APRIL 1, 2008

Commissioner Sitterud asked for a second on the 45% only. Commissioner Horrocks was the only affirmative vote. There was no second. Commissioner Sitterud asked if Commissioner Horrocks included looking at back pay as part of the motion. Commissioner Sitterud was not willing to vote on the motion if it did not include looking at back pay. Commissioner Horrocks asked if Commissioner Kofford's motion was for the 50% and not look at back pay. Commissioner Kofford indicated that it was for 50% and no back pay. Commissioner Horrocks's motion to distribute the funds at 45% died for lack of approval. Commissioner Kofford made a motion to approve a resolution to fund at 50% and not look at back pay. The motion was seconded by Commissioner Horrocks and approved by all members present.

Patsy Stoddard, Emery County Progress asked where the other 50% will go. Commissioner Sitterud explained that it will go into the general fund. There will have to be a budget hearing to determine how to use the funds. He explained why he would like to see the county pay off the jail. This is a legal use of the funds. He indicated that the funds are depleting more each year. When the funds are gone the payment for the jail will fall back on the tax payers. So we need to pay off the jail before the funds go away. There is approximately 6 million dollars left to pay on the jail. Commissioner Sitterud explained the process by which mineral lease money comes into the county. There is federal money that comes into the county's SSDs. The letter that came with the check from SITLA stated that the \$1,980,520.00 represents a distribution from the Land Exchange Distribution Account. The LEDA was established by Utah legislature in 2007 to distribute the State of Utah's share of mineral revenues from former federal lands acquired by SITLA through Utah Schools and Land exchange Act of 1998, commonly known as the Grand Staircase-Escalante National Monument Land Exchange. At the time of the land exchange, the Trust Lands Administration agreed to share mineral revenue from acquired lands with the state's mineral lease account. The 2007 legislature created LEDA to distribute this revenue directly to counties affected by the land exchange, instead of through the mineral lease account. These funds are to be used to mitigate the impact caused by mineral development or to mitigate lost economic development opportunities. Commissioner Sitterud explained how the percentage of mineral revenue coming in from the federal side is consistently going down. Commissioner Sitterud again expressed the importance of paying off the jail as soon as possible.

Josie Luke, Emery County Review asked if the Commissioners will be considering what was talked about today, being tracking how the money is spent. Commissioner Sitterud explained that there will a budget hearing to put the money into the budget and identify where to allocate the money. The money is already being tracked. There are specific uses that the money can be used for. Steve Barton, Treasurer will distribute the money to the SSDs as we approved today.

**OPENING OF BIDS FOR LAWN CARE SERVICES. CONSIDERATION AND APPROVAL OF AWARING BID (S).**

Commissioner Kofford opened the bids for lawn care at the libraries and the Road Department.

MINUTES OF THE EMERY COUNTY BOARD OF COMMISSIONERS  
APRIL 1, 2008

Kyler Edgehouse, \$35.00 each for the libraries in Orangeville/Castle Dale and the Road Dept. lawn and \$40.00 each for all the other libraries. This was a bid for weekly service.

Jesse Malan, \$30.00 a week for the Emery Town Library.

Kyle Cook, \$25.00 per week for each library except Ferron/Emery which was \$40.00 per week for each library. His bid indicated that weeding or flower bed cleanup was an extra \$20.00 per hour and sprinkler repair was \$5.00 per head. Commissioner Kofford indicated that the RFP was not written as requested.

Patricia Willson, \$25.50 per week for Ferron Library.

Gatlan Huntington, \$90.00 per week for Castle Dale and Orangeville Libraries and the Road Department.

Commissioner Jeff Horrocks made a motion to allow Commissioner Kofford to take the bids, review them and award the bid based on comparison with the other bids. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**CONSIDERATION AND APPROVAL OF LETTER OF INTENT BETWEEN EMERY COUNTY AND MANCOS RESOURCES.**

Economic Development Director, Michael McCandless discussed right of entry permits and letters of intent with the State of Utah approved in the last Commission Meeting. This is the beginning of the permitting process to evaluate if they can locate there. Mancos Resources is a uranium milling project that would like to locate on Section 36 near the Sphinx Substation. In order for them to go through their permitting process they have to hone in on a specific parcel of land. This is the reason for the letter of intent between the companies and Emery County and are all contingent upon final approval and agreement from SITLA . It would enable these companies to say that this is the parcel of land that we are looking at and secure them for the permitting process. Mancos Resource had a community meeting in Green River last week where they went through questions from the community.

(8)

**CONSIDERATION AND APPROVAL OF LETTER OF INTENT BETWEEN EMERY COUNTY AND ENERGYPATH.**

Energypath is going through the same process as Mancos Resources and asks for a letter of intent for their permitting process.

MINUTES OF THE EMERY COUNTY BOARD OF COMMISSIONERS  
APRIL 1, 2008

Attorney David Blackwell reviewed the letters and identified several concerns. Regarding the Mancos letter he was concerned that there was no term option. He was not comfortable with tying things up indefinitely. There needs to be some time limit identified, perhaps 2 years and anything beyond that would be contingent upon mutual agreement. The other issue, with both letters, is that there is no escape clause for Emery County. There is nothing to say that if we don't like the direction things are going that we can get out of it. Mike agreed that would be a good clause to include. Mike indicated that they are insisting that any of these businesses come to Green River City to make their announcement and answer any questions that the community may have. If we identify problems or concerns that they cannot answer to the community we may not want them. Mike suggested the Commissioners look at one other item if they are going to amend the letter of intent. In consideration for doing these letters of intent that they pay \$10,000.00 fee to the county that would secure the land. The money would go to SITLA for the first two years lease. This would our consideration for entering into these letters of intent. David Blackwell agreed that would be good. We are allowing them to tie up the land and what do we get for that. Another problem he sees as just a county problem. The county's resolution for disposing of property would have to be amended to exempt this project or similar projects. Mike explained that they have discussed this process with SITLA. What will probably happen is Emery County will not take ownership of the land. They will use a third part entity such as RC&D Council that does not have these kind of policies. The state would deed it to them who in term would deed it over to the end owner. The county would never actually take ownership of the deed. We are the lease holders. They prefer getting it into private ownership as quickly as possible. David said he will review the resolution to be sure it did not consider state lease holders. He also suggested putting some kind of minimum on the property before we go through the advertising because the advertising as can get costly.

Commissioner Gary Kofford made a motion to accept the intent of the letters of intents for Mancos Resources and Energypath with the amendments of \$10,000.00 fee paid to the county, an escape clause for Emery County and term of options for Emery County. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**REQUEST FOR FINANCIAL ASSISTANCE FOR GREEN RIVER DIVERSION DAM PROJECT.**

Commissioner Jeff Horrocks reported that for the last few months he has been reporting back to the Commission on meetings with Green River Canal Company and users regarding the current state of condition of the Green River Diversion Dam. The owners, users and Green River City have grouped together to procure an evaluation/study of the dam to determine its condition. The owners of the company have come up with the majority of the funding Grand County is giving them \$2,500.00 for the project through the Grand County Canal Company. The group requested \$5,000.00 from Emery County to assist with a study/evaluation of the dam. The funding will go through Green River City as a partner with the Canal Company and they will handle the finances for them. Commissioner Jeff Horrocks made a motion to make available \$5,000.00 to Green River City for the Green River Diversion Dam Project. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Commissioner Sitterud reported on recent discussions with Green River City to create a water conservancy district to manage the project.

(11)

**DISCUSSION AND APPROVAL TO SELL USED COUNTY VEHICLE TO AIRPORT MANAGEMENT FOR USE AT HUNTINGTON AIRPORT.**

Commissioner Gary Kofford indicated that Leon Defriez, Huntington Aviation, LLC has requested a vehicle from the county for the last two years. Leon said that the vehicle would be used by pilots to travel into town to get a meal or meet other needs. Commissioner Kofford stated that the county has been hesitant to provide a vehicle due to the liability/insurance issue. Commissioner Kofford suggested that the best thing for the county would be to sell to Huntington Aviation, LLC, a vehicle that is slated to go to the auction on April 5th. Commissioner Gary Kofford made a motion to remove one of the 2003 Dodge Durangos from the County auction and sell it to Huntington Aviation, LLC for \$100.00. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(12)

**DISCUSSION OF NEED FOR CELL PHONE IN BUILDING DEPARTMENT.**

Commissioner Kofford discussed a situation wherein the Building Inspector has been receiving a monthly stipend with the idea that he would provide a cell phone that could be used for county

MINUTES OF THE EMERY COUNTY BOARD OF COMMISSIONERS

business. Due to some credit concerns, he is not able to participate in a cell phone contract at this time. It is important that the building inspector be able to be contacted. The Clerk/Auditor's office has a pre-paid cell phone that the Building Inspector could use. Commissioner Gary Kofford made a motion to supply the Building Inspector with a pre-paid card and cell phone with the stipulation that it is to be used for county business only. The Building inspector will keep a log of calls and the intent of the call with a limit of \$45.00 per month. The phone and the log will be turned into the Clerk/Auditor before a new card is provided. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**APPROVAL TO CONTRACT FOR ASBESTOS INSPECTION AT OLD SHERIFF'S OFFICE BUILDING/JAIL.**

Commissioner Kofford talked about the old sheriff's building that will going up for bid at the April 5<sup>th</sup> County auction. The Commissioners have been contacted by several contractors interested in the building, but are wanting to know if there has been an asbestos test done on the building. Dave Adams of RR Environmental out of Salt Lake was contacted to conduct an asbestos test on the building. Commissioner Kofford asked for approval to pay RR Environmental for the asbestos testing and mileage to and from SLC to take samples. Because of time constraints, Mr. Adams is pushing to get this testing done before Friday, April 4<sup>th</sup> so that we can have the information available to those contractors who may wish to bid on the building. Commissioner Gary Kofford made a motion to approve a contract with RR Environmental for asbestos testing at the old sheriff's building contingent upon David Blackwell's approval of the contract. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**CITIZEN CONCERNS**

Commissioner Sitterud cautioned that citizen concerns is generally reserved for citizens to voice concerns however, Michael McCandless had an item that came up yesterday and is not on the agenda that needs some consideration. Michael McCandless requested approval to participate with Carbon County on a sales tax leakage study. The State Tax Commission is the keeper of these records but before they will allow the consultant to have access the information we have to give them approval. This will be the third year we will do the leakage study. We are just waiting for the reports for up to the forth quarter of last year. We need a letter that grants access to the information. Commissioner Gary Kofford made a motion to allow a letter to be sent to the State Tax Commission granting access to the information. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**COMMISSION REPORTS**

*Commissioner Kofford*

Commissioner Kofford reported that he met on the 24<sup>th</sup> of March with J&T, Kent Petersen, SSD#1 board member, and UDOT on the Moore Cut-Off Road Project Phase IIV design and ROW acquisition. They went over the design drawing and visited the site. A representative from the Army Corp of Engineers met with them regarding wetlands. The review went well. The design will be complete and ready for bid in September/October.

The Green River Senior Center is coming along well. The building is complete as far as electrical and plumbing are concerned. They are working on putting the sewer lines and putting power outside the building for lights.

On the 18<sup>th</sup> of March Congressman Matheson was in Price where he talked about housing problems. Later in the day he toured Bucyrus in Huntington. Bucyrus re-manufactures old mining equipment.

MINUTES OF THE EMERY COUNTY BOARD OF COMMISSIONERS  
APRIL 1, 2008

He met on March 15<sup>th</sup> at the Huntington Airport with the Back-Country Pilot's Association. The group delights in landing on dirt runways. They go around to various smaller, back country airports and help keep the runways in serviceable condition. Leon DeFriez, Huntington Aviation, LLC wondered what part Huntington Airport might play in membership in their association. The Association indicated that the runway could be used in training pilots. They indicated that they may have a 'fly in' sometime this fall. Commissioner Kofford wondered if maybe we should possibly put information about the airport on the Emery County website.

*Commissioner Horrocks*

Commissioner Horrocks reported on the unveiling of the new dinosaur at the "Night at the Museum" celebration held at the Museum of the San Rafael on March 27<sup>th</sup>.

Commissioner Horrocks reported on the Economic Summit with Senator Bennett that he attended with Commissioner Kofford and Commissioner Sitterud.

*Commissioner Sitterud*

Commissioner Sitterud reported that he, along with Sheriff Guymon and Commissioner Kofford, escorted Senator Bennett's staff on a tour of the desert.

He reported on his meeting with Utah Association of County's Legislative Review where they reviewed bills headed before the legislature.

Commissioner Sitterud talked about a recent ATV bill that addresses an ATV to make it street ready, licensed as a vehicle so it can be driven on the highway. He indicated that this bill came from Garfield County, more specifically Grand Staircase-Escalante, where ATV's are not allowed in the Grand Staircase.

He also talked about the new judge selection process. The process goes through the Judicial Council.

He also provided a short update of the swimming pool project.

**APPROVAL OF FACTOR ORDER ON LAND COUNTYWIDE AND RESIDENCES IN CASTLE DALE, ORANGEVILLE, HUNTINGTON, AND FERRON.**

Assessor, Kris Bell discussed a factor order from the state on land countywide and residences in Castle Dale, Orangeville, Huntington and Ferron. She stated that the factor is based on sales ratio studies, people buying and selling their homes and land. The state looks at what people have paid for it compared to what we have it appraised for. People are selling homes and vacant property for much higher than the county have it appraised for. She used an example of a parcel of vacant land, .67 acres, that sold for \$19,500.00, Emery County has it valued at \$1,500.00. The state came in and said that our four big cities, Huntington, Castle Dale, Orangeville and Ferron need to be factored at an additional 10%. When we do sales ratio the state wants us to be 100% of the fair market value, but they let us be at 90%. So in order to get to the 90% the minimum is a 10% raise on homes plus the factor on the land. The 10% would be on the four larger towns for residences and land is countywide. Kris proposed a minimum that will be a happy medium for the state and the tax payers. She described a buildable lot as a lot that has frontage. She proposed taking up to an acre with half of the lot value, if buildable, and after the acre go to the backage rate. If the property has culinary and sewer we would put a full lot value on it. If it has gas and sewer we would put a full lot value on it. If it just had one of the four we would leave it. Kim Lacy, State Tax Commission explained that if the county did not raise its home and lot values to be within 90% of the market value, then the state would step in and would raise the values to 100% of the market value. Kris stated that she has to do something and felt that raising the values a little each year is better than doing it all at once. Kim Lacy indicated that the problem is that you have areas that are growing. Steve Barton pointed out that even though the tax values go up the tax rate will go down because the county cannot collect any more taxes than what we are already collecting. Commissioner Sitterud agreed. He stated that it is going to re-shift the taxes. The major portion of the taxes are paid by centrally assessed properties. Their taxes will go down and it will shift to the homeowner. It will shift from corporation to private. There has to be a constitutional change to make any changes in that process. Kris indicated that at this time it is a seller market. People are getting what they can out of their houses. There are people coming from out of the area and buying homes for bargains. Steve Barton asked if appraisers are changing the way that they appraise properties? Kris indicated that they adapting to what the market is selling for. If I wanted to sell my home the appraiser would find a home that has sold in the area that is comparable to my home and this is what they would use to get a value. If they can't find one in the area they will use a comparable from Carbon County. Kris indicated that his is her argument, Carbon County is different than Emery County. They have been on the rise for some time. Kim Lacy reviewed an assessment /sales ration report with the

COMMISSION MEETING MINUTES  
APRIL 15, 2008

Commissioners showing that Emery County is at an average of 87% . The state wants the mean to be between 90 to 110%. She indicated that is basically due to not having lot values on vacant land. Kris stated that the Assessors Office tried to put lot values on vacant land a few years ago and they were told not to by previous Commissioners. If they had done it earlier they would not be at this point now. Commissioner Sitterud stated that it really bothers him that we have that big power plant out there that puts million of dollars into it each year and their taxes decrease and residential taxes go up. Until this equals out this really bothers us all. Kim indicated that she will take that feeling back to the state people. Commissioner Horrocks felt that the state needs to address the one size fits all factor. The residents are being punished for the way the state assess values. They talked about whether a motion was needed. Commissioner Sitterud asked what would happen if we did nothing. Ms. Lacey indicated that if the county does nothing then the state will come in and do it. Brenda Dugmore indicated that there was not a motion last year when the state imposed an 18% factor. You do no have to concur or make a motion that they do it. If you are going to say don't do it then you would have to make a motion. Commissioner Sitterud asked for legal council. David Blackwell had left the building. Commissioner Jeff Horrocks made a motion to recess the meeting until legal council can return to the meeting. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Motion to return to the regular meeting was made by Commissioner Gary Kofford, seconded by Commissioner Jeff Horrocks and approved by all members present. Commissioner Sitterud asked David Blackwell if we need a motion for Kris to do the factor or can she as department head do the factor. David asked what was done in the past. Commissioner Sitterud indicated that last year we were informed of the factor and it was done. Leslie Bolinder indicated that the county needs to be consistent in what they do. Kris indicated that she is looking for direction. Commissioner Jeff Horrocks made a motion to direct Kris Bell to do the very minimum that she has to do to bring the county into the 90% factor. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**COMMISSION REPORTS**

*Commissioner Kofford*

Commissioner Kofford indicated that he received notice from Mark Payne, Director of the Division of Substance Abuse and Mental Health informing that Four Corners Behavioral Mental Health received a grant for \$561,957.00 that has to be matched with \$500,961.00 to be used in the general fund SAPT Block Grant and Drug Free Schools and Communities. It will help the communities in three counties.

The South Moore Cut-off Project is 70% compete.

COMMISSION MEETING MINUTES  
APRIL 15, 2008

Commissioner Kofford reported on a recent meeting with UDOT regarding the STIP List for 2009/2010. Emery County is on the list for \$950,000.00, which is a 50% match to bring us up to the 1.9 million dollars for a project on the Temple Mountain Road. This is not enough to finish the project. It is enough to do about two miles of the four miles left to finish the project. The State did away with the Parks Access fund a couple of years ago and has now re-instated the fund. We need to go through the process to get back on the STIP list to complete the project.

Commissioner Kofford reported that Saturday the Lawrence Cemetery Committee met at the cemetery to do some work. They put metal markers on the places that they thought had a grave, hoping to get people to identify the graves. They asked to put a memo at the cemetery that asked for anyone to identify these graves. Commissioner Kofford asked whose contact number to put on the number. Commissioner Sitterud indicated that it should have the IT's office number. The IT office is the number listed on the map. Commissioner Kofford indicated that he arranged to have a dumpster put at the cemetery for the next couple of months.

*Commissioner Horrocks*

Commissioner Horrocks reported that Delena Fish, Work Force Services received Woman of the Year award . She is to be commended for this honor.

Commissioner Horrocks recently met in Green River City with the board of directors for the John Wesley Powell Museum. Discussions centered around funding projects, the river, and how to separate the museum from Green River City. They will be holding future meetings to discuss the future of the museum. Green River City owns the museum, however the Emery County Travel Council allocates money to assist the museum.

He also reported on the recent county auction held at the old sheriff's building. All the vehicles that were there for the sale were sold, as well as the heavy equipment. Mike Hurdsman's business acquired the building and will have six months to demolish the building and remove the material from the property.

*Commissioner Sitterud*

Commissioner Sitterud reported that he, Gary Kofford and Mike McCandless recently met with the SITLA Board regarding the Industrial Park in Green River. Gary Kofford has been appointed as an advisor to the board. Unfortunately, their agenda item came up at noon and they were running late so they (SITLA) held it over to next month. The problem with waiting until next month is that Emery County is going after an EDA Grant that started Monday, yesterday, and is on a first come first serve basis. Emery County asked for 1.7 million. It looked very promising because you have to meet certain criteria for which we met two of the three. It was all on employment. With the Green River area Emery County is under the gross medium income for the nation. Emery County had over 200 jobs lost in the last year in the region. That was

Lisbon Copper Mine, Tower Resources and Crandall Canyon Coal Mines. We need to be approved by SITLA. Ray Petersen asked what the grant money was to be expended for? Commissioner Sitterud indicated that it was to be used for water and road work back to the site up to 60%. The companies who acquire the property would provide the other 40%.

He also reported that he attended an AOG meeting where they discussed a landscape bill that passed in Congress, Bill 2016. Emery County and Uintah County are the only two counties that opposed the bill. The bill would give the BLM rights for management of Wild and Scenic Rivers and Wildlife Study Areas. Ray Petersen drafted a letter against the bill that was submitted. The bill now goes to the Senate. Senator Bennett felt the bill could be stopped.

Commissioner Sitterud reported that the Lands Council was asked to draft a letter that expressed Emery County's position regarding closing duck hunting at Huntington North. Emery County asked that if they are going to amend the RMP that there a public process to amend it. Ray Petersen drafted the letter to be submitted.

**GRANT/KATHY JENKINS, DISCUSSION OF ILLEGAL DUMPING ON PRIVATE PROPERTY NORTH OF EMERY AND POSSIBLE SOLUTIONS.**

Grant and Kathy Jenkins came before the Board of Commissioners to discuss illegal dumping on their property north of Emery. Ray Petersen assisted the Jenkins by showing pictures of the area detailing the refuse and dead animals being dumped there. Ray indicated that many years back this area was used as a landfill. So, this is not a new, but a recurring problem. With the cost of fuel people are looking for places to dump rather than haul it to the landfill. Mr. Jenkins indicated that he contacted the state to see what could be done and was told to contact the county. There are waterways flowing through this area that have old, leaking refrigerators and batteries scattered around. Mr. Jenkins expressed concern that this is a designated OHV trail through which many people from out of the state travel on. If a state official happened to pass through this area on an OHV tour there would surely be a problem. Mr. Jenkins indicated that he is open to any suggestions and help that could be offered to eliminate this problem. The commissioners discussed cleaning up the area and posting signs. Captain Kyle Ekker suggested putting notices in the newspapers and on utility bills regarding illegal dumping and that if caught you will be prosecuted. Mr. Jenkins asked if there was maybe a grant available for cleaning up old landfills

COMMISSION MEETING MINUTES  
MAY 6, 2008

or waterways. Morris Sorensen indicated that there is stuff there that has been there for many years. It was suggested that maybe some of it could be buried on the property rather than haul it to the landfill. Morris indicated that he would have to look into that because the refrigerators and batteries cannot even be received by the landfill if they are leaking. The commissioners all agreed that they needed to do something now so they suggested posting “no dumping” signs and posting a notice in the paper. Commissioner Gary Kofford made a motion to post “no dumping” signs indicating that prosecution will take place by order of the Sheriff and advertise in the local newspaper and to proceed with looking for funds to clean up the area as soon as possible. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(3)

**CONSIDERATION AND APPROVAL OF MEMORANDUM OF AGREEMENT  
BETWEEN EMERY COUNTY AND ANDALEX RESOURCES, INC.  
INTERMOUNTAIN POWER AGENCY REGARDING CRANDALL CANYON  
MEMORIAL.**

Commissioner Sitterud stated that it is the desire of Emery County, Andalex Resources Inc., and IPA to enter into this Memorandum of Agreement for the purpose of establishing a permanent memorial to the six miners trapped in the Crandall Canyon Mine and will work hard to complete the memorial by August 6, 2008. The Memorandum of Agreement outlines each entities part in the agreement. Commissioner Gary Kofford made a motion to approve a Memorandum of Agreement between Emery County, Anadalex Resources, Inc. and Intermountain Power Agency for the purpose of establishing a memorial to the six miners trapped in the Crandall Canyon Mine. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF SPECIAL USE PERMIT FOR THE  
CRANDALL CANYON MINER’S MEMORIAL.**

Commissioner Sitterud explained that the special use permit will allow the monument to be placed on Forest Service property as well as an access trail. Mesia Nyman, USFS stated that she hoped that the monument will be a place of solace for the families. This is the closest place that they can get to where their loved ones are entombed. Sheila Phillips thanked the Forest Service for getting this done. Commissioner Jeff Horrocks made a motion to approve the special use permit between the Forest Service and Emery County for the purpose of the Crandall Canyon Miner’s Monument and access trail. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**BOY SCOUTS OF AMERICA REQUEST FOR DONATION FOR TAMARISK REMOVAL PROJECT.**

Commissioner Sitterud explained that in June the Boy Scout's Order of the Arrow will be in Emery County to work with the Weed & Mosquito Department on a project to cut and spray Tamarisk from the Joe's Valley area to the Swinging Bridge area. These young men are coming from all over the country to participate in this project. There are a few boys having a hard time coming up with the money they need to participate. The group asked if Emery County would be willing to help with funds to help out some of these boys. Commissioner Sitterud indicated that this is a huge project that will save the county a lot of money in the long run. Commissioner Gary Kofford made a motion to donate \$500.00 to the project. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(8)****APPROVAL OF BUSINESS LICENSE FOR DANA'S BACKYARD TREASURES AND GIFTS.**

A business license application was presented for Dana Guymon DBA: Dana's Backyard Treasures and Gifts. The application has been reviewed and passed by Planning and Zoning Director, Michael McCandless. Commissioner Jeff Horrocks made a motion to approve a business license for Dana Guymon DBA: Dana's Backyard Treasures and Gifts. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(9)****APPROVAL OF CONTRACT WITH ROBERT BENNETT FOR BUILDING INSPECTIONS.**

Commissioner Gary Kofford reported that when Robert Bennett resigned it left the county without a building inspector. Mr. Bennett agreed to do inspections after hours for \$30.00 per hour plus mileage. This was left open in case we need extra help after we get a new inspector in place. We have been using Mr. Bennett for about three weeks now. Michael McCandless indicated that the contract with Mr. Bennett does not address plan reviews. Do we need to change the contract to include plan reviews? Commissioner Gary Kofford made a motion to approve the contract with Robert Bennett for building inspector services at the \$30.00 per hour plus mileage and to instruct Michael McCandless to meet with Mr. Bennett to find out what he wants for plan reviews and then to amend this contract in the next commission meeting if needed. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(10)****DISCUSSION OF SWIMMING POOL MANAGEMENT.**

Commissioner Sitterud reported that Hughes Construction, contractor for the swimming pool has indicated that the swimming pool will be completed July 31<sup>st</sup>. They will need 2 weeks to train the pool management on the use of the chemicals for the pool. Commissioner Sitterud indicated that he would like bring in a new department under the direction of one of the Commissioners. The voters authorized \$100,000.00 a year for maintenance of the pool. He suggested that as the county advertises for pool management that we ask for their ideas on how to manage the pool. All will depend on available funds but he would like to keep it open as much as possible. Steve Barton asked what would be the schools involvement in this? Commissioner Sitterud indicated that the schools will use the pool in afternoon for PE classes and swim team. The school district will be responsible for having their own lifeguards, and cleaning up after classes during the school year. At this time they are in the process of advertising for a swim coach. Commissioner Gary Kofford stated that he would like Mary Huntington to begin putting together a job

description. He stated that he realized that there are budget constraints but the county would like to get the best person for the least amount of money. Commissioner Sitterud suggested an option would be to have the pool managed by the Recreation District. He recommended that the county ask the applicant to indicate what they see for the future of the pool. Commissioner Sitterud commented that another thing to consider is that the pool will be ready when the fair begins. This may pull people from the fair to the pool. He suggested maybe having a drawing during the fair for the first families to be allowed to use the pool. Also we need a name for the pool in the next few weeks so it can be put on the building.

(11)

**APPROVAL OF SWIMMING POOL COR#19 HEAT FOR MASONRY AND PR#04 ADD ELECTRIC OPERATORS TO OVERHEAD DOORS.**

Commissioner Sitterud discussed COR#19 and PR#04 for the swimming pool project. COR#14 is for the temporary heat for the masonry work. It also moves the unused masonry heat allowance to the finishes heat line item. PR#04 adds electric operators to overhead doors. Commissioner Gary Kofford made a motion to approve COR#19 and PR#04 for the swimming pool project. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**CONSIDERATION AND APPROVAL OF PROJECT AGREEMENT SUPPLEMENT NO. 1-08 WITH THE FOREST SERVICE FOR FERRON-MAYFIELD ROAD #50022**

Commissioner Kofford explained the project agreement supplement No. 1-08 with the Forest Service for Ferron-Mayfield Road #50022. The Ferron-Mayfield Road will be treated with dust suppressant from Forest Boundary (T20S, R6E, Sec. 2) for a distance of approximately 7.75 miles, terminating in T19S, R6E, Sec. 6. The dust suppressant treatment will consist of reshaping the travelway template, including turnouts and applying water prior to the dust suppressant treatment. The county will provide the labor and equipment necessary to reshape the travelway and apply water as necessary to ensure adequate surface moisture prior to the dust suppression treatment. The county will also provide a distributor truck and all necessary equipment and supplies for application of the suppression materials (magnesium chloride) and performing the application. The Forest Service will purchase the dust suppression materials

(magnesium chloride), to be delivered to the site or to county owned storage facility. They will also provide the labor and equipment to help apply water prior to treatment. Commissioner Kofford indicated that the cost of the magnesium chloride has really risen. There may be some roads that will not get treated. We will do what we have the money for. Commissioner Gary Kofford made a motion to approve project agreement supplement No. 1-08 with the Forest Service for Ferron-Mayfield Road #50022. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**DISCUSSION/APPROVAL OF ANTIVIRAL MEDICATIONS IN PREPARATION FOR A POSSIBLE INFLUENZA PANDEMIC.**

David Cunningham, SEUDH came before the Board of Commissioners to discuss pre buying antiviral medications in preparation for a possible influenza pandemic. There are thousands of strains of flu virus. Every year the experts make a scientific guess of the top three or four flu strains and put that in the vaccine. He reported that every 75 to 100 years we have a pandemic flu strain that comes out that we are not ready for. The last one was in 1918 and the experts say we are overdue for our next pandemic flu. They have been looking at the bird flu as our next pandemic flu outbreak. There is no generic flu vaccine. About the best thing we do have is anti-viral that really is not that effective in preventing the flu but it does lessen the symptoms of the flu. The Center For Disease Control has allocated to every state a certain amount of anti-viral. Normally a course of this anti-viral cost about \$80.00 per course. SEUDH is able to get the anti-viral for about \$20.00 per course. They want each state to go around into their communities and identify critical infrastructure people, law enforcement, firemen, EMS workers that you would have to have in the event of a pandemic flu outbreak. The course does not prevent the flu, you don't even take it until you show symptoms, it just treats the symptoms so the worker can get back to work. Mr. Cunningham had a MOU agreement for the county to look at. What would happen is the health department would take the orders from the communities and turn in the order to the state health department. SEUDH would keep the supply at the local health department. The shelf life is seven years. His hope is that we get the orders for it and we would never use it. They have gone through most of the cities in the county. Cities and other entities are working on getting their orders put together. The decision of getting the course is up to the Commission. It is just a tool. There are no guarantees. The health department would teach social distancing, hand washing, good hygiene in their efforts to help the communities. The health department needs an answer by the 15<sup>th</sup> of May to get the orders in to the state. The estimated number of courses needed for Emery County is 200 courses. This includes deputies, EMT's, any of the first responders in the county. Commissioner Sitterud felt it was important to come up with the number of courses the county would need to cover all the first responders. He asked how the course is distributed. Mr. Cunningham indicated that the county would have their allotment and it would be dispersed as the county chooses. They discussed whether the Fire Department should be included in the total or if they should get their own. They decided that the

COMMISSION MEETING MINUTES

Fire Department should get their own. Commissioner Gary Kofford made a motion to consider purchasing 200 courses for Emery County's first responders, EMT's and Deputies. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(15)

**CONSIDERATION AND APPROVAL OF JUSTICE ASSISTANCE GRANT (JAG)**

The Justice Assistance Grant (JAG) is the same as in years past only the amount of the grant has changed. The amount of the grant is \$74,732.00.00. Commissioner Jeff Horrocks made a motion to approve the Justice Assistance Grant (JAG) for 2008. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(16)

**CONSIDERATION AND APPROVAL OF RESOLUTION ESTABLISHING THE RECOVERY OF COSTS IN RESPONDING TO HAZARDOUS MATERIAL EMERGENCIES.**

Commissioner Sitterud explained that historically Emery County has never gone after the cost associated with hazardous spills and cleanup incurred as a result of an aggravated fire emergency or aggravated medical emergency. A Resolution was presented for consideration outlining the cost associated with hazardous materials emergencies. Commissioner Jeff Horrocks made a motion to approve Resolution 05-06-08 establishing the recovery costs in responding to hazardous materials emergencies. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**CONSIDERATION AND APPROVAL OF ACTION TAKEN RELATIVE TO PACIFICORP APPEALS 06-0767 AND 06-0777.**

Treasurer Steven Barton reported that PacifiCorp's 2006 assessed value for properties it holds in Emery County has been adjusted from \$903,184,749.00 to \$889,211,960.00, a reduction of \$13,972.789.00. The result of that adjustment is a decrease of \$172,720.23 in real property taxes paid by PacifiCorp. Emery County's portion of that amount is \$61,241.32; interest through May 31<sup>st</sup> amounts to \$4,170.59 making the total to be refunded to PacifiCorp \$65,411.91. The balance will be paid by the other taxing entities. UAC has appealed the ruling. Steve asked the Commissioners if they want to pay now and avoid any additional interest or wait to see the results of UAC's appeal. Clerk/Auditor Brenda Dugmore reminded the Commissioners that it would be best to wait until the appeal is finished. The county can do a judgement levy in which case PacifiCorp will pay back 67% of the of the taxes. Commissioner Jeff Horrocks made a motion to not pay the county's appealed portion until after we see what happens with UAC's appeal to the ruling. The motion was seconded by Commissioner Gary Kofford and approved by

all members present.

**APPOINTMENT TO THE EMERY COUNTY TRAVEL BUREAU.**

Commissioner Horrocks asked Michael McCandless to talk about the applications for the appointment to the Emery County Travel Bureau. Mike indicated that historically board members have come from the industries or businesses in the area. The applicants from the Green River area were Karen Silliman and Kelly Bayles. Kelly Bayles owns a business in Green River City and Karen Silliman is serving on the Green River City council. The appointed board member will be finishing out the term of Kathy which was determined to be two years. Commissioner Jeff Horrocks made a motion to appoint Kelly Bayles to the Emery County Travel Council for the remainder of the term. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**A. Approval of step increase for Clayton Bell who recently graduated for POST.**

Clayton Bell has graduated from POST and Sheriff Guymon requested a one step increase for Clayton. If approved Clayton will move from Corrections Officer II to Patrol Deputy I. He would move from Grade 16 \$15.78 to Grade 16A \$16.25. Commissioner Jeff Horrocks made a motion to approve a one step increase for Clayton Bell as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**B. Notification of 60 and 90 day temporary employees.**

James Nielsen is going to hire temporary employees for the summer as follows:

Kyle Hales 90 day temp starting May 19, 2008  
Dane Worwood 60 day temp starting May 27, 2008  
Darin Worwood 60 day temp starting June 9, 2008  
The rate of pay will be \$10.00 per hour.

Morris Sorensen is going to hire a temporary employee for the summer.

Brandon Larsen 90 day temp starting May 5, 2008. Rate of pay is \$10.00 per hour also.

C. Presentation of 2007 UCIP Risk Management Program Refund.

The county participated in the Risk Management Program sponsored through Utah Counties Insurance Pool (UCIP) in 2007 and recently we were awarded \$8,119.00, which means we obtained a 92% rating. Mary thanked the Risk Management Committee and each department for helping with this program. By complying with UCIP's requirements in these programs we helped reduce the counties risk liability. A \$500.00 check was also awarded for certification credit.

D. Approval to start recruitment process for a part-time Deputy Clerk/Auditor I.

Brenda Dugmore requested approval to start the recruitment process for a part time Clerk/Auditor I. Tamra Humphrey has given her two week resignation. Commissioner Gary Kofford made a motion to approve beginning the recruitment process for a Clerk/Auditor I. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**DISCUSSION OF OLD JAIL DEMOLITION SCHEDULE.**

Commissioner Kofford reported that on April 5<sup>th</sup> the county held an auction at which time the old sheriff's building was auctioned off. Darin Hurdsman was the successful bidder at \$1,500.00. Acquiring the building came with a stipulation that the building be demolished within 6 months and that a \$30,000.00 performance bond in Emery County's name be obtained in the event that he did not complete the process. Thirty days have gone by and Mr. Hurdsman has not signed the waiver form or provided the performance bond. Commissioner Kofford stated that he would like to see the County Attorney send a letter to Mr. Hurdsman restating the stipulations. We need to firm this up with Mr. Hurdsman as soon as possible. Commissioner Sitterud indicated that the swimming pool equipment is currently being stored in the building and there is no where to put it for now. Nonetheless, Commissioner Kofford indicated that we need some kind of indication from Mr. Hurdsman as to what his intentions are regarding the building. Mr. Blackwell stated that we could set out a time-line in contract form for him to sign. Commissioner Gary Kofford made a motion to have David Blackwell contact Mr. Hurdsman and have him come in to meet with the Commissioners. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present

(22)

**DISCUSSION OF BOAT DOCK GRANT AND APPROVAL OF PAYMENT PROCESS.**

Commissioner Sitterud reported that a few months back he brought in a boat dock grant from DWR and Parks Service for \$12,000.00. The bids came in at \$9,000.00 plus \$2,000.00 for freight. Since then the fuel cost have gone up to \$4,500.00 making us \$2,000.00 short of the grant. Sportsman for Fish and Wildlife had given \$1,000.00 to the Parks Service for a fishing

contest at Millsite. They called and said they would rather have a boat dock than a fishing contest and asked to have the money go to the dock project. The boat dock is due to be delivered this week and we need to be able to pay for it. We need to decide how to pay the balance of the bill. Park Service is putting in the boat dock. And the county has to come up with the balance. Commissioner Jeff Horrocks made a motion to pay the difference on the boat dock bill. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**COMMISSION REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks reported that Weed and Mosquito is working with the Boy Scouts on the Tamarisk Eradication Project and anticipate the boys being here a week earlier. James Nielsen has requested that those working on the project wear identifying shirts.

Commissioner Horrocks met last week with Huntington Fire Department where they discussed funding for fire trucks. The trucks are now costing around \$250,000.00 each. The district needs to replace 8 trucks that no longer pass inspections.

He also reported on the progress of the Green River Senior Center. Things are going along well.

*Commissioner Sitterud*

Commissioner Sitterud reported on a meeting with Rick Walji, President of UPL. Mr. Walji told them that Unit 4 is just not out there for now. They are looking at doing a lot of wind power and green stuff.

Regarding RS2477, the attorneys from the Attorney General's Office will be in the courthouse on Wednesday the 7<sup>th</sup> recording all the B Roads in Emery County. This will go to the BLM for sixty days. If there is no protest it becomes a valid recording.

Commissioner Sitterud and Ray Petersen recently met with two of the families members and the

Forest Service at the Crandall Canyon Mine site. They walked the area where the trail and monument will be built. It goes along the river in a beautiful wooded area. The Forest Service has worked with the county to make this happen. The mine workers have gone up there and shoveled the snow off the walk way in order for the ground to dry up so they can begin working.

*Commissioner Kofford*

Commissioner Kofford and Morris Sorensen attended road school in St. George where he attended the Non-Urban Road Committee Meeting.

On the 2<sup>nd</sup> of May the Senior Citizens went to Goblin Valley and had lunch.

Attorney David Blackwell reported that Uintah County has filed an appeal with the State Tax Commission for distribution of valuation and re-apportionment. Emery County has appealed the value. This will conflict out our attorney. We will have a conference call Thursday morning with the other counties to see how to handle this.

**DELENA FISH, WFS QUARTELY UPDATE**

Delena Fish, WFS provided a quarterly update of activity. The department is experiencing two changes due to the unemployment rate. Emery County's unemployment rate is 3.2. Single adults without children are now required to participate in a training program. They currently have thirty individuals who fall into that criteria. The Castle Dale office will be a pilot for a program will go live in August or September. The rest of the region will go on line with the program in December. The department is continually going through changes.

**CONSIDERATION AND APPROVAL OF TAX DEFERRAL AGREEMENT FOR MATTHEW MASON.**

Treasurer, Steven Barton discussed a tax deferral agreement for Matthew Mason. He explained that a year ago letters were mailed out to those property owners whose property would be going to the tax sale. Letters were sent out quarterly after which the final list was turned over to the

COMMISSION MEETING MINUTES  
MAY 20, 2008

Clerk/Auditor to be put on the tax sale. There were approximately seven properties that were turned over to Brenda Dugmore, Clerk/Auditor. Several properties have been redeemed. We are now down to three properties. One of these properties is owned by Matthew Mason who lives in California. Mr. Mason sent a payment of \$2,000.00 along with a letter requesting a deferral on the balance due of \$1,497.00 which includes the \$200.00 administrative as well interest will continue to accrue. Steve recommended granting a deferral to Mr. Mason. He would owe the balance due on the back taxes as well as the 2008 taxes by November 30, 2008. Commissioner Gary Kofford made a motion to grant a tax deferral for Matthew Mason for the balance due of back taxes plus 2008 taxes until November 30, 2008. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**DISCUSSION AND DECISION IN REFERENCE TO UINTAH COUNTY APPEAL.**

Attorney David Blackwell explained that this involves an appeal of valuation from 2004 and 2005 by Deseret Generation which is mostly in Uintah County. The Tax Commission made a ruling on valuation which all the affected counties disagreed with. Next to Uintah County, Emery County is the most affected. All the affected counties appealed the valuation. At the end of the hearing the Tax Commission asked the Property Division to re-apportion the value through the various counties. That was done and it really hit Uintah County. This added value to all the affected counties except Uintah County who had large loss. Uintah County appealed that. All the other counties were fine with it because it added value to their counties. Now there is two appeals, one on valuation and one on apportionment. Uintah County wants to merge both appeals together. This puts Emery County in the uncomfortable position of fighting Uintah County directly. Our attorney, who represents all the counties, has a conflict of interest if we are going to fight against Uintah County. The other affected counties need to look at getting another attorney involved and just have Tom Peters pursue the valuation for all of us and then have another attorney there that will represent the affected counties other than Uintah County fighting against the re-apportionment. He has had a couple of discussions where most of the other counties have looked at the values and saying it doesn't really make that big of a difference for us to fight this battle. Utah County is waiting to see what we are going to do. Dave's feeling is that even if we are successful in saying the re-apportionment was improperly done all the court is going to do is send it back to the commission and say it needs to be done through the proper procedure. Then the tax division is going to go through that procedure and came up with the same re-apportionment. We will then either be fighting it again or accept it. Utah County said that they would wait to see what we would do and then they would make a decision. The other counties are neutral on the issue. Uintah County is still moving forward on their appeals because it means a lot to them both on valuation and apportionment. Frankly, we want them to win the valuation because we are on that side too. Dave's thought is to stay neutral, not do anything and let them fight the battle. Do not join in with them or oppose them. Commissioner Gary Kofford made a motion to stand neutral, do not do anything with regards to the Uintah County appeal.

The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**CONSIDERATION AND APPROVAL OF AMENDED CONTRACT WITH ROBERT BENNETT FOR BUILDING INSPECTIONS.**

Commissioner Kofford reported on the approval of a contract with Robert Bennett for Building Inspector services in the interim of hiring and getting up to speed a new building inspector. At that the time the Commission approved the contract with Mr. Bennett it was unclear what Mr. Bennett wanted as far as compensation for plan reviews. The Commission left the contract open for amendment to provide for the setting of the plan review charge. Mr. Bennett has set a price of \$22.00 per hour for plan reviews. Commissioner Gary Kofford made a motion to amend the contract with Robert Bennett to include \$22.00 per hour for plan reviews. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**DISCUSSION AND APPROVAL OF DEMOLITION SCHEDULE OF THE OLD JAIL AND RELATED MATTER.**

During the last Commission meeting the Commissioners asked to have this matter moved forward to the next meeting to have Darren Hurdsman attend the meeting to present his plans for the demolition of the old jail facility as well as other matters. Darren Hurdsman addressed the Commissioners and reported that because of a conversation with Commission Kofford he was under the assumption that the county was not in a hurry to get the building torn down and would be willing to work with him on a time schedule for tearing it down. He has not given it any immediate attention because of that conversation. He has used the building to store supplies and inventory as they have been getting ready for a Joe's Valley project. Every ounce of time, energy and money has been used for the Joe's Valley project. He has not come up a game plan for the jail. His immediate concern was the curb appeal. It does look bad from the street. He wants to get the constantine wire down and remove the old trees and make it look better from the street. By this weekend the Marina will be open and he can move forward with putting a plan together. He stated he understood that there were some ruffled feeling regarding the changing of the locks at the building. He explained that they had a few freezers, desk and shelving stored there and had come by a few times and found doors open. He asked Jonathon Fauver to change the locks. They had problems with Cisco and Pepsi not delivering up at Joe's Valley and used the building as a drop off spot for supplies. He apologized of this caused a problem. Commissioner Kofford expressed concern that the \$30,000.00 performance bond has still not be provided or the waiver signed. Everyone who purchased anything at the sale signed a waiver. David Blackwell indicated that there was a separate waiver made up for the purchaser of the building. This waiver is in the vault at the Clerk/Auditor's office. Darren indicated that a waiver was never presented to him to sign. His brother was the person who got his bidder

COMMISSION MEETING MINUTES  
MAY 20, 2008

number for him before he got to the sale. Commissioner Sitterud expressed his appreciation to Darren. Darren is working hard to open another business in Emery County. He has put all his energy into getting this new business going. Darren indicated that he is grateful that he is able to be successful in business. The businesses that he and his partner, Scott Labrum, have been able to provide in Carbon and Emery County have provided approximately 40 to 45 employees, that they employ, with full benefits. These are not just minimum wage jobs. He indicated he is doing what he can to give back to the community. He asked for time to work on the plan. They do have a difficult project in front of them in the next couple of months. Commissioner Horrocks asked that he stop at the Clerk/Auditor's office and sign the waiver and work on getting the demolition plan together and turned in. Darren will present a plan and provide the performance bond within the next three months.

**DISCUSSION OF SWIMMING POOL MANAGEMENT.**

Commissioner Sitterud asked if anyone had any new ideas for where to go on the management of the swimming pool. During the last Commission Meeting it was discussed having Mary write up a job description. Ray Petersen discussed having the Recreation Department be over the swimming pool. Commissioner Sitterud indicated that he has visited several swimming pools which are all being ran by city employees. The Commissioners discussed whether to create a department under the direction of the Commission. Commissioner Kofford talked about the difference between a supervisor and a manager. It was his hope that the voted tax increase that is to be used for maintenance of the swimming pool will be enough to cover the cost. Commissioner Sitterud indicated that they need to decide what to do soon. Mary Huntington asked whether the county was willing to give up a six million dollar project to the Recreation District under a supervisor.

**HOWARD SARGENT- FOREST SERVICE DISCUSSION/ INFORMATION ON FOREST PLANNING, WILD AND SCENIC RIVERS, THE MOTOR VEHICLE USE MAP, AND PROJECTS HAPPENING ON THE FERRON/PRICE RANGER DISTRICT.**

Howard Sargent- USFS Supervisor and Ann King, Regional Public Affairs Officer and Mesia Nyman were present to provide an update of information regarding forest planning, Wild and Scenic Rivers, the motor vehicle use map and projects happening on the Ferron/Price Ranger District. Regarding the motor vehicle use map, he had hoped to have the maps available now,

however it appears that it may be another two weeks before they are ready. He addressed the question about the 150 foot rule with regards to camping. Areas not designated as closed are considered open. Areas within 150 feet of a designated road may be open unless the area is posted as closed. People should use good sense and not drive through a wet meadow to get to a campsite. Causing resource damage could get you a citation. The Lands Council is helping with designating those closed areas. Commissioner Kofford was concerned that people may be confused with what areas are considered open for camping. Regarding the Forest Service Planning they have not been able to move forward due to a lawsuit regarding the planning rules. They have decided to hold off for a while to let the dust settle before moving forward. It may be late fall or even winter to allow time to get a feel for the new administration. They will make a decision soon as to how and when to start up again.

Regarding Wild and Scenic Rivers they received hundreds of comments which they are in the process of reviewing. They did not receive any new information. The Forest Service is narrowing in on segments and developing alternatives for nation wide designation. They hope to have a decision by the end of the calendar year.

Mesia Nyman thanked the Commission for the new boat ramp in Joe's Valley. They are having to adjust it due to water levels nearly every other day. She reported on travel on the Forest as follows: there are no restrictions from Wildcat to the Pines. In Ferron you can get to Willow and Rigley but beyond that you get into heavy snow. In the Duck Fork area if the road remains good they will remove the barrier. You can not get to Potters Pond or Miller's Flat to the Highway due to the snow. In Huntington Canyon you can get up Old Folks Flat but above that is heavy snow.

The Boy Scouts of America will have the Order of the Arrow project in the county with approximately 450 scouts working on the Tamarisk eradication project. This project is one of five projects in the nation. This is a good co-ordination project with the school district helping provide the transportation. They will be working with the Forest Service and BLM to eradicate tamarisk in the forest and on BLM land. This is a \$400,000.00 project for the scouts with the Forest Service providing the \$80,000.00 in chemicals. Mesia indicated that is project will push back the tamarisk population to what it was 30 years ago. There will be an opening ceremony on Saturday the 14<sup>th</sup> to kick things off.

The Forest Service is still treating vegetation in the Black Dragon area. They are clearing the dense pinion and juniper for wildlife habitat. The funds for this program were provided by a state grant. In Joe's Valley they are treating juniper to reduce fuels and for the growth promotion of ponderosa pine. They will begin the paving project in the Reeder Canyon soon.

The Crandall Canyon Monument project is moving along well. The hope is to have the project complete by the anniversary of the disaster.

**(3)****HILLARY GORDON, MAYOR OF HUNTINGTON, REQUEST FOR DONATION OF COUNTY LAND BY BALL COMPLEX FOR A RV DUMP SITE. DISCUSSION AND APPROVAL OF REQUEST.**

Hillary Gordon, Mayor of Huntington, stated that when they started the CIB process the intent was to put the RV Dump site at the rodeo grounds. They have since found out that this is not a good location as the sewer line flat lines out there. They have had problems with the sur in that area for years with the rodeo. Darrell Leamaster went around the area to find a better location. The location that he found to be suitable to put the dump site on is on property owned by Emery County. It is still on the rodeo side of the road. The ground will need a lot of fill brought in to make it work. The application that was sent to CIB reflected an amount that was different than what Johansen and Tuttle bid the project. The amount allocated by CIB was a lot different than what as bid. Talon Resources had bid on a smaller rv dump like the one at BK's. It is going to be a bigger dump than they had originally planned for. However, they felt that rather than going backwards they would go forward and make something bigger and nicer. It will have to have blacktop on it and for that reason it will cost more. In talking to Kent Wilson, he indicated that it would not be imposing on him, he would welcome some relief as the one at BK's is generally lined up with use. She stated that putting the rv dump in the proposed site would accommodate those people frequenting Huntington Canyon. A lot of the people who camp up there are not necessarily Huntington residents. They thought that for the tourist it would be a nice gesture to put in a rv dump. Hillary indicated that her question is can she use the piece of ground that is owned by Emery County for the rv dump? She indicated that she understood that the county would like to trade land rather than giving the land to Huntington City. Commissioner Sitterud opened this matter up for discussion. He indicated that Ferron City has asked for donated land also and wondered if the county wanted to get into donating land to the cities. He was concerned for setting a precedence for donating land to cities. There is a piece of property that is approximately the same size that is owned by Huntington City that could be traded across. Commissioner Sitterud asked Attorney David Blackwell is if this meets with the county's policy regarding donations. David Blackwell indicated that if it is public purpose and would benefit the county. Commissioner Gary Kofford reminded her that a rv dump ends up being a garbage dump also. Sheriff Guymon suggested placing a roll-off at the site. Commissioner Sitterud indicated that he was not comfortable with a roll-off there for the wind to blow the garbage onto the ball fields. They discussed the fact that the property is not big enough for turning around to enter the dump. Users will have to turn into the ball complex parking lot to turn around and pull into the dump. Commissioner Gary Kofford stated that he felt it was for the good of Huntington City and all the people who use Huntington Canyon to do this. In talking with Mayor Gordon, she felt that the county should be a part of this and felt that the county should donate the property. He felt it was a benefit to the ball complex Commissioner Gary Kofford made a motion to donate the property to Huntington City. Commissioner Sitterud stated that he did not see it as a benefit to the ball complex. Commissioner Horrocks did not see this as a benefit to the ball complex. He stated there are other communities that have requested donated property.

Donating property to one community doesn't necessarily mean we have to donate to another community. Commission Kofford felt it should be a case by case situation. Based on this, Commissioner Horrocks seconded the motion. The motion passed. Hillary discussed the situation revolved around the size of the rodeo grounds and this proposed rv dump. She stated that she is in negotiations with the cattlemen's association to swap property to enlarge the area. Commissioner Kofford made a motion to have Huntington City be responsible for the cost associated with the documentation process regarding the surveying, title work and recording documents. The motion was seconded by Commissioner Horrocks and approved by all members present.

**CONSIDERATION AND APPROVAL OF RETIREMENT CONTRIBUTION RATES FOR JULY 1, 2008- JUNE 30, 2009.**

Clerk/Auditor Brenda Dugmore presented the retirement contribution rates for contributory and non-contributory at 13.61 % which does not reflect an increase over the prior year. The 2008 Legislature set forth the option for employers in the Public Safety Retirement Systems to offer an increased cost-of-living adjustment (COLA) to their members. This enhanced benefit will raise the maximum annual COLA from 2.5% to 4%. If the Commission decided to adopt the public safety rate the rate would move to 24.91% which is a 2.3% increase and equates to an approximate \$36,000.00 per year increase for Emery County. This increase would become

effective January 1, 2009. Commissioner Gary Kofford made a motion to adopt the public safety rate of 24.91%. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present. Commissioner Horrocks indicated that the Commission will have to address the \$36,000.00 in the 2009 budget.

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

**A. Approval of 3% increase for Russell Swasey, Road Department, upon completion of 6 month orientation period.**

Morris Sorensen requested a 3% increase for Russell Swasey who has completed his six month orientation period successfully. If approved Russell will move from Grade 16 at \$15.31 per hour to Grade 16 at \$15.78 per hour. This would become effective June 16, 2008. Commissioner Gary Kofford made a motion to approve a 3% increase for Russell Swasey as proposed. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**B. Approval of 3% increase for Tina Carter, Travel Bureau, upon completion of 6 month orientation period.**

Mike McCandless requested a 3% increase for Tina Carter who has successfully completed her six month orientation period. If approved Tina would move from Grade 11 at \$11.08 per hour to Grade 11 at \$11.44 per hour effective June 16, 2008. Commissioner Jeff Horrocks made a motion to approve a 3% increase for Tina Carter as proposed. The motion was seconded by

Commissioner Gary Kofford and approved by all members present.

C. Approval to hire Nancy Jensen as a part time Deputy Clerk/Auditor I.

Brenda Dugmore requested approval to hire Nancy Jensen as a part time Deputy Clerk/Auditor I. If approved she would be at Grade 13 at \$12.85 per hour with pro rated benefits effective June 4, 2008. Commissioner Jeff Horrocks made a motion to approve hiring Nancy Jensen as Deputy Clerk/Auditor I as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

D. Approval to hire Mark DeBry as a full time Building Official.

Mike McCandless requested approval to hire Mark DeBry as the full time Building Official. If approved Mark will begin work on Wednesday, June 4, 2008 at Grade 21, \$19.85 per hour. Upon completion of his residential certification he will receive a 3% wage increase. A letter will be sent to Mark informing him that he will be required to pass 4 certification test for residential certification. He will have until the 16<sup>th</sup> to pass the first two test. He has to pass the next two thereafter. If he has not passed the tests by July 1<sup>st</sup> or 2<sup>nd</sup> he will no longer be employed. Commissioner Gary Kofford was not comfortable with hiring Mark until he has passed the first two tests. He cannot inspect until he has passed the four test. Therefore, Commissioner Gary Kofford made a motion to hire Mark DeBry with his start date at June 16<sup>th</sup> after he has passed the first two test. Commissioner Jeff Horrocks wanted to know if there were things he could be doing in the office to familiarize himself with the department. Commissioner Kofford was not sure because he did not know his competency level. Commissioner Jeff Horrocks want to hire Mark, with a start date of June 4<sup>th</sup>. Commissioner Sitterud asked for a second to Commissioner Kofford's motion to hire with a start date of June 16<sup>th</sup>. There was not a second. The motion died. Commissioner Jeff Horrocks made a motion to hire Mark DeBry, with a start date of June 4,th. Commissioner Kofford would not second the motion. Therefore, Commissioner Sitterud stepped down the second the motion. Commissioner Kofford opposed the motion. The motion passed.

E. Approval of reclassification of the Deputy Assessor I position and salary adjustment for Shelly Gilpin in the Assessor's Office. Salary adjustment for Chris Hansen, Treasurer's Office.

Kris Bell requested a re-classification of the Deputy Assessor I position in her office. When the county went through the compensation review this position was classifies as a Grade 12. All other Deputy I positions in the courthouse are a Grade 13. Because of this Shelly Gilpin needs to be re-classified at a Grade 13 @ \$12.85 per hour. Chris Hansen in the Treasurer's Office is at a Grade 13 but his hourly wage needs to be adjusted from \$11.95 to \$12.85 per hour to bring these two positions in line with the Recorder and Clerk/Auditor's Deputy I positions. If approved this would become effective June 16, 2008. Commissioner Gary Kofford made a motion to approve the re-classification of Deputy Assessor I and salary adjustment for Shelly

Gilpin in the Assessor's Office and also a salary adjustment for Chris Hansen in the Treasurer's Office. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

F. Notification of 90 day temporary hires in IT and Recorder's Office, Jalee Jensen and Megan Pearson.

Two 90 day temporary employees have been hired in the IT and Recorder's Office. Jalee Jensen and Megan Pearson will be scanning and archiving maps. Dixie Swasey has money for a permanent part time employee but is willing to bring a temporary employee on during the summer to give Jalee and Megan work experience but she wants to be assured that come Fall she will be able to start the recruitment process for a part time scanner in the Recorder's Office.

G. Approval of promotion of Tom Harrison to an Administrative Field Sergeant.

Sheriff Guymon has reassigned Tom Harrison to an Administrative Field Sergeant and there will be no pay adjustment. Commissioner Sitterud asked Sheriff Guymon if in six months we will have a request for a 3% pay increase for Tom? Sheriff Guymon said no.

H. Approval to start the testing process for a Patrol Sergeant.

Sheriff Guymon requested approval to start the testing process for a Patrol Sergeant. Commissioner Jeff Horrocks made a motion to approve starting the testing process for a Patrol Sergeant. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**COMMISSION REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks reported on attending NACO WIR Conference in St. George. Break out sessions he attended were Homeland Security, Problem Solving Courts, Juvenile Detention and Rural Development Resources.

Commissioner Horrocks reported on Risk Management Meeting where the committee reviewed problem areas found during a recent walk through inspection of county facilities by Utah Local Governments Trust.

Commission Meeting Minutes  
June 3, 2008

He also attended Travel Bureau meeting with Mike McCandless where they discussed the bureau's affiliation with CCRIC and Carbon County. They also discussed a board for travel shows.

*Commissioner Kofford*

Commissioner Kofford reported that roof repair on Ferron Library is complete.

He reported on progress at the Green River Senior Center. The contractors are in the process of grouting the tile in the kitchen and restrooms. They will be asphaltting in the next few days.

On the 29<sup>th</sup> of May he attended a DOGM hearing with John Bonza and his staff regarding a legislative audit and plans for the future in the permitting process and surface water rights.

On the 21<sup>st</sup> of May Commissioner Kofford and Morris Sorensen attended a meeting with BLM and Consol Mine regarding the affects of subsidence to the county road below Miller Canyon below Emery and out to I-70.

He reported that the Road Department will begin chip sealing on the 16<sup>th</sup>. Most of the areas are north Emery.

*Commissioner Drew Sitterud*

Commissioner Sitterud reported on the new boat ramp in Joe's Valley. Commissioner Kofford was at the site to help with the installation process. He also reported that DWR is looking for Northern Pike in Canada and other places to cross breed with the Tiger Muskee.

He reported that Sportsmen for Wildlife have placed 15 tagged fish in Millsite Reservoir. These tagged fish, if caught, may be turned in, alive, at the boat ramp or state parks to receive \$100.00.

With regard to the RS2477 Committee, Kane County was taken to court by the wilderness society on the OHV policy claiming roads within the monument. They drew Tina Campbell as a judge, who typically is not favorable environmentally. They lost the case. The ruling came out that only a court can decide a road. Every road would have to be litigated. It was a big concern for the state and the counties. But as they went through the case it was directly affective of Kane County only. The ruling does not affect any other county in the state. Kane County is taking it to Tenth District Court. Emery County needs to continue to record roads as quickly as possible.

Sheriff Guymon reported on the Friendship Cruise.

(3)

**JAN BODILY, CONSIDERATION AND APPROVAL OF FY 2009 ANNUAL AREA PLAN FOR FOUR CORNERS COMMUNITY BEHAVIORAL HEALTH.**

Jan Bodily, Four Corners Community Behavioral Health presented their FY 2009 Annual Area Plan. Jan outlined some aspects of the plan. She explained that the drug court program will remain stable, serving the same number as in the past. She reviewed other programs that will remain in force for the next year. Commissioner Gary Kofford commended Jan and her staff for their efforts to serve the County. Commissioner Drew Sitterud reported that in the last Utah Association of Counties board meeting, board members spoke highly of Four Corners and their work in the communities. Commissioner Gary Kofford made a motion to accept the FY 2009 Annual Area Plan for Four Corners Community Behavioral Health. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(4)

**JEFF KELSEY, CONSIDERATION AND APPROVAL OF MEDICAL/DENTAL INSURANCE RENEWAL.**

Jeff Kelsey, Emery County's insurance broker introduced Tawnie Zimmer, Customer Relations Manager for Meritain Health. Jeff reviewed the unaudited summary of expenses from July 1, 2007 through April 30, 2008. Many counties have experienced an increase in claims, but Emery County's claims are down by a few dollars. He reported that two years ago when the county went out to bid for insurance the bids reflected no increase in premiums. Last year Emery County experienced a 2% increase. This year, he was pleased to announce, there is 2.8% decrease overall. Commissioner Gary Kofford made a motion to accept the insurance renewal as presented. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present. Jeff asked if he could have permission to have any additional documents signed later if he finds that something was missed. Commissioner Gary Kofford made a motion to approve the signing of any additional documents if needed. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF 2008 TAX RATES.**

Clerk/Auditor Brenda Dugmore presented the 2008 tax rates for Emery County. She stated that centrally assessed values are up producing a 104 million dollar growth. Centrally assessed property owners will more than likely appeal the values. The proposed 2008 tax rates are as follows:

COMMISSION MEETING MINUTES  
JUNE 17, 2008

General Fund: .003456 producing \$5,815,340.00 in revenue.  
Swimming Pool: .000149 producing \$250,000.00 in revenue.  
Library Fund: .000399 producing \$671,400.00 in revenue.  
Judgement Levy: .000057 producing \$95,700.00 in revenue.  
Assessing and Collecting: .000300 producing \$504,800.00 in revenue.

Commissioner Gary Kofford made a motion to approve the 2008 tax rates for Emery County. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(6)**  
**DISCUSSION AND CONSIDERATION TO WAIVE LANDFILL FEE FOR HATTS RANCH.**

Commissioner Gary Kofford reported that when he was in Green River recently Dan Harrison, city councilman discussed a problem that has come forth regarding the landfill located on Hatts Ranch in Green River. Through a change in ownership the property is now owned by the state. The state has ordered Hatts Ranch to remove the debris from the site. The logical place to move the debris is to the Emery County Landfill. If Hatts Ranch is considered agriculture the debris can be accepted at the landfill free of charge. Commissioner Gary Kofford made a motion to treat Hatts Ranch as agricultural and accept the debris at the landfill free of charge. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(7)**  
**CITIZENS CONCERNS**

Commissioner Drew Sitterud introduced three leaders from the Boy Scouts of America's National Honor Society, the Order of the Arrow in Emery County for a national service project. JJ Arnold, Order of the Arrow Public Relations Director, Jake Wellman, Chief Nation Wide Operations and Jack Hess, Order of the Arrow Incident Commander for the Manti la Sal . Mr. Arnold thanked the Commissioners for inviting them to come and share with the public what the scouts are here to accomplish. Jake Wellman told the Commissioners that everything is running smoothly thus far. There are close to 600 scouts from all over the United States here to participate in the project. They are engaged in removing tamarisk from three different sites on the BLM. Each group is taking a day for recreation including white water rafting, biking, hiking, fishing and visiting the dinosaur quarry and museums. They have set up camp at Canyon View Jr. High School in Huntington. They have been well received by the community. He invited the Commissioners to attend some events including an address given by the Lt. Governor on Wednesday and closing ceremony on Friday.

COMMISSION MEETING MINUTES  
JUNE 17, 2008

Mesia Nyman, Forest Service reported that this project is the largest single effort the Forest Service has ever undertaken and the largest project since WWII for the scouts. The Commissioners each expressed their gratitude to the scouts and the Forest Service for their efforts in this very beneficial project.

(8)

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION**

Personnel Director Mary Huntington presented the following personnel action:

A. Approval of 3% increase to Jared Robinson for completion of 6 month orientation.

Morris Sorensen requested a 3% increase for Jared Robinson who has successfully completed his six month orientation period. If approved he will move from Grade 17@ \$16.23 per hour to Grade 17 @ \$16.73 per hour. If approved this will become effective June 23, 2008. Commissioner Gary Kofford made a motion to approve a 3% increase for Jared Robinson as proposed. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

B. Approval to hire Kathy Perkins as a part-time, working less that 20 hours, sales clerk at the Museum of the San Rafael.

Margaret Keller requested approval to hire Kathy Perkins as a part time (working less than 20 hours per week) Sales Clerk at the Museum of the San Rafael. If approved Kathy would be hired at Grade 6 @ \$8.28 per hour with no benefits. Commissioner Jeff Horrocks made a motion to approve hiring Kathy Perkins as a part time, less than twenty hours per week, Sales Clerk at the Museum of the San Rafael as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

C. Approval to begin recruitment for part-time, working less than 20 hours, Janitor at the Ferron Library.

increase. If approved Tom would move from Grade 21 @ \$23.19 per hour to Grade 21 @ \$23.89 per hour. Commissioner Jeff Horrocks made a motion to approve a one step increase for Tom Harrison as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

E. Notification of 90 day temporaries Nick Larsen and Devin Hales.

The Sheriff's Office has hired Nick Larsen as a 90 day temporary employee to work with Brett Mills in the communications department. His wage is \$8.00 per hour with a start date of June 2, 2008. Jeff Guymon has hired Devin Hales as a part time 90 temporary employee in the IT Department. His wage is \$8.00 per hour with a start date of June 9, 2008.

(9)

**APPROVAL OF COMMISSION MEETING MINUTES.**

Commissioner Jeff Horrocks made a motion to approve the minutes dated June 3, 2008 as corrected. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(10)

**COMMISSION REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks reported on attendance at the Order of the Arrow opening ceremony. The Commission has been informed that Judge Betty Burns will be retiring in July. With the new judicial process for selecting judges they need to begin looking into that process. He recently attended a meeting in Green River regarding dam replacement or repairs.

*Commissioner Kofford*

On the 4<sup>th</sup> of June Commissioner Kofford and Ray Petersen went to Duchesne to meet with Mike Stringer regarding Title 5 designation. Mike was supportive with what has been happening with Title 5 and gave him a copy of how it should read. Mr. Stringer will soon come to Commission Meeting to introduce himself to the Commissioners and report.

Since the last Commission Meeting, Howard Sargent, USFS Supervisor has passed away. He was here for six months. The personnel at the Forest Service are quite shook up by his passing. They felt he could help this area greatly. The Green River Senior Center is coming along on schedule for completion the first week in August.

COMMISSION MEETING MINUTES  
JUNE 17, 2008

*Drew Sitterud*

Commissioner Sitterud reported that they are pouring cement for the monument at the mine site. It should be completed in time for the 1 year anniversary of the accident. Commissioner Sitterud recently attended a UAC meeting where centrally assessed issues were discussed. The consensus was that they may not achieve much but it was best to move forward anyway. Commissioner Sitterud and Mike McCandless attended a meeting with CEU and Utah State along with Economic Development Departments from Carbon and Emery County, representatives from Carbon and Emery County and Price City to discuss ways to better help the communities with educational and economic needs. They discussed the need for more nursing teachers and welding and automotive teachers. These classes are all full but are hurting for educators. Commissioner Sitterud reported that there is a lot of interest from businesses interested in the Industrial Park in Green River. Commissioner Sitterud also discussed the Emery County Food Bank building. It is in dire need of repair to the roof. He talked about the possibility of repairs to the building or tearing it down and building a new one. Commissioner Sitterud reported that work at the Swimming Pool is going slow. The Commission received notice that the cost of asphalt is going to increase dramatically after July 1. He felt that it will be a push to even have it completed by September. He stated that he did not expect to be using the outdoor pool this summer.

Commissioner Gary Kofford made a motion to move into a closed executive session. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

Commissioner Jeff Horrocks made a motion to reconvene the regular Commission meeting at the conclusion of executive session. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(11)

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

JULY 1, 2008

Present at the meeting was Commission Chairman Jeff Horrocks, Commissioner Gary Kofford, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

**(1)**  
**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS, AND DISPOSITIONS.**

Clerk/Auditor Brenda Dugmore presented the Warrant Check Edit List # 190975 through and including #191132 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
43-08	Shelving Library	12,675.46	Approved
44-08	McGruff Costume Sheriff	1,538.00	Approved

Commissioner Gary Kofford made a motion to approve the Warrant Check Edit List, additional claims and requisitions as presented. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(2)**  
**DISCUSSION OF OLD GREEN RIVER ROAD SHOP BUILDING DEMOLITION AND APPROVAL OF ACTION.**

A recent inventory review by Utah Local Governments Trust, Emery County's insurance company, revealed a problem with the old school portion of the Green River Road Shop building. Commissioner Gary Kofford has contacted R&R Environmental. They have an appointment on July 10, 2008 to go through the building and collect samples. The approximate cost is under \$2,500.00. Commissioner Gary Kofford made a motion to contract with R&R Environmental for the asbestos check on the Green River Road Shop. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present. This will be the first step. Next year's budget will need to include the asbestos abatement and eventually demolition of the building.

(3)

**DISCUSSION AND DECISION CONCERNING MANAGEMENT OF EMERY COUNTY AQUATIC CENTER..**

In past commission meetings there has been discussion on whether the management of the aquatic center should be under the direction of the Commission or turned over to the Recreation District. Commissioner Jeff Horrocks stated that it was his opinion that this is a six million dollar building that the County is liable for and it needs to be under the direction of the Commission. Commissioner Gary Kofford felt that it needs to be up and running under the Commission direction. Once a manager is hired they will help come up with policies, procedures and costs but in order to do that we need the personnel in place when the center opens. Commissioner Gary Kofford made a motion to set up the aquatic center under the Commissioners. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(4)

**APPOINTMENT TO PLANNING COMMISSION TO FILL UNEXPIRED TERM.**

The vacancy on the planning commission has been advertised twice. Commissioner Jeff Horrocks spoke with Darrell Gardner who had expressed interest on filling the unexpired term of Merrill Duncan. Commissioner Jeff Horrocks made a motion to appoint Darrell Gardner to the planning commission. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF DEVELOPMENT LEASE BETWEEN SITLA AND EMERY COUNTY FOR PROPERTY LOCATED WEST OF THE CITY OF GREEN RIVER FOR AN INDUSTRIAL PARK.**

Attorney David Blackwell received the paperwork by email yesterday. Commissioner Gary Kofford felt that there were some changes that needed to be made. Commissioner Gary Kofford made a motion to table this item until the next commission meeting. Commissioner Jeff Horrocks seconded the motion and it was approved by all members present.

(6)

**SETTING OF PUBLIC HEARING TO RECEIVE PUBLIC COMMENT REGARDING A LEVEL III CONDITIONAL USE PERMIT FOR CARNOTITE LLC.**

Commissioner Gary Kofford stated that this is a company that is proposing to set up a uranium mine. This item has gone through planning and zoning commission. It is a level III conditional use permit so it has to have Commission action. Commissioner Kofford made a motion to set a public hearing on August 5, 2008 at 9:30 a.m. The motion was seconded by Commissioner Horrocks and approved by all members present.

(7)

**DISCUSSION AND DECISION CONCERNING SWIMMING POOL MANAGEMENT.**

This item is a duplicate of number three.

(8)

**APPROVAL OF LETTER OF SUPPORT FOR SOUTHEASTERN UTAH AOG'S APPLICATION FOR A GRANT TO BE USED FOR GENERATING A FOUR COUNTY TRANSPORTATION MOBILITY MANAGEMENT STUDY AND ACTION PLAN.**

This grant will provide matching funds for the purpose of creating a four county transportation mobility management study and action plan. Commissioner Gary Kofford made a motion to approve the letter of support for Southeastern Utah AOG's transportation mobility management study and action plan. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(9)

**DISCUSSION AND DECISION CONCERNING THE CREATION OF A EMERY COUNTY AMBULANCE DEPARTMENT.**

Commissioner Jeff Horrocks has had a job description prepared for a part time employee at 19 3/4 hours a week to set up an ambulance supervision operation and bring all the ambulances under one hat. Hopefully it will enhance the operation. Currently ambulance is under the Sheriff's office. The idea is to relieve some of the hours required by the law enforcement personnel and free them up for other duties. There are a lot of things that the ambulance service does. It needs to be a priority one operation including purchasing supplies, maintaining the ambulances and scheduling the EMT's. Bill Dellos asked what the change of cost would be. Commissioner Horrocks stated that the position would be funded from the current ambulance budget. The ambulance office would be located in the courthouse. Patsy Stoddard asked how this would work with a part time position when the ambulance service is a 24/7 operation. Commissioner Horrocks stated that the position would schedule the emt's and their training and oversee the operations of the ambulance services. Minimum qualifications for the position are: graduate from high school, associate degree preferred, three years in emergency medical

technician field, knowledge of EMS practices, basic budgeting, personnel management skills and good communications, computer skills is valuable, ability to respond quickly and effectively in crisis situations, EMT intermediate certification, valid drivers license. These are some of the basis requirements involved. This position is intended to make the management of the ambulance service a priority management and that is all that this person will do. Patsy Stoddard asked why the person could not be hired under the Sheriff. Commissioner Horrocks stated that it needed to be a stand alone operation. This position would report directly to a Commissioner. This is not a negative move toward any organization or individuals, simply an attempt to assist the Sheriff's Dept. in giving them more time to do the jobs they need to do and ensure that the ambulance is operated as a priority service. Commissioner Gary Kofford stated his concerns that Sheriff Lamar Guymon put the ambulance service together thirty years ago. Through the years we have come up with a very respectable service and Sheriff has done a good job. One concern is that as we pull it out from the Sheriff there is a concern that it will have a tendency to grow from part time to full time. Another concern is that the ambulance and sheriff's dept should work together. Whatever decision is made should not be perceived as a slap in the face to those that are currently running the service. There are two lines of thought and it is difficult to determine which direction would be the best to go. Currently the ambulance has a budget of its own. They operate on the money that is collected from the ambulance runs. Commissioner Horrock's idea is that if someone is directly over the program it would run better and Commissioner Kofford has a hard time finding fault with that line of thinking. One of the problems we have is there are a lot of EMT's that are reaching retirement age and we have not made it enticing enough for younger people to desire to become EMT's. Commissioner Horrocks stated that this is simply an attempt to create a priority one service to the County. Hopefully by appointing someone to run this service it will allow them to create a recruitment program. Commissioner Horrocks made a motion to proceed with the creation of the position of part time ambulance supervisor. Commissioner Kofford stated he still had reservations but would second the motion. The motion was approved by all members present.

**(10)**

**APPROVAL TO PURCHASE ADVERTISEMENT IN THE ANNUAL EMERY COUNTY FAIR GUIDE.**

The Commissioner discussed at what level the County should participate in the fair guide. Commissioner Jeff Horrocks stated that the ad should include all elected officials. Commissioner Gary Kofford made a motion to participate with the Emery County Progress on the fair guide by purchasing a \$650.00 ad. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(11)**

**CITIZEN CONCERNS.**

There were no citizen concerns.

(12)

**RATIFICATION OF CHANGES IN COMMISSION RESPONSIBILITIES.**

Due to the events from the last commission meeting Commissioner Jeff Horrocks made a motion to ratify the changes in commission responsibilities. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**COMMISSION REPORTS.**

***Commissioner Horrocks***

Attended a tour with the Huntington Cleveland Irrigation Company to see the new ponds and sprinkling system. It is an impressive system and hopefully it will reduce the amount of salt going into the Colorado.

Elections were on June 24, 2008. Things went well. There were a couple of minor problems but

6

Minutes of the Emery County Board of Commissioners  
July 1, 2008

the IT Department was able to take care of things quickly.

***Commissioner Kofford***

The order of the arrow scouts participated in the project on the desert. There were a lot of people involved. It was a successful project. Most of the scouts were from out of the area. Twenty-five miles of tamarisk was cleared.

The relay for life was also a success.

Green River Senior Center has tentatively set up the 6<sup>th</sup> of August for an open house but the open house will probably have to be moved back because of all of the other activities that are going on.

Miss Emery County had a benefit at the golf course. The Miss Emery County Board also helped. It was a successful day with fourteen teams participating.

Huntington Heritage days are going on now. The rodeo was last weekend with lots of events going on this week.

Miss Emery County pageant is on July 19<sup>th</sup>. The rodeo is on July 24, 25, and 26<sup>th</sup>. The Castle Valley Pageant starts on July 30<sup>th</sup> and the Senior lunch will be on July 31, 2008. It is going to be an eventful month.

The road department has finished their chip sealing projects.

**(2)**  
**KAY KIMBALL, PRESENTATION AND APPROVAL OF FY2007 FINANCIAL AUDIT.**

Kay Kimball, Kimball and Roberts, LLC presented the FY2007 Financial Audit report and provided a brief overview of the financial status of Emery County. He reported that they found a clean opinion. This means that the county is in compliance with the laws and regulations with regard to grants and loans and following county policy and procedures based on revenue and expenditures. Kay stated that they are comfortable with the county's financial system and performed tests to be sure everything was in line with state and federal regulations. He stated that Emery County is fortunate to have CPA's in both the Treasurer and Clerk/Auditor's office who were prepared and had everything in order for the audit. He found the budget to be in full compliance. He stated that his company gets audited every three years and just this year received a clean audit themselves.

(3)

**CONSIDERATION AND APPROVAL OF A BUSINESS LICENSE FOR DAVID SPEARS 333 CONSTRUCTION.**

A business license application for David Spears DBA: 333 Construction was presented for consideration and approval. Commissioner Gary Kofford made a motion to approve a business license for David Spears DBA: 333 Construction. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(4)

**RATIFICATION OF MODIFICATION NO. 1 TO JOE'S VALLEY RESERVOIR BOAT DOCK AGREEMENT FOR FULL REIMBURSEMENT.**

The purpose of modification #1 to Joe's Valley Reservoir Boat Dock Agreement is to augment the existing funds allotted to this project. Due to increase fuel prices, delivery costs associated with this project exceeded initial estimates presented in the original agreement. DWR will now provide 75% of the overall project cost from their Sport Fish Restoration (Motorboat Access) fund up to \$14,064.00 for the purpose of acquiring and installing a courtesy dock. The new DWR funding total of \$14,064.00 represents a \$2,064.00 increase in available Motorboat Access funds. Commissioner Gary Kofford made a motion to approve modification #1 to Joe's Valley Reservoir Boat Dock Agreement for full reimbursement. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF DEVELOPMENT LEASE BETWEEN SITLA AND EMERY COUNTY FOR PROPERTY LOCATED WEST OF THE CITY OF GREEN RIVER FOR AN INDUSTRIAL PARK.**

Economic Development Director, Michael McCandless was asked to explain proposed lease between SITLA and Emery County for property located west of the city of Green River for an industrial park. He explained that a couple of years ago Emery County began working with Economic Development Corporation of Utah to receive leads for business opportunities that go statewide. Many of these opportunities desire larger blocks of acreage than what we have been able to put together, usually anywhere from 80 acres up to 500 acres. The challenge in Green River was identifying blocks of land large enough to meet the criteria. We have an Industrial Park on the east side of Green River but there are no lots left that are larger than about forty acres. In order to conglomerate lots to make an offer to bid for these businesses we would have to get several land owners to agree to prices to sell blocks of land in order to respond. To make an offer on these potential business we would have to answer back usually in a week. We looked at

COMMISSION MEETING MINUTES  
JULY 15, 2008

the rules and regulations that SITLA has because they are a large land owner near Green River and found that there is a provision in their code that allows for development leases. About a year ago, we approached SITLA to see if this is a possible way that we could offer property that would be marketable to these potential businesses. The first proposal to SITLA was rejected. We modified the proposal and it was then accepted. The plan would allow Emery County to market pieces of property to potential businesses. The property would remain in SITLA's name until an owner is found. We entered into a letter of intent with SITLA to lease the properties. The intent of the lease in discussion today is to allow Emery County to offer these blocks of properties in a way that we can market them to these companies, as they come in, as green field developments. If we have the opportunity to provide those improvements based on the expenditures of the proposed client, then Emery County will support the development of infrastructure. We are not in the position to go in and build roads, streets, curb and gutter. We still have some issues with the lease to resolve in this agreement. The arbitrary schedule is something that he was not comfortable with. He asked for time to work with David Blackwell and SITLA to work through some of the issues of concern. David Blackwell indicated that his concerns were with the time issues as well. Another issue is insurance. We have an interest in the park. We have a letter of interest with Mancos who has a great desire to locate in Green River. This letter of intent gives them the go ahead to begin the process which could take up to two years. Based on the information presented Commissioner Gary Kofford made a motion to direct Michael McCandless and David Blackwell to work on this contract take it back to SITLA and bring back a final copy for consideration. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(6)

**DISCUSSION AND APPROVAL TO PURCHASE ADVERTISEMENT IN THE CASTLE VALLEY PAGEANT.**

The Emery County Review requested advertisement in the Castle Valley Pageant Guide. Commissioner Gary Kofford made a motion to approve a half page black and white add in the Emery County Review for the Castle Valley Pageant Guide. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(7)

Commissioner Gary Kofford made a motion to approve a standard Interlocal Cooperation and Contract Agreement between Southeastern Utah Association of Local Government, Area Agency on Aging and Emery County. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF RENEWAL OF THE ADULT PROBATION AND PAROLE CONTRACT.**

Cheryl Searle, CPM, SERT, Commercial Real Estate Manager for State of Utah, Department of Administrative Services presented the Board of Commissioners with Contract #91-1770 Amendment #7 for Adult Probation and Parole office space lease in Emery County. The contract is for 5 years but may be revisited if rate changes by Questar occur. Commissioner Gary Kofford made a motion to approve contract #91-1770 for office space lease for Adult Probation and Parole. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF EASTERN UTAH TELEVISION AND TECHNOLOGY ASSOCIATION INTERLOCAL COOPERATIVE AGREEMENT AS AMENDED 1/10/2008.**

Commissioner Sitterud, as a member of the Eastern Utah Television and Technology Association Board has been working on this agreement amendment to include Grand County as a part of the group. There are several questions that need to be addressed before the agreement can be considered. Commissioner Horrocks asked to have the matter turned over to Attorney David Blackwell to address the questions. Commissioner Gary Kofford made a motion to table this matter to allow time for Attorney David Blackwell to review the agreement. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**CONSIDERATION AND APPROVAL OF SETTLEMENT OFFERS FROM KERN RIVER, MID AMERICA, NORTHWEST AND QUESTAR FOR TAX YEARS 2006 & 2007.**

Treasurer, Steve Barton reviewed settlement offers from Kern River, Mid America, Northwest and Questar for tax years 2006 and 2007. Attorney David Blackwell was not sure if the other counties that are affected have responded yet. Questar is the only one that affects Emery County. David will consult with the litigation team to see where the other counties are going with this. Commissioner Gary Kofford made a motion to have Steve Barton and David Blackwell continue to monitor this and let it sit for now. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(11)****DISCUSSION OF GREEN RIVER JUSTICE COURT.**

On July 9<sup>th</sup>, Judge Betty Burns retired as Green River Justice Court Judge. Currently Judge Steve Stream is traveling 2 days a week to Green River to hold court. There has been some concern as to whether or not to replace Judge Burns. Commissioner Kofford indicated that he has been contacted by several people regarding not replacing the judge and continue to have Judge Stream cover both Justice Courts. He indicated that he would like to continue having Judge Stream cover Green River and give it time to see if it will work out. Attorney David Blackwell indicated that he has always felt that one judge could cover both courts. Steve Stream is not opposed to doing this although it may not be popular with folks in Green River. Sheriff Guymon agreed that we should wait and see if 1 judge works and do what best serves the taxpayers of the county. Commissioner Horrocks stated that he has no problem with waiting and watching to see if Steve can cover the 2 courts. If Judge Stream can maintain the 2 courts this will kick him into full time status and his pay scale will need to be adjusted. Commissioner Horrocks indicated that he has no problem with waiting to see if it works. Commissioner Kofford stated that as a commission we have to determine if we need a judge in Green River. We do not need to deter Steve's ability to make this work. We need to move forward and do what we can to make this work. Let's go ahead with Steve and see what happens. Treasurer, Steve Barton indicated that we need to move forward with making Steve Stream a signer on Green River Justice Court's checking account. Leslie Bolinder asked if the county had the ability to do arraignments via the internet? The Commissioners indicated that we do have that ability. This matter will be brought back at a later date for more discussion.

**(12)****CONSIDERATION AND APPROVAL OF AGREEMENT FOR BAILIFF AND PERIMETER SECURITY FOR DISTRICT COURT.**

Commissioner Gary Kofford made a motion to approve the agreement for bailiff and perimeter security for district court. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(13)****CITIZENS CONCERNS**

Public Lands Director, Ray Petersen presented an amendment a contract from the State Department of History. Ray indicated that he received the document to late to get it on the agenda. The amendment is for an extension to the grant contract for \$3,000.00 for an interpretative sign for the San Rafael Swinging Bridge. The term of the contract ends on July 31,

COMMISSION MEETING MINUTES  
JULY 15, 2008

2008 . This amendment will extend the contract until the end of September. The contract needs to be signed and returned to the state as soon as possible. Attorney David Blackwell indicated that they could approve and sign the contract and have it ratified in the next meeting.

Commissioner Gary Kofford made a motion to approve an extension to the grant contract with the State Department of History for an interpretative sign for the San Rafael Swing Bridge. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

John Ergo from Healthy Environment Alliance of Utah presented information regarding nuclear reactors. He had the understanding that Emery County intended to build up to four nuclear reactors in Green River. He wondered if this was a good use of county funds. In his opinion nuclear power is risky. Commissioner Kofford informed him that Emery County has not agreed to do anything. We are only providing the property for industry to locate in Emery County. Commissioner Horrocks stated that Emery County is looking to build its tax base and is not going to do anything that will isolate that process. Mr. Ergo asked for the opportunity to present his position. The Commission invited him to get with Leslie in their office and get on the Commission Meeting agenda.

Sarah Fields, Grand County stated her concerns regarding the proposed Industrial Park in Green River. She was concerned that Transition Power, a business interested in locating at the park has not held a public hearing to received public comment regarding their proposed use of the property. Commissioner Horrocks told her that Transition Power is only conducting an archeological and mineral study at this time to see is it is a feasible site for their business. Ms. Fields indicated that she thinks that the county doesn't have a clear picture of what it will entail to have nuclear plant in the Green River area. She felt that the Commission should pursue other types of energy such as solar energy. Commissioner Horrocks stated that Emery County is in the preliminary stages of creating an industrial park. We will pursue all interest of businesses that want to come to Emery County. Michael McCandless stated that the Planning and Zoning Commission prides itself on making decisions based on fact.

Mark H. Williams asked if anyone knew how long it had been since we had an accident at a nuclear plant? Someone said it was around 29 years. Mr. Ergo indicated that he didn't say that it was unsafe, just that it is expensive.

**CONSIDERATION AND APPROVAL OF AMENDMENT TO EC ROAD 126  
RECONSTRUCTION AND REALIGNMENT AGREEMENT BETWEEN EMERY  
COUNTY/ECSSD#1 AND UTAH AMERICAN ENERGY, INC.**

UEI has found it necessary to access Lila Canyon Mine site for portal construction along with the transporting of supplies and support. A temporary road, 15 feet wide, will be constructed and graveled. The existing county road will be used to the extent possible. A temporary road will be

COMMISSION MEETING MINUTES  
JULY 15, 2008

constructed along the proposed centerline for the end of the county road to the mine site. A construction contract will be obtained through the regular bidding process. Engineering will be required to prepare the bidding documents and oversee this phase of the project. All items of the original contract which detail the relationship between the District and UEI, namely the approval procedure and financing process, will apply. Commissioner Gary Kofford made a motion to approve an amendment to EC Road 126 reconstruction and realignment agreement between Emery County/ECSSD#1 and Utah American Energy, Inc. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(15)**

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Personnel Director, Mary Huntington presented the following personnel action:

**A. Request to hire Tamera LaCock as Ferron Library part-time janitor (10 hrs/wk)**

PR#07 changes the ceiling paint at an additional cost of \$1,705.00. Commissioner Gary Kofford made a motion to approve PR#05 and PR#07 for the Swimming Pool project. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(15)

**DISCUSSION AND APPROVAL OF A LETTER OF SUPPORT TO UDOT REQUESTING A PORTION OF SR-29 BE OPEN FOR OHV TRAVEL.**

Commissioner Jeff Horrocks explained that the Forest Service has been issuing citations for OHV travel on a portion of SR-29 in Joe's Valley. This route ties in trails in the area. There have been talks with UDOT in the past regarding this issue and they are aware of the problem. It was suggested to have Ray Petersen draft a letter to UDOT in support of designating the road from the new boat ramp to the beginning of the switchbacks as open for OHV travel. Randall Stilson asked if the state is going to require the county to accept that designated portion of the road as a county road? No one had an answer. Ethan Hurdsman, representing the owners of the Joe's Valley Marina was in support of writing the letter to UDOT requesting the designation. Commissioner Gary Kofford made a motion to have Ray Petersen draft and the Commission sign a letter to UDOT stating the county's position in support of a portion of SR-29 be open for OHV travel. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(16)

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION****A. Request approval of 3% wage increase for Tammy Tucker who has completed six month orientation period.**

Michael McCandless requested approval for a 3% wage increase for Tammy Tucker who has completed her six month orientation period successfully. If approved Tammy would move from Grade 13 @ \$12.45 per hour to Grade 13 @ \$12.85 per hour. This would be effective August 11, 2008. **COMMISSION REPORTS.**

*Commissioner Kofford*

Commissioner Kofford reported on the success of the weeks activities revolving around the Emery County Fair. He complemented those volunteers and staff members who worked hard to pull off another great county fair. The Senior Center in Green River will have its final

COMMISSION MEETING MINUTES  
AUGUST 5, 2008

inspection on Friday, August 8, 2008. The staff will move into the center on Monday the 11<sup>th</sup>. August 19<sup>th</sup> at 11:30 am there will be an open house and ceremony with a light lunch. Commissioner Kofford met with the contractors at the swimming pool on Friday. They have set a tentative date of September 13, 2008 for completion. There is a lot that needs to be done between now and then. We still need a manager hired who will need to put in place staff members and set out the pool rules and rates.

*Commissioner Horrocks*

Commissioner Horrocks also thanked all the people who put in the hours and time to make this another successful year for the fair and rodeo. He attended a lamb fry held for the State Road Commission held here in the county.

Commissioner Gary Kofford made a motion to move out of the regular meeting and into a closed executive session and upon completion of that session to return to the regular meeting. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(19)

**CLOSED/EXECUTIVE SESSION TO DISCUSS ATTORNEY/CLIENT COMMUNICATIONS REGARDING LITIGATION OR OTHER MATTERS ALLOWED BY LAW.**

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COMPLEX IN GREEN RIVER

AUGUST 19, 2008

Present at the meeting was Commission Chairman Jeff Horrocks, Commissioner Gary Kofford, Attorney David Blackwell, Clerk/Auditor Brenda Dugmore, other elected officials and citizens.

Commissioner Jeff Horrocks stepped down through out the meeting to execute the motions.

**(1)**  
**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS, DISPOSITIONS.**

Clerk/Auditor Brenda Dugmore presented the Warrant Check Edit List #191983 through and including #192157 for payment.

Requisitions were presented for the following.

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
47-08	Canon Copier Library	1,817.00	Approved
48-08	Service Kit for Satellite Homeland Security	899.00	Approved

There were no dispositions.

Commissioner Gary Kofford made a motion to approve the Warrant Check Edit List and requisitions as presented. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(2)**  
**REQUEST APPROVAL OF BUILDING PERMIT FEE WAIVER FOR MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY FOR CHILDREN'S JUSTICE CENTER.**

Commissioner Gary Kofford made a motion to approve a fee waiver for the Municipal Building Authority of Emery County in the amount of \$1,879.79 for the Children's Justice Center. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(3)

**REQUEST APPROVAL OF BUILDING PERMIT FEE WAIVER FOR HUNTINGTON CITY FOR GARAGE AT RODEO GROUNDS.**

Commissioner Gary Kofford made a motion to approve a fee waiver for Huntington City in the amount of \$984.49 for a garage at the rodeo grounds. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(4)

**REQUEST DONATION TO ASSIST IN THE PURCHASE AND MAINTENANCE OF VAN FOR GREEN RIVER BOYS AND GIRLS CLUB AND COMMUNITY CENTER.**

Glen Dale Johnson was present to ask for assistance in purchasing an extra, more dependable van to transport the youth. The question was asked if Green River City was in support of the community center. Pat Brady, Green River Mayor, addressed the Commission and stated that the City gives money to the community center every year. The City has pledged partial money for the purchase of the van. The center does a great job with the youth. Blaine Evans reported that there were many summer programs that took place including horse back riding, life skills, art, golf, soccer, tennis and dancing. The kids were taken on many field trips. Mr. Johnson stated that there was also a question as to whether the community center was a 503(c) organization. The paperwork showing that status was turned over to the Commission. Commissioner Gary Kofford stated that this is a worthy project, but was concerned that the standard County donation is \$250.00 and the request is for \$4,000.00. It would be his suggestion to look at it for a couple more weeks and possibly put in next year's budget. Another possibility is that the Senior Citizen Center will be receiving a new bus which would free up a full size van that could possibly be transferred to the center. Commissioner Gary Kofford made a motion to table this item for two weeks. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(5)

**CITIZEN CONCERNS**

Glen Dale Johnson brought up the concern of not replacing the justice court judge position in Green River. It is one of the higher paying jobs in Green river and it is a position that they want to keep. Pat Brady stated that he appreciated having a judge in Green River that lives in the community. Karen Silliman stated that the local law enforcement would prefer to have a judge in Green River. Commissioner Gary Kofford stated that it has been the policy of the County when someone retires to evaluate whether or not to fill the position. The previous Judge drove to Castle Dale for about six months to fill in for the judge there. Commissioner Kofford would like to watch the situation for a few months and see how things work. Commissioner Jeff Horrocks stated that he comes from a law enforcement field and is not against putting a new judge in

COMMISSION MEETING MINUTES  
AUGUST 19, 2008

Green River. He respects Commissioner Kofford's views and neither is going to change their opinion, so until there is a third vote, nothing will change. Attorney David Blackwell also stated that there is new legislation that goes into effect on July 1, 2009 and it needs to be taken into consideration how those changes will affect the court before a new judge is appointed.

Joni Pace asked the Commission what was going to happen to the old equipment in the Senior Citizen Center. Commissioner Jeff Horrocks requested that they send a letter requesting the needs of the Community Center.

Judy Scott discussed a situation with the Housing Authority where she does not feel like adequate inspections are being performed. The lawns are dying and its an eye sore. Karen Silliman has contacted the Housing Authority and the duties were transferred from the Emery Office to the Moab office. The Commission will look into the situation.

Commissioner Gary Kofford read a letter thanking the Commissioners for building the Senior Citizen Center in Green River. The letter was signed by Judy Scott, Emery County Aging Council. There were about a hundred other signatures on the letter.

(6)

**CONSIDERATION AND APPROVAL OF AMBULANCE BILL REDUCTION FOR NANCY MITCHELL, JAMES SIMMONS, ANNA MERCHANT, SUNG EUN PARK, LANDON WATSON AND SCOTT STROUD.**

Commissioner Gary Kofford made a motion to abate 50% of the balance for Landon Watson and Nancy Mitchell who are Emery County residents and no abatements for James Simmons, Anna Merchant, Sung Eun Park and Scott Stroud. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(7)

**DISCUSSION AND APPROVAL OF ACQUIRING PATENT WITH THE BLM FOR LAND THAT INCLUDES A PORTION OF THE MK TUNNELS.**

Ray Petersen, Public Lands Administrator, addressed the Commission concerning the MK Tunnels. The MK Tunnels were created in the 1950's burrowed into the Navajo sandstone. The BLM is the land owner and asked the State Department of Oil, Gas and Mining Abandoned Mine Program to come up with a closure program. They came back with a plan to partially close the tunnels. There has been a lot of concern locally to keep the tunnels open. The BLM has not changed their plan to close the tunnels. One option is to make the property belong to Emery County and keep them open. The Environmental Protection Agency wanted more testing to be conducted. An update was given in the last public lands meeting and there has been \$10,000.00 set aside for interpretations and kiosks. One tunnel is 300 feet long and six to eight feet tall. That

COMMISSION MEETING MINUTES  
AUGUST 19, 2008

tunnel is still intact. The question was raised as to whether the BLM would consider leaving that tunnel open. Their plan is to close all of the tunnels. The Public Lands Council has drafted a letter requesting the Commission move forward with an r&pp from the BLM. Commissioner Gary Kofford made a motion to move forward with the request to the BLM. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF "ORDER OF THE INDEXED RATE INCREASE" FOR AMBULANCE RATES.**

Commissioner Jeff Horrocks made a motion to table this item until a new schedule can be made. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF DEVELOPMENT LEASE BETWEEN SITLA AND EMERY COUNTY FOR PROPERTY LOCATED WEST OF THE CITY OF GREEN RIVER FOR AN INDUSTRIAL PARK.**

Michael McCandless, Economic Development Director, reminded the Commission that at the last meeting there was a draft of this agreement and it was not felt that the agreement actually met the intent that the County had for the agreement. We now have a revised agreement that Mr. McCandless is comfortable with. There is only one question remaining in section 6.3. Clarification is needed as to how we can use our proceeds from the sale of property. It is Mr. McCandless's recommendation that the agreement be approved. Commissioner Gary Kofford stated that one of the things that it lays out is the price of SITLA land running from \$900.00 to \$1,400.00 per acre. SITLA will get 90 percent of the proceeds and the County would get 10 percent. We currently do not have an agreement with Green River City to supply water. Another question that Commissioner Kofford had was concerning an archeological study and an engineering study. Mr. McCandless stated that the archeological study has already been completed and approved. Commissioner Kofford stated that there would be no cost to the citizens of Emery County with the direction the industrial park is headed. Commissioner Kofford would like resolved the cost of the water and sewer line. The County has filed for an economic development grant in the amount of \$1.7 million to help with the construction of the water and sewer. The total price of the property that is selling would only amount to \$274,000. Mr. McCandless stated that the money would cover the first phase of this project. There will be many phases. Mary Wilmarth questioned what the liability to Green River City would be. Mr. McCandless stated that it would be no different than any other properties subject to existing planning and zoning laws. There will be a public hearing in September to rezone the area to industrial use. If no water can be provided to the property then the County would not execute the agreement with the purchasers. Bill Adams asked if there is any interest in property located within Green River City. Mr. McCandless stated that he is always interested in looking at

COMMISSION MEETING MINUTES  
AUGUST 19, 2008

property in town to show to potential buyers. Sarah Fields spoke of concern that the County may be committing itself too deeply to projects that may never happen. There is a public hearing on August 27, 2008 regarding Mencos Resources request of 800 acre feet of water from the Green River. Mayor Pat Brady commented that the City really appreciates all that Mr. McCandless has done in trying to move this project forward. Mr. Brady requests that the Commission approves this agreement. Commissioner Gary Kofford stated that Green River has a unique opportunity for economic development. It appears that the majority of the populous of Green River is in favor of moving forward with the project. Blaine Evans questioned whether the residents of Green River will have more say than others. Mr. McCandless stated that the decision will be based on the facts, not on public clamor. All relevant information will be considered. Commissioner Gary Kofford made a motion to enter into the agreement with SITLA and Emery County subject to clarification of section 6.3. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF IMPROVEMENTS AT SHERIFF'S GUN RANGE.**

Commissioner Gary Kofford spoke with Captain Kyle Ekker concerning improvements at the gun range. There have been a lot of improvements made and there is concern about access to the area. The Sheriff's Department has enough material to construct the fence. Commissioner Kofford would like to put this out for bid with a site inspection on September 4, 2008 at 10:00 a.m. Sheriff LaMar Guymon has some money left over in his budget to pay for this fence, but may need to supplement it with a couple of thousand dollars from another department. Commissioner Gary Kofford made a motion to advertise for the installation of a fence at the gun range. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF PAYING MILEAGE FOR JUDGE STREAM'S TRAVEL TO GREEN RIVER.**

Commissioner Gary Kofford stated that Emery County's policy states that when driving a personal vehicle for County business the County will reimburse mileage. This item is for informational purposes only. Judge Stream will be traveling back and forth to Green River to conduct court. When he takes his personal vehicle he will be reimbursed mileage and possibly there will be a county car available part of the time.

MINUTES OF THE SPECIAL MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

AUGUST 20, 2008

Present at the meeting was Commission Chairman Jeff Horrocks, Commissioner Gary Kofford, Clerk/Auditor Brenda Dugmore, Deputy Clerk/Auditor Carol Cox, and citizens.

The purpose of the special meeting was to hold a public hearing to discuss a judgement levy tax increase in the amount of \$95,700.00 to repay Pacificorp as a result of a judgement issued by the Utah State Tax Commission on 2007 valuation.

Castle Valley Special Service District's levy amount is \$38,910.00.

The meeting was opened up for comment from the public.

JoAnn Behling, Ferron stated that we all know that the value of the plant has not changed that much. She wanted to know what the county is doing to fight that cause and if the attorney for the county is doing anything. A few years ago we had an attorney who really got in there and fought for us. We need someone who cares about Emery County. We know that the plant sold for a lot more money than it is being valued at. Something is going on.

Commissioner Kofford stated that centrally assessed is valued by the State Tax Commission not Emery County. The county's attorney from Utah Association of Counties has not been successful in winning an appeal case.

Commissioner Horrocks stated that the county attorney has fought this battle. This is a valid concern. The power plant was sold for a lot more money than what it is being valued on. He felt that it is not being taxed for what it should be. The plant is producing more power today than it was 30 years ago when it was built. It is way under taxed. We have had the Tax Commission here and had meeting with them. It was like talking to a brick wall.

JoAnn Behling expressed concern that the tax burden is shifting to the home owner. Every household is paying \$100.00 to \$200.00 more in taxes this year. She stated that we need to get the county attorney involved to fight for the county on centrally assessed values.

Commissioner Horrocks stated that he agreed. The county is not taking in any more money. The shift is going to the homeowner. He expressed concern that it takes changing the constitution to change the way centrally assessed is valued.

Commissioner Kofford indicated that the county is still operating on the same budget that we were in 1991. With the economy the way it is and the cost of living, fuel, etc. we are still at the same place. The county has done well to be able to do this. The only way to combat this is to

cut services. Are we willing to do this?

Darrell Leamaster, CVSSD stated that in the past, with the Association of Counties, the county has bought into fighting the Tax Commission on this matter and has ended up spending a lot of money trying to defeat it. The value of centrally assessed property is looked at differently than residential property. What we need to recognize is that centrally assessed property pays 85% of the property tax. Therefore, centrally assessed properties pay back 85% of the judgement levy. There is no question that the shift is happening. If we do not do the levy it opens the door for them to protest every year. Without the judgement levy, the burden to pay the protested amount would fall fully on the homeowner.

Commissioner Kofford talked about the changes in the way property has been assessed this year. The state told us we did not have the value of vacant property where they felt we should be. They told us if we did not bring them up to within 80% of the value they would do it at the full 100%. So, with this change and the judgment levy the taxpayer is experiencing higher taxes. The county is not collecting any more money.

Joann Crawford, Marybelle Wareham and Ray Wareham made comments regarding the cost of homes with comparison to home sales in the big cities.

Jeff Hayward indicated that his taxes went up 300%.

Commissioner Kofford indicated that if you feel that your taxes are totally out of line there is a process that you can go through to have the Assessor re-assess your property. You have until the 15<sup>th</sup> of September to complete that process.

There was no more comment.

Motion the adjourn the meeting was made by Commissioner Gary Kofford, seconded by Commissioner Jeff Horrocks and approved by all members present.

**DELENA FISH, WFS, QUARTERLY UPDATE.**

Delena Fish, Work Force Services, provided a quarterly update.

Customers may now access information, file applications and apply for medical assistance online as well as call in to the office. The calls could come in to any office in the region. The majority of the work that her office is experiencing is coming from the Wasatch front. This is a pilot program for the Eastern region to provide portability to customer service anywhere in the state. This is an effort to centralize job units in the state by listing job orders and find people to work. WFS is on the new four day work week. They are now closed on Friday.

They are now taking phone interview for free dental unit with United Way. To qualify for the free dental, the applicant cannot have access to any dental care. WFS still has training funds available. At this time there are not a lot of individuals who come in for training. The youth program is having problems with finding youth who want to participate. Unemployment is at 3.8 at this time which is close to the state's rate. The area still has jobs available, mostly that need skill sets.

(4)

**DISCUSSION OF NORTH EMERY WATER SPECIAL SERVICE DISTRICT  
REQUEST FOR HEALTH INSURANCE.**

Commissioner Jeff Horrocks made a motion to direct the special service districts to pool together and meet with Jeff Kelsey, Emery County's insurance broker to come up with a program that will work for them all. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(5)

**RE-APPOINTMENT OF BEULAH OVESON TO EMERY COUNTY LIBRARY  
BOARD.**

Commissioner Gary Kofford made a motion to re-appoint Beulah Oveson to one more term on the Library Board. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
SEPTEMBER 2, 2008

(6)

**CITIZEN CONCERNS**

James Davis, Emery County Review asked if North Emery Water Special Service District has insurance at this time. Michael McCandless, as a member of the board indicated that the reason for requesting insurance is because usually the SSD's have only one or two employees and have a hard time getting decent rates on insurance.

(7)

**CONSIDERATION AND APPROVAL OF LETTER TO BLM CONCERNING CATTLE GUARD ON COUNTY ROAD 506.**

Commissioner Gary Kofford explained that he received a request from Ray Jorgensen, Herd Manager of the Cottonwood Creek Cattlemen's Association requesting that Emery County Road Department place a cattle guard on County Road 506. The BLM will allow the cattle guard if the county approves. Therefore, Commissioner Gary Kofford made a motion to approve writing a letter to the BLM stating that the county agrees to allow the cattle guard if the Association will purchase the cattle guard and foundation material. The county will then participate with the installation. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(8)

**APPROVAL OF CELL PHONE STIPEND FOR MARK DEBRY, BUILDING INSPECTOR AND SHANNON HIATT, AQUATIC CENTER MANAGER**

Commissioner Gary Kofford made a motion to approve a cell stipend of \$45.00 per month beginning September 1, 2008 for Mark DeBry, Building Inspector and Shannon Hiatt, Aquatic Center Manager. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF VISA CARDS FOR STEVE L. STREAM, SHANNON HIATT, AND LIMIT AMOUNT CHANGE FOR JUSTICE COURT TWO CARD.**

Commissioner Gary Kofford made a motion to approve VISA cards for Steve L. Stream, Shannon Hiatt, and to limit the amount of Justice Court Two to \$1,000.00. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL TO DISPOSE OF COUNTY OWNED  
PROPERTY PARCEL 01-0130-0015.**

Attorney, David Blackwell indicated that he was still waiting to hear back from the adjoining property owners. He indicated that if the property were to be put up for bid and a third party were to purchase the property it could cause a problem. He suggested putting the bid out between the two adjoining property owners, Vance and Bobby Brown, and Clay Holbrook. Commissioner Gary Kofford made a motion to follow the course of action that the county attorney recommends on this matter. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(11)

**DISCUSSION AND APPROVAL TO PURCHASE COVER FOR OUTDOOR  
SWIMMING POOL.**

Commissioner Kofford indicated that the cover for the outdoor pool was not included in the bid for the pool and it needs to be covered for the winter. Therefore, Commissioner Gary Kofford made a motion to assign Shannon Hiatt to begin the process to purchase a cover for the outdoor swimming pool. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(12)

**CONSIDERATION AND APPROVAL OF MOU BETWEEN EMERY COUNTY AND  
THE SCHOOL DISTRICT FOR DONATION OF LAND AND WATER SHARES FOR  
THE PURPOSE OF BUILDING A CHILDREN'S JUSTICE CENTER.**

The Board of Education of Emery County School District has agreed to the donation of land and water shares for the purpose of building a Children's Justice Center facility, and understands that the land will be donated to Emery County, the entity under which the Justice Center facility will be built and subsequently leased and or sold to the Justice Center program. Concerning this project, the School District and the County agree on the following points:

1. The county is responsible to provide the funding and payment of all construction-related materials & fees. It is anticipated that this will be through a Municipal Building Authority arrangement.
2. The school District is responsible to provide and or fund all construction-related personnel and labor.
3. If, after the facility has been completed, the Children's Justice Center program decides for any reason that it will no longer use/lease the facility, it is understood by both parties that the lot and facility can be sold only for residential use, as required by Castle Dale City.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
SEPTEMBER 2, 2008

4. If the county ever determines to sell the facility and lot (other than to the Children's Justice Center program), the county agrees that upon completion of the sell, the fair market value of the donated lot and 2 class A water shares from Cottonwood Creek Irrigation Company- at the time of the sale-will be refunded to the School District.

Commissioner Gary Kofford made a motion to approve the MOU between Emery County and the School District for the donation of land and water shares for the purpose of building a Children's Justice Center with the wording changes on point #4 suggested by Attorney, David Blackwell. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present. The wording included in this transcript reflects the suggested changes.

**(13)**

**DISCUSSION AND DECISION CONCERNING OLD SENIOR CITIZEN CENTER IN GREEN RIVER.**

Commissioner Kofford explained that the old senior citizen center is no longer being used by the senior citizens. He asked the County Assessor's office to provide an assessed value for the building and property. The Assessor's office recently did a field visit and an appraisal and have placed a value on the building at \$70,854.00 and the land at \$5,933.00. This makes the total value \$76,787.00. The Commissioners have discussed this matter before and determined that the building is not worth the money needed to renovate the building and parking is a problem. The Commission recommends following the county policy for disposal of property and put the property up for sell at a minimum of \$76,787.00. They also recommend to sell no more that 14 feet of the parking lot as this will limit parking for the library. Commissioner Gary Kofford made a motion to advertise for bids to sell the old Senior Citizen Center in Green River with a minimum value of \$76,787.00 and to have the bids come in to the Clerk/Auditor's office by October 17, 2008 to be opened on October 21, 2008. A site showing will be scheduled for October 2, 2008 at 10 am. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**ROCKY MOUNTAIN POWER/PACIFICORP ENERGY REPRESENTATIVES,  
QUARTERLY UPDATE**

Deb Dull, Reg Soepnel, Managing Director of Plants for Pacificorp, Gary Denhalter, Huntington Plant and Darrell Cunningham, Hunter Plant were present to provide a quarterly update of Rocky Mountain Power/Pacificorp Energy activity. Deb Dull thanked the County Commissioners for the opportunity to come and provide an update of activity. She then turned the time over to Reg Soepnel. Reg reported that a new gas fired power plant was opened on September 15<sup>th</sup> in Chehalis, Washington. This is the third largest gas fired power plant in the United States bringing flexibility to power generation. Locally there have been some small outages due to tube leaks. The turnaround time was minimal. They are in the mid overhaul period, meaning the next series of overhauls are scheduled for 2010. They plan to do turbine upgrades on all units. He reported on local employee positions and employment turnarounds. Deb Dull reported on the scheduled power outage that was on Saturday, September 13, 2008. The outage was to allow time for the linemen to bring the new power poles on line along Spartan Avenue in Castle Dale.

**OPEN BIDS FOR FENCING AT SHERIFF'S GUN RANGE. APPROVAL OF BID  
AWARD AND ASSOCIATED PAPERWORK**

Advertisements went out for bids to install fencing at the Sheriff's Gun Range. The Sheriff had the materials so the bids asked for installation of the materials. Bid 1 was from KV Fencing in the amount of \$9,618.00. Bid 2 was from Jensen Fencing in the amount of \$7,700.00. Commissioner Gary Kofford made a motion to award the bid to the low bidder Jensen Fencing in the amount of \$7,700.00. The motion was seconded by Commissioner Drew Sitterud and

approved by all members present.

(5)

**OPEN BIDS FOR REPLACEMENT OF SUSPENDED CEILING. APPROVAL OF BID AWARD AND ASSOCIATED PAPERWORK**

The ceiling in the Archive's Office had fallen down so advertisements went out for replacement of suspended ceiling to repair the damage. 1 bid was received from Stilson & Sons for material and labor in the amount of \$2,895.00. Commissioner Gary Kofford made a motion to award the bid to Stilson & Sons in the amount of \$2,895.00. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**RAY JORGENSEN- REQUEST FOR COUNTY PARTICIPATION IN FUNDING CATTLE GUARD ON CR 506.**

Ray Jorgensen representing the Trail Mountain Cattle Association requested the Commission's assistance in putting in a cattle guard on County Road 506. He explained that a cattle guard will help direct the cattle to a corral and not onto SR 29. He indicated that for a few years he had the use of a corral to herd the cattle to and have lost the use of this corral and now there is a safety issue for travelers on SR 29. Ray went to the BLM and acquired land above SR29 to put a corral up. He asked that the county put in the cattle guard and the association will put up the wing fencing so that when the cattle come down they will drift into the corral and not on SR29. SR 29 is open range. Sheriff Guymon indicated that his department receives a lot of complaints of cattle drifting onto SR29 and thinks a cattle guard is a good idea. Commissioner Sitterud agreed that a cattle guard was needed and made a motion to approve to move forth and assist with placement of a cattle guard on SR 29. Commissioner Kofford commented that in the last commission meeting the commission made a motion to assist with the placement of a cattle guard on SR 29. The policy on cattle guards in the past has been that the county would supply the base and assist in the placement and the entity would pay for the cattle guard. He talked about other entities' requests for cattle guards and discussed the cost associated with the purchase of the cattle guard. Ray indicated that the cost of putting up the corral in meeting with the BLM's specifications will stretch their money thin and they were hoping that because of the safety issue on SR29 that the County would pay for the cattle guard and the association would put up the wing fencing. Commissioner Sitterud asked if the county had a cattle guard policy? Commissioner Horrocks indicated that historically the county has assisted in the installation and the entity has paid for the cattle guard. Commissioner Sitterud indicated that he did not want to break policy and asked if the association could pay for the cattle guard if the county put in the base and provided the installation. Ross Hinkins indicated that it would not be this year. We would just have to let them drift home and cut them off in the fields as we go down the road. This situation puts the

COMMISSION MEETING MINUTES

cattle on the road. Horace Petty indicated that years ago, before the Forest Service put in the existing road, they took out the cattle guard and did not replace it. Commissioner Sitterud left his motion as it stood that the county put in the cattle guard that was taken out and not replaced. Commissioner Kofford asked if Morris had money in the road department budget to pay for the cattle guard. Morris indicated that he did not have money in his budget for the cattle guard. Commissioner Kofford asked if Commissioner Sitterud knew where to get the money to pay for the cattle guard. Commissioner Sitterud indicated that he thought we could find the money somewhere. Commissioner Kofford then seconded the motion to do it but the money will not come out of the Road Department budget. The motion passed.

**(7)**

**CITIZEN CONCERNS**

Mark H. Williams addressed an issue regarding the BLM's RMP policy on limiting the number of vehicles to 25 after which you are required to get a permit. He indicated that OHV rides and projects, family reunions and church activities normally involve more than 25 vehicles. He thought that the county should be concerned about it and do some letter writing now that it is open for discussion. Ray Petersen indicated that the proposed plan calls for activities with more than 25 vehicles to contact the BLM to see if the activity warrants permitting. The intent is to permit commercial and not family groups, church groups, or local clubs. It was not brought up as an issue during the comment period process. Ray's suggestion was to let the plan come out and make an effort to have the intent explained. We have no grounds to protest it at this time.

Commissioner Kofford made a statement regarding Commissioner Sitterud.

"I don't know of a more appropriate place to do this than right here. We have a situation where we have a commissioner that got into a little bit of trouble. I think it's interesting that the gravity of the situation has been swept under the carpet, if you will. Nobody wants to address it, nobody wants to talk about it. It's been implied that it's a smear campaign. I think the only smear that has been done is on the employees of Emery County, on the population of Emery County. When you get into smear tactics in my mind it's one party against the other. In this case you have here a Republican commissioner, a Republican county attorney; you have a Republican attorney generals office. I fail to see the tactics of a smear campaign," Commissioner Kofford said.

Commissioner Kofford went on to address a letter that Commissioner Sitterud had published in both The Emery County Review and the Emery County Progress where he stated that the county had no policy when it came to travel reimbursements, which is what led to the problems he faced. Commissioner Kofford stated that there was a policy that had been put together in 1984 by the county. He indicated that the policy applied to employees of the county only, not elected officials. Elected officials are governed by legislative statute.

COMMISSION MEETING MINUTES  
SEPTEMBER 16, 2008

“This doesn’t apply to elected officials. For some reason we have a double standard. I don’t buy this. We’ve been reviewing it for a year and none of your elected officials will address that issue,” Commissioner Kofford said. “In talking to people they have said, well, it’s only a little bit. Does it take a dollar amount to become a thief?”

Commissioner Jeff Horrocks asked Commissioner Kofford where he was headed with his statement.

“What I’m asking for and I think it’s appropriate, is that Commissioner Sitterud submit a letter of resignation,” Commissioner Kofford said. “I think it’s very appropriate.”

Following Commissioner Kofford’s statement Commissioner Horrocks said that Commissioner Sitterud has been through the legal system and pled guilty to the two misdemeanors and that elected officials were not automatically removed from office for misdemeanors. Commissioner Horrocks asked if Commissioner Sitterud had a statement. Commissioner Sitterud had no comment.

Commissioner Horrocks asked if anyone else had a comment and Sheriff Lamar Guymon took a moment to address how the situation had impacted his office.

“I guess my biggest frustration is that I am a Democrat and whether that is a good thing or a bad thing, that’s a personal choice. What I am frustrated is about is how black me and my department are being painted for doing what we are paid to do. This is not something we went out and tried to find on our own. This was brought to us in the form a complaint and now the rumor mill is that we initiated this all on our own. That is about as far from the truth that you can get. Had we a choice in this we would have run away from this just as fast as we could just because of what is going on right now,” the sheriff said.

Emery County Clerk/Auditor Brenda Dugmore said that she did not feel the conversation was appropriate for a commission meeting. Commissioner Horrocks said he had let the conversation continue to allow opinions to be expressed openly and that the voters would decide in November whether to reelect Commissioner Sitterud or not. Until that time the commission would work together.

Commissioner Kofford again addressed the letter Commissioner Sitterud had published in both county newspapers, focusing specifically on Commissioner Sitterud’s contention that did not know what he was supposed to do with the travel reimbursement payments. According to Commissioner Kofford, when he came into office Commissioner Sitterud was one of the commissioners to explain how he was supposed to handle situations such as that.

“They explained when I came into office that you can collect pay from one agency, but not from both. Somewhere down the line Commissioner Sitterud forgot that,” Commissioner Kofford said.

“There’s a double standard as far as employees and elected officials are concerned. Elected officials should be held to a higher standard and they’re not. It’s the same thing we argue about

COMMISSION MEETING MINUTES  
SEPTEMBER 16, 2008

with the state legislature every year,” Commissioner Kofford said.

When it comes to Commissioner Sitterud, Commissioner Kofford admitted that there was no love lost between the two and there has been a personality conflict between them from the very beginning of his time on the commission. He said that when the first complaints were made about Commissioner Sitterud’s actions he was determined that something be done about it. Commissioner Kofford continued,

“Why are the papers afraid to print such a thing? I don’t think you’ve covered it very good. I don’t think the citizens of Emery County know what is going on. Commissioner Sitterud signed an affidavit that said he is guilty of two Class A misdemeanors. The Review had him reinstated before he ever came through to the commission meeting, and I realize it is a technicality of the law,” Commissioner Kofford said.

James Davis, Editor of The Emery County Review asked how the Emery County Review and Emery County Progress had misrepresented the facts? Commissioner Kofford said that the papers did not misrepresent the facts, but he took issue with how they ran the stories.

“I think you failed to report accurately what was going on. I think as I watch other papers they tend to sensationalize it a little bit, if you will. Nobody down here thinks there’s a problem so nobody up state thinks there’s a problem,” Commissioner Kofford said.

Commissioner Kofford referred to an incident in Salt Lake County several years ago where an official had been accused of misusing public funds and how the newspapers had reacted to the story.

“The papers actually kicked him out of office in my mind. There was enough pressure that justice was done,” he said.

The editors of both newspapers, present during the meeting, said that it was not their policy to sensationalize any story.

“I do take a bit of exception that we didn’t sensationalize it enough because I don’t think that’s our job,” said Patsy Stoddard, editor of the Emery County Progress.

In the interest of moving the meeting along Commissioner Horrocks ended the comments and vowed to work together in a professional manner as a Commission and staff for the citizens of Emery County.

**CONSIDERATION AND APPROVAL OF “ORDER OF THE INDEXED RATE INCREASE” FOR AMBULANCE RATES.**

Ambulance Director, Jim Gordon presented the Order of the Indexed Rate Increase for ambulance rates. Jim reported that the state updated their rates in July based on cost increases for fuel. The state allows a basic rate of \$463.00 for basic service and \$546.00 for advanced care and service. The county is currently charging \$18.00 per mile for transport. The state has raised the rate to \$31.65 per mile with a \$.20 per mile surcharge then there is a fuel increase. Jim suggested going with \$25.00 per mile which is somewhere in the middle. He stated that he felt the increase is warranted because of the way insurances and medicaid pays. Emery and 2 other counties are the only ones who have not gone to the state rates as of yet. Commissioner Sitterud felt that the county should keep the cost as low as we possible can and still break even. Commissioner Gary Kofford made a motion to have Jim put together his recommendation and bring to the next Commission Meeting a schedule that he would like to see implemented. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF FEE WAIVER FOR BURIAL PLOT FEE AT LAWRENCE CEMETERY FOR VONDA WILSON.**

Commissioner Gary Kofford made a motion to approve a fee waiver for a burial plot fee at the Lawrence Cemetery for Vonda Wilson due to the fact that it was a pre-established lot. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(13)

**CONSIDERATION AND APPROVAL OF CLOSURE OF BOARD OF EQUALIZATION.**

Clerk/Auditor Brenda Dugmore indicated that it was time to close the time allowed for appeal of property valuation. After it is closed, a list of changes will be presented in the next Commission Meeting for the Commission to consider. Commissioner Drew Sitterud made a motion to formally close Board of Equalization for Emery County. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(14)

**DISCUSSION OF EMERY ANIMAL HEALTH CONCERNS AND APPROVAL OF REQUEST FOR ADJUSTMENT OF EXPENSES.**

The Commissioners received a letter from Glen Jensen, Emery Animal Health to address some areas of concern with regard to how the county supports the operation of the Emery County Animal Shelter. Mr. Jensen stated that EAH has had a contract with the county for approximately 10 years to run the shelter at his office in Castle Dale. Throughout this time his office as attempted to provide the best service possible to the county. Mr. Jensen expressed concern that currently there is no animal control officer employed by the county with the authority to make decision on impounded animals. This creates a hardship for EAH and puts his employees in a delicate and perhaps dangerous position with regard to animals that might be vicious. There is no oversight of the animal shelter to insure that adopted or fostered animals are spayed or neutered in accordance with Utah law. His employees often must endure abuse from angry animal owners because there is not an animal control officer to explain to owners why their animals are being held and informing then of their responsibilities of pet ownership. The county animal control ordinance is woefully out-of-date. It has been more than 20 years since this ordinance was last updated. In an audit of his records over the last nine months he found that there is an average of 36 animals euthanized each month, at a cost for drugs and technician time of \$10.00 for each animal, for a total cost of \$360.00. There is an average of 112 days of boarding for cats each month. He indicated that if he were boarding these cats through EAH he would charge \$976.00 for this service. There is an average of 138 days of boarding for dogs each month, which would result in \$1,242.00 in revenue if the animals were boarded

COMMISSION MEETING MINUTES  
SEPTEMBER 16, 2008

through EAH. There is a total of \$2,578.00 in services rendered of which the county pays \$2,134.00 a month. EAH is open to the public nine hours a day, Monday through Friday, and four hours on Saturdays, for a total of 49 hours a week, minimum. To staff this facility with one person at minimum wage it would cost his business \$320.00 a week and \$1,444.00 a month. This does not include the time expended on Sundays for cleaning of the boarding area and feeding the animals, which normally takes two hours. Mr. Jensen stated that he brings these things to the attention of the Commission because he often finds that he cannot meet all of his customers' demands for boarding through EAH because he houses the animal shelter. He expressed appreciation for the opportunity to provide animal shelter services to the county. He and his staff are passionate about the health and well being of all animals and many of the animals that are brought in to the shelter are wonderful pets that have become separated from their loved ones or are pets that, through no fault of their own, find that they are now homeless. EAH wants to offer them a safe haven and an opportunity to find a new, loving home. He indicated that he has requested an adjustment in what the county pays for operation of the shelter in the past and at this time he is requesting an opportunity to speak with the Commission about not only reimbursement for services rendered to the county, but also the items he has mentioned regarding an animal officer and the animal control ordinance. The Commissioners discussed problems with the ordinance regulating animal control and the need for a uniform animal control ordinance. Sheriff Guymon indicated that the county needs to determine what they want Animal Control to be and work towards that. Commissioner Kofford indicated that Emery Animal Health is doing a good job, but the question is, who is responsible for animal control in the cities? Some cities in Emery County have animal control officials and some do not. Commissioner Sitterud indicated that the Council of Governments, which is a board made of the mayors of the towns and cities in Emery County has, in the past, addressed the issue of a uniform Animal Control Ordinance but it has apparently stalled and it needs to be discussed again. Commissioner Drew Sitterud made a motion to put this item on a future agenda for more discussion. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**DISCUSSION AND APPROVAL OF FEE SCHEDULE FOR EMERY COUNTY  
AQUATIC CENTER.**

Commissioner Sitterud indicated that Shannon Hiatt, Emery County Aquatic Center Director visited various other swimming pools in the state to get an idea of the fees being charged in other places as a place to start. He found out that Carbon County has the cheapest rates in the state. If Emery County adopts the proposed suggested fee schedule, we will be at or close to what Carbon County is charging. Commissioner Sitterud indicated that they had hoped to have the pool open by the next Commission meeting but it looks as if that is not going to happen. The lifeguards still need to be in place and trained as well as the chemical in the pool still needs some time. The swimming pool fee schedule was proposed as follows:

<b><u>Family Pass up to 4 additional person</u></b>	<b><u>\$335.00 Annual</u></b> <b><u>\$ 25.00 Each</u></b>

**CONSIDERATION AND APPROVAL OF AMBULANCE FEE WAIVER/REDUCTION FOR JACE VETERE AND ROBERT ORUILLIAN.**

A request for ambulance fee waiver/reduction was received for Jace Vetere and Robert Oruillian. After consideration Commissioner Drew Sitterud made a motion to waive the balance of ambulance fees for Jace Vetere and Robert Oruillian. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

.Commissioner Gary Kofford made a motion to move agenda items 10 and 11 up to this time. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF A RESOLUTION AUTHORIZING THE EXECUTION AND DELIVERY OF A FIRST SUPPLEMENTAL TRUST INDENTURE AND A FIRST SUPPLEMENTAL LOAN AGREEMENT RELATING TO THE COUNTY'S \$121,940,000 POLLUTION CONTROL REVENUE REFUNDING BONDS (PACIFICORP PROJECT) SERIES 1994; APPROVING A RELEASE AGREEMENT WITH AMBAC ASSURANCE CORPORATION; AND RELATED MATTERS.**

Deb Dull, PacifiCorp introduced Eric Hunter, Chapman & Cutler, LLC. Mr. Hunter explained the Pollution Control Bond Series 1994 for \$121,940,000.00. The bond insurer for this bond has been downgraded and as a result of the rise in the interest rate the company wishes to replace the insurer with a AAA insurer to bring down the interest rate. The resolution to be considered makes amendments to the credit provider of the bond. Commissioner Gary Kofford made a motion to approve Resolution 10-07-08A authorizing the execution and delivery of a First Supplemental Trust Indenture and a First Supplemental loan Agreement relating to Emery County's \$121,940,000.00 Pollution Control Revenue Refunding Bonds Series 1994; and approving a release agreement with AMBAC Assurance Corporation and related documents. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF A PRELIMINARY BOND RESOLUTION APPROVING THE EXECUTION OF A MEMORANDUM OF UNDERSTANDING BETWEEN THE COUNTY AND PACIFICORP; AND RELATED MATTERS.**

Mr. Hunter explained that the resolution relates to future or additional facilities for which additional bonds would be considered. There is no time schedule but opens discussion towards additional pollution control facilities that may be bonded for. It does not create any bonding on part of the county. It just allows for opening of discussion on the matter. Commissioner Gary Kofford made a motion to approve Resolution 10-07-08B a Preliminary Bond Resolution approving the execution of a Memorandum of Understanding between Emery County and PacifiCorp. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(4)

**CITIZEN CONCERNS**

Sheriff Guymon reported on recent budget cuts to the Emergency Management System. He is on the grant committee for the state and reported that recent funding cuts by the legislature has cut a million dollars out of grants for EMS purposes. This has resulted in a 50% cut in total reallocation of funds for EMS. Funding for training is gone. Equipment has been cut by 30%.

(5)

**DISCUSSION OF UTAH PUBLIC NOTICE WEBSITE AND DESIGNATION OF OWNER AND POSTERS.**

Commissioner Horrocks discussed Utah Public Notice Website and designation of owner and poster. Those who have been trained are Brenda Dugmore, Jeff Guymon, Leslie Bolinder, Tammy Tucker and Tina Carter. Owners of the website would be Brenda Dugmore as Clerk/Auditor and Jeff Guymon as IT Director. Tammy has been trained as a poster for Public Lands and Planning and Zoning. Tina has been trained as a poster for Travel Council. Leslie has been trained as a poster for the SSD#1, MBA and Commission with the Commission Chair over the posting of these agendas. Commissioner Horrocks explained that by law any entity with a budget over a million dollars must post their agendas on the state website. It is recommended to post all agendas but, a budget under a million is not the law to post on the website. Therefore, Recreation SSD and Fire Protection SSD would not have to post. Commissioner Gary Kofford made a motion to designate Brenda Dugmore and Jeff Guymon as owners of the State Website for Emery County and designate Tina Carter, Tammy Tucker and Leslie Bolinder/Commission Chair as posters to the website. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. You can access the website at [PMN.UTAH.GOV](http://PMN.UTAH.GOV)

**OPEN BIDS FOR OLD GREEN RIVER SENIOR CITIZEN BUILDING.  
CONSIDERATION AND APPROVAL OF BID AWARD AND NECESSARY  
PAPERWORK.**

One bid was received for the sale of the old Green River Senior Citizen Building. The bid was from Green River City in the amount of \$100.00 stating that the bid is contingent upon the assessment of cost to bring the building up to code and upon final approval of the City of Green River's City Council. Commissioner Drew Sitterud stated that if another government entity could use the building then he felt the building should go to Green River City. Commissioner Gary Kofford made a motion to accept Green River City's bid of \$100.00 for the old Green River Senior Citizen building contingent upon assessment of the building. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. Commissioner Gary Kofford indicated that equipment left in the building will need to be disposed of and suggested leaving the equipment with the building. Commissioner Gary Kofford amended his motion to include leaving the existing equipment in the building and disposition the equipment from the county's property list. Commissioner Drew Sitterud seconded Commissioner Kofford's amendment and the motion passed.

(2)

One disposition was presented from the Ambulance Department for a 1995 Ford F350 Coach Ambulance.

Commissioner Drew Sitterud made a motion to approve the Warrant Check Edit list additional claims, requisitions and dispositions as presented. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(4)****GREEN RIVER MEDICAL CENTER REPRESENTATIVES- UPDATE ON THE SERVICES.**

Mary Winters, Executive Director of the Green River Medical Center and Glenn Baxter, Board member were present to provide an update and ask for continued funding. They currently receive \$24,000.00 annually from Emery County. They are not receiving any financial assistance from Grand County and hope to resolve that soon. They expressed appreciation to the Board of Commissioners for their support and ask for continuation of that support. Mr. Baxter stated that Green River Medical Center is very much a non-profit corporation. They treated 85 patients

from Grand County and since the county line moved they have not been able to get any financial support from Grand County. He asked for the Board of Commissioners to use their influence to get some financial help from Grand County if possible.

**(5)**

**CONSIDERATION AND APPROVAL OF TENTATIVE BUDGET FOR EMERY COUNTY AND CASTLE VALLEY SPECIAL SERVICE DISTRICT FOR FY2009.**

Clerk/Auditor Brenda Tuttle presented a 2009 tentative budget for Emery County. She indicated that this is a starting point. The tentative budget indicates that revenue is up which is due to mineral lease projection. A 4% cost of living increase is included in the budget. There are 27 pay periods in 2009 therefore, the budget indicates an increase in wages for the year. Commissioner Gary Kofford made a motion to approve the 2009 Tentative Budget for Emery County. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Jamie Luce presented the 2009 Tentative Budget for Castle Valley Special Service District. She reviewed the general fund, debt service fund and revenue funds. Commissioner Drew Sitterud made a motion to approve the 2009 tentative budget for Castle Valley Special Service District. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(6)**

**DISCUSSION AND APPROVAL OF DISPOSITION OF 1995 AMBULANCE.**

Jim Gordon, Ambulance Director discussed the disposition of a 1995 Ford F350 Wheeled Coach Ambulance. He indicated that he has contacted TNT Auctions who has indicated that they can get at least \$4,100.00 for the vehicle if we can get the vehicle to Salt Lake City. Jim stated that he can drive the vehicle to Salt Lake when he goes to the EMS conference next month. A new ambulance has been ordered. Getting the most that we can for the older vehicle will help with the new purchase. Commissioner Gary Kofford made a motion to approve sending the 1995 Ford F350 Wheeled Coach ambulance to TNT Auctions to sell. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(7)**

**CONSIDERATION AND APPROVAL OF RIGHT-OF-WAY GRANT/TEMPORARY USE PERMIT SERIAL NUMBER UTU-82023 TO ACCESS MT ELLEN/SOUTH SUMMIT RIDGE COMMUNICATION SITE.**

Commissioner Drew Sitterud explained that this is a must have Right-Of-Way to access the

communication site that covers Grand, San Juan and Emery Counties. It is an existing two-track road on the Henry Mountains. As the BLM went through their RMP they wanted to close this road. We have had this permit before. The permit is good through January 26, 2015.

Commissioner Drew Sitterud made a motion to approve Right-of-Way Grant/Temporary Use permit #UTU-82023 with the BLM. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(8)**

**CITIZEN CONCERNS.**

No Concerns.

**(9)**

**SETTING OF PUBLIC HEARING DATE FOR ZONING CHANGES IN GREEN RIVER.**

Commissioner Gary Kofford explained that on September 3<sup>rd</sup> the Planning and Zoning Commission held a hearing on resetting the zoning for the industrial area we are in contract with on SITLA in Green River to change to I-1. The Planning Commission heard that in their regular meeting on October 8, 2008 where they did approve and recommended to pass it on to the Commissioners for consideration. The process now would be to set a hearing date and publish it 2 times in the newspaper. Commissioner Gary Kofford made a motion to set a public hearing for December 2, 2008 at 10:00 am to discuss zoning changes on the industrial park in Green River. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(10)**

**APPROVAL TO HIRE JOHANSEN AND TUTTLE ENGINEERING TO PREPARE AN EA AND POD FOR BLM PATENT ON 80 ACRES FOR THE LANDFILL AND 40 ACRES FOR THE GUN RANGE.**

Commissioner Gary Kofford explained that back in 2006 Emery County put in a request to the BLM to increase the size of the Landfill by 80 acres, the size of the Gun Range by 40 acres and at the time where the gravel pit is now. Because of the nature of what it is, the BLM felt we should go after a patent rather than a RPP. In talking with Mike Robertson of the BLM he suggested that he would do the EA on it if we would pursue the arch study and a couple of other things. We did pursue the arch study all though, after we did the arch study the sheriff added an additional 40 acres to the gun range. That brings the total acres we are looking at to 160 acres. It has set now for two years. Mike Robertson contacted the Commissioners to tell them he could not do the EA. We need to come up with a plan of development and an EA. J&T was contacted and they

contacted JBR Environmental Consultants Incorporated who sent in a bid for \$56,230.00 to do the development plan, the landfill application development plan, site surveys and EA. In looking at this the landfill application development plan we have with Iggy's has been updated. So he felt that part can be taken out. There are a couple of other areas that the site plans have already been done. He felt the bid is a little high. He has identified roughly \$15,000.00 in the landfill budget where there was \$20,000.00 set aside for technical advise and permits. He suggested going ahead and enter into a contract to proceed with the EA plan of development. He felt it should not be any more that \$56,000.00. If we can determine that we can pull some money from capital to put with the \$15,000.00 the rest can be budgeted for in next years budget. Commissioner Gary Kofford made a motion to enter into a contract with Johansen and Tuttle Engineering to prepare an EA and POD for BLM patent on 80 acres for the Landfill and 40 acres for the Gun Range. Commissioner Sitterud asked if we would have to add another arch study for the additional 40 acres on the Gun Range. Commissioner Kofford indicated that is a possibility. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(11)**

**UPDATE OF AQUATIC CENTER CONSTRUCTION PROGRESS AND PUNCH LIST.**

Commissioner Sitterud updated progress on the Aquatic Center. He invited anyone who wanted to, to come up to the Aquatic Center and help with the punch list. He said that there is a crack on the north west side of deck. As they looked at it the fix it would cause more damage than to try and seal the crack in the cement. But please put it on the punch list. Please write down anything you see, from chipped paint to dented tiles, and we will give the list to the architect. We are to the position that we take over the building in the next couple of weeks. They told us we could go in and start some training now, but we found out that if we do that we would assume the building. So we are not going to do anything in the building until it is done. The outdoor pool will be filled in the next couple of weeks and maintenance training will begin. The pool cover, that has been order will be placed on the outdoor pool. He invited everyone to come up and look things over let us know if you see anything that needs to be addressed. Lifeguard training will begin soon. We cannot open the pool until the lifeguards are trained. We will be approving lifeguards today. We need more lifeguards. The indoor pool is filled and ready.

**(12)**

**CONSIDERATION AND APPROVAL OF DONATION TO "SHOP AT HOME CAMPAIGN 2008".**

Patsy Stoddard, Emery County Progress explained the "Shop at Home Campaign 2008" . They will be asking businesses in the county to participate in the campaign to encourage people to shop in Emery County. She asked the County to participate in providing a prize for the campaign. Commissioner Gary Kofford made a motion to donate a family swim pass to the Shop

at Home Campaign 2008. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Green River City took issue with the donation of a family swim pass as they are too far away to enjoy the pool. Patsy indicated that if the winner is from Green River consideration will be made for another prize.

(13)

**CONSIDERATION AND APPROVAL TO FUND “PRIME FOR LIFE” CLASS FOR ZINA WILLARD.**

Commissioner Horrocks explained that this program is for alcohol related offenses that are ordered by the judge to attend the class. The request is to fund the Prime for Life class for Zina Willard so she can provide this service in Green River. Commissioner Drew Sitterud made a motion to approve funding of the Prime for Life class for Zina Willard. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

lifeguards with no benefits at Grade 5 @ \$8.06 per hour. They will not start until the pool is turned over to the County and they are able to become lifeguard certified. Commissioner Drew Sitterud made a motion to approve hiring the lifeguards as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

C. Approval to hire Marilyn Collard to teach a lifeguard certification class.

Shannon Hiatt requested approval to contract with Marilyn Collard to teach the lifeguard certification class. Commissioner Drew Sitterud made a motion to approve contracting with Marilyn Collard to teach the lifeguard certification class. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

D. Approval to partnership with Emery Medical Center and Lowell Morris as Emery County Wellness Provider.

The County would like to utilize Emery Medical Center as their Wellness Provider. The past two years we have went through IHS and the County has paid \$175.00 for each employee who has chose to participate. This year we would like to team up with Lowell Morris and Medical Center to do the blood draw and physical. The cost will be \$173.00 to \$177.00 based on gender and age. Commissioner Gary Kofford made a motion to use Emery Medical Center as the County's Wellness Provider. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

E. Approval of 3% wage increase for Janet Damron, who has successfully completed the six month orientation period.

Dixie Swasey requested a 3% wage increase for Janet Damron who has successfully completed her 6 month orientation period. If approved this would be effective November 3, 2008 and she would move from Grade 13 @ \$12.85 to Grade 13 @ \$13.25. Commissioner Drew Sitterud made a motion to approve the wage increase for Janet Damron as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**CONSIDERATION AND APPROVAL OF RESOLUTIONS APPROVING PAYMENT ELECTIONS UNDER THE AMENDED AND RE-AUTHORIZED SECURE RURAL SCHOOLS AND COMMUNITY SELF-DETERMINATION ACT 2000.**

Attorney David Blackwell discussed a Resolution approving payment election under the amended and re-authorized secure rural schools and community self-determination act 2000. Dave explained that the county needs to choose a method to receive SRS payments. The first option is to elect to do the 25% seven year rolling average which has its pros and cons. It all has to do with how it affects the county's PILT money and how we choose to designate those funds. The second option is to go with the full payment, which brings in more money overall, but may affect how the PILT funds are offset. If you chose the first option that is all you would have to do. If you chose the second option you would have to put certain funds into Title II and Title III that would total 15% to 20% (at least 15% but not more than 20%). This option would benefit the schools. In talking to Mark Ward they are going to try to push some legislation that would designate the other 50% of the 50% split that currently goes to the roads and schools and make a state law that would designate the other 50% to special service districts. If they did that, their belief is, that it would not affect our PILT funds. Out of 8 counties who had made their selection 6 had chosen that route based on the hope that this new law would pass and make it retroactive to January 1. So when the payment came in it would not reduce the PILT and we can adjust the percentage of PILT we distribute. Commissioner Sitterud indicated that he and Commissioner Horrocks talked to Mark and he indicated that even if this passed this year it would still not affect this next payment. If we do go with the second option we can only put 7% in Title III because we are over \$350,000.00. Title III is for Forest Suppression. Title II is controlled by a RAC. The RAC decides how the money is spent. David explained that the second option would bring in more money which we would split with the school district. What ever the county retains would go against our PILT and has to go to road maintenance and will be audited. Where the county gets hurt here is the money will come out of next years PILT. Commissioner Sitterud indicated this amounts to about \$600,000.00 for the schools and thinks that we should go with full funding. Commissioner Gary Kofford made a motion to approve Resolution 11-05-08A electing the full

**CONSIDERATION AND APPROVAL OF PR#08, COR#26, COR#27, COR#28, AND COR#29 CHANGES ORDERS FOR AQUATIC CENTER.**

Commissioner Drew Sitterud explained PR#08 was for adding fire dampers, adding \$745.00 to the project. COR#26 was for eliminating one section of guardrail and one gate, deducting \$1,825.00 from the project. COR#27 was for firming the bid on the floor sealer, deducting \$4,372.00 from the project. COR#28 was for adding 4 hose bibs at perimeter of outdoor pool adding \$9,670.00 to the project. COR#29 was for eliminating the grass inside the outdoor pool fence and replacing it with concrete, adding \$24,938.00 to the project. Commissioner Drew Sitterud made a motion to approve PR#08, COR#26, COR#27, COR#28 and COR#29 for the Aquatic Center. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**DELENA FISH, DWS, DISCUSSION OF FISCAL AGENT FOR SUB-FOR-SANTA PROGRAM**

Delena Fish, DWS, discussed a need for a fiscal agent for Sub-For-Santa Program for 2009. She explained that the Association of Local Governments cannot be the agent next year. Last year Judy Palmer worked through the Untied Way and experienced problems with families not getting served. They would like to see the program remain local. Many contributors will only donate if the money stays local. The entity has to be a 501C to accept donations. The program will require upwards to 80 hours per week in December. The program is on track for this year. Delena wanted the Commissioner's input on a possible agent for the program for next year. The Board of Commissioners suggested checking with Economic Development or the Community Foundation.

**CONSIDERATION AND APPROVAL OF COUNTY ROAD REPAIR AGREEMENT BETWEEN CONSOLIDATION COAL COMPANY AND EMERY COUNTY FOR COUNTY ROAD 912 (MILLER CANYON ROAD).**

Commissioner Kofford explained that Consolidated Coal Company is seeking to acquire a federal coal lease and if successful plans to mine the federal coal located on the premises as part of the Emery Mine operation, currently mining coal in the vicinity of the premises. Consol will be conducting mining operations within the premises using full extraction mining, excepting in an area not closer than 100 feet from either side of the center line of County Road 912, also referred to as Miller Canyon Road. Consol's mining operations taking place beneath this support road will be conducted leaving pillars designed to support the ground surface and prevent damage to the road that could occur as a result of ground surface subsidence from Consol's mining operations. Consol and the county have reached an agreement for repair of the road in the event unplanned subsidence events cause damage to the portion of the road located within or immediately adjacent to the premises, including agreement regarding interim repair of the road following any initial subsidence events, final restoration of the road to a condition functionally equivalent to the condition of the road prior to the occurrence of any subsidence event, and reimbursement for repair to the road. Commissioner Gary Kofford made a motion to approve an agreement between Consolidated Coal Company and Emery County for county road 912. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**DISCUSSION OF FOUR VACANCIES ON THE PUBLIC LANDS COUNCIL AND APPROVAL TO ADVERTISE FOR APPLICANTS.**

There are four vacancies on the Public Lands Council. The council members whose terms are up are: James Gilson, Randal Stilson, Gary Petty, and Charles Semborski. Commissioner Gary Kofford made a motion to advertise for applicants to fill the four vacancies. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(4)

**DISCUSSION OF VACANCY ON THE EMERY COUNTY TRAVEL BUREAU AND APPROVAL TO ADVERTISE FOR APPLICANTS.**

The Travel Bureau requested approval to advertise for applicants to fill the term remaining of Mary Huntington who has asked to step down from the board. Commissioner Drew Sitterud made a motion to approve advertising for applicants to fill the in-expired term of Mary Huntington on the Emery County Travel Bureau. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(5)

**EMERY COUNTY TRAVEL BUREAU REQUEST ADOPTION/APPROVAL OF RESTAURANT TAX IN EMERY COUNTY.**

Mark H. Williams Emery County Travel Bureau Board member requested the Commissioners consider adopting a restaurant tax in Emery County. Mark indicated that Emery County is the only county in the state that does not impose this tax. The Travel Bureau estimated that the tax could generate approximately \$60,000.00 a year for Emery County. The Bureau would hope to be able to use the money as match for grant money. The Bureau anticipates that the money can be managed similar to Transient Room Tax. Commissioner Sitterud explained that usually the money from restaurant tax is restricted on the use. That use is generally advertising. Attorney David Blackwell indicated that he would have to look into the procedure for implementing the tax. There was a question about whether the cities could then add on a tax also. Commissioner Drew Sitterud made a motion to proceed with reviewing the procedure for implementing a 1% restaurant tax, where and how the money can be used and if the cities can also add on to the tax. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(6)

**DISCUSSION OF REQUEST FROM CASTLEVIEW HOSPITAL FOR INFORMATION TO BE INCLUDED IN AN EMERGENCY PREPAREDNESS BOOK.**

Castle View Hospital is looking to enhance their plan to provide the needs of the community to be put into a booklet form. They ask that Emery County provide the information to prepare the booklet. Commissioner Gary Kofford made a motion to have Leslie Bolinder work on getting the information to Castle View Hospital. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**DISCUSSION OF REQUEST TO HORROCKS ENGINEERS ON CATEGORICAL EXCLUSION FOR I-70 (UDOT PROJECT NO. F-170-3 (350) 112.**

This is a UDOT project for rerouting traffic while they work on the east bound deck of Eagle Canyon Road. Commissioner Gary Kofford made a motion to approve a Categorical Exclusion for I-70 (UDOT Project No. F-170-3 (350) 112 for Horrocks Engineers. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(8)

**DISCUSSION AND APPROVAL OF LETTER TO BE SENT TO ENERGY PRODUCERS INVITING THEM TO FIRST SEMI-ANNUAL ENERGY PRODUCERS' MEETING SPONSORED BY EMERY COUNTY PUBLIC LANDS/COMMISSION.**

Commissioner Horrocks indicated that this something that the Commissioners and Public Lands would like to get going to get a better understanding where the energy producers are at, what they are doing and what we may do to help them. The letter indicates that the first meeting will be to foster communication between energy producers and the County with the goal of allowing the Emery County Commissioners, Emery County Economic Development office and Special Service District an opportunity to understand current and expected future progress on oil, gas, coal, mineral lease development and as a result to provide better services to them. The meeting will be January 13, 2009 at 1:00 pm if approved. Commissioner Gary Kofford made a motion to approve a letter to be sent to the energy producers inviting them to a first semi-annual Energy Producers' meeting to be held January 13, 2009 at 1:00 pm in the Emery County Courthouse. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**DISCUSSION AND APPROVAL OF KYLE EKKER AND BILL DOWNARD'S CLAIM OF REIMBURSEMENT/BONUS FOR EMPLOYEE TIME DURING THE CRANDALL CANYON MINE DISASTER WITH FUNDS PAID TO EMERY COUNTY BY MURRAY ENERGY.**

Commissioner Jeff Horrocks opened discussion regarding funds that were provided to the county by Murray Energy for the purpose of reimbursement/bonus for employees time during the Crandall Canyon Mine disaster. Commissioner Horrocks indicated that this has been discussed before and he asked that it be discussed again. He recommended adding Morris Sorensen to the list to be reimbursed. He felt that Morris went over and above what was asked of him not only during the disaster but at other times. The list of employees to be reimbursed or receive a bonus was as follows: Kyle Ekker \$5,000.00

Bill Downard \$2,500.00

Morris Sorensen \$1,000.00

Kathy Jensen \$500.00

Commissioner Kofford indicated that the money was paid by the energy company to the county to compensate for the extra time spent by these employees. This has been discussed and denied a couple of times. Commissioner Gary Kofford stated that in order to resolve this matter and in all fairness he would make a motion to grant the bonuses as discussed. Commissioner Drew Sitterud asked about the bonuses for Jeff Guymon and Brenda Dugmore Tuttle that were also discussed earlier and are listed on the letter from Attorney David Blackwell. Commissioner Gary Kofford amended to his motion to include a bonus for Jeff Guymon and Brenda Dugmore Tuttle

COMMISSION MEETING MINUTES  
NOVEMBER 18, 2008

of \$1,000.00 each. Attorney David Blackwell indicated that Brenda's bonus would need to go through the budget process because she is an elected official. He asked that they go through the budget process. Sheriff Guymon indicated that the money is there, it was deposited in the county and no direction for how to use the funds. Commissioner Gary Kofford restated his motion to grant a bonus to Kyle Ekker for \$5,000.00, Bill Downard for \$2,500.00, Morris Sorensen for \$1,000.00, Jeff Guymon for \$1,000.00, Brenda Dugmore Tuttle for \$1,000.00 and Kathy Jensen for \$500.00 to go through the budget process for 2009 and be paid on the first paycheck in January 2009. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF AMBULANCE WRITE-OFF FOR TRACY NELSON.**

Commissioner Horrocks discussed a letter from Becky Nelson for ambulance write-off for Tracy Nelson. The letter indicated that a write-off of \$422.00 was granted. However, there is no record of such a write-off coming before the Commissioners. The bill indicates the write-off and an insurance payment plus a few payments from the patient making a 0 balance. Professional Collections has a remaining balance of \$578.37. Commissioner Gary Kofford indicated that the discrepancy was between Professional Collections and JCI Billing. Commissioner Gary Kofford made a motion to, if needed write-off the \$422.00 and have the Ambulance Director, Jim Gordon contact JCI Billing to pick up the difference. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(11)

**CITIZEN CONCERNS**

Darrell Leamaster, Castle Valley Specials Service District discussed the short term and medium term local capital improvement list to be handed in to the CIB for 2009. Commissioner Sitterud indicated that Mr. Leamaster received the list to late to get it on the agenda for today's meeting. Commissioner Sitterud asked to have the list considered and approved and have that action ratified in the next Commission meeting. The list has to be prioritized and turned in to the CIB by December 1, 2008 to meet the first trimester funding period. Mr. Leamaster reviewed the list with the Commissioners. Commissioner Drew Sitterud made a motion to approve the prioritized Permanent Community Impact Fund Board 2009 Local Capital Improvement List for Emery County and to ratify this action in the December 2, 2008 Commission Meeting. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**COMMISSION REPORTS**

*Commissioner Sitterud*

Commissioner Sitterud reported that He and Mike McCandless traveled to Green River to meet with name brand paper products for Costco, Sam's Club and Wal-mart. They are looking to relocate in the west. They are down to 3 sites. Green River is one of those sites. Many of the jobs will be warehouse workers. The question asked was do we have enough people to fill the jobs they will need. The concern over trucks was addressed. They will need about 17 trucks a day.

COMMISSION MEETING MINUTES  
NOVEMBER 18, 2008

They will be about 18 months out in permitting if they choose Green River.

Commissioner Sitterud reported on the swimming pool. The building inspector gave the county full occupancy. They had twelve lifeguards training last night. The ribbon cutting is planned for December 1<sup>st</sup> from 2 to 8. Free swimming days are planned for December 9, 10, & 11. On the 1<sup>st</sup> they will run the outdoor fun equipment just for everyone to see and then it will be covered up for the winter. Commissioner Sitterud expressed his appreciation to the local general contractor for the project Ken Stilson for all his hard work and watching out for the county's best interest on the project.

*Commissioner Kofford*

Commissioner Kofford reported on the progress of the Huntington Airport Hangers and Children's Justice Center. Both projects are moving along nicely.

*Commissioner Horrocks*

Commissioner Horrocks reported on UAC's Fall Conference in St. George that he and other elected officials from Emery County attended last week. Emery County Treasurer, Steven Barton was named Treasurer of the Year at the conference.

**CONSIDERATION AND APPROVAL OF CHECK EDIT LIST, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Brenda Tuttle presented the Warrant Check Edit List #194012 through and including #194130 for payment. There were no requisitions or dispositions.

Commissioner Gary Kofford made a motion to approve the Warrant Check Edit List as presented. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(4)

**GREEN RIVER CITY REQUESTS LETTER OF SUPPORT IN ACQUIRING WHITE SANDS LAUNCH FACILITY FOR PLACEMENT OF A PALEONTOLOGY AND TECHNOLOGY FIELD OFFICE AMONG OTHER USES.**

Conae Black, Green River City requested a letter of support from the Emery County Commissioners to acquire White Sands Launch Facility for placement of a paleontology and archeology field office and other uses. A Green River Field Station would provide a base of operations for researchers and educators conducting field studies in the Region. In doing this we would be providing an opportunity to become a focal point for future discoveries. Much of this research would be within the San Rafael Swell and Range Creek areas. Commissioner Gary Kofford made a motion to approve writing a letter of support for the City of Green River in support of acquiring the White Sands Launch Facility. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(5)

**9:00 A.M. -PUBLIC HEARING TO RECEIVE PUBLIC COMMENTS WITH REGARD TO THE ISSUANCE OF CASTLE VALLEY SPECIAL SERVICE DISTRICT GENERAL OBLIGATIONS BOND AND POTENTIAL ECONOMIC IMPACT THAT THE PROJECT WILL HAVE ON THE PRIVATE SECTOR REGARDING ISSUANCE OF BONDS FOR CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

A public hearing scheduled for this time will not be held. There was a problem with the posting and advertising of the public hearing. The public hearing will be moved to January 6, 2009 at 10:00 am.

Alex Buxton, Zions Public Finance explained that the bond issue is something that has to be done every year. In the last legislation session a new policy was set for notice of all bond issues. The advertising has been done for two weeks prior to the public hearing as well as on state website. The Bond council is responsible for posting for posting for 14 days. That time frame fell short of the 14 days. Mr. Buxton asked if the Commission would adopt the bond resolution today and a notice of bonds to be issued will be posted and published with a thirty day comment/protest period. Closing on the bonds will be January 14, 2009 after the thirty day comment period. The signatures can be ratified in the January 6<sup>th</sup> meeting.

(6)

**CONSIDERATION AND ADOPTION OF A RESOLUTION AUTHORIZING THE ISSUANCE OF BONDS FOR CASTLE VALLEY SPECIAL SERVICE DISTRICT,**

Commissioner Gary Kofford made a motion to approve Resolution 12-2-08 a resolution authorizing the issuance of bonds for Castle Valley Special Service District. The motion was

COMMISSION MEETING MINUTES  
DECEMBER 2, 2008

seconded by Commissioner Drew Sitterud and approved by all members present.

Commissioner Drew Sitterud made a motion to move out of the regular Commission Meeting and into a Public Hearing to hear comment regarding a zoning change to create a new Industrial Park near the City of Green River from MG&R to T1 Zone. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(7)

**10:00 AM- PUBLIC HEARING TO RECEIVE PUBLIC COMMENTS REGARDING A ZONING CHANGE TO CREATE A NEW INDUSTRIAL PARK NEAR THE CITY OF GREEN RIVER FROM MG&R TO T1 ZONE.**

Economic Development Director Michael McCandless explained that in the spring the Planning Commission began discussions on changing the zoning near the City of Green River to a T1 Zone. The County signed an agreement with SITLA to lease property west of the City of Green River for industrial development. Having the process under the T1 Industrial Zone will make the process much cleaner and will outline the specific uses for the property. They have not received any opposition from private land owners. Conae Black, City of Green River indicated that the feeling that she gets from the elected officials in Green River is that without the zoning change water may not be provided to the developers. Randal Stilson asked about the nuclear plant protestors. Mike indicated that their concerns were addressed during the initial process with SITLA.

Commissioner Drew Sitterud made a motion to return to the regular Commission Meeting. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF ZONING CHANGE TO CREATE AN INDUSTRIAL PARK NEAR THE CITY OF GREEN RIVER FROM MG&R TO T1 ZONE.**

Commissioner Gary Kofford made a motion to approve of a zoning change to create an Industrial Park near the City of Green River from MG & R to T1 Zone. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(9)****CONSIDERATION AND APPROVAL OF AMBULANCE WRITE-OFF FOR TRACY NELSON AND GLENDA SHURTLEFF.**

Commissioner Drew Sitterud made a motion to deny the request of ambulance write-off for Tracy Nelson. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Commissioner Drew Sitterud made a motion to approve payments of at least \$25.00 per month for Glenda Shurtleff. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(10)****APPROVAL OF COMMISSION TAX ADJUSTMENT FOR PARCEL 3-10-38 IN JOE'S VALLEY AND PARCEL 1-177D-38 AND 1-190-11 IN HUNTINGTON.**

Commission adjust requests were discussed as follows:

03-0010-0038- Property is not buildable unless a variance is given per Mile McCandless, Planning and Zoning. Previous taxes were \$185.33. New taxes are \$92.66. -\$92.67

01-177D-0038- Lot has 24 inch secondary line going through it, as per letter from Castle Valley Special Service District. Previous taxes were \$142.08. New taxes are \$19.81. -\$122.27

01-0190-0011- Lot does not have enough frontage for building lot in city and home is on two lots. Previous taxes were \$113.53. New taxes are \$14.75. -\$98.78

01-154b-0032- Abate taxes 2008/refund 2004-2007/ Deed issue, Recorder's Office per county purchase and discovery. Previous taxes were \$28.10. New taxes are \$0. -\$28.10

Commissioner Gary Kofford made a motion to approve the Commission adjust requests as presented. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(11)****CITIZEN CONCERNS**

Alan Mitchell, Joan Griffin and Thora Bott, representatives from Sam's Club came before the commission to discuss the possibility of offering reduced cost membership to Emery County employees. In the past this was a popular perk for the employees, however prior commissioners

COMMISSION MEETING MINUTES  
DECEMBER 2, 2008

did not want to take advantage of the offer. Several employees have asked if this process could be re-thought. It is a great benefit for people to have access to items wholesale. Commissioner Sitterud indicated that prior commissioners were opposed to it because it encouraged people to shop out of the area. Commissioner Kofford felt that it could be looked at a little further and invited them to return for the December 16<sup>th</sup> Commission Meeting to be on the agenda.

Delena Fish, DWS, in a phone conversation with Commissioner Jeff Horrocks indicated that her comments in the last Commission Meeting were not what she meant to say. She has no problem with the United Way administering the Sub for Santa program and is sure that they will see that every card on the tree is taken care of.

Kate Alleman, Executive Director United Way and Marvin Mutz, Board of Directors came before the Board of Commissioners to discuss the Sub for Santa program. Since United Way is a 501C3 all donations must go into one account. Commissioner Kofford indicated that he felt that what they are doing in Carbon County is going well but, not necessarily helping in Emery County. He stated that he hoped that for the kids sake that the contention doesn't turn people off to making donations. Many of the local businesses in Emery County want their donations to go to Emery County families. It was the hope of the Emery County Commissioners that the program move forward.

Conae Black, City of Green River expressed her appreciation to Commissioner Drew Sitterud for his service to the citizens of Emery County.

(12)

**CONSIDERATION AND APPROVAL OF VISA CARDS FOR JIM GORDON AND LAURIE PITCHFORTH.**

Commissioner Drew Sitterud made a motion to approve issuance of VISA cards for Jim Gordon and Laurie Pitchforth. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(13)

**DISCUSSION AND PROCEDURE FOR ADOPTING RESTAURANT TAX IN EMERY COUNTY.**

Attorney David Blackwell indicated that the process is similar to the process the county went through for adopting the Transient Room Tax. The county would have to adopt an ordinance and upon passage a 90 day notice provision. The application of the tax takes place at the beginning of a quarter so the earliest it could be ready to apply is April 1<sup>st</sup>, the beginning of the second

COMMISSION MEETING MINUTES  
DECEMBER 2, 2008

quarter. The ordinance will need to be passed in September of each year to keep in effect for the next coming year. He looked into the city adopting the tax and found that there was nothing in the statute that allows for that. The process will begin by adopting an ordinance during the December 16, 2008 Commission Meeting.

(14)

**DISCUSSION AND APPROVAL OF INVOICE FROM JOHANSEN AND TUTTLE ENGINEERING, INC. FOR CORNER LOCATION FOR 13 SECTIONS IN T14S, R6E, AND T15S, AND R6E.**

Commissioner Gary Kofford explained that the County budgets \$10,000.00 each year to have Johansen & Tuttle Engineers survey corners in the county. Recorder Dixie Swasey reported that each year for the past several years she has had J&T locate 20 to 25 sections for the \$10,000.00 budgeted amount. When she needed sections around Electric Lake, she cut the sections down to 13 sections knowing that it would be difficult. She did not get the information for 2006 or 2007. This year J&T billed the county \$31,600.00 thinking that the \$10,000.00 rolled over to the next year. However, that is not the case. The money goes back into the county coffers. We just have the budgeted \$10,000.00. The county has had an understanding with J&T for years to do the work for \$10,000.00 a year. Commissioner Kofford suggested that maybe we need a better contract in the future and get the intent tied to the budgeted \$10,000.00. Commissioner Gary Kofford made a motion to split the bill with J&T and pay for two years at \$20,000.00 and request that J&T write-off the difference. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. Dixie Swasey will submit the bill to the C/A office for payment and Commissioner Kofford will talk to J&T.

(15)

**DISCUSSION AND APPROVAL OF CHANGE ORDERS FOR SWIMMING POOL COR#30, COR#31, COR#32, COR#33, COR#35, AND PR#11.**

Change orders were presented as follows:

COR#30- the original specification only called for one closer for each pair of doors at the south end of the pool. This adds the needed second closer for each pair of doors. +\$353.00

COR#31- this adds an emergency ballast kit to a light fixture located in the family dressing room. + \$164.00

COR#32- this adds remote switches to the pumps located in the pump pit so they can be turned on without climbing down into the pump pit.

COMMISSION MEETING MINUTES  
DECEMBER 2, 2008

COR#33- this adds power to monument sign. It includes a separate conduit to a signal wire to a reader board. +\$3,057.00

COR#35- the same charges ended up in COR#20 and COR#22. This change eliminates on set of those charges. -\$1,483.00

PR#11- this changes adds 2 outlets to the south wall of the pool and 4 outlets on 4 light poles in the outdoor pool area. The outlets at the pool have been added to the poles to save conduit expense.

Commissioner Drew Sitterud made a motion to approve the change orders for the swimming pool as presented. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(16)**

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Personnel Director, Mary Huntington presented the following personnel action:

A. Approval to adopt the 2009 ULGT Workers Compensation premium and extended the three year agreement.

Mary Huntington requested approval to adopt the Worker's Compensation premium for 2009 with Utah Local Governments Trust and extend the three year rate guarantee. Commissioner Gary Kofford made a motion to approve adopting the Worker's Compensation premium for 2009 with Local Governments Trust and extending the three year rate guarantee. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

B. Approval for a 3% wage increase for Merrill Duncan who has completed his 6 month orientation period.

Morris Sorensen requested a 3% wage increase for Merrill Duncan who has successfully completed his 6 month orientation period. If approved Merrill would move from Grade 13, \$12.85 per hour to Grade 13 \$13.25 per hour and would be effective December 8, 2008. Commissioner Gary Kofford made a motion to approve a 3% wage increase for Merrill Duncan as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

C. Approval for a 3% wage increase for Nancy Jensen who has completed her 6 month orientation period.

Brenda Tuttle requested a 3% wage increase for Nancy Jensen who has successfully completed her six month orientation period. If approved Nancy would move from Grade 13 \$12.85 per hour

COMMISSION MEETING MINUTES

to Grade 13 \$13.25 per hour and would be effective December 8, 2008. Commissioner Drew Sitterud made a motion to approve a 3% wage increase for Nancy Jensen as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

D. Approval to hire Nicholas Rhoten, Tammy Oliverson, Mindi Labrum, Sabrina Wood, Chance Ariotti, Brady Jensen, John Conder, Nikki Rogers, and Drew Sitterud as part time lifeguards working 19 3/4 hours based upon certification as a lifeguard.

Shannon Hiatt requested approval to hire Nicholas Rhoten, Tammy Oliverson, Mindy Labrum, Sabrina Wood, Chance Ariotti, Brady Jensen, John Conder, Nikki Rogers, and Drew Sitterud as part time lifeguards working 19 3/4 hours per week at Grade 5, \$8.06 per hour. However, if they do not pass the lifeguard certification class they will not be hired. Drew Sitterud indicated that he just wanted approval to take the certification class to be available to help in a pinch. Commissioner Gary Kofford indicated that he needed to abstain from voting on Tammy Oliverson due to the fact that she is his daughter, therefore, Commissioner Gary Kofford made a motion to approve hiring Nicholas Rhoten, Mindy Labrum, Sabrina Wood, Chance Ariotti, Brady Jensen, John Conder, and Nikki Rogers as part time lifeguards working 19 3/4 hours based upon passing lifeguard certification. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Commissioner Drew Sitterud made a motion to approve hiring Tammy Oliverson as a part time lifeguard working 19 3/4 hours based upon passing lifeguard certification. Commissioner Jeff Horrocks stepped down to second the motion. The motion passed.

Commissioner Gary Kofford made a motion to allow Drew Sitterud to take the lifeguard certification class. Commissioner Jeff Horrocks stepped down to second the motion. The motion passed.

E. Approval to hire Cory Collard who is a certified lifeguard.

Shannon Hiatt requested approval to hire Cory Collard as a part time lifeguard. He has already certified as a lifeguard. Commissioner Gary Kofford made a motion to approve hiring Cory Collard as a part time lifeguard. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(17)

**DISCUSSION AND APPROVAL OF CREDIT CARD PROCESSING AGREEMENT AND EQUIPMENT FOR THE EMERY COUNTY AQUATIC CENTER.**

Commissioner Drew Sitterud made a motion to approve moving forward with a credit card processing agreement and equipment for the Emery County Aquatic Center. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

operating well. Plant employees raised \$3,272.00 for the Sub for Santa program and 24 children in the area. He stated that the company is losing a good plant manager when Reg leaves. He will be missed.

Darrell Cunningham, Hunter Plant reported that they are also in the process of planning for an overhaul in the spring of 2010. They have had a good generation year with numbers that they haven't seen for four or five years. The new continuous emission monitoring system is online and working well. They have had a good safety year. Employees at the Hunter Plant have also raised funds to help with the Sub for Santa program for 56 children in the Carbon and Emery County area. Darrel commented that Reg will be missed. He thanked Reg for the learning opportunity to work with him.

Deb Dull, thanked the Commission for their assistance in the Huntington Airport Project that is just wrapping up. The temporary line for Lila Canyon is underway. On January 13, 2009, Utah Power & Light President Rich Walji will hold discussions on issues of concern before the new legislature begins.

Commissioner Drew Sitterud made a motion to come out of the regular commission meeting and move into a public hearing to receive comment on the amended 2008 budget. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(11)

**5:30 P.M. PUBLIC HEARING- TO RECEIVE PUBLIC COMMENTS ON OPENING AND AMENDING FY2008 BUDGETS FOR EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS AND FOR THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Clerk/Auditor Brenda Tuttle presented the amended 2008 budget for the Emery County General Fund, Special Revenue Funds, Capital Projects and for the Castle Valley Special Service District. She reported that amended budget is similar to the budget presented at the beginning of the year. The amended budget reflects the transfers made to coordinate with revenue and spending for 2008.

Darrell Leamaster, CVSSD reported that he did not have an amended budget for 2008. He did point out that due to the unavailability of oil this year he was not able to do the chip seal projects. Therefore, he will be carrying over into 2009 the funds appropriated for this project.

Commissioner Horrocks asked if there were any questions or comments. There were o questions or comments.

Commissioner Gary Kofford made a motion to come out of the public hearing and return to the regular commission meeting. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Motion to recess the meeting until 6:00 p.m. was made by Commissioner Drew Sitterud, seconded by Commissioner Gary Kofford and approved by all members present.

At 6:00 p.m. Commissioner Drew Sitterud made a motion to come out of the regular Commission Meeting and move into a public hearing to receive comment on the FY 2009 budget for the Emery County General Fund, Special Revenue Funds, Capital Projects and for the Castle Valley Special Service District.

(13)

**6:00 PM PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT ON FY2009 BUDGET FOR THE EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECT FUNDS, AND FOR THE CASTLE VALLEY SPECIAL SERVICE DISTRICT INCLUDING COLA INCREASES FOR EMERY COUNTY EMPLOYEES AND ELECTED OFFICIALS, MERIT INCREASES FOR EMPLOYEES, AND INCREASE IN SALARY FOR CLERK/AUDITOR AND JUSTICE COURT JUDGE.**

Commissioner Jeff Horrocks presented the 2009 budget and explained that the budget reflected a 4% COLA excluding the Commissioners. The budget also reflects a \$3,000.00 a year increase in salary for the Clerk/Auditor and \$2,000.00 a year increase for the Justice Court Judge. He explained that the increase for the Clerk/Auditor is due to the dual duties of the Clerk/Auditor and to bring the position up with state statute. The increase for Justice Court Judge is affect of Judge Burns retiring in Green River and Judge Stream taking on the added responsibility of Green River and to also bring the position up with state statute by January 1. In an earlier Commission Meeting the Commission voted to dispense a one time bonus to Kyle Ekker in the amount of \$5,000.00 for the over and above hours spent on the Crandall Canyon disaster. Other one time bonuses were approved for Bill Downard in the amount of \$2,500.00 for the Crandall Canyon Disaster, Kathy Jensen, \$500.00, Morris Sorensen, \$1,000.00 also for the Crandall Canyon disaster. The money for these bonuses was given to the county by Murray Energy owner of the Crandall Canyon Mine. One time bonuses were also approved for Jeff Guymon and Brenda Dugmore Tuttle in the amount of \$1,000.00 each for the extra hours and effort put into preparing for the 2007 election with the new electronic voting machines at the last minute after the resignation of Bruce Funk.

COMMISSION MEETING MINUTES  
DECEMBER 16, 2008

Darrell Leamaster, CVSSD explained the 2009 budget for the CVSSD. They have three budgets which he reviewed with the public. He explained that the budgeted amount for salaries reflected a 4% increase for employees. Darrell expects to be retiring in September and so the salaries also reflect bringing on the person to replace him while he was still working to bring the new person up to speed. Darrell indicated that CVSSD may need to increase their tax to meet their budget. Commissioner Kofford asked that they raise the rates instead of raising the tax. Darrell indicated that they can only use property tax to repay bonds.

Commissioner Horrocks asked if there were any questions or comments. There were no questions or comments.

Commissioner Drew Sitterud made a motion to move out of the public hearing and back into the regular commission meeting. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(14)

(21)

**DISCUSSION AND APPROVAL TO PROVIDE A DISCOUNTED RATE FOR GREEN RIVER RESIDENTS AT THE AQUATIC CENTER.**

Commissioner Sitterud stated that the request came from the Green River representative on the Recreation SSD board. Commissioner Sitterud stated that while he agreed that it is a long way for Green River citizens to travel to benefit from the swimming pool he was opposed to giving discounted rates to any one group of citizens. All the taxpayers are paying for the swimming pool. Commissioner Kofford stated that their request does have merit, however, he would rather see having available to purchase something like a punch card. He felt we needed to look into this a little further before any decision was made.

While on the subject of the swimming pool, Commissioner Sitterud reported on a situation that has come up regarding the pool. While our pool is a new pool with all the new technology, we will be out of code with regards to the drain in the pool. Apparently the grate that covers the drain needs to be redesigned. The new design for the drain grates have not be designed yet. So until they are ready we will be out of compliance. Commissioner Kofford indicated that the Health Department is aware of the problem and it is not just our pool it is all pools in the state. The problem affect each pool in the state in a different way and until a new screen or grate becomes available there is not much we can do. Emery County Aquatic Center will stay open and will do something as soon as it becomes available. Commissioner Drew Sitterud made a motion to keep the problem in mind and look at what needs to be done to correct the situation and bring the matter back at a later date to discuss again. The motion was seconded by Commissioner Gary Kofford and approved by all member present.

(22)

**DISCUSSION OF MOU BETWEEN EMERY COUNTY RECREATION AND EMERY COUNTY FOR MANAGING OF THE SHOOTING RANGE.**

Commissioner Sitterud reported that the County has gone to the BLM to procure property to expand the shooting range. The BLM needs an MOU between Emery County and the Emery

DECEMBER 16, 2008

County Recreation Special Service District to operate the shooting range on BLM property. Ray Petersen suggested having a representative from the Commission, Recreation District, Attorney's office and Mary Huntington get together to draw up an MOU that will work to satisfy the needs of everyone. Mary indicated that no matter what, if anything happens at the shooting range it will fall back on the county as it is under the liability insurance umbrella of the county.

(23)

**CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN EMERY COUNTY AND JOHANSEN AND TUTTLE ENGINEERING FOR EA AND POD ON LANDFILL AND SHOOTING RANGE, WHICH INCLUDES EXPANSION OF LANDFILL WITH THE STATE OF UTAH.**

Commissioner Gary Kofford discussed a contract between Emery County and Johansen & Tuttle Engineering to apply to the BLM for the property which is necessary to accommodate the proposed expansion of the Emery County Landfill and to amend the existing landfill permit to include the expansion. The application to BLM for property for expansion including the necessary mapping and Plan of Development were listed as follows:

JBR Environmental Consultants to prepare an EA which will supplement the BLM Application IGES to gather criteria for inclusion in the POD  
J&T to provide the Topo surveys, mapping, description, Application, POD, etc.  
Total \$52,230.00.

Division of Solid and Hazardous Waste Permit Application (DSHW) projected costs:  
IGES permit amendment; modification to Part II, General report; modification to drawings; dialog with DSHW.  
J&T for mapping, soil analysis, etc.  
Total \$10,000.00.

The total cost for the contract was \$62,230.00.

Commissioner Gary Kofford made a motion to approve a contract with Johansen & Tuttle Engineering for application to BLM for property for expansion of the Emery County Landfill and shooting range. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(24)**

If approved Melodie's wage would be Grade 7 @ \$8.78 per hour and would become effective December 29, 2008. Commissioner Gary Kofford made a motion to approve hiring Melodie Hoffman as Assistant Librarian as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

D. Approval of merit increase for Wayne Nielsen, Russell Swasey, and Mike McCandless.

Morris Sorensen requested a 3% increase for Wayde Nielsen. There are employees that Wayde supervises that almost make as much as he does without the responsibility. If approved Wayde would move from Grade 22 @ \$22.72 per hour to Grade 22 @ \$23.40 per hour. Commissioner Gary Kofford made a motion to approve a 3% wage increase for Wayde Nielsen as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Morris Sorensen requested a 6% wage increase for Russell Swasey. Russ has demonstrated increased capability and has saved the Road Department valuable time and money on repair of equipment. If approved Russ would move from Grade 16 @ \$15.78 per hour to Grade 16 @ \$16.73 per hour. Commissioner Gary Kofford made a motion to approve a 6% wage increase for Russell Swasey as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

The Commission requested a 3% wage increase for Michael McCandless for the three departments he oversees. (Economic Development, Planning /Zoning and Building). If approved Mike would move from Grade 22 @ \$22.98 per hour or \$1,838.40 per pay period to Grade 22 @ \$23.67 per hour or \$1,893.60 per pay period. Commissioner Drew Sitterud made a motion to approve a 3% wage increase for Michael McCandless as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Commissioner Drew Sitterud made a motion to approve the minutes dated December 6, 2008 as corrected. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(28)**  
**COMMISSION REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks presented Commissioner Sitterud with a plaque of appreciation for his 8 years of service to the citizens of Emery County. To Which, Commissioner Sitterud thanked the citizens of Emery County and especially the people that he worked with everyday. Emery County is a great place to work. It has been a joy to work for the citizens of Emery County.

*Commissioner Kofford*

Commissioner Kofford reported on the parties recently held for the employees and the Senior Citizens. He also reported that an advertisement will soon go out reminding the citizens of Emery County that as of February 7, 2009 the analog television transmission will be gone. Along with that Channel 26, Emery County's television station will also be gone. Emery County has been broadcasting digitally for two years now. If you have not made the conversion either by purchasing the converter box top or buying a new television set with the converter built in you need to do so now. People with cable or satellite need to do nothing.

Commissioner Sitterud reminded everyone that the old analog system is 50 years old and as components go down they will not be replaced. Therefore, we may be off the air before the February date. FM stations are off the air currently due to the snapped aluminum lines on Horn Mountain. They hope to have them back up by next week.

COMMISSION MEETING MINUTES  
JANUARY 6, 2009

Commissioner Jeff Horrocks made a motion to accept the 2009 Commission responsibilities as presented. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)

**CONSIDERATION AND APPROVAL OF CHECK EDIT LIST, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Brenda Tuttle presented the Warrant Check Edit List # 194678 through and including #194769 for payment.

Requisitions were presented as follows:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>
01-09	Refrigerator, Range, Microwave Aquatic Center	\$1,609.85
02-09	Microwave radio frequency co-ordination Sheriff/Communications	3,000.00

There were no dispositions.

Commissioner Jeff Horrocks made a motion to approve the Warrant Check Edit List and requisitions as presented. Commissioner Laurie Pitchforth seconded the motion. The motion passed.

(4)

**REQUEST FROM PRECIS COMMUNICATIONS, LLC TO TERMINATE THE CABLE TELEVISION FRANCHISE WITH EMERY COUNTY.**

Shane Baggs, Precis Communications, LLC came before the Board of Commissioners to request the termination of a cable television franchise with Emery County.

(5)

**CONSIDERATION AND APPROVAL OF RESOLUTION TERMINATING CABLE TELEVISION WITH PRECIS COMMUNICATIONS, LLC.**

Commissioner Jeff Horrocks made a motion to approve Resolution 01-06-09 terminating cable television with Precis Communications, LLC subject to the sale of the franchise. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(6)

**EMERY TELCOM, BEAU STOKER, DISCUSSION AND APPROVAL OF CABLE TELEVISION FRANCHISE ORDINANCE/RESOLUTION FROM EMERY COUNTY THAT WOULD GOVERN CUSTOMERS LIVING OUTSIDE MUNICIPAL BOUNDARIES.**

Jared Anderson, Emery TelCom came before the Board of Commissioners to discuss and request a cable television franchise ordinance that would govern customers living outside municipal boundaries. He explained that Emery TelCom has purchased the cable television franchise from Precis Communications, LLC. He addressed concerns that the Commissioners had regarding section 10 and the county's desire to have free government rate for its departments who use the cable television. He explained that there would be a set top box cost and ET has to purchase the content from the studios and would more than likely not be able to provide this service for free. There is a hard fixed rate which ET has to pay to the programmers. This cost would be distributed to the government offices who use the service. Therefore, he could not commit to the service for free. Commissioner Kofford reviewed Section 18 regarding Line Severing and Section 5 Conditions and Street Occupancy. Commissioner Kofford asked that language be included to address encroachment permits though County roads. Mr. Anderson indicated that he was certain that proper permits would be obtained and that language to that effect could be added as per the county attorney. Regarding line severing he indicated that cost for repairing a severed line would be the responsibility of the party that severed the line. They discussed the local channel, channel 26. Emery County had been paying a person to maintain the channel. Advertising on the channel for local, non-profit events was free. As of January 1, 2009 Channel 26 has not been of the air. Commissioner Kofford reported that the Commission has not budgeted for the continuation of the channel and the cost associated with bringing the channel back up. The Commission has been looking at whether the cost to bring it back up is worth the interest from the public. Mr. Anderson discussed the company's plans for local events coverage. Getting back to the ordinance Mr. Anderson addressed the free television at each location for one television set not available to the public. They discussed the possibility that equipment be available for cost to the County offices.

Commissioner Jeff Horrocks made a motion to approve Ordinance 1-06-08 granting a franchise to Emery TelCom Video, LLC, and assigns, to construct, operate and maintain a cable television system within the limits of Emery County and set the conditions accompanying the grant of the franchise with the addition in Section 5 that Emery TelCom will acquire an encroachment permit from the Emery County Road Department anytime that they encroach any county road, and the addition of equipment made available the county offices at cost. Subject to the addition of these items the Ordinance it will be signed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(7)****DISCUSSION AND DECISION REGARDING OLD SHERIFF OFFICE BUILDING.**

Commissioner Kofford explained that last April the county held a surplus property action wherein the old sheriff's building was auctioned off in the amount of \$1,500.00 to Darrin Hurdsman and Scott Labrum. Their intent was to salvage the contents of the building as well as the rubble from demolition of the building. The terms of the agreement with Mr. Hurdsman and Mr. Labrum were to have a signed release of liability and a \$30,000.00 bond to Emery County should they default and not demolish the building by the end of the year as agreed upon. Emery County has an agreement with Castle Dale City that ensures that the building will be demolished, the rubble removed and the ground cleared and prepared by the end of 2008. At the time the county was storing materials for the swimming pool in the building until needed in the pool's construction process. Commissioner Kofford indicated that after speaking with Mr. Hurdsman and Mr. Labrum they came to the conclusion that the county needs to take back possession of, and assume the responsibility for, demolishing the building. Since the county used the building to store the swimming pool materials he felt that we should return the \$1,500.00 back to Mr. Hurdsman and Mr. Labrum for rental of the space and that the \$30,000.00 bond to the county should be forgiven. After more discussion on the matter, Commissioner Jeff Horrocks made a motion to have County Attorney, David Blackwell draft a letter to Mr. Hurdsman and Mr. Labrum advising them of Emery County's intent to reclaim possession of the building, refund the \$1,500.00 paid for the building as rental while storing materials for the swimming pool's construction, forgive the \$30,000.00 bond to the county as well as the county's intent to demolish the building as agreed to with Castle Dale City. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed. Commissioner Jeff Horrocks made a motion to have Road Supervisor, Morris Sorensen set up a plan for the demolition and removal of the rubble from the old sheriff's building as agreed to with Castle Dale City. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(8)****APPOINTMENT OF RAY JEFFS TO THE EMERY COUNTY TRAVEL BUREAU.**

The Emery County Travel Bureau has recommended Ray Jeffs to fill the remainder of Mary Huntington's term who has asked to be replaced on the board. The term is until March of 2010. Commissioner Jeff Horrocks made a motion to appoint Ray Jeffs to the Emery County Travel Bureau for the remainder of the term that ends March 2010. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

**APPROVAL OF CELL PHONE STIPEND FOR COMMISSIONER PITCHFORTH**

Commissioner Jeff Horrocks made a motion to approve a cell phone stipend for Commissioner Laurie Pitchforth. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed. Sheriff Guymon asked that a cell phone stipend be approved for Brooks Smith. Apparently the paperwork did not make it to the proper place. Commissioner Jeff Horrocks made a motion to approve a cell phone stipend for Brooks Smith and to have the action ratified in the next Commission Meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

**CONSIDERATION AND APPROVAL OF AGREEMENT WITH GOVERNMENT MATTERS LLC FOR PUBLIC LAND CONSULTANT.**

Commissioner Kofford explained that in the past Emery County has contracted with Robert Weidner to lobby in Washington, DC on behalf of Emery County regarding public land issues. Government Matters LLC, Randy Johnson has contacted Emery County and proposed contracting with him for this service. The contract amount is \$15,000.00 for the year. Commissioner Jeff Horrocks made a motion to not renew the contract with Robert Weidner and to contract with Government Matters, LLC, Randy Johnson for \$15,000.00 for the year. (13)

**APPROVAL OF LAWRENCE CEMETERY LOT FEE WAIVER FOR JOHN L. OLIVER.**

When the Lawrence Cemetery lot fee was established by the Commissioners a condition was placed in the ordinance to allow for those individuals who already owned lots or family plots in the cemetery to have the \$150.00 fee waived. A request was made to waive the fee for John L. Oliver who owns a lot in the Lawrence Cemetery. Commissioner Jeff Horrocks made a motion to waive the \$150.00 lot fee in the Lawrence Cemetery for John L. Oliver. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner Jeff Horrocks made a motion to leave the regular Commission Meeting and move into a Public Hearing as advertised. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(14)

**10:00 AM- PUBLIC HEARING- TO RECEIVE INPUT FROM THE PUBLIC WITH RESPECT TO THE ISSUANCE OF THE BONDS AND THE POTENTIAL ECONOMIC IMPACT THAT THE PROJECT WILL HAVE ON THE PRIVATE SECTOR.**

Darrell Leamaster, Castle Valley Special Service District commented that last year the legislature passed a law that requires holding a public hearing prior to the issuance of any bonds. Although the bonds are the result of a voter approved bond the public hearing still has to be held. The posting and advertising needs to be thirty days prior to the public hearing. To be compliant with this new law a public hearing is being held today after advertising for thirty days. A public hearing was also held on December 2, 2008. He reported on the uses of the funds and the amount remaining of the voter authorized bond.

Commissioner Kofford asked if there were any questions or comments.

There were no questions or comments.

Commissioner Horrocks made a motion to close the public hearing and return to the regular Commission Meeting. Commissioner Pitchforth seconded the motion. The motion passed.

Commissioner Jeff Horrocks made a motion to ratify the approval and signing of Resolution 12-2-08 relating to bonds for the Castle Valley Special Service District. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(16)****CITIZEN CONCERNS.**

Miss Emery County, Holly Damron came before the Board of Commissioners to thank the county for the opportunity to serve the county as Miss Emery. She reviewed her platform and reported on some of the things she has done thus far.

Commissioner Jeff Horrocks discussed Emery County Travel Council's request for Tina Carter to travel to Denver, Co. She showed that Tina needs to travel to in on the 21<sup>st</sup> of January and due to the change in Commission Meeting dates she needs to have this approved at this time and brought back in the January 27<sup>th</sup> meeting for ratification and further discussion of future travel for the Tina and the Travel Council. Commissioner Jeff Horrocks made a motion to approve Emery County Travel Council's request for Tina Carter to travel to Denver, Co. to attend a travel show and to have the action ratified in the next Commission Meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(17)****CONSIDERATION AND APPROVAL OF COR#34, #36, AND #37 FOR SWIMMING POOL.**

Change orders for the swimming pool were presented as follows:

COR#34- Adding a digital alarm receiver to the monitoring system + \$21,962.00

COR#36- Paint changes + \$1,852.00

COR#37- Adding a tempering value + \$2,123.00

Commissioner Jeff Horrocks made a motion to approve the proposed change orders as presented. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner Jeff Horrocks asked Commissioner Kofford for a report of work that needs to be completed on the Swimming Pool project. Commissioner Kofford indicated that there will be a meeting with all the contractors and general contractor tomorrow. There are problems with the boiler that still need to be resolved.

(18)

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.****A. Approval of 3% wage increase for Mark DeBry who has successfully completed his 6 month orientation period, in addition to 4% COLA.**

Mike McCandless requested approval for a 3% wage increase for Mark DeBry who has successfully completed his 6 month orientation period. If approved this would move Mark from Grade 21 @\$20.48 per hour to \$21.09 per hour. Mark will also receive a 4% COL increase as well, which will take him to \$21.93 per hour. Commissioner Jeff Horrocks made a motion to approve the 3% increase for Mark DeBry as proposed. Commissioner Laurie Pitchforth seconded the motion. The motion passed.

**B. Approval of family leave for Dottie Grimes**

Dixie Swasey requested a one month leave of absence for Dottie Grimes who has a family emergency. Commissioner Jeff Horrocks made a motion to approve a one month leave of absence for Dottie Grimes as requested. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**C. Approval of Bernice Payne and Holly Damron as 90 day or less temporary employees.**

Dixie Swasey requested approval to hire Bernice Payne as a 90 day or less temporary employee until Dottie Grimes is able to return to work. If approved her wage would be \$8.00 per hour. Commissioner Jeff Horrocks made a motion to approve hiring Bernice Payne as a 90 day temporary employee as requested. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Jeff Guymon has hired Holly Damron as a 90 day temporary employee. Her wage is \$8.00 per hour. No action was needed on this matter.

Commissioner Jeff Horrocks made a motion to approve the Warrant Check Edit List, additional claims and requisitions as presented . The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)

**BILL BATES, DWR, PRESENTATION OF PILT PAYMENT**

Bill Bates, DWR Director of Price office presented the Commissioners with a check in the amount of \$2,751.30 representing contractual in-lieu tax payment on the approximately 5,500 acres land the Division of Wildlife Resources owns in Emery County. The money used to pay the in-lie tax is provided by hunters and anglers in Emery County and across the state.

(4)

**DISCUSSION OF TERMINATING CONTRACT WITH SUSAN DORSCH FOR OPERATION OF CHANNEL 26.**

Commissioner Kofford opened discussion on terminating the contract with Susan Dorsch for operation of Emery County's Channel 26. Under contract with Susan Dorsch the county has been paying \$1,100.00 per month for the operation of Channel 26. Ads from non-profit organizations and community events have been done for free. Local businesses have been paying for the service. With the change over to digital broadcasting, the revenue generated from those businesses advertising on the Channel has gone way down. The operation of the channel was not budgeted for this year. The cost to keep the channel up and running would be around \$120,000.00. The Commission has determined that they are not getting what they wanted out of the channel. The cost of bringing Channel 26 back up would not be cost effective and have therefore determined to not continue the funding. The Commissioners had a desire to terminate the contract with Susan Dorsch for the operation and maintenance of the channel. According to the contract the county must give thirty days notice to Susan before terminating the contract. Commissioner Jeff Horrocks recommended having County Attorney David Blackwell send a letter to Susan Dorsch terminating the contract in thirty days. Commissioner Jeff Horrocks made a motion to terminate the contract with Susan Dorsch for operation of Channel 26 and to pay her through February and to recognize her service to the county by presenting her with a plaque. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Phil Fauver asked if the analog equipment would be auctioned off. Commissioner Kofford indicated that the components will be sold at a future auction and as components of the system go down they will not be replaced.

(5)

**APPROVAL OF APPOINTMENT TO THE PLANNING COMMISSION.**

Commissioner Kofford indicated that advertising went out to fill two vacancies on the Planning Commission. Terms for Bill Dellos and Mac Huntington have expired. The Commission received two applications from Bill Dellos and Mac Huntington. Commissioner Jeff Horrocks

COMMISSION MEETING MINUTES  
JANUARY 27, 2009

made a motion to re-appoint Bell Dellos and Mac Huntington to the Emery County Planning Commission. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(6)**

**APPROVAL OF APPOINTMENT TO PUBLIC LANDS COUNCIL.**

Commissioner Kofford indicated that there are four openings on the Public Lands Council. Several applications were received in the Clerk/Auditor's office. Interested applicants were: Chuck Semborski, Gary Petty, Randal Stilson, Clark Ungerman, Mistie Christiansen, and Michael Olsen. Commissioner Laurie Pitchforth nominated Gary Petty, Randal Stilson, Chuck Semborski and Michael Olsen. Commissioner Jeff Horrocks indicated that he would like the Commission to give Mistie Christiansen a second look as she has a lot of experience and knowledge to bring to the committee. Commissioner Laurie Pitchforth made a motion to appoint Gary Petty, Randal Stilson, Chuck Semborski and Michael Olsen to the Emery County Public Lands Council. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

**(7)**

**NOTIFICATION OF VACANCY ON EMERY COUNTY WATER CONSERVANCY DISTRICT, CASTLE VALLEY SPECIAL SERVICE DISTRICT, AND EMERY COUNTY SPECIAL SERVICE DISTRICT #1.**

Commissioner Kofford indicated that there are openings on the Emery County Water Conservancy District, Castle Valley Special Service District and Emery County Special Service District #1. EWCD has one opening. ECSSD#1 has 2 openings. Applicants must live in the District boundary. CVSSD has 2 openings and applicants must live within a city boundary. Under state statute the county must advertise only for local district for applicants to fill these openings. The Commissioners determined that applications must be received in the Clerk/Auditor's office by March 5. Appointments will be made in the March 10, 2009 Commission Meeting. Commissioner Jeff Horrocks made a motion to advertise to fill board openings on the Emery Water Conservancy District, Castle Valley Special Service District, and Emery County Special Service District #1 closing applications on March 5<sup>th</sup> and appointing on March 10<sup>th</sup>. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(8)**

**RATIFY FINAL SETTLEMENT OF AUCTION PURCHASE OF OLD SHERIFF'S BUILDING.**

In the last Commission Meeting a motion was made to have County Attorney David Blackwell draft a letter to Mr. Hurdsman and Mr. Labrum informing them of Emery County's intent to

COMMISSION MEETING MINUTES  
JANUARY 27, 2009

reclaim possession of the building, refund the \$1,500.00 they paid in return for rental of the building for the swimming pool materials and of the county's intent to demolish the building. When the Road Department was removing the salvageable items from the building it was found that a power source component was removed. The Commissioner determined to split the \$1,500.00 and only return \$750.00 to Mr. Labrum and Mr. Hurdsman. Therefore, Commissioner Jeff Horrocks made a motion to ratify the amount to be return to Mr. Labrum and Mr. Hurdsman and change the amount to \$750.00. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

**CONSIDERATION AND APPROVAL OF CUSTOMER REQUESTED WORK AGREEMENT WITH ROCKY MOUNTAIN POWER TO REMOVE FACILITIES NO LONGER NEEDED AT THE OLD JAIL.**

No action

(10)

**RATIFY APPLICATION TO U.S. ARMY CORPS OF ENGINEERS FOR CULVERT INSTALLATION ON SO. MOORE PHASE VII PROJECT.**

Commissioner Kofford gave a brief explanation of the work on So. Moore Phase VII Project. The alignment of the proposed road will intercept the drainage before all the washes come together into one wash. A small ditch will be required to bring separate washes into one wash at the inlet of the culverts. Rip rap section will be placed along the shoulder of the road to protect the new road section from flood stage flow, but will not reduce flow of the original drainage. Time constraints required the application to be signed and submitted before this meeting, therefore ratification of the signing of the application is needed. Commissioner Laurie Pitchforth made a motion to ratify the signing of an application to U.S. Army Corps of Engineers for culvert installation on So. Moore Phase VII Project. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(11)

**DISCUSSION AND APPROVAL OF ADVERTISEMENT IN THE ENERGY EDITION.**

Commissioner Jeff Horrocks made a motion to approve purchasing a 1/4 page ad for \$275.00 in the Energy Edition. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(12)

**CONSIDERATION AND APPROVAL OF AMBULANCE FEE REDUCTION/WAIVER FOR ETHEL P. HARTUNG AND WILLIAM L.CAFFEE.**

Ambulance fee reduction/waiver requests were made on behalf of Ethel P. Hartung and William L Caffee. Ethel Hartung requested to make payments interest free on the balance of \$336.13. Mary Caffee requested a write-of the balance due \$414.51. Both accounts have exhausted the benefits from insurance and Medicare. Commissioner Jeff Horrocks made a motion to write-off the balance due of \$414.51 for William L. Caffee and approve interest free payments on the \$336.13 balance due for Ethel P Hartung. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(13)

**CONSIDERATION AND APPROVAL OF EQUITABLE SHARING AGREEMENT AND CERTIFICATION.**

Sheriff LaMar Guymon explained that the Equitable Sharing Agreement is with the US Department of Justice and US Department of Treasury for the sharing of seizure cash, property or proceeds. Commissioner Jeff Horrocks made a motion to approve signing an Equitable Sharing Agreement and Certification. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(14)

**CONSIDERATION AND APPROVAL OF PAYMENT PLAN FOR ANNUAL SWIMMING POOL.**

Shannon Hiatt indicated that he has had several requests from young families with two or three children who are having difficulty paying the yearly pass fee all at once. Shannon suggested maybe having them pay for a third at time. He felt that he could tract the payments. Commissioner Kofford indicated that there is not a written policy for this type of payment and that the Commissioners have determined that it needs to be discussed. Brenda Tuttle expressed concern that everything be paid up front. This type of payment set up can become a nightmare. There are so many options out there for people who cannot find the money to pay up front for the pass. We do not want to get into budgeting for people.

(15)

**CONSIDERATION AND APPROVAL OF POLICY FOR AQUATIC CENTER PASS EXCEPTIONS.**

Shannon discussed pass waivers for persons with special needs. Because he frequently gets asked this question he felt he needed to bring it to the Commissioners to discuss. He indicated

COMMISSION MEETING MINUTES  
JANUARY 27, 2009

that when he looked at six different pools in the state he never asked this specific question of the pool managers. Commissioner Jeff Horrocks expressed concern for where you draw the line. He can see the benefit for allowing people buy a quarter pass. Commissioner Kofford wanted to address all the needs. If we start making exceptions, where do you draw the line, where do you stop? Commissioner Jeff Horrocks made a motion to table the matter for now to allow time for more discussion. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner Jeff Horrocks made a motion to set up an Aquatic Center Policy Advisory Committee under the direction of Attorney David Blackwell, and include Shannon Hiatt, Brenda Tuttle, Mary Huntington and Commissioner Gary Kofford on the committee. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(16)**  
**CITIZEN CONCERNS**

There were no concerns.

**(17)**  
**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

**A. Approval to transfer Summer Clark, as part-time janitor of the Castle Dale library to the Cleveland/Elmo libraries.**

Jerilyn Mathis requested approval to transfer Summer Clark from the Castle Dale library as a part time janitor working 10 hours per week to the Cleveland/Elmo libraries as a janitor working 19 3/4 hours per week. Carolyn Atwood has resigned effective 1-23-09. If approved Summer's wage would remain the same. Commissioner Jeff Horrocks made a motion to approve moving Summer Clark to the Cleveland/Elmo libraries as proposed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**B. Approval to begin the recruitment process for a part-time, working 10 hrs. per week janitor at the Castle Dale library.**

Jerilyn Mathis requested approval to start the recruitment process for a part time, working 10 hours per week, janitor for the Castle Dale library at Grade 6, \$8.02 per hour. Commissioner Jeff Horrocks made a motion to approve the recruitment process for a janitor at the Castle Dale library as proposed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**C. Request approval of 3% wage increase for Tamera Lacock who has completed her 6 month orientation period.**

Jerilyn Mathis requested a 3% wage increase for Tamera Lacock who has successfully completed her 6 month orientation period. If approved Tamera would move from Grade 6, \$8.02 per hour to \$8.28 per hour and would become effective 2-9-09. Commissioner Jeff Horrocks made a motion to approve the wage increase for Tamera Lacock as proposed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(18)**

**APPROVAL OF COMMISSION MEETING MINUTES.**

Motion to approve the minutes dated January 27, 2009 was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth. The motion passed.

**(19)**

**COMMISSION REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks reported on attending UAC meeting where they discussed proposed tax cuts from the state legislature. State Courts are looking at a 7.5 percent cut in funding requiring a 26 day unpaid furlough a year. UAC intends to hold meetings every Thursday to keep up with where the budget is going. Commissioner Horrocks indicated he planned on attending these meetings.

There are EMT training classes going on at this time.

Legislature Day for elected officials is January 30, 2009. He encouraged all elected officials to attend.

*Commissioner Pitchforth*

Commissioner Pitchforth reported that her first three week in office have been very busy. She reported on meeting with the Emery County Recreation Special Service District Board. Clint Olsen from the IT Department presented a demonstration on signing up for league sports on-line. She also reported on sports team participation in the county as well as classes and activities available through the Recreation District. There will be a dodge ball tournament sometime in

COMMISSION MEETING MINUTES  
JANUARY 27, 2009

March. The Pro Rodeo date is set for July 30, 31, and August 1, 2009. The Emery County Fair will be August 5,6,7,8, 2009.

She also reported on attending Aging and Nutrition, AOG Board meeting where they discussed concerns with state cuts. 40% of the funding for the Aging & Nutrition program comes from Emery County.

She expressed consideration to those citizens who are willing to sit on the various boards in the county. Everyone does a great job.

Commissioner Pitchforth will be leaving on Wednesday for newly elected officials training and Elected Officials day at the Legislature.

*Commissioner Kofford*

Commissioner Kofford reported on receiving a letter from Department of Air Quality regarding the Emery County Landfill Class I Landfill Cover. We have an approved plan in place for covering existing cells at the landfill with mancos shale which saves the county money. We do not have to haul in clay to cover the cells. Apparently we are the only landfill in the state of Utah who has been approved to do this. We have to run quality assurance test, topographic overviews to get desired slopes and grades, monitor the methane gas and seepage. We are happy with the outcome and to have an approved plan to follow for future use. We have been told that Emery County is one of the better run landfills in the state.

Huntington Airport is as complete as it can be until the weather permits for the last phase of the project.

There are three project on tap for approval if the State's stimulus package goes through. UAC asked that the county have a wish list of projects that are ready to go. Those three projects are remodeling the care center, resurfacing Consol Road and resurfacing the Huntington Airport runway.

The So. Moore Road Project is extended until July 2009. Nielson Construction is not able to get the asphalt needed for the project this year. We have to go a different route for the asphalt and need to get the approval from UDOT. UDOT will be meeting in Richfield to design the Moore Phase VII. Bids will go out in late February early March for the nearly \$4 million dollar project. Temple Mountain Road in the Goblin Valley Access Project has four miles left to complete. There is \$2 million dollars for the project, but the county will be requesting an additional \$2 million.

Commissioner Jeff Horrocks made a motion to approve the Warrant Check Edit List, additional claims and requisitions as presented . The motion was seconded by Commissioner Laurie Pitchforth. The motion was approved by all members present.

Commissioner Gary Kofford also mentioned changes that were made to the 2009 Capital Budget. The crusher broke down and the repairs are \$35,000. This expense is to be covered by the savings on the purchase of the landfill compactor. The compactor was budgeted at \$240,000 and was purchased for \$159,000. In the Weed & Mosquito budget the new fogger truck increased from \$20,000 to \$25,000. Two foggers were budgeted for so only one new fogger will be purchased. The fogger line item will be changed from \$21,400 to \$11,000 to cover the additional cost of the truck.

(9)

**CONSIDERATION AND APPROVAL OF COR#38 FOR THE SWIMMING POOL.**

COR#2 changes the original contract price of \$5,790,479 to \$5,435,385. Change order #38 moves unused contingency money from change orders five and six up to change order #38. Commissioner Jeff Horrocks made a motion to approve COR #38. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF RESOLUTION AUTHORIZING AN EMPLOYER PICK-UP OF EMPLOYEE RETIREMENT CONTRIBUTIONS.**

The Utah Retirement System is requiring a resolution authorizing the employer pick-up of employee retirement contributions so they are compliant with IRS regulations. The resolution authorizes Emery County to pick-up 100% of the contributions for county employees participating in the Utah Retirement System. This is not a change from what the County has already been doing. Commissioner Jeff Horrocks made a motion to adopt Resolution 02-10-09 authorizing an employer pick-up of employee retirement contributions. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF AGREEMENT WITH CYNTHIA GRANT AS LEPC COORDINATOR.**

The LEPC Coordinator is paid for with a grant. The total reimbursement for the position is \$1,500.00. Cynthia Grant is responsible for revising the emergency response plan for Emery County. (14)

**CONSIDERATION AND APPROVAL OF APPLICATION FOR TRANSPORTATION AND UTILITY SYSTEMS AND FACILITIES ON FEDERAL LANDS FOR COMMUNICATIONS SITES.**

This application is to amend the Cedar Mountain agreement that we took over a year ago. It is to include a generator, satellite dish and propane tank. Commissioner Jeff Horrocks made a motion to approve the application for transportation and utility systems and facilities on federal lands for communications sites. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(15)

**CITIZEN CONCERNS.**

Commissioner Gary Kofford stated that the local analog channels are scheduled to be shut off on February 17, 2009. The federal government has approved broadcasting analog channels until June 12, 2009. The Commission had previously decided to shut the channels off as planned. Commissioner Jeff Horrocks made a recommendation to go ahead with the previous plan to shut off the channels on February 17, 2009. It was the consensus of the Commission to stick with that decision.

(16)

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.****A. Approval to hire Tina Carter, Travel Bureau, full time, working 40 hours per week, eligible for full time benefits.**

Commissioner Jeff Horrocks made a motion to approve the minutes dated January 27, 2009 as corrected. Commissioner Laurie Pitchforth seconded the motion and it was approved by all members present.

**(18)****COMMISSION REPORTS.*****Commissioner Horrocks***

Commissioner Horrocks reported on attending the Council of Governments meeting. The Council is working toward adoption a unified animal control policy. Commissioner Horrocks also reported on attending a rural school funding meeting in Richfield as well as attending the Weed and Mosquito quarterly meeting. There was a scenic byways meeting yesterday. Tina Carter from the Travel Bureau had attended a travel show in Denver and had passed out new pamphlets that highlight the Huntington Eccles Canyon Scenic Byways. Commissioner Horrocks also attended the UAC meetings on Thursday. The State budget cuts have ended up at about 3.8% for each State Agency.

***Commissioner Pitchforth***

Commissioner Pitchforth stated she had attended a week long training provided by the Utah Association of Counties. She also attended the Elected Official's day at the legislature. Commissioner Pitchforth also reported on attending the Emery County Recreation Board meeting. The Recreation District is planning to sponsor a spring soccer league. Green River is sponsoring a mule ride. The District also had a racquetball tournament a few weeks ago. If you have any new ideas contact the Recreation Board representatives.

***Commissioner Kofford***

Commissioner Kofford attended a rural schools meeting with the Forest Service and Counties. Under the rural schools money Emery County got about \$350,000 of that we are required to give about 15% to different programs. Part II falls under a guideline where the Forest Service has to set up a RAC Committee. The question was how to set up the committee. It was determined the RAC would need to be set up by forest and would include fifteen people. There would be RAC Committees set up to cover the Manti Lasal Forest, Dixie Forest and Fish Lake Forest.

Pam Juliano, representing Jim Matheson, informed the Commission that the 2010 census is getting underway. There will be an opportunity for several people to participate in the census gathering information.

Commissioner Kofford met with Craig Johansen, Johansen & Tuttle Engineering, in Woods Cross and attended a non urban joint highway meeting. An application was submitted for park access funds for a total of \$3,000,000 for temple mountain road. There are projects approved for 2009 and 2010 and will be bid out in May. That is a \$1,900,000 project. These projects thus far have

COMMISSION MEETING MINUTES  
FEBRUARY 10, 2009

reconstructed approximately twelve miles of road between Goblin Valley and Highway 24. There are still four miles that need to be done.

Commissioner Kofford also met with the Department of Transportation concerning the design of Moore 7. This project will be bid in March. There are still negotiations taking place on the Asphalt for the Moore Cutoff. Nielson's Construction has the contract to have it asphalted by July 31, 2009.

29-09	(1) Detective Vehicle Light/Siren Set-up Sheriff/New vehicles	2,550.79

There were no dispositions.

Commissioner Jeff Horrocks made a motion to approve the Warrant Check Edit List, additional claims and requisitions as presented. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(2)

**APPROVAL OF OUT OF STATE TRAVEL FOR MEMBERS OF THE TRAVEL BUREAU.**

Mike McCandless requested approval for out of state travel for himself, Tina Carter, Jeff Horrocks and LaMar Guymon to attend a trade show in Las Vegas. Commissioner Jeff Horrocks made a motion to approve out of state travel for members of the Travel Bureau as requested. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)

**TERMINATION OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND HUNTINGTON CITY FOR THE HUNTINGTON INDUSTRIAL PARK. APPROVAL OF DISTRIBUTION OF REMAINING FUNDS PER AGREEMENT.**

Commissioner Kofford explained that Emery County and Huntington City cooperated in an Interlocal Agreement regarding the creation of the Industrial Park in Huntington. According to paragraph 4 of the interlocal agreement which created the Industrial Park in November of 1993, Emery County may request that the agreement be terminated and that any funds remaining from the park be divided equally between the county and the city. There is approximately \$30,000.00 remaining in the Industrial Park account and since the purpose for the creation of the Industrial Park has been fulfilled, Commissioner Gary Kofford recommended that the agreement be terminated and the funds be divided equally between Emery County and Huntington City. Commissioner Jeff Horrocks made a motion to terminate the agreement between Emery County and Huntington City for the Huntington Industrial Park and to return 50% of the remaining balance in the account back to Huntington City. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(4)

**DISCUSSION OF AQUATIC CENTER PARK. APPROVAL TO ADVERTISE FOR BIDS AND ASSOCIATED EXPENSES FOR DESIGN ENGINEERING.**

Commissioner Gary Kofford requested approval to advertise for bids and associated expenses for design engineering of a park at the Aquatic Center. He explained that it has been determined that a park on the west side of the pool would help with keeping dirt, tree limbs and other debris from blowing onto the outside pool. Plans for the park include restroom facilities, three or four gazebos, a pavilion, walking path and soccer field with a sprinkling system throughout the park. He indicated that Johansen and Tuttle Engineering is putting together a design for the park. The project was budgeted for in 2009 and he asked that the project move forward. Advertising for bids should be March 3, 10, and 17<sup>th</sup> with a site showing on the 17<sup>th</sup>. Opening the bids should be March 23 in the Clerk/Auditor's office and awarding the bids should be on March 24<sup>th</sup> during the regular Commission Meeting. Motion to move forward with the Aquatic Center Park project as

outlined was made by Commissioner Jeff Horrocks and seconded by Commissioner Laurie Pitchforth. The motion passed.

(5)

**APPROVAL OF RESOLUTION ESTABLISHING LANDFILL TIPPAGE CHARGE.**

Commissioner Gary Kofford discussed Resolution 2-24-09 establishing a Landfill Tippage Charge. Currently the landfill is charging \$12.00 per ton for commercial contractors with a cap of \$200.00. Morris Sorensen, Highway and Landfill Supervisor has determined that it is costing the landfill upwards of \$27.00 per ton to accept commercial debris. Morris explained that they have an out of county contractor wanting to deposit debris at the landfill. At the current tippage fee the county would be losing money. The resolution indicates setting the tippage rate at \$15.00 per ton for commercial contractors and removing the cap. Commissioner Horrocks indicated that if a local contractor found this to be a hardship that they could appeal to the Board of Commissioners for relief. Motion to adopt Resolution 2-24-09 was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth and the motion passed.

(6)

**DISCUSSION AND APPROVAL OF DISPOSAL OF LANDFILL COMPACTOR.**

Road Supervisor Morris Sorensen discussed the disposal of a compactor from the landfill. A newer compactor was recently purchased. He recommended advertising to sell the older compactor on a worldwide website Iron Planet where the county may get a better price. Motion to approve advertising to sell the older compactor on the Iron Planet website was made by Commissioner Jeff Horrocks and seconded by Commissioner Laurie Pitchforth. The motion passed.

(7)

**DISCUSSION AND CONSIDERATION OF APPROVAL BILL PAYMENT FOR TRACY/REBECCA NELSON.**

This matter was tabled.

(8)

cost of \$3,383.00 for the first year, \$4,554.00 for the second year and \$4,704.00 for the third year. Motion to approve the contract with Honeywell Building Solutions as proposed was made by Commissioner Jeff Horrocks and seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

**APPROVAL TO HIRE JOHANSEN AND TUTTLE ENGINEERING TO DO A LAND SURVEY ON THE LAWRENCE CEMETERY.**

Commissioner Kofford explained that Wayde Nielsen owns the property surrounding the Lawrence Cemetery. The Lawrence Cemetery needs to be expanded and to do so the county must purchase property from Mr. Nielsen. Corner markers need to be determined in the existing cemetery boundaries. These corner markers require surveying. Commissioner Kofford recommended hiring J&T Engineering to do the survey to begin the process to expand the cemetery. Commissioner Jeff Horrocks made a motion to hire J&T Engineering to do a land survey on the Lawrence Cemetery. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN STATE OF UTAH AND EMERY COUNTY FOR CADASTRAL MAPPING.**

Commissioner Kofford explained that this is a standard agreement with the state for establishing section corner markers in the county. This a grant with the state for \$6,240.00 to do the work. Commissioner Jeff Horrocks made a motion to approve the agreement between State of Utah and Emery County for cadastral mapping. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(11)

**REQUEST FOR USE OF AQUATIC CENTER FOR GRAD NIGHT WITH FEES  
WAIVED.**

Senior Advisor to the Governing Youth Council of Emery High School, Lori Huntington and President of the Governing Youth Council Kameron Stilson along with several members came before the Board of Commissioners to proposed using the Aquatic Center from 9pm until 1am on Graduation Night, May 21, 2009. The purpose of Grad Night is to provide a wholesome activity that encourages safety by gathering everyone in one central location. Several activities will be offered such as swimming, dance, movie, climbing wall, games and other activities. The GYC asked to use the center with the fee waived or at a reduced price. Commissioner Kofford asked how many students they anticipated attending Grad Night. Ms. Huntington indicated that they had approximately 350 students attend last year. Shannon Hiatt, EC Aquatic Center Director addressed his concerns. He indicated that the pool has a capacity of approximately 130. For safety reasons the bottom of the pool must be visible. If you get more than 130 people in the pool at one time you will have no visibility. The outdoor pool will not be available as it is still covered and not scheduled to be open until mid June. Ms. Huntington indicated that with the other activities going on at the same time she felt that controlling the number of students in the pool at one time would not be a problem. He also asked about supervision, clean-up and if there will deputies on site to assist. Ms. Huntington indicated that there have been many adults who have volunteered to supervise from various groups and organizations who will be there to help with everything including clean-up. Sheriff Guymon indicated that deputies will be assigned to be on site all night. In the past the high school has paid for the overtime associated with covering Grad Night. He felt it was a good thing and that his department has not experienced a bad incident yet from Grad Night. The Commissioners asked Shannon if he felt he would have adequate lifeguard coverage. Shannon indicated that he would have maximum amount of lifeguards on duty. Commissioner Jeff Horrocks made a motion to approve allowing the Governing Youth Council to use the Aquatic Center at no charge from 9 pm until 1 am for Grad Night 2009 with the understanding that there would be no more than 130 people in the pool at one time and the GYC will be responsible for clean-up. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

The Public Lands Council has for some time searched for a representative from Green River to be an at-large member. Guy Webster has indicated that he would be willing to be on the board representing Green River. Commissioner Jeff Horrocks made a motion to appoint Guy Webster as an at-large member on the Public Lands Council. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(7)****PRESENTATION OF REVISED COUNTY EMERGENCY PLAN.**

Sgt. Tom Harrison provided an updated version of the county's emergency plan. He explained that the guts of the plan have not changed. The changes are in the terms used as well as names of key personnel. For this reason the plan must be updated on a regular basis. He has contacted each of the cities as they each have to be compliant with NIMS (National Incident Management System). They have to either adopt the county's plan or develop their own. He has been told by the cities that he has contacted thus far that they will be adopting the county's plan. Green River has their own plan, which is a good one since they are so far from any help, that we on this end of the county would be able to offer them. In order for the county to receive any federal help from FEMA in the event we need help we would have to have this plan in place. Sgt. Harrison indicated that he is bringing this before the Commissioners so that they know about the plan and everyone is on board with it. He asked that the Commissioners accept the plan as a whole with the understanding that it will be up-dated regularly to make changes as needed in key personnel and terminology. Since there is sensitive information in the plan it is imperative that the plan not get out to the public, that the plan be kept for key personnel in the county and cities. Commissioner Gary Kofford thanked Captain Kyle Ekker and Sgt. Tom Harrison for their hard work and dedication to this project. Now that the plan is on computer it will be much easier to update. He indicated that, to make it official, adoption of the plan will be placed on the agenda for the next Commission Meeting.

**(8)****DECISION AND APPROVAL TO ADVERTISE FOR BID COUNTY OWNED PARCEL 1-128-39.**

The Commission received a request from Philip Larsen in Ferron to purchase a parcel of property that the county acquired in the 1991 tax sale. The County Assessor's office has placed a value of \$93.00 on the property. There is a process that needs to be followed to sell the property. The adjacent property owners need to be notified of the counties intent to sell the property as surplus property. A minimum set dollar amount needs to be set. Attorney David Blackwell indicated that the adjacent property owners need to be notified and a notice posted on the property of intent to sell, when and where to send bids and the minimum amount that will be accepted.

Commissioner Jeff Horrocks made a motion to declare the property as surplus property and direct Attorney David Blackwell to draw up the necessary legal documents to move forward with Emery County's intent to accept bids to sell parcel 1-128-39. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner Laurie Pitchforth made a motion to set the minimum bid at \$120.00. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

**(9)****APPROVAL FOR ROCKY MOUNTAIN POWER TO STORE MATERIAL FOR PROJECT AT GREEN RIVER ROAD SHOP.**

Rocky Mountain Power has made a request to store materials for an upcoming project in Green River at the Green River Road Shop. They would be using the yard as a staging area for the project for approximately one year. Morris Sorensen, Road Supervisor has indicated that there is adequate space and does not have a problem letting RMP use the yard as proposed. A separate key can be given to them for access to the yard. Mary Huntington asked if they will absolve Emery County from any damage that may occur to their personnel or property while on our property. Attorney David Blackwell indicated that he will draw up a waiver that holds the county harmless should anything happen to their personnel, materials and or property. We will not be charging RMP a fee for rent as this will hold the County responsible. Commissioner Jeff Horrocks made a motion to allow Rocky Mountain Power to use the Green River Road Shop yard as a staging area to store materials and to have Attorney David Blackwell draw up the necessary waiver for RMP to sign holding Emery County harmless for any damage to personnel, materials or property. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(10)**

**APPROVAL OF BUILDING PERMIT FEE WAIVER FOR EMERY COUNTY FOOD BANK AND CLOTHING EXCHANGE.**

The Emery County Food Bank and Clothing Exchange is putting in a new furnace. They have asked to have the \$69.85 building permit fee waived. Commissioner Jeff Horrocks made a motion to waive the building permit fee for Emery County Food Bank and Clothing Exchange. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(11)

**APPROVAL TO ADVERTISE RMP FOR COURTHOUSE PAINTING PROJECT.**

Commissioner Jeff Horrocks made a motion to move forward with advertising for RMP requiring a 5% bond for the courthouse painting project. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(12)

**CITIZEN CONCERNS**

Dixie Swasey expressed concern that she just purchased a new television for her home and the indoor antenna did not work. She now needs an outdoor antenna and wondered why. The Commissioners referred her to Bret Mills.

(13)

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.****A. Approval of Annette Hatch, 90 day temporary at the Aquatic Center.**

Annette Hatch is currently working part-time as lifeguard at the Aquatic Center. Shannon Hiatt would like to move her to a 90 day temporary employee. Annette has requested the month of June off and Nicholas Rhoten has given his two week notice. Nick's last day was March 6, 2009. This leaves Shannon short handed. Annette would be a 90 day temporary employee at Grade 6, \$8.88 per hour. She would then go through the hiring process if we have a position available upon her return from her vacation in June. Commissioner Jeff Horrocks made a motion to approve hiring Annette Hatch as a 90 day temporary employee as proposed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**COMMISSION REPORTS**

*Commissioner Pitchforth*

Commissioner Pitchforth reported on attendance at the recent Recreation Special Service District Board meeting. She reviewed current and future activities of the District. She also reported on Miss Emery Pageant and the Emery Care and Rehabilitation Center project.

*Commissioner Jeff Horrocks*

Commissioner Horrocks reported on UAC's state legislative update on proposed bills in the house and senate. He recently attended the Board of Director's meeting for Green River Clinic where he was made an honorary board member. He met with the Emery County Fire Protection Special Service District where they are still in the process of locating five new fire trucks. The price on the trucks have gone up \$12,000.00 per truck. Senator Bennett was in the county on Saturday. The function was well attended by the community. He filled the public in on what is going on in Washington.

*Commissioner Gary Kofford*

Commissioner Kofford reported that Emery County has received word that they will be receiving \$2,000,000.00 for the completion of Goblin Valley Road. There is four miles left on the road to be completed. The first section will be ready advertise for bids in about 90 days.

They hope to have the park project by the swimming pool completed by June 15<sup>th</sup> to avoid the dirt and dust getting into the outdoor pool.

Pam Brown from the Forest Service will have a meeting with the AOG, Commissioner Kofford, Commissioner Horrocks and Ray Petersen. The Forest Service is setting up a new 15 member RAC for the Manti-LaSalle forest to use Title 2 and Title 3 funds out of the Rural School Funds. They will be holding the same meetings in other counties affected by the Manti-LaSalle Forest. The hope to get Ray Petersen on this RAC.

Commissioner Jeff Horrocks made a motion to leave the regular Commission Meeting and move

(3)

**OTHER BUSINESS**

Commissioner Gary Kofford discussed a contract with UDOT for the Temple Mountain Project Phase 2. Because other entities in the state are vying for the money earmarked for these types of projects it is imperative that Emery County ite up money and pursue with UDOT to get ready for construction the two miles of road at Temple Mountain. Based on the urgency of the process

Commissioner Kofford recommended that the Commission authorize the Chairman to sign the document with UDOT with the understanding that funding is being pursued by other entities. That the document be sent in tomorrow, March 12, 2009 and put the matter on the next Commission Meeting agenda for approval and ratification.

**DISCUSSION OF BUDGET AMENDMENTS. DISCUSSION AND APPROVAL OF CAPITAL PROJECTS.**

Emery County received approximately \$630,000 in December from mineral lease funds that was not taken into account in preparing the 2009 budget. This money needs to be allocated to spend so the fund balance is in compliance with State law. There was a discussion concerning the litigation appeal between Southern Utah Wilderness Alliance and eleven other agencies and the BLM concerning the Price rmp. Attorney David Blackwell expressed his desire to hire a part-time attorney to free up more time for him and Public Lands Director Ray Petersen to be able to work on this lawsuit instead of hiring outside council. The salary would be approximately \$40,000 plus benefits for a total for \$67,000. Following is a list of items discussed for addition to the 2009 budget:

Part-time attorney	\$ 67,000
Water Shares/Huntington Cleveland Irrigation Co.	\$ 15,000
Rebuilt Generator for Road Dept	\$ 13,000
Transfer to Aquatic Center	\$200,000
Perki Van	\$ 25,000
EMS Training	\$ 25,000
Truck for Economic Development	\$ 25,000
Animal Control Vehicle	\$ 30,000
Remodeling GR Justice Court	\$100,000
Huntington Sr. Center Remodel	\$150,000
Chiller at Courthouse	<u>\$ 8,500</u>
	\$658,500

A public hearing will need to be held before the budget can be increased. Setting a date for the public hearing is on the agenda for tomorrow's meeting.

Commissioner Jeff Horrocks made a motion to recess this meeting until the 10:00 bid opening. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

Commissioner Jeff Horrocks made a motion to reconvene the meeting. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(2)

**RATIFICATION OF FEDERAL AID AGREEMENT BETWEEN UDOT AND EMERY COUNTY FOR TEMPLE MOUNTAIN ROAD, PHASE 2.**

Commissioner Kofford explained that Emery County has qualified for some of the stimulus package funds from the Federal Aid Highway Funds due to fact that we had a project ready to go and the funds available for the county's portion of the match for the project. The county was required to move fast on the documentation therefore the agreement was signed and sent in last week. The signing of that document needs to be ratified. The Temple Mountain Road, Phase 2 project qualifies for part of the \$2,200,000.00 stimulus package funds through UDOT which the county will match with \$150,429.00. The county anticipates going out to bid on the project in mid May. Phase 3 of the project will be done with Utah State Park Access funds with an anticipated bid date in mid August. Commissioner Jeff Horrocks made a motion to ratify the signing of a Federal Aid Agreement between UDOT and Emery County for Temple Mountain Road, Phase 2. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN ECSSD#1 AND EMERY COUNTY FOR FUNDING PARTICIPATION ON THE TEMPLE MOUNTAIN ROAD, PHASE 2.**

Commissioner Jeff Horrocks made a motion to approve an agreement between Emery County and Emery County Special Service District #1 for the management of the Temple Mountain Road, Phase 2 Project. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(4)

**APPOINTMENT TO THE EMERY COUNTY WATER CONSERVANCY DISTRICT.**

The Emery Water Conservancy District has one opening for appointment to their board. Morris Sorensen, whose term has expired, along with Evan Fillmore have sent in applications for appointment. Commissioner Jeff Horrocks recommended re-appointing Morris Sorensen due to the fact that there is already a representative from the north end of the county on the board. Commissioner Jeff Horrocks made a motion to re-appoint Morris Sorensen to the Emery Water Conservancy District. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(5)

**DISCUSSION OF OPENED BIDS FOR AQUATIC CENTER PARK. CONSIDERATION AND APPROVAL OF BID AWARD, CONSTRUCTION CONTRACT AND ASSOCIATED PAPERWORK.**

Commissioner Kofford reviewed bids for the Soccer Field/Park Facility Project. Bids were as follows:

Nielson Construction	\$457,500.00
Stilson Construction	\$390,480.00
Nelco Contractors	\$312,347.00

The engineer's estimate was \$393,990.00. The low bidder was Nelco Contractors. Work is to begin April 1, 2009. Castle Dale City will build the restrooms. The seeding for the lawn will be done by mid July. Motion to award the bid for the Aquatic Center Park to Nelco Contractors was made by Commissioner Jeff Horrocks and seconded by Commissioner Laurie Pitchforth. The motion passed.

(6)

**CONSIDERATION AND APPROVAL OF LAWN CARE PROGRAM FOR 2009 WITH LAWN TECH.**

Commissioner Kofford explained that for the past few years the county has contracted with Lawn Tech to fertilize and treat the lawns of the courthouse, museum, senior center and road office. Commissioner Kofford recommended that they continue to participate with Lawn Tech for this service. Commissioner Jeff Horrocks made a motion to participate with Lawn Tech for lawn treatments as proposed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(7)

**CONSIDERATION AND APPROVAL OF LAW ENFORCEMENT AGREEMENT NUMBER 06-LE-11041000-001 FOR FY2009.**

Commissioner Kofford explained that the Law Enforcement Agreement is for the patrolling of high use areas on all Forest Service Lands in the Manti-La Sal National Forest. The agreement is the same as in years past. Commissioner Jeff Horrocks made a motion to approve Law Enforcement Agreement Number 06-LE-11041000-001 for FY 2009. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(8)****ADOPTION OF THE EMERY COUNTY EMERGENCY OPERATION PLAN AS A WORKING DOCUMENT.**

Commissioner Kofford explained that Captain Kyle Ekker and Sargent Tom Harrison presented the Emery County Emergency Operation Plan during an earlier Commission Meeting and asked that the document be adopted by the county as a working document. The plan is now on computer and is available to update easier for required personnel changes. It is available to the cities and they were asked to consider adopting the plan. All but Green River City, who has developed their own due to the proximity to the rest of the county, has indicated that they will be adopting the county's plan. Commissioner Jeff Horrocks made a motion to adopt the Emery County Emergency Operation Plan as a working document for Emery County. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(9)****CONSIDERATION AND APPROVAL OF COURTHOUSE CHILLER REPLACEMENT CONSTRUCTION MANAGEMENT SERVICES AGREEMENT AND AUTHORIZATION TO MOVE FORWARD WITH PROJECT.**

Commissioner Kofford explained that the county budgeted \$72,000.00 for replacement of the chiller in 2009. It was decided that it would be best to have a mechanical/electrical engineer managing the replacement project. Therefore, PVE, Inc. was contacted to provide a proposal for management services on the project. PVE, Inc. proposed to manage the project for a construction management fee of \$8,540.00. They will oversee the bidding process and the replacement of the chiller. Commissioner Jeff Horrocks made a motion to move forward with contracting with PVE, Inc. for the courthouse chiller replacement construction management service and move forward to replace the chiller. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(10)****CONSIDERATION AND APPROVAL OF LAND EXCHANGE WITH EMERY TOWN FOR A NEW FIRE STATION.**

Emery Town is in the process of building a new fire station. Commissioner Kofford discussed exchanging land on the south side of Emery Library for a parcel of land on the west side of the library. Commissioner Horrocks indicated that the fire station will also house the Emery Ambulance. He felt that since the property will be used to benefit the county that the county should give the land to Emery Town. Commissioner Jeff Horrocks made a motion to transfer the property to Emery Town without an exchange and let them use the property for future

**DISCUSSION OF SECURE RURAL SCHOOL TITLE I FUNDS AND DESIGNATION OF DISBURSEMENT.**

Commissioner Kofford discussed House Bill 149 and Secure Rural School Title I Funds. He reported that last fall the county was notified that of the \$393,209.00 Title I, II and III Secure Rural funds available to Emery County the Title I and Title III funds were available for distribution to a county special service district, if the county so chose. The Commission received a letter from the Division of Finance addressing House Bill 149. The letter provided a correct interpretation of the recently passed bill. Only Title I funds may be distributed to a SSD. The letter asked for a letter from the legislative body instructing them as to where the county would like the Title I funds disbursed, either directly to the county or to a road special service district. Commissioner Gary Kofford recommended directing Emery County's share of Secure Rural School Title I funds amounting to \$167,113.00 to SSD#1 to be used for the county's match to the federal aid for the Temple Mountain Road, Phase 2 project. Commissioner Jeff Horrocks made a motion to forward a letter to the State Division of Finance instructing them to direct Emery County's share of Secure Rural School Title Funds to SSD#1. Commissioner Laurie Pitchforth seconded the motion and the motion passed.

**COMMISSION REPORTS**

*Commissioner Jeff Horrocks*

Commissioner Horrocks reported on attending a travel show in Las Vegas along with Tina Carter and Michael McCandless and other members of the Emery County Travel Council. The show was slower than in years past due to the state of the economy.

He recently attended a meeting with DWR regarding the noxious weed program.

He stated that the reason for having an EMT Trainer in place was to bring the county in line with state statutes.

*Commissioner Laurie Pitchforth*

Commissioner Pitchforth reported that the Recreation SSD held their first of many Dodgeball Tournaments on Saturday. The Recreation District was pleased with the number of individuals who participated.

*Commissioner Gary Kofford*

Commissioner Kofford reported that on Wednesday, March 25 th from 4 to 7 at the Museum of the San Rafael DOGM will hold a hearing regarding closing all uranium mines. They are looking for input from the county on whether to close them and if so how to close them. He invited everyone to attend and provide input.

He reported on the onsite showing prior to awarding bid on the Aquatic Center Park Project.

Phil Fauver asked Sheriff Guymon how he felt the new ham radio system will benefit the Sinbad Radio Club. Sheriff Guymon stated that there have been times when communications were down in Green River and ham radio was the only communication. Tower sites have been equipped for ham radio and have been integrated into the homeland security system. This will allow more access to people who can operate ham radios which have been in use for over twenty years.

**(15)****PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION**

Personnel Director, Mary Huntington presented the following personnel action:

1. Approval of 3% merit increase for Eric Nielsen's successful completion of a six month orientation period.

The change order is for \$18,200.00 to paint the upstairs. This changes the total of the courthouse painting project to \$34,140.00. Commissioner Jeff Horrocks made a motion to approve the change order with O'Shea Painting for \$18,200.00 to paint the upstairs of the courthouse. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(7)

**COMMUNITY THEATRE REQUEST FOR DONATION FOR SUMMER PRODUCTION.**

Linda Daley President, Community Theatre came before the board of Commissioners to request a donation to help with the summer production of "Beauty and the Beast". Linda indicated that the group qualifies for a grant to present one play a year. Now that the Castle Valley Pageant is only running every other year, the group is looking at bringing in some kind of art for the off year. The cost for royalty to use the play is around \$5,000.00 which may be recouped with ticket sales. However, they need help with funds to pay for lighting, sound and other aspects of putting on a play. They are looking at August 4,5,6,7,and 8<sup>th</sup> as play dates which is during the Emery County Fair. Commissioner Laurie Pitchforth discussed the county's standard donation of \$250.00. They

COMMISSION MEETING MINUTES

discussed incorporating the play into the Fair. Attorney David Blackwell indicated that this type of donation is acceptable under state law. Commissioner Laurie Pitchforth made a motion to donate \$2000.00 to the Community Theater for their summer production. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(8)

**CONSIDERATION AND APPROVAL OF RESOLUTION IN SUPPORT OF FAIR RE-DISTRICTING PROCESS.**

A group working in support of fair re-districting has asked for the support of the county in their efforts to get this issue on the ballot in the fall. The resolution states that redistricting is conducted once each decade, following the census, to determine election district boundaries with a strict line for completion. Redistricting must adhere to all federal and state Constitutional requirements and the Voting Rights Act and should respect the preserve municipal and county boundaries to achieve geographical compactness and to accommodate natural geographical features and barriers. A fair redistricting process creates honorable democracy and citizens have the civic duty to oversee their leadership and a competitive political climate leads to greater voter participation; and, arbitrary and confusing district boundaries split apart local communities by creating tortured election districts lacking in the necessarily shared similar characteristics; and make it more difficult for voters to identify their representatives and hold them accountable. These confusing election boundaries place additional burdens on State House and Senate candidates by increasing the difficulty in effective canvassing and requiring media purchases in multiple market. Utah State Legislators have been permitted to arbitrarily or favorably draw the boundary lines on their districts, effectively picking their voters to ensure re-election. Voters are disenfranchised by this unfair and inscrutable redistricting process. Be it Resolved that the Emery County Commission supports the formation of a nine-member independent redistricting commission made up of qualified citizens appointed by legislative leadership of both parties in both houses to make recommendations for a fair redistricting process by creating and using a uniform scoring matrix to ensure neutrality and transparency. The redistricting plan must respect existing political subdivisions and local communities and eliminate manipulation of election district lines for political advantage. Commissioner Jeff Horrocks made a motion to approve Resolution 5-27-09 A with the intent that it is non-partisan. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(9)

**CONSIDERATION AND APPROVAL OF RESOLUTION IN SUPPORT OF AFFORDABLE ELECTRIC GENERATING RESOURCES.**

Commissioner Gary Kofford discussed Resolution 05-27-09B a resolution to pursue new nuclear

COMMISSION MEETING MINUTES  
MAY 27, 2009

power development within Emery County and the State of Utah. Emery County and the State of Utah requires affordable and abundant energy for homes and business to maintain and grow their economy, and relies upon the energy generation industry for much private employment within the county. Utah and the surrounding western states have experienced increased new electricity demands and have forecasted continued increases over the next several decades; and, Utah and the surrounding areas will likely suffer significant financial difficulties without new reliable and affordable electric generating resources being built, adding to and prolonging the depressed economy. Nationwide nuclear power provides low cost, long term, stable retail and wholesale pricing for customers and the development of nuclear power plants will provide significant economic benefits to the local, regional, and state populations in the form of many high paying jobs and additional tax revenues. A new nuclear facility in Emery County would greatly enhance Emery County's economy during the two unit construction period spanning up to seven years and would provide hundreds of permanent jobs for highly skilled workers over the plant's 60 to 80 year projected lifetime. Now therefore be it resolved that the Emery County Commission urges that new nuclear power development be pursued within the boundaries of the State of Utah including within the borders of Emery County and that the Emery County Commission urges that commercial development of new nuclear power be pursued in the county due to its beneficial impact on the economy, fuel diversification, and the environment, and its impressive operational safety and security record. Emery County Commission encourages investor-owned and municipally owned utilities and power marketers and traders to consider participating in a nuclear power project in Emery County. The Emery County Commission directs staff including, but not limited to Economic Development, Public Lands, IT and Planning and Zoning to provide support and appropriate information to potential developers on nuclear power within Emery County. Commissioner Jeff Horrocks made a motion to approve Resolution 05-27-09B in support of affordable electric generating resources. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(10)

**CONSIDERATION AND APPROVAL OF GENERAL SERVICE CONTRACT  
BETWEEN ROCKY MOUNTAIN POWER AND EMERY COUNTY FOR SERVICE AT  
THE AQUATIC PARK.**

Commissioner Laurie Pitchforth made a motion to approve a General Service Contract with Rocky Mountain Power for \$3,186.00 to provide underground power to the Aquatic Park. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(11)

**DESIGNATION OF COUNTY'S REPRESENTATIVE ON THE MULTI-COUNTY APPRAISAL TRUST BOARD.**

Commissioner Kofford indicated that in the past Assessor Kris Bell has been the county's representative on the Multi-County Appraisal Trust Board. This board is through UAC and governs the upgrades on the computer program for valuation of personal property for the Assessor's Office. A representative from the county needs to be appointed to the board. Kris Bell has expressed her desire to be replaced. Commissioner Jeff Horrocks made a motion to temporarily assign Commissioner Gary Kofford to represent Emery County on the Multi-County appraisal Trust Board. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(12)

**DISCUSSION OF AMBULANCE SERVICE AND ORGANIZATIONAL STRUCTURE.**

Commissioner Gary Kofford stated that there has been some concern regarding the ambulance service in the county. Ten months ago the Commission pulled the ambulance department from under the Sheriff's Department and put it under the direction of Jim Gordon. Commissioner Jeff Horrocks and Jim Gordon have put a lot of work into making it work. However, Commissioner Kofford felt like it was floundering.

Commissioner Jeff Horrocks commented that they moved the ambulance service to try and make needed improvements to the program. He stated that it is going to take time to make it work the way that we want it to work. Jim puts in a lot of extra time. He stated that he disagrees with the comment that the program is foundering. There are a lot of obstacles to get over. He stated that he felt that the move that we took ten months ago was the right move. Given time we can make this program work. He asked for support for what has been done.

Commissioner Laurie Pitchforth stated that she was not in office when the ambulance department was turned over, as a Commissioner she is very concerned. She stated that she understands that the ambulance department has been trying to stand on its own for ten months now and there has been good, positive things happening. However, she said, she has received comments from citizens that it is not working. She stated that she has concern for liability regarding coverage time. She wondered if we can afford to wait for the program to get to that point.

Commissioner Jeff Horrocks stated that the ambulance program is an ongoing program. There have been good, positive improvements to the program. Sole operation was the purpose for the move from the Sheriff's Department. The move was made to lighten up his manpower. Communication may have been somewhat of a problem.

COMMISSION MEETING MINUTES  
MAY 27, 2009

Commissioner Kofford asked for comments from the public.

Mary Wilmarth, Green River:

She stated that she felt that the travelers and the community were at risk due to lack of coverage causing a liability issue. She expressed concern for training opportunities. It was her suggestion to give the Ambulance Department back to the Sheriff's Department.

Pat Brady, Mayor Green River City:

He stated that he understands that some citizens have had to wait for up to an hour for service. He said he felt that change takes time. Ten months is not enough time to see if things will get better. The program is at a crucial stage. He asked to get Jim Gordon and the Green River EMTs together and see what needs to be done.

Gary Richins, Green River:

He stated that he recognizes that this not just a Green River issue. This may be a state wide issue. Law enforcement officers do not want to be on the scene of an accident waiting for an hour for ambulance service to arrive. He stated that he has seen the program deteriorate in Green River. There have been certain EMTs from the past that have been asked to come back. Competency has been an issue. Supervision is an issue. He does not have an answer. Green River is a unique situation. Supervisors have been pulled and that supervision returned to the core of the county. I'm not sure if that is an answer. Green River handles a lot of traffic, travel and transient public from Highway 6. Training is an issue. There are issues that need to be looked at. It will take time for this to get where we want it to be and there will be growing pains.

Dr. Travis Engar, Castle View Hospital, Price:

He stated that he is the medical director for the Emery County EMS program and has been for the last five years, four years under Sheriff Guymon and 10 months under Jim Gordon. He stated that he wanted to make a few comments from his knowledge base. He stated that he is very familiar with what is going on in the towns and Green River. The problem in Green River isn't because of the switch from the Sheriff to the Commission. It started when Diane Chandler quit. She quit a few months before the switch. The person that was put in her place did not do a good job. He stated he tried to communicate with her, even driving down there to visit with her on his own time and expense. She did not even show up to the meeting. This is a supervisor that was put in place before the switch. That is a huge moral problem right there. He explained that he does not get paid for any of his time, everything is purely volunteer. He is not even a citizen of Emery County, he lives in Price. He stated he just wants the EMS program to work for the citizens of Emery County. He re-stated that there is no way that you will change things in ten months. The Sheriff had how many years with the Ambulance Department? He stated he always tried to get a point person but could not ever get one person. Sheriff Guymon tried to help him out. Martin Wilson always had to go through Sheriff Guymon even with medical concerns. Sheriff's concern with money but not a medical person. Those decisions should be apart from

COMMISSION MEETING MINUTES  
MAY 27, 2009

that. He felt that this move was a good thing because now there is one person whose whole concern is over the Emery Medical System, instead of ten different hats. He feels that it is very appropriate to have one person in control. He stated that he doesn't care if it goes back to the Sheriff, but there still needs to be one person in charge of the EMS. There still needs to be one person to make decisions on their own with a little oversight. That was never the case. Before it was really hard to get things done because there was never any "one" go to person. It was very difficult, to the point that I was thinking, this is just not working, I am wasting my time. But I decided it was part of my responsibility, but as far as the Green River issue, it is a big, critical issue, and it is a problem. But it is not because of the switch! Diane Chandler had family issues and had issues trying to get things done by herself. She put in tons of hours and did not get paid for it and she said, she just can not do this anymore. It was stressing her out, so she quit. From that point on it went downhill. The CME sucked and everything from that point on. He said he went down there several times to help out with CME issues and when Diane was there everything was going well. He did not feel that anyone should be throwing anything out as far as something to do with the Sheriff vs the Commission. It had nothing to do with that. This would have happened even if the Sheriff still would have been in control. It is just mainly an issue of someone who was running it well and she had to quit for whatever reason and ever since then there has not been a supervisor who could do it. The supervisory was brought back to central because there was no one in Green River who could do it. The only one there who he felt might be able to do it right now, without political baggage, is Paula. Now she has somewhat burned out because of that. There are three or four active medical EMT's there right now and three more waiting to take the test the first of June who were previously certified. He stated that he felt that Green River needs to step up and pay for them to take the test and pay for the hours to take time off from their job to become certified. There are citizens in Green River who complain about the service and rightly so, but they also need to step up and do something about it. People keep complaining about it. Do something about it. On the other side of the county things have improved. Things are running much smoother. There is less tension. The Green River thing would have happened no matter what because it started before the switch ever started. We need to find someone in Green River who is willing and maybe we need to step up to pay them to do their position better because Diane put in a lot time and did not get paid for it. Another thing is these people do not get the recognition that they deserve. These people take time out of their lives to volunteer on your behalf. They cannot leave, they have to stay there and be available. It is a huge commitment! Recognition needs to happen for this to improve. Kudos to those EMTs in Green River and all EMTs. People keep complaining but are not willing to step up to the plate and do something about it. People need to step up and take the class. He stated that he has yet to see a list of ten peoples names in Green River. If there is a list of names of people interested in taking the class get it to me. I will go down to Green River and personally have a meeting and get a commitment from these people and get the class going. I will get people to go help train them. We are willing to help train. He has yet to see the citizens of Green River step up. Until that happens the problem is not going to be solved by switching it back to Sheriff Guymon. The problem is going to be there no matter what. He is here today to help the situation in any way he

COMMISSION MEETING MINUTES  
MAY 27, 2009

can. He came to the meeting on his own time and just has the interest of seeing the program work. He stated that he can see definite improvements in what has been done so far. As a medical director there are changes he has been able see get done. There is one person to get help from, he is able to track the morphine much better. He asked that the Commission hold the hatchet for a while. Lets get the Green River thing fixed. It would not have been the Sheriff's problem, it would not have been the Commission's problem. It would have happened no matter what. He stated that he is happy to help in any way that he can. He asked for 10 people names from Green River and he will go and get the class started.

Sheriff LaMar Guymon:

Sheriff Guymon started by stating that the CME was hand picked and put into place by Diane. He stated that he did not ask for the Ambulance Department to be taken away from him. He was not included in any discussion. He had been over the Ambulance Department for 35 years. He said that he takes responsibility for the way the Ambulance Department was ran in those 35 years and though he does not have a medical background it was ran very well. Never did he have to call in any assistance. He thought he and Dr. Engar worked together very well. He feels that Green River is an entity unto itself. There are a lot of problems that no wants to discuss about Green River. He stated that he is tired of the slanderous things that have been said about his office, and the EMTs. What was done with the Ambulance Department in the past speaks for itself. He had no problem running it. Yes there was a problem when Diane quit. We were in the process of trying to fix that. Communication is something we need to work on. You can not base everything on rumor. He has deputies who do not want to come to work because they do no want to be the one to provide the service when called to an accident. It is an unconscionable way to run a service. Whose fault is that? All I know is it is not mine because I am not in charge. Whatever you do, someone has got to do something. It cannot continue.

Kimberly Andrus, Green River

She stated that she is the CME that was put in place when Diane quit. She only had it for a couple of months before the switch. There is a lot of problems that were created when Diane quit.

She did not feel that it was her fault but if the blame has to go somewhere she will take it. She never had a problem with the morphine list. She stated that she felt that she was being attacked. She said she did not appreciate that. As far as the Commission being over the Ambulance Department she felt that they had a better rapport with the sheriff's department but she tried to give the Commissioners a try. The longer they have had it the more problems they have had. In her personal opinion the Ambulance Service should go back to the Sheriff. She stated that she is one of the few EMTs still working, trying to make this work. The only way it is going to get fixed is for someone to step up and fix it. It is unfair to blame one person for the problem. Go back to what works.

Mary Wilmarth, Green River:

COMMISSION MEETING MINUTES  
MAY 27, 2009

If the City of Green River step up and find funds to help pay for EMT's to train then maybe the Commission should come up with some funds also. After all, you just approved \$1,600.00 for cabinets for the lifeguards at the pool.

Commissioner Kofford agreed.

Commissioner Horrocks:

He commented that recently he met with Green River City mayor and council. They agreed to pay for 1/3 of the cost for the training a basic EMT. The EMT program will pay 1/3 of the class and the trainee will pay 1/3 so that they have vested interest in the training. They will sign a contract when they become certified with the State of Utah as EMTs. After they have run with Green River Ambulance for one year the two thirds paid by the city and the county will be written off. The county will pay for re-certification for EMT's for any EMT's. We know it is a problem. We are working on it. Jim and Sue went to Green River for orientation with the ten people who signed up to take the class and for whatever reason only two were interested in taking the class. He currently has the Green River Mayor, the secretary for Green River and Mary from the clinic trying to recruit people to take the class. Things are trying to be done to improve things in Green River.

Tammy Goodin, State Bureau of Emergency Medical Services:

She stated that what Emery County is experiencing is going on state wide. It is not a Green River issue. It is not an Emery County issue. It is not broken. And with time and with all the people willing to help, it will get better. You need the support of the community. The Sheriff's support and the citizens support. It is a rural problem. Response time in rural areas is different than in big cities. People move to the area from big cities and expect the response time to be the same and it is not. The State EMS does not mandate where an ambulance shift should be. But the state is here to help you. We are more than willing to get you the training you need. It may take a few more months but it will work.

Commissioner Kofford:

Commissioner Kofford stated that he appreciated everyone's comments. We are not here to fault find or blame anyone. When this all started, it was a question of how do we want to put it together how best to run the department and to some extent what do we want for the future. We are at the crossroads as far as I am concerned in Emery County. We relied on volunteers and the wage payment has been very poor. We've got a lot of mileage out of volunteers. I don't know how you encourage volunteers, but it is something we need to learn. At the same time maybe we need to look at putting more dollars into the Ambulance Department to make it function so that the people who do volunteer can realize a little bit out of it. The Commissioners did put the Ambulance Department under the direction of the Commission, but it has been completely Commissioner Horrocks who has been working to put it together. That's partly because of the structure and function of the Commissioners. The Commissioners have portfolios and

COMMISSION MEETING MINUTES  
MAY 27, 2009

responsibilities. Because of Commissioner Horrocks background I felt, personally, he could address the issues and the needs of the EMTs. I think he has done a good job. There seems to be a personality conflict between Commissioner Horrocks and Sheriff Guymon. We have tried to resolve that and seems that it may not go away. He stated that he doesn't know the answer to that. As far as a point person, he stated he felt that Green River needs its own point person. You need a strong individual over them and that person needs the full support of the Commissioners. Commissioners tend to look at the whole county and are hired to look at all aspects of the county and are not to govern the daily operations of one department. In his mind that is micro-management. There should be a department head that makes those decisions. At the same time, as you look at the future and as you talk about the need for more money, if there is more money put into the ambulance service he felt that money should go to the EMT's or to the people doing the job. He stated that he felt that if it was under the Sheriff, there are several things that can happen. There is a need for personnel on a daily basis. He has a structure, an organization of sergeants working seven days a week 24 hours a day. These individuals, although they are not point persons for the ambulance, they are there and can be shuffled around to make things happen. With this in mind, he sees three people in green river that can be drivers tonight. So as you do that you increase the staff or the availability to supply a crew to respond. Carbon County has been great to help us, but it is not a Carbon County problem, it is an Emery County problem. The people in Green River need the latitude to make decisions. As we go on, one of the concerns as we look at the structure of the program, is finding the money to support it. He commended Jim for what he has been doing. He has been doing an excellent job for what he has got, five days a week, four hours a day. There is no way you can cover it all. To take him to full time it takes more money. He commended Jim and Commissioner Horrocks for all their hard work. To be frank this has been ignored for years. Emery County has received a great service from Sheriff Guymon over the years. You can't put the responsibility on Sheriff Guymon. I don't know where we go from here. This has been a great fact finding meeting. He has had several comments of concern from citizens. He has had numerous phone calls.

Commissioner Horrocks:

Commissioner Horrocks commented that he agreed that deputies can be additional drivers, so can highway patrol officers. This can be done without disassembling what has been done thus far. He agreed with Sheriff Guymon and Dr. Engar that communications has been a problem, and he stated that he took full responsibility for that. A class was scheduled in Green River last fall but it did not materialize. I do not believe that anyone was chased off. It was the choice of several individuals on the list not to take the class. He stated that he strongly disagreed with Commissioner Kofford that the program needs to go back to the Sheriff. He stated that he does not condemn anything that the Sheriff has done in the past. The program needs to stand on its own. It is service that is vital to the citizens of Emery County. It will function better on its own. Some of the pitfalls that we have overcome thus far have built a good foundation for the program. I think we need to give it more time.

Green River EMT?

Drivers are not a problem. We have plenty of drivers at any given time.

Commissioner Kofford:

There has been communications breakdown with dispatchers. He is not sure whose problem this is. There have been situations where they have dispatched ambulance and no one responded.

Commissioner Horrocks:

Commissioner Horrocks commented that dispatch centers, law enforcement and EMS people work together statewide. They work well together. If there is a communication problem he will step up and take the blame for that. The answer is not a shift how the program is run. It is a shift in how we deal with communication and how the different agencies work together. Given some time the problem can be corrected.

Sheriff Guymon discussed some aspects of the program as it was under his direction.

Commissioner Pitchforth:

Commissioner Pitchforth commented that she and Commissioner Horrocks have talked many times about this issue. She also feels that the EMS program and law enforcement go together. She commented that no matter who the EMS program is put under she wants the EMTs to realize how important they are to Emery County citizens. We appreciate what they do. No matter who the department goes under, I hope that all of the EMTs running and not running can mend their fences and work together for the benefit and the best of the community.

**CITIZEN CONCERNS**

Commissioner Gary Kofford discussed out of state travel for Commissioner Laurie Pitchforth to travel with other Commissioners in the state to Washington, DC to meet with lobbyist, Rob Weidner to discuss rural county problems. Commissioner Gary Kofford stepped down to allow out of state travel for Commissioner Laurie Pitchforth and to ratify the action in the next Commission meeting. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

Huntington Mayor Hilary Gordon informed the Commissioners that Representative Jim Matheson will be visiting in Huntington with Talon Resources on May 28<sup>th</sup> but will not have time for the planned town meeting. He will, however, be at Gordon's Floral sometime between 3:00 and 4:00 that afternoon. His day schedule is very tight.

**COMMISSION REPORTS**

*Commissioner Pitchforth*

Commissioner Pitchforth reported on the Emery County Fair. She went to Green River to attend a meeting on Aging. She visited with the MECCA group and their annual bike festival. She reported on traveling to Vernal to meet with the new interior deputy secretary David Hays. Senator Bennet was holding up his appointment due to the 77 leases that were pulled and the RMP. One of the conditions that he would not hold that up any longer was that if Mr. Hays would travel to Utah and visit these sites. Mr. Hays did come and then they held a town hall meeting with concerned citizens. She stated that she hoped he now had a better feel for what is going on out here.

*Commissioner Horrocks*

Commissioner Horrocks reported that he and Jim Gordon attended a meeting with Ferron City council regarding the EMT program and asking the city for assistance with paying for training on new basic EMT's. He also reported on attending Museum of the San Rafael Board meeting. They are working on a grant for improvements to the museum. He and Ray Petersen attended a training meeting regarding the Land Council and Red Rock Bill. Commissioner Horrocks reported on the Children's Justice Center open house. He also attended Local Governments Trust board meeting in North Salt Lake. They discussed finances and recruiting members. He talked about a recent meeting with Green River City mayor and Mary Wilmath and Conae Black regarding recruiting individuals to take the EMT training class.

*Commissioner Kofford*

Commissioner Kofford reported on the Emery High School graduation party at the pool. There were some problems that developed as a result of lack of power to the outside of the building and the parking lot area of the Aquatic Center. They will be looking at beefing up the power access at the center and the new park.

COMMISSION MEETING MINUTES  
MAY 27, 2009

He also reported on the Constitutional Defense Council's has several litigation suits ongoing regarding intervening litigation. They have yet to be filed on behalf of Emery County. There are seven roads in litigation in discovery mode. They are not moving very fast. They asked Emery County and other counties involved what they intend to do regarding public lands and is there a need for CDC to be involved in this litigation. A few months Mesia Nyman, Forest Service came to Public Lands council and under the management plan proposed closing several camping areas. These are not improved campgrounds. But the need for these types of camping areas increases each year along with the roads that access them. The CDC has indicated that they will help with this issue. They will keep monitoring. He also attended board of health meetings. They discussed budgets for the programs under the health and mental health programs such as Drug Court program. They will have to address these issues come fall.

MINUTES OF A SPECIAL MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

JUNE 3, 2009

Present at the meeting was Commissioner Gary Kofford, Commissioner Jeff Horrocks, Commissioner Laurie Pitchforth, Assistant Attorney Mike Olsen, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

**DISCUSSION OF EMS SERVICES.**

Commissioner Jeff Horrocks opened the discussion. He explained that he asked Dr. Travis Engar to attend the meeting to discuss licensing of services in Emery County.

Dr. Engar repeated what he had stated in the last discussion, that Green River is not an issue. The problem in Green River would have happened no matter what. It is no one's fault. He stated that they have had three meetings with Green River EMTs in the last week and he has determined that it is a personality conflict. No one wants to work together. This problem should have been addressed earlier. There are only a certain amount of EMT's in Green River and they need more. They need people to step up and take the class. He has met with the Mayor of Green River City and has asked those people to put their feelings aside and get the program moving. Mayor Brady, Green River City has asked that the program remain the way it is now. He has committed to meeting with Jim every month to be sure things are moving along smoothly. The problems can be resolved. The mayor is behind keeping it the way it is. Dr. Engar stated that moving forward and change is the name of progress. He provided statistics showing how the rest of the state is running their EMS programs. All are being run by city or county governments and all are experiencing problems similar to Emery County's. The EMS program should be run by a medical person.

Commissioner Kofford expressed concern for where to get the money to run the program and the lack of communication.

Jim Gordon discussed some of the concerns he has been faced with and the battles he has had to fight to get the program as far as it is now.

Sue Coppinga, Training Supervisor talked about all the positive things that have been done.

Becky, Ferron EMTs talked about all the time involved in being on call. The pay for on call time is not conducive to enticing people to give up their time with their families to be on call.

Dr. Engar declared that Emery County EMTs bend over backwards to serve the citizens of

Emery County. The citizens of Emery County should demand that the EMTs' be well trained. Legally the EMS program cannot work without a medical supervisor.

Commissioner Kofford thanked everyone for coming and added that it was a very productive meeting.

Motion to adjourn the meeting was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth and the motion passed.

MINUTES OF THE REGULAR MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

JUNE 9, 2009

Present at the meeting was Commissioner Gary Kofford, Commissioner Jeff Horrocks, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens. Commissioner Laurie Pitchforth was out of town. Commissioner Gary Kofford will step down throughout the meeting to execute motions as needed.

(1)  
**CONSIDERATION AND APPROVAL OF CHECK EDIT LIST, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Brenda Tuttle presented the Warrant Check Edit List # 199590 through and including # 199740 for payment.

Requisitions were presented as follows:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>
58-09	Drain covers/travel and labor Aquatic Center	18,199.42
59-09	Antenna Mounts Communications	4,354.00
60-09	Freon Extractor Unit Highway	2,591.00

One disposition was presented for a calculator #3705.

Commissioner Jeff Horrocks made a motion to approve the Warrant Check Edit List, requisitions and dispositions. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(2)  
**CONSIDERATION AND APPROVAL OF RETIREMENT CONTRIBUTION RATES FOR JULY 1, 2009- JUNE 30, 2010.**

Clerk/auditor Brenda Tuttle presented the retirement contribution rates for July 1, 2009 through June 30, 2010. The current rate for regular employees is 13.61% the new rate is 13.65%. This

is a .04% increase. The current rate for law enforcement is 22.61% the new rate is 23.34%. This is a .73% increase. Commissioner Jeff Horrocks made a motion to approve the new retirement rates for July 1, 2009 through June 30, 2010. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(3)

**JEFF KELSEY, DISCUSSION AND APPROVAL OF HEALTH INSURANCE RENEWAL.**

Jeff Kelsey and Tawnie Zimmer reviewed the county's insurance plan and summary of expenses for July 1, 2008 through June 1, 2009. He reviewed bids from other providers. Mr. Kelsey recommended renewing with the county's current provider. The current plan pays very well and has a quick turnaround. Emery County's claims have been down. He anticipated no increase to premiums. Commission Kofford asked Mr. Kelsey to what he attributed the no increase in premiums. Mr. Kelsey attributed it to good health choices by the employees of Emery County. Emery County implemented a wellness plan a few years ago and many employees are taking advantage of the plan to make good health choices and low premiums is the pay off. Commissioner Jeff Horrocks made a motion to renew with the current insurance provider for Emery County's health insurance. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(4)

**RE-APPOINTMENT OF THOMAS ROUSH TO THE PUBLIC HEALTH BOARD.**

Commissioner Gary Kofford made a motion to re-appoint Thomas Roush to the Public Health Board. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(5)

**CONSIDERATION AND APPROVAL OF SPECIAL BILLING AGREEMENT BETWEEN EMERY COUNTY AND THE STATE OF UTAH FOR STATE NETWORK ACCESS.**

Commissioner Jeff Horrocks made a motion to approve of a special billing agreement between Emery County and the State of Utah for state network access. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(6)

**CONSIDERATION AND APPROVAL OF OIL AND GAS LEASE BETWEEN EMERY COUNTY AND DIAMOND RESOURCES CO.**

Diamond Resources Company has found an additional 40 acres they want to lease at an agreed

\$5.00 per acre. They intend to get in and get it done as quickly as possible. The agreement is the same as the original 40 acres that they leased earlier for \$10.00 an acre. Commissioner Jeff Horrocks made a motion to approve an oil and gas lease between Diamond Resources Company and Emery County. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(7)

**CONSIDERATION AND APPROVAL OF DONATION TO SAGE RIDERS, BACK COUNTRY HORSEMEN AND OTHERS FOR SPONSORSHIP OF POLE CANYON TRAIL MAINTENANCE PROJECT.**

Commissioner Gary Kofford asked Ray Petersen, Public Lands Director to discuss a donation request from Wade Allinson on behalf of the Sage Riders, Back Country Horsemen and other volunteers. The group has a signing project in Pole Canyon. They will be placing 3 kiosks with maps of the area in three locations in the canyon. They have asked for \$100.00 to help with the breakfast to start off the day. The work will be done on June 13, 2009. Commissioner Jeff Horrocks made a motion to donate \$100.00 to the Sage Riders and Horsemen and other volunteers. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(8)

**CONSIDERATION AND APPROVAL OF APPLICATION FOR FEDERAL SURPLUS PROPERTY PROGRAM.**

The application to participate in the Federal Surplus Property program has expired. Morris Sorensen discovered it has expired when he tried to purchase a tank from the Forest Service. Application was sent in and now it needs to be ratified. Commissioner Jeff Horrocks made a motion to ratify making application with the Federal Surplus Property Program. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(9)

**DISCUSSION AND DECISION CONSIDERING ACQUISITION/TRADE FOR LAWRENCE CEMETERY EXPANSION.**

Commissioner Gary Kofford discussed the possibility of expanding the Lawrence Cemetery. There are several problems associated with the Lawrence Cemetery. The cemetery is getting full and they have run out of places for new people to be buried. There are places left for those who have already assigned plots. Expanding the cemetery requires backfill, fences and relocation of cattle guards. Wayne Nielsen owns property that could be used for expanding the cemetery. He has indicated that he would make available 3.29 acres in exchange for the 1980 Mac Water Truck that is currently at the Road Department. Morris Sorensen indicated that the truck has not been used for years because it is not able to be licensed for the road. They have talked about putting it in the auction. After talking with Attorney David Blackwell it was decided that a trade of equal value could be done. It was determined that the value of both is about \$3,000.00. Commissioner

Gary Kofford made a motion to trade the 1980 Mac Truck for 3.29 acres of land in Lawrence for the expansion of the Lawrence Cemetery and to have David Blackwell draw up the deed for the transfer. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(10)

**CONSIDERATION AND APPROVAL OF AMENDED AND RESTATED INTERLOCAL COOPERATION AGREEMENT BETWEEN EMERY COUNTY AND MULTI-COUNTY APPRAISAL TRUST. APPOINTMENT OF EMERY COUNTY REPRESENTATIVE.**

In the last Commission Meeting the Commission appointed Commissioner Kofford to the Multi-County Appraisal Trust temporarily. UAC has sent out an Amended and Restated Interlocal Cooperation Agreement to the contracting counties of which Emery County is one. It was discussed that since this affects the Assessor's Office Kris Bell should remain on the trust. Therefore, Commissioner Jeff Horrocks made a motion to accept the Amended and Restated Interlocal Cooperation Agreement between Emery County and Multi-county Appraisal Trust and to appoint Kris Bell as Emery County's representative on the board. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(11)

**APPROVAL OF CHANGE ORDER #2 FOR COURTHOUSE PAINTING PROJECT.**

Change order #2 is for painting the exterior doors and hand rails for a lump sum of \$1,100.00. This makes the entire courthouse painting project \$35,240.00. Commissioner Jeff Horrocks made a motion to approve Change order #2 for the courthouse painting project. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(12)

**SETTING OF DATE FOR PUBLIC HEARING ON EMERY COUNTY ZONING ORDINANCE.**

Commissioner Gary Kofford discussed holding a public hearing for the purpose of presenting the re-written or re-stated Emery County Zoning Ordinance. Commissioner Jeff Horrocks made a motion to set a public hearing for July 14, 2009 at 10:00 am for the purpose of receiving public comment on the re-written/re-stated Emery County Zoning Ordinance. The motion was seconded by Commissioner Gary Kofford and the motion passed.

**COMMISSION REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks noted that Tina Carter, Emery County Travel Bureau received first place for the Emery County Travel Map. Weed & Mosquito received a grant from AARA to assist in eradicating noxious weeds. Commissioner Horrocks attended the open house for Nielson Construction's new asphalt plant in Carbon County. He attended the board meeting for the Green River Medical Center. They are working on a grant to increase the size of the facility. He also attended the Rocky Mountain Coal Banquet where they honored the mine rescue teams who participated in the mine rescue competition.

*Commissioner Kofford*

Commissioner Kofford reported that Emery County Special Service District met on the Moore Road-Eagle Road Phase 4,5 and 6. The project is complete with the final inspection in the next few days. This project has been a good addition to the county. The newly asphalted road will cut down the travel time to Green River and I-70. He reported on meeting at the Huntington Airport where he participated in an interview for the local television station. He met with Kirk Nielson from the Aeronautical Division concerning needed projects at the airport. In the last Public Lands Council the council voted to pursue looking at legislation on the San Rafael Swell.

Sheriff Guymon reported on EMS funding. For the most part people east of the Wasatch front got money, north of the Wasatch front did not.

Commissioner Kofford reminded everyone of the surplus auction set for June 27<sup>th</sup>. RMA is the auctioneer for the sale and would like pictures and a list of items to be in the sale as soon as possible so they can get flyers out.

**JAN BODILY, FOUR CORNERS COMMUNITY BEHAVIORAL HEALTH, INC.**  
**REVIEW AND APPROVAL OF ANNUAL AREA PLAN FOR FY 2010.**

Jan Bodily, FCCBH presented the Board of Commissioners with their 2010 annual area plan for substance abuse and mental health services in Emery County for their review. She stated that the plan addressed the ten mandated areas of service to the citizens of Emery County. They are increasing their efforts in the area of prescription drug use awareness which has now surpassed substance abuse. She indicated that FCCBH focuses on the client. They have added a new child psychiatrist on residency from the U of U. Four Corners has the largest penetration rate in the state with service facilities in outlying areas. Jan indicated that the state uses FCCBH as a model statewide for how to provide services. The Commissioners thanked Jan and her staff for the service they provide to the citizens of Emery County. Commissioner Jeff Horrocks made a motion to accept and approve FCCBH's annual area plan 2010 for Emery County. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**KAY KIMBALL, PRESENTATION AND APPROVAL OF FY2008 AUDIT**

Kay Kimball, Kimball and Roberts, Independent Auditors for Emery County reviewed the 2008 audit with the Board of Commissioners. He stated that the elected officials in Emery County do a great job. Emery County's books and records are in very good shape. They did not have to propose any journal entries. There were no problems and no disclaimers. He stated that they look at 2 areas, those being compliance and financial. One thing that they do is address fraud and the public's awareness of fraud. They look at areas that may have the possibility of fraud. They interview employees, because generally speaking employees know more about what is going on. The employees did not have any issues. Everything is good and is going as it should. They test for mistakes by taking random samples of disbursement. They found all records in order and did not need to expand the test. The financial condition of the county is very good. Emery County has money put away. The state puts limits on the dollar amount in federal fund surplus. Brenda is very good to make sure you don't go over. The general fund is in compliance with the state. Emery County looks to retire \$540,000.00 in debt in the coming year and there is revenue to cover the bonded debt. Emery County has several component units that provide audit reports to us on a timely manner and we appreciate that. Commissioner Jeff Horrocks made a motion to accept and approve the 2008 financial audit from Kimball and Roberts. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(4)

**APPROVAL TO ADVERTISE FOR FOUR (4) VACANCIES ON THE NORTH EMERY WATER USERS' SPECIAL SERVICE DISTRICT BOARD.**

The Board of Commissioners received notice from North Emery Water Users' Special Service District Board asking that they begin the process to receive applications to fill four vacancies on their board. The four board members up for re-appointment Randall Bell, William Coyne, Carl Fillmore and Raymond Quinn. Commissioner Jeff Horrocks made a motion to begin advertisement to fill four vacancies on the North Emery Water Users' Special Service District. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**CONSIDERATION AND APPROVAL OF FY 2010 CONTRACT BETWEEN EMERY COUNTY AND THE SOUTHEASTERN UTAH ASSOCIATION OF LOCAL GOVERNMENTS, SOUTHEASTERN UTAH AREA AGENCY ON AGING.**

Commissioner Gary Kofford indicated that there is no change in the contract from last year. Commissioner Jeff Horrocks made a motion to approve FY2010 Contract between Emery

County and the Southeastern Utah Association of Local Governments, Southeastern Utah Area Agency on Aging. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**(6)**

**OPEN AND APPROVE LAWN MOWER BID FOR AQUATIC PARK**

Two bids were received for a lawn mower at the Aquatic Park. Commissioner Kofford indicated that the bids was specific in that we wanted a Walker mulching machine. \$14,000.00 was budgeted for this purchase. When the Commissioners budgeted for this item they did not consider the cost of the side discharge deck assembly which takes the bids considerably over the budgeted amount. The bids were as follows:

Jones Ace Hardware bid \$16,309.12 for a MDD SD-Model D w/Kubota Diesel and 52" side discharge deck with 52 DD mulch kit. \$17,133.12 for model MDD GH-Model SA with a bagger, side discharge deck and mulching kit.

Cantrell Turf Equipment bid \$19,073.90 for the same SD respective model. \$20,143.90 for the same GH model.

Commissioner Jeff Horrocks made a motion to award the bid for the MDD GH-Model SA with bagger to Jones Ace Hardware and to find the funds to make up the difference from the budgeted cost for the mower. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**(7)**

**CONSIDERATION AND APPROVAL OF RESOLUTION ESTABLISHING TRAINING FOR EMERY COUNTY EMPLOYEES TO BE COMPLIANT WITH THE NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS).**

The Commissioners discussed a resolution to establish training for Emery County employees to be compliant with the National Incident Management System (NIMS). Sargent bill Downard indicated that the County receives federal funding which requires compliance with the NIMS and the county wants to continue to receive federal funding. NIMS has on-line training available at <http://training.fema.gov>. Emery County can only maintain compliance if all of its employees and EMT's receive NIMS training. The resolution if approved resolves that all Emery County employees and EMT's shall complete the NIMS on-line training as required by the Federal Emergency Management Act (FEMA). All employees and EMT's shall complete all training within six months of passage of the resolution and any mandatory training sessions thereafter.

All new hires shall complete the training within six months of their hire date and any mandatory training thereafter. The Human Resources Director shall maintain a checklist in each employee's file indicating NIMS compliance courses are completed. Employees shall complete courses ICS 100, 200, 700 and 800. The Emergency Services Director and or Human Resources Director will advise employees if their positions require additional training in ICS 300 and 400. The Commissioners stated that they know this will require an effort on the employees part and pressure on supervisors to make this happen. The fire departments in each city are already compliant or are working on it as are Search and Rescue volunteers and EMT's. Downard indicated that supervisors and employees can contact Tom Harrison, Kyle Ekker and Bill Downard to provide assistance with the website training. Commissioner Jeff Horrocks made a motion to adopt Resolution 062309 establishing training for Emery County employees to be compliant with NIMS with the understanding that department heads will need to step forward and make sure this happens. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**COMMISSION REPORTS**

*Commissioner Pitchforth*

Commissioner Pitchforth reported on her trip to Washington D.C. as a guest with four other Commissioners from Carbon, Uintah, Duchesne, and Sevier Counties. The group visited Congress and the Senate, and the Office of the Interior. They discussed the RMP and the 77 leases that were pulled stressing the problems that it causes to the state mineral lease program and how it will affect these counties and its citizens. They stressed the importance of the energy producers to their respective counties. She indicated that she hoped that their presence there made a difference and encouraged the other Commissioners to take a turn and keep the pressure on the legislators. She indicated that it was an eye opening experience.

Commissioner Pitchforth attended the Miss Utah Pageant. Miss Emery, Holly Damron represented our county very well. She did a great job. She indicated that as of this date they have eight girls signed up for the Miss Emery Pageant on July 11, 2009. She attended a Fair meeting where things are on the fast pace to prepare for the 2009 Fair. She indicated that they are encouraging employees to volunteer to help out.

The Miss Emery Royal Tea Party fund raiser held on June 6, 2009 went very well. She did not have an official count but figured there was around 200 princesses and their mommies attend. They will do the fund raiser again next year. They learned a lot and were pleased with the outcome.

*Commissioner Horrocks*

Commissioner Horrocks reported on Relay For Life where he and Commissioner Kofford prepared and served breakfast. He reported on Council Of Governments discussion regarding dog issues in the cities and county. The County Attorney's office is currently working on an Animal Control Policy.

Local Governments Trust Board is working on upgrading the process to provide better service to businesses in the counties and cities in the state.

Public Lands Council will have a training session with regards to the Emery County Bill. Input is needed by the citizens of Emery County.

Weed and Mosquito is very busy with all the wet weather the mosquitoes are very active.

*Commissioner Kofford*

Commissioner Kofford thanked the other Commissioners who work hard. It was beneficial to Emery County to have Commissioner Pitchforth participate in the trip to Washington D.C. to see how government runs, how bills are proposed and passed and the affect that they have on our county.

The final inspection was done on the Moore Cut-Off Road Phase 5 and 6, asphaltting for 6.4 miles of road. Phase 7 will be bid on July 15. Temple Mountain Road is in the process of being bid at this time. They had 9 bidders show up to the mandatory site showing for the project.

The Aquatic Center Park project is moving along. They anticipate July 1<sup>st</sup> for hydro seeding the lawn.

The County will hold a surplus property auction on Saturday, June 27, at 10:00 am. He expressed appreciation to those who work to pull the auction off.

Advertising is out for bidders to replace the front doors at the courthouse and change the concrete for ADA compliance.

**JIM GORDON, PRESENTATION/DISCUSSION OF NEW STRUCTURE FOR EMERY COUNTY EMT/EMS PROGRAM.**

Commissioner Gary Kofford explained that three weeks ago the Commission discussed the EMS program in a special meeting. Jim Gordon was asked to put together a proposal or plan for the EMS program for Emery County. Commissioner Kofford stated that we are to understand that the proposed plan is not an accepted plan. It will have to go before Clerk/Auditor Brenda Tuttle and Personnel Director Mary Huntington then back to the Commissioners for approval. Finally, he added, we will have to find the money to implement the proposed plan.

Jim Gordon, EMS Director and Sue Coppinga, Training Officer presented a proposal or new structure plan for the EMS program for Emery County as follows:

The Mission Statement for the Emergency Medical Services of Emery County, "Emery County Ambulance Service will enhance the quality of life in the communities it serves by providing the highest level of out-of-hospital care possible, in accordance with established federal, state and county standards, thereby, improving the outcomes of catastrophic illness and significant injury. This mission will be accomplished in a caring environment with an emphasis on the safety and professional competency of all employees and volunteers. All resources will be utilized in a efficient manner and solely in pursuit of accomplishing this mission."

In order for Emery County Ambulance Service to meet the commitments outlined in our mission statement, we will implement the following plan;

- Establish a foundation of trust in the leadership of the of the service by communicating in an open and effective manner.

° In addition to existing emails and phone calls, time will be set aside during our regularly scheduled training meetings to allow those present an opportunity to voice any concerns.

° By assuring that all employees and volunteers have access to the Directors office and cell phone numbers.

- Ensure that all changes to existing protocols and policies are clearly communicated to all EMT's and drivers in writing.
- A policy and procedures manual will be put into effect covering all aspects of the ambulance service. Job descriptions will be developed.
- By employing certified EMT's who are competent, committed , caring, and responsible.
  - Through careful pre-employment screening and interviews we will ensure that all employees and volunteers;
    - Are free from criminal backgrounds
    - Exhibit the personality characteristics essential for quality patient care.
    - Display a willingness to work well with others and contribute in a positive way to the “team” mentality.
- By having reliable and well maintained ambulances and rescue vehicles ready, stocked with the required equipment, regularly maintained and replaced, and supplied as mandated by the State Bureau of Emergency Medical Services (EMS).
  - The purchase of a new ambulance will be made annually as the county budget allows ensuring that unsafe and unreliable vehicles with excessive mileage are replaced regularly.
  - Equipment used in regular patient care will be maintained and replaced as necessary, such as AED's, splints, stair chairs, backboards, etc.
- By holding regularly scheduled training meetings throughout the county with an emphasis on “providing the highest level of out-of-hospital care possible.”
  - Training topics will be scheduled and taken from the state required topics necessary for re-certification and approved by Emery County Ambulance's offline Medical Control Physician. The training schedule will be posted on the county website and emailed to each individual EMT in the county. In addition, printed copies will be made available at each training session.
  - Training sessions will be held on a regular basis while allowing for variation in order to meet the needs of those shift work and to accommodate individual needs whenever possible.
  - The training topics will be adjusted to address issues identified through quality review procedures, personnel requests, and at the request of Medical Control.

° We will utilize instructors who have proven their competency in EMS and who possess a clear understanding of our unique circumstances as a rural EMS Service.

° Quarterly we will hold local seminars. The instructors used will be those considered, by the EMS community, to be experts in their field.

° Mass Casualty Incident (MCI) Training.

- Quality review of training and patient care reports with the offline Medical Control Physician to be held on a quarterly basis.

° For the purpose of focusing our training on the specific needs of the EMT's based on past patient care reports.

° So that our Medical Control Physician can help guide our training based on information obtained from the hospital Emergency Department statistics.

° By reviewing the run reports on a regular basis we will be able to address any concerns with response times.

- Inter-agency co-operation and communication.

° To better work as a team committed to providing the highest level of out-of-hospital care possible it is vital to train and co-operate with our local Law Enforcement, Highway Patrol, Dispatch Centers, Sheriff's Search & Rescue, Fire Departments, and Citizen Volunteer Groups.

° By participating in MCI training and table top exercises that involve all agencies which will include follow up de-briefings and critiques.

- Improving compensation to help in the retention of existing employees, volunteers and the recruitment of new.

° An annual review during the budget process of the compensation scale for EMT's and drivers, involving the EMS Director, County Commissioners and the County Personnel Director, for the purpose of increasing compensation commensurate with the requirements of the job.

° The "on call" pay that is presently \$.50 an hour will be increased to \$1.00 an hour for the remainder of the current year, and increasing to a total of \$2.00 over the next five years.

° The Director position for Emery County Ambulance will become a

full-time position immediately.

° A part-time secretarial position will be considered during the budget process this year.

- Community education and involvement.

° New basic EMT classes will be held every other year, or as need arises.

° EMT intermediate classes will be held as EMT basics qualify to advance and will likely alternate years with the basic classes.

° In an effort to provide the public with the information and knowledge required to make better use of and when to activate the EMS system.

· Emergency Medical Responder classes will be held once a year to offer those with a desire for more training, ( but without a desire to be an EMT) the opportunity for such.

· CPR Classes offered to the citizens of the county on a bi-annual basis ( A nominal fee will be charged).

° Education within the local schools.

· By our presence at the various schools throughout the county we will generate an increased awareness about emergency medical services.

· Our education will also foster a desire for more education in the medical fields in general, with a focus on the continued need for EMT's within our county; a particular emphasis will be made at the high school.

· At the high school level programs such as "What to do until the ambulance arrives" will be presented at the request of school administration and faculty.

- This is a working document and will be reviewed bi-annually by the EMS Director, Training Officer, County commissioner responsible for the EMS Department and the Personnel Director, in order to ensure that it is being implemented as outlined and to make course corrections where necessary.

Training Officer, Sue Coppinga reviewed the training schedule for the next six months.

She stated that each EMT in the State of Utah must accrue 100 continuing medical education hours, 75 of those in specific areas, in order to re-certify every four years. The amount of time required for the different subject areas vary. For instance we are required to spend 5 hours every four years on Pharmacology, 8 hours on airway and only 4 on Physical Exam. Also, we believe it

necessary to spend additional time training on areas that are particularly life treating, having high numbers of incident in our area, or are simply difficult for some of our EMT's. Those extra hours however, may not be counted toward their total hours by the state. To make that more clear, an EMT may take a class in pediatrics which adds up to 50 hours. They can claim the 6 which are required by the state and use all 25 of their elective hours towards their goal of re-certifying but no more than that. The extra hours are just that, extra hours and extra experience. In addition, every training class includes a "mega-code" where we practice different cardiac difficulties, learn cardiac rhythms, sharpen our skills in cardiac emergencies and generally become more comfortable in handling a complicated, life threatening circumstance.

The elective hours suggested by the state include such important things as Mass Casualty Incidents, Hazmat, Neurological Emergencies and Documentation. We attempt to cover those important areas as well as the required ones in our training.

Because each EMT's re-certification is due at a different time (four years after they first became an EMT) we adjust our training to rotate so every EMT receives the opportunity to train in all requires areas every four years.

Currently, our training is held in Green River on the second Thursday of every month. We meet in Ferron on the third Thursday with the Ferron/Emery crews and on the fourth Thursday in either Castle Dale or Huntington with their particular crews. Any EMT who can not attend the training in their area has an open invitation to the other areas. Emails are sent out weekly to appraise the EMT's of the current schedule. We also maintain an EMT Blog where we make the schedule as well as other pertinent information available.

Sue provided an over view of a tentative training schedule for the next twelve months. She informed the Commissioners that the Basic and Intermediate classes are subject to enrollment numbers. Mini-Classes are set but specific dates are not.

Commissioner Jeff Horrocks addressed a concern that the EMT's were no longer attending EMS Conferences. He explained that due to the limited number of EMT's, He felt that having all the EMT's out of the area to conferences would leave the county with out EMT coverage for that time. Conferences are great. The EMT receives information that is out there in the world and provides updated information. But it also leave the county vulnerable during the time they are gone.

Commissioner Laurie Pitchforth asked about the policy and procedures that the Ambulance Department has been using. Is there not one in place at this time?

Sue indicated that they have treatment protocols as mandated by the state but as far as the operation of the ambulance service itself they do not. Questions like the use of the credit card, employment, etc.

Sue indicated that they have obtained a policy model from Cedar City that they are currently looking at to put together a policy for Emery County Ambulance.

Commissioner Jeff Horrocks stated that decisions made by the Ambulance Director have been made through me as the Commissioner over the Ambulance Department. He commended Jim and Sue for their work and dedication to the program.

Commissioner Gary Kofford expressed his appreciation to Jim and Sue for their time and effort into the Ambulance Service and vowed to move forward and come to a conclusion shortly. The Commissioners will put figures into the budget through the budget officer and see what can be done.

### **CITIZEN CONCERNS**

Valerie Newland, Scheduling Coordinator for Green River EMT's stated that she has been a certified EMT in Green River since 1989. She indicated that she felt the current system for EMT's in Green River was not working. She said she is one of eleven EMT's that cover Green River for approximately 30 hours a week. This does not include drivers. GR EMT's average 170 runs a year. The lack of available EMT's in Green River has been a problem for years. She stated that a year ago the Commissioners chose to restructure the EMS system. Credit card use has been changed. She stated that she felt the spirit of volunteering has declined in Green River. The process to recruit new EMT's is slow. Valerie suggested putting a team together to research other agencies to find a fair compensation for your EMT's. There are many concerns in Green River. We need better communication and representation in Green River.

Commissioner Gary Kofford felt that Valerie's suggestion to put together a team to research what is being done in other agencies was a good idea. The county is in the process of looking into developing a policy and addressing the travel and what the IRS expects of the county.

Commissioner Jeff Horrocks addressed the bills received in the past from ambulance travel to the various locations that the ambulance transports patients. Astronomical meal bills have been seen in the past as well as people who are not even employed as EMT's or drivers.

Valerie stated concern that the use of the credit card was changed and not explained until months later.

Commissioner Gary Kofford stated that this whole experience has been a good learning experience for everyone involved. We certainly need better communication. The best course is to move forward as quickly as possible.

Valerie stated that the Commissioners have been given a plan. What next?

Commissioner Gary Kofford indicated that the Commissioners hope to look at the budget and human resources and make a stab at it and do the best we can. This has gone on too long. He stated that he would like to see this matter ready to address by the July 14<sup>th</sup> Commission Meeting or the next meeting at the latest. They will need to look at where to get the money. There are a

lot of issues that are tied to whatever we decide to do with this.

Bruce Funk commented that he has swam the political waters and survived. He said he had 23 years of watching the Ambulance Service under the direction of the Sheriff's Office. These problems were just as prevalent under the Sheriff as they are now. He stated that he felt putting the Ambulance Service under Jim was a good move because it took the political aspect out of the equation. The Commission has the opportunity of taking the Ambulance Service out of the political arena. Way back, a number of years ago, the Commissioners had to write-off nearly \$300,000.00 in uncollectible ambulance billings. Taking the service out of the political arena is critical to that program. He stated that he knows that it all comes down to money, but you are working with people who save lives. You have a chance to do something that will be good for the citizens of Emery County. He challenged the Commissioners to go their meetings, get involved with the EMT's and find out the truth. Do not become a political pawn.

OF THE BOARD OF COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

JULY 13, 2009

Present at the meeting was Commission Chair Gary Kofford, Commissioner Jeff Horrocks, Commissioner Laurie Pitchforth, Attorney David Blackwell, Clerk/Auditor Brenda Tuttle, Personnel Director Mary Huntington, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

**DISCUSSION OF AMBULANCE BUDGET AND COMPENSATION**

Commissioner Kofford asked Clerk/Auditor Brenda Tuttle to put together some figures to see if the county had the funds to cover what has been proposed of if the will need to find the funds to cover what they are looking at doing.

Brenda reviewed the June 30<sup>th</sup> Ambulance budget/expenditures.

Currently the budget for the Director, which is part time, no benefits is at \$19,215.00.

If you were to make the Director full time at the current wage, with benefits the budget would be \$62,284.00. This is a \$43,069.00 increase to the budget. The next scenario would be to make the director full time at \$23.28 per hour which is the grade that the other supervisors in the county are on, \$77,286.00. This is a \$58,071.00 increase to the budget.

Looking at the on call time for EMT's: Currently they are paid .50 per hour with a budget of \$65,700.00 calculated on 15 EMT's 24hrs a day 365 days a year. If you increase the on call pay to \$1.00 per hour the budget would be \$131,400.00 which is a \$65,700.00 increase to the budget. \$1.50 per hour \$197,100.00 which is a 131,400.00 increase to the budget. \$2.00 per hour \$262,800.00 which is a 197,100.00 increase to the budget.

Currently the Ambulance Budget is \$522,500.00 per year of which \$115,000.00 is budgeted for a new ambulance. That leaves \$407,500.00 for the rest of the expenses.

The Commissioners discussed where to possibly find the money. Brenda reminded them that this is not a one time only expense it will be an every year expense.

There will be an increase in the property tax revenue that will be collected in November.

Commissioner Kofford asked the other Commissioners to look at their respective departments and see where they may be able to come up with money. Capital improvements is one place to look. However, we may have to pull money tagged for projects not yet started.

Jim Gordon indicated that the Ambulance Department budget has allocated \$115,000.00 for a new ambulance this year. Jim indicated that he did not have plans to purchase a new ambulance this year so those funds may be used. He stated that he realizes that helps short term and the added cost will need to be addressed in the budget for next year. He indicated that he was awarded grant money for training of which Emery County was the largest awarded in the state. He has made tremendous savings in the supplies budget. He also stated that no one in the state was awarded a grant for a vehicle this year.

Commissioner Kofford indicated that there is \$55,000.00 budgeted in school expense where there is \$51,000.00 remaining through the end of June. Jim indicated that he may spend a good portion of that to replace training equipment that is outdated and worn out.

Commissioner Kofford reviewed the possible scenarios for the Ambulance Department. Everyone has an opinion on the subject. He stated that the Emery County Commissioners will hopefully make the right decision for the county.

(2)

## **DISCUSSION OF EMERY COUNTY POLICY AND PROCEDURE MANUAL.**

Commissioner Kofford asked Personnel Director, Mary Huntington to review policy changes to the Personnel Policy.

Changes included Section 5 for new hires and vacant positions.

Section 8 Compensation, Performance/Incentive Awards.

Section 9, Fringe Benefits. (Annual Leave, Holiday Leave, FMLA)

Section 10, Travel and Vehicle Policy. (Travel Expenses, Department Travel Budget, Reimbursement Expenses, Per Diem, Non-Specific Expenses, Receipts, Credit Cards, Expense Reports, Cellular Telephones)

Vehicle General Purpose, County Vehicle Assignment and Exceptions.

Section 18 Occupational Health and Safety, Return to Work-Transitional Duty Program

Section 22 Substance Abuse Policy- Pre-employment, Reasonable suspicion testing, Post accident testing, Random testing for Commercial Driver License Licensees and Public Safety Personnel.

Section 24 Computers, Internet and Electronic Communications. (Privacy Clause, Guidelines, Roles and Responsibilities.

Mary reported that Tooele County just went through a grueling, six month long audit process. The proposed changes to the Personnel Policy are a result of that audit, bringing Emery County in line with what is required by the IRS.

The Commissioners discussed in length the vehicle policy, credit card use and per diem.

Mary indicated that a Resolution is needed to include the Elected officials in the Travel Policy portion of the Personnel Policy. Elected Officials are bound by state laws. Commissioner Kofford asked that the statement regarding payment for expenses from other agencies to be left in the policy. This will cover double payments.

Commissioner Kofford indicated that they hoped to have a Resolution prepared by August 11<sup>th</sup> Commission Meeting for consideration. They hope to take action on the proposed Personnel Policy changes in the August 11<sup>th</sup> Commission Meeting.

**CASTLE VALLEY SPECIAL SERVICE DISTRICT, DISCUSSION OF SPECIAL ELECTION TO AUTHORIZE THE ISSUANCE OF GO BONDS AND AN INCREASE/EXTENSION OF TAX LEVIED BY DISTRICT AND OTHER RELATED MATTERS.**

Darrel Leamaster and Jacob Sharp, Castle Valley Special Service District came before the Board of Commissioners to discuss a special election to authorize the issuance of General Obligation Bonds and an increase/extension of tax levied by the district. Darrel indicated that this has to be done under the direction of the Emery County Commissioners who created the District. CVSSD does not have the authority to issue the bonds. Anything dealing with bonds or tax matters has to be done under the county's authority. He provided a summary of the SSD's history. CVSSD was the first special service district in the state. It was created in 1976. Special Service District legislation was prepared at the request of Emery County and with the cooperation of Utah Power and Light whose attorney drafted the language for the SSD legislation in 1975 and helped to get it passed in the legislature. In January of 1977 voters passed a \$5 million bond authorization and 3.0 mill tax rate for operation and maintenance. December 1980 Commissioners adopted a

resolution to annex new territory into the district. November 1981 voters passed a \$15.0 million bond authorization. November 1985 voters passed an authorization to increase O&M tax by 1 mill, making the total 4 mills until the year 2007. June 1994 Commissioners passed Resolution annexing Clawson Town and other area into the District. November 1994 voters passed a \$10.0 million bond authorization. August 2001 the Commission passed a resolution annexing areas into the district. November 2001 voters passed a \$12.0 million bond authorization and authorization to increase the O & M tax levy from .008 to .0010 to extend the tax rate until 2031. The SSD would like to continue with the projects that they have lined out. They need to ask the voters to authorize the continuation of the bonds. They are not asking to increase the bonds just extend the time frame at the same rate which is set at whatever it takes to repay the bond. They do not anticipate increasing that rate.

Jacob Sharp, Castle Valley Special Service District has been hired to replace Darrel as Mr. Leamaster will be finishing up his tenure in the fall. Jacob reviewed the many projects that the district has in the works. He discussed the process that the board has been going through to prepare for the bond election and the time frame of the election. The county will not incur any additional cost to administer the election as the cities in Emery County have elected to contract with Emery County to administer their municipal elections in the fall. The bond question will appear on the same ballot with the municipal election ballot. He asked the Commissioners to consider a Resolution calling for the election. He will get on the agenda for the next Commission Meeting for that authorization. Jacob assured the Commissioners that it is his desire to continue the same program as Darrell has started.

Commissioner Gary Kofford thanked Darrell for his many years of service CVSSD and the citizens of Emery County and his wise use of tax payer money. He wished him well in his retirement and welcomed Jacob and commented that the Board of Commissioners look forward to working with him in the years to come.

**APPOINTMENT OF RICHARD SEELY TO EMERY CARE AND REHABILITATION BOARD.**

Commissioner Laurie Pitchforth made a motion to appoint Richard Seely to the Emery Care and Rehabilitation Board. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

Motion to move out of the regular Commission Meeting, move into a public hearing and at the conclusion of the public hearing to return to the regular meeting was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth and the motion passed.

**10:00 AM- PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT CONCERNING THE REPEAL AND REPLACEMENT OF THE EMERY COUNTY ZONING ORDINANCE.**

Planning/Zoning Director Michael McCandless reviewed the process that the Planning Commission has been going through to get to this point. The Planning Commission saw a need to bring the Zoning Ordinance into compliance with state regulations and terminology. David Blackwell's office contracted with Neil Landberg to begin the process. The Planning Commission held meetings throughout 2008. In December a public hearing was held wrapping up the outcome. In May 2009 the changes were completed. The changes were few mostly dealing with where and how decisions are made in accordance with state law. In terms of legal needs the Land Use Authority is now used. The appeal process has been clarified. This process does make it more burdensome on the Planning and Zoning Commission. Copies of the Emery County Zoning Ordinance with the changes has been available to the public in the Clerk/Auditor's Office and the Planning/Zoning Office. They have been receiving comments from the public. Members of the Planning/Zoning Commission present at this public hearing are: Ron Barney and Bill Dellos.

Cindy Lopez asked if this includes the adoption of all international codes.

Michael stated that building codes are adopted by the State of Utah. This is a zoning code that only deals with the planning 'process', not codes that have been adopted.

Michael explained the changes. In Article 5 and 6 the changes pertained to the application process and notification process. In Article 6 and 7 defines temporary land uses. There are no changes to procedures and practices. In Article 10 conditions are established in Conditional Use Permits. The state has changed the way property can be split. Lots may be split in certain counties under certain rules.

Commissioner Kofford asked for any further comments or questions. Being none, they returned to the regular meeting.

(7)

**APPROVAL TO REPEAL AND REPLACE THE EMERY COUNTY ZONING ORDINANCE.**

Commissioner Gary Kofford thanked the Planning and Zoning Commission for their time and effort on this process.

Commissioner Jeff Horrocks made a motion to repeal and replace the Emery County Zoning

Ordinance. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**CITIZEN CONCERNS**

Cindy Lopez and Winston Palmer raised concern over individual property rights under the U.S. Constitution and the adoption of international law. The concern, as she stated was for the recent decision by Castle Dale City to pass a property maintenance ordinance and an emergency plan. She asked if the county is following a plan for sustainable development and smart growth? Commissioner Horrocks indicated that each city has their own plan and the county has a plan. Some cities have opted to adopt the county's plan. This plan is directed by the Emery County Sheriff's Department. She expressed concern that the country (USA) is being put under international law and guidelines. She expressed concern that the county not adopt international codes and laws. She asked to get on the next agenda so that she bring more questions forward. She was told to contact the Commission office to get on the next agenda.

Kelly Curtis introduced herself to the Board of Commissioners as the new bank manager at Wells Fargo Bank in Castle Dale. She indicated that she would like the Branch to be involved in the community and asked to be contacted if there was anything that she and her staff could do to help in the community. Commissioner Laurie Pitchforth informed her that the Emery County Fair was coming up and they are looking for volunteers.

**(9)**

**RATIFICATION OF GOBLIN VALLEY (TEMPLE MOUNTAIN ROAD) PHASE 2  
AWARD AND ASSOCIATED PAPERWORK.**

Commissioner Kofford explained that Phase 2 of the Goblin Valley (Temple Mountain Road) Project is being funded through stimulus money from Utah Department of Transportation. Brown Brothers was the low bidder on the project. The associated paperwork needed to be forwarded to UDOT therefore, the bid award was signed and forwarded on to UDOT. That action now needs to be ratified. Commissioner Jeff Horrocks made a motion to ratify the bid award to Brown Brothers for Phase 2 of the Goblin Valley (Temple Mountain Road) Project and the signing of the associated paperwork. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(12)

**CONSIDERATION AND APPROVAL OF AMENDING THE BUDGET AND COMPENSATION FOR AMBULANCE PERSONNEL. DISCUSSION OF CREATING A SPECIAL SERVICE DISTRICT FOR EMS AND OTHER RELATED MATTERS; OR OTHER ORGANIZATIONAL ADJUSTMENTS TO EMS STRUCTURE.**

Commissioner Gary Kofford stated that a year ago the Commission pulled the Ambulance Service from under the direction of the Sheriff's Department. The Ambulance Department was made a department on its own and Jim Gordon was hired part time( 4 hours a day) as the Director of the Ambulance Service under the direction of the Commissioners. He indicated that the Commissioners are at a crossroads at this point after listening to several groups express concern for the EMS program. The Commission asked Jim to put together a plan for the future of the EMS program. Jim Gordon and Sue Copinga presented that plan in a special Commission Meeting held on Monday, July 13<sup>th</sup>.

Commissioner Kofford indicated that it was recommended that Jim be made full time Director of the EMS. He stated that as the Commissioners looked at the Ambulance budget and after further study it was determined that the salary should be Grade 20, \$20.70 per hour.

Commissioner Jeff Horrocks stated that after looking at the Ambulance budget for the remainder

Commission Meeting Minutes  
July 14, 2009

of the year he believed that there is money in the budget to fund the cost of moving Jim to full time. Commissioner Jeff Horrocks made a motion to approve making Jim Gordon full time director of the Ambulance Department at Grade 20, \$20.70 per hour. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

The Commissioners discussed 'on call time' pay for EMT's, who currently receive .50 cents per hour which amounts to \$65,700.00 per year. If the 'on call time' pay is increased to \$1.00 per hour it will increase the Ambulance budget to \$131,400.00. Increasing it to \$1.50 per hour would increase the budget to \$197,100.00. Increasing it to \$2.00 would increase the budget to \$262,800.00. Commissioner Jeff Horrocks made a motion to increase the 'on call time' pay for EMT's to \$1.00 per hour for now and look at it again later. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed. Steve Barton asked whether there is revenue to cover the raise in 'on call time' pay for EMT's. Commissioner Kofford indicated that the Ambulance Service is paid for by charges. As we move forward we may have to start supplementing the service out of the general fund or possibly make it a special service district and then we can use PILT money. We just recently increased the basic rate on an ambulance run from \$450.00 to \$600.00. We raised the mileage rate a few cents but we do have the option of raising the mileage rate if we need to. It is going to be close. There is only five months left in the year. Jim has been conservative with the funds he has to work with. We did add \$25,000.00 to the budget this year for training. We think we can fund it this year. But it is ongoing and we will have to look at how to fund next year.

Darrel Leamaster asked if they have checked into the Fair Labor Act to be sure you are following fair labor standards. Commissioner Kofford explained that EMS personnel fall under different standards than the general public. EMT's are volunteers and are paid by run not per hour except for when they are on call and that is currently 50 cent per hour.

Commissioner Kofford indicated that they have looked into creating a special service district with the idea of a five member advisory board with three EMT's, one from the south, one from the north and one from Green River, the Sheriff and a Commissioner which gives the opportunity of putting mineral lease money into it. We have also talked about leaving it where it is, under the Commissioners and establishing an advisory council with three EMT's, the Sheriff and a Commissioner. We have also discussed moving it back under the Sheriff where it was originally, or under the Sheriff with an advisory council made up of three EMT's the Sheriff and a Commissioner. The latter is the one several EMT's has requested. Commissioner Jeff Horrocks asked if any action can be taken on this today. Attorney David Blackwell indicated that to create a SSD you would have go through the public process. Anything else you choose today can go forward with this public process. Commissioner Horrocks discussed the possibility of creating a SSD which would require about three months for the public process, additional funding, and additional personnel, but the positive note to that is it will provide mineral lease funds.. The other options were discussed. He personally felt it was not beneficial to move it back under the

Commission Meeting Minutes  
July 14, 2009

Sheriff. An advisory council would be more in line with what the EMT's wanted when we met with them. Commissioner Pitchforth conveyed her feelings regarding this matter. She indicated that she has thought long and hard on the matter and has listened to the concerns expressed by several EMS people. She indicated that she personally felt it should not have been taken from the Sheriff's Department. She indicated that she felt that if more energy, money and time were put into the program when it was began floundering we would not be here today. There have been some positive things that have happened since it was made its own department, but, she indicated that she felt it still has a long way to go and that it is still floundering. Commissioner Laurie Pitchforth's recommendation was to put it back under the Sheriff's Department with an advisory council with representation from the EMT's who have expressed that they need some input.

Commissioner Horrocks disagreed with Commissioner Pitchforth stating that for the first time in the history of the Ambulance Department we have a mission statement and long range training and operation program. He still believes that the department needs to stand alone and operate independently of the Sheriff's Department. He indicated that he is receptive to forming a SSD, or an advisory council, but leave it where it is.

Commissioner Kofford stated that both Commissioners have valid arguments. Jim has worked hard to put it on track to where it is, especially in four hours a day. He has not had the support he needed to get to where he wanted it to be. At the same time it is an emergency service under FEMA and it is best served under the Sheriff where it needs to be.

Commissioner Jeff Horrocks made a motion to leave it as it is with an advisory council to oversee it. The advisory council is to work with all three Commissioners and Jim Gordon as the Director over the EMS program. There was no second so the motion died.

Commissioner Laurie Pitchforth made a motion to keep Jim Gordon as full time EMS Director and put the program back under the Sheriff with an advisory council. Commissioner Gary Kofford stepped down to second the motion. Commissioner Jeff Horrocks opposed the motion. The motion passed.

Commissioner Jeff Horrocks made a motion to make Jim Gordon full time at Grade 20, \$20.70 per hour and the \$1.00 on call time for EMS personnel effective the next pay period. Commissioner Kofford asked to consider changing the motion to make it effective Monday, July 13, 2009. Personnel Director Mary Huntington reminded the Commissioners that we usually do not make pay changes retroactive. Commissioner Kofford stated that he has been told that the Commissioners can do what they want. Therefore, Commissioner Jeff Horrocks amended his motion to make Jim's wage change and the change to EMS personnel on call time effective Monday, July 13, 2009.

**DISCUSSION AND APPROVAL OF LETTER REQUESTING MANCOS HILLS INDUSTRIAL TRAVEL PARK BE DESIGNATED AS RENEWABLE ENERGY ZONE.**

Commissioner Jeff Horrocks made a motion to approve drafting a letter under the Commissioner's letterhead to the Governor's Office of Economic Development requesting Mancos Hill Industrial Travel Park be designated as a renewable energy zone. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(14)

**APPOINTMENT OF TRAIL COMMITTEE AND DESIGNATION OF EMERY COUNTY TRAVEL BUREAU AS THE LEAD AGENCY.**

Michael McCandless reported on recent discussions within the Emery County Travel Bureau regarding roads and trails. The EC Travel Bureau recently put together a trails map. The question has been asked, 'what entity is responsible for trails?' In order to qualify for grant money a specific entity has to be designated as the lead agency for that function. The EC Travel Bureau recently voted to recommend to the Commission that they be designated as the lead agency for a recommended five member Trail Committee. The suggested that the committee should be made up of two members of the Travel Council, two members of the Public Lands Council and a Commissioner. The Bureau asked for Commission support to get the ball rolling on this process. With the Trails Committee in place they will be able to use TRT and Restaurant Tax funds as matching funds for grant applications for trail improvement projects. Commissioner Kofford asked Attorney David Blackwell if the Commission can move forward on appointing a Committee or if a Resolution will be necessary? David Blackwell indicated that it depended if you wanted to allow Travel Council and Public Lands Council make recommendations for appointments to the committee. Commissioner Jeff Horrocks made a motion to move forward with the intent to develop and pass a resolution allowing the Public Land Council and Travel Council to recommend appointments to a Trails Committee for Emery County. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(15)

**DISCUSSION AND APPROVAL OF LETTER OF SUPPORT FOR CONDUCTIVE COMPOSITES FOR RELOCATION INTO GREEN RIVER AREA.**

Michael McCandless reported that on a business opportunity in Green River from a company called Conductive Composites who is examining Emery County as well as two other communities in Utah for relocation. We have identified several potential properties that they could move into. To help provide them with official notification that we would like to have them

relocate here he requested approval to draft a letter to Conductive Composites informing them that we would welcome them if they so choose to relocate in our community. Conductive Composites is a Heber City based company that deals with composites such as nickle, used for aircraft. It could means as many as fifty jobs in the Green River area. Commissioner Jeff Horrocks made a motion to approve a letter of support drafted by Michael McCandless and David Blackwell on the Commissioner's letterhead to be submitted to Conductive Composites for relocation into Green River. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**COMMISSION REPORTS***Commissioner Pitchforth*

Commissioner Pitchforth reported on the upcoming 24<sup>th</sup> celebrations throughout the county. She also reported on the Miss Emery Pageant. There were 8 young women who participated this year. Shelby Huntington was crowned Miss Emery, 1<sup>st</sup> Attendant, Katlin Potter, 2<sup>nd</sup> Attendant, Allie Stokes. She commended the pageant committee, they are dedicated volunteers who put in a lot of hours. She reviewed the upcoming Emery County Fair activities.

*Commissioner Horrocks*

Commissioner Horrocks reported on North Emery Water Users meeting he attended. Their Elk

Springs water project is complete. He also attended a Public Lands Council meeting and Emery County Travel Council meeting where they discussed appointments to the Trails Committee that the Commission approved today.

*Commissioner Kofford*

Commissioner Kofford reported on the Emery County Aquatic Park. It is nearing completion and will be closed for 30 days while the grass is set. He reported that he recently met with the architect and contractor for the boiler at the Emery County Aquatic Center (swimming pool). The sound system at the swimming pool is being installed today.

He reported that the MBA recently went to CIB for a 50% match grant for the Emery Care and Rehabilitation Center remodel. We were not successful in getting that grant this time. We were put on the pending list because a member of the CIB understood that we may qualify for funds from another source. We were advised that we do not qualify from the other source. Now we are back to going before the CIB board again. The MBA does have the 1.5 million to start the project. We will be awarding the bid to begin that project today in MBA meeting.

He reported that the SSD asked CIB for money to construct the coal haul road in Lila Canyon. This is a 9.6 million dollar project. The CIB Board did approve a 1.5 million grant and 6.5 million loan but the project is on the pending list. UEI would like to be able to move coal in 2010. CIB approved a grant for the seven county communications group working on the change over from analog to digital. The Emery County Road Department has finished the chip seal projects throughout the county. The Moore Road Phase 7 scheduled to be bid around last of August.

**(2)**  
**VOLUNTEERS OF AMERICA, REQUEST FOR CONTRIBUTION TO RSVP  
RECOGNITION DINNER AND WALK TO RUSSIA EVENT.**

Gerry Stotler, Director of RSVP for Emery County along with three of the advisory committee, Jerry Stotler, Sue Lutu and Jodie Richins came before the Board of Commissioners to request a donation to assist with their annual recognition dinner and Walk to Russia event. She reported that the seniors in Emery County are active in the community. They volunteer in schools, relay for life, with the senior band and many other events and activities. They are looking to increase

the number of active volunteers in the county. Currently there are fifty active seniors in all of Emery County including Green River. There are a lot of seniors out there still working. Emery County could receive more money if we could show more seniors doing more volunteer work. She indicated that they are working to get hours counted on the Walk to Russia event which will give the county more money for the RSVP program. September 17<sup>th</sup> will be their annual recognition dinner. She asked for \$250.00 to help pay for the food for the dinner which will be held at the Orangeville Community Center. Commissioner Laurie Pitchforth made a motion to approve a donation of \$250.00 to the Emery County RSVP Program to assist in paying for the food for their recognition dinner and Walk to Russia event. The motion was seconded by Commissioner Gary Kofford and the motion passed.

**CONSIDERATION AND APPROVAL OF A RESOLUTION PROVIDING FOR THE HOLDING OF A SPECIAL TAX ELECTION IN THE CASTLE VALLEY SPECIAL SERVICE DISTRICT FOR THE PURPOSE OF SUBMITTING TO THE ELECTORS OF THE DISTRICT THE QUESTION OF AUTHORIZING AN ANNUAL TAX OF .001 PER DOLLAR OF THE TAXABLE VALUE OF THE TAXABLE PROPERTY WITHIN THE DISTRICT, FOR THE PURPOSE OF PAYING OPERATING MAINTENANCE EXPENSES OF THE DISTRICT (IN LIEU OF ALL OTHER TAXES CURRENTLY LEVIED IN THE DISTRICT FOR OPERATING AND MAINTENANCE EXPENSES; FOR PROVIDING FOR RELATED MATTERS.**

Darrell Leamaster and Jacob Sharp, CVSSD and Alex Buxton, Zions Public Finance were present to discuss Resolution 07-28-09A. Darrell explained that in 2001 voters authorized a tax rate used for operation and maintenance of CVSSD. At that time the rate had a date tied to it. Castle Valley would like to request voters to continue the rate into the future. The legislature does not allow them to tax without authorization of the voters. Since Emery County is the controlling entity for CVSSD they asked that they approve Resolution 07-28-09A and put the question to the voters on the ballot in the fall. Commissioner Laurie Pitchforth made a motion to approve Resolution 07-28-09A a resolution providing for the holding of a special tax election in the Castle Valley Special Service District for the purpose of submitting to the electors of the District the question of authorizing an annual tax of .001 per dollar of the taxable value of the taxable property within the District, for the purpose of paying operating maintenance expenses of the District( in lieu of all other taxes currently levied in the District for operating and maintenance expenses.) The motion was seconded by Commissioner Gary Kofford and the motion passed.

(4)

**CONSIDERATION AND APPROVAL OF A RESOLUTION PROVIDING FOR THE HOLDING OF A SPECIAL BOND ELECTION IN THE CASTLE VALLEY SPECIAL SERVICE DISTRICT FOR THE PURPOSE OF SUBMITTING TO THE ELECTORS OF THE DISTRICT THE QUESTION OF AUTHORIZING THE ISSUANCE OF UP TO \$12,500,000.00 GENERAL OBLIGATION BONDS OF THE DISTRICT; AND PROVIDING FOR RELATED MATTERS.**

Jacob Sharp discussed Resolution 07-28-09B. He explained that Resolution 07-28-09B will provide for holding a special bond election to the voters in the District the question of authorizing the issuance of up to \$12,500,000.00 General Obligation Bonds of the District. It will allow the District to continue the projects they have going and the new projects planned for the near future.

They have been working with the cities to provide a facility plan for projects for the next ten years and into the future. The list of projects is prioritized. They have come up with a proposed bond without raising the tax rate and so they can pay the bonds off in a short amount of time. The bond amount of \$12,500.00.00 will keep the bond payment the same without raising the tax rate.

Alex Buxton explained that it equates to about \$44.00 per year for a \$100,000.00 home. Darrell explained that a public hearing is required which they have set for September 22, 2009 at 10:00 am. The Commission is responsible for the Canvas of Election which is set for November 10, 2009 at 12:00 pm. They have time line to meet for getting information to the voters. Commissioner Laurie Pitchforth made a motion to approve Resolution 07-28-09B providing for the holding of a special bond election in the Castle Valley Special Service District for the purpose of submitting to the electors of the District the question of authorizing the issuance of up to \$12,500,000.00 General Obligation Bonds of the District. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(5)

**APPOINTMENT OF BOARD MEMBERS TO NORTH EMERY WATER USERS SPECIAL SERVICE DISTRICT.**

Commissioner Kofford reported that there are four vacancies on the NEWUSSD. Terms have expired for William Coyne, Carl Fillmore, Randy Bell and Ray Quinn. Four applications were received for consideration of appointment to the NEWUSSD board. Ray Quinn, William Coyne and Carl Fillmore applied for re-appointment. Randy Bell has moved out of the area covered by NEWUSSD and was not eligible for re-appointment. Bruce Wilson, Lawrence did apply. Commissioner Laurie Pitchforth made a motion to appoint William Coyne, Carl Fillmore, Ray

Quinn and Bruce Wilson to the NEWUSSD board of directors. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(6)

**CONSIDERATION AND APPROVAL OF BUSINESS LICENSE FOR PAYNE-LESS SOLUTIONS AND MILZY'S LANDSCAPING, LLC.**

Applications were received from Brandon L. Payne dba: Payne-Less Solutions and Whitney & Michael Mills dba: Millzy's Landscaping, LLC. The applications have been reviewed and signed by the Zoning Administrator. Commissioner Laurie Pitchforth made a motion to approve business licenses for Brandon L. Payne and Whitney and Michael Mills. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(7)

**CONSIDERATION AND APPROVAL OF GRANT AGREEMENT BETWEEN STATE OF UTAH 911 COMMITTEE AND EMERY COUNTY.**

Commissioner Laurie Pitchforth made a motion to approve a grant agreement between State of Utah 911 Committee and Emery County. The motion was seconded by Commissioner Gary Kofford and the motion passed. The grant is in the amount of \$13,532.00 and must be used for Public Safety Answering Point (PSAP) 911 Telecommunications Enhanced, Phase I and Phase II equipment installation, testing and implementation.

(8)

**CONSIDERATION AND APPROVAL OF 4% COST OF LIVING INCREASES FOR ALL LIBRARY PERSONNEL.**

Mary Huntington, Personnel Director explained that in January when employees with Emery County received a 4%COLA the Library personnel did not. It was not calculated into their budget for 2009. New money has come into the Library budget and the Library Board has voted to approve a 4%COLA for all Library personnel effective August 10, 2009. Commissioner Laurie Pitchforth made a motion to approve of 4% cost of living increases for all Library personnel to be effective August 10, 2009. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(9)

**CITIZEN CONCERNS**

Cindy Lopez, Castle Dale, came before the Board of Commissioners with an issue of importance

that being to raise public awareness of Agenda 21. She asked the Commissioners if they were following plans for Smart Growth. She expressed, heartfelt concern ☹ for the Commission's recent passing of the Emery County Zoning Ordinance. She expressed a desire to be able to vote on the Zoning Ordinance. She made the Commissioners aware of her intent to follow the Constitution of America. She asked about the process to petition a recall of the passing of the ordinance. Attorney David Blackwell told her she would have to file a petition with the courts and have evidence that something was done wrong in the process used in passing the ordinance. She asked the Commissioners to give her more time to get the word out to the citizens and allow for a vote of the people regarding the passing of the ordinance.

Bill Dellos, Emery County Planning/Zoning Board member explained that there was a process that was followed before bringing the final ordinance to the Commissioners for approval. A public hearing was held, which he stated he did not see her attend or provide comment about. A draft of the ordinance was made available for the public to view. Every opportunity was provided to the citizens of Emery County to view and make comment regarding the ordinance.

Commissioner Kofford explained that the Emery County Zoning Ordinance was originally passed in 1970. The process that the Planning/Zoning nine member board just went through was to revise and restate the Zoning Ordinance. The process was advertised, the copy was made available to the public to view and make comments on. Nothing new was added. It affects only the unincorporated areas of Emery County. It is a structured way of zoning in the county. It sets guidelines for conditional use permits.

Phil Fauver, Orangeville informed the Commissioners of a pothole in Castle Dale that no one seems to want to take responsibility for to get fixed.

(7)

**CONSIDERATION AND APPROVAL OF ASSET PURCHASE AGREEMENT AND CUSTOMER REQUESTED WORK AGREEMENT BETWEEN EMERY COUNTY AND ROCKY MOUNTAIN POWER FOR UPGRADE, TRANSFER, AND SALE OF THE CEDAR MOUNTAIN, UT POWER LINE.**

Commissioner Kofford explained that Emery County owns a power line in Green River on Cedar Mountain which supplies power for the Green River repeater station and San Juan County communication equipment. The power line is in dire need of repair. The Commission has talked about budgeted the repair in next years budget. However, Commissioner Kofford indicated, there is approximately \$100,000.00 in Communications that will probably not be spent this year. He recommended expending \$71,050.00 to bring the line up to utility standard and transfer ownership of the line to Rocky Mountain Power. The contract has been reviewed by Attorney David Blackwell who indicated a correction to the document in section 9 of the document wherein Oregon needs to be crossed out and replaced with Utah. San Juan county shares in the power line and therefore will pay half the cost. Commissioner Jeff Horrocks made a motion to approve an Asset Purchase Agreement and customer requested work agreement between Emery County and Rocky Mountain Power for upgrade, transfer, and sale of the Cedar Mountain, Utah power line. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(8)

**RATIFICATION OF FEDERAL AID AGREEMENT SUPPLEMENT BETWEEN EMERY COUNTY AND UTAH DEPARTMENT OF TRANSPORTATION FOR SOUTH MOORE CUTOFF ROAD- PHASE VII.**

Commissioner Kofford indicated that in March, Emery County signed a contract with UDOT for South Moore Cut-Off Road Phase VII. At that time the cost of the project was approximately \$4 million dollars. The cost has now gone up to more than \$6 million dollars. A new contract had to be signed to bring the contract current with the dollar amounts. The documents needed to be signed and sent off to meet with UDOTs bidding times. Therefore, Commissioner Kofford signed the documents and now that action needs to be ratified. Commissioner Jeff Horrocks made a motion to ratify the signing of a federal aid agreement supplement between Emery County and Utah Department of Transportation for South Moore Cut-Off Road-Phase VII. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(9)

**CONSIDERATION AND APPROVAL OF CONTRACT FOR CONSULTANT SERVICES TO DEVELOP, REVISE AND UPDATE EMERY COUNTY'S EOP.**

Commissioner Kofford indicated that Emery County proposes contracting with Dee Ell Fifield Consulting, an independent consultant to develop, revise and update the county's All-Hazards Homeland Security Emergency Operations Plan (EOP). There was a concern expressed that there is no maximum \$ amount indicated in the contract. Commissioner Jeff Horrocks made a motion to approve the contract for consultant services to develop, revise and update Emery County's EOP as long as we do not exceed the amount budgeted in Homeland Security for this project. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**CONSIDERATION AND APPROVAL OF RESOLUTION ESTABLISHING AN EMERY COUNTY TRAIL COMMITTEE.**

This resolution would establish an Emery County Trail Committee. The committee would consist of five members: two members representing the Emery County Travel Bureau, two members representing the Public Lands Council and one representative from the Emery County Commission. The initial committee will consist of Lamar Guymon and Mark H. Williams from the Emery County Travel Bureau, Randal Stilson and Mistie Christiansen from the Public Lands Council and Gary Kofford representing the Emery County Commission. The committee shall establish bylaws and procedures to govern the affairs of the committee. The purpose of the committee shall be to develop and promote non-motorized trails and shall have oversight responsibility for recognized motorized trails. The committee shall work under the direction of the Emery County Travel Bureau and funds for any project shall be part of the budgeted Bureau funds or from grants. Commissioner Jeff Horrocks made a motion to approve resolution #08-25-09 establishing an emery county trail committee. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF EMERY COUNTY PERSONNEL/TRAVEL POLICY AMENDMENTS.**

Chairman Gary Kofford explained that the County has been working for about a year on revising the personnel policy. There is a section of travel and it is the County Attorney's recommendation that the travel policy be removed and adopted as a separate resolution. Commissioner Jeff Horrocks made a motion to approve the Emery County Personnel Policy amendments. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

One of the reasons that the county is revising the travel policy is the county is subject to IRS audit particularly relating to travel and how employees have access to vehicles. If employees are allowed to take vehicles home it is a taxable benefit. One of the revisions of the policy states that no county vehicles will be taken home. The other option is if the employee takes the car home they will be taxed on \$3.00 per day for forty-eight weeks in the year. The Commissioners need to make a motion for one option or the other. Commissioner Jeff Horrocks made a motion to allow the employees to take the vehicles home at a taxable benefit of \$3.00 per day. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present. The departments affected by this will be public lands, economic development, building inspection and county maintenance. The sheriff's department is handled separately. The road department vehicles and weed & mosquito vehicles fall under the emergency call out provision.

(5)

**CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN UDOT AND EMERY COUNTY FOR RE-CONSTRUCTION OF TEMPLE MOUNTAIN ROAD LEADING INTO GOBLIN VALLEY STATE PARK - PHASE III.**

This agreement is for a total of \$1,900,000. Fiscal year 2008 had zero funds allocated. Fiscal year 2009 has \$450,000 allocated and FY2010 has \$500,000. This is matched 50 percent by the Emery County Special Service District #1. This will complete a new road from highway 24 to Goblin Valley. The project should be completed this spring. Commissioner Jeff Horrocks made a motion to approve the cooperative agreement between UDOT and Emery County for re-construction of temple mountain road leading into Goblin Valley State Park - phase III. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF MOU BETWEEN BLM AND EMERY COUNTY AS COOPERATING AGENCY ON THE GATEWAY SOUTH TRANSMISSION LINE PROJECT AND TRANSWEST EXPRESS TRANSMISSION LINE PROJECT.**

The Commission received a letter from the Wyoming State office stating that the Price BLM was part of that district. The letter asked if Emery County wanted to be a cooperating agency . Rocky Mountain Power is looking for a new corridor from Wyoming to Nevada. The new line project will go through Utah. If the County is a cooperating agency then we will have representatives involved in the process. Commissioner Jeff Horrocks made a motion to approve the MOU between the BLM and Emery County as cooperating agency on the gateway south transmission line project and transwest express transmission line project with change of following Wyoming state law to Utah state law. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF RIGHT-OF-WAY APPLICATION UTU-026549 BETWEEN EMERY COUNTY AND THE BLM FOR EMERY COUNTY COMMUNICATION SITE.**

This communication site is at Cedar Mountain and transmits into Green River and San Juan County. It is a 30 year agreement for a 400x400 piece of right-of-way. Commissioner Laurie Pitchforth made a motion to approve the right-of-way application UTU-026549 between Emery County and the BLM for the Emery County communication site. The motion was seconded by Commissioner Jeff Horrocks and approved by all member present.

(8)

**CONSIDERATION AND APPROVAL OF DONATION FOR SENIOR CITIZEN LAMB FRY.**

(9)

**CONSIDERATION AND APPROVAL OF COOPERATIVE FIRE RATE AGREEMENT.**

The cooperative fire rate agreement is with the State Forestry and Fire division. It sets rates for the county road equipment if there is a fire that requires the use of county equipment. Commissioner Jeff Horrocks made a motion to approve the cooperative fire rate agreement. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(10)

**NOTIFICATION OF MEMOS CONCERNING COUNTY-OWNED VEHICLES AND CHRISTMAS PARTY.**

The County Commissioners have put together two memo's that will be going out to departments. The first memo is concerning the County Christmas party that has been held every year. It has been decided to try it for a year without having a Christmas party and instead holding a department or building party. The \$25.00 gift certificate that has been given to all employees in the past will be increased to \$50.00. Commissioner Laurie Pitchforth made a motion to give \$50.00 gift certificates to county employees at Christmas. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

The second memo is concerning county-owned vehicles. Effective September 1, 2009 all county owned vehicles will be parked at the road department in the fenced enclosure. If you need to check out a fleet vehicle contact the Road Department. If the vehicle has been assigned to a specific department then that department will retain the keys. All other keys will be retained by the Road Department.

(11)

**DISCUSSION AND APPROVAL OF ASSIGNMENT OF COUNTY-OWNED VEHICLES.**

Chairman Gary Kofford stated that recently Jim Gordon was made director over the EMT's. At that time he was told a vehicle would be assigned to him. Commissioner Laurie Pitchforth made a motion to assign Jim Gordon the white impala to use when he is on duty or on an emergency.

**COMMISSION REPORTS**

*Commissioner Pitchforth*

The Association of Governments had a meeting and had a presentation by Browns Field voluntary clean up program. There are grants and money available for properties that may qualify under their program. The lamb fry for the Senior Citizens September 11, 2009 at 11:00 a.m. At Aging the Board decided that from now on during election years anyone running for election is still welcome to come to the sr. center to campaign but they will be limited to fifteen minutes and they will be limited to coming no sooner than a month before the election. The aging center will also be doing more seminars with information relevant to senior citizens. The care center project has the foundation in and hopefully by the end of the week the walls will be up.

*Commissioner Horrocks*

Commissioner Horrocks stated that in the meeting this morning Public Lands Director Ray Petersen informed the group that the interpretive panels at the MK tunnels are now in place.

*Commissioner Kofford*

Brown Brother is currently working on Phase II of Goblin Valley Road. Nielsen Construction has the contract for Phase III. The Moore VII road site showing was this morning. The bids will be opened on the tenth and awarded shortly after. That phase will be finished next spring. There will be one more phase which will be a chip seal. It will run from the tee in Moore to I-70. The total project was approximately \$23,000,000. The reason for spending that much money on the road was it was made available through the federal government. Also back when I-70 was put through it was promised that there would be a road through there for ambulance services and to bring tourism to the western part of the county. The road will be complete next summer.

Last Wednesday was the one year anniversary of the Green River Senior Center opening. A walk through was conducted with the builder and they are working to finish up any warranty work that needed to be done.

MINUTES OF THE REGULAR MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

SEPTEMBER 8, 2009

Present at the meeting was Commissioner Jeff Horrocks, Commissioner Laurie Pitchforth, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens. Commission Chairman Gary Kofford was out of town, therefore, Commissioner Jeff Horrocks, as acting Chairman, stepped down throughout the meeting to execute the motions as needed.

(1)

**CONSIDERATION AND APPROVAL OF CHECK EDIT LIST, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Brenda Tuttle presented the Warrant Check Edit List # through and including # for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>
78-09	(2) 2010 Chevrolet Tahoe Sheriff	\$61,000.00
79-09	(3) Command Center Equipment Sheriff	1,575.00

There were no dispositions:

Motion to approve the Warrant Check Edit List, additional claims and requisitions was made by Commissioner Laurie Pitchforth and seconded by Commissioner Jeff Horrocks. The motion passed.

(2)

**CONSIDERATION AND APPROVAL OF AMBULANCE BILL REDUCTION/ABATEMENT FOR DONALD OLSEN.**

The Commissioners received a letter from JCI Billing regarding Donald Olsen. The letter indicated that Mr. Olsen is currently in a care center, unemployed, and has no means to pay the balance of his ambulance bill which is in the amount of \$2,558.00. No payment have been made on the bill. Commissioner Laurie Pitchforth made a motion to write off an ambulance bill for Donald Olsen. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(3)

**CONSIDERATION AND APPROVAL OF BUILDING PERMIT FEE WAIVER FOR CLEVELAND TOWN.**

Commissioner Jeff Horrocks explained that the building permit in the amount of \$9,858.69 is for construction of Cleveland Town's Fire Station. Customarily building permit fees are waived for government entities. This allows funds allocated for the project to go directly to the construction of the project. Commissioner Laurie Pitchforth made a motion to approve a building permit waiver for Cleveland Town for construction of a new fire station. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(4)

**CONSIDERATION AND APPROVAL OF RESOLUTION ESTABLISHING A NEW TRAVEL POLICY FOR EMERY COUNTY AND RESCINDING ALL PRIOR TRAVEL POLICIES, RULES, AND REGULATIONS.**

Commissioner Jeff Horrocks commented that a lot of work has gone into establishing a new travel policy for Emery County. The new policy will bring the county into compliance with IRS regulations and requirements. The new travel policy rescinds all prior travel policies, rules and regulations. Commissioner Laurie Pitchforth thanked Mary Huntington and all staff who worked diligently on this new travel policy. Ray Petersen asked about county issued credit use for meals. Attorney David Blackwell reviewed section 3.c.a.g. wherein it explained that county issued credit cards may not be used to purchase meals while traveling. The traveler will be paid a per diem rate for meals. However, the card may be used for entertainment meals under IRS Code, meaning "business purpose". You must indicate on the receipt the business discussed, those present, the date and amount spent on the meal. Dixie Swasey asked if the business purpose meals are just for when you are traveling or can they be in the county? Attorney David Blackwell explained that they can be for here also. If you are entertaining someone here from out of the area, like if someone is here from the state in a business capacity and you take them to lunch. Dixie asked if the card can be used for local people? David Blackwell explained that it does not have to be someone from out of the area, the whole purpose is that it does some business good. If you take someone to lunch that helps you in performing your duties then the meal falls under business purpose. Brenda Tuttle asked if the business meal has have more than two county employees. Attorney David Blackwell did not have an answer but referred to the IRS regulations. Commissioner Jeff Horrocks indicated that the key is that it has to meet IRS regulations. Going to lunch and saying you are having a business lunch does not qualify, unless there is a real purpose for the lunch. There has to be a business purpose. That purpose must be indicated on the receipt. It has to be beneficial for the county. If I were to go to lunch with Attorney David Blackwell and talk business it does not fall under the IRS regulations because I can go to his office to talk business. Dixie indicated that is where the problem has been in the past. She stated that we have gotten away from that, if we need to talk to another elected official it can be done

COMMISSION MEETING MINUTES  
SEPTEMBER 8, 2009

during working hours. Commissioner Horrocks indicated that we, as elected officials and department heads need to make sure our employees are following through with this new policy. Brenda Tuttle informed the Commissioners that new expense forms will be sent out along with a copy of the resolution to all departments. Phil Fauver asked the Commissioners to clarify the earlier statement that if an elected official is out of town on county business that he cannot use the county issued card for meals. Commissioner Jeff Horrocks answered that if the trip is a one day trip then no they can not use the county issued credit card for meals. Meals are on a per diem schedule. Commissioner Laurie Pitchforth made a motion to approve Resolution 090809 establishing a new travel policy for Emery County and rescinding all prior travel policies, rules and regulations. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(5)

**CONSIDERATION AND APPROVAL OF EMERY COUNTY CARE AND REHABILITATION CENTER BYLAWS.**

Commissioner Laurie Pitchforth explained that the Emery County Care and Rehabilitation Center has revised their bylaws to increase their board to a 9 member board representative of the county's geographic areas. The 9 member board consists of the following: Gil Conover, Richard Seely, Dan Wells, Connie Nelson, Randy Lake, Ruth Stilson , Tom Humphrey, Caleen Wilcox, and Laurie Pitchforth. Commissioner Laurie Pitchforth made a motion to approve of Emery County Care and Rehabilitation Center bylaws. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(6)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #39 AND #40 FOR THE AQUATIC CENTER.**

Commissioner Jeff Horrocks reported that Change order #39 is a revised change order to repaint the sound barrier units that stained by condensation. The amount is + \$2,530.00. Change Order #40 is add panic hardware and security screen to the main gate in the outdoor pool area. The amount is + \$1,761.00. There is still money in the AC contingency fund to cover the change orders in the amount of \$4,291.00. Commissioner Laurie Pitchforth made a motion to approve change order #39 and #40 for the Aquatic Center as proposed. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(7)

**CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN THE STATE OF UTAH (DIVISION OF STATE PARKS AND RECREATION) AND EMERY COUNTY FOR DEVELOPMENT OF THE BUCKHORN INFORMATION CENTER.**

Public Lands Director, Ray Petersen presented a Cooperative Agreement between the State of Utah (Division of State Parks and Recreation) and Emery County for development of the Buckhorn Information Center. The county agrees to utilize state funding to construct restroom facilities for use by trail users and other recreational visitors to the Buckhorn area on property under control of the County. The State agrees to provide up to \$40,000.00 in funding for the project. Commissioner Laurie Pitchforth made a motion to approve a cooperative agreement between the State of Utah (Division of Parks and Recreation) and Emery County for the development of Buckhorn Information Center as outlined in the agreement. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(8)

**CONSIDERATION AND APPROVAL OF RENEWAL OF TITLE V RIGHT-OF-WAY FOR A PORTION OF GREEN RIVER AIRPORT ROAD (CR 1007)**

Commissioner Horrocks discussed right-of-way renewal application UTU-37253. He explained that when the airport was built in Green River a portion of the road was displaced and the built around. The right-of-way permit gives the county the right to operate and maintain county Road 1007 for a road routed around the Green River Airport. Commissioner Laurie Pitchforth made a motion to approve renewal of Title V Right-Of-Way for a portion of Green River Airport Road (CR 1007). The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(9)

**APPROVAL OF OUT-OF-STATE TRAVEL FOR JAMES NIELSEN, WEED AND MOSQUITO DEPARTMENT.**

Commissioner Horrocks explained that James Nielsen has been working with a cooperative group made up of Carbon and Emery Weed and Mosquito Departments. They have put together 18 smaller groups that go out and help them spray for noxious weeds and remove non-native trees to the area and re-vegetate the areas. They have won an award and would like permission to travel to Sacramento, CA with Carl Ivy to receive the award. The expenses will be paid by the BLM. It is an honor for James to receive this award. Commissioner Laurie Pitchforth made a motion to approve out of town travel for James Nielsen. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

**10:00 AM- PUBLIC HEARING-Conducting a public hearing to receive input from the public with respect to the issuance of up to \$12,500,000.00 general obligation bonds, if approved by eligible voters at a special bond election to be held in the Castle Valley Special Service District on Tuesday, November 3, 2009, for the purpose of paying all or part of the cost of certain capital improvement projects and the potential economic impact that the projects will have on the private sector.**

Commissioner Gary Kofford stated the purpose of the public hearing and turned the time over to Jacob Sharp, Castle Valley Special Service District and Alex Buxton, Zions Public Finance.

Jacob provided a brief summary of the election to be held on November 3, 2009 in conjunction with the 2009 Municipal Election. 2 questions will be put before the voters of Emery County. The first question asks the voter to authorize a \$12,500,000.00 bond to be used for the continuation of construction and improvement projects in the cities and towns of Emery County. The second question asks the voter to authorize to extend the annual tax levy of .001 into the future for the purpose of operation and maintenance of Castle Valley Special Service District as well as road maintenance such as chip seal and crack seal projects in the cities and towns in Emery County. Jacob added that the bond will not raise taxes but will continue the bond repayment until the new bond is retired instead of coming back in a few years to do it again. The verbage for the notice and question states that it is a notice of a tax increase. However, he reiterated, it is not a tax increase just an extension of the length of time to repay the bond. On the ballot this may be confusing to the voters. Without this authorization from the voters improvement projects will stop, and the District would have to raise rates significantly. Jacob stated that he has been vising cities and town council meetings to educate the local governments. They will be sending out a voter information brochure to augment their efforts to get the word out.

Commissioner Gary Kofford commented that he failed to mention that Darrell Leamaster retired

on September 11, 2009. Jacob is now the Director of the CVSSD. In the past the District has been able to take these voter approved funds to the CIB and sometimes double the money to fund projects throughout the county. Most of the time with grants that do not have to be repaid or 0% interest loans.

Commissioner Kofford asked for any comments or questions.

Phil Fauver asked if we ever get any of these bonds paid off?

Jacob answered that it takes five to six years to repay a bond. Each year we retire a few bonds and add another. This new bond will take us into 2024. He also added that the District is looking at replacing the county's aging infrastructure in the next 10 to 15 years. The culinary systems has been in the ground for at least 50 to 60 years. Some has been replaced, but a lot has not. This has the potential to cost a lot of money. Some of this replacement is planned with this bond election and some is in the future.

Alex Buxton explained that the District has done an outstanding job of getting 0% financing with this money. Without this bond election that would not be available to them. That saves the taxpayer 1.3 million just on interest alone. The voter information brochure that will be going out to the voters will summarize everything that has been discussed today.

Phil Fauver asked if there was a chance that this available money from the CIB would ever go away?

Alex reported that is possible at anytime with anything. Mineral lease money is federal money based on the energy producing counties in the state. Emery County is an energy producing county and he does not see that going away anytime soon.

There were no more questions or comments.

The public hearing was closed and they returned to the regular meeting.

(3)

**CONSIDERATION AND APPROVAL OF UTU-38044 RIGHT-OF-WAY APPLICATION FOR WILBERG MINE COAL HAUL ROAD**

Commissioner Gary Kofford recommended signing UTU -38044 Right-Of-Way application for Wilberg Mine Coal Haul Road with the BLM. Commissioner Jeff Horrocks made a motion to approve of UTU-38044 Right-Of-Way Application for Wilberg Mine Coal Haul Road. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(4)

(7)

**APPROVAL OF LETTER SUPPORTING UDOT IN THE BID AWARD FOR SOUTH MOORE PHASE VI TO NIELSON CONSTRUCTION.**

Commissioner Gary Kofford explained that there were 8 bidders on the South Moore Phase VII project. Nielson Construction was the low bidder on the project with a bid of \$2,948,081.25. UDOT has requested a letter from the Commission supporting award of the bid for South Moore Phase VII to Nielson Construction. Commissioner Jeff Horrocks made a motion to draft a letter from the Commission supporting award of the bid for South Moore Phase VII to Nielson Construction as low bidder on the project. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(8)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #2 FOR THE AQUATIC PARK.**

Change order #2 was for finishing up a few things with regards to the restrooms in the amount of \$19,161.35. A release of claims and final payment on the project is in the amount of \$22,995.82 making the total cost of the project \$426,591.25. Commissioner Jeff Horrocks made a motion to approve change order #2 for the Aquatic Park. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(9)

**CONSIDERATION AND APPROVAL OF PERSONAL PROPERTY EXEMPTIONS.**

Legislation that was passed in 2006 (HB338) states that a business with a taxable value less than \$3,800.00 may be exempt from Personal Property Tax. You must apply for this exemption and are subject to review and audit. A list of these personal property exemptions was presented for approval. Commissioner Jeff Horrocks made a motion to approve the list of personal property tax exemptions for 2009. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(10)

**CONSIDERATION AND APPROVAL OF RESOLUTION AUTHORIZING THE ISSUANCE AND SALE OF UP TO \$2,000,000.00 AGGREGATE PRINCIPAL AMOUNT OF INDUSTRIAL DEVELOPMENT BONDS (CONDUCTIVE COMPOSITES MANUFACTURING FACILITY PROJECT), SERIES 2009 OF THE COUNTY; FIXING CERTAIN MAXIMUM TERMS FOR THE BONDS; AND PROVIDING FOR RELATED MATTERS.**

Michael McCandless, Economic Development and Alex Buxton, Zions Public Finance representing the bonding company were present to discuss a resolution authorizing the issuance and sale of up to \$2,000,000.00 aggregate principal amount of Industrial Development Bonds (Conductive Composites Manufacturing Facility Project), Series 2009 of the county. Michael introduced George Hansen owner of Conductive Composites Manufacturing Facility, a research development firm located in Heber City, Utah. The company has put together a line of products. The products are non-conductive materials useful in aircraft manufacturing. The company is in need of a new manufacturing facility due to the number of orders that are currently lining up. Michael has been in negotiations with this company to locate their facility at the Industrial Park in Green River. They have negotiated a lease with Green River City to allow him, on a temporary basis, move into Green River City to begin manufacturing. The goal is to be in the

manufacturing mode by Thanksgiving and will provide approximately 35, household sustainable jobs to the area. This a very aggressive time line for the kind of high tech work that they do. But the orders are out there and the company needs to generate revenue. We still need to put together the overall financing package for him to put together his expansion plan. George has been working with delegates in Washington to secure on the Senate side through Senator Hatch's Office a 3.5 million dollars appropriation in the defense appropriation bill through a program to help make sure that the military has good suppliers for military manufacturing. They have funds to help companies that they view as key and critical to the defense's long term stability. They have an appropriation program that allows businesses to receive funds from the federal government to help them build manufacturing facilities. That money made it through the senate side a week ago. The whole project in total, acquisition of land, building of the building, putting in the infrastructure we are talking about 7 to 8 million dollars. We have come today with a component of that financing package with what is called Private Activity Bond. A Private Activity Bond is a tool that the IRS has developed over the last 30 to 40 years that allows municipalities to assist in the development of manufacturing entities in the state to create jobs. Instead of handing them money or giving them an incentive such as building them a road, we lend them our name. George has already been before this Private Activity Bond Board in July. Michael read from the State's Private Activity Bond Board's website as follows: "State and federal laws allow manufacturing company to ask a government entity or city or county to use their name and tax exempt financing status to issue tax exempt bonds the same way cities and counties finance themselves. However, instead of using the proceeds for a public purpose like a public activity the bonds are used to benefit a private user like a manufacturer, hence the bonds are called Private Activity Bonds. The tax exempt status of the bonds is obtained by having a government entity issue the bonds. The security that the government issues, assuming that they meet all the tax requirements are exempt from state and federal income taxes. Private users of the qualified Public Activity Bonds benefit because the interest rate of tax exempt bonds is lower than taxable bonds. Although Private Activity Bonds are issued by government entities there is no guarantee, debt, liability, obligation or pledge of faith by the city or county. Essentially, the government entity lends its name as the issuer enabling the manufacturing entity to realize the tax exempt interest rate. Tax exempt bonding provides manufacturers in Utah with an alternative low cost source of funds to finance capital expenditure which in turn creates jobs and other public benefits to the state's economic development."

Mr. Hansen went before the Private Activity Bond Board in July and was approved to receive up to 2 million dollars under the Private Activity Bond Program. This is another way for us to offer incentives to locate their business in Emery County.

Alex Buxton commented that the tax exempt benefit between a tax exempt bond and taxable bond is about 1.5 to 2 %. If you are dealing with a \$2 million bond issue you can see that the savings and interest over the life of the bond is a few hundred thousand dollars. Not a small amount. So you can see why it is worth it for Mr. Hansen and his company to go through the

hoops of meeting before the Private Activity Bond board, putting together an application, getting a municipality or county to issue the bonds on his behalf. Again, there is no commitment from the county's perspective. You are not on the hook in any way, shape or form with respect to repayment of this debt. You are just the conduit issuer on behalf of the company to get the tax exempt interest rate.

Commissioner Kofford asked if this affects the county's bonding ability for the future?

Alex indicated that it will show up on your financial statement but not as far as bonding capacity, credit rating or bank qualification, where there is a limit of \$30 million dollars you can issue in any one given year and still maintain a bank qualification status.

Michael commented that it will actually show up on the State's limit.

Alex indicated that the second piece to this process is probably the toughest part. Finding a financial institution to be purchaser of the bond. Alex indicated that he is confident that they will be able to do that.

Attorney David Blackwell commented that investors, when they look at this they look at the company, not the county to guarantee the bond.

Commissioner Jeff Horrocks made a motion to approve and move forward with the issuance of up to \$2,000,000.00 aggregate principal amount of Industrial Development Bonds on behalf of Conductive Composites Manufacturing Facility Project, Series 2009 of the County. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**DISCUSSION OF COUNTY GIFT FOR ANNUAL UAC CONFERENCE IN ST. GEORGE, UTAH.**

UAC Conference will be November 12 and 13<sup>th</sup> in St. George, Utah. Counties are asked to bring a gift that represents their county. The minimum amount of the gift should be a minimum of \$50.00 and not over \$300.00. Dixie Swasey has been assigned to get the gift in the past and was asked if she would be willing to do it again this year. Dixie indicated that she would be willing to get the gift. Commissioner Gary Kofford made a motion to assign Dixie Swasey to get a gift representative of Emery County, spending under \$300.00. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

Commissioner Laurie Pitchforth made a motion to leave the regular meeting and move into a public hearing and at the conclusion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Gary Kofford and the motion passed.

**10:00 AM, PUBLIC HEARING- TO RECEIVE PUBLIC INPUT WITH RESPECT TO THE ISSUANCE OF UP TO \$2,000,000.00 AGGREGATE PRINCIPAL AMOUNT OF INDUSTRIAL DEVELOPMENT BONDS (CONDUCTIVE COMPOSITES MANUFACTURING FACILITY PROJECT) SERIES 2009 IN ACCORDANCE WITH THE PROVISIONS OF SECTION 147 (F) OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED.**

Mile McCandless, Economic Development provided a brief background of the purpose for the public hearing. The purpose is to receive input with respect to the issuance of up to \$2,000,000.00 aggregate principal amount of Industrial Development Bonds (Conductive Composites Manufacturing Facility Project) Series 2009 in accordance with the provision of Section 147 (f) of the Internal Revenue code of 1986 as amended. Mike explained that this is meet IRS guidelines in relationship to Emery County's assisting Conductive Composites in receiving up to \$2 million in industrial revenue bonds or private activity bonds which allows the company to utilize the county's name to go out and searching for bonds that they can sell to fund a portion of the project. The project is actually approximately between \$6 and \$8 million dollars this would constitute a fairly large part of the overall project but not the total financing package. The county did approve to move forward with the issuance of the bonds. However, to meet requirements of the law we have to hold a public hearing to receive any public comment that arises during the process. This process will be attached to Conductive Composites statements as

part of the process and in filing their taxes. Conductive Composites is moving forward in working on their temporary facility in Green River. They are targeting to move into the temporary facility by Thanksgiving. The planning and zoning approval is on the agenda for tomorrow night's Planning & Zoning meeting at 7:00pm. They have made it through the Senate Committee to receive approximately \$3.5 million dollars towards the project through military appropriations. Things look favorable for that. It should make it through that process soon. That component of the financing package is moving along well because of the type of business that they are. They have already hired some local Green River residents, mostly construction and workers at the location. The purpose of the public hearing today is to receive concerns or comments the public might have in relation to the issuance of the bonds. The county is offering, instead of cash as they would a normal incentive, such as a tax incentive or assistance in building a road, we are offering the county's name to assist Conductive Composites in the development of their bond. Once we issue our name on this we will effectively be out of the process. Other than there will be a follow up meeting to approve the sale of the bonds once the bonds are sold.

Commissioner Kofford asked for any questions or comments.

Steven Barton asked if on the application it shows Emery County as a supporter of the process.

Mike indicated that we send an inducement letter indicating that Emery County approves of them to utilize our name for the purpose of the private activity bond.

Commissioner Kofford indicated that the bond will be tax free and whoever buys the bond will not have to pay tax on it. That is the incentive to buy the bond. The accountability for the bond goes back to the State of Utah rather than the County's and does not affect the county's ability to bond in the future. The State is allotted \$ 6million dollars for bonding purposes.

Commissioner Kofford indicated that he went down there last week. They are working out a few fire code issues.

Phil Fauver asked about the fire code issue. Is the manufacturing process flammable?

Mike indicated that the chemicals that they use in the process have specific classification associated with them under the fire code. They want to make sure the construction of the building has meets the fire code for the specific chemicals that they have in place. It means that they need a three hour fire rating on the wall between the office and portion of building where manufacturing takes place. They have to determine the best way to meet the need in the building.

Phil Fauver: There is no way that the chemicals can leak out into the ground water?

Mike indicated that the chemicals are all in gas form. Actually it is Carbon Monoxide. They use

the Carbon Monoxide to mix with Nickel that creates the process that they want. That process is the reason for the concern.

Commissioner Kofford indicated that the reason for the concern is that the building where the manufacturing takes place is next to an office area. That wall is the reason for the three hour fire rating.

Hearing no more comments. They returned to the regular meeting.

**CONSIDERATION AND APPROVAL OF OUT OF STATE TRAVEL FOR JANALEE LUKE, NICOLE DEABENDERFER, TOM HARRISON, JARED CURTIS, AND JOHN BARNETT.**

Motion to approve out of state travel for Janalee Luke, Nicole Deabenderfer, Tom Harrison, Jared Curtis and John Barnett was made by Commissioner Laurie Pitchforth and seconded by Commissioner Gary Kofford. The motion passed.

(5)

**OPENING OF FUEL BUNKER BIDS. CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED PAPERWORK.**

The Highway Department publish advertisement for bids to construct a fuel bunker at the road shop. One bid was received from Wall Contractors in the amount of \$6,864.00. Commissioner Laurie Pitchforth made a motion to award the bid for construction of a fuel bunker at the road shop to Wall Contractors for \$6,864.00. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(6)

**RATIFICATION OF 2010 SECURE RURAL SCHOOL ALLOCATION. NOTIFICATION OF PUBLIC COMMENT PERIOD.**

Commissioner Gary Kofford asked for a ratification of action taken to determine allocation of Emery County's FY2009 Secure Rural School Funds. Action had to be taken prior to meeting in order to comply with an October 1<sup>st</sup> deadline. The amount coming to Emery County for FY2009 is \$353,888.00. It was determined that 85% would go to Title I projects (split 50/50 between Emery County School District and Emery County Special Service District #1), 8% would go to Title II which goes to area Forest Service RAC's and 7% would go to Title III projects. Commissioner Laurie Pitchforth made a motion to ratify the distribution of Secure Rural School

funds for FY2009 as 85% to Title I, 8% to Title II, and 7% to Title III. The motion was seconded by Commissioner Gary Kofford and the motion passed.

Title III funds go to the county to be used to carry out activities under the fire wise communities program or to reimburse county for emergency services performed on federal land or to develop a community wild fire protection plan. Commissioner Kofford asked that FY2008 Title III funds in the amount of \$19,660.00 be issued to Emery County to reimburse for costs involved in search and rescue efforts in the San Rafael Swell. The county is required to put notice in the paper of the intended use of Title III funds and allow 45 days for a public comment period before allocating these funds. The county must also certify that funds were used for the authorized uses. Commissioner Laurie Pitchforth made a motion to approve publishing notice in the Emery County Progress of Emery County's intent to distribute FY2008 Title III funds as discussed above. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(7)

**CONSIDERATION AND APPROVAL OF VETERAN, CIRCUIT BREAKER, AND BLIND TAX ABATEMENTS.**

Motion to approve the veteran, circuit breaker, and blind tax abatements for 2009 was made by Commissioner Laurie Pitchforth and seconded by Commissioner Gary Kofford. The motion passed.

(8)

**CONSIDERATION AND APPROVAL OF LOW INCOME TAX ABATEMENTS FOR MARY ANN RIZZUTO, VERNE HINTON, AND DORIS COOPER.**

Brenda Tuttle presented the low income abatement applications for Mary Ann Rizzuto, Verne Hinton and Doris Cooper. At the Commissioners discretion the abatement may be up to fifty percent of the tax owing in 2009. Taxes for Mary Ann Rizzuto are \$831.63, 50% would be \$415.82. Taxes for Verne Hinton are \$472.53, 50% would be 236.27. Taxes for Doris Cooper are \$686.81. Doris has been making payments and has a balance of \$76.21. Commissioner Laurie Pitchforth made a motion to approve abating 50% of the owing property taxes for Mary Ann Rizzuto and Verne Hinton and \$76.21 for Doris Cooper. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(9)

**SETTING OF DATES FOR FY2010 BUDGET WORK MEETINGS.**

The Board of Commissioners discussed setting budget meetings for the following dates:

Commission Meeting Minutes  
October 13, 2009

October 20<sup>th</sup> at 9:00 am, October 23<sup>rd</sup> at 9:00 am, November 4<sup>th</sup> at 9:00 am, November 5<sup>th</sup> at 9:00 am and November 6<sup>th</sup> at 9:00 am. Commissioner Laurie Pitchforth made a motion to set budget meetings for t October 20<sup>th</sup> and 23<sup>rd</sup>, November 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> beginning at 9:00 am. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(10)

**CONSIDERATION AND APPROVAL OF AGREEMENT TO JOINTLY PARTICIPATE WITH CARBON COUNTY AND ASSOCIATION OF GOVERNMENTS ON AN APPLICATION FOR AN EPA ASSESSMENT GRANT FOR SOUTHEASTERN UTAH.**

Mike McCandless explained that this is an agreement with Carbon County, Emery County and Southeastern Utah Association of Local Governments to facilitate the organization Brownfield Assessment to inventory and reclaim properties that have contamination such as old service stations. Point man on the project would be Delynn Fielding, Carbon County, with Mike McCandless, Emery County assisting. Commissioner Laurie Pitchforth made a motion to approve an agreement to participate with Carbon County and Association of Governments on an application for an EPA Assessment Grant for Southeastern Utah. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(11)

**CONSIDERATION AND APPROVAL OF UNDERGROUND RIGHT-OF-WAY AGREEMENT BETWEEN EMERY COUNTY AND ROCKY MOUNTAIN POWER FOR CARE CENTER.**

Commissioner Kofford reported that the transformer on the pole at the Emery County Care Center needs to be moved closer to the building. Since the property is in Emery County's name the approval for an underground right-of-way easement must come from the county. The work involved in doing this will be approved in MBA. The easement document has been reviewed by Attorney David Blackwell. Commissioner Laurie Pitchforth made a motion to approve an underground right-of-way easement with Rocky Mountain Power to move the transformer power line at the Emery County Care Center. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(12)

**AWARD CONTRACT FOR REMOVAL OF RUSSIAN OLIVE TREES FROM SWINGING BRIDGE TO FULLER'S BOTTOM AND ASSOCIATED PAPERWORK.**

James Nielsen, Emery County Weed/Mosquito has received a grant through the BLM for the purpose of flagging, removing and treating Russian Olive Trees along Fuller's Bottom to Swinging Bridge. Request for proposals to do the work on the 20 to 26 mile stretch were advertised. Bids were received from the following:

Global Studies Institute, \$2,750.00 for the first two miles of the project or \$18,760.00 complete.

Castle Valley Landscaping, \$87,000.00

Kolby Jensen, \$26,000.00

Lee Jeffs, \$8,000.00

Commissioner Kofford suggested having James review the bids along with Attorney Blackwell to

determine the liability involved in this project and to determine the best qualified to do the job, not necessarily the lowest bidder. James indicated that it is hard to determine the magnitude of this project. The county attorney needs to draw up a contract indicate the liability involved in this project. Commissioner Laurie Pitchforth made a motion to let James review the bids along with the assistance of Attorney David Blackwell and determine the best one to do the work. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(13)

**SETTING OF FIRST PUBLIC HEARING TO CONSIDER POTENTIAL PROJECTS FOR WHICH FUNDING MAY BE APPLIED UNDER THE COMMUNITY DEVELOPMENT BLOCK GRANT SMALL CITIES PROGRAM FOR PROGRAM YEAR 2010.**

Commissioner Laurie Pitchforth made a motion to set a public hearing date for November 10, 2009 at 10:00 am to consider potential projects for which funding may be applied under the Community Development Block Grant Small Cities Program for program year 2010.

The motion was seconded by Commissioner Gary Kofford and the motion passed.

(14)

**CONSIDERATION AND APPROVAL OF COMMISSIONER ADJUSTMENT FOR STONEY JENSEN ON PROPERTY ASSESSMENT.**

Kris Bell, Assessor presented a Commissioner adjustment (refund) request for property owned by Stoney Jensen which was missed during BOE. This property should have been placed on Greenbelt. Previous market value was \$1,250.00, new market value is \$1,250.00 with the use for

Greenbelt at \$80.00. Previous taxes were \$18.59, new taxes are \$1.18. This is a difference of -\$17.41. Also, a Commissioner's adjustment through the Treasurer's program, owner Stoney Jensen had a question regarding percentage completed on his home in Elmo, Utah. This was to be done for BOE but was missed by area appraiser. Previous market value \$135,677.00, new market value \$75,376.00. Previous taxes \$1,109.55, new taxes \$616.42. This is a difference of -\$493.13. Commissioner Laurie Pitchforth made a motion to approve the proposed property assessment adjustments for Stoney Jensen. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(15)

**CITIZEN CONCERNS.**

Phil Fauver commented on the proposed initiatives on the ballot in November. He urged everyone to read them carefully.

(16)

**PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

A. Ratification of Emery County Travel Bureau volunteers.

Ratification to add Shawna Horrocks, Gayla Guymon, Helen McCandless, Brandon McCandless, Terry Williams, Mark Benson, Chris Carter, and Beth Marshall as volunteers for the Emery County Travel Bureau. Commissioner Laurie Pitchforth made a motion to ratify the list of volunteers for the Emery County Travel Bureau. The motion was seconded by Commissioner Gary Kofford and the motion passed.

B. Notification of 90 day temporaries, Kyle Cook and LuAnn Koch.

Notification that Jerilyn Mathis hired Kyle Cook as a 90 day temporary employee to help with the general maintenance of the Libraries while Owen Olsen is out for personal reasons. **COMMISSION REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks reported on attending Castle County Partners meeting in Moab where they discussed Transient Room Tax funds and how they have fluctuated up and down in various counties. They determined that the economy is causing people to stay close to home. They also discussed Restaurant Tax and how the money is spent. According to what the statutes require for the money's uses they felt good about how it is being spent.

The Emery County Care Center project is moving along well. The facility looks nice and is long past due for the County.

*Commissioner Kofford*

Commissioner Kofford reported that he met with Nielson Construction at a pre-construction meeting on the South Moore Cut-Off Road. They will have to do some mitigation work on a section of wetlands by October 31, 2009. Signs are up for that work to begin and they will be working through the fall.

Goblin Valley Phase II is being completed with stimulus funds. The asphalt phase is completed. Depending on the weather Nielson Construction will complete Phase III this fall.

American Energy will begin work on Lila Canyon Road once the funds acquired from CIB are secured.

Huntington Airport recently got new heaters in the hangers.

Motion to leave the regular meeting and enter into an executive session to discuss attorney/client communications regarding possible litigation or other matters as allowed by law and at the conclusion of the closed session to return to the regular meeting was made by Commissioner Jeff

**10:00 a.m.- PUBLIC HEARING- To receive public comment to consider potential projects for which funding may be applied for under CDBG Small Cities Program.**

The Emery County Commission Meeting convened in regular session on November 10, 2009, in the Emery County Courthouse, meeting commenced at 9:00 a.m. The public hearing was noticed as part of this meeting and commenced at 10:00 a.m..

Present:           Emery County Commissioner: Gary Kofford  
                      Emery County Commissioner: Laurie Pitchforth  
                      Emery County Commissioner: Jeff Horrocks  
                      Deputy Clerk/Auditor: Carol Cox  
                      Administrative Assistant: Leslie Bolinder  
                      Personnel Director: Mary Huntington  
                      Emery County Treasurer: Steven Barton  
                      Highway Supervisor: Morris Sorensen  
                      Sargent: Bill Downard  
                      Patsy Stoddard: Emery County Progress  
                      Public: Bill Dellos,  
                      Debbie Hatt: Southeastern Utah Association of Local Governments  
                      Emery County Recorder: Dixie Swasey  
                      Emery County Clerk/Auditor: Brenda Tuttle  
                      Emery County Attorney : David Blackwell

Commissioner Gary Kofford, opened the public hearing for the CDBG program and stated that this hearing is being called to consider potential projects for which funding may be applied under the 2010 Community Development Block Grant program. It was explained that the grant money must be spent on projects benefitting primarily low and moderate income persons. The Southeastern Utah Association of Local Governments, in which Emery County is a member, is expecting to receive approximately \$300,000.00 to \$350,000.00 in this new program year. All eligible activities that can be accomplished under this program are identified in the CDBG Application Guide and interested persons can review it at any time. Commissioner Gary Kofford

COMMISSION MEETING MINUTES  
NOVEMBER 10, 2009

read several of the eligible activities listed including, construction of public works and facilities, ie: water and sewer lines, fire stations, acquisition of real property, provision of public services such as food banks or homeless shelters. Also eligible are loan programs for private businesses which would then hire low income persons and the program can also pay for housing rehabilitation for low income homeowners or for persons owning rental housing for lower income persons. Commissioner Gary Kofford indicated that in the past this region has received \$300,000.00 to \$350,000.00. The County has handed out its capital investment plan as a part of the regional **“Consolidated Plan”**. **This list shows which projects the county has identified as being needed in the community.** It was asked that anyone with questions, comments or suggestions during the hearing please identify themselves by name, before they speak. The clerk will include your names in the minutes and we would like to specifically respond to your questions and suggestions during the hearing. Commissioner Jeff Horrocks suggested a new food bank facility. The current facility in Castle Dale is over 50 years old, has been remodeled several times and is in disrepair. Commissioner Gary Kofford responded to suggestion by stating that a new food bank facility would be an eligible project.

Commissioner Gary Kofford then opened the meeting up to further suggestions from the audience. Emery County Progress, Editor Patsy Stoddard suggested that Green River Community Center is looking for funds to construct a new facility. Commissioner Laurie Pitchforth suggested that low income housing is an issue that could be addressed. Patsy Stoddard asked if the \$300,000.00 to \$350,000.00 was to be shared with the other counties participating in SEUALG? Patsy Stoddard asked if the funds could be used to purchase an existing building such as the old doctor’s office building in Ferron? Commissioner Gary Kofford responded by saying that Castle Dale is central to the number of participants that would be using a food bank. Bill Dellos asked if the funds could be used to purchase property? Commissioner Kofford stated that Emery County owns the property that the current facility is located on. Bill Dellos asked if the funds could be used to remodel the facility? Debbie Hatt responded that she was not sure that a facility could be remodeled due to health code issues.

Commissioner Gary Kofford asked if there were any other suggestions?

There were no other suggestions.

The hearing was adjourned at 10:30 a.m.

**COMMISSION REPORTS***Commissioner Laurie Pitchforth*

Commissioner Pitchforth reported on attending Public Officials meeting in Midvale where they discussed emergency preparedness with Homeland Security and Governor Herbert. Emphasis was placed on showing respect for our emergency services. On Festive Friday which is sponsored by USU Extension Services they focus was also on emergency preparedness. They focused on evacuation plans and emergency supplies. The recent pumpkin chucking festival was well received. Pumpkins were chucked using various means for some as far as 700 feet. The Emery County Care and Rehabilitation Center is in the process of hiring another director. Kaleen Wilcox has resigned. Through no fault of her own she was found to not have a temporary license. Turns out it was a mistake made on a state level. They hope to have a new administrator in place soon. The remodeling project is moving along very well. The Domestic Violence Coalition recently held a conference in the Courthouse. The speaker was Laurie Hacking's mother. The conference was well attended.

COMMISSION MEETING MINUTES  
NOVEMBER 10, 2009

*Commissioner Jeff Horrocks*

Commissioner Horrocks reported on attending Department of Natural Resources RAC meeting in Green River. They discussed proposed changes to the muzzle loader hunt and the rifle hunt. In Public Lands Council they discussed the public lands use bill and voted as a board to continue with efforts to pursue in congress. In Council Of Government meeting they discussed the Fire District's need for 8 new fire trucks and how to pay for them. They have made a presentation to the CIB Board for funding. He also attended Coal County Partnership Board meeting in Moab where they discussed the economic status of the State of Utah and the increase of use at the National Parks in Utah. They also discussed the cost of use of Parks and TRT tax money. The Travel Council is currently working on an information center on Buckhorn Draw.

*Commissioner Gary Kofford*

Commissioner Kofford reported on current road projects in the county. Temple Mountain Goblin Valley Road to Highway 24 has two projects going. Funds for these projects are coming from stimulus money and park access funds. Moore Cut-Off Road is under construction from Highway 10 to intersection by Moore. They are trying to get earth work done this fall. He recently attended CIB funding meeting with Garth Childs and Garth Oliver where they requested funds for the purchase of 8 new fire trucks. The request was for \$2.5 million dollars of which Emery County Fire Protection Special Service District and Emery County will match 50/50. The CIB did award a grant but will now go to the February 2010 meeting for the funding phase. The district will be replacing 30 year old trucks that do not develop the water pressure needed to fight fires. With new regulations in place new fire trucks now must be equipped to fight wildland fires. On November 19, 2009 at 8:30 p.m. at the Green River Senior Center in Green River there will be a UDOT quarterly committee meeting which is open to the public. UAC Convention starts on November 11, 2009 in St. George. All elected officials will be going. There will be a Wilberg Mine Tribute on December 19<sup>th</sup> at 4pm at the Monument site in Orangeville and a program held at Emery High School that evening.

### **MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS** **HELD IN THE EMERY COUNTY COURTHOUSE** **NOVEMBER 10, 2009**

The Emery County Commission Meeting convened in regular session on November 10, 2009 in Castle Dale, Utah, meeting commenced at 9:00 A.M.

Present:           Commissioner: Gary Kofford  
                  Commissioner: Jeff Horrocks  
                  Commissioner: Laurie Pitchforth  
                  Deputy Clerk/Auditor: Carol Cox  
                  Administrative Assistant: Leslie Bolinder  
                  SEUAOG CDBG Coordinator: Debbie Hatt  
                  Personnel Director: Mary Huntington  
                  Attorney: David Blackwell  
                  Treasurer: Steven Barton  
                  Recorder: Dixie Swasey  
                  Clerk/Auditor: Brenda Tuttle  
                  Highway Supervisor: Morris Sorensen  
                  Sargent: Bill Downard  
                  Emery County Progress Editor: Patsy Stoddard  
                  Public: Bill Dellos

#### **COMMUNITY DEVELOPMENT BLOCK GRANT PUBLIC MEETING:**

Commissioner Gary Kofford opened the public hearing for the CDBG program and stated that this hearing is being called to consider potential projects for which funding may be applied under the 2010 Community Development Block Grant Program. It was explained that the grant money must be spent on projects benefiting primarily low and moderate income persons. The Southeastern Utah Association of Local Governments in which Emery County is a member, is expecting to receive approximately \$400,000.00 in this new program year. All eligible activities that can be accomplished under this program are identified in the CDBG Application Guide and interested persons can review it at any time. Commissioner Gary Kofford read several of the eligible activities listed including, (examples such as: construction of public works and facilities, ie: water and sewer lines, fire stations, acquisition of real property, provision of public services such as food banks or homeless shelters.) Also eligible are loan programs for private businesses which would then hire low income persons and the program can also pay for housing rehabilitation for low income homeowners or for persons owning rental housing for lower income persons. Commissioner Gary Kofford indicated that in the past this region has received

\$300,000.00 to \$350,000.00. The County has handed out its capital investment plan as a part of the regional **“Consolidated Plan”**. **This list shows which projects the county has identified as being needed in the community.** It was asked that anyone with questions, comments or suggestions during the hearing please identify themselves by name, before they speak. The clerk will include your names in the minutes and we would like to specifically respond to your questions and suggestions during the hearing. Commissioner Jeff Horrocks suggested a new food bank facility. The current facility in Castle Dale is over 50 years old, has been remodeled several times and is in disrepair. Commissioner Gary Kofford responded to suggestion by stating that a new food bank facility would be an eligible project.

Commissioner Gary Kofford then opened the meeting up to further suggestions from the audience. Emery County Progress, Editor Patsy Stoddard suggested that Green River Community Center is looking for funds to construct a new facility. Commissioner Laurie Pitchforth suggested that low income housing is an issue that could be addressed. Patsy Stoddard asked if the \$300,000.00 to \$350,000.00 was to be shared with the other counties participating in SEUALG? Patsy Stoddard asked if the funds could be used to purchase an existing building such as the old doctor’s office building in Ferron? Commissioner Gary Kofford responded by saying that Castle Dale is central to the number of participants that would be using a food bank. Bill Dellos asked if the funds could be used to purchase property? Commissioner Kofford stated that Emery County owns the property that the current facility is located on. Bill Dellos asked if the funds could be used to remodel the facility? Debbie Hatt responded that she was not sure that a facility could be remodeled due to health code issues. Commissioner Gary Kofford asked if there were any other suggestions? The hearing was adjourned at 10:30 A.M.

There were no dispositions.

Motion to approve the Warrant Check Edit List, additional claims, and requisitions was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth and the motion passed.

(2)

**CONSIDERATION AND APPROVAL OF BUSINESS LICENSE FOR OLIVIA'S CHILD CARE.**

A business license application was presented for Olivia Peterson dba: Olivia's Child Care. The business license has been approved by the Building Inspector and Zoning Administrator. Motion to approve a business license for Olivia Peterson dba: Olivia's Child Care was made by Commissioner Laurie Pitchforth, seconded by Commissioner Jeff Horrocks and the motion passed.

(3)

**DISCUSSION OF PARTICIPATION IN MULTI-JURISDICTIONAL HAZARD PRE-DISASTER MITIGATION (PDM) PLANNING PROCESS. APPROVAL OF LETTER OF COMMITMENT.**

Commissioner Gary Kofford explained that the Multi-Jurisdictional Hazard Pre-Disaster Mitigation (PDM) Planning Process is done every five years and is necessary to participate with FEMA in the event of a disaster. Southeastern Utah Association of Governments is asking for a letter of commitment from the Board of Commissioners. Commissioner Jeff Horrocks made a motion to send a letter to SEUAG stating Emery County's commitment to the process. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(4)

**REVIEW AND APPROVAL OF EMERY COUNTY PERMANENT COMMUNITY IMPACT FUND BOARD 2010 LOCAL CAPITAL IMPROVEMENT LIST.**

Commissioner Gary Kofford reviewed the Emery County Permanent Community Impact Fund Board 2010 Local Capital Improvement List. On the short term list, it was proposed to remove the Recreation SSD's Aquatic Center Park sprinkler project as that project has been completed. On the medium term list, it was proposed to add North Emery Water Users SSD spring development and maintenance project for \$250,000.00. Commissioner Jeff Horrocks made a motion to approve the PCIFB 2010 Local Capital Improvement List with the noted changes. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(5)

**RATIFICATION OF OUT-OF-STATE TRAVEL FOR JARED CURTIS.**

Commissioner Laurie Pitchforth made a motion to ratify approval of out-of-state travel for Jared

Curtis. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(6)

**CONSIDERATION AND APPROVAL OF BONUS FOR LIBRARY PERSONNEL.**

Commissioner Gary Kofford explained that in the budget process for 2009 the Commissioners approved a 4% wage increase for employees. The Library is its own taxing entity and did not set aside money for wage increases in 2009, so library personnel did not get a wage increase. The Library Board voted to use funds not spent from regular salaries in 2009 to give a wage increase to library personnel. They have chosen to give the wage increase in the form of a wage adjustment or bonus. The bonus ranges from \$479.00 for a full time employee to \$96.00 for a 8 hours a week employee. The Library Board has already approved this action so it is just a formality for the Commission to approve. Motion to approve pay adjustments for library personnel for 2009 was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth and the motion passed

(7)

**REPRESENTATIVES FROM LIBERTY NATIONAL LIFE INSURANCE COMPANY,  
DISCUSSION OF OFFERING GROUP TERM LIFE INSURANCE TO FULL TIME  
EMPLOYEES THROUGH A PRE-TAX PAYROLL DEDUCTION.**

Representatives from Liberty National Life Insurance Company, Chris Gibson and Blair Hiatt were present to present a group term life insurance program to full time employees through pre-tax payroll deduction. Following their presentation Commissioner Gary Kofford thanked them for coming. The Commissioners will meet with Personnel Director, Mary Huntington to determine if the program fits with what the county already has in force.

(8)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #3 FOR EMERY  
COUNTY AQUATIC CENTER.**

Commissioner Gary Kofford reviewed change order #3 for the Emery County Aquatic Center. This is to return to Emery County unused contingency in the amount of \$44,311.00. The project was completed a year ago and the facility was opened to the public in December 2008. The original contract was \$5,790,479.00. The new contract sum is \$5,391,074.00. A letter of appreciation was sent to Naylor Wentworth Lund Architects, PC and Hughes General Contractors for their work on the project. Motion to approve change order #3 for Emery County Aquatic Center was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth and the motion passed.

(9)

**APPROVAL TO ADVERTISE FOR TWO AT-LARGE BOARD MEMBER VACANCIES ON THE EMERY COUNTY RECREATION SPECIAL SERVICE DISTRICT.**

Commissioner Gary Kofford stated that the four year terms have expired of Emery County Recreation Special Service District at-large board members, John Nielson and Jimmy Jones. He recommended advertising for interested persons to be considered for appointment to the Recreation SSD Board. Commissioner Laurie Pitchforth made a motion to advertise for two at-large board members for the Emery County Recreation Special Service District. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(10)

**CONSIDERATION AND APPROVAL OF PURCHASE DOCUMENTS FOR UDOT RIGHT-OF-WAY ACQUISITION AND ASSOCIATED PAPERWORK.**

Commissioner Gary Kofford discussed an offer to purchase right-of-way from UDOT for the Quitchupah Hill Climbing Lane 4 miles south of Emery on SR-10. UDOT made an offer of \$1,100.00 as just compensation for the property. The document package included all the necessary documents to complete the purchase if Emery County agreed with the purchase. Commissioner Laurie Pitchforth made a motion to approve the purchase documents from UDOT for the purchase of property known as Quitchupah Hill Climbing Lane. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

**COMMISSION REPORTS**

*Commissioner Pitchforth*

Commissioner Pitchforth reported on UAC conference held November 11, 12 and 13, 2009 in St. George. Commissioner Pitchforth reported on attending a Utah Transmission Commission meeting in Green River. She also reported on the HOPE Coalition luncheon recently held in the courthouse. Dr. Lowell Morris talked about prescription use in the communities. The Head Start program in Huntington recently held a luncheon to raise money for their new sign at the facility.

*Commissioner Kofford*

Commissioner Kofford reported on the progress of road projects in the county. Phase II of Goblin Valley Road was done with stimulus money and is now complete. Phase III is complete other than to chip seal the road which will be done in the spring. The road to Goblin Valley State Park is a nice addition to the county for those accessing the park. The county road crew is currently working on upgrading Little Wildhorse Canyon road. The crew will chip seal in the spring to stabilize the road.

Commissioner Jeff Horrocks made a motion to move out of the regular meeting and move into an executive session and at its conclusion to return to the regular meeting. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

MINUTES OF THE REGULAR MEETING OF THE  
EMERY COUNTY BOARD OF COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

DECEMBER 8, 2009

Present at the meeting was Commission Chairman Gary Kofford, Commissioner Jeff Horrocks, Commissioner Laurie Pitchforth, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

**CONSIDERATION AND APPROVAL OF CHECK EDIT LIST, REQUISITIONS AND DISPOSITIONS .**

Clerk/Auditor Brenda Tuttle presented the Warrant Check Edit List # 203099 through and including # 203231 for payment.

One requisition was presented and signed by the Commissioners prior to this meeting to meet the deadline for requisitions. The requisition was from the Aquatic Center for software for the swimming pool at a cost of \$10,095.00. There were 2 dispositions for chairs from Green River Justice Court. Commissioner Jeff Horrocks made a motion to approve the Warrant Check Edit List, additional claims and dispositions and to ratify the signing of the requisition. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(2)

**APPROVAL FOR LIBERTY NATIONAL INSURANCE COMPANY TO OFFER TERM LIFE INSURANCE POLICIES TO COUNTY EMPLOYEES THROUGH PAYROLL DEDUCTION.**

Two weeks ago representatives from Liberty National Insurance Company made a presentation to the Board of Commissioners regarding providing life insurance for county employees. This would be life insurance over and above what the county already offers its employees. The advantages to this insurance is it goes with you when you retire, the premium never goes up and is paid with pre-tax dollars. If the employee elects this insurance the premium is paid before taxes are taken out of their paycheck. Steven Barton asked if there has been a rate comparison done? Mary Huntington indicated that she had not done a rate comparison but that there aren't very many companies out there that offer the same things that this company is offering. Commissioner Jeff Horrocks made a motion to move forward with having Steve Barton and Mary Huntington contact other insurance companies to get rate comparisons and to move this to the next Commission Meeting for consideration. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(3)

**CONSIDERATION OF APPROVAL AND DISCUSSION REGARDING THE RECOMMENDATIONS OF THE PUBLIC LANDS COUNCIL THAT THE EMERY COUNTY BOARD OF COMMISSIONERS ACCEPT THE ADVICE OF THE UTAH PUBLIC LANDS POLICY COORDINATING OFFICE (PLPCO) TO DISMISS WITHOUT PREJUDICE THE LAWSUIT ENTITLED STATE OF UTAH, et. AL. VS UNITED STATES OF AMERICA, et. AL., IN THE DISTRICT COURT OF UTAH, CENTRAL DIVISION.**

Commissioner Gary Kofford reported that a few years ago Emery County filed a legal motion regarding 12 roads on San Rafael trying to get RS 2477 title to them. At that time it was determined that there were 7 that Emery County could possibly go to trial on. The lawyers have to give information to the courts by December 15, 2009. They tell us that the affidavits are weak. Some of the people have passed away or have backed down on their testimony. So therefore, the lawyers felt that we need to back down from the lawsuit but to leave the option open should we desire to pick up the fight at another time. The recommendation from the Public Lands Council was that there are other avenues to pursue. The Attorney General's Office told them that two weeks ago they went to court with a slightly stronger case in San Juan County that they lost. The Commissioners have spoken to USA-ALL who is working on finding someone who has used the roads for ten continuous years prior to 1970 but it is hard to get witnesses to solidify the case. Dixie Swasey asked what will happen to those roads? Ray Petersen indicated that nothing will change by dropping the lawsuit. The roads will remain open. We are just trying to reopen those parts of the roads that were closed. Commissioner Kofford indicated that this dismissal without prejudice allows us to re- file later when we have a stronger case. Commissioner Jeff Horrocks made a motion to accept the recommendation of the Public Lands Council that the Emery County Board of Commissioners accept the advice of the Utah Public Lands Policy Coordinating Office to dismiss without prejudice the lawsuit entitled State of Utah, et.al. vs United States of America, et.al., in the District Court of Utah Central Division. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(4)

**CONSIDERATION AND APPROVAL OF BUILDING PERMIT FEE WAIVER FOR HUNTINGTON CITY.**

Commissioner Jeff Horrocks made a motion to approve a building permit waiver of \$69.25 for Huntington City for a junction box at the city park. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(5)

**CONSIDERATION AND APPROVAL OF REQUEST FOR WAIVER/DEDUCTION OF LANDFILL INVOICE FOR JANET LOTT.**

Commissioner Gary Kofford explained that last spring Janet Lott cleaned up Lott's Mobile Home Park in Orangeville. Debris was taken to the landfill by Mark and Sons, Cleveland who was billed \$1,441.20. The Commissioners received a letter from Janet Lott requesting a waiver or reduction of the bill. Commissioner Jeff Horrocks stated that he felt it was a benefit to the city and the county to have the trailer park kept clean. Commissioner Kofford recommended reducing the bill. Commissioner Jeff Horrocks made a motion to reduce the bill to \$500.00. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(6)

**APPROVAL TO ADVERTISE FOR POSITIONS ON THE EMERY COUNTY PUBLIC LANDS COUNCIL AND EMERY COUNTY CARE AND REHABILITATION BOARD.**

There are 6 seats on the Public Lands Council Board that need to be filled. The six seats are Sherrel Ward, Mark H. Williams, Priscilla Burton, Vernell Rowley, Bruce Wilson and Mike Olsen (who has resigned). These are all two year terms except for Mike Olsen's, who had 1 year left to fulfill. Commissioner Jeff Horrocks made a motion to approve advertising for Five 2 year seats and one 1 year seat on the Public Lands Council Board. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

There are two seats on the Emery County Care and Rehabilitation Board. The two seats are Ruth Stilson is a four year term and Caleen Wilcox has three years left on her term. Commissioner Laurie Pitchforth made a motion to advertise for two seats on the Emery County Care and Rehabilitation Board. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(7)

**DISCUSSION OF BUILDING INSPECTOR.**

Commissioner Gary Kofford open discussion on possible building inspector options. The Board of Commissioners advertised for a building inspector with all the required licenses. They received thirty applications of which four had the required licenses. They will be interviewing the four applicants next week. They are also looking into contracting the service through a contractor service. The contracting service would take a portion of the plan fee that the county collects but the advantage would be to have several inspectors at our disposal. Phil Fauver asked if the county planned to raise the fees. Commissioner Kofford indicated that the fees are put together under National Building Codes. Most cities have increased their fees since 1987

COMMISSION MEETING MINUTES  
JANUARY 5, 2010

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

JANUARY 26, 2010

Commissioner Gary Kofford was out of town. Therefore, Commissioner Jeff Horrocks was acting Chair and stepped down throughout the meeting to execute motions as needed. Also present at the meeting was Commissioner Laurie Pitchforth, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox other elected officials and citizens.

Commissioner Laurie Pitchforth made a motion to suspend the agenda order and move to #13, Citizen Concerns. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(13)

**CITIZEN CONCERNS**

Tracy Behling, President, Ferron Canal Company addressed the Commissioners. He stated that the Ferron Canal Company hired contractor, Royce Stilson, to engineer a building for their water project by Millsite Reservoir. Tracy was asked to get a building permit for the building. At that time Tracy sat down with Emery County's Building Inspector, Mark Debry and Planning & Zoning Director, Michael McCandless. At that time the Canal Company was told that the building permit fee could be waived because it is an agriculture structure. So the Canal Company had Royce Stilson move forward with the construction of the building. Royce contacted the Building inspector to have him inspect the foundation before moving on with the construction process and again was told it was not necessary because it was an agriculture structure. So they proceeded with construction of the building according to the engineers drawings. Now that the building is completed, it is time to put power into the structure. Rocky Mountain Power required a building inspector's certificate to put power to the building. So, now they are being told that they have to go back and do things that at the beginning they were not required to do. Royce has also been told that there needs to be installed energy saving insulation on the overhang doors. Tracy indicated that the Canal Company felt that they qualify for a fee waiver and that they need to move forward with the electrical.

Mike McCandless stated that he had no preference one way or another as to whether to grant them a fee waiver. They were granted an exemption for the agriculture structure. They were told if, in the future the use of the structure changes and electrical and plumbing was added that they would have to meet state requirements. Employees working in the building changes the use to commercial. The Canal Company indicated that the use of the structure was storage of equipment. At the time that the Canal Company came in for a permit Mark Debry was not commercial certified. Bob Bennett was doing the commercial building inspections. Cameron Nerdin is the new building inspector and is going on current codes and the intended use of the

COMMISSION MEETING MINUTES  
JANUARY 26, 2010

building.

Gordon Bennett, Manager for Ferron Canal Company indicated that the retro-fitting around the overhang doors cost \$850.00. the Canal Company is a non-profit organization. That money comes out of the pockets of the farmers. Millions of dollars have been spent on this project locally. He asked why the Canal Company was being required to go back and do something that was not required in the beginning and that we tried to do in the beginning but was told it was not needed?

Mike McCandless indicated that communication with the Planning & Zoning board indicated that the structure would be for storage of equipment and was given a zoning clearance.

Tracy indicated he did not mis- represent the use of the building. The P/Z board was told that at some point there would be an office with employees performing maintenance on equipment and projects. This is a \$17 million dollar project and they need a place to locate.

Attorney David Blackwell suggested looking into the information based on current code and law.

Commissioner Jeff Horrocks explained that this was non-action agenda item and that the Board of Commissioners will take the information under advisement and make a decision soon.

Kash Winn also addressed the Commissioners with a concern regarding procurement, specifically procurement of contractors for jobs in the county. He encouraged the Commissioners to look into the procurement of contractors for projects in the county. He sited recent projects where the contractors were from out of the area and brought in contractors when we have several contractors in the county. He asked if the Commission has any power to see that the contractors give advantage to local contractors on these projects. These are several million dollar projects and this money is leaving the county.

Commissioner Horrocks stated that the three commissioners as well as the elected officials in the county are all aware of the economic status in the county and are doing what they can, within the law, to keep those jobs here. It is a major concern, and we look at it everyday. There are state procurement laws and also requirements from the money source that the county has to follow.

Attorney David Blackwell, explained that there is not a way to give advantage to in county contractors. We have to abide by state procurement law.

Commissioner Laurie Pitchforth indicated that the County tried to get local contractors to bid on recent projects, but opted not to bid on them. We try to use local contractors as much as we can by law.

COMMISSION MEETING MINUTES  
JANUARY 26, 2010

David Blackwell stated that the County can't trump state and federal laws. There are strict guide lines to follow.

**BILL BATES, DWR, PRESENTATION OF PILT PAYMENT AND UPDATE ON  
DIVISION ACTIVITIES.**

Bill Bates-DWR provided a brief update of recent division activity.

\* Changes to Big Game hunting. Maybe changing season dates and combing deer and elk hunts.

COMMISSION MEETING MINUTES  
JANUARY 26, 2010

They are looking for input from the public in helping to make these decisions.

- \* Regional Council in Green River discussed the status of deer herds in the county.
- \* They have installed a permanent wash station at Huntington State Park.
- \* They are conducting a study of Big Horn Sheep on the San Rafael. They recently lost some rams to disease.
- \* They have set up a walk-in access program for agricultural sites for hunting access.
- \* He presented the Commissioners with the Division's PILT check for \$2,751.30 representing a percentage of the hunting and fishing licenses on the 5500 acres that the Division holds title on Emery County.

Ray Petersen asked how the public can make comment on the Division's processes.

Mr. Bates indicated that they make comment on line. At this time they are looking for comment on the deer management unit by unit.

Ray also commented that the elk counts in the county are up this year. Does that mean that there will be more cow permits available? Mr. Bates did not have an answer.

Phil Fauver asked what the division is doing to cut down of accidents involving deer on the highway? He also asked for help getting the deer out of his garden. Mr. Bates suggested that he contact the office for help with the garden. As far as cutting down on accidents, they have installed fencing along the highway between Huntington and Price to help keep the deer and elk from migrating across the roadways.

(3)

(5)

**DISCUSSION OF CONTRIBUTION/PARTNERSHIP WITH YOUTH DETENTION SERVICES AND CARBON COUNTY.**

Commissioner Kofford reported that Sheriff Guymon recently met with youth detention services in Carbon County regarding the program. The Board of Commissioners received a letter from the Carbon County Commissioners requesting that Emery County participate in the youth detention services program with Carbon County. The legislature has cut funding for the program and both counties are feeling the impact of those cuts. When there is a shortfall in the state they begin to push services to the county level. Based on last years totals they calculate Emery County's contribution to be \$17,000.00 to the program and Carbon County's contribution to be \$42,000.00. Commissioner Kofford indicated that he was not sure where they could take the funds from but agreed that it was something that needs to be looked into. Commissioner Jeff Horrocks made a motion to table the matter until after the legislative session and they are better able to calculate an amount to participate in the program. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(6)

**CONSIDERATION AND APPROVAL OF PROJECT APPLICATION AND GRANT AGREEMENT FOR STATE AID IN THE DEVELOPMENT OF PUBLIC AIRPORTS FOR CRACK SEAL AIRPORT PAYMENTS, RPZ OBSTRUCTION REMOVAL AND BEACON RELOCATION.**

The Commission asked Special Service District to look at a project at the Huntington Airport in 2010. The airport needs to have several items moved to comply with a 400 feet clear zone. The parking lot and entrance also need to be moved as well as crack seal and painting of the tarmac. UDOT Aeronautical Division has a grant package to which we can match to provide for this work to be done. Commissioner Jeff Horrocks made a motion to move forward with the grant application for state aid in the development of public airports for crack seal and RPZ obstruction removal and beacon relocation. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(7)

**CONSIDERATION AND APPROVAL OF ARCHITECT CONTRACT FOR EMERY COUNTY SHERIFF'S TRAINING BUILDING.**

The Commission received two bids for the design of a Sheriff's Training Building. The first bid was from Jim Dresslar who proposed \$1,500 to come to Castle Dale, meet with the

Commissioners and Sheriff Guymon to verify the design, field measure the building and site, take photos and develop a concept plan from which the Commissioners may solicit budget pricing and develop a fee proposal including consultant design of the facility.

The second bid was from Guilford A. Rand, Architectural Coalition PLLC who proposed an analysis of the existing space, at least one design proposal, working drawings so that the accepted design may be bid out and constructed, and contract administration during the construction process. They proposed \$11,345.00 which would include the architectural design and drawings, electrical, mechanical, plumbing & structural engineering and drawings as well as contract administration during construction. The architectural portion of the fee is \$7,145.00 and the engineering portion is \$4,200.00. they requested a retainer upon acceptance of the bid in the amount of \$1,500.00. Commissioner Jeff Horrocks made a motion to accept the bid from Architectural Coalition PLLC in the amount of \$11,345.00. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(8)

(6)

**CITIZEN CONCERNS**

Commissioner Gary Kofford reported that the Emery High School FFA brought in treats to the Commissioners and elected officials and announced that February 21 through 27 is National FFA week and thanked them for their continued support.

Pay Petersen, Public Lands discussed an issue regarding the Crandall Canyon Mine Memorial Site. He indicated that the site is on Forest Service administered property. Emery County is the holder of a special use permit for 5 years. At that time the intent was to make the location private property through a land trade with the Forest Service. Ray read a letter forwarded to the Commissioners regarding this land trade. It read as follows: On June 4, 2008, Andalex Resources, Inc. and Intermountain Power Agency (IPA), joint owners of the Crandall Canyon Mine, signed a quitclaim deed which transferred ownership to Emery County of a certain parcel of land at the minesite for permanent use as part of the Crandall Canyon Memorial. We now propose to amend that quitclaim deed to expand the deeded area from 0.8 acres to approximately 1.7 acres, as shown on Exhibit 1 attached. The purpose for expanding the deeded area is to provide additional area for the parking lot after the mine is ultimately reclaimed, and to include transfer of the required length of 6' diameter culvert which runs under the parking area, and must be left in place after reclamation.

The amended quitclaim deed also includes conveyance to Emery County of a certain parcel of land located in Huntington Canyon. This parcel has been reviewed by representatives of Emery County and the U.S. Forest Service, and is intended to be used at some time in the future to be exchanged for the Forest Service land presently surrounding the memorial. This is in fulfillment

of the commitment which Andalex/IPA made in the Memorandum of Agreement with Emery County signed May 21, 2008. A draft copy of the amended quitclaim deed was included with the letter and if found acceptable in concept the letter was to be signed and returned to Project Engineer, David Shaver. Attorney David Blackwell recommended signing the letter agreeing in concept to the proposal and the signing needs to be ratified in the next Commission Meeting. He indicated that the date on the deed needs to be corrected. Commissioner Jeff Horrocks made a motion to approve the amended deed and to have the Commission Chairman sign the letter and bring the matter back to the next Commission Meeting for ratification. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(7)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Jeff Horrocks*

**9:30 AM PUBLIC HEARING TO RECEIVE INPUT REGARDING THE MENTAL  
HEALTH AND SUBSTANCE ABUSE TREATMENT NEEDS IN EMERY COUNTY.**

Jan Bodily, Director of Four Corners Community Mental Health addressed the public in attendance. She reported that Utah code dictates that local authorities receive input from the communities regarding mental health issues. It also requires that they present an annual plan with the information that they receive during a public process. Jennifer Thomas, Director of the

Castle Dale office and Rich Dunham, Director over the Four Corner Agency were also present at the Public Hearing.

Maughn Guymon, Director, Senior Citizen Program for Emery County asked if their plan placed any focus on the mental health of the 60 and over population.

Jan Bodily answered that they have specialist in geriatric care in the Nursing Home for clients of all ages.

Maughn Guymon, as director over Area Agency for Aging in Emery County as well as the State of Utah, he would like to see in the plan a focus for senior's needs and mental health services.

Jennifer Thomas reported that the department will be undergoing a remodel project at the Castle Dale offices of Four Corners Community Behavioral Health. They will begin the project in the next few weeks.

Commissioner Kofford thanked FCCBH for the work that they do for the citizens of Emery County. Jan is over mental health for Grand, Carbon and Emery Counties. Budget constraints makes things tight. This is one area where the legislature cuts first in hard times. Jan works hard to keep the services out there for our citizens. The County appreciates all that they do.

Commissioner Laurie Pitchforth made a motion to return to the regular meeting. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(6)

**CONSIDERATION AND APPROVAL OF RESOLUTION AUTHORIZING EMERY COUNTY TO SHARE REVENUES WITH EMERY COUNTY FIRE PROTECTION SPECIAL SERVICE DISTRICT.**

MINUTES OF THE SPECIAL BOARD OF EQUALIZATION MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

MARCH 9, 2010

Present at the meeting Commissioner Gary Kofford, Commissioner Laurie Pitchforth, Attorney David Blackwell, Clerk/Auditor Brenda Tuttle, Assessor Kris Bell, Deputy Assessor Nadine Thompson, Utah State Tax Commission Herb Jenkins and Kimm Lacey, Leslie Bolinder, Matthew M.. Cannon from Ray Quinney & Nebeker. Commissioner Jeff Horrocks was not able to attend the meeting.

**In Regard to Personal Property Tax Appeal Central Bank & Trust; Account BU-06-0223:**

Matthew M.. Cannon, Ray Quinney & Nebeker began the hearing by presenting his case. Central Bank & Trust loaned Black Gold Leasing \$1,000,000 for drill rigs and equipment. The property was to be acquired and refurbished. Before the equipment was refurbished Black Gold Leasing filed for bankruptcy. Central Bank got an order to sell the equipment. After it had seized the rigs Central Bank learned that Black Gold Leasing had not paid any personal property taxes. The rigs sold for \$283,000 in December of 2009. The Emery County Assessor's office placed a value of \$3,000,000 for 2009 and \$3,000,000 for 2008 on the rigs.

It is the banks position that the property value is between \$283,000 and \$500,000. The third party assessed value was \$283,000. Mr. Cannon is requesting that the Emery County Board of Equalization lower the assessed personal property value.

Commissioner Gary Kofford stated that Central Bank has never disclosed how much they felt the rigs were worth. The bank is not going to make a loan without sufficient collateral. Commissioner Kofford stated that he feels like the assessor's office has done the job they had to do. They went to the Utah State Tax Commission to get comparable values.

Assessor Kris Bell asked Mr. Cannon if the bank had an appraisal done on the property prior to the loan. Mr. Cannon stated that he did not have that information. It was his understanding that the bank made a \$1,100,000 loan on the rigs and other equipment.

Herb Jenkins, Utah State Tax Commission, stated that the auction of equipment was held in December 2009. The valuation of equipment is as of January 1 of the current year. Mr. Cannon stated that he felt like the value was established before the equipment was inspected.

Attorney David Blackwell stated that in Utah Code section 59-2-307 the Board of Equalization can not reduce values. Mr. Jenkins agreed that once an estimate is placed on the property the value can not be changed unless the estimate was completely out of line. Mr. Cannon felt like

this section of the code did not apply because an affidavit was not filed on the property. Mr. Jenkins read from the Utah State Code that if any transitory property enters the State then the owner or agent shall immediately file an affidavit with the assessor's office. Black Gold Leasing failed to file the affidavit. It was not the assessor's job to send them an affidavit.

Attorney David Blackwell asked Mr. Cannon if his firm had been involved in the bankruptcy proceeding with Black Gold Leasing. Mr. Cannon said that his involvement in the case came after the bankruptcy and he was not sure how involved his firm had been prior to that.

Mr. Jenkins told how he became involved with the case. He received a call from the County and informed Assessor Kris Bell that she had to make an estimate of the property. Mr. Jenkins went back to audits of similar property. The State Tax Commission has audits of similar property in every County in the State except for Salt Lake County. That is how the personal property value was established.

Mr. Jenkins informed the Board that the process from here would be for them to meet and issue a decision in this case. Central Bank can then appeal the decision to the State Tax Commission. An informal or a formal hearing could be requested. If unsatisfied with that decision they could appeal to the District Court and then to the Supreme Court.

Commissioner Gary Kofford informed Mr. Cannon that a decision would be forthcoming in the mail. The decision would be mailed within ten days. Mr. Cannon stated that they would not challenge the time frame because the original hearing was moved back because of a scheduling conflict they had.

All members present were then excused from the meeting.

**Decision:**

Present were Commissioner Gary Kofford, Commissioner Laurie Pitchforth, Attorney David Blackwell and Clerk/Auditor Brenda Tuttle.

It was the decision of the Board of Equalization that the bank has not shown the value of the assets at the time of the loan to show what the collateral was worth. The legal standard for lowering the assessed value is the estimate has to be arbitrary and capricious. The Board does not feel this was the case. Commissioner Gary Kofford made a motion to let the value stand as is and send a letter stating that the request was denied. Commissioner Laurie Pitchforth seconded the motion and it was approved by all members present. Commissioner Kofford requested Attorney David Blackwell draft a letter to that effect. Mr. Blackwell will sign the law references in his letter.

**APPROVAL OF COMMISSION MEETING MINUTES DATED MARCH 9, 2010.**

Motion to approve the consent agenda was made by Commissioner Laurie Pitchforth, seconded by Commissioner Jeff Horrocks and the motion passed. Commissioner Horrocks abstained from voting on agenda item #5 as he was presented at the meeting to approve the minutes.

**Discussion Items**

(1)

**ITEMS PULLED FROM CONSENT AGENDA**

Commissioner Laurie Pitchforth discussed requisition #33-10 which was for 5 Chevrolet Tahoes. She indicated that the Sheriff had money for only 4 vehicles. Therefore, she asked to have the motion amended to approve 4 Tahoes and have the Sheriff turn in a new requisition indicating the corrected amount. Commissioner Jeff Horrocks made a motion to approve requisition 33-10 for 4 Chevrolet Tahoes and to have the Sheriff turn in a corrected requisition. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(2)

**CONSIDERATION AND APPROVAL OF LICENSE FEE AGREEMENT BETWEEN EMERY COUNTY AND PICTOMETRY INTERNATIONAL CORPORATION FOR PICTOMETRY IMAGES.**

Commissioner Gary Kofford suggested that this item be tabled until the cost can be confirmed. The agreement called for the cost to be stretched out over a two year period. It was determined that the Commission cannot obligate funds for the next year. Therefore, Commissioner Jeff Horrocks made a motion to table this agenda item until the next Commission Meeting to get more information. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(3)

**DISCUSSION AND SETTING OF SECOND PUBLIC HEARING FOR CDBG SMALL CITIES PROGRAM APPLICATION FOR PROGRAM YEAR 2010.**

Commissioner Gary Kofford explained that Emery County has applied for a CDBG Grant in the amount of \$400,000.00 for the construction of a Food Bank building. As part of the requirements for the grant the county must publish and hold public hearings to discuss the project with the public. Commissioner Jeff Horrocks made a motion to set a date and publish in the paper the date of April 13, 2010 at 10:00 am to hold a second public hearing to receive public comment regarding the construction of a building for the Emery County Food Bank and other matters related to the project. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(4)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN UTAH DIVISION OF FORESTRY, FIRE, AND STATE LANDS AND EMERY COUNTY FOR WILDLAND FIRE PROTECTION PROGRAM.**

The agreement has been reviewed by Attorney David Blackwell who has indicated that the document, although the intent remained the same, needed some wording changes. There were discrepancies in the amount of Emery County's cost to participate in the Fire Warden's salary. Mr. Blackwell indicated that a new, corrected contract is on the way. Commissioner Jeff Horrocks made a motion to approve an agreement between Utah Division of Forestry, Fire, and State lands and Emery County for the Wildland Fire Protection Program and to authorize the corrected agreement to be signed upon review. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(5)

**DISCUSSION AND APPROVAL OF FEE WAIVER FOR FREE SWIM DAY AND A TEEN ACTIVITY IN ASSOCIATION WITH THE EMERY COUNTY FAIR.**

Recreation District Director, Gay Lee Jeffs reported that the Emery County Fair will be held on August 5,6,and 7<sup>th</sup>. The Fair Committee has planned a Free Swim Day for the 5<sup>th</sup> and Teen Activity on the 4<sup>th</sup> from 8:30 pm until midnight to kick off the fair. The committee requested a fee waiver for the free swim day and teen activity. She indicated that these activities were well attended last year. Commissioner Laurie Pitchforth made a motion to approve a fee waiver for free swim day and teen activity on August 4<sup>th</sup> and 5<sup>th</sup> in association with the Emery County Fair. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(6)

**REQUEST APPROVAL TO HOLD THE FREE CONCERT, IN ASSOCIATION WITH THE EMERY COUNTY FAIR, ON THE LAWN NEAR THE EMERY COUNTY AQUATIC CENTER.**

Gay Lee Jeffs also requested permission to hold the August 7<sup>th</sup> free concert, usually held at the rodeo grounds, at the lawn of Aquatic Center Park. Commissioner Kofford discussed some logistic problems that may occur. Parking may be an issue. It was suggested to have people park at the high school and walk over to the park, leaving the parking lot at the Aquatic Center for handicap access and the band, avoiding having vans or big trucks pulling onto the newly planted grass. Commissioner Laurie Pitchforth made a motion to approve holding the free concert at the Aquatic Center Park lawn with the stipulation that Gay Lee meet with the Sheriff to figure out the logistics situation and get permission from the School District for possible parking. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(7)

**CONSIDERATION AND APPROVAL OF DONATION TO EMERY COUNTY COMMUNITY THEATER.**

Commissioner Jeff Horrocks made a motion to donate \$250.00 to the Emery County Community Theater. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(8)

**DISCUSSION AND APPROVAL OF ENTERING INTO AN AGREEMENT WITH PAYNE RELIEF, LLC FOR PUBLIC LAND CONSULTING.**

Commissioner Gary Kofford discussed entering into an agreement with Payne Relief, LLC for public land consulting. The county has extensive public lands, and decisions made regarding management of those lands continually impacting county resources, planning and economics, as well as its customs and culture. The county desires to hire Val Payne to monitor public land management issues and advise the county on public land policy decisions. The term of the agreement will begin immediately upon approval on conclude on or before June 30, 2010. If approved the county shall pay Mr. Payne \$12,500.00 for the term of the contract, payable in \$6,250.00 at the commencement of the contract and \$6,250.00 halfway through the contract on May 11, 2010. Mr Payne shall report to the Public Lands Director as needed, at least monthly, and will meet regularly with the Public lands Council. Mr. Payne will perform tasks as assigned by the Public Lands Director which may include research, correspondence, advocacy, permitting, planning and other issues related to Emery County Public Lands. It was agreed that Mr. Payne is an independent contractor with the county, and is not an employee, and therefore is not entitled to any of the benefits normally provided by County to its employees. Patsy Stoddard commented that the cost seemed a little high for the amount of work that he will be doing and asked if there wasn't someone who could do this a little cheaper? Ray Petersen, Public Lands Director explained that Mr. Payne will not be drafting the land bill that Public Lands is currently working

on, only the duties as set out in the agreement. Mr. Payne will mostly be freeing up his time so that he can spend more time on the land bill legislation. Mr. Payne added that the agreement equates to approximately \$25.00 an hour and he will be using his own vehicle and equipment with the exception of mapping and GIS support from the county. Motion to enter into an agreement with Payne Relief, LLC for Public Lands Consulting was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth and the motion passed.

(9)

**APPOINTMENT TO EMERY COUNTY LIBRARY BOARD OF DIRECTORS.**

Motion to appoint Shirley Van Zyverden to the Emery County Library Board of Directors for a 4 year term was made by Commissioner Laurie Pitchforth, seconded by Commissioner Jeff Horrocks and the motion passed.

(10)

**CITIZEN CONCERNS**

Commissioner Kofford explained that a Board of Equalization meeting was held on March 9, 2010 regarding an appeal of personal property tax. The minutes from that meeting need to be approved and ratified in the next meeting. Commissioner Laurie Pitchforth made a motion to approve the minutes of the BOE held on March 9, 2010, the motion was seconded by Commissioner Gary Kofford as Commissioner had to abstain from voting because he was absent from the meeting. The motion passed and will be ratified in the next meeting.

**GERRY STOTTLER, VOLUNTEERS OF AMERICA. DISCUSSION OF A CENTRAL COUNTY VOLUNTEER STATION.**

Gerry Stottler, Volunteers of America, Utah addressed the Commissioners to get their response and support for a proposal they are exploring to expand their outreach into a Community Volunteer Center which will include those under 55 as well as those above. She stated that their purpose would be to create a clearing house for many volunteer positions throughout the western side of Emery County. They would like to involve people throughout the community in volunteerism, such as: Community improvement projects, city and county events like the rodeo and county fair, providing enabling services for seniors and others that might need lawns mowed, errands run, transporting for appointments and prescriptions, also mentoring youth, CERT participation, neighborhood watch, museum docents, relay for life, various tournaments and competitions and Red Cross certified first aid providers. They have spoken to principal Larry Davis at Emery High and he is in favor of the idea and is willing to partner with them. They are looking for suggestions from everyone as to projects and where people may be useful. She asked the Commissioners for their support and suggestions for the program. Commissioner Kofford commended Gerry and the Volunteers of America for what they are trying to do. Commissioner Pitchforth stated that it sounds like a great idea and supports their efforts. Commissioner Horrocks stated that he is interested in the program and seeing what it can do and where it can go. Commissioner Jeff Horrocks made a motion to send a letter of support to the Volunteers of America for their efforts to expand their outreach into a Community Volunteer Center. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(3)

**CONSIDERATION AND APPROVAL OF LICENSE FEE AGREEMENT BETWEEN EMERY COUNTY AND PICTOMETRY INTERNATIONAL CORPORATION FOR PICTOMETRY IMAGES.**

Pictometry International Corporation representative John Madajasic explained that Pictometry utilizes images in oblique dimensions, combining measurement tools to give heights of buildings, lot acreage, etc. It benefits the Assessor office in cutting down on the amount of field trips. It benefits the Sheriff's office and first responders to pull up the area and know ahead what they are getting into. For example in a fire they locate a propane tank and determine the distance from a structure. At this time they have available Highway 10 to Green River and the San Rafael area allowing access to desert terrain. IT Director, Jeff Guymon stated that it offers a new dimension to aerial photography. He suggested looking at picking up the mosaic option in the program. The license fee agreement between Emery County and Pictometry International Corporation was discussed. The fee would be \$77,233.00 for two years. There will be a maintenance fee after two years which the county may or may not decide to continue. If the county decides that they do not want the upgrades as they are made available. The funds for the fee will be made available through a Homeland Security Grant. Attorney David Blackwell as reviewed the agreement. Commissioner Jeff Horrocks made a motion to approve a license fee agreement between Emery County and Pictometry International Corporation for pictometry images as reviewed. The motion was seconded by Commissioner Laurie Pitchforth and the

motion passed.

(4)

(5)

**PUBLIC HEARING- 10:00 AM- TO RECEIVE PUBLIC COMMENTS ON EMERY COUNTY FOOD BANK PROJECT TO BE FUNDED USING CDBG PROGRAM 2010 UP TO \$400,000.00.**

The Emery County Board of Commissioners will hold a public hearing to discuss the project determined to be applied for in the CDBG Small Cities Program in program year 2010. The project, to receive funding up to \$400,000.00 is the Emery County Food Bank to be located on Center Street, located between Main Street and 100 East, in Castle Dale, Utah. The building will be 40' deep by 60' wide. The first floor plan contains offices, utility room, restroom, break room, soap room, walk-in cooler and freezer and a work area. The balance of the first floor is a warehouse area. There will be a mezzanine above the office area. The site will be covered with asphalt from the sidewalk back to the building to allow for delivery truck maneuvering. Parking and access to the building will be provided per ADA accessibility requirements.

The purpose of the public hearing is to solicit comments on project scope, implementation, and its effects on residents.

Program Manager, Jackie Butkovich stated the purpose of the food bank is to distribute food boxes to participants who at 125% to 150% of poverty level. Participants may pick up a box every thirty days. They will also be offering cooking classes to participants to learn how to use the staples that are in the box. They also offer emergency assistance, HEAT program and the HEAT crisis program. They receive commodities from the state as well as the Boy Scouts of America food drive and other locally sponsored food drives. Currently Emery County has 105 families participating in the program.

Patsy Stoddard, Emery County Progress asked if the current location will be available to the

public while in the construction phase.

Jackie indicated that they will probably have to find an alternate location until the construction phase is complete. She also discussed the need for a NEPA study on the location as well as asbestos removal, and an air quality review.

Commissioner Kofford indicated that there are fifteen areas that have to be addressed and an audit of the project. If these things are not followed correctly, the county could have to cover the cost of the whole project.

There were no more comments.

Commissioner Jeff Horrocks made a motion to leave the public hearing and return to the regular Commission Meeting. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(6)  
**CONSIDERATION AND APPROVAL OF INTERLOCAL COOPERATION AND CONTRACT AGREEMENT, AMENDMENT #1, BETWEEN EMERY COUNTY AND ALG AAA.**

*Commissioner Kofford*

Commissioner Kofford reported on State BLM RAC meeting. Recently the Emery County Special Service District participated on having a survey done on ground adjacent to Horse Canyon Road to SR-6. 17 acres will be surveyed and have an archeological study to assist UDOT in putting in a rest area. We need to decide to what extent we want to participate. They will try to tie the rest area in to Range Creek and have asked the county to participate in the maintenance of the facility. Two weeks ago money was put into place for the Lila Canyon Road Project. Nielson Construction will begin work on the \$7 million dollar road project.

**DISCUSSION AND DECISION REGARDING HIRING OF A BUILDING INSPECTOR OR IN THE ALTERNATIVE CONTRACTING FOR BUILDING INSPECTION SERVICES.**

Commissioner Gary Kofford stated that back in December the Commission advertised for a building inspector. At that time we chose as building inspector, Cameron Nerdin from out of the county. Mr. Nerdin moved to Emery County and began as building inspector in January of this year. Through pressure and various other things from the citizens in the communities he felt that he was not wanted here and has therefore tendered his resignation effective today. We have talked among the Commissioners and with Attorney David Blackwell and Personnel Director Mary Huntington. During the interviewing process we had a couple of people that we were looking at and also Sunrise Engineering put in a proposal. We are in a situation now where we need to fill the position or go with Sunrise Engineering to prove the service. About four years ago the county took on the building inspection program for all of the towns in Emery County. A year later Orangeville opted out of the program and went with Sunrise Engineering because they felt the county was charging too much for fees. After the hiring of Cameron Nerdin in January, Emery and Ferron opted out of the plan and went with Sunrise Engineering. The logical thing for Emery County, if you just figure Emery County and not the communities, would be to go with Sunrise Engineering. It would be more cost effective by eliminating the cost of a building inspector employee and everything associated with an employee as well as vehicle expenses. According to the proposal from Sunrise Engineering they ask for 75% of the fees collected and the County would retain 25% of the fees collected including plan fees. Commissioner Kofford expressed his feeling regarding this matter. He stated the importance of having a building inspector certify your home when buying and selling a home. He discussed the qualifications that a building inspector brings to the county. He talked about the importance of having a good ISO rating to keep the cost of fire insurance down for the homeowner. He expressed his desire to see the county have a building inspector program in the county. He opened the floor to discussion on the matter. Commissioner Jeff Horrocks stated that the county currently does building inspections for several communities in the County. If we go with Sunrise Engineering a couple of things will occur. First, cities will be required to contract for building inspection services on their own and second, there will be no more fee waivers for communities like the one on the agenda today. He felt that a decision needs to be made today. We do not have a building inspector as of today and we have current inspections that are underway that will need to

be dealt with. Commissioner Laurie Pitchforth expressed her feelings with regard to the resignation of Mr. Nerdin. She thanked Mr. Nerdin and stated that she felt that he was very knowledgeable and did a good job for the county. She told a few things about Mr. Nerdin. He was a vet who served three tours of duty in Iraq and Afghanistan. He flew Black Hawk helicopters. He bought a home and was excited to become a part of the community. She stated that when she ran for Commissioner she ran to represent all who live in the communities in Emery County. She hoped that as people move into your communities we need to welcome into our communities and not push them out. She stated she felt bad that Mr. Nerdin did not feel welcomed into the communities. Are we being good neighbors as we need to be? Here we are looking for a new building inspector. She stated that she felt that the only option that we have at this time is to go with Sunrise Engineering. It seems that is what many of the communities want. Commissioner Horrocks asked if Commissioner Pitchforth had any recommendations for what to do with the communities who are still with the county program until they have the opportunity to meet as a group. Commissioner Pitchforth suggested that they have the option to continue to follow with what the county does or move out on their own. Commissioner Kofford indicated that the cities meet on May 17<sup>th</sup> as a County of Government group (COG) soon to talk about this very thing. It is necessary for someone to continue on with the inspections that are in the works now. We have people calling everyday for inspections. We do need to keep going. Sunrise Engineering has indicated that they would do this service for \$25.00 per inspection plus mileage accrued in the county. This is similar to what we did with Bob Bennett while in training mode to Mark DeBry taking over the inspections. Mike McCandless as supervisor over the program asked if it was possible to make this work with Sunrise until the cities have had the opportunity to meet and make a decision. Also, he added, we still have Bob Bennett that we could use until a decision is made. Commissioner Jeff Horrocks made a motion to enter into a contract with Sunrise Engineering for the existing inspections for \$25.00 per inspection plus mileage accrued in the county. the motion was seconded by Commissioner Laurie Pitchforth and the motion passed. Commissioner Jeff Horrocks made a motion to table any permanent contract with any entity or employee regarding the building inspector department until the 17<sup>th</sup> of May and the COG meet and mayors and commission meet and have the opportunity to discuss the issue and to have brought forth on the Commission Meeting on the 25<sup>th</sup> of May for final decision. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

Patsy Stoddard asked what cities are still using the county inspection program? Commissioner Kofford indicated that Huntington, Cleveland, Elmo, Castle Dale, Green River. Part of the concern is the mileage to Green River.

(5)

**CONSIDERATION AND APPROVAL OF BUILDING PERMIT FEE WAIVER FOR GREEN RIVER MEDICAL CENTER.**

Commissioner Jeff Horrocks made a motion to deny the request for a building permit fee waiver for Green River Medical Center for now due to the action that was taken on item #4. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed. This can be brought back at another time.

(6)

**DISCUSSION AND APPROVAL TO “ADVERTISE FOR BID” CONSTRUCTION OF SHERIFF’S TRAINING BUILDING REMODEL.**

Commissioner Gary Kofford indicated that six years ago the county built a metal building behind the Sheriff’s Department. The original plan for the metal building was to have a training room, exercise room, offices for Communications and Ambulance Director and restrooms.

Architectural Coalition has put together a set of plans for the remodel of the building and is now ready for advertising for bids to do the work. There will be a pre-bid meeting on the 26<sup>th</sup> of May with bids due to the Clerk/Auditor’s Office by June 14<sup>th</sup> for opening on June 15<sup>th</sup> . Commissioner Laurie Pitchforth made a motion to approve moving forward with advertising for bids for the remodeling of the Sheriff’s Training Building. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(7)

**CITIZEN CONCERNS.**

Commissioner Gary Kofford discussed a need to approve a project agreement between Emery County and the Forest Service, U.S. Department of Agriculture to reshape the travelway and apply dust suppressant on the Ferron-Mayfield Road #50022 for a distance of approximately 7.75 miles. The item was not on the agenda and will need to be ratified at the May 25<sup>th</sup> meeting.

Commissioner Laurie Pitchforth made a motion to approve a project agreement between Emery County and the Forest Service, U.S. Department of Agriculture and forward to the May 25<sup>th</sup> meeting for ratification. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Horrocks*

Commissioner Horrocks reported that he and Commissioner Kofford attended and open house for Cleveland Town’s new fire station. He also attended a field trip to Temple Mountain. He reported that Emery County Public Lands Council is continuing work on Emery County’s land use bill, reiterating that the bill needs to be penned by Emery County and be approved by the citizens of Emery County. The Museum of the San Rafael Board discussed in recent board meeting the need for help to move some displays in the museum in preparation for the painting of a new mural. Emery County Fire Protection Special Service District held their regular scheduled meeting where they discussed change orders for the new fire trucks.

*Commissioner Pitchforth*

Commissioner Pitchforth reported that the Emery County Care and Rehabilitation Center will be completed in mid June. The Recreation Special Service District has put together a booklet of

activities in the county for the summer and fall season. You can pick up a booklet at your local city hall. The second annual Miss Tea Party will be held June 5, 2010 at the High School. The Little Miss Pageant will be the evening of June 5, 2010. The winner of the pageant will accompany Miss Emery County to the Miss Utah Pageant in 2011. There will be a golf tournament on June 12, 2010 as a fund raiser for Miss Emery to attend the Miss Utah Pageant. The Special Needs Program sponsored by the Recreation District will hold a special needs dance on May 19<sup>th</sup>. The soccer season went well this year. The kids were able to attend a REAL soccer game at the end of the season. May 15<sup>th</sup> is Armed Forces Day. American Legion posts will be doing projects for home support of military troops serving overseas. Last Thursday, Commissioner Pitchforth and Commissioner Horrocks attended program sponsored by the Emery County Library called "Unsung Heroes" honoring citizens in the county who go above and beyond.

*Commissioner Kofford*

Commissioner Gary Kofford reported on the various ongoing road projects in the county. Nielson Construction has began work on Lila Canyon Road and asphaltting on South Moore Road Phase 7. Staker was the successful contractor for the chip seal project on the So. Moore Road. They will start in mid June. Morris Sorensen and his road crew have been working on the Little Wild Horse Canyon grading project. The Emery County Historical Society has received a grant to construct a panel/kiosk at Temple Mountain similar to what has been done in other areas of the county. This project is about six to eight weeks away. The historical group also contracted to put up panels for Range Creek/Cleveland/Lloyd Dinosaur Quarry. The panels will inform, recognize and promote Range Creek. Emery Town Mayor was successful at acquiring a grant from Army Corp of Engineers for \$5 million required to go to CIB for 20% match of the \$875,000.00 needed to upgrade drinking water infrastructure in Emery Town. The matter still needs to go before the citizens of Emery Town in the formal hearing setting. In other good things going on in Emery County, Huntington/ Cleveland Irrigation project is a \$70 to \$80 million dollar project which promotes employment and the economy.

The motion was seconded by Commissioner Gary Kofford and the motion passed.

(3)

**CONSIDERATION AND APPROVAL OF RESOLUTION TO PARTICIPATE IN MULTI-COUNTY APPRAISAL TRUST (MCAT) COMPUTER ASSISTED MASS APPRAISAL SYSTEM.**

Commissioner Gary Kofford explained that MCAT is a computer program started by the State of Utah with the idea to have a uniform appraisal system for class 1 and 2 counties. Now they have come back and want all counties on the program. The cost for the county to convert the data is \$182,000.00 with a \$18,000.00 per year fee to maintain the program. This is an unfunded mandate by the legislature. MCAT wants the county to pass a resolution to participate in the mass appraisal program. After much discussion on this issue it was recommended that the county not participate with the MCAT computer assisted mass appraisal system, to stay where we are at and supply the data to those who may want it. Currently the county pays \$3,600.00 per year to convert appraisal data. Commissioner Jeff Horrocks made a motion to deny going with the state by passing a resolution to participate in Multi-County Appraisal Trust (MCAT) Computer Assisted Mass Appraisal System, to stay with the county's own program. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(10)

**DISCUSSION AND CONSIDERATION OF APPROVAL FOR PROPERTY TAX EXEMPT STATUS FOR FRIENDS OF THE GREEN RIVER.**

The Friends of Green River own four properties in Green River. Two are rental units, one is vacant property and one is the old senior citizen center. Two years ago the county tried unsuccessfully to sell the old senior center and sold it to Green River City for \$100.00. Green River City gave the building to the Friends of Green River for a community center. The Friends of Green River group requested tax exempt status for the four properties. The application was turned in after the deadline of March 1, 2010. Therefore, the application was not considered when the Tax Exempt Properties list was presented for approval in April. Assessor Kris Bell and Clerk/Auditor Brenda Tuttle as well as the Commissioners have reviewed the applications and have determined that only one property, parcel #01-0162-0007, the community center, qualifies for exempt status. Commissioner Jeff Horrocks made a motion to approve exempt status for parcel # 01-0162-0007 for the Friends of Green River. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(11)

**DISCUSSION AND APPROVAL OF EMERGENCY PURCHASE OF PUMP AND TRANSDUCER FOR COUNTY SOFTBALL COMPLEX.**

The Board of Commissioners discussed an emergency purchase of pump and transducer for the county softball complex in Huntington. Commissioner Kofford explained that the Recreation District has responsibility of the softball complex. They have been strapped for funds this year. The complex has had pump failure and Joel Dorsch who is one the Board of Directors for the Recreation Special Service District has indicated that if the district will acquire the needed pump and transducer then he would install it. The Commissioners have indicated that they do not want to see the ball fields deteriorate due to watering difficulties. The Recreation District has planned to re-do a field each year. Commissioner Kofford indicated that there is money in Capital Projects that could be moved to this use. The Recreation District has indicated that the pump and transducer will be approximately \$2,500.00. Clerk/Auditor Brenda Tuttle expressed concern that the county spend money on something that the Recreation Special Service District was set up to do. Leslie Bolinder suggested putting a limit on the amount of the purchase. Commissioner Jeff Horrocks made a motion to make available funds to the Recreation Special Service District not to exceed \$2,500.00 for the purchase of a pump and transducer and to not make this a habit. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(12)

**CONSIDERATION AND APPROVAL OF CONTRACT WITH THE STATE OF UTAH FOR BAILIFF SERVICES AND PERIMETER COURT SECURITY.**

Motion to approve a contract with the State of Utah for bailiff services and perimeter court security in the amount of \$12,500.00 was made by Commissioner Jeff Horrocks, seconded by Commissioner Gary Kofford and the motion passed.

(13)

**APPROVAL OF CONTRACT WITH SUNRISE ENGINEERING FOR SHORT TERM BUILDING INSPECTOR SERVICES FOR EMERY COUNTY.**

Commissioner Gary Kofford reviewed discussion in the previous Commission Meeting regarding the building inspector situation and going short term with Sunrise Engineering for inspections. He indicated that the Commission has met with the cities who have indicated that they wanted to discuss it with their respective city councils. In the mean time, Sunrise Engineering has been doing the inspections since May 11, 2010 and we need to have some kind of an agreement in place. The contract has been reviewed by Attorney David Blackwell. The terms of the contract are as previously discussed which. Sunrise will provide plan review and building inspections services at a rate of 75% of the combined building permit and plan check fee charged by the city for submitted plans. They will perform the remainder of required inspections on existing issued building permits at a rate of \$25.00 per inspection plus the mileage accrued within the Emery County limits at the IRS rate. They will return all residential plan sets within 5 business days of receipt, and all commercial plan sets within 10 days of receipt. Building inspections will require 24 hour notice for scheduling. Commissioner Jeff Horrocks made a motion to approve a contract with Sunrise Engineering for short term building inspection services for Emery County as set out in the terms of the contract. The motion was seconded by Commissioner Gary Kofford and the motion passed.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Jeff Horrocks*

Commissioner Horrocks reported that Disney Studios has been filming a movie in the Green River area using local people. He attended a UAC meeting where they discussed TRT tax. There is a group trying to repeal the TRT tax and use the funds for advertising. It seems to be a bigger problem with Class 1 cities. He recently attended CRIC meeting in Price where they discussed the Price City Museum and directing tourist the local museums. He reported that they have had 25 applications for the part-time clerk position at the Museum of the San Rafael and will be doing interviews next week.

*Commissioner Gary Kofford*

Commissioner Kofford reported on road projects currently going on in the county. The County road crew has been working on the Little Wild Horse Road. They received a complaint that they were intruding on the protected wild cactus area. It was determined that they were within the

disturbed area and were not affecting the wild cactus. They will soon be double chip sealing the road and adding dust control.

Asphalting in completed on the Moore Phase 7. Phase 8 is chip seal on Goblin Valley to I-70. Lila Canyon Road is underway. Nielson Construction has that project. Castle Valley Special Service District has a project on the Muddy building diversion dam.

There will be a hearing on the 20<sup>th</sup> of June regarding BLM and coal leases at Bear Canyon. It has been recommended that they leave the leases as is with the stipulation that if anyone objects then the leases will go away.

Sheriff Guymon reported that on June 18, 2010 they will host the Emergency Preparedness Fair in Emery County. It was held last year in Carbon County. There will be a lot of local participation. Ron Mosher from Utah Department of Homeland Security and Emergency Preparedness will be the guest speaker. There will be a video presentation on Crandall Canyon. Maralin Hoff from Department of Public Safety will speak on earthquake safety. There will be food, door prizes and lots of free, valuable information for the public.

**ITEMS PULLED FROM CONSENT AGENDA**

None.

(2)

**CONSIDERATION AND APPROVAL OF AMENDED CIB 2010 LOCAL CAPITAL IMPROVEMENT LIST FOR EMERY COUNTY.**

The Commission received a request from Emery Water Conservancy District to amend the CIB short term list. They intend to apply for funds from CIB in the amount of \$253,000.00 to conduct a study on the San Rafael Muddy Creek to look at water shed on the Muddy drainage. Natural Resources Committee will match the funds to do the study to determine if additional water is available that could be used for agriculture or commercial use as part of the salinity project.

Commissioner Jeff Horrocks made a motion to amend the CIB short term list to allow Emery Water Conservancy District to apply for CIB funds for their study. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(3)

**CONSIDERATION AND RATIFICATION OF APPLICATION TO THE BLM FOR A TITLE FIVE ON THE WILD HORSE MUDDY RIVER ROAD EMERY COUNTY # 1013**

The Emery County Road Department is doing improvements to the Little Wildhorse road. In order to add a double chip seal to the road a Title 5 Right-Of-Way must be obtained from the BLM. The application was submitted previous to the meeting to the application process needs to be ratified. Commissioner Laurie Pitchforth made a motion to ratify application to the BLM for a Title 5 Right-Of Way for improvements to the Little Wildhorse Road. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(4)

Jeff Kelsey, Kelsey Benefits Group reviewed the medical insurance policy renewal for Emery County employees. Jeff provided a summary of the previous year's expenses. A renewal document was presented for approval. Commissioner Jeff Horrocks made a motion to approve renewal of medical insurance for Emery County employees with Kelsey Benefits Group. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

The Commissioners commended Mary Huntington and Emery County employees for keeping the medical costs down through participation in the Employee's Wellness Program.

(5)

**CONSIDERATION AND APPROVAL OF BID AWARD FOR ARCHITECTURE FIRM FOR EMERY COUNTY FOOD BANK BUILDING.**

Commissioner Gary Kofford explained that in a previous Commission Meeting bids were opened

for architecture services for the Emery County Food Bank. It was found that after the bids were opened that a bid from Architecture Coalition had been turned in on time to the Clerk/Auditor's Office but was filed in a different place and was subsequently missed on bid opening day. The envelope was opened and the bid was read at \$13,800.00. Bids for the Emery County Food Bank are as follow:

- |    |                                     |             |
|----|-------------------------------------|-------------|
| 1. | James O. Chamberlain and Associates | \$22,850.00 |
| 2. | WPA Architecture                    | \$24,000.00 |
| 3. | Etan Architecture                   | \$28,000.00 |
| 4. | Architectural Coalition, PLLC       | \$13,800.00 |

Commissioner Laurie Pitchforth made a motion to award the bid for design of the Emery County Food Bank to Architectural Coalition, PLLC. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(6)

### **CITIZEN CONCERNS**

Public Lands Director Ray Petersen presented 2 Title 5 Right-Of-Way applications for Cedar Mountain Airstrip and Hidden Splendor Airstrip. These are back country airstrips that periodically need to have the vegetation cleared off. These airstrips are recognized in the BLM's Management Plan and therefore the County needs to have Title 5 right-of-way to perform the maintenance. Approval was sought for the applications and will need to be ratified in the next meeting. Commissioner Laurie Pitchforth made a motion to approve Title 5 Right-Of-Way applications for Cedar Mountain Airstrip and Hidden Splendor Airstrip. The motion was seconded by Commissioner Jeff Horrocks and the motion passed. This action will be ratified in the next Commission Meeting.

Commissioner Kofford commended the Sheriff's Office and Search and Rescue and the many volunteers who recently spent many hours searching for a drowning victim at Huntington Lake

Commissioner Jeff Horrocks reminded everyone of the Cancer Celebration of Life Walk-a-Thon coming up on Friday and Saturday, June 11<sup>th</sup>, and 12<sup>th</sup>.

The Emergency Preparedness Fair will be held at the Emery High School June 18<sup>th</sup> from 4:00 pm until 8:00 pm.

### **COMMISSION/ELECTED OFFICIAL REPORTS**

*Commissioner Pitchforth*

Commissioner Pitchforth reported on the Little Miss Pageant. There were 10 girls in the pageant. Aspen Hansen from Huntington is the new Little Miss and will accompany the 2010 Miss Emery to the Miss Utah Pageant next year. The Princess Tea Party was postponed until

July 17<sup>th</sup>. The Friendship Cruise in Green River went well. She thanked the Sheriff's Department for the way they responded to the tragedies in the county last week.

*Commissioner Horrocks*

Commissioner Horrocks reported on the progress of the Land Use Bill and thanked those dedicated volunteers working hard to make the bill the voice of Emery County and not someone else. He participated in interviews for the clerk position at the Museum of the San Rafael. Patsy Grange has been hired for that part time position. He reported on attending a meeting with the Green River Medical Center who is in the process of expanding their facility. Construction is on budget and on schedule for completion.

*Commissioner Kofford*

Commissioner Kofford reported that all the Commissioners attended a meeting in Green River with FEMA regarding the proposed nuclear plant that may be coming to Green River. Emergency preparedness will be the process for several counties and the Ute Indian tribe in a fifty mile radius of the proposed site. There will be several on site training sessions in the months to come.

Site showing for bidders on the renovations at the Huntington Airport were held last week. Bids will be due on the 14<sup>th</sup> of June in the Clerk/Auditor's Office. Also, bids for the remodel project at the Sheriff's Office are due on the 14<sup>th</sup> of June.

**OPEN BIDS FOR EMERY COUNTY SHERIFF'S TRAINING BUILDING.  
CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED  
PAPERWORK.**

Bids were opened for the construction of the Sheriff's Training Facility. The bids were as follow:

1.	Carter Construction	\$202,301.00
2.	Stilson & Sons Construction	\$274,766.00
3.	Skybow Construction	\$208,220.00
4.	Broderick & Henderson	\$227,900.00

Commissioner Jeff Horrocks made a motion to review and compare the bids and then award the bid, ratifying the award in the next Commission Meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)  
**CONSIDERATION AND APPROVAL OF RESOLUTION OF THE BOARD OF  
COUNTY COMMISSIONERS, ACTING IN ITS CAPACITY AS THE GOVERNING  
AUTHORITY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT,  
AUTHORIZING THE ISSUANCE AND SALE OF UP TO \$565,000.00 OF THE  
DISTRICTS'S TAX ANTICIPATION NOTES, SERIES 2010; AND RELATED  
MATTERS.**

Jacob Sharp, Castle Valley Special Service District explained the need for a Tax Anticipation Note. He explained that a TAN is a short term loan that boost money into the CVSSD fund until

the anticipated tax revenue comes in at the end of the year. He explained the reason for being short on cash. CVSSD had an increased debt service payment of \$304,113.00 from 2009 to 2010. (\$1,755,033 in 2009 to \$2,059,146.00 in 2010) CVSSD pays current year debt service payments with prior year tax monies. (2010 payments were due in January and March and were paid with 2009 taxes received in December 2009) CVSSD collected only \$1,545,130.19 in debt service taxes with the remaining amount coming from a fund balance transfer. 2009 Mineral Lease revenue was \$135,000.00 short of budget. 2009 capital projects ran over on costs, which were paid out of the general fund. Result was a low cash on hand to begin 2010. In February 2010 board meeting the administrative control board of CVSSD unanimously approved the acquisition of \$550,000.00 Tax Anticipation Note with associated costs. This TAN will push the high debt service payments into 2013. Attorney David Blackwell recommended that this is a routine TAN and has been done in the past by the county. A Resolution was presented by Alex Buxton, Zion Public Finance to formalize the issuance and sale of up to \$565,000.00 of the district's Tax Anticipation Notes, Series 2010 and related matters. Commissioner Jeff Horrocks made a motion to approve Resolution 6-22-10 authorizing the issuance and sale of up to \$565,000.00 of CVSSD's Tax Anticipation Note, Series 2010 and other related documents. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(4)

**DISCUSSION AND APPROVAL FOR ROCKY MOUNTAIN POWER TO INSTALL TRANSFORMER AND POWER LINE TO NEW LOCATION OF HOME AT HUNTINGTON AIRPORT.**

Commissioner Gary Kofford discussed a project at the Huntington Airport. A clear zone needs to be established at the airport by relocating the house and other structures. Approval was sought to approve Rocky Mountain Power to install a transformer and power line to the new location for the house. This project is being funded through the SSD#1. Commissioner Laurie Pitchforth made a motion to authorize Rocky Mountain Power to install a transformer and power line to the new location of the house at the Huntington Airport. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(5)

**APPROVAL TO ADVERTISE FOR CONSTRUCTION OF THE EMERY COUNTY FOOD BANK.**

Commissioner Gary Kofford explained that the Board of Commissioners has not received the contract from CDBG as this date. However, Commissioner Kofford indicated that advertising for construction of the Food Bank could move forward as the contract was anticipated to arrive any day now. Commissioner Jeff Horrocks wanted to wait to advertise for construction of the Emery County Food Bank until the Commission had the contract in hand. Commissioner Laurie Pitchforth made a motion to advertise for construction of the Emery County Food Bank upon receipt of the contract from CDBG. Commissioner Gary Kofford stepped down to second the motion. Commissioner Jeff Horrocks opposed the motion citing that he felt that the county needed to have the contract in hand before going out to bid for construction of the Food Bank. The motion passed with two approval votes and one opposition vote.

**(6)**  
**CONSIDERATION AND APPROVAL OF AMBULANCE WRITE-OFF FOR RICHARD AND ZORA FIELDER.**

Commissioner Gary Kofford stated that some time back the Commission decided to not write off any more ambulance bills until some guidelines had been established for such action. However, in the past if a person was deceased at the time of ambulance service the bill was written off. This is the case in both instances for Richard and Zora Fielder. The ambulance bill is \$1,974.62. Commissioner Laurie Pitchforth made a motion to write-off the ambulance service bill for Richard and Zora Fielder. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

**(7)**  
**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN EMERY COUNTY AND ARCHITECTURAL COALITION FOR FOOD BANK ARCHITECT.**

Commissioner Jeff Horrocks made a motion to approve of an agreement between Emery County and Architectural Coalition in the amount of \$13,800.00 for the architectural design of the Emery County Food Bank. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(8)**  
**CONSIDERATION AND APPROVAL OF 2010 CERTIFIED TAX RATES.**

Clerk/Auditor Brenda Tuttle presented the 2010 certified tax rates for Emery County.

<u>Purpose of Tax Rate</u>	<u>Certified Tax Rate</u>	<u>Proposed Tax Rate</u>	<u>Max by Law</u>	<u>Budgeted Revenue</u>
General Purpose	0.003462	0.003494	.003200/.003600	6,237,800

Commissioner Jeff Horrocks made a motion to approve the Certified Tax Rates for 2010 as proposed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Jacob Sharp, CVSSD presented the 2010 Certified Tax Rates for CVSSD. The O & M Levy rate is 0.001000, Debt Service Rate is 0.001581 for a total rate of 0.002581. The CVSSD rate is approved by voters. Commissioner Jeff Horrocks made a motion to approve the 2010 voter approved certified tax rates for CVSSD as proposed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

**CONSIDERATION AND APPROVAL OF FY2011 UTAH STATE RETIREMENT RATES**

Brenda Tuttle explained that the retirement rates are set by the State of Utah. There is an increase in the rate for 2011. Non-contributory 2010 rate is 13.65%, for 2011 is 15.36% . That is an increase of 1.71%. Public Safety 2010 rate is 23.34%, for 2011 is 26.13%. That is a 2.79% increase. Commissioner Jeff Horrocks made a motion to approve the FY2011 Utah State Retirement rates as presented. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

**CONSIDERATION AND APPROVAL OF JUSTICE ASSISTANCE GRANT (JAG)**

The Justice Assistance Grant is a grant for Drug Task Force operations in the amount of \$51,234.00. Commissioner Laurie Pitchforth made a motion to approve of Justice Assistance Grant as proposed. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(11)

**CONSIDERATION AND APPROVAL OF LEASE AND MANAGEMENT AGREEMENT BETWEEN EMERY COUNTY AND HUNTINGTON AVIATION, LLC.**

Commissioner Gary Kofford discussed details of the lease and management agreement between Emery County and Huntington Aviation, LLC. Commissioner Kofford wanted it spelled out that Leon DeFriez, Huntington Aviation, LLC is not an employee of Emery County and is an independent leasee/manager of the airport. Mr. DeFriez asked if the county wanted the wording in the agreement to reflect Huntington Aviation, LLC as manager of the airport rather than a leasee. Attorney David Blackwell reviewed the agreement and felt that it reflected the needs of the county as it was. He indicated that the wording may be changed at a later date, if needed. Commissioner Laurie Pitchforth made a motion to approve the agreement between Emery County and Huntington Aviation, LLC as written. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(12)

**CONSIDERATION AND APPROVAL OF EXTENDED WARRANTY TO COVER CHILLER PARTS AND LABOR AT COURTHOUSE.**

Commissioner Gary Kofford explained that a few years ago the County put in a new chiller at the courthouse. This last winter we lost a fan blade and a compressor. The cost of the chiller was \$85,000.00. The warrant carrier for the chiller wants \$4,900.00 to extend the warrant for another 4 years. In order to retain the warranty the extension must be paid before the warranty expires. Therefore, we need to pay the extended warranty before July 1, 2010. Commissioner Jeff Horrocks made a motion to approve payment for the extended warranty for parts and labor on the courthouse chiller. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(13)

**CITIZEN CONCERNS**

Republican Chairman, Bill Dellos reminded everyone that today was Primary Election Day, and to get out and vote.

Attorney David Blackwell discussed a situation in Lawrence regarding trespassing on County property. Nate Finley is putting up a fence that is on a county right-of-way. North Emery Water Users and Emery TelCom also have right-of-way permits for this property. Mr. Blackwell indicated that a verbal communication has taken place with Mr. Finley informing him that he is infringing on a county right-of-way. Mr. Blackwell suggested sending a letter to Mr. Finley officially informing him in writing of the infringement on the county's right-of-way and to remove the fence within thirty days. No action was taken. Mr. Blackwell will keep the Commission informed of future action.

(14)

**COMMISSION/ELECTED OFFICIAL REPORT.**

*Commissioner Horrocks*

Commissioner Horrocks reported that the Emery County Archives has received a grant from Utah History Council to document the history of Central High, North Emery High and education. He reported on attending CCRIC meeting in Price where they discussed a booth in the Price Museum to direct tourist to places in Emery County. The Cancer Relay For Life Walk-a-Thon was well attended. Cathy Jensen retired recently from the Sheriff's Department. Commissioner Horrocks stated that Cathy was a dedicated employee and thanked her for her years of service the citizens of Emery County.

*Commissioner Pitchforth*

Commissioner Pitchforth reported on the recent Emergency Preparedness Fair sponsored by the Sheriff's Department. She commended the LEPC Committee and Cynthia Grant for their

dedication and work on the fair. There was a good turnout and participation. She thanked the many hands who worked diligently on the Cancer Relay for Life Walk-A-Thon. She thanked Cathy Jensen for her 32 years of service to the citizens of Emery County. She reported on attending an Economic Development meeting regarding Business Partners which will take the place of the Chamber of Commerce which is currently inactive. This will be of benefit to the businesses in Emery County in coming up with new ideas. The Miss Emery County Benefit Golf Tourney was a big success. The current Miss Emery County, Shelby Huntington did a great job at the Miss Utah Pageant. The 2010 Miss Emery County pageant will be held July 17<sup>th</sup>. The Princess Royal Tea party will be on July 17<sup>th</sup> at 1:00pm. On Saturday, Commissioner Pitchforth took her grandkids to the Aquatic Center. She reported that the Aquatic Center is a wonderful facility. The Aquatic Center park is great also. She stated that she hoped that everyone in the county is taking advantage of this great facility.

*Commissioner Kofford*

Commissioner Kofford that they soccer league held their first game on the new Aquatic Park field. It was great to see the park being used. Commissioner Kofford reported on the situation in Ferron regarding a petroleum leak. CVSSD dug up the area on the 11<sup>th</sup> of June and found the product in the underground water. The Department of Air Quality and other agencies have been in the area to conduct test and have determined that there is live gas east of Main Street Market. The Emery County Hazmat Team under the direction of Tom Harrison has put in many hours as have the maintenance workers of Ferron City in trying to resolve the problem. The problem is stabilized at this time. Commissioner Kofford applauded the EMS, Ambulance Department Sheriff's Department, LEPC and other teams who worked hard to bring about the success of the Emery County Preparedness Fair.

Commissioner Pitchforth added that she applauded the efforts of the Behling family in helping to get the gas problem in Ferron resolved.

### **JAN BODILY, FOUR CORNERS MENTAL HEALTH, PRESENTATION AND ACCEPTANCE OF ANNUAL AREA PLAN.**

Jan Bodily, Four Corners Mental Health presented the FY2010 Annual Area Plan for substance abuse services in Emery County. She outlined the program's comparative services and formats. Emery County Commission is the local authority for substance abuse services and facilitates the pass through funding for local services in Emery County. Commissioner Laurie Pitchforth made a motion to approve the 2010 Annual Area Plan for Four Corners Mental Health Services in Emery County. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(3)

### **ROCKY MOUNTAIN POWER/PACIFICORP ENERGY, QUARTERLY UPDATE.**

Deb Dull, Rocky Mountain Power/PacifiCorp Energy reviewed a few ongoing projects. They have been busy in Green River. They recently energized a new substation in Green River. In June strong winds in Green River affected the substation causing Green River customers to experience an outage for a time to perform repairs. Deb turned the time over to Darrel Cunningham, Huntington Plant Manager. Mr. Cunningham informed the Commissioners that the plant just celebrated their 1 year mark for no loss time or reportable accidents. He informed the Commissioners that on September 18, 2010 Huntington Plant will have a shut down for sixty-one days on Unit #1 to perform clean air projects and upgrades. They estimate that they will have up to 700 workers here at peak outage. The plant is running well and is open for group tours and or concerned citizens. Lauren Huntsman, Hunter Plant Manager reported on recent activity. Deer Creek Mine will be performing maintenance over the next 6 months to remove the long wall sections. They will be shipped out for over haul. This is expected to bring extra work and support to local businesses in the county. Hunter Plant just celebrated their 2<sup>nd</sup> year without job loss time or recordable incidents. There is a lot of emphasis on employee safety. In February 2011 Hunter Plant will have a 63 day outage to perform the same clean air projects and upgrades. They anticipate approximately 700 workers in the county during the peak of the outage. Their hope is that these overhauls will increase the efficiency of the turbine and boiler. Hunter Plant and Huntington Plant have been involved with helping the irrigation companies with projects throughout the county. As share holders in these companies they participate in these projects. Commissioner Kofford thanked Rocky Mountain Power and PacifiCorp for all they do for the economy of Emery County. Steve Barton commended RMP for their efficiency in responding to a lightning strike that recently caused an outage in the Cleveland/Elmo area.

(4)

**CONSIDERATION AND APPROVAL OF FY2009 INDEPENDENT AUDIT REPORT.**

Brenda Tuttle, Clerk/Auditor presented the 2009 independent audit from Kimball & Roberts, Emery County's independent auditors. The county received a clean audit with no management letter showing that Emery County is in compliance with state and federal regulations. Kimball & Roberts commended the Clerk/Auditor's office and other offices for their efficiency in handling the budget and records. Commissioner Jeff Horrocks made a motion to accept the FY2009 Independent Audit report. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**APPROVAL OF POWER TERMINATION, INSTALLATION OF TEMPORARY POWER AND OTHER NECESSARY ACTIONS BY ROCKY MOUNTAIN POWER FOR CONSTRUCTION OF NEW FOOD BANK.**

A request was made to remove the power meter at the existing food bank building. Because of the location for the new food bank building a new power pole and rerouted power for the new building was requested along with temporary power during the construction of the new building. Commissioner Gary Kofford recommended approaching Rocky Mountain Power to have this work done. Commissioner Jeff Horrocks made a motion to approach Rocky Mountain Power to remove the existing power meter at the food bank building and set a new power pole with rerouted power and temporary power for the construction phase of a new food bank building as discussed. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

**DISCUSSION AND APPROVAL OF DISPOSITION PROPOSAL OF THE MANUFACTURED HOUSE AT HUNTINGTON AIRPORT AS PER SECTION 3 OF ORDINANCE NO. 5-5-93A.**

Commissioner Kofford discussed the disposition of the manufactured house at the Huntington Airport. He explained that under the direction of the Special Service District work is being done

at the Huntington Airport which includes removing the old manufactured house and replacing it with a new one. The price to move it and fix it up was about as much as purchasing a new one. In discussing it, it was determined that it is personal property due to the fact that it sits on BLM property not Emery County property. The Assessor's office has put a value on it of \$29,000.00. This is questionable considering that the roof needs to be replaced and the inside is deteriorated somewhat. In order to move the home it requires that the axles and tongue be put back on or some other way to move the structure. He asked for approval to advertise in the paper for two weeks beginning with July 20th and again on July 22nd with the bids coming in to the Clerk/Auditor's office by August 9<sup>th</sup> to be opened on August 10<sup>th</sup> in Commission meeting. The advertisement would read that the home is for sale, to be moved within thirty days of notification of bid, payment would be necessary within 24 or 48 hours of notice of bid. Failure to remove to home within thirty days of notification of award of bid then the home would revert back to the County and the county would keep the money gained by the sale. Attorney David Blackwell explained that with the home in place the value would be accurate. However, since it has to be moved the value will be substantially less. Because it is personal property we can disposed of it in the recommended manner. He did not see any problem with disposing of it in the manner that Commissioner Kofford recommended. Commissioner Kofford recommended setting a minimum bid of \$5,000.00. Commissioner Jeff Horrocks made a motion to move forward with advertising to sell the home at the Huntington Airport to include removal of the home and other directions as stated by Chairman Gary Kofford. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(8)

**DISCUSSION AND APPROVAL OF AMENDED FOOD BANK PROJECT SCHEDULE AND INVITATION TO BID.**

Commissioner Kofford explained that this did not get advertised on July 6<sup>th</sup> as was previously expected. It will appear in the paper today and again on July 20<sup>th</sup>. There is a mandatory site showing on July 26<sup>th</sup> at 10:00am. The bids are to be in the Clerk/Auditor's Office by August 9<sup>th</sup> at 5:00 pm to be opened on August 10<sup>th</sup> in Commission Meeting. With favorable bids and sufficient funds we will award that bid and proceed with the Food Bank Project. Commissioner Laurie Pitchforth made a motion to approve the amended Food Bank Project schedule. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(9)

**CONSIDERATION AND APPROVAL OF AGREEMENT WITH DIVISION OF WORKFORCE SERVICE FOR WORKSITE LEARNING.**

Mary Huntington presented an agreement with Work Force Services for work-site learning. She explained that the county has done this in the past. Attorney David Blackwell has reviewed the agreement. Workforce Services, if they have an individual to place for employment they want to be able to contact the county to see if the need to have someone come to work for us and then they will pay the wages. Workforce services would assume the Workers Comp, etc. They have another program that places individuals into the workforce with a limitation of some sort and they will pay a portion of their wages up to a threshold dollar amount. It doesn't mean that we

have to place that individual it just means that they will have the ability to call us and see if have a need. Commissioner Jeff Horrocks made a motion to approve an agreement with Division of Workforce Service for Worksite Learning. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(10)

**CONSIDERATION AND APPROVAL OF AGREEMENT WITH PAIN RELIEF LLC FOR PUBLIC LAND CONSULTING.**

Emery County previously entered into an agreement with Payne Relief, LLC to work with Emery County Public Lands office while the Public Lands Director, Ray Petersen works on Emery County's land bill legislation. The terms of the agreement are for \$12,500.00 for three months. Mr. Payne has been working on other jobs that Ray normally performed, one was working with DOGM and the BLM on the closure of uranium and other mines in the desert under BLM guidelines. The agreement with Payne Relief, LLC ended on June 30, 2010. It was the desire of the Public Lands Director that the county enter into another agreement Payne Relief for another 3 months beginning on July 1, 2010 and ending on September 30, 2010. Commissioner Jeff Horrocks made a motion to approve an agreement with Payne Relief, LLC for public land consulting. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

Patsy Stoddard wanted to know if this was budgeted for and where the funds were coming from. Commissioner Kofford indicated that the funds were not budget for and that they have funds in Capital Improvement that was budgeted for demolition of a building in Green River could be used for this purpose

(11)

**CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING BUILDING PERMIT FEE SCHEDULE.**

Recently the county entered into a contract with Sunrise Engineering to do building inspection in the county and cities with the exception of Orangeville and Ferron. One of the problems that we have run into was that the county was charging more on mobile homes and other things. This was and agitation to some in the county. This part of the reason that Orangeville and Ferron went out on their own. The fees are substantially less than what the county has been charging. So into order to match what Orangeville and Ferron have been charging it was suggested that the county adopt a resolution to amend the building inspection fee schedule as follow:

<u>Project</u>	<u>Amount per square feet</u>
Basement finish	\$23.20
Deck	\$12.00
Garage, masonry	\$29.99
Metal Carports	\$ 8.50
Convert garage or carport to living space	\$45.00

Siding/Stucco	\$per valuation
Re-Shingle	\$ 1.75
Roof Conversion	\$ 5.00
Signs, Monument	\$22.50
Signs, pole	\$22.50
Signs, Wall	\$ 6.00
Retaining Walls:	
Cast in place (less than 10'in height)	\$10.00
Masonry (less than 10' in height)	\$ 5.00
Cast in place(above 10' in height)	\$11.00
Masonry (above10' in height)	\$ 5.50

<u>Project</u>	<u>One-time fee</u>
Inspection for which no fee is specifically indicated or one-time only	\$50.00
Modular home with no basement or garage on permanent foundation, one-time only (Includes gas and electrical check)	\$300.00

Commissioner Jeff Horrocks made a motion to approve Resolution 7-13-2010 a Resolution establishing inspection fees for Emery County, Green River, Elmo, Cleveland, Castle Dale, Huntington and Emery. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed

**CONSIDERATION AND APPROVAL OF INTERLOCAL COOPERATION AGREEMENT BETWEEN UTAH DEPARTMENT OF TRANSPORTATION, EMERY AND CARBON COUNTIES FOR PARTICIPATION IN HORSE CANYON REST AREA PROJECT.**

Commissioner Gary Kofford explained the interlocal agreement between Utah Department of Transportation , Emery County and Carbon Counties for participation in Horse Canyon Rest Area Project. The agreement calls for Emery and Carbon County work with UDOT to secure funding to create a rest stop at Horse Canyon intersection and Highway 6. The project will include a turn lane, acceleration lane, and a passing lane that ties onto Lila Canyon Road. It also includes in the rest area a couple of restrooms, some tables and a place for people to pull off. There are two things that this agreement spells out. One is that Emery County Special Service District #1 has agreed to put forward \$100,000.00 towards the construction of the \$700,000.00 project. The other term is that Emery County (Emery County Travel Bureau) make available \$3,000.00 per year towards the maintenance of the facility. The agreement calls for 50 year term which the Commission wants to pull back to five years. Also it calls for the payment of the maintenance which the Commission wants to have spelled out who will perform the maintenance. Phil Fauver asked why the significance of Horse Canyon. Commissioner Kofford

explained that there is a close proximity to Range Creek and other attractions. Kiosks will be put up directing tourist to areas in Carbon and Emery Counties. Commissioner Laurie Pitchforth made a motion to approve the interlocal agreement between UDOT, Emery County and Carbon County for participation in Horse Canyon Rest Area Project. Commissioner Jeff Horrocks stated that he is not comfortable with committing Emery County Travel Bureau money for fifty years and recommended changing the wording on #10 regarding the funding to “five years subject to review and renewal”. Commissioner Kofford also suggested adding the wording “or so long as there is a facility there”. Commissioner Horrocks suggested adding a #12 stating that “as long as the Emery County Travel Bureau has the location to maintain a kiosk advertising Emery County”. Commissioner Kofford suggested adding that UDOT is responsible for the maintenance. With these changes Commissioner Jeff Horrocks seconded the motion contingent upon the recommended changes. The motion passed.

**CONSIDERATION AND APPROVAL OF CONTRACT WITH CARTER CONSTRUCTION FOR SHERIFF’S TRAINING BLDG. REMODEL.**

Commissioner Kofford explained that Carter Construction was the low bidder on the Sheriff’s Training building remodel project. After discussions with the architect, Sheriff Guymon and Carter Construction the Commission felt like they are ready to enter into a contract with Carter Construction for the project. Commissioner Laurie Pitchforth made a motion to approve the contract with Carter Construction for the Sheriff’s Training Building remodel project. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

**CITIZEN CONCERNS.**

Mary Huntington reported that the Library Board met yesterday to late to get on the agenda for today’s meeting. The Library Board would like to appoint Carole Larsen as interim director and underfill the position at the current rate of pay until after the budget process for 2011. They would also like to have an interim assistant to the director and appoint Roxanne Noyes. Carole and Roxanne would retain their positions as head branch librarians until the budget process allowing time to evaluate the situation. It was pointed out that this not creating a new position within the library system and Carole and Roxanne will receive no extra compensation just additional responsibilities in the interim until the budget process. Commissioner Laurie Pitchforth made a motion to approve an interim director and interim assistant to the director for the library system until budgets are approved for next year. This is not creation of a new position. There will be no additional compensation or pay. The motion was seconded by Commissioner Jeff Horrocks and the motion passed. This action will be ratified in the next Commission Meeting.

Commissioner Laurie Pitchforth thanked Jerilyn Mathis for 32 years of service to the communities of Emery County as Library Director. She thanked Mary Huntington, Carole Larsen and Roxanne Noyes for their help in getting through this period of time.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Commissioner Pitchforth reported attending UAC meetings. She reported on the recent Crandal Canyon Triathlon. There was a great turnout. On Saturday July 17<sup>th</sup> Emery County will host the Little Miss Tea Party which is a fund raiser for Miss Emery. There are five girls entered in the Miss Emery Pageant. The Emery County Recreation District and Emery County are gearing up for the 2010 Emery County Fair. The Rodeo will be July 29, 30, and 31<sup>st</sup>. The Fair begins August 4<sup>th</sup> with the Ice Cream Social and free swim day. The Castle Valley Pageant is on this year scheduled for July 30<sup>th</sup> and 31<sup>st</sup>, August 3<sup>rd</sup> through the 7<sup>th</sup>.

*Commissioner Horrocks*

Commissioner Horrocks attended Castle County Partnership meeting in Moab where they discussed the tourist trade in some parts of the state. He reported on attended TTRC meeting where they discussed the restaurant tax. Salt Lake County and Utah County oppose this tax which creates millions of dollars state wide for tourism in the state. If the tax is removed property taxes may be increased to cover the loss of revenue in tourism.

*Commissioner Kofford*

Commissioner Kofford reported on the recent Crandal Canyon Triathlon. He also reported on the swim teams. There have been 3 swim meets this year at the Aquatic Center. The swim team has also traveled to Richfield for meets.

## Discussion Items

(1)

### **ITEMS PULLED FROM THE CONSENT AGENDA.**

There were no items pulled from the consent agenda for discussion.

(2)

### **BILL BATES, DIVISION OF WILDLIFE RESOURCES, UPDATE OF DIVISION ACTIVITIES.**

Bill Bates, DWR provided a brief update of activities within the division. He reported that in their next RAC meeting in Green River to be held on July 28, 2010 they will be discussing the River Otter Plan. About a year ago when the plan was first brought up there were some concerns expressed by the Emery County Public Lands Council regarding the reintroduction of river otters into Straight Canyon. Since that time the DWR has met with the irrigation companies and Emery Water Conservancy District and the Bureau of Reclamation to come up with a co-operative agreement. In the agreement the division agrees to not seek to compel habitat or water management modification to benefit river otters, not interfere with the operation of Joe's Valley Reservoir or water management regimes in Cottonwood Creek for the benefit of otters, nor pursue involuntary water contribution from water users and managers for the management of otters, recognize and respect the water rights and operation of users and water managers in Cottonwood Creek and its tributaries, not to allow river otter management to not interfere with the necessary removal of beavers. In exchange for that other entities agree to not oppose the transportation of otters into straight canyon in Joe's Valley. Any of the terms that they have asked us to agree to are really not a concern for otters. They are a species that do not cause a lot of controversy. Ray Petersen, Public Lands Council indicated that the council's concerns were with the irrigation companies and making sure that they were comfortable with what is proposed. Mr. Bates also reported that the division's plans with the Ferron Creek Reclamation Project to try and restore that to a native cutthroat fishery are moving forward. He reported on their plans for a deer management system. It will be a major change to consider carefully. Anyone interested in looking at the proposed changes in the hunting structure can go to [www.wildlife.ut.gov](http://www.wildlife.ut.gov).

### **DISCUSSION AND REAFFIRMATION OF SUPPORT FOR CONTINUING LEGAL ACTION RE:RS2477 ROAD RIGHTS IN EMERY COUNTY.**

Commissioner Kofford reported that back in the December 8, 2009 Commission meeting because of lack of affidavits and testimonies on some roads that we were litigating in conjunction with the state of Utah. It was recommended that we pull away from that law suit with the opportunity to come back later should we obtain more testimonies from the public. This created alarm among the populus in Emery County. Several individuals have come forward and have offered testimonies. Lawyers in the Attorney Generals office have gained several hundred pages

of testimony regarding the 6 roads. Things have changed since December 8 as far as our position in doing litigation on the 6 roads in Emery County. Two weeks ago Commissioner Kofford and Ray Petersen represented the county and gave deposition regarding the history of the roads for the federal side of the case. As a result, became apparent that we probably need to put this back on the agenda and reaffirm or state that Emery County is in concurrence with what the State of Utah is doing and are part of the litigation on the six roads in Emery County. Commissioner Jeff Horrocks made a motion to reaffirm Emery County's support of legal action for RS2477 roads in Emery County. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(4)

**CONSIDERATION AND APPROVAL OF CONTRACT WITH LUXURY HOMES FOR NEW MANUFACTURED HOME AT HUNTINGTON AIRPORT.**

Commissioner Kofford explained that in 2005 a airport layout plan was done that called for a clear zone 400 feet each side of the runway. That means we can't have trees, bushes, houses, offices, etc. on either side of the runway for 400 feet from the centerline. This also means that we need to reconfigure the airport. The existing manufactured home and office will need to be moved, build a new parking lot and entrance to the airport. In bidding out the work to be done at the airport it became apparent that moving the manufactured home and putting it back into livable condition would cost as much as purchasing a slightly larger new home. The work at the airport is being paid for by a \$130,000.00 grant from UDOT Division of Aeronautics through the Special Service District. In the previous meeting Commissioner Kofford stated that the manufactured home was a 1980 model and after finding the title to the it has been determined that the home is a 1997. In the last Commission meeting the Commission did approve putting the home up for auction. It has been advertised and bids will be opened in the August 10<sup>th</sup> Commission Meeting. The SSD# 1 board who oversees the project has recommended that it was a better deal for the county to purchase a new home. The home will be in Emery County's name. Therefore, there is a contract that needs to be approved to purchase the manufactured home from Luxury Homes. Commissioner Jeff Horrocks made a motion to approve a contract with Luxury Homes to purchase a new manufactured home for the Huntington Airport. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(5)

**CONSIDERATION AND APPROVAL FOR STILSON CONSTRUCTION TO REPAIR DUCT WORK ON EXHAUST HOOD AT CASTLE DALE SENIOR CITIZEN CENTER.**

Commissioner Kofford explained that in a risk management inspection it came to light that the exhaust fan over the stove at the Castle Dale Senior Citizen Center was missing the connection from the ceiling to the fan. Stilson Construction was the original contractor on the building. Mr. Stilson went back to the original installer and supplier of the fan and tried to work through them. No one would take responsibility for the fan. So, Mr. Stilson finally found a local company Snow's Heating and Air Conditioning who would repair the duct work on the exhaust hood. Several different companies were contacted to do the work, but Snow's was the only one

interested in doing the work. Commissioner Kofford asked for approval to move forward with having Stilson Construction and Snow's Heating and Air Conditioning do the repairs. Commissioner Laurie Pitchforth made a motion to move forward with having Stilson Construction and Snow's Heating And Air Conditioning to repair the duct work on the exhaust hood at the Castle Dale Senior Citizen Center. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(6)

**CONSIDERATION AND APPROVAL OF FY2011 CONTRACT BETWEEN EMERY COUNTY AND ALG AAA FOR ADMINISTRATION OF AGING PROGRAM FOR EMERY COUNTY.**

This is an ongoing contract with ALG for the administration of the aging program for Emery County. Commissioner Laurie Pitchforth made a motion to approve contract FY2011 between Emery County and ALG AAA for administration of the aging program in Emery County. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(7)

**CONSIDERATION OF DONATION FOR RSVP RECOGNITION DINNER.**

Celeste Lute Advisory Council President of Retired Senior Volunteer Program came before the Board of Commissioners to request donation to RSVP to support their recognition dinner for volunteers in Emery County. She reported that Emery County seniors have donated over 1500 service hours in the county. Their dinner will be on August 27<sup>th</sup> at 5:00 pm at the Orangeville Community Center. Commissioner Jeff Horrocks made a motion to donate \$250.00 to RSVP to support their recognition dinner. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(8)

**CONSIDERATION OF DONATION TO SENIOR CITIZEN' S ANNUAL LAMB FRY.**

Commissioner Laurie Pitchforth made a motion to approve a donation of \$250.00 to the Senior Citizen's Lamb Fry to be held on September 12, 2010 at 12:00 pm at the Little Bear Campground in Huntington Canyon. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(9)

**CITIZEN CONCERNS**

Public Lands Council Director, Ray Petersen provided an update on the Crandall Canyon Memorial land trade. Emery County has been involved with the land trade which involves

trading USFS property where the memorial site is situated for Emery County property. The Crandall Canyon Mine owners deeded over to Emery County 7.5 acres to be used to trade for the 2.5 acres of FS property that the memorial is situated on. It was determined that it would be best that the memorial be on private property. There was a special use permit issued by the Forest Service for five years. That time is approaching and we are trying, again, to move the land trade forward. There is work that still needs to be done to firm up this trade before the end of those five years. This work could take a couple of years.

Commissioner Kofford reported that Emery County received notice from the Army Corp of Engineers that Sevier County had filed application again on the Quitchupah Creek on the road from Consol Mine to Highway 10. The ACE asked for comments from Emery County. Emery County has gone on record previously as being in favor of the project and have instructed Ray Petersen to draft a letter to the Army Corp of Engineers that Emery County is still in favor of the project.

**(10)**  
**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Jeff Horrocks*

Commissioner Horrocks reported on the big game RAC board's proposed changes in the hunts. The RAC board is working very closely with the public to make sure that when the changes do take place it will be the best thing for the hunters and property owners. Economic Historic Preservation Committee met recently to discuss Muddy Creek sign replacement. The Temple Mountain sign layout was reviewed. They also discussed the silo at Clyde Magnuson's property.

*Commissioner Laurie Pitchforth*

Commissioner Pitchforth reported on USU Extension Camp at the elementary school. She was especially impressed with the robotics that the elementary school age children were learning. She attended Emery County Business Chamber a new business partnership in place of the Chamber of Commerce. This is expected to help build stronger and better businesses in Emery County through support. She invited businesses to participate. She attended RSVP board meeting recently. She commended them for everything that they do for the County. Volunteers are very important to bringing success to the many functions in the County. We just had the Miss Emery Pageant and the Little Miss Tea Party. The Fair and Rodeo are coming up and volunteers are very important to these activities. She especially thanked Patsy Stoddard for her help. There will be a retirement party for Jerilyn Mathis who has recently retired as Head Librarian after 35 years of service to Emery County. The party will be at the Castle Dale Library on Monday, August 2<sup>nd</sup> from 3:30 pm to 5:30 pm.

*Commissioner Gary Kofford*

Commissioner Kofford reported that the Emery County Road Department will be chip sealing 21 miles by Emery and Clawson starting Monday August 2<sup>nd</sup>. This will take approximately ten days.

The Lila Canyon Road is progressing. Nielson Construction is the contractor on that road and they anticipate asphaltting around September. Yesterday there was a site showing on the Food Bank Building. There were 8 contractors and sub-contractors who attended. Bids will be opened on August 10<sup>th</sup> in Commission meeting. We should have something going on this project by first of September.

Motion to leave the regular meeting and move into a closed/executive session and upon conclusion to said closed meeting return to the regular meeting was made by Commissioner Jeff Horrocks, seconded by Commissioner Laurie Pitchforth and the motion passed.

(11)

**CLOSED/EXECUTIVE SESSION TO DISCUSS ATTORNEY/CLIENT COMMUNICATIONS REGARDING LITIGATION OR OTHER MATTERS ALLOWED BY LAW.**

## Discussion Agenda

(1)

### **ITEMS PULLED FROM CONSENT AGENDA.**

Nothing

(2)

### **OPEN SEALED BIDS FOR EMERY COUNTY FOOD BANK PROJECT. CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED PAPERWORK.**

The architect for the Food Bank Project sent out an addendum for the parking lot based on a report from the soils engineer. Three of the prospective bidders asked for additional time to find sub-contractors for that portion of the project. Because of this, the bids will not be opened today. Chairman Gary Kofford asked that a special Commission Meeting be set for August 16, 2010 at 10:00 am to open the bids. Commissioner Jeff Horrocks made a motion to move forward the opening of bids to Monday, August, 16, 2010 at 10:00 am. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(3)

### **CONSIDERATION AND APPROVAL OF GENERAL SERVICE CONTRACT BETWEEN ROCKY MOUNTAIN POWER AND EMERY COUNTY FOR ELECTRIC SERVICE AT THE FOOD BANK.**

A general service contract for electric service at the Food Bank site at 40 South Center in Castle Dale was presented for consideration. The County has chosen the contract administration credit option waiving the right for refunds should additional applicants connect to the improvement. The county's portion of the contract is \$3,336.00. To buy out the contract is \$897.00. The total for the contract service is \$4,233.00. Commissioner Laurie Pitchforth made a motion to approve the general service contract between Rocky Mountain Power and Emery County for electric service at the Food Bank. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(4)

### **CONSIDERATION AND APPROVAL OF RIGHT-OF-WAY EASEMENT FOR POWER SERVICE AT THE FOOD BANK.**

The overhead power line, pole and transformer at the Food Bank needs to be relocated. A right-of-way easement for the power service at the Food Bank was presented for approval. Commissioner Jeff Horrocks made a motion to approve a right-of-way easement for power service at the Food Bank. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(5)

**OPEN SEALED BIDS FOR 1997 CHAMPION DOUBLE WIDE MOBILE HOME. CONSIDERATION AND APPROVAL OF HIGHEST BID AND ASSOCIATED PAPERWORK.**

Bids were opened for the 1997 Champion Double Wide mobile home at Huntington Airport.

1. Jeremiah Jensen	\$9,000.00
2. Mervin Nielsen	\$10,111.00
3. George A. Nelson	\$10,500.00
4. Kerwin Jensen	\$6,327.15
5. Boyd Griffin	\$8,101.00

Commissioner Jeff Horrocks made a motion to accept the highest bid from George A. Nelson in the amount of \$10,500.00. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

Commissioner Jeff Horrocks made a motion to move down the list of bidders should the successful bidder decline. The motion was seconded by Commissioner Laurie Pitchforth and the motion passed.

(6)

**OPEN SEALED BIDS FOR AQUA SIZE INSTRUCTOR AT THE EMERY COUNTY AQUATIC CENTER. CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED PAPERWORK.**

Sealed bids were received for Aqua Size instructor at the Aquatic Center.

1. Samantha Johnson	\$20.00 per hour
2. LuAnn Koch	\$ 175.00 per year.

It was determined that LuAnn Koch was the low bidder. Commissioner Laurie Pitchforth made a motion to hire LuAnn Koch as Aqua Size instructor at the Emery County Aquatic Center. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

(7)

**CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY/CARBON COUNTIES AND UTAH DEPARTMENT OF TRANSPORTATION FOR HORSE CANYON REST AREA.**

The Board of Commissioners discussed an Interlocal Agreement between Emery County, Carbon County and Utah Department of Transportation for Horse Canyon Rest Area. The Commissioners had requested some changes to the agreement. The change to section #10 which specified the terms of the agreement to be 50 years from the effective date could not be changed to five years because of state law 11-13-216. Therefore, the terms remained at fifty years. Section #3 specifies that space will be provided to Carbon and Emery County at the site for interpretive panels, as approved by UDOT, at no additional cost. This section also specifies that Emery County and Carbon county, through their respective travel bureaus, will contribute

\$3,000.00 per year each for the ongoing maintenance of the facility. Commissioner Laurie Pitchforth made a motion to approve an Interlocal Agreement between Emery/Carbon Counties and Utah Department of Transportation for Horse Canyon Rest Area. The motion was seconded by Commissioner Jeff Horrocks and the motion passed.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Commissioner Pitchforth thanked everyone who participated in the success of the fair and rodeo this year. She especially thanked the sponsors and the Recreation Special Service District Board and staff. There were a few weather issues but overall it was a great fair and rodeo this year. She attended a Care Center walkthrough and reported on the progress at the center. The landscaping is coming along. Hopefully things will be completed in the next few weeks. The staff and board of the Emery County Care and Rehabilitation Center has planned an open house for September 11, 2010 in conjunction with Peach Days. She congratulated Clerk/Auditor Brenda Tuttle and her husband on the recent birth of their daughter.

*Commissioner Horrocks*

Commissioner Horrocks reported on the Big Game RAC meeting. There were seven items on the agenda. He reported on permitting for cougar hunts, predator kills the deer crop and lack of deer in certain areas. Fish and Game will hold check points this year in certain areas. The Emery County Trails Committee is working on a motorized trails map. He attended a DWFS meeting where they discussed the loss of jobs and residents in the county. The Historical Committee is working on an interpretive sign for Temple Mountain. A successful local Arts Festival was held at the Museum of the San Rafael during the Fair. He reported on a "Take Back Utah" rally in Salt Lake City on the 28<sup>th</sup>. Anyone interested in maintaining public lands in Utah is encouraged to attend the rally.

*Commissioner Kofford*

Commissioner Kofford reported on Public Lands Council meeting where under the Water Users section of the meeting it was reported that Mistie Christiansen was instrumental in acquiring a \$200,000.00 grant for a water study. It was determined that Emery Water Conservancy District will administer the grant and the study. They will work with the Department of Natural Resources in looking at various water storage options. They may be short some money for the study so looking at going back to CIB for additional funds. This is important for Emery County

for industry and water users in the county. Moore Phase 8 is underway, it was a little late getting started due to the weather conditions this summer. Lila Canyon Road is 40% complete. The road is scheduled for completion December 1, 2010. Lila Mine has a stock pile of coal waiting for transport so they are anxious for the road to be completed. Commissioner Kofford also thanked everyone who participated in the success of the Fair and Rodeo. He felt they were well accepted by the people of Emery County as well as those who visited here. The Castel Valley Pageant was a big success. There was a huge turnout on Tuesday, August 3, due to appearance of President Dieter F. Uchtdorf that night. The next Commission meeting will be on August 24, 2010 in Green River in conjunction with Board of Equalization for Green River residents. Commission Meeting will begin at 9:00 am until 10:00 am at which time BOE will go from 10:00 am until 12:30 pm. BOE for the rest of the county will be on Wednesday, August 25, 2010 from 9:00 am until 3:00 pm in this building.

(2)

### **PRESENTATION AND DISCUSSION OF RANGE CREEK COMPREHENSIVE MANAGEMENT PLAN.**

Ann Hanniball, Associate Director, Utah Museum of Natural History, Natalie Conlin, Utah Division of Forestry, Fire and State Lands, Duncan Metcalf, Curator and Professor University of Utah, and Dennis Earhart, Consultant for the Utah Museum of Natural History came before the Board of Commissioners to discuss Range Creek's Comprehensive Management Plan. Ann Hanniball addressed the Commissioners. The State of Utah owns property in Range Creek Canyon. In December of 2009, this property was leased to the University of Utah (U of U) for the primary purpose of operating and maintaining a field research station in the canyon to facilitate the long-term, orderly scientific investigation, preservation and protection of cultural resources in the Range Creek drainage. That lease also delegated management authority over the State's property in the canyon to the U of U. In light of the purposes of the lease, the U of U has appointed the Utah Museum of Natural History to administer the U of U's responsibilities in the canyon. Included within the State's property in the canyon are the former Wilcox ranch properties, located partially in Emery County and partially in Carbon County. Under the University's agreements with Utah's State and Institutional Trust Lands Administration (SITLA), which is the division of the state currently holding title to the former Wilcox properties, the University is taking the lead in drafting a comprehensive management plan (CMP) as required by a Conservation Easement placed over the former Wilcox Properties. There is full cooperation and collaboration among the University, the Utah Department of Agriculture and Food and Utah Division of Forestry, Fire and State Lands (the named grantees under the Conservation Easement), SITLA, and the Utah Division of Wildlife Resources (DWR). The CMP will guide management of the former Wilcox properties and the resources, public access, and Field Station operations for and within such properties. Consistent with the University's rights and obligations under its lease, the University's primary interest in Range Creek Canyon is research and educational opportunities afforded through the Museum's Range Creek Research Field Station. It is also keenly interested in the management and protection of archeological historical, and natural resources in the canyon and is very mindful of other established public interests and the various documents of record governing the former Wilcox properties. With the concurrence of DWR and SITLA, the University currently manages public access by permit. Access is by foot or horseback or by commercially operated van tours affording opportunities to view archeological sites, explore the canyon, enjoy its scenery and solitude and conduct other outdoor pursuits including hunting and fishing. We invite you to review our planning process and learn any thoughts you may have about planning for the Range Creek Canyon properties. (Taken from letter written to Emery County Board of Commissioners dated August 9, 2010)

Commissioner Kofford and Commissioner Horrocks expressed desire for the County to be involved in the planning process. They expressed a desire to have items found in the canyon exhibited in our Museum of the San Rafael.

Ms. Hanniball agreed that objects should be exhibited in the area that they are located.

Commissioner Kofford expressed appreciation to Mr. Metcalf and his efforts to document the activity and history of the Fremont people who inhabited the canyon. Mr. Metcalf reported on recent findings in the canyon.

Commissioner Kofford reported that UDOT is putting in a rest stop with the help of the Emery County Historical Society which will have information panels for visitors to the area.

(3)

**CONSIDERATION AND APPROVAL OF INDEPENDENT MANAGEMENT AGREEMENT BETWEEN EMERY COUNTY AND HUNTINGTON AVIATION, LLC FOR MANAGEMENT OF THE HUNTINGTON AIRPORT.**

Commissioner Gary Kofford indicated that there needed to be some wording changes made to the management agreement with Huntington Aviation, LLC for the management of the Huntington Airport. Attorney David Blackwell reviewed the changes. Commissioner Jeff Horrocks made a motion to approve an Independent Management Agreement between Emery County and Huntington Aviation, LLC for management of the Huntington Airport. The motion was seconded by Commissioner Gary Kofford. The motion passed.

(4)

**DISCUSSION AND SETTING OF DATE FOR COUNTY AUCTION.**

Commissioner Gary Kofford indicated that he has contacted Randy Anderson of RMA Sales Management and Company to find out an available date to hold a county auction. Randy indicated that they had November 6 as an available date. Commissioner Jeff Horrocks made a motion to set November 6, 2010 at 10:00 am as the date and time for a county auction to be held at the county road shop. The motion was seconded by Commissioner Gary Kofford. The motion passed.

(5)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN EMERY TELCOM AND EMERY COUNTY FOR HORN MOUNTAIN COLLOCATION AND FIBER.**

Bret Mills, Communications and Ben Heaton from Emery Telcom discussed an agreement between Emery County and Emery Telcom for Horn Mountain Collocation and Fiber. Bret explained that Emery County approached Emery Telcom about the possibility of constructing

fiber between the tower sites on the edge of Horn Mountain and the tower site at Long Ridge on Horn Mountain. Emery County currently has a pole line between such sites. Emery Telcom has an interest in such construction, because it provides service to other providers on Long Ridge and needs to transport those services to Emery Telcom's Tower. Emery Telcom will agree to install fiber from the Emery Telcom tower and the Emery County towers on the edge of Horn Mountain to the Emery County tower on Long Ridge. Emery Telcom will own and maintain such fiber and Emery County will agree to allow Emery Telcom to over lash such fiber along the existing pole line and facilities at no charge. Emery County will be given twelve fiber for its use, but Emery County shall not be allowed to use such fibers to compete with Emery Telcom and will not transport third party providers' services on such fibers. Emery County also agrees to allow Emery Telcom to collocate in Emery County's building and on Emery County's tower at Long Ridge. Emery Telcom desires to cease maintaining such fiber, then it will waive its right to collocate and will also turn over all ownership of such fiber to Emery County. Bret added that he believes that this will be a mutually beneficial relationship between Emery Telcom and Emery County. He suggested that it would be good to put this arrangement in the form of letter of agreement between Emery Telcom and Emery County. Attorney David Blackwell has reviewed the letter. Commissioner Jeff Horrocks made a motion to approve signing a letter of agreement between Emery County and Emery Telcom for Horn Mountain Collocation and fiber. The motion was seconded by Commissioner Gary Kofford. The motion passed.

(6)

**DISCUSSION AND APPROVAL OF FINANCIAL PARTICIPATION IN SAN RAFAEL RIVER WATER SHED STUDY.**

The Commissioners discussed financial participation in San Rafael River Water Shed Study. The purpose of the study is, as the irrigation in the county goes from flood irrigation to sprinkler irrigation, will there be additional water in the county to use? Will additional water storage be needed or are the present water reservoirs storage adequate? What affect will be on the San Rafael River environment? What will be the effect on adequate habitat on the lower San Rafael River? There are many different groups that are interested in this study. NRCS, Utah Division of Wildlife Resources, Utah Division of Water Resources including financing \$200,000.00 of the study, Huntington Cleveland Irrigation Company, Cottonwood Creek Irrigation Company, Ferron Canal and Reservoir Company, Muddy Irrigation Company and the Emery Water Conservancy District. This project and these studies can protect the waters in Emery County, and the State of Utah. It could have an effect on the Colorado River Compact with water leaving the state. Know what water we have and when it is available to use and what other environmental pressures are on our water resources, we will be able to make the most use of this resource. The study will take 2 years to complete. There will be three phases to the study. Emery Water Conservancy District went before the CIB Board and were able to get \$150,000.00 to put into phase 2 and 3 of the study. Phase 1 will be funded by \$200,000.00 from NRCS, in-kind match from DWR, \$21,000.00 EWCD \$20,000.00, Sub committee \$10,336.00, cash from DWR \$12,000.00 for a total of \$263,336.00. Phase 2 will be funded by BLM, \$41,225.00, CIB \$31,075.00, EWCD \$21,000.00 and Emery County has been asked to contribute \$15,000.00 towards this phase for a total of \$108,300.00. Phase 3 will be funded by CIB \$55,000.00 and Pacificorp \$15,000.00 for a total of \$70,000.00. Plan Preparation and Administrative cost will

come from CIB \$63,925 and EWCD \$439.00 for a total of \$64,364.00. The total cost of the project is projected to be \$506,000.00.

Commissioner Gary Kofford requested approval to participate in the study by putting into the project \$15,000.00 through the Public Lands Council. He added that this study could possibly put Emery County ahead of the curve for keeping water in Emery County. Clerk/Auditor suggested that it would be best to take the funds from Dues and Contributions as a donation. Commissioner Gary Kofford made a motion to contribute \$15,000.00 to the Emery Water Conservancy District to be used in the San Rafael River Water Shed Study. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(7)

**DISCUSSION AND UPDATE OF COURTHOUSE ELEVATOR REPAIRS.**

In a previous Commission Meeting the Commission approved to repair a leaking valve on the elevator at a cost of \$5,347.00. We now have another valve problem which KONE required a signed order to repair. The signing of that work order now needs to be ratified. Commissioner Jeff Horrocks made a motion to ratify the signing of a work order for the courthouse elevator repair. The motion was seconded by Commissioner Gary Kofford and the motion passed.

(8)

**CONSIDERATION AND APPROVAL OF RIGHT-OF-WAY FOR BUCKHORN TRAVEL BUREAU KIOSK/RESTROOM.**

Commissioner Jeff Horrocks discussed a right-of way from BLM for the Buckhorn Travel Bureau Kiosk/restroom. This is a project funded by the Emery County Travel Bureau and the BLM. The kiosk will have an information center and be a staging area for visiting the San Rafael area. It will be located where the current water well is on the Buckhorn. All the proper impact studies have been completed. This right-of way will move the project forward. Commissioner Gary Kofford made a motion to approve a right-of way permit with BLM for Buckhorn Travel Bureau Kiosk/restroom. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(9)

**CITIZEN CONCERNS**

Leslie Bolinder informed the Board of Commissioners that advertising will begin to fill terms on the Planning Commission Board, Nursing Home Board, and Library Board.

Phil Fauver reported on the Senior Citizen luncheon recently held at Little Bear Campground. He asked what the cost of putting on the luncheon was to the county. Commissioner Kofford reported that Emery County donated \$250.00 to the Senior Citizens for the dinner and Kent Wilson donated the salads and etc. In all the dinner was around \$500.00. Mr. Fauver also expressed concern that with all the new water pressure systems that the ditch banks are dry. How

will this effect the trees?

## **COMMISSION/ELECTED OFFICIAL REPORTS**

### ***Commissioner Horrocks***

Commissioner Horrocks reported on attending the Governor's 10 year initiative All three Commissioners attended Peach Days. He was especially impressed with the Peach Days' Flag Ceremony. The Public Lands Council is diligently working on Emery County's Public Land bill. The Fire Protection Special Service District has announced that the burn dates for the county are September 25, 2010 through October 24, 2010 for the western end of the county and October 2, 2010 through October 31, 2010 for Green River. Burn permits are required. Commissioner Horrocks reported that Melon Days is this weekend. The Green River Clinic expansion is mostly completed. They will have an open house on September 27, 2010.

### ***Sheriff LaMar Guymon***

Sheriff Guymon reported on the recent Little Grand Canyon 50K Marathon Run. They had 414 registered participants in the marathon. Of those 44 were visitors from other countries, there were 31 states represented, 11 participants from Canada and 42 locals from Carbon and Emery Counties. Sheriff indicated that he visited with several participants who provided very favorable comments about the marathon and the beauty of the area. The marathon continues to grow every year and gain notoriety. He also reported that the Sheriff's Department recently received a \$30,000.00 grant to purchase a vehicle for desert patrol. The Sheriff's Department is in negotiations with Range Creek for law enforcement at Range Creek.

### ***Commissioner Kofford***

Commissioner Kofford reported that on September 16, 2010 UDOT will hold its regular meeting here in the courthouse. It is a good time for local cities and entities to express concerns and ask questions. Commissioner Kofford recently attended State BLM RAC mtg in Salt Lake City. He has applied for reappointment that committee. They met with Juan Palma and reviewed Rich County's allotment grazing permits on BLM/Forest Service ground. A sub committee has been formed to try what they have done in other places in Utah.

The Food Bank project was awarded to Broderick and Henderson. They recently prepared the ground to place the footers. The Sheriff's Training Building remodel is progressing. The Emery County Care and Rehabilitation Center remodel is nearing completion. They have about two to three weeks left on the project. The board is looking at early October to hold an open house. They have new furniture still in boxes that still needs to be put out. Phil Fauver asked if the number he heard for change orders on the project were true? Commissioner Kofford indicated that there were 105 change orders on the project. This is due to a building that was 45 years old and had never been updated. The project had not been delved into deeply enough to get a true accounting of what needed to be done until they actually started working on the project. The

state health inspector found three pages of items that according to state code needed to be changed. The state fire marshal found things that needed to be updated. They weren't going to do the west side of the building but ended up doing so much more than was anticipated. He complemented the staff and manager of the facility for maintaining the patients while the remodel was in the process. The facility will be a good access to the citizens of Emery County.

(1)

**ITEMS PULLED FROM CONSENT AGENDA.**

Commissioner Jeff Horrocks indicated that the minutes from August 16 & 24 have already been approved. The minutes from September 7 & 28, 2010 need to be approved in the next Commission Meeting.

(2)

**CONSIDERATION AND APPROVAL OF CLOSING BOARD OF EQUALIZATION FOR 2010.**

Clerk/Auditor Brenda Tuttle explained that Board of Equalization has been open since disclosure notices were sent out in July until now to allow property owners time to protest values. Brenda asked that the Commission now close Board of Equalization. Commissioner Laurie Pitchforth made a motion to close Board of Equalization. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(3)

**CONSIDERATION AND APPROVAL OF BOARD OF EQUALIZATION ADJUSTMENTS.**

Assessor Kris Bell presented the Commissioners with a list of property owners who requested revaluation and the BOE adjustments that need to be made. Commissioner Laurie Pitchforth made a motion to approve the Board of Equalization adjustments as presented. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(4)

**CONSIDERATION AND APPROVAL OF VETERAN, CIRCUIT BREAKER AND BLIND ABATEMENTS.**

Clerk/Auditor Brenda Tuttle explained the various tax abatement programs that the county has for low income homeowners, blind and veterans. The circuit breaker is for low income homeowners who qualify by age and income. This program is partially funded by the state. The blind abatement is a value reduction for property owners who qualify. The veteran's exemption is for Veteran's with at least 10% disability related to service in the armed forces. Brenda provided a list of property owners who have gone through the application process. Letters have been sent to those who applied but did not qualify. The state will be reimbursing the county \$39,913.00 for those who qualify in the circuit breaker program. Commissioner Laurie Pitchforth made a motion to approve the veteran, circuit breaker and blind abatements for 2010. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(5)

**CONSIDERATION AND APPROVAL OF PARTICIPATION IN THE WILBERG GRAZING ALLOTMENT LANDFILL MITIGATION PROJECT SPONSORED BY SAN RAFAEL CONSERVATION DISTRICT.**

Attorney David Blackwell requested that the Commission table this matter until an MOU can be drafted for all parties involved in this mitigation project. Commissioner Laurie Pitchforth made a motion to table this matter. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(6)

**CONSIDERATION AND APPROVAL OF PERSONAL PROPERTY TAX EXEMPTIONS.**

Assessor Kris Bell presented the Commission with a list of businesses in the county who qualify for personal property exempt status. She explained that about three years ago the legislature passed a bill that exempted businesses from paying personal property tax on property with value less than \$3,800.00 for that year. Commissioner Laurie Pitchforth made a motion to accept the list of personal property tax exemptions for 2010. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(7)

**CITIZEN CONCERNS**

Phil Fauver expressed concern that there are no signs on Highway 10 that direct you where to turn for the towns of Elmo, Cleveland and Moore. If you do not have a map or know where to

turn you would not know where to find these towns. Commissioner Horrocks indicated that he would look into this and bring it up with UDOT and in the mayors meetings.

(8)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

***Commissioner Horrocks***

Commissioner Horrocks reported that all three Commissioners attended USACC meetings in Midway, UT. Topics of discussion included jail cost for housing state prisoners, Public Land, training sessions on taxes. The Lila Canyon Mine has coal on the ground and anxious for the road to be completed in the next couple of weeks so they can begin moving the coal. The Commissioners recently attended a BLM open house where they met with the new state director Juan Palma. Mr. Palma was treated to a tour of the desert visiting the Buckhorn Well where the new kiosk and restrooms are being installed and out to the wedge and swinging bridge. Commissioner Horrocks indicated that Mr. Palma was very receptive and impressed with what the county is doing with public land. He encouraged them to keep up with what they are doing. Huntington Airport improvement project is nearly completed. The Back Country Flyers will hold their annual fly in this weekend. They will have approximately 60 airplanes here for the three day event that will begin on Friday at 1:00 pm and run through Sunday at approximately 5:00 pm. They will have many things going on for the public to enjoy. There was a ribbon cutting for a new business in Huntington, Foot Zone. There was also a ribbon cutting for the Green River Medical Center. The center just underwent a remodel and expansion project. The project came in on time and on budget. The Food Bank is under construction at this time. The footers have been poured. The building is scheduled to be delivered on October 15 and it will take two weeks to construct. They will then begin the work on the interior of the building.

***Commissioner Pitchforth***

Commissioner Pitchforth reported that the Sheriff's Training Building remodel is moving along. Emery County Care and Rehabilitation Center will hold an open house on Wednesday, October 13<sup>th</sup> at 10:30 am beginning with a ribbon cutting ceremony. Open house will be from 11:00 am until 2:00 pm. The Senior Citizen Social that was held at Little Bear a few weeks ago was very well attended. She wanted to express appreciation to those who put in so much work to see that is was successful. She especially grateful to Jay Frandsen for the entertainment and Jim Piece and his daughter for their organization of the dinner and Kent and Julie Wilson for the meal. Commissioner Pitchforth commented on Peach Days and Melon Days. She talked about USACC and the important information that she receives at the conference. She encouraged everyone to look at the candidates who are running for offices this year and become informed on the candidates and vote.

Steve Barton reported on the MECCA Fall Festival recently held on the Wedge. They had approximately 50 participants.

JR Nelson reported that he swims at our wonderful new Aquatic Center nearly everyday. He has met up with several people from as far away as Austria who come for bouldering in Joe's Valley. He was informed that Joe's Valley, Utah is one of the premier locations in the nation for bouldering.

Commissioner Laurie Pitchforth made a motion to approve a Cooperative Law Enforcement Agreement between Emery County Sheriff's Office and the USDA, Forest Service through FY2015. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(7)

**DISCUSSION AND APPROVAL OF OUT-OF-COUNTRY TRAVEL FOR TINA CARTER, EMERY COUNTY TRAVEL BUREAU.**

Tina Carter, Emery County Travel Bureau requested approval to attend the Outdoor Adventure Show in Calgary or VanCouver, Canada in March 2011. The Commissioners discussed the fact that Emery County does not currently have a policy for out of the country travel. They indicated that the travel policy needs to be considered before approving the request. Mike McCandless told of Sam Juan County attending the trade show and increasing their tourism substantially from contacts made at the trade show in Canada. He indicated that the opportunity will come around again. The Travel Bureau would like to consider sending Tina to the show and would like the Commission to take a look at the travel policy and address the out of country travel for when the opportunity comes around again. Ray Petersen commented that the policy may only need to be amended to allow travel out of the country. Commissioner Jeff Horrocks made a motion to put together a committee to amend the policy to allow out of country travel. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(8)

**DISCUSSION AND APPROVAL OF COUNTY GIFT FOR UAC ANNUAL CONVENTION.**

Commissioner Jeff Horrocks made a motion to approve Commissioner Pitchforth to purchase a gift of up to \$300.00 for the UAC Convention in November. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

**DISCUSSION AND DIRECTION FOR ACTION AGAINST THE SALE OF SPICE IN EMERY COUNTY.**

Commissioner Gary Kofford indicated that in the last COG meeting the mayors in Emery County and the Commissioners heard from two representatives from the Sheriff's Department and Mental Health regarding the use of SPICE in Emery County. SPICE is a new drug hitting the market, targeting kids. There is apparently no law for enforcing the use and sale of SPICE. Huntington City and Green River City have enacted an ordinance to regulate the use and sale of SPICE in their communities. Sheriff Guymon indicated that in order to make the ordinance effective the other cities and the County need to do the same. County Attorney David Blackwell indicated that an ordinance will need to be drawn up and advertise for a couple of weeks before it can be adopted. Sheriff Guymon encouraged the cities and the county to adopt the same ordinance to avoid confusion. Commissioner Jeff Horrocks made a motion to instruct Attorney David Blackwell to draft an ordinance for advertising regarding the sale and use of SPICE in Emery County. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

(11)

**APPROVAL OF DISPOSITION AND SALE OF USED AMBULANCE.**

Commissioner Gary Kofford discussed the disposition of a used 1996 Ford Ambulance. Historically, when the county has an ambulance that needs to be disposed of the county has not been able to sell the vehicle for very much money. Rocky Mountain Ambulance has offered to purchase the ambulance for \$6,000.00 which is much more that we would get if it was to be sold at the county's auction or sent up north for a private auction. Commissioner Laurie Pitchforth made a motion to approve selling the ambulance for \$6,000.00 as proposed. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(12)

**CONSIDERATION AND APPROVAL OF COMMISSION TAX ABATEMENT FOR GREGORY HUNTINGTON.**

A low income abatement request for Gregory Huntington was presented for consideration. Mr. Huntington's doctor letter arrived late so his application was not turned in on time. If approved this will be a Commission adjustment of up to 50% of the taxes. This type of adjustment is not reimbursed by the state. Commissioner Laurie Pitchforth made a motion to approve a 50% tax abatement for Gregory Huntington. The motion was seconded by Jeff Horrocks. The motion passed.

(13)

**CITIZEN CONCERNS.**

Sheriff LaMar Guymon reported that the Emery County Sheriff's Department has been offered a contract from USU to provide security at Range Creek. USU has agreed to cover all expenses. Commissioner Horrocks asked that Sheriff Guymon look at the overhead involved.

(14)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Commissioner Pitchforth reported on the Emery County Care And Rehabilitation Center Remodel project. There will be a ribbon cutting ceremony on October 13, 2010 at 10:30 am with the open house tour from 11:00 am until 3:00 pm. Huntington City will host their first annual October Fest on October 16, 2010. Castle Dale City will have a Pumpkin Party with stew and chili, fun and games. *Commissioner Horrocks*

Commissioner Horrocks reported on the Back Country Flyers who were in the county on October 1, 2, and 3<sup>rd</sup>. There were approximately 60 planes here along with the Young Eagles. Local youth got an opportunity to fly around the valley. The Civil Air Patrol had cadets serving the citizens and pilots and providing security and marshaling the planes in and out of the airport. The event was well received and attended. The Back Country Flyers have requested to return again next year. Weed & Mosquito has received a series of new regulations regarding the use of chemicals around water. This may increase the cost of fighting mosquitoes in Emery County. The new sprinkling system for irrigation has created a problem with weeds and mosquitoes in the county.

*Commissioner Kofford*

Commissioner Kofford reported on the various project going on in the county at this time. Food Bank: The building will be here this Friday. Huntington Airport: Waiting for Questar to put in the gas for the house. Sheriff Training Facility: Framing is complete. Electrical and heating are going in this week. Lila Canyon Mine began trucking coal this morning. Muddy River structure built by Emery Water Conservancy District is complete. Their new water diversion line engineered by Johansen & Tuttle Engineering will be a big help to the agriculture people on the Muddy River. He reported that he recently met with BLM regarding roads and title 5 airstrips. They have determined that priority would be on Little Wild Horse Canyon.

Commissioner Laurie Pitchforth made a motion to move into a closed/executive session to discuss pending litigation matters and upon completion of the closed session to return to the regular meeting. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

**(15)**

**COMMISSION/ELECTED OFFICIAL REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks reported on the recent Wellness Fair for the county employees. Many employees participated. The fair is designed to help employees maintain a healthy lifestyle and help keep down the cost of insurance. He recently attended the Emery County Care and

Rehabilitation Center dedication ceremony.

*Commissioner Pitchforth*

Commissioner Pitchforth encourages all business members to come to support the kick-off luncheon of Emery County Partners. The program will work together with businesses in the county to forge and implement new ideas in business. The Emery County Care and Rehabilitation Center dedication ceremony garnered a large crowd. The program was put on by the American Legion. She commended the staff of the Care Center for their patience and attitude throughout the process. She reported on the success of the recent drug bust in Emery County. These people moved into Emery County just to sell drugs to our students. She commended the students who reported, anonymously, the drug activity going on at the high school. She applauded the Sheriff's Department and Drug Task Force for their efforts to make a difference in the county. She reported on Festive Friday which is sponsored by USU Extension Service every Friday. They have great ideas for families. There are 7 different movies that have been or are now being shot in Emery County. TJ Maxx and Marshalls shot model shoots on our desert. A reality show called "man hunters" is shooting a segment on Butch Cassidy history.

*Commissioner Kofford*

Commissioner Kofford reported on the road projects in the county. Moore Road Phase 8 chip seal project is in its final inspection phase. There have been many cows killed on the road so with the funds left over from the project phase 9 will fence in the entire corridor and install a culvert for the cows to cross over to the other side and keep them contained and off the road. The metal building for the food bank was not ready to ship as expected. It is now expected to ship November 3. The site is complete and ready for the building to be put up. The restroom at Buckhorn that was just recently put up has already been vandalized. Someone has shot holes in the doors. There is a reward for any information that will lead to apprehension of the culprits who vandalized the building. There will be security cameras installed. Ray Petersen and Gary Kofford met with the Forest Service regarding the land swap in Huntington Canyon and Utah American Energy with regards to the Crandall Canyon Memorial. Those efforts are moving forward. The Emery County Landfill is working on acquiring 160 acres from BLM for the expansion of the Landfill. The comment period will begin October 15<sup>th</sup>. It will take approximately 6 to 8 weeks to become official.

Commissioner Laurie Pitchforth made a motion to approve a 50% property tax abatement for Winston Palmer parcel #1-15-12. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(9)

**APPROVAL OF PARTICIPATION IN THE WILBERG GRAZING ALLOTMENT LANDFILL MITIGATION PROJECT. CONSIDERATION AND APPROVAL OF AGREEMENTS WITH ROSS WILBERG AND WAYNE WILBERG FOR LOSS OF GRAZING AUMS.**

Commissioner Kofford explained that about four years ago Emery County began the process to expand the landfill by 200 acres and put in a shooting range. The patent was approved, but in the process the BLM decided they were going to cut grazing allotments in the area for Wayne and Ross Wilberg. The county felt this was unacceptable and negotiated with the BLM to cut back on the AUM's (animal unit months). The BLM agreed that if water was put higher on the allotment they would cut back the AUM's. The Wilberg's went to the San Rafael Water Conservation District and was able to secure a grant to put water troughs on the allotment. Commissioner Kofford proposed that Emery County add \$15,000.00 in mitigation funds to this trough project. With these things in place the BLM has agreed to cut back the loss of AUM's from 37 to 11. He proposed entering into an agreement with Wayne and Ross Wilberg that states that Emery County is not responsible for the installation or maintenance of the troughs or stock water. The Wilbergs will be asked to sign a waiver according to BLM's guidelines. Emery County will pay Ross Wilberg \$2,100.00 for the loss of 7 AUM's (\$300.00 per AUM) and Wayne Wilberg \$1,200.00 for the loss of 4 AUM's. Bill Dellos asked if the 200 acres of land will become the property of Emery County. Commissioner Kofford explained that over the next five years the county will need to complete an operating plan for the landfill expansion and the shooting range. The shooting range plan has already been submitted. Ray Petersen commented that the county will receive a patent on the land which is outlined for a specific use as the county has determined to be for the shooting range and landfill expansion. It cannot be used for anything else. This is similar to what was done in Ferron for the expansion of Millsite Golf course. Commissioner Jeff Horrocks made a motion to approve participation in the Wilber Grazing Allotment Landfill Mitigation Project and approve agreements with Ross Wilberg and Wayne Wilberg for loss of grazing AUMs. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

**CITIZEN CONCERNS**

JR Nelson expressed his appreciation and respect for Commissioner Kofford. He informed the Commissioners that before he even decided to file for the office of Commissioner, that he and his wife Lynda had committed to travel to Australia in late December through early January. He wanted to let them know due to the fact that the swearing in ceremony is in early January. He will return before the second meeting in January. Attorney David Blackwell indicated that he can be sworn in when he returns from his trip. Mr. Nelson thanked Commissioner Gary Kofford for his eight years in service to Emery County.

Bill Dellos also expressed his appreciation for the service provided by Commissioners Gary Kofford.

(11)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

(6)

**JIM GREENAN, SAN RAFAEL CONSERVATION DISTRICT, DISCUSSION AND APPROVAL OF PARTNERSHIP TO PROVIDE WATER FOR LAWRENCE CEMETERY.**

Jim Greenan, San Rafael Conservation District came before the Board of Commissioners to request assistance with acquiring water shares for Lawrence Cemetery. He explained that last year, with the help of the Commission, they installed fire hydrants and secondary water into the town of Lawrence. This was done with grant money. They have some of the grant money left over. Rather than returning the leftover grant monies they would like to install 3 or 4 inch pipe, with a meter, from the irrigation line to the cemetery. The Huntington Cleveland Irrigation Company wants to know where the water will be coming from if they give SRCD permission to hook into their line. Mr. Greenan wanted to know if the county would be willing to put a little bit of county water toward water for the Lawrence Cemetery. If the cemetery were to ever be planted in grass they would need several shares of water. Commissioner Jeff Horrocks made a motion to make two shares of water available to San Rafael Conservation District and provide a letter of support for the project. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(7)

**CONSIDERATION AND APPROVAL OF FIRST PUBLIC HEARING TO CONSIDER POTENTIAL PROJECTS FOR FUNDING UNDER CDBG SMALL CITIES PROGRAM YEAR 2011.**

Commissioner Kofford stated that there has been a request for a potential project for funding under the CDBG Small Cities Program. A public hearing will need to be held to consider potential projects for program year 2011. Commissioner Jeff Horrocks made a motion to set a public hearing for November 30, 2010 at 3:00 pm to solicit potential projects for funding under the CDBG Small Cities Program for 2011. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(8)

**APPOINTMENT TO EMERY CARE AND REHABILITATION BOARD.**

Commissioner Laurie Pitchforth made a motion to appoint Norma Funk to the Emery Care and Rehabilitation Board to replace Gil Conover. The motion was seconded by Commissioner Jeff Horrocks. The motion passed. There is two years left on the term.

(9)

Commissioner Jeff Horrocks made a motion to approve renewal of the insurance for the

Huntington Airport. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(10)**

**CITIZEN CONCERNS**

Approval was sought for out of state travel for Morris Sorensen to travel to North Carolina to inspect a chipping machine for potential purchase. Approval for out of state travel was also requested for Kyle Ekker. Commissioner Laurie Pitchforth made a motion to approve out of state travel for Morris Sorensen and Kyle Ekker as requested and to ratified the action in the next Commission Meeting. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

Randal Stilson expressed his appreciation to all the elected officials in the county. He thanked the county officials and staff for the knowledge and expertise in their respective areas as well as their years of service to the citizens of Emery County.

**(11)**

**COMMISSION/ELECTED OFFICIAL REPORTS**

*Commissioner Horrocks*

Commissioner Horrocks reported on attending UAC in St. George where he attended many good sessions regarding benefits and concerns of Emery County. He reported on traveling with Ray Petersen to Washington, D.C. where they met with all the Utah representatives regarding Emery County's proposed land use bill. He indicated that they have the support of the Wilderness Society and a representative is coming to the land use meetings in support of the process. The bill should be ready soon to present to the public.

*Commissioner Pitchforth*

Commissioner Pitchforth also reported on attending UAC in St. George. She commented that she learned a lot from the sessions. Festive Friday had a good turnout last week. Hope coalition drug free campaign has put up signs in the county to encourage families to talk to their children and loved ones about the use of drugs. Emery County Business Chamber held their first lunch and learn meeting. There was a good turnout. The speakers were great. She reported on attending AOG last Friday where they met with Ted Wilson from the Governor's task force regarding the governor's 10 year energy plan. She noted that they discussed the plan at UAC also but that several Commissioners were slightly disappointed in the plan because there were a lot of things that were not addressed in the plan. They talked a lot about renewable energy but not enough about coal, oil and nuclear energy. The Care Center had a state survey last week and passed with flying colors. The Food Bank is nearing completion.

Commissioner Jeff Horrocks made a motion to leave the regular Commission meeting and move into an Executive Session and at conclusion of the meeting to return to the regular Commission Meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(12)

**CLOSED/EXECUTIVE SESSION TO DISCUSS ATTORNEY/CLIENT COMMUNICATIONS REGARDING LITIGATION OR OTHER MATTERS ALLOWED BY LAW.**

Present at an Executive Session was Commissioner Gary Kofford, Commissioner Jeff Horrocks, Commissioner Laurie Pitchforth, Attorney David Blackwell, Treasurer Steven Barton, Clerk/Auditor Brenda Tuttle, Deputy Clerk/Auditor Carol Cox.

Pending litigation matters were discussed.

(13)

**ADJOURNMENT**

Upon returning to the regular Commission Meeting Commissioner Laurie Pitchforth made a motion to adjourn the meeting. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

## FIRST HEARING

### MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS HELD IN THE EMERY COUNTY COURTHOUSE NOVEMBER 30, 2010

The Emery County Commission Meeting convened in a special session on November 30, 2010 in Castle Dale, Utah, meeting commenced at 3:30 P.M.

Present:           Commissioner: Gary Kofford  
                  Commissioner: Jeff Horrocks  
                  Commissioner: Laurie Pitchforth  
                  Deputy Clerk/Auditor: Carol Cox  
                  Executive Secretary: Leslie Bolinder  
                  Executive Director Emery County  
                  Housing Authority: John Sehestedt  
                  Emery County Housing Authority  
                  Section 8 Coordinator: Debbie Thornton

### PUBLIC HEARING

The Emery County Board of Directors Chairman Gary Kofford opened the public hearing and stated that the public hearing was called to consider potential projects for which funding may be applied under the CDBG Small Cities Program for Program Year 2011.

Commissioner Gary Kofford explained that the grant money must be spent on projects benefitting primarily low and moderate income persons. The Utah South Eastern Association of Local Governments Region in which Emery County is a member, is expecting to receive approximately \$534,651.00 in this new program year. All eligible activities that can be accomplished under this program are identified in the CDBG Application Guide and interested persons can review it at any time. The following are eligible activities: Construction of public works and facilities, such as water and sewer lines, fire stations, acquisition of real property, provision of public services such as food banks, homeless shelters or public housing. Also eligible are loan programs for private businesses which would then hire low income persons and the program can also pay for housing rehabilitation for low income homeowners or for persons owning rental housing for lower income persons.

Commissioner Gary Kofford stated that in the past Emery County has received one grant which was for the Emery County Food Bank.

The County has handed out its capital investment plan as a part of the regional "Consolidated Plan". This list shows which projects the county has identified as being needed in the

community.

Commissioner Kofford asked if there was anyone with questions, comments or suggestions during the hearing would they please identify themselves by name, before they speak. The clerk will include your names in the minutes and we would like to specifically respond to your questions and suggestions during the hearing.

Emery County Housing Authority Executive Director John Sehestedt suggested a renovation project for the Public Housing Units in Castle Dale and Ferron. He indicated that they have identified two areas of improvements that are needed. Mr. Sehestedt suggesting renovating the bathrooms and replacing the flooring throughout in the 24 low income housing apartments in Castle Dale and Ferron.

Commissioner Jeff Horrocks asked if the Housing Authority has funds budgeted for maintenance and upkeep of the apartments. Mr. Sehestedt indicated that they have funds budgeted for upkeep but not for upgrades.

Commissioner Gary Kofford asked if there are any other suggestions for potential projects?

There were no other comments or suggestions.

Commissioner Gary Kofford stated that the hearing is now adjourned at 3:40 P.M.

MINUTES OF THE REGULAR MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

DECEMBER 7, 2010

Present at the meeting was Commission Chairman Gary Kofford, Commissioner Jeff Horrocks, Commissioner Laurie Pitchforth, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

**CONSENT AGENDA**

(1)

**APPROVAL OF CHECK EDIT LIST, REQUISITIONS AND DISPOSITIONS**

Clerk/Auditor Brenda Tuttle presented the Warrant Check Edit List #209741 through and including #209960 for payment. There were no requisitions or dispositions.

(2)

**RATIFICATION OF OUT-OF-STATE TRAVEL FOR KYLE EKKER AND MORRIS SORENSON.**

(3)

**APPROVAL OF COMMISSION MEETING MINUTES DATED NOVEMBER 23, 2010 AND PUBLIC HEARING HELD ON NOVEMBER 30, 2010.**

Motion to approve the Consent agenda was made by Commissioner Laurie Pitchforth, seconded by Commissioner Jeff Horrocks. The motion passed.

**DISCUSSION AGENDA**

(1)

**ITEMS PULLED FOR CONSENT AGENDA**

None

(2)

**APPROVAL TO ADVERTISE FOR PUBLIC LANDS COUNCIL MEMBERS.**

There are several of the Public Lands Council members whose terms will expire at the end of the

year. Commissioner Jeff Horrocks made a motion to advertise for Public Lands Council members. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)

**CONSIDERATION OF REQUEST FROM VAN RASMUSSEN TO ABANDONING COUNTY ROAD 512**

Van Rasmussen came before the Board of Emery County Commissioners to request the county abandon the cut-off road between SR-10 and Highway 29, County Road 512. Mr. Rasmussen indicated that he has purchased all of the property on both sides of this road, with the exception of a small portion owned by the Delile Hinkins family. They access their property from Highway 10 on the east and Highway 29 on the west and will not be adversely affected. The road closure will no affect any access to any private property. The road is onlt .59 miles long and is a favorite place for deer hunters who shoot from their vehicles on the road and pose a danger to livestock in his fields. Highway 29 crests a hill less than 1/8 mile south of the road's junction presenting a safety hazard to drivers turning left onto the road from the north. Commissioner Kofford explained that there are set rules for abandoning a county road. Attorney David Blackwell will need to write a letter to Mr. Hinkins advising him of the request to abandon the road. They will need to set a public hearing and advertise said public hearing in the paper for four weeks. Commissioner Jeff Horrocks made a motion to instruct Attorney David Blackwell to write a letter to Mr. Hinkins and advertise to hold a public hearing on January 25, 2010 to begin the process to abandon County Road 512. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner Laurie Pitchforth made a motion to leave the regular meeting and move into a public hearing to receive comments on proposed changes to the Zoning Ordinance Section 11-4-5 Planned Seasonal Home Developments (Mountain Home Development). The motion was seconded by Commissioner Jeff Horrocks. The motion passed

(4)

**9:30 AM- PUBLIC HEARING- TO RECEIVE PUBLIC INPUT ON PROPOSED CHANGES TO THE ZONING ORDINANCE SECTION 11-4-5 PLANNED SEASONAL HOME DEVELOPMENTS (MOUNTAIN HOME DEVELOPMENT)**

Commissioner Gary Kofford indicated that the Public Hearing was now open to receive public input on proposed changes to the Zoning Ordinance Section 11-4-5 Planned Seasonal Home Developments (Mountain Home Development).

Economic Development Director Mike McCandless explained the proposed changes.

The Planning & Zoning Commission has recognized a need to bring section 11-4 into compliance with State law and with other sections of the county ordinance. This only applies to the Mountain Zone. Mountain Home Developments have been part of the ordinance since 1970, however there has been conflicting information as to the size of lots, uses and practices for the management of these developments. The request for the changes from the operators of the Trail

Mountain Resort near Joe's Valley.

The primary changes are as follows:

- a Lot Owners Association or similar organization must be created to provide general administration of/for the development of the subdivision;
- the Association must provide a means to provide approval or clearance to members of the association prior to construction of structures within the development;
- a portion of the land is privately reserved or dedicated as permanent common open space to provide an attractive low density character for the residential lots in the subdivision;
- the overall size of the Subdivision Development Cluster shall be no larger than twenty (20) acres;
- no fewer than five lots or more than twenty lots to be created in the Development;
- the Development shall have direct frontage on to a State Highway or County Class B Road; BLM and Forest Roads do not apply.
- No facility or campsite shall be located within fifty (50) feet of the mean high water mark of any water body; and
- the county reserves the right to provide adequate spacing between clusters to maintain the character of the zone.
- Clarifies uses that are allowed within the development-camping areas, resorts, lodges, etc.
- Requires compliance with State laws relating Wildland Urban Interfaces (Fire Codes)
- Requires proof of certified water rights and point of diversion documentation
- Establishes road construction requirements.

Commissioner Gary Kofford asked for comments or questions.

Val Payne commented on the importance of retaining open space as the plan allows.

Commissioner Jeff Horrocks made a motion to leave the public hearing and return to the regular Commission Meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(5)

**CONSIDERATION AND APPROVAL OF AMENDMENTS TO ZONING ORDINANCE SECTION 11-4-5**

Commissioner Laurie Pitchforth made a motion to approve amendments to the Zoning Ordinance Section 11-4-5. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(6)

**JACOB SHARP, CVSSD, DISCUSSION OF PROPOSED TAX INCREASE OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Jacob Sharp, Castle Valley Special Service District discussed a proposed tax increase for the district. He explained that the State Tax Commission is of the view that additional requirements as set forth in Section 59-2-919 apply to a tax levy increases the rate above the certified tax rate (the rate that would generate the same amount of tax revenues as were budgeted by the taxing entity for the previous year, exclusive of new growth, even if the tax is newly authorized by voters at a recent election. Although there are valid arguments that the Bond Act and the Special Service District Act procedures for implementing a tax should govern with respect to a newly-voter-authorized tax levy. The Tax Commission is not persuaded by arguments that the Bond Act and Special Service Act provisions contain adequate independent authority for such a levy or that Section 59-2-919 contains public notice and public hearing procedures that are redundant and unnecessary in the view of the similar procedures and public process that apply to a tax levy that is approved at an election. The Tax Commission will not allow the District to levy above the certified tax rate( which is slightly lower that the .001 rate that was recently approved by the voters) until the District complies with the additional Section 59-2-919 procedures.

Jacob stated several facts of which the public needs to be informed.

1. The bond and tax rate items have already been voted on by the public and been approved.
2. As explained prior to the bond election, this transaction is not an actual tax increase, even though it must be processed as such.
3. The Truth-in-Taxation notice is a duplication and substantively similar to that of the bond election notice procedure, and must now be essentially redone with more particularity as required by the Utah State Tax Commission in order to implement the tax that has already been approved by the voters.

A public hearing has been set for December 21, 2010 at 6:00 pm to hear comments from concerned citizens regarding the tax increase. The tax on a \$100,000.00 residence would increase from \$139.64 to \$141.93, which is \$2.29 per year. The tax on a \$100,000.00 business would increase from \$253.90 to \$258.07, which is \$4.17 per year. If approved Castle Valley would increase its property tax budgeted revenue by 1.64% above last years' property tax budgeted revenue excluding growth. Jacob asked for the Commissioners support.

Commissioner Jeff Horrocks commented that the County Commissioners support the tax increase as the citizens of Emery County have already voted to approve. There was no action needed. CVSSD will follow the process as the State Tax Commission has set forth.

(7)

**CONSIDERATION AND APPROVAL OF RESOLUTION OPPOSING THE MILLION WATER PIPELINE.**

Casey Snyder and Phillip Jensen came before the Board of Commissioners to request approval for a resolution opposing the Million Water Pipeline. Casey Snyder explained that a Colorado developer, Aaron million wants to take 81 billion gallons of water or 250,000 acre feet a year out of the Green River and Flaming Gorge, and pump it 560 miles to the Front Range of Colorado.

His proposal would kill the communities along the Green River which depend upon the water for agriculture, ruin fisheries above and below Flaming Gorge Dam, and Daggett, Duchesne, and Uintah in Utah have already submitted resolutions opposing the project. A similar resolution by Emery County would only further help stop this project. The U.S. Army Corps of Engineers is preparing an Environmental Impact Statement (EIS) to analyze the direct, indirect and cumulative effects of a proposed water supply project in Wyoming and Colorado, referred to as the Regional Watershed Supply Project proposed by the Million Conservation Group. 17 other government entities and 32 Native American Tribes oppose this project. Mr. Snyder asked the County Commissioners of Emery County to add their name to the list of those opposing this project by adopting a resolution. Attorney David Blackwell has reviewed the resolution and recommended approval. Commissioner Jeff Horrocks made a motion to approve Resolution 12-07-10 as presented. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(8)

**DISCUSSION AND APPROVAL OF LETTER TO US FOREST SERVICE REGARDING MARKET VALUE OF CRANDALL CANYON LAND EXCHANGE.**

Letter to the Director of Lands and Minerals of the US Forest Service, Intermountain Region.

Emery county and the U.S. Forest Service have initiated a land exchange that involves a 7.5 acre Emery County parcel, and a 2.5 acre parcel of National Forest System land. The National Forest System land has a memorial site constructed to commemorate the miners and rescue workers who lost their lives in the Crandall Canyon Mine Accident. The memorial site is currently authorized under a Special Use Permit to Emery County, with the intent to consummate the land exchange before the five-year permit expires at the end of 2012.

The 7.5 acre parcel of land offered by Emery County was conveyed to the County by the mining companies for this specific land exchange. The lands are similar in character; however it is anticipated the value of the Emery County parcel could be higher due to the size disparity. In that both parcels are in close proximity and are undeveloped, the County considers them to be of approximately equal value. To help facilitate the exchange, the County offers to donate to the Forest Service and difference that would represent a potentially higher value for the County parcel over the value of the federal parcel.

It is understood that the County would be entitled to the full market value pursuant P.L. 91-646. However, if the larger size of the County parcel results in the market value exceeding that of the federal parcel, the county agrees to donate any difference.

Please accept this letter as our intent to donate any value difference.

Emery County also acknowledges that the United States of America (USA) will reserve the mineral estate in this land exchange as it applies to the 2.5 acre parcel.

Commissioner Jeff Horrocks made a motion to approve the to U.S. Forest Service regarding market value of Crandall Canyon land exchange. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

**CONSIDERATION AND APPROVAL OF EMPLOYEE CHRISTMAS BONUS.**

Commissioner Kofford explained that in the past the County Commission has given Christmas bonuses of gift certificates to county employees. In order to meet IRS rules we need to include the bonus in the payroll. He proposed \$100.00 per employee for full time employees and \$50.00 per employee for part-time employees. Elected officials and EMT's are excluded from the bonus. Commissioner Jeff Horrocks made a motion to approve \$100.00 per full time employee and \$50.00 per part-time employee and exclude EMT's and elected officials. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed. The bonus will be on the December 17, 2010 payroll.

(10)

**CONSIDERATION AND APPROVAL OF A LETTER OF SUPPORT FOR GREEN RIVER MEDICAL CENTER.**

The Green River Medical Center requested a letter of support from entities that they serve. The letter will be submitted with their application to HRSA for the Section 330 Community Health Center Service Area Competition Grant. Commissioner Jeff Horrocks made a motion to provide a letter of support for the Green River Medical Center to assist them in acquiring the funds that they need. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(11)

**CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT FOR UTAH STATE UNIVERSITY EXTENSION EDUCATIONAL WORK 2011**

Commissioner Laurie Pitchforth made a motion to approve of Cooperative agreement for Utah State University Extension Educational Work 2011. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(12)

**CONSIDERATION AND APPROVAL OF PERMANENT COMMUNITY IMPACT FUND BOARD 2011 LOCAL CAPITAL IMPROVEMENT LIST.**

The cities and county entities have compiled a list of local capital improvement projects for 2011 to the submitted to the Permanent Community Impact Fund Board. Commissioner Jeff Horrocks made a motion to approve the Permanent Community Impact Fund Board 2011 Local Capital

Improvement List. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(13)

**CONSIDERATION AND APPROVAL OF CHANGE ORDERS FOR THE EMERY COUNTY FOOD BANK AND SHERIFF'S TRAINING OFFICE.**

Change orders for the Emery County Food Bank were as follows:

- #1 Structural changes to footings and walls. Cost \$805.00
- #2 Asphalt changes. Credit \$7,108.50  
Trench and back fill for communication line. Cost \$1,457.63
- #3 Asphalt at the curb and gutter and new drive approach. Cost \$4,110.00
- #4 Remove the two unit heaters and swamp cooler and add central air and furnace system. Cost \$12,177.35
- #5 Provide power for the two compressors for the freezer and cooler units. Cost \$661.25

- #6 Add additional wiring for future wiring. Cost \$793.50
- #7 Change to a 40 A double pole breaker to facilitate the oven. Cost \$87.34

Commissioner Laurie Pitchforth made a motion to approve change orders #2 through and including #7 for the Emery County Food Bank. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

Change orders for the Emery County Sheriff's Training Center were as follows:

- #2 Electrical- Cost \$661.25
- #3 Weight Room framing Cost \$2,263.20
- #4 Credit-Contract adjustment +\$1,968.00
- #6 Plumbing Cost 1,005.22
- #7 Signs Cost \$172.50

Commissioner Laurie Pitchforth made a motion to approve change orders #2 through and including #7 for the Emery County Sheriff's Training Center. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(14)

**DISCUSSION OF IMPLEMENTATION OF INDIGENT BURIAL QUALIFICATION FORMS.**

Commissioner Gary Kofford explained that the county does not usually have many indigent burial request. However, there have been three requests this year. The Commission felt like

there needs to be a form and a process involved in approving an indigent burial by the county. They have looked into finding a form to model the county's by and found one from California that could be used. They also found one in Carbon County. The Commissioners felt like David Blackwell could take both forms and come up with a form to be filled out by the next of kin and the affected mortuary that will work for the county. Commissioner Jeff Horrocks made a motion to move forward with having David Blackwell comprise a form to implement and present it to the Commission for approval. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(15)**

**CONSIDERATION AND APPROVAL OF AMBULANCE WRITE OFF FOR ESTELA CALDERON.**

An ambulance write-off request was received for Estela Calderon. After discussion, Commissioner Jeff Horrocks made a motion to deny the write off and have her make a payment plan arrangement. Commissioner Laurie Pitchforth indicated that she has wanted to get an ambulance write off policy in place but it hasn't seemed to get any support. She indicated she felt strongly that a policy needs to be put into place. However, Commissioner Laurie Pitchforth seconded the motion. The motion passed.

**(16)**

**CITIZEN CONCERNS**

Commissioner Gary Kofford discussed the desire of the Commissioners to pay off the loan for the Emery County Justice Center (Sheriff's and Court's building). The MBA receives 29% of the funds from mineral lease funds to Emery County. They have money left over from projects. The Commission has checked with Zions Public Finance where the bond payment is made for the ECJC. They asked about making prepayments on the bond and pay it off. The bond payment is for twenty years at 4.5 -5% interest. They can save \$1.5 million dollars over the life of the bond. The Commissioners would like to pursue making prepayments and paying off the bond for the Emery County Justice Center. Commissioner Laurie Pitchforth made a motion to allow Brenda to start the process to pay off the note on the Emery County Justice Center. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

Commissioner Laurie Pitchforth made a motion to recess the meeting until 5:30pm when there will be Public Hearing. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

At 5:30pm, after returning to the regular Commissioner Meeting, Commissioner Jeff Horrocks made a motion to leave the regular Commission Meeting and move into a Public Hearing to receive public input on opening and amending the 2010 budgets for the Emery County General Fund, Special Revenue Funds, Capital Projects Funds and for the Castle Valley Special Service District. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(5)

**5:30 PM- PUBLIC HEARING- TO RECEIVE PUBLIC INPUT ON THE OPENING AND AMENDING THE 2010 BUDGETS FOR THE EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS AND FOR THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Clerk/Auditor Brenda Tuttle explained that the difference in the amended budget is the mineral lease funds. This is so we do not budget for revenue before we actually receive the revenue. Commissioner Laurie Pitchforth thanked Brenda for all the work she does on the budget.

Jacob Sharp, CVSSD reviewed the amended 2010 budget for CVSSD. They have amended two of their three budgets, the general fund budget and the debt service budget. The General fund experienced a savings from what was actually spent in 2010. Mineral Lease funds were slightly higher as well as the property tax revenue due to growth.

Commissioner Jeff Horrocks made a motion to leave the public hearing and recess until 6:00pm. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

At 6:00pm, after returning to the regular Commission Meeting, Commissioner Laurie Pitchforth made a motion to leave the regular Commission Meeting and move into a Public Hearing to receive public input on the 2011 budgets for the Emery County General Fund, Special Revenue funds, Capital Projects funds and for the Castle Valley Special Service District. (6)

**6:00 PM- PUBLIC HEARING- TO RECEIVE PUBLIC INPUT ON THE 2011 BUDGETS FOR THE EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS AND FOR THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Jacob Sharp, CVSSD reviewed the CVSSD budgets. He explained that the general fund budget is slightly higher due to maintenance expenses.

Roger Killpack, Ferron expressed concern for the condition of trenches and manholes in Ferron and Castle Dale. He was concerned that they be put in correctly. He asked that the district maintain the trenches so that they are in good driving condition. Jacob explained that they want to get a saw so that they can make the cuts smoother. However, a grinder is very expensive and just not in the budget for now. Commissioner Kofford reminded Mr. Killpack of the districts meeting times and days and asked him to address the issue in their meeting.

Clerk/Auditor, Brenda Tuttle reviewed the Emery County funds. She explained that property tax revenue is up slightly due to growth in the county. The county lost \$500,000 in interest earnings in 2010. She commended the Commission for going along with paying off the jail bond in order to save \$1,000,000.00 in interest over the life of the bond.

Commissioner Laurie Pitchforth made a motion to leave the Public Hearing and return to the regular Commission Meeting. The motion was seconded by Commissioner Jeff Horrocks. The motion passed

**JERRY KENSKA, BLM, PRESENTATION OF BLM PATENT FOR 160 ACRES TO BE USED FOR LANDFILL EXPANSION.**

Jerry Kenska, Acting Manager of the Price BLM Office came before the Commission to present Emery County Commissioners with a land patent for purpose of expanding the Emery County Landfill and Gun Range. He explained that in 2006, the Price Field Office received an application from Emery County to acquire 160 acres of adjacent land to expand their existing landfill. On August 31, 2010 these lands were classified as suitable for conveyance under the Recreation and Public Purposes Act. Emery County submitted payment of \$10.00 per acre, totaling \$1,600.00,

meeting the requirements for the Special Pricing Program covering public health related facilities. He further explained that the County wished to waive the 30-day appeal period in order that the patent on the 160 acres of BLM property adjacent to Emery County's present landfill be issued as quickly as possible. He stated that the patent was signed last Wednesday and he was glad that they were able to push it through before Commissioner Gary Kofford left office. Commissioner Kofford applauded and thanked the BLM for their efforts to expedite the process. Commissioner Kofford accepted the patent from the BLM.

(12)

**CONSIDERATION AND APPROVAL OF USE OF SECURE RURAL SCHOOLS TITLE III FUNDS FOR YEARS 2008-2011.**

It is projected that Emery County will receive approximately \$110,000 in Title III funding for the years 2008 - 2011. Emery County proposes to use these funds for search and rescue reimbursement to Emery County for paid volunteer man hours, mileage and equipment use and replacement on Forest and BLM land as authorized under sec. 302. Use of the Secure Rural Schools Reauthorization Act of 2008. Commissioner Jeff Horrocks made a motion to approve the use of Secure Rural Schools Title III funds for years 2008-2011 for search and rescue reimbursements as proposed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(13)

**CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING THE PERSONNEL POLICY (PARAGRAPH 8.7.B) OF EMERY COUNTY, UTAH.**

It was determined that paragraph 8.7.b of the Emery County Personnel Policy required an amendment to correct an unfair result in longevity pay increases for those employees that are promoted or assigned a different pay grade. It was determined that in the best interest of the county to amend the Personnel Policy to read as follows:

“8.7.b. Midpoint to maximum Progression:

Compensation at the midpoint is considered market competitive. In order to be considered for increases beyond the midpoint, two conditions must be met; First, the employee must have completed ten years of employment with the county; and second, the employee must receive at least a standard rating on their annual performance evaluation. Each employee who meets this requirement may receive a longevity increase, up to the maximum of the pay range based upon the scale below. When an employee is promoted or assigned a different pay grade, longevity will not be interrupted. Upon achieving the maximum, the employee shall still be eligible for any general increase or adjustment to the pay plan (i.e., market, COLA, etc.) And for consideration for performance incentives.

26 plus full years	3% increase
21-25 full years	3% increase
16-20 full years	3% increase
11-15 full years	1.5% increase

Commissioner Laurie Pitchforth made a motion to approve Resolution 12-21-10A amending the Personnel Policy as proposed. The motion was seconded by Commissioner Jeff Horrocks. The

motion passed.

(14)

**CONSIDERATION AND APPROVAL OF CHANGE ORDERS FOR THE EMERY COUNTY FOOD BANK AND SHERIFF'S TRAINING OFFICE BUILDING REMODEL.**

Commissioner Kofford indicated that he did not have the change orders with him but that they # 8 for shelving and # 9 for a sign on outside of building. he asked for approval contingent upon pricing being consistent with what was agreed upon and discussed. Commissioner Laurie Pitchforth made a motion to approve Change orders # 8 and # 9 for the Emery County Food Bank Building. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(15)

**DISCUSSION OF ACQUISITION OF A PIECE OF ARTILLERY FOR DISPLAY AT THE VETERAN'S MEMORIAL.**

Commissioner Kofford explained that the current artillery on display at the Veteran's Memorial in Castle Dale is on loan from Huntington City American Legion Post while they rebuild their memorial. The Commissioners have located another piece of artillery to replace the one on current display at the Memorial. The 105mm Recoilless Rifle is currently in Washington state and would be a donation to the Veteran's Memorial. However, Emery County would have to pay to have the rifle shipped. Commissioner Jeff Horrocks made a motion to pursue the 105mm Recoilless Rifle to display at Emery County's Veteran's Memorial and to request any additional artillery that may be available. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

## **Discussion Agenda**

**(1)**

### **ITEMS PULLED FROM CONSENT AGENDA**

Commissioner Jeff Horrocks indicated that item A and B of # 2 Personnel Issues are informational only do not require any action. Item C Commissioner Pitchforth wanted to discuss. Commissioner Pitchforth expressed concern that the Sheriff's budget be able to finance the scale and grade upgrade for Jeff Thomas, Robert Blackburn and Gayle Jensen. Mary Huntington addressed the issue. She explained that Jeff Thomas is currently at Grade 25 while Gayle Jensen and Robert Blackburn are at Grade 23. They also have a 6% longevity increase. The proposed upgrades will keep within the Sheriff's budget because Jeff, Gayle and Robert will become exempt, eliminating overtime. Captain and Lieutenant positions will become exempt from overtime. Sheriff Funk explained that he desired to have responsible people in these positions. These three officers are willing to step up to the challenge. He indicated that he wants to have these positions available at all times and not have to worry about pushing them into overtime status. Commissioner Nelson asked for a list of assigned chain of command for the Sheriff's Office. Mary Huntington indicated that she has met with Sheriff Funk and they are working on reassignments and upgrades of positions within the Sheriff's Department. If approved, the upgrades for Jeff Thomas, Gayle Jensen and Robert Blackburn will become effective on February 7, 2011. Commissioner Laurie Pitchforth made a motion to approve promoting Jeff Thomas, Gayle Jensen and Robert Blackburn as proposed to take effect on February 7, 2011. The motion was seconded by Commissioner JR Nelson. The motion passed.

The motion passed.

(4)

**APPOINTMENT TO PUBLIC LANDS COUNCIL, EMERY COUNTY HOUSING AUTHORITY BOARD, EMERY COUNTY CARE AND REHABILITATION BOARD, CASTLE VALLEY SPECIAL SERVICE DISTRICT, AND EMERY COUNTY SPECIAL SERVICE DISTRICT.**

Public Lands Council: Public Lands Council is a 12 member board which currently has 11 members. 5 positions ended on December 31, 2010. Guy Webster's term will end in May of this year. The Board of Commissioners, in order to fulfill the 12 member board desired to appoint 7 members to the board. 7 applications were turned in for consideration. Therefore, it was recommended to appoint Jon Gilbert, Charles Semborski, Randal Stilson, Gary Petty, Mistie Christiansen, Gary Kofford and Guy Webster to the Public Lands Council Board for 2 year terms each. The Commissioners felt that appointing 7 to the board at this time will stagger the terms of the board. Commissioner Laurie Pitchforth made a motion to appoint Jon Gilbert, Charles Semborski, Randal Stilson, Gary Petty, Mistie Christiansen, Gary Kofford and Guy Webster to the Public Lands Council for two year terms each. The motion was seconded by Commissioner JR Nelson. The motion passed.

Emery County Housing Authority: ECHA is a 5 member board. There are three openings on the board. Four applications were received from Bart Cox, Randal Stilson, Christine Jensen and Dale Roper. Jeff Horrocks and Carol Ann Stream are already seated on the board. It was the desire of the Board of Commissioners to stagger the terms of the appointments. Commissioner Jeff Horrocks stepped down to make a motion to appoint Christine Jensen for five years, Dale Roper for four years and Randal Stilson for three years to the Emery County Housing Authority. The motion was seconded by Commissioner JR Nelson. The motion passed.

Emery County Care and Rehabilitation Board: Commissioner Laurie Pitchforth made a motion to re-appoint Tom Humphrey the Emery County Care and Rehabilitation Board. The motion was seconded by Commissioner JR Nelson. The motion passed.

Castle Valley Special Service District Board: There is one at large vacancy for a four year term.

Five applications were received from Mack Huntington, Kerry Lake, Delynn Fielding, Vernell Rowley, Bart Cox. Commissioner JR Nelson made a motion to appoint Kerry Lake to fill the at large vacancy on the CVSSD board for a four term. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Emery County Special Service District #1: ECSSD#1 has three openings. Four applications have been received from Bevan Wilson, Kent Petersen, Dean King and Ron Barney. Commissioner Jeff Horrocks stepped down to make a motion to re-appoint Bevan Wilson, Dean King and Kent Petersen to the Emery County Special Service District #1 Board. The motion was seconded by Commissioner JR Nelson. The motion passed.

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN EMERY COUNTY AND PAYNE RELIEF, LLC FOR PUBLIC LAND CONSULTING.**

Emery County has extensive public lands, and decisions made regarding management of those lands continually impact County resources, planning and economics, as well as its customs and culture. Public Lands Director, Ray Petersen explained that the Public Lands Council has taken on the task of developing a land use bill for Emery County. This increases the work load for the Public Lands Department. If the agreement is approved, Val Payne will be working with Ray to undertake the tasks as assigned to him. There are many federal agencies that need to be responded to and assistance with drafting the language for the land use bill. The agreement is for \$50,000.00 for the term of the contract which shall conclude on or before December 21, 2011. Val would be paid \$6,250.00 in the middle of each quarter of the contract and \$6,250.00 at the end of each quarter of the contract. Val would report to the Public Lands Director as needed at least monthly, and will meet regularly with the Public Lands Council. He will perform tasks as assigned by the Public Lands Director which may include research, correspondence, advocacy, permitting, planning and other issues related to Emery County Public Lands. It is agreed that Val is not an employee, and therefore is not entitled to any of the benefits normally provided by County to its employees. The agreement may be terminated by either party on thirty days written notice to the other party. The county may add to or adjust the agreement or negotiate with Val as the nature of his services increases, decreases or changes in any manner. Attorney David Blackwell has reviewed the agreement. Commissioner Laurie Pitchforth made a motion to approve an agreement between Emery County and Payne Relief, LLC for Public Land Consulting. The motion was seconded by Commissioner JR Nelson. The motion passed.

**CONSIDERATION AND APPROVAL OF PUBLIC AIRPORT LEASE UTSL-068958 RENEWAL FOR HUNTINGTON AIRPORT.**

On June 10, 2010, Emery County requested that Airport Lease UTSL-068958, issued to Emery County for the Huntington Airport that expires August 23, 2011, be renewed for 30 years. According to 43 CFR 2911.1(d) leases under the Act shall be for a period not to exceed 20 years and may be renewed for like periods; therefore, this lease may be renewed for another 20 year period (August 23, 2011 through August 22, 2031). Regulations at 43 CFR 2911.1(e) state that rental shall be considered and revised at 5 year intervals to reflect current appraised fair market value. The last appraisal on the rental for this property was conducted in 1991. The regulations also state that counties shall pay an annual rental calculated at the appraised fair market value of the rental of the property less 50%. The annual rental value was currently appraised at \$2,200.00. Annual rental for this property will be \$1,100.00. Phil Fauver asked what the expenses are for the Huntington Airport and if the county receives any revenues? Brenda Tuttle answered that the county pays a management contract in the amount of \$2,000.00 per month. The airport does not currently bring in any revenues to the county. Commissioner Horrocks stated that Huntington Airport is a working airport however, it does not bring in any revenues to the county. Steven Barton asked what would happen with the property if the county ceases to use it as an airport? Commissioner Horrocks answered that it would return to the BLM. The lease is use specific to a public airport facility. Commissioner JR Nelson made a motion to approve renewal of Public Airport Lease UTSL-068958 for the Huntington Airport. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner JR Nelson made a motion to leave the regular Commission Meeting and move into a noticed Public Hearing to receive comment regarding whether to vacate Emery County Road #512, also known as cut-off road between Highway 10 and State Highway 57 located just north of the Hunter Power Plant interchange. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(8)

**PUBLIC HEARING: 9:30 AM- TO RECEIVE PUBLIC COMMENT ON WHETHER TO VACATE EMERY COUNTY ROAD #512, ALSO KNOWN AS THE CUT-OFF BETWEEN STATE HIGHWAY 10 AND STATE HIGHWAY 57 LOCATED JUST NORTH OF THE HUNTER POWER PLANT INTERCHANGE.**

The Emery County Road Department and Emery County Commissioners received a formal request from Van and Laura Rasmussen to abandon Emery County Road #512. In order to vacate a county road a public hearing must be notice in the local newspaper for four consecutive weeks prior to the public hearing, posted in three public places, and a noticed mailed to all owners abutting the said county road. These requirements have been met. Mr. Rasmussen stated the reasons for requesting the road abandonment.

✓ Mr. Rasmussen recently acquired all of the property on both sides of this road, with the exception of a small portion owned by the Hinkins family. They access their property

from highway 10 on the east and Highway 29 on the west and will not be adversely affected.

- ✓ The road closure will not affect any access to any private property.
- ✓ The road is only .59 miles long.
- ✓ This road is a favorite place for deer hunters who shoot from their vehicles on the road and pose a danger to livestock in his fields.
- ✓ Highway 29 crests a hill less than 1/8 mile south of the road's junction presenting a safety hazard to drivers turning left onto the road from the north.

Morris Sorensen, Emery County Road Supervisor indicated that there are no utility easements along the road. There is an easement to the Canal Company. He also indicated that the loss in B Road money to the county is minimal compared to cost to maintain the road. He stated he has no opposition to abandoning the road.

There were no additional questions or comments.

Commissioner Laurie Pitchforth made a motion to leave the public hearing and return to the regular Commission meeting. The motion was seconded by Commissioner JR Nelson. The motion passed.

**DISCUSSION OF GREEN RIVER STATE PARK AND GOLF COURSE.**

Commissioner Jeff Horrocks stated that the Green River State Park and Golf Course is on the hit list by the Division of Parks claiming that it is not profitable. Emery County and Green River City may not benefit financially from the golf course but it does benefit the economy and tourism of the county. Commissioner Nelson commented that because of the location he has been amazed at how many days throughout the year the Green River Golf Course is available for golfing. The people of Green River are passionate about the golf course. Randal Stilson commented that he felt citizens and the Commissioners should send e-mail to our County legislators and the BLM. Bill Dellos asked if they had added the additional holes to the golf course to make it an 18 hole course? It was indicated that it has been deemed expensive to expand the course due to the fact that they will have to cross the highway. Commissioner Nelson indicated that nine hole courses are harder for people to support. Eighteen holes makes it an easier course. A nine hole course is usually a "passing through" course, while an eighteen hole course is a "destination" course. Bruce Wilson suggested creating a management board for the golf course to oversee the functions of the course. He added that Millsite Golf Course under a management board of which he is the president is now in the red. It has reduced the deficit and is now making money. Patsy Stoddard commented that Green River High School has an active junior golf team and league. It

is not only a benefit to the tourist passing through but more importantly to the community of Green River. The Board Of Commissioner discussed drafting a letter to the Division and Emery County legislators stating opposition to closing the Green River State Park and Golf Course.

(15)

**CONSIDERATION AND APPROVAL OF LETTER REQUESTING SALES TAX LEAKAGE REPORT.**

This request comes through the BEAR program. They are requesting sales tax information from the State Tax Commission. Since this information is not public information a signed letter from the Commissioners is needed to allow the information to be released to the contracted accounting firm. Commissioner Laurie Pitchforth made a motion to approve a letter requesting sales tax leakage report. The motion was seconded by Commissioner JR Nelson. The motion passed.

(16)

**DISCUSSION AND APPROVAL TO MOVE FORWARD WITH BIDDING PROCESS FOR BUCKHORN WASH INFORMATION CENTER.**

Commissioner Laurie Pitchforth made a motion to table this matter to allow for more information. The motion was seconded by Commissioner JR Nelson. The motion passed.

(17)

**CONSIDERATION AND APPROVAL OF LETTER TO SECRETARY OF THE INTERIOR EXPRESSING EMERY COUNTY'S OPPOSITION TO SECRETARY'S ORDER #3310.**

Emery County opposes Secretarial Order 3310 on the basis that it may not be legal. It will drastically impact resource use. It ignores the 2008 Price Resource Management Plan (RMP) signed by the BLM. It is contrary to the promise made to the State of Utah to consider county-by-county land-use legislation to address wilderness designation within the state. Ray Petersen, Public Lands Council, stated that the order reverses what protects Utah from future aggression of environmental groups without the county's input. The BLM RMP will be worthless. He stated that there is no need to do this. The letter was reviewed and edited to include comments from Ray Petersen. Commissioner Laurie Pitchforth made a motion to approve the letter to Secretary of the Interior with additional changes expressing Emery County's opposition to secretary's order #3310. The motion was seconded by Commissioner JR Nelson. The motion passed.

(18)

**CITIZEN CONCERNS.**

Phil Fauver asked about the sales tax leakage report. Commissioner Horrocks explained that it

gives the county an idea of the redistribution of taxes after they go to the state. Phil Fauver also asked why the speed limit is posted at 35 mph on State Highway 57? Morris Sorensen indicated that is a question for the State Highway. Patsy Stoddard, Emery County Progress reported that the Emery County Business Chamber held their second meeting. The meeting was well attended.

Bruce Wilson commented on the appointments to the Public Lands Council. As Chairman of the Public Lands Council it was his recommendation to return the number of board members back to nine members if and when the county's land use bill is passed. The numbers were raised to twelve to add more people the table to help with the creation of the bill. He suggested making the additional board members temporary until the bill is passed and returning to nine to avoid overwhelming the board.

Leslie Bolinder commented that decisions made by the Public Lands Council are not binding. The Commissioners have the final say on all decisions.

**BILL BATES, DWS, PRESENTATION OF PILT PAYMENT AND UPDATE OF DIVISION ACTIVITIES.**

Bill Bates, DWR addressed the Board Commissioners providing a report of DWR activity. Mr. Bates presented the Commissioners with the annual PILT payment for 2011. The check was for \$2,751.30 representing the premium paid in lieu of taxes. The Division has ownership of approximately 5,500 acres of land in Emery County. The PILT payment is payment in lieu of taxes for land that passed from private to public land in the county. The tax comes from the sale of fishing and hunting licenses. He indicated that deer management is a hot topic in the county. They are looking at implementing a unit by unit draw in the state. They are looking for input from the public for what to do in the San Rafael area. They will hold a public meeting on April 15<sup>th</sup> to consider deer and elk permits. they will hold a meeting on February 16<sup>th</sup> which will be an open house forum to address concerns about deer management, highway mortality, habitat and help with permits. He invited the Commissioners to attend. The Division has suggested holding meetings with the various sports clubs in Carbon and Emery Counties to propose ideas and solicit public comment. He asked if Emery County would be interested in hosting a meeting. The Aquatic Staff is working with the Public Lands Council on dealings with water issues specifically the Ferron Creek drainage in reintroducing the Colorado cutthroat. Steve Barton commented that he was glad to see the Division address highway mortality. Mr. Bates replied that 30% of accidents on Highway 6 are caused by animals. The Division is working extensively to mitigate corridors for deer and elk. UDOT put a lot of money into the fencing along Highway 10 to mitigate the elk and deer migration through the Huntington to Price corridor.

Commissioner JR Nelson made a motion to leave the regular meeting and move into a scheduled public hearing to receive public comment with respect to the issuance of CVSSD's general obligation bonds and the potential impact that the improvement, facility, or property for which the bonds pay all or part of the cost will have on the private sector. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)

**10:00 AM PUBLIC HEARING: TO RECEIVE PUBLIC COMMENT WITH RESPECT TO THE ISSUANCE OF THE DISTRICT'S GENERAL OBLIGATIONS BONDS AND THE POTENTIAL ECONOMIC IMPACT THAT THE IMPROVEMENT, FACILITY, OR PROPERTY FOR WHICH THE BONDS PAY ALL OR PART OF THE COST WILL HAVE ON THE PRIVATE SECTOR.**

Jacob Sharp, CVSSD reviewed the process for issuance of the bonds and the use of the funds for capital improvement projects in the county. He explained that the bonds being discussed today are Castle Valley Special Service District's annual consolidated capital improvement project. This is a process that the district has gone through for many years. In 2009 a 12.5 million dollar bond allocation was approved by the voters in the County. The District has ten years to spend that \$12.5 million dollar bond allocation. In accordance with that bond election, CVSSD and their engineer worked with the cities and towns in the County to create a capital facility plan that outlined twenty years worth of improvement projects within the district. Each year, in the fall, they meet with the mayors and councils in the respective cities and towns in the district to come up a list of priority projects from that capital facility plan. Citizens can have an input to this process by working with their mayors and councils to prioritize that list. The District takes that information and creates an application to the Community Impact Board. This year the total amount of their application was \$2.32 million dollars. The bond amount is \$1.3 million dollars. In addition to that they were approved for a \$1.02 million dollar grant. That meeting was on January 6, 2011. This public hearing is for public input and comment and is required for the start of the closing process on the bonds. The bonds are scheduled to close with Zions Bank Public Finance and Chapman and Cutler, the District's bond council on March 15, 2011.

Phil Fauver asked who buys these bonds?

Alex Buxton responded, with the State of Utah.

Commissioner Horrocks commented that the District is able to take the funding that they have available to the CIB and acquire either no interest loans or grants and triple the funding they have available to improve streets, curb and gutter, and other projects for the communities.

Jacob added that he failed to mention that the bond is a \$1.3 million dollar loan is a zero percent interest loan that the District will pay back over six years with the debt service tax that they collect.

Commissioner JR Nelson asked for a breakdown of the places where the money will be used.

Phil Fauver asked if the District will be coming back again next year and the year after for another \$1.3 million or something like that? Jacob indicated that the District has two taxes that they levy. The operation and maintenance tax stays roughly the same each year. The debt service tax that goes to the repayment of the bonds. He indicated that the way they structured the last bond election in 2009 was to borrow approximately the same amount over the course of each of the ten years. This will keep the debt service payment roughly the same. Their goal is to keep it about the same to avoid the fluctuation that they will experience in the next couple of years.

Alex Buxton, Zions Public Finance commented that the majority of the loans that the CIB gives out are not under these terms that CVSSD gets. The majority of loans approved by CIB are low interest bearing loans somewhere between 2.5 and 3.5 percent. Most certainly the majority of those who seek funds do not get grant money. A contributing factor to CVSSD receiving these type of terms is due to Emery County being one of the major mineral revenue producing areas

but

also that Jacob along with J&T Engineering do an excellent job of putting together a plan with a complete application and do a great job with their presentation. Alex indicated that he works regularly with the CIB and attends nearly all of their meetings. On more that one occasion the CIB uses Jacob and CVSSD as an example group of how to approach the CIB as far as preparation with their projects and their application. The county should feel very good about the fact that even compared to others who receive money from the CIB the terms that CVSSD and Emery County gets as far as the 0% interest loan and grant money is certainly not the norm with the CIB Today the Emery County Progress will post the publication of notice of bonds to be issued which sets into motion the thirty day comment period. The scheduled closing is March 15, 2011 to allow for that thirty day period.

Commissioner Laurie Pitchforth made a motion to leave the public hearing and return to the regular Commission Meeting. The motion was seconded by Commissioner JR Nelson. The motion passed.

**CONSIDERATION AND APPROVAL OF RESOLUTION CONFIRMING THE SALE AND AUTHORIZING THE ISSUANCE OF \$1,300,00.00 TAXABLE GENERAL OBLIGATION PUBLIC PURPOSE BONDS, SERIES 2011 A OF CASTEL VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH PROVIDING FOR THE LEVY OF TAXES TO PAY PRINCIPAL OF AND ANY INTEREST ON THE BONDS; PROVIDING FOR THE USE OF THE PROCEEDS THEREOF, MAKING CERTAIN FINDINGS AND COVENANTS IN CONNECTION THEREWITH; PROVIDING FOR A SYSTEM OF REGISTRATION THEREFORE; RATIFYING ACTIONS HERETOFORE TAKEN; AND PROVIDING FOR RELATED MATTERS.**

Commissioner Laurie Pitchforth made a motion to approve Resolution 2-8-11 confirming the sale and authorizing the issuance of \$1,300,000.00 taxable general obligation public purpose bonds, series 2011 of Castle Valley Special Service District providing for the levy of taxes to pay principal of any interest on the bonds; providing for the use of the proceeds thereof, making certain findings and covenants in connection therewith; providing for a system of registration therefore; ratifying actions heretofore taken; and providing for related matters. The motion was seconded by Commissioner JR Nelson. The motion passed.

(5)

**CONSIDERATION AND APPROVAL OF PROPERTY TAX EXEMPTION FOR PARCEL NUMBER 01-002C-0013 CASTLE DALE INDEPENDENT BAPTIST CHURCH.**

Commissioner Laurie Pitchforth made a motion to approve property tax exemption status for Castle Dale Independent Baptist Church parcel #01-002C-0013. The motion was seconded by Commissioner JR Nelson. The motion passed.

(6)

**CONSIDERATION AND APPROVAL OF PROPERTY TAX EXEMPTIONS FOR PARCEL NUMBERS 01-154A-0027, 01-154A-0028, 01-154A-0026, AND 01-154A-0022 POSITIVE ACTION COMMUNITY TEAM (PACT)**

Assessor, Kris Bell reviewed the parcels from Positive Community Team (PACT). Kris indicated that two parcels are low income housing. They receive rent and there is no proof that the tenants are low income. The other two parcels are vacant land and not currently being used for charitable, non-profit, educational or religious purposes. PACT has one parcel, the old senior citizen center currently being used for youth/community center which is already exempt. Commissioner JR Nelson made a motion to allow property tax exempt status for parcel # 01-0162-0007 the community center only. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(7)

**CONSIDERATION AND APPROVAL OF “REQUEST FOR AMBULANCE “WRITE-OFF” FORM.**

Commissioner Horrocks indicated that in the past they have not had a standard form to be used for ambulance write-off requests. Commissioner Nelson stated that having a form with pertinent information that helps the Commissioners to make an informed decision would be valuable. Commissioner Pitchforth stated that she has asked for this type of form for some time now and thanked David Blackwell for preparing an affidavit form to be used to assist them in providing guidelines on how to help the individuals who request ambulance fee write-offs. Commissioner JR Nelson made a motion to approve the standard form/request for ambulance write-off as presented to the Commission. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(8)

**DISCUSSION OF POSTING COMMISSION MEETING MINUTES ON THE EMERY COUNTY WEBSITE.**

Commissioner Horrocks asked IT Director Jeff Guymon to discuss the process for posting Commission Meeting minutes on the Emery County website. Jeff indicated that he could modify the current process by saving the minutes in a PDF format which he would publish to the directory and allow access by the public by way of the Emery County website. He indicated that he currently has a temporary employee scanning the older minutes. Jeff pointed out that other larger counties already post minutes to their website. Some smaller counties do not post minutes to their website. Commissioner Nelson stated that it is very important that the county maintain an open nature of all meetings. Putting as much as possible on the website eliminates questions later.

Commissioner JR Nelson made a motion to post commission meeting minutes on the Emery County website. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

**CONSIDERATION AND APPROVAL OF CHANGE ORDERS 8 AND 9 FOR SHERIFF'S BUILDING.**

Change order #8 is for an angle iron at a cost of \$265.65.

Change order #9 is for flooring in what was to be the weight room at a cost of \$6,095.00. Sheriff Funk indicated that the carpet was not supposed to incur a charge. There should be a credit to offset the charge. Commissioner JR Nelson made a motion to accept change order #8 and #9 provided it does not incur additional cost to the project. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

**DISCUSSION AND APPROVAL TO BEGIN ADVERTISING THE NOTICE TO ADVERTISE FOR BIDS FOR BUCKHORN WELL INFORMATION CENTER PROJECT.**

Mike McCandless reported that the Buckhorn Well Information Center's studies have been completed and the Travel Council is ready to move forward with advertising for bids for the construction of the structure. He reported that this is a project that the Travel Council has been working on for two years. He indicated that they hoped to have the project completed by Easter but felt that was being a little optimistic, so they will push for Memorial weekend. Commissioner Horrocks indicated that this item was on the previous Commission Meeting agenda but was tabled to allow time to receive more information. The Commissioners felt that they now had the information that they needed. Commissioner Horrocks stated that the advertising needs to be for three weeks to give the contractors adequate time to prepare a bid package and also to meet state regulations. The bids need to be turned in to the Clerk/Auditor's office and opened in Commission Meeting. Attorney David Blackwell expressed concern that there not be a contract signed that doesn't come before the Commission for approval. They discussed the timeline for the bids to come in and opening of the bids. Commissioner JR Nelson made a motion to approve moving forward with the advertising for bids for the Buckhorn Well Information Center project. Bids will be turned in to the Clerk/Auditor's office by 5:00 pm on March 7, 2011 and opened in the regular Commission Meeting on March 8, 2011. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed. Mike McCandless indicated that the engineer for the project will be paid separate from the bid package.

(11)

**CONSIDERATION AND APPROVAL OF ENGINEERING CONTRACT AND AUTHORIZATION TO BEGIN ADVERTISING THE NOTICE TO ADVERTISE FOR BIDS FOR THE EMERY COUNTY LANDFILL FENCE PROJECT, 2011.**

Road Supervisor, Morris Sorensen reported that the newly acquired land at the landfill has to be fenced in as part of the permitting process. Johansen and Tuttle Engineering will be managing the project. Advertising for bids to erect the fence need to be approved as well as the contract with J&T Engineering for management of the project. Commissioner Laurie Pitchforth made a motion to approve of a contract with Johansen & Tuttle Engineering and authorize the advertising for bids for the landfill fence project. The bids need to be turned in to the Clerk/Auditor's office by 5:00 pm on March 7, 2011 and will be opened in the regular Commission Meeting on March 8, 2011.

(12)

**CONSIDERATION AND APPROVAL OF INTERLOCAL COOPERATION AND CONTRACT AGREEMENT AMENDMENT #1 BETWEEN EMERY COUNTY AND ALG AAA.**

Commissioner Laurie Pitchforth indicated that the interlocal cooperation and contract agreement is a standard contract for Senior Citizens and Aging and Nutrition programs in Emery County. The contract amount is \$446,059.00 for 2011. Commissioner Laurie Pitchforth made a motion to approve of Interlocal Cooperation and Contract Agreement Amendment #1 between Emery County and ALG AAA for 2011. The motion was seconded by Commissioner JR Nelson. The motion passed.

(13)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #12 ON THE FOOD BANK PROJECT.**

Change order #12 on the Food Bank Project is for Commercial Kitchen Supply for materials to deal with the condensation in the coolers. The total is \$1,676.70. Commissioner Laurie Pitchforth made a motion to approve Change order #12 for the Food Bank project as presented. The motion was seconded by JR Nelson. The motion passed.

(14)

**CITIZEN CONCERNS.**

Dixie Swasey addressed the concerns of several ladies who frequent the swimming pool. She indicated that several ladies have stopped going because the water temperature is just too cool for them. She wondered if the water temperature could be monitored a little better. Commissioner Nelson addressed the concern stating that during the swim meets the temperature has to be lowered and sometimes it may take a while to bring the temperature back up. He indicated that he questioned that very thing. Aquatic Center Manager Shannon Hiatt reviewed with im the temperature monitoring process. Commissioner Pitchforth stated that they have to be careful not to raise the temperature too much. State health mandates where the water temperature must stay. they have to be careful that the water temperature does not reach spa level. Commissioner Nelson indicated that he will look into it.

Bill Dellos reminded everyone of the upcoming Lincoln Day Dinner on March 5, 2011 at the

Museum of the San Rafael. They are serving a stake dinner for \$25.00 a plate. Legislators at local and state level are planned to speak.

Phil Fauver asked if the Emery County Care and Rehabilitation Center has been successful in securing a resident doctor? Commissioner Pitchforth indicated that they have not been able to find a doctor willing to take it on yet. At this time they have a doctor from up north that comes down a few times a month.

Patsy Stoddard, Emery County Progress and Emery County Business Chamber reported on ribbon cuttings for two new businesses in the county.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

***Commissioner Nelson***

Commissioner Nelson reported on attending newly elected official training during Legislative Day at the State Capital. He felt it was well organized and very informative. He spent time visiting with other commissioners from rural counties and communities and found that many of the issues that we have are typical of rural Utah. He attended the Rural Utah Caucuses at the State Capital where he talked with Governor Herbert, Lt. Governor Bell and Senator Hatch. He indicated that he is considering attending NACO.

***Commissioner Pitchforth***

Commissioner Pitchforth also attended Legislative Day and received beneficial information. She indicated that she felt that Legislative Representatives for Emery County, David Hinkins, Christine Watkins and Kay McIff are doing a wonderful job representing the County's interest. She also indicated visiting with several other commissioners who experience the same issues we have in Emery County. Plans for the 2011 Emery County Fair are moving forward.

***Commissioner Horrocks***

Commissioner Horrocks reported attending the same meetings and felt they were very beneficial.

**DEB DULL, DISCUSSION OF ROCKY MOUNTAIN POWER ANNUAL PERFORMANCE PLAN.**

Deb Dull, Rocky Mountain Power reported that at least once a year RMP meets and writes up a plan. She is presenting this plan with the Emery County Commissioners. Their goal is to be pro active in all their relationships

The first item on their performance plan is work closely with UtahAmerican Energy Incorporated regarding Lila Canyon Mine. The Commissioners indicated that they had no concerns.

The second item on their performance plan is to continue to work closely with Emery County and Green River City on the proposed Industrial Park. All the Commissioners agreed that this item should be carried over into this year for continued tracking.

The third item on their performance plan was to work with the large industrial consumers of which Emery County is one, to establish a summary billing. They discussed a energy audit to evaluate the energy consumption and possible energy saving strategies for County facilities. The Commissioners suggested getting with Clerk/Auditor Brenda Tuttle regarding a summary billing. There will be rate increase coming in August 2011. They were granted a rate increase due to growth in the state. They will hold public hearings in the summer for the Transwest Transmission line.

She discussed the overhaul currently underway at Hunter Plant. The overhaul will last approximately 90 days and it will bring approximately 1500 workers in the area for that period of time.

The Commissioners applauded Rocky Mountain Power for their great efforts to keep emissions from the power plants clean.

Mike McCandless, NEWUSSD requested approval to move their water tanks and water improvements project from the medium term list to the short term list. He indicated that this is a 1.2 million dollar project to improve spring water development in Huntington Canyon. In order to begin the project and receive the funding from the CIB, the project has to be on the short term CIB list. Commissioner JR Nelson made a motion to approve the change for NEWUSSD's water tanks and water improvements project from the medium term list to the short term list. The

motion was seconded. The motion passed.

(11)

**CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN STATE OF UTAH AND EMERY COUNTY LIBRARY FOR COMMUNITY LIBRARY ENHANCEMENT FUNDS (CLEF).**

Commissioner Horrocks indicated that this is a standard contract between the State of Utah and Emery County Library for Community Library Enhancement Funds (CLEF). He added that Jeff Guymon, IT works closely with the libraries to help procure these funds (\$7,076.00) and use them wisely. Commissioner JR Nelson made a motion to approve a Contract between State of Utah and Emery County Library for Community Library Enhancement Funds (CLEF). The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(12)

**CITIZEN CONCERNS.**

Phil Fauver asked for a current list of board members for the various boards to which the Commissioners appoint members.

(13)

**COMMISSION/ELECTED OFFICIALS**

*Commissioner Pitchforth*

Commissioner Pitchforth reported on attending Senior Day at the legislature. There was a nice turnout. She added that she has been impressed with Emery County's Legislative representatives, David Hinkins, Kay McIff and Christine Watkins. They are doing a good job. They are kind, responsive and give every effort to listen to our needs and serve the citizens of Emery County.

The planning for the 2011 Fair is progressing.

*Commissioner Nelson*

Commissioner Nelson reported on attending an Active Re-Entry Meeting and Four Corners Mental Health board meeting in Price. He reported that he will have to miss Commission Meeting on March 8th's because he will be attending NACO Conference in Washington, DC. He expressed the importance of attendance at all the meetings for which he has responsibility. Attending these meetings on behalf of the citizens of Emery County is very important.

*Commissioner Horrocks*

Commissioner Horrocks reported that Bill Howell, AOG is retiring this year. The AOG is advertising for a replacement. They have an eight person board who reviews the applicants and

determines the top applicants. Those applicants will have an oral interview and then be narrowed down by personal interviews. ECSSD#1 will be chipping Lila Canyon. The fencing project on So. Moore cut-off road is out for bid. Deb Dull, RMP reported to the Commissioners in a special meeting on the 17<sup>th</sup> of February. Public Lands Council is moving forward with work on Emery County's land bill. Emery High FFA provided breakfast for the Commissioners in thanks for their continued support of their program. Testing is going on in Green River regarding the State Parks and golf course. The state is considering closing the park. Emery County is working hard to keep the park and golf course open. The Sheriff's Department combined with other counties to conduct a mock disaster drill. This drill also included ham radio operators and first responders from all fields of emergency services. He said it went very well and really sent home the message of how important communication is during a disaster.

Commissioner JR Nelson made a motion to move out of the regular meeting and into a closed/executive session and at the conclusion of said meeting to adjourn the meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(14)

**CLOSED/EXECUTIVE SESSION TO DISCUSS ATTORNEY/CLIENT COMMUNICATIONS REGARDING LITIGATION OR OTHER MATTERS ALLOWED BY LAW.**

**CONSIDERATION AND APPROVAL OF AWARDED BID FOR CARPET REPLACEMENT PROJECT AT GREEN RIVER JUSTICE COURT BUILDING.**

Commissioner Laurie Pitchforth made a motion to award the bid to the lowest bidder, Kevin's Abbey Carpets. The motion was seconded by Commissioner JR Nelson. The motion passed.

(8)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #16 FOR THE FOOD BANK.**

Commissioner Horrocks explained that a fork lift is required at the Food Bank which requires three phase power. Change order # 16 is for \$2,070.00 to Broderick and Henderson/ Lofthouse Electric to add a 10 hp r10 phase adder. Commissioner JR Nelson made a motion to approve Change order #16 for the Food Bank. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

**RATIFICATION OF LANDFILL PERMIT RENEWAL PROPOSED CONTRACT.**

Commissioner Horrocks explained that the Landfill Permit Renewal Contract was signed earlier to meet a deadline. There was concern that if not renewed before the permit was set to expire that it may not have been renewed. Therefore, the signing of the contract needs to be ratified. Commissioner Laurie Pitchforth made a motion to ratify the signing of a standard landfill permit renewal contract. The motion was seconded by Commissioner JR Nelson. The motion passed.

Commissioner JR Nelson made a motion to leave the regular meeting and move to a Public Hearing to receive comments from citizens regarding the mental health and substance abuse treatment needs in Emery County. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

**10:00 am- PUBLIC HEARING- To receive public comment for the community regarding the mental health and substance abuse treatment needs in Emery County.**

Jan Bodily, Four Corners Community Mental Health explained that this public hearing is something that is done every year. Emery county as the local authority is required to receive citizen input on mental health issues and needs in the county. These comments are used in preparing the annual area plan regarding ten mandated required services.

Mike McCandless addressed the BEAR Program in relation to employment issues related to drug use. He indicated that they see a need for an in-house treatment facility in the area. Jennifer Thomas stated that funding from the state for their programs is based on numbers. Drug Court numbers have been down. Drug Court is an out-patient drug program that provides treatment and coaching for offenders. Participants meet every week. They have to work full time or going to school. They have random drug testing. Commissioner Nelson commented that the programs offered by Four Corners saves lives. The savings for the county comes in the form of less time incarcerated in our jail. The programs seem to be more successful with adults than with youth. He indicated that he has met with Jennifer and her staff and has gained a deep respect for what they are able to do with the amount of funds they have to work with. He stated that the Drug Court system keeps offenders from getting a criminal history. Dixie Swasey commented that she had a not favorable experience with the Drug Court program last summer. Jennifer stated that Four Corners never turns anyone away. Four Corners received a successful outcome compared to the rest of the state on their annual state division annual report card. Jerry Stottler asked about a residential treatment center. Jan indicated that FCBMH currently contracts with a facility up north for in-patient treatment. Patients are there for a minimum of 24 hours of extensive, intervention treatment. Jennifer praised the Emery County Sheriff's Department for the way they deal with offenders that the state hospital won't accept. There are big cracks between agencies that some patients just fall through. Funding has been cut to Division of Human Services and there is just not a safety net for those who fall between the cracks. Case management and wrap around services keep that crack filled. Sgt. Dusty Butler from the Emery County Jail indicated that dealing with those people who fall between the cracks becomes a huge problem. Sometimes there is just nowhere to put them so they remain in jail.

Commissioner Laurie Pitchforth made a motion to return to the regular commission meeting. The motion was seconded by Commissioner JR Nelson. The motion passed.

(11)

**APPROVAL OF RESOLUTION TO DRUG AND ALCOHOL POLICY.**

Personnel Director, Mary Huntington explained that the personnel policy needs to be amended to include drug testing by either urine or blood collection to ensure compliance with Substance Abuse Policy. Commissioner JR Nelson made a motion to approve Resolution 3-10-11A amending the Personnel Policy to include drug testing by either urine or blood collection to ensure compliance with Substance Abuse Policy. (13)

**APPROVAL TO IMPLEMENT CONSULT-A-DOCTOR WITH MERITAIN HEALTH AT NO COST TO EMPLOYEES.**

Mary Huntington explained the consult-a-doctor program. The program allows an employee to access medical advice on line or by phone. The intent is to avoid undue visits to the emergency room. Jeff Kelsey, Meritain Health representative will come to Emery County to educate employees on the program. Mary indicated that the program will be a huge benefit to the employees and the county. It will hopefully cut down ER visits as well as routine office visits for refills of regular prescription refills. If you are traveling and forget your medications you can get the supply you need. All the employee will need to do is call and enroll in the program. The program will also help with savings to the county's health insurance premiums and rebates. Commissioner JR Nelson made a motion to approve and implement consult-a-doctor with Meritain Health. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(14)

**APPROVAL OF CAREER SERVICE BOARD MEMBERS AND SETTING OF TERM LIMITS.**

The Career Service board hears employee grievances. Appointments to this board will be effective January 1, 2011 and need to be staggered as follow:

Randy Jensen 1 year appointment until 2012.

Judy Scott 2 year appointment until 2013

McKette Allred 3 year appointment until 2014.

Commissioner Laurie Pitchforth made a motion to approve the Career Service board members and term limits as proposed. The motion was seconded by Commissioner JR Nelson. The motion passed.

The Commissioners thanked Leslie Bolinder for taking on the task of bringing all the boards up to date.

(15)

**APPOINTMENT OF BOARD MEMBERS TO EMERY WATER CONSERVANCY DISTRICT.**

There are three members whose terms have expired on the Emery Water Conservancy District Board. Jay Mark Humphrey asked to keep the representation spread throughout the county. Those individuals whose terms have expired are Earl Fillmore, Roger Barton and Craig Johansen.

Commissioner JR Nelson made a motion to reappoint Earl Fillmore, Roger Barton and Craig Johansen. The motion died for lack of a second. Commissioner Laurie Pitchforth made a motion to appoint Sherrell Ward, Roger Barton and Craig Johansen. After some discussion, Commissioner JR Nelson seconded the motion. The motion passed.

(16)

**DISCUSSION AND APPROVAL OF COMMISSION APPOINTMENT TO EMERY COUNTY TRAILS COMMITTEE.**

Commissioner JR Nelson made a motion to appoint Commissioner Laurie Pitchforth to replace Commissioner Gary Kofford on the Emery County Trails Committee. Commissioner Jeff Horrocks stepped down to second the motion. The motion passed.

(17)

**DISCUSSION AND APPROVAL TO ADVERTISE FOR FOUR MEMBERS ON THE PLANNING COMMISSION.**

Commissioner JR Nelson made a motion to advertise for four members each with four year terms on the Planning Commission. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(18)

**DISCUSSION AND APPROVAL TO ADVERTISE FOR WEED BOARD MEMBERS.**

The Weed Board has been inactive for sometime. Previous members terms have all expired. The Weed Board is a five member board that meets monthly regarding planning, implementation of state regulations. Commissioner JR Nelson made a motion to advertise for Weed Board members. Applications should be sent to the Emery County Clerk/Auditor's office by March 28, 2011. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(19)

**CONSIDERATION AND APPROVAL OF COMMUNICATION SITE LEASE AGREEMENT BETWEEN EMERY COUNTY AND RIVER CANYON WIRELESS.**

Commissioner Laurie Pitchforth made a motion to approve of Communications Site Lease Agreement between Emery County and River Canyon Wireless. The motion was seconded by Commissioner JR Nelson. The motion passed.

(20)

**CONSIDERATION AND APPROVAL OF AMENDMENT TO AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES.**

Commissioner Laurie Pitchforth made a motion to approve amendment to agreement between owner, Emery County and engineer, Jones & DeMille for professional services on the Buckhorn Information Center. The motion was seconded by Commissioner JR Nelson. The motion passed.

(21)

**CITIZEN CONCERNS**

Mary Huntington informed the Commissioners that it is time to advertise for general maintenance of the lawns including the Road Department lawn.

Jerry Stottler introduced Tyler Jeffs and announced that he is the newly elected president of the recently organized Emery County Business Chamber. Tyler reminded the Commissioners of the upcoming Lunch and Learn. They have invited a dynamic speaker, Alan Christiansen Director of the Utah Small Business Development Center who will instruct on the use of the internet and social networking for businesses. Tyler asked the Commissioners if they were willing to help support the Chamber financially. He indicated that they may be looking at a part time employee to help promote and entice businesses in the county. He stated he felt that if they don't get some financial help the chamber may fall to the wayside again. Mary Huntington asked if the businesses pay dues to belong to the Chamber? Tyler indicated that the businesses will be paying dues and that they may struggle for a couple of years until they get their footing. Commissioner JR Nelson suggested getting with the towns in the county as they have a vested interest to have businesses in their towns. He also cautioned against using the term "Chamber" so as to not be mistaken for or affiliated with the Chamber of Commerce. Attorney David Blackwell stated that the County is restricted in what they can do as far as donations to a private entity. He added that Emery County will do what it can legally to help. Commissioner Laurie Pitchforth stated that she has been impressed and excited to see the Emery County Business Chamber organized. She indicated that she felt it was so needed in the county. Tyler asked if the ECBC could be allowed a link to their website through the County's website. The Commissioners told them to get with the IT Department.

Mary Huntington expressed concern that so many of the projects bid out go to companies from out of the area and not local contractors. She stated she wondered if it is not always the best for the county to take the lowest bid. Most of the time we end up with change orders that run the project over budget. Attorney David Blackwell stated the he has looked this issue over several times over the years. He added that within the state you have to bid on equal or substantial footing. If you have had experience with a particular bidder and can show just cause for not accepting their low bid then you may have a case. Still, you are exposing yourself to a lawsuit. Commissioner Laurie Pitchforth indicated that the Commissioners have really looked into this issue trying to figure out a way to make preference for locals. The County's hands are tied by law. We would be open to lawsuits.

Bret Mills, Communications informed the Commissioners of damages to Horn Mountain tower by a cell company's contractor. They also caused damage to the US Forest Service fence. The Forest Service was going to charge Emery County for the damages. Bret indicated that he is working on getting that straightened out. Bret has been working on updating the contracts for the cell companies who rent space at Horn Mountain. The Commissioners thanked Bret for all that he does for Emery County.

(22)

**COMMISSION/ELECTED OFFICIAL REPORTS**

*Commissioner JR Nelson*

Commissioner Nelson reviewed his recent trip to Washington, DC for NACO Conference. On Saturday he met with Bob Abbey regarding Public Land issues along with Commissioners from Piute County and San Juan County. He met with the Utah delegation in Congress. He stated he was amazed at how accessible the legislative delegation was and has developed a respect and understanding for lobbyist. He was impressed with the amount of work they do. He stated he felt good about attending legislative NACO Conference in Washington, DC.

Open House for the Food Bank is today. He invited everyone to come and have a tour of the new facility.

(2)

### **DELENA FISH, EMERY COUNTY HEALTHY FAMILIES COALITION PRESENTATION AND REQUEST FOR FUNDING.**

Delena Fish, Emery County Healthy Families Coalition Chairman came before the Board of Commissioners to present their objectives and request funding.

Their objectives:

We believe that the hardest and most important job in the world is to be a parent.

Society provides little support for the role.

On the job training is hard to come by.

Parents want what is best for their children.

We believe that we have great families in Emery County.

The challenge we face is supporting those families in the most effective way.

Most parents could benefit from information and other support.

Their Accomplishments:

We have had unbelievable community support. We have sponsored 3 separate events for families in Emery County. Four Corners Mental Health assisted us with becoming our fiscal agent and place where donations could be made. We have received support and funding from our community partners, business, and individuals who believe in families. We have sponsored 3 family education night events at the high school. We served dinner to 600 people, of which approximately 300 people stayed to participate in breakout session and listen to keynote speakers. Evaluations received were very positive, most asked that this event continue and were pleased with the classes.

Delena reviewed several graphs indicating problems with substance abuse and antisocial behavior, sources of alcohol, places of alcohol use, risk profiles, protective profiles and suicide rates for grades 6<sup>th</sup> through 12<sup>th</sup>.

Money and support are needed to continue to bring in trainers, material and advertising.

She stated that in return for the Commission support they will continue their commitment to the children and families in Emery County. They will sponsor at least 1 yearly education night. They will continue to educate our community on the strengths and needs and do something about it.

Commissioner Horrocks asked if they are using volunteers and using other entities to help with

their efforts? How did the County help last year? Delena indicated that the County helped with printing posters and advertising. She asked that the County continue to help with the printing and advertising and use of county employee's time to do these things.

Commissioner Pitchforth as if they have looked into working with the Sheriff Department's Drug Coalition program? Could the two organizations work together and brainstorm ideas together that will make both organizations stronger?

Commissioner Nelson asked about their method of funds and what the money is used for. Delena indicated that contracting with a keynote speaker usually runs anywhere from \$5,000.00 to \$8,000.00. They have thought about not providing food. He stated that he felt that this in an important cause. Many families are struggling. We need to be able to provide the services that they need and to give support to those families that are struggling.

Commissioner Laurie Pitchforth made a motion to donate \$250.00 to the Emery County Healthy Families Coalition and to continue to supply other support such as printing services for their needs as we have in the past. The motion was seconded by Commissioner JR Nelson. The motion passed.

### **EMERY HIGH SCHOOL RODEO CLUB REQUEST FOR DONATION.**

Emery High School Rodeo Club representatives Erin Gordon, Cash Potter, Chet Funk, Taylen Nelson, Carson Cox and their advisor Kevin Gordon came before the Commissioners to make a formal request for a donation to their annual High School Rodeo held this year in Emery County on April 15<sup>th</sup> and 16<sup>th</sup>. Erin Gordon stated that the rodeo will bring in over three hundred families to Castle Dale which will be a boost to the businesses. They are combining Carbon County High School Rodeo with Emery County's. They requested a donation from Emery County to help pay for the stock.. Commissioner Pitchforth asked Erin how the high school rodeo was done in the past. Erin indicated that Carbon and Emery held them at the same time and people would head to Price after the Emery rodeo and stay in Price. Commissioner Nelson asked if they had solicited support from the communities? Erin said that they have solicited support from the communities. Commissioner Nelson indicated that he has great respect for Advisor Kevin Gordon and the work that he does with the rodeo team. Mr. Gordon indicated that the team and their families have been working hard to fix up the rodeo grounds in preparation for the rodeo. Commissioner Pitchforth stated that this is a huge commitment from the students and their families. Commissioner Laurie Pitchforth made a motion to donate \$250.00 to the Emery High School Rodeo Team in support of their High School Rodeo event. The motion was seconded by Commissioner JR Nelson. The motion passed.

Commissioner JR Nelson encouraged them to speak with the Emery County Community Foundation. He suggested meeting with Tyler Jeffs or Neal Peacock.

**APPROVAL OF RESOLUTION PROCLAIMING APRIL AS PARKINSON'S DISEASE AWARENESS MONTH.**

Commissioner Horrocks reviewed a resolution proclaiming April as Parkinson's Disease Awareness Month and April 11, 2011 as World Parkinson's Disease Awareness Day in Utah. Commissioner JR Nelson made a motion to adopt Resolution 3-22-11 proclaiming April as Parkinson's Disease Awareness Month and April 11, 2011 as World Parkinson's Disease Awareness Day in Utah. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(5)

**APPROVAL OF APPLICATION FOR ELIGIBILITY TO PARTICIPATE IN FEDERAL SURPLUS PROPERTY**

Commissioner Laurie Pitchforth made a motion to approve an application to participate in Federal Surplus Property. The motion was seconded by Commissioner JR Nelson. The motion passed.

(6)

**SETTING OF DATE FOR 2011 TAX SALE**

Clerk/Auditor Brenda Tuttle recommended May 26, 2011 at 10:00 AM for the May Tax Sale. Commissioner Laurie Pitchforth made a motion to set May 26, 2011 at 10:00 AM as the date for the May Tax Sale. The motion was seconded by Commissioner JR Nelson. The motion passed.

(7)

**CONSIDERATION AND APPROVAL OF 2011 TAX SALE DEFERRAL AGREEMENT REQUESTS.**

Treasurer Steven Barton indicated that each year his office reviews the delinquent taxes. After five years the property is subject to tax sale. Last year Emery County had approximately 30 properties with past due accounts out five years. On March 15 a list of seven properties was submitted to Clerk/Auditor Brenda Tuttle which are subject to a tax sale. By state statute those property owners may have the taxes deferred to July by signing a deferral agreement. One person has requested deferral. Sharon Mitchell has paid a third of the taxes and still owes \$500.00. Mr. Barton indicated that Emery County is a tax friendly county and as such we do everything we can to help the property owner in this situation and avoid a tax sale. Commissioner JR Nelson made a motion to approve a deferral agreement with Sharon Mitchell as operated by the Emery County Treasurer's Office. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(8)

**DISCUSSION AND APPROVAL TO BEGIN PROCESS TO DISPOSE SURPLUS COUNTY-OWNED PROPERTY IN JOES VALLEY PARCEL NUMBER 3-10-37**

Commissioner Horrocks discussed begin the process to dispose of property in Joes Valley. This is the posse building in the Fillmore/Reeder Subdivision in Joes Valley. He indicated that the Commission received a request to reconsider disposing of the property. Mike McCandless indicated that the property is not salable at this time. He asked the Commission to look at other alternatives and hold on to the property for now. He stated that with the Wildland Fire Urban Interface and code requirements the county may be looking for a location in that area in the future. The county may be responsible in the future to have fire suppression available in that area. It would be better if we did not have to acquire property later when we already own property. It is only half an acre and really not good for building. The building is in disrepair and not an attractive lot. With sales the way they are at this time he felt it would not be a good time to try and sell the property. Commissioner JR Nelson made a motion to table the matter for now to allow for more discussion. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed. Ray Petersen indicated that as a property owner in Joes Valley he can see a time when services to the subdivision will increase. He suggested that maybe the property may be best utilized by Reeder subdivision association for those types of services.

(9)

**APPROVAL OF LETTER OF SUPPORT FOR JR NELSON'S APPLICATION FOR MEMBERSHIP ON BLM RAC.**

Commissioner Nelson has indicated a desire to be appointed to the BLM RAC. The position formally held by Commissioner Kofford is vacant. Commissioner Nelson requested a letter of recommendation and support to accompany his application to the BLM RAC. Ray Petersen, Public Lands Director suggested going before the Public Lands Council for a letter of recommendation and support from them also. Commissioner Laurie Pitchforth made a motion to draft a letter of support for JR Nelson's application for membership on BLM RAC. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

**COMMISSION/ELECTED OFFICIAL REPORTS**

*Commissioner Pitchforth*

Commissioner Pitchforth reported on the open house for the Food Bank on March 10<sup>th</sup>. The Food Bank was funded through a CDBG Grant. The Association of Governments held their board meeting here in the county that day as they were here for the ribbon cutting ceremony for the Food Bank. There was a March Madness tournament at the Spartan Center on Saturday March 12<sup>th</sup>. There were seventeen teams here from throughout the state. She reminded everyone of the Recreation District's event guide. She recommended checking the county website for any changes that may occur. She congratulated the Emery High Girls's Basketball team for their 3A State Championship win. She also congratulated the Emery High Sterling Scholars. In the twelve categories Emery High has eleven winners. This is a huge commitment on the students part and commended all who participated. She reminded everyone of Festive Friday hosted by USU Extension Service every Friday upstairs in conference room. She also commented that while the events that have happened in Japan are devastating to that country the events are far reaching to the US. The events with the nuclear plant have shed some bad light on the prospect for the proposed nuclear plant in Green River. Blue Castle Holdings is still active and moving forward with their plans. We can hope that we gain knowledge that will help build a stronger plan for nuclear energy.

*Commissioner Nelson*

Emery County Fire Protection Special Service District will hold a media day on April 2, 1022 at 11:30 am at Ghost Rock on I-70 to spotlight their 8 newly acquired fire trucks. He stated that he was disheartened at the announcement from BLM Secretary Salazar that the BLM will be revisiting their master leasing plan putting a halt to energy exploration for a time. Another disheartening announcement is the closeout nationwide of Resource Conservation and Development. This group is extremely beneficial to the farmers and ranchers. There is a very active group in Green River with several employees. He will be watching to see how our congressional delegation votes on this matter.

*Commissioner Horrocks*

Commissioner Horrocks reported that the Fire District did not incur any debt to purchase the new fire trucks. The Recreation Special Service District will be debt free next year. The Sheriff's Building is paid off saving taxpayers nearly 1 million dollars in interest over the life of the loan. SSD#1 received a letter from the US Forest Service allowing them to enter the old gravel pit in Joes Valley. The old road shop will be demolished soon. Commissioner Horrocks asked Ray Petersen to report on leasing and drilling in the area in the next meeting. The AOG is in the process of looking for a new administrator. Bill Howell is retiring. Public Lands Council is working on the Public Lands Bill.

*Sheriff Funk*

Sheriff Greg Funk reported that the Sheriff's Department held FEM Training classes last week. His department is in the process of moving into the new training facility. The old building will be vacated soon to allow for demolition. On April 7<sup>th</sup> his department will have a mock car accident targeting high school students to send home the message of safe driving. Drug Coalition and Four Corners will also be involved in the event.

Cleveland Library \$30.00/wk - \$120.00/month  
Emery County Road Dept. \$30.00/wk - \$120.00/month

Commissioner JR Nelson made a motion to allow Library Director Carole Larsen to evaluate the bids and contact the bidders for clarification and then award the bid to the one she feels is lowest. The contract length will also be determined by Carole Larsen. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL TO ADVERTISE FOR ONE AT-LARGE POSITION ON THE EMERY COUNTY FIRE PROTECTION SPECIAL SERVICE DISTRICT.**

Commissioner JR Nelson made a motion to advertise for an at-large position on the Emery County Fire Protection Special Service District. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(7)

**APPOINTMENT OF PLANNING COMMISSION BOARD MEMBERS AND TERMS.**

There are two unfilled vacancies and two board members whose terms have expired. There was one application by Bart Cox. Commissioner JR Nelson made a motion to appoint Bart Cox to the planning commission and contact other members to fill the remaining vacancies. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(8)

**APPOINTMENT OF WEED/MOSQUITO BOARD MEMBERS AND TERMS.**

The Weed and Mosquito Board is very outdated. The appointment of new board members should be on staggered terms so the entire Board is not up for reappointment at the same time. Scott Allred, John Sehestedt, Dennis Worwood and Michael Ralphs applied for the Board. Commissioner JR Nelson made a motion to appoint Dennis Worwood and Michael Ralphs to four year terms and Scott Allred and John Sehestedt to two year terms. These terms are effective January 1, 2011. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF CONTRACT FOR ENGINEERING SERVICES ON SOUTH MOORE CUT-OFF ROAD, PHASE 9.**

This contract will be for fencing of the South Moore cut-off. All property owners have been contacted and are aware of where the fence will be installed. Commissioner Laurie Pitchforth made a motion to approve the contract for engineering services on South Moore cut-off road, phase 9. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(10)

**RATIFICATION OF LETTER OF SUPPORT FOR OHV TRAVEL ON A PORTION OF SR 264 TO CONNECT EXISTING TRAILS.**

The Department of Transportation requested a letter of support for OHV travel on a portion of SR 264 to connect the existing trail system. Dale Stapley stated he had letters from two other counties. Commissioner Jeff Horrocks has previously signed a letter of support. Public Lands Director Ray Peterson has concerns about putting OHV's on state highways with other traffic. He suggested that this issue be brought before the trails committee before any further action be taken. Commissioner JR Nelson made a motion to table the letter of support. Commissioner Horrocks will contact UDOT and tell them to hold the letter for further clarification. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(11)

**RATIFICATION OF LETTER OF SUPPORT FOR PACIFICORP ENERGY/FOREST SERVICE LAND EXCHANGE FOR DATA COMMUNICATIONS.**

The land exchange for data communications came about from a presentation done by Darce Guymon. Commissioner JR Nelson made a motion to ratify the letter of support for Pacificorp Energy/Forest Service land exchange for data communications. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(12)

**RATIFICATION OF APPLICATION FOR A FREE USE PERMIT FOR THE REEDER VIEW GRAVEL PIT.**

The application for use of the Reeder View gravel pit will allow us to work on the Reeder Canyon roads and other adjacent roads. Commissioner Laurie Pitchforth made a motion to ratify the application for a free use permit for the Reeder View gravel pit. The motion was seconded by Commissioner JR Nelson and approved by all members present.

Commission Meeting  
April 12, 2011

(13)

**DISCUSSION OF DEMOLITION OF COUNTY OWNED COMMUNICATION BUILDING AND APPROVAL TO SECURE AN ASBESTOS ASSESSMENT AND OTHER PERMITS AS REQUIRED BY LAW.**

Commissioner JR Nelson made a motion to proceed in the demolition of the building and obtain asbestos and any other permits as required by law. The motion was seconded by Commissioner Laurie Pitchforth and approved by all member present.

(14)

**DISCUSSION OF COSTS ASSOCIATED WITH THE AGREEMENT TO INITIATE THE CRANDALL CANYON MONUMENT LAND EXCHANGE AND CONSIDERATION OF APPROVAL.**

Public Lands Director Ray Peterson has been working with the Forest Service and mining company on this project for almost two years. The Forest Service initiated the land exchange to make the memorial site private property. There has been concern about the estimated cost of \$17,500 that would be tied to Emery County. Mr. Peterson has contacted the mine and they have agreed to honor their commitment that there will be no cost to Emery County. Emery County will be invoiced and then reimbursed by the mine. There is still an issue of fencing the property but that will be discussed at a later date. Commissioner JR Nelson made a motion to move forward with this application. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(15)

**CONSIDERATION AND APPROVAL OF CELL PHONE REIMBURSEMENT FOR BLISS MEAD.**

Sheriff Greg Funk stated that Bliss Mead is the only sergeant that is currently not receiving a cell phone stipend. Commissioner JR Nelson made a motion to approve a \$25.00/month cell phone stipend for Bliss Mead. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(16)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN EMERY COUNTY AND MODERN CONSTRUCTION FOR THE BUCKHORN INFORMATION CENTER PROJECT. APPROVAL OF NOTICE TO PROCEED.**

Mike McCandless, Economic Development Director, stated that there was a preconstruction meeting held last week and construction is ready to begin. Commissioner JR Nelson made a

7

Commission Meeting  
April 12, 2011

motion to move ahead with the agreement with Modern Construction and sign the notice to proceed. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(17)

**CONSIDERATION AND APPROVAL OF 2011 PROPERTY TAX SALE DEFERRAL AGREEMENT FOR RICHARD COX.**

Treasurer Steven Barton stated Richard Cox has been into his office and requested a deferral of his property taxes until November 30, 2011. Mr. Cox is on the list for the property to be sold in May and is unable to come up with \$989.82 by that time. Commissioner JR Nelson made a motion to approve the deferral of taxes owed by Mr. Cox until November 30, 2011. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(18)

**CONSIDERATION AND APPROVAL OF DONATION (THROUGH THE AOG) TO WELLINGTON CITY'S LAWSUIT TO RETRIEVE SALES TAX LOST DUE TO LEGISLATION.**

Commissioner JR Nelson made a motion to table this item until April 26, 2011. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(19)

**CITIZEN'S CONCERNS**

Bill Dellos informed the Commission that Representative Jason Chavez will be at the Museum of the San Rafael on April 21, 2011 at 7:00 p.m. to answer any questions residents may have.

Patsy Stoddard would like to see some signs installed advertising the aquatic center so visitors from out of the area would know we have a facility. The Commission agreed this was a good idea and would look into the matter.

(20)

**COMMISSION/ELECTED OFFICIAL REPORTS**

*Commissioner Pitchforth*

Commissioner Pitchforth is busy working on the fair. April 1<sup>st</sup> she attended the women's conference in Price and was a presenter. She also attended the open house of the new Ace Hardware store in Green River. It is a very nice facility and will be a great asset to Green River.

8

Commission Meeting  
April 12, 2011

The Miss Emery County pageant will be held on July 16, 2011 and contestants are needed. Miss Emery is also having a golf tournament. The cost is \$200.00 per team.

*Commissioner Nelson*

Commissioner Nelson attended the facilities management conference with Dennis Fuller. He has a new appreciation for how complicated it is to obey all the rules for public buildings. Commissioner Nelson also attended a tax class presented by the Utah Association of Counties. The aquatic center is being used by the Sheriff's office for training. Shannon Hiatt the manager really appreciates their help in replacing under water lights. The picnic tables approved in the budget for this year are being ordered. The Castle Land RC & D group has only been funded through 2011. They provide valuable services in weed control and sedimentation and development. There was a media day held at ghost rock for the fire district. There were many tourists that stopped to take pictures of the fire trucks. Former Commissioner Gary Kofford spent a lot of time securing the new trucks and should be thanked for his effort. The San Rafael Museum has rewritten their rental agreements and are looking for museum quality animals to put in the museum.

*Commissioner Horrocks*

The Commissioners attended a meeting with the Utah Department of Transportation concerning Highway 6 and SR 10. There are a lot of proposed projects that will be taking place in the County. Green River City will be having some rotomill work done on their main street.

*Sheriff Funk*

The Sheriff's office in conjunction with many other agencies had a training called every 15 minutes. It was a training showing the effects of driving while under the influence. It took a lot of agencies to pull this off but it was felt that it was very effective for all of those who participated and attended.

(21)

**CLOSED/EXECUTIVE SESSION TO DISCUSS ATTORNEY/CLIENT  
COMMUNICATIONS REGARDING LITIGATION OR OTHER MATTERS ALLOWED  
BY LAW.**

Commissioner JR Nelson made a motion to move into executive session. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

9

Commission Meeting  
April 12, 2011

Commissioner JR Nelson made a motion to adjourn the meeting. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(2)

**BID OPENING FOR HADDEN FLAT BRIDGE SANDBLASTING AND PAINTING.  
CONSIDERATION AND APPROVAL OF BID AWARD.**

Morris Sorensen, Road Department Supervisor, stated that they were not ready to go out to bid at this time. They are anticipating high water and will start this process once the water levels recede. Commissioner Laurie Pitchforth made a motion to table this item. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(3)

**APPOINTMENT OF PLANNING COMMISSION BOARD MEMBERS AND TERMS.**

Commissioner Jeff Horrocks stated he had received applications from two current board members Ann Marie Anderson and Gary Arrington. There is still one seat that would be vacant. Laura Rasmussen volunteered to serve on this board. Commissioner Laurie Pitchforth made a motion to appoint Ann Marie Anderson, Gary Arrington and Laura Rasmussen to serve on the planning commission board. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING EMERY  
COUNTY RESOLUTION NO. 8-16-95A REGARDING THE CREATION OF THE  
EMERY COUNTY TRAVEL BUREAU.**

Attorney David Blackwell has prepared a draft resolution amending the Emery County Travel Bureau bringing their bylaws in compliance with State laws. Commissioner Jeff Horrocks has questions on how this will affect monies already committed. It was the consensus of the Commission that a meeting with the Travel Bureau Board needs to be set up so the issues can be

discussed. Tina Carter, Travel Council, will get some dates to the Commission of when the Travel Bureau Board could meet. Commissioner Laurie Pitchforth made a motion to table this item. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF CONTRACT FOR WEED CONTROL ON FEDERAL LANDS.**

This is an ongoing contract for weed control on federal lands. It will give the weed & mosquito department \$10,000 per the contract. Attorney David Blackwell has reviewed the contract. Commissioner JR Nelson made a motion to approve the contract for weed control on federal lands. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF FY2011 CONTRACT AMENDMENT #2 BETWEEN EMERY COUNTY AND THE SOUTHEASTERN UTAH ASSOCIATION OF LOCAL GOVERNMENTS, SOUTHEASTERN UTAH AAA.**

This is a standard contract that will bring the Southeastern Utah Association of Local Governments to the correct figures that match the 2011 budget that was adopted in December. Commissioner Laurie Pitchforth made a motion to approve the FY 2011 contract amendment #2 between Emery County and the Southeastern Utah Association of Local Governments. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(7)

**LAURA RASMUSSEN, REQUEST DONATION TO LADIES GOLF ASSOCIATION.**

Laura Rasmussen was present to request a donation to the ladies golf association. The association keeps the dues low so that any woman within Emery County can participate. The organization has been operating for ten years under bylaws. Commissioner JR Nelson stated that while he feels it is a worthy cause he is concerned about other organizations wanting the same donation. Commissioner Jeff Horrocks was concerned about the legality of the contribution. It was suggested that the golf association approach the Travel Bureau as well as the Emery County Community Foundation. Commissioner JR Nelson made a motion to deny the request at this time. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF DONATION FOR 2011 RELAY FOR LIFE.**

Commissioner Pitchforth feels that this would be a very worthy donation where there are so many people that are battling cancer in our area. Commissioner Jeff Horrocks stated that this donation was different from the one discussed in item seven because they are a non profit organization. Citizen Laura Rasmussen told the story of her mother's battle with cancer and she is in full support of this donation. Commissioner Laurie Pitchforth made a motion to approve a \$250.00 donation for the relay for life. The motion was seconded by Commissioner JR Nelson and approved by members present.

(9)

**CONSIDERATION AND APPROVAL OF REQUEST FOR AMBULANCE WRITE-OFFS FOR RODNEY E. DAVIS, JIM HIGGS, AND THOMAS YBANEZ.**

The commission will consider each request separate.

**Rodney E. Davis** - balance owing \$139.69. Commissioner JR Nelson made a motion to approve the write-off of \$139.69 since Mr. Davis is deceased and has been a long time resident. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

**Jim Higgs** - balance owing \$3,142.72. Mr. Higgs has made no attempt to make any payments. He filled out the write-off request form but his information is vague at best. Commissioner Laurie Pitchforth made a motion to deny Mr. Higgs request and send his account to collections.

**Thomas Ybanez** - balance owing \$1789.00. Mr. Ybanez has been sending in a dollar payment for the last year and a half. It was Attorney David Blackwell's opinion that he is just trying to play the system and avoid his account being sent to collections. If he was wanting to make a good faith effort he would pay at least ten dollars. Commissioner JR Nelson made a motion to deny Mr. Ybanez write-off request and send his account to collections. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF SCHEDULE A ROAD MAINTENANCE AGREEMENT WITH THE FOREST SERVICE FOR 2011.**

Road Department Supervisor Morris Sorensen and Commissioner Jeff Horrocks met with the Forest Service concerning the schedule of road maintenance. It is a renewal that has to be done each year. Commissioner JR Nelson made a motion to approve the road maintenance agreement with the Forest Service for 2011. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF \$4,000 PARTICIPATION TO PAY FOR LOBBYIST WHO WORKED ON SB 76 DISTRIBUTION OF REVENUES COLLECTED UNDER THE LOCAL SALES AND USE TAX ACT.**

Commissioner Jeff Horrocks explained that a request from the Association of Governments was received yesterday. Their request is for the County to participate in the cost of the lobbyist who worked on SB 76. The total of the lobbyist's bill was \$30,000.00. The County's portion would be \$4,000.00. At the beginning of this process it was agreed that the Counties receiving money would participate in the costs. Commissioner JR Nelson stated that at his last training he discussed the issue with other county commissioners and they were excited to participate in this. It would result in unexpected revenue for Emery County of \$65,000 this year and for four additional years. Commissioner Nelson feels we need to participate in this with the other counties. Commissioner Laurie Pitchforth also feels like we need to participate and commends Senator Hinkins for sponsoring this bill but doesn't feel like we can just write a check without an interlocal agreement or some kind of paperwork that shows we will receive this money. The Association of Governments (AOG) sent an invoice yesterday for the amount of \$4,000.00. Commissioner Jeff Horrocks read the entities and the amounts they will receive as a result of SB 76:

Carbon County	\$41,854
Helper	19,131
Wellington	58,042
East Carbon	5,176
Emery County	65,657
Emery City	2,680
Huntington	39,069
Cannonville	183
Sanpete County	16,422
Sevier County	85,368

Ray Petersen suggested that there should be some type of document with the AOG in place before the County would be obligated to pay. Commissioner Jeff Horrocks stated that the AOG does have a contract with the lobbyist. Commissioner JR Nelson made a motion to approve \$4,000.00 to AOG as per the invoice. The motion was seconded by Commissioner Laurie Pitchforth with the stipulation that there needs to be a better paper trail. The motion was approved by all members present.

**CONSIDERATION AND APPROVAL TO SIGN GRANT TO RECEIVE OHV FUNDING TO IMPROVE PUBLIC LAND KIOSKS.**

Ray Petersen, Public Lands Director, discussed with the Commission that Emery County and the BLM have coordinated efforts to implement this grant. The funding would be used to purchase signs that would be installed in key areas of the San Rafael Swell. The paperwork has not been received yet but this grant needs to be wrapped up by Friday. The grant is for \$4,200.00. Mark H. Williams stated that a portion of your off road vehicle registrations go into this fund and it would be wise for the County to use a portion of this money for the County. Commissioner JR Nelson made a motion to approve the signing of the grant when the paperwork is ready. Commissioner Laurie Pitchforth seconded the motion and it was approved by all members present.

(13)

**CITIZEN CONCERNS.**

There were no citizen concerns.

(14)

**COMMISSION/ELECTED OFFICIAL REPORTS**

*Commissioner Pitchforth*

Commissioner Pitchforth attended the Utah Association of Counties meetings in Layton. They are always very eventful and you come away feeling like you have gained a lot of knowledge. Miss Emery County is having a fund raiser golf tournament this Saturday at 9:00 a.m. Teams are still needed if anyone is interested.

*Commissioner Nelson*

Commissioner Nelson attended the Utah Association of Counties meetings in Layton. He learned a lot from discussions with other commissioners during the training. Commissioner Nelson also attended the FEMA 400 ICS training. It was one of the most difficult training he has ever attended but he passed the test and is now certified. He also attended a meeting with Carbon County and our lands bill was presented. Commissioner Nelson complimented Ray Petersen for his presentation.

7

Commission Meeting  
April 26, 2011

*Commissioner Horrocks*

Commissioners reported that one of the topics the Utah Association of Counties topics discussed was housing of state prisoners. The prisoners are sentenced to our jails and we are not compensated adequately. Discussions also took place on road, interlocal agreements and legislative action that took place. Commissioner Horrocks met with Governor Gary Herbert to request his support the public process for public lands issues.

*Sheriff Funk*

Sheriff Funk stated that it was a big weekend for Easter. Emery County doubles in size during the weekend. There was one fatality vehicle accident. Other than that is was a pretty safe weekend.

(21)

**CLOSED/EXECUTIVE SESSION TO DISCUSS ATTORNEY/CLIENT  
COMMUNICATIONS REGARDING LITIGATION OR OTHER MATTERS ALLOWED

Commission Meeting  
May 10, 2011

(3)

**APPROVAL OF COMMISSION MEETING MINUTES DATED APRIL 26, 2011.**

Commissioner Laurie Pitchforth made a motion to approve the consent agenda. The motion was seconded by Commissioner JR Nelson. The motion passed.

**Discussion Agenda**

(1)

**ITEMS PULLED FROM THE CONSENT AGENDA.**

None

(2)

**CONSIDERATION AND APPROVAL OF APPOINTMENT TO THE EMERY COUNTY FIRE PROTECTION DISTRICT.**

The Commission advertised for an at large board member formerly held by LaMar Guymon. Gayland Dugmore submitted an application for the Board of the Emery County Fire Protection Special Service District. Commissioner JR Nelson made a motion to appoint Gayland Dugmore to the Emery County Fire Protection Special Service District. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(3)

**APPROVAL TO ADVERTISE FOR VACANCY ON THE EMERY COUNTY COUNCIL OF AGING.**

The Board needs a member from the Huntington/Cleveland/Elmo area. Commissioner Laurie Pitchforth made a motion to advertise for the board vacancy. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(4)

**OPEN BIDS FOR A.O. SMITH WATER HEATERS FOR COUNTY JAIL.  
CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED  
PAPERWORK.**

Two water heaters at the jail are worn out and need to be replaced. This is an unbudgeted request. Clerk/Auditor Brenda Tuttle has discussed the issue of funding with Sheriff Greg Funk and funds from another area have been allocated for this purchase. Bids were submitted from the following:

Barnes Plumbing	\$10,700.00
Dugmore Appliance & Heating	\$8,995.00

The bid specs were for A.O. Smith water heaters with 199,000 btu. Commissioner Laurie Pitchforth made a motion to award the bid to Dugmore Appliance & Heating for \$8,995.00. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING  
BETWEEN EMERY COUNTY EMERGENCY MEDICAL SERVICES AND THE  
UNITED STATES DEPARTMENT OF ENERGY.**

Attorney David Blackwell explained that this item was presented to the County because of possible contamination by the Energy Solutions project that is underway in Emery County. If any of our emergency services personnel were to be contaminated while responding to an emergency then the United States Department of Energy would cover the costs of decontamination. Commissioner JR Nelson asked if Grand County had a similar agreement. Attorney Blackwell responded that they did. Commissioner JR Nelson made a motion to approve the memorandum of understanding with the United States Department of Energy. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING THE EMERY  
COUNTY RESOLUTION NO. 8-16-95A REGARDING THE CREATION OF THE  
EMERY COUNTY TRAVEL BUREAU.**

Commissioner Jeff Horrocks explained that this item was tabled from last meeting. All three Commissioners attended the Travel Bureau meeting. Commissioner JR Nelson stated he did not feel that the changes to the resolution would change the way the Travel Bureau does business other than make certain they are following State law. Attorney David Blackwell stated that when Board member terms expire they will need to be replaced with representatives who generate the

transient room tax revenue. The Board currently lacks one member who represents the tax payers. Economic Development Director Mike McCandless stated he felt the current Board met that requirement but couldn't remember which members were representative of that class. Extensive discussions have taken place between the attorney, clerk/auditor and commission and it is the consensus that the changes to the resolution will not change the day to day operations of the Travel Bureau. If there are contracts that are entered into that obligate the County for more than the current budget year then they will need to be brought before the Commission for approval. Mike McCandless stated if the resolution was going to be changed then item #3 and 4 need to be struck because we no longer partnership with Canyon Country Partnership. The Travel Bureau has spent their money wisely and need to be commended for that. Leslie Bolinder stated that the Board's bylaws also need to be amended and brought before the Commission for approval. Commissioner JR Nelson made a motion to adopt Resolution #05-10-11 as written in the draft form and delete sections 3 & 4. Included in the motion is the Commission's perception that the Travel Bureau will continue doing business as they have done in the past and within three months will bring back amended bylaws for approval. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING BETWEEN BUREAU OF LAND MANAGEMENT AND EMERY COUNTY FOR SAN RAFAEL SWELL OHV TRAIL HEAD KIOSK SIGNS.**

Public Lands Director Ray Petersen has been the lead on this project. The BLM requested a partnership with Emery County. Mr. Petersen requested tabling this item until the memorandum of understanding was received from the BLM. Commissioner Laurie Pitchforth made a motion to table this item. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF TAX DEFERRAL AGREEMENT FOR MERRILL AND JEANETTE CRAGHEAD.**

Treasurer Steven Barton presented a request from the Cragheads. The Cragheads are divorcing and Ms. Craghead has paid \$2,000.00. There is a court order for Mr. Craghead to pay the balance which he has not done yet. It is Mr. Barton's recommendation that we work with the Cragheads and grant the extension til November 30, 2011. Commissioner JR Nelson made a motion to approve a deferral agreement as outlined above. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

Commission Meeting  
May 10, 2011

(9)

**CONSIDERATION AND APPROVAL OF LETTER OF SUPPORT FOR SANPETE COUNTY'S PROPOSAL TO OPEN A PORTION OF SR-264 TO OPEN OHV USE.**

This item was previously tabled. A letter has been drafted to Dale Stapley from the Trails Committee. The letter supports San Pete County's position to designate a portion of SR-264 open to OHV use. Mark H. Williams voiced his support that this designation would keep OHV's off Highway 31 which would be a safer route. Commissioner Laurie Pitchforth made a motion to send the letter of support. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(10)

**REQUEST ASSISTANCE FROM UTAH STATE PARKS AND RECREATION FOR MAINTENANCE WORK ON THE OHV TRAIL FROM THE CASTLE VALLEY PAGEANT SITE TO HUNTINGTON.**

This request went before the Trails Committee to ask for participation from the Utah State Parks with a trail cat to improve the trail from the Castle Valley pageant site to Huntington. There would be no cost to the County but there has to be a formal written request. Commissioner Laurie Pitchforth made a motion to make the above request. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(11)

**REQUEST COUNTY BEGIN PROCESS TO SECURE RIGHTS-OF-WAYS (FROM BLM AND SITLA) ON THE UPPER AND LOWER MUDDY CREEK TRAIL (OHV).**

Public Lands Director Ray Petersen explained that this is a recommendation from the Trail's Committee. This trail goes through a portion of a section of State road. There are currently thirteen rights-of-ways requests pending with the BLM. This process could take years for the road to be opened. Mark H. Williams stated that this is a high priority for the OHV community. They have hired an archaeological study done with their own funds. Commissioner JR Nelson made a motion to approve the process asking for the right-of-way. The Commission, Public Lands Director, County Road Supervisor and OHV Committee will get together and determine where this request should be prioritized. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

Commission Meeting  
May 10, 2011

(12)

**SETTING OF COUNTY AUCTION.**

Commissioner Jeff Horrocks put this item on the agenda. The date needs to be set far enough out to allow the departments to make their lists of excess assets and for the new vehicles that have been ordered to arrive. Green River City is looking for a vehicle to use as a courtesy car at the airport. The Commission will consider their request. Commissioner JR Nelson made a motion to allow the Commission Chairman to establish a date for the County auction and notify the departments of the date. Commissioner Laurie Pitchforth seconded the motion and it was approved by all members present.

(13)

**APPROVAL OF LETTER OF SUPPORT TO UTAH DIVISION OF AIR QUALITY REGARDING HIGH DESERT REFINING, LLC APPROVAL ORDER.**

This is a project targeted for the industrial park. The State has sent their notice of intent to approve High Desert's air quality permit. Commissioner JR Nelson made a motion to submit a letter of support. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(14)

**CONSIDERATION AND APPROVAL OF 2011 PROPERTY TAX EXEMPTIONS.**

Clerk/Auditor Brenda Tuttle submitted to the Commission a list of properties that qualify for tax exempt status:

4-16-14	United Mine Workers of America
5-56-2	Utah Museum of Natural History-University of Utah
1-162-7	Friends of Green River - Pact

All of the properties have previously qualified as exempt and have submitted the required paperwork for the exempt status to continue this year. Commissioner JR Nelson made a motion to approve the tax exempt properties for 2011. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

**(15)**

**DISCUSSION OF IMPROVEMENTS FOR THE LAWRENCE CEMETERY.**

Commissioner JR Nelson recently toured the Lawrence cemetery. The property that Emery County owns is larger than the cemetery. The cost to fence the entire property would be prohibitive and unnecessary. The fence should be chain link which would keep animals out and Commissioner Nelson feels the new fence should go where the current fence is. The road also needs some gravel. The County has budgeted \$30,000 for improvements. The project is ready to start advertising. Commissioner JR Nelson made a motion to advertise for the fencing project at the Lawrence cemetery. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

**(16)**

**CITIZEN CONCERNS.**

Phil Fauver asked what it would take to incorporate Lawrence. The citizens would have to initiate the process for that to happen.

**COMMISSION/ELECTED OFFICIAL REPORTS**

*Commissioner Pitchforth*

The Jr. High kids visited the courthouse. A golf tournament for Miss Emery was held on Saturday. Ten teams participated. The new nine holes at the golf course should be opened in July. Thanks to Jordan Leonard and Ferron City for their participation in the fund raiser golf tournament. On May 18<sup>th</sup> there will be a sandbagging party in Green River. There is going to be flooding in Green River. MECCA is having their annual bike ride on the 20<sup>th</sup> of May. The adult soccer league is starting on May 12<sup>th</sup> at the aquatic park. There are 250 kids signed up for the youth soccer league. The swimming league has 70 kids signed up this year. The friendship cruise will be held on Memorial Day weekend depending on the water levels. Connor Newland of Green River was featured in a story in the news and deserves commending on all he has accomplished.

*Commissioner Nelson*

The 7<sup>th</sup> graders visited and it was enjoyable to interact with the youth. Commissioner Nelson met with the curator of museums. He learned that pots found on federal lands are the property of the Forest Service. The Museum of the San Rafael does not meet the requirements for having the pot that was found in Ferron Canyon on display permanently. They will allow it to be on display for a short period of time. The Community Foundation is functioning and they have no direct correlation to government. They have been a funding source for those looking for donations. Emery Water Conservancy District has been monitoring the water levels in the reservoirs. They have begun releasing water from Joes Valley and Millsite. There is a meeting on May 16<sup>th</sup> which will explain stream flows and flooding. It will be at 9:00 a.m. at the sheriff's office.

*Commissioner Horrocks*

Commissioner Horrocks went to St. George with Craig Johansen, Johansen & Tuttle Engineering. The meeting they attended was concerning funding for Temple Mountain. There was also a meeting with the Housing Authority concerning financial issues. Their federal funding amount has not increased over the years and they are having funding issues.

(18)

**ACCEPTANCE OF LETTER OF RESIGNATION AND APPROVAL OF REQUEST FOR EXTENSION OF EMPLOYMENT SUBMITTED BY MIKE MCCANDLESS.**

On the 17<sup>th</sup> of April Mike McCandless was offered the position of Association of Governments director and he accepted employment and turned in a letter of resignation. Mike McCandless asked to address the Commission. Mr. McCandless stated he has decided not to take the other position and would like to rescind his resignation. Commissioner JR Nelson made a motion to reject the resignation letter and review Mike's compensation. Commissioner Laurie Pitchforth stated she would second the motion only if the review of compensation was taken out. Compensation is a budgetary issue and should be addressed at budget time. Commissioner JR Nelson stated he has only been involved in a few salary negotiations and is learning that government has very little leeway in negotiating salaries. Commissioner Nelson loved working with private enterprise where merit pay was a yearly thing. Commissioner JR Nelson restated his motion to read reject the resignation letter and invite Mr. McCandless to continue his employment with Emery County on his current terms. The motion was seconded by Laurie Pitchforth and approved by all members present.

(19)

**DISCUSSION OF ECONOMIC DEVELOPMENT/PLANNING ZONING DIRECTOR POSITION AND TRANSITION.**

Because of the action on number eighteen no discussion on this item was needed.

(20)

**BRYAN TORGERSON, STATE OF UTAH SCHOOL AND INSTITUTIONAL TRUST LANDS ADMINISTRATION (SITLA), DISCUSSION OF COUNTY ROADS ON SITLA LANDS.**

Bryan Torgerson was present representing State of Utah School and Institutional Trust Lands Administration (SITLA). Mr. Torgerson explained the process that has taken place concerning county roads on SITLA lands and introduced Kim Christy to give further information. Mr. Christy explained that this process started five to six years ago and SITLA has been working county by county on road claims. They have recently finished Carbon County. SITLA recognized that the County has been working diligently on RS2477 road claims and feels that the process they have created compliments the work that has already been done. The process they are currently undertaking only includes class b roads. SITLA understands that the only way we can develop assets is by having access to the resources. Andy Bedingfield, SITLA, explained that county roads fall into two categories. The first category is that they have a valid existing right which shows up prior to SITLA receiving title. The other category is a road that will have to have a perfected easement. Seventy-five percent of Emery County's roads fall into the first category. A total of 80 miles exist and 55 miles have a valid existing right. For the other 25 miles easements have to be granted. In order for SITLA to grant an easement they have to be compensated for the value. In 2004 the Utah State Legislature passed a bill that required OHV owners to pay \$1.50 per registration that goes into an account. With other counties SITLA has used these funds to pay the cost of the easements. Emery County's easements would total \$84,000. In order for SITLA to use these funds for easements the roads have to be open for OHV travel. The County also has the option of just paying for the easements with their own funds and then the restrictions are not there. Nancy Koeber, SITLA, presented a map of the county road systems. The roads highlighted in green were valid existing roads and the roads highlighted in yellow were the roads that would need easements. Dixie Swasey, Emery County Recorder, asked how these roads related to the affidavits that have been previously filed. SITLA is using the

3

Commission Meeting  
May 24, 2011

database that was originally submitted so the roads should be pretty close to the affidavits already on file. Ray Petersen asked if the County would not already have prescriptive rights based on usage for years. Mr. Christy explained that where the lands is trust land they do not feel the time requirement is applicable. The easements that will be issued are for 66 feet which will allow for some leeway for when the RS2477 issue is settled. The easements will be perpetual. Ray Petersen requested to be the contact person on this issue and asked for one Commissioner to be over the process.

(3)

**OPEN REQUEST FOR PROPOSALS FOR AN ASBESTOS SURVEY AND ASSESSMENT OF THE OLD ROAD SHOP/COMMUNICATION BUILDINGS. CONSIDERATION AND APPROVAL OF AWARDED CONTRACTOR AND ASSOCIATED PAPERWORK.**

Bids were received from the following:

Terracon \$1990.00 for up to 40 samples. \$25.00 for each additional sample.

ATC \$1,450.00 for up to 30 samples. \$10.00 for each additional sample.

Commissioner JR Nelson made a motion to have the Attorney David Blackwell and Clerk/Auditor Brenda Tuttle review the bids and make a recommendation to the Commission. The Commission will award the bid based on the recommendation. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN THE STATE OF UTAH (DIVISION OF PARKS AND RECREATION ) AND EMERY COUNTY FOR PURCHASE OF AN ALL-TERRAIN VEHICLE.**

The Division of Parks and Recreation is providing funding for the purchase of an all-terrain vehicle. The County would be responsible for a radio and the maintenance of the vehicle. The vehicle will be used for search and rescue and patrol on the desert. The vehicle will have stickers showing Emery County and the Division of Parks and Recreation. The agreement is to provide up to \$16,000. Commissioner Laurie Pitchforth made a motion to approve the cooperative agreement with the State of Utah Division of Parks and Recreation. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN UTAH DEPARTMENT OF CORRECTIONS AND EMERY COUNTY FOR REIMBURSEMENT OF COMPUTER EQUIPMENT USING FEDERAL GRANT FUNDS.**

This agreement would provide \$2,491.22 of funding for computer equipment. Commissioner Laurie Pitchforth made a motion to approve the agreement with the Utah Department of Corrections. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF ENGINEERING CONTRACT BETWEEN EMERY COUNTY AND JOHANSEN AND TUTTLE ENGINEERING FOR LAWRENCE CEMETERY FENCE PROJECT 2011.**

Commissioner JR Nelson has gone over the engineering contract. A site showing is scheduled for June 2, 2011 at 2:00 p.m. at the Lawrence Cemetery. The project is moving along well and appears to be within the budget that was set. Commissioner JR Nelson made a motion to approve the engineering contract with Johansen & Tuttle Engineering. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(7)

**DISCUSSION AND APPROVAL OF EMERY COUNTY'S PARTICIPATION AS A COOPERATING AGENCY FOR A COMMERCIAL LEASING PROGRAM FOR OIL SHALE AND TAR SANDS RESOURCES ON PUBLIC LANDS.**

Ray Petersen, Public Lands Director, received a letter from the BLM inviting us to participate as a cooperating agency for a commercial leasing program for oil shale and tar sands resources. Emery County does not have any oil shale and only a small amount of tar sands. Our neighboring counties do have an interest in this issue. Commissioner JR Nelson made a motion for Emery County to participate as a cooperating agency in show of support for our neighboring counties. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF LETTER REQUESTING EMERY WATER CONSERVANCY DISTRICT RE-OPENING OF GRAVEL PIT AS A SOURCE OF GRAVEL FOR THE REEDER ROAD IMPROVEMENT PROJECT.**

Ray Petersen, Public Lands Director, explained that there was interest in opening a gravel pit that was on forest service lands but that has become a lengthy process and may never take place. Instead the County is requesting a letter be sent to Emery Water Conservancy District (EWCD) to reopen their gravel pit. Emery County would do the work for EWCD and would be paid back in materials. Commissioner JR Nelson made a motion to approve a letter be sent to EWCD requesting they reopen their gravel pit. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF A CREDIT CARD FOR LT. GAYLE JENSEN.**

Commissioner Laurie Pitchforth made a motion to approve the issuance of a credit card for Lt. Gayle Jensen with a \$2,000.00 limit. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN THE STATE OF UTAH AND EMERY COUNTY FOR CADASTRAL MAPPING.**

This is an ongoing contract that has been reviewed by County Attorney David Blackwell. Commissioner Laurie Pitchforth made a motion to approve the agreement between the State of Utah and Emery County for cadastral mapping. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF TITLE V RIGHT-A-WAY AGREEMENT WITH BLM ON LITTLE WILD HORSE ROAD.**

Ray Petersen informed the Commission that an application had been made for a Title V right of way on the little wild horse road. The road begins near the entrance to Goblin Valley and has been a nightmare to maintain for years. The Title V agreement will allow the Road Department to construct, operate, maintain and terminate. If RS2477 is recognized this grant will be superceded. Mr. Petersen recommends signing the agreement. Commissioner JR Nelson made a motion to approve the agreement as presented. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(12)

**DISCUSSION AND APPROVAL OF AMBULANCE BILL AGREEMENTS FOR JIM HIGGS AND THOMAS YBANEZ.**

Previously the Commissioner agreed to send these accounts to collections. JCI Billing informed the County that the accounts could not be sent to collections because they were considered current since payments had been made. JCI Billing suggested that the Commission set an amount and a date that the accounts be paid if full or they would be sent to collections. Commissioner JR Nelson made a motion to send the above accounts a letter stating that unless 75 percent of the total amount due was not paid within 90 days the account would be sent to collections. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

**CITIZEN CONCERNS.**

There were no citizen concerns.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Sheriff Greg Funk*

Last week the funeral was held for Garth Childs. He needs to be recognized for his service to Emery County and to the community. Condolences to his family for their loss. In preparation for flooding in Green River a sand bagging day was held. Approximately 3500 sandbags were filled. If flooding does happen they will be trying to protect structures and people. The Road Department is also ready to help with any equipment they have. Millsite Reservoir is another for potential flooding. Debris blocking the bridges is a big concern. Huntington Creek is also a concern as there is still a lot of snow up Huntington Canyon. Yesterday at the high school the sheriff's office had their annual active shooter training. Thanks to Neal Peacock and the drama department and the school district for their participation. It is a very realistic training and good for the officers to experience these types of situations.

*Commissioner Pitchforth*

Commissioner Pitchforth spend the day in Green River to fill sandbags. She also took a boat ride up the river to view possible flooding points. Thanks to Sheriff Funk, Captain Ekker, Captain Thomas and all the other deputies that participated in this event. It was very well organized.

Commission Meeting  
May 24, 2011

*Commissioner Nelson*

Commissioner Nelson attended a UDOT meeting in Clawson. Commissioners also attended a luncheon for legislators in Green River. They were able to give a pitch for saving Green River State Park from funding cuts. Commissioner Nelson also attended a public hearing for Blue Castle and went to a Pacific Corp meeting in Price. Pacific Corp is having trouble recouping funds that were spent on cleaning up air quality. The biggest group fighting them are environmentalists who also want the air cleaned up. Commissioner Nelson will suggest a letter of support for Pacific Corp in this issue at a later time. The Commissioners also had lunch with the Governor and during discussions Governor Herbert expressed his support for nuclear power in Green River.

*Commissioner Horrocks*

Commissioner Horrocks attended the Utah Local Governments Trust annual meeting where he was reappointed for another four year term on their Board. The County received an award for actively trying to reduce workers compensation claims and received a rebate check for \$300.00.

**ITEMS PULLED FROM THE CONSENT AGENDA.**

(2)

**JEFF KELSEY, DISCUSSION AND APPROVAL OF EMERY COUNTY'S MEDICAL INSURANCE RENEWAL BEGINNING PLAN YEAR JULY 1, 2011.**

Jeff Kelsey was present to discuss the insurance renewal with the Commission. Mr. Kelsey went over the summary of expenses for the current insurance plan year. The County ran at seventy-six percent of their cap. Insurance carriers like to see plans run at seventy-five percent so the County actually did quite well this year. As part of the renewal this year the County has to implement the changes of the health care reform act. Some of the changes include no lifetime maximums and dependent coverage to children age twenty-six or younger regardless of marital status. The renewal quote is a 6.9% increase in costs. Without health care reform the increase would have

only been around 2%. Companion, the current insurance carrier, has submitted the best quote and it is Mr. Kelsey's recommendation that the County renew with the current carrier. Commissioner JR Nelson made a motion to approve Mr. Kelsey's recommendation and sign the associated documents that are required for the renewal. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(3)

**CONSIDERATION AND DECISION TO ELECT OR REJECT LONG TERM  
DISABILITY BENEFIT PROTECTION CONTRACT COVERING TIER 2 MEMBERS.**

Mary Huntington, Personnel Director, informed the Commission that they had to make a decision on whether to elect or reject paying disability benefits for tier 2 employees. The Utah Retirement System is doing an over haul of their entire system. The changes go into effect on July 1, 2011. Employees who are currently part of the Utah Retirement System or who have ever been employed with a participating employer will not be affected by the changes. Currently members who are on long-term disability continue to accrue service credit while they are on disability and the retirement system covers the cost. Under the new plan in order for members to continue to accrue service credit the County would have to pick up 100% of the costs. It is Ms. Huntington's recommendation that the County reject covering the long-term disability benefit and paying the costs associated with it. Commissioner JR Nelson made a motion to reject Tier 2 long-term disability. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(4)

**OPEN AND READ ALOUD BIDS FOR THE LAWRENCE CEMETERY FENCE  
PROJECT, 2011. CONSIDERATION AND APPROVAL OF BID AWARD AND  
ASSOCIATED PAPERWORK.**

Clerk/Auditor Brenda Tuttle stated that two bids were received but one bid was received after the deadline and will not be opened. The bid from Guymon Construction/Cluff Builders was opened and included the bid bond of \$1,000.00. The bid was for \$19,803.00. Commissioner JR Nelson made a motion that upon approval and review by Johansen & Tuttle Engineering the bid by Guymon Construction/Cluff Builders be accepted. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

4

Commission Meeting  
June 14, 2011

(5)

**APPOINTMENT TO THE EMERY COUNTY COUNCIL OF AGING.**

Commissioner Laurie Pitchforth stated that no applications were received for the Council of Aging Board. The position has already been advertised and because of the cost to advertise it was suggested that the Commission recruit someone to fill the position. Commissioner Laurie Pitchforth made a motion to recruit someone for the Board position. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(6)

**APPROVAL OF AMENDMENT TO EMERY COUNTY'S PERMANENT COMMUNITY IMPACT FUND BOARD 2011 LOCAL CAPITAL IMPROVEMENT LIST TO INCLUDE CASTLE VALLEY SPECIAL SERVICE DISTRICT AUTOMATED WATER METER PROJECT.**

Jacob Sharp, Castle Valley Special Service District Director, discussed with the Commission the desire of the larger cities in Emery County to move to an automated water meter system. The Community Impact Board (CIB) suggested that the project be listed as a stand alone project and not part of the other capital project requests. An application has been submitted to the CIB. The application is a request for a large grant and smaller 0% interest loan. The application will not be heard until September. Commissioner JR Nelson made a motion to amend the CIB list to include the automated water meter project. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF MOU WITH UTAH SMALL BUSINESS DEVELOPMENT CENTER AND EMERY COUNTY STATING THAT REIMBURSEMENT FROM ELIGIBLE BUSINESS VISITATION BE ADDRESSED AND SENT TO SOUTHEAST UTAH COMMUNITY DEVELOPMENT CORPORATION.**

Mike McCandless, Economic Development Director, presented an MOU to the Commission for the purpose of continuing their BEAR program which hires vista volunteers and pays a portion of their salaries to keep in contact with businesses that have recently been started. This particular MOU deals with money that was received through a small business development grant. The money will be transferred to Southeast Utah Community Development Corporation. Commissioner Laurie Pitchforth made a motion to approve the MOU with Utah Small Business Development Center. The motion was seconded by Commissioner JR Nelson and approved by all members present.

5

Commission Meeting  
June 14, 2011

(8)

**CONSIDERATION AND APPROVAL OF AMENDMENTS TO STATE OF UTAH  
CONTRACT NO. 102488 FOR BAILIFF AND SECURITY SERVICES.**

This is a standard contract that has to be approved every year. The contract will have an increase in revenue of \$1,000 to the County. Commissioner Laurie Pitchforth made a motion to approve contract no. 102488 for bailiff and security services. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF RADIO SITE LEASE AGREEMENT  
BETWEEN EMERY COUNTY AND XTO ENERGY.**

Attorney David Blackwell and Communications Specialist Bret Mills have been working on getting a contract put together for Horn Mountain lease sites. This is the first agreement to come to the Commission. The contract includes \$4,600.00 in back payments. The agreement will close a gap and make sure that the County is receiving compensation for its lease sites. Commissioner JR Nelson made a motion to approve the radio site lease agreement with XTO Energy. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(10)

**REQUEST TO CONSIDER DESIGNATING A GRAVEL ROAD WHICH PROVIDES  
ACCESS TO THE FRANK GORDON RESIDENCE AS A COUNTY ROAD.**

Mr. Frank Gordon has requested that the County assume his road as a county road. Letters from Ira Hatch and Huntington Irrigation Company were included with the request stating that they also access the road to get to their farms and property. Mike McCandless, Economic Development Director, informed the Commission that it has been the practice of the County to not take over private roads. Prior applications have been rejected for the same reason. Commissioner JR Nelson made a motion to table this item until further information can be gathered. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(11)

**RATIFICATION OF ACCESS AGREEMENT BETWEEN EMERY COUNTY AND UMETCO MINERAL CORPORATION FOR RIP-RAP MATERIAL IN PREPARATION OF POTENTIAL FLOODING FROM THE GREEN RIVER.**

This agreement has previously been signed and needs ratification. Commissioner Laurie Pitchforth made a motion to ratify signing of the access agreement between Emery County and UMETCO Mineral Corporation for rip-rap material. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(12)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #1 TO LANDFILL FENCING PROJECT.**

The County requested this change order to take into account flooding and animal control. It changes how the fence will go through the gullies and give a fourteen day extension. The cost of the change order is \$8,255.00 bringing the total contract to \$155,595.00. Commissioner Laurie Pitchforth made a motion to approve change order #1 to the landfill fencing project. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(13)

**DISCUSSION OF PROCEDURE TO RECOVER COSTS INVOLVED IN SEARCH AND RESCUE.**

Wayne County has posted a sign at the trail heads in their county explaining the ruggedness of the country and the cost and time involved in having to send out a search party. It is costly to conduct a search and rescue and people that use this resource need to be responsible for all or part of the cost of the rescue. Attorney David Blackwell has looked at the statute allowing Counties to charge for search and rescue but has not found a specific statute allowing us to charge. Mr. Blackwell will get in touch with Wayne County and see how they have approached the issue. Attorney Blackwell and Sheriff Greg Funk will research this issue and come back to the Commission with a plan by the first meeting in July.

(14)

**APPROVAL OF LETTER STATING EMERY COUNTY'S POSITION REGARDING GATEWAY SOUTH TRANSMISSION PROJECT AND THE PROPOSED ALTERNATE ROUTES.**

Ray Petersen, Public Lands Director, had a letter from Rocky Mountain Power regarding alternate routes for their proposed project. Two routes travel through Emery County. Both routes that involve Emery County are alternative. Mr. Petersen has already submitted comments on the proposal and they were generally favorable. It was Mr. Petersen's recommendation that the Commission submit comments on the issue and were welcome to use his comments as their basis. Commissioner Laurie Pitchforth made a motion to submit comments concerning Gateway south transmission project. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(15)

**PUBLIC LANDS COUNCIL PRESENTATION AND RECOMMENDATION TO PROCEED WITH LAND USE LEGISLATION LANGUAGE.**

Commissioner Jeff Horrocks started by commending the Board for all of their dedication and hard work. They have put in hundreds of hours of work at no cost to the County for this project. Bruce Wilson, Chairman of Public Lands, addressed the Commission. He first thanked the public lands committee for their work. Those on the public lands committee are: Bruce Wilson, Gary Petty, Guy Webster, Mistie Christiansen, Randall Stilson, Mark H. Williams, Edward Geary, Priscilla Burton, Jon Gilbert, Chuck Semborski and Sherrel Ward. In addition to the Board, Val Payne, Randy Johnson, Ray Petersen and Mike McCandless and numerous other participants have assisted with this project. The project started 2 ½ years ago when the Board was approached by SUWA to look at wilderness designation and land use planning as well as President Obama's interest in monument designation. The Lands Council created numerous subcommittees. There were committees for transportation, grazing, water rights, sportsmen and wildlife, energy, communication and heritage. Each committee held numerous public information meetings to hear public comment on concerns. After many field trips and work meeting all the information was gathered and put into draft form. The draft has been posted on the County's website including all the updates that have taken place from the beginning of the process. Ray Petersen thanked Bruce Wilson for all of his time on this project. The first question that is usually asked is why is the County doing this project. The premis is there will be wilderness in Emery County. This project was taken on to try and maintain some control in the process and to consider areas that can qualify for wilderness and can be designated without impacting current resources. This draft does that. This proposal does not close any current trails and there would actually be more opportunity for motorized travel than there currently is. The Public Lands Council will hold a series of four meetings June 22<sup>nd</sup> 23<sup>rd</sup> 29<sup>th</sup> and 30<sup>th</sup> to inform the public of this recommendation. The meetings will be an opportunity to look at what the Lands

Council has done and to see if there have been any resources that have been overlooked. Commissioner JR Nelson stated this process has really been an education process to him. We do not have a lot of control over what Congressional legislation will be passed. The County needs to now get the States support to move forward with this proposal. Commissioner Laurie Pitchforth also thanked all those who have been involved with this process. All of the above mentioned subcommittees are still active and willing to continue to help with this process if they are needed.

**(16)****CONSIDERATION AND APPROVAL OF AMENDMENT TO RESOLUTION 08-25-09 ESTABLISHING THE EMERY COUNTY TRAILS COMMITTEE.**

Resolution 08-25-09 establishing the Trails Committee needs to be changed to clarify that the Trails Committee is an advisory Committee to the Travel Bureau. The Trails Committee is missing bylaws and they need to be established. The bylaws need to be submitted to the Commission within 90 days. Tina Carter, Travel Bureau, stated that she was unclear on how the bylaws needed to be set up. County Attorney David Blackwell will get with the Travel Bureau and give them direction on what to include in the bylaws. Commissioner Laurie Pitchforth made a motion to approve amending resolution 08-25-09. The motion was seconded by Commissioner JR Nelson and approved by all members present.

**(17)****CONSIDERATION AND APPROVAL OF CERTIFIED TAX RATES FOR EMERY COUNTY AND CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Clerk/Auditor Brenda Tuttle presented the Commission with the tax rates for 2011. Centrally assessed property has increased in the County which will result in additional revenue to the County. The rates are as follows:

General Fund	0.003503	\$6,542,693
Debt Service	0.000134	\$ 250,000
Library	0.000405	\$ 756,435
Aquatic Center	0.000063	\$ 117,668
Assessing & Collection	0.000300	\$560,322

Commissioner JR Nelson made a motion to approve the above presented tax rates for Emery County. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

Jacob Sharp, Castle Valley Special Service District Director, presented to the Commission the tax rates for CVSSD. The District is proposing a rate of 0.001000 resulting in revenue of \$1,405,478. This rate will require the District to go through the truth in taxation process. A public hearing will be held in August for public comment on the higher rate. CVSSD debt service rate is 0.001636 resulting in \$2,300,000. This is the highest debt service rate the District has ever had. The rate will decrease in following years. Commissioner JR Nelson made a motion to approve the tax rates for CVSSD. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(18)

**CONSIDERATION AND APPROVAL OF UTAH STATE RETIREMENT RATES FOR JULY 1, 2011 - JUNE 30, 2012.**

Each year the Utah Retirement Systems sends out new rates. The rates for July 1, 2011 - June 30, 2012 are as follows:

Non-contributory employees	15.76% an increase of .40%
Public safety employees	27.07% an increase of .94%

Commissioner Laurie Pitchforth made a motion to approve the retirement rates as presented. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(19)

**CONSIDERATION AND APPROVAL OF CONTRACT WITH JCI BILLING FOR AMBULANCE BILLING.**

This is a standard contract for the ambulance billing services. The cost will be \$30.00 per ambulance run. Commissioner Laurie Pitchforth made a motion to approve the contract with JCI Billing. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(20)

**CONSIDERATION AND APPROVAL OF AMBULANCE WRITE-OFF FOR LINDA IRVING.**

A write-off request was received from Linda Irving. She has included letters of hardship but stated that when her income tax refund came back she hoped to pay off the bill. Commissioner Laurie Pitchforth made a motion to send a letter to JCI Billing instructing them to continue to bill Mrs. Irving and not to write off the balance at this time. The motion was seconded by Commissioner JR Nelson and approved by all members present.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Yesterday things were under control with the flooding situation in Green River. Overnight the water came up substantially and some of the dikes have given way and some flooding is occurring. It is predicted that high water will continue for another week to week and a half. Some of the melon fields have flooded. Saturday, June 4<sup>th</sup> the 3<sup>rd</sup> annual princess tea party was held. Commissioner Pitchforth would like to thank Patsy Stoddard and Montica Cox and her committee for all of their efforts. It was a success for the little girls.

*Commissioner Nelson*

Commissioner Nelson toured Copper Globe with Ray Petersen, the BLM and Mark H. Williams. He was surprised at how open the BLM seemed to be towards our ideas.

*Commissioner Horrocks*

Commissioner Horrocks reported that on May 26<sup>th</sup> the final audit was held for the food bank. He thanked Leslie Bolinder for all of the hours she put into this project. The tax sale for the County was also held on May 26<sup>th</sup>. Three properties were sold.

**JAN BODILY, FOUR CORNERS MENTAL HEALTH, PRESENTATION OF ANNUAL AREA PLAN.**

Rick Donham, Clinical Director of Four Corners Mental Health, presented the Commission with the annual area plan for substance abuse and treatment. The County is the authority for substance abuse and treatment. The plan outlines how to provide services in Emery County. Four Corners needs approval from the County to move forward with this plan. Four Corners is trying to improve the services they provide. Following are some of the ways that they plan to implement changes:

- ◆ Services will be concurrently documented which will allow diagnosis to be readily available.
- ◆ Crisis and safety plan will be in an electronic document that will be available to the clients.
- ◆ Every client will have a wellness plan.
- ◆ There will be more sophisticated diagnostic formulation.
- ◆ Open access - there will be improved access to psychiatrists and psychologists.
- ◆ Crisis Intervention Team - will be expanding their relationship with law enforcement.

Sheriff Greg Funk asked if a pay increase was included in this plan. Mr. Donham stated that he did not believe so but that would be handled during the County's regular budget cycle. Four Corners is hoping to improve the current relationships without requesting additional funding.

(3)

**KRIS BELL, CONSIDERATION AND APPROVAL OF PROPERTY TAX WRITE-OFF FOR MOBILE HOMES OWNED BY CLINT COOK AND HUMBERTO MIRANDAHT.**

Assessor Kris Bell presented to the Commission two properties that are no longer being lived in and are dilapidated. The property owned by Humberto Mirandaht is located in Huntington and the one owned by Clint Cook is located in Ferron. Both mobile homes have back taxes owing on them. If the County chose to seize and sell the homes then the County would be responsible to dispose of them. It would cost the County \$1,200 to remove each mobile home. If the County were to write-off the taxes then it would be the responsibility of the mobile home park owners to dispose of the property. Doug Berensen, Manager of Castle Valley Mobile Home Park, stated that the trailer owned by Mr. Cook has been abandoned. In February half of the roof blew off and the Cook's left. Mr. Berensen has checked with a trucking company and they would charge \$400.00 for hauling it to the landfill plus an additional \$100 - \$150 for a pilot car. In order for Mr. Berensen to have the trailer removed from the property he would have to have title to it or the County would need to seize and sell it. Commissioner Jeff Horrocks stated that he is aware of other trailers that are in the same condition and is concerned if the County were to take ownership of the trailer that precedence would be set and it would become the County's responsibility to dispose of dilapidated trailers. Commissioner Horrocks did not feel that was in the best interest of the County and stated he felt it was Mr. Berensen's responsibility to dispose of the home. Assessor Kris Bell will give Mr. Berensen the information he will need to try and obtain title to the trailer. Commissioner JR Nelson made a motion to write-off the back taxes on both properties. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF SOFTWARE LICENSE AGREEMENT BETWEEN SINGER SOFTWARE, INC. AND EMERY**

Jeff Guymon, IT Director, stated this was a standard agreement. The agreement would be extended for another five years at an increase cost of \$150.00 per month. Commissioner JR Nelson made a motion to approve the software license agreement with Singer Software, Inc. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF NATURAL GAS CONTRACT AGREEMENT FOR NEW SERVICE AND GAS METERS RELOCATION AT THE WEED AND MOSQUITO BUILDING.**

The County is in the process of getting clearances to tear down the old road shop. In order to do this the gas meters have to be relocated. The agreement to have the lines moved will cost \$2,090.65.

(6)

**OPEN BIDS FOR HADDEN FLAT/HUNTINGTON CREEK BRIDGE PAINTING PROJECT, 2011. CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED PAPERWORK.**

Commissioner JR Nelson made a motion to table this item until the next meeting. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS, ACTING IN ITS CAPACITY AS THE GOVERNING AUTHORITY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, AUTHORIZING THE ISSUANCE AND SALE OF UP TO \$308,000 OF THE DISTRICT'S TAX ANTICIPATION NOTES, SERIES 2011; AND RELATED MATTERS.**

Jacob Sharp, Director of Castle Valley Special Service District (CVSSD), was present to explain the District's need for a tax anticipation note. CVSSD pays their debt service payments in January and does not collect the property tax revenue to reimburse them until November. The District has had its highest debt service payments the last couple of years so a tax anticipation note (TAN) has been required. A TAN is essentially a short-term loan to cover the cash flow needs of the District until the tax revenue comes in November. Commissioner JR Nelson made a motion to approve Resolution #06-28-11 authorizing the issuance and sale of up to \$308,000 of the District's tax anticipation notes, series 2011. The motion was seconded by Commissioner Jeff Horrocks and approved by all members present.

(8)

**CITIZEN CONCERNS.**

Mark H. Williams - There is flooding in the south-east part of Castle Dale. Mr. Williams presented pictures to show the flooded areas. The river bottom needs to be dredged because the channel has filled with silt. Mr. Williams stated that the County had done away with the flood

tax and maybe need to look at reinstating that tax. Ray Petersen, Public Lands Director stated the streams don't run high every year so there is a problem with the channels filling in. The flood tax was used to replace most of the bridges in Emery County. Colleen Gilbert and Jamie Huggard were both present and stated that their property has also been flooded. The Commissioners will do some research and see what can be done to resolve this issue. The County would have to work with the Army Core of Engineers and also those involved on the State level to come up with a plan to fix the problem.

Bret Mills - Mr. Mills presented the Commission with a request to allow the County to enter into an agreement with Larcan to write the grants for reimbursement on tv translators. The County budgeted \$200,000 for the replacement of translators so it is a budgeted item. The Commission instructed Mr. Mills to go ahead and have Larcan submit the paperwork for the grant.

Commissioner Jeff Horrocks stated that a contract had been received from Public Employees Health Plan (PEHP). The contract is for continuation of our long-term disability benefit. The cost of the contract will remain the same. The contract has to be returned to PEHP by July 1, 2011. Commissioner Jeff Horrocks will sign the contract and return it to PEHP.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Nelson*

Commissioner Nelson attend a UAC training in Moab. There was a lot of discussion concerning public lands, law enforcement on public lands and the County's public lands bill that is in draft form. The public meetings have begun for the public lands bill. The meeting was held last Wednesday in Huntington and Thursday in Ferron. The Public Lands Council will hold the information meeting in Green River tomorrow night in Green River and Thursday night in Castle Dale. Commissioner Nelson also met with Bill Meadows and Bob Bennett from the Wilderness Society. Everyone was not in complete agreement but it at least have given us a point to move from. Commissioner Nelson attended Emery Water Conservancy District meeting last night. The high water levels are receding and the forecast is for that to continue. Commissioner Nelson would also like to look into moving the Travel Bureau office to the San Rafael Museum. Consolidation of the Museum Board and the Travel Bureau Board needs to be looked into. Commissioner Nelson, Ray Petersen, and Randy Johnson also met with the State Legislative Interim Natural Resource Committee. They presented the process that Emery County has gone through to come up with a public lands bill. They did not show them the bill, just discussed the process that the County has gone through. The word wilderness was mentioned a some on the Committee began to balk. The County will meet with the Committee again in July and will take

6

Commission Meeting  
June 28, 2011

a different approach to present the process. The County just wants the Committee's approval of the grass roots effort in drafting a public lands bill.

*Commissioner Horrocks*

Commissioner Horrocks attended a meeting in Salt Lake with Ray Petersen. They met with those from the State who are working on the public lands document. Commissioner Horrocks also met with Congressman Matheson in Price and he is in favor of our public lands efforts. Commissioner Horrocks also met with UP&L Railroad, Mayor Piccolo and Commissioner Milovich from Carbon County to discuss the railroad needs in Carbon and Emery County. The railroad spur at the industrial park in Green River was discussed. Commissioner Horrocks met with the Forest Service and Johansen & Tuttle Engineering at the Reeder gravel pit in Joe's Valley to work out the legal aspects of getting access to the gravel pit.

Commission Meeting  
July 12, 2011

## **Discussion Agenda**

(1)

### **ITEMS PULLED FROM THE CONSENT AGENDA.**

None

(2)

### **CONSIDERATION AND APPROVAL OF LIBRARY BYLAWS.**

Commissioner JR Nelson has read the bylaws from the Library Board. They are very well written. The Library Board and Carole Larsen do an amazing job in operating the libraries and spending the money they have allotted to them wisely. Commissioner JR Nelson made a motion to approve the library bylaws. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(3)

### **CONSIDERATION AND APPROVAL 2011 EMERGENCY MANAGEMENT PERFORMANCE GRANT (EMPG).**

Captain Kyle Ekker explained that this is a grant for \$25,000 to be used for training and equipment that is not covered in the regular budget. The match for this grant comes from the deputies salaries. Commissioner JR Nelson made a motion to approve the 2011 emergency management performance grant. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(4)

### **DISCUSSION OF FUNDING ALLOCATION FOR FY2012 MENTAL HEALTH SERVICES.**

This item will need to be discussed when the County approves its 2012 budget.

(5)

### **DISCUSSION AND APPROVAL OF PROCEDURE TO RECOVER COSTS INVOLVED IN SEARCH AND RESCUE INCIDENTS.**

Attorney David Blackwell contacted Wayne County to see how they were dealing with search and rescue costs. They have not formulated a procedure to recover costs. They put up signs in hope of discouraging people from getting stranded. There have been a few people who have sent donations to search and rescue after being rescued and one time a bill was sent because the person had money and was willing to pay the recovery costs. Commissioner Jeff Horrocks asked

3

Commission Meeting  
July 12, 2011

if adopting a county ordinance would help us in trying to recover costs. Attorney Blackwell will also contact Grand County to what their policy on search and rescue is. Commissioner Horrocks directed Attorney Blackwell to put together an ordinance that would give us more power to collect search and rescue costs. Captain Kyle Ekker was concerned an ordinance might cause people to not call for help when they need it. Attorney David Blackwell will report on his findings next meeting.

(6)

**OPEN BIDS FOR HADDEN FLAT/HUNTINGTON CREEK BRIDGE PAINTING PROJECT, 2011. CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED PAPERWORK.**

July 12, 2011

(9)

**CONSIDERATION AND APPROVAL OF AMENDMENT TO RIGHT-OF-WAY GRANT UTU-57143/LAWRENCE/TAN SEEPS.**

Public Lands Director Ray Petersen informed the Commission that this is a standard title v right-of-way. The County has worked with the BLM to come up with a standardized terms, conditions and stipulations. Rotomill was placed on the road to try and mitigate dust problems. The project is 98 percent complete. The title v doesn't impede the RS2477 right-of-way. This right-of-way is perpetual and can be renewed every ten years. Title V allows us to operate and maintain our roads. Commissioner JR Nelson made a motion to approve right-of-way UTU-57143/Lawrence/TAN Seeps as discussed. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(10)

**TYLER JEFFS, ECBC, REQUEST FOR DONATION FOR ECONOMIC SUMMIT.**

Patsy Stoddard was present in behalf of the Emery County Business Chamber to request a donation to help with an economic summit that is being planned for September. There will be breakfast at the museum and break out sessions at the courthouse. David Williams and Marshall Moore will be the keynote speakers. The Chamber is hoping 150 people will attend the summit. There will also be a lunch and learn held at the museum on July 20<sup>th</sup>. Candie Lopez will speak about customer relations management and everyone is welcome to attend. Commissioner JR Nelson made a motion to contribute \$500 for the summit. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(11)

**RATIFICATION OF LOCAL "STATE OF EMERGENCY" DECLARATION FOR EMERY COUNTY.**

Commissioner Jeff Horrocks signed this declaration on July 1, 2011 because it was a time sensitive document that will allow us to recover costs from flooding through FEMA. Commissioner Laurie Pitchforth made a motion to ratify the State of Emergency Declaration for Emery County. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(12)

**RATIFICATION OF OPERATING PLAN AGREEMENT AND MINERAL MATERIALS FORM FS-2800-9 FOR THE READER VIEW GRAVEL PIT.**

**CITIZEN CONCERNS.**

*Business Licenses* - The County received a request from Brinderson Constructors, Inc and Brinderson LP for a business license. The companies will be doing work in the County for XTO Energy and will be starting the job July 18, 2011. Economic Development Director Mike McCandless stated that we normally don't issue business licenses for companies who are here working for other companies. Mr. McCandless would suggest the Commission consider having a business registry so that we would have information of the subcontractors that come to the County to work. Commissioner Jeff Horrocks suggested putting together and ordinance that would require businesses to register with the County. Mr. McCandless recommended that the Commission approve the business licenses. Commissioner JR Nelson made a motion to approve business licenses for Brinderson Constructors, Inc and Brinderson LP and to ratify the motion at the next meeting. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

Commissioner Jeff Horrocks recognized Kainoa and Lucas Bolinder who were in attendance to earn a citizenship merit badge.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Commissioner Pitchforth attended Heritage Days in Huntington. There was a very large turnout. Commissioner Pitchforth also attended Miss Utah. Elise Debry represented Emery County very well and should be commended for her efforts as Miss Emery County. The Miss Emery County pageant will be held on July 16, 2011 at 6:00 p.m. Commissioner Pitchforth also attended the stock show. There is always a great turnout. The stock show committee consists of almost 40 volunteers. Commissioner Pitchforth thanked the businesses that donate to the stock show. The grand opening of the new nine holes at Millsite golf course was last week. It is an amazing course. The golf course generated more money in three days than they had for months. The expansion was a large expense but in terms of generating revenue will be worth it. Commissioner Pitchforth discussed the lamb fry that is held in conjunction with the fair. They have been unable to find anyone willing to run the lamb fry and are looking for any input of what can be done in order to continue with the lamb fry.

*Commissioner Nelson*

6

Commission Meeting

July 12, 2011

Commissioner Nelson reported on the meetings held to inform the public of the public lands bill. There were not overwhelming crowds but the information was well received by those in attendance. Commissioner Nelson met with Blue Castle concerning safety. Safety at a nuclear power plant is an ongoing constant process and they are continually addressing the issue. Commissioner Nelson also was present at the triathlon that was put on by search & rescue. There was a wide variety of participants as young as four years old to olympic quality athletes.

*Commissioner Horrocks*

Commissioner Horrocks met with Randy Johnson and Ted Wilson to record an segment of the County Seat for a discussion of the public lands bill. The show was broadcast on channel 4. Commissioner Horrocks also attended a meeting in Green River concerning the Green River State Park. The discussion centered around the cost of operating the state parks and how to make the financially independent.

### **10:00 A.M. - PUBLIC HEARING - SECOND CDBG HEARING FOR 2011. TO RECEIVE PUBLIC COMMENTS REGARDING A PROJECT, OF UP TO \$175,000, TO PARTIALLY RENOVATE EMERY COUNTY HOUSING AUTHORITY OWNED TWENTY-FOUR (24) 2 AND 3 BEDROOM APARTMENTS. THE RENOVATIONS WILL INCLUDE, BUT NOT LIMITED TO, REPLACING ALL BATHROOM COMPONENTS, AND REPLACING ALL FLOORING INCLUDING ASBESTOS ABATEMENT.**

Commissioner Jeff Horrocks opened the public hearing by informing the public that the Emery County Housing Authority has been given the opportunity to receive \$175,000 to update the 2 and 3 bedroom apartments. The renovations will be mainly in the bathrooms. Ray Petersen asked if it had been determined there was asbestos. The apartments have not been tested but if asbestos is found it will be disposed of. Bill Dellos asked if the County owns the facility. The County does own the facilities that are managed by the Emery County Housing Authority as HUD facilities. The apartment complexes were built in the 1970's and are located in Ferron and Castle Dale.

(3)

### **RECONSIDERATION AND APPROVAL OF CHANGE ORDER #9 FOR SHERIFF'S TRAINING BUILDING REMODEL.**

Change order #9 for carpet installation at the sheriff's training building was presented in February and it was denied due to the fact that the contractor installed the carpet before the change order was approved. The cost of the carpet was \$4,856.40. Commissioner Laurie Pitchforth made a motion to approve payment to the vendor of \$4,856.40, the cost of the carpet without labor. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(4)

**DISCUSSION AND APPROVAL OF DISPOSITION OF METAL PILE AT LANDFILL.**

The landfill/road department has gone out to bid for the disposal of the metal pile and are again asking for approval to go out to bid. Road Supervisor Wayde Nielsen will put the advertisement in the paper. Commissioner Laurie Pitchforth made a motion to allow the landfill to bid out the removal of the metal pile. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF INTERLOCAL COOPERATION AND CONTRACT AGREEMENT BETWEEN SOUTHEASTERN UTAH ALG AAA AND EMERY COUNTY COMMISSION FOR ADMINISTRATION OF OLDER AMERICANS ACT PROGRAMS.**

Commissioner Laurie Pitchforth made a motion to approve the contract agreement between Southeastern Utah ALG AAA as it is a standard contract. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF LETTER OF AGREEMENT BETWEEN FOUR CORNERS COMMUNITY BEHAVIORAL HEALTH, INC. AND EMERY COUNTY FOR DRUG COURT.**

This agreement is for a contract with Four Corners Community Behavior Health for Drug Court. The contract period is from January 1, 2011 - December 31, 2011. It was determined that an agreement had not previously been signed. The Attorney, Sheriff and Clerk/Auditor have reviewed the agreement. Commissioner Laurie Pitchforth made a motion to approve the agreement. It was seconded by Commissioner JR Nelson and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #2 FOR LANDFILL FENCE PROJECT,**

The total cost of the fencing project was \$154,599.00. The project is complete with the approval of this change order. The change order is for a \$996.00 decrease. Commissioner Laurie Pitchforth made a motion to approve change order #2. The motion was seconded by Commissioner JR Nelson and approved by all members present.

Commission Meeting  
July 26, 2011

(8)

**APPROVAL TO ENTER INTO A ONE YEAR WORKSITE LEARNING AGREEMENT WITH WORKFORCE SERVICES.**

Personnel Director Mary Huntington informed the Commission that this was a continuation of an agreement from last year. If Workforce Services has a displaced worker that needs to learn skills and we have a position available then we can bring them on and Workforce Services pays all the wages and assumes liability for the worker. Commissioner Laurie Pitchforth made a motion to approve the agreement with Workforce Services. Commissioner JR Nelson seconded the motion and it was approved by all members present.

(9)

**DISCUSSION AND APPROVAL OF COURTHOUSE GROUNDS IMPROVEMENT PROJECT.**

The LDS Church has removed a lot of trees and cement adjacent to the courthouse. The courthouse sidewalk is now not complete and needs to be repaired. Commissioner JR Nelson made a motion to contact the contractor doing the work at the church and see if the County can piggyback the sidewalk onto the project already being done. Commissioner Laurie Pitchforth seconded the motion and it was approved by all members present.

(10)

**CITIZEN CONCERNS.**

There were no citizen concerns.

(11)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Commissioner Pitchforth reported that the fair and rodeo are the next two weeks and hopes everyone will come out and support the events. There will be a lamb fry Friday and Saturday night of the fair. Kent Wilson has stepped up to sponsor the dinner. The proceeds will go to his granddaughter who is battling cancer.

The Miss Emery County pageant was also last week. McCall Spears was crowned Miss Emery County. All of the girls did a great job. Commissioner Pitchforth thanked everyone who was involved.

5

Commission Meeting  
July 26, 2011

*Commissioner Nelson*

Commissioner Nelson took a field trip that started at Huntington State Park and went up Huntington Canyon looking at water company projects including a dam, diversion channels and ways to store more water. It is impressive the work that has been done to preserve water in Emery County. Commissioner Nelson also went to Tomsich Butte canyon looking at mines. He has wondered why there is a need to close historic mines but when you actually go look at the area it makes sense. He also reviewed trails in the Green River area.

*Commissioner Horrocks*

Commissioner Horrocks reported that interviews for the Road Department supervisor were held. There were a lot of qualified applicants. The job was given to Wayde Nielsen. The Commissioners attended a meeting in Richfield that was called by the Utah Association of Counties. There were four counties involved in the meeting. They are the counties that are currently working on land use bills. The State Senator Mike Lee is involved in this process now also so a meeting will be set up with Mike Noel who is the spokesman to make sure Senator Lee's suggestions are included in the process.

MINUTES OF THE SPECIAL MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

AUGUST 9, 2011

Present at the meeting was Commission Chairman Jeff Horrocks, Commissioner JR Nelson, Commissioner Laurie Pitchforth, Clerk/Auditor Brenda Tuttle, Jacob Sharp, Leslie Bolinder, Lamar Sayer and Jon Gilbert.

**6:00 P.M. PUBLIC HEARING - TO RECEIVE PUBLIC COMMENT WITH RESPECT TO FINAL TRUTH IN TAXATION OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT'S TAX INCREASE.**

Commissioner Jeff Horrocks opened the public hearing by reading the newspaper advertisement. Castle Valley Special Service District is proposing to increase property taxes. The increase would result in a \$2.64 per year increase on a \$100,000 residence and a \$4.80 per year increase on a \$100,000 business. Jacob Sharp, manager of Castle Valley Special Service District (CVSSD) explained that this is the second required public hearing. The first hearing was held in December 2010. CVSSD held a bond and tax election in 2009. The voters approved this tax increase in 2009. CVSSD implemented the tax in 2010 but it was disallowed by the State Tax Commission because they did not feel the District met the requirements for advertising. CVSSD had a tax rate of 0.001000 in 2005. Over the years the tax rate has fallen below the 0.001000 rate resulting in a loss of revenue to the District. CVSSD is trying to reset the tax rate to 0.001000. The actual increase in revenue is \$50,000. The other increase shown in the required advertising is due to debt service payments. There were several bonds that have a balloon payment this year. The bond debt service schedules were set five to ten years ago and due to those payments taxes are increasing this year.

Commissioner Laurie Pitchforth stated that in reality this increase was approved by the voters in 2009.

Jon Gilbert stated he struggles with these kind of tax increases. He requested that CVSSD sharpen their pencils and find a way to not have to propose more tax increases. A lot of people are on fixed incomes and can not afford an increase of any kind. Mr. Gilbert stated he does not support the tax increase.

Lamar Sayer, Utah State Tax Commission, stated the wording in the ad is a statutory requirement and one part of the ad requires new growth to be shown and the other part does not. In CVSSD case it looks like a bigger tax increase because of the increase in the debt service tax rate. Mr. Sayer also informed the Commission that the State has a new online tax rate system. If they are interested in looking at the data online they can call and get a password and user name.

2

Commission Meeting Public Hearing

(6)

**CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN CASTLE DALE CITY AND EMERY COUNTY FOR IMPROVEMENTS ON PAVILION USED FOR COUNTY FAIR ACTIVITIES.**

Commissioner Laurie Pitchforth informed the Commission that the improvement was to enclose the stage area of the pavilion at the fair grounds. The work was completed awhile ago and needs to be paid. The agreement allows the County to make a \$3,500 donation to cover those costs. Commissioner Laurie Pitchforth made a motion to approve the interlocal agreement with Castle Dale City. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(7)

**PRESENTATION OF THE INDEPENDENT AUDIT FOR FY2010.**

Clerk/Auditor Brenda Tuttle informed the Commissioners that the FY 2010 audit was completed by Kimball & Roberts. There were no issues that had to be corrected for 2010 and the County was given a clean audit. Commissioner JR Nelson made a motion to accept the FY2010 audit. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(8)

**DISCUSSION AND APPROVAL OF REQUIREMENT FOR COVERAGE UNDER THE UTAH POLLUTANT DISCHARGE ELIMINATION SYSTEM (UPDES) MULTI SECTOR GENERAL PERMIT FOR STORM WATER DISCHARGES FROM INDUSTRIAL ACTIVITIES (SMALL AIRPORTS).**

The State of Utah contacted the County and informed us that we needed a permit. The permit is good for five years and will cost \$550. Commissioner Jeff Horrocks asked the State if there was a waiver that the County could apply for but were informed that no waiver would be granted. Commissioner JR Nelson made a motion to approve the application for the above permit. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

4

Commission Meeting  
August 9, 2011

(9)

**CONSIDERATION AND APPROVAL OF FY2011 PERSONAL PROPERTY TAX EXEMPTIONS.**

Commissioner Jeff Horrocks stated that the Commission has a list of businesses that have applied for personal property tax exemptions. Assessor Kris Bell was not present for further clarification. Clerk/Auditor Brenda Tuttle explained that this exemption was passed by the State Legislature and exempts business that have less than \$3,800 of personal property. Commissioner Laurie Pitchforth made a motion to approve the 2011 personal property tax exemptions. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(10)

(1)

### **ITEMS PULLED FROM THE CONSENT AGENDA.**

None

(2)

### **OPEN AND READ ALOUD BIDS FOR PURCHASE OF SCRAP METAL RECEIVED AT THE EMERY COUNTY LANDFILL. CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED PAPERWORK.**

The following bids were opened:

Acuity Metal Management	\$101.00/ton
Western Metals Recycling	\$167.00/ton
Stephenson Removal Services	\$175.00/ton
Sims Metal Management	\$212.00/ton

Commissioner JR Nelson made a motion to accept the high bid from Sims Metal Management for \$212.00/ton. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(3)

### **CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT FOR NOXIOUS WEED MANAGEMENT BETWEEN UTAH DIVISION OF FORESTRY, FIRE & STATE LANDS AND EMERY COUNTY FOR STATE FY2012.**

This is an ongoing agreement with the Federal Government for removal of weeds on forest service property. The agreement in the past has been for \$10,000. This year the contract is for \$7,500. Commissioner Laurie Pitchforth made a motion to approve the FY2012 Cooperative Agreement for noxious weed management. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN STATE OF UTAH (CDBG) AND EMERY COUNTY FOR LOW INCOME APARTMENT RENOVATION AND ASSOCIATED PAPERWORK.**

The Emery County Housing Authority had received a grant from CDBG for up to \$175,000 for renovation of their housing units. Commissioner JR Nelson made a motion to approve the contract with the State of Utah (CDBG). The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(5)

**RATIFICATION OF RESOLUTION 8/09/11 AUTHORIZING CASTLE VALLEY SPECIAL SERVICE DISTRICT TAX INCREASE.**

Commissioner Laurie Pitchforth made a motion to ratify Resolution 08-09-11 authorizing Castle Valley Special Service District Tax increase. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF NEW WATER CONNECTION FOR THE ROAD SHOP AND TRANSFER OF A WATER SHARE TO CASTLE DALE CITY.**

The Road Department is currently using a large storage tank and filling it up with water to wash their trucks. The tank is rusting out and needs to be replaced or a different process worked out. Wayne Nielsen, Road Dept Supervisor, has been working with Castle Dale City to upgrade the line to a 2 ½" line. In order to do this the City is requiring one share of water. There are three kinds of water - culinary, secondary and stock. The question was raised as to which kind of water would be in the line. After discussion Commissioner Laurie Pitchforth made a motion to table this item until further information is received. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(7)

**BRADY BRADFORD, SOUTHEASTERN UTAH DISTRICT HEALTH DEPARTMENT, PRESENTATION REGARDING THE ADDITION OF ALTERNATIVE WASTE WATER DISPOSAL SYSTEMS TO COUNTIES IN UTAH.**

Brady Bradford (SEUDH) was present to give the Commission a presentation on alternative wastewater disposal systems. Most people have a pretty good idea of what wastewater is. If there is no sewer line close enough then homeowners install septic tanks. Sometimes there is not enough soil to treat the wastewater. In those instances alternative wastewater systems come into play. In order for SEUDH to administer alternative wastewater systems the County must pass a

resolution stating the County supports alternative systems. Commissioner JR Nelson made a motion to approve alternative wastewater disposal systems and to inform Planning & Zoning of the process. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF APPLICATION FOR TRANSPORTATION AND UTILITY SYSTEMS AND FACILITIES ON FEDERAL LANDS REGARDING THE RE-ASSIGNMENT OF EMERY CITY BLM PERMIT UTU-36414 TO EMERY COUNTY FOR LAW ENFORCEMENT SEARCH AND RESCUE AND HOMELAND SECURITY FUNCTIONS.**

BLM permit UTU-36414 has been held by Emery Town. Public Lands Director Ray Petersen and the Sheriff's office have completed the work to transfer the permit to Emery County so existing facilities can continue to be used. Commissioner JR Nelson made a motion to approve the application. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(9)

**DISCUSSION OF REQUEST FROM DISTRICT COURT TO INSTALL SAFETY GLASS AT THE PUBLIC SAFETY COMPLEX DISTRICT COURT CLERK'S OFFICE. APPROVAL ON HOW TO PROCEED WITH THIS REQUEST.**

The State Courts have requested the County to install a safety glass at the Court Clerk's office. Currently there is a problem with security because if someone were to go through the window they could have access to the judge's chambers. The Justice Center is a County owned building but the State has stated they will pay the cost to install the glass. Commissioner JR Nelson made a motion to approve moving forward with installing the glass but to get an agreement in place stating the State will pay the cost. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Commissioner Pitchforth attended the rural summit in Cedar City, Utah. It was very informative. Commissioner Horrocks and Commissioner Pitchforth attended horse & buggy days in Elmo. Commissioner Pitchforth attended the aging meeting. They are still missing Board members so if anyone is interested in serving please contact the Commission office. There will be a lamb fry on September 9<sup>th</sup> at 11:00 a.m. at the Little Bear Campground for the Seniors in the county. Commissioner Pitchforth is looking for entertainment to perform at the event.

*Commissioner Nelson*

Commissioner Nelson attended the rural summit in Cedar City, Utah as well as the Utah Counties Insurance Pool Risk Management Conference. Both conferences were very informative. Commissioner Nelson also spoke with Mike Noel concerning the County's public lands bill. Politics are very upsetting when you have a grass roots effort concerning public lands and are not able to move it forward without others wanting to add or take away parts of the bill. Commissioner Nelson also attended the Emery Water Conservancy District meeting. Water is very carefully monitored in this County.

6

Commission Meeting  
August 23, 2011

*Commissioner Horrocks*

Commissioner Horrocks stated the County received a letter from the School Trust Lands indicating that a lot of the lands that were leased and the County has received mineral lease money from are nearing the end of the life so the mineral lease revenue will likely be declining. Emery County Road District #1 currently has six projects going.

*Attorney David Blackwell*

Attorney Blackwell informed the Commission that all of the Counties are working together to come up with more standardized public defender contracts and how they are bid out. The ACLU has been complaining about the representation citizens are receiving. There will be a new bidding process and contract this fall which will most likely result in an increased costs for public defender services.

CONSIDERATION AND APPROVAL OF FY2013 CONTRACT BETWEEN EMERY COUNTY AND THE SOUTHEASTERN UTAH ASSOCIATION OF LOCAL GOVERNMENTS, SOUTHEASTERN UTAH AREA AGENCY ON AGING.

Commissioner Laurie Pitchforth made a motion to approve a contract between Emery County and the Southeastern Utah Association of Local Governments Area Agency on Aging FY2013. The motion was seconded by Commissioner JR Nelson. The motion passed.

(3)

CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN EMERY COUNTY AND STATE OF UTAH ( DEPARTMENT OF AGRICULTURE) FOR INVASIVE SPECIES MITIGATION (ISM) GRANT.

Commissioner Horrocks explained that his is an ongoing program to remove Russian Olive Trees throughout the county. Commissioner JRNelson made a motion to approve a contract between Emery County and State Of Utah (Department of Agriculture) for an Invasive Species Mitigation Grant (ISM). The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN EMERY COUNTY AND THE UTAH DEPARTMENT OF TRANSPORTATION FOR MILLSITE STATE PARK ACCESS ROAD PROJECT.

Commissioner Horrocks explained that project is an ongoing project providing funds to improve roads that access park areas. The program provides for \$500,000.00 with local match for a two year period for a total \$2million dollar project. Ray Petersen asked for explanation of the project. Merrill Johansen, Johansen & Tuttle Engineering explained that the project will begin on the east end of Millsite Golf Course and go up to Millsite State Park access road. This will remove the dip that often floods. The project will be administered through the Special Service District.

Attorney David Blackwell is drafting a contract with the SSD to administer the project. Commissioner JR Nelson made a motion to approve of Cooperative Agreement between Emery County and the Utah Department of Transportation for Millsite State Park Access Road Project. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(5)

DISCUSSION AND APPROVAL OF DROPPING KODJ (OLDIES 94.1) RADIO STATION AND REPLACING IT WITH KRPX (CASTLE COUNTRY RADIO) ON ONE OF THE COUNTY TRANSLATORS.

The Board of Commissioners entered into discussion regarding dropping KODJ (Oldies 94.1) radio station and replacing it with KRPX (Castle Country Radio) on one of the county's translators. A written proposal was submitted to the Commissioners by CCR. Paul Anderson, General Manager, Eastern Utah Broadcasting reviewed the proposal. The Commissioners indicated that they have had several citizens express concern over removing KODJ as one Emery County's radio station choices and replacing it with another country station. Mr. Anderson indicated that KRPX is not a country station, it is an adult contemporary station. Commissioner Laurie Pitchforth made a motion to go ahead and leave KODJ on the air and get with Bret Mills to determine which country channel to switch out and try it for 60 days. We will determine whether KRPX stays by the amount of input we receive from the citizens of Emery County. The motion was seconded by Commissioner JR Nelson. The motion passed.

(6)

DISCUSSION OF THE NOVA PROGRAM AND CONSIDERATION/APPROVAL OF INCENTIVES.

Sheriff Funk explained that NOVA is the program used to teach the 5<sup>th</sup> graders in elementary schools in Emery County about avoiding drug abuse, alcohol abuse, bullying, etc. The deputies who work with the students will be issuing a challenge to the students to spend a week away from all forms of media and get outside and play. The deputies would like to provide a prize or incentive to those students who can achieve this goal. In the past the prizes have been candy or stickers. The deputies feel that this is not a sufficient incentive. Sheriff Funk asked if the Commissioners could donate 200 free swim passes for the swimming pool to be used as incentives. He indicated that this could be profitable to the county as the student would probably come to the pool with a paying friend or family member. Commissioner Laurie Pitchforth stated that the NOVA program is a great program. However, the county has made it a policy to avoid giving out free pool passes. She suggested maybe spending time with the students. Make the incentive more meaningful. Leslie Bolinder suggested having a 2 hour NOVA night where the

students can swim for free during a specified time. The county has provided free swim time for the high school during graduation night. Commissioner Horrocks indicated he felt the 2 hours of free swim time was a better answer. Patsy Stoddard stated she sees nothing wrong with giving free swim passes for an incentive. Andy Urbanik, Castle County Radio offered a suggestion. Exchange advertising the Emery County Aquatic Center on the radio and in the EC Progress for 200 free swim passes which they will donate to the Sheriff to use as incentives. The Commissioners liked that idea. Commissioner JR Nelson made a motion to allow Castle Country Radio and Emery County Progress to work together to trade advertising the Aquatic Center for 200 pool passes. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

In other business, Commissioner JR Nelson discussed a request from Huntington City for the County to host an NRCS grant. 19 of the 29 counties in the state sponsor this type of grant. The grant is in the amount of \$215,000.00 and is for debris removal in Huntington Creek to mitigate damage to the culinary water lines in the canyon caused from the recent fires on Gentry. Commissioner Nelson indicated that the Commission is under pressure to sign the grant today as there is an urgency to the issue. Emery County will be required to do the work which will go towards the 25% match required. Huntington City and other entities and citizens are willing to help also. The grant has the possibility to go on into the future depending on funds NRCS has available. Commissioner Pitchforth stated that the County is under the gun to get this done by Friday while the funds are available. There is potential for future funds if we should have the need. The Commissioners thanked Ray Petersen who has led all the excursions up the canyon to view the damage caused from the flooding as a result of the fire. Commissioner JR Nelson made a motion to do the necessary work to get this underway and ratify in the next commission meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

COMMISSION/ELECTED OFFICIAL REPORTS*Commissioner Nelson*

Commissioner Nelson reported that the Library doing well on digital use. The fire ban was lifted on September 7, 2012.

He discussed a dilemma facing the cattle grazers on Gentry Mountain. Due to the recent fires grazing range was lost. Grazing cows have been wandering onto Forest Service property. This has been a big issue for the last ten days. The grazers have agreed to work harder to keep the cows off the FS property and the FS will be less aggressive with the grazers.

*Commissioner Pitchforth*

Commissioner Pitchforth asked Sheriff Funk for a report on the recent Identity Theft seminar. He indicated that the seminar was well attended. Identity theft has been a big issue lately. The only way to combat it is to stay informed. "If it sounds too good to be true, It usually is!" There is a link on the county website for more information.

Commissioner Pitchforth attended the first annual Senior Summit in Price. She received good information for people 55 and older that will help with all the red tape associated with getting older. They gave out booklets with much information to help maneuver through aging. Go to Utah.gov and request a book. They are free. Ferron Peach Days went well. She was especially impressed with the field of flags. She applauded Ferron City and the Sheriff's Department for their efforts.

*Commissioner Horrocks*

Commissioner Horrocks indicated that he participated as a veteran in the flag ceremony during Peach Days. He indicated that it was very moving and was great to see how many attended.

He attended the Uinta Basin Energy Summit in Vernal. They discussed the importance of the oil fields, gas fields and coal mines to the economy.

He attended Utah Association of Counties meeting where they discussed a military task force to help military families in the county.

Melon Days is this Saturday. He encouraged everyone to attend.

(2)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #1 ON BUCKHORN INFORMATION CENTER.**

Commissioner Jeff Horrocks explained that this is the first change order on the Buckhorn Information Center. The change order will result in a cost savings of \$17,143.04 on the project. The BLM requested changes to the tables and fencing and they will now supply those items. The project should be completed within the week. Commissioner JR Nelson made a motion to approve change order #1 on the Buckhorn Information Center. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(3)

**APPROVAL TO ADVERTISE FOR MID-TERM VACANCY FOR CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Castle Valley Special Service District has an opening for a board member. The seat was held by Tom Humphrey who recently passed away. Commissioner Laurie Pitchforth made a motion to advertise for a board member for CVSSD. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(4)

**DISCUSSION AND APPOINTMENT TO FRIENDS OF STATE PARKS BOARD OF DIRECTORS.**

The Friends of State Parks is a Board that is trying to restore funding for the state parks. This year the state parks took a \$2.5 million cut in their budgets. Five parks have been targeted for closure including Green River State Park. The Friends of State Parks Board has requested that Mike McCandless be appointed to their Board. Commissioner JR Nelson made a motion to appoint Mike McCandless to the Friends of State Parks Board. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

(5)

**DIXIE THOMPSON, DISCUSSION OF COUNTY OWNED SIDEWALKS.**

Dixie Thompson was present to discuss her concerns over the county owned sidewalk on Bott lane. There are a lot of people who use the sidewalk year round. During the winter the sidewalk has not been cleared of snow and there are tree branches that need to be trimmed. The Commissioners agreed that the sidewalk should be maintained year round. Road Supervisor Wayde Nielsen explained that snow removal was difficult for the road department on the sidewalk because they do not have any equipment small enough to fit through the area. It is also difficult to pull personnel off of snow removal to shovel sidewalks. Commissioner Laurie Pitchforth made a motion to look into the possibility of having a private contractor keep the sidewalk clear. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(6)

**VAL PAYNE, DISCUSSION AND APPROVAL OF CONCEPT TO PARTIALLY PRESERVE THE BUCKHORN WELL PUMP HOUSE/PUMP JACK.**

Val Payne brought before the Commission his concern that the Buckhorn Well Pump House was slated to be torn down. Mr. Payne feels that the building is a landmark and needs to be preserved. The building was developed in 1946 to serve ranchers who had cattle grazing in the area. The building was maintained by local ranchers until about 1980. Mr. Payne has sent an email to the BLM requesting a kiosk be built that would house the pump jack. The kiosk would be built so the pump could be viewed from the outside. The kiosk would be build from the materials taken from the pump house building. The kiosk would be in a fenced area to keep cattle out. Mr. Payne stated that the BLM did not prematurely demolish the building but stated they could not offer financial help for the project. Commissioner JR Nelson stated that the pump house did have historic validity and he would like to support the project. Commissioner Laurie Pitchforth and Commissioner Jeff Horrocks were both in favor of the project. Commissioner JR Nelson made a motion to approve the concept of partially preserving the Buckhorn well pump house. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

**CLOSURE OF 2011 BOARD OF EQUALIZATION.**

Clerk/Auditor Brenda Tuttle stated that the time for appealing your 2011 property tax valuation had passed and requested the Commission close Board of Equalization. Commissioner Laurie Pitchforth made a motion to close 2011 Board of Equalization. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF LOW INCOME, VETERAN, BLIND AND INDIGENT PROPERTY TAX ABATEMENTS.**

Clerk/Auditor Brenda Tuttle presented the Commission with a list of applicants that have applied for property tax abatements. There are four types of abatements: veteran, blind, low income and indigent. To qualify for the veteran abatement the applicant must be certified disabled by the Veteran's Administration. They issue disabilities ranging from 10-100 percent. To qualify for a blind abatement the applicant must be certified legally blind by an optometrist and is for up to \$11,500 of taxable value. The low income abatement is based on income. The applicant must be age 65 or a widow or widower and make under \$29,210. The State of Utah reimburses the county for the low income abatements. Commissioner JR Nelson made a motion to approve the low income, veteran and blind property tax abatements. The motion was seconded by Commissioner Laurie Pitchforth and approved by all members present.

The indigent property tax abatements are granted at the discretion of the Commission. The abatement can be up to 50% of the tax owing. The applicant must submit an application, letter from their physician and a letter showing hardship. The Commissioners decided to consider each application separately.

Ryan Cowley submitted an application. The taxes owing on his property are \$689.74 with a possible abatement of \$344.87. Commissioner Laurie Pitchforth made a motion to approve the abatement for Ryan Cowley in the amount of \$344.87. The motion was seconded by Commissioner JR Nelson and approved by all members present.

Vern Hinton submitted an application for abatement. The taxes owing are \$508.60 with a possible abatement of \$254.30. Commissioner JR Nelson was concerned with this application because the income amount of the letter and the income amount on the form do not match. Commissioner Laurie Pitchforth made a motion to request additional information before any abatement will be approved. The motion was seconded by Commissioner JR Nelson and approved by all members present.

Winston Palmer submitted an application. The taxes owing are \$417.94 with a possible

5

Commission Meeting

abatement of \$208.97. Commissioner Laurie Pitchforth made a motion to approve the abatement for Winston Palmer in the amount of \$208.97. The motion was seconded by Commissioner JR Nelson and approved by all members present.

(9)

**DISCUSSION & APPROVAL OF LETTER IN SUPPORT OF BLM ACTION TO REMOVE A BARRIER ON LOWER RANGE CREEK.**

Commissioner Laurie Pitchforth moved to table this item, motion was seconded by Commissioner JR Nelson and approved by all members present.

(10)

**CITIZEN CONCERNS.**

Citizen Bill Dellos stated that he had a concern with the Museum. He went there during the day to visit and it was closed. It was during regular business hours and there were also other people waiting outside to be let in. Commissioner JR Nelson stated that he had a meeting with the museum today where he would address the issue and get it resolved.

Citizen Phil Fauver brought up a concern about the Emery County Food Bank that there weren't any hours of operation listed as well as a lack of hours listed for drop off. Phil Fauver also commented on how nice the new building looks since completion.

(11)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Nelson*

Commissioner Nelson reported on a meeting with Castle Dale City. The City has acquired property to expand the fair park. The City has a plan to build a new pavilion with a permanent stage, dressing rooms and restrooms. Commissioner Nelson commended the City on their efforts to improve the land.

Ferron Peach Days was held on September 9<sup>th</sup> and 10<sup>th</sup>. There were a large number of activities and the event was successful.

Commissioner Nelson also reported that he and Commissioner Horrocks have spent a large amount of time in Green River working on the golf course issues and travel bureau items.

*Commissioner Horrocks*

Commission Meeting  
September 13, 2011

The Emery Special Service District #1 has completed the Little Wild Horse project. The Reeder Canyon project has also been started by Nielsen Construction. The project will pave the road up to the cattle guard at the entrance of the Reeder subdivision.

The Commissioners have been meeting with the legislative bodies and parks leadership to try and save Green River Golf Course. It is the hope of all the people involved in the process that those who have worked at the Millsite Golf Course to make it a profitable park will be able to turn Green River Golf Course into also making a profit.

A conference call was held this morning with Juan Palma from the Bureau of Land Management. Mr. Salazar and Mr. Abby are trying to put crown jewel designations but Mr. Palma stated he would not make any designations in Emery County at this time. Mr. Palma would like to see the County continue on with the lands bill and get it before legislators. Southeastern Utah Wilderness Alliance (SUWA) has issued a response to the land bill. They have a problem with most of the bill.

Sept 30<sup>th</sup> and Oct 1<sup>st</sup> the Back County Flyers will be flying into the Huntington Airport. Last year the event brought in over fifty aircraft and this year they are hoping for ninety. On Saturday, October 1<sup>st</sup> there will be an antique car show in the parking lot. There are also activities lined out for the pilots.

Melon Days will be held Sept 16<sup>th</sup> and 17<sup>th</sup> in Green River come out and support this event. A parade will be held on the 17<sup>th</sup> along with other activities.

Sept 21<sup>st</sup> the Emery County Business Chamber will hold a summit. The meetings will start at the San Rafael Museum and the break out sessions will be held at the courthouse.

October 8<sup>th</sup> there will be a steak fry at the San Rafael Museum at 6:00 p.m. This dinner is sponsored by the Republican party but everyone is invited to attend.

**JUSTIN NEEDLES, DISCUSSION OF COUNTY-WIDE BURN ORDINANCE.**

Justin Needles, Fire Warden of Emery and Carbon Counties, presented the option for an adopted county ordinance concerning burn guidelines. Mr. Needles has received several phone calls from local fire chiefs in regards to when open burn season is, what are the regulations, and concerns with what people are burning. Carbon County already has such guidelines in place and a copy was given to the commissioners. During a meeting held with the Fire District the county-wide ordinance was proposed with all members present in favor. The Fire District is made up of all of the fire chiefs from the local towns/cities, Commissioner Nelson, Commissioner Horrocks, and Gayland Dugmore, who is the at large member. The ordinance would also help the Emery County Sheriff's Office better enforce burn restrictions when there is reckless burning and burning of garbage.

Part of the ordinance would be that during the off season, citizens who wish to burn will contact Justin Needles directly to issue an off season permit. The permit number would then be called into the Emery County Sheriff's Office. The citizen with the permit would contact the sheriff's office and notify them that they would be burning. This would allow the sheriff's office to know where the controlled burns are. This will keep false alarms with the fire department down and save the county money in avoiding them. Sheriff Funk had concerns about the additional work for dispatch that the calls would create.

The open burn season is from November 1<sup>st</sup>- May 1<sup>st</sup>, during that time each city/town will designate their own burn seasons. Commissioner Horrocks stated that Emery County would need to formulate an ordinance to be presented through County Attorney Blackwell. The ordinance will be presented in the next COG (Council of Government) Meeting and Fire District Meeting. Commissioner Nelson stated that each city would need to be contacted, given an idea of the burn ordinance, and receive their input.

The next COG Meeting will be Held Dec 6<sup>th</sup> at 6:00 PM and the next Fire District Meeting will be held Nov 14<sup>th</sup>.

(3)

**CONSIDERATION AND APPROVAL OF 2011 BOARD OF EQUALIZATION CHANGES.**

County Assessor Kris Bell presented the Board of Equalization changes. Listed were the qualified participants names, serial number for their property, and the adjusted value.

Commissioner Nelson made a motion to accept BOE changes, seconded by Commissioner Pitchforth and approved.

(4)

**CONSIDERATION AND APPROVAL OF TAX ABATEMENT FOR WACO RANDALL, GRACE HUMPHREY, AND FAYE SWEAT.**

The abatements were presented by Clerk/Auditor Brenda Tuttle. Two of the abatements were circuit breaker, which are reimbursed by the state. The other is a veterans abatement.

Motion to approve was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved by all.

(5)

**CONSIDERATION AND APPROVAL OF REDUCED AMBULANCE BILL AND ACCEPT PROPOSED PAYMENT IN FULL FOR ENRIQUE RODRIGUEZ, HUMBERTO CARRILLO AND HECTOR HERNANDEZ.**

To the understanding of the board, these individual are now in Mexico; so if these offers are not accepted then the county will not be paid. The following amounts were proposed through the individual's attorney: \$348.00 for Humberto Carrillo, \$532.00 for Hector Hernandez, and \$351.75 for Enrique Rodriguez. Commissioner Horrocks also stated that for the record, St. Mary's Hospital reduced their bill to 25% of the original cost and their attorney is requesting that we do the same.

A motion to accept as listed by attorney was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

(6)

**DISCUSSION AND RATIFICATION OF \$50.00 PER DIEM FOR PLANNING COMMISSION MEMBERS BASED ON NECESSARY AND REASONABLE EXPENSES AND ACTUAL ATTENDANCE AT MEETINGS PER COUNTY ORDINANCE.**

The planning commission members have been receiving a \$50.00 per diem for each meeting that they attend. They travel to Green River and are not reimbursed for mileage, so this per diem covers fuel costs and any other necessary expenses that they may incur. There has been some misunderstanding about this per diem in that some have called it a stipend which is not allowed. The per diem is only available to volunteer members of the board. Elected officials or county employees are not eligible for said per diem.

Commissioner Nelson made a motion to ratify and establish per diem an actual cost of expenses which would be mileage that these board members incur to attend their meetings and the price of the \$50.00 per diem with the exception that they have to be present to receive. This was seconded by Commissioner Pitchforth and approved.

(7)

**DISCUSSION AND CONSIDERATION OF COUNTY ORDINANCE FOR NO SEPTIC TANKS WITHIN 300 FT. OF CITIES/TOWNS. APPROVAL AND SUBSEQUENT ACTION.**

This is a planning & zoning matter that needs to be worked out with the Emery County Special Service District before being presented to the Emery County Commissioners. Therefore Commissioner Pitchforth motioned to table this item, the motion was seconded by Commissioner Nelson and approved.

(8)

**CONSIDERATION AND APPROVAL OF TRAVEL BUREAU BYLAWS.**

The Travel Bureau met at the direction of the County Commissioners and submitted their recommendations on a policy to County Attorney Blackwell on a Travel Bureau Policy who made sure it complied with the state laws.

Motion was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(9)

**CONSIDERATION AND APPROVAL OF TRAILS COMMITTEE BYLAWS.**

The Trails Committee met at the direction of the County Commissioners and submitted their recommendations on a policy to County Attorney Blackwell on a Trails Committee Policy who made sure it complied with the state laws.

Motion was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(10)

**SETTING OF BUDGET WORK SESSION.**

The following will be times for the department heads and elected officials to meet with Clerk/Auditor Brenda Tuttle and the Emery County Commissioners to discuss next years budget: October 5<sup>th</sup> at 9:00 AM, October 11<sup>th</sup> starting at 2:00 PM, October 13<sup>th</sup> 9:00-11:00 AM, October 17<sup>th</sup> 9:00-11:00 AM, October 19<sup>th</sup> 9:00-11:00 AM, October 24<sup>th</sup> starting at 11:00 AM.

(11)

**CITIZEN CONCERNS.**

Lynn Hendersen spoke of her concern on the lack of speed limit signs on the road going south leaving Lawrence. She has called the Emery County Sheriff's Office several times complaining about the speeds being traveled as well as contacting the Emery County School District about the Lawrence school bus speeding. Commissioner Horrocks stated that he would contact Steve Kemple, Sign Foreman for Emery County, and instruct him to visit the area and see what could be done, if anything, to keep Emery County in compliance with Utah State Law.

(12)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Thanked Tina Carter form Travel Bureau for the efforts she made to set up a booth at the Utah State Fair. Commissioner Pitchforth stated this is a commitment that she had made last year and was only able to fulfill because of the hard work from Mrs. Carter.

6

Commission Meeting  
September 27, 2011

*Commissioner Nelson*

Attend a UAC (Utah Association of Counties) meeting where two important issues were discussed. First RS2477 right of ways where our interest is different from the State of Utah. Emery County is claiming rights to six roads where as other counties and UAC are fighting for rights to all roads. Second issue was a discussion with Senator Mike Lee. Senator Lee did give a commitment to help the county getting the Public Lands Use Bill passed through the state.

*Commissioner Horrocks*

All three commissioners received a print out from Mike McCandless on the Bear (Business Expansion and Retention) Program. Commissioner Horrocks stated that everything appears to be going well.

Wednesday September 21<sup>st</sup>, the commissioners attended the Economic Summit Meeting where a speaker from the Blue Castle Group put on a presentation and answered questions about the nuclear power plant that they are trying to secure permits to build in Green River. The conference was well attended with people from several counties including Emery County, Carbon County, and Sevier County.

Commissioner Horrocks also spoke of a fall conference the commissioners attended where the subject of Medicare Reform and the cost deductions were presented by Senator Dan Liljenquist. Senator Liljenquist also spoke about ways to better serve the people of Utah while still saving money. Senator Liljenquist also spoke of the Beer Tax and how it could pay for treatment for those who have that addiction.

The State of Utah is being sued by Civil Liberty's Union for underpaying their public defenders. The reason for the lawsuit stated that indigents are not receiving ample care because defense attorneys are being pushed in the direction of plea bargains. One hope for the lawsuit would be that attorneys that actually take their client's case to the court room would be paid more than if the indigents are being entered into a plea bargain. How this effects Emery County would be if the law suit does pan out then there will be more money in the budget for County Attorney Blackwell.

**APPROVAL OF COMMISSION MEETING MINUTES DATED SEPTEMBER 27, 2011.**

#### Discussion Agenda

(1)

**ITEMS PULLED FROM THE CONSENT AGENDA.**

None

Motion to approve items from the consent agenda made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

(2)

**CONSIDERATION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING BETWEEN EMERY COUNTY AND USDA, FOREST SERVICE MANTI LA-SAL NATIONAL FOREST FOR COOPERATING AGENCY STATUS.**

Darren Olsen with the Forest Service presented the memorandum to the commissioners and explained that it was the same memorandum that has been approved in previous years but our old agreement expired in 2007 or 2008. This renewal will carry us through to December 31<sup>st</sup> 2016.

A motion to approve was made by Commissioner Pitchforth, Seconded by Commissioner Nelson and approved.

3

Commission Meeting  
October 11<sup>th</sup>, 2011

(3)

**APPOINTMENT TO CASTLE VALLEY SPECIAL SERVICE DISTRICT TO FILL A MID-TERM VACANCY.**

There were three applicants for this opening: Dixie Thompson, Dale Roper, and Kirt Rasmussen. When speaking to the Special Service District they expressed concern with Commissioner Horrocks that they would like to keep the board members evenly spaced throughout the county; therefore, they would like someone from the north end. All three commissioners agreed that all the applicants were very well qualified and public servants.

Commissioner Nelson made a motion to approve Kirt Rasmussen from the north end of the county, motion was seconded by Commissioner Pitchforth, and approved by all.

(4)

**RATIFICATION OF APPOINTMENT OF MARTIN WILSON TO SOUTHEASTERN UTAH DISTRICT HEALTH DEPARTMENT BOARD AND APPROVAL TO ADVERTISE FOR A NEW BOARD MEMBER REPRESENTING EMERY COUNTY.**

Martin Wilson has been a member of this board for several years and has served Emery County well. The Emery County Commissioners would like to ratify his position as board member. There is also an opening on the board for a non-medical member that Emery County would like to advertise for. Non-medical meaning that they can not work in the medical field.

A motion to ratify Martin Wilson as a member of the Board of Southeastern Utah District Health Department and advertise for a new board member was made by Commissioner Nelson, seconded by Commissioner Pitchforth, and approved.

(5)

**APPROVAL TO APPOINT SHARON EARL TO SERVE ON THE EMERY COUNTY COUNCIL OF AGING.**

This position was advertised for previously and there were not any applicants. Sharon Earl was then recruited for this position. Commissioner Pitchforth expressed appreciation towards Sharon Earl for her willingness to accept the position and stated that she knew Mrs. Earl would do a great job.

A motion to appoint Mrs. Earl was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

4

Commission Meeting  
October 11<sup>th</sup>, 2011

(6)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #2 FOR BUCKHORN INFORMATION CENTER.**

This is a change order for several issues at the Buckhorn Information Center. One of the items in the change order are the restrooms, they need to be raised at least 8 inches to avoid damage during heavy rain storms. The cost of the restroom change order will be \$6,692.00. Also a pedestrian pass through the wooden fence needs to be established, this will cost \$1500.00. The next item on the change order is for an air conditioning/heat unit protective cover. The cover will help protect the unit from the elements and vandalism at a cost of \$6,692.00. There also needs to be additional grounding rods at a cost of \$402.50, and additional conduit for camera wire with a cost of \$316.25. These changes will bring the full cost for the project up to \$182,280.90. This is still below the original bid of \$189,047.97.

A motion to accept change order #2 for the Buckhorn Information Center was made by Commissioner Pitchforth, seconded by Commissioner Nelson, and approved.

(7)

**CONSIDERATION AND APPROVAL OF ADDITIONAL BOE CHANGES.**

The time frame for BOE (Board of Equalization) has closed; therefore, these changes need to be approved by the commissioners.

These were segregations from Jethro Majors to Huntington Irrigation Company for 2.45 acres, and from Phil Jensen to Cleveland City for      acres. For 2011 Huntington Irrigation Company and Cleveland City will be exempt from what they received.

Commissioner Nelson made a motion to approve BOE changes, this was seconded by Commissioner Pitchforth and approved.

(8)

**CONSIDERATION AND APPROVAL OF 2012 ANNUAL OPERATING PLAN (MODIFICATION #2) FOR LAW ENFORCEMENT AGREEMENT #11-LE-110410000-004 BETWEEN EMERY COUNTY AND MANTI LA-SAL NATIONAL FOREST.**

This is for the renewal of an agreement between the Forest Service and Emery County. The agreement states that Emery County Sheriff's Office will help patrol the Manti La-Sal Forest on holidays, weekends, and after hours for disturbances. Sheriff Funk and the commissioner expressed concern with the way the money was distributed throughout the state and asked questions on how to make any changes. Darren Olsen, Forest Service Representative, stated that there is only so much money in the pot and it has been disbursed the same way since this started.

5

Commission Meeting  
October 11<sup>th</sup>, 2011

If the amount of money in that budget grows then there is a possibility of getting more money. Another option would be to speak to Forest Service Regional Office and express your concerns with the way the money is being distributed.

A motion to approve the modification was made by Commissioner Pitchforth, seconded by Commissioner Nelson, and approved by all.

(9)

**CONSIDERATION AND APPROVAL OF HUNTINGTON AIRPORT INSURANCE RENEWAL PROPOSAL.**

Mary Huntington, personnel director, presented this item. Mrs. Huntington stated that it was the same policy as last year. The only change was the cost. The premiums have been raised by \$113.00 which would bring the total to \$2388.00. There was also a chance to add terrorist coverage for the additional cost of \$239.00. Emery County's Insurance covers the airport its self. Leon Defriez, who leases the airport, carries insurance for everything else.

A motion to keep the same coverage as last year for a slight increase in premium was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

(10)

**CONSIDERATION AND APPROVAL OF NEW WATER CONNECTION FOR THE ROAD SHOP AND TRANSFER OF A WATER SHARE TO CASTLE DALE CITY.**

Commissioner Horrocks has spoken with the mayor and the only cost of this would be the (1) one culinary water share. The condition of the tank with the 3/4 inch supply line doesn't hold water. Wade Nielsen, Road Department Supervisor, requested to put in a 2 inch connection to maintain the road department equipment. This needs to be done before it snows and the plows put salt on the roads. Once that happens, they need to be able to wash off their equipment to keep it properly maintained.

A motion to approve was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(11)

**CONSIDERATION AN APPROVAL OF CIRCUIT BREAKER TAX ABATEMENT FOR CAROLYN WILCOX.**

Clerk/Auditor Brenda Tuttle stated that we can still be reimbursed from the state on the circuit breaker. This was turned in past the deadline and therefore needed approval from the commissioners. The adjustment would be \$410.80 for the home adjustment and \$106.00 for the

6

Commission Meeting  
October 11<sup>th</sup>, 2011

circuit breaker.

A motion to approve was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved by all.

**(12)**

**CITIZEN CONCERNS.**

Phil Fauver stated that Senator David Hinkins and Senator Mike Lee are showing concern with the Emery County Land Use Bill, and wanted to know if it was possible to address their concerns during a commission meeting. Emery County has previously sent out letters to both senators asking for their input and concerns. Commissioner Horrocks stated that Emery County would however send both senators a letter inviting them to a commission meeting to address their concerns with the Public Land Use Bill.

**(13)**

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Friday the 9<sup>th</sup> Commissioner Pitchforth attended a retirement party for Molly Scoville. Mrs. Scoville has worked for the Emery County Senior Center in Ferron for 37 years. Commissioner Pitchforth spoke of times that she has worked with all of the senior citizen centers and commended all of the workers there. She stated that they were all very dedicated and hard workers, and she appreciates everything that they do. Molly will be missed, and all of her hard work was greatly appreciated.

Friday October 14<sup>th</sup> is Festive Friday for the Extension Service starting at 12:00, lunch will be served.

*Commissioner Nelson*

Commissioner Nelson attended Local Board of Health Training and learned what they do. The most disturbing news Commissioner Nelson learned during this meeting was the number of citizens getting cancer in Monticello due to the uranium mill that were in that area from 1940's and closed in the 1960's.

Tonight there is a meeting at the Recreation Center in the town of Emery to address the closing of the Emery Post Office.

7

Commission Meeting  
October 11<sup>th</sup>, 2011

October 14<sup>th</sup> at the state capitol at 10:00 AM the Emery County Public Lands Administrator will be presenting the process Emery County went through for the Public Land Use Bill.

*Commissioner Horrocks*

Commissioner Horrocks has been working with Leon Defriez about the expansion of the air port. The proposed extension would be to add more hangars and a West to East runway to avoid the westerly winds in the evening.

Stated that he went to the weed and mosquito convention for two days in Park City and learned of all of the changes with the federal government and new regulations that will have a significant financial increase for the weed and mosquito department's budget to try to keep up with the new regulations and fees.

Commissioner Horrocks stated there is a need for a new city/county building for Green River. The current building has many issues and hasn't been properly maintained throughout the years. The current building needs a new air conditioner, the roof leaks and there are several other problems. Instead of dumping more money into the current building, it would be more practical to build a new city/county building. It would also bring all of the current county offices currently in Green River to one place, along with providing warehouse storage for county vehicles.

(13)

**CLOSED/EXECUTIVE SESSION TO DISCUSS ATTORNEY/CLIENT  
COMMUNICATIONS REGARDING LITIGATION OR OTHER MATTERS ALLOWED

**APPROVAL OF COMMISSION MEETING MINUTES DATED OCTOBER 11, 2011.**

**Discussion Agenda**

(1)

**ITEMS PULLED FROM THE CONSENT AGENDA.**

Motion to approve consent agenda with the exception of 3D was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

A motion to table item 3D was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(2)

**ASPHALT ZIPPER-PRESENTATION AND DISCUSSION OF PROCESS FOR ROAD REPAIRS REUSING MATERIALS.**

Roger Comstock spoke of how the machinery repairs roads. It works in conjunction with the machinery that the road department currently owns and operates. Mr. Comstock also spoke of the different sizes and types of machinery throughout the brochure and what would work best with our current equipment. Commissioner Pitchforth asked about the possibility of Asphalt Zipper bringing down the 8 foot machine and giving Emery County a presentation on some of the county's different roads. Mr Comstock agreed. Mr. Comstock also spoke of how the financing would work and options for the county to consider. Commissioner Horrocks asked about the warranty and the durability of the equipment/teeth. Mr. Comstock stated that the engine had a 2 year 2000 hour warranty, 1 year warranty on the clutch, and 1 year warranty on the gear box. All commissioner present stated they would like to see the presentation and decide further at that time.

(3)

**OPEN AND READ ALOUD SEALED PROPOSALS FOR EMERY COUNTY LEGAL DEFENDER SERVICES AND/OR CONFLICT COUNSEL. CONSIDERATION AND APPROVAL OF LEGAL DEFENDER AGREEMENT.**

Three proposals were presented to the Commission:

- David M and McKette Allred bid \$4,800.00 per month or conflict only at \$3,000.00 per month.
- Mark Tanner and Associate bid \$5,500.00 per month or conflict only at \$2,500.00 per month.
- Oliver and Sitterud bid \$4,100.00 per month or conflict only at \$ 2,300.00 per month.

After the bids were read aloud each of the parties were allowed additional comments to the commission.

Mr. and Mrs. Allred stated that experience was a very important asset that each of them could offer as well as already having built a relationship with the law enforcement agencies and court personnel. Mrs. Allred spoke of the experience she has to offer with family cases which would prove valuable to Emery County. In 2009 Mrs. Allred was awarded the Parental Defense Attorney of the Year Award. Mrs. Allred also stated that she would like to point out that the ACLU (American Civil Liberties Union) has filed lawsuits with several counties because their public defenders were inexperienced. Emery County was not included because they have had public defenders with experience. Mr. Allred stated that in all of his years of public defending he has not received any bar complaints.

Mr. Tanner also spoke of the importance of experience and stated that he would recognize the Allred bid and stated that having experienced attorneys would be worth the extra cost. Mr. Tanner also stated that his conflict bid was only \$200.00 more than the lowest bid. Mr. Tanner also stated that one major contribution he makes is being fluent in Spanish. Therefore, Emery County would avoid the extra time and expense it would take to find an interpreter during regular interactions with their attorney. If Mr. Tanner's bid was accepted for the conflict counsel bid he would also be willing to help with the defender services' Spanish speaking defendants at no extra cost.

Mr. Oliver and Mr. Sitterud spoke of the benefits of youth to their advantage as well as their education, background, and experiences they have had since coming back and working in Carbon and Emery Counties. Mr. Sitterud Stated that he was not interested in having a defendant let off or avoiding their punishment if they were guilty, but has more of an interest of upholding the defendants constitutional rights during the defense process.

(4)

**CONSIDERATION AND APPROVAL OF GRANT APPLICATION FOR E911 EQUIPMENT.**

Bret Mills presented the proposed grant to the commissioners and stated that Emery County's current E911 Equipment is out of date. With this grant most counties our size receive 100-90% of the requested amount. The fund to receive new equipment comes through tax on phone bills of which 40% is paid to the state, and the state divides it to the counties. This is not enough to cover the cost of the full amount, but it would cover the 10% if we have to pay that without completely depleting the fund.

A motion to approve the E911 Grant was made by Commissioner Pitchforth, Seconded by Commissioner Nelson, and approved by all.

4

Commission Meeting  
October 25<sup>th</sup>, 2011

(5)

**CONSIDERATION AND APPROVAL OF TENTATIVE BUDGET FOR FY2012 FOR EMERY COUNTY AND CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Clerk Auditor Brenda Tuttle presented Emery County's tentative budget and stated that budget meetings were still ongoing. Revenue is up \$300,000.00 and overall the rest stays unchanged. There is a large difference in 2010 actual because the mineral lease revenues. The commission has decided to not spend until the funds are actually received. There is not a cost of living increase in the budget. That decision comes down to the commissioners. Clerk/Auditor Tuttle presented a list of 2010's actual amount, 2011's budget and 2012's tentative budget.

Commissioner Nelson made a motion to approve the 2012 tentative budget, it was then seconded by Commissioner Pitchforth and approved.

Jacob Sharp presented the budget for the Castle Valley Special Service District. Mr. Sharp stated that the CVSSD has three budgets: the General Fund, Debt Service Fund, and Capital Project Fund. Mr. Sharp stated that for 2011 CVSSD was up on revenue by \$40,000.00. Down a little bit on mineral lease and interest income. Expenditures would read the same as last year with the exception of \$50,000.00 to road maintenance and chip seal projects. There is not a cost of living increase showing on the CVSSD budget, but the board is showing interest on adding that depending on the outcome with the commissioners. The Debt Services Funds pay for the yearly projects, yearly CIB (Community Impact Board) costs, and a public market bond with Zions Bank. The Capital Project Funds pay for the projects requested by each of the cities such as: street, curb and gutter, garbage, sewer and water.

Commissioner Nelson made a motion to approve CVSSD 2012 budget, which was seconded by Commissioner Pitchforth and approved.

(6)

**CITIZEN CONCERNS.**

Wade Nielsen, Road Department Supervisor, stated that he would like to update all of the Road Department's cell phones and change carriers from Nextel to Verizon with the exception of one. The Road Department's phones are out of date and the carrier Nextel does not work very well in Emery County with the exception of Emery Town.

(7)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Commissioner Nelson, Commissioner Pitchforth, and Ray Petersen, Emery County Public Lands Administrator, attended the Constitution Defense Meeting. Commissioner Nelson made the introductions and Mr. Petersen then conducted a presentation on Emery County's Public Land Use

Bill. House Representative Mike was not in approval of the land use bill and was upset with the fact that Senator Mike Lee has stated that Emery County does not need state support to present the bill in Washington D.C. Representative Noel stated that without the approval of the State of Utah he would not support the bill. Commissioner Pitchforth stated that in her opinion our best option would be to stop waiting for the states approval and move forward with Emery County's Public Lands Use Bill.

Commissioner Pitchforth stated that she attended the Emery County Sheriff's Office shooting re-qualifications and thanked Sheriff Funk for inviting her to attend. She had lunch there with the sheriff's office and enjoyed witnessing the re-qualification process.

Emery County is hosting the CCP (Castle County Partners) on Thursday October 27, 2011 at 9:00 A.M. The meeting will be held in the Ferron Care Center multi-purpose room. Lunch will be served, followed by either enjoying a game of golf at the Millsite Golf Course or attending a tour of the back 9 holes. One hope of the tour and golfing experience would be to have the individuals come back and spend time and money in Emery County.

#### *Commissioner Nelson*

Commissioner Nelson also spoke of the Constitution Defense Meeting and stated that he was surprised by the amount of control Representative Noel would like over the Emery County Public Lands Use Bill.

Commissioner Nelson also stated that on a personal note he would like to commend the Emery County Sheriff's Office on all of their hard work. He recently had a break in, and in a routine inspection of an abandoned vehicle, they may have caught the perpetrator.

Stated that he has had a real education in budget through this year's budget meetings.

#### *Commissioner Horrocks*

Spoke of a recent meeting he had with Leon Defriez at the Emery County Airport where the two of them have come up with a five year master plan to make the airport more of a draw for pilots to use.

Commissioner Horrocks also attended a meeting for the Association of Governments, where the discussion turned to the Federal Money Budget and the projects it may affect if the budget isn't presented timely. Carbon and Emery Counties are speaking with state senators and representatives trying to get help pushing through a Federal Money Budget.

Commissioner Horrocks spent some time with the Local Government Trust who provides part of Emery County's insurance, they are functioning very well. The Local Government Trust is going out and presenting bids for services. The Local Government Trust also put on a tailgate party for

6

Commission Meeting

October 25<sup>th</sup>, 2011

the employees of Emery County.

Commissioner Horrocks also stated that he is looking forward to attending the CCP (Castle County Partners) Conference on Thursday.

Commissioner Horrocks attending a Western Energy Alliance meeting where the energy producing companies put on a dinner and invite elected officials to present the ideas and projects of WEA for the near future and long term.

November 15, 2011

## **Discussion Agenda**

(1)

### **ITEMS PULLED FROM THE CONSENT AGENDA.**

None

Motion to approve consent agenda was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(2)

### **APPOINTMENT TO SOUTHEASTERN UTAH HEALTH DEPARTMENT BOARD.**

This is a position for a non-medical professional. One application was turned in. The applicant, Kathy Kearney Reaves was previously a nurse at the health department. Ms. Reaves is no longer employed in the medical field; she should be eligible for the board member position.

A motion to approve with the understanding that Ms. Reaves previous employment may pose an issue was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

(3)

### **APPROVAL TO ADVERTISE FOR MID-TERM VACANCY ON EMERY COUNTY CARE AND REHABILITATION BOARD OF DIRECTORS.**

This position was previously held by Tom Humphrey of Orangeville who has passed away.

A motion to advertise for the mid-term vacancy was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved by all members present.

(4)

### **APPROVAL OF RESOLUTION OF APPOINTMENT OF AN EMERY COUNTY REPRESENTATIVE AND AN ALTERNATE REPRESENTATIVE FOR THE UTAH COUNTIES INSURANCE POOL ANNUAL MEMBERSHIP MEETING.**

In the past Personnel Director, Mary Huntington has been the Emery County Representative with County Attorney, Dave Blackwell as the alternate.

A motion to reappoint Mary Huntington as the representative with David Blackwell as the alternate was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

(5)

### **DISCUSSION OF COUNTY GIFT FOR UAC ANNUAL CONVENTION.**

The gift of a nativity scene has already been arranged for by County Assessor Kris Bell.

(6)

**APPROVAL OF CORRECTED PROPERTY VALUE (COMMISSION ADJUSTMENT)  
ON 01-0013-0036/MICHAEL D. OLSEN.**

There was a computer error when inputting the value for Michael D. Olsen, therefore an adjustment needs to be made to correct the value.

A motion to approve the corrected value was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(7)

**CONSIDERATION AND APPROVAL OF PROPERTY TAX ABATEMENT,  
(COMMISSION ADJUSTMENT) FOR MARY ANN RIZZUTO.**

Clerk/Auditor Brenda Tuttle addressed the commission stating that this application was turned in on time but information was disclosed to the clerk/auditor's office that this home was no longer her primary residence. The home at the time was up for sale and appeared vacant which resulted in Ms. Rizzuto being ineligible for the abatement. Ms. Rizzuto has turned in letters from neighbors stating that she holds her primary residence in Huntington. Ms. Rizzuto was staying in Price to help take care of her mother who has since passed away.

A motion to approve the abatement for Mary Ann Rizzuto was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

**APPROVAL OF COMMISSION MEETING MINUTES DATED NOVEMBER 8, 2011.**

**Discussion Agenda**

(1)

**ITEMS PULLED FROM THE CONSENT AGENDA.**

None

Motion to approve consent agenda was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(2)

**PUBLIC HEARING: To invite and receive public comment with respect to the issuance of taxable general obligation bonds and water revenue bonds (collectively, the “bonds”) and the economic impact that the issuance of the bonds will have on the private sector. The bonds to be issued in the aggregate principle amount of not to exceed \$400,000, and another \$400,000, respectively, issued for the purpose of (i) financing the costs of constructing water system improvements, including water meters, and related improvements and (ii) paying the costs of issuance of the bonds.**

A motion to open the public hearing was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved

Jacob Sharp, Director of Castle Valley Special Service District, explained that these funds are to install electric water meter monitors in all of the cities/towns in Emery County. The electric monitors will help with leak detection therefore promoting water conservation, worker safety, and efficiency. CVSSD contacted the CIB (Community Impact Board) about a grant and were denied because of the type of project. The approval of bonds went through a public hearing in June at the CVSSD meeting and all of the town/city mayors were in approval. There will be two bonds: one which will be paid back through the debt service tax, the other will result in a \$1.00 monthly increase for city water bills.

A motion to close the public hearing was made by Commissioner Nelson, seconded by Commissioner Horrocks and approved.

(3)

**CONSIDERATION AND APPROVAL OF RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH ACTING AS THE GOVERNING AUTHORITY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH (THE ISSUER) AUTHORIZE THE ISSUERS' \$381,000 GENERAL OBLIGATION BONDS, SERIES 2012 (THE SERIES 2012 BONDS) FOR WATER SYSTEM IMPROVEMENTS, INCLUDING WATER METERS AND RELATED IMPROVEMENTS; AUTHORIZING THE TAKING OF ALL OTHER ACTIONS NECESSARY FOR THE CONSUMMATION OF THE TRANSACTIONS CONTEMPLATED BY THIS RESOLUTION; AND RELATED MATTERS.**

A motion to approve resolution 11-22-11A was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(4)

**CONSIDERATION AND APPROVAL OF RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH ACTING AS THE GOVERNING AUTHORITY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH AUTHORIZING THE \$382,000 TAXABLE WATER REVENUE BONDS, SERIES 2012 OF THE DISTRICT, TO FINANCE WATER SYSTEM IMPROVEMENTS AND RELATED IMPROVEMENTS.**

A motion to approve resolution 11-22-11B was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved by all.

(5)

**CONSIDERATION AND APPROVAL OF ADVERTISING FOR BOARD MEMBER ON EMERY COUNTY ADVISORY COUNCIL ON AGING REPRESENTING FERRON, EMERY, AND CLAWSON AREA.**

Aleen Riley stepped down from this position. Commissioner Pitchforth stated that Mrs. Riley has served on the board for many years, and all of her work is greatly appreciated.

A motion to approve advertising was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

(6)

**CONSIDERATION AND APPROVAL OF CUSTODIAL AGREEMENT FOR LOAN AND USE OF FEDERAL EXCESS PERSONAL PROPERTY.**

This is an agreement between the Division of Forestry, Fire and State Lands. County Attorney Blackwell has read the agreement and stated it was a yearly contract being renewed.

A motion to approve was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

4

Commission Meeting  
November 22, 2011

(7)

**UTAH LOCAL GOVERNMENTS TRUST, PRESENTATION, OVERVIEW, AND QUESTION/ANSWER FOR PROPERTY AND CASUALTY INSURANCE COVERAGE PROPOSAL FOR FY2012.**

A presentation was given by Josh McKell and Ryan Hatch. There were comparisons between Emery County's current coverage as well as updates to the policy recommended by the Utah Local Governments Trust. There is a three year guarantee on the rate and there is not a time contract. For further details see attachment.

(8)

**CONSIDERATION AND APPROVAL OF RESOLUTION APPROVING THE AMENDED AND RESTATED AGREEMENT FOR JOINT MENTAL HEALTH SERVICES AND JOINT SUBSTANCE ABUSE SERVICES BETWEEN EMERY COUNTY AND FOUR CORNERS COMMUNITY BEHAVIORAL HEALTH, INC.; AUTHORIZING THE TAKING OF ALL OTHER ACTIONS NECESSARY TO THE CONSUMMATION AND IMPLEMENTATION OF SAID AGREEMENT, AND RELATED MATTERS.**

This is a renewal of previous contracts that states Four Corners Community Behavioral Health Inc. will be the provider for mental health services in Emery County. This is a 10 year agreement backdated to 2010 and valid until 2020. This is a statutory agreement and currently FCCBH is the only provider in Emery County.

A motion to approve resolution 11-22-11C was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF SOFTWARE LICENSE AGREEMENT BETWEEN FATPOT TECHNOLOGIES, LLC AND EMERY COUNTY SHERIFF DEPARTMENT.**

The software will allow the officers to input tickets, accident reports, etc. directly into the database and will remove the need for them to write them out at the scene and bring them back to the office for input. There is a cost of \$95,000.00 for initial installation and a \$20,000.00 monthly maintenance fee. The monthly maintenance fee would be the same as what is currently being paid by the sheriff department for less software.

A motion to approve was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(10)

**CONSIDERATION AND APPROVAL OF CELL PHONE UPGRADE AND NEW PROVIDER FOR THE ROAD DEPARTMENT.**

The current provider for the Road Department is Nextel which provides seven phones. The phones are outdated and Nextel does not work well in Emery County with the exception of Emery Town. The Road Department would like to keep one Nextel phone for their worker from Emery and get four phones from Verizon Wireless.

A motion to approve was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(11)

**CITIZEN CONCERNS.**

Alfred Oliver spoke of his family heritage in Emery County, then spoke of his disagreement with the decision for the public defender.

Val Payne stated that he was concerned with the BLM (Bureau of Land Management) mine closure process. Commissioner Nelson stated that he wasn't the only citizen concerned with this and it is being looked at.

Jodi Christensen spoke on behalf of the Green River Conservation District about the delineator poles on North Long Street. The poles make it hard for farm equipment and traffic to pass. Commissioner Horrocks stated that he would contact the road department and see what could be done about this while maintaining code.

(12)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Commissioner Pitchforth spoke of attending UAC (Utah Association of Counties) and stated that it was very informative. There were many impromptu meetings that were very beneficial as well as a lunch with Governor Gary Herbert.

*Commissioner Nelson*

Commissioner Nelson spoke of attending the UAC training and feels that it is very important to help the officials keep up on current policies and recommendations.

6

Commission Meeting

November 22, 2011

*Commissioner Horrocks*

Attended a tourism meeting where they discussed TRT (Transient Room Tax) and TRCC (Tourism Recreation Cultural Convention) tax.

Commissioner Horrocks spoke of a meeting attended with Representative Jason Chaffetz on November 10<sup>th</sup>, where they discussed mineral lease funds. Representative Chaffetz was very receptive to the Comments of both Emery and Carbon Counties.

Commissioner Horrocks also spoke of attending the UAC training stating it was an informative conference that was well attended.

(13)

COUNTY SHERIFF'S OFFICE AND MANTI LA-SAL NATIONAL FOREST.**

This modification is to carryover \$1,261.00 from 2011 to 2012 bringing the FY2012 total to \$8,138.00. The agreement is for the Emery County Sheriff's Office to help patrol the Manti La-Sal National Forest on holidays, weekends, and as needed.

A motion to approve was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

4

Commission Meeting  
December 6, 2011

(6)

**APPOINTMENT TO FILL UNEXPIRED TERM ON THE EMERY COUNTY CARE AND REHABILITATION BOARD.**

This position was previously held by Tom Humphrey who has passed away. The term will expire in 2015. One application was turned in for this position by Carol Ware of Orangeville.

A motion to appoint Carol Ware to the board was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved.

(7)

**CITIZEN CONCERNS**

Brenda Tuttle, Emery County Clerk/Auditor, addressed the commission about two ambulance claims, to be acted upon individually and ratified in the next commission meeting. Chang Lee's original bill was \$2,275.00 and professional collections mediator is requesting that we settle the bill for \$1,000.00. Mr. Lee lives in Korea so Clerk/Auditor Tuttle advised that any amount we could get would be better than nothing. A motion to accept the amount of \$1,000.00 was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved. The second case has not been sent to collections and is for the amount of \$3,275.00. Alexandria Barker has requested a reduction to 20% of the charges. A letter of explanation and a tax return were included. A motion to accept the offer for Mrs. Barker to pay 20% was made by Commissioner Nelson, seconded by Commissioner Pitchforth and approved.

Tina Carter, from the Travel Bureau, addressed the commissioner about a letter of approval to use byway funds to complete a trail from Huntington Reservoir into Huntington City. The travel bureau will also be applying for a grant as well as Huntington City contributing to the project. Mrs. Carter's request will need to be ratified in the next commission meeting. A motion to approve was made by Commissioner Pitchforth, seconded by Commissioner Nelson and approved by all members present.

Douglas Taylor spoke to the commission about receiving funds for damages he claims his property received from the Emery County Road Department during snow removal. Commissioner Horrocks stated that he would like to meet with the other commissioners and the county attorney to draw up an agreement to present to Mr. Taylor.

Commission Meeting  
December 6, 2011

(8)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*Commissioner Pitchforth*

Stated that Senior Citizen Christmas Party will be held December 8<sup>th</sup>, at the Museum of the San Rafael beginning at 6:00 p.m.

Commissioner Pitchforth also spoke of visiting the Emery County Food Bank and stated that the number of people needing help this holiday season was up from around 30 people, from previous years, to over 150 people and the food bank ran out of turkeys. Commissioner Pitchforth encourages those who can to donate to the food bank to help those in need.

*Commissioner Nelson*

Attended the Water Summit and learned a great deal about the Emery Water Conservancy District and is very impressed with the time and resources that go into water conservation.

Commissioner Nelson also spoke of attending the Castle County Partnership in Moab. While attending Commissioner Nelson learned about new interesting ways Moab was using nature, and how they sell themselves.

*Commissioner Horrocks*

Thanked Green River City for their presentation and deferred further comment until next commission meeting.

(9)

**CLOSED/EXECUTIVE SESSION TO DISCUSS ATTORNEY/CLIENT  
COMMUNICATIONS REGARDING LITIGATION OR OTHER MATTERS ALLOWED  
BY LAW.**

No Executive Session was needed.

**APPROVAL OF COMMISSION MINUTES DATED DECEMBER 6, 2011**

Commissioner Laurie Pitchforth made a motion to approve the consent agenda with the exception of 2(a). The motion was seconded by Commissioner JR Nelson and approved by all members present.

(1)

**ITEMS PULLED FROM THE CONSENT AGENDA.**

2(a) Approval to allow all employees \$100.00 discount towards the purchase of an Aquatic Center annual pass.

Commissioner Nelson wanted clarification on this item. This is a non-monetary offering. The annual pass would help improve health of county employees and would in the end be a benefit to

the county's health insurance premiums. The discount would be allowed for a family or individual annual pass but would not be good for a quarterly pass. With the clarification Commissioner Nelson made a motion to approve item 2(a). The motion was seconded by Commissioner Pitchforth and approved by all members present.

(2)

**APPOINTMENT OF TRACY URIE AND JACKIE ALLRED FOR A SECOND TERM ON THE EMERY COUNTY LIBRARY BOARD EFFECTIVE 01/01/2012.**

Tracy Urie and Jackie Allred are currently serving on the library board. The Board is very effective and functions well. Commissioner Nelson made a motion to reappoint Tracy Urie and Jackie Allred to the library board. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(3)

**CONSIDERATION AND APPROVAL OF FIFTH AMENDED INTERLOCAL AGREEMENT WITH UTAH COUNTIES INDEMNITY POOL.**

Attorney David Blackwell explained to the Commission that one word has been changed in the name of this organization. It was formerly called Utah Counties Insurance Pool and has been changed to Utah Counties Indemnity Pool. This change was made so that the impression was not given that they were an insurance company. Attorney Blackwell has reviewed the agreement. Commissioner Nelson made a motion to approve the agreement. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF RESOLUTION APPROVING AND AUTHORIZING THE EXECUTION OF A FIFTH AMENDED INTERLOCAL AGREEMENT WITH OTHER MEMBERS OF UTAH COUNTIES INDEMNITY POOL, RELATING TO THE ESTABLISHMENT, FUNDING AND OPERATION OF THE UTAH COUNTIES INDEMNITY POOL.**

This resolution is in conjunction with agenda item #3 and changing the name of Utah Counties Indemnity Pool. Commissioner Nelson made a motion to approve Resolution 12-20-11A authorizing this agreement. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(5)

**DISCUSSION OF CRANDALL CANYON MONUMENT LAND EXCHANGE AND DECISION REGARDING INDEMNIFICATION CLAUSE.**

(6)

**DISCUSSION AND CONSIDERATION OF APPROVAL OF CONTRACT WITH MARILYN COLLARD TO TEACH A LIFEGUARD CERTIFICATION CLASS OR OTHER OPTIONS.**

An annual life guard class had taught by Marilyn Collard in the past. Personnel Director Mary Huntington explained that Marilyn is a part-time employee who can only work 19 3/4 hours per week. She is the only one certified to teach the life guard class and if it is in the normal course of her work she would be over the hours allotted. We have in the past contracted with her to teach the class for \$500.00. Commissioner Pitchforth made a motion to approve the contract with Marilyn Collard. The motion was seconded by Commissioner Nelson and approved by all members present.

(7)

**PRESENTATION OF UTAH NATIONAL GUARD COMMUNITY COVENANT PROGRAM AND DISCUSSION OF ACTIVITY IN EMERY COUNTY.**

Chaplain David Jones was present with Staff member Durfee to present a video and discuss with the Commission the Utah National Guard Community Covenant Program. This program was started nationally in 2008 and in Utah in 2009. The program forges a formal relationship with communities. It is often geared toward Cities but is also beneficial for Counties to join in. The program goals include:

- \*Adopting a resolution
- \*Creating a group
- \*Having a community signing event
- \*Appoint a military liaison
- \*Having a home support program

Chaplain Jones stated the first step for the County would be to adopt a resolution. Chaplain Jones will be the point of contact if the military is wanted to come to any events in the County.

(8)

**6:00 P.M. PUBLIC HEARING - TO RECEIVE PUBLIC INPUT ON THE OPENING AND AMENDING OF THE 2011 BUDGETS FOR THE EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS, LOCAL BUILDING AUTHORITY, AND CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Clerk/Auditor Brenda Tuttle presented the Commission with the amended budget for 2011. The amended budget is usually higher than the coming budget year due to the budgeting of mineral lease monies after they are received and spending them the following year.

Jacob Sharp, Castle Valley Special Service District Manager, presented the Commission with the amended budgets for 2011. A few projects were carried over from last year and some will carry over into next year.

(9)

**6:00 P.M. PUBLIC HEARING - TO RECEIVE PUBLIC INPUT ON 2012 BUDGETS FOR EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS, LOCAL BUILDING AUTHORITY, AND CASTLE VALLEY SPECIAL SERVICE DISTRICT, INCLUDING A 3% COST OF LIVING INCREASE FOR COUNTY EMPLOYEES AND ELECTED OFFICIALS EXCLUDING COMMISSIONERS.**

Clerk/Auditor Brenda Tuttle presented the Commission with the 2012 budget that had been prepared from the budget work meetings. The 2012 budget includes a 3 percent cost of living increase for regular county employees and elected officials excluding the Commission. The sheriff's deputies will receive a 6 percent increase.

Jacob Sharp presented Castle Valley Special Service District's 2012 budgets. Their budget also includes a 3 percent cost of living increase. The debt service payments are also decreasing the next couple of years for the District.

(10)

**CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING THE 2011 BUDGETS FOR EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS, LOCAL BUILDING AUTHORITY, AND CASTLE VALLEY SPECIAL SERVICE DISTRICT**

**DISCUSSION OF CLAIM FROM DOUG TAYLOR AND CONSIDERATION OF APPROVAL OF POSSIBLE SETTLEMENT.**

Commissioner Nelson made a motion to offer Doug Taylor \$250.00 for gravel and \$100.00 for the inconvenience of the situation provided Mr. Taylor sign a document releasing liability on this claim. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(13)

**CITIZEN CONCERNS.**

***Kristy Bingham*** - voiced concerns about issues at the aquatic center. Ms. Bingham was concerned that there was not a back up generator so that when the power goes off the pool would not cool down. She also informed the Commission that the handicapped door has not been working. Ms. Bingham also was concerned about the lack of supervision that she has observed at the center.

***Becky Johnson*** - informed the Commission that she brings three handicapped individuals to the pool every Tuesday and wished that there would be more life guards on duty.

***Janet Damron*** - voiced concerns about the temperature of the pool. There used to be about 30-40 people that came to aquasize and now there are not many that come because of the water temperature.

Commissioner Nelson will look into these issues that have been raised since that the aquatic center is one of his departments.

***Randall Stilson*** - voiced concerns on term limits for boards. Mr. Stilson also was concerned about the visiting booths at the jail. It is very difficult to hear. Sheriff Greg Funk stated that they are in negotiations to install a phone system so that you would be on a phone instead of talking through a wall.

***Personnel Issue*** - The Sheriff's office has been short a jailer. The next opening at post begins January 9<sup>th</sup>. The hiring process has been completed and Brent Ward has been selected to fill the position. Commissioner Pitchforth made a motion to approve hiring Brent Ward and ratify the selection in the next meeting. Commissioner Nelson seconded the motion and it was approved by all members present.

(14)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

**JR Nelson** - Commissioner Nelson has sat through many meetings on the RS2477 road issue and is much more comfortable with Emery County's position. There is now a cover on the tables at the San Rafael Museum.

**Laurie Pitchforth** - The Senior Citizen Christmas party was very successful and there was a good turnout. Commissioner Pitchforth thanked all those who made it work and for all those who helped serve.

**Jeff Horrocks** - The Association of Governments met on December 8, 2011 and there are a lot of concerns about funding cuts. Meals on Wheels is one area that could be hard hit. They will be working hard to try and curb the cuts. The Big Game RACK Board met on the 7<sup>th</sup> of December in Monticello. There is going to be an increase in the number of bear permits issued.

MINUTES OF THE REGULAR MEETING OF THE  
BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

January 3, 2012

Present at the meeting were Commission Chairman Jeff Horrocks, Commissioner JR Nelson, Commissioner Laurie Pitchforth, Clerk/Auditor Brenda Tuttle and other elected officials, and citizens.

**1. DISCUSSION WITH SITLA REPRESENTATIVES REGARDING LAND USE  
PROPOSAL AND RELATED MATTERS.**

Randy Johnson felt this meeting was important to get up to speed with SITLA and the progress of the County's land bill. John Andrews, Associate Director of SITLA was present at the meeting with his intern Matt Kirkegaard. Mr. Andrews asked what the time frame for presenting the lands bill to Congress was. Randy Johnson stated that the common goal is to present introduce something as early in the year as possible. Early could be defined as the later part as March and as late as August. Mr. Andrews discussed the process of exchanging SITLA lands. There are pending land exchanges in Grand and Uintah counties that were approved two years ago and are still waiting for appraisals to be completed. SITLA's proposal is to not appraise minerals but to agree on sharing mineral revenue that may be received. Mr. Andrews went through the formula for how most mineral revenue is distributed. The United States receives 12.5% of which 6.25% goes to the US Treasury and 6.25% goes to the State of Utah. The State of Utah then disburses their share through the Permanent Community Impact Funding Board and County road departments. SITLA leases are issued at 18.75% so there would be an additional 6.25% of revenue to disburse. Randy Johnson stated that SITLA trades need to be part of the land use bill so there is some economic benefit. Mr. Andrews will take a map of our proposal and figure out acreage and try to find other acreage that has an upside with more minerals. He will have is map ready for the next public lands meeting in February. It was suggested that a work meeting be set up prior to the public lands meeting.

This is a standard contract with Rocky Mountain Power. Commissioner Nelson made a motion to go with a non-refundable option at a cost of \$3,912.00. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(13)

**TYLER JEFFS, EMERY COUNTY BUSINESS CHAMBER, UPDATE AND DISCUSSION ON EMERY COUNTY BUSINESS CHAMBER ACTIVITIES AND GOALS.**

Tyler Jeffs reported on some of the activities that the Emery County Business Chamber has done in 2011:

- ◆ Establish an active board that has been recognized by the State.
- ◆ Hold lunch and learns every other month
- ◆ Economic Summit
- ◆ Visit local businesses on a regular basis
- ◆ Shop local campaign with prizes for those who shop local
- ◆ Established a website

The chamber has only been operating for a year so they have accomplished a lot in that year. Mr. Jeffs also requested that the County continue to waive the rental fee and the museum for the lunch and learn. The next lunch and learn will be held on January 18, 2012. Mr. Jeff's thanked the County for their support and requested that the County support the local vendors as much as possible. The Chamber has been meeting with Attorney David Blackwell to help educate businesses on the legalities of bidding and the parameters that have to be followed.

(14)

**CONSIDERATION AND APPROVAL OF CONTRACT WITH PAYNE RELIEF, LLC FOR PUBLIC LANDS CONSULTING.**

Commissioner Nelson made a motion to approved the contract with Payne Relief, LLC for \$25,000. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(15)

**CONSIDERATION AND APPROVAL OF AN INCREASE IN FEES AT THE AQUATIC CENTER.****Current aquatic center fees:**

	\$125.00	\$ 50.00
	\$ 36.00	
	\$ 50.00	

Commissioner Nelson reported that the increases are to clean up the fee schedule. The biggest change is to require the Emery County Sting Ray swim team to pay a \$50.00 fee. Commissioner Nelson made a motion to approve the increase in fees at the aquatic center. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(16)

**CONSIDERATION AND APPROVAL OF APPLICATION TO RENEW RIGHT-OF-WAY FOR DESBEE DOVE WILBERG CROSSOVER ROAD.**

Ray Petersen, Public Lands Director, is requesting approval to submit a right-of-way for Desbee Dove Wilberg crossover road. The previous right-of-way was for a ten year period. Mr. Petersen is requesting it be granted indefinitely. Commissioner Nelson made a motion to approve the application and request the right-of-way be granted for as long as possible. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(17)

**CITIZEN CONCERNS.**

There were no citizen concerns.

(18)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*JR Nelson* - Last meeting issues concerning the aquatic center were brought up. A work order is in for the handicapped door but since it is specialized equipment it will take some time for it to get fixed. The other issues have been addressed.

*Laurie Pitchforth* - The recreation district holiday basketball tournament did very well. Jr. Jazz has started and on March 17<sup>th</sup> the kids can attend a Jazz game for \$5.00. Adult tickets are \$9.00. Archery league has also started. The program is run by Randy O’Neil and has large participation. The Emery County fair has been scheduled for August 1-4, 2012. The rodeo will be July 26-28, 2012. The Castle Valley Pageant will begin August 1, 2012 and run through August 11, 2012 with the exception of Sunday and Monday.

*Jeff Horrocks* - The Crandall Canyon Monument land exchange has been completed. Ray Petersen was thanked for all of the work he has put in to make this exchange happen. Commissioner Horrocks also discussed the meeting that was held on January 3, 2012 with SITLA. The North Emery Water Users director resigned so they will be looking for a new director.

*Sheriff Funk* - The new computer system for the sheriff’s office is in the process of being installed and the deputies trained.

(3)

**CONSIDERATION AND APPROVAL OF STANDARD COOPERATIVE AGREEMENT FOR UTAH STATE UNIVERSITY EXTENSION EDUCATIONAL WORK - 2012.**

This is a standard agreement with Utah State University to provide extension services. The agreement is in the amount of \$73,000. Commissioner Nelson made a motion to approve the 2012 agreement. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF SCHOOL DISTRICT VOTING BOUNDARIES BASED ON 2010 CENSUS DATA.**

Clerk/Auditor Brenda Tuttle and IT Director Jeff Guymon presented the Commission with the 2010 census data pertaining to school district boundaries. Currently there are two areas in the County where the school district boundaries do not agree with precinct boundaries. One area is Castle Dale West and the other area is Huntington East. Separate ballots have to be printed for each of these areas where there are only about a hundred voters in each area. It is the recommendation of the Clerk/Auditor and IT Director that these areas be realigned to match the precinct boundaries. State law directs that boundaries will be as equal as possible. If the proposed changes are made there will be a difference of 204 people between the smallest district and the largest district which equals less than 2%. Commissioner Pitchforth made a motion to approve the school district voting boundaries as explained. The motion was seconded by Commissioner Nelson and approved by all members present.

(5)

**DANNA GRAY, REPRESENTING BOY SCOUTS OF AMERICA, EXPLAIN EAGLE SCOUT REQUIREMENTS AND SOLICIT SUPPORT FROM COUNTY ON EAGLE SCOUT PROJECTS. REQUEST FEE WAIVER FOR USE OF THE MUSEUM OF THE SAN RAFAEL FOR THE ANNUAL EAGLE SCOUT BANQUET.**

Dana Gray requested the Commission waive the use fee for the San Rafael Museum for the District Eagle Scout awards banquet. The fee has been waived in past years. In addition to the

fee waiver request Mrs. Gray explained the requirements and hours of service required for a boy to obtain the rank of eagle scout. The scouts are always looking for projects to provide service so if the County has anything that they would be willing to let the scouts use for a project please contact her. Commissioner Nelson will take care of the building fee waiver as an administrative item.

(6)

**APPROVAL TO ADVERTISE FOR BOARD MEMBER VACANCIES ON EMERY WATER CONSERVANCY DISTRICT.**

Jay Mark Humphrey, District Manager, informed the Commission that their board has three vacancies. The vacancies are from the Huntington, Cottonwood and Ferron areas. Commissioner Nelson made a motion to approve advertising for the vacancies. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(7)

**APPROVAL TO ADVERTISE FOR BOARD MEMBER ON EMERY COUNTY WEED AND MOSQUITO BOARD TO FILL AN UNEXPIRED TERM.**

Commissioner Nelson made a motion to advertise for a board member for the weed & mosquito board. Commissioner Pitchforth seconded the motion and it was approved by all members present.

(12)

**CONSIDERATION AND APPROVAL OF SPONSORSHIP AGREEMENT BETWEEN EMERY COUNTY AND THE COUNTY SEAT.**

The County Seat advertises on tv for counties and their interests in the State of Utah. The program airs on Channel 4 at 8:00 a.m. on Sunday mornings. Commissioner Nelson made a motion to approve sponsorship in the amount of \$8,600 for 2012. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(13)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN EMERY COUNTY AND FORESTRY, FIRE, AND STATE LANDS FOR FIRE WARDEN POSITION.**

This is a standard agreement that must be approved each year. Commissioner Nelson made a motion to approve the agreement between Emery County and Forestry, Fire and State Lands for fire warden position. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(14)

**CONSIDERATION AND APPROVAL OF APPLICATION FOR BLM RIGHT-OF-WAY ON FULLERS BOTTOM ROAD.**

Ray Petersen, Public Lands Director, stated that Fullers Bottom road is on the BLM road system. It attaches to the County by the Buckhorn Well. The County had done the maintenance for the road and would be easier if the Road Department could maintain the road on their schedule. If it was brought into the County road system we would make it a class b road and be able to collect some money for the maintenance. Commissioner Nelson made a motion to approve the application for BLM right-of-way. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(15)

**ROGER YOUNG, NCS PLUS, PRESENTATION AND DISCUSSION OF CONTRACTING WITH EMERY COUNTY FOR COLLECTION SERVICES.**

Roger Young representing National Credit Systems (NCS) presented the Commission with information concerning collections. NCS has a collections rate of 58%. The difference between them and other collection agencies is:

- ◆ you retain control of the account
- ◆ transparency - you can see when contact has been made with the debtor
- ◆ accountability
- ◆ guaranteed results

The cost of NCS charges is \$20.00 per account. It is required that you purchase 100 accounts but you are guaranteed a 400% rate of return.

Commissioner Horrocks thanked Mr. Young for the information and as this was a discussion item the Commission will study the matter and put an action item on the agenda for February 14, 2012.

(16)

**CONSIDERATION AND APPROVAL OF AMENDMENT TO EMERY COUNTY LOCAL CAPITAL IMPROVEMENT SHORT TERM LIST ADDING REPLACEMENT OF FERRON CANYON BRIDGE.**

Kent Petersen, SSD#1, spoke concerning the bridge replacement. The bridge needs to be replaced because it will not handle the flow of water. Federal highway funds are not available because the bridge is only deteriorated 85%. If there is another high water year the bridge would wash out. A request will be made to CIB for a 50/50 split. There is also \$75,000 available from FEMA. Commissioner Nelson made a motion to amend the capital improvement list to include

(22)

**DISCUSSION OF EMERY TELCOM CHANNEL 6 REQUEST TO PROVIDE TV'S AND CABLE TO BROADCAST IN COURTHOUSE AND MUSEUM AT NO CHARGE.**

Commissioner Nelson made a motion to table this item. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(23)

**CITIZEN CONCERNS.**

Bill Dellos reported that there would be a caucus training on February 23, 2012 at 6:00 p.m.

Randall Stilson requested that the Commission look at the possibility of moving the dump station from the Recreation District responsibilities to another department.

(24)

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*JR Nelson* - San Rafael Soil Conservation District is very involved in projects in Eastern and Western Emery County. Commissioner Nelson also reported that the library system in Emery County provides a great service to our communities.

*Laurie Pitchforth* - Council of Governments met the 17<sup>th</sup> of January. School district boundaries were discussed as well as the Community Impact Board list. Senior day at the legislature will be February 1, 2012. Everyone is hopeful that the senior programs will avoid legislative cuts. A day of service was held by the volunteer center and the money will be donated to the food bank.

*Jeff Horrocks* - The water diversion plan for the Green River nuclear power plant was signed by the State Engineer. Environmental groups will challenge. Blue Castle is continuing to work on permitting to move that project forward. Commissioner Horrocks was appointed the Chairman of the Association of Governments.

**PUBLIC HEARING - TO RECEIVE PUBLIC COMMENT WITH RESPECT TO THE ISSUANCE OF TAXABLE GENERAL OBLIGATION BONDS AND THE ECONOMIC IMPACT THAT THE ISSUANCE OF THE BONDS WILL HAVE ON THE PRIVATE SECTOR. THE BONDS TO BE ISSUED IN THE AGGREGATE PRINCIPAL AMOUNT OF NOT TO EXCEED \$1,350,000 ISSUED FOR THE PURPOSE OF IMPROVING THROUGH PURCHASE OR CONSTRUCTION OR BOTH, FACILITIES FOR THE COLLECTION AND SUPPLY OF WATER FOR DOMESTIC, INDUSTRIAL, SECONDARY AND OTHER PURPOSES; DRAINAGE AND STORM SEWER FACILITIES, INCLUDING CURB AND GUTTERS; AND TRANSPORTATION FACILITIES CONSISTING OF ROADS, SIDEWALKS, AND RELATED BRIDGES AND VIADUCTS; TOGETHER WITH ALL NECESSARY LAND, RIGHTS-OF-WAY, EQUIPMENT AND FURNISHINGS THEREFORE, AND INCLUDING SUCH LEGAL, ENGINEERING, AND FISCAL AGENT EXPENSES REASONABLY INCURRED IN CONNECTION WITH THE ACQUISITIONS OF SUCH FACILITIES IN AND FOR THE DISTRICT, AND PAYING THE COSTS OF ISSUANCE OF THE BONDS.**

Jacob Sharp, Manager Castle Valley Special District, explained to the Commission that this is part of a \$12.5 million bond issue that was approved by voters in 2009. The District has issued just over \$2 million of that bond. Along with the \$2 million in bonds the District received \$1.5 million in grants from the Permanent Community Impact Board. Each year the District works with Mayors and City Councils to come up with a list of projects that each City needs done. The above bond issue is for \$1.27 million and the District will receive \$1.25 million in grants. Phil Fauver asked if the District covers all cities in Emery County. Mr. Sharp responded that the District does not cover Green River or Lawrence which is unincorporated.

Alex Buxton, Zions Bank Public Finance, reported that a notice will appear in the Emery County Progress as required by law and the bond closing has been scheduled for March 20, 2012. Mr. Buxton attends the PCIB meetings each month and the fact that Castle Valley Special Service District has been able to maintain the loan/grant mix that they have is pretty rare.

**CONSIDERATION AND ADOPTION OF A RESOLUTION OF THE EMERY COUNTY BOARD OF COMMISSIONERS ACTING AS THE GOVERNING AUTHORITY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH (THE "ISSUER") TO AUTHORIZE THE ISSUER'S TAXABLE GENERAL OBLIGATION BONDS, SERIES 2012 IN THE APPROXIMATE AMOUNT OF \$1,270,000 FOR THE PURPOSE OF IMPROVING, THROUGH PURCHASE OR CONSTRUCTION OR BOTH, FACILITIES FOR THE COLLECTION AND TREATMENT OF SEWAGE; FACILITIES USED IN CONNECTION WITH THE ACQUISITION, TREATMENT, STORAGE, TRANSPORTATION, AND SUPPLY OF WATER GUTTERS; AND TRANSPORTATION FACILITIES CONSISTING OF ROADS, SIDEWALKS, AND RELATED BRIDGES AND VIADUCTS; TOGETHER WITH ALL NECESSARY LANDS, RIGHTS-OF-WAY, EQUIPMENT AND FURNISHINGS THEREFORE, AND INCLUDING SUCH LEGAL, ENGINEERING, AND FISCAL AGENT EXPENSES REASONABLY INCURRED IN CONNECTION WITH THE ACQUISITION OF SUCH FACILITIES IN AND FOR THE DISTRICT; AUTHORIZING THE TAKING OF ALL OTHER ACTIONS NECESSARY FOR THE CONSUMMATION OF THE TRANSACTIONS CONTEMPLATED BY THIS RESOLUTION; AND RELATED MATTERS.**

Commissioner Nelson made a motion to approve Resolution 02-14-12 as stated above. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(4)

**MARK CRAM, SIEMENS INDUSTRY, CONSIDERATION AND APPROVAL OF LETTER OF UNDERSTANDING OF FEASIBILITY STUDY TO ESTIMATE THE IMPLEMENTATION COSTS AND THE ENERGY AND OPERATIONAL SAVINGS OF FACILITY IMPROVEMENT MEASURES AT COUNTY FACILITIES.**

Mark Cram was present to discuss feasibility studies and cost savings the County could receive. Legislation was passed in 2010 to allow performance contracting in the State of Utah. This could give the County the opportunity to upgrade facilities at no additional cost. A no cost feasibility study would be the first step where water metering, utilities and other areas that costs could be cut. The next phase would be the development cost for audit. There would be a charge for this phase that would be rolled into the cost of construction if the County decided to do the projects that were suggested. Siemens Industry is a general contractor so they would act as the general on any projects. The project would go out to bid and the Commission would select who the contractors

would be. The initial assessment would take six to eight weeks. Commissioner Nelson made a motion to table this item until further research is done. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF CONDITIONAL USE PERMIT FOR PITCHFORK MEATS.**

The Planning and Zoning Board has discussed the conditional use permit for Pitchfork Meats and have given their approval for the permit. Commissioner Nelson made a motion to approve a conditional use permit for Pitchfork Meats. The motion was seconded by Commissioner Nelson and approved by all members present.

(6)

**JUSTIN HART, DIVISION OF WILDLIFE RESOURCES, SEEKING COMMISSION SUPPORT FOR RESTORATION OF COLORADO RIVER CUTTHROAT IN THE FERRON CREEK DRAINAGE THROUGH A FORMAL PRESENTATION. CONSIDERATION AND APPROVAL OF SUPPORT FOR THIS PROPOSAL.**

Justin Hart was present requesting the Commission write a letter of support for restoring Colorado River cutthroat trout in the Ferron Creek drainage system. A small committee was formed and they developed a plan to restore the fish. Ferron Reservoir was treated last Fall and will be treated again this Spring. It will then be stocked with rainbow trout and should be open for fishing by July 4<sup>th</sup>. There is about 45 miles of streams that are connected so this is a great area to try and reintroduce a native fish. There has been a misconception that there would only be that kind of fish in the streams but other sterile fish will also be stocked so that really is not a concern. Commissioner Nelson stated that he was comfortable with the work that had been done on this project and made a motion to write a letter of support for the above proposal. The motion was seconded by Commissioner Pitchforth and approved by all members present.

Mr. Hart also reported that the PILT payment for 2012 was given to the County. It was for \$2,700 and comes from sportsman dollars.

(7)

**CONSIDERATION AND APPROVAL OF BOARD APPOINTMENTS TO EMERY COUNTY CARE AND REHABILITATION BOARD OF DIRECTORS.**

Commissioner Pitchforth made a motion to reappoint Connie Nelson and to appoint Ron Barney to the Emery Care & Rehabilitation Center Board. The motion was seconded by Commissioner Nelson and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF BOARD APPOINTMENTS TO EMERY COUNTY CAREER SERVICE BOARD.**

Commissioner Nelson made a motion to appoint Randy Jensen to the Career Service Board. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF APPOINTMENT TO THE DISTRICT COUNCIL ON AGING.**

Commissioner Pitchforth made a motion to appoint Norma Funk to the District Council on Aging. The motion was seconded by Commissioner Nelson and approved by all members present.

(10)

**APPROVAL OF ASSIGNMENT OF JAMES R. NELSON TO THE EMERY COUNTY TRAVEL BUREAU.**

Commissioner Pitchforth made a motion to appoint James R. Nelson to the Emery County Travel Bureau. The motion was seconded by Commissioner Nelson and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF UPDATE TO THE BUILDING PERMIT FEE AND VALUATION SCHEDULE.**

A request has been made by the Planning & Zoning Board to set fees for plan reviews that are done. The fee would have to be paid in advance of plans being reviewed. The fee would be \$150.00 for residential plans and \$300.00 for commercial plans. Commissioner Pitchforth made a motion to approve the above fees schedule. The motion was seconded by Commissioner Nelson and approved by all members present.

(12)

**REQUEST FOR DONATION TO THE EMERY COUNTY COMMUNITY THEATER ANNUAL PERFORMANCE.**

Commissioner Pitchforth stated that the Community Theater has requested a donation to help with their annual production. Usually they are able to receive some grants to help with the cost of the play but they did not receive a grant this year. Commissioner Pitchforth made a motion to approve donated \$350.00 to the Community Theater. Clerk/Auditor Brenda Tuttle asked since the usual donation to groups is \$250 would this cause issues in the future by donating more than the usual donation. Tina Carter, Travel Bureau, asked if any of the costs were for advertising and if

6

Commission Meeting Minutes  
February 14, 2012

there were costs associated with that they could apply for money through the Travel Bureau. Commissioner Pitchforth amended her motion to donate \$250.00 to the Community Theater and look for other avenues for them to receive help. The motion was seconded by Commissioner Nelson and approved by all members present.

(13)

**CONSIDERATION AND APPROVAL OF EMERY COUNTY WEED/MOSQUITO BOARD BYLAWS.**

Commissioner Nelson made a motion to approve the Weed/Mosquito Board bylaws. The motion was seconded by Commissioner Pitchforth and approved by all members present.

(15)

**CITIZEN CONCERNS.**

Jared Ewell, Public Surplus Co, was present to discuss with the Commission their company's auction site. Instead of holding a public auction at your place of business you could sign up with their company and whenever you had a piece of equipment or item that needed to be sold place it on their site for bidding. They have a large listing of government agencies that are currently using their site and the site would be no cost to the County. At the end of each month the money earned from the auction would be deposited into the County's account. They buyer has to agree to a no liability to the County statement before they are allowed to bid on items. The Commission will do more research on the company and possibility of the County signing up and place the item on a future agenda.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

*JR Nelson* - There is a bill in the legislature that will help Counties with lands bills get approval before they go to the State. The permit for the gun range has finally been approved. Commissioner Nelson has been working on a project for a watershed grant. The grant is for \$1.5 million and is being received by the NRCS. The money will go to build a diversion dam in Green River. The NRCS had wanted the County to run it through their books but all of the paperwork will be done by NRCS and won't run through the County.

**Laurie Pitchforth** - Commissioner Pitchforth attended Senior day at the legislature on January 27<sup>th</sup>. Commissioner Pitchforth thanked Representative Christine Watkins and Senator David Hinkins for the extra time and effort they put for to make it an informative day for the seniors who attended. Commissioner Pitchforth also attended the State Fair convention. The theme for the Emery County Fair will be “Celebrating the past, enjoying the future”.

**Jeff Horrocks** - Commissioner Horrocks attended a Rocky Mountain Power presentation on geothermal power. The Fire District held their meeting last night and are in need of new ladder trucks. Each ladder truck will cost between \$750,000 and \$1,000,000. They are trying to come up with a funding source and are working with the Sheriff’s office to see if there may be homeland security money available to help. The District is also purchasing new turn out gear this year which will cost about \$58,000. They are also looking to replace the blue quick response trucks which cost \$200,000 each. Commissioner Horrocks also attended a predisaster meeting with Captain Kyle Ekker. Emery County Special Service District #1 is looking for funding to replace the Ferron Canyon bridge.

**EMERY COUNTY TRAVEL BUREAU ITEMS.**

**A. Discussion and request for approval to solicit requests for proposals for kiosks at Buckhorn Information center.**

Discussion and request for approval to solicit requests for proposals for kiosks at Buckhorn Information Center. Mike McCandless, the Department Head for Travel and Tourism address the Commissioner and informed the commission that the Travel Bureau has researched and identified 24 companies capable of producing the kiosks that will be needed for the facility. These companies were contacted in September of 2011 to solicit proposals to complete the work. Four companies responded. In October, the companies were contacted again to provide an additional opportunity to submit proposals because of some minor changes to the facility. Once again, the same four companies responded with interest. The Travel Bureau has discussed this issue and is recommending to the commission that they accept the low bidder from the process that the Travel Bureau undertook. After discussion with County Attorney David Blackwell, the Commission decided to put discussion of this item on the next agenda.

**B. Discussion and request for approval of expansion project a the Buckhorn Information Center.**

Discussion and approval of expansion of project at Buckhorn Information Center. As a result of a number of changes that the BLM insisted on, the overall project cost was able to be reduced. Jones and Demille has worked with Mike McCandless to develop a "Lecture Area" that would serve as an outdoor venue for events at the facility. It would include a concrete pad with a fire pit and a number of rows of benches for seating. The Travel Bureau is requesting that this be done as a change order since no new money is being requested, just a change of use of the funds. The commission discussed and agreed as long as the total budget is not exceeded, the expansion of the project can move forward. Commissioner JR Nelson made a motion to approve the change in the use of the funds budgeted for the Buckhorn Information Center for a Lecture Area as long as the total cost does not exceed the amount budgeted for the project.

**C. Request approval to advertise for restroom cleaning at the Buckhorn Information Center.**

Request and approval to advertise for restroom cleaning at the Buckhorn Information Center. Mr. McCandless discussed the need for a contracted service provider to clean and maintain the restrooms. Deputy Mike Jorgensen has been performing this service, however the Travel Bureau has a budget in place to take care of the facility. The BLM has recently contracted for cleaning services in their vault toilets, and that vendor has expressed an interest in the county facility. Commissioner JR Nelson made a motion that bids be advertised for two weeks and submissions due in the clerk/Auditor's Office by April 3, 2012 with the opening of the bids in Commission Meeting on April 10, 2012. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(12)

**PRESENTATION AND REPORT ON NEW WEBSITE FOR EMERY COUNTY LIBRARIES.**

Library Director, Carole Larsen and Assistant Library Director Roxanne Noyes made a presentation before the Commission on the new website for Emery County Libraries. Carole thanked Clinton Olsen, from the IT Department for all his work developing the website. She indicated that there are many services that the library offers that the citizens of Emery County are not aware of. Carole and Roxanne provided an overview of the website and resources available at the libraries.

(13)

**CONSIDERATION AND APPROVAL OF AMENDMENT TO AGREEMENT BETWEEN EMERY COUNTY AND JONES DEMILLE ENGINEERING FOR PROFESSIONAL SERVICES.**

Consideration and approval of amendment to agreement between Emery County and Jones and Demille Engineering for professional services. Mr. McCandless highlighted a number of the changes that the BLM has required since the project began. There has been a significant time delay and need for additional engineering as a result of the BLM decisions. In total, Jones and Demille was able to reduce the overall cost of the project by about \$18,000.00, but they have incurred substantial internal costs to do the necessary engineering. Collin Fausett then spoke in behalf of Jones and Demille. Mr. Fausett indicated that the contract amount of \$14,600.00 was paid to Jones and Demille, however the true cost of the project was \$21,400.00 leaving a deficit of \$6,800.00. This is due to the requirements and change orders from the BLM for the Information Center. There has been an additional \$12,000.00 in engineering costs over and above the \$14,600.00 already paid for engineering services on the project. This amount includes \$5,200.00 for closeout of the project and design of the lecture area. Commissioner Horrocks expressed concern that the engineer did not get with the county at the time of the changes so they could have requested the BLM pay for the changes (\$6,800.00).

Commissioner JR Nelson made a motion to approve the expansion cost contingent upon the fact that the project not exceed the overall budget (\$255,000.00) for the Information Center. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(14)

**DISCUSSION AND APPROVAL OF ENTERING INTO FINANCIAL AGREEMENTS WITH LARCAN USA INC. FOR COMMUNICATION EQUIPMENT TO BE REIMBURSED BY A GRANT UNDER THE LOW POWER TV AND TRANSLATOR UPGRADE PROGRAM.**

Communications Director, Bret Mills discussed a grant under the Low Power TV and Translator Upgrade Program. He explained that he has been working through LARCAN USA INC. for many years for communications equipment. The grant program with LARCAN calls for the county to pay the money up front for the equipment (\$440,624.00) and LARCAN will send the money back to the county creating a paper trail for the grant. LARCAN will then forward the request for grant money to the federal government. He indicated that this process could take up to eight months to complete. He recommended not using the equipment, just keep it on a palate until the process is complete. If the grant falls through then all the county will be out is the cost to ship the equipment back to Denver. This is no interest money, and the only cost to the county is to return the equipment. Emery County is the 7<sup>th</sup> county out of 13 counties who can qualify for this grant to actually try for the grant. Commissioner Laurie Pitchforth commended Bret for his efforts to go after these grants to help support the cost of replacing the translators and other communication needs in the county. Sheriff Funk commended him also stating that Bret goes over and above what is needed to get his job done. Commissioner Laurie Pitchforth made a motion to approve of a promissory note with LARCAN USA INC and participation in the NTIA program as outlined. The motion was seconded by Commissioner JR Nelson. The motion passed.

(15)

**CITIZEN CONCERNS**

Bill Dellos reminded everyone of the Republican Party Caucus meetings on Thursday, March 15, 2012 in all communities in the county. The Democratic Party caucus meeting will be March 13, 2012 in all communities in the county.

**COMMISSION/ELECTED OFFICIAL REPORTS.**

**Commissioner JR Nelson:** Commissioner Nelson applauded the County Road Department for their efforts paving the parking lot at the new Buckhorn Information Center. The Fire Departments are receiving training to become certified volunteer firefighters. He applauded the volunteers in the communities for their dedication. They are working on getting a ladder truck to assist in service to the power plants. He reported on a cattleman's group from Sevier county's need for a cattle underpass on the proposed new Quitchupah Road Project. HB 176 has passed by the legislature. There seems to be mixed emotions regarding its passage. They are leaving Public Lands issues up to the counties but want them to meet the state and federal guidelines. There has to be a report to justify whatever we want to do.

**Commissioner Laurie Pitchforth:** Commissioner Pitchforth reported on the Community Theater production of "MAME" on March 15, 16 and 17. She reminded everyone of Festive Friday. Castle Dale City will be working on an expansion of the rodeo grounds. The Road Department will be working with the Trails Committee and BLM on a project at Swinging Bridge. She encouraged everyone to use the Library.

**Commissioner Jeff Horrocks:** Commissioner Horrocks on attending a Rural Utah Water Users meeting in St. George. He thanked the water districts in our area for all they do for the citizens of the county.

(9)

**CITIZEN CONCERNS**

Bill Dellos reminded the public of the Republican County Convention to be held on Friday, March 30, 2012 in Huntington beginning at 6:00 pm. The Democratic County Convention will be held the same night in Orangeville at 7:00 pm.

Roger Killpack, Ferron, expressed concern that the citizens of Emery County be more supportive of local businesses. He indicated that he felt that the county is not following their own advice to put Emery County as their first choice in shopping. He felt that many departments purchase goods from out of the county. He would like to see the county support local businesses even if it cost a little more money. He indicated that shopping local keeps the money in the county and helps businesses going. He expressed concern that the county opted to hire out building inspections from out of the county. He suggested looking at hiring someone local and training them so the job stays in the county. Commissioner Horrocks indicated county government is affected by the economics of the county and assured Mr. Killpack that they are doing everything they can to keep costs down as well as support local businesses.

(10)

**COMMISSION/ELECTED OFFICIALS REPORTS.**

***Commissioner Laurie Pitchforth:*** Commissioner Pitchforth reported on meeting attendance and updates of current projects that she oversees. She thanked Mr. Killpack for his comments and concerns. She encouraged everyone to do all they can to shop locally. She has been involved in looking at the county's purchasing policy and indicated that sometimes there are laws and regulations that the county has to follow that regrettably move us out of the county for certain purchases. She assured him that his concerns will not go unnoticed that the county works hard to try and give the county businesses an edge. She reported on attending a Council on Aging meeting. Last year the state took away \$200,000.00 and this year that money is back due to the efforts of the seniors who attended Senior day at the Legislature. She reported on attending a meeting with Green River City regarding a cooperative effort to build a new complex in Green River. She reported on attending a Miss Utah meeting in preparation for the Miss Emery Scholarship Pageant. She talked about the Emery County Rodeo and the option of purchasing tickets on line. She commended Joel Dorsch for his work on the fairgrounds. Emery County Business Chamber recently held their luncheon meeting aimed at encouraging businesses to come and get recharged. Several new businesses in the area were highlighted. A few big movies are slated to be filmed in Emery County. These film companies are looking for local extras for these films.

***Commissioner JR Nelson:*** Commissioner Nelson reported on meeting with BLM Recreation where they discussed the number of volunteers who contribute service to working on projects such as the San Rafael Bridge and OHV trails that were damaged by flood water. Public Lands Commission is in the process of working on report for House Bill 176.

***Commissioner Jeff Horrocks:*** Commissioner Horrocks reported on attending a meeting for Emery/Carbon Emergency Preparedness Fair on April 28<sup>th</sup>. The bid has been awarded for the renovations at the Emery County Housing Apartments. The work will begin as soon as the materials are available. Relay for Life will be July 13 & 14, 2012. Commissioner Horrocks encouraged everyone to participate.

***Sheriff Funk:*** Sheriff Funk reported that his department recently held a spot check on I-70 where they checked approximately 1500 vehicles between 9am and 5pm. They checked for insurance and registrations as well as issued about 76 citations and several misdemeanors and some drug arrests.

Commissioner JR Nelson made a motion to award the bid to the low bidder, Mike Jorgensen contingent upon Commission Chair Jeff Horrocks and Attorney David Blackwell's review of the bids, after which a contract will be drafted and signed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)

**OPEN EXPEDITED SEALED BID PROPOSALS FOR EMERGENCY REPAIRS OF  
THE JAIL CONTROL PANEL. CONSIDERATION AND APPROVAL OF AWARDED  
CONTRACT AND OTHER NECESSARY PAPERWORK.**

Sheriff Funk explained that the Sheriff's Department has budgeted to make repairs to the jail

control panel. He explained that they have exhausted all available parts to keep the control panel working until now and are at the point that they need the work expedited. His department has been working on getting the specks needed to replace the control panel. They have found that there are two companies in the state that are capable of doing what they need done. The sealed bids were opened and read as follow:

1) Superior Security Services, LLC	\$ 88,480.00
2) Sound Unlimited	\$153,870.27

Commissioner JR Nelson made a motion to give Commission Chairman Jeff Horrocks authority to review the bids with all the necessary people to make a determination of the best bid and then to award the contract and complete the necessary paperwork. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(4)

**CONSIDERATION AND APPROVAL OF RENEWING CONTRACT WITH KEVIN GILBERT, STAR PROPERTY MANAGEMENT FOR LAWN CARE AT LIBRARIES AND ROAD SHOP AND OTHER NECESSARY PAPERWORK.**

Commissioner JR Nelson made a motion to renew a contract with Kevin Gilbert, Star Property Management for continued lawn care at the libraries and road shop. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner JR Nelson made a motion to proceed with the agenda and return to the Public Hearing at 10:00 am. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

At 10:00 am Commissioner JR Nelson made a motion to leave the regular meeting and move into a Public Hearing and at the end of the Public Hearing to return to the regular meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(5)

**PUBLIC HEARING: 10:00 AM. TO RECEIVE PUBLIC INPUT REGARDING SUBSTANCE ABUSE AND MENTAL HEALTH NEEDS IN EMERY COUNTY.**

Jennifer Thomas, Four Corners Mental Health was present to address mental health and substance abuse services for Emery County. She introduced Janice Winn and Geraldine Wright

case managers. Jennifer talked about drug court and the changes that may take affect due to the fact that the program is not fully funded by the legislature this year. Four Corners is still expecting to provide quality service to Emery County.

Upon returning to the regular meeting the Commission commenced with the agenda as outlined.

(6)

**SETTING OF PUBLIC HEARING TO RECEIVE PUBLIC COMMENT REGARDING REPEAL AND REPLACE OF THE EMERY COUNTY GENERAL PLAN.**

Mike McCandless requested setting a Public Hearing to receive public comment regarding repeal and replace of the Emery County General Plan. He explained that the Planning and Zoning Commission and Public Lands Commission began working two and a half years ago on updating the Emery County General Plan in preparation of Emery County's Land Use bill. Several committees have been working hard on amendments to the general plan. The plan now needs to be reviewed and a public hearing needs to be set to receive comment from the general public. Commissioner Jeff Horrocks commented that there have been many hours spent by many people to get these amendments to this point. He thanked the Public Lands Commission and the Planning and Zoning Commission for their dedication and hard work. Commissioner JR Nelson commented that the issues addressed in these amendments are important to Emery County and are required to meet state code. Commissioner JR Nelson made a motion to set May 8, 2012 at 10:00 am as the date for a Public Hearing to receive public comment on repeal and replace of the Emery County General Plan. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(7)

**CONSIDERATION AND APPROVAL OF DONATION TO 2012 RELAY FOR LIFE.**

(8)

**TYLER JEFFS, ECBC, DISCUSSION OF COUNTY ORDINANCE NO. 5-5-93A AND SUGGESTIONS FOR POSSIBLE AMENDMENTS.**

Tyler Jeffs, President Emery County Business Chamber stated that the Chamber works hard to make Emery County a successful place. The Chamber has been discussing ways to make a better environment for businesses and to procure new businesses in Emery County. He added that in

Carbon County a dollar earned rotates 7.8 times before they see a return on that dollar. In Emery County that same dollar doesn't rotate around even one time. We need to keep those dollars local as much as possible. Mr. Jeffs reviewed the Utah Procurement Policy highlighting several points where the policy could be used to the county's advantage to use local businesses for bids and exclusive procurement. He asked that the Commissioners use some latitude when awarding bids for projects. Mr. Jeffs asked that the Commissioners be more involved in the Chamber. He asked that the Commissioner's consider making a presentation on bidding and procurement procedures at their next Chamber luncheon meeting. Commissioner Horrocks asked Attorney David Blackwell for clarification of the procurement policy. Mr. Blackwell cited a case in Arizona as well as a case in Utah that was challenged in the courts regarding procurement policy. When a bid is rejected it has to be justified and explained. In the purchasing policy the county has some latitude but not in the bid process for construction projects. Carbon County backed away from the practice of taking preference in their bidding process. Several cities have done the same. You can get into legal trouble using a local preference. Mr. Jeffs asked the Commissioners to consider challenging that practice adding that the worse that could happen is that the bids get thrown out and you start over on the bidding process. Mr. Jeffs stated, "If no one has ever challenged it then maybe that's where we start to push the possibilities." Commissioner Nelson suggested that maybe we look at the way we word bid advertising. He cited a case where Carbon County awarded a bid for a vehicle purchase to a Salt Lake vendor that was \$200.00 lower than the local bid. However, the wording of the bid did not include delivery to the county. It cost more than \$200.00 to send two people to Salt Lake to pick up the vehicle. In this case if the wording had included delivery the local would have been awarded the bid. Commissioner Horrocks indicated that the County has certain legalities that they have to consider when awarding bids. The Commission has to meet with the County Attorney to make sure that they stay legal in all aspects of procurement. Commissioner Pitchforth commended the Chamber adding that three years ago we didn't have a Chamber. We now have a actively functioning Chamber. Mr. Jeffs has worked hard to put together a group of individuals that strengthens Emery County Businesses. Emery County's Procurement Policy has not been updated since 1993. She stated that she has read policies from other entities. We need to take a serious look at the policy. She applauded the Chamber for their efforts.

Roger Killpack asked if a lot of the purchases that the County makes are in the county? Commissioner Horrocks indicated that there is an advantage to purchasing from Emery County businesses. Most business owners go out of their way to make your purchase a good one and they will back up what they sell. They want you to be a return buyer. We meet with legal council to do all we can to purchase locally.

Ken Stilson asked if it was possible for the County to pre-qualify a local contractor for a project in the county?

Attorney David Blackwell stated that it goes back to the United States Constitution. There needs an even advantage in all aspects.

Mr. Jeffs again asked that the Commissioners consider pressing the bid process and having a state resident preference. As a side note, he added, Emery County does have the highest tax rate in the state. Commissioner Horrocks stated that yes, we do have the highest tax rate in the state, but, the power plants, coal mines and other centrally assessed properties pay the lions share of those taxes. It comes back around to the citizens of Emery County through the benefits that we enjoy living in this rural community.

(9)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #1 ON PUBLIC HOUSING BATHROOM RENOVATIONS AND NEW FLOORING.**

Commissioner Horrocks explained that when the contract was bid for the public housing bathroom renovations the seal and waxing of the 24 units was left off the bid. Adding this change order will complete this project and make the new total of the project \$141,182.00 which is still below the next bid offered for the project. Commissioner JR Nelson made a motion to accept Change Order #1 on the Public Housing bathroom renovations. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

**CITIZEN CONCERNS**

Patsy Stoddard, Emery County Progress asked for explanation of the out of state travel request for the Commissioners, Mike McCandless and Ray Petersen and what they hope to accomplish in Washington D.C. Commissioner Horrocks explained that they will be meeting with the Washington delegates and the Under Secretary of the Interior to try and get the Public Land Use bill through. They want to make the government aware that Emery County is still working on the bill and are determined to see it through. It is considered a defensive move to keep Emery County from being made a national monument. Randal Stilson asked, "Isn't that what we pay Randy Johnson to do?" Commissioner Horrocks stated that it was Mr. Johnson's request that we personally meet with the delegates in Washington D.C.

Commissioner JR Nelson returned to the shop local issue by adding that Emery TelCom, a local business, regularly broadcasts a television series called the 'Heart of Utah' which is hosted by Randy Johnson. This broadcast recently highlighted the efforts of Emery County to meet the

requirements of the legislature in moving forward with confidence so that we do not end up with a Red Rock Monument in our back yard. He added that Emery County has to stay active.

Bill Dellos stated that he felt that this travel to Washington D.C. is a good use of tax dollars.

Roger Killpack asked how many days does an elected official have to be on the job? He said he heard that it was only one day a week. Attorney David Blackwell stated that he has yet to find where that is true. The state statute states that an elected official is responsible to the voters and must be on the job as many days as it takes to get the job done. The elected officials duties are set by state statute. Commissioner Nelson added that newly elected officials are expected to attend Utah Association of Counties newly elected official training for several days. He added it is extensive and their responsibilities are huge. Commissioner Pitchforth added that she felt that an elected official's job is a full time job.

Bill Dellos stated that the number of meetings that elected officials, especially Commissioners, attend is staggering. In his mind the Commissioners put in more than 40 hours a week. Mr. Dellos commended the commissioners, department heads, and employees of Emery County adding that they are among the most dedicated employees in the state.

be an expense for the county. He explained that this will be a multi-use trail (bikes, ATV, equestrian, etc.). After they acquire the ROW they will apply for a grant from the state to assist in putting in a bridge over Huntington Creek. Mark explained that when they finish with this trail you will be able to travel from the pageant site to Helper on this trail. Commissioner Laurie Pitchforth made a motion to approve a letter to SITLA requesting a ROW for a multi-use trail off SR-31 at Fish Creek. The motion was seconded by Commissioner JR Nelson. The motion passed.

Commissioner JR Nelson made a motion to leave the regular meeting and move into a scheduled Public Hearing to receive public comment regarding repeal and replacement of Emery County General Plan and at the end of the Public Hearing to return to the regular meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(4)

PUBLIC HEARING: 10:00 A.M.- TO RECEIVE PUBLIC INPUT REGARDING REPEAL AND REPLACEMENT OF EMERY COUNTY GENERAL PLAN.

Commissioner Jeff Horrocks turned the time over to Planning Commission Chairman Mac Huntington. Mr. Huntington explained that the purpose of the Public Hearing was to receive public input regarding repeal and replacement of Emery County's General Plan. He explained that in 1992 the State made a requirement that counties have a general plan. The plan was to be adopted by the Board of Commissioners and be updated on a regular basis. In 1996 the first plan was adopted by the Commission. Between then and now it has been amended and updated as needed to keep current. Mike McCandless added that the General Plan is the first thing asked for by companies looking to locate here or pursue any project involving land issues. The Public Lands Council was asked to work as a sub committee to review that portion of the plan which deals with public lands. He added that the sub committee did an outstanding job drafting what went into the plan. Mr. Huntington added that the Planning Commission and others who helped work on the plan worked extensively to make it more readable. the Plan has gone through the Planning Commission's process and been approved. The Plan is now at a point where it must meet with the Commission's approval. There are three things that can happen at this point. You can accept the Plan, reject the Plan or modify the Plan.

Commissioner Nelson commented that the General Plan is incredibly comprehensive. It covers everything.

Mike McCandless commented that if done right the Plan should only have to be updated every decade. He commended Tammy Tucker who worked extensively to format the document. He thanked Judy Scott for exhaustive word smithing of the document.

Commissioner Pitchforth commended the Planning Commission for all their hard work on the

SHELLY WRIGHT, CHILDREN'S JUSTICE CENTER, CONSIDERATION AND APPROVAL FOR THE EMERY CHILDREN'S JUSTICE CENTER TO BE INCLUDED IN EMERY COUNTY'S CONTRACT FOR LAWN CARE.

Shelly Wright, Children's Justice Center requested to be included in Emery County's contract for lawn care at the center in Castle Dale. She also requested snow removal on the driveway during the winter months. After some discussion, the Commissioners decided to discuss this matter further with Kimball Larsen, who has the contract for the Aquatic Center lawn maintenance. Commissioner Laurie Pitchforth made a motion to table this matter to allow time to discuss it further. The motion was seconded by Commissioner JR Nelson. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF REQUEST TO DISPOSE OF A PORTION OF COUNTY OWNED PARCEL 1-112C-9.

The Commissioners discussed a request from Gil Bowden. Mr. Bowden is the current owner of parcel #1-112c-17. The county is owner of parcel #1-112c-9. At one time this was one parcel. The previous owner desired to build a home on parcel #1-112c-9, he sold the front parcel #1-112c-17. When he went to build, he was denied a building permit because he had only 9 feet for access. As a result of his denial to build because of insufficient access, he sold the parcel to the county whose interest was for expansion of the nursing home. The 9 feet on the west side of parcel 1-112c-17 has always been used as part of the access and entry to the back yard of the parcel. Mr. Bowden asked for a realignment of fence line or a trade of equal square footage to correct this problem. Mr. Bowden stated that if they could trade the 9 feet along the west fence line for equal footage along the southern fence line of parcel #1-112c-17 he would be able to maintain the current access. The county would gain approximately 20 feet along their north property line. Mr Bowden asked that if this trade was not an option for the county, then would they consider selling him the 9ft x 24ft parcel in question? Attorney David Blackwell addressed the request stating that County policy requires that the county get equal value in these types of trades. Commissioner Laurie Pitchforth made a motion to approve a land trade with Gil Bowden for the portion of county owned parcel 1-112C-9 as discussed. The motion was seconded by Commissioner JR Nelson. The motion passed.

(2)

**JAN BODILY, FOUR CORNER MENTAL HEALTH, PRESENTATION OF THE ANNUAL AREA PLAN.**

Jan Bodily, Four Corner Mental Health presented their Annual Area Plan for providing ten mandated services to the county. Those services are as follow: Inpatient Care, Resident Care, Out-Patient Care, 24 hr crisis care, Medication Management, Psychiatric Services, Case Management, Consulting/Education Services and Services for the mentally ill who are incarcerated. Ms. Bodily stated she did not anticipate much change from last year in spite of cuts from the state legislators. As the local authority for Emery County the Emery County Commission is responsible for approving the Four Corner Mental Health Annual Area Plan. Commissioner JR Nelson made a motion to approve the Four Corner Mental Health Annual Area Plan for 2012. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(3)

**CONSIDERATION AND APPROVAL OF THE INDEPENDENT AUDIT FOR 2011.**

Clerk/Auditor Brenda Tuttle reviewed the Independent Audit for 2011 recently conducted by Kimball and Roberts, Independent Auditors. The county's financial records received a clean audit. Copies of the audit report are available in the Clerk/Auditor's office. Commissioner Horrocks commended Brenda for her hard work and dedication to Emery County. Commissioner

JR Nelson made a motion to accept the Independent Audit for 2011. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(4)

**CONSIDERATION AND APPROVAL OF RIGHT-OF-WAY GRANT (UTU-50148) FOR THE WILBERG MINE-DESERET MINE COAL HAUL ROAD.**

Public Lands Director Ray Petersen indicated that most of the road is on SITLA land with a small amount on BLM land. He stated that Emery County was granted a ROW in September of 1982 under the authority of Title V of the Federal Land Policy and Management Act, as amended. He reported that his office received a request from the BLM to renew the ROW authorization. The term of the ROW grant is thirty years. Commissioner JR Nelson made a motion to approve of Right-of-Way Grant (UTU-50148) for the Wilberg Mine-Deseret Mine Coal Haul Road. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(5)

**CONSIDERATION AND APPROVAL OF AMENDED TAX RATES 2012.**

Clerk/Auditor Brenda Tuttle explained the reason for amending the tax rates for 2012. After the Tax rates for 2012 were approved in the last Commission Meeting she received a call from the state indicating that they had changed the rate regarding Centrally Assessed Values. The actual rate will be at the level we will collect taxes this year. Commissioner JR Nelson made a motion to accept the State's Certified Tax Rate for 2012. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(6)

**OPEN BIDS AND CONSIDERATION OF BID AWARD FOR SCRAP METAL AT THE EMERY COUNTY LANDFILL.**

Bids were opened for scrap metal at the Emery County Landfill.  
First bid was from Stephenson Metal Recycling for \$116.00 per ton.  
Second bid was from Sims Metal Management for \$151.23 per ton.

Commissioner JR Nelson made a motion to accept the high bid from Sims Metal Management at \$151.00 per ton. The motion was seconded by Commissioner Jeff Horrocks. The motion

passed.

(7)

**CONSIDERATION AND APPROVAL OF CHANGE ORDER #2 FOR EMERY COUNTY LOW INCOME APARTMENT RENOVATION.**

Commissioner JR Nelson made a motion to table this matter. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(8)

**CONSIDERATION AND APPROVAL OF CONTRACT WITH STATE OF UTAH AND EMERY COUNTY TO ESTABLISH A STANDARD COUNTY WIDE PROCESS TO CREATE AND MAINTAIN A MASTER ADDRESS LIST (MAL), ASSIGN A MANAGING AGENCY/OFFICE, CREATE A STANDARD DATA STRUCTURE AND PROVIDE A WEB ACCESSIBLE UPDATE ON A REGULAR CYCLE AS DEFINED AS COUNTY ADDRESSING PROJECT.**

IT Director, Jeff Guymon explained that this is a process that his department has been working for some time. He indicated that this process is crucial to the counties ability to provide services to the citizens of Emery County. Commissioner JR Nelson made a motion to approve of a contract with the State of Utah and Emery County to establish a standard county wide process to create and maintain a master address list (MAL). The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(9)

**CITIZEN CONCERNS**

Trenton Bennett expressed concern that the county has a contract with Sunrise Engineering to provide building permit services to Emery County citizens. He asked if this contract is permanent. He wanted the have the county bid the services out so that others with the credentials could bid on the service, thus having a full-time employee in the position of Building Inspector. Commissioner Jeff Horrocks indicated that in the past the county had a Building Inspector and have looked into the matter. The Commissioners determined that it was not cost effective to the

citizens of Emery County to have a full-time employee as a Building Inspector. The county is saving money by contracting this service out to Sunrise. Due to budget restraints the county must do the service using the most cost effective method. Mr. Bennett asked if the county would ever consider going back to an employee for the position? Ray Petersen asked what are the terms of the contract with Sunrise Engineering? Commissioner Jeff Horrocks asked Attorney David Blackwell to look at the contract with Sunrise Engineering and advise the Commissioners of the terms.

**(10)**  
**COMMISSION /ELECTED OFFICIALS REPORTS.**

*Commissioner Nelson*

Commissioner Nelson reported on an interesting experience he had to be on a committee that was responsible for hiring a specialist for Division of Natural Resources. This specialist would be responsible for keeping species of the endangered species list.

The National Guard recently held training sessions in Emery County involving Emery County's rescue and first responders. Coverage was well maintained and everybody learned a lot.

He stated he attended conservation district meetings recently in Green River. He stated he felt it was important that cities and towns in Emery County become involved with the effort of the Conservation District in fighting weeds .

The Museum of the San Rafael recently held a Dining with the Dinosaurs event inviting people to come visit the Museum, have a nice lunch and have your picture taken with the dinosaurs.

*Commissioner Horrocks*

Commissioner Horrocks talked about the States decision to ban firearms and fireworks in the unincorporated areas of the state. This is in an effort to reduce the threat of wild fires due to the very dry and windy conditions.

Patsy Stoddard reminded everyone of the Miss Emery County Pageant on July 7<sup>th</sup>. There are seven contestants. The Little Jr Miss pageant has thirty contestants this year.

**JOSH MCKELL, UTAH LOCAL GOVERNMENTS TRUST INSURANCE, DISCUSSION AND REQUEST TO BID FOR PROPERTY AND CASUALTY INSURANCE AND RELATED SERVICES FOR EMERY COUNTY'S 2013 POLICY YEAR.**

Utah Local Governments Trust Area Representatives Josh McKell and Ryan Hatch came before the Board of Commissioners to request an opportunity to bid for Property and Casualty Insurance and related services for Emery County's 2013 policy year. They provided an overview of the Trust's program and services it can provide.

(6)

**JOHNNY MILLER, CEO UTAH COUNTIES INSURANCE POOL (UCIP), DISCUSSION AND PRESENTATION REGARDING EMERY COUNTY'S GENERAL LIABILITY INSURANCE COVERAGE.**

Utah Counties Insurance Pool (UCIP) CEO, Johnny Miller came before the Board of Commissioners to request an opportunity to bid for Emery County's General Liability Insurance coverage for the 2013 policy year. He explained that in 1991 the Utah Association of Counties saw a need to create an insurance pool, run by a commission through Utah Association of Counties. They approached the counties to become a part of the pool by investing funds to create the pool. Emery County participated in creating this pool. Clerk/Auditor Brenda Tuttle commented that Emery County is a partnership in this program. Why would we want to give this up to participate in another program? Commissioner Horrocks reported that he is on the board of the Utah Local Governments trust and as such would have a conflict of interest if this matter came to a vote. Mr. Miller concluded his presentation.

(7)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN EMERY COUNTY AND CASTLE DALE CITY REGARDING LIABILITY FOR INFLATABLE BOUNCE HOUSES TO BE USED AT COUNTY FAIR.**

Commissioner Pitchforth explained that Castle Dale City owns two inflatable bounce houses. The Emery County Fair would like to use these bounce houses for the fair this year. Castle Dale City is willing to let the county use them but wants the county to assume the liability. An agreement has been drafted by Attorney David Blackwell for the Commissioners to consider that will transfer the responsibility, hold harmless and indemnify Castle Dale City and its officers, employees and agents against all claims for damages from the use of the bounce houses. Commissioner Laurie Pitchforth made a motion to approve an agreement with Castle Dale City regarding the use of two inflatable bounce houses for the Emery County Fair. The motion was seconded by Commissioner JR Nelson. The motion passed.

(8)

**CONSIDERATION AND APPROVAL OF RESOLUTION REGARDING UTAH RETIREMENT SYSTEM POLICY FOR ELECTED OFFICIALS OF EMERY COUNTY.**

Personnel Director, Mary Huntington explained that Utah Retirement Systems (URS) requires participating entities to have a policy regarding elected officials who take office for the first time after June 30, 2011 are considered Tier II full-time eligible for benefits in the Utah Retirement Systems. This policy needs to be in writing, in the form of a resolution. Commissioner JR Nelson made a motion to adopt Resolution 7-10-12B a resolution regarding Utah Retirement System policy for elected officials of Emery County. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

### **Commission Meeting Minutes July 10, 2012**

She commended the first responders, firemen and sheriff's deputies for the amazing job they do. She reported on the recent Miss Emery and Little Miss Emery Pageants. Emery County has a new queen, Markette Tanner. McCall Spears, last years Miss Emery has done an excellent job representing the county. The Huntington Senior Center remodel is complete and they have received certificate of occupancy. The Emery County Care and Rehabilitation new director is doing a great job. Emery County Recreation SSD is gearing up for the fair and rodeo.

#### *Commissioner Nelson*

Commissioner Nelson reported on various land issues and the progress of Emery County's land bill. BLM is ready to award a land patent to Emery County for the gun range. He reported on the success of the Triathlon held last Saturday. He echoed the kudos to the many firefighters and first responders in the county.

#### *Commissioner Horrocks*

Commissioner Horrocks reported on the process to apply with CIB for a grant to construct a new Weed and Mosquito building. He also echoed kudos for the firefighters and first responders in Emery County and other agencies who have helped with the fire in Huntington Canyon. He reminded everyone of the fire restrictions for firearms and fireworks outside the incorporated areas in the County. There are no current totals for water but it is definitely not good. This is just the start of the fire season. We need to conserve as much as possible.

#### *Sheriff Funk*

Sheriff Funk reported that currently the fire is minimal. There is still a small stretch in Emery County to contain. There are hot shot crews along Seely Ridge and another on the short side of Electric Lake. Mudslides are the problem at this time. Huntington Canyon Road, Highway 31, will be open for travel tomorrow with restrictions. Travelers may not stop anywhere in the canyon from Crandall Canyon through Electric Lake area. Because of ash run-off most of the fish have been killed in the streams. They will be holding a meeting to discuss issues and find solutions to treat the waterways after the fact. As a result of the fire, wildlife has moved down into the canyon. His concern is for the safety of motorist traveling the canyon due to the risk for colliding with wildlife on the roadways. Be aware of UDOT crews in the canyon.

Nothing.

(2)

ACCEPTANCE OF THE LAND PATENT FROM THE UNITED STATES OF AMERICA FOR THE GUN RANGE PURSUANT TO THE RECREATION AND PUBLIC PURPOSES ACT OF JUNE 14, 1926.

Public Lands Director, Ray Petersen explained that Emery County has been working on this patent process for the gun range for several years. The BLM has been very good to work with on this process and are pleased to present Emery County with the patent for the land designated for the specific use as a gun range. Commissioner JR Nelson made a motion to accept a land patent from the United States of America for the gun range. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(3)

ANDY URBANIK, REQUEST APPROVAL FROM THE COUNTY TO BROADCAST KRPX OVER ONE OF THE COUNTY TRANSLATORS.

Andy Urbanik and Paul Anderson, Castle Country Radio KOAL/KARB/KRPX came before the Commissioners to request approval to broadcast KRPX over one of the county translators. Paul gave a brief history of the station and added that the focus of Castle Country Radio is

community. Currently KRPX is used as an Emergency Announcement Station for Emery County. Usually the signal drops around the Huntington area.. KOAL is the station that transmits the games for Carbon High and Emery High. Andy talked about the benefit of receiving public safety announcements, promoting events in the county and advertising for businesses. He addressed the demographics of listeners and the affect it has on the economy regarding shopping habits. Bret Mills, Communications was asked to add to the conversation. Bret discussed the technical problems with adding another station. He explained that the county may have to drop a station to pick up KRPX. He explained that there are no new licenses available for FM transmission. He added that in the twenty-five years he has been there he has seen 1 license window available. Currently Emery County receives an oldie station CALL on 95.9, FM 100 on 96.7 and ROCK 103 on 97.5. It would be possible to drop the oldie station on 95.9 and pick up KRPX. Commissioner JR Nelson indicated that he felt that the Commissioners needed some time to study the proposal and asked Paul and Andy to provide a proposal in writing. Commissioner JR Nelson made a motion to take the information under advisement allowing two weeks to study the proposal and make a decision by next meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed. Sheriff Funk expressed his appreciation to the station for their help with public service announcements during the fire, mud slides and flood danger in Huntington Canyon and down stream onto the San Rafael.

(4)

APPROVAL OF LAMAR GUYMON TO THE EMERY COUNTY CARE AND REHABILITATION BOARD TO FILL AN UNEXPIRED TERM.

Commissioner Pitchforth indicated that they advertised for individuals to fill unexpired term on the Emery County Care and Rehabilitation Board. There were no applicants. The board discussed possible individuals to ask to be on the board. LaMar was acceptable to being appointed to on the board. Commissioner Laurie Pitchforth made a motion to approve LaMar Guymon to fill an unexpired term on the Emery County Care and Rehabilitation Board. The motion was seconded by Commissioner JR Nelson. The motion passed. The term will expire January 2013.

(5)

DISCUSSION AND APPROVAL OF WAIVER AND CONSENT TO ENTRY OF ORDER REGARDING EMERY COUNTY REAL PROPERTY.

Attorney David Blackwell explained that Emery County has been named in a Quit Title Action through 7<sup>th</sup> District Court regarding a narrow piece of land in Emery. Emery County acquired this land during a tax sale. The land borders several property owners, one of which is trying to

get a loan. The bank would like the title to be a clean title so they would like the matter cleaned up. Dixie Swasey, Emery County Recorder indicated that it would be wise to dispose of it as it is a 32 foot strip of land and the county has no use for this piece of land. Mr. Blackwell explained that this action suit cleans up only one portion of the strip of land. Commissioner JR Nelson made a motion to approve of waiver and consent to entry of order regarding Emery County real property as discussed. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(6)

RATIFICATION OF DECISION NOT TO CHANGE LIABILITY INSURANCE CARRIER FOR COUNTY.

Merrill Johansen, J&T Engineering indicated that this year the Road Department will be cleaning up the Buckhorn Bridge. J&T Engineering has scheduled a site showing for the painting and work to be done on the bridge for Monday, August 20<sup>th</sup>. Commissioner Laurie Pitchforth made a motion to approve of an engineering contract with J&T Engineering for professional services for the painting project. The motion was seconded by Commissioner JR Nelson. The motion passed.

(8)

CONSIDERATION AND APPROVAL TO UTILIZE EMERY MEDICAL FOR THE ANNUAL WELLNESS CLINIC. APPROVAL TO PROVIDE FLU, PNEUMONIA, AND TETANUS VACCINES IN CONJUNCTION WITH THE COUNTY WELLNESS CLINIC. COUNTY WILL PAY A MAXIMUM AMOUNT OF \$200.00 PER EMPLOYEE WHO CHOOSES TO RECEIVE THE VACCINE. HOWEVER, SPOUSE/DEPENDENTS WILL HAVE A \$10.00 CO-PAY.

Personnel Director, Mary Huntington requested approval to use Emery Medical for the annual Wellness Clinic. She also requested approval to provide flu, pneumonia, and tetanus vaccines in

6

Commission Meeting Minutes  
August 14, 2012

conjunction with the county Wellness Clinic. She asked that the county pay a maximum amount of \$200.00 per employee who chooses to receive the vaccine. The spouse/dependents will have a \$10.00 co-pay. Commissioner JR Nelson made a motion to approve Mary Huntington's request for the Wellness Clinic. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(9)

DISCUSSION AND APPROVAL OF CHANGE ORDER #4 FOR EMERY COUNTY  
BUCKHORN INFORMATION CENTER.

Commissioner JR Nelson made a motion to pull this item from the agenda. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(10)

CITIZEN CONCERNS

Phil Fauver asked if there were other pieces of property similar to the piece in Emery that was discussed today? If there is other pieces of property could they be put up for auction to the public? Dixie Swasey indicated that there are gaps in properties all over the county, but they usually fall to a specific property owner. The county has to own a particular piece of property before they can dispose of it. It is usually through a tax sale that the county acquires these small strips of land that have been overlooked. Straightening out the gaps in properties would be nearly impossible.

Bill Dellos reminded everyone of the Steak Fry coming up on September 22, 2012 at 6pm at the Museum of the San Rafael. \$25.00 a plate.

(11)

COMMISSION/ELECTED OFFICIAL REPORTS.

*Commissioner Pitchforth*

Commissioner Pitchforth receive an update of Special Service District #1 road projects during their monthly meeting on Monday. She thanked the many departments who stepped up and helped out with the Fair and Rodeo this year. Castle Dale City helped out quite a lot. The Castle Valley Pageant drew a big crowd this year. She reported that she attended the Carbon County fair recently and felt that the Emery County Fair was every bit as good. She also reported on attending a meeting with Kathleen Clark where she received information regarding the sage grouse and the efforts to keep the species off the endangered species list.

*Commissioner Nelson*

Commissioner JR Nelson reported on attending a recent Fire Protection District meeting. He indicated he was amazed at how much training the volunteer firefighters receive to keep our citizens safe. He reported on attending the stock show and the great turnout. He attended BLM RAC meetings in St. George where they discussed public land issues and the affects on the county should the sage grouse be listed on the endangered list. He attended the Rural Summit where he attended agriculture sessions and participated in discussions regarding public land issues.

*Commissioner Horrocks*

Commissioner Horrocks reported on attending a DOGM meeting where they discussed changing the criteria for how to run a meeting held in rural areas. He also attended Public Land meetings where they discuss the continuing work on the Public Land bill. He also attended the Rural Summit attending a meeting on stimulating the economy in rural areas and strategies to help rural communities thrive.

*Sheriff Funk*

Sheriff Funk had photos depicting the damage to the highway and other areas in Huntington Canyon due to the recent fire, flooding and mud slides. Currently the road is open. Trails are closed. Little Bear Campground is also closed for the safety of the public. The state did a great job of cleaning up the mess on the highway. They are currently working on a solution to the problems caused from the fire and the root system of the mountain side that was destroyed in the fire. Flash flooding is a great concern. The fish have been killed as far down as Green River. He indicated that the worse case scenario would be to have a heavy snowfall this winter. Even though we need the snow in the mountains it could be a problem as far as runoff causing flooding and mud slides. It could potentially shut the canyon down for the winter.

**ANDY URBANIK, PRESENTATION REQUESTING EMERY COUNTY TO  
BROADCAST KRPX (CASTLE COUNTRY RADIO) OVER ONE OF THE COUNTY  
TRANSLATORS.**

Andy Urbanik and Alex Light, Castle Broadcasting made a presentation to the Board of Emery County Commissioners. A written proposal was requested at the last meeting. Mr. Urbanik stated that KRPX hits a different target group than any of the other local stations. Commissioner Pitchforth expressed appreciation to Castle Broadcasting for the public service announcements provided by KRPX. She also expressed concern that other stations would want to provide the same service which could become a problem. Bret Mills suggested that the county switch the station over and see if there are complaints. Commissioner Pitchforth stated that a lot of people listen to KODJ so she is concerned about taking it off the air. Commissioner Horrocks indicated that the matter will be moved to the next Commission Meeting as an action item.

(4)

**CONSIDERATION AND APPROVAL OF FINANCIAL ASSISTANCE AWARD  
NUMBER 49-09-U90516 LOW POWER TELEVISION AND TRANSLATOR UPGRADE  
PROGRAM.**

Bret Mills discussed a grant for \$440,624.00 from NTIA to replace old equipment on digital television. This is the last step of the grant process. The money will come to the county and the county will then pay Larcen for the equipment. Commissioner JR Nelson made a motion to sign the paperwork to receive the grant. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(5)

**CONSIDERATION OF APPOINTING A COMMITTEE TO REVIEW ORDINANCE NO.  
5-5-93A AND RECOMMEND CHANGES TO THE BOARD OF COMMISSIONERS.**

Commissioner Laurie Pitchforth asked to have this discussed in Commission Meeting. Commissioner Jeff Horrocks recommended Clerk/Auditor Brenda Tuttle, Sheriff Greg Funk, Commissioner Laurie Pitchforth, Attorney David Blackwell, and Road Supervisor Wayde Nielsen to serve on the committee. Commissioner JR Nelson made a motion to appoint a committee as recommended above to review ordinance #5-5-93A and recommend changes to the Board of Commissioners by the end of October. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(6)**

**DISCUSSION AND APPROVAL OF UPDATING EMERY COUNTY JAIL POLICIES  
AND PROCEDURE MANUAL USING CAPITAL IMPROVEMENT FUNDS.**

The Board of Commissioners discussed funds that were initially allocated for jail equipment. They discussed the need to update and adopt Utah standards and policies for the jail. Commissioner JR Nelson made a motion to approve allocating capital funds to update the policies for the jail. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(7)**

**CONSIDERATION OF A LETTER OF SUPPORT FOR SOUTHEASTERN UTAH  
ASSOCIATION OF GOVERNMENTS RURAL DEVELOPMENT SELF HELP  
PROGRAM.**

The Southeastern Utah Association of Governments Rural Development Self Help Program provides two things. 1) New home construction. Three to four families get together and do a lot of sweat equity on the homes. 2) Rehab of existing homes. Purchasing homes that are known to need repairs. This helps people get into homes when they otherwise wouldn't be able to. People would apply with AOG. Commissioner JR Nelson made a motion to approve a letter of support for Southeastern Utah Association of Governments Rural Development Self Help Program. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**(8)**

**CITIZEN CONCERNS**

Chad Booth from "The County Seat" talked about the program which airs on Channel 4 and rebroadcast on KOAL free of charge. The program is carried throughout most of the state and covers a variety of topics. There are about 34,000 viewers per week. He indicated that he had 2 requests. 1) To start each program with the pledge of allegiance presented by school children throughout the state. The Commissioners indicated they felt that was a good idea. 2) Mr. Booth asked for ideas of topics that need to be covered. The Commissioners indicated that they could come up with a list of topics that they felt are important.

Gary Richens, Green River City Councilman and citizen indicated that he has heard it said that Green River EMT's are whiners. He wanted to know if that is how the County feels. Commissioner Horrocks stated, NO, that they are part of the Emery County EMT's and feels like

5

**Minutes of the Board of Emery County Commissioners

**SEPTEMBER 17, 2012**

Present at the meeting was Commission Chairman Jeff Horrocks, Commissioner Laurie Pitchforth, Commissioner JR Nelson, Attorney David Blackwell, Clerk/Auditor Brenda Tuttle, other elected officials and citizens.

Commissioner Horrocks thanked everyone for attending the meeting. Captain Kyle Ekker gave a presentation on photographs taken from the flooded areas in Huntington Canyon. The photos show areas that will have problems for the next three to five years.

**(1)**

**DISCUSSION OF NRCS GRANT APPLICATION AND PROJECT DESCRIPTION.**

Commissioner Horrocks stated that a meeting was held last week. Pam Juliano, Representing Jim Matheson's Office, spearheaded that meeting. Representatives from the NCRS, State Emergency Coordinator, Emery County Emergency Management, and other agencies and county officials attended the meeting. Pam Juliano gave an update that a section of Forest Service road is ERFOR which means the expenses could be reimbursed at up to 100%. The paperwork process has begun. The NCRS offered a grant of \$150,000 specifically to clean debris out of the river. This meeting is a follow up with the County to put a project plan together. Ms. Juliano apologized to anyone that was left out of the first meeting. Emery County has signed the agreement with NCRS to be the host agency for the \$150,000. There is a required match of \$50,000 that can be in kind donations.

Huntington Mayor Hillary Gordon told the Commission that she feels all of the agencies need to be united on what is done. The first estimates to remove the log jam in the river are about \$700,000. Huntington City is willing to donate the required match for the grant.

The objectives from the last meeting were:

- 1) Secure culinary water to Huntington City.
- 2) Protect Bridges
- 3) Clean out debris

The objectives have changed to : 1) Removal of debris which will in turn protect bridges.

Wayne Urie, NCRS, stated that it is the County's responsibility to set the project scope.

2

Commission Meeting  
September 17, 2012

Discussion continued on what type of permit would be required from the Corps of Engineers in either rerouting the river or cleaning out the debris. A permit generally takes 60-120 days. A request could be submitted to expedite the request. Captain Ekker suggested that the County pick a project and get started while they continue to pursue other funding sources.

(2)

**APPOINTMENT OF LEAD AGENCY AND PROJECT MANAGER.**

**COMMISSION/ELECTED OFFICIAL REPORTS**

***Commissioner Nelson***

Commissioner Nelson made the public aware of a FEMA report created by the Sheriff's Office. The report details the impact of the Seely fire and subsequent flooding. The report discusses the need for involvement of all agencies. Commissioner Nelson attended a meeting where the public lands bill was presented to San Pete County. UAC held a training in Midway. The Commission approved a grant from the NCRS that had to be in by September 17, 2012. Emery County will be involved with Huntington City to remove debris and clear the river channel. Four Corners Mental Health has a new director. They appointed Karen Dolan. Commissioner Nelson also attended meetings with the Board of Health. There was a lot of information and training. There are a lot of requirements coming to local governments from federal and state legislation.

***Commissioner Pitchforth***

Commissioner Pitchforth attended the UAC training in Midway. The training is a great opportunity to learn from other counties and commissioners. Commissioner Pitchforth toured Huntington Canyon to view the damage from the fire. A preconstruction meeting was held for the Buckhorn Bridge project. Commissioner Pitchforth thanked Kent & Julie Wilson for catering the lamb fry that was held recently. She also thanked Al Shakespeare for providing entertainment. Commissioner Pitchforth attended a Recreation District Meeting last night. Gaylee Jeffs resigned as the Director and Jake Atwood was selected as the new Director.

***Commissioner Horrocks***

Commissioner Horrocks attended a meeting at UAC on jails. The State of Utah is considering building a new prison. It was agreed that the Counties should put together a list of available beds that could house minimum security inmates. Then the State could build a smaller facility for high risk inmates. Discussions also took place on RS2477 roads and Title V applications. A lot of the road no longer have the evidence necessary to substantiate a claim. It needs to be decided which roads can still be defended. Commissioner Horrocks attended a Rocky Mountain Power meeting concerning the new power transmission lines. Mike McCandless as chair of North Emery Water Users Association gave Commissioner Horrocks a tour of the damage to their equipment and pump stations as a result of the Seely fire. The Commissioners attended Melon Days. It is always a well attended event.

**COMMUNITY COVENANT INTRODUCTION BY SRC RYAN PALMER, UTAH NATIONAL GUARD, CONSIDERATION AND APPROVAL OF EMERY COUNTY COVENANT SIGNING.**

SRC. Ryan Palmer, Utah National Guard came before the Board of Commissioners to present the Community Covenant Program. In 2008 the program was expanded to include all military service members who live in that community. The introduction of this program is actually an opportunity to showcase and put a name to the program. A liaison needs to be appointed to be the community resource for support of service members and their families. They have partnered with Utah State University to provide webinars to broadcast lectures and information to service members and families.

Commissioner JR Nelson stated that he was impressed with the program. He indicated that he recently attended the covenant signing ceremony in Ferron City. He stated he felt it was a very patriotic program and was impressed with the fact that they are soliciting support for veterans.

Commissioner Laurie Pitchforth stated that this program is very near and dear to her heart and hoped that, as a county we don't let the program fall between the cracks. She stated that she was impressed with what they are doing.

Commissioner Jeff Horrocks stated that as a veteran himself he understands the need for the program in the communities.

**COMMISSION/ELECTED OFFICIALS REPORTS.**

*Commissioner Nelson*

Commissioner Nelson reported on attended a town hall meeting where Senator Hatch spoke. Emery County Aquatic Center Director Shannon Hiatt has been attending training this past week where he received modern pool specifications training. Commissioner Nelson attended a Resource Development meeting in Green River where they discussed weed management in the four corners area. Regarding the budget process that the Commissioners just completed he commented that it was a traumatic and difficult process. He thanked all the departments for their efforts. Commissioner Nelson will be attending a Centrally Assessed meeting tomorrow at UAC headquarters. Kathleen Clark will be meeting tomorrow with those involved with the Emery County's Public Lands Bill and it's progress with legislators. He also reported on a recent emergency NRCS meeting where funds in the amount of \$150,000.00 was made available in the form of a grant to mitigate the recent damage to Huntington Canyon from the fire and eventual flooding in the canyon. The commissioners were being pressured to submit the application for the grant before mid September. Huntington City is also pursuing funds to help with the clean-up efforts. Many trails, campsites, proposed campsites were wiped out. Streams and creeks were altered and blocked by debris. Soil was wiped out down to bed rock. Heavy snow pack this winter could mean massive damage and devastation to not just Huntington Canyon but also Huntington City. The heavy hitters from NRCS were here to help do something immediately. This will be an ongoing effort for the next few years.

*Commissioner Pitchforth*

Commissioner Pitchforth expressed joy at being back up stairs after the recent infiltration of bats in the courthouse. She thanked the IT department for their help in moving everyone downstairs until the cleanup was complete and then moving everyone back to their offices upstairs. She thanked UDOT and Nielson Construction for the wonderful new road into Ferron. The Buckhorn Bridge painting project is complete. The fly in at Huntington Airport was a fun event. She is currently involved in work on the purchasing policy. October is Domestic Violence Awareness month. She recently attended CIB meeting with Commissioner Horrocks where Emery County Local Building Authority was successful in acquiring a grant to assist in construction of a new Weed & Mosquito Facility. USU Extension held Festive Friday last week. She encouraged everyone to attend. She talked about the efforts of the local Lions Club. They are in the process of combining the various town chambers into one. The club is in need of new members. Civic service clubs such as the Lions Club have been around for a very long time and are a very important part of community service by providing help to the blind in our communities and scholarships and other service projects. She encouraged everyone to help in the efforts to find

8

new members to serve.

*Commissioner Horrocks*

Commissioner Horrocks reported on the CIB funds the Local Building Authority was successful in acquiring for the new Weed/Mosquito Facility. The grant was for \$427,000.00. J&T will be the engineers on the project and notices on bid work will go out soon. The fly in at Huntington Airport was a fun event. There was 1 mishap however. A plane from the Young Eagles caught an updraft and spun out with two young girls on board. The pilot was very talented at controlling the aircraft and diverting danger. About 98 young people were given free flights that day. There were approximately 60 to 65 aircraft participating. These pilots fly into back country airstrips for these kind of events all over the country. There has been extensive work done at the Huntington Airport with more improvements to come next year. UAC Military task force has an ongoing effort similar to the National Guard Community Covenant Program but on a state wide basis. He stated that we will always be indebted to our veterans.

(2)

DISCUSSION AND CONSIDERATION OF MIKE AND CHERYL NELSON'S REQUEST TO  
RECLASSIFY THE COUNTY ROAD THEY LIVE ON FROM A D TO A B ROAD.

Road Supervisor Wayde Nielsen stated he received a letter from Mike and Cheryl Nelson requesting the road on Highway 29 that accesses their home be reclassified as a B Road. Wayde indicated that grading the road, as a D Road is at the discretion of his department. If the road is reclassified he would be required to grade it and be paid through Class B funds. Farmers use the road to access irrigation, XTO uses it to access their wells. Commissioner Laurie Pitchforth made a motion to keep the road classified as a D Road for now. The motion was seconded by Commissioner JR Nelson. The motion passed.

(3)

CONSIDERATION AND APPROVAL OF AMBULANCE WRITE-OFFS FOR MARCY MIYASAKI, MIKE GREENAN, MARK LUCE AND JACOB T. OLSEN.

The Commissioners reviewed the request from each individual and determined that none of them had made an attempt to make any payments. Commissioner Laurie Pitchforth made a motion to deny the requests for write-offs for Marcy Miyasaki, Mike Greenan, Mark Luce and Jacob T. Olsen. The motion was seconded by Commissioner JR Nelson. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF CHANGE ORDER #1 TO SUPERIOR SECURITY SERVICES' CONTRACT FOR ADDITIONAL WORK ON THE EMERY COUNTY JAIL CONTROL UPGRADE FOR \$19,687.25.

Sheriff Funk indicated that additional work was needed on the County Jail Control Upgrade. They found several places that needed additional security. This is an additional \$19,687.25 to the contract for Superior Security Services. He indicated that this additional amount is still under the original budgeted amount for the project. Commissioner Laurie Pitchforth made a motion to approve Change Order #1 to Superior Security Services' contract for additional work on the Emery County Jail Control Upgrade. The motion was seconded by Commissioner JR Nelson. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF MASTER SOFTWARE SUBSCRIPTION AGREEMENT AND TERMS OF SERVICE WITH BARZ ADVENTURES, INC. FOR SAN RAFAEL COUNTRY APP.

Emery County Travel Bureau Director Tina Carter indicated that Attorney David Blackwell has reviewed the contract and suggested a few changes to the company. He indicated that the company welcomed the changes. The contract is now ready for final approval and signing. Commissioner JR Nelson made a motion to approve a 1 year contract with BarZ Adventures, Inc. for San Rafael County App. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(6)

DISCUSSION AND REVIEW OF NRCS AGREEMENT REQUIREMENTS AND DETERMINATION OF RESPONSIBILITY FOR SAID REQUIREMENTS. CONSIDERATION AND APPROVAL OF ACTION TAKEN.

The Commissioners reviewed and discussed the NRCS Agreement requirements for assistance with the flooding issues in Huntington Canyon due to the Seely Fire. Commissioner Horrocks indicated that the NRCS may have additional funding through grants. The county needs to decide if we are going to proceed with further grant application or turn it over to the Emery Water Conservancy District. Commissioner JR Nelson expressed concern that if the county applied for further funding the county's part would be over \$250,000.00. He suggested that this was a water users issue and they should be active in applying for further grants and running the projects. Commissioner Pitchforth indicated that she felt the County should stay with the existing agreement and did not feel comfortable committing the county to any additional funding amount. The county needs to consult with the Water Conservancy District and stay proactive in this issue to mitigate future problems. Commissioner Horrocks indicated that the county has been in discussions with Johansen & Tuttle Engineering regarding the administration of the work to be done in Huntington Canyon. The Commission office does not have the staff to administer the grant work as it is very extensive and time consuming. Brenda Tuttle indicated that during the discussions of this grant it was agreed to have Kyle Ekker and Jan Luke do the grant work as the Emergency Management Team. Commissioner Horrocks agreed that Kyle Ekker as the Program contact and Jan Luke as his assistant need to pick up the work on the grant and agreed that any additional work needs to be moved to the Water users group. Huntington City has applied to CIB for funding to mitigate issues in the city limits. Commissioner JR Nelson made a motion to complete the Emery County EWP FY2012 Seely Fire Project #5088 FA Grant Agreement in the amount of \$150,000.00 and the Emery County EWP FY 2012 Seely Fire Project #5088 TA Grant Agreement for administrative costs in the amount of \$15,000.00 with Kyle Ekker as project manager and Jan Luke assisting in the paperwork and to approach Emery Water Conservancy District or other water users group to be the recipient organization for any additional funding. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF RESOLUTION TO ANNEX PORTIONS OF CASTLE DALE CITY, CLAWSON TOWN, CLEVELAND TOWN, ELMO TOWN, EMERY TOWN, FERRON CITY, HUNTINGTON CITY AND ORANGEVILLE CITY INTO THE DISTRICT; PROVIDING NOTICE OF INTENT TO ANNEX AND INVITING PUBLIC COMMENT; AND RELATED MATTERS.

Jacob Sharp, Castle Valley Special Service District indicated that they started the process two weeks ago. He was brought to his attention that a few towns were left off the list. The maps

have now been updated from 2009 until now to add the properties that fell between the cracks. The public hearing that was scheduled for December 18<sup>th</sup> will need to be pushed forward to January. Commissioner JR Nelson made a motion to approve a proposal for a Resolution to annex portions of Castle Dale City, Clawson Town, Cleveland Town, Elmo Town, Emery Town, Ferron City, Huntington City and Orangeville City into the district and provide notice of intent to annex and invite public comment. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

CONSIDERATION AND APPROVAL OF CHANGE ORDER #4 ON THE BUCKHORN INFORMATION CENTER.

Collin Fawcett, Engineer for Jones and DeMille Engineering reviewed change orders for the Buckhorn Information Center. He indicated that change order #4 was created to mitigate a cash flow issue regarding the purchase of the benches for the lecture area. Jones and DeMille Engineering decided that in order to expedite and keep the project moving along that they would purchase the benches to be installed. CO #5 finalizes the project and requests reimbursement for the purchase of the benches. Commissioner Horrocks asked if they had a receipt for the purchase of the benches. Mr. Fawcett indicated that they do have the receipt. The Commissioners requested a release of lien from Jones and DeMille Engineering releasing Emery County from any further liability on the Buckhorn Information Center. Commissioner JR Nelson made a motion to approve Change Order #4 and Change Order #5 upon receipt of a copy of the receipt proving purchase of the benches and a release of lien from Jones and DeMille Engineering. Lake to Huntington City. Several entities are involved in this project. At this time they are in the financial assistance phase of the project. The money has been placed in the budget. They are requesting to start step 1 of a multi-step process and go ahead with the funding process.

Commissioner Horrocks asked Mr. McCandless if he had a time frame for the project. Mike indicated that typically these type of projects take about two years to complete. Commissioner Nelson commented that he felt this was good for the county and for tourism. Commissioner Pitchforth also felt it was good for the county as well as Huntington City. Commissioner Laurie Pitchforth made a motion to approve of a Fiscal Assistance Agreement between Utah Division of State Parks and Recreation and Emery County for Huntington State Park Trail System- Phase II. (11)

DISCUSSION AND APPROVAL OF LETTER TO BE SENT TO PRESIDENT OBAMA AND THE DEPARTMENT OF THE INTERIOR IN REGARDS TO OPPOSITION OF A RECENT PROPOSAL FOR A 1.4 MILLION-ACRE NATIONAL MONUMENT IN SOUTHEASTERN UTAH.

Commissioner Nelson prepared a letter to be sent to President Obama and Secretary of the Interior Ken Salazar opposing the recent proposal for a 1.4 million-acre National Monument in Southeastern Utah. One hundred ninety-six thousand of those proposed acres would be in Emery County. This citizen-group proposal ignores the legislative process which includes input from local citizens, elected officials, and other stakeholders. In the past eight years, Emery County has developed a proposed Public Lands legislation that is the work of the resource users of public lands in the county. This has been a long, labor-intensive process involving a great number of stakeholders. There have been many field trips, meetings and discussions. It is a collaborative effort by many different parties and wide variety of opinions from the users of public lands. Emery County believes a grass-roots, county-by-county approach to special land designation is the correct way to establish public land policies and designations in a county that is 95% public lands. UAC also sent a similar letter that was signed by chairmans in all twenty-nine counties in Utah. Commissioner JR Nelson made a motion to approve sending a letter to President Obama and Secretary of the Interior Ken Salazar with regards to the opposition of a recent proposal for a 1.4 million-acre national monument in southeastern Utah. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner JR Nelson made a motion to approve the Wildland Fire Budget between Emery County and Utah Division of Forestry, Fire and State Lands FY 2013. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(13)

CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING THE PERSONNEL POLICY OF EMERY COUNTY, UTAH.

Personnel Director, Mary Huntington reviewed amendments to the Personnel Policy. The amendments were regarding regular part-time employees with regards to medical insurance benefits as well as addressing leave time for employees. Commissioner JR Nelson made a motion to approve resolution 12-18-12A amending the personnel policy of Emery County. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

(14)

EMERY COUNTY SWIM TEAM, DISCUSSION OF AQUATIC CENTER TEMPERATURE AND REQUIREMENTS FOR HIGH SCHOOL SWIMMING. CONSIDERATION AND DEVELOPMENT OF A PLAN TO MANAGE THE POOL TO COMPLY WITH REQUIREMENTS.

Commissioner JR Nelson made a motion to establish a committee to develop a plan to manage the pool to comply with requirements for a high school swim team. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

Commissioner JR Nelson made a motion to move into a public hearing to receive public comments regarding issues as advertised and upon completion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Laurie Pitchforth. The motion passed.

**PUBLIC HEARING TO RECEIVE PUBLIC COMMENT regarding the opening and amending the 2012 budgets for the Emery County General Fund, Special Revenue Funds, Capital Projects Funds, Local Building Authority, and Castle Valley Special Service District.**

Clerk/Auditor Brenda Tuttle presented the 2012 amended budget for the Emery County General Fund, Special Revenue Funds, Capital Projects Funds, and Local Building Authority. She explained that this is a result of the budget after the year is over due to the fact that mineral lease funding is never budgeted for until it actually comes in. There was added revenue from tax assessment. The Local Building Authority paid off a bond on the Sheriff's Building saving one million dollars over the life of the loan/bond.

Jacob Sharp, Castle Valley Special Service District reviewed their amended 2012 budget.

**PUBLIC HEARING TO RECEIVE PUBLIC COMMENT regarding the proposed 2013 budgets for the Emery County General Fund, Special Revenue Funds, Capital Projects Funds, Local Building Authority, and Castle Valley Special Service District.**

Clerk/Auditor Brenda Tuttle presented the proposed 2013 budget for the Emery County General Fund, Special Revenue Fund, Special Projects Funds and the Local Building Authority. Commissioner Nelson commented that the budget process is a long, arduous process. Commissioner Horrocks commented that the budget process is an extensive process. We have to consider requests for funding from various entities and project requests from departments. We have to prioritize and cutback and not everyone gets what they want. Brenda works hard to keep the county balanced. He expressed his gratitude to Brenda for her expertise in this field. Brenda Tuttle commented that we do try very hard to keep the budget balanced that is why it is such a hard process.

Jacob Sharp, Castle Valley Special Service District presented their proposed budgets for 2013 for their General Fund, Debt Service Fund, Capital Projects Fund.

**PUBLIC HEARING TO RECEIVE PUBLIC COMMENT regarding proposed tax increase by imposing a judgement levy to pay back property taxes to Pacificorp for Emery County, Emery Water Conservancy District, and Castle Valley Special Service District.**

Clerk/Auditor Brenda Tuttle explained that the judgement levy increase is to pay back property

COMMISSION MEETING MINUTES  
DECEMBER 18, 2012

taxes to Pacificorp in the amount of \$319,310.00 which is Emery County's portion of an order from the Utah State Tax Commission. Of this amount 84% will be paid back by centrally assessed properties. She explained that Emery County has been fighting this appeal for six years and we did not win. Pacificorp won a 1 million dollar tax appeal which is spread out to several taxing entities. Using a judgement levy to pay back the counties portion is a wise thing for the county to do compared to writing a check for the amount owed. Its twenty percent on the tax payer vs one hundred percent on the county. The tax impact on a \$110,000.00 residence will be \$10.16 per year and the impact on a business having the same value as the average residence in the taxing entity will be \$18.48 per year. We recoup 80% from the entity we lost the battle with doing it this way. The total refund amount for Emery Water Conservancy District is \$28,030.00 and for Castle Valley Special Service District it is \$131,442.00.

Commissioner Horrocks asked if there were any questions or comments from the public. There were no questions or comments.

(15)

LEE MOSS, REPRESENTING SAN RAFAEL CONSERVATION DISTRICT. UPDATE OF ACTIVITIES AND PROJECTS.

Lee Moss, representing San Rafael Conservation District provided an update of activities and projects. The Department of Agriculture has asked that local districts visit county commission meetings so that you know what we are doing and offer any service we can to the community. Our goal is to preserve our natural resources. Our mission is to identify local resources and needs and

COMMISSION MEETING MINUTES  
JANUARY 8, 2013

to provide support to append resources to address those needs. He added that they work in partnership with state, federal management conservation agency to educate and offer the technical and financial resources and plan to complete conservation projects. The board sends their appreciation for cooperation they have had with the county. He reviewed a previous year's project in Lawrence. In order to collaborate our resources in the future they have compiled a document titled Emery County Resource Needs Assessment. This document has been put together by their district along with the Department of Agriculture and Food, and NRCS to identify needs and goals for public lands and our public resources. It identifies these priorities :

- Water, use of and water quality
- Soil, erosion and salinity
- Energy Development
- Range Land for public grazing and public permitting
- Fish and Wildlife management and predator control

As a board they asked that the Commissioners look over the document and in the future if you see an opportunity to work with the NRCS, the State Department of Agriculture and Fish and Wildlife, we would like to be an venue to help put together a plan for resources for our communities.

Commissioner Nelson commented that this group helps the farmers and provide a service to many people in the county.

Commissioner Horrocks thank their group for the great service they provide to communities in Emery County.

Commissioner Migliori asked about the wind zone. Mr. Moss addressed the wind zone in Spanish Fork and wind farms.

Phil Fauver asked how their organization addresses weed control in the county. Mr. Moss stated that they work together with other organizations to provide education to combat weeds.

(8)

EMERY COUNTY HISTORICAL SOCIETY-DISCUSSION AND APPROVAL OF WAIVER OF THE FEE FOR USE OF THE MUSEUM OF THE SAN RAFAEL FOR MEETINGS.

Evelyn Huntsman, President of the Historical Society and Suzanne Anderson, Vice President Elect, came before the Board of Commissioners to express concern for the future of fees that might be charged to hold their meetings at the Museum of the San Rafael. They are currently running on what they consider a verbal agreement that the MOSR will not charge them to use the museum. With the recent raise in fees being charged for use of the building they have heard that they may have to begin paying to use the building for their meetings. They are concerned because they are a non-profit organization with very little funds. She stated that they understand that Commissioners change, personnel changes, management changes, but they felt that this should be more than a verbal agreement. They felt that if they had something in writing, such as in the minutes, that we will not be charged to use the museum. Jan Petersen, a member of the board, stated that in their last board meeting they agreed that the Historical Society would not have to pay a fee to use the building. Commissioner JR Nelson indicated that they did discuss

COMMISSION MEETING MINUTES  
JANUARY 22, 2013

that and that he is also aware that they ( the Commission) are establishing a president, making it a public place to hunt up the information. But he is also aware that a Commission cannot encumber or speak for future Commissions. However, he is in favor of what they are doing. Commissioner Migliori suggested this could be an annual request to establish formality. It puts a burden on the Historical Society to come back each year to re-establish that relationship. Commissioner Ethan Migliori made a motion to approve an agreement between Emery County Commission and Historical Society on annual basis, that a representative of the Historical Society will attend the beginning meeting of each year to re-establish that agreement. The agreement will remain a verbal agreement that the Commission will waive the fees on the museum for the Historical Society, but ask that you( the Historical Society) abide by the regulations of the museum. The motion was seconded by Commissioner JR Nelson. The motion passed.

(9)

TRENTON BENNETT, DISCUSSION OF CONTRACTING FOR BUILDING INSPECTOR SERVICES FOR EMERY COUNTY.

Trenton Bennett, TC Builders came before the Board of Commissioners to discuss consideration of contracting for building inspector services for Emery County. Currently Mr. Bennett is under contract to do building inspections with Castle Dale City, Huntington, Orangeville, Ferron, Green River City and is in negotiations with Cleveland City. He indicated that he has had several people ask him when he will be able to do inspections in the county. He indicated he is here to day to ask the Commission to consider hiring him to do the County building inspections. Mr. Bennett indicated that he has seven years experience building in the county and has recently ceased construction and concentrates his time on doing inspections. Commissioner Migliori asked Mr. Bennett to state his qualifications as a building inspector. He indicated that he has seven of the certifications and has employees that have the other certifications. He indicated that his intentions are to personally get all the certifications required for inspections. Commissioner Horrocks asked Mr. Bennett if he has the plan review license. Mr. Bennett indicated that the state does not require it, but if the county requires it he will get it. He has not checked but thinks he may have someone who is willing to work for him that does have that certification. The Commissioners asked Mr. Bennett for a resume indicating all of his licenses, certificates and those who hold those certificates along with his experiences in the field. Mr. Bennett agreed to provide a resume but preferred to not disclose who hold the certificates at this time. He indicated he can provide the holder of the one certification he lacks at this time.

(10)

CONSIDERATION AND APPROVAL OF REQUEST TO WRITE-OFF PERSONAL PROPERTY TAX FOR RONDA WEBB AND MANUEL GONZALES IN THE AMOUNT OF \$80.45.

Commissioner Nelson indicated that it would be in the best interest of the County to write-off the personnel property tax in the amount of \$80.45 rather than take responsibility or possession of the property and have to find it, move it or dispose of it. Commissioner JR Nelson made a motion to approve the request to write-off personal property tax for Ronda Webb and Manuel Gonzales in the amount of \$80.45. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(11)

CONSIDERATION AND APPROVAL OF REQUEST TO WRITE-OFF PERSONAL PROPERTY TAX FOR KIM WARDLE IN THE AMOUNT OF \$127.36.

Commissioner JR Nelson made a motion to approve the request to write-off personal property tax for Kim Wardle in the amount of \$127.36. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner JR Nelson made a motion to move out of the regular meeting and move into a Public Hearing and at the conclusion of the Public Hearing to return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

**10:00 am- Public Hearing-** Public Hearing by the Emery County Board of Commission acting as the governing body of the Castle Valley Special Service District of a proposal to annex portions of Castle Dale City, Clawson Town, Cleveland Town, Elmo Town, Ferron City, Huntington City, and Orangeville City into the Castle Valley Special Service District.

Jacob Sharp, CVSSD addressed the public explaining the purpose of the Public Hearing. Jacob indicated that 2001 was the last time an annexation into the district was done. This annexation is supposed to be done every five years. However, with the retirement of Darrell Leamaster and the changing hands to a new director the annexation process was delayed. He indicated that he is here today to receive comment and questions regarding the annexation of properties that have already been annexed into the municipal boundaries of cities into the district to match up the boundaries. These annexed properties are already receiving services from the district. Those property owners will then begin paying the district tax. Attorney Eric Johnson added that after this Public Hearing there will be an additional fifteen day written comment period.

COMMISSION MEETING MINUTES  
JANUARY 22, 2013

Commissioner Horrocks asked for comments or question from the public.

Patsy Stoddard asked Jacob if a person who built their home outside municipal boundaries 10 years ago and has since been annexed into the city and has been receiving the services all this time will now begin paying CVSSD levied tax? Jacob indicated that they will now begin paying that tax.

Commissioner Nelson commented that people who receive water services outside of the service district actually pay a higher water fee to the city to compensate for not paying the District tax. A portion of that fee does go the district.

At the conclusion of comments and questions, the Commissioners returned to the regular meeting.

CONSIDERATION AND APPROVAL OF A RESOLUTION CALLING A PUBLIC HEARING AND GIVING NOTICE OF INTENT TO ISSUE GENERAL OBLIGATION BONDS IN THE MAXIMUM AMOUNT OF \$2,000,000 AND ESTABLISHING THE MAXIMUM INTEREST RATE, MATURITY AND DISCOUNT ON THE BONDS AND RELATED MATTERS.

Jacob Sharp, CVSSD and Eric Johnson, Bond Attorney for CVSSD reviewed a resolution calling for a public hearing on February 12, 2013 and giving notice of intent to issue general obligation bonds in the maximum amount of \$2,000,000.00 and establishing the maximum interest rate, maturity and discount on the bonds and other related matters. The District coordinates with mayors and councils of each of the towns in the county and they submit a list of projects to be done within the county. Jacob explained that CVSSD typically goes to CIB for funding of the projects. He indicated that they did not have much luck when they approached CIB for funding. CIB did offer CVSSD a loan at 2.5%. Jacob indicated that they have found a better interest rate of 1.93% through private funding. Mr. Johnson requested that the Public Hearing be called for February 12, 2013 at 9:00am or as it falls in the agenda. Commissioner JR Nelson made a motion to approve Resolution 1-22-13 calling for a public hearing on February 12, 2013 and giving notice of intent to issue general obligation bonds in the maximum amount of \$2,000,000.00 and establishing the maximum interest rate. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

COMMISSION MEETING MINUTES  
JANUARY 22, 2013

Phil Fauver commented that he felt that the museum is losing customers due to the fee amount that is charged to use the museum. Many non-profit entities are moving the Orangeville Community Center building to hold meetings because they do not charge non-profit entities to use their building. He indicated that he felt the Commissioners should look into how much is charged to non-profit entities.

Phil Fauver indicated that he would like to apply for the Weed/Mosquito and Public lands Council. Commissioner Horrocks stated he should get the applications for these boards from Leslie at the Commission Office or the Clerk/Auditor's Office.

(2)

PRESENTATION OF EMERY COUNTY EMPLOYEE OF THE MONTH

Commissioner Ethan Migliori stated that the Board of Commissioners had a desire to implement a program to recognize employees for the good things that they do for the county. The person they have chosen to be employee of the month for February is Dennis Fuller. Dennis started out as an independent contractor. He was hired full time by the county six years ago. Dennis works hard to keep the buildings functioning and safe. Dennis was presented with a plaque and \$20.00 business bucks to spend at a local business.

(3)

B. PAUL WEDDLE, DISCUSSION OF MILITARY TRAINING PROPOSALS INVOLVING EMERY COUNTY.

Colonel Robert Dunton of the Utah National Guard, Special Forces Command came before the Board of Commissioners to propose training operations in Emery County. He indicated that they are finding that their special operators are not getting the training that they need. They have developed a program to work with local authorities and public to provide the training they need. They have found Utah terrain favorable to providing the training they need to overcome hostile situations. General Burton assigned Colonel Dunton to come up with communities to work with. He indicated he started with Price City Mayor Piccolo and has moved out to the smaller communities. They will have four special force teams working from southern Emery County to northern Carbon County. These training missions will take place June 1<sup>st</sup> through the 18<sup>th</sup>. The tenth special forces group from Carbon County along with local volunteers and law enforcement will gain experience in irregular warfare. The HALO team will jump from 27,000 feet onto private land at the Castle Valley Ranch. They will build a guerilla base on DWR land and cross into Emery County. They will be utilizing the gun range in Carbon County for target practice. At no time during the training and operations in the county will the command be armed with live ammunition. He indicated that he has been working closely with Captain Ekker to coordinate areas in the county that would benefit their purposes. They will hold an open house on April 2, 2013 from 6pm until 8pm at the Price National Guard Armory to provide a broad spectrum

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

overview of their mission and purpose. He indicated that their number one mission is public safety. The missions will mostly take place in the dark, so chances are the public will probably never see them. However, there will be community participation. They will not be going door to door, doing surveillance on personal property, or carrying armed weapons. They anticipate that the mission will bring into the county and communities as much as \$30,000.00 while here. Bill Dellos asked if anyone can be involved. Kernel Dunton answered that welcome any involvement from the public. Jerry Stotler offered the help of the county's volunteer group. Jay Mark Humphrey asked if they will be involving the water systems in their training. Colonel Dunton answered that they have not included the water system as one of their scripted targets.

(4)

KEN BROWN, WESTERN COUNTIES ALLIANCE, PRESENTATION OF SERVICES, MEMBERSHIP AND ISSUES IMPORTANT TO COUNTIES.

Ken Brown, Western Counties Alliance came before the Board of Commissioners to provide an overview of services provided by the alliance. He talked about PILT funds, Secure Rural Schools payments, Sage Grouse, Wild Horse Burros, Public Lands transfer and membership. He indicated that their membership is growing. He asked for the county's participation and indicated that membership dues are \$4,500.00. However, he indicated he will send an invoice to which the county can participate based upon what fits with the county's budget.

(5)

GERRY STOTTLER, REPRESENTING THE EMERY COUNTY VOLUNTEER CENTER, REQUEST FOR DONATION TO OFFSET COSTS OF PLANNED ACTIVITIES.

Gerry Stotler and Jerry Stotler, Emery County Volunteer Center came before the Board of Commissioners to request a donation to offset the costs of planned events for 2013. They talked about their new website to post events taking place in the county. They will hold their annual Festival of Services on April 19, 2013 from 5pm until 9pm at the Recreation Center. All non-profit organizations as well as government entities are invited to participate to get information regarding services available in the county to the public. The cost to host a booth is \$10.00. They function under the Emery County Community Foundation. Any funds they receive are dispersed through the Foundation. Commissioner Horrocks asked Attorney David Blackwell if this qualifies as a eligible donation. Mr. Blackwell indicated that donations must be for the benefit of the county. He indicated that this does qualify. Commissioner JR Nelson made a motion to approve a donation of \$250.00 to the Emery County Volunteer Center. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 12, 2013

PRESENTATION OF EMERY COUNTY WEED/MOSQUITO BOARD REQUESTING  
DECLARATION OF RUSSIAN OLIVE AS AN EMERY COUNTY NOXIOUS WEED.  
CONSIDERATION AND APPROVAL OF RESOLUTION DECLARING RUSSIAN OLIVE  
AS AN EMERY COUNTY NOXIOUS WEED.

Dennis Worwood, Emery County Weed/Mosquito Board Member discussed a request to designate Russian Olive as an Emery County noxious weed. He explained that a noxious weed is defined as a species that has been introduced to the area, difficult to control, and the ability to spread and propagate. There are three classes of weeds. Class A is a weed not common to the area. Class B is more common. Class B is widespread, unlikely to control. He explained that designating Russian Olive as a noxious weed will open up possibilities for funding to mitigate the growth of the species. The County Commissioners have the authority to designate weeds as noxious within their jurisdiction. He explained that they have used beetles to control the Tamarisk along the streams with very good success. Now they are looking to eradicate the Russian Olive to keep it from taking the place of the Tamarisk instead of the trees and bushes native to the area. They have applied for funds from the Department of Agriculture but have been told they can receive as much as \$80,000.00 if the weed that they are looking to abate was declared a noxious weed by the county governing body. He indicated that Carbon County has already designated it as a noxious weed. The goal is to remove the Russian Olive from the waterways 100 feet boundary on each side of the stream. He emphasized that they will not be going on anyone's property to remove Russian Olive Trees without their permission.

Commissioner JR Nelson made a motion to adopt Resolution 2-12-13A declaring Russian Olive as an Emery County Noxious Weed as corrected. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner JR Nelson made a motion to move out of the regular meeting and into a Public Hearing to receive comment from the public regarding the issuance of general obligation bonds for the Castle Valley Special Service District and upon completion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

**PUBLIC HEARING- Acting as the governing body of the Castle Valley Special Service District, the Emery County Board of Commissioners calls this public hearing to receive input from the public with respect to the issuance of General Obligation Bonds (the Bonds) and the economic impact that the issuance of the Bonds will have on the private sector.**

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 12, 2013

**The bonds to be issues in the aggregate principal amount of not to exceed \$2,000,000 issued for the purposes of (i) improving, through purchase or construction or both, facilities for the collection and treatment of sewage; facilities used in connection with the acquisition, treatment, storage, transportation, and supply of water for domestic, industrial, secondary and other purposes, drainage and storm sewer facilities, including curbs and gutters; and transportation facilities consisting of roads, sidewalks and related bridges and viaducts; together with all necessary land, right-of-way, equipment and furnishings therefore, and including such legal, engineering, and fiscal agent expenses reasonable incurred in connection with the acquisition of such facilities in and for the district, and (ii) paying the costs of issuance of the bonds.**

Jacob Sharp, CVSSD accompanied by Alex Buxton, Zions Public Finance were present to address the public regarding the issuance of General Obligation Bonds and the economic impact that the issuance of said bond will have on the private sector. Jacob explained that the district went to the cities and towns for requests for projects. They then went to CIB for the typical funding of these projects. At CIB they were told that there was no money available and they were offered a 2.5% interest loan. The district felt that they could get a better rate if they went out for bonding. They received an offer of 1.9% from Zions. So they scaled back the projects and began the process to bond for the \$1,735,000 needed for the projects. In the mean time, Bevan Wilson ruffled the feathers of CIB as well as a well written letter from Jacob Sharp declining CIB's offer for a 2.5% loan resulted in CIB offering a 1.5% loan. Now with the CIB back on board, the District Board would like to go with CIB and ask that the Commission authorize the District Control Board to go with CIB or follow through with the Bonding process. He apologized for the confusion. This all came to pass the previous day and there was no time to warn the Commission of what was transpiring. Attorney David Blackwell indicated that as long as the loan process stays within the parameters and the amount does not exceed \$2,000,000.00 and as long as the way the process is worded on posting then the District will not have to come back to redo the public hearing.

Alex Buxton, Zions Public Finance reported that it was Jacob's letter to the CIB that triggered the CIB to take a second look at all applicants that were approved in their January meeting.

Randal Stilson asked when will the taxing of the citizens end?

Jacob indicated that the District works hard to provide a good service to the communities by utilizing the funds that they receive to the best effort. In 2009 the voters authorized a 12 million dollar levy over the next ten years to which the District goes to CIB to augment the money needed for these projects.

Commissioner Migliori stated that he understands the way these bonds work and is comfortable with the way CVSSD uses the money they have to work with.

FEBRUARY 12, 2013

The public hearing ended and the Commissioners returned to the regular meeting.

**CONSIDERATION AND ADOPTION OF A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH ACTING AS THE GOVERNING AUTHORITY OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH (THE ISSUER) TO AUTHORIZE THE ISSUER'S GENERAL OBLIGATION BONDS, SERIES 2013 (THE SERIES 2013 BONDS) IN THE APPROXIMATE AMOUNT OF \$1,735,000 FOR THE PURPOSE OF IMPROVING, THROUGH PURCHASE OR CONSTRUCTION OR BOTH, FACILITIES FOR THE COLLECTION AND TREATMENT OF SEWAGE; FACILITIES USED IN CONNECTION WITH THE ACQUISITION, TREATMENT, STORAGE, TRANSPORTATION, AND SUPPLY OF WATER FOR DOMESTIC, INDUSTRIAL, SECONDARY AND OTHER PURPOSES; DRAINAGE AND STORM SEWER FACILITIES, INCLUDING CURBS AND GUTTERS; AND TRANSPORTATION FACILITIES CONSISTING OF ROADS, SIDEWALKS, AND RELATED BRIDGES AND VIADUCTS; TOGETHER WITH ALL NECESSARY LAND, RIGHT-OF-WAY, EQUIPMENT AND FURNISHINGS THEREFORE, AND INCLUDING SUCH LEGAL, ENGINEERING, AND FISCAL AGENT EXPENSES REASONABLY INCURRED IN CONNECTION WITH THE ACQUISITION OF SUCH FACILITIES IN AND FOR THE DISTRICT; AUTHORIZING THE TAKING OF ALL OTHER ACTIONS NECESSARY FOR THE CONSUMMATION OF THE TRANSACTIONS CONTEMPLATED BY THIS RESOLUTION; AND RELATED MANNERS.**

Commissioner JR Nelson made a motion to approve Resolution 2-12-13B a resolution authorizing the governing Board of the Castle Valley Special Service to seek the lowest possible interest and money and to proceed with the transaction. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner JR Nelson made a motion to come out of the regular meeting and move into a public hearing to receive input regarding the mental health and substance abuse treatment needs in Emery County and at the conclusion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

**health and substance abuse treatment needs in Emery County.**

Karen Dollan, FCCBH addressed the public. She was accompanied by Jennifer Thomas and Rick Donavin. She stated that Emery County as the local authority for Four Corners is required to seek input from citizens to be used in the planning and development of mental health and substance abuse treatment. She stated that Four Corners was developed to provide safety net services and treatment services for the communities.

Bret Mills asked if there was some type of screening for bullying?

Mr. Donavin indicated that Lori Huntington is the prevention provider for Four Corners. She has several prevention programs going on in the schools.

Bill Dellos asked if they were working on gun control?

Mr. Donavin indicated that there is no reason to reduce rights. However, he indicated they do need to think about mental health and identify problems early and encourage people to bring an individual who may be at risk into treatment.

Commissioner JR Nelson commented that the board of directors is very active in supporting early intervention and prevention programs. They are very responsive to the citizens of all three counties.

The public hearing ended and they returned to the regular meeting.

(10)

**DISCUSSION/UPDATE OF SCOPE OF WORK IN HUNTINGTON CANYON DUE TO SEELY FIRE DAMAGE. APPROVAL OF CHANGE IN SCOPE OF WORK.**

Commissioner Horrocks indicated that after several meetings with all the entities involved that they would like to transfer the use of the \$150,000.00 funds from NRCS further up the canyon to just below the Forest Service boundary and try and build some diversions to stop sediment and large trees and debris from coming down the canyon. In doing this Emery Water Conservancy District has agreed to take on the log jam and work at the bottom half of the river. We are working with any entities that we can get involved that has anything to do with what happens on that waterway. NRCS is working on getting a grant which will depend on how much match money we can get from all the players. They had a meeting yesterday with all interested parties to try and mitigate problems before it gets to private land. Commissioner Nelson added that one of the proposals is to move it up stream creating debris basins that will collect debris and sediment. NRCS can use this as a restoration and restore the creek and will be more apt to provide additional funding. Commissioner Horrocks recommended authorizing the transfer of

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

the grant money from NRCS to be moved up the canyon instead of the log jam and allow the Emery Water Conservancy District to do the project. Commissioner Ethan Migliori made a motion to authorize the transfer of the grant funds from NRCS to be moved up the canyon instead of on the log jam and allow Emery Water Conservancy District to do the work. The motion was seconded by Commissioner JR Nelson. The motion passed.

(11)

CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN EMERY COUNTY AND EMERY COUNTY WATER CONSERVANCY DISTRICT FOR WORK ON THE LOGJAM IN HUNTINGTON CANYON.

The Emery Water Conservancy District and Emery County are interested in mitigating damage caused by the flooding in Huntington Canyon following the Seely Fire event. A mitigation project has been identified in the area known as the Richard Jensen lower farm where a log jam developed during several flood events. Emery County has the equipment and personnel to aid in the project and Emery Water Conservancy District has the funds available to hire an operator to help complete the project. A cooperative agreement between the two parties will authorize the district to use its funds as needed to hire an operator to place rip-rap material provided by the county to shore up and stabilize the Huntington Creek channel at the log jam site in accordance with the design provided by Johansen & Tuttle Engineering. Commissioner JR Nelson made a motion to approve of Cooperative Agreement between Emery County and Emery Water Conservancy District for work on the log jam in Huntington Canyon. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF AMENDMENT #1 FOR COOPERATIVE AGREEMENT 68-8D43-12-48 (TA) AND 68-8D43-12-49 (FA) FOR EMERY COUNTY EWP FY12 SEELY FIRE PROJECT (#5088).

Commissioner Horrocks explained that the amendment is for an extension of 60 days to move the project up the canyon.

Commissioner JR Nelson made a motion to approve amendment #1 for cooperative agreement 68-8D43-12-48 (TA) and 68-8D43-12-49 (FA) for Emery County EWP FY12 Seely Fire Project (#5088). The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner JR Nelson made a motion to approve an additional credit card for the Emery County Travel Bureau as discussed. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(14)

DISCUSSION OF HORN MOUNTAIN LEASE PROPOSAL FROM AT&T AND APPROVAL OF COUNTER-PROPOSAL.

Communications Director, Bret Mills discussed a Horn Mountain lease proposal from AT&T. Attorney David Blackwell reviewed the proposal. He explained that AT&T proposed to lease space at Horn Mountain for \$1,000.00 lump sum signing renewal plus \$100.00 more per month extending the permitted use to allow us to let them sub-let. The concern is that they may sub-let to someone we don't want there or that they make money from the sub-let. Bret indicated that the original lease from 1991 allowed for sub-let upon approval of the County. David Blackwell suggested that Emery County offer a counter proposal stating that county approval is required for any sub-let and if they make money from the sub-let that they share a percentage of the profit with Emery County.

(15)

DISCUSSION AND APPROVAL OF NECESSARY REPAIRS TO CORRECT SEWER PROBLEM AT THE JUSTICE CENTER.

The Board of Commissioners discussed needed repairs at the Justice Center regarding the sewer system in the jail area. The needed repairs to the system will cost approximately \$1,280.00. There is money in the jail budget to cover the needed repairs. Commissioner JR Nelson made a motion to approve needed repairs to the sewer system at the Justice Center. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(16)

DISCUSSION AND APPROVAL OF PERSONNEL CHANGES IN THE JUSTICE COURT.

Personnel Director, Mary Huntington discussed personnel changes in the Justice Court. Due to changes in the Green River Justice Court, workload will increase for the Castle Dale office. Calls will be transferred from Green River office during the hours of 12:00 through 5:00 each day. (Most of the Green River citations are handled by phone paying with credit card, etc.) Both of the clerks in the Green River office will need extensive, ongoing training which will require one of the clerks from the Castle Dale office working with the clerks in Green River. One of the

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Nelson*

Commissioner Nelson reported on attending UAC where he spent a great deal of time with legislators where they discussed issues of importance to our county. He reported that the emergency location designated for school kids at Castle Dale Elementary is the County Courthouse. It was decided that was too far for the kids to walk and have changed that designation to the Aquatic Center. He thanked all the volunteers who are willing to serve on boards in the county.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

*Commissioner Migliori*

Commissioner Migliori reported that the Green River Golf Course has purchased clubs that will be available for rentals. The Fair Committee has started their planning process for the 2013 Emery County Fair. The Rodeo Committee is working to correct problems that they have experienced with the rodeo in the past. The Miss Emery Pageant has been delegated to the Recreation District under the direction of Patsy Stoddard and Julie Jones. They are working on mitigation efforts to correct recent flooding concerns at the Recreation District building. Historic Preservation Commission has funds to do one more sign. The Trails Committee has funds to complete a small segment of a trail by Huntington Lake.

Discussion Agenda

(1)

ITEMS PULLED FROM THE CONSENT AGENDA

Nothing.

(2)

BILL BATES, DWR, PRESENTATION OF PILT PAYMENT AND DISCUSSION OF WILDLIFE ISSUES PERTINENT TO EMERY COUNTY.

Bill Bates, DWR, came before the Board of Commissioners to the Commissioners a check in the amount of \$2,751.30 for the year 2012 contractual in-lieu tax payment on land the Division of Wildlife Resources owns in Emery County. The money used to pay the in-lieu tax is provided by hunters and anglers in Emery County and across the state. Mr. Bates added that many Emery County residents participate in hunting and fishing, and most enjoy seeing wildlife in their communities. Landing a striped bass, tracking a world-class elk, or discovering hummingbirds in the backyard- these are just a few of the ways your constituents enjoy their time in the outdoors. At the Utah Division of Wildlife Resources (DWR), we are grateful to the state's hunters and anglers for their support and enthusiasm. With that in mind, we are committed to providing your county with even more wildlife opportunities in the years to come. He informed

the Commissioners of the Division's plan to stock Electric Lake with Kokanee Salmon sometime this year.

(3)

PATRICIA CLABAUGH, BUREAU OF LAND MANAGEMENT , INFORMATIONAL DISCUSSION OF APPLICATION FROM UTAH AMERICAN ENERGY INC. REQUESTING TO RELINQUISH LEASE(S) AT NORTH CRANDALL MINE.

Patricia Clabaugh, Field Manager, Price Area BLM, and Steve Rigby Assistant over Coal Leases came before the Board of Commissioners to inform the Commissioners of Utah American Energy, Inc.'s request to relinquish leases at the North Crandall Mine. These are leases from 1942, 1944 and 1946.

Randal Stilson asked if they were relinquishing all their leases?

Mr. Rigby indicated that they are only relinquishing the ones on the north. UAE intends to continue to mine on the south.

Bill Dellos asked if the BLM was supportive of restrooms in Straight Canyon? Straight Canyon is heavily visited by rock climbers from around the nation. There have been many request for restroom facilities.

Ms. Clabaugh indicated that they have not seen any proposal for restrooms. She did not have a clear answer. Ray Petersen indicated that the Forest Service is looking at a possible restroom facility in Cottonwood Canyon.

(4)

CONSIDERATION AND APPROVAL OF LOW INCOME PERSONAL PROPERTY TAX ABATEMENT FOR GARTH/RUTH BURNETT.

A low income abatement request from Garth and Ruth Burnett was reviewed. Commissioner Ethan Migliori made a motion to abate 50% of the taxes for Garth and Ruth Burnett. The motion was seconded by Commissioner JR Nelson. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF MODIFICATION #5 FOR LAW ENFORCEMENT

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 26, 2013

AGREEMENT #11-LE-11041000-004 BETWEEN EMERY COUNTY AND MANTI-LASAL NATIONAL FOREST.

Attorney David Blackwell indicated that the modification is to add fire management language to the agreement. Commissioner Ethan Migliori made a motion to approve modification #5 for Law Enforcement Agreement #11-LE-11041000-004 between Emery County and Manti-LaSal National Forest. The motion was seconded by Commissioner JR Nelson. The motion passed.

(6)

DISCUSSION AND APPROVAL OF DONATION TO WESTERN COUNTIES ALLIANCE.

The Board of Commissioners discussed a donation to participate in Western Counties Alliance. Mr. Brown attended a past meeting requesting the County participate in the Alliance by way of a \$4,500.00 donation. However, he added that the County can determine the amount of participation based on what they can manage from the budget. Commissioner Migliori felt that the alliance does do a good thing. However, he stated he is not willing to participate at the level that the Alliance is requesting. He added that we have similar participation from other means. He felt it would not hurt to be involved at some level. He stated he has mixed feelings. Commissioner Nelson agreed with Commissioner Migliori. Emery County pays a subsidy to UAC for similar services. Commissioner Horrocks had some concerns and also felt it could not hurt to participate at some level. Commissioner Nelson stated he felt like \$500.00 is a good amount. Ray Petersen indicated that he looked on the internet for information on Western Counties Alliance and the newest information he could find was dated 2006. However, the Commissioners and Ray Petersen continue to receive email from WCA. Commissioner JR Nelson made a motion to contribute \$500.00 from dues & contributions to participate in Western Counties Alliance accompanied by a letter stating the Commissioners concerns. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF REQUEST FROM EMERY COUNTY HOUSING AUTHORITY TO ABATE PAYMENT IN LIEU OF TAXES.

John Sehestedt, Executive Director of Emery County Housing Authority requested the Board of Commissioners consider waiving the in lieu of taxes payment. He stated that resources are limited at this time. Recent legislation has cut back on annual subsidy eligibilities at lower than full percentages causing a strain on the agency finances and ability to serve the public. The PILT amount due is \$2,365.58 which is generated by rental income from low income housing complexes in Castle Dale and Ferron, less the calculated utilities and expense for the year. He added it is not uncommon practice for sponsoring entities such as county government to waive payments in lieu of taxes. Commissioner Migliori stated he was not inclined to put the county at

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 26, 2013

risk by abating some taxes in light of the audit that will be discussed on the next agenda item. Commissioner Horrocks talked about discussions from the last board meeting where concerns were addressed regarding the \$150,000.00 still owed for the recent renovations. Emery County put money up front for the renovations and has yet to be reimbursed. We are still waiting for information from a labor dispute between CDBG and the Federal Labor Commission. It was suggested that this be tabled until we get an answer from CDBG. Commissioner JR Nelson made a motion to table any decision on this matter until we get an answer from CDBG regarding the \$150,000.00 or until the matter is resolved. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(8)

CONSIDERATION AND APPROVAL OF RECOVERY AGREEMENT BETWEEN THE  
EMERY COUNTY HOUSING AUTHORITY AND THE UNITED STATES DEPARTMENT  
OF HOUSING AND URBAN DEVELOPMENT AND EMERY COUNTY COMMISSION.

Commissioner Horrocks reported that the Housing Board met recently with a HUD representative from Denver. The ECHA has been in financial and physical trouble for some time. They are currently working towards correcting problems plaguing the HA. Attorney David Blackwell reviewed the Recovery Agreement between the Emery County Housing Authority and the United States Department of Housing and Urban Development and the Emery County Commission. He pointed out his issues with the agreement. It is pretty straight forward, pointing out what they can and can not do. The HA has agreed to do what is asked and has been in the process since 2011. Mr. Blackwell stated that he did not see a problem with the agreement and that, frankly, we do not have a choice. Commissioner Horrocks, as chairman of the HA board indicted that the board had not been active for several years. Currently the board is very active and has stepped up to assume some responsibility. They are moving forward with things. Renovations are up to snuff and hope to get the HA up to a good standard. It is the hope of the board to have the units up to a good standard as soon as possible. He agreed that the agreement does need to be proofread. Commissioner JR Nelson made a motion to accept the contract with HUD and suggest that they proofread and revise the contract. Commissioner Migliori commented that after reading through all this, his concern is that if they are wanting to lock into a contract then it means they want something done. It means this is serious business. When we go into this contract, if obligations are not met, the HA board needs to understand the implications of that. Mr. Sehestedt needs to understand that this is not going to be taken lightly and that the burden will be placed on his shoulders. He needs to please, make sure that it is handled correctly so that the county does not assume any more obligation with this. He asked that Mr. Sehestedt please express his feelings to the board. With that said, Commissioner Migliori seconded Commissioner Nelson's motion. Commissioner Horrocks commented that the HA board is now an active board and is very interested in the financial status and physical condition of the rental units. The HA board has made some changes and made Mr. Sehestedt aware that if some major changes are not made, that he may not be here, the board may not be

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 26, 2013

here. The HA board is now actively working very hard to make sure the housing units are properly maintained and operated and that the financial end of the business is properly run. The motion was read again. The motion was passed by all Commissioners.

(9)

CITIZEN CONCERNS

Randal Stilson expressed his desire to see the new Cottonwood Creek Irrigation pond in Orangeville be stocked with fish and allow access for handicap. He asked for the Commission support to consider this.

Commissioner Nelson expressed his opposition due to the fact that fish find their way into the pressure valves jamming the irrigation system.

Bill Dellos expressed concern for the fees that the Museum of the San Rafael charges to use the building for functions. He stated he felt the fees were too high. He added that the Republic Party just held their annual Lincoln Day Dinner at the Orangeville Old Firehouse because they were not charged a lot to use the building. He stated they would have liked to use the MOSR because it is bigger and more formal.

Commissioner Migliori stated he has the same concern and will be addressing this issue in the next Museum board meeting.

Commissioner Migliori informed the public of an upcoming Business & Technology Innovation Competition. It will be on Friday, April 12, 2013 at 2:00 p.m. at the USU Eastern Student Center in Price. The competition is open to Carbon, Emery Grand and San Juan businesses and residents. There will be prizes.

John Sehestedt expressed his concern for the negative image of him that has been portrayed in this meeting. He reviewed the recent renovations and upgrades at the rental units. He talked about the financial scoring system.

COMMISSION/ELECTED OFFICIALS REPORTS

*Commissioner Nelson*

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
FEBRUARY 26, 2013

Commissioner Nelson reported on a recent meeting with Aging and Nutrition and the ramifications of President Obama's proposed raise in the minimum wage. It would cost the Aging & Nutrition program an additional \$20,000.00 a year. He talked about federal government and how much Emery County relies on pass through money.

Sheriff Funk talked about the efforts from the BLM Resource Committee regarding funding to mitigate the debris flow as a result of the fire and flooding issues in Huntington Canyon. They were helpful and easy to work with. He talked about the entities all working together for a good purpose. He stated it was a positive effort and they are hopeful they will get some funding.

*Commissioner Migliori*

Commissioner Migliori reported on the Recreation Special Service District and their efforts to upgrade the Huntington Ball Complex. They talked about what could be done with what they have should funding not come through from CIB. He reported that the Emery County Business Chamber is healthy and doing well. They will have a lunch and learn on March 21, 2013 in the evening. Lt. Governor Greg Bell will be the speaker. He talked about a recent meeting with GOED regarding their refinery project in Green River. This would be a huge boost for the citizens in Green River. He reported that all the funding has been acquired for the trail from Huntington Reservoir to Huntington City. This will help create more recreation opportunities for the citizens of Emery County. Commissioner Migliori also talked about efforts to get natural gas to the communities who currently do not have that service.

*Commissioner Horrocks*

Commissioner Horrocks reported that he has spent the majority of his time working with the HA board and the Recovery plan. The board is actively taking action to get things done. It is time consuming and sometimes irritating. However, when done Emery County can be proud of the housing status here. He reported on working with Veterans and the benefits of volunteering in Emery County.

(2)

PRESENTATION OF EMERY COUNTY EMPLOYEE

Employee of the month was presented to Bret Mills. Bret is instrumental in making Emery County Communications one of the best and most up to date in the State of Utah. He also volunteers on Search and Rescue and spearheaded the ham radio club in Emery County. Bret was presented with a plaque, certificate and Emery County Bucks to use at any business in Emery County.

(3)

CONSIDERATION AND APPROVAL FOR THE TREASURER TO WORK WITH TAXPAYERS REQUESTING TO ENTER INTO A 2013 MAY TAX SALE DEFERRAL AGREEMENT.

Steve Barton, Emery County Treasurer reviewed the May Tax Sale Deferral Program. He explained that at the four year mark the property the delinquent property owner is sent notice that their property would be subject to a tax sale. Emery County wants to do all we can to help the taxpayer resolve the delinquency. The property owner is told about the deferral program which is a written agreement between the owner and Emery County that gives them until November 30, 2013 to pay the balance. If the balance is not paid by November 30<sup>th</sup> then the property is placed on sale. At this time Mr. Barton had one requested agreement from Green River KOA. Commissioner JR Nelson made a motion to allow the Emery County Treasurer to work with the taxpayers requesting to enter into a 2013 May Tax Sale Deferral Agreement. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF SETTLEMENT AGREEMENT BETWEEN

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MARCH 12, 2013

EMERY COUNTY AND THE BANKRUPTCY TRUSTEE REGARDING C.W. MINING  
COMPANY CHAPTER 7 BANKRUPTCY PETITION.

Attorney David Blackwell discussed the settlement agreement between Emery County and the Bankruptcy Trustee regarding C.W. Mining Company. He explained that the tax assessment for 2008 had the company valued at 44 million dollars and 2009 43 million dollars. The company filed bankruptcy in 2010. The trustees filed a protest of the 2008 and 2009 taxes with the State Tax Commission. This issue has been in negotiations for two years now. It was agreed to keep the 2009 valuation at 44 million dollars and reduce 2009 to 21 million dollars. This will allow Emery County to do a tax levy on the 2009 valuation. The problem is this issue is in two different courts. It is in the State Tax Commission on one side and bankruptcy court on the other side. Timing is an issue to allow us to get the tax levy on this year. Commissioner JR Nelson indicated this would be similar to what was done with Pacificorp. This will have a great affect on the citizens of Emery County and the other taxing entities if we do not do a tax levy. Commissioner JR Nelson made a motion to accept the settlement agreement between Emery County and the bankruptcy trustee regarding C.W. Mining Company Chapter 7 Bankruptcy petition. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(5)

APPROVAL OF LETTER OF SUPPORT FOR SB277 GREEN RIVER ENERGY ZONE 1<sup>ST</sup>  
SUB.

Commissioner JR Nelson reviewed Senate Bill 277 Green River Energy Zone 1<sup>st</sup> Sub. He stated that a letter was not necessary but just to be on record in support of energy development in Emery County. He stated that SB277 is a position bill and or a substitute bill. Since energy production is the basic source of mineral lease money as a county we support it. Many of the programs we operate in Emery County are managed with mineral lease money. So yes, we support it. There is no change in the way energy is developed in Emery County. There is no affect to grazing, recreation, water storage, wildlife habitat, archeological rights, etc. Commissioner JR Nelson made a motion for Emery County to support SB277 Green River Energy Zone 1<sup>st</sup> Sub. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF 2013 EEO REPORTING AND AFFIRMATION

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

ACTION PLAN FOR EMERY COUNTY.

Personnel Director Mary Huntington reviewed the 2013 EEO Reporting and Affirmation Plan for Emery County. She explained that this is a U.S. Census and employee data base often used by the Sheriff's Office to apply for grants. Commissioner Ethan Migliori made a motion to approve of 2013 EEO Reporting and Affirmation Action Plan for Emery County. The motion was seconded by Commissioner JR Nelson. The motion passed.

(7)

REQUEST FROM PLANNING COMMISSION TO SET A PUBLIC HEARING TO RECEIVE PUBLIC COMMENT ON A PROPOSAL LEVEL 3 CONDITIONAL USE PERMIT FOR EMERY REFINING, LLC TO OPERATE A MICRO-REFINERY AND ASSOCIATED RAIL SYSTEM IN THE INDUSTRIAL PARK IN GREEN RIVER, UTAH AND APPROVAL TO ADVERTISE.

Economic Development Director Michael McCandless explained that the application from Emery Refining, LLC is a large scale facility and as such is required to go through the normal process to qualify for a Level III permit. This process requires approval from the Planning Commission as well as a Public Hearing and final approval from the Emery County Commission.

Mr. McCandless requested the setting of a Public Hearing and possible final approval of a Level III permit for Emery Refining, LLC to operate a micro-refinery and associated rail system in the Industrial Park in Green River, Utah and approval to advertise. Commissioner JR Nelson made a motion to set a public hearing for April 9, 2013 at 10:00 am to hear comments from the public regarding a Level III conditional use permit for Emery Refining, LLC pending prior approval from the Planning Commission. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(8)

CONSIDERATION AND APPROVAL OF LIZ NIELSON TO FILL AN EXPIRED TERM ON THE EMERY COUNTY HOUSING BOARD.

Commissioner Ethan Migliori made a motion to approve of Liz Nielson to fill an unexpired term on the Emery County Housing Board. The motion was seconded by Commissioner JR Nelson. The motion passed. The term will end January 2014.

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Migliori*

Commissioner Migliori reported on attendance at Board meeting for the Museum of the San Rafael. The Pioneer Museum will have an anniversary this year which the board plans to use to promote the Pioneer Museum. At some time the Pioneer Museum had been removed from in front of Castle Dale City Hall. Joel Dorsch will see that it gets put back up. He attended COG meeting where the mayors discussed discrepancies in the animal control ordinance and how animal control is handled in each municipality. The Emery County Fair Committee is moving along with fair plans. So far they are looking at a carnival and a ocean exhibit with sting rays. They are trying to step outside the box and find some cool things for the fair this year. He reported on attending the Trails Committee meeting where they discussed the trail system around Millsite. They are working with BLM and State Parks to combine some of the trails.

*Commissioner Nelson*

Commissioner Nelson reported that the Emery County Libraries are quite modern and up to date. The Board and Librarians are very concerned that the facilities are well maintained. There has been an issue at the Cleveland Library where there is minimal parking available. They are working on a plan to find funds to add parking there. Aging and Nutrition has expressed concern for what could happen to that program as a result of the recent federal government sequester. He talked about the \$150,000.00 for the work on the creek bottom. The requested money to mitigate

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
MARCH 12, 2013

flooding this spring was chopped in half. They are waiting to hear what will happen there. The Aquatic Center season pass numbers are up this year. Rural representation at the legislature is shrinking. Lt. Governor Greg Bell will be in the county to speak at the Emery County Chamber Banquet and Award Night at the Recreation Center. Commissioner Nelson is working on getting him here earlier in the day to take a tour of the San Rafael.

*Commissioner Horrocks*

Commissioner Horrocks reported that the Housing Board is working extensively on the units to bring them up to good standard. On March 8<sup>th</sup> he attended a meeting on the Seely Fire. US FS expressed concern that rumors are going around that they let the fire burn at Seely Creek. They want it known that they did not allow it to burn. They simply did not have all the necessary resources to contain the fire. High winds allowed mother nature to get the upper hand on the fire. He added that the Sheriff's Department was heavily involved in helping to get a handle on the fire. They talked about control burns and how in areas where they have had control burns , containing the fire was much easier and they do help with containment. They will be having another Seely Canyon mitigation meeting next week. Emery Water Conservancy District has completed the work on the log jam at the Richard Jensen property. Spring runoff will start soon. Time will tell if flooding will be an issue this spring. Warm days are coming this week.

(4)

CONSIDERATION AND APPROVAL OF RESOLUTION TO DISSOLVE THE EMERY COUNTY AMBULANCE ADVISORY BOARD.

Commissioner Horrocks indicated that the Emery County Ambulance Advisory Board was created by Resolution on August 11, 2009 to assist the Sheriff's Department with coordinating the Emery County Ambulance. He indicated that the board has been inactive for a while. A request was made to dissolve the board. Sheriff Funk questioned who made the request to dissolve the board. No one seemed to know who made the request. The Commissioners asked Sheriff Funk what was in the best interest of the Sheriff's Department and the Ambulance Department with regards to the advisory board. Sheriff Funk indicated that he liked having citizens from the communities involved with the ambulance but he did not like that the board members were set up to be paid. Commissioner Migliori suggested bringing this matter to the Council of Governments which consists of the mayors from the cities and towns of Emery County. He stated he like the idea of having the mayors have some ownership or investment in the ambulance service of the county that serves the communities. Commissioner Horrocks recommended dissolving the existing board and at some future date re-establish an Ambulance Advisory Board that will be more proactive, potentially function with the COG. Commissioner JR Nelson made a motion to dissolve the existing Ambulance Advisory Board and at a future date re-establish an Ambulance Advisory Board that will be more proactive and function with

CONSIDERATION AND APPROVAL OF 2013 MAY TAX SALE DEFERRAL AGREEMENT FOR TRAVIS R. ROBISON, DANIEL W. CAMPBELL, GREEN RIVER KAMPGROUND AND MICHAEL HURDSMAN.

In the last Commission Meeting Treasurer Steven Barton requested approval allow delinquent tax payers the option to apply for the May Tax Sale Deferral Agreement. This allows the tax payer an extended amount of time to pay the taxes to avoid having their property sold at the tax sale. Travis R. Robison, Daniel W. Campbell, Green River Kampground, LLC and Michael Hurdsman have requested the deferral. Commissioner Horrocks indicated that he is comfortable with the arrangement Mr. Barton has made with these taxpayers and recommends approval. Commissioner JR Nelson made a motion to approve 2013 May Tax Sale Deferral Agreements for Travis R. Robison, Daniel W. Campbell, Green River Kampground, LLC and Michael Hurdsman. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF REQUEST FROM EMERY COUNTY HOUSING AUTHORITY TO ABATE PAYMENT IN LIEU OF TAXES.

Commissioner Ethan Migliori indicated that this item was on the last Commission Meeting agenda and was tabled at that time. He indicated that he wanted an opportunity to look into what other counties may have done with this issue. After conferring with other county officials it was his recommendation to deny the request. Therefore, Commissioner Ethan Migliori made a motion to deny the request from Emery County Housing Authority to abate payment in lieu of taxes. The motion was seconded by Commissioner JR Nelson. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Nelson*

Commissioner Nelson reported meeting and listening to Lt. Governor Greg Bell as he attended the recent Emery County Business Chamber Dinner and Awards night on March 21<sup>st</sup>. Commissioner Nelson stated that he was impressed that Emery County had a nice airport in Huntington for Lt. Gov. Bell to land his plane. Castle Valley Special Service District has approved a plan to do a lot of work in the county this year. He mentioned one project was looking into the water in Ferron City. Normal water softeners won't soften Ferron City water. CVSSD will be looking into this issue. Emery Recycling is moving along with their project. Congressman Jason Chafetz is scheduled to be in the county soon. A tour of the County is being planned. Commissioner Nelson commented that he has encountered several visitors to the Joe's Valley area who are here for the boulder climbing in Straight Canyon. He has met people from Canada, Germany, Guatemala, Mexico City, and United Kingdom as well as many more places.

*Commissioner Migliori*

Commissioner Migliori reported on Economic Development's Retail Business Program. He indicated that there is already a system in place to help industrial businesses, but the retail business owner is struggling to grow in Emery County. This program will help new businesses

with sign/advertising issues. They plan to work with the cities to help strengthen and develop businesses in their communities. He reported that Marc Stilson is working on a state and national level to enhance Desert Lake. The hope is to enhance Desert Lake's amenities and make it more attractive to visitors who may want to learn about the birds that inhabit the lake area.

The Recreation Board is moving along on the 2013 Fair.

*Commissioner Horrocks*

Commissioner Horrocks reported on attending Castle Country Partners meeting where they discussed tourism and how it affects local budgets. He encouraged every department to work diligently to keep their budgets in check. He reported on the progress of the new Weed/Mosquito building. When the new facility is completed, the old facility will be torn down and the area reclaimed for some future use. He reported that during the morning Department Head meeting Ray Petersen reported that DOGM was scheduled to be here on Thursday. However, out of respect for the family of Elam Jones who was recently killed in a collapse at the Rhino Mine they have rescheduled the meeting. He reported that his thoughts and prayers are with the family of Elam Jones.

(4)

10:00 A.M. - PUBLIC HEARING TO RECEIVE PUBLIC COMMENT AND INPUT ON A PROPOSAL FROM EMERY REFINING, LLC FOR A LEVEL III CONDITIONAL USE PERMIT TO OPERATE A MICRO-REFINERY AND ASSOCIATED RAIL SYSTEM IN THE INDUSTRIAL PARK IN GREEN RIVER, UTAH.

Hank Diesel, Emery Refining and Mike McCandless Emery County Economic Development were present to present a proposal for a Level III Conditional Use Permit to operate a micro-refinery and associated rail system in the Industrial Park in Green River, UT. Mike McCandless explained that this process began about 20 months ago. The Level III permit is required due to the associated rail system that is included with the proposal. The company had previously looked at other locations including other states. Several decisions lead them towards Green River, UT. They were looking at an alternative site but quickly became aware that there was not enough property to do the rail system. They were hooked-up with property owners who had enough property and began negotiations to acquire the land they needed to extend the rail system. The property is situated less than 200 yards from I-70 which provides them with some transportation options fairly unique for their project. A Level III Conditional Use Permit requires the approval authority of the County Commission. Prior to this time the application has already been through an initial review process. The Planning and Zoning Commission has recommended this application be approved. It is now ready for the Commission to accept, reject or modify the recommendations of the Planning and Zoning Commission.

Hank Diesel, Investment Banker from Houston, Texas representing Emery Refining, LLC explained the project. He first wanted to thank Mayor Brady of Green River City and Mike McCandless, Economic Development as well as the help they have received on a State level from many departments. Utah is a business friendly state. They have received many very helpful comments and suggestions that have improved the project. The determination of this hearing today will allow them to start turning some dirt which they look forward to doing this summer. They had looked at a lot of different places to put the refinery. However, Green River had the best location partly because of the availability to a rail system but also the crudes that are available in the region. Utah has a unique crude and will allow them to do some very interesting things from a processing stand point. Also, the refinery will be the biggest employer of the two facilities that will be there. Refining has been around for over a hundred years. This will be a new, state of the art facility. It will be dramatically different from a technology stand point. It will be a simple facility with a very small footprint. There are three phases to the project. First will be the rail spur to provide transportation to local producers. There will be a terminal and rail facility to get stranded crudes from out of the basin to markets. This allows them to get into business sooner hopefully in 12 to 14 months. While they are completing the construction of the first refinery which is 10,000 barrels per day crudes. The final project is 5,000 barrels per day of specialty refinery of the black and yellow wax crudes. 50% of the barrel will be paraffin wax and lube oil. The project is fully funded at \$250 million dollars. Condition upon approval of the permit they are ready to move forward. The first phase will bring significant employment during

COMMISSION MEETING MINUTES  
APRIL 9, 2013

the extended construction phase well over 24 months. This project will provide a huge tax base. Their objective is have the majority of these employees from the state of Utah and locally. It is less expensive than shipping people in. Current estimates will have over 2/3 of the budget will be local content. Once up and running employment will increase in stages. By the time they have the rail facility on board they will have about thirty employees. Not all will be working at the terminal. There will be an extended training period until they have the first oil on the first refinery. The next point will get to about 75 people. Ultimately they expect to have 125 employees due to the fact that more hands will be required to prepare the wax and ship it out.

Commissioner Horrocks opened the floor to questions and comments from the public.

Mayor Brady commented that Green River City is for the project. They have been in constant contact with Mr. Diesel and Mr. McCandless for some time now. They city is excited for the aspects of the refinery and what it will bring to the city. He wanted to go on record as being in support of the project.

Tom Mullins, Manager of Capital Resource Development. Mr. Mullins asked where you will be getting the employees? He stated that his observance of the Green River City area is that there are not many local employees available. Will you be bringing people in from the region or all over the state?

Mr. McCandless indicated that his department has put them in contact with local firms and companies that already have a presence there. Emery Refining, LLC has a prime contractor who Emery County Economic Development will be linking with to put them in touch with local firms and companies during the construction phase of the project. His office will also be working closely with Work Force Services to help provide the training they will need.

Patsy Stoddard asked what kind of skills are they going to be looking for? Mike indicated that during phase I, construction phase they will need pipe fitters, crane operators, concrete workers, etc. Mr. Diesel indicated that during phase II they will be training people to be operators to maintain pumps. There will be fork lift operators and other task specific jobs. There are a handful of highly technical positions that will not be on site. Sales and marketing will be in Houston. Plant manager will be here.

Steve Barton asked what the wage will be? Mr. Diesel explained that the salaries are better than most. Benefits and bonuses are better than most. Mike explained that an incentive has been offered by the State to make this project happen. Wages have to be at the minimum 125% of the average county wage. These are post production incentives. They do not get a nickel until they actually build the facility, hire people and start producing. They will then they start getting money back from the state.

Steve Barton asked for a brief explanation of what they will actually be doing at the facility.

6

COMMISSION MEETING MINUTES  
APRIL 9, 2013

Mr. Diesel explained that the rail will start out serving third party producers. This will save producers money in transportation of their product. In other words they will be a logistics company allowing people better access to markets. At the refinery they will be taking crude oil, extracting properties to make different products. It will be a big still.

Commissioner Horrocks asked if there were anymore questions or comments?

There were no more questions or comments. Therefore, the Public Hearing was closed and the Commissioners returned to the regular meeting.

(5)

CONSIDERATION AND APPROVAL OF LEVEL III CONDITIONAL USE PERMIT TO OPERATE A MICRO-REFINERY AND ASSOCIATED RAIL SYSTEM IN THE INDUSTRIAL PARK IN GREEN RIVER, UTAH.

Commissioner JR Nelson commented that one of the things we have to do is follow state statute very closely. It is a very structured process. This has been very well done. There have been hearings on air quality and other requirements and conditions met. Mike commented that they will have to keep all their state and other permits current and they will have to provide a copy of such permits to the county. They are required to inform the county when any condition changes. There is bonding provided for reclaiming should that need to take place.

Commissioner Ethan Migliori commented on the potential business opportunities that this will bring to the county.

Commissioner Jeff Horrocks commented that he is comfortable with the outcome of the Planning and Zoning Boards recommendation.

Commissioner Ethan Migliori made a motion to approve a Level III Conditional Use Permit to Emery Refining, LLC to operate a micro-refinery and associated rail system in the Industrial Park in Green River, Utah as recommended by the Emery County Planning and Zoning Commission. The motion was seconded by Commissioner JR Nelson. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Migliori*

Commissioner Migliori reported on attending a meeting with Victor Iverson from Senator Lee's Office where they discussed Public Land and other county issues regarding Emery County's proposed Public Land Bill. Mr. Iverson will relay Emery County's feelings and concerns to Senator Lee. He reported on the Recreation Special Service District. He stated Jake Atwood is doing a fantastic job as the new director of the Recreation SS District. Jake is progressive in his ideas and use of funds effectively and efficiently.

*Commissioner Nelson*

Commissioner Nelson reported that he and Ray Petersen participated in a guided tour of the San Rafael for people from Representative Jason Chaffetz's office. There was also a person from Representative Rob Bishop's Office who attended the tour. He felt positive about the discussions and comments. He stated it was good to have them on the ground and actually see the places we as a county are so passionate about.

He reported that the seventh graders from San Rafael Jr. High recently visited the courthouse receiving an understanding of county government and functions of various offices in the county.

*Commissioner Horrocks*

Commissioner Horrocks reported working with Johansen & Tuttle Engineering on the project in Huntington Canyon to put in a catch basin to mitigate the potential flooding issues this spring. They developed a good partnership with the various entities working on the project. It is important that we have something in place before the runoff begins.

The Commissioners met with DOT where they discussed funding cuts. They discussed SR10 road improvements north of Ferron and SR 6 towards Green River as well as other anticipated projects. They also discussed the Moore Road Phase 10.

9

COMMISSION MEETING MINUTES

(2)

CONSIDERATION AND APPROVAL OF REQUEST TO WAIVE/REDUCE AMBULANCE FEES FOR LOIS J. DORRELL.

Commissioner JR Nelson stated that he is of the opinion that the Commission should not automatically reduce or waive fees. Commissioner Ethan Migliori stated his concern with where the application originates from and how it is passed out. Leslie Bolinder informed the Commissioners that Emery County came up with the form. JCI Billing is the company that Emery County is contracted with to manage ambulance billings. She indicated that she was not sure how JCI Billing handles the application process. However, she felt that this application was incomplete. There has been no attempt to pay anything on the bill. Commissioner Jeff Horrocks indicated that the fact that there has been no attempt to pay anything causes him concern as well. He asked what options do we have? Leslie indicated that the Commissioners have several options to consider. Reducing the amount due, setting up a payment schedule for the balance is one option. Commissioner JR Nelson indicated that he does not have a problem with that option. Leslie pointed out that there seems to be no attempt to collect from an insurance of any kind. Why wasn't Medicaid or Medicare billed considering the age and disability of Ms. Dorrell. She

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

suggested that the Commissioners may want to investigate and find out more about the situation. Commissioner Ethan Migliori made a motion to table this matter to allow time to investigate the situation. The motion was seconded by Commissioner JR Nelson. The motion passed.

(3)

CONSIDERATION AND APPROVAL OF ENGINEERING CONTRACT WITH JOHANSEN AND TUTTLE ENGINEERING FOR A PROJECT KNOWN AS HUNTINGTON CANYON LOG JAM PROJECT.

The work on the Huntington Canyon Log Jam Project has been done by Emery Water Conservancy District. The engineering for the project has been referred back to Emery County for payment. Commissioner JR Nelson indicated that the county got a good deal on this project and felt the payment of this by the County is justified. Therefore, Commissioner JR Nelson made a motion to approve of an engineering contract with Johansen & Tuttle Engineering for the project known as the Huntington Canyon Log Jam Project. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF AMENDMENT TO SECTION 11-4-2 OF THE EMERY COUNTY ZONING ORDINANCE.

Attorney David Blackwell indicated that a Public Hearing is needed for an amendment to the Zoning Ordinance. Therefore, Commissioner JR Nelson made a motion to set a public hearing to receive public input on an amendment to Section 11-4-2 of the Emery County Zoning Ordinance for May 14, 2013 at 9:30 am. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF THE ADDITION OF THE SAN RAFAEL RIVER AND MUDDY CREEK WATERSHEDS STUDY AS AN ADDENDUM TO THE EMERY COUNTY GENERAL PLAN.

Attorney David Blackwell indicated that a Public Hearing is needed for the addition of the San Rafael and Muddy Creek Watersheds Study as an addendum to the Emery County General Plan. Therefore, Commissioner JR Nelson made a motion to set a Public Hearing for the addition of the San Rafael River and Muddy Creek Watersheds Study as an addendum to the Emery County General Plan for immediately following the public hearing for an amendment to the Emery County Zoning Ordinance previously set for May 14, 2013 at 9:30 am. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF SPECIAL USE PERMIT FOR BOARDING  
HOUSE RIDGE COMMUNICATION SITE.

Pay Petersen, Public Lands indicated that this application is on behalf of the Communications Department. He stated that this site is on the boarder of Carbon and Emery Counties and was previously permitted by a private citizen who relinquished the permit. Emery County Communications Department (Bret Mills) was anxious to obtain this permit. Mr. Petersen advised the Commission to sign the permit with the USFS. He indicated that this has been a year and a half process. Attorney David Blackwell has reviewed the permit and recommended signing the permit agreement. Commissioner JR Nelson made a motion to approve of a Special Use Permit for Boarding House Ridge Communication Site. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

CITIZEN CONCERNS

Economic Development Director, Mike McCandless was asked to provide an update of two new prospective business projects in the county. Mr. McCandless reported on Emery Refining, LLC in Green River City. They are within days of having the air quality permit signed. This is the final stage to procurement of the property that they need. Huntington Tire Recycling is a business that shreds tires and turns it into a diesel fuel. They have been through the Huntington City Planning and Zoning process. They expect to be operating by late May early June.

Bill Dellos discussed a movement by a group to take away the caucus process for placing candidates on the election ballot. The group wants to allow any and all who file for office to be on the ballot. He indicated that this would be taking away some of our rights as well as the amount of money it would cost for additional campaigning and more primaries. He indicated that we need to get back to grass roots when it comes to elections.

(8)

COMMISSION/ELECTED OFFICIAL REPORTS.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

He reported on the 2013 Emery County Fair Committee's progress. They are finalizing details for the fair and are looking for local talent/entertainment. Contact Jake Atwood at the Recreation SSD for more details.

He reported that during UAC Conference they received information regarding a state level plan for Sage Grouse. They are using Emery County's Land Use Bill to assist in the planning.

*Commissioner Horrocks*

Commissioner Horrocks reported on his time spent in Washington, DC where he and Public Lands Director, Ray Petersen met with legislators regarding Emery County's proposed Land Use Bill. He talked about plans for a multi-county land use bill. He stated that he would not be opposed to a multi-county land use bill as long as it did not interfere with the progression of the County's bill. He talked about how important it is to go to Washington often to meet with legislators to keep the efforts going.

9:30 AM - PUBLIC HEARING TO RECEIVE PUBLIC INPUT REGARDING AN ADDITION TO THE INDUSTRIAL ZONE REGULATIONS IN THE EMERY COUNTY ZONING ORDINANCE

Economic Development Director, Mike McCandless reviewed the addition to the Industrial Zone regulations of the Emery County Zoning Ordinance. This particular change is to address situations where we have a separate mineral rights holder underground than we have on the surface for any activity that affects the county. This ensures that there is a process in place so that there is not conflict between these two holders.

The change to Industrial Zone Regulations are proposed as follow:

11-4-2 Major Underground and Surface Mine Developments

(c)

- (iii) no mine, mine portal, open pit mine or any other mining operation may operate within 250 feet of approved or existing structures not owned by mineral estate holder. The owner of an approved or existing structure may choose to waive the 250 foot buffer; however, the operator of the mining operation will be required to operate within the requirements of the existing structure's conditional use permit and the associated limitations of that permit.
- (iv) no mine, mine portal, open pit mine or any other mining operation may operate inside the boundaries of an active Transportation Easement such as an RS2477 claimed road, a county road, a state highway or railroad. Valid and existing Utility Easements such as water lines, electrical transmission, sewer and telecommunications must be avoided when possible. The applicant for the mining operation shall bear the expense of relocation of these easements if necessary.

11-4-3 Industrial Projects

COMMISSION MEETING MINUTES  
MAY 14, 2013

(e) Restricted Uses

Once an area is approved for a Conditional Use Permit as an Industrial Project, all activities not directly related to the active Conditional Use Permit including mining, drilling, oil and gas exploration, sand and gravel or other conditional uses will become subject to the requirements of the exiting conditional use permit. The Commission may elect to deny other activities on the permitted area if it is determined the new activity will negatively impact the community or the economic sustain ability of the county.

Planning and Zoning Board Chairman, Mac Huntington commented that they do recognize that the drilling companies do have the right to extract the resource, although they may not have the surface right. The intent is to mitigate the problem before it comes up.

Mike commented that from an Economic Development side it can become problematic for a company as a surface right holder to obtain financing if there is not a process in place that gives the lender a feeling that the investment they make is not going to be disturbed in the future.

Commissioner Nelson commented that this will facilitate development in the area.

Mike added that the guidelines are workable for both parties. We don't want to ever have a negative impact on the drilling, coal exploration, gravel or sub surface rights. We do want to have a process in place that will protect them.

This ordinance only deals with the Industrial Zone. This specifically deals with large scale investments such as power plants, refineries, etc.

Commissioner Horrocks asked for any comments or questions.

Since there were no additional comments the Commission closed the public hearing and returned to the regular meeting.

Commissioner JR Nelson made a motion to leave the regular meeting and move into a public hearing to receive public input regarding the San Rafael River and Muddy Creek Water Study by an addendum to the Emery County General Plan. Upon ending the public hearing we will return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

9:45 AM- PUBLIC HEARING TO RECEIVE PUBLIC INPUT REGARDING THE SAN

RAFAEL RIVER AND MUDDY CREEK WATER STUDY BE AN ADDENDUM TO THE EMERY COUNTY GENERAL PLAN.

Mike McCandless commented on the study. Going back a few years the Public Lands Committee in the process of reviewing the public lands bill developed a number of sub committees. One of these sub committees was a water resources sub committee. During that process of reviewing the issues for the county it became clear that they needed to do an analysis of the current water situation to make a full report. A partnership was created between NRCS, Emery County Public Lands Council, Water Resources Sub Committee, Emery Water Conservancy District, Utah Division of Wildlife Resources and Utah Division of Water Resources to prepare watersheds study. Funding was retained to put together this very comprehensive process taking over a year. Once the report was completed it was presented to and approved by the Public Lands Committee and Emery Water Conservancy District . It was forwarded to the Planning and Zoning Commission as a potential item to be included in the Emery County General Plan. The purpose for including it in the General Plan is that would by the rules that the federal government follows under NEPA guidelines when they are doing NEPA documents they are required to consult with the County General Plan when they are considering activities that occur on public land. The Planning and Zoning Commission agreed that it made a lot of sense to this document in the County General Plan because it would then force the federal land managers to factor in these items when they are making decisions on NEPA actions. The areas addressed in the study are Water Budgets and Hydrologic Models, Current and Projected Water Demands, Innovative Water Management Strategies, Opportunities for Additional Surface Water Storage, Water Quality Assessment and Improvement Plan, Managing Aquatic Wildlife to Avoid Future Conflict. This has been reviewed by the Planning and Zoning Commission who voted to forward the document to the Commission for addition to the County General Plan. It does require a public hearing to add the document to the County General Plan.

Mac Huntington added that this is a necessary thing to have in the County General Plan. He applauded the efforts of the Lands Council and all those who helped with the development of this document.

Ray Petersen commended all the players in preparing this document. It is a valuable and useful tool to incorporate into the County General Plan.

Mike added that in their process with the Planning and Zoning Commission he wanted to report they did have a significant amount of discussion about the fact that this does not cover the Green River Water Shed. Judy Ann Scott who represents Green River on the Planning and Zoning Commission he committed to her that he would report that this plan does not cover the entire county with this particular plan. One of the challenges is that the Green River Water Shed really isn't in Emery County for the most part. It goes into Wyoming and Colorado. It is very challenging to do the same type of document. It will require a separate process.

COMMISSION MEETING MINUTES  
MAY 14, 2013

Jay Humphrey commented on the agriculture community's investment into the water projects in the last 15 years in Emery County. This plan is the first step to recognizing what we have, what can develop, if there is anything to develop. It gives us some guidelines. It is an important document.

Commissioner Horrocks commented that this is an important document to the citizens of Emery County.

Since there were no more comments the Commissioners closed the public hearing and returned to the regular meeting.

(6)

CONSIDERATION AND APPROVAL OF AMENDMENT TO SECTION 11-4-2 OF THE EMERY COUNTY ZONING ORDINANCE.

Commissioner Ethan Migliori made a motion to approve amendments to Section 11-4-2 of the Emery County Zoning Ordinance as presented . The motion was seconded by Commissioner JR Nelson. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF THE ADDITION OF THE SAN RAFAEL RIVER AND MUDDY CREEK WATERSHEDS STUDY AS AN ADDENDUM TO THE EMERY COUNTY GENERAL PLAN.

Commissioner JR Nelson made a motion to approve the addition of the San Rafael River and Muddy Creek Watersheds Study as an addendum to the Emery County General Plan. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(8)

RATIFICATION OF ROW SERIAL NUMBER UTU-89618 AUTHORIZING THE DIGGING OF TEST TRENCHES IN HUNTINGTON CANYON.

Commissioner JR Nelson made a motion to ratify approval of a ROW Serial Number UTU-89618 authorizing the digging of test trenches in Huntington Canyon. The motion was seconded by Commissioner Ethan Migliori. The motion passed. Commissioner Horrocks indicated that the ROW with BLM was an urgent issue that has been signed and forwarded to meet time constraints.

(9)

COMMISSION MEETING MINUTES  
MAY 14, 2013

The Commissioners had a question on Friends of Green River PACT. However, Commissioner Migliori indicated that the PACT has recently undergone some changes and he felt that they were in good standing. Clerk/Auditor Brenda Tuttle indicated that there had been concerns in the past regarding the apartments, but the parcels on the exempt list are not the parcels previously questioned and denied. Commissioner Ethan Migliori made a motion to approve the 2013 Property Tax Exemption List as presented. The motion was seconded by Commissioner JR Nelson. The motion passed.

(10)

DISCUSSION AND POSSIBLE APPROVAL OF A SAGE GROUSE RESOLUTION FOR EMERY COUNTY.

Ray Petersen, Public Lands Director provided some background information regarding sage grouse in Emery County and the state of Utah. The Greater Sage Grouse are on the verge of being listed as a threatened and endangered species. US Fish and Wildlife has been commissioned to make that happen. The last decision that they came to was, (as paraphrased by Ray) ‘ Yes, we should list that, but we have too many irons in the fire. We can’t do that right now.’ ‘If the states that are involved can come up with some adequate planning to demonstrate the protection of these birds we will won’t list them, if they don’t we will list them.’ That started a five western state process to come up with a plan. Wyoming BLM is the lead agency in that process. The State of Utah BLM is participating in that process. The governor has recently unveiled a state agency plan which was recently in the news. Both the State BLM and the State of Utah has requested that the counties, in their involvement in this, adopt a resolution stating that, at the local level there will be some planning and will be implemented in their general plan to provide protection for these birds. So, this is place holder for that protection which basically says that Emery County will, when the BLM and the State are done with their processes, adopt those management guidelines needed to protect the greater Sage Grouse. This resolution will say that this is a good faith effort to say when those other planning documents are complete and available we will plug in the right numbers and management procedures to assure management of these birds and keep them from being listed. Commissioner Nelson asked if there was a certain date that we need to have this done? Ray stated that it is important that we don’t linger. He advised the Commissioners to be prompt in taking action. Commissioner Migliori asked if this is in conjunction with the UAC conversations? Ray indicated that this is not in conjunction with UAC, but it did prompt this action. UAC did make a recommendation to take such action. It was recommended that a resolution be drafted by experts on sage grouse rather by attorneys. Ray identified to populations of sage grouse in Emery County. One is Horn Mountain. Another is Parker Mountain which is actually in Wayne County up above SUFCO’s mining operation, but affects Emery County. He indicated that there is roughly sixty males of that species and undetermined amount of females. It is a relatively small number however, the management of that habitat can be very restrictive. Ray stated that typically the USFW draws a circle around that

COMMISSION MEETING MINUTES  
MAY 14, 2013

habitat and then nothing happens in that area until that species recovers. The State of Utah has been very proactive in managing the numbers. We want to continue what we are doing to manage them. Commissioner Jr Nelson stated that we, Emery County wants to be part of the group that is proactive in keeping the species from being listed as endangered. Attorney David Blackwell indicated that he has looked over the document and recommends approval. This document would then become part of the Emery County General Plan. Commissioner JR Nelson made a motion to adopt the Sage Grouse Resolution #5-14-13 adding it to the Emery County General Plan. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(11)

DISCUSSION AND APPROVAL TO ADVERTISE REQUEST FOR PROPOSALS FOR CARPET CLEANING SERVICES.

Commissioner Horrocks indicated that there are several carpet cleaning businesses in the area. The Commissioners discussed requesting proposals for carpet cleaning services for a two year period. Commissioner Ethan Migliori made a motion to approve advertising for proposals for carpet cleaning services. The motion was seconded by Commissioner JR Nelson. The motion passed.

(12)

DISCUSSION AND APPROVAL TO AWARD EMERGENCY REPAIRS TO THE SPRINKLING SYSTEM AT THE AQUATIC PARK/SOCCER FIELD

Commissioner Horrocks discussed emergency sprinkler repairs that are needed at the Aquatic Park/Soccer Field. He suggested having the Road Department blowout the lines at the end of the season so that the lines don't freeze and break again. Wayde Nielsen Road Supervisor took exception with the suggestion and indicated that they may not have the time or resources to take on that project. Ray Petersen suggested that maintenance needs to be considered when the county does a project. He suggested that someone should have been responsible for the maintenance of the park lawn. Commissioner Horrocks indicated that the Road Department has the equipment to blowout the lines. He suggested that maybe they could train the Aquatic Center maintenance personnel to blowout the lines using the Road Department's equipment. One bid was submitted for the repairs to the sprinkling system at the Aquatic Park/Soccer Field. The bid was from Ward Landscapes, Inc. in the amount of \$5,160.90. Commissioner JR Nelson made a motion to accept the bid from Ward Landscapes, Inc. in the amount of \$5,160.90 for sprinkler repairs at the Aquatic Park/Soccer Field. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(13)  
CONSIDERATION AND APPROVAL OF AMENDMENT TO COOPERATIVE AGREEMENTS 68-8D43-12-48 (TA FUNDING) AND 68-8D43-12-49 (FA FUNDING) FOR EXTENSION OF TIME ON THE FY12 SEELY FIRE PROJECT.

Commissioner Horrocks explained that the log jam issue in Huntington Canyon has been mitigated thanks to Emery Water Conservancy District . The funds from NRCS that were to be used on that project were moved to a diversion basin project to mitigate flood damage in the fall. The time frame to get the project done needs to be expanded to allow time to do the work. Therefore, Commissioner JR Nelson made a motion to approve amendment to cooperative agreements 68-8D43-12-48 (TA Funding) and 68-8D43-12-49 (FA Funding) for extension of time on the FY 12 Seely Fire Project. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(14)  
CONSIDERATION AND APPROVAL OF COOPERATIVE ROAD AGREEMENT #13-RO-1104100-018 AND SCHEDULE A, AND A PROJECT ROAD AGREEMENT #13-RO011041000-021 BETWEEN EMERY COUNTY AND MANTI LASAL NATIONAL FOREST.

Wayde Nielsen addressed a Cooperative Road Agreement #13-RO-1104100-018 and Schedule A and project road agreement #13-RO011041000-021 between Emery County and Manti-LaSal National Forest. He explained that the agreement determines who maintains what. Commissioner Ethan Migliori made a motion to approve the Cooperative Road Agreements between Emery County and Manti LaSal National Forest as discussed. The motion was seconded by Commissioner JR Nelson. The motion passed.

(15)  
DISCUSSION OF A COUNTY AUCTION

Commissioner Horrocks indicated that the last public auction the county had was with a professional on-line auctioneer. Things did not go as well as anticipated. He suggested having the department heads submit a list of items to be disposed and determine if a county auction would be necessary. The Commissioners discussed possibly having sealed bids for any large items such as vehicles if it is determined that there was not enough surplus property to hold a county auction.

(16)  
UPDATE AND RATIFICATION OF APPROVAL AND LETTER OF SUPPORT FOR UTAH

FEDERAL LANDS ACCESS PROGRAM APPLICATION.

There was time limit associated with this application with UDOT so the letter of support was forwarded and needs to be ratified. Jonathan Johansen from Johansen & Tuttle Engineering talked about the application and what it entails. Jonathon indicated that this a stretch of road on Highway 6 on the Green River Cut-off road # 401. That stretch is about 8 miles going in from the east. They are looking at putting in a whole new road and improving it to a 28 foot gravel road. The existing road can be impassable during storms and is very slow going. There is a private company looking to come in and drill. They may, depending on the timing, come in beforehand and do some improvements to the road. The county over the last thirty-four years has looked to do the improvements of this cut-off road from Highway 6 to Highway 10. It is their hope that this program can help get a jumpstart on that project. Commissioner Horrocks reported that if this application is approved by UDOT Emery County will have to pay \$10,000.00 up front. Mike McCandless commented that this area is anticipated to be the next exploration area for the drilling companies. Bill Dellos asked if there was a possibility that this road will be paved? Commissioner Horrocks answered not at this time. Eventually, if this road is upgraded it will improve access for all kinds of uses. We hope that this project is chosen. It will give us a jumpstart to this project. Commissioner JR Nelson made a motion to ratify the action taken to send a letter of support for Utah Federal Lands Access Program application. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(17)

DISCUSSION OF A LANDFILL TIPPAGE POLICY.

Commissioner JR Nelson discussed a proposed Landfill Tippage Policy. He stated that he felt that we need something in black and white as to what is charged and who is charged. Citizens of Emery County can use the landfill for free. He added that we need to look at the revenue that is generated at the landfill and strive to have it stay with the landfill. Contractors need to be charged to use the landfill. Commissioner Migliori cautioned that we don't make it too restrictive as to create a situation where people dump in other locations than the landfill. Attorney David Blackwell added that we looked at this issue a few years back and the concern then was finding an effective way to police the use of the landfill. Commissioner Migliori stated that it is important to include the mayors of the county in this discussion to add balance to any effective outcome. Ray Petersen commented that when the county licenced the landfill we were advised to charge for the service. People love free, but there are expenses. If you are providing a service you can charge for that service. Free is popular but not wise. We may have to bite the bullet and start charging for the service. Commissioner Horrocks commented that contractors charge the user and then get to dump it for free by claiming it is for a county citizen. Road Supervisor Wayne Nielsen commented that contractors complain that some contractors pay and some don't pay. Commissioner Nelson suggested meeting with Attorney David Blackwell and Wayne to come up with some wording and meeting with the mayors in COG meeting to come up

COMMISSION/ELECTION OFFICIALS REPORTS.

*Commissioner JR Nelson*

Commissioner Nelson reported on attending SITLA meeting in Vernal where they discussed Rob Bishop's proposed Public Lands Bill. He reported on attending board physical responsibility. In the Fire Protection Special Service District Board meeting Greg Oliver stepped down as fire chief. They elected Randy Nielsen as the new chief.

*Commissioner Migliori*

Commissioner Migliori reported on Travel and Tourism board has used up most of their funds set aside to help with signage of businesses in Emery County. On the trails side of tourism they have been working with National Park Service who provides funding for cities to help develop trails in communities. Museum of the San Rafael will hold their annual celebration in September. In COG meeting discussion were based around the landfill and how it affects cities and the animal ordinance and fees for citations. The Care Center is still moving forward to help mitigate some of their revenue flow.

*Commissioner Horrocks*

Commissioner Horrocks met with Fire Chief Rudy Sandoval and his boss and how the sequester will affect our local fire departments. Our local volunteer fire fighters are putting a lot of personal man hours into becoming red carded, category 1 firefighters. They are working to get our brush trucks red carded so they will be available to help with brush fires this season. Castle Country Partners discussed what the sequester will do to tourism and how it will affect local government. The Commission decided to reduce the number of members on the Public Lands

MISS EMERY COUNTY, MARKETTE TANNER, PRESENTATION OF HER PLATFORM FOR MISS UTAH.

Current Miss Emery County, MarKette Tanner presented the Commission a presentation of her platform for the Miss Utah Pageant on June 17<sup>th</sup>. MarKette has chosen "Operation Smile" as her platform. She has been on a campaign to raise money to provide surgery for children around the world afflicted with facial birth defects. It costs \$240.00 per child and she has thus far been successful in raising enough money for seven children to receive surgery. She has represented Emery County at the Emery County Fair as well as other functions this past year. She thanked the Commission for the opportunity to represent and serve Emery County.

(3)

JEFF KELSEY, DISCUSSION AND APPROVAL OF THE COUNTY'S MEDICAL INSURANCE RENEWAL BEGINNING PLAN YEAR JULY 1, 2013.

Jeff Kelsey, Kelsey Benefits Group reviewed Emery County's medical insurance plan performance from the past year. He presented a renewal proposal for the new year beginning July 1, 2013. He indicated that Emery County was able to keep the plan costs down by 9% due to the Wellness Programs implemented by the County. He indicated that there are changes as of this morning due to the constant affects of Obama care. Commissioner Ethan Migliori made a motion to accept the medical insurance renewal proposal pending the expected changes. The

The Equitable Sharing Fund amount for Emery County Sheriff's Department is \$1,719.04. Commissioner Ethan Migliori made a motion to approve of an Equitable Sharing Agreement and Certification as presented. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(5)

DESIGNATION OF EMERGENCY INTERIM SUCCESSORS FOR EMERY COUNTY.

Commissioner Horrocks explained that the County needs to identify emergency interim successors to meet compliance with FEMA. It was suggested that the successors be:

1. Emergency Manager
2. Emery County Sheriff
3. Emery County Commission Chairman

Commissioner Ethan Migliori made a motion to designate emergency interim successors as first, Emergency Manager, second, Emery County Sheriff, and third Emery County Commission Chairman. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF RESOLUTION ESTABLISHING PROCEDURES GOVERNING ELECTRONIC MEETINGS.

Commissioner Horrocks discussed a Resolution establishing procedures governing electronic meetings. The Resolution defines the procedures and sets in writing such procedures. Commissioner Ethan Migliori made a motion to adopt Resolution 5-28-13 establishing procedures governing electronic meetings. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF CONTRACT WITH WARD LANDSCAPES, INC. FOR EMERGENCY SPRINKLER REPAIR AT AQUATIC PARK.

Commissioner Horrocks indicated that in the last Commission Meeting a sealed bid was opened for emergency repairs to the sprinklers at the Aquatic Park/Soccer Field. The Commission voted to accept the bid from Ward Landscapes, Inc. Because the bid was over \$5,000.00 there needs to be a contract to do the work. Commissioner Ethan Migliori made a motion to approve a contract with Ward Landscapes, Inc. for emergency sprinkler repair at the Aquatic Park/Soccer Field. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(8)

REQUEST FOR APPROVAL TO BID CLEANING SERVICES AT THE SHERIFF'S OFFICE AND AMBULANCE GARAGE IN GREEN RIVER.

Sheriff Funk requested approval to bid cleaning services at the Sheriff's Office and Ambulance Garage in Green River. Commissioner Horrocks suggested having David Blackwell and Mary Huntington work on a job description and then advertise for two weeks for bid proposals to do the work. Commissioner Ethan Migliori made a motion have David Blackwell and Mary Huntington create a job description to be advertised for two weeks and bring back to the next Commission Meeting. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

ASHLEY KORENBLAT AND JASON KEITH, PUBLIC LANDS SOLUTIONS,

DISCUSSION OF THE RECREATION ECONOMY AND CONGRESSMAN BISHOP'S  
PROPOSED PUBLIC LAND BILL FOR EASTERN UTAH WITH REGIONAL BUSINESSES.

Ashley Korenblat, bicycle outfitter and Jason Keith, climbing outfitter from Moab, UT came before the Board of Commissioners to make a presentation regarding recreation economy in Emery County and discuss Congressman Bishop's proposed public land bill for eastern Utah. They talked about the recreation economy and public land issues in Emery County and how much the county is ahead of the curve in this respect. Jason indicated that they formed a group called Public Lands Solutions as an advocacy group for Utah outdoor businesses. They are currently conducting an audit of recreational resources/assets and how they affect the business environment. They have formed a Utah Outdoor Business Network focusing in southeast Utah and those interested in public land. They discussed ways that Emery County can get more out of their recreational resources and public land use with respect to recreational use. Congressman Bishop suggested that they meet with the county commissions and just inform them of the work that they are doing with regards to public land and the recreational environment.

He is the facility manager at the Museum of the San Rafael. He sets up tables and takes them down after each event with a smile on his face. He is the janitor, along with his wife, at the Public Safety Complex. At seventy plus years he says he is retired and still finds time to play golf. Kimball was presented with a certificate of appreciation and Emery County Business Chamber Bucks to spend at any business in Emery County.

(3)

NEAL PEACOCK, MAYOR OF CASTLE DALE CITY, DISCUSSION OF CASTLE DALE

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
JUNE 25, 2013

CITY'S BUDGET.

Castle Dale City Mayor, Neal Peacock came before the Board of Commissioners to discuss budget constraints for 2014. He explained that sales tax revenue is down by \$60,000.00 as well as telecommunication tax is down by \$8,000.00. In spite of the revenue loss they were able to balance their budget for 2014. However, he continued, the yearly payment to the county for the swimming pool would be a strain on their 2014 budget, possibly leading to laying workers off. When the pool was built Castle Dale City committed to give the County \$10,000.00 each year to offset the cost of maintenance on the pool. He added that the city made the payment this year. Castle Dale City operates on a fiscal year from June 30, 2013 -June 30, 2014 which means they are now operating on the 2014 budget. He indicated that he felt that there were three factors leading to the decline of revenue for Castle Dale City. People have become used to paying high gas prices and now drive to Price and up north to make purchases. The opening of Costco in Spanish Fork has affected local merchants. Internet sales has cut into local sales as well. Mr. Peacock indicated that he doesn't see things improving for a while and can't commit future budgets to the continued \$10,000.00 donation to the County for the pool. Mr. Peacock apologized and stated that he is aware that this decision puts a burden of the County. Castle Dale City will continue to contribute to county through the use of city employees for functions and events held in Castle Dale City. Commissioner Migliori indicated that the Business Chamber has been tracking annual sales tax revenues for a while now and Price City has been experiencing a slow down in revenue also. Mr. Peacock thanked the Commissioners for their time.

KAREN DOLAN, EXECUTIVE DIRECTOR OF FOUR CORNERS COMMUNITY BEHAVIORAL HEALTH, INC. PRESENTATION OF THE ANNUAL AREA PLAN FOR FY2014. CONSIDERATION AND APPROVAL OF THE ANNUAL AREA PLAN FOR FY2014.

Karen Dolan, Executive Director of Four Corners Community Behavioral Health, Inc. came before the Board of Commissioners to present their Annual Area Plan for FY2014. Ms. Dolan explained that having this plan in place helps obtain block funding needed to operate programs. The plan is standard operating procedures. Commissioner Horrocks raised a question regarding the cost for drug testing and tracking and paying for supplies. Ms. Dolan indicated that there has not been a change in the amount paid for drug testing/tracking. Commissioner JR Nelson made a motion to approve of the Annual Area Plan for FY2014 as presented. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(5)

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
JUNE 25, 2013

KAREN ROYALL, DISCUSSION OF CONCERNS AT THE AQUATIC CENTER.

Karen Royall came before the Board of Commissioners to address some concerns she has regarding the Aquatic Center. She indicated that several mothers have complained to her about not being able to bring in their own bottled drinks. They have to purchase drinks at the pool which is costly. She was concerned that changes are made in swim times without advertising the changes. She expressed concern that the pool was over staffed with lifeguards. Commissioner Migliori indicated that the concerns would be addressed with the Aquatic Center's management and that when she has concerns that she should get support from the community in writing and the concerns will be addressed. The Commissioners will make an informed decision based on community involvement and concerns. Commissioner Nelson indicated that there has never been an issue regarding the pool that has not been taken to the pool administration.

APPROVAL OF LETTER OF SUPPORT OF THE HUNTINGTON CREEK DEBRIS BASIN PROJECT.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
JUNE 25, 2013

BLM has requested a letter of support for the Huntington Creek Debris Basin Project. Commissioner Horrocks indicated that Emery County is in full support of the project. Captain Ekker, Emergency Management supervisor for Emery County reviewed the project and indicated that they are continuing to work hard to procure additional funding for the project. Commissioner Horrocks asked that Captain Ekker keep Brenda Tuttle in the loop as much of the funding requires up front funding that is reimbursed to the county. Commissioner JR Nelson made a motion to approve a letter fo support for the Huntington Creek Debris Basin Project to be submitted to the BLM. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF GRANT AGREEMENT BETWEEN THE STATE OF UTAH, DEPARTMENT OF NATURAL RESOURCES, DIVISION OF WILDLIFE RESOURCES AND EMERY COUNTY FOR THE HUNTINGTON CREEK RECOVERY PROJECT (#2792)

Justin Hart, Aquatic Program Manager for Division of Natural Resources explained that the money that the state legislature gave to Emery County in response to the Seely Fire will be placed in the Watershed Restoration Initiative database and program. The WRI holds a lot of different funding sources. This is a way that the funds can be transferred from the legislature to Emery County. There is some simplified project components that need to be entered. As of this time this is just a shell document. There's still some information that DNR needs to complete this project proposal which is what is referenced to in the grant agreement. This money is going to be used for the construction of the debris basins. The grant agreement leaves some leeway that can be used for engineering and or on the ground construction. So this document is a simple legal document that will help facilitate the transfer of the funds. The dollar value on the grant is \$650,000.00. They have gone through the same process with Huntington City for \$150,000.00. Commissioner Ethan Migliori made a motion to approve the grant agreement between the State of Utah, Department of Natural Resources , Division of Wildlife Resources and Emery County for the Huntington Creek Recovery Project. (#2792). The motion was seconded by Commissioner JR Nelson. The motion passed.

ROY ADAMS, REPRESENTING US LOCAL 140, PRESENTATION INTRODUCING UA LOCAL 140 AND DISCUSSION OF THEIR SERVICES.

Roy Adams, US Local Pipefitters #140 came before the Board of Commissioners along with several of his fellow pipefitters, ironworkers, laborers, plumbers, HVAC and building trade specialists. Mr. Adams wanted to introduce the local #140 and let the Commissioners know that they were available to help in any way with the boom that is expected in Green River with regards to the new refinery and possible nuclear power plant. It was their hope that the Local #140 could help assure that the employees are Utah employees and not pulled from other states. Mr. Adams indicated that he was here a few years ago to help with the trades training for the construction of Huntington Power Plant. They would like to help with training and education for the trades that may be needed.

Commissioner JR Nelson made a motion to leave the regular meeting and move into a public hearing to receive public comments regarding the Huntington Creek Debris Basin Project and

Environment Assessment and at the conclusion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

10:00 A.M. PUBLIC HEARING TO RECEIVE/ADDRESS PUBLIC COMMENTS  
REGARDING THE HUNTINGTON CREEK DEBRIS BASIN PROJECT AND  
ENVIRONMENTAL ASSESSMENT.

Commission Chairman Jeff Horrocks stated the purpose for the Public Hearing. He then invited representatives from the NRCS to introduce themselves and review the project. Tony Beals, NRCS introduced his colleagues, Norm Evenstad, Derek Hamilton and Chris Christiansen. Trish Claybough, BLM, Price Field Office, introduced Ahmed Molisen, BLM, Price Field Office. Representatives from other entities and citizens were present.

Present at the public hearing were:

Leslie Bolinder, Greg Funk, Howard Tuttle, Jacob Sharp, Jon Johansen, Ahmed Molisen, Trish Claybaugh, Waco Randall, Patsy Stoddard, Hilary Gordon, Kyle Ekker, Amanda Holley, Kyle W. Carothers, Roy Adams, Danny Villa, Diane Lewis, Bob Patterson, Darrell Cunningham, Sherrel Ward, Cody Allred, Phil Fauver, Mary Winters, Brenda Tuttle, Mary Huntington, Jay Humphrey, Jim Grennan, Jesse Loose, Jeff Guymon, Michael Bean, Javier Montauo, Dan Walker, Mistie Christiansen, Ted Curtis, Lee McElprang, Tony Beals, Norm Evenstad, Janalee Luke, David Blackwell, Commissioner Migliori, W. Chris Christiansen, Derek Hamilton, Carol Cox, Commissioner JR Nelson, Commissioner Jeff Horrocks.

Tony Beals provided an overview/presentation of the Huntington Creek Debris Basin Project and Environmental Assessment. The work is being conducted under the authority of USDA-NRCS's Emergency Watershed Protection Program. The EWP Program was set-up by Congress to respond to emergencies created by natural disasters, such as floods and fires. The program is designed to protect life and property from any future event of a similar magnitude. EWP funding, made available through NRCS, bears up to 75 percent of the construction costs. The remaining 25 percent must be obtained by the local sponsor. In this case it is the Emery County Commission, who as local sponsor may use local sources in the form of cash or in-kind services.

The Emery County Commission is working with Johansen & Tuttle Engineering, NRCS and the BLM to develop a feasible design that will meet technical and environmental performance criteria.

Elements considered for the proposed project include:

Earthen Berm, Grouted Rock Spillway-On the Berm, Concrete Box Culvert, Settlement Basin, Access, Operation & Maintenance.

COMMISSION MEETING MINUTES  
JULY 9, 2013

Alternatives considered in the Draft Environmental Assessment include:

No action: No basin on Huntington Creek. Watershed conditions in the watershed would be allowed to naturally improve over time (5-7 years). USFS management and any emergency practices installed on USFS lands such as re-seeding, run-off control, etc., would help mitigate at least some erosion and sediment transport down-stream.

Remove accumulated sediment, ash, and woody debris along numerous sections of Huntington Creek: This alternative was considered but eliminated from further analysis since this action would not provide protection from future high flow events that are expected to carry new loads from the burned area.

The Environmental Assessment process for this project includes cooperation with the Bureau of Land Management, who manages the property, and the Emery County Commission, who is the sponsor for the proposed action.

The environmental watershed protection measures must adhere to all applicable Federal, State and Tribal and local laws and regulations.

Some important key elements of the proposed project are:

The basin would collect debris and sediment during storm events.

Natural storm base flow is allowed up to 700 cubic feet per second after which higher flows would be spilled into a small detention area.

The structure is proposed to stay in-place permanently and provide on-going protection for properties down-stream.

Trish and her team at the BLM Price Field Office have worked with the NRCS and Emery County to move the environmental assessment along as quickly as the process will allow.

Trish Claybough, BLM stated that the US Forest Service has already done a lot of mitigation projects up stream. Under the Emergency Stabilization Authority if you have these kind of projects they did not have to do a lengthy environmental analysis. BLM is required to do that and there will be an archeologists on site. The County is currently working on obtaining a 404 permit. There are a lot of pieces to this project. There will be a two week comment period which begins today. Comments are due by July 23 after which the BLM will analyze the comments and subsequently issue a right-of-way to Emery County.

Huntington Mayor, Hilary Gordon asked when they propose to begin the project?

Trish indicated that the BLM will receive all the comments by July 23 after which they will analyze the comments, within a week, and make a decision based on the comments. The County is working on getting a 404 permit that will have to be completed. The BLM has to receive a

COMMISSION MEETING MINUTES  
JULY 9, 2013

reclamation plan. The County has to advertise the contract for two weeks after they get the go ahead. All the pieces have to be in place. The hope is early September. That is with all the pieces put together. Hilary indicated that September is when all the problems from the monsoons began. Trish indicated that when the BLM started all this in January the project was much smaller and there wasn't enough funding. Now the project is larger and there are more requirements to follow. It is a complicated process and they are working as fast as they can. She indicated that she knows that the hope would have been to start construction by now but this is a complicated process that takes time. Mr. Beals indicated that normally BLM would require a thirty day comment period so we are moving as fast as we can. Trish indicated that she was comfortable with the comment process, especially with this open public comment process to get the information out to the public.

Commissioner Horrocks asked the BLM and NRCS representatives to stay after the public meeting to address any additional questions people may have. The meeting was opened to public comments and questions.

Lee McElprang's question was 'who is going to man the screen or grate'? Commissioner Horrocks indicated that the maintenance will fall on the County or a combination of County and Water District. It will be cleaned on a regular basis. Mr. McElprang was concerned that the grate will need to be maned 24 hours a day during high water which will be costly.

Cody Allred Water Resource Engineer for PacifiCorp (Huntington and Hunter Power Plants.) He indicated that they learned along with everyone else what the impact to the watershed was with the Seely Fire. Even with a small amount of rain the water quality gets to such a point that the plant can't take it in through its filtering process. It impacts the diversion and settling basins. If it gets bad enough it starts impacting the processed water which requires them to change or increase chemical usage. He indicated that the power plants are very big supporters of the project. Any material that they can keep from getting into their system is a benefit. They are working with Johansen & Tuttle on some agreements to take some of the sediment and debris on to the plant site to be used as reclamation for their ash pile down the road. Cody asked if there was any anticipated water delivery interruption that the construction project will have? Commissioner Horrocks indicated that they do not anticipate any water delivery interruption. Darrell Cunningham, Hunter Plant Manager asked if they received any structural damage? Cody indicated that they did have some damage which they will be working on next week.

Sherrel Ward, Emery Water Conservancy District Board member and also Public Lands Council member. His comment was regarding the timeline involved on this process. He stated he hoped this project would be expedited and constructed before September. The way it is going now its not going to be operational before the high waters of next spring. Commissioner Horrocks indicated that the county is moving forward with what they can do now. He stated that it was his understanding that the design was complete and ready to go. Jon Johansen indicated that the design is 90 percent complete. We are just waiting on all the pieces to be put in place. Sherrel

COMMISSION MEETING MINUTES  
JULY 9, 2013

added, you have a 64 million dollar irrigation project that can be completely shut down and put out of operation if the floods come down. It seems that this is an emergency! He stated that his concern is how long the process is taking. The sediment that came down had to be cleaned up which cost \$130,000.00 to remove in just the Huntington area. He was hoping that some common sense things could be done to move this project along.

Trish Claybough re-stated that they are trying. We can't move forward without the permits in place. The best we can do is overlap on the advertising which they are looking into. Best scenario is begin in August.

Ted Curtis Vice President of Huntington Cleveland Irrigation stated that it became apparent to him that there are a lot of people in this room who are not aware of what is their (HCI) stake in this. The system that is in place that services all the irrigators in the Huntington drainage area was not built to handle this type of sediment. This sediment would destroy some of the components in the system. They have already modified some components to help deal with the sediment. There is a huge stake in this for Huntington/Cleveland Irrigation.

Jeff Guymon resident of Huntington and irrigation user of the Huntington drainage. He directed his comment to the miles of canal that is full of sediment. You have to dig down below the chocolate water to get to the water to come down the pipe. Water assessments have nearly doubled which is an affect of the watershed damage. He stated 'if this was a private company and something like this would have happened then they would have been held accountable for what happened down stream'. He noticed that the Forest Service has equipment in Mill Canyon. Why is this process is taking so long when the Forest Service seemingly without having to go through the public comment period or permitting process? He stated that he is in favor of the project. He thinks that this a good project for the future because there is more timber to come down one way or another. He voiced his comment in favor of the project.

Trish stated that Forest Service Plan did a Seely Burned Area Emergency Response report July 2012 which gives them the authorization for up to one year to get work done. The Forest Service's report did not address affects on BLM land downstream.

Hilary Gordon, Mayor of Huntington City stated that Huntington City has done a lot of mitigation efforts in preparation of this project. They have cleared an enormous amount of Chinese Elms, Tamarisk and other brush in hopes that the two projects would coincide. She stated that they were in hopes that the project would have been started by now so that the efforts of Huntington City were not null and void. So far mother nature has been kind. Storms have come from a different direction. But last year the storms were in August and September. The Sheriffs Office, specifically Captain Kyle Ekker, has worked so hard to get the funding for this project. If there is one thing she has learned it is that you can not hurry government, especially when you've got so many entities needing to coordinate so many processes. She stated that it was her hope that this would have been done before now. If we get one of what she calls 'gully

COMMISSION MEETING MINUTES  
JULY 9, 2013

washers', it will wipe out any work that has already been done. She stated she can sense the frustration and it was her hopes that all the pieces will come together soon. We have seen years when we have not had the heavy rains, but we can't count on that. At this time this is only affecting Huntington City. But it could just as easy be Orangeville or Ferron. All it would take is one lightning strike and another area could be affected. It's a good thing that we can all work together to get something done.

Sherrel Ward commented that in his perspective the failure of the federal government is not addressing the downstream users as part of the devastation that took place. There needs to be a process where the downstream users, who have the greatest affect in this, are addressed right up front.

Jacob Sharp Castle Valley Special Service District stated that they have several aerial crossings over Huntington Creek. The pipeline comes up out of the ground and is suspended above the river. He stated he is confident in the design of the pipeline. The pipeline has been in place for thirty plus years. But as they went out and inspected the pipeline last year after this event it was scary how close the water level was to the pipeline. If a log had come down it would have wiped out the pipeline eliminating the supply of drinking water to Huntington, Cleveland and Elmo. They are in favor of the project and thanked everyone involved in the process. Jacob stated that the faster we can get the project done the better.

The comment/question period came to an end. The Commissioners thanked everyone for their input. They returned to the business of the regular meeting.

APPROVAL OF NEW CARPET, FURNITURE, AND SHED FOR FERRON SENIOR CENTER.

Commissioner Nelson discussed the Ferron Senior Center's need for new carpet, furniture and a shed. This was budgeted for this year and comes in fairly under that budgeted amount.

Commissioner JR Nelson made a motion to approve the purchase of new carpet, furniture and a shed for the Ferron Senior Center. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

APPROVAL TO GO OUT TO BID FOR HUNTINGTON LIBRARY ROOFING PROJECT.

Commissioner JR Nelson made a motion to approve the bid process for the Huntington Library Roofing Project. The motion was seconded by Commissioner Ethan Migliori. The motion

passed.

(8)

DISCUSSION AND APPROVAL OF SHIFTING SUPERVISION OF AMBULANCE/EMT'S FROM SHERIFF TO COMMISSION

Commissioner Horrocks stated that there are some issues with the EMS Department that need to be handled. Commissioner Migliori is currently working with the Council of Governments to develop a advisory board to work with the Ambulance Service so it makes sense to put the responsibility of the Ambulance/EMT Department under the Commission and direction of Commissioner Migliori. The Ambulance/EMT Department is currently under the direction of the Sheriff's Department. This ties up one or more of the uniform officers to oversee the department. It makes more sense to work under one of the Commissioners. Commissioner JR Nelson made a motion that the EMS Department be placed under the Commission responsibilities under the direction of Commissioner Migliori. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(9)

SETTING OF PUBLIC HEARING TO RECEIVE PUBLIC COMMENT REGARDING JUDGEMENT LEVY 2013 FOR EMERY COUNTY AND CASTLE VALLEY SPECIAL SERVICE DISTRICT.

Brenda Tuttle explained that this was advertised back in December. According to the State Tax Commission we have to advertise this twice, December and August. We then have to have a public hearing. There are four entities who have to have to do the same judgement levy for the judgement owing back to PacifiCorp. The School District will hold a hearing, Emery Water Conservancy District will hold a hearing, Castle Valley will hold a hearing combined with Emery County. We have to publish a combined ad showing the total amount of all the entities and each of the other entities also have to publish an ad. When the ads come out in the paper in a few weeks, showing all the ads, it all covers the same judgement levy. This is a judgement levy that we owe back to Pacificorp because they won their case at the Tax Commission. This covers the years 2006 and 2007. That money has already been spent in our budget. Our portion was approximately \$300,000.00. The School district's amount was a bit more than that. If we did not do the judgement levy each entity would have to pull that money out of their current operating budget to pay that back to PacifiCorp. The judgement levy requires PacifiCorp to pay back part of their own judgement. The date requested for the public hearing is August 13, 2013 at 6:00 pm. Commissioner Ethan Migliori made a motion to set a public hearing for August 13, 2013 at 6:00 pm to receive public comment regarding judgement levy 2013 for Emery County and Castle Valley Special Service District. The motion was seconded by Commissioner JR Nelson. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORTS

*Commissioner Nelson*

Commissioner Nelson reported on attending a meeting in Moab regarding grazing improvement program. They wanted input and understanding on how the program will work with Emery County's proposed land bill. He attended a field trip to Green River to a road that is being questioned whether or not it is a county road. He attended Library Board meeting. He indicated that he was amazed at how up to date small libraries are in rural Utah. He attended Fire District meeting. Emery County has an all volunteer fire department. He talked about the recent house fire in Castle Dale and how dozens of firefighters were fighting this fire. They are constantly on the move. They are currently researching replacing much needed trucks. He attended an Emery Water Conservancy District meeting. He talked about how the water supply has reached a critical level in Emery County. The reservoirs may look full but most of the water there is owned or leased by UPL to generate electricity and may not be available for irrigation.

*Commissioner Migliori*

Commissioner Migliori talked about the Care Center and how the census numbers are coming back up. He had an opportunity to help with technology training sessions with the Libraries. He reported on the Miss Emery Pageant. The new Miss Emery is Jaicelyn Shakespaere, Little Miss

COMMISSION MEETING MINUTES

Emery is Jay Lynn Lindley. The 2013 Fair is ready for July 31, August 1, 2 and 3. The guide will come out in the July 16, 2013 issue of the Emery County Progress. The Trails Committee met recently where they discussed repairing trails in the burned area of Huntington Canyon. They are hoping to have them open by the 24<sup>th</sup> July. Travel Bureau met in Green River. They have spent most of their budget for this year and making plans for next year. They are seeing a good return on advertising from this year. Commissioner Migliori reminded everyone of the Desert View Pro Rodeo coming up in a couple of weeks, July 25, 26 and 27. Commissioner Migliori also talked about the permits that were approved for the new refinery in Green River. It's a go. They have now purchased the land. The state has made public announcement. There will be a formal announcement sometime next week in Green River. The refinery in Huntington will be starting up soon also. Mike McCandless is to be commended for his hard work on getting these new businesses in the county.

*Commissioner Horrocks*

Commissioner Horrocks talked about Castle Country Partners, made up of representatives from Carbon, Emery, Grand and San Juan Counties meet quarterly. This year they met at the edge of the cedars in Monticello. They discussed the economic situation, growth, ways to help local businesses as well as recreation resources. They are a very productive group. North Emery Water Users Special Service District meets the first Thursday of every month. They are continually working on improving their water quality services to the north end of the county.

related to the fire and flooding potential of Huntington Creek. The total cost of the project is \$3,000,000.00 and Emery County's match for the project is \$750,00.00.

(7)

CONSIDERATION AND APPROVAL OF AMENDMENT TO PERMANENT COMMUNITY IMPACT FUND BOARD CAPITAL IMPROVEMENT SHORT TERM LIST FY2013 TO INCLUDE EMERY TOWN TO CONDUCT A WATER RESOURCE STUDY FOR \$46,000.00

Emery Town would like to do a water resource study and will need help from CIB for possible funding. In order to receive assistance with funds from CIB the project needs to be on the PCIFB Capital Improvements Short Term List for 2013 . The project is not currently on this list. Emery Town is requesting that Emery County add it to the list so they can pursue funding for the project that they anticipate to cost \$46,000.00. Commissioner JR Nelson made a motion to approve adding Emery Town's water resource study to the PCIFB Capital Improvement Short Term List for 2013. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

CONSIDERATION AND APPROVAL OF RESOLUTION ADOPTING THE UP-DATED NATURAL HAZARDS: PRE-DISASTER MITIGATION PLAN FOR THE SOUTHEASTERN REGION OF UTAH AS REQUIRED BY THE FEDERAL DISASTER MITIGATION AND COST REDUCTION ACT OF 2000.

Amy Peters, Southeastern Utah AOG along with Captain Kyle Ekker presented the up-dated Natural Hazards: Pre-Disaster Mitigation Plan for the Southeastern Region of Utah as required by the Federal Disaster Mitigation and Cost Reduction Act of 2000. Amy indicated that this is a four county mitigation plan that is a good thing to have in place. Having this plan in place, should a disaster occur, will expedite the process with FEMA for funding the county may need to pursue. Captain Ekker indicated that they have received great input from mayors from Orangeville and Ferron on this project. This is a live document that can be amended as needed. Commissioner Horrocks thanked the staff and all who have put the time and effort in producing this plan. Commissioner Ethan Migliori made a motion to approve Resolution 7-23-13 adopting the up-dated Natural Hazards: Pre-Disaster Mitigation Plan for the Southeastern Region of Utah as required by the Federal Disaster Mitigation and Cost Reduction Act of 2000. The motion was seconded by Commissioner JR Nelson. The motion passed.

(12)

DISCUSSION AND POSSIBLE APPROVAL OF EMERY COUNTY FACILITIES USE AND RENTAL POLICY.

Mary Huntington and David Blackwell have been working on the facilities use and rental policy. It is now ready for review and possible approval or hold to allow more time to review the policy. Phil Fauver asked if the policy addressed the hangers at the Huntington Airport? Commissioner Horrocks explained that it did not apply to the airport hangers. Commissioner Nelson indicated

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
JULY 23, 2013

that he was comfortable with the policy. Commissioner Migliori indicated his approval also. The document is a live document and may be amended as needed. Commissioner JR Nelson made a motion to approve the Emery County Facilities Use and Rental Policy as presented. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(13)

OPENING OF BIDS FOR THE HUNTINGTON LIBRARY ROOFING PROJECT 2013.

Commissioner Horrocks opened the two bids submitted for the library roofing project.

1. Arrowhead Construction, Huntington, UT \$15,100.00
2. North Face Roofing, Park City, UT \$19,600.00

Commissioner JR Nelson made a motion to authorize Commission Chairman Jeff Horrocks to review the bids and accept or reject the bids and award the bid in the August Commission Meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Migliori*

Commissioner Migliori talked about the upcoming Rodeo and Fair. He indicated that there has been good support from volunteers. There is still a need for volunteers if anyone is interested in helping. As his new assignment over the EMS Department he recently met with Dr. Engar who is the physician over the program. They had good discussions about was to improve the EMS program. He recently met with the Potluck Group from Green River City. This is a group of business owners who are working on strengthening business and tourism in Green River City. He and Mike McCandless recently met with Hank Diesel regarding the refinery and training possibilities for local people to retrain them in the fields that then will need. He talked about the

recent Emery County Aquatic Center promotion that will air on ETV 10 news it is a short, 15 minute video of the advantages of the Aquatic Center and what has to offer citizens in Emery County and even Carbon County.

*Commissioner Nelson*

Commissioner Nelson talked about the power outage that they had in Price last week sending people who wanted to swim over to our Aquatic Center. The pool was at capacity. He talked about the important work being done in Huntington Creek. He talked about the recent Triathlon in Green River City and the efforts to raise money for Search and Rescue. He reported that the recent Stock Show went well. He attended a Southeastern Utah Grazing Assessment meeting. The Emery County Library system is up to date and exceeds the benchmark level for successful rural libraries.

*Commissioner Horrocks*

Commissioner Horrocks reported that on the 16<sup>th</sup> the Local Building Authority of Emery County held a special meeting to open bids for the construction the new Weed Mosquito Building. Nielson Construction was awarded the bid. He reported on attending a water meeting where the water districts from Emery County met to discuss importance of not relinquishing water rights. He is continuing to work on help improve the Emery County Housing Authority. He talked about an agreement with the power plants to take the log debris from Huntington Creek and in return the county can get help with need rip rap work. He talked about recent talks with residents from Lawrence and efforts to get natural gas to the Lawrence community and Emery as well. Those efforts are moving along well. Senator Rob Bishop will be in the county on August 8<sup>th</sup> to discuss land issues and his proposed house bill. He invited elected officials and department heads to help with the Sr. Citizen lunch during the fair.

PRESENTATION OF EMERY COUNTY EMPLOYEE OF THE MONTH

Commissioner Ethan Migliori presented Employee of the month to the USU Extension office staff. Dennis Worwood and Christine Jensen are employees of Utah State University and Gaylene Warburton is employed by Emery County as support for this office. The Extension Office is the driving force behind the Southeastern Utah Junior Livestock Show which just held it's 75<sup>th</sup> successful show and also the exhibits at the County and State Fair. But these two events are only a small part of the things they do.

Christine runs summer 4H programs which hold weekly activities in Green River an western Emery County. This is where a lot of the exhibits for the fair come from. She also holds the ever popular "Festive Fridays" as well as teaches classes on money management, nutrition and skills to troubled youth.

Gaylene is the point contact for office patrons and either provides information for them or directs them to the appropriate person. She is also the Treasurer for the Southeastern Utah Jr. Livestock Show and helps with all aspects of the 4H programs.

Dennis serves on many county boards. No matter what the subject is- he can answer your question. In a commissioner training, it was one stated that "if you don't know anything about a subject-go to your extension agent for the answer".

Their job description is to provide research-base information to help Emery County citizens reach their goals and live better, more productive lives-of which they are doing a great job.

They were presented a plaque and goodies for their office.

(11)

COMMISSION/ELECTED OFFICIALS REPORTS

*Commissioner Nelson*

Commissioner Nelson asked Public Lands Director, Ray Petersen to report on a recent tour of Huntington Canyon and the proposed debris basins. Ray indicated that the tour is an annual event with the Forest Service. The site was chosen because of the recent flooding and damage to the area due to the Seely Fire of 2012. They visited the area where the debris basins will be constructed and damage to the creek beds repaired.

Commissioner Nelson reported that the fire restrictions have been lifted due to the recent rains.

*Commissioner Migliori*

Commissioner Migliori reported on Historic Preservation efforts to place signs in various areas near the Buckhorn.

The Emery County Rodeo and Fair was an apparent success. They have received favorable comments and stayed within budgets thanks to the hard work of Fair Director Julie Jones and the Recreation District Director Jake Atwood and his staff. Commissioner Migliori informed the public that Delynn Fielding has accepted a position with Regional Outreach Development. We are not sure how that is going to affect economic development in our sister county (Carbon County). The Museum of the San Rafael is still working on getting artifacts for the museum for their annual Festival at the end of August. He is still working on the Main Street Incentive Program designed to help small retail businesses strengthen and grow.

*Commissioner Horrocks*

Commissioner Horrocks reported on attending an open house with Congressman Bishop and Congressman Chaffetz. Discussions centered around a proposed land use bill being introduced by Congressman Bishop. Ray Petersen added that Emery County does not have a land use bill. Emery County supports the language being incorporated into a bill. Commissioner Horrocks attended a big game RAC meeting where they discussed fur bearing permits and hunts. They also discussed introducing goats to the Manti-LaSal Mtns. There were many against this proposal because goats are not native to the Manti-LaSal. He also discussed a lengthy conference call where they discussed the pertinent details regarding the construction of the

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS

debris basin in Huntington Canyon. He talked about the \$70,000.00 approved for the mitigation of Russian Olive brush and how the Weed/Mosquito Department is determining how to spend the funds. Mike McCandless has been working on a proposal to get natural gas to Green River and Emery. Lawrence would like to be included in that proposal.

RECESS MEETING UNTIL 6:00 PM

Commissioner JR Nelson made a motion to recess the meeting until 6:00 pm. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Commissioner JR Nelson made a motion to leave the regular meeting and move into a Public Hearing to receive public comment regarding proposed tax increase by imposing a judgement levy to pay back property taxes to PacifiCorp for Emery County and Castle Valley Special Service District and upon completion of the public hearing to return to the regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

6:00 PM- PUBLIC HEARING- JUDGEMENT LEVY - To receive public comment regarding proposed tax increase by imposing a judgement levy to pay back property taxes to PacifiCorp for Emery County and Castle Valley Special Service District.

Commissioner Horrocks opened the Public Hearing and asked Clerk/Auditor Brenda Tuttle to provide a brief overview of the proposed tax levy.

Brenda explained that PacifiCorp appealed their property taxes from 2006 and 2007 with the Utah State Tax Commission. PacifiCorp won that appeal. Emery County was ordered to pay back taxes in the amount of \$319,310.30. Castle Valley Special Service District was ordered to pay back \$131,441.99. Emery County School District was ordered to pay back \$399,886.83, Emery Water Conservancy District \$28,314.70 plus other small amounts totaling \$624.54. The total amount due back in property taxes to PacifiCorp is \$879,578.39. By imposing a tax levy it shifts the burden of paying this money back to the taxing entity, in this case PacifiCorp, instead of the homeowner/property owner. PacifiCorp will pay 67% of the money owed back to themselves. This is a one year tax levy only. After this year it goes away, provided PacifiCorp doesn't win another appeal.

Commissioner Horrocks opened the meeting to comments from the public.

Richard Nielsen, Ferron asked that the county first look at tightening the budget before imposing another tax on the citizens. He suggested asking the departments to cut back on their expenses.

Blake Behling asked who does the assessment on these properties?

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
AUGUST 13, 2013

It was explained that Centrally Assessed Properties are assessed by the State Tax Commission. The county receives a book with all the Centrally Assessed Properties and their associated tax rates. As a County we do not have a say in how they are assessed.

Commissioner Migliori reminded the public that this is a one time only tax. Taxes will go back down by the same amount next year.

Commissioner Horrocks added this is not new money going into the county coffers. This money just pays back taxes to PacifiCorp of which they will only get a portion because they are paying themselves back by 67% of what is due back to them.

This was the end of the comment period. Commissioner JR Nelson made a motion to return tot he regular meeting. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(13)

CONSIDERATION AND APPROVAL OF IMPOSING A JUDGEMENT LEVY TO PAY

CONSIDERATION AND APPROVAL OF CHANGE ORDER #1 FOR HUNTINGTON LIBRARY RE-ROOF PROJECT.

Change Order # 1 for the Huntington Library Re-Roofing Project is an increase of \$1,400.00 to put on Felt Tex rather than 30lb Felt and install vents in the roof. Commissioner JR Nelson made a motion to approve Change Order #1 for the Huntington Library Re- Roofing Project as discussed. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(9)

CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN EMERY COUNTY AND EMERY COUNTY SPECIAL SERVICE DISTRICT #1 FOR PURCHASE OF RIGHT-OF-WAY EASEMENTS FOR COUNTY CLASS B ROADS THAT CROSS SITLA PROPERTY.

Emery County was contacted by SITLA requesting that the County work with them to purchase right-of-way easements in the county that cross SITLA property. These right-of-way easements would be permanent. Emery County Special Service District #1 would purchase the right-of-way easements and Emery County would maintain them. Therefore, a cooperative agreement between Emery County and SSD#1 is needed to purchase these right-of-way easements. Commissioner Ethan Migliori made a motion to approve of a Cooperative Agreement between Emery County and Emery County Special Service District #1 for purchase of Right-of-Way Easements for County Class B Roads that cross SITLA property. The motion was seconded by Commissioner JR Nelson. The motion passed.

rain as we have had. Joe’s Valley has never been so low.  
He attended Castle Country Partnership meeting.  
He talked about RS2477 and the fact that witnesses are passing away. He felt that maybe a way to tackle this issue is by applying for Title V right-of-way.

*Commissioner Migliori*

Commissioner Migliori reported on taking groups on a tour of the San Rafael to help understand the language that is being put in the Public Lands Bill. Many organizations attended the tour.

In a follow-up from the Emery County Fair, a pot luck dinner was held with very few complaints regarding the fair this year.

He attended a town hall meeting with Jason Chaffetz. Mr. Chaffetz reported on recent attacks on US Embassies which was very interesting. He also spoke about immigration issues. He reminded everyone of the upcoming Business Chamber luncheon at the Castle Café in Huntington on September 18<sup>th</sup>. They will be taking a tour of the new business Energy Recycling.

*Commissioner Horrocks*

Commissioner Horrocks reported that he has been working closely with the Fire District to come up with possible funding to purchase 8 new fire trucks. They need \$800,000.00 for the new trucks.

He reported that the AOG is looking into the sequestration cuts and how it will affect programs for Senior Citizens.

Commissioner JR Nelson made a motion to approve of Personal Property Tax Exemptions for 2013. The motion was seconded by Commissioner Jeff Horrocks. The motion passed.

(7)

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Nelson*

Commissioner Nelson reported on attending Fires District meeting where they discussed possible funding for new mini pumpers. He talked about the dedication of Emery County's volunteer fire departments and the amount of hours (their own personal time) that they put into certifying. He talked about the burn window for the county and the possibility that the burn window will be shortened to two weeks next year. Commissioner Nelson complimented Ferron City and all involved in the success of Peach Days. He commented on how smoothly the Emery County Library system runs. The Senior Lamb Fry was well attended. DOGM will be meeting in this building on September 11, 2013 at 10am. A Utah State University group is coming to Emery County to do a study on the San Rafael Basin. He talked about the Emery County Landfill. The Landfill is currently running without collecting fees. However, they need to start collecting fees in order to stay a float. The compactor is small and having troubles. A new one will cost around \$600,000.00. Contractors pay \$15.00 a ton to dump and money is generated from the scrap metal but it is not enough to keep the landfill out of the red. The Commissioners are working with Road Supervisor, Wayde Nielsen to come up with a fee schedule that will make the landfill more self-sustaining.

*Commissioner Horrocks*

Commissioner Horrocks reported on the ongoing efforts of the Housing Authority in upgrading low income housing in Castle Dale and Ferron. They are working closely with the federal housing group to stay in compliance with federal regulations. He commented on the success of recent Peach Days festivities. He reported on the success of SSD#1 at CIB to get funding for ROW's from SITLA. The recently completed Quitcupah Road was dedicated on September 6<sup>th</sup>. This undoubtedly will increase the number of coal trucks on the highway. He, along with the other Commissioners will be attending USACC conference where they will discuss RS2477 ROW's as well as Public Land issues that directly impact Emery County. They will also be discussing the proposed Public Lands Use Bill. On September 27 and 28 the Back Country Flyers will be at the Huntington Airport. They anticipate upwards to 110 aircraft to be in attendance. The local car club will be there also from 1pm on Saturday. The Museum of the San Rafael will have extended hours to accommodate visitors to the area.

COMMISSION MEETING MINUTES  
SEPTEMBER 24, 2013

(2)

MARK H. WILLIAMS, DISCUSSION OF FLOODING OF THE COTTONWOOD CREEK  
SOUTHEAST CASTLE DALE.

Mr. Williams indicated that he approached the Board of Commissioners in 2011 regarding flooding in the south east part of Castle Dale. At that time he indicated that the river bottom needed to be dredged due to silt build up in the channel of the Cottonwood Creek. He expressed concern then and now that the Flood Tax has been eliminated that would help defray the cost of clean-up due to flooding along the river bottom. Several homeowners have had flooding from this channel due to the recent heavy rain in the county. He suggested re-enacting the Flood Tax to provide funds for clean-up of the river bottom. The channel is not being used for irrigation, it is currently used as run-off for Cottonwood Creek.

The Board of Commissioners agreed that something should be done. When you are dealing with channels, river bottoms and creeks, you are dealing with Army Corp of Engineers. Commissioner Horrocks indicated that the county will look into what could be done to help.

(3)

DISCUSSION AND APPROVAL OF EMERY COUNTY COURTHOUSE EMERGENCY  
ACTION PROGRAM.

The Board of Commissioners discussed the Emery County Courthouse Emergency Action Program. The coordinator of the program is Jeff Guymon with Mick Robinson as alternate coordinator. Commissioner Horrocks commended Mary Huntington for her work on the plan. Commissioner Ethan Migliori made a motion to approve of Emery County Courthouse Emergency Action Program. The motion was seconded by Commissioner JR Nelson. The motion passed.

(4)

DISCUSSION AND APPROVAL OF AMENDED PERSONNEL POLICY SECTION 16  
“EMPLOYEE STATUS”.

Due to Obama Care under the Affordable Care Act there needed to be changes made in the Personnel Policy to address the issue of “employee status” and the way they receive benefits. Personnel Director, Mary Huntington proposed an amendment to the Emery County Personnel Policy, Section 16 “Employee Status” identifying the status of full-time, part-time and seasonal employees. Commissioner Ethan Migliori made a motion to approve Resolution 9-24-13 amending the Personnel Policy of Emery County, Section 16 “Employee Status” as presented. The motion was seconded by Commissioner JR Nelson. The motion passed.

COMMISSION MEETING MINUTES  
SEPTEMBER 24, 2013

(5)

APPROVAL TO PROVIDE FLU, PNEUMONIA, AND TETANUS VACCINES IN CONJUNCTION WITH EMERY COUNTY WELLNESS CLINIC. APPROVAL TO UTILIZE EMERY MEDICAL CENTER AS THE PROVIDER AND AUTHORIZATION FOR THE COUNTY TO PAY FOR THE VACCINES.

Commissioner JR Nelson made a motion to approve utilizing Emery Medical Center as the provider and authorize the County to pay for the vaccines. The motion was seconded by Commissioner Ethan Migliori. The motion passed. The Wellness Clinic will be held on November 6 and 7.

(6)

Commissioner JR Nelson made a motion to close Board of Equalization for 2013. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF BOARD OF EQUALIZATION CHANGES.

Assessor, Kris Bell reviewed the list of Board of Equalization changes with the Board of Commissioners. She indicated that two changes may have to be considered at a later date. Dennis Tuttle requested a field visit of his cabin in Joe's Valley. However, due to a family emergency they are still waiting to get with Mr. Tuttle. She indicated that she may be back for an adjustment later. Howard Van Wagoner, Elmo is waiting for a decision from the city regarding the building status, therefore she may be back for an adjustment later. Commissioner JR Nelson made a motion to approve the Board of Equalization changes as listed. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(8)

CONSIDERATION AND APPROVAL OF VETERAN, BLIND AND CIRCUIT BREAKER PROPERTY TAX ABATEMENTS.

Clerk/Auditor Brenda Tuttle explained that the applicants have requirements have to be met to qualify for an abatement. The first application made by a veteran who served in the military service of the United States of America or of this state or by the unremarried surviving spouse or minor orphan of that veteran shall be accompanied by a statement, issued by the military entity, showing at least a 10% disability incurred or aggravated in the line of duty during any war, international conflict, or military training in the military service of the United States of America

COMMISSION MEETING MINUTES  
SEPTEMBER 24, 2013

or this state.

A Blind application must be accompanied by a statement signed by a license ophthalmologist verifying that the person has no more than 20/200 visual acuity in the better eye when corrected or has, in the case of the better than 20/200 central vision, a restriction of the field of vision in the better eye which subtends an angle of vision no greater than 20 degrees.

The homeowner's tax credit application,(also known as a circuit breaker), is for the homeowner who is 65 or older on or before December 31, 2013 , or under 65 and disabled, or under 65 and it would be an extreme hardship to pay the tax. The applicant must have owned the home on January 1, 2013 to qualify and lived in the home for ten months during 2013. The abatement is based on income received by all persons living in the home during 2012. The applicant must be listed as the property owner of record and must be their primary residence.

The applications are sent out to those applicants who have qualified in previous years or have requested an application, on or about April 1 and are due in the Clerk/Auditor's office by September 1. Great effort is taken to ensure that all those who qualify for these programs are contacted. The circuit breaker program is reimbursed to the county by the state. The veteran and blind abatements are Commission adjustments and are not reimbursed by the state.

Commissioner JR Nelson made a motion to approve the Veteran, Blind and Circuit Breaker property tax abatements for 2013. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(9)

CONSIDERATION AND APPROVAL OF LOW INCOME PROPERTY TAX ABATEMENTS FOR MARY BENTLEY, RYAN COWLEY, VERNE HINTON AND ARLYNDA HUNT-ZAMORA.

Clerk/Auditor Brenda Tuttle explained that the low income property tax abatement is for homeowners under 65, disabled or under extreme hardship. Applications are considered by the Board of Commissioners on a case by case basis. The maximum that may be abated is 50% of the tax owing. The following applications were considered:

Mary Bentley, taxes owing: \$1,134.32. Mrs. Bentley's husband passed away in April significantly cutting down her monthly income. Based on the income she will currently have she will qualify next year under the circuit breaker program for the elderly with low income. Abatement would be \$567.16 approved. Commissioner Ethan Migliori made a motion to approve a 50% abatement for Mary Bentley. The motion was seconded by Commissioner JR Nelson. The motion passed.

Ryan Cowley, taxes owing: \$686.53. Mr. Cowley has been approved in years passed. Abatement would be \$343.27 if approved. Commissioner JR Nelson made a motion to approve

COMMISSION MEETING MINUTES  
SEPTEMBER 24, 2013

a 50% abatement for Ryan Cowley. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Verne Hinton, taxes owing: \$505.94. There has been some concern in the past with the number of members in the household and the income provided. Mr. Hinton did not apply for the abatement last year but has in prior years. Abatement would be \$252.97 if approved. After some discussion, Commissioner Ethan Migliori made a motion to deny Mr. Hinton's request for abatement of taxes owing. The motion was seconded by Commissioner JR Nelson. The motion passed.

Arlynda Hunt-Duncan Zamora, taxes owing: \$523.43. This is the first year this applicant has applied. Abatement would be \$261.72 is approved. After review of her accompanying documents Commissioner JR Nelson made a motion to approve a 50% abatement for Arlynda Hunt-Duncan Zamora. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(10)

Commissioner JR Nelson made a motion to approve of FY 2013 Beer Tax Annual Report for Emery County. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(14)

DISCUSSION AND CONSIDERATION OF APPROVAL OF AMBULANCE WRITE-OFF/REDUCTION REQUESTS FOR JOHN R. TURNER AND KENNETH W. TRAUM.

Requests for ambulance write-offs were considered as follow:

COMMISSION MEETING MINUTES  
SEPTEMBER 24, 2013

John R. Turner: After some investigation into his situation and review of his application request, Commissioner JR Nelson made a motion to deny Mr. Turner's request and set him up with a payment plan. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Kenneth W. Traum: After review of the application request Commissioner JR Nelson made a motion to deny the request for ambulance write-off for Kenneth W. Traum and set his wife up with a payment plan. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(15)

COMMISSION/ELECTED OFFICIALS REPORTS.

Commissioner Horrocks turned some time over to Chad Booth, from the broadcast program County Seat. Mr. Booth provided a review of the programs that have been aired and the benefit it is to rural government. He provided a second quarter summary of season 3. He asked the Commissioners for suggestions for subject matter for possible programs. He thanked the Commissioners for their continued support of the broadcast.

*Commissioner Migliori*

Commissioner Migliori reported on contacts during his recent trip to Washington, D.C. He reported that the figures are starting to come in on the 2013 Desertview Pro Rodeo. The figures show that they were \$1,500.00 over budget which the Recreation Board felt good about along with other good changes compared to previous years. The Emery County Business Chamber held a Lunch and Learn on the 18<sup>th</sup> where they met at Castle Café and heard from owner/operator of Energy Recycling in Huntington. They walked across the street for a tour of the facility which turns old used tires into usable fuel.

*Commissioner Nelson*

Commissioner Nelson commented that there are a lot of good people, both volunteers and working for and in Emery County who do very good things for our county. He reported on attending several meetings such as DOGM and Cooperative Weed Management. On September 12<sup>th</sup> two Utah State University professors along with several graduate students came to the County to study the San Rafael River Basin. They were interested in how the water is used and its importance to our area. The recent County Employee Luncheon was well attended. He recently met with the U.S. Forest Service and County Road Department to discuss an open gravel pit in Joe's Valley. They will be attending UAC Convention in Midway.

*Commissioner Horrocks*

Commissioner Horrocks reported on efforts of Big Game RAC board with regards to fishing

COMMISSION MEETING MINUTES  
SEPTEMBER 24, 2013

regulations and lion hunting. He attended an Energy Summit in Uinta County. They had groups from Anadarko, Bill Barrett Corporation and the Governor's Office as well as representatives from Utah Senators and Congressmen. The big discussion centered around efficiency in improvements in the way minerals are extracted specifically oil and gas from the Uinta County area and the attempt to make sure the air quality is not damaged any further than it already is from the extraction process. There was a big conversation regarding oil shale and the process used in Astonia. The company from Astonia had a presentation. They are very interested in the oil shale available in that part of Utah, Wyoming and Colorado. They stated that the recoverable amount of oil shale in that area exceeds the amount of oil in Saudi Arabia. That is being heavily contested by environmental groups. He reported on Melon Days. The Back Country Fly-in will begin Friday afternoon. Leon Defriez has planned some activities for Saturday. There will be a antique car show there at 1:00pm. The Huntington Airport has undergone some improvements lately and is becoming a great recreational airport advantage to the area. Steve Barton reminded the public of the Bike Festival on the Wedge, Friday, September 27<sup>th</sup> beginning at 6:00 pm running through Saturday and ending on Sunday.

*Commissioner Nelson*

Commissioner Nelson reported on attending a field trip to Range Creek. He commented on the amazing resources for archeological studies Range Creek holds for Utah. He reported on attending UAC Convention in Midway and the good sessions he attended.

*Commissioner Migliori*

Commissioner Migliori reported on a recent meeting with the Emery County Care and Rehabilitation Center. They are finally stable and not losing money anymore. He reported on the Museum's 20 year anniversary celebration. He commended Megan and the Museum Board for a very successful celebration. He reported on a multi-county chamber meeting where representatives from several counties discussed ways to help understand the needs of the business industries. Their goal is to help rural Utah stay strong. He reported that the Historic Preservation Committee recently place several signs in the area to help promote these areas in the county. The closest one that you could probably go see easily is at the MK Tunnels. He thanked the Road Department for their help putting up the signs.

*Commissioner Horrocks*

Commissioner Horrocks reported on UAC Convention and discussions regarding RS2477 ROW and State Prisoners housed in rural facilities. Back Country Flyers held their annual fly-in at the Huntington Airport on the 27 and 28 of September. Many were kept away by the weather. There were about fifty planes over the two day event. There were many good comments regarding the improvements at the airport from the public that attended and from the pilots.

CONSIDERATION AND APPROVAL OF FY2014 TENTATIVE BUDGET FOR EMERY COUNTY AND CASTLE VALLEY SPECIAL SERVICE DISTRICT. SETTING OF PUBLIC HEARING COMMENTS ON THE FY2014 TENTATIVE BUDGETS.

Clerk/Auditor Brenda Tuttle reviewed the FY 2014 tentative budget for Emery County. She stated that by law she is required to submit a tentative budget to the Commission by the end of October. She added that overall revenue is down from last year. Mineral lease funds continue to go down. A final budget must be adopted in December.

Commissioner JR Nelson made a motion to approve FY 2014 tentative budget for Emery County. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

Castle Valley Special Service District Manager Jacob Sharp reviewed the District's FY 2014 tentative budgets. He indicated that the District has three budgets, General, Capital Projects and Debt Service. Because mineral lease funds are down, property tax is about the same and there is little new growth they anticipate funds to be tight. He indicated that CVSSD and Emery Water Conservancy District are considering joining forces to procure a new building for their combined offices.

Commissioner JR Nelson made a motion to approve FY 2014 tentative budget for Castle Valley Special Service District. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

A hearing is set for December 17, 2013 at 6:00 pm to review, receive comment on and adopt the final 2014 budget.

KEN BROWN, WESTERN COUNTIES ALLIANCE. DISCUSSION OF ISSUES BEING MONITORED BY WCA AND CONSIDERATION AND APPROVAL OF MEMBERSHIP FOR FY2104

Ken Brown, Western Counties Alliance discussed issues being monitored by WCA. He reviewed PILT money, Secure Rural Schools, Geothermal energy resources, Public Land transfers, Wild Horse Burro Program, old website issues and membership. He encouraged the Commission to participate in the Alliance through an annual membership fee of \$3,000.00. He indicated that as new counties come on board with the alliance the membership fee will continue to come down.

Commissioner Horrocks thanked Mr. Brown and the Alliance for the good issues that they address on the county's behalf. Emery County will continue to support the Alliance, however due to budget constraints will not be able to participate with \$3,000.00. The Commission agreed to participate at \$500.00. Commissioner JR Nelson made a motion to approve \$500.00 membership dues to Western Counties Alliance. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF CONTRACT WITH JOHANSEN AND TUTTLE ENGINEERING FOR EMERGENCY FLOOD DAMAGE ASSESSMENT 2013.

Merrill Johansen, Johansen and Tuttle Engineering discussed a contract for emergency flood damage assessment. Merrill and Captain Kyle Ekker attended site visits to determine costs to repair flood damages throughout Emery County. Red Seeps, Buckhorn Road, Dinosaur Quarry Culverts, and Cottonwood Canyon were determined to need repairs. The contract amount for the design work for the sites is \$1,400.00. Commissioner Ethan Migliori made a motion to approve a contract with Johansen and Tuttle Engineering for emergency flood damage assessment 2013 in the amount of \$1,400.00. COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Horrocks*

Commissioner Horrocks reported on the final general budget process. Money is tight this year and they have asked the department heads to minimize their expenditures as much as possible. They do not have the funds to approve all the Capital Projects requests this year. They have given each department the option to purchase necessary equipment up to a certain dollar amount. He reported that he along with Mike McCandless met with representatives from Uintah County, Duchesne County and Carbon County to discuss projects that will benefit all four counties, job wise and financial wise. They will have monthly meetings until they have the projects ready to announce to the public. He reported on meeting with NRCS regarding projects that they will and will not fund with regards to Huntington Canyon.

*Commissioner Nelson*

Commissioner Nelson reported on the recent Domestic Violence Conference. He reported on Emery Water Conservancy District and Castle Valley Special Service District and discussions to have a combined office building. There will be a Coal Symposium on Thursday in this building. They will be discussing ways to keep coal viable. Bureau of Reclamation is having a meeting with PacifiCorp and Emery Water Conservancy District on Monday, October 28, 2013 to discuss a new contract. Castle County Partnership will hold meeting in Green River on Thursday. The toppling of the hoodoo in Goblin Valley State Park will probably be discussed. On Wednesday the Library will hold a Hosting Seminar. It will be here in the courthouse on Wednesday from 9:00 until noon.

*Commissioner Migliori*

Commissioner Migliori reported that the Travel Bureau received three grants to help with advertising projects. The Recreation Board have received favorable reports from the Fair and Rodeo. This Friday the Museum of the San Rafael is holding a Day on the Desert on Friday.

(2)

EMERY COUNTY EMPLOYEE OF THE MONTH

Commissioner Ethan Migliori made a motion to table this item until the next meeting. The motion was seconded by Commissioner JR Nelson. The motion passed.

(3)

DISCUSSION AND APPROVAL TO PROCEED WITH LANDFILL TIPPAGE FEE ORDINANCE

Road Supervisor, Wayde Nielsen discussed issues with regard to the Landfill Tippage Fee Resolution. He stated that Emery County has a tippage fee resolution in place, however it has become lax and has not been utilized for a few years. Contractors are supposed to pay a tippage fee while the citizens can dump for free. Wayde suggested some changes to the existing fee schedule that would more firmly identify the contractor vs the citizen making the resolution clearer to the users. He also suggested lowering the fee. Commissioner Migliori stated that the contractors need to be made aware of the new fees. Commissioner Migliori asked Wayde when he would like to see the new fee implemented? Wayde indicated that the first of the year would be a good time to implement new fees. Commissioner Horrocks stated that the Landfill needs to make some changes so as to make it more self-sustainable. Attorney David Blackwell indicated that he could have a rough draft prepared for the next Commission Meeting. He suggested setting a date for a Public Hearing in December giving the process time to allow for publication. Commissioner JR Nelson made a motion to approve proceeding with amending the Landfill Tippage Fee Resolution and set a Public Hearing for December 17, 2013 to allow for public comment. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(4)

CONSIDERATION AND APPROVAL OF RESOLUTION APPOINTING EMERY COUNTY'S OFFICIAL REPRESENTATIVE AND ALTERNATE FOR THE UTAH COUNTIES INDEMNITY POOL MEMBERSHIP MEETING.

Commissioner Horrocks indicated that Mary Huntington as Personnel Director and point person for the county's insurance has been the representative for the several years. Attorney David Blackwell was the alternate. Mr. Blackwell will not be able to be the alternate this year as he is chairman of the Litigation Committee and is on the UCIP board. Leslie Bolinder as the Administrative Assistant to the Commissioners has been suggested as the alternate. Commissioner Ethan Migliori made a motion to approve Resolution 11-12-13 appointing Mary Huntington as the official Emery County representative for the Utah Counties Indemnity Pool Membership Meeting and Leslie Bolinder as an alternate. The motion was seconded by Commissioner JR Nelson. The motion passed.

(5)

CONSIDERATION AND APPROVAL OF TAX ABATEMENT FOR CLEVELAND CITY,

PARCEL #01-050C-0005

Kris Bell, Assessor requested approval of tax abatement for Cleveland City. During the 2012 tax year this property was bought by Cleveland City. On January 1, 2013 it should have been classed as exempt property instead of active, but a Greenbelt rollback tax was owing from the previous owner. So it stayed an active account until the special tax was cleared from the record, which was paid in August of 2013. It is the recommendation that the taxes be abated for the property as it is by all technical purposes an exempted parcel. Tax dollars due before the adjustment for 2013 \$85.19. Tax dollars due after the adjustment for 2013 \$ 0.00.

Commissioner JR Nelson made a motion to approve of tax abatement for Cleveland City, Parcel #01-050C-0005 as recommended by the Assessor. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF TAX ABATEMENT FOR DEBBIE RICH,  
PARCEL #05-0077-0002

Kris Bell, Assessor requested approval of tax abatement for Debbie Rich. This would be a Commissioner's adjustment. Debbie's 14 acres are being State Assessed as a gravel pit. The total parcel's acreage is 64.16 acres. We need to remove the 14 acres from being locally assessed. Commissioner JR Nelson made a motion to approve of tax abatement for Debbie Rich, Parcel #05-0077-0002. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF LICENSE AGREEMENT BETWEEN EMERY  
COUNTY AND ANDALEX RESOURCES CORPORATION FOR SOUTH DEBRIS BASIN.

Jonathan Johansen, Johansen & Tuttle Engineering explained the license agreement between Emery County and Andalex Resources Corporation for South Debris Basin. This will allow J&T Engineering to do the surveys for the project. Commissioner JR Nelson made a motion to approve the license agreement between Emery County and Andalex Resources Corporation for South Debris Basin. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

This ROW will allow access over BLM property. Commissioner JR Nelson made a motion to approve of BLM ROW application for Phases II and III of Huntington Creek Restoration Project. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

CONSIDERATION AND APPROVAL TO ADVERTISE FOR SALE COUNTY OWNED PARCEL 04-0051-0001

A citizen in Lawrence has requested the county sell a section of county owned property. This section of property would square off his property to utilize his wheel line irrigation. Attorney David Blackwell reviewed the process for selling county owned property. Letters must be sent to the adjoining property owners. There must be advertising for sealed bids listing the minimum acceptable bid. Commissioner JR Nelson made a motion to advertise for sale county owned property parcel 04-0051-0001 with a minimum acceptable bid. Sealed bids are to be delivered to the Clerk/Auditor's office by 5:00 pm on December 13, 2013 to be opened in Commission Meeting on December 17, 2013. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(13)

APPROVAL TO ADVERTISE FOR BOARD VACANCY ON EMERY COUNTY CARE AND REHABILITATION BOARD OF DIRECTORS.

COMMISSION/ELECTED OFFICIALS REPORTS

*Commissioner Nelson*

Commissioner Nelson reported meeting with Four Corners Community Behavioral Health. the state is considering an expansion of Medicaid as a way to accommodate those who fall in the cracks between Medicaid and the Affordable Care Act. Four Corners could see a large increase in the patients that they will be able to treat. Commissioner Nelson reported on attending a BLM, PacifiCorp, Emery Water Users meeting where they discussed the importance of water management by Emery County people. He reported on Drug Court and the positive impact it is having on the communities. Local employees have had struggles to find employees who test clean. The employers are looking at Drug Court for employees who are tracked and tested regularly. He reported on the continuing efforts to lower natural gas hook-up fees on new construction in rural areas as compared to urban area fees. He expressed concern for the cost of renovations at Millsite Dam. Millsite is one of the few dams in the state that is not federally owned. The renovations are expected to raise the spillway by four feet, enlarge it and make it structurally sound. They will also dredge the lake for silt to restore the lake to its original storage capacity. He commended the Emery County Libraries for being ahead of the curve when it comes to electronic technology and availability. He stated he was pleased with the recent Wellness Clinic and the great benefit it is to county employees . The Senior Aging and Nutrition is in a bit of limbo at this time due to the retirement of the director. His work is being absorbed by three people at this time but moving along well.

#### *Commissioner Migliori*

Commissioner Migliori reported on the recent Coal Symposium where they addressed new technology being used in coal production making using coal more efficient. New developments allow coal to be used more efficiently and opens new possibilities that were previously unavailable. He expressed the importance of keeping the industry strong. Emery County Care and Rehabilitation Center is continuing to work through their concerns. The Trails Committee is currently working on a GPS project to map and document hiking and non-motorized trails. The Museum of the San Rafael has adjusted their hours for the holidays to accommodate the visitors in the county during the holiday season. They will place displays in the Museum to promote visiting the Pioneer Museum. He reported on the progress of meeting with Johansen and Tuttle Engineering regarding the Huntington Complex Improvement Project.

#### *Commissioner Horrocks*

Commissioner Horrocks reported on Association of Local Governments funding discussions due to the loss of federal funds. They will need to rearrange things in order to continue to fund senior programs. Conductive Composites, a company that specializes in metal fabrication is looking into the possibility of relocating in Cleveland. Emery County Archives received a

RESIDENTS OF CASTLE DALE, DISCUSSION OF COTTONWOOD CREEK FLOODING  
SOUTHEAST OF CASTLE DALE.

Castle Dale citizens, James Huggard, Dixie Thompson, Karen Huntsman, and Colleen Gilbert came before the Board of Commissioners to discuss an issue regarding Cottonwood Creek flooding southeast of Castle Dale. James Huggard reported that in June of 2011 flooding due to snow run-off endangered the homes of Mark H. Williams, Dwayne Gilbert and Jesse Allred as well as several fields, including his field. In September of this year the creek flooded again, this time flooding the crawl space of Mark H. William’s home and encroached on several other homes and fields. Mr. Huggard provided pictures of the creek at it’s fullest with the flooding potential. He indicated that the group of residents approached Castle Dale City for some assistance. Castle Dale City supported pursuing avenues to correct to situation. Mr. Huggard suggested addressing the situation before the flooding happens again next spring. He suggested cleaning up the creek and putting in a channel. He indicated that he knows that working with the Army Corp of Engineers will be a huge issue. They have been in contact with Captain Kyle Ekker who oversees Emergency Management for the county. Captain Ekker is still quite busy with the Huntington Creek Debris Basin. Sheriff Greg Funk reported that earlier this year Captain Ekker visited several potential flooding areas in the county with a FEMA representative. He is aware of this situation. He will get to this situation as soon as things let up a bit in Huntington. Commissioner Horrocks indicated that Mark H. Williams brought this situation to the Commissioner’s attention back in 2011. He indicated that there may be a way to get help through the state for an alteration permit. Commissioner Nelson suggested using a different term such as stream restoration when addressing this issue. This may help the Army Corp of Engineers be more open to discussions. Commissioner Nelson suggested meeting with Emery Water Conservancy District. They may be able to do some small things that will help lessen the damage. The Commissioners indicated that they are willing to help in any way they can.

(4)

DISCUSSION OF LANDFILL TIPPAGE FEE RESOLUTION AND PUBLIC HEARING SET  
FOR DECEMBER 17, 2013.

COMMISSION MEETING MINUTES  
NOVEMBER 26, 2013

County Attorney David Blackwell reviewed the current Resolution and new proposed fees. A public hearing is set for December 17, 2013 to take comments on the new proposed fees.

(5)

CLARIFICATION OF SALE OF COUNTY-OWNED PARCEL 04-0051-0001

In the November 12, 2013 a date was set to receive sealed bids to sell county owned parcel 04-0051-0001. However, the time limit for advertising will not meet the required amount of time for advertising. Commissioner Ethan Migliori made a motion to change the date for sealed bids to be accepted in the Clerk/Auditor's office to January 10, 2014 with the bids being opened January 14, 2014. The motion was seconded by Commissioner JR Nelson. The motion passed.

(6)

CONSIDERATION AND APPROVAL OF AMBULANCE WRITE-OFF REQUEST FOR YEON O. HWANG

Commissioner Horrocks indicated that this account lacks the proper paper work and that to date no payments have been made. Commissioner JR Nelson made a motion to deny the request for an ambulance write-off for Yeon O. Hwang and request Mr. Hwang make payments. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(7)

CONSIDERATION AND APPROVAL OF AMBULANCE WRITE-OFF REQUEST FOR JACQUELINE E. DAMRON.

Commissioner Horrocks indicated that this account has received all the insurance payments that it is going to receive. The balance owing is \$584.69. Ms. Damron lives in an assisted living facility and has a guardian assigned to her. After some discussion on this matter Commissioner Ethan Migliori made a motion to table any decision to allow him time to investigate the matter further. The motion was seconded by Commissioner JR Nelson. The motion passed.

(8)

CONSIDERATION AND APPROVAL OF LEVEL 3 CONDITIONAL USE PERMIT FOR TRAIL MOUNTAIN RESORT FOR DEVELOPMENT OF TWO SUBDIVISIONS IN JOES VALLEY.

COMMISSION MEETING MINUTES  
NOVEMBER 26, 2013

Mike McCandless provided a brief history of this development. He stated that this is the development that exist on the east side of the lake. It is a 34 acre development that is on SITLA land that was established in 1963 as a 99 year lease. Prior to 1970 Emery County did not have a Zoning Ordinance. This lease has operated since the creation of that original development in the 60's. We have handled this development as non-conforming lot of record. That is a fancy way of saying that activities there were "grandfathered in" because it was created prior to the creation of the county ordinance. About three years ago SITLA began investigating whether this property would be potentially more profitable for them if they sold it or if they managed it differently. We met with them a number of times to help them understand that any changes to that piece of property in the way it was operated would require changing the way we enforce the zoning up there because the "grandfathering" would go away. They evaluated it, did make a determination that they wanted to sell it. They put it up for auction. It was purchased by Blaine and Maryann Luke about two years ago. About that same time amendments were made to section 11 of the Emery County Planning and Zoning Ordinance to enable a mountain subdivision lot to encourage development to occur in small cluster units rather than spreading cabins throughout the forest. The maximum size requirement for this 20 acre development with 1 acre lot sizes. The Lukes made a presentation and have been working on this process for two years. They submitted their proposal back in August. The Planning and Zoning Committee has met a couple of times on this topic. A staff review group forwarded the proposal to the Planning and Zoning Commission where it was approved and forwarded to the Board of Emery County Commissioners for approval. Joe's Valley Resort had approximately 31 structures up there. The concerns that we had was that many of the structures did not meet building codes. There was a lot of weekend building going on without building permits. Many of the septic systems were sub-standard to say the least. There were issues that we needed to have the Lukes address. In order for the Lukes to receive approval they were to decrease the density of the existing lots and go through a process with the Utah Department of Health to determine a way to handle the septic. The way they have proposed is to have it be a 16 lot development. 15 would belong to individuals with 1 as per ordinance would be open space to be used jointly as a recreation area. The second development is 8 acres would have 5 lots with open space and includes the CCC Trail. The other issue that they have to address is that they create a sub division plan with operate internal care and general upkeep of the facility. The other issue is the adoption of the wildlife urban interface plan. There are care plans for the lots regarding fire pits and other areas of safety. It was reviewed by the Planning/ Zoning Commission for two months and made a determination to forward to the Board of Commissioners for approval. It is a sub-division and does have an overall affect of the character of the county. You can accept, reject or modify the request that has been forwarded to you.

Commissioner Nelson asked who is responsible for care of the road? Mike indicated that the road is seasonal use. It will be maintained by the homeowners association created in the development group for the upkeep of the sub-division. In the past this all had one owner and the lots were leased. This plan will enable them to sell one acre lots. This will be a platted sub-division like in a city. Each lot will have a specific owner and specific tax revenue. In the past we had no tax revenue. These will now all be on the tax roll. Attorney David Blackwell asked if

6

COMMISSION MEETING MINUTES  
NOVEMBER 26, 2013

they will have a CCNR? Mike indicated that they will have a homeowners association with bylaws and articles of incorporation. This is created on current case law.

Commissioner Ethan Migliori made a motion to approve a Level III Conditional Permit for Trail Mountain Resort for development of two subdivisions in Joe's Valley. The motion was seconded by Commissioner JR Nelson. The motion passed.

(9)

RATIFICATION OF BLM ROW APPLICATION FOR HUNTINGTON SOUTH DEBRIS BASIN TEST HOLES.

Merrill Johansen, Johansen & Tuttle Engineering reviewed the application for BLM ROW for Huntington South Debris Basin. The ROW is to access private land for soils investigation for the future debris basin and drop structure in Huntington Canyon on private land. The project will require a temporary easement to access the site to conduct 8 test holes to acquire the soil profile. The application needed to be signed and sent in before this meeting so the signing of the application needs to be ratified. Commissioner Ethan Migliori made a motion to ratify the signing of BLM ROW application for Huntington South Debris Basin Test Holes. The motion was seconded by Commissioner JR Nelson. The motion passed.

(10)

APPOINTMENT OF WADE ALLINSON TO THE EMERY COUNTY HISTORIC PRESERVATION COMMISSION

Commissioner Ethan Migliori made a motion to appoint Wade Allinson to the Emery County Historic Preservation Commission. The motion was seconded by Commissioner JR Nelson. The motion passed.

(11)

CONSIDERATION AND APPROVAL OF COMMISSION TAX ABATEMENT FOR DENNIS TUTTLE ON PARCEL 03-0006-0007.

Assessor, Kris Bell explained that Dennis Tuttle came in during Board of Equalization, but due to a family emergency, a review of his property was put on hold. The Assessor's Office has been to Mr. Tuttle's cabin and measured and as a result they have reduced the square footage.

COMMISSION MEETING MINUTES  
NOVEMBER 26, 2013

Previous tax due was \$506.33. The new tax due is \$472.57. This is a difference of -\$33.76. Commissioner JR Nelson made a motion to accept a Commission tax abatement for Dennis Tuttle as proposed. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(12)

CONSIDERATION AND APPROVAL OF LEASE BETWEEN EMERY COUNTY AND NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION (NOAA) FOR CONTINUED PLACEMENT OF THE WEATHER SERVICE EQUIPMENT AT HORN MOUNTAIN.

Bret Mill, Communications discussed this lease with the Commissioners. Bret recommended that the Commissioners not sign the lease with NOAA. Bret indicated that he found nine discrepancies with the lease. He stated it gives all rights to the federal government. He suggested drafting our own contract. NOAA is an important service for our communities. "However," he said, "I don't think we should give them our building." Commissioner Ethan Migliori made a motion to not approve the lease between Emery County and National Oceanic and Atmospheric Administration (NOAA) for continued placement of the weather service equipment at Horn Mountain and to direct Bret Mills and Attorney David Blackwell to draft a contract that will be equitable for both parties. The motion was seconded by Commissioner JR Nelson. The motion passed.

(13)

CONSIDERATION AND APPROVAL OF JOINT PERMIT APPLICATION WITH THE U.S. ARMY CORPS OF ENGINEERS FOR HUNTINGTON SOUTH DEBRIS BASIN.

Merrill Johansen, Johansen & Tuttle Engineering reviewed a joint application with the U.S. Army Corps of Engineers for Huntington South Debris Basin. Merrill indicated this application is necessary any time you alter or move any thing around in the river or stream. This is required to begin the process for the project. There is a fee associated with the application. Commissioner JR Nelson made a motion to approve of Joint Application with the U.S. Army Corps of Engineers for Huntington South Debris Basin. The motion was seconded by Commissioner Ethan Migliori. The motion passed.

(14)

APPROVAL OF APPLICATION WITH STATE OF UTAH FOR DAM NOT REQUIRING SUBMISSION OF FORMAL PLANS FOR HUNTINGTON SOUTH DEBRIS BASIN.

Merrill Johansen explained that since this is a sediment basin and not a large dam, we will not have submit formal plans to the state and have a review with them. This is just letting them know what we are doing. Commissioner JR Nelson made a motion to approve application with the State of Utah for dam not requiring submission of formal plans for Huntington South Debris

COMMISSION/ELECTED OFFICIALS REPORTS.

*Commissioner Nelson*

Commissioner Nelson reported on activities at UAC Convention in St. George. The Fire District meet a week ago. Commissioner Nelson commented that the average volunteer fireman puts in 180 hours of training per year, on their own dime and their on time. They are a valuable asset to our communities. The district is looking into replacing older pumper trucks. Commissioner Nelson asked Ray Petersen to report on greater sage grouse discussions in a meeting they recently attended. Ray reported that Emery County is not as impacted as some other counties. He stated that we do have a small population on Horn Mountain in the Pines area actually in Sevier County. They attended a meeting with BLM, Forest Service, Wayne County and Emery County. Wayne County has a large population of greater Sage Grouse. The management of the greater Sage Grouse there should be a foster child for Sage Grouse management. The population is 400% of what it was a few years ago. It is obvious that Utah has done a good job of managing these birds. It is the intent of the BLM State Management Plan to keep the birds from being listed. The Governor's Task Force on Sage Grouse is trying to make that happen by relaying to the Fish and Wildlife Service that the counties have been successful in managing the birds, let them continue. The comment period for the plan will run through end of January, 2014.

Ray also commented on BLM holding oil and gas leases sale. At the last minute the BLM made the decision to defer about 90,000 acres from being offered for sale. The way it was done caused Emery County some great concern. Emery County made some noise with our legislators to point out to the Department of the Interior and BLM that that is not good business. The sale that took place generated \$3.4 million dollars. We would like to have seen the rest of the parcels in that sale.

Commissioner Nelson thanked Castle Valley Special Service District for all they do. They did not get out of CIB what they wanted, but do the best with what they have.

He talked about Emery Water Conservancy District and an emergency meeting they recently held regarding changes with the government and potential take over of water management.

He reported on the Senior Citizen Christmas Party will be December 6, 2013 at 5:30 pm.

*Commissioner Migliori*

Commissioner Migliori reminded everyone that the Museums will be open during the Thanksgiving break to be available for visitors in the area.

5:30 P.M. PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT CONCERNING THE

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSION  
DECEMBER 17, 2013

PROPOSED LANDFILL TIPPAGE RESOLUTION.

Commissioner Horrocks opened the public hearing by explaining that Emery County has an ordinance in place at this time. The set tippage fee is \$15.00 per ton for any materials brought to the Emery County Landfill by commercial contractors. Apparently no bills were being sent out. Commissioner Nelson indicated that in researching what neighboring landfills are charging he found that these other landfills are surprised that Emery County is not charging a fee. The proposal is for all contractor hauling loads to the landfill be charged \$10.00 per ton for loads over 1000 lbs. He indicated that it is very expensive to operate a landfill. The county has been absorbing the cost to operate the landfill. This proposal asks for a small user fee.

Commissioner Horrocks opened the floor for comments.  
The comments were as follow:

Green River Mayor Pat Brady:

He indicated that in Green River they have a transfer station in town for the citizens to use. Citizens can bring pick-up loads and dump them for free. They are opposed to Green River being charged for what trash they bring to the landfill from the transfer station. According to your proposed resolution anyone can bring a pick-up truck load to the landfill and dump it for free. People are not going to drive from Green River to the landfill to dump a pick-up load for free. It's just not economical for our citizens. We ask that you consider that at least what we bring over from the transfer station not be charged a tippage fee. It is the same thing as your residents here not being charged to take a load the landfill. The City considered charging to use the transfer station. But it is the same concern as other mayors have expressed, if you start charging people to dump they will find another place to dump instead of taking it to the transfer station. Please reconsider. They accept the \$10.00 tippage fee for the regular trash.

Commissioner Horrocks asked Mayor Brady if the transfer stations are roll-offs.

Mayor Brady indicated that they do use roll-offs for the transfer stations provided through their contracted service provider City Sanitation. Using the roll-offs for transfer stations is cost to the city but is a benefit to the city and its citizens. We are not going to charge our citizens to use them.

Castle Dale City Councilman Brad Giles:

Mr. Giles wanted to know if they had any trouble accepting the roll-offs at the landfill?

Mayor Brady indicated that as far as he knows there has not been any problems accepting the roll-offs at the landfill.

Wade Williams, City Sanitation:

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSION  
DECEMBER 17, 2013

Mr. Williams indicated that most communities that they service have roll-offs and for the most part there is no problem with the roll-offs. The only time there is a problem is if there is a refrigerator in the roll-off because it is considered hazardous waste.

Commissioner Nelson:

Ferron has very good signage informing citizens of what roll-offs can accept. They have a metal depository so that the trash is separated. Metals, paints, batteries, tires these need to be separated.

Wade Williams:

Emery has a metal depository and so does Elmo.

Castle Dale Mayor Neal Peacock:

Castle Dale has been told flat out that unless they separate out the garbage, have the employees get in the bins and separate it out, they will not accept our roll-off. But they will from other towns. So when Mayor Brady talks about being equal he loves that idea. Castle Dale City has stopped using the roll-offs because the problems and we felt that we are close enough to the landfill that citizens can go there. It was not a popular decision. It wasn't our decision.

Ferron City Mayor JoAnn Behling:

Mayor Behling indicated that they have a concern with the cost associated with the per ton for having the roll-offs in town. It is a service that we would like to continue. If the cost goes up because of the cost associated we are not sure we can continue to provide them for the community. She requested that they reconsider the fee for the roll-offs.

Wade Willams City Sanitation:

Mr. Williams expressed his concerns, first, as he has been out talking to people in the communities, people want to make sure that revenue that is generated from this fee is used for maintenance at the landfill and doesn't go for something else. The second concern is the unfairness. People in Green River are not going to make a 200 mile round trip drive to the landfill. Roll-offs are more economical and fair for the citizens and in his opinion easier for the landfill to manage compared to 30 to 40 pick-up loads coming in to the landfill. The roll-offs are tarped as they travel to the landfill so you will not have the debris on the side of the road that you may have from pick-up truck loads. His third concern is timing. What ever decision is made tonight and it takes place January 1<sup>st</sup>, will not give him time to notify his customers. This will be a big increase that he will have to pass on to the customer. We will be looking at possibly a 10% to 20% increase. It is in the ballpark of \$1.00 per can, per home, per month. Commercial will be harder to estimate. We have three types of service, residential, commercial and industrial. Industrial is the roll-offs. For the past four years we have been paying on the industrial. Sometimes we were charged and sometimes we were not. There is some inconsistency with the fees. We will have to meet with each of the cities to discuss the cost changes.

MINUTES OF THE BOARD OF EMERY COUNTY COMMISSION  
DECEMBER 17, 2013

Commissioner Horrocks:

What time frame would accommodate you?

Wade Williams:

A month once I know which way it would go.

Commissioner Migliori:
