Commissioner Migliori stated he appreciates the discussion, but it doesn't solve the problem of how to replace a \$600,000.00 piece of equipment at the Landfill. This is ultimately what prompted this conversation. The landfill is extremely expensive for us to learn to deal with but yet manage it to keep from finding garbage on the desert because that causes Public Land issues. So the Commission is just trying to find a balance to do this. Ironically, it is money that is the driver behind the issue. If anyone has appropriate solutions we would be grateful for you to share them. We need to find the right answer to solve both of these dilemmas

Wade Williams:

In Carbon County not everything goes through the transfer station. They have a class four landfill that can accept construction and demolition debris. MSW cannot be accepted there it has to go in the transfer station that goes to ECDC.

Doug Lowe:

Is there any limit to how much debris a citizen can put in a roll-off stationed in a community?

Commissioner Nelson:

Not that they know of.

Mayor Peacock:

Like Mayor Brady his concern is that little garbage dumps may spring up outside of town. His recommendation was to use Truth in Taxation to raise the money you need to maintain the landfill. If you raise the fee, the contractor will raise the fee to the city who in turn will raise the fee to the citizen. Ultimately the citizens of Emery County will be the ones who will take the brunt of this fee.

Dixie Thompson:

She was shocked that the Commission would pass a tax on to the cities to pass on to their citizens. We have an entity that can pay almost 70% of the tax. Why are you not looking at that? Why are you taking cities and making them the fall guy? She felt it should come county side and not city side. She would like the County Commission to man up and put a tax on garbage.

Ferron City Councilman Trent Jackson:

Has the county thought about what they are going to do when those mini landfills spring up

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSION  
DECEMBER 17, 2013

along Dutch Flat and outside the city limits?

Mayor Brady:

You talked about a truck that may be brought in that is 1050 lbs. not billing for the 50lbs. Is the first 1000 lbs on every load free? Or once it is over 1000 lbs do you pay \$10.00 per ton on all of it?

Commissioner Nelson:

It is loads over 1000 lbs will be charged for the overage.

Wade Williams:

He asked that the Commission allow the roll-offs from the communities to be brought in for free.

Commissioner Migliori:

When we put out something out like this it is to have a discussion. This resolution is a draft to see how close we are to what we need. Then we get good discussion. We find out what pieces we may have missed. We find some potential solutions that are even better. As Commissioners we need to go back, re-look at some at this discussion and put it back out for discussion again. Then, see if we can find something that works for everybody. He believed that there is a way for everyone to win. We also want to plan for the longevity of the landfill. He was glad that we had this discussion. We need to go back to the drawing board and make provisions to the draft.

Castle Dale City Elect Danny VanWagoner:

He challenged the Commissioner to explore other avenues for funding such as taxation.

Taxation is the fairest point of view for the county.

Commissioner Migliori:

Taxation is not a perfect fix because of Centrally Assessed properties.

Clerk/Auditor Brenda Tuttle:

On the taxation issue, the county is already at the maximum tax rate we can charge. We cannot use Truth in Taxation. Unless there is a special fee or special tax specifically for landfills we cannot use taxation.

Commissioner Horrocks:

We are looking for solutions to a major problem of financing. We want to make sure that what we do as a Commission is fair to every citizen in the county. Commissioner Nelson has spent a lot of time researching what other landfills charge. We are looking for the right answer.

Mayor Peacock:

Huntington City has done a very good job of monitoring their roll-offs. They are going to pay a lot more money compared to Castle Dale who is closer to the landfill and can utilize the landfill

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSION  
DECEMBER 17, 2013

more economically. Another thing that has to be mentioned is the fact that as the landfill had to be expanded the County Commission granted them a water connection which they didn't have to give. Castle Dale agreed to that after the fact. Castle Dale City has done some things to help the landfill grow and expand. what ever solutions you find out there, make sure that the citizens of this county know where this is coming from so that the cities are not taking the blame for your decisions.

Mayor Behling:

She wanted to thank the Commissioners and ask them to take into consideration that maybe there is another solution to the problem.

Commissioner Nelson:

He indicated that he has done a lot of research on this matter. He reviewed the current rates that the cities charge citizens. The cities need money to put out the billings. He indicated that he wouldn't be surprised if Mr. Williams went to the cities and asked for a rate increase. If we all join in we can keep the landfill from going broke.

Emery County Progress Editor Patsy Stoddard:

Patsy asked if the Landfill is going in the hole every year?

Commissioner Nelson:

It cost several thousand dollars a month to run the landfill. We have very competent people maintaining the landfill. We have very positive inspections. We are obeying the rules and that is very expensive.

Wade Williams:

Where do we go from here? Do you hold another public hearing in another month?

Commissioner Migliori:

We can't make any decisions in a public hearing so you will have to wait.

Commissioner Horrocks closed the meeting and returned to the regular meeting.

CONSIDERATION AND APPROVAL OF LANDFILL TIPPAGE RESOLUTION.

Commissioner Migliori stated that good points were brought to the table today. He encouraged the mayors to go back to their councils and talk some more. We have been talking about this since May so this is not a new issue. The issue is to the point where we have to do something. Commissioner Ethan Migliori made a motion to table this matter to allow time to do more homework on the points that were brought up today. The motion was seconded by

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSION  
DECEMBER 17, 2013

Commissioner JR Nelson. The motion passed. He encouraged the Commissioners to go back to the Council of Governments to discuss possible solutions and a revised resolution. A letter will be sent to the Mayors in preparation for COG meeting at the end of January.

Commissioner Ethan Migliori made a motion to take a five minute break. The motion was seconded by Commissioner JR Nelson. The motion passed.

THE FOLLOWING PUBLIC HEARINGS WILL BE HELD AT 6:00 P.M.  
CONSECUTIVELY:

Upon returning to the regular meeting Commissioner JR Nelson made a motion to leave the regular meeting and move into a public hearing to receive public comment on opening and amending the FY 2013 budgets for the Emery County General Fund, Special Revenue Funds, Capital Projects Funds, Local Building Authority and Castle Valley Special Service District. At the conclusion of the Public Hearing the Board of Commissioners will return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

6:00 P.M. PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT CONCERNING  
OPENING AND AMENDING THE FY 2013 BUDGETS FOR THE EMERY COUNTY  
GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS, LOCAL  
BUILDING AUTHORITY, AND CASTLE VALLEY SPECIAL SERVICE DISTRICT.

Commissioner Horrocks opened the Public Hearing and turned the time over the Clerk/Auditor Brenda Tuttle. Mrs. Tuttle reviewed the budgets for 2013. She explained amendments for the Judgment levy and Huntington Debris Basin line items. She added that most departments have been good at keeping within their budgets.

Jacob Sharp, Castle Valley Special Service District reviewed amendments to the FY 2013 for CVSSD. He reviewed their 3 budgets, General Fund, Capital Projects and Debt Service.

(22)

PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT REGARDING THE PROPOSED  
FY 2014 BUDGETS FOR THE EMERY COUNTY GENERAL FUND, SPECIAL REVENUE  
FUNDS, CAPITAL PROJECTS, LOCAL BUILDING AUTHORITY, AND CASTLE VALLEY  
SPECIAL SERVICE DISTRICT.

Brenda Tuttle reviewed the FY2014 Budgets for the Emery County General Funds, Special Revenue Funds, Capital Projects, and the Local Building Authority of Emery County. Commissioner Ethan Migliori requested a line item change in the amount of \$10,000.00 in the wages & benefits line item within the Travel Bureau budget. The allocation change is within

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSION  
DECEMBER 17, 2013

the budget so it doesn't change the overall budget, just the allocation of the funds.

Jacob Sharp, CVSSD reviewed their FY 2014 budgets. He explained that there is a decrease of \$300,000.00 due to the unanticipated reduced amount that they received from CIB. They do not have a judgment levy this year, Chip seal was larger than normal in 2013, therefore that line item is less in 2014. Their goal is to keep the Debt Service payment at a flat payment, therefore there is no spike or increase in the debt service tax.

The Board of Commissioners left the public hearing and returned to the regular meeting.

(23)

CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING THE FY 2013 BUDGETS FOR THE EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS, LOCAL BUILDING AUTHORITY, AND CASTLE VALLEY SPECIAL SERVICE DISTRICT.

Commissioner JR Nelson made a motion to approve Resolution 12-17-13A Amending the FY 2013 Budgets for the Emery County General Fund, Special Revenue Funds, Capital Projects Funds and Local Building Authority of Emery County. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner JR Nelson made a motion to approve Resolution 12-17-13B Amending the FY 2103 budgets of Castle Valley Special Service District. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(24)

CONSIDERATION AND APPROVAL OF RESOLUTION APPROVING THE FY 2014 BUDGETS FOR THE EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS, LOCAL BUILDING AUTHORITY, AND CASTLE VALLEY SPECIAL SERVICE DISTRICT.

Commissioner Ethan Migliori made a motion to approve Resolution 12-17-13C adopting the FY 2014 budgets for the Emery County General Fund, Special Revenue Funds, Capital Projects Funds, and the Local building Authority of Emery County. The motion was seconded by Commissioner JR Nelson. The motion passed.

COMMISSION MEETING MINUTES  
JANUARY 14, 2014

(6)

CONSIDERATION AND APPROVAL OF BLM ROW APPLICATION FOR APPROXIMATELY .31 MILES OF ROAD BY MILLSITE RESTROOM TO BE INCLUDED IN THE COUNTY B ROAD SYSTEM.

Public Lands Manager Ray Petersen explained that the ROW application is for establishment of a "B" System Road in the vicinity of Millsite Reservoir. There has been access to a toilet/restroom frequented by visitors to the reservoir however, not a designated road. The road will be open to the public year round. The ROW and construction of the road are in conjunction with Price BLM Field Office mitigation plan for sensitive species at this site. By creating this county road, redundant, undesirable routes can be eliminated, minimizing disturbance in the area. There will be volunteers working along with the Road Department to enhance the resources in this area. Because of the endangered cactus in this area if we do not do some mitigation to avoid its disturbance the Division of Wildlife Resources could come in and shut this area down and eliminate all access there. This is a good decision. It can be easily maintained as a "B" Road System road and as a part of that system will receive "B" Road System funding to help maintain the road. As soon as the ground thaws Wayne Nielsen, Road Supervisor will have a grader out there to create a template for the road and eventually road base. Commissioner Ethan Migliori made a motion to approve of BLM ROW application for approximately .31 miles of road by Millsite Restroom to included in the county "B" Road System. The motion was seconded by Commissioner JR Nelson. The motion passed.

(7)

DISCUSSION AND APPROVAL OF REQUEST FOR ELECTRICAL SERVICE AT 5427 W. STATE ROAD 31 IN CONJUNCTION WITH LOWER DEBRIS BASIN CONSTRUCTION.

Jonathon Johansen, J & T Project Manager indicated that they are moving forward with the design for the lower debris basin construction. They are working with the BLM to get the Geotech access for the report. They have been working with the power company to bring in power to a possible radio gate at the diversion of this lower structure. It is their hope to work out a solution for about 150 away to keep the cost low. We are working with them to keep the cost down because of the benefit to the power company. Commissioner JR Nelson made a motion to approve a request for electrical service at 5427 W. State Road 31 in conjunction with lower debris basin construction. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

COMMISSION MEETING MINUTES  
JANUARY 14, 2014

(8)

DISCUSSION AND APPROVAL TO ADVERTISE FOR A MID-TERM VACANCY ON PLANNING COMMISSION.

Commissioner Horrocks explained that Laura Rasmussen has moved and therefore has vacated her position on the Emery County Planning & Zoning Commission Board. The by-laws of the Planning & Zoning Commission Board has 9 members and the ability to appoint two alternates on the board. Commissioner recommended appointing two alternates as well as filling the vacancy to the board due to the serious responsibilities needed for this board. Commissioner Ethan Migliori made a motion to advertise to fill a vacancy on the Planning Commission Board as well as two alternate positions. The motion was seconded by Commissioner JR Nelson. The motion passed.

(9)

CONSIDERATION AND APPROVAL OF RESOLUTION APPROVING AND AUTHORIZING THE EXECUTION OF A SIXTH AMENDED INTERLOCAL COOPERATION AGREEMENT WITH OTHER MEMBERS OF UTAH COUNTIES INDEMNITY POOL, RELATING TO THE ESTABLISHMENT, FUNDING, AND OPERATION OF UTAH COUNTIES INDEMNITY POOL.

Emery County Attorney, David Blackwell sits on the UCIP Board. Mr. Blackwell indicated that UCIP was created by 7 counties 21 years ago. UCIP is run by the counties and is for the counties. Anytime they have a change within the pool the Commission needs to approve by Resolution an amended interlocal cooperation agreement with other members of UCIP relating to the establishment, funding and operation of UCIP. Mr. Blackwell indicated that in this amendment they have extended the deadline to 180 days to opt out of the pool. With the exit of a couple of other counties they found that they had to re-adjust rates and budgets. Commissioner JR Nelson made a motion to approve Resolution 1-14-14 approving and authorizing the execution of a sixth amended interlocal cooperation agreement with other members of Utah Counties Indemnity Pool, relating to the establishment, funding and operation of Utah Counties Indemnity Pool. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(10)

CONSIDERATION AND APPROVAL OF EMERY COUNTY LIBRARY EMERGENCY CLOSURE POLICY.

Commissioner Nelson indicated that this formalizes a policy identifying when a library can be closed. There have instances where furnaces went out in the middle of the winter, restrooms are out of service, power outages. This will establish a policy for emergency closure of Emery County Libraries. Commissioner JR Nelson made a motion to approve of Emery County Library Emergency Closure Policy. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

COMMISSION MEETING MINUTES  
JANUARY 14, 2014

(11)

CONSIDERATION AND APPROVAL OF EQUITABLE SHARING AGREEMENT AND CERTIFICATION BETWEEN ECSO AND DOJ.

Sheriff Funk indicated that this is the agreement to share any funds received from seized property. These funds have stipulations as far as they can only be used for specific purposes. Commissioner Ethan Migliori made a motion to approve of Equitable Sharing Agreement and Certification between ECSO and DOJ. The motion was seconded by Commissioner JR Nelson. The motion passed.

(12)

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Nelson*

Commissioner Nelson reported on a concern for Zebra Mussels coming into our area. They can really be damaging to our water systems. They have had meetings with all water agencies in our area. There is study being conducted by USU on the San Rafael River Basin. They are doing a presentation today and invite people who are involved with water to see that. They will do a more formal presentation at a later date.

Emery Water Conservancy District has signed a one year contract extension with Bureau of Reclamation. The BOR has had some real heartburn over water ownership on Joe's Valley Dam

He reported on Fire District meeting. At the beginning of each new year the cities are to re-appoint a member to the Fire District Board.

Four Corners Behavior Health is moving forward with a resident program called Aspen Cove. This will give them an opportunity to house residents of Carbon, Emery and Grand Counties who need help and spend less money than in an institution.

*Commissioner Migliori*

Commissioner Migliori reported on Recreation Board. They have most of the youth sports groups in the county housed under the Rec Board and they are going very well. They learned a lot of things from last year that they will work to improve for this year. He expressed his appreciation for the Rec Board and all that they do. The complex is moving forward. They will break ground in a few months and hope to be done by October so as to not affect adult sports more than 1 year.

COMMISSION MEETING MINUTES  
JANUARY 14, 2014

He has spent a lot of time involved with creating legislation for transmission lines through the area. We have a small corridor for transmission lines or other public related utilities work bill, whether it be oil and gas , etc. to come through the Cedar Mountain corridor. We have concern that if a large power company wants to put in power lines through there all they have to do is meet conditional use permits. As a county we want to make sure that if they do that we get some benefit as a county because if they put it through all we get is Centrally Assessed Taxes off of it which is worth next to nothing for us. They appeal the taxes and usually win. We are trying to give the counties a little more teeth to say look if you are going to put something through here we want to have some economic impact from it. We also want to approach it from the state side so that we don't have power companies putting lines through Utah on the way to California without Utah being able to access some of that power for our own growth. We are still one of the fastest growing states in the nation. We will continue to work on that.

January 31, is Rural Day on the Hill. If anyone would like to go and support that it is our opportunity to meet with our legislators. It is our day to show our voice in rural Utah.

January 15 is Emery County Business Chamber Luncheon at noon at the Museum of the San Rafael. The chamber will provide an economic update and their goals for this year.

*Commissioner Horrocks*

Commissioner Horrocks talked about the recent audit of the county courts/jail system. They found a few things that need to be addressed to make the system safer for the judges and juries. He indicated that the Commission and the Sheriff's Department will be looking into the amount that the State gives to the county for perimeter security for the courts which is required by the state. Commissioner Horrocks talked about the ongoing meetings with seven counties regarding economic engines that drive the economy of the region.

He had a list of volunteers needed by the Emery County Travel Council to help attend the many travel shows throughout the next two weeks. He asked if they could be approved and ratified in the next meeting. Commissioner Ethan Migliori made a motion to approve the volunteers for the Emery County Travel Council for attending travel shows. The motion was seconded by Commissioner JR Nelson. The motion passed.

Commissioner Horrocks asked Commissioner Migliori to comment on the roll that the College of Eastern Utah/Utah State University is taking for economic impact in Carbon and Emery County. Commissioner Migliori talked about the growth of the college and the business expansion and retention program for the traditional and non-traditional student. He indicated that the program will be a welcomed resource to the area.

Commissioner Horrocks reported that the Blue Castle Nuclear Power Plant decision from the state was in their favor. They are running through the appeal process. Conductive Composites is moving forward with the construction of a facility in the Cleveland area.

COMMISSION MEETING MINUTES  
JANUARY 14, 2014

Under concerned citizens, Ray Petersen expressed concern as a board member of Joe's Valley Culinary Water Association as the governing board of Reeder Subdivision. The board has had internal discussions with the Commission and Road Department to address the snow removal situation up there. Historically the county and the subdivision have partnered to keep the snow removed from the subdivision and along the county road. He urged the Commission to continue to pursue the situation. There is some urgency to the situation. There were several property owners from the subdivision in attendance in support of this matter. Commissioner Horrocks indicated that the Commission is working with the county attorney on this issue and thanked the citizens for their support and concern.

(2)

EMPLOYEE OF THE MONTH.

Commissioner Ethan Migliori presented the Emery County Employee of the Month to Flora

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 11, 2014

Motte. Flora has been working for Emery County for 39 years. Flora was hired on January 1 1975 as Assistant Librarian at the Cleveland Library where she worked for 29 years. When she was hired she worked 2 hours one day a week for \$1.25 per hour. During the winter, they were paid 50 cents to build a fire in the old library building. She was part of moving the library twice finally to the building Cleveland has today. In January 2004 she had the opportunity to become head librarian in Huntington where she has excelled making the Library a friendly and inviting place. Flora is very talented and always has exceptional bulletin boards and displays. She is very friendly and works well with the staff and the public. Flora was presented with a plaque and Emery County Bucks.

Commissioner Ethan Migliori made a motion to move from the regular meeting and into a public hearing for the purpose of receiving comment from the public regarding proposed issuance of General Obligation Bonds by Castle Valley Special Service District and to return to the regular meeting at the conclusion of the public hearing. The motion was seconded by Commissioner JR Nelson. The motion passed.

(3)

PUBLIC HEARING- TO RECEIVE PUBLIC COMMENTS ON THE PROPOSED ISSUANCE OF GENERAL OBLIGATION BONDS BY CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH IN THE AGGREGATE PRINCIPAL AMOUNT OF NOT TO EXCEED \$1,348,000. THE BONDS TO BEAR INTEREST AT THE RATE OR RATES NOT TO EXCEED 1.5% PER ANNUM, TO MATURE IN NOT MORE THAN 7 YEARS FROM THEIR DATE OR DATES, AND TO BE SOLD AT A PRICE NOT LESS THAN 99% OF THE TOTAL PRINCIPAL AMOUNT THEREOF AND THE ECONOMIC IMPACT THAT THE IMPROVEMENTS PROPOSED TO BE FINANCED WITH THE BONDS WILL HAVE ON THE PRIVATE SECTOR.

Castle Valley Special Service District Manager, Jacob Sharp addressed the Commissioners and public in attendance. This public hearing is regarding general obligation bonds that they intend to issue this year. They are typical bonds for their consolidated projects to do things throughout the county. This process was started last year when they communicated with mayors and councils in the towns in the county to acquire list of improvements to be done in their towns. This list is submitted to CIB for funding approval. They were approved for 1.348 million dollar bond. In addition to that they were granted a \$700,000.00 grant at 1.5% interest. In the funding meeting they received the final approval for the funding. This public hearing is the final step to closing on the bond next month. They have several projects such as curb and gutter, drainage improvements as well as improving and upgrading culinary water and sewer lines in several cities. Commissioner Nelson indicated that he sits on the CVSSD and is amazed at how much work they do. The improvements are very noticeable.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 11, 2014

Phil Fauver asked what the bond will cost the tax payers?

Jacob indicated that each year they acquire a series of bonds. Through help of Zions Bank Public Finance and their bond attorney they are able to structure the bonds to keep their debt service payment level. As far as the tax that you will see from their level it remains the same through 2016. After that time it projects to drop off. It gives us room to add future projects. They have a stable budget that remains about the same from year to year. The goal is to keep it level. We know what the payment will be through 2016.

The public hearing came to an end. The Commissioners returned to the regular meeting

(4)

CONSIDERATION AND APPROVAL OF RESOLUTION AUTHORIZING CASTLE VALLEY SPECIAL SERVICE DISTRICT GENERAL OBLIGATION BONDS, SERIES 2014 AND OTHER NECESSARY PAPERWORK.

Commissioner Ethan Migliori made a motion to approve Resolution 2-11-14A authorizing Castle Valley Special Service District General Obligation Bonds, Series 2014 and authorize Commission Chairman Jeff Horrocks to sign the necessary paperwork associated with the issuance of said bonds. The motion was seconded by Commissioner JR Nelson. The motion passed.

Commissioner JR Nelson made a motion to leave the regular Commission Meeting and move into a public hearing to receive public comment regarding the mental health and substance abuse treatment needs of Emery County and the conclusion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(5)

PUBLIC HEARING- FOUR CORNER COMMUNITY BEHAVIORAL HEALTH, INC. WILL BE RECEIVING PUBLIC COMMENT FROM CITIZENS OF EMERY COUNTY REGARDING THE MENTAL HEALTH AND SUBSTANCE ABUSE TREATMENT NEEDS OF EMERY COUNTY. INPUT FROM CITIZENS, CLIENTS, AND FAMILIES WILL BE USED IN PLANNING SERVICES AND IN DECISION MAKING DURING THE NEXT FISCAL YEAR.

Karen Dollan and Jennifer Thomas addressed the Commissioners and public in attendance. Ms. Dollan indicated that state law and medicaid require that the Emery County Commission as the controlling government for the county hold a public hearing to receive public comment from citizens on Emery County regarding the mental health and substance abuse treatment needs of the county. The comments received will be used in planning services and in decision making during

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 11, 2014

the next fiscal year.

Steve Barton asked what services Four Corners provides to the citizens of Emery County?

Ms. Dollan provided a breakdown of services provided by Four Corners Behavioral Health. The services include, outpatient clinics with therapist, job placement, substance abuse treatment, medication management, a clubhouse for the mentally ill and Drug Court with random testing. Housing is provided in Carbon and Grand counties. They transport patients to and from Emery County to facilities in Carbon County that are not provided locally. They recently received funding to provide services in the schools to mitigate early treatment. Employers are provided random testing which helps employers feel good about hiring someone because they are monitored so closely. They employ about 88 people in the tri-county area. The funding that the county provides to Four Corners is used to leverage the additional needed funding from a state and federal level to provide these services. They provide a 24 hours a day crisis service and coordinate with the Sheriff's Department on a daily basis.

Upon the end of comments from the public the Commission returned to the regular meeting.

Commissioner JR Nelson made a motion to approve continuing services with Four Corner Behavioral Health. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner Ethan Migliori made a motion to appoint William Coyne, Ted Curtis, Raymond Quinn, and Bruce Wilson to North Emery Water Users Special Service District. The motion was seconded by Commissioner JR Nelson. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF CHANGE ORDER #1 FOR HUNTINGTON CANYON NORTH DEBRIS BASIN PROJECT 2013.

Howard Tuttle, J&T Engineering explained change order #1 for Huntington Canyon North Debris Basin Project 2013. Emery County is in the process of placing two control structures in Huntington Creek. The north basin is nearly complete and is basically designed to catch all the trash, logs and debris that comes down stream and plugs up the infrastructure downstream. The south basin is still lacking the permitting from the Army Corp of Engineers. All the other permits are in hand, but they lack the ACOE permit. They are not sure when they will get it. To help speed things up, they proposed making a change order to the north basin, where they have a contractor in place, to acquire the rock rip-rap that is required for the south basin. They want to have that on hand so that when they get the permit they will have that behind them. When the south basin is contracted and put into motion then they will pull the funds from the south basin and put it back into the north basin. The change order is for \$672, 829.50 for the grouted rock rip-rap for the south basin. They are facing time constraints. They need to have this in place before the monsoons come in July, August, September. The change order will get us moving on the south basin and get it moving. Commissioner JR Nelson made a motion to approve change order #1 for Huntington Canyon North Debris Basin Project 2013. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(13)

CONSIDERATION AND APPROVAL OF U.S. GOVERNMENT LEASE FOR REAL PROPERTY ON HORN MOUNTAIN FOR NOAA EQUIPMENT.

Bret Mills had some changes to the lease agreement with the U.S. Government for real property on Horn Mountain for NOAA Equipment. These changes were sent in and we have not heard back from the U.S. Government. Commissioner JR Nelson made a motion to approve the lease with the recommended changes upon County Attorney David Blackwell's satisfaction and authorize Commission Chairman Jeff Horrocks to sign the lease. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Migliori*

Commissioner Migliori reported on attending a BEAR meeting with Economic Development

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 11, 2014

Director Mike McCandless. The focus of the meeting was ways to help strengthen local business. They meet every week to discuss opportunities and matching resources to help with businesses. They have had some successes this year and are excited about some changes within the organization. Commissioner Migliori attended a Trails Committee Meeting where they discussed the final details for a hiking/horseback trail map. This has been a challenge in Huntington Canyon because of the floods. They have also been documenting trails on the desert. If you know of anyone who is an avid hiker have them get in touch with Mike McCandless, Ray Petersen, Tina Carter or Ethan Migliori. By documenting these trails we can keep these opportunities for citizens high and improve opportunities for local residents and businesses. The Travel Bureau has been traveling to travel shows to promote Emery County and bring outsiders into the communities. He talked about money in three different ways. We have money that circles inside of our community, which is good but does not grow the pot. We have money that is exported, such as when a person buys a car from outside of the community, that money goes somewhere else and never comes back to our community. Then we have money that comes in from outside the community that helps build our pot of money. We appreciate the Travel Bureau's efforts to build our pot of money for the county. Museum of the San Rafael is still working on a mammoth display. COG meeting with the mayors was a follow-up discussion for the landfill tipping fees. They received some good ideas. Recreation Board has had some changes in members from the cities. Hopefully we can get new perspectives from these new board members to enhance recreation opportunities in Emery County.

*Commissioner Nelson*

Commissioner Nelson reported on attending a grazers meeting with Western Range Land Conservation Group concerned with the numbers of wild horses and burros on our public lands. The meeting was in Beaver County where 7 of the thirty or so people in attendance were from Emery County. So it is a big issues with the grazers and a number of our citizens.

*Commissioner Horrocks*

Commissioner Horrocks reported on Public Lands Council meeting where they discussed the work going on with Congressman Ron Bishop and the Public Lands Bill. We hope to get something on the floor in Washington soon. Public Lands Director, Ray Petersen, Commissioner Nelson and Randy Johnson, Emery County's Lobbyist in Washington will be traveling to Washington, D.C. to make sure that the bill keeps moving. Commissioner Horrocks reported on continued efforts with the commissioners from seven eastern counties and their economic development directors to move forward towards an MOU that they can operate from. They are hoping for an economic development engine for all seven counties (Daggett, Uintah, Carbon, Duchesne, Grand, Emery, and San Juan, working together toward gaining a stronger voice for rural counties in the legislature and with regards to the economic future of our counties. He

reported on a Fire District meeting where they discussed purchasing new brush trucks. They are looking for a loan or hopefully a grant to put with the \$300,000.00 match to purchase the trucks. The request is on the CIB short term list.

Commissioner JR Nelson made a motion to leave the regular meeting and move into a closed session and at the close of the session to return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(19)

CLOSED/EXECUTIVE SESSION TO DISCUSS STRATEGY SESSION TO DISCUSS THE PURCHASE, EXCHANGE, OR LEASE OF REAL PROPERTY.

Present at the closed session was Commissioner Jeff Horrocks, Commissioner Ethan Migliori, Commissioner JR Nelson, Attorney David Blackwell, Clerk/Auditor Brenda Tuttle, Ross Huntington, Emery County Care and Rehabilitation Board Member, Commission Executive Director Leslie Bolinder and Deputy Clerk/Auditor Carol Cox.

(20)

CONSIDERATION AND APPROVAL OF LETTER NOTIFYING TRADITIONS HEALTH CARE, INC. OF TERMINATION OF CONTRACT AND APPROVAL TO SOLICIT RFP'S FOR EMERY COUNTY CARE AND REHABILITATION CENTER.

Upon returning to the regular meeting Commissioner Ethan Migliori talked about discussions with the Emery County Care and Rehabilitation Center Board to make some changes to the Care Center to make it more profitable. To assist in this effort Commissioner Ethan Migliori made the following motions:

Commissioner Ethan Migliori made a motion to authorize the Clerk/Auditor's office to work with Ross Huntington, Chairman of the Emery County Care and Rehabilitation Center Board to address the issue of the payables and to assist in the paying of those payables. The motion was seconded by Commissioner JR Nelson and the motion passed.

Commissioner Ethan Migliori made a motion to support the wishes of the Emery County Care Center Board by issuing a letter of termination to Traditions Health Care giving them 60 day written notice. The motion was seconded by Commissioner JR Nelson. The motion passed.

Commissioner Ethan Migliori made a motion to support the wishes of the Care Center Board by issuing a RFP out to entities currently in the industry to give proposals of offering that will allow a better financial opportunity for the Care Center to become what we would like it to be.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 11, 2014

The motion was seconded by Commissioner JR Nelson. The motion passed.

Phil Fauver asked what additional opportunities and services could be provided at the Care Center?

Commissioner Ethan Migliori indicated that the industry has changed and there are other opportunities such as assisted living that could be pursued.

Commissioner Nelson pointed that there is about an acre of property there that is not being utilized.

(2)

DANNA GRAY, REQUEST APPROVAL OF FEE WAIVER AT THE MUSEUM OF THE SAN RAFAEL FOR THE BOY SCOUTS OF EMERY COUNTY.

Danna Gray came before the Board of Commissioners to request approval of fee waiver at the Museum of the San Rafael for the Boy Scouts of Emery County. Ms. Gray explained that the Eagle Scouts in Emery County have donated approximately 1100 hours to Emery County. These Eagle Scouts don't get much recognition within their own troops. Therefore, they would like to have a banquet to pay tribute to these Eagle Scouts. The stakes in the county have donated the funds to pay for food at the banquet but not for anything else. The Museum of the San Rafael is the best location to hold the banquet and she requested the fee to use the Museum be waived. Commissioner Ethan Migliori expressed appreciation to the Eagle Scouts of Emery County and agreed that they do a lot for the county. Agreeing to waive the fee for the use of the Museum will show the County's dedication to the Scout program. Therefore, Commissioner Ethan Migliori made a motion to approve a request of fee waiver at the Museum of the San Rafael for the Boy Scouts of Emery County. The motion was seconded by Commissioner Nelson. The motion passed.

(3)

UTAH DIVISION OF WILDLIFE RESOURCE PRESENTATION OF PILT PAYMENT.

Chris Wood, DNR introduced Calvin Black, Aquatics and Joe Christensen, Lands Management. Mr. Wood presented the Commissioners with a check in the amount of \$2,651.31 for the contractual in-lieu tax payment on land the Division of Wildlife Resources owns in Emery County. The money used to pay the in-lieu tax is provided by hunters and anglers in the county and across the state. He added, that these lands are important to wildlife and to the many hunters and anglers in Emery County. He expressed his appreciation to the Commission for their support as a partner in managing Utah's wildlife.

REQUEST FOR DONATION TO THE VOLUNTEERS OF AMERICA.

Geri Stottler came before the Board of Emery County Commissioners to request a donation to the Volunteers of Emery County. She explained that they are under the direction of the Emery County Community Foundation and are no longer a part of the Volunteers of America program. She indicated that the Foster Grandparent program was picked up by another volunteer program and is being implemented in Emery County through their volunteers. She reported that the Angel Tree Program was successful in 2013. They used the city offices as drop off locations for donated items. She added that they function through a board that meets the second Monday each month at 9:00 am at the Main Street Grill. She asked that a donation be provided through the Community Foundation. Commissioner Ethan Migliori made a motion to approve a \$250.00 donation to the Emery County Volunteer Program. The motion was seconded by Commissioner JR Nelson. The motion passed.

(6)

REQUEST FOR DONATION TO THE EMERY HIGH RODEO TEAM.

Nathan Urie came before the Board of Commissioners to request a donation through sponsorship to the Emery High Rodeo Team. Laurel Nielsen commented that she is a parent of a high school rodeo team member. They started out with 5 members and have now grown to 30 members just on this side of the county. Commissioner JR Nelson made a motion to approve sponsoring the Emery High Rodeo Team with a donation of \$250.00. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF EMERY COUNTY CLASS I SOLID WASTE LANDFILL ANNUAL SOLID WASTE REPORT FOR CALENDAR YEAR 2013.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 25, 2014

(8)

CONSIDERATION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING  
FORMING EASTERN UTAH ECONOMIC DEVELOPMENT COALITION.

Commissioner Horrocks explained that the Memorandum of Understanding entered into by and between Uintah, Duchesne, Carbon, Emery, Grand, San Juan, and Dagget Counties is for the purpose of forming the Eastern Utah Economic Development Coalition. The economic development, travel and tourism, transportation infrastructure, and the extractive industries drive the economies of the Eastern Utah counties. The seven counties have concluded that the integral nature of their geography requires close cooperation in planning for these economy driving elements. The seven counties propose to create an informal advisory organization to be known as the Eastern Utah Economic Development Coalition whose purpose is to create a multi-county coalition for planning, coordinating, and promoting the economic development, travel and tourism, transportation infrastructure, and extractive industries of the region. They hope that through this MOU the seven counties can bring a bigger voice to the legislature to assist in bringing economic growth to the seven rural counties. There will be no indenture on the part of any county included in the coalition. Attorney David Blackwell has reviewed the document and made his changes. Commissioner JR Nelson made a motion to approve of Memorandum of Understanding forming Eastern Utah Economic Development Coalition. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

CRAIG JOHANSEN, DISCUSSION OF HB 49 WATER RIGHTS- CHANGE APPLICATION  
AMENDMENTS AND DETERMINATION OF POSSIBLE COUNTY POSITION.

Craig Johansen came before the Board of Commissioners to discuss HB 49 Water Rights-Change Application Amendments. He indicated that there has been a lot of discussion on this proposed legislation. This legislation is being proposed by Senator Kay McIff. This will put shareholders against irrigation companies. The change would allow a shareholder right to take shares out and apply them to another drainage system. This would be detrimental to our area. He stated that the economy of Emery County rests on its water. He indicated that he has met with Senator Hinkins regarding the issue who seems to be in opposition to the legislation as well. It is important the Emery County come out, in positive form, in opposition to this legislation. CVSSD has expressed its opposition to the legislation. Mr. Johansen expressed urgency in stating a clear message from Emery County Commission in opposition to this proposed legislation.

Patsy Stoddard asked Mr. Johansen where the bill is currently?

Mr. Johansen indicated that currently the bill has moved out of committee. It was suggested to

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 25, 2014

have Commissioner JR Nelson draft a letter to those legislators who serve rural Utah and specifically Emery County stating Emery County's opposition to this proposed legislation. Commissioner JR Nelson made a motion to have Commissioner Nelson, with the aid of Attorney David Blackwell, draft a letter stating Emery County's opposition to HB49 and move forward from there. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Migliori*

Commissioner Migliori reported that Emery County Historic Preservation Committee is currently involved with placing silhouettes of the Spanish Trail in areas around the Buckhorn. They are coordinating with the BLM for placement of the markers that will help enhance tourism in the area. Last week he participated with the filming of ice climbing in Joe's Valley for a segment on "At Your Leisure". He reported on attending a meeting with Rocky Mountain Power where they discussed transmission lines and expansion opportunities. They have a fifteen year plan up for review. The comment meeting will be March 18<sup>th</sup> from 4pm until 7pm in Price at the Carbon Fairgrounds. He reported on a meeting with Tim Smith, State Parks regarding legislation to privatize state owned golf courses such as the one in Green River. He indicated that management of the course would be significantly more expensive to manage. He has been participating with tablet training at the libraries. Training on droid driven tablets was last week at the Huntington Library. This week will be Ipad and Apple devices.

*Commissioner Nelson*

Commissioner Nelson reported that there are several bills at the legislature that the Commissioners are keeping an eye at this time. They involve grazing issues, timberland, county road work, water, building permit and zoning issues. He reported that the Commissioners recently sent a letter of support for the boulder climbing club to be included in a study of boulder climbing in Joe's Valley. He reported on a private citizen business group interested in extending the boat ramp in Joe's Valley.

*Commissioner Horrocks*

Commissioner Horrocks reported on a recent meeting at Huntington Power Plant regarding the debris basin in Huntington Canyon. An MOU will be forthcoming. Commissioner Nelson, Ray Petersen and Randy Johnson will be traveling to Washington DC to keep the light burning on Emery County's Land Bill. He indicated that the Commissioners are looking at holding a public auction for surplus county property sometime in the spring. Departments are compiling a list of surplus property for the auction. HUD is continuing with improvements to the units in the

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

EMPLOYEE OF THE MONTH

Commissioner Ethan Migliori presented Employee of the Month for March to Kaylee Van Wagoner from the Emery County Aquatic Center. Kaylee has been an employee of the Emery County Aquatic Center since the pool opened in 2009. Beginning as a lifeguard, Kaylee was promoted to head lifeguard soon after employment and in 2014 became a certified lifeguard instructor and WSI instructor.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MARCH 11, 2104

During her time employed at ECAC, Kaylee became the recipient of a 2<sup>nd</sup> kidney transplant. Even on the days when she did not feel good, she was always pleasant to work with and kind to her patrons. She is a friend and surrogate mom to all the teenage lifeguards and loved by all.

Teaching swimming lessons is one of Kaylee's favorite joys of working at the pool. The kids she teaches just love her and excel under her instruction.

Kaylee has been assistant swim team coach for the Emery High School team for several years. This year her team completed an amazing season by finishing 2<sup>nd</sup> place at the state competition in both girls and boys team events.

Kaylee received a plaque of appreciation and Emery County Business Chamber bucks.

DEREK BEAGLEY, REQUEST FOR COMMISSION TAX ADJUSTMENT (FOR YEAR 2012) ON PARCEL 06-0107-0006.

Mr. Beagley did not attend the meeting. Therefore, there was no discussion on this matter.

(4)

CONSIDERATION AND APPROVAL OF AMBULANCE WRITE-OFF FOR ARTURO MENDOZA.

Commissioner Horrocks indicated that Mr. Mendoza's original ambulance bill was \$4,248.00. His insurance paid \$3,333.00 leaving a balance of \$ 833.25 after insurance adjustment. Mr. Mendoza has made no attempt to make any payments on the balance owing. Commissioner Ethan Migliori indicated that he was not comfortable with writing off the balance when Mr. Mendoza has not made a good faith payment. Commissioner Ethan Migliori made a motion to deny the request and negotiate a contract with Mr. Mendoza to make payments on the amount owing. The motion was seconded by Commissioner JR Nelson. The motion passed.

(5)

CONSIDERATION AND APPROVAL FOR EMERY COUNTY TREASURER TO ENTER INTO TAX DEFERRAL AGREEMENT FOR REQUESTS FROM CITIZENS TO AVOID HAVING THEIR PROPERTY SOLD IN THE MAY TAX SALE SUBJECT TO RATIFICATION BY THE BOARD OF COMMISSIONERS.

Emery County Treasurer Steven Barton explained that the Utah State Statute states that every county set aside a time for the sale of property with delinquent property taxes after five years. That time is in May, thus the sale is called the May Tax Sale. He indicated that this year they

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MARCH 11, 2104

have 18 properties on the delinquent property tax list. Ten of those properties have residences. Emery County is a tax friendly county, so his office makes every attempt to alert the property owner to the urgency of paying the property tax before it reaches the five year mark. In an effort to be pro-active in assisting these property owners he requested entering into a tax deferral agreement with the property owner to avoid having their property sold in the May Tax Sale. At this time Mr. Barton asked for a tax deferral agreement with Gina Dyches. A deferral will extend the payment until November 30, 2014. Mr. Barton indicated that there may be more deferral requests as we approach the May Tax Sale. Commissioner Ethan Migliori made a motion to approve a tax deferral agreement with Gina Dyches. The motion was seconded by Commissioner JR Nelson. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF EMERY COUNTY SHORT AND MEDIUM TERM LIST TO THE BE SENT TO THE PERMANENT COMMUNITY IMPACT BOARD.

Commissioner Ethan Migliori made a motion to approve of Emery County short and medium term list as presented to be sent to the Permanent Community Impact Board. The motion was seconded by Commissioner JR Nelson. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF RIGHT-OF-WAY (ROW)- GRANT-SERIAL NUMBER UTU-90257 BETWEEN EMERY COUNTY AND THE BUREAU OF LAND MANAGEMENT FOR PROPOSED UPGRADE AND MAINTENANCE OF AN EXISTING ROAD AT MILLSITE RESERVOIR THAT ACCESSES A VAULT TOILET.

Commissioner Horrocks indicated that Ray Petersen and Wayde Nielsen have been working on this ROW for a couple of months. Ray indicated that there is a lot of off road activity around the reservoir. The BLM has been working on establishing a OHV trail around the reservoir. This small access road, which is approximately 1/3 mile long, will allow access to the restroom and continuing access to the trail around the reservoir. Commissioner JR Nelson made a motion to approve of Right-of-Way (ROW) Grant-Serial #UTU-90257 between Emery County and the BLM for proposed upgrade and maintenance of an existing road at Millsite Reservoir that accesses a vault toilet. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

COMMISSION/ELECTED OFFICIAL REPORTS.

*Commissioner Nelson*

Commissioner Nelson reported on his recent trip to Washington D.C. with Ray Petersen and Randy Johnson where they met with all but one Utah Congressional Representative. Senator Hatch arranged for them to meet with the Under Secretary for the Bureau of Land Management where they talked about Emery County's proposed land use bill. He indicated that they were received well and talks were very positive. He reported on attendance at recent Library Board meeting where they talked about changes to the Dewey Decimal System currently used to catalog books in the library. Books will now be grouped by subject matter. The Fire District Board meeting was held last evening. Commissioner Nelson commented on the time and effort that volunteers on the fire crews put into training and preparations on behalf of the citizens of Emery County. They are still looking for mini pumpers to replace older pumpers. The purchase of the pumpers is on the CIB list for funding.

*Commissioner Migliori*

Commissioner Migliori reported on Recreation Board meeting. Youth sports is beginning to take off. The Recreation Board recently gave the go ahead to put batting cages in the Rec Center to assist the baseball leagues in keeping tuned up for the season during the winter months. The Emery County Business Chamber will hold its annual Awards Banquet on March 19<sup>th</sup>. Speakers include DeLynn Fielding and Jeff Beicker from Rock River Resources. The Emery County Historic Preservation Committee recently received a small grant to assist in maintaining and restoring the San Rafael Swinging Bridge. The Museum of The San Rafael is doing well. The Trails Committee is currently working on a contract for trail access around Electric Lake. Emery County Public Lands has introduced a plan to expand Goblin Valley. They are working to make the park one of the premier state parks in the state.

*Commissioner Horrocks*

Commissioner Horrocks reported on communications with State Representative Kay McIff regarding the proposed water bill HB49. He reported on communications with State Representative David Hinkins regarding funding for the debris basin in Huntington Canyon. Talks are still ongoing with Questar Gas regarding service to Green River, Elmo and Emery. A film company is interested in filming in the San Rafael area.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MARCH 11, 2104

Ray Petersen asked the Commissioners what the County's position is on HB49.

Commissioner Nelson indicated that the County drafted and sent a letter to Representatives in the Legislature in opposition to the bill. They met with Kay McIff and there have since been many amendments to the bill. They have stopped lobbying for or against the bill. UAC is now supporting the bill as well as Farm Bureau. Commissioner Horrocks and Commissioner Migliori indicated that the Commissioners will do what the citizens of Emery County want with regards to this bill.

Commissioner JR Nelson made a motion to leave the regular meeting and move into a closed/executive session and at the conclusion of the closed session to return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

CONSIDERATION AND APPROVAL OF CHANGE ORDER #2 FOR THE HUNTINGTON CANYON NORTH DEBRIS BASIN PROJECT 2013.

Jonathon Johansen, Johansen & Tuttle Engineering reviewed Change Order #2 for the Huntington Canyon North Debris Basin Project 2013. Jonathon indicated that there were 6 items on the Change Order. 1) Delay time waiting for Old Castle to deliver pre-cast sections of Trash Rack Structure at a cost of \$1,500.00. 2) Placement of concrete cut off wall upstream of concrete Trash Rack Structure at a cost of \$4,300.00. 3) Grouted front face of rock riprap on structure entrance berm in creek upstream of Trash Structure at a cost of \$3,200.00. 4) Modify concrete approach slab upstream of structure to accept anchor bolts and construct 18" containment wall at outlet end of Trash Structure at a cost of \$2,612.50. 5) Unit price increased by \$.65 on bid item #3 excavation, \$.65 x 19,050 = \$12,382.50. 6) Adjusted unit price of bid item #6, silty sand by \$4.80 from \$16.50 to \$21.30 per C.Y. due to the reduction in quality/screen rental and stainless steel screens. \$4.80 x 1,310 = \$6,288.00. Change Order #2 total is \$30,283.00. Jonathon indicated that there is an anticipated adjustment in other areas of the contract that may result in approximately \$20,000.00 in reductions. Commissioner Migliori questioned #1 wanting to know what took Old Castle so long to deliver the pre-cast sections resulting in a cost to the project? Jonathon indicated that it was related to the delivery time resulting in Nielson Construction having loss time waiting around to begin work on that portion of the project. Commissioner JR Nelson made a motion to approve Change Order # 2 for the Huntington Canyon North Debris

CONSIDERATION AND APPROVAL OF WAIVER OF PILOT FOR YEARS 2011, 2013,  
AND 2014 FOR EMERY COUNTY HOUSING AUTHORITY.

Commissioner Horrocks indicated that with the recent changes in the Housing Authority it was found that the PILOT payments to Emery County for the years 2011, 2013 and 2014 have not been made. Commissioner Horrocks indicated that he sits as the chairman of the board for the Housing Authority and that the board has asked him to come to the Commission with a request to have the PILOT payments waived for these years. The PILOT payment for 2011 was \$1,563.97, 2013 was \$2,749.48 and thus far for 2014 is \$2,057.60. As the Housing Authority is in a financial bind, a request to waive these payments to Emery County was made by the Board of the Emery County Housing Authority. Commissioner JR Nelson made a motion to forgive PILOT payments due to Emery County by the Emery County Housing Authority for the years 2011, 2013 and all of 2014 as requested. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

COMMISSIONER/E/ELECTED OFFICIALS REPORT.

*Commissioner Nelson*

Commissioner Nelson reported on continuing efforts with the wild horse/burro issue on the San Rafael. The animals impact the grazers and other wildlife on the San Rafael Swell. He recently attended a meeting in Beaver regarding wild horse/burro issues. They are actively working to save their range. Grazers throughout the state will be commenting to the national wild horse/burro advisory board.

*Commissioner Migliori*

Commissioner Migliori reported on business outlook for Emery County. He recently attended a BEAR meeting in Price with Commissioner Nelson where they shared some things about Emery County. The Economic Development Committee recently added a few new members from the cities. They have a number of programs that will benefit potential businesses and current businesses wishing to expand. Emery County will be hosting an employee benefits conference tomorrow. There will be many beneficial break-out sessions.

*Commissioner Horrocks*

Commissioner Horrocks reported that he and Commissioner Nelson attended a Rocky Mountain

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MARCH 25, 2014

Power Trans West Open House. He indicated that the proposed transmission line would go through the state through the energy corridor bypassing Emery County. Emery County is not in support of this. RMP has an alternative route that Emery County does support. We would benefit from the transmission line passing through Emery County due to the centrally assessed property tax revenue that the line would generate. Commissioner Horrocks reported that in the last day of the legislature, Senator David Hinkins and Senator Kay McIff were successful in recovering \$400,000.00 that was earmarked for the Huntington Canyon Debris Basin Project. The funds were pulled from the project. However, at the last minute Hinkins and McIff were able to get the funds reinstated. The funds will be available for the project July 1, 2014. The 7 rural county economic development group created to improve the economic base of rural counties is moving forward with several projects. He indicated that not every county will benefit financially but may benefit in other ways. He reported that Emery County Public Lands Director, Ray Petersen is working diligently to keep the county's land bill moving forward. The county is working with congressman Bishop to curtail environmental groups from land grabbing.

EMPLOYEE OF THE MONTH

Commissioner Ethan Migliori presented April's Employee of the month to Sharon Boyle. Sharon has worked for Emery County for 16 ½ years in the Recorder's Office. During this time, she has shown such dedication to her job and pride in her work. She is keenly aware of how important accuracy is in the office. Her skills in handling the public are amazing. She goes out of her way to see that they are satisfied and have everything they need when they leave the office.

Sharon's job duties include creating and updating the ownership plats which is a very technical process. Emery County can be proud of the ownership plats as they are said to be one of the most complete and easily accessible in the state. Sharon has completed and successfully passed the Cadastral Mapping course. She is proficient in ArcView, our own unique platting program and Deed Plotter program. Sharon is a true example of what a supervisor would want in an excellent employee. Sharon was presented with a plaque of appreciation and Emery County Bucks.

JOEL HATCH, DISCUSSION OF BUREAU OF LAND MANAGEMENT'S ACTION TO REMOVE AND SELL CATTLE FROM CLARK COUNTY, NEVADA. CONSIDERATION AND APPROVAL OF LETTER SUPPORTING IRON COUNTY'S OFFICIAL POSITION ON THIS MATTER AND IMPLEMENTING SAME ACTION IN EMERY COUNTY.

Joel Hatch, Emery County resident and land owner representing Western Rangelands Conservation Association, Inc. addressed the Commissioners. Mrs. Hatch indicated she was

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

there on behalf of Emery County Farm Bureau and BLM permit holders in Emery County to address the problem with wild horses and burros. There were many BLM permit holders in attendance. She indicated that she runs her cows in Iron and Beaver County. The wild horse and burro problem there is bad. Iron and Beaver Counties have taken a strong position by passing new policy regarding wild horses and burros. There is a situation on the Arizona strip and in Nevada where they are gathering a bunch of cows that are supposedly trespassing and hauling them across two states into Utah to sell these cows. She expressed concern for the fact that the BLM has enough money to gather some ones cows and haul them across two state lines to auction them off, but they don't have enough money to get these wild horses and burros under control? She indicated that she was here to ask the Emery County Commissioners join with the Western Rangelands Conservation Association, Inc. which was recently organized to force the BLM to properly manage the numbers of wild horses and burros on public lands. These horse and burros are in direct competition with permitted cattle and sheep grazing on public lands. Currently, the number of horses and burros are over the target management numbers that are set by the BLM. Without proper management, wild horse and burro populations can double every three to four years. When Iron County asked the BLM to take action to bring the numbers of wild horses and burros into compliance with BLM's grazing management plan, the BLM responded with "We share your concern regarding sustainability, impacts, and potential conflicts with livestock grazing. In order to maintain healthy rangeland conditions, we are in a position in which we must consider adjustments to livestock use for this year's grazing season." "While wild horse management policies have not changed, we have no means to maintain numbers at appropriate levels (AML). We are hopeful that this changes very soon; however, in the short-term there may be declines in Rangeland Health if management remains status quo." Last year the BLM asked cattle and sheep permittees to voluntarily cut their numbers by 50% because of the overgrazing caused by the wild horses and burros. This year cuts will be mandatory. Because the BLM is pursuing a case in Nevada that will require gathering, transporting and selling cattle across two state lines at an estimated cost of \$3,000,000.00 we believe that if the BLM can spend money for controlling cattle on BLM lands, they should be able to spend money for the control of wild horses and burros grazing on BLM lands. Joel pleaded with the Commissioners to join the fight. She added that this is our livelihood! We feed Utah! The WRCA requested that Emery County join Beaver, Washington, Millard and Iron Counties in supporting the organization's efforts to control wild horses and burros grazing on our public lands by becoming a member. Membership dues for counties are \$1,000.00.

Commissioner Nelson indicated he recently attended a meeting of the WRCA in Beaver where out of the thirty some people in attendance, five or six were attorneys and seven were BLM permit holders from Emery County there to show their concern for the wild horse and burro overgrazing issue. Dustin Huntington, Castle Dale was also there because he serves on the board. Senator Hinkins is one of the most impacted on the San Rafael and had representatives there. It is a huge issue. Commissioner Nelson stated he received information that the horse and burro numbers are at 300% of the acceptable management levels (AML).

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
APRIL 8, 2014

Commissioner Horrocks asked if they have approached the state for assistance? Joel indicated that they have and that the Attorney General's office has been to one of their meetings.

Commissioner Nelson asked what commitments they have received? Joel indicated that they have received \$5,000.00 from the Farm Bureau, \$2,000.00 from SITLA and \$15,000.00 from the Public Lands Council in Washington, DC. She has seven individuals who have donated funds to this from Emery County with more pledged.

Commissioner Nelson reported that SITLA has joined in the lawsuit. There is a huge chunk of SITLA land right in the middle of this horse trampled range. She indicated that they are getting donations from local permittees

Ray Petersen asked what is the lawsuit? What are they litigating?

Joel indicated that they are litigating that the BLM abide by their own established rules. Ray indicated that it would be his suggestion that their litigation include BLM Price Field Office to manage to their AML and that each field office in the state do the same. The Emery County Commission's stand should be that the Emery County Commission supports the 2008 BLM Management Plan.

Comments were expressed by Dusty Huntington, Wade Jensen, Senate Representative David Hinkins, Mike Christiansen and Jeff Christiansen.

Sheriff Greg Funk commented that he is concerned with the fact that much of the land is SITLA land. If we lose SITLA land then they can continue to overrun the animals.

Senate Representative David Hinkins expressed the same concern. SITLA land is the key to this issue. He was concerned with the same issues that everyone else has expressed. He added that Lt. Governor Spencer Cox is aware of the issue.

Commissioner Nelson expressed concern that with the decline of the coal mines in Emery County, if we lose grazers and cattle it would be another huge hit to Emery County.

Jeff Christensen, permit holder indicated that he sat in a meeting the first of this year with Mike Twiddell, BLM Director at the Price Field Office where they were pressuring him to do some horse gathers, flat out told him that it would take a lawsuit for it to happen. He pleaded with the Commissioners that something has to be done.

Commissioner Ethan Migliori stated that this could have an impact on what the Emery County Public Lands Committee has been doing. We have a national monument hanging over our head.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
APRIL 8, 2014

He indicated he wanted to be sure that we have them on board with this discussion. Have you had any conversation with the Emery County Public Lands Council regarding this issue? Joel indicated that they have not spoken with the Emery County Public Lands Council and admitted that they should have. Commissioner Migliori wanted to make sure that we do not circumvent their work.

Commissioner Horrocks asked that Ray bring this discussion before the Public Lands Committee and see what support they would like to generate. He indicated that he would put it on the next meeting agenda.

Commissioner Horrocks indicated that he felt it would be beneficial for the Public Lands Council to hear directly from Joel or one of the affected individuals.

Commissioner Migliori stated that he was not opposed to this he just wanted to make sure that the Public Lands Council understands where you are trying to go with this.

The Public Lands Council meets next on May 6.

Joel indicated that if we wait until May 6 to do something we will miss the boat.

Commissioner Horrocks assured her that they do not necessarily have to wait for a response from the Public Lands Council to write a letter of support. We just want the Public Lands Council to be aware of the issue and their level of support for this issue.

Commissioner JR Nelson made a motion to authorize Commissioner Nelson to write a letter to the BLM, contingent upon approval of the other two Commissioners, asking the BLM to abide by their own rules established in the BLM Management Plan adopted in 2008 and to involve the Public Lands Council of Emery County at their next meeting to receive additional support. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

RATIFICATION OF TAX DEFERRAL AGREEMENT(S) FOR JOHN L. MILES.

Treasurer Steven Barton presented a tax deferral agreement for John L. Miles. Mr. Barton indicated that this is commercial property in Green River and he was contacted by an attorney on behalf of Mr. Miles. Commissioner Ethan Migliori made a motion to allow Steve Barton to enter into a tax deferral agreement for John L. Miles. The motion was seconded by Commissioner JR Nelson. The motion passed.

(9)

CONSIDERATION AND APPROVAL OF COMMUNICATION SITE LEASE AGREEMENT AMENDMENT BETWEEN EMERY COUNTY AND RIVER CANYON WIRELESS.

Commissioner Jeff Horrocks indicated that he visited with Carbon County regarding their experience with River Canyon Wireless as tenants. Carbon County indicated that they were good tenants. Jeff Guymon indicated that River Canyon Wireless requested to add 1 new location to their agreement. He was in agreement with this request as the location will provide a link for the landfill. Jeff Guymon recommended approval of the agreement. Commissioner Ethan Migliori made a motion to approve of communication site lease agreement amendment between Emery County and River Canyon Wireless. The motion was seconded by Commissioner JR Nelson. The motion passed.

(10)

APPROVAL OF RENEWAL OF LAWN CARE MAINTENANCE AGREEMENT FOR EMERY COUNTY LIBRARIES AND ROAD DEPARTMENT.

Commissioner Nelson explained that in 2013 Kevin Gilbert dba All-Star Property Management was awarded the lawn care maintenance for the Emery County Libraries and Road Department. The agreement was a two year contract renewable each year. This is the second year that needs to be renewed. Commissioner JR Nelson made a motion to renew the contract with Kevin Gilbert dba All-Star Property Management for lawn care for the Emery County Libraries and Road Department for the 2014 season. The motion was seconded by Commissioner Ethan Migliori . The motion passed.

DISCUSSION AND APPROVAL OF PAYMENT TO DEPARTMENT OF HEALTH,  
HEALTH CARE FINANCING TO QUALIFY FOR UPL PAYMENTS.

Ross Huntington, Chairman of the Board of the Emery County Rehabilitation Center came before the Board of Commissioners to request Emery County's participation in a Medicare Subsidy program through the Utah State Department of Health called Upper Payment Limits. This is a new program that subsidizes non-state owned government skilled nursing facilities. The Emery County Care and Rehabilitation Center qualifies for this program because it is owned by the County. He asked the County to participate by supplying seed money in the amount of \$181,178.42 to the Care Center by April 15, 2014. If the County contributes the \$181,178.42 seed money to the Care Center they would then receive in return \$550,000.00 by June 1st. The Care Center would then be able to pay the County what they owe you, reduce their debt to the county by \$97,000.00 and get them back on their feet. They would be able to pay the Building Authority of Emery County what they owe them, all of the vendors that they owe and have some money left over. They would then structure a monthly lease payment to the county for the next 6 months to pay back the seed money used to participate in the program. This is an ongoing program that continues into the future. Ross indicated that Millard County is doing this same program and structuring a lease payment program to repay the county. This will help provide a template for structuring a similar lease program to make the county whole again.

Attorney David Blackwell asked if this money from the state is a grant or something that has to be paid back?

Ross indicated that this is not a grant program. It does not have to be paid back. It is a subsidy program that brings the level payment from the Medicare level up to the Medicaid level.

Commissioner Migliori explained that the county has currently terminated the contract with the private management company that was managing the Care Center. This gives the Care Center all the latitude needed to structure a deal to make lease payments to the county to be made whole again.

Commissioner Ethan Migliori made a motion to approve working with the Care Center for the Upper Payment Limits program by providing up to \$200,000.00 to participate in the program. The motion was seconded by Commissioner JR Nelson. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Migliori*

Commissioner Migliori reported that he continues to work with the Care Center to comprise a business model. He indicated that they may have some recommendations for the Board of Commissioners following the next Care Center board meeting.

The Museum of the San Rafael will be hosting Archeology Week in May. May 8<sup>th</sup> will be Museum at the Museum Day and May 10<sup>th</sup> will be Family Day the Museum.

The Emery County Travel Bureau reported revenue is up from last year. They continue to work diligently to promote Emery County Tourism.

The Recreation Special Service District has began Emery County Fair meetings in preparation for this years fair. Thus far they are planning a reptile exhibit.

Commissioner Migliori thanked Mary Huntington for a successful Employee Conference. He applauded her for her work in providing helpful learning sessions for the employees of Emery County.

In a Legislative session the efforts to get natural gas for Lawrence, Emery and Green River has gained traction and is moving forward. It looks like Lawrence may be the first to receive natural gas.

The Recreation Special Service District's Recreation Complex Renovation Project is out to bid. They hope to be opening bids at the May LBA meeting and beginning earth work by the end of May. This project will provide for a better use of the facility into the future.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
APRIL 22, 2014

*Commissioner Nelson*

Commissioner Nelson reported that he and Commissioner Horrocks toured the Russian Olive Removal Project with the Weed/Mosquito Department. Because the Emery County Commissioners declared Russian Olive a noxious weed the Weed/Mosquito department was able to acquire a grant for \$70,000.00 from the Department of Agriculture to do the work. He added it was magical to see what the Weed/Mosquito Department has been able to do with the funds. The Agriculture Department who provided the grant will be coming to Emery County April 30<sup>th</sup> to film what has been done. The broadcast show "The County Seat" will be filming an episode about the Russian Olive Removal project and the cleanup efforts.

He reported on attending a Forest Service sponsored meeting with Merit Energy Company regarding a pipeline that is going to move natural gas from Cottonwood Canyon south to an XTO line. This company has a line going north to Questar, but Questar has bumped up the pressure of natural gas to such a high level to accommodate a natural gas electrical generating plant in Utah County that they can no longer put natural gas into that line. They are now trying to come south with the line. The Merit Energy people were surprised to come and get so many people assembled to accommodate them. Kyle Beagly from the Forest Service sponsored the meeting. There were several BLM representatives attending the meeting. Ray Petersen and Commissioner Nelson were there from Emery County. A representative from the LDS church was there because they have property that the pipeline would be crossing and a representative from Energy West who has a mine reclamation project in that area was also there. The Merit Energy people were impressed that they could have a meeting like that.

The Fire District began truck testing yesterday. The trucks get tested and certified as well as the volunteers on a regular basis. They are constantly having training.

He attended a UAC board meeting where they hired a new director, Adam Trupp.

He attended a productive meeting with Juan Palma, Director of Utah BLM. Commissioner Nelson indicated that it was interesting because Mr. Palma knew that they were in this meeting to express their distress over the large numbers of wild horses and burros all over Utah. Mr. Palma recognized the problem and gave them several remedies that they could do to help them obey BLM requirements. Emery County has a good working relationship with the BLM. We have cooperated with them on several issues. However, the issue of law enforcement on the BLM has become a recent issue.

EMPLOYEE OF THE MONTH

Commissioner Ethan Migliori presented Employee of the Month to Tanner Petersen. Tanner Petersen is the 18 year old daughter of Todd and Brenda Petersen of Ferron. She is a Senior at Emery High School where she will be graduating with a 3.9 GPA. Tanner represented Emery High School this year as their Drama Sterling Scholar and placed 1<sup>st</sup> in the state 2A. She received a Sterling Scholar scholarship to any school in the State of Utah.

Tanner started work at the Emery County Aquatic Center in May of 2012. She quickly proved herself to be a great worker and a very mature young woman. Tanner has excelled in every aspect of her job. She is great with patrons and has a love for working with the public. Tanner has been opening the Aquatic Center at 5:30 a.m. for the last 4 months. Opening the Aquatic Center at 5:30 a.m. requires a great deal of maturity for a high school student. She always opens on time and greets her customers with a wonderful smile, even at 5:30 a.m. in the morning. On April 10<sup>th</sup> this year, due to unforeseen circumstances the pool was not able to open. Tanner looked up the telephone numbers of all 38 of her regular morning patrons that would be showing up for lap swimming and Aquasize in the morning and let them know that the pool could not open that day.

This is just one example of the great job Tanner does for our community. All of the Emery County Aquatic Center employees and customers wanted to thank Tanner for the outstanding job she has done. They want her to know that they will miss her and wish her the best of luck at

MICHAEL STIEWIG, BUREAU OF LAND MANAGEMENT, INTRODUCTION AND  
UPDATE ON RECENT ACTIVITIES.

Michael Stiewig, acting Manager from Vernal BLM Office and Ahmed Mohsen, acting manager in the BLM Price Field Office came before the Board of Commissioners to introduce themselves and offer any assistance that they can provide to the county. Commissioner Migliori asked for an update of the wild horse and burro issue. Mr. Stiewig reported that this is a national level issue. He indicated that they are at 100% on their AML especially on the Sinbad area. They are planning to do an inventory this summer. The big question is “what to do with the animals when we do go get them”? He indicated that 64% of their budget goes to caring for the animals they already have in holding. Commissioner Migliori thanked Mr. Stiewig and asked him to express the Emery County Commission’s appreciation for the good relationship that they share with the BLM.

IRA HATCH, DISCUSSION OF REQUEST TO ABANDON WEST AIRPORT LOOP ROAD  
AND DECISION TO BEGIN ABANDONMENT PROCEDURE.

Ira Hatch, Huntington discussed with the Commissioners a request to abandon West Airport Loop Road in Huntington. He provided a brief history of the road and it’s current use. He indicated that the road is currently a Class D Road which means no maintenance is provided. He described the access for adjacent land owners and how this would affect them. Mr. Hatch indicated that the process of abandoning this road has been looked at several times but nothing was ever followed through. He requested the Commissioners begin the process to abandon all of the road or a portion of the road. Commissioner Migliori indicated that the Commissioners needed to take a road trip out to the road in question and meet with the other land owners as well as meet with legal council before anything can be decided. Attorney David Blackwell reminded the Commissioners that the process of abandoning a road requires advertising and a public hearing. Commissioner JR Nelson made a motion to continue to study this matter with Ira Hatch, Attorney David Blackwell and the other land owners. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

RATIFICATION OF GRANT AGREEMENT MODIFICATION #1 FOR THE HUNTINGTON AIRPORT PAVEMENT PRESERVATION PROJECT 2014 (#149662)

Jonathon Johansen, J&T Engineering discussed a grant agreement modification for the Huntington Airport Pavement Preservation Project. The bids for the tarmac resurfacing came in a little higher than the \$72,000.00 grant funds that were provided for the project. The Commissioners approached the Utah Department of Transportation Aeronautical Operations Division and they agreed to modify the grant agreement to provide additional funds for the project. The grant agreement modification is now \$81,000.00 and the sponsor match was increased to \$9,000.00. Commissioner Ethan Migliori made a motion to ratify approval of grant agreement modification #1 for Huntington Pavement Preservation Project 2014 (#149662). Commissioner Jeff Horrocks stepped down to second the motion as Commissioner Nelson had to step out of the room. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF DECLARATION OF RESTRICTIVE COVENANTS FOR MANCOS HILLS INDUSTRIAL PARK BETWEEN EMERY COUNTY AND STATE OF UTAH ACTING THROUGH SITLA.

Economic Development Director, Mike McCandless explained that this has to do with the industrial park in Green River. The county established a process for establishing the industrial park which included a set of instructions for how to handle the closing prior to transition of property from SITLA over to the private sector. There is a set of restrictive covenants which are required that includes building restrictions and other restrictions as noted in the declaration. These restrictions give the city and county some oversight as to what is done at the site. This facilitates the first sale at the industrial park. The refinery has looked at the declaration and are ok with the restrictions as noted. Commissioner JR Nelson made a motion to approve of a Declaration of Restrictive Covenants for Mancos Hills Industrial Park between Emery County and State of Utah acting through SITLA. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Castleland RC&D is the facilitator of the sale. Commissioner Ethan Migliori made a motion to approve of escrow instructions for closing on Emery Refining Property. The motion was seconded by Commissioner JR Nelson. The motion passed.

(9)

CONSIDERATION AND APPROVAL OF ENGINEERING CONTRACT WITH JOHANSEN AND TUTTLE ENGINEERING FOR PAINTING OF SEARSON BRIDGE.

Merrill Johansen, J&T explained that each year the Emery County Road Department performs extensive maintenance on a bridge in Emery County. This year they will be working on the Searson Bridge in Green River. There will be a site showing on Thursday, May 15<sup>th</sup> starting the process to sandblast and paint the bridge. Commissioner Ethan Migliori made a motion to approve of engineering contract with Johansen & Tuttle Engineering for painting of the Searson Bridge. The motion was seconded by Commissioner JR Nelson. The motion passed.

CONSIDERATION AND APPROVAL OF GRANT AGREEMENT BETWEEN STATE OF UTAH, DEPARTMENT OF NATURAL RESOURCES, DIVISION OF WATER RESOURCES (UDWRe) AND EMERY COUNTY FOR COMPLETION OF THE HUNTINGTON CREEK RECOVERY PROJECT FUNDED THROUGH 2014 STATE OF UTAH SENATE BILL #3.

Commissioner Horrocks explained that the Grant Agreement between State of Utah, Department of Natural Resources, Division of Water Resources and Emery County is in the amount of \$400,000.00 toward the completion of the Huntington Creek Recovery Project. In a recent Emery Water Conservancy District meeting the board expressed their approval of the way the diversion basin is working. The grant requires that the county provide a summary description of the work completed and of the cost expenditures as requested. The State of Utah also reserved the right to audit the records that pertain to the grant. Commissioner JR Nelson made a motion to approve of a Grant Agreement between State of Utah, Department of Natural Resources, Division of Water Resources and Emery County for completion of the Huntington Creek Recovery Project funded through 2014 State of Utah Senate Bill #3. MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MAY 13, 2014

Commissioner JR Nelson made a motion to approve the 2014 Property Tax Exemption List. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF EMERGENCY MANAGEMENT  
PERFORMANCE GRANT APPLICATION FOR FY 2014.

An Emergency Management Performance Grant Application for FY 2014 was presented for approval. Attorney Dave Blackwell has reviewed the application and recommended approval. Commissioner JR Nelson made a motion to approve an Emergency Management Performance Grant Application for FY 2014 as presented. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(13)

CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN UTAH STATE  
HISTORY AND EMERY COUNTY FOR REHABILITATION WORK ON THE SAN  
RAFAEL BRIDGE. CONSIDERATION AND APPROVAL OF PRESERVATION  
AGREEMENT BETWEEN UTAH STATE HISTORIC PRESERVATION OFFICE AND  
EMERY COUNTY FOR SAN RAFAEL BRIDGE.

The County Historic Preservation Committee put in for a grant from the Utah State History, Department of Heritage and Arts to undertake local historic preservation projects under the Certified Local Government program. They received a grant for \$6,000.00 to help do improvements to the San Rafael Swinging Bridge. The total cost of the project is \$12,000.00 to which \$6,000.00 will be matched in volunteer labor to work on the bridge. They have someone in place to begin the repairs before it gets too hot. The San Rafael Swinging Bridge is the only suspension bridge left in the state of Utah. Commissioner Ethan Migliori made a motion to approve of Preservation Agreement between Utah State Historic Preservation Office and Emery County for San Rafael Bridge. The motion was seconded by Commissioner JR Nelson. The motion passed.

(14)

RATIFICATION OF CONTRACT BETWEEN UTAH STATE HISTORY AND EMERY  
COUNTY TO CREATE DIGITIZED CEMETERY BURIAL RECORDS.

Dottie Grimes and Bernice Payne working for the Emery County Historical Society previously received funds through the Utah State History to create digitized cemetery burial records in Emery County. They applied and received funds from the Utah State History, Department of Heritage and Arts in the amount of \$2,000.00 to accomplish the digitized cemetery records for Kane County. Because Emery County is the only county with a fully functioning Historical

Society they can provide the people resources to accomplish this work, thus assisting the State with digitizing cemetery records in other areas of the state. The project amount is \$4,000.00 to which \$2,000.00 is in-kind work. Dottie and Bernice have received an award from the Utah State History, Department of Heritage and Arts for their work on this project. The grant contract was previously signed and is now presented for ratification of the signature. Commissioner JR Nelson made a motion to ratify the signature on the contract between Utah State History and Emery County to create digitized cemetery burial records. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(15)

RATIFICATION OF CONTRACT BETWEEN UTAH STATE HISTORY AND EMERY COUNTY FOR EMERGENCY PREPAREDNESS OF THE EMERY COUNTY ARCHIVES.

Emery County Archives Director Shirley Begay received training on emergency preparedness for historical records protection. She applied with the state for funding to provide for this protection through emergency supplies to reduce the damage to the collections, thus minimizing the cost of cleanup should a disaster occur. The project cost is \$1,415.09 to which they received \$750.00 for the supplies and the rest will be in-kind match to do the work. Commissioner JR Nelson made a motion to ratify the signing of a contract between Utah State History and Emery County for Emergency Preparedness of the Emery County Archives. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(16)

CONSIDERATION AND APPROVAL OF TAX DEFERRAL AGREEMENT FOR ALAN HARENBERG.

Treasurer Steve Barton requested approval of a tax deferral agreement for Alan Harenberg. Mr. Harenberg has requested an extension of payment for his cabin in Joe's Valley. If approved he will have until November 30<sup>th</sup> to pay the taxes. Commissioner Ethan Migliori made a motion to approve a tax deferral agreement for Alan Harenberg as requested. The motion was seconded by Commissioner JR Nelson. The motion passed.

(17)

CONSIDERATION AND APPROVAL OF GENERAL SERVICE CONTRACT BETWEEN ROCKY MOUNTAIN POWER AND EMERY COUNTY FOR ELECTRIC SERVICE TO DEBRIS (CATCH) BASIN. DISCUSSION OF RIGHT-OF-WAY EASEMENT BETWEEN ANDALEX AND ROCKY MOUNTAIN POWER FOR THE POWER LINE.

The diversion structure for the debris (catch) basin requires a radio gate that needs three phase power connection. The nearest three phase power is in a power house owned by Andalex. There needs to be a right-of-way easement between Andalex and RMP for the power line. The

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MAY 13, 2014

cost for the general service contract between RMP and Emery County for the electric service to the debris (catch) basin is \$20,696.00. Sheriff Greg Funk indicated that everything hinges on the approval of the Army Corp of Engineers 404 permit. They have submitted an updated mitigation plan to the Army Corp of Engineers and hope to have that approval soon. Commissioner JR Nelson made a motion to approve of General Service Contract between Rocky Mountain Power and Emery County for electrical service to Debris (Catch) Basin. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(18)

DISCUSSION OF REQUEST TO VACATE PARCEL 1 OF THE IVIE MINOR SUBDIVISION AND SETTING OF A PUBLIC HEARING.

The Emery County Planning and Zoning has received a request from a title company to vacate parcel 1 of the Ivie Manor Subdivision and leave it as farm land. Attorney David Blackwell indicated that a public hearing is needed to amend the description of the plot through creating an ordinance. A public hearing must be advertised for two weeks. Since this is a request from the title company the County needs assurance from the title company that they will absorb the cost of posting advertisement. Therefore, Commissioner Ethan Migliori made a motion to set a public hearing for June 10, 2014, pending approval from the title company that they will absorb the cost of posting. The motion was seconded by Commissioner JR Nelson. The motion passed.

(19)

SETTING OF BOARD OF EQUALIZATION DATES AND TIMES FOR 2014.

Board of Equalization is set for Monday, August 25, 2014 from 9:00 a.m. until 1:00 p.m. in Castle Dale and Tuesday, August 26, 2014 from 10:00 a.m. until 12:30 p.m. in Green River.

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Nelson*

Commissioner Nelson reported on attending a Emery Water Conservancy District meeting where they discussed the difficulty they are having with the Bureau of Reclamation and establishing a contract to deliver water notably to PacifiCorp that generates electricity. They have a put out an initial proposed contract. They discussed zebra and quagga mussel infestation. Commissioner Nelson will be attending a meeting in Provo at the Bureau of Reclamation office where they will be discussing the infestation issue. The Emery Water Conservancy District is in the process of planning a building across the street from this Courthouse that will house the offices of Emery Water Conservancy District, Castle Dale City offices and Castle Valley Special Service District offices. The Emery Water Conservancy District is seeking funding for Green River Diversion.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MAY 13, 2014

At Fire District meeting they discussed a CIB application for help with brush trucks. Volunteer firefighters will be attending a training in Nevada regarding the brush trucks. The Weed/Mosquito Department was filmed by the Department of Agriculture because of their efforts with Russian Olive removal. Regarding the wild horse and burro issue, Commissioner Nelson has been asked to be point person for a National Public Radio broadcast discussing this issue.

*Commissioner Migliori*

Commissioner Migliori reported on attending a tour in Emery County with Jason Chaffetz and attended some interviews with Chad Booth, County Seat. He noted he was grateful for the opportunity to strengthen those relationships. The Emery County Care and Rehabilitation board expressed their appreciation to the Commissioners for their help to establish the Upper Limit payment. That money has been received and Emery County should be reimbursing the county for the cost soon. The BEAR program specialist will be in the area contacting businesses in the county to see if there are any specific needs. He thanked those who help with the Buckhorn Kiosk ribbon cutting. There was a great turnout. There is an Emery County Business Chamber Lunch and Learn on May 21<sup>st</sup> at the Museum of the San Rafael. The focus of the meeting will be on the importance of being on- line with your business. He attended an Invision Utah brainstorming session at the AOG with local leaders focusing on getting their perspectives of the area and where they want to be. There will be an EMT appreciation dinner on May 21st. He attended COG meeting with the mayors from the county communities where they discussed economic development and strengthening their communities. In conjunction with Archeology Week there were activities at the Museum of the San Rafael. There was a good turnout. He participated in interviews with Channels 4 & 5.

*Commissioner Horrocks*

On the 29<sup>th</sup> he and Commissioners and Mike McCandless met with Keith Heaton from the CIB where they discussed projects and the role of CIB. He attended a meeting with the 7 County Coalition where they discussed projects that will benefit the 7 counties in some form or another. He has spent a lot of time working with the Emery County Housing Authority helping to rehab the apartments and get them ready for inspections in July. The Weed/Mosquito Building is fully functioning now.

Steven Barton reminded the Commissioners of the MECCA Bike Festival this weekend on the San Rafael Swell.

Commissioner JR Nelson made a motion to leave the regular meeting and move into a closed session to discuss pending litigation and upon completion of the closed session to return to the

The Board of Emery County Commissioners extended heartfelt gratitude to James Nielsen, Emery County Weed/Mosquito Director. James has announced his retirement this year after 34 years working for Emery County as Weed/Mosquito Director. He has maintained the department with two full time employees and seasonal workers in the summer. He works a lot of hours covering a large county. He was presented with a plaque of appreciation and a gift of a Kindle Fire HD.

#### DISCUSSION AGENDA

(1)

##### ITEMS PULLED FROM CONSENT AGENDA.

Commissioner JR Nelson made a motion to approve the hire of Alaina Olsen as a part time janitor working 7 ½ hours (not 17 ½ hours) per week at Grade 6. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(2)

##### OPEN BIDS FOR PAINTING OF THE SEARSON BRIDGE. CONSIDERATION AND APPROVAL OF BID AWARD AND AUTHORIZATION FOR CHAIRMAN TO SIGN THE NECESSARY PAPERWORK.

The bids were opened for the painting of the Searson Bridge. The bids were as follow:

1) B&T Builders & Supply	\$44,640.00
2) Arrowhead Construction	\$29,900.00
3) VanComp Incorporated	\$74,200.00

Commission Chairman Jeff Horrocks recommended turning the bids over to the engineers on the project for comparison of the bids.

Commissioner Ethan Migliori made a motion to authorize Commission Chairman to award the bid to the determined bidder and sign the necessary paperwork. The motion was seconded by Commissioner JR Nelson. The motion passed.

(3)

CONSIDERATION AND APPROVAL OF SETTLEMENT AGREEMENT WITH BRENT JOHNSON REGARDING CLAIMS AGAINST EMERY COUNTY AND EMERY COUNTY HOUSING AUTHORITY.

Attorney David Blackwell explained that he talked to Mr. Johnson regarding an agreeable settlement. Mr. Johnson indicated that he agreed with a \$1,000.00 settlement amount. This settlement will cover the litigation Mr. Johnson sought against Emery County and Emery County Housing Authority. Mr. Blackwell stated that the Commission need to decide where the funds will come from. Commissioner JR Nelson made a motion to authorize Attorney David Blackwell to settle with Mr. Johnson and determine where the funds will come from. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF CONTRACT WITH ALAN PENTICO TO SCRAPE AND CLEAN OLD PAINT FROM SWINGING BRIDGE.

Commissioner Ethan Migliori made a motion to table this item until a latter date. The motion was seconded by Commissioner JR Nelson. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF ELECTION JUDGES FOR 2014.

Clerk/Auditor Brenda Tuttle indicated that this is has been a tough year for getting people to agree to be election judges. The list is still missing a couple of judges, but Brenda was hopeful that the individuals she has contacted will follow through. Commissioner JR Nelson made a motion to approve the list of election judges for 2014 and any additional judges she may need to add to the list prior to the election. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(6)

DISCUSSION OF AN ORDINANCE GOVERNING THE PERMITTING OF SPECIAL EVENTS. SETTING OF DATE FOR PUBLIC HEARING.

Sheriff Greg Funk indicated that he has requested an ordinance to mitigate the cost associated with special events held within the county. The county, in the past, has had to absorb the cost associated with large groups and the potential damage to the environment as well as the cost for EMT's, Search and Rescue, patrolling etc. An ordinance will forward the cost for these services

to the group and hopefully deter them from coming into the county. He indicated that his department has been made aware of a group called the Rainbow Group planning a special event in June in Emery County. He expressed concern because the same group was in a neighboring county and caused some costly problems for their Sheriff's Department. Attorney David Blackwell stated that an ordinance requires advertising for two weeks and holding a public hearing that must be posted in the newspaper for two weeks. Commissioner Ethan Migliori made a motion to set a public hearing for June 24, 2014 at 9:30 a.m. to receive public comment on adopting an ordinance governing the permitting of special events. The motion was seconded by Commissioner JR Nelson. The motion passed. Attorney David Blackwell was assigned to post the public hearing in the newspaper for two weeks. A draft of the proposed ordinance will be available in the Clerk/Auditor's office for the public to view.

(7)

DISCUSSION AND APPROVAL TO UTILIZE SOS STAFFING FOR SEASONAL FLAGGERS FOR THE ROAD DEPARTMENT. APPROVAL OF NECESSARY FORMS.

Wayde Nielsen indicated that his department needs two flaggers for the Road Department. SOS Staffing absorbs the cost for Worker's Comp, training and drug testing. The flaggers will be an employee of SOS Staffing and the county would just be renting them at a slightly higher wage. Commissioner JR Nelson made a motion to approve using SOS Staffing for seasonal flaggers for the Road Department. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(8)

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Migliori*

Commissioner Migliori reported that the 2014 Fair Committee is in the planning phase. Repayment from the Emery County Care and Rehabilitation has come into the county as per the arrangement the Care Center Board had made with the county. He reported on attending a EMS dinner where several EMT's were recognized for their service to the communities. He expressed his gratitude to the many great EMT's we have in Emery County.

*Commissioner Nelson*

Commissioner Nelson reported on attending a Tribune sponsored debate regarding Public Lands. Emery Water Conservancy District and Castle Valley Special Service District recently completed their state audits and received a clean audit. He attended an open house for Caterpillar/Wheeler

in Huntington. They hope to hire many locals and infuse money into the economy. He attended a meeting with the Bureau of Reclamation regarding quagga and zebra mussels causing damage to waterways in Utah. He and Commissioner Horrocks attended a meeting with Utah State University Extension Service. USU Extension pledged continued support of the Extension Service program in Emery County. He reported on Channel 5 and the recent airing of a program on Search and Rescue and the training recently received from the National Guard in the San Rafael Swell area.

*Commissioner Horrocks*

Commissioner Horrocks added that the meeting with the USU Extension Service was very informative and beneficial. There will be a Car Show at the Museum of the San Rafael on May 29<sup>th</sup>. The show will showcase cars from local owners and others throughout the state and other states. He expressed his congratulations to the 2014 high school graduates from Emery High and Green River. The Russian Olive Removal Program is going very well. The Weed/Mosquito Department is currently spraying for mosquitos.

*Sheriff Funk*

Sheriff Funk expressed a need for trail maintenance on the desert. There was a fatal accident on a trail on the desert over the Memorial Day holiday. The Commissioners indicated that the BLM is in the process of trying to obtain a trail cat to provide some much needed maintenance on the trails. Sheriff Funk reported that the Forest Service has a Trail Cat and they have been very helpful in assisting with trail maintenance when called upon.

ARIE VAN DE GRAAF, UAC, CENTRALLY ASSESSED PRESENTATION. DISCUSSION AND POSSIBLE ACTION.

Arie Van De Graaf, UAC discussed issues regarding possible legislation regulating the centrally assessed appeals process. Property that is taxed in Utah is assessed a value in one of two ways. Homes and most businesses are appraised by the county assessor within the county where they are located. Utilities, airlines, and telecommunications companies' property that often cross over county lines are assessed by the State Tax Commission. These two classifications are called locally assessed and centrally assessed properties.

Decades ago counties became concerned with the number of appeals the large, centrally assessed taxpayers were filing with the Tax Commission. Unchecked, the result of these appeals was a tax shift from centrally assessed taxpayers to locally assessed taxpayers. At that time, counties engaged in the appeal process for two primary reasons: 1) to defend the work of the property tax division of the tax commission and, more importantly, 2) to protect home and small business owners from bearing an undue burden of property taxes.

The counties' right to participate in the appeal process was sustained first by the Utah Supreme Court and later through code.

This year centrally assessed taxpayers are pushing legislation that would limit the counties' participation in the centrally assessed appeals process. Proponents for the legislation argue that counties' participation in the appeals process introduces uncertainty in taxation and has escalated over time.

Mr. DeGraaf stated that UAC argues that the counties play an important role as a balance in the process and that county appeals make up a small portion of the total. According to the Tax Commission, counties accounted for only 16 percent of recently resolved appeals. And of those appeals, over 60 percent were protective appeals where the taxpayer also appealed the valuation and the counties wanted to ensure they were on equal footing.

The Utah Association of Counties recognizes that there are problems with the current process, but rather than limit and important check to the system; they proposed supporting and amendment to current law allowing counties and taxpayers to cross-appeal and appeal. This would eliminate the cases of protective appeals- gently reducing the number of appeals both the counties and the taxpayers file. They proposed establishing statutory presumption of correctness of the original assessment, recognizing the professional work the tax commission does.

Mr DeGraaf asked for the support of the counties' 'right to act as the taxpayers' watchdog in preserving a fair property tax system.

Treasurer Steven Barton commented that he is not aware of a single appeal which Emery County has won. Theoretically, we need to be able to appeal, but realistically we lose appeals. It makes sense to constantly re-assess our options. We do not want to lose our options.

Jeff Guymon asked why the State Tax Commission doesn't publically define how they assess centrally assessed properties.

Emery County Attorney David Blackwell stated that the formulas used are so complicated. If we do not challenge back then we leave the counties outside of the process. He stated he like the idea of cross-appeals. We need to protect having a voice in what they are doing.

Mr. DeGraaf urged the Commissioners to reach out and let your legislators know what the counties' want.

Commissioner Jeff Horrocks indicated that the Commission will table any action until after UAC meeting and receive direction from them.

(3)

PROFESSIONAL TITLE COMPANY, CONSIDERATION AND APPROVAL OF QUIT CLAIM DEED TO CLEAR PROPERTY 1-162-3 OF TAXES OWED TO EMERY COUNTY ACCORDING TO MAY TAX SALE OF 1954.

Clay Holbrook, Professional Title Company came before the Board of Commissioners to clear up a title from Green River property sold at a May Tax Sale. There was an official conveyance of

property to Emery County in 1951. The property was still on tax roll in 1953 but there is no record of the property being put back on the tax roll. Somewhere along the way something slipped through the cracks. There is a lien on the property. The owners are now trying to sell the property. Mr. Holbrook asked to have a release of lien and presented a Quit Claim Deed to clear up the property. Commissioner Ethan Migliori made a motion to, pending review from the County Attorney, release the lien on property 1-162-3 by way of a Quit Claim Deed. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

Commissioner Ethan Migliori made a motion to leave the regular meeting and move into a public hearing to receive comment regarding a proposed ordinance to govern the permitting of special events and at the conclusion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(4)

9:30 A.M.- PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT REGARDING A PROPOSED ORDINANCE TO GOVERN THE PERMITTING OF SPECIAL EVENTS.

The purpose for the Public Hearing was to receive public comment regarding a proposed ordinance to govern the permitting of special events in the county. A draft of the proposed ordinance was available and reviewed. Attorney David Blackwell indicated that there are areas that are left blank to allow for things like county or city sponsored functions. Mike McCandless indicated that would be things like the Castle Valley Pageant, OHV Jamborees, triathlons, etc. where there may be gatherings of 50 people or more and fees may or may not be charged.

Ray Petersen asked what triggers the need for a permit?

Mike McCandless asked about film crews in the county?

Ray Petersen asked if it regulates public property or private property or both?

Mike McCandless asked the time frame for approval?

David Blackwell indicated that the ordinance allows for up to 45 days to process.

Commissioner Migliori indicated that timeliness is a legitimate concern.

Mark H. Williams asked if there is a fee involved with obtaining a permit?

Commissioner Migliori indicated that a fee has not been determined at this time. The county is just looking for compensation when damage occurs as a result of a large event. There is no desire to stop any events in the county.

Sheriff Funk indicated there needs to be a way to bill the organization to pay for clean-up. He indicated that clean-up will affect his budget and take resources from the county.

Bill Dellos asked if there is a fine for not obtaining a permit?

Commissioner Migliori indicated that non-compliance is addressed in the document.

Ray Petersen asked if the document is available for the public to view?

David Blackwell explained that a draft of the proposed ordinance can be viewed at the Clerk/Auditor's office.

Mike McCandless indicated that he is not opposed to the permitting process, his issue is with the timeliness of obtaining the permit. He suggested maybe some kind of tiered approach.

The comments came to a conclusion.

The Public Hearing ended and the Commission returned to the regular meeting agenda.

(5)

CONSIDERATION AND APPROVAL OF ORDINANCE TO GOVERN THE PERMITTING OF SPECIAL EVENTS.

In light of the comments received in the Public Hearing, Commissioner Ethan Migliori made a motion to table this issue to allow for time to review the comments/suggestions and present again at 9:30 am on July 8, 2014. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(6)

KEVIN TUTTLE, REQUEST TO INSTALL MONUMENT AT THE MILL DAM SITE NEAR ORANGEVILLE, UTAH. CONSIDERATION AND APPROVAL OF REQUEST.

Commissioner Ethan Migliori indicated that the monument at the Mill Dam Site near Orangeville, Utah is in conjunction with Castle Dale Stake Youth Conference on June 28, 2014. He indicated that it is a 3x2 foot monument in concrete. However, the requested placement for the monument is located on a county road right-of-way. He indicated he is not opposed to the monument if they are willing to move placement about forty feet west out of the road right-of-way and onto county property. Commissioner Ethan Migliori made a motion to approve a request to install a monument at the Mill Dam Site near Orangeville, Utah contingent upon moving the location for the monument forty feet west out of the road right-of-way. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF GRANT AGREEMENT BETWEEN STATE OF UTAH AND EMERY COUNTY MUSEUM OF THE SAN RAFAEL FOR YOUTH EDUCATION AREA.

Maegan Wilberg, MOSR Director requested approval of a grant agreement between State of Utah and Emery County Museum of the San Rafael to provide a youth education area in the museum. There is no monetary liability for the county. It will be positioned in the NE corner of the exhibit

area and will consist of a dinosaur dig area and depictions of Native American life in a way that will be interesting and entertaining for children. Commissioner Ethan Migliori made a motion to approve of a grant agreement between State of Utah and Emery County Museum of the San Rafael for a youth educational area. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(8)

CONSIDERATION AND POSSIBLE APPROVAL OF RESOLUTION AUTHORIZING THE CREATION OF THE SEVEN COUNTY INFRASTRUCTURE COALITION.

Mike McCandless explained that the seven county group was organized last year to facilitate some of the economic development efforts because we have lost so much political power in the legislature. Previously we entered into a memorandum of understanding between the seven counties to formally organize the group. There is no intention to change that existing MOU which is the Seven Eastern Utah Economic Development Coalition. This would be the creation of a new interlocal agreement between the seven counties. This would authorize the joint seven counties to go after and seek funding from CIB to do specific projects that have a specific goal such as do research on specific studies like railroad, roads, pipelines, etc. The intent is to enter into an interlocal agreement to authorize the seven county group to go to the next step. Attorney Eric Johnson has drafted the interlocal agreement on behalf of the group. The document has been sent to the all the county attorneys for the seven counties.

David Blackwell commented that this agreement actually creates a new legal entity. The group will have power that any corporation will have. They can seek funds from federal and state sources. He indicated that he had a question on compensation for service. They would have their services paid for as a governing board. As an elected official there is a restriction on what they can be compensated for. There is a question whether as elected officials they can be compensated for their expenses. Commissioners, especially, are not allowed to receive compensation for service. Mike indicated that Commissioners can appoint another elected official to represent them on that board. Mr. Blackwell indicated that the coalition can not incur debt for any individual county. Mike indicated that each of the seven counties share in revenues. If a project generates revenue in one of the counties the other counties share in that revenue. Commissioner Migliori commented that the group has been able to do some good things that could not have been done previously.

Leslie Bolinder explained that there is actually two different documents. One is the resolution to create the entity and the other is the interlocal agreement.

Commissioner Ethan Migliori made a motion to include both documents on the next Commission Agenda. The motion was seconded by Commissioner Jeff Horrocks. The motion

passed.

(9)

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Migliori*

Commissioner Migliori reported that the Care Center RFP's that they did receive didn't quite address the problems that they wanted them to. Bids are coming back in now and they will be reviewing them. The Emery County Fair is ongoing now. They are looking for more carnival type events. He recently attended a meeting regarding mining and looking at the future of mining. UAC is doing a study of coal mining in the area. They want to address future opportunities and how to take advantage of them. He attended pot luck meetings in Green River (an informal business group that works in conjunction with the Business Chamber from this side). The purpose of their meetings is to promote events in Green River and how to create new events to lengthen out their tourist season.

BEAR project will be back in the area visiting with small businesses to assess their needs.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
JUNE 10, 2014

Director for Four Corners came before the Board of Commissioners to present their area Plan for 2015 for Emery, Carbon, and Grand Counties. Four Corners is administered by a board of trustees made up of a Commissioner from each county, City Council members from the communities that they serve and citizens. They are responsible for mental health and substance abuse services in the three counties. Ms. Dolan explained that the money that they receive from the three counties is used to leverage additional funds through the State Legislature. They currently have 88 employees, provide drug court, mental health therapy, housing for the mentally ill and many more services. Commissioner Ethan Migliori made a motion to approve Four Corners Community Behavioral Health, Inc. area plan for 2015. The motion was seconded by Commissioner JR Nelson. The motion passed.

Commissioner Ethan Migliori made a motion to leave the regular meeting and move into a public hearing as posted and at the conclusion of the Public Hearing to return to the regular meeting. The motion was seconded by Commissioner JR Nelson. The motion passed.

CONSIDERATION OF PUBLIC LANDS COUNCIL'S RECOMMENDATION  
CONCERNING THE PURSUIT OF GOBLIN VALLEY STATE PARK EXPANSION AND  
POSSIBLE ACTION OF RECOMMENDATION.

Public Lands Council Chairman Ed Geary discussed the proposed expansion of Goblin Valley State Park. The state recommends expanding the park by 136,000 acres making Goblin Valley State Park the largest state park in Utah. Mr. Geary stated that there are clear advantages to the proposal. The Public Lands Council's goal is to protect existing land use. Since recreation use has dramatically increased and is expected to continue to rise there is concern for public safety. Impacts in the area from user-created roads and camping areas cause some environmental degradation as well as create concern for livestock grazing in the area. The state park proposal would convert the area in to a user fee area. This could be advantageous for Emery County as fees collected in the park are subject to transient room tax that comes to the Travel Council. The plan would put more employees on the ground to provide better services for sanitation and maintenance as well as trail maintenance. Eventually they expect that the park will be managed on-site rather than from the Price Field Office in Price. Mistie Christiansen explained that the Emery County livestock grazers have concerns that grazing permits be preserved and that the area is not damaged by development. Mr. Geary expressed the wishes of the Public Lands Council and recommended the Emery County Commissioners support the pursuit of Goblin Valley State Park Expansion. Commissioner JR Nelson made a motion to support further study concerning the pursuit of Goblin Valley State Park Expansion. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(11)

CONSIDERATION AND APPROVAL OF LAND TRADE WITH GIL BOWDEN AND  
ASSOCIATED PAPERWORK.

Attorney David Blackwell explained that the piece of land proposed for trade is a 9 foot wide strip of land behind the nursing home. The trade would be an advantage to both property owners as it would square-off each property. Mr. Bowden agreed to pay the survey and record fees. Commissioner Ethan Migliori made a motion to approve a land trade with Gil Bowden as discussed. The motion was seconded by Commissioner JR Nelson. The motion passed.

INDEPENDENT'S WEEK PER THE RECOMMENDATION OF THE EMERY COUNTY  
BUSINESS CHAMBER.

Commissioner Migliori explained that Local First Utah's Independent's Week is a movement endorsed by the Emery County Business Chamber to encourage people to shop local first. He explained that the cities of Emery County are experiencing decreased revenue budgets due to the loss of local business or people choosing to shop out of the area or on-line through the internet. The loss of a business such as Alco was devastating to the community of Castle Dale City as well as Emery County. The Emery County Business Chamber asked that the County Commissioners support Local First Utah's Independent Week in support of local shopping. Commissioner Ethan Migliori made a motion to support Emery County Business Chamber's recommendation for Local First Utah's Independent Week. The motion was seconded by Commissioner JR Nelson. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORTS

*Commissioner Nelson*

Commissioner Nelson reported on attending UAC meeting where they discussed Centrally Assessed properties and the fact that the subject is such a political issue. He reported that the volunteer firemen in the county are receiving training. He recently attended a field trip on the San Rafael Swell with several legislators and key personnel where discussions emerged regarding Emery County's Land Use Bill and public lands legislation. He discussed a public notice of a meeting for excess phosphorus and nitrogen being released into water storage and water treatment plants.

*Commissioner Migliori*

Commissioner Migliori talked about the San Rafael Bridge Restoration Project. He reported attending a meeting in Green River regarding EMS issues and how to better provide resources in Green River. The Emery County Care Center is still working through some issues. They are working on ways to increase numbers of patients in the care facility and the financial challenge that comes with the decreased numbers. The mammoth mural at the Museum of the San Rafael is nearly complete. They will have a skull and tusk replica at the exhibit. Everything is coming together nicely. He reported on attending an energy summit where there were discussions regarding solar power and alternative energy sources vs coal.

ARIE VAN DE GRAAF, UAC, CENTRALLY ASSESSED PRESENTATION. DISCUSSION AND POSSIBLE ACTION.

Arie Van De Graaf, UAC discussed issues regarding possible legislation regulating the centrally assessed appeals process. Property that is taxed in Utah is assessed a value in one of two ways. Homes and most businesses are appraised by the county assessor within the county where they are located. Utilities, airlines, and telecommunications companies' property that often cross over county lines are assessed by the State Tax Commission. These two classifications are called locally assessed and centrally assessed properties.

Decades ago counties became concerned with the number of appeals the large, centrally assessed taxpayers were filing with the Tax Commission. Unchecked, the result of these appeals was a tax shift from centrally assessed taxpayers to locally assessed taxpayers. At that time, counties engaged in the appeal process for two primary reasons: 1) to defend the work of the property tax division of the tax commission and, more importantly, 2) to protect home and small business owners from bearing an undue burden of property taxes.

The counties' right to participate in the appeal process was sustained first by the Utah Supreme Court and later through code.

This year centrally assessed taxpayers are pushing legislation that would limit the counties' participation in the centrally assessed appeals process. Proponents for the legislation argue that counties' participation in the appeals process introduces uncertainty in taxation and has escalated over time.

Mr. DeGraaf stated that UAC argues that the counties play an important role as a balance in the process and that county appeals make up a small portion of the total. According to the Tax Commission, counties accounted for only 16 percent of recently resolved appeals. And of those appeals, over 60 percent were protective appeals where the taxpayer also appealed the valuation and the counties wanted to ensure they were on equal footing.

The Utah Association of Counties recognizes that there are problems with the current process, but rather than limit and important check to the system; they proposed supporting and amendment to current law allowing counties and taxpayers to cross-appeal and appeal. This would eliminate the cases of protective appeals- gently reducing the number of appeals both the counties and the taxpayers file. They proposed establishing statutory presumption of correctness of the original assessment, recognizing the professional work the tax commission does.

Mr DeGraaf asked for the support of the counties' 'right to act as the taxpayers' watchdog in preserving a fair property tax system.

Treasurer Steven Barton commented that he is not aware of a single appeal which Emery County has won. Theoretically, we need to be able to appeal, but realistically we lose appeals. It makes sense to constantly re-assess our options. We do not want to lose our options.

Jeff Guymon asked why the State Tax Commission doesn't publically define how they assess centrally assessed properties.

Emery County Attorney David Blackwell stated that the formulas used are so complicated. If we do not challenge back then we leave the counties outside of the process. He stated he like the idea of cross-appeals. We need to protect having a voice in what they are doing.

Mr. DeGraaf urged the Commissioners to reach out and let your legislators know what the counties' want.

Commissioner Jeff Horrocks indicated that the Commission will table any action until after UAC meeting and receive direction from them.

(3)

PROFESSIONAL TITLE COMPANY, CONSIDERATION AND APPROVAL OF QUIT  
CLAIM DEED TO CLEAR PROPERTY 1-162-3 OF TAXES OWED TO EMERY COUNTY  
ACCORDING TO MAY TAX SALE OF 1954.

Clay Holbrook, Professional Title Company came before the Board of Commissioners to clear up a title from Green River property sold at a May Tax Sale. There was an official conveyance of

property to Emery County in 1951. The property was still on tax roll in 1953 but there is no record of the property being put back on the tax roll. Somewhere along the way something slipped through the cracks. There is a lien on the property. The owners are now trying to sell the property. Mr. Holbrook asked to have a release of lien and presented a Quit Claim Deed to clear up the property. Commissioner Ethan Migliori made a motion to, pending review from the County Attorney, release the lien on property 1-162-3 by way of a Quit Claim Deed. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

Commissioner Ethan Migliori made a motion to leave the regular meeting and move into a public hearing to receive comment regarding a proposed ordinance to govern the permitting of special events and at the conclusion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(4)

9:30 A.M.- PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT REGARDING A PROPOSED ORDINANCE TO GOVERN THE PERMITTING OF SPECIAL EVENTS.

The purpose for the Public Hearing was to receive public comment regarding a proposed ordinance to govern the permitting of special events in the county. A draft of the proposed ordinance was available and reviewed. Attorney David Blackwell indicated that there are areas that are left blank to allow for things like county or city sponsored functions. Mike McCandless indicated that would be things like the Castle Valley Pageant, OHV Jamborees, triathlons, etc. where there may be gatherings of 50 people or more and fees may or may not be charged.

Ray Petersen asked what triggers the need for a permit?

Mike McCandless asked about film crews in the county?

Ray Petersen asked if it regulates public property or private property or both?

Mike McCandless asked the time frame for approval?

David Blackwell indicated that the ordinance allows for up to 45 days to process.

Commissioner Migliori indicated that timeliness is a legitimate concern.

Mark H. Williams asked if there is a fee involved with obtaining a permit?

Commissioner Migliori indicated that a fee has not been determined at this time. The county is just looking for compensation when damage occurs as a result of a large event. There is no desire to stop any events in the county.

Sheriff Funk indicated there needs to be a way to bill the organization to pay for clean-up. He indicated that clean-up will affect his budget and take resources from the county.

Bill Dellos asked if there is a fine for not obtaining a permit?

Commissioner Migliori indicated that non-compliance is addressed in the document.

Ray Petersen asked if the document is available for the public to view?

David Blackwell explained that a draft of the proposed ordinance can be viewed at the Clerk/Auditor's office.

Mike McCandless indicated that he is not opposed to the permitting process, his issue is with the timeliness of obtaining the permit. He suggested maybe some kind of tiered approach.

The comments came to a conclusion.

The Public Hearing ended and the Commission returned to the regular meeting agenda.

(5)

CONSIDERATION AND APPROVAL OF ORDINANCE TO GOVERN THE PERMITTING OF SPECIAL EVENTS.

In light of the comments received in the Public Hearing, Commissioner Ethan Migliori made a motion to table this issue to allow for time to review the comments/suggestions and present again at 9:30 am on July 8, 2014. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(6)

KEVIN TUTTLE, REQUEST TO INSTALL MONUMENT AT THE MILL DAM SITE NEAR ORANGEVILLE, UTAH. CONSIDERATION AND APPROVAL OF REQUEST.

Commissioner Ethan Migliori indicated that the monument at the Mill Dam Site near Orangeville, Utah is in conjunction with Castle Dale Stake Youth Conference on June 28, 2014. He indicated that it is a 3x2 foot monument in concrete. However, the requested placement for the monument is located on a county road right-of-way. He indicated he is not opposed to the monument if they are willing to move placement about forty feet west out of the road right-of-way and onto county property. Commissioner Ethan Migliori made a motion to approve a request to install a monument at the Mill Dam Site near Orangeville, Utah contingent upon moving the location for the monument forty feet west out of the road right-of-way. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF GRANT AGREEMENT BETWEEN STATE OF UTAH AND EMERY COUNTY MUSEUM OF THE SAN RAFAEL FOR YOUTH EDUCATION AREA.

Maegan Wilberg, MOSR Director requested approval of a grant agreement between State of Utah and Emery County Museum of the San Rafael to provide a youth education area in the museum. There is no monetary liability for the county. It will be positioned in the NE corner of the exhibit

area and will consist of a dinosaur dig area and depictions of Native American life in a way that will be interesting and entertaining for children. Commissioner Ethan Migliori made a motion to approve of a grant agreement between State of Utah and Emery County Museum of the San Rafael for a youth educational area. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(8)

CONSIDERATION AND POSSIBLE APPROVAL OF RESOLUTION AUTHORIZING THE CREATION OF THE SEVEN COUNTY INFRASTRUCTURE COALITION.

Mike McCandless explained that the seven county group was organized last year to facilitate some of the economic development efforts because we have lost so much political power in the legislature. Previously we entered into a memorandum of understanding between the seven counties to formally organize the group. There is no intention to change that existing MOU which is the Seven Eastern Utah Economic Development Coalition. This would be the creation of a new interlocal agreement between the seven counties. This would authorize the joint seven counties to go after and seek funding from CIB to do specific projects that have a specific goal such as do research on specific studies like railroad, roads, pipelines, etc. The intent is to enter into an interlocal agreement to authorize the seven county group to go to the next step. Attorney Eric Johnson has drafted the interlocal agreement on behalf of the group. The document has been sent to the all the county attorneys for the seven counties.

David Blackwell commented that this agreement actually creates a new legal entity. The group will have power that any corporation will have. They can seek funds from federal and state sources. He indicated that he had a question on compensation for service. They would have their services paid for as a governing board. As an elected official there is a restriction on what they can be compensated for. There is a question whether as elected officials they can be compensated for their expenses. Commissioners, especially, are not allowed to receive compensation for service. Mike indicated that Commissioners can appoint another elected official to represent them on that board. Mr. Blackwell indicated that the coalition can not incur debt for any individual county. Mike indicated that each of the seven counties share in revenues. If a project generates revenue in one of the counties the other counties share in that revenue. Commissioner Migliori commented that the group has been able to do some good things that could not have been done previously.

Leslie Bolinder explained that there is actually two different documents. One is the resolution to create the entity and the other is the interlocal agreement.

Commissioner Ethan Migliori made a motion to include both documents on the next Commission Agenda. The motion was seconded by Commissioner Jeff Horrocks. The motion

passed.

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Migliori*

Commissioner Migliori reported that the Care Center RFP's that they did receive didn't quite address the problems that they wanted them to. Bids are coming back in now and they will be reviewing them. The Emery County Fair is ongoing now. They are looking for more carnival type events. He recently attended a meeting regarding mining and looking at the future of mining. UAC is doing a study of coal mining in the area. They want to address future opportunities and how to take advantage of them. He attended pot luck meetings in Green River (an informal business group that works in conjunction with the Business Chamber from this side). The purpose of their meetings is to promote events in Green River and how to create new events to lengthen out their tourist season.

BEAR project will be back in the area visiting with small businesses to assess their needs.

Commissioner Nelson indicated that Ms. Seyler has been making small payments on her account since 2010. The interest accrued on the account is approximately \$18.00 a month. So the small payments of \$5.00 to \$10.00 are not covering the interest each month and or reducing the balance owed. Commissioner Migliori suggested contacting her and negotiate a larger monthly payment to reduce the balance. Commissioner Ethan Migliori made a motion to deny the request for an ambulance bill reduction/write-off from Brandi Seyler and to turn it over to collections. MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
JULY 8, 2014

(9)

CONSIDERATION AND POSSIBLE APPROVAL OF RESOLUTION AUTHORIZING THE  
CREATION OF THE SEVEN COUNTY INFRASTRUCTURE COALITION.

Mike McCandless continued discussed with the Board of Commissioners regarding a Resolution authorizing the creation of the seven county infrastructure coalition. He indicated that the purpose is to create an entity that could secure funding on behalf of the overall group to facilitate projects to be done as a group. As set out in the agreement, there would be representation from each of the seven counties by way of an elected official from each of the seven counties. This would be a new legal entity. Eric Johnson, Attorney for the group has drafted a resolution for consideration by all counties in the group. Commissioner Nelson indicated that this requires cooperation from all the seven counties involved. If not, then they will go back and draft the resolution for six counties. He indicated that Mike McCandless and Commissioner Horrocks have been involved in this process from the beginning and felt that it is positive for economic development in all the counties involved of which Emery County is one. Mike McCandless indicated that this would enable the group to apply for funding to do projects such as NEPA work, working with the BLM clearing the hurdles for projects that are four or five years down the road.

Jeff Guymon expressed concerns regarding the resolution. He indicated he has serious concerns over creating another government entity. He agreed with the MOU with the other counties to say we are on the same page, but stated he felt we already have the infrastructure in place that has the ability to do all these things. Mike with Economic Development and Ray with Public Lands and committees that work with them have the ability to do these things already. He stated he did not see the point of creating another entity that is able to own, acquire, construct, build, develop, operate things in all of these other counties or giving them the gift of imminent domain. He indicated at he did not see anything in the MOU or proposal that says who is going to appoint. Who makes up the group? This entity will have ability to employ or contract and also go into debt. He indicated he has heard it said that we would not incur that debt if it was defaulted on but yet if it defaults, if you are the one who created the debt, it has to go back to the one who created the debt. The construction company who builds the road or railroad will be left with not being paid. His final concern expressed was, at what point does government own so much of land or things that we do not have anything left to tax to pay for the necessities of the county?

Dave Blackwell addressed the provisions in the agreement regarding holding harmless the county or indemnifying the county from debt. Jeff raised a good point. If they do go defunct then who is going to hold us harmless? They only way that we would be held harmless is if they don't owe anybody any money. The other issue Jeff mentioned was the way that each county representative was appointed. Mr. Blackwell indicated that process was spelled out in the agreement that was looked at in the last Commission meeting, but it is not on the agenda for this meeting.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
JULY 8, 2014

Mike commented that what is contemplated, conceptually is to look at things that need to be done to make things happen. They are looking at things like the proposed railroad facility. They are hoping to help facilitate the process to make things happen and become a reality. Use things that have already been in place for years and enable it to become much larger in scope. The other component from this is the possible revenue that comes from this process is shared with the other counties in the group.

Commissioner Nelson commented that this entity would be eligible for CIB funding.

Jeff rebutted that we already have a SSD#1 board in place to make those types of things happen. He stated he believes in limited government. He felt that we have an infrastructure in place that can do all of these things. It is just going to take a little bit more work. That is what the Commission is here for. If you appoint someone that is on this board that means that this group becomes one more step removed from the public. He felt the public needs to have input on these things. He stated he doesn't believe in going out to find ways to generate revenue. Businesses need to own property so we can collect tax revenue. He stated he doesn't believe in creating a new way of collecting revenue. He stated he believes in simplified government.

Brenda Tuttle commented that she echoed what Jeff said. We operate on a limited budget here. Who has the ability to decide if that is debt we want to be a part of? We won't anymore. With the Service District we enter into agreements that we know what we are liable for. With this group she didn't see how that would work. The county would be out on a limb for what this group decides to do.

Commissioner Nelson expressed his concern for being left out. These other counties are anxious to improve economic development.

Mike added that if we don't have the protections in the agreement that protect the county financially he would not recommend approval either. The intent is have the ability to go out and do work, to knock down barriers. If we can do that by other means he is in support of that. As a group we want to be able to get ahead of the curve with these large projects.

Ray Petersen asked don't we have the ability to do that now?

Commissioner Horrocks commented that when you are trying to do a multi county project we don't have any leeway with some of these counties who don't's have Service Districts.

Mike added that every county has a separate process for doing projects.

Commissioner Horrocks added that what is on the agenda today is the resolution to create.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
JULY 8, 2014

The final document is a interlocal agreement that has been drafted but will need some editing for all the other counties to be included.

Mike commented that the concept is to create a universal process for the seven counties that will all operate by the same set of rules.

Legal counsel and the Commission has to be supportive of the concept that has been discussed today. Mike commented that if the Commissioners are not comfortable with the process then he recommended that they not move forward. Moving forward should be driven by the Commission's level of comfort.

Mr. Blackwell indicated that he had some questions that he directed to legal counsel for the seven county coalition, Mr. Johnson. Mr. Johnson did answer his questions.

Mr. Blackwell indicated that if they pass the resolution it sets in motion the process for the interlocal agreement.

Commissioner Horrocks indicated that the concept is good if they can get it to where it doesn't encumber the county in any way.

Commissioner Horrocks thanked those who made comments today.

Commissioner Ethan Migliori asked Mike if the Commissioners table this issue until the July 22 is this going to give us time to gain clarity to move on this matter? He indicated that he sees this as a tool get economic development. If we don't take a risk to put more money into economic development in Emery County we are going to continue to stay exactly where we are at.

Commissioner JR Nelson made a motion to table this item until the July 22<sup>nd</sup> meeting to allow time to address the questions brought up today. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Attorney David Blackwell suggested putting both the resolution and the interlocal agreement on the agenda for the next meeting.

ERIC JOHNSON, DISCUSSION AND CONSIDERATION OF APPROVAL TO RESOLUTION AND INTERLOCAL AGREEMENT CREATING THE SEVEN COUNTY INFRASTRUCTURE COALITION.

Eric Johnson, Attorney for the Seven County Infrastructure Coalition came before the Board of Commissioners to answer questions regarding the resolution and interlocal agreement to create the Seven County Infrastructure Coalition. He talked about the difference between an interlocal entity versus a special service district. Questions were as follow:

Commissioner Nelson: Commissioner Nelson asked what is the financial cost to the county?

Mr. Johnson: None. Projects have to be self sustaining. Only projects that will pay for themselves will be considered. There is no commitment from any county to provide any financial support for any project.

Commissioner Nelson: What is the liability to the county?

Mr. Johnson: The interlocal entity is a separate and independent public body. Emery County

Minutes of the Regular Meeting of the Board of Emery County Commissioners  
July 22, 2014

will not be liable for what this body does.

Commissioner Horrocks: Once a project is completed does it become taxable?

Mr. Johnson: I do not have enough details to give a definitive answer. The entity can own assets that may or may not be exempt from taxation.

Mike: A possible railroad project or pipeline project would have to have substantial funding to make it happen. If privately owned it would be taxable.

Mr. Blackwell: Does the 7 County Coalition have access to Right-Of-Ways?

Mike: They would use existing Right-Of-Ways. They would still have to go to the county to be granted any Right-Of-Way. There will be no shortcutting of any processes. Private entities would still have to grant Right-Of-Way.

Senator David Hinkins: This all started with Uintah, Carbon, Emery and Grand County looking for a way to improve economic development and assist in transporting and transmission lines.

Bill Dellos: Does this change emergency services from one county to another?

Mr. Johnson: He stated he was not aware of anything that would change.

Mayor Pat Brady: He indicated that he has attended a few of the meetings and felt this was a good thing to help projects get off and going.

Jeff Guymon: Who is the funding source? Where do the funds come from? Someone needs to provide collateral for bonding.

Mr. Johnson: On a project by project basis that will vary. There may be state funds, federal funds that they may qualify for with very favorable terms. There may be private involvement. The idea of acting as a 7 county group carries more clout.

Jeff Guymon: Why does government have to be involved? Why can't the oil companies combine support to get a project done?

Senator Hinkins: If we give support as a community and say that we want these jobs. It makes it more appealing to the private companies.

Jeff Guymon: I'm not against bringing in more jobs, just the method for getting the jobs here.

Mr. Johnson: An example of public/private involvement is in Carbon County when working on 9 Mile Canyon. Private oil companies matched money with the grants that the county acquired to do the project.

Jeff Guymon: Are these documents available for the public to view?

Jeff Guymon: Is there an example of another body that has done this?

Mr. Johnson: The Intermountain Power Project in Delta involved 26 communities and California communities.

Paul Cowley: What is the negative about this?

Mr. Johnson: There isn't any one particular project that has advanced far enough that we can speak to the details of that project will be structured. Studies will need to be done to make determinations as to what projects will be pursued. You have got to create the entity to attract the grant to do the study to flush out the project and then work out the details of the project.

Paul Cowley: When a project is proposed and completed does the county receive money back as a result of that project? If so how is that money split?

Mr. Johnson: That will depend on the project and how it impacts that county. The interlocal

Minutes of the Regular Meeting of the Board of Emery County Commissioners  
July 22, 2014

agreement indicates that 70% goes to the project, 20% for all 7 counties and 10% to the coalition for the next project.

Mike McCandless: One of the guiding reasons for all of this is oil and gas production and the cost of getting product to market. We are competing with the oil and gas producers investing in other states. We are trying to find ways to reduce the cost of developing infrastructure. We want them to invest in Utah and keep dollars in Utah vs doing business in other states.

Commissioner Migliori: That becomes compounded when we have a potential refinery in Green River. If oil companies pull out of the area that could be devastating to the refinery that could potentially bring in jobs and income for Emery County. It became critical to find ways to support them. We can't always do it monetarily, but we can do it politically.

Patsy Stoddard: How many of the 7 counties are on board?

Mr. Johnson: 5 of the 7 counties have signed off on the resolution and interlocal agreement. Grand and Emery are not in yet.

Wayde Nielsen: Does this bind all 7 counties to every project?

Mr. Johnson: There will be a subsequent document for each project. They are creating the entity to go out and do studies to advance projects and obtain funding to do the project.

Sheriff Funk: This means the 7 county group will be competing with other entities for CIB funds.

Mr. Johnson: 4 of the 7 counties have representatives on the CIB board.

Commissioner Nelson: Mineral lease funds that come into the county could be increased.

Paul Cowley: It is not that Emery County is dragging their feet it is just that Emery County has concerns and wants answers.

Mayor Brady: If it turns out to be a bad thing is there a termination clause so we can withdraw from the group?

Mr. Johnson: There is an exit clause.

Jeff Guymon: Who determines who wins and who loses? Who determines what part the private sector plays?

Mr. Johnson: The public/private situation has to be open to the public process. Those who back the project the best win. There has to be a contract when working with the public property.

Paul Cowley: Does the group have its own governing board?

Mr. Johnson: The governing board is made up of 1 elected official from each participating county.

Paul Cowley: Who goes to the state to pursue CIB funding?

Mr. Johnson: Staff members.

Commissioner Horrocks: This all started with Economic Directors saying what can we do to help each other.

Paul Cowley: Has this come to the attention of the powers that be at a state level?

Mike McCandless: Yes. We have met with several legislators as well as other counties who are looking at doing something similar to help their situation.

Jeff Guymon: He suggested putting the document on the County's website for the public to view.

Paul Cowley: What is the reason for the urgency in passing this resolution and interlocal agreement?

6

Minutes of the Regular Meeting of the Board of Emery County Commissioners

CONSIDERATION AND APPROVAL OF AMENDMENT TO ENGINEERING CONTRACT BETWEEN EMERY COUNTY AND JOHANSEN AND TUTTLE ENGINEERING FOR HUNTINGTON CANYON SOUTH DEBRIS BASIN PROJECT 2013

Commissioner Horrocks indicated that there were some questions regarding the engineering contract for the Huntington Canyon South Debris Basin. J & T wanted to do an amendment to the engineering contract for the South Debris Basin that included work on the North Debris Basin. Commissioner Horrocks indicated that the engineering contract for the South Debris Basin has been closed out. Therefore, Commissioner Horrocks asked that Johansen & Tuttle Engineering prepare another contract that covers only the North Debris Basin. There were things that came to light after the last storm. There will be additional cost associated with the new contract. The new contract is for \$60,000.00 which includes mitigation costs. He explained that the new contract can be approved today but will have to be ratified in the next meeting.

Commissioner Ethan Migliori made a motion to approve an engineering contract between Emery County and Johansen and Tuttle Engineering for Huntington Canyon North Debris Basin Project 2013. The motion was seconded by Commissioner JR Nelson. The motion passed.

Jonathon Johansen discussed a contract for change order #3 from Nielson Construction for the Huntington Canyon North Debris Basin. The item is not on the agenda, but needs to be addressed at this time. The construction contract for the North Debris Basin has been left open to allow for upgrades. The change order is for an upgrade to the berm allowing better access for maintenance. Change order #3 is in the amount of \$131,211.00 to do that work. The change order was given to the Commissioners the day before the meeting, to late to be added to the agenda for action. Commissioner Horrocks reminded Mr. Johansen that items for consideration by the Commission need to be turned in before the agenda is prepared to avoid ratification of approval. However, it was deemed necessary to begin the work so the change order was considered for approval today and that approval will be ratified in the next meeting. Commissioner JR Nelson made a motion to approve the signing of change#3 order for the Huntington North Debris Basin as presented by Johansen and Tuttle Engineering and to ratify the signing of the contract in the next meeting. The motion was seconded by Commissioner Ethan

Johnathon Johansen presented an engineering contract between Emery County and Johansen and Tuttle Engineering for Emery County Safety Complex (Sheriff's Offices) Air Conditioning Project -2014. The engineering contract is for \$7,500.00 . Commissioner JR Nelson made a motion to approve an engineering contract between Emery County and Johansen and Tuttle Engineering for Emery County Safety Complex Air Conditioning Project-2014. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

DISCUSSION AND APPROVAL TO PARTICIPATE IN AMICUS BRIEF IN SUPPORT OF STATE'S PETITION FOR CERTIORARI TO THE U.S. SUPREME COURT.

Attorney David Blackwell explained that Emery County has been asked to participate in an Amicus Brief in support of the State's petition for Certiorari to the U.S. Supreme Court. He explained that a few months ago Emery County agreed to join in an Amicus Brief on behalf of the same sex marriage issue. The state is making that request again. Thirteen to fourteen cases are heard each year and the state is hoping to be one of those cases that are heard. Commissioner JR Nelson made a motion to approve participating in an Amicus Brief in support of State's petition for Certiorari to the U.S. Supreme Court. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(13)

DISCUSSION AND APPROVAL OF TRANSFERRING TITLE OF A VEHICLE TO EMERY COUNTY CARE AND REHABILITATION.

Commissioner Migliori explained that many years ago the Sheriff's Department transferred a vehicle to the Care Center. The car has since been damaged and will cost more to fix than it is worth. The Care Center has asked the Sheriff's Department if they have a vehicle that could be transferred to them. It was determined that the Aging and Nutrition Program was also in need of a back-up vehicle for deliveries. Sheriff Funk indicated that they did have a vehicle that could be transferred to the Care Center for use by the two entities. Commissioner Ethan Migliori made a motion to transfer title of a vehicle from the Sheriff's Department to the Emery County Care and Rehabilitation Center for use by the Care Center and the Aging and Nutrition Program. The

CONSIDERATION AND APPROVAL OF MOU BETWEEN EMERY COUNTY AND  
EMERY COUNTY SCHOOL DISTRICT REGARDING CEDAR MOUNTAIN  
COMMUNICATION SITE.

Bret Mills, Communications discussed a pending situation regarding communication radio sites. The State of Utah has turned their communications operations over to a Utah Communications Agency. They (the State) has turned all of their communication radio and tower sites that they own to this agency. The agency takes the money from cell phone taxes that used to go to poison control and it now supplies money for this agency through the legislature. They are now going to start charging rent for their building which will be a substantial amount. They want everyone to go to 800 mh. This would be very costly for Emery County. There are at least 600 radios in Emery County. All agencies in Emery County use radios. To replace all the radios with 800 mh radios would cost the County \$1.5 million, with an additional \$15,000.00 per month or \$180,00.00 per year cost. 800 mh will not work in Emery County. We have too many valleys canyons and blanks spots. Right now our communications system is top notch. Emery County has always been independent. We have several other areas that want to follow suit with us. Emery County School District has a building next door to the state building. He has talked to the School District about the building. It has a small tower but the building is fairly large and would house Emery County and the School District easily. The tower would have to be replaced. The school district would have to get a BLM permit. An MOU was discussed with them. We felt like for what the state wants to charge us for a years worth of rent we can make the improvements to the building and a tower. The State has equipment in our building that we can charge them to house. The state is inventorying our equipment as theirs because it is in their building. The Cedar Mountain site is critical to our communications. We feed our microwave through there for Green River. We started that site with the State of Utah but back then everything was handled on a handshake. Bret recommended approval of the MOU to mitigate the situation with the State of Utah. Commissioner JR Nelson made a motion to approve an MOU between Emery County and Emery County School District regarding Cedar Mountain Communication Site. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

CONSIDERATION AND APPROVAL OF GRANTING A CONSTRUCTION AND MAINTENANCE EASEMENT TO HUNTINGTON CITY FOR A TRAIL.

Commissioner Ethan Migliori reported that for some time now the Trails Committee has been working on a walking/bicycle/ATV trail that will allow access Huntington State Park to the Huntington Recreation Complex and Huntington Rodeo/Fairgrounds. The trail follows UDOT highway up to the north end of Nielson property and moves up to the Huntington Recreation Complex. The trail crosses Emery County property and thus the need for a construction and maintenance easement. An easement has already been procured from the Nielson family. Huntington City will maintain the trail. He indicated that the trail will be a good recreational/tourism resource for the County and Huntington City. Commissioner Ethan Migliori made a motion to approve a construction and maintenance easement to Huntington City for a trail. The motion was seconded by Commissioner JR Nelson. The motion passed.

Brenda Tuttle, Clerk/Auditor discussed possible budget hearings for October. October 2 from 9:00 am until noon, October 9, October 21 and October 24 were considered to be available.

*Commissioner Migliori*

Commissioner Migliori reported the Emery County Travel Bureau has reported tourism has been up this year in Emery County. Because of this they have experienced excess funds that will be used to sponsor additional events or projects. Economic Development's BEAR program is sponsoring an Exporting Conference on October 1<sup>st</sup> to assist business owners with increasing profit. He reported on attending DOGM meeting where they discussed the drilling and fracking process focusing on the differences in the process in the western states as compared to the eastern states. On October 23 there will be a Coal Rally at the Carbon County Events Center. There will be a number of speakers and sponsored events from coal related industries.

September 23, 2014

*Commissioner Nelson*

Commissioner Nelson reported on a recent bus tour along I-70 with BLM officials where he and Ray Petersen had an opportunity to discuss Emery County's Public Land Initiative. Along off ramp #116 onto Moore Cut-Off Road they were able to see wild horses and burros. Millsite Reservoir is being dredged to remove sediment as part of the US Forest Service Management Plan. The Plan was written in 1986 and some feel it is time to address a new forest plan. They are currently surveying what needs to be in the plan. Goblin Valley Expansion Meeting will be at 7pm tonight where they will address concerns about trails. There will be a field trip on the expansion on October 25<sup>th</sup>. Emery County Business Chamber's Lunch and Learn will focus on Public Land issues. Huntington Airport will have a Back Country Fly-In on September 26<sup>th</sup> and 27<sup>th</sup> at the Huntington Airport. He reported on a trip to Washington, D.C. He felt that they had good conversations with key members of the environmental committee members. They met with Senator Hatch's office and Senator Lee and Jason Chafetz. With the election in November timing is critical and could have a huge bearing on the outcome.

*Commissioner Horrocks*

Commissioner Horrocks indicated that the weather could play into the Back Country Fly-In Event at the Huntington Airport.

Steve Barton reported on the MECCA San Rafael Swell Bike Festival at the Wedge this weekend.. They anticipate 60 people who have pre-registered.

disposal plants, the Public Lands initiative, and membership. Mr. Brown indicated that last year Emery County paid \$500.00 for membership. He suggested that while the Commissioners were in budget sessions for the 2015 year that they look into possibly increasing the membership amount to \$1,000.00. Ray Petersen expressed concern that the Western Counties Alliance website still needs to be updated. Mr. Brown indicated that the board has asked him to reinstate the website which he will be doing asap. The alliance recently added several counties in Arizona which will be an added revenue for the alliance and will help with the update and working on many of the issues he brought forth today. Commissioner Horrocks indicated that the Commissioners will take into consideration his request to increase the membership and Emery County will continue to be a member of the Western Counties Alliance. Mr. Brown reported that he has been asked to do a history of PILT for those new board members who are not familiar with the process. He indicated that the alliance will continue to work to resolve the issues he discussed.

(2)

CONSIDERATION AND APPROVAL OF DONATION TO SEUEPA COAL & FOSSIL FUEL RALLY.

Commissioner Horrocks asked County Attorney David Blackwell for his opinion on the normal donation amount of \$250.00. To which Mr. Blackwell indicated that unless they are joining something then the normal donation amount is \$250.00. Commissioner JR Nelson made a motion to donate \$250.00 to SEUPA Coal & Fossil Fuel Rally. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

Commissioner Horrocks indicated that this rally is extremely important for fossil fuels in Emery County. Everyone in this area will be affected by what happens with fossil fuel development.

(3)

DISCUSSION OF ADVERTISING FOR PUBLIC DEFENDER REQUEST FOR PROPOSALS.

Commissioner Horrocks indicated that it was important that all three commissioners be present to consider public defender proposals. Since there will be new Commissioners in January, Commissioner Horrocks felt that the new Commission should take this on. Commissioner JR Nelson made a motion to not advertise for Public Defender at this time but to work with the one that we have and table until we finished the budget process. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
OCTOBER 14, 2014

(4)

DISCUSSION OF ADVERTISING FOR BIDS FOR SERVICE CONTRACT OF FIRE EXTINGUISHERS.

Commissioner Horrocks indicated that Richard Herring previously had the service contract for fire extinguishers. With his recent passing it is imperative that we have a new service contract as many extinguishers are reaching expiration. Commissioner JR Nelson made a motion to advertise for a service contract of fire extinguishers for Emery County. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF RESOLUTION OF APPOINTMENT OF A EMERY COUNTY REPRESENTATIVE AND AN ALTERNATE REPRESENTATIVE FOR THE UTAH COUNTIES INDEMNITY POOL ANNUAL MEMBERSHIP MEETING.

Commissioner Horrocks indicated that in the past Mary Huntington and Dave Blackwell have been the representative and alternate representative for Emery County. Recently Dave Blackwell was appointed the UCIP Board of Directors. Leslie Bolinder was then appointed as alternate representative. It was suggested that Mary Huntington and Leslie Bolinder remain as Emery County's representative and alternate representative. Commissioner Jeff Horrocks made a motion approve of Resolution 10-14-14A appointing Mary Huntington as representative and Leslie Bolinder as alternate representative. The motion was seconded by Commissioner JR Nelson. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF RESOLUTION APPOINTING EMERY COUNTY'S REPRESENTATIVE TO THE BOARD OF THE SIX COUNTY INFRASTRUCTURE COALITION.

Commissioner JR Nelson made a motion to approve Resolution 10-14-14B appointing Commissioner Jeff Horrocks as Emery County's representative to the Board of the Six County Infrastructure Coalition through the end of December 2014 and beginning January 2015 appoints Commissioner Ethan Migliori to represent Emery County on the Board of the Six County Infrastructure Coalition. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

RATIFICATION OF AMENDMENT 7 TO COOPERATIVE AGREEMENT 68-8D43-12-49 BETWEEN UNITED STATES DEPARTMENT OF AGRICULTURE NATURAL RESOURCES CONSERVATION SERVICE (NRCS) AND EMERY COUNTY FOR FA FUNDING INCREASE.

Sheriff Funk indicated that amendment #7 to the Cooperative Agreement 68-8D43-12-49 between United States Department of Agriculture Natural Resources Conservation Service (NRCS) and Emery County is for funding increase to complete the Huntington Canyon Debris Basin Project. Commissioner JR Nelson made a motion to approve Amendment #7 to Cooperative Agreement between NRCS and Emery County. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(8)

RATIFICATION OF AMENDMENT 7 TO COOPERATIVE AGREEMENT 68-8D43-12-48 BETWEEN UNITED STATES DEPARTMENT OF AGRICULTURE NATURAL RESOURCES CONSERVATION SERVICE (NRCS) AND EMERY COUNTY FOR TA FUNDING INCREASE.

Commissioner JR Nelson made a motion to approve amendment #7 to Cooperative Agreement 68-8D43-12-48 between NRCS and Emery County for an increase in technical assistance funding for the Huntington Canyon Debris Basin. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(9)

RATIFICATION OF CHANGE ORDER #5 FOR HUNTINGTON CANYON NORTH DEBRIS BASIN PROJECT 2013.

Jonathon Johansen, J&T Engineering explained that Change Order #5 for the Huntington Canyon Debris Basin Project 2013 has been under the gun to get completed by the end of October due to the length of time it took to get the Army Corp of Engineers process completed. There was a time constraint to get the work completed so the change order was signed to hasten the work. Commissioner Horrocks indicated that the signing of the change order needs to be ratified. Commissioner JR Nelson made a motion to ratify the signing of Change Order #5 for the Huntington Canyon Debris Basin Project 2013. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(10)

CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN THE STATE OF UTAH DIVISION OF STATE PARKS AND RECREATION AND EMERY COUNTY FOR PURCHASE OF EQUIPMENT TO CONSTRUCT AND MAINTAIN TRAILS.

This request was generated by the Emery County Trails Committee. The State Parks awarded the Trails Committee an \$8,000.00 grant to purchase equipment that will assist in maintaining trails in Emery County. Emery County will own and maintain the equipment. There will be an agreement with Weed and Mosquito to store the equipment for the winter months.

Commissioner JR Nelson made a motion to work with the county Attorney to make a Cooperative Agreement with State Parks to purchase the equipment and the Clerk/Auditor's office to place bids to make the purchase. The motion was seconded by Commissioner Jeff Horrocks. The motion passed. It was indicated that the equipment will be Rokon Moto-Tractor.

(11)

CONSIDERATION AND POSSIBLE APPROVAL OF REQUEST TO REDUCE OR WAIVE AMBULANCE FEES FOR PAMELA BROWN.

After reviewing the information submitted by Pamela Brown it was determined that the form was not completed correctly. Commissioner JR Nelson made a motion to deny a request to reduce or waive ambulance fees for Pamela Brown and to request more information. If we do not hear back from her then the account will be sent to collections. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(12)

RATIFICATION OF BEER TAX FUNDS ANNUAL REPORT FOR EMERY COUNTY FY 2014.

Sheriff Funk indicated that beer tax funds are used to fund DUI programs and other programs such as Graduation Night. The report was previously signed to meet date requirements.

Therefore, Commissioner JR Nelson made a motion to ratify the Beer Tax Funds Annual Report for Emery County FY 2014. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

| 2) | Precise Plumbing/Heating<br>Air Conditioning and Construction | base bid \$136,590.00 | total bid \$167,237.97 |

Commissioner JR Nelson made a motion to give authority to Commission Chairman Jeff Horrocks to accept or reject bids and sign necessary paperwork after consideration by Clerk/Auditor Brenda Tuttle, Sheriff Greg Funk, County Attorney David Blackwell and Johansen & Tuttle Engineering. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(2)

CONSIDERATION AND APPROVAL OF LOCAL GOVERNMENT CONTRACT BETWEEN EMERY COUNTY AND THE STATE OF UTAH LOCAL GOVERNMENT ENGINEERING SERVICES FOR PROJECT NO. F-1612 (10) 0 SOUTH MOORE CUT-OFF ROAD PHASE 10.

Merrill Johansen, Johansen & Tuttle Engineering explained that the South Moore Cut-Off Road Project has been going on for at least 10 years. There was money left from the previous phases of the project (approximately \$1 million dollars) so it needs to be used for another project on this road or be returned to the Federal Government. UDOT suggested acceleration lanes near the exit to I-70 and another one at Highway 10. The work will be administered by Special Service District with an 80/20 match. A contract between Emery County and the State of Utah Local Government Engineering Services for Project No. F-1612 (10) 0 South Moore Cut-Off Road Phase 10 needs to be signed before advertising for the project construction. Commissioner Ethan Migliori made a motion to approve of Local Government Contract between Emery County and the State of Utah Local Government Engineering Services for Project No.-1612 (10) 0 South Moore Cut-Off Road Phase 10. The motion was seconded by Commissioner JR Nelson. The

motion passed.

(3)

CLARIFICATION OF ENGINEERING CONTRACT WITH JOHANSEN AND TUTTLE  
ENGINEERING FOR THE HUNTINGTON CANYON DEBRIS BASIN & EROSION  
CONTROL STRUCTURE PROJECTS 2013.

Merrill Johansen, J & T Engineering clarified that the engineering contract with Johansen & Tuttle Engineering for Huntington Canyon Debris Basin & Erosion Control Structure Projects 2013 is actually \$166,500.00 for the design and \$55,500.00 for the inspections. No mention was made of the inspection fee at the time the contract was approved on October 22, 2013. In discussions with J&T they have suggested that the inspection fee could be lowered if the inspections were billed on an hourly basis rather than a flat amount. J&T will provide actual hours worked on the project and bill accordingly saving money on the project. Therefore, the inspection part of the contract may come in under the amount originally contracted.

(4)

CONSIDERATION AND APPROVAL OF RESOLUTION REQUESTING THE RE-  
CERTIFICATION OF THE EMERY COUNTY JUSTICE COURT, FIRST PRECINCT  
(CASTLE DALE, UTAH) AND SECOND PRECINCT (GREEN RIVER, UTAH).

Commissioner Migliori indicated that he has visited with Judge Steve Stream regarding whether to keep the Green River Court open five days a week. Judge Stream indicated that until it becomes a budget crisis then he recommended keeping it open. The revenue compared to expense is under what they bring in for revenue. Commissioner Migliori felt like with the expanding of growth anticipated in Green River that it would be wise to keep it open rather than have to reopen it later. Commissioner Ethan Migliori made a motion to support Judge Stream's plea to keep Green River Court open for now and approve Resolution 10-20-14 requesting the re-certification of the Emery County Justice Court, First Precinct (Castle Dale, Utah) and Second Precinct (Green River, Utah). The motion was seconded by Commissioner JR Nelson. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF APPLICATION FOR STREAM ALTERATION ON  
SHOEMAKER WASH.

Merrill Johansen indicated that this is a request from the Army Corp of Engineers as a part of the

JAMES HUGGARD, DISCUSSION OF FLOODING ISSUES OF THE COTTONWOOD CREEK AND POSSIBLE SOLUTIONS.

James Huggard and Mark H. Williams came before the Board of Commissioners to discuss flooding issues of the Cottonwood Creek. Mr. Williams provided a history of issues regarding the 24 acres of property he owns along the Cottonwood Creek. He indicated that over the years he has given the county easements for numerous functions. In 1986 there was a big flood that culverts could not hold so the county put in a dip to help with the flow of the creek. He indicated he has 24 acres with sewer lines and two drainage lines and other things on his property. This is the first year in 65 years that the flood has ever come out of the river and flooded this far out into his property. He indicated he has given and given to the county and feels that the county should help him out. Neighbors are getting tired of losing hay, corrals and fencing to flood water. The county did not come down and clean out the grate until the day of this last flooding incident, when the grate at the dip filled with debris. Everybody scrambled down to clean it out, moving the water down the creek. However, not before some damage was done. Mr. Huggard indicated that he bought the property from Mr. Williams about three years ago. Mr. Huggard stated that since he has owned the property he estimates he has lost approximately \$5,000.00 a year to flood damage from the Cottonwood Creek flooding onto his property. He asked that the County consider clearing out the dip in the creek that recently filled with logs and debris from the storms of August. He stated that if the dip was functioning correctly the flooding would not have occurred. Mr. Huggard asked if it was possible to request a 404 permit from the Army Corp of Engineers? Johansen & Tuttle Engineering suggested that they were willing to look at it and work through the process of application for approximately \$1,000.00. The question of funding was discussed as well as whether a 404 permit was necessary. Captain Ekker as Emergency Management Director agreed to look at mitigation options.

CONSIDERATION AND APPROVAL OF ENGINEERING CONTRACT FOR THE CLEVELAND LIBRARY PARKING LOT PROJECT 2014.

Brandon Brady, Johansen & Tuttle Engineering presented a contract in the amount of \$5,000.00 for the Cleveland Library Parking Lot Project 2014. He explained that the contract is for the design and construction of ADA stalls in the parking lot to bring it up to ADA requirements. Library Director Carole Larsen indicated that the project is approved in the Library budget. Commissioner JR Nelson made a motion to approve an engineering contract with J&T Engineering for the Cleveland Library Parking Lot Project 2014 in the amount of \$5,000.00. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

DISCUSSION OF ADVERTISING FOR PUBLIC DEFENDER REQUEST FOR PROPOSALS.

Commissioner Horrocks indicated that the Emery County Commission has received a request from a legal firm asking Emery County to consider requests for proposals for public defender service. The Commissioners discussed whether there was a need to advertise for proposals. The consensus was that they were content with the service being provided at this time.

(8)

CONSIDERATION AND ADOPTION OF THE EMERY COUNTY EMERGENCY OPERATIONS PLAN.

Captain Kyle Ekker explained that the Emergency Operations Plan is a working document that is subject to change. It has been designed for the cities to adopt also. This plan has to be in place in the event of a disaster in order to receive assistance from FEMA. Commissioner Ethan Migliori made a motion to adopt the Emery County Emergency Operations Plan. Planning and Zoning Committee Chairman Mac Huntington came before the Board of Commissioners to request that a Public Hearing be set to receive comments on proposed amendments to Sections 6 and 11 of the Emery County Zoning Ordinance. He added that changes to land use activity in the Zoning Ordinance requires a public hearing. November 25, 2014 at 10:00 am was set for a public hearing to receive comments on amendments to the Emery County Zoning Ordinance.

(11)

LORI LARSEN, DISCUSSION OF MINER'S MEMORIAL IN EMERY COUNTY.

Dennis Ardohain and Lori Larsen discussed plans to construct a Miner's Memorial in Emery County. They are currently working on putting a Miner's Memorial in Carbon County. They are a 5013C for rural Utah. They have an account set up at UP&L Credit Union where they have had sponsors donate funds to construct the memorials in Carbon and Emery Counties. They are working on a grant to go to CIB for funding. They have so far collected 1370 names of miners who have perished in mining incidents in Carbon County. They invited Emery County to participated in discussions for a place to put a memorial and names of fallen miners in Emery

*Commissioner Migliori*

Commissioner Migliori reported that Jake Atwood and the Rodeo Committee received a national award, “ Best Small Rodeo Award”. He reported on changes in the Emery County Care and Rehabilitation Center. They have been working on fine tuning their operations at the center and are in a much better position with better productivity.

He reported on attending an excellent Coal Symposium where the focus was on changes in coal and the new future for coal.

He reported on the Economic Development Committee and their efforts to assist small businesses in Emery County with loans to assist in local business development. He reported that Mike McCandless is no longer working for Emery County, he has new employment with Epic. He added that Mike has been a good asset for Emery County and he appreciated his service for the county. The Travel Bureau is making preparations for travel shows that begin the first of the year.

Janet Petersen, who has been a figure in the forefront of the Museum of the San Rafael for many years, is retiring. On November 4 there will be a luncheon to honor her service.

He reported on the progress of the Huntington State Park/Huntington City Trail under the direction of the Trails Committee.

*Commissioner Horrocks*

Commissioner Horrocks attended a bus tour of the Hunter Power Plant with several Washington delegation staff members, Senate Representatives Hinkins and VanTassel and others. The purpose was to educate the rest of the state as to the need for power plants and especially coal fired power plants.

He reported on the success of the recent Coal Rally held in Carbon County. There was a good response with approximately 5,000 people attending.

There was a fire at one of the housing units in Castle Dale. HUD is looking into how to rebuild the unit.

ITEMS PULLED FROM THE CONSENT AGENDA.

Nothing was pulled for discussion.

(2)

EMPLOYEE OF THE MONTH

Commissioner Ethan Migliori presented Employee of the Month to Janet Damon. Janet is a great asset to the Emery County Recorder's office and the citizens of Emery County. She came to work for the office seven years ago and since day one has shown her dedication to doing a good job in all he duties assigned to her.

Her helpfulness to the public is appreciated by all those who come into the office. She goes above and beyond to make sure the public gets the information they need. Many compliments have been made about how accommodating she is with the public. One gentleman actually brought a pizza to the office because Janet was so helpful to him. It is this kind of attribute that is so important when working with the public. Janet appreciated her job and being able to help the public.

Janet's job duties also entail a variety of office duties dealing with the recording of the many different types of documents which pass through the Recorder's office each day. She is very conscientious of the importance of accuracy in dealing with the documents.

In the upcoming months Janet will be training the newly elected Recorder, Connie Jensen, and a new employee who will be replacing Sharon Boyle. This will be a challenge for one person to train two new employees at the same time but Janet will be up to the job ahead of her. The Recorder's office will be in good hands as these new changes take place.

Janet received a certificate of appreciation and Emery County Chamber Bucks.

Motion to leave the regular meeting and move into a Public Hearing was made by Commissioner JR Nelson, seconded by Commissioner Ethan Migliori and the motion passed. At the conclusion of the public hearing the Commissioners will return to the regular meeting agenda.

10:00 A.M.- PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT ON PROPOSED CHANGES TO THE EMERY COUNTY ZONING ORDINANCE SECTIONS 6-17-10 ADVERTISING SIGNS AND BILLBOARDS, TABLE 9-11, 11-2-3 CELL TOWERS AND FACILITIES, AND 11-2-4 ALTERNATIVE ENERGY SOURCES- SOLAR SYSTEMS.

Commissioner Horrocks turned the meeting over to Mack Huntington, Chairman of the Emery County Planning Commission. Mack stated that the Emery County Commissioners are charged with the care of the Emery County General Plan. It is the duty of the Emery County Planning Commission to recommend amendments and changes to the document as needed. This past year the Planning Commission has been working on the Emery County Zoning Ordinance with the task of amending the document to address things that may be of importance in the future. The purpose of this public hearing is to receive public comment on proposed changes to the zoning ordinance with respect to advertising signs and billboards, cell phone towers and facilities and alternative energy sources-solar systems. This ordinance deals only with land use on the unincorporated portions of the county. It is not related to land use on state roads or municipalities. Amended portions of the Zoning Ordinance were indicated in red type within the document and have been available for the public to view at the Clerk/Auditor's office for thirty days prior to this public hearing.

There were no comments from the public.

Commissioner JR Nelson made a motion to return to the regular meeting agenda. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF AMENDMENTS TO THE EMERY COUNTY ZONING ORDINANCE SECTIONS 6-17-10 ADVERTISING AND BILLBOARDS, TABLE 9-11, 11-2-3 CELL TOWERS AND FACILITIES, AND 11-2-4 ALTERNATIVE ENERGY SOURCES- SOLAR SYSTEMS.

Commissioner Ethan Migliori made a motion to adopt the amendments to the Emery County Zoning Ordinance Sections 6-17-10 Advertising and billboards, Table 9-11, 11-2-3 Cell Towers

and Facilities, and 11-2-4 Alternative Energy Sources- Solar Systems as recommended by the Emery County Planning Commission. The motion was seconded by JR Nelson. The motion passed.

(5)

TERRY LOFTHOUSE, PRESENTATION AND DISCUSSION ON WAYS TO ENHANCE TOURISM IN EMERY COUNTY.

Terry Lofthouse, Castle Dale citizen and business owner of Old Utah Trails Company came before the Board of Commissioners to make a presentation and discuss ways to enhance tourism in Emery County. Mr. Lofthouse has a business that offers tour packages to encourage people to come to Emery County and experience what this county has to offer. He offers tours of the area for a 1 day to a 9 day tour on the San Rafael. At this time the tours do not include National Parks in an effort to keep people in the county. He offers lodging, meals, guided tours, transportation fees to any park (such as golfing), pick-up from the airport and transport to Emery County and returned back to the airport. He commented that there are several other businesses in the area that offer tours on the San Rafael such as LaMar Guymon's bicycle tours on the Swell. There are businesses that rent ATV's, there are businesses that offer river rafting tours on the Green River just to mention a few. Mr. Lofthouse indicated that he applied with the BLM for a permit in February of 2013. It is coming up on two years now and he still does not have a permit to operate his business on BLM land. Dixie Thompson, Castle Dale told the Commissioners that getting a permit with the BLM is something that the Commissioners help with. These types of businesses in Emery County are good for tourism in the county. Mr. Lofthouse indicated that the reason he is here today is to petition the Commissioners to help with obtaining the necessary BLM permit to operate his business. Also, he asked that the Commissioners put together a council of key people from tourism to assist those who are seeking to offer tourism opportunities in the county.

(6)

DEB DULL, ROCKY MOUNTAIN POWER- CONSIDERATION AND APPROVAL OF RESOLUTION GRANTING AN ELECTRIC UTILITY FRANCHISE AND GENERAL UTILITY EASEMENT TO ROCKY MOUNTAIN POWER.

Deb Dull, Rocky Mountain Power came before the Board of Commissioners to request approval for a proposed resolution granting an electric utility franchise and general utility easement to Rocky Mountain Power. Attorney David Blackwell indicated that the term of the easement was changed to twenty-five years and was previously agreed upon by both parties. Commissioner JR Nelson made a motion to approve Resolution 11-15-14 granting an electric utility franchise and general utility easement to Rocky Mountain Power. The motion was seconded by Commissioner

COAL STUDY PRESENTATION

Keith Heaton, Director of Rural Planning and Community Development along with Michael Hansen, Nick Baker and Shannon Elsworth came before the Board of Commissioners to make a presentation and report by the Rural Planning Group on the future of Coal in Utah. Michael Hansen presented an extensive report on the future of Coal in Utah.

(8)

RATIFY FY2014 HOMELAND SECURITY GRANT PROGRAM ARTICLES OF AGREEMENT AND GRANT AWARD.

Commissioner Horrocks indicated that the FY2014 Homeland Security Grant Program Articles of Agreement and Grant Award was previously signed due to time constraints and the length of time between Commission Meetings. Commissioner Ethan Migliori made a motion to ratify the signing of FY2014 Homeland Security Grant Program Articles of Agreement and Grant Award. The motion was seconded by Commissioner JR Nelson. The motion passed.

(9)

CONSIDERATION AND APPROVAL OF LEASE BETWEEN EMERY COUNTY AND EC CARE AND REHABILITATION FOR OPERATION OF THE NURSING HOME.

Ross Huntington, Chairman of the Emery County Care and Rehabilitation Board came before the Board of Commissioners to request approval of a lease agreement between Emery County and ECCR for the operation of the nursing home. Mr. Huntington indicated that the Board has made a number of improvements to the nursing home. They have made efforts to be less institutionally structured like a hospital and moved to be a more individually based facility. There has been a change in attitude for the way they care for your loved ones. Commissioner Migliori stated that a year ago the facility had an audit in which they got hammered for a lack of attention to detail. This latest audit was much different. The nursing home received praises for their changes. Mr. Huntington indicated that this lease agreement is for the year 2014 and they will have to renew the lease agreement in 2015. Commissioner Ethan Migliori made a motion to approve of a Lease Agreement between Emery County and Emery County Care and Rehabilitation for operation of the nursing home. The motion was seconded by Commissioner JR Nelson. The motion passed.

(10)

CONSIDERATION AND APPROVAL OF MODIFICATION NO.1 AND EXTENSION FOR HUNTINGTON STATE PARKS TRAIL SYSTEM- PHASE II (STATE CONTRACT #131770)

Commissioner Migliori explained that modification #1 and extension for Huntington State Parks Trail System- Phase II is to re-allocate funds that were allocated for paving the trail. The funds will now go towards creating a parking lot and providing a sixty foot trail extension. The contract has been extended to August 31, 2015. Commissioner Ethan Migliori made a motion to approve of Modification No. # 1 and Extension for Huntington State Parks Trail System- Phase II (contract #131770). The motion was seconded by Commissioner JR Nelson. The motion passed.

(11)

CONSIDERATION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING BETWEEN EMERY COUNTY AND HUNTINGTON CITY FOR PAYMENT OF HUNTINGTON STATE PARK TRAIL SYSTEM PHASE II.

Commissioner Ethan Migliori made a motion to table this matter until the December 16<sup>th</sup> Commission Meeting. The motion was seconded by Commissioner JR Nelson. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN THE STATE OF UTAH DIVISION OF STATE PARKS AND RECREATION AND EMERY COUNTY FOR THE CREATION OF A PROMOTIONAL VIDEO OF THE STATE PARKS LOCATED IN EMERY COUNTY.

Commissioner Migliori explained that the State of Utah Division of State Parks and Recreation is interested in boosting the number of visitors to state parks. The division has set aside a small amount of funding to do some promotional activities with local media, and would like to partner with the county in making this happen. They have had discussions with Chad Booth, producer of At Your Leisure (AYL)/The County Seat to create promotional videos for each of the state parks. They anticipate this costing \$1210.00 for each park. They are prepared to grant funding to the county for each state park in a 75/25 split (75% Division, 25% county). The division will pay \$900.00 per state park. AYL will in turn invoice the counties \$1210.00 per park. The county will pay \$310.00 per state park. The funds will come from the Travel Council. Commissioner Ethan Migliori made a motion to approve of Cooperative Agreement between the State of Utah Division of State parks and Recreation and Emery County for the creation of a promotional video of the state parks located in Emery County. The motion was seconded by Commissioner JR

Nelson. The motion passed.

(13)

(14)

CONSIDERATION AND APPROVAL OF COMMISSION TAX ADJUSTMENT  
CORRECTING MARKET VALUE ON PARCEL NUMBER 01-0112-0005/BILL Z. JONES.

Senior Deputy Assessor Carol Riddle presented a Commission Tax Adjustment request correcting market value on parcel #1-112-5/Bill Z. Jones. The home has the wrong market value (\$6,082,010) in the Singer program. Value needs to be changed to true market value (\$154,746). The Assessor's Office had no idea how the value was changed. Since BOE is closed they need to change the amount of tax dollars collected. Previous tax dollars was \$46,848.21. New tax dollars is \$1,191.96. Commissioner JR Nelson made a motion to approve the Emery County Assessor's request to change the amount of tax collected for parcel # 1-112-5/Bill Z. Jones. The motion was seconded by Commissioner Ethan Migliori. The motion passed. (Total tax dollars difference is -\$45,656.25)

(15)

CONSIDERATION AND APPROVAL OF COMMISSION TAX ADJUSTMENT  
CORRECTING MARKET VALUE ON PARCEL NUMBER 01-070C-0019/TURNQUIST  
COTTAGES, BUTCH WILCOX.

Senior Deputy Assessor Carol Riddle presented a Commission Tax Adjustment request for parcel # 1-70C-19/Turnquist Cottages. Turnquist is close to a 50% vacancy rate. Previous tax dollars was \$5,025.91. New tax dollars is \$3,075.43. Commissioner Ethan Migliori made a motion to approve the Commission adjustment request for Turnquist Cottages as presented. The motion was seconded by Commissioner JR Nelson. The motion passed. (Total tax dollars difference is -\$1,950.48)

(16)

CONSIDERATION AND APPROVAL OF COMMISSION TAX ADJUSTMENT PRO-RATING TAX ON PARCELS #01-0013-0028 AND 01-0013-0029/EMERY WATER CONSERVANCY DISTRICT.

Senior Deputy Assessor Carol Riddle presented a Commission Tax Adjust request for parcel #1-13-28 & #1-13-29/Emery Water Conservancy District. The buildings went from privately owned to and exempt government entity. The buildings were privately owned from January through May. In May the buildings were deeded over to EWCCD. Jay Mark Humphrey, EWCCD explained that eventually there will be a building in the vacant spot where the buildings have now been torn down and the land cleared off. He new building will house EWCCD, CVSSD and Castle Dale City Hall. Parcel #1-13-28 previous tax dollars was \$686.31, new tax dollars is \$285.95. Parcel #1-13-29 previous tax dollars was \$778.27, new tax dollars is \$324.25. After some discussion , Commissioner Ethan Migliori made a motion to abate the whole tax amount owing because it is a government entity. The motion was seconded by Commissioner JR Nelson. The motion passed. (Total tax dollars difference is -\$854.38)

(17)

CONSIDERATION AND APPROVAL OF COMMISSION TAX ADJUSTMENT ROBERT KILLPACK.

Senior Deputy Assessor Carol Riddle presented a Commission Tax Adjustment request for parcel #1-13B-38/Robert Killpack. This parcel needs to be put on Greenbelt as it has been being farmed for at least the last 2 years. Previous tax dollars was \$158.07, new tax dollars is \$4.52. Commissioner Ethan Migliori made a motion to approve a Commission Tax Adjustment for parcel #1-13B-38/Robert Killpack as requested. The motion was seconded by Commissioner JR Nelson. The motion passed.

(18)

CONSIDERATION AND APPROVAL OF EMERY COUNTY LEGAL DEFENDER AGREEMENT WITH DAVID ALLRED.

Commissioner Migliori indicated that in the past Emery County has contracted with David Allred who has done a great job for the county. The Public Defender contract is up for renewal. The new contract for public defender is \$4,700.00 with Mr. Allred. The Public Defender Contract covers Drug Court, Juvenile Defense and Public Defense for District Court and Justice Court and Parental & Family Court. The commissioners received a proposal from another law firm, Oliver & Sitterud in the amount of \$4,250.00. Thomas Sitterud from Oliver & Sitterud explained that his firm would have the time to devote to the needs of Emery Count citizens in all aspects of the law. Mr. Allred handles criminal cases in Carbon County as well as Public

Defender in Emery County. Time is the resource his firm has to offer. Commissioner Horrocks reminded the Commissioners that this issue needs to be dealt with before the first of the year. McKette suggested that Oliver & Sitterud could be used as 3<sup>rd</sup> conflict on a case by case basis. Mark Tanner commented that as the Commission ponders this decision one of the elements to consider is the loyalty that Mr. Allred has shown over the course of these many years. This is his practice. He has no private practice. Public Defense is his work. It is his job. It is his business. For the last twenty years that is all he has done. Mrs. Allred does have a business on the side. David Allred's work has always been Public Defense. He stated that he felt that he has always done a tremendous job for the county. He deals very well with the clientele that are involved in the Public Defense contract. He stated that he felt that to change that merely because there is another very competent firm for \$500.00 a month less cost would be very unjust for Mr. Allred and short minded for the county. He strongly encouraged the Commission to take action now, recognizing loyalty, recognizing service, recognizing competency. Thomas Sitterud commented that the important thing for the Commissioners to look at is time. He indicated that their firm has the resources and time to put into this type of contract.

Commissioner Ethan Migliori made a motion to renew the Public Defender Contract with David Allred including involving Oliver & Sitterud in 3<sup>rd</sup> conflict cases. The motion was seconded by Commissioner JR Nelson. The motion passed.

(19)

CONSIDERATION AND APPROVAL OF EMERY COUNTY LEGAL DEFENDER AGREEMENT (CONFLICTS) WITH MARK H. TANNER, P.C.

Commissioner Horrocks indicated that Mark Tanner speaks Spanish and is a valuable asset as legal defender in conflict cases. Mr. Thomas reminded the Commissioners that the court does provide court interpreters. He felt that the resource of time is still an important factor to be considered. Commissioner JR Nelson made a motion to approve a Legal Defender Agreement (Conflicts) with Mark H. Tanner, P.C. and involve Oliver & Sitterud in 3<sup>rd</sup> conflict cases as needed. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(20)

CONSIDERATION AND APPROVAL OF CONSULTING SERVICES CONTRACT BETWEEN AMERICAN PREPARATORY SCHOOLS, INC. AND EMERY COUNTY FOR SUPPORT TO COUNTY/PERSONNEL.

Commissioner Ethan Migliori made a motion to move this item to the December 16<sup>th</sup> Commission Meeting as requested by Attorney David Blackwell. The motion was seconded by Commissioner JR Nelson. The motion passed.

(21)

CONSIDERATION AND APPROVAL OF INTER-AGENCY COORDINATION AND SUB-RECIPIENT CONTRACT AGREEMENT BETWEEN EMERY COUNTY AND SOUTHEASTERN UTAH ASSOCIATION OF LOCAL GOVERNMENTS.

Debbie Hatt, Executive Director of Southeastern Utah Association of Local Governments came before the Board of Commissioners to request approval of Inter-Agency Coordination and Sub-recipient Contract Agreement between Emery County and SEUALG FY 2014-2015. Commissioner Horrocks commented that the money the county provides to the SEUALG for the Area Agency on Aging program is used to leverage additional funds from the state to provide for the programs in Emery County. They provide a great service to the Senior Citizens of this county. Commissioner JR Nelson made a motion to approve of Inter-Agency Coordination and Su-Recipient Contract Agreement between Emery County and SEUALG FY 2014-2015. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(22)

DISCUSSION AND POSSIBLE APPROVAL OF CLAIMS SUBMITTED FOR PAYMENT WITHOUT REQUISITIONS.

Commissioner JR Nelson made a motion to remove this item from the agenda as the issue has been resolved. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(23)

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Nelson*

Commissioner Nelson talked about efforts of Emery County citizens to provide input regarding the update the USDA Master Plan. He talked about disappointment at the recent CIB funding session where efforts to procure funds to build the EWCCD/CVSSD/CD City building were not met favorably. EC Fire Protection SSD did, however, receive the funds needed to procure new fire trucks.

*Commissioner Migliori*

Commissioner Migliori reported on attending Coal Symposiums where they discussed efforts to continue to diversify. They encouraged entities to work to approach things differently and not jump the gun. He reported on several projects in the county. During recent COG meetings the mayors have focused on economic development and working together to facilitate each others

resources.

*Commissioner Horrocks*

Commissioner Horrocks talked about low income housing issues. He reported on UAC conference. He reported that the 7 County Coalition is now complete with 7 counties signed on to participate. He asked Tina Carter to report on Travel Council activity. Tina reported on advertising promotions using the new videos for bouldering and mountain biking in Emery County. Emery County is one of 5 pilot counties in the state used to look at infrastructure and what we have to offer in our county.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSION  
DECEMBER 16, 2014

(4)

CONSIDERATION AND APPROVAL OF EMERY COUNTY BOARD OF COMMISSION  
AND LOCAL BUILDING AUTHORITY OF EMERY COUNTY MEETING SCHEDULED  
FOR FY2015.

Commissioner Migliori indicated that the time change from 9:00 am to 3:00 pm is to allow the Commissioners additional time to prepare for the meeting. The Commission Meeting times were originally set for the second and fourth Tuesdays of each month. However, there was a conflict with important meetings held by Four Corners and other Health Board meetings which a commission representative must attend. Commissioner Migliori stated that he felt it was important to stay consistent with meetings to assure citizen participation. Clerk/Auditor Brenda Tuttle suggested changing the meeting dates to the first and third Tuesdays and keep the time at 3:00 pm. The Commissioners agreed that would solve the problem. Therefore, Commissioner Ethan Migliori made a motion to set Commission Meeting for the first and third Tuesdays of each month with LBA meetings preceding Commission Meeting at 2:30 pm. The motion was seconded by Commissioner JR Nelson. The motion passed.

(1)

ITEMS PULLED FROM THE CONSENT AGENDA.

Nothing was pulled.

(2)

PRESENTATION OF EMPLOYEE OF THE MONTH

Commissioner Migliori presented Employee of the Month to Clinton Olsen. Clinton Olsen has worked for Emery County for 9 years as the IS/GIS Tech. During this time he has proven his worth, dedication, and commitment to Emery County. He is always willing to work hard on whatever project he is assigned to. He perseveres through many arduous tasks and follows them through to completion. His honesty and work ethic are impeccable.

Clinton's work on mapping applications with the Emery County website are saving the county a significant amount of money and provides easy access to data for consumption by the public. Other departments and businesses in the county have found value in these applications and use them on a daily basis.

COMMISSION MEETING MINUTES  
FEBRUARY 3, 2015

Clinton's work on the Emery County trails maps have been excellent. He has gathered data and collaborated with many organizations and groups interested in consolidating data into an organized map application. His ambitions to explore and enjoy what Emery County has to offer has made his insight on this project invaluable. The maps allow you to download them and use the GPS on your device to track your location. This will help residents and visitors explore the rugged San Rafael.

Clinton was presented with a plaque of appreciation and Emery County Business Chamber Bucks.

(3)

RATIFY LETTER OF SUPPORT TO THE PRISON RELOCATION COMMITTEE TO CONSIDER THE EMERY COUNTY REGION FOR RE-LOCATION OF A NEW STATE PRISON.

Commissioner Migliori explained that due to the controversy surrounding the location for a new prison facility along the Wasatch front they have opened it up to other areas of the state. Carbon and Emery County officials have met and decided to submit application to the Prison Relocation Commission as a joint application. A letter was drafted and signed by the Commissioners of both counties in support of the application. The letter is as follows:

Please accept this letter of support from the Carbon County Commission and the Emery County Commission, including our joint application to relocate the Utah State Prison to our counties.

This is a regional application as opposed to a single county application because it would be beneficial to both counties if the new prison were built in either Carbon or Emery County. Carbon and Emery Counties have a long history of working together as our local communities are tied to the coal and power industries.

Our communities are highly interested in the new correctional facility which would bring jobs to our areas and help diversify our economies. Our counties have ample land that will fulfill application requirements without fear of development encroachment or environmental constraints, as well as access to water, electricity, natural gas, telecommunications, airport service, etc. as outlined in the application.

Carbon and Emery Counties endorse this joint application and welcomes any questions or comments from the Prison Relocation Commission. We invite you to personally visit our sites at your earliest convenience and meet with our local leaders to address any questions or concerns that you may have.

COMMISSION MEETING MINUTES  
FEBRUARY 3, 2015

Commissioner Migliori indicated that he has met with many entities and citizens and has received favorable responses in support of the possibility of relocating the State Prison in this area. He stated that the application and letter of support was sent on January 29, 2015 and asked that the endorsing and sending of the letter to the Utah State Prison Relocation Commission be ratified by the Emery County Commissioners.

Steve Barton asked the Commissioners if the public will have an opportunity to comment on this issue?

Commissioner Migliori stated that this is just an application process and of course if we are considered, there will be some much needed education and public comment/input discussions.

Commissioner Keith Brady made a motion to ratify the signing of a letter of support to the State Prison Relocation Commission to consider the Emery County region for re-location of a new state prison. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

CONSIDERATION AND APPROVAL OF UPPER PAYMENT LIMIT ASSISTANCE FOR EMERY COUNTY CARE AND REHABILITATION.

Ross Huntington, Chairman of the Emery County Care and Rehabilitation Board discussed Upper Payment Limit assistance. He explained that this a program provided through the State Department of Health to provide assistance to health facility such as ECCR that is not state owned. ECCR qualifies for this program. The program requires seed money and can be submitted by a sponsoring entity. Medicaid or Medicare money cannot be used as seed money for this program. The required payment is \$36,986.81. With that payment the ECCR will receive \$110,000.00. When the ECCR receives the money, they will return the \$36,986.81 to make the County whole again. The ECCR will have \$73,013.19 to assist them in their programs. This same financial assistance from the County was done in 2014 successfully. Mr. Huntington asked that the Emery County Commissioners consider sponsoring the Upper Payment Limit Assistance for Emery County Care and Rehabilitation again. Commissioner Paul Cowley made a motion to approve of Upper Payment Limit Assistance for Emery County Care and Rehabilitation. The motion was seconded by Commissioner Keith Brady. The motion passed.

(16)

DISCUSSION OF ELECTRICAL PROBLEM IN CLERK/AUDITOR'S OFFICE AND APPROVAL OF COURSE OF ACTION.

Commissioner Cowley explained an electrical problem in the Clerk/Auditor's office. An intense smell permeated the Clerk/Auditor's office for several days last week. It was determined that the smell was from a shorted out outlet. An electrician was called in and determined that there was a big draw on amps in that room. The wiring in the building was not designed for the additional draw of amps from the advanced technology we use today. Commissioner Cowley suggested putting out an RFP to get proposal for upgrading the electrical wiring in the Clerk/Auditor's room. Clerk/Auditor Brenda Tuttle suggested that if the electrical in our office does not meet the needs then the rest of the offices are in question also. Commissioner Paul Cowley made a motion to advertise for a RFP from electrical contractor to provide a solution to the electrical problems existing in the Clerk/Auditor's office as well as the rest of the courthouse and make

recommendations to the Commission for solutions. The motion was seconded by Commissioner Keith Brady. The motion passed.

(17)

DISCUSSION AND POSSIBLE APPROVAL OF GRANT APPLICATION FROM ARCHIVES AND LIBRARIES FROM STORY CORPS TO OBTAIN PERSONAL HISTORIES OF VETERANS.

Bernice Payne explained that the Archives Department received an invitation from Story Corps that provides grants to libraries to obtain personal histories of veterans. She indicated that the grant provides \$2,500.00 stipend to be used for supplies and money to get to the person to be interviewed. They pick 10 applicants nationwide. They supply the equipment that will be left in the libraries. If we are chosen the work will be done in the Cleveland Library. Carole Larsen Library Director agreed with that as long as library staff is not used to do the work. Bernice indicated volunteers will be trained and is expense paid for training. This is just the application process. If they are chosen they will be back with the paperwork to be signed. The application is due on Friday, February 6, 2015. Commissioner Keith Brady made a motion to approve of a grant application from Archives and Libraries from Story Corps to obtain personal histories of veterans. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(18)

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Cowley*

Commissioner Cowley talked about what Kent Powell did with his war veteran memorial and hopes that what Bernice is trying to do will be similar. Commissioner Cowley reported on attending Museum of the San Rafael Board meeting where they discussed a number of things to bring interest to the museum. They have several events planned to draw people into the museum.

*Commissioner Brady*

Commissioner Brady reported on attending a catastrophic fire meeting with the Forest Service. Forest Service personnel are asking for input on areas of concern and possible control burn areas in the county. He reported that Four Corners does assessments of under age sales by businesses in the county. They did 18 last year and Emery County is 100% in compliance with the law. Emery County can be proud of that. The Emery County Aquatic Center has a Facebook page now that will be used as a platform to send out information. There are six Russians from three

COMMISSION MEETING MINUTES

different rural Russian organizations coming to Green River. The group is visiting rural communities who have met with economic and community growth and how they met the challenges that come with that growth. He provided an update of the activity with the new refinery in Green River. Rock River will be working in phases to complete the work which will begin in March. The first phase will be the rail spur. They plan to employ about 100 people. They anticipate that each phase will employ additional people. Green River City is on track to have all the annexation and taxing structures in place to assist in their development.

*Commissioner Migliori*

Commissioner Migliori recently attended a BLM scoping meeting where they discussed concerns for areas south of Green River specifically the San Rafael area. They talked about open/closed roads, improvements, signage, etc. He talked about attending COG meeting with the mayors of Emery County where the mayors were updated on the process with the relocation of the state prison. He encouraged the mayors to continue to be proactive with respect to economic development within their respective communities. He reported on a recent workplace safety seminar at the high school. There was a lot of participation by the students and people from the communities and around the state. The focus was on safety of kids in schools. Procurement and technical assistance is available for businesses that are interested in opportunities to export outside of the county.

#### DISCUSSION AGENDA

(1)

ITEMS PULLED FROM CONSENT AGENDA

Nothing was pulled for discussion.

Commissioner Paul Cowley made a motion to leave the regular meeting and move into a public hearing to receive public input regarding mental health and substance use disorder treatment needs in Emery County. The motion was seconded by Commissioner Keith Brady. The motion passed.

(2)

PUBLIC HEARING- TO RECEIVE PUBLIC INPUT REGARDING MENTAL HEALTH AND SUBSTANCE USE DISORDER TREATMENT NEEDS IN EMERY COUNTY.

Karen Dolan and Jennifer Thomas, Four Corners Behavioral Health addressed the Commissioners and public regarding mental health and substance use disorder treatment needs in Emery County. Ms. Dolan explained that state law and Medicaid statutes require that a public hearing be held to receive public input regarding these needs in the county. She indicated that Four Corners Community Behavioral Health serves Carbon, Emery, and Grand Counties. They have many programs available to the counties. They have early intervention programs in the schools, provide psychiatric hospitalization, manage state hospital beds allotted to them, and provide a prison diversion program, as well as many other programs. They are safety net providers so they receive funds through County, State, and Federal (Medicaid) Funds. Two of the executive team are residents of Emery County. Ms. Dolan asked the Commissioners and the public if they have any questions.

Attorney Michael Olsen reported that his office had received notice that the domestic violence treatment and anger management assistance programs will no longer be provided by the providing agency as of the end of February. Will Four Corners be picking up those programs for the counties?

Ms. Dolan was aware of the notice but was unsure of the time for that provider to discontinue the program. Four Corners does provide anger management but will not compete with the private sector while they were around. Now that they are leaving, she indicated that she was confident that Four Corners would be providing that service to the counties.

Commissioner Brady asked if there were any bills currently in legislation that are of particular concern to Four Corners?

Ms. Dolan reported on the few bills that affect mental health issues.

There were no additional questions.

Commissioner Keith Brady made a motion to leave the public hearing and return to the regular meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

Commissioner Keith Brady made a motion to leave the regular meeting and move into a public hearing to receive public input regarding the issuance of Castle Valley Special Service District General Obligation Bonds. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

PUBLIC HEARING- TO RECEIVE PUBLIC INPUT REGARDING THE ISSUANCE OF CASTLE VALLEY SPECIAL SERVICE DISTRICT GENERAL OBLIGATION BONDS IN TWO SERIES IN THE AGGREGATE PRINCIPAL AMOUNT OF NOT TO EXCEED \$2,055,000.

Jacob Sharp, Castle Valley Special Service District Manager addressed the Commissioners and public. He introduced Alex Buxton, Zions Public Finance. Mr. Sharp explained that the bonds are in two series and are part of the 2009 voter approved, up to 12.5 million dollar, general obligation bond issuance. He explained the CVSSD has 10 years in which to utilize the approved bond after which they will have to again go to the voters for approval for bonding funds. Typically CVSSD will issue a portion of that bond each year to do capital project throughout the county. These projects could be street improvement, drainage improvements, curb and gutter, and lately have been focused on infrastructure replacement like sewer and culinary water line replacement. 2015A is a \$705,000.00 bond from CIB at 1.5% interest and along with that they will receive \$500,000.00 grant money for a total of \$1,250,000.00. As long as the mayors in the communities continue to have projects that need to be done CVSSD will continue to do projects this way. 2015B is for a new water treatment project. This more of a once every 30 years or more project. CVSSD owns four water treatment plants. They operate three of the plants with a stand-by plant in Huntington Canyon. Huntington, Cleveland and Elmo is operated off of springs. The Huntington Canyon plant is there should the springs be depleted. They have a plant up Straight Canyon that supplies water to Castle Dale and Orangeville. They have a plant in Emery that supplies water to the town of Emery. The plant in Ferron supplies water to Ferron and Clawson. Jacob indicated that the plant in Ferron is the plant that they are proposing to replace. The plant was originally built in the late 60's but a new plant was built onto the side of it in the 70's and came on line in the early 80's when the power plants came into the county. The filters are worn out and the in process to repair equipment they can't get replacement parts anymore. It still makes good water, however, they have been limping it along so it needs to be replaced. They have settled on certain technology and came up with a cost estimate for the project. They took the project to the CIB and were approved for \$1.35 million bond at 1.5% and a matching grant for \$1.35 million. This is a much needed and necessary project. The Capital Improvement bond 2015A is a six year repayment plan with the CIB. The 2015B is scheduled for a 15 year repayment plan but CVSSD is looking at possibly trim that down to 10 years. The resolution that is proposed today provides CVSSD with a little flexibility to take the repayment plan down if they can while still keeping their debt service tax level. Alex Buxton added some history of CIB and the funds that are supplied to counties for these types of

projects. He stated that Jacob does an excellent job of accessing these funds. Grants that don't have to be repaid are tricky to come by. Fortunately Jacob has a great track record with this board and has been successful in getting excellent interest rates below the market rate. The closing on the Capital Improvement project 2015A would be end of March for the \$750,000.00. The 2015 B water treatment project in the amount of \$1.35 million will be issued later this year when the project has been bid out. Jacob provided some details for the new Ferron water treatment plant.

Commissioner Keith Brady made a motion to leave the public hearing and return to the regular meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

MAYOR PAT BRADY AND CITIZENS OF GREEN RIVER CITY, DISCUSSION OF DESIRE AND OPTIONS TO REOPEN DMV OFFICE IN GREEN RIVER.

Mayor Pat Brady along with a few citizens from Green River City. He presented a petition signed by citizens of Green River City urging the Emery County Commissioners to keep a County Assessor in their community, we are after all citizens of Emery County and you the County Commissioners have already taken away their justice of the peace, Green River City needs an Assessor. Without one our citizens will have to drive to Castle Dale to conduct their business which is a real hardship for our older people. Please replace Cheryl Keener and give us an Assessor. With that, he added, yes we have Castle Dale, Price, Moab, yes, we can go online but the older citizens don't know how to operate a computer or have access to a computer and it is hard for them to travel out of town. Construction owners with special equipment now have to go out of town to conduct that business. If this was a full time job up until Cheryl was not able to work anymore then why is this no longer a full time job? What has happened to prevent it from being full time? Sheriff Funk indicated that he can justify a full time deputy in Green River City. If something bad is going to happen in Emery County it is going to be in Green River. He indicated that he is going to make a push to have a full time deputy in Green River. Commissioner Migliori indicated that they looked at reducing the DMV staff in Green River a couple of years ago because on paper the work load just didn't justify a full time person. They made a decision to put it off until Cheryl retired and then make adjustments at that time. There are additional funds that come to the county through citations that offset the deputy position. In the long run it makes more sense to direct funds to a full time deputy. They have been looking at putting a part time person in DMV in Green River. In discussions with Kris Bell, Emery County Assessor they discussed sending a person from the Castle Dale office to Green River one day a week to provide that service. Commissioner Migliori indicated that the DMV office in Green River did 5 transactions a day. No matter how you look at it that doesn't justify a full time position. The State of Utah reimburses the County \$3,000.00 which doesn't even come close to covering the expenses associated that position. He indicated that we have options. We need time to work the pieces out and evaluate the needs. Putting a full time deputy in Green River City will fill a need in Green River and will begin the process of filling in those pieces.

Kathy Ryan Council person for Green River City and citizen. If crime is on the decline in Green River and UHP is present then why do we need to put another deputy there as opposed to putting an assessor there that can help our citizens? We are a town of elderly people. We are a growing town. Our citizens need the convenience of having an assessor.

Commissioner Migliori explained recounted some problems that the Justice Court has experienced with UHP and citations that were issued on the Emery County side vs the State thus eliminating the need for a Justice Court clerk.

Mike Keener, Green River indicated that there was much more of a service to the citizens of Green River that were supplied by Cheryl Keener while she occupied that position. The relationship she built with the citizens of Green River was second to none. People in Green

River come up to him and ask him how do we get that position back? A part time person is not going to have the interest or enthusiasm for that job.

Commissioner Migliori indicated that we need time to work out the needs with the departments involved.

Commissioner Brady indicated that in his discussions with citizens of Green River they do not like the idea of someone from Castle Dale going to Green River to do a job that someone from Green River can do. He indicated that he was not in favor of a full time person that we may have to pull back to part time later.

Mayor Brady indicated he appreciated the security that a new deputy would bring but that does not fill that lost position.

BID OPENING- BID OPENING FOR EMERY COUNTY SHERIFF'S CASE NUMBER 2013-001691 FORFEITED NON-EXEMPT PROPERTY (1996 FORD F250 COF PICKUP TRUCK). CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED PAPERWORK.

One bid was received for Emery County Sheriff's Case #2013-001691 forfeited non-exempt property a 1996 Ford F250 COF pickup truck. The bid was from Randal Stilson in the amount of \$321.03. The bid was advertised to cover the tow bill of \$320.00. Commissioner Paul Cowley made a motion to accept the bid of \$321.03 from Randal Stilson for case#2013-001691. The motion was seconded by Commissioner Keith Brady. The motion passed.

(8)

CONSIDERATION AND APPROVAL OF PAYING A PORTION OF LATE FEE ASSOCIATED WITH INDUSTRIAL PARK ON SITLA LAND NEAR GREEN RIVER.

Commissioner Migliori explained the issue associated with the Industrial Park on SITLA land near Green River. We have a number of parcels on the Industrial Park. Blue Castle Holdings is one of the larger holders in the park. They are leasing the property for \$10,000.00 a year for the proposed power plant. The plan is to purchase the property from SITLA sometime this year. In the transition from Mr. McCandless leaving Economic Development and the new Commissioners coming into office there was some confusion on the original paying of that lease. By the time the lease payment request reached Blue Castle there was a late fee associated with the lease payment. They asked the SITLA board to waive the \$600.00 late fee. That request was denied. In conversations with Blue Castle Holdings, they asked if the County would split the late fee with them. Commissioner Migliori indicated that there is funds available in Economic Development that could be used to pay the \$300.00 which would be our portion if approved. Commissioner Keith Brady made a motion to approve paying half of the late fee (\$300.00) associated with Blue Castle Holdings with the Industrial Park on SITLA land near Green River.

The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSSION AND POSSIBLE APPROVAL OF REQUEST FOR AMBULANCE BILL  
WRITE-OFF FOR LOREN L. PIERCE.

Commissioner Migliori explained that these types of requests come to the Commissioner quite regularly. These ambulance payments are to pay back the county ambulance for the EMT time, supplies, use of the ambulance, etc. Patients have the responsibility to pay the balance after insurance has paid their portion. In this case Mr. Pierce lives out of the state. He has made payments in the amount of \$50.00 toward the \$ 1,379.00 balance after insurance. Commissioner Keith Brady made a motion to deny a write-off ambulance bill request from Loren L. Pierce and encourage them to continue to make payments on the account. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSSION AND POSSIBLE APPROVAL OF REQUEST FOR AMBULANCE BILL  
REDUCTION BY SABINA LOPEZ.

Commissioner Migliori reported that Ms. Lopez submitted the request for write-off form. She has not made any payments toward the \$7,518.13 balance. Commissioner Paul Cowley made a motion to deny a write-off request for Sabina Lopez and encourage her to make payments on the account. The motion was seconded by Commissioner Keith Brady. The motion passed.

(11)

DISCUSSION AND POSSIBLE OF APPROVAL FOR AMBULANCE WRITE-OFF BY  
MARVIN BOWDEN.

Commissioner Migliori reported that Mr. Bowden is from Ferron. This account was just recently sent to collections. They filled out the paperwork requesting a write-off. Apparently they had ambulance bills in both Carbon and Emery County and they filled out the Emery County paperwork that was submitted to Carbon County and never submitted to Emery County. Carbon County wrote off their bill. The remaining balance due to Emery County is \$149.00. Commissioner Keith Brady made a motion to pull the account from collections but not to write it off but encourage them to make payments on the balance. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(12)

DISCUSSION AND APPROVAL OF 2015 SEUEPA MEMBERSHIP DUES.

Commissioner Migliori explained that this is membership dues to Southeastern Utah Energy

Producers Association. The membership dues of \$500.00 was missed in the budgeting process. He felt it was important to the county to remain members of this association. Commissioner Keith Brady made a motion to approve a donation of \$500.00 to SEUPA for membership dues. The motion was seconded by Commissioner Paul Cowley. The motion passed.

PRESENTATION OF EMPLOYEE OF THE MONTH

Commissioner Ethan Migliori presented Employee of the Month to Mick Robinson. Mick is a great asset to Emery County. He has worked as a GIS Specialist and IS/GIS Technician for 14 years. His attention to both presentation and function have enhanced projects produced in the IT office. He takes pride in his work and has a knack for the aesthetics of the projects he is assigned.

Mick's specialized knowledge on data conversion, Quickbooks, and Excel has been crucial in extenuating circumstances of the Emery County Housing Authority operation. His expertise has allowed his office to function during a difficult transition period.

Mick is an EMT-A working out of the Castle Dale/Orangeville ambulance garage. He is a tremendous asset with scheduling and making sure that supplies are stocked and ready to respond to any emergency situation.

Mick was presented with an a plaque of appreciation and Business Chamber Bucks.

DANNA GRAY, REQUEST APPROVAL OF FEE WAIVER FOR USE OF THE MUSEUM OF THE SAN RAFAEL FOR ANNUAL EAGLE SCOUT BANQUET IN APRIL 2015.

Danna Gray came before the Board of Commissioners to request a fee waiver for the use of the Museum of the San Rafael to hold their annual Eagle Scout Banquet in April 2015. She explained that they prefer to use the Museum as it is a non-denominational location and not all the Eagle Scouts are LDS. An Eagle Project has to be at least 100 hours of service devoted to the project. This year they have 17 young men who will receive their Eagle Award. Commissioner Migliori indicated that the waiver has been granted in years past. Commissioner Cowley expressed gratitude to the program stating that it develops good character for these young men and their leaders as well and is a tremendous service to the communities. Commissioner Keith Brady made a motion to approve waiver of fee for the use of the Museum of the San Rafael for the annual Eagle Scout Banquet. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF DONATION TO EMERY RODEO TEAM.

Hadley Cloward and Lacey McElprang, Emery High Rodeo Team came before the Board of Commissioners to request a donation to the Rodeo Team to help with their rodeo event to be held the second weekend in April. They anticipate 100 contestants. Emery High Rodeo Team has 30 members this year. Commissioner Paul Cowley made a motion to approve a \$250.00 donation to the Emery High Rodeo Team. The motion was seconded by Commissioner Keith Brady. The motion passed.

CONSIDERATION AND APPROVAL TO REQUEST ROCKY MOUNTAIN POWER  
RELOCATED POWER POLES ON CLEVELAND SO. LOOP ROAD #201 FOR ECSSD#1  
ROAD PROJECT.

Howard Tuttle, Johansen & Tuttle Engineering explained that Emery County is under franchise with Rocky Mountain Power. The Special Service District #1 proposes to rebuild the South Loop Road #201. The power poles along the stretch of road need to be relocated to allow for the work to be done. Rocky Mountain Power requires a minute entry formally making the request to relocated the poles. Commissioner Paul Cowley made a motion to request Rocky Mountain Power to relocate the power poles on So. Loop Road #210. The motion was seconded by Commissioner Keith Brady. The motion passed.

(8)

DISCUSSION AND APPROVAL OF UTAH HOUSING CORPORATION'S REQUEST FOR  
TAX EXEMPTION ON THREE PROPERTIES IN GREEN RIVER FOR 2014.

Brenda Tuttle, Clerk/Auditor explained that Utah Housing Corporation was granted tax exemption in 2014, however, a step was missed and the three parcels were not tagged as exempt. Utah Housing received a delinquent tax notice for 2014. The request is to have the 2014 taxes reversed for the three properties of Utah Housing Corporation located in Green River. Commissioner Keith Brady made a motion to approve the request to reverse property taxes for the three properties of Utah Housing Corporation. The motion was seconded by Commissioner Paul Cowley. The motion passed.

TED BLACK, UTAH STATE FIRE MARSHAL, PRESENTATION AND DISCUSSION OF PROPOSED CHANGES TO WILDLAND-URBAN INTERFACE ORDINANCE.

Ted Black, Utah State Fire Marshall discussed proposed changes to the Wildland-Urban Interface Ordinance. Mr. Black explained that two years ago legislation introduced changes relative to codes in small counties, not so much building codes and fire codes but with Wildland Fire-Urban Interface Codes. These are changes that can be made locally. This ordinance can be made by the county without any action from the state. These changes have been approved by the State Forester. Counties have the authority to adopt all of these changes, some of them or none of them. He indicated it is their recommendation to adopt it as it is written. He reviewed the three sections that are proposed for changes. Section 4-5-1: Adoption of Minimum Standards, 4-5-2: Areas Designated, and 4-5-3: Administration and Enforcement.

COMMISSION/ELECTED OFFICIAL REPORTS.*Commissioner Keith Brady*

Commissioner Brady reported on the Tourism Board's efforts to push tourism in Emery County. The board has hired Roger Brooks from Salt Lake City, considered to be a tourism destination guru, to help the county develop a tourism plan. The board is trying to get the communities in the county to develop their own tourism plan. Emery County Business Chamber will hold their monthly meeting this month on March 18<sup>th</sup> at 6:30 pm at Miller's Landing. He encouraged business owners to attend. The cost is \$20.00 per plate.

*Commissioner Paul Cowley*

Commissioner Cowley reported receiving a visit by a concerned business owner regarding the designation of 'day use only' on Cottonwood Creek. He indicated that there has been a misconception by the bouldering group that frequent that area. The pull off areas are not being closed. Overnight camping along the Cottonwood Creek is prohibited. Campsites in Cottonwood Canyon are being developed to encourage the group to move away from camping along the creek. He has received word from a few concerned citizens regarding gate closings on the forest. He indicated that this is a delicate issue. The Forest Service is concerned about travel on wet roads causing ruts. The Sheriff is working through this issue with the Forest Service. They hope to make the situation equitable for both sides of the issue. Commissioner Cowley met with key people involved with the Huntington Creek Debris Basin. They tested the system for issues prior to the spring run-off season. Commissioner Cowley asked Jan Luke for a total cost

of the project. He indicated that he hoped to use the information to counteract the Forest Service's 'let it burn' policy. He indicated that he felt that we are not out of the woods yet. Not sure how the run-off will affect irrigation systems.

He talked about going to the legislature with Attorney Michael Olsen. The visited with legislators regarding the proposed bill to expand Goblin Valley and the fact that the bill is premature and will under mind what Emery County has been working on for years now. He stated he felt it was disheartening that we have people with this kind of mind set.

*Commissioner Ethan Migliori*

Commissioner Migliori reported on legislation from Congressman Eliason's proposed expansion of Goblin Valley. The proposed bill goes before the Resource Committee on Wednesday. He asked everyone to go onto the state website and oppose the legislation. The bill is premature. It needs to come after the county's bill. The water users group is working on definition of Public Water Systems. The Care Center continues their work to improve the center. They thanked the county for the Upper Limit payment that aided them in obtaining the funds they need. He talked about Deer Creek closing. He also talked about other businesses that are expanding or relocating to Emery County. We have a new refinery in Green River. He indicated that good things are happening in Emery County and asked that people not get frustrated. The cities are working to develop an economic plan to encourage businesses to locate in their communities. He talked about Emery High's Basketball Tournament and the last minute frustration loss. The girls did well in their tournament. Emery High had the most students receive all-state academic /athletic awards. Emery's Swim Team took state competition.

*Sheriff Greg Funk*

Sheriff Funk talked about House Bill 348 which will switch felony drug possession to misdemeanors. It will shift the burden from the state to the county and the community. They are enforcing this without an actual solution. He stated that the County will lose COP money. He explained that when we arrest someone for a felony drug possession we can bill the state for their stay in our jail. This will shift this cost back to us.

Attorney Michael Olsen indicated the Association of County Attorneys has spoke out in opposition of the bill. He reported that the AOCA has been doing due diligence in trying to prevent the bill from moving forward. They are trying to get the legislators to soften their legislation changes that they have made. This bill will shift the burden from the state to the counties. This will have a big impact on public safety and treatment. The tax payers will have to foot the bill for things for which the state currently reimburses the county. They claim that there is more to come.

Commission Meeting Minutes  
March 3, 2015

Phil Fauver asked the Commissioners if the County would be interested in helping Castle Dale and Orangeville build a walking trail along the river between the two cities?

Commissioner Migliori indicated that he has had conversations with individuals that showed interest in this matter. He suggested creating a series of routes and prioritize them a-z and work through the list.

Phil asked if there were any changes at the Huntington Airport? Commissioner Cowley indicated that Mr. DeFriez is the manager at the airport. He has renovated the home there and has a renter in the home who is like a curator for the airport. The renter will provide security and cleaning the airport grounds and maintaining the house and the yard.

Mr. Fauver asked for an update on the Russian Olive removal process. The Commissioners indicated that they don't have any updated information. They will ask Weed/Mosquito Director, Cory Worwood to provide an update of that project in a future commission meeting.

JULIE JONES, EMERY COUNTY RECREATION SSD- UPDATE ON THE 2015 EMERY COUNTY FAIR. REQUEST AND APPROVAL FOR BUDGET INCREASE TO BRING IN VENDORS AND ENTERTAINMENT.

Julie Jones, Emery County Recreation Special Service District Board Member and Chairman of the Emery County Fair Committee came before the Board of Commissioners to request additional funding for the 2015 fair. She indicated that this is her third year overseeing the fair. She stated she understands that the budget has already been set and she should have addressed the need for additional funds back in October. She addressed the costs associated with the fair. She expressed concern that many of the entertainment and venues that they are interested in getting have to be booked two years in advance. The county budgets \$55,000.00 for the fair. The Recreation District puts in \$10,000.00. This gives the Fair Committee \$65,000.00 to work with. The biggest expense is generally the concert. She indicated that the committee generally chooses a country entertainer for the concert simply because they are less expensive. She indicated the committee would like to offer some diversity with the entertainment but the cost are more than the budget allows. Ms. Jones commented that her reason for being here today was to beg for help to make the fair better every year. Commissioner Brady asked for the date of the next Fair Committee meeting.

JUSTIN HART, UTAH DIVISION OF WILDLIFE RESOURCES, DISCUSSION AND POSSIBLE APPROVAL OF COOPERATIVE AGREEMENT BETWEEN THE UTAH DIVISION OF WILDLIFE RESOURCES AND THE UTAH DIVISION OF STATE PARKS AND RECREATION AND EMERY COUNTY FOR BOAT RAMP EXTENSION AND PARKING EXPANSION DESIGN AT JOE'S VALLEY RESERVOIR.

Justin Hart, Utah Division of Wildlife Resources came before the Board of Commissioners to discuss the possible approval of a cooperative agreement between the Utah Division of Wildlife Resources and the Utah Division of State Parks and Recreation and Emery County for a boat ramp extension and parking expansion design at Joe's Valley Reservoir. Mr. Hart explained that in 2004 the Utah Division of Wildlife Resources and Utah Division of State Parks and Recreation and Emery County entered into a cooperative agreement to build a new boat ramp at Joe's Valley Reservoir. The project ran through the county. Two years ago the ramp ran out

COMMISSION MEETING MINUTES

150 feet due to low water levels. At that time Emery Water Conservancy District came in and provided a temporary extension to the boat ramp. Due to increased use of the ramp to access Joe's Valley Reservoir the Division would like to permanently extend the ramp, expand parking and provide a washing station for quagga mussels. Currently the area is not set up to mitigate the mussel issue. Mr. Hart indicated that the Division has set aside up to \$45,000.00 for Phase 1 of the project which is the engineering and design work on extending the boat ramp. He asked that the county handle the bidding process for the project. Mr. Hart indicated that the project has to be done in the year that the money has been set aside for the project. The Division has a contingency plan if the project goes over budget and has to apply for additional funds. Mike Olsen asked what happens if Phase 2 is not funded? Mr. Hart indicated that Phase 2 is unofficially on the books, although nothing is absolutely certain. He added that temporary measures have been taken, if the water remains low, to ensure that people will still be able to access the boat ramp for this coming season. Commissioner Keith Brady made a motion to authorize Attorney Michael Olsen to work with Mr. Hart to make any necessary changes to the Cooperative Agreement between the Utah Division of Wildlife Resources and the Utah Division of State Parks and Recreation and Emery County and then subsequent approval of said agreement. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

TODD THORNE, CDBG AND RLF, PRESENTATION EXPLAINING THESE PROGRAMS.

Todd Thorne, South Eastern Utah Association of Local Governments Program Manager came before the Board of Commissioners to explain and introduce the Community Development Block Grant Program and Revolving Loan Fund to the commissioners and remind them of these available resources. The CDBG Program is offered to the county, cities, water/sewer, and other agencies. These entities/agencies may apply for grants through this program to assist in their programs. This money if not used gets sent back up to Salt Lake to be used there. They work closely with these agencies to inform them on how the program works and rating and ranking projects for possible funding. The RLF is a gap financing program for businesses to help with expansion. Phil Fauver asked Mr. Thorne how they handle ones who default on their loans. Mr. Thorne indicated at they have a loan review committee that reviews all the loans on a regular basis and make every attempt to recover the funds.

(10)

CONSIDERATION AND APPROVAL FOR EMERY COUNTY TREASURER TO ENTER INTO TAX DEFERRAL AGREEMENTS FOR REQUESTS FOR CITIZENS TO AVOID HAVING THEIR PROPERTY SOLD IN THE MAY TAX SALE SUBJECT TO RATIFICATION BY THE BOARD OF COMMISSIONERS.

Treasurer Steven Barton explained the Tax Deferral Agreements. He explained that his office does everything possible to avoid placing property on the May Tax Sale. The Tax Deferral Agreement allows the property owner until November 30<sup>th</sup> when the 2015 taxes will become due to pay the back taxes. If not taken care of at that time it will be placed on the May Tax Sale list for the next year. Mr. Barton indicated that there were 22 parcels that have been delinquent for 5 years. His office sends notice each year and reminds them to bring the taxes current. The property owner has until May 1<sup>st</sup> of the fifth year to bring the taxes current. Mr. Barton asked for authority to tell the owner Tax Deferral Agreement is an option. He will bring each individual agreement before the board of Commissioners to be ratified. He stated that Emery County does not want to sell property from anyone. However, at some point we have to correct the issue. Commissioner Keith Brady made a motion to authorize Treasurer Steven Barton to offer the Tax Deferral Agreement to citizens to avoid the May Tax Sale. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(11)

DISCUSSION AND APPROVAL OF AGREEMENT WITH ZIONS WEALTH ADVISORS DBA CANTANGO CAPITAL ADVISORS, INC. FOR THE PROVISION OF INVESTMENT ADVISORY SERVICES.

Treasurer Steven Barton discussed investment services. Emery County has excess funds invested in a PTIF account at .15 percent interest rate. He stated he looked at alternatives to try and get a better return on the investment. He has talked with other treasurers in the state. He found that three other counties, as well as some school districts and special service districts are invested with Zions Wealth Advisors DBA Cantango Capital Advisors, Inc. He stated he feels comfortable with the company. He proposed pursuing further discussions with Zions Wealth Advisors the possibility of transferring funds from PTIF to them and let them do the investing. He stated as with any investment the return is not guaranteed. He discussed briefly the terms of investment with the company. Commissioner Ethan Migliori made a motion to authorize Steven Barton to pursue investment possibilities with Zions Wealth Advisors DBA Cantango Capital Advisors, LLC. The motion was seconded by Commissioner Keith Brady. The motion passed.

# **Meeting Minutes 04/07/15**

## **Discussion regarding Justice Court Clerk/DMV Clerk Position**

Present at the meeting were: Ethan Migliori, Keith Brady, Paul Cowley, Steve Stream, Brenda Tuttle, Kris Bell, Mike Olsen

One of the biggest issues with this position is how long it will take to train a new person. Steve Stream felt that the new person would be trained on the basics which would require them to come to Castle Dale two days a week. Training time would be split between the justice court and motor vehicle. It was discussed that the county would leave a vehicle in Green River during the training time to avoid having large mileage reimbursement costs. It was then discussed that the first few weeks the new employee might work 40 hours to enable more training time and then adjust hours later in the year to avoid going over the required hours.

Steve Stream has discussed with the State Court officials combining our two court precincts into one. That would eliminate the need to hold court in Green River twice a month. We could only hold court once a month which would save costs in having to send people to Green River. One of the issues we are having now is that all Green River mail is being forwarded to Castle Dale. Sometimes it takes up to three weeks for it to get to Castle Dale. Eliminating the two precincts would allow the permanent address to be Castle Dale eliminating the need to forward the mail. The down side to eliminating the other precinct would be it is very difficult to divide back into two precincts if the need arose.

It was the consensus of the group to put out the job application announcement for a 29 hr pro-rated benefit justice court/motor vehicle clerk as soon as it was ready.

EMPLOYEE OF THE MONTH

Commissioner Migliori presented Employee of the Month to Loyette Holdaway. Loyette started working for the library system in 1985 as the assistant librarian in Huntington. In 1994 she became the head librarian in Elmo when the Elmo library was built. In 2004 she moved again to the Cleveland library to take over the head librarian job there after the retirement of Mickey Carter. She has worked in the library system for 29 years. Loyette is an asset to the system. She is a very hard worker. She is creative and makes the library an inviting place to be. She is very personable and works well with the patrons. She has many school classes come from Cleveland Elementary and the kids love her. Even though it isn't her job to read to them, she continues to do that because she loves the kids and likes to get them excited about reading. She is involved in other aspects in the community, like community theater. She can act and has an incredible singing voice, which helps her do fun story times. Commissioner Migliori presented Loyette with a certificate of appreciation and Emery County Business Chamber Bucks.

EMERY HIGH SCHOOL STUDENT COUNCIL, REQUEST APPROVAL TO WAIVE RENTAL FEE FOR USE OF AQUATIC CENTER FOR GRADUATION SMASH-A NATION PARTY.

Emery High School Student Council President, Kayden Parkins came before the Board of Commissioners to request approval to waive the rental fee for the use of the Aquatic Center for 2015 Graduation Smash-A-Nation Party. He explained that the Government Youth Council (GYC) has been disbanded so responsibility for the graduation party has passed to the student council. He stated it was their understanding that Emery High School gets 2 free swim days. They have already used one day and would like to use the other free day for a graduation party. Commissioner Brady stated it was his understanding that the elementary schools have paid \$40.00 per hour for a lifeguard on duty. Commissioner Migliori indicated that he would like to look at the agreement that the county has with the school district to review the language regarding free swim days. He stated he is aware that the school district owned the land and paid for the parking lot at the swimming pool and that in exchange the schools get swimming privileges during school days as part of their incentive program. Commissioner Keith Brady made a motion to review the contract/agreement with the Emery County School District and to follow what the contract/agreement states regarding free swim days and if not addressed in the agreement then the charge could be as much as \$120.00 to \$160.00 for use of the lifeguards. The motion was seconded by Commissioner Paul Cowley. The motion passed.

JESSICA LINDLEY, REPRESENTING MISS EMERY PAGEANT, REQUEST APPROVAL TO WAIVE RENTAL FEE FOR USE OF THE AQUATIC CENTER FOR CONTESTANTS OF THIS YEAR'S MISS EMERY PAGEANTS FOR A POOL DAY.

Jessica Lindley, representing Miss Emery Pageant came before the Board of Commissioner to request approval to waive the rental for use of the Aquatic Center for a pool party for contestants of this year's Miss Emery Pageant. She indicated that last year they had 47 contestants overall participating in the pageant. Girls pay to enter the pageant but the fees go toward the costs involved in sending Miss Emery to state competition. BK's has donated the pizzas for the party. She requested approval to close the pool from 6-8 on June 4, 2015 and waive the rental fee for the contestants. The Commissioners discussed charging the \$40.00 per hour for a lifeguard on duty. Brenda Tuttle reminded the Commissioners that Emery County pays the bills for the Emery County Fair/Miss Emery Pageant so the county would be charging themselves to get paid for the use of lifeguards. Therefore, Commissioner Keith Brady made a motion to approve the request to waive the rental fee for use of the Aquatic Center for contestants of this year's Miss Emery Pageant for a pool day. The motion was seconded by Commissioner Paul Cowley. The motion passed.

CONSIDERATION AND APPROVAL OF RESOLUTION COVENANTING TO NOT IMPAIR THE MINERAL LEASE REVENUES OF THE EMERY COUNTY FIRE PROTECTION SPECIAL SERVICE DISTRICT SO AS TO NEGATIVELY IMPACT SAID DISTRICT'S ABILITY TO REPAY ITS \$200,000 MINERAL LEASE REVENUE BOND, SERIES 2015; AND RELATED MATTERS.

Clerk/Auditor Brenda Tuttle explained that the Fire District received a \$200,000.00 mineral lease bond from the CIB. The funds will be used to purchase 8 new fire trucks. The trucks have already been ordered. The Fire District has spent \$556,000.00 on these trucks already. The \$200,000.00 bond will be repaid at \$40,000.00 per year for five years. The Fire District has done this same thing in the past with no problems repaying the bond. Prior to the bond closing the CIB requires a resolution from the County covenanting to not impair the mineral lease revenues of the Fire District so as to negatively impact the repayment of the bond. She recommended the Commissioners approve Resolution 5-5-15. Commissioner Keith Brady made a motion to approve Resolution 5-5-15. The motion was seconded by Commissioner Paul Cowley. CONSIDERATION AND APPROVAL TO APPLY TO RECEIVE OHV FUNDS TO PAY FOR SITLA ADMINISTRATIVE FEES ON ROW EASEMENTS.

ECSSD#1 received a grant from CIB to purchase road easements from SITLA. They were informed that CIB will not reimburse EDSSD#1 for administrative cost by SITLA totaling \$1,750.00. SITLA personnel have informed ECSSD#1 that the County can apply and receive funds from the OHV fund to pay for these administrative costs. ECSSD #1 requested that the county pursue applying for these funds. Commissioner Paul Cowley made a motion to approve the process of applying to receive OHV funds to pay SITLA administrative fees on ROW easements. The motion was seconded by Commissioner Keith Brady. The motion passed.

(18)

CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND HUNTINGTON CITY TO CONSTRUCT A COUNTY TRAIL TO BE CONNECTED TO THE HUNTINGTON CITY TRAIL.

The County has determined to construct a County trail to be connected to the Huntington City Trail. Huntington City contracted with Nielson Construction Company and has nearly completed their portion of the trail. Nielson has agreed to complete the County portion of the trail under a change order through the city. The project deadline is August 31, 2015. The price points of Huntington City's contract with Nielson are favorable and it is in the best interest of the County to take advantage of the prices of Huntington City and Nielson's contract. The Commission believes it would be in the best interest of both parties to cooperate in the construction of the trail. After looking over the contract with State Parks it was determined that the cost figures don't match up. Attorney Michael Olsen recommended approval pending corrections to the fiscal assistance agreement with Utah State Parks. Commissioner Paul Cowley made a motion to approve of an interlocal agreement between Emery County and Huntington City to construct a county trail to be connected to the Huntington City Trail pending changes to the State Parks agreement to clarify the cost of the project. The motion was seconded by Commissioner Ketih Brady. The motion passed.

COMMISSION MEETING MINUTES  
MAY 19, 2015

The Commissioners discussed applications from PACT for three additional parcels. Two parcels were for their rental units and one was for their epicenter where they conduct their business. It was discussed that they are a charitable corporation that receives donations. The rental units have the ability to create funds to pay the taxes. Commissioner Keith Brady made a motion to approve the 2015 Property Tax Exemptions for religious, charitable or educational properties and to accept parcel #1-154A-22 (the Epicenter) as tax exempt and deny parcels #1-0162-36 and #1-151f-17 as tax exempt. Commissioner Keith Brady made a motion to appoint Don Childs to the Emery County Care and Rehabilitation Board of Directors. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF MOU BETWEEN EMERY COUNTY AND BLM, PRICE FIELD OFFICE INVITING EMERY COUNTY TO BE A COOPERATING AGENCY IN PREPARATION OF THEIR TRAVEL AND TRANSPORTATION MANAGEMENT PLAN (TMP).

Public Lands Director Ray Petersen explained that the BLM Price Field Office has invited Emery County to participate as a cooperative agent in preparation of Travel and Transportation Management Plan (TMP). By law they ask agencies to participate in the process. The MOU is a standard MOU and he recommends accepting the invitation to participate in this planning process. Commissioner Paul Cowley made a motion to approve of an MOU between Emery County and BLM Price Field Office inviting Emery County to be a cooperating agency in preparation of their Travel and Transportation Management Plan (TMP) and appoint Ray Petersen as the designee from Emery County. The motion was seconded by Commissioner Keith Brady. The motion passed.

(8)

CONSIDERATION AND APPROVAL OF RESOLUTION ON SCIENTIFIC INTEGRITY AND GREATER SAGE-GROUSE MANAGEMENT.

Public Lands Director Ray Petersen discussed a resolution in support of management of greater sage-grouse through state, local and private conservation efforts rather than federal land-use restrictions or a federal listing under the endangered species act ("ESA"). A coalition of counties, agricultural, mining and energy interests has challenged BLM's NTT Report, the U.S.

COMMISSION MEETING MINUTES  
MAY 19, 2015

fish and Wildlife Services's COT Report and the USGS sage grouse Monograph under the federal Data Quality Act. These challenges detail at great length serious questions of scientific integrity and transparency with the reports. Federal agencies are relying upon the reports to amend some 98 land use plans across approximately 50 million acres of BLM managed land and nine million acres of National Forests in eleven western states. The DQA requires federal agencies to ensure and maximize the quality, objectivity, utility, and integrity of information disseminated. The report fails to meet basic standards of science, resulting in misinformed policies and restrictions. Reliance on this biased and faulty information has and will continue to harm the public, greater sage-grouse and western economies. The resolution states that Emery County believes state management of wildlife is better suited to balance economic activities with robust protections for sage grouse as they developed using a bottom-up process with input from diverse stakeholders, rather than the top-down approach taken by the federal agencies, and urges the BLM, U.S. Fish and Wildlife Service and USGS to retract the reports and withdraw them from consideration in land use plan amendments and upcoming ESA listing decision for sage grouse, urges the state legislature to adopt a similar resolution, and urges Congress to delay listing sage grouse under the ESA for a period of no less than ten years to support continued local, state and private conservation efforts for sage grouse without serious and adverse effects to private property rights, economic development and western communities. Mr. Petersen indicated that 6 other counties have already adopted a resolution with this same language in support of this effort. Commissioner Paul Cowley made a motion to adopt Resolution 5-19-15 a resolution on scientific integrity and greater sage grouse. The motion was seconded by Commissioner Keith Brady. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF RESOLUTION THAT EMERY COUNTY IS NOT SEEKING TO IMPOSE A TAX UNDER SECTION 59-12-701, ET. SEQ. U.C.A ENTITLED COUNTY OPTION FUNDING FOR BOTANICAL, CULTURAL, RECREATIONAL AND ZOOLOGICAL ORGANIZATIONS OF FACILITIES.

Commissioner Keith Brady explained that the RAP/ZAP tax is a .1% local sales and use tax that could be imposed by cities or counties to fund cultural, recreational, and zoological facilities and botanical, cultural and zoological organizations in the city/county. In order for cities to be able to submit an opinion question to its residents regarding the tax, the Emery County Commission must provide a written resolution authorizing a city to proceed with the opinion question. Green River City is seeking to submit the opinion question to the City's residents in accordance with Section 59-12-1402, U.C.A. Therefore, A written resolution passed by the Commission stating that Emery County is not seeking to impose a tax under Section 59-12-701, et seq.,U.C.A., entitled County Option Funding for Botanical, Cultural, Recreational and Zoological Organizations or Facilities is needed for Green River City to proceed. Commissioner Migliori recommended authorizing him to work with Attorney Michael Olsen to draft a resolution. Commissioner Keith Brady made a motion to approve Resolution 6-2-15 stating that Emery County is not seeking to impose a tux under Section 59-12-701 et. Seq. U.C.A. entitled county option funding for Botanical, Cultural, Recreational and Zoological Organizations of facilities and authorize Attorney Michael Olsen and Commissioner Migliori to draft said Resolution, after which Commission chairman Ethan Migliori may sign the Resolution. The motion was seconded by Commissioner Paul Cowley. The motion passed.

CONSIDERATION AND APPROVAL OF 2015 MAY TAX SALE PROCEEDINGS.

Clerk/Auditor Brenda Tuttle reviewed the proceedings of the May Tax Sale held on May 28, 2015. We started with 22 properties. All but one parcel was either redeemed prior to the sale or are under contract with the county to pay before November 2015. She reported that Parcel #01-0151G-0047 was sold to Carl A. Jacobson for \$5,000.00. The back taxes and fees paid to the county was \$2,759.82. The excess will be sent to the State Treasurer's Office as unclaimed property. She indicated that it was determined that the fees that are charged are not enough to cover the cost of title searches, mailings and advertising. May Tax Sale procedures need to

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Brady*

Commissioner Brady reported on meeting with the contractor on the Aquatic Center Parking Lot Project. A punch list was given to the contractor to complete before payment is advanced on the project. He reported on a SITLA tour and board meeting that he and Commissioner Cowley attended last week. He felt it went very well. It was good for them to see the parcels of land that they control. The grazers and their allotments was a topic of concern in the board meeting.

*Commissioner Cowley*

Commissioner Cowley reported on attending the SITLA board member tour. They were impressed with the area that they toured including the point of Cedar Mountain, the Wedge the Draw and then on to Green River. Commissioner Brady gave a informational presentation of Blue Castle Holdings. The group was very impressed with the scenery and it was interesting to hear the comments. Next week there will be a site viewing on the fencing project along the north side of the road to Goblin Valley. Some grazers have had cattle killed along this route and will be relieved when the fence is done.

*Commissioner Migliori*

Commissioner Migliori reported that next week will be opening of the Goblin Valley Trail Bike System. Steven Barton added that he has been on the trail and the MECCA group helped work on the system. The Emery County Care and Rehabilitation Center asked Commissioner Migliori to convey the boards many thanks for the county's aide with the Upper Limit Payments. The census is up at the facility and the board is pleased with how things are improving. The State of Utah Resource Committee recently provided counties with \$50,000.00 for Resource Management Plans. The AOG proposed to leverage those funds through the CIB to procure additional funds. That application has been put on hold due to a question as to whether the CIB can use these funds for that type of project because of the source of the funds. There is a new app on the county website that will assist with GPS on trails. It is a PDF overlay of the county that helps you know your location.

CONSIDERATION AND APPROVAL OF LETTER OF SUPPORT FOR BEAR PROGRAM.

Commissioner Migliori discussed the BEAR program (Business Expansion and Retention Program). Carbon County is thinking of submitting their own application to apply for BEAR funds. The program reaches out to businesses to see what they need to help them succeed. They help businesses find available grants to help their businesses expand and be more efficient. The amount of funds available to an area is based on population. Currently the Carbon/Emery area takes a regional approach with the BEAR program. Emery County has representation of the executive board.. Commissioner Migliori indicated that he is on the board and the new Economic Director Jordan Leonard will join the board. They host monthly meetings with different topics that around thirty to fifty people attend. Commissioner Migliori indicated that this letter of support will be for the program as it exists now. Commissioner Keith Brady made a motion to approve a letter of support for the BEAR Program. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(16)

CONSIDERATION AND APPROVAL OF UTAH STATE BEAR GRANT APPLICATION.

The Board of Commissioners recommended making application to the BEAR Grant Program just in case applying regionally falls through. COMMISSION/ELECTED OFFICIALS REPORTS.

*Sheriff Funk*

Sheriff Funk indicated that he has met with BLM staff regarding contracting with them to cover drownings in the county.

*Commissioner Brady*

Commissioner Brady reported on discussions with the Travel Board to get ideas on how to get visitors to spend money in Emery County. He said, encouraging people to shop local is good, but we need to bring money into the county from outside of the county also. There was a ribbon cutting at the new Conductive Composites building in Cleveland. Lt. Governor Cox attended. Goblin Valley Trail had its ribbon cutting also. He informed everyone of the upcoming Rocket Launching Contest in Green River. The event is growing bigger every year. They anticipate over 400 people attending. It is held at the White Sands Missile Base.

*Commissioner Cowley*

There was a Back County Flyers fly-in at the Huntington Airport last week. The weather wasn't great but they still seemed to enjoy the parachute gliders. Commissioner Cowley toured the Green River area with Colby Hunt. Colby talked with Commissioner Cowley about the challenges the area faces with wet conditions. Commissioner Cowley talked about the damage the Pioneer Museum sustained during the recent rains. They will probably be relocating those items. He reported on attending a meeting in Goblin Valley regarding the fencing project for the grazers in the area. There will be a group of geologists from Wisconsin working at the Cleveland/Lloyd Dinosaur Quarry.

*Commissioner Migliori*

Commissioner Migliori asked if anyone knows anyone who has beehives to contact the Weed/Mosquito Department. They have begun spraying for mosquitoes and the spray will kill the bees so they want to know where they are located to avoid that possibility. July 13-14 will be the USU Extension Archeology Camp. Libraries in the county are engaged in story hour to encourage the kids to read this summer. The GOED site visit went well. Local businesses were

PRESENTATION OF EMPLOYEE OF THE MONTH.

Commissioner Ethan Migliori presented the Employee Of The Month Award to Teresa Manzanares. Teresa is an import from Washington State. She had been working for attorneys in Price when Scott Johansen lured her to come work at the Emery County Attorney's Office. That was in May 1987. She has since come a long way from typewriters and carbon paper to computers and internet programs. As Paralegal/Office Manager, Teresa is a huge asset to the County. She is a certified Utah Prosecutorial Assistant, has served on the UPAA board, serves on the Risk Management Committee for the County, is a TAC for the Bureau of Criminal Identification to look up criminal histories. She accesses many programs to manage all sorts of information including the state case management system (PIMS) to produce documents for criminal prosecution. Teresa has always attended and taken notes in district court criminal law and motion sessions so she can do judgements and orders and other legal documents. She does legal research online for criminal and civil case law and helps the County Attorney with civil matters. In Emery County, Teresa has worked under attorneys: Scott Johansen, Patricia Geary, Gene Strate, Mark Tanner, Allen Thorpe, David Blackwell, Mary Manley, Brent Langston, and Mike Olsen. Teresa has been a great help to them as well as the Emery County Commission, Personnel Department, Road Department, Sheriff's Office and more. Teresa was presented with a plaque and Emery County Business Chamber Bucks.

MARK H. WILLIAMS AND NEIGHBORS, DISCUSSION OF PAST TWO (2) YEARS FLOODING SOUTH OF CASTLE DALE.

Mark H. Williams, Charles Bardsley, and Devin LeRoy came before the Board of

COMMISSION MEETING MINUTES  
JULY 7, 2015

Commissioners to address a flooding situation on the south side of Castle Dale. Mr. Williams explained that the floods began 2 years ago. He stated that a month ago the flood got them good. He requested the county provide assistance by way of a dike or levy to alleviate the problem. Mr. Bardsley indicated that this is actually the third year of flooding. It has flooded twice this year so far. It starts at the bridge and runs down to his property. The velocity of the flooding has increased since the Tamarisk and Russian Olives have been cleared along the creek. He requested assistance with the situation. Mr. LeRoy explained that he was in the process of building his home. He had an additional building expense of \$3,000.00 to change the footings and add fill to raise the elevation.

Larry Lafrentz from Orangeville reported that the problem culminates farther upstream in Orangeville. He stated that he has lived in his current location along the Cottonwood Creek since 1987 and has done all that he can do to keep the water out of his yard. He indicated that the floods are coming from Cottonwood Creek. He asked that the County keep the creek within its boundaries and off peoples property.

The Board of Commissioners asked Merrill Johansen and Howard Tuttle from Johansen & Tuttle Engineering to provide a few thoughts on alternatives to correct the problem. Howard and Merrill detailed the problem areas on a map. Alternatives included realigning the river or cleaning it out which would require a permit from Army Corp of Engineers. Possibly constructing a dike or levy. Wayne Nielsen from the Road Department commented that if the County builds something and the water still floods over the County would be responsible.

Howard stated in his opinion the only alternative is to build a dike and slowly, over time, rip-rap the bank. This could cost an estimated \$100,000.00 for material and construction. There are several agencies that you could help with the funding such as, State, CIB, NRCS.

Mike Olsen asked Howard, with respect to the county road where the dip is located, is the dip, the way that it is constructed now, is it functioning correctly? Howard indicated that it is functioning properly. The flooding starts way before it gets to the dip. The flooding starts from the mill ditch where it comes in above highway 10. Nothing needs to be done to alter the road or the dip to correct this problem.

Mr. Bardsley commented that the county does not maintain the spillway. It builds a dam and backs up. All the debris collects at the spillway.

Mike Olsen asked Mr. Bardsley where the water backs up? Mr. Bardsley indicated that in his opinion it backs up at the spillway. It is not only structures that get damaged. He indicated he loses thousands of dollars in fencing and crops. Property is property. Why does it always have to be structure damage? He stated that most of the flooding occurs on his place. If you need permission from land owners to do something you will probably have to get permission from me.

COMMISSION MEETING MINUTES  
JULY 7, 2015

Phil Fauver asked if the County Planning and Zoning was involved in permitting these people to build structures and do things in this flood plain? Commissioner Migliori stated that most of these are in City limits and permitted by Castle Dale City Planning and Zoning. Mr. Bardsley indicated that his property was not in the flood zone when he built his home.

Commissioner Migliori asked what would you have to do to the river in order to contain it inside the river? Howard stated you would have to widen the channel and dig it out. Commissioner Brady asked if there is a way to keep the channel the same so it doesn't meander and create the oxbows? Howard indicated you would realign some of the channel but you would never be able to fully control the river. Commissioner Cowley stated that once you get into the river channel the Army Corp of Engineers will have to be involved and take charge of the project. Merrill indicated that is doable. We've permitted to clean out rivers and protect banks before. Commissioner Cowley asked J&T if they think that the river has built up a lot of silt causing the problem? Howard indicated that when Joe's Valley wasn't there the high waters came down and kept the channel gutted out. Mike Olsen asked if they had an estimated cost to dig out the river? Howard indicated it would be the same or exceed the cost to build a dike. Mike asked if it was possible to alter the route of the river? Merrill indicated that there are a couple of places you could straighten it out but that would take a permit from the Army Corp of Engineers. Commissioner Brady indicated that in larger rivers such as up the Green River near Flaming Gorge they releases so much water once a year or so to help clean out the channel. Is that something that Joe's Valley Reservoir could do to keep the sediment washed out? Merrill indicated that he didn't think Cottonwood Irrigation Company would agree to releasing that quantity of water. Mr. Lafentz stated that in a regular snow year the run-off would do the job, but rain on top of that run-off pushes the river out of its banks.

Commissioner Migliori stated that we need to have more discussion on this issue. There have been some good ideas presented. There is logic in having a small committee explore this further. The committee should maybe include one of the Commissioners, a representative from J&T, a couple of impacted land owners, Captain Ekker because of his expertise from the Huntington Creek issue, Wayne Nielsen from the Road Department, and Brenda Tuttle because there will probably be money involved. The committee could pinpoint some areas that we want to tackle and make a priority list. This is going to require more resources than what we have. We will need to identify some of those resources, whether it be money and/or equipment. Then we can start working through the priority list. The Commissioners will get something together in the next couple of weeks. Land owners need to appoint a couple of representatives and get back with the Commission Office. We will start punching through the list as quick as the committee is formed and see what we can get done. Commissioner Migliori thanked those who came today and provided their perspective on this matter.

RALPH OKERLUND, SIX COUNTY COALITION, UPDATE ON COALITION ACTIVITIES AND DISCUSSION OF EMERY COUNTY PRIORITIES.

Senator Ralph Okerlund, Executive Director of Six County Coalition provided an update of activities. The group was formed six months ago to look for economic and development opportunities that will benefit one or more of the six counties ( Carbon, Emery, Duchesne, Daggett, San Juan, and Uintah) involved. They are looking at opportunities such as a corridor for transmission of gas/oil from Uintah County. Each of these counties has gathered projects that could benefit their county. The group felt it would be more beneficial to plan and fund the projects if they took a regional approach. He indicated that they are close to ready (possibly the next two years) to make application with CIB on a project. Commissioner Migliori stated that he visited with Senator Okerlund and Senator Hinkins regarding obtaining access to natural gas for Lawrence and other areas in Emery County that still have to rely on propane.

(5)

APPOINTMENT OF KRISTI MAXWELL TO THE MUSEUM OF THE SAN RAFAEL BOARD OF DIRECTORS.

Commissioner Paul Cowley made a motion to appoint Kristi Maxwell to the Museum of the San Rafael Board of Directors. The motion was seconded by Commissioner Keith Brady. The motion passed.

(8)

CONSIDERATION AND APPROVAL OF ANNUAL DUES TO EASTERN UTAH  
TELEVISION ASSOCIATION.

Bret Mills, Communications Supervisor discussed annual dues to Eastern Utah Television Association. Carbon, Emery, Duchesne, San Juan and Uintah are the counties that make up the Eastern Utah Television Association. With the equipment going on 10 years old the committee wanted to start adding more funds so they can start to replace one transmitter or receiver per year at a cost of \$25,000.00 for either one and still have a small amount left over for repairs of additional equipment that may fail. The committee has 54 of these units across eastern Utah and runs as a system in a daisy chain and they all rely on the microwaves upstream. Equipment will be reused to keep the rest of the system going for as long as they have good working parts to keep the television system going and dependable. When Commissioner Horrocks was the Emery County representative on the committee, he voted to increase the amount mainly because the equipment is getting older and the committee decided to increase the amount. Bret indicated that he is on the technical advisory part of the committee and does attend the meetings. The television system was installed in 2005 when the digital television was forced upon us by the federal government. The television committee received a grant for 5 million dollars to build the television system throughout all 6 counties. Grand County did not want to participate until later after they had already built the television microwave and the money was spent. The board decided not to let them join with no financial participation. The committee takes care of the microwave and head end equipment and the counties pay the cost of the tv translators. Bret indicated that he has not been a part of the budgeting for this committee's dues so he was unaware that the additional amount had not been added to the budget for the dues. With the update they will be able to add some new channels to the 27 free tv channels. They plan to update a microwave each year. The \$2,000.00 is already in the budget and Bret indicated that he may have additional funds in the television line item of his budget. Bret asked for approval to spend \$5,000.00 for the annual dues to Eastern Utah Television Association. Commissioner Keith Brady made a motion to approve \$5,000.00 for annual dues to the Eastern Utah Television Association pending review of the television budget and if the additional funds are not there then to find the difference somewhere in the county budget. The motion was seconded by Commissioner Paul Cowley. The motion passed.

CONSIDERATION AND APPROVAL OF CONTRACT WITH ROYCE ELECTRONICS,  
INC. FOR TOWER SPACE RENTAL IN FERRON.

This is a Communication Site Lease amendment between Emery County and River Canyon Wireless. They propose to add Ferron site to the agreement with compensation terms for Emery County. The County would agree to add one location with the same terms as previously agreed at the 749 W. Mill Rd. tower in Ferron and allow River Canyon Wireless space for microwave

COMMISSION MEETING MINUTES  
JULY 7, 2015

radio and WIFI antennas on the tower. River Canyon Wireless will pay an additional \$100.00 per month for a total of \$425.00 per month. RCW provides internet service for Emery County at the Castle Dale site for a back up internet patch as well as a link to the internet from the Emery County Landfill. Commissioner Keith Brady made a motion to approve the contract with Royce Electronics Inc. for tower space rental in Ferron. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN  
EMERY COUNTY AND NATURAL RESOURCES CONSERVATION SERVICE  
NO. 68-8D43-15-13 FOR REHABILITATION OF MILLSITE DAM.

Bronson Smart, NRCS explained that in 1960's NRCS worked with the Ferron Canal Company to build the Millsite Dam. The dam is in need of an upgrades to meet State and Federal codes and requirements. They have come to the county to request help to administer the project along with the Ferron Canal Company. The plan is to rehabilitate the dam and keep it in service to provide another 70 years of sediment storage. At the end of 70 years they will have the original storage that was designed for the dam. This will benefit the irrigators, power plant, the community of Ferron and those who receive water from the dam as well as the flood control benefits that come with the dam will be intact for decades to come. They propose to raise the dam, improve the spillway, provide some stability during an earthquake, and take care of some foundation issues. The Dam has functioned very well over the years and the Ferron Canal Company has done an excellent job of maintaining it. This project will bring it up to current State and Federal codes and criteria.

Commissioner Brady asked what is the County's responsibility in this agreement?

Mr. Smart answered that because the Ferron Canal Company doesn't deal with millions of dollars in a year they asked that the County serve as the fiscal agent for the project. The Canal Company is securing a grant from the State for 3.5% of the project. Division of Water Resources will provide 31.5% of the project, NRCS will provide 65% of project cost. The grant is for \$18.3 million dollars in construction cost from NRCS. The Canal Company through the State will provide the remainder through a grant and in-kind. We ask that the county advertise for and award a construction contractor. Commissioner Cowley asked what is the County's financial responsibility in this project? Commissioner Migliori answered that the County will oversee the project using the resources that we have available. Commissioner Cowley thank for the clarification. He expressed concern that the county would get involved in this type of a project. Mr. Smart added that the State is designing the project along with the Canal Company and Ferron City. The federal government can not write an agreement with an organization that doesn't have HR policies so they usually ask for a local sponsor to help them out. This is similar to the project that the NRCS just finished in Huntington Canyon. The difference is all the match is covered by the NRCS, the State of Utah and the Ferron Canal Company. Traci Behling stated that they are

COMMISSION MEETING MINUTES  
JULY 7, 2015

just asking the county to receive and disperse funds. Mr. Smart indicated that they are in a time crunch. Part of the language in the agreement is that you can back out of the project at any time. Construction will not begin until next July, so we have time to work the project out and amend the agreements. The NRCS needs a signature quickly to obligate these funds to the project before the end of their fiscal year which is July 31<sup>st</sup>. Is their a clear process to make amendments to the agreement? We need to make some amendments in order to keep the other departments inside the county comfortable in moving forward. We are taking on a lot of risk and we want to mitigate that risk. There are a few things that need some clarification. Traci Behling explained that the NRCS received notification of appropriation of funds from the legislature just recently so they have had to move very quickly to get this project moving forward. Commissioner Migliori expressed concern that all parties involved be aware and conscious of what is being done. If the 28 million dollars goes south we couldn't even come close to covering that. Commissioner Migliori talked about the administration fee included in the contact agreement. He felt that the \$100,000.00 will probably need to be adjusted. Attorney Mike Olsen asked Mr. Smart where in the contract he can find the paragraph that the county can back out at any time. Mr. Smart indicated that it refers to a statute which he will email the reference to him. Mike asked what is the drop dead date that we have to sign this? Mr. Smart indicated that they need it by the 15<sup>th</sup>. Patsy Stoddard asked if there will be any impacts to the golf course? Is there a plan to mitigate that? Mr. Smart indicated that they have discussed this extensively. The golf course will be a 12 hole course for a year and a half. Mike Olsen indicated that he has been working with other attorneys to get some perspective. He has visited with attorneys who have dealt with issue and they have been advising with him. He will continue to keep looking into it. By the 15<sup>th</sup> he hopes to have a better perspective on this. His concern is how to indemnify the county. Commissioner Migliori expressed his feelings that this is a big project. Some of the decisions will need to be made moving forward. Amendments and MOU's will be coming. He wanted the county attorney to review the paragraph and be comfortable with it. Then we can move forward in good faith. Commissioner Keith Brady made a motion to move forward pending the approval of Attorney Mike Olsen's validation of CRF200 on behalf of NRCS and Canal Company so they do not lose the federal funding. The motion was seconded by Commissioner Paul Cowley. The motion passed.

office. They will get there as soon as possible.

*Commissioner Brady*

Commissioner Brady reported on the San Rafael Classic Triathlon at Huntington Reservoir. It was a good event for raising money for Search and Rescue.

*Commissioner Migliori*

Commissioner Migliori provided a follow up on the proposed gas tax. The Commissioners are trying to understand what the funds can be used for. They will continue to get more information out on this issue. The county may not pursue this tax this year as it will have go through the truth in taxation process. Commissioner Migliori had an opportunity to sit in on a radio interview regarding the public lands initiative. Be aware that CVSSD is starting chip seal projects on the roads . The County has applied for a NACO grant that provides a training workshop for communities affected by coal mine closures or other correlated industry closures. If that works out then Commissioner Brady and possibly Commissioner Migliori will attend that training. The focus of the training will be collaboration with other areas that have the same issue to see what we can do to help curb the affects of closures on the communities/county and diversify from the affects of the closures.

DISCUSSION AGENDA

(1)

ITEMS PULLED FROM CONSENT AGENDA.

Nothing was pulled for discussion.

Dennis Arдохain, Miner's Memorial asked to speak with the Emery County Commissioners regarding Emery County Miner's Memorial. The idea of a memorial began with two men who, together, had spent more than eighty years in the Eastern Utah coal mines. Over their lives, they saw numerous disasters that brought extreme grief to local families and communities. A committee of past and present miners, miners' families and community leaders was formed to raise funds, design a monument, and see the project through to completion. Research, which is still ongoing, has resulted in a list of almost 1,500 miners who died in Carbon County and Emery County mines between 1870 and the present. He stated that they have received unbelievable support for this cause. Last Labor Day, September 7, 2014 they dedicated the Carbon County Miner's Memorial Monument site. They have received \$25,000.00 from Carbon County as well as others. They have already received donations for Emery County's monument. A delegation went before Brad King at the Utah State Legislature and received an appropriation of \$100,000.00 for the project. They are in need of additional funds for the Emery County Monument. They asked that Emery County consider donating the same as Carbon County, \$25,000.00 for the project. They would like to have the project completed by fair/pageant time in 2016. Commissioner Migliori stated that the Emery County Commission is excited that they have taken on this project. He stated that the Commission will look at the budget and see what they can contribute in funds and in-kind service to this project. He will get with Lori Anne Larsen.

COMMISSION MEETING MINUTES  
AUGUST 4, 2015

(2)

CONSIDERATION AND APPROVAL OF ADDITIONS/CHANGES TO THE FEE SCHEDULE AT THE EMERY COUNTY AQUATICS CENTER.

Shannon Hiatt explained additions or changes to the fee schedule at the Emery County Aquatic Center. Commissioner Brady oversees the Aquatic Center and suggested a six month punch pass for \$25.00 for Aquasize and laps as well as showers. The Emery High Swim Team has the pool from 3 to 5 and public swimming is from 5 to 7:30. He suggest a Family Night on Monday from 5 to 7:30 and change the fee schedule for that night to \$2.00 per person. Commissioner Migliori added that the thinking behind this change is to maximize the use of the pool by minimizing the cost to the public. This change would begin mid September. The IT Department is working with Shannon to figure out the punch pass. Commissioner Migliori asked recommended approval for this addition and change to the fee schedule at the Aquatic Center. Commissioner Keith Brady made a motion to approve of additions/changes to the fee schedule at the Emery County Aquatics Center. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

CONSIDERATION AND APPROVAL OF EMERY COUNTY FAIR VENDOR APPLICATION/AGREEMENT TO BE USED IN 2016.

Commissioner Migliori explained the Emery County Fair Vendor Application/Agreement to be used in 2016. He explained that the agreement minimizes the risk to the county and identifies the dates and fees for booth rental moving forward into 2016. The fees and dates are subject to change on annual basis as reviewed by the Emery County Fair Board. Commissioner Keith Brady made a motion to approve of Emery County Fair Vendor Application/Agreement to be used in 2016. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF AMENDMENT #1 ON CONTRACT 14-2382 BETWEEN DIVISION OF WATER RESOURCES AND EMERY COUNTY TO PROVIDE ADDITIONAL TIME TO COMPLETE THE HUNTINGTON CREEK RECOVERY PROJECT.

Amendment #1 on contract between Division of Water Resources and Emery County will provide additional two years to the Huntington Creek Recovery Project. Commissioner Keith Brady made a motion to approve of Amendment #1 on contract 14-2382 between Division of Water Resources and Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

DIVISION OF EMERGENCY MANAGEMENT, FY 2015 EMERGENCY MANAGEMENT  
PERFORMANCE GRANT AND AGREEMENT ARTICLES.

Captain Ekker explained that the Emergency Management Performance Grant experienced a 10% increase. The funds are used for training and preparation. Wages are factored into the grant. Commissioner Paul Cowley made a motion to approve of Utah Department of Public Safety Division of Emergency Management, FY2015 Emergency Management Performance Grant and Agreement Articles. The motion was seconded by Commissioner Keith Brady. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF NEW PERSONNEL POLICIES AND  
PROCEDURE MANUAL FOR EMERY COUNTY.

Mary Huntington introduced Scott Crook from the law firm of Arnold & Crook. Mr. Crook was hired to review and make recommendations on the county's personnel policy and procedures manual. He stated that he has worked to protect employers for over 20 years especially working with local government entities and private employers. He stated that he is very familiar with the personnel policy and procedures manual. There has been a lot of development since this policy was created. Over the years the policy has collected a lot of baggage. The policy/procedures manual has been reorganized so it is understandable in principle and policy. Benefits were not changed just organized and understandable. The manual has been modeled after other manuals that have worked very well. Commissioner Brady indicated that he has not been able to read the entire manual but he did have some questions. He reviewed the questions he had and Attorney Mike Olsen also asked some questions. It was determined that the manual needed to be adopted

COMMISSION MEETING MINUTES  
AUGUST 4, 2015

by resolution. Therefore, Commissioner Keith Brady made a motion to table approval of the personnel policies and procedure manual for Emery County to allow time for a resolution to be prepared. The motion was seconded by Commissioner Paul Cowley. The motion passed. Mr. Crook will attend Commission Meeting on September 1, 2015 .

(8)

CONSIDERATION AND APPROVAL OF PRE-DISASTER MITIGATION GRANT APPLICATION.

Captain Ekker explained that the Pre-disaster Mitigation Grant program was started 3 years ago on a multi-county level with the AOG.. Emery County would like to do their own thing now and apply to create their own plan. If they apply now they will have two years to prepare the new plan. If they are successful in getting the grant the amount would be \$3,750.00 with a 25% match. The funds will go to pay the contractor awarded to write the plan. This would be separate from the AOG plan. They plan to involve the cities in the county plan. The document needs to be signed today to meet the deadline with FEMA. Commissioner Keith Brady made a motion to approve of Pre-Disaster Mitigation Grant application. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

COMMISSION/ELECTED OFFICIALS REPORT.

*Commissioner Brady*

Commissioner Brady has been working closely with the Aquatic Center to formulate the family night from 5pm to 7:30pm at \$2.00 per person and the punch pass for Aquasize and showers. He reported on the Beehive Drive Contest sponsored by the Utah Highway Patrol. Participants get to sit in cool cars and get their pictures taken. They offer a \$8,500.00 scholarship and money to city. \$10,500.00 for the license plate contest.

*Commissioner Cowley*

Commissioner Cowley reported on the challenges with the work being done on the San Rafael Swinging Bridge. The project has few days left to be completed.

## **Board of Equalization Minutes August 25 & 26, 2015**

Present were : Ethan Miliori, Brenda Tuttle, Kris Bell

There were no Board of Equalization hearings in Green River, Utah on August 25, 2015.

**Pat Jones** - Came in concerned about the value of commercial property. His storage sheds went from \$178,201 last year to \$303,318 this year. No additional buildings or changes have been made.

Kris Bell, Emery County Assessor explained that she had previously valued storage sheds as one large building and this year that was changed to value each building separately and that is why the value had changed. The other option than value is to charge taxes by the income but in order to do that she would have to have income information.

Ethan Migliori, Hearing Officer, - Kris will look at the different options and do a site visit on the commercial building to see if the valuations are correct. After looking at the options the Commissioners will make a decision and Pat will be notified.

(6)

FURTHER DISCUSSION AND RE-CONSIDERATION OF APPROVAL OF EMERY COUNTY FAIR VENDOR APPLICATION/AGREEMENT TO BE USED IN 2016.

Our insurance carrier Utah Counties Insurance Pool and the County are trying to come up with ways to limit the County's liability during the fair. The fair vendor application/agreement was approved during the last meeting. Commissioner Ethan Migliori is requesting that the agreement be put on hold until we work with the Recreation District to see what the ramifications of the agreement might be. There is a possibility that the Recreation District might be able to purchase a separate insurance policy to cover the fair. The details of this possibility were still being gathered. Commissioner Migliori will continue to work with the Recreation District to find a solution before next years fair.

Commission Meeting  
August 25, 2015

(7)

APPROVAL TO RENEW EAGLE AIR MED, NOW KNOWN AS GUARDIAN FLIGHT, INSURANCE FOR ALL FULL TIME COUNTY EMPLOYEES AT \$30.00 PER YEAR. ALL PART TIME EMPLOYEES CAN PURCHASE THIS THROUGH PAYROLL DEDUCTION FOR THE SAME PRICE.

Personnel Director Mary Huntington explained that this company was formerly called Eagle Air Med. The County covered the cost of this insurance last year. The insurance covers a full time employee or their family in the event that they were in a situation to use a Guardian Flight helicopter. It would cover any flight owed by Guardian Flight. Part-time employees would also be able to purchase the insurance for \$30.00. Commissioner Keith Brady made a motion to approve purchasing Guardian Flight insurance. Commissioner Paul Cowley seconded the motion and it was approved by all.

(8)

CONSIDERATION AND APPROVAL TO USE EMERY MEDICAL CENTER FOR THE WELLNESS CLINIC FOR EMERY COUNTY EMPLOYEES AND THEIR FAMILIES.

Personnel Director Mary Huntington presented this item. About eight years ago the County implemented a wellness program in conjunction with the health insurance plan. Employees that participate get a comprehensive lab report back and if there is something out of sync then they can schedule a follow up with Lowell Morris at Emery Medical Center. This program has caught serious health issues in the early stages which helps decrease insurance costs. If an employee has already had a comprehensive blood draw then they can bring in a note from their physician and they will be counted as having participated. The program also includes a flu shot.

Commissioner Paul Cowley made a motion to approve the use of Emery Medical Center for the wellness clinic. Commissioner Keith Brady seconded the motion and it was approved by all.

(9)

CONSIDERATION AND APPROVAL TO AWARD EACH FULL TIME EMPLOYEE WHO PARTICIPATES IN THE WHOLE WELLNESS CLINIC 4 HRS. VACATION TIME.

Commissioner Paul Cowley made a motion to award each full time employee who participates in the whole wellness clinic 4 hours of vacation time. The motion was seconded by Commissioner Keith Brady and approved by all members.

Commission Meeting  
August 25, 2015

(10)

CONSIDERATION AND APPROVAL OF RESOLUTION RESCINDING DELINEATION OF EMERY COUNTY JUSTICE COURT, FIRST PRECINCT ( CASTLE DALE, UTAH) ANS SECOND PRECINCT (GREEN RIVER, UTAH) WHEREBY COMBINING INTO ONE PRECINCT.

Commissioner Keith Brady stated that the justice court precincts were split in 1992. Judge Stream is now requesting that the precincts be combined back into one precinct with two locations. The State Courts have said that nothing would change other than the Judge would only be required to hold court in Green River once a month instead of twice a month. The resolution would take effect as soon as the State approved it. Commissioner Keith Brady made a motion to approve Resolution #08-25-15 rescinding delineation of Emery County Justice Court First Precinct and Second Precinct and combining them into one precinct. The motion was seconded by Commissioner Paul Cowley and approved by all.

(11)

APPROVAL TO ADVERTISE FOR MID-TERM VACANCY ON NORTH EMERY WATER USERS SPECIAL SERVICE DISTRICT'S BOARD.

Board member Bruce Wilson has resigned from the Board. The vacant position would be for a three year term. Commissioner Paul Cowley made a motion to advertise for a vacancy on the North Emery Water Users Special Service District Board. The motion was seconded by Commissioner Keith Brady.

(12)

COMMISSION/ELECTED OFFICIALS REPORT.

**Paul Cowley** - Commissioner Cowley had the opportunity to visit with four individuals from California who were in the County riding the trails. They were supposed to end their visit in Green River. The summer senior luncheon is set for September 11, 2015 in Huntington.

Commission Meeting  
August 25, 2015

**Keith Brady** - Commissioner Brady has been working on a new agreement with the Emery County School District to clarify the prior agreement from 2007 on how much time the schools are allotted and what will be provided during their time of use. There will be a NACO conference in September that will be discussing coal. Sheriff Funk suggested talking with Loran Huntsman from Pacifcorp prior to the conference.

**Ethan Migliori** - Commissioner Migliori has been involved in talks with John Bramall concerning the Care Center. They are looking at possible home health options. Commissioner Migliori also had an opportunity to present at a conference with Mistie Christiansen on rural land issues. Having a public lands council in place has put us ahead of other counties on land issues. Commissioner Migliori also attended an economic development conference in Denver, Colorado. There were good ideas to try and help businesses grow.

MINUTES OF THE REGULAR MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS

September 1, 2015

Present at the meeting was Commission Chairman Ethan Migliori, Commissioner Keith Brady, Commissioner Paul Cowley, County Attorney Mike Olsen, Clerk/Auditor Brenda Tuttle, other elected officials, and citizens.

CONSENT AGENDA

1. APPROVAL OF CHECK EDIT LIST, REQUISITIONS AND DISPOSITIONS .
2. APPROVAL OF COMMISSION MEETING MINUTE DATED AUGUST 25, 2015.

Commissioner Paul Cowley made a motion to approve the consent agenda. The motion was seconded by Commissioner Keith Brady and approved by all members.

DISCUSSION ITEMS:

1. ITEMS PULLED FROM CONSENT AGENDA.

No items were pulled from the consent agenda.

2. EMPLOYEE OF THE MONTH.

The Emery County Road department was selected for employees of the month. They do anything they can to help. They were some of the first people on the scene at an accident on the San Rafael Swell. Commissioner Migliori thanked the Department for all they do to keep the roads so nice. Something will be done for the whole department to show the County's appreciation.

3. DEBBIE HATT, SEUAOG, DISCUSSION AND APPROVAL OF INTER-AGENCY COORDINATION AND SUB RECIPIENT CONTRACT AGREEMENT BETWEEN SOUTHEASTERN UTAH ASSOCIATION OF LOCAL GOVERNMENTS (SEUALG AND EMERY COUNTY ) TO ADMINISTER THE EMERY COUNTY AGING AND NUTRITION PROGRAMS FROM JULY 1, 2015 - JUNE 30, 2016.

There were some questions concerning the AOG contracts so Debbie Hatt was invited to come and discuss the contracts. One question concerning contributions was Emery County contributes \$19,086 while Carbon and Grand Counties contribute only \$500.00. Debbie explained that the difference in contributions comes back in SSBG dollars. Of that money Emery County gets

\$24,003, Carbon County \$6,700 and Grand County \$4,097. Some money from Emery County goes to match other federal funds. Commissioner Paul Cowley mentioned that the program is in need of a new meals on wheels vehicle next year. Funds for that vehicle would have to be allocated from the County. It costs about \$490,000 to run the senior programs. Cash in lieu has to be used for meals. Social Services Block Grant augments all programs that are based on low income. Shawna Horrocks, Aging Director presented information for meals on wheels services.

Commissioner Keith Brady made a motion to approve the contract between Southeastern Utah Association of Local Governments and Emery County. The motion was seconded by Commissioner Paul Cowley and approved by all.

4. KIMBALL AND ROBERTS, PRESENTATION OF FY2014 INDEPENDENT AUDIT.

Rick Roberts from Kimball and Roberts was present to discuss the County's FY2014 audit. A clean opinion was issued. There were no errors or irregularities found. Total assets of the County were \$64,640,811. There was one compliance deficiency noted in the Revolving Loan Fund.

5. CONSIDERATION AND APPROVAL OF RESOLUTION IN SUPPORT OF DESIGNATING CLEVELAND/LLOYD DINOSAUR QUARRY AS A NATIONAL MONUMENT, AS PART OF PLI, AS RECOMMENDED BY THE PUBLIC LANDS COUNCIL.

This item was tabled. The County Attorney will draft a resolution and the commissioners will review it before the September 15, 2015, meeting.

Motion was made by Commissioner Paul Cowley to table. Motion was seconded by Commissioner Keith Brady and approved by all.

6. DISCUSSION OF HOLDING A COUNTY AUCTION VS. ADVERTISING FOR A SEALED BID OF EXCESS COUNTY EQUIPMENT/FURNITURE. APPROVAL OF ACTION TAKEN.

The County has enough excess equipment/vehicles to hold an auction. The downfall of doing sealed bids would be the amount of time opening and awarding the bids. A date for the auction was tentatively set for October 24, 2015. The County will look into available auctioneers.

7. CONSIDERATION AND APPROVAL TO BEGIN PROCESS TO SALE COUNTY OWNED PROPERTY PARCEL NO. 03-0081-0014.

The County has been approached to sell parcel #03-0081-0014. The previous owner was using the property and had a corral on it. A new individual has acquired the property and through title searches discovered that the property that was being used was not included in their property description. There is a process to follow if it is determined that it is the best interest of the County to sell the property. The assessor has determined the taxable value to be \$121.00. It is .58 acres.

Commissioner Keith Brady made a motion to begin the process to sell parcel #03-0081-0014. The motion was seconded by Commissioner Paul Cowley and approved by all members.

8. CONSIDERATION AND APPROVAL OF COUNTY PERFORMANCE INCENTIVE PROGRAM (CPIP) GRANT AS PART OF THE JUSTICE REINVESTMENT INITIATIVE.

This is for a non-matching grant of \$2,100.00 for training software. The grant is for non-sworn officers to do assessments. Commissioner Keith Brady made a motion to approve County performance program grant. The motion was seconded by Commissioner Paul Cowley and approved by all members.

9. CONSIDERATION AND APPROVAL OF AGREEMENT AUTHORIZING EMERY COUNTY SPECIAL SERVICE DISTRICT #1 TO TAKE THE LEAD AND COORDINATE WITH ENERGY WEST/PACIFICORP ON REPAIRS TO CR221.

Howard Tuttle, Johansen & Tuttle Engineering, was present to discuss this item. This project is to fix County Road 221, Blue Hills Road by the Huntington Airport. When Pacificorp closed Deer Creek Mine they shuttled their heavy equipment over CR221. This resulted in two section of the road being severely damaged. Pacificorp has agreed to pay for the repair of the road. An encroachment permit would be given to Emery County Special Service District #1. The District will get an agreement to the County authorizing them to take over the road during this project.

Commissioner Paul Cowley made a motion to authorize Emery County Special District #1 to take the lead on repairs to CR221. The motion was seconded by Commissioner Keith Brady and approved by all members.

10. COMMISSION/ELECTED OFFICIAL REPORT.

Keith Brady - Congressman Chaffez' Washington staff was in the County and toured the

SKIP MCDONNELL, ELECTRICAL CONSULTANTS, INC. INTRODUCTION TO WHAT ECI DOES AND HOW ECI COULD BENEFIT EMERY COUNTY.

Skip McDonnell, Project Development for Electrical Consultants, Inc., a leading electrical engineering consulting firm headquartered in Billings, Montana with over 25 years experience in a wide range of utility/industrial power system design from 600 volt through 500 kV, as well as communication system designs. ECI employs nearly 400 experienced engineers, designers, project managers, technicians, field personnel and support staff with offices located from coast to coast. ECI ranks among the largest of U.S. firms specializing in transmission and distribution engineering services other than power generation. They are currently working in the Uintah Basin on the U.S. Oil Sands Facility process. Mr. McDonnell indicated that he was here today to introduce the firm's professional services and make the Commissioners aware of the services that his firm can provide.

OPEN AND REVIEW REQUEST FOR PROPOSALS FROM QUALIFIED ACCOUNTING FIRMS TO PERFORM THE EMERY COUNTY ANNUAL INDEPENDENT AUDIT AS WELL AS THE SPECIAL SERVICE DISTRICTS. DISCUSSION AND POSSIBLE APPROVAL OF ENTERING INTO A CONTRACT FOR SERVICES.

Bids were opened and read aloud. The bids were from the following accounting firms qualified to perform the Emery County annual independent audit as well as the Special Service District's audits.

- 1) Larsen, CPA
- 2) Carver, Florek, and James, CPA
- 3) Smuin, Rich and Marsing, CPA
- 4) Hawkins, Cloward, and Simister, CPA, LC
- 5) Kimball and Roberts, CPA

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
OCTOBER 6, 2015

Commissioner Keith Brady made a motion to have the Commissioners review the bids with Brenda Tuttle, Clerk/Auditor, and Steve Barton, Treasurer to determine the lowest bid. The motion was seconded by Commissioner Paul Cowley. The motion passed. The term of the contract will be for 5 years.

(6)

DISCUSSION OF CLEVELAND LIBRARY PARKING LOT PROJECT AND APPROVAL OF LIQUIDATED DAMAGE ASSESSMENT.

Commissioner Migliori explained that the bid for the Cleveland Library Parking Lot Project was awarded to Nielson Construction. The contractual completion date for the project was August 24, 2015. Substantial completion on the project was issued 26 days after the contractually obligated completion date. This triggered the liquidated damage clause in the contract assessing \$1,000.00 per day for a total of \$26,000.00. The Commissioners met with Nielson's Project Manager, Steve Ogden to discuss some options. Steve addressed the Commissioners to discuss a solution to the situation. Mr. Ogden proposed adding a sprinkling system and sod to the back yard of the Cleveland Library to help show good faith for both parties involved. Nielson's felt that something should be given back to the county for their oversight. Carole Larsen, Library Director stated that she had no problem with having Nielson's Construction complete the back yard work in-lieu of paying damages. They discussed when would be the best time to do the sodding due to the fact that the water will soon be turned off and the sod may get winter kill if done now. Mr. Ogden indicated that they will probably contract the work out to Ward's Landscaping so he will ask them their advise on the sod. Commissioner Paul Cowley made a motion to accept Nielson Construction's proposal to complete the work to be done on the back yard of the Cleveland Library in accordance with J&T's specifications. The motion was seconded by Commissioner Keith Brady. The motion passed.

CONSIDERATION AND APPROVAL OF GRANT APPLICATION TO UTAH DIVISION OF  
STATE HISTORY FOR UTAH CEMETERY INVENTORY PROJECT FOR ANTIMONY,  
HIAWATHA, AURORA, AXTELL, AND HOWES BY EMERY COUNTY ARCHIVES.

In the past Bernice Payne has done a Utah Cemetery Inventory Project funded through the Utah Division of State History by way of the Emery County Archives Department. State History has now asked Ms. Payne to inventory cemeteries in Antimony, Hiawatha, Aurora, Axtell and Howes. The Commission was hesitant to approve this project due to the fact that none of these cemeteries are in Emery County. However, there is no monetary obligation by Emery County. The grant from Utah Division of State History is for \$5,400.00 with a 50% match which Bernice Payne will be matching with her time. The requested amount from the grant is \$2,700.00. Commissioner Paul Cowley made a motion to approve of a grant application to Utah Division of State History for Utah Cemetery Inventory Project for Antimony, Hiawatha, Aurora, Axtell and Howes by Emery County Archives. The motion was seconded by Commissioner Keith Brady. The motion passed.

(10)

Commissioner Paul Cowley made a motion to approve of Emery County Library Break and Lunch Policy. The motion was seconded by Commissioner Keith Brady. The motion passed.

(16)

CONSIDERATION AND APPROVAL OF RESOLUTION ESTABLISHING A PROCEDURE TO MANDATE EMERY COUNTY EMPLOYEES TO USE DIRECT DEPOSIT FOR PAYROLL PURPOSES.

Emery County has more than 100 employees on the Emery County payroll. Nearly all employees have their payroll checks electronically deposited. Payroll checks, electronically deposited, are being deposited on time, correctly, and confidentially. It is confidential and secure. It will save the county time and money by reducing the paper costs and reducing costs associated with re-issuing lost or stolen checks. Emery County has a few employees currently not taking advantage of direct deposit. These are mostly EMT's. If approved, this mandate will allow those employees who do not currently have their payroll checks deposited electronically until October 30, 2015 to set up an account with their financial institution to receive such deposits. Employees will not be able to acquire their paychecks by any other method. Commissioner Keith Brady made a motion to approve Resolution 10-6-15B establishing a procedure to mandate Emery County employees to use direct deposit for payroll purposes. The motion was seconded by Commissioner Paul Cowley. The motion passed.

CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING MINERAL LEASE REVENUE (MMS) AND STATE MINERAL DEVELOPMENT REVENUES (SITLA)

COMMISSION MEETING MINUTES  
OCTOBER 20, 2015

RESOLUTIONS 4-6-99A AND 4-1-08B RESPECTFULLY.

Commissioner Migliori discussed mineral lease revenue and state mineral development revenues. He indicated that due to the reduction in mineral lease revenue to Emery County he would like to look at reallocating these funds. This is done by amending the Resolution which allocated the funds in the beginning. Currently the allocation is as follows:

ECSSD#1	40%
LBA	29%
CVSSD	13%
Recreation	8%
Fire	8%
NEWUsers	2%

Commissioner Migliori discussed the fact that the closure of Deer Creek Mine has played significantly in the decrease in mineral lease revenues that come to Emery County. They have looked at options to help the districts. They have decided that LBA can operate a year without the funds that would be allocated to them. The Commissioners recommended reallocating these funds as follow:

ECSSD#1	55%
LBA	0
CVSSD	18%
Recreation	12%
Fire	12%
NEWUsers	3%

The Commissioners discussed whether they need a new resolution or to amend the present resolution. Attorney Mike Olsen was assigned to either amend the current resolution or draft a new resolution to present for consideration in the next Commission Meeting reflecting the new allocation of funds.

COMMISSION MEETING MINUTES  
OCTOBER 20, 2015

*Sheriff Funk*

Sheriff Funk reminded everyone of the retirement party for Detective Bob Blackburn on October 27<sup>th</sup> from 11:00 am until 1:00pm .

*Commissioner Migliori*

Commissioner Migliori talked about budget meetings. He also talked about some economic prospects to offset the loses that the county has experienced.

*Commissioner Brady*

Commissioner Brady talked about the upcoming county auction scheduled for Saturday, October 24<sup>th</sup> at the Road Department yard. You can access the website to see a list of the vehicles and equipment for sale. He talked about a sales leakage report. This report shows how much money is being leaked out of the county and what we are capturing. He will get the report to Jeff Guymon to put on the county website. There is a lot of data, but beneficial to potential businesses and existing businesses. There was a water issue in Green River. Apparently there was a leak in the water storage. The water was in jeopardy of draining out. They found the leak and it was contained. This was a good lesson on having emergency water for your personal use.

*Commissioner Cowley*

Commissioner Cowley reported on the Senior Center Sidewalk project. It is underway and they should have the handrail up this week.. This will be a great benefit to the Senior Center.

Nothing was pulled for discussion.

(2)

KENT WILSON AND WADE WILLIAMS, DISCUSSION OF CURRENT LANDFILL  
TIPPAGE FEE IMPLEMENTATION AND DRAFT AMENDED TIPPAGE FEE  
RESOLUTION. APPROVAL OF ANY ACTION TAKEN REGARDING THESE ISSUES.

Several concerned citizens and contractors were present to express concerns regarding the current landfill tippage fee implementation. Commissioner Cowley started by commenting that the cost to keep the Landfill going is approximately \$260,000.00 per year. The landfill has been looking at replacing some costly equipment. He indicated that in looking at past discussions he has found that the agreed upon tippage fee of \$15.00 per ton had not been implemented. Commissioner Migliori indicated that in 2009 a resolution was agreed upon wherein; a tippage fee of \$15.00 per ton was set for the landfill. We want to move forward with implementing the tippage fee and wanted to get some suggestions from those who are affected by the fee.

Wade Williams, City Sanitation indicated that since the 2009 tippage fee was set his company has been paying the fee. At that time the tippage fee was set up for construction demolition big bins. Discussion was, with the former Commissioners, that the cities would be exempted from paying for the roll-offs since that cost would be passed on to the residents. He expressed his concern with the fact that there was no notification that there was going to be this huge increase. This is going to be a 20% to 30% price increase for everyone involved. The first notification he had was last Tuesday morning when his truck arrived at the landfill to dump and was told as of now they are charging a \$15.00 per ton fee to dump at the landfill. He indicated he has not had time to notify the cities of a rate increase. His contract with Green River City states he has to give the city 60 days written notice before a rate increase and the city has 60 days to reply. He stated he felt that it was not fair that the commercial haulers will be charged and the individual or smaller generators will not. The citizens who live the farthest from the landfill will be impacted the greatest. Green River, Elmo, Cleveland, Ferron, and Emery have roll-offs in their cities for residents to use and we contract with the cities to haul off the roll-offs. His other issue is that the tickets are hand written tickets. There is no invoice number or way to track the ticket for accounting purposes. The main point is that this will be a huge increase to everybody in the county.

Commissioner Brady asked Mr. Williams the cost for a roll-off to be hauled to the landfill in

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
NOVEMBER 3, 2015

Green River City. Mr. Williams indicated that there are different rates set up with each municipality.

Hilary Gordon, Mayor of Huntington City stated she understands the need for the money. She stated she did not care for the way it was done saying that to her, it was very unprofessional. The rate was set back in February of 2009 and now we are at the end of 2015. Some kind of a written notice to the cities and certainly to the garbage collectors would have been professional. She felt that they should not be held accountable for the fees that you have already put on them when they were not expecting it and have not had the opportunity to pass that cost on to the cities. Obviously the cost will be passed on to the citizens. She felt we have the most reasonable rates in the state of Utah. She stated she is not complaining about the fees she felt she understands the need for it but it needs to be done professionally. The cities need time to take the issue before their councils and citizens. She stated she felt the charges that have already been passed on need to be done away with until this can be done in the correct manner.

Trent Jackson, Mayor of Ferron City stated he understands the cost of operation and funds are decreasing everywhere. Based on preliminary figures that were passed on to them from City Sanitation just in September it would have cost the city an extra \$1,400.00 for that month. That is money that is not currently budgeted. Ferron City would have to raise the cost per can to try and recover that. It would have been better to give them some kind of notification. He is concerned for what is going to be done about the garbage that is going to be dumped in the outlying areas, out side of town, when the roll-offs are pulled out of the city because they can not pay for them. He asked if the county has a plan for dealing with that issue?

Commissioner Migliori commented that so far the county has been able to finance the cost of keeping the landfill going without passing along that cost to the citizens. So far we have been able to fund the cost of keeping equipment maintained at the landfill. Last year we needed a \$600,000.00 piece of equipment at the landfill that we were eventually able to find the funds to purchase. There may come a day when the county will not be able to continue to fund the needs of the Landfill. He indicated he would rather see the county implement the fee now while the county is still healthy. Proposition 1 will increase the road tax and will generate approximately \$244,000.00 additional dollars from the state into the county to help it grow. Some of those funds may be moved around to increase the budget of the landfill.

Kent Wilson, Emery Sanitation stated that he thought this was a done deal and we were going to talk about implementation of the fee. If you implemented this last week it would cost me \$6,000.00 to \$7,000.00 before he can redo contracts and pass that cost along to the cities. He stated he would like to see them wait until January or February to implement the fee to allow time to work with the cities that he is contracted with. He stated he would like to see a separate fee for the roll-offs that each city has. He stated that the roll-offs are a wonderful tool for keeping the cities beautiful. A discounted fee for the cities to provide the roll-off would be great.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
NOVEMBER 3, 2015

The reality is that citizens can haul debris to the landfill for nothing. The roll-offs are a convenience for the cities and the citizens.

Wayde Nielsen, Road Supervisor stated that the tippage fee is not the big issue here it is determining who is a contractor and who is not a contractor. Right now the contractors are not being charged because they are having the resident order the roll-off (who doesn't have to pay) to avoid being charged. Roll-offs are positioned in transfer stations in the county where people can unload a truck load of debris. He indicated that the roll-offs are not sorted which leads to another problem.

We have one person at the Landfill to sort all of the debris that gets dumped into the roll-offs.

Commissioner Migliori indicated that is an internal issue.

Wayde concluded by saying that last time we tried to implement the fee everyone was given a warning it all blew up and nothing was done. Something has to happen now.

Commissioner Migliori discussed the current Resolution and the fees associated with the document. He wondered if they needed to enforce the current resolution or adjust the fees with a new resolution?

Commissioner Cowley suggested going with the fees as they are set now at \$15.00 per ton and waving the start time for the fees to be implemented to the first of the year 2016.

Commissioner Brady indicated he would like to explore enterprise zone designation to see if the landfill could be self sustaining.

Commissioner Migliori commented that we have to make sure the policy is done right to avoid dumping on public land.

Commissioner Migliori suggested having a new drafted resolution ready to consider in the December 15<sup>th</sup> Commission Meeting.

Commissioner Keith Brady made a motion to conduct business as usual until December 15<sup>th</sup> when the Commission will have a draft ready to consider after working through some issues. The motion was seconded by Commissioner Paul Cowley. The motion passed.

OPEN BIDS FOR SCRAP METAL PILE AT LANDFILL. CONSIDERATION AND APPROVAL OF AWARING BID/CONTRACT AND ASSOCIATED PAPERWORK.

One bid came in for the scrap metal pile at the Landfill. The bid was from Western Metals Recycling L.L.C. in the amount of \$16.00 NT. Commissioner Migliori stated that is a very low bid. He asked Wayne Nielson, Road Supervisor if they could leave the metal pile alone for a while to wait and see if the cost will come back up? Wayne indicated that the pile is getting big and if the inspector comes around they may get fined. The Commissioners decided to move forward with the bid. Commissioner Keith Brady made a motion to accept the bid from Western Metals in the amount of \$16.00 NT. The motion was seconded by Commissioner Paul Cowley. The motion passed.

DISCUSSION AND POSSIBLE APPROVAL FOR MEAGAN WILBERG TO ACCEPT AN INVITATION TO BECOME A MEMBER ON THE UTAH STATE MUSEUM ASSOCIATION BOARD.

Museum of the San Rafael Director Meagan Wilberg discussed an opportunity to become a member on the Utah State Museum Association Board. She indicated that it would involve 37 hours a year and cost \$2,000.00 per year which includes her pay, and travel to the meetings. There are 5 board meetings a year mostly in the Salt Lake area. The duration of the appointment

COMMISSION MEETING MINUTES

would be 2 to 4 years. She believed that the benefit to being a member of the association would be to better help her understand the museum, find out about funding opportunities and promotion tools. Commissioner Migliori stated he felt it could be a connection to get unique exhibits to the MOSR as well as artifacts/history back to Emery County. Commissioner Keith Brady made a motion to approve for Meagan Wilberg to accept an invitation to become a member on the Utah State Museum Association Board. The motion was seconded by Commissioner Paul Cowley. The motion passed.

ITEMS PULLED FROM THE CONSENT AGENDA

Nothing.

(2)

KENNETH R. BROWN, WESTERN COUNTY ALLIANCE, REPORT OF ACTIVITIES OF THE WESTERN COUNTY ALLIANCE.

Kenneth R. Brown, Western County Alliance reported on activities of the Alliance. Mr. Brown reported on PILT funds, Senate and House Bills that are being watched, Secure Rural Schools Program, Sage Grouse Designation, Public Land transfers, Wild Horse/Burrow Program, Disposal Plants, and efforts with the RS2477 designation in other states. Mr. Brown suggested Emery County consider appropriate \$1,000.00 for membership dues for 2016.

(3)

CONSIDERATION AND APPROVAL OF COMMUNICATION USE LEASE BETWEEN EMERY COUNTY AND BUREAU OF LAND MANAGEMENT FOR MT. ELLEN/SOUTH SUMMIT RIDGE COMMUNICATION SITE.

Ray Petersen indicated that the county requested the lease be in perpetuity to which the BLM declined. The BLM did agree to a 30 year lease. Commissioner Paul Cowley made a motion to approve a Communication Lease between Emery county and BLM for Mt. Ellen/South Summit Ridge Communication Site. The motion was seconded by Commissioner Keith Brady. The motion passed.

COMMISSION MEETING MINUTES  
NOVEMBER 17, 2015

(4)

CONSIDERATION AND APPROVAL OF COMMISSION PROPERTY TAX ADJUSTMENT FOR KIP IVIE, PARCEL NUMBER 03-0036-0009.

Kris Bell, Assessor requested a Commission Property Tax Adjustment for Kip Ivie. When Mr. Ivie purchased the land he assumed that the property was Greenbelt. This parcel is being farmed. The previous owner never signed a Greenbelt Application. The new owner now has a rollback to pay. The Ivie's are asking that the Commissioners remove the rollback and let them pay the Greenbelt amount because their intent is to farm and they thought the land was on Greenbelt. If approved the previous tax dollars are \$94.59, new tax dollars are \$33.67. The tax dollars difference is -\$60.92. The new tax dollars -\$201.92. Commissioner Keith Brady made a motion to approve a Commission Tax Adjustment for Kip Ivie, parcel #03-0036-0009. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF COMMISSION PROPERTY TAX ADJUSTMENT FOR BLAKE/JACIE RASMUSSEN, PARCEL NUMBER 03-0066-0009.

Kris Bell, Assessor requested a Commission Property Tax Adjustment for Blake/Jacie Rasmussen. Sheds were assessed on parcel #03-0066-0009 owned by Blake/Jacie Rasmussen. However, the sheds are actually on parcel #03-066A-0002 owned by Steven Johansen and are not included on his tax notice. The request from the Assessor's office was to remove the value and taxes on this parcel and move them to the correct parcel. Commissioner Migliori asked that Ms. Bell contact Mr. Johansen and make him aware of the situation and bring that tax adjustment back to Commission Meeting for consideration. If approved the previous tax dollars were \$74.76, new tax dollars are \$3.00. Tax dollar difference is -\$71.46. Commissioner Keith Brady made a motion to approve of Commission Property Tax Adjustment for Blake/Jacie Rasmussen, parcel #03-0066-0009. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

DISCUSSION OF WEED/MOSQUITO DEPARTMENT LEASING A PIECE OF HEAVY EQUIPMENT. CONSIDERATION AND APPROVAL OF CONTRACT AND OTHER REQUIREMENTS.

Cory Worwood, Weed/Mosquito Department requested approval for a Lease Contract with Wheeler to lease 2 track loaders for their Russian Olive Program. After 3 years they will have the purchase option for the equipment. One loader will have a mounted saw and one will have a mounted grapple. He indicated that this way they will be able to cut and spray at the same time.

COMMISSION MEETING MINUTES  
NOVEMBER 17, 2015

The lease will be funded with the funds the W/M Department receives from a Russian Olive Removal Grant from State Forest and Fire. The intent is to lease for one year or as long as the funds are available with the grant. Commissioner Migliori recommended having Attorney Mike Olsen review the document to validate the options of liability for the County. Commissioner Keith Brady made a motion to approve of contract with Wheeler Machinery to lease a piece of heavy equipment pending verification from the County Attorney. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF A LETTER IN SUPPORT OF GREEN RIVER CITY'S WAYPOINT GRANT APPLICATION FOR THE DEVELOPMENT OF RECREATIONAL INFRASTRUCTURE IN AND AROUND GREEN RIVER.

Green River City is requesting a letter of support for a grant application for the development of recreational infrastructure in and around Green River. This is a Trails Committee project. The trail will be located mostly in Grand County but maintained by Green River City. Tina Carter, Travel Council indicated that the Travel Board approved donating \$5,000.00 toward this project for this year. Commissioner Keith Brady made a motion to draft a letter of support for Green River City's Waypoint Grant Application for the development of recreational infrastructure in and around Green River. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

CONSIDERATION AND APPROVAL OF AN AGREEMENT BETWEEN GREEN RIVER CITY AND EMERY COUNTY NAMING RESPONSIBLE PARTY AND ASSIGNING MAINTENANCE OF TRAIL TO BE KNOWN AS THE TUSHER WASH TRAIL.

MINER'S MEMORIAL COMMITTEE, DISCUSSION OF THE MINER'S MEMORIAL IN CASTLE DALE.

Dennis Ardohain and Lori Ann Larsen came before the Board of Commissioners to provide an update on progress of Miner's Memorial planned for Castle Dale. Mr. Ardohain asked the Commissioners to decide on a stone color and lighting preference. Benches are planned and are available for donation for \$1,500.00 a bench. The funds are being run through the Community Development Corporation, a non-profit organization. There will be plaques reflecting the names of coal miners and coal mines in Emery County. Emery County will be doing the ground work and has set aside funds for donation to the project. Citizens, businesses and or corporations who donate to the project will receive a tax advantage. He asked for a decision on the stone color and lighting within the next two weeks as the stone comes from China and will take a while to get here. Much of the time dedicated to this project is donated. Kelly and Tennile Larsen have donated time and work on the plaques and monument. Gary Prazen and Danny donate their services.

CONSIDERATION AND APPROVAL OF LANDFILL TIPPAGE RESOLUTION.

The Commissioners entered into continuing discussions regarding a Landfill Tippage Resolution. It was recommended to be begin March 2, 2016 to allow time for the contractors to implement the fee change with the cities. Commissioner Brady questioned why are we doing this now? The county has been able to fund the Landfill in the past. He was concerned that this will cost homeowners and extra \$12.00 per year per can. Attorney Mike Olsen recommended revoking the current resolution due to language in the document and the fact that it is not being enforced anyway. Julie Johansen from Castle Dale City Council commented that Castle Dale has been waiting to comment on this issue until they hear from the contractor who services their city. And the contractors have been waiting to do anything until there was a resolution to work from. Mr. Williams, City Sanitation expressed concern for the hand written tickets. Commissioner Keith Brady made a motion to table this issue for further review. The motion died for lack of a second. Commissioner Paul Cowley made a motion to approve of Resolution 12-15-15F a Landfill Tippage Resolution and revoking Resolution 02-24-09 in its entirety upon the signing of this

DISCUSSION AND POSSIBLE APPROVAL OF SPILLMAN TECHNOLOGIES, INC.  
QUOTE AND PURCHASE ADDENDUM FOR SOFTWARE FOR SHERIFF'S  
DEPARTMENT.

Sheriff Greg Funk discussed the need to switch from Fatpot to Spillman Technologies, Inc. He explained that Fatpot got bought out and is moving in a different direction. So the department is back to Spillman for their data base. The cost for the software is \$125,620.00. He is still in negotiations with them for the yearly maintenance fee. He plans on using Emergency Management funds paying \$40,000 per year for four years. They will be merging the three data bases currently used by the Sheriff's Department. There are options available for retrieving data. Fatpot will continue until their contract is up and installation would be in August of 2016 for Spillman. Attorney Mike Olsen has reviewed the addendum and Jeff Guymon has reviewed it also. (2)

CHAD BOOTH, DISCUSSION OF SPONSORSHIP AGREEMENT WITH CHAD BOOTH & CO. FOR THE COUNTY SEAT. APPROVAL OF SPONSORSHIP AGREEMENT.

Chad Booth, *The County Seat*, came before the Board of Commissioners to discuss a sponsorship agreement for *The County Seat*. He addressed questions from the Commissioners and Attorney Mike Olsen regarding liquidated damages, air time, and issues of value and benefit to Emery County citizens. Mr. Booth explained that the program runs 52 one half hour programs a year. The company relies on the counties for content to put into development. For example, Coal is of importance to Carbon, Emery Counties as well as other counties in the state. Coal is an important content to develop a program around. This issue affects the state and issues need to be presented to the people of the rest of the state. He added that 75% of what they talk about are issues that affect rural Utah. However, counties like Utah County and Salt Lake County need issues that are of value to their citizens as well. Public Lands is a main issue of discussion and is of concern to the citizens of the entire state. Commissioner Cowley commented that he gets the impression from watching news programs that the people of the Wasatch Front think that power plants cause pollution. Mr. Booth added that his program gives people a perspective on these issues that they would otherwise get. The program *At Your Leisure* began from the issue of road closures. There was no one to speak to responsible ATV use. The show has generated a new

COMMISSION MEETING MINUTES  
JANUARY 19, 2016

image for ATV use in the state. In the process they have become more involved in road closures and other issues from rural Utah that provide perspective to the people of Wasatch Front especially those individuals who like to recreate in rural Utah. Legislators follow his show and use it as a tool for lobbying, developing legislation and platforms. He added that the show includes participation for all 29 counties in Utah and some in Idaho, Arizona and Nevada.. But it takes participation from all 29 counties to keep the program going. They exist on a very tight budget. Most of the budget goes to pay for air time. If we become an affiliate of a channel they will have editing rights to our content and we want to put the issues out there, unedited. If even three counties drop out of participation the show could not keep functioning. That's how tight their budget is. Commissioner Migliori commented that this show is a hidden advantage to Emery County. It is the best lobbyist the county has going. It is a voice that has access. Mr. Booth continued by adding that he is at the legislature on a regular basis to stay abreast of the current issues affecting the state. He regularly does appearances on Channel 4 to broadcast on behalf of rural Utah issues. Mr. Booth brought Piute County Commissioner Darin Bushman to the meeting with him to discuss the program. Mr. Bushman stated that *The County Seat* is a gem that he hoped we can keep going. What you get out of your participation in the company depends on how much you ask for. It is advantageous to go to the legislature with the issues that are presented on the show. Ask yourself how to utilize the program to move your issues to the forefront of discussion with your legislators. Commissioner Migliori added that previous broadcasts are available on line. He encouraged everyone to check them out. Commissioner Migliori made a motion to approve a sponsorship agreement with Chad Booth & Company for *The County Seat*. The motion was seconded by Commissioner Paul Cowley. The motion passed.

CHRIS WOOD, DWR, PRESENTATION OF PILT CHECK FOR PROPERTY OWNED BY UDWR. UPDATE OF DIVISION ACTIVITIES.

Chris Wood, DWR came before the Board of Commissioners to present a check in the amount of \$2,610.71 representing the property owned by Utah Division of Wildlife Resources. He indicated that the division owns 5,302 acres of land in Emery County mostly along the San Rafael River. They manage Desert Lake with a full time biologist manager. As an agency, last year, they redid the mule deer herd unit plan. They held an open house in several locations in the area to get input from the public for creation of the plan. The doe to buck ratio is 15/17. They received suggestions from the public to split the herd units. However, after several considerations from those opposed to the split, decided to keep it as one unit. The south end of the Manti is not doing as well as the north end. They will be transplanting deer from the Bountiful area to the Joe's Valley area over the next few weeks in a effort to increase the herd on the south of the Manti. Mule Deer herds statewide are seeing an increase. The pheasant release program in Emery County was successful. They will be treating Ferron Drainage and restock in the next few weeks. The water quality issues from Seely Fire is no longer much of an issue. Huntington Creek seems to healing itself. They will continue to restock Huntington Creek.

COMMISSION MEETING MINUTES  
JANUARY 19, 2016

Commissioner Cowley asked if the opposition to splitting the herd came from locals or hunters from out of the area that come to the Manti to hunt? Wade Paskett, DWR indicated that the public was not in favor of splitting the herds. He stated he felt the opposition came from a mixture of local and hunters who frequent the Manti. They got the word from the hunters not to do it. The Commissioners thanked Mr. Wood and Mr. Paskett for their update of division activity and PILT check.

(4)

CONSIDERATION AND APPROVAL FOR CASTLE DALE LIBRARY TO APPLY FOR A RURAL GATEWAYS GRANT.

Commissioner Brady indicated that the Castle Dale Library requested approval to apply for a Rural Gateways Grant in the amount of \$3,500.00 to train workers as science facilitators. Commissioner Paul Cowley made a motion to approve Castle Dale Library to apply for a Rural Gateways Grant. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(5)

RATIFICATION OF LOCAL GOVERNMENT PROJECT APPLICATION FOR LONE TREE BRIDGE REPLACEMENT.

Merrill Johansen, J & T Engineering explained a Local Government Project Application for Lone Tree Bridge Replacement. He indicated that UDOT evaluates bridges in the state and give them an efficiency rating. This bridge is south of I-70 that accesses the Muddy Creek for tourist and cattlemen. UDOT has given the bridge a low efficiency rating. Merrill stated he has been working with the Road District and the Road Department on this application. With inflation the project is expected to be \$1,260,000.00 with a 93% grant and a 7% match of \$85,302.00. The project would be scheduled for 2019. He will be meeting with the Highway Committee the first of February to see if we qualify for this project. Commissioner Ethan Migliori made a motion to ratify approval of a Local Government Project application for Lone Tree Bridge Replacement. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

DISCUSSION AND DECISION OF LOCATION AND STONE COLOR FOR THE MINER'S MEMORIAL.

The Commissioners discussed placement options for the Miner's Memorial. Kelly Larsen from Worley-Jensen Monument indicated that the stone needs to be ordered now especially if they choose black stone. Commissioner Migliori indicated that he liked the look of the monument in Price and wanted to go with the black stone. He stated that the dedication of the memorial is planned for June to coincide with the Emery County Fair. Mr. Larsen indicated that the location for the monument can be decided at a later date but the color of the stone needs to be determined now. The Commissioners were in agreement that the black stone was their preference. Commissioner Paul Cowley made a motion to choose black stone for the Miner's Memorial. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

## DISCUSSION AGENDA

(1)

ITEMS PULLED FROM THE CONSENT AGENDA.

There were no items pulled from the agenda for discussion.

Commissioner Keith Brady made a presentation to Blake Gardner for 35 years of accumulated service to Emery County.

Deputy Blake Gardner began his career with the Emery County Sheriff's office on December 1, 1979. He started working in dispatch and then attended POST. After graduation he worked as a patrol deputy and on the scuba dive team. He was part of the I-70 Interdiction program. Blake is the only K-9 unit for the Sheriff's Department. He has had four dogs Enzo, Oscar, Nikko and currently Murphy. When Blake was sent to K-9 training he thought he didn't pass, but he did pass. Wendall Knop (the dog guru) said Blake was gifted with handling dogs. Blake married Becky Huntington on February 23, 1980. They have made their home in Cleveland and have four children. Becky said at first being a deputy's wife was hard because he was gone on holidays and sleeping alone at night, but now it is just a part of life. Becky said, "she is extremely proud of Blake for being a deputy and is proud of the job he has done. The Emery County Sheriff's Office is very proud of Blake for his 35 years of accumulated, devoted service. His years of experience and service have helped to keep our community safe and he is a good example for younger deputies.

PUBLIC HEARING: FOUR CORNERS COMMUNITY BEHAVIORAL HEALTH, INC. AND THE EMERY COUNTY COMMISSIONERS INVITE MEDICAID ENROLLEES AND OTHER COMMUNITY MEMBERS TO GIVE INPUT REGARDING THE MENTAL HEALTH AND SUBSTANCE USE DISORDER TREATMENT NEEDS IN EMERY COUNTY.

Karen Dolan, Four Corners Community Behavioral Health, Inc. explained that by state statute the Emery County Commission is responsible for mental health issues in Emery County. In 1972 Carbon, Emery, Grand and San Juan counties formed Four Corners Community Behavioral Health, Inc. San Juan County later dropped out in the early 80's. Medicaid requires a public hearing to get input from citizens, clients and families to be used in planning services and decision making during this next fiscal year. She added that they have seen 98 people in the tri county area in the past 6 months. They are working with the Sheriff's Department and Justice Courts to set up a plan for screening, to get those with low risk drug problems into treatment while screening to keep high risk criminals in jail. They are reaching for good screening and great treatment that is adequately funded. Jonathon Fauver, Therapist at Four Corners talked about the criminal and addiction aspect and the fact that Four Corners sees a lot of people who are able to turn their lives around.

Angela Bloom expressed her feelings regarding her long time addiction recovery process. She opted into the drug court program and graduated in May 2015. She indicated she has had one relapse but Four Corners supported her and helped her get her life back on track. She received classes and training to assist her in acclimation back into society.

Bret Guymon added that addiction is not something you can fix. An individual's success is not necessarily for a lifetime.

Jonathon Fauver, speaking about the long term recovery aspect described how he had surgery in his youth and became addicted to opiates. At around 30 years of age he made changes in his life and was encouraged to attend college and become a therapist. He added, this did not come over easily. It has been more than a 25 year journey. He expressed his desire to support and help others make a change.

The Public Hearing came to a conclusion. The Commissioners return to the regular meeting agenda.

DARIN PALMER/RYAN HATCH, ULGT, DISCUSSION OF INSURANCE AND UPDATE OF SERVICES.

Ryan Hatch provided a presentation and discussion regarding workers' compensation insurance. ULGT has been partnering with Emery County for WC for 20 years. In December of 2014 the Trust came before the Board of Commissioners to renew WC insurance for 2015. At that time the county stood to save 3% by going with another provider. The Trust encouraged you to stay with the them and hold on. 2011 was a high claim year and caused the EMOD to remain high at 1.09. The EMOD will go down when that year moves off the 4 year average. The EMOD for 2016 is projected to be around .80, which is below average. The Trust will bid for all lines of insurance in the bidding process at renewal time and encourage their competitor to do the same. He stated that today they have provided options and demonstrated the benefit to the county. He applauded the county for their alertness to safety.

DISCUSSION AND POSSIBLE APPROVAL OF RIGHT-OF-WAY FROM PACIFICORP FOR MOTORIZED TRAIL AT END OF DES BEE DOVE ROAD.

The Commissioners discussed a right-of-way from PacifiCorp for a motorized trail at the end of Des Bee Dove Road. Commissioner Migliori talked about liability immunity for the County and that there needs to be some type of agreement for maintenance. The reason the right-of-way needs to be signed is to procure funding from the State Trails Committee to develop the trail. Attorney Mike Olsen indicated that he has no problem with the right-of-way document. Commissioner Ethan Migliori made a motion to approve a Right-of-Way from PacifiCorp for a motorized trail at the end of Des Bee Dove Road, but not the use of the trail at this time. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

RATIFY APPROVAL OF JUSTICE REINVESTMENT INITIATIVE GRANT APPLICATION.

Sheriff Funk explained that the Justice Reinvestment Initiative Program (JRI) is to support and stabilize the inmate from the time he/she is booked and housed in our facility until he/she is released, or until such time as additional treatment during incarceration is ordered by the judge. Bringing professionals on board to provide screening and assessment will help with initial diagnosis and stabilization of these individuals while incarcerated, and hopefully direct them to the proper resources as they transition into the general public. (as quoted by Captain Kyle Ekker's letter accompanying the grant application) The professionals paid through this grant will be Dr. John S. Montgomery as Supervisor and Dr. Lowell Morris, PA-C as provider for the Jail Risk and Needs Screening Diagnosis and Assessment. The amount of the grant is \$43,464.00. Sheriff Funk added this program is a 6 month experiment. There 29 counties trying to come up with their own ideas for how to solve this growing problem. Attorney Mike Olsen added that he feels this is

a good plan. Dr. Morris is already working with individuals at the jail so it is good to utilize his expertise and caring demeanor to work with these people. The grant application had a deadline that precluded this meeting so the application was signed and now needs to be ratified. Commissioner Ethan Migliori made a motion to ratify the signing of Justice Reinvestment Initiative Grant Application. The motion was seconded by Commissioner Paul Cowley. The motion passed.

Travel Council Director presented an MOU between Emery County and Utah Office of Tourism to participate in public/private partnership program known as the Utah Cafeteria Marketing Program. She explained that one of the objectives of the program is to aid rural Utah in their economic development efforts by improving the visitor experience, leading to more spending and tax revenues which may include: Enhancing the recreation and support service infrastructure in emerging, rural tourism destinations, support services, capacity and to extend busy season for developed gateway communities. The program offers \$24,500.00 which Emery County will match 50/50 to contract with Roger Brooks International and Main Street Now to complete the

re-branding project. Commissioner Ethan Migliori made a motion to approve of an MOU between Emery County and Utah Office of Tourism to participate in public/private partnership program known as the Utah Cafeteria Marketing Program. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

CONSIDERATION AND APPROVAL TO ACCEPT BUREAU OF LAND MANAGEMENT'S INVITATION TO BECOME A COOPERATING AGENCY FOR THE MASTER LEASING PLAN (MLP) IN THE SAN RAFAEL DESERT AREA. APPOINTMENT OF POINT OF CONTACT FOR EMERY COUNTY.

Ray Petersen explained that the Master Leasing Plan is a mechanism for completing additional planning, analysis, and decision making dealing with oil and gas leasing. The Richfield Field Offices intend to prepare Resource Management Plan amendments in a single Environment Assessment to consider oil and gas leasing on approximately 525,000 acres of public land in the San Rafael Desert, located in Emery County. The BLM Price and Richfield Field Offices are inviting Emery County to be a cooperating agency for the duration of the San Rafael Desert MLP/EA Process. Cooperating agency status provides the opportunity for us to work together and to enhance the BLM planning efforts. Commissioner Ethan Migliori made a motion to approve acceptance of BLM's invitation to become a cooperating agency for the Master Leasing Plan (MLP) in the San Rafael Desert Area and appoint Ray Petersen as point of contact and Public Lands Council Chairman and Commissioner on the Public Lands Council as alternate points of contact. The motion was seconded by Commissioner Paul Cowley. The motion passed.

The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(22)

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Brady invited Randy Johnson to provide an update of activity at the legislature. Mr. Johnson indicated that there 2 bills of concern at this time. The water restricting bill will probably be joined in the House and Senate. This is a sticky issue. He is watching it closely to see if anyone brings up any new concerns dealing with water issues. The water companies want to be able to control their resources. The biggest impact will be on the Wasatch Front where water sources are limited. They are still tinkering with the bill. Attorney Mike Olsen questioned whether there was a reason to support the bill? The other bill he his watching closely is the Goblin Valley State Park Expansion bill. Nothing has happened since it was defeated in the last session. There is a lot work that needs to be done to it before it can be reintroduced. Many feel the bill is not necessary. He will keep watching to see how it develops. Commissioner Brady indicated he received a call from Randy Anderson concerned about a bill regarding bees. They will keep watching this issue for any new developments. The Public Lands Initiative Bill will have a public hearing but he was not sure of the date yet.

*Commissioner Migliori*

Commissioner Migliori talked about the Department of Workforce Services' Rural Fastrack Grants.

*Commissioner Cowley*

(1)

ITEMS PULLED FROM THE CONSENT AGENDA.

Item # 4 was pulled from the Consent Agenda.

Commission Chairman Keith Brady asked to have Randy Johnson provide an update of legislative activity.

Mr. Johnson reported on the progress of House/Senate Bills in the Utah Legislature that are of interest to rural Utah, especially Emery County.

He reported on HB15- Beekeeping Bill, has a great deal of opposition. It has been held over for a second time to answer questions. HB218 Water Bill, has been pulled from committee by Representative Kay McIff who introduced the bill. There is too much opposition to this bill. SB116 is a similar water bill that is not going anywhere.

HB360-Planning Ordinances bill introduced by Mel Browns. This bill has the potential to create a lot of extra work for rural areas. He is still tracking the Goblin Valley State Park Expansion Bill. HJR8 calls for a constitutional balanced budget. HJR18 calls for a constitutional term

OPEN REQUEST FOR PROPOSALS FOR EVENT COORDINATOR. CONSIDERATION AND APPROVAL OF FURTHER REVIEW OR ACTION TAKEN.

There was one RFP for an Event Planner turned in to the Clerk/Auditor's Office. Commissioner Paul Cowley asked if there is a board set up to review the proposals? Commissioner Migliori indicated that the Travel Bureau will review the proposals. Commissioner Ethan Migliori made a motion to take the proposal to the Travel Bureau to continue the process of reviewing the proposal and make sure the board is comfortable with approval or re-advertise for more proposals. Commissioner Paul Cowley asked if this is a contract position? Commissioner Brady indicated that the Travel Bureau has allocated \$20,000.00 in their budget for this purpose. The funds are to come from TRT and tourism. Commissioner Cowley asked what are the events that this person will do? Commissioner Brady answered that the hope was for the planner to take some of the pressure off the Rec District to coordinate the Fair. He added that the idea behind an event planner is to have more tourism events for this side of the county that may entice motels and restaurants to locate here. Commissioner Cowley indicated that he would be more comfortable with re-advertising to give the public more of an opportunity to reply to the RFP. Commissioner Brady called for a second to Commissioner Migliori's motion to take the proposal to the Travel Bureau for review and approval or re-advertise. There was no second to the motion. Therefore, the motion died. Commissioner Paul Cowley made a motion to re-advertise for an Event Planner for two more weeks to see if we can get more response from the public for the RFP. Commissioner Ethan Migliori seconded the motion. The motion passed.

(3)

LORI ANN LARSEN, EMERY COUNTY HISTORICAL SOCIETY, REQUEST RENTAL FEE WAIVER AT THE MUSEUM OF THE SAN RAFAEL FOR THEIR GENERAL MEMBERSHIP MONTHLY MEETINGS.

Lori Ann Larsen, President of Emery County Historical Society came before the Board of Commissioners to request rental fee waiver at the Museum of the San Rafael for their general membership monthly meetings. She indicated that they hold their meetings on the 4<sup>th</sup> Thursday of the month during the winter months which is usually about 5 to 6 months out of the year. The warmer months they attend tours in the county for their meetings. She inquired as to why the ECHS had to come to request a fee waiver each year when there was an agreement to allow the historical society to hold their meetings there. She added that the ECHS was instrumental in starting the MOSR. She was reminded that the agreement was a gentleman's agreement and not in writing. Future Commissioners can not be bound by past Commissioners verbal agreements. Commissioner Ethan Migliori made a motion to approve a request for a fee waiver for the Emery County Historical Society's use of the MOSR for their membership monthly meetings. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF DONATION FOR WESTERN RANGELANDS CONSERVATION ASSOCIATION, INC.

Dusty Huntington, Western Rangelands Conservation Association, Inc. came before the Board of

COMMISSION MEETING MINUTES  
MARCH 1, 2016

Commissioners to request a donation in support of their efforts to fight for protection of rights with regard to grazing rights on BLM range land. He indicated that BLM land has been beat down by radical wild horse and burro grazing while the livestock grazers are slowly being forced off the range. The wild horse population grows by 25% each year or doubles every four years. The horse population is growing with no management. The BLM is doing nothing to mitigate the situation. The Association has filed a lawsuit with the BLM to get the horses within management level. We are not trying to eliminate or eradicate the horses/burros. We want the BLM to follow their own guidelines for management of the horses/burros. In 2014 the Board of Commissioners granted the Association \$1,000.00 to aid in this litigation effort. He stated he is here today to request a donation to continue fighting this battle. Attorney Mike Olsen stated that it has been his experience that the BLM responds to litigation. The service that this group is performing takes litigation to accomplish. He asked if there was anything else Emery County could be doing to help in this effort? Dusty stated, "Support"! Commissioner Paul Cowley made a motion to approve a donation of \$1,000.00 to the Western Rangelands Conservation Association, Inc.. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner Ethan Migliori made a motion to fill three vacancies on the Emery Water Conservancy District with Lee McElprang, JR Nelson, and Clyde Magnuson. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

CONSIDERATION AND APPROVAL OF A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH ACTING AS THE GOVERNING BODY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT AUTHORIZING NOT MORE THAN \$2,350,000 GENERAL OBLIGATION BONDS, SERIES 2016 A & B, FIXING THE MAXIMUM AMOUNT, MATURITY, INTEREST RATE, AND DISCOUNT ON THE BONDS; PROVIDING FOR THE PUBLICATION OF A NOTICE OF PUBLIC HEARING AND OR BONDS TO BE ISSUED; PROVIDING FOR THE RUNNING OF A CONTEST PERIOD; AND RELATED MATTERS.

Jacob Sharp, Castle Valley Special Service District reviewed a General Obligation Bond, Series 2016 A & B fixing the maximum amount, maturity, interest rate and discount on the bonds to be issued to the CVSSD. Alex Buxton, Zions Bank Public Finance explained the reason for a Parameters Resolution. He explained that the purpose is to allow a notice of bonds to be issued as well as a notice of public hearing published. In years past they have tried to have the Resolution and public hearing date on the same meeting date. In working with the bond attorneys during the past couple of weeks, have determined that the public hearing notice had yet to be published. They were not able to get the public hearing notice on the agenda for today. However, they still wanted to get the notice of bonds to be issued in the newspaper so that they could close as soon as possible. One of the requirements in a bond issue is to have a thirty day contest period which begins the day the notice of bonds to be issued is published in the newspaper. So in order to get funding and access to the funds toward the end of April we are having a parameter resolution that authorizes the notice as well as calls for a public hearing on April 5th Commission Meeting. At point in time we will adopt the final bond resolution. This will get the process going and allow for the thirty day notice in the newspaper. Mr. Buxton added that CVSSD does a great job of accessing state CIB funding and using it to get the most advantage from the funds. After answering Commissioner Brady's questions regarding bonds Commissioner Ethan Migliori made a motion to approve Resolution 3-15-16A a resolution of the Board of County Commissioners of Emery County, Utah acting as the governing body of the Castle Valley Special Service District authorizing not more than \$2,350,000 General Obligation

CONSIDERATION AND APPROVAL OF AGREEMENT FOR JOINT OR COOPERATION UNDERTAKING TO ESTABLISH A PUBLIC INSURANCE AGENCY MUTUAL FOR THE PURPOSE OF ADMINISTERING THE UTAH SEARCH AND RESCUE ACT.

Sheriff Funk explained that this is insurance for those individuals who tour the back country who may have need to be rescued. The insurance is \$25.00 for an individual and \$35.00 per family. The money goes into a fund to reimburse the county for the expenses involved in the rescue. Currently when you register your ATV there is a portion of the fee that goes to search and rescue and is distributed to the counties for that purpose. In the past there has not been any type of reimbursement beyond the fuel cost. There is no cost to the county to participate in the program. The public can purchase the insurance online. Commissioner Ethan Migliori made a motion to approve an agreement for joint cooperation undertaking to establish a public insurance agency mutual for purpose of administering the Utah Search and Rescue Act. The motion was seconded by Commissioner Paul Cowley. The motion passed.

DISCUSSION AND APPROVAL OF REQUEST FOR A DEFERRAL AGREEMENT FOR PAYMENT OF REAL PROPERTY TAXES THAT ARE FIVE YEARS PAST DUE FOR ROBERT & JOANN WETHERINGTON, SUSAN GAIL DAVIS, CYNTHIA MARIE EDWARDS, MARGARET ELAINE POTTER, AND TERRY HEATH.

Treasurer Steve Barton requested approval to offer a deferral agreement for payment of real property taxes that are five years past due for Robert & Joann Wetherington, Susan Gail Davis, Cynthia Marie Edwards and Margaret Elaine Potter, and Terry Heath. These owners were contacted a year ago and made aware that the property would be up for sale due to back taxes. There are 12 properties that will be going up for sale. All have been notified of the situation. Seven are real estate, four are homes and one is a business. He stated his office makes a considered effort to not let property get to this point. He added that tomorrow a list of the delinquent tax property owners will go the Clerk/Auditor's office for the tax sale process. A \$300.00 charge will be added to the back taxes to cover administrative cost associated with the sale, such as mailings and title searches. The five individuals, which he has requested deferrals on behalf of, have responded and requested a deferral. The deferral is a contract with Emery County that will allow them until November 2016 to pay the taxes. Commissioner Ethan Migliori made a motion to authorize Treasurer Steve Barton to make a contract with the five taxpayers requesting the deferral. The motion was seconded by Commissioner Paul Cowley. The motion passed.

CONSIDERATION AND APPROVAL OF USL MEMORANDUM OF AGREEMENT BETWEEN EMERY COUNTY AND DEPARTMENT OF HERITAGE AND ARTS, UTAH STATE LIBRARY DIVISION FOR COMMUNITY LIBRARY ENHANCEMENT FUNDS (CLEF) FOR THE DEVELOPMENT OF LOCAL PUBLIC LIBRARY SERVICES.

Emery County Library Director Carole Larsen discussed an MOU between Emery County and Department of Heritage and Arts, Utah State Library Division for Community Library Enhancement Funds (CLEF) for the development of local library services. The amount is \$7,000.00. CLEF funds can only be used for collection development, technology that directly affects the public, and community outreach. Ms. Larsen indicated that it is free money for the library to coordinate programs that they already implement. Commissioner Paul Cowley made a motion to approve of an MOU between Emery County and Department of Heritage and Arts, Utah State Library Division for Community Library Enhancement Funds(CLEF). The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(11)

CONSIDERATION AND APPROVAL OF EMERY COUNTY LIBRARY SYSTEM STRATEGIC PLAN FOR 2016, 2017, AND 2018.

Roxanne Jensen, Assistant Library Director reviewed the Emery County Library System Strategic Plan for 2016, 2017, and 2018. Roxanne read the mission statement and vision statement and outlined their objectives and goals for 2016, 2017, and 2018. This is a state library requirement. Commissioner Paul Cowley made a motion to approve of Emery County Library System Strategic Plan for 2016, 2017, and 2018. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF EMERY COUNTY LIBRARY ELECTRONIC MEETING POLICY.

The purpose of this policy is to establish the means and procedures by which the Emery County Library system may conduct electronic meetings in accordance with the provisions of the Public Meetings Act. This would allow access to board meetings for board members and others who are not able to attend in person. Commissioner Paul Cowley made a motion to approve of Emery County Library Electronic Meeting Policy. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

CONSIDERATION AND APPROVAL OF EMERY COUNTY'S LIBRARY INTERNET AND ONLINE ACCESS POLICY.

Roxanne Jensen reviewed the Emery County Electronic Meeting Policy. She explained that children under the age of twelve have a need to access the internet for homework. The current policy needs to be amended to allow children from 8 to 17 to access the internet. The Library System is filtered by the state. Children under the age of 18 who need to access the internet for homework MAY on a one time basis, with a phone call from a parent or legal guardian access the internet. Parents are responsible for the actions of their children, whether or not they are present. Any adult user may ask a member of the library staff to disable the filter in order to gain access to an incorrectly blocked site. There must, in the judgement of the library staff, be a legitimate reason for the disabling of the filter. Failure to comply with the established policy may lead to consequences such as being asked to leave the building, or discontinue an activity. Suspension of privileges will occur in three phases. There will first be a verbal warning, second revoked privileges and signing of the Emery County Library Internet Violators form and an alert added to their patron record, and third internet privileges suspended until the violator meets in person with the Emery County Library Board who will determine if their privileges may be reinstated. Commissioner Paul Cowley made a motion to approve of Emery County Library Electronic Meeting Policy. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

DISCUSSION OF REQUEST TO INCLUDE DESERTVIEW PRO RODEO WITH THE EMERY COUNTY FAIR BUDGET.

Emery County Recreation Special Service district Director Jake Atwood opened discussion regarding inclusion of the Desertview Pro Rodeo with the Emery County Fair Budget. Jake talked about combining the rodeo with the fair and having it on the same days. He indicated that in the seventeen years that the Rec District has been financing the rodeo they have broken even 2 times. The rest of the times they went in the hole with costs associated with the rodeo coming out of the Rec Budget. He indicated he felt the rodeo is worth saving. The financial burden of \$80,000.00 is hard to get past. He talked about possibly eliminating the free concert at the Fair

COMMISSION MEETING MINUTES  
MARCH 15, 2016

which takes half of the fair budget and use the funds towards rodeo expenses. The Rec District is not getting as many sponsorships this year and that will ding the budget. He will be meeting with the Travel Bureau next week to seek some funding for the rodeo. Commissioner Brady stated that part of the Transient Room Tax is meant to promote this type of activity. Clerk/Auditor Brenda Tuttle stated that she was concerned for how to combine the Fair and the Rodeo Budgets when the Rodeo is under the Rec District and the Fair is under the County. Commissioner Cowley questioned how to mingle the two events under one budget when they are separate events and under different entities. Commissioner Migliori suggested making a significant donation to the Rodeo and call it the Emery County Rodeo. He wondered which had more value to the citizens of Emery County the rodeo or the free concert? Which would the citizens want if they had to pick one? Commissioner Brady wondered if they could put out a poll to get a feel for what the citizens would want? Emery County Fair Board Chairman stated that there will be a free concert at the Fair this year. They will be cutting out the stage sound crew which was a huge expense to the budget. Commissioner Migliori indicated that we still need to do some homework before a decision is made. Commissioner Cowley expressed his concern that the Rec District will be able to meet their obligation to payback the loan they took out from the county earlier this year by the end of the year. Julie Johansen commented that the rodeo takes place over a few nights while the concert is only one night. She has had concern expressed to her regarding citizens discontent with the procedures for rodeo ticket sales. Brenda Tuttle commented that the rodeo is a huge financial risk. If people don't come to the rodeo then someone has to absorb that loss. Jake added that half of the revenue for the rodeo comes from ticket sales. Mike Olsen suggested that the Rec District seek sponsorships for the rodeo from Price (Carbon County) businesses. The people of Emery County spend a lot of money in Price. This could help minimize some of the risk financially.

The Board of Commissioners agreed to take no action on this item at this time.

CONSIDERATION AND APPROVAL FOR EMERY COUNTY TO SPONSOR FOUR DAMAGE SURVEY REPORTS, XTO SITE, WATER PLANT, ADOBE WASH, AND COTTONWOOD ON THE COTTONWOOD DRAINAGE FOR A TOTAL OF \$4,170,140.

Commissioner Migliori explained that in the last couple of years the county has had a number of flooding events on the Cottonwood Drainage. Citizens come to Commission Meeting with concerns and asking for help to mitigate the problems. So the Commissioners started looking into some options. Because of our past experience with the Huntington Canyon flooding and now the Millsite Dam renovations Emergency Management started working with NRCS. NRCS was asked about available funds to mitigate the problems along the Cottonwood Drainage. Emery County was put on a wish list. Later the NRCS came to the County and said that they may be able to get some funds to mitigate the problem areas. NRCS came to Emery County with their engineers to do a Damage Survey Report. The idea behind the Damage Survey Report is to look at areas with the most significant impact and the cost to mitigate in case there was additional flooding. This would work act as basis for moving forward with a contract. They pinpointed four areas that are most affected by flooding, XTO, the water plant, Adobe Wash, and Cottonwood on the Cottonwood Drainage. Those four Damage Survey Reports would be taken back to NRCS. By saying 'yes' we think these are the areas we would like to have looked at and funding allocated to mitigate. The cost associated with the mitigation of these four areas is estimated to be \$4,170,140.00. This is not actually a contract, this is like a pre-loan application

COMMISSION MEETING MINUTES  
MARCH 15, 2016

to say 'yes' we have interest, we want to pursue this project and we are ok with these four areas. If we say 'yes' then they will prepare the agreement between NRCS and Emery County for the funding. It does require a 25% funding match (\$1,000,000.00) which Commissioner Migliori was confident could be met with in-kind service from the shareholders and entity sources who are all on board with moving forward with this project. There is no obligation for money at this time. If we choose to walk away from this project now we will not be out anything. If we move forward on this it is considered emergency funds so we will have to move quickly on these projects this year because we will have 220 days to have the projects well underway. There will need to be variances, right-of-ways, easements and possibly application with the Army Corp of Engineers for certain portions of the project. Commissioner Cowley asked if the County undertakes anything regarding the river flooding and on private property will the county be liable or have responsible to keep it maintained in the future? Attorney Mike Olsen indicated that as an emergency mitigation situation he didn't see a problem. However, agreements will need to be signed regarding liability before any work on private land. Captain Kyle Ekker answered that once the project is completed that portion of the project can be turned back over to the shareholder of the property, but there may be some things that the County will have the responsibility to go back and maintain. Brenda Tuttle asked if the County will have any say in the structuring of the finances for this project because ultimately it will be county funds that are out there? Commissioner Migliori indicated that everything they have discussed up to now has been exploratory so when the discussion on funding structure begins they will be sure to include her in the funding discussions. Captain Kyle Ekker talked about the BLM NEPA process. Commissioner Cowley asked Brenda if the County has funds in place to begin the process? Brenda indicated that we do not have any funds budgeted for this at this time. Commissioner Migliori added that this is just a pre-application that indicates we agree to the project and want to move forward. No funds are needed at this time. Commissioner Ethan Migliori made a motion to approve the DSR's for the XTO Site, Water Plant, Adobe Wash, and Cottonwood areas from the NRCS in Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Brady reported on attending the Utah State Capital where there was a press event regarding the Public Lands Initiative. It was good to have all seven counties there showing support for the process and the bill. He and Mike McKee from Uintah County had an idea of doing a video for congress to submit as the seven counties comments in support of the process and why this is a good idea and good for the seven counties.

PUBLIC HEARING- A Public Hearing on the Castle Valley Special Service District General Obligation bonds, Series 2016A & B in the amount not to exceed \$2,350,000 for a water treatment plant; sewage treatment facility; facilities used in connection with the acquisition, treatment, storage, transportation, and supply of water for domestic, industrial, secondary, and other purposes; drainage and storm facilities, including curbs and gutters; and transportation facilities consisting of roads, sidewalks, and related bridges and viaducts; and related facilities and related matters.

Jacob Sharp, CVSSD Manager and Eric Johnson, Bond Council for CVSSD discussed CVSSD General Obligation Bonds, Series 2016 A&B. These bonds are part of the \$12,500,000 voter approved General Obligation Bonds approved in 2009. Series 2016 A is to secure a \$1,350,000.00 bond for a water treatment plant in Ferron. The interest rate is 1.5%. CVSSD was granted \$1,350,000.00 by CIB for the project match. Series 2016 B is to secure a \$1,000,000.00 Bond for improvements through purchase or construction or both, facilities for the collection and treatment of sewage; facilities used in connection with the acquisition, treatment, storage, transportation, and supply of water for domestic, industrial, secondary and other purposes as noted in the exclusive description. Mr. Johnson explained that election bonds require exclusive wording or description. CVSSD was granted \$945,000.00 for a match for the project. Jacob explained that they have \$3,597,400.00 remaining of the \$12,500,000.00 voter approved General Obligation Bonds to be used over the next three years. After that CVSSD will have to go back to the voters for approval for another General Obligation Bond for funding projects for the next ten years.

AHMED MOHSEN, BUREAU OF LAND MANAGEMENT, DISCUSSION OF PROCESS TO DEVELOP A COOPERATIVE MANAGEMENT AGREEMENT BETWEEN US DEPARTMENT OF THE INTERIOR (BLM) AND STATE OF UTAH DEPARTMENT OF NATURAL RESOURCES (STATE PARKS) AND EMERY COUNTY FOR PROVIDING PUBLIC SAFETY, RESOURCE PROTECTION, AND RECREATION MANAGEMENT AND MAINTENANCE AT THE TEMPLE MOUNTAIN SPECIAL RECREATION MANAGEMENT AREA (GOBLIN VALLEY STATE PARK EXPANSION).

Ahmed Mohsen BLM Field Manager in the Price Office, came before the Board of Commissioners to discuss the process to develop a Cooperative Management Agreement between US Department of the Interior (BLM) and State of Utah Department of Natural Resources (State Parks) and Emery County for providing Public Safety, Resource Protection, and Recreation Management and Maintenance at the Temple Mountain Special Recreation Management Area (Goblin Valley State Park Expansion). Mr. Mohsen stated that the idea started a year ago to get ahead of the resource impacts and visitor use at the San Rafael Swell. The hope is to develop a plan that meets the needs of monitoring the natural heritage and use of the resources on the south eastern portion of the San Rafael Swell. This is just in the preliminary stages. The agreement will coordinate and provide for the sharing of resources as they go through the federal process. They have done this same thing with Carbon County for Nile Mile Canyon. The hope is that by next summer to have a product that we (BLM, UDNR, and Emery County) can be proud of. In 2015 there were 140,000 visitors to the area. They would like to get ahead of the curve and get a product in place that meets the needs of everyone. During spring break there was literally a traffic jam out there. They anticipate 150,000 visitors to the San Rafael Swell area in 2016. Utah is on the radar for one of the best recreational destinations. He has talked with the park superintendents in Arches and Canyon Lands who told him that when they are full they send them to Temple Mountain/Goblin Valley area. We want to make sure that when they do arrive that there is a safe place to visit and still protect the resources that are there. Many of these visitors are from other nations. Emery County is an incredible resource. The southwest corner of this county is a beautiful surprise around every corner. Commissioner Cowley stated that Goblin Valley State Park has become a world class destination. Mr. Mohsen reported that Goblin Valley State Park has been approved for the Dark Sky Designation. No action was taken on this matter.

JOHNNIE R. MILLER, UTAH COUNTIES INDEMNITY POOL, PRESENTATION AND DISCUSSION OF A STEWARDSHIP REPORT TO EMERY COUNTY.

Johnnie R. Miller, Utah Counties Indemnity Pool provided an update of Emery County's stewardship within the pool. UCIP was created in 1992 with Emery County being the largest voluntary contributor to its creation. He reviewed the various services that the pool provides to the county. He added that he will be in the county April 18<sup>th</sup> for Sexual Harassment Training which is one of the many services that UCIP provides to the county. He will be doing a full appraisal of County owned buildings in 2017.

LEON DEFRIEZ, HUNTINGTON AIRPORT MANAGER, CONSIDERATION AND APPROVAL TO PROCEED WITH 2016 IMPROVEMENT PROJECTS FOR THE AIRPORT.

Leon Defriez, Huntington Airport Manager discussed 2016 improvement projects for the airport. He reported that a few years ago we started a project with the idea of making the airport a recreation airport. Which he felt they have accomplished. Now there is an opportunity to add to the recreational part. He is looking at getting funds to add RV hook-ups and an overnight lodge. This would provide a place to stay for pilots who get stranded here. This last weekend there were heavy winds that stranded pilots here for an extra day from as far away as Wyoming and New Mexico. We have a unique airport. We are the only airport that he knows of that is recreational. There are forty airports of our size in Utah. Commissioner Cowley asked if Mr. Defriez gets comments about people who have come to experience flying around the desert and other areas? Mr. Defriez indicated that he gets positive comments regularly from people who want to return to the area. He indicated he would like to continue with what he is trying to accomplish. He indicated he laid out a budget to get some projects done. He indicated that the airport has already put in \$2,000.00 into the water/sewer line and he figured it would cost another \$2,000.00 to finish up that project. He had a bidder that would do the job for \$1,800.00. He was excited and thought that was a good deal. But when the bidder found out he would have to go through the county bidding process he raised the cost up to \$2,750.00. The bid changes when they find out they have to go through the county's bidding process rather than a private bid. He wondered if there wasn't a better process so that he can get the jobs done without having to go through the process. Brenda Tuttle indicated that this is the county procurement policy. You can call around to get bids. It shouldn't matter if it's a county job or private job but evidently it does. Commissioner Brady wondered if it has something to do with insurance or bonding. Mr. Defriez indicated he had the same issue when he was looking at a fencing project. The cost went from \$4.00 a foot to \$7.00 a foot. The fence at the end of runway 8 ( the main runway) needs to be moved 350 feet out to provide a safety zone for landing planes. Leon and Commissioner Cowley visited with BLM to get approval to extend the fence 350 out to the end of the property but they will not help pay for the cost to move the fence. He contacted UPL because they have the

COMMISSION MEETING MINUTES  
APRIL 5, 2016

adjourning property. They will make arrangements for him to clear sage brush off the property and use it but they want to charge us to use it. Utah Aeronautics was here last week and agreed it was a little pricey for that small piece of ground. Utah Aeronautics gave him a grant application to fill out to put \$20,000.00 towards the fence. It would be a 90/10 grant. Commissioner Brady stated that a grant application would need to be put on the Commission agenda for approval. Wayne Nielsen, Emery County Road Supervisor informed Leon and the Commissioners that the culvert at the end of the runway needs to be replaced due to erosion. He estimated it could cost approximately \$10,000.00 to replace this culvert. This would be part of the expense for extending the fencing. Another project he has going on out there is to the fueling station for MO gas. Dirt Strip pilots use this gas. Experimental planes use this gas also. It is cheaper. He stated he would like to put in another tank and tie it into the card reader so the pilots can choose the type of gas they want to use. That was a \$20,000.00 project when he first started. He estimates it would be another \$10,000.00 to finish out that project. To be able to bring power the project the power company will have to bring in a transformer at a cost of approximately \$7,000.00 to \$8,000.00. He expressed he is excited for the future of the airport. He reported that he has had a number of people express that they are impressed with our airport. It gives an opportunity for aircraft use the airport to conduct business. There are three planes based out there now that are business based. The runway is too short for larger, two engine planes to land or take off. Small, twin engine planes are all we can handle here. Commissioner Migliori advised Mr. Defriez to follow the bidding process and work through that process with Clerk/Auditor Brenda Tuttle. There are things that we as a county can do behind the scenes like working with BLM and UPL. Commissioner Paul Cowley made a motion to proceed with the improvements at the Huntington Airport. Commissioner Migliori seconded and amended the motion to include approval to finish up the things that have been started on with the funds already in the budget and wait until we get the Utah Aeronautics grant is approved to start on the fencing project. Commissioner Cowley agreed. The motion passed.

DISCUSSION AND APPROVAL OF THE UPDATED EMERY COUNTY SHERIFF'S  
OFFICE POLICY MANUAL.

Sheriff Funk indicated that they have been working on this for four years. Attorney Mike Olsen reviewed the policy and stated it was a good policy. It has been written and redacted to fit the needs of Emery County. The policy addresses how other agencies assist with the Emery County Sheriff's daily functions. Commissioner Ethan Migliori made a motion to approve of the updated Emery County Office Policy Manual. The motion was seconded by Commissioner Paul Cowley. The motion passed.

CONSIDERATION AND APPROVAL OF LETTER TO BLM REQUESTING AN EXTENSION TO COMMENT PERIOD FOR PROPOSED RULE ON RESOURCE MANAGEMENT PLANNING 43 CFR 1600 (LLW0210000.L1610000) RIN 1004-AE39.

Commissioner Brady discussed a letter requesting an extension to the comment period for proposed rule on Resource Management Planning. The letter pointed out that the current schedule of 60 days is not sufficient time for Emery County to consider the proposed rule sufficiently to respond with meaningful comments on such a large and comprehensive document. In a county where seventy two percent of the land, or over 2 million acres, is managed by the BLM, resource management planning, and changes to planning guidelines will have major, long term economic effects on the residents. Emery county is dependent on the natural resources managed by BLM, including grazing, oil and gas exploration and extraction, mining, and tourism. Changes to the resource planning could drastically affect industries associated with these resources. Commissioner Ethan Migliori made a motion to approve of the letter to BLM requesting an extension to the comment period for proposed rule on resource management planning 43 CFR 1600 (LLW0210000.L1610000) RIN 1004-AE39. The motion was seconded by Commissioner Paul Cowley. The motion passed.

APRIL 5, 2016

(11)

CONSIDERATION AND APPROVAL TO ADVERTISE A REQUEST FOR PROPOSAL (RFP) FOR BRANDING PACKAGE AND MARKETING PLAN FOR TOURISM IN EMERY COUNTY.

Commissioner Brady discussed advertising for a RFP for Branding Package and Marketing Plan for Tourism in Emery County. He indicated that the reason for doing this now is to be ready to go when Roger Brooks has finished gathering his ideas for marketing our area. The Travel Board has tried very hard within the board to market our area. Putting this RFP out now will help us find a creative agency that will help us focus our marketing and expand that marketing to multi-state and possibly internationally. Much of what they have done up until now has been brochures in local areas. Commissioner Cowley asked for the anticipated cost. Commissioner Brady indicated that will be evaluated with the RFP and determined by what the creative agency is able to bring to the table. There are a lot of dynamics that are involved with the cost. Tina indicated that she believed there is close to \$90,000.00 budgeted for this RFP. Brenda Tuttle asked how this differs from what you are paying Roger Brooks to do? Tina indicated that this totally different. The firm itself will not cost \$90,000.00, but what they do for us, will. Roger Brooks does the assessment of the communities plus assistance after that. The creative agency will come in and take Roger Brook's findings and help us with ways to be more attractive to the market. Everything that we do will be assessed and we will receive assistance to improve the visitor experience. Roger Brooks has already been working with the county for more than a year. Those who have been involved with what Roger Brooks has been doing has been very well received. Tina explained that the Utah Office of Tourism paid for the first year for Roger Brooks. Commissioner Cowley expressed concern that if the cities are not engaged in this process then we are spending a lot of money for him to come and tell us what we ought to do. Commissioner Brady added that sometimes it takes an outsider to tell us what we can't see. The cities and the businesses are going to have to take the lead in that process. Commissioner Brady added that the Travel Board is offering matching funds to do a lot of the things that Roger Brooks has suggested. Roger Brooks will be in the county next week and will present his findings and suggestions to the Travel Board. Brenda asked for a way to tie in the claim for payment of \$48,500.00 to Roger Brooks when we do not have a contract? We have an MOU with UOT for \$24,500.00. There is no contract for services. We have a claim for \$48,500.00 to Roger Brooks, which has been rejected until we have a way to tie that payment to a contract or an agreement? Commissioner Migliori suggested paying the \$24,500.00 to UOT and let them pay Roger Brooks. He indicated that they will look into the matter. Commissioner Ethan Migliori made a motion to approve to advertise a Request for Proposal (RFP) for branding package and marketing plan for tourism in Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(20)

OPEN REQUESTS FOR PROPOSALS FOR EVENT COORDINATOR. CONSIDERATION AND APPROVAL OF FURTHER REVIEW OR ACTION TAKEN.

Commissioner Paul Cowley expressed his feeling that we have personnel in place in the county already that could do this type of event coordinating. Commissioner Migliori asked who would take this on without any additional pay? Tina Carter indicated that she is more than willing to listen to Commissioner Cowley's suggestions with an open mind.

Danny Whiteleather asked what this event coordinator would cost the county?

Commissioner Brady stated that the funds will come from Transient Room Tax generated from the restaurants and motel stays in the county. Brenda indicated that it is still county funds. With TRT there are rules regarding how this money can be spent.

Commissioner Brady stated that his vision for this event coordinator would be that part of their job would be to make contact with all the entities affecting the county and coordinate a calendar of events as well as create other events. The Travel Board has budgeted \$20,000.00 for the year of which 1/3 of the year is already over. So they would receive a third less to coordinate events in the county. Mr. Whiteleather wanted to know why the Recreation District Director, who is already being paid through mineral lease funds, could not coordinate these event? Commissioner Migliori stated that the Commission wants the Rec District to focus on sports and especially youth sports in the county. Years ago the fair was dumped on the Rec District and they have just done it without the expertise to coordinate the event. We constantly have internal battles over expenses. The fair is not their focus or goal. Commissioner Migliori and Brenda Tuttle recently had a conversation because the Rec District is not following procedures that as a county we would prefer that they do. The mineral lease funds have been cut to 0. So far we have not received any funds through mineral lease this year due to the loss in the coal mines. The Rec District is currently being funded by a county loan unless something changes. Come the end of the year we may have to make a huge decision. If that funding stream doesn't change it is going to have be absorbed by the county or dissolved.

Commissioner Migliori stated that we need to move back what this discussion was supposed to be. The issue at hand is whether there is value in moving forward with a coordinator. We have discussed many times before the value that we think will come from having a coordinator in what the Commission has designated as trial year. He stated he appreciates Commissioner Cowley's concern and he doesn't disagree with that. But if we have someone within the county that is qualified and willing to do the job knowing that it could possibly be a one time shot but now you are looking at dealing with HR and other things. This may drag for another three months trying to clean it up. It will still cause internal problems from a HR perspective. Attorney Olsen asked if it would be fair to a contractor to propose a shorter term basis, paid out in monthly payments.

COMMISSION MEETING MINUTES  
APRIL 5, 2016

Typically a contract is on a thirty days notice. In the last Commission Meeting we received 1 RFP so Commissioner Cowley asked to re-advertise for additional proposals. There are now 6 proposals.

- (1) Julie Jones
- (2) Holly Jorgensen
- (3) Cynthia Draper
- (4) Amanda Leonard
- (5) Zelda Rojas
- (6) Kendra Seely

Commissioner Migliori made a motion to ask Commissioner Brady and Commissioner Cowley along with members of the Travel Board to review the applicants to see if there is one suitable and meets the criteria that they are looking for and move forward and make a recommendation. Commissioner Cowley opposed the motion. Commissioner Brady stepped down and seconded the motion. The motion passed. The Travel Board has a meeting tomorrow, Wednesday at 11am. The board will come back to Commission Meeting with a recommendation.

JULIE JONES, FAIR DIRECTOR, REQUEST APPROVAL OF WAIVER OF INSURANCE REQUIREMENTS FOR FAIR VENDORS. DISCUSSION AND APPROVAL OF EVENT INSURANCE TO COVER FAIR VENDORS.

The Commissioners discussed the vendor application which requires general liability insurance with limits not less than \$1,000,000.00 per occurrence. He stated that if someone is going to sue then they are going to sue. He indicated that the Rec District is currently looking into event insurance. He wondered if they should table this matter until Julie Jones can be here. Mike Olsen asked who is requesting the waiver? It was determined that the Rec Board is the one requesting the waiver. Mike Olsen indicated that the Board and the board member themselves, personally could be sued. Commissioner Migliori questioned as to whether that could happen. His concern was, as a county are we doing everything we can to mitigate the liability. Also at the same time currently a local vendor, selling snow cones would be required to have a \$1 million dollar policy. What we as a Commission is going to hear is " why do you hate the businesses in the county? Why are you prohibiting local businesses to the Fair?". Because for them that type of insurance is just not feasible. We are trying to find that right balance so as to not prohibit those local businesses from being part of our own county event. But at the same time make sure that as much liability falls back to the business. We have to find some way to make a distinction

as to what level of insurance is required. There needs to be some type of determination or categorization as to the type of insurance is required.

Julie Jones indicated that as a Rec Department they have spoken to Tyler Jeffs and Carbon Emery Insurance who have told them that could buy an event policy as long as they have signage that states that Emery County is not responsible. Commissioner Brady asked if this type of policy only cover the Rec District or the vendors as well? Julie stated that it covers the event, those people who are under contract as vendors. Commissioner Brady indicated that there are some things that need to be flushed out with regards to the vendor application. Julie Jones indicated that the vendors have already said if they have to have this insurance policy in place then they want their money back. Commissioner Ethan Migliori made a motion to table this matter for now to allow time to look further into the issue. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

CONSIDERATION AND APPROVAL OF CONTRACT WITH JOHNNY V & TROUBLE TRAIN FOR ENTERTAINMENT AT THE EMERY COUNTY FAIR.

Julie Jones explained that Johnny V & Trouble Train has ties to Emery County. They have agreed to \$2,500.00 for their fee which is very reasonable. They will perform on Friday & Saturday. San Rafael Bed & Breakfast has waived their fee. Commissioner Ethan Migliori made a motion to approve of contract with Johnny V. & Trouble Train for entertainment at the Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF CONTRACT WITH MILL STREET ENTERTAINMENT FOR ENTERTAINMENT AT THE EMERY COUNTY FAIR.

Julie Jones explained that the contract with Mill Street Entertainment is for a high energy band 'No Limits'. Their usual charge is \$4,000.00 for a performance. Charlie Jenkins has started his own agency and because of his love the Emery County fans has negotiated the cost to \$2,750.00 for Saturday night's performance. Commissioner Ethan Migliori made a motion to approve of contract with Mill Street Entertainment for entertainment at the Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

DISCUSSION AND APPROVAL OF ADVERTISING BIDS FOR EMERY COUNTY FAIR FROM CASTLE COUNTRY RADIO, ETV10, EMERY COUNTY PROGRESS, AND KUSA.

Julie Jones discussed advertising for the Emery County Fair. She had bids from Castle Country

Radio, ETV10, and Emery County Progress for advertising the days leading up to the Emery County Fair. Julie indicated \$3,500.00 has been budgeted for advertising. The bid from CCR which is KARB and KRPX, was broken down into the number of ads per day for 2 weeks. 195 ads running two weeks would be \$1,382.00. 312 ads would be \$2,116.00. 585 ads would be \$3,246.00. Emery County Progress's bid is \$1,500.00. The Commissioners talked about the value in each type of advertising. Commissioner Migliori suggested approving the low end on CCR for \$1,382, Emery County Progress's bid of \$1,500.00 and negotiate with ETV10 to get it down around the same price level. Commissioner Ethan Migliori made a motion to approve CCR's bid of \$1,382 and Emery County Progress's bid of \$1,500.00 and negotiate with ETV10 and bring that bid back to Commission for approval. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING BETWEEN EMERY COUNTY EMERGENCY MEDICAL SERVICES AND THE UNITED STATES DEPARTMENT OF ENERGY FOR PROVIDING EMERGENCY MEDICAL SERVICES TO DOE, ITS CONTRACTOR PERSONNEL OR ITS GUESTS AT THE URANIUM MILL TAILINGS REMEDIAL ACTION PROJECT SITE.

SWELL SPECIAL RECREATION MANAGEMENT AREA AND TEMPLE MOUNTAIN RECREATION MANAGEMENT ZONE.

Public Lands Director Ray Petersen explained that this is preliminary to start the process to hire a contractor to work through the EA process. Ahmed Mohsen from the BLM was in Commission Meeting on April 5<sup>th</sup> to discuss the process with the County Commissioners. The MOU agreement outlines how the agencies will work through the planning process. Attorney Mike Olsen had no objections to the document. Commissioner Paul Cowley made a motion to approve an MOU agreement between Emery County, US Department of Interior, and State of Utah for preparation of Environmental Assessment for the San Rafael Swell Special Recreation Management Area and Temple Mountain Recreation Management Zone. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(9)

CONSIDERATION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING BETWEEN THE DEPARTMENT OF THE INTERIOR (BLM PRICE AND RICHFIELD FIELD OFFICES) AND EMERY COUNTY AS A COOPERATING AGENCY FOR PREPARING A RESOURCE MANAGEMENT PLAN AMENDMENT AND ENVIRONMENTAL ASSESSMENT FOR THE DEVELOPMENT OF THE SAN RAFAEL DESERT MASTER LEASING PLAN (MLP).

Ray Petersen explained that the MOU between the DOT and Emery County is for an environmental assessment for the development of the San Rafael Desert Master Leasing Plan (MLP). This is in the extreme southeast part of the county on Highway 24 east to county boundary. (East of the highway and west of the river). No other area in the county has been identified as potential for this plan. Commissioner Paul Cowley made a motion to approve of MOU between Department of Interior (BLM Price and Richfield Field Offices) and Emery County as a cooperating agency for preparing a resource management plan amendment and environmental assessment for the development of the San Rafael Desert Master Leasing Plan (MLP). The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(10)

DISCUSSION OF RECOMMENDATION FROM EMERY COUNTY CARE AND REHABILITATION CENTER BOARD OF DIRECTORS FOR THE COUNTY TO EXPLORE THE POSSIBILITY OF SELLING THE FACILITY. APPROVAL OF ACTION TAKEN.

Commissioner Migliori indicated that the Emery County Rehabilitation Center Board of Directors are still interested in pursuing the possibility of selling the facility. They have one more Upper Limit Payment. This is just to inform the Commissioners of the continuing efforts of the Board of Directors. Anytime the BOD changes they inform the Commission of that

continued effort. No action was taken.

(11)

CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND STATE OF UTAH THROUGH DEPARTMENT OF ADULT PROBATION AND PAROLE FOR EMERY COUNTY DRUG TASK FORCE.

Sheriff Funk indicated that this is the normal Interlocal Agreement between Emery County and State of Utah through Department of Adult Probation and Parole for Emery County Drug Task Force. The agreement identifies how the Drug Court program functions. The funds are administered through a grant and goes through 2036. Attorney Mike Olsen indicated that he has no objection to the agreement and the program seems to be operating well. Commissioner Ethan Migliori made a motion to approve of Interlocal Agreement between Emery County and State of Utah through Department of Adult Probation and Parole for Emery County Drug Task Force. The motion was seconded by Commissioner Paul Cowley. The motion passed.

KOBE FAIMALO, DISCUSSION AND APPROVAL OF EAGLE SCOUT PROJECT AT THE LAWRENCE CEMETERY.

Kobe Faimalo discussed an Eagle Scout project at the Lawrence Cemetery. Kobe explained that there are currently no benches at the Lawrence Cemetery. He has chosen to install 4 benches at the Lawrence Cemetery for his Eagle Scout Project. He provided the Commissioners with a cost breakdown and agenda for the project. He added that the benches will be similar to the benches in front of the courthouse. Jeff Guymon discussed placement of the benches. Lawrence Cemetery Committee Chairman Bevan Wilson explained that about a year ago the committee came up with a proposed plan to purchase 4 benches. This plan was presented to the Emery County Commissioners during the budgeting process last year. The County has budgeted

\$4,500.00 for this project. The committee has received private citizen donations (enough to pay for two benches) that were submitted to Brenda Tuttle in the Clerk/Auditor's Office. He indicated that there will be three requisitions for payment from this project. One for the purchase of the benches, one from Magnuson Lumber for the materials to frame the cement pad, and one from Nielson Construction for the cement pad to set the benches. Commissioner Cowley asked Kobe if he would have help on this project. Kobe indicated that other troop members will help with the project. He indicated that the project is projected to be completed before Memorial Day. Commissioner Paul Cowley made a motion to approve of an Eagle Scout Project at the Lawrence Cemetery as proposed by Kobe Faimalo. The motion was seconded by Commissioner Ethan Migliori. The motion passed. Bevan Wilson informed the Commissioners that the Lawrence Cemetery Committee has another project in the works that they hope to be able to work out the associated problems related to planting trees in ground with a lot of gravel and inadequate water source. He thanked Brenda Tuttle for her help with the bench project.

LARRY PRETTYMAN, DISCUSSION AND CLARIFICATION OF OWNERSHIP OF SIGN NORTH OF HUNTINGTON.

Larry Prettyman, Huntington, came before the Board of Commissioners to discuss ownership of the sign north of Huntington. He indicated that his wife's family owns the property where the sign is located and that in years past Emery County was paying the yearly lease. The county let the lease lapse and Ferron City picked it up for advertising Millsite Golf Course for a few years. He indicated that he would like to take over ownership of the sign. He stated that he has talked to the State about procedures for taking over the sign and the permitted uses of the sign. He was told by the state that Emery County would need to write a request for him to take over ownership of the sign. He would then have to make application with the state to designate the sign as commercial use. The billboard sign was constructed by the County for a cost of approximately \$5,000.00 with a yearly lease of \$500.00 to the land owner for a five year period. Now the lease is \$800.00 a year. For a while the Travel Bureau was paying the yearly lease. It somehow has fallen through the cracks. The original use of the sign was for a gateway sign. The use needs to be zoned as commercial or industrial if the use is determined to generate revenue. Jeff Guymon, Planning and Zoning Director, indicated that if the ownership changes the new owner would need to acquire a conditional use permit from the county. The Commissioners agreed that to move forward with this they would need a lot more good information and determine how it affects everyone. They suggested looking over the old lease agreement and have discussions with UDOT who regulates all billboards in the state. Commissioner Paul Cowley made a motion to table this item to allow time to look into the matter and bring it back for another meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF MID-TERM APPOINTMENT TO THE EMERY COUNTY HOUSING AUTHORITY BOARD OF COMMISSIONERS.

Commissioner Migliori stated the County recently accepted the resignation of Jeff Horrocks from the Emery County Housing Authority Board mid-term. State statute says that ideally the board can have 5 to 7 board members. The board is currently functioning with five members. The Commission would like to find two more residents willing to be appointed to the board. They have one resident who has applied to be on the board. Commissioner Migliori recommended appointing Rebecca Brotherson to the Housing Authority Board and try to get two more appointed in the next couple of meetings. Commissioner Ethan Migliori made a motion to appoint Rebecca Brotherson to the Emery County Housing Authority Board of Commissioners to replace Jeff Horrocks. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

RATIFY OF GRANT FOR BULLETPROOF VESTS FOR SO TO REPLACE OLDER VESTS.

Sheriff Funk explained that bulletproof vests need to be replaced every three years. The Sheriff's Department has applied for a federal grant that will pay half of the cost and the other half will come out of seizure funds. The application needed to be sent in before the date of this meeting. Therefore, approval of the application process needs to be ratified. Commissioner Paul Cowley made a motion to ratify approval of a grant application for bulletproof vests for the Sheriff's Department to replace older vests. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(10)

CONSIDERATION AND APPROVAL TO RENT A D8T TRACTOR FOR DEBRIS BASIN.

Road Supervisor Wayde Nielsen explained that the equipment will be used to remove rocks from the Huntington Debris Basin. The rocks will be stockpiled to be used for the Cottonwood Creek mitigation project. The rental will be \$22,400.00 for 2 months and is an allowable expense under the stipulations of the Huntington Debris Basin Project. Commissioner Paul Cowley made a motion to approve rental of a D8T for the Huntington Debris Basin. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(11)

CONSIDERATION AND APPROVAL ALLOWING WEED/MOSQUITO EMPLOYEES TO TAKE COUNTY-OWNED VEHICLES HOME OVERNIGHT.

Cory Worwood, Weed & Mosquito Supervisor discussed a letter he forwarded to the Commissioners regarding Weed/Mosquito employees taking county-owned vehicles home overnight. He explained that according to the new vehicle policy he needs to get permission from the Commissioners to allow this. During the hot summer months they fog for mosquitos at night. To save travel time for the employees he would like permission to let them take the vehicle home. If they live in Ferron and are traveling to Huntington or beyond then they can go pick up the vehicle and return it to the shop but if they are fogging in Clawson, Ferron or Emery it would be advantageous to have the vehicle with them. Commissioner Paul Cowley made a motion to allow Weed & Mosquito to take county owned vehicles home if the shop is not between them and where they are fogging. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF APPLICATION FOR FEDERAL ASSISTANCE SF-424 FOR EMERGENCY WATERSHED PROTECTION FY16 CASTLE DALE/ORANGEVILLE/COTTONWOOD CREEK.

Captain Kyle Ekker explained that this is the application process for federal assistance for emergency watershed protection of Castle Dale/Orangeville/Cottonwood Creek. This will start the process to get the contract and funds for the project. When the contract comes in he will bring it back to the Commission for signatures. The total project is estimated at \$4,515,000.00. Federal assistance \$3,465,000.00. The county portion \$1,050,000.00. The completion date for the project is December 14, 2016. Commissioner Ethan Migliori made a motion to approve of

application for Federal Assistance SF-424 for Emergency Watershed Protection FY16 Castle Dale/Orangeville/Cottonwood Creek. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(13)

RATIFY PUBLIC RECREATION EASEMENT AGREEMENT BETWEEN ROCKY MOUNTAIN POWER AND EMERY COUNTY FOR DES BEE DOVE TRAIL.

A Public Recreation Easement Agreement between Rocky Mountain Power and Emery County for Des Bee Dove Trail was considered. The application process with included this agreement needed to be sent in before the date of this meeting. Therefore, the agreement was signed before this meeting and now the signing of the agreement needs to be ratified. Commissioner Paul Cowley made a motion to ratify the signing of the Public Recreation Easement Agreement between Rocky Mountain Power and Emery County for Des Bee Dove Trail. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(14)

RATIFY GRANT APPLICATION WITH UTAH DIVISION OF PARKS AND RECREATION OFF-HIGHWAY VEHICLE PROGRAM STATE OHV GRANTS MOTORIZED TRAIL APPLICATION FOR FUNDING TO MAKE IMPROVEMENTS TO THE DES BEE DOVE TRAIL.

Commissioner Ethan Migliori discussed a Grant Application with Utah Division of Parks and Recreation Off-Highway Vehicle Program State OHV Grants Motorized Trail Application for funding to make improvements to the Des Bee Dove Trail. The trail improvement is contingent upon the \$57,000.00 funding coming through. Mark Williams OHV Club President has indicated where the match will be met. The local grazers and OHV club approve of the trail improvements. Commissioner Cowley stated that this will be a difficult trail and will be marked as highest difficulty on the trail maps. The gate will be closed during inclement weather to maintain safety and mitigate and liability. The application was signed before this meeting to meet a deadline. Commissioner Ethan Migliori made a motion to ratify the signing of an application with Utah Division of Parks and Recreation Off-Highway Vehicle Program State OHV Grant for funding to make improvements to the Des Bee Dove Trail. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

DISCUSSION AND APPROVAL OF EXTRACT LOCATION FOR THE MINER'S MEMORIAL.

Dennis Ardohain and Lori Ann Larsen, Miner's Memorial Committee were present to discuss the exact location for the Miner's Memorial. Commissioner Cowley indicated that he has looked at

the location originally thought to be best location for the memorial along with the contractor. They have determined some problems with this location. They would have to relocate the water box, the slope of the lawn and retaining wall had issues. Jeff Guymon offered an extensive review of the lawn and they have determined the best location. Mayor Danny Van Wagoner discussed the zoning issues regarding the location. They discussed the fact that the monument has to be set back 12 feet from the sidewalk. Commissioner Paul Cowley made a motion to approve and set the location of the Miner's Memorial as determined. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(16)

CONSIDERATION AND APPROVAL OF EVENT COORDINATOR CONTRACT.

Commissioner Ethan Migliori made a motion to approve of Event Coordinator Contract with Holly Jorgensen. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

CONSIDERATION AND APPROVAL OF DONATION TO EMERY COUNTY HOUSING AUTHORITY.

Commissioner Paul Cowley made a motion to approve a donation of \$10,000.00 to Emery County Housing Authority. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(18)

DISCUSSION AND APPROVAL OF AMENDED EMERY COUNTY FAIR VENDOR APPLICATION & AGREEMENT INSURANCE REQUIREMENTS.

Commissioner Migliori discussed the Emery County Fair Vendor Application and Agreement for insurance requirements. Commissioner Migliori suggested making adjustments to the application. He suggested adding two questions to the application. 1. Do you have insurance. If so include the policy carrier and number. If no, then they are to contact the Rec District who will refer them to a tenant user liability program. There they can purchase a tenant user policy for approximately \$40.00. The old application required a \$1million dollar policy which would have a premium that could be quite pricey for a small business. Commissioner Brady agreed with Commissioner Migliori that there needs to be a category based on the risk involved. He felt \$40.00 was reasonable and probably doable for a small business vendor. It is better for the county to do something than nothing. Brenda Tuttle asked 'Wouldn't the County want to be involved in this process rather than turn it over to the Rec District?'. 'The County should be checking to be sure the vendor has insurance.' Castle Dale City Mayor agreed. Mary Huntington added that if the vendor marks 'yes' they have insurance the County will need proof of that insurance. Commissioner Migliori explained that providing a certificate of insurance may

cost as much as \$50.00 from the carrier. He recommended having the Rec Dist. collect the information and forward it to Mary for verification. Commissioner Ethan Migliori made a motion to approve the amended Emery County Fair Vendor Application & agreement for insurance requirements and work with Mary to verify the vendor qualifies with the application requirements. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

CONSIDERATION AND APPROVAL OF RENTAL/LEASE AGREEMENT FOR TRACTOR TO BE USED TO MOW WEEDS ALONG COUNTY ROADWAYS.

Wayde Nielson, Road Supervisor discussed the rental of a John Deere 6175M Tractor using State Contract #PD1672 for their weed mowing from July 15<sup>th</sup> through October 14<sup>th</sup> at a cost of \$3,312.50. They would like to use Big B Equipment as the delivering dealer. Commissioner Paul Cowley made a motion to approve of rental/lease agreement for tractor to be used to mow weeds along county roadways. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(20)

CONSIDERATION AND APPROVAL OF AMENDMENTS TO EMERY COUNTY PERMANENT COMMUNITY IMPACT BOARD SHORT TERM LIST FY2016.

Two projects need to be added to the Emery County PCIB short term list. In Green River City a Natural Gas Feasibility/Economic Study and in Huntington City, ADA Compliance Restroom. Commissioner Ethan Migliori made a motion to approve of amendments to the Emery County Permanent Community Impact Board Short List. The motion was seconded by Commissioner Paul Cowley. The motion passed.

Commissioner Ethan Migliori made a motion to leave the regular meeting and move into an executive session to discuss pending or reasonably imminent litigation involving Centrally Assessed Taxes and at the conclusion of the session to return to the regular meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(21)

EXECUTIVE SESSION TO DISCUSS PENDING OR REASONABLY IMMINENT LITIGATION INVOLVING CENTRALLY ASSESSED TAXES.

### PAUL WEDDLE, MILITARY TRAINING ACTIVITY SCHEDULE IN EMERY COUNTY NEAR GREEN RIVER.

Paul Weddle, Visual Awareness and Tactical Consultant Inc. (VATC), Sub-Contractor to ICE, Inc. came before the Board of Commissioners to request a letter of support for military training activity in Emery County. He explained that they will be in White Sands area of Green River during July from 24<sup>th</sup> to 29<sup>th</sup>. The exercises will be a strictly non-kinetic event with Special Forces soldiers carrying weapons, but no live ammo. All weapons are propane powered with no projectiles. They will be operating Osprey aircraft which are loud. The area they will be using is about two football field lengths and about three miles from town. Green River City, BLM SITLA and Grand County have all been advised of the event and have given a letter of support for the event. They will have their own medical support. VIP's will be OK but no spectators will be allowed. The Board of Emery County Commissioners agreed to a letter of support for this event.

(3)

### CHUCK SEMBORSKI, INTERWEST MINING, UPDATE AND REPORT ON PLAN/PROCEDURE FOR THE CLOSURE OF DEER CREEK MINE.

Chuck Semborski, Interwest Mining provided an update and report on plans and procedures for the closure of Deer Creek Mine. He stated that PacifiCorp has been involved in the coal mining business since 1972. The closing of Deer Creek Mine marks the end of coal mining for PacifiCorp. In 2014 Deer Creek Mine was idled and in April 2015 the mine was sealed up. Mr. Semborski provided a presentation on their plans and procedures for closure of the mine. He reviewed the problems that they have had with discharge water. They are taking measures to avoid non-compliant discharge of water from the mine. He discussed a proposed pipeline project to deal with the discharge water. He also expressed his disappointment that they have to complete an environmental analysis (EA) before they can proceed with the project.

(4)

DISCUSSION AND DECISION, IF IN THE BEST INTEREST OF EMERY COUNTY, TO PROCEED WITH REQUEST TO SELL PARCEL #01-112B-0052 LOCATED WITHIN FERRON CITY.

Jeff Guymon reviewed the parcel in question with the Commissioners. The adjacent land owner has asked if the county would be willing to sell this parcel of land located within Ferron City. The parcel is zoned as residential. Commissioner Brady stated that he didn't see a need to hold on to the property. There were several questions that still needed to be answered. Commissioner Ethan Migliori made a motion to get more information and bring it back to Commission Meeting at a future date. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN EMERY COUNTY AND STATE OF UTAH FOR BAILIFF AND PERIMETER SECURITY FOR SEVENTH DISTRICT & JUVENILE COURTS.

Attorney Mike Olsen recommended approval of the contract. Commissioner Ethan Migliori made a motion to approve a contract between Emery County and State of Utah for Bailiff and Perimeter for Seventh District & Juvenile Courts. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF BUILDING MAINTENANCE AGREEMENT BETWEEN CASTLE DALE LIBRARY AND CAMILLE THOMAS FOR JANITORIAL SERVICES.

Commissioner Ethan Migliori made a motion to approve of Building Maintenance Agreement between Castle Dale Library and Camille Thomas for janitorial services. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN EMERY COUNTY AND WCC ENTERPRISES, INC. TO BOOK BUBBLE TOWER FOR THE EMERY COUNTY FAIR.

Julie Jones, Emery County Fair Director discussed the contract between Emery County and WCC Enterprises, Inc. To book a bubble tower for the Emery County Fair. Julie indicated that the original price was \$4,500.00. She was able to get the price reduced to \$3,000.00 for Friday and Saturday of the fair. Julie indicated that she has gone to several different carnival companies but was told our fair was too small and they would not come here. Commissioner Cowley expressed

his disapproval of spending \$3,000.00 on a bubble machine. Clerk/Auditor Brenda Tuttle commented that there is a Fair Board who makes these arrangements for the fair and been given a budget. The Commissioners need to give the board the latitude to make some of these decisions. Julie commented that Carbon County has a much larger budget than Emery County and in the past has had nothing to show for the money they spent on their fair. Emery County's Fair is much better with more to show for the money spent in entertainment. This bubble machine will be fun for everyone. Yes it is pricy but there is just not much out there for small fairs as far as entertainment that would be free to the citizens. They discussed the elephants from the last two years. It was a huge hit by the public but also a big expense for the fair. It also was expensive for the citizens. The cost to ride the elephant was more than some families could afford. This year we have the Aussie exhibit with kangaroos, etc. This is replacing the reptile exhibit from last year. The Fair Board is excited for this to come to Emery County Fair. Commissioner Ethan Migliori made a motion to approve of contract between Emery County and WCC Enterprises, Inc. to book Bubble Tower for the Emery County Fair. Commissioner Paul Cowley voted nay on the motion. Commissioner Keith Brady stepped down to second the motion. The motion passed with one in opposition.

(8)

CONSIDERATION AND APPROVAL OF CASH PRIZE MONEY FOR CUPCAKE WARS AND LIP-SYNCING COMPETITIONS AT THE EMERY COUNTY FAIR.

Commissioner Brady indicated that this issue has been worked out and discussion is not necessary.

(9)

CONSIDERATION AND APPROVAL OF RADIO ADVERTISING PROPOSAL WITH AJB BROADCASTING FOR EMERY COUNTY FAIR.

Amanda Holley-Paiz, Marketing Director for AJB Broadcasting indicated that AJB Broadcasting submitted a proposal for Fair advertising to the Fair Board two months ago. She expressed concern that there are only a few weeks left for advertising. AJB has revised their proposal and adjusted the cost to \$1,000.00 for 72 ads. Jule Jones added that Amanda will also be the MC for the fear factor challenge during the fair. Commissioner Ethan Migliori made a motion to approve of radio advertising proposal with AJB Broadcasting for the Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

CONSIDERATION AND APPROVAL OF ELECTION POLL WORKERS FOR 2016.

Commissioner Ethan Migliori made a motion to approve election poll workers for 2016. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

DISCUSSION AND APPROVAL OF EMERY COUNTY'S OFFICIAL COMMENTS IN OPPOSITION OF BLM 2.0.

Ray Petersen, Public Lands Director drafted an official comment on the proposed revisions to the BLM resource management and land use planning system. Several concerns were addressed and Emery County requested these concerns be included as part of the administration record. Commissioner Paul Cowley made a motion to approve Emery County's official comments in opposition of BLM 2.0. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY, BLM, UDFCM AND JARED JOHNSON FOR THE FENCE ALONG GOBLIN VALLEY ROAD.

The interlocal agreement between Emery County, BLM, UDFCM and Jared Johnson addresses the issue of liability. Emery County should assume liability should the cattle guards not be maintained responsibly. The agreement clarifies who will maintain the fence. Commissioner Paul Cowley made a motion to approve an interlocal agreement between Emery County, BLM, UDFCM and Jared Johnson for the fence along Goblin Valley Road. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(13)

CONSIDERATION AND APPROVAL OF RIGHT-OF-WAY GRANT SERIAL NUMBER UTU-91515 BETWEEN EMERY COUNTY AND BLM FOR A FENCE ALONG COUNTY ROAD #1012 KNOWN AS GOBLIN VALLEY ROAD.

Commissioner Paul Cowley made a motion to approve of Right-of-Way Grant serial number UTU-91515 between Emery County and BLM for fence along Emery County Road #1012 known as Goblin Valley Road. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(14)

CONSIDERATION AND APPROVAL ALLOWING IT/GIS PERSONNEL TO TAKE COUNTY-OWNED VEHICLES HOME OVERNIGHT.

Jeff Guymon, IT/GIS Supervisor requested approval to take the county owned vehicle home when he is working on the north end of the county. The new county policy states that the department needs approval to take the vehicle home. Since he lives in Huntington it would be more economical to stay in Huntington and not have to drive back to Castle Dale to exchange

with his personal vehicle. Often times he is after five when returning from maintenance to the towns or meetings in Salt Lake and time wise and money wise it makes sense to wait until the next day to return the vehicle. During elections when he and his staff has to be out to the towns early and late it would make sense to wait until they have to return to the courthouse to return election machines. Commissioner Ethan Migliori made a motion to approve allowing IT/GIS personnel to take county-owned vehicles home overnight at Jeff Guymon's discretion. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

CONSIDERATION AND APPROVAL OF MASTER LEASE AGREEMENT BETWEEN EMERY COUNTY AND JOHN DEERE FINANCIAL TO LEASE EQUIPMENT PER STATE BID.

Commissioner Paul Cowley made a motion to approve signing a Master Lease Agreement between Emery County and John Deere Financial to lease equipment per state bid. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(16)

CONSIDERATION AND APPROVAL OF LETTER OF INTENT TO LEASE A TRACTOR FROM JOHN DEERE FINANCIAL PER STATE BID.

Commissioner Ethan Migliori made a motion to approve a letter of intent to lease a tractor from John Deere Financial per state bid. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

CONSIDERATION AND APPROVAL OF TAX DEFERRAL AGREEMENTS FOR ATHEL WAYNE AND SHARON MITCHEIL PARCEL NO. 01-156B-0032 AND 01-156B-0033.

Treasurer Seven Barton requested tax deferral agreements for Athel Wayne and Sharon Mitcheil parcel #01-156B-0032 and 01-156B-0033. He explained that this is a residence in Green River. She has made a sincere effort to clear up the back taxes. Mr. Barton recommended an extension to pay the taxes for Athel Wayne/Sharon Mitcheil. Commissioner Ethan Migliori made a motion to approve of Tax Deferral Agreement for Athel Wayne/Sharon Mitcheil parcel # 01-156A-0032/#01-156B-0033. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(18)

CONSIDERATION AND APPROVAL OF TAX DEFERRAL AGREEMENT FOR RANDY AND MELODYE SINCLAIR FOR PARCEL NO. 01-070A-0003.

Mr. Barton recommended approval of a tax deferral agreement for Randy and Melodye Sinclair, parcel #01-070A-0003. He explained that this is also a residence in Elmo and they have made a sincere effort to clear up the past taxes. Commissioner Ethan Migliori made a motion to approve a tax deferral agreement for Randy and Melodye Sinclair for parcel #01-070A-0003. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

COMMISSION/ELECTED OFFICIAL REPORT.

HOPE SQUAD OF CARBON AND EMERY COUNTIES, INTRODUCTION OF ORGANIZATION DEDICATED TO EDUCATING THE PUBLIC ON SUICIDE PREVENTION BY COMMUNITY AWARENESS AND INVOLVEMENT.

Debbie Marvadakis and Cathy Donovan from Southeastern Utah Health Department in Carbon County came before the Board of Commissioners to introduce the organization called the Hope Squad, dedicated to educating the public on suicide prevention by community awareness and involvement. Mrs. Marvadakis explained that currently the suicide rate in Carbon and Emery county is 22 per year which is higher than the state average of 10-11 per year. In 2013 they put together a coalition of professionals and concerned individuals to address the suicide issue and work on reducing that rate. The numbers show that they have made a difference in lowering that rate from 22 to 11 in one year. She indicated that they are missing some partners on their board as they have no representation from Emery County. She asked the Board of Commissioners to do some brainstorming and come up with a representative for their board. They hold their meetings on the 2<sup>nd</sup> Tuesday of each month at the Health Department Building in Price. She added that there is evidence that suicide is preventable. The group has been recognized and received an award on a national level for their education on prescription drug abuse and prevention program. Prescription drug abuse is what is driving the numbers up. To bring awareness about suicide prevention they sponsor several events during the year. Spring for Hope Dinner in the Park, Suicide Prevention Walk, and Hope Festival in December are a few of these events. She added that we need Emery County at the table to help support and keep the momentum going. She stated 'we don't want to see the numbers go back up'. Commissioner Keith Brady stated that Emery County will find someone to be on their board. He thanked her for the information and the work they are doing.

NEVA STRONG, DISCUSSION OF OPPOSITION TO LANDFILL TIPPAGE FEES.

Neva Strong, Castle Dale resident came before the Board of Commissioners to express opposition to landfill tippage fees. She indicated she was charged \$20.00 for a trailer load of rubble. She expressed concern that people may become discouraged by the fee and begin taking their rubble and garbage to the ravines and outlying areas of the desert and hills. Commissioner Brady indicated that at that point that would be a matter for the Sheriff's Department to issue a citation. Commissioner Cowley added that the fee is for weights that exceed 1,000 lbs. He stated he did not understand why she was charged \$20.00. He stated that the landfill is supported by the County. The tippage fee was implemented several years ago to help off set the cost of equipment at the landfill but was never enforced. Commissioner Brady asked Mrs. Strong if she was aware that there are roll-offs in each community that are available for small refuge. These roll-offs are free to the citizens. Castle Dale Mayor Danny Van Wagoner reminded the

COMMISSION MEETING MINUTES  
JUNE 7, 2016

Commissioners that there is not a roll-off in Castle Dale due to the proximity of the landfill to the community. Mrs. Strong asked if the citizens are aware that there are these roll-offs available? Commissioner Brady stated that it is up to each city to inform the citizens of the location of the roll-off in their community. Concerning the fee Commissioner Brady indicated he has received comments from many citizens that the tippage fees are fair. The money collected from the tippage fees does go to the use of the equipment.

GERRY STOTLER, HABITAT FOR HUMANITY BOARD MEMBER, INTRODUCTION OF NEW HABITAT FOR HUMANITY EXECUTIVE DIRECTOR FOR THE AREA AND DISCUSSION OF CASTLE DALE HABITAT HOME IN FORECLOSURE.

Gerry Stotler, Habitat for Humanity Board member introduced their new Executive Director Karen Basso. Karen informed the Commissioners of foreclosure of the house in Castle Dale. This is a four bedroom house located in Orange Court in Castle Dale. The house will be available to low income families and or veterans who may qualify for low interest loan who may not otherwise be able to qualify for a conventional loan. Every adult will have to provide 200 hours of sweat equity in the home. A construction manager will be monitoring the repair/remodel. They are accepting applications for this home now. She informed the Commissioners about a program called 'A Brush with Kindness'. This program helps low income and veterans with home repairs, building handicap ramps, roof repairs, and painting projects. The program is loan based with a low repayment plan. They need volunteers for the summer.

(5)

JULIE JOHANSEN, DISCUSSION OF USFS CLOSURE OF ROADS ON THE MANTI LA-SAL FOREST.

Julie Johansen indicated that she was made aware that the issue has been resolved. The issue was regarding gates/roads closed that provide access to private property on the Manti LaSal Forest. Ray Petersen and Commissioner Cowley met with the Forest Service and were successful in reaching a resolution to the situation. Private land owners will have access to their properties when roads are closed. The county has offered to go in and clear snow drifts to dry out for better access.

CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND ECSSD#1 FOR JOES VALLEY BOAT RAMP EXTENSION PROJECT.

Emery County was awarded a grant from DWR in the amount of \$45,000.00 for Joe's Valley Boat Ramp Extension Project. Emery Water Conservancy District Director Jay Mark Humphrey commented that the Water District has not been contacted once about this project. The process is not being followed correctly. The EWCD has to approve of this project. He stated he was not aware of this project until he saw in on the agenda for today. Merrill Johansen, J&T Engineering stated that this inter local agreement is for the design portion of the project only. Jay Mark added that this project is not going to happen until you follow the process and bring it before the Water Board. SSD#1 Chairman, Kent Petersen indicated that he will be attending their board meeting on July 11<sup>th</sup>. The Board of Commissioners felt that there was still value in having this interlocal agreement between ECSSD #1 and Emery County to fulfill the process. Jay Mark indicated that he understands the need, but the NEPA process alone will take a long time. It's just not going to happen this year. He indicated that the boat ramp on the marina side could be opened on heavy days like July 4<sup>th</sup> and 24<sup>th</sup> IF it was maned by DWR/FS.

Commissioner Ethan Migliori made a motion to move forward with the process by approving an inter local agreement between Emery County and ECSSD#1 for Joe's Valley Boat Ramp Extension Project. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF UTAH DEPARTMENT OF TRANSPORTATION AERONAUTICAL OPERATIONS DIVISION PROJECT APPLICATION AND GRANT AGREEMENT FOR STATE AID FOR HUNTINGTON AIRPORT 2016 PROJECTS.

Commissioner Cowley has been coordinating with the Utah Department of Transportation Aeronautical Operations Division on an application and grant agreement for state aid for Huntington Airport 2016 projects. The culvert at the east end of the runway had to be replaced and the fence replaced. Huntington Airport is managed by Leon Defriez and the county has a contract/agreement with Mr. Defriez. Attorney Mike Olsen indicated that the agreement will need to be amended to include specific wording associated with the Divisions terms and conditions. Mr. Defriez is agreeable with this. Commissioner Paul Cowley made a motion to approve of Utah Department of Transportation Aeronautical Operations Division Project Application and Grant agreement for state aid for Huntington Airport 2016 projects. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

CONSIDERATION AND DECISION ON PROPOSED RESOLUTION AMENDING TITLE 1, CHAPTER C, OF THE EMERY COUNTY PERSONNEL POLICIES AND PROCEDURES MANUAL REGARDING COMMISSION SENIOR ADMINISTRATIVE ASSISTANT POSITION (TO THREE PART-TIME AND EXECUTIVE ADMINISTRATIVE ASSISTANTS.)

Scott Crook, from the law firm of Arnold & Crook was retained in 2015 to review and make recommendations on amendments to the County's personnel policy and procedures manual. Mr. Crook stated that he has been an employment attorney since 2008 and has been retained by several cities and counties and other local government entities to review personnel policies and make suggestions. He has also been retained by several government entities on human resource matters. He explained that in September of 2015 he recommended Emery County consider changing most of the executive level positions from executive to career service positions. He also recommended department head and confidential secretaries and those who have particular functions to assist the county commissioners be made 'at-will' employees. He explained the reasoning behind this recommendation. There is a County Personnel Management Act which was adopted by Utah which specifically identifies those positions that it considers to be executive level positions. He stated that his recommendation at that time was that the Commission simply follow the state statute and make everybody executive that was department head or in executive level positions. This is a decision that was entirely up to the Commission to make or not make. At that time the County Commissioners decided to retain all of the positions as civil service /career service positions even for department heads. This decision was totally against my recommendation. However, at this point he has recommended again that the Commission make at least the administrative assistant position, that is executive level that answers to each of the Commissioners, since each of the commissioners has distinct political interest from the others, that be made an executive level position which simply means that it is an 'at-will' position. He has made this recommendation in form of a proposed resolution and an amendment. He had some changes to the draft proposed resolution if the Commission determines to adopt it. On page 11 of the document, instead of administrative assistant it should read confidential secretary. So that would replace the senior administrative assistant which is a full time occupational position and changing it to three part time executive level confidential secretary positions. Commissioner Ethan Migliori made a motion to adopt Resolution 6-7-16 amending Title 1 Chapter C, of the Emery County Personnel Policies and Procedures Manual with additional recommendations by Mr. Crook. The motion was seconded by Commissioner Paul Cowley. The motion passed.

Val Payne asked if the public was allowed to make comment and ask questions?

Commissioner Brady opened the floor to comments.

COMMISSION MEETING MINUTES  
JUNE 7, 2016

Mr. Payne stated that as he understands the recommendation there will be three separate secretaries, one serving each commissioner individually. At which point will coordination occur? He was concerned that they are spreading it across three lines of authority and where will they come together. If you gentlemen meet to discuss things without having a posted, public meeting, then you are violating the law. If you want to hold more meetings go for it. You will be risking the checks and balances that the administrative assistant offers. Mr. Crook answered by saying that your point is well taken that it should be a confidential position. That is exactly why the position should be an executive level position. Because it is an 'at-will' position. The person serves at the instance of the Commissioner. If the Commissioner cannot trust the person that they have as a confidential secretary. As 'at-will' position if the Commissioner feels that confidentiality has been breached they can terminate that employee.

Val Payne continued with questions regarding confidentiality of the three secretaries. He repeated what Mr. Crook stated that if the secretary violates the confidence they may be discharged. He questioned Mr. Crook and the Commissioners whether the violation of confidence is what is driving this decision? Commissioner Brady answered 'no' that the Commissioners are just looking to restructure this position. Bernice Payne asked if it is to save money? Commissioner Brady answered that he had not even thought of it saving money. Cost saving was not even in the consideration. Val Payne added that in his opinion the three, separate confidential secretaries is ill advised. Mr. Crook added that this advice is the right policy to have in place. He added that this is the way county governments operate. He added that Emery County is the only county or city government that he was aware of with career service positions at all levels of government offices. Patsy Stoddard commented that you proposed this change last September is that correct? And at that point they rejected it? Why are they entertaining it now? Someone had a change of heart or change of mind for this to come up now. Mr. Crook answered that he did not know. His advice has never changed. Did the Commissioners contact you? Mr. Crook answered that is attorney client privilege information. If there were closed door meetings then I do object to that. If the Commission is talking about these type of things people need to know that.

DISCUSSION AGENDA

(1)  
ITEMS PULLED FROM CONSENT AGENDA.

Agenda Item # 10 from the Consent Agenda was discussed. Commissioner Brady expressed a concern raised by himself and a citizen as to whether these cabins at the Huntington Airport will be taking business away from a private entity. Is Mr. Defriez going to be charging for the cabins? Is he going to be making money? Is the Airport going to be making money? Commissioner Cowley explained the reasoning behind the cabins at the airport. Some pilots fly in and need to spend the night and fly out the next morning, usually due to bad weather. Commissioner Cowley indicated he assumes that Mr. Defriez will be charging for the stay overnight in the cabin. You could probably say that would be taking away from private business but he didn't feel it would be much. Commissioner Migliori commented that Mr. Defriez reported that they have had a few pilots need to stay overnight over the years and they just crash on the couch in the lobby. Commissioner Cowley indicated that this is more of a convenience for the pilots. Patsy Stoddard asked how much the cabins will cost to purchase? Commissioner Migliori explained that the cabins are 12 x 20, \$4,765.00 each (2 \$9,530.00). Phil Fauver commented that last year they had two pilots fly in from Colorado and they spent the night on the couches in the lobby and flew out the next morning. In his opinion we have adequate service for the pilots. Who is going to maintain the cabins? How much is that going to cost? Commissioner Cowley indicated that Mr. Defiez has an agreement with the renters at the house at the airport to maintain the pilot lounge and security at the airport, he assumes that maintenance of the cabins may become part of the maintenance agreement, but he was not sure. Patsy Stoddard asked if the \$9,530.00 includes a foundation, plumbing and electricity as well? Commissioner Cowley commented that does not include a foundation, but does include plumbing and electricity.

Commissioner Paul Cowley made a motion to approve the purchase of the cabins for the Huntington Airport. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

beautiful addition to Emery County. She thanked the Commissioners for their support of the project. The cities have been very supportive also. She thanked Jeff Guymon for his assistance with the sound. It went very well. She added that they now turn the monument over to Emery County. She also asked the County Commissioners for their assistance in getting lighting around the monument. She asked that the county request the bids and choose the best one for the job and the Miner's Memorial Committee will pay for the lighting.

(3)

REPORT FROM THE EMERY COUNTY EVENT COORDINATOR HOLLY JORGENSEN.

Holly Jorgensen, Emery County Event Coordinator provided a follow-up to the Emery County Fair. She reported on the comments she has received from facebook followers and statistics regarding the number of visitors to the fair and other poll questions. She talked about favorable and not so favorable comments and whether people preferred a pro rodeo or an open rodeo and having the fair in the fall rather than in June. Most people preferred the pro rodeo. However, Emery County does not have the purse to bring in the big names. Maegan Wilberg commented that she would rather see locals in the rodeo as opposed to the big names. Holly talked about the contest that she had going during the fair. She had many businesses contribute to the prizes for the winners. Commissioner Brady commented that he will be looking forward to the results of the poll when it closes. They will have more discussions regarding the fair and rodeo in the coming months.

DISCUSSION ON CASTLE COUNTRY ROBOTICS CLUB. LOOKING FOR A BUILDING.

Rob Murray, Castle Country 4 H Robotics Club came before the Board of Commissioners to report on club activity. This is his 7<sup>th</sup> year with the program. He was with the program in Oklahoma. In years past he was in he reported that the club started out this year with 26 kids and ended up with 17 kids. 2 qualified for state competition taking 2<sup>nd</sup> in state qualifiers and 10<sup>th</sup> in the state. These kids range from 8<sup>th</sup> grade to 12<sup>th</sup> grade. Next year it will be offered to all grades. he is working with the high school to have a program there also. The club is going to be funded through STEM which is a state program. This year they have been housed at Clyde Thompson's old store in Castle Dale. The building has not be adequate for their needs and are looking for a larger facility. He requested a place in the county to house the club and asked if it would be possible to utilize the old Weed/Mosquito building in Castle Dale. The club is held after school. Commissioner Cowley asked if the building would adequate for their use? He was concerned for materials or chemicals that may still be in the building from the Weed/Mosquito Department or Road Department that may cause a liability issue. Mr. Murray indicated he would be using the upstairs portion of the building. Captain Ekker reported that the CST Team and Hazmat Team has cleaned the building and removed all the unknown chemicals. Mr. Murray commented that the parent program for this outfit is called The US First, a nation wide program. They have been doing this since the late 80's and have given out over \$20,000,000.00

COMMISSION MEETING MINUTES

JEFF KELSEY, DISCUSSION AND APPROVAL OF EMERY COUNTY INSURANCE RENEWAL FOR PLAN FOR YEAR JULY 1 2016-JUNE 30, 2017.

Jeff Kelsey discussed Emery County's insurance renewal and plan for the year July 1, 2016 through June 30, 2017. He reviewed this past year's activity. He reviewed the cost of increases to programs. Mr. Kelsey recommended changing to Altius Network. The providers would remain the same. This would be a 1% increase to the plan. A lot of the carriers are pushing the rates up. So this is a great plan. He indicated that he was very pleased with the renewal offer he was able to offer today. The average market is seeing a 12% to 15 % increase. To get a 1% increase is fantastic! Commissioner Ethan Migliori made a motion to approve of the insurance renewal for Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

COMMISSION MEETING MINUTES  
JUNE 21, 2016

DISCUSSION AND APPROVAL OF COTTONWOOD RESTORATION  
PROJECT/FUNDING.

Captain Kyle Ekker discussed the Cottonwood Restoration Project and funding. He indicated that the need to have cash up front to proceed with the project to keep it moving forward and pay the bills as they come in. Several partners as agreed to come forward with cash to put into an account for this purpose. Cottonwood Irrigation has agreed to put in \$150,000.00, Emery water Conservancy District \$150,000.00, Castle Valley Special Service District \$17,000.00 and hopefully Emery County \$150,000.00 Orangeville City has not got back to him yet with what they can put into the fund. The funds will be administered by Brenda Tuttle in the Clerk/Auditor's Office. Attorney Mike Olsen indicated that he is working on a contract with J&T for engineering services and MOU's with each entity for what they will bring to the table as far as cash and in-kind service. Captain Ekker indicated that this is an emergency in nature and will either need a special meeting to approve or ratify in the next meeting. The project is moving fast. He indicated that these loose ends need to be tied up as soon as possible.

DISCUSSION AND APPROVAL FOR THE SELL OF 4 EXCESS MEDICAID BED LICENSE  
LOCATED AT FERRON CARE CENTER.

Commissioner Migliori stated that the Care Center has 4 additional medicaid bed licenses that they do not have room for. They are at full capacity with 40 and have 44 licenses. Cascade contacted the Care Center and reached out to the board to see if they would be willing to sell their 4 excess medicaid bed licenses because they are short 4 medicaid bed licenses. The Care Center Board feels comfortable in releasing these licenses to generate some revenue. Commissioner Ethan Migliori made a motion to approve selling the excess 4 medicaid bed licenses at the Ferron Care Center. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

RATIFICATION OF A LIBRARY GRANT THAT WAS SUBMITTED BY CAROLE LARSEN, ORANGEVILLE LIBRARY.

Library Director, Carole Larsen discussed a library grant application. The grant will provide kindles for the libraries for circulation. They have partnered with Emery TelCom to provide covers for the kindles. They have a strict kindle loan policy and so far have not had any problems. The policy is in place to provide for a way to recover the cost to replace the kindle should it be damaged or lost. Commissioner Paul Cowley made a motion to ratify the signing of a library grant application. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(18)

DISCUSSION AND APPROVAL OF FEE WAIVER OF MUSEUM FOR FUND RAISER FOR AVERY WARD.

Meagan Wilberg requested approval for a fee waiver for the use of the Museum for a fundraiser for Avery Ward. The fundraiser will be for a dinner on July 16<sup>th</sup>. and a silent auction. All proceeds will be going to the family so they would like the fee waived. Commissioner Ethan Migliori asked if you would be willing to do this for someone else who comes for the same type of community assistance? We would be setting a precedence if we do this. We don't have any past history to base this practice on. There will be staff members attending this event but maybe

COMMISSION MEETING MINUTES  
JUNE 21, 2016

not the next. Meagan said she would be willing to be the staff member who will be there for others who make this same request. Mary Huntington commented that this would be cleaner if there was a policy/ procedure for this type of fee waiver so you would treat everyone the same. Commissioner Migliori commented that could be delegated back to the Museum staff to bring forward a policy/procedure to be approved. For now we will table this and have the museum staff bring in a procedure or resolution draft to the commission to consider for the next meeting. We will have one more meeting if we go that direction but for today just so you can move forward we will say we are willing to go that direction. Commissioner Ethan Migliori made a motion to table. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

DISCUSSION OF GREEN RIVER SENIOR CENTER. TWO BIDS FOR CRACK FILLING & STRIPING PARKING LOT.

The funds for this project are coming through the AOG. We received two bids for this crack sealing and striping project.

- 1) Nelco, Inc. \$5,826.00
- 2) Superior Striping, Inc. \$4,410.91

Commissioner Paul Cowley made a motion to accept the low bid from Superior Striping, Inc. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner Cowley will contact Debbie Dahl at the AOG to inform her of the Commission's decision so they can proceed with the project.

(20)

DISCUSSION AND APPROVAL ALLOWING TRAVEL BUREAU PERSONNEL TO TAKE COUNTY OWNED VEHICLES HOME OVERNIGHT.

Jordan Leonard, Travel Bureau asked for approval to allow Tina to keep the county owned vehicle overnight to avoid traveling back to the parking lot to park after a meeting out of the county. The Commissioners discussed the same stipulation for the Travel Bureau that they have allowed for Weed/Mosquito and IT. The Department Head will be responsible for allowing the vehicle to remain at the employees home as he/she deems necessary. Commissioner Ethan Migliori made a motion to approve allowing the Travel Bureau personnel to take the county owned vehicle home overnight. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(21)

DISCUSSION AND APPROVAL TO ACCEPT AND CONTRACT WITH CREATIVE FIRM FOR MARKETING TOURISM IN EMERY COUNTY.

COMMISSION MEETING MINUTES  
JUNE 21, 2016

Tina informed the Commissioners that the Travel Board has looked over the proposals for a creative firm for marketing tourism in Emery County. They have narrowed it down to two firms. It was basically a tie. She asked that the Commission table this for now to allow time to interview these two firms to see which is a better fit for Emery County in the direction that they need to move forward with. The two firms that they have narrowed it down to are HUB and HAPI. Commissioner Migliori commented that he had a chance to review the proposals and agreed that they were all good companies and agreed that we need to look at the one that understands the dynamics of Emery County. Motion to table was made by Commissioner Paul Cowley, seconded by Commissioner Ethan Migliori and the motion passed.

(22)

DISCUSSION AND APPROVAL ALLOWING TRAVEL BUREAU TO OFFER FOUR (4) SCHOLARSHIP (\$175.00 VALUE EACH) TO EMERY COUNTY LODGING AND RESTAURANT OWNER/MANAGERS.

Tina explained that this something that they have done for a couple of years. Utah Office of Tourism holds a tourism conference each year where they have wonderful speakers that focus on tourism to give them that little bit of education that they may be missing. This is something that the Travel Bureau has budgeted for. The Travel Bureau will pay the registration fee which is \$175.00 and they pay their own way. They have four spots for this scholarship. The Tourism conference is in Heber City this year and they hope owners/managers will take advantage of this offer. Commissioner Ethan Migliori made a motion to approve offering the 4, \$175.00 scholarships to Emery County Lodging and Restaurant owners/managers to attend a Tourism Conference. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(23)

DISCUSSION AND APPROVAL ALLOWING TRAVEL BUREAU TO APPLY FOR FUNDING THROUGH THE UTAH OFFICE OF TOURISM CO-OP AND OPT-IN PROGRAMS USING THEIR BUDGETED GRANT SUPPORT FUNDS AS THEIR MATCH.

Tina explained that the Travel Bureau plans to apply for seven grants this year. They will be used for their marketing campaign and things that they are currently doing, but if approved will help cut the amount we pay in half.. They have \$145,000.00 budgeted for these 50/50 grant matches. One of the big grant we will be going for is the Utah.com campaign. A lot of the business properties have bought into that. Commissioner Migliori commented that he thinks that it is smart for the county to leverage their resources to get grant money for advertisement. Use your best discretion. A reminder to be smart with the advertising because not all advertising is good advertising. Find advertising that generates a return on our investment. Commissioner

COMMISSION MEETING MINUTES  
JUNE 21, 2016

Ethan Migliori made a motion to approve allowing the travel Bureau to apply for funding through the Utah Office of Tourism Co-Op and Opt-In Programs using their budgeted grant support funds as their match. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(24)

DISCUSSION AD APPROVAL OF CO-OP WITH UTAH STATE PARKS TO PRODUCE AND BROADCAST WITH CHADWICK BOOTH & CO. A 3-4 MINUTE FEATURE PROMOTION HIGHLIGHTING THREE TRAILS IN EMERY COUNTY.

Tina discussed the Co-Op with Utah State Parks to produce and broadcast with Chadwick Booth & Booth & Co. a 3-4 minute feature promotion highlighting three trails in Emery County. The three trails suggested for the features are Devils Race Track/ Eva Conover which will connect Ferron City and Millsite State Park and Golf Course, Tusher Canyon Trail which will connect with Green River city and Green River State Park, and Hole OHV Trail which will connect to Goblin Valley State Park.. Our match will be \$3,900.00 for the three trails and the state will pay \$12,000.00. Commissioner Brady suggested asking if the trails can be broken down to a minute and a half segments to separate them. Jordon Leonard added that this is a great deal and opportunity to move visitors into the communities to spend money. Commissioner Paul Cowley made a motion to approve of Co-Op with Utah State Parks to produce and broadcast with Chadwick Booth & Co. a 3-4 minute feature promotion highlighting three trails in Emery County. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(25)

DISCUSSION AND APPROVAL OF LETTER WITH SITLA REGARDING LAND NEAR GREEN RIVER.

Commissioner Brady discussed a letter regarding the land and the people who want to purchase the land. This is regarding the Mancos Hill property in Green River. Commissioner Ethan Migliori made a motion to approve the letter. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(26)

DISCUSSION AND APPROVAL TO MOVE SITLA PARCELS AROUND MUNICIPALITIES.

This gives the cities more leverage to build and expand. This is just to make sure all the Commissioners are on the same page and in agreement to approve of moving parcels around municipalities. They Commissioners were in agreement with this practice. they hope to be able to move this forward with the Public Lands Initiative. Commissioner Paul Cowley made a motion to approve to move SITLA parcels around municipalities. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(27)  
COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Funk reported that they are preparing for a busy summer. Parades are a lot of work and the Heritage Day Parade is coming up.

Commissioner Migliori extended a special thanks to all those who helped with the Emery County Fair and a special thanks to the Rec Staff and Board members.

Commissioner Brady reported on the recent Rocket Competition in Green River City. This year they had over 600 participants and expect it grow with each year.

Commissioner Cowley reported on the success of the Miner's Memorial. The Memorial Committee presented the Commissioners with a miner's light replica as a thank you for the county's support. He highlighted a book put together by Lori Ann Larsen naming all the miners in Emery County. The book is available at the Museum and Libraries. All proceeds from the sale of the book goes back into the miners' memorial fund. He added that over half of those named in the book he knows of or knows their family.

(2)

KAREN DOLEN, FCCBH, CONSIDERATION AND APPROVAL OF FOUR CORNERS COMMUNITY BEHAVIORAL HEALTH, INC. FY 2016 AREA PLAN.

Karen Dolen, FCCBH came before the Board of Commissioners to present their area plan for Emery County. In order to receive federal and state funding they need approval and signatures from the Commissioners as the Governing Board for FCCBH. Commissioner Keith Brady sits on this board and indicated that the Health Board has approved this plan. Commissioner Ethan Migliori made a motion to approve of FCCBH FY 2016 Area Plan for Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

DISCUSSION FOR THE COUNTY TO TAKE OVER THE ARAPEEN TRAIL JAMBOREE.

Mark H. Williams came before the Board of Commissioners to discuss the future of the Arapeen Trail Jamboree. Mr. Williams explained that due to his age he is not able to continue to coordinate the jamboree and asked that the Commissioners consider turning it over to the Travel Bureau under the Event Coordinator's direction for next year. For this year's jamboree they already have 14 participants signed up and the volunteers are all lined up. The Hub will be in

COMMISSION MEETING MINUTES  
JULY 5, 2016

Castle Dale this year. He further explained that he has been coordinating the jamboree for the last 14 years. In the beginning they advertised heavily in magazines like 'Dirt Wheels' which generated big interest in the event. For a couple of years they had about 70 participants. Participation dropped when they discontinued advertising. The biggest drawback has been the lack of infrastructure in the county. He indicated that his wife has had to cook the breakfast and subsequent meals. This event could be an economic benefit to the county. Emery County is an ATV friendly county and everyone is excited to show off our area to visitors. Mark indicated that he approached Tina and the Travel Bureau to ask that they consider taking the event over. Tina discussed the fees paid by the participant, what the fee covers and what the Travel Bureau proposed for the event. Mark explained that the participant gets five days of guided trail rides with continental breakfast and t-shirt. There is one meal included on the last night. Any other meals they may request will be catered and the caterer will be paid for that meal. The cost is \$30.00 a day. (\$120.00 for the five days) In order to be on the trails they need insurance and in the past the insurance for the event was carried through the Rec District. Commissioner Migliori suggested coordinating with the Rec. District and find the right fit for the advertising and other parts that may need to be worked out. He indicated that with the right partnership we should be able to make this happen. They will continue to work through the process.

(4)

DISCUSSION AND APPROVAL OF AGREEMENT TO FORM AN EMS INTERLOCAL AGENCY.

Commissioner Brady commented that in talking with the county attorney the paperwork is not quite ready yet. This item will be brought back at another meeting.

(5)

APPROVAL TO ADVERTISE THE OPEN BOARD OF DIRECTOR'S SEAT FOR THE EMERY COUNTY TRAVEL BUREAU. THIS DIRECTOR WILL REPRESENT THE WESTERN HALF OF EMERY COUNT AND MUST BE A LODGING OR RESTAURANT PROPERTY OWNER OR MANAGER TO QUALIFY.

Commissioner Brady indicated that they have one member, Jim Fauver of the Travel Board resign. Mr. Fauver indicated that he was not contributing enough to the board and asked to be replace. Commissioner Ethan Migliori made a motion to advertise for a board seat on the Emery County Travel Bureau. The motion was seconded by Commissioner Paul Cowley. The motion passed.

COMMISSION MEETING MINUTES  
JULY 5, 2016

(6)

RATIFICATION OF COMMENT LETTER TO BLM REGARDING THE MASTER LEASING PLAN SCOPING IN THE SAN RAFAEL DESERT FOR OIL AND GAS.

Commissioner Brady indicated that the comment letter had to be in last Friday. He indicated that BLM gave the county short notice. Commissioner Paul Cowley made a motion to ratify the signing of a comment letter to BLM regarding the Master Leasing Plan Scoping in the San Rafael Desert for oil and gas. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

DISCUSSION AND APPROVAL TO ADVERTISE FOR THE POSITION OF THE DIRECTOR OF THE SENIOR CITIZEN CENTERS IN EMERY COUNTY.

Commission Cowley explained that the county is looking to pull away somewhat from the AOG. The County would like to have their own director over the Senior Citizen centers. This director would coordinate and oversee the functions of the centers such as building use and maintenance. The AOG will still maintain responsibility for overseeing the programs. Commissioner Ethan Migliori made a motion to approve advertising for the position of the Director of the Senior Citizen Centers in Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

RATIFICATION OF FIVE JOINT PERMIT APPLICATIONS-US ARMY OF CORPS OF ENGINEERS-FOR SECTIONS 404 AND 10-UTAH STATE ENGINEER'S OFFICE -FOR NATURAL STREAM CHANNELS, FOR THE COTTONWOOD CREEK PROJECT UNDER THE NRCS EMERGENCY WATERSHED PROTECTION PROGRAM. PROJECT SITES INCLUDE WATER TREATMENT PLANT, XTO FACILITY, BARKER RESIDENCE, ORANGEVILLE CITY AND CASTLE DALE CITY.

Commissioner Brady explained that the permit applications are for stream alteration permits to move forward with the project. This is emergency funding so the project is on the fast track and we need to move quickly. Commissioner Ethan Migliori made a motion to ratify approval of five joint permit applications for US Army Corps of Engineers for Sections 404 and 10 of Utah State Engineer's Office for natural stream channels for the Cottonwood Creek Project under the NRCS Emergency Watershed Protection Program. The motion was seconded by Commissioner Paul Cowley. The motion passed.

COMMISSION MEETING MINUTES  
JULY 5, 2016

(9)

DISCUSSION AND APPROVAL TO ACCEPT AND CONTRACT WITH CREATIVE FIRM FOR MARKETING TOURISM IN EMERY COUNTY.

Tina Carter, Emery County Travel Bureau explained that the travel board recommended contracting with the creative firm “HUB” for marketing tourism in Emery County. She explained that they have \$90,000.00 in the budget which \$45,000.00 of will be used to leverage for additional funds. Commissioner Brady added that there were 13 creative firms who put in proposals. The board felt that the firm “HUB” was a better fit for what the county is looking to target in the market. Commissioner Paul Cowley made a motion to approve and accept a contract with the creative firm “HUB” for marketing tourism in Emery County. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(10)

DISCUSSION AND APPROVAL FOR CASTLE COUNTRY ROBOTICS TO USE THE FORMER WEED AND MOSQUITO BUILDING IN CASTLE DALE.

In the last Commission Meeting the Commissioners was asked by Castle Country Robotics Director Rob Murray to use the old Weed/Mosquito building in Castle Dale. At that time there was concern that the building may still have unknown chemicals in the building and that the building is safe and accessible for the students. Captain Ekker indicated that the Hazmat Team had removed any unknown chemicals from the building. Commissioner Cowley commented that he felt the program was great and was happy about the fact that the high school is coming on board with the program. It would be great to have a place where they can work on their projects and not have to put things away and pick back up the next day. Commissioner Migliori commented that he is concerned that we have the right contract in place. If someone breaks into the building and destroys their work there needs to be something in place to cover everyone. Attorney Mike Olsen still had some questions about unknowns when it comes to what is expected by everyone at the table. Mike will work on a contract and coordinate with Mr. Murray to come up with a contract that will work for everyone. Commissioner Paul Cowley made a motion to approve the concept of moving forward with Castle Country Robotics to use the former Weed/Mosquito Building in Castle Dale and have Attorney Mike Olsen work with Mr. Murray to draft a contract that will work for all. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Funk reported that their annual Triathlon will be held on July 16<sup>th</sup>. There will be a fund raiser dinner for Search and Rescue the 15<sup>th</sup>.

Commissioner Ethan Migliori commented that he wanted to curb the talk around the county that the economy is stagnant. There are still a lot of good things happening, economically, in the county. He talked about discussions with Utah Office of Procurement and Technical Assistance to get a local representative in our area to aide in getting government contracting for businesses in the county.

There are some openings in Assisted Housing. If you know of anyone in our area that is struggling please send them to the Housing Authority Office where they can receive assistance.

Commissioner Brady talked about going up Woodward Road which has been closed off since the Seely Fire. The Forest Service wanted to keep the road closed mostly because of the fire, but now a culvert has been washed out making the road impassable. Representatives from Carbon County, Emery County and Forest Service met there where discussions revolved around getting the culvert fixed, getting the road open and then getting the FS to go through a scoping session to see how the public wants the road to be. Apparently the FS has had some comments regarding keeping the road closed, mostly from non-motorized users. However, motorized users want it open. Right now we just want them to open it up to its current use and proceed with the scoping session to see how it could be used in the future.

Commissioner Cowley commented that he is one of the non-motorized users who wants the road

COMMISSION MEETING MINUTES  
JULY 5, 2016

to remained closed. He recognized that there will be a scoping meeting and he will be giving his comments at that meeting. He commented that it was a natural disaster that wiped out that road. He stated that there is ample access available to the ATV users and very little access available for equestrian and hiking use. He stated that in his opinion, where it has been closed for this long, it should be left as non-motorized use.

PRESENTATION BY LORI NAY FOR RURAL UTAH ALLIANCE FOUNDATION.

Lori Nay, Rural Utah Alliance Foundation presented information regarding Rural Utah Alliance Foundation. Founded by Mark Whitney from Beaver County the foundation is comprised of rural county commissioners with a goal to represent rural counties in areas specific to rural communities and counties. Their goal is to provide a consulting hot line, resource information that is up to date with relevant issues, lobbying the legislature on behalf of rural counties and drafting legislation that is relevant to rural counties and its residents, and being a unified voice, sharing information and opportunities by networking with other rural counties and leaders. The annual fee to be a member county in the alliance is \$5,000.00. The foundation is funded this first year with \$250,000.00 by the 2016 Utah Legislature and is supported by Utah Association of Counties. They have eight counties participating so far. Kanab, Iron, Washington, San Juan, Garfield, Piute, and Wayne. The legislature will continue to fund as long as it finds value in the alliance. The alliance is a non-profit, 501C association. Ms. Nay indicated that this first year the membership fee will be \$2,500.00 and ask for one Commissioner from each participating county. Ray Petersen asked how the top two board members are chosen. Ms. Nay explained that they are still in the organizing stage and once the structure is in place they will draft the by-laws and organize the board. Commissioner Keith Brady asked for time to talk it over and possibly put it on the next agenda.

ALAN DURRANT, PRESENTATION, DISCUSSION AND APPROVAL, REGARDING  
EAGLE SCOUT PROJECT AT LITTLE BEAR CAMPGROUND.

Alan Durrant proposed an Eagle Scout Project for Little Bear Campground. He explained that there is a historical marker identifying the original trail used in 1932 by cattlemen in Huntington to get cows up on Gentry. The trail was made by drilling holes up the canyon. It was used during the depression and drought years and is named the Hole Trail. The marker is in a dilapidated state and unidentifiable due to overgrowth and age. Alan proposed replacing the sign with a steel sign or an etched sign to make it more permanent. He would also give credit to the previous scout who put up the original sign. Commissioner Cowley added that the sign would need to indicate the direction of the trail( which is directly across the road from the entrance of Little Bear Campground). Commissioner Cowley asked his plans for funding of the project. Alan indicated that he does not have funds for the project but asked if the county could donate materials or fund the cost of the materials. He indicated that he is looking for an aluminum base that will not rust. Other supplies that he will need include: cement, powder coating, 2x4 beam, framing materials, and a post to reposition the sign. Commissioner Brady suggested contacting UDOT to find out the type of decals they use. He asked how soon he was looking to start the project. Alan explained that he has three months to complete the project but hopes to have it completed before school begins. His scout troop and the Young Men's Quorum will be helping with the project. Commissioner Migliori suggested donating \$250.00 to the project rather than trying to furnish the supplies. He recommended that Allen get with Jeff Guymon to get a good placement for the sign. Commissioner Ethan Migliori made a motion to donate \$250.00 to an Eagle Scout Project/Alan Durrant at Little Bear Campground to use as he needs for the project and provide invoices to the Commission. The motion was seconded by Commissioner Paul Cowley. The motion passed.

DISCUSSION AND APPROVAL OF ADDING TO THE BALLOT THIS NOVEMBER THE  
.25% SALES OPTION TAX AS ALLOWED BY HB 364.

Commissioner Brady discussed adding to the ballot this November the .25% sales option tax as allowed by HB 364. Huntington, Orangeville, Castle Dale and Green River City have all passed resolutions to request the tax option. The tax will aid in roads and will be taxed on retail sales. Legislation says the money comes into the county but the county cannot implement the option tax. The cities will have to champion the effort for the option tax. Brenda Tuttle reminded the Commission that the county has to remain neutral on the issue. 50% comes to the county and 50% will be divided by the cities. The League of Cities and Towns is in support of the option tax. If passed by the citizens in the November election the option tax will be implemented in 2017. Commissioner Paul Cowley made a motion to approve adding to the ballot this November the .25% sales option tax as allowed by HB 364. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

DISCUSSION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING BETWEEN EMERY COUNTY AND COTTONWOOD CREEK IRRIGATION COMPANY AND EMERY WATER CONSERVANCY DISTRICT FOR PROVIDING CASH CONTRIBUTIONS TO THE EMERY COUNTY EWP FLOOD PROJECT ALONG COTTONWOOD CREEK.

Commissioner Brady explained that the purpose of the MOU is to formalize an understanding of cooperation and assistance between parties ( Emery County, Cottonwood Creek Irrigation Company, and Emery Water Conservancy District) in providing cash contributions to the Emery County Flood Project also known as the Cottonwood Restoration Project. Each party agrees to contribute \$150,000.00 in cash contributions. The funds will be deposited in the account set up specifically for this project and will be withdrawn as needed throughout the project to keep the bills paid. It is anticipated that further funds may be needed to complete the project. The parties will contribute in equal amounts, up to \$50,000.00 in cash contribution. Upon completion of the project, if any funds remain in the account, they will be divided evenly between the parties. It is contemplated that the completion of this project will require an additional \$600,000.00 in materials and labor. An additional MOU will be drafted after final plans have been approved. Commissioner Ethan Migliori made a motion to approve an MOU between Emery County and Cottonwood Creek Irrigation Company and Emery Water Conservancy District for providing cash contributions to the Emery County Flood Project along Cottonwood Creek. RATIFICATION OF COMMENTS MADE ON BEHALF OF THE COMMISSION FOR CONGRESSMAN CHAFFETZ IN SUPPORT OF THE PLI BILL THAT WAS INTRODUCED TO CONGRESS THURSDAY, JULY 14, 2016.

Commissioner Brady read comments made on behalf of the Commissioner for Congressman Chaffetz in support of the PLI bill that was introduced to congress Thursday, July 14, 2016. It read: Emery County has been involved in a collaborative public land management process since 2008, involving many stakeholders. When we were asked to be a part of the Public Lands Initiative, we were pleased that other counties were going to engage in similar public lands collaboration, and that we could be part of a process that would address management issues on a regional basis.

We appreciate the effort that has been made by you and Congressman Bishop to engage stakeholders in each of the counties, and address all the many issues regarding public land management. We feel your process has been fair and inclusive. We are pleased to see draft legislation made available for further process and discussion. We look forward to continued discussion of the draft legislation as it makes its way through Congress.

The Emery County Commission supports the Public Lands Initiative, and will work to ensure its success.

Commissioner Ethan Migliori made a motion to ratify approval of comments made on behalf of the Commission for Congressman Chaffetz in support of the PLI Bill that was introduced to Congress Thursday, July 14, 2016. The motion was seconded by Commissioner Paul Cowley. The motion passed.

RATIFICATION OF COMMENTS MADE ON BEHALF OF THE COMMISSION AT THE COMMUNITY MEETING HELD IN BLUFF, UT WITH DOI SECRETARY JEWELL AND BLM DIRECTOR KORNZE REGARDING THE PLI.

Commissioner Brady read comments made on behalf of the Commission at the community meeting held in Bluff, Ut with DOI Secretary Jewell and BLM Director Kornze regarding the PLI.

It read: Emery County is supportive of the Public Lands Initiative. We chose to participate in this effort when Congressman Bishop made the invitation four years ago. We are committed to all stakeholders, especially those who are active resource users, regularly benefitting from the natural resources available on our public lands.

Emery County was fortunate to host Secretary Jewell and Director Kornze a couple of days ago and share with them the results of eight years of planning, collaboration and decision making regarding the federal land in our county. We were afforded the opportunity to explain the exhaustive process we undertook. We believe the collaborative process we used resulted in land management decisions that are best for the land, the resources, and the resource users. Some of the decisions include: over a million acres of conservation designation, one hundred miles of Wild and Scenic River designation, boundary realignment have helped eliminate management problems for the Price Field Office. Cooperative management in and around Goblin Valley State Park will help us implement management strategies that will better preserve resources there.

Besides the conservation measures that sometimes steal the spotlight in the PLI, the proposed legislation will also assure regulatory certainty for recreationists, livestock permittees, energy developers and others. Proposed land exchange of federal and SITLA properties will benefit school children, the state of Utah, Emery County and the federal government. Disposal of "island properties" on BLM land will benefit private property owners and eliminate another management with and for BLM.

The specific management details with PLI are only possible by engaging, accommodating and honoring the specific knowledge that only the resource users can provide. Management theory, guidelines, GIS and computer modeling are helpful tools, but unless there is good, basic, grass roots, time tested information made available to plug into these tools, the results are questionable; "garbage in-garbage out".

As Congressman Bishop stated at the onset of this process, we need to approach land management from a different angle if we want to avoid the capricious, polarizing, politicizing processes that has previously been the norm. The PLI process is the different angle; locally

COMMISSION MEETING MINUTES  
JULY 19, 2016

driven, all inclusive, down to earth collaboration.

Please stop listening to the cacophony and give the PLI the attention it deserves.

Commissioner Ethan Migliori made a motion to ratify approval of comments made on behalf of the Commission at the community meeting held in Bluff, UT with DOI Secretary Jewell and BLM Director Kornze regarding the PLI. The motion was seconded by Commissioner Paul Cowley. The motion passed.

PRESENTATION BY WAYNE URIE IN REFERENCE TO HUNTINGTON CREEK WATERSHED PLAN ADDED TO EMERY COUNTY MASTER PLAN.

Wayne Urie, Natural Resources Conservation District, Watershed Coordinator presented information to the Commissioners regarding the Huntington Creek Watershed Plan. The plan took over 14 months to put together with efforts from all the agencies involved. It is a useful plan that everyone can use. Local landowners provided project suggestions and requests. The plan has been submitted to the EPA. With this plan in place the agency can apply with EPA for 319 funds to complete projects. The San Rafael Conservation Special Service District recommends approval of the plan. Ray Petersen commented that the Planning Commission is currently in the process of making recommendations to the County Commission for changes to the General Plan and suggested that the plan should go before the Planning Commission first to be included in the General Plan with other recommendations from the board. Commissioner Brady suggested that Wayne get with Jeff Guymon to get on the Planning Commission agenda.

would like to pay for the breakfast for the veterans' and their wives which she anticipates costing approximately \$700.00. She received a donation of \$800.00 from the Department of Veterans' Affairs and other donations from businesses. They are hoping to get the Governor here. They anticipate 60-75 veterans. There have been celebrations like this in three other locations in the state but not in eastern Utah. They expect veterans from San Juan, Carbon, Sanpete, Sevier, even Heber City. She indicated she may not need all \$200.00 but just wants to make sure she has enough to pay for the veterans' breakfasts. Commissioner Paul Cowley made a motion to approve up to \$200.00 for the Vietnam Veterans' Appreciation Day on September 10, 2016. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

DISCUSSION AND APPROVAL OF EMERY COUNTY TRAVEL BUREAU MAIN STREET INCENTIVE PROGRAM APPLICATION FOR GORDON'S GARDEN CAFÉ.

Jordan Leonard, Economic Development, explained that the Emery County Travel Bureau Main Street Incentive Program is for improvements to businesses looking to upgrade the curb appeal of their business, such as signage and business front upgrades on a case by case basis. To qualify the applicant must be restaurant or hotel owners who contribute back to the county by way of the Transient Room Tax which comes back to the county to replenish the fund. The Incentive Program is a 50% match up to \$5,000.00. Gordon's Garden Café has applied for \$5,000.00 to make improvements to their café, add a small shed-like building for outside concessions and expand the greenhouse. Commissioner Migliori asked if there is any opposition from any members of the Travel Board? Jordan indicated that there was no opposition. If approved Gordon's would receive \$2,500.00 up front and \$2,500.00 upon submitting receipts and completion of the project to make sure the matching funds meet our requirements.

Commissioner Ethan Migliori made a motion to approve Gordon's Garden Café for the Emery County Travel Bureau Main Street Incentive Program for \$2,500.00 up front and \$2,500.00 upon submitting receipts and completion of the project. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

DISCUSSION AND APPROVAL OF JOE'S VALLEY CLIMBING CONSERVATION INITIATIVE SUSTAINABLE RECREATION DEVELOPMENT AND MAINTENANCE-PARTNERSHIP BETWEEN EMERY COUNTY AND ACCESS FUND.

Tina Carter explained that the Joe's Valley Climbing Conservation Initiative Sustainable Recreation Development and Maintenance is a group organized for the sustain ability of Joe's Valley Climbing and it's recreation needs. This agreement is for this group to maintain trails in the bouldering area of Joe's Valley through the Trails Committee. Their point of contact will be Tina who will work through the Trails Committee, Jordan Leonard and Ray Petersen. There are a few bullets that she explained. They asked that they assist in advertising and communicating future needs, help with advertising events so that they get more participation, if we see any future opportunities that we inform them so that they can take advantage of them, that if there is a project that they are doing that the County would consider sending a letter of support for those as well, if there is any future projects that we could see down the road that would have funding available that the county could not go after themselves, that the group would be willing to jump through the hoops and create application for the funds. They asked that the County put the word out that they are doing this help not only the climbers but the community as well.

Commissioner Brady added that he has had several conversations with Access Fund, Tyler Tyson. They have expressed a love for the Joe's Valley area and willingness to go after funds to help maintain the trails to the boulders. Commissioner Paul Cowley made a motion to approve

COMMISSION MEETING MINUTES

of Joe's Valley Climbing Conservation Initiative Sustainable Recreation Development and Maintenance Partnership between Emery County and Access Fund. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(8)

DISCUSSION AND APPROVAL OF LETTER OF SUPPORT FOR ACCESS FUND-JOE'S VALLEY CLIMBING CONSERVATION INITIATIVE FOR THE UTAH OUTDOOR RECREATION INFRASTRUCTURE GRANT PROGRAM.

Tina explained that the group met with the Trails Committee and informed the Committee that they are going after funds through the Utah Office of Outdoor Recreation a grant fund. In the grant application a requirement is letters of support. They have asked Emery County for a letter of support. It is a project that the Trails Committee looked at and considered to be a worthy project for the county. This something that the Trails Committee has recommended to the Commissioners. Commissioner Ethan Migliori made a motion to approve a letter of support for Access Fund-Joe's Valley Climbing Conservation Initiative for the Utah outdoor Recreation Infrastructure Grant Program. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSSION AND APPROVAL OF TRAIL'S COMMITTEE GRANT FOR ACCESS FUND-JOE'S VALLEY CLIMBING CONSERVATION INITIATIVE TO USE AS PART OF THEIR MATCH TOWARDS MAKING DIRECT RECREATION ENHANCEMENTS TO THE CLIMBING RESOURCES THROUGHOUT JOE'S VALLEY.

Tina explained that Tyler Tyson-Access Fund has asked the Emery County Trails Committee for \$5,000.00 to use towards the match for the grant that they are going after through the state. The Committee has looked this request over and after an interview by the staff a recommendation was made to approve that request and forwarded the request on to the Commissioners. Commissioner Paul Cowley asked where the \$5,000.00 would come from? Tina stated that it will come from the restaurant tax. Half of the restaurant tax goes to the Trails Committee for trail improvement and development. Commissioner Migliori asked why the Trails Committee is going against their application cap of \$2,500? If you do this you will be setting a precedent. Tina explained that they did this last year. There was another a big project that came to the Committee. The Trails Committee felt that with the size of the project that they needed the extra funds to push the project forward. So the Trails Committee felt that this project needed the extra funds for the project. With this project they have support from the Forest Service and the BLM. Their EA is in place and the NEPA is nearly completed. For a project to have this much support from our outside agencies, the Trails Committee felt it just made sense to move forward with it. Commissioner Ethan Migliori recommended staying with the \$2,500.00 until the Trails Committee can adjust their policy to be up to \$5,000.00. If this is the practice that you are going

COMMISSION MEETING MINUTES  
AUGUST 2, 2016

to do and the projects are getting bigger then you need to adjust you policy to allow for that. Commissioner Ethan Migliori made a motion to approve the application for \$2,500.00 and recommend that the Trails Committee adjust their policy to allow for bigger projects. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSSION OF THE LETTER OF INTENT COMPOSED BY THE EMERY COUNTY WEED AND MOSQUITO DEPARTMENT TO ALL CONCERNED PARTIES THAT THEY INTEND TO DISCHARGE PESTICIDES OVER OR NEAR MAJOR WATER BODIES AND AREAS THAT WILL NEED ATTENTION OVER THE NEXT FIVE YEARS.

Cory Worwood, Weed/Mosquito Department came before the Board of Commissioners to discuss a Letter of Intent to discharge pesticides over or near major water bodies for the purpose of controlling mosquitoes and noxious and invasive weeds. He explained that in 2011 the EPA required pesticides around bodies of water. The amount of pesticide is determined by how much water is treated. Utah decided to go with the minimum amount of pesticide. The Utah Legislature funded the fees for this treatment for the first two years. Emery County Weed/Mosquito has paid the fee which has been approximately \$500.00 a year. This application is a renewal with the EPA for the next five years. Commissioner Paul Cowley made a motion to approve of the Letter of Intent composed by the Emery County Weed/Mosquito Department to all concerned parties that they intend to discharge pesticides over or near major water bodies and areas that will need attention over the next five years. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(2)

PUBLIC COMMENT (LIMIT 3 MINUTES PER PERSON).

EMS Personnel Amy Walmarth an EMS Instructor and Training Officer from Green River, in generally speaking for the Green River EMS Personnel, stated that they would like to have been involved in the planning process for the recently approved EMS Program before decisions are made. She asked if there will be more discussions or is everything set and you are moving forward with plans? She stated that they are all for anything that will make the situation better. However, we are questioning how a non compensated board can administer an EMS Service.

Attorney Mike Olsen explained that the newly approved agency is moving forward. It is a done deal. The Affordable Health Care Act has prompted us to move into forming an agency. Who is going to sit on the board and how the agency will be formulated is still being discussed. There are approved documents in place that will outline how to start the agency. The board will make the decisions with respect to how the agency will function and administer funds (pay bills, payroll, etc).

Amy discussed the fact that before the breakdown of the EMS there was one person who was well compensated to administer the EMS program. Now you say the program will be administered by a non compensated board. She added she didn't feel that should be a volunteer position.

Mike Olsen explained that there will be five garages and each garage will have a lead or manager that, he suspects will be a paid, part time position.

Commissioner Keith Brady indicated that he would discuss this more with her after the meeting.

COMMISSION MEETING MINUTES  
AUGUST 23,2016

Shalise Hughes representing the Green River Medical Center commented that the Center is facing loss of 70% of grant funding. She provided the Commissioners with a packet of information and request for a letter of support.

Commissioner Ethan Migliori made a motion to leave the regular Commission Meeting and move into a Public Hearing regarding Emery County's General Plan and at the conclusion of the Public Hearing to return to the regular meeting. The motion was seconded by Commissioner Keith Brady. The motion passed.

(3)

PUBLIC HEARING: EMERY COUNTY GENERAL PLAN.

Jeff Guymon, Planning and Zoning Director discussed that the purpose of the public hearing is to address 16 general points in the county's general plan that the legislature has asked the counties to address. Emery County had been forward thinking and had already addressed many of these points in the previous general plan. The ones that were missing have been incorporated into the plan according to state law. Before it came to the Commission it has gone before the Public Lands Council and Ray Petersen has been working with Val Payne who is an expert in public lands and who has helped to formulate Emery County's General Plan. The Planning Commission has had their public hearing and input. They have incorporated minor modifications as a result of that public process. Things to note, Mr. Payne wanted to establish our right in the process that if something moves forward on a federal or a state level that we will re-enforce our position in the general plan to more firmly establish our position. We want local representation in whatever bills come up or whatever happens in the future with regards to federal and state lands. It strengthens our position with regards to water. Which he felt is the life blood of Emery County. It has been reviewed by the State of Utah Water Engineers Office and local representative who had input and was a major contributor to the Plan. He indicated he felt that the Plan is a well thought out, well documented Plan. He indicated that going forward the zoning will reflect what is in the General Plan as well.

Ray Petersen commented that this was done in response to State Law, HB323 that required each county to write a resource management plan. We chose not to do that but to amend our General Plan to cover everything the state law required. It strengthens our General Plan. When state and federal planning processes come up that we can comment on we can now use the Plan like we have in the past. This is what Emery County's position on this issue. It is a very good Plan.

Patsy Stoddard asked if North Emery's Watershed Plan was included in this Plan?

Commissioner Brady indicated that North Emery's Watershed Plan will be an addendum to the plan at a later date.

COMMISSION MEETING MINUTES  
AUGUST 23,2016

There were no additional comments or questions. The Commissioners returned to the regular meeting agenda.

(4)

DISCUSSION AND APPROVAL OF EMERY COUNTY GENERAL PLAN.

Commissioner Ethan Migliori made a motion to approve Emery County's General Plan. The motion was seconded by Commissioner Keith Brady. The motion passed.

(5)

DISCUSSION AND APPROVAL OF GRANT APPLICATION TO HELP LOCAL ENTITIES COMPUTERIZE THEIR CEMETERY'S BURIAL RECORDS (NAMES, DATES, ETC.).

Utah Division of State History has offered another grant in the amount of \$2,800.00 with a local match of \$2,800.00 to computerize cemetery information for Scipio Pioneer, Lynndyl, Sigurd, Richfield Pioneer, Oasis, and Sutherland (approximately 1320 burials in Emery, Millard, Sanpete Sevier and Juab Counties). The work will be completed by Emery County Archives personnel.

Commissioner Ethan Migliori made a motion to approve of a Grant Application to help local entities computerize their cemetery's burial records. The motion was seconded by Commissioner Keith Brady. The motion passed.

(6)

DISCUSSION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY AND CARBON COUNTY FOR ROAD MAINTENANCE.

Emery County Attorney Mike Olsen discussed an Interlocal Agreement between Emery County and Carbon County for road maintenance. He indicated that he was approached by Carbon County because they have interest in the Nuck Woodard Road. Apparently this is the only road that accesses the small community of Clear Creek. The other roads are Mohrland Road, Little Horse Canyon Road, West Mounds/Reef Road, Trough Springs Ridge Road and Lower Miller Creek Road. Each county collects fees from State of Utah B & C Road Fund. The Agreement has been presented to and approved by Carbon County Commission and agreed upon to maintain the roads.

Eric Luke commented that at one time the Nuck Woodard Road was closed by the Forest Service because of the Seely Fire. It has been reopened. The Forest Service proposed closing it again.

Commissioner Brady indicated that he attended a field trip to Nuck Woodard with the Forest Service. There was a culvert there that needed to be repaired which they did. If they want to

COMMISSION MEETING MINUTES  
AUGUST 23,2016

close it they will have to go through a scoping process to do that. That will be up to the Forest Service.

Eric asked 'Is Carbon County's intent to maintain that road and keep it open?'

Mike Olsen reported that they are maintaining this road for safety reasons for the Clear Creek community.

Mike asked Eric if he would like to see it closed? Eric indicated that during the closure of the road the wildlife in the area flourished, but at the same time he would not like to see any public road closed. Mike suggested he make comment when the scoping comment period opens up.

Mike indicated that with respect to this agreement we will be able to amend this agreement if the Forest Service does close the road.

Commissioner Ethan Migliori made a motion to approve of an Interlocal Agreement between Emery County and Carbon County for road maintenance. The motion was seconded by Commissioner Keith Brady. The motion passed.

(7)

DISCUSSION AND APPROVAL OF LETTER OF INTENT BETWEEN EMERY CO. AND MATRIX 2, LLC. ON GREEN RIVER PROJECT.

Jordan Leonard reported that he has David Skidmore here today who is a developer. A SITLA Trust Land representative Ryan Torgeson was also present. Mr. Skidmore is wanting to do a project in the Industrial Park in Green River. He is working with SITLA to purchase the land. They are in the middle of negotiations. The letter of intent will assist Mr. Skidmore move further on to his project and get investors. It doesn't tie the County to anything financially. The letter will allow Mr. Skidmore to go after financing. It will provide information to lenders. Mr. Torgeson commented that they are working to get the terms worked out so that the terms match up. He was not aware that the letter of intent was finalized. If it has been finalized he would like to review it. Commissioner Migliori indicated that the original letter of intent has minor changes from the final letter of intent. It deals mostly with easements. It is now a matter of making sure all the parties obligations have been finalized. The business is Matrix 2, LLC which is roughly 250 acres of solar panels to generate power.

Commissioner Ethan Migliori made a motion to move forward with approval of a letter of intent between Emery County and Matrix 2, LLC giving Mr. Torgeson, SITLA a day or two to review it incase he should have any concern, if SITLA is good with everything then move forward. The motion was seconded by Commissioner Keith Brady. The motion passed.

7

COMMISSION MEETING MINUTES  
AUGUST 23,2016

(8)

DISCUSSION AND APPROVAL OF APPLICATION FOR BUREAU OF LAND  
MANAGEMENT (BLM) RIGHT-OF-WAY GRANT (ROW) FOR COUNTY ROAD #401.

Commissioner Keith Brady made a motion to approve application for BLM ROW Grant for County Road #401. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(9)

DISCUSSION AND APPROVAL OF APPLICATION FOR BLM RIGHT-OF-WAY  
RENEWAL FOR COUNTY ROAD #211.

Commissioner Ethan Migliori made a motion to approve of application for BLM ROW renewal for County Road #211. The motion was seconded by Commissioner Keith Brady. The motion passed.

(10)

RATIFICATION OF LETTER OF SUPPORT TO THE AMERICAN ALPINE CLUB. A  
THREE WAY PARTNERSHIP BETWEEN BLM, EMERY COUNTY, USFS TO ENDORSE  
THE SALT LAKE CLIMBERS ALLIANCE FOR A GRANT TO FUND THE SEASONAL  
LATRINES IN THE JOE'S VALLEY BOULDERING AREA FOR 2017.

Commissioner Keith Brady explained that the letter of support did not get sent in time. We can still do it and they will have it for future use. Commissioner Ethan Migliori made a motion to approve of a letter of support to the American Alpine Club, a three way partnership between BLM, Emery County, USFS to endorse the Salt Lake Climbers Alliance for a grant to fund the seasonal latrines in the Joe's Valley bouldering area for 2017. The motion was seconded by Commissioner Keith Brady. The motion passed.

(11)

DISCUSSION AND APPROVAL OF THE RECOVERY AGREEMENT BETWEEN EMERY  
COUNTY HOUSING AUTHORITY AND THE US DEPT. OF HOUSING AND URBAN  
DEVELOPMENT AND EMERY COUNTY COMMISSIONERS.

Commissioner Migliori explained EC Housing Authority has been through the process of changing their management. This is the recovery agreement that says that the County has no problem with the process. The Housing Board has approved it. There is no financial obligation for the County. Commissioner Ethan Migliori made a motion to approve of the Recovery

COMMISSION MEETING MINUTES  
AUGUST 23,2016

Agreement between Emery County Housing Authority and the US Dept. of Housing and Urban Development and Emery County Commissioners. The motion was seconded by Commissioner Keith Brady. The motion passed.

(12)

DISCUSSION AND APPROVAL OF WAGE INCREASE FOR TATE MANZANARES OF THE EMERY COUNTY ROAD MAINTENANCE SHOP.

Commissioner Ethan Migliori made a motion to approve a wage increase for Tate Manzanares of the Emery County Road Maintenance Shop. The motion was seconded by Commissioner Keith Brady. The motion passed.

(13)

DISCUSSION AND APPROVAL TO RELEASE A RFP SEEKING PROFESSIONAL ASSISTANCE AND TO SEE IF IT IS ADVANTAGEOUS TO SELL THE EMERY COUNTY CARE CENTER.

Commissioner Migliori explained that for a couple of years now discussion has been whether Emery County should still be in the business of owning a care center. Through support of the Emery County Care Center Board they are in the position where they are ready to release an RFP to see if it is advantageous to sell the Emery County Care Center. Commissioner Ethan Migliori made a motion to approve releasing an RFP seeking professional assistance to see if it is advantageous to sell the Emery County Care Center. The motion was seconded by Commissioner Keith Brady. The motion passed.

(14)

DISCUSSION AND APPROVAL OF A MEDICAL OFFICE BUILDING LEASE AGREEMENT BETWEEN CASTLEVIEW HOSPITAL LLC, (EMERY MEDICAL CENTER) AND EMERY COUNTY FOR THE AMBULANCE STORAGE AT THE EMERY MEDICAL CENTER.

Commissioner Brady indicated that he was contacted by Mark Hollyoak of Castleview Hospital who informed him that after they did an audit they found out that they do not have an agreement with the county to lease the building to house the ambulance. This is a straight forward agreement to lease the building to house the ambulance. It's a liability issue. Mike Olsen indicated that there are insurance requirements that need to be met. Commissioner Keith Brady made a motion to approve the Medical Office Building Lease Agreement between Castleview Hospital, LLC, pending clearance from Mary Huntington and our insurance carrier. The motion

COMMISSION MEETING MINUTES  
AUGUST 23,2016

was seconded by Commissioner Ethan Migliori. The motion passed.

(15)

APPROVAL TO RENEW GUARDIAN FLIGHT INSURANCE FOR ALL FULL TIME EMPLOYEES AT \$30 PER YEAR. ALL PART TIME EMPLOYEES CAN PURCHASE THIS THROUGH PAYROLL DEDUCT FOR THE SAME PRICE.

Commissioner Keith Brady explained that we have done this in years past and it has been a good benefit to the employees. Commissioner Keith Brady made a motion to approve renewal of Guardian Flight Insurance for all full time employees at \$30.00 per year. All part time employees can purchase this through payroll deduction at the same price. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(18)

DISCUSSION AND APPROVAL OF THE AGREEMENT BETWEEN EMERY COUNTY AND JOHN S. MONTGOMERY, M.D. TO SUPERVISE DALEN JOHNSON IN PROVIDING THE JAIL RISK AND NEEDS SCREENING DIAGNOSIS AND ASSESSMENTS.

Not necessary. Tabled.

(19)

DISCUSSION AND APPROVAL OF CONTRACT WITH CREATIVE AGENCY HUB.

Jordan Leonard indicated that they have been on many conference calls with HUB to make sure they are the right marketing firm for what the Travel Council is looking for. Jordan explained they have finally come to an agreement with HUB to market Emery County. They will develop billboards, marketing and other advertising strategies to market Emery County. Our sweet spot is Green River with hotels and restaurants, but we want people coming to the other side of the county also to recreate. We think HUB is the right fit for the job. We want to piecemeal the payment so it won't be a chunk of money at the start. Once we are happy with what they have done we will move on to the next step. We want to pay them as services are rendered. Mike Olsen reviewed the contract with regards to cancellation of the contract. Commissioner Migliori indicated that they have done good work in other areas and he doesn't see that as a huge concern. Commissioner Ethan Migliori made a motion to approve a contract with creative agency HUB. The motion was seconded by Commissioner Keith Brady. The motion passed.

(20)

DISCUSSION AND APPROVAL OF A FULL PAGE AD WITH LOCAL BUSINESS BUY-IN IN DIRT WHEELS MAGAZINE, FEBRUARY ISSUE.

Tina Carter explained that this is an ad approved by the Travel Council to have a one page ad in Dirt Wheels Magazine. There is a buy-in from the businesses. We pay the majority of the cost but we have businesses buy-in because the goal is to drive individuals to the businesses. Commissioner Keith Brady made a motion to approve a full page ad with local business buy-in in Dirt Wheels Magazine's February Issue. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(21)

DISCUSSION AND APPROVAL TO HAVE UTAH.COM GENERATE EMAIL LEADS.

Tina Carter indicated that they have done this in the past. Businesses have received good leads

COMMISSION MEETING MINUTES  
AUGUST 23,2016

from them making it a good return on their investment. This year the state will pay half the investment. Commissioner Ethan Migliori made a motion to approve the Utah.com email leads. The motion was seconded by Commissioner Keith Brady. The motion passed.

(22)

DISCUSSION AND APPROVAL TO ADVERTISE AN RFP FOR A COUNTY EVENTS COORDINATOR.

Commissioner Brady explained that the County Commissioners received a letter of resignation that has prompted the advertising of an RFP for a county Events Coordinator. Commissioner Ethan Migliori made a motion to approve advertising for an RFP for a County Events Coordinator. The motion was seconded by Commissioner Keith Brady. The motion passed.

(23)

DISCUSSION AND APPROVAL OF PARCELS IN ELMO TO BE SOLD TO ADJACENT LANDOWNERS.

Jeff Guymon explained that there is a strip of property that the County acquired in a tax sale that covers the access to three parcels. He suggested that to clear this up that the County consider selling the parcel to an adjacent property owner. One parcel is Elmo Town. Mike Olsen reviewed the situation. The parcel was originally one property owner. A portion of the taxes were not paid. The county went in and assessed a value of that portion. The county took the frontal parcel in a tax sale. He suggested offering the property for sell to the adjacent property owners because it is the front of their property. What initiated this discussion is one of the properties is up for sale. Commissioner Migliori suggested that the land owner needs to do a survey to avoid issues and make sure it is accurate. Mike indicated that the County Assessor has placed a value on the landowners portion. Two lots are \$432 and one is \$270.00. Representative of the property owner Raymond Hollar was present to discuss the property which is up for sale. It was decided that the adjacent land owner Raymond Hollar would be able to purchase the property for \$432.00. Commissioner Ethan Migliori made a motion to approve the sell of parcel #01-070D-0008 to Raymond Hollar. The motion was seconded by Commissioner Keith Brady.

(24)

DISCUSSION AND APPROVAL TO PARTNER WITH RUA.

Commissioner Brady and Commissioner Migliori asked to table this for now to allow time to attend a meeting to see if it is worth buying into a partnership. Commissioner Ethan Migliori made a motion to table this item. The motion was seconded by Commissioner Keith Brady. The motion passed.

(25)

DISCUSSION AND APPROVAL TO AUTHORIZE PAYMENT TO TYLER JEFFS AS RECOMMENDED BY THE TRAVEL COUNCIL.

Mike Olsen talked about previous approval to authorize payment to Tyler Jeffs as recommended by the Travel Council. Tyler made application through the Travel Council to put up a billboard in Huntington. At some point after the board approved that amount, Brenda brought it to their attention that perhaps this may cause an auditing problem. It technically does not meet the criteria for giving a grant for such a thing. Mike indicated he looked into it and talked with several other elected officials and decided that was probably true from an auditing standpoint. Somewhere between the time Brenda brought it to their attention and the time the Travel Council approved the grant, Mr. Jeffs purchased the billboard. He has spent the money, he relied on the Travel Council's approval to move forward with purchase of the billboard. He didn't understand that it had to go through Commission Meeting before the money was approved. The trouble we have now is he relied on that contract with the Travel Council and the county has some legal obligation to pay him the money. Mike recommended we pay Mr. Jeffs, but not pay from TRT funds because it doesn't meet the qualifications. He added his observation of the situation. He does not think that the Travel Council purposely did not follow the qualifications in approving this grant. He thinks that they were short on personnel. They have since added Jordan to the staff which will help with that. He felt it was a training issue rather than an intentional act. Mr. Leonard has had training and now knows what is required to qualify going into the future. The Travel Council needs to give notice that the applicant can not rely on the Travel Council's approval they are an advisory council for the Commission. They are good people working hard. They made a mistake, but they have had training for moving forward into the future.

Commissioner Ethan Migliori made a motion to authorize payment of \$1,600.00 to Mr. Jeffs as recommended by the Travel Council. The motion was seconded by Commissioner Keith Brady. The motion passed.

(26)

DISCUSSION AND APPROVAL TO FOLLOW PROCEDURES AND POLICY TO SELL THE BILLBOARD CURRENTLY BEING LEASED BY TYLER JEFFS.

Tabled.

(25)

COMMISSION/ELECTED OFFICIALS REPORT.

Attorney Mike Olsen explained that he has prepared a draft lease agreement for the Weed/Mosquito building which was discussed in previous meetings. The school year began today and the instructor is anxious to get his program going. Commissioner Migliori indicated that the county wants to make sure the building is safe before the lease is approved. Hopefully we can make it work by the next Commission meeting.

Commissioner Migliori reported on discussions regarding road funds. He is watching this issue closely and will report to the other Commissioners as soon as there is more information.

Commissioner Brady reported that he and Jordan have been working with the state on aeronautics industry looking for manufacturing partners.

The Fair Committee is working on fair plans for next year. Next meeting is Sept. 20. 2016.

(1)

CLOSED MEETING TO DISCUSS REGIONAL HAZE FEDERAL IMPLEMENTATION PLAN.

Attorney Mike Olsen explained that he was contacted by PacifiCorp and asked if Emery County wanted to join on an appeal. The State of Utah has implemented some new rules and regulations for coal fired power plants. PacifiCorp and the AG's office are going to appeal and want to know if Emery and Carbon County want to participate. Mike indicated that he spoke with Marty Banks, Attorney at Stoel Rives, LLC who specializes in this type of appeal process. Mike Olsen recommended Emery County intervene with participation in this appeal process. The risk to the county is very high if the power plants go away. Carbon County wants to share in the cost of attorney and fees. The estimated cost is possibly \$20,000.00 to \$40,000.00 which EC would share with Carbon County. Commissioner Ethan Migliori commented that if we do not engage it would be very detrimental for our economy. Commissioner Paul Cowley agreed.

Attorney Mike Olsen stated that he has a representation letter from Stoel Rives, LLC and the deadline is October 3, 2016.

(2)

APPROVAL OF ENGAGEMENT LETTER WITH STOEL RIVES LLP FOR LITIGATION REPRESENTATION.

Commissioner Ethan Migliori made a motion to move forward on intervention and contract with Stoel Rives for litigation representation. The motion was seconded by Commissioner Paul Cowley. PUBLIC COMMENT (3 MINUTE LIMIT PER PERSON)

Mark H. Williams reported on attending the recent Dark Sky event held at Goblin Valley State Park.. He and Tina Carter attended the event representing Emery County Public Lands Council. A few people from the Wasatch area attended the event. Once they set up about 10 telescopes people from the capacity filled campground starting showing up to see the night sky. While he was there he drove up North Temple Wash where the road has been damaged. He indicated that when he was on the SSD#1 Board they fought to get the road repaired 2 extra miles up the road. However, they ran into environmental issues and they felt it was not worth the fight at that time. Now repairing the road is going to cost more to fix. We need to find the funds to fix the road the way it should have been fixed in the first place to withstand the flooding issues. With the anticipated expansion of Goblin Valley State Park this road will be right in the middle of the park

PRESENTATION BY CODY DRAPER FROM UTAH.COM.

Cody Draper from UTAH.COM provided a presentation of services provided by UTAH.COM. He reported that they have over 60 thousand subscribers worldwide. He is currently working with Green River City to come up with things to do in Green River. UTAH.COM is owned by the Church of Jesus Christ of Latter Day Saints initiated to bring people to Utah and do as much as they can while they are here. Emery County will be lumped into one called the Castle Valley Communities rather than breaking it down into each individual city. Commissioner Brady indicated that he has been impressed with what they have done with UTAH.com. Commissioner Migliori asked how often they accept experts in various fields to submit articles that highlight areas of interest in the county? He stated he liked their marketing approach.

(6)

DISCUSSION AND APPROVAL OF FUNDING FOR THE NIELSEN HOUSE LODGING PROPERTY THROUGH THE TOURISM INCENTIVES PROGRAM.

Jordan Leonard, Economic Development, explained that the Tourism Incentives Program was designed to help businesses that collect Transient Room Tax (TRT). The Nielsen House Lodging is an AIRBB vacation rental in Ferron. They have made application through the Tourism Incentives Program for funds to help improve the business. Initial concern were regarding the fact that it is a home. The owners must sign a contract stating that they will stay in business for at least three years or return the funds. The board approved \$2,362.50. Assessor Kris Bell asked Jordan if the owners realize that they will not get residential status on their property assessment because there is no one living in the home year round. Jordan indicated that the owners are trying to find ways to bring people into the area to stay over. Commissioner Ethan Migliori made a motion to approve funding in the amount of \$2,362.50 through the Tourism Incentives Program for the Nielsen House Lodging Property. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(2)

PUBLIC COMMENT (3 MINUTE LIMIT PER PERSON).

Danny VanWagoner asked about agenda item #10. He asked why the county is hiring a special attorney?

No response was given at this time.

Commissioner Ethan Migliori made a motion to leave the regular meeting and enter into a public hearing and at the conclusion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

PUBLIC HEARING- TO RECEIVE PUBLIC INPUT REGARDING THE PROPOSED ORDINANCE WHICH AMENDS EMERY COUNTY ORDINANCE NO. 8-7-85A REGULATING COUNTY ROAD AND RIGHT-OF-WAY ENCROACHMENTS.

Attorney Michael Olsen explained that the reason for the Public Hearing is to receive public input regarding the proposed ordinance which amends Emery County Ordinance No. 8-7-85A regulating county road and right-of-way encroachments. He explained that the ordinance regulates the use of the road and consequences/penalties for damage to our roads. Such as when a construction company uses our roads for a construction project. This is an effort to make sure when one enters our roads or highway that it is done properly and safely to protect our roads. This amendment brings the ordinance up to date and makes it current. This ordinance is similar to what has been done in other counties as well. Mr. Olsen recommended approval of the amendment to the ordinance. Commissioner Cowley commented that the ordinance protects our roads from damage from construction companies who use our roads for construction projects. Our county road supervisor inspects the roads for safety. Jule Johansen asked if the amendment addresses consequences and penalties for damage to the road? Mr. Olsen answered that 'yes' it does identify fines and consequences.

There were no more questions or comments.

The Commissioners returned to the regular meeting agenda.

(4)

DISCUSSION AND APPROVAL OF AMENDED EMERY COUNTY ORDINANCE NO. 8-7-85A REGULATING COUNTY ROAD AND RIGHT-OF-WAY ENCROACHMENTS.

(5)

PUBLIC HEARING -TO RECEIVE PUBLIC INPUT REGARDING THE PROPOSED ACTION OF ADDING HUNTINGTON CREEK WATERSHED COORDINATED RESOURCE MANAGEMENT PLAN TO THE EMERY COUNTY GENERAL PLAN.

Ray Petersen, Public Lands Administrator explained that the Emery County Public Lands Council has reviewed the Plan and recommends it as an appendix to the Emery County General Plan.

Commissioner Paul Cowley commented that he has attended several planning meetings for the Huntington Creek Watershed Coordinated Resource Management Plan. He added that the plan is very concise.

Jeff Guymon, Zoning Administrator commented that the Planning Commission has reviewed the plan as well and find it advantageous to included it in the GP. Planning Chairman Mack Huntington recommends approval. Jeff added that many hours have been contributed to this document.

There were no more comments.

The Commissioners returned to the regular meeting agenda.

(6)

DISCUSSION AND APPROVAL TO ADD THE HUNTINGTON CREEK WATERSHED COORDINATED RESOURCE PLAN TO THE EMERY COUNTY GENERAL PLAN.

(9)

DISCUSSION AND APPROVAL TO CHANGE THE STATUS OF PARCEL #01-0168-0005 FOR GREG SHIPP OF GREEN RIVER TO ACTIVE.

Recorder, Connie Jensen explained that parcel #01-0168-0005 was previously a HUD home that was exempt from taxes. The home was purchased by Greg Shipp. The exempt status was not removed so therefore needs a Commission Adjustment to return it to taxable to collect taxes on the property. Commissioner Ethan Migliori made a motion to approve changing the status of parcel #01-0168-0005 for Greg Shipp of Green River to active. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSSION AND APPROVAL OF CONSENT AND DIRECTION TO TRANSFER REPRESENTATION TO CROOK & TAYLOR LAW, LLC.

Commissioner Brady explained that Mr. Crook formed a new firm that includes Attorney Taylor. In a previous Commission Meeting the County hired Mr. Crook to help and advise on Personnel Policy and use him for employment law and administrative law representation. This change is needed because of change in name for his firm. New name, same attorney. Commissioner Ethan Migliori made a motion to approve transfer of representation to Crook & Taylor Law, LLC. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

DISCUSSION AND APPROVAL TO PROVIDE FLU AND ADACEL VACCINES THIS

YEAR IN CONJUNCTION WITH OUR WELLNESS CLINIC OCTOBER 26-27, 2016, IN CASTLE DALE AND OCTOBER 28, 2016, IN GREEN RIVER.

Personnel Director, Mary Huntington explained that the county has provided this service for its employees for the last 8 years. The Wellness Clinic has been a beneficial program. Multiple health related issues have been caught early to help mitigate claims. The Flu vaccine is offered every year. The Adacel vaccine (tetanus) is good for ten years. Commissioner Paul Cowley made a motion to approve providing flu and Adacel vaccines this year in conjunction with our Wellness Clinic. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

DISCUSSION AND APPROVAL TO UTILIZE EMERY MEDICAL CENTER AGAIN THIS YEAR FOR THE ANNUAL WELLNESS CLINIC. THE COST WILL BE \$120.00 PER FULL TIME EMPLOYEE THAT PARTICIPATES.

Mary Huntington requested approval to utilize Emery Medical Center again this year for the annual Wellness Clinic. The cost will be \$120.00 per full time employee that participates. That cost includes the basic blood draw only. EMC will do the PSA level check for an additional cost of \$37.00 per participant. Commissioner Paul Cowley made a motion to approve utilizing Emery Medical Center for the annual Wellness Clinic and the \$120.00 per full time employee that participates. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(16)

RATIFICATION OF APPROVAL FOR EMERY COUNTY SHERIFF'S OFFICE TO APPLY FOR A GRANT FROM WAL-MART FOR THE SHOP WITH A COP PROGRAM.

Sheriff Funk explained the program. They take a student from each elementary school for the Shop with a Cop Program. The Sheriff's Department has \$2,000.00 from a fund raiser which they will use for the match for the grant from Wal-Mart. The grant program is a first come first served program so the grant application has been signed and sent and now needs to be ratified. Commissioner Paul Cowley made a motion ratify the application for a grant from Wal-Mart for the Shop with a Cop Program. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(17)

DISCUSSION AND APPROVAL OF REIMBURSEMENT AGREEMENT FOR PROPOSED SOLAR PROJECTS BY ONYX RENEWABLES.

Commissioner Migliori indicated that he has been in on a number of discussions with companies looking to do solar projects in the county. Onyx Renewables looks to be the most promising of any he has heard from. Craig Smith, Onyx Renewables was present at the meeting to discuss proposed projects. He stated that he has done several projects (solar farms) in Iron County. This is an economic development tool that the state has given counties to do projects such as this. The projects (solar farms) are mostly done with private investor funds. The property owner usually receives a property tax advantage. The tax would be split between entities. There needs to be good access to the grid, lots of sunshine, and lots of land. The company has to have an agreement with Rocky Mountain Power who will buy the power. It is low maintenance and provides a great tax base for the county. Jim Fauver, Castle Valley Ranch stated that they have 3,000 acres tied up with Onyx. This will help 5 to 6 families, rejuvenate the farm/ranch, and increase the tax base. Jordan added that California has mandated that by the year 2021 60% of their power has to come from renewable energy. Oregon is next year. Commissioner Migliori suggested letting Jordan work through the process with Mr. Smith. Motion to table was made by Commissioner Ethan Migliori, seconded by Commissioner Paul Cowley, and the motion passed.

(7)

DISCUSSION AND APPROVAL OF ROLLBACK TAX/GREENBELT FOR GARRY PETERSEN.

Assessor, Kris Bell explained the requirements for greenbelt which Mr. Petersen currently qualified for, so we removed the land from greenbelt and attached the rollback. Kris proposed that if he meets the requirements listed they would remove the rollback but he won't be on greenbelt for two years until he qualifies. Those requirements are: 1) All land must be used for agriculture purposes. Meaning all land is being grazed, irrigated or producing 50% of its capacity. 2) Land must be fenced. 3) The vehicles need to be removed, along with the single wide trailer. If it is not something the land owner is willing to do, then the owner needs to do a segregation of the property and a rollback will need to be paid on that acreage. This needs to be taken care of by May 15, 2017. In order for the land to qualify for greenbelt, all land must be used for agriculture purposes. 4) If the land is being leased a copy of the lease will be provided to the Assessor's Office immediately. Included in the lease must be: leasee, how many years is the lease, what kind of livestock will be on the ground and for how many months out of the year. The Assessor's Office will need to determine the AUM's (animal units per month) to make sure there is enough livestock grazing the ground. 5) The land for the tax years 2016, 2017, and 2018 will not be on greenbelt. The greenbelt benefit can't be given while trying to qualify for it. The rollback for 2016 will be temporarily removed while trying to qualify. 6) If all the land is not being used for agricultural purposes, thus not meeting the requirements to be eligible for the greenbelt status for the tax year 2019, the rollback tax will be attached. Mr. Petersen did not agree to that and wanted to be put back on greenbelt. Kris informed the Commissioners that these requirements are for anyone who has property on greenbelt. Commissioner Migliori suggested allowing County Attorney Mike Olsen to review the statute for clarity on the definitions of greenbelt and work through the process with Kris Bell and Mr. Petersen.

(8)

DISCUSSION AND APPROVAL OF COMMISSION ADJUSTMENT ON PROPERTY 01-0036-0039. FOR AFTON EARLEY.

(5)

DISCUSSION AND APPROVAL TO ADOPT A RESOLUTION REQUIRING FEDERAL AND STATE AGENCIES WITH MANAGEMENT, OVERSIGHT OR PLANNING DUTIES TO COORDINATE WITH EMERY COUNTY ON ALL LAND USE AND NATURAL RESOURCE PLANNING WITHIN EMERY COUNTY.

Attorney Mike Olsen explained that Carbon County gave notice of this resolution for our information and asked if Emery County would be interested in adopting a similar resolution. This resolution was discussed in a Public Lands meeting in which Peter Sturba, Attorney, recommended the county should be tied in with the federal government on land issues to protect the county's interest and help with status of how the county will be involved in the process. Ray Petersen commented that it's not a constitutional right, it's a legislative right. This resolution is stronger than a policy. Commissioner Brady commented that he likes that it will insure that Emery County will be a coordinating agency in the process. Commissioner Migliori commented that it will strengthen our position with regards to the land use process with the federal government and state agencies. Commissioner Ethan Migliori made a motion to adopt Resolution 11-15-16 a resolution requiring federal and state agencies with management, oversight or planning duties to coordinate with Emery County on all land use and natural resource planning within Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

The motion passed.

(7)

DISCUSSION AND APPROVAL OF ROLLBACK TAX/GREENBELT FOR PARCEL #01-002D-005 AND PARCEL # 04-0042-0014 FOR GARRY PETERSEN.

Commissioner Paul Cowley made a motion to table this item. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(8)

DISCUSSION AND APPROVAL TO REMOVE ROLLBACK TAX FOR STANLEY AND RICKY LARSEN ON PARCEL #03-0063-0008.

Assessor, Kris Bell explained that in April of this year her office sent a letter to Mr. Larsen regarding his greenbelt status and that the rollback tax has been attached to the property. Mr. Larsen's son, Ron Larsen contacted her office and explained that Stanley Larsen had passed away and he was now the executor of the property. Ron told the Assessor's office they could go out to look at the property. Kris and her staff went to the property. However, it was posted with 'No Trespassing' signs so they could not enter the property to do an assessment. From what Kris could tell by looking at the property it was not being used as agriculture. A rollback tax was attached to the property. The property was scheduled to be pulled from greenbelt status next year. Ricky called Kris to explain that the property was being used as agriculture and provided documents to back up his claim. Kris asked to remove the rollback tax for Stanley and Ricky Larsen because she was misinformed about the land being used for agriculture purposes. Commissioner Ethan Migliori made a motion to remove the rollback tax for Stanley and Ricky Larsen on parcel # 03-0063-0008 as requested by Assessor Kris Bell. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSSION AND APPROVAL OF ONE TIME TAX ABATEMENT FOR PARCEL #01-0126-0034 WILBUR FOWLER.

Commissioner Migliori explained that during the BOE process the building that Mr. Fowler had recently purchased. He was in the middle of remodeling the building but the building has severe water damage from sitting unoccupied for so many years. The normal process that the Assessor's Office goes through to assess a property doesn't really look at weather damage when assessing a building. It would be up to the Commissioners to make an adjustment on this property with the hope that he can rehab the building and get it able to be used again. The Commission has decided to allow a \$10,000.00 value reduction for this one year which equals to a reduction of approximately \$200.00 in tax dollars. Commissioner Ethan Migliori made a motion to approve a one time, one year reduction of \$10,000.00 in value for Mr. Fowler. The

motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSSION AND APPROVAL OF BLM TITLE V RIGHT-OF-WAY APPLICATION AND EMERGENCY BORROW AREA FOR THE PRICE RIVER ROAD #115.

Ray Petersen explained that this road is not used a lot. It parallels the train tracks east on the Mounds area. Rain has affected the road and washed it away for about a quarter of a mile. He indicated that he has met with BLM at the site and will follow-up with a ROW for a 2 mile stretch to allow the Road Department to do the repairs to the road while the road crew is not busy. Ray indicated he was grateful for the quick response from the BLM on this matter. Commissioner Paul Cowley made a motion to approve of BLM Title V ROW application and emergency borrow area for the Price River Road #115. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(11)

(13)

DISCUSSION AND APPROVAL OF EMERY COUNTY EMS COOPERATIVE AGREEMENT.

This agreement has been in the works for awhile. After some suggestions from the cities and EMT's the Commission is asking for approval of the EMS Cooperative Agreement. Phil Fauver asked if any cities were opposed to it? Commissioner Brady indicated that a lot of the questions the cities had were addressed with by-laws and articles of incorporation. Mr. Fauver asked if any of the cities were concerned that it would be an added cost for the cities in the future?

Commissioner Brady indicated that it was a concern but was again addressed in the next two items on the agenda. Commissioner Ethan Migliori made a motion to approve of Emery County

(17)

DISCUSSION AND APPROVAL OF POSSIBLE TOURISM INCENTIVE FUND REQUESTS FOR CASTLE VALLEY OUTDOORS.

Jordan Leonard explained that Castle Valley Outdoors has a sign on the highway between Ferron and Emery that they have had a difficult time with lighting. They are asking for assistance with placing a solar powered light on the sign. The total project cost is \$4,825.00. The Tourism Incentive Fund allows for half the project cost. The amount Castle Valley is requesting is approximately \$1,700.00 to \$1,800.00. Commissioner Migliori asked if they knew how much revenue Castle Valley brings in from TRT. Tina Carter indicated that they have been consistent with paying in TRT funds. Commissioner Ethan Migliori made a motion to approve of Tourism Incentive Funds as requested from Castle Valley Outdoors. The motion was seconded by Commissioner Paul Cowley. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORT.

Attorney Mike Olsen expressed his appreciation for the opportunity to participate in the political process.

Commissioner Migliori reported that the Care Center recently had an audit. They received no tags which speaks loud to how things are running there. No tags is extremely rare. Three years ago they had 20 tags. The new director has revamped the process. They received a letter of compliment from the state agency that oversees them. Work has began on holding an alternative fuels conference in June of 2017. The hope is that the coal to carbon fiber effort will strengthen this viable resource.

Commissioner Brady talked about the Temple Mountain scoping meeting at the John Wesley Powell Museum tomorrow. He attended a business conference last week. He talked about the Utah Honor Flight program. He talked about the success of the student protection program for parents. Lunch and Learn will be at 12:00 p.m. in Green River City.

Commissioner Cowley encouraged the public to attend the Temple Mountain Scoping meeting. he encouraged the public to provide comments and be involved in the public process.

DISCUSSION AND APPROVAL OF EMERY COUNTY JOINING THE RURAL UTAH ALLIANCE.

Attorney Mike Olsen and Commissioner Keith Brady attended lunch meetings with Rural Utah Alliance and indicated that they liked what they heard. The alliance will help with direction in the issues the county elects to fight. Mike Olsen commented that he felt joining the alliance would be beneficial to the County. It would open the County up to receive funds to help advance positions that would be good for Emery County. Membership is \$5,000.00 per year which could possibly come from Public Lands funds. Commissioner Paul Cowley made a motion to approve joining the Rural Utah Alliance. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(26)

DISCUSSION AND APPROVAL OF EMERY COUNTY JOINING IN THE COAL MORATORIUM FILING.

Attorney Mike Olsen indicated this stems from Secretary Jewel's moratorium on coal. This is being challenged in court. By joining in the Coal Moratorium Filing, Emery County will have a seat at the table and the ability to take on an issue that is critical to us. Commissioner Ethan Migliori made a motion to join in the Coal Moratorium Filing. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(27)

DISCUSSION AND APPROVAL/REJECTION OF BIDS ON THE COTTONWOOD CREEK PROJECT, SOUTH EAST OF CASTLE DALE PROJECT AREA.

Merrill Johansen, J&T Engineering, explained that this project was bid out and bids have been received. J&T recommends rejecting the bids until the wetland determination study is concluded. They will be realigning the dike which will change the scope of work for the project. The project will need a determination from Army Corps of Engineers also. He recommended rejecting the bids and re-bid after scoping is completed. Commissioner Ethan Migliori made a motion to reject the bids on the Cottonwood Creek Project, South East of Castle Dale Project Area. The motion was seconded by Commissioner Paul Cowley. The motion passed.

This resolution will adopt the general sales tax as dedicated to transportation (HB 362 2015). Commissioner Paul Cowley made a motion to approve Resolution 12-20-16E adopting the authorized local option general sales tax dedicated to transportation. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(38)

COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Funk thanked those who donated to the Shop-with-a-Cop Program. He indicated that has been a favorite part of his job for a number of years. They have been overwhelmed by the donations they have received this year. They were able to help a family in crisis in the county with the funds they received. Thanks to the citizens for their donations.

Attorney Michael Olsen thanked Commissioner Ethan Migliori for his years of service to the

citizens of Emery County.

Commissioner Migliori commented on the dedication of those with whom he has served with on the many boards he has served on. He felt it was a privilege to serve with the many volunteers who have served the citizens of Emery County through their volunteering their time and efforts to serve on committees and boards throughout our communities. He indicated he was grateful for the experience.

Commissioner Brady also thanked Commissioner Migliori. He reported on attending a press conference regarding the proposed Bears Ears Designation. Others who attended were Governor Herbert, Lt. Governor Cox, Senator Hatch, Mia Love, and Mike Lee. Many others were there to show support to not have a National Monument Designation in San Juan County. He added, It will be interesting to see what President Obama will do.

Commissioner Cowley echoed the thanks to Commissioner Migliori and indicated he looks forward to working with Lynn Sitterud in the coming year. He also reported on the recent Sr. Citizen Party/Dinner. He indicated that it is a good way to thank the seniors of our communities for contributions to the communities over the years.

DISCUSS/APPROVE/DENY TO GIVE ALL PERSONNEL AT THE SHERIFF'S OFFICE UNDER THE FOLLOWING CATEGORIES A \$1.00 PER HOUR WAGE INCREASE: PATROL, CORRECTIONS, DISPATCH, ADMINISTRATION, COOK, AND BRET MILLS. EFFECTIVE 1-30-17

Sheriff, Greg Funk commented that this is something that has been brought up for two years during the budget process. He indicated that he has looked deeper into his department to find a way to get a wage increase for his deputies. He indicated that he has done away with a detective position freeing up the wages and benefits from that position. He asked that as a elected official he be allowed to use his budget to fit his needs. We need to take care of the guys who are out there putting their lives on the line. They have never said no to anything. He added that he has had one deputy that was trained by Emery County and recruited by Utah Highway Patrol because of higher wages. He said he has two deputies that at this time are being recruited by other agencies. The state has stripped away some of their retirement. EC deputies are paid on the low end of the spectrum. He is having a difficult time recruiting. No one wants to be an officer due to the negative sentiment from the public. Commissioner Paul Cowley commented that he appreciates what the SO is doing. Sentiment seems to be negative towards law enforcement everywhere. He added he recognizes the sacrifices you make for this county. Commissioner Brady asked if he has made sure that money is there with Utah Retirement Systems, overtime, etc. as well as absorbing and forwarding into the future. Sheriff Funk indicated that the money is there. He has the money. Captain Kyle Ekker commented that he agreed 100% with what the Sheriff has said. he has been with the department for 31 years and this has been a long process to get new department on the street. He added he felt \$1.00 per hour is fair to keep our people here. They are a great asset to this county. We need to support what the Sheriff is doing. Commissioner Paul Cowley made a motion to approve \$1.00 per hour wage increase for all personnel at the Sheriff's Office under the category of Patrol, Corrections, Dispatch, Administration, Cook, and Bret Mills. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(12)

DISCUSS/APPROVE/DENY RECOMMENDATION OF THE TRAVEL BOARD TO OPT-IN TO THE FOLLOWING PROGRAMS OFFERED BY THE UTAH OFFICE OF TOURISM THROUGH THEIR MARKETING SOLUTION COMPANY ADGENUITY: UTAH.com, JUDD FILMS AND MARC PISCOTTI PHOTOGRAPHY.

Tina Carter, Emery County Travel Bureau recommended the Travel Board opt-in to programs offered by the Utah Office of Tourism through their Marketing Solution Company, Adgenuity.

Opting in would save the County half of what they would normally spend on advertising.

Commissioner Brady added that these programs are a great media tool we can use for our marketing. Commissioner Paul Cowley made a motion to approve allowing the Emery County Travel Bureau to opt-in to UTAH.com, Judd Films and Marc Piscotti Photography as offered by the Utah Office of Tourism through their Marketing Solution Company, Adgenuity. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(13)

DISCUSS/APPROVE/DENY ADJUSTING AN AMBULANCE BILL FOR TERRY MORELAND.

EMS Director, Jim Gordon recommended adjusting an ambulance bill for Terry Moreland. Mr. Moreland sent a letter to the Commissioners requesting an adjustment on the mileage. The ambulance transported Mrs. Moreland to Grand Junction following an accident near I-70. Mr. Moreland was treated at the scene but not transported. They were both charged for mileage at \$753.60 each for a total of \$1,507.20. Mr. Gordon recommended wiping out one of the mileage charges. Commissioner Brady commented that normally the Commissioners have not approved an adjustment to an ambulance bill. However, this adjustment may be considered.

Commissioner Paul Cowley made a motion to wipe-out one of the mileage charges for Mr. Moreland adjusting the bill by \$753.60 as requested. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(14)

DISCUSS/APPROVE/DENY NON COMPETE DISCLOSURE LETTER FROM ROXANNE JENSEN.

Roxanne Jensen explained that her daughter Baylie Thomas is opening a consignment store, "Crafty Lil You" in Huntington where she (Roxanne) may be selling items such as books, crafts, etc. A non compete disclosure letter will alert the Commission that her involvement with the store is in no way affiliated nor connected with her position as an Emery County Librarian.

Commissioner Paul Cowley made a motion to accept a non compete disclosure letter from Roxanne Jensen. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(15)

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Brady expressed appreciation to the many volunteers in the county. He recently attended a board training session and recognized the many volunteers who sit on boards throughout the county that serve the citizens of this county. The State Legislature will begin its session on Monday. If anyone has any bill or item they are particularly interested in following please contact one of the Commissioners. Lunch and Learn will be Wednesday at noon at Palenques in Huntington.

**PRESENTATION BY SUZANNE ANDERSON TO EXPLAIN THE EMERY COUNTY ARCHIVES DEPARTMENT AND THE BENEFITS OF NEWLY ADDED RESOURCES THAT THE DEPARTMENT HAS RECENTLY RECEIVED.**

Suzanne Anderson provided a brief history of the Emery County Archives Department. The program began as a pilot program in 2001 with a mission to establish a repository for a history of the life and culture in the area. Emery County is one of 11 repositories in the state. The purpose is to have historical materials available for research by citizens. Suzanne talked about the lack of adequate space available for storing the materials and records that people have donated to the Archives program. She also reminded the Commissioners of an agreement between the Museum of the San Rafael and the Historical Society to allow them to use the Museum free of charge to hold their Historical Society meetings and events. Dixie Swasey indicated that she was on the Museum Board at the time that the Museum building was built and it was her understanding that because of a contribution from the Historical Society for the construction of the building that the Historical Society was to have a room dedicated for them and be allowed to use the building rent free. The room did not happen. Evelyn Huntsman reported that the Historical Society is a wonderful society that many people in this area find interesting and the attendance to their events has been great. Suzanne indicated that she was told that the Historical Society needed to readdress the no fee for the use of the building request each year. Maegan Wilberg, Museum of the San Rafael Director indicated that the building will be housing an exhibit from the Smithsonian and will not be available to be rented for a time. The Historical Society will hold their meetings and functions in the Courthouse Swell Room until the building is free to use again. Attorney Michael Olsen indicated that he will look into creating a MOU to allow the Historical Society to use the MOSR without having to return to the Commissioners each year for that permission.

**(3)

DISCUSS/APPROVE/DENY RESOLUTION OF THE COUNTY COMMISSIONER OF EMERY COUNTY, UTAH , ACTING AS THE GOVERNING BODY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, AUTHORIZING NOT MORE THAT \$900,000 GENERAL OBLIGATION BONDS, SERIES 2017, FIXING THE MAXIMUM AMOUNT, MATURITY, INTEREST RATE, AND DISCOUNT ON THE BONDS; PROVIDING FOR THE PUBLICATION OF A NOTICE OF PUBLIC HEARING AND OF BONDS TO BE ISSUED; PROVIDING FOR THE RUNNING OF A CONTEST PERIOD; AND RELATED MATTERS.

Jacob Sharp, CVSSD came before the Board of County Commissioners to request approval for Resolution 3-7-17A authorizing not more than \$900,000.00 General Obligation Bonds, Series 2017, fixing the maximum amount, maturity, interest rate, and discount on the bonds, and providing for publication of a notice of public hearing and of bonds to be issued, and running of a contest period. He explained that these bonds are part of the 12.5 million dollar voter approved

bonds issued in 2009. They have 10 years to use the money. 2019 will be the final year of these voter approved General Obligation Bonds. The \$900,000.00 is a loan which will be added to a \$619,000.00 grant to do culinary improvements, water projects, street improvements, etc. in the county. The resolution sets the date for a public hearing which is April 4, 2017 and they will be closing on the loan on April 10, 2017. Patsy Stoddard, Emery County Progress asked Jacob for the balance remaining on the bonds after this bond is approved. Jacob answered with, \$1.8 million. This amount will allow for the same amount of bond money in the next two years.

After that they will, if it is the object of their board, to go back to the citizens of the county for another voter approved General Obligation Bond.

Commissioner Lynn Sitterud made a motion to approve Resolution 3-7-17A authorizing not more than \$900,000.00 General Obligation Bonds, Series 2017, fixing the maximum amount, maturity, interest rate, and discount on the bonds, and providing for publication of a notice of

public hearing and of bonds to be issues, and running of a 30 day contest period and other related matters. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

DISCUSS/APPROVE/DENY 2017 CIB LIST.

Commissioner Paul Cowley made a motion to approve the 2017 CIB List of projects. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(4)

DISCUSS/APPROVE/DENY MOVING FORWARD WITH A COMMUNITY REINVESTMENT AREA.

Adam Long, Smith/Hartvigsen came before the Board of Commissioners to explain a Community Reinvestment Area which is basically a redevelopment agency. By Utah Code local governments (counties and municipalities) are given one set of tools to do economic development stuff. This can be anything from site re-mediation, tax incentives, buying parcels and making them sellable, etc. Just about any project has a development aspect. The CRA is a separate entity set up by the Board of Commissioners. It is governed by the Commissioners but is separate from the county. The agency acts within project areas. Economic Development is limited by statute and case law. The county can create a development agency. The county can not give away property for development, but the agency can do that. The agency could be made up of the County, EC School District, SSD#1, Water Conservancy District, etc., (taxing entities) who share x amount of tax revenue with the agency for an x amount of time by way of interlocal agreements. Commissioner Brady asked for clarification of Agency vs Area. He commented that the way he understands it the agency would be the county and the area would be a specific plot within the county that maybe needs some development such as infrastructure or impact fees for the area to forward the development of that area. The agency would require a budget. Adam explained that the agency would need seed money. Commissioner Brady asked how much of a budget would it require? Adam answered that it depends on what the project would require and how you want to allocate costs. The agency works basically like a county department. There are requirements that have to be met by statute. Agency would need to create an area agency plan and a project area budget a projection of revenue and costs over the lifetime of the project. The process to create an agency involves the Commission creating an ordinance that says it is going to happen. Commissioner Brady asked questions regarding incentives. Ethan Hurdsmann asked, "What benefits do you see to promote getting people to bring business to the county?" Adam answered that it depends on the project. We have talked about a solar project. This project would bring in tax revenue with no demand on county services. It would bring in temporary construction jobs during the construction phase and maybe a couple of permanent jobs. Phil Fauver asked "Would a CRA be useful in putting in a gas line for Green River?" it is probably beyond the scope of an agency. Green River does have an agency in place for when it is needed. Attorney Mike Olsen commented, "you have talked about a solar project, Is that why you are here today? Mr. Long answered that the solar project is certainly on the front burner. However, the CRA would help with other projects as well. Commissioner Brady asked what other project he has seen done with a CRA. Are there any that can bring in jobs or create tax revenue? The solar project is asking for a tax abatement on their personal property. The county cannot legally grant anyone special treatment, but an agency can. Commissioner Brady stated he is for creating an agency for future projects that have special needs. After much discussion on this issue, Commissioner Paul Cowley made a motion to table this matter to allow time to get answers to

their questions. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(5)  
DISCUSS/APPROVE/DENY RESOLUTION TO FORM AN EMERY COUNTY FAIR  
ADVISORY BOARD.

Commissioner Brady explained that the Emery County Fair is no longer under the direction of the Recreation SSD so the Commission recommends forming an advisory board to oversee the Fair. Commissioner Paul Cowley made a motion to approve Resolution 3-7-2017B forming an Emery County Fair Advisory Board. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

Tina indicated that all businesses have a opportunity to apply for these funds. Tamarisk Restaurant is the only restaurant business so far who has applied

Commissioner Lynn Sitterud made a motion to approve marketing funds in the amount of \$3,500.00 for Tamarisk Restaurant in Green River. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

DISCUSS/APPROVE/DENY MARKETING FUNDS FOR THE JOHN WESLEY POWELL MUSEUM IN GREEN RIVER.

Jordan Leonard explained that the John Wesley Powell Museum in Green River has requested marketing funds to redo their flyers that are distributed in the information center. The flyers indicated places to visit while in Green River as well as eating establishments, and other valuable information. They have requested \$1,000.00 towards the total project cost of \$2,000.00.

Commissioner Paul Cowley made a motion to approve marketing funds in the amount of \$1,000.00 for the John Wesley Powell Museum in Green River. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(12)

DISCUSS/APPROVE/DENY MARKETING FUNDS FOR THE MECCA BIKE CLUB.

Jordan explained that the marketing funds for the MECCA Bike Club will go towards marketing to various bike clubs in and out of the state. Steve Barton indicated that this will be for their spring biking event which will originate in Huntington this year. They host approximately 80 people from all over the state as well as some from out of state. They encourage the bikers to stay in the county and shop locally. Jordan explained that they have requested \$3,500.00.

Commissioner Paul Cowley made a motion to approve \$3,500.00 for the MECCA Bike Club. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(13)

DISCUSS/APPROVE/DENY TAX ABATEMENT FOR BACK TAXES ON PARCEL #01-0180-0025 AND #01-0180-0022 IN HUNTINGTON.

Bruce Yost, Eastern Utah Community Credit Union came before the Board of Commissioners to discuss a possible tax abatement for back taxes on Parcel #01-0180-0025 and #01-0180-0022 in Huntington. He explained that this property has been in foreclosure since 2013. The property is assessed at \$395,000.00. They were asking \$199,000.00. They have received an offer of \$135,000.00 to purchase the property. The bank would love to get it off of their books. The bank is

asking the county for some type of relief on the taxes such as a reduction in property taxes or relief of the penalty and interest. Steve Barton commented that it sounds like the bank is asking the county to take less so that the bank can take more. We can have the Assessor go look at the property and assess the value going forward. After discussion on this matter the Commissioners asked the bank to wait 2 weeks to allow time for the County Assessor to look at the assessment.

Commissioner Paul Cowley made a motion to postpone any decision for two weeks or possibly sooner on this matter. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(14)

DISCUSS/APPROVE/DENY AUTHORIZING TREASURER, STEVE BARTON, TO GRANT APPROVE OF DEFERRAL AGREEMENTS AFTER TODAY'S COMMISSION MEETING, BUT PRIOR TO MARCH 15 TAX SALE LISTINGS BEING SUBMITTED TO THE CLERK/AUDITOR'S OFFICE, AND THEN SUBMITTING THOSE DEFERRAL AGREEMENTS AS RATIFICATIONS ON THE MARCH 21 COMMISSION MEETING.

Treasurer Steve Barton explained that there are, at this time, 28 properties on the list that will be given to the Clerk/Auditor's office on March 15, 2017. Out of those 28, 16 are homes. The deferral program is offered to these property owners to assist them in clearing up the property before the 15th to avoid the \$300.00 administrative fee that will be charged after that date. The administrative fee covers the cost of title search and advertising. The agreement allows the property owner an extension until November 30 to pay the tax. He added that Emery County is taxpayer friendly and his office makes every effort to keep the taxpayer informed of their status.

He indicated that he has had four property owners come forward who have requested the extension. These four are on the agenda for approval today. There will be others who will request an extension. He asked for approval to offer the program to those who request participation between today and the 15th and have those agreements ratified in the March 21st Commission Meeting. Commissioner Sitterud requested to have a Commissioner involved in the deferral process. Mr. Barton indicated that this program has been used for several years and has worked well. Commissioner Lynn Sitterud made a motion to approve deferral agreements for after today's meeting but prior to March 15, 2017 sale listings to be ratified in the March 21, 2017 Commission Meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

DISCUSS/APPROVE/DENY DEFERRAL AGREEMENT FOR THE PAYMENT OF REAL PROPERTY TAXES THAT ARE FIVE (5) YEARS PAST DUE FOR DENNIS L. AND GWEN WHITE OF HUNTINGTON.

Steve Barton indicated that letters have been submitted by the property owners stating the extent of their hardship to pay the taxes. The Commissioners were given a copy of the letters.

The first deferral agreement is for Dennis L. and Gwen White of Huntington.

DISCUSS/APPROVE/DENY WRITING OF SUPPORT FOR THE TITLE TRANSFER FOR THE EMERY COUNTY PROJECT.

Jay Mark Humphrey, Emery Water Conservancy District came before the Board of Commissioners to request a letter of support for the title transfer for the Emery County Project. He explained that the Emery County Project is everything that the Bureau of Reclamation built in Emery County in the early 60's. Emery Water Conservancy District was organized in 1962 to fund the construction cost and operation/maintenance of the Emery County Project which is Joe's Valley Reservoir, Swasey Diversion Dam, Cottonwood Creek, Huntington Canal/ Huntington North Reservoir, and Service Canal and an underground drainage project in the Cottonwood/Huntington area. In 1970 Emery Water Conservancy District took over operation and maintenance of the project. The Bureau of Reclamation had to get storage rights for Joe's Valley Reservoir. They were relinquished by the local water users. One has a 1922 water storage right and the other a 1940 water storage right. These are very good water rights in the State of Utah. The Bureau took the water rights as collateral for the construction costs of the project. In 1972 PacifiCorp/Utah Power came in and wanted to build power plants in Emery County. The contract was modified to give industrial water out of this project. The project yields 28,100 acre feet water per year out of the project. There has been only 4 o5 years over the life of the project that they did not deliver that amount of water. It was modified again in 1987 to add another 2, 576 acre feet of agriculture water to industry to secure the water consumption of the power plant. Also 189 acre feet went to Castle Valley Special Service District which in turn went to

Huntington City. In 1994 Orangeville/Castle Dale got 100 acre feet of water. Originally the project was strictly for agriculture. Now they have industry and municipal water included in the project. In 2015 they asked the Bureau to pay of the project 6 years early. The Bureau stalled on it , they would not accept our money. They had to get a lobbyist in Washington, Congressman Chaffetz's office to help us to get the Bureau to allow us to pay the project off. Last November we paid the last payment on the project. They do not owe the federal government a dime on the Emery County Project. In the December 2015 board meeting they voted to go after title transfer. In other words take the title from the federal government, get their water rights back, and have local control of the project. The Bureau didn't like that. Jay met with the Congressional Delegation in 2016 in Washington to see what the atmosphere was like. The delegation were all in support of bringing the water rights back to local control. They met with the Bureau in January and February to get their process. They have a check list of what should happen in their eyes. When he met with the Congressional Delegation in Washington last week he met with Kyle Weaver, Deputy Director over Natural Resources over water, power and the ocean. The atmosphere in Washington has changed. There is a more positive atmosphere. He met with Representative Rob Bishop he indicated that if he gets a bill there he will push it through the legislature. Mr. Humphrey stated he was here today to seek local support from the Emery County Commissioners for returning the water rights to Utah for local control. Commissioner Brady asked Mr. Humphrey what he felt would be the benefit of having the water rights returned to Utah? Mr. Humphrey indicated that we would have control over the water rights. But the biggest things is we have paid off the loan. We should have the water rights returned to us. The Water Conservancy Board of Directors would have the control not the federal government.

Right now the Bureau tells us when maintenance needs to be done on our dime. Without the water rights we cannot go to a lending institution to procure the funds needed to do any repairs.

Mr. Humphrey indicated that water and coal is what makes Emery County and we need to protect it. Craig Johansen, Emery Water Conservancy District Board of Directors commented that the Water Conservancy District does not have anything to leverage to get state or federal funds because we do not have any assets other than user fees and taxes. We would have to raise user fees to repairs of facilities. Financing is a big problem and now is the time to work on this.

Jim Fauver asked if there is a precedence where this has been done somewhere else. Craig indicated that yes it has been done in other states. There is precedence. We are asking for standard procedure. We need the support of the County, the users, power company, and others.

There will be public hearings. This is just the first step in the process. A letter has been drafted that states that Emery County Commission is in full support of returning title of the Emery County Project from the Bureau of Reclamation to the Emery Water Conservancy District.

Commissioner Paul Cowley made a motion to approve a letter of support for title transfer for the Emery County Project. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

#### DISCUSS/APPROVE/DENY GRANT APPLICATION FOR LOCAL CEMETERIES TO COMPUTERIZE THEIR BURIAL RECORDS.

Commissioner Keith Brady discussed a grant application for local cemeteries to computerize their burial records. The work will be performed by Bernice Payne. The grant is for \$2,850.00. There is no cost to the county. Commissioner Lynn Sitterud made a motion to approve of a grant application for local cemeteries to computerize their burial records. The motion was seconded by Commissioner Paul Cowley. The motion passed.

**DISCUSS/APPROVE/DENY LETTER OF SUPPORT FOR GOED FAST TRACK ADJUSTMENT.**

Jordan Leonard, Economic Development came before the Board of Commissioners to request a letter of support for GOED Fast Track Adjustment. He explained that the State Economic Development Office recently allowed us to ask for an adjustment on the fast track grant.

Currently if businesses apply and receive this grant they would have to pay 110% of the average county wage which is currently around \$25.00 per hour. With this temporary adjustment they would not have to pay this wage, they just have to hire a full time employee. He stated that he knows there are some concerns with the fast track grant picking winner and losers. This is available to all the businesses in the county. He stated he understands that there is competition. We can avoid businesses pitting against each other. We can talk through that with the Commission that and see if they are the right fit for the grant. These businesses can apply through the state with a letter of support. He asked for the Commissioners to approve a letter of support for the temporary adjustment for the Rural Fast Track Grant. Commissioner Brady commented that there is an extreme vetting process. If you don't meet the requirements for the next two years you have to pay the money back. Commissioner Sitterud expressed concern that money is available to businesses to compete with other businesses that do the same thing in the same area. It puts the government picking winners and losers in the business environment.

Commissioner Brady commented that both businesses would have the same opportunity to expand. This is something that has benefitted businesses in Emery County in the last 4 years. It has been very hard for businesses to get this grant with the wage threshold, because most owners of business don't even pay themselves that wage. DeLynn Fielding commented that he didn't agree with the idea that it puts the government picking winner and losers because all the businesses have the same opportunity to grow with this grant. The resource and opportunity is available for all businesses. This grant opportunity has benefitted many businesses in growth.

Because of the high unemployment there are five counties out of the 29 in Utah that qualify for doing away with this 110% threshold. All it requires is for the Commission to say 'yes' lets take this burden off our local businesses so they can grow. The business has to be in existence in Utah for at least two years. Commissioner Sitterud expressed his opposition to the program.

Commissioner Paul Cowley made a motion to approve a letter of support to the GOED Fast Track Adjustment. Commissioner Keith Brady stepped down to second the motion.

Commissioner Lynn Sitterud opposed. The motion passed by two.

**DISCUSS/APPROVE/DENY CHANGE ORDER BETWEEN EMERY COUNTY AND NIELSON CONSTRUCTION FOR THE EMERGENCY WATERSHED PROTECTION PROJECT COMPLETION DATE TO BE EXTENDED BY 82 DAYS. THE NEW COMPLETION DATE IS APRIL 21, 2017.**

The Change order was previously approved. This change order is to extend the time for Nielson Construction to complete the work for the previous change order to April 21, 2017.

Commissioner Lynn Sitterud made a motion to approve a change order for Nielson Construction for the Emergency Watershed Protection Project extending the time to April 21, 2017. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(23)

**COMMISSION/ELECTED OFFICIALS REPORT.**

Commissioner Brady asked Randy Johnson for an update of activity in the legislature.  
Mr. Johnson reported on the progress of several bills that the county may have an interest.

Commissioner Brady reported on working with the school district board on a portable obstacle course for the Aquatic Center. The proceeds from the use of the obstacle course would be allocated to the Swim Team.

Emery County Business Chamber luncheon will be March 15th , at 6 p.m. at Millers Landing in Huntington.

Discussion Items

(1)

Discuss/Approve/Deny tax abatement for back taxes on parcel #01-0180-0025 and #01-0180-0022 in Huntington.

Assessor Kris Bell, explained that the first thing she found out was that the bankruptcy court sold the building on parcel 25 to Standard Lab. Nothing could be done with the property until the bankruptcy had been cleared up. Eastern Utah Credit Union owns all but the part with the Standard Lab building. EUCU tried to sell the property to clean up their books. They received an offer of \$135,000.00 for both parcels. Standard Labs did not inquire about the taxes, nor were the taxes cleared up at the time of the sale to Standard Labs. Therefore, the taxes have not been paid. They owe \$4,421.91 for two years. The parcels 22 & 25 are owned by EUCU. Taxes for the years 2014,2015, and 2016 are owed with penalty and interest. EUCU is asking to have the taxes abated/reduced and/or the penalty and interest removed. The total taxes owed is \$19,470.60 without P&I (\$4,093.44) on both parcels. The purchaser of the property intends to sub-divide the property after which each lot will be assessed a value of \$12,000.00 per lot. After much discussion on this matter, Commissioner Lynn Sitterud made a motion to forgive the penalty and interest in the amount of \$4,093.44 and have EUCU pay the taxes in the amount of \$19,470.60. The motion was seconded by Commissioner Paul Cowley. The motion passed.

DISCUSS/APPROVE/DENY OPENING BIDS FOR SURVEYING AND CHAIN LINK FENCE AT GREEN RIVER LIBRARY.

Carole Larsen, Emery County Library Director explained that cars are being parked and left for long periods on the library property. The board wants to put up a chain link fence along the back side of the library (135 feet) to mitigate this situation. J&T did a survey of the site.

Fencing companies have submitted bids to put up the fence. They received a bid from Ward's Landscaping for \$2,400.00 for 11 gauge and \$2,695.00 for 9 gauge. Castle Country Fencing's bid was for \$1,500.00. The bid did not indicate the gauge of fencing. It appeared that the bid from Ward's Landscaping was more complete. Carole indicated that the cost proposal from J&T to perform a boundary survey is for \$1,600.00. Commissioner Lynn Sitterud made a motion to pay J&T for the survey and accept the low bid if the specs are met as advertised. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

PRESENTATION BY ANN COX REGARDING SPEEDING ON THE SOUTH SIDE OF LAWRENCE.

Ann Cox from Lawrence came before the Board of Commissioners to discuss speeding on the south side of Lawrence. She thanked the county road department for the signs warning drivers of the speed limits through town. However, drivers are not slowing down. Some even blow through the 4 way stop. Ms. Cox recommended several solutions. Other residents from Lawrence offered solutions. Sheriff Funk indicated that several citations have been issued.

Deputies are patrolling the area. One resident suggested having a deputy stop at various locations at different times throughout the day. Drivers may get the hint that deputies are there and you never know when or where. The Commissioners discussed some of Ms. Cox's recommendations such as, stricter enforcement of the speed laws, motion sensor flashing lights and other signs. Commissioner Brady thanked Ms. Cox for her suggested solutions to the problem rather than just complaining.

**RATIFICATION OF LETTER TO US DEPARTMENT OF RECLAMATION REGARDING CONTROLLING FLOODING EVENTS IN GREEN RIVER.**

Commissioner Brady indicated that there was a meeting in Price with the Utah Department of Reclamation where the farmers in the county expressed concern regarding flooding issues in Green River. The farmers requested a letter of support from the County Commissioners in support of mitigating the flooding issue. Commissioner Sitterud attended the meeting and reported that the hope is that with new people in Washington who control the dam, they can get water released early to mitigate the flooding issue. Commissioner Paul Cowley made a motion to approve ratification of a letter to US Department of Reclamation regarding controlling flooding events in Green River. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

DISCUSS/APPROVE/DENY SIGNING OF THE HMEP HAZARDOUS MATERIALS PLANNING GRANT ALLOCATION FROM THE STATE OF UTAH DIVISION OF EMERGENCY MANAGEMENT.**

Commissioner Lynn Sitterud made a motion to approve the signing of the HMEP Hazardous Materials Planning Grant Allocation from the State of Utah Division of Emergency Management. The motion was seconded by Commissioner Paul Cowley. The motion passed.

**(6)  
DISCUSS/APPROVE/DENY PRESENTATION AND SIGNING OF INTERLOCAL AGREEMENT WITH SOUTHEAST UTAH HEALTH DEPARTMENT.**

Brady Bradford, SEUDH came before the Board of Commissioners to present and Interlocal Agreement between Emery County and SEUDH. In 1972 Carbon, Emery, Grand and San Juan Counties formed the SEUDH and created an interlocal agreement that was renewed in 2007. In 2015 a few things changed and necessitated some small adjustments to the agreement. There is a change in name due to San Juan dropping out of the SEUDH and moving their budget meeting from May to November. SEUDH has ten essential functions broken down into three main parts.

Assessment of vital statistics, epidemiology, health data, policy making and assurance of public health through nursing, preparedness, health education and environmental health. It is mandated by Title 26a in Utah State Code. Emery County has an office in Castle Dale where our nurses have done a spectacular job. They did more than 300 flu shots last year. 250 immunizations, 160 well child checks that are under served, 51 newborn checks, 60 food establishments, day care centers, tanning beds, air quality/water and other environmental quality services. Sheriff Funk indicated he attended a presentation in Price about the needle exchange program. Mr. Bradford explained that the presenters are not affiliated with the health department. The health department just brought the interested parties together for discussions. Attorney Mike Olsen asked for an explanation of the needle exchange program. Sheriff Funk expressed his disapproval of the program. The presenters informed the Sheriff that the program will go forward with or without their approval. Sheriff Funk stated that if they come to Emery County he will arrest them. Mr. Bradford indicated that he did not have any data to confirm the effectiveness of the program but

that it has been working well in Salt Lake City. Mr. Bradford indicated that the Health Department's Health Educator is in favor of the program. Sheriff Funk added that she basically told them that the program is going go whether they want it or not. Sheriff Funk indicated that there is lot involved with this program that makes him very uncomfortable. Sheriff Funk wanted to know if the Health Department is going to be responsive to what the EC Commissioners wants for it's citizens. Mr. Bradford explained that the Health Department will not be running this program. The discussion was just an informational presentation not affiliated with the Health Department. Mr. Bradford indicated that he is not prepared to have such and in depth discussion with this issue. He is here to get approval for the Interlocal Agreement with SEUHD. Commissioner Sitterud wanted to know if approving this interlocal agreement has anything to do with supporting the needle exchange program? Mr. Bradford indicated that it does not. Commissioner Sitterud wanted to know what the reason was for San Juan County dropping out of the Health Department? Mr. Bradford indicated that they felt that due to the remote location that they were not getting their needs met. They have also dropped out of Four Corners. Attorney Mike Olsen asked about the parameters of the agreement. How do we drop out of the contract? Commissioner Sitterud and Attorney Mike Olsen asked for more time to look over the agreement to make sure it alines with the state statutes. Commissioner Paul Cowley made a motion to table this matter to allow time to review. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(7)

DISCUSS/APPROVE/DENY SUMMA ROBOTICS PERMIT.

Jeff Guymon, Planning and Zoning Director discussed a Level III Conditional Use Permit for Summa Robotics. He explained that it is up the County Commission discretion to decide if a public hearing is needed to determine major impacts to the citizens and communities of Emery County. The Zoning Commission may approve a Level I and Level II permit but a Level III permit must be granted by the County Commission. The Planning Commission has received a letter from UDOT granting access to the facility. The facility (Central Warehouse) predates the EC Zoning Ordinance and was already operating at a Level III status and has already gone through a permitting process. The Planning Commission recommends approval.

Commissioner Lynn Sitterud made a motion to approve Summa Robotics Level III Conditional Use Permit. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

Commissioner Paul Cowley made a motion to table this item. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(12)  
DISCUSS/APPROVE/DENY INTER-AGENCY CO-ORDINATION AND SUB-RECIPIENT CONTRACT AGREEMENT BETWEEN SOUTHEASTERN UTAH ASSOCIATION OF LOCAL GOVERNMENTS AND EMERY COUNTY TO ADMINISTER THE EMERY COUNTY AGING AND NUTRITION PROGRAMS FROM JULY 1, 2016- JUNE 30, 2017

Commissioner Paul Cowley made a motion to approve Inter-Agency Co-Ordination and Sub-Recipient Contract Agreement between Southeastern Utah Association of Local Governments and Emery County to administer the Emery County Aging and Nutrition Programs from July 1, 2016 to June 30, 2017. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(13)  
DISCUSS/APPROVE/DENY ROW GRANTS FOR A PORTION OF PRICE RIVER ROAD.

Ray Petersen, Public Lands Director explained that late last season storms wiped out the road in the Mounds Area. The county applied for emergency ROW to repair the road. It has been 4 months and we finally have the ROW to get the Road Department out there to repair the road. Commissioner Paul Cowley made a motion to approve ROW Grants for a portion of Price River Road. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(14)  
DISCUSS/APPROVE/DENY REQUEST TO USE CLASS B ROAD FUND BUDGET FOR TRACTOR AND BACKHOE RENTAL.

Commissioner Paul Cowley made a motion to approve a request to use Class B Road Fund Budget for a tractor and backhoe rental. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(15)  
DISCUSS/APPROVE/DENY WAIVER OF PILT FOR 2015 FOR EMERY COUNTY HOUSING AUTHORITY.

Cindy Draper, Housing Authority came before the Board of Commissioners to requested a

waiver of payment in lieu of taxes for 2015 for Emery County Housing Authority. In a past Commission Meeting the EC Housing Authority was granted a waiver of PILT for 2012, 2013, and 2014 because the Authority was in such disarray. They asked for one more year to make sure that they are top of things. Cindy was not exact on the amount, but estimated the amount to be between \$1,300.00 to \$1,500.00. Commissioner Paul Cowley made a motion to approve a waiver of PILT for Emery County Housing Authority for 2015. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(16)

DISCUSS/APPROVE/DENY WAIVING THE FEE FOR THE AQUATIC CENTER FOR LITTLE MISS EMERY CONTESTANTS TO HAVE A POOL DAY.

Cindy Draper, Miss Emery Director indicated that there are 24 girls and their parents. The waiver would be for just the girls. The parents and any siblings would have to pay.

Commissioner Lynn Sitterud made a motion to approve waiving the fee for the Aquatic Center for Little Miss Emery Contestants to have a pool day. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

DISCUSS/APPROVE/DENY REQUEST FROM SOUTHWEST STONE, INC. TO WAIVE AND EXCUSE PENALTIES AND INTEREST ON AMOUNTS OWED FOR THE 2010 TAX YEAR IN RETURN FOR SSI PAYING THE FULL AMOUNT OF PRINCIPAL OWING FOR THAT YEAR.

Treasurer, Steven Barton explained a situation with Southwest Stone, Inc. a rock quarry regarding their taxes owed for 2010. They were on the list for five years past due on their taxes.

They were notified that they were five years delinquent. They applied for an extension. The taxes owed are on personal property, not real property (equipment). He requested that they sign a lien on the property. The alternative would have been to have the Sheriff seize the property. They did not sign the lien. But they did make payments on all taxes subsequent to 2010. SSI sent a note with each payment stating that the 2010 taxes assessed are in appeal with the State Tax Commission and requested that we work with them to resolve it. They were assessed in 2010 by the State Tax Commission \$11,000.00 for personal property (equipment) which in subsequent years have been \$4-5,000.00. SSI has had no success with the Tax Commission. SSI requested that EC waive the accumulated interest and penalty on the \$11,000.00 and they will pay the \$11,000.00 and clear this up. Mr. Barton looked into what would happen had they been successful in the appeal with the taxes bring dropped from \$11,000.00 to the average which was \$5,200.00. Should that happen, by paying the \$11,000.00 now EC would gain \$3,000.00. His suggestion was to clear this up by allowing SSI to pay the \$11,000.00 the total tax due from 2010 and EC waive the penalty and interest on the \$11,000.00 from 2010.

Commissioner Lynn Sitterud made a motion to approve the request from SSI to waive and excuse penalties and interest on amounts owned for the 2010 tax year in return for SSI paying the full amount of principal owing for that year. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(18)

DISCUSS/APPROVE/DENY DEFERRAL AGREEMENT FOR THE PAYMENT OF REAL PROPERTY TAXES THAT ARE FIVE(5) YEARS PAST DUE FOR SHAWN ALLRED.

Shawn Allred came in after the last Commission Meeting. Mr. Allred has already paid \$600.00 and still owes \$3,000.00 with a plan through auto deduction to pay the balance. Mr. Barton recommended approval of a deferral agreement for Mr. Allred. Commissioner Paul Cowley made a motion to approve a deferral agreement for the payment of real property taxes that are five (5) years past due for Shawn Allred. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

#### COMMISSION/ELECTED OFFICIALS REPORT

Commissioner Brady asked Library Director Carole Larsen to explain the library's story time bags that are available at the libraries. She explained the kindle program and the stem program.

Commissioner Brady talked about a CNN interview where Yale did a study/survey on climate change to find out what the attitudes were regarding global warming. Emery County out of all the counties in the US was the #one county that did not believe in global warming. He was here on a listening tour to find out why it came out that way. Commissioner Brady had a good discussion with him. Last week KSL came here for their Road to Understanding Campaign. The program takes KSL's reporter, Alex Cabraro to the 25 counties that are not on the Wasatch Front to talk about what are our county's concerns and good information regarding our county. He will let us know when the Emery County segment will air. Ray Petersen stated that he believes it will be this Thursday.

The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(7)

DISCUSS/APPROVE/DENY INTERLOCAL AGREEMENT WITH SOUTHEASTERN UTAH HEALTH DEPARTMENT.

In the March 21, 2017 Commission Meeting the Commissioners tabled a decision regarding an interlocal agreement with Southeastern Utah health Department to allow time to visit with Brady Bradford more regarding some changes in the document wording. Attorney Mike Olsen indicated that he has spoken with Mr. Bradford regarding the language/wording that the County wanted in the document with respect to the ability to terminate the agreement matching state statute. SEUDH was in agreement with the change requested. Mr. Olsen recommended, with the wording change, that the agreement be signed. Mr. Olsen also reported on further discussions with Mr. Bradford regarding the needle exchange program. Commissioner Paul Cowley made a motion to approve an interlocal agreement with Southeastern Utah Health Department with the addition of the wording change. The motion was seconded by

Commissioner Lynn Sitterud.

(8)  
DISCUSS/APPROVE/DENY ALLOWING EMT'S SPECIAL SERVICE DISTRICT BOARD'S MEMBERS AND THE VARIOUS COUNTY BOARD'S MEMBERS THE COUNTY EMPLOYEE DISCOUNT AT THE EMERY COUNTY AQUATIC CENTER.

Commissioner Brady indicated that he asked for this to be on the agenda for discussion. He indicated he felt it would be a good way to say thanks to all those who serve on boards in the county. Sheriff Funk asked if that included Search/Rescue? Commissioner Brady expressed his desire to see all the boards receive the discount. Commissioner Paul Cowley made a motion to approve extending the ECAC employee discount to all board members and EMT's in the county. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(9)  
DISCUSS/APPROVE/DENY WAIVING THE RENTAL FEE AT THE AQUATIC CENTER ON MAY 24, 2017 FOR AN EMS APPRECIATION ACTIVITY.

Commissioner Lynn Sitterud made a motion to waive the rental fee at the Aquatic Center for an EMS Appreciation Activity to be held on May 24, 2017. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)  
DISCUSS/APPROVE/DENY CONTRACT WITH UTAH STATE HISTORY AND EMERY COUNTY TO DIGITIZE CEMETERY RECORDS AND FILE THEM IN THE UTAH STATE DATABASE.

Suzanne Anderson, Emery County Archives explained that in the past this contract through the State with Emery County as a pass through for the grant. That process is no longer required. Therefore, Commissioner Lynn Sitterud made a motion to dismiss this item from the agenda. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)  
DISCUSS/APPROVE/DENY BLM RIGHT OF WAY GRANT FOR BORROW PIT ADJACENT TO PRICE RIVER ROAD.

Commissioner Paul Cowley made a motion to approve a BLM ROW Grant for Borrow Pit adjacent to Price River Road. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(12)  
DISCUSS/APPROVE/DENY TO ADVERTISE AN RFP FOR PROFESSIONAL TO ANALYZE AND PREPARE A REPORT ON THE IMPACTS OF ECONOMIC PROJECTS IN EMERY COUNTY.

Commissioner Brady talked about advertising for an RFP for a professional to analyze and prepare a report on the impacts of economic projects in Emery County. This has been brought up because of the Community Reinvestment Agency that the County has been looking at. In discussions with Clerk/Auditor Brenda Tuttle and Attorney Mike Olsen is to make sure that any project that comes up through the agency (which has not been formed) can be analyzed by professionals to be sure that these projects are either a benefit or a detriment to the county. The RFP will state that the professional will work on a per project basis, when we need them to look over financials and make sure projects are worth bringing into the county. They will pull in the numbers, such as how many jobs the project will create, what type of abatement the project is looking for and whether or not what they are looking for is a detriment or benefit to the county. If the project is a detriment then at what point would it become a benefit. Then we can counter their offer with our own offer and if they don't take it then it is not the right fit for Emery County. Mary Huntington asked if they will help bring economic growth to the county?

Commissioner Brady indicated that is not the idea with this service. They would just be a third party that could advise us of the facts regarding a project. Attorney Mike Olsen commented that we don't need businesses to come in if its going to be a detriment to our county by abating the taxes so much that we end up supplementing their use of the sheriffs office, the roads, the landfill utilities, etc. If they want to participate in our community they will need to pay their own way.

There are experts that can help us know that. Jay Humphrey asked who are these experts? Commissioner Brady indicated that when he was looking into this one professional that came up was Zions Public Finance. Commissioner Brady asked ZPF if they could do something like this. They indicated that is what they do. So, they will probably be one who submits an RFP. We may not need them this year or even next year, but when if we do have a project would have a professional ready to help with that project. Julie Johansen asked if they will work like an appraiser? Will they use growth from other counties for comparison? Commissioner Brady indicated that he was not sure. There are many variables to be considered. Commissioner Sitterud stated he understood that there would be no cost to the county until we use them.

Jordan Leonard used the solar panel farm as an example of a project that they could help us with. Patsy Stoddard asked if the Commissioners have visited other counties that have utilized the solar panel farms? Commissioner Brady indicated that he has been trying to figure out a time to go and visit other places who have utilized the solar farms to gather as many facts as he can.

Commissioner Paul Cowley made a motion to advertise for an RFP for professionals to analyze and prepare a report on the impacts of economic projects in Emery County. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(13)

**DISCUSS/APPROVE/DENY TO ADVERTISE AN RFP TO ACCEPT BIDS TO BUILD A FENCE ON PROPERTY LINE OF GREEN RIVER LIBRARY.**

In the last Commission Meeting bids were reviewed for a fence on the property line of the Green River Library. That process was not quite done correctly. We need to advertise for an RFP to accept bids to build a fence on property line of Green River Library. Commissioner Paul Cowley made a motion to approve advertising for an RFP to accept bids to build a fence on the property line of Green River Library. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(14)

**COMMISSION/ELECTED OFFICIALS REPORT**

Sheriff Funk reported that Easter Weekend is coming up in a couple of weeks. All his deputies will be out patrolling the desert and other frequently visited areas.

Commissioner Brady reported that Green River City recently hosted a three day rock and mineral show. They had good participation at the event. Sign-ups have began for swimming lessons at the Aquatic Center.

Commissioner Cowley reported that BLM Director Ahmed Mohsen is moving on and will be leaving the Price BLM office. They will soon have a new director.

Gates on the forest/mountain roads are closed. Hopefully people will not go around the gates and damage the roads.

The shed hunting extension has been lifted. Shed hunting is allowable again.

Commissioner Paul Cowley made a motion to close the regular meeting and enter into a closed/ executive session and upon the end of executive session to return to the regular meeting. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

#### DISCUSSION AGENDA

(1)  
ITEMS PULLED FROM THE CONSENT AGENDA.

Nothing

(2)  
PRESENTATION FROM ETV 10 ABOUT PUBLISHING PUBLIC NOTICES ON THEIR NEWSPAPER.

Julie Johansen, ETV10, informed the Board of Commissioners that with the new state regulations ETV 10 is now able to publish legal notices. Attorney Mike Olsen asked what is the current circulation of ETV10? Julie indicated that they cover all of Carbon, Emery and Moab.

(3)  
PRESENTATION FROM TIM BLACKBURN REGARDING JUST SERVE.

Tim Blackburn was present by invitation from Commission Brady to present an opportunity for citizens to serve as volunteers for community events. April is national volunteerism month.

The State governor's office is pushing for Utah to promote volunteerism. There is a critical connection between the volunteer and the event in which they are involved. Justserve.org is a website created to match organizations with volunteers. He stressed the importance of teaching our future generations to be involved in volunteerism as well as the value of hard work and becoming vested in their communities. He encouraged the Commissioners and other organizations in the county to visit the website to post events and projects that need volunteers. There is also an app for your smart phone.

(4)

DISCUSS/APPROVE/DENY SPONSORSHIP AGREEMENT WITH CHADWICK BOOTH & CO. FOR THE COUNTY SEAT.

Chadwick Booth came before the Commission to request continued sponsorship for the County Seat. He explained that the program the County Seat was created as a result of their other show At Your Leisure. It was found that there was not a platform for addressing rural Utah issues. Emery County has supported the program for the last 6 years. There is no set amount that is asked for and no county has ever been blocked for not supporting the program. The County Seat is a costly program, about half a million dollars a year to produce. The programs are aired on several channels through ABC-4 about 40 times a week with approximately 74,600 viewers per week. Currently they have 22 counties who financially support the program. Each county that supports the program is at a different level of support and it doesn't affect how much time is spent on rural issues. Attorney Mike Olsen asked if they have support of some of the larger counties on the Wasatch front? Mr. Booth indicated that statewide there are 22 of the 29 counties that actively participate in the program. We do not have Salt Lake County, Summit County, Morgan County, Grand County, Wasatch County(although they are reconsidering), Daggett County because of their size( 800 pop.) and amount of land that is owned by the US Forest Service. 75% of their program is dedicated to rural issues. Mr. Booth reported that last year Emery County contributed to the program with \$6,600.00. Commissioner Sitterud asked Commissioner Brady if support of this program is something that TRT funds could be used for since much of the content for the program is tourism? Commissioner Sitterud wanted to have time to further discuss the level of financial support for the program with the Travel Bureau and Economic Development. Commissioner Lynn Sitterud made a motion to table this allow for time to discuss participation from the Travel Bureau and Economic Development. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

DISCUSS/APPROVE/DENY TAX WRITE OFF FOR PARCEL #HT-07-01-07 FOR ALEJANDRO OCHOA.

Assessor, Kris Bell discussed a mobile home in the Huntington Trailer Court. The mobile home has been abandoned. The owner is not in the area. To serve him would cost \$42.00, if they could find him. To clear the taxes for 2016 and 2017 it would be \$62.86 as opposed to taking possession of the trailer and dealing with removing it or trying to sell it. Next year her office will evaluate the trailer to see if they should even apply value to the trailer. Commissioner Lynn Sitterud made a motion to approve a tax write off in the amount of \$62.86 for parcel #HT-07-01-07. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

DISCUSS/APPROVE/DENY REQUEST TO TAKE ADA VANS FOR OUT-OF-STATE TRAVEL FOR SENIOR CITIZEN'S.

Kelly Nelson, Emery County Sr. Citizens discussed a planned trip to Yellowstone National Park for the seniors in Emery County, June 26th through the 29th. The seniors will be paying for their hotel stays and their food. Mrs. Nelson requested that the county allow them to use the ADA vans rather than chartering a bus. Mrs. Nelson explained that their itinerary has them going through several scenic areas and using the vans would give them the flexibility to make stops. There was some discussion as to whether the bus drivers are insured through Emery County or AOG. The ADA vans are insured by Emery County and paid by AOG. The cut-off date for seniors to sign up to participate is May 9th. All money for the trip must be turned in by May 30th.

Commissioner Brady expressed concern that the vans are in good condition for long distance traveling. Commissioner Cowley expressed his desire to see the seniors be able to participate in this type of activities. Commissioner Paul Cowley made a motion to approve taking the ADA vans for out-of-state travel for Senior Citizens. The motion was seconded by Commissioner Lynn Sitterud. Commissioner Brady asked to have his concerns regarding liability addressed.

Has this all been approved through our insurance carrier? Make sure all of our bases are covered. The motion passed.

(7)

DISCUSS/APPROVE/DENY ADVERTISING FOR AN RFP FOR A HUNTINGTON AIRPORT CURATOR.

Commissioner Cowley indicated that the Commissioners had talked about this earlier this year and put out an RFP and did not receive a response. The RFP requirements have been re-worked and is ready to advertise again to try and get a response. Commissioner Paul Cowley made a motion to advertise an RFP for a Huntington Airport Curator. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(8)

DISCUSS/APPROVE/DENY AN ORDINANCE FORMING A COMMUNITY RE-INVESTMENT AGENCY.

Commissioner Brady indicated that this is a topic we have discussed in the past. It would give us a tool for Economic Development for those projects that could be looking at locating in our county. We would be able to do things that we wouldn't be able to do as a Commission but could as an Agency. We could offer certain things as an incentive to locate a project in our county. In our last Commission meeting we talked about advertising for an RFP for a professional to analyze these projects to be sure that the projects are either a benefit or detriment to the county. Forming a Community Re-Investment Agency is just another step in that process.

Brenda Tuttle asked if there is a copy of the ordinance for review? What affect will the ordinance have on the County? Will there be others on the Board of Directors? Commissioner Brady indicated that the Commissioners will be the only board members. There is a copy of the ordinance. Phil Fauver asked how this board would differ from the Economic Development Board. Commissioner Brady answered, 'authority'. Attorney Mike Olsen indicated that he has

checked the state code and it is allowable by law. Commissioner Sitterud stated that he is for bringing jobs into the county if it doesn't interfere with a business already established in the county. Commissioner Brady indicated that it would be a good thing to have in place if a project comes up. Commissioner Paul Cowley made a motion to table this matter until a later date. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(9)

**DISCUSS/APPROVE/DENY CONTRACT WITH COLIN RAY FOR A CONCERT AT THE 2017 EMERY COUNTY FAIR.**

Shannon Hiatt came before the Board of Commissioners to propose Colin Ray for a concert at the 2017 Emery County Fair. He explained that he was asked to put together a concert package for consideration. He contacted a booking agent to get a list of entertainers available on August 5th. The list needed to be area specific as well. He indicated that he also looked at the dynamics of our communities. Shannon was able to find Colin Ray for that weekend. Colin Ray will be performing in Richfield the next weekend. They are hoping to also get Ryan Shupe and the Rubber Band. Shannon explained that Colin Ray was here 10 years ago for a performance following the Crandal Canyon Mine Disaster to help raise money for the families. It was very well attended. Shannon suggested a cross promotion with the 10 year anniversary of the mine disaster. The contract amount for Colin Ray is \$20,000.00. Commissioner Sitterud questioned the cost for the performance. He suggested that in looking at the contract and all the requirements of the contract there is the possibility to blow the budget with this contract.

Amanda Leonard assured the Commissioners that they have been very conscientious and conservative with the other items for the fair because they knew they would have to go bigger with the concert. Commissioner Cowley expressed concern that they would not be able to recoup their money. Shannon commented that in years past the concert has been free.

Comments he has received from past attendees has indicated that people would be willing to pay for a big name artist. Amanda commented that recouping our money is not the purpose of the concert. The purpose is to draw people into the county. Commissioner Cowley commented on the attendance in the past years. He didn't think we would have the people coming in. Amanda indicated that the attendance deficit was due to the date. This year it is in between International Days and the Carbon County Fair. She indicated that we have more vendors signed up this year than ever before. Commissioner Brady explained that part of the problem in the past has been marketing which we are going to be a better job with this year and hopefully Colin Ray will be a big draw along with other things we have going on for the fair. Commissioner Cowley asked where the concert would be held? Shannon indicated that the Aquatic Center on the lawn.

Commissioner Sitterud asked how many people do you estimate you can accommodate?

Shannon indicated at we can put at least 10,000 people on the lawn. Commissioner Brady asked Attorney Mike Olsen has had an opportunity to look over the contract. He indicated that he has looked it over. Shannon explained that the county has done 13 concerts in the past. He indicated that they have never had a theft, an injury or any event. The Sheriff's Department has been on top of things every time. they have Search/Rescue, EMT's etc. on the scene. Mr. Dellos asked what they plan to charge for tickets to the concert? Commissioner Brady indicated \$5.00 a ticket. We are still talking about. Commissioner Sitterud asked what is their goal to recoup the cost? Shannon indicated that in the past there has never been a charge. But they hope that by getting bigger names they can get a better draw of people. Commissioner Sitterud expressed concern that they would be able recoup their money at \$5.00 a ticket. Commissioner Cowley had the same concern. Julie Johansen commented that if they have a big name people will pay.

Jordan commented that if we are not going to have a rodeo we have got to have a concert. He felt it was a good thing to have a big name come in. Mary Huntington commented that our whole fair is free. People will pay to go to the concert. Mike Olsen felt people would pay \$10.00 in heart beat. Randy Johnson asked if they have considered discounted pre-sale tickets?

Commissioner Brady expressed a desire to recommend to the Fair Board to pre-sale tickets and charge \$10.00 tickets. We would have to get the contract approval from Colin Ray and get it on social media asap. Commissioner Lynn Sitterud made a motion to approve a contract with Colin Ray for the 2017 Emery County Fair with a recommendation to the Fair Board to charge \$10.00 at the gate and offer pre-sale tickets at a discount. Commissioner Keith Brady stepped down to second the motion. Commission Cowley abstained from voting.

COMMISSION/ELECTED OFFICIALS REPORT

Attorney Mike Olsen reported he met with the organization RUA and Governor Herbert where they reported that California has some laws on their books that is artificially raising the price of coal as it enters their state. General Council Peter Sturba feels that this violates the commerce clause. RUA is going to be looking into it with Reyes and Mr. Sturba and possibly look into asking the State of Utah to initiate litigation against California.

Commissioner Sitterud reported on a letter that the county received informing us that the Africanized Honey Bees have made it as far north as Emery County. Just be aware that they are possibly here.

Commissioner Brady talked about a session he attended at the Governors' Economic Summit.

#### DISCUSSION AGENDA

(1)  
ITEMS PULLED FROM THE CONSENT AGENDA

Nothing

(2)  
DISCUSS/APPROVE/DENY SIGNING OF LETTER TO DOGM BOARD STATING EMERY COUNTY'S POSITIONS ON MINING AND WATER RESOURCES.

Commissioner Brady commented that Emery County already has a Resource Management Plan in place making providing comment easier for anyone asking for comment. Ray Petersen indicated that this came about due to an issue with Flat Canyon Lease and Skyline Mine which brings into question some water issues and the impact mining of that lease may have on our water resources. He put together comments pulled directly from the General Plan regarding mining and water resources. The comments were submitted to the board of DOGM and they have received the comments into record. Commissioner Paul Cowley made a motion to approve the signing of a letter to DOGM Board stating Emery County's positions on mining and water resources. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(3)  
RATIFICATION OF LETTER TO MANTI-LASAL NATIONAL FOREST STATING EMERY COUNTY POSITIONS ON WILDERNESS EVALUATION.

Ray Petersen explained that as part of the Manti-LaSal National Forest's plan revision process, (they are re-writing their general plan, current 1986) as part of that process they have to evaluate

for wilderness characteristics and if there any lands that should be looked at as far as wilderness designation. Ray indicated that he accumulated the county's position regarding wilderness designation from the General Plan and submitted a comment letter last Friday. Commissioner Paul Cowley made a motion to approve ratification of a letter to Manti-LaSal National Forest stating Emery County position on wilderness designation. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(4)

DISCUSS/APPROVE/DENY SIGNING OF THE NRCS-ADS-78 ASSURANCES RELATING TO REAL PROPERTY ACQUISITION, ON THE COTTONWOOD CREEK PROJECT, ADOBE WASH SITE AS SUPPORTED BY EMERY COUNTY ATTORNEY OPINION LETTER.

Attorney Mike Olsen explained that before NRCS will release funds for the Cottonwood Creek Project NRCS must prove to us they have acquired the proper right title to do the work. Signing the NRCS-ADS-78 assures that they have the legal ability to do the things they need to do so they can release the money to us. Commissioner Paul Cowley made a motion to approve the signing of NRCS-ADS-78. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(5)

DISCUSS/APPROVE/DENY SIGNING PART III OF THE PARTIAL PAY ESTIMATE FOR THE EMERGENCY WATERSHED PROJECT.

Brenda Tuttle informed the Commissioners that this has already been taken care of through the check edit list. No action was taken.

(6)

DISCUSS/APPROVE/DENY PACIFICORP CONTRACT FOR POWER ON JESSIE ALLRED'S PROPERTY IN CASTLE DALE.

Captain Kyle Ekker explained that the new dike on Cottonwood Creek in Castle Dale went through property owned by Jessie Allred, extensively diminishing the value of the property.

The contract with Pacificorp is to pay for installation of power to the property in exchange for an easement through the property. Commissioner Lynn Sitterud made a motion to approve a Pacificorp contract for power on Jessie Allred's property in Castle Dale. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

DISCUSS/APPROVE/DENY APPLICATION TO RENEW BLM RIGHT OF WAY #UTU-5714-2.

Ray Petersen explained that Emery County applied for this ROW back in 1987 and it has since expired. This application is to renew the ROW south of Green River. Commissioner Paul Cowley made a motion to approve an application for ROW #UTU-5714-2. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(8)

**DISCUSS/APPROVE/DENY AGREEMENT WITH COUNTY SERVICES SUPPORT AND EMERY COUNTY TO ANALYZE CENTRALLY ASSESSED TAXES.**

Attorney Mike Olsen explained that Utah Association of Counties, of which Emery County is member, has created an agency to help with administrative support to strategize with other counties on how to deal with centrally assessed taxes. It will cost the county \$2,000.00 to participate based off the centrally assessed evaluations for each county of which we are on the upper limit due to our power plants and coal mines. Mr. Olsen had no objections to this agreement. Commissioner Paul Cowley made a motion to approve an agreement with County Services Support and Emery County to analyze centrally assessed taxes. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(9)

**DISCUSS/APPROVE/DENY TRAVEL BUREAU ANNUAL CERTIFIED FOLDER AGREEMENT.**

Jordan Leonard explained the Annual Certified Folder Agreement. Jordan explained that we give them our brochures, and other marketing materials which they will disseminate for us in a certain region. Moab and Grand Junction have recently opened up as part of a region that we can get in on. These brochures will be mostly Green River brochures being distributed in Moab and Grand Junction. The purpose is to drive tourist into Green River. The company will keep the brochures stocked. The cost is \$909.72 for Grand Junction and \$1,041.96 for Moab. The money will come from TRT funds. It is for one year's service from April through April.

Commissioner Lynn Sitterud made a motion to approve Travel Bureau Annual Certified Folder Agreement. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

**DISCUSS/APPROVE/DENY THE RESOLUTION TO MAKE DEPARTMENT HEAD POSITIONS AT WILL THROUGH ATTRITION.**

Commissioner Brady explained that at will is the wrong wording. It is actually making the department head position an executive position. That is the wording in the resolution.

Commissioner Paul Cowley commented that he put a lot of thought into this action. In his opinion this action doesn't change anything but the wording. The individual still has representation. It doesn't take place until the department head terminates employment with the county. When another individual is put in that position it would be executive position.

Commissioner Paul Cowley made a motion to adopt Resolution 50317 making department head positions executive positions. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(11)

**DISCUSS/APPROVE/DENY BUILDING SYSTEMS AGREEMENT WITH HONEYWELL INTERNATIONAL INC. FOR THE EMERY COUNTY AQUATIC CENTER.**

Commissioner Brady explained that Emery County has an agreement with Honeywell International, Inc. for insurance for their equipment at the Emery County Aquatic Center.

Shannon has used them often. The price is a fixed price of \$5,190.00 for three years. Having this in place has saved the county a lot of money. Shannon was able to talk Honeywell down

from \$5,800.00 price to \$5,190.00 for the next three years. Commissioner Lynn Sitterud made a motion to approve a building systems agreement with Honeywell International, Inc. for the Emery County Aquatic Center. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(12)

COMMISSION/ELECTED OFFICIALS REPORT.

Meagan Wilberg, Museum of the San Rafael reported on the opening of the Smithsonian Exhibit 'The Way We Worked' at the MOSR from May 20, 2017 through July 8, 2017. There is also an exhibit of 'The Way We Worked in Emery County' from 1880 through 1980. American Legion from Orangeville will be holding a bake sale during the opening on the 20th.

Keith Brady reported on a meeting with agencies responsible for watching out for our water.

Sheriff Funk reported on Deputy Ward's daughter going in for another surgery. Commissioner Brady commented on a fundraiser for Kina Jewkes.

ITEMS PULLED FROM THE CONSENT AGENDA.

Nothing.

(2)

OPENING BIDS FOR THE COTTONWOOD CREEK PROJECT, ADOBE WASH SITE.

Commissioner Brady indicated he received a text from Captain Kyle Ekker stating that after talking with NRCS we should consider tabling the opening of bids for the Adobe Wash Site and leave the bids closed to protect the unit prices of the contractors. We need a new design on the spillway. Merrill Johansen explained that basically, J&T had the state here reviewing the plans at the same time we were bidding it to hurry up the process. They met with them yesterday and the state wants to move the spillway to a different location. We are doing some extra surveys to decide if it is a big change or if it is just going to increase some of the quantities. Once they know that, they will decide if they need to re-show the site with the changes and rebid it or keep it at current unit prices and open them in the next meeting. Motion to table was made by Commissioner Paul Cowley, seconded by Commissioner Lynn Sitterud, and the motion passed.

(3)

PRESENTATION BY BRET MILLS REGARDING POSSIBLE NEEDS AND CHANGES TO TV AND COMMUNICATION.

Bret Mills, Communications explained possible changes to TV and Communications in Emery County. Congress, in a way to get some extra money in their account, put all the free over the air tv channels from channel 37 and up out for auction to the highest bidder. They sold for \$8 billion dollars. This was much less than the \$80 billion they had anticipated. At first the plan was to make enough money to help the main, high power stations in Salt Lake City pay for all their equipment to move their channels from 36 and down. Nevertheless, they sold Utah's, free, over the air, tv channels from 37 and up to T-Mobile. So basically T-Mobile can now come in and give us a letter and in 180 days we would have to be off those channels. This leaves the county on our own. The tv system is huge. You have to re-engineer all of it because one site affects the other site. The tv translators are a secondary service, we don't get any money from them, unless T-Mobile wants to help us move to keep in good standing with the public. Bret indicated that he talked with Senator Orrin Hatch about this a long time ago. This plan was sold to the legislature with the premise of offering free, over the air, internet to the citizens of the state. Then they pulled a fast one and sold it to the cell company to make a profit. Before we changed over to digital channels we went to CIB for a grant for enough money to change the television signal equipment from analog to digital. This is called the Eastern Utah Television Technologies Association. It is collaborative effort with Emery, San Juan, Carbon, Uintah, Duchesne and later Dagget County as they are tied to each other for the television signal. Grand County pulled out before the agreement was signed. With our geographic location there is no way for us to get tv

right from Salt Lake. We pick it up from the mountain above Saratoga Springs where it is micro waved down, split out and sent to the Uintah Basin and down to Monticello ( San Juan County).

We will have to change the head end equipment and re-tune all the amplifiers at a cost of approximately \$3,000.00 per channel per site to change to a different channel for the channels 36 and down. Not only is there a cost involved but we will have to rearrange everything and re-engineer the channels so that they don't overlap. If Carbon County puts channel 15 on Star Point site above Wattis and we are on Horn Mountain on channel 15 then people in Elmo and Cleveland will not get tv because they will overlap. So there is a lot of engineering involved, as well as work/collaboration between the different counties involved. Bret indicated will be working on micro wave at Cedar Mountain to shoot a signal to Green River to keep them on.

This will eliminate 9 channels that we can re-use to spread out throughout the county. A lot of engineering is going to be involved. He will try to keep the cost down as much as possible. He indicated that they may have to put some channels going up the canyons back on VHF. We can't use channel 6 and down. 7 through 13 are VHF high band because of interference issues with the digital signal. Hopefully the Commission will support us through the AOG to get grants and keep things going for our citizens. We have a huge amount of citizens using over the air free tv.

It is important that within our communities that we continue to offer free over the air tv. With our economy right now there are so many people that are on fixed incomes or are out of work and can't afford to spend \$100.00 on cable so we need to do all we can to keep our free over the air tv going.

(11)

DISCUSS/APPROVE/DENY REPAIR THE SOFT SPOT ON SR-10, PART OF THE SOUTH MOORE CUT-OFF PROJECT, PHASE 10.

Merrill Johansen explained that they filled out a C-107 which is a change order just to get the contractor started. UDOT and Federal Highway had to sign the change order. Then we will have to do a change order for the Commission to sign. Funds were remaining from the federal funds from the So. Moore Cut-off Road Pjt. The matching funds will come from UDOT so the county won't have to come up with money. All the repairs are on the highway from the existing conditions of the roadway. They have a portion of the existing road that will be roto milled out and replace it with asphalt to fix the road. They will do the full length of the project rather than gamble that the rest will not do the same. Commissioner Paul Cowley made a motion to approve repair of the soft spot on SR-10, part of the So. Moore Cut-Off Project, Phase 10. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(12)

DISCUSS/APPROVE/DENY MOU WITH EMERY COUNTY SCHOOL DISTRICT FOR PURCHASE OF WIBIT.

Commissioner Brady explained that a WiBit is an inflatable obstacle course. We have talked to the Emery County High School Principal, the High School Swim Coach, and the Emery County School District Board. It has been approved by the Emery County School Board. Basically the MOU is to formalize an understanding of cooperation and assistance between Emery County and The Emery County School District regarding the purchase and use of WiBit water sports equipment at the Emery County Aquatic Center. The purchase of the equipment will aid in the training, and enhance the skills of the Emery County High School Swim Team. It will also diversify the Aquatic Center and provide another alternative in an effort for the health and

welfare of the public. EC and the District agree to jointly purchase a WiBit. Each party will pay 50% of the cost of the equipment. The WiBit will be owned by Emery County and fixed asset tag affixed. The County will provide maintenance, insurance cost and other expenses during the term of the agreement. The County and district agree that the Aquatic Center will charge \$5.00 per person per hour for use of the WiBit and reserves the right to alter this fee schedule if deemed necessary. After costs are paid, 33% of the profits will go the Swim Team paid each year by November 1st. Commissioner Paul Cowley made a motion to approve of MOU with Emery County School District for purchase of WiBit. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(24)

DISCUSS/APPROVE/DENY LETTER OF GOED REGARDING MONIES THAT WERE GIVEN TO SUCDC.

Jordan Leonard explained that the State Legislature is looking at not allowing businesses to get the 100% tax credit. A letter to the Governor's Office of Economic Development has been drafted recognizing the Southeast Utah Community Development Corporation for the asset that they have been to our community. They focus on helping with other programs, such as suicide prevention, and are constantly helping those in need in our community. The letter expressed the feeling that the enterprise zone tax credits have been very beneficial and allow programs like this to continue. The letter expressed the feeling of the Commission that the enterprise zone tax credits have been very beneficial to our local non-profits, and they hope that the enterprise zone tax credits will continue in the future. Commissioner Paul Cowley made a motion to approve a letter of GOED regarding monies that were given to SUSDC. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

**DISCUSS/APPROVE/DENY CHANGE ORDER FOR THE EMERGENCY WATERSHED PROTECTION PROJECT.**

Merrill Johansen, J&T Engineering explained that they are closing this project out. The change order is for -\$51,093.70, bringing the total contract cost to \$481,719.45. The reason for the under run is we were going to do a larger project along XTO but couldn't get the right-of-way in time, so we did a smaller portion of that project decreasing the total contract amount. This closes out the project. Next Commission meeting we will have a pay request for the release of retainage on the project. Commissioner Paul Cowley made a motion to approve the change order for the Emergency Watershed Protection Project. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(9)

**DISCUSS/APPROVE/DENY CHANGE ORDER FOR THE EMERGENCY WATERSHED PROTECTION PROJECT CASTLE DALE DIKE PROJECT.**

Merrill Johansen explained that J&T has completed the final inspection of the project and they are ready to close this project out. They have passed off all the work completed by Perco Rock. The reason for the change order is the project decrease by -\$5,600.00. The new contract amount is \$178,148.00. Next Commission meeting we will have a pay request for the release of retainage on the project. Commissioner Paul Cowley made a motion to approve a change order for the Emergency Watershed Protection Project Castle Dale Dike Project. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(10)

Tabled.

(27)

DISCUSS/APPROVE/DENY ABATING TAXES ON PARCEL #1-188-1 FOR HUNTINGTON CITY.

Assessor Kris Bell explained that Huntington City purchased property within the city and are asking to have the taxes abated. Cities are exempt from taxes and the Commission doesn't

necessarily have to abate the taxes, although, historically they have been abated. However, the city would be paying the taxes with taxpayer money. After some discussion on this matter and upon the recommendation of Kris Bell, Commissioner Lynn Sitterud made a motion to abate the taxes on Parcel #1-188-1 for Huntington City. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(28)

**DISCUSS/APPROVE/DENY SCHOLARSHIPS FOR THE 2018 GO WEST SUMMIT REGISTRATION FOR HOTEL OWNERS/MANAGERS.**

Tina Carter discussed scholarships for the 2018 Go West Summit Registration for hotel owners/managers. She explained that the GO West Summit is being held in Salt Lake City in 2018.

This is trade show where you meet one on one with bus/tour operators. The Travel Board has recommended to offer 3 scholarships to our hotel properties. The scholarship pays for their registration fee, education session, meals. The total for all three scholarships is \$7,185.00 from TRT funds. They will have to pay their own travel expense. They will have the opportunity to meet with bus tour guides and make contacts with tours to try and get them in the direction of their motel as they tour the National Park areas or other destinations. The opportunity will be sent out to all owner/managers in the county and it will be first come first served. This is the first time the Travel Bureau has tried this scholarship but they felt that with the summit in Salt Lake City maybe more would be able to attend. Tina felt that once those owners make those connections that they may want to go back. Commissioner Paul Cowley made a motion to approve the three scholarships as recommended by the Emery County Travel Bureau. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(29)

**DISCUSS/APPROVE/DENY ADVERTISING FOR BIDS FOR THE EMERGENCY WATERSHED PROTECTION ORANGEVILLE FLOOD CONTROL PROJECT.**

Commissioner Cowley made a motion to approve advertising for the Emergency Watershed Protection Orangeville Flood Control Project. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(30)

**COMMISSION/ELECTED OFFICIALS REPORT**

Sheriff Greg Funk reported that there will be a golfing fund raiser and raffle on June 17th for the captain of their Search & Rescue team, Greg Jewkes to help with expenses related to his daughter's surgery that were not covered by their insurance. Sheriff wanted to convey to everyone the urgency of using caution around the high and swift water this summer. Search & Rescue has been out on several rescues on the Green River already this season.

Commissioner Brady talked about the states' search and rescue insurance card that is available to purchase. Go to [rescue.utah.gov](http://rescue.utah.gov). He indicated that he has had discussions with the Sheriff regarding reimbursements to cover the cost associated with rescue. He talked about the high number of rescues that the Search & Rescue has already had this year. Currently they apply to the state for reimbursement for rescues for fuel, helicopter, training, and a small amount of the

equipment use. Services are being paid for by the taxes from the hunters and OHV users. The state is trying to spread it out a little to where most of the calls are to, which is those people who are not paying into the taxes.

Commissioner Brady reported on attending tours with the Public Lands Council where he witnessed a multi agency training and several areas around Green River.

#### DISCUSSION AGENDA

(1)  
ITEMS PULLED FROM THE CONSENT AGENDA.

Nothing.

(2)  
AWARD ADOBE WASH SEDIMENT BASIN 2017 PROJECT BID.

Commissioner Brady read a letter from Johansen & Tuttle Engineering informing the Emery County Commission that they have reviewed the bids submitted on June 6, 2017 for the Adobe Wash Sediment Basin 2017 Project. Based on the specs of the bid package J&T Engineering recommended Feller Enterprises with a bid of \$1,307,355.00 be awarded the project. No action was needed.

(3)  
AWARD EMS BILLING AND COLLECTION SERVICES BID.

Commissioner Brady read a letter from the EMS Quality Improvement Board recommended awarding the bid for EMS Billing and Collection Services to JCI Billing. Upon review of the bids it was determined that JCI Billing, who currently is contracted to provide the service, proposed the best rate of \$36.00 per claim. No action was needed.

(4)

**OPEN BIDS FOR THE CONSTRUCTION OF THE DES BEE DOVE TRAIL CLEARING PROJECT 2017.**

Bids were opened and read aloud for the construction of the Des Bee Dove Trail clearing project 2017. Three bids were submitted as follow:

1. High Desert Excavating, Inc. \$19,780.00
2. Nelco \$65,150.00
3. Harrison Oil Field, Inc. \$32,500.00

Commissioner Lynn Sitterud made a motion to turn the bids over to J&T Engineering for evaluation and award the bid based upon determination of the lowest and best bid that meets our needs. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

**OPEN BIDS ON ORANGEVILLE PORTION OF THE COTTONWOOD CREEK PROJECT.**

Bids for the Orangeville portion of the Cottonwood Creek Project were opened and read aloud as follow:

- Perco Rock \$294,969.00
- Feller Enterprises, Inc. \$287,704.00

Commissioner Lynn Sitterud made a motion to turn the bids over to J&T Engineering for evaluation and award the bid based upon determination of the lowest and best bid that meets our needs. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

**DISCUSS/APPROVE/DENY EMERGENCY WATERSHED PROTECTION PROJECT ORANGEVILLE FLOOD CONTROL PLANS**

Captain Kyle Ekker and Merrial Johansen explained that they are waiting for a wetland determination from the Army Corps of Engineers and one ROW to move forward with this project. Commissioner Brady suggested moving forward with approval of the plans once all the permits are in place. Commissioner Lynn Sitterud made a motion to approve moving forward with the project once all the permits and ROW are in place. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

**DISCUSS/APPROVE/DENY CHANGE ORDER FOR THE SOFT SPOT REPAIR ON SOUTH MOORE CUT-OFF ROAD PROJECT.**

Commissioner Brady explained that this is to finalize the South Moore Cut-Off Road Project. There is no money coming out of the county. The state and feds are covering the cost of the repair. Merrial Johansen explained that this project is funded by earmarked federal funds that did all of South Moore Cut-Off Road Project. UDOT came up with the match. This change order is for \$120,821.50. Since the repair is on a project that we haven't closed out, the change order has to go through the county. This will close out the project. Commissioner Paul Cowley made a motion to approve a change order for the soft spot repair on South Moore Cut-Off Road Project. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(8)

DISCUSS/APPROVE/DENY TRAVEL BUREAU'S APPLICATION FOR THE UTAH OUTDOOR RECREATION GRANT FOR WAYFINDING PROJECT IN THE LOWER SAN RAFAEL COUNTY ROAD #1010.

Tina Carter explained that this was brought about through the Trails Committee. They have applied for funding to do the Lower San Rafael Road County Road #1010. This would be from Green River down Airport Road toward Saucer Basin. This would allow for additional signage to ensure visitors have a good experience instead of getting lost. The road is about 64 miles long. The total amount of the project is \$10,000.00. The State will match with \$5,000.00. Travel Bureau would match with \$5,000.00 of which TRT funds will be used for \$3,380.00 and the remainder would be in-kind work through the Trails Committee. With the understanding that the funds used for this project are coming from TRT Funds and not county funds, Commissioner Lynn Sitterud made a motion to approve the Travel Bureau's application for the Utah Outdoor Recreation Grant for Wayfinding Project in the Lower San Rafael County Road #1010. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

Commissioner Paul Cowley made a motion to approve the 2017 Certified Tax Rates for Emery County and Castle Valley Special Service District as presented. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(10)

DISCUSS/APPROVE/DENY ADOPTION OF THE EMERY COUNTY CORE CAPABILITIES AND GAP ANALYSIS REPORT JUNE 2017.

Captain Kyle Ekker explained the Emery County Core Capabilities and Gap Analysis Report. Each year we earmark money for addressing changes/updates to the Emergency Operation Plan. This is part of the County General Plan, not the Sheriff's Office. We started this process two years ago. This has to be done to request reimbursement from state and federal grants. This addresses how deal with evacuation of our Senior Citizens. He requested the county adopt this attachment to the Emery County General Plan. Commissioner Paul Cowley made a motion to adopt the Emery County Core Capabilities and Gap Analysis report for June 2017. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(11)

DISCUSS/APPROVE/DENY SIGNING CONTRACT AND SUPPORTING DOCUMENTS ON THE MILLSITE DAM REHABILITATION PROJECT.

Captain Kyle Ekker addressed the Commissioners and acknowledged the presence of Matt Collin, Project Engineer from Utah Division of Water Resources on the Millsite Dam Rehabilitation Project. Captain Ekker reported on the construction meeting they had earlier and things that were discussed. Representatives from the Ferron Canal & Reservoir Company, and Staker & Parson-Nielson Construction were present. They talked about signing the notice to proceed and contractual agreements. There were some terms in the agreement that were discussed regarding a change in the interest rate and turnaround time for payment procedures.

Commissioner Paul Cowley made a motion to approve signing the contract and supporting documents on the Millsite Dam Rehabilitation Project. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

Attorney Mike Olsen addressed the Reimbursable Agreement for Final Design and Construction Engineering Services between Emery County and the Utah Division of Water Resources.

NRCS covers 100% of the engineering costs for the project in conjunction with the contract for construction. This is a pass through project for Emery County. The funds are made available from NRCS and passed through Emery County to the contractor for the project with the terms as set out in the document. Mr. Olsen indicated he has no exception to the agreement.

Commissioner Paul Cowley made a motion to approve a Reimbursable Agreement for Final Design and Construction Engineering Services between Emery County and the Utah Division of Water Resources. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(12)

DISCUSS/APPROVE/DENY ADOPTING RESOLUTION AUTHORIZING THE FILING OF CROSS-APPEALS FOR 2017 CENTRALLY ASSESSED PROPERTIES.

Attorney Mike Olsen explained that legislation has changed with regard to Centrally Assessed

properties and how they appeal their taxes. He indicated that to show that the County is aware of the change and to comply with the law, he would like to authorize the filing of cross-appeals for each centrally assessed property as it is filed. We have previously adopted resolutions for Pacificorp, AT&T Mobility and Level 3 Communications. This resolution is for SPRINT and Verizon Wireless. Commissioner Paul Cowley made a motion to adopt Resolution 6-20-17A authorizing the filing of cross-appeals for 2017 Centrally Assessed Properties. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(13)

DISCUSS/APPROVE/DENY USING BLUELINE SERVICES TO DO BACKGROUND CHECKS.

Mary Huntington indicated that she recommends contracting with Blueline Services to do background checks. A typical background check will cost \$12.00. Commissioner Lynn Sitterud made a motion to approve using Blueline Services to do background checks. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(14)

DISCUSS/APPROVE/DENY RESOLUTION ESTABLISHING A CAP ON THE EMERY COUNTY INSURANCE STIPEND.

Mary Huntington explained that the Emery County Commission approved a monthly stipend in the October 9, 2005 commission meeting that is equal to the cost of single coverage when both the husband and wife work full-time for the county. She recommended adopting a resolution establishing a cap on the monthly stipend. The cost of single coverage varies based on certain criteria. If the cost of single coverage exceeds \$900.00 per month, the maximum allowable to be paid as an insurance stipend to full-time county employees who also have a spouse working full-time for the county would be set at \$900.00 per month. Commissioner Paul Cowley made a motion to adopt Resolution 6-20-17B establishing a cap on the Emery County Insurance Stipend. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(15)

DISCUSS/APPROVE/DENY DONATIONS FOR NATIONAL AMERICAN MISS STATE FINALISTS KIRA SAILING.

Kira Sailing came before the Board of Commissioners to request a donation to assist in her quest as a finalists for National American Miss State Competition in Las Vegas, NV. She explained that this is totally a scholarship pageant. She has had to send in her school transcripts and work history to qualify. It is separate from the Emery County Pageant. She indicated that she needs help to pay for entry fees and travel expenses. Commissioner Brady indicated that the usual amount for this type of donation is \$250.00. Commissioner Paul Cowley made a motion to approve a \$250.00 donation to Kira Sailing, finalist for National American Miss State. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(16)

DISCUSS/APPROVE/DENY A DONATION ON BEHALF OF THE EMERY COUNTY SUMMER YOUTH SOBER PROGRAM.

Commissioner Brady notified the public that Zions Public Finance, Inc. has been awarded the bid for the Economic Impact Analysis.

(3)  
PRESENTATION AND DISCUSSION WITH FOREST SERVICE REGARDING NUCKWOODWARD ROAD.

Darren Olsen, US Forest Service started discussion with a brief history of the area. In June of 2012 a lightning strike on Seely Mountain caused a fire that quickly got out of hand, burning 48,000 acres over a week to two week period. Rain events following the fire brought flooding to the area. Unfortunately they had to close the Nuckwoodward Road for three plus years. The Forest Service has received input from many people thanking them for closing the road and complaints that the road is closed. The OHV Clubs in the area have proposed a seasonal closure as an alternative to road closure. The Forest Service has looked at the proposal and met with both Carbon and Emery County's Commissioners. The road is mostly in Emery County but used by people in both counties. They presented the proposal to Public Lands Councils, Emery County Trails Committee and the OHV Clubs. Not once did they hear either county endorse or support the proposal of seasonal closure. After they presented the process the Forest Service exercised the option to go in and implement a temporary closure. The proposal was to allow motorized use of the road during the summer months and close the road during the hunting/fall season ( Tuesday after Labor Day), open back up during winter for snowmobile use. They are not recommending a permanent closure at this time. This decision has no bearing on wilderness issues or being pushed by any special interest groups. If a determination is made to close the road the Forest Service will follow the public process as part of the required NEPA process. He added that the Forest Service has 1,300 miles of trail roads. He stated that closing roads is very unusual for the Forest Service. This discussion was generated as a result of the proposal for a seasonal road closure. After December 31st they will go through a comment period process to make any further decisions.

Commissioner Brady explained that this discussion was requested by the Commission due to the amount of calls they have received indicating that the Commissioners had made a decision to support the road closure. Commissioner Brady stated that the Emery County Commission as a whole has not formally or publicly made any decision or statement in support of the proposal to seasonally close the Nuckwoodward Road. Commissioner Cowley stated that he personally supported the seasonal road closure. He added that as a hunter who frequented that area he has personally seen an improvement in the amount/quality of the deer/elk herds in that area.

Commissioner Sitterud stated that personally he was not in favor of the temporary/seasonal road closure. Commissioner Brady reiterated that the Emery County Commission, as a body, has not officially supported the proposal to seasonally close the Nuckwoodward Road. Comments from several individuals in attendance were expressed in support of keeping the Nuckwoodward

Road open.

(4)

**RATIFICATION OF COTTONWOOD CREEK PROJECT EXTENSION.**

There is no money involved in this extension just an extension of time (90 days) to allow time to complete the project. The project would be extended until late December. Commissioner Paul Cowley made a motion to ratify the approval of Cottonwood Creek Project Extension. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(6)

**DISCUSS/APPROVE/DENY EMERY COUNTY'S SUPPORT IN CONVERTING CRANDALL CANYON MINE SITE INTO A CAMPGROUND.**

Commissioner Sitterud explained that the Commissioners are not looking to say that Emery County is pushing for this or wanting to be involved in building it. The mining company, as part of their reclamation plan, is leaning toward turning the canyon back to the public. If the mining company offers to donate this property for a campground, the Commissioners will be able to say that we have talked about it and have an opinion in support of the proposal. After the Seely fire we lost so many camping areas that this option would benefit the public by giving them a place to camp. Commissioner Lynn Sitterud made a motion to, as a County Commission, support the mining company and the Forest Service if this is the direction they choose to go. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

**DISCUSS/APPROVE/DENY MARKETING MATCH FOR EMERY COUNTY WORKING RANCH HORSE FROM THE TRAVEL BUREAU BUDGET.**

Jordan Leonard explained that the Emery County Working Ranch Horse came to the Emery County Travel Bureau to ask for matching funds to assist in promoting their event. They will be teaching kids how ride and break horses. They will host approximately 30 families for this event.

They estimate the project will be \$4,000.00 and have requested \$2,000.00. This would come out of TRT funds. Commissioner Lynn Sitterud made a motion to approve Marketing Match funds for Emery County Working Ranch from the Travel Bureau budget. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

**DISCUSS/APPROVE/DENY TOURISM INCENTIVE FUNDING FOR FIRE PIT FROM THE TRAVEL BUREAU BUDGET.**

Jordan Leonard explained that Fire Pit bought out Fatty's. They have remodeled the building. They would like to put tables and chairs in front, fencing around the property and make it look

more appealing. They anticipate this will cost \$11,640.87. They are asking for the retail incentive grant to assist in this project. The Travel Bureau feels this is a good project because it will beautify the building and improve the property thus increasing the property taxes. The Travel Bureau would match the project with \$5,000.00 from the Travel Bureau budget. Commissioner Paul Cowley made a motion to approve incentive funds for Fire Pit from the Travel Bureau budget. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(9)

DISCUSS/APPROVE/DENY RENEWING LEASE AGREEMENT WITH SITLA FOR OHV TRAILS IN EMERY COUNTY

Public Lands Director, Ray Petersen discussed renewing a lease agreement with SITLA for OHV Trails in Emery County. In 2008 we entered into an agreement with SITLA for 30 miles of trails on SITLA land for a term of 10 years. This renewal lease is for 10 years also and is no cost to the county. The fees that are paid to SITLA come through the OHV fees that users pay when they register their ATV's. The fund that is used to create, promote and maintain trails.

The lease agreement is the same as the previous agreement with updated dates. Commissioner Lynn Sitterud made a motion to approve renewing a lease agreement with SITLA for OHV Trails in Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSS/APPROVE/DENY CONTRACT WITH DAL DEE GUYMON, AIRPORT CURATOR.

Commissioner Paul Cowley made a motion to approve a contract with Dal Dee Guymon for Huntington Airport Curator. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(11)

DISCUSS/APPROVE/DENY BUSINESS LICENSE FOR TEAM HARD ROCK, LLC

Commissioner Brady explained that there is a mining claim 4.4 miles east of Clawson, Utah called Septarianville, which includes three 20 acre pieces of BLM land. They would let individuals come out and dig for free but pay for the rocks if they want to take them. They hope that by bringing people to Emery County they will spend money here as well as offer an opportunity to bond with DNR and BLM. Zoning Administrator, Jeff Guymon indicated that they still need to go through the Level II zoning process. He suggested approving the license contingent upon bonding with DNR and BLM and complete the Level II permit process.

Commissioner Paul Cowley made a motion to approve a business license for Team Hard Rock, LLC contingent upon their receiving bonding from BLM and DNR and completing the Planning & Zoning Level II process. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(12)

DISCUSS/APPROVE DENY ADOPTING DOMESTIC VIOLENCE RESOLUTION.

Commissioner Brady explained that this came from Commissioner Whitney from Beaver County. As President of UAC Board he is encouraging the counties to approve a resolution regarding Domestic Violence as a fundamental right. That local government has a responsibility to continue securing their rights on behalf of the citizens. Attorney, Mike Olsen explained that the purpose of the resolution would be recognize that domestic violence is a human rights issue and you, as local government, will raise awareness and enhance domestic violence education in the communities, the public and private sectors and within your government agencies. Julie Johansen wondered if this wasn't already a part of the General Plan rather than creating a new resolution? Ray Petersen suggested checking with the Department of Health or the Domestic Violence Coalition which we already have in the county. Commissioner suggested changes to the resolution by changing : whereas, by recognizing domestic violence is a human right issue that Emery County will support awareness and domestic violence education in the communities, the public and private sectors. And in Section 2 : Emery County declares state and local government bears the responsibility to secure this human right for its citizens. Commissioner Paul Cowley made a motion to approve Resolution 8-22-17 with the corrections Commissioner Brady suggested. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(13)

COMMISSION/ELECTED OFFICIALS REPORT

Attorney Mike Olsen reported that he attended a meeting with RUA on August 21st where they discussed Garfield County's/Kane County's suit under definition of the Sunshine Law. Garfield is a member of RUA so they have asked RUA to participate. Basically they are stating that because the secretary of the interior held a meeting or met with the commission that was held behind closed doors or was not noticed up that, that was meeting that was under the definition of that statute. So they are asking for an injunction to have them stop doing that. The important part is the how the court interprets that law. Basically they are going to say, any time that there is two commissioners together that is a meeting under the statute. The other side is saying that they can receive information with two of them at the same time. We will watch this close. The

board of RUA voted to have Peter Sturba represent them. We will keep watching this.

Commissioner Sitterud reported that the decision to close the Nuckwoodward Road has been put on hold for this year.

Commissioner Brady attended two meetings with the power plants. Huntington Plant received a #1 rating in the United States. Hunter Plant received #2 rating. He reported that he felt the 25k Jobs Summit went well. Emery County really needs to keep pushing for Economic Development.

Commissioner Cowley that on September 2nd there will be a Drone event at the Huntington Airport.

We then have two more events coming up in September, Peach Days in Ferron City and Melon Days in Green River City.

The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(4)  
**PUBLIC HEARING: TO TAKE PUBLIC COMMENT ON LEVEL 3 CONDITIONAL USE PERMIT FOR KFJ SUBDIVISION AND ZONE CHANGE.**

Jeff Guymon, Acting Director of Planning & Zoning explained the circumstances regarding a Level 3 permit for KFJ Subdivision and the needed Zone change. Johansen & Tuttle Engineering was in the process of working on a subdivision for Kerwin Jensen, owner of the business in the industrial zoned area, when they found that there are four residences located within the industrial zone, which is not allowed. The Planning & Zoning Commission did some research and found that the county approved the building permits for the residences. Because of

the lot sizes and the needed zone changes the Planning Commission recommended that lots #1,2, 3,4 be zoned as A1. Lots #5,6,7,8,and 9 stay in the Industrial Zone. The businesses operating within these lots are in accordance with the Industrial Zone. The Planning Commission recommended obtaining encroachments from UDOT for safe access in and out of the area. Resolve any conflicts with neighbors. Provide all water and sewer hook-ups. Get building permits for any new structures. File an amended plan if anything changes in the future.

(5)  
DISCUSS /APPROVE/DENY LEVEL 3 CONDITIONAL USE PERMIT FOR KFJ FOR SUBDIVISION AND ZONE CHANGE.

PRESENTATION OF YEARS OF SERVICE TO SCOTT N. JOHANSEN.

Attorney Mike Olsen read a tribute prepared for Scott N. Johansen

Scott retired in 2016 from his 24 year tenure as the Seventh District Juvenile Court Judge. He became the Judge in 1992 after serving as the Emery County Attorney for 13 years. As Judge he served Carbon, Emery, Grand and San Juan counties. He also served as the felony drug court Judge in Emery and family drug court in Carbon County until his retirement. In 2014, he received the Chancellor's Medallion Award at the USU Eastern Commencement exercises.

Scott received his law degree from the J. Reuben Clark College of Law at BYU in 1977 and practiced with the Price law firm of Frandsen, Keller & Jensen from 1977 to 1979. He served as city attorney for several cities and towns in Carbon, Emery, and Sanpete counties and is a former president of the Utah Association of Counties. Scot is the past chair of the Board of Juvenile Court Judges, past chair of the Judicial Council's Policy and Planning Committee, past member of the Sentencing Commission and the Judicial Council. Scot made landmark changes in the Juvenile Justice System, and transformed that system by helping to create the Juvenile Sentencing Guidelines and also by helping to secure significant amounts of funding for the system to be used in the hiring of probation officers and in funding services for those involved in the juvenile justice system. He championed education and had an unrivaled 96% high school graduation rate for juveniles that came before him.

Scott is the son of the late Eugene and Grace Johansen and the husband of Laurel Johansen.

They have five children- two sons and three daughters. They have 20 grandchildren, including a set of twins and a set of triplets and their 21st grandchild is expected in November. He has maintained his active role in their lives even during his fight with leukemia and afterward. Scott was diagnosed with leukemia in 2015 and after a long, hard courageous battle he was declared

leukemia free in September of 2016.

He is always accompanied by grandchildren, whether it's working with them out on the farm or riding horses in Joe's Valley. He's the grandpa that was seen sliding down rocks and hiking through Yosemite and he was also involved in instigating, encouraging and participating in paddleboard fights at Bear Lake. He loves training little cowboys and farmers out at the field and spends a lot of his time in retirement converting from flood irrigation to the new sprinkling system, which he thoroughly enjoys.

Ever the historian, he regales family with stories from WWII and with experiences from his own life ranching in Joe's Valley and prosecuting murders in his early career. He enjoys traveling to see his grandchildren and he's always up for excursions delivering Hereford bulls to buyers throughout the west and Midwest for the JoBulls operation. His family feels as though they were granted a miracle in having him still with them after his bout with cancer and they enjoy every minute they get to spend with him.

Scott has gained the respect and admiration of many during his years of service to his community family and church.

Scott was presented with a plaque of appreciation from Emery County.

(5)  
OPEN AND REVIEW BIDS FOR MURAL AT THE MUSEUM OF THE SAN RAFAEL.

There was one bid for a mural at the Museum of the San Rafael. The bid was from Kaelynn Winn Fine Art in the amount of \$8,200.00. The project was locally advertised. Museum Director Maegan Wilberg explained that a capital request was made for \$3,500.00 during 2017 budget process. Brenda Tuttle suggested that they could rollover the funds to next year and do the project in 2018. Maegan indicated that there is no hurry on a decision. Commissioner Kent Wilson made a motion to table this until another meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)  
RATIFICATION OF SIGNING OF CUT-OFF DATE EXTENSION FOR SOUTH MOORE CUT-OFF ROAD PHASE 10.

Commissioner Paul Cowley made a motion to ratify the signing of Cut-Off Date Extension for South Moore Cut-Off Road Phase 10. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(7)  
DISCUSS/APPROVE/DENY SIGNATURE ON CHANGE ORDER NO.1 ON THE  
MILLSITE DAM REHABILITATION PROJECT.

Commissioner Sitterud explained that the survey was done incorrectly and has to be re-done. The cost is \$10,106.00. The cost to Emery County is approximately \$300.00. This is between the NRCS and the water users. Emery County is just a pass through and administer for the project. The cost is within the budget for this project. The county has to approve all the work. Commissioner Paul Cowley made a motion to approve Change Order #1 on the Millsite Dam Rehabilitation Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(8)  
DISCUSS/APPROVE/DENY ORDINANCE DECLARING SMOKING PROHIBITED IN  
OUTDOOR PLACE OF PUBLIC ACCESS.

Attorney Mike Olsen explained that this is something that is being done in other counties and cities. It addresses the issue of smoking in ball parks, playgrounds, events, etc within 25 feet of public access. He indicated that this is an issue that law enforcement as well as his office has had several calls about and have asked for clarification of the state statute or a county ordinance. If the ordinance is passed it will be advertised in the paper for two weeks and up to the venue, such as the parks to post a sign citing the ordinance. Commissioner Paul Cowley made a motion to approve an ordinance declaring smoking prohibited in outdoor places of public access. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(9)  
DISCUSS/APPROVE/DENY PROVIDING FLU VACCINES THIS YEAR IN  
CONJUNCTION WITH OUR WELLNESS CLINIC NOVEMBER 1-2, 2017 IN CASTLE  
DALE AND NOVEMBER 3, 2017, IN GREEN RIVER.

Commissioner Paul Cowley. The motion passed.

(12)

DISCUSS/APPROVE/DENY AN ORDINANCE TO DECLARE AND ENFORCE A GENERAL POLICY FOR THE FENCING OF FARMS, SUBDIVISIONS OR OTHER PRIVATE PROPERTY.

Attorney Mike Olsen discussed the need for an ordinance to declare and enforce a general policy for the fencing of farms, subdivisions or other private property. He explained that he has had several calls from farmers and ranchers regarding a defined fencing policy. Ray Petersen reported that past Commissioners have been reluctant to pass a fencing ordinance, preferring to keep the policy as is. Mr. Olsen indicated that Utah is an open range state. He talked about instances where there is a need for the ordinance. After additional discussion Commissioner Kent Wilson made a motion to approve an ordinance to declare and enforce a general policy for the fencing of farms, subdivisions or other private property. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(13)

DISCUSS/APPROVE/DENY AUTHORIZING BALANCE RESOURCES TO NAME AND REPRESENT EMERY COUNTY AS ONE OF THE SUPPORTING FRIENDS OF COURT IN THE FILING TO BACK GARFIELD AND KANE COUNTIES IN THE SUWA VS GARFIELD & KANE COUNTIES LAWSUIT.

Attorney Mike Olsen discussed an instance wherein, SUWA is suing Garfield and Kane Counties Secretary of Interior, Ryan Zinkie asked for input from a couple of Commissioners from Garfield and Kane Counties regarding wilderness issues. Because the Commissioners met with Mr. Zinkie, in an unofficial capacity, to provide input, SUWA says that was a meeting and was therefore illegal. Mr. Olsen added that Balance Resources is asking for Emery County to be one of the supporting friends of the court in filing to back Garfield and Kane Counties in the SUWA vs Garfield & Kane Counties lawsuit. He indicated that this suit could have big implications for how the Commissioners do their job. Commissioner Kent Wilson made a motion to table any decision until next Commission Meeting to allow time for Mr. Olsen to gather more information. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(14)

DISCUSS/APPROVE/DENY BOARD OF EQUALIZATION (BOE) CLOSURE.

Commissioner Paul Cowley made a motion to approve the closure of BOE for 2017. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(17)

### DISCUSS/APPROVE/DENY LOW INCOME ABATEMENT FOR RYAN COWLEY.

Commissioner Lynn Sitterud and Commissioner Kent Wilson discussed a low income abatement for Ryan Cowley. Commissioner Paul Cowley excused himself from the discussion and left the room. Clerk/Auditor Brenda Tuttle explained that Mr. Cowley meets the qualifications for the abatement. This abatement is a Commissioner adjustment and is not refunded by the State. The Commission can abate up to 50% of the taxes owed. Mr. Cowley has applied in past years, but did not apply last year. Commissioner Kent Wilson made a motion to grant a 50% abatement for Ryan Cowley indicating that it is for 25% for last year and 25% for this year. Commissioner Lynn Sitterud stepped down to second the motion. The motion passed.

(18)

### DISCUSS/APPROVE/DENY EASEMENT FROM SITLA FOR A SEGMENT OF OHV TRAIL BETWEEN THE PAGEANT SITE AND THE NEWLY DEVELOPED DESBEE DOVE TRAIL.

Ray Petersen explained that this is a request to make application for an easement from SITLA for a segment of OHV trail between the pageant site and the newly developed DesBee Dove Trail. Emery County owns a right-of-way to the trail. There is no cost the county. He suggested incorporating this lease into a 10 year lease as they have done with other leases. Commissioner Kent Wilson made a motion to approve making application from SITLA for a segment of OHV trail between the pageant site and the newly developed DesBee Dove Trail. The motion was seconded by Commissioner Paul Cowley. The motion passed.

DISCUSS/APPROVE/DENY RESOLUTION TO WITHDRAW FROM THE  
SOUTHEASTERN UTAH DISTRICT HEALTH DEPARTMENT.

Commission Chairman Lynn Sitterud explained that this meeting is being held today to discuss/approve/deny a resolution to withdraw from the Southeastern Utah District Health Department. He said that there has not been a decision to withdraw or that there is even a desire from within the County Commission to withdraw. This meeting is being held today because we have a time constraint, that if we were to send a resolution, it needed to be done before the end of the month to enable us to do this. We are doing this today as an insurance policy incase we find it necessary to do this. Carbon County Commission has done this same resolution showing their intent to withdraw from Southeastern Utah District Health Department. We are not being drug by Carbon County, we just want enable ourselves to be able to make the correct decision when the time comes. He continued, We will be discussing a resolution as follows:

A Resolution of Emery County Board of Commissioners giving notice of its intent to withdraw from the Southeastern Utah District Health Department, whereas, the Board of County Commissioners is charged in establishing a local health department for the benefit of Emery County Residents, and, whereas the Board of County Commissioners is concerned about the present ability of the Board of Southeastern Utah Board of Health to met the needs of Emery County's residents. Now, Therefore, the Emery County Board of Commissioners finds that the citizens of Emery County would be better served by withdrawing from the Southeastern Utah District Health Department and forming its own health district. Now, therefore, be it hereby resolved by the Board of County Commissioners of Emery County, Utah, that pursuant to Utah Code Anoted, Section 26A-1-122, the Board of Commissioners does hereby give notice that Emery County shall withdraw from the Southeastern Utah District Health Department effective December 31, 2017. The Board of Commissioners reserves the right to resend this resolution at anytime prior to that date.

Commissioner Cowley asked for input from SEUDHD Board Chairman, Roxanne Jensen.

Roxanne indicated that she had Board Member Kathy-Kearney Reeves in attendance also.

Minutes of a Special Meeting of the Board of Emery County Commissioners  
September 28, 2017

She indicated that in speaking with Commissioner Wilson it was explained to her that this process is necessary to do to discuss some of the issues that Carbon County has brought up and that you have the right to resend it. She stated she hopes that is the way you decide to go.

Roxanne read a prepared statement for the Board of Commissioners. She stated that upon receiving notice of the Carbon County's Board of Commissioners proposal to consider a resolution withdrawing from the SEUDHD she contacted Dr. Miner Utah State Health Department Director. He stated that his recommendation would be for Carbon County to reconsider that proposal and do everything possible to keep the three counties together. I contacted County Commissioners to inform them about Carbon County's proposal. She stated it would be her hope that the Commissioners would take this time between now and December 31<sup>st</sup> to try to resolve the issues between Carbon, Emery and Grand Counties so we can form our tri-county health department back.

Attorney Mike Olsen asked Roxanne if she had specific ideas for resolving the issues? She indicated that she has not even heard what Carbon Counties issues are. She suggested having some discussions with Carbon County and the Health Department and resolve the issues. Try to look at every angle and decide what is best for our citizens. Do not leave the Health Department out of the discussions. The number one concern of the board is to keep the three counties together.

Commissioner Sitterud asked Roxanne if she can see the merit in what Emery County is trying to do? Roxanne indicated that she can see the merit in it but would hope that the County would have the discussions to resolve the issues.

Patsy Stoddard asked the Commissioners what the issues are that need to be resolved? Commissioner Sitterud indicated that there is a dysfunction within the board. It is not a functioning board. No one from Emery County is pushing this, it is just an insurance policy to see that we are not left behind and disabling ourselves from making a decision. Patsy asked what would be the county's plan for meeting health needs of Emery County residents if the county was to withdraw from the Health Department? Commissioner Sitterud answered that he does not know if anyone knows what that map would look like right now. Commissioner Wilson explained that if we do not exercise this right now, and this is the only time we can do this per state statute you can only pull out by December 31<sup>st</sup> of each year and give written 90 day notice, and if Carbon County pulls out of the Health District then by state statute we will be tied to Grand County for a year. Mike Olsen added that Carbon County is the host county for the Health District. All the infrastructure is in Carbon County. Most of the employees are in Carbon County, most of the population is in Carbon County. We have to keep our options open. Carbon County is under the impression that this is not a functioning Board. Commissioner Wilson asked Roxanne and Kathy how long the board has been looking for a new director? They indicated that Mr. Cunningham retired in March 2017. Commissioner Wilson indicated that for 6 months now the board of directors has been consumed in the hiring process. He stated as he attended the

Minutes of a Special Meeting of the Board of Emery County Commissioners  
September 28, 2017

last Board meeting he feels that Carbon County is concerned that they have not been taking care of their responsibilities as given to them by the State in guiding SEUDHD. There has not been any direction and policy. Commissioner Wilson's impression from attending one meeting that Carbon County, if they are going to stay, would like a whole new board of directors and start new. Carbon County is the driving force. We are just responding to their action. Next Friday there is going to be a meeting with one representative from each county at which time Carbon County will address their concerns and possible solutions to their concerns. Then it will be up to Emery County or Grand County to decide if we can live with those set of circumstances. Patsy Stoddard asked if it is just the administrative part of the health department with the problem? It is not the services out in the field? Commissioner Wilson indicated that the Health Department offices that have routine business with the public are operating with business as usual. The Health Department is running fine. The problem is fractures in the board of directors. It is the county's obligation to see that these services are taken care of properly. Carbon County is using their mandate to try and straighten out the board of directors. The Board of Directors has one employee and that is the Executive Director. Then the Executive Director is the boss of all the other employees. So the board only has authority over one employee. They are to give him policies and guidance to do his job. Commissioner Wilson expressed concern, that regardless of who they hire to be the new administrator, he is going to be a new individual. If we make every board member new as well, to him that puts everything at risk. So, going forward we need to make sure there is some form of leadership. There needs to be some experience on the board so not every slot is a new person. Some important decisions need to be made. The first option for everyone is to find a way for us all to stay together. Commissioner Sitterud stated that is what this Commission wants to see. We hope that you all see that we, as a Commission, are representing the citizens of Emery County in the best way that we can see for our citizens. We would not want to say today that if Carbon County withdraws we have to withdraw with them but, come December 31<sup>st</sup> if Carbon County withdraws and we with you and everyone wants to provide input to this decides that we are better off to be with Carbon County starting over than to be with Grand County. We need to work towards that decision. This will put us in the best position to make an important decision at that time. This will be an open process to help us determine what is best for us.

Kathy commented as a former employee of the Health Department who has retired and petitioned to be appointed to the board, stated that in her opinion it will be a huge detriment to all of the counties involved if we have to split. A lot of progress has been made with Dave Cunningham who did a great job with the department. He implemented new programs. He brought qualified employees to the area. If we split up, it will be one big mess.

Commissioner Sitterud added that they do not understand why, when Dave Cunningham was going to retire in March you did not have someone in place in January working alongside Dave to let Dave teach them all he can before he left to have a smooth transition. He indicated that as a Commission that concerned us, that it did not concern the board.

Minutes of a Special Meeting of the Board of Emery County Commissioners  
September 28, 2017

Kathy indicated that was never even talked about in board meetings. She indicated she did not know why this did not occur? This is typical of the local health department. They did not think ahead to look at hiring someone ahead of time to let them get all the wisdom and knowledge from the experienced person. The new person is put on the job and expected to figure it out. She felt that the board's thought on this was the environmental health director was being groomed for this position and was put in as the interim director so the board would petition to have him put in there. Then the board decided they wanted some new blood. The first time around that did not work out well. Many of the board members still felt that they needed new blood.

Patsy Stoddard asked if it was the Board of Directors job to find a new director? Commissioner Wilson indicated that the Board of Directors is responsible for the Director of the Health District. This process was on the agenda for the last meeting he attended. The Board voted to put this off until they have figured out the boundaries for a new director.

Roxanne indicated that the Board did agree on a new director, but later found out that she was not qualified for the job. Some board members wanted to offer the job to their second choice and some wanted to reopen the application process.

Attorney Mike Olsen asked if the Board could have someone hired and in place by January 1<sup>st</sup>? Roxane indicated that the interim director can serve for 1 year. The Board has to hire someone before March 31, 2018.

Commissioner Wilson stated that in his opinion he felt that the process of finding a new director is what has caused all of the stress. Not the new director. It is the process. The Board, as he understands it, did not follow their own guidelines. In their policy, if he understands is correctly, the normal procedure would have been a two thirds vote would have only been necessary to hire a new director. Somewhere along the way they changed that to a unanimous vote. This was changed for this event.

Kathy stated that she thinks that they (the Board) have realized the mistakes (as a board) that the initial hiring committee made. That was one of the major ones. She stated that she was not on the initial hiring committee. She is on the current hiring committee. Two of the members were Commissioners and the third was a board member from Grand County. There was no precedent set on hiring a health officer. They had no guidelines, no rules to go by. They were basically developing things as they went along.

Attorney Mike Olsen asked if we can move forward? Can we fix the rules and get us a director? The Contract with the Health Department is up on January 1.

Kathy and Roxanne suggested that is if you secede. You can operate under the interim director until March 2018.

Minutes of a Special Meeting of the Board of Emery County Commissioners  
September 28, 2017

Commissioner Wilson stated that he is not suggesting that Emery County leave the Health Department on January 1. All we are doing is passing a resolution to where we can if we want to.

Attorney Mike Olsen asked but if we have not left by January 1 then we are obligated for one more year? We have to have this worked out by then. This can only be done on the December 31<sup>st</sup> deadline.

Commissioner Sitterud stated that if we do not do this by January 1 then we can not do this again until January 1 of the next year.

Commissioner Wilson added that if everyone stays on board then it is a March deadline. If everyone can workout their differences and we all three maintain our membership then the interim director can stay on until March.

Roxanne indicated that the Board is ready to move on with the advertising, but we needed to have this discussion before we can move forward to know what they would be advertising for.

Attorney Mike Olsen expressed his frustration at the Board's indecisiveness at getting a director hired. The interim director is doing a great job. Let's just get him hired and move on.

Commissioner Wilson stated that our problem is we need to find out what Carbon County is going to dictate to stay in.

Attorney Mike Olsen stated he speculated that Carbon County will want a new board, start fresh and get Brady hired. He is qualified and doing a great job.

Commissioner Wilson made a motion to accept Resolution 9-28-17 to preserve our right to leave Southeastern Utah District Health Department if necessary on December 31. The motion was seconded by Commissioner Paul Cowley. The motion passed.

PRESENTATIONS BY LEGAL COUNSEL REPRESENTING PARTIES REGARDING  
LONG STREET. THIS IS NOT A PUBLIC HEARING, HOWEVER, THE COMMISSIONERS  
WILL ACCEPT PUBLIC COMMENT TIME (MAXIMUM OF 3 MINUTES EACH).

Chairman Lynn Sitterud explained that this is not a public hearing but simply an opportunity to gather information and allow expression of ideas and opinions of this issue. The Emery County Commissioner's position on this issue is that there has been a lot insinuation. We have never held a public hearing on abandoning this road. There has never been a meeting of the Commissioners to discuss or vote on abandoning this road. With the information that they have been given by their legal counsel and having never seen a public hearing or found minutes that this has been accepted, our position is that this is a public road. We will allow counsel to give presentation on their position and then we will open the meeting to the public to orderly and politely express opinions. (Three minutes only each)

Steve Styler, legal counsel for the Holyoak family. He stated that this issue boils down to the ability to protect their private property rights. The ranch that the Holyoak family purchased in 2005 has Long Street that goes through this property. One of the issues that the Holyoaks have

COMMISSION MEETING MINUTES  
OCTOBER 17, 2017

seen since their ownership is that when people have come up along this road they believe that they can drive through their property to access the BLM Wilderness Study Area which is directly to the north on the other side of their property. There is no way to leave this road to access the BLM property without crossing over private property. On a number of occasions people have tried to get into the WSA and the BLM has responded with some pretty harsh criticism of the Holyoak family, saying that they are allowing people to access the BLM through their property or doing it themselves threatening to impose fines. Basically they are forcing the Holyoak family to be the gatekeeper for the WSA. They are aware that there has not been any formal abandoning of this road. State law requires that there be continued use for a 10 year period. Mr. Stayler sited history of requests, by property owners, made to the Commission to maintain the road. He reported on the history of past uses. There is nothing that shows how this road became a county road. His contentions is that this road was never a county road.

Dave Blackwell, legal counsel representing Green River Companies, June Adams and Greg Vetere, adjoining land owners. He stated his main concern and focus is on county Road # 1001 also known as Long Street. This road shows up on maps and has for many years. The records he looked at show that in 1983 or possibly 1985 the county made a bus turnaround at end of the road on what is now the front of the Holyoak property. County roads are made through use. There is no formal way for the road to be made a county road. It is through use of the road. The landowners ask for help to maintain road. The county takes it on and then UDOT takes over from there. UDOT then recognizes it as a county road and pays the county through Class B Road Funds as such to maintain the road. There are thousand of miles of roads in the county that are similar to this one that you can not go back and find a date that it became a county road. We know that magically it appears on a map as a county road. Many of these roads go over private land. It has to have ten years use. It is a prescriptive easement through use. This is an issue that he has dealt with formally over the 23 years he worked as the county attorney here in Emery County. In looking over the 23 years he worked here he found 2 instances where they abandoned 2 roads that were previous county roads. In both instances they were little segments that were no longer used because of a reconfigured joining highway. this is not the case here. There are land owners here, particularly June Adams and Greg Vetere, who have purchased land with assurance that there is access to a county road. Zoning in Emery County requires access to a county road. If June Adams decided to divide her property to 2 acre lots those properties would have to have access to a county road or they could not build. It is very important that the land owners have access to a county road. There was a point in time when a particular land owner who owned property on both sides of the road asked the County Road Department to quit grading, but later asked to have be graded. Later that same land owner along with another land owner asked to have the Road Department come in and fix the road. This road has never been abandoned. It may have not been maintained but never abandoned. To say it is not a county road is to defy the facts. He stated his concern is for the land owners reduction property value if this access is cut off. This has been compounded by the new fencing policy especially with respect to June Adams who took down a gate which was her access for her property to the county road. Her biggest issue is that she now has to maintain that fence because the cows run

COMMISSION MEETING MINUTES  
OCTOBER 17, 2017

on the county road. This is an issue for the other land owners also. It is not fair to these property owners for the road to be abandoned now.

Attorney Mike Olsen asked Mr. Blackwell that when you said that through use of ten years are you relying on a state statute? Mr. Blackwell indicated that he could not state the exact statute but that is basically what it is. Through use of ten years makes it a public road. A county road is established when the county begins maintaining the road and the state starts paying funds for the maintaining of that road. UDOT said it had to be a public road for at least 10 years prior to 1999 for it to be on their map. Mr. Olsen asked Mr. Blackwell, does the county have any responsibility for determining county roads and keeping a record of these roads. Road Supervisor, Wayde Nielsen indicated that they have to keep a record and report annually. Mr. Olsen asked if this road has been recorded with the County Recorder as a county road? County Recorder, Connie Jensen indicated that yes it has been recorded.

Mr. Stayler indicated that as a point of reference, when the Holyoaks purchased the property in 2005 there was a title search done wherein the road did not show up as a county road.

Chairman Lynn Sitterud opened the meeting to the public for comments.

The majority of the comments were from Green River residents past and current. They made comments regarding the amount of years they have used the road to access BLM property for recreational use, as well as historical sites along the river.

Those making comments were as follow:

Tim Vetere, Greg, Vetere, Frank Vetere, Kathy Ryan, Bob Quist, Don Holyoak, Randy Erwin, Ross Wilberg, Cam Weihing, Kent Sleight, David Ray, Jake Braken, Colby Hunt, Patsy Stoddard, Frank Spadafora, Jaden Mead, June Adams, John Vetere.

Chairman Sitterud thanked those who have made comment. He indicated that if counsel moves to having a public hearing we will hold that public hearing in Green River.

(12)

DISCUSS/APPROVE/DENY ADOPTING A RESOLUTION AMENDING THE FEE SCHEDULE FOR CONDITIONAL USE PERMITS.

Planning/Zoning Director, Jeff Guymon indicated that the Planning Commission in discussions to be more business friendly has adjusted the Conditional Use Permit Fee Schedule. The Board felt that this would help businesses that are just starting out or do not have much value. In the process of reviewing the fee schedule they reviewed several other counties schedules and found that what they are proposing fits in with what other counties are charging. If the business expands their business they will have to file for an amendment and their fee will meet with what they have added to the business. Mr. Guymon asked for approval of Resolution 11-7-17, amending and adopting the fee schedule for Conditional Use Permits. Commissioner Kent Wilson made a motion to approve and adopt Resolution 11-7-17 amending the fee schedule for Conditional Use Permits. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(13)

DISCUSS/APPROVE/DENY APPROVAL TO ADVERTISE JOB OPENING FOR EMERY COUNTY EVENT COORDINATOR.

Commissioner Sitterud explained that the contract with Amanda Leonard as the Event Planner has expired. In keeping with policy we need to advertise a job opening for an Event Planner. Commissioner Kent Wilson asked if in the contract there could be a clause to include retaining the person for another year if we are pleased with their work? Attorney Mike Olsen indicated that could be written into the next contract. Commissioner Kent Wilson made a motion to approve advertising for an Event Planner and rewrite the contract to include retaining the person if they are doing a good job, possibly making it a three year contract. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(14)

DISCUSS/APPROVE/DENY MARKETING MATCH PROGRAM FOR HUNTINGTON CITY.

Travel Bureau Director, Tina Carter requested Marketing Match Funds for Huntington City. She explained that this will be a 50/50 match for signage wrap on the billboard sign as you are coming into Huntington City. This is the sign where Millsite Golf Course was previously advertised. The sign will be used to advertise Emery County including the County Brand. The request is for \$3,200.00 which Huntington City will match. This is to get them started and they

will take over the yearly payment in subsequent years. This is funded by TRT funds. Commissioner Kent Wilson made a motion to approve a request for Marketing Match Funds in the amount of \$3,200.00 for Huntington City using TRT Funds. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

DISCUSS/APPROVE/DENY MARKETING FULL PAGE AD CONTRACT FOR NATIONAL GEOGRAPHIC TRAVELER.

Travel Bureau Director, Tina Carter requested Marketing Match Funds for a full page ad contract for National Geographic Traveler. She explained that the Event Planner is having a photo contest in three categories, professional, novice and local. The photos will be used for a full page ad in the National Geographic Traveler Magazine. The cost for this ad is \$87,000.00. The Utah Office of Tourism was able to negotiate the cost down to \$37,195.00. The Travel Bureau applied for a grant from UOT for half the cost. The cost for the ad will be \$18,597.50. It will be in the October/November 2018 magazine. The funds for this will come from TRT. Commissioner Kent Wilson made a motion to approve a request for Marketing Match Funds for a full page ad contract for National Geographic Traveler using TRT funds. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(16)

DISCUSS/APPROVE/DENY MARKETING PARTNERSHIP STATE PARKS.

Jordan Leonard, Economic Development Director requested Marketing Partnership with Utah State Parks to video the State Parks in Emery County. Emery County will retain the rights to the video to be used as we desire. It will be shown on Good Things Utah. They have requested \$4,000.00. Commissioner Kent Wilson made a motion to grant Marketing Partnership Funds for State Parks to video the State Parks in Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Wilson reported that the Health Department has hired a new director. They are now working toward a MOU to continue and move forward with permanent changes. He explained that each county has 2 votes and Carbon County want to change that to 3 for them. They figure that they have 50% of the population and they are the hosting county, we use their attorney. The board still has things to work out. There will be a few board members whose terms will end in January so they will be bringing in some new blood while still retaining experience on the board.

Commissioner Wilson talked about the fact that the budget process is nearly complete for the

8

COMMISSION MEETING MINUTES

(4)  
PRESENTATION BY LUIGI RESTA WITH UTILITY SOLAR INVESTMENT REGARDING SOLAR POWER PROJECTS.

Luigi Resta, Executive Vice President of ONYX Renewable Partners Utility Solar Investment came before the Board of Commissioners to discuss possible solar power projects in Emery County. He explained that PacifiCorp has put out a Request for Proposals for solar photovoltaic resources. They are seeking cost-competitive bids for solar energy interconnecting with or delivering to PacifiCorp's system that will reduce system costs and provide net benefits for customers. PacifiCorp will seek to establish an initial shortlist that includes up to approximately 2,000 MW of aggregate solar capacity. The submission deadline is December 11, 2017. He indicated that they are hoping to get a project on the short list for consideration. To do so they need to have several things in place. He presented a proposed change to the county ordinance regarding solar energy panels. There will need to be approval from the Planning Commission and the County Commissioners for a Conditional Use Permit. It would be a 25 year contract with the land owner with an expected tax abatement for 70% of the county personal property tax for the first 15 years. Mr. Resta provided a presentation providing information regarding the project. He talked about his company's success in constructing the first solar power plant in the state called the Utah Red Hills in Iron County in 2015. Commissioner Wilson indicated that he

has been in communications with Iron County regarding the solar plant. They indicated to Commissioner Wilson that it was a zero cost for the county and that 30% of something is better than 100% of nothing. Commissioner Wilson provided insight to the dilemma with regards to taxes and what is best for the county in light of the current trend and future of coal in Emery County in relation to the power plants. Carbon County is considering it but without a tax abatement. Mr. Resta did not anticipate it being considered for the short list. The land owner for this project is Castle Valley Ranch. Woody Johnson, owner of Castle Valley Ranch indicated that he approves of the project. He thinks it is compatible and will not hamper the operations at the ranch. Attorney Mike Olsen had questions regarding taxes and the proposed creation of a Re-Investment Agency comprised of all the taxing entities of the county. In the June 6, 2017 Commission Meeting the Commissioners approved Zions Finance to conduct an Economic Impact Analyst for analyzing these types of projects to be sure that the projects are either a benefit of detriment to the county. Mr. Resta indicated that Blackstone is paying for that study. Commissioner Sitterud asked if Mr. Resta has met with the School Board, as the tax abatement will greatly affect the school district's tax base. Mr. Resta indicated that he has met them. Commissioner Sitterud indicated that his concern is with the citizens of the county and that ultimately they will have to agree with the project. The Planning Commission will have to hold a special session to consider and recommend to the Emery County Commissioners an amendment to the ordinance with regard to large scale solar power plants. There are statutory time lines for creating the re-investment agency, ordinance changes as well as holding a public hearing for a conditional use permit. There were many questions and comments. The Commissioners indicated that they will wait for a recommendation from the Planning Commission and move as fast as possible.

(5)

RATIFICATION OF LETTER OF SUPPORT FOR MCIC FOR FUNDING FROM THE BUREAU OF RECLAMATION FOR MCIC'S EFFORTS IN THEIR SALINITY OFFSET PROJECTS.

(1)

DISCUSS/APPROVE/DENY SIGNING AN ORDINANCE CREATING THE EMERY COUNTY COMMUNITY REINVESTMENT AGENCY.

Commissioner Sitterud explained that creating a reinvestment agency has been in discussion for some time. The Commission has decided to move forward with creating the agency. Commissioner Wilson expressed the reason for his support of creating the agency. Emery County has a unique form of government compared to other counties in the state. Emery County's tax base is the highest in the state due to the services that we provide to the communities. As a county we provide police officers, public safety, EMS, Road maintenance, etc. So when opportunities come along to provide incentives for business who contribute to the tax base, to locate in the county we need to be prepared to offer these incentives. Attorney Mike Olsen added that possible projects could come along in the future that would benefit the county. Creating an agency at this time has nothing to do with any specific project.

Commissioner Kent Wilson made a motion to move forward with and ordinance creating the Emery County Community Reinvestment Agency. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(2)

DISCUSS/APPROVE/DENY THE BYLAWS FOR THE EMERY COUNTY COMMUNITY REINVESTMENT AGENCY.

6:30 PM PUBLIC HEARING TO TAKE PUBLIC COMMENT ON PROPOSED  
AMENDMENTS TO 11-3-8 SOLAR ENERGY SYSTEMS OTHER THAN SMALL-SCALE,  
BUILDING-MOUNTED PRIMARILY FOR ONSITE USE.

Planning & Zoning Director Jeff Guymon reviewed amendments to 11-3-8 to Article XI of the Emery County Ordinance/Code regarding Solar Energy Systems other than small-scale, building-mounted for Onsite Use. The purpose is to promote the accommodation of solar energy systems and associated equipment within the County, which are not small-scale solar systems under, or otherwise do not qualify for Level I permitting for any reasons set forth in, Section 11-2-4 of the Article, such as being freestanding or ground-mounted rather than attached to an existing building or structure, or exceeding ten kilowatts (kW) of direct current (DC) capacity if it is a solar photovoltaic energy system, or providing power for use on premises other than those on which they are erected (including delivery into the electric transmission grid, or into the electric distribution grid other than by way of net-metering or other arrangement primarily for onsite use as contemplated by Section 11-2-4 (c) (iv) of this Article). This applies to all solar energy systems that are not Small-scale solar energy systems and which are modified or installed after the effective date of this ordinance. The Planning Board is supportive of this amendment. What they like about the plan is that it protects the county. It outlines, step by step the requirements and enhances what we already have in place.

(24)

DISCUSS/APPROVE/DENY RESCINDING OF THE RESOLUTION TO WITHDRAW FROM SEUHD.

Brayden Bradford, Director of SEUHD reported that it has been an eventful year for the Health District. Over the last month and a half they have seen a lot more stability and have done a lot of good things. As you are aware Carbon County passed a resolution to withdraw from the Health District and the Interlocal Agreement under which they operate. Last week they rescinded that action. He asked that Emery County do the same. It is understood that there are certain aspects of the current agreement that need to be addressed. It was his suggestion that any aspects of the agreement be given to Commissioner Kent Wilson as a member of the board to flesh out in their board meetings. Commissioner Wilson indicated that it has been a journey and is happy with the way things have worked out. He stated he looks forward to moving forward and working with the Health District. Attorney Mike Olsen suggested that the first agreement was not being followed anyway. Look at the current agreement and not make sweeping changes, just follow the original agreement. Lets take it slow. Commissioner Paul Cowley made a motion to rescind Resolution 9-28-17, notice of intent to withdraw from SEUHD. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(4)  
DISCUSS/APPROVE/DENY FABRICATION AND INSTALLATION OF HANDRAILS ON THE HUNTINGTON CANYON SOUTH DEBRIS BASIN IMPROVEMENT PROJECT.

COMMISSION MEETING MINUTES  
JANUARY 2, 2018

Commissioner Lynn Sitterud explained that Perco Rock is the contractor for the Huntington Canyon Debris Basin Improvement Project. At the end of the project Perco realized that they needed handrails. Perco went to three companies for a bid. Two companies were too busy and did not submit a bid. The one bid they received was two times the amount of the engineers estimate for the job. Johansen and Tuttle went to Mac's Mining Repair, Mike Bass and received a bid that was in line with the engineer's estimate. We need a motion to approve fabrication and installation of the handrails. Commissioner Sitterud indicated that he must abstain from voting on any action with this due to his affiliation with this company. Commissioner Paul Cowley made a motion to approve Mac's Mining Repair, Mike Bass for the fabrication and installation of handrails on the Huntington Canyon South Debris Basin Improvement Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

Commissioner Kent Wilson made a motion to review the proposals with Legal Council and award the contract in the February 6, 2018 Commission Meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

Mr. Sitterud indicated that he is aware that Mr. Blackburn may have a time conflict on Thursdays.

COMMISSION MEETING MINUTES  
JANUARY 16, 2018

(3)

DISCUSS/APPROVE/DENY THE REQUEST TO ADVERTISE AN RFP FOR AN EMERY COUNTY FAIR DIRECTOR FOR THE 2018 EMERY COUNTY FAIR.

Commissioner Wilson explained that last year Amanda Leonard fulfilled that obligation. Because of family obligations and health reasons she does not want to do it again this year. The Fair Board discussed the best option would be to contract with an individual to be a director. Commissioner Kent Wilson made a motion to advertise for an RFP for an Emery County Fair Director for the 2018 Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(4)

DISCUSS/APPROVE/DENY SIGNING OF SITLA EASEMENT NO. 1303, AMENDMENT NO. 2- DES BEE DOVE TRAIL.

Public Lands Director, Ray Petersen explained that in September 2017 they applied for an easement from SITLA for the Des Bee Dove Trail. That easement has been approved by SITLA and is now ready to be signed. The area has been surveyed and cleared. There is no charge by SITLA or out of pocket cost to the county. Commissioner Paul Cowley made a motion to approve signing of SITLA Easement No. 1303, Amendment No. 2- Des Bee Dove Trail. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(5)

DISCUSS/APPROVE/DENY TOURISM GRANT AGREEMENT WITH HUNTINGTON CITY.

Jordan Leonard explained that Huntington City applied for a tourism grant to place a signage wrap on the billboard on Highway 10 outside of town. The grant was a 50/50 match grant \$3,200.00 which Huntington City will match. Economic Development will be helping with the design of the sign. The agreement with Huntington City will indicate the terms and responsibility of each party. The grant is funded by TRT funds. Commissioner Kent Wilson made a motion to approve a Tourism Agreement with Huntington City. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

DISCUSS/APPROVE/DENY THE MOVING PROCESS OF THE PIONEER MUSEUM ARTIFACTS TO BE RELOCATED TO THE MUSEUM OF THE SAN RAFAEL.

Maegan Wilberg, Museum of the San Rafael came before the Board of Commissioners to discuss the moving process of the Pioneer Museum artifacts to the Museum of the San Rafael. She reviewed the condition of the building where they are now being housed. In 2015 rain in the spring caused damage in the Pioneer Museum. She presented the problem to the Museum Board,

COMMISSION MEETING MINUTES  
JANUARY 16, 2018

who advised her to go to Castle Dale City to see what they could do to help mitigate the damage. Castle Dale City replied that they would not put money into the building as they received a grant to build a new building. Other water spots have formed over the years and gotten worse. During the process the Board decided that they wanted to move the Pioneer Museum to the rental space available at MOSR, but due to mis-communication it was stopped for whatever reason. During this time when they were looking into finding out more information they found an agreement between Castle Dale City and Emery JC's for the lease of the building for the housing of the Pioneer Museum for a term of fifty years. ( 1969-2019) This contract will be expire January 2019. The safest and cheapest resolve is to move the artifacts to the MOSR. We would have 11 months to move the artifacts, but would like to have it done by pageant time. She reviewed the process for safely moving the artifacts. She has volunteers who will help with this process. Commissioner Paul Cowley made a motion to approve the moving process of the Pioneer Museum artifacts to the Museum of the San Rafael. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(7)

DISCUSS/APPROVE/DENY HISTORICAL PRESERVATION COMMISSION TO APPLY FOR A GRANT TO RESTORE THE CASTLE DALE BRIDGE.

Julie Johansen, Historical Preservation Commission requested approval to apply for a grant through the CLG (Certified Local Governments Grant). It is a match grant for \$10,000.00 to refurbish the Castle Dale Bridge. (The match can be in-kind work) It is the only bridge left out of five bridges that were built in 1910. There is a group of citizens that feel it is important to retain the bridge. They have a committee to look into what needs to be done. In the process they hope to get it registered with the State Historical Society. The bridge will be used as part of a walking trail/atv trail. Commissioner Cowley indicated that Lauren Huntsman has been working on this for some time. The bridge needs new decking, hand rails, etc. They are hoping to get most of that work as part of the in-kind match for the grant. Commissioner Wilson indicated that from what he understands it would have to be registered with the State Historical Society first, before they can apply for the grant. Mike Olsen asked if there is any cost associated with that process and does that process start with the county? Suzanne Anderson, indicated that she found out today that it does have to be registered first and this is a 6 month process. The Historical Preservation Commission would have to decide if they want to take that on and apply for this grant to start that, very involved, process which would be part of the grant. Because it is so involved the SHS has people that they hire out to help with this process. From what she was told today, the first thing that needs to be done is to have it registered this year and next year apply for the grant to do the work after we have had time to gather our facts and do some research. Suzanne indicated that she just found this out today and had not had an opportunity to share this information with Julie. Ray Petersen shared comments regarding Historic Sites. In looking at historic structures and bridges in the past as chairman of the Historic Preservation Commission, he found out that when restoring and maintaining historic structures that fall under the historic register you have to restore and maintain them using the materials and workmanship to what was

COMMISSION MEETING MINUTES  
JANUARY 16, 2018

used when it was constructed. This could turn out to be quite costly. He advised that when you consider having a structure put on the registry that you consider this. Mary Huntington asked who will then own the bridge? Who will be required to insure the bridge? If the county currently owns the bridge and continues to own it then you will have to have insurance that cost a whole lot more once it is restored? There was some question of ownership of the bridge and road. Mike Olsen asked if we have bids to know what we are getting into? It may be a big deal to make it into a historical site or it may not. Suzanne indicated that the Historic Preservation Commission will meet on January 23 where they will discuss that. They can put up an interpretive sign and apply to get it registered and for the funds to do the involved process. That gives them this year to do the research and decide if it is feasible or not. Mike Olsen questioned what part of this process needs to be approved today? After considerable discussion, Commissioner Kent Wilson made a motion to table any consideration for thirty days to allow time to do more research into this matter. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

DISCUSS/APPROVE/DENY FOR THE ARCHIVES DEPARTMENT TO APPLY FOR A GRANT TO DIGITIZE THE EMERY COUNTY PROGRESS.

Suzanne Anderson, Emery County Archives requested approval for the Archives Department to apply for a grant to digitize twenty more years of the Emery County Progress. That would involve hiring Mountain West Digital Library who has the library. So far, the Progress is digitized up to 1918. So twenty more years would take it up to 1939. She indicated that she has received many requests from people not from our area for obituaries, births, local happenings, etc. This would allow people to do research on their own. The actual cost to digitize 20 years of the EC Progress is unknown at this time. The last time it was done it was \$1,664.00. Tina Carter is going to count to get a total of pages that cost covered. The grant is for \$2,000.00 maximum. There is a match which would be Suzanne's labor. Mountain West would be paid with the grant funds. Once the grant is awarded then the Commission would approve a contract to pay Mountain West Digital Library to digitize twenty years of the Emery County Progress. Commissioner Kent Wilson made a motion to approve the Archives Department to apply for a grant to digitize the Emery County Progress. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSS/APPROVE/DENY MOU BETWEEN EMERY COUNTY AND ACTIVE-RE-ENTRY FOR PERKIE VAN SERVICES.

The MOU between Emery County and Active Re-Entry is for 7 years and will document the maintenance of the van used by Active Re-Entry to transport cancer patients to Provo on a weekly basis. Emery County owns the van, insures it, and maintains it. Active Re-Entry provides the driver. Attorney Mike Olsen indicated he would like to edit the document regarding

COMMISSION MEETING MINUTES  
JANUARY 16, 2018

doing what is needed to keep the van working during the 7 years. He would like to tweek that portion of the maintenance agreement. Commissioner Kent Wilson made a motion to approve the MOU with the corrections by Legal Council. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSS/APPROVE/DENY BUSINESS LICENSE FOR EZRA WILLIAMS FOR E AND C ENTERPRISE.

Commissioner Paul Cowley made a motion to approve a business license for Ezra Williams dba: E and C Enterprise. The motion was seconded by Commissioner Kent Wilson. The motion passed. The business license has been approve by Planning & Zoning.

(11)

Commissioner Paul Cowley made a motion to withdraw this item from the agenda. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(12)

DISCUSS/APPROVE/DENY RENEWING CONTRACT WITH COUNTY SEAT FOR 2018.

The renewal contract with the County Seat is for 16- 30 second segments on Channel 4 for \$6,900.00 per year. The Commissioners questioned whether the county is getting their monies worth, citing that the topics that are covered seemed to have moved away from rural issues and focusing more on urban issues. Randy Johnson indicated that he felt Mr. Booth is well aware of the issues facing the counties. He stated he felt that Mr. Booth has broadened his reach to the whole state as he is facing challenges to find show discussions. The Commissioners felt that the County Seat needs to focus more on rural issues since the urban counties have other, broader avenues for discussing issues. Commissioner Wilson wondered if this is something that Jordan Leonard could look into. They discussed inviting Mr. Booth to attend the next Commission Meeting and be prepared to offer some suggestions to him for issues facing rural counties. Commissioner Kent Wilson made a motion to table this and invite Mr. Booth to the next Commission Meeting and have Jordan evaluate the commercials of Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(13)

DISCUSS/APPROVE/DENY CANYON COUNTRY PARTNERSHIP DUES FOR 2018.

COMMISSION MEETING MINUTES  
JANUARY 16, 2018

Commissioner Wilson indicated that this is a meeting that he attends. The meetings are usually in Green River. This month they will meet in Moab. State agencies get together and report on what is happening their agencies and counties. Commissioner Wilson proposed staying with CCP for this year as the County is trying to get a Public Lands Bill passed as well as other bills in the legislature that could benefit from combined efforts. We need to keep the voice of other counties on the same page and sharing information with southeastern Utah. The dues for 2018 are \$1,400.00. Commissioner Kent Wilson made a motion to approve paying the 2018 dues for Canyon Country Partnership. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(14)

DISCUSS/APPROVE/DENY RENEWAL OF MEMBERSHIP FEES OF \$500.00 TO SEUPA

Commissioner Paul Cowley made a motion to approve continuing Emery County's Bronze contributor status and renew membership in SEUPA. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(15)

DISCUSS/APPROVE/DENY REQUEST OF PARTIAL ABANDONMENT OF ROAD #201, NORTH OF HWY #155, APPROXIMATELY .25 MILES GRAVEL

Commissioner Kent Wilson made a motion to table and send this to the Public Lands Council for a formal recommendation. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(16)

(17)

DISCUSS/APPROVE/DENY REQUEST FROM ROCKY MOUNTAIN POWER TO RELOCATE POWER POLES ON CLEVELAND SOUTH LOOP ROAD #201 FOR ECSSD #1 ROAD PROJECT.

COMMISSION MEETING MINUTES  
JANUARY 16, 2018

ECSSD#1 is preparing to widen County Road #201 Cleveland Buss Loop Road. This road improvement project will require the relocation of power poles which are inside the road right-of-way. The time frame of the project is to have it under construction contract by April or May 2018. Rocky Mountain Power needs approval of the Emery County Commission to relocate the poles. Commissioner Paul Cowley made a motion to approve a request by Rocky Mountain Power to relocate power poles on Cleveland South Loop Road #201 for ECSSD#1 Road Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(18)

DISCUSS/APPROVE/DENY THE USU/EXTENSION OFFICE CONTRACT FOR 2018.

County Attorney Mike Olsen indicated that he just got the contract and has not had time to go over the document. The general intent is to change employees to University employees and pay a flat fee. Commissioner Wilson asked if we can pay them the budgeted amount? The University is hoping to have all the employees transferred over by February 1<sup>st</sup>. Any expenses for services that have thus far been expended will be deducted from the budgeted amount that will be transferred to them. Brenda Tuttle suggested that the sooner the better for the transfer so we can get all the paperwork completed. The contract details can be worked out later. Mike indicated that there will be a lot of benefits for all parties from this. The services will be exactly the same as we have been getting. Commissioner Kent Wilson made a motion to approve the transfer of employee to the University, that they provide the same services that we have been getting, the budgeted amount will be transferred to them, we will approve a formal contract with USU/Extension for 2018 with all the details at a later date and Emery County will incur no additional expenses related to the employee transfer. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

DISCUSS/APPROVE/DENY THE FY 2018 AMENDED CIB LIST.

Commissioner Cowley indicated that the Ferron Sr. Center needs to have a metal carport added to the loading area for the Meals on Wheels program. The project is anticipated to be \$50,000.00. They would like to add this project to the CIB list for funding in 2018. Commissioner Paul Cowley made a motion to amend the 2018 CIB list. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(20)

COMMISSION/ELECTED OFFICIALS REPORT.

Attorney Mike Olsen indicated that Mr. Travis Blackburn is here and would like to address the Thursday conflict. Mr. Blackburn indicated that he is Helper City's attorney and has court on

COMMISSION MEETING MINUTES  
JANUARY 16, 2018

Thursday. He has another attorney in the same space he works out of who will be willing to help with Helper City leaving Mr. Blackburn available to be in Emery County on Tuesday and Thursday's court days.

Commissioner Kent Wilson asked Randy Johnson to report on recent legislative activity. Mr. Johnson reported on current bills in the House and Senate that could potentially affect Emery County and rural Utah. He also discussed bills coming up that they need to be watching.

Commissioner Lynn Sitterud reported that the Commissioners along with Lauren Huntsman and Brock Johansen met with Governor Herbert's office regarding the 2,500 job initiative.

(21)

ADJOURN

Commissioner Paul Cowley made a motion to adjourn the meeting. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(11)

DISCUSS/APPROVE/DENY TO GIVE ALL PERSONNEL AT THE SHERIFF'S OFFICE UNDER THE FOLLOWING CATEGORIES A \$1.00 PER HOUR WAGE INCREASE: PATROL, CORRECTIONS, DISPATCH, ADMINISTRATION, COOK, AND BRET MILLS. EFFECTIVE 1-30-17

Sheriff, Greg Funk commented that this is something that has been brought up for two years during the budget process. He indicated that he has looked deeper into his department to find a way to get a wage increase for his deputies. He indicated that he has done away with a detective position freeing up the wages and benefits from that position. He asked that as a elected official he be allowed to use his budget to fit his needs. We need to take care of the guys who are out there putting their lives on the line. They have never said no to anything. He added that he has had one deputy that was trained by Emery County and recruited by Utah Highway Patrol because of higher wages. He said he has two deputies that at this time are being recruited by other agencies. The state has stripped away some of their retirement. EC deputies are paid on the low end of the spectrum. He is having a difficult time recruiting. No one wants to be an officer due to the negative sentiment from the public. Commissioner Paul Cowley commented that he appreciates what the SO is doing. Sentiment seems to be negative towards law enforcement everywhere. He added he recognizes the sacrifices you make for this county. Commissioner Brady asked if he has made sure that money is there with Utah Retirement Systems, overtime, etc. as well as absorbing and forwarding into the future. Sheriff Funk indicated that the money is there. He has the money. Captain Kyle Ekker commented that he agreed 100% with what the Sheriff has said. he has been with the department for 31 years and this has been a long process to get new department on the street. He added he felt \$1.00 per hour is fair to keep our people here. They are a great asset to this county. We need to support what the Sheriff is doing. Commissioner Paul Cowley made a motion to approve \$1.00 per hour wage increase for all personnel at the Sheriff's Office under the category of Patrol, Corrections, Dispatch, Administration, Cook, and Bret Mills. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(12)

DISCUSS/APPROVE/DENY RECOMMENDATION OF THE TRAVEL BOARD TO OPT-IN TO THE FOLLOWING PROGRAMS OFFERED BY THE UTAH OFFICE OF TOURISM THROUGH THEIR MARKETING SOLUTION COMPANY ADGENUITY: UTAH.com, JUDD FILMS AND MARC PISCOTTI PHOTOGRAPHY.

COMMISSION MEETING MINUTES  
JANUARY 17, 2017

Tina Carter, Emery County Travel Bureau recommended the Travel Board opt-in to programs offered by the Utah Office of Tourism through their Marketing Solution Company, Adgenuity. Opting in would save the County half of what they would normally spend on advertising. Commissioner Brady added that these programs are a great media tool we can use for our marketing. Commissioner Paul Cowley made a motion to approve allowing the Emery County Travel Bureau to opt-in to UTAH.com, Judd Films and Marc Piscotti Photography as offered by the Utah Office of Tourism through their Marketing Solution Company, Adgenuity. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(13)

DISCUSS/APPROVE/DENY ADJUSTING AN AMBULANCE BILL FOR TERRY MORELAND.

EMS Director, Jim Gordon recommended adjusting an ambulance bill for Terry Moreland. Mr. Moreland sent a letter to the Commissioners requesting an adjustment on the mileage. The ambulance transported Mrs. Moreland to Grand Junction following an accident near I-70. Mr. Moreland was treated at the scene but not transported. They were both charged for mileage at \$753.60 each for a total of \$1,507.20. Mr. Gordon recommended wiping out one of the mileage charges. Commissioner Brady commented that normally the Commissioners have not approved an adjustment to an ambulance bill. However, this adjustment may be considered. Commissioner Paul Cowley made a motion to wipe-out one of the mileage charges for Mr. Moreland adjusting the bill by \$753.60 as requested. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(14)

DISCUSS/APPROVE/DENY NON COMPETE DISCLOSURE LETTER FROM ROXANNE JENSEN.

Roxanne Jensen explained that her daughter Baylie Thomas is opening a consignment store, "Crafty Lil You" in Huntington where she (Roxanne) may be selling items such as books, crafts, etc. A non compete disclosure letter will alert the Commission that her involvement with the store is in no way affiliated nor connected with her position as an Emery County Librarian. Commissioner Paul Cowley made a motion to accept a non compete disclosure letter from Roxanne Jensen. The motion was seconded by Commissioner Lynn Sitterud. The motion passed.

(15)

ITEMS PULLED FROM THE CONSENT AGENDA.

Nothing.

COMMISSION MEETING MINUTES  
FEBRUARY 6, 2018

Commissioner Paul Cowley made a motion to leave the regular Commission Meeting and enter into a Public Hearing to receive comments regarding Four Corners Community Behavioral Health's plan for Mental Health and Substance Abuse Use Disorders in Emery County and to return to the regular meeting at the conclusion of the public hearing. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(2)

PUBLIC HEARING : FOUR CORNERS COMMUNITY BEHAVIORAL HEALTH ANNUAL PUBLIC HEARING ON MENTAL HEALTH AND SUBSTANCE ABUSE DISORDERS.

Karen Dolan, Four Corners Community Behavioral Health explained that by Utah State Statute and to meet Medicaid requirements Four Corners needs to provide feedback from the citizens of Emery County regarding mental health and substance abuse disorders.

Attorney Mike Olsen commented that the judicial system is changing with regard to mental health and substance abuse and society is changing to react to these changes. Four Corners is a big part of that change. They have been responsive and adaptive to the needs in Emery County in helping citizens get good care.

JR Nelson commented on the difficulty of raising a grandchild due to the mental illness of his daughter, and the loss of grandchild due to suicide. He stated he is amazed at Four corners ability to take \$1.00 and turn it into \$9.00 to provide service to our citizens. The facility in Carbon County houses citizens working through mental health issues. He commented that he stopped there one day to visit and the first three doors he knocked on were Emery County people that he knew. His daughter ended up at the facility in Moab where the apartments are remarkable. He added that he sits on the Four Corners governing Board of Directors along with Commissioner Kent Wilson. He has been involved in evaluating Four Corner's staff. They are able to do amazing things with little funds.

Karen commented that 1 in 5 people will develop mental health problems. It is just a part of the human condition. Public safety is a big part of what they do.

Kolton World commented that he struggled with substance abuse for 15 years and with assistance from Four Corners staff he has overcome it and now has a second chance at life. He has become a productive member of society. He added that the overdose rate is outrageous. He thanked Four Corners for all they have done for him.

Commissioner Wilson asked Karen Dolan if Four Corners is interested in pursuing housing in Emery County? Karen answered that it is something that they are very interested in and are currently looking at acquiring funding.

4

COMMISSION MEETING MINUTES  
FEBRUARY 6, 2018

Bill Dells asked if the crime rate is higher surrounding these housing units?

Karen answered that these people have staff who become like family around them all the time. This is tough on families. For the most part they are more vulnerable.

Bill Dellos asked how do you overcome the stigma or address the concerns of the neighbors surrounding the these housing centers?

Karen answered for the most part these centers as less dangerous and monitored extensively.

JR Nelson added that if you do not have anyone in your family with mental health issues you do not understand.

There were no more comments. The Commissioners returned to the regular meeting.

COMMISSION MEETING MINUTES  
FEBRUARY 6, 2018

DISCUSS/APPROVE/DENY SPONSORING EMERY COUNTY COMMUNITY THEATER FOR 2018.

Tasha Jewkes and Michelle Paskett came before the Board of Commissioners to request a sponsoring donation to Emery County Community Theater. Tasha explained that they are stepping things up this year and will have performances, and a summer workshop for kids. Their first production will be Once Upon A Mattress on March 15-17th. Michelle explained that they are concentrating on raising the quality of theater in Emery County. She informed the Commissioners that they have to pay royalties to use the plays which is \$1,500.00 for the three days. She talked about the struggles with regard to the sets for each play. They build them and then have to dismantle them because they have nowhere to store them. She asked if maybe the county would allow them to store sets at the old Weed/Mosquito building. Attorney Mike Olsen reviewed the liability issue and insurance cost. He explained that we may need to look into the insurance requirements to make sure it is not cost prohibitive for them. Michelle explained that they have developed sponsorship levels for the donations. Last year the county's donation was \$2,000.00. Commissioner Wilson asked if they submitted a budget request? Michelle indicated she was not aware that they needed to submit a request. The 2018 budget did not reflect a request. Brenda reminded the Commissioners that they will need to look at the options to find the funds because it was not budgeted for. Commissioner Kent Wilson made a motion to delay any decision for two weeks to look at funding options. The motion was seconded by Commissioner Paul Cowley. The motion passed. This will be on the February 20, 2018 Commission Meeting.

(7)

DISCUSS/APPROVE/DENY 2018 EMERY RODEO TEAM SPONSORSHIP.

Commissioner Kent Wilson made a motion to table. The motion was seconded by Commissioner Paul Cowley. The motion passed,

(8)

DISCUSS/APPROVE/DENY COOPERATIVE AGREEMENT BETWEEN EMERY COUNTY AND UTAH STATE PARKS.

Dan Clark, Construction Manager for Utah State Parks and Brent Tuttle from Johansen & Tuttle addressed the Board of Commissioners regarding a portion of the Millsite Dam Rehabilitation Project. Utah State Parks has 4 parks in Emery County. The Millsite Dam Rehabilitation affects the Millsite State Park, so they have to do some work within the construction area. It makes sense to have the contractor already working on the project continue with their portion of the job. Brent explained that portion of the construction work that Utah State Parks has planned within the Millsite job. He requested that Emery County, as owner of the project agree with Utah State Parks, through a cooperative agreement, keep the contractor moving on with the Utah State Parks portion of the project. The Cooperative Agreement allows for a pass through with

COMMISSION MEETING MINUTES  
FEBRUARY 6, 2018

the cooperation of the Emery County Clerk/Auditor's office to receive the payment from Utah State Parks and pay the contractor for their portion of the project. Commissioner Kent Wilson made a motion to approve a Cooperative Agreement between Emery County and Utah State Parks. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSS/APPROVE/DENY EXTENDING THE CONTRACT WITH FORSYTHE FIRE FOR AN ADDITIONAL 2 YEARS OF SERVICE.

Attorney Mike Olsen indicated that he spoke with Forsythe Fire and felt that extending the contract for an additional 2 years is a good option. The price is favorable. He recommended approval of the contract. Commissioner Paul Cowley made a motion to approve Resolution 2-6-18A extending the contract with Forsythe Fire for an additional 2 years of service. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(10)

DISCUSS/APPROVE/DENY TALENT CONTRACT WITH ROMEO ENTERTAINMENT FOR THE 2018 EMERY COUNTY FAIR

Attorney Mike Olsen recommended signing the contract with Romeo Entertainment for the 2018 Emery County Fair. It is the same as last year. The contract is for a maximum amount of \$2,500.00 to negotiate with entertainers for the concert entertainment for the Fair.

Commissioner Kent Wilson made a motion to approve a contract with Romeo Entertainment for the 2018 Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

DISCUSS/APPROVE/DENY RESOLUTION AMENDING ORDINANCE 06-03-03 GOVERNING LIBRARY BOARD MEMBERS.

Carole Larsen, Emery County Library Director requested approval for a Resolution amending Ordinance 6-3-03 governing Library Board members. According to policy a board member has to reapply every four years for two consecutive terms. The Library board would like to change that to make a board member's term indefinite with approval of the Commission. They would still have to go through the process but be able to keep them beyond the two consecutive terms. Commissioner Kent Wilson commented that in small communities it is difficult to find someone who is passionate about their position, so when they are able to find that person they would like to be able to keep them. Carole indicated that they would also like to change the terms from July to January. Attorney Mike Olsen agreed. Commissioner Kent Wilson made a motion to approve Resolution 2-6-18B amending Ordinance 06-03-03 governing Library Board Members. The motion was seconded by Commissioner Paul Cowley. The motion passed.

7

COMMISSION MEETING MINUTES  
FEBRUARY 6, 2018

(12)

DISCUSS/APPROVE/DENY AMENDED LIBRARY CARD POLICY.

Carole Larsen explained that the Board would like to amend the Library Card Policy. They have been charging the climbers a \$25.00 fee. They would like to change this part to \$20.00 is refunded and the Library would keep \$5.00 to cover our services. There were a few other changes. Attorney Mike Olsen reviewed the policy and agreed. Commissioner Paul Cowley made a motion to approve an Amended Library Card Policy. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY AMENDED EMERY COUNTY LIBRARY FEES/FINES POLICY

Carole Larsen explained that the amended Emery County Library Fees/Fines Policy has some small wording changes. Mike Olsen agreed. Commissioner Kent Wilson made a motion to approve of Amended Emery County Library Fees/Fines Policy. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(14)

DISCUSS/APPROVE/DENY EMERY COUNTY LIBRARY APPLYING FOR THE LSTA GRANT.

Carole Larsen requested approval to apply for a LSTA Grant. She indicated that there is \$250,000.00 state wide available for Libraries to apply for grants for new computers or upgrades. They intend to apply for \$8,000.00 to help upgrade computers and services that the Libraries supply to the citizens of Emery County. Commissioner Paul Cowley made a motion to approve Emery County Library applying for the LSTA Grant. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(15)

DISCUSS/APPROVE/DENY SIGNING DOCUMENTS IN ORDER FOR EMERY COUNTY LIBRARIES TO BE AWARDED THEIR CLEF FUNDING.

Carole Larsen explained that after signing this document things will be in order for the Emery

COMMISSION MEETING MINUTES  
FEBRUARY 6, 2018

County Libraries to be awarded their CLEF Funding. She explained that in 2006 the legislature began providing \$565,000.00 state wide to the Libraries in smaller communities for technology programs. The Emery County Library will be awarded \$7,200.00 to be used for technology and programming programs for the citizens of Emery County. Commissioner Paul Cowley made a motion to approve signing the documents in order for Emery County Library to be awarded the CLEF Funding. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(16)

APPROVAL OF NEW SAFETY INCENTIVE PROGRAM

Personnel Director, Mary Huntington explained a new Safety Incentive Program for review and approval. All full and part time employees who have not had a worker's compensation claim or general liability claim in the previous month will be entered into a drawing to be awarded the last commission meeting of the preceding month. However, when there is a "loss time" workers compensation claim the previous month there will not be a drawing for any awards the preceding month. There will be 3, \$100.00 visa gift cards awarded to full time employees, and 1, \$100.00 visa gift card awarded to a part time employee during the eligible months.

There will be three buckets of eligible names to draw from during the eligible months.

1. Full time employees who occupy a safety sensitive position at the Road Department, Weed & Mosquito, and Sheriff's Office will be awarded 2 of the \$100.00 visa gift cards.
2. All other full time employees will be awarded 1 of the \$100.00 visa gift cards.
3. Part time employees will be awarded 1 of the \$100.00 visa gift cards.

Loss time workers compensation claims are when an employee is injured on the job and loses time from work.

It was the consensus of the Commissioners and several other elected officials that elected officials should be excluded from the drawing.

Commissioner Paul Cowley made a motion to approve the new Safety Incentive Program excluding elected officials from the program. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(17)

APPROVAL OF THE NEW HAZARDOUS COMMUNICATION PROGRAM.

Personnel Director, Mary Huntington explained the new Hazardous Communication Program. It is intended to ensure compliance with Occupational Health and Safety Administration (OSHA) requirements for the adoption of the UN Globally Harmonized System and to provide a safe

COMMISSION MEETING MINUTES  
FEBRUARY 6, 2018

work environment for employees working for Emery County. There is a mandatory refresher course that employees must attend each year. Commissioner Paul Cowley made a motion to approve of the new Hazardous Communication Program. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(18)

APPROVAL OF THE UPDATED AFFIRMATIVE ACTION PLAN FOR 2018

Personnel Director, Mary Huntington requested approval for the updated Affirmative Action Plan 2018. She indicated that this is a federal report that has to be updated each year to be sure we are not discriminating. The report is required to accompany federal grant applications. Commissioner Kent Wilson made a motion to approve the updated Affirmative Action Plan for 2018. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

DISCUSS/APPROVE/DENY INTER-AGENCY COORDINATION AND SUB-RECIPIENT CONTRACT AGREEMENT BETWEEN EMERY COUNTY AND SEUALG

Robbie Jensen, Senior Citizen Program Director and Michelle Kelly, Finance Director came before the Board of Directors to request approval for an Inter-Agency Coordination and Sub-Recipient Contract Agreement between Emery County and SEUALG. Robbie indicated that the budget for 2018 reflects a \$25,000.00 increase from last years due to the wages for the new director. Last year the new director was not in place until later in the year. Commissioner Wilson wanted to address the nearly \$200,000.00 fund balance. Michelle indicated that they could look into ways to use the fund balance each year to enhance the Senior programs and centers in Emery County. Commissioner Wilson asked that the Emery County have a voice in how the fund balance is spent and asked that the SEUALG not continue to build the fund. Michelle suggested that the Emery County Commission could make recommendations on what to spend the money on to the director to budget for during their budget process beginning in April. Commissioner Paul Cowley made a motion to approve an Inter-Agency Coordination and Sub-Recipient contract Agreement between Emery County and SEUALG. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(20)

DISCUSS/APPROVE/DENY LETTER OF SUPPORT REGARDING THE DEMOLITION/DISPOSITION APPLICATION FOR THE HOUSING UNITS IN FERRON AND CASTLE DALE.

Commissioner Sitterud stated that Emery County has no intention of supporting demolition of the housing units. Commissioner Wilson sits on the Housing Authority Board and reported that

COMMISSION MEETING MINUTES  
FEBRUARY 6, 2018

HUD has certain criteria that has to be met to continue with the housing units. The units need to be rented at 90% occupancy rate all the time. We have not been able to do that so we are out of compliance due to the fact that many of the residents have transitioned to Section 8 housing. Many are preferring to rent a house or mobile home and be part of a community rather than an apartment complex and receive a rent subsidy from HUD. Four Corners has shown a desire to take the housing development over. He stated, "that appeals to me". Attorney Mike Olsen indicated he is open to exploring the option of selling the units to Four Corners so they can help our people first before the option of putting it out for sale to the public. He added that at some point we, as a county, will have to put more money into Mental Health and substance abuse. As a society and as a Commission we need to invest money in mental health and substance abuse issues. This makes sense. Commissioner Wilson added that all we can do as a County Commission is make a recommendation to the Housing Board. Commissioner Cowley stated that he is in favor of having Four Corners take over the housing units. Commissioner Kent Wilson made a motion to proceed with a letter of support to HUD to endorse the sale of the units to Four Corners and pursue doing all we can to help Four Corners be able to meet their goal before offering for sale to the public. The motion was seconded by Commissioner Paul Cowley. The motion passed.

Bill Dellos indicated that he is on the Housing Authority board. He indicated that he felt that the board would like to see money go back into the community.

Patsy Stoddard asked what will happen to the residents that are currently occupying the units. Bill Dellos indicated that they will be moved out to Section 8 housing. However, Four Corners has indicated that they would grandfather in any tenant who wants to stay in the unit.

(21)

DISCUSS/APPROVE/DENY PURCHASING ADVERTISEMENT FOR THE ENERGY EDITION FROM THE SUN PROGRESS.

Commissioner Paul Cowley made a motion to approve a half page advertisement for the Energy Edition from the Sun Progress for \$565.00. The motion was seconded by Commissioner Kent Wilson. The motion passed.

PRESENTATION BY SUZANNE ANDERSON TO EXPLAIN THE EMERY COUNTY ARCHIVES DEPARTMENT AND THE BENEFITS OF NEWLY ADDED RESOURCES THAT THE DEPARTMENT HAS RECENTLY RECEIVED.

Suzanne Anderson provided a brief history of the Emery County Archives Department. The program began as a pilot program in 2001 with a mission to establish a repository for a history of the life and culture in the area. Emery County is one of 11 repositories in the state. The purpose is to have historical materials available for research by citizens. Suzanne talked about the lack of adequate space available for storing the materials and records that people have donated to the Archives program. She also reminded the Commissioners of an agreement between the Museum of the San Rafael and the Historical Society to allow them to use the Museum free of charge to hold their Historical Society meetings and events. Dixie Swasey indicated that she was on the Museum Board at the time that the Museum building was built and it was her understanding that because of a contribution from the Historical Society for the construction of the building that the Historical Society was to have a room dedicated for them and be allowed to use the building rent free. The room did not happen. Evelyn Huntsman reported that the Historical Society is a wonderful society that many people in this area find interesting and the attendance to their events has been great. Suzanne indicated that she was told that the Historical Society needed to readdress the no fee for the use of the building request each year. Maegan Wilberg, Museum of the San Rafael Director indicated that the building will be housing an exhibit from the Smithsonian and will not be available to be rented for a time. The Historical Society will hold their meetings and functions in the Courthouse Swell Room until the building is free to use again. Attorney Michael Olsen indicated that he will look into creating a MOU to allow the Historical Society to use the MOSR without having to return to the Commissioners each year for that permission.

DISCUSS/APPROVE/DENY WAIVING THE POOL RENTAL FEE FOR SPECIAL NEEDS DAY AT THE EMERY AQUATIC CENTER.

Emery County Aquatics Center Director Shannon Hiatt requested waiving the pool rental fee for their Special Needs Day at the Aquatic Center. They have asked for June 9<sup>th</sup> and are including Carbon County this year as so many of the children go to school with the Carbon County children. The pool will be closed to the public during the event. Last year they hosted over thirty children along with their families. Commissioner Paul Cowley made a motion to approve waiving the pool rental fee for Special Needs Day at the Emery Aquatic Center indefinitely. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(6)

DISCUSS/APPROVE/DENY THE AMENDED AGREEMENT WITH HONEYWELL INTERNATIONAL FOR MAINTENANCE AT THE EMERY COUNTY AQUATIC CENTER.

Shannon Hiatt discussed an amended agreement with Honeywell International for maintenance at the Emery County Aquatic Center. He indicated that they are on a 3 year cycle of which they have two years remaining. He asked to have the agreement extended out an additional three years and then renegotiate the agreement after that. Due to the electrical retrofitting that was recently approved the agreement amount will increase by \$510.00 for the additional three years. Commissioner Kent Wilson made a motion to approve an amended Agreement with Honeywell International for maintenance of the Emery County Aquatic Center including the three year

extension with the increase. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

DISCUSS/APPROVE/DENY DONATING EMERY COUNTY AQUATIC CENTER SWIM PASSES TO MEMBERS OF THE EMERY COUNTY SUICIDE AWARENESS PROGRAM.

Shannon explained that Sheriff Funk suggested members of the Emery County Suicide Awareness Program would be having an event at the pool tonight and asked if the passes to the members could be waived for this night. Shannon indicated that there may be 10 people attend. Commissioner Kent Wilson made a motion to donate passes to the Emery County Aquatic Center for tonight to the Emery County Suicide Awareness Program. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

DISCUSS/APPROVE/DENY THE CONTRACT BETWEEN AMANDA LEONARD AND EMERY COUNTY FOR THE EVENT COORDINATOR DUTIES FOR 2018.

Advertising was done for an event coordinator. Amanda Leonard was the only one who bid on the contract. The bid was for \$1,666.00 per month for 9 events throughout the year. It was suggested to offer Amanda the contract for three years with an evaluation each year. Commissioner Paul Cowley made a motion to approve a contract with Amanda Leonard for the Emery County Event Coordinator for 2018, 2019 and 2020. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(9)

DISCUSS/APPROVE/DENY THE CONTRACT BETWEEN SANDRA HUNTINGTON AND EMERY COUNTY FOR FAIR DIRECTOR DUTIES FOR 2018.

between USU Extension Services and Emery County for 2018 as negotiated. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

DISCUSS/APPROVE/DENY RESOLUTION DECLARING THE EXISTENCE OF A DROUGHT EMERGENCY IN EMERY COUNTY, UTAH PURSUANT TO U.C.A. 17-8-7.

Commissioner Wilson discussed a resolution declaring the existence of a drought emergency in Emery County. This was recommended to be in the best interest of the county due to current moisture conditions in Emery County. Commissioner Paul Cowley made a motion to approve Resolution 2-20-18 a resolution declaring the existence of a drought emergency in Emery County. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(12)

DISCUSS/APPROVE/DENY LETTER OF AGREEMENT BETWEEN EMERY COUNTY AND COTTONWOOD CREEK CONSOLIDATED IRRIGATION COMPANY.

Captain Kyle Ekker explained this Letter of Agreement turns the Adobe Wash Debris Basin part of the project back over to Emery Water Conservancy District for operation and maintenance. Emery County sponsored the project and as such owned it while it was under construction. This letter of agreement will remove that responsibility from Emery County and return it to the owner EWCD. Emery County is still responsible for the remainder of the project as sponsor of the project. Commissioner Paul Cowley made a motion to approve a letter of agreement between Emery County and Cottonwood Creek consolidated Irrigation Company. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY AN AMENDMENT TO THE LONG-TERM DISABILITY PROGRAM.

Personnel Director Mary Huntington explained an amendment to the Long Term Disability Program. Effective march 1<sup>st</sup> there will be a decrease in the employer premium rate from .006 to .005 of regular salary as defined by the compensation in Exhibit A of Section 7.1 of PEHP Health & Benefits program. She requested a signature to accept an amendment to the Long Term Disability Program. Commissioner Paul Cowley made a motion to approve an amendment to the Long-Term Disability Program. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

DISCUSS/APPROVE/DENY A DONATION TO THE EMERY HIGH RODEO TEAM.

COMMISSION MEETING MINUTES  
FEBRUARY 20, 2018

Riata Christiansen, President, Hayden Cloward, Vice President and Wyatt Magnuson, Secretary from the Emery High Rodeo Team came before the board of Commissioners to request a donation. Each of the representatives told a little about themselves and reported on the team. They have their first rodeo coming up on April 13<sup>th</sup> & 14<sup>th</sup>. Emery High Rodeo is not funded by the school district. They rely on donations to fund their program. Commissioner Kent Wilson made a motion to donate \$500.00 to the Emery High Rodeo Team. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

DISCUSS/APPROVE/DENY A DONATION TO THE EMERY COUNTY COMMUNITY THEATER.

Angela Paskett and Tasha Jewkes came before the Board of Commissioners to request a donation to the Emery County Community Theater. Commissioner Paul Cowley made a motion to donate \$500.00 to the Emery County Community Theater. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(16)

DISCUSS/APPROVE/DENY EMERY COUNTY COMMUNITY THEATER USING THE OLD WEED AND MOSQUITO BUILDING FOR STORAGE.

During the previous Commission Meeting Angela Paskett and Tasha Jewkes requested the Commission consider allowing the ECCT to use the old Weed/Mosquito building to store their props, sets and costumes. Attorney Mike Olsen indicated that he would look into the liability and insurance issue. He found that if we have the available space, they can sign a liability clause and provide liability insurance to cover any damages to their property then he sees no problem. Angela indicated that they have been searching for a package liability insurance to cover their production. If it is cost prohibitive then they will look at storage units or another place. Commissioner Kent Wilson made a motion to approve allowing the Emery County Community Theater to use the old W/M building provided they obtain liability insurance and sign a liability form with the County as the County Attorney has requested. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

DISCUSS/APPROVE/DENY HT-01-0012 TAX ABATEMENT FOR 2017 & 2018.

Assessor Kris Bell reported that there is a trailer in Olsen Trailer Court where the owner passed away two years ago. They have not been able to contact the owners daughter. We do not want to assume the trailer. She requested a tax abatement in the amount of \$135.87 for the 2 years the taxes have not been paid. Commissioner Paul Cowley made a motion to approve a tax abatement on property #HT-01-0012 for 2017 & 2018 as requested by the Assessor's office. The motion was seconded by Commissioner Kent Wilson. The motion passed.

COMMISSION MEETING MINUTES  
FEBRUARY 20, 2018

(18)

DISCUSS/APPROVE/DENY TAX ADJUSTMENT ON PARCEL #1-1770-40 FOR KERRY AND CARLA POWELL.

Recorder Connie Jensen explained that for the tax years 2016 & 2017 this property should have been combined into 1 lot but it was not until going forward. There is a big difference in what they would have been charged because the subdivision was vacated and returned to 1 lot rather than 18 lots. This would have changed the valuation and adjusted the taxes. The Powells have requested a tax adjustment on this parcel as if the change had been made two years ago. The back taxes before 2016 when it was still 18 lots and before it was vacated and turned back into 1 lot will still need to be paid. Commissioner Wilson indicated that he received a call from the Powells on this and has helped them work through the process. They are looking to sell the property. This will put the value where it should be. Commissioner Kent Wilson made a motion to adjust the property taxes, interest and penalties on parcel #1-1770-40 as if the change from 18 lots to 1 lot had been made two years ago. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

DISCUSS/APPROVE/DENY SUPPORT LETTER FOR FAST TRACK ADJUSTMENT PAY.

Economic Development Director Jordan Leonard explained the State of Utah allows businesses to go after Rural Fast Track funds to expand their business. By state regulation they have to pay an employee \$25.00 per hour. This wage requirement is so high that there are several businesses slipping through the cracks that could succeed with a boost from this program but do not qualify as they cannot hire a full time employee at the current required wage. The letter of support is for support of an adjustment to the wage requirement from \$25.00 to \$9.15. This temporary adjustment would give them the opportunity to succeed. Commissioner Kent Wilson made a motion to approve a letter of support for Fast Track adjustment pay. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(20)

DISCUSS/APPROVE/DENY MARKETING FUNDS FOR MECCA SPRING MOUNTAIN BIKE FESTIVAL.

Jordan Leonard requested Marketing Match Funds for MECCA Spring Mountain Bike Festival. They are requesting \$3,500.00 that they will match to purchase promotional items and advertising. They had about 80 participants last year during the three day event. The funds are from TRT funds. Commissioner Kent Wilson made a motion to approve Marketing Match Funds in the amount of \$3,500.00 from TRT funds for MECCA Spring Mountain Bike Festival. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(2)

PRESENTATION BY NANCY BENTLEY REGARDING ACTIVE RE-ENTRY PROGRAMS.

Nancy Bentley, Active Re-Entry thanked the Commission for their support of the Perkie van to transport cancer patients for treatments. She explained that Active Re-Entry is a grass roots organization that offers services to all ages in 7 counties in Utah, extending to Wyoming, Arizona and on the Navajo Reservation. They have seventeen programs including youth programs and veteran services with regard to pensions and eligibility. They have a division for the blind and visually impaired, offering equipment to help them continue to live independently. There is a music and memory program aiding those with dementia as well as pain issues. They also have animal assisted therapy. Stacy Moss is over the youth program, as well as a driver for the cancer van. Larry Heaton is a driver for the cancer van also. Delena Fish is on the staff. Their phone number in Price is 637-4950. Commissioner Wilson commented that this presentation should be given at each of the Sr. Centers to inform the Seniors of the services that you provide. He suggested meeting with Robbie Jensen, Senior Citizen Director for SEUHD to make that arrangement.

(3)

RATIFICATION OF LETTER OF SUPPORT FOR HB327.

Commissioner Kent Wilson made a motion to ratify the signing of a letter of support for HB327. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(4)

RATIFICATION OF LETTER OF SUPPORT FOR GEORGE HANSEN, GOVERNOR'S MEDAL FOR SCIENCE AND TECHNOLOGY AWARD NOMINEE.

Commissioner Paul Cowley made a motion to ratify the signing of a letter of support for George Hansen Governor's Medal for Science and Technology Award Nominee. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(5)  
RATIFICATION OF PRESSURE RELIEF TESTING TO ELEVATOR IN COUNTY  
ADMINISTRATION BUILDING.

This testing was done while the company was in town to test at the power plant making the cost for the service \$700.00 rather than the higher rate to come back. Commissioner Paul Cowley made a motion to ratify approval for pressure relief testing to the elevator in the county administrative building. The motion was seconded by Commissioner Kent Wilson. The motion passed.

Commissioner Paul Cowley made a motion to leave the regular Commission Meeting and enter into a Public Hearing to receive input from the public with respect to the Issuance of Castle Valley Special Service District General Obligation Bonds, Series 2018 and the conclusion of said public hearing to the return to the regular meeting agenda. The motion was seconded by Commissioner Kent Wilson. The motion passed.

RESPECT TO THE ISSUANCE OF CASTLE VALLEY SPECIAL SERVICE DISTRICT  
GENERAL OBLIGATION BONDS, SERIES 2018, IN ONE OR MORE SERIES, IN THE  
AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$900,000 FOR THE PURCHASE  
AND/OR CONSTRUCTION OF FACILITIES FOR THE COLLECTION AND TREATMENT,  
STORAGE AND TRANSPORTATION OF SEWAGE, AND RELATED MATTERS.**

Jacob Sharp, Manager of Castle Valley Special Service District explained that this is the final step for acquiring the bond. They put in an application with CIB for \$900,000.00 loan and have been awarded a \$748,000.00 grant. These funds will be used to do all the projects they have throughout the county. This is part of the voter approved bond election from 2009. They have 1 more year to bond from this election bond after that they will have to go through the election process for further bonding.

There were no questions or comments from the public.

The Commissioners returned to the regular meeting agenda.

CONSTRUCTION OR BOTH, FACILITIES FOR THE COLLECTION AND TREATMENT OF SEWAGE; FACILITIES USED IN CONNECTION WITH ACQUISITION, TREATMENT, STORAGE, TRANSPORTATION, AND SUPPLY OF WATER FOR DOMESTIC, INDUSTRIAL, SECONDARY AND OTHER PURPOSES; DRAINAGE AND STORM SEWER FACILITIES, INCLUDING CURBS AND GUTTERS; AND TRANSPORTATION FACILITIES CONSISTING OF ROADS, SIDEWALKS AND RELATED BRIDGES AND VIADUCTS; TOGETHER WITH ALL NECESSARY LAND, RIGHTS-OF-WAY, EQUIPMENT AND FURNISHINGS THEREFOR, AND INCLUDING SUCH LEGAL, ENGINEERING, AND FISCAL AGENT EXPENSES REASONABLY INCURRED IN CONNECTION WITH THE ACQUISITION OF SUCH FACILITIES IN AND FOR THE DISTRICT; AND RELATED MATTERS.

Upon returning to the regular meeting agenda Commissioner Kent Wilson made a motion to approve Resolution 3-6-18 authorizing the issuance of \$900,000 General Obligation Bonds, Series 2018 (The "Series 2018 Bonds") improving, through purchase or construction or both, facilities for the collection and treatment of sewage, facilities used in connection with acquisition, treatment, storage, transportation, and supply of water for domestic, industrial, secondary and other purposes; drainage and storm sewer facilities, including curbs and gutters, and transportation facilities consisting of roads, sidewalks and related bridges and viaducts; together with all necessary land, rights-of-way, equipment and furnishings therefor, and including such legal engineering, and fiscal agent expenses reasonably incurred on connection with the acquisition of such facilities in and for the district, and related matters. The motion was seconded by Commissioner Paul Cowley. The motion passed.

Commissioner Paul Cowley made a motion to leave the regular meeting and enter into a public hearing to receive public comment on partial abandonment of Road #304 and Road #201 and at the conclusion of said public hearing to return to the regular meeting agenda. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(8)

**PUBLIC HEARING: PUBLIC HEARING TO TAKE PUBLIC COMMENT ON PARTIAL ABANDONMENT OF ROAD #304 DEER CREEK ROAD, FROM THE COAL YARD TO DEER CREEK MINE; APPROXIMATELY 1.25 MILES OF ASPHALT, AND PARTIAL ABANDONMENT OF ROAD #201 NORTH OF HIGHWAY #155 APPROXIMATELY .25 MILES OF GRAVEL ROAD.**

Road Supervisor, Wayde Nielsen explained that they are doing a reclamation project on Road #304 Deer Creek Road, from the coal yard to Deer Creek Mine approximately 1.25 miles. The county will cease to maintain the road as part of the B Road system as it will no longer be a county road. Road #201 is a private road from off of Highway 155 to Cleveland from Huntington Reservoir. The road goes up to a farm and they have put a gate to stop access to this road.

5

COMMISSION MEETING MINUTES  
MARCH 6, 2018

Ray Petersen indicated that at the Commissioner's request the Public Lands council conducted a field trip to these sites then discussed it in a work meeting and recommends approval to abandon the roads.

Commissioner Wilson asked if re-classifying the road to a D Road may be better option? That way there is no obligation to maintain them in the future. It would give future Commissioners the opportunity to change classification in the future if things change. Once you abandon the road you have to go back to get ROW's again or prove prescriptive easement.

Wayde indicated that both of these roads are access to private property and are of no use to the County. State statute says that if the road is not open to public access then it must be abandoned.

Jeff Guymon indicated that a D Road designation would still allow access to bottom of the road for future development.

(9)

DISCUSS/APPROVE/DENY PARTIAL ABANDONMENT OF ROAD #304 AND ROAD #201 AS STATED IN THE ABOVE PUBLIC HEARING ITEM.

Upon returning to the regular meeting Commissioner Kent Wilson made a motion to change the classification of road #304 to a Class D Road allowing RMP to close the road during the reclamation process and approve abandonment of Road # 201. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSS/APPROVE/DENY GRANT AGREEMENT FOR THE INVASIVE SPECIES MITIGATION GRANT FOR THE WEED AND MOSQUITO DEPARTMENT.

Weed/Mosquito Director, Corey Worwood explained that this is a five year grant and nothing is different from the previous grant. The State has been very complementary of the work they have done and want to continue to fund. This agreement is with the State to fund an Invasive Species Mitigation Grant. Commissioner Paul Cowley made a motion to approve an agreement for the Invasive Species Mitigation grant for the Weed and Mosquito Department. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(11)

DISCUSS/APPROVE/DENY CHANGE ORDERS #4 AND #5 ON THE MILLSITE DAM REHABILITATION PROJECT.

Captain Kyle Ekker explained that CO #4 and CO #5 have been reviewed and recommended for

MARCH 6, 2018

Commission approved during their last meeting of the Millsite Dam Rehabilitation Project that includes NRCS, the Water Users, the State and EC. There will probably be a few more coming before the Commissioners as the project is moving along. Commissioner Kent Wilson made a motion to approve CO#4 and CO#5 on the Millsite Dam Rehabilitation Project. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(12)

DISCUSS/APPROVE/DENY DEFERRAL AGREEMENT FOR THE PAYMENT OF REAL PROPERTY TAXES THAT ARE FIVE (5) YEARS PAST DUE ON PARCEL #01-0207-0035 FOR EDNA DORRINE CHRISTENSEN.

Treasurer Steve Barton explained that on March 15 he will submit a list to the Clerk/Auditor's office of those real property tax payers who are 5 years past due. Currently there are 22 on the list. Of those 22, 10 are real estate, 6 primary residences, 3 secondary residences, 2 centrally assessed, and 1 agricultural. These taxpayers have received notices of an impending sale starting a year ago. The county offers a deferral program that allows the taxpayer to make an effort to bring the taxes current through November 30<sup>th</sup> of the current tax year. The tax payer is asked to submit a letter indicating how they got into this predicament and how they plan to bring the taxes current. It is in the best interest of the county to work with the taxpayer to bring the taxes current. Mr. Barton indicated he has received request for deferral from two taxpayers. He requested approval for a deferral agreement for the payment of real property taxes that are five years past due on Parcel #01-0207-0035 for Edna Dorrine Christensen. Commissioner Kent Wilson made a motion to approve a deferral agreement for the payment of real property taxes that are five years past due on Parcel #01-0207-0035 for Edna Dorrine Christensen. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(13)

DISCUSS/APPROVE/DENY DEFERRAL AGREEMENT FOR PAYMENT OF REAL PROPERTY TAXES THAT ARE FIVE(5) YEARS PAST DUE ON PARCEL #01-0062-0006 FOR CLINT OVESON.

Commissioner Kent Wilson made a motion to approve a deferral agreement for payment of real property taxes that are five years past due on parcel #01-0062-0006 for Clint Oveson. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(14)

DISCUSS/APPROVE/DENY APPLICATION FOR THE UTAH OUTDOOR RECREATION GRANT.

Devin LeRoy came before the Board of Commissioners to discuss a Utah Outdoor Recreation Grant in the amount of \$40,000.00 to construct a building for a youth range. He proposed to pay

COMMISSION MEETING MINUTES

\$10,000.00 with an in-kind match and get the other \$20,000.00 from the grant. He stated that he has received good response with donations. He has a certified instructor lined-up. He requested approval to run the grant through the Recreation SSD. This is something that has been discussed and approved by the Recreation SSD Board. Commissioner Kent Wilson made a motion to allow the Recreation SSD to pursue a Utah Outdoor Recreation Grant. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

DISCUSS/APPROVE/DENY CONTRACT WITH GREENLIGHT BOOKING FOR THE 2018 EMERY COUNTY FAIR.

Commissioner Kent Wilson indicated that the Emery County Fair Director has found a magician for the 2018 Emery County Fair. This is a booking contract for \$3,500.00 for his performance on Saturday of the Fair. Attorney Mike Olsen indicated he has reviewed the contract. Commissioner Kent Wilson made a motion to approve a contract with Greenlight Booking for the 2018 Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(16)

DISCUSS/APPROVE/DENY \$500.00 DEPOSIT FOR INFLATABLES FOR THE 2018 EMERY COUNTY FAIR.

Commissioner Wilson indicated that they need to pay a \$500.00 deposit to hold the date of the Fair and then determine what type of inflatable we need at a later date. Commissioner Kent Wilson made a motion to approve a \$500.00 deposit for inflatables for the 2018 Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

DISCUSS/APPROVE/DENY CONTRACT WITH PAYNE RELIEF, LLC.

Ray Petersen indicated that the contract with Payne Relief, LLC is to assist Public Lands Committee and Historic Preservation Commission in preparing and writing a reclamation plan for the MK Tunnels. The plan will be presented to the BLM in their May 22, 2018 meeting. The contract amount is \$15.00 per hour not to exceed \$3,000.00. Ray indicated that there may be a possibility to be reimbursed by the BLM. Commissioner Paul Cowley made a motion to approve a contract with Payne Relief, LLC. The motion was amended by Commissioner Kent Wilson to include pursuing BLM reimbursing the county. The motion passed.

(18)

DISCUSS/APPROVE/DENY RENEWAL OF ROWS ON BLM ADMINISTERED LAND.

COMMISSION MEETING MINUTES  
MARCH 6, 2018

Public Lands Director Ray Petersen reviewed three ROWs on BLM administered land. He explained that these ROWs have been in existence since 1988 and were for twenty years. These ROWs will terminate this year. They are important ROWs for Emery County. They are all maintained as part of Emery County's "B" Road system. The three ROWs are 1) UTU-062049 #405- The Wedge, 2) UTU-062047 #332, San Rafael Bridge, 3) UTU-064167 #927, South Salt Wash. Ray indicated that the renewal will request that the ROWs be issued in perpetuity. Commissioner Paul Cowley made a motion to approve renewal of ROWs on BLM administered land with a request that they be issued in perpetuity. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

DISCUSS/APPROVE/DENY FIRE PROTECTION DISTRICT BYLAWS.

Bylaws of the Fire Protection Special Service District were approved in their board meeting in December. They have not had bylaws in place previously. They have been reviewed by Attorney Mike Olsen and recommended for approval. Commissioner Paul Cowley made a motion to approve Fire Protection Special Service District By-Laws. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(20)

DISCUSS/APPROVE/DENY WAIVING THE RENTAL FEE AT THE EMERY COUNTY AQUATIC CENTER FOR EMS APPRECIATION DAY.

Commissioner Paul Cowley made a motion to approve waiving the rental fee at the Emery County Aquatic Center for the EMT's and their families for 1 evening. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(21)

DISCUSS/APPROVE/DENY HUNTINGTON AIRPORT USING ONE OF THE 2018 SURPLUS VEHICLES FOR COURTESY CAR SERVICES.

Commissioner Paul Cowley made a motion to approve using one of the 2018 surplus vehicles for a courtesy car at the Huntington Airport with a stipulation that it be used only in Emery County. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(22)

DISCUSS/APPROVE/DENY KELDAN GUYMON EAGLE SCOUT PROJECT PROPOSAL.

Keldon Guymon came before the Board of Commissioners to propose an Eagle Scout Project at the Little Bear Campground. He proposed putting a new roof on the East small pavilion. He projected the cost to be \$2,400.00 for materials. He indicated he will have the help of at least 15-25 scouts for the project. Commissioner Paul Cowley made a motion to approve an Eagle

(23)

DISCUSS/APPROVE/DENY 2018 RUA MEMBERSHIP.

RUA representative made a presentation of their program during the last Commission Meeting. The Board of Commissioners have had a difficult time coming to a consensus whether to join or not. The Commissioners decided they would wait to get a list of those who have joined before they make a decision. Commissioner Kent Wilson made a motion to table this item to a future Commission Meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(24)

DISCUSS/APPROVE/DENY OPTIONS FOR LAND ACCESS FOR MICK ROGERS PROPERTY.

Commissioner Wilson indicated that Mr. Rogers came in to the Commission office to make a request use the power pole located at the new Weed/Mosquito building to get power to his home currently under construction on the property that he acquired during the land exchange that made it possible to construct the new W/M building. RMP has given their permission for him to use the same power pole. He is now asking Emery County to authorize RMP to put a power source on the pole for his new house. There is no financial responsibility to Emery County. Mike Olsen indicated that he can't think of any reason to not approve. Mr. Rogers will have his own power box and meter. Commissioner Kent Wilson made a motion to approve as long as there is no harm or cost to Emery County, that we will allow RMP to proceed sharing the power pole with Mr. Rogers. The motion was seconded by Commissioner Paul Cowley. The motion passed.

YEARS OF SERVICE PRESENTATION TO DAVID & McKETTE ALLRED FOR 24 YEARS OF SERVICE TO EMERY COUNTY AS INDIGENT DEFENSE COUNSEL.

Friends and Family of David & McKette Allred were present to witness a presentation for 24 years of service to Emery County and Indigent Defense Counsel. Attorney Mike Olsen read the following tribute:

David and McKette Allred are heading for new adventures in Illinois. At the end of April they will be leaving Emery County to serve in the Nauvoo Temple Mission for the Church of Jesus Christ of Latter-Day Saints. They are leaving some big shoes to fill. They have made great contributions to our community and will be sorely missed. When one calls the office, they receive a greeting, "You have reached the law office of David and McKette Allred." This law office has been a huge undertaking for the Allreds for the last 24 (plus) years but there is so much more to them beyond the office. Their accomplishments and interests are many and varied. For McKette there's making and decorating cakes for weddings and special occasions, shopping, exercising of any kind, (especially Zumba), camping, fishing, and enjoying time with children and grandchildren. David's interests include fishing, bow fishing, basketball, racquet ball, gymnastics, piano and he was even on the ski patrol. He has coached Babe Ruth and Little League.

David M. Allred is the oldest son of Darwin and Dixie Allred, born in Burley, Idaho. The family, including four siblings, moved to Mankato, Minnesota, where they lived from the time David was in second grade through high school. David served a mission for the Church of Jesus

COMMISSION MEETING MINUTES  
MARCH 20, 2018

Christ of Latter-Day Saints in Sacramento, California from August 1985 to August 1987. David earned his Bachelor's Degree in political science from BYU.

McKette Allred was born to Delile and Elda Hinkins and was raised with her siblings in the great little town of Orangeville, Utah. McKette also served a mission from January 1986 to August 1987 in the Italy Milan Mission. While attending BYU, David and McKette met. They were married in the Manti Temple August 13, 1988. McKette earned her Bachelor of Arts Degree in Elementary Education and taught for two years before law school. The Allreds began law school with their 5 month-old baby (McKay). In their second year, they added twin girls, (Megan and Meran). McKoy and McKlane later rounded out their family. David and McKette are grandparents of five as well.

After receiving her Juris Doctorate from the University of Arkansas at Little Rock, McKette was thrilled to return to Emery County to open a private law practice with her husband. She is Manager and Associate in David M. Allred, PC. She currently serves as the Emery County Parental Defense Public Defender and previously held the same position in Carbon County. Her experience as a parental defense attorney has taught her to defend the rights of parents. She has handled hundreds of cases in juvenile court and district court and appears in both on a monthly basis for hearings and trials. She is the defense attorney for the drug court program in Emery County, held two times a month. She is certified private guardian ad litem and as such, an advocate for children. David and McKette are licensed foster parents and helped reunite two children back home with their parents. Their latest venture is Meridian Mentoring, a residential treatment center for teen girls, which they opened in January of 2017.

In her private practice she has done adoptions, guardianships, divorces, paternity claims, custody disputes, probate matters, personal injury cases, and medical malpractice claims. She enjoys helping residents of Emery and Carbon Counties with their legal issues.

McKette has served as Vice President of the Utah Family Law Executive Committee, on the Emery County Domestic Violence Coalition, Felony Drug Court for Emery County, Children's Justice Advisory Board for Emery and Carbon Counties, former Bar president for the Seventh District, Private Guardian ad Litem, 2009 Parental Defense Attorney of the Year, and 2016 Pro Bono Attorney of the Year.

McKette has also served as a Cub Scout leader and assisted her sons in achieving the rank of Eagle Scout, was PTA president, Miss Emery County 1983-84, board member of Miss Emery County Scholarship pageant since 1995, restaurant hostess, jewelry consultant and manager. She has served in many church positions.

David has been the Emery county Public Defender from 1993, and Carbon County Public Defender from 1994, representing indigent defendants in District Courts, Juvenile Court delinquency cases, Justice Courts, city Courts, Drug Court, and parents in DCFS cases. He is a

COMMISSION MEETING MINUTES  
MARCH 20, 2018

member of the drug court team for Emery County. He is a board member of the Children's Justice Center, chamber of Commerce and South Lawrence Irrigation Company. He has served in many church callings, Young Men's, Elder's Quorum, Bishopric counselor, mission leader and District Commissioner in Boy Scouts.

David has been in court usually three days a week and sometimes every weekday of there were trials or preliminary hearings. He has done hundreds and hundreds of trials and hearings. He has represented defendants in every aspect of the court process and nearly every delinquency and criminal problem in the courts. He has maintained excellent relationships with opposing counsel, courts and their staff. He has provided necessary public defender services to so many people with some of their worst problems. David has the ability to quickly analyze cases and grasp what legal questions need to be addressed. He resolves cases timely and amicably.

The message to those who have worked with them over the years would leave for the "Law Office of David and McKette Allred" is a resounding, THANK YOU!

(3)

DISCUSS/APPROVE/DENY APPLYING FOR A GRANT FOR AN EMERY COUNTY VICTIMS ADVOCATE.

Attorney Mike Olsen stated that state statute requires each county to provide service for victims of domestic violence, crimes, abuse, etc. Chapter 37 of the Utah Code lists 6 pages of requirements to provide. The victims advocate from Carbon County has been providing this service for Emery County also. She does a great job, but is spread too thin. Every county has to have a victim advocate. The state will provide 90% of the cost to have a victim advocate, the county would provide the other 10%. When people are harmed, through no fault of their own, they do not know what to do, where to go to get help. The victim advocate helps the victim through the system with the information they need to go through the process and how to get help. Nancy Orgill from the Attorney's office has been helping people through some of this process, but Emery County needs their own person in place. Applying for this grant is the first phase of the process of acquiring a victims advocate for Emery County. The time will come when we

COMMISSION MEETING MINUTES  
APRIL 3, 2018

need to decide the 10% in-kind to put with the grant. This could be office space, tech support, vehicle, etc. The advocate would be an employee of the county. The application is due April 17<sup>th</sup>. Several members of the Domestic Violence Coalition were present to speak to the need for a victim advocate. Attorney Mike Olsen recommended pursuing the grant. Commissioner Kent Wilson made a motion to approve applying for a grant for an Emery County Victims Advocate. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(4)

DISCUSS/APPROVE/DENY CHANGES REGARDING THE GRANT TO DIGITIZE 20 YEARS OF THE EMERY COUNTY PROGRESS.

Suzanne Anderson explained that a request to pursue a grant to digitize 20 years of the Emery County Progress came before the Board of Commissioners on January 16, 2018 and was approved. She provided new information regarding the grant. The cash match for the \$1,998.00 grant is \$944.00. The Emery County Historical Society, acknowledged the benefit this would provide to the County, has pledged to provide the match through donations and fund raising efforts. She indicated that the Board was short 28 boxes at a cost of \$506.80. Her match for this would be \$254.00 which she felt she could meet from her archival budget. Suzanne requested approval to proceed with the grant with this additional information. Commissioner Paul Cowley made a motion to approve proceeding with the grant with the additional changes. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(5)

DISCUSS/APPROVE/DENY COURTESY CAR USER AGREEMENT FOR HUNTINGTON AIRPORT.

Commissioner Cowley explained that the motion made in the last Commission Meeting was to approve the vehicle to be used at the Huntington Airport as a courtesy vehicle for the pilots to use to access the communities. The motion should have been to approve the user agreement that the user signs to use the vehicle. Therefore, Commissioner Paul Cowley made a motion to approve a Courtesy Car User Agreement for Huntington Airport. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(6)

DISCUSS/APPROVE/DENY BUSINESS LICENSE FOR PERKINS B-n-B.

GROUP.

Ann Larsen and Patsy Stoddard came before the Board of Commissioners to provide a brief history of the group and request a donation to help with the program and activities. She indicated that much of the money for programs and activities has come from their own pockets. They hold weekly support group meetings at 5:30 p.m. on Tuesdays at the Castle Dale Senior Citizens Center. Anyone who has lost a loved one to suicide or people struggling with suicidal thoughts or anyone in need of support is welcome to attend the group meeting. They have held events and group activities. The group has attendance by community members as young as 12 years old. Any support would be appreciated. Sheriff Funk indicated that the group along with Four Corners Community Behavioral Health has been beneficial in stopping people from reaching the crisis level. Commissioner Kent Wilson made a motion to approve a donation of \$250.00 to the Emery County Suicide Prevention Group. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

DISCUSS/APPROVE/DENY MODIFICATION OF GRANT AGREEMENT BETWEEN U.S. FOREST SERVICE AND EMERY COUNTY.

The modification of Grant Agreement between U.S. Forest Service and Emery County is for an increase in the amount of the Grant to \$30,000.00. Commissioner Paul Cowley made a motion to approve a Modification of Grant Agreement between U.S. Forest Service and Emery County. The motion was seconded by Commissioner Kent Wilson. RECREATION GRANT FOR HISTORIC INTERPRETIVE SIGNAGE.

Jordan Leonard requested approval to apply for the Outdoor Recreation Grant to be used for Historic Interpretive Signage. He identified several areas they propose to place interpretive signs. The State will fund 50% of the cost of the signs with a 25% cash match and 25% in-kind match from the county (Travel Bureau). The Travel Bureau feels this project will add value to the county by enhancing the experience people have when they visit these places.

Commissioner Kent Wilson made a motion to approve the Travel Bureau applying for the Outdoor Recreation Grant for historic interpretive signage. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

DISCUSS/APPROVE/DENY PRIORITIZED CIB LIST FOR FY 2019.

Commissioner Kent Wilson reported that the Commissioners sat in on the meeting where the AOG voted on the list. Commissioner Wilson suggested we analyze it because of Emery Town's situation. They are seeking a grant through CIB to analyze water monitoring at the Green's Hollow Area. Commissioner Wilson indicated that the Commissioners have been in a meeting where the coal mine is already doing that. He would like to be sure that Emery Town is not going after funding for something that is already being done. Commissioner Kent Wilson made a motion approve the prioritized CIB List for 2019 with clarification on Emery Town's water concerns. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(12)

DISCUSS/APPROVE/DENY CHANGE ORDERS # 6 AND # 7 ON THE MILLSITE DAM REHABILITATION PROJECT.

(14)

DISCUSS/APPROVE/DENY ROMEO ENTERTAINMENT CONTRACT FOR NED LEDOUX FOR THE 2018 EMERY COUNTY FAIR CONCERT.

Shannon Hiatt requested approval to contract with Romeo Entertainment to book Ned Ledoux for the 2018 Emery County Fair. He indicated that this does not finalize getting Ned Ledoux, it is just the part we need to do today to get Ned Ledoux booked for the date we want. Shannon indicated that he will be back at a later date to finalize a contract with Ned Ledoux. The contract amount for Ned Ledoux is \$15,000.00. Mike Olsen indicated that the contract does contain a limited liability clause. Commissioner Kent Wilson made a motion to approve a contract with Romeo Entertainment to book Ned Ledoux for the 2018 Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

DISCUSS/APPROVE/DENY CONTRACT WITH MILL STREET ENTERTAINMENT FOR CHARLIE JENKINS AS AN OPENING ACT FOR THE 2018 EMERY COUNTY FAIR CONCERT.

Shannon Hiatt requested approval for a contract with Mill Street Entertainment for Charlie Jenkins as an opening act for the 2018 Emery County Fair Concert. The contract amount for Charlie Jenkins is \$4,500.00. Commissioner Kent Wilson made a motion to approve a contract with Mill Street Entertainment for Charlie Jenkins as an opening act for the 2018 Emery County Fair Concert. Ray Petersen requested approval of BLM Right-of-Way #UTU- 91790. This ROW is for a portion of the Dellos Ranch Road State Road #24 that parallels the San Rafael River. We applied for this ROW a few years ago but, before we could complete work on it, a late summer thunder storm came through and washed out the road. So nothing has been done to repair the road for a while. We made another ROW application for a piece of this road plus the borrow area to provide the material to repair the road. Commissioner Paul Cowley made a motion to approve a BLM Right-of-Way # UTU-91790. The motion was seconded by Commissioner Kent Wilson. The motion passed.

RANDY JOHNSON-GOVERNMENT MATTERS, LLC REPORT.

Randy Johnson, Government Matters, LLC reported on legislative activity with regards to bills and other issues of interest to Emery County and rural Utah.

The Solar Bill was signed by the Governor, as well as the Natural Gas Infrastructure Bill. These could substantially impact Emery County with Green River looking to get natural gas infrastructure in their community. The solar bill could potentially open the door for PacifiCorp to add to solar energy in Emery County. During the legislature recess we have been looking over our Public Lands bill and crossing all the T's and dotting all the I's getting it ready to go to committee. Commission support during the committee session is very important.

Robbie Jensen, Director of the Senior Citizen Program provided a brief update of activity. They have three, part-time employees for Meals-on-Wheels. They are looking at applying for three grants. One will be for a program helping seniors prevent falls. Second a foster grandparent program. Third is a grandparents day recognizing Grandparents who are raising or helping raise grandchildren. He indicated that they are working on ways to get people to utilize the senior centers. They are working with several other agencies to present information to provide services to the seniors.

They are moving into the next phase with the Ferron Senior Center carport. Funding will be

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Cowley applauded the Search & Rescue volunteers. Many are out on calls for many hours, many in the middle of the night. They do a great service, without compensation or complaint.

Commissioner Sitterud echoed Commissioner Cowley's comments and suggested that the local paper write an article highlighting those volunteers and the service that they provide. He reminded everyone of the upcoming Miss Emery Golf Tournament. It is Saturday, April 14th at 10a.m. \$250.00 per team.

Sheriff Funk reminded everyone of the fund raiser for Eli Winter who had part of his lung removed. They will have a dinner and auction on Friday, 13<sup>th</sup>. The dinner will be provided by BK's and Stewart's. There will be a raffle and silent auction for many items that have been donated for the fund raiser.

Bill Dellos reminded the Commissioners that the Republic Convention will be Thursday, April 12<sup>th</sup> at 6:30 p.m. in Huntington. State representatives will be present.

PRESENTATION BY GRAND COUNTY SHERIFF'S OFFICE.

COMMISSION MEETING MINUTES  
MAY 1, 2018

Grand County Sheriff Steven White presented Sheriff Funk and his staff with plaques stating appreciation from Grand County for their assistance during the remodel process of the Grand County Jail facility. Emery County Sheriff's Office housed Grand County inmates from October 2016 through September 2017 during their remodel process. A plaque was also presented to the Emery County Commissioners.

(3)

PRESENTATION BY DWR FOR DELIVERY OF DWR'S ANNUAL PILT PAYMENT TO EMERY COUNTY AND UPDATE OF DWR'S ACTIVITIES WITHIN THE COUNTY.

Chris Wood, Regional Supervisor for Division of Wildlife presented the Commissioners with a check for \$2,610.71 for PILT payment for 5,421 acres of land that the agency owns in Emery County. Most of the land is along the San Rafael River and some at the Huntington Game Farm. There is an abundance of open land in Emery County for people to recreate, fish and hunt. The PILT payment is paid by sportsmen through fees. They also manage Desert Lake. The 2,800 acres are owned by US Fish and Wildlife service. He stated that they appreciate the partnership they have with Emery County Land Council. He attends their meeting each month and appreciates the communication and ability to work through issues. He reported that the agency is doing what they can to grow the deer and elk herds on the mountains. They are continuing to work with land owners through depredation to mitigate the deer that don't migrate. They have release approximately 10,000 pheasants, 700 to 800 in Emery County alone. They are trying to reignite the joy of pheasant hunting for the next generation of hunters. They have experienced a bison issue with bison coming off the Ute Indian Reservation onto allotment holders. The herd on the reservation is getting too big. They are working though this issue. He added he appreciates the partnership the agency has with the County and its citizens.

(4)

DISCUSS/APPROVE/DENY RESTRUCTURING THE BOARD OF THE LOCAL BUILDING AUTHORITY OF EMERY COUNTY.

Attorney Mike Olsen indicated that in the last couple of weeks a citizen has brought into question the legal aspects of the LBA. He indicated that he is looking into the state statutes to affirm that the LBA can do what it does and that we are in compliance. He requested time to continue his research and provide in writing to the Board of Commissioners his recommendation. Commissioner Kent Wilson made a motion to table this matter for a later meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

DISCUSS/APPROVE/DENY AWARDDING BID FOR LAWN CARE FOR SEVEN(7) EMERY COUNTY LIBRARIES AND THE EMERY COUNTY ROAD DEPARTMENT.

COMMISSION MEETING MINUTES  
MAY 1, 2018

Commissioner Kent Wilson explained that bids for lawn care for the libraries and Road Department were opened and read aloud in Commission Meeting on April 17, 2018. Some bids were eliminated. We have narrowed it down to two bids that are very close. He requested to table this for today to allow time to continue to evaluate the bids. Commissioner Kent Wilson made a motion to table this and have the current contractor carry on with the duties for the month of May at the same rate as the last contract rate. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

DISCUSS/APPROVE/DENY EMERY COUNTY EMERGENCY MANAGEMENT'S APPLICATION FOR THE 2018 EMERGENCY MANAGEMENT PERFORMANCE GRANT.

(10)

DISCUSS/APPROVE/DENY THE REVISED RISK MANAGEMENT VEHICLE-TRANSPORTATION POLICY.

Mary Huntington, Personnel Director reported that three weeks ago in Risk Management meeting the committee approved and recommended approval of the revised Risk Management Vehicle-Transportation Policy. The County participates in the Trust Accountability program with Local Governments Trust who carries our Worker's Comp. Participation in the program will earn us a percentage of our premium back at the end of the year. Mary will forward driver's licenses of all employees who drive a county vehicle or use their own vehicle during the scope of their job and on county time to the Trust who will provide a rating report to the County. This is an effort to mitigate exposure and limit risks to the County. Commissioner Paul Cowley made a motion to approve the Revised Risk Management Vehicle-Transportation Policy. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(11)

DISCUSS/APPROVE/DENY THE SELECTION OF A CAREER SERVICE COUNCIL MEMBER FOR A THREE YEAR TERM ENDING JUNE 1, 2021.

Commissioner Kent Wilson explained that due to McKette Allred leaving for a mission for the LDS Church a vacancy is open for the Career Service Council. There is three years left on the term. They had a few applicants for this opening. One requirement of the board is to be a judge or practicing attorney. Scott Johansen meets this requirement as he is a retired judge and practicing attorney. Commissioner Kent Wilson indicated that the Emery County Commissioners would like to offer the position to Scott Johansen. Commissioner Wilson expressed his gratitude to those who have applied. Commissioner Kent Wilson made a motion to approve Scott Johansen to be on the Career Service Council for a three year term ending June 1, 2021. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(12)

RANDY JOHNSON- GOVERNMENT MATTERS, LLC. REPORT.

Randy Johnson was not able to attend the meeting today. Commissioner Wilson reported on the recent trip to Washington, D.C. He stated he was encouraged by what they were told regarding the County's Public Land Bill. The legislators they met with told them this is the best time to present the bill. There is a Republican President, Republican House and Senate. This works in our favor. They are still tweeking the bill to make everyone happy. An environmental group that they met with, The Pugh Foundation, is in favor of bill. They were encouraged and hopeful for its passage.

COMMISSION MEETING MINUTES

(7)

RATIFICATION OF APPLICATION FOR THE STATE PARKS GRANT.

Jordan Leonard explained that the application was due May 1<sup>st</sup> for this grant which was the day of the last meeting, to late to get on the agenda. The grant is for the purchase of a Trail Cat to clean up current trails that are already Forest Service and BLM approved. The total project is \$80,000.00. The Tourism Council has approved up to \$30,000.00 on the project that includes operator and fuel. Les Wilberg has volunteered to help. State and in-kind and cover the balance. The biggest concern will be where to house the machine. Commissioner Paul Cowley made a motion to ratify an application for a State Parks Grant. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(8)

COMMISSION MEETING MINUTES  
MAY 15, 2018

RATIFICATION OF LETTER OF SUPPORT FOR THE EMERY COUNTY PUBLIC LAND MANAGEMENT ACT 2018.

The letter is addressed to Senator Orrin Hatch and Representative John Curtis in support of the Emery County Public Land Management Act 2018. It explains the process that the Public Lands Council went through for the last 25 years to get the bill to this point. Leon McElprang expressed some concerns. He indicated that he sits on the Public Lands Council and has not been involved with the process for the last 25 years. He had some questions on wilderness characteristics, designation and access. Randy Johnson addressed his concerns and assured Mr. McElprang that nothing has changed. Mr. McElprang added that Utah State did a study that shows agriculture and grazing on the Manti, and as far as economics go, brings 23 million dollars into our area every year. That is right up there with coal mining. He stated he hopes the Council understands the economic value in grazing in our area and hopes they are always taking care of that. Randy assured him that they have worked really hard to protect those interest. Commissioner Sitterud indicated that he has had discussions on the bill with Mr. McElprang previously and just to ease everyone's concerns he contacted 10 or 12 larger cattle ranchers in our area, to touch base with them and get their feel for wilderness designation on the Manti. These ranchers indicated that looking at all the possibilities, with the political landscape as it is today, they were comfortable with what is being done. Mike Olsen addressed some of his concerns regarding wilderness designation and monument designation. Randy Johnson explained that if this bill passes the possibility of monument designation would defiantly be less likely due to the fact that the areas under scrutiny would already be in wilderness designation or national conservation areas. Randy stated, "When this bill passes we will have Congressionally recognized a million acres of our 2.9 million acres in this County". You can't put a monument on wilderness designation or national conservation areas. This could, potentially, remove the target off our back, as far as monument designation is concerned.

Commissioner Paul Cowley made a motion to ratify the signing of a letter in support for the Emery County Public Land Management Act 2018. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(9)

DISCUSS/APPROVE/DENY LETTER OF SUPPORT FOR ALTERNATIVE 2 IN THE MUDDY CREEK WILD AND HORSE HERD MANAGEMENT AREA GATHER PLAN.

(15)

DISCUSS/APPROVE/DENY TRAVEL BUREAU'S APPLICATION FOR GRANT FUNDING THROUGH THE UTAH OFFICE OF TOURISM FOR MARKETING PROJECTS.

Jordan Leonard requested approval for the Travel Bureau's application for grant funding through the Utah Office of Tourism for marketing projects. He indicated that the proposed projects such as billboards, wall wraps, etc. must be out of the state of Utah. In the past the grant has been anywhere from \$100,000.00 to \$150,000.00. We would use \$50,000.00 to \$60,000.00 from TRT to match the grant. He indicated that they have seen an increase of TRT and revenue tax. Sales Tax is up a little. We will try to pinpoint where the return of investment is coming from. Commissioner Kent Wilson made a motion to approve the Travel's Bureau application for Grant Funding through the Utah Office of Tourism for marketing projects. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(16)

(17)

DISCUSS/APPROVE/DENY CONTRACT AGREEMENT WITH EARL CORREY TO PROVIDE TWO (2) MUSICAL PERFORMANCES FOR THE WONDERS OF THE SWELL PHOTO CONTEST.

COMMISSION MEETING MINUTES  
MAY 15, 2018

Earl Correy is a Native Style Flute performer. Mr Correy has agreed to provide two musical performances for the Wonders of the Swell Photo Contest. He will perform at the John Wesley Powell Museum and at the Rochester Panel during a workshop with Bob Maynard, on Saturday, June 23, 2018. The contract amount is \$500.00 to cover his performance and accommodations for travel expenses, the PA system set-up and take down. Commissioner Kent Wilson made a motion to authorize a contract agreement with Earl Correy to provide two musical performances for the Wonders of the Swell Photo contest. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(18)

DISCUSS/APPROVE/DENY CONTRACT AGREEMENT WITH BOB MAYNARD TO JUDGE THE WONDERS OF THE SWELL PHOTO CONTEST.

Jordan Leonard indicated that they have 66 to 150 photos signed up thus far for the Wonders of the Swell Photo Contest. Bob Maynard is a professional photographer who has agreed to be a judge for the photo contest. The contract agreement covers his cost for travel expenses. Commissioner Kent Wilson made a motion to approve a contract agreement with Bob Maynard to judge the Wonders of the Swell Photo Contest. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

DISCUSS/APPROVE/DENY HYPNO HICK CONTRACT FOR THE 2018 EMERY COUNTY FAIR.

Attorney Mike Olsen indicated that the contract for Hypno Hick did not include a liability and insurance clause. He suggested approving the process and he will address the liability and insurance clause with the contractor. Commissioner Kent Wilson made a motion to go through the contract process with Hypno Hick for the 2018 Emery County Fair addressing the liability and insurance clause on the contract. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(20)

DISCUSS/APPROVE/DENY LOCAL PUBLIC SAFETY TRUST FUND COST-SHARING AGREEMENT.

Mary Huntington explained that back in 2016 the legislature passed a bill that the counties are required to pay health insurance for a surviving spouse and their children up to age 26 in the event a law enforcement officer was killed in the line of duty. What that meant is the county is would be responsible to pay the cost of the premium for the spouse and children to participate. Then they made a trust fund an option where if the county chose to participate in the trust fund you would pay \$95.00 per law enforcement that is employed by the county into the trust fund every year. Then, in the event a law enforcement officer were to be killed in the line of duty, the

COMMISSION MEETING MINUTES  
MAY 15, 2018

trust fund would reimburse the county those premium dollars. Until legislation this year participation in that trust fund was voluntary. Participation in the trust fund is now mandatory for all counties in Utah. In the past the county just handled the premium. The cost for the county to participate this year would be \$95.00 per certified law enforcement in the county which is 34, would be \$3,230.00 for the year. This goes into affect July 1, 2018. There is an agreement that needs to be signed. Mary will supply the trust with a list of names that are certified along with the payment that will be transferred to the trust fund. Commissioner Paul Cowley made a motion to approve a Local Public Safety Trust Fund Cost-Sharing Agreement. The motion was seconded by Commissioner Kent Wilson. The motion passed.

In other business Merrial Johansen, from Johansen & Tuttle Engineering informed the Commissioners of a possible Federal Grant opportunity. This is a National Infrastructure Investment grant run through UDOT. 1.5 billion dollars will be available nation wide. Each state will have available 25 million dollars that the counties may make application to receive. It would be a 80/20 grant. They will focus on rural areas. They will look at cost/ benefit value merit value, long term value, ability to maintain, environmental value, tax growth, availability of match funds, and more. Projects already in the works, that already have their environmental studies completed will be ahead due to the date which is July 19, 2018.

(21)

RANDY JOHNSON-GOVERNMENT MATTERS, LLC REPORT

Randy Johnson- Government Matters, LLC reported on activity of interest to Emery County and rural Utah. EC's Public Lands Bill has been introduced. Hearings on the House side will begin in mid June. This will require one of the Commissioners to go to Washington, DC to testify before the House. Senator Hatch would like to see more before they recess. He has set up a meeting with Public Lands Council for next week to bring them up to speed with the language of the bill. They are working on matching the language to the presidents language. We need to get it passed in the Senate.

(22)

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Sitterud reported that he received word from the Seven County Coalition reporting that a US Judge has ruled in favor of eliminating the ban to export coal from a California port.

(21)

COMMISSION/ELECTED OFFICIALS REPORT.

Attorney Mike Olsen reported that Sheriff Funk asked to be excused from the meeting today. Captain Ekker was in attendance at today’s meeting representing the Sheriff’s Department.

Commissioner Wilson talked about Search and Rescue and the very successful turnout that they had at a fund raiser they sponsored for the son of their members. They were able to raise an abundant amount of money to help a struggling family.

Commissioner Sitterud commented that Emery County should receive a pat on the back for the out pouring of support that the Winter’s family received during the fund raiser. Many people donated an abundance of items for the auction.

Following Elected officials reports, they held the monthly safety drawing.

Commissioner Sitterud drew names of those who qualify for the monthly incentive VISA gift card drawing as follows:

- Full time employee- Carole Larsen
- Par time employee- Meagan Crosland
- Safety Sensitive Employees- Molly Barnes and Brock Winn

PRESENTATION BY GRAND COUNTY SHERIFF'S OFFICE.

COMMISSION MEETING MINUTES  
MAY 1, 2018

Grand County Sheriff Steven White presented Sheriff Funk and his staff with plaques stating appreciation from Grand County for their assistance during the remodel process of the Grand County Jail facility. Emery County Sheriff's Office housed Grand County inmates from October 2016 through September 2017 during their remodel process. A plaque was also presented to the Emery County Commissioners.

(3)

PRESENTATION BY DWR FOR DELIVERY OF DWR'S ANNUAL PILT PAYMENT TO EMERY COUNTY AND UPDATE OF DWR'S ACTIVITIES WITHIN THE COUNTY.

Chris Wood, Regional Supervisor for Division of Wildlife presented the Commissioners with a check for \$2,610.71 for PILT payment for 5,421 acres of land that the agency owns in Emery County. Most of the land is along the San Rafael River and some at the Huntington Game Farm. There is an abundance of open land in Emery County for people to recreate, fish and hunt. The PILT payment is paid by sportsmen through fees. They also manage Desert Lake. The 2,800 acres are owned by US Fish and Wildlife service. He stated that they appreciate the partnership they have with Emery County Land Council. He attends their meeting each month and appreciates the communication and ability to work through issues. He reported that the agency is doing what they can to grow the deer and elk herds on the mountains. They are continuing to work with land owners through depredation to mitigate the deer that don't migrate. They have release approximately 10,000 pheasants, 700 to 800 in Emery County alone. They are trying to reignite the joy of pheasant hunting for the next generation of hunters. They have experienced a bison issue with bison coming off the Ute Indian Reservation onto allotment holders. The herd on the reservation is getting too big. They are working through this issue. He added he appreciates the partnership the agency has with the County and its citizens.

(4)

DISCUSS/APPROVE/DENY RESTRUCTURING THE BOARD OF THE LOCAL BUILDING AUTHORITY OF EMERY COUNTY.

Attorney Mike Olsen indicated that in the last couple of weeks a citizen has brought into question the legal aspects of the LBA. He indicated that he is looking into the state statutes to affirm that the LBA can do what it does and that we are in compliance. He requested time to continue his research and provide in writing to the Board of Commissioners his recommendation. Commissioner Kent Wilson made a motion to table this matter for a later meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

DISCUSS/APPROVE/DENY AWARDED BID FOR LAWN CARE FOR SEVEN(7) EMERY COUNTY LIBRARIES AND THE EMERY COUNTY ROAD DEPARTMENT.

COMMISSION MEETING MINUTES  
MAY 1, 2018

Commissioner Kent Wilson explained that bids for lawn care for the libraries and Road Department were opened and read aloud in Commission Meeting on April 17, 2018. Some bids were eliminated. We have narrowed it down to two bids that are very close. He requested to table this for today to allow time to continue to evaluate the bids. Commissioner Kent Wilson made a motion to table this and have the current contractor carry on with the duties for the month of May at the same rate as the last contract rate. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

DISCUSS/APPROVE/DENY EMERY COUNTY EMERGENCY MANAGEMENT'S APPLICATION FOR THE 2018 EMERGENCY MANAGEMENT PERFORMANCE GRANT.

Commissioner Paul Cowley made a motion to approve Emery County Emergency Management's application for the 2018 Emergency Management Performance Grant. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(7)

DISCUSS/APPROVE/DENY 2018 ELECTION JUDGES.

Clerk/Auditor Brenda Tuttle presented a list of election judges for the 2018 election year. Brenda indicated that many are individuals who have been used in previous elections, some are those who indicated from the town caucus meetings their desire to serve as an election judge. The list may change as election day approaches and she asked for the ability to make changes as needed. Commissioner Kent Wilson made a motion to approve the 2018 election judges and allow alternate judges as needed. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSS/APPROVE/DENY THE REVISED RISK MANAGEMENT VEHICLE-TRANSPORTATION POLICY.

Mary Huntington, Personnel Director reported that three weeks ago in Risk Management meeting the committee approved and recommended approval of the revised Risk Management Vehicle-Transportation Policy. The County participates in the Trust Accountability program with Local Governments Trust who carries our Worker's Comp. Participation in the program will earn us a percentage of our premium back at the end of the year. Mary will forward driver's licenses of all employees who drive a county vehicle or use their own vehicle during the scope of their job and on county time to the Trust who will provide a rating report to the County. This is an effort to mitigate exposure and limit risks to the County. Commissioner Paul Cowley made a motion to approve the Revised Risk Management Vehicle-Transportation Policy. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(11)

DISCUSS/APPROVE/DENY THE SELECTION OF A CAREER SERVICE COUNCIL MEMBER FOR A THREE YEAR TERM ENDING JUNE 1, 2021.

Commissioner Kent Wilson explained that due to McKette Allred leaving for a mission for the LDS Church a vacancy is open for the Career Service Council. There is three years left on the term. They had a few applicants for this opening. One requirement of the board is to be a judge or practicing attorney. Scott Johansen meets this requirement as he is a retired judge and practicing attorney. Commissioner Kent Wilson indicated that the Emery County Commissioners would like to offer the position to Scott Johansen. Commissioner Wilson expressed his gratitude to those who have applied. Commissioner Kent Wilson made a motion to approve Scott Johansen to be on the Career Service Council for a three year term ending June 1, 2021. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(12)

RANDY JOHNSON- GOVERNMENT MATTERS, LLC. REPORT.

Randy Johnson was not able to attend the meeting today. Commissioner Wilson reported on the recent trip to Washington, D.C. He stated he was encouraged by what they were told regarding the County's Public Land Bill. The legislators they met with told them this is the best time to present the bill. There is a Republican President, Republican House and Senate. This works in our favor. They are still tweeking the bill to make everyone happy. An environmental group that they met with, The Pugh Foundation, is in favor of bill. They were encouraged and hopeful for its passage.

COMMISSION MEETING MINUTES  
MAY 1, 2018

(13)

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Cowley reported on discussions in Public Lands Council regarding the water situation. It is not good.

Attorney Mike Olsen extended his appreciation to McKette Allred for her years of service on the Career Service Council. It is a great service to the County for Scott Johansen to come out of retirement to serve on the Career Service Council.

(14)

ADJOURN

Commissioner Paul Cowley made a motion to adjourn the meeting. The motion was seconded by Commissioner Kent Wilson. The motion passed.

Commissioner Paul Cowley made a motion to reconvene the meeting. The motion was seconded by Commissioner Kent Wilson. The motion passed.

The Commissioners were reminded of the RFP's that were turned in to the Clerk/Auditor's office on time per advertising. Opening of the bids was not added to the Agenda due to an oversight. Attorney Mike Olsen indicated that the Commissioners could open the RFP's to allow time to review them before awarding the bid, which according to advertising would be May 15<sup>th</sup>. The opening of the bids will be ratified in the May 15<sup>th</sup> meeting.

The motion was seconded by Commissioner Kent Wilson. The motion passed.

(7)

RATIFICATION OF APPLICATION FOR THE STATE PARKS GRANT.

Jordan Leonard explained that the application was due May 1<sup>st</sup> for this grant which was the day of the last meeting, to late to get on the agenda. The grant is for the purchase of a Trail Cat to clean up current trails that are already Forest Service and BLM approved. The total project is \$80,000.00. The Tourism Council has approved up to \$30,000.00 on the project that includes operator and fuel. Les Wilberg has volunteered to help. State and in-kind and cover the balance. The biggest concern will be where to house the machine. Commissioner Paul Cowley made a motion to ratify an application for a State Parks Grant. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(8)

COMMISSION MEETING MINUTES  
MAY 15, 2018

RATIFICATION OF LETTER OF SUPPORT FOR THE EMERY COUNTY PUBLIC LAND MANAGEMENT ACT 2018.

The letter is addressed to Senator Orrin Hatch and Representative John Curtis in support of the Emery County Public Land Management Act 2018. It explains the process that the Public Lands Council went through for the last 25 years to get the bill to this point. Leon McElprang expressed some concerns. He indicated that he sits on the Public Lands Council and has not been involved with the process for the last 25 years. He had some questions on wilderness characteristics, designation and access. Randy Johnson addressed his concerns and assured Mr. McElprang that nothing has changed. Mr. McElprang added that Utah State did a study that shows agriculture and grazing on the Manti, and as far as economics go, brings 23 million dollars into our area every year. That is right up there with coal mining. He stated he hopes the Council understands the economic value in grazing in our area and hopes they are always taking care of that. Randy assured him that they have worked really hard to protect those interest. Commissioner Sitterud indicated that he has had discussions on the bill with Mr. McElprang previously and just to ease everyone's concerns he contacted 10 or 12 larger cattle ranchers in our area, to touch base with them and get their feel for wilderness designation on the Manti. These ranchers indicated that looking at all the possibilities, with the political landscape as it is today, they were comfortable with what is being done. Mike Olsen addressed some of his concerns regarding wilderness designation and monument designation. Randy Johnson explained that if this bill passes the possibility of monument designation would defiantly be less likely due to the fact that the areas under scrutiny would already be in wilderness designation or national conservation areas. Randy stated, "When this bill passes we will have Congressionally recognized a million acres of our 2.9 million acres in this County". You can't put a monument on wilderness designation or national conservation areas. This could, potentially, remove the target off our back, as far as monument designation is concerned.

Commissioner Paul Cowley made a motion to ratify the signing of a letter in support for the Emery County Public Land Management Act 2018. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(9)

DISCUSS/APPROVE/DENY LETTER OF SUPPORT FOR ALTERNATIVE 2 IN THE MUDDY CREEK WILD AND HORSE HERD MANAGEMENT AREA GATHER PLAN.

The motion passed.

(15)

DISCUSS/APPROVE/DENY TRAVEL BUREAU'S APPLICATION FOR GRANT FUNDING THROUGH THE UTAH OFFICE OF TOURISM FOR MARKETING PROJECTS.

Jordan Leonard requested approval for the Travel Bureau's application for grant funding through the Utah Office of Tourism for marketing projects. He indicated that the proposed projects such as billboards, wall wraps, etc. must be out of the state of Utah. In the past the grant has been anywhere from \$100,000.00 to \$150,000.00. We would use \$50,000.00 to \$60,000.00 from TRT to match the grant. He indicated that they have seen an increase of TRT and revenue tax. Sales Tax is up a little. We will try to pinpoint where the return of investment is coming from. Commissioner Kent Wilson made a motion to approve the Travel's Bureau application for Grant Funding through the Utah Office of Tourism for marketing projects. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(16)

DISCUSS/APPROVE/DENY TRAVEL SHOWS FOR 2019.

Sportsman Expo is for adventurers

Travel Adventure Show is water sports and State Parks.

Commissioner Kent Wilson made a motion to approve the Travel Show Plan for 2019. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

DISCUSS/APPROVE/DENY CONTRACT AGREEMENT WITH EARL CORREY TO PROVIDE TWO (2) MUSICAL PERFORMANCES FOR THE WONDERS OF THE SWELL PHOTO CONTEST.

COMMISSION MEETING MINUTES  
MAY 15, 2018

Earl Correy is a Native Style Flute performer. Mr Correy has agreed to provide two musical performances for the Wonders of the Swell Photo Contest. He will perform at the John Wesley Powell Museum and at the Rochester Panel during a workshop with Bob Maynard, on Saturday, June 23, 2018. The contract amount is \$500.00 to cover his performance and accommodations for travel expenses, the PA system set-up and take down. Commissioner Kent Wilson made a motion to authorize a contract agreement with Earl Correy to provide two musical performances for the Wonders of the Swell Photo contest. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(18)

DISCUSS/APPROVE/DENY CONTRACT AGREEMENT WITH BOB MAYNARD TO JUDGE THE WONDERS OF THE SWELL PHOTO CONTEST.

Jordan Leonard indicated that they have 66 to 150 photos signed up thus far for the Wonders of the Swell Photo Contest. Bob Maynard is a professional photographer who has agreed to be a judge for the photo contest. The contract agreement covers his cost for travel expenses. Commissioner Kent Wilson made a motion to approve a contract agreement with Bob Maynard to judge the Wonders of the Swell Photo Contest. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(19)

DISCUSS/APPROVE/DENY HYPNO HICK CONTRACT FOR THE 2018 EMERY COUNTY FAIR.

Attorney Mike Olsen indicated that the contract for Hypno Hick did not include a liability and insurance clause. He suggested approving the process and he will address the liability and insurance clause with the contractor. Commissioner Kent Wilson made a motion to go through the contract process with Hypno Hick for the 2018 Emery County Fair addressing the liability and insurance clause on the contract. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(20)

DISCUSS/APPROVE/DENY LOCAL PUBLIC SAFETY TRUST FUND COST-SHARING AGREEMENT.

Mary Huntington explained that back in 2016 the legislature passed a bill that the counties are required to pay health insurance for a surviving spouse and their children up to age 26 in the event a law enforcement officer was killed in the line of duty. What that meant is the county is would be responsible to pay the cost of the premium for the spouse and children to participate. Then they made a trust fund an option where if the county chose to participate in the trust fund you would pay \$95.00 per law enforcement that is employed by the county into the trust fund every year. Then, in the event a law enforcement officer were to be killed in the line of duty, the

COMMISSION MEETING MINUTES  
MAY 15, 2018

trust fund would reimburse the county those premium dollars. Until legislation this year participation in that trust fund was voluntary. Participation in the trust fund is now mandatory for all counties in Utah. In the past the county just handled the premium. The cost for the county to participate this year would be \$95.00 per certified law enforcement in the county which is 34, would be \$3,230.00 for the year. This goes into affect July 1, 2018. There is an agreement that needs to be signed. Mary will supply the trust with a list of names that are certified along with the payment that will be transferred to the trust fund. Commissioner Paul Cowley made a motion to approve a Local Public Safety Trust Fund Cost-Sharing Agreement. The motion was seconded by Commissioner Kent Wilson. The motion passed.

In other business Merrial Johansen, from Johansen & Tuttle Engineering informed the Commissioners of a possible Federal Grant opportunity. This is a National Infrastructure Investment grant run through UDOT. 1.5 billion dollars will be available nation wide. Each state will have available 25 million dollars that the counties may make application to receive. It would be a 80/20 grant. They will focus on rural areas. They will look at cost/ benefit value merit value, long term value, ability to maintain, environmental value, tax growth, availability of match funds, and more. Projects already in the works, that already have their environmental studies completed will be ahead due to the date which is July 19, 2018.

(21)

RANDY JOHNSON-GOVERNMENT MATTERS, LLC REPORT

Randy Johnson- Government Matters, LLC reported on activity of interest to Emery County and rural Utah. EC's Public Lands Bill has been introduced. Hearings on the House side will begin in mid June. This will require one of the Commissioners to go to Washington, DC to testify before the House. Senator Hatch would like to see more before they recess. He has set up a meeting with Public Lands Council for next week to bring them up to speed with the language of the bill. They are working on matching the language to the presidents language. We need to get it passed in the Senate.

(22)

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Sitterud reported that he received word from the Seven County Coalition reporting that a US Judge has ruled in favor of eliminating the ban to export coal from a California port.

FOREST SERVICE REPORT ON TRAIL MOUNTAIN FIRE.

COMMISSION MEETING MINUTES  
JUNE 19, 2018

The Trail Mountain Fire is now under the management of a Type 2 Incident Management Team.

Jessie Bender, Public Relations Director. Steve Shaw, Chief of Operations and Tim Roide from Roide's Great Basin Type 2 Incident Management Team #4 provided an overview of the Trail Mountain Fire. The fire began as a prescribed burn by the US Forest Service-Ferron District on Trail Mountain on June 1, 2018. By June 4<sup>th</sup> the fire was re-categorized as it had moved into Cottonwood Canyon and heading northwest. Jurisdiction for management of the fire changed to a Type 2 Incident Management team. Jessie reported that the fire is now 43% contained. Firefighters will continue to use natural breaks in terrain and vegetation as well as direct and indirect fireline to increase containment. Burning operations will continue on the west and northwest side of the fire to prevent growth by removing receptive vegetation. Winds coming from the northwest are expected to be less turbulent over the next two days. and temperatures will continue to come down, while relative humidity increases. Crews are working diligently toward securing and encompassing the fire's edge. As fire containment grows, crews will also begin remediation work. Some of this work includes removing hazard trees, clearing roads, clearing streams, and building water bars to help prevent soil erosion. The Incident Management Team also sent firefighting resources to a new fire located northeast of Joe's Valley Reservoir, about 4 miles south west of the Trail Mountain fire. The Straight Canyon Fire is approximately 2 acres in size. Firefighters expect to contain it by tomorrow. The cause is unknown at this time. Highway 31 through Huntington Canyon is now open, but travel with caution is expressed. Horse Canyon Trailhead, Indian Creek Campground, Little Bear Campground, Lower Little Bear Campground, and Riverside Campsite are closed. They expect to have Little Bear Campground open by weeks end. Statistics: Size: 14,429 acres. Engines: 23. total personnel: 589. Crews: 15. Helicopters: 6. Contained: 43%

Tim Roide expressed the teams appreciation for the warm reception that they have received from the people of Emery County. It is welcomed and appreciated.  
Emery County Commissioners thanked the incident team and firefighters for their efforts.

(4)

PRESENTATION BY ROBBIE JENSEN REGARDING EMERY COUNTY AGING

COMMISSION MEETING MINUTES  
JUNE 19, 2018

DEPARTMENT.

Robbie Jensen, Emery County Aging Department provided an update of current and future activity. He indicated that the Aging Department is running smoothly. He talked about several programs. A Stepping On program to assist seniors with fall prevention. Currently they are looking into a Fostering Grandparents grant for Emery, Carbon, Grand, San Juan, and possibly Tooele Co. He reported that the roof at the Huntington Senior Center has been leaking in several places. Had they known this earlier they could have applied for CDBG grant to repair or replace the roof. Now they may be looking for other ways to fund the roof repairs or replacement. They hoped to make the repairs before this winter, however, the CDBG grant process would put them into next July to receive the funds to make the repairs. They are looking into their options. Robbie introduced Jennie Fasselin . Jennie is with Red Dawg publishing. AOG is using Red Dawg to produce a publication. They are revamping their Emery County Newsletter that is sent out to all Emery County Seniors and would like to use Jennie and Red Dawg to make the newsletter more user friendly for the seniors. To raise awareness of the Senior Centers Jennie asked the Commissioners for a photo opportunity possibly with the Commissioners assisting with meal deliveries to the seniors. On September 21<sup>st</sup>, at the Castle Dale Sr. Center they will hold a Grandparent's Day to acknowledge grandparents and the work that they do in their efforts in caring for and raising their grandchildren. They will have events and things for the grandparents, children and even teenagers. Robbie thanked the Commissioners for their continued support.

(6)

Ray Petersen drafted a letter to Kathleen Clark of the State of Utah Public Lands Policy Coordinating Office regarding the State of Utah's Petition for Rulemaking to Establish New Management Provisions for Utah's Inventoried Roadless Areas. The letter states Emery County's position on the matter. He requested approval to send the letter that the Public Lands Council has approved to send. Commissioner Paul Cowley made a motion to approve sending a letter to Kathleen Clark of the State of Utah Public Land Policy and Coordinating Office as drafted by Public Lands Director and approved by the Emery County Public Lands Council. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

DISCUSS/APPROVE/DENY THE RESOLUTION FOR THE REVISED EMERY COUNTY PERSONNEL POLICIES AND PROCEDURES MANUAL.

Attorney Mike Olsen reported that this Resolution is for the revised Emery County Personnel Policies and Procedures Manual. This clears up some case law changes and makes the policy and procedures clear and up to date with state law for employees of Emery County. He provided a presentation and outline of the proposed revisions. There were some Department Heads and elected officials who have not had time to review the revisions and asked for time to do so. It was decided to give the Department Heads and Elected officials time to review the revisions and give their findings to Mary Huntington or the Commissioners by Friday, July 13, 2018. Commissioner Kent Wilson made a motion to table this until the next Commission Meeting. The motion was seconded by Commissioner Paul Cowley. The motion passed.

DISCUSS/APPROVE/DENY OPTING-IN TO A CLASS ACTION LAWSUIT REGARDING THE COUNTY'S RIGHT TO RECOVER ADDITIONAL SUMS UNDER THE PAYMENTS IN LIEU OF TAXES ACT (PILT) FOR FISCAL YEARS 2015, 2016, AND 2017.

Attorney Mike Olsen explained that it is a good idea to opt-in to a class action lawsuit to secure Emery County's right to recover additional sums under the payments in lieu of taxes act (PILT). In 2008 Congress amended the PILT statute making it mandatory for the government to pay us PILT. This was to help off-set non taxable property that is owned by the federal government. However, Congress did not fund it. Counties were not receiving payment from the federal government to the level that they were supposed to under that statute. Kane County recently sued them and won. On the heels of that suit, the court in that case certified it as a class action. So now the qualifying counties have an opportunity to opt-in to the class action law suit. He contacted the Kane County Attorney and other people at a state level and asked them if they had a recommendation and all the feed back he has received is, it is a good idea to opt-in to get the money we are due under that statute. Commissioner Kent Wilson made a motion to opt-in to a class action lawsuit regarding the county's right to recover additional sums under the Payments in Lieu of Taxes Act (PILT) for fiscal years 2015, 2016, and 2017 as recommended by Attorney Mike Olsen. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(3)

DISCUSS/APPROVE/DENY SIGNING OF RESOLUTION AUTHORIZING THE FILING OF CROSS-APPEAL FOR 2018 CENTRALLY ASSESSED PROPERTIES IN REGARDS TO AVAD OPERATING LLC.

Attorney Mike Olsen requested approval to sign Resolution 7-17-18 authorizing the filing of cross-appeal for 2018 Centrally Assessed properties in regards to AVAD Operating, LLC. It is important to stay on top of the Centrally Assessed Appeals as they come in and preserve our legal right to cross-appeal and turned in the Tax Commission on a timely basis. Commissioner Paul Cowley made a motion to sign Resolution 7-17-18 authorizing the filing of cross-appeal for 2018 Centrally Assessed properties in regards to AVAD Operating, LLC. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(4)

DISCUSS/APPROVE/DENY COOPERATIVE AGREEMENT BETWEEN DWR, STATE PARKS, USDA AND EMERY COUNTY FOR BOAT RAMP EXTENSION.

Merrial Johansen explained that the funds for the boat ramp extension were allocated last fall and now the agencies are gathering all the necessary agreements to do the work. Commissioner Wilson asked that Jay Humphrey's concerns regarding the ongoing maintenance are addressed. Jay wanted to be sure that the other agencies, State Parks, USDA, and DWR are accountable and

COMMISSION MEETING MINUTES  
JULY 17, 2018

responsible for the ongoing maintenance of all the facilities on the forest. Attorney Mike Olsen has not had an opportunity to review the agreement. Commissioner Kent Wilson made a motion to approve a cooperative agreement between DWR, State Parks, USDA and Emery County for boat ramp extension upon Attorney Mike Olsen's review of the agreement and assures the Commissioners that Emery County is not responsible for any finances. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

DISCUSS/APPROVE/DENY 2018-2019 CONTRACT AGREEMENT WITH SOUTHEASTERN UTAH ASSOCIATION OF GOVERNMENTS AND EMERY COUNTY.

Commissioner Paul Cowley made a motion to approve a contract agreement with Southeastern Utah Association of Governments and Emery County for 2018-2019. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(6)

DISCUSS/APPROVE/DENY ROAD PROJECT AGREEMENT BETWEEN EMERY COUNTY AND THE USDA FOREST SERVICE, MANTI-LA-SAL NATIONAL FOREST FOR MAG CHLORIDE APPLICATION ON SCHEDULE A FOREST ROADS.

Commissioner Paul Cowley made a motion to approve a road project agreement between Emery County and the USDA Forest Service, Manti La-Sal National Forest for Mag Chloride application on schedule A Forest Roads upon review and approval of Attorney Mike Olsen. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(7)

DISCUSS/APPROVE/DENY UTAH OUTDOOR RECREATION GRANT CONTRACT.

Jordan Leonard and Tina Carter discussed a Utah Outdoor Recreation Grant Contract. The project is along the Scenic Byway identifying trails in the forest and its history as well as other sites along the way, such as when to see the Salmon spawn on Electric Lake. The Travel Bureau has appropriated \$10,000.00 from TRT funds for this project. The actual contract amount is \$8,000.00. The total project is \$32,000.00 and includes Sanpete and Carbon County with their portion of the project. Commissioner Kent Wilson made a motion to authorize \$8,000.00 from TRT funds for this grant. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

DISCUSS/APPROVE/DENY CONTRACT FOR CLEANING SERVICES DURING THE 2018 EMERY COUNTY FAIR.

COMMISSION MEETING MINUTES  
JULY 17, 2018

Commissioner Wilson explained that a contract for the cleaning services during the 2018 Emery County Fair is with Mindi Labrum and Nancy Jorgensen in the amount of \$1,800.00. They will clean up the fair vendor areas with the addition of the parade route to the contracted services. Commissioner Kent Wilson made a motion to approve a contract for cleaning services with Mindi Labrum and Nancy Jorgensen during the 2018 Emery County Fair. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSS/APPROVE/DENY MOU WITH CASTLE DALE CITY DURING THE 2018 EMERY COUNTY FAIR.

Commissioner Wilson indicated that in the past Emery County has utilized several Castle Dale City employees during the fair to provide various maintenance service through an MOU. This year, the Fair Committee has suggested not using an MOU and have people sitting around waiting until their service is needed. They would like to have Castle Dale City bill the county for the services of their employee as an on call basis such as during initial set up for vendors and other events as needed and when the fair is over, with the tear down process. This would be paying for actual hours worked rather than a flat amount. Commissioner Wilson asked Attorney Mike Olsen if it is possible to negotiate a wage with the City and draft an agreement for on call services? The hope is to save the county some money on this service. No action was taken on this item at this time.

(10)

DISCUSS/APPROVE/DENY AGREEMENT WITH CARL POTTER OF PRO SOUND FOR SOUND SYSTEM SERVICES FOR THE 2018 EMERY COUNTY FAIR.

Commissioner Wilson explained that the agreement with Carl Potter of Pro Sound is for \$1,800.00 plus two nights motel room at approximately \$150.00. Mr. Potter will provide the sound for all events during the fair. Commissioner Kent Wilson made a motion to approve an agreement with Carl Potter of Pro Sound for sound system services for the Emery County Fair, 2018. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

DISCUSS/APPROVE/DENY ANNUAL CONTRIBUTION TO BEAR.

Commissioner Wilson reported that there has been a BEAR organization in Price that has done the BEAR program for several years. Every year they make an application with Emery County for \$5,000.00 to help them administer a state grant. This year the state changed the criteria. Emery County and all other counties were allowed to put in two applications per county. Emery County put in 2 applications and we were awarded those grant applications. One grant is for \$26,000.00 through Emery County and one is \$27,000.00 through Emery County Economic

COMMISSION MEETING MINUTES  
JULY 17, 2018

Development. He proposed analyzing the county's grants first and find out what our financial commitments are. There is a good chance that our \$5,000.00 will have to go to our grants instead of Carbon County grants. He indicated he would like to see us analyze our grants first and use the money here fulfilling our BEAR grants. One of the grants is to analyze the roughly 200 to 300 local in-home businesses in Emery County. Some of them may be able to make that leap to become a main street business. We want to find out what we can do to help them make that leap to become more profitable. The other grant is to analyze infrastructure in Emery County economically. So that when a business from Salt Lake or out of state comes in we can hand them a printed or on line version of all of our infrastructure in Emery County whether it be electrical, water/sewer, etc, to see if we fit their needs. The other component is to take ten of those companies in the county that are related to coal mining where their businesses are diminishing and help them maybe morp their business into something different and market their business nationally. We want to approach those companies and find out what other products or services can they provide in the US to help market themselves nationally. He suggested the \$5,000.00 that is in the Emery County Economic Development budget be used to fulfil our grants first with USU Eastern. He would like to inform the Carbon County BEAR that we want to analyze our grants first, that our needs come first and will consider their needs if there is any money left over. Commissioner Wilson made a motion to analyze our grants first, prioritize our grants 1 & 2 and if there is any money out of that \$5,000.00 budget left we will bring it back before the Commission to entertain the Carbon County BEAR request. The motion was seconded by Commissioner Paul Cowley. The motion passed.

until the position has been filled. A search committee has been formed and they are in the process of receiving applications. They applicants will go through a review process and the finalist will be interviewed that will be televised on the web and available for the public to view and make recommendations. They will try to fill the position as soon as possible. She hesitated to say “replace” Dennis because she said that replacing Dennis will be impossible. She thanked Dennis for his service and dedication to the citizens of Emery County.

Dennis Worwood provided a report on the recent Junior Livestock Show held in Ferron. He explained that there are 5 livestock shows in the State of Utah. Ferron is the Southeastern Utah Junior Livestock Show. They received funds from the Travel Bureau, Carbon County, Emery County, and the State of Utah. They had 530 animals and 320 exhibitors. 60% of the exhibitors came from out of the area. That is 4 people for every exhibit. They gave out \$30,000.00 in prizes and awards. The final total from the auction was \$250,000.00. They had a committee of 30 volunteers who provided many hours of volunteer time. Kids worked for about 4 months to get their animals ready for the stock show. He stated that this was the biggest and best show he has seen since he has been here. He expressed his hope that the Commissioners will take part in the hiring presentation process. He stated that he has worked hard to meet the needs and please the citizens of Emery County.

COMMISSION MEETING MINUTES  
SEPTEMBER 4, 2018

THE DEPARTMENT OF TRANSPORTATION FOR THE HUNTINGTON AIRPORT  
RUNWAY.

Jeff Guymon explained that DOT provides \$100,000.00 to rehabilitate/resurface the runway at the Huntington Airport. The county's match will be \$10,000.00. There is a set time of April and May of 2019 to have the work completed. Johansen & Tuttle Engineering is assisting on this project. The next scheduled maintenance on the runway will be in 2023. Jeff recommended approval the application process. Commissioner Paul Cowley made a motion to approve applying for a grant through the Department of Transportation for the Huntington Airport Runway. The motion was seconded by Commissioner Kent Wilson. The motion passed. The project will be run through SSD#1

(7)

DISCUSS/APPROVE/DENY COOPERATIVE AGREEMENT WITH UTAH DEPARTMENT  
OF NATURAL RESOURCES FOR NOXIOUS WEED REMOVAL ALONG THE GREEN  
RIVER.

Cory Worwood, Weed & Mosquito Department Director explained that a Cooperative Agreement was arranged for by the Forest, Fire and State Land to remove noxious weeds along the Green River. The amount is \$10,000.00. He recommended approval. Commissioner Paul Cowley made a motion to approve a Cooperative Agreement with Utah Department of Natural Resources for weed removal along the Green River. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(8)

DISCUSS/APPROVE/DENY MOU BETWEEN THE UTAH DIVISION FORESTRY FIRE  
AND STATE LANDS AND EMERY COUNTY.

Fire Wardens Jeramy Jorgensen and Rudy Sandoval came before the Board of Commissioners to discuss a MOU between the Utah Division Forestry, Fire and State Lands and Emery County. The purpose of the understanding is to provide a means whereby the County may be reimbursed for the use of local fire suppression equipment and ambulance. During the Trail Mountain Fire they were not able to use Emery County's trucks or ambulance because this MOU was not in place. Fire fighters must have a red card which is a wildland fire certification to participate in fighting a fire on state or federal lands. He reviewed the document and pointed out a few details that are of interest to the county. This is the same MOU that is used in other counties and cities in the state. Attorney Mike Olsen asked questions regarding the county's ability to make a decision whether to fight a fire or let it burn. He indicated that he attended a forum with Lt. Governor Spencer Cox, Senator Rob Bishop and others regarding local input regarding prescribed/controlled burn and lightning ignited fires. He had questions regarding private property and owners participation in the decision process. Mike Olsen indicated he will continue to attend the forums and be in on the discussions keeping the Commissioners informed. Jeramy

COMMISSION MEETING MINUTES  
SEPTEMBER 4, 2018

Jorgensen indicated that this MOU specifically deals with the fire trucks, ambulance and fire fighting resources. The Commissioners decided to table this to allow time to meet with the FPSSD and EMS Board to address any concerns they may have with the MOU. Commissioner Kent Wilson made a motion to table this decision until the next Commission Meeting to allow time to meet with the FPSSD and EMS Board. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSS/APPROVE/DENY REQUEST FOR TAX ADJUSTMENT ON HT-07-0107.

Selina Hardman, Assessor's Office requested that taxes on HT-07-0107 be abated. They were unable to locate the owner. The owner has abandoned the mobile home and it is no longer in a livable condition. There is no economic value. The tax amount requested to be abated is \$32.04. Commissioner Kent Wilson made a motion to grant an abatement of taxes on HT-07-0107 as requested by the Emery County Assessor's Office. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(10)

DISCUSS/APPROVE/DENY CONTRACT BETWEEN EMERY COUNTY AND UAC REGARDING CREATION OF A PROJECT AREA FOR A CRA PROJECT.

Commissioner Wilson indicated that we have a solar company that is wanting to do a project in Emery County. They are seeking incentives. We need to create a project area. The solar company came to us with a list of two attorneys that they have done business with in the past to create these project areas. That did not feel comfortable to us. So we checked with Utah Association of Counties who is concerned with the county's best interest. UAC is going to make this service available to counties. They have a consultant who specializes in creating community redevelopment areas and has created many in the Salt Lake area. They have given the county a proposal to consider. They will create the project area, negotiate with all the taxing entities within Emery County and also with the person wanting to create the solar farm, take care of all the documentation with the State and also manage the project area during the next fifteen years while the increment is in place. UAC proposed a contract for \$15,000.00. The Commissioners received bids from two other companies that do this same service. The bids were comparable. UAC is providing this service for a comparable price. Commissioner Kent Wilson made a motion to direct our County Attorney to create a contract with UAC and using them as our agent to create the CRA Project area. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

DISCUSS/APPROVE/DENY CONTRACT BETWEEN EMERY COUNTY AND COMMUNITY SOLAR REGARDING FUNDING REIMBURSEMENT FOR CREATING

COMMISSION MEETING MINUTES  
SEPTEMBER 4, 2018

THE CRA PROJECT AREA.

Commissioner Wilson indicated that this is business arrangement with Community Solar. The Contract with Community Solar is so that they will cover the cost of UAC to create the CRA. This means there will be no cost to the county to create the CRA. Commissioner Kent Wilson made a motion to approve a contract between Emery County and Community Solar regarding funding reimbursement for creating the CRA Project Area. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(12)

DISCUSS/APPROVE/DENY AGREEMENT BETWEEN EMERY COUNTY AND USDA REGARDING PREDATOR DAMAGE CONTROL IN EMERY COUNTY.

Tom Hardee indicated that USDA has a pass through Predator Damage Control Program in which Emery County participates at the rate of \$10,000.00. Livestock producers provide private funds of \$5,000.00. USDA refunds the county their 50% match of \$5,000.00 and the \$5,000.00 from the producers private funds. This pass through program makes it no cost to the county to participate. Commissioner Kent Wilson made a motion to approve an agreement between Emery County and USDA regarding Predator Damage Control in Emery County. The motion was seconded by Commissioner Paul Cowley. The motion passed. This is helicopter coyote control.

(13)

DISCUSS/APPROVE/DENY BLM RIGHT-OF-WAY RENEWAL GRANTS FOR BUCKHORN WASH, HADDEN WASH, AND LAST CHANCE.

Commissioner Paul Cowley made a motion to approve BLM Right-Of-Way renewal grants for Buckhorn Wash, Hadden Wash, and Last Chance. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

RANDY JOHNSON-GOVERNMENT MATTERS, LLC REPORT.

Randy Johnson, Government Matters, LLC provided a report on Legislative activity. Emery County's Land Bill is in the hands of the US Congress. It is very unlikely that this bill will go before Congress as a solo bill. It will be packaged with other lands bill to create a lands bill that has a better chance of passing. It will be before the Senate Committee for mark-up in mid-September. Time is our biggest enemy. Senator Hatch has an extraordinary amount of prestige in the Senate. If we move into another year conditions will not be as favorable.

(15)

COMMISSION/ELECTED OFFICIALS REPORT.

COMMISSION MEETING MINUTES  
SEPTEMBER 4, 2018

Attorney Mike Olsen reported that he and Sheriff Funk attended a forum in Salt Lake regarding local control when it comes to ability to fight fires. Concerns that the forest is not being managed well, it is burning down and could be done better. Good to know the governor's office is aware of our plight. He will continue to watch and participate in the forum and hope it keeps moving forward.

Commissioner Wilson indicated that he received an email today from the Governor's Office of Economic Development regarding the negative impacts the drought has had on Emery County. We will bring up concerns that the monitors are high in the mountains and not giving an accurate reading of the conditions in the valleys.

We have had a couple of solar company interested in projects in the county. When Facebook said they were going to build on the Wasatch Front they have said they want a 1000 MW of solar power when they open the doors. We are going to try to accommodate them.

Commissioner Cowley commented that in referring to the County's Land Bill, Ray Petersen's comments regarding the bill have been excellent to explain the bill and puts in perspective for everyone to understand.

Nothing.

(2)

AWARDING OF MONTHLY SAFETY INCENTIVE VISA GIFT CARDS.

Safety Incentive \$100.00 Visa Card winners:

Full Time: Becky Jewkes

Part Time: Natalie Olsen

Safety Sensitive: Gary Price and Leslie Reese

Public Comment was not added to the agenda, however, there was a member of the public who requested time to comment.

Roger Jensen representing the Reeder Subdivision Board requested gravel on the dugway of the Reeder Subdivision Road. This is an Emery County road. They are asking for the gravel to be delivered and they will grade it. The last time it was done was about fifteen years ago. He informed the Commissioners that the 38 owners of cabins in the subdivision pay taxes amounting to approximately \$500,000.00 in the last fifteen years. The owners do not ask for a lot but feel this is needed. Service providers such as propane deliveries are finding it difficult to travel the road as it has been washed out and graded over the years. They currently have an agreement with the county to keep the roadway graded with a snow plow, which Hal Johnson does. This agreement is due for renewal next year. Since this issue was not on the agenda for discussion it will be put on the agenda for the next Commission Meeting. The Commissioners will get with Wayde Nielsen and see what can be done.

(16)

RANDY JOHNSON-GOVERNMENT MATTERS, LLC REPORT.

Randy Johnson, Government Matters, LLC provided an update of activity with Emery County’s Land Bill. With the hurricane in the east the bill did not get marked up on the House last week. It its now scheduled for the middle of next week They will be marking up the Senate at the same time. Once the those two mark ups occur then we will be shopping for a Public Lands package of bills that is being put together. How this will come together or how many bills will be included we do not know at this time. We are still working on a couple of issues with the Senate mostly with SITLA and the Utes. We do not have much control over the SITLA issues. They will have to be dealt with before we move on.

(17)

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Wilson reported on the State Public Health Board of Directors discussions regarding opioids and suicide prevention. We are going to be hearing a lot more about it in the coming months. It is important to be engaged and informed as a county and help be a part of the solution to the problem. We are still moving forward with solar. We are still on the hunt and things look positive.

Commissioner Cowley reported on attending a meeting regarding Manti LaSal Plan Revision. The plan revision will take place the rest of the year and possibly into next year. This will involve activity on the forest for the next twenty years.

Commissioner Wilson explained that Josie Stilson has been asked to fill in for Treasurer, Steven Barton who has retired. According to state statute she should be appointed temporary manager until the Republican Party has gone through their process for a replacement. We also need to discuss appropriate compensation. Commissioner Wilson proposed that starting tomorrow, Josie receive pay and benefits the same as what Steven Barton received and to adopt a resolution allowing her to manage the PTIF account for Emery County and other necessary paperwork as needed in the office. Commissioner Wilson made a motion to appoint Josie Stilson as Temporary Manager Treasurer with the same pay and benefits as the office of Treasurer has and to adopt Resolution 10-2-18A assigning Josie as manager of Emery County's PTIF account and other paperwork as deemed necessary for the office functions. The motion was seconded by Commissioner Paul Cowley. The motion passed.

DISCUSS/APPROVE/DENY THE PRE-AWARD DOCUMENTS FOR THE NRCS TRAIL MOUNTAIN EMERGENCY WATERSHED PROTECTION (EWP) PROJECT.

Captain Kyle Ekker explained that during the Trail Mountain Fire they had started a letter requesting assurances from the NRCS for the canyons affected by the fire. He completed a damage survey report with NRCS for a flood/watershed protection project. They will fund 75% of the projects. The document to be signed today is for award of the funds. Commissioner Paul

Cowley made a motion to approve the pre-award documents for the NRCS Trail Mountain Emergency Watershed Protection (EWP) Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(3)

DISCUSS/APPROVE/DENY ADOPTION OF THE EMERY COUNTY PRE-DISASTER MITIGATION PLAN 2018.

Captain Ekker explained that this is the last step in the Pre-Disaster Mitigation Plan for 2018. FEMA requires that all entities, cities and county adopt this plan to qualify for grants for five years. Commissioner Paul Cowley made a motion to adopt the Emery County Pre-Disaster Mitigation Plan for 2018. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(4)

DISCUSS/APPROVE/DENY CONTRACT WITH UTAH DIVISION OF PARKS AND RECREATION FOR THE NON-MOTORIZED AND MOTORIZED TRAIL MATCHING FUNDS AWARDED TO EMERY COUNTY FOR THE PURCHASE OF A TRAIL CAT WITH ATTACHMENTS.

Commissioner Wilson explained that earlier this year the Trails Committee decided to apply for a grant through state parks to purchase some trail maintenance equipment. They were granted \$40,000.00 from State Parks which we will have to match with \$40,000.00. That match can be by way of wages, fuel, equipment, anything we can put towards the purchase. In the trails committee meeting it was decided to form a committee to determine what kind of equipment they want and will best fit their need. It will take about 45 days to make that determination and how best to proceed. Commissioner Kent Wilson made a motion to approve a contract with Utah Department of Parks and Recreation for the Non-Motorized and Motorized Trail Matching Funds awarded to Emery County for the purchase of a Trail Cat with attachments. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

DISCUSS/APPROVE/DENY CONTRACT WITH HUB REGARDING TOURISM WEBSITE.

Attorney Mike Olsen explained that he has reviewed the contract and commended Jeff Guymon for his expertise and knowledge of the details and suggestions for changes that have been incorporated into the contract. He added he is now comfortable with the contract with the changes. Commissioner Wilson suggested to Tina that they pick a board member to be a project manager with her to make sure we get everything we should have in connection with Jeff. Commissioner Kent Wilson made a motion to approve a contract with HUB for a tourism website. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

DISCUSS/APPROVE/DENY RESOLUTION ADOPTING THE REVISED TRAVEL POLICY.

Mary Huntington reviewed the Revised Travel Policy. This would amend the policy to include a working lunch and being able to use a county credit card to pay for a working lunch if it is a direct benefit to the county. The Department Head would have to receive prior approval from the elected official over that department. They would have to provide a list of people attending the meeting and an agenda of the meeting or what was discussed. They would also be able to pay for the lunch by way of invoice to that department. Commissioner Kent Wilson made a motion to adopt Resolution 10-2-18B adopting the Revised Travel Policy. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(7)

DISCUSS/APPROVE/DENY MOU BETWEEN EMERY COUNTY AND THE UTAH DIVISION OF FORESTRY, FIRE AND STATE LANDS.

This was presented in Fire District Meeting and EMS Board meeting as well as to the Commissioners. Fire District and EMS both agree with the MOU. This will allow them to be available as first responders on fires and be compensated. Commissioner Kent Wilson made a motion to approve an MOU between Emery County and the Utah Division of Forestry, Fire and State Lands. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(8)

DISCUSS/APPROVE/DENY INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND SEUHD.

Commissioner Wilson explained that about a year ago Emery County along with Carbon County threatened to withdraw from the SEUHD. We did not actually follow through with that. However, we have never come to terms with an interlocal agreement between the three counties. That has been hashed out in the last thirty days. The changes made to the agreement are added clarification on how to get rid of board members that are acting not in the best interest of the counties and the Health Department. They have strengthened the language and defined that process. They strengthened the process for how a county can withdraw from the Health Department. The board members will stay the same, three from each county. They tweaked the formula for assessing dues. County Attorney Mike Olsen now approves of the agreement. Commissioner Kent Wilson made a motion to approve an Interlocal Agreement between Emery County and SEUHD. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSS/APPROVE/DENY LETTER OF SUPPORT FROM EMERY COUNTY TO THE BLM REGARDING DEVELOPMENT AND MAINTENANCE OF THE NEW SPRING

COMMISSION MEETING MINUTES  
OCTOBER 2, 2018

BOXES AND PIPELINE.

Ray Petersen requested approval for a letter drafted in support from Emery County to the BLM regarding development and maintenance of the new spring boxes and pipeline. He suggested that it would be wise to ask Weed & Mosquito Department Director, Cory Worwood to draft a weed management plan also. Commissioner Paul Cowley made a motion to approve signing a letter of support from Emery County to the BLM regarding development and maintenance of the new spring boxes and pipeline. The motion was seconded by Commissioner Kent Wilson. The motion passed.

RANDY JOHNSON- GOVERNMENT MATTERS, LLC. REPORT.

Randy Johnson reported that the Emery County Lands Bill was in front of the Senate Energy and Natural Resources Committee this morning and passed, by-voice vote, out of committee. The mark- up went very smoothly. This is significant because when it passes by- voice vote it indicates by-partisan support and gives it strength as it moves along. At this point we have passed the House and Senate Committees and Mark-ups. In our twenty plus years of working on these issues we have never come this close to moving a bill that far before. Essentially it is done deal. Ready to be passed. Now we have to take the House version and the Senate version and reconcile the differences between the versions. They are minor things that do not have anything to do with the substance of the bill or things that the Public Lands Council/County Commissioners wanted this bill to accomplish. They have to do with other entities. SITLA is one, we still don't have acceptable SITLA exchange language in the Senate version. That is what we will be working on. There were 47 bills on mark-up that day. He was not sure how many bills will be packaged together with this bill. Commissioner Wilson commented that he has read several social media comments regarding the bill. Many people are feeling like we sold them down the river. He received a few emails regarding the county giving up their right to build new roads on the desert. Randy responded that after FLPMA we are not able to build new roads. By articulating this in our bill does not change the fact that what is happening on the ground under current law. The trade off is that we got the Recreation Area that substantially protects and keeps open all the roads that are currently down there, in exchange for including language that says we will not go build new roads. The trade off was not hard because we can't build new roads anyway. In the bill there is language that we direct BLM to identify and create new trails specifically for bicyclist. We felt it was important to identify this user group because they can not go into wilderness areas, they use wheeled vehicles but not motorized. They will then have access to Recreation Areas besides what is there now. This will include access to historic sites. Commissioner Wilson Randy Johnson identified the two important areas to negotiate when we merge the two bills together. The first is SITLA, the second is State Parks (Goblin Valley). The rest is technical stuff that does not change the bill. One was diminishing the number of board members on the planning council for the Recreation Area. But it is pro county. It is still favorable to the county. But we will work on that. Commissioner Wilson asked if we put us in

COMMISSION MEETING MINUTES  
OCTOBER 2, 2018

the situation where we could lose one mile of road or trail if this passes. Randy answered if we do it is because of the current settlement not because of this legislation. Our legislation leaves the determination of the roads and transportation system down there to the current BLM revaluation under terms of the settlement. So the answer to your question is “No, it will not happen”.

COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Funk reported on attending an opioid epidemic symposium put on by 4H, Kristine Jensen. It was well attended. They talked about the concerns here in Emery County. Good information. We are working very hard as a county to come up a solution to this problem.

Commissioner Wilson confirmed what Sheriff Funk said. Sometimes we are unfairly linked to Carbon county as far as suicide and opioid incidents We as a county government are going to be actively a part of the solution. We are all concerned. Sometimes the information is mis alined. One incident from I-70 can bump the numbers for the county. Our numbers to not coincide with what is reported.

Commissioner Cowley reported that the Pioneer Museum recently received some display cases from Moab. Commissioner Cowley asked that people visit the Pioneer Museum and see what they have.

We are in compliance with these state required guidelines. He recommended approval of the resolution. Commissioner Kent Wilson made a motion to approve Resolution 10-29-18A Re-Certifying the Emery County Justice Court. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(11)

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Kent Wilson explained that the reason we changed this meeting to today is because by State Law we had to have the application for Josie Stilson as Emery County Treasurer put before the Emery County Commission within 5 days.

Commissioner Sitterud asked that the newspaper acknowledge the offices of Congressman Curtis Senator Hatch, and Congressman Stewart for their assistance on the 100% funding from the State for Federal Assistance regarding the Trail Mountain Fire. This saved the county from having to come up with the 25% which is 1.4 million dollars. We appreciate these offices going to bat on our behalf.

PUBLIC HEARING TO RECEIVE PUBLIC COMMENTS ON AMENDING THE EMERY COUNTY GENERAL PLAN, IN ORDER TO ESTABLISH DESIRED MANAGEMENT CLASSIFICATIONS FOR INVENTORIED ROADLESS AREAS (IRAs) ON THE MANTI LASAL NATIONAL FOREST.

Ray Petersen explained that Emery County has been approached by the State of Utah to partner with other counties in the State to petition the Federal Government to modify the management in roadless areas in the national forest. The Public Lands Council took that under advisement and looked at inventoried roadless areas in Emery County and made recommendations for management. These recommendations were sent on to the Planning Commission who met last Wednesday, held a Public Hearing and made their recommendations as well.

Utah Roadless Rule Petition, Proposed Management Area Categories. The deadline to have this completed is December 1, 2018. The four categories are 1) **Primitive areas**, which is the most restrictive. This means road construction is prohibited, timber management is for personal use only, mineral development (beyond valid existing rights) is prohibited, motorized travel limited to existing routes. 2) **Forest restrictive areas**, which is moderately restrictive. There would be preference toward temporary road construction with mitigation, commercial timber harvest allowed for forest health reasons only, mineral extraction allowed, motorized travel limited to existing routes. 3) **Forest stewardship areas**, which is the least restrictive. There would be permanent road construction allowed (although temporary roads are preferred) full range of silviculture techniques allowed, mineral extraction allowed, motorized travel allowed subject to Forest Travel Plan. 4) **Re-Inventory/Boundary adjustment areas**, which means these areas should be removed entirely from the Roadless Rule (or have existing boundaries adjusted) due to

COMMISSION MEETING MINUTES  
NOVEMBER 20, 2018

high presence of roads, motorized trails, energy infrastructure, and other features that disrupt roadless values. Also areas that are smaller than 5,000 acres and thus do not meet the Roadless Area size threshold.

The Inventoried Roadless Areas and PL recommendations:

NuckWoodward #6598	Recommended #3
East Mountain #7391 Candland	Recommended #1
East Mountain #7389	Recommended #1
East Mountain #6674	Recommended #3
East Mountain #7390	Recommended #3
East Mountain #7408	Recommended #4 Re-inventory/Boundary adjustment. Need to check with NEWU and SSD to get their input.
East Mountain #7449	Recommended #3
East Mountain #7131	Recommended #4 Re-Inventory/Boundary adjustment. Need to check with NEWU and SSD to get their input.
Gentry #6712	Recommended #3 Possibly look at buffer zones in this area.
Boulger-Black Canyon #7396	Recommended #3 Possibly look at buffer zones along private property. Sanpete Co. has recommended #3 also.
Boulger-Black Canyon #7128	Recommended #3
Boulger-Black Canyon #7366	Recommended #3
White Knoll #7140	Recommended #3
Straight Canyon #6814	Recommended #4 Re-Inventory/Boundary adjustment.
North Horn #5714	Recommended #3
Biddlecome-Rock Canyon #6723	Recommended #3? May need to look at surface mining.
Muddy Creek-Nelson Mtn #6641	Recommended #3 & #4 Possibly re-draw boundary along

the escarpment.

Ray added, Emery County finds that for many of the inventoried roadless areas #3 active management options is most consistent with desired management activity. Emery County request buffer areas along highways and roads that are consistent through the state as part of the petition. Emery County also requested 500 foot buffer zones between the inventoried roadless areas regardless of the management classification and private property as part of the petition. It would be best if such a buffer was consistent through the state.

Motion to leave the regular meeting and enter into a Public hearing to receive comments on amending the Emery County General Plan was made by Commissioner Kent Wilson, seconded by Commissioner Paul Cowley and the motion passed.

The meeting was opened to the public for comments.

Jeff Guymon commented that knowing that there is resources below Candland Mountain and fuel on the surface that may need to be dealt with in the future, he proposed that East Mountain #7389 and #7391 be moved to #2 which would allow for mineral extraction in the event that technology advances or other things that may possibly come in the future. He stated he agrees with the management that is going on there now, but for the future, he felt that changing these two areas to #2 would be the best option.

Julie Johansen commented that this is what they discussed in Planning Meeting, adding that if the Land Bill doesn't go through, if it doesn't stay primitive, then the recommendation was to change it to a #2 management.

(4)

DISCUSS/APPROVE/DENY AMENDMENTS TO THE EMERY COUNTY GENERAL PLAN REGARDING DESIRED MANAGEMENT CLASSIFICATIONS FOR IRAs ON THE MANTI LASAL NATIONAL FOREST.

Upon returning to the regular Commission, Meeting Commissioner Paul Cowley made a motion to accept the plan management classifications for IRAs on the Manti LaSal National Forest with the modification of changing areas #7389 and #7391 from a #1 to #2. The motion was seconded by Commissioner Kent Wilson. The motion passed.

Commissioner Kent Wilson made a motion to accept the amendments to the Emery County General Plan regarding desired management classifications for IRAs on the Manti LaSal National Forest. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(5)

OPEN, REVIEW AND AWARD BID FOR REMOVAL OF THE LANDFILL METAL PILE.

COMMISSION MEETING MINUTES  
NOVEMBER 20, 2018

Three bids were opened and reviewed for the removal of the Landfill Metal Pile.

- 1) Basin Industries \$61.00 per ton
- 2) Western Metal Recycling \$86.00 per ton
- 3) Stevenson Metal Recycling \$80.00 per ton

Commissioner Kent Wilson made a motion to have Attorney Mike Olsen review the bids and upon examination of the bids award the bid to the highest bidder. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(6)

OPEN, REVIEW AND AWARD BID FOR FERRON SENIOR CENTER CONSTRUCTION PROJECT.

The Clerk/Auditor's office did not receive any bids for this project. Commissioner Paul Cowley made a motion to hold off until we see if we want to re-bid for this project. The motion was seconded by Commissioner Kent Wilson. The motion passed. Robbie Jensen, explained that CDBG grant money awarded from the state. He stated he knew that there would not be any bids. He called the state to see what needed to be done in that event. Because the AOG is the body that applied for this grant, they suggested that the AOG be the receiving body of the bids and they would manage the grant going forward. Robbie indicated that he is working on re-creating the bidding process using the Davis-Bacon wages and everything that goes with the requirements. In the future when we go through the bid process the AOG will facilitate the process.

(7)

PRESENTATION BY MICHAEL BRYANT OF SEUALG REGARDING THE CIB PROCESS AND REGIONAL PLANNING SERVICES.

Michael Bryant, Regional Planner, SEUALG presented an overview of the CIB process. He reminded the Commissioners to be thinking of projects to put on the CIB list for 2019. They will hold a county list prioritization meeting in March. It is crucial that entities get your project list ASAP so that he can schedule meetings for the list prioritization process. The Utah Department of Transportation is updating the Statewide Long-Range Transportation Plan. This will identify transportation projects from 2019-2050 for the non-urban areas around the state. UDOT is in the process of gathering data on local and regional travel needs to incorporate into the plan and would like to hear from local officials. Michael handed out an information sheet of services SEUALG and the Utah Community Development Office offer.

(8)

DISCUSS/APPROVE/DENY THE EWP AGREEMENT BETWEEN THE NRCS AND EMERY COUNTY FOR THE TRAIL MOUNTAIN FIRE.

COMMISSION MEETING MINUTES  
NOVEMBER 20, 2018

Jan Luke, ECSO explained that this is the same project that was discussed in the October Commission Meeting where the Commissioners approved and signed the pre-award documents. This is the final award document with NRCS for Trail Mountain Fire Emergency Watershed Protection Program. NRCS will provide \$6,041,501.00 for work to protect the watershed in Huntington Canyon as a result of the Trail Mountain Fire. The proposed work will be done in Meetinghouse Canyon, Rilda Canyon, Crandal Canyon, Millfork and Little Bear Canyon. Exact projects have not been determined yet. There has been some preliminary damage reports done but we cannot move forward until all the signatures are on the document. She pointed out that Suzanne Anderson's name as listed as the recipient contact person. Jan indicated she contacted NRCS and they said that was auto populated and the actual recipient program contact person is Brenda Tuttle. NRCS suggested that the Commission sign the documents now so they can tie up the money and then they will work with the grant specialist to make the correction. Commissioner Kent Wilson made a motion to sign the EWP agreement with NRCS for the Trail Mountain Fire. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(9)

DISCUSS/APPROVE/DENY CHANGE ORDER NO.11 ON THE MILLSITE DAM REHABILITATION PROJECT.

Merrial Johansen explained that Change Order #11 for the Millsite Dam Rehabilitation Project is an increase to the project in the amount of \$9,278.68 for additional test pits. This is no cost to the county. This is just a pass through. Commissioner Paul Cowley made a motion to approve Change Order # 11 on the Millsite Dan Rehabilitation Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(10)

DISCUSS/APPROVE/DENY APPLICATION FOR PAYMENT NO 17 ON THE MILLSITE DAM REHABILITATION PROJECT.

Clerk/Auditor Brenda Tuttle explained that this agenda item was not necessary.

(11)

DISCUSS/APPROVE/DENY REQUEST FROM THE ROAD DEPARTMENT TO RENT A TRACTOR FROM JULY 15, 2019 THROUGH OCTOBER 14, 2019.

Wayde Nielsen, Emery County Road Department requested approval for a rental contract to rent a tractor from July 15, 2019 through October 14, 2019. Wayde explained that they need to order the tractor by December to have it available for July. Commissioner Kent Wilson made a motion to approve a rental contract for a tractor. The motion was seconded by Commissioner Paul Cowley. The motion passed.

COMMISSION MEETING MINUTES  
NOVEMBER 20, 2018

(12)

DISCUSS/APPROVE/DENY MARKETING AGREEMENT WITH UTOPIA TV.

Commissioner Kent Wilson indicated that the Travel Bureau has had a contract with Utopia TV for the past 6 months. They would like to renew the contract for another 6 months. The cost is \$7,500.00. Commissioner Kent Wilson made a motion to approve a Marketing Agreement with Utopia TV. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(13)

DISCUSS/APPROVE/DENY AGREEMENT BETWEEN EMERY COUNTY AND JOHANSEN & TUTTLE ENGINEERING FOR THE HUNTINGTON AIRPORT ASPHALT REHABILITATION PROJECT, 2019.

Merrial Johansen, J&T Engineering explained an agreement between Emery County and Johansen & Tuttle Engineering. Emery County received a grant for \$90,000.00 for an asphalt rehabilitation project at the Huntington Airport. Emery County's cost is \$10,000.00 to the project. The agreement is for J & T to prepare the plans and specs for the project and coordinate the project. At this time we are not sure if the project will be run through the SSD#1 or LBA. Commissioner Paul Cowley made a motion to approve an agreement between Emery County and Johansen & Tuttle Engineering for the Huntington Airport Asphalt Rehabilitation Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

DISCUSS/APPROVE/DENY TRANSFER OF FUNDS FROM ECONOMIC DEVELOPMENT LOAN FUND TO THE ECONOMIC DEVELOPMENT COUNCIL.

Clerk/Auditor Brenda Tuttle explained that twenty years ago the Economic Development Council created a Revolving Loan Fund. Emery County has been tracking these loans of which they have no control. These loans are detrimental to the county and we have to account for them every year with the Independent Auditors. The Economic Development Council is now set up to be able to take over the loans. Brenda recommended writing a check to the Economic Development Council for whatever balance is in their account and transfer the loans to them. Commissioner Kent Wilson made a motion to write a check to the Economic Development Council for the balance in their account and transfer the Revolving loans to them. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

DISCUSS/APPROVE/DENY CENTRAL UTAH THROUGHPUT INFRASTRUCTURE AGENCY AGREEMENT.

Attorney Mike Olsen indicated that in 2016 Senate Bill #246 passed which is called a

COMMISSION MEETING MINUTES  
NOVEMBER 20, 2018

Throughput Infrastructure Fund. It created a fund for certain tax revenue that could be used to make grants and loans for government agencies or districts to use the money to make infrastructure. A project has come along that Carbon, Emery, Sevier and Sanpete have found interest in. The project is a development, acquisition, construction, finance, managing and or operating the right to use a portion of the throughput capacity of a bulk commodities ocean port terminal to be constructed on a parcel approximately 20 acres of land adjacent to the port of Oakland, California together with associated rights and interests. The throughput capacity of the project will be utilized to provide for the transportation and or export of bulk commodities produced within the counties and elsewhere in the state in furtherance of the proposes of SB 246 and the act.

Mike indicated that the way this will be set up is that all four counties will have 25% interest in the Agency to be able to pursue the infrastructure for that project. If Emery County is interested in pursuing this there are three documents to be considered.

**Resolution 11-20-18** is a resolution authorizing and approving the Interlocal Cooperation Agreement providing for the creation and organization of the Central Utah Throughput Infrastructure Agency; and related matters.

**Interlocal Cooperation Agreement** provides for the creation and organization of the Central Utah Throughput Infrastructure Agency among Carbon County, Emery County, Sanpete County and Sevier County. The project would be financed by a loan, a grant or a combination of a loan and a grant from the Permanent Community Impact Fund Board from the Throughput Infrastructure Fund established by SB 246, and repayment obligations of the Agency under any loan would be evidenced by bonds, notes or other obligations of the Agency. As provided in SB 246 and the Interlocal Agreement, any Bonds issued by the Agency would be payable solely from the revenues from the Project received by the Agency, and the Bonds and contractual obligations of the Agency shall not be a debt or obligation of any of the Counties, and the Counties shall have no responsibility or liability for the payment of the bonds or such contractual obligations. The Agency would be governed by a four-person Board of Directors, with each of the Counties appointing one director and an alternate director. If Emery County agrees to be a part of this, this document would be used to create Articles of Incorporation and Bylaws.

**Engagement Letter.** Special Counsel Services for Organization of Interlocal Entity and Bond Counsel Services for Project Financing. This letter sets forth the scope of legal services to the counties and Central Utah Throughput Infrastructure Agency CUTIA and other matters related to an engagement of the counties.

Mike stated that this has been a work in progress for some time now. Everyone has given input. There have been a number of meetings that Commissioner Sitterud and Attorney Mike Olsen have been a part of. He added that at the last meeting he attended, everyone was in agreement to proceed with doing it this way as drafted.

COMMISSION MEETING MINUTES  
NOVEMBER 20, 2018

Commissioner Sitterud commented that there is 53 million dollars that was provided by the legislature for this project. This 53 million from the legislature will be the match money from each of the four counties to enter into this throughput agency. After this 53 million from the legislature has been paid back, then any profit from this port would come back to the four counties even though the counties have not had to put any money into the agency.

The money needed to pay the lawyer fees and other fees to start up this company will come out of the 53 million dollars from the legislature. Sanpete County put up some money to start the process. Emery County has to put up nothing to be a partner. Emery County will not be responsible for anything once it is in existence. This allows us to ship Emery County (Utah) coal to Japan and other places in the world that have deep water ports that are large enough for large ships to come in to pick up coal. The four counties are centrally situated so it makes sense for us to pursue this for economic gain. Mike Olsen explained that if this is something Emery County would like to pursue the Commissioners need to name a Commissioner representative and an alternate. This same process is going on in each of the four counties.

Commissioner Paul Cowley made a motion to approve the **Interlocal Cooperation Agreement**. The motion was seconded by Commissioner Kent Wilson. The motion passed.

Commissioner Kent Wilson made a motion to approve a **Letter of Engagement** between Emery County and the Central Utah Throughput Infrastructure Agency. The motion was seconded by Commissioner Paul Cowley. The motion passed.

Commissioner Kent Wilson made a motion to approve **Resolution 11-20-18** authorizing and approving the Interlocal Cooperative Agreement providing for the creation of the Central Utah Throughput Infrastructure Agency and appointing Commissioner Lynn Sitterud as Emery County's Commissioner representative and Commissioner Kent Wilson and alternative representative to the Board of Directors. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(16)

DISCUSS/APPROVE/DENY APPROVAL OF ORDINANCE ESTABLISHING THE EMERY COUNTY PUBLIC LAND CORNER PRESERVATION FUND.

Connie Jensen, Recorder explained that in order for Emery County to apply for and receive funds for preserving corner monuments the county has to have a Public Land Corner Preservation Fund in place. Some of these corner monuments are on stones or rocks. With the burn scar from the fires we could lose these corner monuments with floods. We need to take

11

DISCUSS/APPROVE/DENY A RESOLUTION AUTHORIZING YEAR END BONUSES FOR EMERY COUNTY EMPLOYEES/ELECTED OFFICIALS.

Commissioner Kent Wilson explained that Emery County Commission discussed during the budget process that Emery County is in a much better position this year compared to a year ago. Because of high insurance cost last year they were not able to give a cost of living increase or bonus to employees. This year Emery County was able to save \$600,000.00 due to employees sacrifice. He proposed a one time year end bonus to EC employees and elected officials as follow:

Full Time employees/elected officials receive \$1,500.00  
Employees working 20-29 hrs per week receive \$750.00  
Employees working 11-19.75 hrs per week receive \$250.00  
Employees working 0-10.75 hrs per week receive \$25.00  
Part-Time lifeguards receive \$25.00

Employee must have been employed for a minimum of 6 months in order to be eligible for the bonus.

Commissioner Kent Wilson made a motion to approve Resolution 12-7-18 authorizing year end bonuses for Emery County Employees and Elected Officials as the resolution indicates. Commissioner Lynn Sitterud stepped down as Commission Chairman to second the motion. The motion passed.

COMMISSION MEETING MINUTES  
DECEMBER 18, 2018

Commissioner Paul Cowley made a motion to approve the 2019 Holiday Schedule. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY COOPERATIVE AGREEMENT BETWEEN THE UTAH  
DIVISION OF FORESTRY, FIRE AND STATE LANDS AND EMERY COUNTY.

Commissioner Paul Cowley made a motion to approve a Cooperative Agreement between the Utah Division of Forestry, Fire and State Lands and Emery County. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

DISCUSS/APPROVE/DENY RESOLUTION RESCINDING EMERY COUNTY  
RESOLUTION NO. 12-20-16B.

Commissioner Kent Wilson explained that two maybe three years ago Emery County passed a Resolution (Res. #12-20-16B) authorizing the distribution of Mineral Lease funds to five special districts. Emery County Commissioners wish to rescind Resolution #12-20-16B and create a new resolution. Commissioner Kent Wilson made a motion to rescind Emery County Resolution #12-20-16B. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(15)

DISCUSS/APPROVE/DENY RESOLUTION AMENDING EMERY COUNTY RESOLUTION  
NOS. 12-20-16A, 4-6-99A AND 4-10-08B.

Commissioner Kent Wilson discussed the Emery County Commissioner's desire to amend Resolution #12-20-16A, #4-6-99, and #4-10-08B. Commissioner Wilson explained that in 2015 Mineral Lease payments crashed. The county went from receiving 3 or 4 million to receiving \$650,000.00. At that point the county changed the equation. Everybody is operating at a minimum. To keep the agencies going they reduced the amounts distributed to the districts. They proposed removing LBA from the distribution. They proposed to change the formula for the distribution to Special Service District to 47%, CVSSD to 16%, ECRSSD to 16%, ECFPSSD to 16%, NEWUSSD to 5%. He proposed a cap for CVSSD and ECRSSD of \$225,000.00 and NEWUSSD of \$75,000.00. The mineral lease money not distributed as a result of the caps, will then be pooled and distributed among the districts according to a percentage to be determined at time to best accommodate the various needs of the districts. Jacob Sharp expressed concern that only three of the five districts are capped. Brad Giles commented that he understands what the Commission is trying to do, but he would like to see a cap for all the districts. He also asked that a committee be formed to be responsible for the surplus and distributed according to emergencies. Commissioner Kent Wilson made a motion to pass Resolution 12-18-18B amending Emery County Resolution 12-20-16A, 4-6-99A and 4-10-08B. The motion was seconded by Commissioner Paul Cowley. The motion passed.

COMMISSION MEETING MINUTES  
DECEMBER 18, 2018

(16)

DISCUSS/APPROVE/DENY SIGNING AXON ENTERPRISES QUOTE FOR 2018 PRICING ON EQUIPMENT TO BE PURCHASED BY EMERY COUNTY SHERIFF'S OFFICE.

Sheriff Funk indicated that this is the Sheriff's Department Laser program. The cost of the program is going up in 2019. By signing with Axon Enterprises their quote for the program will be locked in and they will not pay the higher cost. This program is much cheaper than purchasing the lasers outright. Commissioner Kent Wilson made a motion to sign with Axon Enterprises to lock in the quote for 2018 pricing on equipment to be purchased by Emery County Sheriff's Office. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(17)

DISCUSS/APPROVE/DENY CHANGE ORDER #12 ON THE MILLSITE DAM REHABILITATION PROJECT.

Merial Johansen explained that Change Order #12 addresses issues related to components of Millsite Dam Rehabilitation. The change order is no cost to Emery County. Commissioner Paul Cowley made a motion to approve Change Oder # 12 for the Millsite Dam Rehabilitation. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(18)

DISCUSS/APPROVE/DENY COOPERATIVE AGREEMENT BETWEEN EMERY COUNTY AND UDOT REGARDING THE GOBLIN VALLEY/MILLSITE STATE PARKS CHIP SEAL PROJECT.

Merial Johansen explained that Emery County submitted a grant application to the Joint Highway Committee for improvement of B system access roads to Goblin Valley State Park and Millsite State Park. The project will cost \$1,127,000.00. \$1,000,000.00 is allowed to be reimbursed at 50% (up to \$500,000.00) payable to the local agency as the work is completed. The project will be run through SSD#1. They would like to bid the project out this spring. Commissioner Paul Cowley made a motion to approve a Cooperative Agreement between Emery County and UDOT regarding the Goblin Valley/Millsite State Parks chip seal project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(19)

DISCUSS/APPROVE/DENY INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND SPECIAL SERVICE DISTRICT#1 REGARDING GOBLIN VALLEY/MILLSITE PROJECT.

Commissioner Paul Cowley made a motion to approve an Interlocal Agreement between Emery County and Special Service District #1 regarding Goblin Valley/Millsite State Parks. The

motion was seconded by Commissioner Kent Wilson. The motion passed.

(20)

DISCUSS/APPROVE/DENY MOU BETWEEN EMERY COUNTY AND EMERY COUNTY SPECIAL SERVICE DISTRICT #1 REGARDING MANAGING AIRPORT CRACK AND SEAL PROJECT.

Commissioner Kent Wilson made a motion to approve an MOU between Emery County and Emery County Special Service District #1 to manage the Huntington Airport crack and seal project. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(21)

DISCUSS/APPROVE/DENY UTAH DEPARTMENT OF HEALTH CONTRACT AMENDMENT REGARDING EMERY COUNTY CARE AND REHAB CENTER.

Commissioner Sitterud explained that this is a contract the Commission renews each year that allows the ECCR Center to receive Upper Limit Payments from the Federal Government. Without these funds the care center would not be able to function. Commissioner Paul Cowley made a motion to approve Utah Department of Health Contract Amendment regarding Emery County Care and Rehab Center. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(22)

DISCUSS/APPROVE/DENY ADDENDUM TO AGREEMENT ESTABLISHING THE SOUTHEASTERN UTAH ASSOCIATION OF GOVERNMENT.

Commissioner Wilson explained that Emery, Carbon, Grand and San Juan belong to the Southeastern Utah Association of Governments. It was created fifty years ago this month. The current interlocal agreement expires and we need to renew it for another fifty years. Commissioner Kent Wilson made a motion to approve an addendum to agreement establishing the Southeastern Utah Association of Government. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(23)

DISCUSS/APPROVE/DENY ADDENDUM TO THE EMERY COUNTY AGING DIRECTOR BUDGET.

Commissioner Wilson explained that the Aging Director has been working part time for Emery County without a benefit package. Emery County, Carbon County and AOG has been working together on an agreement to have the Aging Director administer the Aging program for Carbon and Emery Counties. This increases Emery County's cost by about 23,000.00 a year. Emery

County will get a long term, committed director with a masters degree in Geriatrics. Partnering with Carbon County saves money for both counties. Commissioner Kent Wilson made a motion to approve an addendum to the Emery County Aging Director Budget. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(24)  
DISCUSS/APPROVE/DENY SIGNING QT PETROLEUM ON DEMAND M4000 FUEL TERMINAL PURCHASE AGREEMENT FOR HUNTINGTON AIRPORT.

Commissioner Sitterud explained that this a new, self-serve fuel terminal for the Huntington Airport. There have been many on-going problems with the current fuel system. This new terminal should mitigate the problems that pilots have been experiencing at the airport. Commissioner Paul Cowley made a motion to approve signing QT Petroleum On Demand M4000 Fuel Terminal Purchase Agreement for the Huntington Airport. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(25)  
DISCUSS/APPROVE/DENY SIGNING SUBSCRIPTION SERVICE AGREEMENT BETWEEN QT POD, LLC AND EMERY COUNTY FOR SUBSCRIPTION SERVICES M4000.

Commissioner Paul Cowley made a motion to approve signing Subscription Service Agreement between QT POD, LLC and Emery County for Subscription Services M4000. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(26)  
DISCUSS/APPROVE/DENY MOU BETWEEN EMERY COUNTY AND THE BLM FOR NOXIOUS WEED CONTROL.

Commissioner Sitterud explained that the MOU is the standard, annual agreement between Emery County and BLM for noxious weed control on BLM property. It is the same MOU as the previous year. Commissioner Paul Cowley made a motion to approve an MOU between Emery County and BLM for noxious weed control. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(27)  
DISCUSS/APPROVE/DENY CONTRACT BETWEEN EMERY COUNTY AND THE EMERY COUNTY CHAMBER OF COMMERCE REGARDING 2019 BEAR GRANT.

Ethan Migliori explained that the Governor's Office of Economic Development allows counties to put in two applications for BEAR funds. Emery County made application for \$30,000.00 through two entities, Emery County Economic Development and Emery County (\$60,000.00).

COMMISSION MEETING MINUTES  
DECEMBER 18, 2018

There is no match required. With Jordan Leonard changing employment it was questioned whether the County could still go after the funds. The Emery County Chamber of Commerce proposed to take the place of the Economic Development since Jordan is no longer Economic Development Director. These funds are proposed to be used for the Commercial to Cottage program. This program will help businesses grow locally. They will provide training components and skill sets to help businesses transition in growth. A key factor to their plan is to create a living document for existing infrastructure in Emery County. The document will include the advantages of living and working in Emery County. Julie Johansen commented it is important to include the strong technology advantages we have in Emery County. Jordan Leonard added that he is on the Board of the Chamber of Commerce and as such will oversee the management of the program making sure it is run correctly. Commissioner Wilson thanked Ethan and the Chamber of Commerce and Jordan Leonard in his new capacity with Rural Online Initiative for stepping up to assist in providing the means by which Emery County will be able to get the funds to continue the BEAR program. If run correctly it will be a yearly program and advantage to Emery County's Economic Development. There is no risk for Emery County. If approved Emery County will be a pass through agent for the BEAR Grant. Commissioner Kent Wilson made a motion to approve a contract between Emery County and the Emery County Chamber of Commerce regarding 2019 BEAR Grant. The motion was seconded by Commissioner Paul Cowley. The motion passed.

(28)

RANDY JOHNSON-GOVERNMENT MATTERS, LLC REPORT.

The document is finished. It all depends on how President Trump handles the shutdown whether it gets passed or not.

(29)

COMMISSION/ELECTED OFFICIALS REPORTS.

Sheriff Funk touched on the tragedy in the county this past week with the loss of a student. He knows the citizens of Emery County will do as they usually do and reach out to the family in proving the love and support they need at this time.

Attorney Mike Olsen, Commissioner Kent Wilson and Commissioner Sitterud thanked Commissioner Cowley for his dedication to the County in his capacity as Commissioner and a friend. They wished him the best in his retirement.

Commissioner Cowley thanked the citizens of Emery County for the opportunity to serve the county. He commented on the County's Lands bill. He thanked all those people who have worked on the various boards to help move this bill forward.

(9)

COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Greg Funk reported on a drug bust the Sheriff's Department recently conducted. He indicated that they reached out to the Feds and will get some real consequences for this person this time. He thanked all the agencies involved in the bust.

Attorney Mike Olsen reported that this bust was good police work. Drugs continue to be a big problem for the county.

Commissioner Kent Wilson invited Ray Petersen to give an update on Emery County's Lands Bill. Ray reported that the last couple of months of 2018 the Public Lands Council has been busy working on passing a Public Lands Bill. They have been working in partnership with Curtis and Hatch staffers in Washington, D.C. All were in agreement with the package that was being presented and packaged with 120 other lands bills. Senator Lee opposed the bill. So it was done. Now they have a new Congress back in session. The bill will be re-introduced in a couple of days. He indicated that they received a call from Congressman Curtis' office and they believe that the bill will be passed in the next few days. Senator Hatch's Office, with is now Senator Romney's office was confident it will be passed this time. There is a map and copy of the bill on the County website. There is additional wilderness designation in the southern corner of the county. It was a compromise to pull Candland out of the designation. Commissioner Sitterud indicated that there was a time when the Public Lands Council and Commissioners were not in favor of the bill. They have received much support through Governor Herbert and Senator Romney. He indicated that they are now more confident that this is the best that we can get. It is packaged with an omnibus package with 120 other lands bills.

Commissioner Gil Conover invited Christine Jensen from USU Extension Service to introduce Emery County's new Extension Agent. Christine introduced Rowe Zwahlen as Emery County's Extension Agent. Rowe has a degree in Horticultural. He will oversee the horticultural, agriculture, natural resources and youth development for the County. He started here in the county on January 2, 2019. He lives in Wellington, Utah. Christine introduced Margie Memmott. She is the USU Extension Southern Region Department Director. She talked about the cooperative agreement between USU Extension Service and Emery County. Christine Jensen has been appointed USU Extension Service Department head/County Director. She welcomed Gill Conover as a new Commissioner for Emery County.

COMMENTS BY TORI KILLIAN REGARDING THE EMERY COUNTY PUBLIC LANDS BILL.

Tori Killian made a formal request that the Emery County Commissioners hold a public information meeting in order for the citizens of Emery County to view and understand the recent changes in the Emery County Public Lands Bill. She asked that this meeting be held as soon as possible as the bill will be going before the legislature in the coming days and weeks. She asked that the Commissioners provide maps, related information and a format to accept public comment. She asked that the Commissioners and Public Lands Council members be available to answer questions from the public. She also asked that the meeting be held in the evening so that the public would have more opportunity to attend. Tori also requested that a Resolution be adopted by the Emery County Commission in support of Senator Mitt Romney and Senator Mike Lee's Protect Utah's Rural Economy 'PURE' Act. The bill would protect Utah from Presidential Antiquities Act. She encouraged the Commissioners to consider this. Commissioner Wilson indicated that he is in support of doing that. Commissioner Sitterud indicated that the Commissioners pledged their support for the bill in a recent phone call with Senator Lee. Commissioner Sitterud indicated that they will get with Attorney Mike Olsen to draft a resolution to consider in the next meeting. DISCUSS/APPROVE/DENY INCREASING WEED AND MOSQUITO DEPARTMENTS  
CLOTHING ALLOWANCE.

Commissioner Lynn Sitterud explained that the clothing allowance for steel toed boots was increased from \$100.00 to \$150.00 for Road Department. Weed/Mosquito did not raise their clothing allowance. Cory Worwood was not aware that he needed to request an increase to the clothing allowance during the budget process. He would like to increase the clothing allowance to \$150.00 per W/M employee. He has the funds in his budget for this increase. This would match what other departments have for clothing allowance. He will address the increase during the budget process. Commissioner Kent Wilson made a motion to approve an increase to Weed and Mosquito clothing allowance to \$150.00. The motion was seconded by Commissioner Gil Conover. The motion passed.

(11)

COMMISSION MEETING MINUTES  
JANUARY 22, 2019

DISCUSS/APPROVE/DENY PAY RAISES AND HOLIDAY/WEEKEND STIPEND FOR EMT'S.

Commissioner Kent Wilson discussed pay raises for Advanced EMT's, Basic EMT's and Drivers. An Advanced EMT's pay rate is \$14.50/hr. It is becoming increasingly difficult to recruit advanced EMT's at this rate. Basic EMTs and drivers make the same amount. There is no incentive to receive an EMT license in Emery County. We are in dire need of Advanced EMT's in Emery County. During this past three day holiday, Martin Luther King Day, there were not enough EMT's to cover in Orangeville/Castle Dale. There was an incident in Orangeville and the person had to wait, on the ground, for an ambulance/EMT to come from Ferron. He proposed that for the three day period that an EMT, whom has previously signed up to be on call for, that they receive a stipend of \$50.00. This would provide an incentive for those who sacrifice their time on the weekends and three day holidays. He also proposed a \$3.00/hr raise for the Advanced EMT pay rate and \$1.00/hr pay raise for Basic EMT, ambulance drivers \$.50/hr. Commissioner Kent Wilson made a motion to approve a pay raise of \$3.00/hr for Advanced EMT, \$1.00/hr for Basic, \$.50 for drivers and EMT's who have previously signed up to be on call for a three day holiday receive a \$50.00 stipend. The motion was seconded by Commissioner Gil Conover. The motion passed.

(12)

DISCUSS/APPROVE/DENY LEASE AGREEMENT BETWEEN EMERY COUNTY AND THE STATE OF UTAH DIVISION OF FACILITIES CONSTRUCTION AND MANAGEMENT.

Commissioner Lynn Sitterud indicated that we have government employees who want to lease offices in this building. This lease agreement will identify the parameters for leasing an office. Commissioner Gil Conover made a motion to approve a lease agreement between Emery County and The State of Utah Division of Facilities Construction and Management. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Funk reported on a recent rescue that took place in Huntington Canyon regarding an individual caught up in an avalanche. This was different for the Sheriff's Department. He indicated that we usually have desert rescues. They have had rescues like this before but they were on the Sanpete side. They had to call in Sanpete County and the Alta Ski Patrol. He indicated that a result of this incident was to determine that they are not fully prepared for snow rescues. He praised Larry Johansen for his invaluable assistance in this rescue.

Commissioner Wilson reported on the Public Lands bill. The Bill has been reopened in the Senate. The Senate leadership is the one who decided when it goes to the floor. Senate

COMMISSION MEETING MINUTES  
JANUARY 22, 2019

Representative John Curtis supports it, Senator Romney supports it. They have met with Mike Lee who has indicated that he can not support the bill. Mike Lee has said that Utah has given enough. He thinks that each of us feel the same way. Commissioner Wilson stated he believes that the next Democrat president we get will make president Obama look like a conservative. We need to get something accomplished, something in writing for us soon, someone else will be dictating. He added that he has never seen a monument that does not have a paved road going right through the middle. We do not want to turn this into an amusement park for everyone in the US to come and see. He stated that it is his fear, that if we get a monument, that is exactly what is going to happen. In his opinion the Emery County Public Lands Bill, as it is now, eases a lot of his concerns. A lot has been said about the extra 150,000 acres of wilderness that we added. We got Candland Mountain taken off. For future concerns, we need to take of that mountain. Everything we added to wilderness is being managed as a natural area with wilderness characteristics. It is being managed as wilderness today. We can't do anything today in that area today. Turning that into wilderness doesn't change one thing, in his opinion. He stated he appreciates being able to put this out the public and is ok with talking about it to the public. He also talked about the short comings that this past weekend opened up about our emergency response times and is open to discussions on how to better serve the citizens of Emery County.

Commissioner Conover thanked Tori for coming in and proposing an open forum opportunity for the public.

Commissioner Sitterud talked about the efforts of the County to recruit people to donate times and services that help the citizens of Emery County.

MINUTES OF A SPECIAL COMMISSION MEETING  
HELD AT THE EMERY COUNTY COURTHOUSE

FEBRUARY 4, 2019

Present at the meeting was Commission Chairman Lynn Sitterud, Commissioner Kent Wilson, Commissioner Gil Conover, Attorney Mike Olsen, Sheriff Greg Funk, Deputy Clerk/Auditor Carol Cox, members of the Public Lands Council, members of OHV clubs/communities and citizens.

1)  
DISCUSS/APPROVE/DENY SUPPORT OF THE EMERY COUNTY PUBLIC LANDS  
MANAGEMENT ACT.

Commissioner Sitterud explained the purpose of the meeting. He explained that they had to hold this meeting before 9:00 am Washington time, incase the bill was to move this morning. He explained that this is not a regular meeting, so there are no consent agenda items. The only item on the agenda is to discuss/approve/deny support of the Emery County Public Lands Management Act.

Commissioner Kent Wilson commented that a week ago there was an outcry, rumor that 50 miles of road would be closed because of this bill. When this information came available to us, we were concerned. He indicated that he and Commissioner Sitterud had been saying to everyone, that this bill will not close 1 mile of road. The Commissioners talked to BLM and were told that the roads being referred to, were in the new wilderness area (the 200,000 acres) in the southern end of the county. The Commissioners were told, all the roads that are in question now, if they are open on the management plan, will stay open. If they were in any other classification they would be closed. The Commissioners got on the phone with John Curtis' office and Mitt Romney's office and they indicated that things were up in the air, they had a lot of questions and they needed to do some homework with the BLM. For us to protect ourselves, incase we got into a situation where we wanted to withdraw our support for this bill, we felt we needed to make a meeting available. For this bill to go forward the action was already taken last May. Legally, there does not need to be any action taken, by the Commission, for this bill to go forward. Because McConnell filed cloture on the bill, it made it to where we can not just withdraw our support. It has to have an amendment filed and then that would have to be honored and then the Emery County bill can be pulled from the omnibus bill. So there was a process to go through. We wanted to leave all avenues open. The Commissioners felt that if they promised that not one mile of road would be closed, or if for some reason they felt like they have lied to the public, or we deceived them, then we want to straighten that out, make it right and go back and redo the bill. From the BLM's perspective, from Curtis' perspective, from Romney's perspective the roads on the maps are 'other routes' and BLM looks at them as being closed today. In BLM's opinion, if we are using these routes today we are either doing it because they lack law enforcement out there or because we are doing an illegal act and choosing to go on routes that are already closed. From Emery County's perspective, BLM is responsible for the roads. They are the ultimate management. What they say goes. That would be true if this bill passes and that will

be true if this bill fails. All of the concerns we are hearing will still be of concern if this bill fails. This bill is not throwing any new obstacles forward in the management of roads. Also, Commissioner Conover, is a new commissioner and has not had the opportunity to go on record for this lands bill or against. The Commissioners felt it was important to have a meeting and give him a chance to voice his opinion publicly.

Commissioner Gil Conover commented that he ran for commissioner to help bring industry and jobs into the county. He stated that, having a background in the power industry, he feels that the power industry is the largest, economic benefactor in this county. He stated he also knows that the power industry has an end of life. He stated, that is a big concern to him. Through getting into this position and with the lands bill he has a lot to learn in a hurry. He indicated that he has participated in the meetings, listened to what is going on, talked with Congressman Curtis, Senator Romney, Senator Lee and several in Congress getting their thoughts and opinions on this bill. Congress has had a lot to do with the amendments on this bill. There were things that were added on the end, mostly by the Democratic side, the environmental side, even the Republican side.

Commissioner Wilson added, there were three things, toward the end, that needed to happen. First, we needed stronger language in the bill for alternative routes and maintenance. Part way through the process there was no new roads. That was concerning to a lot of people. It became clear, by visiting with the OHV community that was not good enough language. For the last 6 months of that bill, we have fought to change that. We needed stronger language on roads for maintenance and alternative routes. Next, we needed to make sure SITLA was part of the program to where we could trade out around coal mines so we could enjoy some prosperity and jobs in the future. The third thing was, Candland Mountain. Candland Mountain, which goes from Left Hand Fork to Electric Lake, was part of the wilderness package. We, as a Commission felt that was a mistake. We need to be able to manage it for fire and future water resources. Wilderness designation would hinder that, maybe even stop growth in Emery County in the future and possibly make water more expensive. We went back with those three asks. To get those three things done, their response was, we want 200,000 more acres. We had a decision, are these three things important enough to give up this extra acreage on the far end of the desert. That is the reason this came about. We felt obligated to tidy these things up. If that road language didn't change this bill did not go anywhere with us. The language was not acceptable.

Commissioner Conover commented that while learning about the bill he has checked with the power industry to get their opinion. They have checked with all their lawyers to find out how the wilderness would affect the power industry. The power industry has stated that it would be easier for the industry go forward with the wilderness out there than it would to have a monument put in this area. A monument would shut them down. Environmental community has become stronger and stronger. The power industry is now with the things that will be coming with the carbon tax going forward when the next Democratic president is elected. All of our eggs are in Huntington Power Plant, Hunter Power Plant, the coal mines, trucker drivers and all

the families who benefit from those big jobs in Carbon and Emery County. So the reason he ran for this position was to help bring other industry into this county. He stated he would love to have our county be solvent and be able to handle the future going forward. With this lands bill, there are some good things. The SITLA lands trade are a great thing for Emery County. Those mineral lease funds will come back to Emery County. Many of the trails out there on the desert are protected by this bill. Commissioner Conover's opinion on the lands bill is that it is the best thing for Emery County.

Commissioner Lynn Sitterud commented that when he first came into office as a commissioner he was against this bill. He stated that he wished that there was not one acre of wilderness in the whole state of Utah. He has experienced the frustration of closed roads while hunting sheep. He stated that he had to look at this as what is best for the county, not what is best for me personally. At the end of last year when we found out that SITLA trades were not guaranteed and that Candland Mountain was included in the wilderness and that the road language was not right, we called Congressman Curtis' office and told them that he was against the bill and that we were not going to pass the bill. A week later they came back with the SITLA trades not only approve, but mandated, that Candland Mountain was removed from the wilderness and that the road language was changed. We worked hard trying to get a no net loss statement in the bill but the Democate leadership would not allow that statement. They did come back with what you see in the bill now with being able to repair or reroute roads that are there now. He indicated that the Commission has been told by Senators, Congressmen and BLM that any legal road that is open today will remain open. He believes that in the years to come, there will be roads and trails that are closed on the desert. He indicated that the Commission has asked for language to tell us if this bill is going to be the reason for the closing of any roads and trails. We have been told that if any roads and trails are closed it will be because of the SUWA lawsuit and not this bill. We will lose some trails and roads. Any two roads that are redundant, one will be closed. We are being told over and over again that roads and trails will not be closed because of this bill, it will be because of the lawsuit. We are going to lose some roads and trails whether this bill passes or not. Commissioner Sitterud stated that after he went against the bill at the end of the year, the Commissioners notified Curtis's office that the Commission is no longer in favor of the bill. When they came back with the SITLA trades was mandated, that Candland Mountain was removed and that the road language had been softened as much as the Democate leadership would allow, we touched bases with industry leadership, public leadership, school leadership and cattlemen in the county. He added that he is not trying to belittle the voice of the ATV community because he is one of them. He rides his ATV on the desert as much as he can get there. The ATV community is the lone voice against this bill. Everyone else we are talking to is telling us that we can not take a chance on a monument. We have to look at this, as a Commission, do we do what is right for the majority of Emery County or do what we want for ourselves? He has told the other two Commissioners that if they vote yes to continue to support his bill, that as much as he dislikes it, he will support their decision because it is what is best for Emery County as a whole.

DISCUSSION AGENDA

(1)

ITEMS PULLED FROM THE CONSENT AGENDA.

(2)

PUBLIC COMMENT (3 MINUTE TIME LIMIT)

Roxanne Jensen, Assistant County Librarian asked the Commissioners to reconsider pulling the 7 janitor positions from the Libraries. She stated that she is not in favor of eliminating the positions.

Carole Larsen, former Library Director asked the Commissioners to reconsider eliminating the janitor positions at the libraries. She cited the loss of a job for that individual.

Sherri Jensen, Assistant County Librarian in Castle Dale asked the Commissioners to reconsider eliminating the janitor positions at the libraries. She commented that it is unfair to the patrons for the librarians to have to clean as well as their other duties. Librarians will have to pick up the slack from not having janitors.

Colleen Murdoch, Assistant County Librarian in Ferron asked the Commissioners to reconsider eliminating the janitor positions at the libraries.

Mary Ann Wright, Library Board member asked the Commissioners to reconsider eliminating the janitor positions at the libraries.

Felicia Mitchesen expressed her gratitude to Four Corners for their support. She stressed that she would not be where she is today without their help.

Bret Davis expressed his gratitude to Four Corners for their support and resources. He stressed that he is in a different place than he was year ago and it is due to the help he received from Four Corners.

Bill Dellos expressed his gratitude for the Commissioners and all that they do for our county. He asked that the citizens of Emery County be cognizant of what they do for us.

Commissioner Gil Conover made a motion to leave the regular meeting and move to a Public

COMMISSION MEETING MINUTES  
FEBRUARY 5, 2019

Hearing to allow for comment from the public regarding Four Corners Community Health's Annual Mental/Substance Use Disorder and at the conclusion of the public hearing return to the regular meeting. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(3)

PUBLIC HEARING: PUBLIC HEARING FOR PRESENTATION OF AND PUBLIC COMMENT ON THE ANNUAL MENTAL/SUBSTANCE USE DISORDER.

Karen Dollan, Director of Four Corners Community Behavior Health provided a presentation and information regarding Four Corners and their program available in Emery County. By state law and Medicaid requirements they must hold a yearly Public Hearing to receive public comment on mental health and substance use. They use the feedback in their planning and grant writing for the three counties that Four Corners services. She explained that Four Corners is a non profit and is funded by Federal, State and County funding. Through state law the County is responsible for mental health services and substance use disorder. Four Corners was created by the three counties, by an interlocal agreement, to provide this for the counties. They operate with a 12 person board that help them review everything that they do. They provide public safety and work closely with law enforcement in the communities. They provide crisis services. She has around 100 employees, 70 are full time employment, 13 live in Emery County. They just opened their new Opioid Treatment Program. They help people who are addicted to opioids get their life back.

Savanah Eley is a patient who has been helped through their drug program. She commented that she is a recovering addict and has benefitted from the resources that they provide. With Four Corners assistance she has been clean now for 21 months.

Attorney Mike Olsen commented that Emery County is required to provide mental health and substance use services for its citizens. He indicated that his office doesn't usually get a call unless there is a problem. He expressed his gratitude and appreciation for the services Four Corners provides to Emery County citizens.

Susan Ehler commented that she understands the help that Four Corners provides to families but wonders why they have to wait for a family to get to crisis mode before they can receive that help?

Karen explained that the law dictates when we can commit an individual. There has to be an immediate threat to himself or others. This can be frustrating for families. The legislature is passing a law that will help with this issue.

Roxanne Jensen commented that it seems we have so much suicide in our area. Is there anything as a community that we can do to help some who is in crisis? How do we educate people?

COMMISSION MEETING MINUTES  
FEBRUARY 5, 2019

Savanah stated that there is a suicide crisis support group that meets once a week in Emery County.

Commissioner Kent Wilson asked if there was any data that lends credence to mixing drugs with alcohol?

Karen did not know of any data that is available. Sherri Jensen indicated that she works part time at a pharmacy. They advise people that are prescribed anti-depressants to not drink alcohol.

Bret Davis expressed concern that counseling is not part of the treatment when someone is prescribed anti-depressants.

The Public Hearing was closed and the Commissioners returned to the regular meeting agenda.

(4)

PRESENTATION BY ROBBIE JENSEN WITH AOG REGARDING THE EMERY COUNTY AGING DEPARTMENT.

Robbie Jensen, Aging Director for Carbon and Emery Counties provided an update of activities. AOG will open bids for construction of the carport at Ferron Sr. Center at board meeting at the end of this month. They will not be able to get a new meals on wheels vehicle this year but they are in line to get a new Sr. Bus in 2022. They are looking for a new Sr. Director for Green River. Huntington Sr. Center has had some roofing repairs and are working with a scout group to get a new flag pole. Every Tuesday Seniors enjoy group activities.

(5)

DISCUSS/APPROVE/DENY TAX ABATEMENT OF MOBILE HOME TAXES ON HT-07-0169 FOR SARAH SORENSON AND JAKE JENSEN.

Kris Bell, Emery County Assessor requested approval to abate the taxes on HT-07-0169 for Sarah Sorenson and Jake Jensen. They are unable to locate the owner. The owner has abandoned the mobile home and it is no longer in a livable condition. The taxes to be considered for abatement are \$58.82. Commissioner Kent Wilson made a motion to approve a tax abatement for mobile home taxes on HT-07-0169 as requested. The motion was seconded by Commissioner Gil Conover. The motion passed.

(6)

DISCUSS/APPROVE/DENY CLEF GRANT CONTRACT FOR EMERY COUNTY LIBRARIES.

6

COMMISSION MEETING MINUTES  
FEBRUARY 5, 2019

This is an annual application. It helps fund training and meetings for Local Emergency Preparedness. Commissioner Kent Wilson made a motion to approve Emery County's LEPC application for the Utah Hazardous Materials Emergency Preparedness (HEMP) 2019 Planning Grant. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)

DISCUSS/APPROVE/DENY PURCHASING NEW ELECTION EQUIPMENT.

Clerk/Auditor, Brenda Tuttle discussed purchasing new election equipment. The state has sent out a contract and has decided that the useful life of our current equipment has ended. We have to purchase new equipment at this time. The state has selected a vendor. So basically have to go with that vendor. In the last election cycle Carbon and Emery Counties were the only two counties who held traditional polling places, because we could do that with the machines that we had. With the purchase of the new equipment and the way that the entire state has gone, it essentially forces us to go 'by mail'. She indicated that she has gone to the cities and offered to run their elections 'by-mail' because with the new equipment it has to be a paper ballot. There will not be polling places in the county. The contract we have, with the State, to get the new equipment we need is for \$77,257.00, of which the State will reimburse us \$42,000.00 and the State will pay all the maintenance agreements. It is a big scanner that counts all of the ballots. We will pay programming fee for each election. Commissioner Kent Wilson made a motion to approve purchasing new election equipment. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

COMMISSION MEETING MINUTES  
FEBRUARY 19, 2019

DISCUSS/APPROVE/DENY AGREEMENT WITH ROMEO ENTERTAINMENT TO USE THEM AS A CONSULTANT TO BOOK TALENT FOR THE 2019 EMERY COUNTY FAIR AND CONCERT.

Commissioner Kent Wilson explained that every year we use Romeo Entertainment to seek out our entertainment for the Emery County Fair. They charge a 10% fee and help write up the contracts with the entertainers. Commissioner Kent Wilson made a motion to accept and approve an agreement with Romeo Entertainment as a consultant to book talent for the 2019 Emery County Fair and Concert. The motion was seconded by Commissioner Gil Conover. The motion passed.

(10)

DISCUSS/APPROVE/DENY THE MATERIAL VALUE OF THE 2019 EMERY COUNTY FAIR CONCERT CONTRACT.

Commissioner Kent Wilson explained that Romeo Entertainment has found an entertainer for the Fair Concert. Last year the entertainment for the Fair Concert was about \$20,000.00. This year we have chosen a band that is \$50,000.00. After the 2018 Fair the Fair Committee used a social media survey to get a feel for how much the public would be willing to pay for a concert. They found that the average person was in favor of paying \$20.00 per ticket. Based on that the Committee looked for entertainment for around \$50,000.00. The contract prevents them from naming the entertainment until April. So all they can talk about today is dollars and make a plan for ticket prices. If the same amount of people show up to the concert this year and planning for and additional 10% to attend, they figure that they can break even. He proposed \$18.00 for adults at pre-sale, \$25.00 at the gate, \$5.00 for children. He added that Emery County has lost the Emery County Pageant, so we feel like we need a bigger production, something we might be known for. We feel like this is safe. The contract is for \$50,500.00. The additional is for tee shirts to be used for promotions. Emery Telcom has agreed to be a major sponsor. Radio stations will promote the concert. Commissioner Kent Wilson made a motion to approve the material value of the 2019 Emery County Fair Concert Contract as discussed. The motion was seconded by Commissioner Gil Conover. The motion passed.

(11)

DISCUSS/APPROVE/DENY EMERY COUNTY'S INVOLVEMENT IN THE COTTAGE COMMERCIAL GRANT PROJECT.

Commissioner Kent Wilson explained that the County made application with the State of Utah for a Cottage Commercial Grant Project and that award was accepted in a previous meeting. We also subcontracted with the Emery County Business Chamber to carry out the contract. The purpose of grant will be to work with our in home business community in Emery County to see if any of them are at a point to become store front businesses. We will try to grow our economy from within. The Emery County Business Chamber has began work on this project. The amount

of the grant is \$28,000.00. There is no cost to the county. Commissioner Kent Wilson made a motion to continue on this path with the Business Chamber by approving Emery County's involvement in the Cottage Commercial Grant Project. The motion was seconded by Commissioner Gil Conover. The motion passed.

(12)

APPROVAL TO DELEGATE THE COMMISSIONERS VOLUNTEER AUTHORITY IN THE EVENT OF AN EMERGENCY TO THE EMERY COUNTY SHERIFF WORKING IN CONJUNCTION WITH THE PERSONNEL DIRECTOR.

Personnel Director, Mary Huntington explained that state statute requires that the county to have a volunteer policy, which we do. The volunteer fills out a form that goes to the Personnel Department and the name is added as an agenda item for Commission approval. Then the applicant participates in drug testing. There is a part of that statute that the Commissioners can delegate authority in certain situations. She requested approval to delegate authority to the Sheriff in the case of an emergency. An example would be when the Sheriff had an emergency with the avalanche. A list of those individuals who volunteered would be given to the Personnel Director to be approved by the Commissioners after the emergency to satisfy the requirement. Commissioner Gil Conover made a motion to approve delegating the Commissioners volunteer authority in the event of an emergency to the Emery County Sheriff working in conjunction with the Personnel Director. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

APPROVAL TO DELEGATE THE COMMISSIONERS VOLUNTEER AUTHORITY FOR THE EMERY COUNTY FAIR TO THE EMERY COUNTY FAIR DIRECTOR WORKING IN CONJUNCTION WITH THE PERSONNEL DIRECTOR.

Commissioner Kent Wilson made a motion to approve delegating Commissioners volunteer authority for the Emery County Fair to the Emery County Fair Director working in conjunction with the Personnel Director. The motion was seconded by Commissioner Gil Conover. The motion passed.

COMMISSION MEETING MINUTES  
FEBRUARY 19, 2019

(15)

DISCUSS/APPROVE/DENY A RESOLUTION SUPPORTING THE PASSING OF PROTECT UTAH'S RURAL ECONOMY ACT.

Attorney Mike Olsen indicated that this came from a citizen request in a past Commission Meeting. The citizen suggested that Utah is subject to the Antiquities Act, which is where the President can sign into law, dedicating huge amounts of land to a Presidential National Monument. Wyoming and Alaska have been successful in limiting the Antiquities Act in their state. Many think that it is limited there from what is more appropriate from when the original intent when the law was created. Representative Lee and Senator Romney are running a bill that will make the same exception for Utah. A resolution has been drafted saying that the Commission in Emery County supports that. It puts Emery County on record as being in support of that action. Commissioner Gil Conover commented that as a County Commissioner he is in support of limiting the Antiquities Act. Commissioner Gil Conover made a motion to approve Resolution 2-19-19 supporting the passing of Protect Utah's Rural Economy Act. Commissioner Kent Wilson seconded the motion and commented that if this had been enacted in the last two years it would not have been necessary for us to do a lands bill of our own. Because there is no protection against future presidents and their ability to designate 2 million acre lots. The motion passed.

(16)

DISCUSS/APPROVE/DENY ECONOMIC DEVELOPMENT CONTRACT BETWEEN EMERY COUNTY AND UAC.

Commissioner Lynn Sitterud explained that Jordan Leonard took a different job last year. As a Commission they have not replaced him yet and have been doing the job themselves. The Commission took the funds that would have been used for wages and benefits and contracted with UAC to represent Emery County in trying to bring economic development into the County. They will help us find the right Economic Development Director when the time is right. For now the Commission would like to use the representative from UAC, his name is Stuart Clayson. He just left Salt Lake County as Economic Development Director. He is well connected through the state of Utah. He has been working on a solar project for Emery County for the last thirty days without a contract. There are several projects that are in the works for Emery County. The County has purchased Central Warehouse building and are seeking funding to get a business in the building. Julie Johansen asked if Emery County has opportunity zones? Commissioner Wilson indicated that he was not aware that we have any opportunity zones. The project areas we are creating in Emery County are a good tool for us to compete with other counties. Emery County is the land of opportunity. There are a lot of things we can do to help our economy. For the next year, we want to think outside the box and see what we can do. The contract is for \$60,000.00 for a year. Commissioner Kent Wilson made a motion to approve an Economic Development contract between Emery County and UAC. The motion was seconded by Commissioner Gil Conover. The motion passed.

(17)  
COMMISSION/ELECTED OFFICIALS REPORT.

Attorney Mike Olsen reported that Sheriff Funk is at the State Capital testifying with respect to a bill. Captain Kyle Ekker is here today representing the Sheriff's Department.

Commissioner Kent Wilson reported that the Public Lands Bill has passed the Senate 92-8 and is waiting on the House vote. Two weeks ago the Commissioners held a public meeting where 150 to 200 people attended. Very good information was presented. There has been a lot of negative press about the lands bill. Commissioner Wilson stated that from his perspective when a president designates a monument, that area's future is limited to tourism. As a county, we look at ourselves as an energy corridor first. Had we waited for a presidential designation it would have hampered our ability to produce energy. He stated he has no remorse for making the decision to move forward with the bill.

Commissioner Gil Conover echoed Commissioner Wilson's comments. He added that as a county we need more industry. We need to protect the power plants we currently have. He supports the lands bill.

(11)  
ADJOURNMENT.

Commissioner Gil Conover made a motion to adjourn the meeting. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(3)

PUBLIC COMMENT (3 MINUTE TIME LIMIT)

Commissioner Gil Conover made a motion to leave the regular Commission Meeting schedule and enter into a Public Hearing and upon completion of a Public hearing to return to the regular meeting schedule. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(4)

**PUBLIC HEARING:** A PUBLIC HEARING TO RECEIVE INPUT FROM THE PUBLIC WITH RESPECT TO THE ISSUANCE OF CASTLE VALLEY SPECIAL SERVICE DISTRICT GENERAL OBLIGATIONS BONDS, SERIES 2019, IN THE AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$848,000 IMPROVING, THROUGH PURCHASE OF CONSTRUCTION OR BOTH, FACILITIES FOR THE COLLECTION AND TREATMENT OF SEWAGE; FACILITIES USED IN CONNECTION WITH THE ACQUISITION, TREATMENT, STORAGE, TRANSPORTATION, AND SUPPLY OF WATER FOR DOMESTIC, INDUSTRIAL, SECONDARY AND OTHER PURPOSES; AND TRANSPORTATION FACILITIES CONSISTING OF ROADS, SIDEWALKS AND RELATED BRIDGES AND VIADUCTS; TOGETHER WITH ALL NECESSARY LAND, RIGHT-OF-WAY, EQUIPMENT AND FURNISHINGS THEREFOR, AND INCLUDING SUCH LEGAL ENGINEERING, AND FISCAL AGENT EXPENSES REASONABLY INCURRED IN CONNECTION WITH THE ACQUISITION OF SUCH FACILITIES IN AND FOR THE DISTRICT; AND RELATED MATTERS.

Castle Valley Special Service District Manager, Jacob Sharp and Alex Buxton, Zions Bank Public Finance explained that the Public hearing is the process necessary to issue municipal bonds. Alex, explained that CVSSD makes application to CIB and is able to double their money. The CIB receives funds from the federal government from mineral lease revenue. Emery County is fortunate to received some of this funding, whether it is a grant or low interest bond. The interest rate is 2.5% which is significantly lower than what they would receive from a bank. The bond will be used for projects and is the last of the 2009, voter approved \$12,500,000.00. CVSSD has been able to do \$21,000,000 in projects by leveraging through CIB. Jacob explained that this is the end of the ten year voter approved funding. CV will be looking at going to the voters again this year for another voter approved bond to do projects for another ten years. The board is assessing facility needs and identifying the funds that they will need to do the projects.

Brenda Tuttle reminded Jacob of the new election process. In 2019 elections will be by mail as mandated by the state. This is not a county election or Presidential election year. It is a municipal election year. The cities have contracted with the county to run their elections. The cost to run an election is significantly more than what we have done in the past. Jacob indicated that he will get with Brenda to gather more information to determine the cost.

APPROVAL OF A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH ACTING AS THE GOVERNING BODY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH (THE ISSUER) AUTHORIZE THE ISSUER'S \$848,000 GENERAL OBLIGATION BONDS, SERIES 2019 (THE "SERIES 2019 BONDS") IMPROVING, THROUGH PURCHASE OR CONSTRUCTION OR BOTH, FACILITIES FOR THE COLLECTION AND TREATMENT OF SEWAGE FACILITIES USED IN CONNECTION WITH THE ACQUISITION, TREATMENT, STORAGE, TRANSPORTATION, AND SUPPLY OF WATER FOR DOMESTIC, INDUSTRIAL, SECONDARY AND OTHER PURPOSES; DRAINAGE AND STORM SEWER FACILITIES, INCLUDING CURBS AND GUTTERS; AND TRANSPORTATION FACILITIES CONSISTING OF ROADS, SIDEWALKS AND RELATED BRIDGES AND VIADUCTS; TOGETHER WITH ALL NECESSARY LAND, RIGHT-OF-WAY, EQUIPMENT AND FURNISHINGS THEREFOR, AND INCLUDING SUCH LEGAL, ENGINEERING, AND FISCAL AGENT EXPENSES REASONABLY INCURRED IN CONNECTION WITH THE ACQUISITION OF SUCH FACILITIES IN AND FOR THE DISTRICT; AND RELATED MATTERS.

Upon returning to the regular meeting schedule, Commissioner Kent Wilson made a motion to approve Resolution 3-19-19 authorizing the issuance \$848,000.00 General obligation Bonds, series 2019 (The "Series 2019 Bonds") as set in the Resolution documents. The motion was seconded by Commissioner Gil Conover. The motion passed.

(6)

PRESENTATION BY ROSEANNE FILLMORE WITH THE FOREST SERVICE REGARDING RAC BOARD NOMINATIONS.

Roseanne Fillmore came before the Board of Commissioners with a request for names to submit to the Secretary of Agriculture for appointment to the Resource Advisory Council (RAC). They need thirteen members. The members need to come from Emery, Sanpete, and San Juan Counties. They would like people from Public Lands Council, Wildlife Conservation, Energy/Mining industry, grazing, and local groups. She asked for two names from each group. RAC hold meetings two times a year. RAC was organized in 2010 to manage Secure Rural School Funds. These funds are distributed to Emery, Sanpete, and San Juan Counties. She requested that names be submitted by April 15, 2019.

(7)

COMMISSION MEETING MINUTES  
MARCH 19, 2019

DISCUSS/APPROVE/DENY FAIR DIRECTOR AGREEMENT BETWEEN EMERY COUNTY AND SANDRA HUNTINGTON FOR THE 2019 EMERY COUNTY FAIR.

Commissioner Kent Wilson indicated that last year the contract to direct the Emery County Fair was \$3,500.00. Sandra Huntington was the director and she did an excellent job. However, she has indicated that there is no way she would do it this year for the same amount. Commissioner Wilson explained that he was able to get her to do it another year but for \$7,000.00 and Mary Huntington's help with the contracts for vendors. He explained that last year the county was able to secure advertising at around \$12,000.00 and he is hoping that this year will be the same. This would help so the added expense for a director would not be a burden on the taxpayer. Commissioner Kent Wilson made a motion to approve an agreement with Sandra Huntington for \$7,000.00 as Emery County Fair Director, to continue annually with an option of a 2% increase that will be based on performance. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)

DISCUSS/APPROVE/DENY GRANT APPLICATION TO DIGITIZE THE EMERY COUNTY PROGRESS.

Suzanne Anderson and Scottie Draper came before the Board of Commissioners to request approval for a grant application to continue digitizing the Emery County Progress. The grant amount is \$6,906.70. Scottie Draper, ETV News informed the Commissioners that EmeryTelCom has pledged to match the grant to get his work done. She added that it is important to preserve history. The progress received 57,000 page views in the last four months with a wide range of requests. Suzanne explained that with the state grant, the match from Emery TelCom and Emery County Historical Society has pledged \$959.00 and with her hours as match they can get this done. If approved Mountain West Digital Library will take until January 2020 to finish. Commissioner Gil Conover made a motion to approve a grant application to digitize the Emery County Progress. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(9)

DISCUSS/APPROVE/DENY VOCA GRANT APPLICATION FOR 2019-2020 AND 2020-2021 FOR THE VICTIMS OF CRIME ASSISTANCE PROGRAM.

Attorney Mike Olsen explained that Vanessa was here to discuss this but was called out on an emergency. He added that this is the same amount as last year but is for two years rather than one year. He expressed his approval for the program and indicated that Vanessa is the right person for the job. Law enforcement and the community is grateful for what she does to help the victims of crime. It gives the victim the assistance that they need to focus on the important things with regard to the situation with which they are dealing with. It is making a positive impact on our communities. The money is the same as last year. Commissioner Kent Wilson

COMMISSION/ELECTED OFFICIALS REPORT.

Commissioner Wilson reported on the Economic Development growth in Emery County. Emery County has experience a 7.5% growth rate. Our economy is starting to rebound.

Commissioner Conover reported on the progress of hiring a Library Director. He reported that they are probably about two weeks out to get a director in place. Historic Preservation is working on getting the Castle Dale Bridge listed on the State Historic Bridge list. Ed Geary informed the Commissioners that the State History Division has offered to do the application. You would typically have to pay someone to do that. Emery County is the owner of the bridge.

Commissioner Sitterud reported that Emery County has acquired the Coal Haul facility and with the help of Senator Hinkins and the Seven County Infrastructure Coalition has been seeking funding through the legislature to prepare the facility for a Molten Salt Research Facility to be housed in Emery County. The research will be to find a viable source for things such as medical isotopes for cancer treatments.

Congressman Curtis and members of his staff will be here on Wednesday from 2:00pm until 3:00pm at Emery High School for an assembly.

DISCUSS/APPROVE/DENY CONTRACT WITH GOLD CROSS.

Commissioner Wilson explained that the Commissioners have looked into the possibility of separating the ambulance service from Emery County. This process was started with Keith Brady who as Commissioner began the process through the creation of a Board of Directors to administer the ambulance service. Commissioner Sitterud met with a representative from Gold Cross and discussed the possibility. The Emery County Commissioners would like to see if having a private company administer the ambulance service is something we would like to do. Gold Cross has asked for a Mutual Non Disclosure and Confidentiality Agreement with the County to gather information to analyze the system that we have. Mike Olsen asked if there are other companies in Utah that provide the same service? Commissioner Wilson indicated that he did not have an answer for that question at this time. Commissioner Kent Wilson made a motion to approve a Mutual Non Disclosure and Confidentiality Agreement with Gold Cross. The motion was seconded by Commissioner Gil Conover. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Funk reported that the upcoming spring runoff will be especially high this year. His department is stressing safety to parents and children to use caution when near streams, creeks, rivers, and any area where there is a potential for water runoff and water will be swift moving. He expressed concern for potential rescue situations, especially near water. The cost of rescue, especially on the desert, is very high. He indicated that he may have to discuss ways to recoup the cost of search and rescue especially for people from other areas (states) that come here for adventures and then go into places that are potentially dangerous.

Attorney Mike Olsen announced that Samantha Johnson has been hired as a secretary in his office and will begin work next week.

Commissioner Wilson expressed his hope that people take seriously the Sheriff's plea for safety this season as the weather warms and people are out enjoying the area. He thanked first responders for all that they do to keep Emery County safe.

Commissioner Conover expressed that good things are going on in the County. He thanked the Historic Preservation Commission for their work on the kiosk.

RATIFICATION OF RESPONSE LETTER REGARDING U.S. EPA AND U.S. ARMY CORPS OF ENGINEERS REVISED DEFINITION OF "WATERS OF THE UNITED

COMMISSION MEETING MINUTES  
APRIL 16, 2019

STATES”.

Ray Petersen explained that the National Association of Counties requested that counties submit letters in support of a rule change by the U.S. EPA and U.S. Army Corps of Engineers definition of “Waters of the United States”. In 2015, the former administration made this rule, “WOTUS” that has been problematic for a lot of entities. The current administration is trying to , with this proposed rule, eliminate some the problems. The letter has specific recommendations being, differentiate between tributary, streams and ditches. We have a lot of ditches that the County currently maintains. The current rule brings these into the jurisdiction of the EPA and ACE. Also we asked that they clarify the term ‘intermittent’. We asked them to develop a national map that has all the streams that comes under their jurisdiction under that rule. Commissioner Sitterud indicated that the letter needed to be sent before today. He requested ratification of the signing of the letter. Commissioner Kent Wilson made a motion to ratify the signing of a letter regarding U.S. EPA and U.S. Army Corps of Engineers definition of “Waters of the United States”. The motion was seconded by Commissioner Gil Conover. The motion passed.

(7)

DISCUSS/APPROVE/DENY AMENDMENT OF THE BLM/EMERY COUNTY SHERIFF’S OFFICE LAW ENFORCEMENT SERVICES AGREEMENT.

Sheriff Funk explained that they currently have an agreement with the BLM for law enforcement on the desert. They have been operating on the \$15,000.00 to \$20,000 per year that the BLM reimburses the county. The contract that they wanted to put in place was for \$45,000 to cover a drowning or anything severe on the river that requires a lot of manpower and could be a strain on the county financially. The BLM originally agreed to that amount, however their accountants are having issues tracking the leftover money. Sheriff Funk met with BLM, they assured him that if the county does end up going over the \$15,000 they will open their budget to reimburse the County at that point. Patrolling the desert will remain the same. He indicated that the SO call volume has picked up over the last few weeks. Mike Olsen has looked over the contract and has no problems with the document. Commissioner Gil Conover made a motion to approve an Amendment of the BLM/Emery County Sheriff’s Office Law Enforcement Services Agreement. The motion was passed by Commissioner Kent Wilson. The motion passed.

(8)

The motion was seconded by Commissioner Gil Conover. The motion passed. A copy of the list is included on page 8 of these minutes.

(14)

DISCUSS/APPROVE/DENY TRANSFER OF MONEY INTO THE SPECIAL DEPARTMENT SUPPLIES FUND.

Sheriff Funk explained that in his eight years as sheriff the department has not changed the color of their uniforms. They have a variety of uniforms and different colors. He wants to go the traditional tan sheriff color and have everyone with the same color. He indicated he would like to utilize funding to purchase shirts, pants, boots, badges and etc for all the deputies. He indicated that if his department goes over budget this year, then he proposed opening the budget and utilize some of the funds that Captain Ekker brought into the county through the NRCS/Millsite Project, approximately \$50,000. The current uniforms have black pants or shirts, which the deputies that patrol at night, especially on I-70, complain about. Sheriff Funk proposed moving money from another line item in his budget into the Special Department Supplies Fund to make the uniform purchase. Commissioner Sitterud indicated that he is not sure about using the money from NRCS, but he is not opposed to purchasing the uniforms now and opening the budget later in the year if we need to. Commissioner Gil Conover made a motion to approve transfer of money into the Special Department Supplies Fund. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(15)

(3)

SAFETY MINUTE PRESENTATION BY MARY HUNTINGTON

Mary Huntington presented a short video on safety in the workplace. Mary explained that is a part of a new safety program the county has initiated. The second Commission Meeting each month different department's will present a brief safety message.

(4)

AWARDING OF SAFETY INCENTIVE VISA CARDS

Safety incentive VISA cards awarded to:

Full-time: Dennis Fuller

Part-time: Dinah Hayward

Safety Sensitive: 1) Seth Baantjer, 2) Thomas Behling

Commissioner Gil Conover made a motion to leave the regular meeting and enter into a Public Hearing to receive public comment on submitting an emergency request to the CIB and at the conclusion of the Public Hearing to return to the regular meeting schedule. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(5)

PUBLIC HEARING: A PUBLIC HEARING TO TAKE PUBLIC COMMENT ON SUBMITTING AN EMERGENCY REQUEST TO THE COMMUNITY IMPACT BOARD (CIB) FOR FUNDING TO UPGRADE THE UP&L CENTRAL WAREHOUSE BUILDING, WHICH THE COUNTY PURCHASED IN 2019, TO CONDITIONS THAT WILL ALLOW A NEW BUSINESS TO BE ESTABLISHED.

Commissioner Sitterud explained that the emergency request is for funding to upgrade the UP&L Central Warehouse Building. The county recently purchased this building and want to upgrade the electrical to allow for large machines and also add natural gas to the building's infrastructure. Upgrading these things will improve the building to allow the research facility to begin operations and improve conditions that will allow other new businesses to be established. Julie Johansen asked what makes this an emergency request? Commissioner Sitterud explained that the normal application process would take until next year for the funds to be available. If we mak an emergency request application we could have the funds in 2 to 3 months. Two members of the CIB board have visited the building and the projected project. So this application will not be a surprise, they are waiting for our application. Commissioner Wilson explained that the original cost projection was 1.5 to 2 million dollars. However, the amount is higher than first projected. Early discussions with CIB have been favorable. We prefer to get a 100% grant. He expressed a desire to allow Commissioner Sitterud to go before the CIB board and negotiate the best funding deal possible. He added that there has been a lot of interest in the facility. They hope to get enough power and gas in the facility to handle multiple opportunities.

The Public Hearing was closed and the Commissioners returned to the regular meeting schedule.

(6)

DISCUSS/APPROVE/DENY PERMANENT COMMUNITY IMPACT FUND BOARD APPLICATION.

Upon returning to the regular meeting schedule, Commissioner Kent Wilson made a motion to authorize Commissioner Sitterud to create an application for emergency funding to submit to the Community Impact Fund Board and authorize him to negotiate the best funding terms possible. The motion was seconded by Commissioner Gil Conover. The motion passed.

(7)

DISCUSS/APPROVE/DENY GOED CONTRACT FOR GRANT FUNDING FOR THE BEAR CREEK CAMPGROUND REHABILITATION PROJECT.

(15)

DISCUSS/APPROVE/DENY MODIFICATION OF GRANT AGREEMENT BETWEEN EMERY COUNTY AND MANTI-LASAL NATIONAL FOREST.

Commissioner Sitterud explained there was money left after rehabilitation from the forest fire. We have been able to pull the \$310, 318.00 to use on road work being done in the National Forest property in Huntington Canyon and give us an extension on that contract until December 31, 2023. This will give us more time to finish up this work. Commissioner Kent Wilson made a motion to approve a Modification of Grant Agreement between Emery County and Manti-LaSal National Forest. The motion was seconded by Commissioner Gil Conover. The motion passed.

(16)

DISCUSS/APPROVE/DENY DEFERRAL AGREEMENT FOR THE PAYMENT OF PRIVILEGE TAXES THAT ARE FIVE (5) YEARS PAST DUE ON PARCEL 8-196-49 FOR JASON WARD.

Emery County Treasurer, Josie Stilson explained that Jason Ward leases a building from Huntington City. This makes Jason subject to privilege tax. The taxes are five (5) years past due. Jason asked to make payments. Josie requested to make an agreement similar to what is done for deferral of real property taxes. She wanted to try this before taking this matter to court. If Jason does not pay the taxes current by the end of the year then it will be taken to court. Commissioner Kent Wilson made a motion to approve deferral agreement for the payment of Privilege Taxes that are five (5) years past due on Parcel #8-196-49 for Jason Ward. The motion was seconded by Commissioner Gil Conover. The motion passed.

(17)

DISCUSS/APPROVE/DENY RATIFICATION OF DEFERRAL AGREEMENT FOR JEREMY TANNAHILL FOR AND IN BEHALF OF SHERRY FORD FOR THE PAYMENT OF REAL PROPERTY TAXES THAT ARE FIVE (5) YEARS PAST DUE ON PARCEL 1-126-10.

Josie explained that this deferral agreement came in after last Commission Meeting and prior to the sale. Sherry Ford is Jeremy's mother and lives in the home and has set up monthly auto payments. At Mr. Tannahill's request this was pulled from the May Tax Sale and a deferral agreement was signed. These payments should bring the account current by November. Ratification of the signing of a deferral agreement is needed. Commissioner Gil Conover made a motion to ratify approval of a deferral agreement for Jeremy Tannahill for and in behalf of Sherry Ford for payment of real property taxes that are five (5) years past due on parcel #1-126-10. PRESENTATION BY DOUG FOLSOM TO AWARD EMERY COUNTY WITH THE 2018 TRUST ACCOUNTABILITY PROGRAM AWARD.

Doug Folsom, Utah Association of Counties, presented Emery County with the 2018 Trust Accountability Program Award. He commended Emery County for implementing a Safety Committee to offer safety incentives to employees and participate in incident reviews that have contributed to excellent safety record. Commissioner Kent Wilson applauded Mary Huntington and the elected officials/department heads for their diligence in keeping Emery County employees 'safe'.

(3)  
PUBLIC COMMENT (3 MINUTE TIME LIMIT)

(4)  
NOTIFICATION THAT BASED UPON REVIEW OF QUALIFICATION PACKET, JOHANSEN AND TUTTLE ENGINEERING HAS BEEN SELECTED TO OVERSEE ALL PHASES OF THE PL566 COTTONWOOD CREEK (JOE'S VALLEY) WATERSHED PROJECT.

Captain Kyle Ekker reported that after review of the 9 applications they received, Johansen & Tuttle Engineering has been selected to oversee all phases of the PL566 Cottonwood Creek (Joe's Valley) Watershed Project. He explained that the phases of the project are the EA, Design, and Construction. If all phases of the project are funded J&T Engineering will oversee the project.

(5)

DISCUSS/APPROVE/DENY PERMISSION TO BEGIN CONTRACT  
NEGOTIATIONS FOR THE E.A. PORTION WITH JOHANSEN AND TUTTLE  
REGARDING THE JOE'S VALLEY WATERSHED PROJECT.

Commissioner Kent Wilson made a motion to allow Captain Klye Ekker to begin negotiations with J&T Engineering for the EA portion of the Joe's Valley Watershed Project. The motion was seconded by Commissioner Gil Conover. The motion passed.

(6)

DISCUSS/APPROVE/DENY AMENDMENT NUMBER 0001 BETWEEN EMERY  
COUNTY AND THE NATURAL RESOURCES CONSERVATION SERVICE (NRCS),  
GRANTING A 60-DAY EXTENSION ON THE TRAIL MOUNTAIN FIRE EWP.

Captain Ekker explained that the project was funded in November, 2018 with work to be completed by June 2019. However, due to snow, work was put on hold. The amendment number 0001 is to request an 60 extension to get the work done. Commissioner Gil Conover made a motion to approve Amendment 0001 between Emery County and the Natural Resources Conservation Service (NRCS) granting a 60-day extension on the Trail Mountain Fire EWP. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(7)

RATIFICATION OF ACCEPTANCE OF FUNDS FROM THE 2019 CHILDREN AND  
TEEN BOOK ENHANCEMENT MINI-GRANT.

Commissioner Gil Conover explained that this is a \$3,000.00 grant that all the Emery County Libraries applied for. It is a non-matching grant. The funds have been received so ratification of acceptance of the funds is needed at this time. Commissioner Gil Conover made a motion to ratify acceptance of funds from the 2019 Children and Teen Book Enhancement Mini-Grant. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(8)

DISCUSS/APPROVE/DENY JEFF KELSEY INSURANCE RENEWAL FOR PLAN  
YEAR JULY 1, 2019-JUNE 30, 2020.

Jeff Kelsey, reviewed 2018-2019 insurance performance and presented the plan for 2019-2020. He was pleased to announce that there is only a 2% rate increase this year. He added this is largely due to the employees changes in health management and in keeping

5  
COMMISSION MEETING MINUTES  
MAY 7, 2019

the cost to the plan to a minimum. Commissioner Kent Wilson made a motion to approve the insurance renewal for plan year July 1, 2019-2020. The motion was seconded by Commissioner Gil Conover. The motion passed.

(12)  
DISCUSS/APPROVE/DENY THE CONDITIONAL SIGN-ON BONUS AGREEMENT.

Sheriff Funk explained that the Sheriff's Department has had a difficult time finding deputies for Green River. To aid in this difficult task Green River City and Emery County have each offered \$5,000.00 a sign-on bonus. Green River City will pay \$5,000.00 and Emery County will pay \$5,000.00. The deputy will have stay in the employment of Emery County for a minimum of three years. A last minute change to the

agreement is that they have to live in Emery County also. According to the Sign-On Agreement if they leave employment of the county before the three years they will have to pay back the \$5,000.00. According to Sheriff Funk they have found two individuals who are already POST certified and willing to sign-on. Commissioner Gil Conover made a motion to approve the Conditional Sign-On Agreement with the added condition of living in the county and working for Emery County for three years. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY UTAH DEPARTMENT OF AGRICULTURE RUSSIAN OLIVE INVASIVE SPECIES MITIGATION (ISM) GRANT 2019-2020.

Weed/Mosquito Department Head, Cory Worwood, discussed Utah Department of Agriculture Russian Olive Invasive Species Mitigation (ISM) Grant 2019-2020. He explained that the grant is for the same amount as last year, \$91,800.00. The work is mitigation along the tributaries of the San Rafael. Commissioner Gil Conover made a motion to approve Utah Department of Agriculture Russian Olive Invasive Species Mitigation (ISM) Grant 2019-2020. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

DISCUSS/APPROVE/DENY LETTER REGARDING WILD HORSE AND BURRO OVERPOPULATION WITHIN THE NEWLY DESIGNATED WILDERNESS AREAS WITHIN EMERY COUNTY.

Wildhorse and Burro overpopulation within the newly designated wilderness area in Emery County is severely degrading the area for our visitors, livestock, wildlife and horse and burros. The Commissioners asked Ray Petersen to draft a letter to legislators to encourage them to advocate for responsible management of the wildhorses and burros. When the horse and burros numbers are up then the cattlemen have lower their numbers. Commissioner Kent Wilson made a motion to approve a letter to be sent to legislators regarding wildhorse and burro overpopulation within the newly designated wilderness areas within Emery County. The motion was seconded by Commissioner Gil Conover. The motion passed.

(1)  
ITEMS PULLED FROM THE CONSENT AGENDA.

(2)  
PUBLIC COMMENT (3 MINUTE TIME LIMIT)

(3)  
PRESENTATION BY MATTHEW B. MCCUNE REGARDING POTENTIAL OPIOID LITIGATION TO ADDRESS ALL ASPECTS OF THE MULTIFACETED OPIOID CRISIS.

Matthew McCune made a presentation regarding aspects of the multifaceted opioid crisis. He prefaced his presentation with a news article from the Salt Lake Tribune that named Emery and Carbon Counties as two hardest hit counties in the State of Utah in the opioid crisis. We have three times the rate of opioid overdoses as do other counties in the state. Utah is seventh highest in the nation. The purpose of the litigation that they are involved in is to help the county be able to help its citizens to overcome this. He read some the things that the Salt Lake Tribune recommended to help the county help its citizens. It was his hope that if the county chooses them to represent the County that they would use the funds to do some of these things. The money to do these things has to come from somewhere. His firms represents seventeen counties in Utah. It is his firms position is that the opioid manufacturers and distributors are mostly to blame for this opioid epidemic. After a number of years of prescribing opioids for acute, post traumatic pain such as a car accident or surgery for two, four or six weeks and then move the patient to Ibuprofen or Tylenol, etc. The manufacturers and distributors of the opioid realized that if they tell the doctors that opioid was safe for long-term, chronic pain that would increase their profit. The FDA approved the opioid to be prescribed for short-term not long-term. The opioid manufacturers duped the doctors. The doctors rely on the manufacturers to state the truth. Those people who have become addicts are victims as well. We have to go to the manufacturers to seek relief from them for the tole that they have taken on these peoples lives and the devastation to the communities. The litigation will not cost the county one dime out of its budget. This is being done on a contingency fee. This means that the lawyers only get paid if there is a recovery for the county. The firm will advance all the cost. If there is a recovery, the firm will be reimbursed and 20% portion will go for the lawyer time. The rest goes directly to the counties to combat the crisis. The litigation at this point is in State Court at this time. Attorney Mike Olsen indicated that he has been approached by many law firms and he has also reached out to law firms for this issue. He has compared offers from other law firms. He indicated that he and his staff have gone through many offers and looked at many fee structures. We are probably one of the last counties that have not jumped onto this. He explained that he

COMMISSION MEETING MINUTES  
JUNE 4, 2019

wanted to make sure that we did not just jump into something. There are a lot of options out there and a lot to look at. He indicated that he is comfortable with have Collin King as he helped with Wilberg and Crandall Canyon. He is comfortable with his representation and him as a lawyer. He has been very responsive to our county's needs. He feels comfortable with recommending this law firm and that we charge forward with this litigation. He added that he is comfortable with the fee structure after looking at other offers. It is important from the aspect that we should not have to incur these costs. This is a pharmaceutical company that knew that they were selling snake oil. We all are victims. Everyone has family, friends or someone who has been impacted by this. He recommended that the Commissioners take two weeks to ask questions and get comfortable with the agreement. He recommended the Commissioners make approval of this an agenda item for the next meeting.

(4)

RATIFICATION OF LETTER OF SUPPORT FOR INTERMOUNTAIN ELECTRONICS.

Commissioner Lynn Sitterud explained a support letter that was recently drafted and sent to the Utah Governor's Office of Economic Development regarding Intermountain Electronics and their EDTIF application. IE is located in Carbon County, but they employ many Emery County residents. IE is a catalyst company to both residents and many supporting local businesses in both Carbon and Emery Counties. The Governor's Office of Economic Development has compared the significance of creating one job in a rural community to a significantly higher amount in urban communities. When you compare the number of jobs IE has created for both Carbon and Emery Counties in this equation you understand why they are critical to both of our economies. Recently, we were updated on IE successfully winning their first significant project in the data center sector, a fast growing industry with significant potential. And as a result of this win, IE is considering expanding their Price, UT or Denver, CO facilities to accommodate these projects. If you factor in the impact of creating one job in our communities compared to Denver (which is significantly bigger than Utah's urban communities) you can see the value of providing IE with plenty of incentive to expand in Carbon County. The letter asked the GOED to keep in mind the impact the creation of these jobs will have on our counties and consider awarding the maximum amount allowed. Commissioner Kent Wilson made a motion to ratify a letter of support for Intermountain Electronics. The motion was seconded by Commissioner Gil Conover. The motion passed.

(5)

(6)

DISCUSS/APPROVE/DENY/ LETTER TO STATE BLM REGARDING SUPPORT OF THE PRICE BLM FIELD OFFICE.

Public Lands Director, Ray Petersen explained a letter to the State BLM regarding support of the Price BLM Field Office. The massive public land legislative package that was passed in the U.S Congress in February 2019 included several bills affecting land management in the State of Utah. The Emery County Public Land Management Act is the largest and most complex of these bills. The entirety of federal lands involved in the legislation is within Emery County, which is within the jurisdiction of the BLM Price Field Office (PFO). The PFO and Emery County have partnered in land use management for decades, and enjoy a fruitful working relationship. Approximately 72% of Emery County is managed by BLM. The Emery County Land Use Management Act and associated BLM/SITLA land exchange will require fiscal and personnel resources above and beyond the resources normally employed by the PFO. Numerous surveys, evaluations and management plans are required by the Act. We understand that the State of Utah, through the Public Land Policy and Coordination Office is offering some manpower to assist the office. The Emery County Public Lands Department is available for consultation as well. We also anticipate that knowledgeable and productive Emery County citizens will be selected to serve on the Recreation Area Advisory Council. The letter requested that BLM State Office consider how to best bolster and support the efforts required by the Price office with personnel and budget resources in implementation of this land use legislation. Commissioner Kent Wilson made a motion to approve sending a letter to the State BLM regarding support of the price BLM Field Office. The motion was seconded by Commissioner Gil Conover. The motion passed.

DISCUSS/APPROVE/DENY MARKET MATCH FUNDING FOR FERRON CITY PEACH DAYS AND HUNTINGTON CITY HERITAGE DAYS.

Natalie Olsen requested approval for Market Match funding for Ferron City Peach Days and Huntington City Heritage Days. Ferron City has requested \$3,500.00, which they will match, to advertise for their Peach Days celebration. With the decline of the demolition derby over the years, Ferron City will be hosting an ATV/UTV obstacle course rather than a derby. Huntington City has requested \$3,500.00, which they will match, to advertise for their Heritage Days celebration. For their rodeo they have adopted the name of 'Buck in the Swell'. They have contracted with radio stations to advertise the celebration. They will be selling t-shirts with

COMMISSION MEETING MINUTES

the 'Swell' brand on them. The funds for the Market Match Funds will come from TRT. Commissioner Kent Wilson made a motion to approve Market Match Funds for Ferron City Peach Days and Huntington City Heritage Days as requested. The motion was seconded by Commissioner Gil Conover. The motion passed.

(18)

DISCUSS/APPROVE/DENY ADOPTING THE EMERY COUNTY PROPERTY  
ACCEPTABLE USE POLICY AND RESOLUTION.

Attorney Mike Olsen explained that on about March 25, 2019 Governor Herbert signed HB 163. HB 163 makes it so if a county elected official, an appointed official, a judge, consultant, independent contractor, or employee (collectively, public servant) uses public property in more than an incidental manner for personal use or use of another, they may meet the elements of having committed a felony under Utah Code 76-8-402. The code allows for a public servant to use public property in accordance with a written policy of the county. The County Commission believes that HB 163 as drafted makes it so public servants who are performing their duties in good faith may unwittingly be committing felonies. The County Commission desires to create guidelines that will ensure public servants are not at risk of unwittingly committing felonies in their use of public property while ensuring public servants are using county property in a responsible manner. The County Commission believes that the best way to accomplish this is to establish guidelines for use of Public Property, to create a mechanism for warning Public Servants if they are using the Public Property in a manner contrary to those guidelines, and only after continued use contrary to the guidelines after receiving a warning, are they considered to be misusing Public Property. The County Commission proposed amending the Emery County Personnel Policy to include the following: The County Property Acceptable Use Policy constitutes a written policy of the public servant's entity for purposes of Utah Code 76-8-402 (1) (b) (iii). Public Servants are authorized to use Public Property of Emery County for personal use. Public Servants are encouraged to use Public Property of Emery County in a manner in accordance with these encourage guidelines:

- that does not damage the property;
- that does not cost the county more than incremental amounts, which may vary according historic use, custom, and what is considered normal personal use of employer property in the community;
- that does not interfere with use of the property as intended for the public use; and
- that allows employee who have been authorized to use county equipment for extensive personal use to do so without fear of being prosecuted.

In addition to the foregoing, this County Property Acceptable Use Policy recognizes and acknowledges that the Emery County Commission may authorize certain public officers and public servants to use Public Property of Emery County solely for personal use as part of their compensation..e.g., a vehicle, electronics (PC's, laptops, tablets, iPad, telephones) etc. If the Department Head/Supervisor, Elected Official, or the County Commission believes that a Public Servant is using Public Property in a manner contrary to the Encouraged Guidelines, the

procedure for discipline are outline in the document. Attorney Mike Olsen agreed with the policy as written and recommend the County Commission adopt Resolution 6-18-19B amending the Emery County Personnel Policy by adopting the Emery County Property Acceptable Use Policy. Commissioner Kent Wilson made a motion to adopt Resolution 6-18-19B the Emery County Property Acceptable Use Policy and Resolution. The motion was seconded by Commissioner Gil Conover. The motion passed.

(19)

DISCUSS/APPROVE/DENY ACCEPTANCE OF SETTLEMENT OFFER FROM AT&T INC. 2018 & 2019 TAX YEARS.

Attorney Mike Olsen explained that Emery County has a lawyer, Tom Peters that assists the county with centrally assessed taxes. These issues are very complicated. It gets mired down in administrative law and procedure and is very complicated and difficult. In affect, our attorney, Mr. Peters believes that the assessed value in 2018 was exaggerated. He doesn't feel like we can pursue this through the administrative process and litigation that we would be successful. He does feels good about us compromising the amount and lowering it. The amount that would be agreed upon if the Commission agrees, would be \$395 million for 2018. He feels this is a fair evaluation. He feels that for 2019 the number would be \$390 million. This number is agreed to and will not be litigated. AT&T intends to remove part of their holdings from centrally assessed to locally assessed. This may cause a fight in 2020. So for 2018 and 2019 Attorney Mike Olsen recommends accepting the settlement offer from AT&T INC. Commissioner Gil Conover made a motion to approve acceptance of settlement offer form AT&T INC 2018 and 2019 tax years. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(20)

DISCUSS/APPROVE/DENY ACCEPTANCE OF SETTLEMENT OFFER FROM AVAD OPERATING LLC FOR 2018 TAX YEAR.

Attorney Mike Olsen explained that Emery County is represented by the same law firm for this as well. AVAD Operating LLC is a utility, that is centrally assessed. There was a mistake in their evaluation that was clerical in nature. According to Mr. Peters, they have done the procedural requirements that would allow them to make the correction. There does not appear to be any legal justification for us to challenge it. Carbon County is also involved and are in agreement to allow them to correct the error, but only if is Emery County is agreeable also. Attorney Mike Olsen recommends accepting the settlement offer from AVAD Operating, LLC. Commissioner Kent Wilson made a motion to approve acceptance of settlement offer from AVAD Operating, LLC for 2018 tax year. The motion was seconded by Commissioner Gil Conover. The motion passed.

(21)

DISCUSS/APPROVE/DENY HIRING A PUBLIC LANDS CONSULTANT TO REPRESENT

EMERY COUNTY IN WASHINGTON D.C.

Commissioner Wilson explained that from his prospective, this idea came about from the fact that our bill, right now is in the Department of Interior hands, interpreting the work of our bill. It is in Emery County's best interest to have somebody looking out for our interest during this process, watching the federal government, to make sure our intent is carried out. It is hard to do from Emery County and is not our area of expertise. Ray Petersen had requested that the consultant also be used for other purposes, other than Public Lands issues, that may need someone dealing with our delegation in Washington to move forward any funding requests, or applications that may need to be expedited by someone who is there. Commissioner Wilson felt that this should not be an ongoing expense for a long period of time. He has a person that he has sought out and feels that he feels is qualified and that he trusts. He stated he felt the dollar amount is fair. He asked what the process is? Do we have to advertise to hire a consultant? Attorney Mike Olsen indicated that there is a process that we would follow for hiring for professional services. There is requirements for professional services. The process takes that into consideration It focuses on making sure the price is fair and making sure we are getting a good price. Mr. Olsen will look at the statute and we will follow the procedures as stated in the statute. Commissioner Kent Wilson mad a motion to begin the process of advertising for a Public Lands and Misc Consulting services for a certain amount of time. The motion was seconded by Commissioner Gil Conover. The motion passed.

(22)

DISCUSS/APPROVE/DENY THE PROCESS OF SEEKING OUT AN INDIVIDUAL OR CONSULTANT TO SECURE DEPARTMENT OF ENERGY GRANTS FOR THE SAN RAFAEL ENERGY RESEARCH FACILITY.

Commissioner Sitterud explained that the Central Warehouse facility that the county recently purchase is being utilized for an energy research facility. We are looking for funds to begin putting this venture together. There are federal funds that are available for this type of a facility. We need someone with access to the Department of Energy to seek out these funds. The Commissioners are seeking approval to put out a RFQ and seek out the best consultant for Emery County to do this for us. The goal is to transition this over to Seven County Infrastructure Coalition. Commissioner Kent Wilson made a motion to start the process of seeking out a consultant to secure Department of Energy Grants for the San Rafael Energy Research Facility. The motion was seconded by Commissioner Gil Conover. The motion passed.

(23)

DISCUSS/APPROVE/DENY APPROVAL OF LEGAL SERVICES CONTRACT RETAINING OUTSIDE COUNSEL TO REPRESENT EMERY COUNTY IN OPIOID LITIGATION.

Attorney Mike Olsen indicated that this was on the Commission Agenda for last meeting, where

COMMISSION MEETING MINUTES  
JUNE 18, 2019

one of the attorneys from one of the law offices came and presented on this subject. We then tabled it so that the Commission could think it over and look over the proposal. Mr. Olsen indicated that his recommendation is still that he feels comfortable with Dewsnup King Olsen & Worel. He thinks that they are an excellent law firm. He feels comfortable with the other law firms that they have retained to work with them and he is comfortable with this legal service contract. He indicated that it is the same contract, with the same terms that other counties have signed. He recommended that they sign the contract and move legislation forward. Commissioner Gil Conover made a motion to approve of legal services contract retaining outside counsel of Dewsnup King Olsen & Worel to represent Emery County in opioid litigation. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(24)

DISCUSS/APPROVE/DENY ADOPTING THE MUNICIPAL OPIOID COST RECOVERY AND PUBLIC NUISANCE RESOLUTION.

This is a Resolution that was prepared by the law firm in the event that Emery County signed the legal representation with them. The resolution outlines the purpose and intent of the litigation. It has definitions in the document. It talks about governmental function in terms of the cost recovery and declares it a public nuisance. Mr. Olsen recommended that the Commissioners sign the Resolution. Commissioner Gil Conover made a motion to adopt Resolution 6-18-19C the Municipal Opioid Cost Recovery and Public Nuisance Resolution. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(25)

COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Funk reported that his office has been very busy out on the desert with high water and five rescues. They will be busy with the parade season coming up. Their Triathlon is coming up on July 12/13 that is a fund raiser for Search and Rescue. Special shout out to the sponsors.

Commissioner Wilson reported on Economic Development going on in the county. He thanked Commissioner Sitterud for his hard work on getting 2.65\$ million from CIB for infrastructure for the Research Facility. In the last six or eight months the county has received close to 4\$million dollars.

We have solar projects that are coming to the county. We have one or two businesses that are interested in growing medical marijuana in the county. There are other companies that are interested in doing research with coal, gasification, and hydrogen. This is the first time in many years we have had new growth and an uptick in tax revenues. Things are changing in our county.

Commissioner Conover talked about the vetting and licensing process for the possible medical marijuana farm.

(17)  
DISCUSS/APPROVE/DENY LEASE AGREEMENTS FOR THE EMERY COUNTY SENIOR CITIZEN CENTERS.

Emery County Senior Citizens Director, Robbie Jensen explained that it recently came to their attention that a Chiropractic practice out of Moab has requested to form an agreement with the Green River Senior Center to use the center twice a month on Fridays for his clients in Green River. In making a lease agreement between the Green River Senior Center and the company they found that Pro Rehab has been using the Center for the last twenty years. In trying to locate a lease agreement for Pro Rehab they realized that either one was not created or we do not have a current lease agreement. They have been utilizing the Center every Tuesday and Thursday. The board felt it would be appropriate to create a lease agreement for all of the Sr. Centers, that anyone who wants to lease or rent the Sr. Center for the purpose of business so that everyone would be on the same playing field. They felt that they would be held to the same rental agreement that the public is held to which is \$50.00 a day for that facility. They felt that in the case of Pro Rehab, where they have been using the center and the public is now more aware of their presence there weekly, they felt it would be appropriate to grandfather them in a slightly

COMMISSION MEETING MINUTES  
AUGUST 20, 2019

lower rate. He asked that they approve a lease agreement with the Sr. Centers. The buildings are the property of Emery County. They want to make sure everything is accordance to what Emery County requires. Attorney Mike Olsen addressed the lease agreement document. He felt the lease is good. He felt that each individual sub lease should be approved by the Commission as they come in. Mike wants to look at each sub lease to determine the type of altering to the building will be done if any. The Commissioners will review each sub lease as it comes in. No action was taken at this time.

(18)

DISCUSS/APPROVE/DENY CONSULTING SERVICES AGREEMENT BETWEEN EMERY COUNTY AND UINTA GROUP LLC.

Commissioner Sitterud explained that the San Rafael Research Center is being built at the old Central Warehouse on Coal Haul Road in Orangeville. There is money available out there to help put this together. We have a coal combustion testing machine that is being reassembled at this time. This Uinta Group will be responsible for finding grants and money available to get this research center up and running. Commissioner Sitterud asked for approval of the consulting services agreement between Emery County and Uinta Group, LLC. Commissioner Kent Wilson made a motion to approve a Consulting Services Agreement between Emery County and Uinta Group, LLC. The motion was seconded by Commissioner Gil Conover. The motion passed.

State Post Judgement interest rate in the amount of \$104.92 for a total of \$5,104.92 minus required taxes and withholdings. All other terms and conditions of the Agreement shall remain in effect. Commissioner Gil Conover made a motion to approve an Addendum to Agreement dated April 29, 2019 between Emery County and Clarence Smith. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(21)

DISCUSS/APPROVE/DENY SERVICE AGREEMENT BETWEEN EMERY COUNTY AND ISSAC CALDIERO.

Emery County Events Coordinator, Amanda Leonard requested approval for a service agreement between Emery County and Issac Caldiero. Issac is the first and only champion of American Ninja Warrior. He is also the author of the first guide book for Joe's Valley Bouldering. This is the perfect combination of the whole goal of Bouldering Fest which is to mesh locals with climbers. Every local she has spoke with watches American Ninja Warrior and is excited at the prospect of Issac coming to the Fest. The Fest is going to build a ninja course this year that locals can participate in and try. In the agreement Issac agrees to make a personal appearance on Thursday of the Fest at the ninja course. He will answer questions, sign posters and be there to mingle with the locals. Since winning ANW Issac has been doing motivational speaking to the youth. His plat form is "How to be a Ninja." in real life instead of on the course. Canyon View, San Rafael and Emery High have agreed to welcome him for assemblies while he is here. He will also have a guiding clinic for the local youth in Joe's Valley Canyon that Saturday. Emery High has agreed to make Issac a part of Homecoming week, so Friday will be Ninja Warrior Day. The High School will have their assembly that day and he will host a private one hour Ninja Course event for the High School students as part of their homecoming week. He will also do media interviews to promote Joe's Valley, the county and the event. He will also participate in a fund raiser for Search and Rescue. Amanda requested approval to sign the service agreement Attorney Mike Olsen indicated that he as reviewed the agreement and has edited the document to include the usual indemnity clause. Commissioner Kent Wilson commented that with the opioid and suicide problem that we have in the county this is a great positive thing. To put our youth in front of someone who is successful and can teach our youth useful skills and how to cope is a good thing. Commissioner Kent Wilson made a motion to approve a service agreement between Emery County and Issac Caldiero. The motion was seconded by Commissioner Gil Conover. The motion passed. Attorney Mike Olsen recommended that Amanda have Issac sign the edited agreement with the indemnity clause added to the document. The funds to pay Issac will come through TRT and Events Budget.

(22)

DISCUSS/APPROVE/DENY A RESOLUTION CALLING FOR AN ELECTION FOR NOVEMBER 05, 2019, FOR GENERAL OBLIGATION BONDS NOT TO EXCEED \$14,000,000; DECLARING OFFICIAL INTENT WITH RESPECT TO CERTAIN EXPENDITURES; CALLING A PUBLIC HEARING REGARDING THE BONDS; APPROVING THE PUBLICATION OF A NOTICE OF ELECTION, THE BALLOT

PROPOSITION AND OTHER VOTER INFORMATION; AND RELATED MATTERS.

Jacob Sharp provided a history of the General Obligation Bonds issued by CVSSD over the years. There have been six GOBs in the history of CVSSD. CVSSD uses these GOB funds to leverage grants through CIB to complete projects within the cities and towns that are in their district. Green River City and Lawrence are not within their district boundaries. These projects are culinary water projects, secondary water projects, sanitary water projects, drainage projects, city streets, and curb & gutter projects. The GOB are good for ten years. Each year CVSSD will come to the Commission for approval to use a percentage of the funds to complete projects in the county for that year. This is the last year for a bond distribution for the bonds that were voter approved in 2009. CVSSD requested approval for a Resolution calling for an election for November 5, 2019 to issue, not to exceed, \$14,000,000.00 for the next ten years. Eric Johnson, Bond Attorney, explained that the Emery County Commission would be calling for this election acting as the governing body for CVSSD. Clerk/Auditor Brenda Tuttle asked for clarification that the District is going to pick the cost of this election. This is not a county election year. This is a municipal election year. Emery County has agreements with the cities that they will cover the cost of what we incur. Eric Johnson explained that State Code the District has to pick up the cost to hold an election. The mayors have all been made aware of the proposed notice of election. Commissioner Kent Wilson made a motion to approve Resolution 8-20-19 calling for an election for November 5, 2019, for General Obligation Bonds not to exceed \$14,000,000; declaring official intent with respect to certain expenditures; calling a public hearing regarding the bonds. Approving the publication of a notice of election, the ballot proposition and other voter information; and related matters. The motion was seconded by Commissioner Gil Conover. The motion passed.

(23)

COMMISSION/ELECTED OFFICIALS REPORT.

Sheriff Funk talked about the program that will be held at the High School in connection with Emery TelCom. Collin Karchner will address internet and mental health issues facing our youth today. He will speak to the youth during assemblies at the high school and the evening event will be directed at the parents. Sheriff Funk strongly encouraged everyone to attend.

Commissioner Wilson talked about the struggle within the EMS world in Emery County. Green River struggles to provide service. They have two EMT's that are certified. The Commissioners are trying to find a solution to this and provide a better service to our citizens..

(6)  
DISCUSS APPROVE DENY NON FUNDED COST SHARE AGREEMENT BETWEEN EMERY COUNTY AND THE USDA FOREST SERVICE MANTI-LASAL NATIONAL FOREST REGARDING FAMILY FRIENDLY TRAILS.

Roseann Fillmore explained that about a year ago the National Scenic Byway got together to discuss possible projects. They invited the managers of convenience stores on the Sanpete

COMMISSION MEETING MINUTES  
SEPTEMBER 3, 2019

County side and Emery County side to participate. They discussed a number of good ideas. The Family Friendly Trails seemed like the most doable. They applied to the State of Utah for funding to do the project. Roseann, as a representative of the Scenic Byway, wrote the proposal and applied to the State under the direction of Jordan Leonard and Tina Carter. (who no longer work for Emery County) Emery County was to be the applicant and come up with the match. The State did not give them as much as they asked for, but the State came back with a modification for the full amount that they originally asked for. (\$9,665.00). The County was to match with \$5,999.00. The project involves four identified trails along Huntington and Eccles Canyons National Scenic Byway, aka the Energy Loop, that are well-suited for family hikes. The four identified trails are: Left Fork West which begins at the Millers Flat Road and leads east to a bridge crossing the Left Fork of Huntington Creek. It continues another quarter mile to a viewpoint of the falls on Miller Flat Creek below Miller Flat Reservoir. Left Fork East: which begins at the Forks of Huntington Campground in Huntington Canyon and proceeds west for about one mile to a huge logjam in the Left Fork of Huntington Creek.. Old Folks Flat Campground which begins at the Old Folks Flat Campground and continues west ending at a junction with the Mill Canyon Trail. Old Folks Flat Campground to Stuart Guard Station which begins at the Old Folks Flat Campground and proceeds east to the Stuart Guard Station Interpretive Site. The left Fork West Railhead is located on the Miller's Flat Road about 3 miles south of the Byway and is easily accessible. The others are accessed from the paved scenic byway. Signs at trail heads will give the name of the trail, the direction of the hike, the length, the difficulty, the approximate time required to hike, icons showing trail uses, i.e hiking, biking, and information about potential extensions of the hike. All of the proposed interpretation will be designed for children 6 to 12 years of age. The signs will include information regarding the area and direct the children to information of interest to the site as well as invite them to exploration/activities along the trail. The Forest Service has been working on the design of the interpretive signs. The grant is coming to Emery County. Matching funds for this grant have been set aside in TRT funds. The grant should be ran through the Tourism Office. The Tourism Office will have to go out to bid for someone to fabricate the signs. Commissioner Wilson asked Adriana Chimaras questions regarding available funds for appropriation the match for this project. Adriana indicated that there is funds available in Trails. Adriana was agreeable to the project running through her office. Commissioner Wilson made a motion to live up to the intentions of when this grant application was originally submitted and approve the Non Funded Cost Share Agreement between Emery County and the USDA Forest Service Manti-LaSal National Forest regarding Family Friendly Trails. The motion was seconded by Commissioner Gil Conover. The motion passed.

PRESENTATION BY MONICA PHELPS REGARDING ALCOHOL AND NARCOTICS ANONYMOUS SUPPORT MEETINGS THAT ARE GOING TO BE HELD IN EMERY COUNTY.

Monica Phelps came before the Board of Commissioners to thank the County for the use of the Courthouse to hold their meetings. Their goal is to hold meetings every Tuesday to help those who struggle with alcohol/narcotic addiction. Their first meeting is tonight. They plan to offer a reward for first 24 hours of clean/sober then again each 30 days of clean/sober thereafter.

Commissioner Gil Conover made a motion to leave the regular Commission Meeting and move into a Public Hearing as advertised and at the conclusion of the Public Hearing to return tot he regular agenda. The motion was seconded by Commissioner Kent Wilson and the motion passed.

(6)

**PUBLIC HEARING:** a PUBLIC HEARING TO TAKE PUBLIC COMMENT ON THE ABANDONMENT OF A PARTIAL RIGHT OF WAY ON PARCEL NO. S5-0040-0006.

Jeff Guymon reviewed a plat map of the proposed partial ROW with the public. The original intent of the ROW was to access a gravel pit. An alternative route was used rather than this ROW. The gravel pit is no longer there. The section to the east is only section proposed to abandon. Jeff recommended approval.

Commissioner Wilson read an email from a citizen in opposition to the abandonment of the partial ROW.

Attorney Mike Olsen recommended approval as he felt it was not necessary to encumber someone's land when there is no future use for the partial ROW.

There were comments from the public.

The public hearing was closed and they returned to the regular agenda.

(7)

(11)

DISCUSS/APPROVE DENY APPROVING AN AGREEMENT FOR HUTTON LAW ASSOCIATES, P.C. TO REPRESENT EMERY COUNTY'S INTEREST REGARDING THE CONTRACT DISPUTE AND LAWSUIT FILED BY INTERMOUNTAIN HEALTH CARE, INC.

Attorney Mike Olsen indicated that Hutton Law Associates, P.C. was referred to Emery County by Johnny Miller to represent Emery County's interest regarding the contract dispute and lawsuit filed by Intermountain Health Care, INC. Intermountain Health Care improperly billed an employee of Emery County. The employee should not have been billed. Emery County should

not have been billed. Mr. Olsen felt it is important to defend this lawsuit. Hutton Law Associates P.C. is an expert in this type of lawsuit. Mr. Olsen indicated that Hutton charges \$165.00 per hour, which is a good rate for this type of service. There is no cap, but we will have the ability to make decisions as we go through the litigation process. Mr. Olsen recommended approval of the agreement with Hutton Law Associates P.C for this service. Commissioner Wilson commented that it is wise to hire an expert in this field. Commissioner Gil Conover made a motion to approve an agreement for Hutton Law Associates, P.C. to represent Emery County's interest regarding the contract dispute and Lawsuit filed by Intermountain Health Care, INC. The motion was seconded by Commissioner Gil Conover. The motion passed.

PRESENTATION OF PILT PAYMENT FOR 2019.

Dave Ure, School and Institutional Trust Lands Administration (SITLA) explained that SITLA was organized 25 years ago to manage the 3.4 million acres and 4.2 million acres of underground mineral rights.

Emery County has the second largest PILT payment in the State of Utah from mineral lease money in the amount of \$290,754. This came off of the 334,208 acres of ground that there are in Trust Lands in Emery County. The schools in Emery County received \$423,577 that was given to them on a per building, per capita basis. This comes out the 2.8 billion dollar Trust Fund. 2.1 billion dollars comes from oil/gas & mining leases, timbering, grazing, land sales, etc. The rest is reinvested. Each year money is sent out to the beneficiaries. Each school receives funds that is administered by a Community Council made up of administrators, teachers and parents which determines how to spend these funds. Funds must be spent on academic projects. He provided an overview presentation of what SITLA is about and how the funds are determined and administered. He presented the Commissioners with a check in the amount of \$290,754.00 representing (payment in lieu of taxes) which is just over \$0.87 per acre.

(12)

RATIFICATION OF LETTER REGARDING MINERAL LEASE MONEY  
DISBURSEMENTS.

Commissioner Wilson explained that for the last 2 or 3 years the State of Utah has been giving Emery County mineral lease monies that should have gone to Carbon County. This amount came to \$276,721.00. So to create that revenue we froze the distribution of mineral lease to the SSD#1 and accumulated money for two to three months. That direction was given through Commission meeting to the SSD#1. We have saved up enough money to pay this debt to Carbon County. Carbon County alerted Emery County of this issue earlier this year and it took Emery County several months to work this through with the state to correct the problem. Emery County negotiated with Carbon County to pay these funds off before December 31<sup>st</sup> and they would not charge us interest on those funds. This saves the County twenty to thirty thousand dollars in interest. The letter for consideration today is to direct the SSD #1 to pay Carbon County off.

Commissioner Kent Wilson made a motion to ratify a letter regarding mineral lease money disbursements. The motion was seconded by Commissioner Gil Conover. The motion passed.

(13)

(16)

DISCUSSION REGARDING 2019 & 2020 MINERAL LEASE DISBURSEMENT.

Commissioner Wilson indicated that the Commissioners wanted to give Attorney Mike Olsen direction regarding 2019 and 2020 Mineral Lease Disbursement. Every year we create a Resolution document to direct Special Service District #1 on how to disburse the funds to the different special service districts. As a Commission they can decide where and how much is disbursed but not how it is spent. Right now there is \$106,000.00 sitting in a Mineral Lease Fund that is capped because of last year's resolution. The Commission needs to decide if there is justification to invest the money or disburse it back to the districts. They have talked about taking that \$106,000 and creating a special service district for EMS. The goal is to get more money for EMS. For next years resolution he would like to propose, first pay Carbon County what they should receive before it is disbursed by SSD#1 and second, each quarter, taking \$35,000.00 off the top, before it is disbursed, and put it towards EMS support. To recruit EMTs we need to increase their wages. Clinton Olsen has been managing the EMS program, possibly increase his wage so he can have the time to go after grants that will benefit EMS. The grant process is time intensive. Attorney Mike Olsen talked about the process of creating another special service district. Commissioner Wilson commented that every year we have an opportunity to analyze the funding needs of each district. These are tough decisions, but important decisions. Jacob Sharp indicated that in years past the disbursement was analyzed and disbursed according to the need. He indicated he would like to see that be done each year. The Commissioners indicated that this is not an action item.

The motion was seconded by Commissioner Gil Conover. The motion passed.

(6)

DISCUSS/APPROVE/DENY THE COMBINING OF THE TREASURER'S OFFICE AND THE RECORDER'S OFFICE.

Commissioner Kent Wilson explained that current Recorder Connie Jensen has announced that she will not seek re-election in 2020. The Commissioners are considering combining the Treasurer's Office with the Recorder's Office. In other smaller counties these two offices are combined. The Commissioners would like to take this opportunity to have this discussion, keeping in mind that they desire to provide service to the citizens of Emery County in the most economical way. He indicated that the Treasurer would need to be in agreement with this option. Attorney Mike Olsen indicated that it is the Commission's responsibility to notify the State of the combining of the offices by February. It would be much cleaner if it could be done by then. It is up to the elected official over that office to run the office as they see fit. Brenda reminded the Commissioners that Josie is an Interim Treasurer who was appointed to fill the unexpired term of Treasurer. Connie Jensen commented on the amount of work that the Recorder's office is responsible for. When she is not in the office the staff has to pick up the slack. Josie Stilson suggested that there are many pieces to this and would like an opportunity to meet with the Commissioners to continue discussions. Commissioner Wilson commented that with population in Emery County on the decrease they need to prepare for a possible scenario where the County can still provide the same service. Maxine Fielder commented about possible housing growth in the County due to new jobs in Carbon County. Brenda Lemon commented that Connie works full time in the office. Mike Olsen suggested the Commissioners look into it. Commissioner Kent Wilson made a motion to table for further review. The motion was seconded by Commissioner Gil Conover. The motion passed.

(7)

DISCUSS/APPROVE/DENY AMENDMENT TO ORDINANCE CREATING THE EMERY COUNTY COMMUNITY REINVESTMENT AGENCY.

Commissioner Wilson explained that when the Emery County Community Reinvestment Agency was set up a year ago it was set up with three board members, the County Commissioners. As they have gone through the process with the solar farm, other taxing entities have voiced a desire to be a part of the discussions. The Emery County School District, Emery Water Conservancy District, and North Emery Water Special Service District are required, as taxing entities, to agree

to tax incentives packages that are offered. So, as such, want to be a part of that discussion. The Commissioners would like to amend the Ordinance to make the board a six member board so that representatives from the taxing entities may be included in the decisions. Stuart Clayson from UAC and Attorney Mike Olsen will work together to create the amendment to the Ordinance to get this done. Commissioner Kent Wilson made a motion to amend the ordinance creating the Emery County Community Reinvestment Agency include a 6 member board. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)

DISCUSS/APPROVE/DENY LEASE AGREEMENT CONTRACT BETWEEN EMERY COUNTY AND TRADITIONS HEALTH CARE, INC. FOR THE EMERY COUNTY CARE AND REHABILITATION CENTER.

Attorney Mike Olsen explained that at some time Emery County became involved with the Care Center. Our relationship with the management of the Care Center of late, has not been good. Traditions has taken action to provide better care for the patrons of the Emery County Care and Rehabilitation Center. A new lease agreement contract with Traditions Health Care, Inc. Has been worked through with the Care Center Board of Directors. The board, through a lot of meetings have come up with an agreement contract that will best serve the citizens of Emery County. Traditions will pay 4% of gross revenue to Emery County or \$10,000.00 a month. This is better from a financial standpoint. The money can be used to provide a nice facility and good care for our citizens. Board member Dan Hunter stated he is excited about what Traditions can do and the cost savings that can be evoked. This is a good time for us to do this. Traditions has assured us we will have a top notch facility. Commissioner Gil Conover congratulated the Board of Directors who have put in a lot of time to work out the issues. John Bramall, Traditions Health Care, Inc. commented that he loves people and helping people. He desires to have the Care Center continue to be a place of pride for the people of Emery County and the State of Utah. Attorney Mike Olsen recommended moving forward with signing the lease agreement contract between Emery County and Traditions Health Care Inc. Commissioner Gil Conover made a motion to approve a lease Agreement Contract between Emery County and Traditions Heath Care, Inc. For the Emery County Care and Rehabilitation Center. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(9)

DISCUSS/APPROVE/DENY 2020 MINERAL LEASE MONIES DISBURSEMENTS.

Commissioner Kent Wilson explained that the Commissioners have been trying to come up with a way to get money for the EMS program. They have discussed making an EMS a Special Service District so it can receive Mineral Lease money. Because the State does not always take money from Mineral Lease funds that should go to Carbon County off of what comes to Emery County, he suggested taking that money that should go to Carbon County off the top of what comes to Emery County and pay it out quarterly. He also suggested taking \$25,000.00 each

quarter off what is left and set it aside for a EMS SSD and then disburse the remainder to the Special Service Districts as follow: Special Service District #1 45%, CVSSD 16%, Recreation SSD 16%, Fire District 16% and NEWUSSD 5%. Part of the equation is the balance (approximately \$103,000.00) still sitting in the Mineral Lease Trust account from when it was capped in 2019. He suggested holding those funds along with the \$25,000.00 held out each quarter of 2020 in the Mineral Lease Trust account until an EMS Special Service District is created. Bevan Wilson, SSD#1 gave a brief history of the Mineral Lease fund and how the State disburses the funds. Attorney Mike Olsen recommended drafting a resolution to start the process and the procedural things that are to follow. Put the resolution on the next Commission Agenda for consideration. Commissioner Kent Wilson explained that in the last budget process they raised EMS to a higher priority level. They budgeted about \$50,000.00 for EMS. TRT funds have been allocated (10% of infrastructure funds) to go to Search and Rescue and EMS. It will not be just mineral lease funds, but several pots of money, that will help solve the EMS crisis. Commissioner Gil Conover made a motion to approve a Resolution authorizing that the mineral lease disbursement for 2020 include taking any mineral lease money that would be owed to Carbon County, or 'other' as deemed necessary by the County Commissioners, off the top before disbursement, in addition, at the end of each quarter take \$25,000.00 off the allocation for an EMS district for when it is in place, and the balance be allocated according to the existing 2019 Resolution, that the existing 2019 fund balance( approximately \$103,000.00) being held in the trust fund be allocated to an EMS Special Service District as soon as it is created. The motion was seconded by Commissioner Kent Wilson. The motion passed.

RATIFICATION OF MASTER LEASE AGREEMENT WITH HORSEPOWER FLEET LEASING.

Sheriff Funk explained that Horsepower Leasing has the state bid for leasing vehicles. He indicated that the cost is \$4,500.00 per year with 36,000 miles allowed per year. They will switch out the vehicles every year to a new vehicle. Sheriff Funk indicated that he would like to see if leasing would save his department some money as compared to purchasing new vehicles. The agreement has been reviewed by the Attorney and the Commissioners. Ratification of the signing of the lease agreement is needed as the agreement had a deadline that was pre-dated this meeting. Commissioner Gil Conover made a motion to ratify the signing of a Master Lease agreement with Horsepower Fleet leasing. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(6)

DISCUSS/APPROVE/DENY AMENDMENT #1 TO THE CONTRACT BETWEEN THE UTAH DEPARTMENT OF HEALTH AND EMERY COUNTY FOR THE EMERY COUNTY CARE AND REHABILITATION NF NSGO UPL.

Commissioner Gil Conover explained that now that we have a lease agreement with Traditions HealthCare for the Care Center we need to amend the contract between the Utah Department of Health and Emery County for the Upper Payment Limit Program that comes from the Department of Health to now go to Traditions HealthCare. Commissioner Gil Conover made a motion to approve Amendment #1 to the Contract between the Utah Department of Health and Emery County for the Emery County Care and Rehabilitation NF NSGO UPL (Upper Payment Limit Program). The motion was seconded by Commissioner Kent Wilson. The motion passed.

(7)

DISCUSS/APPROVE/DENY RESOLUTION ESTABLISHING AMENDED MINERAL LEASE MONEY ALLOCATIONS.

Commissioner Gil Conover explained that Resolution 12-15-98C establishes a liability account within Emery County Special Service District #1 for the purpose of receiving and disbursing federal mineral lease funds to various special service districts in Emery County. Resolution 7-17-07 authorizes the Emery County Commission to amend the funding percentages as needed. Therefore, the Emery County Commissioners propose that Paragraph 2 of Resolution 4-06-99A be amended to the following: SSD#1 is receiving money pursuant to the contract and will be held until Carbon County's proper calculation can be determined. Carbon County's portion will be distributed according to contract. Emery Emergency Medical Service District shall be

allocated \$25,000 to be paid the third month of every quarter. 2019 Mineral Lease money was distributed pursuant to Resolution #12-18-18B. Paragraph 2 of that Resolution states that money received after caps are pooled and to be distributed according to a percentage to be determined would best accommodate the needs of the Districts. The amount pooled according to 2019 distributions was \$103,780.86. 100% of that amount shall be distributed to the Emery Emergency Special Service District as soon as it is created.

2020 Mineral Lease money shall be distributed as follows:

Emery County Special Service District #1	47%
Castle Valley Special Service District	16%
Emery County Recreation Special Service District	16%
Emery County Fire Protection Special Service District	16%
North Emery Water Users' Special Service District	5%

Each District shall be distributed funds at the percentage outlined above until the following districts reach their respective caps as follows:

Castle Valley Special Service District	\$225,000
Emery County Recreation Special Service District	\$225,000
North Emery Water Users' Special Service District	\$75,000

The Mineral Lease money not distributed as a result of the above caps, will then be pooled and disbursed among the districts according to a percentage determined at that time to best accommodate the various needs of the districts. Commissioner Kent Wilson made a motion to adopt Resolution 1-21-20A establishing amended mineral lease money allocations. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)

DISCUSS/APPROVE/DENY RESOLUTION OF INTENT DECLARING THAT THE PUBLIC HEALTH, CONVENIENCE AND NECESSITY REQUIRE THE ESTABLISHMENT OF THE EMERY EMERGENCY MEDICAL SPECIAL SERVICE DISTRICT, PROVIDING FOR A PUBLIC HEARING ON THE ESTABLISHMENT OF THE DISTRICT, AND PROVIDING FOR NOTICE OF SAID HEARING, AND RELATED MATTERS.

Emery County Deputy Attorney explained that this is the first step in the process of establishing EMS as a district so they can receive mineral lease funds. This one step in a big process the advertising of a public hearing and a 60 day comment period. Commissioner Kent Wilson made a motion to adopt Resolution 1-21-20B a resolution of intent to declaring that the public health, convenience and necessity require the establishment of the Emery Emergency Medical Special Service District, providing for a public hearing on the establishment of the district, and providing for notice of said hearing, and related matters. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

DISCUSS/APPROVE/DENY TRAVEL BUREAU ADVERTISING AN RFP FOR A SOCIAL MEDIA CONSULTANT.

Commissioner Kent Wilson explained that in the past the Travel Bureau gave away \$3,500.00 grants for functions in Emery County. So going forward they will not be supporting those individual events. They propose putting out an RFP to find a company that can teach us the pathway to eventually hiring a part time employee to do media consulting. This is not to hire the employee, it is to create the policy and procedures to manage that employee. They want to try to get this done in the price range that they want. They have applied with the State of Utah to pay 50% in a grant. Commissioner Kent Wilson made a motion to approve Travel Bureau's request to advertise for an RFP for a social media consultant. The motion was seconded by Commissioner Gil Conover. The motion passed.

(10)

DISCUSS/APPROVE/DENY TRAVEL BUREAU ADVERTISING AN RFP FOR A PHOTOGRAPHER.

Commissioner Kent Wilson explained that the Travel Bureau would like to hire a professional photographer to take pictures of our desert to build up their library of photos. Commissioner Kent Wilson made a motion to approve Travel Bureau's request to advertise for an RFP for a photographer. The motion was seconded by Commissioner Gil Conover. The motion passed.

(11)

DISCUSS/APPROVE/DENY RESOLUTION AMENDING SECTIONS OF THE EMERY COUNTY PERSONNEL POLICIES AND PROCEDURES MANUAL AND UPDATING THE DRUG AND ALCOHOL POLICY TO COMPLY WITH THE FEDERAL DEPARTMENT OF TRANSPORTATION CLEARINGHOUSE RULE.

This updates the existing classification chart- benefits and compensation policy- pay progression- longevity increases-drug testing/alcohol as related to CDL employees. Commissioner Kent Wilson made a motion to adopt Resolution 1-21-20C amending sections of the Emery County Personnel Policies and Procedures Manual and updating the Drug and Alcohol Policy to comply with the Federal Department of Transportation Clearinghouse Rule. The motion was seconded by Commissioner Gil Conover. The motion passed.

(12)

Commissioner Gil Conover made a motion to accept the CLEF funds. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY APPROVAL OF AMENDED EMERY COUNTY LEGAL

DEFENDER AGREEMENT TO COMPLY WITH SENATE BILL 32 AND THE INDIGENT DEFENSE ACT.

Deputy Attorney Brent Langston explained the amendment to Emery County Legal Defender Agreement. As a result of this bill a public defender is required to defend everything. It has greatly impacted what the public defender is required to do. During the budget process their budget was adjusted to compensate for the extra work caused by this bill. Commissioner Kent Wilson made a motion to approve of amended Emery County Legal Defender Agreement to comply with Senate Bill 32 and the Indigent Defense Act. The motion was seconded by Commissioner Gil Conover. The motion passed.

(14)

DISCUSS/APPROVE/DENY THE USDA RURAL DEVELOPMENT COMMUNITY FACILITIES GRANT PROGRAM APPLICATION.

Clinton Olsen explained that every other year the EMS Board budgets for a new ambulance. There is a USDA grant available to supplement 15% toward the cost of a new ambulance. Commissioner Wilson indicated that they are trying to create more cash flow to improve the EMS system. Commissioner Kent Wilson made a motion to approve the application to USDA Rural Development Community Facilities Grant Program. The motion was seconded by Commissioner Gil Conover. The motion passed.

(15)

COMMISSIONER/ELECTED OFFICIALS REPORT

Commissioner Wilson talked about the grant application with the USDA. he indicated that when he first started chasing this grant he thought it was 50%. He talked about plans to purchase a new ambulance which is approximately \$185,000.00. They would like to go after a hydraulic gurney which would cost about \$200,000. So, all together this is about \$400,000. In the past we have paid for all of our equipment ourselves. To do that they have had to keep the payroll at a minimum. In doing that, we are losing EMS volunteers. Our goal is to chase after grants to give us more money to pay our EMS volunteers. He would like to make an application to CIB which requires the County to write a letter to the AOG requesting to be put on their list and filed with the State. We can then make a request to CIB and apply for 50% grant through them and use the USDA portion on our portion of the 50%. This would save us roughly \$200,000 this year. With the Mineral Lease SSD we are creating, that will give us the extra revenue to start increasing the pay on EMS. Commissioner Wilson would like to call the AOG tomorrow and have a letter ratified in the next Commission Meeting.

COMMISSIONER / ELECTED OFFICIAL REPORTS

Commissioner Wilson addressed the comments made earlier in the meeting during Public Comments regarding second amendment sanctuary. He indicated that they have a copy of Uintah's document and will evaluate the document.

Commission Meeting Minutes  
February 4, 2020

Attorney Mike Olsen indicated he has heard from a lot of people who are in favor of the second amendment sanctuary. Using what Unitah has done as a starting point we can put it on the next meeting's agenda to talk about it. He could not see any reason why we can't have a public hearing to get people's opinion or use the three minute comment period during the regular agenda to get feedback and talk about it and decide what is the best path for Emery County. We will need to look at constitutional issues and how it relates to federal government and state government.

EMS is still moving forward. His office has started the paperwork for creating a SSD.

DISCUSS/APPROVE/DENY ADOPTION OF RESOLUTION DECLARING A STATE OF LOCAL EMERGENCY DUE TO INFECTIOUS DISEASE COVID-19 NOVEL CORONAVIRUS.

Captain Kyle Ekker requested adopting a Resolution declaring a State of Local Emergency due to infectious disease COVID-19 Novel Coronavirus. The Resolution reads: On January 21, 2020 the Utah Department of Health activated its Department Operations Center in response to the

evolving COVID-19 global outbreak. The Utah Department of Health recognizes COVID-19 as a threat to the health and safety of the residents of Utah. The Utah Division of Emergency Management and the Utah Department of Health activated a Joint Information System for public information and on March 11, 2020 raised its activation level to Level 2-Partial Activation. The CDC identifies the potential public health threat posed by COVID-19 both globally and in the United States as “high” and has advised that person-to-person transmission of COVID-19 will continue to occur globally, including within the United States. The Utah Department of Health recognizes that confirmed community transmission in the United States significantly increases the risk of exposure and infection to the State of Utah’s general public and creates an extreme public health risk that may spread quickly. Due to the identification of COVID-19 cases in Utah, which could likely spread to Emery County, which could create conditions that are or are likely to be beyond the control of local resources and require the combined forces of other political subdivisions to combat; and I-70 is a main corridor through Emery County and borders the city of Green River, bringing a large national and international tourist population into Green River for food, fuel and lodging, by bus, train and private vehicles, thereby increasing the risk of a local COVID-19 outbreak; and the mobilization of local resources, ability to coordinate interagency response, accelerate procurement of vital supplies, and use of mutual aid will be critical to successfully responding to COVID-19; and these conditions do create a “Local State of Emergency” within the intent of the Disaster Response and Recovery Act found in Title 53, Chapter 2a of the Utah Code Annotated 1953, as amended; and necessitate that Emery County proclaim the existence of a local emergency; and declare a “Local State of Emergency” in Emery County due to the aforesaid circumstances requiring aid, assistance, and relief available from State resources, to remain in effect for no longer than 30 days unless ratified by the Emery County Commission and continues for up to an additional 30 days for each subsequent ratification, and hereby orders:

The request of financial and other resources made available and specified in Utah Statute 53-2a-204 through 207 and as authorized by Executive Order Declaring a State of Emergency Due to Infectious Disease COVID-19 Novel Coronavirus issued by Utah Governor Gary Herbert on March 6, 2020; and

The utilization of all necessary authority granted to the Emery County Commission as specified in Utah Statute 53-2a-205;

The outreach and assistance to the populations most vulnerable to COVID-19; and coordination with local authorities and the private sector to maximize access to appropriate medical care while preserving critical services for those most in need.

The appointment of Emery County Emergency Management as coordinator during this emergency declaration.

Commissioner Gil Conover made a motion to adopt Resolution 3-17-20 a resolution declaring a state of local emergency due to infectious disease COVID-19 Novel Coronavirus. The motion was seconded by Commissioner Kent Wilson. The motion passed. Captain Ekker will have the resolution posted on the Emery County website.

RATIFICATION OF COMMUNITY PERFORMANCE PLAN 2020 BETWEEN EMERY COUNTY AND ROCKY MOUNTAIN POWER.

Commissioner Kent Wilson made a motion to ratify the approval of Community Performance Plan 2020 between Emery County and Rocky Mountain Power. The motion was seconded by Commissioner Gil Conover. The motion passed.

(7)

DISCUSS/APPROVE/DENY PRIORITIZED CIB LIST FOR FY 2021.

The Emery County Commissioners recently met as the Local Council of Governments to talk about applications to CIB for funding of projects for the year 2021. They have prioritized the list of projects submitted by the county, cities and districts. EMS SSD has been prioritized as number one on the list and SSD#1 number two and subsequent city requests thereafter. Commissioner Kent Wilson made a motion to approve the prioritized CIB list for FY 2021. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)

DISCUSS/APPROVE/DENY EMERY COUNTY ASSISTING MATHEW PODOLINSKY IN APPLYING FOR A CLG GRANT TO ASSIST WITH HIS RESEARCH IN THE SAN RAFAEL SWELL.

Commissioner Conover explained that if approved, on behalf of Mathew Podolinsky, Emery County will apply for a CLG Grant to help assist Mathew with his research in the San Rafael Swell. The research will consist of researching vandalism and depreciative behavior at rock are sites in the San Rafael Swell. The funding for the project, as stipulated in the CLG Grant, will come from Mathew Podolinsky and other donors. Emery County will not be responsible for any funds. The CLG Grant form shows that Mathew Podolinsky is responsible for the project and upwards to \$14,000.00. It is estimated that the project would be \$14,000.00 or the total project budget (\$7,000.00 grant request plus \$7,000.00). The project will be completed and paid for by Mathew Podolinsky and other donors. Not Emery County. At the end of the project, Mathew will show that the entire project cost \$14,000.00 (mix of cash expenditures and in kind). After approval from the state office, Matthew will be reimbursed \$7,000.00. The \$7,000.00 will be written to Emery County who will then pay the \$7,000.00 to Mathew Podalinsky. Emery County is a path for the pass through grant. Commissioner Gil Conover made a motion to approve assisting Mathew Podolinsky in applying for a CLG Grant to assist with his research in the San Rafael Swell. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(9)

DISCUSS/APPROVE/DENY LEASE AGREEMENT BETWEEN EMERY COUNTY AND U.S.BANK EQUIPMENT FINANCE FOR ZOLL EQUIPMENT AND ACCESSORIES.

Clinton Olsen explained that the EMS board has approved equipment purchase, monitors, autopulses, etc. from Zoll. The payment for the equipment is spread out to monthly lease payments over five years. After the five years they can purchase the equipment for \$1.00. Clinton requested approval for the lease agreement with U.S. Bank Equipment Finance for Zoll Equipment and accessories. Commissioner Kent Wilson made a motion to approve a lease agreement with U.S. Bank Equipment Finance for Zoll Equipment and Accessories. The motion was seconded by Commissioner Gil Conover. The motion passed.

(10)

DISCUSS/APPROVE/DENY ANNUAL RENEWAL OF THE WEED CONTROL AGREEMENT CONTRACT BETWEEN EMERY COUNTY AND BLM UTAH, PRICE FIELD OFFICE.

Cory Worwood, Emery County Weed/Mosquito Supervisor explained that the contract is the same as in previous years. The contract amount is \$13,000.00 to control weeds on BLM ground. He explained that BLM is flexible in what they allow them(ECWM) to do. Commissioner Gil Conover made a motion to approve the annual renewal of the Weed Control Agreement Contract between Emery County and BLM Utah Price Field Office. The motion was seconded by Commissioner Kent Wilso. The motion passed.

(11)

DISCUSS/APPROVE/DENY REQUEST FOR TERMINATION OF THE AGREEMENT CONTRACT BETWEEN EMERY COUNTY AND PACIFICORP FOR THE RILDA CANYON ROAD -TEMPORARY SUSPENSION.

Commissioner Gil Conover made a motion to approve the request for termination of the agreement contract between Emery County and Pacificorp for the Rilda Canyon Road-Temporary Suspension. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(12)

DISCUSS/APPROVE/DENY PAY INCREASE FOR BASIC AND ADVANCED EMTS.

Commissioner Kent Wilson discussed EMT's in Emery County and the need for pay raices for basic and advanced EMT's. He commented that Emery County is in a crisis with respect to providing emergency medical services in certain portions of Emery County. In the past EMT's were volunteers. This model for EMT's is not working for America any longer. He proposed raising advanced EMT's by \$5.00 per hour, taking them from \$17.60 per hour to \$22.60 per hour. He proposed raising basic EMT's by \$1.00 per hour, taking the pay from \$12.77 per hour

to \$13.77 per hour. He proposed raising drivers pay by \$.50 per hour, taking the pay from \$12.27 to \$12.77 per hour. He indicated that the hope is that this raise in pay may entice basic EMT's to go back to school to become an advanced EMT for the higher pay. He indicated that it is going to take a year or more to get us where we want to be with respect to getting additional quality EMT's in the county. Captain Kyle Ekker relayed a recent experience with his father with respect to the Ambulance/EMT service in the County. The ambulance responded quickly and he was pleased with the service his father received from the EMT's. Commissioner Kent Wilson made a motion to approve raising Advanced EMT pay by \$5.00 per hour( \$17.60ph), Basic EMT pay by \$1.00 per hour(\$13.77ph) and drivers by \$.50 per hour (\$12.77ph) starting the first payday in April allowing the change to take place by the first payday in May. The motion was seconded by Commissioner Gil Conover. The motion passed.

(13)

DISCUSS/APPROVE/DENY AGREEMENT BETWEEN EMERY COUNTY AND JOHANSEN AND TUTTLE ENGINEERING REGARDING THE LOWER SEDIMENT BASIN, UPPER DEBRIS BASIN, NIELSEN LOOP BRIDGE AND FERRON BRIDGE ON HWY 10.

Captain Ekker explained that the Commission put some money in a fund to finish up projects in Huntington Canyon and Ferron/Millsite. This agreement is for engineering services to perform engineering for design, design surveys, construction drawings & specifications, contract administration, inspection and testing required to excavate the Lower Sediment Basin, repair the grouted rip rap on the Upper Debris Basin, provide rock rip rap below Nielson Loop Bridge, and below Ferron Bridge on Highway 10. If approved J&T will begin designing for the project. Commissioner Gil Conover made a motion to approve an agreement between Emery County and Johansen & Tuttle Engineering regarding the Lower Sediment Basin, Upper Debris Basin, Nielsen Loop Bridge and Ferron Bridge on Highway 10. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

DISCUSS/APPROVE/DENY AWARDING OF THE CONTRACT FOR RFP/RFQ REGARDING THE SAN RAFAEL ENERGY RESEARCH CENTER CONTRACTOR.

Commissioner Sitterud explained that the EC Commission advertised for an RFQ for a San Rafael Energy Research Center Contractor. They received one bid. They way this was advertised was to be able to negotiate the bid to a number that the County could live with. He indicated that they were able to negotiate a better contract at \$10,000.00 per month for two employees to work at the Research Center to perform operation and maintenance of the Coal Combustion Unit. Commissioner Kent Wilson made a motion to accept the proposal for the Research Center as negotiated and instruct the County Attorney to draft the contract. The motion was seconded by Commissioner Gil Conover. The motion passed.

ELECTED OFFICIAL REPORTS

Commissioner Wilson talked about the Eastern Utah Health Department directive that was posted today regarding the Coronavirus. There is a lot of mis- information out there. Some of his concerns were regarding how to manage our tourism and how to manage the outbreak without destroying our economy. Attorney Mike Olsen talked about what Emery County has planned for this courthouse for the next fourteen days to comply with the health department's order regarding the Coronavirus. He stated that we, as a County, are depending on the experts to know what to do. The public health order limits gatherings of more than 10 people for fourteen days and introduces protocol for thirty days for different sectors of the community. There are a number of people who think we are over the top and panicking. There are also a number of people who think we are not doing enough. We will figure out what to do over the next fourteen days. It is not the intent to scare people or destroy the economy. We will do the best we can for fourteen days and then re-evaluate the situation. For general business protocol, implement social distancing, 6 feet apart. If you take cash, be careful. Management should ensure that no employee shows up to work sick, send them home. Patrons/guests should be asked to leave if they are sick. Clean up after if a sick person has been there. Post signs approved by the CDC to address protocols for business. We are going to keep our county employees working. We are going to make common sense decisions and be responsible with the county's time and the public's money. Leadership in each department will decide how each office will function and wait it out for the next fourteen days. Commissioner Sitterud continued that Emery County will follow the direction of the White House and Governor Herbert. This building, starting tomorrow, will be closed to the public. There will be signs on the door with phone numbers for each department that the public can call to get help. We will try to work things through on the phone or computer and if there is a reason to bring the public in it will be through a case by case basis. This will be in effect for fourteen days. Commissioner Wilson reiterated that this is not a time to panic. It is a time stay in our homes, practice 6 feet distancing and then see where we are at in fourteen days. We will do this in an organized manner rather than in a panic mode. Commissioner Conover added his approval to this protocol.

#### DISCUSSION AGENDA

(1)

ITEMS PULLED FROM THE CONSENT AGENDA.

(2)

PUBLIC COMMENT ( 3 MINUTE TIME LIMIT).

Motion to leave the regular meeting and enter into a Public Hearing to receive input from the public with respect to the issuance of the Castle Valley Special Service District Bonds as noticed, and at the conclusion of a Public Hearing to return to the regular meeting agenda, was made by Commissioner Kent Wilson, seconded by Commissioner Gil Conover and the motion passed.

(3)

PUBLIC HEARING: TO RECEIVE INPUT FROM THE PUBLIC WITH RESPECT TO THE ISSUANCE OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT BONDS, IN ON OR MORE SERIES, IN THE AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$1,200,000 FOR THE PURPOSE OF PAYING ALL OR PART OF THE COST OF ACQUIRING OR IMPROVING, THROUGH PURCHASE OR CONSTRUCTION OR BOTH, FACILITIES FOR THE COLLECTION AND TREATMENT OF SEWAGE; FACILITIES USED IN CONNECTION WITH THE ACQUISITION, TREATMENT, STORAGE, TRANSPORTATION, AND SUPPLY OF WATER FOR DOMESTIC, INDUSTRIAL SECONDARY AND OTHER PURPOSES; DRAINAGE AND STORM SEWER FACILITIES, INCLUDING CURBS AND GUTTERS; AND TRANSPORTATION FACILITIES CONSISTING OF ROADS, SIDEWALKS AND RELATED BRIDGES AND VIADUCTS; TOGETHER WITH ALL NECESSARY LAND, RIGHTS-OF-WAY, EQUIPMENT AND FURNISHING THEREFOR, AND INCLUDING SUCH LEGAL, ENGINEERING, AND FISCAL AGENT EXPENSES REASONABLY INCURRED IN CONNECTION WITH THE ACQUISITION OF SUCH FACILITIES IN AND FOR THE DISTRICT, AND RELATED MATTERS.

CVSSD Manager, Jacob Sharp explained that in November, a General Obligation Bond in the amount of \$14,000,000 question went before the voters of Emery County and was passed. Last month the Commissioners held a Public Hearing and passed a parameters resolution for the first in a series of bonds that will take place over the next ten years to utilize the funds. The District was able to secure an additional \$772,000 grant from CIB to do culinary water projects, drainage projects, street improvement projects, and curb and gutter projects throughout the county. There are projects in each of the eight cities and towns in the county that they have jurisdiction over. They work closely with the mayors and councils of each of these cities and towns to determine the project list.

(4)

DISCUSS/APPROVE/DENY A FINAL BOND RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH ACTING AS THE GOVERNING BODY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH (THE ISSUER) AUTHORIZING THE ISSUER'S \$1,000,000 GENERAL OBLIGATION BONDS, SERIES 2020 (THE "SERIES 2020 BONDS") IMPROVING, THROUGH PURCHASE OR CONSTRUCTION OR BOTH, FACILITIES FOR THE COLLECTION AND TREATMENT OF SEWAGE; FACILITIES USED IN CONNECTION WITH THE ACQUISITION, TREATMENT, STORAGE, TRANSPORTATION, AND SUPPLY OF WATER FOR DOMESTIC, INDUSTRIAL SECONDARY AND OTHER PURPOSES; DRAINAGE AND STORM SEWER FACILITIES, INCLUDING CURBS AND GUTTERS; AND TRANSPORTATION FACILITIES CONSISTING OF ROADS, SIDEWALKS AND RELATED BRIDGES AND VIADUCTS; TOGETHER WITH ALL NECESSARY LAND, RIGHT-OF-WAY, EQUIPMENT AND FURNISHINGS THEREFOR, AND INCLUDING

SUCH LEGAL, ENGINEERING, AND FISCAL AGENT EXPENSES REASONABLY INCURRED IN CONNECTION WITH THE ACQUISITION OF SUCH FACILITIES IN AND FOR THE ISSUER; AND RELATED MATTERS.

Upon returning to the regular meeting, Commissioner Kent Wilson made a motion to approve Resolution 4-7-2020A, a final bond resolution of the Board of Emery County Commissioners of Emery County, Utah acting as the governing body of the Castle Valley Special Service District, Emery County, Utah, authorizing the issuer's \$1,000,000 General Obligation Bonds Series 2020. The motion was seconded by Commissioner Gil Conover. The motion passed unanimously.

(5)  
RATIFICATION OF THE RESOLUTION FOR THE TEMPORARY STAND ALONE FEDERAL POLICY ON COVID-19 RELATED LEAVE.

Commissioner Gil Conover made a motion to ratify approval of Resolution 4-7-20B for Temporary Stand Alone Federal Policy on COVID-19 related leave. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(6)  
DISCUSS/APPROVE/DENY BUSINESS LICENSE FOR KEVIN MARTINEZ, SOLUTION WALL SYSTEM, LLC.

Jeff Guymon indicated that this has not gone through the Planning and Zoning Board, but did not anticipate any problem with approval. Commissioner Kent Wilson made a motion to approve a business license for Kevin Martinez, Solution Wall System, LLC contingent upon approval of the P/Z Board. The motion was seconded by Commissioner Gil Conover. The motion passed.

(7)  
DISCUSS/APPROVE/DENY AMENDED FY 2021 PRIORITIZED CIB LIST.

Commissioner Wilson explained that the Prioritized CIB list was recently approved by the Commission. Since that time, Ferron City has made a request to be placed on the list for a Transportation Plan in the amount of \$40,000.00. Commissioner Kent Wilson made a motion to allow Ferron City to be added the FY 2021 Prioritized CIB List. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)  
DISCUSS/APPROVE/DENY THE OLD SPANISH TRAIL ROAD SIGN PLAN.

Rob Sweeten, Old Spanish Trail, Co-Administrator, BLM talked about the Old Spanish Trail Road Sign Plan. He indicated that he has met with Adriana and established a sign plan as he has presented to the Commissioners in an earlier Commission Meeting. They have identified the sites in the county that the signs will be placed. He indicated that State Parks may have the ability to fund the signs. We just need a form signed to the State Parks to accept the sites and the signs. Rob indicated that the County's responsibility would be to place the signs by whatever means you may have. Commissioner Wilson indicated that he discussed this project with Adriana and she has indicated that she is in support of the project. They have not discussed it with the Tourism Board. Commissioner Kent Wilson made a motion to support the plan pending the outcome and support of the Tourism Board. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

DISCUSS/APPROVE/DENY CHANGE ORDER #1 ON THE TRAIL MOUNTAIN EWP, RILDA CANYON PROJECT.

Captain Ekker indicated that the Change Order is to extend the work days due to the weather. Commissioner Gil Conover made a motion to approve Change Order #1 on the Trail Mountain EWR, Rilda Canyon Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(10)

DISCUSS/APPROVE/DENY EMERY COUNTY "D" ROAD SITLA EASEMENT PROJECT ON AOG CAPITAL IMPROVEMENT LIST.

Public Lands Director, Ray Petersen, explained that this is a follow-up project through SITLA. We would acquire easements for "D" roads across SITLA parcels working through AOG. Commissioner Kent Wilson made a motion to approve the Emery County "D" Road SILA Easement Project of AOG Capital Improvement List. The motion was seconded by Commissioner Gil Conover. The motion passed.

(11)

DISCUSS/APPROVE/DENY SIGNING AMENDED MEMORANDUM OF AGREEMENT AND PROFESSIONAL SERVICES AGREEMENT WITH THE UTAH PROSECUTION COUNCIL TO ALLOW EMERY COUNTY TO BE PLACED ON THE WAITING LIST FOR THE NEW UTAH STATE E-PROSECUTOR SYSTEM.

Jeff Guymon indicated that this amended MOA and professional Services Agreement places Emery County on the waiting list for the new Utah State E-Prosecutor system. Commissioner Kent Wilson made a motion to approve signing an amended Memorandum of Agreement and Professional Services Agreement with the Utah Prosecution Council to allow Emery County to be placed on the waiting list for the new Utah State E-Prosecutor System. The motion was

(12)

DISCUSS/APPROVE/DENY AMENDMENT TO CONTRACT BETWEEN EMERY COUNTY AND THE STATE OF UTAH DEPARTMENT OF AGRICULTURE PLAN INDUSTRY.

The amendment is to add an additional \$40,000.00 to the funding contract for Weed/Mosquito for Russian Olive Eradication. Commissioner Gil Conover made a motion to approve an Amendment to the Contract between Emery County and the State of Utah Department of Agriculture Plan Industry. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY CANCELLING ALL EXISTING LAWN CARE CONTRACTS AND USING EMERY COUNTY SEASONAL EMPLOYEES TO PERFORM THESE DUTIES.

As the contracts for lawn care are all expiring, rather than renewing these contracts, the Commissioners would like to use seasonal employees to perform lawn care for a year to see how mowing our own lawns would compare to having a contractor perform the work. Commissioner Gil Conover made a motion to cancel all existing lawn care contracts and use Emery County seasonal employees to perform these duties. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

DISCUSS/APPROVE/DENY THE NON FUNDED CHALLENGE COST SHARE AGREEMENT BETWEEN EMERY COUNTY AND THE USDA FOREST SERVICE, MANTI LASAL NATIONAL FOREST.

PL Director, Ray Petersen indicated that is an agreement between the Forest Service and the County for maintenance of the Aarapeen Motorized Trail System on the Manti LaSal. It mirrors the agreement we have with the BLM for trail maintenance. Ray recommended approval. It will entail use of the county trail maintenance equipment, and trail maintenance crew and volunteers. Commissioner Kent Wilson made a motion to approve the non funded Challenge Cost Share Agreement between Emery County and the USDA Forest Service, Manti LaSal National Forest. The motion was seconded by Commissioner Gil Conover. The motion passed.

(15)

Commission Reports

Commissioner Wilson thanked everyone for their efforts to take the Governor's Orders to heart.

Commission Meeting Minutes  
April 7, 2020

He thanked the County offices for continuing to execute their duties and minimize the risk to the employees. We have a lot of people coming from out of state to our desert that could possibly overwhelm our system and put our first responders at risk. They are not being responsible. He expressed his gratitude to everyone. He stated, It's humbling to see everyone's sacrifice.

Commissioner Conover echoed Commissioner Wilson's comments and added that it will all come to an end soon and we will be able to move forward soon.

Commissioner Sitterud echoed the comments made and thanked our first responders for all that they are doing. The County is still running smoothly under the circumstances. He thanked all the elected officials and department heads for all they are doing.

Captain Kyle Ekker, as the Emergency Manager reported that they are working closely with the State to keep the supplies coming in for our first responders and our citizens. He added he appreciates the support from everyone.

Commissioner Sitterud added that the desert is seeing an influx of people from out of state and out of the Carbon/ Emery Area even though they have been asked not to come here and to stay in their own cities and counties. He added that this will be a different and not so enjoyable Easter than our Carbon/Emery residents are used to seeing. He asked our residents to be patient.

CONTRIBUTIONS EFFECTIVE 7-1-2020.

Personnel Director Mary Huntington explained that agencies of the State employ employees who are eligible for and participate as members in the New Public Safety and Firefighter Tier II Contributory Retirement System administered by the Utah Retirement Systems. In accordance with Federal and State Law, employers may take formal action to pick up required employee contributions, which will be paid by the employer in lieu of employee contributions. Emery County Commissioners are duly authorized to take this formal action on behalf of the county as a participating employer with the Utah Retirement Systems. Commissioner Gil Conover made a motion to adopt Resolution 5-5-2020 a resolution to “pick up” Tier II Public Safety New Contributions effective 7-1-2020. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(9)

COMMISSION/ELECTED OFFICIALS REPORTS

Commissioner Wilson talked about SEUHD and the State of Utah’s move from red to orange, loosening some safety standards. If the numbers stay the same, by May 15th, they may move to yellow. Emery, Duchesne and Uintah are the three counties most likely to move to yellow first. He advised everyone to continue to follow the State’s guidelines for safety.

Captain Klye Ekker reminded everyone to not forget the sacrifices we have made thus far and to remain vigilant in efforts to remain protected.

Commissioner Conover and Commissioner Sitterud echoed the remarks made by Commissioner Wilson and Captain Ekker.

DISCUSS/APPROVE/DENY APPROVAL OF YEARLY CONTRACT BETWEEN THE STATE OF UTAH, ADMINISTRATIVE OFFICE OF THE COURTS, AND EMERY COUNTY SHERIFF FOR BAILIFF SECURITY AND PERIMETER SECURITY FOR SEVENTH DISTRICT COURT & JUVENILE COURT.

Sheriff Greg Funk explained that the contract is a yearly contract to provide Bailiff and Perimeter security for Seventh District Court and Juvenile Court. The amount of reimbursement remains the same as last year. Commissioner Gil Conover made a motion to approve of the yearly contract between the State of Utah, Administrative Office of the Courts, and Emery County Sheriff for Bailiff Security and Perimeter Security for Seventh District Court & Juvenile Court. The motion was seconded by Commissioner Kent Wilson. The motion passed.

11)

DISCUSS/APPROVE/DENY APPROVAL OF UTAH DEPARTMENT OF CORRECTIONS INTERGOVERNMENTAL COUNTY JAIL AGREEMENT TO PROVIDE FOR THE INCARCERATION OF OFFENDERS SPECIFIED BY, AND UNDER THE JURISDICTION OF UDC AT THE EMERY COUNTY JAIL.

Sheriff Funk explained that this has been in the works for a few years. They had to get approval from the Legislature. They have received approval to house up to ten inmates from the Utah State Prison. This will provide much needed revenue for our Jail. It will be minimal risk on the Emery County side. He indicated he was originally concerned with the medical risk for the county. He has been assured that the State has their own doctor that visits the inmates on a weekly basis. Emery County Jail has the space to house the inmates. If any inmate becomes unruly or difficult they can be returned to the prison. Sheriff Funk recommended approval of the agreement. Attorney Mike Olsen commented that the rewards outweigh the risk and ask for support of the agreement. Commissioner Kent Wilson made a motion to approve of Utah Department of Corrections Intergovernmental County Jail Agreement to provide for the incarceration of offenders specified by, and under the jurisdiction of UDC at the Emery County Jail. The motion was seconded by Commissioner Gil Conover. The motion passed.

16)

COMMISSION/ELECTED OFFICIALS REPORTS.

Sheriff Funk reported on the tragic incident in Little Wildhorse Canyon. He reported that there were many volunteers involved in the search for the missing 3 year old girl. Several agencies and volunteer Search and Rescue from other counties stepped in to assist. He indicated that Emery County Search and Rescue and many of his deputies were affected and will be affected for some time by this tragedy. He reminded everyone to be vigilant in keeping children and adults away from swift waterways especially at this time of the year. Be aware of the weather when visiting slot canyons on the desert.

Commissioner Wilson commented that we ask our Search and Rescue to see things that affect them for the rest of their lives. At one time we discussed paying S/R but were told by the volunteers that they want to remain volunteers. They have a love and passion for serving. They and the citizens of this county rise to the occasion when faced with a disaster.

Commissioner Sitterud and Commissioner Conover added their admiration for S/R volunteers. The EC Commissioners expressed their condolences to the family for their loss.

(3)

RATIFICATION OF LETTER OF SUPPORT FOR INSIGHT TERMINAL SOLUTION, LLC ("ITS") PORT OF OAKLAND PROJECT.

A letter of support was drafted and forwarded to John J. Siegel, Executive Chairman of Insight Terminal Solutions, regarding ("ITS") Port of Oakland Project. Emery County has been a supportive partner in the Oakland Bulk and Oversized Terminal ("OBOT") project since the County was approached in 2013. The State of Utah is a landlocked state as to export by ocean carrier. However, it is a state rich in valuable bulk commodities including ; potash, iron ore, waxy crude oil, soda ash and the cleanest thermal coal in the fifty United States. For the last seven years, along with other partners Carbon, Sanpete and Sevier

Counties, focus has been placed on the opportunity to secure throughput rights in the Oakland Terminal to allow Utah companies deep-water access to the international commodities markets at the best possible transportation cost. The letter goes on to state that Emery County understands the difficulty unsuccessfully developing such a terminal amid the hostile political headwinds existing in the Bay Area and other areas. EC has remained steadfast through these seven years, as you approach the conclusion of your efforts to navigate those headwinds with the city of Oakland and other stakeholders. Emery county has been working aggressively on this partnership to make the Oakland Bulk terminal a reality for the mineral producing counties in our State. As you know, in 2013 the Community Impact Board (the "CIB") voted to set aside \$53,000,000 of their funds to grant to the four coal-producing counties, Carbon, Sanpete, Sevier and Emery. The counties have been working together to form an inter-local entity to act as the principal partner with ITS in the OBOT project. Upon our request, the Utah State Senate has sponsored and the full legislature passed two specific sets of legislation in 2016 and 2018, to change the monies that were set-aside at the CIB level into State sales tax funds, to specifically earmark these funds into a special Infrastructure Account to be specifically used for this OBOT project and to clearly authorize the use of such funds outside the borders of the State of Utah. The funds are ready to be spent on the project. Emery County understands that there has been legislation between your landlord and the City of Oakland and we are encouraged by the progress you have reported as a result of "ITS" efforts to resolve outstanding issues that would allow the litigation to be dismissed and the project to proceed. EC is also aware of the impact that the COVID-19 virus has had on your progress and your ability to successfully submit a Plan of Reorganization and to emerge from the Chapter 11 Bankruptcy which such delays required you to seek. Emery County is, and continues to be in full support of the project and the \$53,000,000 stands ready in cash, as authorized by the Legislature, to contribute to any aspect of the project funding. EC is prepared to submit to the CIB, our application to draw down the \$53 million, but also do so in a manner that would allow us to advance a portion of those funds sufficient for ITS to emerge from bankruptcy, on the sole condition that the Court accepts ITS' Plan of Reorganization. Please let us know how we may additionally help with this critical project. Chairman, Emery County Commission, Lynn Sitterud.

Commissioner Gil Conover made a motion to ratify the signing and forwarding a Letter of Support for Insight Terminal Solution, LLC "ITS" Port of Oakland Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(4)

The Travel Council is looking for someone who could present a strategic plan and create a guideline for what an online platform such as Instagram, Pinterest, Tik Tok, etc. should look like as well as educate the public on where they should and should not go and how to behave outside. The successful bidder would have 3 to 6 months to come up with a plan. This project has funding from different sources. The project is \$28,000.00 with \$14,000.00 coming from the State of Utah, \$10,000.00 from the Coal Strike Team and \$4,000.00 from Emery County Travel Bureau using TRT funds. They went through an extensive interview process. Training is an important component of this contract. They must be available to train staff for at least 3 to 6 months to be able to take over after she is done. Commissioner Wilson asked for an explanation of why the Travel Bureau chose this particular vendor for this project. Adriana explained that most of the decision involved numbers meaning the number of followers she was able to generate. Katie Boue has a lot of experience within the national outdoor industry as well as brands like REI. They felt that Katie had a stronger understanding of how to get high numbers fast. Danny Van Wagoner commented that he did a great amount of investigation on social media. He indicated that they were looking for the greatest bang for the buck. They felt that Katie could do that. Commissioner Wilson indicated that he did some investigation on Katie and some of the articles that she has written. He indicated that he has confidence that she can do the work that we desire. Commissioner Kent Wilson made a motion to approve a contract for Social Media Consultant, Katie Boue upon approval of the County approval. Attorney Mike Olsen commented that when EC puts out a

RFP and two or more companies answer the RFP and we do not take the lowest bid we need to go on record with the reason for not taking the lowest bid. Danny indicated that what Katie is able to offer to us does not compare to what the other company offered. The next bidder could not compete on a national or international level. The motion was seconded by Commissioner Gil Conover. The motion passed.

PRESENTATION BY TAYLOR DURRANT REGARDING REQUEST FOR MONETARY DONATION TO ATTEND THE GOVERNOR'S HONORS ACADEMY.

Taylor Durrant has been nominated to attend the Governor's Honors Academy. Thirty-two years ago Governor Bangerter began the Governor's Honors Academy. Governor Herbert has endorsed the academy. Fifty top students in the State of Utah are chosen, based on their GPA and ACT scores, to attend leadership training to become effective leaders of the future. Taylor was encouraged to request donations from local leaders and employers to help sponsor him. Commissioner Kent Wilson made a motion to donate \$250.00 to Taylor Durrant to attend the Governor's Honors Academy and challenged him to run for public office and serve your community in the future. Commissioner Gil Conover seconded the motion and asked that he come back to the Commission with a report. The motion passed.

(4)

RATIFICATION OF LETTER TO THE BLM REGARDING FUELS REDUCTION AND RANGELAND RESTORATION.

Public Lands Director Ray Petersen explained that a letter has been drafted by UAC on behalf of Emery County to BLM in response to an environmental impact statement by BLM to develop a program to better reduce fuels. This is in response to an executive order from President Trump in 2018, promoting active management in America's forest, rangelands and other federal lands to improve conditions and reduce wildfire risks. The letter was sent on June 2, 2020 and needs to be ratified. Commissioner Gil Conover made a motion to ratify the signing and forwarding of a letter to BLM regarding fuels reduction and rangeland restoration. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(5)

RATIFICATION OF LETTER TO BLM REGARDING COMMENTS ON THE LILA CANYON FEDERAL LEASE MODIFICATION ENVIRONMENTAL ASSESSMENT.

Ray Petersen explained that a letter to BLM was drafted and sent June 8, 2020 in response to the Lila Canyon Federal Lease Modification Environmental Assessment. Lila Canyon Mine has wanted to modify some leases and extend into areas that were once wilderness study areas. Our recent legislation redrew the boundaries farther away from the mine and made more coal available. BLM drafted the environmental assessment. This letter to BLM supports the lease modification citing the importance of coal to Emery County. Commissioner Gil Conover made a motion to ratify the signing and forwarding a letter to BLM in support of the Lila Canyon Federal Lease Modification Environmental Assessment. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(6)

RATIFICATION OF THE ROCKY MOUNTAIN POWER FOUNDATION GRANT

APPLICATION FOR THE SAN RAFAEL ENERGY RESEARCH CENTER.

Meagan Crosland explained that this is a grant to Rocky Mountain Power Foundation Environmental Civic and Community Enhancement Grant for \$5,000.00 to do some landscaping at the Research Center. If we get the grant we want to plant trees and vegetation and a drip line to water them as well as improve the front office to make it more inviting. There is no monetary match for Emery County. The application was required to be sent by a certain date so ratification is needed. Commissioner Kent Wilson made a motion to approve sending an application to Rocky Mountain Power Foundation for the San Rafael Research Center. The motion was seconded by Commissioner Gil Conover. The motion passed.

(7)

RATIFICATION OF INCREASE OF AWARD ON THE MILLSITE DAM REHABILITATION PROJECT.

Commissioner Sitterud explained that this is an increase of funding to the Millsite Dam Rehabilitation Project. There is no cost to the county. Documents were required to be sent before this meeting so ratification is needed. Commissioner Gil Conover made a motion to approve the increase of award on the Millsite Dam Rehabilitation Project. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(8)

DISCUSS/APPROVE/DENY 2020 CERTIFIED PROPERTY TAX RATES FOR EMERY COUNTY AND CASTLE VALLEY SPECIAL SERVICE DISTRICT.

Clerk/Auditor Brenda Tuttle presented the 2020 Certified Property Tax Rates for Emery County.

General Operations: Proposed Tax Rate: 0.003470 for budgeted revenue \$7,692,857.

Interest and Sinking Fund/Bond: 0.000113 for budgeted revenue \$250,000.

Multicounty Assessing & Collecting: 0.000012 for budgeted revenue \$26,604.

County Assessing & Collecting: 0.000449 for budgeted revenue \$995,416.

The Total Tax Rate for Emery County is 0.004504 for budgeted \$9,984,680.

Brenda indicated that the General fund reflects increased new growth that will need to be taken into consideration when setting next year's budget. Commissioner Kent Wilson made a motion to approve the 2020 Certified Tax Rates for Emery County. The motion was seconded by Commissioner Gil Conover. The motion passed.

CVSSD Director Jacob Sharp presented the 2020 Certified Property Tax Rates for CVSSD.

2020 Certified Property Tax Rate: 0.001759 for budgeted revenue \$3,256,602.

Commissioner Kent Wilson made a motion to approve 2020 Certified Property Tax Rates for

CVSSD. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

DISCUSS/APPROVE/DENY FINAL REPORT ON THE DIGITIZATION OF THE EMERY COUNTY PROGRESS YEARS 1940-2004 GRANT PROJECT.

Suzanne Anderson reported that the grant is now complete. We have received the funds for the in kind match from ETV 10 and the Historical Society. She is waiting for a check from the State which should be here any day now. Once she receives that check Emery County can make a check to Marriot Library and we will be finished with the digitization project. She thanked the Commissioners for their support. Commissioner Gil Conover made a motion to accept the final report on the Digitization of the Emery County Progress years 1940-2004. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(10)

DISCUSS/APPROVE/DENY ANNUAL AGREEMENT FOR NOXIOUS WEED CONTROL WITH UTAH DEPARTMENT OF NATURAL RESOURCES/FORESTRY FIRE AND STATE LANDS.

Weed/Mosquito Supervisor Cory Worwood explained that this agreement is for removing Russian Olive trees along the Green River. It is the same as last year, \$16,000.00 and same area. They have from October to March to get the work done. This is a great benefit to the county and the Green River area. Commissioner Gil Conover made a motion to approve the Annual Agreement for Noxious Weed Control with the Utah Department of Natural Resources/Forestry Fire and State Lands. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(11)

DISCUSS/APPROVE/DENY VISAVUE TRAVEL REPORTING SERVICE SUBSCRIPTION AGREEMENT.

Travel Bureau Director Adriana Chimaras explained that VisaVue collects data from Visa card transactions and sells that information. She indicated that they have looked into other programs that do this type of data collection and they charge upwards to \$20,000 a year. The state has stepped in by helping with funding to get some of this data collection service out. The State will pay half of the cost. The Travel Bureau would like to take advantage of this opportunity. They would like to collect data for international and domestic data collection in Green River and western communities in the county. On the west side of the County they want a baseline for what our visitor spending is vs our resident spending. The cost is \$6,810.00 and the State would pay the same amount on our behalf. Commissioner Kent Wilson commented that he is excited for this program as a Commissioner and a business owner. He often wonders how important tourism is to Emery County? This report will tell us where to target our investments.

6

Commission Meeting Minutes  
June 16, 2020

Commissioner Kent Wilson made a motion to approve a VisaVue Travel Reporting Service Subscription Agreement for this year. The motion was seconded by Commissioner Gil Conover. The motion passed. Commissioner Wilson asked to analyze the data after a year and decide if we want to continue or do something different.

(12)

COMMISSION/ELECTED OFFICIALS REPORTS.

Commissioner Wilson reported that Emery County made an application with the Governor's Office to go to green as far as COVID is concerned. The only thing that will change are outdoor events and larger gatherings, we may not be having events such as fair, stock show, city celebrations, etc, He commented that he read a report that suggested that spreading the disease outdoors is at a minimum risk. We feel that the circumstances in Emery County are right to go to green. It feels like COVID is part of our future. It will be our responsibility to wear the mask , do the social distancing and do the things needed to protect ourselves.

He reported that Emery Water Conservancy District has been working on getting ownership of Joe's Valley Dam from BOR for five years now. Commissioner Wilson was invited to attend a press release where it was announced that starting today there will be a 90 day comment period wherein any senator or legislator can weigh in and possibly stop it, but it is highly unlikely that anyone will give any negative comment. He commented that Emery County is excited to get ownership under local authority and take over management at a local level.

(13)

PRESENTATION AND RECOGNITION OF RAY PETERSEN'S RETIREMENT AFTER NEARLY 33 YEARS SERVING EMERY COUNTY PUBLIC LANDS.

Commissioner Kent Wilson expressed the County's appreciation for all that he has done for the county. He congratulated Ray and thanked him for all his dedication to Emery County.

Ray thanked the Commissioners that he has worked for over the years and Public Lands Council members that he has associated with for many years.

He advised the Commissioners to continue to work closely with state agencies.

DISCUSS/APPROVE/DENY UOT MARKETING GRANT APPLICATION.

Travel Bureau Director Adriana Chimaras explained that the Utah Office of Tourism Marketing Grant allows for in state marketing. The Travel Bureau plans to do prep work for the future, focusing on infrastructure. Their goal is to set ground work on Google, Utopia (tv commercials and series like fishing in Joe's Valley and riding in the Swell). They have additional partners that contribute to the sponsorship. The total project cost is \$103,000.00, EC's part would be \$35,150.00. (TRT funds). They plan to advertise in the Salt Lake Valley and Green River. Commissioner Wilson commented that TRT funds from Green River are down 20-25% of normal. They are hoping that advertising in SL and GR will help. Commissioner Kent Wilson made a motion to approve the UOT Marketing Grant Application. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)

DISCUSS/APPROVE/DENY SPONSORSHIP FROM EMERY COUNTY FAIR FOR THE

COWBOYS MEMORIAL RODEO.

Commissioner Wilson explained that the Commissioners asked the Cowboys Memorial Rodeo to hold their rodeo in August during the Fair which has now been cancelled due to COVID-19. Cowboys Memorial Rodeo has decided to forge forward with the rodeo in August. Their Rodeo committee typically asks for funding assistance through the Travel Bureau. Commissioner Wilson indicated that since we are not having the Fair this year that their request for assistance could possibly come from the Fair budget. Commissioner Kent Wilson made a motion to contribute \$3,500.00 form the Emery County Fair Budget for the Cowboy's Memorial Rodeo. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

DISCUSS/APPROVE/DENY SPONSORSHIP FROM EMERY COUNTY FAIR FOR THE CASTLE VALLEY LIVESTOCK SHOW.

Commissioner Wilson explained that this request is similar to the previous request. The stock show is typically a revenue generator for the youth as well as an opportunity to learn leadership skills. When COVID hit their state funding went away. They have requested assistance to pay for belt buckles ( about \$1,700.00) for awards and funds to aid in meeting the Health Department's requirements for social events such as frequent cleaning of restrooms, etc (about \$500 to \$600). Commissioner Kent Wilson made a motion to approve paying the receipts of up to \$2,500.00 from the Fair Budget for the Castle Valley Livestock Show. the motion was seconded by Commissioner Gil Conover. The motion passed.

(10)

DISCUSS/APPROVE/DENY COMPENSATION TO JOE FIELDER FOR USE OF HIS PERSONAL LAWN MOWER WHILE COUNTY'S LAWN MOWER WAS OUT OF SERVICE.

Commissioner Gil Conover suggested paying Joe Fielder for the use of his personal lawn mower while the county's lawn mower is out of service waiting for parts. He suggested paying Joe \$300.00 per 5 day use or \$75.00 a day. Commissioner Gil Conover made a motion to pay Joe Fielder \$300.00 per 5 day use or \$75.00 per day until the County's mower is returned to service. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(11)

DISCUSS/APPROVE/DENY BUDGET TO PURCHASE LAWN MOWER FOR COUNTY FACILITIES.

Commissioner Wilson indicated that it cost \$400.00 to repair the county's lawn mower. He talked about getting local bids for a replacement mower and suggested that the departments who would benefit the most from the service to allocate funds from their department towards the purchase of a new mower. ( Library, Aquatic Center, Museum, Courthouse, Road) Commissioner Kent Wilson made a motion to acquire funds from the departments who would benefit from the use of a lawnmower and if not able to come up with the funds then open the budget to allocate the funds to purchase a new lawnmower. The motion was seconded by Commissioner Gil Conover. The motion passed.

(12)

DISCUSS/APPROVE/DENY EMERY COUNTY LIBRARY SYSTEM LIBRARY CARD POLICY.

Library Director Desiree Malley requested approval of the Board of Commissioners for the Emery County Library System's Library Card Policy. She explained that this is a revised policy approved by the EC Library Board. The revision allows a resident of Emery County to create a library card online. Commissioner Gil Conover made a motion to approve the Emery County Library System's Library Card Policy. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY EMERY COUNTY LIBRARY SYSTEM CIRCULATION POLICY.

Desiree Malley requested approval for the Emery County Library System's Circulation Policy. DISCUSS/APPROVE/DENY RESOLUTION DISBURSING 2019 STATE SITLA FUNDS TO THE EMERY EMERGENCY MEDICAL SPECIAL SERVICE DISTRICT.

Commissioner Kent Wilson explained that State mineral development revenues for 2019 are \$293,788.00. He further explained that if we leave the funds in the General Fund then Federal PILT funds coming to Emery County will be reduced by that amount. If the state mineral development revenues are disbursed to a Special Service District then the County's Federal PILT will be left whole. The Emery County Commission created an Emery Emergency Medical Special Service District to create a more sustainable EMS program in the County. At this time the other Special Service Districts in the county do not have any pending projects. The Emery County Commissioners deemed it appropriate and in the best interest of the citizens of Emery County to disburse the balance of the 2019 state mineral development revenues to the Emery Emergency Medical Special Service District to accommodate the needs of that district. The EC Commission had a Resolution drafted to authorize distribution of the 2019 state mineral development revenues to the Emery Emergency Medical Special Service District.

Commissioner Kent Wilson suggested leaving the funds in the account for six months until they have received confirmation of approval from the federal government. Commissioner Kent Wilson made a motion to approve Resolution 7-30-20 a resolution authorizing the distribution of the 2019 state mineral development revenue to the Emery Emergency Medical Special Service District pursuant to HB 134 and to forward the document to the State today. The motion was seconded by Commissioner Gil Conover. The motion passed.

**PUBLIC HEARING: PUBLIC HEARING TO TAKE COMMENT REGARDING TRANSFERRING THE CIB REQUEST FOR FUNDING FOR THE SAN RAFAEL ENERGY RESEARCH CENTER INTO EMERY COUNTY'S NAME AND REMOVING SEVEN COUNTY COALITION FROM THE FUNDING REQUEST; AS WELL AS TO RECEIVE COMMENT REGARDING TAKING A PORTION OF THIS FUNDING AS A LOAN NOT TO EXCEED THE INCOME OF THE COMMUNITY REINVESTMENT PROJECT AREA.**

Commissioner Sitterud explained that the San Rafael Energy Research Center is in the middle of being built using money appropriated by the legislature. However, we have lost that funding due to the COVID-19 Pandemic. The Emery County Commission desires to go back to CIB to request further funding. In the past the 7 County Coalition and Emery County partnered together with the management. It is the goal of Emery County to bring management back in-house to Emery County with 7 County helping on the side. Grants, future grants, loans would be the responsibility of Emery County. Everything has been tied to the project area through the Community Reinvestment Agency. The Agency is the one who is negotiating projects with solar companies. In the near future there will be revenues that come to the county from these solar projects that will be earmarked for Economic Development. These are the funds that Emery County would be using for loan guarantee. Emery County through the San Rafael Energy Research Center would like to be pro-active in coal research. They have partnered with Universities and we will have contracts that in the near future that will also bring in revenues that will be earmarked for Economic Development. It is the goal of Emery County to not use any general funds to encumber these projects. It is to possibly reinvest Economic Development Funding, money from solar projects, profits from grants and private funding.

Motion to leave the public hearing and return to the regular meeting schedule was made by Commissioner Gil Conover, seconded by Commissioner Kent Wilson, and the motion passed.

PRESENTATION BY JEREMY JORGENSEN REGARDING THE ANNUAL WILDLAND FIRE SEASON UPDATE FOR 2020.

Jeremy started out by talking about the 29 wildland fire incidents currently ongoing in the state. Jeremy talked about fuel reduction projects in the Lowry Creek corridor. They have four projects, mostly burn piles and fuel reduction projects that they will be working on after snow is on the ground. The four areas they will be working on are John Pisset, Olsen Ranch, Nadine

Adams and Danny Van Wagoner. They have awarded Utah Fire Department Assistance Grants to departments in Elmo in the amount of \$8,790.00, Green River in the amount of \$4,685.00, and Huntington in the amount of \$8,125.00. They can meet their share of the grant with in-kind resources. The funds may be used for equipment, training, IT supplies, etc. On July 23rd fire restrictions were put in place. It is not likely to be rescinded any time soon. It is a Class B Misdemeanor to violate fire restrictions, punishable by up to 6 months in jail or \$1,000.00 fine.

(7)

PRESENTATION AND DISCUSSION WITH JIM JENNINGS, EMERY COUNTY PUBLIC LANDS DIRECTOR, REGARDING ACCESS TO UPPER LONG STREET ROAD.

Jim Jennings talked about private property in Green River City on the north end of Upper Long Street Road. This private property was previously owned by Mr. Holyoak. This property is now owned by Noel Vallejo. The county road runs through the property that historically has allowed access on the road all the way to the Price River which is approximately seven miles north of the Vallejo property. The public had access on this road for many years until Mr. Holyoak purchased the land and put up a gate across the road around 2005. There was a mistake made by the BLM on the Wilderness Study Area boundary that showed the boundary going to the edge of the river. Around 2018 when BLM posted the updated and corrected Wilderness boundary it showed the boundary on the west side of the road that goes up the canyon north of the Vallejo property. With the recent clarity on the Wilderness Boundary, and the history of access by the public, there has been an increased interest in having the county road remain open to allow access to the public land. Mr. Vallejo stated that he purchased the land with the understanding that the road did not go through his property. He has been offered an option by Emery County to have a road built around the edge of his property to avoid having the traffic go past his home. He has declined up to this point and has voiced that he wants the attorneys to work together to determine the legality of access on the road through his property. Emery County has tried to work through this process without litigation. However, we need to take the next step if the attorneys can not work out some agreement between Mr. Vallejo and Emery County. Jim asked the Commissioners and Attorney Mike Olsen for some counsel, input and discussion on how to proceed from this point. County Attorney Mike Olsen stated that in 2005 Mr. Holyoak, based on the information that he has, attempted to close the road down. He would get bristley and angry when people would go there. Mr. Olsen indicated that he has not received any information that Mr. Holyoak was successful in closing the road down. Historically, even through today, the road is open to the public and people have been able to use the road. Mr. Holyoak had made attempts to close the road. If the current landowner does not like that then we need to work to resolve the issue. Like anything else we can resort to the courts to assist us in resolving the issue. Mr. Vallejo's perspective that the road was closed down after 2005 and no one had access to the road was the information that the Commissioners were given. Jim indicated that the information he received is that after Mr. Holyoak received word that the BLM had the boundary on the north end of his property in his mind that there is no access. So he put up a gate to keep people from parking on his land to access the public land. Mike indicated that this has been an issue for

many years. There was a public hearing held in the Courthouse a few years ago where people from Green River came and gave testimony to the historical use of the road for a long, long time. Emery County's stand is the road is open. They should not be chasing people out of there. Commissioner Wilson suggested having county Attorney Mike Olsen meet with Mr. Villajeo's attorney to bring a peaceful resolution to this issue within a timeframe of 60 days. Mike Olsen indicated that Emery County cares very deeply about public access. As a land owner, (Mr. Vallejo) has plenty to lose if he doesn't want to compromise. You cannot harass people who are doing something lawful.

(8)

DISCUSS/APPROVE/DENY POSSIBLE ACTIONS REGARDING ACCESS TO UPPER LONG STREET ROAD.

Commissioner Kent Wilson made a motion to ask County Attorney Mike Olsen to work with Mr. Vallejo's attorney to find a peaceful resolution to the issue on Upper Long Street within sixty days. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

PRESENTATION REGARDING THE CASTLE COUNTRY JR. LIVESTOCK SHOW.

Dani Jo Thatcher and other members of the Castle Country Jr. Livestock Show gave a report on the 2020 Jr. Livestock Show. The show was pared down this year due to COVID-19. She reported that it was fun to show their animals that they have worked with to prepare for the show. She suggested holding a Carbon/Emery Jr. Livestock Show at the Ferron City Fairgrounds near the end of June 2021 before the official Stock Show. Cassie Thatcher requested assistance to purchase belt buckles and pay judges fees. She thanked the EC Commissioners for the funding assistance this year and requested \$6,000.00 for next year's show. The EC Commissioners will consider this in the budgeting process for 2021.

(10)

APPROVAL OF EMERY COUNTY BEER TAX FUNDS FISCAL YEAR 2020 ANNUAL REPORT.

Jan Luke gave an annual report on the Beer Tax Funds for Fiscal Year 2020. The amount submitted by Emery County and cities and towns in the county,(excluding Green River) is \$19,044.52. The funds must be used for alcohol related offenses such as law enforcement, DUI overtime shifts, confinement and reimbursement for confinements. Commissioner Kent Wilson made a motion to accept the Annual report for EC Beer Tax Funds Fiscal Year 2020. The motion was seconded by Commissioner Gil Conover. The motion passed.

(11)

DISCUSS/APPROVE/DENY CONTRACT BETWEEN EMERY COUNTY TOURISM

DEPARTMENT AND CHARLIE KESSNER FOR VIDEOGRAPHY SERVICES.

Commissioner Wilson explained that the Travel Bureau would like to hire Charlie Kessner for videography services. The cost for this service is usually \$10,000.00. However, Mr. Kessner will do the work for the discounted price of \$6,000.00. The video will benefit the Boulder Community as well as market Emery County's bouldering advantages. Funds will be reimbursed through the Cares Act Funding. Attorney Mike Olsen asked for time to review the contract to make sure it is in order. Commissioner Kent Wilson made a motion to approve a contract between Emery County Tourism Department and Charlie Kessner for videography services upon review and approval of County Attorney Mike Olsen. The motion was seconded by Commissioner Gil Conover. The motion passed.

(12)

DISCUSS/APPROVE/DENY CLOSING BOE.

Assessor Kris Bell requested closing BOE for 2020. Commissioner Gil Conover made a motion to close BOE for 2020. The motion was seconded by Commissioner Kent Wilson. The motion passed.

Commissioner Gil Conover made a motion to approve the Utah Counties Indemnity Pool General Liability Insurance Rate of \$200,522.00 for plan year 2021. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(17)

DISCUSS/APPROVE/DENY BLM CONTRACT 140L5720C0010 LAW ENFORCEMENT PATROL SERVICES BETWEEN THE BUREAU OF LAND MANAGEMENT AND EMERY COUNTY FOR LAW ENFORCEMENT SERVICES ON BLM LANDS WITHIN EMERY COUNTY, UTAH.

Sheriff Funk explained that they have negotiated a contract amount of \$70 per hour. Commissioner Gil Conover made a motion to approve BLM contract 140L5720C0010 Law Enforcement Patrol Services between the Bureau of Land Management and Emery County for law enforcement services on BLM lands within Emery County. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(18)

DISCUSS/APPROVE/DENY EMERY COUNTY EMERGENCY MANAGEMENT'S APPLICATION FOR THE FY2020 EMERGENCY MANAGEMENT PERFORMANCE GRANT (EMPG)

Jan Luke explained that the amount of the EMPG performance grant FY2020 will be based on performance from last year. The grant covers the cost of what it cost to qualify. Commissioner Kent Wilson made a motion to approve Emery County Emergency Management's Application for the FY2020 Emergency Management Performance Grant(EMPG). The motion was seconded by Commissioner Gil Conover. The motion passed.

(19)

DISCUSS/APPROVE/DENY AGREEMENT #605435 FOR RENTAL OF A WHEELER BACKHOE LOADER FOR THE EMERY COUNTY ROAD DEPARTMENT.

Wayde Nielsen requested approval for Agreement #605435 for rental of a Wheeler backhoe loader for the Emery County Road Department. Wayde explained that it is a continuation of the previous rental agreement using the same equipment. Commissioner Gil Conover made a motion to approve Agreement #605435 for rental of a Wheeler Backhoe Loader for the EC Road Department. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(20)

DISCUSS/APPROVE/DENY PURCHASE OF HOTSPOTS AND CONTRACT WITH AT&T

AND VERIZON FOR EMERY COUNTY LIBRARY SYSTEM THROUGH UTAH  
EDUCATION NETWORK HOT TO TROT (SPOT) PROJECT.

(21)

DISCUSS/APPROVE/DENY COMMISSION ADJUSTMENT FOR TAXES ON PARCEL  
09-0300-0230, MERIT ENERGY IN THE AMOUNT OF \$328.01.

Treasurer Josie Stilson requested a Commission adjustment for taxes on Parcel 09-0300-0230, Merit Energy in the amount of \$328.01. She explained that they appeal their 2019 assessed value with the state. The wells have been plugged and abandoned. They did not pay 2019 taxes, so she asked for an adjustment to clean it up and move forward. A letter will be sent to Merit Energy and the Utah State Tax Commission. Commissioner Gil Conover made a motion to approve a Commission Adjustment for taxes on Parcel 09-0300-0230, Merit Energy in the amount of \$328.01. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(22)

DISCUSS/APPROVE/DENY ECONOMIC DEVELOPMENT SPONSORSHIP IN THE  
AMOUNT OF \$3000 FOR THE HEROES AMONG US EVENT IN GREEN RIVER.

Commissioner Wilson explained that Green River City holds a “Heroes Among Us” event each year to celebrate veterans. Every Thursday and Friday in October corporate businessmen will be bringing veterans into Green River to honor them and provide an opportunity to hunt pheasants and do other sportsman type activities. Some of these business CEO’s are part of the inland port discussions. From Emery County’s perspective this will be an opportunity to rub shoulders with these CEO’s of companies and an opportunity to create relationships with these businessmen and explain the benefits of an inland port coming to Green River. Emery County does not have an Economic Development director so Commissioner Wilson suggested having each Commissioner take a weekend and be available in Green River to meet with these businessmen. Commissioner Wilson suggested sponsorship in the amount \$3,000.00 for the event. Commissioner Wilson made a motion to approve sponsorship in the amount of \$3,000.00 for the ‘Heroes Among Us’ event in Green River. The motion was seconded by Commissioner Gil Conover. The motion passed.

(23)

**MINUTES OF THE SPECIAL MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**SEPTEMBER 25, 2020**

Due to restrictions in place during the COVID-19 Pandemic this meeting was offered electronically. Present at the meeting was Commission Chairman Lynn Sitterud, Commissioner Kent Wilson, Commissioner Gil Conover, Attorney Mike Olsen, Deputy Clerk/Auditor Carol Cox, elected officials and citizens.

**DISCUSSION ITEMS:**

Motion to leave the regular Commission Meeting and enter into Public Hearing made by Commissioner Kent Wilson, seconded by Commissioner Gil Conover, and the motion passed.

- (1) PUBLIC HEARING: PUBLIC HEARING TO TAKE COMMENT REGARDING TRANSFERRING THE CIB REQUEST FOR FUNDING FOR THE SAN RAFAEL ENERGY RESEARCH CENTER INTO EMERY COUNTY'S NAME AND REMOVING SEVEN COUNTY COALITION FROM THE FUNDING REQUEST; AS WELL AS TO RECEIVE COMMENT REGARDING TAKING A PORTION OF THIS FUNDING AS A LOAN NOT TO EXCEED THE INCOME OF THE COMMUNITY REINVESTMENT PROJECT AREA.**

Commissioner Sitterud explained that the San Rafael Energy Research Center is seeking funding through CIB to continue building the SRERC. This funding was originally applied for under Seven County Coalition, we have been partners with Seven County Coalition in the beginning of the Research Center. At this point it has become evident that it would better serve Emery County if we put the Research Center under our name and our control rather than under Seven County. We will be sending a new application to CIB with Emery County being the sole name on the application rather than being partnered with Seven County on the application. Commissioner Kent Wilson stated that CIB would like to know what revenue source is available if all of the funds are not provided as grant funds.

Commissioner Wilson states that from his perspective we have two solar project that are in Community Reinvestment Agency Project Areas. He proposes that we use the revenue from those projects to be used towards any projects that we come up with at the SRERC. We can use that money to pay on loans or use for other expenses that might arise. The intention from the beginning with the solar projects was to be able to use that money for that area

SPECIAL COMMISSION MEETING  
SEPTEMBER 25, 2020

(SRERC) and not for that money to go in the General Fund. It is unclear at the moment what exactly those revenue sources are, but in our CIB application we will not indebt the Research Center more than what the income of those solar project areas income is. Commissioner Sitterud states that the SRERC is new to most people and he would like to explain the reason for the Research Center and what will be coming from the SRERC. The benefits once built are 1. It will allow us to do testing on coal with different additives and different recipes to learn how to burn coal cleaner in order to cut the emissions from coal. This will help not only in Emery County but all over the Country and even the world in learning how to operate coal powered plants cleaner. Everyone benefits from this. 2. It will act as a common research tool. In the past we have never seen BYU, Utah State University and University of Utah work together on any one project. This SRERC is looking like it will be a tool that all three of our major Universities in the state, along with any other interested university, will be able to work together and use this for research on energy. This will be a publicly owned facility so it will be open to anyone. Learning institutions can do work there, and private companies can pay our workers there to do research for them. We are working on agreements that will allow us to work with UofU on doing research into making carbon fiber from coal. This will help us to continue to utilize the coal we produce in our area. It will give everyone in the state, country and world a cheaper supply of fiber that we can create here at the SRERC. The SRERC will help to prove and perfect the use of molten salt and thorium power. If we can prove the thorium generation it will benefit the entire world with a safer way to generate nuclear power that can be generated 24 hours per day 365 days per year. Commissioner Sitterud also states that the United States uses over 17 million medical isotopes per year in imaging, looking for cancer in the human body. Previously all the medical isotopes we were using were being produced in Canada. The plant in Canada is currently shut down, and majority of our isotopes are now coming from the Netherlands. The plant in the Netherlands is making plans to shut down as well. December 2012 Congress passed legislation regarding the harvesting of medical isotopes. This Act said that the US was to develop a domestic supply of medical isotopes so that we were not dependant on someone else. As of now the Country has not been able to do this. The SRERC can act as an important tool to learn how to harvest medical isotopes domestically, hopefully right here in Emery County. Commissioner Gil Conover mentioned that in the Coal Research side of the SRERC the coal furnace we have at the SRERC is one of only two in the world. We have had a lot of interest in using this furnace to test different types of fuels. It is a great tool that we have right here in Emery County.

Motion to leave public hearing and return to the regular meeting made by Commissioner Gil Conover, seconded by Commissioner Kent Wilson, and the motion passed.

- (2) **DISCUSS/APPROVE/DENY TRANSFERRING THE CIB REQUEST FOR FUNDS FOR THE SAN RAFAEL ENERGY RESEARCH CENTER INTO EMERY COUNTY'S NAME, AS WELL AS APPROVING THE POSSIBILITY OF TAKING A PORTION OF THE FUNDING AS A LOAN NOT TO EXCEED THE INCOME OF THE COMMUNITY REINVESTMENT PROJECT AREA INCOME.**

Commissioner Gil Conover made a motion to approve transferring the application solely into Emery County's name rather than partnering with Seven County, seconded by Commissioner Kent Wilson. The motion passed.

- (3) **PRESENTATION ON THE RETIREMENT OF K9 DEPUTY MURPHY AFTER 8 YEARS OF SERVICE TO EMERY COUNTY.**

Sheriff Funk explained that it is somber day because not only are they losing Deputy K9 Murphy, they are going to be losing Deputy Blake Gardner next week as he retires after 40 years of service to Emery County. Blake started the dog program in Emery County back in 1992 or 1993. He taught the K9 classes at POST. He is known throughout the State of Utah in the K9 department. After 8 years Murphy will be retiring and Sheriff would like to give Murphy to Blake and his family to keep. He thanks Deputy Gardner for his service and recommends that we retire K9 Deputy Murphy and transfer ownership of Murphy to Deputy Gardner.

- (4) **DISCUSS/APPROVE/DENY TRANSFERRING OWNERSHIP OF K9 DEPTUY MURPHY TO DEPUTY BLAKE GARDNER.**

Commissioner Sitterud explained that when retiring a K9 Deputy there are generally two options, have the K9 euthanized, or transfer ownership to the handler. Attorney Mike Olsen states that this is not the usual disposition that they generally do. He feels it is very important to recognize the service provided by both Deputy Gardner and K9 Deputy Murphy. Commissioner Conover stated there is a lot to be said about the work the officers do. It can be thankless and it always under scrutiny, yet we beg them to stand in front of us and protect us when there is trouble. A K9 Deputy is not only a family member to the handler, but has also been there protecting us as a law enforcement officer as well. He feels this is a great opportunity to show our appreciation for the work that Deputy Gardner has done. Commissioner Wilson mentioned that about 60 days ago at his convenience store he has had customers come in a leave money and ask the clerks to save it for when a police

4

officer come in and pay for whatever they are purchasing. He hopes that it lets deputies know that in Emery County we appreciate the sacrifices that our deputies make.

Commissioner Gil Conover made the motion to transfer ownership of K9 Deputy Murphy to Deputy Blake Gardner, seconded by Commissioner Kent Wilson, motion was passed.

COMMISSION/ELECTED OFFICIALS REPORTS.

Captain Ekker talked about Local Emergency Planning plans to educate the public of the dangers of Trick or Treating and the importance of inspecting candy and treats that are given out to kids during Halloween.

Commissioner Sitterud reported that the Commissioners held a public hearing a week ago to receive input on Emery County transferring ownership of the Research Center from the Seven County Infrastructure Coalition to Emery County. Emery County recently presented to CIB a request for funding for the Research Center and was successful in receiving \$7million in grant and \$491,000.00 in low interest loan (.5%) for thirty years. The payment for the loan will be made from revenue generated from the solar farms in the county without putting stress on the County budget. This is a big win for the County and the Research Center..

ITEMS PULLED FROM THE CONSENT AGENDA.

(2)

PUBLIC COMMENT (3 MINUTE TIME LIMIT)

Commissioner Kent Wilson invited the Captains from the three local posts in Emery County, R. Mack Huntington, Ray Quinn and Clifford Snow to attend today's meeting. He explained that due to COVID the County was not able to pay tribute to our Veterans this year. He invited everyone to view a video that has been produced by Emery County's Event Planner, Amanda Leonard. The video highlights the importance of remembering and honoring our veterans and the freedoms that we enjoy due to their sacrifice on our behalf as well as honoring the flag of the United States of America and what it means to us as citizens of the USA. The Commissioners each expressed their appreciation to Veterans, and all heroes from the Sheriff Deputies to first

responders that we look to for examples. Each of the Veterans expressed their appreciation to the Commissioners and Amanda for the special video. They also thanked past Commissioners who were instrumental in getting the Veteran Monument in place. The Monument honors all local Veterans. Each of the posts will receive a digital copy of the video.

(3)

SAFETY MINUTE PRESENTATION BY DAVID AMES, LANDFILL CREW LEAD.

David Ames provided useful guidelines for reducing accidents when visiting the Landfill.

(4)

AWARDING OF THE SAFETY VISA GIFT CARDS.

(5)

RATIFICATION OF APPROVAL OF EMERY COUNTY SHERIFF'S OFFICE  
APPLICATION FOR JUSTICE ASSISTANCE GRANT 18A50 FOR THE EMERY COUNTY  
JAIL RISK AND NEEDS SCREENING DIAGNOSIS AND ASSESSMENT PROGRAM.

Captain Kyle Ekker explained that Emery County Sheriff's Office has participated in the Jail Risk and Needs Screening Diagnosis and Assessment Program for three years and would like to keep it going. The application was due by October 1st so it was signed by the Commissioners and forwarded to the State. Commissioner Gil Conover made a motion to ratify the signing of Emery County Sheriff's Office application for Justice Assistance Grant 18A50. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(6)

RATIFICATION OF APPROVAL OF AGREEMENT BETWEEN EMERY COUNTY AND  
LOWELL MORRIS, PA-C, REGARDING THE EMERY COUNTY JAIL RISK AND NEEDS

Commission Meeting Minutes  
November 17, 2020

(7)

RATIFICATION OF APPROVAL OF AGREEMENT BETWEEN EMERY COUNTY AND DALEN JOHNSON, NP, REGARDING THE EMERY COUNTY JAIL RISK AND NEEDS SCREENING DIAGNOSIS AND ASSESSMENT PROGRAM.

Commissioner Kent Wilson made a motion to ratify the signing of an agreement between Emery County and Dalen Johnson, NP for the Emery County Jail Risk and Needs Screening Diagnosis and Assessment program. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)

RATIFICATION OF APPROVAL OF EMERY COUNTY'S COMMENTS TO BLM REGARDING THE FEDERAL LIVESTOCK GRAZING REGULATION.

Commissioner Kent Wilson made a motion to ratify the submitting of Emery County's comments to BLM regarding the Federal Livestock Grazing Regulation. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

DISCUSS/APPROVE/DENY ACCEPTANCE OF AWARD OF THE STATE HOMELAND SECURITY GRANT PROGRAM.

Captain Kyle Ekker explained that this is an ongoing grant that comes through FEMA. The funds are split between Carbon and Emery Counties to be used for training exercises for Emergency Management. Commissioner Kent Wilson made a motion to accept the award of the State of Homeland Security Grant program. The motion was seconded by Commissioner Gil Conover. The motion passed.

(10)

DISCUSS/APPROVE/DENY COOPERATIVE LAW ENFORCEMENT AGREEMENT BETWEEN COUNTY OF EMERY AND THE USDA, FOREST SERVICE MANTI-LAS SAL NATIONAL FOREST, TOGETHER WITH THE FY 2021 ANNUAL OPERATING AND FINANCIAL PLAN.

Sheriff Funk explained that this is an ongoing agreement between Emery County and Manti-LaSal National Forest Service to provide \$5,000.00 to the SO to assist in patrolling the Forest. Commissioner Gil Conover made a motion to approve a Cooperative Agreement between County of Emery and the USDA, Forest Service Manti-LaSal National Forest, together with the FY 2021 Annual Operating and Financial Plan. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(11)

DISCUSS/APPROVE/DENY AMENDMENTS TO THE FY2021 EMERY COUNTY CIB PROJECT LIST.

Commissioner Wilson explained that Emery County is required yearly to project on the Association of Governments project list. This year Emery County has two projects to add to the list. The first is the \$7 million that LBA received for the Energy Research Center. The other project is the new AOG building that they will pursue in the December CIB meeting. Commissioner Kent Wilson made a motion to add these two projects to the FY2021 CIB Project list. The motion was seconded by Commissioner Gil Conover. The motion passed.

(12)

DISCUSS/APPROVE/DENY AGREEMENT BETWEEN EMERY COUNTY AND WAYNE PAHL TO STAFF THE EMERY COUNTY TRAVEL BUREAU BOOTH AT THE QUARTZSITE ARIZONA RV SHOW FROM JANUARY 16, 2021 THROUGH JANUARY 24, 2021.

Commissioner Wilson explained that yearly the Commission approves someone to staff the Quartzsite Arizona RV Show in January. For the last few years the Commission has approved Gary Kofford for this. This year the Travel Bureau has been working with Wayne Pahl to execute a contract to attend the show. Commissioner Wilson, in conversations with the Travel Bureau, has asked that they consider some things. They need to analyze two things. With COVID there is a chance there will be half as many attend the RV show because people are going to be afraid of large gatherings. The second thing is that for the last two years they have sent the same brochures. At some point the information needs to be updated. He asked that they analyze these things before they negotiate a contract. In the past we have supplied \$3,600.00 to execute the contract. \$3,000.00 for the event and \$600.00 to haul the brochures. Commissioner Wilson expressed concern that if we spend the money that we will get it back if the show is cancelled, addressed questions related to COVID and make sure we will have the same opportunity to advertise Emery County. Commissioner Wilson made a motion to approve an agreement with Wayne Pahl to staff the Emery County Travel Council Booth at the Quartzsite Arizona RV Show in January 2021. The motion was seconded by Commissioner Gil Conover. The motion passed.

(13)

APPROVAL TO PAY HAZARD WAGES TO FIRST RESPONDERS OUT OF CARES ACT FUNDS.

Commissioner Wilson explained that through the CARES ACT, it allows the County to compensate our first responders with hazard pay. With the Sheriff, we have decided upon \$2,000.00 in hazard pay for every one that works at the Sheriff's Office. Back at the beginning of all this, we closed down the offices for a time, but that was not an option for the Sheriff's Office and EMS. For the EMT's, he proposed splitting them into three areas. EMT's with 1,000 hours and under of on- call time will receive \$100.00 in hazard pay, EMT's with between

1,000 hours to 2,000 hours will receive \$250.00, and over 2,000 hours will receive \$500.00. The reason for the lower amount for EMS is because they are not full time employees.

Commissioner Kent Wilson made a motion to approve paying hazard pay as indicated to First Responders out of CARES ACT Funds. The motion was seconded by Commissioner Gil Conover. The motion passed.

(14)

DISCUSS/APPROVE/DENY THE RECOMMENDATION FROM EMERY COUNTY CED BOARD REGARDING THE RFP FOR THE SAN RAFAEL ENERGY RESEARCH CENTER PROJECT CONSULTANT.

Commissioner Sitterud explained that as the County first started the Research Center, it began as a molten salt nuclear research facility. It then evolved into an energy wide research center where we could research all different kinds of energy. With the help of a couple of Universities, the county was able to purchase a L1500 Combustion Analyzer from U of U. This allowed us to set up part of our research center to research coal combustion and analyze pollutants and BTU's and the different characteristics of burning coal under different scenarios, trying to prove new cleaner ways to burn coal to keep our power plants working more into the future. We had no one with a strong background for running this type of a program. We advertised a RFP for a couple of weeks in different places for someone with the background to be able to come in and run this program, to run the tests and talk to companies and people around the country to bring more testing into the research center. The County received an application from a professor from BYU. He will stay at BYU, but is willing to work for the County on the side. His name is Dr. Andrew Fry and has all of the background and met all the criteria that was spelled out in the invitation to bid. They had a CED board meeting where the RFP was reviewed and after the meeting agreed to send the item to the Commission Meeting for action to negotiate a contract with Dr. Fry to be a consultant for the Energy Research Center. Commissioner Gil Conover made a motion to negotiate a contract with Dr. Fry for the L1500 portion of the Energy Research Center. Commissioner Wilson seconded the motion and commented that Emery County put together a grant application with the State of Utah and received \$95,000.00 to find someone to promote the L1500 in the academic and business world to generate business for this machine. We put out the RFP, but in the RFP there were no perimeters for what that contract should look like. So we want to enter into negotiations with Dr. Fry to see what that looks like. The CED board wants to get the word out that Emery County is a good place to work from remotely. The board wants to produce a YouTube video to get that word out. The motion passed.

Commissioner Gil Conover made a motion to leave the regular meeting and enter into an Executive Session and upon the end of Executive Session return to the Regular meeting. The motion was seconded by Commissioner Kent Wilson.

(15)

DISCUSS/APPROVE/DENY ENTERING INTO EXECUTIVE SESSION TO DISCUSS  
PENDING OR REASONABLY IMMINENT LITIGATION REGARDING THE  
PROCEEDINGS WITH LONGSTREET.

Present at the Executive Session was Commissioner Lynn Sitterud, Commissioner Kent Wilson, Commissioner Gil Conover, Attorney Mike Olsen, Sheriff Greg Funk, Deputy Clerk/Auditor Carol Cox.

(16)

DISCUSS/APPROVE/DENY ACTIONS PERTAINING TO DISCUSSION REGARDING  
LONGSTREET.

Upon returning to regular meeting Mike Olsen explained that in conversations with the current owner's lawyer who indicated to him that he could recognize that the County has a ROW up to the bus turnaround, but no further. He further made mention that potentially there is a locked gate, somewhere. The County at one point had an open meeting regarding whether or not to abandon this portion of Longstreet that is in question. This room was filled with concerned citizens who objected to the idea of Emery County abandoning that road. Since then he has not heard any complaints. Until, when he received word that potentially there is a locked gate along the ROW. Mr. Olsen suggested to the Commission that they send someone from the Road Department or the Sheriff's Office to check and see if there is a locked gate. He further suggested that the Commission pursue any and all avenues to keep this road open. There is a variety of interest in keeping this road open. This is a very special place to people of Emery County, especially Green River citizens. Depending on what they find when investigated then we may have to have further meetings regarding Longstreet. Mr. Olsen suggested that the Commission should explore all legal avenues to keep the road open. Commissioner Kent Wilson made a motion to approach the State of Utah, educate them on the situation that is happening in Green River, that the public is being denied access to a public road, and have discussions with the State of Utah on the best way for Emery County to proceed. The motion was seconded by Commissioner Gil Conover. The motion passed.

(17)

COMMISSION/ELECTED OFFICIALS REPORTS.

Sheriff Funk thanked the Commissioners for making good on what they talked about earlier in the year. This is something that the Federal Government set up in their guidelines to be able to take advantage of the ability for deputies to be compensated for time off due to COVID. They do not get the same benefits as the other employees. If they get COVID and have to stay home for two weeks they cannot be compensated with COVID funds, they have to use their sick time.

Larry Ellertson, provided a brief update on what Congressman John Curtis has been doing.

(12)

RATIFICATION OF APPROVAL FOR SUPPORT REGARDING GRANTING THE STATE OF UTAH INTERVENING STATUS ON THE GOOD WATER RIM TRAIL.

Jim Jennings, Public Lands Director explained that the Good Water Rim Trail is a popular mountain biking, hiking and running trail in Emery County near the Wedge Overlook. It has seen an increase in popularity and use. The BLM recently designated the Good Water Rim Trail and has invested a large amount of money in the trail system that included trail maintenance signage, and installation of pit toilets. In the decision the BLM designated the Good Water Rim Trail for hiking, running, equestrian use, mountain biking, including class one e-bikes, and other recreational uses. The Southern Utah Wilderness Alliance has appealed from an August 24, 2020 decision issued by the Field Manager of the Price Field office with the BLM. On November 20, 2020 the State of Utah and Emery County timely moved to intervene in this appeal. On November 27, 2020 the Internal Board Of Land Appeals granted a motion for the State of Utah and Emery County to have intervening status in the case between the SUWA and BLM. Because of the deadline to get the documentation submitted, the State intervened on behalf of Emery

COMMISSION MEETING MINUTES  
DECEMBER 15, 2020

County and submitted the needed paperwork. We feel that it is in the best interest of the County to support the BLM's decision on designation of the Good Water Rim Trail. We recognize its recreational value for citizens of Emery County and the value of having people from outside the area come and recreate, which assists in economic activity to small businesses in the County. We feel it is in our best interest to have the State represent Emery County in the appeals process. We want to make the public aware of the appeal and of the County's interest in intervening in the appeals process to protect the interest of Emery County. We also want to make sure it is the desire of the County to move forward with the process. We need to ratify the decision to have the State start the process. An engagement of that decision was time sensitive and needed to be submitted before this Commission Meeting.

Motion to ratify the signing of a pledge of support regarding granting the State of Utah intervening status on the Good Water Rim Trail was made by Kent Wilson, seconded by Commissioner Gil Conover, and the motion passed.

(13)

DISCUSS/APPROVE/DENY AMENDMENT TO THE EMERY COUNTY CARE AND REHABILITATION ND NSGO UPL AMENDMENT 2.

Commissioner Conover explained that Emery County is the governmental agency that holds the license for the Emery County Care and Rehabilitation Center. Traditions Healthcare manages the facility. This amendment to the Emery County Care and Rehabilitation ND NSGO UPL is the pass through program with the Utah Department of Health, Upper Payment Limit program. This goes into effect in January 2021 and assists the Center in continuing to operate. Attorney Mike Olsen has reviewed the document and commented that this is a good thing for the County to assist in providing good care at the Center. Commissioner Gil Conover made a motion to approve the Amendment to the Emery County Care and Rehabilitation ND NSGO UPL Amendment 2. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(14)

DISCUSS/APPROVE/DENY 2021 COOPERATIVE AGREEMENT FOR UTAH STATE UNIVERSITY EXTENSION SERVICES.

Christine Jensen and Rowe Zwahlen provided an overview of activity from this past year. They presented the Commissioners with the 2021 Cooperative Agreement for Utah State University Extension Services. Commissioner Gil Conover made a motion to approve the 2021 Cooperative Agreement for Utah State University Extension Services. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(15)

DISCUSS/APPROVE/DENY RESOLUTION FOR MINERAL LEASE DISBURSEMENTS FOR 2021.

COMMISSION MEETING MINUTES  
DECEMBER 15, 2020

Commissioner Kent Wilson discussed possibly letting the current Resolution carry forward for another year. The current distribution meets the needs of the Districts. Commissioner Kent Wilson made a motion to let the current Resolution stand and carry forward the distribution outlined in the current resolution to 2021, upon review from Attorney Mike Olsen. The motion was seconded by Commissioner Gil Conover. The motion passed.

(16)

DISCUSS/APPROVE/DENY ACCEPTANCE OF WARD OF UTAH DEPARTMENT OF PUBLIC SAFETY DIVISION OF EMERGENCY MANAGEMENT FY 2020 EMERGENCY MANAGEMENT PERFORMANCE GRANT (EMPG)

Captain Kyle Ekker explained that the EMP Grant is a yearly grant that the SO Department has applied for fifteen years. The grant pays for emergency operations/management training. The amount is different each year. This grant is for \$39,100.00. Commissioner Gil Conover made a motion to approve the Utah Department of Public Safety Division to Emergency Management FY 2020 Emergency Management Performance Grant (EMPG). The motion was seconded by Commissioner Kent Wilson. The motion passed.

(17)

DISCUSS/APPROVE/DENY JOHANSEN & TUTTLE ENGINEERING CHANGE ORDER 11-25-20 ON THE COTTONWOOD CREEK PL566 WATERSHED PROJECT-PLAN-EA PREPARATION.

Motion to approve Change Order 11-25-20 on the Cottonwood Creek PL566 Watershed project-plan-EA Preparation was made by Commissioner Kent Wilson, seconded by Commissioner Gil Conover, and the motion passed.

SENIOR CENTERS.

The contract with Codale will be 60% grant and the County will pay 40%. Jeff Guymon urged the Commissioners to approve adding that the County could recoup the County's 40% participation amount in a year's time. Attorney Mike Olsen asked for time to look the contract over and determine statements regarding insurance and hold harmless agreement.

Commissioner Kent Wilson made a motion to approve entering into a contract with Codale regarding lighting work to be done at various County facilities subject to document wording approved by Attorney Mike Olsen. The motion was seconded by Commissioner Gil Conover. The motion passed.

(20)

DISCUSS/APPROVE/DENY INDEPENDENT CONTRACTOR AGREEMENT WITH ANDREW FRY AND EMERY COUNTY TO PROMOTE AND DEVELOP THE EMERY COUNTY RESEARCH FACILITY.

Commissioner Sitterud explained that advertising went out for a RFQ for an Independent contractor to promote and develop the San Rafael Energy Research Center. The Commission received one proposal from Professor Andrew Fry. The County Attorney has drafted a proposed contract for Mr. Fry that he has approved and we will consider today. Commissioner Wilson explained that Emery County applied for a \$95,000 grant through the Governor's Office of Economic Development. A small component of the grant is to promote Emery County as a good location from which to work remotely. Another big component is the L1500 at the Research Center. The Economic Development Board felt it was important to go out and educate universities and businesses that are in the coal world to do research. One contract has already been executed from a company in England, a company called DRAX for \$70,000 for a week's worth of work. We are hoping to have more contracts through 2021. Another is a grant through BYU called Coal First that will bring the Emery County Research Center part of that is between \$800,000 and \$900,000. That will keep the research facility busy for the next year and a half. We, as Commissioners, do not have the expertise in this field, so we have to go out and find those who are respected in this industry to promote our L1500 plus help us to do the research and perform the test. This contract will get us moving in the right direction. As we go out and do grants there will be a proponent that will be built into them that will pay for their expertise with a profit for Emery County to pay expenses and overhead and pay for our investment. This contract is for \$80,000 and will be paid out in two years. First payment will be due by December 31, 2020, next payment is spring of 2021. The funds are grant money from GOED. Commissioner Wilson thanked Mike Olsen and the Attorney's office for their work on the contract.

Commissioner Conover added that Emery County is in a unique position. The L1500 is one of two in the world. The other one is in Africa. Businesses are wanting to come here to test products using the L1500. Commissioner Wilson stated that we, as Commissioners, know that the power plants are going to go away someday. We are not going to sit back and see what happens. We are going to be proactive in research for clean coal and see what comes from

doing this. We have been able to do this without using with almost zero cost to Emery County taxpayers. We are excited about this prospect. Commissioner Kent Wilson made a motion to approve an independent contract agreement with Andrew Fry and Emery County to promote and develop the Emery County Research Facility as it has been drawn up by County Attorney Mike Olsen. The motion was seconded by Commissioner Gil Conover. The motion passed.

(21)

DISCUSS/APPROVE/DENY INCREASING THE LIMIT OF COMMISSIONER SITTERUD'S COUNTY CREDIT CARD TO \$6000 IN PREPARATION FOR PURCHASES FOR THE SAN RAFAEL ENERGY RESEARCH CENTER THAT WILL EXCEED THE STANDARD \$2000 LIMIT.

Commissioner Kent Wilson made a motion to approve increasing the limit on Commissioner Sitterud's County Credit Card to \$6,000.00 in preparation for purchases for the San Rafael Energy Research Center that will exceed the standard \$2,000.00 limit. The motion was seconded by Commissioner Gil Conover. The motion passed.

(22)

DISCUSS/APPROVE/DENY EEMS BYLAWS.

Creating by-laws is the last step in setting up the Emery Emergency Management System (EEMS). The by-laws will organize the board's numbers and members and may be amended at any time. Commissioner Wilson suggested approving the by-laws and moving forward with the budget process. Commissioner Kent Wilson made a motion to approve the EEMS by-laws. The motion was seconded by Commissioner Gil Conover. The motion passed.

(2)

PUBLIC COMMENT ( 3 MINUTE TIME LIMIT)

(3)

PRESENTATION BY BRADON BRADFORD REGARDING COVID-19.

SEUDH Director Bradon Bradford provided a COVID-19 update. He indicated that things look better than they did a couple of months ago. Emery County's positive rate was at 30% and is now at 10%. There are still little pockets of disease, such as in Green River where they had to shut school down for a few weeks. Active cases in Emery County have gone down significantly.

Severe cases have gone down. Contact tracing is still ongoing. Vaccine delivery rests mostly with SEUDH. The number of vaccines they get have not been sufficient to cover the 5,500 January need. They received 1,500 doses. In February they will get 2,800 doses and more in March. Green River Clinic will administer in the eastern part of the county. In March they will move to a model of having a vaccine clinic one day a week per county. The first dose of the vaccine will produce a sore arm. With the second dose, 20% to 25% of people are reporting that they are sick for 12 to 24 hrs with fatigue and headache. He praised the staff at SEUDH for the way they are serving the communities. Commissioner Wilson expressed his gratitude to SEUDH for managing the counties as need to be not as a whole or the same as other counties. We all have different economies and threats. Commissioner Wilson asked for advice regarding large gatherings. Brady suggested putting together a gathering template plan, acting as if the restrictions that are in place now will be in place then. He stated he feels optimistic about where the area is headed.

(4)

**PUBLIC HEARING: FOURS CORNERS BEHAVIORAL HEALTH INC. AND EMERY COUNTY COMMISSIONERS, AS THE LOCAL AUTHORITY OF SUBSTANCE USE DISORDERS AND MENTAL HEALTH, INVITE MEDICAID ENROLLEES AND OTHER COMMUNITY MEMBERS TO GIVE INPUT REGARDING THE MENTAL HEALTH AND SUBSTANCE USE DISORDER TREATMENT NEEDS IN EMERY COUNTY.**

Karen Dolan and Clinical Director Melissa Huntington from Four Corners Behavioral Health, Inc. presented information with regards to substance use disorders and mental health issues. Ms. Dolan indicated that Medicaid requires the Four Corners hold a public hearing to receive feedback from the public that will be used in their planning process. They talked about the struggles to find available facilities for treatment of mental health patients. Mandy Torgeson, Guardian Ad Litem for Carbon and Emery Counties indicated that G.A.L. is the attorney who is court appointed to represent children who are abused or neglected due to substance use or mental health issues. She expressed her gratitude for the support and communication that she receives from Four Corners in the work that she does for the county. She stated her support for Four Corners and the service that they provide to our communities. Ignaccio Arrien commented on his struggles and ultimate success to overcome substance use with the help of Four Corners. Ms. Dolan expressed her gratitude for the County Commissioners support of Four Corners. Melissa Huntington talked about conversations with Sheriff Funk and Commissioner Wilson on ways to constantly improve communications and work together for the best outcome

for the citizens of Four Corners. She expressed her gratitude for the county's support. Commissioner Wilson sits on the BOD for Four Corners. He stated that from his perspective, Four Corners is going to become more and more important in Emery County in the future. They are finding that the State of Utah doesn't want to put people in jail for a lot of the crimes that have been committed in the past. As a result this is making the Sheriff's Office a key component to dealing with mental illness. He stated that he has made it his mission this year to facilitate more coordination between Four Corners and all of the government offices to make us better partners. Attorney Mike Olsen expressed his concern that oftentimes there is no place for an individual to go to get the help they need. Jail is not the right place because they get sent to solitary confinement which makes the situation worse. It is our duty to help individuals in our communities to solve these problems. We need legislation and money to provide facilities for these individuals to receive the much needed help. Karen Dolan talked about some of the barriers that they have come up against to help stabilize these individuals and make our communities safer. We have to speak out, lobby for support and advocate for hospital beds. Sheriff Funk stated that once they have a civil commitment on these individuals we should be able to force medication and not allow them to get so far out of it that they can't function and victimize someone in the society or harm themselves. Mike Olsen stated that there should be a process to go through but at the same time we have to be careful to not step on their civil rights. We need legislation and money.

The Commissioners closed the Public Hearing and returned to the regular meeting schedule.

(7)

DISCUSS/APPROVE DENY RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH ACTING AS THE GOVERNING BODY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH (THE "ISSUER") AUTHORIZING THE ISSUER'S \$1,300,000 GENERAL OBLIGATION BONDS, IN ONE OR MORE SERIES, FIXING THE MAXIMUM AMOUNT, MATURITY, INTEREST RATE, AND DISCOUNT ON THE BONDS; PROVIDING FOR THE PUBLICATION OF A NOTICE OF PUBLIC HEARING AND OF BONDS TO BE ISSUED; PROVIDING FOR THE RUNNING OF A CONTEST PERIOD; AND RELATED MATTERS.

Jacob Sharp requested approval for a Resolution of the Board County Commissioners of Emery County, acting as the Governing body of the Castle Valley Special Service District, authorizing the issuance of \$1,300,000 General Obligation Bonds, in one or more series, fixing the maximum amount, maturity, interest rate, and discount on the bonds, providing for the publication of a notice of public hearing and of bonds to be issued, providing for the running of a contest period; and related matters. Jacob explained that CVSSD was successful in procuring a \$1.1 million dollar loan and \$900,000 grant through CIB at 1%. The Resolution allows for the running of the contest period. The final resolution comes at the end of the contest period. Alex Buxton added that when Jacob went before the CIB board he was able to secure the 1% financing. Closing is scheduled for March 30th. Commissioner Gil Conover made a motion to

(8)

DISCUSS/APPROVE/DENY INDEPENDENT CONTRACT FOR EVENT COORDINATOR & FACILITATOR SERVICES BETWEEN AMANDA LEONARD AND EMERY COUNTY.

Adriana Chimaras presented a contract for services for Amanda Leonard as Event Coordinator & Facilitator. We had a very general contract for the past three years. The scope of work in the new contract will include more specific details on what her job will be including an increase in responsibility. The board wants her to coordinate four major events within the county. Recruit two to three private businesses to hold events for at least 200 hundred people within the county. So that we would end up with at least one event a month in the county, whether on this side or the Green River side of the county. The contract also includes financial penalties if she doesn't reach the requirements on the events. Creating and updating the websites for events. Working on marketing campaigns, Instagram, Facebook, etc., come up with sponsorship packets for the events or news coverage. She will be expected to help administratively with the budget process. Commissioner Wilson talked about the way events were supported in the past. These events will now be redirected to go through Amanda rather than giving the funds to the events. He talked about tourism in Emery County and what the county would like tourism to look like in Emery County. Commissioner Kent Wilson made a motion to approve Independent Contract for Event Coordinator & Facilitator Services between Amanda Leonard and Emery County upon Mike Olsen's acceptance of the contract. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

DISCUSS/APPROVE/DENY AGREEMENT BETWEEN EMERY COUNTY AND THE SINBAD DESERT AMATEUR RADIO CLUB (SDARC).

Bret Mills presented an agreement between Emery County and the Sinbad Desert Amateur Radio Club (SDARC). Bret explained that the agreement covers all of Eastern Utah up to Midvale with UHS-FM. Captain Ekker explained that this service is a part of their Emergency Management TIC plan and is invaluable in time of disasters. There is no cost component to the agreement. He supports it 100%. Attorney Mike Olsen stated that this line of communication can be very critical to emergency operations. Commissioner Kent Wilson had some questions and made a motion that action on this item be tabled for two weeks. The motion was seconded by Commissioner Gil Conover. The motion passed.

(10)

DISCUSS/APPROVE/DENY ANNUAL AFFIRMATIVE ACTION PLAN.

Personnel Director Mary Huntington explained that the Affirmative Action Plan is federally mandated. It outlines the steps to insure that Emery County is an equal opportunity employer. This is something we have to do annually and especially benefits the Sheriff's Department to

(11)

DISCUSS/APPROVE/DENY RESOLUTION ESTABLISHING THE SAN RAFAEL SPECIAL SERVICE DISTRICT (PREVIOUSLY DENOMINATED THE EMERY MITIGATION SPECIAL SERVICE DISTRICT), AND RELATED MATTERS.

Commissioner Sitterud explained that the county has reached the end of the comment period regarding creation of the San Rafael Special Service District (Previously called the Emery Mitigation Special Service District). The purpose of the district is to allow for state PILT or Mineral Lease funds to be used to go after grant funding in the future with regards to the San Rafael Energy Research Center. As District Attorney Eric Johnson draws up the District's By-Laws they will be first reviewed by EC Attorney Mike Olsen. This makes the entity eligible for funds without being a strain on County funds. Commissioner Kent Wilson made a motion to approve Resolution 2-16-21B moving forward with having Eric Johnson draw up the District's By-Laws and have Mike Olsen review them first. The motion was seconded by Commissioner Gil Conover. The motion passed.

(12)

DISCUSS/APPROVE/DENY EMERY COUNTY'S COMMENTS ON THE MANTI LASAL NATIONAL FOREST DRAFT PLAN.

Public Lands Director Jim Jennings requested approval for two letters from Emery County stating Emery County's comments to be added to the Manti LaSal National Forest Draft Plan. One letter addresses OHV use. The second letter addresses important resources such as our watershed and other important resources such as wildlife, hunting, fishing, etc. Commissioner Kent Wilson made a motion to approve two letters supporting Emery County's comments on the Manti LaSal National Forest Draft Plan. The motion was seconded by Commissioner Gil Conover. The motion passed.

(13)

PRESENTATION: REPORT ON TRAIL MOUNTAIN FIRE EMERGENCY WATERSHED PROTECTION PROJECTS.

Captain Kyle Ekker reported on the progress of Trail Mountain Fire Emergency Watershed Protection Projects. There was no cost share for the county on this project. There has been a lot of participation in donating rock and other materials for this project. It is time to release liability on Perco Rock for the project. NRCS finished with their part of the project. They will be finishing up the project in the spring with Forest Service money. Captain Ekker will bring a Change Order for Commission approval in the next Commission Meeting.

(6)

PRESENTATION BY NAH UTAH, LLC REGARDING BONDS REQUESTED IN REFERENCE TO HELIUM EXPLORATION PROJECT.

Vance Blydo, VP of NAH, UTAH, LLC made a presentation regarding helium exploration in Emery County. NAH, UTAH, LLC is a Helium based exploration/production company founded in 2013. There is a big demand for Helium and Utah has the perfect kitchen for Helium. He talked about plans for Helium exploration in Emery County. He talked about the cost of bonding required by the State and Federal Government. NAH asked for relief on the county's required \$1m bond for any road damage incurred during development and operation of the wells. The Emery County Commissioners asked that they send in a written request of what they are requesting with accurate information. Action on this item will be considered in the next Commission Meeting.

(7)

OPEN, REVIEW AND AWARD BIDS FOR THE SAN RAFAEL ENERGY RESEARCH CENTER CONTRACTOR RFP

Commissioner Sitterud explained that the current contractor at the San Rafael Energy Research Center has come to an end. The Commission advertised for bids and only received one bid. The bid was from the current contractor CT Electric. The Commission will review the bid and award in the next meeting.

DISCUSS/APPROVE/DENY REQUEST FOR MONETARY DONATION TO FARMERS FEEDING UTAH.

Bret Behling came before the board of Commissioners to request a monetary donation to Farmers Feeding Utah. Farmers Feeding Utah is a 501 c3 non-profit organization formed by the Farm Bureau to distribute milk that farmers were not able to distribute due to the COVID 19 Pandemic. They took donations to purchase the milk from the farmers and turn it into cheese and other usable commodities to distribute to hungry people. They partnered with the State of Utah to find folks that were especially in need. They came up with the Navajo people. They

MARCH 2, 2021

worked with the state to determine ways to help the Navajo Nation with issues related to the COVID-19. As they tried to get food to them they found that there was a problem with getting the food processed. They tried to get them some lambs but could not get them processed. Farm Bureau bought 600 ewes and trucked them to the Navajo Nation along with flour and vegetables. With volunteers they went to the Navajo Nation and donated food to about 4,000. In the last year they have raised about a million dollars and gave away a million pounds of food. The whole concept is to take donations and buy commodities from farmers and donate to the hungry people. Thus helping out the farmers and those receiving the food. They have a process where the cars drive through and volunteers put the food in the vehicles. They propose a two phase project March 31, 2021 in Castle Dale and Green River. They have asked the San Rafael Middle School to plan the project and distribute the food. Ky Horrocks and Angelina Behling History teachers at SR Middle School want to teach the kids the value of service and pride through service. Four students from SR Middle School presented their plan for this service project. Wes Johansen, Kallie Lake, Acelynn Migliori and Maci Alton presented their ideas. Since this project will be done with donations, Farm Bureau/Farmers Feeding Utah are asking for a \$30,000 donation for this project. Commissioner Kent Wilson explained that Emery County received CARES money that they have to spend by December of this year. Donating to this project would qualify as a use for the funds. He talked about the cities in Emery County who pooled their CARES money with the County. Commissioner Kent Wilson made a motion to support the project with a donation of up to \$25,000 from Emery County CARES money. The motion was seconded by Commissioner Gil Conover. The motion passed. The Commissioners asked that the Cities be recognized as supporting the project also, and that the students return to the Commission Meeting to report on the project.

(9)

DISCUSS/APPROVE/DENY AGREEMENT BETWEEN EMERY COUNTY AND SINBAD DESERT AMATEUR RADIO CLUB (SCARC).

Captain Kyle Ekker indicated that the state is in process of reworking the state's emergency plan. It is important to keep communications open during a disaster. Emery County has a desire to get something done with respect to emergency communications. The Agreement needed some work. With respect to liability and safety issues Attorney Mike Olsen suggested it would be best to get Bret Mills, Sheriff Funk, Captain Kyle Ekker and Jeff Guymon all in the same room to get the agreement to where everyone is comfortable. Motion to table to work out the details of the agreement was made by Commissioner Kent Wilson, seconded by Commissioner Gil Conover, and the motion passed,

(10)

DISCUSS/APPROVE/DENY ALLOWING PLIPCO AND THE STATE OF UTAH TO REPRESENT EMERY COUNTY IN THE SAN RAFAEL DESERT TRAVEL MANAGEMENT PLAN LITIGATION.

Commissioner Wilson explained that 10 days ago SUWA filed a lawsuit over the San Rafael Desert Travel Management Plan. As a whole Emery County is grateful for this process. It

## COMMISSION MEETING MINUTES

MARCH 2, 2021

provides an opportunity to get roads legal so we do not have to keep defending them. PLIPCO has agreed to represent Emery County in the litigation process. PLIPCO needs permission from the County to do that. Commissioner Kent Wilson made a motion to authorize PLIPCO to intervene on behalf of Emery County in the litigation process for the San Rafael Desert Travel Management Plan. The motion was seconded by Commissioner Gil Conover. The motion passed.

(11)

DISCUSS/APPROVE/DENY ORDINANCE OF EMERY COUNTY, UTAH ENACTING EMERY COUNTY AS A SECOND AMENDMENT SANCTUARY COUNTY.

Commissioner Gil Conover made a motion to authorize Sheriff Funk and Attorney Mike Olsen to work on an Ordinance enacting Emery County as a Second Amendment Sanctuary County to bring back to Commissioners for approval. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(12)

DISCUSS/APPROVE/DENY SPECIAL LEASE AGREEMENT NO.1622 (SULA 1622) EXTENSION LETTER.

Emery County is the leaseholder for a SITLA lease for Blue Castle Holdings. Blue Castle will continue to pay the lease and use the land as agreed in the lease. Special Lease Agreement No. 1622 will extend the lease. Commissioner Gil Conover made a motion to approve Special Lease Agreement No. 1622 ( SULA 1622) Extension Letter. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY ENTRY FEE PRICING FOR THE MUSEUM OF THE SAN RAFAEL.

MOSR Director Adraina Chimaras explained that the MOSR has been going through a few changes to make it a visitor Hub for the future. The Museum Board is recommending implementing a nominal entry fee of \$2.00 for children 2-12, \$5.00 for 12 and up, free for under 2. School groups will still be free as well as veterans and over a certain age. Currently they request donations to enter the Museum rather than charging an entry fee. They are looking at a membership program and donation option for their website. They want to ask patrons to fill out a survey to gather data regarding donations vs paying an entry fee. They suggest a comment box to document complaints and get suggestions from the public. Commissioner Kent Wilson made a motion to approve the recommendation of the Museum of the San Rafael. The motion was seconded by Commissioner Gil Conover. The motion passed. The Commission asked that Adriana report back to the Commission regarding comments and data gathered.

(14)

DISCUSS/APPROVE/DENY AMENDMENT #1 TO THE EMERY COUNTY CARE AND REHABILITATION NF NSGO UPL AGREEMENT.

This agreement is to fund the Emery County Care and Rehabilitation Center. It was determined that the County does not have a copy of the original document to refer to for approval. Commission Secretary Meghan Crosland indicated that she has sent an email requesting the documents. Commissioner Gil Conover made a motion to table this until we get the proper documentation. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(15)

DISCUSS/APPROVE/DENY APPLICATION FOR 2021 PROPERTY TAX EXEMPTION FOR EPICENTER ON PARCEL #01-0154-0035 AND PARCEL # 01-1510-0043.

Assessor Kris Bell reviewed the applications from EPICENTER on parcel #01-0154-0035 and parcel #01-1510-0043. Parcel # 01-0154-0035 is vacant land which currently sits vacant. Parcel #01-151D-0043 is used to house volunteers and employees when suitable housing is not available in town. However, employees staying at the house receive compensation by way of housing included as part of the employee's pay. EPICENTER is a 501(C) 3 organization, but waives the rent for the employee. Kris indicated that she has checked with other counties to find out what they do with similar situations. She has found that other counties do not allow an exemption if the organization is receiving compensation by way of reduced pay to the employee in exchange for rent and is not exclusively used by the organization. Also, if the land is sitting vacant and not being used the exemption is not allowed for that property until it is being used as part of the organization operations. Commissioners asked for Kris's recommendation. Kris recommended that parcel #01-0154-0035 and parcel #01-1510-0043 be denied for the reasons as she has outlined. Commissioner Kent Wilson made a motion to deny application for property Tax Exemption for ERICENTER on parcel #01-0154-0035 and parcel# 01-1510-0043. The motion was seconded by Commissioner Gil Conover. The motion passed.

(16)

DISCUSS/APPROVE/DENY RESOLUTION AWARDDING CONTRACT FOR LICENSING AT THE SAN RAFAEL ENERGY RESEARCH CENTER ACCORDING TO 63G-6A-802

Commissioner Lynn Sitterud explained that the Resolution spells out how the County followed Section 63G-6A-802 of State Code in procurement of a contractor for licensing at the San Rafael Energy Resource Center. Commissioner Gil Conover made a motion to approve Resolution 3-2-21 a resolution awarding a contract for licensing at the San Rafael Energy Resource Center according to 63G-6A-802. The motion was seconded by Commissioner Kent Wilson. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORTS.

Commissioner Wilson talked about the Commission's desire to not have a County Fair this year. In lieu of the fair they are proposing to donate to the Rodeo Club and Youth Stock Show. They also propose purchasing equipment such as a bouldering/climbing wall and harnessed trampoline that can be loaned out to the cities for their city celebrations to help the entertainment value of the cities' celebrations. Fair numbers have dropped since the termination of the Castle Valley Pageant. They would like to try not having the fair for a couple of years and get input from the public for whether to continue with the fair. Commissioner Wilson indicated that the Commissioners have met with 2 solar companies proposing the put solar farms in 2 locations in Emery County. They will go through the same process as the other solar farms to see if Emery County will offer tax incentives to locate here. The commissioners are looking to plan for solar and not just react to solar proposals.

Commissioner Conover reported that the Commissioners have talked alot about tourism and solar. They are looking to gleam info from communities to see what the residents want.

DISCUSS/APPROVE/DENY PROPERTY TAX INCENTIVE FOR THE BUCKHORN RV PARK.

Jade Powell, SEUALG working with Huntington City on their Community Reinvestment Agency requested a 75% tax incentive for the Buckhorn RV Park in Huntington, UT for twenty years. Cole Revelli, Buckhorn RV explained that this is a \$5 million dollar investment. A 75% tax incentive will help them recoup some of the investment. They have met with Emery County School District who has ruled to grant a 75% tax incentive for the first five years with a re-evaluation every five years based on the average occupancy rate. They have had discussions with EWCD. They are scheduled to meet again with Huntington City on the 21st of April and are scheduling to meet with CVSSD. After much discussion, the Commissioners decided to take this discussion under advisement and look at it again in thirty days after Huntington City makes their decision.

(8)

DISCUSS/APPROVE/DENY THE 2021 PREDATION MANAGEMENT PLAN AGREEMENT BETWEEN EMERY COUNTY AND THE STATE OF UTAH.

This is an annual agreement between Emery County and the State of Utah. EC makes payment of \$6,000 to the State and we get back \$3,000.

Commissioner Kent Wilson made a motion to approve the 2021 Predation Management Plan Agreement between Emery County and the State of Utah matching \$3,000 from Dues and contribution. The motion was seconded by Commissioner Gill Conover. The motion passed.

(9)

DISCUSS/APPROVE/DENY REQUEST FOR LETTER OF SUPPORT FOR THE BUSINESS & TECHNICAL ASSISTANCE GRANT.

Jade Powell explained that they are applying for a grant for the Build-to-Scale EDA Challenge. It is a federal grant through the Economic Development Administration. Southeastern Utah Economic Development District is an arm of the AOG and they are putting together a proposal for \$750,000 for three years (\$250,000 per year). It will be centered on building out the Entrepreneurial Ecosystem in Southeastern Utah. The idea is taking all the assets in the region, such as the co-working space in Price, Green River/ Orangeville Libraries as well as Grand County and San Juan County, USU is a prominent partner, Coal Country Strike team, and others taking all these assets and coupling them with partners and programming such as through the small business development center. They will help with start-ups and succession planning to help businesses have the resources that they need. They like the idea of the Dixie State Innovation Center and what it offers to start-up businesses. They have patent attorneys available to help. The grant \$ will be to pay operating costs to get this all established and bring the pieces together. They have been granted funding to construct a new AOG building and plan to use the old building for some of the one-to-one matching grant. Once they have moved to the new building the old building will become the Business and Technical Assistance Center. They will also use his salary and other staff members salaries as a match. There is no monetary match cost for the county. Commissioner Kent Wilson made a motion to approve writing a letter of support for the Business & Technical Assistance Grant. The motion was seconded by Commissioner Gil Conover. The motion passed.

(10)

DISCUSS/APPROVE/DENY POSSIBLE ACTION REGARDING WORKING WITH JCI ON A NON INSURED PATIENT DISCOUNT RATE.

JoNeil Alvey JCI Billing requested discussion on possible action regarding working with JCI on a non insured patient discount rate. JCI would like to simplify the process for offering a discounted rate to patients who do not have insurance. In the past, Emery County Commission

## Commission Meeting Minutes

had a history of granting a 50% charitable write-off. There was a procedure through a written request to the EC Commissioners requesting a charitable write-off. In discussions it was noted that a few years ago the EC Commission took the position to not grant any further charitable write-offs for ambulance service. JoNeil pointed out that people are willing to pay on their bill if the county would be willing to apply a discount if the discounted rate is paid in full at the time of service. This is similar to what the hospital does following a procedure. They will call within 24 hours and offer a discounted rate if the bill is paid in full at that time. Otherwise, the patient continues to pay the full amount in payments or not pay at all. JCI wants to be able to offer the patient a discounted rate at the time of service. Most of the time the patient will pay their insurance deductible to avoid a higher bill. JCI requested discussion regarding a possible discounted rate to offer to patients. The EC Commissioners will take the discussion into consideration and bring back to Commission Meeting for further discussion and/or action.

(11)

DISCUSS/APPROVE/DENY CONTRACT BETWEEN THE STATE OF UTAH AND EMERY COUNTY SHERIFF'S OFFICE FOR BAILIFF AND PERIMETER SECURITY.

(12)

DISCUSS/APPROVE/DENY DEOBLIGATION OF UNUSED FUNDING AND CLOSE OUT OF OPTION YEAR 4-LAW ENFORCEMENT SERVICES FOR EMERY COUNTY SHERIFF'S OFFICE LAW ENFORCEMENT SERVICE ON BLM LAND FOR THE PERIOD 9/15/2019 THROUGH 9/14/2020

Captain Kyle Ekker explained that the SO did not use all the funds from the last Law Enforcement Agreement. They need to deobligate the unused funds totaling \$12,161.29 and return it to the state. Commissioner Gil Conover made a motion to approve deobligation of unused funds and close out of option year 4-Law Enforcement Services for Emery County Sheriff's Office Law Enforcement Service on BLM for the period 9/15/2019 through 9/14/2020. The motion was seconded by Commissioner Kent Wilson. The motion passed.

(13)

DISCUSS/APPROVE/DENY ADOPTION OF RESOLUTION DECLARING THE EXISTENCE OF A DROUGHT EMERGENCY IN EMERY COUNTY, UT.

Captain Kyle Ekker explained that adopting a resolution declaring the existence of a drought emergency in Emery County will help agriculture in the county apply for grants. Commissioner Kent Wilson made a motion to adopt Resolution 4-6-21 a Resolution declaring the existence of a drought emergency in Emery County, UT. The motion was seconded by Commissioner Gil Conover. The motion passed.

(14)

DISCUSS/APPROVE/DENY TAX INCENTIVE RATES FOR GREEN RIVER 1, GREEN RIVER 2 AND PIVOT 13 SOLAR PROJECTS.

Commissioner Wilson talked about solar projects currently seeking tax incentives from Emery County. Rocky Mountain Power advertised for solar projects in the Western United States. Emery County has two projects, Iron County has four projects, some in Beaver County, some in Sevier County and Tooele County. In response to RMP's request for solar projects a company has put together a solar project in Moore, vying for an opportunity to supply power to RMP. The Green River 1 & 2 project will be 400 mw of power with 200 mw battery storage. In the past we did a 50% tax incentive for the 100 mw solar project in Clawson. We did a 40% tax incentive for the project in Huntington Canyon that is a 40mw. The project in Moore would supply much more power plus the battery storage component. It is a \$600 million dollar investment project. The project has been shortlisted and have to put in their final bid to RMP for what a power purchase agreement would look like for the next twenty years.. They have requested a 50% Tax incentive from Emery County. As a Commission we have to look at what should solar look like in Emery County? The project will not create many jobs, maybe seven or eight jobs. It will create over the twenty year period roughly \$24 million dollars for the taxing entities of Emery County prior to an incentive. The EC School District voted to give a 40% Tax incentive. As a Commission they have struggled and have a difference of opinion or agreed on a resolution to the issue. Commissioner Gil Conover made a motion to approve a 40% Tax Incentive for Green River 1 Green River 2 and Pivot 13 Solar Projects. Commissioner Lynn Sitterud stepped down to second the motion. Commissioner Kent Wilson voted nay. The motion passed.

(15)

DISCUSS/APPROVE/DENY TAX INCENTIVE RATES FOR HORNSHADOW SOLAR PROJECT.

Commissioner Wilson indicated that the Hornshadow Solar Project entails 12 to 13 different fields spanning from Hunter Power Plant to Wilberg Wash hooked together in one project. The project will be a 200 mw solar project with a 100 mw battery storage component. The project will be visible along Highway 10 in several places. Julie Johansen commented that this project has not been granted a permit from Planning and Zoning at this time. They are also requesting a tax incentive rate from Emery County. After discussion on this request Commissioner Gil Conover made a motion to approve a 40% tax incentive rate for Hornshadow Solar Project. Commissioner Lynn Sitterud stepped down to second the motion. Commissioner Kent Wilson voted nay. The motion passed.

(16)

DISCUSS/APPROVE/DENY AMENDMENT OF SOLICITATION/MODIFICATION OF THE CONTRACT WITH THE BUREAU OF LAND MANAGEMENT, PRICE FIELD OFFICE.

(4)

RATIFICATION OF LETTER REGARDING THE 2021 LEASE FEE FOR THE CHILDREN'S JUSTICE CENTER IN EMERY COUNTY.

The 2021 lease fee for the use of the building housing the Children's Justice Center in Emery County is \$3,000.00. Emery County Commissioners approved to waive the lease for 2021 in the full amount of \$3,000.00 in order for this amount to be used as an in kind contribution on the VOCA Grant Application. This action needs to be ratified. Commissioner Kent Wilson made a motion to ratify the signing of a letter regarding the 2021 lease fee for the Children's Justice Center in Emery County. The motion was seconded by Commissioner Gil Conover. The motion passed.

(5)

DISCUSS/APPROVE/DENY AMBULANCE BILL WRITE OFF FOR CALEEN WILCOX.

Commissioner Wilson discussed a request from Caleen Wilcox for an ambulance bill write-off. In the past, the EC Commissioners considered write-off requests from EC residents. It was discussed that in years past there was a request form that asked for financial information from the person making the request. Recently, JCI asked the Commissioners for their direction on how to handle requested write-offs. After some discussion on this subject, Commissioner Kent Wilson made a motion to approve a 40% discount on this request and to analyze what we want to do in the future. The motion was seconded by Commissioner Gil Conover. The motion passed.

(6)

DISCUSS/APPROVE/DENY STARTING THE PROCESS TO SELL PARCEL 1-112B-52, APPROXIMATELY 6.8 ACRES LOCATED ON 450 N IN FERRON.

Jeff Guymon informed the Commissioners that the County acquired this property in a tax sale in 1927. At that time there was a subdivision there. Later, Attorney Dave Blackwell during his time as County Attorney, vacated the subdivision. The property is not being used to the benefit of the public at this time, so as in discussions, we might as well get back on the tax roll. Attorney Mike Olsen reviewed the county's process for disposal of property. 1. Commissioners make a motion to start the process to sell the property. 2. Send a letter to adjoining property owners of the County's intent to sell the property. 3. Advertise in the local newspaper for two weeks the County's intent to sell the property. 4. Post notice on the property of the County's intent to sell. The Assessor sets the minimum price. Commissioner Gil Conover made a motion to start the process to sell parcel #1-112B-52 approximately 6.8 acres located on 450 N in Ferron and through the process determine the method of the sale either through sealed bids or auction. The motion was seconded by Commissioner Kent Wilson. The motion passed.

MAY 18, 2021

(7)

DISCUSS/APPROVE/DENY STARTING THE PROCESS TO SELL PARCEL 4-44A-6,  
APPROXIMATELY 1.08 ACRES LOCATED WEST OF ORANGEVILLE.

Commissioner Kent Wilson made a motion to start the process to sell parcel # 4-44A-6 approximately 1.08 acres located west of Orangeville under the same circumstances as the previous parcel. The motion was seconded by Commissioner Gil Conover. The motion passed.

(8)

DISCUSS/APPROVE/DENY STARTING THE PROCESS TO SELL PARCEL 1-154C-5  
APPROXIMATELY .3 ACRES LOCATED AT 175 S GREEN RIVER.

This parcel was acquired as a tax sale as well. Mr. and Mrs. Quist, adjoining property owners, were present at the meeting. The property overlaps the Quist property including a portion of their house that sits on a sliver of the land. The property is landlocked. Jeff suggested meeting with Green River Zoning and asking ' what could this property be used for?'. Mr. Quist stated that they have been using the property since they acquired their property not knowing it was not part of their property. They have now sold their business and moved everything out. They have had several inquiries to purchase their property and wish to get the situation resolved so they can sell the property. Commissioner Wilson asked Attorney Mike Olsen if they have to follow the property disposal procedure in this case? Mr. Olsen indicated that the commission is allowed to take the circumstance into consideration as long as the County receives a fair and equitable price for the property. There are notice requirements that still need to be followed. The Assessor will set the minimum price. The public is made aware of the minimum price acceptable. Commissioner Wilson made a motion to start the process to sell parcel 1-154C-5 using the same procedure as in the other two parcels with the stipulation that there is one adjacent property owner and analyze to see if there is a pathway to sell to the adjacent property owner. The motion was seconded by Commissioner Gil Conover. The motion passed.

(9)

DISCUSS/APPROVE/DENY FIRST AMENDMENT TO MEDICAL OFFICE BUILDING LEASE  
REGARDING THE CASTLE DALE AMBULANCE GARAGE.

This is a request from Emery Medical Center to approve a first amendment to the lease to house two ambulances. Commissioner Kent Wilson made a motion to approve First Amendment to Medical Office Building Lease continuing the lease for the Castle Dale Ambulance Garage. The motion was seconded by Commissioner Gil Conover. The motion passed.

The motion was seconded by Commissioner Kent Wilson. The motion passed.

(8)

DISCUSS/APPROVE/DENY REQUEST FROM JASON MERRELL TO PUT A TRAILER ON HIS PROPERTY IN HUNTINGTON CANYON.

Jason Merrell talked about plans for his mountain property in Huntington Canyon. He stated he has received conflicting information regarding what he can and can't do on a small mountain lot. Jeff Guymon reported that in accordance with the mountain zoning section of the Emery County General Plan you must own 40 acres. Julie Johansen explained that this is to prevent small acre lots and prevent having a trailer park on the mountain. The only exception to that is owning property within a subdivision where there are regulations in place. Attorney Mike Olsen reminded Mr. Merrell that there is a process to go through before this was even brought before the Commissioners, and Mr. Merrell did not follow the process. This is a non-conforming lot. Mr. Guymon has given Mr. Merrell the information he needs. He needs to go through the proper channels meaning the Land Use Committee/Planning/Zoning Committee Processes. The Commissioners took no action on this issue.

(9)

COMMISSION/ELECTED OFFICIALS REPORTS

Sheriff Funk reported on Memorial Day in the County and honoring those who have and are serving this Country. His department is going through some growing pains at this time. Many have retired. The Department is young. They are planning to hire at least 3 more deputies.

Commissioner Wilson reported on attending Memorial Day Veteran's programs on Monday. He talked about taping the programs and making them available for veterans to watch at home. He suggested a good opportunity for high students would be to host a flag burning program.

(5)

DISCUSS/APPROVE/DENY PRESENTATION REGARDING THE HIRING OF 4 ADDITIONAL CORRECTION OFFICERS TO COMPLY WITH STATE CORRECTIONAL FACILITY RULES TO HOUSE STATE INMATES.

Sheriff Greg Funk, Deputy Shaun Bell and Corrections Sergeant Robby Riley presented information regarding housing state inmates at the Emery County Sheriff's Correctional Facility. Sheriff Funk explained that last year the ECSO began to house State inmates. They started off with 10 inmates. The State Prison guarantees the SO at least 40 inmates. However, at this time they are shorthanded. The ECSO will need to bring on additional staff to house additional inmates in order to meet facility rules to house state inmates. Shaun and Robby provided a breakdown of costs related to housing state inmates. The ECSO can handle 25 inmates with the staff that they have. It takes up to 5 months to train a new correctional officer. Sheriff Funk estimates that the SO may run in the red until they can get caught up with staffing the jail. Inmate revenue from the State for July 2020 through June 2021 was \$158,962. Estimated inmate revenue per year, per inmate is \$22,275.95. It cost \$98,000 per year for 4 employee positions. That amounts to \$392,000 in wages and benefits for 4 employees. It currently costs \$6,640.80 for certification/\$26,563 one time certification for 4 employees. It costs \$6.00 per day to feed 1 inmate/25 inmates \$150.00 a day or \$54,750.year. It was estimated that revenue from the state to house 25 inmates would be \$556,898.75 a year. After further discussion, Commissioner Kent Wilson made a motion to move forward with hiring additional staff to allow the SO to take on more state inmates, to meet quarterly to look at the numbers to possibly get up to the 25 inmates as quickly as possible. The motion was seconded by Commissioner Gil Conover. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORTS.

Sheriff Funk reported on the success of the Search and Rescue Triathlon held on the 16th and 17th of July. They had 130 contestants. They raised a substantial amount to assist EC Search and Rescue.

Commissioner Wilson talked about the proposed property tax increases. Homeowners are in for a shock due to taxes going up 25%. This is due to the factoring ordered by the state due to the price of home sales and the school bond approved in the last election. He indicated that the commissioners have invited the State Tax Commission to come to Commission Meeting to explain why Centrally Assessed property is down while residential has gone up.

He talked about a start-up business that is interested in renting the old Weed/Mosquito building. The Commissioners have talked about \$1000/month rent and \$500.00 allowance for them to upgrade the building. They are looking at what other counties are doing in this same scenario. The Commissioners have talked about making the old building into a manufacturing incubator for start up companies.

He also talked about the success of the EMT's in Green River.

Commissioner Sitterud reported that they finally have another contract from DRAX for the Research Center. They also have a local company, Conductive Composites looking into research at the center.

6:00 pm  
AUGUST 17, 2021

Present at the Public Hearing was Commission Chairman Lynn Sitterud, Commissioner Kent Wilson, Commissioner Gil Conover, Clerk/auditor Brenda Tuttle, Deputy Clerk/Auditor Carol Cox, and citizens.

NOTICE OF PROPOSED TAX INCREASE

EMERY COUNTY IS PROPOSING A ONE TIME TAX LEVY TO PAY FOR A FINAL AND UNAPPEALABLE JUDGEMENT OR ORDER TO REFUND PROPERTY TAX TO A TAXPAYER(S).

THE TOTAL AMOUNT REQUIRED TO BE COLLECTED TO REFUND THE TAX IS \$112,500.

THE IMPACT ON A \$125,000 RESIDENCE WILL BE \$3.67 FOR ONE YEAR.

THE IMPACT ON A \$125,000 BUSINESS WILL BE \$6.67 FOR ONE YEAR.

Commissioner Lynn Sitterud opened the meeting to accept comments from the public. He explained that Pacificorp was granted a \$22,634,000 reduction in value. This resulted in Emery County having to pay a \$112,500.00 refund to Pacificorp.

Dixon Huntington voiced his concern for another added tax to the citizens of Emery County. He asked if there was any way to offset this payment with cut backs to departments?

Commissioner Sitterud explained that the Emery County Commissioners invited the State Tax Commission to come to the county to explain why they have allowed resident taxes to go up while Pacificorp taxes to go down. Six representatives from the USTC came and addressed the County's concerns.

Commissioner Wilson explained that one option would be to cut departments and pay the refund but, by doing a tax levy Pacificorp will be paying 80% of this refund back to themselves.

Brenda Tuttle explained that Emery County does not get extra money by doing this tax levy. We will still collect the same amount. This doesn't change the county budget.

Comments and questions were provided by Russ and Julie Oakeson and other citizens in attendance.

Commissioner Gil Conover made a motion to close the Public Hearing and adjourn the meeting. The motion was seconded by Commissioner Kent Wilson. The motion passed.

DISCUSS/APPROVE./DENY PROPERTY TAX EXEMPTION APPLICATION FOR CASTLE RIDGE BEHAVIORAL HEALTH CORP.

Todd and Donn Jeffs requested approval for a Property Tax Exemption Application for Castle Ridge Behavioral Health Corp. Donn explained that they recently purchased the old Castle Dale City Hall building with the intent to be a behavioral health center. They have been set up as a 501C3 non-profit company; She indicated that they do plan on having employees in the future as they grow. Any funds that come in will go directly into paying daily expenses. They will

offer charitable, education and spiritual guidance to people in crisis. In the future they plan to employ a therapist and a nutritionist to assist individuals to take care of themselves spiritually, mentally, and physically. They plan to offer assistance for all manner of addictions and depression as well as rehabilitation/recovery services. They have 16 rooms to offer in-patient and out-patient services. Future plans include a gym in the old swimming pool area. They hope that this will be a place of refuge and safety while working through crisis situations and learning life skills for the future. They had an open date of September 1st, 2021, however, they are still working to get the facility ready. They have a website [castleridge.org](http://castleridge.org). This first year services will be on a cash basis only as they are not allowed to take insurance for the first year.

Commissioner Kent Wilson talked about the three major criteria set by state statute to qualify for tax exempt status. The criteria are religious, charitable, and educational. They must be a non-profit with no income resources.

Sheriff Funk asked if they will be working in coordination with Four Corners? Donn indicated that they would like to work with Four Corners but have not had a discussion with them as of yet.

Commissioner Wilson asked that Attorney Mike Olsen review the application to determine if Castle Ridge qualifies for tax exempt status as per state statute.

Commissioner Gil Conover made a motion to table any decision on the tax exempt application for Castle Ridge Behavioral Health Corp until the next Commission Meeting. The motion was seconded by Commissioner Kent Wilson. The motion passed.

RATIFICATION OF APPROVAL OF EMERY COUNTY'S APPLICATION TO THE STATE MATCHING GRANT PROGRAM FOR THE SRERC SANITARY SEWER LINE PROJECT.

Emery County received \$900,000 from the federal government. The state has received money also. The State came up with a Matching Grant Program that counties may apply for to use for matching on projects for their county. Emery County came up with two projects. This first project is for a sewer line from the SRERC to Orangeville City. Commercial and Residential outlets along the way that property owners will be able to connect to. They have ten or so people who are interested in connecting to the line. Emery County felt that this project met the qualifications for the program and has made an application to the state program. The paperwork had to be filed prior to this meeting and ratification of that process is now needed. Motion to ratify approval of Emery County's application to the State Matching Grant program for the SRERC Sanitary Sewer Line Project was made by Commissioner Kent Wilson, seconded by Commissioner Gil Conover. The motion passed.

(4)

PRESENTATION BY KIMBALL AND ROBERTS REGARDING DISCUSSION AND APPROVAL OF THE 2020 FINANCIAL AUDIT.

Rick Roberts from Kimball and Roberts reviewed the 2020 Financial Audit for Emery County. He reviewed the Opinion Letter to the County and provided comments regarding the financial status of Emery County. Rick added that Emery County is fortunate in that they have two CPA's on staff, Clerk/Auditor, Brenda Tuttle and Treasurer, Josie Stilson. Most rural counties do not have that. Commissioner Kent Wilson made a motion to accept the 2020 Financial Audit. The motion was seconded by Commissioner Gil Conover. The motion passed.

(5)

REQUEST TO BE ON THE AGENDA FROM LINDA WHITE REGARDING HER CONCERNS WITH VOTING OPTIONS AND REQUIREMENTS.

Linda White voiced her concerns with voting options and requirements. She indicated she does not like the by mail option for voting and desires to vote in person. Voting in person required you to bring in your ballot that you were mailed and you would be given another of the same ballot to vote in the office, sign and seal it and drop it in a drop box. She wanted to know how this could be changed. Commissioner Wilson indicated that the whole state is by mail with

paper ballots. This manner of voting was mandated by the State a few years ago. Carbon and Emery County were the last to hold out using the machines. The County could use their own

method of voting, however the cost to run an election without the assistance of the state would be much more money than the county has. Ms. White indicated that she started at the local level to see what needs to be done to get a change to voting options. She will now move up the chain of command to see what can be done.

(6)

DISCUSS/APPROVE/DENY CREDIT CARD PURCHASE LIMIT INCREASE FOR ADRIANA CHIMARAS, TOURISM DIRECTOR.

Commissioner Wilson explained that many times Adriana has to max out her credit card plus several others to make conference registrations and motel room reservations for Tourism Board members to attend conferences. Adriana currently has a \$1,000.00 credit card limit. She requested to have the limit increased to \$5,000.00. Funds used to pay the credit card come from TRT funds not county funds. Adriana indicated that will be able to stay within the County's Purchasing Policy even with the increased credit card limit. Commissioner Kent Wilson made a motion to approve a credit card purchase limit increase to \$5,000.00 for Adriana Chimaras, Tourism Director. The motion was seconded by Commissioner Gil Conover. The motion passed.

(7)

DISCUSS/APPROVE/DENY COMMISSION ADJUSTMENTS ON PARCELS 01-0018-0007, 01-0072-0012, AND 02-0117-0018.
