. If there are no problems, Mr. Bramal is to bring it back to the Commission for further consideration.

(4)
NURSING HOME BOARD VACANCIES

Mr. John Bramal noted that Stan Huntington of Castle Dale who recently past away and Ole Jensen of Emery who has resigned has resulted in two vacancies on the Nursing Home Board. He asked the Commission to consider the following individuals: Leon Bud Draper or Henry Seely of Castle Dale and Lyle Anderson or Merlin Christiansen of Emery. Whereupon, motion was made by Commissioner Jerry Mangum to accept and approve the names as presented, pending their acceptance of the position. Motion was seconded by Commissioner Duane Collard and approved by all members present.

(5)
COMMISSION SUPPORT OF UTAH POWER AND LIGHT MERGER -
RESOLUTION 9-16-87

Mr. Gene Hess of Utah Power and Light, Castle Dale Office, was in attendance as the Commission read Resolution 9-16-87, a Resolution supporting the proposed merger of Utah Power and Light Company and Pacificorp. The Resolution states that such a merger would result in increased operating efficiency in the future and possible rate reductions to Utah Power and Light customers. Mr. Hess informed the Commission that it was anticipated that the rate reduction would be from five to ten percent over the next four years. He noted that the power demands of both power companies are offset by each other as well as the advantage in the transmission system. Commissioner Collard indicated that the Resolution sets forth the necessary conditions in behalf of the residents of Emery County and moved to adopt and authorize Commission Chairman Clyde Thompson to sign the same. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

(6)
BOB KURTZ - JOE'S VALLEY BRIDGE MATERIALS

Mr. Bob Kurtz came before the Commission, expressing appreciation and acknowledgement for receipt of six beams at no cost and bridge planks to be purchased at cost for repair of the bridge as previously discussed in the Joe's Valley area. In a letter to the Commission dated August 26, 1987, and speaking in behalf of the other residents, Mr. Kurtz thanked the Commission for that assistance. Mr. Kurtz further indicated that he would appreciate and would accept any County rip-rap for placement in the stream and has made arrangements for others to install the same. Whereupon, motion was made by Commissioner Duane Collard and seconded by Commissioner Jerry Mangum to approve the disposal of the six surplus beams originally donated to Emery County by the Utah Department of Transportation some years back and the purchase of planks at cost and those items as noted in the letter. Motion was approved by all members present.

PERSONNEL ITEMS

A) Emery Library Custodian - Commissioner Duane Collard informed the Commission that he is in receipt of a personnel requisition form for hiring a replacement library custodian at Emery. He noted that Lenora Anderson Hollaway has terminated her employment there and that such recruitment would be through Job Service. He further noted that it would be for 10 hours per week and that any notice would be posted in Emery, at the rate of \$140.00 per month and consists of general housekeeping duties. Whereupon, motion was seconded by Commissioner Jerry Mangum to approve the personnel requisition form for recruitment purposes of an Emery Library Custodian. Motion was seconded by Commissioner Duane Collard and approved by all members present.

B) County Library Maintenance - Dennis Fuller - Commissioner Duane Collard informed the Commission that previously approved Keto Wagoner who was recently hired as the Library Maintenance person to cover the libraries in the western portion of the County has found employment out of the area. Therefore, there is a need to fill that vacancy. It was further noted that in the previous discussion, County Attorney Scott Johansen suggested that consideration might be given to Dennis Fuller, the Courthouse custodian. Mr. Collard indicated that he has met with Mr. Fuller who has agreed to and signed the necessary agreement. Mr. Fuller will be paid at the rate of \$250 per month plus mileage. He is required to make the necessary repairs at the Library with a minimum of one trip per month. Whereupon, motion was made by Commissioner Jerry Mangum to accept the agreement on behalf of Emery County authorizing Dennis Fuller to perform the library building maintenance. Motion was seconded by Commissioner Duane Collard and approved by all members present.

EMERY COUNTY COMPUTER

Emery County Assessor James Fauver addressed the Commission in regards to his concern should the County remove the existing equipment and software. He felt that consideration needed to be given to the departments concerns.

Commissioner Duane Collard asked permission from the Commission to further negotiate with PMS in opting to purchase the existing equipment and to determine at what maintenance level Emery County would like to be at in the future. He requested of the Commission for authorization to proceed. To that effect, it was the consensus of the Commission that Commissioner Collard proceed if sufficient monies could be adjusted to cover the cost.

SCOTT TRUMAN - RDCC VISIT TO EMERY COUNTY

Economic Development Director Scott Truman came before the Commission in regards to the RDCC which is the Resource Development Coordinating Counsel. He noted that this Committee makes recommendations to the Governor on those areas dealing with resources. He noted in the past in regards to the BLM wilderness study the group appeared to be heavily slanted in the direction of the environmentalists, but indicated that they will be in Emery County for a visit on October 29 and 30. It was his recommendation that as many individuals as possible be available and be included in the tour as well as others involved in minerals, agriculture and water so that the RDCC group gets a good understanding as to the concerns of Emery County which may have an effect on the draft copy of the San Rafael resource study.

ROAD DEPARTMENT BUSINESS

Road Superintendent Rex Funk came before the Commission to discuss several items.

A) Ferron City had agreed and signed documentation transferring ownership of a mobile home located in the Ferron Park for a building structure belonging to the County. He noted that Ferron City has now obtained the structure from the County yards and he has found that since that agreement was signed that the mobile home at Ferron has been stripped of the interior furnishings, cabinets, wheels, etc. He noted that the trailer has been left open and has been used for quarters for those attending activities at the park. It was the consensus of the Commission that Road Superintendent Rex Funk prepare a letter for Commission signature indicating that materials must be returned to the County or an acceptable explanation as to why Ferron City has permitted stripping of the mobile home unit. Ferron City has stalled the transfer of the mobile home to the County and it was the County's understanding that they were no longer interested in the building. Such a delay has allowed for vandalism and the building is no longer in the condition originally understood and agreed upon in the exchange.

B) Mr. Funk advised the Commission that Ferron City has requested use of County Equipment on the Millsite Golf Course in which they would furnish their own operators. It was the consensus of the Commission that they would like to help where possible, but would make no commitment at this time, particularly in the use of County equipment.

C) Mr. Funk further advised the Commission that Emery County furnished the water truck for Ferron City Peach Days at Ferron's request. Morris Sorenson operated the equipment and as such ran into and damaged a utility pole and transformer. It was Mr. Funk's concern that Emery County would possibly be receiving that bill. It was the consensus of the Commission that such repair costs would be the responsibility of Ferron City.

MUSEUM VISIT

Mr. John Judd of the Emery County Museum invited the Emery County Commission to a meeting on October 10, 1987, at the Utah Museum of Natural History at 11:00 a.m. He indicated he would like to have as many representatives out of the area so as to get a better understanding of what might be required should a new museum complex be considered in lite of the new dinosaur digs. Mr. Judd further indicated that he has

distributed all the brochures in regards to Emery County and would like to have additional brochures to take up at that time.

SELL OF THE UTAH CODE TO MARK TANNER

Commission Chairman Clyde Thompson noted that he has received a memorandum indicating that the value of a used set of Utah Code which is in possession of the Attorney's office has a value of \$125.00. He noted that Mr. Mark Tanner, a practicing attorney, has been contacted and is willing to buy them at that price. Whereupon, Commission Chairman Clyde Thompson made a motion to approve the sale of the used Utah Code Annotated to Mr. Mark Tanner for the sum of \$125.00. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

CIRCUIT AND DISTRICT COURT ACCOUNTS TRANSFER TO CLERK'S OFFICE

Emery County Clerk Bruce Funk informed the Commission that the Clerk's office has been preparing and balancing the Circuit and District Court checking accounts to enable a transfer of those accounts from the Treasurer's office to the Clerk's office. He noted that these procedural changes have been reviewed by Phil Clayton of the Court Administrator's office and Kay Kimball of Kimball and Roberts. Mr. Funk indicated that this would be advantageous for both the Clerk and the Treasurer's office in reconciling the accounts and would bring them further into compliance with the law. Mr. Funk further noted that he has recently requested an opinion from County Attorney Scott Johansen, but because of the shortage of time, he was unable to respond prior to Commission Meeting. However, it was his recommendation that the Commission approve the transfer effective October 1, 1987, and that County Attorney Scott Johansen review the matter prior to that date and address any concerns. Whereupon, motion was made by Commission Chairman Clyde Thompson to authorize the transfer of the Circuit and District Court accounts to the Clerk's office effective October 1, 1987, as recommended and that County Attorney Scott Johansen review the matter in the interim period addressing any concerns before actual implementation on October 1, 1987. Motion was seconded by Commissioner Jerry Mangum and approved by all members present.

HORN MOUNTAIN POWER LINE - BID ACCEPTANCE

Craig Johansen of Johansen and Tuttle Engineering came before the Commission with the notice of award for installation of the power line to Horn Mountain. This having been

reviewed in the previous Commission meeting, noting that L. E. Meyers was the apparent low bidder. He further advised the Commission that Commissioner Collard and others have met with the low bidder who has agreed and have collectively brought some items out of the specifications particularly those dealing with the structures which has reduced the cost in the amount of \$20,210.00. It was his recommendation that the Commission approve and sign the notice of award in the amount of \$142,716.85. After which the Commission also approve and sign and change order which would reduce the amount to \$122,506.85, noting that the size of the wire would remain the same. Whereupon, motion was made by Commissioner Duane Collard that Commission Chairman Clyde Thompson be authorized to sign the Notice of Award to L. E. Meyers who was the apparent low bidder in the amount of \$142,716.85 and that Commission Chairman Clyde Thompson also sign the change order as discussed which would make the final amount of \$122,506.85 for transmittal onto the contractor. Whereupon, motion was seconded by Commissioner Jerry Mangum and approved by all members present.

BICENTENNIAL PINS

Emery County Clerk, Bruce Funk requested consideration by the Commission to transfer Bicentennial pins previously purchased by the Fair Board to the Emery County Bicentennial Commission. He noted that the schools in the County have been greatly involved in the Bicentennial celebration in preparing themes and it was the original intent of the Bicentennial Committee to sell the pins and any funds generated would be used to purchase savings bonds and other items, as well as pins being used as prizes.

Commission Chairman Clyde Thompson, who is also the Fair Coordinator and Commission Representative on the Fair Board, noted that the pins were originally purchased for the purpose of selling through the fair and that an undetermined number have been left over. Since Fair activities have ceased, transferring these to the Bicentennial Commission would be advantageous. It will be beneficial to the residents of Emery County to transfer these pins in support of the Constitution celebration.

Whereupon, it was the consensus of the Commission to make that transfer as specified and include a provision that effective October 1, 1988, or at any time prior should the Emery County Bicentennial Commission be dissolved for any reason, that any revenues the Bicentennial Commission has or any remaining pins be returned to Emery County and all funds be returned to the Emery County General Fund.

TAX COMMISSION OFFICE CLOSING

Mr. Jim Fauver presented to the Commission a letter addressed to LuPreal Christman dated September 1, 1987. The letter indicated that it appeared the Castle Dale office of the Utah State Tax Commission located in the Emery County Courthouse could close in the future. Wherein, residents would be required to go to a new regional office which would be located in Price, Utah. Mr. Fauver's concern is that the office is very beneficial to Emery County and its residents and that the Commission should oppose such a transfer. Commission Chairman Clyde Thompson indicated that the Commission has previously voiced their objection to the closure of this office or any transfer and it was his request that Mr. Fauver prepare a letter for the Commission on Commission stationery for their signature outlining his objections to the closure.
