

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**January 7, 1998**

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson and Commissioner Kent Petersen, County Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 9:00 a.m.

(1)

MIKE MCCANDLESS, EMERY TELEPHONE, INTRODUCTION OF NEW PROGRAM FOR INVOLVEMENT IN COMMUNITY ISSUES.

Mike McCandless, Emery Telephone, gave an overview of their new community involvement program. As a member owned organization within the county they have come to an awareness of how important their involvement can be in the community. They have made some positive impacts in the last couple of years and would like to find some ways to distribute those impacts more effectively. They would like to start out by becoming more involved in issues such as community/county issues. They will have a representative at commission meeting as well as other organizations meetings throughout the county. They want to find out if there are other ways they can be of more assistance. Emery Telephone Board of Directors feels this is a first step to becoming a positive influence in the county. Commission Chairman Randy Johnson suggested reporting on a quarterly basis. Pacificorp, Forest Service, DWR and other agencies report every quarter and Emery Telephone is welcome to do the same. Mr. McCandless expressed his appreciation to the commission and thanked them for the invitation to report quarterly. He will report back in next Commission meeting on Emery Telephone's response to the quarterly report.

(2)

REQUEST FOR DONATION TO GREEN RIVER HIGH STUDENT PARTICIPATING IN THE CLOSE-UP PROGRAM.

Commission Chairman Randy Johnson explained that the Close-up Program is a program for taking seniors to Washington D.C. for an educational experience on how government works.

Green River has been utilizing this program for several years. In the past they approached the Emery County School Board for a donation. The school board has changed their policy to exclude small donations on a request basis. Emery County gave a donation to this program last year. Commissioner Bevan Wilson made a motion to donate \$250.00 to the Close-up Program. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(3)

REQUEST FOR DONATION TO MISS PANORAMALAND PAGEANT.

Sabrina Ungerman and Loretta Beagley are Directors of the Miss Panoramaland Scholarship Pageant. This pageant is a franchise of the Miss America Organization. It covers eight counties in the south central region of the state. Emery County will be hosting the pageant this year. They hope, with the proper funding to hold it at the high school. If not Huntington Elementary has donated the use of their facility. As an open pageant they have no main source of income. They are here to ask for a donation to help finance this pageant. Emery County has five young ladies trying out in this pageant, with many others from the other counties. In order to maintain the Miss America franchise the pageant must be held before February 1. The date for the Miss Panoramaland Scholarship Pageant is January 31, 1998. They are hoping to get to each of the counties involved to ask for some kind of a donation. Commissioner Johnson commented that he has worked with young ladies at these pageants and has seen the growth and benefit to the young ladies as a result of these types of pageants. Commissioner Johnson supports some form of donation to this cause. Commissioner Kent Petersen made a motion to donate \$200.00 to the Miss Panoramaland Scholarship Pageant. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

REQUEST FOR DONATION TO WESTERN RURAL COUNTY POLICY INSTITUTE.

Commissioner Bevan Wilson made a motion to donate \$250.00 to Western Rural County Policy Institute. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(5)

CITIZENS CONCERNS

There were no citizens concerns at this time.

(6)

CONSIDERATION AND APPROVAL OF NECESSARY ACTION TO ESTABLISH  
ESCROW ACCOUNT FOR LANDFILL ASSURANCE TRUST FUND.

In 1994 Resolution 10-05-94C established a Financial Assurance Trust Fund in the amount of \$133,000.00 to fulfill requirements for eventual closure of the Emery County Landfill. The Board of Commissioners has determined that establishing an escrow agreement and fund is a more efficient and practical method for fulfilling the requirements as established by the Utah Division of Solid & Hazardous Waste. It was determined that an escrow account in the amount of \$146,000.00 with additional annual payments of \$10,500.00 for a period of five years beginning January 1998 will fulfill the required financial assurance. It is necessary to sign Resolution 01-07-98 to close the Financial Assurance Trust Fund created by Resolution 10-05-94C and transfer \$146,000.00 from the Emery County General Fund to an Escrow account to fulfill Emery County's Financial obligation for closure of the Emery County Landfill. The annual payment of \$10,500.00 is a budgeted amount and will be addressed each year until fulfilled. County Attorney David Blackwell has looked over the document and recommended signing the resolution. Commissioner Bevan Wilson made a motion to sign Resolution 01-07-98 closing out the Financial Assurance Trust Fund, establishing an escrow account and to authorize the annual payment to the escrow account. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

DISCUSSION AND APPROVAL OF COMMISSIONER RESPONSIBILITIES AND 1998  
CHAIRMAN.

Commissioner Kent Petersen made a motion to carry on with the same responsibilities and chairman as in 1997. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

DISCUSSION OF 1998 COMMISSION MEETING AND HOLIDAY SCHEDULE.

Commissioner Kent Petersen made a request to change Commission Meeting days to Mondays due to the demands on their schedules during the week. Layne Miller, Emery County Progress, expressed that it would not be a good day for the paper. Bruce Funk expressed his concerns for his office in preparing the claims for the check edit list. After some discussion the request was withdrawn. There was some discussion on having the day after Thanksgiving as a holiday. The Board of Commissioners is willing to look at this possibility maybe as a trade for another holiday (possibly Columbus Day) or an extra holiday. This item of discussion will be on the agenda for next week to allow for time to look at the cost effectiveness of this proposed action.

(9)

ROAD DEPARTMENT/LANDFILL ITEMS

Road Supervisor, Rex Funk, requested approval to purchase two used semi-tractors. The money is in place for the purchase from Class B Roads. He suggested that this is the best time of the year for this kind of purchase as the selection is peaked in the winter. He also requested purchase of a loader for the landfill. Commissioner Bevan Wilson made a motion to approve the purchase of the two semi-tractors for Class B and the loader for landfill. The motion was seconded by Commissioner Kent Petersen and approved by all members present. Rex Funk indicated he may be using items from the Class B fleet for trade in on the purchase of the semi-tractors.

The Goblin Valley Project/Phase II site showing was January 6, 1998. It will go out for bid by SSD#1 around January 20, 1998. The project will be advertised and SSD#1 will be under permit with Emery County Road Department.

(10)

APPROVAL TO FILL FAIR BOARD DIRECTOR POSITION.

Commission Chairman Randy Johnson, after taking applications, requested approval to appoint Kathy Justice to fill the position of Fair Board Director. Mrs. Justice has been very successful in the last seventeen years as the Heritage Days Director. She is very excited to do this. According to the contract she will be paid in two phases. The contract will be renewed each year

pending approval from the Board of Commissioners. Commissioner Kent Petersen made a motion to approve Kathy Justice as Fair Board Director. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

UPDATE AND DISCUSSION OF HOUSING MANDATES APPROVED BY LEGISLATURE.

According to HB 295, counties and cities will be required to make a survey of their housing conditions and determine if the moderate income person (someone making eighty percent of the median gross income for the community) is able to find housing. One of the requirements is to see what the value of housing has done for your community in the last few years. The master plan will have to be updated by December 31, 1998 to include a statement on moderate income housing. The AOG staff will be assisting in this effort.

(12)

APPROVAL OF APPOINTMENTS TO PLANNING & ZONING BOARD.

Mack Huntington, Chairman of Planning & Zoning Commission, requested the reappointment of Doyle Jensen and Glenys Sitterud to their board as their term ends December 1997. This will be a four year term ending in 2001. Commissioner Bevan Wilson made a motion to approve the reappointment of Doyle Jensen and Glenys Sitterud for the four year term ending December 2001. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

DISCUSSION AND ADOPTION OF PROPOSED EMPLOYEE SALARY SCHEDULE

Pat Snowball, Personnel Director, suggested postponing this item until after the Compensation Committee meets. Commissioner Kent Petersen made a motion to table this item. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(14)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk, presented to the Board of Commissioners for their consideration and approval the Warrant Check Edit List #106723 through and including #106925 for payment. The following requisitions were presented for approval:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
1-98	Pentium 233 Computer Planning & Zoning	\$ 1,466.25	Approved
2-98	Pentium 233 Computer (2) Treasurer	2,932.50	Approved

4-98	Pentium 233 Computer (3) H P Color Laser Printer Clerk/Auditor	4,398.75 450.00	Approved Approved

Commissioner Kent Petersen made a motion to approve the warrant check edit list and requisitions for payment. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(15)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

There was no personnel action taken at this time.

Commission Meeting Minutes  
January 07, 1998

(16)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Kent Petersen made a motion to approve the minutes dated December 15, 1997 as corrected. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(17)

COMMISSION REPORTS

**BEVAN WILSON**

Concerning the Planning & Zoning Ordinance Review, they are ready to submit Phase I of their revision plan. This will bring the ordinance into compliance with state statutes. The Public Hearing for this change will be set possibly during next Commission Meeting.

Senator Mike Dmitrich and Representative Brad King will hold their town community meeting Saturday, February, 7, 1998 at 10:00 a.m. in the courthouse. Watch the paper for more details.

**RANDY JOHNSON**

Commissioner Johnson read a letter from Kathy Petersen, Principal of Ferron Elementary, thanking the Board of Commissioners for their donation to help send representatives from their school to Washington D.C. for the National Blue Ribbon School Conference.

Commissioner Johnson reminded everyone that Congressman Hansen intends to introduce Emery County's Heritage NCA Plan in congress this session. It should be of interest to everybody to follow the course of that bill. We may have a bill passed in congress that relates strictly to Emery County and our San Rafael. He encouraged everyone to keep track of the progress of that bill.

(18)

EXECUTIVE SESSION TO DISCUSS PERSONNEL AND POSSIBLE LITIGATION.

Executive session was not necessary at this time.

(19)

OTHER BUSINESS

It was necessary to reorganize the Carpet Committee. The Committee consists of Leslie Bolinder, Dixie Swasey, JoAnn Behling and Randy Johnson. The original carpet sample chosen to replace the courthouse carpet is no longer available. Another choice will have to be made. There was discussion on whether to include the moving of the furniture as part of the bid or make that a separate bid. Bruce Funk will advise on the details of the bids from the first go round. The request for bids needs to go out as soon as possible.

(20)

ADJOURNMENT

Commissioner Kent Petersen made a motion to adjourn the meeting at 10:15 A.M. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Senior Deputy Clerk/Auditor, Brenda Dugmore, requested approval of the adjustments made line item by line item, department to department to the 1997 budget.

Commissioner Kent Petersen made a motion to approved the requisition and dispositions as presented as well as the adjustments to the 1997 budget. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Assessor

Annette Allen has requested leave of absence without pay to begin February 16, 1998 and to end March 16, 1998.

Commissioner Bevan Wilson made a motion to approve leave of absence without pay for Annette Allen for the requested period of time. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Commission Meeting  
January 21, 1998

Road

Request is made to bring Duston Tucker back on a temporary nine-month assignment beginning February 2, 1998 through October 30, 1998, at a rate of \$10.06/hr.

Commissioner Bevan Wilson made a motion to approve the temporary nine-month assignment for Duston Tucker for the requested period of time. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

CONSIDERATION AND APPROVAL OF RESOLUTION 1-21-98A AMENDING THE PERSONNEL POLICY.

It is proposed to amend the personnel policy in the following manner:

A new employee will serve under a six-month orientation. During that time there will be no wage increases, sick and vacation leave will be accrued; sick leave will be available for use during the six-month orientation, but vacation leave will not be available for use during that time.

Commissioner Kent Petersen made a motion to approve Resolution 1-21-98A with further refinement. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

CITIZENS CONCERNS

Pam Hansen and Sharon Ward made a request on behalf of Cleveland Elementary. Their school is in the process of putting together their second annual arts fair and exhibit. It will be held on February 6 & 7, 1998. This is a celebration for an artist in residence who will be coming to the school from Kansas. He is a Native American. A group of Native American dancers from Provo will be there. Through this they hope to be able to expose the students to various cultures and art. Last year they had a Hispanic dancer and artist come into the school for two weeks. Cleveland Elementary wants to do this to improve the students learning through the arts. As the School District and the school is on a tight budget, Cleveland Elementary is seeking assistance. They have acquired a grant from the Utah Arts Council to help with the artist in residence which the school will need matching funds of \$702.00 plus the cost of the added artists from the surrounding areas. Last years arts fair was attended by approximately six hundred people. They charge a minimal amount for the events to cover the costs. Commission Chairman Randy Johnson suggested that since this is an annual event, the school should put in a request for the 1999 budget. Commissioner Bevan Wilson made a motion to contribute \$200.00 for the Cleveland Elementary School Arts Fair. The motion was seconded by Commissioner Kent

(4)

MILES MORETTI, DWR, QUARTERLY UPDATE AND PILT PAYMENT

Miles Moretti, Division of Wildlife Resources, presented to the Commission, a check for payment in lieu of taxes in the amount of \$2,751.31. DWR activity report included an update of conditions at Joe's Valley Reservoir concerning the increase in chubs. They are considering a regulation on the size of Splake left in the lake to allow them a chance to eat the chubs. The long term forecast is not good. He reported on the poaching incident involving several Emery High School students and former students. There were approximately eleven to as much as eighteen deer poached. This is not an isolated incident. It has happened before and in other areas. Nothing has happened yet other than the investigation is going forward. As the DWR has had many questions on where the \$5.00 Habitat Authorization fee goes, he explained that the money goes to different projects throughout the State and provided a calender which outlines these projects. Commissioner Wilson asked the process for soliciting funds for projects. Mr. Moretti explained that proposals should be submitted a month in advance and are based on percentage of licenses sold, i.e 60% of funded projects are aquatic projects because 60% of the licenses sold are fishing licenses.

(5)

CHARLIE JANKIEWICZ, FOREST SERVICE, QUARTERLY UPDATE

Charlie Jankiewicz, Forest Service, provided an update of ongoing activities. Many items are under proposal and analysis at this time. One project being proposed is the Bear Creek Stream Rehabilitation. Two mineral leases are going through the scoping process in the next thirty days. These are the Cottonwood and Pines tracts. Millcreek tract was appealed and withdrawn. The fee proposal demonstration was well attended and they received good input and will be coming back with an alternative proposal. The public meeting for presenting the alternative proposal is set for February 4, 1998 where they will address the issues of concern. Commissioner Petersen asked about the roadless areas in the forest that have been focused in the newspapers. "Roadless" will need to be defined. Much opposition is expected.

(6)

TOM RASMUSSEN, BLM, QUARTERLY UPDATE

Tom Rasmussen, BLM, provided an update of quarterly activities. Kate Kitchel has taken a position in Idaho. She will be the Lower Snake River District Manager. Dick Manus is filling in at the Moab office. Tom Rasmussen will be over lands, minerals and support services and Mark Bailey will manage the office as well as recreation, range, wildlife and hydrology. Regarding the OHV plan Representative Jim Hansen requested an extension until February 2<sup>nd</sup>. They received approximately 500 comments on the OHV proposal. Dick Manus is meeting with Congressman Canon regarding the OHV plan and other issues of this area. Tom Gnojck is writing an Environmental Analysis (EA) to cover the OHV plan to be completed by March 15, 1998. The Americorp Grant is up and running. They are in the process of setting up office in Cleveland. The River Gas Environmental Impact Study (EIS) to this date has had 48 Applications for Permit to Drill (APD's) submitted, none of which have been approved. There are still archeological problems surrounding those APDs. Raptors have become a problem also. Ferron Natural Gas EIS is being written now. Western Clay has met with South Eastern Utah Wilderness Alliance (SUWA) and reduced the size of operation. It has not been appealed. US Gypsum will have an EIS done as per request from Pat Shea. Regarding minerals, they received a proposal for 32 test pits(sand and gravel) at Bull Hollow. They anticipate archeological and paleontology problems. Regarding coal, they have begun a maximum economic study to look at the differences between long wall mining and continuous mining. Division of Oil, Gas & Minerals (DOG M), Forest Service and Bureau of Land Management (BLM) will have a Coal Industry Conference on March 19, 1998.

(7)

ROGER SCOVILL, QUESTAR GAS, INFORMATION REGARDING RE-ORFICING  
PROJECT IN EMERY COUNTY.

Commission Chairman Randy Johnson explained that the Commission has received a number of calls from the people in the community concerning a fairly drastic jump in their monthly gas bill in this last billing cycle. Commissioner Johnson called the Public Service Commission and was informed that Questar Gas was granted an increase to adjust for last years difference in rates and what they were granted to cover those rates. An increase of 20% and up to 35% for commercial was slowly going into effect over the last year. So at the request of the Emery County Commission, Questar Gas, formerly known as Mountain Fuel, is here to explain what they have been through, their connection with the new gas source and how that might impact the billing cycle as well as address the concerns of the citizens.

Addressing the Commission and public in attendance was Allen Allred, Questar Gas. Mr. Allred works in the regulation area and it is his job to look at the cost of gas and put into effect rates that will recover that cost. He explained that these jumps are statewide not just in this area. He gave an overview of the up and down gas prices in the field. He explained the process by which the rate is based. He also explained the need for the re-orficing project, the volume and quality of gas going through meters. Mr. Allred as well as other representatives from Questar Gas,

6

Commission Meeting  
January 21, 1998

made themselves available to address questions. Many of the questions were concerning furnaces not running efficiently, more volume of gas going through meters, but less heat coming out. There were questions concerning the local gas wells and how they impact the available gas in the fields. Many people reported increases of approximately 50% in their bill but their homes are colder because their furnaces weren't running efficiently. Many feel the BTU value of the gas has changed. Many saw an increase in their power bill because their furnace motors were turning on more. Mr. Allred and the other representatives answered the questions and addressed the comments. A suggestion was made to coordinate the gas bills and the power bills of individual homes to see if there has been a significant impact. Because of the time and continuing concern of this issue Commissioner Johnson asked if Questar Gas would mind continuing to address these concerns with the attending concerned citizens in the next room so Commission meeting could resume. Questar Gas was glad to do that and continued in the next room.

The Commission will continue to monitor and pursue this matter on behalf of the citizens. Questar Gas will report back on their findings.

(8)

VAL PAYNE, PUBLIC LANDS DIRECTOR, UPDATE ON PUBLIC LANDS ISSUES.

Val Payne, Public Lands Director, provided a report of activities for the quarter. With regard to the San Rafael Swell National Heritage Conservation Area Plan, they have presented that concept in eleven separate meetings from Ferron to Elmo in the past two weeks. It was received very favorably. He has accepted an invitation from Miles Moretti, DWR, to present the concept at their RAC meeting in Green River on February 3, 1998. Senator Dmitrich's resolution urging the creation of the San Rafael Swell National Heritage Conservation Area comes up in the Senate Energy and Natural Resources Agricultural Committee on January 22, 1998 at 8:00 A.M. Regarding the MOU between the County Commissioners and State Institutional Trust Lands Administration, they are working on the language and formalization of that draft.

(9)

CONSIDERATION OF 1998 HOLIDAY SCHEDULE CHANGE

Commissioner Kent Petersen made a motion to table this item of discussion. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

DISCUSSION AND APPROVAL OF SPONSORSHIP RENEWAL WITH CASTLELAND RC&D COUNCIL.

7

Commission Meeting  
January 21, 1998

Economic Development Director, Rosann Fillmore explained that Emery County has been a sponsor of CastleLand RC&D Council for five years and it is now time to renew that sponsorship. Commissioner Kent Petersen made a motion to approve the renewal of sponsorship of CastleLand RC&D Council and to pay the \$250.00 dues. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

APPROVAL OF APPOINTMENTS TO EMERY COUNTY TRAVEL BUREAU.

Economic Development Director, Rosann Fillmore requested this item be tabled until the next meeting. Commissioner Bevan Wilson made a motion to table this matter until the next meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(12)

CONSIDERATION AN APPROVAL OF AGREEMENTS PERTAINING TO CLEVELAND/LLOYD DINOSAUR QUARRY AMERICORPS PROJECT.

Rosann Fillmore, Economic Development Director, reviewed the agreements to be considered. The first one was for the Cleveland-Lloyd Dinosaur Quarry AmeriCorps project director, Karen B. Bedont. Commissioner Kent Petersen made a motion to approve the agreement pertaining to the director services for Karen B. Bedont. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. The other agreement is between Emery County on behalf of Cleveland-Lloyd Dinosaur Quarry and CastleLand RC&D Council, Inc. in support of 1998 AmeriCorps Program. In going over the agreement, a rewording of paragraph 5 and 6 was requested. Commissioner Bevan Wilson made a motion to approve the agreement subject to the rewording of paragraph 5 and 6. The motion was seconded by Commissioner Kent Petersen and approved by all members present. AmeriCorps has requested the use a of a computer if possible. The Commission will check with Jim Fauver to see if any of the computers disposed of today will suit this purpose. Also part of the in-kind matching funds for this project included transportation. It was agreed to use the old Dodge Ram that was being used by Bryant Anderson for Planning & Zoning. Sheriff Guymon agreed to take the assignment of tracking the vehicles use.

(13)

CONSIDERATION AND APPROVAL OF OIL AND GAS LEASE AGREEMENT WITH TEXACO EXPLORATION AND PRODUCTION INC.

Texaco Exploration and Production Inc. would once again like to lease some land from Emery County for oil and gas. Emery County appears to own a 100% interest in the lands. Texaco is paying \$50.00 per Net Mineral Acre for a five year term, with 1/8 Royalty. They have struck the warranty clause as in the past leases with the County. A check for \$531.50 for the oil and gas lease was presented. County Attorney, David Blackwell, has conferred with Recorder, Dixie Swasey and confirmed that the properties are clear. Commissioner Kent Petersen made a motion to approve the oil and gas lease agreement with Texaco Exploration and Production Inc. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(14)

SETTING OF PUBLIC HEARING DATE TO DISCUSS PROPOSED REVISIONS TO ARTICLES I, III, IV, AND V OF THE EMERY COUNTY ZONING ORDINANCE.

Mack Huntington proposed February 18, 1998 at 6:00 P.M. for a Public Hearing to consider proposed revisions I, III, IV and V of the Emery County Zoning Ordinance. Commissioner Kent Petersen made a motion to set a Public Hearing date for February 18, 1998 at 6:00 P.M. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(15)

ROAD DEPARTMENT/LANDFILL ITEMS.

Rex Funk, Road Department/Landfill, has done some checking with other counties, on proposed charges at the landfill for demolition and construction waste for non-residential. The Emery County Municipal Landfill handles only residential waste and is not in the business of receiving commercial waste. He reviewed with the Commissioners these proposed rates. He recommends generating some kind of revenue by charging to receive rubble. Commissioner Wilson suggested Rex Funk put together a proposal for consideration. Concerning the DesBee Dove Crossover Road, DOGM wants an agreement in place by the 30<sup>th</sup> of January, 1998. Val Payne, Howard Tuttle and Rex Funk met with Energy West to go over the transfer agreement. The wording of some portions of the agreement are questionable. They will be reviewing the questions and the document wording some more. There is no problem with the draft just the language of the line regarding the permits. They will respond appropriately and get on with it.

(16)

A RESOLUTION AUTHORIZING THE ISSUANCE AND SALE OF EMERY COUNTY, UTAH TAX AND REVENUE ANTICIPATION NOTES, SERIES 1998B IN THE AGGREGATE PRINCIPAL AMOUNT OF \$1,600,000; AWARDED AND CONFIRMING

SALE OF THE NOTES, AND ENTERING INTO CERTAIN COVENANTS AND MAKING CERTAIN REPRESENTATIONS IN CONNECTION THEREWITH; APPROVING THE FORM OF THE NOTES; AND RELATED MATTERS.

Clerk/Auditor, Bruce Funk, explained the purpose of the issuance of tax anticipation notes. Prior to the collection of new 1998 taxes, we run short of working capital so we do a Tax Anticipation Note. We borrow money and reinvest it until the time it is needed. The amount of the note is \$1,600,000.00. The interest rate is 4.07%. Commissioner Kent Petersen made a motion to approve resolution 1-21-98A authorizing the issuance and sale of Emery County, Utah Tax and Revenue Anticipation Notes, series 1998B in the amount of \$1,600,000.00. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(17)

APPROVAL OF PREVIOUS COMMISSION MEETING MINUTES.

Commissioner Kent Petersen made a motion to approve the minutes dated January 7, 1998 with corrections. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

The Clerk/Auditor's office has received word from Kelli Ann Kirk, Habitat for Humanity of Castle Country, requesting a correction of the minutes dated October 15, 1997, regarding the public hearing to receive public comment for projects (Habitat for Humanity of Castle Country) for which may be applied under the CDBG Small Cities Program for FY 1998-99. The minutes should have reflected that Ms. Kirk requested that the meeting be opened to receive suggestions for any other ways to utilize the housing set aside portion of a Community Development Block Grant other than a Habitat for Humanity Project. After checking the Clerk/Auditor's notes of the meeting's minutes it was determined that this addition to the minute entry was warranted. Commissioner Kent Petersen made a motion to amend the minutes dated October 15, 1997 to reflect the addition to the minute entry. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

COMMISSION REPORTS

**RANDY JOHNSON**

10  
Commission Meeting  
January 21, 1998

Commissioner Johnson reminded everyone of the CPR Certification for Emery County Employees on January 26, 1998 at 10:00 A.M. and 2:00 P.M. in the Commission Chambers.

**KENT PETERSEN**

Commissioner Petersen reported on the meeting sponsored by the Public Lands Sub-Committee on Coalbed Methane Gas. The meeting was equally attended by State Trust Lands, BLM, and DOGM. In the old days the rules surrounding oil and gas were established by the State to make sure that all the resources were recovered and the State got their share. There has not been any rules to protect local citizens. The rules now aren't for our real benefit and don't deal with surface rights. In the meeting they discussed State Trust Land assets and how they have grown. It was a very good meeting and was well attended by Carbon and Emery County.

(20)  
ADJOURNMENT

Commissioner Kent Petersen made a motion to adjourn the meeting. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

February 4, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson and Commissioner Kent Petersen, County Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor, Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 9:00 A.M.

(1)  
MAX FENN AND MELVIN GILBERT, DISCUSSION OF COUNTY ROAD CONVEYANCE.

The plat description has a road easement going through the middle of the house. Commissioner Bevan Wilson made a motion to have this turned over to County Attorney, David Blackwell and have removed from the plat any easement that has not been in use as a roadway. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)  
MIKE TRUMAN, REQUEST DONATION FOR JUNIOR AMBASSADOR TO WINTER OLYMPICS.

Lori Ann Anderson came before the Commission to request financial assistance for her son Mike Truman. Mike was chosen as one of the top 28 out of 5000 applicants from an essay contest to become a Junior Ambassador for the Winter Olympics in Nagano, Japan. He will be in Japan from February 16, through February 26, 1998. The Junior Ambassadors for the Winter Olympics will have a tight schedule while in Japan. Activities will include a party with the sister city to the Salt Lake City, a home study day with a family in Japan, attending a church of their choice, attending school and touring Tokyo. The most eventful part of the trip will be attending the closing ceremony where the Olympic flag will be passed to Salt Lake City for the 2002 Winter Olympics. This is an honor for Mike to be chosen for this and he is very excited about going to Japan. The trip is funded by many sponsors. The family of the Junior Ambassador must fund approximately \$800.00 to \$1000.00. Commissioner Kent Petersen made a motion to contribute \$100.00 for this very worthy cause. The motion was seconded by Commissioner

Bevan Wilson and approved by all members present.

(3)

JOHN SEHESTEDT, EMERY COUNTY HOUSING DIRECTOR, INFORMATIONAL DISCUSSION OF LOW INCOME HOUSING PROGRAM IN EMERY COUNTY.

John Sehestedt, Director, Emery County Housing Authority, gave an informative overview of the low income housing program. There are two programs for providing housing subsidy. These programs are public housing and Section 8 rent subsidy. Public housing currently has twelve units in Ferron and twelve units in Castle Dale. These are two and three bedroom apartments with two handicap accessible units. Currently the waiting list to enter this program is two to four months. The Section 8 rent subsidy program allows the applicant to find their own housing and based on their income, be subsidized for a portion of their rent. The waiting list for Section 8 rent subsidy program is eighteen months. A family currently in the program may apply for a portability certificate in order to move (anywhere in the U.S.) to a more economically advantaged area or for the betterment of the family and take their housing subsidy active status with them. Mr. Sehestedt explained that this could be advantageous on both ends of spectrum as the current workforce program allows an individual to be in that program for only a short time. There are currently sixty-eight Section 8 certificates available in Emery County including the twenty-four units in public housing. The program is funded by the Federal Government and administered by a local board of directors. Emery County provides a financial donation to the program.

(4)

CHARLIE JANKIEWICZ, FOREST SERVICE, PRESENTATION OF FEE SCHEDULE REVISIONS.

Charlie Jankiewicz, Forest Service, reported in his quarterly report in January that he hoped he would have the fee demo revisions for the Commission to view during this meeting. He did not have the proposal at this time. The meeting that is scheduled for today, February 4, 1998, to present that revision to the public will be used for discussion on what the original proposal was and gather more ideas for addressing the issues of concern. They wanted to provide an opportunity to gather more suggestions and he thanked the Commission for providing the forum. He wanted to make the point that Emery County has not put a stamp of approval on the fee schedule. A misunderstanding may have been conveyed to the communities. Commissioner Johnson thanked the Forest Service for providing the opportunity for the citizens to provide input. Commissioner Wilson asked if the Forest Service had any plans to provide specific details on what the money will be used for which will in turn justify the need to collect the money. Mr. Jankiewicz explained that the revision will provide an outline of proposed projects and the use of the money. There needs to be an obvious connection to what is collected and what was spent on implementation of projects. Next winter they want to be able to hold a meeting to report on the money collected and the use of the money. They also will provide a prioritized list of proposed

projects for the next year with a projected cost and provide an opportunity for the public to be involved in prioritizing those projects. Commissioner Wilson asked if the time frame was such that they would be implementing the fee this year. Mr. Jankiewicz explained that they are having the same kind of meetings as the one they are having tonight in Carbon and Sanpete Counties. Carbon, Emery and Sanpete are the three counties that the Forest Service says has personal ownership in the Manti La Sal Mountains. They are projecting March 1998 for the revised proposal and possibly July 1, 1998 to be implementing the fees. Emery County has provided the most response at the meetings. Meetings in the other counties did not provide as much participation. Participation from the public demonstrates interest in the mountains.

(5)

CITIZENS CONCERNS

There were no citizen concerns at this time.

(6)

APPROVAL OF APPOINTMENT TO THE EMERY COUNTY RECREATION BOARD.

Shannon Hiatt, Recreation Director, recommended appointing Cassi Lake to replace Glenys Sitterud, who has submitted her resignation. He also recommended Joel Dorsch to replace James Jewkes who has submitted his resignation. Both terms will expire January 2000. Mr. Hiatt thanked Glenys Sitterud and James Jewkes for their faithful years of service. Commissioner Kent Petersen made a motion to approve the appointment of Joel Dorsch and Cassi Lake to the Recreation Board. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(7)

APPROVAL OF APPOINTMENT TO THE EMERY COUNTY TRAVEL BUREAU.

The Board of Commissioners received a letter from the Emery County Travel Bureau informing them that two directors have resigned their positions on the Emery County Travel Board. The two board members are Barbara Funk and Shep Burrage. The Travel Bureau board has met and it is their recommendation that Jon Crawford from Ferron replace Barbara Funk filling a four year term ending December 2001 and Norma Dean Hawkinson from Green River to replace Shep Burrage filling a four year term ending December 2001. For your information Valerie Newman was nominated chairwoman and Rosann Fillmore was nominated vice -chairwoman. Commissioner Bevan Wilson made a motion to approve the appointment of Jon Crawford and Norma Dean Hawkinson to the Emery County Travel Board. The motion was seconded by Commissioner Kent Petersen and approved by all members present. The Board of Commissioners expressed their appreciation to Barbara Funk and Shep Burrage for their years of faithful service and to the new board members for their willingness to serve.

(8)

CONSIDERATION FOR APPROVAL OF MERIT RESEARCH CONTRACT.

Rosann Fillmore, Economic Development Director, explained that she received several bids from different entities, mostly colleges, to research and compile the data brought in from the tourism surveys. As Merit Research had the lowest bid and very good credentials, Mrs. Fillmore recommends the bid be awarded to them. It will take approximately one month for them to compile the data. This is being paid for with a Forest Service Grant. County Attorney, David Blackwell, has looked over the contract and recommends approval. Commissioner Kent Petersen made a motion to approve the contract with Merit Research. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

In other business, Mrs. Fillmore introduced Anna Prawl, Coordinator for the AmeriCorps Projects in Emery and San Juan County. Ms. Prawl introduced the AmeriCorps workers hired for the projects and reported on what they have been doing. Bonita Jarvis, Wendi Kobe and Jake Lott have been hired to do the work for the next eleven months. Karen Bedont has been hired as the Emery County project supervisor. They have been busy getting the office ready in Cleveland as well as working on the new brochures for the quarry and putting up signs. They will be setting up programs at the schools and looking for youth volunteers to help out at the quarry. They will be receiving paleontology training as they will be guides for the quarry during the summer. Rosann Fillmore suggested having the group come and report to the Commission on a quarterly basis. The Board of Commissioners invited them to report and added they would be looking forward to the report.

(9)

CONSIDERATION OF 1998 HOLIDAY SCHEDULE CHANGE.

There has been some discussion on the Friday after Thanksgiving as a holiday. Discussed was the possibility of trading Columbus Day for the Friday. A survey was done two years ago to get a feeling for doing this trade. At that time it was the consensus to make the trade. It was suggested to put out a notice to let the employees know we are again thinking of doing the trade and get some feedback before making this decision. Jim Fauver, Assessor, explained that the State would have to be informed in writing because of Motor Vehicle. The Courts would probably have to do the same. They would probably have to advertise at least thirty days before. Commissioner Kent Petersen made a motion to send out a notice to employees asking if they are in favor of trading Columbus Day for the Friday after Thanksgiving and providing a space for comment. After receiving feedback we will consider the trade in the next Commission meeting and at that time meet any legal requirements as needed. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

ROAD DEPARTMENT/LANDFILL ITEMS.

Rex Funk, Road Supervisor, in a previous meeting had provided the Board of Commissioners, for their consideration, a proposed list of rates for receiving demolition and construction debris at the landfill. He was instructed to make a recommendation at the next Commission meeting. At this time he recommends charging \$15.00 a ton for a mixed load (including rebar, asphalt and rubble mixed together) of demolition or \$7.50 a ton for a straight load of rubble (without rebar) or straight asphalt. This would be commercial rates only (not residential rates). There will need to be a resolution drafted. Since this met with the Commissioners approval Rex Funk will have a resolution prepared for the February 18, 1998 meeting.

In the previous meeting permission was given to pursue looking for a loader for the landfill. After some extensive looking he has found a loader at Pacific Tri-Star Company in Ogden. They had a Cat 966 F II Wheel Loader in excellent shape with only 5200 hours of use. He has had it tested out and recommends that this is the best buy. Landfill has budgeted \$125,000.00 for this purchase but the cost of the loader is \$145,000.00. Pacific Tri-Star Company is willing to take some older equipment in trade, however, the equipment being considered is Class B Road assets. Pacific Tri-Star made a lump sum offer of \$55,000.00 for the older equipment which has a fair market value of \$52,000.00. With the trade-in the loader will cost \$90,000.00. If the landfill pays the \$90,000.00 cash for the loader, that leaves only \$35,000.00 in the budget to pay back Class B Roads for the trade-in equipment value leaving a deficit of \$15,000.00. There was some discussion on the procedures and the legal requirements for disposing of Class B equipment in trade for general fund(landfill) assets. Kimball & Roberts, Independent Auditor for Emery County, has been contacted for counsel on this matter. Rex Funk suggested having an interlocal agreement between Landfill and Class B Roads to purchase gravel for \$15,000.00 so as to have the amount needed in Landfill to reimburse Class B Roads for the \$55,000.00 trade-in amount. The Commission discussed some possibilities for future options to avoid this problem coming up again. Commissioner Kent Petersen made a motion to approve the purchase of the loader with the trade-in with the minimum of \$15,000.00 gravel purchased by Class B Road to Landfill and to look at possible ways to make it work with the proper bookkeeping. Commissioner Bevan Wilson seconded the motion and added that he will work on the best possible way to compensate the \$15,000.00 that will be in the best interest for Emery County. The motion was approved by all members present.

Commissioner Bevan Wilson explained that the Commissioners needed a ratification of the agreement between Emery County and Emery County Special Service District #1 on the Goblin Valley Road Project-Phase II. This is the supporting document for the funding match that Emery County Special Service District #1 is providing on the State Parks Access Grant program. This is a transaction document which gives ECSSD#1 authorization to proceed. Commissioner Bevan Wilson made a motion to ratify the signing of the agreement. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(11)

CONSIDERATION AND APPROVAL OF CASELLE AGREEMENT FOR UPGRADE ON

PAYROLL SOFTWARE.

Senior Deputy Clerk/Auditor Brenda Dugmore reported that in updating our payroll software we have come up with an agreement with Caselle, Inc. where they will allow us to be a beta site. This means we will run test on the program before it actually becomes in use and let them know the results. This will give us the software at a 50% discount which is a \$4,100.00 savings for the county. Commissioner Kent Petersen made a motion to approve the beta test site agreement. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

NOTIFICATION OF REDUCTION IN TAX VALUE OF BURLINGTON NORTHERN AND DENVER RIO GRANDE.

Treasurer, JoAnn Behling reported on the reduction of tax value of Burlington Northern and Denver Rio Grande. Burlington Northern won their appeal in the amount of \$5,602.08 for all taxing entities. Denver and Rio Grande won their appeal in the amount of \$64,494.61 for all taxing entities. Emery County's share including interest was \$26,790.15. This is for the years 1994, 1995 and 1996. They have also appealed 1997 taxes in the amount of \$106,000.00. Mrs. Behling prepared a list of centrally assessed properties paying 1997 property taxes under protest.

(13)

DISCUSSION OF SAFETY IMPROVEMENTS AT THE EMERY COUNTY GUN RANGE.

Based on a letter from Utah Association of Counties Insurance Mutual, Commission Chairman Randy Johnson suggested meeting with the risk management team to come up with proposal before anything is decided. Pat Snowball will arrange the meeting.

(14)

CONSIDERATION AND APPROVAL OF AMENDMENT TO EXISTING LEASE AGREEMENT WITH THE STATE COURTS.

Clerk/Auditor, Bruce Funk, reported that in January 1997 the State took over the old County Clerk office for administration of the court. Emery County entered into an agreement with the State to provide office facilities for the court with the understanding that they would renegotiate the lease agreement. Tim Simmons, Court Administrator, and Bruce Funk Clerk/Auditor have a new recommended agreement with a \$200.00 increase. Commissioner Kent Petersen made a motion to sign the agreement. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(15)

CONSIDERATION AND APPROVAL OF WILDLAND FIRE SUPPRESSION FUND.

Clerk/Auditor Bruce Funk explained that the Wildlife Fire Suppression Fund is the fund set up by the State to help rural communities with wildland fires. With this fund the State would pay for 75% of the cost a fire in the County. The cost to participate is based on the amount of private land and its assessed value. Emery County has 171,000 acres of private land so the cost for us to participate in the fund is \$3,008.00. After some discussion on this matter Commissioner Kent Petersen made a motion to participate in the Wildlife Fire Suppression Fund. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(16)

RATIFICATION OF 1997 BUDGET AMENDMENTS.

Senior Deputy Clerk/Auditor, Brenda Dugmore, requested ratification of the 1997 Budget Amendments. Commissioner Bevan Wilson made a motion to ratify the 1997 Budget Amendments. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(17)

APPROVAL AND RATIFICATION OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk, presented to the Board of Commissioners for their approval the Warrant Check Edit List #107517 through and including #107687 dated January 21, 1998 for payment. He also presented the Warrant Check Edit List #107693 through and including #107834 dated February 4, 1998 for payment.

The following requisitions and dispositions were presented for approval:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

410-1542	1979 JD 310A Backhoe	Traded for loader	Approved
431-4213	1982 JD 844A Loader	Traded for loader	Approved

In other claims to be considered, back in June of 1997 R&B Computer Services was hired by Data Processing to do repairs on the line printer. In Commission meeting dated July 16, 1997 item #24 Clerk/Auditor, Bruce Funk was advised to contact R&B Computer Services and inform them that the county would be paying half of the labor and mileage(\$1,825.00) which was \$3,650.00 while the part was \$1,063.50. Randy Clem, R&B Computers, has submitted a proposal that would wipe the account clean. What he would like to do is take possession of the old Motorola equipment. Much of the equipment is from the old PMSI system. There are terminals, key boards and file servers. The Commissioners discussed contacting PMSI to see if they want them. If we do not hear from them then we can dispose of them. Mr. Clem would take the old equipment in value up to the \$1,800.00 we still owe him and the account would be cleared up.

There are excess office chairs in the courthouse. Jerilyn Mathis has requested them for the Library to replace some damaged chairs. The Sheriff's Department and the Road Department said they could always use chairs. They will be left in the general fund and transferred where needed. If there are any left over they can be transferred to the Library.

Commissioner Kent Petersen made a motion to approve the Check Edit Lists for January 21, 1998 and February 4, 1998 for payment and the requisition and dispositions. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(18)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director, asked for approval of the following personnel action:

Sheriff's Office

It is recommended Greg Funk's wage be raised from 12B \$11.08/hr. to 12C \$11.29/hr., retroactive from December 31, 1997 to his date of July 5, 1997. This is a wage adjustment based on his being corrections certified when he was hired. Commissioner Kent Petersen made a motion to approve the wage adjustment for Greg Funk. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Consideration and approval of Resolution amending the Emery County Personnel and procedures.

In April 1997, the County undertook a wage survey. A committee was formed (compensation committee) to approve and oversee that process. The committee was selected to represent all aspects of employment by the county. Those on the committee were Sheriff LaMar Guymon, Road Supervisor, Rex Funk, Clerk/Auditor, Bruce Funk, Treasurer, JoAnn Behling, County Attorney David Blackwell and Commissioner Randy Johnson. Recommendations have come back from the committee to amend the policy. The amendment covers the six month orientation period and how it will be managed. Sick time would be available for use during the orientation period. The committee recommends that wages, salary and compensation for new hires coming into the workforce be managed differently. Mrs. Snowball recommends amending the policy today based on the fact that there has been representation from the compensation committee. Commission Chairman Randy Johnson suggested giving the department heads two weeks to review the policy. This will be placed on the agenda on February 18, 1998. Any concerns will be addressed at department head meeting at 3:00 p.m. before the Commission meeting.

The Board of Commissioners asked Pat Snowball to address the Tenant User Liability Program

which allows coverage of a user of county owned facilities. Utah Association of Counties does not cover districts so therefore the Huntington Ball Complex is not covered under UAC because even though it is owned by the county it is under the jurisdiction of the Recreation District. The question Pat Snowball asked UAC is, since the county owns the Huntington Ball Complex and the Recreation District manages it, is the Recreation District considered a tenant? Can the Recreation District purchase tenant insurance? UAC did not have an answer for now. County Attorney David Blackwell explained why he felt the answer would be no. There was some discussion on the list of county sponsored activities that are questionable under UAC's insurance coverage. Pat Snowball expressed the importance of any entity having general liability insurance.

(19)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Kent Petersen made a motion to defer until next meeting the minutes dated January 21, 1998. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(20)

COMMISSION REPORTS.**Kent Petersen**

Commissioner Petersen attended a Bureau of Land Management Resource Advisory Council meeting in Washington County. The direction the BLM is taking towards things like the tortoise and habitat plants is looking better. The BLM is working closely with Washington County and St. George City and other communities to provide open space that is not tied up. Dick Manus talked about the BLM OHV Plan for the San Rafael. The next BLM RAC meeting will be at the Price Office with possibly an overnight stay at the San Rafael Swell with an ATV trail ride the next day.

**Bevan Wilson**

Commissioner Wilson attended a Farm Bureau Land Management meeting in St. George where he received an update on private property rights and public lands management. There was an update on the Staircase Escalante Monument issues. He attended a Public Lands staff meeting where he participated in a discussion on the Heritage National Conservation Area. It was suggested that Carbon County Commissioners and Emery County Commissioners meet together

and discuss some ways that a MOU could be worked between the two counties to deal with some of the management issues of the plan. They could also discuss some of the heritage promotion and management of the heritage concept of the plan. He was asked to see if it was possible to put that meeting together at some future date.

Commissioner Wilson has been appointed to the Utah Association of Counties Transportation Committee.

He reported on the Sikes Bill regarding the redistribution of mineral lease funds. The bill seems to be back on track and moving along. There is still some concern on who monitors the mineral lease tracking on a state level.

He reported that the Community Impact Board will be here on Monday, February 9, 1998 at 11:A.M..

**Randy Johnson**

Commissioner Johnson reported that the Heritage National Conservation Area Resolution of Support has passed the Senate and is on its way to the House. It is getting a lot of support everywhere it goes.

He thanked Maurice Anderson and Dean Behling for their hard work in getting the Neighborhood Watch signs put back up in the communities.

(21)

ADJOURNMENT

Commissioner Kent Petersen made a motion to adjourn the meeting. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

February 18, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson and Commissioner Kent Petersen, Sheriff LaMar Guymon, County Attorney David Blackwell and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 4:00 p.m.

(1)  
APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk, presented to the Board of Commissioners for their approval the Warrant Check Edit list #108036 through and including #108205 for payment.

The following requisitions were presented for consideration:

<u>REQUISITION #</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

Commissioner Bevan Wilson made a motion to approve the Warrant Check Edit List and requisitions for payment. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Consideration and approval of resolution amending the Emery County Personnel Policy and Procedures.

Personnel Director, Pat Snowball, presented Resolution 2-18-98B which would amend the personnel policy. Notice of policy changes will be mailed out to all employees. The Commissioners reviewed the Resolution suggesting some changes. Commissioner Bevan Wilson made a motion to approve the signing of Resolution 2-18-98B with the minor corrections. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(3)

CITIZENS CONCERNS

Gary Fox representing Brock Fox and Benny Grimm requested assistance in attending the Down Under Bowl in Australia on June 21, 1998. Commissioner Kent Petersen made a motion to donate \$50.00 each to Brock Fox and Benny Grimm. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Commissioner Kent Petersen has received a request for a four way stop in Lawrence where the Wilberg Wash Road connects with Highway 10. The Commissioners discussed the engineering traffic problems a four way stop would create. Sheriff Guymon has provided close monitoring of the intersection in the past and will continue to do so.

(4)

CAROLYN PRUITT, DISCUSSION OF ANIMAL CONTROL POLICIES AND LIABILITY OF STRAY ANIMALS.

Carolyn Pruitt reported on past incidents involving a stray dog around her home in Orangeville. The incidents ultimately led to her dog being attacked by the stray dog. She had veterinarian bills that have mounted from the wounds caused by the stray dog. Her complaint was that her numerous calls for an animal control officer to pick up the dog were unsuccessful. The Commissioners suggested she contact Orangeville City as she lives in the city limits and the matter should have been handled by the city dog catcher.

(5)

APPROVAL OF APPOINTMENT TO THE EMERY COUNTY RECREATION BOARD.

Emery County Recreation Special Service District Director, Shannon Hiatt, reported that Ferron City's representative Don Petersen has completed his term of appointment and has submitted his resignation. Don Petersen has done an outstanding job in meeting the recreation needs of the citizens of Emery County. The Recreation Board requested the appointment of Kent Larsen of Ferron to serve a term of two years on the Recreation Board until January 2000. The Recreation Board also voted unanimously to request the reappointments of Dan Whiteleather and Bruce Wilson as at large members for four years until January 2002. Commissioner Kent Petersen shall continue to serve his present term until January 2002. Commissioner Kent Petersen made a motion to appoint Kent Larsen to the Recreation Board until January 2000. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

In other Recreation District business Mr. Hiatt reported on the heating bill for the swimming pool since having it open for the winter.

(6)

CONSIDERATION AND APPROVAL OF DONATION TO WAR ON DRUGS.

The Board of Commissioners has received a letter from Mr. J.D. Seely requesting a donation to the War on Drugs Program. Sheriff LaMar Guymon will provide a donation of \$250.00 through Drug Forfeiture Fees.

(7)

CONSIDERATION AND APPROVAL OF DONATION TO MECCA FOR THE SAN RAFAEL MOUNTAIN BIKE FESTIVAL.

The Board of Commissioner has received a written request for a donation to Mostly Emery County Cycling Association (MECCA) for their 12<sup>th</sup> Annual San Rafael Mountain Bike Festival on March 15, 16 & 17, 1998. Commissioner Kent Petersen made a motion to contribute \$250.00 from dues and contributions to the 12<sup>th</sup> Annual San Rafael Mountain Bike Festival. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

CONSIDERATION AND ADOPTION OF A RESOLUTION AUTHORIZING THE ISSUANCE AND CONFIRMING THE SALE OF \$790,000 GENERAL OBLIGATION PUBLIC PURPOSE BONDS, SERIES 1998A OF CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH; AND RELATED MATTERS.

Darrell Leamaster, Castle Valley Special Service District, requested consideration and adoption of Resolution 2-18-98A authorizing the issuance and confirming the sale of \$790,000.00 general obligation public purpose bonds, series 1998A. This is the money they will be using for construction projects such as roads, drainage, curb and gutter. The money is divided among the eight towns in the county. This year CVSSD received from the Community Impact Board a grant for \$790,000.00. They also received a loan for \$790,000.00 at 3% interest in the form of general obligation public purpose bonds. Kent Michie, Vice President, Zions First National Bank, explained that these are 1994 voter approved bonds. Repayment will be short, payable during the year 2000 till 2004. The Community Impact Board of the State is the actual purchaser of the bonds. The bonds do not start accruing interest until December 1, 1998. Emery County acts as the issuing authority under Utah law. Kent Michie recommends adopting the resolution. March 27, 1998 is the closing date allowing for the thirty day notice in the paper. Commissioner Bevan Wilson made a motion to adopt Resolution 2-18-98A authorizing the issuance and confirming the sale of \$790,000.00 General Obligation Public Purpose Bonds, Series 1998A. The motion was seconded by Commissioner Kent Petersen and approved by all members

present.

CONSIDERATION AND APPROVAL OF GRANT APPLICATION FOR 1999  
AMERICORPS PROJECT.

Economic Development Director, Rosann Fillmore reported that the grant application for the 1999 AmeriCorps Project was not prepared for the Commission's consideration and approval today. She shared some interesting information with the Commissioners. President Clinton has changed the purpose of the AmeriCorps Project from environmental issues to literacy and health youth projects. In order to keep these grants we are going to have to incorporate some kind of youth literacy component to the projects which she doesn't see as a real concern. The issue of concern is availability of matching funds. They were able to match funds fairly easily this year thanks to the Utah Travel Council and the Castle Country Travel Council. The fees raised at the quarry will also go towards reimbursement of matching funds. In the coming year the money from the Utah Travel Council will go to Carbon County for their work on Nine Mile because it is their turn. The fees collected at the quarry should be used for scholarships to fulfill the youth literacy section of the AmeriCorps Project. Mrs. Fillmore informed the Commissioners that she is looking at an option for acquiring the matching funds for projects in 1999 which will be the continuing work on the quarry. The 1999 AmeriCorps grant application will be ready within the next two weeks and needs to be submitted at the next Commission Meeting. Commissioner Kent Petersen made a motion to proceed with the application pending final approval. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

DISCUSSION AND APPROVAL OF LEASE PURCHASE OF FIRE TRUCKS BY FIRE  
DISTRICT

Sheriff Guymon explained that Emery County Fire Protection Special Service District has received a bid for the purchase of five fire trucks from Becker Fire Equipment Company at a cost of \$135,000.00 per unit. Becker Fire Equipment Company requires approval to begin construction of the units. Commission Chairman Randy Johnson explained that the intent was to fund one truck this year and to go the Community Impact Board for matching funds on a second truck, however the trucks throughout the county are so old and almost impossible to get parts for. We have already been forced into a situation where we had to replace the truck in Green River as that truck literally fell apart while on a run on I-70. Entering into a lease purchase agreement with Becker Fire Equipment on five trucks would not require any payment until January 1999. This will provide time to budget and prepare for the purchase. It allows us to get five trucks at a time. There is no pre-payment penalty, giving us the opportunity to find a way to fund the Fire

District or other ways to finance the purchase so we're not stuck with the higher lease. The lease payment would be \$156,000.00 per year at 6.5 % interest. We still have the option of changing the lease and purchasing up front. This will also allow us the opportunity to approach CIB for funding. The potential for mineral lease bills in the legislature bringing money into the district may change the availability of money. There is also the option of bidding out the financing of the lease purchase to get a lower interest rate. The problem is availability in getting the chassis and transmissions. This has to be done quickly. They need to go ahead now to start purchasing the chassis and transmissions to construct the vehicles as the company that builds these parts has a large military contract and they only allocate so many of the parts per month for the construction of trucks and buses. Delivery should be in August but with the situation escalating in the Persian Gulf delivery could take longer. We will not sign anything until we take delivery of the trucks. The Board of Commissioners pledged their support for helping to get the much needed trucks. They thanked the Fire Protection District for all they do for the citizens of Emery County.

ROAD DEPARTMENT/LANDFILL ITEMS

Discussion and approval of Interlocal Agreement with Sevier County allowing each county to maintain certain roads in the other county.

Road Supervisor, Rex Funk, reviewed with the Commissioners an interlocal agreement with Sevier County regarding jurisdictional transfer of some road authorities allowing each county to maintain certain roads in the other county. This will allow the county closest to the road needing maintenance to do the work and received the funding for that maintenance. Both counties are in agreement that it is good thing to do. County Attorney, David Blackwell, has reviewed the document and recommends signing the agreement. Commissioner Bevan Wilson made a motion to approve the interlocal agreement with Sevier County and Emery County allowing each county to maintain certain roads. The motion was seconded by Commissioner Kent Petersen and approved by all members present. Rex Funk requested permission to pursue this same kind of interlocal agreement with the other bordering counties. The Board of Commissioners gave their permission.

**6:00 P.M.- PUBLIC HEARING- To receive public comment on proposed amendments to the Emery County Zoning Ordinance.**

Commission Chairman Randy Johnson opened the Public Hearing and turned the time over to

Mack Huntington, Planning Commission Chairman.

Some time ago the Planning Commission which has the responsibility for proposing amendments to the general plan and promotes proposing amendments to the Zoning ordinance, realized that the Zoning Ordinance needed some work. They realized this by Statute and State law which mandated that the Planning Commission review the Zoning Ordinance. Over time they have realized some structural and organizational problems with the ordinance. To undertake such a massive project the Planning Commission developed a plan to follow. One of the things they did was to make use a consulting firm, Niel Lindberg & Associates, who they contracted to work on the project with them. They also utilized the county's legal department with Deputy Attorney Allen Thorpe. Utilizing this help and with the resources of the Planning Commission staff, they broke the project down into phases, Phase I, II and III. They have completed the work on Phase I which is to put in the Zoning Ordinance what is required by State Law that is not presently there. These amendments are being proposed to the Board of Commissioners at this Public Hearing and for which the Planning Commission is soliciting public comment. They will in due time work on the other phases of the project. The Planning Commission asked that comments be confined to the text being considered in this Public Hearing. If time permits they will offer comments on the other phases. The text being considered at this time was drafted by Allen Thorpe and Neal Lindberg. The time was turned over to Mr. Thorpe who went through the ordinance and outlined his observations and suggested changes. One item of concern to the Board of Commissioners was the State Law dealing with entry on private property. They felt the law was too broad and needed to be defined. Mr. Lindberg offered comments. The Board of Commissioners thanked the Planning Commission and Allen Thorpe for their work thus far on the Zoning Ordinance. Commissioner Bevan Wilson made a motion to close the Public Hearing. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

DISCUSSION AND ADOPTION OF AMENDMENTS TO THE EMERY COUNTY ZONING ORDINANCE.

It was the decision of the Emery County Board of Commissioners that the amendments to the ordinance be adopted subject to a resolution to be created dealing with the accessing of private property. Commissioner Bevan Wilson made a motion to adopt the amendments to the ordinance subject to the creation of a resolution dealing with accessing of private property. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(14)

APPROVAL OF 1/21/98 AND 2/4/98 COMMISSION MEETING MINUTES.

Commissioner Kent Petersen made a motion to approve the minutes dated January 21, 1998 with

COMMISSION REPORTS

**Bevan Wilson**

Commissioner Wilson reported on the recent Huntington Airport State inspection. The inspection required only minimal repairs which have been done with the help of Rex Funk and the Road Department. Keven Robison, Airport Maintenance Operator, will provide the Commissioners with a copy of the inspection report for their review.

Commissioner Wilson attended a meeting with PacifiCorp where he received an update on a proposal for acquiring an England based firm. Things look favorable for that transaction.

**Kent Petersen**

Commissioner Petersen reported on legislative issues. The resolution in support of the Heritage National Conservation Area has now passed the Senate and the House. The Dinosaur Diamond Bill has passed. These are two resolutions which have a direct effect on Emery County. The Sikes Bill dealing with mineral lease funds and some Property Tax bills being proposed that could have an effect on our county. He suggested we closely track the progress of these bills.

**Randy Johnson**

Commissioner Johnson reported that he has received numerous calls, requests and concerns regarding the changes on Questar bills. He has contacted the Public Service Commission who has requested that the Board of Commissioners gather as much documentation as possible. The Public Service Commission will determine if it is something they need to pursue. If the Board of Commissioners see a legitimate concern they can file a request for a formal hearing with the Public Service Commission. After the Board of Commissioners have gathered all the information they will determine whether they want to file such a formal complaint. This is something the Commissioners will continue to work on.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

March 4, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson and Commissioner Kent Petersen, Sheriff La Mar Guymon, County Attorney David Blackwell and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 9:00 a.m.

(1)  
TOM ALEXANDER, UTAH POWER, QUARTERLY UPDATE.

Tom Alexander, Utah Power, provided an informative quarterly update of local and corporate activity.

(2)  
MAUGHN GUYMON, CONSIDERATION AND APPROVAL OF SENIOR CENTER RENTAL AND USE POLICY.

Maughn Guymon, Emery County Aging Program Director, presented to the Board of Commissioners a proposal for a Senior Center rental and use policy. The proposal has been approved by the Area Agency on Aging Council and has been reviewed by County Attorney David Blackwell. Mr. Guymon felt it was fair and equitable to everyone. The Board of Commissioners suggested adding clauses to cover termination of use and no alcoholic beverages on the premises. The deposit and fee required is satisfactory for now however when the new Senior Centers are on line for use the fee will need to be amended. Commissioner Bevan Wilson made a motion to approve the rental and use policy for the Senior Centers with the suggested changes. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

2

Commission Meeting  
March 4, 1998

(3)

BEN LUCE, REQUEST FOR DONATION TO ATTEND HOOPSMART U.S.A.

Commission Chairman Randy Johnson read a letter from Ben Luce, Ferron. Ben, a Junior at Emery High School, has been nominated and selected to represent the state of Utah at Hoopsmart, USA, an Allstar Basketball Tournament in Hawaii. He is requesting assistance in raising the funds to finance the trip. Commissioner Kent Petersen made a motion to donate \$50.00 to Ben Luce to attend the tournament. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

CITIZEN CONCERNS

There were no citizens concerns at this time.

(5)

APPROVAL OF APPOINTMENT TO THE EMERY COUNTY NURSING HOME BOARD.

The Emery County Nursing Home Board of Directors recommends Michael Williams of Emery to replace Boyd Jacobsen. Commissioner Kent Petersen made a motion to approve the appointment of Michael Williams to the Nursing Home Board. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(6)

CONSIDERATION AND APPROVAL OF PARTICIPATION IN CENSUS 2000: A PARTNERSHIP AND ADDRESS LIST REVIEW.

There was some discussion on prior participation in such a program. As a result of the discussion the Board of Commissioners decided this was a program which we should be participating in. The papers will be filled out and we will proceed with this matter.

(7)

APPROVAL OF EMERY COUNTY FAIR DIRECTOR AGREEMENT.

Commissioner Bevan Wilson made a motion to approve the agreement with the changes suggested. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

3

Commission Meeting  
March 4, 1998

(8)

DISCUSSION OF RESOLUTION ESTABLISHING COUNTY POLICY WITH REGARD TO ENTRY BY COUNTY ZONING OFFICIALS ON PRIVATE PROPERTY.

Deputy Attorney, Allen Thorpe, provided clarification of State Law dealing with entry by zoning officials onto private property. Mr. Thorpe referred to the criminal trespass statute. After some discussion Commissioner Bevan Wilson made a motion to approve Resolution 3-04-98 establishing county policy with regard to entry by zoning officials on private property. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Planning & Zoning Director, Bryant Anderson expressed his use of discretion and consideration of citizens rights when entering private property.

(9)

ROAD DEPARTMENT/LANDFILL ITEMS

Rex Funk, Road Supervisor, explained that the road department has budgeted \$175,000.00 this year in Class B Road for grader replacement. He explained the advantages of having the 140G reconditioned by Wheeler Machinery. The cost to rebuild the grader would be \$101,000.00 with an extended warranty. The grader would be 100% renewed with Caterpillar parts. He would also like to look at having the 772 BH John Deere grader reconditioned. He is confident he can stay within the budgeted amount. He recommends reconditioning two graders rather than replacing one. The Board of Commissioners approved of his recommendation.

Howard Tuttle, Johansen & Tuttle Engineering, submitted bid proposals for the Grange Spur Reconstruction Project. The low bidder was Nielson Construction for \$24,182.00. J&T recommended awarding the bid to the low bidder. Commissioner Bevan Wilson made a motion to award the bid for the Grange Spur Reconstruction Project to Nielson Construction and to authorize Commissioner Wilson to provide the necessary signatures to expedite the work.. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

In other road/landfill business, Commissioner Bevan Wilson made a motion to approve the metals contract that has been reviewed and approved by County Attorney David Blackwell. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Commissioner Wilson reported on the water load out facility near the San Rafael Bridge. The dips are nearly complete. The Road Department worked on the permitting for the load out for nearly ten years. Within the last year they have acquired the necessary permit from BLM.

4  
Commission Meeting  
March 4, 1998

(10)  
DISCUSSION AND APPROVAL OF PARAPET WALL PROPOSAL FOR COURTHOUSE.

During the winter the roof accumulated a build up of snow on the edge of the roof causing dangerous conditions on the sidewalks. It was proposed to construct a parapet wall along the edge of the roof of the building to hold back the snow and rain. There are still leaks in the courthouse even after having the roof repairs done last summer. There was discussion on the procedures that need to be followed to keep from voiding the guarantee on the roof. Commissioner Kent Petersen recommended we continue to follow up on these repairs. The Board of Commissioners agreed these problems need to be addressed as soon as possible.

(11)  
DISCUSSION OF AFFORDABLE HOUSING SURVEY.

The State has sent a survey of compliance with Public Law 17-27-307 which is in relationship to the Utah Legislature's passage of House Bill 295 requiring cities, towns and counties to plan for and provide affordable housing. Planning & Zoning Director, Bryant Anderson reported he had received a packet of information on the survey of compliance. Commissioner Randy Johnson suggested Bryant Anderson be the contact person on this project.

(12)  
APPROVAL AND RATIFICATION OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Senior Deputy Clerk/Auditor, Brenda Dugmore, presented to the Board of Commissioners for their approval the Warrant Check Edit List #108477 through and including #108636 for payment.

The following requisitions were presented for consideration:

<u>REQUISITION#</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

COMMISSION REPORTS

***BEVAN WILSON***

In the legislature the Sikes Bill dealing with mineral lease funds has passed the Senate and the House and upon signature from Governor Leavitt will become law. This will give us an additional 5% per year for three years. The Board of Commissioners along with legal council and other council is looking at ways we can broaden the distribution of this mineral lease revenue to legal recipients such as the Fire Protection District, the Recreation District and other Special Service Districts. It was their desire to look at uses other than road uses.

Another bill that passed the legislature deals with jurisdictional transfer of State Roads back to cities and counties. There have been many studies done on this and it has been the hot item of discussion in many meetings for a few years. This next year the impacted entities will have the opportunity to review this process. There is an ongoing study being done this year. A list of impacts as a result of the proposed transfer is being compiled by the impacted entities. This will include fencing, rights-of-way, ownership, current conditions of the roads, who will bring the roads up to an acceptable standard. There are many issues to be considered. There is no end to the concerns on this proposal by the legislature. With the coal haul traffic on the roads we can't maintain the roads in Carbon and Emery County with just an average cost per mile maintenance. There are a lot of issues that need to be addressed in a short period of time.

***KENT PETERSEN***

Commissioner Petersen directed his comments to the jurisdictional transfer of State roads back to the cities and counties. He felt this changeover may be an advantage as we may be able to get funding easier than the State. He expressed his concerns for funding improvements to Highway 6. He reported that the State assessed intangible issue has passed. It more narrowly defines what intangible properties are regarding the WilTel decision. It is not everything we had hoped for but it will be better than what we had.

He had a visit with Scott Banasky who informed him of a local sportsman club, Sportsman for Equality Wildlife, which is looking at a gun range for use in Carbon and Emery County. Since Sheriff Guymon is looking into putting a gun range in Emery County, Commissioner Petersen wondered if it wouldn't be productive to meet with this sportsman club to combine their efforts.

***RANDY JOHNSON***

Commissioner Johnson has received a letter from Falcon Cable regarding franchise fees. Falcon was informing the county of franchise fees on franchise fees. County Attorney David Blackwell will review the issue and make a recommendation. He has received a letter from the Regional Water Management Plan for Emery County, stating that the Commission should designate a person to attend planning meetings. The state has a fund for helping the counties meet state planning requirements. We will know more about this after the AOG meeting on March 18, 1998 and there will be a proposal after that.

The delegation has decided to pull Jim Hansen's bill and not put that up for discussion at this time. Emery County can breathe a little easier in not having to deal with that this year. The other part of that good news is that the delegation has adopted Emery County's plan as their Public Lands issue of the year. That bill will be introduced as soon as the language is perfected. It will be pushed along as quickly as it can be and is supported fully and enthusiastically by all members of our delegation. Commissioner Johnson thanked the Public Lands Council and the others who have worked on this plan for their diligent work in bringing this issue to the forefront. It has great potential.

While in Washington D.C. he attended a meeting of the Public Lands Committee of NACO. The topic of discussion was the forest road moratorium. There is a great deal of concern for this issue. This is something we need to keep an eye on. He met with Chris Cannon about the digital television transfer. The real emergency has passed. The process will take as long as fifteen years and they will leave the old systems available during that time. There are still reasons to be concerned and we will continue to follow this and work with our delegation members to be sure that we are not suddenly put in an emergency situation and left without

television coverage.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

March 18, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson and Commissioner Kent Petersen, County Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 4:00 p.m.

(1)  
APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented to the Board of Commissioners the Warrant Check Edit List #108797 through and including #108972 for payment.

The following requisitions were presented for approval:

<u>REQUISITION #</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
27-98	System 500 Visit Phones For Corrections	\$ 370.00	Approved
28-98	Trailer for hauling ATVs For Weed & Mosquito	2,385.00	Approved
28-98	Truck Bed for new Dodge Chassis For Weed & Mosquito	795.00	Approved
29-98	Pentium 233 Computer For Personnel	1,396.00	Approved

Commission Meeting  
March 18, 1998

The following Dispositions were presented for approval:

<u>ASSET#</u>	<u>DESCRIPTION</u>	<u>HOW DISPOSED</u>	<u>ACTION</u>
410-5643	Latham Time Clock	Transfer to Landfill	Approved
410-4822	Radio, PSX 200	Junked	Approved

Commissioner Bevan Wilson made a motion to approve the Warrant Check Edit List for payment, the requisitions and dispositions. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

In other Clerk/Auditor business, Bruce Funk reported on Douglas Light an indigent burial from 1996. Apparently he had a checking account with approximately \$455.00. The family is not interested in taking possession of the money as they would have to file with probate. The county could try to take possession of the money in an effort to recoup some of the cost of the burial. County Attorney David Blackwell pointed out the time and cost involved and indicated that it would not be cost effective considering the small amount of money. If no one pursues the money it will go to the State pool of unclaimed property. It was the consensus of the Commissioners to let it go to the State pool.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Road Department

Randall Stilson has been on medical leave. He may not be able to return to work before his sick and vacation runs out. Pat Snowball requests approval to begin the process of allowing employees to contribute time to Randall Stilson. Commissioner Bevan Wilson made a motion to approve the process of allowing employees to contribute time for Randall Stilson. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

The compensation classification appeal is the process for appealing the decision regarding the salary grade and step resulting from the salary/wage survey recently completed. Based on an appeal filed by Zen Majors, Pat Snowball requests moving Zen from 15-H \$13.60/hr to 15-O \$15.45/hr. This would more closely move him into a wage that's comparative with other crew leaders. In accordance with the prior policy Zen was placed at step 15A while the other crew leaders were up the salary plan. Commissioner Petersen was not comfortable with raising an individual six steps on the salary scale. When the salary plan was adopted it was agreed there would not be any changes. Commissioner Wilson expressed his concern that Zen is doing the same work as the other crew leaders and has had to certify in special fields because of his

3

Commission Meeting  
March 18, 1998

position. This was an oversight and should have been taken care of before now. Pat Snowball explained that the appeal process is for those special attention, unique situations. Commission Chairman Randy Johnson said he doesn't have a problem getting him up where he belongs but he is not comfortable redoing work that the county paid a lot of money for. Commissioners Johnson and Wilson were in support of this particular salary change. Commissioner Bevan Wilson made a motion to approve the salary adjustment request for Zen Majors. Commissioner Randy Johnson stepped down to second the motion and Commissioner Kent Petersen abstained.

(3)

EMERY HIGH RODEO TEAM REQUEST SPONSOR OF EMERY HIGH RODEO.

Will Payne representing Emery High's Rodeo Team requested a donation to the Emery High Rodeo on April 17 & 18. Commissioner Kent Petersen made a motion to contribute \$100.00. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

DELENA FISH, WORKFORCE SERVICE, UPDATE ON ACTIVITIES.

Delena Fish, Workforce Services, provided an informative overview of activities since the combining of the many offices that make up the Workforce Services Department. Workforce Services was created by the Legislature and implemented in July of 1997. Departments combined to make up Workforce Services are the Department of Family Support, Job Service, Child Care Licensing, JTPA and Turning Point.

(5)

CITIZENS CONCERNS

Commissioner Kent Petersen reported that UAC Management Conference is April 15, 1998 which is a regularly scheduled Commission Meeting. He suggested changing that Commission Meeting to Tuesday, April 14, 1998. Commissioner Kent Petersen made a motion to change the date of the Commission Meeting to April 14, 1998. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Sheriff LaMar Guymon reported that Veterinarian, Glen Jensen is ready to begin construction of his clinic. Mr. Jensen is seeking a tentative agreement with the county regarding the use of his facility to house animals collected by County Animal Control. Mr. Jensen had approached the Commissioners in June of 1997 with a proposal for a veterinary facility providing housing for animal control currently handled by the county. At that time the details were sketchy and a decision was put off for review. A proposal was presented later in the year but a decision was

4

Commission Meeting  
March 18, 1998

not made at that time. The current facility in Orangeville is inadequate and potential concerns are increasing. Building a new facility would be very costly and each of the towns are not able to build their own facility. Sheriff Guymon suggested going ahead with the contract with Dr. Jensen which will save the county hundreds of thousands of dollars in building a new facility. We could then assess each city to help subsidize the cost of housing the animals. The county cannot put any money into a new facility at this time and is willing to consider a cost effective proposal. Sheriff Guymon will meet with Dr. Jensen to put together a package for consideration at the next meeting.

(6)

APPROVAL OF BUSINESS LICENSE

Clerk/Auditor Bruce Funk presented business licenses for the following businesses:

- a. Management transfer for Sportsman Lodge for Blaine Luke.
- b. EAO Services for Dale and Angie Fillmore, a premise occupation in Lawrence.
- c. Desert Rose Outfitting for Juanita Jensen.

Commissioner Bevan Wilson made a motion to approve the business licenses. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

DISCUSSION OF PETITION ON COUNTY ANNEXATION ELECTION IN GREEN RIVER INCLUDING ATTORNEY COSTS.

Commissioner Kent Petersen made a motion to table this for now to gather more information. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

DISCUSSION AND APPROVAL OF FALCON CABLEVISION FRANCHISE FEES AND RESOLUTION.

Commissioner Kent Petersen made a motion to approve Resolution 3-18-98 adopting the Falcon Cablevision Franchise Fee Ordinance. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(9)

CONSIDERATION FOR APPROVAL OF ANNUAL OPERATING PLAN AND FINANCIAL REIMBURSEMENT PLAN BETWEEN EMERY COUNTY SHERIFF'S DEPARTMENT AND FOREST SERVICE.

Commissioner Kent Petersen made a motion to approve the annual operating plan and financial reimbursement plan between Emery County Sheriff's Department and Forest Service. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

DISCUSSION OF 1998 REGIONAL WATER MANAGEMENT PLAN FOR EMERY COUNTY.

Commissioner Kent Petersen read a letter informing of a requirement for all counties to prepare a water plan for drinking water. The State has provided a pool of money in the amount of \$128,000.00 for preparing the plan. San Juan County has qualified under another program and will not get any of the distribution. Grand County will receive \$40,000.00. This leaves \$88,000.00 to be divided between Carbon and Emery Counties. It was suggested to save money we could combine the plans and use one engineer, Ben Grimes of Hansen, Allan & Luce, to do the two counties. The Board of Commissioners agreed with the concept of developing a plan and using one engineer to save money. Commissioner Kent Petersen made a motion to approve of the concept and proceed as suggested. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

ROAD DEPARTMENT/LANDFILL ITEMS.

Discussion and approval of Des Bee Dove Crossover Road R-O-W transfer agreement.

The agreement for the transfer of the Des Bee Dove Crossover Road and related Right-of-Ways back into Emery County Road system has been reviewed by Val Payne, Rex Funk, County Attorney David Blackwell and other council members as well as John Kirkham, Stowel Rives and Scott Child, Interwest Mining Company. They have made the relevant changes and at this time recommend signing the agreement. The closing of the transfer contemplated by the signing of this agreement would take place within fifteen days following the receipt of the last of the approvals from the three agencies identified in Section 5 of the transfer document, those being BLM, Forest Service and State Lands. The document has been signed by John A. Bohling, Sr. Vice President of PacifiCorp. Commissioner Bevan Wilson reported meeting with all parties concerned and made a motion to sign the agreement for the transfer of the Des Bee Dove Crossover Road and related right-of-ways accepting the road back into the Emery County Road system. The motion was second by Commissioner Kent Petersen and approved by all members

Discussion and approval of road maintenance agreement between Emery County and Forest Service.

It was time once again to consider the standard agreement for road maintenance between Emery County and Forest Service. Rex Funk recommended signing the agreement. Commissioner Bevan Wilson made a motion to sign the agreement. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(12)

CONSIDERATION AND APPROVAL OF OFFICE OF ENERGY SERVICES GRANT PROPOSAL.

In 1997 when the County did the HVAC renovation the Commissioners were approached by the State Office of Energy Services to do a survey summary of the light fixtures in the courthouse with no obligation or cost to the County. As a result of that summary Emery County was awarded a grant for \$10,000.00 to be used towards replacing 372 ballast and 301 fixtures in the courthouse at a cost of \$20,451.00. The project must be completed by June 30, 1999 and the County must file a post grant report within ninety days of completion. The State estimates the payback through energy savings within 3.8 years to be \$452.00 per month. After discussion it was decided to table this matter to gather more information.

(13)

APPROVAL OF APPOINTMENT TO EMERY COUNTY TRAVEL BUREAU.

The Emery County Travel Bureau recommends replacing LaRae Majors with LaMar Guymon for the unexpired term. Commissioner Kent Petersen made a motion to approve the appointment. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(14)

APPROVAL OF COMMISSION MEETING MINUTES

Commissioner Kent Petersen made a motion to approve the minutes dated March 4, 1998. The

#### COMMISSION REPORTS

##### ***BEVAN WILSON***

Commissioner Wilson, Val Payne and Sheriff Guymon attended a program introducing Governor Leavitt's program "GIFT" Governor's Initiative on Families Today. This was a video presentation on family values and fighting crime. The purpose of the program is to push to get safe children and neighborhoods. Sheriff Guymon added that Emery County is already implementing many of the crime prevention programs discussed in the presentation. What we need to do now is to unite and organize those programs already in existence as well as issue a call to the citizens to get involved.

##### ***KENT PETERSEN***

Commissioner Petersen reported on the activity at the legislature. The mineral lease bill which will generate more money for Emery County passed without a dissenting vote. The intangible assets bill passed which will help us some on the WilTel decision. The vehicle registration bill passed which eliminates property tax on vehicle registrations. The bill to study the jurisdictional transfer of roads went through. The Resolution of Support for the National Heritage Conservation Area Plan was passed and is just waiting for Governor Leavitt's signature. He felt the legislature was fairly successful this year.

##### ***RANDY JOHNSON***

Commissioner Johnson reported on the Monument lawsuit. The Tenth Circuit Court ruled against the Wilderness Reinventory Lawsuit. They met with the State attorneys and the Governor's representatives to determine what the next steps would be. They will request where a three judge panel ruled against and did not consider the amended complaint that they will file for an onbonk which would allow for a full judge panel. They expect a different out come with a full judge panel if they get that privilage. In the meantime, there has been an offer by the government to sit down and settle and they are going to ask the governor to pursue that settlement.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

April 1, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson and Commissioner Kent Petersen, Deputy County Attorney Allen Thorpe and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 9:00 a.m.

(1)  
APPROVAL OF BUSINESS LICENSE.

Clerk/Auditor Bruce Funk presented a business license for Millsite Pro Shop. This is a change in management for an existing business license. The new manager is Steve Burke. Commissioner Kent Petersen made a motion to approve the business license for Millsite Pro Shop. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(2)  
APPROVAL OF PROPERTY TAX EXEMPTION LIST.

Clerk/Auditor Bruce Funk reviewed the 1998 Property Tax Exemption list with the Commission. Commissioner Kent Petersen made a motion to approve the list of exempt properties for 1998. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(3)  
BEVAN WILSON, DISCUSSION OF TREE PROGRAM.

During the 1998 budget meetings it was decided to drop the \$12,000.00 line item for the tree program. Pat Jones, Coast to Coast had received word that the program was to be dropped and expressed his concern to Commissioner Wilson. Mr. Jones pointed out that the tree program encouraged people to shop in Emery County. It also encouraged our citizens to beautify their yards and improve their communities. Commissioner Wilson in meeting with Economic Development Director, Rosann Fillmore suggested cutting the tree program in half by dropping the shrub part of the program. Mrs.Fillmore agreed that the program could run on \$6,000.00 allowing a \$10.00 per family allowance for trees only. Commissioner Kent Petersen made a motion to reinstate the tree program and then to address the money when the budget is opened up for adjustments later this year and to get a memo out to Rosann Fillmore advising her of the

decision. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

JAMES NIELSEN, DISCUSSION OF RUSSIAN OLIVE CONTROL PROGRAM AND FUNDING RECEIVED FROM OUTSIDE AGENCIES.

James Nielsen, Weed & Mosquito Supervisor, was asked by Commissioner Wilson to come to Commission Meeting and discuss the work that Emery County Weed & Mosquito does for the Bureau of Land Management by authorization of a MOU that we have with them. The amount of money that was allocated by BLM compared to work done by Emery County was the focus of the discussion. From 1987 through 1993 less money was allocated than work that was done. Since 1994 more money was allocated by BLM than we were able to collect because W/M was unable to take that much time away from their regular work to do the work on BLM. Mr. Nielsen stated that this is a good program, however, any work that W/M does for BLM hurts the W/M program but benefits Emery County because the money comes into the county's general fund and not back into W/M's working funds. W/M uses chemicals that has been purchased for use on projects in the county when they do work for BLM. Therefore, any work that W/M does for BLM takes money away from where they could use it for noxious weed control on county properties. The money is available to do good for the county but W/M can't take advantage of it. Mr. Nielsen pointed out that this hurts his program in man hours and chemical purchases. This year BLM has allocated \$10,000.00 which is the highest amount ever allocated. He requested finding a way W/M can more productively take advantage of the allocated funds. Commissioner Petersen suggested putting the \$10,000.00 in W/M's budget so they could hire a temporary employee and purchase additional chemicals. James Nielsen was in favor of this suggestion and requested developing a plan. Commissioner Wilson explained the problem of budgeting for BLM allocated funds stems from not having that figure amount during the budgeting process so its not included in W/M's budget. The 1998 budget would have to be reopened to include the allocated funds so they could be used. Clerk/Auditor Bruce Funk reported the need to reopen the budget for other adjustments around June. Commissioner Bevan Wilson made a motion to approve the request, develop a plan and for Commissioner Wilson to coordinate with James Nielsen to work out the final details and return with recommendations for a temporary employee. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

James Nielsen also reported on the Russian Olive Control Program. We have around 1,493 acres that are signed up for control of Russian Olives plus about four hundred additional trees. Russian Olive Trees don't take much chemical to control. There is still chemical left and applications are available at the County Agent office or from any of the Weed board members in the towns. Commissioner Petersen has seen a difference already from people in Ferron getting

3

Commission Meeting  
April 1, 1998

rid of the Russian Olive Trees. Mr. Nielsen has met with all the irrigation companies and explained that as a county we would control all the Russian Olives on the drainage above the point where the highest canal forks off the drainage. The Russian Olive Control Program is strictly a volunteer program which has been accepted well by the people. James Nielsen will put an article in the paper advertising who to contact for this program.

(5)

CONSIDERATION AND APPROVAL OF UTAH ENERGY GRANT.

While in the process of the HVAC renovation the Commissioners were approached by the Office of Energy Services to do a survey summary of the light fixtures in the courthouse with no obligation or cost to the county. As a result of that summary Emery County was awarded a grant for \$10,000.00 to be used towards replacing 372 ballast and 301 fixtures in the courthouse. The total cost for project would be \$20,451.00 and must be completed by June 30, 1999. It was estimated the savings to the county would be \$452.00 a month, thus repaying the amount spent within 3.8 years. Since the deadline for project completion is in 1999 the Board of Commissioners decided to delay this for now to allow for it in the 1999 budget.

(6)

DISCUSSION OF SETTING DATES FOR EMERY COUNTY 1998 MAY TAX SALE AND BOARD OF EQUALIZATION.

Commissioner Bevan Wilson made a motion to set the date for the 1998 May Tax Sale for May 28, 1998 at 10:00 A.M. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Commissioner Kent Petersen made a motion to set the dates for 1998 Board of Equalization for August 18, 1998 from 10:00 A.M. til 3:00 P.M. in Castle Dale and August 19, 1998 from 12:30 P.M. til 3:30 P.M. in Green River. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(7)

ROAD DEPARTMENT/LANDFILL ITEMS

Road Supervisor, Rex Funk reported on the ongoing activity of the Road Department. The permitting for the Landfill is in process. They had a methane gas check done at the landfill and passed. The addition to the road shop is in process. They will begin chipping projects in June on the north end of the county. The Goblin Valley Project is moving along well. Brown

(8)

CITIZENS CONCERNS

Commission Chairman Randy Johnson inquired of the HVAC in the courthouse. He wondered why we have the problems with temperature control. The system should be working perfectly. Commissioner Petersen is working with the contractors to resolve the problems.

(9)

APPROVAL AND RATIFICATION OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented to the board of Commissioners the Warrant Check Edit List #109204 through and including #19325 for payment.

The following requisitions were presented for approval:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

Commission Meeting  
April 1, 1998

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

There were no personnel items for consideration at this time.

(11)  
APPROVAL OF COMMISSION MEETING MINUTES

Commissioner Kent Petersen made a motion to table the minutes dated March 18, 1998. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)  
COMMISSION REPORTS

***RANDY JOHNSON***

Commissioner Johnson reported that the Emery County National Heritage Conservation Area Bill has been filed as a bill in the House. It will be heard by the House Committee in Washington D.C. on April 23, 1998.

***KENT PETERSEN***

Commissioner Petersen reported on a State Parks Planning meeting he attended in Green River. The focus of the meeting was the Goblin Valley Park. The BLM RAC meeting will be holding their meeting in Price on Friday, April 3, 1998. The focus of their meeting will be fees on Public Lands.

***BEVAN WILSON***

Commissioner Wilson made a motion to nominate Val Payne and LaMar Guymon to be on the Planning Committee for Goblin Valley Park. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

The Forest Service has put together a proposal for implementing the roadless area. Commissioner Wilson would like to have the Public Lands Council review the proposal. The comment period is coming up quickly on that proposal and Emery County needs to be ready to respond. Imposing roadless areas in our forests could hamper development of our coal reserves as it would put an eighteen month moratorium on building roads in the forest.

6

Commission Meeting  
April 1, 1998

Commissioner Kent Petersen made a motion to recess at 10:30 a.m. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Commissioner Kent Petersen made a motion to reconvene the meeting at 11:00 a.m. and to move into Executive Session. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

EXECUTIVE SESSION TO DISCUSS PERSONNEL AND POSSIBLE LITIGATION.

Those in attendance at Executive Session were Commissioner Kent Petersen, Commissioner Bevan Wilson, Commission Chairman Randy Johnson, Emery County Assessor Jim Fauver, Eckhardt Prawitt, Bill Peters, Jim Matheson, Robert Malko, Ph.D. and Deputy Clerk/Auditor Carol Cox. The focus of the meeting was Utah's centrally assessed valuations and how a proposal by Utah State Tax Commission to lower those assessments will affect Emery County. Also discussed was the Wiltel decision and intangibles.

Commissioner Bevan Wilson asked to be excused at 11:40 a.m. for a prior commitment.

Commissioner Kent Petersen made a motion to come out of Executive Session. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(14)

OTHER

As a result of Executive Session Commissioner Kent Petersen made a motion to authorize Bill Peters and the Matheson group to proceed with proposed action to offset potential tax appeals by PacifiCorp. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Commissioner Kent Petersen made a motion to approve the personnel actions as presented. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

ROSANN FILLMORE, DISCUSSION AND SETTING OF PUBLIC HEARING ON ENTERPRISE ZONE DESIGNATION IN THE COUNTY.

Economic Development Director, Rosann Fillmore explained that an Enterprise Zone is any area wherein a locating company receives corporate or franchise income tax credit for new job creation. There is a limit on how many jobs they get credit for. The State of Utah has had Enterprise Zone designations for some time but Emery County was not eligible to be an Enterprise Zone because our poverty rate was too low. In 1997 they changed the law which makes us eligible now. Under the old law the Enterprise Zone only applied to companies coming into the areas from out of the state. The new law allows any companies coming into the area to from within the State to receive Enterprise Zone Tax Credit. The whole county cannot be an Enterprise Zone so areas will have to be designated. Each community needs a separate application. Emery County will have to apply for any unincorporated areas. The area that is most urgent for us now is a piece of property at the Hunter Power Plant where the green house is expected to locate. We need to have a Public Hearing. Commissioner Kent Petersen made a motion to establish a Public Hearing for receiving public input on Enterprise Zone designation in an unincorporated area of Emery County for June 17, 1998 at 6:00 p.m. at the Emery County Courthouse. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

KURT KILLIAN, REQUEST DONATION TO SAN RAFAEL SWELL AUTO ASSOCIATION CAR SHOW.

Kurt Killian, San Rafael Swell Auto Association requested a donation for their two annual car shows. In the past the Emery County Fair has donated to this event. Fair Director, Kathy Justice had indicated to Mr. Killian that one of the objectives of the Fair was to have the exhibits and events be self-sufficient. Mr. Killian explained to the Commissioner that they do not charge for their shows and that people come from far away to display their vehicles. These people buy gas here, stay in our motels and spend money while in the county. The club has expenses when they put on a show but no way to raise revenue to cover expenses. One show is held at the Huntington State Park and they have to reserve and pay for the entire park for a day.

4

Commission Meeting  
April 14, 1998

Commissioner Randy Johnson explained that the County has the Fair Director on a tight budget and it is not her intent to eliminate any exhibitors or events from the Fair. The Car Show is such a favorite event of the Emery County Fair and because of the circumstances involved Commissioner Johnson will readdress this issue with the Fair Director. If it is not workable with the Fair Director then the club is welcome to come back and approach the Commission again. The other Commissioners agreed and they thanked Mr. Killian and his club for their efforts to provide such a vital part to our County Fair.

(5)

CAMILLE HUNTSMAN, REQUEST FOR DONATION TO MISS EMERY COUNTY.

Amanda Huntsman, Miss Emery County requested financial assistance in providing the professional items needed to perform at the Miss Utah Pageant. She will be participating the pageant June 15-20, 1998. Commissioner Randy Johnson thanked her for her dedication to participating in the many events in the county throughout the year. Commissioner Kent Petersen made a motion to contribute \$100.00 to Miss Amanda Huntsman. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(6)

MILES MORIETTI, DWR, UPDATE ON AGENCY ACTIVITIES.

Miles Morietti, DWR provided an informative update of agency activities. The agency is currently in the planning stages. They have received a directive to formulate a strategic plan for the next five to ten years. Therefore they are conducting an internal and external assessment of the agency in order to compile the details needed for the plan. The animal population came through the winter in good shape. The poaching incident has been resolved. They are in the process of setting the antler-less hunts and are receiving public input on that process. Mr. Morietti explained habitat fees and the process for applying for habitat projects.

(7)

CHARLES JANKIEWICZ, FOREST SERVICE, UPDATE ON AGENCY ACTIVITIES.

Charles Jankiewicz, Forest Service provided an informative update on agency activities. He reported on some organizational changes which will not affect us much and may take up to four years to complete. The local OHV club under the direction of Mark H. Williams met with the BLM to discuss two trails that they would like to see upgraded through the State motorized grant funding system. The two trails being considered are the Dry Fork Canyon Trail and the Rock Canyon Trail. BLM has these trails categorized on their travel plan as motorized trails. There is some concern from the cattleman permittees for how this will impact them during any moving of animals on and off the mountain. The group representing the Horn Mountain

5

Commission Meeting  
April 14, 1998

allotment would like see trails improved there. There needs to be some things worked out with DWR before any improvements can be done on Horn Mountain trails. Regarding the gravel source at Reeder Canyon permits are being worked out. Completion dates for the Scenic By-way and Stuart Guard Station in Huntington Canyon is mid July. Joe's Valley Campground will be open for Memorial Day weekend.

(8)

RICHARD MANUS, BLM, UPDATE ON AGENCY ACTIVITIES.

Richard Manus, BLM, provided an informative update on agency activities. Moab office manager, Kate Kittchel is leaving to accept a position as the Lower Snake River District Manager in Boise, Idaho. There is no word yet on what will take place in the Moab office. With regard to HR3625 the BLM requested using the data that has already been put together by Johansen & Tuttle for the map making. The Commissioners did not have a problem with that request. BLM had a light Easter visitation on the desert this year with the highest numbers located around the Swell area. Due to the weather most people stayed in camp. The State Resource Advisory Council (RAC) meeting was held in Price. The focus of the meeting was fees and fee demonstration projects. BLM provided a tour of the San Rafael Swell and the proposed OHV Implementation Plan. They had an opportunity to show the RAC the work done by the OHV club at the old ZCMI mine. The weather held out and the day went well. It was a perfect opportunity to introduce the National Heritage Conservation Area Plan. BLM is working with the local OHV club to help people become aware of currently closed road areas. Regarding coal bed methane activity for River Gas, to date BLM has issued twenty-two APD's (Application for Permit to Drill), at least two right-of-ways and two access requests to work on federal land. The Ferron Natural Gas Environmental Impact Statement is coming along on schedule.

(9)

KAREN BEDONT, AMERICORPS, UPDATE ON ACTIVITIES.

Karen Bedont, Americorps provided an informative update on activities at Cleveland-Lloyd Dinosaur Quarry and gave an overview of the grant objectives. April 21, 1998 is National Volunteer Day.

(10)

MIKES JAMES AND KEN MAYNE, DISCUSSION OF LOCAL SKILLED WORKER'S OPPORTUNITIES.

6

Commission Meeting  
April 14, 1998

Mike James, Ken Mayne, Carey Griffiths and Ronald Willis representing local skilled workers from Carbon and Emery County addressed concerns from lack of out of state construction companies hiring local workers. These workers are pipe fitters, boiler makers, carpenters and laborers. Mike James relayed that they were especially concerned about the recent two million dollar scrubber overhaul at the Huntington Power Plant. When inquiries were made for being hired by Erwin Industries, the company contracted for the overhaul, they were informed they would have to go to California to get an application. The workers come from New Mexico and Arizona. They come here, make the money and leave with it. While local workers live here, pay their taxes here and the money stays here. These local workers are men that helped build the power plants and were laid off. Another scrubber overhaul is scheduled to begin in two weeks at the Hunter Power Plant. The same company is contracted to do the work. Ken Mayne, representing the Carpenter's Union stated that there is a viable work force in this area. He stated that this is not a union/non-union issue this is a Utah workers/Utah jobs issue. Their group feels that the workers who live closest to the projects should have first priority. In the past they have been able to supply the skilled manpower to handle these shutdowns. With unemployment in this area being about 6.8% ( double what the rest of the state is) they feel this is a very serious problem. There are some companies that come in and hire a certain percentage of locals. They are concerned with people being able to stay in the area. There is no incentive for young people to stay in the area and learn these skills if there isn't a market here for them. They are here today to express their concerns and solicit the Commission to use any influence that they may have with Pacific Power or the contractors to use local workers. Their concern on this particular issue is that the opportunity to get a job on these projects is not there for them. The Commission thanked them for bringing this concern to their awareness and expressed their commitment to pursue any avenue that may be of help.

(11)

REQUEST FOR DONATION TO HABITAT FOR HUMANITY'S GOLF TOURNAMENT.

The Commission received a letter from Lin Wood, Chairperson for the Habitat for Humanities golf tournament seeking donations for prizes for their annual golf tournament. Sheriff Guymon will donate mugs and t-shirts.

(12)

DISCUSSION AND APPROVAL OF MEMORANDUM OF UNDERSTANDING BETWEEN EMERY COUNTY AND STATE TRUST LANDS ADMINISTRATION.

Public Lands Director, Val Payne explained that this MOU is patterned after others that have

7

Commission Meeting  
April 14, 1998

been entered into between the Commission and BLM, Forest Service and Department of Natural Resources. It is the recommendation of the Public Lands Council that the Commission enter into this MOU with State Trust Lands Administration. This obligates State Trust Lands to work with us. Commissioner Kent Petersen made a motion to sign the MOU between Emery County and State Trust Lands Administration. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

RATIFY APPROVAL OF NEW E911 SYSTEM.

Commission Chairman Randy Johnson explained that he had received a phone call from Emery Telephone informing the Commission that they needed to make the orders for the new E-911 system. Deputy Clerk/Auditor Brenda Dugmore met with Steven Barton, Emery Telephone to pursue the financial structure of the E-911 fund. This is a \$50,000.00 project of which we have identified approximately \$47,000.00 in the fund. The go ahead was given to do the project with the funds that have already been accumulated. Mike McCandless, Emery Telephone explained the update and the expected improvements. Since the E-911 fund will be short about \$3,000.00 to \$4,000.00 this fund will run in a deficit for a few months until enough revenue has been deposited to cover the project. Commissioner Bevan Wilson made a motion to approve the new E-911 system and financial structure as outlined. The motion was second by Commissioner Kent Petersen and approved by all members present.

(14)

ROAD DEPARTMENT/LANDFILL ITEMS

A. Open chip hauling bids.

The bids were opened for the annual chip hauling process. The bids were as follows:

Sinbad Construction - \$37,114.00  
Kerwin Jensen Trucking- \$36,478.60  
Nielson Construction- \$47,470.33

Commissioner Kent Petersen made a motion to award the bid to Kerwin Jensen Trucking for \$36,478.60 contingent to approval from Johansen & Tuttle Engineering and Rex Funk and authorize Commissioner Bevan Wilson to sign the necessary document upon approval. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(15)

CONSIDERATION AND APPROVAL OF OFFICE OF ENERGY SERVICES GRANT

PROPOSAL.

In last Commission meeting it was decided that since the deadline for project completion was in 1999 that they could delay this decision until budget hearings for 1999. Since then Leslie Bolinder has done some research and found out that the Office of Energy Services needs a commitment right away so that they can budget for it even though we do not have to put any money into it until 1999. Our signature on this does not obligate us to do the project. Commissioner Bevan Wilson made a motion to sign the grant proposal. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(16)

DISCUSSION AND APPROVAL OF MATHESON GROUP PROPOSAL.

Jim Fauver, Assessor explained that the Matheson Group met with the Commissioners on April 1, 1998 and presented a proposal for taking action to offset potential tax appeals by PacifiCorp. They presented the proposal in three phases. The first phase is monitoring the available data and determining the value of PacifiCorp. If PacifiCorp appeals the State Tax Values then the Matheson Group will step in and begin negotiations. The Matheson Group estimates their cost to be around \$15,000.00 for the first two phases. If it goes into a third phase we will go to court and the cost will be unknown. This does not include Bill Peters cost. Commissioner Kent Petersen made a motion to approve the Matheson Group's proposal for the first phase and to authorize Jim Fauver to use the Multi-County Appraisal Trust Fund to pay the cost of hiring the Matheson Group. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. Since the Matheson Group will be working for Bill Peters then the next step is to send a letter to Bill Peters advising him of Commission approval. Phase two and three are contingent on the success of Phase one. The Commission expects a cost breakdown and itemized billing.

(17)

CITIZENS CONCERNS

Carol Ware reported on the Take Pride in Utah. All the communities in Emery County have agreed to do a project. Leslie Bolinder has arranged for Kaaron Jorgen's MBTI Staff Team Building Workshop to be held on May 7, 1998. There will be two sessions, one at 9:00 a.m. to noon and another at 1:00 p.m. to 4:00 p.m.

(18)

APPROVAL OF COMMISSION MEETING MINUTES.

9

Commission Meeting  
April 14, 1998

Commissioner Bevan Wilson made a motion to approve the meeting minutes dated April 1, 1998 with corrections and to table the minutes dated March 18, 1998. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

COMMISSION REPORTS

***BEVAN WILSON***

Commissioner Wilson reported on the April 4, 1998 visit from BLM national director Pat Shea, Congressman Chris Cannon, Congressman Jim Hansen, Senator Mike Dmitrich and BLM state director Bill Lamb. The Emery County Commission and Emery County Public Lands Council were able to meet with these men to go over the National Heritage and Conservation Area Plan. There were many favorable comments.

***RANDY JOHNSON***

Commissioner Johnson reported that the carpet committee has sent out for bids on replacing the carpet in the courthouse. County Attorney David Blackwell helped set up the standards and requirements.

(20)

OTHER

Treasurer, JoAnn Behling reported on a concern involving a piece of property up for May Tax Sale this year. The property has a federal lien against it and should have reverted back to the county last year. The county did not want the liability involved in having it revert back. County

Attorney David Blackwell will do some checking into this.

(21)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

Commissioner Kent Petersen made a motion to move into Executive Session to discuss possible

10  
Commission Meeting  
April 14, 1998

litigation and personnel matters. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Those in attendance during Executive Session were: Commissioner Randy Johnson, Commissioner Kent Petersen, Commissioner Bevan Wilson, County Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor Carol Cox.

(22)  
ADJOURNMENT

Upon returning to regular meeting Commissioner Bevan Wilson made a motion to adjourn the meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**May 6, 1998**

Present at the meeting were Commissioners Kent Petersen, Commissioner Bevan Wilson, County Attorney David Blackwell and Deputy Clerk/Auditor Carol Cox. Commission Chairman Randy Johnson was excused from the meeting to attend a meeting in Provo with Governor Leavitt on proposed state trust lands. Commissioner Kent Petersen will be acting chairman during this meeting and will step down as acting chairman to second any motions.

Commissioner Kent Petersen called the meeting to order at 9:00 a.m.

(1)

ACCEPT AND REVIEW BIDS FOR COURTHOUSE CARPET PROJECT.

Abbey Carpets (Kevin's Carpets) and Carpet Max (Dennis Jones) submitted bids for the courthouse carpet project. Abbey Carpets had their bid broken down to each individual aspect of the project with no total cost listed. Carpet Max had a total bid of \$54,080.00 for the project. There was some discussion on the bid package and the amount budgeted for the project. To allow time to calculate the total bid from Abbey Carpets, Commissioner Bevan Wilson made a motion to turn this process over to the carpet committee and the architect for review to determine the low bid. The committee is to return to commission meeting on May 20, 1998 with a recommendation for awarding the bid. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)

CONSIDERATION AND APPROVAL OF SERVICE AGREEMENT BETWEEN EMERY COUNTY AND GLEN L. JENSEN, EMERY ANIMAL HEALTH SERVICES.

Dr. Glen Jensen reviewed with Commissioner Petersen, Commissioner Wilson and County Attorney David Blackwell the service agreement for animal health services. They discussed several clauses that needed to be added, refined and reworded. In the absence of Sheriff Guymon and Animal Control Officer, Martin Wilson it was decided to turn the agreement back over to Attorney, David Blackwell to make the discussed changes. The agreement will be reviewed for consideration on May 20, 1998.

2

Commission Meeting  
May 6, 1998

(3)

DISCUSSION AND APPROVAL OF RESIDENTIAL ANTI-DISPLACEMENT PLAN AND CERTIFICATION.

This plan was developed by Association of Local Governments and presented for Commission approval. This certification puts us in line with the law. Commissioner Bevan Wilson made a motion to approve of the Residential Anti-Displacement Plan and Certification upon review and approval of County Attorney. Commissioner Kent Petersen seconded the motion and it was approved by all members present.

(4)

WANDA VAUGHN, NEIGHBORHOOD WATCH.

Emery County Neighborhood Watch Coordinator, Judy Lang and assistant Wanda Vaughn gave an informative overview of the Neighborhood Watch Program. Judy Lang acknowledged and thanked Officer Martin Wilson, Officer Les Wilberg and Sheriff LaMar Guymon for their help in training and assistance in getting this program off and running. They acknowledged the persistence of Maurice Anderson and Representative Brad Johnson in the fight to get the signs up in the cities. National Night Out will be on August 4, 1998 and they encouraged everyone to get out and get to know their neighbors. Many neighborhood blocks will be having picnics, get-togethers or whatever they may choose that will help bring neighborhoods closer together. The Commissioners thanked them for all their hard work and concern for the citizens of Emery County and pledged their support for the program.

(5)

CITIZEN CONCERNS.

There were no citizen concerns at this time.

(6)

CONSIDERATION AND APPROVAL OF BEER LICENSE FOR MILLSITE RESTAURANT.

Clerk/Auditor Bruce Funk presented for consideration and approval renewal of beer license for Millsite Restaurant. Commissioner Bevan Wilson made a motion to approve the renewal of beer license for Millsite Restaurant. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

3

Commission Meeting  
May 6, 1998

(7)

CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.

Clerk/Auditor Bruce Funk presented for consideration business licenses for Cliff Elliot (logging) and Dana Guymon (renewal, business moved into her home). Commissioner Bevan Wilson made a motion to approve the business licenses. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(8)

ROAD DEPARTMENT/LANDFILL ITEMS

A. Project acceptance of North Huntington Bus Loop, Airport Road, Joe Oveson Bus Loop, and Emery to U-10.

Rex Funk was absent, Carol Ware presented in his absence. There were four road projects completed and certified by Johansen & Tuttle Engineering as ready to accept back into the county road system. The roads ready to be accepted back into the system were the North Huntington Bus Loop, Airport Road, Joe Oveson Bus Loop (Sagebrush) and Emery to U-10. Commissioner Bevan Wilson made a motion to sign the acceptance agreement to accept the roads discussed back into the county road system. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(9)

DISCUSSION OF SUPPORT FOR UTAHNS FOR WILDLIFE HERITAGE AND CONSERVATION CAMPAIGN.

Utahns for Wildlife Heritage and Conservation have proposed constitutional amendments which will require two-thirds vote for changes to wildlife laws. This proposal says that they want to keep wildlife management in the hands of professionals. There have been several groups proposing referendums for changes which sometimes causes hysteria and chaos. The group is asking for a letter of support from the Commission. Commissioner Bevan Wilson made a motion to have Commission Chairman Randy Johnson draft a letter and each Commissioner will sign their support for the campaign. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(10)

4

Commission Meeting  
May 6, 1998

CONSIDERATION AND APPROVAL OF RSVP GRANT.

Commissioner Bevan Wilson made a motion to approve sending a letter requesting the funds to be released to Emery County and authorize Commissioner Wilson to sign the letter. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(11)

CONSIDERATION AND APPROVAL OF WILDLIFE FIRE SUPPRESSION FUND.

This item was tabled.

(12)

APPROVAL OF JUDGES OF ELECTION AND SATELLITE REGISTRARS.

Clerk/Auditor Bruce Funk explained that under law judges of elections must be approved by the governing body of county. He asked to keep the same policy of not using family members of candidates for election for judges of election and satellite registrars. The judges of election are as follows: Emery, Jane Manchester, Betty Bunderson and Hazel Cox. Ferron So., Katherin Singleton, Evelyn Huntsman and Mary Lue Bentley. Ferron No., Bertha Blackburn ViAnn Niebergall and Paula Lucas. Clawson, Carey Bloomer, Bobbi Justice and Aleen Riley. Orangeville, Sandra Oman, Lynett Tuttle. Castle Dale W., Zora Rowley, Pat Sanders and Elaine Wilberg. Castle Dale E., Eileen Lofthouse, Eleanor Blackham, Marianne Day and Ina Lee Magnuson. Huntington E., Loyette Myerhoff, Francy Handley, and Beverly Nielson. Huntington W., Connie Gilbert, JoAnn Shannon and Michelle Anderson. Cleveland, Karen Nielsen, Lisa Sherman and Lorraine Jensen. Elmo, Georgena Hansen, Eva Tucker and Lucille Willson. Green River, Rea Dawn Rowley, Olive Anderson and Vicki Bayles. The satellite registrars are as follows: Huntington, JoAnn Shannon, Castle Dale, Colleen Bott, Ferron, Dana Behling and Green River, JoAnn Ekker. The pay for judges of election and satellite registrars is \$50.00 a day. Commissioner Bevan Wilson made a motion to approve the judges of election and satellite registrars and payment of \$50.00 per day. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

DISCUSSION OF NURSING HOME LIABILITY INSURANCE.

There was a question on whether or not this was needed so it was turned over to Pat Snowball, Personnel to get with Utah Association of Counties and do some research on this item of business.

5  
Commission Meeting  
May 6, 1998

(14)  
APPROVAL AND RATIFICATION OF CHECK EDIT LIST, ADDITIONAL CLAIMS,  
REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List #110215 through and including #110413 for payment.

The following requisitions were presented for approval:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
37-98	Storage/filing cabinets Clerk/Auditor	\$ 6,698.11	Approved
38-98	Scanner Economic Dev	310.00	Approved

<u>ASSET #</u>	<u>DESCRIPTION</u>	<u>HOW DISPOSED</u>	<u>ACTION</u>
140-6027	Leading Edge computer Personnel	Transferred to Gun Range	Approved
140-5990	Computer table Personnel	Transferred to Gun Range	Approved
140-6141	Executive Chair Personnel	Transferred to Gun Range	Approved

Commissioner Bevan Wilson made a motion to approve the Warrant Check Edit List, requisitions and dispositions for payment. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Deputy Clerk/Auditor, Brenda Dugmore requested permission to transfer \$175,000.00 from Dues and Contributions to Municipal Building Authority of Emery County as this is the amount that was allocated in the budget to be transferred. Commissioner Bevan Wilson made a motion to transfer the allocated amount to the MBA. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

6

Commission Meeting  
May 6, 1998

(15)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

There were no items for discussion at this time.

(16)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Bevan Wilson made a motion to approve the minutes dated March 18, 1998 and April 14, 1998 with corrections. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(17)

OTHER

Craig Johansen, Johansen & Tuttle Engineering, discussed Mounds Bridge. This bridge is a historical bridge in Elmo near the county line which has been removed from the abutment and is now in the way of an ongoing construction project. A Mr. Cannon from Moab was interested in preserving the bridge and relocating it to Moab, however, he did not sign the protective covenants agreement to take possession of it. Kit Anderson from Elmo has shown interest in acquiring the bridge also. It was determined that UDOT does not own the bridge. Nothing can be done until Emery County Commission reaffirms that they want to give the bridge to Mr. Cannon. It was the recommendation of Johansen & Tuttle Engineering to write a letter to UDOT reaffirming that Emery County is willing to give the bridge to Mr. Cannon so UDOT will get back on track. Commissioner Bevan Wilson made a motion to advise Mr. Anderson of the estimated cost to bring the bridge up to required standards as a historical bridge. If Mr. Anderson is no longer interested, because of cost involved, then authorize Kent Petersen to sign letter to UDOT to proceed with giving the bridge to Mr. Cannon. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

In other business, Leslie Bolinder asked to confirm dates for the Senior Appreciation Dinner for November 17, 1998 and Employee Appreciation Dinner in December 3, 1998. She will reserve the San Rafael Museum for these dates.

COMMISSION REPORTS

7

Commission Meeting  
May 6, 1998

### **KENT PETERSEN**

Commissioner Petersen reported on his trip to Washington DC to testify before Congress on the proposal to create a National Conservation Area in the San Rafael Swell. He believes it still has a chance for passage this year.

He reminded everyone of the Karron Jorgen team building training.

### **BEVAN WILSON**

Commissioner Wilson provided a report on the jurisdictional transfer of State roads back to counties and cities. Emery County is evaluating state roads in the county to determine long term cost of maintenance and impacts to our county. He suggested inviting the interm committee to visit Emery County for a tour of state roads and receive input on the survey being conducted on the impacts and costs.

A public Hearing was set for May 20, 1998 at 4:00P.M. to receive public comment on State Department of Health issuing Emery County's Landfill permit. There will be a 30 day comment period. The next step will be to issue the permit which will be good for five years. Commissioner Wilson noted that Emery County is fortunate compared to other areas as far as our dollar investment in landfill.

While in Washington DC they also had the opportunity to lobby for increases in PILT payments and black lung efforts.

(19)

### **EXECUTIVE SESSION TO DISCUSS PERSONNEL AND POSSIBLE LITIGATION.**

There were no items for discussion at this time.

(20)

### **ADJOURNMENT**

Commissioner Bevan Wilson made a motion to adjourn at 11:15 a.m.

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**May 20, 1998**

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Kent Petersen and Commissioner Bevan Wilson, County Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 4:00P.M.

(1)  
APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit list #110664 through and including #110850 for payment.

The following requisitions were presented for approval:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
39-98	Pentium II Computer System Sheriff	\$ 821.00	Approved
40-98	Storage Cabinet Personnel	403.00	Approved

There were no dispositions for consideration at this time.

Commissioner Kent Petersen made a motion to approve the Warrant Check Edit list and requisitions for payment. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Treasurer, JoAnn Behling requested removing Bruce and Loyette Myerhoff from the May Tax Sale. The loan they have acquired will permit them to pay the taxes by June 1, 1998.

2

Commission Meeting  
May 20, 1998

Commissioner Kent Petersen made a motion to approve removing Bruce and Loyette Myerhoff from the May Tax Sale. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel actions for approval:

Weed and Mosquito

Approval is requested to hire four temporary, up to 90 day individuals as Weed and Mosquito Control Technicians to begin May 28, 1998, at a rate of \$8.25/hr. Dennis Dooley will be returning for his fifteenth season. This will be the third season for Jerel Lofley. Two other individuals will be hired, however the names were not available at this time. Commissioner Bevan Wilson made a motion to approve hiring four temporary, up to 90 day individuals for Weed and Mosquito Control Maintenance at the requested rate and hire date. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

RSVP

Meredith McElhaney, the RSVP Coordinator stationed in Grand County has submitted her letter of resignation. Approval is requested to begin recruitment for a replacement at 4A \$7.43/hr. for a part time-less than 20 hours/week, no benefit position.

Commissioner Kent Petersen expressed his concern for hiring a replacement for this position as Emery County was to be responsible for one half of the year and Grand County for the other half. Emery County will be finished with their obligation on July 1, 1998. Grand County should be the one recruiting for the position as it will be their responsibility at that time. There was a question as to whether the funds are there to pay for another six months. After some discussion on this issue Commissioner Bevan Wilson made a motion to proceed with the recruiting process provided the grant which pays for this position has been approved and is in place.

Commissioner Kent Petersen did not agree with recruiting another person for this position.

Commissioner Randy Johnson stepped down and seconded the motion provided Commissioner Wilson would get with RSVP Coordinator Carolyn Randall and Senior Clerk/Auditor Brenda Dugmore to make sure the funds are in place. The motion was not approved by all.

AmeriCorps

Anna Prawl, AmeriCorps Director explained the process used for hiring the part time summer workers for the Cleveland Lloyd Dinosaur Quarry. Out of the forty-three applicants, five will be hired for four hundred fifty hours of service. Weston Lemon, Amy Giles, Ted Jensen, Cameron Smith and Casey Potter (Gavin Anderson will be an alternate). The part time nine hundred hours worker moved out of the area and had to be replaced. The replacement was made from the pool of applicants for the summer workers. Shawn Ory has accepted that position. Commitment was the key to filling these positions as the pay is not high and are strictly service oriented jobs. Work will begin on June 1, 1998. Commissioner Bevan Wilson made a motion to approve the names as presented for summer employment at the Dinosaur Quarry. The motion was seconded by Commissioner Kent Petersen and approved by all members present. There was discussion on whom to call for repairs on the vehicle assigned to AmeriCorps. Service is to be directed to the Road Department. There was discussion on a second vehicle request which the County had not agreed to in the original plan. Anna Prawl also reported that Bonita Jarvis has broken her ankle as she was giving a tour. Bonita will be serving at the visitors center until her ankle heals and she can get back out in the field. The accident is covered under Emery County's Workmans Comp. policy.

(3)

PRESENTATION OF PHOTO RECORD OF EMERY COUNTY BY JOHN NIEBERGALL.

John Healy on behalf of the Economic Development Council and the Environmental Sub Committee presented the County with a photographic record of environmental town changes in Emery County. In 1995 when the county was developing their economic diversification plan and the county plan, the Commissioners encouraged the group to develop a photographic record that would show changes within the county. They wanted to be able to show that people in Emery County do care about the land by the changes and improvements taking place. This record addresses land issues only. The record was done by John Niebergall who has retired from the Forest Service. Copies of the record will be distributed out to each of the libraries, each of the Commissioners and Public Lands Director, Val Payne. As an overview Mr. Healy reported that the record shows that we *have* learned to use the land responsibly.

(4)

RSVP BOARDMEMBERS SEEKING FUNDING FOR COMMUNITY NEEDS ASSESSMENT.

RSVP Board members Teri Rushton and Tyler Sinclair came before the Board of Commissioners to request funding for a community needs assessment. They represent the Volunteer Advisory Committee which is a sub committee of the RSVP board. The committee felt that there was a need to survey the citizens of Emery County on volunteerism and how it can help the community as a whole. This needs assessment includes a mission statement and an explanation of the

4

Commission Meeting  
May 20, 1998

survey, what it will be used for and locations for turning in the surveys. Tyler Sinclair will tabulate the results from the survey to see where in the community volunteerism is needed and what people are interested in volunteering in. At this time the Committee is seeking funding for sending out the surveys. San Rafael Printing has given them a bid of \$500.00 to copy the surveys. The mailing will cost another \$500.00. Therefore the total they are requesting is \$1,000.00. They would like the mailings to go out by June 5, 1998 with returns to the drop off locations on June 19, 1998. Commissioner Bevan Wilson made a motion to approve the request for \$1,000.00 to be taken from Dues & Contributions to assist in sending out the needs assessments for RSVP. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Throughout this process of putting together the needs assessments they have received assistance from Jeanie Housekeeper of United Way. Mrs. Housekeeper runs the Volunteer Action Center in Carbon County which is one of ten Volunteer Action Centers throughout the State established by Governor Leavitt. There will be a satellite of that Volunteer Action Center established in Emery County with the contact center at the RSVP office in Huntington under the direction of Carolyn Randall. There is \$5,000.00 funding available from the State for that program.

(5)

JEFF KELSEY, INTERMOUNTAIN BENEFIT ADMINISTRATORS, PRESENT INFORMATION ON COUNTY'S HEALTH INSURANCE PLAN.

Jeff Kelsey, Intermountain Benefit Administrator, presented information on the current status of Emery County's health plan as well as offering suggestions for managing rising cost to the plan.

(6)

ANN KING, FOREST SERVICE, PRESENTATION OF AWARDS.

Ann King, Forest Service presented plaques to Public Lands Council members Wes Curtis, Tracy Jeffs, Bevan Wilson, Randy Johnson, Kent Petersen, Rosann Fillmore, Val Payne and Charlie Jankiewicz. The Rural Community Assistance Program which the Forest Service operates was awarded for their outstanding accomplishment through leadership, collaborative partnership, risk taking and vision for planning the future of Emery County and surrounding land. They were formally recognized in November 1997 however the plaques were not available for presentation at that time.

(7)

CONSIDERATION AND APPROVAL OF THE RETIREMENT CONTRIBUTION RATE

INCREASES.

Senior Deputy Clerk/Auditor Brenda Dugmore explained that this is the annual increase in the retirement contribution rate. The increase is .23% for the general payroll and .33% for the Sheriff's Department. The total impact to the payroll is \$4,900.00 for the year.

Commissioner Bevan Wilson made a motion to approve the annual increase in the retirement contribution rate. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(8)

BLAINE LUKE, CONSIDERATION AND APPROVAL OF BEER LICENSE FOR SPORTSMAN LODGE.

Commissioner Kent Petersen made a motion to approve a Class A Beer License for Blaine Luke, Trail Mountain Resort in Joe's Valley. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(9)

CONSIDERATION AND APPROVAL OF AGREEMENT WITH EMERY ANIMAL HEALTH.

Dr. Glen Jensen was present to review the final draft of the contract between Emery County and Emery Animal Health for animal services. Attorney, David Blackwell, Sheriff LaMar Guymon Animal Control Officer Martin Wilson and the Commissioners reviewed the contract and made a few suggestions for changes, after which, Commissioner Kent Petersen made a motion to approve the contract with Dr. Jensen, Emery Animal Health with changes as specified. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

CONSIDERATION AND APPROVAL OF WILDLAND FIRE SUPPRESSION FUND.

The budgeted amount for this fund is \$3,008.00 for this year. Emery County has to maintain a \$5,000.00 suppression fund account in order to be a part of this fund. This year we can achieve that amount by moving line items in our wildland fire budget. Next year we can raise that budgeted amount to meet that required amount. This year however we can rearrange line items when we open the budget for other adjustments. If we do not have a fire the fund just builds up. 75% of the premium that is put in the fund can be used for fire suppression activity prevention. Commissioner Kent Petersen made a motion to correctly move over line items within the wildland fire budget to meet the \$5,000.00 required to participate in the program. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

6

Commission Meeting  
May 20, 1998

(11)

GARTH LARSEN, FERRON CITY MAYOR, DISCUSSION OF CANYON ROAD SAFETY CONCERNS.

Ferron City Mayor, Garth Larsen addressed some concerns expressed by citizens of Ferron. The complaints that come before Ferron City are mostly concerning the excessive speed on the canyon road and the width of the road makes it unsafe for pedestrian or bicycle traffic. The roads location is a natural for those who like to get out and walk or enjoy a bike ride. The city is trying to respond to the safety concerns expressed but needed some assistance for addressing the problems. The area of greatest concern lies within the boundaries of the Castle Valley Special Service District. Mayor Larsen has come before the Commission because he sees this as potentially an item that can be addressed as a group. He has looked into the possibility of a walking/bike trail. Rex Funk, Road Supervisor offered some suggestions and criteria for meeting regulations for available funding programs. Mayor Larsen was provided with some options for connecting him with the correct people to get Ferron City started in the right direction. Sheriff LaMar Guymon addressed the speed issue.

(12)

RECOMMENDATION TO AWARD BID FOR COURTHOUSE CARPET PROJECT AND DISCUSSION OF PROJECT.

The Courthouse Carpet Committee had reviewed the bids for courthouse carpet project and made a recommendation to award the bid to Carpet Max (Dennis Jones) for \$54,080.00. Commissioner Kent Petersen made a motion to award the bid for courthouse carpet project to Carpet Max (Dennis Jones) and authorizes Attorney David Blackwell to proceed with drafting the contract. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. Mr. Jones anticipates beginning the second week in June after the carpet arrives. Most of the work will be done on the weekends so as to not disrupt service to the public. Mr. Jones will be paid as per invoice every two weeks as work is completed and claims are submitted. Leslie Bolinder will act as the liaison for scheduling when offices will be done.

(13)

VAL PAYNE, PUBLIC LANDS UPDATE.

Val Payne, Public Lands Director provided an informative update of Public Lands activity. Most of his report focused on the proposed changes for the National Heritage Conservation Area

7

Commission Meeting  
May 20, 1998

Proposal and what to expect. The trails committee formed by OHV users group as well as BLM and Forest Service people are working on addressing OHV use on the forest. Some of the Global Positioning System work that was done by Lee Rasmussen and Lee Swasey on documenting those trails that are considered for part of that plan was extremely accurate. It was very helpful in plotting trails and accurately locating and documenting roads.

Mr. Payne was encouraged by reports received from the State Institutional Trust Lands Representative and Governor Leavitt's comments regarding State Lands Exchange.

The Public Lands Council is reviewing PacifiCorps proposed mine plan change for the Deer Creek Mine which involves undermining the north slope of Rilda Canyon and will be making any comments which are appropriate in regards to that.

Sheriff Guymon and Val Payne have been involved as members of the Goblin Valley Management team. They expect increased visitation from the notoriety of the Heritage Conservation Area as well as the improvements made to the access road to Goblin Valley. The numbers of visitations indicate that this is the time to address the management plan for Goblin Valley to insure that it fits in with increased activity.

(14)

ROAD DEPARTMENT/LANDFILL ITEMS

Jeff Emmons, State Licensing Director reviewed the permitting process. All the proper applications have been received and reviewed. Today, May 20, 1998 was the day for the Public Hearing and Comment period of which there were no comments. That comment period will remain open until June 4, 1998. At the conclusion of the comment period the State Licensing office will act upon it and most likely approve the permit. He anticipates mid June for the permitting process to be complete.

(15)

CONSIDERATION AND DISCUSSION OF RELOCATING MOUNDS BRIDGE TO CASTLE DALE YARD.

Rex Funk, Road Supervisor reported on the status of relocating the Mounds Bridge. There are currently two bridge removal projects in process. The Mounds Bridge (Price River Bridge in

Elmo) has been moved off the abutment and is currently in the way of an ongoing project. The fully qualified individual who had shown an interest in taking ownership of the bridge failed to show up to do so. The bridge has been identified as a historical bridge and as such caution must be taken to preserve it. Emery County as owner of the bridge is accountable for its protection. It is not safe where it is. Emery County Road Department recommends a marketing process to find someone to take ownership of the bridge. They recommend moving the bridge to the county yard on the Des Bee Dove road until such time as to find a suitable recipient for the bridge can be found. Intermountain Rigging and Heavy Haul has agreed to move the bridge for \$15,000.00. Commissioner Kent Petersen made a motion to approve hiring Intermountain Rigging and Heavy Haul to move the bridge to the Des Bee Dove location. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(16)

DISCUSSION OF THE NEED FOR WATER AND IMPROVED ROAD INTO LAWRENCE CEMETERY AND OWNERSHIP OF THE MOLEN CEMETERY.

A small delegation of residents from Lawrence approached the Commission for upgrading of Lawrence's cemetery. Utahna Wilson representing the delegation requested Emery County purchase a water connection from North Emery Water Users at a cost of \$2,250.00 and \$20.00 a month water fee for the cemetery. In the past the residents have tried to do this on their own but were unable to accomplish this. Since Emery County owns the cemetery they would appreciate any help they could possibly give. It was discussed possibly asking NEWU to reduce the cost of the hook-up. Commissioner Wilson explained some of the problems associated with Lawrence and the proposed improvements by the Special Service District #1 to roads in Lawrence including the road leading to the cemetery. Commissioner Bevan Wilson made a motion to approve the request for a water connection to the Lawrence Cemetery and to make every effort to negotiate with NEWU on the cost. The motion was seconded by Commissioner Kent Petersen and approved by all members present. The funds will be addressed when the budget is reopened in July. Commissioner Johnson suggested looking at Dues & Contributions.

James Nielson discussed with the Commission the ownership of Molen Cemetery. The LDS Church has notified the county concerning the property which was originally owned by the Christensen family and was given to the church to be used as a cemetery. The LDS church would like to have some other entity take possession of the (cemetery) property by July 29, 1998. The Commission discussed several options and will gather facts in order to make a decision by then if possible. They will address this issue again at the July 1, 1998 meeting.

(17)

APPROVAL OF RESOLUTION FOR MODIFICATION OF FUNDING ON THE UAC BUILDING.

Commissioner Johnson explained the reason for the Resolution of Modification of Funding on the UAC Building. In 1997 UAC issued \$1,710,000.00 in Lease Certificates of Participation to finance construction of a new UAC building. The Certificates also financed a debt service reserve account in the amount of \$171,000.00. These reserve accounts are usually required on this type of debt issue to act as a buffer against unforeseen payment problems. UAC is attempting to replace the existing debt service reserve fund with a letter of credit from Zions First National Bank. Doing so would free up the \$171,000.00 in reserve for use in construction of the building. Zions Bank is willing to supply the letter of credit at no charge. The Resolution authorizes UAC to execute amendments to the existing legal documents which will allow the letter of credit to be substituted for the reserve fund. Adopting this Resolution in no way obligates the County on the debt or the letter of credit. UAC is still the only party responsible for this debt. UAC, however, does not have the legal authority to execute the amendments unless all of the Counties in the State grant it authority. Commissioner Bevan Wilson made a motion to approve the Resolution for Modification of Funding on the UAC building. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(18)

DISCUSSION OF PLANNING ASSISTANCE FOR ORANGEVILLE AND HUNTINGTON.

Tyler Sinclair, UAC has been helping communities with their planning process. Orangeville and Huntington City have asked for assistance which will probably be more than Tyler can provide. They are asking the County to be a spokesman as they apply for assistance from other sources. Commissioner Kent Petersen made a motion to be a spokesman for Orangeville and Huntington Cities in their effort to receive assistance during their planning process. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(19)

CITIZEN CONCERNS

The Commission received a donation request from San Rafael Jr. High to assist in their 9<sup>th</sup> Grade Achievement Day. Commissioner Kent Petersen made a motion to contribute \$50.00 to this worthy cause. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(20)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Kent Petersen made a motion to approve the minutes dated May 6, 1998 with corrections. The motion was seconded by Commissioner Bevan Wilson and approved by all

members present.

COMMISSION REPORTS

### **KENT PETERSEN**

Commissioner Petersen reported on his meeting with CIB officials. He reported on the funding possibilities for the Sr. Citizen Centers and fire trucks and equipment. He was very encouraged by what he heard.

Scott Theurer has resigned as Nursing Home administrator. He will be staying during the transition to a new administrator. Candidates for the position will be interviewed soon. A letter will be drafted thanking Mr. Theurer for a job well done.

### **BEVAN WILSON**

Commissioner Wilson and Val Payne attended the farewell for BLM Field Office Manager, Kate Kitchell. She extended her thanks via Commissioner Wilson to Emery County Commissioners for all their help over the years. While at this function Dick Manis reported on the Heritage Area. He suggested doing an inventory of the Heritage Area sites locations and setting up criteria and dialog on 'what is a heritage location'.

He received a letter from Gary Kofford on Joe's Valley Water Subdivision Users advising the Commission of their desire to create a water district for the Reeder Subdivision and Olsen Subdivision. Commissioner Wilson will provide more details as they become available.

### **RANDY JOHNSON**

Commissioner Johnson testified before the Sub Committee on National Parks and Public Lands with Governor Leavitt and Bruce Babbitt. All the testimony was favorable towards that land exchange. Emery County's Heritage Plan did come up. The proposal is still receiving a lot of support and favorable comments.

**MINUTES OF THE REGULAR MEETING**  
**OF THE BOARD OF EMERY COUNTY COMMISSIONERS**  
**HELD IN THE EMERY COUNTY COURTHOUSE**

**June 3, 1998**

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Kent Petersen, Commissioner Bevan Wilson, Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 9:00 a.m.

(1)

TOM ALEXANDER, UTAH POWER, UPDATE ON LOCAL ISSUES, PROJECTS, AND CONCERNS.

Tom Alexander, Utah Power provided an informative update of local and corporate activities. Commission Chairman Randy Johnson conveyed the concerns expressed by local workers regarding local workers not being hired by contractors for local work at the plants.

(2)

MARY IREY, HERITAGE INTERMOUNTAIN THEATRE, PRESENTATION DISCUSSING 1998 SUMMER SEASON AND ORGANIZATIONAL GOALS.

Mary Irely and her husband have worked in and have moved to Carbon County from New York and Seattle to bring Broadway to our rural area. They have helped to raise nearly a million dollars to renovate a building for the theatre in Helper. The theatre will be tied to economic development for the two county area. Their goal is to provide Broadway quality theatre at an economical price for everyone. This was an informational visit.

(3)

CITIZEN CONCERNS.

Karen Bedont, AmeriCorps Project Director for the Cleveland-Lloyd Dinosaur Quarry Project introduced the recently hired summer workers. The workers are: Wes Lemmon from Ferron, Shawn Ory from Price, Amy Giles from Castle Dale, and Casey Potter from Huntington. Ted Jensen and Cameron Smith were also hired but had school obligations this day. Ms. Bedont thanked the Commission and Sheriff Guymon for providing AmeriCorps with a second vehicle for transporting the youth to the quarry each day.

(4)

CONSIDERATION AND APPROVAL OF RESOLUTION OF SUPPORT FOR GUNNISON BUTTE MUTUAL IRRIGATION COMPANY.

Attorney David Blackwell discussed with the Commission Resolution 6-3-98. This is a Resolution of Support for Gunnison Butte Mutual Irrigation Company which is a standard resolution of support for application for Flaming Gorge water rights. The resolution states that the Commission finds that it is in the best interest of the citizens in the Green River Valley and Emery County to acquire additional water rights enabling development of increased agricultural areas, sustaining current areas and securing the future of the Green River Valley, establishing a substantial foundation for future generations, positively affecting the public health, safety and welfare of the citizens of Green River Valley and Emery County. Commissioner Kent Petersen made a motion to approve Resolution 6-3-98 in Support of Gunnison Butte Mutual Irrigation's application for Flaming Gorge water rights. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(5)

ROAD DEPARTMENT/LANDFILL ITEMS.

Road Supervisor, Rex Funk discussed a pit permit with the U.S. Forest Service for Joe's Valley by the Reeder Subdivision area. Rex Funk, Bevan Wilson, Craig Johansen and Howard Tuttle of Johansen & Tuttle Engineering, have reviewed the document and have no problems with the permit or the conditions therein. It is a good site with mostly limestone product. The nature of the area requires some drilling and dynamiting which exceeds the Road Departments capabilities. Therefore, because of the difficulty involved with opening up the pit, Rex Funk recommends contracting out the development of the pit and the crushing of the product for stockpiling. The Forest Service needs 15,000 cubic yards and the County needs 10,000 cubic yards making a total of 25,000 cubic yards of crushed product. The contract would require fencing to secure the stockpile with a locked gate. The Forest Service is working on terms of an agreement where they would pay for their 15,000 cubic yards on that contract. At that time the project agreement will be submitted to the Commission for approval. Commissioner Wilson added that the Forest Service has received a grant for approximately \$100,000.00 for road improvements. They plan to do about three to four miles of drainage work and gravel surface on the road going into Upper Joe's Valley. They are going to bid that contract out around August 1998. The pit project will help in the Forest Service's road project as well as maintenance on county roads.

Commissioner Bevan Wilson made a motion to approve the pit permit with the U.S. Forest Service. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Commissioner Bevan Wilson made a motion to authorize Rex Funk to proceed with advertising

for bids to open and develop the pit, crush the determined amounts of gravel and authorize Commissioner Bevan Wilson to sign any required documents. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(6)

FOLLOW-UP DISCUSSION CONCERNING OWNERSHIP OF MOLEN CEMETERY.

Commission Chairman Randy Johnson discussed the Molen Cemetery issue that was discussed in last commission meeting. Apparently there are several historic cemeteries in the area. However, Emery County is not ready to take on a historic cemetery and the responsibilities that come along with it at this time. After some discussion on this matter Commissioner Kent Petersen made a motion to write a letter to Ferron City and pursue having them take over the Molen Cemetery. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(7)

DISCUSSION AND APPROVAL OF ALLRED SIGN CONTRACT.

Economic Development Director, Rosann Fillmore reported on the contract with Jack and Hazel Allred of Spring Glen for the annual rent of property for the maintenance of one billboard sign in Huntington, Utah. This is a five year renewable lease. The rent is \$800.00 for a year.

Commissioner Bevan Wilson made a motion to approve the Allred sign contract for \$800.00 a year. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(8)

Sheriff Guymon requested disposing of several unclaimed items that have been stored in jail property for some time. They will be taken to Deseret Industries.

The parapet project done on the courthouse by Royce Stilson is complete. Mr. Stilson will be paid from courthouse funds.

Commission Meeting Minutes  
June 3, 1998

Commissioner Kent Petersen made a motion to approve the Warrant Check Edit List, Requisitions and dispositions as presented and to have Sheriff Guymon coordinate with Bruce Funk to get the best possible price for the vehicle purchase.(\*\*) The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Assessor Jim Fauver informed the Commission of a problem regarding the payment for the laying of the fiber optic cable for the libraries and Sheriff's Department. Bottom line was the work was done by Paul Harvey, Peak Cablevision. Mr. Harvey requested to have the county purchase three tool boxes for his pay for the laying the fiber optic cable. Commissioner Kent Petersen made a motion to approve the purchase of the toolboxes for Paul Harvey with the purchase to come from Communication funds. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Clerk/Auditor, Bruce Funk requested assistance from the Sheriff's Department in picking up the ballot boxes from the Election polls after the polls close on election night. Sheriff Guymon indicated his department would be glad to help in any way.

(9)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel actions for approval:

Road Department

Road Department requests hiring two temporary, up to 90 day flaggers, Nancy Whimpy and Carisa Huntington, beginning June 1, 1998 at \$7.00/hr. They request hiring one laborer Brandon Conover beginning June 1, 1998 at \$8.00/hr. These people will be working during the chipping project.

According to policy, workers can be hired and ratified within thirty days of hire, therefore, at this time Pat Snowball request ratifying the hiring of these workers at the road department.

Commissioner Bevan Wilson made a motion to ratify the hiring of the temporary flaggers and laborer at the road department. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(10)

APPROVAL OF COMMISSION MEETING MINUTES.

6

Commission Meeting Minutes  
June 3, 1998

Commissioner Bevan Wilson made a motion to approve the minutes dated May 20, 1998 with corrections. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(11)

OTHER BUSINESS

Layne Miller, Emery County Progress thanked the Sheriff's Department and Sheriff's Possee for their help on the Friendship Cruise. He commended Brett Mills for his organization and coordination of communications. Everything went well.

(12)

COMMISSION REPORTS.

***KENT PETERSEN***

Commissioner Petersen reported that Scott Theurer has resigned as administrator of the Emery County Nursing Home. The Nursing Home board has interviewed perspective candidates for replacement and have hired Bryan Erickson. He will begin as administrator on June 1, 1998. As a final note he added that the final inspection of the Nursing Home expansion will be on Friday, June 5, 1998 at 11:00 a.m.

***BEVAN WILSON***

Commissioner Wilson's report included information about the Legislative Interim Committee on Transportation. In their last meeting they voted to make recommendations back to the legislature that they abandon the jurisdictional transfer of roads back to counties and cities. The recommendation included some exceptions for certain counties and cities. For example an exception in Emery County's case would be Goblin Valley Road, Millsite Road and Horse Canyon Road.

Commissioner Wilson thanked Sheriff Guymon for the extra vehicle for the AmeriCorps group for transporting the youth to the quarry.

***RANDY JOHNSON***

Commissioner Johnson had just returned from Washington, D.C. where he along with Dennis Worwood and Val Payne met with representatives from the Southern Utah Wilderness Alliance

and Democratic Representatives from the Department of Resources to discuss problems that have come up in Committee concerning the Heritage National Conservation Area Plan. They also addressed concerns expressed by the Bureau of Land Management. Overall, Commissioner Johnson felt good about the outcome of the discussions. The changes suggested were not too drastic. There is reason for hope.

(13)

EXECUTIVE SESSION TO DISCUSS PERSONNEL AND POSSIBLE LITIGATION.

Commissioner Bevan Wilson made a motion to move into executive session. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Present at executive session was Attorney David Blackwell, Commissioner Kent Petersen, Commissioner Randy Johnson, Commissioner Bevan Wilson and Deputy Clerk/Auditor Carol Cox.

Commission Meeting  
June 17, 1998

Winn, Terry Seager and Kristie Nelson. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

#### Assessor's Office

Julie Truman submitted her resignation effective June 8, 1998. In order to staff the State Tax Office in a timely manner, Jim Fauver sought commission approval to advertise the weeks of June 16 and 23, 1998. The job closes June 26, 1998. Action of this item is ratification of the approval to advertise. The job is Title and Registration Technician, part time-up to 3/4 time, eligible for benefits, at a wage of \$7.43/hr. Commissioner Bevan Wilson made a motion to approve ratification of the approval to advertise for a Title and Registration Technician. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

#### Temporary Up to 90 Day Assignments

Extension Office: Cassie Jones, clerical,	\$7.00/hr effective June 15, 1998
Extension Office: Darlene Ernie, clerical	\$7.43/hr effective June 15, 1998
Road Office: Hugh Christiansen, laborer	\$8.00/hr effective June 11, 1998

Commissioner Bevan Wilson made a motion to approve the up to 90 day assignments for the Extension office and Road office. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

#### Health Insurance

Renewal of the health insurance is July 1, 1998. Intermountain Benefit Administrators Regional Manager, Jeff Kelsey, was unable to be here, therefore, he is sending the documents by overnight mail for the commission to review. Pat Snowball requested to have the documents reviewed and upon commission approval have Commissioner Johnson sign them for a timely return so that payment of claims will not experience an interruption. Mrs. Snowball asked to have the action ratified in Commission Meeting on July 1, 1998. Commissioner Bevan Wilson made a motion to review the health insurance documents and approve Commissioner Johnson to sign the documents upon approval of the commission and to ratify the signature in the July 1, 1998 Commission Meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(3)

PRESENTATION OF RESULTS FROM TOURISM SURVEY BY EARLENE BIGGS.

Economic Development Director, Rosann Fillmore introduced Earlene Biggs, Merit Research who provided a presentation of the results from the tourism survey. Overall, residents of Emery County can see the benefits of tourism but don't want it to affect the quality of life they have come to expect living in a rural community. The Commission was pleased with the large amount of response from the survey.

(4)

6:00 P.M. - PUBLIC HEARING- TO RECEIVE PUBLIC COMMENTS CONCERNING ENTERPRISE ZONE IN EMERY COUNTY.

Economic Development Director, Rosann Fillmore explained that an Enterprise Zone is a business recruitment incentive designated by the state. Application for designation is required. In years past the entire county was designated as an Enterprise Zone but with changes in the laws that designation no longer qualifies. State Department of Economic Development has determined Emery County will need to designate areas and decide the type of development desired in those areas. Businesses in those areas receive Corporate Income Tax Credit. They would receive \$750.00 credit for each full time equivalency employee for up to thirty positions a year with an extra \$500.00 credit if they are 125% of the average county wage. Businesses could receive another \$750.00 if the position is in value added agriculture areas and another \$200.00 for another two years if health insurance is provided for the employee. The Economic Development council has looked at the unincorporated areas of Emery County to determine some areas that would meet the criteria for an Enterprise Zone. Currently there are several locations in the I-Zone (Industrial Zone). Hunter Power Plant is one location being looked at because of the interest in locating industries that would add value such as industry using the waste products from the power plant. Other areas discussed were: the area by the training center near the Huntington Airport, an area near the landfill and another by Emery Recycling. Potential areas discussed that are not industrial were areas near the central warehouse (west of Orangeville) and Rock Canyon (south of Orangeville).

Bryant Anderson, Planning & Zoning questioned whether the property near central warehouse (west of Orangeville) should be designated in the I-Zone. He suggested another potential place is across from Huntington State Park where Savage Industries is located.

Commissioner Wilson wanted to know how you would deal with a request to build outside the designated Enterprise Zone. Mrs. Fillmore stated that they can apply to amend the Zone.

Tom Alexander, Utah Power relayed he had several request from companies looking to locate here but were discouraged by researching a site and available infrastructure. The positive side of using the Enterprise Zone is the sites and location of infrastructure will already be available providing an enticement for companies to locate here.

4

Commission Meeting  
June 17, 1998

Bruce Funk, Clerk/Auditor expressed concern that the only one who will benefit from this is Utah Power because of their site analysis/ feasibility study.

Mack Huntington, Planning Council explained that a site analysis may show to attract industry. A feasibility study would show where it would be the most expensive to locate. Emery County has a policy that the developer pays the way. How are we going to attract a developer here if it is going to cost them a million dollars to put in water and sewer. Mr. Huntington likes idea of planning these things.

Mrs. Fillmore explained that this Public Hearing is part of the planning process. The next step now is to get legal descriptions for the proposed areas.

Commissioner Bevan Wilson made a motion to close the Public Hering. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(5)

CONSIDERATION OF RELOCATION OF EMERY COUNTY FOOD BANK AND CLOTHING EXCHANGE.

Cheryl Peck, Manager of Emery County Food Bank and Clothing Exchange presented a request to relocate at the Senior Citizens Center in Castle Dale when the new Senior Citizen Center is completed and the present center is vacated. The group has out grown their current facility which is in poor condition and not handicap accessible. The group has taken on new responsibilities recently and is just not capable of conducting their programs from such a small facility. They were aware that the new Senior Citizens Center will not begin construction until spring of 1999. They wanted to put in an early request to be considered to use the facility when it is vacated. The Board of Commissioners will give consideration to their request at that time.

(6)

DELENA FISH, WORKFORCE SERVICES UPDATE.

Delena Fish, Workforce Services provided an informative update of current activities.

(7)

LT. STEVE RAPICH, UTAH HIGHWAY PATROL, DISCUSSION OF UHP AND DEPARTMENT OF PUBLIC SAFETY ISSUES.

5

Commission Meeting  
June 17, 1998

Lt. Steve Rapich, Utah Highway Patrol offered the help and resources of his department to South Eastern Utah. He pledged his support to Sheriff Guymon and the Emery County Sheriff's Department asking to have an open dialog between the two departments.

(8)

KIMBALL AND ROBERTS, PRESENTATION OF 1997 INDEPENDENT AUDIT AND RECOMMENDATIONS.

Senior Deputy Clerk/Auditor, Brenda Dugmore presented the 1997 Independent Audit by Kimball and Roberts. She reported that the findings were very minor and recommended accepting the audit report. Commissioner Bevan Wilson made a motion to accept the 1997 Independent Audit. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(9)

EMERY COUNTY MUSEUM BOARD TO DISCUSS PROPOSED LABORATORY FOR ARCHAEOLOGICAL, PALEONTOLOGY RESEARCH AT THE MUSEUM OF THE SAN RAFAEL.

Museum Director, Dixon Peacock provided an activity update of the Museum of the San Rafael. The museum board has presented a proposal to Castle Dale City wherein the board proposed building a laboratory for archaeological and paleontology research on the south east corner of the museum lot. The board has an opportunity to obtain grant money for the building. At this time they are asking the Board of Emery County Commissioners for their support and assistance from Economic Development Director, Rosann Fillmore in writing and obtaining the grant. Mr. Peacock reported the board has been looking into adding a curator at the museum who would live here year round. This would make it possible for the museum to become accredited which in turn would open windows of opportunity for other funding sources. Commissioner Kent Petersen made a motion to lend the support of the Board of Commissioners and Rosann Fillmore in helping the Museum of the San Rafael to obtain a grant for the purpose of building a laboratory. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

DISCUSSION AND CONSIDERATION OF APPROVAL OF SALE INTENTION OF COUNTY OWNED PROPERTY 1-13-27 (WHERE OLD PROFESSIONAL BUILDING WAS TORN DOWN).

Jay Mark Humphrey, Emery Water Conservancy District discussed the possible sale of the county owned property where the old professional building used to be located. This property was struck back to the county as a result of the 1996 May Tax Sale. The old professional building was demolished in 1997. Emery Water Conservancy District is looking to secure more ground to build a new office building in the future. The property of discussion is adjacent to their present location and would be an ideal place put an office building. EWCD requested to purchase the property or have the property transferred from one taxing entity to another. Deputy Attorney Allan Thorpe addressed the County Disposition Ordinance. Once the county decides to sell the property they will be bound by that ordinance and it will have to go out to bid. The Commissioners discussed possibly recouping the money already invested in the property such as the asbestos removal, demolition and tax loss. They discussed the importance of doing what is in the best interest of the tax payer. Mr. Humphrey reminded the Commissioners that if EWCD has to purchase the property the cost will be passed on to the tax payer since EWCD is also a taxing entity.

(11)

MATT NELSON AND RYDALE LOFLEY- REQUEST FOR DONATION.

The Board of Commissioners received two letters of request for sponsors. One letter was from Matt Nelson who requested donation for trip to Hoops Classic in Australia. Another letter was from Rydale Lofley who requested donation to Research and Design Convention in Pittsburgh, Pennsylvania. Commissioner Kent Petersen made a motion to contribute \$50.00 each to Matt Nelson and Rydale Lofley. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

DISCUSSION OF CREATING A JOE'S VALLEY CULINARY WATER COMPANY  
SPECIAL SERVICES DISTRICT.

Gary Kofford, President, Joe's Valley Culinary Water Company opened discussion on creating a Special Service District to provide culinary water to property owners in Joe's Valley Reeder Creek sub-division. The company is looking for ways to finance water projects and is before the commission at this time to request assistance in researching the creation of a special service district. If a district was formed they could then tax the property owners to provide the funds needed to install a culinary water system for the sub-division. He discussed some of the water problems they have had in the past and asked for some suggestions. Deputy Attorney Allen Thorpe explained the two types of special service districts, independent and dependent. Commissioner Bevan Wilson suggested the group make a decision as to the type of district they would like to create. The Attorney's office will assist them in providing the necessary steps for creating a district. The company indicated they would like to be as independent as possible.

7

Commission Meeting  
June 17, 1998

Commissioner Johnson commented that for now he was comfortable with pursuing the groups request to the point of assisting them in researching the creation of a district.

(13)

CONSIDERATION AND APPROVAL OF CONTRACT AGREEMENT FOR CDBG FUNDS FOR HABITAT FOR HUMANITY PROJECT.

Commissioner Kent Petersen made a motion to approve the contract agreement for CDBG funds for Habitat for Humanity Project. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(14)

CITIZEN CONCERNS.

Julie Johansen came before the commission for consideration of a recommendation to create a right to agriculture ordinance. She presented a copy of an ordinance from Kamas City. She suggested that as the county talks about economic development that they also talk about preserving the agricultural community, livestock and water rights.

Bonnie Swenson, Emery County Community Foundation outlined their purpose and mission statement. They will be expanding the food vendors during the Emery County Fair. As they will need to purchase event insurance, they are requesting the county help with the cost. Commissioner Johnson suggested they approach the pageant committee first to see if possibly they could split the cost of the insurance since the food concession will be during the pageant. The Commission will discuss this again at July 1, 1998 Commission Meeting.

(15)

DISCUSSION AND APPROVAL OF LEASE AGREEMENT BETWEEN EMERY COUNTY AND STATE OF UTAH, DIV. OF FACILITIES CONSTRUCTION MANAGEMENT.

The Commissioners discussed the lease agreement between Emery County and the State of Utah for the Adult Probation office space in the courthouse. This is two year contract at the same rate as the court space. Commissioner Kent Petersen made a motion to approve the lease agreement between Emery County and State of Utah, Division of Facilities Construction Management. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(16)

CONSIDERATION AND APPROVAL OF EMERY COUNTY 1998 PROPOSED TAX RATES.

Senior Deputy Clerk/Auditor, Brenda Dugmore reviewed the proposed tax rates for 1998. The

8

Commission Meeting  
June 17, 1998

proposed rate for the general fund is .0003237, library .000375, flood .000188 for a total of .0003800. Commissioner Bevan Wilson made a motion to approve the proposed 1998 tax rates. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(17)

CONSIDERATION AND APPROVAL OF CASTLE VALLEY SPECIAL SERVICE DISTRICT 1998 PROPOSED TAX RATES.

Senior Deputy Clerk/Auditor, Brenda Dugmore reviewed the 1998 proposed tax rate for Castle Valley Special Service District. The proposed rate for the general fund is .000800 ( voter imposed ) resulting in \$45,000.00 drop in revenue. The debt service rate is .0001116 which is half of the prior years. Commissioner Kent Petersen made a motion to approve the 1998 proposed tax rate for Castle Valley Special Service District. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(18)

ROAD DEPARTMENT/LANDFILL ITEMS.

Road Supervisor, Rex Funk reported on the Des Bee Dove Crossover decision by BLM and Forest Service.

Romanian engineers have been in the area reviewing the enzyme application to county roads. The Russians will be here next to do the same.

(19)

CONSIDERATION AND APPROVAL OF ADDENDUM TO THE COOPERATIVE WILDLAND FIRE PROTECTION AGREEMENT BETWEEN EMERY COUNTY AND THE UTAH DIVISION OF FORESTRY, FIRE AND STATE LANDS, ALSO KNOWN AS THE WILDLAND FIRE SUPPRESSION FUND AGREEMENT.

It was necessary to ratify the agreement for the Wildland Fire Suppression Fund. Commissioner Bevan Wilson made a motion to ratify the agreement for the Wildland Fire Suppression Fund. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(20)

PLANNING AND ZONING BOARD REQUEST SETTING OF PUBLIC HEARING FOR ORDINANCE CHANGE.

The board has had several requests to upgrade non-conforming building lots in unincorporated areas of Emery County. Therefore, the board recommends amending the zoning ordinance to

re-define the concept of non-conforming use. This allows people to upgrade and improve their homes on non-conforming lots. Deputy Attorney Allen Thorpe has reviewed the proposed amendments and didn't see any negative effects on our present zoning ordinance. Mr. Thorpe presented Resolution 6-17-98 creating a Public Hearing to be held on July 15, 1998 at 6:00 P.M. to receive public input on amending the zoning ordinance. Commissioner Kent Petersen made a motion to approve Resolution 6-17-98 setting a Public Hearing for July 15, 1998 at 6:00 P.M. to receive public comment on amending the zoning ordinance. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(21)

APPROVAL OF COMMISSION MEETING MINUTES

Commissioner Kent Petersen made a motion to approve the minutes dated June 3, 1998 and June 16, 1998 with corrections. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(22)

COMMISSION REPORTS

***KENT PETERSEN***

Commissioner Petersen reported that the final test on the Nursing Home should be completed soon, after which they will begin occupying the completed section.

***BEVAN WILSON***

Commissioner Wilson recognized the receipt of a letter of resignation from Anne Curtis as secretary for Economic Development. She and her husband Wes Curtis are moving to Cedar City where he will be working. Commissioner Wilson expressed the appreciation of the Emery County Commission for her years of service to the county.

***RANDY JOHNSON***

Commissioner Johnson inquired as to the county's intern program. He questioned whether there was a need for an internship this summer and if there were any projects or even funds for the program.

HELD IN THE EMERY COUNTY COURTHOUSE**

**June 17, 1998**

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson, Commissioner Kent Petersen, Sheriff LaMar Guymon, Deputy Attorney Allen Thorpe and Deputy Clerk/Auditor Carol Cox.

(1)  
APPROVAL CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List #111419 through and including #111604 for payment.

One Requisition (#46-98) was presented from the Library for seven computers at a cost of \$11,844.00. No dispositions were presented at this time.

Commissioner Bevan Wilson made a motion to approve the Warrant Check Edit List and requisition for payment. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)  
PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director, presented the following personnel actions for approval: In keeping with the January 1, 1998, change in personnel policy, the following employees are eligible for orientation increases:

MINUTES OF THE MEETING  
OF THE BOARD OF EMERY COUNTY CANVASSERS  
HELD IN THE EMERY COUNTY COURTHOUSE

June 29, 1998

Those present were as follows: Commissioners Randy Johnson, Kent Petersen, Bevan Wilson; Sr. Deputy Clerk/Auditor Brenda Dugmore.

Commission Chairman Randy Johnson convened the Board of Canvassers at 10:00 a.m. for the purpose of canvassing the Emery County Primary Election held June 23, 1998, as prescribed under the Utah Code with proper notice having been posted. The results of the Primary Election following the canvass, including all corrections and absentee ballots are as per the attached sheets.

Whereupon, the motion was made by Commissioner Kent Petersen and seconded by Commissioner Bevan Wilson to accept the results of the official canvass of the Primary Election as determined. Motion was approved by all members present.

Motion was made by Commissioner Kent Petersen and seconded by Commissioner Bevan Wilson to adjourn the meeting. Motion was approved by all members present.

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**July 1, 1998**

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson, Commissioner Kent Petersen, Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 9:00 A.M.

(1)

MECCA REPRESENTATIVES REQUESTING DONATION FOR 100K BIKE RIDE

Sheriff LaMar Guymon representing Mostly Emery County Cycling Association presented a request for a donation to their annual 100 K (65 miles) bike ride associated with the Emery County Fair. Because the Board of Commissioners preferred the donation come from the fair budget, Commissioner Johnson will discuss this with Fair Director, Kathy Justice.

(2)

DISCUSSION AND APPROVAL OF EVENT INSURANCE FOR EMERY COUNTY COMMUNITY FOUNDATION.

In the previous Commission Meeting the Emery County Community Foundation had requested assistance in purchasing event insurance. Because the pageant runs eight days and fair only three the Community Foundation has offered to fill in and serve dinner in the park the second week of the pageant. There was discussion on who's responsibility it is to assist the group. Commissioner Johnson had previously asked the Community Foundation to check with the pageant committee to see if they would split the cost of the insurance. The pageant committee indicated they would split the cost with the county. Because Community Foundation is a service organization and not related to the fair, the county was approached for assistance. Commissioner Johnson indicated the Commission needed facts and figures (cost of insurance) and to meet with the pageant committee before making a decision.

(3)

CITIZENS CONCERNS

There were no citizens concerns at this time.

(4)

DISCUSSION AND APPROVAL OF INDIGENT DEFENSE FUND.

County Attorney, David Blackwell explained that the Indigent Defense Fund was created by the legislature in a effort to assist counties in dealing with the excessive expenses for indigent criminal, legal defense in capital cases and also in some felony cases. These two funds the Indigent Capital Defense Fund and the Indigent Felony Defense Fund requires at least fifteen counties to activate. A board of directors will be established made up of mostly county officials who will administer these funds. Counties wishing to participate must do so no later than August 1, 1998. To participate, a county must adopt a resolution of participation for each fund. County Attorney David Blackwell expressed his feeling that participating in these funds will save money in the long run. The cost to participate will be approximately \$10,000.00 if only rural counties participate, \$12, 000.00 if counties from the Wasatch front participate. Mr. Blackwell recommended adopting Resolution 7-1-98 A and 7-1-98B to participate in the two funds. Commissioner Kent Petersen made a motion to adopt Resolution 7-1-98A (Indigent Capital Defense Fund) and 7-1-98B (Indigent Felony Defense Fund). The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(5)

ROAD DEPARTMENT/LANDFILL ITEMS.

Road Supervisor, Rex Funk reviewed Road Department and Landfill activities. The Road Department has been involved in an effort to obtain the required permit and development of a gravel pit from the U.S. Forest Service. Rex Funk provided an abstract of bids for the development of the Reederview material souce. There were two bids from Hales Sand & Gravel for \$11.86 per yard for 25,000 cubic yard and Nielson Construction for \$13.44 per yard for the same. The Forest Service felt the bids were a little high. Rex Funk recommended having Commissioner Wilson meet with Johansen & Tuttle and discuss some other alternatives and come back with some recommendations later.

Commissioner Petersen mentioned receiving several complaints from citizens concerning weeds on the right-of-way near the Emery County Nursing Home. Rex Funk discussed the concerns of his department in spraying the weeds on the road-side. Care must be taken to avoid run-off going onto pastures. The Road Department is mounting an aggressive program to curtail the growth of weeds along the road-sides.

The thirty mile Hadden Draw Reconstruction Project (road chipping) under the direction of the Emery County Special Service District #1 and is 99% complete.

(6)

CONSIDERATION AND APPROVAL OF EARNEST MONEY AGREEMENT FOR INDUSTRIAL PARK LAND PURCHASE.

Economic Development Director, Rosann Fillmore discussed an offer from Rod and Lori Diamond to purchase a piece of land at the Industrial Park in Huntington. The acre lots sell for \$7,000.00 a lot. They will be putting in a restaurant and would like to break ground by August 1, 1998. The sale will still need to be approved by Huntington City. Contingent upon approval of Huntington City Commissioner Kent Petersen made a motion to accept the earnest money from Rod and Lori Diamond and to proceed with the sale. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(7)

CONSIDERATION AND APPROVAL OF AMENDMENT #1 TO THE FY98 CONTRACT BETWEEN EMERY COUNTY AND THE SOUTHEASTERN UTAH AREA AGENCY ON AGING.

Commissioner Bevan Wilson made motion to approve Amendment #1 to the Fiscal Year 1998 Contract between Emery County and the Southeastern Utah Area Agency on Aging revenue which updates the budget with income actually received. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(8)

RATIFICATION OF BRAND INSPECTION AGREEMENT.

This is an amendment to the existing contract which extends the period of the contract from July 1, 1998 to June 30, 1999. The total of the contract for this period is \$6,000.00 bringing the total funding for the contract to \$21,000.00. All other conditions and terms in the original contract remain the same. Commissioner Kent Petersen made a motion to ratify the signature on the Brand Inspection Agreement. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(9)

CONSIDERATION AND APPROVAL OF BAILIFF CONTRACT.

County Attorney, David Blackwell explained that the contract is in the same form as past years and recommends approval. Commissioner Bevan Wilson made a motion to approve the Bailiff Contract. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(10)

CONSIDERATION AND APPROVAL OF EMERY WATER CONSERVANCY DISTRICT LAND ACQUISITION.

The Board of Commissioners discussed a request from Emery Water Conservancy District

to purchase the land where the professional building used to be located. Commissioner Petersen desired to sell to the private individual that could be added to the tax roll. He was aware that the commercial interest is just not there. Commissioner Wilson's concern was in trying to recoup the cost put into the land such as the cost of asbestos removal, demolition, engineering, ground clearing and back taxes. He felt it would be best to work with whoever would apply the best use of the land. Commissioner Johnson was also concerned about recovering the actual cost put into the land. Commissioner Petersen expressed a concern that a large number of buildings in Castle Dale are occupied by government offices. There was discussion on transferring or selling the property to another taxing entity. Commissioner Wilson doesn't have a problem with transferring to another taxing entity, however, the dilemma is should we give a private individual a chance to purchase the property. After considerable discussion, Commissioner Bevan Wilson made a motion to advertise to sell the property at the actual cost invested. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(11)

DISCUSSION AND APPROVAL OF COMMISSION MEETING CHANGE.

Because of a conflict in schedules due to UAC Commissioner's Conference, Commissioner Kent Petersen made a motion to change the regularly scheduled September 16, 1998 meeting to September 23, 1998 at the regularly scheduled time of 4:00 P.M.. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

APPROVAL OF BUSINESS LICENSE.

Commissioner Bevan Wilson made a motion to approve the business license for Windows West DBA: Staci L. Moss. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

CONSIDERATION AND APPROVAL OF RSVP GRANT.

Commissioner Wilson explained that the RSVP grant is in the amount of \$11,400.00 to pay for volunteers for reading aid of underprivileged students in the Jr. Highs. Emery County RSVP is one of only two Retired Senior Citizens programs in the state to receive one of these grants. Commissioner Bevan Wilson made a motion to approve and sign the RSVP grant. The motion was seconded by Commissioner Kent Petersen and approved by all members present. This grant will be in the form of an increase of their base line funding.

(14)

DISCUSSION AND APPROVAL OF PROFESSIONAL SERVICES OF ROBERT K. WEIDNER.

Robert K. Weidner is the professional lobbyist under contract with Emery County to represent our county in Washington, D.C. The contracted amount is \$11, 000.00 for the

year. Because of all the extra work on the HR 3625 San Rafael National Heritage Conservation Plan Mr. Weidner is requesting an extra \$5,000.00 for his services. Commissioner Kent Petersen made a motion to approve the extra \$5,000.00 for Robert K. Weidner. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(15)

CONSIDERATION AND APPROVAL OF COURTHOUSE CARPET PROJECT AGREEMENT.

Commissioner Kent Petersen made a motion to approve the courthouse carpet project agreement with Carpet Max (Dennis Jones). The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(16)

RATIFICATION OF EMERY COUNTY'S APPLICATION FOR FUNDING FROM THE LOCAL GOVERNMENT COMPREHENSIVE PLANNING PROJECT.

In a previous meeting the Board of Commissioners had approved a request for support in applying for funding to pay for an intern to help in the planning process for Huntington and Orangeville. Commissioner Kent Petersen made a motion to ratify the application for funding from the Local Government Comprehensive Planning Project for Huntington and Orangeville. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(17)

APPROVAL AND RATIFICATION OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Senior Deputy Clerk/Auditor, Brenda Dugmore presented for consideration and approval the Warrant Check Edit List #111808 through and including #111971 for payment. There were no requisitions or dispositions. Commissioner Kent Petersen made a motion to approve the Warrant Check Edit List. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(18)

RATIFICATION OF HEALTH INSURANCE CONTRACT.

The health insurance contract was approved in a previous meeting. Commissioner Kent Petersen made a motion to ratify the signatures for the health insurance contract. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(19)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel actions for approval:

Weed and Mosquito

Weed and Mosquito requested approval to hire Clifford Kemple, temporary for up to 90 days as a Weed and Mosquito Control Technician at \$8.25 hr. effective June 29, 1998. Commissioner Kent Petersen made a motion to approve the temporary hire of Clifford Kemple as outlined. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Road Department

The Road Department requested approval to hire Randy Okerlund, temporary up to 90 days as Equipment Operator/Driver at \$10.06 hr. effective June 15, 1998. Commissioner Bevan Wilson made a motion to approve the temporary hire of Randy Okerlund as outlined. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Assessor's Office

The Assessor's Office requested approval to hire Shelly Gilpin, regular part time 20 to 39 hours, eligible for benefits, as a Title and Registration Technician for the Department of Motor Vehicles, grade 4 step A \$7.58 hr. effective July 6, 1998. Commissioner Bevan Wilson made a motion to approve the hire of Shelly Gilpin as Title and Registration Technician for the Department of Motor Vehicles as outlined. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(20)

APPROVAL OF COMMISSION MEETING MINUTES

Commissioner Kent Petersen made a motion to approve the minutes dated June 17, 1998 as corrected. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(21)

COMMISSION REPORTS

***BEVAN WILSON***

Commissioner Wilson commented on receiving the long awaited permit for the landfill. He commended Rex Funk for the expert way he has worked through the cumbersome five year process.

Commissioner Wilson received information from UDOT on the jurisdictional transfer of roads. Some legislative leadership was not comfortable with the request of the counties to set this to the side for now. Other legislative leaders are still checking with cities and counties to see if there are roads they can accept back. Sheriff Guymon and Commissioner Wilson were contacted by the cattle owners concerned with the speed and inconsideration of coal trucks in the canyons. Many cattlemen have an ongoing program of moving cattle up to the mountains in the spring and moving them back down in the fall. They are concerned for their safety as well as the safety of the cattle. Commissioner Wilson spoke with Lt. Steve Rapich, Utah Highway Patrol regarding the matter as the canyon road is a state highway. Commissioner Wilson also talked with Cox Trucking Safety Advisor on the matter and was told to have the Highway Patrol write tickets to the offenders.

***RANDY JOHNSON***

Commissioner Johnson reported on his trip to Washington, D.C. to testify on the State Lands trade-out. He also commented on Mike Mengie, Committee Staffer on the State Parks Committee. Mr. Mengie has an extensive knowledge of public lands issues and in his perspective Emery County's National Heritage Conservation Plan is the future of how to deal with public lands issues.

(22)

ADJOURNMENT

Commissioner Kent Petersen made a motion to adjourn the meeting. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Commissioner Kent Petersen made a motion to donate \$50.00 to Kendra Gunter for assistance in attending the National High School Rodeo Finals. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

MILES MORETTI, DWR, QUARTERLY UPDATE.

3

*Commission Meeting*  
*July 15, 1998*

Miles Moretti provided an informative report of DWR activity for the 2<sup>nd</sup> Quarter of 1998. They are working with the Bureau of Reclamation in getting together projects for a Price/San Rafael Salinity Study.

(5)

CHARLIE JANKIEWICZ, FOREST SERVICE, QUARTERLY UPDATE.

Charlie Jankiewicz was not able to attend the meeting.

(6)

RICHARD MANUS, BLM, QUARTERLY UPDATE.

Richard Manus is acting District Manager in Moab and was not able to attend the meeting. Tom Rasmussen provided an informative report of BLM activity for the 2<sup>nd</sup> quarter of 1998. He reported that they have issued permits for seven wells for River Gas. The preliminary drafts will be out soon for the Ferron Natural Gas EIS. The Gypsum EIS is just beginning. That process will take anywhere from eighteen to twenty months to complete. Tom Gnojek is working on the OHV plan for the San Rafael.

(7)

KAREN BEDONT, AMERICORPS, QUARTERLY UPDATE.

Karen Bedont was not able to attend the meeting.

(9)

PUBLIC HEARING—To receive public comment of amendments to the Emery County Zoning Ordinance.

4

*Commission Meeting  
July 15, 1998*

Commission Chairman Randy Johnson opened the public hearing to receive public comment on amending the Emery County Zoning Ordinance. Planning Chairman Mack Huntington addressed those in attendance and explained the purpose of the amendment. The current ordinance did not allow a property owner in the unincorporated areas who is not in compliance with current zoning ordinance to remove a mobile home and replace it with an updated home. The amendment being considered today will allow the same property owner to upgrade and improve their property. Mr. Huntington expressed that this is a necessary amendment which is short in language but broad in benefits to the county and its citizens. He recognized the presence of Neil Lindberg, Lindberg and Company, (consultants) Tyler Sinclair, Association of Local Governments (planner/adviser) and Allen Thorpe, Deputy Attorney for Emery County (legal council). Neil Lindberg commented that this ordinance accomplishes the immediate objective and gave his support for the amendment. Deputy Attorney Allen Thorpe reviewed the ordinance pointing out the wording changes, additions and deletions.

Commissioner Johnson asked for any comments.

Kirk Perkins, Ferron commented that this amendment will allow him to build a new home on his property where he was previously not able to obtain a building permit.

Commissioner Wilson commented that this is a productive approach to the problem.

Being no more comments Commissioner Kent Petersen made a motion to come out of the Public Hearing. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

APPROVAL OF AMENDMENTS TO THE EMERY COUNTY ZONING ORDINANCE.

Commissioner Bevan Wilson made a motion to approve Resolution 7-15-98B amending the Emery County Zoning Ordinance. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Deputy Attorney Allen Thorpe expressed the urgency of this amendment's effectiveness. These amendments are necessary for the immediate preservation of the peace, health or safety of the county and the inhabitants thereof and shall take effect immediately upon publication in the Emery County Progress, July 21, 1998.

(11)

APPOINTMENT TO THE ECONOMIC DEVELOPMENT COUNCIL.

Economic Development Director, Rosann Fillmore reported on new appointments to the Economic Development Council. John Garrett will replace Blain Evans for the remainder of his term ending December 31, 1998. Stan Colby will replace Makae Potter as the chairman of the Chamber of Commerce for the remainder of his term ending December 31, 1998.

Commissioner Kent Petersen made a motion to approve the appointments made by the Economic Development Council. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

DISCUSSION AND APPROVAL OF AGREEMENT WITH NORTH EMERY WATER USERS ASSOCIATION FOR MONTHLY WATER FEE AT THE LAWRENCE CEMETERY AND OTHER ITEMS.

The Board of Commissioners received a proposal from North Emery Water Users Association for consideration. NEWUA proposed a trade which consists of NEWUA giving a water connection to the county for the Lawrence Cemetery. In return the county agrees to install and turn over to NEWUA at completion a four inch water line from Lawrence to the cemetery with a tee at Wade Niensens and move Wade's existing meter to the location by his home. The county also agrees to have Johansen and Tuttle do a survey from South Cleveland to Lawrence for a possible future water line. The county also agrees to pay to NEWUA the monthly water fee of \$20.00 for this connection. After some discussion on this matter Commissioner Bevan Wilson made a motion to accept the terms set out by NEWUA for the Lawrence Cemetery water hook-up. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

VAL PAYNE, PUBLIC LANDS DIRECTOR, QUARTERLY UPDATE.

Val Payne, Public Lands Director provided an informative update of 2<sup>nd</sup> quarter activity for 1998. HR3625 is scheduled for mark up at the Natural Resources Committee. He expects it to pass favorably and be placed on the floor of the House. The bill has been modified, refined and improved, yet the criticism for the bill has remained the same. There will be a team of representatives from the county traveling to Washington D.C. next week to testify on the National Heritage Conservation Area Plan. He has been involved in the Resource Management Plan for the Goblin Valley State Park. Public Lands has received a preliminary plan of operation and environmental document regarding the U.S. Gypsum Resource Proposal (San Rafael Quarry). He has attended a Utah Wilderness Coalition open house regarding the citizens reinventory proposal. UWC proposes designating 1.38 million acres of land in Emery County as wilderness. This amounts to 48.6 % of the total acreage of Emery County and 58% of the total federal land in the county. Val Payne feels that this extreme position on the part of the UWC can be used to educate the people in Congress. Maps showing BLM's proposal, HR1500 and the

latest citizen's reinventory proposal can be used to show the movement of that group toward wilderness debate.

(14)

CONSIDERATION AND APPROVAL OF RESOLUTION 7-15-98A TO AMEND THE 1998 BUDGET DEPARTMENT BY DEPARTMENT.

Senior Deputy Clerk/Auditor, Brenda Dugmore reviewed the departments to be adjusted. Commissioner Kent Petersen made a motion to approve Resolution 7-15-98A amending the 1998 budget to allow for adjustments from department to department. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(15)

APPOINTMENT OF MEMBERS TO DRINKING WATER OVERSIGHT COMMITTEE.

The Drinking Water Oversight Committee is a screening committee set up by the State to study and evaluate drinking water. The committee will work in conjunction with Carbon County and the Association of Local Governments. Those persons proposed to be on this committee are Darrell Leamaster, Bevan Wilson, Jay Mark Humphrey and Kent Petersen. Commissioner Kent Petersen made a motion to approve the appointment of Darrell Leamaster, Bevan Wilson, Jay Mark Humphrey and Kent Petersen to the Drinking Water Oversight Committee. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(16)

DISCUSSION OF EMERY COUNTY'S PLAN FOR HANDLING APPEALS BY CENTRALLY ASSESSED TAXPAYERS.

The major problem we are dealing with is centrally assessed property values are going down while local taxpayers values are going up. The Board of Commissioners feel that this is inappropriate and needs to be changed. They have met with Bill Peters and Jim Matheson to discuss some options. Of main discussion was PacifiCorp's appeal of centrally assessed property values depreciation state wide. The centrally assessed values have depreciated by 30% not including refunds. The next step is mediation.

(17)

ROAD DEPARTMENT/LANDFILL ITEMS.

There were no items of business at this time.

(18)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Kent Petersen made a motion to approve the minutes dated July 1, 1998 as corrected. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(19)

COMMISSION REPORTS

**KENT PETERSEN**

Commissioner Petersen met with Bill Lamb, State BLM Director. BLM has \$30,000.00 to help with doing a survey to identify potential heritage sites on federal, state and private land. Martin Wilson from State History will be overseeing the project. Instead of activating the advisory committee they have opted to set up a steering committee comprised of various people in attendance at that meeting to get things going. Commissioner Petersen attended a meeting held by the UAC Mutual Advisory Group. One point that was brought out was that we need to be sure to update the value of county facilities on our insurance. In addition to keeping up the value of the buildings we need to keep up the value of the furnishings inside.

**RANDY JOHNSON**

Commissioner Johnson met with Congressman Cook's full staff to discuss his statement about not supporting Emery County's bill. Commissioner Johnson expects that in the near future Congressman Cook will be supporting that bill. He now recognizes the merit of the bill.

**BEVAN WILSON**

Commissioner Wilson reported on the proposed jurisdictional transfer of roads back to cities and counties. After receiving a letter from the Legislative Interim Committee it was felt this issue would be put to the side for a while. We have now received a letter from the Joint Highway Subcommittee, UAC and League of Cities and Towns informing us of their plans to continue looking at this issue and fulfill the goals and objectives of the sub-committee. It appears that the leadership in the House and the Senate is not going to let this go to the side. The sub-committee has asked that the county get with the cities that would be involved and appoint a spokesperson for all the county. The spokesperson will attend a meeting in Provo with other affected counties.

8

*Commission Meeting*  
*July 15, 1998*

Commissioner Wilson will be meeting with Kleston Laws, UDOT to receive information he has researched on the cost of road maintenance.

(20)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

Commissioner Kent Petersen made a motion to move into executive session to discuss possible litigation and personnel matters. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(21)

ADJOURNMENT

Upon return to regular meeting Commissioner Kent Petersen made a motion to adjourn the meeting. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

August 5, 1998

Those present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson, Commissioner Kent Petersen, Attorney David Blackwell and Deputy Clerk/Auditor Carol Cox.

(1)

MECCA REPRESENTATIVES REQUESTING DONATION FOR 100K BIKE RIDE.

The Board of Commissioners determined this was not necessary as it was taken care of in the previous meeting.

(2)

RAY GRANGE, REPRESENTING BSA, DISCUSSION OF LITTLE BEAR CAMPGROUND.

Ray Grange, representing the Boy Scouts of America, entered in a discussion on revitalizing an old established Boy Scout campsite near Little Bear Campground. In regards to the Order of Arrow which is a camping fraternity that is part of the BSA program. The boys that are involved in the program are considered the 'Best of the Best'. It is customary when boys are inducted into the Order of Arrow that they go through an 'Ordeal'. Part of that 'Ordeal' is a major service project. Our area hasn't had an 'Ordeal' for many years. They have now been granted an 'Ordeal'. In researching possible projects Mr. Grange recalled a campsite established a few years back, since abandoned and forgotten. In researching the boundaries of the campsite it was determined that Emery County owns some of the property, however, a portion of the campsite is on BLM land. Howard Tuttle, Johansen & Tuttle has surveyed the site, reported his findings and recommendations. There are tables, flag poles and such on the BLM lands. The amphitheater is located on the BLM side. Mr. Grange would like to move the items that are currently on the BLM side to the county side and reestablish the campsite making the necessary improvements. The Board of Commissioners were concerned that caution be taken to avoid an encroachment onto BLM land. BLM must be notified prior to going onto the land and assurance that no improvements be made on the BLM side. There was discussion on possibly negotiating with BLM to acquire or lease the property. Commissioner Wilson will be coordinating with Mr. Grange and Howard Tuttle in working out the details with the BLM on this project. Howard Tuttle will contact BLM to arrange a meeting. Commissioner Kent Petersen made a motion to authorize BSA to use the

county property to reestablish a campsite on the property near Little Bear Campground as outlined. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

SHANNON HIATT, RECREATION SPECIAL SERVICE DISTRICT, CONSIDERATION  
FUNDING OF PROJECTS AT LITTLE BEAR CAMPGROUND AND HUNTINGTON  
SOFTBALL COMPLEX.

Shannon Hiatt reported on the remaining Recreation Special Service District improvement projects previously approved and committed for completion. The funding for these projects was missed in the budgeting process. Commissioner Kent Petersen made a motion to authorize the completion of the projects up to \$10,000.00 . The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

In other business Mr. Hiatt asked to have representation from the Emery County Sheriff's Department at the Fair Softball Tournament to help with crowd control as a large amount of people are expected.

(4)

CITIZENS CONCERNS

The Board of Commissioners addressed concerns regarding the resignation of Emery County Progress Editor Layne Miller. The concern was that the paper continue in Emery County and that it continues to be a good service to the communities. The new editor Doris Quinn asked the Commission for their support in her efforts to continue to serve the communities in her new capacity. She asked to be contacted and made aware of anything news worthy.

(5)

ROAD DEPARTMENT/LANDFILL ITEMS.

There were no Road Department or Landfill items for discussion.

Commission Meeting  
August 5, 1998

(6)

CONSIDERATION AND APPROVAL OF CONTRACT AGREEMENT BETWEEN THE SEUALG/AREA AGING/EMERY-GRAND COUNTY RSVP.

Carolyn Randall, RSVP Director explained that this would be the last time for this agreement as Grand County will separate from Emery County July of 1999. It was expected they would separate this year and provide funding to their own program. However Grand County failed to budget for the cost of the program in their 1998 budget. They will budget for it in 1999. This is the \$5,200.00 operating funds for the volunteer travel reimbursements which is split between Emery and Grand County. Commissioner Bevan Wilson made a motion to approve signing the contract agreement between SEUALG/Area Agency/Emery-Grand County RSVP. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

CONSIDERATION AND APPROVAL OF CONTRACT AGREEMENT BETWEEN CARBON/EMERY COUNTIES FOR ROAD MAINTENANCE ON THE MOHRLAND ROAD AND THE FARNUM ROAD.

Rex Funk, Road Supervisor presented the Road Maintenance Agreement with Carbon County. This is an existing agreement. Carbon County will provide required road maintenance and snow removal on Farnum Road. Emery County will provide required road maintenance and snow removal on Mohrland Road. Attorney David Blackwell and Rex Funk have reviewed the contract and recommend signing it. Commissioner Bevan Wilson made a motion to approve the road maintenance agreement with Carbon County. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(8)

TAHOMA COMPANY AND JEFF EMMONS, DEPT. ENVIRONMENTAL QUALITY, ACKNOWLEDGMENT OF LANDFILL PERMIT.

Rex Funk publicly acknowledged the efforts of Tahoma Companies, environmental engineer consultants and Jeff Emmons, Utah Department of Environmental Quality in securing the required permits to operate a Class I Landfill. The process is complete and Emery County now has one of the most efficiently ran Class I Landfills in the state. Commissioner Wilson commended Rex Funk for the team effort of Tahoma Companies, the UDEQ, Johansen & Tuttle Engineering and Rex Funk in working together to efficiently and economically bring this to a completion.

(9)

DISCUSS DEVELOPMENT OF EMERY COUNTY FOREST PRACTICES ORDINANCE.

Commissioner Kent Petersen discussed the poor logging practices on private land in Emery County. Concern was expressed for protecting the water shed. There is no regulation on logging on private land at this time. It was suggested working on a county focused ordinance to protect the water shed. Since Carbon County has a big problem with this also it was suggested meeting with them to discuss developing an ordinance to regulate logging on private land. Meeting with State Legislative representative Brad Johnson would be a good place to start.

(10)

DISCUSS OFFER BY SITLA ON LANDS SUITABLE FOR USE BY EMERY COUNTY.

Commissioner Kent Petersen discussed an offer from State Institutional Trust Lands Agency during a recent Canyon Country Partnership meeting. The offer was to allow the counties to acquire desirable trust land property. The Commission will look at the Heritage Plan to find some trust land that could be put to some good use.

(9)

APPROVAL AND RATIFICATION OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Deputy Clerk/Auditor, Terry Williams presented for consideration and approval the Warrant Check Edit List #112608 through and including #112799 for payment.

Requisitions were presented for the following:

<u>REQUISITION#</u>	<u>DESCRIPTION</u>	<u>COST</u>	<u>ACTION</u>
49-98	Software, Safe & Sound (100) Cap. Pjts.	\$ 1,500.00	Approved
50-98	1995 Kenworth Tractor Class B Roads	\$42,400.00	Approved

One disposition for a 1986 International Tractor from Class B Roads was presented. It will be traded on another tractor. This was budgeted for in Class B Road's budget for 1998.

In other Clerk/Auditor business, the budgeted \$250,000.00 for the Municipal Building Authority of Emery County needs to be transferred at this time.

5

Commission Meeting  
August 5, 1998

Commissioner Kent Petersen made a motion to approve the Warrant Check Edit List, requisitions and dispositions for payment as well as the transfer of \$250,000.00 from the General Fund for the MBAEC. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Sheriff's Office

David Harrison completed POST training and is qualified to perform the duties of a Patrol Deputy, duties which he is currently performing. Request was made to approve moving David from Corrections Office 12E \$12.03/hr to Patrol Deputy 15B \$12.79/hr., effective May 13, 1998 which is when he completed his training.

Commissioner Kent Petersen made a motion to approve the change for David Harrison as presented. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

In other business Pat Snowball discussed the possibility of the county acquiring a breathalyser in order to conduct drug test. In order to comply with Federal Department of Transportation legal requirements for drug and alcohol testing, pre-employment testing, reasonable suspicion, after accident and random testing must be performed. It requires 50% of those with CDL's to be tested for drug use and 25% to be tested for alcohol use. Emery County has 25 employees required to hold CDL's which means we would have to test approximately 18 employees each year. Because the clinic does not have a breathalyser and appear not to intend to purchase one this causes us to have to use the hospital facilities in Price at some point in the process. The uses of either facility causes problems in reliability and/or inconvenience. Pat Snowball suggested EC collect the specimens and conduct the breathalyser test and send the specimens to the lab. She discussed the convenience and cost savings to the county as well as the time spent by the employee sitting at the hospital or clinic waiting to be tested. After some discussion on this subject it was decided to table this matter to gather more details.

Pat Snowball also discussed the interest expressed in a defensive driving course. She discussed the cost involved and benefits to the county. Commission Chairman Randy Johnson suggested looking for a good instructor, the type of instruction available and report back to the Commission for further discussion.

(11)

APPROVAL OF COMMISSION MEETING MINUTES.

6

Commission Meeting  
August 5, 1998

Commissioner Kent Petersen made a motion to approved the minutes dated July 15, 1998 as corrected. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

OTHER BUSINESS.

The Board of Commissioners wished to clarify that Emery County has been in negotiations with PacifiCorp in terms of their appeal of centrally assessed property values. Commissioner Kent Petersen made a motion to authorize the Matteson Group to continue negotiations. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

COMMISSION REPORTS.

**BEVAN WILSON**

Commissioner Wilson attended the recent Emery Town Celebration where he met with some citizen concerns for inability to get advertizing on Channel 26 for smaller community activities. Many felt advertising for their city celebration was not offered to the citizens of the county. Commissioner Wilson met with Castle Broadcasting(Joel Dorsch) who has expressed a desire to discontinue the franchise contract with the county. Commissioner Wilson expressed a concern that we keep that franchise in the county.

He received a letter from Tom Rasmussen, BLM thanking Emery County Road Department for their efforts on the road work done to the Cleveland-Lloyd Dinosaur Quarry road.

**KENT PETERSEN**

Commissioner Petersen announced that Marty Ott is the new Department of Natural Resources Deputy Director. He toured River Gas Coal Bed Methane Process. River Gas is providing almost all of the gas for the Wasatch front.

**RANDY JOHNSON**

Commissioner Johnson reported that Congressman Eni Faleomavaega, American Samoa, ranking Democrat on the House Natural Resource Committee toured parts of the San Rafael to

7

Commission Meeting  
August 5, 1998

gather information. Accompanying him on the tour were Val Payne, Public Lands Council and Keith Nash of Congressman Cannon's staff. While here he attended the pageant and met with the Commissioners and members of the Public Lands Council members. His intent was to convince the group to change some things on the National Heritage Conservation Plan to soften it so the administration would accept it. He left here convinced to work on our behalf and soften the administration on the plan. Commissioner Johnson felt it was a productive, beneficial meeting.

(14)

ADJOURNMENT.

Commissioner Bevan Wilson made a motion to adjourn the meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION

Economic Development

Rosann Fillmore, Economic Development Director, has requested approval to recruit for a replacement in her office. The position would be a Grade 4 Step A \$7.58/hour, less than 20 hours a week without benefits.

Commissioner Bevan Wilson made a motion to begin the recruitment process for a part-time less than 20 hours a week employee for Economic Development. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Public Lands

Jordan Hansen has been appointed as a temporary employee, up to 90 day capacity at the rate of \$7.58/hour effective August 17, 1998.

Commissioner Kent Petersen made a motion to approve the hiring of Jordan Hansen as a temporary employee. Commissioner Bevan Wilson seconded the motion and it was approved by all members present.

RSVP

Carolyn Randall, RSVP Director, has requested approval to hire Katheryn Thompson as an RSVP Coordinator. Katheryn will replace Meridith Slavensky. This is a part time position, less than 20 hours per week, no benefits, at Grade 4 Step A \$7.58/hr, effective August 20, 1998. This is a limited time position and has been offered to Katheryn on that basis. Effective June 30, 1999, the need for this position will end. Grand County will separate from the Emery County RSVP program to operate independently and Emery County will no longer be responsible for an employee performing duties in Grand County.

Commissioner Bevan Wilson made a motion to approve the hiring of Katheryn Thompson with

3

Commission Meeting  
August 19, 1998

the above stipulations. Commissioner Kent Petersen seconded the motion and it was approved by all members present.

#### Channel 26

A temporary employee is needed to operate Channel 26. Commissioner Bevan Wilson made a motion to hire Susan Dorsch to operate Channel 26. This is a temporary, up to 90 days less than 20 hours per week position at a rate of \$8.25/hour. The motion was seconded by Commissioner Kent Petersen and approved by all members present. This item will be charged to the television department.

(3)

#### CITIZEN CONCERNS

##### Emery Telephone

Mike McCandless, Emery Telephone was present at the meeting to give the Commission an update of projects that Emery Telephone is working on in Emery County. The installation of their new switch should be complete by October 4, 1998. This will enable Emery Telephone to offer such services as caller ID, last number redial, voice mail and many other services. Representatives will also be present at a Utah League of Cities and Towns internet seminar to answer any questions the public may have. Emery Telephone is continuing with their Emery County Education Initiative. They have allocated \$30,000.00 for educational purposes this year.

(4)

#### RENEE SPRAGUE, CONSIDERATION OF USING INFORMATION COMPILED FOR EMERY COUNTY WEB SITE

Renee Sprague completed an assignment through CEU to create a web page for Emery County. She has contacted the Commission concerning payment for using some of the information contained on the web page. Commissioner Bevan Wilson expressed concern that contributing money would result in more problems in the future. The Commission agreed that since Emery County already has a web page they would not make a financial contribution to this project.

(5)

#### DISCUSSION OF EAST RIM ELECTRONICS SITE. CONSIDERATION AND APPROVAL OF NEW GENERATOR BUILDING

A need exists to build a cinder block building to house the generator on the mountain. Lance Farmer, Maintenance Department, would come up with a cost estimate on the building. The building would be 12x16 feet.

4

Commission Meeting  
August 19, 1998

Commissioner Kent Petersen made a motion to approve the project of building a new generator building and authorized Commissioner Bevan Wilson to get with Lance Farmer and move forward with the project. The motion was seconded by Commissioner Bevan Wilson.

This item is to be charged to the television department.

(6)

UPDATE ON COURTHOUSE CARPET PROJECT AND DISCUSSION OF DISPOSITION OF OLD CARPET

Commissioner Randy Johnson gave the update on the new carpet. When the new carpet arrived every roll had a flaw in it. In order to get exactly the same carpet it would take six weeks. It was decided to order the second choice color which should only take seven days. The flawed carpet will be shipped back.

The old carpet needs to be disposed of. Several County facilities have expressed interest in being able to utilize the old carpet. It was decided that Leslie Bolinder, Commission Administrative Assistant, should coordinate the requests for the old carpet and the Commission will then evaluate and prioritize the requests.

(7)

CONSIDERATION AND APPROVAL OF LAND SWAP WITH CASTLE DALE CITY

County Attorney David Blackwell stated that a survey didn't need to be done. The lot will be split evenly. The only reason a survey would need to be done would be to create a new line which will be done by dividing the property in half.

Commissioner Kent Petersen made a motion to approve the trading of county property located by the Castle Dale water plant to Castle Dale City for the west half, northeast quarter of Block 19 (next to the museum) for the building of the Castle Dale Senior Citizens Center. The property will then be donated to the Municipal Building Authority of Emery County for the purpose of building a senior center. County Attorney David Blackwell is authorized to proceed with the necessary paper work for the transfers. The motion was seconded by Commissioner Bevan Wilson and seconded by all members present.

5

Commission Meeting  
August 19, 1998

(8)

CONSIDERATION AND APPROVAL OF FY99 CONTRACT BETWEEN EMERY COUNTY  
AND THE ASSOCIATION OF LOCAL GOVERNMENTS AREA AGENCY ON AGING  
(ALGAAA)

County Attorney David Blackwell stated that he had reviewed the contract and it appears to be in line with the contracts that we sign yearly. The numbers are in line with the County budgeted amounts.

Commissioner Bevan Wilson made a motion to approve the contract with ALGAAA. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(9)

DISCUSSION AND APPROVAL TO REAPPLY FOR GRANT APPLICATION/GIS  
INTERNS

Commissioner Kent Petersen informed the Commission that grant money was established this year in the state legislature for GIS programs. The legislature has authorized up to \$25,000 per county. This request is to allow Emery County to apply for their share.

Commissioner Kent Petersen made a motion to approve the application for grant money. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(10)

ROAD DEPARTMENT/LANDFILL ITEMS

Road Department Supervisor Rex Funk informed the Commission that the land swap with Nielsen Construction is moving forward. They should begin working on an access road next week. The road department is busy striping lanes and trimming trees.

Commissioner Kent Petersen had received a request to fix some holes in the deck of the San Rafael Swinging Bridge. Rex Funk thought there were some planks from other bridges that they could use to fix the bridge.

Commissioner Bevan Wilson brought up some concerns from the property owners at the Joe's Valley Area. There have been requests for more snow removal and grading of the roads at other times during the year. Commissioner Kent Petersen stated the County needs to look at possibilities where they could help with services at Joe's Valley.

6

Commission Meeting  
August 19, 1998

(11)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Kent Petersen made a motion to approved the minutes dated August 5, 1998 as corrected. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

COMMISSION REPORTS

**BEVAN WILSON**

Commissioner Bevan Wilson informed the Commission that he and Craig Johansen, Johansen & Tuttle Engineering, had attended a meeting of the jurisdictional transfer of roads to the counties. The Emery County Council of Governments reviewed the proposal of road transfers. Very few people in attendance at the meeting were in favor of accepting any of the roads. Emery County would consider accepting three roads if they were brought up to standard and sufficient funding was available. Those three roads are Horse Canyon, Goblin Valley State Park and Millsite State Park. The total of these roads amounts to around two miles. The Legislative Interim Committee is meeting today with concerns about the State just transferring the roads over to the counties without addressing our concerns.

**KENT PETERSEN**

Commissioner Kent Petersen reported that the Canyon Country Partnership has revised its bylaws. Commissioner Petersen made a motion authorizing him to sign the new bylaws for Canyon Country Partnership. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

**RANDY JOHNSON**

Commissioner Randy Johnson did not have anything to report to the Commission at this time.

(13)

7

Commission Meeting  
August 19, 1998

EXECUTIVE SESSION

Commissioner Kent Petersen made a motion to move into executive session. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Present at executive session were Attorney David Blackwell, Commissioner Randy Johnson, Commissioner Kent Petersen, Commissioner Bevan Wilson and Sr. Deputy Clerk/Auditor Brenda Dugmore.

(14)

ADJOURNMENT.

Upon returning to regular meeting, Commissioner Kent Petersen made a motion to approve Attorney David Blackwell to file an appeal in the Green River annexation lawsuit, with or without Green River City.

Commissioner Bevan Wilson made a motion to adjourn the meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

ATTEST: \_\_\_\_\_ CHAIRMAN: \_\_\_\_\_

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

September 2, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson, Commissioner Kent Petersen, Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 9:00 A.M.

(1)  
PRESENTATION OF CHECK TO EMERY COUNTY SHERIFF BY REPRESENTATIVES OF THE U.S. ATTORNEY'S OFFICE AND THE DEA.

Melodie Rydalch representing the U.S. Attorney's Office presented to Kyle Ekker, Emery County Sheriff's Office a check in the amount of \$17,280.77 representing the county's share of assets forfeited to the federal government following a traffic stop made by Emery County Deputy Sheriff Richard Graham of March 1997.

(2)  
VALERIE JAMES, DISCUSSION OF COUNTY SUPPORT FOR KEEPING THE CASTLE DALE SWIMMING POOL OPEN YEAR-ROUND.

Castle Dale Swimming Aquasize Instructor, Valerie James entered into a discussion with the Board of Commissioners regarding keeping the pool open year-round. Mrs. James presented a proposal for raising the estimated \$3,500.00 a month needed to maintain the pool. She cited the health benefits to the citizens of Emery County as the main reason for keeping the pool open. She thanked the Emery County Recreation District for the funds that have already been donated this year to the swimming pool. She cited the increase in pool usage, the health benefits and possible future use of the pool as further reasons for keeping the pool open. On behalf of Swimming Pool Manager LaMont Gordon, Mrs. James thanked the Board of Commissioners and invited everyone to visit the pool and try an aquasize class. The Board of Commissioners thanked Mrs. James for her presentation and willingness to serve the community in this capacity.

(3)

REPRESENTATIVES OF HUNTINGTON/CLEVELAND IRRIGATION COMPANY,  
DISCUSSION OF DISBURSEMENT OF FLOOD TAX REVENUE.

Huntington/Cleveland Irrigation Company representatives, Kay Jensen, Lee McElprang and Dennis Ward were present to discuss the disbursement of flood tax revenue. Kay Jensen addressed the Board of Commissioners regarding the Huntington River run-off which flows through private land. He stated that the land may be private but the river is not. He spoke of the need for preventative measures to protect the water shed. Flood tax revenues are collected for this purpose and requested some preventative work be done to fix the problem areas before the problems start. Commission Chairman Randy Johnson commented that the common good of the county is always the top priority for using taxpayers money. Mr. Jensen also expressed concern for drainages which supply water for municipalities. He and his company were concerned that cabins being built on mountain properties were not following guidelines for sewage containment on water sheds. Commissioner Wilson reported on the Forestry Practice Act which was created two years ago (but was defeated in the legislature) to address the building permits and timber harvesting which affect the water shed. With the increased number of timber sales and cabins being built in the three counties affected by the water shed Emery, Carbon and Sanpete it is time once again to get this issue back on the agenda for passage. There is a need to educate the public on these problems. Commissioner Wilson also reviewed the ongoing process for revisions of the existing zoning ordinance.

(4)

FERRON PTA, REQUEST FOR COUNTY DONATION TO FERRON ELEMENTARY  
PLAYGROUND EQUIPMENT.

Ferron Elementary Principal, Kathy Petersen, PTA President Shannon Jewkes and PTA Spokesperson Gayleen Conder were present to request a donation to help in the effort to raise funds to purchase playground equipment for Ferron Elementary. Because of new product safety guidelines the schools have three years to comply and replace the existing playground equipment with new safety approved equipment. They will be having fund raisers to raise the expected \$40,000.00 needed to purchase and install the equipment. It was not clear at the time of this meeting what the Emery County School Board has in mind for meeting with this compliance. It was the consensus of the Board of Commissioners to wait and see what the EC School Board is going to do before making any commitment. Commissioner Johnson complimented Ferron Elementary for their forward thinking approach to matters and pledged the commissioner's support in every way possible. It was the Board of Commissioner's hope that the EC School Board will address this issue.

(5)

CITIZEN CONCERNS

Lee McElprang expressed concerns for road closures in Emery County. He reported finding a road closed by DWR, Forest Service and the Dedicated Sportsman Club on Gentry Ridge that had been there since the turn of the century. He also reported on other roads closed by the Forest Service. The Board of Commissioners assured him that this issue will be addressed in meetings with Public Lands Council.

Kay Jensen expressed concern that the Forest Service Office in Emery County has been closed and all operations are being run from the Carbon County Office. His concern was the fact that the majority of the Manti LaSal Forest is in Emery County.

Dennis Ward expressed concern in the sewer lagoon facility.

Dennis Ward also expressed his opinion on locking up land and making areas unavailable to the handicapped and elderly. There is a federal law against discrimination and locking up land and making it unavailable to certain groups of people is discrimination.

The Board of Commissioners received a request from Green River Miss Melon Days Pageant requesting a donation. It was the consensus of the Board of Commissioners that Emery County had already donated \$250.00 to the city for their city celebration. Commissioner Kent Petersen made a motion to deny the request for a donation on the basis that funds had already been donated for that purpose. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(6)

CONSIDERATION AND APPROVAL OF CONTRACT AGREEMENT, #84-0144,  
BETWEEN THE OFFICE OF THE COURT ADMINISTRATOR AND EMERY COUNTY  
FOR FY 1998-99.

Clerk/Auditor, Bruce Funk reported that this is the space reimbursement contract. It has been reviewed and Bruce Funk recommends signing the agreement. Commissioner Bevan Wilson made a motion to approve the contract agreement between the Office of the Court Administrator and Emery County for FY 1998-99. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

CONSIDERATION AND APPROVAL OF RESOLUTIONS OF INTENT TO EXPAND

SERVICES OF THE EMERY COUNTY RECREATION SPECIAL SERVICE DISTRICT  
AND THE SPECIAL SERVICE DISTRICT#1. SETTING OF PUBLIC HEARING TO  
RECEIVE PUBLIC COMMENT.

Chairman Randy Johnson explained that Emery County worked to get a mineral lease bill passed that will get a larger amount (40% up from 25%) of mineral lease money to come back the county. The county is able to set the percentages for distribution however the funds cannot come to the county they must go to the special service districts. There are currently eleven legalized uses of mineral lease money. The Board of Commissioners propose readdressing the distribution of those funds in order to release considerable pressure from the General Fund in lieu of raising taxes. The purpose of the public hearing would be to raise those percentages and broaden the authority of the districts. Commissioner Kent Petersen made a motion to set a Public Hearing for September 23, 1998 at 5:30 P.M. to consider Resolutions 9-2-98A and 9-2-98B related to increasing the distribution of funds and broaden the authority of the Emery County Recreation Special Service District and the Special Service District #1. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. The redistribution of those funds creates a stronger case for keeping the programs in force.

(8)

ROAD DEPARTMENT/LANDFILL ITEMS

Road Supervisor, Rex Funk was out of town on family business. Commissioner Bevan Wilson reported on his behalf. The Forest Service has made a proposal to Emery County to have the jurisdiction of road right-of-way for Reeder/Swasey Subdivisions turned over to the county. It would simplify the maintenance of the Reeder Creek Bridge and the roads leading into the subdivisions if the county had permanent right-of-way for those roads. Road Department General Foreman, Ray Petersen reported that due to the recent rains causing heavy run-off the bridge is in urgent need of repair possibly within the year. Commissioner Bevan Wilson made a motion to initiate the process to negotiate and consummate the jurisdictional exchange of road right-of way for the Reeder/Swasey Subdivision. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

In other Road business, the Forest Service has acquired the necessary permit for the gravel pit in Reeder Canyon. They will have the bid opening for that work in Salt Lake City on September 3, 1998. The Forest Service is requesting quotes for crushing the gravel from that pit.

Brent Farrer, Landfill operator passed away in his sleep on September 1, 1998. The Board Of Commissioners wished to send their condolences to the family. He was a good worker and will be sorely missed. In Rex Funk's behalf, Commissioner Wilson asked to begin the recruitment process to replace Brent Farrer. Commissioner Bevan Wilson made a motion to begin the recruitment process for Landfill operator. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

5  
Commission Meeting  
September 2, 1998

(9)  
DISCUSSION OF COUNTY-WIDE CURFEW ORDINANCE.

County Attorney, David Blackwell had been approached by Neighborhood Watch Coordinator, Judy Lang requesting setting a county-wide curfew that would coordinate with the city curfews. Sheriff LaMar Guymon reported that from his departments perspective a county-wide curfew would be more uniform. At this time each town has their own curfew while the county does not have a curfew. The Board of Commissioners would be willing to look at this again after the cities have met in their Council of Governments meeting this month and set a unified city curfew.

(10)  
DISCUSSION OF COUNTY HOLIDAY SCHEDULE

The Board of Commissioners have received requests from several employees and elected officials to exchange Columbus Day for the day after Thanksgiving. Other government offices throughout the state have gone to having the day after Thanksgiving as a holiday. After discussion on this matter Commissioner Kent Petersen made a motion to make the trade this year and to reevaluate when we set the 1999 Holiday Schedule. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)  
APPROVAL AND RATIFICATION OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the warrant check edit list # 113440-113474 and 113597 through and including #113719 for payment.

Requisitions were presented for the following:

<u>REQUISITION #</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

Commissioner Kent Petersen made a motion to approve the Check Edit List for payment, requisitions and dispositions as presented. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(12)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel action:

Recorder

Sharon Boyle has reached another plateau in her progression to grade 8, the working level for her position. This action will take her from 5A \$7.91/hr to 6A \$8.23/hr., effective September 15, 1998. Dixie Swasey, Recorder approves of this increase. Commissioner Kent Petersen made a motion to approve progression process for Sharon Boyle. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

RSVP

Shanna Davis has reached the final plateau in her progression to grade 6, the working level for

7

Commission Meeting  
September 2, 1998

her position. This action will take her from 5A \$7.91/hr to 6A \$8.23/hr., effective September 8, 1998. Carolyn Randall, RSVP Director approves of this increase. Commissioner Bevan Wilson made a motion to approve progression process for Shanna Davis. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

#### Drug and Alcohol Testing

The Board of Commissioners had asked earlier for Pat Snowball to do some cost comparison and report back with a recommendation. Pat Snowball requested changing drug and alcohol consulting agencies from DFW Enterprises to ABI Consulting. ABI provides the same type of services as DFW but will do on-sight testing. Their cost is \$60.00 for each drug screen and \$25.00 for each alcohol screen. The cost is somewhat higher than the current \$52.50 per test, but the on-sight testing saves time off work for those tested which will outweigh the increased cost per test. Commissioner Bevan Wilson made a motion to move from DFW Enterprises to ABI Consulting as soon as the contract can be reviewed. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

#### Extension Office

Lynda Nelson has requested leave of absence without pay as provided in Section 9.4g Leaves of Absence in the Emery County Personnel Policy and Procedure. The purpose of her request is to attend a semester on campus at Utah State University which is a requirement of the university. This will enable her to obtain her Bachelor's Degree. She will return to work at the end of the semester in December 1998. Dennis Worwood, Extension Department Head approves of this action and is willing to help Lynda achieve her goal by making arrangements for the job to be covered in Lynda's absence. Commissioner Bevan Wilson made a motion to approve the leave of absence for Lynda Nelson. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

#### APPROVAL OF COMMISSION MEETING MINUTES

Commissioner Bevan Wilson made a motion to approve the minutes dated August 19, 1998 as corrected. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(14)

#### COMMISSION REPORTS

**Commissioner Wilson**

8

Commission Meeting  
September 2, 1998

Commissioner Wilson along with LaMar Guymon, Bret Mills, Lance Farmer, Ray Petersen and LeLand Matheson reviewed the special use permit with the Forest Service regarding constructing a building to house the back-up power generator for the East Rim TV (Horn Mountain) Communication site. Formal application for that permit has been completed. Everything will be approved as submitted.

Commissioner Wilson had received requests from Weed/Mosquito and Communications to use the vacated Road Shop buildings. Weed/Mosquito requested to use the old tire shop and Communications requested to use the lube bay and parts area. Commissioner Bevan Wilson made a motion to grant the request from Weed/Mosquito and Communications to immediately occupy the vacated Road Shop buildings as described. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Commissioner Wilson reported that the National Association of Counties is sponsoring a satellite broadcast from Washington, D.C. on the new Federal Transportation Law TEA-21 (formerly known as ISTEA) and its implications for all counties. The broadcast will be September 23, 1998 from 1 to 3 P.M. EST.

### **Commissioner Petersen**

Commissioner Petersen reported that residents are now in the new wing of the Nursing Home. Work has begun on the Sr. Center in Ferron. He is hopeful they can have the building closed in before winter.

### **Commissioner Johnson**

The National Heritage bill is still moving along. It did get a Senate hearing. Emery County has given up no roads nor have we made any concessions. The bill has found a lot of allies because the bill sells itself.

### **OTHER BUSINESS**

Chairman Randy Johnson has had the opportunity to speak with several people concerned about the TV channel. He wondered about the possibility of the county owning a television station. Sheriff Guymon suggested checking with Bret Mills, Communications to review the franchise and by-laws. The Board of Commissioners will do some looking into this and discuss again at the October 7, 1998 meeting when they have more information.

Jim Fauver, Assessor requested a change order on the carpet project to include tile in front of the State Tax Commission/ Licencing Department. Commissioner Kent Petersen made a motion to approve the change order for the carpet project to include tile in front of the Licensing

ADJOURNMENT

Upon returning to regular meeting Commissioner Bevan Wilson made a motion to adjourn. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

ATTEST: \_\_\_\_\_ CHAIRMAN: \_\_\_\_\_

MINUTES OF THE REGULAR MEETING  
 OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
 HELD IN THE EMERY COUNTY COURTHOUSE

September 23, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Kent Petersen and Commissioner Bevan Wilson, Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 4:00 P.M.

(1)  
APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the check edit list #114142 through and including #114330 for payment.

Requisitions were presented for the following:

Commissioner Kent Petersen made a motion to approve the check edit list for payment, requisitions and dispositions for payment. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

APPROVAL OF 1998 FINAL APPROVED TAX RATES.

Senior Deputy Clerk/Auditor, Brenda Dugmore presented the final certified tax rate for approval by the Commission. The final rates were as follows:

For Emery County General Fund	0.003228
Library	0.000374
Flood Control	0.000188
Assessing & Coll-State	0.000228
Assessing & Coll-Loc	0.000203
 For Castle Valley Special Service District	
General Fund	0.000800
Debt Service	0.001116

Commissioner Kent Petersen made a motion to approve the final tax rate. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel action for approval:

Lisa Winn, janitor at the Elmo Library has submitted her resignation effective September 25, 1998. Request is made for approval to begin recruitment. This is a part time position of 10 hrs/wk at \$5.15/hr. No benefits provided. Commissioner Bevan Wilson made a motion to approve the recruitment process for a part time janitor at the Elmo Library. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

There will be a meeting on October 8, 1998 with representatives from the county health insurance company. The Commissioners, Clerk/Auditor Bruce Funk, Senior Deputy Clerk/Auditor Brenda Dugmore, Treasurer JoAnn Behling and Pat Snowball will meet to discuss options for changes in controlling the increasing rates of health insurance. The purpose of the meeting is to involve the commissioners in helping to make wise decisions that affect health insurance.

(4)

CITIZEN CONCERNS

Larry LaFrentz, Orangeville, expressed concern for road closures on Gentry Mountain. He reported finding the south Gentry access blocked off. When he inquired with the Forest Service he received no response. His other concerns were for the posting of public land and surface clean-up of mining related materials.

Lori Ann Anderson, Huntington, also expressed concern for road closures on Gentry Mountain and Bear Canyon. She reported being shut out of areas where her family had been camping for over thirty years.

At commissioners request Val Payne, Public Lands Director continues to look into this matter.

Kresha Eastman, Canyon Country Partnership informed the Board of Commissioners of the completion of the AmeriCorp Project. She passed on some information regarding another opportunity to bring human resources to the county in the form of volunteers to be used as the county sees fit. The volunteers may be used in the areas of community and neighborhood revitalization, education/child risk issues and health and public safety issues. She asked the commission to think about it and get with Economic Development Director, Rosann Fillmore if they are interested in participating in this program.

Sharon Earl, Chamber of Commerce representative informed the Board of Commissioners of the upcoming Meet Your Candidate night on October 15, 1998 at 7:30 P.M. at the Museum of the San Rafael.

(5)

D&R SALVAGE REQUEST PERMISSION TO BE CONNECTED TO COUNTY POWER LINE.

Ron Barney, D&R Salvage came before the Board of Commissioners to request hook-up to the power line adjacent to D&R Salvage. Commission Chairman Randy Johnson informed Mr. Barney that Emery County is the owner of that power line but they are not permitted to sell power to another entity.

(6)

ROSANN FILLMORE, PRESENTATION OF RURAL SUMMIT AWARD TO CAROLYN EHLER.

Economic Development Director, Rosann Fillmore explained that the Rural Summit Award is presented to community leaders who have given great service to a community. This year this award was presented to Carolyn Ehler who had worked for 22 years serving the citizens of Emery County as a registered nurse for the Emery Medical Center. She served the communities health needs during the influx of new families into the area throughout the booming times of power plant construction.

(7)

DISCUSSION AND APPROVAL OF INDUSTRIAL PARK CONTRACT WITH ROD DIAMOND.

Commissioner Kent Petersen made a motion to approve the contract between Emery County, Huntington City and Rod and Lori Diamond for the purchase of property in the Industrial Park in Huntington. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

UPDATE ON COURTHOUSE CARPET PROJECT.

The upstairs carpet is complete except for a couple of storage rooms. Downstairs offices will begin next week as coordinated by Leslie Bolinder.

(9)

DISCUSSION OF PAY PHONE IN COURTHOUSE.

Mike McCandless, Emery Telephone reported that over a year ago Emery Telephone sold the

pay phone service to PhoneTel with the option to open or keep any area that Emery Telephone deems important to keep open. Mr. McCandless had contacted PhoneTel regarding their recent decision to discontinue pay phone service in the courthouse. PhoneTel may decided to continue to pay the slightly under \$35.00 a month service fee. Emery Telephone needs Commission approval to have the County pay the fee if PhoneTel chooses not to pay the fee. This is necessary in order to keep the pay phone service available in the courthouse which is sorely needed by those people conducting business in the building. Commissioner Bevan Wilson made a motion to authorize paying the slightly under \$35.00 a month service to keep the pay phone service in the Courthouse should it become necessary. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Mr. McCandless also announced Emery Telephone's 3<sup>rd</sup> Annual BBQ on Friday September 25, 1998 and some of the features of the event.

(10)

DISCUSSION OF COUNTY GIFT FOR UAC CONVENTION.

There was discussion on a possible county gift for Utah Association of Counties Convention. There is a \$50.00 minimum for the gift. At the request of the Commission Leslie Bolinder will find an appropriate gift.

(11)

DISCUSSION OF CONDITIONS AT EMERY COUNTY DETENTION CENTER.

Sheriff LaMar Guymon reported on an attempted escape at the Detention Center. Conditions at the Detention Center are deteriorating. Population at the center has doubled in the last year and they are now at capacity. Sheriff Guymon requested building a storage shed to house the storage items currently being stored in one of the holding cells. The holding cell is now needed to replace the one damaged during the attempted escape. Sheriff Guymon has received bids and will look at obtaining the best price. Commissioner Bevan Wilson made a motion to approve Sheriff Guymon's request to build a storage shed at the Detention Center. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(12)

ROAD DEPARTMENT/LANDFILL ITEMS.

There were no items for consideration at this time.

**5:30 P.M.-PUBLIC HEARING- TO ACCEPT PUBLIC COMMENT CONCERNING THE INTENTION TO ADD SERVICES TO THE EMERY COUNTY SPECIAL SERVICE DISTRICT #1 AND THE EMERY COUNTY RECREATION SPECIAL SERVICE**

**DISTRICT.**

Commission Chairman Randy Johnson opened the public hearing to accept public comment concerning the intention to add services to the Emery County Special Service District #1 and the Emery County Recreation Special Service District. Statements were made by each Commissioner in regards to the purpose for this public hearing and what the Commission was trying to achieve. Commissioner Johnson: In the last several years Emery County has addressed the issue of mineral lease monies. Emery County is one of five top producing counties in Utah and one of three counties in the state that produce the largest percentage of mineral lease funds. Through the community impact board and the application of those mineral lease funds some going to the state and some back to the county all of the counties benefit from the production of those mineral lease funds. We feel that there are many counties that do not produce that receive a lot of those funds while sometimes counties like Emery County have a difficult time getting projects approved. Emery County has tried to get a bill passed that would increase the amount that directly comes back to the producing counties. That bill was passed last year. Over a three year process that money will increase from 25% to 40% coming directly back to the county. There are certain legal restrictions as to how that money can be used. Right now those monies cannot come directly to the county's general fund. This is another issue the County is trying to address. These funds must go to special service districts that qualify to receive those funds under law. There are eleven uses that are allowable by law. What the Commission is looking to do is to identify those uses, to expand the ability of the three existing service districts to cover all these uses. And to apply the new mineral lease funds in such a way that we not only enhance services to the citizens of this county but that we take pressure off the general fund. The general fund has received a lot of pressure in the last few years largely because of the declining rates that centrally assessed taxpayers pay. The rates have decreased about 5% to 7% per year while the demands for services do not go down at all.

Commissioner Wilson: Commissioner Wilson thanked the people in attendance for being there. The reason we have public hearings is to get comments, opinions and ideas from the people on various projects, concepts and proposals. The proposal as it stands and is presented tonight proposes no boundary changes on either the Recreation District or the Special Service District #1. The Recreation District covers recreation needs throughout the whole county while the Special Service District #1 is a road district which covers roads in the areas outside of city incorporated boundaries. What we have been doing under the Road District since 1988 when distribution of these mineral lease fund first came about is to improve county roads. We started with coal haul roads on a 50/50 split with the coal companies. In recent years we have been working with the school district on prioritized roads for school bus routes.

Emery County is quite unique and fortunate that back in the 1970's Castle Valley Special Service District was created to provide water, sewer, roads and drainage service within the city boundaries and within their district boundaries on the west end of the county. We are not proposing any boundary changes in the CVSSD. The PCIFB is encouraging city/county

governments districts to consolidate as much as they can and come up with long range plans so that they may work better together to provide for the needs of the people. The proposal in these two resolutions being presented tonight will consolidate the authorized uses of the mineral lease monies with the existing districts. There are currently four special service districts in place that are authorized to receive these mineral lease monies those being the Castle Valley Special Service District, Emery County Special Service District #1, Emery County Recreation Special Service District and Emery County Fire Protection District. As Commissioner Johnson mentioned over the past few years we have been studying this concept of expanding the authority of the districts. About two years ago we asked County Attorney, David Blackwell to research this concept and see how we could make a redistribution of some of these mineral lease monies to other authorized uses within the county. About a year ago Mr. Blackwell spent some time during a Commission Meeting going over some of the problems. He feels comfortable that this process is legal, doable and workable in broadening the authority of the existing special districts. Resolution 9-2-98B which deals with Special Service District # would include transportation, flood control, water, sewer, drainage, garbage and street lighting services. Resolution 9-2-98A which deals with Emery County Recreation Special Service District would include recreation facilities, including museums and public health-related facilities and activities within Emery County. These are all authorized uses of the mineral lease monies under the current state statute that created this distribution of mineral lease monies. Water, sewer and drainage would not be done through this road district (if this is adopted) inside the city limits which are the boundaries of the Castle Valley Special Service District because you cannot overlap boundaries providing the same service. There have been other public meetings on mineral lease monies and it has always been the feeling of the people, in the input that Commissioner Wilson has received, that these mineral lease monies should not be used for annual operation and management costs. These funds can decrease and end. We have been told that the length of some of the current coal mineable reserves under the current market is fifteen to twenty years. We have had one large producer into this fund, Cyprus Plateau, shut their mine down and move into Carbon County. We now seeing a reduction in the amount of money coming into the current program because of the loss on that one coal mine. We have other coal leases pending. There are problems associated with each of these pending tracts. These mineral lease funds are given to us by the state legislature by creation of state laws. We can lose these just as quickly as we receive them. We are at the mercy of the law makers of the state of Utah. It is not wise to become dependent for operation and management cost on these funds. This proposal we are here to present tonight is strictly to broaden the existing authority of these two districts. Commissioner Wilson feels it is wise for the people of Emery County to look down the road and see what they could do about putting a few of these dollars away in a rainy day fund. These proposals would allow that to happen at least up to the amount of one years revenue so that when we do see further depletion of these mineral lease monies that we have a little bit of a fund we can stretch out a little longer.

Commissioner Wilson also commented that just because the eleven authorized uses are proposed to be included in the two districts does not mean that we would be using these funds for all

eleven authorized uses. There might only be various authorized uses that the commission and the people operating these districts would opt to put these monies out to. There is no big plan to open up every one of these uses. If they are in the district and there becomes a need for it then it is authorized and on the books to begin using the funds for that use.

Commissioner Petersen: Commissioner Petersen cited problems with the centrally assessed property values of the mines and coal mines decreasing dramatically for nearly ten years. There have been some decisions made by the tax commission that have contributed to that decrease. The value of our homes and our local businesses have been increasing. The tax commission has been making sure they keep those values up as high as they can just because things have been good. Houses are now worth more in Emery County than they were ten years ago so our local property values go up. If we keep the same amount of county government then our taxes are going to go up and the power company is going to pay less of those taxes. A year ago we were told that the amount of mineral lease monies going back to the county was going to increase. We wanted to find a way to put some of the mineral lease money to use in such a way that would reduce the pressure on the county general fund. This was the overall purpose for this public hearing tonight. The Emery County Recreation Special District and the Emery County Fire Protection District were established about six years ago. At the time they were established their main function was to get CIB money. The Fire District was able to get funds for nine small fire trucks most of which were purchased with a grant from CIB. The Recreation District was able to help Green River City build a golf course with a grant from CIB along with a loan that Green River City took out. It is now apparent that the CIB board will not be giving a lot of grants and that the entities were going to have to have money to pay off loans if they were going to get money from the CIB board. This meant the Fire District was not going to be able to go directly to the CIB and get a big grant to buy fire trucks. Our fire trucks are in bad shape in Emery County. If you talk to the fire chiefs in each town they will tell you that some of them can barely make it. Some trucks are so old they can't get parts for them. One truck in Green River a year ago literally fell apart on the freeway while it was responding to a fire. Luckily it happened just a few weeks before the CIB met here in the Emery County Courthouse where we made a pitch for money to get a new fire truck for Green River which were successful in getting. This proposal as presented tonight will allow us to get mineral lease money coming direct to Fire District to begin buying new fire trucks for the county. It will allow the Recreation District to continue to do some of the things they are trying to do while alleviating the pressure on other areas like the landfill. Landfill costs have gone up dramatically primarily because of requirements by the federal government. This proposal will allow some of those expenditures to be done with mineral lease monies instead of directly by tax money. This is an attempt to development the special districts that we have so that we can cover all the uses designated by law for mineral lease money and get the most benefit out of it for the citizens of the county while releasing some pressure on the general fund.

Commissioner Johnson expanded briefly on the Fire District. We have just recently ordered five new fire trucks. We have some serious needs in the Fire District. This purchase would be a

significant impact to the general fund if we were obligated to pay that from the general fund. The fire trucks are \$137,000.00 each which will still need to be enhanced with other equipment to the tune of \$25,000.00 for each truck once we get them here. Anticipating the passage of the bill, Emery County entered into a lease agreement to get these five trucks here. Along with the passage of this bill and what we are trying to achieve here tonight we would go to the CIB to try to get half of what those trucks will cost in grant and the other part in a low interest loan which would then be paid off with these mineral lease funds. We would like to accomplish an ongoing program where we are replacing those trucks on a regular basis so we don't come to a ten year wall of every truck in the county being run down and unusable every ten or twelve years and being faced with that huge expense of replacing so many trucks at once. We are trying to accomplish a system with financing that we would have available in the Fire District where they are able to have trucks that work, training and equipment capabilities but not be faced with such a dramatic need every few years.

Commissioner Wilson reported that Garth Childs, Chairman, Fire District has filed an application with CIB. It is on the agenda and will be heard on October 1, 1998 in Salt Lake City. The Fire District Board is pursuing all options they have in covering the needs for fire protection.

As a part of that application to the CIB the Fire District is required to hold a public hearing which will be on October 5, 1998 at 5:30 P.M. here in the courthouse.

Attorney David Blackwell: Mr. Blackwell added that from a legal standpoint we started out trying to make a mini CIB work but through the years found that this was not workable under the current law. What we have come up with has kind of evolved. What he has found out is that we do not have to worry so much about the lawyers approving as much as the auditors approving the cash flow. Through several discussions with the state auditor as well as our independent auditor we have come up with the best concept we can do and still be within the law and that is to expand the services to the existing special districts. We have looked at other ideas one being to combine all the existing districts into one big district. What we are proposing tonight appears to be the best option.

Commissioner Johnson added that the Commission can not dictate to the special service districts how they use their day to day funds and operate on a daily basis. We do have the authority to set the percentages of this incoming mineral lease money as to how it is directed for each of these purposes. So this is what we are trying to achieve is to direct that money in such a way that it accomplishes the thing that we have discussed here today.

Commissioner Wilson reported that in the last meeting of the Special Service District # 1 the board reviewed and pledged their support for the two resolutions being presented.

Commission Chairman Randy Johnson opened the meeting up to the public for questions and comments.

Sharon Earl: Could you please clarify the proposals? Commissioner Johnson responded: The proposal is using the mineral lease funding, both old and new funding, enhancing the authority of the Recreation District to cover some areas that they now can not spend money on because they do not have that defined authority in their by-laws at this time. The resolution that created the Recreation District has stipulated authority given to them and in order to change that authority a legal process must be followed. What we attempting to do here tonight is part of that legal process necessary to change the authorized function of that district. The Commission has to adopt a resolution that would make any changes to special districts. The boards of the special service districts must approve of any changes made by resolution. As was pointed out earlier broadening the authority of the Recreation District to include the museum would then authorize mineral lease funds to be used for museum expenditures which at this time are paid by a donation from the county general fund to the museum. We are trying to creatively use these funds while abiding by the law so as to not lose the funds.

Sharon Earl: Where would these funds go if you do not do this? Commissioner Johnson: They would go straight to the Special Service District #1 and Castle Valley Special District. Commissioner Wilson: This meeting is not for coming up with a new distribution formula but rather to re-authorize the Recreation Special Service to expand their authority from recreation only to include museums and health related facilities. The Special Service District# 1 currently receives 85% of the total revenue and Castle Valley Special Service District receives 15%. SSD#1 currently can only function on county road reconstruction and snow removal. This would broaden their authority to include flood control, water, sewer, garbage, drainage and street lighting. With what is proposed to be broadened in these two districts, the Emery County Recreation Special Service and the Special Service District #1 along with what we already have in the Castle Valley Special Service District and the Emery County Fire Protection District we would cover all eleven of the authorized uses of this mineral lease monies. At this time we may not need to use all of the authorized uses but they would be in place to use if the need arises.

Sharon Earl: You say SSD#1 receives 85% of the total revenue. Who is going to take the money from the Special Service District #1 and give it to the other districts. Commissioner Wilson: The Commission. That would be the next step in this process. Commissioner Johnson: After we go through the process of addressing the expansion of services then we will look at the budgeting needs and assess what percentage of the funds will go to what areas. This will be phase II of the process.

Attorney David Blackwell explained the distribution of the mineral lease monies as it stands now. UDOT issues one check to a special service district. At this time our check comes to Special Service District #1 which is the means for funneling through the funds to the other special districts. Using the chalkboard Mr. Blackwell drew an outline of the special districts and the eleven authorized uses.

Rosann Fillmore: Will the auditors allow us to provide for a rainy day account? According to

the auditors we could retain an amount of up to one year of anticipated revenue to be kept in a special account within each individual special district.

Jim Fauver: An elected commission decides how that money is distributed not an appointed special district board. The distribution happens once and it would take another public hearing to re-allocate that distribution.

Attorney David Blackwell: This gives the Recreation District and the Fire District some money that they would otherwise not be able to get. They have some definite needs there.

Commissioner Wilson: It is a way to get them the money they need without raising taxes.

Recreation District Chairman, Dan Whiteleather: This money could become extinct at anytime. If you use this mineral lease money for funding the landfill and other vital needs of the county, should we lose this money wouldn't you need to re-look at some of these things?

Commissioner Wilson: This money will not be used for operation and management but for one time only purchases and capital improvement projects.

Commissioner Petersen: Anything funded by mineral lease monies is subject to loss at anytime. We are losing funding from loss in taxes anyway. What ever we do with this money it is going to be something that is good for the county.

Dan Whiteleather: The only Special District with taxing ability is Castle Valley Special Service district. With this resolution will there be taxing ability?

Attorney David Blackwell: This would not change any taxing ability.

Jim Fauver: The authority to tax is there. During the creation of the district there was a promise made to the public that we would not tax.

Dan Whiteleather: It is my understanding that there will be a budget process the districts will go through and our responsibilities will be much more defined than they have thus far.

Commissioner Johnson: Yes.

Brenda Dugmore: Is it determined then that once the money reaches the SSD#1 that you will have the authority to decide where it goes?

Commissioner Petersen: The distribution is determined before it gets here.

Sharon Earl: Is this being done because of the passing of this bill and the raising of the amount

of money coming back to the county?

Commissioner Wilson: This process was started two years ago and the bill was not passed until last January. This was in the making whether the bill passed or not. This new bill may not increase the overall money that Emery County receives because of the shutting down of Cyprus Mine. We could wind up with a new bill giving us a 5% increase per year and still end up with less money than we got last year. This is from year to year.

Bruce Funk presented two protest letters submitted by Ira Hatch which were read by Commissioner Petersen.

Commissioner Wilson: If we get to phase II details will be worked out for putting money where needed. As a way to track money MOU's or Interlocal Agreements would be used between two entities such as Recreation District contributing money to the Nursing Home Board for an emergency need.

Bruce Funk: comments on Ira Hatch letters. We have established districts with focused responsibilities and interests. The boards of these districts are filled with people who have interests in those particular areas. With the expansion of the districts, does this focus stay in that same direction, are the expanded areas going to receive equal treatment.

Clerk/Auditor, Bruce Funk expressed concerns for how and when the funding will come down. How will these districts prepare a budget? Will they know how much money to anticipate?

Dan Whiteleather: The Recreation Board has a meeting coming up where we will be outlining our budget needs for 1999. These same questions are going to come up. What is the Recreation District going to be responsible for? What do we need to budget for?

Commissioner Petersen: The funding will start in October and the first check will come in January. These are legitimate questions for which we do not have an answer at this time. We have a Fire District that will have obligations for loans, we hope, at that time. If we do not get the loans and CIB money then we are going to be responsible for lease payments. They have some responsibilities that they will have to budget for. They should be able to estimate based on previous years approximately what they will get.

Commissioner Wilson: Not only will the special districts need to budget accordingly so will Emery County. This is why something needs to be addressed and the reason for starting this process.

Bruce Funk, Clerk/Auditor: I have received several comments on equating the boards and board members. One district board receives a stipend. Another district receives no stipend, many of which put their lives on the line. There needs to be some standards set.

Attorney, David Blackwell: We can not dictate to them how they run their program.

Commissioner Petersen: We can appoint members to the board and we can tell the board how much money they get. Those are about our limits.

Bruce Funk, Clerk/Auditor: You talk about these districts not becoming dependent upon these funds, however the Fire Protection District has no funds and is totally dependent upon these funds to pay loans. They do not have enough funds to pay their board members. Why can't we put off reconstructing a road for a year and make a one time initial purchase of these fire trucks so that district is not dependent upon that payment each year? These are some things that need to be looked at. Mr. Funk also expressed concern that in the future his office be included in any planning that may be involved since it is his office that is responsible for the financial end of these special districts.

Commissioner Johnson: We are trying to look at the law that requires us to have these mineral lease funds go to the special service districts. The commissioners are elected for a specific purpose and that is to set policy and deal with funding in this county. When you create a special service district, under the laws that governs those districts we have to step out of the picture once we address how much money goes to them. Yes, we can dissolve it and yes, we can have some influence sometimes as to the appointment of certain members of the board and their by-laws. You have one step away from the public with this special service district. I have always been uncomfortable with that. Our Special Service Districts function very well. When the Commissioners do not do things the way you want them to, in four years you elect a new commissioner. But under these special service districts they only answer in certain ways to the public. Personally, as a Commissioner, I am not comfortable with that. One of the things we do not want to do is create a whole bunch of new special service districts if we did not have to. That just compounds the problem. Down the road if we have to have a different one for health or something like that we will look at that then. I would rather function under what we have and re-assign funds so that we are doing a better job with the funds that we have.

Sharon Earl: Where did the funds come from to fund the special service districts originally?

Commissioner Petersen: Special Service Districts were created to receive these mineral lease monies.

Sheriff Guymon explained how the Fire Protection District was created and where the funds came from before its creation.

Sharon Earl: Where are these mineral lease monies coming from? Do we get them because we produce minerals?

We get 40% of what we produce in coal, gas and oil in Emery County.

Roann Fillmore: Last Year the Department of Energy told us that the last marketable mineral reserves were in Carbon and Emery County. Everything is tied up with environmental issues or other issues. This is where the last of Utah's coal is. This coal is projected to last another 20 to 25 years.

Commissioner Johnson: And yet our President Clinton locked up six billion tons of mineable coal in the Kaparowitz Plateau in an area where a 20 acre portal, hardly noticeable, could have been placed and mined for many years to come.

Ron Barney: Mr. Barney commented that the Special Service District #1 has a commissioner on their board. It is Mr. Barney's feeling that a commissioner has no business being on that board. He feels that the landfill is wasteful spending.

Mark H. Williams: Concerning the water and sewer that is proposed to be added to the Special Service District #1, what affect will this have on the North Emery Water Users?

There are no projected projects for those uses at this time. There are no plans to take over or interfere with any of the water and sewer companies.

Mark H. Williams: What about the flood control? We are taxed on the flood control. Are you going to take over the flood control and cancel our tax on that?

Commissioner Johnson: That is something we are looking at. We would not double dip. We are not going to continue to tax the citizens if we are covering that with mineral lease monies.

Mark H. Williams: Commented on the board members, how they are picked and how long they stay. He feels people are being denied the opportunity to serve on these boards because they are continually re-appointed.

Commissioner Johnson: Those who serve are those who are willing to serve. It is difficult to find individuals who have the time and willingness to serve on these boards. It has been a constant concern by citizens and will be addressed in the future with the individual boards.

Sharon Earl: Is it correct that this mineral lease money is to be used for special projects or emergencies?

Commissioner Johnson: Largely what the Fire District needs is that kind of funding. They need the ability to get the equipment, training supplies to outfit the fire trucks and buy trucks on a rotating basis. We feel it wise to not become so dependent upon these funds by using them for operation and maintenance. We are going to ask the Fire Protection District and the Recreation District to put together their wish list for operating funds and what they would like to achieve in the next few years. We will then assess the percentages based on what we get from them. Part of

that will be taking what we give to them and then leveraging that to go to the CIB and do more with it.

Dan Whiteleather: What might help explain, what you would like to see these districts such as the Recreation District on the health care side it, you would like to see us as a pass through board. In other words, health care needs the money, we have the means for getting the money, come through and get the money.

Commissioner Johnson: At least for now, in an effort to not create more districts.

Commissioner Wilson: If the Federal Government and the State of Utah would ever get together on this mineral lease money and leave our PILT money alone and not reduce it if we receive mineral lease money that would simplify this whole process.

Commissioner Johnson: We have a request for a ruling with the general council of the United States. We are asking them to determine if when the State of Utah receives these mineral lease funds back from the government (because they go first the government and are then distributed back in a share with the state, who then shares them with the counties as per how much they produce) that the auditing stop there. The State of Utah shouldn't impact anything else as to how those funds are used. If that ruling is in our favor then we would persue having them come directly to our general fund and we would not have to have such a dance through to use the money the way we want to use it.

Jim Fauver: There have been a lot of good points brought out tonight and there is a need for a lot more public input on how that money is diversified. It is important to recognize that right now 85% out of the close to three million dollars is being spent on roads outside of cities in rural areas that benefit a few people. If you can find a way to diversify this money that we can all agree on, this could be used to benefit the county as a whole instead of just on those small bus routes and other places that the money is being spent right now.

Kay Jensen: Mr. Jensen directed his questions and comments in regards to those services being added to the two special districts. His concern was for how this would affect the water companies in the county. He asked if there would be another chance to talk about this. There were good questions and concerns expressed this night and would like to have another opportunity for the public to provide input.

Sharon Earl: Could these water companies go to these special service districts and request funds for projects?

Commissioner Wilson: No, the water companies are private, non-profit corporations. They are owned by the water users.

Rue Ware: When you shift items from the General Fund to the appropriate special districts, you will you say will be relieving pressure that is now on the General Fund. How much pressure will be relieved ? As a result, how much will you be able to reduce taxes? He highly suggested that in the future, the County hold a public hearing in one commission meeting and consider it in passing in the next meeting.

Commissioner Johnson: It is unfortunate that No# 13 is on the agenda, however, there is a fifteen day waiting period. We will not be approving anything on this tonight. In response to your first question, our goal and effort would be to reduce taxes. At this time however, our fund balance is being depleted because of that pressure and therefore our immediate results from doing this would be to replenish the fund balance to the status that we would like it to be maintained while continuing those services that the public has become accustomed to. Over a period of years we would look at being able to reduce taxes. But at this time we need to replenish the General Fund.

Rue Ware: Are you going to continue to spend the fund balance right to 0. In a few years down the road, these things may have to come to a halt because the coal mines have closed. The mineral lease money will come to a halt. If the fund balance is down what then?

Commissioner Johnson: It is not our intention to spend the entire fund balance. We are very concerned that the fund be replenished and kept at least at five million dollars. We can not by law touch our contingency fund which is seven and a quarter million dollars. Only by a vote of the people can we ever touch that fund. We are anxious to replenish the fund balance which at this time is between three and a half to four million dollars. We want this back up to five million where we have tried to maintain that.

Commissioner Wilson: It is our wish that we would not have to raise taxes to provide these services.

Commissioner Petersen: Without this we are rapidly getting to the point where we would be cutting services drastically or raising taxes.

Commissioner Johnson: We will just have to evaluate how it is all working. It is impossible to give you a concrete answer on taxes until we see how it is going to all come together. The intent is to save any diminished capacity to provide services. The intent is to prevent any necessity of either cutting those services or raising taxes.

Commissioner Bevan Wilson made a motion to close the public hearing. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

CITIZENS OF LAWRENCE, REQUEST COMMISSION SUPPORT INSTALLING STOP SIGNS AND ENFORCING SPEED LIMITS IN RESIDENTIAL AREAS.

Citizens from Lawrence were present to express concerns for public safety resulting from noncompliance to speed regulations and stop signs. The speed is posted at 30 mph but is being ignored on a regular basis mostly by students late for school. The stop sign is ignored causing a public endangerment. There is concern for the frequent speeding and reckless driving on the Lawrence Road where there is poor visibility for pedestrians and other drivers. This is causing a definite concern for public safety. Lawrence citizens Bob Wilson, Angie Fillmore and Dean Wilstead provided comments and stated concerns. Many suggestions were shared. Sheriff Guymon expressed his concerns and the problems his department had been facing in trying to enforce the traffic laws especially in Lawrence. The Sheriff's Department is spread thin of deputies to monitor every town for driving offenses. With permission from the Commissioners for overtime the Sheriff's Department will make an effort to more earnestly monitor the area at the most offended time of the day which is between 8:15 A.M. and 8:40 A.M. The key to this problem is training the public to obey the law. It means hitting them where it counts, in the pocket. Citizens have the right to file complaints for driving offenses. CITIZENS OF LAWRENCE, REQUEST COMMISSION SUPPORT INSTALLING STOP SIGNS AND ENFORCING SPEED LIMITS IN RESIDENTIAL AREAS.

Citizens from Lawrence were present to express concerns for public safety resulting from noncompliance to speed regulations and stop signs. The speed is posted at 30 mph but is being ignored on a regular basis mostly by students late for school. The stop sign is ignored causing a public endangerment. There is concern for the frequent speeding and reckless driving on the Lawrence Road where there is poor visibility for pedestrians and other drivers. The key to this problem is training the public to obey the law. It means hitting them where it counts, in the pocket. Citizens have the right to file complaints for driving offenses. We need citizens to take down license plate numbers and not be shy about filing complaints. Suggested possible solutions included four way stop signs, speed bumps, street light for better lighting and a flashing warning light on the stop sign. Rex Funk, Road Supervisor explained the regulation problems associated with signs on state highways. Speed bumps are not an option. Mr. Funk applauded the citizens of Lawrence for trying to help train the youth to obey the law. The youth are our future leaders and we as parents need to impress upon their minds the importance of obeying the law. Commissioner Johnson expressed that the Board of Commissioners are extremely sympathetic to the situation in Lawrence. The commission would like to try a law enforcement focus on the speed and stop sign violations. The commission authorized Sheriff Guymon overtime in order to monitor the violations at the time of day that the speed and sign violations are occurring. The commission will reevaluate this situation in a month or so to see if the focus on law enforcement is having any impact on the situation. At that time they will look at other options if necessary.

REPRESENTATIVES FROM THE DOMESTIC VIOLENCE COALITION TO ADDRESS THE COMMISSION.

Mary Manley, member representative of the Domestic Violence Coalition provided the commission with an informative overview of the coalitions mission and goals. The coalition made a request of the Board of Commissioners to place five crosses symbolizing the five domestic violence related deaths in 1997 on the front lawn of the courthouse. Compared to the twenty-five domestic violence related deaths in 1995 and ten in 1996 they are optimistic of the progress being made in the effort to stop domestic violence. Commissioner Randy Johnson commended the coalition for their efforts and the progress made by the organization on behalf of victims of domestic violence. Commissioner Bevan Wilson made a motion to approve the placement of five crosses on the courthouse front lawn through the month of October. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(3)

CONSIDERATION OF PROPOSALS FOR CHANNEL 26 OPERATIONS.

Channel 26 has been a public service station operated by Joel Dorsch out of an agreement with the county. Through Castle Broadcasting he has used a license owned by the company to run this television station. A few weeks ago Mr. Dorsch decided he could not for many reasons continue to operate the station. The county implemented a temporary running of the station by utilizing his wife Susan. The Board of Commissioners has received proposal letters for the operation of Channel 26 from Lake Electronics, Emery Telephone, Willie Frisbie and Susan Dorsch. We still have an agreement in place that will need to be looked at. As the Board of Commissioners they acknowledged the receipt of these bids and will work through them as quickly as possible. The commission needs to determine the counties role in keeping this service available to the community.

(4)

CITIZEN CONCERNS

Commissioner Kent Petersen expressed concern for the anticipated Y2K problems. These are problems regarding computers and the year 2000. We think we have everything solved, however there are things we may have not even thought of yet. Commissioner Wilson made a motion to establish a Y2K computer committee headed up by Commissioner Petersen. The motion was seconded by Commissioner Kent Petersen and approved by all members present. Senator Bennett has expressed concern for the problems that may come in banking and government throughout the world.

(5)

CONSIDERATION AND APPROVAL OF INDIGENT TAX ABATEMENTS.

Commission Meeting  
October 7, 1998

Senior Deputy Clerk/Auditor, Brenda Dugmore presented for consideration the 1998 Indigent Abatement applicants. All of the indigent abatement applications for consideration qualify for low income credit because they are under sixty-five, disabled, widow/widower or are under extreme hardship. A letter stating the extent of hardship is required with each application. This is a commission decision as to whether to grant the 50% tax credit. The state does not reimburse us for this. A letter of extreme hardship has not been received as of this date for two applicants (\*). The Clerk/Auditor's office requests approval pending receipt of letter. The following is a summary of indigent tax abatement applications that were received in the Clerk/Auditor's office:

Pat Huntington	\$539.91
Mary Ann Rizzuto	239.13
Coleen Thompson	90.34
Dennis & Ellen Russell	94.96
Carolyn Moore	152.12
*Harriet Bishop	207.23
*JoAnn Blanchard	44.56
	\$1,422.25

Commissioner Bevan Wilson made a motion to approve the indigent tax abatements as presented pending receipt of extreme hardship letters from the two indicated as missing letters. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(6)

DISCUSSION OF COMMISSION AUTHORITY TO DELEGATE MINERAL LEASE MONIES TO SPECIAL SERVICE DISTRICTS.

The Board of Commissioners in last commission meeting instructed Attorney David Blackwell to research the authority of the Commission to delegate mineral lease monies to special service districts. Mr. Blackwell reported finding no statute that says the commission has no legal right to delegate property owned by Emery County.

(7)

SETTING OF 1999 BUDGET WORK SESSIONS.

4

Commission Meeting  
October 7, 1998

Commissioner Kent Petersen made a motion to set a Public Hearing date of December 15, 1998 at 5:30 P.M. for approving the 1999 final budget. Commissioner Bevan Wilson seconded the motion and it was approved by all members present. Senior Deputy Clerk/Auditor, Brenda Dugmore reminded the Commissioners of the 1999 budget workshop sessions set for October 15, 1998 at 9:00 A.M.

(8)

ROAD DEPARTMENT/LANDFILL ITEMS.

Road Department Supervisor, Rex Funk reported on current activity of the Road Department and Landfill. There was discussion on the four year Statewide Transportation Improvement Program List. The Commission expressed disappointment in finding none of the pressing projects listed by Emery County on the STIP List. Emery County is making an all out aggressive effort to get projects from the county's wish list back on the STIP List.

(9)

DISCUSSION AND APPROVAL OF AMERICORPS PROGRAM FOR 1999.

Commissioner Bevan Wilson made a motion to table this item for now. The motion was seconded by Commissioner Kent Petesen and approved by all members present.

(10)

CONSIDERATION AND APPROVAL OF CONTRACT AMENDMENT BETWEEN THE STATE OF UTAH, DIVISION OF BUSINESS AND ECONOMIC DEVELOPMENT AND EMERY COUNTY.

Commissioner Kent Petersen made a motion to authorize Commissioner Johnson to sign the contract amendment between the State of Utah, Division of Business and Economic Development and Emery County extending the time of the grant. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

DISCUSSION OF FRANCHISE FEE ON THE FRANCHISE FEE FOR FALCON CABLE.

In response to a letter received by the Board of Commissioners, Commissioner Kent Petersen made a motion to object to a franchise fee on the franchise fee. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Commission Meeting  
October 7, 1998

### Road Department

Bruce Pierce, Road Department Equipment Operator/Driver, has been selected to fill the vacancy at the landfill. Both the Equipment Operator/Driver and Solid Waste Technician positions are grade 12. Bruce began working at the landfill September 30, 1998 with no change in wage. His wage is currently \$10.81/hr. Commissioner Bevan Wilson made a motion to approve Bruce Pierce to fill the position of Solid Waste Technician as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Request is made to recruit "in-house", only, to fill the vacancy of Equipment Operator/Driver left by Bruce Pierce. The entry wage for this position is grade 12 \$10.26.

Commissioner Bevan Wilson made a motion to approve the "in-house" recruitment process. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

### Economic Development

Interviews were conducted Monday, October 5, 1998, for the Economic Development Office Specialist. Vickie Wilbanks is the successful applicant. She will begin at the entry level of grade 4, Step A \$7.58/hr., part time, less than twenty hours per week, no benefits. Commissioner Kent Petersen made a motion to approve hiring Vickie Wilbanks as presented. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

receiving \$178,000.00 supplemental grant to help with the Nursing Home addition. Castle Valley Special Service District was put on the December 3, 1998 priority list for funding. It appears that Emery County Fire Protection Special Service District may have received a no interest loan and grant to purchase the five desperately needed fire trucks.

### **Commissioner Wilson**

Commissioner Wilson reported on the County Maintenance Program Site approval through the Forest Service. We were able to construct a building to house back up power generator at Horn Mountain TV tower.

Gene Talbot has requested to have the photos in the lobby identified somehow with a plaque to identify the place and who took the photo. Mr. Talbot donated a photo to the county but made a request to be compensated \$50.00 for the frame. Commissioner Bevan Wilson made a motion to accept the photo from Mr. Talbot and pay the \$50.00 from dues and contributions. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

### **Commissioner Johnson**

Commissioner Johnson commended Doris Quinn for fine job she is doing as editor of the Emery County Progress.

(17)

### **EXECUTIVE SESSION TO DISCUSS PERSONNEL AND POSSIBLE LITIGATION.**

Executive session was not necessary at this time.

(18)

### **OTHER BUSINESS**

Commissioner Kent Petersen made a motion to authorize Commissioner Johnson to sign the Communications agreement pending approval from Attorney David Blackwell and Communications Director, Bret Mills. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(19)

Commission Meeting  
October 21, 1998

### Road Department

Randy Okerlund has been appointed to serve an up-to-90-day temporary term of employment as an equipment operator/driver effective October 5, 1998 at a rate of \$10.26/hr. This term will end on December 31, 1998 with the budget year. Commissioner Bevan Wilson made a motion to approve hiring Randy Okerlund for the up-to-90-day temporary term of employment. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Cody Oman has been appointed to serve an up-to-90-day temporary term of employment as a helper for Lance Farmer, Repair/Maintenance Technician effective October 6, 1998 at a rate of \$8.50/hr. This term will end on December 31, 1998 with the budget year. Commissioner Bevan Wilson made a motion to approve hiring Cody Oman for the up-to-90-day temporary term of employment. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

It is recommended that Dustin Tucker be hired as Equipment Operator/Driver, regular full time position with benefits at Grade 12 (entry) \$10.26/hr effective October 22, 1998. Dustin is currently serving in an up-to-9-month temporary term employed with the department as equipment operator/driver. He is filling the vacancy left by Bruce Pierce when Bruce was hired as solid waste technician at the landfill. Commissioner Kent Petersen made a motion to approve the hire of Dustin Tucker as regular full time employee as presented. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

### Library

It is recommended that Deanna Hansen be hired as Elmo Library janitor. This is a part time, 10hrs/wk position at \$5.15/hr effective October 22, 1998. Commissioner Bevan Wilson made a motion to approve hiring Deanna Hansen as Elmo Library janitor as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

### Assessor

Nadine Thompson has completed her certification as personal property appraiser. It is recommended that she progress from Deputy Assessor 8B \$9.14/hr to Personal Property Appraiser 10A \$9.41/hr effective the next payroll period. Commissioner Bevan Wilson made a motion to approve progressing Nadine Thompson from Deputy Assessor to Personal Property Appraiser as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Emery County was advised by the carrier for the \$100,000.00 Accidental Death and Dismemberment insurance benefit that the company would no longer carry that line of insurance and Emery County's coverage is canceled effective October 31, 1998.

3

Commission Meeting  
October 21, 1998

Comparable coverage at the same price of \$90.00 a year per employee has been located. This is a new policy which will begin on November 1, 1998 and will require the premium of \$10,890 to be paid to start the coverage. Pat Snowball requested the commission approve continuing this benefit and allow Commissioner Johnson to review and sign the final documentation. Commissioner Kent Petersen made a motion to approve continuing this benefit and allow Commissioner Johnson to review and sign the documents. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

CHARLIE JANKIEWICZ, FOREST SERVICE, QUARTERLY UPDATE

Charlie Jankiewicz, Forest Service was unable to attend the meeting.

(5)

SYLVIA NELSON, EMERY COUNTY HISTORICAL SOCIETY, PRESENTATION OF CHECK FOR REPAYMENT OF LOAN FOR EMERY COUNTY HISTORY BOOK.

Sylvia Nelson, Emery County Historical Society presented the Board of Commissioners with a check in the amount of \$2,000.00 in repayment of the loan for the Emery County History Books. The Historical Society had originally borrowed \$22,000.00 for the publication of the history books and have in three years paid back all but \$1,000.00.

(6)

VALERIE NEWLAND, DISCUSSION OF CITIZEN COMMITTEE TO DESIGN AN EMERY COUNTY BROCHURE.

Emery County Travel Council Chairman, Valerie Newland requested assistance from the Board of Commissioners in organizing a citizen committee to design a county brochure. The Travel Council would like to have the brochures by February 1999 as this is when the travel shows begin. Commissioner Bevan Wilson offered some helpful information regarding grants that are available through the Utah Humanities Council for funding these kind of projects. The Board of Commissioners offered to help in organizing a committee made up of individuals from various organizations throughout the county. Rosann Fillmore will assist the Travel Council in pursuing possible grants for funding the project.

Commission Meeting  
October 21, 1998

(7)

LEROY BATES, DISCUSSION OF PROVIDING SUPPLEMENTAL INSURANCE TO COUNTY EMPLOYEES.

LeRoy Bates, Capital American Insurance provided an overview programs available through the company. Mr. Bates requested an opportunity to present the programs to the employees. Commissioner Johnson informed him of the terms for allowing other supplemental insurance companies to present their programs. He will need to contact the Commission Assistant Leslie Bolinder to schedule a room and Personnel Director Pat Snowball to schedule a time to be available in the courthouse for employees to visit with him. Senior Deputy Clerk/Auditor Brenda Dugmore informed him there will need to be at least fifteen employees that want to purchase the premiums before it can be a payroll deduction.

(8)

MARK H. WILLIAMS, DISCUSSION OF RESTORATION OF COUNTY BRIDGE IN CASTLE DALE.

Mark H. Williams, President of the South Eastern Utah Off Highway Vehicle Association has been helping Castle Dale City apply for grant monies from the Utah Division of Parks and Recreation to build a Kiosk at the rodeo grounds in Castle Dale. The Division received T21 Funds from the federal government which were earmarked for grants to provide for the planning, acquisition, construction, or improvement of off road vehicle opportunities and associated facilities in Utah. Mr. Williams rewrote the grant application to include the restoration of the old Castle Dale bridge with the intent to redeck the bridge for use by walkers, horseback riders, bikes and OHV's. The bridge would not be open for automobiles. Mr. Williams received confirmation that the grant had been approved. The grant will also cover the construction of the Kiosk at the rodeo grounds. Mr. Williams approached local Boys Scouts and asked for help with the restoration of the bridge with the intent to provide criteria necessary for scouts to gain Eagle rank. Several local scout groups have already been busy removing the deck of the bridge. Mr. Williams has run into a snag. It has been determined that the county owns the bridge and not Castle Dale. Mr. Williams requested to have the county abandon the bridge back to Castle Dale City so he can proceed with the project. After some discussion on this issue it was the consensus of the Board of Commissioners to do some checking to the liability implications. This will be discussed at a later date after some review.

CITIZEN CONCERNS

**Rue Ware** reported on his findings in a one and a half year investigation into the transient room tax difference in what was allocated to Emery County and what was actually sent to us.

5

Commission Meeting  
October 21, 1998

Everything is all straightened out now. Emery County profited about \$20,000.00 by efforts of the Emery County Travel Council's investigations.

**Varian Allen** informed the Commission of the upcoming Sheriffs Posse's State Search and Rescue Banquet on November 14, 1998 at the Museum of the San Rafael. There will be approximately eighty people in Emery County for this banquet including posse members from every county in the state. This will be a great time to showcase the county for those people visiting our area for the first time. If weather permits they hope to make available a tour of the wedge or I-70. It is the hope of the Emery County Sheriff Posse to put their best foot forward and welcome the visitors to our area so they will want to return to Emery County. On behalf of the Emery County Sheriff's Posse, Mr. Allen thanked the Emery County Commission and Sheriff Guymon for their support. Commissioner Johnson thanked Mr. Allen and the Sheriff's Posse for all they do for the citizens of Emery County.

Treasurer, JoAnn Behling reported that as a result of the property trade between Emery County and Wayne Nielson the Treasurer's Office found a property tax amount of \$4.21 was left owing for 1998. Mrs. Behling recommended abating the \$4.21 property tax. The Treasurer's Office also found a tax amount for \$155.92 as a result of testing in the Recorder's Office. In an effort to clean-up the Treasurer's books, Mrs. Behling recommended abating this tax also. Commissioner Kent Petersen made a motion to abate the property tax as recommended by the Treasurer. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

**Karen Bedont**, AmeriCorps provided the Board of Commissioners with a survey and summary report of their program. The project is complete. The Cleveland-Lloyd Dinosaur Quarry has been greatly improved by this project and the efforts of those people who provided their time and talents to improving the quarry.

(10)

VAL PAYNE, UPDATE ON PUBLIC LANDS ISSUES AND ACTIVITIES.

Val Payne, Public Lands Director provided an informative overview of public lands issues and activities for the third quarter. Mr. Payne complemented the AmeriCorps group for their work at the quarry.

(11)

UPDATE ON COURTHOUSE CARPET PROJECT.

The courthouse carpet project is scheduled for completion October 30, 1998. Everything has gone well. Just a few things left to finish up. Commissioner Petersen suggested the departments

6

Commission Meeting  
October 21, 1998

consider budgeting in 1999 for recovering the chairs in the offices to better coordinate with the color of the carpet.

(12)

DISCUSSION AND APPROVAL OF 1999 TENTATIVE BUDGET.

Senior Deputy Clerk/Auditor, Brenda Dugmore explained that the tentative budget is the same budget as last year minus the major projects from last year. The tentative budget does not reflect any department wish lists. Commissioner Kent Petersen made a motion to approve the 1999 tentative budget. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. Commissioner Kent Petersen made a motion to set budget work sessions for Wednesday, October 28, 1998 at 9:00 A.M. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

APPROVAL OF INDIGENT TAX ABATEMENT.

Senior Deputy Clerk/Auditor Brenda Dugmore explained that Harriet Bishop was missing a letter of hardship at the time the indigent abatements were presented for approval at last Commission Meeting. The Clerk/Auditor's office has now received the required letter. Request is made to approve the indigent abatement for Harriet Bishop. The amount of the abatement is \$207.22. Commissioner Kent Petersen made a motion to approve the indigent abatement for Harriet Bishop. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(14)

ROAD DEPARTMENT/LANDFILL ITEMS

Road Supervisor, Rex Funk reported on conditions at the Lawrence intersection regarding noncompliance to traffic signs and speeding. The concern was brought to the attention of the Commission during the last Commission Meeting. A counter was placed at the intersection to monitor the amount of traffic flow which was determined to be considerably high. The Sheriff's Department has been monitoring the road for possible offenders. Commissioner Wilson suggested that an immediate fix would be to place a street light at the intersection for better visibility. After discussion on this matter Commissioner Bevan Wilson made a motion to place a street light at the intersection and assign Rex Funk to look into the specifics and make arrangements with Utah Power and Light. The motion was seconded by Commissioner Kent Petersen and approved by all members present. The fee will be the same as the street light on Bott Lane and will be paid out of non-departmental.

DISCUSSION OF RESOLUTION IN SUPPORT OF ENLIBRA

The Board of Commissioners received a letter from Utah Association Of Counties asking for support of Resolution 10-21-98 a resolution in support of "ENLIBRA" a balanced environmental concept for the new millennium sponsored by Governor Leavitt and the Western Governors Association. Commissioner Kent Petersen made a motion to adopt and approve Resolution 10-21-98 in support of "ENLIBRA". The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(16)

DISCUSSION OF LOCAL BASIN PLANNING ADVISORY GROUP AND  
RECOMMENDATION OF NAMES TO BE CONSIDERED AS MEMBERS OF BOARD.

Commissioner Kent Petersen made a motion to approve Paul Crawford, Darrell Leamaster, Clyde Magnuson and Bevan Wilson as board members for the Local Basin Planning Advisory Group. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(17)

DISPOSITION OF COKE MACHINE

Commissioner Kent Petersen made a motion to transfer the upstairs county owned Coke machine to the Road Department. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(18)

DISCUSSION AND FIRST READING OF RESOLUTIONS ADDING SERVICES TO BOTH  
THE EMERY COUNTY SPECIAL SERVICE DISTRICT #1 AND THE EMERY COUNTY  
RECREATION SPECIAL SERVICE DISTRICT.

Commissioner Bevan Wilson made a motion to table this matter to allow time to review the new documents. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(19)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Bevan Wilson made a motion to table the minutes dated September 23, 1998 and approve the minutes dated October 7, 1998 as corrected. The motion was seconded by

COMMISSION REPORTS

**Bevan Wilson**

Commissioner Wilson provided an update of current projects he is overseeing. The work being done at the Scout Camp near Bear Canyon Campground. A development plan is in the process of being put together. The Scouts are proposing extending the road up to the proposed campsite area east of Bear Canyon Campground. Nielson Construction will do the road work for free as a donation to the Scouts. BLM will be notified of changes made on the land. Commissioner Wilson requested approval to proceed with this project.

**Kent Petersen**

Commissioner Petersen reported on the Y2K problems being worked through.

(21)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

There were no items for discussion at this time.

(22)

OTHER BUSINESS

Commissioner Bevan Wilson made a motion to authorize the Scouts to extend the road up to the proposed campsite area east of Bear Canyon Campground subject to BLM approval. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

November 4, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson, Commissioner Kent Petersen, Attorney David Blackwell and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 9:00 A.M.

(1)  
SABRINA UNGERMAN, REQUEST DONATION FOR SCHOLARSHIP PAGEANT.

The Mountain Country Scholarship Pageant will be located in Emery County this year. Several young ladies from our area will be trying for this scholarship. The pageant's only funding avenue is the counties they represent, therefore Mrs. Ungerman is requesting a donation from Emery County to help fund the scholarship. Commissioner Bevan Wilson made a motion to donate \$200.00 to the Mountain Country Scholarship Pageant. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)  
ROY POGUE, DISCUSSION OF WOODSIDE BUSINESS AND HIS CONCERNS.

Mr. Pogue was not able to attend the meeting.

(3)  
TOM RASMUSSEN, BLM QUARTERLY UPDATE.

Tom Rasmussen provided an informative overview of BLM activity for the third quarter.

(4)  
CHARLIE JANKIEWICZ, FOREST SERVICE QUARTERLY UPDATE.

Charlie Jankiewicz provided an informative overview of Forest Service activity for the third quarter. Charlie has accepted a position in New Mexico and this was his last report to the Commission. He expressed his thanks to the Commission and the people of Emery County for the favorable working relationship he has experienced while serving in our area.

(5)

CITIZEN CONCERNS

There were no citizen concerns at this time.

(6)

CONSIDERATION AND APPROVAL OF RESOLUTION REQUESTING  
RECERTIFICATION OF EMERY COUNTY JUSTICE COURT, FIRST AND SECOND  
PRECINCT.

Attorney David Blackwell recommended signing Resolution 11-4-98 which is a recertification of Emery County Justice Court, First and Second Precinct that is required to be renewed every four years. Commissioner Kent Petersen made a motion to sign Resolution 11-4-98. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(7)

SETTING OF 1999 BUDGET WORK SESSIONS.

Commissioner Bevan Wilson made a motion to set the dates of November 16, 18, 25, 30 and December 1, 1998 at 9:00 A.M. for 1999 budget work sessions. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(8)

ROAD DEPARTMENT/LANDFILL ITEMS.

Road Department Supervisor, Rex Funk requested approval to crack seal the Des-Bee-Dove Crossover Road. Mr. Funk was concerned with going into another winter with the cracks in the road. Money was set aside in a trust account for rehabilitation of the road at the time the road was transferred from Energy West to Emery County. The engineer's estimate for crack seal was \$30,000.00. Mr. Funk received bids from Hales Sand & Gravel for \$26,927.50 and M&M Construction for \$43,467.90. Commissioner Kent Petersen made a motion to award the bid to Hales Sand & Gravel. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

On September 2, 1998 the Commission approved pursuing the necessary permits from the Forest Service for jurisdictional transfer of roads accessing Swasey Subdivision and Reeder Subdivision. The two roads approved for permitting were Reeder Subdivision Road from Forest Service Road #104 to Reeder Subdivision, length 0.26 miles and Swasey Shore Road from Forest Road #170 to Swasey Shore Subdivision, length 0.27 miles. After further review of these two roads approved for permitting Rex Funk recommended pursuing additional permits for a right-of way easements for Swasey Subdivision at Forest Road #170 (North Dragon Road) from

SR-29 to the intersection of Forest Road #014, length 2.77 miles and Forest Road #014 (Lowry Water Road) from SR-29 to Reeder Subdivision Road, length 1.08 miles. These four roads provide access to private property and are currently being maintained by Emery County under a road maintenance agreement with the Forest Service. Commissioner Bevan Wilson made a motion to approve pursuing the permanent right-of-way easements from the Forest Service for Swasey Subdivision and Reeder Subdivision and to send a letter to the Forest Service requesting consideration of a jurisdictional transfer of these roads as described from the Forest Service to the county. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Rex submitted a requisition for a grader to replace the one damaged by bullets in the homicide of Charles Watterson in Green River. The grader is being held as evidence by the Sheriff's Department until the investigation is over and will not be available for snow removal in Green River this winter. As the county heads into the budget sessions Mr. Funk asked that they look for funds to purchase a replacement grader. Commissioner Bevan Wilson made a motion to approve the requisition, that Rex Funk search out all of the options for acquiring a replacement grader and submit his findings back to the Commission for final approval. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Rex Funk discussed with the Commission a proposal from Utah American Energy Incorporated. Jay Marshall, UAEI Chief Engineer revealed a proposal to open up a new portal in the Lila Canyon area to mine the Horse Canyon lease tract. UAEI requested Emery County participate with them to improve and upgrade the roads leading to this new mine site in the Lila Canyon area and requested Emery County acquire the permits and right-of-ways necessary to construct a coal haul road from the portal to Highway 6 and a mine supply road from the portal to Horse Canyon.

Rex Funk requested permission to pursue application for the permitting process. Commissioner Bevan Wilson made a motion to authorize Bevan Wilson to work with UAEI and BLM to pursue application for the necessary permits and right-of-ways to construct and upgrade the roads as requested. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(9)

#### DISCUSSION OF OWNERSHIP OF CASTLE DALE BRIDGE.

As reported in last Commission Meeting the Castle Dale Bridge is in the process of being restored through a grant provided by the Utah Division of Parks and Recreation. Mark H. Williams had received the grant through Castle Dale City in order to redeck the bridge for use by walkers, horseback riders, bikes and OHV riders. Mr. Williams later learned that the bridge belonged to Emery County and not Castle Dale City. In the last meeting Mr. Williams had requested to have the county abandon the bridge back to Castle Dale City so that the work on the

bridge could continue. Mr. Williams met with Castle Dale City officials who informed him that they did not want the responsibility of bridge. After much discussion on this matter it was decided that the bridge is the responsibility of Emery County. Since the deck of the bridge has been removed by Mark H. Williams and the Scout group the immediate thing to do is get the deck back on the bridge to minimize the liability to the county. Commissioner Bevan Wilson made a motion to ask Rex Funk, Bevan Wilson and Johansen & Tuttle to work with Mark H. Williams and the Scout group to come up an agreed design for resurfacing the bridge, installing the necessary guard rails and other necessary structures to minimize the exposure of liability to the county. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(10)

CONSIDERATION OF PROPOSALS FOR CHANNEL 26 OPERATIONS.

Commissioner Kent Petersen made a motion to inform Emery Telephone that Emery County would like to work an agreement with them if they could work out an agreement with Joel and Susan Dorsch to buy out their contract, equipment and whatever else is included in their business. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

CONSIDERATION OF PARTICIPATION IN DUN & BRADSTREET BUSINESS INFORMATION REPORT.

It was determined that the bond rating was not needed for 1999. The Board of Commissioners may consider looking at it near the end of 1999 for the year 2000.

(12)

CONSIDERATION OF EMERY COUNTY'S PARTICIPATION IN UAC LAWSUITS ON WILDERNESS REINVENTORY AND THE ESCALANTE GRAND STAIRCASE NATIONAL MONUMENT.

Chairman Randy Johnson is the Chairman of the Public Lands Oversight Committee for the Utah Association of Counties. As a group of Commissioners representing other counties in the state they will soon be making decisions as to the role they will be playing in the UAC lawsuits on Wilderness Reinventory and the Escalante Grand Staircase National Monument. There is an outstanding lawyers fee bill amounting to \$35,000.00 for work done thus far on the lawsuits for which UAC is obligated to pay. Each of the counties will be asked to participate in contributing what they can to help pay this expense. Commissioner Kent Petersen made a motion to contribute \$1000.00 but to check the budget to be sure we are able to pay that much for now. The motion was seconded by Commissioner Bevan Wilson and approved by all members

present.

(13)  
DISCUSSION OF PARTICIPATION WITH DEPARTMENT OF HUMAN RESOURCE  
MANAGEMENT IN LOCAL GOVERNMENT SALARY SURVEY.

It was decided that any information we can get or give is always good.

(14)  
CONSIDERATION OF NOMINATIONS TO UACIM BOARD.

It was decided that this was not necessary as Kent Petersen had already been nominated to the UACIM Board.

(15)  
DISCUSSION OF SERVICE OF LEGAL DOCUMENTS PERTAINING TO TAX APPEALS  
BEFORE THE UTAH STATE TAX COMMISSION.

Jim Fauver requested receiving copies of the Tax Appeals before the Utah State Tax Commission. A hard copy of each appeal is delivered to Clerk/Auditor's after which a copy is given to the Treasurer and Assessor. The Commission office requested to have a copy sent to their office also.

(16)  
DISCUSSION OF LOCAL UPDATE CENSUS ADDRESSES PROGRAM.

The updated census addresses program was directed to Clerk/Auditor, Bruce Funk.

(17)  
DISCUSSION AND CONSIDERATION OF SETTLEMENT OF HERITAGE  
MANAGEMENT, INC. LAWSUIT.

Attorney David Blackwell along with Attorneys Brent Armstrong and Peter Stirba who are handling the lawsuit recommended settlement of the suit with Heritage Management, Inc. Heritage would then hold the county harmless for any lawsuits that may have been filed by employees of Heritage Management. Chairman Randy Johnson explained that had we not filed a counter lawsuit we would have been facing a substantive amount of money to Heritage or they would have stayed in management at the Nursing Home which was not an option as far as Emery County was concerned. Heritage has a history of these kinds of things. Heritage underestimated Emery County. Emery County decided it was better to pay the lawyers and countersue than to pay Heritage and keep them at the nursing home. Commissioner Kent Petersen made a motion to agree to settlement of Heritage Management, Inc. lawsuit. The

6

Commission Meeting  
November 4, 1998

motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(18)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director requested the following personnel action:

Road Department

Jerry Cline has requested Family Leave beginning September 14, 1998 which is twelve weeks of job protected leave. Additionally, he applied for long term disability on September 23, 1998. He received a paycheck for this pay period, but will not have enough hours for a full pay check next pay period. Request is made to approve Family Leave and the contribution of time. Commissioner Bevan Wilson made a motion to approve Family Leave and the contribution of time for Jerry Cline. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(19)

DISCUSSION OF BOY SCOUT CAMP NEAR BEAR CANYON CAMPGROUND

Under the conditional deed from the Bureau of Land Management in order to access the Boy Scout Campsite near Bear Canyon Campground Emery County will need to submit a plan to the BLM. An archeological search will need to be done on the site. Montgomery Archeological Consultants had been contacted and could do the search for \$1,385.00. Bevan Wilson recommended getting this work done before the snow flies. Commissioner Bevan Wilson made a motion to approve finding the funds to have the archeological search done in order to expedite the work at the Boy Scout Campsite. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(20)

DISCUSSION OF PLANNING/ZONING ISSUE IN LAWRENCE.

Commissioner Wilson received a letter from a citizen requesting an issue be discussed in Commission Meeting. The concern addressed was for a home up for sale in Lawrence that was a non-conforming lot. The lot was only two acres with insufficient water shares. The citizen was concerned that the buyer of this property would not be informed of the problems associated with the non-conforming status. Bryant Anderson, Planning & Zoning Director reported that this was an illegal, non-conforming lot which may cause financing problems for anyone wishing to purchase the lot. No other action was taken.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

November 18, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Kent Petersen, Commissioner Bevan Wilson, Attorney David Blackwell and Deputy Clerk/Auditor Carol Cox.

Commission Chairman Randy Johnson called the meeting to order at 4:00 P.M.

(1)  
APPROVAL CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List # 115695 through and including #115870 for payment.

A requisition was presented for the following:

<u>REQUISITION #</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

There were no dispositions presented at this time.

Commissioner Bevan Wilson made a motion to approve the Check Edit List and requisition for payment. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

“In reference to the minutes dated November 4, 1998 the decision to contribute \$1000.00 to UAC to participate in contributing to the UAC lawsuit has been postponed and will be included in the 1999 budget.”

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel action:

Sheriff's Office

Greg Funk completed POST training and is certified to perform the duties of a Patrol Deputy. Approval is requested to move Greg from Corrections Officer 12D \$11.77/hr. to Patrol Deputy 15A \$12.53/hr., effective September 3, 1998. Commissioner Kent Petersen made a motion to approve the request to move Greg Funk to Patrol Deputy at the rate outlined. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

The Sheriff's Department has been successful in receiving a grant from the Utah Department of Public Safety in the amount of \$26,300.00. The grant provides \$8,000. with a county contribution of \$6,300. for hiring personnel. Judy Lang has been the volunteer safe communities coordinator for several years. The grant now provides a wage for that service. Since the grant runs from October 1, 1998 to September 30, 1999 and Judy is the "subgrantee" contracted with the Utah Highway Safety Office, it appears it is a time limited position established for the purpose of conducting a special project and not covered under the Emery County Personnel Policy and Procedures. She would not be subject to the personnel policy. Pat Snowball interpreted this to mean that when the grant expires in September of 1999, Judy will no longer have a job. However, if it is determined that the program should continue under county funding, It is expected that a position would be budgeted, created, and recruited subject to personnel policy procedures. The Board of Commissioners expressed concern for the way the grant was written and as to whom assumes responsibility. It was decided that Commission Chairman Randy Johnson, Personnel Director, Pat Snowball and Clerk/Auditor, Bruce Funk will meet with Sheriff LaMar Guymon to discuss the details. Commissioner Kent Petersen made a motion to table this item of discussion. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Road Department

The Road Department requested approval to begin recruiting for a regular full time equipment operator/driver at Grade 12 Entry \$10.26/hr. This would cover the vacancy left by Terry Seager when he relocated to Green River to fill the vacancy left by Charles Watterson's death. The recruitment would be publically advertised as well as posted "in-house". Commissioner Bevan Wilson made a motion to approve beginning the recruiting process for a regular full time equipment operator/driver. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Library

Geraldine Mortensen has recently had back surgery and has suffered some complications. It is not clear when she will be back to work. She has requested Family Leave. It is likely she will not return before her vacation and sick time run out so approval is requested to ask for contributions of time. Commissioner Bevan Wilson made a motion to approve requesting for contributions of time for Geraldine Mortensen. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Further, request is made to temporarily allow Charlene Oviatt, Assistant Branch Librarian, who works part time, less than 20 hours per week to temporarily work more hours to fill in some time while Geraldine is off. The request would be effective only until December 31<sup>st</sup> with the end of this budget year. That will give time to Geraldine for her recovery. Commissioner Kent Petersen made the motion to allow Charlene Oviatt to temporarily fill in some time while Geraldine is off. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

#### Work Experience and Training

Pat Snowball reviewed with the Commissioners the Work Experience and Training (WEAT) program and the benefits the program could provide to the county. This program is available through Workforce Services.

(3)

#### MIKE MCCANDLES, EMERY TELEPHONE UPDATE.

Mike McCandles, Emery Telephone provided an update of activities. They have completed their system upgrade. Caller ID is on line and available to customers. Over the next year they will be marketing other products available with the upgrade. The company has decided to stay with the Emery Telephone name. They will be attending the Carbon County Internet & Technology Expo held in Price on November 19<sup>th</sup> where they will announce plans to begin competing with US West to supply phone service to Carbon County.

(4)

#### CITIZEN CONCERNS

Treasurer, JoAnn Behling requested abatement of taxes for TBI Exploration in the amount of \$16.33. Commissioner Kent Petersen made a motion to abate the \$16.33 in taxes for TBI Exploration. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Abatement was requested for Inez Stock, Green River in the amount of \$418.93. With Mrs. Stock's limited income she would have qualified for the circuit breaker, abating all of the taxes. Had she filed in time, Emery County would have been reimbursed by the state for the abatement.

Persons who qualify but miss the application deadline of September 1 may pay the taxes then file with the State Tax Commission for a refund dependent upon their income. Mrs. Stock is not able to pay the taxes and apply for a refund. Commissioner Bevan Wilson made a motion to abate the \$418.93 in taxes for Inez Stock. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(5)

ACCEPTANCE OF SERVICE AND DISCUSSION OF PROCESS AND DISCLAIMER LAW VS HOUSEKEEPER QUIET TITLE ACTION.

County Attorney, David Blackwell explained that this overlapping, noninclusive property next to Ruane Law's property in Orangeville. A few years ago Mr. Law inquired with Johansen & Tuttle as to how to acquire the land since it is land locked and has been within his fence line for nearly 40 years. He was told to begin paying the taxes on the land which he has been doing for six or seven years now. Mr. Law's request of the Commission was for them to sign a disclaimer which allows the property to go probate court. Attorney David Blackwell has looked over the document and recommends signing the disclaimer. Commissioner Bevan Wilson made a motion to sign the disclaimer for Law vs Housekeeper Quite Title Action. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(6)

DISCUSSION OF CHANNEL 26 ACTION

The Board of Commissioners have met with all the people involved with the proposals, however there is more to be discussed and looked into. Commissioner Bevan Wilson made a motion to table this discussion for now. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

CONSIDERATION AND APPROVAL OF A BUSINESS LICENSE.

Clerk/Auditor, Bruce Funk presented for consideration and approval a business license for Mark Minchey for storage rental units one mile north of Huntington on Highway 155. Zoning Administrator, Bryant Anderson has approved this license for conditional use. Commissioner Kent Petersen made a motion to approve the business license for Mark Minchey. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(8)

CONSIDERATION AND APPROVAL OF TAX ADJUSTMENT FOR WAYNE/KRISTY MAXFIELD.

Senior Appraiser, Carol Riddle requested tax adjustment for Wayne and Kristy Maxfield who lost their home to a fire earlier in the year. The request is to abate \$184.82. The Maxfields will pay \$258.76. The amount of the abatement is based on the length of time they were in the home during the year. Commissioner Kent Petersen made a motion to abate \$184.82 for Wayne and Kristy Maxfield. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(9)

DISCUSSION OF HEARING BEFORE THE UTAH STATE TAX COMMISSION.

Commissioner Bevan Wilson made a motion to table this discussion for now. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(10)

DISCUSSION AND APPROVAL OF LEASE AGREEMENT WITH CASTLE DALE CITY FOR WATER SHARES.

Commissioner Bevan Wilson made a motion to approve the lease agreement with Castle Dale City for water shares for the length of one year. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(11)

SETTING OF BUDGET HEARINGS

Commissioner Bevan Wilson made a motion to set additional budget hearing dates for Monday December 7, 1998 and Thursday December 10, 1998 at 9:00 A.M. The motion was seconded by Commissioner Kent Petersen and approved by all members present. The regular Commission meeting will be held on Tuesday December 15, 1998 with a Public Hearing set for 5:30 P.M.

(12)

DISCUSSION AND APPROVAL OF DEED TO LAWRENCE CEMETERY.

An error in tract description was found in the original deed to the Lawrence Cemetery. In an effort to correct the mistake Commissioner Bevan Wilson made a motion to deed the property received from Edna Cullum to Emery County for the purpose of a cemetery in Lawrence to John and Carol Oliver who will in turn deed the property back to Emery County showing the correct description for the actual location of the Lawrence Cemetery. Attorney David Blackwell will assist in getting the documents signed and notarized so that both documents are done at the same time. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

ROAD DEPARTMENT/LANDFILL ITEMS

Rex Funk, Road Supervisor reported the right-of-way for the Goblin Valley Phase III reconstruction project needs to be signed. The contractor for the project, Brown Brothers will begin work on the project by December 1, 1998. The project is anticipated to take 120 days for completion.

Rex is keeping a watchful eye on the graders that may be available for sale from the I-15 reconstruction project.

(14)

CONSIDERATION AND APPROVAL OF RESOLUTIONS ADDING SERVICES TO BOTH THE EMERY COUNTY SPECIAL SERVICE DISTRICT #1 AND THE EMERY COUNTY RECREATION SPECIAL SERVICE DISTRICT.

Having held all the legal meetings and Public Hearings regarding this matter and having received no written comments or protest Commissioner Bevan Wilson made a motion to approve Resolution 11-18-98A adding services to the Emery County Special Service District #1 and Resolution 11-18-98B adding services to the Emery County Recreation Special Service District. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(15)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Kent Petersen made a motion to approved the minutes dated September 23, 1998 and November 4, 1998 as corrected. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(16)

COMMISSION REPORTS.

*Commissioner Wilson*

Commissioner Wilson reported that the staff from UDOT and the Federal Highway Administration will hold a seminar sponsored by the Emery County Road Department in the courthouse on November 19, 1998 at 10:00 A.M. regarding the TEA-Transportation Bill. The purpose of the seminar is to receive briefings on the different funds available under this bill and how to qualify for them.

### ***Commissioner Petersen***

Commissioner Petersen reported on several Public Lands Sub-Committee meetings held recently.

Water Users Sub-Committee of Public Lands Council held a meeting on November 16, 1998 which involved the state engineer, officials from several state and federal agencies as well as many local people regarding water issues. This Water Users Sub-Committee has been helpful in resolving several local water issues that relate to mining.

Commissioner Petersen also announced that Commission Chairman Randy Johnson was voted Outstanding Commissioner at Utah Association Counties Convention.

### ***Commissioner Johnson***

Commissioner Johnson reported that Commissioner Kent Petersen was elected for a second year as Chairman of the Commissioners at UAC Convention. Also at the Utah Association of Counties Convention the Board of Commissioners voted unanimously to continue with the Wilderness Reinventory Lawsuit and the Monument Lawsuit.

Randy Johnson is working on a contract proposal between Grand County and Emery County to provide emergency services to those citizens of Grand County who live within the city limits of Green River City.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

December 2, 1998

Present at the meeting were Commission Chairman Randy Johnson, Commissioner Bevan Wilson, Commissioner Kent Petersen, Attorney David Blackwell, Sheriff LaMar Guymon and Deputy Clerk/Auditor.

Commission Chairman Randy Johnson called the meeting to order at 9:00 A.M.

(1)  
TOM ALEXANDER, UTAH POWER, QUARTERLY UPDATE.

Tom Alexander, Utah Power provided an informative update of local and corporate activity.

(2)  
MAUGHAN GUYMON, DISCUSSION OF ACQUISITION OF NEW VEHICLES.

Maughan Guymon, Director of Area Agency on Aging requested formalizing the process discussed in his department's 1999 budget process with regards to replacing the passenger van and two nutrition vans. The passenger van will be replaced with state pool vehicle through a lease purchase option. The application has already been signed and sent. Pending approval purchase of the nutrition vans would be made early January 1999. The vehicle replacement is being made without increasing the budgeted amount his department receives from Emery County but rather by using fund balance his department has accumulated over the years. Commissioner Bevan Wilson made a motion to authorize Maughan Guymon to proceed with the van lease and work with Bruce Funk for replacement of the nutrition vans to expedite purchase. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(3)  
JOAN BRINKERHOFF, REQUEST FOR DONATION TO MAKE QUILTS FOR COMMUNITY NEEDS.

The Board of Commissioners received a letter from Joan Brinkerhoff, Deputy Juvenile Probation Officer requesting donation for a winter youth community service project. Joan proposed making quilts for ambulance and sheriff deputy vehicles as well as other community needs. The Commissioners expressed acknowledgment of the juvenile probation program's effectiveness. Commissioner Kent Petersen made a motion to donate \$200.00 for the juvenile probation quilting project. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

CITIZEN CONCERNS

Commissioner Kent Petersen made a motion to notify UAC of Emery County's plan to participate in their bond issuance in 1999 for 2 million dollars. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(5)

DISCUSSION OF CHANNEL 26 PROPOSALS.

The Board of Commissioners discussed the proposals for the maintenance of Channel 26. Many concerns were discussed. Emery Telephone expressed concern for licensing. The original concept for the frequency license was for a rebroadcast station for broadcasting high school ball games and for an emergency system. Bret Mills, Communications discussed the problems associated with the licensing permits and his concerns for the way the license is being used. Commissioner Randy Johnson will meet with Sheriff Guymon and Bret Mills to reevaluate the use of the system. They will make a determination as to the use of the license so as to remain legal. The community has come to rely on the channel for public service announcements and it is the Commissions desire to have it stay in the county.

(6)

SETTING OF 1999 BUDGET WORK SESSIONS.

It was determined that this was not necessary as the sessions already set up may be extended.

(7)

SETTING OF PUBLIC HEARING TO AMEND THE 1998 BUDGET.

Commissioner Bevan Wilson made a motion to set a public hearing for December 15, 1998 at 5:15 for the purpose of amending the 1998 budget for all departments, Castle Valley Special Service District and Municipal Building Authority of Emery County. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(8)

ROAD DEPARTMENT/LANDFILL ITEMS

Discussion of Clawson Moto-cross.

Commissioner Wilson explained that Emery County had an agreement with BLM to use land in Clawson/Molen/Ferron area for Moto-cross. Because of changes made in fence lines Emery County has been encroaching on Pacificorp land. Emery County began negotiations with Utah Power to acquire the land. Utah Power has accepted Emery County's bid of \$2,000.00.

Commissioner Bevan Wilson made a motion to authorize Commission chairman to sign the documents as soon as they have been received and reviewed by Attorney David Blackwell. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Discussion of Des Bee Dove right-of-way acquisition.

While Howard Tuttle, Johansen & Tuttle Engineering was doing a survey of land for the LDS Church he inquired as to widening Emery County's right-of way deed on Des Bee Dove road. The LDS Church was agreeable to this and offered to move the fence to accommodate the deed. Emery County has been communicating with the LDS Church regarding placing a septic tank/recreational vehicle dump site with a grinder in this area due to the accessibility to sewer, water and power lines thus needing to negotiate widening the right-of -way to the desired parcel. The LDS Church is not favorable to do that at this time. The church has implied that if they were to give Emery County a widened right-of-way for that portion desired it would interfere with the sale of the property that they are negotiating with at this time. Emery County is looking at another option further north of the canal. Commissioner Bevan Wilson made a motion to accept the deeded right-of way for Des Bee Dove road from the LDS Church and to continue to negotiate for a widened area on right-of-way to accommodate for a future sanitation dump site. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Discussion of grader replacement for Green River.

Rex Funk presented pricing structure for a replacement grader for Green River. Wheeler Machinery and Scott Machinery offer a six month 0 percent lease, 100 percent towards the purchase price.

Other

Some time ago the Forest Service proposed Emery County assist in the development of a pit in Joe's Valley , however the initial development exceeds the ability of the county with the way they are set up with their crusher operation. Emery County was desirous to have availability to crushed product also and agreed to commit 10,000 cubic yards of crushed product from the Forest Service. The Forest Service bid the project which is development of the site, crushing of material and stockpile of crushed product with Emery County as a possible option. The Forest Service now needs to know if we want to go on with the project and commit for approximately

\$51,900.00 and come to terms with them on some kind of an agreement where we can pay as they go with the crushing. A fence would have to be put up to provide security as this is not part of the bid. There would be two stockpiles, one for Emery County and one for the Forest Service. This will assist the Forest Service in their contract to do road improvements on the six miles from Lower Joe's Valley to Upper Joe's Valley. The Forest Service has received funds for this project and needs to get going on it before they lose the funds. Rex Funk explained that funds for Emery County's portion of this project will have to come from Class B Roads.

Commissioner Bevan Wilson made a motion to authorize Commission chairman to sign the MOU with the Forest Service for 10,000 cubic yds of crushed product as soon as the document has been cleared by Rex Funk, engineers for the project and County Attorney David Blackwell. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Rex Funk also discussed the seats vacated by Bevan Wilson to Joint Highway Committee and UAC Transportation Committee. Bevan Wilson will draft a letter of thanks and resignation from those committees and offer recommendations for replacements to these committee seats. It is important that Emery County stay involved in these committees.

(9)

DISCUSSION OF HEARING BEFORE THE UTAH STATE TAX COMMISSION.

Assessor, Jim Fauver has received a factor order from State Tax Commission. The State Tax Commission said Emery County values were too low. Mr. Fauver met in an informal hearing with Blaine Willis, Ross Bartholomew and Kale Rogers who are over sales ratio. They did not come to an agreement at that point. Mr. Fauver felt like the factor order was unjust and the tax commission felt like it was not enough. Mr. Fauver subsequently sent the tax commission a proposal which would allow him to continue his reappraisal project which is on a five year reappraisal cycle. This year Castle Dale, Elmo and Cleveland are scheduled for reappraisals. This would raise the values in those areas similar to the way it raised values out in the county this year. They subsequently wanted to know how we are going to address those towns that have not been reappraised in the last two years. Mr. Fauver sent graphs showing the areas he has reappraised showing them right at 90%. The tax commission believes Jim Fauver is intentionally pegging the values at 90%. Mr. Fauver sent a stipulation to the tax commission stating his proposal to allow him to continue on his reappraisal cycle and raise the factor that would bring those towns previously reappraised in line with the towns that he is reappraising this year. First they wanted a formal hearing but have had a second thought and have accepted his stipulation. The stipulation is signed and in the mail for our review and signatures. This is the best scenario for Emery County. Mr. Fauver will get the stipulation to the Commissioners and Attorney, David Blackwell for their review as soon as they have arrived.

(10)

JEFF KELSEY, PRESENTATION OF WAYS TO MANAGE COUNTY HEALTH CARE COSTS.

Jeff Kelsey, Regional Manager, Intermountain Benefit Administrators proposed ways to manage rising costs of health care by using a network of preferred providers. Mr. Kelsey recommended using I.H.C. PPO Network and explained the benefits provided as well as the options for using doctors and hospitals not under the network. Using mail order prescription option was discussed as well as a three tier payment plan for a single employee at \$267.10, two people at \$400.00 or a family at 634.34. The Board of Commissioners expressed desire to have the local physicians and hospital be included in the package. Commissioner Bevan Wilson made a motion to adopt the three tier payment plan. The motion was seconded by Commissioner Kent Petersen and approved by all members present. Commissioner Kent Petersen made a motion to approve the mail order prescriptions option. The motion was seconded by Commissioner Bevan Wilson and approved by all members present. Decision on the carrier will be made on December 15, 1998 after review of options and provisions. The new plan will become effective January 1, 1999.

(11)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel action:

Justice Court

Kristi Morgan has approached the time to make the move to the next level in her progression to the working level in her classification. She will go from 5A \$7.91/hr to 6A \$8.23/hr. Effective December 15, 1998. Per policy, Judge Truman has approved this movement. Commissioner Bevan Wilson made a motion to approve the move for Kristi Morgan as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Extension

Cassie Jones has served a temporary up-to-90 day term which ended October 30, 1998. With Lynda Nelson being temporarily away, the office finds it necessary to depend on temporary help. Because of this, Cassie has been hired to serve another "up-to-90 day" term at a rate of \$7.00/hr., effective November 16, 1998. The term will end December 31, 1998 with the budget year. Commissioner Bevan Wilson made a motion to approve the up-to-90 day assignment for Cassie Jones. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

COMMISSION REPORTS

***Commissioner Kent Petersen***

Commissioner Petersen reported that December 3, 1998 is the date set for the December Prioritization/Funding Meeting of the Community Impact Board. Application from Emery County Fire Protection Special Service District for \$872,000.00(loan) funding of five fire trucks is on the agenda. We are hoping for a no interest loan.

***Commissioner Bevan Wilson***

Commissioner Wilson reported receiving a call from representative Brad Johnson. Rep. Johnson would like to visit with the Commissioners and elected officials regarding the upcoming legislative session. The Board of Commissioners will invite Rep. Johnson to visit during the budget hearings being held on December 7 and 10.

(15)

OTHER

Attorney, David Blackwell reported that advertising will begin for the sale of the Professional Building lot. The minimum bid acceptable is \$38,000.00. Bid opening will be January 6, 1999.

(16)

EXECUTIVE SESSION TO DISCUSS PERSONNEL AND POSSIBLE LITIGATION

Commissioner Kent Petersen made a motion to move into executive session to discuss personnel and possible litigation. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Upon returning to regular meeting Commissioner Kent Petersen made a motion to subsidize for the month of December the difference in the family insurance rate and the newly approved three tier rate of \$400.00 for two people scheduled to become effective on January 1, 1999 for Jerry Cline. Jerry has been approved for long term disability effective December 1, 1998 and will be eligible for Cobra Insurance benefits for eighteen months. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Commissioner Petersen recommended advising Castle Valley Special Service District and the Nursing Home of the new insurance rate changes that go into effect on January 1, 1999.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel action for approval:

Consideration and approval of Resolution 12-15-98A amending the personnel policy on death benefit for employees' beneficiary.

Request was made to amend the Emery County Personnel Policy to include the following:

Section 9 Fringe Benefits

9.4.c Holiday Leave, paragraph 9.4.c.a. adds the day after Thanksgiving as a designated County holiday.

Section 9.2 Death Benefit

9.2.a In the event a county employee dies while on the job and that employee is covered by the county's health insurance benefit at the time of his/her death, the county will pay the premium for coverage under COBRA for a period not to exceed six (6) months from the date of death. COBRA requirements will prevail.

9.2.b. In the event a county employee dies while off duty and that employee is covered by the county's health insurance benefit at the time of his/her death, the county will pay the premium for coverage under COBRA for a period not to exceed six (6) months from the date of death. COBRA requirements will prevail.

That paragraph 9.4.h.a.d. is divided as follows:

9.4.h.a.d. Hours over 960 shall accrue without limit and shall be reimbursed upon termination at 100%.

9.4.h.a.e. The beneficiary of an employee shall be reimbursed at 100% of the employee's sick bank if the employee dies while actively employed by the County.

9.4.h.a.f. For the purpose of this section, leaves of absence without pay will not be treated

as termination.

That the entire Section 9 be renumbered consecutively.

Commissioner Kent Petersen made a motion to approve the amendments to the Emery County Personnel Policy as presented. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

### Road Department

Interviews for the requested replacement Equipment Operator/Driver have been completed. Applicants screened for interviews were from the entire county. Selected for interviews were five individuals from the western area of the county and two from Green River.

The interview panel, consisting of Rex Funk, Ray Petersen, and Pat Snowball selected Randy Okerlund as the successful applicant who would be stationed in Castle Dale. Randy Okerlund would begin regular full time employment at the beginning of the next payroll period at a rate of \$10.26/hr eligible for benefits.

Commissioner Bevan Wilson made a motion to approve hiring Randy Okerlund to fill the position of full time Equipment Operator/Driver at the rate proposed beginning with the next payroll. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Additionally, Jerry Cline has been accepted on Long Term Disability. It is unlikely that he will be able to return to work. Since the recruitment took place in such close proximity of this advisement and because Green River applicants were considered in the recruitment, the department asks approval to hire Robert Davies as Equipment Operator/Driver to be stationed in Green River, effective at the beginning of the next payroll period at a rate of \$10.26/hr. This would be a regular full time position eligible for benefits.

Commissioner Bevan Wilson made a motion to approve hiring Robert Davies to fill the position of full time Equipment Operator/Driver at the rate proposed beginning with the next payroll. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

**5:15 P.M. PUBLIC HEARING-To receive public comment on opening and amending the 1998 budgets for the Emery County General Fund and other funds as noticed.**

Commission Chairman Randy Johnson opened the Public Hearing to receive comment on opening and amending the 1998 budgets for the Emery County General Fund and other funds as noticed.

Senior Deputy Clerk/Auditor, Brenda Dugmore explained that the amended budget reflects an increase to the General Fund of \$68,760.00 over the 1998 adopted budget. This includes a transfer of an additional \$200,000.00 to the insurance fund. Having been no comment regarding opening and amending the 1998 budget Commissioner Bevan Wilson made a motion to come out of the public hearing. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(4)

**5:30 P.M. PUBLIC HEARING- To receive public comment on the 1999 budgets of the Emery County General Fund and other funds as noticed.**

Commission Chairman Randy Johnson opened the public hearing to receive comment on the 1999 budgets for the Emery County General Fund and other funds as noticed. Clerk/Auditor Bruce Funk presented the 1999 budget for comment as follows:

General Fund Revenue:	\$8,981,346.00
General Fund Expenditures:	\$8,981,346.00

Expenditures:	\$ 104,600.00

Capital Replacement:

Revenue:	\$ 87,250.00
Expenditures:	\$ 87,250.00

Bruce Funk noted that the General Fund and other funds as noticed have been impacted by a decrease in centrally assessed property values. He recognized Brenda Dugmore for her diligence and hard work on preparing the 1999 budget as presented today.

Municipal Building Authority of Emery County which has a separate governing board has also been impacted by decrease in centrally assessed property values. The proposed 1999 budget is \$552,500.00 in revenue and expenditures.

Castle Valley Special Service District Manager, Darrell Leamaster presented the 1999 budget of the CVSSD for the General Fund, Capital Projects Account and Debt Service. Total revenue and expenditures for 1999 are \$1,222,500.00.

Jim Whear, Four Corners Mental Health will be leaving his office after twenty years of service. He thanked the Commissioners for their past support and asked for continued support for his replacement.

Commissioner Kent Petersen made a motion to come out of the public hearing. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(5)

CITIZENS CONCERNS

Darrell Leamaster, Emery County Project Review Board presented the 1999 Project List. The Community Impact Board requires all entities to prepare a project list for immediate, midterm and long term projects which must be on file by January 1<sup>st</sup>. Request was made to approve the project list and forward onto CIB. Commissioner Kent Petersen made a motion to approve the 1999 Project List and to forward the list to CIB in Salt Lake City. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

Richard Snowball, a member of the Weed Board thanked the Commission for support of the temporary workers for the Weed/Mosquito Department. The temporary workers are a great asset to the Weed and Mosquito Abatement efforts.

Maughan Guymon, provided insight on a recent special study group's findings regarding the Emery Senior Citizen Center. Dave Harrison, Design West, Jerry Mangum, Merlin Christiansen, Ken Stilson and Lance Farmer found the building to be unsafe for occupancy. Because the building is in such bad shape Maughan and Commissioner Wilson recommended Emery County vacate the building and the lease. Emery town officials have offered to allow the Senior Citizens to use Emery Town Hall building for their meal day. Maughan and Commissioner Wilson proposed to the Municipal Building Authority of Emery County building a new Senior Citizens/Community Center. Emery Town has offered to provide the land, sewer and water connection as in-kind match for a possible CIB loan. Maughan Guymon was hopeful that Emery County Commission would be supportive of that proposal. Commissioner Kent Petersen expressed agreement with the proposal to have the Sr. Citizens move to Emery Town Hall and to work with the MBA to submit to CIB for a loan to build a new Sr. Citizen/Community Center in Emery.

(6)

VARDEN WILSON, HUNTINGTON/CLEVELAND IRRIGATION COMPANY, REQUEST FOR ASSISTANCE WITH CEDAR CREEK PROBLEM.

Kay Jensen, Huntington/Cleveland Irrigation Company discussed with the Commission concern for depletion of funds needed to appeal a decision by the courts regarding Cedar Creek water. Their request is for any assistance in financing that appeal to the Utah State Supreme Court at a cost of approximately \$10,000.00 to \$15,000.00. The Board of Commissioners encouraged them to look into other funding possibilities.

(7)

CONSIDERATION OF RESOLUTION FOR DISTRIBUTION OF MINERAL LEASE

REVENUES.

The Board of Commissioners discussed the distribution of mineral lease revenues received by special service districts in Emery County. Currently mineral lease funds can be received by only one district. Therefore, the funds are received by Special Service District #1. The Special Service District was directed to establish a liability account to receive all mineral lease funds on behalf of special service districts established in Emery County as paid through the Utah Department of Transportation. The Emery County Commission has determined that the best use of the mineral lease and State PILT funds would be to disburse the funds among the several special service districts as follows:

Emery County Special Service District #1	68%
Castle Valley Special Service District	15%
Emery County Recreation Special Service District	11%
Emery County Fire Protection Special Service District	6%

As the Emery County Fire Protection Special Service District and Emery County have committed to purchase five new fire trucks, the Clerk/Auditor's office is directed to transfer upon receipt all State PILT Funds to the Fire Protection District to guarantee contracted lease and loan payments. The resolution may be amended from time to time to allow for changing needs of each district and the increase or decrease of available funds, however, the Fire Protection District shall be irrevocably guaranteed a minimum of \$235,000.00 each year for the next six years.

Commissioner Bevan Wilson made a motion to approve Resolution 12-15-98C, a resolution to establish a liability account within Emery County Special Service District #1 to receive Mineral Lease Funds and State Payment-in-Lieu of Taxes and disburse said funds to various special service districts in Emery County. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(8)

CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING THE 1998 BUDGETS FOR THE EMERY COUNTY GENERAL FUND AND OTHER FUNDS AS NOTICED.

Commissioner Bevan Wilson made a motion to approve Resolution 12-15-98B opening and amending the 1998 budget with the proposed adjustments. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(9)

CONSIDERATION AND APPROVAL OF RESOLUTION ADOPTING THE 1999 EMERY

COUNTY GENERAL FUND BUDGET AND OTHERS AS NOTICED.

Commissioner Bevan Wilson made a motion to approve Resolution 12-15-98D adopting the 1999 budgets for the Emery County General Fund, Class B Road Fund, E911 Fund, Library Fund, Economic Development Fund, Industrial Park Fund, RSVP Fund, Transient Room Tax Fund, Americorps Fund, Capital Projects Fund, Capital Replacements Fund, and Municipal Building Authority of Emery County. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Commissioner Bevan Wilson made a motion to approve Resolution 12-15-98D adopting the 1999 budget for Castle Valley Special Service District General Fund, Capital Projects Account and Debt Service. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Commissioner Kent Petersen made a motion to approve Resolution 12-15-98E authorizing the Budget Officer of the County to open and amend the 1998 budget and adjust the budget from department to department and from line item to line item where necessary. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

AUTHORIZATION OF TRANSFER OF \$200,000.00 TO INSURANCE FUND.

Senior Clerk/Auditor, Brenda Dugmore explained that the insurance fund is in a deficit for 1998. \$200,000.00 has been included in the amended 1998 budget. Commissioner Kent Petersen made a motion to approve the transfer of \$200,000.00 to the insurance fund. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(11)

CONSIDERATION AND APPROVAL OF WEED/MOSQUITO AGREEMENT WITH GRAND COUNTY.

Commissioner Bevan Wilson made a motion to approve the Weed & Mosquito Agreement with Grand County for \$13,037.96 which is \$3,259.49 per year for four (4) years. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(12)

CONSIDERATION AND APPROVAL OF DEFENSE ATTORNEY CONTRACT.

Earlier in the year Emery County Commission voted to participate in the Capital Defense Fund which is a fund created by the legislature to assist counties in dealing with the excessive expenses for indigent criminal, legal defense in capital cases. Because Emery County is a participant in that fund, we are eligible for assistance with an upcoming capital trial. Attorney David Blackwell presented to the Commission for consideration and approval a Defense Attorney Contract. Mr. Blackwell has reviewed the document and recommends signing the contract. Commissioner Kent Petersen made a motion to approve the Defense Attorney Contract. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(13)

CONSIDERATION AND APPROVAL OF LAND PURCHASE FOR CLAWSON  
MOTO-CROSS.

Approval was given on December 2, 1998 to authorize the Commission Chairman to sign the documents after review by Attorney David Blackwell regarding the acquisition of land from Pacificorp for land in the Clawson/Molen/Ferron area for the purpose of a moto-cross. The papers have been received, reviewed, signed and finalized on that purchase.

(14)

APPROVAL OF APPOINTMENTS TO NURSING HOME BOARD.

Emery County Nursing Board recommended appointing Randy Jensen to fill the seat vacated by Freida Fillmore. Commissioner Bevan Wilson made a motion to approve the appointment of Randy Jensen to the Nursing Home Board. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(15)

APPROVAL OF APPOINTMENTS TO EMERY COUNTY SPECIAL SERVICE  
DISTRICT #1.

Emery County Special Service District #1 voted unanimously to submit Mervin Duncan, Dean King and Bevan Wilson for reappointment. There were questions asked by people attending the meeting as to term limits and advertising for filling vacated seats on boards so the same people are not continually reappointed. SSD#1 Chairman, Merrill Swasey explained that the articles of incorporation for the SSD#1 states that board members must live within the district's boundaries. This means members must live in the county and not in the incorporated parts of the county. Advertising to fill vacated seats has been done in the past. However, the applications received were from individuals outside the boundaries of the district. After discussion on this issue

10

Commission Meeting  
December 15, 1998

Commissioner Kent Petersen made a motion to approve the reappointment request for Mervin Duncan, Dean King and Bevan Wilson to the SSD#1 board. Commission Chairman Randy Johnson stepped down to second the motion and it was approved by all members present.

(16)

APPROVAL OF APPOINTMENTS TO THE PUBLIC LANDS COUNCIL.

The Public Lands Council recommended reappointing Eugene Johansen, Wes Curtis and Dennis Worwood for two year terms beginning January 1, 1999. The council further recommended reappointing Perry Bunderson, Craig Johansen Tracy Jeffs and Ira Hatch to three year terms beginning January 1, 1999. The council also recommended that Bevan Wilson be appointed to fill the position that will be left by Ira Hatch when he begins his term as county commissioner in January. Ira Hatch will then take the position of Commission Board Member on the council. Commissioner Kent Petersen made a motion to approve appointment of Ira Hatch as Commission Board Member and Bevan Wilson as Board Member as well as the reappointing of council members as indicated beginning January 1, 1999. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(17)

APPROVAL OF APPOINTMENTS TO CASTLE VALLEY SPECIAL SERVICE DISTRICT.

Castle Valley Special Service District recommended reappointment of Dorr Hansen to serve on that board beginning January 1, 1999. Commissioner Bevan Wilson made a motion to approve the reappointment of Dorr Hansen to the Castle Valley Special Service District Board beginning January 1, 1999. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(18)

Matheson Group on the centrally assessed tax appeals. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(22)  
APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Bevan Wilson made a motion to approve the minutes dated December 2, 1998 as corrected. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(23)  
OTHER

Commissioner Kent Petersen made a motion to reappoint Mack Huntington and Ken Stilson to the Planning Commission Board. The motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(24)  
COMMISSION REPORTS.

*Commissioner Wilson*

Commissioner Wilson reported on a meeting he attended with Jay Mark Humphrey, Hal Guymon, representatives from Emery Water Conservancy District and Miles Moretti, DWR regarding elk problems in the Huntington South Flat area. They were looking for possible solutions to the problems caused by elk movements through fields and canals, damaging fences, lines in canals as well as crop loss. They are considering a depredation hunt as a method of controlling the situation.

(25)  
EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

An executive session was not necessary at this time.

(26)

MINUTES OF THE EMERGENCY MEETING  
OF THE EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

December 21, 1998

Those present at the meeting were Commissioners Randy Johnson, Bevan Wilson, Kent Petersen, Attorney David Blackwell, Assessor James Fauver, Deputy Treasurer Jo Ann Taylor and Clerk/Auditor Bruce Funk.

The meeting convened at 11:30 AM in the commission office conference room.

(1)  
DESERT GENERATION & TRANSMISSION TAX REFUND.

Emery County Treasurer JoAnn Behling had been advised by Desert Generation & Transmission (DG&T) in their letter of November 16, 1998 that a tax refund was due DG&T in the amount of \$349,351.14 (total for all county taxing entities) for years 1995 to 1997. This resulted from a settlement agreement dated on or about March 17, 1998. It was noted that Emery County had not received prior notification of the order or settlement agreement and was unaware that payment had to be made on or before December 21, 1998 or accrued interest of \$81,266.86 would also become due and payable.

Discussion and unanimous consent of the Commission was that Emery County should make every effort to pay the tax refund to D G & T to avoid the additional interest and to seek a judgement levy in 1999 to recover Emery County's share of the tax refund and associated costs. Other county taxing entities included in this refund would then make their share of the refund payment directly to Emery County.

Tax refund for each taxing entity as follows:

Emery County	\$96,673.16
Library	\$ 9,308.57
Water Consv. Dist.	\$ 8,101.72
Castle Valley SSD	\$72,677.41
Emery Co. School	<u>\$162,590.28</u>
TOTAL	\$349,351.14

Mr. Bill Peters, who served as legal council for the effected counties in the original agreement, is to be contacted for his recommendation and to negotiate any extension of time on the due date.

SETTING OF MEETING DATE AND TIME FOR CONSIDERATION OF INTERLOCAL  
AGREEMENT AND RESOLUTION WHEREIN EMERY COUNTY WOULD SHARE  
REVENUES WITH EMERY COUNTY FIRE PROTECTION SPECIAL SERVICE DISTRICT.

Motion was made by Commissioner Kent Petersen seconded by Commissioner Bevan Wilson to call a Special/Emergency meeting of the Emery County Commission for Tuesday, December 22, 1998 at 1:00 PM in the commission chambers to consider an interlocal agreement and resolution wherein Emery County would share revenues with Emery County Fire Protection Special Service District (District) for the purchase of fire protection equipment. The District will transfer funds back to Emery County upon receipt of loan monies from the Utah Community Impact Board.

Motion was approved by all members present.

Meeting adjourned at 12:45 PM

MINUTES OF THE SPECIAL/EMERGENCY MEETING  
OF THE EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

December 22, 1998

Those present at the meeting were Commissioners Randy Johnson, Bevan Wilson, Kent Petersen, Attorney David Blackwell, Treasurer JoAnn Behling and Clerk/Auditor Bruce Funk.

The meeting called to order by Commission Chairman Randy Johnson at 1:00 PM in the commission chambers.

(1)

CONSIDERATION OF INTERLOCAL AGREEMENT AND RESOLUTION # 12-22-98  
WHEREIN EMERY COUNTY WOULD SHARE REVENUES WITH EMERY COUNTY  
FIRE PROTECTION SPECIAL SERVICE DISTRICT.

County Attorney David Blackwell presented to the commission the Interlocal Agreement and Resolution # 12-22-98 for their consideration and approval. The Agreement and Resolution # 12-22-98 outlines the conditions under which Emery County will share revenues with the Emery County Fire Protection Special Service District (District). These will provide for the transfer of \$682,051.00 from the Emery County General Fund unappropriated fund balance to the District for the purchase of fire protection equipment. Payment is due by the District on the equipment on or before December 28, 1998. The District will transfer funds back to Emery County upon receipt of loan monies from the Utah Community Impact Board.

Motion was made by Commissioner Bevan Wilson seconded by Commissioner Kent Petersen to approve the Interlocal Agreement and Resolution # 12-22-98 authorizing the transfer of funds from Emery County to the District as outlined in both documents. Motion was approved by all members present. **(Note: see minutes of December 23, 1998 where payment will be delivered on January 4, 1999)**

(2)

OPEN AND AMEND THE 1998 EMERY COUNTY BUDGETS.

Because of the significant impact on the 1998 Emery County Budget due to transfer of funds to the Emery County Fire Protection Special Service District Motion was made by Commissioner Kent Petersen seconded by Commissioner Bevan Wilson to authorize the Clerk/Auditors office to open and amend the 1998 Emery County budgets and set a Public Hearing on January 5, 1999 at 9:00AM in the commission chambers for the purpose of ratifying the opening and amending of the 1998 Emery County budgets. The Clerk/Auditors office is to prepare the necessary resolution for ratification at that time and have published necessary notices in the paper. **( Note: No action required on this item, at this time - see minutes of December 23, 1998)**

(3)

USDA FOREST SERVICE PAYMENT FOR CRUSHED AGGREGATE MATERIAL.

Commissioner Bevan Wilson presented to the commission a claim from the Road Department for the purchase of 10,000 cubic yards of crushed aggregate material for a total cost of \$72,000 to be paid from Class B Road Funds. This was previously discussed and the agreement approved in the commission meeting of December 2, 1998. The anticipated cost amount shown in the December 2 meeting were based on costs per ton rather than per cubic yard.

Motion was made by Commissioner Bevan Wilson seconded by Commissioner Kent Petersen to approve the immediate payment to the USDA Forest Service in the amount of \$72,000.00 for the crushed aggregate material. Motion was approved by all members present. The Clerk/Auditors office is to make any adjustments as a result while amending the 1998 Emery County Budgets. **( Note: Payment deferred until 1999 - see minutes of December 23, 1998)**

Motion to adjourn the meeting at 1:30PM was made by Commissioner Kent Petersen seconded by Commissioner Bevan Wilson and approved by all members present.

MINUTES OF THE SPECIAL/EMERGENCY MEETING  
OF THE EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

December 23, 1998

Those present at the meeting were Commissioners Randy Johnson, Bevan Wilson, Kent Petersen, Attorney David Blackwell and Clerk/Auditor Bruce Funk.

The meeting called to order by Commission Chairman Randy Johnson at 12:00 Noon in the commission chambers.

(1)

ADOPTION OF RESOLUTION # 12-23-98 AUTHORIZING THE EXECUTION, ISSUANCE, AND DELIVERY BY THE COUNTY OF ITS FEDERALLY TAXABLE STAND-BY TAX & REVENUE ANTICIPATION NOTE AGREEMENT AND NOTE, SERIES 1998 IN THE APPROXIMATE AMOUNT OF \$350,000.

Emery County Attorney David Blackwell presented to the commission Resolution # 12-23-98 authorizing Emery County to execute, issue, sell, and deliver Federally Taxable Stand-By Tax and Revenue anticipation Note Agreement and Note to Zions First National Bank with a cumulative aggregate principle amount not to exceed \$352,351.14. Zions Bank would then on December 28, 1998 make payment to Desert Generation & Transmission the tax refund payment in behalf of Emery County. Emery County will then pay off the note in 1999 and make necessary budget adjustments.

Motion was made by Commissioner Kent Petersen to approve and adopt Resolution # 12-23-98 for the issuance and sale of Stand-By Tax Notes in the amount of \$352,351.14 as discussed. (Payment to Deseret Generation & Transmission is \$349,351.14 the balance of \$3,000.00 is credited to Zions Bank as a transaction fee.) Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(2)

USDA FOREST SERVICE PAYMENT FOR CRUSHED AGGREGATE MATERIAL - POSTPONED UNTIL 1999.

Emery County Clerk/Auditor Bruce Funk recommended to the commission that the claim from the Road Department, for crushed aggregate material from the Forest Service, presented and approved for immediate payment in the Special/Emergency meeting of the commission on December 22, 1998 be postponed for payment until the materials and invoice are received. The cost of the materials was not included in the 1998 "Class B" budget.

After discussion motion was made by Commissioner Kent Petersen to accept the recommendation of the Clerk/Auditor and make payment for the crushed aggregate material during the year 1999. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

(3)

EMERY COUNTY SHARES REVENUE WITH EMERY COUNTY FIRE PROTECTION SPECIAL SERVICE DISTRICT - PAYMENT AND TRANSFER TO TAKE PLACE IN 1999 BUDGETS.

The Fire Protection District will pick up the fire equipment on January 4, 1999. This will allow all financial transactions to be covered in the 1999 year and eliminate the need to open and amend the 1998 budgets. Motion was made by Commissioner Kent Petersen to approve the transfer of funds to the Fire Protection District on January 4, 1999. Seconded by Commissioner Bevan Wilson and approved by all members present.

(4)

EXTENDED HEALTH INSURANCE FOR TERMINATED AND RETIRED EMPLOYEES AND ELECTED OFFICIALS.

Commissioner Bevan Wilson reviewed with the Commission the need to take action in implementing extended health insurance benefits for terminated and retired employees. The proposal would allow terminated or retiring employees to remain on the health insurance by using accumulated sick leave and/or paying for the premium with cash. He felt that this might be an incentive for employees who want to retire, but can't because of lack of insurance. A replacement employee could then be hired providing some savings to the county. Elected officials after serving four years or more would also be covered.

Motion was made by Commissioner Kent Petersen to approve "in concept" the proposal with the understanding that the details will be worked out later. Motion was seconded by Commissioner Bevan Wilson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

January 5, 1999

Those present at the meeting were Commissioners Randy Johnson, Ira Hatch, Kent Petersen, Attorney David Blackwell, Deputy Clerk/Auditor Terry Williams other elected officials and citizens.

The meeting was called to order by Commission Chairman Randy Johnson at 9:00 AM in the commission chambers. Commissioner Johnson welcomed incoming Commissioner Ira Hatch.

(1)

APPOINTMENT OF CHAIRMAN TO THE BOARD OF EMERY COUNTY COMMISSIONERS FOR 1999

Motion was made by Commissioner Ira Hatch to appoint Commissioner Kent Petersen as Chairman of the Board of Emery County Commission for the year 1999. Motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)

APPROVAL OF COMMISSION RESPONSIBILITIES FOR 1999

Presented for Commission review was the prior year commission responsibilities. Commissioners Randy Johnson and Kent Petersen would basically keep most of the responsibilities they had last year with Commissioner Hatch assuming those responsibilities of former Commissioner Bevan Wilson. Commissioner Kent Petersen stated that he would like to have the Road Department as one of his responsibilities. Commissioner Randy Johnson noted that he would like to continue with the Fair for another year. Bruce Funk, speaking as a citizen, spoke in support for Commissioner Ira Hatch to be over the Road Department. After further discussion motion was made by Commissioner Randy Johnson to approve the 1999 Commissioner Responsibilities as follows:

BID OPENING ON PROFESSIONAL BUILDING

Commission Chairman Kent Petersen noted that this matter needs to be postponed until the commission meeting on January 19, 1999. The notice in the paper requires bids to be received on January 18, 1999 which is also a holiday therefore the Commission will extend the deadline until the 19<sup>th</sup>.

(4)

APPOINTMENTS TO PUBLIC LANDS COUNCIL

Commission Chairman Kent Petersen discussed briefly the terms and the staggering of terms for the Public Lands Council members. It was the Public Lands Council recommendation that all the members be reappointed with Ira Hatch appointed as the commission representative and Bevan Wilson appointed as a citizen representative as approved in the commission minutes of December 15, 1998. Commissioner Randy Johnson noted for the record that in the last Public Lands meeting, where this was considered, one member voted in opposition to the entire process and he has a problem reappointing that person. Commissioner Johnson felt that this might be one area where we can start advertising future vacancies. Commissioner Johnson suggested that this start next year when several board members terms are up. Kay Jensen, recognized the importance of many of the boards to all of us and that groups such as irrigation, cattlemen and others ought to have the opportunity to make recommendations to those boards and that advertizing these positions would help. It was suggested that members be limited to two terms and off at least one term. Commissioner Hatch suggested that notices be timely and specific as to the board positions being considered. Public Lands Administrator Val Payne further suggested that notices go out to specific groups that might have interests in a specific board.

Motion was made By Commissioner Randy Johnson to ratify the appointment of the members to the Public Lands Council in the commission meeting of December 15, 1998. Motion seconded by Commissioner Ira Hatch and approved by all members present.

(5)

RATIFY APPOINTMENTS TO THE PLANNING/ZONING BOARD

Commission Chairman Kent Petersen pointed out this matter was on the agenda for ratification of action taken in the commission meeting of December 15, 1998 wherein Mac Huntington and Ken Stilson were reappointed to the Planning/Zoning Board. The agenda at that time did not show this matter of business. Motion was made by Commissioner Randy Johnson to ratify the action taken in the December 15, 1998 meeting reappointing Mac Huntington and Ken Stilson to the Planning/Zoning Board. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

CONSIDERATION OF RESOLUTION # 1-5-99A AUTHORIZING EMERY COUNTY TO EXECUTE AND DELIVER ITS FEDERALLY TAXABLE STAND-BY TAX AND REVENUE ANTICIPATION NOTE AGREEMENT AND NOTE AND REPLACE THE PRIOR AGREEMENT - DESERET GENERATION & TRANSMISSION TAX REFUND

County attorney David Blackwell presented to the Commission Resolution # 1-5-99A which authorizes Emery County to execute and deliver its Federally Taxable Stand-by Tax and Revenue Anticipation Note Agreement and Note in the principal amount of \$352,830.73. This Resolution will replace the prior Agreement and Note approved in the meeting of December 23, 1998 as well as pay off that Zions First National Bank Note. Motion was made by Commissioner Ira Hatch to approve Resolution # 1-5-99A which authorizes Emery County to execute and deliver its Federally Taxable Stand-by Tax and Revenue Anticipation Note Agreement and Note in the principal amount of \$352,830.73. Motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

DISCUSSION OF STOCK CORRAL AT BEAR CREEK CAMPGROUND AND QUITCLAIM DEED

Bevan Wilson gave background on the stock corral and its use. The corral is located above the Bear Creek campground in Huntington Canyon. Mr Wilson recognized Joan Hubert and Wayne Ludington from the BLM, and Lee McElprang and Keith Larsen from Huntington Cattlemen Assoc. The property (60 acres) was received by Emery County on June 29, 1964 through a patent from the BLM for recreational use. On August 5, 1981 the strip of land containing the corral was deeded to Huntington Cattlemen Assoc. and a quitclaim deed was executed. The BLM claims their patent did not allow for such a transfer without permission from the Secretary of the Interior otherwise the title would revert back to the U.S. Government. Notice had been received from the Moab District San Rafael Resource Area office dated July 7, 1993 in that quit claim deeded property needs to revert back to Emery County or the Government will start action to revert the property back to the United States. The quit claim deed appears to be illegal in the eye of Emery County and BLM. In an attempt to straighten this up the BLM and Emery County propose the Cattle Association Deed the property back to the County and the County would lease it back to the Association for 199 years at \$1.00 per year.

Lee McElprang and others gave background and history on the corral and its use pointing out

that there has been a corral and established use prior to the BLM ownership of the land. Emery County traded the corral and property associated with it to the Association in exchange for a water right-of-way at the Huntington ball complex and the Association didn't know anything was wrong until 1993. The Association questions the claim that the quitclaim is illegal and until they have a meeting with their whole group they are not ready to sign the property back to the County. Commissioner Ira Hatch stepping down as Commissioner gave his involvement in the Association asking Joan Hubert and Wayne Ludington from the BLM what needs to be done to make this legal and for their assistance in making any application.

The Commission agreed to do anything they can to resolve this matter. Joan Hubert will contact her Solicitor in Salt Lake City and find out what can be done to best resolve the problem. No action was taken at this time.

(8)

#### CITIZEN CONCERNS

Dennis Ward of Huntington Cleveland Irrigation Co. expressed concern over illegal trash dumping in the Rowley Flats area. Flash floods wash the trash into the canals. The Sheriff will look into it. Suggested was the placement of dumpsters or assigning people doing community work to pick up trash.

Jay Mark Humphry discussed the damage caused to irrigation canals by elk South and West of Huntington. The repair costs could run as high as \$260,000.

Dennis Ward felt that wrecker rotation in the County was not even. Sheriff Guymon will discuss this with his department people.

Kay Jensen of Huntington Cleveland Irrigation Co reminded the commission of their prior request for financial assistance in their appeal on water rights. This matter has been referred to County Attorney David Blackwell for an opinion. **Note: See Commission Minutes of December 15, 1998 (item #6).**

(9)

REVISED 1999 COMMISSION MEETING SCHEDULE

Commission Chairman Kent Petersen noted conflicts in the adopted meeting schedule for 1999. It was his recommendation that the Commission consider making the first meeting of the month at 4:00 PM and the second meeting at 9:00 AM. After further discussion motion was made by Commissioner Randy Johnson that the meeting schedule for 1999 be revised as suggested and effective the first meeting in February and that the Clerk/Auditor's office notice it up. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

DISCUSSION OF UPCOMING LEGISLATIVE SESSION

Commission Chairman Kent Petersen acknowledged receipt of a memo from the Utah Association of Counties inquiring if Emery County had hired any lobbyists or appointed county representatives who will be present in the upcoming state legislative session. Emery County does not hire a lobbyist or assign a specific representative of the County.

(11)

DISCUSSION OF PACIFICORP 1998 RATE CASE

It was the consensus of the Commission that they had given prior approval for Bill Peters and the Matheson group to look after Emery County's interests in the upcoming PacifiCorp rate case. Therefore no action was taken at this time.

(12)

ADOPTION OF RESOLUTION # 1-5-99B DECLARING EMERY COUNTY'S INTENT TO PARTICIPATE IN THE 1999 UAC TAX ANTICIPATION NOTE PROGRAM

Senior Clerk/Auditor Brenda Dugmore presented to the commission Resolution # 1-5-99B which is a standard procedure. The resolution outlines Emery County's intention to participate in the 1999 UAC Tax Anticipation Note program. Motion was made by Commissioner Randy Johnson to adopt Resolution # 1-5-99B declaring Emery County's intent to participate in the program. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS

Clerk/Auditor Bruce Funk, presented to the Commission for approval the Warrant/Check Edit List #116913 through and including # 117086 for payment.

The following Requisitions were presented for approval:

NONE	IBM Selectric Typewriter	Economic Development	Junked

Clerk/Auditor Bruce Funk called attention to warrant #117008 to Nielson Construction in the amount of \$14,235.81 for work done on the Huntington Race track. The remaining 1998 budget for the project was \$8,829.00. After discussion a motion was made by Commissioner Kent Petersen to approve payment of the Warrant/Check Edit List with #11008 be for \$8,829.00 and the remaining \$5,406.81 to be paid to Nielsen Construction in 1999 and to approve the requisitions and dispositions as presented. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

PERSONNEL ITEMS

Road Department: Personnel Director Pat Snowball requested approval to hire Ron Wright in the Road Department as Equipment Operator/Driver at 12A or \$10.26/hr effective January 11, 1999. This is a regular full time position eligible for benefits. Motion was made by Commissioner Randy Johnson to approve the hiring as requested. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

Assessor's Office: Personnel Director Pat Snowball informed the commission that Shelly Gilpin who works in the State Tax Office has completed her six-month orientation period and is eligible to progress from 4A \$7.58/hr to 5A \$7.91/hr effective January 7, 1999. Assessor James Fauver has approved and makes the recommendation which is in compliance with the personnel policy. Motion to advance Shelly from a 4A \$7.58/hr to 5A \$7.91/hr as discussed was made by Commissioner Randy Johnson. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

Sheriff's Office - Safe Communities Coordinator: Personnel Director Pat Snowball reviewed discussion from the November 18, 1998 commission meeting regarding Judy Lang to work in the Safe Communities program. Clerk/Auditor Bruce Funk recommended that since these are grant

monies that Judy Lang be placed on a contract contingent upon receipt of those monies. The grant began October 1, 1998 and runs through September 30, 1999. It was also suggested that in the future that departments seeking grants involve the Clerk/Auditor and Personnel offices so that these issues and concerns are already resolved before coming to the Commission. After further discussion motion was made by Commissioner Randy Johnson to enter into a contract for services with Judy Lang. That the contract be prepared by the County Attorney with the approval of the Sheriff, Personnel, and Clerk/Auditor. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

Channel 26 - Susan Dorsch: Personnel Director Pat Snowball advised the Commission that Susan Dorsch needs to be furloughed for a couple of weeks in keeping with the policy on temporary employees. Clerk/Auditor Bruce Funk reminded that no monies have been budgeted for 1999 to cover Susan. Commissioner Randy Johnson will meet with Susan Dorsch and have a recommendation for the Commission at their next meeting.

Extended Health Insurance for Terminated and Retired Employees: Personnel Director Pat Snowball reviewed her proposal for Extended Health Insurance for Terminated and Retired Employees to be included in the personnel policy. The Commission noted that in the meeting of December 23, 1998 they had approved this matter in "concept only" and that details which Mrs. Snowball has gone through were not available nor approved in that action. Motion by Commissioner Randy Johnson is to ratify the action taken on December 23, 1998 approving "in concept only" such a proposal and that the details go out to all Elected Officials and Department Heads for their suggestions and comments and to bring it back to the Commission at a later time. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(15)

APPROVAL OF PREVIOUS COMMISSION MEETING MINUTES

The minutes of the December 15, 1998 commission meeting were reviewed and corrected. Motion to approve the minutes as corrected was made by Commissioner Randy Johnson, seconded by Commissioner Ira Hatch and approved by all members present.

(16)

COMMISSION REPORTS

Commissioners again welcomed Commissioner Hatch. Discussed upcoming meetings and the new vehicle registration fees.

(17)  
EXECUTIVE SESSION

Motion was made by Commissioner Randy Johnson to go into executive session to discuss personnel matters and possible litigation. Seconded by Commissioner Ira Hatch and approved by all members present. Those present were Commissioners Kent Petersen, Randy Johnson, and Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Personnel Director Par Snowball and Bruce Funk, Brenda Dugmore and Terry Williams of the Clerk/Auditors office.

(18)  
J.D. MANGUM - ADMINISTRATIVE LEAVE

This matter was discussed in executive session. Motion was made by Commissioner Randy Johnson to place J.D. Mangum on unpaid administrative leave from the Sheriff Department effective January 5, 1999. This decision is based on an Administrative Judge decision in December. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(19)  
ADJOURNMENT

Motion to adjourn the meeting was made by Commissioner Randy Johnson, seconded by Commissioner Ira Hatch and approved by all members present.

MINUTES OF THE REGULAR MEETING  
 OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
 HELD IN THE EMERY COUNTY COURTHOUSE

January 19, 1999

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Clerk/Auditor Bruce Funk, other elected officials and citizens.

Commission Chairman Kent Petersen called the meeting to order at 4:00 PM.

(1)  
APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS

Clerk/Auditor Bruce Funk, presented to the Commission for approval the Warrant/Check Edit List #117094 through and including # 117102 and # 117293 through and including #117413 for payment.

The following Requisitions were presented for approval:

2-99	Copy Machine - Capital Replace	\$7939.00	Approved
3-99	Light Bar/Siren etc - Sheriff	\$1179.92	Approved
4-99	Ambulance Cot - Ambulance	\$2750.00	Approved
5-99	(3) Laptop Computers - Sheriff	\$5997.00	Approved

The following dispositions were presented for approval:

<u>Asset #</u>	<u>Description</u>	<u>Department</u>	<u>Disposition</u>
001053	Moor Decollator	Data Processing	Auction
006142	Fujitsu Line Printer	Data Processing	Auction
NONE	Validator - Tax Receipt	Recorder	Transfer to Treasurer

Motion was made by Commissioner Randy Johnson to approve payment of the Warrant/Check Edit List, Requisitions and Dispositions as presented. Motion was seconded by Commissioner

Ira

Hatch and approved by all members present.

(2)

PERSONNEL / INSURANCE ITEMS

Personnel Director Pat Snowball presented the following for Commission consideration:

A. Extended Health Insurance for Terminated and Retired Employees: Personnel Director Pat Snowball presented a final draft of the proposed Extended Health Insurance for Terminated and Retired Employees to be included in the personnel policy. The Commission received input from employees, Elected Officials and Department Heads regarding this proposal. Commissioner Randy Johnson made a motion to approve the Extended Health Insurance for Terminated and Retired Employees. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

B. Terry Williams - Family Leave: Terry Williams of the Clerk/Auditor's office has requested Family Leave beginning on January 11, 1999 and ending on April 5, 1999. Motion to approve the Family Leave as requested was made by Commissioner Ira Hatch, seconded by Commissioner Randy Johnson and approved by all members present.

C. Overtime Calculation - Sick and Vacation: Personnel Director Pat Snowball noted that in regards to overtime calculation there have been two changes. Prior to December 15, 1995 Vacation and Sick hours were counted as hours worked in calculating overtime. Resolution # 2-15-95C deleted that section making those days off to be paid at straight time. The Clerk/Auditor's office discovered that they were not in compliance with the resolution. After notifying the Elected Officials and Department Heads they changed procedure to not count vacation or sick leave hours toward any overtime in any pay period. Most affected were law enforcement deputies because their pay periods are 160-178 hours. Sheriff LaMar Guymon and Sergeant Kyle Ekker felt that officers should be paid for time worked. Since the current policy was not followed during past two years and that most overtime hours were a result of call out time the County should remain with the old policy. They pointed out it would be difficult to call out people who have used any sick or vacation time in that time period knowing they won't get overtime pay. Commissioner Randy Johnson said that in passage of Resolution #12-15-95C it was not the Commission's intention to adversely impact the deputies as this has shown to be. After further discussion a motion was presented by Commissioner Randy Johnson to do away with Resolution #12-15-95C and continue with the old policy wherein sick and vacation hours are considered as hours worked and could be used to calculate overtime. The motion died due to lack of a second with Commissioner Kent Petersen indicating that he was not necessarily opposed but would like more time to look into the matter. Commissioner Ira Hatch felt the current policy should be followed and any proposed changes should be made by following the proper procedures for changing the policy. A meeting was set for Monday January 25<sup>th</sup> at 2:30 PM to discuss this further and that it be placed on the next Commission Meeting Agenda .

(3)

BID OPENING ON PROFESSIONAL BUILDING

The minimum bid of \$38,360.00 was set and advertized for the sale of the Professional Building property. One bid of \$44,151.00 was received from Emery Water Conservancy District. Commissioner Randy Johnson made a motion to accept the bid of \$44,151.00 from Emery Water Conservancy District for the sale of the Professional Building Property. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

SCHOOLS REQUEST DONATION FOR PLAYGROUND EQUIPMENT

Principals from elementary schools throughout the county were present with Kathleen Petersen, Principal of Ferron Elementary, as spokesperson. Their request of the Commission was for financial assistance in the purchase of playground equipment. The School District is providing \$25,000 to each school this leaves them short \$20,000 per school. The playground equipment must meet State safety and liability requirements. Mrs. Petersen feels that the equipment further serves the public when school is not in session. The Commission recognized the importance of the new equipment and the efforts made by principals, PTA, and others in fund raisers for such projects. The Commission suggested that the request be submitted to the Emery County Recreation Special Service District noting that County funds this year were very tight. That consideration be given spreading their requests over as many years as possible. No monies have been budgeted for such a request in 1999. The Commission suggested that a written request for any funding in 2000 be submitted to the Clerk/Auditor's office by the first of October 1999. No action taken at this time.

(5)

APPROVAL OF FOREST SERVICE LAW ENFORCEMENT AGREEMENT

Don Riddle of the U.S. Forest Service presented to the Commission the Annual Operating Plan and Financial Reimbursement Plan for law enforcement services from Emery County. This is the same agreement as in past years. Sheriff LaMar Guymon and County Attorney David Blackwell have reviewed it. Motion was made by Commissioner Ira Hatch to approve the agreement as presented. Motion was seconded by Commissioner Randy Johnson and approved by all members present.

(6)

CITIZEN CONCERNS - MAUGHN GUYMON - MINI-VANS

Maughn Guymon informed the Commission that he has received bids on the two mini-vans approved in his AOG budget. He has bids from Community Motors of Price which is \$103.00 more than the state bid pricing. He would like to purchase them from Community Motors because of the local service and availability. Since this involves the use of Emery County funds he therefore needs Commission approval. Motion was made by Commissioner Ira Hatch to

approve and authorize Maughn Guymon to proceed with the purchase of the vans as discussed from Community Motors. Motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

APPROVAL OF 1999 WILDLAND FIRE BUDGET

The 1999 Wildland Fire Budget between Emery County and Utah Division of Forestry, Fire & State Lands was presented for approval. Emery County now participates in the State Wildland Suppression Fund amounting to \$3,008.00 for an overall budget of \$15,308.00. The budgeted amounts were approved in the 1999 Emery County budget. A motion was made by Commissioner Randy Johnson to approve the budget as presented. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

APPROVAL OF RECREATION SPECIAL SERVICE DISTRICT BOARD MEMBER CHANGES

Shannon Hiatt, Director of the Emery County Recreation Special Service District, informed the Commission that Carol Ware has been appointed as Orangeville's representative on the Recreation Board. She will fill the remaining term of Howard Tuttle which expires December 31, 1999. Motion was made by Commissioner Randy Johnson to approve the appointment of Carol Ware to fill the unexpired term of Howard Tuttle on the Recreation Board. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

APPROVAL OF AGREEMENT WITH FAIR DIRECTOR

Emery County Attorney David Blackwell presented to the Commission the agreement between Emery County and Kathy Justice who will serve as Emery County Fair Director for 1999. Motion was made by Randy Johnson to approve the agreement. Motion seconded by Commissioner Ira Hatch and approved by all members present.

(10)

APPROVAL OF TERMINATION AGREEMENT REGARDING EMERY MEDICAL CENTER AND EMERY COUNTY'S RIGHT OF FIRST REFUSAL

Emery County Attorney David Blackwell presented to the Commission the agreement wherein Emery County terminates their right of first refusal to the Emery Medical Center. He pointed out that Emery County does preserve all rights to the ambulance garage (99 year lease from 1982). Motion was made by Commissioner Randy Johnson to approve the agreement and authorize Commission Chairman Kent Petersen to sign the agreement. Motion was seconded by

Commissioner Ira Hatch and approved by all members present.

(11)

APPROVAL OF BUSINESS LICENSE

Presented to the Commission was the Business License Application for “Wee Care”. The business will provide In-Home Child Care. Planning/Zoning Administrator Bryant Anderson has approved the application. Motion was made by Commissioner Randy Johnson to approve the business license. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

ROAD DEPARTMENT/LANDFILL ITEMS

Road Supervisor Rex Funk presented the following for Commission consideration;

A. Approval to obtain quotes on replacement tractors: As part of the Road Department equipment rotation program Mr. Funk would like permission to solicit quotes on two semi-tractors and one intermediate (1 ton) size truck. Motion to allow Mr. Funk to proceed in obtaining quotes only on the trucks discussed was made by Commissioner Randy Johnson. Motion seconded by Commissioner Ira Hatch and approved by all members present.

B. Approval to proceed with design work on Reeder Creek Bridge: Mr. Funk requested permission to proceed with the design work and replacement of the Reeder Creek Bridge from the flood budget. Commissioners Randy Johnson and Kent Peterson were in support of the funding to come from the Flood budget which has been the philosophy in the past. Commissioner Ira Hatch questioned the use of flood monies on this project in that it is not for flood damage but a bridge replacement. Commissioner Hatch suggested that since the bridge is on a “Class B” road that funding come from the County’s Class B road fund. After further discussion a motion was made by Commissioner Randy Johnson to authorize the Road Department to begin the replacement of the Reeder Creek Bridge with the design work with funding to tentatively come from Class B funds. The Commission will make a final determination as to funding at a later date. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

C. Approval to proceed with upgrades to the Des Bee Crossover Road: Mr. Funk outlined repairs that need to be done on the Des Bee Crossover Road. His request of the Commission was for approval to hire Johansen & Tuttle Engineering to put together the design work necessary to rehabilitate the road. Motion was made by Commissioner Randy Johnson to allow the Road Department to proceed with the design work on the road. Motion was seconded by Commissioner Ira Hatch and approved by all members.

D. Approval to dispose of Price River Bridge: Two bids have been received by the Road Department. It was the recommendation of Mr. Funk that the Bridge be sold to West Jordan City for the sum of \$1.00. The other bid was from Moab City. Motion was

made by Commissioner Ira Hatch to accept the bid and approve the sale of the bridge to West Jordan City. Motion was seconded by Commissioner Randy Johnson and approved by all members present.

E. Discussion of used tire regulations: Reviewed for the Commission were some of the changes in the administrative rules and guidelines regarding the disposing of used tires at the Landfill. The State has run out of money for the present. To dispose of the tires at this time would be at Emery County's expense. No action was taken at this time.

(13)

APPROVAL OF PREVIOUS COMMISSION MEETING MINUTES

Motion to table the minutes of December 21, 1998, December 22, 1998, December 23, 1998 and January 5, 1999 was made by Commissioner Randy Johnson. Motion seconded by Commissioner Ira Hatch and approved by all members present.

(14)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS

Motion to go into Executive Session was made by Commissioner Randy Johnson at 6:30 PM. Motion seconded by Commissioner Ira Hatch and approved by all members present. Those present were Commissioners Kent Petersen, Randy Johnson and Ira Hatch, Attorney David Blackwell, Personnel Director Pat Snowball, Sheriff LaMar Guymon, Road Supervisor Rex Funk and Clerk/Auditor Bruce Funk. Discussed was possible litigation and personnel matters.

(15)

CONVENING OF REGULAR MEETING - ADJOURNMENT

The Commission reconvened the regular commission meeting at 7:30 PM with a motion by Commissioner Randy Johnson to adjourn at 7:33 PM. Motion was seconded by Commissioner Ira Hatch and approved by all members present.

**February 2, 1999**

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Sr. Deputy Clerk/Auditor Brenda Dugmore and other elected officials and citizens.

Commission Chairman Kent Petersen called the meeting to order at 4:00 p.m.

(1)

EMERY COUNTY PROGRESS, PRESENTATION OF CITIZEN OF THE YEAR AWARD.

Emery County Progress Editor Doris Quinn was in attendance to present the Citizen of the Year Award to Garth Childs. Ms. Quinn read the nomination letter that was written by Randy Jensen. Garth Childs accepted the award and offered his thanks and appreciation.

(2)

GARTH CHILDS, EMERY COUNTY FIRE PROTECTION DISTRICT, REPORT ON NEW FIRE TRUCKS AND RELATED MATTERS.

Garth Childs, Emery County Fire Protection Special Service District Chairman, came before the Commission to give thanks for the Commission's help in acquiring the new fire trucks. Mr. Childs invited the Commission to adjourn for a few minutes to inspect the new trucks. A motion was made by Commissioner Randy Johnson to adjourn to go and inspect the fire trucks. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(3)

RICHARD MANUS, BLM, UPDATE ON QUARTERLY ACTIVITIES.

Richard Manus was unable to attend the meeting so Tom Rasmussen was present in his place. Mr. Rasmussen gave the Commission an update on the Environmental Impact Statements (EIS) that were underway including the Ferron EIS, US Gypsum, Williams Pipeline, Lila Canyon and Pines Track.

(4)

JOHN HEALY, FOREST SERVICE, UPDATE ON QUARTERLY ACTIVITIES.

John Healy, US Forest Service, showed the Commission a video from the new Forest Service Chief Dombeck. The video discussed the new agenda for the Forest Service. Mr. Healy also discussed the South Manti timber sale which covers about 24,000 acres. A decision should be issued on that timber sale toward the end of February.

(5)

MILES MORETTI, DWR, UPDATE ON QUARTERLY ACTIVITIES.

Mr. Moretti was unable to attend the meeting.

(6)

MIKE MCCANDLES, EMERY TELEPHONE, UPDATE ON QUARTERLY ACTIVITIES AND DISCUSSION OF VOICE MAIL SYSTEM FOR COURTHOUSE.

Mike McCandles, Emery Telephone, reported on the upgrade that has taken place over the past year. The process is now complete. The new call features have been very successful for the company. Currently internet service upgrades are being discussed. The call center is also continuing to do very well for Emery Telephone.

Mr. McCandles also reported on the cost to the County to acquire voice mail for the courthouse. To lease the system which would allow 20-100 mail boxes it would cost \$120.00 per month. If there were 20 users or less the cost would be \$6.00 per month per user.

(7)

MARK H. WILLIAMS, PRESENTATION OF CASTLE VALLEY TRAIL SYSTEM AND DISCUSSION OF ATV USE ON COUNTY ROADS.

Mark H. Williams presented to the Commission a map of proposed ATV trails and suggested that the County needs to adopt an ordinance specifying speed limits and which county roads can be accessed by ATV's. Discussion followed on whether it would be to the County's advantage of disadvantage to adopt an ATV trail map.

(8)

REQUEST FOR DONATION TO GREEN RIVER CLOSE-UP PROGRAM.

Commission Meeting Minutes

February 2, 1999

3

Commission Chairman Kent Petersen read a letter of request from a group of Green River high school students who are involved in the Close-up program. A motion was made by Commissioner Randy Johnson to approve a contribution of \$250.00 to the students to be taken out of dues and contributions. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

CITIZEN CONCERNS.

Garth Larsen, Ferron City Mayor, informed the Commission that Ferron City is filing an application for a walk/bike path on Canyon road. Mr. Larsen requested the Commission write a letter addressing the bridge on 8<sup>th</sup> west that when the bridge is replaced it will include a walking path. Commissioner Randy Johnson made a motion that a letter be written stating that when the bridge on 8<sup>th</sup> west is replaced it will include a walking/bike path and that the County encourages this type of use. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Joel Dorsch, Castle Dale City Council, requested the County's help in leveling the ground for the new ball field west of Esquire Estates. The Commission issued a directive to Road Supervisor Rex Funk to work this project into his schedule if possible.

Kay Jensen, Huntington Cleveland Irrigation Co., commended the Emery County Progress for their coverage of the illegal dumping problem and feels it will help make people aware of the damage illegal dumping causes to water canals. Mr. Jensen also made an appeal to the Commission for any help the County could provide in paying for their appeal on water rights.

(10)

ROAD DEPARTMENT/LANDFILL ISSUES.

Road Supervisor Rex Funk discussed with the Commission the Sufco proposal to build a road that would run through Quitcupah canyon. Comment letters must be received by February 20, 1999. The Commission agreed that a letter needed to be written stating the County's concerns over this issue.

Dale Stapley, UDOT Maintenance, informed Mr. Funk that UDOT is fencing a 13 mile stretch of Highway 24 and is requesting the County provide two cattle guard fixtures for the project. Commissioner Ira Hatch made a motion to approve Rex Funk to prepare two cattle guard fixtures

for UDOT. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

CONSIDERATION AND APPROVAL OF PUBLIC DEFENDER CONTRACT.

Attorney David Blackwell informed the Commission that this is virtually the same contract that was in place last year. The contract price has remained the same. Commissioner Randy Johnson made a motion to approve the public defender contract for 1999. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

APPROVAL OF RENTAL AGREEMENT WITH MILLS & VINING FOR COMMUNICATION RACK AND ANTENNA SPACE.

Attorney David Blackwell stated he had reviewed the contract and the cost is the going rate for other rented space. This is the first year to sign a formal agreement on the space rental. The rental agreement is for the repeater that is in Boardinghouse. A motion was made by Commissioner Ira Hatch, seconded by Commissioner Randy Johnson and approved by all members present to approve the rental agreement with Mills & Vining.

(13)

APPROVAL OF BUSINESS LICENSES.

Clerk/Auditor Bruce Funk presented to the Commission the following business licenses for their consideration and approval:

Ginette Bundersen doing business as Ideal Billing Service - medical billing services  
Toby Jorgensen doing business as G & O Creative Design - web page design  
VMS, Inc. - custodial and ground maintenance of rest stops.

Commissioner Ira Hatch made a motion to approve the above business licenses with final approval of VMS pending Planning & Zoning Administrator Bryant Anderson's approval. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(14)

DISCUSSION OF UTAH LOCAL GOVERNMENT'S TRUST SAFETY AND LOSS CONTROL SURVEY.

Chairman Kent Petersen read a letter from Utah Local Government concerning a loss survey that was conducted a few weeks ago. The letter gave praise to Personnel Director Pat Snowball and Road Department Supervisor Rex Funk for the professional manner in which the survey was conducted. The letter did not offer any suggestions stating that most of the issues have already been addressed and taken care of.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List for payment and requisitions and dispositions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(A)

Sr. Deputy Clerk/Auditor Brenda Dugmore presented to the Commission a summary of the adjustments made line item by line item, department to department to the 1998 budget.

Commissioner Randy Johnson made a motion to approve the adjustments made to the 1998

budgets, line item to line item, department to department. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(16)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

*Sheriff's Office*

The Sheriff's office is requesting approval to begin the recruitment process to establish a new roster and provide the Sheriff with a list of potential applicants to fill the vacancy left by J.D. Mangum. Commissioner Randy Johnson made a motion to allow the Sheriff to begin the recruitment process. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

*Assessor's Office*

The Assessor's office is requesting to begin an "in-house" recruitment for a Deputy Assessor, regular full time, eligible for benefits at a rate of 4A, \$7.58 per hour. This is to replace the vacancy left when Janet Petersen retired. A motion was made by Commissioner Randy Johnson to begin the "in-house" recruitment process for a Deputy Assessor. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

*Clerk/Auditor's Office*

The Clerk/Auditor's office is requesting ratification of Brenda Williams, appointed for an up to 90-day temporary assignment. Also the Clerk/Auditor's office is requesting approval to begin recruitment both "in-house" and to the public for a temporary, up to 9-month worker to perform clerical duties at a rate of \$7.58 per hour. Upon hiring this category worker, the temporary up to 90-day term will be ended. Commissioner Ira Hatch made a motion to approve the above request and to ratify the appointment of Brenda Williams for an up to 90-day temporary assignment. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

*Amending Personnel Policy for Emery County*

Personnel Director Pat Snowball presented to the Commission **Resolution 2-02-99** for consideration and approval. This resolution adds to Section 8 Compensation, paragraph 8.3.d.c. For all employees, hours taken off work for sick leave and hours taken off work for vacation

leave shall be calculated as hours worked for the purpose of this section. Add to Section 9 Fringe Benefits, a new subsection 9.5.j. Extended Health Insurance Coverage for Retired/Terminated Employees. Commissioner Randy Johnson made a motion to approve Resolution 2-02-99 amending the personnel policy effective January 1, 1999. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(17)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Ira Hatch made a motion to approve the minutes dated December 21, 1998, December 22, 1998, December 23, 1998, January 5, 1999 and January 19, 1999 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(18)

COMMISSIONER REPORTS.

Commissioner Ira Hatch reported that he had attended the Workforce Services Seminar in Moab. Commissioner Kent Petersen reported that the River Runs Through It bill is again before the State Legislature and is watching to see if it will make it through this year.

(19)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

A motion was made by Commissioner Ira Hatch and seconded by Commissioner Randy Johnson to move into executive session. The motion was approved by all members present.

(20)

OTHER BUSINESS.

***Pay Phone in Courthouse:*** The pay phone that was in the courthouse belonged to Phone Tel and they have since removed it. The shelf that is still there also belongs to them and they want to remove it. Discussion followed about installing a local phone in the hallway. It would be

available to the public to make calls on credit cards or calling cards but long distance calls would be blocked. The Commission decided to contact the phone company and look into the details and cost of installing a local phone.

***Water Connection in Green River:*** Clerk/Auditor Bruce Funk informed the Commission he had received a letter from Green River City concerning a piece of ground the County owns. The County needs to return a letter stating they want to continue the connection and pay the \$2.50 per month connection fee. It was the consensus of the Commission to keep the connection until the land can be sold or other arrangements made. The Commission directed Attorney David Blackwell to prepare the necessary paperwork to put the land up for sale.

***Deseret Generations Tax Appeal:*** Treasurer JoAnn Behling discussed with the Commission the Deseret Generation tax appeal that was paid back in January. The County paid the entire appeal and now needs to be reimbursed from the other taxing entities. The Commission agreed that each entity should levy their own judgment levy and instructed Ms. Behling to write a letter to the other entities requesting payment for their portion.

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**February 16, 1999**

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Sheriff LaMar Guymon, Sr. Deputy Clerk/Auditor Brenda Dugmore and other elected officials and citizens.

Commission Chairman Kent Petersen called the meeting to order at 9:00 a.m.

(1)  
MILES MORETTI, DWR QUARTERLY UPDATE.

Miles Moretti, DWR, was present to present the Commission a check in the amount of \$2,751.31 for payment in lieu of taxes for the Division of Wildlife Resources. Mr. Moretti also reported that the DWR released 25 wild turkeys last week at their Huntington game farm. The turkeys should spread up and down the river bottom.

(2)  
CONSIDERATION FOR ADOPTION OF A RESOLUTION AUTHORIZING THE ISSUANCE AND SALE OF EMERY COUNTY, UTAH TAX AND REVENUE ANTICIPATION NOTES, SERIES 1999A IN THE AGGREGATE PRINCIPAL AMOUNT OF \$2,000,000.00; AWARDING AND CONFIRMING SALE OF THE NOTES, AND ENTERING INTO CERTAIN COVENANTS AND MAKING CERTAIN REPRESENTATIONS IN CONNECTION THEREWITH; APPROVING THE FORM OF THE NOTES; AND RELATED MATTERS.

Clerk/Auditor Bruce Funk presented to the Commission the final documentation needing to be signed to close a \$2,000,000.00 tax anticipation note for Emery County. Commissioner Randy Johnson informed the public that most counties issue tax anticipation notes and it is a good way of doing business. The costs are very minimal to the County and allow us to pay our creditor's throughout the year in anticipation of tax revenues to be received at the end of the year.

Commissioner Randy Johnson made a motion to approve signing Resolution 2-16-99A and the final documents to close the \$2,000,000.00 tax anticipation note. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(3)

EMERY HIGH RODEO TEAM REQUEST FOR SPONSORSHIP.

Will Payne requested a donation from the County for the Emery High Rodeo team for their rodeo which will be held April 16 and 17, 1999. There are over 100 participants this year. Commissioner Randy Johnson made a motion to be a diamond sponsor for the Emery High Rodeo team which is a \$250.00 donation. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

AARON HOWE, FOREST SERVICE, REQUEST SUPPORT FOR GRANT APPLICATION FOR HUNTINGTON CANYON IMPROVEMENTS.

Aaron Howe was unable to attend the meeting so Brent Barney from the Forest Service was present in his place. Mr. Barney requested the Commission adopt a resolution in support of a grant application for Huntington Canyon improvements. The Forest Service is trying to reduce the sediment impact in the Canyon and improve the water quality. There is money available through the TEA-21 program. The resolution must be received by UDOT on or before March 3<sup>rd</sup>. Mayor Rowley, Huntington City, requested that UDOT take over the other pullouts that were scheduled to be constructed by Huntington City. Gaye Babcock, UDOT, stated that Huntington City would need to prepare an agreement that the City would maintain their portion of the project after the construction was completed. Commissioner Randy Johnson made a motion to request Attorney David Blackwell to prepare a resolution stating the County's support for the grant application for Huntington Canyon improvements. The motion also included encouraging the Forest Service to work with Huntington City to include their projects on the Forest Service's list.

(5)

CONSIDERATION AND ADOPTION OF A RESOLUTION AUTHORIZING THE ISSUANCE AND CONFIRMING THE SALE OF \$1,500,000.00 TAXABLE GENERAL OBLIGATION PUBLIC PURPOSE BONDS, SERIES 1999A OF CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH; AND RELATED MATTERS.

Darrel Leamaster, CVSSD District Manager, presented to the Commission Resolution 2-16-99B, authorizing the issuance and confirming the sale of \$1,500,000.00 taxable general obligation public purpose bonds. Mr. Leamaster informed the Commission that anytime there is a bond issue for CVSSD, it must be approved in a Commission meeting. The bonds are a loan through the CIB board with 0% interest rate and a five year payback period with payments beginning January 1, 2000 and ending on January 1, 2006. Mr. Leamaster stated that the money from the bonds would be used for aerial photography, roads, curb & gutter, drainage and sewer. Kent Michie, Zions Bank, discussed with the Commission the different information contained in the resolution.

Commissioner Randy Johnson made a motion to approve resolution 2-16-99B. The motion was

3

Commission Meeting Minutes  
February 16, 1999

seconded by Commissioner Ira Hatch and approved by all members present.

(6)

CITIZEN CONCERNS.

Glenda DeCaro came before the Commission to discuss Economic Development and their loan process. Ms. DeCaro is a small business owner in Huntington and her husband were issued a loan by the Economic Development Board. She indicated that she and her husband were no longer married and that she had made some attempt to satisfy their obligation and that she would like to be granted some kind of relief on the loan. Commissioner Kent Petersen stated that the Commission had no authority to make any decisions concerning the Economic Development Board but that the Commission would be willing to talk with the Economic Development Board so see if an agreeable solution to all parties involved could be reached. Commissioner Ira Hatch encouraged Ms. DeCaro to work with the Economic Development Board to create a payment schedule.

(7)

CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN THE BLM AND EMERY COUNTY ON CLEVELAND/LLOYD DINOSAUR QUARRY.

RosAnn Fillmore, Economic Development, presented an agreement to the Commission for their consideration. The agreement is between Emery County and the BLM. Emery County agrees to do certain improvement projects at the Cleveland/Lloyd Dinosaur Quarry and in return the BLM will pay the County approximately \$12,000 in fees that were collected at the Quarry. The County completed the improvements last summer with the help of AmeriCorps workers. This agreement is the easiest way to get the money from the BLM to the County.

Commissioner Ira Hatch made a motion to approve the agreement with the BLM. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(8)

DISCUSSION OF PROPERTY TAXES ON NIELSON CONSTRUCTION/EMERY COUNTY PROPERTY TRADE.

County Assessor James Fauver informed the Commission that there was \$124.97 owing on the piece of ground that the County took over from Nielson Construction in a property trade. The property was formerly green belt ground and State law requires the rollback taxes to be paid before the title can be transferred. A title search was done on the property and did not pick up the outstanding tax liability. A similar situation occurred on a piece of ground owned by Steven

Williams (taxes are paid by Mark H. Williams). The Emery County road department obtained a right of way leaving a rollback tax of \$12.49 on that piece of ground.

Mr. Fauver pointed out that the Commission had two options: they could inform the prior owners that they had to pay the tax or the Commission could abate the taxes. It was the consensus of the Commission that since the transfers were a benefit to the County the previous owners should not be held liable for the outstanding taxes due.

Commissioner Randy Johnson made a motion to abate the taxes of \$124.97 due from Nielson Construction and \$12.49 due from Steven Williams. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

PLANNING/ZONING COMMISSION REQUEST SETTING OF PUBLIC HEARING ON LARGE SITE PLAN FOR UTAH AMERICAN ENERGY, INC. LILA CANYON COAL MINE.

Mack Huntington, Planning & Zoning Chairman, informed the Commission that the Planning & Zoning Committee has reviewed an application from Utah American Energy, Inc. for a large site plan on the Lila Canyon coal mine. The Committee has approved the application. Jay Marshall, Utah American Energy Inc., displayed a map of where the mine would be. At full capacity the mine should employ 125-130 people. Some discussion followed concerning road issues. Mr. Huntington stated that the road issues are the authority of the County Commission. Commissioner Randy Johnson made a motion to set a public hearing on March 16, 1999 at 10:00 a.m. to receive public input on the Lila Canyon coal mine. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

ROAD DEPARTMENT/LANDFILL ISSUES.

Rex Funk, Road Dept. Supervisor, discussed with the Commission the problem of old tires that are being received from the Green River area. The landfill has no way of disposing of the tires. The Commission instructed Mr. Funk to send a letter stating that the Emery County Landfill will no longer accept contaminated tires.

Mr. Funk also stated that the engineers have staked out the new ball field behind Esquire Estates. The road department has begun work to level out the field.

(11)

APPROVAL OF VOICE MAIL FOR COURTHOUSE.

Commissioner Randy Johnson made a motion to approve installing voice mail in the courthouse. Commissioner Ira Hatch was out of the room at the time of this motion. As a result, Commissioner Kent Petersen stepped down to second the motion. The motion was approved by all members present.

(12)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check/Edit List #118043 through and including #118218 for payment.

Dispositions were presented for the following:

<u>ASSET #</u>	<u>DESCRIPTION</u>	<u>HOW DISPOSED</u>	<u>ACTION</u>
4694	'86 INTER. DUMP TRUCK	TRADED IN	APPROVED
5432	'85 TRACTOR	TRADED IN	APPROVED

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List for payment and dispositions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Jeff Kelsey, IBA Administrator, provided the Commission with an update of how we stand after seven months of our twelve month contract for insurance has gone by. Our claims are a little higher than estimated at the beginning of the year and will likely result in an insurance increase at renewal time. Mr. Kelsey thought it was important to bring to the Commission more discussion about joining a Preferred Provider Organization to try and cut some of our insurance costs. Commissioner Kent Petersen stated he thought it was important to look into this matter and set a target date for July when we renew our insurance policy.

Pat Snowball presented the following personnel matters:

***Extension***

Cassie Jones has been appointed for an up to 90 day temporary position effective February 4,

1999 at a rate of \$7.00 per hour. Commissioner Randy Johnson made a motion to ratify the appointment of Cassie Jones as an up to 90 day temporary clerical worker for the Extension office. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

### ***Road Department***

The Road department would like to begin recruitment for two up to 9 month temporary positions. These positions will be equipment operator/drivers at \$10.26 per hour effective April 5, 1999. Commissioner Ira Hatch made a motion to allow the Road department to begin the recruitment process for two up to 9 month temporary positions. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

### ***Assessor's Office***

The Assessor's office is requesting approval to hire Shelly Gilpin as Deputy Assessor at her current wage of 5A \$7.91 per hour effective February 22, 1999. Also, the Assessor's office is requesting approval to begin an "in-house" recruitment for Title and Registration Tech, 4A \$7.58 per hour regular part time, eligible for pro-rated benefits. Commissioner Randy Johnson made a motion to approve the above request. Commissioner Ira Hatch seconded the motion and it was approved by all members present.

Personnel Director Pat Snowball also discussed with the Commission the request from the Recreation District that the County allow the "Horse Thief Trail Ride" event they are sponsoring to come under the County's liability umbrella because coverage is not available through the Recreation District without purchasing additional coverage. Discussion followed concerning the County's involvement in these kinds of activities. It was the consensus of the Commission to change the name of the fair director to activities director so that these type of events could be covered by the County liability insurance. A motion was made by Commissioner Randy Johnson to be a sponsor of the "Horse Thief Trail Ride" covering the event under Emery County's liability insurance. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

### **APPROVAL OF COMMISSION MEETING MINUTES.**

Commissioner Randy Johnson made a motion to approve the minutes dated February 2, 1999 as

7

Commission Meeting Minutes  
February 16, 1999

corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(15)

COMMISSION REPORTS.

***Commissioner Hatch***

Commissioner Ira Hatch discussed the new fire trucks that the Fire District recently purchased and stated that there were requests from other county entities to receive one of the old trucks that were replaced. It was decided that the other county entities would need to contact the Fire District and put in a request to them for the old trucks.

***Commissioner Johnson***

Commissioner Johnson complimented Commissioner Petersen on his being active in the legislature this year. He stated that he was pleased with the progress of the River Runs Through It bill up to this point.

***Commissioner Petersen***

Commissioner Petersen stated there are two bills that are important to Counties before the legislature. The first would require that any judgment levies by Counties must go through the truth-in-taxation process and the second is the bill requiring a vote of the people before any increase in property tax can take place.

(16)

OTHER BUSINESS.

Shannon Hiatt, Recreation District Director, informed the Commission that the upcoming rodeo has received PRCA approval. He also told the Commission that Recreation District Board Member Kent Larsen, representing Ferron City, would no longer be able to continue as a board member due to work conflicts. Ferron City recommended appointing Mayor Garth Larsen as a board member until the term expires. Commissioner Ira Hatch made a motion to ratify the appointment of Garth Larsen to the Recreation District Board. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(17)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

There were no matters for executive session.

Commission Meeting Minutes  
February 16, 1999

(18)  
ADJOURNMENT.

Commissioner Ira Hatch made a motion to adjourn the meeting. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

ATTEST: \_\_\_\_\_ CHAIRMAN: \_\_\_\_\_

**MINUTES OF THE REGULAR MEETING**  
**OF THE BOARD OF EMERY COUNTY COMMISSIONERS**  
**HELD IN THE EMERY COUNTY COURTHOUSE**

**March 02, 1999**

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sr. Deputy Clerk/Auditor Brenda Dugmore and other Elected Officials and Citizens.

Commission Chairman Kent Petersen called the meeting to order at 4:00 p.m.

(1)

DELENA FISH, DEPARTMENT OF WORKFORCE SERVICES.

Delena Fish, Workforce Services, presented to the Commission an activity report showing the job placements over the last year. Ms. Fish also informed the Commission of the workshops and training programs that would be taking place in the near future.

(2)

BRANDON BEHLING, REQUEST FOR SUPPORT OF EAGLE PROJECT.

Brandon Behling requests financial support for an eagle scout project. The project consists of making quilts to be donated to the Sheriff's Department for distribution to people in need after being involved in an accident. Commissioner Ira Hatch made a motion to contribute up to \$250.00 to cover the cost of the materials. Commissioner Randy Johnson seconded the motion. The motion was approved by all members present.

(3)

CAROL WARE, ORANGEVILLE CITY, REQUEST FOR ASSISTANCE WITH STABILIZATION OF COTTONWOOD CREEK.

Carol Ware and Mayor Thayne Cox, representing Orangeville City, were present to request assistance with bank stabilization of the Cottonwood Creek to prevent loss of property in Orangeville City's park and to protect the existing sewer line which services the northwestern part of Orangeville. Carol Ware informed the Commission that the embankment has eroded away and is cutting into the berm that has protected against high water. Howard Tuttle from Johansen & Tuttle Engineering has evaluated the situation and recommends 250 yards of rip rap be placed against the south bank of the creek for a length of 200 feet. The estimated cost for the entire project is \$8,000-\$10,000. County Road Supervisor Rex Funk has agreed to lend the use of County equipment and a County operator with the rip rap coming from the County landfill

area. It would be necessary to contract with a local contractor to haul the rip rap. The cost for the hauling contract would be about \$2,500 to \$3,000. This project would constitute giving up County Road Department assistance this year for Orangeville City's community clean up day. Commissioner Ira Hatch made a motion to approve the project up to \$3,000.00 according to the conditions as spelled out above. The motion also included if work was needed on the North bank further discussions would be needed at that time. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(4)

CITIZEN CONCERNS.

Kay Jensen, Huntington/Cleveland Irrigation Company, informed the Commission that Huntington/Cleveland Irrigation Company was having trouble getting a reply concerning permanent easements from the US Forest Service Regional office in Ogden, Utah. Receiving a permanent easement would be much cheaper for the Company and add stability. The Huntington/Cleveland Irrigation Company has been working on this problem since 1996. Commissioner Ira Hatch suggested that it would be worthwhile to check with other irrigation companies in the area and see if they are having the same problem. Commissioner Ira Hatch made a motion to write a letter to the US Forest Service Regional Office requesting a reply as to why there has been no response concerning permanent easements. Commissioner Randy Johnson seconded the motion and it was approved by all members present.

(5)

APPROVAL OF CONTRACT WITH MUSEUM FOR PART-TIME EMPLOYEE.

Attorney David Blackwell presented to the Commission a contract with Janet Petersen for part-time services at the San Rafael Museum. Commissioner Ira Hatch made a motion to approve the above contract. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(6)

APPROVAL OF AMENDMENT TO FAIR DIRECTOR CONTRACT.

Attorney David Blackwell recommended an amendment to the Emery County Fair Director contract dated January 19, 1999. The duties of the Director would be expanded to include responding to the Emery County Board of Commission as well as the Emery County Fair Board. Commissioner Randy Johnson made a motion to adopt the agreement and get it signed by Kathy Justice, the current Fair Director. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

RATIFICATION OF RESOLUTION SUPPORTING TEA-21 HUNTINGTON CANYON ROAD GRANT APPLICATION.

Commissioner Randy Johnson made a motion to ratify Resolution #02-16-99C supporting the TEA-21 Huntington Canyon Road Grant application. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

ROAD DEPARTMENT/LANDFILL ISSUES.

Rex Funk, Emery County Road Dept. Supervisor, reported to the Commission that the Castle Dale ball field is now to the point that Castle Dale City should be able to finish it. It took about two weeks to get the field leveled.

Mayor Hansen from Green River City has requested help from the Emery County Road Department for chipping and sealing approximately five miles of road this year.

Mr. Funk also reported on the progress of the Goblin Valley road project. The project has been well coordinated and very well received.

(9)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check/Edit list #118453 through and including #118567 for payment.

Requisitions were presented for the following:

<u>REQUISITION #</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
15-99	Oxygen Acetylene Welding Set/up Weed & Mosquito	425.00	Approved
16-99	Metal Detector/Sheriff	420.00	Approved
17-99	Laptop Computer/Safe Comm.	2,428.95	Held
18-99	Cabinets/Road	664.00	Approved
19-99	Truck Bed/Road	1,395.00	Approved

Dispositions were presented for the following:

<u>ASSET #</u>	<u>DESCRIPTION</u>	<u>HOW DISPOSED</u>	<u>ACTION</u>
5891	Okidata Printer	Auction	Approved
1318	File Card Box	Auction	Approved
4899	Printer-1080-I	Auction	Approved
6275	Okidata Printer	Auction	Approved

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List for payment and requisitions and dispositions as presented with the exception of the laptop computer for Safe Communities. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(10)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director Pat Snowball presented the following:

***Health Insurance***

The initial amendment to allow mail order of maintenance drugs was incorrect in that it specified a percentage as a copay. It actually requires a dollar amount for the copay. The suggested copays are: for generic drugs the employee pays a \$10.00 copay, then the plan pays 100%; for brand name drugs the employee pays a \$25.00 copay, then the plan pays 100%. Commissioner Ira Hatch made a motion to allow the Commission Chairman to sign the amendment to the agreement for mail order prescriptions. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

***Assessor***

The Assessor's office is requesting approval to allow the transfer of Joyce Staley from the Road Department to the Assessor's Office - State Tax, Department of Motor Vehicles at her current rate of 8B \$9.14/hr, in the regular part time capacity, eligible for prorated benefits, effective March 8, 1999. Commissioner Randy Johnson made a motion to approved the above transfer effective March 8, 1999. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

### ***Road Department***

The Road Department requests approval to recruit for the vacancy left by Joyce Staley which is a part time position working 20-39 hours per week at a rate of 4A, \$7.58 per hour, eligible for prorated benefits. Commissioner Randy Johnson made a motion to approve the Road Department to begin the recruitment process. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

### ***Clerk/Auditor***

The interviews of six applicants for the accounts payable/clerical position resulted in a recommendation to hire Brenda Williams who currently works in the up to 90 day temporary capacity in the Clerk/Auditor's office. Approval is requested to hire Brenda Williams in the up to nine month temporary capacity effective March 8, 1999 at a rate of 4A, \$7.58 per hour. Commissioner Randy Johnson made a motion to approve the above request effective March 8, 1999. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

### **CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.**

Commissioner Ira Hatch made a motion to approve the minutes dated February 16, 1999 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(12)

### **COMMISSIONER REPORTS.**

#### ***Commissioner Hatch***

Commissioner Hatch discussed a problem with the locks on the cabinets in the small conference room and requested that the locks be moved from the top of the cabinets to the bottom. Commissioner Hatch also discussed Representative Brad Johnson's bill that allocates funds for GIS. Commissioner Hatch suggested the County start the process for getting our name on the list of grantees.

***Commissioner Johnson***

Commissioner Johnson reported that he met with all of our delegation members while in Washington D.C. for NACO meetings. Both Senator's stated that they were in favor of our bill and were waiting for the timing to be right for its presentation to Congress. Commissioner Johnson also reported that there was an increase in the funding level of PILT which should result in an increase of County PILT monies over the next five years.

***Commissioner Petersen***

Commissioner Petersen reported that the last day of the State Legislature was March 3, 1999. The county annexation bill passed without opposition in the State Legislature. If the bill is signed by the Governor the Green River annexation question will be on the ballot in the year 2000. Commissioner Petersen also discussed other legislative issues.

(13)

**ADJOURNMENT.**

Commissioner Randy Johnson made a motion to adjourn the meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

ATTEST: \_\_\_\_\_ CHAIRMAN: \_\_\_\_\_

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**March 16, 1999**

Present at the meeting were Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Sr. Deputy Clerk/Auditor Brenda Dugmore and other Elected Officials and Citizens. Commission Chairman Kent Petersen was excused from the meeting due to illness.

The meeting was called to order at 9:00 a.m.

(1)  
APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check/Edit list #118768 through and including #118960 for payment.

Requisitions were presented for the following:

<u>REQUISITION #</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
17-99	Laptop Computer/Safe Comm	2,428.95	Approved
20-99	Library Shelving	17,037.57	Approved
21-99	Flatbed Trailer/Weed & Mosq	2,665.00	Approved
22-99	Welder/Weed & Mosq	500.00	Approved
23-99	Camera/Assessor	444.00	Approved
24-99	Ultralight Projector/Safe Comm	3,384.00	Approved

Commissioner Ira Hatch made a motion to approve the Warrant Check/Edit List for payment and requisitions as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(2)  
PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION

Personnel Director Pat Snowball presented to the Commission quotes on furniture and appliances for the downstairs break room. Discussion followed as to what appliances and furniture would be necessary. Commissioner Randy Johnson suggested identifying a source of funding to make this project possible. He also suggested that Ms. Snowball talk to the other departments to get their feedback and after that was done to put this item on the agenda and

make a final decision.

(3)

CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.

Clerk/Auditor Bruce Funk presented to the Commission a business license for David Elliott. Mr. Elliott sharpens clipper blades for vet clinics. Planning & Zoning Administrator Bryant Anderson has signed off on this business license. Mr. Funk also presented a beer license renewal for Mr. Blaine Luke for his business at Trail Mountain Lodge. Commissioner Ira Hatch made a motion to approve the new business license and the renewal of the beer license. Commissioner Randy Johnson seconded the motion and it was approved by all members present.

(4)

PLANNING/ZONING REQUEST APPROVAL FOR APPOINTMENT TO PLANNING COMMISSION.

Mack Huntington, Planning Commission Chairman, informed the Commission that Board member Ben Coomer resigned his position on the Board. Mr. Huntington submitted the name of Judy Scott from Green River as a replacement to the Board. Ms. Scott has stated that she would be willing to serve on the Board. Commissioner Ira Hatch made a motion to approve the appointment of Judy Scott to the Planning Commission Board. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(5)

CITIZEN CONCERNS.

Joan Brinkerhoff, Juvenile Probation Supervisor, brought quilts that the kids on probation made to donate to the ambulances. Ms. Brinkerhoff stated that she spent approximately \$200.00 and the kids were able to make seven quilts. She thanked the Commission for their donation to help purchase the materials to make the quilts.

Tracy Jeffs, Chairman of the Public Lands Council, came before the Commission concerning the need for Emery County to identify roads in the Heritage sites using G.P.S. equipment. At a minimum all of the bisects of the roads need to be identified. Commissioner Randy Johnson stated that Commissioner Kent Petersen had met with people that could be involved with this process. A bill passed by the Legislature would allocate \$450,000.00 to assist in this process throughout the State. The County should be able to get some of those funds to assist in this project. Commissioner Ira Hatch stated that at a minimum the Heritage sites should be mapped and the best access roads to them designated. Commissioner Randy Johnson pointed out that if a road is not inventoried it doesn't mean that it doesn't exist. There will need to be more than one team to do the inventory. Commissioner Johnson stated that the Commission should move forward on this project and seek funding from the State to help with the costs. The Recreation

Subcommittee is doing a good job in helping the project move forward. Margaret Swasey should be commended for her efforts in this area.

(6)

PUBLIC HEARING - TO RECEIVE PUBLIC COMMENT REGARDING PROPOSED  
LARGE SCALE SITE PLAN WHICH INCLUDES A COAL MINE IN LILA CANYON.

Mack Huntington, Planning Commission Chairman, informed the Commission that Utah American Energy Inc. has met with the Planning Commission staff and the Planning Commission Board and both have endorsed their large scale site plan. Jay Marshall representing Utah American Energy Inc. presented a map showing where the proposed mine would be located. Construction is scheduled to begin in the summer of 1999. The site plan encompasses forty acres of land owned by the Bureau of Land Management. Access to the mine would be by Emery County roads. Rosann Fillmore asked how many jobs would be created. Mr. Marshall stated that at full capacity the mine would employ 135 people. Tony Conder asked about the company, where the headquarters were located and if they would be a union or nonunion mine. Mr. Marshall stated that the company is owned by Robert Murray. Mr. Murray is the largest independent coal producer in the United States. The company is incorporated in the State of Utah. The mine would prefer to be union free.

(7)

CONSIDERATION AND APPROVAL OF UTAH AMERICAN ENERGY INC.'S PROPOSED  
LARGE SITE PLAN.

Commissioner Ira Hatch made a motion to approve the large scale site plan of Utah American Energy Inc. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(8)

PLANNING/ZONING REQUESTS THE SETTING OF A PUBLIC HEARING TO RECEIVE  
PUBLIC COMMENT ON SITE PLAN APPROVAL FOR A GOLD MINING OPERATION.

Planning Commission Chairman Mack Huntington informed the Commission that the Planning Commission Board has finished the preliminary work on a site plan for GoldTerra, Inc. The site plan is for a gold mining operation at the Blue Castle mine site. Mr. Huntington requested that the Commission set a date for a public hearing to receive public comment on the proposed site. Commissioner Ira Hatch made a motion to set a public hearing for April 6, 1999 at 5:30 p.m. to receive public comment on the above proposal. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(9)

ROAD DEPARTMENT/LANDFILL ITEMS.

Commission Meeting Minutes  
March 16, 1999

Rex Funk, Road Dept. Supervisor, reported that work is continuing on the Lowry Water bridge. The Road Dept. is also continuing work on the Easter roads. Mr. Funk also reported on the proposed improvements to the Moore cutoff. Funding should be available in the year 2003. The Road Dept. will have four years to get all of the preliminary work completed before the funding can be received. There was also some discussion concerning right of ways and the progress of the gravel project in Joe's Valley.

(10)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Ira Hatch made a motion to approve the minutes of March 2, 1999 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

COMMISSION REPORTS.

***Commissioner Hatch***

Commissioner Hatch reported that he had attended a Workforce Services meeting. Workforce Services is in need of more space in Castle Dale and anticipate relocating within the next few years. If funding and arrangements can be brought together this relocation could occur sooner. Commissioner Hatch also reported that the Ferron Senior Center has been completed and there will be an open house on March 26, 1999 from 1:00 p.m. - 3:00 p.m. Construction has begun on the Castle Dale Senior Center. Plans for a new Senior Center in Emery are also moving forward.

***Commissioner Johnson***

Commissioner Johnson reported that he spoke with Bob Weidner concerning PILT allocations. This year the funding level has increased and if the current legislation passes, within ten years the County's PILT allocation could increase. The bill currently has good support.

(12)

OTHER BUSINESS.

Sheriff LaMar Guymon informed the Commission that the State of Utah is going to begin charging \$75.00 per month per rack for the communications system located on Cedar Mountain. The Sheriff's Dept. is considering moving into Cellular One's building where the rent would not cost as much.

Sheriff Guymon also informed the Commission that the Sheriff's Posse no longer has any law enforcement capacity. All of the Posse's decals and shoulder patches will have to be replaced

5

Commission Meeting Minutes  
April 6, 1999

Commissioner Ira Hatch made a motion to approve the Warrant Check/Edit List for payment and the requisitions and dispositions as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

In other Clerk/Auditor business Bruce Funk presented a Beer License application for approval. Mary Dea Headrick DBA: Millsite Restaurant's application for a Class A Beer license has been cleared for approval through the Sheriff's Department, the Health Department and is now ready for Commission approval. Commissioner Ira Hatch made a motion to approve the Class A Beer license for Mary Dea Headrick DBA: Millsite Restaurant. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Mr. Funk also requested sending out a note to department heads as well as other county entities in order to obtain a list for a county auction. A date, time and place to hold a County Auction will need to be set at the next Commission Meeting.

Sherif LaMar Guymon requested permission to get bids and return with a requisition for new vehicles that were budgeted for by the Sheriff's Department as the deadline to obtain state bids has nearly passed. Commissioner Ira hatch made a motion to approve Sheriff Guymon's request to obtain bids for the new vehicles. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director, Pat Snowball presented the following personnel action for consideration and approval:

Economic Development

Vickie Wilbanks has completed her six-month orientation and based on the policy she is eligible for a raise from 4A \$7.58/hr. to 5A \$7.91/hr. Economic Development Director, Rosann Fillmore recommends the increase which upon approval of the Commission would become effective April 12, 1999. Commissioner Ira Hatch made a motion to approve the raise for Vickie Wilbanks as outlined. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Road Department

The Road Department requested approval to hire Craig Bingham as Equipment Operator/ Driver in the up-to-nine month temporary category at a rate of \$10.26/hr. Upon approval of the Commission Craig would begin working on April 7, 1999. Commissioner Ira Hatch made a motion to approve hiring Craig Bingham for up-to-nine months as outlined. The motion was

seconded by Commissioner Kent Petersen and approved by all members present.

### Library

The Library requested approval to begin the recruitment process for an independent contractor to perform minor maintenance duties such as changing light bulbs, replacing faucet washers, replacing drawer handles, etc. as well as yard care, including maintaining the sprinkler system (repairing leaks, spring start-up and winterizing) at the library in Green River. The Library further requested to advertise on Channel 26 and post at several areas in Green River as well as in the newspaper. Commissioner Ira Hatch made a motion to approve the recruitment process for contracting with an independent contractor to perform the minor maintenance duties as outlined at the Green River Library. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

### Clerk/Auditor

Terry Williams has resigned her position in the Clerk/Auditor's Office. Request was made to recruit for a Deputy Clerk/Auditor, 4A \$7.58/hr. This would be a regular part time position, eligible for prorated benefits. Commissioner Kent Petersen instructed Pat Snowball to send Terry a letter of thanks for ten years of good service to Emery County. Commissioner Ira Hatch made a motion to approve recruitment for a Deputy Clerk/Auditor as outlined. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

### Training Day

Utah Association of Counties Insurance Mutual (UACIM-The Mutual) has sent out the 1999 Risk Management Program. It suggested counties should conduct a defensive driving course every two years. Counties will be asked to participate in a training especially for drivers who are required to hold commercial driver's licenses. Avoiding sexual harassment claims is another training that is offered. Pat Snowball contacted Shawn Guzman, Risk Manager at the Mutual, and tentatively scheduled a "training day" for May 5, 1999 which would include all of this training and have it done in one day. Defensive driving would take place the first four hours in the morning and the training on avoiding sexual harassment claims would take place after lunch. A word could also be put in for the drug-free workplace which the independent auditor asks each year if we do. Mrs. Snowball suggested having a prepared box lunch that day for those who attend. The Board of Commissioners recommended Mrs. Snowball make the necessary arrangements to have a training day.

### Employee break room proposal and funding plan.

In the previous Commission Meeting Mrs. Snowball had discussed with the Commission plans for furnishing the break room downstairs with new furniture and appliances. At that time the Commission suggested identifying a source of funding to make the project possible. Mrs. Snowball passed out a survey to the departments asking several questions with the bottom line being; Is your department willing to contribute to the break room furnishing project? From the survey it was determined some departments did not want to contribute to this project and some were willing to contribute. After some discussion on this matter it was decided to scale back the project somewhat by getting a less expensive couch and fridge. Commissioner Ira Hatch made a motion to approve the project with the funds coming from department contributions. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(3)

TOM ALEXANDER, UTAH POWER, QUARTERLY UPDATE.

Tom Alexander, Utah Power provided an informative quarterly update of local and corporate activity for the 1<sup>st</sup> quarter of 1999.

(4)

TRACY JEFFS, PUBLIC LANDS COUNCIL, DISCUSSION OF MAPPING HERITAGE SITES AND FUNDING FOR PROJECT.

Public Lands Director, Val Payne addressed the Board of Commissioners regarding the Utah RS2477 Rights-of-Way Mapping Assistance Program. In recent years Geographic Information Systems (GIS) and Global Positioning Systems (GPS) technologies have become indispensable tools for organizations involved in planning, economic development, resource management, land records management and a wide range of other activities which use geographically referenced information. As a basis for organizing and sharing geographic data, the Utah Legislature created the State Geographic Information Database to facilitate information sharing, decision-making, and policy formulation by all users. Without the cooperation of federal, state and local agencies, this effort would not be possible. The Legislature recognized the importance of RS2477 mapping during the Special Session in November of 1993 and defined the right-of-ways and responsibilities. The 1998 legislature recognized that although many benefits to the State can be derived by utilization of GIS and GPS in rural areas, many rural governments do not have the resources to implement the technology. The legislature therefore appropriated \$450,000 through House Bill 334 of the 1999 legislative session to be used for this program. The money is to be used by counties for mapping and photographing existing features currently on the ground. The intent of the program is to encourage and support counties as the coordinating entity for RS2477 mapping integration within their area. All rural counties are eligible for program funds; other rural government entities are eligible through participation with the county proposal. Proposals must have the approval of the county governing body prior to submission. The Recreation Sub-Committee of the Public Lands Council formally requested to submit a proposal

to the Automated Geographic Reference Center with Emery County as the applicant. Mr. Payne cited the program as a means for mapping RS2477 Right-of-ways and heritage sites in Emery County. A budget will need to be set up as well as cost projections of the county's participation in the program. Because of time restraints for proposal to be sent in, a proposal will need to be considered as soon as possible. Commissioner Ira Hatch made a motion to assign the recreation Sub-Committee of the Public Lands Council to formulate a proposal to bring before the Commission at the next meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(5)

KAREN TRUMAN, EMERY COUNTY COMMUNITY THEATER, REQUEST FOR CONTRIBUTION.

Karen Truman, Emery County Community Theater expressed concern for not receiving contribution funding in 1999 and requested the Commission reconsider the contribution to their program. Commissioner Ira Hatch made a motion to contribute the standard contribution amount of \$250.00. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(6)

5:30 p.m. - PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT ON GOLD TERRA, INC'S PROPOSED LARGE SCALE SITE PLAN.

Commission Chairman, Kent Petersen opened the Public Hearing to receive comment on GoldTerra, Inc.'s proposed large scale site plan.

Mack Huntington, Planning Commission Chairman, addressed the public. All information regarding the proposed large scale site plan has been given to the public and all requirements from state and federal agencies have been met. Since Emery County is the authorizing agent for the large scale site plan approval this public hearing is the final step for moving forward with the proposal. Mr. Huntington introduced Dan Shepherd, President of GoldTerra, Inc. to the Board of Commissioners and the public. Mr. Shepherd provided an overview of the proposal which is a small pilot project with a five acre permit to mine locatable minerals in the Horse Canyon area. They have contracted with Minchey Digging to haul the earth to their floatation unit in Carbon County where it is then sealed in 55 gallon drums and flown to Europe and then refined. They have a tailing pond in Carbon County. The large scale site plan has the approval of the BLM and the Planning Commission. If approved they will begin work right away. They will work with Rex Funk and the Road Department for use of the two and a half miles of Class B unimproved road.

Rue Ware asked if they paid taxes to federal government. Commissioner Petersen stated they do not as locatable mineral mining is not taxed. Assessor Jim Fauver pointed out that they will pay

6

county property taxes while working in the county. Commissioner Hatch asked about the anticipated workforce used for this project. Mr. Shepherd answered that they anticipate approximately eighteen to twenty workers at first and upwards to two hundred after they get up and going.

Being no further comments Commission Chairman Kent Petersen closed the Public Hearing.

Commissioner Ira Hatch made a motion to approve GoldTerra, Inc's proposed large scale site plan for development and if needed to ratify in the next meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

CITIZENS CONCERNS

There were no citizens concerns at this time.

(8)

ROAD DEPARTMENT/LANDFILL ISSUES.

A. Final report on Cottonwood Creek stabilization project.

Rex Funk, Road Department reported that the Cottonwood Creek stabilization project is complete and that it went well. They had the final inspection by Mark Page and Howard Tuttle. The estimated cost of the project was \$2,500 to \$3,000 however the engineers required 1,500 more rip rap and a special liner bringing the total cost to \$3,800. The Commission had required the Road Dept. to report back to the Commission if the cost exceeded the \$3,000 projected amount. Commissioner Ira hatch made a motion to approve the additional \$800 to be paid on the project. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

In other Road Dept. business, they will be assisting the cities with their annual city clean-up projects in April and May.

UDOT funding officials will be here April 12, 1999 at 10 AM to discuss topics of interest for our area.

(9)

CONSIDERATION AND APPROVAL OF 1999 PROPERTY TAX EXEMPTIONS.

7

Commission Meeting Minutes  
April 6, 1999

Clerk/Auditor, Bruce Funk presented the 1999 Property Tax Exemption list for approval. These are properties owned by churches and other properties that make application with the county for exempt status as required by the state. Commissioner Ira Hatch made a motion to approve the 1999 Property Tax Exemptions as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(10)

SETTING OF DATE FOR 1999 MAY TAX SALE.

Clerk/Auditor, Bruce Funk informed the Commission that the date for the May Tax Sale is May 20, 1999 at 10:00 A.M.

(11)

CONSIDERATION AND APPROVAL OF BID FOR TITLE SEARCHES ON PROPERTIES TO BE SOLD AT THE 1999 MAY TAX SALE.

Clerk/Auditor, Bruce Funk presented one bid for title searches on properties to be sold at the 1999 May Tax Sale. The bid was from South Eastern Utah Title Company for \$100. per parcel. Because the bid was considerably higher than last year, Mr. Funk recommended setting the administrative cost at \$200. Commissioner Ira Hatch made a motion to accept the bid of \$100. per parcel from South Eastern Utah Title Company and to set the administrative cost at \$200. for the 1999 May Tax Sale. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(12)

DISCUSSION OF UPDATING COUNTY TRAVEL RULES AND REGULATIONS.

Leslie Bolinder, Commission Administrative Assistant discussed updating the county travel rules and regulations. The lodging cost as stated in the policy is not realistic and has not been updated to meet the rising cost of safe lodging in the country today. After discussion of this matter Commissioner Ira Hatch made a motion to assign Attorney, David Blackwell to look into the policy, research the matter at question and return with a proposal to either adopt or ratify at the next meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

NOTIFICATION OF EXPIRED BOARD MEMBER TERMS ON EMERY COUNTY WATER CONSERVANCY DISTRICT AND EMERY COUNTY NURSING HOME BOARD.  
DISCUSSION OF ADVERTISING FOR BOARD MEMBERS.

The Emery County Water Conservancy District, the Emery County Nursing Home and the Municipal Building Authority of Emery County have board members whose terms have expired. By law the ECWCD must advertise for board members. These boards have tried to maintain a geographic membership. There was discussion on publishing in the paper a notice of vacancy to get a list of applicants who may have an interest to serve on these boards. Commissioner Ira Hatch made a motion to have all boards publish notice of vacancy and have anyone interested in serving on these boards pick up an application from the Clerk/Auditor's office. The Clerk/Auditor's office will distribute them to the respective boards and the Commission for review. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(14)

CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING RESOLUTION #12-15-98C REGARDING DISTRIBUTION OF MINERAL LEASE FUNDS.

Attorney, David Blackwell explained that in order for the Emery County Fire Protection Special Service District to qualify for a mineral lease revenue bond in order to purchase the five fire engines it is necessary to change the distribution of mineral lease funds set by Resolution 12-15-98. Originally the Fire District was to receive 6% of the mineral lease funds and all of the State PILT funds. Resolution 12-15-98C needs to be amended as follows: All the State PILT funds are to be transferred to the Emery County Special Service District and the distributions to change on the Emery County Special Service District to 62% and the Emery County Fire Protection Special Service District to 12%. Commissioner Ira Hatch made a motion to approve amending Resolution 12-15-98C providing for disbursement changes as outlined in Resolution 4-6-99A. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(15)

DESIGNATION OF UACIM PROXY FOR MANAGEMENT CONFERENCE.

Commissioner Ira Hatch made a motion to appoint Kent Petersen to be the voting delegate at Utah Association of Counties Insurance Mutual Management Conference. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(16)

CONSIDERATION AND APPROVAL OF DEED REGARDING PROPERTY IN HUNTINGTON CANYON.

In the 1983 May Tax Sale, L & L Agri-Business paid the property taxes on a six acre

9

Commission Meeting Minutes

parcel #02-0016-0001 located in Huntington Canyon. To clear Emery County of any interest on this parcel of property a quick-claim deed must be filed. This is necessary to clear the title and any interest Emery County may have in the property. Commissioner Ira Hatch made a motion to quick-claim any interest Emery County may have in parcel #02-0016-0001 to L & L Agri-Business. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(17)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Ira Hatch made a motion to approve the minutes dated March 16, 1999 as corrected. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(18)

COMMISSIONER REPORTS.

Commissioner Kent Petersen reported that the Joint Highway Committee approved the \$391,000. to finish the paving of Goblin Valley State Park which we will be getting in July of 2002. Emery County will be matching funds for this project.

The Ferron Sr. Center is complete. They had an open house for the public. Many people came to visit.

(19)

OTHER BUSINESS

In other business Clerk/Auditor, Bruce Funk reported on the abandoned vehicle program. Sr. Deputy Clerk/Auditor, Brenda Dugmore reported that the mileage rate for reimbursement has changed as of April 1, 1999 to \$.31 per mile.

Sheriff LaMar Guymon requested approval for Voice Mail program for the Sheriff's Department which includes service at 50 stations including Green River.

(20)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

Commissioner Ira Hatch made a motion to move into executive session. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

10

Commission Meeting Minutes

April 6, 1999

Present at the Executive Session was Commission Chairman Kent Petersen, Commissioner Ira Hatch, Sheriff LaMar Guymon, Attorney David Blackwell and Deputy Clerk/Auditor Carol Cox.

Upon return to regular meeting Commissioner Ira Hatch made a motion to approve signing the settlement agreement with Linda White and Heritage Management as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(21)

ADJOURNMENT

Commissioner Ira Hatch made a motion to adjourn the meeting at 7:30 P.M. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

ATTEST: \_\_\_\_\_ CHAIRMAN: \_\_\_\_\_

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**April 20, 1999**

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)  
JOANN BEHLING, CONSIDERATION AND APPROVAL OF PROPERTY TAX EXTENSIONS.

Treasurer, Jo Ann Behling requested approval for the following property tax extensions:

Earl & Marlene Farley  
David O. & Mary Flake  
Gary Brinkerhoff  
Len Johnson  
A.J. Properties  
David Robertson  
Wayne & Tammy Allred

Regarding the David Flake property, Mr. Flake is in the process of deeding the property over to Gerry Hatch and Gerry will pay the back taxes and penalties. The extension is just to insure that all the paper work is completed to avoid going to the May Tax Sale. All of the individuals who have applied for extensions have signed agreements in place. Commissioner Randy Johnson made a motion to approve the extensions that have signed agreements. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

There are no properties for the 1999 May Tax Sale.

(2)  
EMERY COUNTY TRAVEL BUREAU PRESENTATION OF BROCHURE DESIGN AND REQUEST FOR FUNDING.

Emery County Travel Council Director, Jo Ann Ekker presented the Commission with a sample of their proposed brochure designs and maps. The Travel Council is requesting to produce 15,000 brochures at an approximate cost of \$3,000, five large maps at an approximate cost of

\$300., 15,000 17x22 road maps at a cost of approximately \$5,000. and rack cards providing accommodations and general information at a cost of approximately \$1,700. In the 1999 budget sessions the Travel Council had included in their budget request to create the brochures and maps. However, in a effort to cut the 1999 budget the Board of Commissioners elected to not include the brochures in the Travel Council's budget. It was suggested at that time to do an Emery County brochure that consisted of more committees than just the Travel Bureau. They did form the committee, they have come up with their ideas, the maps and brochure cost. They have now come to the Board of Commissioners to request the funds to do the brochures and maps. Commissioner Johnson asked the Travel Council if it would be acceptable to produce fewer maps to see if they would produce enough revenue to be self-sufficient. Clerk/Auditor, Bruce Funk suggested spending the Travel Council fund balance and dealing with their other needs when the budget is opened later this year. Economic Development Director, Rosann Fillmore explained that the Travel Council has several other things this year that will impact their fund balance. Commissioner Johnson recommended going ahead with the project with the recommendation of producing fewer maps and using the Travel Council's fund balance and then the Board of Commissioners will address their other needs when the County budget is opened.

(3)

### CITIZENS CONCERNS

Sheriff LaMar Guymon, introduced Ken Shultzon, Jail Consultant for Sahara Construction. Mr. Shultzon was asked to do a study of the current Emery County Jail facility. There have been some problems with the facility in terms of compliance with State and Federal regulations. According to Mr. Shultzon Emery County's facility is the worst in the state and is at condemnation level. The jail is being run very well in spite of the problems associated with the building. Mr. Shultzon recommended beginning the process for building a new facility. The process for building a new facility is lengthy and requires support from the taxpayers which may require a bond election. He suggested bringing on board consultants to help with the process of assessing the needs of the county, develop operation scenarios and funding considerations. Mr. Shultzon further suggested utilizing the Municipal Building Authority of Emery County as a means for removing the indebtedness from Emery County. Commissioner Johnson recommended beginning the process which would begin with public meetings to receive input from the public.

Road Department Supervisor, Rex Funk reported on Tahoma Company's proposal for landfill covering. Phase I of the permitting requirements calls for four and a half feet of fill on top of the mass. Since that time the Department of Solid Waste has indicated that there are some alternative concepts that they would consider. Jeff Emmons, licensing officer in the permitting process attended a class where he was enlightened as to some of these alternative covers.

Tahoma Company has proposed that a study could save us a significant amount of money and probably cut the mass fill to about half for approximately \$2,500. and be performed within thirty days. Mr. Funk requested permission to pursue this and have Tahoma Company submit the alternative cover proposal. Commissioner Hatch made a motion to proceed with having Tahoma Company meet with those involved and begin the process of meeting the permitting requirements for mass cover at the landfill. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(4)

DISCUSSION OF FLOOD TAX

The Board of Commissioners had a discussion several meetings ago regarding the Reeder Canyon Sub-Division Road which is a new road that the county just took over last year. The county is proposing to build a bridge across Reeder Creek. There was discussion as to whether we should be using flood tax money for such projects. The flood tax was put on about 1983 when we had serious flood problems in the state and the county. In order to have access to state money we had to implement a county flood tax. We have, through several commission bodies in Emery County, used that tax to upgrade many structures. We have put in new bridges, bridge replacements and all weather dips. There are still four bridges in Emery County that are below sufficient ratings. The CC& H Canal Crossing South of Huntington, Lone Tree on the lower Muddy, 8<sup>th</sup> West Ferron Bridge and Lowry Creek Bridge in Joe's Valley. These bridges, except for the 8<sup>th</sup> West Ferron Bridge, are on the UDOT sufficiency list. No application has been made on these bridges for replacement. The 8<sup>th</sup> West Ferron Bridge and the Lowry Creek Bridge in Joe's Valley are of priority at this time. Clerk/Auditor, Bruce Funk stated that the Flood Fund is not very much at this time and from a financial end, he would like to see the county go through the flood season and not spend money out of this fund, giving the fund an opportunity to grow. Commission Chairman Kent Petersen expressed his understanding the need to let the fund grow, but the Lowry Creek Bridge is in dire need of replacement. The engineers recommended repairing the bridge after the flood season in the fall which is close to November, the time Emery County collects revenue from the Flood Tax anyway. Commissioner Petersen suggested following the engineers recommendations and pursue repairs on the Lowry Creek Bridge and look at preliminary designs to see where we are financially on the 8<sup>th</sup> West Ferron Bridge and the other bridges in need of repair in the county.

Bob Law commented on his approval of the Flood Tax and the use of the funds to keep the roads in Emery County in such fantastic condition.

(5)

DISCUSSION OF CENSUS 2000 REQUEST FOR INFORMATION ON SERVICE

LOCATIONS AND TARGETED NON-SHELTERED OUTDOOR LOCATIONS.

The Board of Commissioners decided to turn this project over to Bryant Anderson, Planning and Zoning Director.

(6)

APPROVAL OF BUSINESS LICENSE

Clerk/Auditor, Bruce Funk presented for approval a business license application from Sharon Wayman DBA: Shay's USANA and Crafts. This is a home occupation located in her home in Ferron. Commissioner Randy Johnson made a motion to approve the business license for Shay's USANA and Crafts. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

RATIFY DECISION TO APPROVE GOLD TERRA, INC. LARGE SCALE SITE PLAN.

Commissioner Randy Johnson made a motion to ratify the decision to approve Gold Terra, Inc.'s large scale site plan. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

ESTABLISHING A BUDGET/TIME TABLE FOR PUBLIC LANDS COUNCIL MAPPING PROJECT.

Val Payne, as instructed by the Board of Commissioners in last Commission Meeting presented a tentative proposed budget for the Global Positioning System inventory and mapping of Emery County's RS2477 Right-of-Way and Heritage sites. Mr. Payne cited this project as a useful tool for defending our position on the heritage sites. The latest reinventory is a great threat to our roads and we need this process to protect us. The inventory may be used as well by the Sheriff's Department, Road Department and Weed & Mosquito Department. Mr. Payne recommended using the proposed budget as a basis for seeking funds and developing application to receive funds from the state which have been appropriated for such a project. The deadline for application is May 19, 1999 however we can apply for an extension. Mr. Payne recommended trying to meet the deadline just in case we are not granted the extension. Lee and Margaret Swasey reported on volunteer efforts for getting a small portion of the inventory GPS work done.

It was suggested that the Road Department, Sheriff's Department and any others who may want to devote a day or two to doing inventory GPS work. The Recreation Sub-Committee and the Public Lands Council will be working on getting the application developed to bring to the next meeting. The Board of Commissioners thanked Lee and Margaret Swasey for the dedication and hard work they have devoted so far to the inventory GPS work.

(9)

DISCUSSION OF GUNNISON BUTTE MUTUAL IRRIGATION COMPANY'S PROPOSED PROJECT APPLICATION WITH UTAH BOARD OF WATER RESOURCES.

The Board of Commissioners received a letter from the Department of Natural Resources. The Utah Board of Water Resources had received an application for assistance from the Gunnison Butte Mutual Irrigation Company to divert water from the Green River into a proposed irrigation system that would bring about 10,000 acres in Emery and Grand Counties into agricultural production. The preliminary cost estimate for the proposed project is \$14,000,000. The DNR will send the Commission a copy of the project feasibility report if the Board of Water Resources votes to fund the project. Accompanying the report will be a copy of a summary letter to the applicant explaining what must then be done to actually receive State money for engineering, construction, and other expenses. No action was needed at this time.

(10)

CONSIDERATION AND APPROVAL OF EXTENSION/RENEWAL OF TEMPORARY USE PERMIT UTU-73235-01-GOBLIN VALLEY ROAD.

The time has lapsed with the original temporary use permit. Approval of this extension/renewal of temporary use permit will cover the rest of the phases for reconstruction on Goblin Valley Road. Commissioner Ira Hatch made a motion to approve the extension/renewal of temporary use permit UTU-73235-01-Goblin Valley Road with BLM. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

UPDATE ON Y2K COMPLIANCE.

Pat Snowball provided an update on Y2K compliance concerns expressed by Utah Association of Counties. The concerns included imbedded chips in fire alarms and elevators.

Bret Mills, Communications Department reviewed a letter from Spillman Data Systems regarding software non compliance. The Sheriff's Department has now come across some

glitches in their programs. During budget time in the fall of 1998 it was discussed and originally funded for but not much was known about it so it was set aside. The Sheriff's Department is now faced with having to replace the computer used for the law enforcement network as Spillman has informed them that they no will no longer accept the use of IBM computers. The pentium systems will not run their software. Spillman has suggested purchasing a Sun Ultra 10s 333 Mhz server. Bret Mills and Sheriff Guymon recommend staying with Spillman because of the ease of transferring the files. There is an obvious need to resolve this problem however it was not budgeted for in 1999. The Board of Commissioners approved replacing the computer in principal for today and possibly look at other avenues for resolving this problem. They will address the funding when they open the budget in June.

(12)

ACKNOWLEDGMENT OF UACIM BOND PAYMENT.

Commission Chairman Kent Petersen reported that in 1992 the Utah Association of Counties Insurance Mutual borrowed money to get the association going. The money could not be repaid until UACIM reserves reached the three million dollar mark. The Mutual has reached that point and has voted to start paying the notes back. Emery County loaned the largest amount of money. Treasurer, JoAnn Behling presented the Board of Commissioners with a large check for \$125,806.45. \$113,225.80 was interest and \$12,580.65 was principal.

(13)

DISCUSSION OF APPOINTMENTS TO THE ECONOMIC DEVELOPMENT COUNCIL.

Economic Development Director, Rosann Fillmore informed the Commission that at their retreat in January the council decided to increase the numbers on their board to include representatives from the city councils, various businesses and citizens. The terms for appointments will change to one year terms with a six year reappoint limit. The Economic Development Council presented the following names for appointment to the board:

Delynn Fielding	Deb Dull	Tom Alexander
Kent Petersen	Delena Fish	Kirk Sitterud
John Healy	Dennis Worwood	Stan Colby
Linda Jewkes	Art Olsen	Carey Bloomer
Rey Lloyd Hatt	JoAnn Weatherington	Daryl Wilcox

33-99	Sun Computer System upgrade/Sheriff	12,685.00	Approved
34-99	Marriage License Software/Clerk/Auditor	500.00	Approved

There were no dispositions.

Commissioner Randy Johnson made a motion to approve the Warrant Check/Edit List for payment and requisitions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(16)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel action for consideration and approval:

Road Department

The Road Department requests approval to hire Jan Christensen in the position of Road Department Secretary, a regular part time position, eligible for prorated benefits, at 4A \$7.58/hr., effective April 6, 1999. Commissioner Ira Hatch questioned whether hiring another person at the Road Department office was necessary. Rex Funk, Road Department Supervisor explained that this position was needed as inventory control and purchasing needs to be kept on top of and as the time approaches to begin the changes at the landfill, personnel will be needed to maintain records. Commissioner Petersen recommended hiring for the position. Commissioner Randy Johnson upon the recommendation of Commissioner Petersen made a motion to approve hiring Jan Christensen as a regular part time Road Department Secretary as presented. Commissioner Kent Petersen stepped down to second the motion.

Dustin Tucker has completed his six-month orientation. Request was made to move Dustin from entry level 12 \$10.26/hr., to 12A \$10.57/hr. effective April 22, 1999. Commissioner Randy Johnson made a motion to approve the level change for Dustin Tucker as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(17)

APPROVAL OF COMMISSION MEETING MINUTES

Commissioner Ira Hatch made a motion to approve the minutes dated April 6, 1999 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(18)

COMMISSION REPORTS

Commissioner Hatch

Commissioner Hatch reported concerns from citizens regarding the airport operations. He has visited with Sheriff Guymon regarding OHV travel designated Class D Roads in the county. Sheriff Guymon explained to Commissioner Hatch that unless the County designates a road as open to OHV travel then it is closed. This is turning into a heated issue in the county.

Commissioner Johnson

Commissioner Johnson reported to the Colorado Plateau on Emery County's Heritage Bill. The Colorado Plateau by-laws do not provide a format for endorsing a particular issue; however as a board they are overwhelmingly in favor of the bill and will be asking their people to approve and endorse the process Emery County went through.

Last week he attended a very positive and productive Public Lands meetings in Boise, Idaho.

The television license has been approved for renewal. Emery County will now ask to change the license to a low wattage television station, meaning we will do our own transmission rather than a rebroadcast station. Emery County wants to retain the station as a public service station and give up the optional rebroadcast type of station that it is now licensed as. Commissioner Johnson requested permission to send a letter asking to have license changed to a low wattage. Because of the time constraints the letter will be ratified in meeting next week. The response that the Commission has heard from Emery County citizens is that people want to keep this station operating as is has been as a public service station. Commissioner Johnson asked to have a consultant come in and overview our whole television system and provide some insight as to what we are to expect in the future, what we are lacking, how we could improve. This is something we need to do before we spend anymore money on our television system. Commissioner Petersen and Hatch agreed.

Commissioner Petersen

Commissioner Petersen asked Attorney David Blackwell, Treasurer JoAnn Behling and Clerk/Auditor Bruce Funk to work together and get things moving along on the judgment levy for Deseret D&G. There are many procedures that have time restraints and legal requirements attached to them and we need to be moving forward.

(19)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

Executive session was not needed.

(2)

BRANDON BEHLING, PRESENTATION OF EAGLE PROJECT-QUILTS FOR THE SHERIFF'S DEPARTMENT.

Brandon Behling presented Sheriff LaMar Guymon with twenty quilts to be placed in patrol vehicles for emergencies. Brandon thanked the Board of Commissioners for help in funding the project. Sheriff Guymon accepted the quilts and thanked Brandon and the Board of Commissioners for their generous gift.

(3)

BLM, RICHARD MANNIS, QUARTERLY UPDATE.

BLM District Manager, Richard Mannis provided an informative update of 1<sup>st</sup> Quarter BLM activity. He thanked Val Payne, Joe Norton and San Rafael Museum for their support and hospitality at the Wilderness Study of Statewide Plan Amendment Open House. It was an information gathering open house. BLM did not offer any official comments. They were pleased at the number of people who attended and received good comments and feedback. BLM will be holding similar open house meetings in other towns throughout the state.

BLM has received proposals from Aspen Pipeline and Questar Gas to put in pipelines. They have received proposals from several other companies wishing to use that same corridor for pipelines.

Regarding the Lila Canyon Coal Mine they are continuing with the process for application for Right-of-Way. The haul route, portal and facilities at the portal all fall outside of the lease area. BLM will have to authorize under a Title 5 FLPMA Right-of-Way.

BLM has received proposals for permits from "Dreamworks Film Company" to film a movie called Galaxy Quest starring Tim Allen and Sigourney Weaver. They will be filming between Goblin Valley and Little Wild Horse Canyon first and then moving into the park later this month. BLM has received a lot of pressure from the State Film Commission to make sure all goes well.

The Cleveland Lloyd Dinosaur Quarry security has been completed. Thanks to the Sheriff's Department.

Regarding U.S. Gypsum Mine, the operators have pulled their request for a plan of operation. They will not be pursuing an E.I.S. U.S. Gypsum has submitted a notice to mine under the 1872 mining law which allows an operator to mine on a claim if there is going to be five acres or less of disturbance.

(4)

FOREST SERVICE, JOHN HEALY, QUARTERLY UPDATE.

Acting Forest Ranger, John Healy provided an informative update of 1<sup>st</sup> Quarter Forest Service activity. Agriculture Secretary and Under Secretary for Natural Resources and Environment announced in February of this year an eighteen month moratorium on new road construction in unroaded areas in most national forests. This moratorium will allow time to examine information gathered by the science review committee, involve the public, to formulate a roads policy for the twenty first century.

They have selected a new District Ranger for the Ferron/Price Ranger District. His name is Crockett Dumas. He had previous experience in our area on the Escalante Ranger District.

The draft Environmental Impact Statement for the South Manti Timber Salvage is available for comment through the end of June. Through this project, the Forest intends to address concerns with expansive areas of dead and dying spruce trees which have been killed by infestation of spruce beetles at epidemic levels across the South Manti landscape.

He also provided an overview of the Recreation Fee Demonstration Program and discussed the proposed changes in the Manti Fee Area Project based on input received from previous meetings.

(5)

DWR, MILES MORETTI, QUARTERLY UPDATE.

Miles Moretti was not available for an update at this time.

(6)

EMERY TELEPHONE, MIKE MCCANDLESS, QUARTERLY UPDATE.

Emery Telephone Representative, Mike McCandless provided an informative update of 1<sup>st</sup> Quarter activity. They held their annual meeting in Green River, re-electing Kathy Justice and Olive Anderson. They announced completion of switching upgrades and construction projects for 1999. They will be completing fiber optic networking. They will be installing a remote central office in Orangeville. They have purchased a boring machine which will allow them to bore under the streets without tearing them up. In the Legislative session the Governor's Digital State Act we will see a strong push to have licenses, fees, tax payments etc.. acceptable to pay on the internet or electronic media. This is in an effort to showcase Utah as a technology state by the year 2001. Regarding education, Emery Telephone has given approximately \$37,000.00 last year to the school district in labor and initiative programs, grants, scholarships and etc. and will continue to do so in 1999.

(7)

AMERICANS FOR FREEDOM ON PUBLIC LANDS, PRESENTATION OF PETITIONS AND DISCUSSION OF FEES ON THE MANTI FOREST.

Roxanne Abney, Americans for Freedom on Public Lands presented the Board of Commissioners with signed petitions and made a presentation stating objection to the Forest Service's Recreational Fee Demonstration Program. Commissioners Johnson, Petersen and Hatch commented that while they opposed the fee the most effective place to state opposition is with the congressmen who are in support of the demo fee. The Commissioners also pointed out that paying to be on public lands is a heated issue which is a major concern, however, we need to be more concerned for the closure of RS2477 Roads and Right-Of -Ways which deny us access the land in the first place. The Board of Commissioners encouraged everyone to write to their congressmen. The Commissioners thanked Mrs. Abney for her presentation, accepted the signed petitions and encouraged the group and everyone to write to their congressman. The petition will be available for public viewing in the Clerk/Auditor's office.

(8)

CHERYL PECK, DISCUSSION OF RELOCATION OF FOOD BANK/CLOTHING EXCHANGE TO THE CASTLE DALE SENIOR CITIZEN'S BUILDING.

Cheryl Peck was not available at this time, therefore this agenda item will be moved to May 18, 1999.

(9)

LYNN SMITH, REQUEST FOR DONATION FOR EMERY COUNTY GRADUATION NIGHT PARTY.

Lynn Smith, Four Corners Mental Health/Drug and Alcohol Abuse was present to request a donation to a party designed to celebrate graduation. Last year they had over five hundred students and anticipate a greater turnout this year. The donation would be used to purchase door prizes. Sheriff LaMar Guymon suggested that instead of the donation the County could pay the cost of overtime for the Deputies who will be monitoring the celebration. In years past Four Corners has paid the Sheriff's Department for the overtime and could use the funds they would have paid to the Sheriff's Department to purchase door prizes. The Board of Commissioners agreed to this arrangement and encouraged Four Corners to use local merchants for the door prizes.

BUILDING PERMITS.

D.W.VanWagoner was not present at the meeting.

(11)

CITIZENS CONCERNS.

There were no citizens concerns at this time.

(12)

DISCUSSION OF BOARD APPOINTMENTS/REAPPOINTMENTS FOR EMERY COUNTY WATER CONSERVANCY DISTRICT, EMERY COUNTY NURSING HOME BOARD, AND MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY.

In an effort to provide an opportunity for a variety of citizens to serve their communities on the various boards in Emery County, the Board of Commissioners advertised for applications to serve on these boards. The Emery Water Conservancy District has three vacancies representing Cleveland/Elmo, Castle Dale and Ferron. Municipal Building Authority of Emery County has one vacancy. The Emery County Nursing Home Board has two vacancies representing Orangeville and Castle Dale. Many of these boards try to maintain a geographic balance and thus are limited in the individuals who are willing to serve. The Board of Commissioners has received applications from several individuals who are willing to serve on these boards. Those individuals interested in serving on the Nursing Home Board are: Linda Ware, Orangeville, Randall Stilson, Orangeville, Nikki Hayward, Castle Dale, Linda White, Ferron and JoAnn Behling, Ferron. Those individuals interested in serving on the Emery Water Conservancy District are: Mark H. Williams, Castle Dale, Merrill Swasey, Castle Dale, Ronald Barney, Ferron, Eugene Johansen, Castle Dale, Kay Jensen, Cleveland, and Clyde Conover, Ferron. Those individuals interested in serving on the Municipal Building Authority of Emery County are: Ronald Barney, Ferron. The Board of Commissioners expressed their gratitude to those individuals who applied and are willing to serve on these boards. The applications were turned over to the respective boards for review and the Commission is waiting to hear back from these Boards with their recommendations.

(13)

DISCUSSION OF UPDATING COUNTY TRAVEL RULES AND REGULATIONS.

The Board of Commissioners had assigned Attorney David Blackwell to look into Emery County's Travel rules and regulations. This was being looked into after it was determined to be difficult to find safe lodging at the rate suggested by the policy. Mike McCandles suggested looking into the IRS allowance for travel. Commission Chairman Kent Petersen commented he felt the departments were doing a good job keeping their travel expenses to a minimum and suggested they table this for now and ask the department heads to continue to use their best judgement in overseeing this. The Commissioners asked Bruce Funk and JoAnn Behling to look into the IRS allowance and report to David Blackwell to aid in his research into this matter.

(14)

SETTING OF BUDGET MEETING DATES IN PREPARATION OF OPENING THE 1999 EMERY COUNTY BUDGETS.

Commissioner Randy Johnson made a motion to set a budget work meeting for May 17, 1999 at 12:00 P.M.. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(15)

CONSIDERATION AND APPROVAL OF APPLICATION FOR STATE MAPPING PROJECT.

Val Payne, Public Lands reported that the committee has not completed the grant application. He requested approval to have the application approved at this time and ratified in the May 18, 1999 meeting as the deadline for the application is May 14, 1999. Commissioner Randy Johnson made a motion to approve the application for State Mapping Project funding and to ratify in the May 18, 1999 meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(16)

RATIFY LETTER ON TV STATION TRANSFER.

In the April 20, 1999 meeting Commissioner Randy Johnson requested approval to send a letter to the FCC requesting to have the television license changed to a low wattage television station allowing us to use the station as a public service station. Commissioner Johnson has sent the letter and now requests to have the letter ratified. Commissioner Randy Johnson made a motion to ratify the letter to the FCC requesting the license be changed to low wattage. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

7

Commission Meeting Minutes  
May 4, 1999

(17)

DISCUSSION OF DRAFTING A COUNTY POLICY ON DONATIONS.

It was suggested to the Board of Commissioners to draft a county policy for donations. One suggestion was to consider a donation in exchange for service hours. Commissioner Johnson expressed he liked the way donations have been handled thus far, but has no problem with asking for service hours. No decision was made at this time.

(18)

DISCUSSION OF UTAH STATE TAX COMMISSION COUNTY PROPERTY TAX REVIEW PROGRAM.

Assessor, Jim Fauver reported that the Utah State Tax Commission/Property Tax Division has proposed providing training and an overview of their Property Tax Review Program. They will be here on May 5, 1999 at 3:00 P.M.

(19)

JO ANN BEHLING, REQUEST TAX ADJUSTMENT FOR A-FAB.

Treasurer, Jo Ann Behling reported receiving an order of approval from the State Tax Commission. The Tax Commission has found A-Fab to have no value. Commissioner Randy Johnson made a motion to approve the tax adjustment for A-Fab. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(20)

APPOINTMENT OF CAREER SERVICE COUNCIL.

The Career Service Council is the board that was created to hear appeals on personnel action. Over the years the board was dissolved. There is a need to reconstitute the board and the following individuals were recommended to serve on that board: Randy Jensen, Judy Ann Scott and Keith Ware. Commissioner Randy Johnson made a motion to approve appointment of Randy Jensen, Judy Ann Scott and Keith Ware to the Career Service Council Board. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(21)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director, Pat Snowball was not present at the meeting. Clerk/Auditor, Bruce Funk reported his office will be conducting interviews on Thursday, May 6, 1999 for a part time up to 39 hour entry level position. Because of the need to put the individual to work before the next meeting, Mr. Funk requested to be allowed to make the decision and put the individual to work on Monday, May 10, 1999 and have it ratified on May 18, 1999. Commissioner Ira Hatch made a motion to allow the Clerk/Auditor to hire the part time up to 39 hour, entry level position upon approval of Commissioner Ira Hatch and to have ratified in the next meeting. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(22)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Ira Hatch made a motion to approval the minutes dated April 20, 1999 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(23)

COMMISSION REPORTS.

*Commissioner Johnson*

Commissioner Johnson will be traveling to Washington D.C. to lobby for P.I.L.T. Funds. His expenses will be reimbursed by NACO.

(24)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

Executive session was not needed at this time.

(25)

ADJOURNMENT

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

May 18, 1999

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

RYDALE LOFLEY, REPRESENTING EMERY HIGH TSA, REQUEST FOR DONATION TO ATTEND NATIONAL TSA CONFERENCE.

Rydale Lofley , Emery High Technology Association was present to request a donation for their group to attend the Technology Student Association Conference in Tulsa, Oklahoma. The group will compete with students from schools throughout the state in redesigning an auto using future technology. Commissioner Randy Johnson made a motion to donate the standard \$250.00 to Emery High Technology Association to attend the Technology Student Association Conference in Tulsa, Oklahoma. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(2)

BRUCE WILSON, REQUEST DONATION TO EMERY COUNTY YOUTH LEADERSHIP COUNCIL.

This agenda item was deferred to another meeting time.

(3)

DISCUSSION OF REQUEST FOR RELOCATION OF EMERY COUNTY FOOD BANK AND CLOTHING EXCHANGE AND EMERY COUNTY CHAMBER OF COMMERCE TO THE CASTLE DALE SENIOR CITIZEN'S CENTER.

Barbara Doughery, Coordinator for Association of Governments in Price presented an overview of the program and the assistance they provide to the citizens of Emery County. Cheryl Peck, Coordinator for the Emery County Food Bank and Clothing Exchange provided photos showing the cramped conditions at the facility. The building they are currently occupying is owned by Patrick Jones, who has informed the Emery County Food Bank and Clothing Exchange that the building will be torn down sometime this summer. The center is in need of a place to relocate. Since the new Senior Citizens Center will be completed soon, they are requesting to move into the old Castle Dale Senior Citizens Center after it has been vacated.

Emery County Chamber of Commerce Chairman, Stan Colby was present to request facility to house the Chamber of Commerce. The Chamber board is comprised Emery County Commissioners and representatives of all the cities and many businesses in Emery County. Many people visiting our area are referred to the Chamber as well as businesses looking to locate in Emery County. The building they are presently occupying is small and hard for visitors to find. Mr. Colby also requested to move into the old Senior Citizens Center after it is vacated.

The Board of Commissioners will look into the options for occupation of the old Senior Citizens Center and make a decision by the June 1, 1999 Commission Meeting.

(4)

MIKE JAMES, DISCUSSION OF LOCAL HIRING.

Mike James and John Lindquist representing Local 57 Pipe Fitters were present to request the Board of Commissioners use their influence to encourage PacifiCorp to use contractors to hire local workers on the power plant overhaul. The union workers have tried to put in applications to be considered for work with Erwin, General Contractor for the boiler overhaul at Hunter Power Plant. They have not been able to even put in applications or make contact with the contractor. Work Force Services Director, Dale Roper was present to report that the contractors have not made contact with them for referrals. John Lindquist stated he goes for long periods of unemployment and to see a job of this magnitude come into the county and not be even considered for these jobs is a crime. The Board of Commissioners expressed their concerns and empathy for the situation. The Board of Commissioners pledged to express the concerns of the local unions and others seeking employment to PacifiCorp management.

(5)

CONSIDERATION AND APPROVAL OF RESOLUTION 5-18-99A AUTHORIZING THE ISSUANCE AND SALE OF \$1000,000 GENERAL OBLIGATION PUBLIC PURPOSE BONDS, SERIES 1999B OF CASTLE VALLEY SPECIAL SERVICE DISTRICT, EMERY COUNTY, UTAH, FIXING INTEREST RATE TO BE BORNE, THEREBY, PROVIDING FOR THE LEVY OF TAXES TO PAY PRINCIPAL OF AND INTEREST ON SAID BONDS, PROVIDING FOR THE USE OF THE PROCEEDS THEREOF, MAKING CERTAIN FINDINGS AND COVENANTS IN CONNECTION THEREWITH, PROVIDING FOR A SYSTEM OF REGISTRATION THEREFOR, RATIFYING ACTIONS HERETOFORE TAKEN, PROVIDING FOR THE PUBLICATION OF A NOTICE OF BONDS TO BE ISSUED, AND PROVIDING FOR THE RUNNING OF A CONTEST PERIOD; AND PROVIDING FOR RELATED MATTERS.

Castle Valley Special Service District Manager, Darrell Leamaster presented Resolution 5-18-99A for consideration and approval. The resolution was for authorizing the

issuance and sale of \$1,000,000. General Obligation Public Purpose Bonds, Series 1999B. The bonds will be used for construction of the Castle Dale/Orangeville Water Treatment Plant. The interest rate will be four percent at a five year payback. Commissioner Randy Johnson made a motion to approve Resolution 5-18-99A authorizing the issuance and sale of \$1,000,000. General Obligation Public Purpose Bonds, Series 1999B of Castle Valley Special Service District, Emery County, Utah. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

CITIZENS CONCERNS

Public Lands Director, Val Payne as directed by the Board of Commissioners was present to follow-up on the earlier request to approve and submit a grant application for funding of state appropriated funds for the purpose of inventorying Emery County's RS2477 Right-Of-Way and Heritage sites and routes to them. On May 4, 1999 Mr. Payne reported that the Recreation Subcommittee of the Public Lands Council had not completed the grant application and the deadline for application was May 14, 1999, therefore requested approval to send the grant application upon completion and have it ratified in the next meeting. Mr. Payne presented a copy of the grant application requesting funding for the maximum amount of \$50,000.00 of which Emery County will be required to match the remaining amount of the proposed \$102,500. budgeted amount. At this time Mr. Payne is requesting ratification of the grant application that was sent to the state for funding consideration. Commissioner Ira Hatch made a motion to ratify the grant application for funding of the mapping project as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Work Force Services Director, Dale Roper expressed concern that there are a lot of skilled people in Emery County seeking employment who are not union members. Work Forces can make contact with the contractors and companies doing business in the county but they can't force them to hire through Work Force Services. Susan Sitterud, Coordinator at Work Force Services stated that they were not even aware that there was another group, such as the union, out there looking for jobs because they don't coordinate with them. The union workers rely on their union to keep them working. Work Force Services has made attempts to contact Erwin, the contractor for PacifiCorp on the overhaul at Hunter Plant. At this time they have had no response from the contractor for a request to work local people.

Assessor, Jim Fauver, requested a Commission adjustment on property taxes for Sharpe Snow at Joe's Valley Marina. With penalties and interest their 1999 property taxes were \$382.88. Due to impacts to the marina from the Joe's Valley Campground reconstruction Mr. Snow is requesting an adjustment. The adjustment would reduce his 1999 property taxes to \$168.29. Commissioner Ira Hatch made a motion to approve the adjustment of 1999 property taxes for

4

Commission Meeting Minutes  
May 18, 1999

Joe's Valley Marina. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Steve Prince, Executive Director Castle Valley Gas Producers Association provided an update. Ferron Field EIS will be finalized sometime in June. They will going on a tour of Amoco Facilities.

Mike Miles, Project Manager for UDOT Region #4 was on hand to update the Board Of Commissioners on the fix for Highway 10. Work is scheduled to be done on Highway 10 in two years which is not soon enough considering the impacts Emery County may be receiving if SUFCO Mine's proposal coal haul road in the Quitchupah area goes through. SUFCO proposes moving the interchange to the north at U-10 interchange. There would be an added two hundred to four hundred coal trucks a day on Highway 10 which would be detrimental to Emery County with no added benefits. Mike indicated UDOT will make a request for a set of plans to be sent to Emery County.

(7)

CONSIDERATION AND APPROVAL OF INVESTMENT POLICY OF THE EMERY COUNTY TREASURER'S OFFICE.

The State has asked all County Treasurers to have a written policy of investment procedures based on State Code 63-5B-401. Treasurer, Jo Ann Behling was present to request Emery County adopt a written policy of investment procedures. The policy was approved.

(8)

APPROVAL OF BUSINESS LICENSE

A business license was not available for consideration at this time.

(9)

APPROVAL OF RSVP GRANT NO. 440-PO56/19

RSVP Director, Carolyn Randall was not in attendance at the meeting. Commissioner Ira Hatch has reviewed the contract which does not include Grand County and recommends signing it. Commissioner Ira Hatch made a motion to approve and sign RSVP Grant No. 440-PO56/19. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(10)

CONSIDERATION AND APPROVAL OF COUNTY BRAND INSPECTION AGREEMENT.

Commissioner Ira Hatch made a motion to approve the State of Utah, Department of Agriculture & Food, County Brand Inspection Agreement crossing out reference in Article III referring to Category I peace officer. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

CONSIDERATION AND APPROVAL OF AMENDMENT TO RESOLUTION 12-15-98C TO GUARANTEE PAYMENT OF MINERAL LEASE FUNDS TO EMERY COUNTY FIRE PROTECTION SPECIAL SERVICE DISTRICT.

Attorney, David Blackwell in the continuation of reviewing bonds for funds to the Emery County Fire Protection Special Service District has found it necessary to include new wording in Paragraph 5 of Emery County Resolution 12-15-98C which allows the Emery County Commission to amend the Resolution in accordance with the changing needs of each district. Paragraph 5 is amended to the following:

This Resolution may be amended, from time to time, in accordance with the changing needs of each district and the increase or decrease of available funds. However, as long as any obligations of the Emery County Fire Protection Special Service District secured and payable from mineral lease revenues are outstanding, the County will not amend, alter, rescind, repeal, or otherwise modify the provisions of this Resolution in any way which diminishes the percentage of mineral lease revenues payable to the Emery County Fire Protection Special Service District in any way that adversely affects the security for such obligations.

Commissioner Randy Johnson made a motion to approve Resolution 5-18-99B amending Resolution 12-15-98C to guarantee payment of mineral lease funds to Emery County Fire Protection Special Service District. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

CONSIDERATION AND APPROVAL OF SCENIC BYWAY CONSULTANT CONTRACT.

Economic Development Director, Rosann Fillmore was not present at the meeting. Commissioner Randy Johnson reported that the contract is for consulting fees on the Huntington Canyon/Eccles Canyon Scenic Byway Corridor Management Plan & National Scenic Byway. Economic Development has received a grant for this project but as of this date the Board of Commissioners do not have any clarification on the status of the funds.

Commissioner Randy Johnson made a motion to approve the Scenic Byway Consultant Contract contingent upon Rosann Fillmore's satisfactory explanation to the Board of Commissioners of proposed grant funds for this project. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

DISCUSS ASSIGNMENT OF JIM FAUVER OVER COMPUTER OPERATIONS.

The Board of Commissioners discussed having Jim Fauver be over the computers for this year and address the matter more in budget sessions for next year. Clerk/Auditor, Bruce Funk expressed his feeling that Jim is doing a good job with coping with the individual needs of each office. Mr. Funk suggested looking at bringing in a computer specialist to relieve the pressure on Jim. Brett Mills handles many of the operations problems at the Sheriff's Office and he could use some relief also. Many times Jim is called away from his everyday Assessor responsibilities to handle computer problems in other departments. After discussion on this matter it was decided to assign Jim Fauver to be over Data Processing as well as maintaining the budget for that department. The Board of Commissioners will look into clarifying Mr. Fauver's responsibilities for now and look further into our needs for the future. Commissioner Randy Johnson made a motion to assign Jim Fauver to be over the Data Processing Department and computer operations. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

DISCUSS TIME SHEETS FOR SALARIED, EXEMPT EMPLOYEES.

After much discussion on this matter the Board of Commissioners reemphasized the need for all departments and salaried, exempt employees to hand in time sheets to the Clerk/Auditor's Office on time.

(15)

CONSIDERATION AND APPROVAL OF DONATION TO SOUTHEASTERN UTAH REVOLVING LOAN FUND TO HELP MAKE-UP SHORTFALL.

Commission Chairman Kent Petersen read a letter from Dennis Rigby, Revolving Loan Fund Manager of the Southeastern Utah Economic Development District. The letter requested \$625.00 from each of the four counties associated with the district. The requested funds are to help make-up the \$2,500.00 short fall and become the match for an additional \$7,500.00 in loan funds. Commissioner Randy Johnson made a motion to contribute \$625.00 from Dues & Contributions to Southeastern Utah Revolving Loan Fund to help make-up the short fall. The

motion was seconded by Commissioner Ira Hatch and approved by all members present.

(16)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List #120597 through and including #120733 for payment.

Requisitions were presented for the following:

COMMISSION REPORTS

*Commissioner Johnson*

Commissioner Johnson reported on his trip to Washington D.C. where he lobbied on PILT allocations. He was surprised to hear how the war in Kosovo has impacted the budgeting process. Emery County's Wilderness Bill is still on the hot seat. At some point it will be introduced again and try, on its own merit, to pass.

*Commissioner Hatch*

Commissioner Petersen and Commissioner Hatch attended a CIB meeting where Emery County applied and was granted permission to use the leftover funds from construction of the Castle Dale Senior Citizens Center to pursue a Senior Citizens Center in Emery. Commissioner Hatch will be meeting this afternoon with Jo Ann Behling, Bruce Funk and Pat Snowball to discuss

options for preferred provider for insurance. He will report to the other Commissioners on the outcome of their findings. He also reported that former Commissioner Bevan Wilson has been appointed to the UDOT Highway Commission and the CIB Funding Board. The CIB Funding Board will hold their retreat in Emery County in July and their meeting will be here also.

*Commissioner Petersen*

Commissioner Petersen reported on the accommodating nature of the CIB regarding the historic structure of the building in Emery previously occupied by Senior Citizens Program.

(21)

Personnel Director, Pat Snowball presented the following personnel action for consideration and approval:

Justice Court

Stan Truman, Justice Court Judge requested approval to hire Haley Orgill as temporary up to 90 days at \$6.00/hr. effective June 1, 1999. Haley will assist with clerical duties while Melany Viers is on Family Leave. Commissioner Ira Hatch made a motion to approve hiring Haley Orgill as specified. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(3)

TOM ALEXANDER, UTAH POWER, QUARTERLY UPDATE.

The Hunter Plant overhaul on unit 1 began May 14 and will be going for another four weeks. Commissioner Johnson took a few minutes to express the concerns of the local union as well as the Board of Commissioners regarding the hire of local skilled workers. Energy West has acquired new coal leases which will add approximately ten to fifteen years to their Deer Creek Mine. Due to engineering studies and reporting to DOGM it will be about two or three years before they can begin mining the thirty-five to fifty-five million tons of coal. Bo Taylor, Huntington Plant had inquired about scholarships for Emery Youth Council. UPL doesn't give scholarships to individuals, however they did have some mining scholarships at CEU that had not been applied for, so they will be turned over for the Youth Council to apply for. The ongoing Cottonwood Mitigation Project is moving along. On a corporate level, the merger with Scottish Power is taking a lot of their time and attention at this time. Hearing's will be held sometime in August. They have sold their California properties and are in the process of selling their Centralia Mine in Washington. Utah Power is up to date on Y2K compliance.

(4)

DWR, MILES MORETTI, QUARTERLY UPDATE.

Miles Moretti reported that a few years ago DWR traded what they call the upper and lower game farm in Huntington Canyon for a piece of property near Nielson Construction's yard. They

have a couple of ponds on this property which they have stocked with five hundred and fifty blue gill and one hundred large mouth bass from out of Pelican Lake in the Uinta Basin, as well as 1000 catch-able rainbow and bass from the hatchery. This is for their second annual "Kids Fishing Event" which is meant to encourage kids to get into fishing as part of their aquatic education program. They will have a Pathway to Fishing Trailer for the kids to check out fishing poles and receive instruction on fishing. The pond is primarily dedicated to kids. They are asking to have the blue gill and bass as catch and release for this first year to give the fish a chance to spawn. This program was very successful last year and they hope to have the same response this year. They will be doing a similar program at the pond near the Green River Golf Course in Green River. Due to last years over-sale of deer hunting permits for the southern region, DWR will pass out vouchers on June 12, 1999 which can be used to obtain a deer permit for that region. Regular deer permits for our area will go on sale June 21, 1999. He reported on the depredation conditions of the deer and elk. It has been a light winter and the animals don't want to move up the mountain yet which has caused some safety concerns both for the animals and humans. He also reported on the depredation conditions of bear in Desolation Canyon. There's not a lot of feed out there due to spring freezes. Bear have been in camps foraging for food.

(5)

DAVE EMERY AND RAY GRANGE, DISCUSSION OF BOYS SCOUT CAMP IMPROVEMENTS AND REQUEST COUNTY HELP.

Dave Emery and Ray Grange, adult supervisors of the Order of Arrow requested assistance in acquiring a bridge to facilitate access into the Boy Scout Camp south of Bear Creek Campground in Huntington Canyon. The advisors discussed the possibility of moving the Baily Bridge from Green River. The Historical Society may have this bridge on its list of historic bridges which could mean meeting national standards of safety as well as regulations of the BLM and Corp of Engineers. Mr. Grange and Mr. Emery requested incidental use of a county backhoe to be operated only by a qualified operator. Permission was granted to use a county backhoe as requested. The Board of Commissioners and the advisors discussed other possibilities. Any assistance regarding the bridge will hinge on the conditions the County will be asked to meet. Further investigation will be made about the use of the Baily Bridge and any requirements required for its installation, use and maintenance.

(6)

CITIZENS CONCERNS

There were no citizens concerns at this time.

(7)

DISCUSSION OF COUNTY INSURANCE RENEWAL PROCESS.

Personnel Director, Pat Snowball reported that the County's new health insurance year begins July 1, 1999. The Board of Commissioners stated a need to seriously look into a network. The two networks being considered are IHC and CCN. The committee assigned to look into insurance options had formulated a table of pros and cons for the two networks being considered. The Board of Commissioners and the insurance committee will continue to look into the options and a decision will be made on June 15, 1999.

(8)

CONSIDERATION AND APPROVAL OF BOARD MEMBER  
APPOINTMENT/REAPPOINTMENT FOR EMERY COUNTY WATER CONSERVANCY  
DISTRICT AND EMERY COUNTY NURSING HOME.

The Board of Commissioners received a letter from the Emery Water Conservancy District recommending, after review of the applications, the following individuals for appointment/reappointment to their board, thus maintaining a geographic balance:  
Eugene Johansen, Clyde Conover and Kay Jensen.

Commissioner Randy Johnson made a motion to approve appointment/reappointment of Eugene Johansen, Clyde Conover and Kay Jensen to the board of the Emery Water Conservancy District. The motion was seconded by Commissioner Ira Hatch and approved by all members present. The Emery County Nursing Home asked to delay approval of appointment to their board.

(9)

CONSIDERATION AND APPROVAL OF ERNEST MONEY AGREEMENT FOR LAND  
SALE AT INDUSTRIAL PARK.

Economic Development Director, Rosann Fillmore requested approval of contract to sell a lot in the Huntington Industrial Park to Don Gordon for a Jiffy Lube. The one and a half acre lot will be sold for \$10,500.00. Earnest money in the amount of \$1,500.00 has been paid to the county. The contract requires the signatures of the Chairman of the Board of Emery County Commissioners and Huntington City Mayor. Commissioner Randy Johnson made a motion to approve signing the contract to sell one and a half acres in the Huntington Industrial Park to Don Gordon for \$10,500.00. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

DECISION OF OCCUPATION OF OLD CASTLE DALE SENIOR CITIZEN CENTER.

The Emery County Chamber of Commerce and Emery County Food Bank and Clothing Exchange came before the Board of Commissioners on May 18, 1999 for consideration of occupying the Castle Dale Senior Citizens Center after they have moved into the new building. At that time the Board of Commissioners had reported that they would make a decision at today's meeting as to that decision. The Board of Commissioners have received numerous calls regarding the unloading of the Food Bank truck. There was concern for the congestion at the U.S. Post Office as well as the local businesses in the area during the food drop. The Sr. Citizen Center will not be available until about October and the Food Bank and Clothing Exchange will need to relocate soon. The Clothing Exchange and Board of Commissioners will continue to look into other options for space. Commissioner Ira Hatch made a motion to table this decision for now. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

CONSIDERATION AND APPROVAL OF SUPPORT FOR RFP BY SEUALG FOR ASSISTANCE ON AFFORDABLE HOUSING PLAN AND 21<sup>ST</sup> CENTURY COMMUNITY PROGRAM..

The AOG has offered to be the recipient of the 21<sup>st</sup> Century Community Program funds and provide the planning for all the communities. By doing it this way AOG can put a planner on staff that would be effective in helping all of the communities. For this to work each of the communities including the counties should agree to be a part of it. There is a state mandate that states that each entity which includes cities and counties will have an affordable housing plan in effect. Participating in this program will enable us to comply with the mandate. The AOG suggested \$1,000.00 as matching funds to participate in this program. Commissioner Ira Hatch made a motion to donate the \$1,000.00 in matching funds to the AOG to participate in the 21<sup>st</sup> Century Community Program. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(12)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Ira Hatch made a motion to approve the minutes dated May 18, 1999 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

OTHER

In a previous meeting Emery County agreed with submission of a grant request to the committee set up to distribute \$450,000.00 that the State Legislature approved for helping counties map their RS2477 road assertions. Twenty-one counties submitted proposals for a total of well over a million dollars. Emery County was successful in getting \$10,000.00. There will be a mandatory training session for administrators of this money. Commissioner Ira Hatch made a motion to accept and sign the contract with the State of Utah for the \$10,000.00. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Leslie Bolinder reported that the County Auction will be held on August 21, 1999. Captain Owens at the Sheriff's Department is the contact person for the auction.

(14)

COMMISSIONER REPORTS

*Commissioner Johnson*

Commissioner Johnson reported on the combined efforts of Castle Dale City and the Emery County Fair for the Fair and Rodeo Grounds.

*Commissioner Hatch*

Commissioner Hatch reported that on Friday May 28, 1999 he, Val Payne and Bryant Anderson went on a tour of Gold Tera, Inc.'s lease sites and operations.

(15)

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

June 15, 1999

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

DELENA FISH, DIVISION OF WORKFORCE SERVICES, QUARTERLY UPDATE.

Delena Fish, Division of Workforce Services provided the Board of Commissioners with statistics reflecting the labor market in Emery County for the 2<sup>nd</sup> quarter of 1999. Their Family Development Program was outlined, profiling characteristics of participants receiving financial assistance. Mrs. Fish also briefly explained the Southeast Region Applied Technology Education Program and requested a time when she could meet with the Commission to formulate a position for Emery County involvement with the program.

(2)

CAROL WARE, REQUEST DONATION TO EMERY COUNTY YOUTH LEADERSHIP COUNCIL.

Carol Ware, Emery County Youth Leadership Council Board member requested a donation to assist their appreciation banquet which will be held on August 14, 1999. The purpose of the youth council is to get the youth organized and involved in community affairs. They have arranged for Gary Sessions, a dynamic motivational speaker and founder of the Youth Council Program to speak to the anticipated two hundred attending the banquet. Commissioner Ira Hatch made a motion to support the youth council program with a donation of \$250.00. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(3)

MARGARET SWASEY, DISCUSSION OF DEVILS RACE TRACK AND EVA CONOVER ROAD.

Margaret Swasey and Allen Petersen were present to inform the Commission of a rumor heard of BLM's proposed closure of Eva Conover Road and Devil's Race Track due to damaged roads and surrounding areas. They met with BLM officials at their office and were informed that the roads will remain open until the travel plan is released or implemented which will be a local management decision with no more public input. OHV user groups are willing to put in the time

to repair the damage done to the area but not if the road is going to be closed. Commissioner Kent Petersen suggested drafting a letter to BLM officials informing them of the rumor and reminding them of the MOU Emery County has with BLM to include Emery County in the planning process and our determination to assert our RS2477 Rights and that we will fight to protect those rights.

(4)

MACK HUNTINGTON, PLANNING AND ZONING, REQUEST PUBLIC HEARING FOR GOLD TERA'S BLACK KNIGHT MINE SITE.

GoldTerra, Inc. has requested to expand their operations at their Black Knight Mine site. They have gone through the proper steps. The plan has been reviewed and endorsed by the planning commission. The next step is to hold a public hearing to receive public comment for their expansion plan. Commissioner Randy Johnson made a motion to set a public hearing for July 6, 1999 at 5:30 P.M. to receive public comment on GoldTerra, Inc.'s expansion plan at their Black Knight Mine site. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

CITIZENS CONCERNS

The Board of Commissioners received a letter from August Pace, Green River requesting assistance as an exchange student to Thailand. Commissioner Ira Hatch made a motion to approve a contribution of \$50.00 to August Pace as an exchange student to Thailand. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(6)

ROAD DEPARTMENT/LANDFILL

A. Request approval for replacement of gas heaters at Green River Road Shop.

Rex Funk, Road Department Supervisor informed the Commissioners of a problem with the over head heaters at the Green River Road Shop. They have had problems with them misfiring causing a potential explosion and fire safety danger. It was his recommendation to replace the heaters with unit heaters. Commissioner Ira Hatch made a motion to approve replacing the heaters at the Green River Road Shop. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

B. Request approval of purchase of John Deere grader.

Commissioner Ira Hatch made a motion to approve executing the lease option purchase of the John Deere grader from Class B funds. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

C. Discussion of remodeling plans for Planning and Zoning office.

The Board of Commissioners discussed possible remodeling plans for the Planning and Zoning office. They will look further into options that were discussed.

Commissioner Ira Hatch thanked Lance Farmer for the work done on the Huntington billboard lights. The lights had been out for some time and are now functioning. Emery County pays the power bill on the lights whether they are on or not.

Rex Funk reported that the Road Department will be issuing an encroachment permit to GoldTera, Inc. for an access road in order to assert our RS2477 Right-of-Way.

Randy Johnson thanked the Road Department, especially Morris Sorensen and Ray Petersen for their help at the Rodeo grounds in preparation for the Emery County Fair.

(7)

DISCUSSION AND APPROVAL OF COUNTY INSURANCE NETWORK AND OTHER MATTERS RELATING TO HEALTH.

The Emery County health insurance plan renews July 1, 1999. In order to control the rising cost of this benefit, it has become necessary to consider participating in a health care network of preferred providers and facilities.

A health insurance committee composed of Commissioner Ira Hatch, JoAnn Behling, Bruce Funk, Brenda Dugmore and Pat Snowball have been working and exploring alternatives to provide health care benefits that plan participants have enjoyed, yet control the ever rising costs. This was an especially difficult renewal because of the network issue. Without a network in place costs are expected to rise in excess of 25%. With a network the plan can expect to save 20% to 21%. However, the health care inflation rate for 1999 is 18%.

Many discussions about numerous networks have reduced the choice to two networks which seemed to offer the best cost and availability to the county: IHC (Intermountain Health Care) and CCN (Columbia-Premier). The committee's recommendation was that the county participate in the CCN network. The deductible will stay at \$100-\$200 with an 80/20 split up to the maximum of \$5,000. Those participants who choose services out of the network will have a \$250-500 deductible with a 70/30 split. These are the only two areas of change. The other benefits with the plan will remain the same. Pat Snowball, Personnel Director proposed training sessions be

set up with participants and spouses to provide an overview of the policy. Clerk/Auditor Bruce Funk recommended Ira Hatch be a designee to sign the renewal documents as the date for renewal is before the next commission meeting. Ira Hatch made a motion to go with CCN as Emery County's health insurance network, to authorize his signature on the renewal documents and to ratify the signature in the July 6, 1999 commission meeting. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(8)

CONSIDERATION AND APPROVAL OF THE RETIREMENT CONTRIBUTION RATE INCREASES.

Deputy Clerk/Auditor, Brenda Dugmore reported that this year the only increase in the retirement contribution rate is for the Sheriff's Department which is 1.01. Commissioner Ira Hatch made a motion to approve the 1.01 increase in the retirement contribution rate for the Sheriff's Department. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(9)

CONSIDERATION AND APPROVAL OF CASTLE VALLEY SPECIAL SERVICE DISTRICT 1999 PROPOSED TAX RATES.

As of this date the state was still changing values and had not provided the proposed certified tax rates. No action was taken on this at this time.

(10)

CONSIDERATION AND APPROVAL OF EMERY COUNTY 1999 PROPOSED TAX RATES.

As of this date the state was still changing values and had not provided the proposed certified tax rates. No action was taken on this item at this time.

(11)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Commission Meeting Minutes  
June 15, 1999

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List #121327 through and including #121465 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
44-99	E-911 Software upgrade	7,700.00	Approved
45-99	Body Armor/Sheriff	431.00	Approved

There were no dispositions presented at this time.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List for payment and requisitions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Road Department

A request was made to hire Jeremy Larsen, as temporary laborer, up to 90 days at \$8.00/hr. effective June 1, 1999. Commissioner Randy Johnson made a motion to approve the up to 90 days hire of Jeremy Larsen as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Robert Davies had completed his six-month orientation period and his supervisor had recommended that he progress, per policy from 12 entry \$10.26/hr to 12A \$10.57/hr. effective June 28, 1999. Commission approval was requested. Commissioner Randy Johnson made a motion to approve the progression of Robert Davies, as per policy, as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

GIS

Request was made to hire Lizzette Oman, up to 90 days as GIS technician at \$7.00/hr. effective

6

Commission Meeting Minutes

June 15, 1999

June 2, 1999. Commissioner Randy Johnson made a motion to approve hiring Lizzette Oman as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

The up to 90 day temporary status of Susan Dorsch and Mick Robinson was discussed. Susan Dorsch was hired to operate the television station until the renewal permitting process and request for change of status of the station was complete. It has been a lengthy process and has extended beyond the temporary 90 day assignment. Mick Robinson was hired temporarily to help in GIS with routine work but has since become an important part of the RS2477 mapping project and has thus extended beyond his temporary 90 day assignment. A furlough of two weeks is the usual process for reassignment however services would be lost in both cases if Susan and Mick were furloughed for two weeks before reassignment. After consulting with Attorney David Blackwell it was decided to override the policy due to extenuating circumstances. Commissioner Randy Johnson made a motion to override the personnel policy due to extenuating circumstances surrounding the 90 day temporary status of Susan Dorsch and Mick Robinson wherein they will remain in their present job status until the existing situations are completed or resolved. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

Commissioner Johnson provided comments regarding the funds needed to meet Emery County's obligation with CIB for matching funds to build the Ferron and Castle Dale Senior Citizen Centers. Amending the budget will allow the county the necessary funds to meet that match. The Board of Commissioners also discussed the Emery Senior Citizen Center and plans for possible funding.

Commissioner Ira Hatch made a motion to come out of the Public Hearing. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Commissioner Ira Hatch made a motion to approve Resolution 6-15-99 Amending the 1999 budget. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Commissioner Petersen commented regarding the judgement levy, Emery County is proceeding with the judgement levy and it will be included on the tax notices in November.

Commissioner Ira Hatch made a motion to adjourn the meeting. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Assessor

Request was made to allow Shelly Gilpin her progressive increase. As per policy she would go from 5A \$7.91/hr. to 6A \$8.23/hr. effective July 7, 1999. Commissioner Ira Hatch made a motion to approve as per policy a progressive increase for Shelly Gilpin as outlined. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Road Department

Ron Wright has successfully completed his six-month orientation and has been recommended to progress from 12 entry \$10.26/hr. to 12A \$10.57/hr. effective July 11, 1999. Commissioner Randy Johnson made a motion to approve the progressive increase as per policy for Ron Wright as outlined. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

GIS

Request was made to hire Cody Fielder as a temporary assistant, up to 90 day assignment at \$7.00/hr effective June 24, 1999. Commissioner Randy Johnson made a motion to approve the up to 90 day temporary assignment of Cody Fielder in GIS as outlined. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Extension

Cassie Jones has been a temporary up to 90 day employee in the Extension office. As of July 1, 1999 she will be paid by USU and will no longer be on the Emery County payroll.

(3)

OPENING OF REQUESTS FOR QUALIFICATIONS FOR DESIGN-BUILD SERVICES FOR EMERY COUNTY PUBLIC SAFETY FACILITY.

Emery County has been told the jail is condemned and a serious liability to the county. We cannot go to CIB or do any kind of funding for a new facility without first going to the public on an issue such as this. Emery County has been advised to protect ourselves from liability we must be in the process of moving towards a new public safety facility. To do that Emery County must ask the public to bond for the new facility. Emery County will try to have a bond election in the fall on a public safety facility because the public needs to make the choice as to whether to do that or not. Assessor, Jim Fauver commented that the taxpayers are going to experience a thirty to forty percent increase in taxes this year and that this is not a good year to be asking them to bond. Commissioner Johnson expressed his concern that this is not a good year to be asking the taxpayers to bond but we have been advised that we need to at least be in the process to protect ourselves from the liability. Part of the process was to advertise a request for qualifications for design-build services for the proposed facility. Emery County received one bid for design-build services from Sahara Inc. from West Bountiful, Utah. Sahara anticipates the budget for a one hundred bed jail facility including a sheriff's office, state court, juvenile court and justice court would cost approximately five million seven hundred thousand. Sahara, Inc. anticipates five to six thousand dollars for the services. If the bond fails then they would kick the charges into another year for another bond. It is unlikely we would incur any costs this year other than the cost associated with getting the bond issue on the ballots. Emery County has made no commitment and by what they are doing today will not be committed to any cost at this time. Housing state prisoners will not be a part of generating revenue to repay the bond. We may look at housing INS and federal prisoners but Sheriff Guymon and the Commissioners feel it is not healthy or productive to the community to house state felons. Emery County Board of Commissioners will not assume a position pro active to this proposed bond other than to acknowledge that Emery County does have a liability problem with the jail and we need a solution to that problem. We will allow the Sheriff's Department and Sahara Inc. the opportunity to present the facts, the scenarios and the impacts to the individual tax payer. The Board of Commissioners feel that the public does need to make the decision as to whether they want to bond for that kind of money to solve this problem. No decision was made at this time.

(4)

CONSIDERATION AND APPROVAL OF MOU REGARDING CONTRACTUAL AGREEMENT NO. 921389 FOR BALIFF SERVICES TO DISTRICT COURT.

Commissioner Randy Johnson made a motion to approve the MOU regarding contractual agreement No# 921389 between Emery County and the Administrative Office of the Courts, whereby the Emery County Sheriff's Department provides bailiff services to the District Court. The contract will continue from July 1, 1999 to June 30, 2000. Contract compensation not to exceed \$4,500.00 per year. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

MILES MORETTI, DWR, PRESENTATION OF RESOURCES COMMUNITY PARTNERS OF YEAR AWARD.

Miles Moretti, DWR presented Val Payne representing the Public Lands Council with DWR's first Resources Community Partners of the Year Award. To initiate the awards program Miles Moretti nominated Emery County Public Lands council for their community public awareness. The award was in the form of a Clark Bronson framed print with a plaque that read: "Utah Division of Wildlife Resources 1999 Special Recognition Emery County Public Lands Council Community Partner of the Year".

(6)

KIMBALL AND ROBERTS, PRESENTATION OF THE 1998 INDEPENDENT AUDIT.

Emery County's Independent Auditors, Kimball and Roberts have completed the 1998 audit. Senior Deputy Clerk/Auditor Brenda Dugmore presented the Board of Commissioners with a copy of the financial statement and audit report. Emery County received a clean audit in 1998. The financial statement and report are available at the Clerk/Auditor's office for review by the public. Commissioner Ira Hatch made a motion to accept the 1998 audit report from Kimball and Roberts. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

5:30 P.M.-PUBLIC HEARING to receive public comment on large site plan of GoldTerra's Black Knight Mine.

Dan Shepherd, President of GoldTerra, Inc. was not able to attend the meeting. Mack Huntington, Planning & Zoning Chairman was present to provide a short overview of GoldTerra's proposed large scale site plan for their Black Knight Mine. The meeting was opened to the public for comments. Jim Fauver inquired as to any expected revenue coming to the county. Mr. Huntington explained that this is a pilot program and if all goes well the company expects to bring approximately one hundred jobs to the area. The Black Knight Mine site is on State Trust Land who has endorsed this site plan. Being no more questions or comments Commissioner Randy Johnson made a motion to close the public hearing. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

CONSIDERATION AND APPROVAL OF GOLDTERRA'S BLACK KNIGHT MINE LARGE SITE PLAN.

Commissioner Ira Hatch made a motion to approve GoldTerra, Inc.'s Black Knight Mine large scale site plan. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(9)

ROSANN FILLMORE, UPDATE ON ECONOMIC DEVELOPMENT AND TRAVEL COUNCIL ISSUES.

Economic Development Director, Rosann Fillmore reported on the Industrial Site Evaluation from Pacifcorp which provided cost estimates for infrastructure necessary for industry at four sites in Emery County. The cost were high but were in line with others in the state. The Council is also working on publications to be sent to all local public entities that advertise for contractors. This is in an effort to urge the entities to be sure local contractors have an opportunity to bid and that if the project does not require a bid that they try to keep the contract local. Economic Development held a well attended workshop for contractors to learn how to put bid packages together.

The Travel Council has been struggling to have a travel bureau for some time now. They have existed mostly on fund balance and transient room tax. Most of the money has gone to operation expense and projects that have been done with Castle Country. They have had a hard time keeping members active resulting in trouble getting a quorum together to have a meeting. The Travel Council has suggested disbanding the travel bureau and use the remaining fund balance and transient room tax to finish up projects. She further suggested that Emery County build a new relationship with Castle Country where we would send our funds to Castle Country and they would do the projects. Rosann Fillmore, Valerie Newland, LaMar Guymon and Commissioner Hatch are Travel Council board members who are also Castle County board members. A decision will need to be made as to the status of the part time employee in Green River. The Council was created by resolution and will need to create a resolution to disband. A decision needs to be made as to the transient room tax now going to the Travel Council and the ongoing cost such as the billboard power bill and others. A meeting will be held with the Emery County Travel Council to discuss the options and then they will initiate discussions with Castle County Travel Bureau. There will be more discussion on this issue in the future.

(10)

STACY LAVATO, REQUEST CONSIDERATION FOR PURCHASE OF COUNTY OWNED

PROPERTY IN GREEN RIVER.

Stacy Lavato was not present at the meeting however she sent a letter requesting Emery County consider selling lot #24 on Cherry Street in Green River. She would like to put up a pre-fab home, however three lots are needed to do that. She has access to two lots and lot #24 would give her the three lots needed to place the home. After some discussion Commissioner Randy Johnson made a motion to turn this matter over to Attorney David Blackwell to begin the process of selling lot #24 to Stacy Lavato. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

APPROVAL OF BUSINESS LICENSE.

Clerk/Auditor, Bruce Funk presented the following business licenses for approval:

Betty Howard DBA: Betty's Equestrian Specialty Tack making horse blankets and horse accessories. Her business will be located in her home in Elmo.

JoAnne Chandler DBA: Triple J Chandler Transport, semi-truck contracted transporting of goods. Her business will be located in her home in Green River.

Claire J. Gaskin selling crafts at special events.

Commissioner Ira hatch made a motion to approve the business licenses as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(12)

CITIZEN CONCERNS

Angie Gilbert and Will Payne came before the Board of Commissioners to request assistance to attend the High School National Rodeo Finals in Gillette, Wyoming. To make it to the National Finals each participant must qualify in their rodeo event every weekend. Angie and Will each expressed their admiration for the rodeo program and how it has influenced them as well as affected their family. Commissioner Ira Hatch made a motion to contribute \$25.00 each to Will Payne and Angie Gilbert to attend the High School National Rodeo Finals and congratulated them for their accomplishments. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Sheriff LaMar Guymon reported that the Emery Drug Task Force has split off from the Carbon-Emery Drug Task Force. Sheriff Guymon presented the Commission a draft of a grant application for funding \$45,000.00 to operate the task force. That will be matched with

\$11,000.00 which is funds that are currently being used to pay phone and office space to Price City. The Clerk/Auditor's office will do the accounting for the task force. Emery County will be able to function as a single branch for four years at which time they will need to partner with another entity. The office will be based at the Huntington Sub Station. Commissioner Randy Johnson made a motion to move forward and ratify the signature on the grant application. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Randy Johnson reported that the fair will be going over budget due to unpredicted costs. Moving the fair to the new fairgrounds was not planned for and therefore has incurred extra cost. In the past the fair committee has tried to find vendors to do the lamb fry but have not been able to find anyone who can afford to pay for the lamb up front. The Chamber of Commerce will serve the food but the county will need to pay for the lamb at a cost of \$10,000 to \$15,000. It is expected that the revenue from the lamb fry will more than cover the cost of the lamb. Commissioner Ira Hatch made a motion to have Emery County purchase the lambs for the lamb fry with the proceeds from the lamb fry coming back into the general fund to cover the cost of the purchase. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(13)

RATIFICATION OF COUNTY INSURANCE RENEWAL AND RELATED MATTERS.

At the previous Commission Meeting approval was given to sign the health insurance renewal document in order to continue service on a timely basis. It is necessary to ratify that signature at this time. Commissioner Randy Johnson made a motion to ratify the signatures on the health insurance renewal documents. The motion was seconded by Commissioner Ira Hatch and approved by all members present. Pat Snowball, Personnel director reported that as a part of the 1999-2000 health insurance renewal, training sessions were conducted to familiarize employees and spouses to the new plan. The sessions were well attended. Many expressed disappointment at having to go from an open network to a preferred provider network, but understood that it was necessary to preserve the benefits that we currently enjoy.

(14)

CONSIDERATION AND APPROVAL OF BOARD MEMBER APPOINTMENT FOR THE EMERY COUNTY NURSING HOME.

8

Commission Meeting Minutes  
July 6, 1999

Commission Chairman Kent Petersen requested to defer this item until next Commission Meeting.

(15)

RATIFICATION OF CASTLE VALLEY SPECIAL SERVICE DISTRICT 1999 PROPOSED TAX RATES.

Senior Deputy Clerk/Auditor, Brenda Dugmore presented Castle Valley Special Service District's proposed tax rate for 1999 as follows:

Water & Sewer	0.000800	Voter imposed.
Debt Service	0.001127	
Judgement Levy	<u>0.000095</u>	
Total	0.002022	

Commissioner Randy Johnson made a motion to ratify the proposed 1999 tax rates for CVSSD. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(16)

RATIFICATION OF EMERY COUNTY 1999 PROPOSED TAX RATES.

Senior Deputy Clerk/Auditor, Brenda Dugmore presented the 1999 proposed tax rate for Emery County as follows:

General Fund	0.003244
Library Fund	0.000376
Flood Tax	0.000188
Judgement Levy	<u>0.000135</u>
Total	0.003943

Commissioner Ira Hatch made a motion to ratify the 1999 proposed tax rates for Emery County. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(17)

CONSIDERATION AND APPROVAL OF AMENDMENT #1 TO FY99 CONTRACT BETWEEN EMERY COUNTY AND SOUTHEASTERN UTAH AREA AGENCY ON

AGING.

Commissioner Randy Johnson made a motion to approve Amendment #1 to the Fiscal Year 1999 Contract between Emery County and Southeastern Utah Area Agency on Aging revenue which updates the budget with income actually received. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(18)

RATIFICATION OF DES-BEE DOVE CROSSOVER ROAD PROJECT AWARD.

Road Supervisor Rex Funk reported that the bid was awarded and signed for the Des-Bee Dove Crossover Road Project on June 22, 1999. The low bidder was Nielson Construction for \$259,855.00. Commissioner Ira Hatch made a motion to ratify the signature on the Des Bee Dove Crossover Road Project. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(19)

DISCUSSION OF LANDFILL TIRE DISPOSAL.

Road Supervisor, Rex Funk discussed the problems associated with tire disposal at the landfill. The State fund that was specifically designed for tire disposal has dried up and as of July 1, 1999 Emery County will be responsible for disposing of the upwards to twelve hundred tires coming into the landfill per quarter. The State of Utah has declared used tires a valuable resource but unfortunately Utah has only limited industries that will take them. Recently the State provided a listing of eighteen businesses who reportedly would take and recycle tires. Out of the eighteen businesses only six are in Utah. When Rex contacted the six companies he was disappointed to find that only one company would consider taking our used tires. While in Salt Lake City, Rex tried to locate that one company only to find that they had moved and changed their name. Rex contacted Sevier County Landfill and was referred to Idaho Tire Recovery, Inc. He contacted the company and requested a cost sheet good for all of 1999. Rex recommends that Emery County begin charging a fee for tires received at the landfill even if it is only to break even the cost for processing the tires to Idaho Tire Recovery Co. Sevier Co. Landfill says to expect illegal tire dumping to begin once we charge a fee. Sevier Co. has experienced tires being thrown off along the road, apparently in protest to the fees at their landfill. Rex also suggested that tire dealers who frequent our facility take their own tires to recyclers up state. If they deliver their own tires, they can save about twenty to twenty-five percent on disposal costs. If they insist on bringing them to us, we need to at least charge the disposal fee which we will have to pay to remove them from our facility. The State has waste tire regulations which requires us to safe guard the tire piles from vectors and fire. Many options were discussed. Rex also proposed charging tippage fees to contractors and construction companies for waste received at our

landfill. The Board of Commissioners set a Public Hearing for August 3, 1999 to receive public comment on imposing tipping fees and related matters at the landfill.

(20)

CONSIDERATION AND APPROVAL OF APPLICATION FOR ASSIGNMENT OF LICENSE OF THE LOW POWER TELEVISION STATION K26EM FOR EMERY COUNTY TO EMERY TELEPHONE.

Commissioner Randy Johnson explained that Emery County has been in the process of changing the license for Emery County's television station K26EM to a low wattage station. The purpose for the change was to stay in regulation with the way the station has been functioning as a public service station. While in the process of application for the low wattage license Emery County has continued operating the station on an emergency basis as a public service station with the assistance of Susan Dorsch. While in this process Emery County has been negotiating with various individuals to operate the station. Emery Telephone is interested in operating the station but they want to own the license and station. Emery Telephone has indicated they would continue to operate the station with the public in mind. In order for ET to prove to the Public Service Commission that they are involved in public service they will have to remain public service oriented. They intend to improve it substantially by doing some rebroadcasting as well as other transmission. They have promised not to raise the fees for local advertising substantially.

Commissioner Johnson's recommendation is to begin the process of applying for this transfer of license so Emery Telephone can take over the station.

Bruce Funk expressed concerns not with Emery Telephone taking it over but with the rates that would be charged to the small business owners who advertise. Mr. Funk spoke with Emery Telephone who indicated to him that the rates would be comparable with rates at Channel 9 in Price. Mr. Funk called Channel 9 and found out that they charge \$99.00 a day for four spots which would eliminate the small business owner's ability to advertise. Mr. Funk expressed concern for the need to do something especially from the accounting side since Susan Dorsch is keeping the revenue and Emery County pays for her time to do the ads.

Commissioner Johnson stated he is not sure what our alternatives would be, but he is also not sure that he wants the county to take on all that it would take to keep the station running. Emery Telephone has offered a better alternative than anyone else in terms of having it as close as it can be to what we want it to be. They have committed to buying the equipment, re-broadcasting graduation, ball games and working with the high school. They have committed to upgrading the transmission and organizing the ads so it is more efficiently used. Everything they have given us has indicated a real commitment to the community. If we do not go with the telephone company it is unsure where we can go with the station. We may have to put it back to

11

Commission Meeting Minutes

July 6, 1999

a rebroadcast station, which would eliminate our usage as a public service television station. When you start looking at the fees that you could be charged for an infraction, they can be devastating. Commissioner Johnson thinks we would be better off to separate ourselves from the license and let Emery Telephone take it over under the terms that they have assured us they would do.

Bruce Funk asked to be on record as opposing the license being transferred to Emery Telephone.

Commissioner Hatch would hate to see the county lose the station.

Commissioner Petersen does not like the idea of Emery County being in the television business. But at the same time the citizens have become dependent upon the station for public service announcements and advertising.

Bruce Funk would like to see this brought before the public for input and comments.

Commissioner Johnson went on record that he is comfortable with Emery Telephone taking over the station. He knows that they will make some changes but that they will be good to their word. He is very uncomfortable with the county maintaining the license. He would be in favor of signing the document which begins the process of transferring the license to Emery Telephone.

Commissioner Hatch was not in favor of signing the document.

Commissioner Petersen was not willing to confirm one way or the other.

Commissioner Hatch requested researching what the county could do with the license.

The Board of Commissioners assigned Attorney David Blackwell to research the risk Emery County would be taking if we kept the station and the particulars for keeping it a public service station. The Board of Commissioners will look over the proposals and do some more thinking on this matter. They will look into possibly holding an informational public meeting.

This discussion was deferred to another meeting.

(21)

APPROVE REQUEST FOR PERMISSION OF COMPUTER SOFTWARE COMPANY'S USE OF COUNTY GIS PROGRAM.

Lee Rasmussen and the GIS Department have developed a computer program that takes property

descriptions, runs it through the GIS software and makes a map of the property. IN GEO a company which develops software programs for counties would like to use this program. Emery County has two options. We can give them the source code which is the program and all the written documentation. They can take that source code, put it in their program and modify it any way they want to and offer it to other counties. They would give us another piece of software that they make as payment. The other option is to give them the executable program and they would just get what we have. We wouldn't maintain it or give them anything new. Jim Fauver added that IN GEO will take that program and use it to enhance their program that they sell to counties for a hefty price. Recorder, Dixie Swasey commented she doesn't mind sharing what we have with other counties but she is not comfortable with giving the program to a company that will use it to make a lot of money from. After some discussion on this matter Commissioner Randy Johnson made a motion to give IN GEO the executable code, transfer the code to any county who would like to use it for free. IN GEO can not make any money from the program and Emery County will not accept any responsibility or supply any support. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(22)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Randy Johnson made a motion to approve the minutes dated June 15, 1999 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

July 20, 1999

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

Commissioner Ira Hatch was excused from the meeting. Commission Chairman Kent Petersen stepped down to second the motions.

(1)

EMERY HIGH BAND, REQUEST DONATION FOR BAND TRIP.

Reed Fehlberg, Becky Wright and several Emery High Band members were present to request a donation to assist them on their trip to Seattle, Washington for the Fiftieth Anniversary Torchlight Parade. Emery High Band has represented Emery County for twenty-two years winning many awards throughout the state as well as other parades in the United States. The band marches in every parade in Emery County throughout the summer. The band will leave for Seattle on July 29, 1999 and return August 6, 1999. They will be in the Emery County Fair parade on August 7, 1999. Commissioner Randy Johnson made a motion to donate the standard group donation of \$250.00 to the Emery High Band to attend the Torchlight Parade in Seattle, Washington. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(2)

MONETTE YORK, REQUEST DONATION FOR EMERY COUNTY ALL-STARS BASEBALL TEAM.

The Board of Commissioners referred this item to the Recreation District.

(3)

CITIZEN CONCERNS

The Board of Commissioners received a request from Planning and Zoning to set a Public Hearing to receive public comment on GoldTerra, Inc.'s proposed expansion of operations to include the Black Butte mine site. Commissioner Randy Johnson made a motion to set a Public Hearing for August 3, 1999 at 5:00 P.M. to receive public comment for GoldTerra, Inc.'s

proposed expansion of operations to include the Black Butte mine site. The motion was seconded by Commissioner Kent Petersen.

A second request was made by Planning and Zoning for a Public Hearing to receive public comment regarding proposed changes to the Emery County Zoning Ordinance. The changes are primarily ones of organization, definition and conditional uses. No changes are currently proposed for acreage and lot size requirements. Commissioner Randy Johnson made a motion to set a Public Hearing for September 7, 1999 at 5:30 P.M. to receive public comment on proposed changes to Emery County Zoning Ordinance. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(4)

CONSIDERATION AND APPROVAL OF APPLICATION FOR ASSIGNMENT OF LICENSE OF THE LOW POWER TELEVISION STATION K26EM FROM EMERY COUNTY TO EMERY TELEPHONE.

Commissioner Ira Hatch made a request to delay any discussion or decision on this item until the next meeting as he was not able to attend this meeting. Commissioner Randy Johnson made a motion to table this agenda item. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(5)

CONSIDERATION AND APPROVAL OF PROPOSAL FOR A NEW EMERY COUNTY LOGO.

Included in the budget this year was \$1,500.00 to produce a new Emery County logo. The Board of Commissioners have received a proposal from Kenny Snowball to produce the new logo. Mr. Snowball requested an initial \$750.00 to begin production with the final \$750.00 upon completion. The initial design will be ready for consideration by August 1, 1999 with the final product delivery date of August 25, 1999. Commissioner Randy Johnson made a motion to proceed with production of a new logo as proposed by Kenny Snowball and asked that special consideration be given on the Warrant Check Edit List this day to a claim for the initial \$750.00 to begin production. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(6)

APPROVAL OF BUSINESS LICENSE.

Clerk/Auditor, Bruce Funk presented a business license application from Kevin and Lynne Smith for a home based business. The business name is Smith Enterprises which will be an internet based business which includes ordering products and services which will be drop shipped from a corporation to clients and other independent owners. The application has been approved by Zoning Administrator, Bryant Anderson. Commissioner Randy Johnson made a motion to approve the business license for Kevin and Lynne Smith. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

REVIEW BIDS FOR DESIGN/BUILD EMERY COUNTY PUBLIC SAFETY COMPLEX.  
CONSIDERATION AND APPROVAL OF DESIGN/BUILD CONTRACT. APPROVAL TO  
BEGIN PROCESS TO PURSUE BOND ELECTION FOR 1999.

Commissioner Johnson read a statement from Commissioner Ira Hatch, wherein Commissioner Hatch expressed his concern for proceeding with any action on this matter at this time.

Ken Shultson, Jail Consultant for Sahara Construction defined the scope of proposed work in dollar amounts and provided a breakdown of cost analysis as well as a projected annual operating budget. The projected total for a public safety building and jail is \$5,085,785. The projected total for a county courts building is \$1,667,970. The projected annual operations costs would be \$1,174,165.

Kent Michie, Vice President of Public Finance at Zions First National Bank related his experience in working with many counties as they bonded for various facilities. The record of jail bond elections has been positive and the public has been supportive. Mr. Michie believed it would be to the best interest of the county to apply to CIB for a portion of the needed funds and then bond for the remaining portion. Any reduction in cost due to a CIB grant or loan would be of benefit to Emery County. The most effective way to raise the funds would be a general obligation election bond. It will be necessary to provide the public with as much information as possible. Voter pamphlets are effective way to get the information out to the public. What Emery County needs to do now is survey the need and time frame for getting everything done.

Commissioner Johnson expressed the concerns of the Board of Commissioners for the need to do something about the jail and the fact that sooner or latter something will have to be done. However, there are still many questions to be answered. The court issue is still one thing that needs to be looked at. Commissioner Johnson stated that if there needs to be a decision made now or even next week, he is not comfortable with that. He was not sure he was comfortable taking on seven million dollar project with our centrally assessed revenues going down. Emery

County must be sure that when we start this we are ready to go forward.

Bruce Funk requested to have the Clerk/Auditor's office be involved in any scope meetings since his office handles the financial operations as well as the election management. He further suggested having the County Treasurer, JoAnn Behling be involved in the meetings.

The Board of Commissioners will set scope meetings with Kent Minchey for sometime in August involving the Commissioners, Sheriff Guymon, Bruce Funk, Brenda Dugmore and JoAnn Behling.

CONSIDERATION AND APPROVAL OF HEALTH INSURANCE PREMIUM INCREASE.

Personnel Director, Pat Snowball explained that on July 1, 1999, Emery County's health insurance changed from an open insurance to a preferred provider network. Health insurance benefits will remain nearly the same as in previous years. Dental, vision and the prescription card will not change. Only medical will be affected by the preferred provider network and it was pointed out that both plan and plan participant benefit by using the preferred providers. Mrs. Snowball presented the changes in the plan participant premiums and requested approval of the increase. A family will go from \$634.34 to \$758.78; a two-party from \$400.00 to \$495.00 and a single from \$267.10 to \$312.51.

(9)

RATIFY EMERY COUNTY DRUG TASK FORCE GRANT APPROVAL

Commissioner Randy Johnson made a motion to ratify the signature on the Emery County Drug Task Force Grant. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(10)

CONSIDERATION AND APPROVAL OF BOARD MEMBER APPOINTMENT FOR THE EMERY COUNTY NURSING HOME.

The Emery County Nursing Home Board recommended Tom Humphrey, Orangeville for consideration and approval of appointment to their board. Commissioner Randy Johnson made a motion to appoint Tom Humphrey to the Emery County Nursing Home Board. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(11)

DISCUSSION AND APPROVAL OF COUNTY-WIDE CURFEW.

Attorney David Blackwell will work with Sheriff Guymon and the cities to match up the curfew ordinances so they are uniform. This item was deferred to another meeting.

(12)

CONSIDERATION AND APPROVAL OF REVISED PROPOSED TAX RATES.

Senior Deputy Clerk/Auditor, Brenda Dugmore presented for consideration and approval the revised proposed tax rates as follows:

General Fund	0.003237
County Library	0.000375
Flood Control	0.000189
Judgement Levy	<u>0.000135</u>
Total	0.003936

Commissioner Randy Johnson made a motion to approve the revised proposed tax rates as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

SETTING OF BOARD OF EQUALIZATION.

Commissioner Randy Johnson made a motion to set the time and date for Board of Equalization as follows:

- Green River: August 17, 1999 from 12:30 P.M. to 3:30 P.M.

There were no requisitions for consideration at this time.

There was one disposition for a chair #180-1416 from Planning and Zoning.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List for payment and the disposition as presented. The motion was seconded by Commissioner Kent Petersen.

(15)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented to following for approval:

Weed and Mosquito

Request was made to hire Dennis Dooley as Weed Mosquito Control Tech, up to 90 day temporary at \$10.26/hr. effective July 12, 1999. Commissioner Randy Johnson made a motion to approve hiring Dennis Dooley as Weed and Mosquito Control Tech as outlined. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(16)

APPROVAL OF COMMISSION MEETING MINUTES.

Approval of Commission Meeting Minutes dated July 6, 1999 was deferred to the next meeting.

(17)

COMMISSION REPORTS

*Commissioner Johnson*

Commissioner Johnson reported that the fairgrounds are just about ready for the fair. The lambs for the lamb fry have been purchased. The Fair Board has found a buyer for any unused meat from the lamb fry. The pageant committee has had many calls on the Castle Valley Pageant. They anticipate a higher number of visitors this year due to the many articles recently written

7

Commission Meeting Minutes

August 3, 1999

**MINUTES OF THE REGULAR MEETING**  
**OF THE BOARD OF EMERY COUNTY COMMISSIONERS**  
**HELD IN THE EMERY COUNTY COURTHOUSE**  
**August 3,1999**

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)  
APPROVAL CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List #122653 through and including #122818 for payment.

Requisition # 53-99, a 1" Drive Compact Wrench for the Highway Department at a cost of \$599.00 was presented for consideration and approval.

There were no dispositions for consideration at this time.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List, Additional Claims and Requisition as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(2)  
PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

There was no Personnel action for consideration at this time.

(3)

REQUEST FROM COURTHOUSE RELAY FOR LIFE TEAM FOR DONATION.

The Board of Commissioners received a letter from the Relay For Life Committee requesting a \$25.00 or more donation to the Relay For Life, Walk for Cancer on August 13 & 14, 1999. While the Board of Commissioners found this to be a worthwhile event the overall feeling was that this type donation should come from the private sector and not the taxpayers. Therefore, the request for a donation was denied.

(4)

FERRON CITY REQUEST FOR ADVERTISING AT PEACH DAYS.

At the first of this year the Clerk/Auditor's office sent a letter to each town informing them that the adopted 1999 budget does not include any annual contribution to help with city celebrations. Since Huntington, Orangeville, Castle Dale, Cleveland and Emery have held their city celebrations and did not receive a contribution, it was decided to follow through and not contribute to Ferron City.

(5)

ELMO CITY REQUEST FOR DONATION TO HORSE AND BUGGY DAYS.

Elmo City's request for a donation to their Horse and Buggy Days was denied as pointed out in the previous agenda item.

(6)

5:00 P.M.- PUBLIC HEARING TO RECEIVE PUBLIC COMMENT ON LARGE SITE PLAN OF GOLD TERRA'S MINE.

Planning & Zoning Chairman, Mack Huntington requested to have this Public Hearing rescheduled as today's Public Hearing was not sufficiently advertised in the newspaper. Commissioner Randy Johnson made a motion to set a Public Hearing for September 21, 1999 at 10:00 A.M. to receive public comment on a large scale site plan for Gold Terra, Inc.'s Black Butte Mine Site. The motion was seconded by Commissioner Ira Hatch and approved by all members present. Commission Chairman Kent Petersen closed the Public Hearing.

(7)

CONSIDERATION AND APPROVAL OF GOLD TERRA'S MINE LARGE SITE PLAN.

This agenda item was deferred until after the Public Hearing on September 21, 1999.

(8)

**5:30 P.M. - PUBLIC HEARING TO RECEIVE PUBLIC COMMENT REGARDING CONSIDERATION OF A TIPPAGE FEE OR OTHER FORM OF USER FEES TO OFFSET COSTS FOR SERVICES PROVIDED BY THE EMERY COUNTY LANDFILL.**

Commission Chairman Kent Petersen welcomed everyone to the Public Hearing and turned the time over to Commissioner Ira Hatch who provided opening statements.

Two things have brought us to this point, one being, the state has placed a moratorium on tires in the landfill. As of July 1, 1999 Emery County is responsible for disposing of any tires disposed of at the landfill site. Disposal of tires is costly. There is a State Tire Disposal Program set up to assist landfills in disposal of tires and there are several disposal places in the state and Idaho. However, we have been told money from this program is depleted and not available to us. The second issue is the landfill itself and the problems associated with the costs for services. This Public Hearing is an informational hearing only. Emery County is in no position to make any decisions at this time. We simply need suggestions for the best way to solve the problem. Commissioner Hatch opened the meeting to public comment.

The following are comments from the public in attendance:

Scott Barney commented that he has a problem with imposing a tippage fee at the landfill and with the way the landfill is being run. Garbage will not end up at the landfill if a user fee or tippage fee is charged. If the county wants to promote keeping our communities clean this is not the way to do it.

Ronald Barney commented he has a problem with the mismanagement of the landfill resources. He further suggested closing the landfill, sending the garbage to ECDC and start dumping stations throughout the county.

Mack Mills of M&P Enterprises commented that if his company has to pay a tippage fee then he would have to pass that cost along to the citizens. He is satisfied with the way things are being done now at the landfill.

Randall Stilson, operator at the landfill commented that if you are going to impose a tippage fee then make it across the board. He sees a bigger problem with the disposal of tires, batteries and oil.

Commission Meeting Minutes  
August 3, 1999

Ray Petersen, Road Department General Foreman commented as an employee and a citizen. Personally he feels that garbage pickup is one of the best things to happen to Emery County and he would gladly pay more for the service. As a foreman for the Road Department he sends a lot of debris and dirt to the landfill and can see where some things could be done differently to stay within the budget. Also the Road Department provides manpower when needed to fill in for someone who is sick or on vacation. That manpower costs the county more because the person who fills in has already put in their regular hours and time spent at the landfill is overtime. There is also idle time in the winter which could be cut back on. There is room for improvement and it is going to take some time and planning. Again as a citizen, he reiterated he would gladly pay more for garbage pickup service.

Wade Williams, City Sanitation commented about the illegal dumping that would be the direct result of tippage or user fees at the landfill.

Rue Ware asked if the need for increased revenue is the driving force behind the proposed user fees, what happened to the argument that if property taxes are raised UP&L pays ten to one what the local citizens pay? On the other hand, user fees at the landfill would be paid by the local citizens only. He has no problem with charging the contract carriers. If that results in an increased cost to the resident, so be it. He would prefer to see an increase in property taxes rather than a fee at the landfill which would encourage illegal dumping in areas outside of the landfill. He further stated he doesn't believe the operation of the landfill warrants an additional tax increase, nor does he believe user fees should be added to the already over taxed citizens of this county. He believes the operation of the landfill should be scrutinized carefully and consideration given to changes that would keep the cost of operation within the current budget, or lower.

Kent Petersen agreed with what Rue Ware said adding that UP&L and other centrally assessed properties have been very effective in convincing the State Tax Commission to lower their values. The tax burden is slowly shifting from the centrally assessed property owner like UP&L to the taxpayer.

Bruce Funk expressed his support for the comments of Rue Ware, Randall Stillson and Ray Petersen and hoped the Board of Commissioners would consider some of the things that were proposed.

Carol Ware expressed her support for the comments of Rue Ware and Ray Petersen.

Randy Johnson expressed the need for something to be done at the landfill. He further added that although it may appear to be poor management at the landfill many of the management decisions come from state regulations. There are requirements that have to be met whether we want to or not.

Wade Williams asked if the county had given any thought to charging an out of county tippage fee.

Mack Mills stated he is glad we have the facility at the landfill and hopes things remain affordable for everyone.

Kent Petersen reminded everyone of the added services given to the special service districts. One of the services listed as a use by PILT funds was garbage/landfill and there are some things that could be looked at in that respect.

Ira Hatch expressed the appreciation of the Board of Commissioners for the comments that were received at this hearing and thanked everyone for coming. Emery County can be proud of the facility we have at the landfill and it is the hope of this Commission to find a solution to this problem that would benefit everyone.

Commission Chairman Kent Petersen closed the public hearing.

(9)

CITIZEN CONCERNS.

Sheriff Guymon requested the status of the Huntington Airport contract. Commissioner Hatch indicated that the present contract for operation of the airport will terminate October 15, 1999. The county has already received inquiries from two entities for consideration of a contract for operation and to provide service at the airport. Advertisement will be made prior to expiration of the existing contract.

Commissioner Johnson reported that the Lamb Fry has been outstanding thus far. There have been many great comments. The Emery County Pro Rodeo was a success and very well attended. Many felt the atmosphere was much better due to the fact that alcohol was not served at the rodeo or the dance. The Dutton Family Concert was fantastic. Everyone was well entertained. It was very well attended also.

The Board of Commissioners received a letter from Cindy Lou McDonald from Carbon County, Environmental Systems Research Institute, Inc. requesting permission to publish process developed by Emery County's GIS department for mapping of legal descriptions of property called, Coordinate Geometry Program, in ArcView. Commissioner Ira Hatch made a motion to approve permission to publish the Coordinate Geometry Program. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

The Board of Commissioners received a letter from the BLM referring to radio networks with other agencies. They are looking to share opportunities with other federal, state and local

6

Commission Meeting Minutes  
August 3, 1999

agencies throughout Utah and the surrounding states. They will be having a meeting to examine the issues. Commissioner Petersen referred this item to Sheriff Guymon and Brett Mills of the Communications Department.

In addition the Board of Commissioners received a signed petition from one hundred twenty-six employees of Trail Mountain-Cottonwood Mine and residents of Carbon and Emery Counties wishing to express their opposition to a proposed road being built through Quitchupah Canyon. They believe this would have a negative economic impact on their livelihoods and the communities at large. They requested the Commissioners oppose any type of road being built through Quitchupah Canyon. The Board of Commissioners acknowledged receipt of the petition for the record.

(10)

CONSIDERATION AND APPROVAL OF INTERLOCAL COOPERATION AND CONTRACT AGREEMENT BETWEEN EMERY COUNTY AND SOUTHEASTERN UTAH AREA AGENCY ON AGING FOR FY 2000.

The amount of the Federal Grant is the same as budgeted in 1999. Commissioner Ira Hatch made a motion to approve the Interlocal Cooperation and Contract Agreement between Emery County and Southeastern Utah Area Agency on Aging on FY2000. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Randy Johnson made a motion to approve the minutes dated July 20, 1999. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

COMMISSION REPORTS.

***Commissioner Hatch***

Commissioner Hatch reported on a seminar that he, Commissioner Petersen and David

Blackwell attended. There were two items that were discussed that were of importance to our area. One was related to Special Service Districts regarding their dependance and independence and the county's liability associated with the districts. The other item discussed was the tire disposal program and the county's obligation to the landfill. The seminar was very informative, focusing on enlightening subjects and issues that we can relate to in our county.

### ***Commissioner Johnson***

Commissioner Johnson thanked the Road Department for their work on the parking lot at the pageant site.

Commissioner Johnson is looking forward to visiting with the many anticipated people throughout the remainder of the fair.

The Heritage Bill is still holding its own and on course.

### ***Commissioner Petersen***

Commissioner Petersen commented that in the same seminar that Commissioner Hatch reported on they also discussed correctional facilities and the problems associated with housing state felons. This has been a concern for Emery County in light of discussion of searching out revenue for a new public safety facility. Housing state felons has never been an option for Emery County as a source of revenue.

(13)

### **EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.**

Executive session was not necessary.

(14)

### **ADJOURNMENT**

Commissioner Ira Hatch made a motion to adjourn the meeting. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

2

Commission Meeting Minutes  
August 17, 1999

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List, requisitions and dispositions as presented. The motion included sending the invoice from Community Motors for repair work on the Nursing Home van to the Nursing Home for payment. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION

Pat Snowball presented the following personnel matters:

***GIS***

Margaret Swasey has been appointed for an up to 90 day temporary position effective August 1, 1999 at a rate of \$8.50/hour.

***Road Department***

Ed Walls, Equipment Operator/Driver, has been ill. He may be off work until August 23<sup>rd</sup>. If he is off that long, he will be out of sick and vacation time. Ms. Snowball is requesting the Commission to consider and approve a contribution of time by county employees so that he can be paid for the pay period of August 9<sup>th</sup> through the 20<sup>th</sup>.

Commissioner Ira Hatch made a motion to ratify the appointment of Margaret Swasey for an up to 90 day temporary GIS position and to allow the contribution of time by county employees to Ed Walls. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(3)

CONSIDERATION AND APPROVAL OF CONTRACT #97-1986/AMENDMENT #3

This contract is a grant to the Economic Development department. The agreement amendment would extend the date of the contract to 12/31/99.

Commissioner Ira Hatch made a motion to approve Contract #97-1986 Amendment #3. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(4)

CONSIDERATION OF REQUEST FROM WESTERN FINANCE, INC. FOR A  
COMPUTERIZED LISTING OF ALL MANUFACTURED HOMES IN EMERY COUNTY

The County does not have a ruling from Attorney David Blackwell on whether we legally have to provide a list of property owners to outside companies. Commissioner Ira Hatch made a motion to continue with the current policy of allowing companies to come into the offices and get any information they want but we will not provide a computerized list. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(5)

APPOINTMENT TO THE EMERY COUNTY NURSING HOME BOARD

The Emery County Nursing Home Board is recommending Ruth Stilson of Orangeville fill the vacant seat on the Board. Commissioner Randy Johnson made a motion to appoint Ruth Stilson to the Emery County Nursing Home Board. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

APPOINTMENT TO THE MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY

The Municipal Building Authority of Emery County is recommending Sharon Jensen of Emery fill the vacant seat on the Board. Commissioner Ira Hatch made a motion to appoint Sharon Jensen to the Municipal Building Authority Board. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

UPDATE ON GPS/RS2477 ROAD IDENTIFICATION PROJECT

Commission Chairman Kent Petersen gave an update on the RS2477 Road Identification Project. The project is moving ahead. The purpose now is to take the information that has been gathered and put it into a form that is usable and can identify the road right of ways.

(8)

DISCUSSION OF COUNTY FUNDING OF THE AOG DIRECTOR

The State of Utah has decided to discontinue the funding of the Association of Governments program. If this program is to continue, the County will be required to partially fund the AOG Director. This item will be an impact on the 2000 budget if the State doesn't reinstate the funding. Emery County's portion would be approximately \$19,000.00.

(9)

DISCUSSION OF PROPOSED LOCKHEED MARTIN PRIVATELY FINANCED SPACE PORT IN GREEN RIVER

Glen Baxter came before the Commission to discuss the proposed space port and new space vehicle. The space vehicle will in most cases replace the space shuttle. The new vehicle is more economical because the entire vehicle flies as a rocket into orbit. It has the capability to launch satellites. The entire vehicle then comes back to earth. What makes this type of vehicle possible is the linear aerospike engine which uses expanding gas to replace the bell nozzle. The X33 is a half scale model that is used for testing. It has been tested from numerous ground firings and a few firings into the vacuum of space. The X33 is funded in part by NASA and Lockheed Martin.

The space port proposal entails lots of activities. Green River, along with four other sites in Utah, has submitted qualification proposals. About thirty sites are under consideration. Because of some of the existing facilities including the railroad, interstate highway and water, Green River has some advantages. The primary space port will have approximately 2500 employees when fully operating. Meetings will be held in the near future to eliminate some of proposed sites. Mr. Baxter is requesting a letter of support from the Commission on this project.

The Commission unanimously pledged their support for this project.

(10)

CITIZEN CONCERNS

Frank Vetere came before the Commission with a flooding concern. With all of the recent rain, the Saleratus Wash gets full and floods his farm. Mr. Vetere was interested in whether the Saleratus Wash was the responsibility of the County or Green River City. It was determined that the wash is in Green River City limits. Rex Funk, Road Department Supervisor, could possibly help with the coordinating of the entities that would be involved to clear the wash.

Dan Harrison representing NAPA Auto Parts came before the Commission with a concern about county vehicle repair work being done in Grand County when the purchasing policy states that Emery County desires to promote the purchase of merchandise, equipment and supplies insofar as reasonably possible from local suppliers who pay taxes to Emery County.

Richard Snowball, representing the San Rafael Soil Conservation District, informed the Commission that the State Technical Committee will be holding their regular monthly meeting in Ferron on August 18, 1999. The Committee is responsible for prioritizing the projects for USDA funding. A tour of the water project will begin at 4:00 p.m. followed by a dinner from 6:00-7:00 p.m. with the meeting taking place after the dinner. Mr. Snowball invited all of the Commissioners to attend this event.

Commission Meeting Minutes  
August 17, 1999

Valerie Newland, representing the Emery County Travel Council, informed the Commission that the Travel Council met Monday, August 16, 1999 and it was the consensus of the Board that they did not want to disband. A committee was set up to look into different options that the Travel Council could be involved in. Transient room tax can be put back into the City for impact that is caused by tourism. Green River City feels that some of the transient room tax should be put back into the City. The Travel Council Board will be looking into some of these issues.

(11)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES

Commissioner Ira Hatch made a motion to approve the minutes dated August 3, 1999 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(12)

COMMISSIONER REPORTS

Commissioner Randy Johnson reported that the fair and pageant were both well attended and lots of compliments on these events were received. It was a learning year and improvements will be made for next year.

(13)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS

No executive session was required.

(1)

MIKE MCCANDLESS, EMERY TELEPHONE, QUARTERLY UPDATE.

Mike McCandless was not able to attend the meeting.

(2)

RICHARD MANUS, BLM QUARTERLY UPDATE

Richard Manus, BLM reported the status of Ferron Gas EIS. Texaco and Chandler will not be pursuing drilling in 1999 on federal leases. The Lila Canyon Coal Mine assessment is nearly complete. BLM has issued a right-of way to GoldTerra, Inc. on state land. National Public Lands Day will be September 25, 1999 at Copper Globe.

(3)

MILES MORETTI, DWR, QUARTERLY UPDATE.

Miles Moretti, DWR handed out the Fall 1999 Wildlife Review highlighting an article on dedicated hunters. They are in the process of compiling a list for their brochures of fishing areas in the Manti LaSal. The division has some concerns for drilling on SITLA land which could potentially chase deer and elk onto agricultural areas. Regarding hunt permits, deer permits sold within two weeks this year so the division may be looking at other options for 2000. The DWR will be reintroducing the Black-footed Ferret into the wilderness in the Uintah Basin and San Juan Areas. The Peregrine Falcon has been removed from the endangered species list, with the Bald Eagle possibly being removed very soon.

(4)

CROCKETT DUMAS, FOREST SERVICE, QUARTERLY UPDATE.

Crockett Dumas was not able to attend the meeting.

BID OPENING- OPEN SEALED BIDS FOR PROPERTY-LOT 24 BLOCK 23 GREEN RIVER.

Clerk/Auditor Bruce Funk opened a bid for property-lot 24 block 23 in Green River. The bid was from Clayton Fellabaum for \$250.00.

(6)

CONSIDERATION AND APPROVAL OF SALE OF LOT 24 BLOCK 23 GREEN RIVER.

Commissioner Randy Johnson made a motion to authorize the sale of lot 24 block 23 in Green River to Clayton Fellabaum for the bid amount of \$250.00 provided the adjoining property owners have been properly notified. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

TYSON NORTON, REQUEST ASSISTANCE/APPROVAL FOR EAGLE PROJECT AT LAWRENCE CEMETERY.

Tyson Norton came before the Board of Commissioners to request approval for an eagle project at the Lawrence Cemetery. Tyson would like to erect a covered information bulletin board with a glass enclosed map indicating the burial sites in the cemetery. Commissioner Randy Johnson made a motion to approve the concept of erecting a covered information bulletin board at the Lawrence cemetery and permission to move forward with developing a layout for the project.. The motion was seconded by Commissioner Ira Hatch and approved by all members present. Tyson will return at a later date with a proposal and any request for financial assistance.

(8)

KENNY SNOWBALL, PRESENTATION OF NEW EMERY COUNTY LOGO.

Kenny Snowball was not able to attend the meeting.

(9)

CITIZENS CONCERNS

Commissioner Petersen requested information from Assessor Jim Fauver as to the closing of Board of Equalization. Jim Fauver indicated that the closing of BOE will be on September 21, 1999.

Rex Funk pointed out that travel brochures are highlighting the fun and adventure of rafting the

Black Box on the San Rafael when in actuality the area is very treacherous and life threatening for an inexperienced rafter. Rex wondered if there wasn't a way Emery County could alert people to the dangers in light of the recent incidents in the Black Box.

Clerk/Auditor Bruce Funk provided an overview of the finances for the 1999 Emery County Fair.

Rex Funk requested approval to award the bid for the Reeder Canyon Bridge. The low bidder for this project was Sinbad Construction for \$87,721.00. Sinbad Construction will be doing the bridge approach road work, construct the abutments and place the concrete deck. Commissioner Ira Hatch made a motion to award the Reeder Canyon Bridge Contract to Sinbad Construction for \$87,721.00. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Rex Funk also discussed with the Commission a contract the Road Department received from Aaron Howe, Forest Service to do some road work by Miller's Flat. The Forest Service has requested the County assist in the application of a layer of gravel to the road. A contractor will haul the gravel and they are requesting the county provide a grader with operator to smooth and shape the gravel. The proposed agreement the Forest Service has presented details a much higher level of county participation than originally discussed. Unless the contract can be reworked per the original discussions the county will not participate. If a satisfactory contract is developed Commissioner Petersen can sign it per motion by Commissioner Ira Hatch. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(10)

CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN SEUAOG, AREA AGING, AND EMERY RSVP.

Commissioner Ira Hatch made a motion to sign the contract between SEUAOG, Area Agency and Emery RSVP. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

CONSIDER APPOINTMENT OF A COMMISSIONER TO SERVE ON THE UACIM ADVISORY COMMITTEE.

Commissioner Randy Johnson made motion to appoint Commissioner Ira Hatch to serve on the Utah Association of Counties Insurance Mutual Advisory Committee. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commission Meeting Minutes  
September 7, 1999

DISCUSS GREEN RIVER CANAL CO. CONCERNING DRAIN WATER FROM COUNTY PROPERTIES.

After some discussion on this matter it was decided to have Attorney David Blackwell draft a letter to Green River Canal Company informing them that Emery County is not responsible for rain water run-off.

(13)

CONSIDER REQUEST FROM TAXWARE INTERNATIONAL FOR INFORMATION ON TAXES.

After discussion on this matter it was decided to assign Attorney David Blackwell to draft a letter to Taxware International informing them of the State Gramma Act which the county has adopted that allows up to two weeks to provide the information requested and allows the county to charge a fee if research is required.

(14)

CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.

Senior Deputy Clerk/Auditor Brenda Dugmore presented the Commissioners with a business license application from Boyd Griffin DBA: Chute Supply. The business is for the resale of safety supplies, culverts, paint and industrial supplies. The application has been reviewed and approved by the Planning Commission. Commissioner Ira Hatch made a motion to approve the business license application for Chute Supply. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List, Requisitions and Dispositions for payment. Req.#59 and 60 are approved with the understanding that we will need to look into possible available funding. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(16)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball presented the following personnel action for approval.

Recorder

Sharon Boyle is due for her progressive raise from 6A \$8.23/hr. to 7A \$8.53/hr. Commissioner Randy Johnson made a motion to approve the progressive raise for Sharon Boyle as indicated. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Sheriff

Sheriff LaMar Guymon has completed his selection process and has chosen Paul Simmons for the position of dispatcher, 10A \$10.15/hr effective October 1, 1999. This is a full time career service position. Commissioner Ira Hatch made a motion to approve the hire of Paul Simmons for the position of dispatcher as indicated. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(17)

CONSIDERATION AND APPROVAL OF AGREEMENT PROVIDING A BUSINESS TRAVEL ACCIDENT POLICY.

Pat Snowball, Personnel Director explained that the insurance company called Reliance Standard Life which carries the county's \$100,000.00 Accidental Death and Dismemberment coverage includes in the coverage a benefit called Business Travel Accident policy through a company called WorldNet Assist. This program assists the traveler in the event of problem while "on the road", i.e., if there is an accident or disaster the plan helps the employee communicate with their family at home, arrange for hospital, housing, evacuation, money, transportation, etc. This is part of the coverage and there is no additional cost. This is a paper trail that the company needs to have completed.

Commissioner Randy Johnson made a motion to sign the necessary papers to set this benefit in motion. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(18)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Randy Johnson made a motion to approve the minutes dated August 17, 1999 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(19)

COMMISSIONER REPORTS

***RANDY JOHNSON***

Commissioner Johnson expressed congratulations to Mary Manley on her new appointment to Juvenile Court Judge in Grand County. She has been a great asset to Emery County as Deputy Attorney and will be sorely missed by us all. We wish her all the best.

***IRA HATCH***

Commissioner Hatch met recently with the Travel Council. They are working on a plan for reorganizing the Travel Council and will come before the Commission soon with a recommended proposal for consideration.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

September 21, 1999

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

JAY M. HUMPHREY, EMERY WATER CONSERVANCY DISTRICT, DISCUSSION OF BRIDGE ON DES BEE DOVE/LANDFILL ROAD.

Jay M. Humphrey and Eugene Johansen came before the Board of Commissioners to discuss Emery Water Conservancy District's concern for the bridge on Des Bee Dove/Landfill road. At the time the bridge was constructed it was adequate to handle the traffic flow of the road. Now that the road is being rebuilt there is a concern for increased speeds and traffic on the narrow bridge causing a potential safety hazard. Mr. Humphrey has met with Howard Tuttle and Craig Johansen, Johansen & Tuttle Engineering and the Emery Water Conservancy District Board as well as the Bureau of Reclamation who built the bridge as an access to the canal. EWCD and the Bureau would like to give the bridge to Emery County. The Bureau would sign a license agreement to give the bridge and responsibility for it to EC taking EWCD and the Bureau out of responsibility for the bridge. EWCD would need to retain the right-of-way and easements to transmit water and maintain access to all four sides of the canal. He read a letter from the Bureau stating, if agreeable we recommend Emery County be given a license agreement allowing them to construct, operate and maintain the subject bridge crossing. This will allow the County to make the necessary improvements and give them responsibility for the bridge. Howard Tuttle discussed the proposed plans for the road, the need to widen the bridge and possible change in approaches to the access road to the canal, however the changes to the bridge can not be done at this time because the County does not own the bridge. Everyone agreed that Emery County needs to begin the process to take over the bridge. Since the BLM owns the property on the sides of the bridge we will need to coordinate with them for permission to widen the bridge. Commissioner Ira Hatch made a motion to begin the process to see what we have to do, to co-ordinate with all the entities, making sure that we will be able to change the access roads and get the clearance needed to get the process going, to find out what we need to do to accept the bridge. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(2)

SHANNON HIATT, EMERY COUNTY RECREATION SPECIAL SERVICE DISTRICT,  
NOTIFY COMMISSION OF AT-LARGE VACANCY ON THEIR BOARD.

Shannon Hiatt, Emery County Recreation Special Service District notified the Commission of an at-large vacancy on their board. Bruce Wilson has resigned. His term does not end until January 2002. Since this a Commission appointed board member the ECRSSD requested that the Commission advertise for applicants to fill the remainder of this term. The Board of Commissioners agreed to advertise in the Emery County Progress September 28 and October 5 for applications to be handed in to the Clerk/Auditors office by October 8, 1999. The Commission will review and make recommendation to the Recreation Board in their meeting on October 11, 1999. Final approval will be made in the October 19, 1999 Commission Meeting.

(3)

MACK HUNTINGTON, PLANNING/ZONING, CONSIDERATION AND DISCUSSION OF  
AMENDMENT TO GENERAL PLAN.

Mack Huntington, Planning Commission Chairman read a letter addressed to the board of Commissioners which read: Emery County Public Lands Council has submitted requests to the Planning Commission to consider an amendment to the County General Plan. The proposed amendment was evaluated by the Planning Commission and a hearing to accept public comment was held on September 8, 1999 in Green River. The Planning Commission sanctions the proposed amendment and feels it is necessary to strengthen the County's position in the planning effort in Emery County. It is recommended that the Board of Commissioners continue the public process as outlined in the County Zoning Ordinance and approve the proposed amendment. Mr. Huntington added that would include holding a public hearing and adopting the amendment. He therefore requested a public hearing be set to present and receive public input on proposed amendments to the Emery County General Plan. Commissioner Randy Johnson made a motion to set a public hearing for October 19, 1999 at 10:00 A.M. to receive public input on proposed amendments to the Emery County General Plan. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commission Chairman Kent Petersen opened the Public Hearing.

Mack Huntington, Planning Commission Chairman addressed the public. He introduced Dan Shepherd, President of GoldTerra, Inc. who provided an overview of operations at the mine site. The operations at Black Butte mine are the same as the previously approved Black Knight mine. They have been working closely with SITLA who has given the green light to their operations. Mr. Shepherd invited the Commissioners and anyone else to visit their operations.

Commission Chairman Kent Petersen asked if there were any comments or questions from the public.

Val Payne, Public Lands Director commented that GoldTerra, Inc. has been going the extra mile to make sure they address all concerns up front about their operations. They are making sure everything is done properly. They are a top notch operation from the permitting process to their facility operations.

Being no more comments Commission Chairman Kent Petersen closed the public hearing.

Commissioner Randy Johnson made a motion to approve the large scale site plan for proposed expansion of operations to include the Black Butte mine site. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

A Public Hearing to receive public input on GoldTerra, Inc.'s Large Scale Site Plan for proposed expansion of operations to include the Black Butte mine site was advertised for 10:00 A.M. today but due to the Public Hearing not being published on the agenda, the motion made this day will be ratified in the October 5, 1999 Commission meeting.

(4)

CONSIDERATION AND APPROVAL OF AGREEMENT FOR THE HUNTINGTON-ECCLES CANYON SCENIC BYWAY ON SR-31 AND SR-264.

Rosann Fillmore presented an agreement for the Huntington-Eccles Canyon Scenic Byway on SR-31 and SR-264. This is an agreement with UDOT to provide \$20,000.00 for consulting fees. Emery County has already paid the match amount of \$5,000.00. Emery County must pay the expenses up front and be reimbursed by UDOT within sixty days. This will mean opening the budget to provide the funds. Commissioner Randy Johnson made a motion to accept the agreement with UDOT for the Huntington-Eccles Canyon Scenic Byway on SR-31 and Sr-264. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

EMERY COUNTY ROAD DEPARTMENT- DISCUSSION OF QUOTES FOR FILTER INVENTORY.

Rex Funk, Road Department Supervisor discussed bids he received for filter inventory. He had received requests from local shops to bid the filter inventory. The county purchasing policy allows for purchasing locally if within 10% of the cost from the lowest bid. After review of the bids it was apparent the low bid was approximately 30% to 40% lower than local on most of the higher priced filters. It was the consensus of the Commission to purchase what we can locally and the higher priced filters from the low bidder.

CITIZENS CONCERNS

There were no citizens concerns at this time.

(7)

REQUEST TO RE-INSTATE EMERY COUNTY HISTORIC PRESERVATION COMMISSION.

The Board of Commissioners received a letter from Montell Seeley requesting the Emery County Historic Preservation Commission be reinstated. After discussion on this matter it was decided that the Board of Commissioners is not ready to re-establish the commission at this time. There are several things going on with the Heritage Plan and they need to take a closer look at the Historic Preservation Commission and its purpose.

(8)

CLOSURE OF 1999 BOARD OF EQUALIZATION.

Jim Fauver, Assessor advised the Board Of Commissioners that it was time to close Board of Equalization. He contacted the State Tax Commission on the status of the tax rate and was told if we were going to make any changes or adjustments due to Board of Equalization they would need to be done in the next two days. The Board of Commissioners entered into serious discussion regarding establishing an intangible deduction for our residential properties. Emery County has in the past discussed that a ten (10) percent intangible deduction should be reasonable because of the six (6) percent realtor commissions and two (2) to five (5) percent closing costs. The discussion also included requesting the State Tax Commission to adjust the 1999 tax rate for all entities in Emery County based on Emery County Board of Equalization's decision to reduce the value of all locally assessed real property by ten (10) percent. The State Tax Commission has already taken a stand that they believe there are no intangibles in locally assessed property. So, Emery County must be ready for a battle. We need to be prepared for them to deny the request and be willing to go through the appeals process as well as budgeting for the costs of that appeals process. Commissioner Johnson commented that he thinks we should do it. It was his feeling that it is time for us to make the Tax Commission explain their stand regarding intangibles. He thinks the rates Emery County has been made to adjust to are not fair and do not accurately represent what the values really are in this county in terms of being able to sell a house. The discrepancy between centrally assessed and privately assessed are getting worse and the Tax Commission is refusing to deal with them. Commissioner Johnson is in favor of the ten (10) percent across the board intangible deduction, however, he would include businesses as well. The Board of Commissioners were in agreement that this needs to be done. Commissioner Randy Johnson made a motion to establish a ten (10) percent intangible

deduction for all residential and local commercial property. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Randy Johnson made a motion to close 1999 Board of Equalization. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

The State Tax Commission will be contacted immediately as to this decision. An article will be published in the paper to alert the taxpayers of this decision.

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director, Pat Snowball presented the following personnel action for approval.

Justice Court

Kristie Morgan has requested Family Leave. Her baby is due October 6, 1999. Her date of return is not clear at this time. Commissioner Randy Johnson made a motion to approve Family Leave for Kristie Morgan. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Sheriff's Department

Both Kay Jensen and John Barnett have completed POST certification and are performing duties as patrol deputies as well as working in corrections. It was requested to approve progressive moves for Kay Jensen from 12D Corrections Officer \$11.77/hr to 15A Patrol Deputy \$12.53/hr effective July 16, 1999 and for John Barnett from 12B Corrections Officer \$11.30/hr to 15A Patrol Deputy \$12.53/hr effective April 8, 1999. There was some discussion on retroactive pay and POST certification notification to personnel. Commissioner Randy Johnson made a motion to approve the progressive moves for Kay Jensen and John Barnett. As part of the motion Commissioner Johnson also included that the Board of Commissioners in the future will only pay retroactive pay back to the beginning of the current month. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Paul Simmons was previously approved to begin work on October 1, 1999, however, the Sheriff requested that he begin September 20, 1999. Commissioner Randy Johnson made a motion to approve Paul Simmons beginning work on September 20, 1999. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

APPROVAL OF COMMISSION MEETING MINUTES.

COMMISSION REPORTS

***Commissioner Johnson***

Commissioner Johnson attended the UACIM in Commissioner Hatch's absence. One of the things UACIM is looking at is County vehicle drivers who receive DUI's in a County vehicle or in the private sector or involved in at-fault accidents in county vehicles. After two at-fault accidents in a County vehicle UACIM will no longer insure that driver. This is probably going to become policy. Accidents in County vehicles are driving rates up. Emery County will have to decide how this plays into how we do business. The Risk Assessment Team will need to be involved in making some evaluations on this.

***Commissioner Hatch***

Commissioner Hatch attended Peach Days and Melon Days. There was good participation at both events and everyone had a good time.

(13)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

There were no items for discussion at this time.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

October 5, 1999

Present at the meeting were: Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor, Carol Cox, other elected officials and citizens.

(1)

EMERY COUNTY 4-H RECOGNIZES NATIONAL AND STATE 4H WEEK.

Cassie Jones, 4-H Teen Council accompanied by several 4-H members came before the Commission to recognize National and State 4-H Week. The group extended a "thank you" for the county's continuing support of their programs.

(2)

DELENA FISH, DIVISION OF WORKFORCE SERVICES, QUARTERLY UPDATE.

Delena Fish, Division of Workforce Services provided a breakdown of referrals and individuals on the program throughout the third quarter. The division will soon be moving into the old Sprouse-Reitz building.

(3)

TOM ALEXANDER, UTAH POWER, QUARTERLY UPDATE.

Tom Alexander, PacifiCorp reported on the anticipated merger with Scottish Power. They are awaiting rulings by the Public Service Commission on a ten percent rate increase. They have sold two building lots in Valley View Subdivision to Habitat for Humanity. He reported on local projects nearing completion. Mr. Alexander reviewed a community grant program awarded by PacifiCorp. to the Emery County Sheriff's Department. Martin Wilson, Emery County Sheriff's Department explained that the grant will be used for a Children's Safety Fair Program. The program will be manned by the city youth's council who will offer safety programs for bike safety, fingerprinting, health safety and car seat safety. The \$5,000.00 funding grant will be used to purchase a trailer to house the equipment used at the various safety training programs. Kresha Eastman, Director of Castle Land Resource and Conservation Development Council explained that the funds will be handled through their Council.

(4)

CROCKETT DUMAS, FOREST SERVICE, QUARTERLY UPDATE.

John Healy, Forest Service reported on Forest Service activity for the third quarter. They have initiated action to build a strong forest service public citizen group to look at proposed action on the forest and comes to consensus resolution as to how they should proceed. This is in an effort to prevent problems and possible litigation thus avoiding the time and expense on analysis, EA's and EIA's on projects that may not go anywhere or that the public may not want to support. The group will act as a proponent of the Forest Service. They will be proposing, supporting and sponsoring forest management activities. They have a group put together with key people from various areas of interest. They are still comprising the group and welcome input from the Commission as to individuals to add to the group.

(5)

DAVID EMERY, DISCUSSION BOY SCOUT, BRIDGE IN HUNTINGTON CANYON.

David Emery came before the commission to discuss the possible placement of the Bailey Bridge at Bear Creek Campground in Huntington Canyon. Mr. Emery and Ray Grange came before the commission in June to discuss the bridge and were told to do some checking into any historical holds there may be on the bridge. Mr. Emery checked with the Historical Society and was told the county can do what it wants with the bridge as it holds no historical value. A request was made to have the bridge given to the Boy Scouts of America to place over the Huntington Creek to provide an entrance to their campsite adjoining the Bear Creek Campground. There was discussion on what would need to be done to place the bridge. The Boy Scouts would do as much of the work as they possibly could including raising the funds to help pay for the cost of the bridge placement. Rex Funk, Road Supervisor has looked into the matter and discussed the possible options for the bridge placement. The Board of Commissioners agreed to move along to the next stage unless the project becomes cost prohibitive. The Commission suggested Mr. Emery contact the Recreation District for possible funding. Rex Funk and engineers determine the cost of the project. Mr. Emery was instructed to meet with Rex Funk and engineers to determine the cost of the project then return with concrete engineering costs and the funds they have lined up.

(6)

MIKE MCCANDLES, EMERY TELEPHONE, QUARTERLY UPDATE.

Mike McCandles, Emery Telephone reported on third quarter activity. Emery Telephone has purchased Afnet, Inc. a Price based internet service company. They have a new call center which contracts with agencies to make reservations. Their annual community/company party was a success. The company's education initiative program has donated approximately \$50,000.00 back into the school system. The company is in their final phase of testing for the year two thousand. They have issued a press release to counter claims made by larger telephone

companies who are trying to discredit rural telephone companies.

(7)

KATHY JUSTICE, REPORT OF 1999 EMERY COUNTY FAIR.

Kathy Justice was not able to attend the meeting. Commissioner Randy Johnson reported that we have not received the final check from the chamber for the lamb fry expenses. We took in less than planned for the lamb fry and asking the chamber to run that event cost a little more than anticipated. The cost to move the fair to the new fairgrounds presented an unexpected expense pushing us over budget on the 1999 Emery County Fair. The Chamber indicated that they will be self sufficient next year and we will not have to pay for the lambs up front. Also, we will not have the cost of the Pro Rodeo which is under the direction of the Recreation District.

(8)

CITIZEN CONCERNS.

Kresha Eastman, RC&D Council, reported on her trip to Samoa which was an employment assignment. Ms. Eastman also reported on the PL566 structures concerning slowing the sedimentation problem at Millsite Reservoir. The canal companies as well as Varian Allen, US Forest Service, are working together to solve the problem.

Ms. Eastman also reported on the San Rafael Roundup. This program was made possible through a grant from the RC&D. The money was set aside by the Forest Service to enhance community togetherness. Rosann Fillmore, Economic Development, reported that the tours are booked for the San Rafael Roundup. Most of the people who have booked the tours are out of the area. They are still taking advance ticket sales for the meal.

(9)

5:30 P.M.- PUBLIC HEARING- TO RECEIVE PUBLIC COMMENTS ON PROPOSED AMENDMENT TO THE EMERY COUNTY ZONING ORDINANCE.

Mack Huntington, Planning Commission Chairman addressed the Board of Commissioners and explained the purpose of the public hearing was to present proposed amendments to the Emery County Zoning Ordinance. By statute and ordinance it is the responsibility of the Planning Commission to review the zoning ordinance and general plan. Any proposed changes must be brought before the legislative body which is the Board of Emery County Commission for review and adoption. The Planning Commission began Phase I of extensive revisions to the Zoning Ordinance in 1998. In this first part of Phase II they will be defining the responsibility and authority of the Board of Adjustments. Policy decisions will be addressed in the next part of Phase II.

Commission Chairman Kent Petersen opened the meeting for comments from the public.

4

Commission Meeting Minutes  
October 5, 1999

Alan Thorpe, Attorney for the Planning Commission defined the proposed changes in the Zoning Ordinance.

Mack Huntington commented that it is the attempt of the Planning Commission to give the county a document that is fair and enforceable.

Bryant Anderson commented that some of the same things we are struggling with are the same things that are being struggled with nation-wide by developers and environmentalists.

Mack Huntington thanked the planning staff for maintaining an open vision of the overall plan.

Commission Chairman Kent Petersen closed the hearing.

(10)

CONSIDERATION AND APPROVAL OF AMENDMENT TO THE EMERY COUNTY ZONING ORDINANCE.

Commissioner Randy Johnson made a motion to approve the amendment to the Emery County Zoning Ordinance. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

RATIFY APPROVAL OF GOLD TERRA'S LARGE SCALE SITE PLAN TO INCLUDE THE BLACK BUTTE MINE SITE.

Commissioner Randy Johnson made a motion to ratify the approval of Gold Terra's large scale site plan to include the Black Butte Mine site. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

DISCUSSION OF UAC ANNUAL CONVENTION GIFT FROM EMERY COUNTY.

Commissioner Randy Johnson suggested giving a certificate for two to San Rafael Tours. The tour could be on horses or atvs. It was also suggested that the gift include a one night stay at Gilly's Inn in Ferron. It was the consensus of the Commissioner's and Elected Officials to give the above mentioned gift for the UAC convention.

(13)

CONSIDERATION AND APPROVAL OF EMPLOYMENT CONTRACT FOR DEPUTY COUNTY ATTORNEY.

Attorney David Blackwell presented to the Commission an employment contract for Brent Langston who would be the replacement for Mary Manley. Mr. Langston has been a prosecutor for Washington County for fifteen years. The amount of pay would be \$57,500.00 with a one time moving allowance of \$2,000.00. Mr. Langston would be able to begin employment with Emery County on November 1, 1999. Commissioner Randy Johnson made a motion to approve the employment contract for Brent Langston. Commissioner Ira Hatch seconded the motion and it was approved by all members present.

(14)

DISCUSSION AND RE-CONSIDERATION OF BOE ACTION.

In commission meeting on September 21, 1999, the Board of Commissioner's approved a 10 percent intangible deduction for residential and locally assessed businesses. The 10 percent deduction was off of taxable value. The Utah State Tax Commission denied Emery County's request for a certified rate adjustment which would equate to a 10 percent loss of revenue for the taxing entities of Emery County. Bill Peters, Attorney, has advised Emery County that this is most likely a case that we can not win because the definition of intangibles is so narrow. Mr. Peters commented that there were other issues that could be addressed but there is not enough time this year to formulate a plan that could be won through court. Commissioner Randy Johnson made a motion that Emery County back out of the 10 percent deduction for this year but pursue a plan for next year and explore all of the other available avenues for fighting this decision. Commissioner Ira Hatch seconded the motion and it was approved by all members present.

***Indigent Abatements:***

Sr. Deputy Clerk/Auditor Brenda Dugmore presented to the Commission the applications for indigent abatements that were received for 1999.

- Mary Ann Rizzuto - The Commission requested scheduling an interview to clarify certain issues on the application.
- Coleen Thompson - Commissioner Randy Johnson made a motion to abate 50 percent of the taxes due. The motion was seconded by Commissioner Ira Hatch and it was approved by all members present.
- Patricia Huntington - Commissioner Ira Hatch made a motion to abate \$587.00 according to the abatement schedule. Commissioner Randy Johnson seconded the motion and it was approved by all member present.

Ryan Cowley - Commissioner Ira Hatch made a motion to abate all taxes owing on the Cowley home. Commissioner Randy Johnson seconded the motion and it was approved by all members present.

(15)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List #124175 through and including #124335 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
65-99	Cut-off saw/Road Dept.	\$ 800.00	Approved
66-99	Laptop-Computer/Sheriff	2,599.00	Not Approved

410-4228	Gas Saw/Road	Junked	Approved
410-4810	Radio/Class B	Junked	Approved

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit list for payment and the requisitions and dispositions as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(16)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director Pat Snowball presented the following personnel action for approval:

Economic Development

Vicki Wilbanks is due for her next and final progressive increase effective 10/12/99. After this increase she will have reached her working level. She will move from 5A \$7.91/hr to 6A \$8.23/hr. Commissioner Randy Johnson made a motion to approve the progressive step for Vicki Wilbanks. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commission Meeting Minutes  
October 5, 1999

### GIS

Cody Fielder was hired temporary up to 90 days on June 24, 1999. It was planned that by September 1, 1999, a grant from CEU would be available to for him to continue. The grant has not come through but should. Commissioner Ira Hatch made a motion to terminate Cody Fielder effective 10/8/99 due to the 90 day status expiring. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

### Hepatitis Shots

Pat Snowball presented a request for County employees to receive hepatitis shots. It was suggested that we find out the risk factors for contracting hepatitis. It was the consensus of the Commission that the decision about whether employees should receive the shots should be made by Elected Officials and Department Heads and they would need to budget the money for the year 2000. If employees decide to get the shots before that time, they need to be run through the employees insurance.

MINUTES OF THE REGULAR MEETING  
OF THE EMERY COUNTY BOARD OF COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

October 19, 1999

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)  
MILES MORETTI, DWR, QUARTERLY UPDATE.

Miles Moretti, DWR reported on the Division's Critical Lands Program which is an open space initiative identifying areas critical to wildlife. Along the Wasatch front they targeted some of the private land. They have the areas mapped and will make a presentation at the Public Lands Council meeting in December. The elk hunt season will end this week. There were only three illegal kills this season which is down from previous years. The division is considering a youth hunt next year to entice younger hunters to the sport.

(2)  
SHANNON HIATT, EMERY COUNTY RECREATION SPECIAL SERVICE DISTRICT, NOTIFY COMMISSION OF RECOMMENDATION TO FILL AT-LARGE VACANCY ON THEIR BOARD.

Shannon Hiatt presented Emery County Recreation Special Service District's recommendation of David Kinder to fill the at-large vacancy on their board. Commissioner Randy Johnson made a motion to appoint David Kinder as at-large board member on the Emery County Recreation Special Service District. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(3)  
CONSIDERATION AND APPROVAL OF DONATION TO MISS MOUNTAINLAND SCHOLARSHIP PAGEANT.

The Board of Commissioners received a letter from Sabrina Ungerman requesting a donation to the Miss Mountainland Scholarship Pageant. The pageant is held in Emery County for the surrounding five county areas. Emery County has donated to the scholarship pageant for the last two years. According to Attorney David Blackwell's interpretation of the Short's Decision, this donation meets the criteria for donation to supporting the arts. Commissioner Randy Johnson

made a motion to donate the standard \$200.00 to the Miss Mountainland Scholarship Pageant. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

EMERY COUNTY CENTENNIAL HISTORY BOOK COMMITTEE-PRESENTATION OF FINAL PAYMENT TO COUNTY.

Sylvia Nelson, Centennial History Book Committee presented a check for \$1000.00 to Emery County as their final payment for a loan to publish the books. The Committee borrowed \$23,000.00 in 1995 for the publishing and printing of the history book. She thanked the Emery County Board of Commissioners on behalf of the Centennial History Book Committee for their confidence and support. The Centennial History Book Committee has fifteen hundred books left to sell. The money will be used for a like project such as publishing a pictorial history of Emery County.

(5)

10:00 A.M.- PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT ON A PROPOSED AMENDMENT TO THE EMERY COUNTY GENERAL PLAN.

Commission Chairman Kent Petersen opened the Public Hearing and introduced Mack Huntington, Planning Commission Chairman. Mr. Huntington provided a General Plan Amendment Overview as follows:

The Emery County General Plan was adopted in 1996. The Plan addresses specific issues identified by County residents as priorities and outlines a series of strategies designed to accomplish County goals and objectives.

The Plan establishes the County's policies regarding Public Lands/Federal and State Agencies, Transportation, Economic Development, Recreation and Tourism, and Water Resources.

As the Plan states, "For the document to function as a valuable, decision making tool, it should be reviewed and amended as necessary to address County issues and interests as they develop."

This past summer the BLM completed a wilderness re-inventory which will probably result in additional Wilderness Study Areas (WSA's) being proposed within Emery County. These WSA's will be established under the Federal Land Policy and Management Act (FLPMA), Section 202 of which requires that local plans be considered. The "202 process" involves a review of local plans to

determine consistency between the Federal action and said local plans.

The current County Plan does not accurately represent the position of Emery County regarding the management of public lands within the county, nor does it reflect the current working relationships which exist between the County and the various public land management agencies.

The Public Lands Council recommended to the Planning Commission that the General Plan be amended to ensure it contains information which accurately reflects the County's present position regarding the management of public lands.

The amendment addresses only the Public Lands section of the General Plan, and includes updated information regarding the County's position on wilderness and heritage resources.

The Public Lands Council Mission Statement states, "The mission of the Emery County Public Lands Council is to represent the public lands interests of Emery County and its citizens and to perform an advocacy role for the local stakeholders; to work in partnership with federal and state agencies in fashioning management decisions and policies affecting lands within Emery County; and to participate in the development, coordination, and implementation of the planning objectives of these various entities to ensure harmony between the objectives of these various entities and the Emery County Master Plan".

It is the intent and purpose of the Emery County Public Lands Council to aggressively preserve the community heritage of Emery County by vigorously participating in and influencing all public land planning and decision-making processes on behalf of, and under the authority of the Emery County Commission.

Commission Chairman Kent Petersen opened the meeting to the public for comments.

Val Payne, Public Lands Director commented that the document basically updates the tense of the Plan and presents the County's current position as far as public lands issues.

Comments were provided by each member of the Board of Commissioners as well as Tracy Jeffs, Public Lands Chairman.

Val Payne addressed some of the verbiage changes suggested by the Board of Commissioners.

Being no more comments, Commissioner Randy Johnson made a motion to close the Public Hearing. The motion was seconded by Commissioner Ira Hatch and approved by all members

present.

(6)

CONSIDERATION AND APPROVAL OF AMENDMENT TO THE EMERY COUNTY  
GENERAL PLAN.

Commissioner Randy Johnson made a motion to approve the Emery County General Plan as amended. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

EMERY COUNTY ROAD DEPARTMENT -DISCUSSION OF LILA CANYON  
AGREEMENT.

Road Supervisor, Rex Funk presented an agreement between Emery County and Utah American Energy, Inc. The agreement was for improvements to the existing county road known as Lila Canyon Road(#126). Because Utah American Energy, Inc. requires extensive use of the road, the road must be improved for the health, safety and welfare of the citizens of County as well as others who may have occasion to use the road. The county road runs from State Route 6 in a Northeasterly direction for approximately 2.63 miles to a presently existing corral. Thereafter the road is an unimproved RS 2477 roadway under assertion by Emery County with the Bureau of Land Management and identified as assertion #144 lower Lila point, #155 Lila Canyon and #326 Lila Canyon Lila Pt. The assertions were indexed and submitted to BLM Jan 8, 1993. Emery County will improve the road according to the plans and specifications as approved by Johansen & Tuttle Engineering, Inc, as Emery County's engineers of record. The parties will enter into an escrow agreement. Johansen & Tuttle's estimates for each phase of the project will be carefully reviewed and brought up to date before funds are put into escrow prior to initiation of the project. UEI and Emery County shall jointly agree in writing before beginning any specific phase of the project. No phase of the project shall begin before the required funds for that specific phase is in escrow. Each phase of the project, once initiated shall be completed. Insofar as the road will be used by the public for access to private and public lands and by UEI for access and construction of the Lila Canyon Mine, and insofar as improvement of the roadway would otherwise be a budgeted item for Emery County given other priorities for highway maintenance or reconstruction, it has been agreed between Emery County and UEI that the total cost of the reconstruction of the county road shall be the responsibility of UEI. Upon satisfactory completion by both parties of each phase, any remaining unspent funds in escrow shall remain sole property of UEI. UEI will assist the County in obtaining additional road ROW's as required. UEI shall acquire an Encroachment Permit from Emery County and comply with the conditions as set forth in the permit. Lila Canyon Road (#126) will remain a County network road entirely under the authority of Emery County. Commissioner Ira Hatch made a motion to enter into an agreement with Utah American Energy, Inc. in providing improvements

to the Emery County road known as Lila Canyon Road (#126). The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(8)

CITIZENS CONCERNS

Kay Jensen, Huntington/Cleveland Irrigation Company voiced a reminder to the Board of Commissioners of trans mountain and trans basin water diversion concerns. He discussed the legal battles over water replacement and the financial struggle they are having as a small company trying to defend these things. Huntington/Cleveland Irrigation Company has approached the County Commissioners in the past for a donation to help fight these legal battles. Attorney David Blackwell has been researching donations permissible by Emery County to other entities and will advise the Commission on his findings. Mr. Jensen also discussed a water problem as a result of road work by the county on the Buffalo area below Huntington. Rex Funk and Ray Petersen will go with Kay Jensen and Dennis Ward to check the situation. Rex and Ray will report back to the Commission on how to cooperate to solve the problem.

(9)

DISCUSSION OF CHANNEL 26.

Emery County owns Channel 26 which is a public access channel. For the past year the Board of Commissioners has been in discussion as to operation of the channel. Requests for bids to operate the channel were advertised. Emery Telephone put in a bid to take over the channel but wanted to own the license. Due to the amount of time that has elapsed they have since withdrawn their bid. Emery County wants to retain ownership of the license but not operation of the channel. A decision was made at that time to continue to operate the channel by contracting with an individual for that service until a decision could be made. It was decided to begin the decision process by meeting with the current contractor and see what direction to go from there.

(10)

DISCUSSION OF OLD CASTLE DALE SENIOR CITIZEN BUILDING'S FUTURE USE.

The new Castle Dale Senior Citizens Center is open now leaving the old center vacated. Both the Emery County Chamber of Commerce and the Emery County Clothing Exchange and Food Bank has approached the Board of Commissioners in previous meetings with requests to occupy the center. There was discussion on alternatives for housing the Clothing Exchange and Food Bank. They have been told they can qualify for CDBG funding in 2002 therefore the use of the center may be temporary. Another possibility was the old bishop storehouse which the L.D.S Church has up for sale. Linda Jewkes, Emery County Chamber of Commerce was present to request the building citing benefits from having a better location as well as not having to pay rent

which is supplemented by an Emery County donation. Without assistance from Emery County the Chamber would not be able to function. Commissioner Johnson commented that the County has an obligation to both entities but only one of them is in jeopardy of losing their housing. The Board of Commissioners decided to put off this decision for one more month to check into the mentioned possible locations for the Food Bank.

(11)

DISCUSSION OF COUNTY ATV HELMET POLICY.

There has been some concern for the safety of Emery County employees and especially GPS workers use of helmets during their time in the field. The Board of Commissioners decided to ask the Risk Management Committee to take a look this concern as soon as possible.

(12)

PRESENTATION OF THE 2000 TENTATIVE BUDGET AND SETTING OF PUBLIC HEARINGS.

Clerk/Auditor Bruce Funk presented to the Board of Commissioners for review the Auditor's recommendation for the 2000 tentative budget prior to the budget sessions. Budget sessions were set for November 2, 1999 from 9 a.m. to 12 p.m., November 8, 1999, all day, November 10, 1999 from 9 a.m. to 12 p.m., and November 30, 1999 from 9 a.m. to 12 p.m. Commissioner Randy Johnson made a motion to accept the recommended 2000 tentative budget and to set the budget sessions as indicated. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

CONSIDERATION AND APPROVAL TO WRITE OFF OLD AND UN-COLLECTABLE AMBULANCE ACCOUNTS.

Clerk/Auditor Bruce Funk explained that the ambulance billings have been going on for some time now with many unpaid balances. The unpaid balances are due to pass through clients such as accident victims from I-70 that have been billed and are unable to pay or have not paid their account. It is the recommendation of the Auditor and independent auditors Kimball & Roberts that the accounts become cleared. The write-off amount is \$23,230.98 cleaning up the accounting. Commissioner Randy Johnson made a motion to approve the write-off of old and un-collectable ambulance accounts. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

CONSIDERATION AND APPROVAL OF INDIGENT TAX ABATEMENT.

Commissioner Randy Johnson made a motion to approve the abatements discussed and approved in the last commission meeting and to not approve the abatement for the individual that was put on hold pending an interview. If the individual wishes to meet with the Commissioners at a later date they may take her case into consideration at that time. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(15)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List #124588 through and including #124768 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

November 2, 1999

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor, Carol Cox, other elected officials and citizens.

(1)  
DICK MANUS, BLM QUARTERLY UPDATE

Dick Manus, BLM provided an informative quarterly update of third quarter activity. President Clinton will recommend the nomination of Tom Fry as permanent director of BLM. The nomination will go before Congressional Hearings for confirmation. SUWA has filed a formal lawsuit against the BLM regarding its off road vehicle management effort citing seven identified causes for the lawsuit and actions they want resolved. No injunction was filed with the lawsuit. The BLM is close to concluding an impairment assessment on the wilderness study area of the San Rafael Swell. He reported on a news release in an upcoming federal register notice with regard to the re-inventory planning effort going on in the state. The scope of the BLM's planning effort is being modified from a state wide plan to a four region plan with an EIS for each region. The first region to be looked at is the Monticello and Moab area. The second region to be looked at is the eastern region which includes Vernal, the Bookcliffs, San Rafael and Henry Mountains. The third region includes the Grand Staircase/Escalante, Cedar City and St. George area. The fourth region is the west desert area. They are hoping to have a draft for the first EIS effort by next spring with the final completed by 2000. They hope to have all four regions completed by 2004. In other business he reported on the efforts to provide power to coal bed methane facilities on BLM land as requested by Texaco. They are continuing to process grazing permits/renewals.

(2)  
PRESENTATION OF CHILDREN'S JUSTICE CENTER AND DISCUSSION OF SATELLITE LOCATION.

Terry Willis, Director of the Family Support and Children's Justice Center in Carbon County came before the Board of Commissioners to introduce the program which serves both counties.

They have an advisory board with members from both counties including LaMar Guymon and McKette Allred. The center is set up for child abuse prevention and to assist in child abuse investigation. They help coordinate the child sexual abuse and extreme physical abuse cases investigated in Carbon and Emery County. Emery County has not been using the center very much mostly due to the distance to travel to the center. The main use of the center is to help reduce trauma in re-victimizing the children when they have to come in and talk about what has happened to them and help coordinate between law enforcement and DCFS and the county attorney. As their board met, one of the things they have asked is to start looking at ways to get the services that they provide in Carbon County down to the people rather than having the people come up to the center. They are here today to see if Emery County is interested in having this service in Emery County. They are seeking funding through the attorney general to put a satellite location in Emery County. Part of that funding is getting the recommendation of the governing board of the county. They are looking for a location to house the center. They are not requesting any funding from the county budget to run the center. They are seeking a letter of recommendation and help in finding a location to house the center. Commissioner Ira Hatch made a motion to write a letter of support for the program and to allow them to go ahead with their investigation into finding a location to house the center. The group will keep the Commission updated on their progress. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(3)

STEPHEN BEHLING, DISCUSSION AND CONSIDERATION OF OVER-PAYMENT OF PROPERTY TAX.

Stephen Behling, Ferron came before the Board of Commissioners to request a reduction of tax due to an over-payment. Mr. Behling explained that in 1976 he built the house with no basement. In 1980 he added onto the house with an addition and a garage with a basement under the new portion. In 1993 a decision was made to tax the house as having a full basement. He estimates he has been over charged for the last five years \$106.00 a year for a total of \$530.00. Mr. Behling has met with Assessor, Jim Fauver who indicated that a mistake was made on the valuation of the home due to the basement. Mr. Behling requested to have the over-payment deducted from this years taxes. After discussion on this matter, a motion was made by Ira Hatch to adjust Mr. Behling's 1999 property tax to reflect an over-payment of \$500.00. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(4)

CITIZENS CONCERNS

Barbara and the group representing the Emery County Clothing Exchange and Food Bank were present to discuss the possible occupation of the old Senior Citizen building in Castle Dale. As

discussed in the previous meeting there was a possibility for the group to have access to a CDBG Grant for purchasing an existing building or construction of a facility. The funds would not be available for about two years. The group is in need of a facility until the funds are available. The Clothing Exchange would be responsible for the utilities and maintenance of the building while in their use. The food drop truck will continue to use Stewart's parking lot for their food drop program. The group is on the agenda to meet with Castle Dale City to address any concerns they may have. Commissioner Randy Johnson made a motion to allow the group the use the old Sr. Citizen building on a temporary six month renewable contract as worked out by the County attorney. If Castle Dale City has any problems, we can address them when we look at the contract in six months. The motion was seconded by Commissioner Ira hatch and approved by all members present.

(5)

APPROVAL OF BUSINESS LICENSE

Clerk/Auditor Bruce Funk presented for consideration and approval a business license from Ryan Kelly DBA: Kelly's Hauling. Mr. Kelly intends to haul equipment and hay mostly out of state for farmers. He will have a one ton truck and trailer. The application has been reviewed and approved by Planning & Zoning Director, Bryant Anderson. Commissioner Randy Johnson made a motion to approve a business license for Ryan Kelly DBA: Kelly's Hauling. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

CONSIDERATION AND APPROVAL OF COMMISSION PROPERTY TAX ADJUSTMENTS.

Assessor, Jim Fauver presented the following Board of Equalization adjustments for consideration and approval:

Bowdie Barnett,	\$190.09
Leon McElprang,	\$274.01
Danny VanWagoner,	\$149.16
Tom Brereton,	\$115.40
	\$729.66

Commissioner Randy Johnson made a motion to approve the Assessor property tax adjustments as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

CONSIDERATION AND APPROVAL OF RE-CERTIFICATION OF PRESERVATION COMMISSION AND CALL FOR NEW MEMBERS.

Kathleen Truman works for the State Travel Division at the request of the Emery County Commissioners to help the Public Lands Council and affairs with the Heritage area and destination development. In the scope of the work that was developed between herself, the Public Lands Council and the County Commissioners one of the things they looked at were too re-certify as a certified local government under the National Historic Preservation Act. The way a county becomes a certified local government is to have an ordinance and an established preservation commission. Emery County established a preservation ordinance back in 1984 and set up a preservation commission. Since that time the preservation ordinance is still in existence but the preservation commission was de-certified through the process. This is an opportunity to go back and re-certify as a certified local government and establish a preservation commission. The advantage of being a certified local government is there are grants that you can receive in order to do research on historic properties or restoration or preservation. You are only eligible if you are a certified local government. It contributes to preserving the historic resources in the county. According to Emery County's preservation ordinance this is an eight-member commission. The necessary process requires a public notice to advertise to seek individuals who are interested in serving on this commission. A resume/application is required and the commission is appointed by the Emery County Commission. The names are forwarded to Salt Lake City to the Division of State History and then back to Washington D.C. If we can get this done before the end of the year Emery County can qualify for funds in 2000. There was discussion on advertising in the newspaper for members and time frame for the process completion. They reviewed the application and what would be required of potential members. Commissioner Randy Johnson made a motion to re-establish the Preservation Commission and advertise for new board member applications to be turned in for review on November 22, 1999 for appointment in the November 30, 1999 Commission Meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

CONSIDERATION AND APPROVAL OF ADDENDUM TO AIRPORT LEASE/MANAGEMENT AGREEMENT.

The lease for the operation and maintenance of the Huntington Airport which is operated by the county was up on October 15, 1999. The present manager is moving out of the area and has no desire to renew the contract on a long term basis. Emery County will send out letters requesting individuals and services to operate the airport. Emery County has received letters of interest from the following four individuals interested in contracting the airport services: M & J Arrow Services from Duchesne, Mark Frances who operates the Price Airport, Willy Robertson formerly of Orangeville and Jeff Hall of Price.

Commissioner Hatch asked David Blackwell, County Attorney to prepare an addendum to extend

the lease with Keven Robison till December 1, 1999. This will allow the county time to receive proposals from the interested individuals, make a recommendation to the Commission and take some action on a new contract. Commissioner Ira Hatch made a motion to authorize Commission Chairman Kent Petersen to sign the addendum to the Huntington Airport lease extending the lease to December 1, 1999 and to solicit for a prospectus for the operation and maintenance of the Huntington Airport. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(9)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List # 124929 through and including # 125088 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
71-99	ARC View Software Public Lands/Grant	940.00	Approved
72-99	Computer 500 Mhz Public Lands/Grant	3,500.00	Approved

76-99	Visitation Phones Corrections	370.00	Approved
77-99	Parts Washer Road Dept	600.00	Approved

78-99	Light Bars for Crown Vics #37 & 38 Sheriff	1,515.80	Approved
-------	---	----------	----------

There were no dispositions for consideration at this time.

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List for payment and the requisitions as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

In other Clerk/Auditor business, Bruce Funk requested approval to turn over a list of delinquent ambulance accounts to a professional collection agency. Also as per instruction from Independent Auditor, Rick Roberts he requested to write-off a list of pre-1994 uncollectible accounts for a sum of \$15,190.07. Commissioner Randy Johnson made a motion to accept the Clerk/Auditor's recommendation to turn over the delinquent list to a professional collection agency and write-off the uncollectible accounts as instructed by Independent Auditor, Rick Roberts. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director, Pat Snowball requested the following personnel action:

Two employees have completed their six-month orientation. Jan Christensen, Road Department (10/26/99) and Amber Braun, Clerk/Auditor's Office (11/11/99) has been recommended by their respective department heads to receive wage increases. The increase would be from 4A \$7.58/hr. to 5A \$7.91/hr. Commissioner Ira Hatch made a motion to approve the wage increases for Jan Christensen and Amber Braun as requested. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

At the end of the year Lee Rasmussen will have accrued vacation hours in excess of the eighty (80) specified in the policy which can be carried into a new year. However, he has planned a vacation in March at which time he would use all of this time. He would like the Commission to consider letting him carry the extra time over for that purpose. After much discussion on this matter, Commissioner Randy Johnson made a motion to deny Mr. Rasmussen's request to carry over hours over the eighty (80) specified by the policy. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

COMMISSIONER REPORTS

**Commissioner Hatch**

Commissioner Hatch reported on the Des Bee Dove Road Project in connection with the new dump station. Castle Dale City is still holding out on the water shares and connection fee for the county. Emery County provided five water shares at the time the landfill was being put in which was more than was needed at that time to take care of the needed shares. There was discussion that an agreement was made between the service district and/or Castle Dale City to evaluate the amount of water actually used at the landfill and adjust the number of shares to correlate with this determined amount. This evaluation has not been done so both entities know what if any additional shares are needed. This should be done. Those five shares should be sufficient for the landfill and the new sanitation dump-site. Rex Funk, Road Supervisor compiled a list of contributions in time and labor in the last six years by the County Road Department to Castle Dale City. Commissioner Ira Hatch made a motion to do whatever we have to do to make Castle Dale City happy so we can move forward with the sanitation dump-site. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

November 16, 1999

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

CONSIDERATION AND APPROVAL OF LEASE BETWEEN EMERY COUNTY AND SOUTHEASTERN UTAH ASSOCIATION OF LOCAL GOVERNMENT FOR USE OF OLD CASTLE DALE SENIOR CENTER.

Commission Chairman Kent Petersen explained that the lease between Emery County and Southeastern Utah Association of Local Government for the use of the old Castle Dale Senior Center is a six-month renewable lease contract. The Commission will evaluate the use of facility by the group and the status of the neighboring businesses as well as the city plans at the end of the six-month period. The lease contract has been reviewed and recommended by Attorney David Blackwell. Commissioner Ira Hatch made a motion to approve the lease contract between Emery County and Southeastern Utah Association of Local Government for use of the old Castle Dale Center. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

CONSIDERATION AND APPROVAL OF INTER-LOCAL AGREEMENT BETWEEN GRAND AND EMERY COUNTIES FOR FIRE AND AMBULANCE SERVICES.

Ken Ballantyne, Council member from Grand County sent a draft proposal for fire and ambulance service in Grand County for the Emery County Commission to consider. Both parties to the agreement shall have joint responsibility in providing fire protection and ambulance service to the citizens of Green River and the Elgin area. Emery County shall continue to provide the equipment and manpower sufficient enough to provide the fire protection and ambulance service as has been in the past. The proposal provides for the sum of \$5,000.00 annually to be paid to Emery County to assist ambulance service for the citizens of Grand County in the Green River and the Elgin area. The taxable values of both personal and real property combined as determined by the Grand County Assessor shall be multiplied by the amount of the Moab Fire Protection District Tax Levy and that sum shall be remitted to Emery County for the express purpose of providing fire protection to the citizens of Grand County in the Green River and the Elgin area. The agreement shall be reviewed annually during the

annual budget process and Grand County will advise Emery County of the amount of a said fire protection levy. Each year Emery County shall provide Grand County with a year end report regarding the fire suppression activities to the citizens of Grand County in the Green River and the Elgin area. Attorney David Blackwell has reviewed and recommends the proposal. Sheriff LaMar Guymon has reviewed the proposal and has no problems with the agreement as proposed. If Emery County approved of the proposed agreement, they (Emery County) were to return the proposed agreement to Grand County for approval in their Council. Commissioner Ira Hatch made a motion to return the proposed agreement with Emery County's approval of the concept. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

ROSS HUNTINGTON, EMERY COUNTY SCHOOL DISTRICT, INFORMATION REGARDING USE OF SCHOOL DISTRICT FACILITIES BY EMERY COUNTY RECREATION AND DISCUSSION OF JOINT EFFORT WITH UINTAH COUNTY CHALLENGING DISTRIBUTION OF MINERAL LEASE FUNDS.

Ross Huntington, Emery County School District Financial Administrator opened discussion on a letter they received from Uintah County soliciting entities interested in pursuing litigation of distribution of mineral lease funds. The School District would be interested in participating but only if they could benefit from the revenue of mineral lease funds. Commission Chairman Kent Petersen explained that the law dictates that the mineral lease funds must be distributed to a special service district. Uintah County is seeking many different entities as they feel that the lawsuit may be more credible if more entities participate. After discussion on this issue it was decided to check with Bill Peters, Attorney at Law and Uintah County to get some direction. The school district and Emery County will be watching with interest to see the direction this takes.

Mr. Huntington also discussed the use of school facilities by Emery County Recreation Special Service District. He provided a graph showing the declining numbers of enrolled students in

Emery County schools. Every time they lose a student they lose approximately \$2,000.00. The demand on the use of the gyms in the county is continually going up. The utility bills and pay to maintenance people to keep the buildings available for community use is increasing while funds are going down. Mr. Huntington's request was for compensation from the Recreation District for the use of the buildings. The Board of Commissioners suggested the School District meet with the Recreation District Board to discuss the need for compensation for the use of the buildings.

MARK H. WILLIAMS, DISCUSSION OF IMPLICATIONS OF SUWA LAWSUIT AGAINST BLM.

Mark H. Williams, Southeastern Utah Off-Highway Vehicle Club encouraged the Emery County Commission and the Emery County Public Lands Council to publicly oppose the recent lawsuit filed by SUWA, the Sierra Club and other groups to force the BLM to close 9.1 million acres of public land in Utah to off-road vehicles. He also requested the Emery County Commission and the Emery County Public Lands actively oppose it by way of monetary donations to groups such as Blue Ribbon Coalition, Utah Shared Access Alliance and/or the Utah Association of Rural Counties. The Blue Ribbon Coalition and the Utah Shared Access Alliance plan to enter the lawsuit in order to represent the interests of motorized vehicle users on public lands. If this lawsuit is successful it will close 1.38 million acres of public land in Emery County (roughly 48% of the entire county) to off-road vehicles, denying access to many of our Heritage Sites and nearly half of the BLM administered lands in Emery County. This lawsuit would have a negative impact on Emery County's authority to administer their RS2477 Right of Ways. Commissioner Johnson commented that Emery County opposes the lawsuit. Emery County will take whatever legal action necessary to keep our roads open and will help BLM in every way possible to fight the lawsuit. Emery County will do everything in its power to assert its RS2477 Right of Ways.

CITIZENS CONCERNS

County Assessor, Jim Fauver requested an adjustment of property tax on behalf of Danny Van Wagoner, Castle Dale. The value of Mr. Van Wagoner's home was mis-calculated for three years. The home was valued as a two-story home when in actuality it is a one and a half story home. Mr. Van Wagoner is requesting to have the overpayment of \$378.50 credited to the current year's property tax. After much discussion of this matter it was decided to adjust a portion of the overpayment. Commissioner Randy Johnson made a motion to refund \$275.00 of the property tax overpayment on this year's property tax. The motion was seconded by

Commissioner Ira Hatch and approved by all members present.

Commissioner Johnson made a motion to set a Public Hearing for Tuesday, November 30, 1999 at 5:30 P.M. in the Emery County Courthouse for the purpose of receiving public input on North American Gypsum's proposed mining operations located south of I-70 at milepost 109. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Johnson also reported on calls he has received regarding elk on the road between Huntington and Price. DWR will be contacted to express concern.

(7)

CONSIDERATION AND APPROVAL OF GRANT CONTRACT WITH STATE HISTORY

Kathleen Truman, State Travel Division requested approval of a grant application from BLM to Public Lands to identify and catalog Emery County's Heritage Sites on the San Rafael. The grant was for the sum of \$28,000.00 and will come to the County. Another grant application presented for approval was from the Division of State History to fund a history project called "Learning from the people: Landscape History through Oral Interviews". The grant was for the sum of \$3,000.00 and will be paid as claims are sent in for reimbursement. Commissioner Ira Hatch made a motion to move ahead with the grant applications. Commissioner Kent Petersen stepped down to second the motion and it was approved by all members present.

DISCUSSION OF GRANT PROPOSAL OF DR. BETH MURPHY TO CREATE A WATER BASE FOR GIS.

Dr. Beth Murphy, Energy Geosciences Institute at the University of Utah Research Park in Salt Lake City is interested in writing a proposal for a two-year project through the private Hewlett Foundation to create a water database in the Geographic Information Systems of Carbon and Emery Counties. It is assumed that Dr. Murphy will write the proposal, supervise the project and handle all funding, reporting and purchasing. Dr. Murphy has written two previous grants for the counties to build the GIS databases in Carbon, Emery, Grand and San Juan Counties since 1996.

The proposal is expected to be in the form of a \$200,000 - \$300,000 grant. It is believed that the county will not have to provide matching funds. The Hewlett Foundation provides funding to assist rural areas to research and deal with environmental issues. The proposed objectives might be: Map all existing incoming water to the populated corridors of the Counties, Map all existing outgoing water from the populated corridors, Map current FEMA flood maps in the counties as

digital files, Make the new FEMA maps available over the Internet, Lay flood zone maps over new aerial flights, Construct a three-dimensional computer model and from the model to target the expected problem flood area and map them over the aerial photos. If Emery County is interested in this type of a project, we need to let her know as soon as possible. Commissioner Randy Johnson made a motion to authorize Commission Chairman Kent Petersen to draft a letter to Dr. Murphy letting her know that Emery county is interested in the project. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List #125341 through and including 125466 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
79-99	File Server/Novell License	5,800.00	Approved
80-99	Panasonic Typewriter/Sheriff	570.00	Approved
81-99	Software & Training Public Lands Grant	1,644.76	Approved

There was discussion on the bids supplied for the file server. Commissioner Randy Johnson made a motion to accept the low bid for the file server. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List for payment and the requisitions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Randy Johnson made a motion to ratify dates for 2000 budget meetings as follows: December 1, 1999, 9 A.M. to 12 P.M., December 3, 1999, 9 A.M. to 3:00 P.M., December 8, 1999, 9A.M. until finished. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Due to New Year's Day falling on Saturday, Commissioner Ira Hatch made a motion to set December 31, 1999 as a county holiday and to advertise in the Emery County Progress that the

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION

Personnel Director, Pat Snowball requested the following personnel action:

GIS

GIS Department requested an extension of the up to 90 day temporary assignment for Margaret Swasey to go through November 19, 1999. Commissioner Randy Johnson made a motion to approve the extension of the up to 90 day assignment for Margaret Swasey to go through November 19, 1999. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Ms. Snowball also discussed the philosophy of contributed leave and proposed bylaws for the Loss Prevention-Accident Review Committee.

(11)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Ira Hatch made a motion to approve the minutes dated November 2, 1999 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

COMMISSION REPORTS.

*Commissioner Johnson*

Commissioner Johnson reported that he would not be able to attend the health board meeting due to the Senior Appreciation Dinner but that Tom Rousch will speak at the meeting in his absence.

*Commissioner Hatch*

7

Commission Meeting Minutes  
November 16, 1999

Commissioner Hatch reported that letters were sent out to interested parties soliciting someone to operate the airport. The bids are expected by November 29, 1999 for a decision at the November 30, 1999 Commission Meeting. The current contract manager, Keven Robison will be leaving on December 1, 1999, so therefore there is some urgency to finding someone to operate the airport. We will need to do a walk through to do an inventory before Keven leaves.

Regarding the five water shares given to Castle Dale City for the landfill. Emery County put in five shares at the time they were putting the landfill because they didn't know how much would be needed and there was supposed to be an adjustment done later. In trying to finalize the details for the new sanitation station and providing the sewer hook-up, it was proposed to have Castle Dale City waive the sewer hook-up fee and the District would waive the fee to the City.

*Commissioner Petersen*

Commissioner Petersen reported that the RS2477 Road, GPS Mapping Project has made significant progress. 90% of the roads within proposed wilderness areas are completed. Some roads on existing maps were in the wrong place but for the most part they were accurate.

(13)

OTHER BUSINESS

Rex Funk, Road Supervisor requested the Board of Commissioners consider the cement and chip seal projects during the 2000 budget process. Especially needed will be the black top at the airport.

MINUTES OF THE WORK MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

NOVEMBER 29, 1999

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Clerk/Auditor Bruce Funk. The meeting convened at 2:00 PM.

(1) NORTH EMERY WATER USERS REQUEST FOR CREATION OF A SPECIAL SERVICE DISTRICT

Menco Copinga, North Emery Water Users Association Board President, discussed their water system and the need to create special district rather than remain as a private company. They need to upgrade lines and tanks. As a private company they are not eligible for grants. Votes taken show shareholder support for creation of such a district (Those who spoke against the creation of the district questioned the legality of the vote.). His request of the commission was approval to proceed with the creation of a non-taxing special service district.

Availability of grants to such a district were discussed. Maps of proposed boundaries were presented and discussion as to annexations and de-annexations of the districts boundaries and overlaps with Special District # 1 boundaries which has water in its responsibilities. Two districts providing the same service cannot overlap.

Mentioned and briefly discussed were other similar water lines outside the municipalities and not covered under Castle Valley Special Service District (CVSSD) such as the Ferron stock water line, Green River, Wilberg line, and outside Clawson. Cottonwood stock line is a partnership with CVSSD.

Discussed was the use of mineral lease monies and what monies could be available for such a new district or should consideration be given to entering into a MOU with CVSSD so that all benefit from mineral lease monies.

Following people were also in attendance and participated in the discussion: Bevan Wilson (in favor of district), Mike Jensen (legal council for North Emery), Bill Ivie, Kay Jensen (opposed to district), Dennis Ward (opposed to district), Jack Stoyanoff, Laura Fillmore, Scott Allred, Bill Coyne, and Darrell Leamaster (Castle Valley Special Service District).

No action was taken by the commission at this time.

Motion to adjourn the meeting at 3:27 PM was made by Commissioner Ira Hatch and seconded by Commissioner Randy Johnson and approved by all members present.

Copies of the meeting tape were provided to: North Emery Water c/o Menco Copinga and Kay Jensen.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

November 30, 1999

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

MARTIN WILSON, ECSO, DISCUSSION AND APPROVAL OF ANIMAL SHELTER FEES.

Sheriff Guymon discussed a proposal to consider raising animal shelter fees. Animal Control Officer, Martin Wilson conducted a survey of animal fees in other counties and states. Officer Wilson determined that current fees are below the fees charged in these other areas. Fees have not been considered for a number of years and need to be brought in line with the rest of the state. No decision was made at this time.

(2)

LENARD BROWN, PRESENT INFORMATION ON RADIO ACTIVE AND NUCLEAR FALLOUT LEGISLATION.

Lenard Brown presented a letter he had written to Senator Orrin Hatch and Senator Bob Bennett regarding the Radiation Exposure Act recently passed in the Senate and Congress, and is currently waiting for President Clinton's signature. In Mr. Brown's letter he recommended three amendments to the bill. Mr. Brown felt Emery County should be added to the list of affected areas, that contract workers and related workers who worked in and around the uranium mines should be included, and to extend the date to 1977. The bill has ninety days in which it can be amended and Mr. Brown is hoping to have these three changes considered. He asked the Commissioners if they would compose a letter to Senator Hatch and Senator Bennett encouraging them to consider the amendments to the bill. The Commissioners were in agreement with Mr. Brown's proposed changes. Commissioner Randy Johnson made a motion to draft a letter to Senator Hatch and Senator Bennett recommending consideration of the proposed changes to the bill. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

JB RANCH REQUEST FOR ADJUSTMENT ON 1999 TAXES.

David Simpson representing JB Ranch has been working with the Assessor's office regarding their recently annexed property in Ferron. There was a problem with the property valuation that should have been taken care of during Board of Equalization. Mr. Berenson, President of JB Ranch had been experiencing medical problems with his wife and was not able to attend BOE. The valuation adjustment has been made for the year 2000 however the property taxes for 1999 have not been adjusted. The request is to have \$330.98 abated on the 1999 property tax which would have been considered at BOE had they been able to come in and request it at that time. Commissioner Randy Johnson made a motion to approve the \$330.98 adjustment to JB Ranch's 1999 property tax. Commissioner Ira Hatch was not in agreement on this adjustment, therefore Commissioner Kent Petersen stepped down to second the motion. The motion passed two to one with Commissioner Hatch descending.

(4)

CITIZENS CONCERNS

Assessor Jim Fauver presented a request from Leon McElprang to have an adjustment done on the valuation of an addition to his home. The adjustment would be for \$60.00. The Board of Commissioners denied Mr. McElprang's request.

Treasurer JoAnn Behling presented a request from Lori Hancock, Big Mama's Pizza. The property taxes have been paid for the current year and four years delinquent tax. The request was to waive the \$997.09 in penalty and interest on the prior years property taxes. After discussion on this issue Commissioner Randy Johnson made a motion to abate the \$997.09 penalty and interest. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

5:30 P.M. PUBLIC HEARING- TO RECEIVE PUBLIC INPUT ON NORTH AMERICAN GYPSUM'S CONDITIONAL USE PERMIT.

Mack Huntington, Planning Commission Chairman provided opening remarks. North American Gypsum has applied for a conditional use permit within the county to mine gypsum. It is a conditional use/level three permit which must be permitted under the authority of the Board of Commissioners. The purpose of the public hearing is to hear public comment on the proposed activity within the county. The activity is permitted under the terms of the zoning ordinance which requires a public hearing as part of the permitting process. He introduced William B. Wray, President of North American Gypsum who provided an overview of the proposed mining

activity within the county. He pointed out the activity takes place in a non wilderness characteristic area and is outside the heritage area. Mr. Wray has gone before the Planning Commission and it has been approved to this point.

Following questions and comments, Commission Chairman Kent Petersen closed the Public Hearing.

(6)

CONSIDERATION AND APPROVAL OF NORTH AMERICAN GYPSUM'S  
CONDITIONAL USE PERMIT (LEVEL III).

Commissioner Ira Hatch made a motion to approve North American Gypsum's Conditional Use Permit. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

SETTING OF PUBLIC HEARING FOR AMENDMENTS TO THE 1999 BUDGET.

Senior Deputy Clerk/Auditor Brenda Dugmore requested setting a Public Hearing to receive public comments for amendments to the 1999 Budget. Commissioner Randy Johnson made a motion to set a Public Hearing for December 14, 1999 at 5:15 P.M. to receive public comment for amendments to the 1999 Budget. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

CONSIDERATION AND DISCUSSION OF RE-CERTIFICATION OF PRESERVATION  
COMMISSION AND CALL FOR NEW MEMBERS.

In the November 2, 1999 Commission Meeting a motion was made and seconded to re-establish the Preservation Commission and to advertise for new board member applications to be turned in for review for approval at this meeting. The Board of Commissioners reviewed the applications and criteria for board members. Commissioner Ira Hatch made motion to appoint to the Preservation Commission the following individuals:

Val Payne, Montell Seeley, Margaret Swasey, Jan Petersen, Kathleen Truman, LaMar Guymon Emery County Historical Society Designee, and Commissioner Ira Hatch. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(9)

CONSIDERATION AND APPROVAL OF LEASE TO AIRPORT LEASE/MANAGEMENT

AGREEMENT.

Commissioner Hatch explained that Emery County advertised and sent out letters to interested individuals for the operation and maintenance of the Huntington Airport. Four individuals returned bids for consideration. Three bids met the thirteen outlined criteria for the contract. Those individuals who met or closely met the criteria were: M&J Aero, Duchesne, Will Robertson, Orangeville, and Adam Robison, Wellington. After reviewing the proposals Commissioner Randy Johnson made a motion to accept the proposal from Will Robertson. The motion was seconded by Commissioner Ira Hatch and approved by all members present. The lease/management lease will be for five years at \$800.00 a month. Mr. Robertson will live in the home at the airport. He will be able to take over by December 15, 1999. County Attorney, David Blackwell will work with Commissioner Hatch to draft a contract for consideration and approval at the next Commission meeting.

(10)

DISCUSSION OF PARTICIPATION IN WEST COLORADO RIVER BASIN  
COMPREHENSIVE WATERSHED MANAGEMENT PLAN STEERING COMMITTEE.

The Board of Commissioners received a letter from Mark Pierson, Environmental Scientist with the Division of Water Quality saying he is mandated to produce a comprehensive watershed management plan to address water quality-based concerns in the West Colorado River Basin. He is asking if Emery County would like to participate in the West Colorado River Basin Comprehensive Watershed Management Plan Steering Committee. Commissioner Ira Hatch made a motion to appoint Ira Hatch to the West Colorado River Basin Comprehensive Watershed Management Plan Steering Committee. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND  
DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List #125627 through and including #125787 for payment.

Commission Meeting Minutes  
November 30, 1999

MINUTES OF THE SPECIAL MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

December 10, 1999

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Jeff Frandsen, Ryan Smith, Brian Erickson, Kathy Wright, Dr. Bryan Stone, Cheryl Stone, Dr. Scott Hardy, Bruce Anderson, Sheriff LaMar Guymon, Leslie Bolinder, Doris Quinn.

Jeff Frandsen, Administrator for Castle View Hospital presented information on medical future and services provided by both Castle View Hospital and Emery Medical Center.

Mr. Frandsen expressed concern about rumors of the clinic closing and said Castle View has no intentions of closing the clinic.

Ryan Smith, Financial Officer, Castle View Hospital presented a profit and loss statement(P&L) for Emery Medical Clinic. The P&L statement indicated clinic revenues to be \$1,587,888.00 with total net revenues of \$1,170,168.00. Total expenses for 1999 are \$1,318,720.00, with a pre-tax income of -\$184,840.00 indicating a loss for the year.

Jeff Frandsen indicated the new clinic may have been over-built for the volume of patients utilizing it. They have also recruited too many providers for this area which has taken a bite out of the clinic's volume. He indicated future plans for the clinic included looking at staffing needs opposed to volume of patients visits, labs and ex-rays. For that reason they needed to make adjustments in staffing because of volume and services shortfalls. While preparing the budget, all operating costs were adjusted before provider wages were adjusted. While setting up next year's budget, the main goal will be to break even. Ways of meeting that goal will include increasing volume, procuring better contracts, and better expense management. Mr. Frandsen said the clinic will continue to provide basic medical service to the community-lab, radiology, physical therapy, and physician services. He indicated the last thing they want to do is close any kind of service. He indicated they have some ideas for getting the pre-tax income back up so they can continue to provide the services needed by the community.

Clinic Director, Bruce Anderson explained that their main objective is to break even and provide quality services. They have a difficult time trying to get the skill level they need in rural communities. They will continue to train and certify people so they can provide quality service.

The Board of Commissioners thanked them for their time and the quality service they continue to provide to the citizens of Emery County.

(1)

UTAH HIGHWAY PATROL REQUEST FOR NEW RADAR EQUIPMENT.

Sergeant Darrel Mecham of the Utah Highway Patrol came before the Board of Commissioners to request funding for new radar equipment. In the past they have approached the Sheriff for funding new radar equipment but have learned that the Sheriff's budget has been cut. They will have two new troopers out patrolling Emery, Grand and Wayne Counties without radar equipment. Because revenue from issued citations goes to the counties, the State sends the UHP officers to request funding from the counties they patrol. They have commitments from Grand and Wayne Counties and are lacking in funds for three radars. The Board of Commissioners informed Sergeant Mecham that there is no money in the 2000 budget for new radar equipment however they will lobby the State for funds. The Board of Commissioners will use every political connection available to get some funding for new equipment and will look at other options.

(2)

ROSANN FILLMORE, SCENIC BYWAY COMMITTEE, REQUESTING LETTER OF SUPPORT.

Economic Development Director, Rosann Fillmore on behalf of the Scenic Byway Committee requested a letter of support for an application for the "All American Road". She is gathering letters of support in order to submit the application to the Scenic By-Way Chairman by December 20, 1999. She also had letters from the Forest Service, Castle County and local legislators. She also needed support from the Congressional delegation and asked for any influence from the Board of Commissioners in obtaining support for this project. Commissioner Petersen explained that the All American Road Designation is a step up from the National Scenic By-way Designation and that there are few roads considered for this designation. Not only would this be an honor but would also qualify us for funding as well as being included in all national marketing for All American Road or National Scenic By-way. Commissioner Randy Johnson made a motion to help Rosann Fillmore draft a letter of support for application to the All American Road. The motion was seconded by Commissioner Ira Hatch and approved by all

CITIZENS CONCERNS

Dennis Worwood came before the Board of Commissioners as a member of the Public Lands Council to request the Board of Commissioners form an Access Management Team to review roads and trails in the county. The team will formulate an addendum to the master plan that would address our transportation desires. To include all the varied interest it may take twenty or more individuals. The feeling of the council is that at some point in time we are going to have address access issues whether it is because of federal designation or some other reason and we would be ahead of the game to move ahead with that now with a local group. They suggested inviting a representative from federal agencies to be a part of this group. Recruiting members should be a public process. The Board of Commissioners will act on the recommendation of the Public Lands Council and form an Access Management Team. The Board of Commissioners suggested notifying the various agencies and entities to request representatives for consideration and review on January 3, 2000.

Bruce Funk indicated that the budget reflects a three percent pay increase. He commended the Board of Commissioners for their decision and tough action in making the necessary cuts to balance the budget. It is hard to come up with a balanced budget when revenue is going down and the need for service is continually going up.

Karen Truman, Emery County Community Theater came before the Board of Commissioners to request consideration for a contribution to share in their theater productions in the year 2000. The Board of Commissioners invited her to return in the spring to make a request for a donation since their request was not made in time for consideration in the 2000 budget.

Kay Jensen, Huntington-Cleveland Irrigation Company requested to be considered for a donation to help fund litigation regarding the trans-basin and trans-mountain diversions. The Board of Commissioners suggested Mr. Jensen approach the Special Service District #1 for consideration of funding from their budget.

Darrell Leamaster, Castle Valley Special Service District presented their 2000 budget. Debt Service total was \$1,320,500.00. Capital Projects total was \$1,666,100.00. Operation and Maintenance total was \$1,722,000.00.

Commissioner Ira Hatch made a motion to close the public hearing. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Commissioner Ira Hatch thanked Bruce Funk and Brenda Dugmore as well as other department heads and elected officials for all their hard work in making the 2000 budget a workable, balanced budget.

COMMISSIONER REPORTS

*Commissioner Petersen*

Commissioner Petersen reported attending Castle Dale City Council Meeting where they discussed the RV Sanitation Dump-site on the Landfill Road. Castle Dale City has agreed to wave the hook-up fees that Castle Valley Special Services would charge Emery County. The five shares of water that were transferred at the origination of the landfill were more than enough, so two shares from the Landfill will be transferred to the new Sanitation Dump-site. The hook-up will proceed when an agreement has been signed.

(15)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS

An Executive session was not necessary at this time.

DON HAMILTON, TALON RESOURCES, PRESENTATION OF REQUEST FOR POWER LINE CONNECTION ON BUZZARD BENCH FOR TEXACO.

Don Hamilton and Larry Johnson, Talon Resources, came before the Board of Commissioners. Representing Texaco Exploration and Production Incorporated they were seeking the county's approval to upgrade the power line connection on Buzzard Bench. This power line is a single phase line that serves Horn Mountain TV Tower. Texaco has discussed two options, one being to upgrade the existing line from central warehouse west of Orangeville to the Horn Mountain repeater site or to install a new line. What Texaco would like to do is rather than install a new line they would like to upgrade the existing line which at this time is property of Emery County. Mr. Hamilton presented an agreement that Utah Power requires wherein Emery County would be the power carrier and Utah Power would supply the power. The upgrade would be done up to the point where it would be metered for Texaco's use. Texaco would pay Utah Power for the power as well as a wheeling charge to Emery County. Emery County also has the option of transferring the ownership of the power line to Utah Power. Commissioner Johnson had spoken to Utah Power who had indicated they were in agreement with this concept and were open to both taking over the line or doing it this way. After much discussion of this matter Commissioner Randy Johnson made a motion to agree to work out a way to make it possible for Texaco Exploration and Production, Inc. to hook on the existing single phase power line connection on Buzzard Bend and to work out the details with Utah Power. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

DASHAI NELSON, REQUEST FOR ROAD IMPROVEMENT ON MOLEN SEEP WASH.

Jess Nelson came before the Commission to request a crossing on Molen Seep Wash which is a county owned desert road. Mr. Nelson indicated that water pools causing damage to the road making it impassable. Road Supervisor Rex Funk has been out to the area, surveyed the existing conditions and identified some things that could be done to alleviate the problem. The Board of Commissioners agreed to do what could be done to help the situation for now and approach the Special Service District to put money into fixing the road.

(5)

5:00 P.M.- PUBLIC HEARING-TO RECEIVE PUBLIC COMMENT ON PROPOSED APPLICATION TO UDOT FOR FUNDING INTERPRETIVE KIOSKS ON I-70.

Rosann Fillmore, on behalf of Economic Development and Lands Council presented a proposed application to UDOT for funding interpretive kiosks on I-70. The council had discussed three types of interpretive kiosks at each site. One panel would identify the landscape. Another panel would provide a history of the landscape. Another panel would identify the tourism opportunity within the county. The hope is to provide a human history of the San Rafael Swell. The proposal is to use T21 funds in the amount of \$400,000.00 with an in-kind match on a reimbursement basis. The BLM approves of this proposal and have been approached for help with the in-kind match. Application is due by April 1, 2000 with approximate project beginning October/November of this year with possible completion around February 2001.

Commission Chairman Kent Petersen opened the meeting for public comment.

LaMar Guymon commented that as of yet there is nothing on I-70 that tells you anything about Emery County or the area which they are passing through. Commissioner Ira Hatch elaborated on the difference between advertising and interpretive display. Val Payne indicated it was the intent of those proposing the application to provide a way for those passing through this area to receive a history of the landscape and let them know what is available within a few miles in Emery County. The Board of Commissioners were in support of the proposal and suggested they move forward with the application. Commission Chairman Kent Petersen closed the public hearing.

Commissioner Randy Johnson made a motion to approve the application to UDOT for funding of Interpretive Kiosks on I-70. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

CITIZENS CONCERNS

Green River Council members Dale Toomer and Dan Johnson thanked the Board of Commissioners for all they do for Green River and look forward to working to put the annexation issue on the ballot again this year.

Darrell Leamaster presented the Board of Commissioners with the Permanent Community Impact Fund Priority List. Commission Chairman Kent Petersen requested to have a CDBG Grant added to the list for the Emery County Clothing Exchange and Food Bank through the Municipal Building Authority of Emery County. Only projects on this list may be considered for funding through Special Service Districts, cities and other entities and the list must be on file

with the Community Impact Board. Commissioner Randy Johnson made a motion to approve the Permanent Community Impact List to be submitted to the Community Impact Board. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

The Board of Commissioners had a proposed contract with the Utah Division of Parks and Recreation, Utah Motorized Trail Matching Fund Agreement. This is a grant that the Recreation Sub Committee for Public Lands received from Utah Parks Motorized Trail Division. It is for \$7,000.00 to work on the Buckhorn Flat Spirit Railroad Grade. It was the understanding of the Commission that the match was strictly an in-kind match. It was decided to put this item on the next Commission Meeting agenda to give time to clarify wording of the document.

Rue Ware requested information regarding the request to disband the Travel Council.

Emery Telcom requested the Board of Commissioners to put pressure on the Planning Commission to complete the Zoning Ordinance issues.

(7)

CONSIDERATION AND APPROVAL OF AGREEMENT FOR DIRECTOR OF EMERY COUNTY FAIR AND OTHER COUNTY-SPONSORED ACTIVITIES.

Attorney David Blackwell presented an agreement between Emery County and Kathy Justice for Director of Emery County Fair and other county-sponsored activities. The agreement is the same as in 1999 with the addition of including Kathy Justice on the county's liability insurance. Commissioner Randy Johnson made a motion to approve the agreement for Director of Emery County Fair and other county-sponsored activities between Emery County and Kathy Justice. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

CONSIDERATION AND APPROVAL OF MEMORANDUM OF AGREEMENT WITH ROBERT K. WEIDNER AS GOVERNMENT RELATIONS ADVISOR TO EMERY COUNTY.

Mr. Weidner's request was for \$16,000.00, however, Emery County had budgeted for the same as in 1999 which was \$15,000.00. Commissioner Randy Johnson contacted Mr. Weidner who was agreeable to the \$15,000.00. Commissioner Randy Johnson made a motion to approve the agreement with Robert K. Weidner for \$15,000.00 as government relations advisor for the year 2000. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

CONSIDERATION AND APPROVAL OF BUILDING MAINTENANCE AGREEMENT WITH CASTLE VALLEY MAINTENANCE OF CASTLE DALE.

The agreement with Castle Valley Maintenance of Castle Dale was reviewed and considered for approval. The 2000 budget allowed for a six percent increase in the contracted amount. Commissioner Ira Hatch made a motion to approve a building maintenance agreement for the courthouse and Castle Dale Sheriff's Complex with Castle Valley Maintenance of Castle Dale. The motion was seconded by Commissioner Randy Johnson and approved by all present.

(10)

CONSIDERATION AND APPROVAL OF RESOLUTION DECLARING THE INTENT OF EMERY COUNTY TO PARTICIPATE IN TRAN'S.

The Board of Commissioners reviewed Resolution 01-04-2000 declaring the intent of Emery County to participate in a Tax Revenue Anticipation Note (TRAN) program. The program allows us to borrow at a favorable rate should a cash flow problem arise. Commissioner Johnson expressed the importance of having such a program in place. Commissioner Johnson made a motion to approve Resolution 01-04-2000 declaring Emery County's intent to participate in TRAN.. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

CONSIDERATION AND APPROVAL OF AGREEMENT WITH GRAND COUNTY FOR EMERGENCY SERVICES IN GREEN RIVER.

The agreement with Grand County for emergency services in Green River was reviewed in an earlier Commission Meeting. County Attorney, David Blackwell has reviewed it and recommends signing the agreement. Commissioner Randy Johnson made a motion to approve the agreement with Grand County to provide emergency services in Green River as stipulated in the document. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

DISCUSSION OF BAD-CHECK POLICY FOR COUNTY.

Assessor, Jim Fauver entered into discussion with the Board of Commissioners regarding the county's bad-check policy. Attorney, David Blackwell reviewed the State code regarding the process for collecting on bad-checks and recommended the county go by that policy.

(13)

DISCUSSION OF CURB/GUTTER ON A SECTION OF SR29.

Road Supervisor, Rex Funk entered into discussion with the Board Commissioners regarding a State Road 29 curb/gutter project to modify the entrance into the new Road Office/Shop facility. This is a state-offered program which is desirable from the state's perspective as improvements would be made to the road as well. Curb/gutter and frontage improvements would also extend to adjoining properties, Charles Oman, Clyde Magnuson and Questar Gas. Estimated figures were provided to determine some idea as to the cost to Emery County and the adjoining properties. The adjoining property owners have been contacted and are interested in participating in the program. Rex Funk indicated he would like to push to instigate the project by spring. After some discussion on this matter, the Board of Commissioners suggested Rex Funk put this matter on the agenda for the next Commission Meeting providing more precise cost estimates for the project.

(14)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval Warrant Check Edit Lists #126743 through and including #126809 and #126810 through and including #126832 for payment.

Requisitions were presented for the following:

Dispositions were presented for the following:

<u>ASSET #</u>	<u>DESCRIPTION</u>	<u>HOW DISPOSED OF</u>	<u>ACTION</u>
960-6105	Public Health Bldg/CD	Paid off the loan	Approved

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List for payment and the Requisitions and Disposition as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(15)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL MATTERS.

Personnel Director, Pat Snowball presented the following personnel action:

Library

Susan Childs, Assistant Librarian in Orangeville, has submitted her resignation which was effective December 30, 1999. Request was made to begin the recruitment process for an assistant librarian at 4A \$7.81 hr, part time, less than 20 hrs/wk; with no benefits. Jerilyn Mathis, Library Department Head indicated she would like to try shifting library employees around which may fill the Orangeville position but may leave another position open in another town. Commissioner Ira Hatch made a motion to approve the recruitment process for the needed library position. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Pat Snowball entered into discussion with the Board of Commissioners regarding contributed time. Several employees have vacation time in excess of the eighty hours that can be carried over to the next year. They have asked for approval to contribute those excess hours to two co-workers who have critical health problems. These two people have not yet exhausted their leave banks, but probably will before their ordeals are over.

After much discussion on this matter Commissioner Randy Johnson made a motion to allow the employees that requested, permission to donate their excess time to the employees in need. The time will be added to the sick banks of those in need after their banks have been exhausted. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

January 18, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

Attorney David Blackwell and Sheriff LaMar Guymon were out of town.

(1)

MILES MORETTI, DWR, QUARTER UPDATE AND PRESENTATION OF PILT CHECK.

Miles Moretti, Division of Wildlife Resources presented the Board of Commissioners with a check for \$2,700.00 as payment-in-lieu of taxes for the 5,400 acres of DWR land in Emery County.

(2)

JOHANSEN AND TUTTLE ENGINEERING, REVIEW OF SECTION CORNER SURVEYS.

Craig Johansen and Lee Swasey, Johansen and Tuttle Engineering provided a presentation and review of section corner surveys in Emery County. They requested funds to continue to do the surveys. The budget did not include any funds to work on this project in 2000. The Board of Commissioners suggested they get with Recorder, Dixie Swasey and GIS, Department Head Lee Rasmussen to put together a proposal package to submit for application to receive state funds for this project.

(3)

CITIZEN CONCERNS

Rue Ware related concern for Travel Bureau and the possibility of disbanding the council. Commissioner Hatch reported that there are a few things that are being considered and that he will be meeting with the board on the 24<sup>th</sup> of this month at which time they will discuss the details and have the board make recommendations for what to do regarding the administrator of the Bureau.

Jim Fauver requested permission to allow employees to purchase computers through our current provider. Employees would be responsible for paying up-front for the computers. Employees

would also be responsible for paying the state sales tax. Jim Fauver asked to get with Bruce Funk to draft a letter to employees outlining cost and purchasing procedures. After discussion on this issue Commissioner Randy Johnson made a motion to allow employees to purchase computers based on the content of the letter drafted by Jim Fauver and Bruce Funk. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

APPROVAL OF BUSINESS LICENSE

Clerk/Auditor, Bruce Funk presented a business license application from Brent Yorga DBA: Castle Valley Windshield Repair. Commissioner Randy Johnson made a motion to approve the business license for Brent Yorga DBA: Castle Valley Windshield Repair. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

CONSIDERATION AND APPROVAL OF RESOLUTION DESIGNATING COUNTY REPRESENTATIVE FOR FEDERAL SURPLUS PROPERTY PURCHASING.

Rex Funk was not able to attend the meeting. Carol Ware presented for consideration and approval a resolution designating LaMar Guymon as Emery County representative and others authorized as listed to purchase federal surplus property. The document requires signatures every two years and is a standard form resolution. Commissioner Randy Johnson made a motion to approve representative LaMar Guymon and authorize others as listed on the resolution for purchasing federal surplus property. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

CONSIDERATION AND APPROVAL OF MULTI-COUNTY APPRAISAL TRUST AGREEMENT.

Jim Fauver, Assessor, presented for consideration and approval the Multi-County Appraisal Trust Agreement between Utah Association of Counties and Emery County. The purpose of the agreement is to retain the services of Eckhardt Prawitt who is highly skilled in the valuation of centrally assessed properties. The agreement contains language that specifically describes the duties to be performed by the valuation analyst. Mr. Fauver pointed out that Mr. Prawitt will not be working on the Pacificorp appeal litigation. Commissioner Ira Hatch made a motion to approve the Multi-County Appraisal Trust Agreement. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

RATIFY DECISION TO PROCEED WITH PACIFICORP INDEPENDENT APPRAISAL.

Commission Meeting Minutes  
January 18, 2000

In the Commission Meeting dated January 4, 2000 the Board of Commissioners took action to have Bill Peters continue as council authorizing Dennis DeGeer as independent appraiser for pending Pacificorp litigation. Commissioner Ira Hatch made a motion to ratify the action taken January 4, 2000 to authorize Bill Peters to proceed as independent appraiser for pending Pacificorp litigation. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(8)

RATIFY APPROVAL OF PCIFB LIST FOR EMERY COUNTY.

In the January 4, 2000 meeting the Board of Commissioners took action to approve the PCIFB priority list as it needed to be sent in to meet the deadline. At this time Commissioner Randy Johnson made a motion to ratify the action taken on January 4, 2000 approving the PCIFB priority list for Emery County. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

RATIFY APPROVAL OF MOTORIZED VEHICLE GRANT.

Commissioner Randy Johnson made a motion to table this item for now. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

DISCUSSION OF CURB/GUTTER PROJECT ON A SECTION OF SR29 AND APPROVAL OF AGREEMENT.

The Board of Commissioners decided to defer this item to another meeting as Rex Funk was not able to attend the meeting to discuss the project.

(11)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List #127024 through and including #127166 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
--------------------	--------------------	---------------	---------------

8-00	Light Bar/Sheriff	\$757.90	Approved
------	-------------------	----------	----------

There were no dispositions.

Mr. Funk pointed out to the Board of Commissioners that the majority of the invoices on the Warrant Check Edit List were dated in December. He asked the Board of Commissioners to consider a purchasing deadline so that we are not paying for previous years' expenses in the current year. Mr. Funk also informed all in attendance that the mileage reimbursement rate is now \$.32.5.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List and Requisition for payment. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball reported on the Employee Assistance Program (EAP). When Emery County started to comply with the law and conduct drug and alcohol screens, we started with the EAP, which not only is set up to help an employee deal with drug and alcohol dependency, but incorporates help with a number of other of life's challenges.

Our EAP company, Ceridian Performance Partners, has been associated with CBSA which is the reason it appeared to be a good deal. For any consultation or hospitalization, CBSA could interact with the EAP and in that way the EAP would know that our benefits are. It seems a good way to avoid abusing the benefit. However, she received notification from Ceridian that as of April 1, 2000, it has decided it will no longer provide the EAP program through CBSA. Currently, we pay \$2 per employee per month; \$24 per year per employee or an annual group cost of approximately \$2,900 which is charged to us as one of the fixed costs on the health insurance. Under the new arrangement, Ceridian offers three levels of service: \$22.80 per employee per year, \$26.28 per employee per year, and \$29.85 per employee per year.

The increased cost might be worth it if the employees used the service, but they don't. In 1999 we had two people use it and that was no more than just a "hit". One employee felt it was a waste of time.

Mrs. Snowball called DFW Enterprises, our consultants for our drug and alcohol testing program, and they say the county is not required to provide a service for an employee who tests positive, that the employee must receive consultation but must do so on their own. They say our own Four Corners Mental Health could probably do the job.

Commission Meeting Minutes  
January 18, 2000

Emery County needs to decide whether or not to provide the service.

It was the consensus of the Board of Commissioners to not provide the service.

(13)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Randy Johnson made a motion to approve the minutes dated January 4, 2000 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

COMMISSION REPORTS

**Commissioner Johnson**

Commissioner Johnson was contacted by Bob Greenberg at Four Corners Mental Health who indicated they have a van they are retiring this year and were wondering if the county could use it. The Commissioners discussed the advantages of having a larger capacity van available for Extension for transporting the 4-H groups as well as other departments who need to transport larger numbers of people. Commissioner Johnson will contact Mr. Greenberg and let him know that Emery County is very interested in the van.

The Legislature passed a new law requiring the County Commissioners to review the audit report of Four Corners Mental Health and sign a statement stating they have done so. The audit report will be reviewed by Senior Deputy Clerk/Auditor Brenda Dugmore who will make a recommendation to the Board of Commissioners.

**Commissioner Petersen**

Commissioner Petersen reported on the status of the road repairs on Molen Seep Wash requested by Jess Nelson during the last Commission Meeting. Rex Funk worked with the BLM and DWR to get the road somewhat repaired for now. Commissioner Petersen thanked Mr. Funk and the Road Department.

MINUTES OF THE SPECIAL MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE  
January 24, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Sheriff LaMar Guymon, Clerk/Auditor, Bruce Funk, Senior Deputy Clerk/Auditor Brenda Dugmore, Economic Development Director Rosann Fillmore, Emery County Chamber of Commerce President Linda Jewkes, Emery County Travel Bureau board members: JoAnn Ekker, Valerie Newland, Norma Jean Hawkinson, Rue Ware and Deputy Clerk/Auditor Carol Cox.

The purpose of the meeting was to discuss the future direction of the Emery County Travel Bureau.

Commission Chairman Kent Petersen opened the meeting for discussion.

Commissioner Ira Hatch provided a brief history of the creation of the travel bureau. He further added comments regarding the history of the annexation bill before the legislature. Some felt that the bill will pass, still others felt it would not pass as there are several counties with towns bordering other counties as Green River borders Emery and Grand Counties. If the bill passes, Emery County would receive significantly more in Transient Room Tax. The annexation would still have to go on the ballot in November which means there would be no appreciable value this year. There had been various proposals suggested for what to do with the bureau. At that point the commission asked for proposals from the travel bureau.

There are several board members whose terms are up in January, Commissioner Hatch suggested extending the board members terms until a decision was made.

Rue Ware presented a proposal which was originally submitted by the bureau to the Commission in September 1999. Their proposal was that the Transient Room Tax funds could be mingled with other funds making a budget large enough to allow the hiring of a full time person with the assignment to co-ordinate all aspects of tourism and related activities. This would include, but not be limited to, the promotion, monitoring, managing, scheduling and supervising of all tourism, related activities and events within Emery County. They viewed this Director/Co-ordinator as an all inclusive position, with various Boards left intact as currently organized. Part time assistants would be effective in some areas but would remain under the supervision of the Director/Co-ordinator. Scheduling, advertising and promoting of all community and school events could receive assistance through the D/C. With the numerous committees and programs throughout the valley the co-ordination of events, and advertising would greatly improve the relationships of all citizens involved.

Sheriff Guymon expressed his desire to have one co-ordinator for the whole county based in a central location. He felt the council needed to be disbanded and re-established as the

Commission sees fit. That the focus needs to be on travel and not just recreation. That a good use of funds would be to educate those individuals who will be responsible for co-ordinating the promotion of travel in Emery County as well as the communities. He also expressed the need to stay involved with Castle County Travel Council.

JoAnn Ekker, Travel Bureau Co-Ordinator, provided statistics indicating daily counts from the various museums in Carbon and Emery County. She would like to see the bureau stay active but would like to have the ability to do more, similar to what Kathy Hanna does with Castle County Travel Council.

Linda Jewkes, Emery County Chamber of Commerce expressed a need for a new brochure. We have nothing promoting Emery County at this time. The brochure being used now is a collaboration with Castle Country Travel Council that promotes Castle Country.

Commissioner Petersen stressed the need for a new brochure also. The 2000 budget includes \$12,000.00 for brochures.

Commissioner Johnson said he sees this whole thing a little differently. There are various other committees which supplement the efforts of the Travel Bureau. They should have representatives attending the Travel Bureau meetings, instead the Travel Bureau Co-Ordinator attends the meetings of these other committees.

Rue Ware indicated it was the Travel Bureau's hope that the outcome of this meeting would be to get a co-ordinator to do the whole thing. They requested to bring this issue to a head and make a decision.

Commissioner Kent Petersen thanked everyone for coming. The Board of Commissioners will take all the information received this day and make a decision.

Commissioner Ira Hatch made a motion to adjourn the meeting. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director, Pat Snowball presented the following personnel action:

Justice Court

Kristie Morgan has submitted her resignation effective February 18, 2000. Approval is requested to recruit for replacement at 4A \$7.81/hr. This is a regular full-time position eligible for benefits.

Commissioner Ira Hatch made a motion to approve beginning the recruitment process for a replacement in Justice Court as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Library

Interviews for the Emery Library Assistant Librarian were conducted Monday, January 31, 2000 at the Emery Library. From the four applicants interviewed, it is recommended that Misti Christiansen be hired part time, 10 hours per week, no benefits at \$7.81/hr., effective February 2, 2000. Commissioner Ira Hatch made a motion to approve hiring Misti Christiansen as Emery Assistant Librarian as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Extension

Extension Office request approval to appoint Cassie Jones to work up to 90 days while Linda Nelson is on medical leave. Her wage would be \$7.00/hr. Commissioner Ira Hatch made a motion to approve the up to 90 day temporary appointment for Cassie Jones in the Extension Office. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Recreational Activities

The following are activities that Shannon Hiatt, Emery County Recreation Special Service District has advised me have received the support of the Recreation Board and are sanctioned by the Emery County Fair. Because they are affiliated with the Fair they are eligible for coverage under the county's liability package:

Green River Trail Ride, April 14, 15 and 16  
Southeastern OHV Club-Poker Ride, April 8

Commission Meeting Minutes  
February 1, 2000

Rodeo, July 27, 28, 29  
San Rafael Swell Mountain Bike Festival, May 19, 20 and 21  
Friendship Cruise, May 25-29

Commissioner Ira Hatch made a motion to approve the list of activities be covered under the county's liability. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

#### Other Business

Pat Snowball extended an invitation to all departments to consider attending UACIM Personnel workshop, May 11 and 12, at Ruby's Inn, Bryce Canyon. The agenda will cover the Fair Labor Standards Act, Family Leave, Title VII Harassment, and Equal Employment Opportunity Commission guidelines.

Ms. Snowball also requested an Annual Training Day for sometime in May. The training would cover defensive driving with specific attention to backing procedure, advising employees with regard to the Risk Management-Accident Review Committee and its function, annual drug-free workplace training, and becoming familiar with UACIM's auto liability policy on DUI.

Commissioner Ira Hatch made a motion to move ahead with the planning for an Annual Training Day and to work with department heads to come up with the best date for everyone. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(3)

#### ROSANN FILLMORE, UPDATE ON I-70 INTERPRETIVE PANELS PROJECT.

Rosann Fillmore, Economic Development provided an update on their recently submitted proposal to UDOT for interpretive panels on I-70. They will not hear anything more until April or May regarding approval or denial of the project. The total cost of the project is \$137,618.00. They are asking UDOT to provide \$110,000.00. The local match would be \$27,524 which is \$24,481 in soft match and \$3,043 in a hard match. A project cost breakdown was provided. There would be six months of scope meetings, concept meetings, design studies, construction cost reviews, etc. Most of this would not even start until 2001. The project's completion is projected for June 2002. They have letters of support from several agencies. Rosann expressed that this project may be a long shot because only a few interpretive enhancements are approved for T-21 funds; they are mostly used for trail building.

(4)

JOHN SEHESTEDT- COMMUNITY DEVELOPMENT INITIATIVE (CDI)  
PRESENTATION/PROPOSAL.

John Sehestedt requested consideration to receive any outdated computers that may be dispositioned and replaced by the county. The community development initiative is a group of citizens in a project effort to provide peer tutoring for elementary and Jr. High students in Ferron. The program rewards the students at the end of their tutoring sessions with a computer for use in the home of those who are not able to afford them. The Board of Commissioners asked Jim Fauver to look at any computers he would have left after new ones have been installed and get with John if he has any that could be used for this purpose.

(5)

SUZANNE LARSEN-REQUEST COUNTY CONSIDERATION TO PURCHASE LAND  
ADJOINING NURSING HOME.

The Board of Commissioners referred this matter to the Municipal Building Authority of Emery County.

(6)

MACK HUNTINGTON-PLANNING AND ZONING, NOTIFICATION OF VACANCY ON  
THIS BOARD.

The Board of Commissioners received a letter from Mack Huntington, Planning Commission Chairman informing them that they have two board members whose terms have expired. Judy Ann Scott and Merrill Duncan have both expressed their willingness to continue service. The Planning Commission recommended they be appointed for another term. The Board of Commissioners agreed that in light of recent discussions regarding advertising for positions on various boards, that it would be best to advertise for new board members. Commissioner Ira Hatch made a motion to advertise for positions on the Planning & Zoning Board and then in conjunction with the recommendation from the Planning Commission make that appointment. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

RANDALL STILSON-DISCUSSION OF DISPOSAL OF TIRES AT LANDFILL.

Randall Stilson, Landfill Operator came representing Orangeville City came before the Board of Commissioners to express his concern regarding tire disposal at the landfill. His concern centered on the cost of disposing of tires and the fees that are being charged to the consumer at the time they purchase tires. The fees that are collected are sent to the state and were originally designed to assist in the disposal of used tires. At this time that program is no longer functioning

and the landfills are strapped with the cost of disposal. Mr. Stilson requested the Commissioners consider imposing a tire disposal fee at the landfill. At this time tire disposal stations in the state are scarce and expensive. Bill Howell has been working with Senator Dmitrich to introduce a new bill to recoup the cost of tire disposal.

(8)

TRACY JEFFS, PUBLIC LANDS, REQUEST COMMISSION SUPPORT OF SAN RAFAEL LEGACY.

Val Payne, Public Lands, requested formal support from Emery County for the efforts to pursue the San Rafael Western Legacy District and National Conservation Area Legislation. Members of the land council have been presenting this option to the public in the county requesting help in making a decision whether or not to pursue legislation similar to what was pursued back in 1998, that being to establish a Western Legacy District and National Conservation Area here in Emery County to address lands and people concerns. The response from the public has been essentially unanimous support in that they recommended the public land's council pursue this legislation rather than take a wait and see posture. Now we are here formally requesting the Emery County Commission to consider supporting the public land's council in pursuing that legislation. Commissioner Ira Hatch made a motion to go on record as supporting the sponsorship of the San Rafael Western Legacy District and National Conservation Area Legislation. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(9)

CROCKETT DUMAS-FOREST SERVICE, QUARTERLY UPDATE.

Crockett Dumas, Forest Service provided a quarterly update. He reported on the Access Management, which is driven by private land owners and different land users. Val Payne and other members of Emery County Public Lands Council have provided leadership at the meetings. LaMar Guymon has been working with Bill Broadbear and looking at the law enforcement area of the access issue. Jay Mark Humphrey and the Emery Water Conservancy District head up the education efforts. Other areas of the access issue such as planning, roads and trails are being looked at as well. He applauded Emery, Sanpete and Carbon Counties for working together and moving out ahead in a positive way.

He reported on management in the forest and the efforts to work with communities regarding watersheds.

He answered questions regarding the demo fees that were imposed last summer. He reported that ninety percent of the money collected at the sites were put back into the services at the site. "Friends of the Manti" is still a functioning unit.

(10)

DICK MANUS, BLM, QUARTERLY UPDATE.

Dick Manus, BLM reported on quarterly activity in the county. Lila Canyon coal right-of-way is still under internal review. At this time they are looking at about twenty-five drilling applications from Texaco, nine from Chandler, about forty from River Gas, and about thirty from Anadarco plus many others. They are going to be busy for the next three years in processing these drilling applications. They held public meeting in Price and Moab dealing with the desegregation and withdrawal issue along the Colorado, Green and the Deloris River. The meetings were held to explain to the public that this is a two year moratorium on filing of any new locatable claims while they take a look at whether or not the area should be formally withdrawn from locatable mineral entry. Mostly, people who attended wanted to know what kind of an impact to the county this might have. Mr. Manus and LaMar Guymon have been working with the local OHV community with regard to some potential OHV funds through registration fees that are paid to the state. The funds would come in the form of a grant through matching funds from the various federal and county agencies. The funds would be used for manpower to patrol the areas of high OHV use.

(11)

CITIZENS CONCERN

Commissioner Petersen discussed requests for maps from GIS. Should we be charging for these maps? There was discussion on what the maps should include. Questions were raised about the information contained on the maps. Val Payne expressed concern for pointing out RS2477 roads as they do not necessarily represent access to that area. Pointing out other areas such as Wilderness Study Areas and D Roads may create some concern because they may not represent definite use. Val also pointed out problems associated with halting the efforts of the Access Management issues. The Access Management team is in the process of putting such a map together and Val asked that they carefully look at what they provide to the public on maps produced by the county. It was decided to produce maps which show B Roads, highlighting significant land marks and pointing out Wilderness Study Areas (WSA's) with notation indicating that these areas are WSA's and have travel restrictions, see the BLM within these areas. Commissioner Ira Hatch made a motion to set up the process to produce maps as discussed. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(12)

CONSIDERATION AND APPROVAL OF A RESOLUTION AUTHORIZING THE  
ISSUANCE AND SALE OF EMERY COUNTY, UT TAX AND REVENUE ANTICIPATION

NOTES IN THE AGGREGATE PRINCIPAL AMOUNT OF \$1,800,000; AWARDING AND CONFIRMING SALE OF THE NOTES, AND ENTERING INTO CERTAIN COVENANTS AND MAKING CERTAIN REPRESENTATIONS IN CONNECTION THEREWITH; APPROVING THE FORM OF THE NOTES; AND RELATED MATTERS.

Attorney David Blackwell has read through the documents and recommended approval. Commissioner Ira Hatch made a motion to authorize the issuance and sale of Emery County Tax and Revenue Anticipation Notes in the aggregate principal amount of \$1,800,000.00. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(13)

CONSIDERATION AND APPROVAL OF CERTIFICATION OF DIVISION OF MENTAL HEALTH AUDIT REVIEW.

The Board of Commissioners asked Senior Deputy Clerk/Auditor Brenda Dugmore to read through the audit and make a recommendation. She has looked the audit over and recommended signing the audit report. Commissioner Ira Hatch made a motion to sign the Audit report for the Division of Mental Health. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(14)

CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.

Clerk/Auditor, Bruce Funk presented a business license application from Gaylene Conder DBA: Vital-Ex. The application has been reviewed and signed by Planning & Zoning Administrator, Bryant Anderson. Commissioner Ira Hatch made a motion to approve the business license for Gaylene Conder. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(15)

ROAD DEPARTMENT

A. Request to purchase weed mower.

Rex Funk requested permission to seek the best price for a new weed mower. The current one is thirteen years old and breaks down on a regular basis. It has been rebuilt several times. It is time to get a new one. Commissioner Ira Hatch made a motion to authorize Steve Kemple to make a trip to Oregon to review the available equipment. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

B. Discussion of process for abandoning roads.

Rex Funk explained that the policy for abandoning roads must go through a formal process even though we may have not been maintaining those roads. He asked for authorization to identify those roads and begin the formal process for abandoning them. Commissioner Ira Hatch made a motion to allow Rex Funk to identify the roads and begin the formal process for abandoning them. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

C. Discussion of snow removal policy.

Rex Funk expressed a need to address overtime and the need to evaluate the level of need in regards to call out for snow removal. He invited the Sheriff's input on the matter. Sheriff Guymon indicated that when a request is made for a specific area to have snow removal, he could dispatch a deputy to evaluate the need and alert the road department to the level of need.

D. Ratify decision to go ahead with the curb/gutter project on SR 29.

Rex Funk provided the Commission with a copy of the estimates for the SR-29 Curb, Gutter & Driveway Project as requested. Commissioner Ira Hatch made a authorize Rex Funk to go ahead with the project. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(16)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Ira Hatch made a motion to approve the minutes dated January 18, 2000 as corrected. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Commissioner Ira Hatch made a motion to approve the minutes dated January 24, 2000 as corrected. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(17)

COMMISSIONER REPORTS

9

Commission Meeting Minutes  
February 1, 2000

Commissioner Petersen reported on the status of the Green River bill currently in Committee. It could be killed before it even gets to the Senate. If it does not pass we will have to wait until next year to try it again.

(18)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

An executive session was not necessary at this time.

(19)

ADJOURNMENT

Commissioner Ira Hatch made a motion to adjourn the meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE EMERY COUNTY COMMISSIONERS  
HELD AT THE EMERY COUNTY COURTHOUSE

February 15, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)  
CONSIDERATION AND APPROVAL OF AGREEMENT WITH UTAH DIVISION OF  
PARKS AND RECREATION UTAH MOTORIZED TRAIL MATCHING FUND PROGRAM.

Commissioner Randy Johnson made a motion to approve and sign the agreement with Utah Division of Parks and Recreation Utah Motorized Trail Match Fund Program. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(2)  
CONSIDERATION AND ADOPTION OF A RESOLUTION AUTHORIZING THE  
ISSUANCE AND CONFIRMING THE SALE OF \$1,000,000. GENERAL OBLIGATION  
PUBLIC PURPOSE BONDS, SERIES 2000-A OF CASTLE VALLEY SPECIAL SERVICE  
DISTRICT, EMERY COUNTY, UTAH AND RELATED MATTERS.

Kent Michie, Zions Public Finance and Darrell Leamaster, Castle Valley Special Service District came before the Board of Commissioners for consideration and adoption of Resolution 2-15-00 authorizing the issuance and confirming the sale of \$1,000,000.00 General Obligation Public Purpose Bonds, Series 2000-A. The bond is a voter-approved bond at three percent interest for five years. Commissioner Ira Hatch made a motion to approve Resolution 2-15-00 authorizing the issuance and confirming the sale of \$1,000,000.00 General Obligation Public Purpose Bonds, Series 2000-A for Castle Valley Special Service District. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(3)

CONSIDERATION AND APPROVAL OF AMENDMENTS TO ARTICLE XI OF THE EMERY COUNTY ZONING ORDINANCE.

Mack Huntington, Planning Commission Chairman requested a public hearing to review and receive public comment on amendments to Article XI of the Emery County Zoning Ordinance. Commissioner Randy Johnson made a motion to set a Public Hearing for 5:30 P.M., March 7, 2000 to review and receive public comment on amendments to Article XI of the Emery County Zoning Ordinance. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

CITIZENS CONCERNS

Sheriff Guymon, Kathy Jensen and Brett Mills presented a proposal to replace the copier/printer at the Sheriff's Office. The request was for a color digital printer/copier at an approximate cost of \$15,695.00. Doug Weaver, Customer Service Representative from Xerox was present to explain the difference between light lens and digital printer/copiers. The Sheriff Department's budget did not allow for a purchase this large. In order to make this purchase, the Sheriff's Office would have to over spend their budget. Commissioner Randy Johnson expressed that he was not ready to say ok to overspending the budget but suggested the Sheriff look at creative ways to make the copier/printer purchase and possibly look at lease options.

Sheriff Guymon asked for clarification on roads open for off road ATV use. Orangeville City has opened certain roads for ATV use and the Sheriff's Department needs clarification as to what is open and what is closed in order to enforce the law. The Sheriff was referred to County Attorney David Blackwell.

Brett Mills, Communications reported on a situation at the communications tower on Horn Mountain. As a result of Airtouch buying out CommNet Cellular, their engineers have been checking out the equipment at the tower. The engineers found that the face needs to be weighted down. They have suggested digging out the loose dirt and rock around the base then forming it up with a cement base. Brett will keep the Commission informed.

Commissioner Johnson relayed that he received a call from Talon Resources regarding their request for power line connection on Buzzard Bench for Texaco. They will set up a meeting with Texaco, the power company and Emery County asked to have Brett Mills, Communications Specialist be involved in the discussions.

(5)

CONSIDERATION AND APPROVAL OF AGREEMENT WITH FOREST SERVICE FOR

ROAD MAINTENANCE.

The wording of the Schedule A Agreement with the Forest Service for Road Maintenance was not as discussed, therefore, Commissioner Ira Hatch made a motion to return the agreement to the Forest Service. All three Commissioners will meet with the Forest Service to talk about some of the wording. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(6)

RATIFY DECISION TO PROCEED WITH CURB/GUTTER PROJECT ON SR29.

In the February 1, 2000 Commission Meeting, Rex Funk was authorized to go ahead with a project to construct curb, gutter and driveway on SR-29 in front of the Emery County Road Department with adjoining businesses wishing to receive the same and paying their portion of the cost. Commissioner Ira Hatch made a motion to ratify the decision made in last Commission Meeting to move forward with the project for Curb, Gutter and Driveway construction on SR-29 in front of the Emery County Road Department with adjoining businesses paying their portion of the estimated cost. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

(8)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel action:

Sheriff's Department

David Harrison resigned effective February 11, 2000. Approval was requested to hire from the current roster for the position of Dispatch 10A \$10.46/hr. This is an entry level position for the Sheriff's Office. Commissioner Randy Johnson made a motion to approve the request to hire from the current roster for the position of dispatch as specified. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

The position of GIS/Computer Technician was discussed. It was decided to get together next week with everyone concerned to discuss the county's computer needs.

(9)

OTHER BUSINESS

Clerk/Auditor requested direction regarding Emery County owned property in Green River for which Emery County has been paying water service. Mr. Funk wondered if Emery County wanted to discontinue the \$30.00 a year water service since the property was not being utilized for anything. Keeping the water service at the property would allow the county a better chance of selling the property, therefore Commissioner Randy Johnson made a motion to continue to pay the water service and begin procedures to sell the property. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

APPROVAL OF COMMISSION MEETING MINUTES

COMMISSION REPORTS

*Commissioner Johnson*

Commissioner Johnson reported on his latest trip to Washington D.C.. The Heritage Bill has been filed. The delegate members were very supportive of the bill, especially Senator Bob Bennett. Both Senator Bennett and Senator Hatch felt good about the way it was going.

*Commissioner Hatch*

Commissioner Hatch and Commissioner Petersen attended the Legislature meetings last week where the mineral lease bill was discussed. The Green River bill has passed through the house to the senate and is now back to the house to accept amendments. The sponsor of the bill Representative Brad Johnson is willing to accept the proposed amendments and is working on a resolution to get this on the ballot this year. The bill is not as straight forward as they want but is making some headway.

Senate Representative Mike Dmitrich is still championing the cause for the tire removal cost bill. This bill would raise the amount collected by the dealer for tire removal, which is sent to the state and make it available for city and county landfills to offset the cost of tire removal.

(11)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

Commissioner Randy Johnson made a motion to adjourn to an executive session to discuss possible litigation and personnel matters.

(12)

ADJOURNMENT

Upon returning to regular Commission Meeting Commissioner Ira Hatch made a motion to adjourn the meeting. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(2)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Pat Snowball, Personnel Director presented the following personnel action:

Justice Court

Interviews were conducted by Judge Truman, Melany Viers, Commissioner Hatch and Pat Snowball on Friday, March 3, 2000 for the position of Deputy Justice Court Clerk.

Judge Truman has selected Tammy Bently. She would be a regular full time employee with benefits at 4A \$7.81/hr., effective Thursday, March 23, 2000. Commissioner Ira Hatch made a motion to approve hiring Tammy Bently as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

GIS

Request was made to recruit for the position of GIS Technician, regular full time with benefits at grade 11 entry at \$10.13/hr. Commissioner Randy Johnson made a motion to approve the request to begin recruitment for the position of GIS Technician as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Data Processing Department

Request was made to recruit for the position of Network Services Specialist, regular full time with benefits at a salary to be negotiated based on knowledge and experience. Commissioner Ira Hatch made a motion to approve recruitment for a Network Services Specialist as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Sheriff

Request was made to hire Casey Alton as Dispatcher grade 10 step 1 \$10.46/hr., regular full time with benefits. This fills a vacancy created when David Harrison resigned. Commissioner Randy Johnson made a motion to approve hiring Casey Alton as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Paul Simmons has become certified as a correctional officer as well as successfully completing his six-month orientation period. Request was made to give Paul the progressive increase as outlined in the policy from dispatcher grade 10 step A \$10.15/hr to corrections officer, grade 12 step A \$11.38/hr. This increase would be effective with the beginning of the next pay period. Commissioner Randy Johnson made a motion to approve the progressive increase as proposed for Paul Simmons. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(3)

MIKE MCCANDLES, EMERY TELCOM, QUARTERLY UPDATE.

Mike McCandless, Emery Telcom provided an informative quarterly update. He reported on their progress towards acquiring territory in Carbon County. Everything has been filed with the state public service commission. They are entering into the hearing process over the next two to two and half months. The process could take until fall. Emery Telcom is being received positively in Carbon County.

DEB DULL, UTAH POWER, QUARTERLY UPDATE.

Deb Dull, Utah Power, provided an informative quarterly update. Deb is the customer business manager, replacing Tom Alexander, who retired in December. Deb lives in Lawrence and is based in the Price office. Deb has been with Utah Power for twenty-three years. She introduced her supervisor, Director of Customer and Community Service for the State of Utah, Michelle Collette. Michelle and Deb introduced the company's new customer service initiative. The merger with Scottish Power was completed in November, 1999. Scottish Power is committed to improving customer service backing that commitment with a guarantee. They are looking at ways to cut costs while improving service and reliability.

EMERY HIGH RODEO TEAM REQUEST FOR SPONSORSHIP.

Will Payne, Emery High School Rodeo, presented a request for sponsorship of Emery High Rodeo Team. Last year Emery County was a Diamond Sponsor. Attorney David Blackwell has checked to see if this falls in line with the Doug Shorts decision which outlines appropriate county government donations. Mr. Blackwell indicated this type of donation does qualify. Commissioner Randy Johnson made a motion to continue to be a Diamond Sponsor with a donation of \$250.00 to the Emery High School Rodeo. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

B&L CABLE COMMUNICATIONS, INC., REQUEST FRANCHISE FOR EMERY COUNTY BE TRANSFERRED TO MALLARD CABLEVISION.

On February 17, 1998 the Emery County Commission granted to B & L Cable Communications, Inc. a franchise to construct, maintain and operate a cable television system within and through Emery County. Alan Sharp, B & L Cable Communications, Inc. requested consent to transfer the franchise to Mallard Cablevision, L.L.C., A Delaware Limited Liability Company. Attorney David Blackwell agreed with the content of the document with exception to some wording changes. Commissioner Randy Johnson made a motion to approve **Resolution 3-7-00C** consenting to the assignment of the cable television franchise from B & L Cable Communications, Inc. to Mallard Cablevision L.L.C. upon approval of County Attorney. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

COMMUNITY THEATER REQUEST DONATION FOR COMMUNITY PLAY.

Commissioner Randy Johnson made a motion to donate \$200.00 to the Community Theater after

5:30 P.M.- PUBLIC HEARING- To receive public comment regarding proposed amendment to Article XI of the Emery County Zoning Ordinance.

Mack Huntington, Planning Commission Chairman explained the purpose of the public hearing was to receive public comment regarding proposed minor changes to Article XI of the Emery County Zoning Ordinance. The sections and subsections proposed amendments deal with level two (2) permits, level three (3) permits, procedures for fees and costs, application and preliminary (planning staff) review.

Commission Chairman Kent Petersen opened the public hearing for comment.

Comments and questions were taken into consideration. There were questions regarding level three permits and the difference between level two and level three permits. Another question dealt with procedures and assessing fees. Wording of the document regarding level three permits and the appeals process was discussed.

Commission Chairman Kent Petersen closed the public hearing.

(12)

CONSIDERATION AND APPROVAL OF AMENDMENTS TO ARTICLE XI OF THE

EMERY COUNTY ZONING ORDINANCE.

Commissioner Randy Johnson made a motion to approve **Ordinance 3-4-00** amending the Emery County Zoning Ordinance. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

CONSIDERATION AND APPROVAL OF RESOLUTION SETTING ZONING FEES.

The Emery County Zoning Ordinance provides that applicants for conditional use permits shall pay fees “determined by reference to a fee schedule which shall be adopted, and amended from time to time, by resolution of the county-wide Planning Commission and approval by the Emery County Commission”. This matter has been considered by the county-wide Planning Commission and a schedule entitled Conditional Use Permit Fee Schedule has been prepared and is ready for consideration and approval of the Emery County Commission. The schedule is based upon the costs to Emery County incurred in the process of reviewing applications and creating and maintaining records. The proposed schedule shall not prevent Emery County from assessing additional costs for review as may be required under Subsection 11-4-1-2 of the Emery County Zoning Ordinance. Commissioner Randy Johnson made a motion to approve **Resolution 3-4-00A** adopting a fee schedule for conditional use permits. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

ACCEPTANCE OF VOLUNTEER ACTION FORMS TO BE SUBMITTED TO THE PLANNING/ZONING COMMISSION.

The Emery County Board of Commissioners place notice in the Emery County Progress to the citizens of Emery County that there were two (2) vacancies on the board of the County-wide Planning/Zoning Commission. The Board of Commissioners would be considering appointment/reappointment to this board. Any county resident interested in serving on this board could obtain a form at the Clerk/Auditor’s Office during regular business hours. The forms were to be returned to the Clerk/Auditor’s office by February 22, 2000. The Clerk/Auditor’s office received applications from Judy Ann Scott, Gayland Dugmore and Sam Rawson. Planning Commission Chairman, Mack Huntington stated he received an application from Merrill Duncan. The applications were given to the Planning Commission for their consideration.

(15)

CONSIDERATION AND APPROVAL OF TAX ADJUSTMENT.

Treasurer, JoAnn Behling requested a Commission adjustment in the amount of \$.92 (ninety-two cents) to complete a transaction for James Schwarz. Commissioner Ira Hatch made a motion to approve the tax adjustment. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(16)

CONSIDERATION AND APPROVAL OF PAYMENT OF INDEPENDENT CONTRACTORS.

Senior Deputy Clerk/Auditor, Brenda Dugmore explained that Emery County has several people who are under contract. The departments who are to pay the contractors do not always get their claims in on a timely basis. The Clerk/Auditor's Office requested permission to generate checks for the contracted work on the last check run of each month. Commissioner Ira Hatch made a motion to allow the Clerk/Auditor's Office to generate checks on the last check run of the month for independent contractors. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(17)

DISCUSSION AND APPROVAL OF ECONOMIC DEVELOPMENT COUNCIL NAMES.

As a result to a change in the Economic Development by-laws, the council must now submit names for appointment to their board to the Board of Commissioners for consideration. Rosann Fillmore Economic Development Director requested consideration for the following individuals: Delynn Fielding, Deb Dull, Commissioner Kent Petersen, Delena Fish, Kirk Sitterud, John Healy, Dennis Worwood, Sharon Earl, Linda Jewkes, Art Olsen, Byrd Gordon, La Rae Majors, Carol Pilling, Tom Rasmussen, Glade Westwood, Michael McCandless, Ken Nielson, Dennis Rigby, Nick Tatton, Christine Jensen, Carey Bloomer, Roger Scovill. These individuals would serve for one year. Commissioner Randy Johnson made a motion to appoint the individuals listed to the Economic Development Council as recommended by the Economic Development Council board. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(18)

DISCUSSION OF PUBLIC SAFETY OFFICER TO PATROL OHV USE ON PUBLIC LANDS.

Sheriff LaMar Guymon entered into discussion with the Board of Commissioners regarding a combination of law enforcement and cooperation with the Bureau of Land Management, Forest Service, Parks & Recreation and State OHV. The proposal would put a full time officer on

patrol on the forest and desert to enforce the laws and ordinances. They discussed the available funding from the state in the form of a grant to run the program for two years. The available funding after two years was questioned. They discussed seeking a commitment from the BLM and Forest Service for funding. Emery County currently has a cooperative Law Enforcement Agreement with the Forest Service to provide law enforcement on the forest. Combining the current law enforcement agreement with state grant funds was discussed. Everyone agreed with the concept of having some cooperation with other entities to enforce laws and ordinances, however, funding the program still needs to be worked out. Discussion was closed.

(19)

#### DISCUSSION OF ATV USE ON COUNTY ROADS

Sheriff Guymon requested clarification on which county roads are identified for ATV use. Commissioner Johnson stated this is a public safety issue not a use issue. The individual cities are identifying the roads within their city boundaries, marking the identified roads with signs that are approved for OHV travel. After much discussion on this issue it was decided to have the newly created Access Management Team take a look at identifying county roads for ATV use.

(20)

#### CONSIDERATION & APPROVAL OF AFFORDABLE HOUSING PLAN FOR EMERY COUNTY

Utah Code 17-27-307 requires counties to develop an Affordable Housing Plan. Emery County supports the concept of affordable housing for all residents and perceives its role in supporting affordable housing as including: Enabling the provision of at least enough equitable housing and affordable housing to accommodate Emery County's indigenous low-to-moderate income population. Review existing ordinances, as opportunity or need arises, eliminating inappropriate or excessive requirements that may pose barriers to affordable housing within the county. Avoid new regulations or ordinances that inappropriately or excessively burden prospective new homeowners or homebuilders. Utilize to the fullest extent possible available federal and state-funded housing rehabilitation and replacement programs, including the Community Development Block Grant and HOME programs operated under the Southeastern Utah Association of Local Governments.

The Commission will adopt amendments to its General plan only after they have been reviewed for any possible barriers to equitable and affordable housing that they may create.

As time and opportunity arise, the Commission will review its General Plan for regulations affecting construction, annexation or subdivision which may give rise to inappropriate barriers to equitable and affordable housing. Appropriate adjustments will be made as necessary, but at all times such adjustments in ordinance structure shall: Consider the financial capability of the

County. Consider the infrastructural implications; e.g., capacities, demands, location and costs of all proposed new construction or reconstruction and, consider the implications of new construction or reconstruction on utility rates and tax assessment levels of existing residents.

Commissioner Kent Petersen stated that in order to continue to receive funds from Community Impact Board this Affordable Housing Plan must be a part of the County's General Plan.

Commissioner Randy Johnson made a motion to approve **Resolution 3-07-00B** establishing an Affordable Housing Plan for Emery County. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(21)

CONSIDERATION & APPROVAL OF BUSINESS LICENSE

Deputy Clerk/Auditor, Carol Cox presented business applications from Will Robertson, DBA: Robertson Aviation and Brydi Griffin, DBA: Brydi's Groom for approval. The business licenses had been reviewed and signed by Planning & Zoning Administrator, Bryant Anderson. Commissioner Ira Hatch made a motion to approve business licenses for Will Robertson and Brydi Griffin. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(22)

CONSIDERATION & APPROVAL OF AGREEMENT WITH THE ASSISTANT TO THE SAFE COMMUNITIES COORDINATOR

Commissioner Randy Johnson made a motion to continue the services of Judy Lang as Assistant to the Safe Communities Coordinator, Martin Wilson, sponsored by the Emery County Sheriff's Office for the benefit of Emery County. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(23)

DISCUSSION & CONSIDERATION OF JOINING UAC/STATE OF UTAH IN RS2477 QUIET TITLE LAWSUIT

Commissioner Kent Petersen discussed UAC and State of Utah in RS2477 Quiet Title Lawsuit.

(24)

SETTING OF PUBLIC HEARING TO CONSIDER INCREASING ANIMAL SHELTER FEES

Commissioner Randy Johnson made a motion to set a Public Hearing for April 4, 2000 at 5:30 P.M. to receive public comment on animal shelter fees and proposed raise in those fees. The motion was seconded by Commissioner Ira Hatch and approved by all members present. The Clerk/Auditor's office will be responsible for advertising in the Emery County Progress.

(25)

CONSIDERATION & APPROVAL FOR UNIFORM ALLOWANCE PROGRAM

Road Supervisor, Rex Funk requested consideration and approval to increase the boot allowance from \$85 per year, per man to \$100 per year, per man and to place the shop crew (shop foreman and three mechanics) on the Uniform Allowance Program. The funding for this program would come from Class B Funds, allowing for \$1,000 to be deleted from line item 4415-2500-Equipment, Supplies and Maintenance and placed in the line item 4415-4500-Uniform Allowance. Commissioner Ira Hatch made a motion to approve of the increase in the boot allowance and placement of the shop foreman and three mechanics on the Uniform Allowance Program. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(26)

OPENING OF BIDS FOR WEED MOWER. CONSIDERATION & APPROVAL OF BID FOR WEED MOWER

Road Supervisor, Rex Funk was previously granted permission to seek bids for a 50" tractor mounted, self-propelled, mid mounted, hydraulically powered, a boom-type rotary mower. The Clerk/Auditor's office received sealed bids from three companies. The three bids are from: Deschutes Valley Equipment for \$67,850.00 which is used mower with low hours and includes a five year/five thousand hour warranty, Heritage Tractor, for \$72,702.00 (new), Honnen Equipment, for \$78,991.00 (new). Rex Funk requested permission to purchase the mower from Deshutes Valley Equipment. Steve Kemple, Road Department went to the company to look the mower over personally and also recommended purchasing the used mower. In order to speed up the process Rex Funk requested signing the requisition for the mower at this time. Commissioner Randy Johnson made a motion to sign the requisition and authorize the purchase of the mower from Deshutes Valley Equipment. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(27)

CONSIDERATION & APPROVAL OF PREVIOUS MEETING MINUTES

Commissioner Randy Johnson made a motion to approve the minutes dated February 15, 2000 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(28)

COMMISSIONER REPORTS

*Randy Johnson*

Commissioner Johnson reported on his trip to Washington, D.C. to testify before Congress in support of the Heritage Bill. He received many positive comments in support of the bill. Congressman Jim Hansen made the point that he has seen hundreds of pieces of legislation go past his committee over the years that he has been there and the Heritage Bill is the best piece of legislation he has seen.

*Kent Petersen*

Commissioner Petersen added that Washington, D.C. was an interesting experience. The Department of Interior's comments regarding the Heritage Bill were very positive.

The legislature is done and it looks like the Green River Bill has passed. Grand County is still not in favor of the bill.

Commissioner Johnson pointed out that in the process of passing this bill we agreed to four amendments that made the Utah Association of Counties comfortable with the passage of this bill. Grand County polled their council members and agreed that they would not oppose the passage of this bill with those four amendments in place.

Commissioner Petersen expressed that when we closer to the election we will need to do a good job of educating the citizens of Emery County as to what the bill will do. This is a way for the citizens of Green River to do something for their benefit. It will not be a big financial boon for Emery County, but it will be a benefit to the citizens of Green River. After a lot of discussion with the other people in Association of Counties there were comments that this will probably provide the means for few other places around the state to correct some inequities. Over all it is a good piece of legislation. It will not hurt Grand County all that much and will not help Emery County all that much, but it will help the people of Green Giver.

Commissioner Johnson pointed out that Emery County did not ram-rod this thing through. We spent a lot of time working with UAC to make the other counties comfortable with the bill.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

March 21, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

JEFF KELSEY, REGIONAL MANAGER, IBA, UPDATE ON HEALTH PLAN.

Jeff Kelsey, Regional Manager, provided an update on Emery County's health plan. The changes that Emery County implemented in July 1999 have been successful in bringing about claim savings. From the financial side things look positive.

(2)

DICK MANUS, BLM, OHV MANAGEMENT IN THE SAN RAFAEL WSA'S.

Dick Manus, BLM announced as noticed in the Federal Register dated March 21, 2000, the closure of public lands within the Muddy Creek, Sid's Mountain/Sid's Cabin, Devil's Canyon, Crack Canyon, San Rafael Reef, Horseshoe Canyon and Mexican Mountain Wilderness Study Areas located in the San Rafael Swell region of central Utah, to motorized vehicles. An emergency closure order was necessary due to OHV-caused damage to soils, vegetation and other resources which is impairing wilderness values over extensive portions of the affected WSA's. The closure effects motorized vehicle use on public land in named WSA's in the Price Field Office with the exception of "four" routes in Sid's Mountain WSA described as follows: (1) the wash bottom of Coal Wash, including the short dug-way from the west which enters this wash, and North Fork Coal Wash south until it exits the WSA over "Fix-It-Pass", (2) the wash bottom of South Fork Coal Wash from its junction with the North Fork to and including the "Eva Conover" way, (3) the "Devil's Racetrack" way, and (4) the Justesen Flat access way, including lower Eagle Canyon southeast from the junction of this way. These routes will remain open on a conditional basis. This closure applies to all motor vehicle use with the exception of law enforcement and emergency personnel or administrative uses authorized by the BLM.

The emergency closure order is effective immediately and will remain in effect until adverse effects are eliminated and measures are implemented to prevent reoccurrence, as identified in 43 CFR 8341.2 (a). Should the rehabilitation work and non-impairment plan associated with Coal Wash, South Fork and North Fork of Coal Wash, the Eva Conover and Devil's Racetrack routes, the Justesen Flat access way and adjacent lands not result in abatement of adverse effects, the ways will be reevaluated to motorized vehicle use.

Nothing in this order alters in any way legal rights which Emery County or the State of Utah

may claim to assert R.S. 2477 highways, and to challenge in Federal court or other appropriate venue, any BLM road closures that they believe are inconsistent with their claims.

Mr. Manus thanked the Emery County Commissioners and all who helped to get to this point.

Mark H. Williams, Castle Valley OHV Club thanked Mr. Manus for his efforts to keep trails open for OHV use.

(3)

G.DALE JOHNSON, GREEN RIVER CITY MAYOR, DISCUSSION OF EXPENSES INCURRED FOR ANNEXATION AND REQUEST FOR WEED CONTROL IN GREEN RIVER CITY.

G. Dale Johnson, Mayor of Green River City along with council members Ben Coomer and Tom Burr, requested assistance from Emery County in their pursuit to place the annexation issue on the ballot in November. They had many questions regarding procedures for educating the citizens of Emery County. As of this date no one had seen a copy of the bill that was passed in the legislature or the resolution that was proposed. Mayor Johnson wanted to know how involved the city should get. The Board of Commissioners felt it was a city issue, but that Emery County would do everything that is required to do to ensure this issue would be on the ballot this fall.

Mayor Johnson also requested help with purchasing weed spray to reduce noxious weeds in Green River City. Commissioner Hatch reported that Weed & Mosquito will continue with their noxious weed program within the city. Commissioner Hatch and James Nielson, Weed Abatement will meet with Green River City to see what can be done to help.

Council member Ben Coomer requested assistance from the county attorney and Emery County in their efforts to rescind taxes on the Green River Drainage. Green River City officials felt it was an unfair tax.

(4)

DENNIS WORWOOD, PUBLIC LANDS COUNCIL, REQUEST APPROVAL OF ACCESS MANAGEMENT TEAM.

Earlier this year, Emery County Public Lands Council sought and received approval to organize an Access Management Team to develop transportation plan for Emery County for consideration of the County Commission. Individuals representing entities who deal with transportation in the county were suggested for board members. Dennis Worwood, Chairman of the Access Management Team requested approval of a list of names recommended for board members.

Those recommended were as follow: Val Payne, Public Lands Council, Lee Swasey and Mark H. Williams, OHV Club, Lee McElprang, Lee Jeffs and Ray Wareham, Grazers, Kim & Rod Player, Mountain Bikers, Wayne Staley and J. Mark Humphrey, Water Users, Kash Winn, Outfitters, James Gilson, Sportsmen, Dick Manus, BLM, Crocket Dumas, USFS, Miles Moretti, DWR/DNR, John Blake, SITLA, Rex Funk, County roads, Kathleen Truman, Historic Preservation Committee, Mervin Miles, Dennis Tuttle and Paul Conover, from the public, Jim Catlin, Sierra Club/SUWA, Craig Axford, Utah Environmental Congress, Tim Smith, State Parks, Brent Arnold, UP&L, Ted McCandless, Huntington Irrigation, an unnamed representative from Green River City, Steve Prince, Oil & Gas, LaMar Guymon, Sheriff's Office/Mtn Bikers.

Commissioner Randy Johnson made a motion to approve the list of names for board members of the Access Management Team with the understanding that the list may be changed as needed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

#### CITIZEN CONCERNS

Mark H. Williams, OHV Club reported that the OHV club voted to support Dick Manus and the BLM regarding the closure of Wilderness Study Areas of the San Rafael Swell and would help implement what was proposed by providing the manpower needed to fix existing trails as well as being the eyes and ears on the swell, alerting authorities as to infractions of the law. He reported on the ongoing search for funds to place a deputy on the desert and forest to enforce the laws and help educate people. He also reported on an effort to direct young men towards the desert who are looking for Eagle Scout Projects. State Parks has grant money available to do projects on the desert.

Kay Jensen, Huntington/Cleveland Irrigation Company, reminded the Board of Commissioners of trans mountain and trans basin water diversion concerns and the need for funding assistance to pay the legal bills in their legal battles over water replacement and efforts to defend their rights. County Attorney David Blackwell explained that the Dave Shorts Decision has to be looked at and determine if the result of a contribution to this cause would be a direct benefit to the county. The county attorney will look at the water replacement rules and make a recommendation to the Board of Commissioners.

Bevan Wilson, North Emery Water Users, provided the Board of Commissioners with copies of minutes from their meetings as requested by Commissioner Hatch. A meeting was held November 29, 1999 with the Board of Commissioners and the North Emery Water Users Board of Directors. A request was made by NEWU Board President, Menco Copinga to create a non-taxing special service district rather than remain as a private company. As a private company they are not eligible for grants and are in need of upgrading lines and tanks. Bevan Wilson

encouraged the Board of Commissioners to continue to communicate with North Emery Water Users and meet with them again soon.

Rex Funk, Road Department Supervisor reported that he sent out letters to oil and anti-freeze suppliers asking for bids for bulk oil for the Road Department. The Clerk/Auditor's Office received three bids. The bids were from Castle Valley Co-op, Pierce Oil Company and Rhinehart Oil. After looking over the bids Commissioner Ira Hatch made a motion to have Commissioner Petersen and Rex Funk work together and award the bid to the low bidder. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(6)

CONSIDERATION AND APPROVAL OF CONTRACT WITH DIVISION OF STATE HISTORIC PRESERVATION PROJECT.

Kathleen Truman, Division of State Historic Preservation requested approval for a \$5,000.00 grant contract to replace the windows in the Presbyterian Church in Ferron currently housing the American Legion. The plan is to install storm windows on the building to minimize the cost heating the building and protection of the old windows. The match is in-kind and any cash match would come from the American Legion. Commissioner Ira Hatch made a motion to approve the contract with the Division of State Historic Preservation. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

APPOINTMENT OF BOARD MEMBERS TO PLANNING/ZONING COMMISSION.

Planning & Zoning went through the public process in recruiting for board members. They received five applications for two positions. Because the Planning & Zoning Board is in the middle of committee reviews on the Planning & Zoning Ordinance, the board recommended reappointing Merrill Duncan and Judy Ann Scott for another term. They further recommended appointing two of the other applicants as sub committee members to be a part of the ongoing reviews, integrating them into a new term. Commissioner Randy Johnson made a motion to approve the recommendation of the Planning & Zoning board an reappoint Merrill Duncan and Judy Ann Scott to the aforementioned board and to utilize those other two applicants in the review process. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

APPOINTMENT OF COMMISSIONER TO SERVE ON THE RECREATION SPECIAL

SERVICE DISTRICT.

According to the by-laws of the Emery County Recreation Special Service District, a Commissioner of the county governing body must serve on their board. Commissioner Kent Petersen had been serving on the board, however his term had expired. Commissioner Randy Johnson made a motion to reappoint Commissioner Kent Petersen to the board of the Recreation Special Service District for the duration of his term in office. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

ROSANN FILLMORE, DISCUSSION OF GRANTS MANAGEMENT POLICY AND APPROVAL OF INCENTIVE RESOLUTION

Last fall during the budget process, several people had asked questions regarding grants. Rosann Fillmore, at the request of the Board of Commissioners and the Clerk/Auditor's Office, drafted a proposal for a county grant management policy. County Attorney David Blackwell looked the proposal over and recommends the proposed policy as written. Commissioner Randy Johnson made a motion to approve the Grants Management Policy. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

The Economic Development has been with the city governments regarding incentives for business to locate in their towns and has developed a policy for what incentives the cities and the county will offer. County Attorney David Blackwell has reviewed the proposed policy over and recommended that they develop a resolution. Mr. Blackwell will meet with the Economic Development Council and develop a proposed resolution.

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Library

Sharee Sepulveda, Assistant Librarian at the Green River Library, has submitted her resignation effective May 1, 2000. Jerilyn Mathis, Head Librarian, requested approval to begin the recruitment process. Commissioner Ira Hatch made a motion to approve the recruitment process for an assistant librarian at the Green River Library. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Extension

Cassie Jones has been hired at \$7.00/hr in the up to 90-day capacity beginning March 28, 2000. The 90-day period could continue as long as June 23, 2000 depending on available budget. Commissioner Ira Hatch made a motion to approve the up to 90-day assignment for Cassie Jones as discussed. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Treasurer

As a result of the in-house recruitment there were two applicants. Interviews were held on March 23, 2000 and Joyce Staley was selected for the position. She begins in the position of Deputy Treasurer April 4, 2000. The position is full time and she is eligible for benefits at her current rate of pay, 8B \$9.42/hr. Commissioner Ira Hatch made a motion to approve hiring Joyce Staley as Deputy Treasurer at her current rate. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

State Tax

Joyce Staley's move to the Treasurer's Office leaves a vacancy in state tax. Request was made to begin the recruitment process in-house beginning April 5 through April 11, 2000. Commissioner Ira Hatch made a motion to approve the in-house recruitment for state tax. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Vicki Willbanks works less than twenty (20) hours/week in Economic Development and has said she is willing to help in state tax for the next week or two. Economic Development Director, Rosann Fillmore and Assessor, Jim Fauver have discussed the offer and Rosann is willing to

share during the recruitment process until the office is fully staffed. Request was made to approve Vicki temporarily working for both Economic Development and State Tax at her current rate of \$8.48/hr. After some discussion, Commissioner Ira Hatch made a motion to approve Vicki Wilbanks working for both Economic Development and State Tax on a temporary basis with no overtime. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

### GIS

Recruitment for the GIS Technician has concluded with Mick Robinson being selected for the position of GIS Technician at Grade 12, Entry \$10.57/hr., effective April 5, 2000. Commissioner Ira Hatch made a motion to approve hiring Mick Robinson as GIS Technician as discussed. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

### MARGARET SWASEY, EMERY COUNTY ARCHIVE STEERING COMMITTEE INTRODUCTION.

Margaret Swasey invited the Board of Commissioners to attend a meeting on May 8, 2000 to discuss the pros and cons of having a county archive. State History has recognized Emery County for their interest in history and would like to use the county as a guinea pig for a regional archive. There is state funding available for training to archive records. The meeting is being sponsored by State History and will provide an opportunity to discuss the problems and advantages to having a county archive.

(4)

### JAMES GILSON, SPORTSMEN FOR FISH & WILDLIFE HABITAT, DISCUSSION OF COUNTY BOUNTY ON COYOTES.

James Gilson, Sportsmen for Fish & Wildlife Habitat requested a bounty be placed on coyotes. With a bounty on coyotes the group could apply for a state grant for predator control. As part of the proposed program the sportsman's group is also asking that Emery County help with matching funds. The group has \$2,000.00 and asked Emery County for \$2,000.00 that the state would match giving them \$8,000.00 to implement a bounty program. Mr. Gilson felt that aggressive predator management such as this would make trapping financially feasible again. Emery County has already paid \$1,500.00 to Carbon Emery Livestock for predator control through the State Trapper. After much discussion on this issue Commissioner Petersen suggested having County Attorney David Blackwell check into setting a bounty on coyotes and setting parameters and guidelines for doing so. He also suggested Mr. Gilson plug into the budget process for a contribution from the 2001 budget.

GREEN RIVER HIGH SCHOOL CLOSE-UP GROUP REQUEST FOR DONATION.

The Board of Commissioners received a letter from several Green River students requesting financial assistance to travel to Washington, D.C. through the Close-Up Program. The Close-Up Program allows the students to view Washington "close-up". They will be talking with key policymakers, media personalities, representatives of the executive branch, and if schedules permit, a member of Congress from our district or state. The students are working to earn the money for the trip and asked if Emery County would be able to help in the form of a contribution. Commissioner Ira Hatch made a motion to donate the standard contribution of \$250.00 to the group of students participating in the Close-up Program. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(6)

OPEN AND REVIEW REQUESTS FOR PROPOSAL OF ECONOMIC ANALYSIS OF THE PROPOSED ANNEXATION OF THAT PORTION OF GREEN RIVER, UTAH WHICH LIES IN GRAND COUNTY TO EMERY COUNTY.  
CONSIDERATION AND APPROVAL OF CONSULTANT.

Five (5) bids were opened for the economic analysis of the proposed annexation of that portion of Green River, Utah which lies in Grand County to Emery County. After opening the bids Commissioner Ira Hatch made a motion to turn the bids over to County Attorney David Blackwell and Commission Secretary, Leslie Bolinder for evaluation, afterwhich they will choose three to be presented to Grand County on April 5, 2000 for a decision, as they need to have someone engaged by Monday, April 10, 2000. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(7)

Commissioner Ira Hatch made a motion to approve writing off the uncollectible ambulance accounts as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(9)

CONSIDERATION AND ACCEPTANCE OF BID FOR TITLE WORK ON PROPERTIES  
CONSIDERED IN MAY TAX SALE AND SETTING OF THE DAY FOR THE MAY TAX  
SALE.

Clerk/Auditor, Bruce Funk requested setting the date for the May Tax Sale as May 25, 2000. Traditionally the sale has been held on the fourth Thursday in May state wide. Commissioner Ira Hatch made a motion to set the May Tax Sale for May 25, 2000. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

The Clerk/Auditor's Office received three bids to do the title work for properties coming up on the May Tax Sale. Emery County Abstract, Professional Title and Southeastern Utah Title Company all submitted a bid of \$100.00 per parcel. Bruce Funk suggested rotating the bid award to provide an opportunity for each of the title companies. He suggested having Professional Title do the work this year as Emery Abstract provided the title work last time. Commissioner Ira Hatch made a motion to award the bid for title work for the May Tax Sale to Professional Title. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(10)

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

April 18, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

REPRESENTATIVE FROM XEROX TO DISCUSS COPIER PROPOSALS FOR THE SHERIFF'S OFFICE.

Geneal Anast, Anast Enterprises presented information about a Xerox DC332 digital copier and printer. She discussed the options for leasing service as well as purchasing outright. During the budget process Sheriff Guymon requested a new high volume copier and \$8,000.00 was placed in the budget for that purchase. The digital copier that was discussed was over the budgeted amount. The dilemma was where to come up with the difference between what was budgeted and the cost of the copier. Commissioner Ira Hatch made a motion to have Sheriff Guymon turn in a requisition for a copier with attached bids and the Commission will look at available funds when the budget is opened. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(2)

REPRESENTATIVE FROM AIRTOUCH TO DISCUSS CELLULAR PHONES AND SERVICE PLAN.

Tom Andra and Eric McRae representatives from Airtouch were present to discuss cellular phones and service plans. They were able to answer questions about available service and switching from another service to Airtouch. They explained the digital service and service areas for local and long distance billing.

(3)

OPEN BIDS FOR HAULING OF ROAD CHIPS

The Clerk/Auditor's Office received one bid for the hauling of road chips for the Road Department. Kerwin Jensen Trucking submitted a total bid of \$39,807.20. Commissioner Randy Johnson made a motion to accept the bid from Kerwin Jensen Trucking. The motion was seconded by Commissioner Kent Petersen(Commissioner Hatch temporarily left the room) and approved by all members present.

(4)

OPEN BIDS FOR PROPERTY IN GREEN RIVER.

The Clerk/Auditor's Office received two bids to purchase a plot of County owned land in Green River. The two bids were from Mary C. Wilmarth for \$750.00 and Edward Korgoan for \$1,157.00. Commissioner Randy Johnson made a motion to accept the bid of \$1,157.00 from Edward Korgoan and to have the County Attorney close the deal and proceed with the proper documentation. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

CITIZENS CONCERNS

There were no citizen's concerns.

(6)

DISCUSSION OF CLOSURE OF TRAIL MOUNTAIN AND EFFECT ON COUNTY.

The Board of Commissioners discussed a recent announcement from PacifiCorp to close Trail Mountain Coal Mine at the end of 2001. The closure will affect two hundred jobs of which one hundred-forty-five are from Emery County. The effect will also be felt in the industries such as trucking and machine shops that service the mine. Coal will be provided from SUFCO and Deer Creek Mines. The coal coming from SUFCO in Sevier County will significantly increase the amount of truck traffic coming from the south into the county through Emery and Ferron on Highway 10. They also discussed the impact the closure may have on the mineral lease funds coming into the special service districts for various uses in the county. These uses may have to be picked up by the county and could impact the county's operating budget. Scottish Power/PacifiCorp has concluded that the plants and coal source are an important factor in their operation.

(7)

CONSIDERATION AND APPROVAL OF RURAL COMMUNICATIONS SYSTEM  
INTERLOCAL COOPERATIVE AGREEMENT AND RELATED RESOLUTION.

The purpose of the agreement is to form or organize a political subdivision of the State of Utah, which would be a separate legal entity to more efficiently provide broadcast television service to citizens of rural areas located in the State of Utah. The FCC is requiring Utah's rural counties to abandon the electronic frequencies they now use to transmit television signals to their

populations. The federal government will be auctioning those frequencies to cell phone companies and other private sector users. This will require that those counties replace old transmission equipment with electronics capable of digital frequencies. The Rural Communications System Interlocal Cooperative Agreement is entered into Resolution 4-18-00 by each of the named counties and is created to acquire and install new television translator equipment for television translator sites located throughout the State of Utah in order to continue providing broadcast television service to residents of rural areas and to finance their costs on behalf of the named counties. The UAC Interlocal Agency created by this agreement will be governed by a board comprised of one member representative from each county. Commissioner Randy Johnson made a motion to approve the Rural Communications System Interlocal Cooperative Agreement by Resolution 4-18-00. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Ira Hatch made a motion to appoint Randy Johnson to represent Emery County on the UAC Interlocal Agency Board. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(8)

ACCEPTANCE OF FINAL PAYMENT OF UACIM'S SUBORDINATED DEBENTURE.

When UAC Insurance Mutual was set up in 1992 there was not enough funds to function so the counties were asked to contribute to get it going. Emery County contributed approximately \$300,000. The reserve has been building up and we have now received the balance of the amount we loaned plus interest. The check we received was in the amount of \$264,161.00.

(9)

ROAD DEPARTMENT ITEMS

Rex Funk, Road Supervisor sought approval of a project agreement on Ferron-Mayfield Road. The project agreement will restore the Ferron-Mayfield Road, Narrows section. It will include reshaping the travel-way, installing culverts, stabilizing the inside ditch and placing four inches of crushed aggregate surfacing to provide a fourteen foot finished travel-way plus turnouts. Work and materials provided by the County and the Forest Service are identified in the agreement. Commissioner Ira Hatch made a motion to approve the Forest Development Road Cooperative Agreement. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

HELD IN THE EMERY COUNTY COURTHOUSE

June 6, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Sheriff LaMar Guymon, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

DEB DULL, UTAH POWER QUARTERLY UPDATE.

Deb Dull, Regional Community Manager, reported that the company has named Tracy Akin as Managing Director over the Hunter and Huntington Power Plants. The company has offered early enhancement retirement programs to many of its plant employees who are fifty-three years of age and with fifteen years or more of service. One of the merger agreements with Scottish Power is to offer open learning centers in the United States patterned after the ones in the United Kingdom. The centers will be designed to help employees, their families, and eventually members of the community achieve their personal development goals and acquire the skills needed in business today. They are developing a variety of interactive courses ranging from languages to computer skills. Mrs. Dull was confident that one of the open learning centers will be located in Emery County. They expect to have it open by August.

(2)

CONSIDERATION AND APPROVAL OF AGREEMENT FOR SALE AND TRANSFER OF ELECTRIC FACILITIES.

The Board of Commissioners reviewed a contract with UPL to sell the electrical line from Central Warehouse in Orangeville to Horn Mountain. The sale will help Texaco with a less expensive way to expand their three phase power needs allowing them to hook into that line so there won't need to be a new power line built to the same location. There were several questions regarding the agreement so the agreement will be sent back to UPL for changes.

(3)

MIKE MC CANDLES, EMERY TELCOM QUARTERLY UPDATE.

Mike McCandles, Emery TelCom reported on the company's recent acquisitions. The company has completed a third year of their Education Initiative Program for the school district. This year they awarded \$4,000.00 in scholarships to local seniors. Their Srs. helping Srs. Program was a success and gaining some notoriety nation wide.

(4)

KATHY SITTERUD, REQUEST SPONSORSHIP FOR CANCER SOCIETY RELAY FOR LIFE.

Kathy Sitterud, American Cancer Society came before the Board of Commissioners to request sponsorship for an upcoming event. The Cancer Society Relay for Life will be held on July 7 & 8, 2000 at the Emery County High track. Mrs. Sitterud outlined the agenda for the event and invited the Commissioners to help and be a part of this worthwhile event. She also requested sponsorship in the way of funds. Attorney David Blackwell advised the Board of Commissioners on the Doug Shorts ruling regarding donations to charities. The Board of Commissioners will consider participating on a personal basis as well as encouraging employees to participate but the county cannot donate funds to a charity event.

(5)

STEVE PRINCE, UPDATE ON DOGM CBM FIELD RULES.

Steve Prince, Castle Valley Gas Producers Director, reported on Division of Oil, Gas & Mining and their Coalbed Methane Special Field Rules. They also had a meeting with the Underground Injection Users Technical Committee discussing a requirement for hydrologic modeling in the Navajo formation. Commissioner Hatch thanked Mr. Prince and his organization for their efforts to educate producers on the use of water.

(6)

CYNTHIA SMITH, UPDATE ON SUMMER RECREATIONAL PROGRAM.

Cynthia Smith, VISTA volunteer, reported on the Summer Recreation Program through the RSVP Volunteer Learn & Serve Program. This is a pilot program to provide summer recreation for young children. They had forty-four children the first day with nine youth volunteers. Shannon Hiatt, Recreation District Director explained that this program is not being run through sponsorship of the Recreation District and that questions have been brought up about insurance for participants.

(7)

KAY KIMBALL, PRESENTATION AND APPROVAL OF 1999 AUDIT.

Senior Deputy Clerk/Auditor, Brenda Dugmore reviewed the 1999 Audit Report with the Board of Commissioners.

(8)

CITIZEN CONCERNS

Deputy Martin Wilson introduced Jennifer Jeffs and Melissa Wilson, Youth Safety Council to the Board of Commissioners. Jennifer and Melissa requested assistance to attend the National Safety Council in San Antonio, Texas. Commissioner Randy Johnson made a motion to donate \$100.00 to each girl to aid in funds to attend the National Safety Council. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Assessor, Jim Fauver informed the Board of Commissioners that the courthouse computer network was infested by the Love Bug Virus which wiped us out temporarily. Jeff Guymon, Computer Technology Specialist will look into getting a new virus protection software as the one we are currently using did not detect the bug.

(9)

RATIFY APPROVAL OF EMERY TELCOM RIGHT-OF-WAY EASEMENT

Mike McCandles, discussed the emery TelCom right-of-way easement agreement with the Board of Commissioners. They propose to bury the phone line at the Sr. Citizen Center in Huntington. Apparently the over-head phone line was getting caught on high profile trucks such as the garbage truck and causing damage to the line. Commissioner Hatch requested the easement include co-operation between Emery TelCom and Emery County in the event that there are problems down the road and the line needs to be repaired. Emery TelCom will be burrowing under the asphalt to install the line and problems could come up through the years. Mr. McCandless did not foresee any problems with the request. Commissioner Ira Hatch made a motion to ratify the approval of Emery TelCom right-of-way agreement with the addition of assistance with any future problems.

The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(10)

CONSIDERATION AND APPROVAL OF CO-OP AGREEMENT WITH FOREST SERVICE FOR 2000 LAW ENFORCEMENT

(11)

ROAD DEPARTMENT ITEMS

Rex Funk, Road Department Supervisor presented the following items for consideration and approval:

Robert Law made a request to purchase the remainder of the asphalt mulch from 1998. There was approximately four yards that had not been used and had lost its binding usability. Clerk/Auditor Bruce Funk advised the Board of Commissioners regarding the policy for disposing of county property. Commissioner Ira Hatch made a motion to advertise in the paper to sell the leftover asphalt mulch. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Commissioner Ira Hatch made a motion to approve Co-Operative Agreement STP-1612 (I) 0-South Moore Cut-off between UDOT and Emery County. Attorney David Blackwell has reviewed the agreement. Commissioner Ira Hatch made a motion to approve the Co-Operative Agreement STP-1612 (I)0-South Moore Cut-Off. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Green River Canal Company has requested to purchase the old weed mower that was recently replaced with a newer one. The Board of Commissioners suggested Rex establish a minimum acceptable amount and advertise in the paper. Commissioner Randy Johnson made a motion to approve advertising to sell the old weed mower from the County. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

They had a site showing for slurry seal of the runway at the Huntington Airport. Those attending were Hales, M&M Contractors, Intermountain Slurry and Valley Asphalt. The contract will be awarded at the Special Service District meeting Monday, June 12, 2000 at 2 p.m.

(12)

CONSIDERATION AND APPOINTMENT OF BOARDMEMBERS TO THE EMERY COUNTY TRAVEL BUREAU

Commissioner Ira Hatch made a motion to table this matter for now. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(13)

NOTICE OF VACANCIES ON EMERY WATER CONSERVANCY DISTRICT BOARD.

The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(15)

APPROVAL OF BEER LICENSE FOR MILLSITE RESTAURANT

Deputy Clerk/Auditor Carol Cox presented for consideration and approval an application for a beer license for Millsite Restaurant. Sheriff Guymon has completed his background check and signed off on the license. Commissioner Randy Johnson made a motion to approve the beer license for Millite Restaurant. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(16)

APPROVAL OF NEW RETIREMENT RATES FOR COUNTY EMPLOYEES

Senior Deputy Clerk/Auditor, Brenda Dugmore requested approval of new retirement rates for Emery County employees. Commissioner Ira Hatch made a motion to accept the new retirement rates as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(17)

APPROVAL OF AMBULANCE WRITE-OFF

Senior Deputy Clerk/Auditor, Brenda Dugmore requested approval to write-off an ambulance billing. A check was received from a church organization on behalf of one of its members, requesting the county to accept the amount of the check as payment in full for the billing. Commissioner Randy Johnson made a motion to approve the write-off and accept the amount of the check as payment in full for the bill. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(18)

DISCUSSION OF MUSEUM ROOF REPAIR PROJECT.

Commissioner Petersen reported on the Museum of the San Rafael Roof Project. In the fall of 1999 bids for the roof repair was solicited and Hansen Roofing was awarded the bid for \$3,500.00 . The actual work on the roof was delayed due to season and weather conditions and was completed in the spring of 2000. The final cost of the project was \$3,860.00. A discussion was held concerning the process used to complete the project and the final price paid for the project.

(19)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS. RATIFY CHECK EDIT LIST AND ADDITIONAL CLAIMS APPROVED 5/16/00.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List # 130540 through and including #130725.

The Board of Commissioners discussed a claim for expenses for Carolyn Randall to attend a convention in Florida. After much discussion it was decided to pay the airfare and consider reimbursement from receipts after her return.

The Board of Commissioners also discussed a recommendation from Clerk/Auditor Bruce Funk to create a cell phone program wherein selected employees would be supplemented with a set amount per month for use of their cell phone thus eliminating confusion and controversy over what is county business and what is personal business. The particulars of the program would need to be worked out and a tiered supplemental program set up, but in the end would simplify and benefit both the county and the employee. A cell phone allowance would save the county money. After much discussion on this matter Commissioner Ira Hatch made a motion to set up a cell phone allowance program which would pay employees based on a tiered supplemental program, set the parameters for the program and move ahead with the implementation of the program as set up. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

One requisition for a HP 1100 Laser Jet Printer with a Jet Direct Box for the Extension Service Office. The purchase would come from Capital Replacement Funds.

There were no dispositions.

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List, Additional claims and requisition as discussed for payment and to ratify approval of the Warrant Check Edit List dated May 16, 2000. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(20)

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

June 20, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, other elected officials and citizens.

(1)

SKYLER TANNER, REQUEST FOR SPONSORSHIP TO GOVERNOR'S HONOR ACADEMY.

Skyler Tanner a senior at Emery County High School came before the Board of Commissioners to request assistance to attend the Governor's Honor Academy at Southern Utah University. Only fifty students throughout the state are invited to attend the academy. He will be there for ten days attending workshops emphasizing academic achievement. Commissioner Ira Hatch made a motion to donate \$100.00 to Skyler Tanner to attend the Governor's Honor Academy. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(2)

UMWA REPRESENTATIVES, DISCUSSION OF CLOSING OF MINES AND FUTURE PLANS.

UMWA, Local 2176 Representatives, Forest Adison, Larry Harrington and Ken Gilbert were present to address the Board of Commissioners regarding Pacificorp's decision to close Trail Mountain Mine and the county's future plans. Commissioner Petersen indicated that the Board of Commissioners has met with Pacificorp to discuss issues of concern to the county. The two main issues are the loss of jobs for a substantial number of Emery County miners and the increase of traffic as well as damage to the roads due to coal trucks hauling coal from SUFCO to the power plants. He indicated that there are no easy answers. The Board of Commissioners will do what they can to support the miners by continuing to meet with Pacificorp and SUFCO as well as the State Highway Commission on the road issue. They will continue to encourage SUFCO to hire as many Emery County workers as possible. Commissioner Johnson addressed the benefits and drawbacks of having a railroad in Emery County. He addressed the issue of bringing in other industries and that Highway 6 is the biggest barrier to inducing industries to locate in Emery County. Commissioner Hatch commented that Emery County is concerned about displaced families and wants to find beneficial answers for all concerned. The Board of Commissioners urged the union leaders to encourage the people by letting them know that the county is looking into other avenues for employment. The union leaders were invited to attend Economic Development Council meetings to talk about their concerns.

(3)

DISCUSSION AND DECISION REGARDING CREATION OF A NORTH EMERY WATER USERS SPECIAL SERVICE DISTRICT.

Earlier this year the Board of Commissioners received a letter from North Emery Water Users Board of Directors officially requesting Emery County create a special service district for water users. NEWU has survived for over twenty years but now are faced with some major costly repairs. Bevan Wilson, NEWU indicated that as a special service district they would be given high priority for CIB grants to execute the repairs. After NEWU's original request Commissioner Johnson did some looking into the issue. NEWU stock holders have made a legitimate request. Mr. Johnson questioned how the district would be funded in light of the fact that mineral lease funds coming into the county are depleting. They discussed the possibility of drawing NEWU into Castle Valley Special Service District. To do so at this time may be cumbersome as Castle Valley will now be in their budget process for 2001. Mr. Wilson told the Board of Commissioners that the time to do something is now. We have the opportunity to take NE and pay off their obligations with tax reserves and have a debt free company which could have the assets transferred without receiving any incurred debt. The companies cash reserves were about \$25,000.00 at the beginning of 2000 and have been depleting at about \$12,000.00 per year. He anticipated the reserves would be down to around \$10,000.00 by the end of 2000. Regarding CIB funding, Mr. Wilson felt the money is there for funding water projects and is confident they will be able to acquire grants and low interest loans no matter whether they are added to Castle Valley or a new district is created. Mr. Wilson applauded the Commissioners for what they are trying to do. The Board of Commissioners discussed the process for creation of a district and or adding to an established district. Commissioner Hatch had asked to be on the agenda of Castle Valley Special Service District's next meeting to discuss adding NEWU to that district. The Board of Commissioners will continue to look at this matter. Commissioner Randy Johnson made a motion to table this for now to allow time to continue gathering information. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

MACK HUNTINGTON, EMERY COUNTY PLANNING COMMISSION CHAIRMAN,  
REQUEST FOR SETTING OF PUBLIC HEARING FOR GOLD TERRA'S BLUE CASTLE  
MINE LEVEL 3 PERMIT.

Commissioner Randy Johnson made a motion to set a Public Hearing for July 18, 2000 at 10:00 a.m. to receive public comment and consideration of a level 3 permit for Gold Terra's Blue Castle Mine. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

CITIZENS CONCERNS

Clerk/Auditor, Bruce Funk requested direction for what to do about indigent burials. There had been earlier discussion regarding using the Lawrence Cemetery since it is owned by the county. Bevan Wilson, Lawrence provided the history of the cemetery. Carroll Cullum sold his farm to John Oliver and at that time deeded the land where the cemetery is over to the county. An abstract agent, who from the plat, drew a description for the transfer of property. The intent for the property transfer was for a cemetery. There have been several projects over the years to improve the cemetery. The most recent project was to improve the road and install a cattle guard. While Johansen & Tuttle identified the corners to do the right-of-way work it was noted that Emery County only owned about half the cemetery. John Oliver still owned the other portion. The deed that was created was not accurate. A corrected deed was prepared. John Oliver was contacted, a land exchange was made and brought the boundaries of the cemetery in a legal description to where it actually sits today. The next step for the cemetery is to get the people involved and create a management plan for the cemetery. Lawrence citizens are not in favor of having indigent persons buried in their cemetery. The Board of Commissioners will discuss possible solutions to the issue of where to put indigent persons for burial with the mayors in the next Council of Local Government meeting.

(6)

CONSIDERATION AND APPROVAL OF ANNUAL USU-EMERY COUNTY COOPERATIVE AGREEMENT.

Commissioner Randy Johnson made a motion to approve the annual USU- Emery County Cooperative Agreement. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

DISCUSSION AND APPROVAL OF INTERVENING IN RIVER GAS 2000 TAX APPEAL.

Commissioner Ira Hatch made a motion to intervene in River Gas's 2000 tax appeal. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(8)

CONSIDERATION AND APPROVAL OF QUIET TITLE LITIGATION AGREEMENT.

The State of Utah in the last legislative session provided money to fight for RS2477 Right-of-way rights making the State and the County co-owners of all ROW. The State can go to the

Supreme Court faster than the County can. The agreement is with the State, to provide a list of twenty roads with the initial suit. The Resolution calls for a representative be appointed from the County. Commissioner Ira Hatch made a motion to appoint Randy Johnson as point man on the litigation committee and approve Resolution 6-20-00, an agreement with the State of Utah for Quiet Title Litigation, providing a list of twenty roads for the initial suit. The motion was seconded by Commissioner Randy Johnson and approved by all members present. The Board of Commissioners will enlist the help of the Access Management Team for help identifying the twenty roads.

(9)

CONSIDERATION AND APPROVAL OF MOU FOR BAILIFF SERVICES TO THE DISTRICT COURT.

Commissioner Randy Johnson made a motion to approve the MOU for Baliff Services to the District Court. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Bruce Funk, Clerk/Auditor presented for consideration and approval the Warrant Check Edit List #130940 through and including #131144 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
30-00	Duplexer for filtering FM interference from Moab	\$ 693.89	Approved
31-00	2000 Dodge Durango	27,789.00	Approved
32-00	(2) 19" Monitors/Recorder	718.00	Approved
33-00	Xerox document center/Recorder	13,695.00	Approved

The purchase of the Durango was not budgeted for so the budget would need to be opened and

an adjustment made in Capital Replacement. Commissioner Randy Johnson made a motion to open the budget and authorize the Clerk/Auditor to adjust Capital Replacement to allow for the purchase of the Durango. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List, additional claims and requisitions for payment. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)

### PERSONNEL

Pat Snowball, Personnel Director presented the following personnel action:

#### Road Department

James Sherman has submitted his resignation effective July 1, 2000. Road Department Supervisor, Rex Funk requested approval to recruit for a mechanic. Commissioner Ira Hatch made a motion to approve recruitment of a mechanic. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

#### Health Insurance

Renewal for the health insurance is July 1, 2000. Intermountain Benefit Administration sent out twenty-five requests to regular commercial carriers for the stop loss or reinsurance. The best quote was with our current carrier, Med Ex. Pat recommended that we continue with this company.

The preferred-provider network has proved its success in two ways: 1) The quote, though it is an increase over last year could have been significantly higher since health insurance is inflated nationwide by 14 to 18%. The increase for Emery County will be 11%. 2) The plus for being self insured is that the plan only pays out for claims that are incurred. An estimated amount is funded and if there are savings, the funding does not leave the plan account.

Additional pluses for the self insured plan for Emery County is that administration costs are running approximately 3%. Fully insured plan administration costs run approximately 14-18%. Further, about 78% of the health insurance dollar goes to the actual payment of the claim.

With the 11% increase the following increase is proposed for the plan participant premium

contribution:

Current		New	
\$312.51	Single	\$346.88	Single
\$495.00	Couple	\$549.45	Couple
\$758.78	Family	\$842.25	Family

Pat Snowball requested approval to complete the renewal process by signing the renewal documents and to make premium adjustment effective July 1, 2000.

Pat Snowball discussed recommendations for amendments to the Health Insurance as follows:

1. Currently when routine care, like a physical, is received, there is a \$10.00 co-pay then the plan pays 100% up to \$250.00. If the routine exceeds the \$250.00 the employee pays. The purpose of routine care is to encourage employees to receive the routine examinations that might detect a larger problem. The original intent of the "wellness" incentive was that if the routine exceeded the cap the excess would "flop" over into the regular payment path and be subject to deductible and the regular payment.
2. The preferred provider network has not included dental and vision. Routine care is not a problem, but when the care requires more than routine care, that care is coded as medical which "flops" into the network; there is no preferred provider and the employee, having been told dental and vision care is not subject to the preferred provider network, is subject to the higher deductible and lower payment of the claim.
3. Clarification is required which CBSA has recommended for the following:  
The cost distribution for the exchange of medical records  
Time periods and dosages  
Treatment for dental procedures with regard to accidents to the jaw and normal teeth and surgical removal of impacted wisdom teeth.

Pat proposed that the prescription card plan change from ProVantage to ScriptWorld for prescription services. This is a firm 3% savings by making this change.

Commissioner Ira Hatch made a motion to begin the renewal process and authorize Pat to contact the other entities who are with us on the insurance, informing them of the increase and to approve the plan change for prescription service. He also motioned to approve the recommended amendments to the insurance policy. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Pat also requested approval to discontinue the current additional public employees blanket bond. The public employees blanket bond covers the county for employee honesty. Its limit of liability is \$10,000; it is renewed every three years and the premium, due this year is \$899.96. Pat sent a

7

Commission Meeting Minutes  
June 20, 2000

copy of the current policy to UACIM who advised her that we are already covered by this type of liability in the amount of \$500,000. She requested to allow the policy to lapse.

Commissioner Randy Johnson made a motion to drop the public employees blanket bond. The motion was seconded by Commissioner Ira hatch and approved by all members present.

(12)

APPROVAL OF COMMISSION MEETING MINUTES.

Commissioner Ira Hatch made a motion to approve the minutes dated June 6, 2000 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(15)

OTHER BUSINESS

Upon returning to regular meeting, Clerk/Auditor Bruce Funk reviewed a recommendation for a cell phone allowance program. The base rate was determined by the plan the department was contracted to pay. It was decided that most departments have the statewide no long distance \$39.95 a month program, therefore the base for that plan would be \$45.00. The local charges, \$19.99 a month rate would have a base allowance of \$22.00. A check would be issued at the end of each month to each participant who would be responsible for paying their cell phone bill. The individual must contact the cell phone company and have their account changed out of the

Commission Meeting Minutes  
June 20, 2000

county's name and into their name. The county will disposition the cell phone and it will become the individual's responsibility. Commissioner Ira Hatch made a motion to send a letter to each department informing them of the program and that the county will no longer be paying for cell phone charges. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

The following individuals have signed up for the program:

Bruce Funk	Brenda Dugmore	JoAnn Behling
Randy Johnson	Kent Petersen	Ira Hatch
Bryant Anderson	Val Payne	Jim Fauver

PEGGY MASON, UPDATE FROM CONGRESSMAN CANNON AND ADDRESS COUNTY CONCERNS.

Peggy Mason, Representative from Congressman Cannon was present to update the Board of Commissioners on current congress activity. The Death Tax Elimination Act which was designed to phase out the inheritance tax over the next ten years has passed the Senate. President Clinton has said he would veto the bill. The San Rafael Conservation Bill has passed in the Senate Energy and Natural Resources Committee. In a News Release dated July 17, 2000 Congressman Cannon stated sponsorship for the Methamphetamine Anti-Proliferation Act designed to empower local officials in battling the meth epidemic. Cannon opposes Internet Gambling Prohibition Act which as he stated is a well intentioned attempt to regulate a harmful vice. In Congressman Cannon's opinion it falls dangerously short of accomplishing a ban on Internet gaming and it creates regulation that is unenforceable, placing regulatory burdens on Internet Service Providers. Ms. Mason provided a toll free phone number for receiving information regarding federal, land or immigration issues.

DISCUSSION REGARDING ELECTION ASSOCIATED WITH ANNEXATION OF THE GRAND COUNTY PORTION OF GREEN RIVER CITY, UTAH INTO EMERY COUNTY.

The Meridian Consulting Group, Independent Financial Consultants contracted to look at the financial data on the annexation provided their official report which states, "Upon thorough evaluation of physical data as required by Utah State Code Section 17-2-6 (2) (b) (i) it is the conclusion of Meridian Consulting Group L.C. that the county cost of operation within the annexed area exceed the revenues generated within the area by more than five percent. This finding implies that an election must be held as per Section (2) (b) (i). Unless the county legislative body of Emery County, Utah adopts a terminating resolution as per that same subsection within thirty days." In other words, according to the financial study, Emery County is the only one who can stop the election. If Emery County does nothing then the election proceeds. Emery County, since it is the annexing county must defray all the cost of the election. Commissioner Petersen commented that this will be of benefit to the county as a whole. Green River City Mayor, Glen Dale Johnson was present to discuss some of the details. Mayor

Commission Meeting Minutes  
July 18, 2000

Johnson also invited the Commissioners to attend the John Wesley Powell Museum Birthday Party in Green River on July 28, 2000 at 6:00p.m.

(3)

CONSIDERATION AND APPROVAL OF AGREEMENT WITH FERRON CITY FOR BUILDING INSPECTOR SERVICES.

Commissioner Randy Johnson made a motion to approve an agreement between Emery County and Ferron City for Building Inspector Services. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

DISCUSSION AND APPROVAL OF CELL PHONE POLICY.

The Board of Commissioners considered and approved a cell phone policy in the previous Commission Meeting. The item was not on the agenda and therefore needs to be ratified at this time. The Commissioners discussed the need to give the program time to work out the wrinkles. They discussed what to do when someone is out of the area and their plan runs out, creating extra charges over and above the plan. Commissioner Ira Hatch made a motion to ratify the approval of the County's cell phone policy adding that any additional charges incurred may be submitted for reimbursement on a case by case basis. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(5)

CITIZEN CONCERNS

Kay Jensen and Dennis Ward, Huntington/Cleveland Irrigation addressed the Board of Commissioners requesting notification when there are items on the agenda regarding water and or drainage in Emery County. The Board of Commissioners recommended that they call and request a copy of the agenda each time as it would be difficult to notify every group who wishes to be notified on a regular basis.

Dennis Ward addressed a problem he has identified regarding pumping and dumping of septic tanks in the Huntington sewer lagoon.

Jane Manchester, Emery addressed a problem with Live Earth in Emery. The group she represented felt like Live Earth was not complying with the light industry zoning laws. They are not controlling the noise and the dust as agreed in the original permit. The group petitioned the Board of Commissioners to force the company to comply with the zoning laws. Mrs.

Manchester asked the Commissioners to make a recommendation to the mayor of Emery.

Clerk /Auditor Bruce Funk requested formal setting of Board of Equalization date and time as disclosure notices are scheduled to go out next week. BOE was scheduled for August 15, 2000 at 4:00 p.m. in Green River, however Assessor Jim Fauver informed the Commission that the week of August 14 through August 18 is when they would be in Salt Lake testifying on the centrally assessed appeals. Commissioner Randy Johnson made a motion to move Commission Meeting to August 22, 2000 at 4:00 p.m. in Green River, Utah at the Emery County/Sheriff Complex and to set Board of Equalization for August 22, 2000 from 12:00 p.m. until 3:30 p.m. in Green River and Wednesday, August 23, 2000 from 9:00a.m. until 3:00p.m. in Castle Dale. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**10:00 A.M.- PUBLIC HEARING- TO RECEIVE PUBLIC INFORMATION ON GOLD TERRA'S BLUE CASTLE MINE LEVEL 3 PERMIT.**

Commission Chairman Kent Petersen opened the public hearing. Mack Huntington, Planning Commission Chairman explained the purpose of the public hearing was to receive public comment on Gold Terra's Blue Castle Mine, Level 3, permit. The permit has been before the Planning Commission staff which recommends approval of the permit. Dan Shepherd, Gold Terra reviewed the permit which was for additional 320 acres. This is a conditional use permit in the mining and gas zone. Mr. Shepherd provided maps showing the proposed area in relation to the other Gold Terra mine sites. There will be no changes in operations just an expansion of use. Commissioner Johnson commended Gold Terra for the way they conduct their business. They are always well prepared. Commission Chairman Kent Petersen closed the Public Hearing.

(7)

**CONSIDERATION AND APPROVAL OF GOLD TERRA'S BLUE CASTLE MINE LEVEL 3 PERMIT.**

Commissioner Ira Hatch made a motion to approve Gold Terra's Blue Castle Mine Level 3 Permit. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(8)

**MACK HUNTINGTON, PLANNING AND ZONING, REQUEST FOR SETTING OF PUBLIC**

HEARING FOR C.W. MINING COMPANY, BEAR CANYON NO. 3 MINE.

Planning Commission Chairman, Mack Huntington requested a Public Hearing for C.W. Mining Company, Bear Canyon No.3 Mine in Huntington Canyon. The permit has been before the Planning Commission and now requires a public hearing to complete the next phase of the process of approval. Commissioner Randy Johnson made a motion to set a Public Hearing for September 5, 2000 at 5:30 p.m. to receive public comment for C.W. Mining, Bear Canyon No. 3 Mine. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

DISCUSS REQUEST FOR FOREST SERVICE ROAD PERMIT FOR REEDER VIEW SUBDIVISION.

Brant Walls, representative from Reeder View Subdivision, came before the Board of Commissioners to address what the members envision as a potential health problem in the Reeder View area. Recently a problem arose when there was a structure fire in the subdivision. Fire trucks dispatched to contain the fire were blocking the road preventing access to and exit from the subdivision. Mr. Walls contacted the Forest Service to request a permit to build a road completing the loop out of the subdivision. The subdivision members are willing to defray all the cost for building and maintaining the road. The Forest Service indicated they would not be receptive to a private request for permit to build a road. If the County were willing to apply for the easement it may be more receptive. Commissioner Hatch and Commissioner Petersen both agreed that the first thing to do is to meet with the Forest Service to see if this would work.

(10)

APPOINTMENT OF MEMBERS TO THE WATER CONSERVANCY DISTRICT BOARD.

This item was tabled.

(11)

DISCUSSION OF UPCOMING MEETINGS TO DISCUSS POTENTIAL RAILROAD.

UMWA Representative, Vic Staley formally requested to have a UMWA representative on the committee set up to look into the feasibility of putting a railroad in Emery County. Meetings have been set for August 8, 2000 at 7:00p.m. in Ferron, August 9, 2000 at 10:00a.m. in Huntington, August 9, 2000 at 7:00p.m. in Price. The economics are good for putting in a railroad, however there are two negatives. A railroad could result in reduction of need for truck drivers and coal could be railed in from another area possibly for less. Commissioner Petersen

pointed out the potential benefits far exceed the negatives. Potential benefits are, new markets for coal and other products and the potential for new economic development initiatives. UMWA felt that rail will market their coal more efficiently and is strongly in favor of putting in rail.

(12)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

Commissioner Randy Johnson made a motion to adjourn to executive session to discuss possible litigation and personnel matters. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Johnson had to leave for Salt Lake City, therefore Commission Chairman Kent Petersen stepped down through the remainder of the meeting to second the motions.

(13)

CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.

Deputy Clerk/Auditor Carol Cox presented a business license application from Sylvia Nelson DBA: Restoring Old Glory: Flag Repair. Zoning Administrator, Bryant Anderson had reviewed and signed the application. Also presented was a license renewal to sell alcoholic beverages, a "Class A" license from Blain K. Luke DBA: Trail Mountain Resort in Joe's Valley. Commission Chairman signature is required for renewal of this license. Commissioner Ira Hatch made a motion to approve the business license and "Class A" alcoholic beverage renewal as presented. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(14)

CONSIDERATION AND APPROVAL OF CERTIFIED TAX RATE.

Senior Deputy Clerk/Auditor, Brenda Dugmore explained that it is time for disclosure notices to go out. The Commission must decide whether to adopt the state certified tax rate or set their own rate. The decreased value this year is due to centrally assessed property appeals. The State Tax Commission reduced PacifiCorps value by 7% which was a substantial amount of loss in tax revenue. Texaco's value was also reduced and we lost Cyprus Coal Mine's tax revenue when they closed down. Commissioner Ira Hatch made a motion to adopt the State certified tax rate. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

The Board of Commissioners also set the tax rate for Castle Valley Special Service District. Castle Valley's rate is at the maximum allowed by law which is .00008. Commissioner Ira Hatch made a motion to adopt the .00008 tax rate for Castle Valley Special Service District. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(15)

APPROVAL TO WRITE-OFF AMBULANCE ACCOUNTS.

Senior Deputy Clerk/Auditor Brenda Dugmore requested write-off uncollectible ambulance accounts in the amount of \$176,057.65. These are accounts prior to June, 1999 that were never billed. Most insurance companies will not pay after a year. The Clerk/Auditor's office has recently taken over the ambulance billing and subsequently found many billings that were never sent out and/or attempts made to collect from the insurance company or the individual. Commissioner Ira Hatch made a motion to write-off uncollectible ambulance receipts as recommended by the Clerk/Auditor's Office. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(16)

CONSIDERATION AND APPROVAL OF AGREEMENT WITH E-UTAH FOR DISCLOSURE OF EMPLOYEE DRIVER'S LICENSE INFORMATION.

Personnel director, Pat Snowball explained that UAC Mutual Insurance requires the county to check driver's license records on a yearly basis of employees who drive county vehicles. The county policy prohibits use to a driver with 'DUI' on their record. A program called e-Utah allows Ms. Snowball to check employee records over the internet for free. Currently these checks are being done by the Sheriff's Department which is time consuming for that department. E-Utah assures that all the information is secured and only authorized entities are allowed to access the information. Commissioner Ira Hatch made a motion to accept the recommendation to sign up for the e-Utah program. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(17)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List #131728 through and including #131896 for payment.

Requisitions were presented for the following:

(18)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director, Pat Snowball presented the following personnel action:

Road Department

Robert Davies, Equipment Operator/Driver in Green River submitted his resignation effective July 10, 2000. Because of time constraints for advertising for a replacement, approval was given prior to the meeting. Request is now made to ratify the approval to recruit for an equipment operator/driver in Green River to replace Robert Davies at Grade 12 entry \$10.57/hr., eligible for full benefits. Commissioner Ira Hatch made a motion to ratify the recruitment for an Equipment Operator/Driver in Green River as proposed. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

Assessor

Shelly Gilpin is eligible for the routine progressive wage increase from 6A \$8.48/hr to 7A \$8.84/hr effective July 7, 2000. Jim Fauver recommended the increase. Commissioner Ira Hatch made a motion to approve the routine progressive wage increase for Shelly Gilpin. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

(19)

APPROVAL OF COMMISSION MEETING MINUTES

Commissioner Ira Hatch made a motion to approve the minutes dated June 20, 2000 as corrected. The motion was seconded by Commissioner Kent Petersen and approved by all member present.

(20)

COMMISSION REPORTS

*Commissioner Hatch*

Commissioner Hatch reported that the new Emery County travel brochures are finished. They are very well done. He met with Council of Governments and the mayors recently regarding indigent burials and acquiring plots in each town.

*Commissioner Petersen*

Commissioner Petersen sat through one day the of hearings on SUWA's request to close roads on the desert. Emery County has officially intervened. The Judge is deciding whether to consider our intervention prior to his ruling.

(21)

ADJOURNMENT

Commissioner Ira Hatch made a motion to adjourn the meeting. The motion was seconded by Commissioner Kent Petersen and approved by all members present.

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**August 1, 2000**

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

**(1)**

**DELENA FISH, WORKFORCE SERVICES, QUARTERLY UPDATE.**

Delena Fish, Workforce Services reported on second quarter job referrals and contacts. She provided statistics showing an increase in referrals and job placements. Workforce Services will provide specific help to the local miners who face lay-off at the end of this year. They have funds that have been earmarked for training the miners to aid with the transition into new jobs. She reported on child care payment changes. The summer youth program is winding down. Graduation will be August 10, 2000 with twenty-one youths graduating from the program. Workforce Services has been successful in keeping individuals working and not cut-off from their benefits.

**(2)**

**CITIZEN CONCERNS**

Mark H. Williams requested an update on the Conservation Bill. Commissioner Johnson reported that the bill has passed unopposed from the Senate Markup Committee. The Senate is on break now for National Convention and when they return after Labor Day the bill will go to the Senate floor. The bill is still moving along on the Senate side gaining support along the way. Commissioner Johnson felt the bill has better than a fifty-fifty chance to reach any legislation.

Attorney, David Blackwell and Val Payne were in Salt Lake City where they attended the hearing on Emery County intervening in the SUWA lawsuit against BLM to close roads in various Wilderness Study Areas. About nine months ago SUWA filed a lawsuit against BLM to try and stop cross country vehicular travel of any kind (four wheeler, motorcycle, regular vehicles). About two months ago they filed for a temporary restraining order which would immediately close the roads in question. Both Emery County and the State of Utah felt it was very important to intervene in this case. The State put together a brief, which Emery County piggy-backed on, that was filed with the court and heard on July 31, 2000. The court seemed hesitant about allowing the State in the lawsuit, but would have no problem bringing the County in. The State could always claim the eleventh amendment granting immunity from lawsuits. The State claims co-ownership in the RS2477 roads with the county. It would have been hard to put one in and not the other. SUWA indicated they would make some concessions, stating they

could never deny the State access to trust lands. They were willing to recognize certain roads that they would withdraw from the lawsuit. The only problem is they were choosing the roads. It was interesting to see the kind of arguments that they came up with. The judge has to decide who should be in the lawsuit or if he should dismiss it all together and make SUWA re-file including the County and State. At this point the State would have the option of claiming immunity (Amendment 11). Other counties and entities that have intervened are: Shared Access Alliance, San Juan County, Kane County, Wayne County and SITLA.

**(3)**

**DISCUSSION AND APPROVAL OF INVOICE FOR PUBLIC LANDS LITIGATION.**

Commissioner Randy Johnson sits on the board of the Public Lands Litigation Oversight Committee responsible for litigation on public lands issues by Utah Association of Counties. Commissioner Johnson went before the UAC board to ask for direction on paying costs incurred since the Monument was created and other costs. The UAC board concluded to ask each county to put in \$2,000.00 to help defray the rest of the cost that they may incur this year until the counties can go to their budget session and through the budget process possibly put in another \$2,000.00. Commissioner Randy Johnson made a motion to approve paying the invoiced amount of \$2,000.00 to continue in the Public Lands litigation efforts. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(4)**

**CONSIDERATION AND APPROVAL OF AGENCY WAIVER, RELEASE AND INDEMNITY AGREEMENT.**

Commissioner Petersen explained that the school district has requested a waiver, release and indemnity agreement in order to use a school bus to transport individuals to county events. UACIM covers the county for this type of liability. Commissioner Ira Hatch made a motion to approve signing the waiver, release and indemnity agreement. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(5)**

**APPOINTMENT OF MEMBERS TO THE EMERY WATER CONSERVANCY**

**DISTRICT BOARD.**

Commissioner Randy Johnson made a motion to table this until next Commission Meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

**APPROVAL OF APPOINTMENT TO THE EMERY COUNTY FIRE PROTECTION SPECIAL SERVICE DISTRICT.**

Emery Town requested a change in the town Fire Chief. Glen Van Tussenbrook had been serving in that capacity and they now requested to change to Chad Lake. Commissioner Randy Johnson made a motion to appoint Chad Lake to the Emery County Fire Protection District as Fire Chief. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

**RATIFY CONTRACT WITH STATE FOR FUNDS TO FURTHER DEVELOP GIS IMPLEMENTATION IN RURAL GOVERNMENT.**

Commissioner Petersen explained that the contract with the state for funds to further develop GIS implementation in rural government which required Commission signature needed to be sent in by a certain date. In order to meet that date Commissioner Petersen signed the contract and now his signature needs to be ratified. Commissioner Randy Johnson made a motion the authorize Commission Chairman Kent Petersen to sign the contract with the state for funds to further develop GIS implementation in rural government. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

**RATIFY APPROVAL OF FCC LICENSES**

Commissioner Johnson explained that the FCC licenses owned by rural areas were about to go out on the auction block which could be bought up by large media corporations leaving small communities without free access to television. The Utah Association of Counties created an organization that, in conjunction with the legislation passed by the state, and funded through mineral lease funds, wherein they will replace all the translators in all the counties. This will make them all digitally adaptable and able to pick up the signals we are now applying for and not lose the opportunity to have free television in all the counties. The organization is made up of a five member board of which Commission Johnson is a member. A representative from each of the counties is also on the board. The date for signing the license was prior to this meeting

therefor the license was signed and now needs to have the signature ratified. Commissioner Ira Hatch made a motion to approve signing the FCC License. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(9)****REVIEW AND APPROVE EEOP FOR EMERY COUNTY.**

Attorney David Blackwell reviewed the Equal Employment Opportunity Plan. Kyle Ekker and David Blackwell attended a seminar on federal grants and learned that in order to continue to receive funds for the Drug Task Force Grant, Emery County must have this policy in place. Commissioner Randy Johnson made a motion to approve the EEOP for Emery County. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(10)****APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Senior Deputy Clerk/Auditor Brenda Dugmore presented for consideration and approval the Warrant Check Edit List #132068 through and including #132182 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
46-00	Typewriter Attorney	\$ 480.00	Approved
47-00	(10) Computers Library	11,771.00	Approved
48-00	Storage for Magnesium Chloride Road Dept.	2,000.00	Approved

Four requisitions were placed on hold in the last commission meeting pending clarification by Sheriff Guymon. Requisitions were reconsidered for the following:

Commission Meeting Minutes  
August 1, 2000

34-00	Radio Base Station Sheriff	715.00	Approved
35-00	Radio Base Station Sheriff	715.00	Approved
38-00	GPS Unit Ambulance	478.88	Approved
39-00	(12) Radios Ambulance	4,879.60	Approved

Commissioner Ira Hatch made a motion to approve payment of Warrant Check Edit List and additional claims, and the requisitions as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(11)****PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Personnel Director, Pat Snowball presented the following personnel action:

Recorder

Megan Boyle has been hired temporarily in the up to 90 day designation to do microfilming in the office effective July 10, 2000 at a rate of \$7.00/hr. This is a budgeted expense. Commissioner Randy Johnson made a motion to approve hiring Megan Boyle in the up to 90 day designation as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Library

Misti Christiansen, Assistant Branch Librarian, Emery Library, is eligible for the six month orientation routine wage increase effective August 2, 2000. She will go from 4A, \$7.81/hr. to 4B, \$7.98/hr. This is approved by both her immediate supervisor, Vickie Jacobsen and County Librarian, Jerilyn Mathis. Commissioner Ira Hatch made a motion to approve the routine wage increase for Misti Christiansen as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Sheriff

Sheriff Guymon would like approval to replace Bob Kurtz as bailiff. Since this a job duty which requires a full certified officer and is part of the Corrections Officer job description, he will appoint a person already in that classification to perform bailiff duties. This is a grade 12 position. Since this will leave a position open, Sheriff Guymon requested approval to proceed with recruitment from the new roster. Commissioner Randy Johnson made a motion to approve Sheriff Guymon's request to appoint a person to fill the bailiff position and to recruit a new officer. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

#### Communications

Bret Mills requires help making repairs at communications sites within the county and has hired Rory Stucki at \$7.00/hr. starting August 1, 2000 in the temporary, up to 90 day designation. Commissioner Ira Hatch made a motion to approve hiring Rory Stucki in the up to 90 day designation as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

#### Road

The recruitment and selection process have been completed for the Crewleader/Mechanic position. It is recommended that J.D. Seely be hired at a grade 15, step K \$15.13/hr., starting August 21, 2000. Commissioner Randy Johnson made a motion to approve hiring J.D. Seely as Crewleader/Mechanic as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

#### (12)

#### **CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.**

Commissioner Ira Hatch made a motion to approve the minutes dated July 18, 2000 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

#### **COMMISSIONER REPORTS**

#### **Commissioner Hatch**

Commission Meeting Minutes  
August 1, 2000

Commissioner Hatch, Rex Funk and Craig Johansen accompanied the Utah Transportation Commission on a tour down portions of Highway 10 from Price to South Emery looking at the impact of coal trucks on the highway while discussing projects along Highway 10. After the tour the Commission board members were brought to the Emery County Courthouse where they were greeted with a luncheon and held an informal meeting discussing state highways, meeting local officials and listening to citizen concerns. Commissioner Hatch added that this provided an opportunity for public opinion in an informal setting which were included in their formal meeting minutes the next day. As this was Fair week many stayed for the lamb fry in the afternoon and in the evening attended the Castle Valley Pageant. Commissioner Hatch received many nice comments on the way traffic was handled by the Sheriff's Department.

Commissioner Hatch also reported on a request from homeowners in the Reeder View Subdivision in Joe's Valley. The group met with the Commission on July 18, 2000 to discuss what the group envision as a potential health risk to the homeowners in the subdivision. Access to and from the subdivision was recently blocked off by fire fighting equipment during a structure earlier this year. The group contacted the Forest Service requesting a permit to build a road completing the loop in and out of the subdivision. The Forest Service indicated to the group that they would be more receptive to the permit if application was made by Emery County rather than private individuals. Therefore, the group requested the County apply for permit to construct the relatively small section of road. At that time the Board of Commissioners agreed that they would meet with the Forest Service to see it this would work. Commissioner Hatch met with the Forest Service on behalf of the Reeder View homeowners. The Forest Service indicated they would consider the same for homeowners as they would for the County.

**Commissioner Johnson**

Commissioner Johnson reported on the Emery County Fair and Castle Valley Pageant. The numbers of visitors is up from last year. He encouraged everyone to attend the activities.

**Commissioner Petersen**

Commissioner Petersen met with Governor Leavitt and Sevier County officials to discuss the potential Railroad Project. The discussion involved the support for combining the applications for railroads from Sevier, Uinta and Emery Counties into one project application.

Commissioner Petersen also reported that the members and staff of the State Legislature are

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY/SHERIFF COMPLEX  
IN GREEN RIVER, UTAH**

**August 22, 2000**

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Senior Deputy Clerk/Auditor Brenda Dugmore, other elected officials and citizens.

**(1)**

**CONSIDERATION AND APPROVAL OF LAND EXCHANGE WITH VERNEL ROWLEY FOR ROAD RIGHT-OF-WAY.**

Commissioner Hatch explained that the Emery County Road District #1 has been working on the road east of Huntington to Lawrence and is trying to obtain a right-of-way. The right-of-way is on Mr. Rowley's property and he is willing to trade the needed right-of-way for a different piece of ground that the county owns. Attorney David Blackwell has looked into the legalities and does not see a problem with the exchange. Commissioner Ira Hatch made a motion to approve the transfer and sign the deed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(2)**

**EASTERN UTAH AREA HEALTH EDUCATION CENTER PRESENTATION AND REQUEST FOR ENDORSEMENT.**

Randy Johnson, Eastern Utah Area Health Education Representative (AHEC), came before the Commission to explain the operations of AHEC. They are working in the communities to help recruit, train and retain rural health care professionals. They have helped with health and career fairs. The organization is in need of funding from the State legislature. Mr. Johnson was present to ask for the Commission's endorsement to UAC in support of this cause. Commissioner Randy Johnson made a motion to give an endorsement to UAC to support this organization. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(3)**

**REPRESENTATIVES FROM TAX COMMISSION TO DISCUSS ADJUSTMENT PROCESS ON VALUE OF CANYON FUEL MINE VALUES.**

Representatives from the Utah State Tax Commission were present to discuss the Skyline mine settlement. The Tax Commission is proposing a settlement with Skyline mine which would result in significant reduction in taxable value and a payback of tax dollars in the amount of \$1,043,559 for overpayments in 1998 and 1999.

**(4)****DISCUSSION OF THE GREEN RIVER ANNEXATION PROCESS.**

The Green River annexation bill passed the legislature again this year. It required an economic study to be paid for by both counties. The economic study has been done and resulted in Emery County having the option of moving forward with the election process. Grand County has filed a lawsuit against Emery County and Green River City. Grand County is trying to get a court order to stop the election stating the bill is unconstitutional and the economic study was flawed. Discussion followed on the need to educate voters and the need for a meeting with Green River City to coordinate how to proceed with educating voters.

**(5)****CITIZEN CONCERNS.**

Richard Snowball, representing the local conservation work group, came before the Commission to discuss the salinity projects that are going on in the County. There has also been interest expressed to move forward with a project in Green River. The NRCS employs fewer people than it did 25 years ago. The group plans on asking the legislature to fund the Utah Association Conservation District so they can hire technical people to help plan the projects. Mr. Snowball asked the Commission for their support by sending a letter to the legislature. Mr. Snowball also thanked the Commission as a whole for their support in past and continuing water projects.

Green River mayor Glen Dale Johnson thanked the road department for their help in clearing the flooding problem. He also informed the Commission that Melon days will be held September 15<sup>th</sup> through the 17<sup>th</sup>.

**(6)****DISCUSSION OF CELL PHONE POLICY FOR ROAD DEPARTMENT.**

Commissioner Kent Petersen explained that a request had been made by an employee from the road department to reimburse the employee for a lost cell phone. The Commission discussed the need for cell phones on the job and when the employees should have some responsibilities for caring for their personal equipment. Commissioner Ira Hatch made a motion to not reimburse for the lost cell phone. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(7)**

**APPROVAL OF REVISED PCIFB LOCAL CAPITAL IMPROVEMENT LIST.**

Commissioner Randy Johnson made a motion to add the feasibility study for a railroad to the PCIFB Local Capital Improvement List. The Commission will be asking the PCIFB for a \$25,000.00 grant to help pay for the study. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(8)**

**DISCUSSION OF NOMINEES FOR STATE RECREATIONAL TRAILS ADVISORY COUNCIL.**

Commissioner Kent Petersen informed the Commission that he had received a letter from UAC advising that an appointee to the State Recreational Trails Advisory Council's term was expiring. This would be a three year appointment. Commissioner Randy Johnson made a motion to nominate Sheriff LaMar Guymon for the State Recreational Trails Advisory Council. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(9)**

**CONSIDER APPLICATION FOR CDBG GRANTS.**

There will be a meeting on September 6<sup>th</sup> with the State. The meeting will be a training session on how to get CDBG grants. Commissioner Hatch will follow up with the requirements.

**(10)**

**DISCUSS UPCOMING UTAH LEGISLATIVE VISIT TO CARBON AND EMERY COUNTIES.**

The Utah State Legislature will be coming to Carbon and Emery Counties on September 19<sup>th</sup> and 20<sup>th</sup>. Commissioner Petersen and Economic Development Director Rosann Fillmore are coordinating activities. The legislature will be touring projects around Emery County. Tours will include Deer Creek mine, mine reclamation sites, proposed SR conservation sites, the museum and the dinosaur quarry.

**(11)**

**DISCUSSION OF HORN MOUNTAIN COMMUNICATIONS/TV BUILDING AND STATUS OF FOREST SERVICE PERMITS.**

The Commission received a letter from Bret Mills, Communications Specialist. The letter discussed the need for a new building on horn mountain to house the communication and tv translators. Up to this point we haven't been receiving the benefits that we probably should have. The forest service isn't ready to give the lease to someone else but the Commission discussed the need to look at the feasibility of a new building. Commissioner Ira Hatch made a

motion to authorize Bret Mills to get with those involved and come up with a proposal for a new building. The County could possibly get the project on the CIB list. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(12)

**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List #132439 through and including #132661 for payment.

Requisitions were presented for the following:

<u>REQUISITION #</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

Dispositions were presented for the following:

<u>ASSET #</u>	<u>DESCRIPTION</u>	<u>HOW DISPOSED</u>	<u>ACTION</u>
006490	Cell Phone/Public Lands	Junked	Approved

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List for payment and the requisitions and dispositions as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(13)

**PAT SNOWBALL, PERSONNEL DIRECTOR ,APPROVAL OF PERSONNEL ACTION.**

Personnel Director Pat Snowball presented the following for Commission action:

***Road Department - Green River Equipment Operator/Driver***

The first advertisement for the opening in Green River resulted in twelve applications. Road Department Supervisor Rex Funk and Green River Foreman Terry Seager felt there were qualified operators in the community who work out of town and did not know about the opening. They requested that a second advertising period be conducted to give everyone a chance. Ms. Snowball requested ratification of the continuation of the advertising. After much discussion it was decided that the first group of twelve applicants would be interviewed. If none of the first twelve are qualified then the road department could move to the second list.

***Sheriff's Roster - Entry Level Law Enforcement***

Out of the first group that applied and were tested for law enforcement only two people passed both the physical and written tests. The Sheriff is requesting another testing be conducted. The advertising for this testing would occur on August 19<sup>th</sup> through September 8<sup>th</sup>. The testing would be conducted sometime during the week of September 18<sup>th</sup>. Commissioner Randy Johnson made a motion to move forward with the advertising to create a roster. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

***Prescription Drug Contract - Changing Companies***

During insurance renewal time Jeff Kelsey, IBA, felt that switching to ScriptWorld would result in a savings to Emery County of about 2-3 percent. The effective date of the new prescription plan would be September 1, 2000. Commissioner Ira Hatch made a motion to sign the contract with ScriptWorld. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(14)

**APPROVAL OF COMMISSION MEETING MINUTES.**

This item was tabled until the next commission meeting.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

September 5, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commissioner Ira Hatch, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

DICK MANUS, BLM, QUARTERLY UPDATE

Dick Manus was not present at the meeting.

(2)

CROCKETT DUMAS, FOREST SERVICE, QUARTERLY UPDATE

Crockett Dumas was not present at the meeting.

(3)

MILES MORETTI, DWR, QUARTERLY UPDATE

Miles Moretti, DWR reported on drought related problems existing with game herds. Due to the lack of water bears have been coming into the watermelon patches and other areas foraging for food. They have had two known incidents with human-bear interaction. They have instigated a depredation hunt by Elmo to control the deer and elk in the fields. Antelope are a problem in Green River. Winter range looks rough for this year. They may need to have depredation hunt to control game herds.

(4)

DEAN YOUNG, REQUEST CATTLE GUARD BE INSTALLED AT WEST END OF YOUNG LANE.

Dean Young, Huntington, came before the Board of Commissioners to discuss a liability question regarding a gate he has across county road 311 (South Flat Road). Mr. Young requested putting a cattle guard on the road, thus negating the need for the gate. Cattle are grazed there in the winter and need to be contained, however he is concerned for the liability in case someone is hurt traveling on the road while he has a gate there. Attorney David Blackwell and Sheriff La Mar Guymon reminded Mr. Young that the gate is illegal since he does not have a written contract with the county to have a gate there. Mr. Young indicated he no longer needs

the gate and will be taking the gate down. However the cattle still need to be contained as per law. Mr. Young had heard there was a used cattle guard that could be used for this purpose. After much discussion, Commissioner Ira Hatch made a motion to pursue acquiring the used cattle guard. If indeed a used cattle guard is available, the County will negotiate with Mr. Young the cost to participate in putting in the cattle guard in as per county policy. If the cattle guard is not an option, the county and Mr. Young may negotiate to participate in putting up a fence as per county policy. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(5)

DAN HUNTER, REQUEST TO DECLARE THAT AN EMERGENCY DROUGHT EXISTS IN EMERY COUNTY.

Dan Hunter, Eastern Utah Cattleman's Association requested Emery County declare that an emergency drought exists in Emery County. Emery County has experienced a lack of rainfall during the 1999-2000 water year together with extreme and prolonged summer heat. The lack of precipitation has resulted in a decline in the production of forage growth on public and private rangelands and farms within Emery County. The lack of moisture has also resulted in the significant decline of available irrigation water necessary for the cultivation of winter feed resources. The use of public and private rangelands within the County may be severely restricted as a result of the lack of moisture and decline in forage production. Declaring that an emergency drought exists in Emery County by way of adopting a resolution will begin the process to receive assistance in getting necessary feed for livestock and other means. Commissioner Randy Johnson made a motion to pass Resolution 9-5-00A declaring the existence of an emergency drought in Emery County. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

KELLIE J. NELSON, PRESENTATION OF YOUTH AND FAMILIES WITH PROMISE PROGRAM AND REQUEST SUPPORT FROM COMMISSION.

Kellie J. Nelson, Utah State University Extension made a presentation of a level 2 mentoring program called Youth and Families with Promise. This is a preventative program designed for at risk youth and their families. Participants are matched with younger adult mentors and older adult grand-mentors who facilitate modeling of caring behavior, educational opportunities, organizational identification in 4-H, service opportunities, family enhancement experiences and wholesome recreational experiences. The program involves youths with positive role models, builds social skills that the youth needs to succeed as an adult, strengthens families relationship skills, gets the youth and family involved in positive community activities and provides service to others and to the community. The goal of YFP is to reduce and prevent juvenile delinquency

by improving academic performance, fostering positive social skills and strengthening family bonds. The criteria for at-risk youth selection is: serious academic problems, behavioral problems in the home, school or the community, referral by the school, juvenile court, community agency or parent. Ms. Nelson requested support for the program from the Board of Emery County Commissioners by providing an individual to sit on the advisory board. Commissioner Ira Hatch made a motion to appoint Ira Hatch to the advisory board of the Youth and Families with Promise Program. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

**5:30 P.M.- PUBLIC HEARING- TO RECEIVE PUBLIC COMMENT REGARDING  
LEVEL 3 CONDITIONAL USE PERMIT OF C.W. MINING COMPANY.**

Mack Huntington, Planning Commission Chairman reviewed the Level 3 Conditional Use Permit of C.W. Mining Company. The application has been reviewed by the Planning Commission Staff and have found it to acceptable. The permit would allow for construction of a road and surface facility. The company will be required to keep current permits required by state and federal law, which they are in the process of obtaining. Charles Reynolds and Nephi Walton, representatives of C.W. Mining were present to explain the project plans and address concerns. Dennis Ward and Kay Jensen, Huntington-Cleveland Irrigation Company, found exception with spring or project water disturbance where the road would be constructed. They asked for clarification of Planning Commission minutes. HCIC asked that no decision be made until the Board of Commissioner have an opportunity to read a document prepared by their lawyer stating their concerns. The Planning Commission Staff found the permit to be within the limits and recommend approval.

Action could not be taken on this permit at this time due to the fact that it was not on the agenda.

Commission Chairman Kent Petersen closed the Public Hearing.

(8)

**CITIZEN CONCERNS**

Green River Clinic requested use of an old Crown Victoria from the Sheriff's Department. The car would be used to transport patients to the clinic. Sheriff Guymon indicated he had a Crown Victoria which needs some work done on it and is not being used. Commissioner Randy Johnson made a motion to disposition and transfer ownership of the Crown Victoria to the Green River Clinic. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Kay Jensen, Huntington-Cleveland Irrigation Company requested to make spraying weeds along

the canals a priority for next year.

Mark H. Williams reported that there are two vacancies on the State Trails Committee. The vacancies are in the education and non-motorized sub-committees. He stressed the need to have someone from our area on the non-motorized committee.

(9)

CONSIDERATION AND APPROVAL OF TERMINATION OF FOREST SERVICE SPECIAL USE PERMIT FOR 6KV POWER LINE TO HORN MOUNTAIN FOR TRANSFER TO UTAH POWER.

Commissioner Randy Johnson made a motion to table this item. The motion was motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

CONSIDERATION AND APPROVAL OF EMERY COUNTY DRUG COURT AGREEMENT.

Sheriff LaMar Guymon explained that Drug Court is a new concept in handling drug offenders. Tim Simmons is the program director. Out of the twenty-nine counties applying for funds to implement this program, Emery County was awarded the most funds. The funds will be used for a full time officer and vehicle to track offenders assigned to drug court. Attorney David Blackwell has reviewed the agreement and recommends signing. Commissioner Randy Johnson made a motion to approve the Emery County Drug Court Agreement. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

DISCUSS PARTICIPATION WITH NURSING HOME FOR FINANCING IMPROVEMENTS.

Kent Michie, Vice President, Zions First National Bank discussed a \$150,000.00 loan application from Emery County Nursing Home for roofing, heating and cooling improvements. Mr. Michie recommended Emery County be the co-applicant for the loan which will allow tax exempt status. The 6.65% loan is a lease purchase agreement by and between Zions First National Bank and Emery County. Emery County Nursing Home as the sub-lessee will make the monthly payments. A resolution approving the form of the lease/purchase agreement was presented for approval. Commissioner Randy Johnson made a motion to approve Resolution 9-5-00B approving the form of the Lease/Purchase Agreement with Zions First National Bank and authorizing the execution and delivery of the loan. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

APPROVAL OF BUSINESS LICENSE.

Commissioner Ira Hatch made a motion to approve a business license for Guy Salisbury DBA: Emery Alternator & Starter. Upon review of the Planning & Zoning Commission, Mr. Salisbury was granted a Level Two Conditional Use Permit for an on premise occupation. Commissioner Ira Hatch made a motion to approve a business license for Guy Salisbury DBA: Emery Alternator & Starter. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(14)

APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List #132835 through and including #132962 for payment.

There were no requisitions or dispositions.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List and additional claims for payment. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(15)

PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.

Personnel Director, Pat Snowball presented the following for Commission action:

GIS

GIS requested an up to 90 day temporary assignment for Jason Bailey at \$8.00/hr effective August 29, 2000. The wage is to be paid by grant money expected by September 1, 2000. The Clerk/Auditor's office had not received the funds as of this date. The Board of Commissioners discussed the necessity of having the funds in place before hiring an employee. Commissioner Petersen will get with Lee Rasmussen and when the money show up we can ratify a decision in the next meeting. No action was taken.

(16)

CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.

Commissioner Randy Johnson made a motion to approve the minutes dated August 1, 2000 and August 22, 2000 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(17)

COMMISSION REPORTS

Commissioner Johnson

Commissioner Johnson reported on the hearing held for the SUWA lawsuit against BLM to close a number of roads. Excellent evidence was presented in favor of the Federal Government, the State of Utah, Emery County and other agencies. The judge in the case asked for briefs by October 23, 2000. We will know sometime after that how it will go. Rulings should be in our favor. The judge also indicated he would not rule on anything to close roads without hearing more from the county. It was the feeling of the Commission that if Emery County had not intervened in the case we would have had roads closed.

Commissioner Hatch

Commissioner Hatch met with UDOT regarding re-paving in front of the airport hangers. Rex Funk and Commissioner Hatch will meet to go over the needed repairs. Commissioner Hatch attended a meeting with Colorado Basin Advisory Council where they discussed advisory guidelines. He also attended a meeting with Texaco where they laid out the plan for drilling in Huntington and Orangeville. They are in the process of working on the right-of-ways through State Trust Lands which would mean mineral lease funds for the County. Commissioner Hatch met with Craig Johansen and the Interim Committee for Water Hydrology. They are working on water replacement rules.

7

Commission Meeting Minutes  
September 5, 2000

Commissioner Petersen

Commissioner Petersen felt that being present at the SUWA/BLM lawsuit helped save roads in Emery County. While in Salt Lake City Kathleen Truman, Utah Travel Council had an opportunity to visit State and BLM archives where she found documentation that many of the roads in question belong to Emery County.

(18)

OTHER BUSINESS

Rex Funk, Road Supervisor reported that the bid opening for South Moore Cut-Off/Horn Silver Gulch Right-of-way will be Thursday. He asked for permission to proceed with awarding the bid to the lowest bidder and ratifying the award in the next meeting. The Board of Commission agreed.

(19)

EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.

An executive session was not necessary.

(20)

ADJOURNMENT

Commissioner Randy Johnson made a motion to adjourn the meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**September 19, 2000**

Present at the meeting were Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

**(1)**  
**DICK MANUS, BLM QUARTERLY UPDATE.**

Dick Manus, BLM, reported on the SUWA/BLM lawsuit hearing injunction. They have received word that the plaintiff received an extension. They expect to be back in court in mid November. He also reported on Public Lands Day scheduled for September 22, 2000. Congressman Canon will be there for about an hour around 9a.m. They have scheduled a tour for the BLM director. Regarding the Lila Canyon Coal Mine, they are waiting for documents for NEPA. They are in the process of preparing a decision and responding to a written opposition.

**(2)**  
**CROCKETT DUMAS, FOREST SERVICE QUARTERLY UPDATE.**

Crockett Dumas was not present at the meeting.

**(3)**  
**CITIZEN CONCERNS**

Commissioner Ira Hatch updated the Board of Commissioners on Airport operations. Will Robertson, Airport Operations, has learned of potential federal funding for upgrading small rural airports. He has requested to attend the Air 21 Bill and workshop in Page, Arizona in October to learn how to apply for funding. Will indicated there was enough funds in the airport budget to cover the cost to attend the workshop. Commissioner Hatch told of the problems associated with chip seal at the airport. Planes have a problem using the airport because the rock chips damage propellers and intakes. Johansen & Tuttle is working up a proposal to turn in to the state for possible funding to reconstruct the tarmac and parking area at the airport. The slurry seal project on the main runway was completed from a project financed by Special Service District #1. Will also requested increasing the size of the fuel tanks at the airport in the new budget session.

**Commission Meeting Minutes  
September 19, 2000**

(4)

**DISCUSSION OF BILLBOARD SIGN**

Rosann Fillmore, Economic Development discussed problems with the billboard sign in Price near CastleView Hospital on Highway 6. The wind has blown the sign down. The owner of the sign has offered to reconstruct the sign but the lessee (Emery County) would be responsible for painting the sign. The lease for the sign is up for renewal in January at \$3,000.00/yr. Painting the sign would be approximately \$2,500.00. The Board of Commissioners questioned the value of the sign to Emery County. They discussed the fact that better use could be made of the \$5,500.00. Rosann asked if the County wanted to request a prorated refund for the three months the sign is not usable. Commissioner Randy Johnson made a motion to not renew the lease for the Carbon Billboard/Sign and research receiving a refund for the three months not in use. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF C.W. MINING COMPANY (CO-OP MINE)  
APPLICATION FOR A CONDITIONAL USE PERMIT FOR THE BEAR CANYON  
NO. 3 MINE.**

No Action was taken at this time.

(6)

**DISCUSSION OF BUILDING AT HORN MOUNTAIN.**

Commissioner Johnson reported that Emery County is looking at consolidating in a more efficient manner the uses of the county's Horn Mountain permit. In order to do that we need to construct a new building to accommodate all the users. There are some entities currently using Horn Mountain who would like to build a building. We think Emery County should be the one who builds the building to maintain control of the Forest Service lease. We have been looking at what we have to do to accommodate future use of that lease area. Bret Mills, Communications Specialist and Val Payne visited the area and produced a rough draft of the current facilities with towers and etc. Randy Freston, Engineer for Western Wireless, one of the entities wishing to construct a building to house their equipment, has produced a rough draft of a possible building. The building could accommodate several users who could have access, through an individual door, to their equipment in each compartment. Each carrier would provide heating and air conditioning as needed to their compartment as well as a separate power meter for each compartment. There would be two tower structures on the site. Emery County would keep the large tower which is in need of a new pad to re-enforce the base of the antenna tower. Western Wireless would like to put up a tower at their cost. The tower would be a multi-use tower.

**Commission Meeting Minutes  
September 19, 2000**

Other entities would be able to lease tower space from Western Wireless. Emery County has two sites on Horn Mountain. One lot has the generator building and a small older tower (which would be removed). The other lot has the large tower and the current building. The lease allows for one building and two towers. So we could put another tower on the lot and maintain control of the lease. The size of the building proposed is 24x48 with eight 10x12 compartments. Emery County would need two possibly three compartments, Western Wireless needs two, Verizon needs two and Texaco needs one. As other carrier/providers are interested in leasing space the building could be made bigger to accommodate more compartments. Emery County as site permittee would be required to do inspections, finding out about transmitters and equipment and submitting a report on a yearly basis. Emery County would collect lease space rental from other carriers and pay the Forest Service lease each year. Commissioner Johnson expressed concern for starting this so late in the year. Not only are we looking at weather catching up with us but there is the fact that this was not budgeted for in this year's budget. Commissioner Hatch asked if there was room at the current site for Western Wireless to set up on a temporary basis until we can get the building done. Bret Mills indicated that there was room. Bret suggested putting in the footers for the building, get the antenna/tower fixed and get permission to get cement poured for Western Wireless for their tower. Commissioner Johnson thought we could probably get those things done however to do those things we would have to open the budget to allow for funds. The repairs for the antenna/tower were budgeted for in 2000. The bottom line is Emery County wants to maintain the lease with the Forest Service. We want control of Horn Mountain and we don't want to relinquish that control. We are happy to work with and accommodate all the uses that need to be up there. We recognize that to maintain that control we have got to build a new building. It is our intent to move on this as fast as we can. The Board of Commissioners questioned whether it was appropriate for us to step out of the budget and build the building this year. They felt the building could wait for the budget process and be built in the spring. Commissioner Randy Johnson made a motion to give Bret the go ahead to let us know what it is going to take to repair the antenna/tower base and get that process going immediately so as to beat the weather, also to start the ball rolling for the budget process, plans and whatever else we need to be ready to build the building in the spring and allow Western Wireless to proceed with their tower. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF AGREEMENT WITH UTAH POWER TO TRANSFER OWNERSHIP OF POWER LINE.**

Emery County has been working for some time to turn the power line the County built to Horn Mountain over to PacifiCorp. As owners of the power line they will maintain it and charge all lessors at the facility for the power they use. Attorney David Blackwell recommended signing the documents upon return of the original corrected version of the documents and upon

4

**Commission Meeting Minutes  
September 19, 2000**

termination of the special use permit with the Forest Service. Commissioner Randy Johnson made a motion to approve signing the documents upon receipt of the original documents and upon termination of the special use permit with the Forest Service. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(8)**

**CONSIDERATION AND APPROVAL OF TERMINATION OF FOREST SERVICE  
SPECIAL USE PERMIT FOR 6KV POWER LINE TO HORN MOUNTAIN.**

Randy Johnson made a motion to approve termination of the Forest Service Special Use Permit for 6KV power line to Horn Mountain upon receipt of original documents from PacifiCorp to turn the line over to them. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND  
DISPOSITIONS.**

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List # 133206 through and including #133347 for payment.

One requisition was presented from the Road Department for a gooseneck trailer at a proposed cost of \$8,500.00.

Two dispositions were presented for consideration.

Asset #210-5059 a 1992 Ford Crown Victoria which was approved in last Commission Meeting to be given to Green River Medical Center for transporting patients. Economic Development had a Texas Instrument Laser Printer 600 which no longer worked and needed to be junked.

Commissioner Randy Johnson made a motion to approve the Warrant Check Edit List for payment and the requisition and dispositions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following for Commission action:

**Commission Meeting Minutes  
September 19, 2000**Risk Management

The Risk Management-Accident Review Committee presented a recommendation for amending the personnel policy in the area of auto liability as suggested by Emery County's insurance carrier Utah Association of Counties Insurance Mutual. The amendment adds to Section 14-Disciplinary Procedures, paragraphs 14.7 through 14.7.a.c.a.e. This section defines specific conditions as to persons authorized to drive county vehicles or acting within the scope of their official duties on or on behalf of Emery County. The section also deals with driving records, defensive driving training and procedures for revocation of driving privileges. Resolution 9-19-00B a resolution amending the personnel policy for Emery County was presented for approval. Commissioner Ira Hatch made a motion to approve Resolution 9-19-00B incorporating the recommendations by UACIM and the Risk Management-Accident Review Committee into the Emery County Personnel Policy. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Road Department

Rex Funk, Road Department Supervisor requested approval to fill the vacancy left by James Sherman, Lead Mechanic, grade 13, entry, by promotion. Commissioner Randy Johnson made a motion to override County policy and approve the promotion of an existing employee to this position. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Justice Court

Tammy Bentley has successfully completed her six month orientation. Judge Truman recommends Tammy for the six month wage increase. She will go from 4A, \$7.81/hr to 5A, \$8.15/hr. Commissioner Ira Hatch made a motion to approve the increase as per policy. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Recorder

Sharon Boyle is eligible for the routine progressive wage increase from 7A \$8.84/hr to 8A \$9.22/hr. Recorder, Dixie Swasey recommends Sharon for this last increase putting her at her working level. Commissioner Ira Hatch made a motion to approve the increase for Sharon Boyle as per policy. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**LOCAL 4-H MEMBERS AND LEADERS HONORING COMMISSIONERS FOR THEIR SUPPORT DURING STATE AND NATIONAL 4-H WEEK.**

Local 4-H member, Seth Bott thanked the Board of Commissioners, on behalf of all 4-H members in the county, for their support during National 4-H Week. The group presented baked goods to the Commissioners as a special thanks for their continuing support of the 4-H program.

**(2)**

**DELENA FISH, WORKFORCE SERVICES, QUARTERLY UPDATE.**

Delena Fish, Work Force Services reported on training efforts for miners from Willow Creek and Trail Mountain. A new employee has been hired specifically to assist the miners who are looking for career changes, job searches and relocating. She also reported on the high performance (TANIF) program to help individuals become self-sufficient. The program works with two parent households providing child care services and helping families stay together.

**(3)**

**DEB DULL, UTAH POWER , QUARTERLY UPDATE.**

Deb Dull, Utah Power reported on the many requests for insight into the power outages Emery County has recently experienced. She explained that lightning, high winds and long open spaces between poles are the reason for the experienced power outages. Utah Power will be conducting a 200,000 ton test burn for SUFCO coal sometime before late November. Hunter Plant contributed \$15,000.00 for a feasibility study on the possibility of putting a railroad in Emery County. The voluntary severance program and staying on flexible workforce schedules have contributed to fewer employees affected by the announced lay-off at Energy West/Trail Mountain Mine. Inter West Mining met with local UMWA District #22 officials to finish negotiations that will provide for some employees at Trail Mountain to transfer over to Deer Creek Mine and also offer them severance options that they have not had before. Currently it appears that the first reduction of Trail Mountain miners will have chosen to leave with severance rather than be laid-off. The Living Planet Rain Forest Van sponsored by Utah Power

and KSL TV recently visited Huntington Elementary. The van takes living creatures in their customized habitats to elementary schools to educate students about the Rain Forest. Utah Power is working with Economic Development, SEUAOG and State of Utah to help develop an industrial incubator in Emery County. Utah Power's open learning center was dedicated in August and is now up and working. The center offers seven hundred and fifty courses to Utah Power employees, however because of the closure of Willow Creek Mine and other employee concerns they have been meeting with Division of Workforce Services to explore a possible partnering with individuals in the communities that could benefit by use of the facility.

**BEAR WEST, PRESENTATION , WILLIAMS, QUESTAR, AND KERN RIVER  
PIPELINES AND UTILITY CORRIDOR ENVIRONMENTAL IMPACT STATEMENT.**

Kenton Call, Bear West, an environmental consulting firm retained by BLM, presented an overview of the proposed pipelines and utility corridors crossing Emery County. During Spring of 1999, the Williams Company submitted an application to transport a variety of petroleum products for Northwestern New Mexico, through Western Colorado, and Utah, using a network of existing and proposed new underground pipelines. Questar Pipeline Company (Questar) proposed to increase its system capacity by installing a new one hundred and two mile natural gas pipeline loop from Price to Payson, Utah and to build a new pipeline from Payson to Lehi, Utah. Kern River has also proposed to transport natural gas from fields near Price, Utah to its existing pipeline facilities west of Nephi, Utah. Meeting today with local officials is part of the required public process. Open meetings to provide for public comment will be held in January in Price and Moab, Utah. Written comments should be submitted to the Price Field Office.

October 17, 2000

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Randy Johnson, Commission Ira Hatch, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

**MICHAEL MCCANDLES, EMERY TELCOM, QUARTERLY UPDATE.**

Michael McCandles, Emery TelCom updated the Board of Commissioners on the following activity:

- a. The Carbon County acquisition has reached its completion. They are just waiting for the take over.
- b. The approximately one hundred twenty customers in the Hanksville pick-up poses new challenges to that acquisition.
- c. They now have five thousand three hundred access lines. They have thirty-six hundred internet customers in Carbon and Emery Counties. He addressed concerns regarding the cost associated with internet access and long distance carriers marketing to customers and not able to get business in Emery County. Emery County currently pays more for internet access than Carbon County.

(2)

**CITIZEN CONCERNS**

Rex Funk, Road Supervisor updated the Board of Commissioners on the status of the cattle guard for Dean Young. They were able to acquire two eight by six and a half foot, non-conforming type of guard. Mr. Young is willing to install the cattle guard. Emery County's new encroachment policy limits the amount of help we can provide. Rex suggested helping with grading off the area. The encroachment permit will be issued to Mr. Young stipulating the cattle guards and grading as the extent of obligation from the county.

Jim Fauver, Assessor requested signatures on the overall BOE adjustments made after BOE was closed. He also asked for a decision on the Indigent Abatement for Mary Ann Rizzuto. Commissioner Randy Johnson made a motion to approve the overall BOE list of adjustments and to deny the abatement for Mary Ann Rizzuto. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Mr. Fauver explained that any adjustments made after BOE closure are Commissioner adjustments

Cameron Montgomery, representing Local UMWA # 2176 addressed concerns regarding Energy West's Mine Management announcement to shorten the second right longwall panel by approximately fifty-five hundred feet and shortening the first right panel by fifteen hundred feet due to safety reasons. Moving the longwall and leaving behind 1.9 million tons of coal. At a modest sale price of twenty dollars a ton that represents about forty million dollars worth, and a 7.2 million dollar royalty loss to the BLM, half of which ( 3.6 million dollars) would go to the state of Utah's general fund. Not to mention the loss of taxes and paychecks for the six to eight months that Trail Mountain will be closed earlier. Once they complete the new set up face for the longwall and move it, that coal is lost forever. The local union is addressing the concerns expressed by the membership of leaving unmined coal, early closure, loss of income and possibility of not getting one thousand hours toward pensions, and the safety issues raised by Energy West. They asked for assistance from the Board of Commissioners by way of support for their efforts to block the actions of Scottish Power, Pacificorp, Utah Power & Light, Interwest Mining and Energy West Mining and to ensure that BLM and other agencies validate and make Energy West Mining justify their reason for leaving unmined coal, and not to take it as just face value or their word for it being unsafe to mine.

**PRESENTATION OF THE 2001 TENTATIVE BUDGET AND SETTING OF PUBLIC HEARINGS.**

Senior Deputy Clerk/Auditor Brenda Dugmore presented the 2001 tentative budget and requested a public hearing be set to adopt the 2001 final budget. She explained that the tentative budget is a mirror of last year's budget with anticipation of revenues for next year. It does include a three percent cost of living increase and an anticipated five percent reduction of property tax or shift in property tax. The tentative budget does not include the flood tax. The 2001 final budget needs to include any anticipated tax levy.

Commissioner Randy Johnson made a motion to adopt the 2001 Tentative Budget. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Randy Johnson made a motion to set budget hearing dates as follows: October 24, 2000 at from 9:00 a.m. until 1:00 p.m., October 25, 2000 from 9:00 a.m. until 12:00 p.m., November 13, 2000 from 9:00 a.m. until 12:00 p.m. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

**DISCUSSION OF PREDATOR CONTROL PROGRAMS.**

The Board of Commissioners received a letter from Utah State Department of Agriculture requesting guidelines for predator control. The Board indicated that they are not ready to endorse any program at this time. Commissioner Randy Johnson made a motion to table this matter until November 21, 2000 to allow time to meet with the sportsman group and the state trooper over predator control. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

**DISCUSSION OF BLM SAN RAFAEL TRAVEL PLAN.**

The Board of Commissioners received a letter from Dick Manus, BLM indicating that he plans to go ahead with the San Rafael Travel Plan, building on to what was done several years ago. The Board of Commissioners felt it was important to be active in the process and be involved in any committee formed.

(10)

**CONSIDERATION AND APPROVAL TO TURN AMBULANCE ACCOUNTS OVER TO COLLECTIONS.**

Senior Deputy Clerk/Auditor Brenda Dugmore presented a list of delinquent ambulance accounts that needed to be turned over to collections. The accounts totaled \$18,000.00. Commissioner Ira Hatch made a motion to authorize turning over the list of delinquent ambulance accounts to collections. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

She also requested authorization for reduction in an ambulance account that was turned over to collection in 1998. The original amount due was \$434.34. The collection agency added their fees making the amount \$549.90. The request was to reduce the amount due by \$115.56 and the individual will make payments. Commissioner Randy Johnson made a motion to approve the request for reduction in the amount due for the Ambulance account. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND**

**COMMISSION REPORTS.**

*Commissioner Johnson*

Commissioner Johnson reported on the Green River Annexation Issue on the ballot. Over the next two weeks there will be town hall meetings throughout the county. He expressed the need to get information out the public especially on the west side of the county.

*Commissioner Hatch*

Commissioner Hatch reported on the Huntington Airport. There will be a fly in on October 21, 2000. He expressed the need for support for the airport as it is on the hit list. Commissioner Hatch will be meeting with the Council of Government Board looking at the tough budget proposed for 2001 which may or may not affect the cities in the county.

*Commissioner Petersen*

Commissioner Petersen reported that SSD#1 has applied with CIB for a \$15,000.00 for a feasibility study to determine if it is economically feasible to have a railroad in Emery County.

Present at the meeting was Commission Chairman Kent Petersen, Commissioner Ira Hatch, Commissioner Randy Johnson, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

**CONSIDERATION OF ESTABLISHING A NON-TAXING, INDEPENDENT SPECIAL SERVICE DISTRICT FOR NORTH EMERY WATER USERS.**

Commissioner Petersen explained that at the beginning of the year, North Emery Water Users came before the Board of Commissioners with a request to create an independent special service district to service the water needs of those citizens in the unincorporated areas. As a special service district they would have the ability to go to the Community Impact Board for grant funding to provide much needed repairs and line upgrades.

Commissioner Johnson explained that the Board of Commissioners have been assessing the options for some time. One option they have looked into would be to incorporate NEWU into Castle Valley Special Service District.

Commissioner Hatch expressed the need to determine the taxing status of the organization. Do they need the ability to tax to provide a revenue source. The Board of Commissioners have been gathering data to make an informed decision.

Kay Jensen outlined procedures for dissolving the present company and the transfer of assets. He explained that the board would be appointed by the Board of Commissioners.

Attorney, David Blackwell explained that there are two ways to get things going. The first way would be for NEWU to get a petition with signatures. Another way would be for the Board of Commissioners to initiate the decision by advertising their intent to create a special service district, indicating and outlining the purpose of the special service district. The BOC must then hold a public hearing to receive and provide for public comment. If fifty percent of the people living in the land area covered by the special service district do not want a special service district created for this purpose, then it does not pass. The issue of whether the district should be taxing or non-taxing must be decided before the advertising stage and must be advertised as such. If it is decided to expand Castle Valley Special Service the advertising must include the boundaries of NEWU.

Lawrence resident, Carl Fillmore expressed his feeling that the BOC may receive flack from the members if the BOC decided to combine NEWU with CVSSD.

Commissioner Johnson explained that mineral lease funds coming into the special service district are being depleted more and more each year. We expect to see a lessened amount in 2001 due to the closure of mines in Emery County. We would have to take from another entity to provide for the purpose of creating a new special service district. There is a question whether or not we can even expand CVSSD to include NEWU because they are a private entity.

**Commissioner Randy Johnson made a motion to begin the process of forming a special service district with taxing authority for the area encompassed by North Emery Water Users Association to provide for the service of providing water to this area. This is done not to change the way they do business but to enhance their ability to do business. The motion was seconded by Commissioner Ira Hatch and approved by all members present.**

Richard Snowball commented that over the years NE has worked with the farmers and land user/producers. He expressed the desire to have people on the board who know about the use of the land and the needs of the land users. The current board has done a good job as a private entity. He is concerned about the board being chosen by the BOC and asked that the Commissioners appoint people to the board who are aware of the needs of the people they serve.

**Commissioner Randy Johnson made a motion to set a public hearing for December 19, 2000 at 6:00 p.m. to receive public comment on forming a special service district with taxing authority to provide water in the areas encompassed by the North Emery Water Users Association. The motion was seconded by Commissioner Ira Hatch and approved by all members present.**

Bevan Wilson thanked the BOC for looking out for the needs of the County.

(2)

**RICHARD SNOWBALL, REQUEST SUPPORT FOR UTAH ASSOCIATION OF CONSERVATION DISTRICTS BUDGET REQUEST TO STATE LEGISLATURE.**

Richard Snowball came before the Board of Commissioners to request support for Utah Association of Conservation Districts budget request to State Legislature. Mr. Snowball read a letter addressed to Governor Leavitt, Utah State House Representatives, Brad King, Brad Johnson and Max Young in support of the salinity program and the benefits to the County. **Commissioner Ira Hatch made a motion to go on record as approving and supporting the program and to send a letter to the State Legislature similar to the one proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.**

(3)

**CITIZEN CONCERNS**

Commissioner Johnson talked about several complaints from citizens regarding the terrible radio reception in the county. He will call Bret Mills.

(4)

**PUBLIC HEARING- 10:00 A.M.- TO RECEIVE PUBLIC COMMENT ON PROPOSED AMENDMENTS TO THE ZONING ORDINANCE ADDING LOGGING OPERATIONS AS A CONDITIONAL USE AND ESTABLISHING GUIDELINES.**

Bryant Anderson, Planning Commission provided opening statements. The purpose of the public hearing was to provide for comment on proposed amendments to the zoning ordinance adding logging operations as a conditional use and establishing guidelines. This is an attempt to be sure proper logging procedures are used with respect to logging in Emery County. Of primary concern were to protect water sheds and to protect the land owners and adjacent property owners with respect to noise, etc. This will be a level two conditional use permit required on areas greater than twenty acres. Deputy Attorney Alan Thorpe suggested some wording changes.

Commission Chairman Kent Petersen opened the meeting for public comment.

Several citizens made comments regarding protection of water sheds.

Alan Thorpe commented that Emery County may be on the cutting edge with this type of conditional use permit. This may get the state to look at this kind of regulation as they are not willing to do this on a state level. This may make them sit up and look at how this works.

They discussed the fee schedule and monitoring fees. It is not their intention to be prohibitive on fees. They also discussed the need for bonding. Assessor, Jim Fauver asked to have the logging company check with his office as part of the process, so that he does not have to track them down.

Alan Thorpe added that this amendment to the zoning ordinance will protect the land owner and the applicant. This will also allow for an opportunity for the county to go to the state for assistance.

Richard Snowball expressed concern for health of water shed and suggested that through safe logging practices be mindful of protecting the water shed in Emery County.

Lee McElprang commented that there should be a law against destroying a renewable resources.

Commissioner Kent Petersen closed the public hearing.

(5)

**CONSIDERATION AND APPROVAL OF AMENDMENTS TO THE ZONING ORDINANCE.**

**Commissioner Ira Hatch made a motion to adopt the amendments to the zoning ordinance adding logging operations as a conditional use and establishing guidelines as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.**

(6)

**DISCUSSION OF ECONOMIC STUDY RELATED TO HOME VALUES AND CURRENT ECONOMIC TRENDS.**

Commissioner Randy Johnson relayed that the Board of Commissioners have talked about ways to get tax breaks for home-owners. They felt that there needs to be a study done now that lay-offs have begun. A study will help justify to the Tax Commission the need for a tax break. A study would cost approximately \$6,700.00 and would need to be completed before May 22, 2001. We need to go out for proposals right away. **Commissioner Randy Johnson made a motion to request proposals for an economic study for intangibles and home values in Emery County. The motion was seconded by Commissioner Ira Hatch and approved by all members present.**

(7)

**DISCUSSION AND APPROVAL TO PROCEED WITH HORN MOUNTAIN COMMUNICATION SITE BUILDING PLAN.**

A number of users wish to move forward with the expansion of the communication building on Horn Mountain. In order to maintain the lease with the Forest Service they have discussed construction of a new communication building on the site. The Forest Service needs a site plan as soon as possible. Construction of the building would be under the direction of the Municipal Building Authority of Emery County. The County is responsible for the lease so we need to initiate the process. Val Payne and Bret Mills have prepared a proposed lay-out for the building. We need to get the plan to the Forest Service to start the ball rolling. **Commissioner Ira Hatch made a motion to proceed with the project and include the description of the power line. The motion was seconded by Commissioner Randy Johnson and approved by all members present.**

**(8)****APPROVAL OF BUSINESS LICENSE**

Deputy Clerk/Auditor presented a business license from Jason Bernard DBA: The Painted Desert. This is a small paintball business selling paintball guns, masks, COtanks, etc. They will have a playing field for the customers to use their equipment on. No one under 18 will be allowed to buy or rent equipment without a parent or legal guardian's written consent. Zoning Director, Bryant Anderson has approved this as an on premises occupation. **Commissioner Randy Johnson made a motion to approve the business license for Jason Bernard. The motion was seconded by Commissioner Ira Hatch and approved by all members present.**

**(9)****CONSIDERATION AND APPROVAL OF TAX ADJUSTMENTS**

Treasurer, JoAnn Behling presented the following adjustments for approval:

- Varden Wilson-should have been green belt
- Hatch Livestock-missed on green belt
- Darrell Lake-not a build-able lot
- Joel Christensen-70% completed home, not 100% complete
- Mike Hurdsman-mobile home valued to high
- Cliff Leavitt-Missed at BOE
- Marry Powell-missed Circuit Breaker
- Elwood Miller-missed Circuit Breaker
- Questar-won an appeal -delete balance of \$1,700.00
- Denver Railroad-won an appeal-adjust \$143,976.00
- Municipal Building Authority of Emery County-Nursing Home-should not be taxed
- Green River City-should not be taxed

**Commissioner Ira Hatch made a motion to approve the adjustments as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.**

**(10)****DISCUSSION OF SUB-FOR-SANTA PROGRAM**

Commissioner Ira Hatch explained that the Sub-For-Santa Program (Project Emery Claus) was previously ran by the Retired Senior Volunteer Program (RSVP). At this time RSVP does not

have a director and the BOC would like to see the program continue under the care of another entity or group.

Pam Juliano, Executive Director United Way of Southeastern Utah suggested an alternative for the Sub-For-Santa program would be the Adopt an Angel Tree Program.

Cheryl Peck, Emery County Community Center(formerly EC Food Bank and Clothing Exchange) suggested the Sub-For-Santa Program could be run through the Community Center. She already has people in place who could run the program.

Pam Juliano suggested that the program could be run in conjunction with the United Way giving the program more credibility and structure.

**Commissioner Randy Johnson made a motion to turn Sub-For-Santa (Project Emery Claus) over to Emery County Community Center with the understanding that they would coordinate with the local United Way program to assure that the program was run as efficiently as possible. The motion was seconded by Commissioner Ira Hatch and approved by all members present.**

(11)

**DISCUSSION OF RSVP PROGRAM CHANGES.**

Pam Juliano, United Way came before the Board of Commissioners to request information on the current position of the Emery County Retired and Senior Volunteer Program. In August of this year, the RSVP center was approved to receive a \$2,000.00 allocation upon the permanent placement of a director. The permanent place of a director at RSVP will insure the success of the program. United Way was made aware that acting director has requested to not be placed as the permanent director. They are concerned about the wait and that hiring the director will come at a later period when the allocation has run out. To date the RSVP center has missed out on one quarter of that allocation. They are interested in the information presented to them stating the housing, budgeting and programming of RSVP at the present time. Commissioner Hatch explained that the Board of Commissioners have been looking at what to do with this program. One option they have looked at is to turn the program over to the Association of Government to administer. He expressed the desire of the BOC to continue with the program in Emery County. The BOC decided that it would be in the best interest of the county to continue with the program so the seniors in Emery County may benefit from the available state and federal programs. They talked about hiring a three quarter time position for RSVP. **Commissioner Ira Hatch made a motion to continue with the Retired Senior Volunteer Program, to work with Pat Snowball, Personnel to advertise and solicit for a 3/4 time director to be in place by the first of the new year, and to notify the acting director of termination by the end of this year**

**(December 2000). The motion was seconded by Commissioner Randy Johnson and approved by all members present.**

NATURAL RESOURCES EXECUTIVE STAFF TEAM TO ADDRESS CONCERNS IN EMERY COUNTY.

The Natural Resources Executive Staff Team came before the Board of Commissioners to address any concerns from the public. The following directors and staff members were introduced by Kathleen Clarke, Executive Director of Natural Resources: Kevin Conway, Asst. Director, Division of Wildlife Resources, Ron Taylor, Huntington/Millsite State Parks, Mark Page, State Engineer, Art DuFault, State Forestry/Fire/State Lands, Sherm Hoskins, Deputy Lowell Braxton, Division of Oil, Gas and Mining, Pete Hess, Division of Oil, Gas and Mining. They are visiting employees, regional teams and local officials to get a read on how they are doing and look at opportunities for where they could do better. Kathleen stated that her objected is to be sure they are focused on being partners with communities. They are committed to working collaboratively with local officials, working internally in a more cohesive manner than the department has done historically. They are working at making sure they are understanding the impact of decisions they make. Over the course of the last two years they have made an effort to solidify a leadership team in SLC where they are working across boundaries, looking holistically at resource management, and attempting to do that in the regions throughout the state. They have pulled together the managers from different regions, assembled them into working groups and asked them to begin getting acquainted with one another and look at their issues across division boundaries. Begin to work with communities, so that if you have a need for water development, you don't have to look up the wildlife people, the parks people, the water resource people, the water rights people, it can be done through networking and integration to develop a package of support and a concept that represents the whole idea, not one agencies perspective. She also stated she believes that natural resources create an economic base, the foundation that contributes to the quality of life in Utah, both as it relates to our scenic beauty and recreational opportunities. Natural resources create an economic base and source of wealth for any state. One of their primary goals is to make sure that as they manage resources, seeking the local officials sustain ability and help, that they are cognizant of, and committed to, sustain ability of communities. This means being aware of their economic needs and how natural resources play in to that economic base for a county's well being. She recognized that there are inherent conflicts created by their missions, mandates and codes. There needs to be give and take, finding common ground that allows us to accomplish the things we need to. Things that allow you to do the things you desire to in state government and allows us to fulfill our state mandates. They are very committed to that end.

Commissioner Hatch thanked Kathleen and her staff for the cooperation Emery County receives through a memorandum of understanding with Division of Natural Resources as well as other state and federal agencies. Emery County has worked closely with many of the staff members in attendance today. With the coal mining industry we have had some ups and downs. We still have some things that are not resolved and we are working with your people to get some of those issues resolved, especially water issues. We think that there could be some coordination between State Engineer's Office, Division of Oil, Gas and Mining and us to get those issues resolved. We have a good working relationship with State Institutional Trust Lands (SITLA) and feel this will be crucial as the coal bed methane projects expands. We want to be good partners, but we also want to be treated fair. We will work to achieve the coordination needed to get things done.

Kathleen stated she was aware of the discussions that are ongoing about water, oil, gas and mining, and will stay attuned to those. She has met with Lowell Braxton, Oil, Gas & Mining as well as Bob Morgan, State Engineer. She felt the department is on track with Emery County to try to work down a positive road to a solution. She stated she was very impressed with Emery County's leadership and progressiveness.

(2)

CITIZEN CONCERNS

Kay Jensen expressed his desire to see funds set aside to deal with water issues.

COMMISSION MEETING MINUTES  
JANUARY 9, 2001

Commissioner Drew Sitterud suggested board appointments correspond with Commission responsibility. Commissioner Randy Johnson made a motion to approve the 2001 Commissioner Responsibilities as outlined including board appointment to corresponding responsibility. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(3)

**KAY JENSEN, REQUESTING PROPERTY TAX ABATEMENT FOR 2000 TAXES.**

Kay Jensen indicated he was not prepared at this time to make a tax abatement request and requested a continuance. Commissioner Randy Johnson made a motion to table this matter until a latter date. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF FOUR CORNERS MENTAL HEALTH  
AUDIT REPORT.**

Bob Greenburg, Executive Director of Four Corners Mental Health provided a brief report on the status of Four Corners Mental Health. Commission Chairman Ira Hatch asked for a report on the newly acquired Drug Court in Emery County. Mr. Greenburg reported that Emery County was the recipient of a grant, one of four in the state and the only one to serve both juvenile and adult. The funds will be used to purchase a urine testing machine with training for personnel. The Drug Court will provide an effective use of leverage in plea and abeyance to get offenders free of the life style that has supported them. The Drug Court is in the beginning stages and encourages cooperation between the judicial system, sheriff's department and attorneys. They are fully staffed with highly trained individuals to implement the program. He explained the goal of Four Corners Mental Health is to focus on accessibility of treatment and quality of service and to be sure that the customer service is cost effective. He provided the Board of Emery County Commissioners with a copy of their audit report, pointing out the fact that there was not a management letter. The auditors found that funding was adequate to do the job, giving them a whistle clean audit. As mandated by state law they must have the audit brought before the governing board of county for signature of approval. Commissioner Randy Johnson made a motion to approve and sign the audit review for Four Corners Mental Health as presented. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(5)

**CITIZEN CONCERNS**

Tracy Jeffs, Chairman of Public Lands Council came before the Board of Commissioners to report they have three board member positions that expired December 31, 2000. He requested they begin the advertising process to replace, keep or add to the Public Lands Council board. The three board members whose terms have expired are: Wes Curtis, Eugene Johansen and Dennis Worwood. Commissioner Randy Johnson made a motion to begin the advertising process to replace the three board members discussed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Kay Jensen expressed concern for the stipend given to Special Service District #1 board members and suggested it should be brought in to line with other boards. Commission Chairman Ira Hatch suggested he should bring this concern up with the SSD#1 as they set their own stipend and the county can not (by law) dictate to them how much they pay their board members.

Rosann Fillmore, Economic Development Director requested signatures on a contract with Freight Services Inc. for a railroad feasibility study for Emery County. She explained that prior approval was given to go out to bid for railroad consultants to provide a feasibility study which will be followed up by an economic impact study. The feasibility study is funded by a grant from PacifiCorp which will be followed up with an economic impact study funded by Emery County. Attorney David Blackwell has looked the contract over and recommended inserting a signature line for Commission signature. Commissioner Drew Sitterud made a motion to approve and sign the contract with Freight Services Inc. to provide a railroad feasibility study. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF LOBBYIST FOR SEVERANCE TAX AMENDMENT PROJECT.**

Commissioner Randy Johnson explained that currently the state levies a severance tax on production of oil and gas which goes into state coffers. The eight counties involved in production have put together a meeting to see if they can get the producing counties to receive the revenue. It will require legislative action to get this through so they propose hiring a lobbyist to assist in this action. Emery County's portion to pay for the lobbyist is \$112.62, based on the production we have. Commissioner Randy Johnson made a motion to pay our portion for a severance tax lobbyist. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**APPOINTMENT TO THE EMERY COUNTY PLANNING COMMISSION.**

Bryant Anderson, Emery County Planning Commission informed the Board of Commissioners that two board members Doyle Jensen and Glenys Sitterud's terms expired on December 31, 2000. They have followed the advertising process for recruitment of new board members as per county policy. Doyle Jensen chose not to be considered for re-appointment, Glenys Sitterud would like to be re-appointed. The board suggested appointing Mike McCandless as he has been serving an internship on their sub-committee for the past year and re-appointing Glenys Sitterud for a four year term. Commissioner Randy Johnson made a motion to appoint Glenys Sitterud and Mike McCandless to four year terms on the Emery County Planning Commission Board. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(8)****APPOINTMENT TO CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Castle Valley Special Service District requested appointment of two board members. They have followed the required process for board member recruitment and did not receive any applications. CVSSD suggested re-appointing Eugene Johansen and Paul Crawford to their board. Commissioner Randy Johnson made a motion to re-appoint Eugene Johansen and Paul Crawford to the CVSSD board for four years. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(9)****RATIFY APPOINTMENTS TO EMERY COUNTY ECONOMIC DEVELOPMENT BOARD.**

Rosann Fillmore requested replacing John Healy with Kara Staab representing the Forest Service and adding Stan Colby, Gary Denhalter and Commissioner Drew Sitterud to the Economic Development board. Commissioner Drew Sitterud made a motion to ratify appointments and include the additional names to the Emery County Economic Development board. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(10)**

**CONSIDERATION AND APPROVAL OF FAIR DIRECTOR CONTRACT.**

Attorney David Blackwell has reviewed the contract with Kathy Justice as Fair Director and recommends signing the document. Commissioner Randy Johnson made a motion to approve the contract with Kathy Justice as Emery County Fair Director for 2001. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(11)****APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Bruce Funk presented for consideration and approval the Warrant Check Edit List dated December 30, 2000, #135934 through and including #136081 for payment. Commissioner Randy Johnson made a motion to approve the Warrant Check Edit list dated December 30, 2000 for payment. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mr. Funk presented for consideration and approval the Warrant Check Edit List dated January 4, 2001, #136026 through and including #136038 for payment. Commissioner Randy Johnson made a motion to approve the Warrant Check Edit list dated January 4, 2001 for payment. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mr. Funk presented requisition #1-01 from Data Processing for 10 (ten) computers at an estimated cost of \$12,931.00 to be paid from Capital Replacement. Jeff Guymon, Network Specialist recommended purchasing the computers from Dell Computers to take advantage of their warranty and better quality computers.

Commissioner Drew Sitterud made a motion to approve the Warrant Check Edit List #136039 through and including #136081 for payment and requisition #1-01 as recommended by Jeff Guymon. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(12)****PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

COMMISSION MEETING MINUTES  
JANUARY 9, 2001

Pat Snowball, Personnel Director requested the following personnel action:

Road Department

Due to illness of her husband, Carol Ware requested Family Medical Leave effective December 23, 2000. At this date it is undetermined when she will return to work. Commissioner Randy Johnson made a motion to approve Family Medical Leave for Carol Ware. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Treasurer

The Treasurer's office has conducted interviews for Deputy Treasurer. JoAnn Behling, Treasurer requested extra time to make her decision. Her decision will be made before the next meeting and so therefore she requested permission to offer the position to the individual of choice and pending authorization from Commissioner Johnson put the individual to work and have the decision ratified in the next Commission meeting. The Board of Commissioners agreed with her request.

Commission Chairman Ira Hatch assigned Pat Snowball to put together a proposal for Commission consideration regarding personal property lost on the job.

**(13)**

**CONSIDERATION AND APPROVAL OF PREVIOUS MEETING MINUTES.**

Commissioner Drew Sitterud made a motion to approve the minutes dated December 19, 2000 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(14)**

**COMMISSION REPORTS.**

*Commissioner Hatch*

Commissioner Hatch reported on the Severance Tax meeting he attended. He also informed the Board that he has been appointed to the Joint Highway Committee for Utah Association Of Counties.

*Commissioner Johnson*

COMMISSION MEETING MINUTES  
JANUARY 9, 2001

Commissioner Johnson expressed welcome to Drew Sitterud as new Commissioner. He stated that he will be very busy on the Utah Association of Counties Executive Board, National Association of Counties and many other boards he is appointed to and expressed his thanks to Commissioner Hatch for taking the helm as Commission Chairman this year.

**(15)**

**OTHER BUSINESS**

Sheriff LaMar Guymon requested approval for a grant application for Emergency Medical Systems. The grant is a fifty/fifty grant provided for upkeep of ambulances, update defibrillators and possible training for Sheriff's Posse members. Commissioner Randy Johnson made a motion to grant permission to sign the grant application. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Last year the Board of Commissioners discussed the possibility of conducting an economic feasibility study for tax adjustments to relieve personal property tax of intangibles. Assessor, Jim Fauver suggested they do this before Board of Equalization. Commissioner Randy Johnson made a motion to proceed with seeking request for proposals to provide a feasibility study pending notification from Jim Fauver of the proper time-frame. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

David Blackwell provided a report on the status of the Green River Annexation appeal. The final judgement was heard on January 3, 2001. Emery County now has thirty days to appeal to the Supreme Court. We did win the election but it was ruled as unconstitutional. Emery County is optimistic we will prevail.

Commissioner Randy Johnson made a motion the amend the notice of intention to establish North Emery Water Users Special Service District to change the time and location to Canyon View Jr. High, Huntington Canyon Road, Huntington, Utah at 6:30 p.m. on February 8, 2001. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(16)**

**EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL**

8

(17)  
**ADJOURNMENT**

Commissioner Randy Johnson made a motion to adjourn the meeting. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

ATTEST: \_\_\_\_\_ CHAIRMAN: \_\_\_\_\_

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

January 23, 2001

Present at the meeting was Commission Chairman Ira Hatch, Commissioner Randy Johnson, Commissioner Drew Sitterud, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

Commissioner Hatch welcomed Maureen Casper, Grant Liaison from Senator Bob Bennett's office.

(1)

**CONSIDERATION AND ADOPTION OF A RESOLUTION AUTHORIZING THE ISSUANCE OF \$1,000,000 OF GENERAL OBLIGATION PUBLIC SERVICE BONDS, SERIES 2001-A, OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Darrell Leamaster, Castle Valley Special Service District and Kent Michie, Financial Advisor, Zions Bank, reviewed Resolution 1-23-01 authorizing the issuance of \$1,000,000.00 of General Obligation Public Service Bonds. This is part of the ten million dollar voter authorized bond granted to Emery County for Castle Valley Special Service District community projects. They will pay the 2.5 % interest for the first two years and then principle payments will begin. The tax rate will remain at current level. CVSSD does not have the authority to issue bonds, therefore this must be done by the County Commission. Commissioner Randy Johnson made a motion to adopt Resolution 1-23-01 authorizing the issuance of \$1,000,000.00 of General Obligation Public Service Bonds, Series 2001-A, of the Castle Valley Special Service District.

(2)

**REQUEST FROM GREEN RIVER CLOSE-UP PARTICIPANTS FOR DONATION.**

Commissioner Johnson explained that the Close-Up Program is an enhancement program designed to send senior high school participants to Washington, D.C. to meet with key politicians.

It is a good educational opportunity. The Board of Commissioners discussed the fact that Green River High School has approximately fifteen to twenty seniors so contributing to this program would enhance the community. Commissioner Drew Sitterud made a motion to contribute \$200.00 to the Green River Close-Up Program. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(3)****APPOINTMENT OF EMERY COUNTY TRAVEL COUNCIL BOARDMEMBERS.**

The Board of Commissioners received a letter from the Emery County Travel Council informing them of four board members expired terms. Those board members whose terms expired December 31, 2000 are: Blaine Luke, Green River, Valerie Newland, Green River, Rue Ware, Orangeville, and LaMar Guymon, Huntington. The EC Travel Council has advertised to solicit new board members and recommended the following: Catherine Gardner, Green River, Sheri Vetere, Green River, Susan Sitterud, Orangeville and LaMar Guymon, Huntington. Commissioner Ira Hatch informed the Board of Commissioners that JoAnn Ekker has resigned as Travel Council Director. Commissioner Randy Johnson made a motion to appoint Catherine Gardner, Sheri Vetere, Susan Sitterud and LaMar Guymon the Emery County Travel Council. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(4)****CITIZEN CONCERNS**

County Attorney David Blackwell reviewed and recommended signing a rental agreement between the Emery County School District and Emery County for lease of the building located at 883 North Center Street, Castle Dale, Utah at a yearly rental of one dollar for use by the Historical Preservation Committee. Commissioner Randy Johnson made a motion to sign the contract between Emery County School District and Emery County. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

The Board of Commissioners and Clerk/Auditor's office met with a group, JCI Billing Services, Tropic, Utah. JCI Billing Services handles ambulance billings and is familiar with medicare, medicaid standards, insurance companies and reporting procedures. The fee for this service is \$15.00 per billing. The Clerk/Auditor's office is currently handling ambulance billings which are overwhelming and difficult to keep up with, especially the constant medicare changes. JCI Billing Services would be responsible for collection of all ambulance billings. Commissioner Johnson emphasized the fact that Emery County would in no way give up their ability to consider any account for humanitarian reasons. The fees charged for ambulance service have been revisited and need to be adjusted to meet with ambulance charges throughout the state. Charges for ambulance service were proposed as follows:

Basic Life Support- \$252.77

Advanced Life Support- Intermediate-\$300.17 per call

Advanced Life Support - Paramedic Ambulance Transfer Service inter-facility transports, and ambulance transports that provide basic life support- \$379.17

Advanced Life Support - Paramedic ambulance transports that, under physician medical direction, provide basic or intermediate ambulance transports that have

COMMISSION MEETING MINUTES  
JANUARY 23, 2001

paramedics on board to continue advanced life support initiated by a paramedic rescue service- Basic ambulance service \$455.00 per transport, Intermediate ambulance service- \$502.40 per transport. Any ambulance service that interfaces with a paramedic rescue service must have an interlocal or equivalent agreement in place, dealing with reimbursing the paramedic agency for services provided up to the maximum of \$157.99 dealing with reimbursing the paramedic agency for services provided up the maximum of \$157.99

Mileage Rate - \$11.07 per mile or fraction thereof. In all cases mileage shall be computed

from the point of pickup to the point of delivery.

Surcharges -

Emergency - A surcharge of \$25.08 per call may be assessed for emergency responses.

Night - A surcharge of \$25.08 per call may be assessed for ambulance service between the hours of 8:00 p.m. and 8:00 a.m.

Off-Road - Where the ambulance is required to travel for ten miles or more on unpaved roads, a surcharge of \$20.89 may be assessed.

Special Provisions -

Waiting Time - An ambulance shall provide 15 minutes of time at no charge at both point of pickup and point of delivery, and may charge \$13.93 per quarter hour or fraction thereof thereafter.

Non-transport rate - Where an ambulance is summoned to a medical emergency by a dispatch agency, but does not transport, a charge of \$209.01 may be

assessed.

Commissioner Drew Sitterud made a motion to accept JCI Billing Services proposal for providing ambulance billing service for Emery County Ambulance and to approve the updated ambulance charges. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Senior Deputy Clerk/Auditor Brenda Dugmore requested approval for new pay procedures for EMT payroll as follows:

- \* Intermediate EMT's will be paid \$12.12/hr for all ambulance run hours.
- \* Basic EMT's will be paid \$9.75/hr for all ambulance runs.
- \* \$0.50 on call time will be paid each hour an EMT is on call including time while on actual ambulance run.
- \* Run hours will be rounded off to the next 1/4 hour.
- \* EMT's on ambulance runs lasting less than one hour will be compensated for one hour pay.

COMMISSION MEETING MINUTES  
JANUARY 23, 2001

Commissioner Randy Johnson made a motion to approve the new EMT pay procedures as presented. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Commissioner Hatch rendered an official thank you to Brenda and Bruce for getting the procedures cleared up.

(5)

**CONSIDERATION AND APPROVAL OF SAFE COMMUNITIES GRANT.**

The Safe Communities Grant is a \$12,000.00 that Emery County matches with Martin Wilson's salary and time. This is a budgeted item. Commissioner Randy Johnson made a motion to support the Safe Communities Grant as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF BOE ADJUSTMENT FOR 1999.**

Assessor Jim Fauver discussed adjustments on Roger and Susan Jensen's property. The Jensen's came to Board of Equalization on November 30, 1999 for re-evaluation of their property. At that time they were granted an adjustment but apparently Commission approval was missed. Commissioner Randy Johnson made a motion to accept the adjustment of \$117.79 plus penalty and interest proposed for Roger and Susan Jensen's property. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**RATIFY ACTION TAKEN IN JANUARY 9, 2001 MEETING REGARDING EMS GRANT APPLICATION, FREIGHT SERVICES INC. CONTRACT FOR RAILROAD FEASIBILITY STUDY, AND REQUEST FOR PROPOSALS FOR ECONOMIC FEASIBILITY STUDY.**

Commissioner Randy Johnson made a motion to ratify the signing of the EMS Grant application, the contract with Freight Services Inc, and request for proposals for Economic Feasibility Study. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(8)**  
**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor, Bruce Funk presented for consideration and approval the Warrant Check Edit List #136263 through and including #136415 for payment.

The Board of Commissioners had a question about the check to Rod Diamond, so they requested that it be held for payment until they could receive more information.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
02-01	(3) Blood Pressure/ Oxygen Monitors/EMS Grant	\$7,650.00	Approved
03-01	(4) Ambulance Cots/EMS Grant	\$11,940.00	Approved

Commissioner Drew Sitterud made a motion to approve the Warrant Check Edit List for payment and requisitions as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(9)**  
**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director requested the following personnel action:

Treasurer

Treasurer, JoAnn Behling requested to have ratified the action taken to hire the successful applicant as Deputy Treasurer. Mistie Christiansen was hired as Deputy Treasurer effective January 16, 2001. Mistie worked as assistant librarian at the Emery Library and had achieved a wage level of 4B \$8.22/hr. JoAnn requested approval to hire at her current wage. Commissioner Randy Johnson made a motion to approve hiring Mistie Christiansen as Deputy Treasurer at her current wage of \$8.22/hr. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**COMMISSION REPORTS.**

*Commissioner Johnson*

Commissioner Johnson along with Dixie Swasey and Jim Fauver attended UAC Legislative Committee where they received an up-date on what the legislature is doing and how it affects Emery County.

*Commissioner Sitterud*

Commissioner Sitterud attended Association of Governments meeting recently. He reminded the Board of Commissioners that the \$24,000.00 from the Forest Service for Timber Sales must be earmarked for school and roads or the funds will be depleted.

*Commissioner Hatch*

COMMISSION MEETING MINUTES  
JANUARY 23, 2001

Commissioner Hatch met with Council of Governments regarding the revised PCIF proposals list. Darrell Leamaster reviewed the schedule to be turned in to PCIF. They elected Mayor Johnson of Green River as Chairman for 2001.

Commissioner Hatch is continuing with the defensive driving course. The last session picked up sheriff posse, EMT's and ambulance drivers. He has set up a session in Green River next.

Commissioner Hatch reminded everyone of the series of planning meetings for the reconstruction of U-10. There are several meetings throughout the county in the next two months. He encouraged everyone to attend.

The Public Lands Planning Commission met with Senator Dmitrich relative to water replacement rules. DOGM will hold hearings to accept or open up another time frame to hear comments.

**DICK MANUS, BLM, QUARTERLY UPDATE.**

Tom Rasmussen, BLM provided the following update:

\*Lila Canyon right-of-way is currently under appeal with a request for a stay from SUWA through the interior board of land appeals. The attorneys for Utah American Energy and BLM are currently working on a response to the statement of reasons. They expect to hear something on that at a future date.

\*Gold Terra is a mine proposing to extract gold from the Mancos shale in the area near Lila Canyon Mine. They are working with the Division of Oil, Gas and Mining to work out details on reclamation methods.

\*Coal Bed Methane production is rapidly growing in this area. This year they anticipate processing about one hundred and twenty applications for permit to drill (APD) in Carbon and Emery County for both Coal Bed Methane and conventional gas wells. Most of the conventional gas wells are concentrated south of Nine Mile Canyon. Texaco, one of the five major players, will be concentrating most of their work in Huntington Canyon on state and private land with about twelve federal wells in that area. Anadarko, which is mainly operating north of Price and by Hiawatha has about twenty or thirty APDs. Phillips, the old River Gas, operates mostly in Carbon County. Shenandoah, a newer, reorganized company is still in the process of reorganizing and they have not seen any APD from them as of yet. FL Energy, was bought by Marathon.

\*Williams Pipeline EIS, a pipeline from New Mexico to Payson, Utah has three players, Williams, Questar and Kern River. The Williams part of the pipeline will run product, jet fuel diesel fuel and automobile fuel from the Gulf Coast to Salt Lake City. However the EIS goes Questar will be riding on the shirt tail of appeals and those types of things. There is a lot of opposition to new product line being brought into SLC because of competition. The EIS has been placed on the fast track. The first draft EIS will be out in March with a forty-five day comment period. They anticipate signing the record of decision in July. All indications show it will be appealed.

\*They have received a proposal from Georgia Pacific to enlarge their gypsum mine south of I-70. With the cost of wall board these days more and more people will be looking at gypsum in this area. United States Gypsum had a proposal for a very large mine south of I-70 by South Wash in the Kimball Draw area and for various reasons that has been put on hold.

\*On the range, they are flying the wild horse /burro herds in the Muddy Creek, Sinbad and Robbers's Roost areas. The levels have gotten high. The BLM's problem is once you have determined the numbers to be high and you round them up, then you have to put them into an adoption process because of the Wild, Free Roaming Horse and Burro Act. The market is just not there for wild horses and as a result they are left to feed large numbers of animals for long periods of time.

\*OHV Travel Plan, they are shooting for May for a draft proposed action.

\*The Price Field Office is one of three offices in the state of Utah that will be undergoing massive planning effort. The Price River Resource Area in Carbon County is way out dated. The Price Field office will be operating under a new combined document. The wilderness inventories that were going on and the wilderness EIS will be rolled into that planning process. They are working on a plan to change the categories for leasing of oil and gas.

Craig Johansen, Johansen and Tuttle Engineering, discussed a Memorandum of Understanding between Bureau Land Management, Federal Highway Administration and Emery County in dealing with only the National Environmental Policy Act part of the right-of-way effort for the South Moore Cut-off Project in Emery County. We received \$250,000 last March to conduct a NEPA study and conform to those requirements. The MOU maps out where each of the organizations fall in the study parameters and who will take the lead. The BLM will take the lead as far as the NEPA requirements are concerned. Basically the agreement says that Emery County will pay for all the effort, however the Federal Highway Administration will give us the money to pay it with. Mr. Johansen recommended the Commission sign the agreement. Attorney David Blackwell reviewed the document and the questions he had. Commissioner Randy Johnson made a motion to sign the MOU for the preparation of an Environmental Assessment for the South Moore Cut-off Project in Emery County. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

### **CROCKETT DUMAS, FOREST SERVICE, QUARTERLY UPDATE.**

John Healy, representing Forest Service provided the following update:

\*John introduced Matt Meccariello who is the new Range Management Specialist for the Ferron/Price District.

\*There are two roads analysis going on in this area. The national direction for the roads analysis is part of the national resource agenda is to evaluate and develop what our road system is going to be. That is aimed at level three, four and five roads. A level three road would be like Ferron Canyon Road. A level four road would be like North Skyline Road, a dirt, two lane road that a passenger car could travel on. A level five road would be a paved road of which we have very few of on the forest. They do not expect to get rid of any of the level three, four or five roads. They are looking at the south part of the Manti division for the whole travel system,

including motorized trail, non-motorized trails and all the little non-classified roads. This paralleling the other national direction. They have talked to some of the user groups in the area who are starting to look and develop what they would like to have up there. Crockett Dumas felt that they are in pretty good position to go into this as they have had tours up there to look at problems for specific areas for the past two summers. This will lead into where they are heading with the roads analysis.

\*They would like to look at drainage in Joe's Valley and Huntington. The Ferron drainage has had some scrutiny because of sediment work at Millsite. They haven't done much in the Muddy drainage. Crockett is proposing that they get with the citizens and mayor of Emery and go look at the drainage and identify the problems.

\*They are working on an EIS for sheep grazing on some thirty-one sheep allotments involving 33,000 head of sheep across the top of the plateau. This is meeting national direction from a 1995 act that requires them to evaluate all allotments in the next fifteen years.

\*The roadless initiative that President Clinton signed right before the end of his term is on hold until the Bush administration has a chance to review all the initiatives Clinton signed in his last six months.

\*He talked about the pipeline corridor and the proposed route for the Williams Pipeline.

**(3)**

**MILES MORETTI, DWR, QUARTERLY UPDATE.**

Kevin, Christopherson provided the following update:

\*They have a Big Horn Sheep transplant coming out of the San Rafael Swell. In an exchange with Colorado they will trade twenty to twenty-five Big Horn Sheep for Rocky Mountain Sheep.

\*They will have an Elk transplant mostly in Carbon County in the Range Creek Area. One hundred Elk will be trapped and taken to Kentucky. This will probably be a lengthy process.

\*Kim Olsen, Conservation Officer in Green River has resigned. Since DWR is in a hiring freeze due to a budget crunch they will probably not be replacing that position. They will redraw the boundaries. Either someone from East Carbon or Moab will be covering Green River so the response time for law enforcement for wildlife issues may take longer.

\*Even though they are in a crunch budget-wise and are not filling any positions they may make an exception and hire an Oil and Gas Biologist.

**SITLA REPRESENTATIVES, DISCUSSION OF PROPOSED SALE OF TRUST LAND IN EMERY COUNTY.**

State Institutional Trust Lands Administration representatives Kevin Carter and Jan Parmenter were present at the meeting to discuss proposed sale of trust land in Emery County. Mr. Carter explained the process used for determining the value of land they have available for trade. They are looking at working with the county to identify what pieces of property might be good ones to put on the market to establish what market value is for their scattered sections that are within the area that would become the National Conservation Area (NCA). He stated his purpose for being here today was to get suggestions for who in the county to work with to try to determine what lands would be best to put on the market and establish value for trade with the federal government. Commission Chairman Ira Hatch indicated that Val Payne, Director of Public Lands Council would be the person to work with in determining the parcels of land to use.

Mark H. Williams requested to have the public involved in the process when choosing land to trade with the federal government.

Commission Chairman Ira Hatch explained that there is a public process that is used before making any decisions.

Mr. Carter explained that the public process would best be served through the local public process.

Val Payne suggested having an article in the local newspaper explaining the process and purpose of the land trade.

**CONSIDERATION FOR ADOPTION OF A RESOLUTION AUTHORIZING THE ISSUANCE AND SALE OF EMERY COUNTY, UTAH TAX AND REVENUE ANTICIPATION NOTES, SERIES 2001; AWARDING AND CONFIRMING SALE OF THE NOTES ENTERING INTO CERTAIN COVENANTS AND MAKING CERTAIN REPRESENTATIONS IN CONNECTION THEREWITH; APPROVING THE FORM OF THE NOTES; AND RELATED MATTERS.**

Clerk/Auditor Bruce Funk reviewed Resolution 2-06-01 a resolution authorizing the issuance and sale of Emery County, Utah Tax and Revenue Anticipation Notes, Series 2001; awarding and confirming the sale of the notes entering into certain covenants and making certain representations in connection therewith; approving the form of the notes; and related matters. This year Emery County qualifies for around \$900,000.00. The people preparing the note recommended that we go with \$900,000.00 at a 4.14% through Key Bank. There is issuance cost at \$3,028 which will be deducted from the total amount. Treasurer, JoAnn Behling will

reinvest the amount in our PTIF fund. This gives Emery County a buffer to cover the general fund until the taxes come in.

Commissioner Drew Sitterud made a motion to accept Resolution 2-6-01 authorizing the issuance and sale of Emery County, Utah Tax and Revenue Anticipation Notes, Series 2001. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(6)**

**CITIZEN CONCERNS.**

Sheriff LaMar Guymon discussed a federal program available to Emery County to aid in purchasing bullet proof vest for the Sheriff's Department. The program will pay fifty percent of the cost. Sheriff Guymon proposed having the county pay the \$20,790.00 up front for the vests and the federal government will reimburse \$10,392.00 and \$10,395.00 would be reimbursed by the deputies through a monthly deduction from their uniform allowance. Commissioner Randy Johnson made a motion to accept the proposal from Sheriff Guymon and allow the up front purchase of the bullet proof vest to be reimbursed by the federal government and the deputies through a monthly deduction. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Richard Snowball provided a progress report on the Huntington-Cleveland Irrigation and Salinity Project. He thanked the Commission for the county's support through funds that help fund Bret Behling's position as project co-ordinator. Commission Chairman Ira Hatch commented on the good job Bret is doing and the benefit these types of projects are to the county.

**(7)**

**CONSIDERATION AND APPROVAL OF RESOLUTION OF NOTICE OF INTENTION TO CREATE NORTH EMERY WATER USERS SPECIAL SERVICE DISTRICT, SETTING OF PUBLIC HEARING AND PROVIDING NOTICE THEREOF.**

Problems with the notice of intention to create have caused the notice to be pulled from publication. At this time the Board of Commissioners need to set another public hearing with a new date, time and location and re-notice in the newspaper. Commissioner Randy Johnson made a motion to set a public hearing to hear comment on consideration of a Resolution of Notice of Intention to Create North Emery Water Users Special Service District for Thursday, March 8, 2001 at 8:00 p.m. at the Museum of the San Rafael in Castle Dale, Ut. Pending notification by water users attendance conflicts. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(8)****CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT FOR UTAH STATE UNIVERSITY EXTENSION EDUCATIONAL WORK.**

Commission Chairman Ira Hatch explained that this is a co-operative agreement between Emery County and Utah State University to provide Extension services for Emery County. The federal government pays the salary for the extension agent and the county supplies the office space, office staff and some expenses. Attorney David Blackwell has reviewed the agreement and recommends signing. Commissioner Randy Johnson made a motion to approve and sign the co-operative agreement with Utah State University for extension services. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(9)****NOTIFICATION OF VACANCY ON EMERY WATER CONSERVANCY DISTRICT. APPOINTMENT OF BOARD MEMBERS.**

The Board of Commissioners received a letter from Emery Water Conservancy District relative the term expiration of board member Wayne Staley, Emery in April 2001. When the board was set up under state court jurisdiction it was indicated that the board would consist of up to eleven members representative of the entire area under its jurisdiction. The advertising process needs to begin to fill the position. Commissioner Randy Johnson made a motion to begin the advertising process to fill the board member position. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

In the year 2000 advertising was done for filling three April 2000 term expirations. Terms expired for Tracy Behling, Hal Guymon and Jack Curtis who have been filling in as board members until new appointments were made. Emery Water Conservancy District recommended re-appointing the incumbents to the board. It was the desire of the Board of Commissioners to see new people be appointed to the various boards throughout the county thus the reason for advertising for individuals interested in serving on boards. After much discussion and thought Commissioner Drew Sitterud made a motion to re-appoint Tracy Behling and Jack Curtis and appoint Lee McElprang to the Emery Water Conservancy District for the balance of the terms and to send a letter to Hal Guymon thanking him for his years of dedicated service. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(10)**

**CONSIDERATION AND APPROVAL OF WILDLAND FIRE BUDGET.**

Commissioner Randy Johnson made a motion to approve the 2001 Wildland Fire budget at \$11,345.00. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN EMERY COUNTY AND UTAH DIVISION OF FORESTRY, FIRE AND STATE LANDS.**

As part of Emery County Zoning Ordinance 11-21-00 allowing logging operations as a conditional permitted use and establishing guidelines an agreement between Emery County and Utah Division of Forestry, Fire and State Lands needed to be put into place. This will make the state the go between for the enforcing of forest practices. Commissioner Drew Sitterud made a motion to approve a cooperative agreement between Emery County and Utah Division of Forestry, Fire and State Lands. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(12)

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following for personnel action:

Amendment to Personnel Policy

A resolution to amend the personnel policy with regard to not replacing personal nonessential items damaged in the work area was presented for consideration. The proposed amendment would add to Ordinance #12-16-82D Paragraph 8.12 of Section 8 as follows:

*Emery County is not responsible for the loss of or damage to employees' personal properties brought into the work place or onto its premises unless said personal properties are considered essential to the performance of an employee's job functions and approval is given by the department head to do so.*

*At the time the department head approves an employee's use of personal property, a description and an estimate replacement cost of the property shall be documented to be used in the event loss occurs. Upgrades and/or enhancement*

*costs will be borne by the employee.*  
(As corrected)

Commissioner Randy Johnson made a motion to approve Resolution 2-6-01B amending the personnel policy with regard to not replacing personal nonessential property damaged in the work place as corrected and upon final approval of Commission Chairman Ira Hatch. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

#### **COMMISSIONER REPORTS**

##### *Commissioner Sitterud*

Commissioner Sitterud reported on his attendance at the recent Utah Department of Transportation public open house. Citizens were given an opportunity to voice their concerns over State Route 10. They have had well attended meetings in Ferron, Emery and Castle Dale with meetings still be held in Huntington on the 12<sup>th</sup> of February and Price on the 22<sup>nd</sup> of February. UDOT received some suggestions they hadn't thought of. These open town meetings are the beginning of a process called STIP, State Transportation Improvement Program which is

a five year program of highway and transit projects for the whole state. Finding money to fund the project is now in the hands of the legislature.

*Commissioner Johnson*

Commissioner Johnson reported on his trip to Washington D.C. where he and Val Payne spent time getting the Heritage legislation off and running again. It seems to be well received. We still have the same basic condition in Congress that we have to face. There is a fifty-fifty Senate and still that part of Congress that leans towards environmental community. So we still have to build coalitions to get it through Congress. There is a much friendlier atmosphere for the legislation and process to get it passed with the new administration. He felt like they had a positive trip and accomplished some things. They had one representative who voted against the bill last year that was willing to be a co-sponsor this year. Our delegation members are very geared up. Pass or fail this will be our window of opportunity.

**(18)**

**OTHER BUSINESS**

Commissioner Johnson requested changing the regularly scheduled Commission Meeting on March 6, 2001 to another date as he will not be back from National Association of County Officials meetings (NACO). They decided that Thursday the 8<sup>th</sup> of March at 4PM would be the best time. Commissioner Randy Johnson made a motion to re-schedule the regular Commission Meeting to March 8, 2001 at 4:00p.m. and to have the Clerk/Auditors office notice the change in the Emery County Progress. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(19)**

**EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.**

**LEE BRENNAN, STATE TAX COMMISSION, PROPERTY TAX REVIEW PROGRAM OVERVIEW.**

Lee Brennan, State Tax Commission reviewed the Property Tax Review Program. She explained that about a year and a half ago the State Tax Commission put together a county review program. The purpose of the program is to look at the Auditor, Assessor, Treasurer and Recorder in each county specifically looking at what works well and what needs improvement. They look at what ideas they can take from one county that could be incorporated into another county. They have been to twenty-four counties and have found some interesting procedures. Ms. Brennan will be in the county for about three days reviewing each of the four offices looking at documents and the various processes used from the building permit to the actual tax notice. After the review is over a hard copy of the review will be provided and a meeting will be scheduled to meet with the Board of Commissioners for an overview.

**(2)**

**CONSIDER REQUEST FROM EMERY HIGH RODEO TEAM FOR SPONSORSHIP.**

Will Payne, Emery High Rodeo Team came before the Board of Commissioners to request sponsorship for rodeo events at the high school. Commissioner Randy Johnson made a motion to contribute \$250.00 to the Emery High Rodeo Team. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(3)**

**CITIZEN CONCERNS**

Assessor, Jim Fauver discussed a problem he has encountered with software used for assessments. Johnny Bloomer's old home in Ferron was removed in the system after the 1999 Board of Equalization. In 2000 for some reason it returned to the system. It has no economic value. Mr. Fauver requested a property tax adjustment for 2000. Commissioner Drew Sitterud made a motion to approve the property tax adjustment for Johnny Bloomer. The motion was seconded

by Commissioner Randy Johnson and approved by all members present.

**APPOINTMENT OF BOARD MEMBERS TO THE EMERY COUNTY SPECIAL SERVICE DISTRICT #1 AND EMERY COUNTY PUBLIC LANDS COUNCIL TO FILL CURRENT EXPIRED TERMS AND/OR VACANCIES.**

The Board of Commissioners solicited for applications to fill expired terms of Merrill Swasey and Sherrel Ward on the Emery County Special Service District #1. They received several applications. The Board of Commissioners forwarded the applications to the SSD#1 with a suggestion to look at making changes occasionally to give others an opportunity to serve. The SSD#1 recommended re-appointing Merrill Swasey and Sherrel Ward. Commissioner Randy Johnson made a motion to re-appoint Merrill Swasey and appoint Richard Jensen to the Emery County Special Service District #1. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. Commission Chairman Ira Hatch requested a letter be sent to Sherrel Ward thanking him for his years of service.

Three board members terms have expired on the Public Lands Council. Terms have expired for Wes Curtis, Eugene Johansen and Dennis Worwood. The Board of Commissioners solicited for applicants interested in serving on this board. Tracy Jeffs, Public Lands Council Chairman informed the Board of Commissioners that the board voted by secret ballot for the individuals who applied. The results were tallied and the board recommended Dennis Worwood, Wes Curtis and Dixon Huntington. Commissioner Randy Johnson made a motion to re-appoint Dennis Worwood and Wes Curtis and appoint Dixon Huntington to the Public Lands Council. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. Commission Chairman Ira Hatch requested a letter be sent to Eugene Johansen thanking him for his years of service.

Dorothy Taylor has requested to reduce her work hours and wage from 40/hrs/week to 24 hrs/week and from \$11.00/hr to \$8.50/hr. She will be considered regular part time, 3/4 time and is eligible for prorated benefits. This would be effective February 5, 2001 so that she can comply with Social Security time requirements. Commissioner Randy Johnson made a motion to approve the reduction in hours and wage for Dorothy Taylor as presented. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

In accommodating Dorothy Taylor's request for a part-time status, the library has found it necessary to adjust schedules for other library employees. The Board of Commissioners will meet with Head Librarian, Jerilyn Mathis to discuss the adjustments before any action is made.

**(9)****APPROVAL OF COMMISSION MEETING MINUTES**

- \*Trail Mountain will complete their lay-off as of today Thursday, March 8, 2001 after completion of afternoon shift.
- \*Energy West Mining will be contributing funds to the Emery County Sheriff for three speed monitors.
- \*She discussed Emery County's power line transfer to Texaco. Apparently this has not been completed and Emery County is still being charged for the pumping station. Deb will look into the matter.

**(5)**

**JOHN MCCURDY, S.D.A.R.C., DISCUSSION OF EMERGENCY OPERATIONS CENTER.**

Mr. McCurdy was not able to attend the meeting.

(6)  
**CHERYL PECK, REPORT ON PROJECT EMERY CLAUS 2000.**

Ms. Peck was not able to attend the meeting.

(7)  
**MECCA, DANNY DECKER, REQUEST COUNTY INSURANCE COVERAGE FOR BIKE FESTIVAL.**

Mostly Emery County Cycle Association representative Danny Decker came before the Board of Emery County Commissioners to request insurance coverage for their annual bike festival on May 18, 19 and 20<sup>th</sup> of 2001. The group has been promoting the San Rafael Swell Mountain Bike Festival for the last four years. Mr. Decker pointed out that the festival is held in Emery County and brings many people into the county to use motels, gas stations, restaurants, etc. Time is of importance because of BLM required permitting. Commission Chairman Ira Hatch discussed the requirements of Utah Association Counties for having an event fall under the umbrella of the County's insurance policy. In the past this event had been covered under the umbrella of the County's insurance policy through the Fair Activities Director Kathy Justice and or the Recreation District. Shannon Hiatt, Emery County Recreation District Director indicated that at one time he was preparing insurance certificates for recreational events sponsored by Emery County. Events covered were MECCA's San Rafael Swell Mountain Bike Festival, The Green River Trail Ride, the local OHV Club Trail Ride, the Sheriff Posse's Friendship Cruise and the Fair Rodeo. The Board of Commissioners looked into the legal requirements for bringing an event under the umbrella of the County's insurance. Commissioner Johnson pointed out this is not a support issue this is a legal issue that needs to be resolved. Mr. Decker pointed out that the County is sponsoring MECCA's Bike Festival as it has been advertised as such. MECCA needs to have insurance in place right away. The Board of Commissioners concluded to have Shannon Hiatt, Recreation District look into providing the insurance for this year. The Board of Commissioners proposed having in place for next year a process by which the various events must apply to the county for consideration of sponsorship and insurance coverage as part of the budget process.

(8)  
**DARYL WILCOX, MAYOR OF ELMO, REQUEST FOR PARTICIPATION IN ELMO SENIOR CITIZEN CENTER.**

COMMISSION MEETING MINUTES  
MARCH 8, 2001

Daryl Wilcox, Mayor of Elmo explained that Elmo Town has received a grant from the Department of Community and Economic Development for construction of a composite building to provide for a city office, fire department and senior center. The problem is the city does not have the revenue to provide for the approximately \$1,800.00/month maintenance and operation of the building. Mayor Wilcox requested assistance from the County through the Association of Local Governments by way of added funds to the AOG for this purpose. The city is in the process of putting their plans together for the DCED and needs a commitment for the maintenance and operation of the building as part of the application. The Emery County Board of Commissioners agreed to meet with Maughn Guymon, AOG to review the request. This request will be placed on the March 20, 2001 Commission Meeting agenda.

(9)

**CITIZEN CONCERNS**

Mark H. Williams requested a report from Commissioner Johnson and Commissioner Sitterud on their trip to Washington D.C. on behalf of the county's Heritage Bill. Commissioner Johnson reported that they met with a Blue Dog Coalition of fairly conservative democrats. They received strong commitments from about eighty percent. Many are looking at Congressman Jim Matheson for support. They are not sure if Matheson will be a co-sponsor of the bill or will support it in some other way. Commissioner Sitterud reported that Southern Wilderness Alliance supporters were always one step ahead of them everywhere they went. They both felt things went well and it was a positive experience. Mayor Wilcox and Mike McCandles both suggested creating a web page to enlighten citizens on the Heritage Bill providing bullet points and recommendations for the bill.

(10)

**CONSIDER REQUEST FROM IDAHO STATE TAX COMMISSION TO PURCHASE RIGHT TO DISTRIBUTE EMERY COUNTY'S COGO PACKAGE.**

Lee Rasmussen, GIS Department explained that an employee from Idaho State Tax Commission has requested the rights to use Emery County's Coordinate Geometry Program (COGO). This employee used to work in Carbon County and has had an opportunity to view and work with the program. The Coordinate Geometry Program a program created by Emery County's GIS Department produces accurate maps of private parcels using section corners by attaching survey corners and coordinating with the legal descriptions. By agreement Emery County has shared this technology with over half the counties in Utah. Issues discussed included whether Emery County has ever received a patent right on the program, whether EC can share with another state, whether EC can charge for the program or receive other software in exchange for the program. The Board of Commissioners and the GIS Department have no problem sharing the program as long as the County and the Program itself is protected. Following discussion Commissioner

COMMISSION MEETING MINUTES  
MARCH 8, 2001

Randy Johnson made a motion to let the Idaho State Tax Commission use the program provided County Attorney David Blackwell is comfortable with the legality of the exchange. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF TAX ADJUSTMENT.**

JoAnn Behling, Treasurer requested approval to adjust the penalty and interest for Kanhai Sah, Budget Hotel in Green River. The post office box number was incorrect so he did not receive his tax notice. Mr. Sah has paid the taxes but requested to have the penalty and interest removed. Commissioner Drew Sitterud made a motion to allow the adjustment of penalty and interest for Kanhai Sah, Budget Hotel. Commission Chairman Ira Hatch stepped down to second the motion as Commissioner Johnson had stepped out of the room. The motion was approved by all members present.

(12)

**RATIFY ACTION TAKEN ON FEBRUARY 20, 2001 REGARDING TAX ADJUSTMENT.**

Commissioner Randy Johnson made a motion to ratify the decision made February 20, 2001 to adjust the taxes for Johnny Bloomer, Ferron. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(13)

**ROAD DEPARTMENT LANDFILL UPDATE AND DISCUSSION OF FOREST SERVICE REVISED SCHEDULE A.**

Road Department Supervisor, Rex Funk updated the Board of Commissioners on the changes at the Emery County Landfill. The landfill will now be closed on Sunday and Monday. The changes are based on the last two years usage. Mr. Funk requested approval to collect \$12.00 per ton for rubble from construction contractors at the landfill. Commissioner Drew Sitterud made a motion to set a \$12.00 per ton stipend for rubble from construction contractors at the landfill. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

He also presented the Forest Service Revised Schedule A for the Forest Road Agreement between the Manti-LaSal National Forest and Emery County. The agreement lists roads or road segments and who will be responsible for maintaining them. Commissioner Randy Johnson made a motion to approve the Forest Service Revised Schedule A. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Commissioner Randy Johnson made a motion to approve paying the health insurance premium for David Fillmore's wife until December 1, 2001. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Sheriff Guymon requested permission to clean the roster from which he hires and invite those who have applied to reapply so he can start with a new roster.

#### Library

The Library requested ratification of an earlier decision to hire Roy Sepulveda as Green River Library Janitor at \$5.15/hr effective March 5, 2001. Commissioner Randy Johnson made a motion to approve hiring Roy Sepulveda as Green River Library Janitor as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Request was made to increase Roxann Bohn from three quarter time to full time. She will be eligible for full benefits effective February 5, 2001 and will continue at her current rate of 11B \$11.00/hr. Commissioner Randy Johnson made a motion to approve the increase to full time for Roxann Bohn as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

#### Recorder

Pat McCourt has reached the end of her second up-to-90 day temporary assignment. The microfilming project she is working on is still not completed because of camera operation difficulties. It is proposed that she lay off for one week and then return to finish the microfilming project. She would return at \$7.00/hr on March 19, 2001 or when the camera is working again. Commissioner Drew Sitterud made a motion to approve laying off Pat McCourt for one week and hire her again for another up-to-90 day temporary assignment to finish the microfilming project as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(1)**

**DARYL WILCOX, MAYOR OF ELMO, FOLLOW-UP ON REQUEST FOR PARTICIPATION IN ELMO SENIOR CITIZEN CENTER.**

Mayor Daryl Wilcox previously approached the Board of Commissioners regarding participation in a building project for Elmo Town. Elmo Town wanted to incorporate a Senior Citizens into a building for a town hall, office and fire station. The town requested assistance with the portion of the building to be used as a Senior Citizen center by way of operation and maintenance funds from the Area Agency on Aging(Maughn Guymon, AOG). The Board of Commissioners discussed the issue of long term commitment. Maughn Guymon indicated the long term commitment could be as much as \$15,000.00 per year with increases each year. Commissioner Johnson wondered what kind of an impact this would have on the Huntington Senior Center. At the present time seniors from Cleveland and Elmo are transported to Huntington for various programs. After much discussion Commissioner Randy Johnson made a motion to not participate in the financial support for a Senior Citizen Center in Elmo. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(2)**

**MARK JUSTICE, REQUEST TO SUBMIT BID PROPOSAL FOR COUNTY PROPERTY, AUTO AND LIABILITY INSURANCE.**

Representatives from Carbon-Emery Insurance, Mark Justice, Kathy Justice and Chris Justice came before the Board of Emery County Commissioners to request to submit bid proposal for county property, auto and liability insurance. Chris Justice sited concern that since the county does not go out to bid for insurance that they might be paying more than they have to. The companies they contract with have an A+ rating. Pat Snowball, Personnel explained the insurance renewal process. Commissioner Johnson explained that back in 1991 Emery County was one of many smaller counties to join in creating the Utah Association Of Counties Insurance Mutual (UACIM) and just recently received back to the County final payment of funds contributed to its creation. JoAnn Behling, Treasurer explained it was created because the cost of liability insurance for small counties was getting out of hand. Mark Justice explained that they do not wish to bid against UACIM but would like the County to use this as an opportunity to find out where they are in coverage and cost compared to other companies. The bid package

COMMISSION MEETING MINUTES  
MARCH 20, 2001

would be the same as what

Pat Snowball is already preparing at this time for renewal with UACIM. Commissioner Randy Johnson made a motion to open the bid process to solicit bids for county property, liability and auto insurance while proceeding with retention of UACIM coverage and retaining the County's right to consider the evaluation of the benefits and accept or reject any bid. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(3)**

**CITIZEN CONCERNS**

Darrell Leamaster, Castle Valley Special Service District presented the Board of Commissioners with the Local Capital Improvements Priority List to be submitted to Permanent Community Impact Fund Board. The list contained short term and medium term project requests for Emery County for 2001. Commissioner Drew Sitterud made a motion to accept the Local Capital Improvements Priority List for submission to PCIFB for 2001. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Kathleen Truman, State Historical Preservation Committee proposed submitting a grant application with Utah State Division of History for \$70,000.00 (which includes \$10,000.00 for the matching funds to complete the I-70 Interpretive signs). The funds will be used to provide informational and historical kiosks in the communities, provide for a folk art festival and continue the work on the Legacy District. The funds to meet the match are in place. Commissioner Randy Johnson made a motion to approve the grant application with the USDH for the purpose outlined. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(5)**

**SETTING OF DATE FOR 2001 MAY TAX SALE.**

Clerk/Auditor, Bruce Funk proposed the date of May 17, 2001 at 10:00 A.M. for the May Tax Sale. Commissioner Drew Sitterud made a motion to set the date for the May Tax Sale for May 17, 2001 at 10:00 A.M. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Mr. Funk informed the Board of Commissioners that title searches will be conducted by Emery Abstract this year as it was decided last year to rotate the service.

**(6)**

**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor, Bruce Funk presented the Warrant Check Edit List #137725 through and including #137864 for payment.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

APRIL 3, 2001

Present at the meeting was Commission Chairman Ira Hatch, Commissioner Randy Johnson, Commissioner Drew Sitterud, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

Commissioner Sitterud was late to the meeting therefore Commission Chairman Ira Hatch would step down to execute the motions until Commissioner Sitterud arrived.

(1)

**CHERYL PECK, REPORT ON PROJECT EMERY CLAUS 2000.**

Cheryl Peck, Community Services Center provided the Board of Commissioners with an overview of the 2000 Project Emery Claus. The project provided Christmas for approximately eighty-eight (88) families in Emery County. She indicated the project ran smoothly with the time they had to get the project in force. They are looking forward to continuing the project in 2001. The Board of Commissioners wished them continued success in their efforts with the project.

(2)

**JOHN MCCURDY, S.D.A.R.C., DISCUSSION OF EMERGENCY OPERATIONS CENTER.**

John McCurdy, Sinbad District Amateur Radio Club came before the Board of Commissioners representing the approximately eighty members in Carbon and Emery County who wish to re-establish the emergency operations/civil defense center in Emery County. He outlined the abilities of the club and what they have to offer. They have several repeater stations throughout the region and are desirous to obtain a mobile radio unit. Sheriff Guymon indicated that his department has used the amateur radio club a number of times for various search and rescue efforts. Their request was to begin discussions with who ever is over the emergency preparedness program in the county. Commissioner Johnson explained that the Board of Commissioners is currently looking into reassigning the civil defense/emergency preparedness program for the county. The Board would need to get with the Sheriff and those who have been involved in this program in the past, to re-evaluate the needs for the program. Mr. McCurdy indicated that the club's desire is to open dialog with whoever is over the program and begin looking into the possibilities for state and federal assistance to manage the program.

(3)

**TAMI ALLRED, REQUEST FOR PROPERTY TAX DEFERRAL.**

JoAnn Behling, Treasurer made a request on behalf of Wayne and Tami Allred. Their property would be on the 2001 May Tax Sale but they have requested a deferral until November, 2001. Commissioner Randy Johnson made a motion to approve the request for deferral of property taxes until November, 2001 for Wayne and Tami Allred. The motion was seconded by Commissioner Ira Hatch and approved by all members present. Commissioner Johnson commended JoAnn Behling for her dedication and commitment to accommodating the tax payers of Emery County. Commissioner Hatch thanked her for her compassion and willingness to deal with extenuating circumstances of taxpayers in Emery County.

(4)

**CITIZEN CONCERNS**

Mark H. Williams wanted to know when the R.V. Dump would be open again. Rex Funk, Road Supervisor stated it would be open tomorrow. The dump had been closed due to vandalism and improper use.

(5)

**CONSIDERATION AND APPROVAL OF TAX ABATEMENT**

Senior Deputy Clerk/Auditor Brenda Dugmore explained that Charlene Ernie has made application for abatement of her mobile home property taxes which were due in January. Ms. Ernie is under age 65 so therefore falls under the indigent abatement and qualifies for up to fifty percent of the tax amount abated. Commissioner Drew Sitterud made a motion to grant the abatement for Charlene Ernie for fifty percent of her tax amount. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(6)

**RATIFICATION OF TERMINATION OF SPONSORSHIP FOR THE R.S.V.P. PROGRAM.**

Commission Chairman Ira Hatch explained that about a year ago the Emery County R.S.V.P. director left the county's employment. The program was functioning through the assistant director and a V.I.S.T.A. volunteer. The assistant director left the employment of the County

COMMISSION MEETING MINUTES  
APRIL 3, 2001

and the V.I.S.T.A. volunteer's contract ran out at the end of 2000. At that time the Board of Commissioners began discussion on how the program was functioning and what to do with the program. The Board felt like the scope of the program had changed to volunteers and not the needs of the seniors. The program was way out of whack as to what they had thought the program should be. The Board advertised for and hired a new R.S.V.P. Director who was in the position for approximately ten days and left the program. The Board of Commissioners met with Maughn Guymon, Area Agency on Aging regarding sponsoring the programs for the seniors. They discussed the possibility of taking the \$12,000.00 that the County puts into the R.S.V.P. program and melding it with state funds to administer the needs of the seniors in Emery County through the Senior Citizens Program. The Board felt like the volunteer program could run in concert with the Senior Citizen program and the needs of the seniors could be met through the AOG. So the Board of Commissioners made the decision to not renew with the Corporation of National Services and meld the R.S.V.P. funds with the Senior Citizen Program (AOG). The county still needs and wants volunteers working through the Senior Citizen Directors. With the decision to not continue with the R.S.V.P. Program Commission Chairman Ira Hatch contacted Carol Belman, Corporation of National Services to inform her of the County's decision. Ms. Belman indicated that they would solicit for a new sponsor for the program. Ms. Belman insisted on having a letter stating the County's termination of contract right away. Therefore the letter was drafted and sent to Corporation of National Services ending Emery County's sponsorship/contract for the R.S.V.P. Program.

Commission Chairman Ira Hatch opened the meeting up for comments from the many seniors in attendance. Commission Johnson reassured the seniors that Emery County would not abandon the senior's programs. Emery County just wants to get away from the stringent regulations and requirements attached to federal funding, stating they felt they could do the same things under the Senior Citizen Program.

Larry Heaton and Linda Jewkes stated their opinions as R.S.V.P. Advisory Board members.

Commissioner Drew Sitterud expressed the Board's appreciation to the seniors for attending the meeting to share their feelings and concerns for the programs they have come to enjoy and rely on. He offered an apology on behalf of the Board to anyone who may have been hurt by this decision.

Following comments and questions, Commissioner Randy Johnson made a motion to ratify the decision to terminate Emery County's sponsorship of the R.S.V.P. Program. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**SHERIFF GUYMON, DISCUSSION OF FIREARMS TRAINING.**

COMMISSION MEETING MINUTES  
APRIL 3, 2001

Sheriff Guymon explained the “Simunition” program available for firearms training. The program simulates using live rounds in firearms training. He explained the benefits of having deputies train using this method because of the realism it portrays. Sheriff Guymon asked to grant his department \$4,700.00 to implement this program. He indicated there is \$2,500.00 in the Gun Range line item that could be used and could come back with savings in other line items that may help fund it. Commissioner Randy Johnson made a motion to allow Sheriff Guymon to move ahead with this program using the funds available. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(8)**

**CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.**

Deputy Clerk/Auditor Carol Cox presented a business license application from Dustin Redmond DBA: Good-4-U Fruit, he will be selling fruit on the roadside. Zoning Administrator, Bryant Anderson has signed the application. The Board of commissioners questioned whether he would be selling on the roadside of the state highway if he would need permission from UDOT. Commissioner Drew Sitterud made a motion to approve the business license for Dustin Redmond DBA: Good-4-U Fruit provided he has met with any State Highway requirements. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(9)**

**APPOINTMENT OF VACANCY ON EMERY WATER CONSERVANCY DISTRICT BOARD.**

Upon request from Emery Water Conservancy District the Board of Commissioners advertised and took applications for individuals interested in appointment to EWCD board. The Board received applications from four individuals to fill the vacancy left from the expired term of Wayne Staley. As EWCD’s board members are boundary bound, Muddy Creek Irrigation Company recommended Morris Sorenson to represent their boundary on the EWCD board. Commissioner Drew Sitterud made a motion to appoint Morris Sorenson to the Emery Water Conservancy District. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(10)**

**CONSIDERATION AND APPROVAL OF ROAD DEPARTMENT ITEMS.**

COMMISSION MEETING MINUTES  
APRIL 3, 2001

Road Supervisor, Rex Funk presented the following:

Rex Funk requested permission for out-of-state travel to the Annual Landfill and Solid Waste Management Seminar. Seminar date is June 6-8, 2001 in Phoenix, Arizona. Cost for the seminar is \$224.00 and was approved in the Landfill budget. Mr. Funk was given the go-ahead to travel out-of-state.

Rex Funk recommended that Emery County begin the process to abandon the following roads which consists mostly of private access and one obscure Road #1003 which serves no public purpose.

<u>Road #</u>	<u>Name</u>	<u>Description</u>

**10:00 A.M.—PUBLIC HEARING- TO RECEIVE COMMENT ON AMENDMENTS TO ARTICLES 2, 6, 7, AND 8 OF THE ZONING ORDINANCE.**

Chairman Ira Hatch opened the public hearing to receive comments on amendments to Articles 2, 6, 7 and 8 of the Zoning Ordinance after which he turned the time over to Planning Committee Chairman, Mack Huntington. Mr. Huntington reviewed the amendments as follows: in Article 2 they recommend adding adequate definition concerning building of homes. In Article 6, they recommend polishing the language only. In Article 7, they recommend defining the language in respect to the responsibilities of the Zoning Administrator. There were no changes to Article 8.

COMMISSION MEETING MINUTES  
MAY 15, 2001

The Planning Committee proposed amending Article 10 A-1 and M&G-1 zones as a Level 3 Conditional Use Permit the following: halfway houses, jails, alcohol and drug rehabilitation centers, prisons, group homes for juvenile offenders, youth detention centers. They proposed adding to every zone as a Level 2 Conditional Use: Telecommunications and broadcasting towers and antennas.

Commission Chairman Ira Hatch opened the meeting for public comment.

Assistant Attorney Alan Thorpe and Mack Huntington answered questions from the public.

Jim Fauver questioned Article 6 Section 13 wherein it states: Barns, corrals, pens, for keeping of animals shall be located at least one hundred (100) feet from the nearest dwelling.

Commissioner Randy Johnson made a motion to close the public hearing. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(4)

**10:15 A.M.–PUBLIC HEARING–TO RECEIVE PUBLIC COMMENT ON LEVEL 3  
CONDITIONAL USE PERMIT FOR EMERY COUNTY FOR A PUBLIC SAFETY  
CENTER.**

Planning Committee Chairman, Mack Huntington explained that the permit has been through the planning process. The Committee finds the project to be in compliance with state law and recommends approval of a Level 3 Conditional Use Permit for Emery County for a Public Safety Center.

Commission Chairman Ira Hatch opened the meeting for public comment.

The Board of Commissioners answered questions from the public.

Commissioner Randy Johnson made a motion to close the public hearing. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(5)

**10:30 A.M.–PUBLIC INFORMATIONAL MEETING—TO SUPPLY INFORMATION AND ANSWER QUESTIONS REGARDING CONSTRUCTION OF A PUBLIC SAFETY CENTER BY MEMBERS OF THE MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY.**

Municipal Building Authority Chairman, Randy Johnson introduced board member Randy Jensen and Ken Shulsen, Sahara Inc., design build contractor for the public safety center who provided information and answered questions. Randy Johnson explained that for a number of years Emery County Sheriff's Department has been faced with some serious safety issues due to failing safety inspections at the jail facility. The Commission has been trying to come up with a way to get a new facility without adding the burden to the tax payer. They proposed having the Municipal Building Authority of Emery County construct the building using mineral lease funds and not tax payer dollars. He outlined the financial package proposed to pay for the public safety center. He also discussed the State Courts option to come on board with this project. Having the State Courts in the same facility would eliminate the transporting of prisoners and allow for discretion regarding prisoners, attorneys and family members. They expect to hear soon from the State Court as to their participation. Sheriff Guymon outlined the use of the building. The new facility will allow the Sheriff's Department to house female prisoners, which currently must be transported to another county. Having I-70 pass through Emery County is a huge impact on the Sheriff's Department. He further explained that they do not plan to house state prisoners to generate revenue. Ken Shulsen outlined the scope of the proposed construction of the facility.

Commission Chairman Ira Hatch opened the meeting to the public for any questions or comments.

Dixon Huntington expressed concern for why the public has not been informed until recently about this and why this is being ram-rodged to get done so fast. He was concerned for the fact that the maintenance and operation of the building will be with taxpayer dollars. This will be a burden to the taxpayer especially with the county's declining tax base and non-projected growth.

Dennis Fuller, building maintenance, expressed concern for the current building's structure. There are large cracks down the center of the detention center. There are cracks in the floor where centipedes, spiders and other bugs come through. The building is moving and settling. The plumbing is a mess.

Assistant Attorney, Alan Thorpe stated that from a safety aspect, having the courts and jail in the same building is a good thing. Having prisoners brought out of the jail, transported and held at a separate facility leaves the chance for contact by citizens.

Information Technology Specialist, Jeff Guymon asked about the networking abilities designed

in the infrastructure.

The informational meeting was closed and regular Commission Meeting commenced.

**(6)**  
**CONSIDERATION AND APPROVAL OF LEVEL THREE CONDITIONAL USE PERMIT FOR EMERY COUNTY PUBLIC SAFETY CENTER.**

Commissioner Randy Johnson made a motion to ratify the signing of the Drug Court Contract. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(9)**  
**CONSIDERATION AND APPROVAL OF AMENDMENT TO RESOLUTION 12-19-00E.**

Attorney David Blackwell explained the need to extend the time for the anticipated creation of North Emery Water Users' Special Service District and disbursement of mineral lease funds. Paragraph 4 of Resolution 12-19-00E states that if the NEWUSSD is not created by June 1, 2001, the 2% allocated mineral lease funds shall be allocated to the Municipal Building Authority of Emery County. As it has become apparent to the Board of Commissioners that the NEWUSSD will not be created by June 1, 2001 as previously anticipated it is necessary to amend Resolution 12-19-00E paragraph 4 to include the following: "If the North Emery Water Users' Special Service District is not created as anticipated and assets transferred thereto by

COMMISSION MEETING MINUTES

September 1, 2001, the 2% allocated thereto shall be allocated to the Municipal Building Authority of Emery County.” Mr. Blackwell recommended that if and when the District is created that is created as a shell only until the assets are transferred.

Mike Jensen, Attorney for NEWU reviewed the process for dissolution of assets by NEWU and the transfer to the District.

Commission Chairman Ira Hatch expressed concern for the Board Of Commissioners acting as Board of Directors for the District during the interim period. They would like to see the Board of Directors for the District be in place at the same time as the assets are transferred.

Mike Jensen did not see the Board of Commissioners as being administrators of the District at that time because it would just be a shell and would have nothing to do with creating debt or attending meetings.

NEWU President, Menco Copinga, explained that NEWU has approached Community Impact Board for funds. They were granted a \$300,000. grant and \$300,000. loan at 0% interest. If the District is created they get the funds if it is not then the funds will be redistributed.

Commissioner Randy Johnson made a motion to approve Resolution 5-15-01A a resolution amending Emery County Resolution 12-19-00E. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**JAMES GILSON, REQUEST COUNTY PARTICIPATION IN COYOTE BOUNTY PROGRAM.**

James Gilson, Sportsmen for Fish & Wildlife came before the Board of Commissioners to request the County participate in a coyote bounty program. He explained that the State has appropriated \$100,000.00 for a coyote bounty program for which counties can apply for matching funds to implement the program. The program was initially implemented for the cattleman's associations however the sportsman's groups recently lobbied and won to have the program reinstated. The sportsman's groups cannot apply for the funds, the County must apply for the funds and administer the program. The sportsman's group has funds that can be used and anticipate receiving more funds from the cattleman's association and possibly the County if they are willing to contribute. Mr. Gilson indicated the group will go before the Carbon County Commission to present the program and request participation. He indicated he has met with other counties who are already participating in the program to get a feel for how the program is working and the structuring of the program. He explained there would be stations in the county where the ears and paperwork would be collected and processed by the sportsman's group. The sportsman's group will set the governing rules and a list would be provided to the County. The County would be the process by which the funds are received and individuals would be paid. The State funds become available in July, so Mr. Gilson requested a willingness on the part of the County to participate in the program. After much discussion on this matter Commissioner Ira Hatch made a motion to investigate the possibility of participating in a coyote bounty program and to designate one or all of the Board of Commissioners to meet with the sportsman's group to work out the details for which Emery County may be the vehicle for which the matching funds may be obtained to administer the bounty program. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(2)****DELENA FISH, WFS, QUARTERLY UPDATE.**

Delena Fish, Work Force Services provided the following update:

- ✦ She provided the Board of Commissioners with quarterly job market information.
- ✦ The eligibility service centers opened last year were dissolved. Employees and service are now back in Emery County.
- ✦ They have had an employee in the Emery County office retire. She was replaced with a worker from Carbon County.
- ✦ The Summer Employment Program is underway. There are fourteen (14) youth slots until July.
- ✦ They are continuing training services to those individuals dislocated by closures of mines and trucking lay-offs. They have about eighty-eight customers participating in training.
- ✦ They have put in a request for project that will be released in June for a new building.

**(3)****DEB DULL, UTAH POWER, QUARTERLY UPDATE.**

Deb Dull, Utah Power, provided the following update:

- ✦ Quote from Bill Landel, “We are better prepared this summer with resources than we were last year. We have spent about forty-five million dollars on new distribution equipment just on the Wasatch Front. And we have also spent a large amount of time working on projects for this summer. We have gone out and purchase what we believe will be required barring any unforeseen issues such as the Hunter 345 line problems or any sub-station malfunction.”
- ✦ In April, Commissioners and community leaders received a letter from Energy West Mining concerning the Trail Mountain closure. In the letter they had said that beginning June 27 there would be approximately 68 union employees, which is now 63, that would be terminated due to the closure and that the salary employees at Energy West positions for the closure would be in intermittent stages between fall 2001 and June 2002 and that now looks to be about 78. They are happy to report that 62 out of the 63 individuals that will be leaving have qualified for retirement from UMWA.
- ✦ Quote regarding Hunter 4, “In the normal course of business PacifiCorp is examining potential new generation projects which are in various stages of review. We cannot be specific because such information is financially sensitive to the company and its customers.

PacifiCorp has not made a decision to build Hunter 4. Some preliminary permitting work is proceeding and there are engineering and cost studies in progress. The company will make a decision on whether to proceed when these feasibility studies are complete. As

COMMISSION MEETING MINUTES

soon as it is appropriate to make a more definite statement the company will do so.”

Sheriff Guymon publicly thanked PacifiCorp for the \$12,000.00 donation to the County to purchase traffic monitoring/speed signs for the Sheriff’s Department.

Darrell Leamaster, Castle Valley Special Service District thanked Deb and PacifiCorp for their efforts to assist CVSSD with city projects by moving power lines within cities.

The Board of Commissioners thanked Deb for the updates and continuing dialog with PacifiCorp.

**MIKE MCCANDLES, EMERY TELCOM, QUARTERLY UPDATE.**

Mike McCandles, Emery TelCom, provided the following update:

- ✦ They have completed the Hanksville transfer. Things have been going well with Qwest.
- ✦ Continuing with phase for DSL service. DSL will be available in both counties soon.
- ✦ Regarding the Smart-Site, we are ready to go ahead of other sites. He has been working with Rosann Fillmore and Delynn Fielding to make great headway.

**(5)**

**CITIZENS CONCERNS**

Mike McCandles, representing the Chamber of Commerce, requested the County become a paying member of the Chamber of Commerce since the County no longer funds the Chamber. The Board of Commissioners indicated they would address this in next Commission Meeting.

Green River Mayor, Dale Johnson, provided an update on the proposed White Sand Missile Base in Green River. He also updated the Commission on the annexation issue. We may be into next year before this is settled. After all the briefs have been filed, the court will assign the matter to the Justices for review and when the court is ready it will hold oral arguments. He discussed with the Board of Commissioners the mounting bills accumulated by the annexation issue. He requested help from the County to help pay the bills which are now at \$29,420.12.

Commissioner Randy Johnson made a motion to commit to help Green River with the cost of the annexation issue and to look at where to shift funds. The motion was seconded by Commissioner Ira Hatch and approved by all members present. This will be on the June 19<sup>th</sup> Commission Meeting agenda.

**A RESOLUTION APPROVING THE ADOPTION BY THE MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY, UTAH OF A PARAMETERS RESOLUTION AUTHORIZING THE ISSUANCE OF NOT MORE THAN (1) \$2, 250,000 TAXABLE LEASE REVENUE BONDS, SERIES 2001 A AND (2) \$2,300,000. LEASE REVENUE BONDS, SERIES 2001 B; AND RELATED MATTERS.**

Kent Michie, Financial Advisor for the Municipal Building Authority of Emery County addressed the Board of Commissioners. He spoke regarding the financing of the jail project. This something that has been in the works for some time. In general he has been given instructions and guidance to develop a financing plan along the lines of a Municipal Building Authority Lease Revenue Bond. His purpose for being there was to accomplish the first portion of getting that done on an official basis. Previously Emery County met with the Community Impact Board and were given approval for both a form of grant and a loan. Emery County would purchase a lease revenue bond from the Municipal Building Authority. But because the amount of the money needed to build the project is greater than the commitment from Community Impact Board it would be necessary to do what they call private market financing. He was instructed to work closely with and cooperatively with Wells Fargo Bank who would act as a private placement purchaser of a portion of the financing. He walked the BOC through the set up of a Building Authority, how they work. This is the first time Emery County has used the MBA to finance a County project. Twenty years ago, this year, the Municipal Building Authority Act was passed. The concept for financing public projects was new to Utah. The creation of a Municipal Building Authority is primarily a financing vehicle to finance for and on behalf of the body which creates it. In this case it is the County. In concept what happens is the County creates a Municipal Building Authority. It is a separate corporation which is known as a non-profit corporation. The Building Authority is one and the same as the County. They are basically the same entity only wearing different hats. There are some important legal reasons behind that. The County authorizes the Building Authority to sell bonds. The Building Authority then does in fact issue and sell bonds and builds the project. They also own the project in its interim phases. They then enter into a lease agreement with the County, leasing the project to the County. The County makes lease payments back to the MBA and the lease payments are dollar for dollar the same as the debt service on the bonds. So the County is in the position of making lease payments or rental payments to its own MBA. Why doesn't the County just finance the project directly? The County could finance the jail directly on its own motion by issuing general obligation bonds. The problem with general obligation bonds is that it has to be voted in a 100% vote of all the people in the County. General obligation bonds by Constitutional standard have to be voted. Lease Revenue Bonds do not have to be voted on. There are a whole case lot series of different cases as to why we do not hold elections for revenue bonds as opposed to general obligation bonds. So, the MBA issues lease revenue bonds, they lease it to the County and once the bonds are all paid the jail reverts to the County. Its somewhat like an installment purchase. It is the obligation of the County to make lease payments to its MBA is on an annually

COMMISSION MEETING MINUTES  
JUNE 5, 2001

renewable basis. In theory the County has the legal right to bug-out of making the payments. On the other hand from a moral point of view there is no right to bug-out. This financing concept is what is known in the Municipal Bonds business as an 'annually renewable lease' a "moral obligation' or an 'appropriation risk obligation'. Lease revenue bonds protect the bond holder further by providing for a mortgage or a trust deed so that the bond holder would take possession of the jail if the lessee did choose to bug-out. The point is that this is a 'moral obligation' contract and it does not require an election. It does not create under the constitution of Utah what is known as a debt. A debt is only things that are payable by property taxes and for which there has been a bond election. This does not create a debt, but it clearly creates an obligation. These are the legal concepts that are involved. When the Building Authority statute was passed, there were three concepts. At this point Mr. Michie was asked to explain why the governing authority of the MBA needs to be restructured. He read from State Law, 17-A-3 (900) series, explaining that a governing body means the council, commission, county legislative body or board of education of a public body in which the legislative powers of the public body are vested. In the organization of a MBA, under powers and duties, it read, ' the governing body shall approve the articles of incorporation and by-laws of the authority and shall act as the members of the board of trustees of the authority.' We do it that way because under a legal theory, we have to avoid the concept of what we call a 'unlawful delegation' or a special delegation. Apparently there had been some case law way back in Utah's history that a board such as this Emery County Commission would create a delegation and delegate to them powers that really belong the elected Commissioner. In this instance they wanted to avoid that because that sort of a concept was struck down at one point of time in a Utah case. There is one other concept here too that is a federal tax law concept that says that an authority must be a duly constituted authority. The MBA is authorized to issue tax exempt bonds because basically one and the same as the county. Apparently sometime back there was some confusion in trying to find a way where PILT monies could be funneled through to counties for the benefit of the citizens of that county. At some point in time it was recommended by the Community Impact Board that a board be created for MBA using members other than the Commission. Mr. Michie was not sure but someone in the CIB recommended that a board be created using the three Commissioners and four members of the community to be able to receive CIB monies and not jeopardize PILT monies. Laws are always evolving and so does constitution and constitutional concepts. For example when Utah was made a state in 1896 there was only one kind of borrowing authorized and that was general obligation bonds which required an election. Now of days we have all kinds of different municipal borrowing techniques and authorities such as the concept of non-voter water/sewer revenue bonds and now lease revenue bonds. Our constitution and laws have evolved enormously over time. In the last November election we voted on a constitutional amendment that changed the 'debt' article changing the constitutional underpinning that 'debt' was any kind of obligation payable by a tax to any obligation payable by a property tax.

Commissioner Johnson interjected in order to clarify so that the people understood that Emery County is not doing a lease revenue bond to get out of having a vote of the people, but because

## COMMISSION MEETING MINUTES

JUNE 5, 2001

we as a Commission had said from the beginning that we would not require the taxpayers to pay for this project with tax monies. We simply have found a way to pay for the project by using mineral lease funds.

Mr. Michie continued to explain the process. The CIB granted \$250,000.00 in the form of a grant, free money, we do not have to pay interest on it. They authorized \$2,250,000.00 of a loan which will take the form of lease revenue bond which they will purchase from the MBA. So we have to proceed now with the legal requirements of authorizing the bonds to be issued. Secondly, in order to come up with the remaining portion to get the project funding up to the four and a half million, we have to authorize another set of bonds that will be presumably sold at private placement. As Mr. Michie understands it, the Commission is looking seriously at relocating state court and it is very possible that agreements with state courts administration may be forthcoming which would allow the state court to sub-lease from the County portions of the project to be built by the jail. Unfortunately they will not make their final decision for another few months, but the County needs to proceed with the project. This project will probably proceed in a phase basis. This will include not only phase construction, but also phase financing. Because it is probable that this will take place, they will provide for the issuance of a Series C bond at some later date. Therefore, the two million dollars that will help finance the jail, they are going to do as what they call a 'bond anticipation note' to allow for the potentiality that at some point in time the County will also issue another portion of bonds for the courts portion and then issue a like amount to repay the note on the jail portion, that is the public portion not the CIB portion. That would be an issue in the neighborhood of four million dollars and could be sold either at a competitive sale or a negotiated sale that could be rated and insured. By doing this we could get the very best interest rate available in the market place at the time. We are trying to preserve this option on a long time basis to get this project, including the courts portion finance on the very best terms we can. That is why you hire financial consultants, to get you the very best deal you can in funding projects. What needs to take place now is, you are going to have to act as both a Commission and as a building authority. The Commission has to adopt a resolution which authorizes the building authority to move ahead and adopt resolutions authorizing issuance of bonds. It also provides for the notice provisions, because under the statutes it is required that we give a thirty day notice to residents of the County. In that period of time residents could come in and theoretically protest this project or the issuance of bonds if there had been any procedural slack. If twenty percent of the citizens desired they could theoretically force this into an election.

The financing that we have talked about will clearly not be exactly the same amount by the time we are finished. The cost will be adjusted according to the actual cost of the project. We are not locking in any actual figures at this time. As part of this process there needs to be appointed a trustee. The trustee has been determined to be Zions First National Bank who is appointed to hold the construction and escrow money as required by CIB. They will act in favor of the bond holder under the contract. The resolutions presented to the Board of Commissioners this day include a master indenture, it is a first supplemental indenture which can be used down the road to fund other projects. The resolution authorizes the Building Authority to move ahead with the

COMMISSION MEETING MINUTES  
JUNE 5, 2001

financing of the project and authorize them to adopt resolutions that set up the lease mechanism. There were also two other resolutions that need to be adopted by the Building Authority. It was Mr. Michie's recommendation that the Board of Commissioners consider and adopt the resolution authorizing the Building Authority to proceed. Then when you meet as a Building Authority you can consider and adopt the other two resolutions.

Restructuring the Building Authority is an agenda item today because the structure of the Building Authority is such that it needs to be dissolved as a seven member board and restructured to only include the three Commission members.

Commission Chairman Ira Hatch asked Mr. Michie what would happen if the board was not restructured today.

Mr. Michie explained that the County can go ahead and approve the resolution as a County Commission but it would probably put a cloud on things if you have a seven member board. The board would need to be pared back to a three member with the County Commission only if you want to move ahead with the financing and have the bond with a valid legal opinion. It would be his recommendation that you reconstitute the Building Authority down to only the three Commission members to avoid a delay in the whole process.

Commissioner Hatch addressed his concerns. Back when the Building Authority was set up in 1996 acting under direction of CIB and Association of County Governments we went from a five member board to a seven member board. We were told we had to do it that way to be eligible for CIB funds and not jeopardize PILT funds. We were told the MBA had to be separate from the County. Now we are told we have to be three Commission members only on the Building Authority board. The CIB has changed their direction on the eligibility of CIB funds and are granting funds to Municipal Building Authorities throughout the state who are set up with the Commission as the board. We are not sure when, why or how this changed, but it has.

Attorney David Blackwell did some looking into the matter and found that there was a meeting with the attorney advisor to the field solicitor for the US Department of Interior regarding the loss of PILT funds if money is paid to MBA that are structured like the Commission is being asked to restructure the MBA to now. At that time they determined that as long as the CIB funds were accrued from loan payments and interest rather than just the straight payment of mineral lease funds after going to the US government and back to the state, as long as that amount of money exceeded what is being paid out to the MBA, then it is OK. Apparently the CIB has been comfortable enough with doing that that they started including the MBA's in all their grants and loans. We have gone half way along under the old system where we have had control of the board actually separate from the County.

Commissioner Johnson interjected to clarify that there are only two bond attorney firms in this state. Our bond attorney is not going to approve this bond unless we make this change.

COMMISSION MEETING MINUTES  
JUNE 5, 2001

If the change does not happen it is not just a matter of delaying. Under our current bond attorney we will not get this bonding done.

Commission Chairman Ira Hatch wanted to know if the change in the MBA is not made to today will it jeopardize the bonding.

Mr. Michie relayed the conversation he had with in-house legal council for Zions Bank, Gary Hansen an experienced, trained bond attorney, an expert in tax law. He told him there is no question it has to be done this way. Mr. Michie told the Commission there are three things that need to be done today. First, you need to adopt the resolution if you choose to proceed. Secondly, you need to reconstitute the MBA board. If you do not choose to do that, then the third action you will need to take today is that the MBA need not proceed any further.

Commission Chairman Ira Hatch expressed his desire to hold off any decision on restructuring the MBA until Commissioner Sitterud returns.

Commissioner Randy Johnson made a motion to approve Resolution 6-05-01A a resolution approving the adoption by the Municipal Building Authority of Emery County, Utah of a parameters resolution authorizing the issuance of not more than (1) \$2,250,000 taxable lease revenue bonds, Series 2001 A and (2) \$2,300,000 lease revenue bonds, Series 2001B and related matters. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**A RESOLUTION DECLARING THE INTENT OF THE BOARD OF COMMISSIONERS OF EMERY COUNTY TO ANNEX TERRITORY WITHIN EMERY COUNTY INTO THE CASTLE VALLEY SPECIAL SERVICE DISTRICT AND RELATED MATTERS.**

Darrell Leamaster, Castle Valley Special Service District explained the need to annex new territory into the District. The last time they annexed new territory into the District was in 1994. Each city in the county has had new areas annexed into their city boundaries so it is necessary to annex the new areas into the District to be consistent with city boundaries. Since two districts cannot duplicate services to any specific area it is necessary to first de-annex these areas from the Special Service District. Darrell recommended holding a annexation hearing on July 3, 2001 at the same time de-annex the areas from the Special Service District. He also recommended August 7, 2001 for the annexation of these areas into the Castle Valley Special Service District. Resolution 6-05-01B was presented for approval which declares the intent of the Board of Emery County Commissioners to annex territory within Emery County into the Castle Valley Special Service District and sets a date for the hearing. Commissioner Randy Johnson made a motion to proceed with signing of Resolution 6-05-01B to begin the process of de-annexation and

annexation. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

**DISCUSSION OF MERIDIAN CONSULTING GROUP'S REPORT, CONSIDERATION AND APPROVAL OF BOARD OF EQUALIZATION INTANGIBLE ADJUSTMENT.**

Assessor, Jim Fauver reported on the findings of Meridian Consulting Group who was hired by the County to do a study to attempt to discover whether there were intangibles in centrally assessed property or not. The report states that he believes that there are and he quantified that with a range of approximately 3 to 7%. Paying 5% is what he believes is supportable in a court of law. If you choose to accept his recommendations and implement a 5%, you would need to convene as a Board of Equalization, order that the 5% be adjusted from the taxable value of all residential property in Emery County. If this is done now that would be done before the tax rate process and the rate would be set on the lower taxable value. Because the agenda has noticed that there will be a Board of Equalization adjustment during this meeting action can be taken on this today. Commissioner Ira Hatch made a motion to accept the 5% taxable value intangible adjustment. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(9)

**SETTING OF PUBLIC HEARING TO RECEIVE PUBLIC COMMENT ON ROADS TO BE ABANDONED BY COUNTY.**

Ray Petersen, Road Department came before the Board of Commissioner to request a public hearing to receive public comment on roads to be abandoned by Emery County. Commissioner Randy Johnson made a motion to set a public hearing for July 3, 2001 at 5:30P.M. to receive comment on roads to be abandoned by the County and to have the Road Department post the notice in the Emery County Progress. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**RATIFICATION OF BUSINESS LICENSE.**

Commissioner Randy Johnson made a motion to ratify the business license for Shaun Hyrum Peterson DBA: Peterson Produce & Lawn Care which was approved in the last Commission Meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)  
**DISCUSSION OF FOREST RECEIPT OPTION**

Commissioner Randy Johnson made a motion to remain under the old formula regarding receipt of forest payment-in-lieu. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(12)  
**CONSIDERATION AND APPROVAL OF PURCHASE OF PROPERTY ADJACENT TO ROAD SHOP.**

Ray Petersen, Road Department to request approval to purchase property adjacent to the Road Shop. The need for more room to store equipment arose when the Sheriff's Department needed to build a new public safety facility. The Road Department is currently using the property where the new facility will be built. The property is owned by Edna Seaich and is willing to sell the property to the County. The realtor requested \$200.00 earnest money up front. Commissioner Randy Johnson made a motion to make an offer to purchase the property from Edna Seaich as proposed and to pay the \$200.00 up front earnest money as requested. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Ray also requested to begin the process to purchase equipment as requested and included in this years budget. Commissioner Randy Johnson made a motion to begin the process to purchase the equipment as requested by the Road Department. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)  
**DISCUSSION OF COUNTY ORDINANCE ESTABLISHING FEES FOR SERVICES.**

Commissioner Randy Johnson asked if the County could begin to look at where they are on establishing a fee schedule for services throughout the county. They will begin to look at forming a committee made up of representatives from each department that charges fees for services.

(14)  
**RESTRUCTURING OF EMERY COUNTY MUNICIPAL BUILDING AUTHORITY.**

Commissioner Randy Johnson made a motion to reschedule this item for the June 19<sup>th</sup> Commission Meeting and ask the Municipal Building Authority of Emery County to schedule a

meeting for the same day. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(15)**  
**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Bruce Funk presented the Warrant Check Edit List #139822 through and including # 139973 for payment.

A requisition was presented for the following:

Requisition #20-01 for 2 radios and 2 light bars for two rescue units purchased on EMS grant for a total of \$4,961.38.

No dispositions were presented.

Bruce Funk requested an increase to \$45.00 cell phone reimbursement for Jeff Guymon and Stan Truman.

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List for payment, the requisition as presented and the increase in cell phone reimbursement as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

for a Solid Waste Technician, Grade 12, Entry \$10.89/hr., full time, eligible for benefits. Commissioner Randy Johnson made a motion to approve beginning the recruitment process for a Solid Waste Technician as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Library

Request was made to recruit for a part time temporary Assistant Librarian at the Emery Library at 4A \$8.04/hr., less than 20 hours a week, not eligible for benefits. Commissioner Ira Hatch made a motion to approve beginning the recruitment process for a temporary Assistant Librarian at the Emery Library as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Risk Management Review Committee

The Risk Management Review Committee accepted the assignment to research the issue of scented candles being burned in the courthouse. The committee asked Steve Kemple to do the research. He reported his findings to the Board of Commissioners.

The Risk Management Review Committee as a result of Steve's findings made the following recommendation:

*"Burning candles in county buildings poses potential fire and health hazards. It is a high risk activity and is not recommended."*

Commissioner Randy Johnson made a motion to begin to examine a policy for not burning candles. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

An employment contract for Kolene Durfee as a temporary Assistant to the Administrator of the Emery County Archives was presented for approval. The temporary Assistant will render 16 to 20 hours per week at \$6.00 /hr. Commissioner Ira Hatch made a motion to approve an employment contract for Kolene Durfee as a temporary Assistant to the Administrator of the Emery County Archives as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

JUNE 18, 2001

Present at the meeting was Commission Chairman Ira Hatch, Commissioner Randy Johnson, Commissioner Drew Sitterud, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

**KIMBALL AND ROBERTS, PRESENTATION AND ACCEPTANCE OF FY2000 INDEPENDENT AUDIT.**

Kay Kimball, Kimball and Roberts, Certified Public Accountants and Independent Auditors for Emery County presented the 2000 financial audit report. He found Emery County to be in compliance with all state and federal requirements. No management letter was required. He commended the Clerk/Auditor for his diligence in keeping the County in compliance. Commissioner Randy Johnson made a motion to accept the 2000 independent audit. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(2)

**JEFF KELSEY, PRESENTATION OF HEALTH INSURANCE RENEWAL FOR 2001-2002.**

Jeff Kelsey, Regional Manager, IBA reported to the Board of Commissioners on health insurance. The process for renewal began about ninety days ago with bids going out to over twenty-three reinsurance carriers and nine fully insured carriers. We received quotes from one fully insured carrier and eight reinsurance carriers. The cost of the plan will increase 15%. This will increase the premiums paid for participants in the following way:

Single Coverage from \$346.88 to \$398.91

Two Party Coverage from \$549.45 to \$631.87

Family Coverage from \$842.25 to \$988.59

Jeff has consulted with the insurance committee and the Commissioners twice on the renewal. Through the renewal process several aggressive options for cost management were explored. It is recommended that the plan remain the same for the upcoming contract year 2001-2002. Renewal documents were available for consideration and approval.

Pat thanked the insurance committee members, JoAnn Behling, Bruce Funk, Brenda Dugmore and the Commissioners for their time and effort. Another year the County may need to look a cost cutting options, but for this year they recommend remaining with the same plan.

COMMISSION MEETING MINUTES  
JUNE 18, 2001

JoAnn Behling suggested sending out a notice to the employees to inform them of the increase and what a good benefit package we have. It really amounts to a 15% increase in the employee's benefit package.

Jeff informed the Board of Commissioners of the recent EEOC decision to include female contraceptives on insurance plans. He recommended they consider including female contraceptives on the county's plan.

Commissioner Drew Sitterud made a motion to accept the insurance plan as proposed and continue insurance coverage which is renewable July 1, 2001 reflecting the inclusion of female contraceptives on the plan. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(3)**  
**CITIZEN CONCERNS**

In the last Commission Meeting, Rex Funk, Road Supervisor was given permission to go out to bid for a Tractor. The low bidder was Four Star. The purchase will be \$40,000.00 after trade-in of a 1986 Peterbuilt tractor. This is the process for the equipment rotation program and is budgeted for in 2001. Commissioner Randy Johnson made a motion to approve the purchase of the tractor from Four Star as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Commissioner Randy Johnson discussed a request for participation letter he received from Western County Alliance, a group organized to get a better voice in Congress regarding public land issues. The dues are \$25.00 a year to participate. Commissioner Randy Johnson made a motion to participate in Western County Alliance and pay the \$25.00 yearly dues from dues & contributions. The motion was seconded by Commissioner Drew Sitterud and approved by all member present.

Commissioner Johnson also informed everyone about a book the County received on Federal Funding Sources which is available to all departments through the Commission Office.

**(4)**  
**CONSIDERATION AND APPROVAL OF RESOLUTION REORGANIZING THE MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY.**

Kent Michie, Financial Advisor for The Municipal Building Authority of Emery County discussed with the Board of Commissioners the reason for the need to restructure the MBA. He provided a breakdown of the financing plan for the jail project. Commissioner Sitterud asked

COMMISSION MEETING MINUTES  
JUNE 18, 2001

many questions regarding procedure and laws governing the structure of the MBA. Mr. Michie brought with him Wells Fargo Brokerage Services, Vice President, Dale Okerlund. Wells Fargo has offered to be the purchaser of the Bond Anticipation Note. Mr. Okerlund had a long discussion with Blaine Carlton, Bond Attorney for Ballard & Spahr, the bonding firm. In his discussion with Mr. Carlton he was told that Ballard & Spahr would not give an opinion if the MBA was not restructured down to a three commission board. Wells Fargo and CIB relies on the opinion of Ballard & Spahr that the transaction is valid and binding. So, therefore, this is the only basis by which the jail funding can go forward.

Mr. Michie concurred with the bond attorneys that this is the way that the law was designed to be. That according to the law as it is currently in effect, the board needs to be reconstituted down to the three Commission to get way from any potential legal difficulties.

The Commission discussed having the four members of the Municipal Building Authority become an advisory board for the MBA.

Commissioner Drew Sitterud asked questions regarding advisory boards. Advisory boards are used on several boards and are acceptable as long as they do not have voting power. Commissioner Sitterud asked if the Lands Council acts as an advisory board to which Commissioner Johnson replied that they are an advisory board to the Commission.

Mr. Michie commented on case law regulating special service districts. Special service districts have one of the strongest pieces of law in Utah because it has both the statutory basis and its own underlying constitutional underpinning. But you are the governing authority and could draw back all authority from that administrative control board if you chose to.

Mr. Okerlund added that a special service district is truly a separate entity, with its own emanate domain power, taxing power and its own audit report, but with no policing power. Special service districts are treated differently. The Building Authority is the alto ego of the County Commission.

Commissioner Sitterud asked if there was any other way to do this other than reorganizing the MBA. Mr. Michie answered, in order to complete this transaction, to get a legal opinion from the bond council he believes the MBA has to be reconstituted down to the three Commission board. It is the only basis by which the funding for the jail project can go forward.

Commissioner Drew Sitterud made a motion to approve Resolution 6-18-01A reorganizing the Municipal Building Authority of Emery County as outlined, whereas the Board of Trustees will consist of three members which shall be the current sitting Commissioners of Emery County. The authority is also given to the Municipal Building Authority of Emery County to create an advisory board of four members and that the bylaws of the Municipal Building Authority of Emery County be amended to reflect the organizational change mentioned. The motion was

seconded by Commissioner Randy Johnson and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH (THE "COUNTY") AUTHORIZING AND APPROVING THE EXECUTION OF AN ANNUALLY RENEWABLE MASTER LEASE AGREEMENT, DATED AS OF JULY 1, 2001, BY AND BETWEEN THE COUNTY AND THE MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY, UTAH (THE "AUTHORITY") REVENUE BONDS, SERIES 2001A, IN THE AGGREGATE PRINCIPAL AMOUNT OF \$2,250,000 AND ITS LEASE REVENUE BONDS, SERIES 2001B IN THE AGGREGATE PRINCIPAL AMOUNT OF \$2,000,000; AUTHORIZING THE EXECUTION BY THE AUTHORITY OF GENERAL INDENTURE, FIRST SUPPLEMENTAL INDENTURE, MASTER LEASE, SECURITY DOCUMENTS, BOND PURCHASE AGREEMENT, AND OTHER DOCUMENTS REQUIRED IN CONNECTION THEREWITH; AUTHORIZING THE ACQUISITION AND CONSTRUCTION OF A JAIL FACILITY AND RELATED PUBLIC SAFETY IMPROVEMENTS; AUTHORIZING THE PUBLICATION OF A NOTICE OF BONDS TO BE ISSUED; AUTHORIZING THE TAKING OF ALL OTHER ACTIONS NECESSARY TO THE CONSUMMATION OF THE TRANSACTION CONTEMPLATED BY THIS RESOLUTION AND RELATED MATTERS.**

Mr. Michie explained the financing process and business details to the Board of Commissioners. It is necessary for a resolution to be signed and enter into a lease agreement with the MBA , to provide for public notice of bonds to be issued and begin the clock by which citizens may protest if they wish. He reviewed the closing cost associated with finalizing the transaction. The thirty day comment period begins the day of publication. The earliest funds will be available in the bank to begin paying construction cost as well as earning interest, is July 27, 2001.

Commissioner Randy Johnson made a motion to approve Resolution 6-18-01B authorizing the Municipal Building Authority of Emery County to issue bonds as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF MEMBERSHIP IN TH EMERY COUNTY CHAMBER OF COMMERCE.**

Commissioner Randy Johnson made a motion to participate in membership of the Emery County Chamber of Commerce and pay the dues of \$250.00. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF CHAMBER OF COMMERCE'S REQUEST FOR ASSISTANCE WITH LAMB FRY.**

Mike McCandless and Commissioner Johnson discussed a request from the Chamber of Commerce for up front assistance for the lamb fry. They requested approximately \$1,000.00 to \$1,500.00. The chamber will repay the funds at the end of the fair. Commissioner Randy Johnson made a motion to approve the Chamber's request for up front assistance for the lamb fry to be repaid at the end of the fair. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. The Chamber will supply the Clerk/Auditor's office with an itemized list of purchases.

(8)

**CONSIDERATION OF PARTIAL PAYMENT TO GREEN RIVER CITY FOR ATTORNEY'S FEES INCURRED IN GRAND COUNTY VS. EMERY COUNTY AND GREEN RIVER CITY.**

In last Commission Meeting, Mayor Johnson requested assistance from Emery County to help pay the expenses for the ongoing litigation related to the annexation issue in Green River City. Green River City has already paid out nearly \$30,000.00 in attorney fees. Commissioner Hatch suggested that since Emery County will benefit for the annexation and not just Green River City, that Emery County does have some responsibility to help with the cost for litigation. Commissioner Drew Sitterud made a motion to contribute \$15,000.00 to Green River City to assist in paying attorney fees incurred in the Grand County vs. Emery County and Green River City litigation. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(9)

**CONSIDER RENEWAL OF BAILIFF AND PERIMETER SECURITY CONTRACT WITH STATE COURT.**

Kyle Ekker, Sheriff's Department presented MOU's regarding Contractual Agreement No. 011626 and 921389 between Emery County and the Administrative Office of the Courts, whereby the Emery County Sheriff's Department provides perimeter security services to the Seventh Judicial District and bailiff services to the District Court from July 1, 2001 to June 30, 2002. The perimeter security services contract compensation not to exceed \$6,000.00 per year. The bailiff services contract compensation not to exceed \$4,500.00 per year. Commissioner Randy Johnson made a motion to approve both MOU's as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(10)****CONSIDERATION OF ADVANCE PAYMENT FOR DEBT SERVICE RESERVE FUND.**

Mr. Michie explained that in any kind of revenue bonds there is what is known as a 'debt service reserve fund'. The purpose of the 'debt service reserve fund' is to provide a workout time in case the revenue flow is interrupted, delayed or held up, so payments can continue from that fund for a period of one year. The State of Utah and the market requires a 'debt service reserve fund' be in place. Because permanent bonds have be authorized today for the State, Series 2001A a 'debt service reserve fund' is required. One of the provisions that they provide for is that instead of capitalizing that fund up front by the payment of an extra amount for the first seventy-two months, they will allow for this installment build up. On the other hand the 'debt service reserve fund' would cover both the State bonds and the permanent bonds whenever they are issued in about a year from now. In order for us to issue permanent bonds on the market we would have to have to have the 'debt service reserve fund' fully funded and not on an installment basis. The State of Utah and CIB are giving extremely favorable terms but the market will not give you those kinds of terms. Therefore you will have to have in place a fully funded 'debt service reserve fund' up front. Mr. Minchie suggested to the County that if they have the means that they capitalize a 'debt service reserve fund' out of funds on hand held by the County, that is cash on hand. The funds would be transferred from the general fund into a 'debt service reserve fund'. The 'debt service reserve fund' will be invested for the full length of its period of time in probably the same instrument as the general fund is invested, so the County will be earning the same amount of interest as the general fund. It would be available in case of any possible unforeseen reason that the debt service was not there. When the time comes to make the last payment, instead of coming out of the pocket of the general fund of the County, the 'debt service reserve fund' makes the last payment. Any leftover money comes back to the county. Any interest earned throughout the duration of the debt service is available as long as the original amount remains the same. The 'debt service reserve fund' is held by the trustee for the benefit of the bond holder. The amount of the 'debt service reserve fund' is \$250,000.00.

Commissioner Randy Johnson made a motion to fund up front the 'debt service reserve fund' as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(11)****CONSIDERATION AND APPROVAL OF RETIREMENT CONTRIBUTION RATES FOR JULY 2001-JUNE 2002.**

Senior Deputy Clerk/Auditor, Brenda Dugmore reported the new retirement contribution rates for July 2001-June 2002. The regular employee rate is 10.19, public safety employee rate is

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

JULY 3, 2001

Present at the meeting was Commission Chairman Ira Hatch, Commissioner Randy Johnson, Commissioner Drew Sitterud, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

(1)

**PUBLIC HEARING – TO RECEIVE PUBLIC COMMENT ON PROPOSED ANNEXATION OF CERTAIN TERRITORY IN EMERY COUNTY, UTAH TO THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Commission Chairman Ira Hatch opened the Public Hearing and provided opening remarks. Castle Valley Special Service District was created to provide water, road, sewer, curb and gutter services to municipalities within incorporated areas in Emery County. Over the years the boundaries of the incorporated areas have changed. These areas have been serviced by CVSSD, therefore these areas need to be annexed into CVSSD. Maps were provided to show the areas proposed for annexation. There will be a fifteen day waiting period to provide for written comment from the public before annexation can be approved.

The Public Hearing was opened up for comment.

Monette York of Orangeville expressed opposition to the annexation and will submit written comments stating her reasons.

Commissioner Drew Sitterud made a motion to close the Public Hearing. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(2)

**PUBLIC HEARING– TO RECEIVE PUBLIC COMMENT ON FIVE (5) COUNTY ROADS TO BE ABANDONED BY EMERY COUNTY.**

Commission Chairman Ira Hatch opened the Public Hearing. Opening remarks were provided by Road Supervisor, Rex Funk. Mr. Funk indicated that the proposed roads to be abandoned by Emery County are not public access roads they are actually access to private property. Mr. Funk recommended the following roads be abandoned by Emery County:

- A. Mathis Spur #123- a private access located north east of Elmo City off of Millers Creek Road T.16 S., R 10 E Sec. 15.
- B. Lemon Spur #703- a private access located west of Ferron City T.20 S., R.7 E., Sec.8

COMMISSION MEETING MINUTES  
JULY 3, 2001

- C. Funk Spur #-30-a private access located northeast of Ferron City T.20 S., R7 E., Sec7
- D. Wilberg Spur #-24- a private access located northeast of Castle Dale City west of S.R. 10, south of Wilberg Wash T. 18S., R 8E., Sec 14
- E. Green River Moto Cross #1003-that portion of county road #1003 a native dirt road located north of Green River City, west of and behind the ball park complex (corner of Long Street and Fourth north) T21 S., R 16E., Sec 8 proceeding north westerly approximately 1.27 miles to a point of intersection of the existing CCC pond SE 1/4 Sec 6., T21 S., R16 E.

Emery County will retain that portion of County Road #1003 proceeding southward from the intersection of the existing CCC pond road SE 1/4 Sec 6., T21 S., 16 E, Eastside of the high ditch, to the intersection of County Road #1003 and State Road 19 a distance of 1.45 miles.

Commissioner Hatch opened the Public Hearing for comment.

Commissioner Randy Johnson made a motion to close the Public Hearing. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(3)

**LOUIS BERG, DWR, PRESENTATION AND DISCUSSION OF ENDANGERED SPECIES MITIGATION FUNDS.**

Louis Berg, Division of Wildlife Resources presented information regarding Endangered Species Mitigation Funds. They have two fully funded projects they are working on. He first spoke of the support for the Colorado Fish and Recovery Program. They are doing extensive research and monitoring of several endangered species in our area. One of interest was the Colorado Cutthroat River Trout a sub species native to Emery County will be reintroduced to the Indian Creek and its tributary, Lowry Creek where it historically originated. They are working to put together all the data gathered from the research and monitoring to use to benefit the variety of species.

He also indicated DWR proposed to manage Duck Fork Reservoir as a Colorado Cutthroat fishery.

(4)

**BRANDI BEHLING, WELLS FARGO, OFFER MEMBERSHIP BANKING TO**

**EMPLOYEES OF EMERY COUNTY.**

Brandi Behling, Wells Fargo reviewed the services offered by Wells Fargo and asked permission to offer these services the Emery County employees. This offer requires the authorization of the Board of Commissioners. Attorney David Blackwell will look the documents over and make a recommendation to the Board of Commissioners.

**(5)****DISCUSSION OF ADVERTISING FOR NORTH EMERY SPECIAL SERVICE  
DISTRICT BOARD OF DIRECTORS.**

Bevan Wilson addressed the Board of Commissioners. He expressed his deep sorrow for the recent loss of North Emery Water User's President, Menco Copinga. Mr. Copinga served on the NEWU Board for over twenty years and will be dearly missed. NEWU stockholders met on June 28, 2001 to vote on the dissolution of the company's assets which is a requirement for the district's creation. The vote was 210 for its dissolution and 43 against. With the vote in favor of the dissolution, Mr. Wilson asked that the Board of Commissioners proceed with appointment of a governing board for the district. With a governing board in place they will be ready to receive the assets and continue to serve North Emery Water Users. They hope to have everything in place by August 15, 2001. Commissioner Hatch indicated the process will be instigated and ads will be placed the Emery County Progress seeking individuals interested in serving on the board.

**(6)****CONSIDERATION AND APPROVAL OF LEVEL THREE CONDITIONAL USE  
PERMIT FOR C.W. MINING COMPANY, BEAR CANYON NO.3 MINE.**

The Emery County Planning Committee has reviewed the level three conditional use permit for C.W. Mining and find it to be a benefit for Emery County in terms of taxes and mineral lease funds. When this permit was brought before the Board of Commissioners in September, 2000 there was concern at that time for non-approval from other agencies. Division of Oil, Gas and Mining (DOGGM) had not yet responded to a deficiency notice. Because Emery County's approval is based on other agencies prior approval, it was decided not to approve the permit until DOGM had completed their approval process. As of this date approval from DOGM has yet to be finalized, therefore, it was the decision of the Board of Commissioners to wait until DOGM has completed their approval process and signed the permit before approving the level three conditional use permit for C.W. Mining Company, Bear Canyon No.3 Mine.

**(7)****CONSIDERATION AND APPROVAL OF RESOLUTION WITHDRAWING CERTAIN**

**TERRITORY FROM THE EMERY COUNTY SPECIAL SERVICE DISTRICT #1,  
EMERY COUNTY, UTAH; AND PROVIDING FOR RELATED MATTERS.**

Commissioner Randy Johnson made a motion to approve Resolution 7-3-01 withdrawing certain territory from the Emery County Special Service District #1, describing the boundaries of the territory to be withdrawn, and providing for the related matters. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(8)**  
**CONSIDERATION AND APPROVAL TO ABANDON COUNTY ROADS AS  
ADVERTISED.**

Commissioner Drew Sitterud made a motion to approve that the five county roads identified by the Emery County Road Department be abandoned as proposed and advertised. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(9)**  
**DISCUSSION OF CONSOL ROAD IMPROVEMENT PROJECT AND RELOCATION  
OF POWER POLES.**

The design for the Consol Road Improvement Project requires Utah Power to relocate some power poles. The Road Department contacted Utah Power to request the pole be moved. Utah Power needs the request in writing by way of a minute entry to direct them to move the pole. Commissioner Drew Sitterud made a motion to direct Utah Power to move the power pole on Consol Road and set new poles as needed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(10)**  
**CITIZEN CONCERNS**

Commissioner Johnson met with Utah Power regarding the Horn Mountain power line exchange. Utah Power had three concerns, the condition of the line, a way to read the meter and a bill of sale. Emery County did not want to put any money into this line transfer. The Board of Commissioners will look further into the matter.

**(11)**  
**CONSIDER APPROVAL OF AGREEMENT FOR FINANCIAL ADVISORY SERVICES.**

COMMISSION MEETING MINUTES  
JULY 3, 2001

Because of the complexity of the bonding for the jail project the Board of Commissioners felt the County needed a financial advisor to oversee the process. They had a contract to consider for Kent Michie as financial advisor. The Board of Commissioners tabled this item to allow time to further review the contract.

(12)

**SETTING OF DATE/TIME FOR PUBLIC INFORMATION MEETING ON EMERY COUNTY TRAVEL PLAN**

This agenda item was tabled.

(13)

**ROAD DEPARTMENT PRESENTATION OF QUOTES/APPROVAL FOR PURCHASE OF TRUCK.**

Road Supervisor, Rex Funk presented bids for a previously approved purchase of pickup truck. Mr. Funk recommended accepting the state bid from Hinckley Dodge for a 2002 Dodge 2500 quad cab 4X4 at \$28,699. This purchase was approved in the 2001 budget. Commissioner Randy Johnson made a motion to approve accepting the state bid from Hinckley Dodge for the purchase of the truck as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(14)

**SETTING OF DATE/TIME FOR PUBLIC HEARING FOR JUDGEMENT LEVY.**

Senior Deputy Clerk/Auditor, Brenda Dugmore requested setting of date and time for a Public Hearing for judgment levy. The need for a Judgment Levy was brought about by the decision to adjust taxes on certain centrally assessed properties. Commissioner Randy Johnson made a motion to set the date and time of a Public Hearing for the judgment levy on Monday August 20, 2001 at 6:00 p.m. in the Commission Chambers of the Emery County Courthouse, Emery County, Utah. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(15)

**SETTING OF BOARD OF EQUALIZATION DATES AND TIMES.**

Senior Deputy Clerk/Auditor, Brenda Dugmore requested setting of date and time for Board of

COMMISSION MEETING MINUTES  
JULY 3, 2001

Equalization in Castle Dale and Green River. Commissioner Randy Johnson made a motion to set the date and time for Board of Equalization in Green River for Tuesday, August 21, 2001 from

12:30 p.m. until 3:30 p.m. and in Castle Dale for Wednesday, August 22, 2001 from 9:00a.m. until 3:00p.m. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(16)**

**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor, Bruce Funk presented the Warrant Check Edit List #140527 through and including 140689 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>

30-01	Cell Phone/Road	114.98	Approved

One disposition was presented for a computer carrel from Economic Development that will be transferred to Weed & Mosquito.

Commissioner Drew Sitterud made a motion to approve the Warrant Check Edit List for payment and the requisition and dispositions as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

A beer license for Grant Behling DBA: Millsite Restaurant was presented for approval. Mr. Behling requested a "Class C" beer license which allows beer sales for on and off the premises. Sheriff Guymon has reviewed and signed the license. Commissioner Randy Johnson made a motion to approve the "Class C" beer license for Grant Behling as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all.

(17)

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Personnel Director, Pat Snowball presented the following personnel action for approval:

**Assessor**

Shelly Gilpin is eligible for a routine increase on July 7, 2001 from 7A \$9.11/hr. to 8A \$9.50/hr. With this increase she has reached her working level. **COMMISSIONER REPORTS**

*Commissioner Johnson*

Commissioner Johnson reminded everyone of upcoming fair events beginning with the Miss Emery Pageant, San Rafael Pro Rodeo, Castle Valley Pageant as well as the many exciting venues lined up throughout the fair. The new fair building is nearly completed and will house the fair exhibits.

*Commissioner Sitterud*

Commissioner Sitterud reported on visiting the Horse Canyon Mine buildings with University of Utah representatives who are interested in approaching Community Impact Board with Emery County as co-sponsor for funding to restore the buildings. Their goal is to make the buildings a show place and example of what can be done with reclamation.

The Museum of the San Rafael has requested the use of a bus during the fair to transport visitors to and from the fair exhibit building. He will look into using a Senior Citizen van.

*Commissioner Hatch*

Commissioner Hatch reported on the Water Conservancy District's commemoration of Joe's Valley Dam. Bruce Funk will be attending the redistricting meeting on July 12, 2001 at the Carbon County Courthouse. He attended the Scenic-by-way opening at Scofield. There was a good crowd in spite of the fowl weather.

(4)

**CITIZEN CONCERNS**

Mark H. Williams commented on the 2001 Emery County Fair. He felt that Kathy Justice did a great job organizing the fair and arranging for great entertainment. He expressed concern for the lack of fair exhibits and hoped we could do better next year.

Mr. Williams also expressed concern regarding work done by the OHV club on four trails in the Wilderness Study Area. The club applied to BLM to see the 2000 Wilderness Study Report but were told it would cost them \$700.00 to get the report. They were told to request a copy of the report from the Southern Utah Wilderness Alliance (SUWA). The club was very upset about this decision and has decided to not participate in providing any help or activities for the BLM on Public Lands Day. Mr. Williams spoke with Dick Manus, BLM who was unaware of BLM's decision and will look into the matter. Mr. Williams indicated the OHV club will reconsider their decision to not participate in BLM/Public Lands Day if they receive a copy of the report as requested.

Commissioner Drew Sitterud made a motion to approve the Warrant Check Edit List, minus the Culligan claim from Justice Court, for payment and the requisitions and dispositions as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Clerk/Auditor, Bruce Funk opened discussion on selling used appliances from the landfill. Apparently a local refurbisher offered to buy a fridge for \$10.00 and so instead of draining the Freon from the fridge and taking it to be crushed, Rex Funk decided to let the refurbisher purchase the fridge. After some discussion on this matter the Board of Commissioners decided to have the refurbisher submit a proposal to purchase such items as refrigerators, washers, dryers, freezers and dish washers and they will also advertise for others who may want to do the same.

Deputy Clerk/Auditor Carol Cox discussed an application for tax exemption status from Four Corners Community Mental Health Center, Inc. They have purchased a house in Huntington where they provide housing for families whose head of household is mentally ill. This item will be discussed at Board of Equalization on the 22<sup>nd</sup> of August, 2001.

**(6)**

(1)

**CONSIDERATION AND ADOPTION OF A RESOLUTION ANNEXING CERTAIN TERRITORY IN EMERY COUNTY, UTAH TO THE CASTLE VALLEY SPECIAL SERVICE DISTRICT; AND PROVIDING FOR RELATED MATTERS.**

The purpose of this resolution is to make the boundaries of Castle Valley Special Service District match the city boundaries. The last annexation for CVSSD was in 1994. The process for this annexation began in June of 2001. On July 3, 2001 a public hearing to receive public comment was held during a regularly scheduled commission meeting. During that meeting overlapping areas were deannexed from Emery County Special Service District #1 so there would not be any overlapping boundaries. Commissioner Drew Sitterud made a motion to approve Resolution 08-21-01A annexing certain territory in Emery County, Utah to the Castle Valley Special Service District. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(2)

**CITIZEN CONCERNS.**

Richard Snowball, Soil Conservation District, informed the Commission that Congress is going to pass a comprehensive farm bill in 2002. There will be a legislative meeting held August 27, 2001 at 10:00 a.m. in Huntington to decide what to ask the lawmakers to include in the legislation. Commissioner Hatch asked for an update on the salinity projects in Emery County. Mr. Snowball reported that the Ferron project is about one half complete and should be completed in approximately two years. The proposal for 2002 could likely be funded for the Huntington/Cleveland areas.

Tim Vetere came before the Commission with concerns of the storm drainage system in Green River. Mr. Vetere wanted to know who was responsible to maintain the drainage canals. Commissioner Hatch stated that it was not the County's responsibility. The County had sold Green River City a motor grader so they would have the capacity to maintain the canals. Mr.

COMMISSION MEETING MINUTES  
AUGUST 21, 2001

Vetere stated that the City needed some guidance to learn how to maintain the drainage systems. Commissioner Hatch stated he would get with the Mayor of Green River and see if something could be worked out.

Sheriff Guymon requested approval for a weather station for Horn Mountain. The weather station would cover all of Emery County and 30 percent of Carbon County. The required match on this grant is 15 years of power donation and 15 years of rack space. Commissioner Drew Sitterud made a motion to approve the weather station grant. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(3)**

**APPROVAL OF FY 2001 CONTRACT AMENDMENT #1 BETWEEN EMERY COUNTY AND THE AREA AGENCY ON AGING.**

The contract amendment #1 for the fiscal year 2001 amends the State revenue figures. Commissioner Hatch informed the public that the Area Agency on Aging has assumed the functions that were previously being handled by the RSVP. Commissioner Ira Hatch made a motion to approve the FY2001 Contract Amendment #1 between Emery County and the Area

Agency on Aging. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF TAX EXEMPTION FOR PROPERTY OWNED BY FOUR CORNERS MENTAL HEALTH.**

Commissioner Ira Hatch informed the public that Four Corners Mental Health acquired a house in Huntington for the rehabilitation of families who have a family member that is mentally disturbed. Commissioner Hatch talked with Huntington City about concerns of housing sex offenders close to a school and also that previous tenants of the home had caused serious damage to the home. Commissioner Hatch was assured by Four Corners Mental Health that the above concerns would be taken care of. For the current year, the house would qualify for tax exempt status. This status will be considered on a year to year basis. The change to exempt status will be done through a Board of Equalization change this year.

(6)

**SETTING OF PUBLIC HEARING TO RECEIVE PUBLIC COMMENT ON APPROVAL OF A LEVEL 3 CONDITIONAL USE PERMIT FOR SWEET WATER FARMING.**

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**  
**A. DISCUSSION AND CONSIDERATION OF APPROVAL OF RESOLUTION**  
**AMENDING THE PERSONNEL POLICY WITH REGARD TO NEPOTISM.**

Personnel Director Pat Snowball presented the following for personnel action:

***Sheriff's Department:***

It is proposed to promote Jeff Thomas from patrol deputy grade 15 step F \$14.79 per hour to detective grade 16 step G \$15.25 per hour plus \$50.00 per week for being on call. This would be effective the beginning of the next full pay period.

It is proposed to rotate law enforcement employees in and out of the drug task force on a regularly scheduled basis. When rotating in, an individual will be classified as detective at grade 16. When rotating out, the same individual will go back to the classification from which they came, which may result in a decrease in wage. On this basis, it is proposed to rotate Greg Funk, patrol deputy grade 15 step A \$13.30 per hour to grade 16 step B \$14.15 per hour plus \$50.00 per week for being on call. This would be effective the beginning of the next full pay period.

Commissioner Ira Hatch made a motion to approve the above promotions pending working out an agreement with Attorney Blackwell that when an employee is rotated out of the drug task

Tom Rasmussen, BLM presented the Board of Commissioners with the following update:

Kathleen Clark of Department of Natural Resources for the State of Utah has been nominated to be the new director of Bureau of Land Management. She will have to go through confirmation hearings.

Buckhorn Draw Restoration efforts are nearing completion. They will be limiting camping to existing use areas as well as limit some off road vehicle use.

Jeanie Leavy is just putting the final touches on the OHV Travel Plan. After she has finished it will go to their state office for extensive review.

They have received the formal go ahead for a two year resource management plan.

Dick Manus and Maggie Wyatt, Field Office Manager from Moab will be coming before the Board of Commissioners soon to request a letter of support for the Three Rivers Withdrawal. This is the a withdrawal of the Doloris, Colorado and Green River from the mineral plains.

Lyle Canyon Coal Mine received approval of Right of way July 27, 2001, DOGM approved the mine plan the same day. The Right of way was for surface facilities and power lines.

They have been informed they will need a fully engineered road before they submit an application for a right of way with Emery County.

Coal bed Methane, once the Questar line goes in over the mountain the drilling spree is going to hit. Phillips plans to drill about one hundred holes next year. This completes the Drunkards Wash Unit. Eighty will be on State land and twenty on Federal land.

Texaco has two federal wells that they are drilling. We haven't really heard much from them about their plans for next year.

Anadarko, all their drilling within Emery County will be on state land.

Chandler, that went to Shennandoah is now owned by Questar and they have heard nothing from them on their drilling plans for next year.

They have been approached by Mark Dolar, who is involved with the Last Chance Oil Field. They have four or five shut in wells with no pipeline out. They have come in with an application for permit to drill an additional well and set up a liquid natural gas processing plant. They would like to freeze the gas turning it into a liquid natural gas and truck it out to I-70. Rex Funk has been out to review the road they plan to use and will make a determination soon.

Gold Terra, DOGM has finished their review. NEPA studies have began.

COMMISSION MEETING MINUTES  
SEPTEMBER 4, 2001

Mr. Rasmussen presented an MOU between BLM and Emery County for control of noxious weeds on BLM land within the County. The MOU is for \$5,000.00 a year and is renewable every five years. The MOU calls for Emery County to provide an update by way of maps and an inventory of where noxious weeds are located on BLM land. Commissioner Randy Johnson made a motion to approve the MOU between BLM and Emery County for control of noxious weeds on BLM land. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**CROCKETT DUMAS, FOREST SERVICE, QUARTERLY UPDATE.**

Crockett Dumas, Forest Service District Ranger provided the following update of activity:

They will have their last public field visit of water sheds on October 4, 2001. They will visit Ferron water shed and look at some of the things they have been doing and or need to do. This is in conjunction with their roads and trails analysis.

They will be looking at the Ferron Creek Road which is a cooperative project between Forest Service and Emery County Road.

Forest Service gave approval for Emery County's plan to replace the buried cables currently in place within the right-of-way on East Rim Horn Mountain Communication Site. The County proposes to install fiber optics cable in 2" diameter PVC conduit in the existing corridor.

**(5)**

**KEVIN CHRISTOPHERSON, DWR, QUARTERLY UPDATE.**

Kevin Christopherson, DWR provided the following update of activity:

Fish/Aquatic programs , the stream maturation on the White River is near completion.

The Colorado River Cutthroat proposal has been approved by the Regional Advisory Council. It will be going before the board next week. This is a proposal to remove non native trout in some remote streams and reintroduce cutthroat as part of the conservation strategy. This is an effort to keep the cutthroat from becoming endangered.

Ferron Reservoir, has dam problems. It is leaking and they have had to draw it down about six feet. They discovered a huge hole on the inside of the dam. It has about a fifty year history of leakage problems. They don't know where they are going to go with it. They don't have any funds for repairs. They are going to wait and see what the dam safety people have to say.

The four fish limit has passed the Regional Advisory Council. This is essentially a state wide regulation reducing the eight trout limit to four. There is surprisingly a lot of support for

COMMISSION MEETING MINUTES  
SEPTEMBER 4, 2001

this.

Blue Ribbon Fishery Council was in Emery County on a state wide tour last week. This is a citizen council put together by Governor Leavitt to decide how to spend \$300,000.00 earmarked for economic development in rural counties with an emphasis on creating popular fishing.

They are gill netting monthly in Joe's Valley to study out the trout and the growing chub population. They researching how to manage the problem without doing something drastic like a poisoning. They hope to have some results this winter from the study so they can move forward.

They had a new display at the Emery County Fair where they received good feedback from the public.

In habitat, they have been putting some drinkers along Highway 6 to keep deer from crossing the road to go to the river. They had a lot of help from the sportsmen in this effort.

San Rafael Salinity Project continues. They are working with the Bureau of Reclamation on around four hundred and fifty acres in Emery county that need to be mitigated. They are trying to put together a combination of on-farm and off-farm mitigation so it can move forward. It has been a difficult issue.

Skyline/Electric Lake issue of water in the Skyline Mine is a problem for them.

Bear issues, less problem this year.

Completed a Black Swift survey, a rare bird that is supposed to be in this area. No Black Swifts were found to be in Emery County.

They had a pre-season antelope hunt in Green River. They had some problems last year with damage to watermelon crops. All the adults were removed during this hunt which made the growers happy.

The sage grouse and turkey transplant plan was approved by the RAC.

A private Elk hunting area up Indian Canyon has been proposed. The land owner has ran into problems with removing the wild elk before the domestic elk can be moved in.

There was a 27" buck poached on the Manti La Sal. It has been elevated to a felony because of the trophy size.

**ROSANN FILLMORE/KARL KRAYNC, DISCUSSION OF BUSINESS INVESTMENT OPPORTUNITY GRANT.**

Rosann Fillmore provided information about grant opportunities for individuals to start new businesses. The \$500,000.00 grant is a result of excess TANIFF funds designed to get families off welfare. The grant extends to all of south eastern Utah and is limited by requirement of eligibility. An applicant must be up to 200% of poverty level and have a dependent child in the home. Applicants must first take a Nex Level business class which is a five week training course for business development and planning. Recipients could receive up to \$10,000.00. Funds will be available in October 2001 and will be administered by Association of Governments (AOG).

(7)

**5:00 P.M. PUBLIC HEARING- To receive public comment on Level 3 conditional use permit for Sweet Water Farming.**

Commission Chairman Ira Hatch opened the public hearing and turned the time over to Mack Huntington, Chairman, Emery County Planning Commission. Mr. Huntington explained that the conditional use permit qualifies in the mining and grazing zone. The Planning Commission recommends approval of the permit. Sweet Water Farming proposes to construct machines that alters the chemistry of the soil and water. Frank Johnson, Sweet Water Farming explained that this is a sulphur burning patented machine. It takes the bicarbonates out of the water and mixes the water with sulphuric acid. The machine is being used all over the world. They hope to manufacture 300 machines a year. They have chosen this area for the production phase because of accessibility to skilled workers, alkali conditions and I-70 for transporting. They will employ up to five people. Construction will be basically welding and assembly with no waste product or noxious problems.

Commissioner Randy Johnson made a motion to close the Public Hearing. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(8)

**5:15 P.M. PUBLIC HEARING- To receive public comment on Level 3 conditional use permit for Questar Huntington Lateral Pipeline.**

Mack Huntington, Chairman, Planning Commission introduced Questar representatives, Kelly Wilson and Larry Clifton. Mr. Wilson explained that they are seeking approval to traverse Emery County land to install lateral pipeline parallel to the six inch line already in place except where it crosses communities. Maps indicating the position of the pipeline were provided for the public. The pipeline will be twelve inches in diameter and will have the capacity to carry 1,200 pounds pressure but will operate at 600-800 pounds of pressure. The pipeline will carry methane gas from the coal bed methane fields in Emery County to the CO-2 rejection plant in Carbon County.

Darrell Leamaster indicated that Questar has met with CVSSD and made arrangements for the places where they will be crossing water and sewer lines. CVSSD expressed a desire for Questar to stay under their lines.

The Planning Commission recommends approval of a Level 3 Conditional Use Permit for Questar Huntington Lateral Pipeline and indicated that in the conditions of the permit they have very carefully spelled out that Questar will acquire agreements with all affected entities.

Commissioner Drew Sitterud made a motion to close the Public Hearing. The motion was

**(15)**  
**ROSANN FILLMORE, RATIFICATION OF A CONTRACT WITH FREIGHT SERVICES INC. TO DO AN ECONOMIC STUDY OF THE CASTLE VALLEY RAILROADS PROJECT.**

Rosann Fillmore, Economic Development explained that this is a grant from the EDA and CIB to have an Economic Impact (EI) study done on the feasibility of having a railroad in Emery County. The company will run our economic information through a model that is already set up. They will do a coal competitive fuels analysis. We hope this analysis will tell us how likely it is that Consol can compete in the coal market. Rosann was told that everything hinges on the competitive fuels analysis and that we shouldn't do anything until get the result from that. Freight Services sent a contract for this service which had to expedited therefore it was signed and sent on to begin the work. The contract now needs to be ratified. Commissioner Randy Johnson made a motion to ratify the approval of the contract with Freight Services for an economic study on the feasibility of having a railroad in Emery County. **(16)**  
**MAYOR GARTH LARSEN, FERRON CITY, DISCUSSION OF SPECIAL EVENTS**

**CENTER.**

Ferron City Mayor, Garth Larsen discussed with the Board of Commissioners the conditions of the stock show barn in Ferron. It is in bad condition and each year the city has been approached to request repairs to the building. The South Eastern Livestock Show has indicated that if repairs are not done on the building that they may move the stock show to another county. Mayor Larsen discussed the idea of building a multi-purpose indoor arena. He was not prepared to define the scope of the work at this time but indicated that the project is on the short term CIB list and they will approach the CIB for possible funding on the next rotation. He indicated that if successful in acquiring funds for the arena then repairs would be made to the roof of the current stock show barn and it would be used as a horse stall for stock shows and other events needing that type of service. Mayor Larsen just wanted to inform the Board of Commissioners of Ferron City's plans. He will be back to discuss the plans in more detail as well as request a letter of approval from the Board Of Commissioners and in kind services commitment from the Road Department before they approach CIB for funding.

**(17)****DARRELL LEAMASTER, CVSSD, DISCUSSION OF PROPOSED BOND ELECTION AND TAX INCREASE TO FUND PROJECTS IN THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Darrell Leamaster, CVSSD informed the Board of Commissioner that the CVSSD board would like to hold a bond election on November 7, 2001. A bond election would allow them to increase the tax rate for the general fund. Two separate questions would be on the ballot which will be included with the municipal election on November 7, 2001. CVSSD will prepare the ballots and distribute them to the towns. They hope to be able to structure debt and extend bonds without increasing taxes. They need to hold public meetings to get the word out to the people about the need for the bond election. CVSSD control board is not allowed to call for an election this must be done by the governing county . They will bring a resolution to the next meeting formally requesting Emery County to call for an election.

(3)  
**DICK MANUS, BLM, UPDATE ON THREE RIVERS WITHDRAWAL PROPOSAL.**

Dick Manus, BLM discussed a proposal to withdraw segments of the Doloris, Colorado and most of Green River from minerals entry. An environmental review has been done and found that there will be no impact on leasable oil and gas activity in these areas. There are no current active claims. The area to be withdrawn is one hundred and seventy miles long most of which is on the Green River. He has received approval and support from San Juan and Grand County and hopes to receive the same support from Carbon and Emery Counties. At this time he is requesting a letter of approval and support for this proposal.

(4)

**CONSIDERATION AND APPROVAL OF RESOLUTION PROVIDING FOR HOLDING OF A SPECIAL ELECTION FOR CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Darrell Leamaster, Castle Valley Special Service District and Kent Michie, Financial Advisor for Emery County discussed need to hold a special election during the fall Municipal Election. The purpose of the bond election is to ask the public to vote on two questions. First question is the issuance of 12 million general obligation bond. Second question is for authorizing an increase in the tax levied by the district. CVSSD intends to hold public hearings in each community to get the word out to the public and present the facts. Because CVSSD does not have the authority to call for an election Mr. Leamaster requested the Board of Commissioner's approval for Resolution 9-18-01B providing for the holding a of a special bond election in the Castle Valley Special Service District, Emery County, Utah, at the same time as the municipal general election, for the purpose of submitting to the qualified electors thereof the question of issuing General Obligation Bonds of the District in an amount not to exceed \$12,000,000; and providing for related matters. He also requested approval for Resolution 9-18-01C providing for the holding of a special tax election in the Castle Valley Special Service District, Emery County, Utah, at the same time as the municipal general election, for the purpose of submitting to the qualified electors thereof the question of authorizing a .002 per dollar of taxable value increase in the tax levied by the District; and providing for related matters. Resolution 9-18-01B will provide funds for the purpose of financing the costs of road construction projects and improvements to the District's water, sewer and drainage systems, as well as provide money for refunding of bonds outstanding. Resolution 9-18-01C will raise money for the purpose of paying operating and maintenance expenses of the District. Mr. Michie commented that holding a bond election is the most efficient way to do things and get projects done.

Mr. Leamaster also requested the Board of Commissioners hold a Canvas of Election within ten days of the election. The Board of Commissioners set the date and time for the Canvas as Tuesday, November 13, 2001 at 9:00 a.m.

Commissioner Randy Johnson made a motion to approve Resolution 9-18-01B and Resolution 9-18-01C as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF GREEN RIVER BIBLE CHURCH REQUEST  
REINSTATEMENT OF TAX EXEMPT STATUS FOR PROPERTY #1-161-5.**

Deputy Clerk/Auditor, Carol Cox discussed a request from Green River Bible Church for reinstatement of tax exempt status for property #1-161-5. This is the parsonage used to house the pastor for the church. They no longer have a pastor using the house. They called the Assessor's office and asked to have the Assessor value the home so they could sell it. Jim Fauver and Carol Riddle went to Green River. The home has been cleaned up, had a new gas and electric meter put at the home and it is now up for sale. The status of the home has now changed. It is no longer being used for religious and charitable use. This property was removed from the tax exempt list for 2001. The Clerk/Auditor's office received a letter from Bill Adams, Board Chairman requesting reinstatement of tax exempt status. After discussion of this matter Commissioner Drew Sitterud made a motion to deny the request from Green River Bible Church. The motion was seconded by Commissioner Randy Johnson approved by all members present.

(11)

**CITIZEN CONCERNS**

Commissioner Johnson asked Rex Funk if he can dispose of the excess grease from the lamb fry. Joel Dorsch has grease from the last two years that needs to be disposed of. Rex will check with the health department to see what can be done.

Commissioner Johnson also discussed a request from Energy West. They will be roto milling the Des Bee Dove Road within the mine permit area and asked if the County would like the material at the pageant site. Energy West will lay it out if Emery County Road Department would supply a couple of trucks to transport the material to the site. Rex will get in touch with Dennis Oakley and work out the details.

(1)

**MICHAEL MCCANDLES, EMERY TELCOM, QUARTERLY UPDATE.**

Michael McCandles, Emery TelCom provided the following update of activity:

- ✦ They have completed one hundred seventy to one hundred eighty construction jobs this year as a result of the Carbon County acquisition in April. They acquired fourteen Qwest employees. At this time they are wrapping up the jobs before the weather changes.
- ✦ They have hired a local contractor, Ockey Construction, to help with the many projects.
- ✦ DSL launch has been well received in Carbon and Emery Counties.

(2)

**ROSS WILBERG, DISCUSSION OF JOE'S VALLEY/DES BEE DOVE ROAD ISSUES.  
ADDRESS CONCERNS OF LANDFILL TRASH BLOWING ONTO HIS PROPERTY.**

Ross Wilberg discussed problems associated with ownership of a road by his property in Joe's Valley. The Forest Service says it is the County who asserts ownership. Mr. Wilberg has problems with people riding four-wheelers off the roadway and onto their property, leaving gates open for cattle to get out causing him to be fined by the Forest Service. Regarding the Des Bee Dove Road, he wanted to know if the County obtained a right-of-way and if the County is operating under a prescribed right-of-way. He felt the County has disturbed well beyond the sixty-six foot mark.. He also discussed the trash blowing from the Landfill onto his property. Road Supervisor, Rex Funk suggested that there may be a few times the prevailing winds catch garbage before they have a chance to cover it up, but for the most part garbage is covered up on a continual basis throughout the day. Rex will have Mark Hymas from Landfill get with Ross and see what can be done to help alleviate that problem.

(3)

**KAY JENSEN, CONSIDERATION OF ABATEMENT OF TAXES.**

Earlier this year Kay Jensen met with the Board of Equalization and submitted a letter of protest. He explained that he has, since 1999 been in the process of purchasing a parcel of property from Mr and Mrs. Leverton. Mr. Leverton had the property in green belt. Since the property is still owned by the Levertons this had to continue through them. Mr. Leverton passed away. Mrs. Leverton did not sign to have the property put in green belt. The taxes then came due for 2000 at the regular rate. Kay paid the taxes. At BOE he requested to have the 2001 taxes returned to the rate they would have been had Mrs. Leverton maintained the green belt status. In all the research the Board of Commissioners have done on this issue they could find no evidence of the property being in Kay Jensen's name. This will need to be a Board of Commission decision. They will make a decision soon.

(4)

**CITIZEN CONCERNS**

There were no citizen concerns.

(5)

**OPENING BIDS FOR FILTERS FOR ROAD DEPARTMENT. CONSIDER AWARDING OF BID AND APPROVAL OF OTHER NECESSARY PAPERWORK.**

Clerk/Auditor Bruce Funk opened the bids for filters for Road equipment. Bids were received from:

J&D Auto, Jack's Motor, Wards 4X4, and Book Cliff Sales.

Rex Funk will take the bids and plug in all the numbers to come up with the lowest bid. Commissioner Randy Johnson made a motion to have Commissioner Sitterud sign off on the contract once Rex has made the determination for the lowest bidder. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

In other Road Department business, Rex indicated he has \$46,000 left in equipment purchases and would like to get pricing on replacing the shop maintenance truck, a magnesium chloride spreader and a welder. Commissioner Randy Johnson made a motion to have Rex Funk get pricing for replacing a shop maintenance truck, a magnesium chloride spreader and a welder as requested. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

**OPENING OF BIDS FOR COURTHOUSE PARKING LOT REPAIR/RENOVATION.  
CONSIDER AWARDING OF BID AND APPROVAL OF OTHER NECESSARY  
PAPERWORK.**

Clerk/Auditor Bruce Funk opened bids for the courthouse parking lot repair/renovation project. Bids were received from:

Commission Chairman Ira Hatch indicated that Johansen & Tuttle Engineering estimated the project would cost approximately \$33,000.

G.W. Johansen Construction, Mt. Pleasant, Ut	\$63,005
Brown Brothers Construction, Loa, Ut	\$61,160
Nielson Construction, Huntington, Ut	\$41,815

Nielson Construction was the low bidder at \$41,815 however the bid was more than the engineer's estimate and the \$25,000 budgeted for the project. Commissioner Drew Sitterud made a motion to have the bids sent to J&T to see if the bids are in line with estimates. Bruce Funk is to research where in the budget to find the difference to pay for the project. Commissioner Randy Johnson is authorized to sign the necessary paperwork to get the project moving. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(7)

**ROSANN FILLMORE, COMMUNITY FOUNDATION REQUEST FOR TAX  
ABATEMENT.**

Rosann Fillmore explained that the Rosenberg family donated a house located on Main Street in Castle Dale for the benefit of Emery County. Members of the Emery County Community Foundation met with Nad Peterson, Mrs. Rosenberg's son on September 26, 2001 for the signing of the deed to the Foundation. The building will be used for non-profit purposes. The Emery County Chamber of Commerce will house their operations there and they may use a couple of rooms for a local folk art gallery. Rosann indicated that the taxes for the building will be prorated and the Rosenberg family will pay the previous months taxes. The Foundation would be responsible for the last three months taxes, therefore she requested to have the remaining months taxes abated. Commissioner Randy Johnson made a motion to abate the last three months taxes. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF APPOINTMENTS TO EMERY COUNTY LIBRARY BOARD OF TRUSTEES.**

Jimmie Dawn Jones, reappointment  
Marilyn Olsen, reappointment  
William Luce, new appointment

Commissioner Randy Johnson made a motion to appoint Jimmie Dawn Jones, Marilyn Olsen and William Luce to the Emery County Library Board of Trustees. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**GARTH LARSEN, PRESENTATION OF FERRON'S SPECIAL EVENTS CENTER PROJECT.**

Ferron Mayor, Garth Larsen made a presentation of plans for a Special Events Center in Ferron. Mayor Larsen reviewed the plans, presenting maps and outlining plans for the existing buildings. He stated the need for the center is to provide for Southeastern Utah Junior Livestock Show and perpetuate economic growth in Emery County. The Southeastern Utah Junior Livestock Show has been in existence in Emery County for over sixty-three years. The existing building is in need of major repairs. The Southeaster Utah Junior Livestock Show has indicated they may look at another location to hold the livestock show if repairs are not done to the building. An advisory committee was formed to look into options for construction of a new facility. Testimonials were provided by the Emery High chapter of Future Farmers of America and Teacher, Corrine Dalton. Wendy Whittle and Local 4-H Riding Club members also provided testimonials to the advantages of having in indoor arena to practice year round. Mayor Larsen indicated the facility would be a multi-purpose center providing for a variety of activities including, concerts, auto shows, equestrian events, invitational rodeos, craft shows, etc. Economic Council members Rosann Fillmore and Mike McCandless provided information regarding motels and restaurants which would be needed to host such events. Mayor Larsen stated the center would cost approximately 1.8 million to construct. The project is on the Community Impact Board list scheduled for rotation in December, 2001. What Mayor Larsen and the Advisory Committee asked of the county is a commitment to pay the debt service payment which could be as much as \$100,000 a year. They suggested taking a look at the allocation of mineral lease funds to make the payment. The operation and maintenance which they anticipate to be around \$30,000 to \$50,000 a year would be taken care of by Ferron City.

COMMISSION MEETING MINUTES  
OCTOBER 2, 2001

Commissioner Johnson stated concern for the lack of motels and restaurants in Emery County. In other places where these types of facilities have flourished, these facilities were already there. Lending institutions are leery to loan for motels without figures of successfulness. Commissioner Hatch thanked the group for their attendance and comments.

**DELENA FISH, WFS, QUARTERLY UPDATE.**

Delena Fish, Work Force Services provided the following update:

- ✦ She provided a copy of a document which outlined the outcome measures for key business processes which is basically the goals which the State will be working on to improve their service to customers and employers.
- ✦ She provided a copy of a document which outlined the goals set on a regional basis.
- ✦ She indicated they are currently working on setting the goals for their office. One of goals they will be working towards is in the accuracy rate. As she reported last year the State of Utah received a two million dollar sanction from the federal government because of our accuracy rate on food stamps. The two million has been reinvested into the state and as last month we are in the 91.2%. If we continue at that rate we will be the first state that has pulled our state out of sanction in the first year in a long time. They attribute this success to the employees who have put a lot of work into maintaining this accuracy. She reported that in the Castle Dale office they have maintained 100% accuracy for the year.
- ✦ They have re-looked at money for dislocated miners. They have been able to acquire an additional one hundred twenty thousand dollars to help with the retraining efforts.
- ✦ They have what is called a rainy day money which is basically savings and money awards they receive for doing so well in the TANIF program. They were successful in bringing two programs to the county. One program is the Enhance the Youth Program which will bring \$35,000.00 to Emery County. Another program which helps deal with crisis situations for employed individuals will bring in another \$45,000.00. They will be administering that money in the next couple of months. The money has to be spent by October 2003.

COMMISSION MEETING MINUTES  
OCTOBER 16, 2001

- ✦ Under the federal law this year they were required to contract out their WIA Youth Program to an agency that would take care of youth. Emery County's youth contract was awarded to Emery County L I C. They are required to do a year round program where the individuals who qualify for the program are tracked on a regular basis to be able to help them stay in school and provide the resources to be able to stay in school. If they are out of school they will help them become trained, monitor them and help them be successful in their process to find and keep a job.
- ✦ They just returned from a regional council in Park City where they were honored to have one our outstanding youth, Kolton Reid, honored for coming so far in the Summer Youth Employment Program.
- ✦ She explained two programs available to customers in Emery County that provide individuals with soft skills to help them get and maintain a job.

**JERRY DAVIS, QUESTAR PIPELINE COMPANY'S REQUEST FOR EASEMENT APPROVAL.**

Mr. Davis was not able to attend the meeting, therefore Larry Clifton was present representing Questar Pipeline. Mr. Clifton reviewed the area for consideration for an easement. They are asking consideration for two pieces of property. The first one is in Huntington south, the west side of the canal. The second is east of Emery Animal Health on county property recently acquired for the Road Department. Rex Funk added that the easement bisects county property in a place where they do not have any plans for at this time. Commissioner Hatch expressed concern for the corridor being under the sole jurisdiction of Questar Pipeline. The Board of Commission want to have a say in whether other utilities use the corridor to place service lines. They want one corridor for all utility service lines. They do not want Questar Pipeline to create an exclusive corridor. They suggested the wording of the easement be such as to include cooperation between Questar Pipeline and Emery County to allow other utilities to use the corridor.

Commissioner Randy Johnson made a motion to proceed with approval of the easement provided the language of the easement is reworded to the Board of Commissioners satisfaction. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(3)

**CONSIDERATION AND APPROVAL OF RESOLUTION OF APPOINTMENT OF A EMERY COUNTY REPRESENTATIVE AND AN ALTERNATE REPRESENTATIVE FOR THE UTAH ASSOCIATION OF COUNTIES INSURANCE MUTUAL.**

Senior Deputy Clerk/Auditor, Brenda Dugmore presented a list of applicants for circuit breaker, veteran and blind tax abatements. Commissioner Randy Johnson made a motion to approve the circuit breaker, veteran and blind abatements for 2001. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF INDIGENT TAX ABATEMENTS.**

Senior Deputy Clerk/Auditor, Brenda Dugmore reviewed applicants for the indigent tax abatement. The Board of Commissioners questioned two of the applicants for qualifications. Number 2, has four years owing in back taxes, and they want something worked out in terms of paying the back taxes before approval is given for an abatement. Number 7, the Commission requested that the applicant come in and meet with them regarding assets and meeting criteria for abatement. Commissioner Randy Johnson made a motion to approve the indigent abatements with the exception of the two indicated until the requests are met. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(10)

**OPENING OF BIDS FOR PAINTING OF HOME LOCATED AT 425 WEST MILL ROAD, FERRON, UTAH. CONSIDERATION OF AWARDED BID.**

Commissioner Sitterud opened the bids for the painting of the county owned house next to the Emery Care and Rehabilitation Center in Ferron. There was one bid for \$3,398.00 from B&T Builders. Bruce Funk acknowledged that this is his company and will provide a disclosure acknowledging his affiliation with the company and the county. Commissioner Drew Sitterud made a motion to accept the bid from B&T Builders as it is the only bid. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF CONTRACT AMENDMENT BETWEEN EMERY COUNTY AND STATE HISTORY FOR ARCHIVE START-UP GRANT.**

Kathleen Truman presented an amendment to the current contract between Emery County and State History for Archive Start-up Grant. The amendment extends the length of the grant contract to July 2002. **MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE**

**NOVEMBER 6, 2001**

Present at the meeting was Commission Chairman Ira Hatch, Commissioner Drew Sitterud, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

Commissioner Randy Johnson was out of town. Commissioner Ira Hatch stepped down during the meeting to execute the motions as needed.

Opening prayer was offered by Sheriff LaMar Guymon after which he directed the congregation in the pledge of allegiance.

(1)

**DAVID CUNNINGHAM, SOUTHEASTERN UTAH HEALTH DEPARTMENT,  
PRESENTATION OF HEALTH DEPARTMENT SERVICES IN EMERY COUNTY AND  
BUDGET REQUEST.**

Dave Cunningham, Southeastern Utah Health Department presented the Board of Commissioners with a copy of the Organization Authority Performance Standards of a Local Health Department. Utah Code 26A is known as the "Local Health Department Act" which 26A-1-103 states :

"The governing body of each county shall create and maintain a local health department." It outlines the powers and duties of departments, the establishment of a board, the cost of establishing and maintaining a local health department etc. What they do as a local health department is a role established by rule and code as a responsibility of the counties. This brings together a partnership of the four counties of southeastern Utah and the Southeastern Utah District Health Department. Mr. Cunningham reviewed some of the programs, such as tobacco prevention, Early Intervention, immunizations, Women, Infant & Children (WIC), Department of Environmental Health, School Nurse, United Way, Highway Safety. He discussed the Care-a-Van program. He made a formal request for Emery County's portion of the operating budget. The four counties that make up the Southeastern Utah District Health Department are assessed a portion based on population and assessed values of the county. Eight percent of their operating budget comes from the counties. Emery County's portion is \$78,089.00 for 2002 which does not include the request of \$5,000.00 to participate in the Care-A-Van program.

(2)

**DICK MANUS, BLM, UPDATE ON TRAVEL PLAN.**

Dick Manus and Tom Rasmussen were present to provide an update on BLM's Travel Plan. Mr. Manus had previously informed the Commission that they were going to try and get the Travel Plan Environmental Assessment on the streets in early November for public comment. At that time they had sent the plan to the state office for internal review. The state office found that the plan needed some polishing. They will be sending some help down to help write rather than comment. Unknown at this time was the printing time. They have contracted with Booz' Allen & Hamilton to prepare the documents. They have included in the contract a two week turn around time which they hope will have the documents ready for the street by early to mid December. You will be seeing the announcement in the Federal Register Notice announcing their Notice of Intent to the public that they are starting a management planning process at the field office in Price. They had hoped to be into the public meeting and scoping of issues process by November, however they are behind by a month. They do not want to hold scoping meetings during the month of December. They will probably hold scoping meetings in Green River, Castle Dale, Price and maybe Salt Lake in January. Of the forty-seven plans being undertaken throughout the bureau this year, there are twenty-three that are referred to as time sensitive/accelerated plans. Because of the coalbed methane fields and the interest coming out of the White House with the energy policy they have looked at areas with high energy mineral demands and outdated land use plans. This area falls under their criteria for a commitment to have the management plan completed in two years. They are going to have to be generic but at the same time have a viable plan. The projected completion date is December 2003. They will have it ready for signatures, however they cannot predict if there is going to be any appeals that might hold up the record of decision from being signed.

Mr. Manus announced that he has set a retirement date of December 14, 2001. He has talked it over with the state director. They have talked about pending work loads, transition and long term replacement. He will be available throughout the Travel Plan EA process. He has put a lot of time and effort into this plan and he wants to see it through. He has made a recommendation to have Tom Rasmussen be the district manager in transition while they look at a permanent replacement. He will be spending his time with family and reducing the fish numbers in Utah.

The Board of Commissioners thanked Mr. Manus for the working relationship they have had over the years and offered good wishes for his retirement.

(3)

**CHERYL EK, UNITED WAY, UPDATE ON ANGEL TREE PROGRAM.**

Cheryl Ek was not able to attend the meeting.

**(4)****CITIZEN CONCERNS**

John Ellis, representing several parents in Ferron made a request to renew the lease at the Clawson Motorcross. They have had quite an interest in motorcycle riding. It has become hard to find places for them to ride motor cycles. They looked at the Clawson Motorcross track to develop it but found out that the Emery County lease had expired last year. Mr. Ellis proposed that Emery County renew the lease so they can develop it and have races on the track. It would provide a place for the kids to go and ride without a hassle. Dick Manus, BLM explained that the lease was issued under a Recreation Public Purposes Act. In 1995 Emery County applied for an five year extension of a Recreation Public Purposes Lease. Throughout the lease period the County could pursue a purchase or receive a patent of the property. There was a five year plan of development attached to the application for extension. Mr. Manus indicated that the County was not notified that the lease has lapsed. He indicated he was willing to entertain a new application from the County along with re-submission of a five year development plan that shows an estimate of what will be done as well as estimated cost associated with that. It may take some time as the work load is a little heavy at this time. He suggested having the interested group meet with BLM and bring back to the Commission the necessary application and in the process bring back a full package all ready for signatures. He suggested, let the group do the leg work. Mr. Manus indicated that if the county is still interested , receiving land under a Recreation Public Purposes Act is relatively cheap. You may want to look at an outright purchase rather than a lease. It is a cheap way to do it but not timely. It is time consuming. Val Payne encouraged the Commission to pursue this as a purchase. Commissioner Sitterud asked Mr. Ellis to use Val Payne to work with the BLM and to coordinate with him. Mr. Ellis asked if they could use the land now. Mr. Manus indicated that they could use the land because it is open use land and if the trails are in existence.

Commissioner Ira Hatch responded to a letter they received from Ferron City requesting support and financial help for the new special events center they are proposing in Ferron. They came to Commission Meeting the first part of October and made a presentation relative to that proposal. They are still moving ahead on the proposal and want some commitment from the County for financial help. The Commission questioned the funding package. The Commission would like to see them come in with a business plan or plan of development and funding proposal. The Commission morally supports the proposal but to commit funds to the project is just not feasible at this time. The Board of Commissioners will send a letter to Ferron City stating their concerns and request a plan of development and funding package.

(5)

**CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN PACIFICORP AND EMERY COUNTY FOR ELECTRIC SERVICE FOR PUBLIC SAFETY BUILDING.**

Commissioner Drew Sitterud made a motion to approve a contract between Pacificorp and Emery County for electric service for the Public Safety Building. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF AGREEMENT FOR THE DONATION OF A NOAA WEATHER RADIO TRANSMITTER TO THE NATIONAL WEATHER SERVICE BY A PRIVATE PARTY.**

Sheriff LaMar Guymon explained that a NOAA Weather Radio Transmitter to the National Weather Service has been offered to the County through a grant that will pay for the equipment. Emery county's part of the agreement is to pay the power bill. The transmitter will be on Horn Mountain and is an early warning detection for bad weather. The transmitter will transmit information to the local news channels. NOAA will pay us to purchase the equipment. Commissioner Ira Hatch made a motion to approve the agreement to acquire the equipment, get into operation and donate it back to the Nation Weather Service. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF CONTRACT FOR DESIGN SERVICES ON I-70.**

Kathleen Truman explained that the contract is for the design services for the kiosk that are being placed on I-70. Commissioner Drew Sitterud made a motion to accept the contract for design services for nine kiosk on I-70. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF APPOINTMENT TO EMERY COUNTY TRAVEL BUREAU.**

Commissioner Ira Hatch made a motion to appoint Tom King to the Emery County Travel Bureau to fulfill the term vacated by Kathy Gardner. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**DISCUSSION OF STREET LIGHT INSTALLATION ON MILLER CREEK ROAD.**

Commissioner Sitterud received a phone call from Pat Tucker who said that there is a corner where six kids get on the school bus that is very dark at this time of the year. Commissioner Sitterud called Ray Petersen at the Road Department to check it out. Ray indicated that it is a stop along the road. It is not a turn around. He expressed concern that if we install a light at this stop you will need to install lights at all the stops. Ralph Ison, Bus Manager indicated that it is not so much the stop that needs to be lit but his concern is the road where the kids have to walk that is more of a hazard. Ray indicated that that particular road is on the drawing board for reconstruction as it a very narrow road. If a light is put in now it may have to moved later. Leslie Bolinder pointed out that one of Special Service District #1's responsibilities is street lighting which can only be done in the county. The Board of Commissioners can make a recommendation to the SSD#1. Commissioner Drew Sitterud made a motion to pursue the SSD#1 and make a request that they take on the street lighting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Bruce Funk presented the Warrant Check Edit List #143631 through and including #143636 for payment.

Two dispositions were presented for Asset#580-6922 and number unknown, for two fax machines from the Library that were junked.

Commissioner Drew Sitterud made a motion to accept the Check Edit List for payment and requisitions and dispositions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(11)**

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following personnel action:

Health Insurance

Jeff Kelsey, Regional Manager for Intermountain Benefit Administrators, provided a brief "state of the plan" and explained the lab card which would be an enhancement to the health insurance plan. There is no fee involved. The benefit would be a savings to the customer as long as lab results are not immediately needed. The proposed plan could be in effect by December with cards issued to employees. The health plan will need to be amended to include the proposed lab card. Commissioner Drew Sitterud made a motion to approve the amendment of the current health plan to include the lab cards and to ratify the documents in the next Commission Meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Airport

The airport liability insurance policy is up for renewal November 29, 2001. It is the same premium as last year \$1,350.00. Request was made to renew the policy. Commissioner Ira Hatch made a motion to renew the insurance policy for the airport. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Road Department

COMMISSION MEETING MINUTES  
NOVEMBER 6, 2001

Zen Majors has requested to be moved out of the Crew Leader-Crusher, grade 15 step O \$16.72/hr back the Equipment Operator/Driver at grade 12T. It is proposed to accept his request and reduce his wage to a grade 12 step T \$15.98/hr., effective at the beginning of the next pay period. Commissioner Ira Hatch made a motion to approve Zen Major's request. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

It was proposed to fill the vacancy left by Zen Majors by posting the opening of Crew Leader-Crusher, Grade 15, "in-house" for five days, accept applications, and interview the applicants. Commissioner Ira Hatch made a motion to approve posting "in-house" as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**REQUEST TO RELOCATE POWER POLES ON ECSSD#1 ROAD IMPROVEMENT PROJECT ON NORTH ELMO HIGHWAY.**

Craig Johansen, Johansen and Tuttle Engineering, discussed the plans to relocate thirty-one power poles as well as the water, phone and other utility lines located on North Elmo Highway.

COMMISSION MEETING MINUTES  
NOVEMBER 20, 2001

North Emery Water Users will be working closely with the Special Service District #1 and the Road Department to acquire the right-of-ways for reconstruction of the road and relocate the various utilities. Utah Power requires a formal request from Emery County to relocate the power poles. Commissioner Randy Johnson made a motion to take whatever action necessary to request Utah Power and Light to move the power poles as proposed on the North Elmo Highway as well as any other action needed to move the phone and other utility lines as needed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mr. Johansen also asked for approval of an agreement with Bureau of Land Management for right-of-way for the sewer line to the Public Safety Facility. Commissioner Randy Johnson made a motion to approve the agreement with BLM for right-of-way for the sewer line to the Public Safety Facility. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mr. Johansen also discussed the reconstruction of the courthouse parking lot. The handicap approach on the east side of the building will need to be corrected to meet ADA standards. The Board of Commissioners discussed the best way to correct the problem. Mr. Johansen will meet with Nielson Construction to make the necessary change orders.

**COMMISSION REPORTS**

Commissioner Sitterud

Commissioner Sitterud enjoyed a good week at Utah Association of Counties Convention in St. George. He attended insurance meetings where he was informed that due to the events of September 11, 2001 the insurance companies are looking at drastic increases. Because Emery County is self-insured we may be better off than some other entities. They are looking at possibly fifty percent increases in liability insurance, one hundred percent increases in property insurance and maybe fifty percent increases in workers compensation. There will be blanket limitations. There will be terrorist exclusions on all policies.

Commissioner Johnson

COMMISSION MEETING MINUTES  
NOVEMBER 20, 2001

**KEVIN CHRISTOPHERSON, DWR, QUARTERLY REPORT.**

Louis Berg, DWR, Regional Aquatic Program Manager was present to provide the following update:

- + A petition being circulated by several environmental groups to list the Colorado River Cutthroat Trout as a threatened or endangered species. DWR has concern for the implications this would bring. South Eastern Utah has eight populations of Cutthroat Trout that can be considered conservation population which means that they are ninety-nine percent genetically pure. Almost all Cutthroat in Emery County represent Colorado River Cutthroat Trout. This improves the status of the species.
- + He discussed the Splake population in Joe's Valley. They are considering imposing fishing regulations to control snagging and restricting the size of Splake taken out of the lake. Splake are beneficial in controlling the chub population in Joe's Valley. They will have a public meeting to discuss these issues and are contacting area anglers to get input and ideas.
- + Ferron Reservoir is down twelve feet below high water level due to holes in the dam. They are reviewing options to repair the dam or keep the reservoir at a lower level. The reservoir has been closed to fishing this year and will remain closed in 2002.
- + Kids free fishing day has been set for May 4<sup>th</sup>, 2002.
- + Bill Bates sends his thanks for assistance with the SITLA land exchange.
- + Antler-less hunt is in progress.

(3)

**DICK MANUS/TOM RASMUSSEN, BLM, QUARTERLY UPDATE.**

Dick Manus and Floyd Johnson, Assistant Field Manager at the Price Office were present to provide the following quarterly update:

✦ Mr. Manus informed the Commissioners of upcoming scoping meetings to be held in January, 2002 on BLM's Travel Plan Environmental Assessment. They will be:

January 15, Salt Lake City, January 16, Moab, January 17, Grand Junction,  
January 29 Green River, January 30, Castle Dale, January 31, Price.

Publications will be going out soon requesting public involvement.

✦ Floyd Johnson will be serving as planning coordinator for the Resource Management planning effort.

✦ There will be a retirement open house for Dick Manus on December 14, 2001 from 1 to 4 p.m. at the Price Field Office.

The Board of Commissioners presented Mr. Manus with a shadowbox with a plaque and a certificate of appreciation for his many years of protecting our public lands.

(4)

**CITIZEN CONCERNS**

Delena Fish, Workforce Services provided the Board of Commissioners with fact sheets and comparison charts and briefly reviewed activity of Work Force Services since her last update. Their office will be switching over to electronic imaging and do away with some paper work. Other offices in the state have already switched over to electronic information. She will update the Commission of the success of this switch at her next visit. She reported on the scholarships available to Emery High students through their programs. They have recently experienced a high increase in unemployment claims.

Commissioner Johnson met with Planning and Zoning Chairman and staff members to discuss the need to purchase a digitizer. They decided the application for the equipment would expand beyond Planning and Zoning and would better serve the county to purchase the equipment rather than bid out the service.

(5)

**CONSIDERATION AND APPROVAL OF TAX ABATEMENT FOR BRIAN AND**

**REBECCA ROBERTSON.**

Treasurer, JoAnn Behling read a letter from Brian and Rebecca Robertson requesting consideration of an abatement on their property taxes due to the recent illness of Mr. Robertson. He has required Chemotherapy treatments away from home which has placed a financial burden on the family. The deadline to pay property taxes has expired and a penalty has been attached to the taxes bringing the total to \$421.97. Mrs. Behling requested consideration for an abatement of the total property taxes for 2001. Commissioner Randy Johnson made a motion to approve an abatement of property taxes in the amount of \$421.97 for Brian and Rebecca Robertson as requested. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN EMERY COUNTY AND STATE HISTORY FOR THE ONGOING SUPPORT GRANT FOR THE EMERY COUNTY ARCHIVES.**

Kathleen Truman explained that this is a contract for ongoing support of the Emery County Archives which allows the contract to catch up with the three different fiscal years involved. Commissioner Randy Johnson made a motion to sign the contract between Emery County and State Archives for the ongoing support grant for the Emery County Archives. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN EMERY COUNTY AND STATE LIBRARY DIVISION FOR PUBLIC LIBRARY DEVELOPMENT GRANT.**

Information Technology Director, Jeff Guymon has been working on this grant with the Library Board and explained to the Board of Commissioners that this is a grant provided by the federal government through the State Library Division for the developmental improvement of public libraries. The grant is in the amount of \$7,153.00 and must be spent by June 30, 2002. Commissioner Randy Johnson made a motion to sign the contract between Emery County and the State Library Division for Public Library Development Grant. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN EMERY COUNTY AND STATE LIBRARY DIVISION FOR FUNDING TO IMPROVE LIBRARY**

**SERVICES AND TECHNOLOGY.**

Jeff Guymon explained that this a grant to improve the library services and technology of public libraries. The amount of the grant is \$34,500.00 which must be spent by September 15, 2002. The funds will be used to purchase a new server, eight additional workstations and software. Commissioner Randy Johnson made a motion to sign the contract between Emery County and State Library Division for funding to improve library services and technology. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(9)****CONSIDERATION AND APPROVAL TO DISPOSE OF COUNTY OWNED HOUSE IN FERRON AND PROCEED WITH BID PROCESS.**

Commissioner Drew Sitterud explained that the county owned house next to the nursing home was previously used to house a physician. We no longer have a need to house a physician and the cost of repairs to the building have increased each time someone moves. The Board of Commissioner have determined that the best interest of the citizens would be for Emery County to sell the house. The Assessor's office has determined the value of the house to be \$74,248.00. The house has had some repairs and is ready to sell. Commissioner Randy Johnson made a motion to proceed with proper disposal of the house, following disposal procedures according to county ordinance, advertising for sealed bids to be opened at the January 22, 2001 Commission Meeting. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

The Clerk/Auditor's office will post an ad in the Progress and accept sealed bids.

**(10)****CONSIDERATION AND APPROVAL OF CONTRACT FOR INDIGENT DEFENSE COUNSEL SERVICE.**

Attorney David Blackwell explained that this program has been of benefit to Emery County over the years and recommends continuing the service. There is no added expense other than what we already contribute to the fund. Commissioner Drew Sitterud made a motion to sign the contract for Indigent Defense Counsel Service. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

DECEMBER 18, 2001

Present at the meeting was Commission Chairman Ira Hatch, Commissioner Randy Johnson, Commissioner Drew Sitterud, Sheriff LaMar Guymon, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

An opening prayer was offered by Pastor Carl Sitterud of Desert Edge Church in Huntington. The pledge of allegiance was led by Recorder, Dixie Swasey.

(1)

**CITIZEN CONCERNS**

Kyle Ekker, Bill Downard, Jeff Thomas, Tom Harrison and Norman Vuksinick presented Sheriff LaMar Guymon and his wife Gayla with gifts from the deputies and staff.

Dennis Ward expressed concern for the \$300.00 stipend the Emery County Special Service District #1 board members get each month. Commissioner Hatch informed Mr. Ward that Emery County has no say in the amount districts pay for board members. It was suggested that he get on the next Special Service District #1 board meeting agenda and express his concern there.

(2)

**EMERY COUNTY PUBLIC LANDS COUNCIL, NOTIFICATION OF COUNCIL MEMBER TERM EXPIRATIONS.**

Commissioner Hatch read a note from Val Payne informing the Commission that Bevan Wilson, Perry Bunderson, Craig Johansen and Tracy Jeffs terms will expire at the end of this year. Mr. Payne requested the Commission begin the process to fill the four vacancies. On October 16, 2001 Tom Rousch was approved to finish out the term for Tracy Jeffs. Mr. Rousch will be notified that he will need to re-apply. Commissioner Randy Johnson made a motion to begin the process of advertising for individuals to fill the four vacancies. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(3)

**ECONOMIC DEVELOPMENT COUNCIL, NOTIFICATION OF COUNCIL MEMBER TERM EXPIRATIONS.**

Rosann Fillmore, Economic Development informed the Board of Commissioners that the Economic Development Council has four board members whose terms will expire at the end of the year. Huntington City Council and Castle Dale City Council members will expire as well as at large members from Castle Dale and Huntington/Lawrence. Ms. Fillmore requested the Board of Commissioners proceed with advertising for interested individuals to serve on this board. Commissioner Randy Johnson made a motion to begin the advertising process to fill the four vacancies on the Economic Development Council. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF PROJECT APPLICATION AND GRANT AGREEMENT FOR STATE AID FOR HUNTINGTON AIRPORT APRON RECONSTRUCTION.**

Commissioner Hatch explained that last year UDOT had funding available for airport operation and maintenance, as part of their budgeting process and advertised that there was funding available to bring smaller airports up to standard. Two years ago, through the SSD#1 funding was provided through the mineral lease funds to finance the slurry coat on the runway at the airport. The apron, the tarmac and parking area, has deteriorated and is in need of repair. A few years back a chip seal was put on this area and has since deteriorated. Loose chips that rise to the surface are picked up by aircraft propellers causing damage to the aircraft. Engineers have determined that there is failure on the pavement. They have determined that we need to reconstruct the parking lot and the tarmac. Therefore, Emery County has made application with UDOT for a reconstruction project at the airport. We recently received word that the project was approved. The project will cost approximately \$170,000.00. Emery County will need to come up with 10%. The Emery County Special Service District #1 has agreed to fund the \$17, 800.00 to meet the County's match on this project. To this end, the project application and grant agreement need to be approved by the Board of Emery County Commissioners. Commissioner Drew Sitterud made a motion to approve the project application and grant agreement for state aid for the Huntington Airport apron construction. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF RESOLUTION DECLARING THE INTENT TO PARTICIPATE IN UAC CASH FLOW BORROWING PROGRAM.**

Sr. Deputy Clerk/Auditor Brenda Dugmore explained that the resolution declares Emery County's intent to arrange for short-term financing to accommodate the anticipated operating capital deficits by the issuance of tax and revenue anticipation note (TRANS) as a participant in the Utah Association of Counties combined cash flow borrowing program. The program will allow the County to operate through November when tax revenue is received. Commissioner Randy Johnson made a motion to approve Resolution 12-18-01A declaring Emery County's intent to participate in UAC's TRAN program. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(6)**  
**CONSIDERATION AND APPROVAL OF RESOLUTION AMENDING RESOLUTION 4-6-99A PROVIDING FOR THE DISBURSEMENT OF MINERAL LEASE FUNDS TO THE SPECIAL SERVICE DISTRICTS IN EMERY COUNTY.**

Commissioner Hatch read Resolution 12-18-01B which provides for the distribution of State Payment in Lieu of Taxes (PILT) and funds from the liability account within Emery County Special Service District #1, to the various service districts in Emery County. Resolution 12-15-98C allows the Emery County Commission to amend the funding formula in accordance with the changing needs of the County and special service districts. Resolution 12-19-00E deleted paragraph 1 of Resolution 4-6-99A so the State PILT funds remain in the Emery County General Fund. Resolution 12-18-01B, the resolution being considered today amends Resolution 4-6-99A as follows:

Emery County Special Service District #1	47%
Castle Valley Special Service District	13%
Emery County Recreation Special Service District	7%
Emery County Fire Protection Special Service District	8%
North Emery Water Users' Special Service District	2%
Municipal Building Authority of Emery County	23%

All other terms and conditions set forth in Resolution 4-6-99A not amended hereby, shall remain in full force and effect.

Commissioner Randy Johnson made a motion to approve Resolution 12-18-01B. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(7)**

**CONSIDERATION AND APPROVAL OF CONTRACT FOR LIBRARY TO INSTALL AN ANTENNA ON THE CLEVELAND WATER TOWER.**

Jeff Guymon explained that the County needs to have a contract with North Emery Water Users Special Service District to install an antenna on their water tank in Cleveland. The antenna will allow Elmo Library to have faster Internet capability and reduce the black out time for reaching the main server. The contract has been reviewed by Attorney David Blackwell. Commissioner Drew Sitterud made a motion to approve the contract with North Emery Water Users Special Service District to place an antenna on their Cleveland water tower. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(8)**  
**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS REQUISITIONS AND DISPOSITIONS.**

Sr. Deputy Clerk/Auditor Brenda Dugmore presented the Warrant Check Edit List #144231 through and including #144425 for payment.

One requisition #72-01 was presented for approval from the Library for 2 wireless bridges and 4 laser printers in the amount of \$3,810.

There were no dispositions.

Commissioner Drew Sitterud made a motion to approve the Warrant Check Edit list, additional claims and requisition as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(9)**  
**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following personnel action:

**Landfill**

After an "in-house" recruitment to fill the position of Solid Waste Technician, approval is requested to hire Val Anderson at Grade 12 Entry \$10.89/hr., effective December 19, 2001. The position is regular full time with benefits. Commissioner Drew Sitterud made a motion to approve hiring Val Anderson as Solid Waste Technician as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

COMMISSION MEETING MINUTES  
DECEMBER 18, 2001

Channel 26

The Board of Commissioners discussed a contract with Susan Dorsch to operate the County television station (Channel 26) on behalf of the County. Susan was paid \$6,000.00 this year for services rendered. Receipts for ads reportedly were around \$6,000.00 to \$8,000.00 for the year. Commissioner Johnson felt the pay for her services should reflect what she is currently receiving through wages and receipts, therefore he asked that the contract amount be \$13,200.00 for the year in monthly installments of \$1,100.00 per month. The contract will be reviewed and considered for renewal at the end of the year. Mrs. Dorsch will collect funds and submit them to the Clerk/Auditor's Office on a monthly basis and shall keep an accurate account of all funds which may be received by the County on demand. Commissioner Randy Johnson made a motion to offer the contract to Susan Dorsch with the addition of annual review to the contract. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(10)**

**APPROVAL OF COMMISSION MEETING MINUTES**

Commissioner Drew Sitterud made a motion to approve the minutes dated December 4, 2001 as corrected. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**PUBLIC HEARING 6:00 P.M. TO RECEIVE PUBLIC COMMENT ON JUDGEMENT LEVY TAX INCREASE. TO RECEIVE PUBLIC COMMENT ON TAX INCREASE FOR CASTLE VALLEY SPECIAL SERVICE DISTRICT. TO RECEIVE PUBLIC COMMENT ON 2002 BUDGETS FOR EMERY COUNTY GENERAL FUND, SPECIAL REVENUE FUNDS, CAPITAL PROJECTS FUNDS AND FOR THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Commissioner Hatch opened the Public Hearing to receive comments and questions regarding the judgement levy tax increase, tax increase for Castle Valley Special Service District and the 2002 budgets for Emery County general fund and others as noted.

Senior Deputy Clerk/Auditor Brenda Dugmore explained that the budget figures reflect a balanced budget meaning the expenditures match the expected revenue. The budget also reflects a merit or step increase for all employees.

Commissioner Johnson explained the theory behind a judgment levy. It was pointed out that Emery County is number one in the state for paying the highest taxes. Commissioner Johnson explained the reason for the higher taxes. He pointed out that Emery County tried to give a 5% tax break to the homeowner to which we were shot down by the Tax Commission. Emery County will soon be in litigation over this issue.

Comments were provided by: Dennis Ward, Darrell Leamaster, Phil Fauver, and Mayor Vernell Rowley.

Darrell Leamaster, Castle Valley Special Service District reviewed their 2002 budget and addressed questions and comments from the public.

Commissioner Drew Sitterud made a motion to close the public hearing. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(4)  
**CONSIDERATION AND APPROVAL OF TAX ABATEMENT AT REQUEST OF GREEN RIVER BIBLE CHURCH.**

Commission Chairman Ira Hatch explained that during Board of Equalization information was given that the house owned by Green River Bible Church was up for sale and no longer being used by the church. Since that time, an investigation into this was done and found that the house is still being used by the church. Green River Bible Church has requested an abatement of the taxes for 2001. Assessor, Jim Fauver questioned the "use" of the building and the code as it addressed the "use" of the building as a qualifying factor for abatement of taxes. Commissioner Randy Johnson made a motion to grant an abatement of the 2001 property taxes contingent upon corroboration of the information provided. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(5)  
**CONSIDERATION AND APPROVAL OF TAX ABATEMENT AT REQUEST OF FERRON CITY.**

Treasurer, JoAnn Behling made a request on behalf of Ferron City to abate the property taxes for the property previously owned by Eva Huntsman and recently acquired by Ferron City. The agreement Ferron City had with the previous owner was to pay the 2001 property taxes, so they will pay three quarters of the property taxes and requested to have one quarter of the taxes abated. (from September 2001 on) Commissioner Randy Johnson made a motion to abate the property taxes from September 2001 on and Ferron City will be responsible for the taxes prior to that. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

Mistie Christiansen is eligible for her routine increase effective January 16, 2002. She goes from 5B \$8.55/hr to 6A \$8.73/hr. Commissioner Drew Sitterud made a motion to approve the routine increase for Mistie Christiansen as presented. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

Mistie Christiansen has requested Family and Medical Leave beginning March 13, 2001, for the birth of her baby. She expects to return June 5, 2002. Commissioner Drew Sitterud made a motion to approve Family Medical Leave for Mistie Christiansen as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(11)****CITIZEN CONCERNS**

Bruce Funk expressed concerns for a proposal that was heard in Public Lands Council meeting held earlier in the day. It appears that in the Public Lands Council meeting dated September 12, 2000 a motion was made to support Castle Valley's proposed hunting preserve. The motion passed in that group. In the Public Lands Council meeting today it was indicated that the Emery County Commission was in full support of that proposal. Mr. Funk expressed concern for closing off the reef and denying access to a piece of public land. He requested acknowledgment from the Board of Commissioners that this is what they support. Commissioner Johnson provided a response. The proposal is in the hands of the BLM and SITLA at this point. Commissioner Hatch indicated that they are looking at the information in order to make an informed decision. They are watching to see how it develops.

The Emery county Chamber of Commerce has requested their annual dues for 2002. There was discussion as to whether the \$250.00 dues was for all entities of the County ie, Sheriff, Economic Development, etc. Commissioner Randy Johnson made a motion to pay the 2002 annual \$250.00 dues as a blanket, including all entities of the County. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Rex Funk asked for permission to go look for prices for a nemonic roller. The Commission asked that he check the one he has before he goes to look for prices. He has the funds in this years budget for this purchase.

COMMISSION MEETING MINUTES  
JANUARY 8, 2002

Commission Chairman Ira Hatch commented on the decision of the Board of Commissioners to provide for a step increase rather than a 2% across the board increase for employees in 2002. There was a question as to where those employees in the probationary stage will move to. The Board Commissioners decided to have them stay where they are and begin from there.

(12)

**CONSIDERATION AND APPROVAL OF PREVIOUS COMMISSION MEETING MINUTES.**

Commissioner Randy Johnson made a motion to approve the minutes dated December 18, 2001 as corrected. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(13)

**ADJOURNMENT**

Commissioner Drew Sitterud made a motion to adjourn the meeting. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(1)

**BID OPENING FOR SALE OF COUNTY OWNED PROPERTY IN FERRON AS ADVERTISED. CONSIDERATION OF AWARDED BID AND APPROVAL OF ASSOCIATED PAPERWORK.**

Bids were opened for the sale of county owned property in Ferron. The two bids were as follows: Mark Kinsey \$75,000.00

Bryan Stone \$80,000.00 with a contingency to be able to trade his property located on the corner of State Street in Ferron.

Commissioner Randy Johnson made a motion to accept the bid from Mark Kinsey. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(2)

**JOHN HEALY, FOREST SERVICE, QUARTERLY UPDATE.**

John Healy, Acting District Ranger, provided the following quarterly update:

✦ The Forest Service is still in the process of replacing Crockett Dumas following his retirement. Mr. Healy is filling in during that process.

✦ They have a new chief, Dale Bosworth. Mr. Healy reviewed the chief's Focus on Results for fiscal year 2004 National Program which included the following items:

Public and Employee Safety  
Benefits to Communities  
Forest and Rangeland Health  
Recreation

National Fire Plan (Protecting Property and Resources)

✦ He reviewed the chief's plans for roads analysis of the forest.

✦ He reported on the timber sale on the forest in Ferron

✦ They are working on developing a Cooperative Weed Management Program which

will include representatives from surrounding counties. With a weed management program in place they will be able to qualify for federal grants to supplement the program.

✦ A local group sponsored in part by the Soil Conservation District attended conferences in Albuquerque, New Mexico where they discussed improving rangeland with an emphasis on keeping ranchers in business.

(3)

**TOM RASMUSSEN, BLM, QUARTERLY UPDATE.**

Tom Rasmussen, interim acting manager for the BLM, provided the following quarterly update:

✦ Permits for oil and gas production has slowed down in Emery County. They have six new permits from Texaco for drilling in Huntington Canyon. Phillips-Chevron has 40 producing wells in Emery County, 11 on federal land and 39 on state or private land. The Last Chance Field by Capital Reef which is a methane freezing processing plant has fallen by the wayside with only one permit left. BLM has 47 oil and gas leases proposed for the San Rafael Swell area. An environmental group is looking at a re-inventory of this area.

✦ Lila Canyon Coal Mine was issued a limited right-of-way. They have run into problems with DOGM.

✦ Moore Road is in an internal review process.

✦ There are 35 grazing permits up for renewal with the 10 year permit status.

✦ The OHV Travel Plan will be out for review soon. They are expecting fire when it hits the media. Public comments will be completed by March 22, 2002.

(4)

**CONSIDERATION AND ADOPTION OF A RESOLUTION AUTHORIZING THE ISSUANCE OF \$743,800 OF GENERAL OBLIGATION PUBLIC SERVICE BONDS, SERIES 2002-A OF THE CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Darrell Leamaster, Castle Valley Special Service District and Kent Michie, Zions Bank Public Finance reviewed a resolution authorizing the issuance of \$743,800 of General Obligation Public Service Bonds Series 2002 A of the Castle Valley Special Service District. Darrell Leamaster explained that this is the last of the one million dollar bond authorized by voters in 1994. The bond will be payable through property taxes. The funds will be used to fund construction projects in the districts. Mr. Michie expressed to the public that a bond such as this one is a good thing. It is a good deal for the district and the county as it allows the district to finance construction projects and collect the funds in the fall with property taxes. He explained that the interest is 0 until December 2003. Commissioner Randy Johnson made a motion to adopt Resolution 2-05-02A

authorizing the issuance of \$743,800.00 of General Obligation Public Service Bonds Series 2002-A of the Castle Valley Special Service District. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(5)**  
**SUPPORT OF INITIATING PROCESS TO ESTABLISH THE SAN RAFAEL  
WESTERN HERITAGE NATIONAL MONUMENT.**

Commission Chairman Ira Hatch explained that a public informational meeting was held on January 26, 2002 to propose creation of the San Rafael Western Heritage National Monument. Comments from those in attendance were received after the meeting. Following the meeting, the Board of Commissioners prepared a statement of support for this proposal. Copies were made available to those in attendance at today's meeting. Emery County will hold more informational meetings. Public Lands Council will accept comments. They reminded those in attendance that contingencies do exist. If the majority of the citizens do not want this, we can pull the proposal. Commissioner Randy Johnson made a motion to approve the statement of support for the proposed San Rafael Western Heritage National Monument. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(6)**  
**CITIZEN CONCERNS**

Bonnie Keele asked what would happen if the majority of the county does not want a monument? Commissioner Johnson explained that the County would pull the proposal, however, some other group such as Southern Utah Wilderness Alliance could come along behind us and reintroduce the proposal.

Deb Dull, PacifiCorp, requested a follow-up report on the Incubator Program. It was explained that a study had been authorized to evaluate some alternatives.

**(7)**  
**CONSIDERATION AND APPROVAL OF LEASE AND MANAGEMENT AGREEMENT  
FOR THE HUNTINGTON AIRPORT.**

The Board of Commissioners solicited for applicants to service the Huntington Airport. As a result of the applications received, Commissioner Hatch recommended Troy Atwood DBA: Atwood Aviation. Attorney David Blackwell reviewed the contract. Commissioner Drew Sitterud made a motion to approve the contract with Troy Atwood DBA: Atwood Aviation for management of the Huntington Airport with option to renew the contract at the end of the

specified time. Commissioner Ira Hatch stepped down to second the motion as Commissioner Johnson had left the room momentarily. The motion was approved by all members present.

(8)

**RATIFY CONTRACT WITH STATE OF UTAH FOR CADASTRAL MAPPING FUNDING.**

Commissioner Drew Sitterud explained that this is a funding contract for cadastral mapping of corner markers and monuments throughout the County. Due to date constraints the contract was signed last week. Commissioner Randy Johnson made a motion to ratify the signing of a funding contract for cadastral mapping. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**RATIFY AGREEMENT FOR DRUG COURT SERVICES.**

Sheriff LaMar Guymon explained that this is a funding grant with the state of Utah for a full time deputy for drug court. The date had expired. Commissioner Ira Hatch had previously signed the agreement with the state to continue the program. Commissioner Randy Johnson made a motion to ratify the signing of the agreement for drug court services. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(10)

**RATIFY APPLICATION FOR FEDERAL ASSISTANCE ON HORSE CANYON MINE REDEVELOPMENT.**

The University of Utah is interested in using the existing buildings at Horse Canyon Mine to put in a campus to study mine reclamation. The federal assistance was for \$3,000.00. Carbon County is willing to pitch in with \$1,500.00 and Price City committed to an unspecified amount. Emery County is asked to pitch in with the remainder of the amount. Because of date restraints the application had to be signed before this meeting. Commissioner Drew Sitterud made a motion to ratify the signing of an application for federal assistance on Horse Canyon Mine redevelopment for University of Utah. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

(11)

**RATIFY CONTRACT WITH STATE OF UTAH FOR ENGINEERING ON I-70**

**(24)**  
**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following personnel action:

#### Road Department

Gordon Nielsen has successfully completed his six-month orientation period and is eligible for a step increase from 12 Entry \$10.89/hr to 12A \$11.22/hr which is effective on February 13, 2002. The Road Department recommends this increase. Commissioner Ira Hatch stepped down and made a motion to approve the step increase for Gordon Nielsen as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

#### GIS

Request was made to hire Margaret Swasey on temporary assignment for up to 90 days at \$8.50/hr effective January 9, 2002. Commissioner Drew Sitterud made a motion to approve the temporary assignment for Margaret Swasey as proposed. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

#### Risk Management-Accident Review Committee Recommendation

The Risk Management-Accident Review Committee would like to recommend that a memo go to each department with assigned vehicles advising that all county vehicles have insignias identifying them as such. The design could be very conservative, for example, it might simply read Emery County (in block letter) on the lower bottom of both front doors on either side of the vehicle and measure approximately 12"x6" in the color black. All vehicles with EX plates must be identified. Sheriff Guymon has a good source for obtaining the insignias. Commissioner Drew Sitterud made a motion to send a memo out to each department assigned vehicles advising them that all county vehicles must have insignias identifying them as county vehicles. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

#### Other

Lee Rasmussen, GIS as part of his employment with the County, developed a platting program source code. He developed the program during his regular work hours and also made improvements and upgrades on his home computer during his personal time. Mr. Rasmussen took the necessary steps to copyright the program, including all improvements and updates. The State of Idaho and other entities have expressed interest in purchasing the program. Emery County and Lee Rasmussen agree that they are joint owners of the copyrighted program. Mr. Rasmussen agrees to share the program with the County and train and consult other County employees for as long as he is employed by the County. Mr. Rasmussen is authorized to market and sell the program to the State of Idaho and other entities. Emery County and Mr. Rasmussen

will share equally in any revenues generated through sales of the program. Both parties are authorized to share the executable code for the program with other state and local agencies at no cost and at their discretion. Mr. Rasmussen is free to hire himself out as a consultant for the program on his own time, as long as it does not interfere with his regular duties with the County. Mr. Rasmussen agrees that any updates or improvements to the program, whether on County time or on personal time, will be shared with County and become part of the program jointly owned by the parties. Idaho has offered to pay \$7,000.00 for the program and source code, to which Mr. Rasmussen and Emery County will receive \$3,500.00 each as per letter of Understanding between Emery County and the State of Idaho dated February 5, 2002. Mr. Rasmussen will travel to Idaho on his own time to deliver and train Idaho personnel, however Emery County will send Jeff Guymon to learn the source code and program. Commissioner Drew Sitterud made a motion to approve an agreement for the Emery County Platting Program and authorize Jeff Guymon to travel to Idaho with Lee Rasmussen to deliver the program and source code. The motion was seconded by Commissioner Randy Johnson and approved by all members present.

**(25)****CONSIDERATION AND APPROVAL OF PREVIOUS COMMISSION MEETING MINUTES.**

The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF STANDARD COOPERATIVE AGREEMENT FOR UTAH STATE UNIVERSITY EXTENSION EDUCATIONAL WORK.**

Attorney David Blackwell explained that this is the standard annual contract with Utah State Extension Service for support staff in the Extension Office. Commissioner Ira Hatch made a motion to approve and sign the agreement with Utah State University Extension. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF INTER-LOCAL AGREEMENT WITH ECSSD#1 FOR STREET LIGHTING SERVICES.**

Commissioner Johnson explained that by resolution the Special Service District has been given street lighting as one of its services. Emery County has been paying for street lighting in three locations in the county. This inter-local agreement transfers the services from the County to SSD#1. Commissioner Drew Sitterud made a motion to accept the inter-local agreement with ECSSD#1 for street lighting services. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(7)**  
**FORMAL REQUEST FOR INSTALLATION OF STREET LIGHT ON MILLER CREEK ROAD.**

The Board of Commissioners received a request from citizens in Elmo regarding street lighting. Miller Creek Road is a regular bus stop for several students along the road. There is no lighting provided and is a potential hazard especially in the winter months. The request was for lighting to be provided at the bus stop on Miller Creek Road. Commissioner Ira Hatch made a motion to accept the request for lighting on Miller Creek Road and to authorize Utah Power & Light to install the pole with Johansen and Tuttle assisting as to the location. Special Service District #1 will assume the monthly service fee. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(8)**

**MIKE MCCANDLESS, EMERY TELCOM, QUARTERLY UPDATE.**

Mike McCandless, Emery Telcom, provided an overview of upcoming construction projects. They will be replacing old lines in Huntington, Cleveland and Emery. Most of the telephone poles in the county are no longer being used for telephone lines as the cables are buried. Commissioner Johnson asked if Emery Telcom would be willing to cost share on installing the utility lines across the canal to the new safety facility. Mr. McCandless instructed Commissioner Johnson on who to contact at Emery Telcom on the matter.

**(4)**

**MARREEN CASPER, SENATOR ORRIN HATCH FEDERAL PROJECTS LIAISON,  
UPDATE ON PILT AND OTHER MATTERS.**

Maureen Casper, Senator Hatch's federal projects liaison informed the Board of Commissioners of PILT matters. Congress is working hard to balance the budget. Earmarked funds had been removed and now they are working hard to get them back in. She requested that the county do two things: 1) List what PILT funds means to the county, and, 2) What full funding would mean to the county. She recommended that the letters not be sent through the mail, they should be e-mailed or faxed.

Ms. Casper also asked the Board of Commissioners to help get information to citizens who might be experiencing cancer as a result of nuclear testing. The original boundaries have been broadened to include Emery County as a potential downwind site. Letters should be e-mailed or faxed to Petty DeLoche. They are finding cancer outside the original tested areas such as railroad haulers who hauled radioactive materials. Commissioner Johnson pointed out that uranium miners and mill workers also experienced cancer.

Commissioner Hatch asked for an update on activity in Washington. She informed the Commissioners that there are currently fifty bills being held hostage by the Senate. They are refusing to hold hearings on them.

(5)

**CANDACE UNGERMAN, REQUEST FOR DONATION FOR FREEDOMS  
FOUNDATION LEADERSHIP CONFERENCE.**

Candace Ungerman requested a donation to help with finances to attend Freedoms Foundation Leadership Conference in Valley Forge, Pennsylvania. Thirty juniors throughout the state of Utah were chosen from essays and interviews. They will be meeting with senators and military personnel as well as touring historic military sites. Commissioner Ira Hatch made a motion to donate the standard individual amount of \$50.00 to Candace Ungerman to attend the conference. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

**CITIZEN CONCERNS**

Road Supervisor, Rex Funk presented a request from Cleveland City to pull down a house next to City Hall. The house is close to power lines, therefore it cannot be burned from where it stands. They requested the use of the county's equipment and an operator to pull the house down where it can be burned. Commissioner Ira Hatch made a motion to allow the Road Department to do the work for Cleveland City. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mr. Funk also asked if there would be an auction this year. Sheriff Guymon indicated that there would be and to get in touch with Bill Downard.

Rex Funk also discussed the possibility of approaching Consol Coal Company for a right-of-way across their property to construct a loop road to where they may be putting the new portal. A loop road there would be of benefit the farmers, ranchers and businesses as well as provide access in the area. Mr. Funk suggested having Public Lands look into the possibilities. Val Payne, Public Lands, was present at the meeting. Mr. Payne will contact Consol and invite a key person to attend Public Lands meeting to explore a right-of-way.

Pat Snowball, Personnel Director presented the following personnel action:

Library

The Library Board met on March 4, 2002 and recommended increasing Dorothy Taylor's time and wage from 24 hrs/wk to 32 hours/wk and from \$8.50/hr to \$11.24/hr., effective the next full pay period.

Commissioner Drew Sitterud made a motion to approve the hour and wage increase for Dorothy Taylor as recommended by the Library Board. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Road Department

Wayde Nielsen has submitted a request for Family Medical Leave for personal health reasons. Leave started March 4, 2002 and will run approximately six weeks to April 12<sup>th</sup>. Additionally, he has requested contributed time because he does not have enough "banked" time to cover the leave. Commissioner Ira Hatch made a motion to approve the Family Medical Leave for Wayde Nielsen for the proposed time or until such time as his doctor releases him to return to work and to post notice for contributed time to his bank.. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(3)

**DERRIS JONES, DWR, QUARTERLY UPDATE**

Mr. Jones was not able to attend the meeting.

(4)

**SETH MCCOURT, CONSOLIDATED COAL COMPANY, UPDATE ON CURRENT STATUS AND FUTURE PLANS.**

Seth McCourt, Consolidated Coal Company introduced Bart Hyita who addressed the Board of Commissioners. Up until 1990 Consolidated Coal functioned as an active producing mine, supplying coal for Intermountain Power Plant. The market has since dried up and the mine has been in moth balls for twelve years. They are currently looking for large customers in the mid west and east. So far they have not been successful. The mild winters in the mid west and east

have brought down the demand for coal. They are at somewhat of a disadvantage being a small mine. Mr. Hyita expressed a desire on behalf of the company to be a long term player and provide tax revenue for the county. They are dealing with local customers for now.

Seth McCourt explained the planned mining process. The mine has been closed up for about six years. Conditions in the mine were worse than they had anticipated. MSHA has many concerns in the original mine operations area. It is not feasible for the company to go back into the existing area because of MSHA requirements. Their option is to open a new portal and seal off the old workings. They are interested in discussing with the county the possibility of obtaining a right-of-way across their property to construct a loop road to the new portal area. They have sixteen million tons of recoverable resources at the mine site. They plan to use a continuous miner to mine the coal. Two sections of the mine are located on federal land and the rest are on privately owned property. They currently have a permit to locate the coal and are now putting together the paperwork to begin the permitting process to mine the coal. The new portal area is permitted and has passed through DOGM. They hope to be producing by October 2002.

Commissioner Hatch asked Rex Funk how the proposed loop road would work into the process. Mr. Funk felt a loop road in that area would connect two existing roads and benefit the county.

**(5)**

**DARRELL LEAMASTER, REVIEW AND APPROVAL OF 2002 LOCAL CAPITAL IMPROVEMENT LIST FOR PCIFB.**

Darrell Leamaster, Castle Valley Special Service District presented the short term and medium term local capital improvement list for 2002. The short term list has to be assigned a priority by the county governing body. Commissioner Ira Hatch made a motion to approve the short term with assigned priority and medium term local capital improvement list for 2002 to be submitted to the PCIFB. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**ROSANN FILLMORE, ECONOMIC DEVELOPMENT, CONSIDERATION AND APPROVAL OF SALE OF INDUSTRIAL PARK PROPERTY.**

The Industrial Park Board consisting of Huntington City Council members, the Emery County Board of Commissioners, and other board members met and agreed to sell a portion of the Industrial Park to Allen P. Childs and Larry W. Johnson dba Talon Resources. Talon Resources will pay \$45,270 for the 12.33 acres. Each year for a period of four years following the date of the sale, the buyers will verify to the Industrial Park Board the number of employees working on the property by presenting W-2's for each of their employees earning at least \$6.00/hr for the

COMMISSION MEETING  
MARCH 19, 2002

previous tax year. Buyers will be refunded \$500.00 for each employee so verified. The refund will continue until the original cost of the property is returned to the buyers or for a period of four years, whichever comes first. If the buyers sell the property before the five-year job credit refund is complete, the remaining available credits will be given to the new purchaser.

Commissioner Drew Sitterud made a motion to accept an agreement with Emery County, Huntington City and Talon Resources to sell a portion of the Industrial Park to Talon Resources as proposed in the agreement. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

**CITIZEN CONCERNS**

Eugene Johansen addressed the Board of Commissioners with a comment regarding the public safety facility. His concern was for the annexing. Castle Dale City prefers not to annex just the road and the portion needed. The City prefers to annex the entire portion making it more congruent for future growth. The issue as Mr. Johansen pointed out is that the canal is right in the middle of the portion to be annexed. His question was, "Who will take responsibility for the maintenance of the canal?" He pointed out the associated cost of maintaining the canal.

Commissioner Johnson explained the need for the annexation. The courts were just given the go ahead by the legislature to proceed with the court portion of the public safety facility. Under state statues courts cannot be outside city limits. Commissioner Johnson will continue to work with Castle Dale City to come up with a way to resolve the issue with the canal and annexing the court portion of the project.

(8)

**CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.**

Deputy Clerk/Auditor, Carol Cox presented a business license from Genwal Resources, Inc. They previously had their headquarters in Huntington and operated with a Huntington City business license. The business is now operated from offices near East Carbon, Utah. The mine is located in Huntington Canyon outside city limits. Commissioner Drew Sitterud made a motion accept the business license for Genwal Resources, Inc. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

**APPOINTMENT OF BOARD MEMBERS TO THE PLANNING COMMISSION.**

COMMISSION MEETING  
MARCH 19, 2002

The Planning Commission recommends reappointment of Mack Huntington and Ken Stilson to their board. Mack Huntington and Ken Stilson were the only applications received for the two vacancies. Commissioner Drew Sitterud made a motion to appoint Mack Huntington and Ken Stilson to the Planning Commission. The motion was seconded by Commissioner Randy Johnson who stepped down after Commissioner Ira Hatch temporarily left the room. The motion was approved by all members present.

(10)

**APPOINTMENT OF BOARD MEMBER TO THE EMERY COUNTY TRAVEL BUREAU.**

The Emery County Travel Bureau received one application for appointment to the Travel Bureau representing the western side of the county. They recommend appointing Jackie Ungerman to the Emery County Travel Bureau. Commissioner Drew Sitterud made a motion to appoint Jackie Ungerman to the Emery County Travel Bureau. The motion was seconded by Commissioner Randy Johnson and was approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF AGREEMENT BETWEEN UTAH DIVISION OF FORESTRY, FIRE, AND STATE LANDS AND EMERY COUNTY.**

The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

**DISCUSSION OF SCHOOL DISTRICT BOUNDARY REAPPORTIONMENT**

Clerk/Auditor Bruce Funk outlined the current population growth/decline by school district. The numbers show that the growth/decline are marginal and are within the state's guidelines for reapportionment. Commissioner Ira Hatch made a motion to reaffirm the school district boundary as they are now as they fall within the state's guideline. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(14)

**DISCUSSION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND CASTLE DALE CITY REGARDING WATER SHARE TRANSFER FOR PUBLIC SAFETY COMPLEX.**

Commissioner Johnson discussed an inter-local agreement between Emery County and Castle Dale City regarding water share transfer for the public safety complex. Castle Dale City wants five shares for the complex. They have three shares for the landfill and R.V. dump. The Board of Commissioners expressed concern that eight is more than is needed for the three sites. They recommended the agreement be revised to include approval to transfer the five shares until after such time as the building is complete. After completion of the project the Board of Commissioners and Castle Dale City will re-evaluate the usage of the eight water shares and adjust the shares at that time. Commissioner Drew Sitterud made a motion to accept the agreement with the recommended change of including the eight shares for re-evaluation and after David Blackwell has reviewed the document. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(15)

**CONSIDERATION AND APPROVAL OF DATE AND TIME FOR MAY TAX SALE**

Senior Deputy Clerk/Auditor Brenda Dugmore requested setting May 23, 2002 at 10:00 A.M for the May Tax Sale. **OTHER BUSINESS**

In Commission Meeting on March 5, 2002, the Board of Commissioners made a motion to give the Public Lands Council direction to set up a series of public meetings to put together a proposal for the monument. The Public Lands Council has set up two meetings for:  
Friday, March 22, 2002 at Green River High School from 6PM to 9PM  
Saturday, March 23, 2002 at Emery High School from 9AM to 12PM  
They hope to have something fleshed out by then. If they don't more meetings will be set.

**(19)**

**EXECUTIVE SESSION TO DISCUSS PERSONNEL MATTERS**

Commissioner Ira Hatch made a motion to move into executive session to discuss personnel matters. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Upon return to regular meeting Commissioner Ira Hatch made a motion to return to agenda item #2 Approval of Personnel action, Road Department, B. Ron Wright, wherein Emery County proposes a resolution to a grievance filed by Mr. Wright. We propose to compensate Ron Wright for duties he performed November 13, 2001 through February 25, 2002 an amount to be determined by Rex Funk and Brenda Dugmore as they review his time sheets for that period of time. This will be a one time settlement to his grievance. His wages will not be placed at the higher rate as he requested. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(2)

**JASON JEWKES, REQUEST TO OPEN EXISTING TRAP RANGE FOR PUBLIC USE.**

Jason Jewkes and Jeremy Jewkes came before the Board of Commissioners to request permission to open an existing trap range for public use. The trap range will be used by club members for trap shoots and the public will be invited to attend. There is some work to be done at the range however, the Division of Wildlife Resources has approved the project as a dedicated hunter project. At this time they are seeking permission to be on the property. Sheriff Guymon addressed his concern for who will accept responsibility for liability. Jason indicated that he has searched out insurance that covers this type of sporting activity. He has not been able to come up with anything. He indicated that the club does have the users sign a waiver to participate. Liability is still an issue that needs to be worked out. Rex Funk expressed concern for citizens because tree limbs are dumped at the landfill nearby. The Board of Commissioners agreed that they are in favor of the club opening the existing trap range but liability and access need to be worked out. Sheriff Guymon, Rex Funk, Commissioner Johnson and Commissioner Hatch will meet with Jason and Jeremy on April 3, 2002 out at the range to figure out the best access to the range. They will address this issue again at the next Commission Meeting.

(3)

(2)

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following personnel action:

Road Department

Ed Walls has requested twelve weeks of job protected Family Leave beginning April 24, 2002. He has also requested contributed time from coworkers. This request has been approved by Rex Funk. Commissioner Ira Hatch made a motion to approve Family Leave for Ed Walls and to allow coworkers to donate time to him. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Since Ed Walls has been performing the job of equipment lubrication, Rex Funk requests approval to post the lubrication job, in-house only, for five days as prescribed by the personnel policy.

Commissioner Ira Hatch made a motion to post in-house only to fill the lubrication job. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mike Jensen has submitted his resignation letter effective May 15, 2002. He has been an employee of the county for thirty-two years.

Jan Christensen is eligible for her routine wage and grade increase as per policy. She will go from 7B \$9.29/hr to 8A \$9.50/hr. This will be the last raise of this kind for Jan because she has reached her working grade level. The increase will be effective the next full pay period beginning

May 13, 2002. Commissioner Ira Hatch made a motion to approve the routine wage and grade increase for Jan Christensen as per policy. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Communications

Bret Mills has hired Troy Bernard at \$8.00/hr beginning April 22, 2002 in a temporary assignment of up to 90 days to do tower work and make new installations. The assignment will end July 20, 2002. Commissioner Drew Sitterud made a motion to approve the up to 90 day assignment of Troy Bernard as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Library

Odessa Jones has submitted her retirement resignation effective May 31, 2002. She has been employed by the county for twenty-two years. Head Librarian, Jerilyn Mathis requested recruiting for two part time less than 20 hours/wk employees. They would be assigned to the Emery Library and the Castle Dale Library. They would be hired at grade 4A \$8.04/hr and would not be eligible for benefits. Commissioner Ira Hatch made a motion to approve recruiting for two part time less than 20 hours/week employees as proposed and to send letters of

COMMISSION MEETING MINUTES  
MAY 7, 2002

commendation and thanks to Mike Jensen and Odessa Jones for their years of service to Emery County. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Economic Development

The selection process is complete for filling the Economic Development Director position. Marlin Eldrid has been offered the position and has accepted. He would like to begin May 20, 2002. The position is full time with full benefits at 18M \$18.35/hr. Commissioner Drew Sitterud made a motion to hire Marlin Eldrid as Economic Development Director as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Weed & Mosquito

James Nielsen is ready to hire his up-to-90 day temporary help. The department is budgeted for three up to 90 day temporaries. The wage for each will be \$10.26/hr. Commissioner Ira Hatch made a motion to approve the three temporary positions as set up in the budget. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

GIS

Commissioner Drew Sitterud made a motion to approve a temporary up to 90 day position in the GIS Department. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**TOM RASMUSSEN, BLM, QUARTERLY UPDATE.**

Floyd Johnson, BLM provided the following quarterly report:

- ✦ The San Rafael route designation plan public comment period closed April 22, 2002. They are now in the process of reviewing the submittals. Many are form letters from out of the state of Utah. They are working on how to address those comments.
- ✦ They have planning bulletin number two-Executive Summary of the Scoping that will be available in two weeks. They plan to keep the public informed. They have a website that the public can use to stay informed, it is PriceR&P.com. They should have a detail scoping report to supplement the executive summary available soon. It will be on the website and they will provide a hard copy to those requesting it. They have received

over

six hundred distinct comments from across the country, mostly Utah and Colorado. They have received over four thousand factual form letters requesting designation of the

COMMISSION MEETING MINUTES  
MAY 7, 2002

Red Rocks area as wilderness. The letters were mostly from Colorado, California and New York. Three hundred plus people attended the scoping meetings.

- + They are moving forward on an air quality report, minerals report, socio-economic baseline report.
- + They are in the process of developing a baseline map for the Price River resource area so they can move forward on route designation for that area.

**(4)**

**JOHN HEALY, USFS, QUARTERLY UPDATE.**

John Healy, USFS provided the following update:

- + Mr. Healy provided the Commissioners with a map of the Arapeen Trail System. The maps are available from the Forest Service at no cost to the public. The map is the co-operative efforts of Emery and Sanpete County OHV users.
- + Regarding the drought on the forest, the stock water ponds are dry. They do not expect growth on the lower one third to one half of the mountain. This is going to impact the livestock operators. The USFS did ask for a ten percent reduction on cattle grazing going into the summer. Unless we start getting moisture, they expect they may have to ask for another twenty-five to thirty-five percent in addition to that. Some of the operators he has talked to have anticipated that reduction and are trying to prepare for it.
- + Road management gates, over the past several years, have been closed to reduce damage to the roads while they are wet and vulnerable to traffic. They have had success with these gates in Huntington Canyon and Joe's Valley. One of the gates in Ferron Canyon was torn out this past weekend. The Sheriff's Department is on top of the situation. They know who did the damage. They estimate the damage to be approximately \$3,000.00. The gates are close to being opened so people can access the areas beyond the gates. This will be one month ahead of normal for accessing these areas.

Elaine Zieroth, Forest Service Supervisor discussed the following:

- + The Forest Service Plan Revision of 1986 implemented the Manti LaSal Plan. They are now working on a Plan Revision of the 1986 plan. This update must be done every fifteen years. They have to look at the plan from a legal stand point. The process will take about four years to complete. They will be looking at issues important to the public. They will spend some time on access, roadless area designation and recommendations for wilderness designations. They plan to work on achieving a better understanding of the role of the Forest Service in the Community and County structure.

COMMISSION MEETING MINUTES  
MAY 7, 2002

- ✦ They are working on a contract with the Governor's office of Planning and Budget. Wes Curtis will be working with county government and Association of Governments to gather comprehensive plans and economic plans. He will be helping to set up social characteristics to find out how the USFS fits into our lives. What impacts the decisions the USFS make on the lives of citizens in the county. He will look at trends and what changes to plan ahead for.

(5)

**CONSIDERATION AND APPROVAL OF MOU BETWEEN EMERY COUNTY AND UNITED STATES FOREST SERVICE DEFINING THE RELATIONSHIP AND DUTIES OF THE USFS AND EMERY COUNTY, UT.**

Commissioner Ira Hatch made a motion to approve a MOU between Emery County and United States Forest Service defining the relationship and duties of the US Forest Service and Emery County, UT and to designate Val Payne as the contact person for Emery County. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

**PAULA WELLNITZ, DISCUSSION OF CARE-A-VAN.**

Paula Wellnitz came before the Board of Commissioners to discuss the Care-A-Van Program. Ms. Wellnitz has been co-ordinating the program in Emery County. She was recently made aware of the fact that funds are not there to continue the program. Her request was for financial assistance to continue the program in Emery County. The Care-A-Van Program benefits citizens who are not able to transport themselves to and from doctor appointments.

(7)

**DISCUSSION OF SOUTHEASTERN UTAH BOARD OF HEALTH REQUEST FOR ADDITIONAL FUNDING TO SUPPORT CARE-A-VAN PROGRAM.**

Commissioner Johnson pointed out that the Southeastern Utah Health Department took on the program with the idea they could manage it with the staff they have in place. The cost to administer the program have escalated dramatically. Emery County contributes funds to the Health Department to administer such programs.

6

COMMISSION MEETING MINUTES  
MAY 7, 2002

(8)

**CONSIDERATION AND APPROVAL OF DONATION FOR EMERY COUNTY THEATER.**

Commissioner Drew Sitterud made a motion to donate the standard amount of \$250.00 to the Emery County Theater. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

**CASTLE VALLEY SPECIAL SERVICE DISTRICT, CONSIDERATION AND APPROVAL OF TAX ANTICIPATION BORROWING.**

Commissioner Drew Sitterud made a motion to table this item. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF PARTICIPATION IN THE UNIVERSAL HIRING PROGRAM 2002 AND THE COPS IN SCHOOLS 2002 PROGRAM.**

Sheriff LaMar Guymon explained that this is a grant program that offers \$75,000.00 over three years to place a deputy in a school. That would be \$25,000.00 each year. The county would be required to provide a 25% match plus whatever the additional cost per year. At the end of three years the county must retain the deputy for one additional year beyond the grant period. The deadline for application is May 17, 2002 for priority consideration. Sheriff Guymon suggested approaching the school district for assistance with the additional cost. Additional cost could include the cost of training, the benefit package and wages. The question the Board of Commissioners had was if we take the grant do we have the financial capacity to maintain the officer after the grant period is over. Sheriff Guymon suggested sending in the application to place them in line for consideration. If the Board of Commissioners, after contacting the school district for assistance and weighing the options, do not feel the County can financially make it work, then we can turn the grant down. Commissioner Drew Sitterud made a motion to fill the grant out, contact the school district for financial assistance and research the financial obligation to maintain the officer. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF DRUG TASK FORCE GRANT APPLICATION.**

Captain Kyle Ekker explained that this the fourth year for the program. The amount has been budgeted for in the Drug Task Force budget. He pointed out that the amount is down a little from last year. Commissioner Ira Hatch made a motion to approve the Drug Task Force Grant Application. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(12)

**CONSIDERATION AND APPROVAL OF EMERGENCY DECLARATION OF DROUGHT.**

Martin Wilson, Emergency Management Coordinator, requested approval of a declaration of drought which will place the County in line to receive financial assistance due to the adverse effects to agriculture producers, the tourism industry and for culinary needs of the residents of Emery County. Fire restrictions will be put in place as drought conditions worsen. The availability for firefighting resources are expected to be limited due to the conditions throughout the western part of the United States. The declaration asks the Governor of the State of Utah to accept this Emergency Declaration for Emery County and provide coordination with the members of the Utah Congressional Delegation and asks the State of Utah to marshal their services and powers to provide assistance to the County's residents and businesses as outlined in the declaration. Commissioner Ira Hatch made a motion to approve the Emergency Declaration of Drought in Emery County, Utah. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(13)

**CONSIDERATION AND APPROVAL OF RESOLUTION APPROVING THE ADOPTION BY THE MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY, UTAH OF A PARAMETERS RESOLUTION AUTHORIZING THE ISSUANCE OF NOT MORE THAN \$4,850,000 LEASE REVENUE AND REFUNDING BONDS, SERIES 2002; AND RELATED MATTERS.**

Kent Michie, Zions Public Finance presented Resolution 5-7-02 Authorizing the Issuance of Not more than \$4, 850,000.00 lease revenue and refunding bonds, Series 2002; and related matters. This will facilitate the expansion of the Public Safety Facility to accommodate State Courts. The legislature authorized appropriations for the budget to handle a lease from the County of certain State Court facilities. It has now been determined to move ahead with the financing of the facility. The bond issue that would be issued by the Building Authority would lease a facility

COMMISSION MEETING MINUTES  
MAY 7, 2002

to the county that would have two parts to it, jail facility and state courts. The jail would be the county's responsibility as a budget matter, the state courts portion would be handled by a sub-lease from the county with the state courts administration. The resolution to be approved today ratifies the action of the Building Authority, authorizes them to set the parameters and to publish the notice in the newspaper. The notice provides an invitation to citizens to examine the transaction and to act on any protest to the transaction. Mr. Michie recommended that the Board of Commissioners adopt the resolution. It is part of the necessary legal proceedings. Commissioner Ira Hatch made a motion to adopt Resolution 5-7-02 Authorizing the issuance of not more than \$4,850,000.00 lease revenue and refunding bonds Series 2002 and related matters. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(14)

**CONSIDERATION AND APPROVAL OF A BUSINESS LICENSE AND A BEER LICENSE.**

Deputy Clerk/auditor Carol Cox presented applications for business license from Gaylene Conder DBA: Millsite Restaurant and Tracy Aiken DBA: Tracy Aiken, Technical & Business Consultant. The applications have been approved by Zoning Administrator, Bryant Anderson. A beer license was presented for Gaylene Conder DBA: Millsite Restaurant. The application has been passed by Sheriff Guymon. Commissioner Drew Sitterud made a motion to approve the business licenses and the beer license as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(15)

**APPROVAL OF COMMISSION MEETING MINUTES OF APRIL 2<sup>ND</sup>,  
AND APRIL 16<sup>TH</sup>, 2002.**

Commissioner Ira Hatch made a motion to approve the minutes dated April 2, 2002 as corrected. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Commissioner Drew Sitterud made a motion to approve the minutes dated April 16, 2002 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(16)

**COMMISSION REPORTS.**

COMMISSION MEETING MINUTES  
MAY 7, 2002

*Commissioner Hatch*

Commissioner Hatch reported on his attendance at the Joint Highway Committee meeting. Emery County is still on line for finishing Goblin Valley Road. They may possibly kick the project up a year.

*Commissioner Sitterud*

Commissioner Sitterud reported on his attendance at Petroleum Industry Meeting. The majority of the people attending were from Colorado.

*Commissioner Johnson*

Commissioner Johnson responded to the letter President Bush wrote in response to Governor Leavitt's request to consider a National Monument on the San Rafael Swell. The President wants to be sure that the public process is followed fully.

(17)

**EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.**

An executive session was not needed.

(18)

**ADJOURNMENT**

Commissioner Drew Sitterud made a motion to adjourn the meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

claims and requisitions for payment. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(2)

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION**

Pat Snowball, Personnel Director presented the following Personnel action:

Road Department

The Road department requested approval to recruit for a Lubrication Specialist/Mechanic, Grade 12 entry \$10.89/hr., full time, with benefits. Commissioner Ira Hatch made a motion to approve recruitment of a Lubrication Specialist/Mechanic as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Library

The Library Board requested approval to recruit for a part time assistant librarian at the Ferron Library. The position would be 10 hrs/week, grade 4 step A \$8.04/hr., no benefits. Originally, the Board had requested recruiting for 2 part time less than 20 hrs/wk employees for Emery and Castle Dale. They have re-evaluated their need. Mariam Mangum will fill in the hours needed at the Emery Library and Ferron Library, therefore they need a 10 hour employee in Ferron instead of Emery as originally requested. Commissioner Drew Sitterud made a motion to approve recruitment for a 10 hrs/wk position at the Ferron Library as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Sheriff

Sheriff LaMar Guymon requested approval to recruit for a dispatcher, grade 10, step A \$10.77/hr., full time with benefits. Sheriff Guymon explained that this employee will take the place of Jeremiah Johnson who is currently in the Drug Court program under a state grant. When the grant runs out Jeremiah will move back to his original position and the replacement dispatcher will be terminated. Commissioner Drew Sitterud made a motion to approve recruiting a dispatcher as proposed with the understanding that the position will be terminated when the Drug Court Grant runs out. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Clerk/Auditor

Request was made to transfer Mistie Christiansen from the Treasurer's Office, full time with benefits, grade 6 step A \$8.73/hr., to the Clerk/Auditor's Office, 3/4 time, prorated benefits.

COMMISSION MEETING MINUTES  
MAY 21, 2002

Mistie will share one quarter of the cost of health insurance. She will transfer her current rate of pay and retain her sick and vacation banks. Mistie made the request in writing prior to her return from maternity leave. The transfer is approved by both JoAnn Belling and Bruce Funk. The transfer will be effective May 27, 2002. Commissioner Ira Hatch made a motion to approve the transfer of Mistie Christiansen from the Treasurer's Office to the Clerk/Auditor's Office as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(3)

**DERRIS JONES, DWR, QUARTERLY UPDATE**

Derris Jones, DWR provided the following quarterly update:

- ✦ He presented the Commissioners with a check for \$2,751.31 which was the in-lieu tax payment on land the Division of Wildlife Resources owns in Emery County. The money used to pay the in-lieu tax is provided by the sportsmen.
- ✦ He discussed a problem at Mary's Lake. The pipeline feeding from a spring into Mary's Lake has disintegrated. There is no water going into Mary's Lake from that pipeline. Last year they looked at redoing the pipeline but were told by the state engineer that there are no water rights that allows DWR to make the repairs. DWR is trying to get Mary's Lake back on line with some fresh water coming into it. To do that the state engineer requested that they purchase four shares of Cottonwood Creek Consolidated Irrigation Company water. He asked for the Board of Commissioners blessing to pursue finding a willing seller of water so they can get Mary's Lake back on line. Commissioner Ira Hatch made a motion to give DWR Emery County's blessing to move ahead with pursuing purchasing the required water to get Mary's Lake back on line. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.
- ✦ DWR received some endangered species mitigation funds from their Department of Natural Resources. One of the requirements of receiving this money is to inform counties of what that money is being spent for. Surveys will be performed this summer and fall to better determine distribution of round-tail chubs and flannel mouth suckers and blue head suckers. These species are likely to be petitioned for listing under the endangered species act. They will be conducting surveys for barrio toads on the San Rafael River Drainage. This is another species that will be petitioned for federal listing. To this date they have not found any barrio toads. They will need the distribution data on all these sensitive species to be prepared to respond to potential petitions for federal listing. They will be back in the fall to report on the survey results.
- ✦ They had a successful fourth annual kids fishing event at the Huntington Game Farm Pond a couple of weeks ago. They had approximately one hundred people

COMMISSION MEETING MINUTES  
MAY 21, 2002

attend. This is a pre-cursor to their community fishing waters program that the state is entering into. The Giacoletto Pond in Helper has its grand opening scheduled for this Saturday. This the second community fishing waters that has been developed. They have been developed close to communities so that kids can get on their bikes, ride to the pond, and throw a line in the water.

- ✦ Due to the drought the fish stocking is going to have some changes. They will not be putting fish in the Cleveland or Miller's Flat Reservoir. Irrigation company has put them on notice that probably by August these reservoirs will be drained down. This is two years in a row now that they have not stocked these reservoirs. Some of the mountain lakes will not get stocked before the Memorial Day Weekend due to some construction work and locked gates to protect vulnerable roads. They will get to as many as they can.
- ✦ They will continue to hold the water level at Ferron Reservoir. It is about eleven vertical feet from full. This will be left at this level until they can get some repairs done around 2003. After the repairs are done they will be able to raise the elevation five to six feet higher than it is now. This is still five to six feet lower than capacity. Engineers estimate it will cost over a million dollars to get the reservoir fixed so they felt comfortable about filling it up full again. For a quarter of the price they can increase it five feet. For the time being they have opted for the less expensive option. They will try to maintain a fishery there.
- ✦ DWR is proceeding with plans to create a brood lake for Colorado River Cut-throat at Duck Fork Reservoir.
- ✦ Mr. Jones thanked Emery County Commission for the interest that they show DWR. Emery County is by far the most interested and have the best communication with them than any of the other counties.

(4)

**DAVE AND ISSAC JESSOP, DISCUSSION OF AGRI-PRO MINING PLANS.**

Dave and Issac Jessop could not attend the meeting.

(5)

**CASTLE VALLEY SPECIAL SERVICE DISTRICT, CONSIDERATION AND APPROVAL OF TAX ANTICIPATION BORROWING.**

This item was tabled.

(6)

**PRESENTATION OF SILVER BOWL AWARD.**

COMMISSION MEETING MINUTES  
MAY 21, 2002

Cheryl Ek, VISTA volunteer with United Way, explained that the Silver Bowl Award is a prestigious award that the governor gives out every year. There are applications from every county. The youth group that works with the United Way won the award for the second year in a row. Both Emery County Youth and Carbon County youth won the award this year. Locally the bowl is at the Huntington Power Plant so she did not have the bowl to show to the Commission. She introduced Ryan Hayward, a volunteer who practically single handedly raised over \$500.00 in Emery County for the warm kids program, which is a program that provides vouchers to low income families to buy coats for their children as well as a coat drive to help these families. As one of the recipients of the award Ryan won a book scholarship at CEU. They have been organizing for two years in Emery County. They will be hiring a VISTA personnel whose job is to work with the youth volunteers in Emery County. Their office will be at the Energy West office in Huntington. They will begin in August of 2002. She requested the Board of Commissioners inform them of projects for the youth to begin working on. The Silver Bowl Award will be back at Emery High School in August.

(7)

**DISCUSSION OF VACANCY ON EMERY WATER CONSERVANCY DISTRICT BOARD.**

Due to the passing of Eugene Johansen, it is necessary to fill a vacancy on the Emery Water Conservancy District Board and the Castle Valley Special Service District. Commissioner Drew Sitterud made a motion to advertise the vacancy of board member on EWCD and CVSSD and request applications to fill the vacancy. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

**SETTING OF PUBLIC HEARING TO REVIEW CONDITIONAL USE PERMIT APPLICATION FOR THE ROCKLAND CORPORATION.**

Commissioner Ira Hatch made a motion to set a public hearing for June 18, 2002 at 10:00 A.M. as part of the process to review a conditional use permit for Rockland Corporation. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF COOPERATION AGREEMENT #00-LE-11041000-006 BETWEEN EMERY COUNTY SHERIFF'S DEPARTMENT AND FOREST SERVICE.**

COMMISSION MEETING MINUTES  
MAY 21, 2002

Commissioner Drew Sitterud made a motion to approve Agreement #00-LE-11041000-006 between Emery County Sheriff's Department and Forest Service for patrol on the forest. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**RATIFICATION OF CONTRACT TO UNDERTAKE LOCAL HISTORIC PRESERVATION PROJECTS UNDER THE CERTIFIED LOCAL GOVERNMENT PROGRAM.**

Commissioner Ira Hatch made a motion to ratify the contract to undertake local historic preservation projects under the Certified Local Government Program. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.**

Deputy Clerk/Auditor presented two business license applications for approval. Scott D. Oliver and Lori Oliver DBA: Rawhide Wagon Rides and Jay Watterson DBA: Trail Mountain Resort. They both have been signed by Zoning Administrator, Bryant Anderson. Commissioner Ira Hatch made a motion to approve the business license applications for Scott Oliver and Jay Watterson as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(12)

**CONSIDERATION AND APPROVAL OF PROPOSAL FROM KIMBALL & ROBERTS FOR FOUR YEARS OF AUDITING SERVICES.**

Clerk/Auditor Bruce Funk presented an agreement proposal from Kimball & Roberts for four years of auditing services. Commissioner Johnson asked if we ever bid out the auditing service. Mr. Funk indicated that the independent auditors do not have to be bid out. That it is not necessarily a good idea to go with the lowest bidder on something as important as an audit. Darrell Leamaster indicated they have been told that it would be advisable to stay with the same independent auditors for the next two years because of GASB. Mr. Funk indicated it would be preferable if we did not change independent auditors when there will be a new treasurer next year.

Commissioner Drew Sitterud made a motion to approve the agreement with Kimball & Roberts for four years of auditing services. The motion was seconded by Commissioner Ira Hatch. The motion passed.

**(13)****CONSIDERATION AND APPROVAL OF COMMISSION SUPPORT FOR NATIONAL HERITAGE AREA LEGISLATION.**

Commissioner Johnson explained that Emery County is pursuing the National Heritage Area separate from any monument consideration. It has to be done legislatively which has been filed. Since this is coming from both the Public Lands Council and the County Board of Commissioners they felt it should have public expression of support for that legislation. Commissioner Ira Hatch made a motion that we, as the Emery County Board of Commissioners, go on record as being in favor of pursuing the National Heritage Area Legislation and do what ever is expedient and necessary for us to do in making that move forward. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(14)****RATIFICATION OF PETITION FOR ANNEXATION OF PROPERTY INTO THE CITY OF CASTLE DALE.**

Commissioner Johnson explained that this annexation process is going on because the courts portion of the public safety complex was approved in the last legislature. Part of their statutory requirements is that they be inside the city limits of the county seat of the county in which they operate. The land on which they are building the complex is not currently inside the city limits. They need to go through the process to have the property annexed into Castle Dale City. They have received all the necessary signatures of all the land owners in that area and there are no protests against this process. The documents have been sent on to Castle Dale City. The petition needs to be ratified at this time. Commissioner Drew Sitterud made a motion to ratify the petition for annexation of property into the city of Castle Dale. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(15)****APPROVAL OF COMMISSION MEETING MINUTES.**

Commissioner Ira Hatch made a motion to approve the minutes dated May 7, 2002 as corrected. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. **(16)**

The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(3)

**DELENA WFS, QUARTERLY UPDATE.**

Delena Fish was not able to attend the meeting.

(4)

**DEB DULL, UTAH POWER, QUARTERLY UPDATE.**

Deb Dull was not able to attend the meeting.

(5)

**MIKE MCCANDLESS, EMERY TELCOM, QUARTERLY UPDATE.**

Mike McCandless, Emery Telcom provided the following quarterly update:

- ✦ Construction project is under way in Cleveland.
- ✦ Elmo and Clawson fiber optic projects are complete.
- ✦ DSL in Emery is up and running
- ✦ They are about four weeks away from completing Helper fiber project. When this is complete the only community not served by fiber will be Wellington.
- ✦ They are in the process of testing out a new technology to enhance DSL service using wireless technology.
- ✦ He and Marlin Eldrid attended the Rural Technology Conference in Cedar City. As a result of this conference they have received information on three leads that they think are very viable employment opportunities to bring into Emery County. Emery County is one of five communities in the state that the State of Utah has identified as a place to help partner to receive preferred treatment on federal contracts.

Commissioner Sitterud asked for an update on the Utah's Smart Sites in Emery County. There is a site in Orangeville. Currently it is being used by Emery Telcom as their call center and advertising and production. They employ about thirty people. They are just about to bring in a local businessman who has developed a software program for the coal mining industry. The smart sites program is very nice in the fact that they (the state) provide funding for computers. The state designated \$300,000.00 for computers. The local businessman has a need for high end computers and will be able to get them at bargain basement price to enable him to get started. They will provide him with employee training. The Economic Development Council has approximately \$300,000.00 in revolving loan funds out to businesses to help get new businesses started. Mr. McCandless learned of the possibility for USDA grants to enhance the revolving loan program.

(6)

**MAYOR GLEN JOHNSON, GREEN RIVER CITY, REQUEST COUNTY TO PAY FOR LEGAL FEES AND RELATED EXPENSES ON EMERY/GRAND COUNTY ANNEXATION.**

Mayor Johnson invited the Board of Commissioners to attend the ribbon cutting and tour of their new water treatment plant on Friday, June 7, 2002 at 1:00 p.m.. There will also be a luncheon at 11:00 a.m. at the John Wesley Powell Museum in Green River. They spent right at 4 million dollars to complete the two projects. 2.2 million went into the water treatment plant and 1.8 million went into the waste water treatment plant.

Mayor Johnson had the final bill for the Green River annexation litigation. The total bill was \$40,710.00. The bill for 2001 was \$34,268.00 and for 2002 was \$6,442.00. He requested the County participate in the attorney fees for the annexation litigation. In June of 2001 Emery County paid \$15,000.00 towards the 2001 bill. He asked that the County consider participating in paying the 2002 bill. Commissioner Ira Hatch made a motion to take the request under consideration and determine what we have available to assist in paying this bill. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**KAY KIMBALL, PRESENTATION OF 2001 FINANCIAL AUDIT.**

Kay Kimball, Kimball & Roberts, Independent Auditors for Emery County provided a review of the management letter and audit report for 2002. They found everything to be in order. They requested approval of the report and letter. Commissioner Ira Hatch made a motion to accept the management letter and audit report for 2002 and thanked Mr. Kimball and Mr. Roberts for their work. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(8)

**CASTLE VALLEY SPECIAL SERVICE DISTRICT, CONSIDERATION AND APPROVAL OF TAX ANTICIPATION BORROWING.**

Darrel Leamaster, CVSSD asked for approval of Resolution 6-4-02 a standby Tax Revenue Anticipation Note in the minimum amount of \$200,000.00. They will experience a shortfall in September, October and November by about \$120,000.00. The standby Tax Revenue Anticipation Note will be issued by Zions Bank at 75% of the prime rate. They will not take all of the \$200,000.00, only as needed to hold them over until the November tax revenue comes in. Commissioner Ira Hatch made a motion to approve Resolution 6-4-02 a Tax Revenue Anticipation Note for the minimum amount of \$200,000.00 for CVSSD. The motion was

seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**REQUEST FOR REDUCTION OF AMBULANCE BILLING FOR RANDY/MELISSA BLEGGI.**

A written request from Randy and Melissa Bleggi was read by Commissioner Drew Sitterud. The request was for a reduction of the ambulance charges after the insurance had paid its portion. Commissioner Ira Hatch made a motion to reduce the bill by 50% of the balance owing. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(10)

**CITIZEN CONCERNS.**

Sheriff Guymon thanked the Road Department for improvements to the road to the Swinging Bridge on the San Rafael. It has made patrolling the area much easier.

Mike Mc Candles asked if there could be something done about the trash being dumped in Huntington Canyon. Shooters using the area for target practice are getting the blame for the trash which Mr. Mc Candles was told was people who do not have pick-up trucks to haul trash to the dump in Castle Dale. Sheriff Guymon indicated that they are dumping on BLM land. They will watch and patrol a little more in this area.

(11)

**CONSIDERATION AND APPROVAL OF GRANT AGREEMENT BETWEEN BILL/MELINDA GATES FOUNDATION AND EMERY COUNTY FOR LIBRARY IT UPGRADE.**

Jeff Guymon, Information Technology/Data Processing presented a grant agreement from the Gates Foundation in the amount of \$62,151.00. The grant will provide a new computer in each library as well as a wireless link upgrade in Emery. This is a no match grant. Commissioner Ira Hatch made a motion to approve the grant agreement with the Gates Foundation. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(12)

**CONSIDERATION AND APPROVAL OF EMERY COUNTY SHERIFF'S OFFICE**

**VEST SAFETY PROGRAM.**

Sheriff LaMar Guymon explained that this is a program from the federal government that provides 50% of the funds for safety vests for the deputies. The county up fronts 50% of the cost and the deputies pay the other 50% through their uniform allowance each month. Commissioner Ira Hatch made a motion to approve the request for participation in the Vest Safety Program. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(13)

**CONSIDERATION AND APPROVAL TO REQUEST UTAH POWER RELOCATE YARD LIGHT AT NURSING HOME.**

Commissioner Sitterud explained that when the new parking lot was put in at the nursing home the two power poles ended up being in inconvenient places. Utah Power needs a formal request to relocate the poles. Commissioner Ira Hatch made a motion to notify Utah Power that we would like them to relocate the power pole. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. Commissioner Ira Hatch amended his motion to include the relocating the second pole if it is found to be necessary. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(14)

**CONSIDERATION AND APPROVAL OF NON-EXCLUSIVE COPYRIGHT AGREEMENT BETWEEN PHONE DIRECTORIES COMPANY INCORPORATED AND EMERY COUNTY FOR USE OF SCREEN SAVER PHOTOGRAPHS.**

Jeff Guymon, IT/Data Processing explained that he has received several requests to use the photos on the county screen saver. He indicated he received a request from the Chamber of Commerce to use a photo for their advertising. Phone Directories Company Incorporated requested to use the photos for their directories advertising. The Board of Commissioners reviewed an agreement with the Company for use of the photos. Commissioner Hatch expressed concern for the photos on the screen saver that might cause a problem with RS 2477 litigation. Mr. Guymon indicated he has developed a disk that contains only those photos that can be used for advertising. After reviewing the agreement and making minor changes in the wording Commissioner Ira Hatch made a motion to approve the agreement between Phone Directories Company Incorporated and Emery County. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(15)****PRESENTATION OF BIDS FOR I-70 ENHANCEMENT PROJECT. CONSIDERATION AND APPROVAL OF BID AWARD.**

Economic Development Director, Marlin Eldrid presented bids for the concrete work on the I-70 Enhancement Project. Wall Construction's bid was \$28,350.00. Ernest Jensen Construction's bid was for \$30,389.84. Mr. Eldrid recommended taking the lowest bid which was Wall Construction. Commissioner Ira Hatch made a motion to accept the lowest bid from Wall Construction. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(16)****CONSIDERATION AND APPROVAL OF LETTER OF UNDERSTANDING REGARDING THE POSITION OF ASSISTANT TO THE SAFE COMMUNITIES COORDINATOR.**

Sheriff Guymon explained that this is the Letter of Understanding regarding Judy Lang's position of assistant to the Safe Communities Coordinator, Martin Wilson. It is the same as in years past. Commissioner Ira Hatch made a motion to approve the Letter of Understanding regarding the position of assistant to the Safe Communities Coordinator. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(17)****APPROVAL OF COMMISSION MEETING MINUTES.**

Commissioner Drew Sitterud made a motion to approve the minutes dated May 21, 2002 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(18)****COMMISSION REPORTS.**

*Commissioner Hatch*

Commissioner Hatch reported on the posted meeting held with Skyline Mine officials, Emery County Commissioners, Carbon County Commissioners and Sanpete County Commissioners relative to the water that is being pumped out of Skyline Mine. There is about 12,000 gallons

COMMISSION MEETING MINUTES  
JUNE 4, 2002

per minute being pumped out of the mine. About 8,000 gallons is going onto the Carbon County side and 4,000 on the Emery County side. They are proposing to mine the coal on the south west side which is where the water is accumulating. They have so much water in there that they can not keep ahead of it. They would like to see if a well could be drilled to draw the pressure down enough that they can mine the coal. The three county's commissioners are proposing to approach Community Impact Board to do a feasibility study to see what can be done to pump the water out of the mine. There are a lot of questions to be answered.

*Commissioner Sitterud*

Commissioner Sitterud reported on the improvements at the Nursing Home. A former patient at the nursing home left a foundation of funds to improve the front lawn. A sidewalk is going in on the front lawn, also a gazebo. Magnuson Lumber has donated the lumber for the project. They will be asking for volunteers to help with the project.

(19)

**ADJOURNMENT**

Commissioner Ira Hatch made a motion to adjourn the meeting. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(2)****PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Personnel Director, Pat Snowball presented the following personnel action:

**Sheriff's Office**

Tosha Huntington, Corrections Secretary, is eligible for her routine wage increase from 5A \$\$8.39/hr to 6A \$8.73/hr., due on June 25, 2002. Her raise will go into effect June 24, 2002. Commissioner Ira Hatch made a motion to approve the routine wage increase for Tosha Huntington as presented. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**Landfill**

Val Anderson has satisfactorily completed his six-month orientation period. Rex Funk recommends a wage increase from 12 Entry \$10.89/hr to 12A \$11.22/hr effective June 24, 2002. Commissioner Drew Sitterud made a motion to approve a wage increase for Val Anderson as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**Library**

The board has completed a review of applicants for the part-time (10/hr/wk) assistant librarian in Ferron. Request was made to hire Sharon Jensen as assistant librarian at Ferron Library at \$4A \$8.04/hr. This position is not eligible for benefits. Commissioner Drew Sitterud made a motion to approve hiring Sharon Jensen as assistant librarian at Ferron Library as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Dorothy Taylor will go from 3/4 time to full time effective the next full pay period which begins June 24, 2002. She will remain at her current rate of 11C \$11.24/hr but she is eligible for full benefits. Commissioner Ira Hatch made a motion to approve placing Dorothy Taylor to full time as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(3)**

**JEFF KELSEY, DISCUSSION OF HEALTH INSURANCE RENEWAL AND APPROVAL OF SAME.**

Jeff Kelsey reviewed the summary of expenses. The summary is what the underwriters look at to evaluate for renewal. He reviewed the figures with the Commission. He brought the appropriate paperwork for health insurance renewals. Commissioner Ira Hatch made a motion to approve health insurance renewals as presented and to sign any additional paperwork as is needed to perpetuate the process of renewal. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(4)**  
**CITIZEN CONCERNS**

Dennis Fuller discussed the courthouse drinking fountain. Last year when the ADA came and looked at our curb and gutter, they also looked at the drinking fountain and found it to be out of compliance with American Disabilities Act Standards. Dennis collected bids for a new fountain as follows:

L.K. Manufacturing,	\$641.00
M-One	510.00
Mountain States	406.00

Three libraries also have fountains that are getting old and not functioning. Orangeville Library and Elmo Library have fountains that the compressors or other parts are no longer working. Dennis felt that when they get this old it cost more to fix them than it does to purchase a new one. Commissioner Ira Hatch made a motion to accept the low bid for replacing the fountain in the courthouse. The Library Board will meet and make a recommendation for replacing fountains at Orangeville Library and Elmo Library. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mark H. Williams discussed a letter sent to the Commissioners informing them that a sufficient number of signatures have been collected for the San Rafael Monument Initiative to be on the November Ballot. He requested that when the information packet goes out to the public that the OHV group be able to include their information.

Mr. Williams requested information on the public meeting regarding Trust Lands trade being held at today at 3:00p.m.

(5)

**10:00 A.M. PUBLIC HEARING- To Receive public comments on conditional use permit application of the Rockland Corporation.**

Commissioner Ira Hatch made a motion to move into a public hearing to receive comments on a conditional use permit application of the Rockland Corporation. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mack Huntington, Planning Committee Chairman addressed the public regarding a level three conditional use permit application of the Rockland Corporation located south east of Emery. Their operations are situated on State Institutional Trust Land. They have permits from all the affected entities involved. BLM, SITLA and Emery County Road Department officials have been to the site to observe their operations. They mine approximately 80,000 ton of shale per week. The Planning Committee recommends approval of the level three conditional use permit.

Commissioner Johnson opened the meeting up for public comment.

Having no comment from the public, Commissioner Ira Hatch made a motion to close the public hearing. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF CONDITIONAL USE PERMIT FOR THE ROCKLAND CORPORATION.**

Commissioner Drew Sitterud made a motion to approve the level three conditional use permit for the Rockland Corporation as recommended by the Planning Committee. The motion was seconded by Commissioner Ira Hatch and approved by all member present.

(7)

**APPROVAL OF DONATION TO GREEN RIVER CITY FOR EMERY/GRAND ANNEXATION LEGAL FEES.**

Commissioner made a motion to donate \$10,000.00 to Green River City to assist in legal fees on the annexation issue. The motion was seconded by Commissioner and approved by all members present.

**(8)****CONSIDERATION AND APPROVAL OF YEARLY RETIREMENT CONTRIBUTION.**

Senior Deputy Clerk/Auditor, Brenda Dugmore discussed the yearly retirement contribution rates with the Board of Commissioners. The non-contributory employees rate increase is .49 and public safety is a decrease of .162. Commissioner Ira Hatch made a motion to approve the yearly retirement rate as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(9)****CONSIDERATION AND APPROVAL OF PROPOSED TAX RATE FOR 2002.**

Brenda Dugmore explained that this is the yearly setting of the tax rate to collect taxes in November. Today we need to adopt the proposed rate which is the certified rate. The certified rate allows you to collect the same amount of property taxes that you did the previous year. It does not allow you to collect any more. This year we also have a judgement levy which is approximately \$350,000.00 that we owe back to PacifiCorp. This is slightly lower than the judgement levy we had last year which was \$474,000.00. Commissioner Drew Sitterud made a motion to accept the certified rate as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(10)****CONSIDERATION AND APPROVAL OF ROAD CONSTRUCTION AND MAINTENANCE EASEMENT WITH CONSOLIDATION COAL COMPANY.**

Road Supervisor, Rex Funk explained that the Road Department obtained the easements they were seeking for construction of the Consol Mine Loop Road. Commissioner Ira Hatch made a motion to accept the road easement from Consol Mine for the sum of \$1.00 and proceed with planning to construct the road. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Mr. Funk asked a letter be written to DOGM indicating the ownership of the road, how it will be maintained and by whom. We need to give some details on the liability of the road. The Board of Commissioners assigned Rex Funk to write the letter to DOGM.

**(11)****CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND ECSSD#1 FOR AIRPORT APRON RECONSTRUCTION**

**PROJECT.**

Commissioner Ira Hatch made a motion to approve an inter local agreement between Emery County and ECSSD#1 for Huntington Airport apron reconstruction project and to ratify when the contract is put together as the bid has been awarded and they are ready to begin work on the project. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Commissioner Drew Sitterud made a motion to accept the minutes dated June 4, 2002 as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

**COMMISSION REPORTS***Commissioner Sitterud*

Commissioner Sitterud reported on a visit to Joe's Valley. The boat ramp has mud out nearly 75 yards and dropping a foot a day. It is not useable at this point. People are getting their vehicles stuck in the mud. He recommended approaching Forest Service and DWR for some help. All agreed that would be a good approach to the situation.

*Commissioner Hatch*

Defensive driving course for spring session has been completed here and in Green River. There were about twenty in Castle Dale and eighteen in Green River.

He asked Kathleen Truman to give a report on the Heritage Tour. Kathleen reported that they

COMMISSION MEETING MINUTES  
JUNE 18, 2002

had National Heritage Co-ordinator Brenda Barrett here. She was very impressed with what was going on here. She questioned how you would tie in Public Lands with Heritage Areas. By the end of the tour she understood how they could tie in together.

**(15)**

**EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.**

An executive session was not needed.

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Personnel Director, Pat Snowball presented the following personnel action:

Road Department

Recruitment for a Lube/Specialist/Mechanic is complete. It is recommended that Brandon Conover be hired for the position at 12 Entry \$10.89/hr., effective July 8, 2002. Commissioner Ira Hatch made a motion to approve hiring Brandon Conover as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(3)

**APPOINTMENT TO CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

The Board of Commissioners received a letter from Castle Valley Special Service District board of directors indicating it was their desire to have the Board of Commissioners appoint a member to their board. Applications were received from the following individuals:

Tom Humphrey- Orangeville  
Patsy Grange-Huntington  
Gayland Dugmore-Ferron  
Jay Jeffs-Castle Dale

Traditionally members have been appointed by area of representation. The new board member will be replacing Eugene Johansen who lived in Castle Dale, therefore new board members should be from Castle Dale or Orangeville. Commissioner Drew Sitterud made a motion to appoint Tom Humphrey, Orangeville to fulfill the term left vacant by Eugene Johansen. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(4)****APPOINTMENT TO EMERY WATER CONSERVANCY DISTRICT.**

Emery Water Conservancy District has reviewed the applicants for appointment to their board. They received applications from the following individuals:

Craig Johansen-Castle Dale  
Mark H. Williams-Castle Dale  
Dennis Tuttle-Orangeville  
Tim Simmons-Lawrence

Emery Water Conservancy District recommended Craig Johansen to replace Eugene Johansen for the balance of his term. Commissioner Ira Hatch made a motion to approve the recommendation to appoint Craig Johansen for the balance of Eugene Johansen's term. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(5)****EMERY COUNTY COMMUNITY FOUNDATION, REQUEST FOR TAX EXEMPT STATUS.**

Kent Petersen, EC Community Foundation explained to the Board of Commissioners the use of the building. The building was donated to the Foundation by the Rosenberg family for use as a community center. The Chamber of Commerce is now located in the building. Folk Art will be featured as you enter the building. They have filled out the application for exemption. A signed affidavit indicating the use of the building is needed for the year 2002. Commissioner Drew Sitterud made a motion to approve exempt status for Emery County Community Foundation. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(6)****CONSIDERATION AND APPROVAL OF TAX/PENALTIES ABATEMENT FOR AJ PROPERTIES.**

Treasurer, JoAnn Behling discussed a situation with AJ Properties. The property had been up for May Tax Sale due to owing back taxes. AJ Properties made arrangements to make payments to pay the back taxes. They have been making the payments, however the penalties and interest for 1997 are still growing. JoAnn recommended abating the penalty and interest for 1997 which is \$3,800.00 to get it off the books. Commissioner Drew Sitterud made a motion to abate the 1997 penalty and interest for AJ Properties under the agreement that the taxes be brought current by August 15, 2002. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**COMMISSION REPORTS.**

*Commissioner Hatch*

Commissioner Hatch reported on the progress of the Huntington Airport apron reconstruction project. Nielson Construction is working on that project. The expected completion date is August 16, 2002.

The Board of Commissioners are working with several entities on the drought situation. Emergency loans and programs are available to help provide livestock water and other water related relief.

He and Commissioner Sitterud attended a briefing and tour on the fire situation on North Horn Mountain. The Forest Service has declared the fire contained. They had close to three hundred and fifty people, four or five helicopters and fire retardant planes working on the area. Commissioner Hatch noted the reclamation efforts that were done after the fire was out. He commented on the fire suppression efforts of the Forest Service.

*Commissioner Sitterud*

Commissioner Sitterud reported that Ferron Mayor, Garth Larsen resigned as he has moved. Council member Kent Larsen has been appointed the Mayor of Ferron. They are accepting applications to fill Kent Larsen's Council member vacancy. Kent will maintain the mayor position until the election for council members next year.

He spent the day with Mayor Johnson in Green River City looking over the annexation of the new sections into the city. There is a lot to be done there.

**SCOTT BEHUNIN, DIRECTOR EMERGENCY SERVICES AND HOMELAND SECURITY, DISCUSSION OF GOALS/DIRECTION FOR STATE OF UTAH.**

Scott Behunin, Director of Emergency Services and Homeland Security brought a message to the Board of Commissioners and Emery County. The name Department of Comprehensive Emergency Management has changed to Emergency Services and Homeland Security but the service to the community has not. A regional response team will be set up in Carbon and Emery Counties. They have a meeting set for August 29, 2002 from 9a.m. until 12p.m. in Price to brainstorm how best to serve the two counties. Homeland Security funds are coming from the federal government to rural counties to help develop plans to cover communities and meet state demands. The importance of emergency management in rural communities has grown tremendously. The philosophy is all hazards whether man made or natural your response is pretty much the same. Martin Wilson is the point man for Emery County.

(4)

**JAY SCHELIN, DEPARTMENT OF CORRECTIONS, DISCUSSION OF NEW LEASE FOR OFFICE SPACE IN THE NEW PUBLIC SAFETY CENTER.**

Jay Schelin, Department of Corrections and Scott Henry, Regional Administrator for this area came before the Board of Commissioners to discuss a lease of office space in the new public safety center. The current lease expired in July 2002. The requested figures to consider for the lease rate and phone reimbursement. Commissioner Johnson indicated that they will have those figures for them soon. He suggested that they meet with Jeff Guymon, Information Technology

Director to discuss their phone needs.

**KERN BEHLING, DISCUSSION OF COUNTY WAGE POLICY/PROCEDURE.**

Kern Behling, Road Department came before the Board of Commissioners to make a request. At this time nine road department employees presented a petition on behalf of themselves and with support of their families, co-workers and caring citizens of Emery County. The petition stated, 'We, the undersigned and employees of Emery County Road Department, in a spirit of honesty and fairness, petition the Commissioners of Emery County, Mr. Randy Johnson, Mr. Ira Hatch and Mr. Drew Sitterud to consider raising the hourly wage rate of nine Emery County Road Department employees which include six operators, two mechanics and one lube specialist from their present hourly wage rate to \$13.50 per hour.' Mr. Behling clarified that with the exception of two clerical workers at the Road Department, everyone else at the Road Department makes above \$13.50/hr. He added that they request this because of the struggle to support and make a living for their families at their present wage. He said, " We love Emery County, and are proud to serve as employees of Emery County. We ask Emery County to appreciate us by allowing this request." Mr. Behling provided letters of support, given freely, by some of the Road Department supervisors. The letters were read to the Board of Commissioners. Mr. Behling added upon the letters by pointing out the certifications and training required by each of the positions. He addressed the Class B budget and available funds to possibly support the raise requested.

He believes that people are the greatest and most valuable asset the County has. He ask the Commission to look at them as a good investment.

Commissioner Johnson agreed that employees are the County's greatest assets. He said, " Wages do not reflect how much we value you. If they did they would be double what they are." We have a responsibility to all our employees. A large percentage of our budget is wages and benefits. We have an obligation to the taxpayer. We have to walk a thin line in determining what is right for the tax payer and what is right for the employee. He does not have a problem with looking at the wages. If we do it will be all employees wages not just the nine requested.

Commissioner Hatch explained the 1998 wage study. Wages were brought in line with what the study determined. In 2000 a 3% increase was given to all employees. In 2001 another 3% increase for all employees. In 2002 we gave a grade increase for all employees. He provided a breakdown of the benefits provided to the employees by Emery County. He noted that the benefit package is worth a substantial increase in the overall income per employee. He pointed out that while many other employers are passing the cost of the increase in benefits along to the employee Emery County chooses to remain self insured and not have employees pay a portion of their insurance. He noted that he realizes that the increase is not realized in their actual paycheck but that it is a benefit that they would have to pay part of anywhere else. Another

COMMISSION MEETING MINUTES  
AUGUST 6, 2002

wage study could be done to bring wages into line if they need to be. The wage study could cost approximately \$8,000.00. The Board of Commissioners would have to look at the budget to see if there are funds available for the study. If there are not funds they would have to wait until next year and include the study in the budget.

Commissioner Johnson said he was willing to look at another wage study and that he stands behind and supports doing what we can while keeping within budget constraints.

Jan Christensen, Road Department expressed concern for the petition which she felt was counter productive. She did not see the petition and felt the clerical workers and other workers for the county are being singled out.

Travis Winn, Road Department stated he did not think we needed another wage study, but that he thinks the employees request needs to be looked at.

Ken Behling, Road Department apologized to Jan Christensen for excluding her from the petition and request.

Rex Funk, Road Supervisor stated this is a heart felt request and should be given serious consideration by the Board of Commissioners. These are highly skilled workers which he has a hard time keeping because they have such a struggle to support their families on the income they receive. He thinks it is time for wages to be reviewed across the board. He encouraged the Board of Commissioners to engage a consulting firm to do a wage study.

JD Seely, Road Department asked the time frame for hiring a consulting firm to do a wage study. He asked that if it was not possible for this year then to look at budgeting for the study in next years budget.

Commissioner Johnson expressed his appreciation for the spirit brought into the meeting. The Board of Commissioners will look into the matter.

**CONSIDERATION OF A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF EMERY COUNTY, UTAH (THE "COUNTY") AUTHORIZING AND APPROVING THE EXECUTION OF A FIRST AMENDMENT TO MASTER LEASE AGREEMENT, DATED AS OF JULY 1, 2002, BY AND BETWEEN THE COUNTY AND THE MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY, UTAH (THE "AUTHORITY") AUTHORIZING THE ISSUANCE AND SALE BY THE AUTHORITY OF ITS LEASE REVENUE AND REFUNDING BONDS, SERIES 2002, IN THE AGGREGATE PRINCIPAL AMOUNT OF \$4,850,000; AUTHORIZING THE EXECUTION OF A FIRST AMENDMENT TO SECOND SUPPLEMENTAL INDENTURE OF TRUST, GROUND LEASE, BOND PURCHASE AGREEMENT, SECURITY DOCUMENTS, AND OTHER DOCUMENTS REQUIRED IN CONNECTION THEREWITH; AUTHORIZING THE REFUNDING OF THE AUTHORITY'S LEASE REVENUE BONDS, SERIES 2001B; AUTHORIZING THE CONSTRUCTION OF CERTAIN COURT FACILITIES IMPROVEMENTS; AUTHORIZING THE TAKING OF ALL OTHER ACTIONS NECESSARY TO THE CONSUMMATION OF THE TRANSACTION CONTEMPLATED BY THIS RESOLUTION; AND RELATED MATTERS.**

Commissioner Johnson introduced Ken Michie, Zions Public Finance and Dale Okerland, Wells Fargo. Wells Fargo has been chosen by the county to be the underwriter for the bonds. Mr. Michie provided a brief history of bonds and the need for bonding. He reviewed the breakdown of cost for the Lease Revenue and Refunding Bonds Series 2002. He had prepared a pricing book which he reviewed with the Commissioners. He answered questions regarding the net debt service schedule, interest, cost of issuance and other related matters.

He explained that the county determined that it needed to construct and finance a new jail. About a year ago we went through the first part of the financing of that. At the time it was determined that we would probably like to also have the state court facilities in the same building. There were some good reasons for determining that would be a good thing. At the time the state was not prepared on their part to enter into a sub lease agreement for that property. So we did the financing in two phases. The first phase was to finance the jail portion. That was

done in two parts also. The first part was to obtain favorable financing through the Community Impact Board of the State of Utah. This was done through a favorable discount rate loan and a portion was a grant. The loan was a 0% interest rate that Emery County does not have to start paying until 2008. The amount was not sufficient in dollar amount to finance the total amount of the jail. Knowing that Emery County would probably be able to bring the courts facility on line at a latter time, instead of doing a permanent financing for the remaining portion of the jail, we did a bond anticipation note or an interim financing. So a portion of what we will be doing today, will be to pay off the interim borrowing or the construction loan (2001B) \$2,000,000. They need to be paid off both in the principal amount and the accrued interest amount. A portion of what we will be considering today, the 2002 Series Bond, will refund and pay off the 2001B Bond. In addition there needed to be a new dollar amount for the courts portion. The courts portion was put off until this year to allow the state courts administration to do their procedural work with the legislature. The legislature appropriated some money for the state courts for the rental of the new courts building. It is only one month worth in the current state's fiscal year, but at least it is a start. It allows the state courts administration to enter into a lease agreement for that portion. Mr. Michie went through the pricing book and explained the process.

He further explained that if everything is approved today that the closing will take place on August 29, 2002.

He reminded the Commissioners that in a previous meeting they had set parameters that the size of the bond issue could not exceed \$4,850,000.00. This bond issue goes right up to that amount. In fact the need was slightly beyond that. The reason for the need was we had to fully fund the debt service reserve fund, plus the bond insurer was requiring us to have an extra six months of capitalized interest. On the day of closing the out of pocket amount of \$73,921.84 will need to be transferred to the trustee.

Mr. Michie wanted to go on record as recommending this form of bonding as the best way to go to finance this type of project.

Mr. Michie answered questions.

Commissioner Drew Sitterud made a motion to approve Resolution 8-15-02 authorizing and approving the execution of a first amendment to the master lease agreement dated July 1, 2002 as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(6)****APPROVAL OF RELEASE OF LIEN.**

In 1983 Farley's sold and transferred property in Castle Dale. A lien was attached to the property. The wrong lot number was placed on the lien document. Since that time the lien has been satisfied. The lien was placed on the property by Emery County. Commissioner Drew Sitterud made a motion to release the lien. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(7)****UPDATE ON ANNEXATION.**

Chairman Johnson gave an update on the Green River annexation. The higher court has reversed the ruling by the 7<sup>th</sup> District Court and sent the case back to the lower court for a reversal. The higher court ratified all the steps that had been taken to meet the conditions of law. Each item was confirmed. The Grand County Clerk/Auditor has five days after the order is filed to certify the election results to the Lt. Governor's office. The Lt. Governor would then submit the results to the Governor's office. The Governor will declare the new County boundaries once the paperwork is completed. The target date for completion will be January 1, 2003. There are questions that need to be clarified for the election in November.

**(8)****TOM BURR, GREEN RIVER CITY, DISCUSSION OF TRANSIENT ROOM TAX AND OTHER ISSUES.**

Tom Burr, Green River City, informed the Commission of a meeting on August 27, 2002 at 11:00 a.m. to discuss what will happen with the Travel Council. Grand County's manager and Norma Dean Hawkinson, Emery County Travel Council, will also be attending the meeting. Mr. Burr presented the Commission with questions concerning the collection of transient room tax and what will happen once Emery County receives the taxes collected from Green River that have previously been going to Grand County. The County currently collects \$18,000 - \$20,000 per year in transient room tax. Emery County partners with Castle Country Travel Council and CRIC. The money has to be spent on promotion of tourism and related items. Mr. Burr also inquired about the TRCC tax. Emery County does not currently collect any TRCC tax. If the County levied a TRCC tax most of the money would be generated in Green River. If new transient room tax money is received it could be used to support the two museums that are located in the County.

COMMISSION MEETING MINUTES  
AUGUST 20, 2002

**CITIZEN CONCERNS.**

Kristine Monroe, Green River Community Center, brought before the Commission the architect's drawing for a new community center. The building would meet three purposes, recreation, education and mental health services. The plans were drawn by Kevin Madson and Associates of Provo, Utah. This would be a 2 million dollar facility. Green River City has property that could be used for the facility. Mayor Johnson stated that Green River City will not be able to do the project alone. They will be asking the County to help support the project.

(10)

**APPROVAL OF COMMISSION MEETING MINUTES.**

Commissioner Ira Hatch made a motion to approve the minutes dated August 6, 2002 with the insertion of Attorney David Blackwell's recommendation on agenda item number one. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

October 2, 2002 - Price  
October 3, 2002 - Green River  
October 4, 2002 - Castle Dale

The meetings will begin at 4:00 p.m.

***Commissioner Johnson***

Commissioner Johnson reported that the Governor in conjunction with the BLM held a meeting at the Castle Valley Pageant site. Mr. Johnson felt that people were beginning to look at the monument in a new light. Mr. Johnson read an article from the Salt Lake Tribune which included the monument proposal is including input from as many different sources as possible. The County and the BLM have worked to bring all sides together. The Deseret News also published an article which called the monument process an exception. People are encouraged by the spirit of the BLM and County officials. The land issue has bubbled from the ground up instead of from the top down.

A comprehensive public survey will also be conducted. Mr. Keith Allred, Harvard, will be doing the survey. He is working with all interest groups. There will be a County sample, a State sample and a National sample. There will be a two day forum with tours of the San Rafael. A meeting will be held on August 28, 2002 from 7:00 p.m. to 9:00 p.m. to take comments on what should be included in the survey. Mr. Johnson will double check the dates on the symposium.

She reported that the water situation on the forest is critical. Feed for animals is nearly gone. Permitees are taking cows off the mountain early. She talked about the abandoned mine project. They have a permit application from Texaco to drill on Middle Mountain in Joe's Valley. She discussed the maps for Wild and Scenic Eligibility Inventoried Stream Segments on the Manti and San Pitch Divisions.

**(2)**  
**DWR QUARTERLY UPDATE**

Derris Jones, Southeastern Region Supervisor reported on the recent job changes within the DWR. Miles Moretti was named assistant director, but is now acting director due to the illness of Kevin Conway. The habitat manager position is vacant and will be filled soon. They have a new habitat biologist, Chris Kolt and native fish biologist, Justin Hart. The Division took a one half million budget cut this year so they have to tighten their belts.

He reported that the elk are beginning to move down off the mountain. The Division is working with DOT to put up game proof fencing. Drinking troughs will be put up to keep the elk from crossing the highway. They may be restricting the muzzle loader hunt this season as well as the roadless area hunt. They have more than ninety guzzlers in the southeast region. They had a record number of big horn sheep this past year. Emery County has been a hot spot for bear problems this year. Colorado Cuthroat will be reintroduced into the region. Ferron Reservoir is down fifteen feet from the overflow. They will be doing a fix on the dam next spring. There were a thousand reported fires in Utah this season. They have begun re-seeding in the Book Cliff and Price Canyon areas.

**DISCUSSION OF PATRIOT DAY**

The County received a letter from Governor Leavitt outlining some suggestions for observing September 11, Patriot Day. Utah will join the world community in remembering the victims of the tragic acts of September 11, 2001 by commemorating Patriot Day each year. We will gather not only to remember, but to show our resolve to learn from our losses, sustain our renewed patriotism and protect our freedoms. The Governor proposed that on September 10, at 10 p.m. a flag ceremony at the State Capitol. September 11, 9:45 a.m. a statewide moment of silence, declaration honoring rescue workers and proclaiming Patriot Day. September 11, at 10:00 p.m. a flag ceremony and commemoration at the State Capitol. September 13-27, 2002 Commemorative Art Show, State Capitol. October, Acts of Kindness Recognition.

The Governor's Call to Action is as follows:

1. Display flags at half-staff from 10 p.m. September 10, 2002 to 10 p.m. September 11, 2002.
  - We lower the flag to mourn the loss of thousands of innocent lives.
  - We raise the flag to express our hope for the future and the resiliency of the American people.
2. Participate in a one-minute statewide moment of silence on September 11, 2002 at 9:45 a.m.
  - Governor Leavitt will lead the moment of silence from an event honoring rescue workers.
  - The moment of silence will be broadcast to schools throughout the state.
3. Conduct appropriate commemoration activities in all schools, including discussions about what has been learned in the year since September 11, 2001.
4. Respectfully request that Utahns practice “acts of kindness” during the week of September 11, 2002 as a demonstration of the triumph of goodness.
  - Residents are asked to submit examples via email of the good deeds their family, friends, and neighbors do during the week of September 11, 2002. Send submissions to governor’s office at this address [kindness@utah.gov](mailto:kindness@utah.gov). The governor will highlight a selection of those submitted in a ceremony held at the Capitol.
5. Ask residents to turn their headlights on while driving on September 11, 2002 as a reminder of the vigilance, hope and unity we share.

Commissioner Drew Sitterud made a motion to observe Patriot Day, September 11, 2002 as outlined by Governor Leavitt. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF TAX EXEMPT STATUS FOR ORIENT LODGE.**

**(7)****CONSIDERATION AND DISCUSSION OF GREEN RIVER'S REQUEST TO JOIN CASTLE VALLEY SPECIAL SERVICE DISTRICT.**

Green River Mayor, Dale Johnson and City Council Member Tom Burr came before the board of Commissioners to discuss Green River's request to join Castle Valley Special Service District. Mayor Johnson started out by inviting all to attend Melon Days on September 21, 2002 in Green River. He asked if any of the Commissioners had heard of a Walmart Distribution center being considered for Green River City. The Commissioners indicated that they had not heard of any proposal. Mayor Johnson made a formal request to be considered to join the CVSSD. Darrell Leamaster, CVSSD provided a brief history of the formulation of the CVSSD. The District was formed when Utah Power and Light had a desire to do something to offset the impact of mineral production in our area. Since the plant was in the county the taxes went to the county and nothing to the cities to help mitigate or offset the impact. UPL began steps to help create CVSSD to help build roads, sidewalks, infrastructures, etc. At the time the District was created Green River declined to be a part of the District. Mr. Leamaster outlined the process for annexing a new area into the District. The authority to annex a new area into the District lies with the governing board which is the County Commission. There are two ways to initiate the process. One way is to have the Board of Commissioners pass a resolution to annex Green River into the District. Another way is by petition of the citizens in the considered area. 10% of the voting population or 10% of property valuation is needed to be considered. A Public Hearing must be held. A comment period wherein if 50% of the voters or taxpayers do not want it, it must be declined.

Mr. Leamaster pointed out that in June CVSSD passed a 12 million dollar bond issue. At the

COMMISSION MEETING MINUTES  
SEPTEMBER 17, 2002

time of the bond election the projects were listed and can not be changed or added to. None of the projects on the list are in Green River. No pool of money will be available for ten years. To get new money a new bond would have to be passed by the entire District. Mr. Burr asked if Darrell would be willing to come to Green River City's next city council meeting and explain this to the citizens and city council members. Darrel indicated he would do that.

Commissioner Johnson asked Mayor Johnson if he wanted the Commission to pursue the second bond issue. Mayor Johnson indicated he would like to know the figures and information and see where it can go. Commissioner Ira Hatch made a motion to proceed with gathering information relevant to including Green River City in Castle Valley Special Service District. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(8)**

**CITIZEN CONCERNS**

Tom Burr, Green River City Council member reminded the Board of Commissioners of the vacancy on the Emery County Travel Bureau. He asked if the advertising had been done. Commissioner Johnson indicated that the advertising will be in next weeks paper. Applications will be at the Sheriff's Complex in Green River and at the Clerk/Auditor's Office in Castle Dale. The vacancy is for the eastern part of the county.

Darrell Leamaster informed the Board of Commissioners of plans to include them in upcoming water source protection planning for the county.

Jeff Guymon, Information Technology Specialist presented a requisition for 13 computers, 8 laser printers and 1 server with a tape backup for the library. The Bill Gates Foundation provided the Emery County Library with a grant for \$64,000.00. The computers, printers and server total \$44,828.00. The remainder of the money will be used to pay for connectivity, wiring and compensation for time to install the equipment. Jeff indicated that training will be on a local level, sometime in November. Commissioner Drew Sitterud made a motion to approve the requisition for the computers, printers and server as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Bruce Funk reminded the Board of Commissioners of the voter information pamphlet. Arguments for and against the initiative have a five hundred word limit and must be received in the Clerk/Auditor's office no later than thirty days before the election.

**(9)**

**CONSIDERATION AND APPROVAL OF FY2003 CONTRACT BETWEEN EMERY COUNTY AND THE SOUTHEASTERN UTAH AREA AGENCY ON AGING.**

Maughn Guymon, Southeastern Utah Area Agency on Aging presented the Board of Commissioners with the 2003 contract between Emery County and Utah Association of Local Governments, Area Agency on Aging. The contract is for the same amount as last year. The only change is a slight increase in state and federal funds. Commissioner Ira Hatch made a motion to approve the FY2003 contract between Emery County and ALG AAA. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(10)****RATIFICATION OF COOPERATIVE AGREEMENT MODIFICATION FOR INTERPRETIVE ENHANCEMENTS ON I-70.**

**DELENA FISH, DWS, QUARTERLY UPDATE**

Delena Fish, Department of Workforce Services provided the following update:

- Their new building is nearly completed. They will be operating from the new building by the end of November.
- She reviewed a report from the Regional Council on employer services.
- She reviewed an executive summary on the dynamics of leaving welfare: a study of long term welfare recipients in Utah.
- She reviewed the Department of Workforce Services customer survey results.

(3)

**MIKE MCCANDLESS, EMERY TELCOM, QUARTERLY UPDATE.**

Mike McCandless, Emery TelCom provided the following update:

- The Call Center in Orangeville will be doing a portion of a survey for the Department of Workforce Services.
- The annual BBQ was well attended.
- They have hired a Video Production Specialist. He will be producing the advertising videos that will be telecast through the local channels.
- DSL is doing far better than they anticipated. They have approximately 1200 subscribers.

He relayed the Economic Development Council's endeavor to achieve 8A status. The 8A status is a bidding process for receiving federal contracts. The Bush Administration is pushing to have federal contracts taken out of the metropolis areas and into the rural areas. Achieving 8A would give Emery County good potential for employment opportunities.

(4)

**JOAN TAYLOR, DISCUSSION OF SCENIC BYWAYS.**

Joan Taylor discussed the future plans for the Scenic By-way Huntington Eccles Canyon. They will be having a conference on December 3, 2002 at 1:00 p.m. at 90 North 100 East in Price, Utah to discuss projects for the winter. She asked what they can do to help the county.

(5)

**KATHY HANNA, DISCUSSION OF LOW WATT INFORMATION RADIO SYSTEMS.**

Kathy Hanna provided information on a project that has been three years in the works. The project is for three low watt radio stations along the scenic by-way in Huntington Canyon, Scofield and Fairview Canyon. The stations will keep people informed of road conditions, avalanche dangers, hunting information, etc. They need \$21,000.00 to fund this project and are here to request funds to assist in this project. They have received funds from Carbon County and will be going before Sanpete County Commissioners next. Commissioner Johnson indicated that the Commission will need to look at where the Dues & Contributions line item is and will get back with her.

**(6)****CITIZEN CONCERNS.**

Zoning Administrator Bryant Anderson discussed requests from people showing interest in getting good timber off the mountain before the bark beetles get it. Emery County adopted a timber ordinance last year to regulate the manner in which timber is harvested. It now requires a Level II Conditional Use Permit. A permittee must have a harvest plan and a licensed forester must oversee the harvesting process to protect the watershed and roads. Mr. Anderson indicated that he does not have the funds in his budget to hire a licensed forester. He indicated that there are two property owners ready to harvest anytime now. The Commissioners questioned whether the county should pay for the forester or if the permittee should pay. After discussion on this issue the Commissioners recommended to have the two permits that are ready, go through the Planning & Zoning process for approval. After the process is complete then Mr. Anderson can come back to the Commissioners to look at who, what and how to pay for the licensed forester.

Kathleen Truman, State History discussed the Pioneer Museum window project. Emery County has received a \$6,500.00 grant from State History to replace the windows in the Pioneer Museum. She has received the bids for the replacement windows, however the bids were not comparative as one bid was for double pane and one was for single pane. Commissioner Drew Sitterud made a motion to have Ms. Truman get comparative bids on single pane replacement windows. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(7)****CONSIDERATION OF APPROVAL OF RESOLUTION REQUESTING RE-CERTIFICATION OF THE CASTLE DALE/GREEN RIVER JUSTICE COURTS IN EMERY COUNTY.**

(9)

**CONSIDERATION AND APPROVAL OF CIRCUIT BREAKER, VETERAN, BLIND TAX, AND OTHER ABATEMENTS.**

Senior Deputy Clerk/Auditor Brenda Dugmore presented the list of low income abatements (Circuit Breaker) for 2002. All applicants have met the qualifications. Commissioner Ira Hatch made a motion to approve the 2002 applications for low income abatements. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

An application from Mary Jo Gravely was discussed. Ms. Gravely wrote a letter to the Commission requesting consideration for a low income abatement. The low income abatement is based on prior years income. Because of this qualification Ms. Gravely would not qualify as her income exceeded the allowable amount of \$23,879.00 for the year 2001. Her husband passed away in 2002 and her income dropped. Ms. Gravely requested to be considered on the basis of her income and ability to pay her taxes this year. Commissioner Drew Sitterud made a motion to grant a low income abatement in the amount of \$689.62 which is the amount she would qualify for under the low income abatement qualifications. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF BOARD OF EQUALIZATION CHANGES.**

Commissioner Ira Hatch made a motion to table this item for now. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF DIVISION ORDER FROM COASTAL PLAINS ENERGY, INC.**

Emery County holds some interest in Coastal Plains Energy, Inc. which is in the process of being sold to another company. Signing the order is part of the process for the sale. Commissioner Ira Hatch made a motion to approve signing the division order for Coastal Plains Energy, Inc. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF EMPLOYMENT CONTRACT FOR ARCHIVES ASSISTANT.**

Kathleen Truman, State History Director explained that the contract with Dottie Grimes has run out. She has been off work for two weeks as per policy for up to ninety day assignments. The history archives project that Dottie has been working on is not complete. Kathleen requested another up to ninety day assignment for Dottie to finish the project. Commissioner Ira Hatch made a motion to approve another up to ninety day assignment for Dottie Grimes as History/ Archives assistant. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF FY2003 TENTATIVE BUDGET FOR EMERY COUNTY, CASTLE VALLEY SPECIAL SERVICE DISTRICT AND OTHER ENTITIES AS REQUIRED BY LAW.**

Clerk/Auditor Bruce Funk presented the tentative budget for Emery County, Castle Valley Special Service District and other entities. As the Board of Commissioners instructed the budget begins with last years budget figures. It does not reflect any changes in personnel, salary and/or wages or requested equipment. It does not reflect any revenue as a result of the annexation in Green River. It is simply a starting point for determining the 2003 budget. Castle Valley Special Service District will be meeting on the 17<sup>th</sup> to approve their tentative budget. Mr. Funk

COMMISSION MEETING MINUTES

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

NOVEMBER 19, 2002

Present at the meeting was Commission Chairman Randy Johnson, Commissioner Ira Hatch, Commissioner Drew Sitterud, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

A prayer was offered by Commissioner Drew Sitterud. The pledge was led by Commissioner Randy Johnson.

(1)  
**DEB DULL, UTAH POWER, QUARTERLY UPDATE.**

Deb Dull was not able to attend the meeting.

(2)  
**CONSIDERATION AND APPROVAL OF FINANCIAL CONTRIBUTION TO THE QUIVIRA COALITION CONFERENCE.**

This is a request that came from members of the Public Lands Council. The Quivira Coalition is a group of ranchers, environmentalist and other people that are doing collaborative work in New Mexico and Four Corners area. The coalition will be beneficial to the agricultural proponents in the County. Commissioner Ira Hatch made a motion to contribute \$250.00 to the Quivira Coalition. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(3)  
**CONSIDERATION AND APPROVAL OF FINANCIAL CONTRIBUTION TO GREEN RIVER HIGH SCHOOL CLOSE-UP PARTICIPANTS.**

Commissioner Ira Hatch made a motion to contribute \$250.00 to Green River High School's Close-Up Program. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(4)

**ANN MINNICK, CONSIDERATION OF PROPERTY TAX ABATEMENT.**

Leslie Bolinder read a request from Ann Minnick. Ann lives off of \$545.00 a month from SSI. Up until this year her daughter has been paying the property taxes for her, however she is now attending college and will not be able to pay the taxes. Ms. Minnick requested abatement of her taxes for 2002. Commissioner Drew Sitterud made a motion to abate \$151.91 which is the full amount of her property tax for 2002. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

**ELIZABETH TERRILL, CONSIDERATION OF PROPERTY TAX ABATEMENT.**

Elizabeth Terrill was recently diagnosed with cancer. The only money she has coming in is from Family Services. She requested an abatement of property taxes for 2002. Treasurer JoAnn Behling informed the Commission that she does owe back taxes from 1999. She will be in jeopardy of having the property listed on the tax sale. Commissioner Drew Sitterud made a motion to abate 2002 property taxes in the amount of \$719.48. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

**RICK BENSON, CONSIDERATION OF PROPERTY TAX ABATEMENT.**

Rick Benson, Rocky Mountain Baptist Mission informed the Commission as to the use of buildings on their ranch property. Assessor, Jim Fauver explained that the ranch property does not qualify under the religious exemption. It is used as a religious retreat whereby groups pay for using the ranch as well as benefit financially from the sale of animals who are trained by attendees at the ranch. To qualify for religious exempt status they cannot receive any funds to subsidize the use. The Board of Commissioners agreed to abate fifty percent of the property tax for 2002. Commissioner Ira Hatch made a motion to abate \$753.88 which is fifty percent of the tax due for 2002. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**MAYOR JOHNSON, GREEN RIVER CITY, REQUEST FOR DONATIONS FROM EMERY COUNTY AND REIMBURSEMENT FOR LEGAL COSTS ASSOCIATED WITH ANNEXATION.**

Mayor Glen Johnson, Green River City addressed the Board of Commissioners. He pointed out that when the annexation started in 1999 an analysis had to be conducted. He reviewed the analysis with the Commissioners. The analysis and attorney fees were paid by Green River City. Emery County contributed \$25,000.00 to Green River City to assist with the cost leaving a balance of \$13,032.93 owing. Mr. Johnson requested to have Emery County pay the balance. Commissioner Johnson expressed concern that Emery County agreed to pay half of the cost and has already paid more than half of the \$38,032.93 total cost. Mr. Johnson asked the Commission to take into consideration where the Transient Room Tax is generated. Approximately \$120,000.00 is generated by TRT for Green River City and Emery County depending upon the economy. Commissioner Johnson explained that Emery County will not see any additional revenue as a result of the annexation. It was the State Tax Commission's decision that the newly annexed part of Green River is not considered new growth and will be factored in with the overall county base. Emery County will take into consideration where Transient Room Tax is generated.

Mayor Johnson thanked Commissioner Johnson for his years of service to the county.

(8)

**CITIZEN CONCERNS**

Commissioner Sitterud asked that the elected officials stay after the meeting to help plan the employee appreciation dinner.

Assessor Jim Fauver presented a contract with State Tax Commission for Motor Vehicle reimbursement. Emery County has opted for the reimbursement and will run the motor vehicle through the County rather than have the state provide the service. Reimbursement from the state has raised slightly. Commissioner Ira Hatch made a motion to approve the contract with State Tax Commission for Motor Vehicle reimbursement. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

The Board of Commissioners received a request from Clawson Town. There is a piece of property in Clawson that was sold at a county tax sale. The woman that picked up the property was issued an auditor's tax deed. Taxes were never paid after that. The property reverted back to the county. Clawson Town would like to have the property deeded to them to develop a ball field.

Commissioner Drew Sitterud made a motion to proceed with the process to quick claim the

property to Clawson Town. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF COMMISSIONER ADJUSTMENTS FOR BOARD OF EQUALIZATION.**

Assessor James Fauver recommended Board of Equalization adjustments for the following: Lanette Ularich, Four Corners Mental Health, Karen Ward, Gary Flucky, Bill Bloomer and Roy Oviatt. Commissioner Drew Sitterud made a motion to accept the Board of Equalization adjustments as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF CONTRACT #021968 AMENDMENT WITH DIVISION OF STATE HISTORY.**

**COMMISSION REPORTS**

*Commissioner Johnson*

Commissioner Johnson announced that Commissioner Ira Hatch and Sheriff LaMar Guymon have both been elected to UAC board positions.

*Commissioner Sitterud*

Commissioner Sitterud reported that he and a special board will meet with the Natural Resources Board about the Wild & Scenic Rivers Act. They have had some success on the forest but on the BLM we didn't drop a river. They still have every dry wash and every river out there. They will be asking the Natural Resource Board for some help at a State level. The agreement between the federal government and the county expires as of October 30, 2002. They will ask to have wording in the new agreement that the BLM has to live by the law of the bill. One of them being that no river can be polluted. They stated that all the rivers coming out of the desert are highly polluted with salt. The BLM said it did not matter. They will also ask Representative Johnson to run a bill that basically says the state has all water rights and federal government can't take a water right without approval of the state legislature.

*Commissioner Hatch*

Commissioner Hatch reported on the progress of Moore Cut-Off Road. We hope to have that out to contract by April 2003. Consol Road Project, the asphalt has been held up because of the cold. They will be waiting until spring to finish. The BLM has indicated that their travel plan will be out in January or February. We will be interested to see how the plan overlaps our RS 2477 road system. Department of Workforce Services will be moving into their building next week and will hold an open house in early December.

**DR. GLEN JENSEN, DISCUSSION OF ANIMAL CONTROL FEES.**

Dr. Glen Jensen, Veterinarian, Emery Animal Health discussed current animal control fees. He proposed changing the current fees to the following:

Licensing:	W/ID Chip	w/o ID Chip
Spayed/Neutered:	\$5.00	\$10.00
Not altered:	\$25.00	\$30.00
Late Fee:	\$15.00	

Impounds: \$20.00 2<sup>nd</sup> offense= \$30.00 3<sup>rd</sup> offense= \$45.00

Impound fee can be used for AVID chip  
Emery Animal Health gets \$18.00  
Emery County gets \$2.00 + boarding

Boarding in shelter: \$5.00/day first week  
\$7.50/day additional days/weeks

Impounds with animals with AVID chips:  
1<sup>st</sup> offense \$5.00 + boarding  
Any additional offense is regular price.

Current fees are the following:

Impound fees are \$10.00 (that includes 1<sup>st</sup> offense, 2<sup>nd</sup> offense, 3<sup>rd</sup> offense, etc.)  
Boarding in shelter is \$2.00/day (some animals are kept for long periods of time due to special circumstances including court orders and sheriff's department reasons) Licensing and late fees vary from city to city.

COMMISSION MEETING MINUTES  
DECEMBER 3, 2002

Dr. Jensen explained that the AVID chip is an identification chip used for identifying animals and their owners. It is placed under the skin and is very effective in identifying the owner immediately and aids in preventing boarding of the animal. He pointed out that the impound fee could be used to pay for the AVID chip. Dr. Jensen charges \$22.50 to have the chip placed in an animal. He pointed out that the amount is much lower than in other areas. He would like to see the statistics change in the county and felt that implementing the proposed changes would be a step in the right direction for bringing about those changes. Dr. Jensen asked for the Board of Commissioners consideration on the proposed fee changes. He asked if they could be implemented by January 2003 if possible.

Commissioner Johnson indicated that the Board of Commissioners would meet with the county attorney and discuss the proposed changes and get back with him as soon as possible. They will discuss this again in the first meeting of January 2003.

(2)

**DIANE TADEHARA, PRESENTATION OF YOUTH AND FAMILIES WITH PROMISE PROGRAM.**

Diane Tadehara, Youth and Families with Promise Program explained that the program began in Logan and has become a model across the nation as a youth mentoring program. The program mentors 10 to 15 year olds in successful life skills. They have identified forty developmental assets that determine success. Mentors are assigned to youth to help them achieve the skills needed to be successful in life. They have two levels of mentors, a young adult mentor such as a high school or college student and a grand mentor which is a responsible adult. The young adult mentor meets with the youth weekly and the grand mentor meets with the youth one to two hours a month. Ms. Tadehara requested the Board of Commissioners allow employees to volunteer to be grand mentors during their regular work time and have the county pay for that time.

Commissioner Johnson expressed concern that the youth are in school during the same time that employees are working. Ms. Tadehara suggested that maybe the employee could be allowed to leave one to two hours early perhaps on the last Friday of the month. Commissioner Johnson indicated that they would have to meet with the elected officials and department heads to see if they would be willing to let an employee be involved in the program. Employees could volunteer to do this on their own time after work.

(3)

**CONSIDERATION AND APPROVAL OF PROJECT APPLICATION AND GRANT AGREEMENT FOR STATE AID FOR DEVELOPMENT OF PUBLIC AIRPORTS.**

Commissioner Hatch explained that Monte Yeager, Utah Department of Transportation, Division of Aeronautics had visited the airport and suggested some improvements be made.

COMMISSION MEETING MINUTES  
DECEMBER 3, 2002

Huntington Airport is currently on the last list for improvements. They realize the importance of rural airports. Commissioner Hatch has been working with the division to gain approval to move ahead with improvements at the airport. The long term plan is for widening the runway shoulders to allow for lighting, drainage to divert water from the runway and an automated unicom which reports airport weather conditions to pilots. Emery County has received approval for a 90/10 grant to provide the improvements. The estimated cost will be approximately \$220,000.00. Commissioner Hatch has met with Special Service District #1 and they agreed to provide the 10% match. Commissioner Ira Hatch made a motion to approve the project application and grant agreement for state aid for development of public airports and to have SSD #1 provide the 10% match. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(4)**  
**CONSIDERATION AND APPROVAL OF HIGHWAY SAFETY PROJECT APPLICATION.**

Sheriff Guymon indicated that this is the Safe Communities Grant. It is a continuation of the same grant as in years past. The grant is for \$16,000.00. Commissioner Drew Sitterud made a motion to approve the Highway Safety Project Application and accept it as it as written for \$16,000.00. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(5)**  
**RATIFICATION OF CONTRACT WITH STATE MOTOR VEHICLE.**

During Commission Meeting November 19, 2002 the Board of Commissioners signed the contract with State Motor Vehicle because of time constraints. They now need to ratify the signing of that contract. Commissioner Ira Hatch made a motion to ratify the signing of a contract with State Motor Vehicle. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(6)**  
**APPOINTMENT TO EMERY COUNTY TRAVEL BUREAU.**

Commissioner Ira Hatch explained that the Travel Bureau is made up of 3 members from the east part of the county 3 from the west part and 3 at large members. One member from the east part of the county has resigned. The Emery County solicited for applications to replace the board member from the east. The applications have been screened by the Travel Council and recommend Olive Anderson to fill the remainder of the vacated term. Commissioner Ira Hatch

COMMISSION MEETING MINUTES  
DECEMBER 3, 2002

made a motion to appoint Olive Anderson to fill out the term that was vacated. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(7)

**DISCUSSION AND APPROVAL OF INSTALLATION OF YARD LIGHT AT FERRON SENIOR CITIZEN CENTER.**

Commissioner Sitterud explained that a couple of weeks ago a senior citizen had a fall coming out of the Ferron Senior Citizen Center after dark due to inadequate lighting. He suggested placing a yard light, possibly two in the parking lot to make it as safe as possible. Maughn Guymon, Director, Area Agency on Aging indicated his department has enough money to pay for one of the lights. Commissioner Drew Sitterud made a motion to look at installing two yard lights in the parking lot at the Senior Citizen Center in Ferron, to get the one light that we have the funds for and look at where to get the funds for a second light. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

**SETTING OF DATES FOR BUDGET MEETINGS**

Commissioner Ira Hatch made a motion to set Monday, December 9, 2002 at 9a.m. for budget meeting to be extended as needed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF TAX ADJUSTMENT.**

Treasurer, JoAnn Behling discussed three tax adjustments. Duane Christensen was taxed twice. The amount of his tax adjustment is \$142.47. Commissioner Drew Sitterud made a motion to approve a tax adjustment in the amount of \$142.47 for Duane Christensen as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present. Utah Housing Finance Agency should have been exempt. Commissioner Ira Hatch made a motion to approve the exempt status for Utah Housing Finance as proposed. The motion was seconded by Commissioner Drew Sitterud and approved by all members present. Lee McElprang should have been put back on green belt and it was missed. Commissioner Drew Sitterud made a motion to put Lee McElprang back on green belt for the 2002 tax year. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**DISCUSSION OF COUNTY ORDINANCE TO PROVIDE FOR THE RECOVERY OF EXPENSES INCURRED BY EMERY COUNTY IN THE CLEAN-UP OF ANY HAZARDOUS MATERIAL.**

Sheriff Guymon explained that this gives Emery County the authority to recoup damages when we have to clean-up hazardous materials. Commissioner Johnson indicated Emery County will need to review the ordinance and go through the public process to set the ordinance. Commissioner Ira Hatch made a motion to proceed with the public process to review and take action on an ordinance to provide for the recovery of expenses incurred by Emery County in the clean-up of any hazardous material. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(11)**  
**CONSIDERATION AND APPROVAL OF RESOLUTION TO PROVIDE BINDING COMMITMENT FOR NMS TRANSMITTER.**

Commissioner Ira Hatch made a motion to table this matter for clarification of wording in the document. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**(12)**  
**CITIZEN CONCERNS**

Mesia Nyman, Forest Service District Ranger and Gary Cornell, Utah State Division of State Lands and Forestry presented the Board of Commissioners with a plaque thanking them for the years of support and cooperation. Because of this support they were able to minimize the loss to public and lands during the 2002 fire season. Gary Cornell presented Commissioner Johnson with a pin in appreciation of the years working with him as a commissioner.

Sheriff Guymon presented a contract with the state to purchase surplus property. After looking over the list of names it was noted that Rex Funk was omitted from the list. Commissioner Ira Hatch made a motion to approve the contract with the state for surplus property and to add Rex Funk to the list. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

Louis Berg, Division of Wildlife Resources presented a quarterly report as follows:

- ✦ Louis will be leaving January 3, 2003 to work in Idaho. He thanked the commission for their support.
- ✦ Law enforcement has seen an increase in poaching.
- ✦ Elk herd in Dirty Devil has seen an increase.

COMMISSION MEETING MINUTES  
DECEMBER 3, 2002

- ✦ Big Horn Sheep Festival in Moab is an annual event encouraged people to attend.
- ✦ They have found 14 known populations of native cutthroat trout that are 99% genetically pure.
- ✦ Rotenone treatment project in Duck Fork was successful.
- ✦ They will be rebuilding Ferron Reservoir Dam. He solicited support for rotenone treatment of brook trout in the reservoir while they are draining it for repairs.
- ✦ He reported on a fish kill problem in Rigley Springs. The kill was from excessive nutrients in the lake.
- ✦ Mary's Lake has a pipeline problem. The pipes have fallen in disrepair. In order to fix the pipes they need to have water rights from the irrigation company. They have the funding to pay for the repairs and are working on the details. The goal is to keep Mary's Lake as a fishing lake.
- ✦ Electric Lake will be empty by March if they can not drill to provide additional water. This could have a huge effect in many areas.
- ✦ There is a population of Burio Toads at Rush Lake. The toads are a sensitive species that have the potential of being petitioned to place on the endangered species list. DWR wants to do a survey using mitigation funds.
- ✦ They will be surveying streams have not been documented for round tail chub and succors.
- ✦ Joe's Valley, working to get a new boat ramp. Possibility of funding for low water ramp through the state.

At the end of his report Louis asked for support for the rotenone treatment for Ferron Reservoir rotenone treatment and using mitigation funds to do the buiro toad survey. Commissioner Johnson had some concern for doing a survey on burio toads. Having them listed a an endangered species could backfire. Commissioner Ira Hatch made a motion to approve rotenone treatment of Ferron Reservoir. The motion was seconded by Commissioner Drew Sitterud and approved by all members present.

**COMMISSION REPORTS**

*Commissioner Sitterud*

Commissioner Sitterud reported on the progress of lighting the parking lot at the Ferron Senior Citizen parking lot. A grant application is being sent off to the State Motor Boat to replace the boat ramp at Joe's Valley. Commissioner Sitterud suggested not going to Grand County to do any work until litigation is complete. He thanked Randy Johnson for the great job he has done for Emery County.

Commissioner Sitterud informed everyone of a new information number to call for weather information anywhere in the state. The number is #511.

*Commissioner Hatch*

Commissioner Hatch reported on the progress at the Huntington Airport. We will be widening the runway to accommodate new lighting. A unicom system for relaying weather and other information to pilots will be installed. We are moving ahead as quickly as possible. We are just waiting for the grant documents to come in from the state.

Commissioner Hatch reported he has met with Green River regarding Transient Room Tax. They are no closing to having a resolution to the problem. In light of new litigation, transient room tax will not be forth coming until after the first quarter of 2003. They will need to plan to operate the museum on their budget until this is cleared up. Grand County has indicated they will vacate the museum as soon as possible.

Commissioner Hatch expressed his appreciation to Randy Johnson. He has met up with some challenging issues in the last four years. Commissioner Johnson was presented with a plaque in recognition of his service to the county.

**CLEAL BRADFORD, REQUEST USE OF BUILDING FOR HEAD START.**

Lynnette Hadden Mitchell, Executive Director of Rural Utah Child Development along with Cleal Bradford, came before the Board of Commissioners to make a formal request to use the old jail and sheriff offices. She provided a brief history of the Head Start program in the county. They are currently housed in a double wide trailer on a private lot owned by RUCD. The office space is located several blocks away in a rented office space. The two spaces are in separate buildings due to the small space available for the classroom. However, even with the two buildings the classroom is very limited in space. They are committed to serving children in Emery County but are in dire need of assistance to make this possible. Ms. Mitchell presented the following proposal that would provide a quality Head Start facility for Emery County:

- We would like the commission to consider allowing Head Start to use the old jail and sheriff offices. We understand that part of the building where the cells are, may not be usable. It appears to us that there is enough space without that area. The space is large enough that we would be able to house the total program in this building.
- We would like a long term lease for 10-15 years at a very small or no cost. This would allow us to put money into the building as time goes on for improvements.
- Head Start would sell the current lot and trailer and put that money into the remodeling of the new building.
- Head Start would assist Emery County in any way they can in obtaining additional funds for renovation if needed.
- Head Start would be responsible for all operational costs such as utilities, insurance, and maintenance.
- We understand that the Sheriff's Department will be using the building until summer. We would hope to be able to renovate during the summer months and start the Head Start year on schedule the first of September.

Earlier this week Commissioner Ira Hatch accompanied Ms. Mitchell and Mr. Bradford on a walk through the facility with Sheriff Guymon. He indicated that several other entities have expressed a desire to occupy the facility for office space. Commissioner Ira Hatch made a motion to take the proposal from RUCD as a serious proposal and to give them due consideration at the time of planning for use of the old jail and sheriff offices. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(4)

**CITIZEN CONCERNS**

There were no citizen concerns.

**(5)**  
**INITIATE THE PROCESS TO ACCEPT APPLICATIONS FOR APPOINTMENT TO

**(6)**  
**CONSIDERATION AND APPROVAL OF EMS/AMBULANCE GRANTS.**

Sheriff Guymon explained that the grant money will be used to pay for training, to purchase new defibrillators, new pager towers and \$25,000.00 towards a new ambulance. Commissioner Ira Hatch made a motion to approve and sign documents to participate in the EMS and Ambulance grants program. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(7)**  
**CONSIDERATION AND APPROVAL OF INTER LOCAL AGREEMENT WITH  
ECSSD#1 FOR AIRPORT IMPROVEMENT PROJECTS.**

Commissioner Hatch explained that through the Utah Department of Transportation Aeronautical Division Emery County was able to obtain funds for an airport layout plan and improvements to Emery County's Huntington Airport. The funds will be used for widening the runway to provide lighting, drainage away from the runway, and an automated unicom communications system for relaying weather and other information to pilots. DOT has allocated \$225,000.00 to the project in a 10/90% grant. One of the services provided by the Special Service District is transportation so Emery County has asked SSD#1 to provide the 10% match for the project. The inter local agreement being considered at this time will allow Emery County to get the 90% grant. Commissioner Ira Hatch made a motion to approve the Inter local cooperative agreement with Special Service District #1 to participate in the airport improvement project. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(8)****APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

**COMMISSION REPORTS**

*Commissioner Hatch*

Commissioner Hatch asked Attorney David Blackwell to report on progress of the Green River annexation. Mr. Blackwell reported that the legislature in a special session has made the effective date for the annexation as January 1, 2003. Emery County is proceeding as if it is a done deal. Attorneys for Grand County are not inclined to change their decision and have filed for an injunction to invalidate the annexation. We have had no reply to our response to this action. Sheriff Guymon is to bring anyone arrested in Green River City to Emery County. Commissioner Hatch reported that Grand County people have moved out of the museum. They

COMMISSION MEETING MINUTES  
JANUARY 7, 2003

gave Emery County the option to purchase the items they had in the museum. Green River City decided to purchase the items. The museum is currently closed for two weeks, however when it reopens it will be operated by Green River City. When the annexation issue is resolved the museum will be operated with transient room tax for the first couple of months. Emery County will make a determination on the museum funding during that time. Commissioner Hatch expressed his appreciation to all those who worked on the budget and the extra effort to make it a balanced budget.

*Commissioner Sitterud*

Commissioner Sitterud reported that the courts will be moving into the new building in about six weeks. Emery County will remodel the courthouse but not for a while.

**RICHARD SNOWBALL, HUNTINGTON/CLEVELAND IRRIGATION COMPANY,  
REQUEST FOR GIS MAPS FOR SPRINKLER SYSTEMS.**

Richard Snowball, Huntington/Cleveland Irrigation Company provided an update on various sprinkler projects. He asked that the county consider assisting of creation of maps of their laid sprinkler systems. Commissioners Hatch indicated the county would be glad to do the layer work but the irrigation company would need to collect the data. He reminded them that the data has to match up with our software. Mr. Snowball also informed the commissioners that they would like to do an official abandonment of existing canals. They would like the county to assume ownership of the canal system. Commissioner Hatch indicated the county would make no commitment to assume ownership of the canal system. Mr. Snowball thanked the Commission for their support of salinity projects in the county.

(5)

**JEFF KELSEY, INTERMOUNTAIN BENEFIT ADMINISTRATORS, UPDATE  
COUNTY HEALTH INSURANCE PLAN.**

Jeff Kelsey, Intermountain Benefit provided an overview of the past six months of the county's insurance plan. According to the last six months figures, Emery County is running at 75% on claims. The outlook is good for being picked up at renewal by the same insurance company.

The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(8)**  
**CONSIDERATION AND APPROVAL TO INITIATE THE PROCESS TO FILL BOARD  
MEMBER POSITIONS ON THE EMERY COUNTY TRAVEL BUREAU (EASTERN  
SIDE).**

Tom King has resigned from the Travel Bureau and Norma Dean Hawkinson's position on the bureau is approaching. They need two board members from the eastern side of the county (Green River). Commissioner Ira Hatch made a motion to initiate the process to solicit applications to fill the needed positions on the Emery County Travel Bureau (eastern side). The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(9)**  
**CONSIDERATION AND APPROVAL OF INTER LOCAL AGREEMENT BETWEEN**

**EMERY COUNTY AND EMERY COUNTY SPECIAL SERVICE DISTRICT #1 FOR SERVICES.**

The agreement is between Emery County and Special Service District #1. Emery County will provide to the district, for a reasonable fee, the services of the secretary to the County Commission; the Emery County Clerk/Auditor or his designated agent, the Emery County Treasurer or his designated agent, the Public Lands Director as a part-time assistant to the District, and the necessary office space. The District agrees to pay Emery County a guaranteed sum of \$95,000.00 per calendar year beginning April 1, 2002 and continuing thereafter for five years as the terms of agreement states. Commissioner Ira Hatch made a motion to approve the agreement between Emery County and Special Service District #1. **(11)****CONSIDERATION AND APPROVAL OF MOU BETWEEN ROBERT K. WEIDNER AND EMERY COUNTY FOR SERVICES AS OUTLINED.**

Robert K. Weidner has served as Washington, D.C. government relation's advisor to Emery County. Mr. Weidner has served as a lobbyist to Congress and other departments of the executive branch of government, specifically Weidner will closely monitor and provide information on matters affecting public lands. The amount requested for these services is \$16,000.00, however historically Emery County has budgeted for and paid Mr. Weidner \$15,000.00. Commissioner Ira Hatch made a motion to accept the Memorandum of Understanding between Robert K. Weidner and Emery County for the agreed upon \$15,000.00. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(12)****CONSIDERATION AND APPROVAL OF AGREEMENT FOR SERVICES BETWEEN EMERY COUNTY AND DYNAMIC FEEDBACK.**

Dynamic Feedback is the corporation who was working on a public opinion survey regarding the San Rafael Swell designation as a national monument. The State of Utah agreed to pay for the survey to provide information relevant to making a decision. Emery County agreed to accept the funds and contract with an appropriate entity to develop and conduct a public opinion survey relevant to this issue. The county agrees to pay Dynamic Feedback \$97,733.81 for performance

COMMISSION MEETING MINUTES  
JANUARY 17, 2003

of this survey and the terms of the agreement are contingent upon Emery County receiving at least \$97,733.81 from the state. Commissioner Gary Kofford made a motion to sign the agreement for services as stipulated in the agreement. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(13)

**CONSIDERATION AND APPROVAL OF SKYLINE COOPERATIVE WEED  
MANAGEMENT AREA COOPERATIVE AGREEMENT.**

Several months ago a number of representatives from state, local, and federal agencies began talking about the value of forming a Cooperative Weed Management Area in the central and southeastern area of Utah. Their intention is to join resources in order to control noxious and invasive weeds in the area. Grant money for additional projects is available and they believe a CWMA will be more competitive in seeking those funds.

James Nielsen has been attending the meetings of this group. It has finalized a cooperative agreement and is now developing an annual operating plan. They hope that after review, the Commission would be willing to sign the agreement and pass it on to another agency for signature.

As a signer, Emery County will be asked to allow our representative, James Nielsen to continue to work with the Skyline CWMA; to sit on a Board of Directors which would meet annually to review the group's plan of work; and commit a reasonable amount of resources (time, effort or money ) to weed control projects the CWMA undertakes.

The CWMA is made up of representatives from: Emery Water Conservancy District, BLM, Utah State Parks and Recreation, Utah Division of Wildlife Resources, Utah School and Institutional Trust Lands Administration, UDOT, Utah Division of Oil, Gas and Mining, Castleland RC&D and participating counties.

Commissioner Ira Hatch made a motion to sign the agreement with Skyline CWMA as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(14)

**APPROVAL OF ANNEXATION PLAT FROM GRAND COUNTY TO EMERY  
COUNTY.**

Recorder, Dixie Swasey presented official annexation plats from Grand County to Emery County. These plats were to be of mylar, signed by all Commissioners in both counties and be embossed with the county seal. These plats will be presented to the Grand County Commission on February 3, 2003 for signatures. Commissioner Ira Hatch made a motion to sign the official

plats. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(15)

**CONSIDERATION AND APPROVAL OF LOW-INCOME TAX ABATEMENT.**

A low-income abatement application was presented on behalf of Evelyn Morgensen. Ms. Morgensen falls under the low income status and has supplied all the required documents. The low income abatement is at the Commission's discretion and up to 50% of the tax owing is allowed. Commissioner Ira Hatch made a motion to abate \$58.18 which is 50% of the tax due. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(16)

**APPROVAL OF COMMISSION MEETING MINUTES**

Commissioner Gary Kofford made a motion to approve the minutes dated January 7, 2003 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(17)

**COMMISSION REPORTS**

*Commissioner Hatch*

Commissioner Hatch reported that he contacted Dennis Dooley who is doing the leg work on the Skyline Mine/Electric Lake controversy. Funding was received from the Community Impact Board to conduct a hydrologic evaluation to determine whether the water was coming in to the mine from the lake and if there is an underground perched water reservoir and ultimately to assess the feasibility of development of that water. They wanted to go ahead with the hydrologic data that HCI collected. HCI is the firm Skyline Mine contracted with to collect the data. They declared a conflict of interest. They directed Dennis to go with an RFP to other hydrologic consulting firms. He indicated Dennis will be sending a draft soon.

He met with SITLA board last week where one of the items discussed was the land exchange. He expressed to the board a desire to be involved in what they are going to present in Washington. They indicated they would keep us involved.

He attended UAC legislative committee meetings. He asked Bruce Funk to report on a law change. Bruce Funk reported that in 2001 they changed the law in regards to the maximum that the county can carry over in fund balance. It has changed to read '50% of the income'. We are one the few counties who rely heavily on property taxes because of centrally assessed properties. This means that theoretically we would have to go out and borrow money each year to operate

COMMISSION MEETING MINUTES  
JANUARY 17, 2003

on. We need to get that changed back as soon as we can. We are suggesting that they keep the language the same, just insert 'and/or'.

Mark Walsh called to inform the county that SITLA has been draining 3% off of mineral lease funds for administrative costs on SITLA lands. They now want to change the make-up of that and give that responsibility to the department of finance. SITLA still wants to keep the 3%. A meeting will be set up with SITLA, Department of Finance, Carbon County and Emery County and try to get this resolved. SITLA is saying they still have to do some work.

*Commissioner Kofford*

Commissioner Kofford reported on a letter he received from Insurance Services Office, Inc.(ISO).

ISO is an insurer-supported organization with the primary mission of providing advisory insurance underwriting and rating information to insurers. They recently conducted a Building Code Effectiveness Grading Classification survey for Emery County. The letter outlined how they graded various aspects of our county's building codes and their enforcement. They measured the resources and support available for building code enforcement. They also evaluated how those resources applied to the mitigation of the natural hazards common to the specific jurisdiction. The measurements they used were then developed into a Building Code Effectiveness Classification number on a relative scale from 1 to 10, with 10 representing less than the minimum recognized protection. Emery County received a classification of 4 with total points earned of 74.53. For a rural county we did well.

*Commissioner Sitterud*

Emery Telcom has removed the phone from Emery. Emery has searched out a pay phone company to install a pay phone, but no one seems to want to put one there. Emery residents have experienced problems with people coming off of I-70 knocking on their doors at all hours of the night looking for a phone because they have run out of gas. Commissioner Sitterud contacted Emery Telcom who suggested putting a courtesy phone similar to the one in the courthouse. The phone is for local calls only or credit card calls. Emery County would have to pay the monthly service charge. The Commission will be looking into what to do on this matter.

Commissioner Sitterud will be attending a meeting on Monday with the Governor and the board for the Wild and Scenic Rivers.

COMMISSION MEETING MINUTES  
JANUARY 17, 2003

**OTHER BUSINESS**

Commissioner Ira Hatch made a motion to add a claim to be paid for the dozer that was approved as a requisition earlier in this meeting. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(1)  
**PAT GUBBINS, BLM, QUARTERLY UPDATE.**

Pat Gubbins provided a quarterly update of BLM activity as follows:

✦ Their most recent development is the signing of the decision of record regarding their Route Designation Plan for the San Rafael. There is 677 miles of route left open In combination with BLM system roads and county Class B Roads that amounts to about 2000 miles of routes that are available for motorized recreation. They had many responses from the public both local and from other areas. They are looking forward to the responses they will receive now through the thirty day appeal process.

✦ The Route Designation Plan will now become part of their Resource Management Plan which is the Land Use Plan for the Price Field Office. They will have a three to four month process to develop draft alternatives.

✦ The Wild & Scenic River draft should be out in the next two to three weeks.

✦ They have had early discussions with Texaco-Conoco for drilling wells in Huntington Canyon.

(2)  
**MESIA NYMAN, FOREST SERVICE, QUARTERLY UPDATE.**

Mesia Nyman, Forest Service provided the following Forest Service update:

✦ Wild & Scenic River- they have studied comments. They are now in the eligibility phase. They recommended two rivers for eligibility in Emery County on Forest Service land. Left Fork of Huntington Creek and Lower Huntington Creek.

✦ Drought- there are Farm Bureau hosted meetings on drought in Richfield, Moab, Ephraim and Cedar City on February 20 and 21, 2003. They will be attending these

Commission Meeting Minutes

and hopefully get some information that they can use on our drought situation here. Elaine Zeroth, Forest Service Supervisor has sent out a letter to permittees regarding the drought. Some of the points brought out in the letter were that last year was the driest in southern Utah in 108 years of record. The drought in 2002 was so severe in some areas that grasses never broke dormancy. The end of the year for the Price/San Rafael River Basin they ended with 62% of normal. As a result many plants are in poor health and low vigor. This is perhaps a condition that cannot be alleviated by receiving normal moisture. There will be scientist at the Farm Bureau meeting that will be discussing that issue. They have some recommendations from experts in drought management to help permittees plan before the season hits. They anticipate going onto the ranges with fewer numbers. They would like to work with the permittees, perhaps form a committee with rangeland experts to go out with them to look at allotments to determine the best management strategy.

✦ Sky Haven Resort, Ferron Reservoir- they have not heard from the owner as of December 31, 2002. The option at this point is removal of the facility. If they come in with a buyer they may look at an option.

✦ Forest Plan- they are looking at revising the plan. Current one was written in 1986 They will meeting with the Commissioners to look at the County's desires. Public meetings in April.

✦ Evidence of Canada lynx found in Joe's Valley last year prompted a study which found no new samples of the lynx in the Manti-LaSal National Forest.

(3)

**DERRIS JONES, DWR, QUARTERLY**

Derris Jones, DWR provided the following quarterly update:

✦ Chronic Wasting Disease is working its way here. They are keeping watch on deer to get the sick ones tested as soon as possible.

✦ They are watching for Hemorogic Disease, which is a disease in deer related to Blue Tongue disease in sheep.

✦ 25 sheep have been transplanted to Dirty Devil (19 ewes and 6 rams)

✦ Winter has been kind to big game. They may escape the depredation problem. On the other hand there is little foliage to sustain. We need moisture.

✦ He presented the Commission with a letter and check from Kevin Conway. The check was for \$2,751.31 for 2002 contractual in-lieu payment of land the DWR owns in Emery County. The funds are provided by sportsmen.

(4)

**MIKE DUNWOODY, DISCUSSION OF SUGGESTIONS TO IMPROVE THE EMERY COUNTY PUBLIC LANDS COUNCIL.**

Mike Dunwoody made a presentation on behalf of several special interest groups in Emery County. The group requested to have the Board of Commissioners consider a draft charter for the Public Lands Council. The group feels that all aspects of the community are not being represented in the Public Lands Council. They believe that reports they send to the PL council get filtered out by the council and never make it to the Commission for review. He suggested creating a steering committee made up of stake holders. He proposed creating a new charter that the council could consider. Commissioner Hatch indicated that the Public Lands Council has a charter that works. The Board of Commissioners would not be interested in looking at creating a new charter at this time. He suggested that they submit their proposal at a Public Lands meeting.

**(5)**  
**CONSIDERATION AND APPROVAL OF LETTER OF AGREEMENT BETWEEN FOUR CORNERS COMMUNITY BEHAVIOR HEALTH, INC. AND EMERY COUNTY SHERIFF'S DEPARTMENT FOR DRUG COURT OFFICER.**

Commissioner Gary Kofford made a motion to approve the agreement between Four Corners Community Health, Inc. and Emery County Sheriff's Department for a Drug Court Officer. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**CONSIDERATION AND APPROVAL OF RESOLUTION AUTHORIZING THE**

**ISSUANCE AND SALE OF \$1,000,000 PRINCIPAL AMOUNT OF GENERAL OBLIGATION PUBLIC PURPOSE BONDS, SERIES 2003A OF CASTLE VALLEY SPECIAL SERVICE DISTRICT AND PROVIDING FOR RELATED MATTERS.**

Darrell Leamaster, Castle Valley Special Service District explained that in November of 2001 the voters of Emery County approved a \$12,000,000 bond for CVSSD to implement road improvements and drainage projects. They are now in the process of issuing that bond in the form of a \$1,000,000.00 general obligation public purpose bond. Kent Michie, Zions Public Finance and an associate Alex Buxton provided a breakdown of the financial part of the bond. Commissioner Ira Hatch made a motion to approve Resolution 2-04-03A providing for the issuance and sale of \$1,000,000 principal amount of General Obligation Public Purpose Bond, Series 2003A of Castle Valley Special Service District. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(8)**  
**CONSIDERATION AND APPROVAL OF RESOLUTION AUTHORIZING THE ISSUANCE AND SALE OF \$2,100,000 PRINCIPAL AMOUNT OF GENERAL OBLIGATION PUBLIC PURPOSE BOND, SERIES 2003B OF CASTLE VALLEY SPECIAL SERVICE DISTRICT; AND PROVIDING FOR RELATED MATTERS.**

Resolution 2-04-03B provides for the issuance and sale of \$2,100,000 general obligation public purpose bond for Castle Valley Special Service District to relocate the sewer lagoons in Ferron. Mr. Michie and Mr. Buxton explained the breakdown of the financial part of the bond. Commissioner Gary Kofford made a motion to approve Resolution 2-04-03B authorizing the issuance and sell of \$2,100,000.00 principal amount of General Obligation Public Purpose Bond, Series 2003B fo Castle Valley Special Service District. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

In connection with the issuance of the Series 2003B, Mr. Michie asked that the Board of Commissioners sign a letter which outlines an apparent conflict of interest.

**(9)**  
**REVIEW OF COUNTY GRAMA PROCEDURES AND ASSOCIATED FORMS.**

Commissioner Sitterud discussed the procedure for handling GRAMA requests. Clerk/Auditor Bruce Funk explained that the request is made in form request. Depending on the information requested, the requester is told how much time is needed to compile the information. The requester picks up the information and is charged for the copies. The Clerk/Auditor keeps the original request on file. It was suggested that the Attorney should be informed of all GRAMA requests. David Blackwell questioned if the affected department head should be informed as

well as the Commission. Senior Deputy Clerk/Auditor suggested that maybe the GRAMA should originate in the Attorney's office. Commissioner Ira Hatch made a motion to see what procedure is in place at this time, to get with the elected officials and come back to the Commission with a recommendation. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**COMMISSION REPORTS**

*Commissioner Kofford*

Commissioner Kofford reported that there will be a town meeting held by Four Corners Behavioral Health at the Castle Dale Senior Center on February 5, 2003. This will be the public's opportunity to meet with the staff and offer suggestions for improving services. He also reported that he has put together a Fair Board which will meet February 6, 2003 at 6p.m.

*Commissioner Hatch*

Commissioner Hatch met with the Scenic By-Way Committee. They expressed their concerns and plans for a low wattage radio station. Commissioner Hatch indicated to them that the county would not be able to help with funding at this time. Commissioner Hatch and Commissioner Kofford will be meeting with UAC on February 30, 2003 to discuss moving the Wilderness Bill statewide. He reported on a meeting with SITLA regarding coal bed methane accounts to track some funding problems.

*Commissioner Sitterud*

Commissioner Sitterud reported that he and Dixie Swasey were supposed to meet with Grand County to get the annexation plat map signed. They received word from Grand County that they would not be signing the map. The Commission will be getting a new plat map that does not include Grand County. The Commission will have to resign the plat map already approved to be signed. He reported that Dinosaur Diamond, an organization that promotes the dinosaur sites in Carbon and Emery County, printed their maps omitting Emery County's Dinosaur Quarry. Emery County has pulled support for this group. Marlin Eldrid, Economic Development has been asked to be chairman of the organization. Commissioner Sitterud reminded him that if he accepts he is not to attend meetings on county time or use county vehicle to attend the meetings. He will not be representing Emery County. He met with the Natural Resource Department regarding the Wild & Scenic River Act. While there he met with Kevin Conway regarding the migration of wolves in the state.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

FEBRUARY 18, 2003

Present at the meeting was Commission Chairman Drew Sitterud, Commissioner Ira Hatch, Commissioner Gary Kofford, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

A prayer was offered by Sheriff LaMar Guymon. The pledge was led by Commissioner Drew Sitterud.

(1)  
**BARBARA MCKELL, DISCUSSION OF PROPERTY TAX ASSESSMENT ON OFFICE BUILDING.**

Barbara McKell did not attend the meeting.

(2)  
**KATHLEEN TRUMAN, HISTORIC PRESERVATION COMMISSION, REQUEST PERMISSION TO RELOCATE EMERY COUNTY ARCHIVES IN THE OLD SHERIFF'S OFFICE ON A SHORT TERM BASIS.**

Kathleen Truman, State History explained that History Archives is currently housed in a house owned by Emery County School District. The School District has notified them that they need the building by March 1, 2003. Kathleen indicated that they have searched for another building to house the archives but have not been able to find another place that can accommodate their needs. They need an area for administrative, public access to records, archive processing( not accessible to the public) and a storage area. She asked to have Emery County Archives relocate in the old sheriff's building on a short term basis. Commissioner Hatch indicated that there are a few problems that need to be addressed at the old sheriff's building. The sewer has problems and Sheriff Guymon still has some things in there that need to be removed. Commissioner Ira Hatch made a motion to allow the Emery County Archives to relocate at the old sheriff's building on a short term basis, until June, contingent upon working out the sewer problems and shuffling the items still being stored in the building. The motion was seconded by Commissioner Gary Kofford and approved by all members present. The Commissioners will get with Sheriff Guymon and look at the building to see what is available.

(3)

### **CITIZEN CONCERNS**

There were no citizen concerns.

(4)

### **CONSIDERATION FOR ADOPTION OF A RESOLUTION APPROVING THE ADOPTION BY THE MUNICIPAL BUILDING AUTHORITY OF EMERY COUNTY, UTAH OF A PARAMETERS RESOLUTION AUTHORIZING THE ISSUANCE OF NOT MORE THAN \$162,000 LEASE REVENUE BONDS, SERIES 2003; AND RELATED MATTERS.**

Alex Buxton, Zions Public Finance presented Resolution 2-18-03 approving the adoption by the MBA of Emery County of a Parameter Resolution authorizing the issuance of not more than \$162,000.00 lease revenue bonds, Series 2003. Adoption of this resolution gives the MBA the authority to issue bonds.

Commissioner Ira Hatch made a motion to adopt Resolution 2-18-03 approving the Municipal Building Authority of Emery County to adopt a Parameters Resolution authorizing the issuance of not more than \$162,000.00 lease revenue bonds, Series 2003 and related matters. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(5)

### **CONSIDERATION AND APPROVAL OF BUSINESS LICENSE AND BEER LICENSE FOR MILLSITE GOLF COURSE RESTAURANT.**

A business license and beer license for Rick Simons and Robyns Simons BDA: Millsite Restaurant was presented for approval. Zoning Administrator, Bryant Anderson had reviewed and signed the business license application. Sheriff Guymon had signed the beer license application which was for Class B and Class C retail sales of beer. Commissioner Ira Hatch made a motion to approve a business license and a beer license for Rick and Robyn Simons DBA: Millsite Restaurant as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(6)

### **APPOINTMENTS TO PUBLIC LANDS COUNCIL**

The Public Lands Council has met and made the following recommendation for two year appointments to their board: Dixon Huntington, James Gilson, and Dennis Worwood. They would also like to recommend Tory Killian and Margaret McMullin as ex officio members for two years. There was some question as to whether the two individuals qualify as ex officio (ex-official) members or should simply be non-voting members. There was also question as to the length of term for these members. Commissioner Gary Kofford made a motion to appoint Dixon

Huntington, Dennis Worwood and James Gilson for two year terms and Tory Killian and Margaret McMullin as non-voting members for two year terms, also to change the wording in the charter to reflect non-voting members and the terms to correspond with the board terms as stated in the charter. The motion was seconded by Commissioner Ira Hatch and approved by all members present. Public Lands Director Ray Petersen had left the meeting for a time so he was not present to clarify the wording in the charter. Mr. Petersen later clarified the wording as stating they may have *ex officio or* non-voting members for two year terms. He will discuss the wording of the charter in their next Public Lands meeting.

(7)

**APPOINTMENTS TO PLANNING/ZONING COMMISSION**

Planning & Zoning Commission recommended re-appointing Judy Ann Scott and Merrill Duncan to their board. They also had two other individuals who indicated they would like to serve, therefore they recommended appointing Chris Rowley and Julie Johansen as non-voting members to their board. Commissioner Gary Kofford made a motion to re-appoint Judy Ann Scott and Merrill Duncan to the Planning & Zoning Commission as well as Chris Rowley and Julie Johansen as non-voting members to that board as recommended. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF PROJECT AGREEMENT BETWEEN U.S. FOREST SERVICE AND EMERY COUNTY FOR FERRON-MAYFIELD PROJECT.**

Road Supervisor, Rex Funk explained the agreement between the U.S. Forest Service and Emery County for Ferron-Mayfield Project. The county will prepare the road and the Forest Service will purchase the Magnesium Chloride and participate in supplying water and equipment. There was a question on the indemnity clause in the agreement. There was a clause to indemnify the Forest Service but not one for the County. There was discussion that a clause to indemnify the county needs to be added or have the indemnity clause struck from the agreement.

Commissioner Ira Hatch made a motion to approve the project agreement between U.S. Forest Service and Emery County for Ferron-Mayfield project striking clause C1(indemnity clause) from the document. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(9)

**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Bruce Funk presented the Warrant Check Edit List # through and including # for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
07-03	In-Band ANI Display Dispatch-911	2,129.45	Approved
08-03	Public Lands Day Plaque Public Lands	650.00	Approved

One disposition was presented for asset # 138-7190 a high back black vinyl chair from GIS.

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List, additional claims, requisitions and disposition as presented. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Mr. Funk reminded the Commissioners that they need to be available to sign documents for the Castle Valley Special Service District Bond on March 10, 2003. The closing will be on March 21, 2003. He informed them of House Bill 358 with regard to county fund balance. This bill is sponsored by House Representative Bradley Johnson. They are working on getting the wording workable for all counties affected. The bill provides counties with sufficient funds to operate without the need to borrow money to sustain them for the year.

Commissioner Hatch made a motion to amend the motion to include a claim to pay Grand County \$200.00 for the items in the visitor center that Emery County would like to have left in the center. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(10)**

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION**

There were no items for approval.

## **COMMISSION REPORTS**

### *Commissioner Hatch*

Commissioner Hatch reported on a successful day at the Legislature. He made some good contacts. He will be attending the State Weed Conference with James Nielsen on Thursday, February 20, 2003. There will be a drought effect meeting in Manti on the 20<sup>th</sup> of this month. He received an update from Utah Power and Light regarding Electric Lake/Skyline Mine. They are in the process of setting up a meeting with Emery, Carbon and Sanpete Counties to go over that issue.

### *Commissioner Kofford*

Commissioner Kofford reported that the Planning Commission is in the process of updating current zoning ordinances. GIS recently completed a GPS project of all the houses in Emery County. This can now be put on layer maps to possibly do multiple zoning such as water and sewer lines and other available services. The Animal Control Ordinance is currently being looked at by Animal Control Officer Martin Wilson and Emery Animal Health Veterinarian Dr. Glen Jensen. We will have to review it and set up public meetings.

### *Commissioner Sitterud*

Commissioner Sitterud reported on the BLM RAC meeting he attended where they explained their travel plan. They are trying to justify closing some roads that we do not agree on. Some of the roads they have closed go down rivers that they are trying to justify as Wild & Scenic Rivers. We will need to watch that effort and try to stay on top of it. In that same meeting they proposed a sub-committee to look over the Resource Management Plan (RMP) for the San Rafael. The sub committee is made up of several local people. Commissioner Sitterud is part of the staff to work with the committee which includes Commissioner Kofford, Dennis Worwood, Tracy Jeffs and Neal Peacock. There are five other members from throughout the state that will work with the committee. They will take all the information that the contractor has gathered from the RMP as well as the comments from the bureau in the Price office. They will read through the information and comments then formulate their own comments on what should be in the RMP. They will take their recommendations back the RAC.

Kevin Conway, Director of DWR will hold a public meeting at the AOG in Price on Thursday. At the meeting he will try to explain the reasoning for introducing fifty wolves on Ferron Mountain.

Randal Stilson asked for a report on the Joe's Valley low water boat ramp request for funding. Commissioner Sitterud reported that it was denied. The denial was based on the requests from other locations with more interest for use such as Deer Creek, Lake Powell, Jordanelle, Strawberry and other high use boat ramps in the state that are in more trouble than we are here.

HELD IN THE EMERY COUNTY COURTHOUSE

MARCH 4, 2003

Present at the meeting was Commissioner Drew Sitterud, Commissioner Ira Hatch, Commissioner Gary Kofford, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

A prayer was offered by Bryant Anderson.

**(1)**  
**PRESENTATION OF THE FLAG, SCOUT TROOP.**

Troop 328 from Castle Dale 2<sup>nd</sup> Ward presented the flag. The ceremony included the following individuals: Scoutmaster, Clay Oliverson, Assistant Scoutmaster, Mark Seely, Senior Patrol Leader, Chad Larsen, Scouts, Wade Addison, Mark DeFriez, Cameron Jensen, Mike Jensen and Brantz Woolsey. Cameron Jensen read the story of the American Flag and the congregation was invited to join in reciting the Pledge of Allegiance.

**(2)**  
**CONSIDERATION AND APPROVAL OF RESOLUTION PROCLAIMING MARCH 29, 2003 AS "SCOUTING FOR FOOD DAY" IN EMERY COUNTY.**

The Boy Scouts of American each year conduct a food drive called "Scouting for Food" to raise needed food items for food banks, abuse shelters, food pantries, homeless shelters, and other needy groups and organizations. Emery County would like to assist the Scouts in conducting and successfully completing their food drive. Resolution 3-04-03A is a statement of support proclaiming March 29, 2003 as Scouting for Food Day. The resolution strongly encourages all citizens of Emery County to contribute generously to the Scouting for Food Drive. Emery County Food Bank is the recipient of the donations in Emery County. Commissioner Ira Hatch made a motion to adopt Resolution 3-4-03A declaring March 29, 2003 as "Scouting for Food Day" in Emery County. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(3)**  
**DEB DULL, UTAH POWER, QUARTERLY UPDATE.**

Deb Dull, Utah Power & Light Coordinator provided a brief quarterly update as follows:

COMMISSION MEETING MINUTES  
MARCH 4, 2003

✦ UPL utility bills will look different in about six weeks. This is in an effort to make the statements easier to understand.

✦ They have been active in the communities on various issues.

Mark Mansfield, Hunter Plant Managing Director provided the following update:

✦ Regarding Hunter Plant Unit Four, there are a lot of rumors that they are ready to build unit Four, however it has not been permitted yet. He has reviewed the final permit application. The intent is to in the very near future to file the application to get all the permits they need to build the unit. It is estimated that can take anywhere from ten months to a year to get the permitting. That is when everyone will get the chance to give public comment. There will public hearings and issues will be aired. Until they receive the actual permit they can not start. A couple of things are troubling to UPL. They are regulated by six states that are holding companies. Each state has a stand alone power company. Each state regulates their power company and then it rolls to a holding company. Each state holds a percentage of UPL assets. Hunter Plant is owned about 35% by the State of Utah, Wyoming has a chunk, Idaho, Oregon, Washington, etc. We have to have an agreement by all states to build a new plant. Wyoming is fine with building a new plant except they want it built in Wyoming because they want the jobs and their fuel to be used. Oregon and Washington do not really like coal. They would like to see wind plants or something like that built. The company is not going to spend close to a billion dollars not believing they can get recovery on two thirds of it. Regulators realize that we need to get his resolved. Utah will be in desperate need of power in the next few years. We have got to get the ability to build some new resource. There is a lot of work going on with all the state public service commissions. They have an integrated resource plan that has to be supplied to all the regulating entities with a demand forecast. It shows Utah needs several base load units to supply the demand plus some peaking units. It is their hope that Hunter Four would be the first of those base load units. Hunter is the logical place to build. We have the transmission, the water and the infrastructure. They are hopeful that they can get all the details worked out. They intend to file the permit application and get that started even though they do not have some of the pieces put together.

✦ Hunter Plant does not have an overhaul this year. Usually that brings in outside labor. The hotels and restaurants usually see a jump in business. They do have a lot of capital work scheduled this year. In April they will be doing a major piping job on their scrubber. Most of the workers will be pipe-fitters and laborers. They expect the people to be staying here. The project will go over a six/seven week time period. There will be quite a bit of activity in the local economy.

✦ They were able to avoid leasing additional water from Cottonwood and Ferron. They have reviewed their water situation and feel secure that they have enough water to run full load.

✦ Hunter Plant was scheduled to go to about 204 people for their workforce. They have had some changes in that plan. Their workforce target is now 233. They are at about 200 at this time. They will be looking at adding about 33 people to their workforce. They will be mostly

COMMISSION MEETING MINUTES  
MARCH 4, 2003

skilled people such as journeymen. There are some in this area that they are taking a hard look at. Some may have to come from outside the area. They may get into some entry level positions. They are hoping that some of the people here in Emery County can get on with them.

(4)

**DELENA FISH, DWF, QUARTERLY UPDATE.**

Delena Fish, Department of Workforce Services provided a quarterly update as follows:

- ✦ Their open house last week was well attended.
- ✦ Unemployment in Emery County is the highest in the state at 10.1%

She thanked the Commissioners for their continued support.

(5)

**MIKE McCANDLESS, EMERY TELCOM, QUARTERLY UPDATE.**

Mike McCandless provided the following quarterly update as follows:

✦ They will be doing an upgrade on their fiber optic backbone. This upgrades the capacity of facilities from three times to twelve times the capacity. They hope to get fiber optic into Wellington this year.

✦ They are operating with 110 employees.

✦ The call center is in its eighth year. They are looking at putting in additional resources to grow that business. DSL and Internet continue to do extremely well. DSL continues to grow each year.

✦ They are continuing with their schools education initiative. They contribute \$30,000.00 to \$35,000.00 a year in dollars and services to the schools. They are getting ready to do scholarships and contests for kids. They have received national recognition for this program.

(6)

**ROBERT GREENBERG, PRESENTATION AND REVIEW OF FOUR CORNERS  
COMMUNITY BEHAVIORAL HEALTH AUDIT FOR YEAR ENDING 6/30/02.**

Robert Greenberg, Four Corners Community Behavioral Health explained that a few years ago they switched from a multi-county organization to a private non-profit organization. They are required to have a single audit. Two years ago they went through the bid process for the audit. Smuin, Rich and Marsing were the only bidders. They close their year at the end of June. They presented the audit to the board of trustees at their January meeting. They are presenting the audit to the County Commissioners. They are required to have a signed certificate from the

COMMISSION MEETING MINUTES  
MARCH 4, 2003

governing board. Commissioner Gary Kofford made a motion to sign the certificate of notification. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

**BARBARA McKELL, DISCUSSION OF PROPERTY TAX ON PERSONAL AND BUSINESS PROPERTY.**

Barbara McKell came before the Board of Commissioners to inquire as to what can be done to lower the certified tax rate in Emery County. She compared tax notices for property she owns in Utah County to property she owns in Emery County. The property in Utah County is assessed at \$249,000.00 with a tax of \$1,200.00 and the property in Emery County is assessed at \$129,000.00 with the same tax of \$1,200.00. She stressed that Emery County is the highest taxed county in the state. Kris Bell, Emery County Assessor provided a brief summary of taxing structure. Steve Farrell and Helen Hansen, Real Property, Emery County's Representative from the State Tax Commission Office was present to address and review the taxing structure. Mr. Farrell pointed out that the tax rate is based on estimated property value and indebtedness requests from the taxing entity's budget. He pointed out that each property owner has the opportunity each year to appeal their tax values. He also pointed out that the school district receives the bulk of the tax which is mandated by the state. Commissioner Sitterud pointed out the shift of tax burden to the home and business owner as a result of centrally assessed tax payers such as UPL appeals. Ms. McKell asked if the Commission could find a way to lower the tax burden on business owners. The Board of Commissioners asked Ms. McKell to write to the Tax Commission. The only way taxes could be cut would be to cut services or if there was a change in the tax base.

(8)

**JACKIE WILSON, HUNTINGTON CITY, REQUEST FOR PROPERTY TAX ABATEMENT.**

Jackie Wilson, Mayor of Huntington came before the Board of Commissioners to request an abatement for property Huntington City recently acquired on Main Street. They need to get the asbestos abatement done on the building before it can be torn down. Taxes are left owing in the amount of \$3,426.85. Mayor Wilson asked to have some or all of taxes abated so they can move forward. Commissioner Hatch commented that this has been a worthwhile, hard issue. Commissioner Gary Kofford made a motion to abate 50% of the \$3,426.85 property taxes owing. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

**REQUEST FOR DONATION FOR EMERY COUNTY COMMUNITY THEATER.**

COMMISSION MEETING MINUTES  
MARCH 4, 2003

Paul Jensen made a request for a donation to the Emery County Community Theater. This year they will be putting on the production of Joseph and the Amazing Technicolor Dream Coat on April 10, 11, 12 & 14, 2003. Commissioner Gary Kofford made a motion to donate \$250.00 to the Emery County Community Theater. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**CITIZEN CONCERNS**

There were no citizen concerns.

(11)

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

MARCH 18, 2003

Present at the meeting was Commission Chairman Drew Sitterud, Commissioner Ira Hatch, Commissioner Gary Kofford, Attorney David Blackwell, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

A prayer was offered by Rex Funk. The pledge was led by Bruce Funk.

(1)

**DARREL LEAMASTER, CONSIDERATION AND APPROVAL OF EMERY COUNTY'S PERMANENT COMMUNITY IMPACT FUND PRIORITY LIST.**

Darrell Leamaster representing Emery County's Permanent Community Impact Fund Board presented their short term and medium term local capital improvement priority list. In order to be considered for funding the projects must be priority listed and submitted to the Community Impact Fund Board by April 1, 2003. Commissioner Ira Hatch made a motion to approve Emery County's Permanent Community Impact Fund Priority List, Short Term and Medium Term, as presented. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(2)

**JAY MARK HUMPHREY, SEEKING APPROVAL TO INSTALL A SEVEN METER RADIO TOWER ON COUNTY PROPERTY BY WATER TANK.**

Jay Mark Humphrey, Emery Water Conservancy District requested approval to install a seven meter radio tower on county property by the water tank located on Road #416(Des Bee Dove Road). He explained that last fall they received a grant from the Department of Commerce to install an informational system throughout the county to help resolve conflicts as a result of natural resources. Sites designated were Huntington State Park and Ferron-Millsite Park. They tested the communication system between Huntington North and Horn Mountain and the distance is too far. They need a repeater to shorten the distance. The distance is about 22 miles from Huntington North to Horn Mountain. Installing a repeater tower at the proposed location near the water tank on Road #416 will shorten the distance to about eleven miles. He indicated they will only need to disturb about four feet of space. Commissioner Hatch suggested that he get with Darrell Leamaster to determine

the location for the tower. Commissioner Gary Kofford made a motion to allow Emery Water Conservancy District to install a radio tower on county property near the water tank on road #416(Des Be Dove Road) and to work with Darrell Leamaster to determine the best location for the tower. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Mr. Humphrey explained that this will provide real time, public information at the State Park. Hopefully they will put one in Joe's Valley, the desert, and the museum. Tourist or anyone traveling in the area can go there to get information about trail heads, weather and road conditions, sites to see in the area, etc.

**(3)**

**CITIZEN CONCERNS**

Bert Oman expressed concern on behalf of the Emery County Historical Society. They are concerned about many historical sites that are becoming inaccessible due to BLM road closures.

Bruce Funk informed the Commissioners that as an elected officer of Emery County, pursuant to section 17-16a-7 of the Utah Code, he must disclose his ownership of the business known as B&T Builders & Supply of Clawson, Utah. His business is a valid general contracting and paint contracting licensed under the State of Utah.

**(4)**

**CONSIDERATION AND APPROVAL OF CONTRACT WITH LENARD STULL TO PERFORM FORESTRY FORK FOR TIMBER HARVEST CONDITIONAL USE PERMITS.**

Commissioner Gary Kofford made a motion to table this item. The motion was seconded by Commissioner Ira Hatch and approved by all member present.

**(5)**

**CONSIDERATION AND APPROVAL OF AMENDED JANITORIAL CONTRACT.**

In recognition of changed circumstances with the completion of the Emery County Jail and Courts Complex the Commission agreed that the Building Maintenance Service Agreement between Castle Valley Maintenance, Dennis Fuller and Emery County should be amended. In recognition of the extra work involved with the larger complex it was recommended to pay Dennis Fuller an additional \$1,000.00 per month, making the total monthly payment of \$4,950.00 per month. Dennis will no longer be responsible to provide services at the old Emery

County Sheriff's Office and Detention Center. All other terms and conditions set forth in the service agreement dated January 4, 2000 shall remain in full force and effect. Commissioner Gary Kofford made a motion to approve amending the Building Maintenance Service Agreement between Castle Valley Maintenance and Emery County as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

**REX FUNK, ROAD DEPARTMENT, REQUEST TO PURCHASE EQUIPMENT.  
DISCUSSION AND APPROVAL OF BOTT LANE BRIDGE PAINTING PROJECT.**

Rex Funk, Road Supervisor requested approval to purchase a tandem axle jeep dolly at the Landfill. Approval was granted on January 21, 2003 to purchase a dozer. Because of the added weight of the dozer they will need to purchase a tandem axle jeep dolly to transport the dozer. Last year he was instructed to purchase port-a-potty units to eliminate the need to rent them. He reported that he had a requisition being presented today to purchase the port-a-potty units. He has been looking into whether to purchase or construct trailers to transport the units. One pair of units will be available for other needs in the county.

Mr. Funk discussed the Bott Lane Bridge. The bridge has been listed by the state as having significant rusting. The state inspectors recommended sand blasting and redoing the deck. Mr. Funk indicated structurally, the deck seems to be in fairly good shape. There is some visible rusting. There was discussion as to whether to let it be for now and save the money that would be spent on a cosmetic fix if the condition of the bridge warrants reconstruction in the near future. Johansen & Tuttle engineers have reviewed the condition of the bridge. They have determined the life of the bridge would likely be ten years. They recommend painting the deck and the stringers. Commissioner Gary Kofford made a motion to go ahead with the painting as recommended by Johansen & Tuttle Engineering. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF BLM RIGHT-OF-WAY  
APPLICATION UTU-78843**

Rex Funk, Road Supervisor explained that in December 2002 the Road Department submitted right-of-way application UTU-78843 for construction of a 2.1 mile section of access road on public land in Emery County. The road segment is needed to replace a washed-out section of County Road 1011(Dugout Road).. The right-of-way granted is 33 feet in width and 11,100 feet in length, and contains 8.4 acres, more or less. Eventually Emery County will need to abandon the segment of road that will be replaced. Commissioner Ira Hatch made a motion to approve the BLM right-of-way application UTU-78843 and instruct Rex Funk to start procedure to

4

Commission Meeting Minutes  
March 18, 2003

abandon that segment of county road left by the new alignment. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL TO REQUEST UTAH POWER AND LIGHT TO RELOCATE POLE ON SOUTH MOORE ROAD.**

Rex Funk, Road Supervisor requested approval to request Utah Power and Light to relocate a power pole on South Moore Road. The pole is in the way of South Moore Project. Utah Power and Light requires a minute entry and letter from the Commission to move the pole. Commissioner Ira Hatch made a motion to direct a letter to Utah Power and Light requesting they move the power pole on South Moore Road. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Rex indicated that they also need to move the air vac valve. Commissioner Ira Hatch made a motion to do what is needed to move the air vac valve. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF APPOINTMENTS TO ECONOMIC DEVELOPMENT COUNCIL.**

Marlin Eldred, Economic Development Director recommended Mark Stilson and Sue McNee to be appointed to the Economic Development Council as per recommendation of the Council. Commissioner Gary Kofford made a motion to appoint Mark Stilson and Sue McNee as members of the Economic Development Council Board. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF APPOINTMENT TO EMERY COUNTY TRAVEL BUREAU.**

The Travel Bureau had one vacancy to fill from the east side of the county. Applications were

requested to fill the vacancy. The Travel Bureau recommended Doug Richards from Green River to be appointed to the board. Commissioner Ira Hatch made a motion to appoint Doug Richards to the Travel Bureau. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(11)

**CONSIDERATION AND APPROVAL OF APPOINTMENT TO EMERY WATER CONSERVANCY DISTRICT.**

Commissioner Ira Hatch made a motion to table this item. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(12)

**APPROVAL OF AMENDED AGREEMENT FOR SERVICES TO DYNAMIC FEEDBACK.**

Dynamic Feedback is the corporation working on a public opinion survey regarding the San Rafael designation as a national monument. On January 21, 2003 the Board of Commissioners signed an agreement to pay Dynamic Feedback contingent upon receiving at least \$97,733.81 from the state. Dynamic Feedback has requested we add wording in section F. #5. They requested the section to read: This Agreement is contingent on Emery County receiving at least \$97,733.81 from the State of Utah, 'the BLM and other non-county sources'. If the funds are not received, it is understood by both parties that this Agreement is null and void. Commissioner Ira Hatch made a motion to add the wording ' the BLM and other non-county sources' to the agreement. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(13)

**CONSIDERATION AND APPROVAL OF AGREEMENT WITH BLM FOR LAW ENFORCEMENT.**

The Board of Commissioners discussed an assistance agreement between BLM and Emery County to place law enforcement, a deputy, on and near the San Rafael area. The deputy will enforce the civil and criminal laws of the State and/or county on the public lands, water, roads, and trails administered by the BLM. The BLM will fund the wages of \$40,000.00 including wage and benefits for the deputy. Emery County agrees to provide a vehicle and equipment as well as quarterly activity reports as to number of patrols made, miles traveled, hours worked, arrests made on public lands, incidents investigated, assistance given to BLM personnel, etc. The BLM agrees to fund a deputy to patrol as proposed for a five year period after which the

funding will end. The agreement does not identify the hourly rate at which the deputy will be paid. The Sheriff's Department will use a deputy already working at the department and will need to hire to replace the one assigned to the BLM. Attorney David Blackwell has reviewed the agreement. Commissioner Gary Kofford made a motion to approve the contract/agreement with BLM to provide a full time deputy on the San Rafael contingent upon verification of hourly rate for the officer. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Ira Hatch made a motion to begin the recruitment process for a new deputy with the provision that the new employee is a grant employee and will terminate when the grant terminates. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(14)**

**CONSIDERATION AND APPROVAL OF SETTING TIME/DATE OF MAY TAX SALE AND RELATED MATTERS.**

Clerk/Auditor Bruce Funk requested that the date and time for the 2003 May Tax Sale be set for May 22, 2003 at 10:00a.m. He reminded them that a few years back the Commission agreed to rotate the title searches for the May Tax Sale rather than going out to bid. The title searches for this year will be completed by Professional Title and will be at a rate of \$100.00 per search. Treasurer, Steven Barton reported that he has sent out letters in an attempt to resolve the delinquent taxes before April 15, 2003. After that time the property owner will be assessed a \$250.00 administration fee. Commissioner Gary Kofford made a motion to set the date and time for the 2003 May Tax Sale for May 22, 2003 at 10:00 a.m. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(15)**

**(17)**

**APPROVAL OF COMMISSION MEETING MINUTES.**

Commissioner Gary Kofford made a motion to approve the minutes dated March 4, 2003 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(18)**

**COMMISSION REPORTS**

Commissioner Kofford

Commissioner Kofford reported that Justice Court and District Court anticipate moving into the new facility the first week in April. Court dates in April will be in the new court complex. They are in the bid process for the window treatments at the facility.

On Thursday March 13, 2003 he met with Conoco/Philips where they gave an overview of gas production. They anticipate forty to fifty wells this year. They expect activity to slide off in the next few years.

Commissioner Hatch

Commissioner Hatch reported that he met with the Travel Council in Green River. Green River City is pressing for numbers on Transient Room Tax. We do not have those numbers yet. They are in the process of reviewing the Article of Incorporation (By-Laws) for the Travel Council. They would like to tune it up and make any possible changes.

There were twenty-three people who attended the defensive driving course held in the courthouse on March 14, 2003. They will have the course in Green River on March 21, 2003 .

He will be meeting with UAC leadership on Thursday, March 13, 2003 to begin working on legislative issues for the coming year.

Commissioner Sitterud

Commissioner Sitterud met with Gene Carr regarding the Horse Canyon Project. University of Utah gave the project to College of Eastern Utah. Commissioner Sitterud expressed concern that the project will probably not move forward because CEU does not have the funds to keep it moving.

Commissioner Ira Hatch made a motion to move into executive session to discuss personnel matters. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(19)**

**EXECUTIVE SESSION TO DISCUSS POSSIBLE LITIGATION AND PERSONNEL MATTERS.**

Present at the Executive Session was Commissioner Drew Sitterud, Commissioner Ira Hatch, Commissioner Gary Kofford, Attorney David Blackwell, Personnel Director Pat Snowball, Deputy Clerk/Auditor Carol Cox.

Pending personnel matters were discussed.

Upon returning to regular meeting, the Board of Commissioners instructed Attorney David Blackwell to return at next Commission Meeting with suggestions to resolve the personnel issue discussed in Executive Session.

Commissioner Gary Kofford made a motion to appoint Mark McMullin as 90 day temporary in GIS to assist in GPS work at \$8.50/hr. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(20)**

**ADJOURNMENT**

Commissioner Gary Kofford made a motion to adjourn the meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

MINUTES OF THE REGULAR MEETING  
OF THE BOARD OF EMERY COUNTY COMMISSIONERS  
HELD IN THE EMERY COUNTY COURTHOUSE

APRIL 1, 2003

Present at the meeting was Commission Chairman Drew Sitterud, Commissioner Ira Hatch, Commissioner Gary Kofford, Attorney David Blackwell, Sheriff LaMar Guymon, Deputy Clerk/Auditor Carol Cox, other elected officials and citizens.

A prayer was offered by Ira Hatch. The pledge was led by Gary Kofford.

(1)

**DISCUSSION OF CLAWSON TOWN'S REQUEST FOR LAND TO BUILD A  
BASEBALL DIAMOND.**

Clawson Mayor Carey Bloomer presented the Board of Commissioners with a proposal to have one acre of land in Clawson, owned by Emery County, deeded or sold to Clawson Town for the purpose of constructing a baseball diamond. Clawson consistently has boys on baseball all-star teams and would like to have this type of recreation available for its citizens. Attorney David Blackwell explained that legally one government entity can transfer to another government entity for public purpose. Emery County will need to sign a quick claim deed. Commissioner Ira Hatch made a motion to deed parcel number 01-0011-0016 to Clawson Town contingent upon the Mayor signing a reverter to assure that the property continues to be used for public purpose as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(2)

**CONSIDERATION AND APPROVAL OF WEATHER RADIO TRANSMITTER GRANT  
AGREEMENT AND ASSOCIATED PAPERWORK.**

Sherif LaMar Guymon explained that this is a grant awarded to Emery County in the amount of \$46,276 under the Rural Utilities Service Weather Radio Transmitter Grant Program. The purpose of the grant program is to finance the installation of new transmitters to extend the coverage of the National Oceanic and Atmospheric Administration's Weather Radio System throughout rural America. The grant award is for the purchase and installation of a 300-watt dual transmitter and antenna and miscellaneous expenses. The grant will be supplemented by matching funds of \$24,241.00 including in-kind contributions in the form of tower space and electrical power provided by the county. A letter of opinion from Attorney David Blackwell will accompany other legal documents. Commissioner Gary Kofford made a motion to approve the

COMMISSION MEETING MINUTES  
APRIL 1, 2003

terms relating to a Weather Radio Transmitter Grant Agreement as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all member present.

(3)

**DISCUSSION OF RURAL COMMUNITY ASSISTANCE GRANT AND LETTER OF SUPPORT.**

Commissioner Kofford explained that this is a \$10,000.00 assistance grant offered by U.S. Forest Service for the purpose of promoting tourism. It is a 80/20 grant with Emery County providing 20% in-kind service. Economic Development Director Marlin Eldred suggested a traveling information booth. The booth could have county flags, pamphlets, maps, etc. to give to people interested in visiting our county. The booth could be taken to county and state fairs as well as other events throughout the state to promote tourism in our county. Commissioner Ira Hatch made a motion to issue a letter of support and make application to the U.S. Forest Service for the Rural Community Assistance Grant for the purpose of tourism as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(4)

**APPROVAL OF APPOINTMENTS TO EMERY WATER CONSERVANCY DISTRICT.**

Commissioner Gary Kofford made a motion to table this item. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF RESOLUTION AUTHORIZING CASTLE VALLEY SPECIAL SERVICE DISTRICT TO ENTER INTO A MUNICIPAL LINE OF CREDIT WITH ZIONS BANK FOR \$200,000.00.**

Darrell Leamaster, Castle Valley Special Service District proposed a resolution authorizing them to enter into a municipal line of credit with Zions Bank for not more than \$200,000.00. The line of credit will be a revenue anticipation note to see them through the end of the year when taxes are due. They can draw on this line of credit as needed and pay by December 31, 2003. If they do not need it then they do not pay anything. If they do need it they will pay three quarters under the prime rate for what they use. Commissioner Ira Hatch made a motion to approve Resolution 4-01-03 authorizing Castle Valley Special Service District to enter into a municipal line of credit with Zions Bank for \$200,000.00. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(6)  
**CONSIDERATION AND RE-APPOINTMENT OF 90-DAY TEMPORARY FOR ARCHIVES.**

Emery County Archives requested to re-appoint Dottie Grimes for another 90-day assignment. She has been working various projects. History/Archives still has grant funds available to cover the cost of paying her for another 90 days. According to county policy she must be off for ten days before being re-assigned. Commissioner Kofford wanted to get with Kathleen and see what is needed before making another assignment. Commissioner Hatch suggested the Commission take a look at all 90-day assignments to make sure we are following policy across the board. Commissioner Kofford was concerned about carrying over temporary assignments for more than two appointments. They will take a look at this again in two weeks.

(7)  
**CONSIDERATION AND APPROVAL OF BUSINESS ASSOCIATE AGREEMENT WITH EMERY COUNTY CARE AND REHABILITATION CENTER.**

Attorney David Blackwell explained that pursuant to the HIPPA "Privacy Rule" Emery County Care and Rehabilitation is required to enter into a business associate agreement with third party business associates with whom they may share or grant access to a patient's individually identifiable protected health information. Emery County has been identified as a Business Associate of Emery Care and Rehabilitation. To be in compliance with the Privacy Rule Emery County has been asked to enter into a Business Associate Agreement. Commissioner Gary Kofford made a motion to approve a Business Associate Agreement with Emery Care and Rehabilitation and to note that the agreement covers all entities of Emery County. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)  
**GREEN RIVER MAYOR GLEN D. JOHNSON, DISCUSSION OF PROPOSAL TO ACQUIRE WHITE SANDS MISSILE RANGE TEST SITE LAND.**

Green River Mayor, Glen D. Johnson made a presentation regarding acquisition of property at White Sands Missile Range-Green River Test Site. They hope to acquire the land to grow and help provide affordable housing and to encourage business and industry to locate there. They asked for a letter of support from the Board of Commissioners to add to their portfolio to present for consideration to acquire the land. Commissioner Ira Hatch made a motion to draft a letter of support to Green River City to use in their portfolio to acquire the land at White Sands Missile Range Test Site. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(9)

**PRESENTATION OF BIDS FOR BOTT LANE BRIDGE PAINTING PROJECT.  
CONSIDERATION AND APPROVAL OF BID AWARD AND ASSOCIATED  
PAPERWORK.**

Bids were opened for the Bott Lane Bridge Painting Project. Bids were received from the following: B&T Builders, \$28,365.00, Golden West Painting, Inc., \$29,800.00, Robinson Preioso, Inc. \$62,250.00, Gateway Company, \$83,700.00. The low bidder was B&T Builders. Attorney David Blackwell informed the Board of Commissioners that B&T Builders is owned by Bruce Funk, an officer of the county. When an officer of the county is affiliated with a business that does business with the county that officer must file a disclosure statement. Bruce Funk reminded them that he did as the law states by providing them with a written disclosure statement and reporting his affiliation with B&T Builders in an open meeting to have it entered in the minutes. David Blackwell felt it was important to have a disclosure form on file. Commissioner Ira Hatch made a motion to award the bid to the low bidder, B&T Builders with provision that the necessary form is on record. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(10)

**DISCUSSION OF PROPOSED NAME CHANGE FOR DES BEE DOVE ROAD.**

Montel Seely sent a letter to the Board of Commissioners proposing a name change of that part of

Des Bee Dove Road that is in the county to Pageant Road. He has made the same request at Castle Dale City for that part of the road in city limits. Commissioner Hatch said that the county has had several requests such as this. He suggested that it would be best to wait until the addressing system is in place. When the addressing is finished then we could look the requests for name changes. Commissioner Ira Hatch made a motion to table this request until we have the addressing system in place. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(11)

**DISCUSSION OF LETTER IN SUPPORT OF PACIFICORP'S PERMIT FOR JAMES  
CANYON WELL SYSTEM.**

Emery County needs to send a letter of support to Division of Water Quality to be able to pump water into the Huntington Canyon side of Electric Lake. The James Canyon Well #3 is an additional well that will pump water from the mine to the Huntington drainage. Richard Snowball added that this is the only feasible way to get back the water that we have been losing

COMMISSION MEETING MINUTES  
APRIL 1, 2003

to the Carbon County side. This particular well will go directly into the mine at the largest inflow into the mine. By pumping this well we practically get back all the water that we are losing. It is very important that the county support it. Commissioner Ira Hatch made a motion to send a letter of support for PacifiCorp's permit for James Canyon Well system to the Division of Water quality. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(12)**

**CONSIDERATION AND APPROVAL OF LAW ENFORCEMENT AGREEMENT WITH FOREST SERVICE.**

The Annual Financial and Operating Plan for law enforcement patrol on Forest Service roads in Emery County was presented for consideration. The hourly rate for one category I Peace Officer with suitable patrol vehicle is \$27.00 during the dates specified in the operating plan. The mileage rate is .36 per mile. The total reimbursement is not to exceed \$5,276.00. Commissioner Gary Kofford made a motion to approve the financial and operating plan for law enforcement on Forest Service Roads as stipulated in the agreement. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(13)**

**CITIZEN CONCERNS**

Randal Stilson, Orangeville City Council member asked about the county's intentions for the old Animal Control building in Orangeville. The city would like to get it cleaned up. The Commission will look into it.

Randal Stilson also asked if something couldn't be done about the visiting section at the jail. He found it difficult to hear when visiting with an inmate at the facility. Commissioner Gary Kofford stated he has had several complaints also and asked Sheriff Guymon to get prices on visitation phones.

Steve Barton, Treasurer requested authorization to offer deferments to property owners to extend payments for delinquent property taxes in a effort to keep properties from going to the May Tax Sale. The deferment does not waive the administration fee. Commissioner Ira Hatch made a motion to authorize Steve Barton to negotiate agreements with interested property owners. To work with the Attorney's Office on the terms of the agreements and bring to Commission Meeting each agreement for approval or disapproval. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Steve Barton, as a member of the Mostly Emery County Cycling Association(MECCA),

COMMISSION MEETING MINUTES  
APRIL 1, 2003

requested financial assistance to host their San Rafael Mountain Bike Festival in May. Commissioner Drew Sitterud felt that the donation should come from the Recreation Special Service District. Commissioner Sitterud will work with the Recreation District to get the assistance they need.

Richard Snowball made a plea to re-appointment Kay Jensen to Emery Water Conservancy District. He felt Kay would continue to bring to EWCD the experience he has as a member of Huntington/Cleveland Irrigation Company.

(14)

**DISCUSSION OF COMBINING GIS AND IT DEPARTMENTS. CONSIDERATION AND APPROVAL OF DEPARTMENT HEAD APPOINTMENT.**

Commissioner Sitterud explained that currently the IT Department (Data Processing) has one person, Jeff Guymon. Jeff is really swamped and the department needs another person. We are looking at hiring another person. By combining the two departments there can be cross training to help Jeff in IT. In most of the counties our size the GIS and IT departments are combined. It will help with work schedules, project time lines, stabilize the data structure as well as help with the budget. Commissioner Sitterud provided an organization sheet with pros and cons for combining the two departments. The Board of Commissioners have discussed this several times during budget meetings. Commissioner Sitterud proposed moving Jeff Guymon from Data Processing into the GIS office and call it IT office and put Jeff as department head with Lee Rasmussen, Mick Robinson and Margaret McMullin working under him. Another suggestion was to move Jeff Guymon into the GIS office, blanket it, with Lee Rasmussen as manager over GIS and put Jeff Guymon as the department head over the whole umbrella. There will be no cutting time or wages. Commissioner Hatch stated that he felt by combining the two departments it will save the county money. Personally he likes the first proposal of making Jeff Guymon department head over an IT office with Lee Rasmussen doing the programming and Mick Robinson as GIS Technician and Margaret McMullin working on a part time basis on the RS2477 Road project. He feels that this will be more workable and less disruptive down the road. Commissioner Gary Kofford stated that he does not have a problem with the concept of reorganizing the two departments. He felt the time was not right for reorganizing. Commissioner Ira Hatch made a motion to reorganize the GIS and IT Departments into one IT Department with Jeff Guymon as department head as proposed, leaving Jeff the option to structure the department as he sees fit. Commissioner Drew Sitterud stepped down to second the motion. Commissioner Gary Kofford voted nay on the motion. The motion carried with two ayes and one nay.

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL MATTERS.**

Pat Snowball, Personnel Director presented the following personnel action:

Road Department

Mark Seely has successfully completed his six month orientation on April 7, 2003 and it is recommended that he progress from 12 Entry \$10.89/hr., to 12A \$11.22/hr., effective beginning the next pay period on April 14, 2003. Commissioner Ira Hatch made a motion to approve progressing Mark Seely as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Gordon Nielsen has advised the Road Department that he will be off work for approximately two weeks for health reasons. He does not have enough sick and vacation accrued to enable that period to be paid. It was requested that approval be given to allow coworkers to contribute time to him. Commissioner Ira Hatch made a motion to give Pat Snowball the go ahead to send out a memo to all departments providing an opportunity for those employees who desire to donate time to Gordon Nielsen. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Sheriff's Department

Sheriff Guymon requested approval to hire J.R. MacDonald at Entry Level 1. Commissioner Gary Kofford made a motion to approve hiring J.R. MacDonald. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**COMMISSION REPORTS***Commissioner Kofford*

Commissioner Kofford reported that at fair board meeting they discussed creating a county flag. Emery County is one of the few counties in the state that does not have a county flag. Tyrell Jewkes has been assigned to create a flag. A county wide school contest was discussed to give everyone an opportunity to participate in designing the flag. They hope to have the design in place by the first of May. The flag could then be displayed at our county fair and the state fair in September.

Commissioner Kofford attended UAC training on property tax put on by the Tax Commission. He reminded the Commissioners that we need to make sure we get the letter of appeal in to the Tax Commission if we are going to make the May 1<sup>st</sup> deadline to appeal their decision of the Green River property tax issue.

Commissioner Sitterud and Commissioner Kofford met with concerned citizens regarding ATV use on county roads. There is a meeting scheduled for April 28, 2003 to discuss this more. They hope to have a good turn out of citizens and city officials to get moving on this issue. Commissioner Hatch and Rex Funk will be in St. George at the Road School.

*Commissioner Sitterud*

Commissioner Sitterud reported that the county signed an agreement with BLM for a year round law enforcement officer on the San Rafael area for five years. The terms of the agreement are negotiable at the end of each year. The agreement allows \$40,000.00 a year for the officer's salary to be paid by the BLM and Emery County will provide a vehicle and equipment.

The BLM is going over the Resource Management Plan. Commissioner Sitterud encouraged everyone to give in-put on the RMP as soon as it comes out. The public comment period is the only time we will have any input to the plan.

SUWA has come out against the Flat Top Road that we are redoing. We may be held up on getting that done.

He went to Salt Lake City to close on the bond for \$325,000.00 to finish up the jail, landscaping at the new facility, an equipment building at the new facility and also to do some remodeling at the courthouse after the courts leave the courthouse. We have two quarters to spend those funds.

The Nursing Home put in for grant with the state for a nine passenger bus with lifts. They have

COMMISSION MEETING MINUTES

received it.

All three commissioners met with UPL, Bill and Dale who indicated that they are still proceeding with applications for Unit 4. They made no guarantees as far as Unit 4. They are willing to help us out with water problems. They are willing to come on board with Emery County as far as Wild and Scenic Rivers.

*Commissioner Hatch*

Commissioner Hatch reported that Emery County entered into a co-operative agreement with the Skyline Weed Management Committee. They met in Price and went over some proposed projects for the coming year. One that they settled on was that they get matching funds from the federal government for the Icelander Wash Knapp Weed Project. It will benefit Emery and Carbon County.

Commissioner Hatch and Commissioner Sitterud along with Public Lands Director Ray Peterson met with a contingency of BLM people on the Little Wild Horse Road that has one section that has been washed out. BLM indicated that if we would fix that section then they would leave that open on the system. Commissioner Hatch, Commissioner Sitterud, Ray Petersen, Morris Sorensen and Rex Funk went to look at the section to see what we could do to fix it.

The Emery High School FFA Parliamentary Procedure team made a presentation to the commission. All of the team was made up of girls. He indicated that the bulk of the FFA Chapter is made of girls at this time. They will be going to competition this week in Logan.

He sat in on a meeting with U.A.C Recodification Committee. They look at issues that need to be addressed in the upcoming legislative session. They looked at bills and other legislative issues that were tabled, passed and discussed during the last legislative session. The meeting was very informative.

Commissioner Hatch and Pat Snowball conducted a spring session of a defensive driving course for employees in Castle Dale and Green River.

**MONTELL SEELY, EMERY COUNTY FARM BUREAU, DISCUSSION OF STATE LEGISLATIVE BILLS.**

Jay Mark Humphrey, President of Emery County Farm Bureau introduced Wes Quinton, Vice President of Legislature Affairs for the Farm Bureau Federation and Wayne Urie, Regional Representative. Wes Quinton reviewed those bills recently introduced in the legislature which impact rural agriculture. The 2003 Legislative Session proved to be a large success for accomplishing Farm Bureau policy despite the tremendous pressure to tap into agricultural program funding, water funding, and to eliminate sales tax exemption to balance the budget. They encouraged the Emery County Commission to become members of the Emery County Farm Bureau.

(2)

**CITIZEN CONCERNS**

USA-ALL President, Brian Hawthorne gave a brief comment regarding the April 9, 2003 MOU signed by Secretary Norton and Governor Leavitt. Their members and supporters enjoy traveling along many of the roads that are at issue here. Additionally, both individual and organizational members of USA-ALL often assist the BLM with management of the OHV use on many of these roads, including-but not limited to roads in Emery County. They view R.S. 2477 issue, in the most general terms, as an integral part of a bargain that was struck between the Federal Government and Western public land states. Describing it as a bargain may be inaccurate or too simplistic. However, it is legally accurate to describe the 2477 dispute as contractual dispute between two property owners. It is perfectly appropriate, and grounded in Constitutional principles, to access the U.S. Court system when property owners-neighbors-have a property dispute. This is why USA-ALL supports Utah's R.S. 2477 Statewide litigation strategy. The courts are exactly where these issues should be decided. The strategy has been successful in organizing and coordinating a very large and difficult litigation. The "process" outlined in the

COMMISSION MEETING MINUTES  
APRIL 15, 2003

MOU is described as “an empowering resolution outside of courts for roads that meet the agreed criteria”. This is certainly true. USA-ALL understands the desire to ‘narrow’ the scope of the Quiet Title litigation. They understand the advantages of a “process” for VER acknowledgment and agree there is a value in a recordable disclaimer. This process described in the MOU will provide these features, but at a price. Because of the magnitude of the value associated with these rights-of-ways and the realization that adherence to the terms of the agreement would constitute a voluntary relinquishment of a county held property right, USA-ALL strongly encourages the County to think carefully before applying for a disclaimer under the terms and conditions of this agreement. He outlined some things to consider regarding the MOU.

**(3)**

**APPOINTMENT TO EMERY COUNTY BOARD OF ADJUSTMENT.**

There were no applications to consider.

**(4)**

**APPOINTMENT TO EMERY COUNTY WATER CONSERVANCY DISTRICT.**

Commissioner Sitterud explained that traditionally appointments to the Emery County Water Conservancy Board have been presidents of irrigation boards throughout the county. However, the Commission did not get the representation they anticipated from the various canal companies. At this time it was recommended to appoint Kash Winn from the south end of the county, Craig Johansen from the central part of the county and Earl Fillmore from the north end of the county. Commissioner Hatch did not agree with breaking with tradition. A motion to appoint as recommended was not forthcoming. Therefore, Commissioner Sitterud stepped down to make a motion to appoint Kash Winn, Craig Johansen and Earl Fillmore to the Emery County Water Conservancy District. The motion was seconded by Commissioner Gary Kofford. Commissioner Hatch voted aye on the motion with note that he was not opposed to the people who are being appointed, he is opposed to breaking precedence with regard to appointing presidents of irrigation and canal companies to the Water Conservancy District. Jay Mark Humphrey, President of the Water Conservancy Board informed the Commission that Clyde Conover will be retiring from the Water Conservancy District Board after serving 43 years. He suggested sending a letter from the Commission thanking him for his years of dedication and service to the Water Conservancy Board.

**(5)**

**CONSIDERATION AND APPROVAL OF EMPLOYEE CONTRACTS FOR ARCHIVES.**

Kathleen Truman, State History proposed continuation of a contract with State History and BLM to provide funds for employees for the History Archives program. Dottie Grimes has been working on a 90-day temporary assignment, as assistant to Shirley Spears, History Archives Administrator. Dottie's 90 days have expired. She has been off for two weeks as per personnel policy. Shirley Spears is also due for reassignment at this time. Kathleen wondered if there wasn't something else we could do to avoid the two-week lay off each time she is up for reassignment. Commissioner Ira Hatch made a motion to approve another 90-day assignment for Dottie Grimes and to look at the policy to explore other options in that 90 days time. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Kathleen also proposed a continuation of the History Archives grant contract with State Historical Society and Emery County. The grant is for another \$20,000.00 and will extend the date to June 30, 2005. Commissioner Ira Hatch made a motion to approve the continuation of History Archives subject upon approval of the grant document from Attorney David Blackwell. The motion was seconded by Commissioner Gary Kofford and approved by all members present. The motion will be ratified in next Commission Meeting.

**(6)****DISCUSSION OF TRAILER FOR PORT-A-JOHNS.**

Road Supervisor Rex Fund explained that originally the department thought that they could construct the trailers to transport the port-a-johns. The trailers have to be OSHA approved. They have looked into the cost to construct them and have determined that it would be cost effective to purchase the trailers. He estimates the trailers to cost about \$900.00 to \$1,000.00 each. He asked for approval to go out to bid for the three trailers. The Board of Commissioners gave permission for Rex to go out to bid for the three trailers.

**(7)****CONSIDERATION AND APPROVAL OF GRAMA POLICY**

The Commission passed on this item.

**(8)****RATIFICATION OF CONTRACT WITH CITY SANITATION FOR ROLL-OFF**

COMMISSION MEETING MINUTES

Commissioner Hatch discussed the fixed assets and the approaching shifting of offices due to the courts, justice court and attorney offices being vacated. He suggested having a memo sent out to remind departments to identify all assets shifted to another department or sent to prepare for an auction. Commissioner Hatch made a motion to send a memo to department heads and officials to remind departments to identify assets shifted or removed from or added to their department. Departments are to identify and report any asset changes to the Clerk/Auditor's office. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Commissioner Gary Kofford made a motion to approve the Warrant Check Edit List, additional claims, requisitions and dispositions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**COMMISSION REPORTS**

*Commissioner Kofford*

Commissioner Kofford reported that under the MBA they are in the process of advertising for bids to construct metal building at the Sheriff's Complex.

He attended a tour with Fran Sherry, Administrative Assistant to Kathleen Clark at the BLM out of Washington, D.C. They met at Goblin Valley.

*Commissioner Hatch*

Commissioner Hatch attended the Utah State Rehab/Workforce Service Training Seminar at CEU. They presented reports on what they have been able to accomplish. They have been very successful in their programs. He attended State SITLA Board meeting in Salt Lake. He received an update on their RMP planning process for SITLA land.

All three Commissioners met with Forest Service representatives on the proposed ATV bridge in Ferron Canyon. They looked at several locations for the bridge. They suggested some options that the Forest Service had not looked at yet.

COMMISSION MEETING MINUTES  
APRIL 15, 2003

Our cooperative project with the Forest Service for laying down Mag-Chloride on Ferron Canyon Road is progressing very well.

*Commissioner Sitterud*

Commissioner Sitterud reported that he, Rex Funk and Ray Petersen met with SUWA on Dugout Springs Road. SUWA protested the work that was to be done on the washed out road. The Commission convinced them that the road had been washed out. They have dropped the protest.

The tour with Fran Sherry, State Director Sally Wisely at Goblin Valley went well. Sheriff Guymon traveled with them on the tour and put a lot of politicking into the visit. They took them to several campsites to observe the use. They pointed out the campsites that have been closed off. He has told the office to readdress the campsites after Easter. They pointed out the need for more restrooms. They visited Green River City. Green River City requested to redo their slide show on the River at the museum. They anticipate about \$50,000.00 to redo the slide show.

Mr. Sherry commented as they were leaving that BLM owns 80% of that land, they need to be a major contributor to the slide show project. It was an excellent opportunity for open dialog regarding some important issues. They praised our county road shop for the condition of the roads.

Last year Emery Town had a big rain storm that flooded much of the town. They had some anticipated \$80,000.00 bids out to provide reservoirs to collect the water. When the actual bid came in it was around \$300,000.00. Emery Town works on a yearly \$4,000.00 budget. They are going to CIB for funding. Commissioner Sitterud has contacted several CIB Board Members. They will see what they can do to help Emery Town.

The pay phone has been taken out of Emery Town. People coming off of I-70 in the middle of the night are knocking on peoples doors to get help from the sheriff or get gas. Commissioner Sitterud has sent a letter to the people who had the phone there. We have not heard back from them yet. Commissioner Kofford indicated that he has looked into a radio phone. He is getting the pricing on that. Another option is to put in a phone with a direct line to Sheriff's Office for about \$30.00 a month through Emery TelCom.

**MESIA NYMAN, FOREST SERVICE, QUARTERLY UPDATE.**

LeLand Matheson, Manti-LaSal National Forest provided the following update:

✦ The recreation development at Lake Canyon Dispersed Recreation Sites and ATV Trail has its EIEA draft out for review. The comment period ended last week. They are working on the comments. If approved this will provide some fifteen self contained restrooms along the Lake Canyon/Miller's Flat area.

✦ The Fortuna Gas Wells, west of Middle Mountain, the Lowry Water Well and Upper Joe's #4 in Scad Valley have an EIS in progress. The company has hired a third party contractor to write the document.

✦ ATV Jamboree for Ferron City decision notice is not finished yet. They are in the final process of getting archeological work and wildlife issues taken care of.

✦ Regarding James Canyon drilling by PacifiCorp at Skyline Mine. They have had trouble with bits sheering off. It will be at least the end of May before they will be doing anything more with that.

✦ By the end of the month the gates on Cottonwood Road, Joe's Valley will be open. Possibly Miller's Flat Road and eventually the lower gates opening the loop for passage. This all depends upon the weather.

✦ The snow is going fast on the mountains.

✦ Grazing permites will be asked to go with less numbers and a shorter season.

**DERRIS JONES, DWR, QUARTERLY REPORT.**

Derris Jones, DWR, provided the following quarterly update:

✦ Youth Fishing Day was successful. The weather was miserable but the kids turned out to have a full day of fishing.

✦ Legislature has approved fishing license increase for 2004. They have earmarked \$250,000.00 for community fishing ponds to provide more opportunity for enticing youth to fish and potentially become lifetime fishermen. They will be having a big marketing campaign to try to counteract purchasing resistance due to the fee increases. They will be promoting fishing as a great family outing.

✦ Low range is in tough shape due to the drought and army cutworms defoliating almost all vegetation.

✦ They are working on a wolf management group. The group will be made up of representatives from several groups with interest in wolf management. The group will be preparing a management plan for review.

✦ Regarding depredation in the agriculture community, they have had two individuals request to have deer removed from the property. They are working with the individuals to minimize the problem.

**RICK BENSON, DISCUSSION AND APPROVAL OF TAX ABATEMENT OF THE THREE SEVENS RANCH.**

Rick Benson, First Baptist Church of Emery County, came before the Board of County Commissioners to request a tax abatement. In November of 2002 a 50% abatement was allowed on ranch property which was used as a religious retreat. Since then he has purchased and received notices for two other pieces that have now been combined into one parcel. He requested abatement for parcel #05-0094-0003. The total amount of back taxes is \$328.49 including interest and penalties. There was some discussion by Commissioner Kofford of the need to look at the whole situation prior to next year and determine what is being used for religious purposes. Commissioner Ira Hatch made a motion to abate 50% of the tax due \$140.48, adding that he pays the interest and penalties at 100%, \$47.52 (total \$188.00). The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**ALLEN JENSEN, DISCUSSION AND APPROVAL OF TAX ABATEMENT ON FORECLOSURE PROPERTY.**

Assessor, Chris Bell explained that this is property in Cleveland that was a bank foreclosure. The property was originally in one parcel. The bank sectioned the property off and sold one piece to Allen Jensen (#1-56-11). A new parcel was made from the other piece of the property sold to Allen Jensen. (#1-56-23) This parcel is owned by the bank. The back taxes from the original parcel #1-56-11 were all shifted to Allen Jensen's parcel. Another section was sold to Cleveland Town and a new parcel made. (#1-56-24) The taxes all went to the one parcel because that is where the house was. There is an old home on the bank's parcel and a trailer on Cleveland Town's parcel. Mr. Jensen's request was to have the taxes distributed among the other parcels so they are not all on his property. Commissioner Ira Hatch made a motion to prorate the taxes on the properties including proportionate amounts of interest and penalties for each parcel and to write a letter to each owner explaining what has happened. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(6)

**CRAIG JOHANSEN, CONSIDERATION AND APPROVAL OF COOPERATIVE AGREEMENT BETWEEN UDOT AND EMERY COUNTY TO CONSTRUCT PHASE I OF THE SOUTH MOORE CUTOFF ROAD.**

Craig Johansen, Johansen and Tuttle Engineering discussed a cooperative agreement between UDOT and Emery County to construct Phase I of the South Moore Cutoff Road. A Certificate of Right-of-way has been acquired. We need to certify J & T Engineering as the design engineer of record. To meet with date constraints the certificates were signed last week and need to have the action ratified. Commissioner Gary Kofford made a motion to ratify the action taken. The motion was seconded by Commissioner Ira Hatch and approved by all member present.

(7)

**REQUEST FOR DONATION TO THE 100<sup>TH</sup> BIRTHDAY CELEBRATION OF THE MANTI-LASAL FOREST SERVICE.**

**CITIZEN CONCERNS**

Treasurer, Steve Barton requested to waive up to \$25.00 in interest and penalties at his discretion without coming to the Commission each time. He explained that on occasion his office receives payments that are short of the amount due in interest and penalties. He would like to be able to waive these fees up to the \$25.00 maximum. The Commission asked if he could generate a monthly report of the fees waived. Mr. Barton indicated he could do that. Commissioner Gary Kofford made a motion to approve Steve Barton's request to waive fees up to \$25.00 and provide a monthly report to the Commission. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

**APPOINTMENT TO THE EMERY COUNTY BOARD OF ADJUSTMENT.**

**DISCUSSION OF REVISED ORDINANCE FOR LIBRARY BOARD AND SETTING OF PUBLIC HEARING.**

An ordinance granting certain responsibilities to the Emery County Library Board and providing basic guidelines and procedures for library operations has been drafted and proposed by Utah Association of Counties attorneys. An ordinance change must be advertised and have a public hearing to receive public comment before it can be adopted. Therefore, Commissioner Gary Kofford made a motion to advertise the proposal the required amount of time in the local newspaper and set a public hearing for June 3, 2003 at 5:00 p.m. to receive public comment on adopting this ordinance. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

**CONSIDERATION AND APPROVAL OF BID AWARD FOR NEW FURNACE/AC SYSTEM FOR GREEN RIVER LIBRARY AND ASSOCIATED PAPERWORK.**

Bids for a new furnace/air conditioner at the Green River Library were discussed. The Library Board recommended accepting the low bid from Dugmore Heating and Appliance at \$4,289.00. Commissioner Gary Kofford made a motion to accept the low bid from Dugmore Heating and Appliance. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(15)

**CONSIDERATION AND APPROVAL OF CONTRACT FOR CONSIDERATION OF LOG POLE FRAMES AND DOWN PAYMENT.**

Kathleen Truman, State History explained that bids were put out for the construction of log pole frames to put in each town for information kiosks. No bids were forthcoming. Kathleen called around to several people and got one response. Shawn Jeffs agreed to construct the frames. He asked to have \$800.00 down payment to begin work on them. Commissioner Gary Kofford made a motion to approve Shawn Jeffs to construct the poles and pay the \$800.00 down payment as requested. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Additional claims were presented for consideration. They included a claim for Talon Resources in the amount of \$22,000.00 for employee credits per contract. Mr. Funk expressed concern because the contract and minutes, dated March 19, 2002, state that the employees must be working on the property in order to qualify for these credits. Talon Resources is not operating their business from the industrial park site, which is the property to which the contract refers.

Commissioner Gary Kofford made a motion to have this matter tabled. His concerns were as follows:

1. The original contract, dated March 19, 2002, calls for payment to be made based on the W-2's for Talon Resource employees working on the property site. There is no business or employees located at the industrial park property.
2. A new contract, dated May 2, 2003, is not a valid contract and cannot be used to approve payment to Talon Resources for employee credit. David Blackwell, County Attorney, reviewed this contract and had some concerns. He agreed that the new contract should not have been signed.
3. Commissioner Kofford felt that an investigation is necessary into the intent of the new contract dated May 2, 2003 and signed by Commission Chairman Drew Sitterud, without board approval.

Commission Chairman Drew Sitterud explained his position on the matter. A claim for \$31,000.00 to Talon Resources for employee credits was tabled in an earlier meeting due to some questions. Talon Resources, Allan Childs, purchased the entire piece of property at the industrial site and signed a contract with the understanding he would be reimbursed for the purchase price of the property by submitting employee W2's (same agreement signed previously by the owners at the restaurant at the industrial park). However, the language in the contract stated reimbursement for employees working on the property site. The Industrial Park board met and a new contract was drafted changing language to reflect original intent of the Board's negotiations.

Marlin Eldred, Emery County Economic Development director indicated that it was not his intention to bring this claim before the board today since he missed the Clerk/Auditor's deadline for when claims are due. He thought he would have time to talk to the other commissioners before it went through a meeting. He agreed with Commissioner Sitterud, that the intent of the contract was to reimburse the purchaser for purchase price of property by paying employee

credit based on W2's submitted, not necessarily for employee's working on the property. Mr. Childs indicated to the Industrial Park Board that he had no intention of building on the property for two to four years and the Industrial Board was made aware of this.

Commissioner Hatch felt this item needed more discussion and seconded the motion to table this matter. The motion was approved.

Commissioner Gary Kofford made a motion to approve the Warrant Check Edit List, with exception to the Talon Resources claim, the requisitions and dispositions as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following Personnel action:

Recorder

A request was made to begin the recruitment process for Deputy Recorder, 4A \$8.04/hr. Dixie Swasey has requested that this be a regular part time position, 20-39 hours (3/4 time), eligible for benefits on a prorated basis. This vacancy occurs as Karen Peacock retires. Karen has been employed by the county since November, 1980. Commissioner Ira Hatch made a motion to approve beginning the recruitment process to hire a Deputy Recorder as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Weed and Mosquito

A request was made to begin hiring up to 90-day temporaries beginning with Cory Worwood on May 12, 2003, at a rate of \$10.26/hr. The department is budgeted for three 90-day temporaries and James Nielsen plans to bring the help on as the season progresses. It is requested that, as we did last year, it not be necessary to bring individual names to the Commission for approval, but that James has approval to hire two more 90-day temporary workers and he will confer with Commissioner Hatch as he does so. The wage for each will be \$10.26/hr. Commissioner Gary Kofford made a motion to approve hiring three 90-day temporaries as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Gary Kofford made a motion to approve the minutes dated April 15, 2003 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(19)**  
**COMMISSION REPORTS**

*Commissioner Kofford*

Commissioner Kofford provided a review of the 2003 Emery County Fair. He reported on the Emery County flag contest. The plan is to have a flag put together by the end of May. The flag will be introduced at the opening of the PRCA Rodeo. It will be displayed at the State Fair also. He attended a meeting with Forest Service people regarding Wild and Scenic Rivers suitability study for Huntington Creek.

*Commissioner Hatch*

Commissioner Hatch reported on the status of the last phase for U24 Goblin Valley Road. He reported on the meeting that was held with OHV/ATV users. They will have another meeting June 10<sup>th</sup>, 2003 after the Public Lands meeting.

*Commissioner Sitterud*

Commissioner Sitterud reported on a meeting with Joe's Valley Marina owner, Road Department, Emery Water Conservancy District and Forest Service people regarding application for low water boat ramp for Joe's Valley. He reported that the Rural Loan Division will be moving its office the Provo. A letter has been sent to inquire as to why they would move the office to Provo because Provo is not a rural community. Driver's License Division has informed the County that they will change the time that a Driver's License Examiner comes to Castle Dale. They are looking at every other month to have an examiner here. The Commission is looking to get that changed.

**WENDY WHITTLE AND EMERY HIGH HISTORY FAIR WINNERS,  
PRESENTATION OF THEIR WINNING PROJECTS.**

Emery High History Fair Winners, Curtis Jensen, Spencer Colby, Jeremy Gilbert, Michael Reed and Megan Rogers presented the Board of Commissioners with a presentation of their winning projects. Curt, Spencer and Jeremy made their presentation first. Their video presentation on the San Rafael Swell won 1<sup>st</sup> place in region and 2<sup>nd</sup> in state. They are now advancing to national finals competition. Next Megan Rogers made her presentation. Megan's video presentation was on the Japanese/American internment after WWII. Megan won 1<sup>st</sup> in state with her presentation and will also move on to national finals. The group will be traveling with their advisor Wendy Whittle to Washington, D.C. to attend national finals in June. Curt Jensen made request on behalf of the group for financial assistance to travel to Washington, D.C. Commissioner Kofford explained that for a group or individual to receive funds from the county the purpose must be for the betterment of the county and its citizens. Since the presentation was about the San Rafael Swell a donation to the group was in line with the request. Therefore, Commissioner Ira Hatch made a motion to donate \$250.00 to the group to assist in their travel to Washington, D.C. The motion was seconded by Commissioner Gary Kofford and approved by all member present.

Mark H. Williams announced that the OHV Club will match the county's donation to the group. American Legion Post 42 will donate \$100.00 and American Legion Auxiliary Unit 42 will donate \$100.00.

**CITIZEN CONCERNS**

Commissioner Sitterud announced that due to a statewide budget shortfall the Castle Dale driver's license office will be shut down. This directive affects all satellite offices in the state.

COMMISSION MEETING MINUTES  
MAY 20, 2003

After July 1<sup>st</sup> service should resume in the Castle Dale area. The Price office, located at 940 South Carbon Avenue is open Monday thru Friday. The office hours are from 8:00 am to 5:00 pm.

Commissioner Hatch reported that the Travel Bureau has an opening from the eastern portion of Emery County. Commissioner Ira Hatch made motion to begin the process to fill the opening in Emery County Travel Bureau from the eastern portion of the county. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Sheriff Guymon presented a contract bid for \$75.00 a month from Doug and Sharon Richards to maintain the grounds at the Sheriff Complex in Green River. Commissioner Kofford wanted to know if the county requires liability insurance from independent contractors who do these type of service contracts with the county. The library in Green River needs a grounds keeper also. Commissioner Gary Kofford made a motion to table the signing of this contract until they have a chance to talk to Dennis Fuller to find someone to service all the county facilities in Green River.

The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Sheriff Guymon thanked the Commissioners for their attendance and support at the MECCA Bike Ride dinner. They had approximately 130 riders attend this years bike ride.

In a previous Commission Meeting Treasurer, Steve Barton requested approval to negotiate contracts with those property owners facing loss of property to a property tax sale. He presented contracts from Ricki Edwards and Zina Willard. The contracts are contingent upon receiving payment by November 30, 2003 or the county will take action. Commissioner Ira Hatch made a motion to approve the contracts as negotiated. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Steve Barton also requested updating bank signature cards on the district accounts. Many accounts still have previous officials listed as authorized signatures. He requested the Commission review and update these accounts as necessary. Commissioner Ira Hatch made a motion to update all the signature card on all accounts with the banks as necessary. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Mark H. Williams reported that plans are moving forward for the ATV Jamboree in Ferron. Ferron City Council member, Jo Sanservero has made arrangements to have Stan Adams from the BLM Office in Richfield available at Ferron City Hall on Tuesday, May 27, 2003 at 7 pm. Mr. Adams will provide a power point presentation of the Piute Trail and its affects on community and business. This will be beneficial in our efforts with Emery County's Arapeen Trail and the San Rafael Swell.

**(3)****DISCUSSION OF HAVA AND EMERY COUNTY'S PARTICIPATION.**

Clerk/Auditor, Bruce Funk explained that federal legislation enacted HAVA (Help America Vote Act). Five million dollars in funds have been allocated to the state to update voting equipment. By the 2004 elections audio visual touch screens will be available for hearing and sight impaired. Next the plan is to replace the punch cards. The state's program will provide 38 touch screen voting machines at a cost of \$8,100.00. We would need at least 20 more machines at an additional cost of \$50,000.00. Many counties are trying to figure out how to pay for the additional machines they will need to purchase. In 1996 Emery County went to the optical scan ballot. This has been a worthwhile investment for the county. Mr. Funk recommended that the county stay with the optical scan ballot because it is working well. Even if we stay with the optical scan ballot we will still have the audio and visual touch screens for the hearing and sight impaired. The majority of the counties are not in agreement with the state's plan. Clerks and Commissioners in the state have voiced concerns to the committee. Most of the money allocated to the state is put into promotion. Mr. Funk asked for the Commission to indicate where they want to be on the election equipment. Commissioner Gary Kofford made a motion to stay with the optical scan ballot. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(4)****CONSIDERATION AND APPROVAL OF CONTRACT FOR INDEPENDENT AUDITOR.**

Emery County has a contract with Kimball and Roberts as our independent auditors. They require a letter of engagement each year. The document was reviewed by the Commissioners and Attorney David Blackwell. Commissioner Ira Hatch made a motion to sign the letter of engagement with Kimball and Roberts to conduct the 2002 audit. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(5)****APPOINTMENT OF LEGISLATIVE CONTACT PERSON FOR EMERY COUNTY.**

Commissioner Ira Hatch made a motion to appoint Gary Kofford as legislative contact person for Emery County. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(6)**

**CONSIDERATION AND APPROVAL OF BEER LICENSE FOR TRAIL MOUNTAIN RESORT.**

Commissioner Gary Kofford made a motion to table this matter to allow time to get a legal opinion. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

**CONSIDERATION AND APPROVAL OF BUSINESS LICENSE.**

A business license was presented for Maxie Jones DBA: Trail Mountain Lodge. Commissioner Gary Kofford made a motion to approve the business license for Maxie Jones DBA: Trail Mountain Lodge as presented. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

A business license was presented for Robert K Kelly DBA: RK Enterprises. Mr. Kelly will be storing saddle racks and delivering them to retailers. Commissioner Ira Hatch made a motion to approve the business license for Robert K Kelly DBA: RK Enterprises as presented. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(8)

**CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND AP&P FOR DRUG TASK FORCE. RATIFICATION OF DRUG TASK FORCE GRANT APPLICATION.**

The agreement allows Emery County to join with Drug Task Force with Adult Probation and Parole. The Commission had a question regarding the voting ability of the County Attorney as a member of the board. The document stated that the Attorney would be a non voting member. Commissioner Ira Hatch made a motion to approve the agreement between Emery County and AP&P for Drug Task Force subject to deleting the line regarding Attorney shall not be a voting member. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Commissioner Gary Kofford made a motion to ratify the signing of the Drug Task Force Grant Application which had to be signed and returned by a certain date. Commissioner Ira Hatch had left the room for a few minutes. Therefore, Commissioner Drew Sitterud stepped down to the second the motion. The motion was approved by all members present.

(9)

**CONSIDERATION AND APPROVAL OF GRANT APPLICATION FOR**

**INVESTIGATIVE EQUIPMENT.**

Commissioner Gary Kofford made a motion to approve the grant application as written. Commissioner Hatch was out of the room, therefore, Commissioner Drew Sitterud stepped down to second the motion. The motion was approved by all members present.

**(10)**  
**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor, Bruce Funk presented the Warrant Check Edit List #154979 through and including #155143 for payment.

Requisitions were presented for the following:

<u>REQUISITION</u>	<u>DESCRIPTION</u>	<u>AMOUNT</u>	<u>ACTION</u>
21-03	(6) 5ft Circular Tables/Museum History Grant	\$ 1,238.10	Approved

There were no dispositions.

Bruce Funk informed the Commission that he was contacted by Fausett Mortuary to assist with two indigent burials. He will bring the request before the Commission when he has all the details.

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List and Requisitions as presented. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(11)**  
**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following Personnel action:

**Library**

COMMISSION MEETING MINUTES  
MAY 20, 2003

Request was made to hire Becky Jewkes, Assistant Librarian, Ferron Library. This is a part time position, 8/hours/wk., not eligible for benefits.

Valynn Huffaker, janitor, Ferron Library, has submitted her resignation effective May 30<sup>th</sup>. A request was made to begin the recruitment process to fill the vacancy. The janitor works 10 hours/wk. The beginning wage is \$5.15/hr.

Commissioner Gary Kofford made a motion to approve hiring Becky Jewkes as Assistant Librarian at the Ferron Library and approval to begin the recruitment process to fill the vacancy for the janitor. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

### **Recorder**

Sharon Boyle will assume supervisory duties upon Karen Peacock's retirement. Dixie requested a three-step raise for her effective beginning the next pay period. Commissioner Ira Hatch made a motion to approve the three step increase for Sharon Boyle as presented. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Karen Peacock has less than 192 hours accrued in her sick bank. However, since she is retiring, she would like to use whatever is in the bank to pay for health insurance. Recorder, Dixie Swasey

expressed her desire to have consideration for her twenty-three years of loyal service to Emery County by allowing her to have insurance beyond her employment. The Board of Commissioners were concerned for setting precedence and breaking with policy by allowing insurance coverage in exchange for sick bank hours. Commissioner Gary Kofford made a motion to deny her request to use her accrued sick hours to pay for insurance premiums, however, based on her longevity of employment with the county to allow the county to pay for three months insurance premiums. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

### **Temporary up to 90 days**

#### **Extension**

Kortney McMullin has been hired starting May 19, 2003.

#### **COMMISSION REPORTS**

##### *Commissioner Hatch*

Commissioner Hatch reported on the preconstruction of the Bott Lane Bridge. The contractor is beginning work on the bridge. Expected completion is sixty days. He attended a meeting on RS2477 and a process to validate the information compiled. He met with Dan Johnson from Chevron/Texaco. Mr. Johnson indicated he would like to instigate a safety awareness training inviting industry, community and county officials involved in safety in our communities.

##### *Commissioner Kofford*

Commissioner Kofford reported that Dixie Swasey headed up the committee to judge the Emery County Flag contest. The committee met and determined that they needed two more weeks to solicit more designs for the flag. The Forest Service asked the Commissioners head up the suitability portion of the study of Wild & Scenic Rivers. The first meeting has been set up for Thursday, May 22, 2003 at 1:30 pm.

##### *Commissioner Sitterud*

COMMISSION MEETING MINUTES  
MAY 20, 2003

Commissioner Sitterud met with Bret Mills and communications people from four counties regarding the television transmission changing from analog to digital. We need to start the process to update all of our equipment. The group is going to write a grant to take to CIB for funding. They will bring a request for support to Emery County sometime later, it may be a year down the road. The upgrade must be complete by 2009. After 2009 analog television set will not work anymore.

Commissioners Kofford and Sitterud met with UPL officials last week. They indicated that the notice of intent for unit 4 has started. They are seeking an air quality permit at this time. If they do build unit 4 here it will be a 575 mega watt unit. They would upgrade all scrubbers so that there is no more pollutants in the air then what there is right now. The Delta Plant has also filed a notice of intent. The most feasible one gets the new unit. There will be some political work to get the other states on board. Utah is only 40% of PacifiCorp. Wyoming is fighting it. Oregon does not want it. UPL officials felt good about it coming to Huntington. Best case scenario is to have it on line by 2007. They are hoping for 2011.

Commissioner Sitterud thanked Dixie Swasey for helping with the 2<sup>nd</sup> grade classes who recently visited the courthouse. He thanked the offices that took the time to talk to the students. 2<sup>nd</sup> graders learn about local government as part of their social studies curriculum.

**MAYOR NEAL PEACOCK, DISCUSSION OF SWIMMING POOL FUNDING CONCERNS AND OLD JAIL FACILITY AND POSSIBLE SOLUTIONS.**

Castle Dale Mayor, Neal Peacock thanked the Board of Commissioners for the county's financial support for the swimming pool through the Recreation Special Service District. He reported that the swimming pool is an important asset to the county as a whole. He estimated that approximately one hundred people utilize the pool each day. Groups use the pool for aquasize, lap swimming, physical therapy, family nights, swimming lessons as well as general use by the public. He reported that the pool brings in about \$35,000.00 a year but it cost around \$70,000.00 a year to maintain. Castle Dale City plans on approximately \$40,000.00 a year in repairs and maintenance. The funds provided by the Recreation Special Service District help to offset maintenance cost. He asked that the Board of Commissioners continue to keep the swimming pool a high funding priority. He also asked about the possibility of having the barbed wire fence around the old jail removed since the building was no longer being used as a jail facility. He offered the help of Castle Dale City maintenance workers and possibly city equipment. He indicated the desire of Castle Dale City to have the safety and appearance of the facility improved. The Board of Commissioners will look into the matter.

(2)

**EMERY TELCOM REPRESENTATIVE, QUARTERLY REPORT.**

Mike McCandless, Emery TelCom reported that he has been reassigned within the Emery Telcom staff. He is now over product development. Emery TelCom has hired Larry Salazar as their new public relations manager. Mr. Salazar was introduced to the Board of Commissioners.

COMMISSION MEETING MINUTES  
JUNE 3, 2003

Mr. Salazar provided a brief background and an update of his activity since beginning his new position at Emery TelCom.

(3)

**DELENA FISH, WFS, QUARTERLY REPORT.**

Delena Fish, Work Force Services provided a quarterly report as follows:

- ✦ Unemployment is 10.9% in Emery County.
- ✦ They have provided workshop for employees.
- ✦ They met with the Sheriff's Department, providing training for inmates to prepare to re-enter the workforce.
- ✦ They have experienced an increase in individuals coming in to improve their skills to be better prepared to enter the workforce and meet employers requirements.

(4)

**REQUEST FOR DONATION TO MECCA.**

Steve Barton made a formal request on behalf of the Mostly Emery County Cycling Association (MECCA) organization. The funds will be used for their annual San Rafael Bike Festival. The Board of Commissioners usually direct this type of request to the Recreation Special Service District. Due to budget constraints and the timing of mineral lease funds coming in, the Recreation District is short of funds at this time of year. Commissioner Ira Hatch made a motion to donate \$250.00 to the MECCA organization and to direct this donation back to the Recreation District for next year. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(5)

**CITIZEN CONCERNS**

Commissioner Gary Kofford reported that the design selection process for a county flag is complete. Dixie Swasey headed a judging committee which selected a design from the fifteen entries. Tyrell Jewkes ran the program to solicit the designs. The committee chose the design submitted by Dirk Jones. Dirk will receive \$100.00 and the county will hold all rights to the design. The design will be given to the Fair Board for modifications. Colonial Flag was contacted to get the flag produced. It will cost \$250.00 to produce one flag. Commissioner Kofford proposed having four flags produced at \$1,000.00. The unveiling of the flag will be at the Emery County Fair. One flag will be used at the state fair. Commissioner Gary Kofford made a motion to have four flags produced at \$250.00 each. The County will help fund if the Fair Committee can not find the funds to fully pay for production. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

**5:00 P.M. PUBLIC HEARING- To receive public comments on an Ordinance of Emery County granting certain responsibilities to the Emery County Library Board of Directors and establishing certain policies and procedures for the exercise thereof.**

Commissioner Gary Kofford made a motion to come out of regular Commission Meeting and open a public hearing to receive comments on an ordinance of Emery County granting certain responsibilities to the Emery County Library Board of Directors and establishing certain policies and procedures. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Commissioner Kofford explained that in the 2003 general session of the state legislature a bill was passed to delegate certain responsibilities to library boards and provide basic guidelines and procedures for library operation. Utah Association of Counties proposed making changes to conform with the legislature passed. The proposed ordinance has been advertised for three weeks. It is now time to receive public comment on the proposed ordinance.

The Board of Commissioners and Attorney David Blackwell proposed some wording changes in the document.

The meeting was opened for public comment.

Being no comment from the public Commissioner Ira Hatch made a motion to come out of the public hearing. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Commissioner Ira Hatch made a motion to resume regular Commission Meeting. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(7)

**ADOPTION OF EMERY COUNTY ORDINANCE GRANTING CERTAIN RESPONSIBILITIES TO THE EMERY COUNTY LIBRARY BOARD OF DIRECTORS AND ESTABLISHING CERTAIN POLICIES AND PROCEDURES FOR THE EXERCISE THEREOF.**

Commissioner Ira Hatch made a motion to accept the suggestions for changes to the ordinance to have Attorney David Blackwell make the changes and bring back to the next Commission Meeting for adoption. The motion was seconded by Commissioner Gary Kofford and approved by all members present. Commissioner Ira Hatch made an amendment to his previous motion to adopt the ordinance as rewritten by Attorney David Blackwell. The motion was seconded by

Commissioner Gary Kofford and approved by all members present.

(8)

**NOTIFICATION OF LIBRARY BOARD VACANCY AND APPROVAL TO ADVERTISE FOR APPLICANTS.**

According to the Library Board's bylaws a board member may serve only two terms. Marilyn Olsen has served two terms representing the North-Cleveland/Elmo area. Commissioner Gary Kofford made a motion to advertise for applicants to fill the North area on the Library Board. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)

**BID OPENING FOR NEW ROOFING ON THE CLEVELAND AND EMERY LIBRARIES. CONSIDERATION OF BID APPROVAL AND ASSOCIATED PAPERWORK.**

Bids were opened for new roofing on the Cleveland and Emery Libraries. Bids were received from Stilson Construction for \$9217.00 and Bob Allen Construction for \$11,725.00. Commissioner Gary Kofford made a motion to award the bid to low bidder Stilson Construction for \$9,217.00. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(10)

**CONSIDERATION AND APPROVAL OF APPLICATION TO RENEW PERMIT TO OPERATE LANDFILL.**

Commissioner Gary Kofford made a motion to approve and sign the application to renew the permit to operate the landfill. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)

**BID OPENING FOR OIL/ANTI-FREEZE CONTRACT FOR EMERY COUNTY ROAD DEPARTMENT. CONSIDERATION OF BID AWARD AND ASSOCIATED PAPERWORK.**

COMMISSION MEETING MINUTES  
JUNE 3, 2003

Vendors were contacted to supply bids for a three year contract to supply oil and antifreeze for the Emery County Road Department. Bids were received from Pierce Oil Company, Rhinehart Oil Company and B.K.'s Stop and Shop. Commissioner Ira Hatch made a motion to accept the bids and authorize Rex Funk and Ira Hatch to establish a matrix from the bids received to determine the best price and award the bid based on that recommendation and ratify that award at the next Commission Meeting. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(12)

**DISCUSSION OF DBT'S REQUEST FOR LETTER OF SUPPORT TO UDOT FOR NEW ACCESS TO THEIR PROPERTY.**

**CONSIDERATION AND APPROVAL OF CHEVRON TEXACO REQUEST FOR RIGHT-OF-WAY AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND EMERY COUNTY RECREATION SPECIAL SERVICE DISTRICT.**

Previously Chevron Texaco requested an easement through Little Bear Campground to place a pipeline which Emery County approved based upon receiving approval from the BLM. Emery County has since been told they cannot grant an easement but can grant a right-of-way. The county cannot accept the funds for the right-of way. The funds to pay for the right-of-way have to go to the Recreation Special Service District because they manage the maintenance of the campground. Commissioner Gary Kofford made a motion to approve Chevron Texaco's request for right-of-way and an inter local agreement between Emery County and Emery County Recreation Special Service District subject to the approval and consent of Joan Hubbert, BLM. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(17)

**DISCUSSION OF PUBLIC PHONE IN EMERY TOWN.**

Commissioner Sitterud explained that for some time now Emery has experienced people coming off I-70 at all hours of the night knocking on doors to use a phone. There are no pay phones in Emery and cell phones do not work in Emery or I-70. The County has contacted several cell phone providers. They were not interested. Emery Telcom provided some ideas, but all led to a

COMMISSION MEETING MINUTES

dead end. The County has talked with other providers who offered to put in a phone at approximately \$980.00 with a \$29.00 a month service. The County is at loss as to what to do to help the people in Emery. Commissioner Gary Kofford made a motion to pursue further putting a phone of some kind in Emery. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(18)

**CONSIDERATION AND APPROVAL OF BEER LICENSE FOR TRAIL MOUNTAIN RESORT.**

This item was tabled in last Commission Meeting to give Sheriff Guymon to do some research. Commissioner Ira Hatch made a motion to approve the beer license for Trail Mountain Resort pending signature and approval of Sheriff Guymon. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(19)

**CONSIDERATION AND APPROVAL OF INTERLOCAL AGREEMENT BETWEEN EMERY COUNTY AND EMERY COUNTY SPECIAL SERVICE DISTRICT #1 ON SOUTH MOORE CUT-OFF ROAD.**

The agreement will be ratified in the next Commission Meeting. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(20)

**RATIFICATION OF CONTRACTS FOR TAX EXTENSIONS.**

Treasurer, Steve Barton previously requested approval to offer contracts to those individuals facing a delinquent tax sale. He had contracts for Ricki Edwards and Zina Willard. The contracts are for six months including interest and a lien on the property. If the property owner does not pay then the county may hold a tax sale at their choosing. Commissioner Gary Kofford made a motion to ratify the contracts for tax extensions and proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(21)

**DISCUSSION TO POST DELINQUENT TAX INFORMATION ON COUNTY WEB**

**SITE.**

Treasurer, Steve Barton made a request to post delinquent tax information on the county web site. He indicated that several other counties are posting on their web sites. He is just requesting approval but, that it will not be available until the end of the year. Commissioner Gary Kofford made a motion to pursue posting delinquent tax information on the county web site. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(22)****DISCUSSION OF BACK TAXES ON ANNEXED PROPERTY IN GREEN RIVER CITY.**

Treasurer, Steve Barton explained that some properties in recently annexed Green River City came owing back taxes owed to Grand County. He proposed Emery County collect the back taxes on these properties and remit a check to Grand County. Commissioner Ira Hatch made a motion to approve the proposal to collect back taxes from the recently annexed Green River City property owners and remit a check to Grand County. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(23)****RATIFICATION AND APPROVAL OF AUTHORIZATION APPROVING CHANGES ON SIGNATURE CARDS FOR BANK ACCOUNTS.**

Treasurer, Steve Barton previously requested authorization to update signature cards for the bank accounts. Commissioner Gary Kofford made a motion to ratify the approval to update signature cards for the bank accounts as requested. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(24)****CONSIDERATION AND APPROVAL OF CONTRACT BETWEEN EMERY COUNTY AND THE UTAH ADMINISTRATION OFFICE OF THE COURTS TO OBTAIN PUBLIC INFORMATION.**

IT Director, Jeff Guymon explained that since the courts have moved to the new building the title companies cannot access the courts files for public information. A contract between Emery County and the Utah Administration Office of the Courts to obtain public information is needed to gain access. Dixie Swasey, Recorder indicated that the three major title companies will split

Commissioner Ira Hatch made a motion to appoint Larry Salazar to the Economic Development Board as approved by their board. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(5)**

**JACKIE WILSON, DISCUSSION OF INDUSTRIAL PARK CONTRACTS.**

This discussion is a result of a request for an investigation into the intent of a new contract dated May 2, 2003 and signed by Commissioner Drew Sitterud without board approval. An original contract was approved and signed on March 19, 2002 and calls for payment to be made to Talon Resources based on the W-2's for employees located at the industrial park property. The new contract dated May 2, 2003 is not a valid contract and cannot be used to approve payment to Talon Resources for employee credit. A claim for \$31,000.00 Talon Resources for the employee credits was tabled in an earlier meeting due to some questions.

Rosann Fillmore, Spokesperson for the Industrial Park Committee provided a history of the problems related to selling the property owned by Huntington City and Emery County at the Industrial Park. Brochures were circulated that offered incentives for businesses to locate at the site. The incentive was an effort to provide jobs and add to the economy in Emery County. The Board heard that Talon Resources was looking to leave the incubator site in Price. The Board felt like Talon Resources would be an asset to the community and county so they offered them an incentive to locate in Emery County. The incentive was to have them purchase the property and the county would pay them \$500.00 for each W-2's produced for employees working on the property for up to four years or until the purchase price for the property was returned to Talon.

**COMMISSION MEETING MINUTES  
JUNE 17, 2003**

The sample contract the board was looking at required Talon Resources to build within a year and that the W-2's would be paid based on the employees working on the property. Allen Childs and Larry Johnson, Talon Resources were up front with the Board and told them that they could not build within a year. The board told Talon that the county did not want the property used for speculation and they were advised to build within a certain amount of time. Because of Talon's situation the requirement to build within a year was removed from the contract but unfortunately the phrase regarding paying for W-2's for employees working on the property was missed and remained in the contract by mistake. The board understood that many of the W-2's would be part time, temporary jobs. However, Talon Resources was a young and growing company and the board felt it would be worth it to have that business operating in Emery County. Everyone entered into the contract in good faith. They actively wanted Talon in the community and welcomed them into the community. Whatever was done inappropriately in the contract was not done to cause any problems. The board was unaware of the problem with the contract and as far as they knew everything was taken care of. The Industrial Park Board met and a new contract was drafted changing language to reflect original intent of the Board's negotiations.

Allen Childs, Talon Resources addressed his concerns. He felt an honest deal was worked out. He signed a contract. He wrote out a check for the property with the understanding that he would be reimbursed the purchase price of the property by submitting employee W-2's. A conveyance of business was established. A procedure was established for reimbursement for employees W-2's. He submitted a claim for reimbursement. The claim has not been paid. He stated that he is an innocent bystander in this issue. He signed the contract in good faith. He has the original contract which is still intact. Talon Resources intent was to use the reimbursement money for seed money to put back into the business and one day be able to build a building on the property.

Sheriff LaMar Guymon commented that the way he sees it this problem has nothing to do with Talon Resources and everything to do with the contract and the second contract that was not legally signed. The problem is a misunderstanding with Emery County and the contract itself.

The second contract has been destroyed and the original contract still stands.

Commissioner Gary Kofford made a motion to accept and stand on the original contract as written and pay the claim for 62 W-2's. Commissioner Ira Hatch made an amendment to the motion to include that Talon will supply an implied business plan to build on the property. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Jackie Wilson reminded the Board of Commissioners that since the Industrial Park Board is no longer functioning it needs to be dissolved and a decision made on what to do with the remainder of the funds in the account.

The Board of Commissioners will do this in the next meeting.

Sheriff LaMar Guymon requested permission to officially retire Emery County Sheriff Drug Dog, Enzo and to transfer title of the animal to his trainer and companion, Deputy Blake Gardner. He indicated that normal procedure would be to transfer title of the dog to the officer working with the animal or have the animal put down. Neeko, a new drug dog was purchased in 2002 and has been training with Deputy Gardner. Neeko is now ready to begin working. Commissioner Gary Kofford made a motion to retire Emery County Sheriff Drug Dog, Enzo and to transfer ownership of Enzo to Blake Gardner. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

The Miss Utah Pageant is this week in Salt Lake City. Miss Emery County Pageant Coordinator Natalie Blackwell is attending the pageant with Emery County contestants Janell Jones, Miss Emery County and Barbara Burke, Miss Utah State Fair.

Commissioner Sitterud reported that last year Emery County made a resolution authorizing a fund transfer to the Emery County Recreation Special Service District to get the rodeo started. At the end of the rodeo the Recreation District paid us back. The Recreation District is in the same situation this year. He did not have a resolution or the amount at this time but he wanted to let the other Commissioners know that he will have the papers put together for the next meeting to get those funds transferred to get the rodeo going. Commissioner Gary Kofford made a motion to proceed with the documentation needed to get funds to the Recreation District to get the rodeo going. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**CONSIDERATION AND APPROVAL OF THE PROPOSED TAX RATE FOR 2003.**

**COMMISSION MEETING MINUTES  
JUNE 17, 2003**

Senior Deputy Clerk/Auditor Brenda Dugmore presented the proposed tax rate for 2003. The tax rate determines the amount of property taxes that the county receives. This year Emery County shows approximately thirty nine million dollars worth of new growth. The amount of revenue for the general fund if we go with the proposed certified rate is four million six hundred seventy-five thousand dollars. The library fund will be five hundred forty-one thousand dollars. The certified rate is set to collect the same amount of revenue as the prior year. This year the rates are coming in lower and we do not have a judgment levy. This could equate to an overall decrease in property taxes for the home owner. Commissioner Ira Hatch made a motion to accept the proposed certified tax rate for 2003. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(9)**

**CONSIDERATION AND APPROVAL OF YEARLY RETIREMENT CONTRIBUTION RATE.**

Senior Deputy Clerk/Auditor Brenda Dugmore presented the proposed yearly retirement contribution rate. Each year the State of Utah evaluates the contribution rate and makes adjustments according to whatever levels they have to maintain. The last couple of years the rate has gone down. This year there is a rate increase in the main employees contribution. The rate will go up to 11.61%, which is a .93% increase. The rate for public safety is 16.24% which is a 2.35% increase. Commissioner Ira Hatch made a motion to approve the proposed yearly retirement contribution rate. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**CONSIDERATION AND APPROVAL OF LEASE AGREEMENT, SPACE  
REIMBURSEMENT, AND OPERATIONS AND MAINTENANCE WITH THE STATE  
OF UTAH ADMINISTRATIVE OFFICE OF THE COURTS AND EMERY COUNTY  
FOR COURT SPACE AT THE NEW COURT FACILITY.**

The courts hold fifty-eight percent of the shared space at the new facility. Negotiations have been completed and a lease agreement document which outlines the space reimbursement and operation and maintenance for the courts was presented for Commission approval. The State of Utah Administrative Office of the Courts has opted to pay monthly rather than yearly. Commissioner Gary Kofford made a motion to accept the lease agreement with the State of Utah Administrative Office of the Courts for space reimbursement and operations and maintenance as provided in the agreement. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF LEASE AGREEMENT AND SPACE REIMBURSEMENT WITH THE STATE OF UTAH ADULT PROBATION AND EMERY COUNTY FOR COURT SPACE AT THE NEW COURT FACILITY.**

Cheryl Searle, State of Utah Adult Probation had some problems getting the documents to the Commissioners before the meeting. The terms are basically the same as the agreement with Office of the Courts for space reimbursement at the new courts facility. Commissioner Gary Kofford made a motion to approve the lease agreement upon review by Attorney David Blackwell and Commissioner Kofford. They will bring the documents to be ratified at the next Commission Meeting. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(5)

**CONSIDERATION AND APPROVAL OF MOU BETWEEN EMERY COUNTY AND THE ADMINISTRATIVE OFFICE OF THE COURTS FOR PERIMETER SECURITY SERVICES.**

Commissioner Gary Kofford wanted this tabled from the last meeting to look into the dollar amount of the reimbursement from the services. He questioned whether the dollar amount was enough to compensate for the services rendered. The agreement did have a one thousand dollar increase over last year. The amount of the reimbursement is not to exceed \$7,000.00. Commissioner Gary Kofford made a motion to approve the MOU between Emery County and the Administrative Office of the Courts for perimeter security services. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(6)

**CONSIDERATION AND APPROVAL OF MOU BETWEEN EMERY COUNTY AND THE ADMINISTRATIVE OFFICE OF THE COURTS FOR BAILIFF SERVICES.**

The amount of the reimbursement is not to exceed \$4,500.00. Commissioner Gary Kofford made a motion to approve the MOU between Emery County and the Administrative Office of the Courts for Bailiff services. Commissioner Ira Hatch made an amendment to the motion to change the date on the agreement to reflect the date July 1, 2003 to June 30, 2004. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(7)

**CONSIDERATION AND ADOPTION OF AMBULANCE RATE INCREASE.**

The Board of Commissioners received a letter from the State of Utah Bureau of Emergency Medical Services requesting an immediate re-basing of all rates by an 11.37% rate increase. Their request was based on a reduction in revenue to ambulance providers due a change in Medicaid reimbursement. The division of Health Care Financing reviewed the ambulance payments and calculated that the actual impact of the Medicaid reduction in payment to be a decrease in fees paid to ambulance providers by 3.5%. Therefore, they recommend the following rates: **Basic Life Support**-\$294.26 per call, **Advanced Life Support-Intermediate**-\$349.42 per call, **Advanced Life Support-Paramedic inter-facility transports**, \$441.40, **Advanced Life Support-Paramedic-transports under physician medical direction**, \$584.86 per transport. **Mileage Rate**: \$12.89 per mile or fraction thereof.

**Surcharges**: a surcharge of \$29.20 per transport may be assessed for emergency responses. A surcharge of \$29.20 per transport may be assessed for ambulance service between the hours of 8pm and 8am. Where the ambulance is required to travel for ten miles or more on unpaved roads, a surcharge of \$24.31 may be assessed.

**Special Provisions**: Waiting time, an ambulance shall provide 15 minutes of time at no charge at both point of pickup and point of delivery, and may charge \$16.22 per quarter hour for fraction thereof thereafter. On round trips, 30 minutes at no charge will be allowed from the time the ambulance reaches the point of delivery until starting the return trip. At the expiration of the 30 minutes, the ambulance service may charge \$16.22 per quarter hour or fraction thereof thereafter.

Non-transport rate, where an ambulance is summoned to a medical emergency by a dispatch agency, but does not transport, a charge of \$243.32 may be assessed.

Commissioner Ira Hatch made a motion to adopt the new ambulance rate. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(8)

**RATIFICATION OF AGREEMENT BETWEEN EMERY COUNTY ROAD DEPARTMENT AND COTTONWOOD IRRIGATION COMPANY.**

Commissioner Gary Kofford made a motion to ratify the decision made June 17, 2003 to approve an agreement between Emery County Road Department and Cottonwood Irrigation Company which allows for bulk water load out from the Mammoth Canal. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(9)  
**DISCUSSION AND DISSOLUTION OF INDUSTRIAL PARK BOARD. APPROVAL OF DISTRIBUTION OF INDUSTRIAL PARK FUND BALANCE.**

The Commissioners still had many unanswered questions. Therefore, Commissioner Ira Hatch made a motion to table any action on a dissolution of the Industrial Park Board , that we move forward and contact Huntington City to find out where they are coming from, work up an agreement on the distribution of the funds and figure out what we have yet to pay out to Talon Resources which would put us in a position to either hold that in escrow or whatever and then divide the balance of the funds according to whatever agreement we work out with Huntington City. Get with Huntington city, look at remaining money owed Talon Resources and any other remaining contract and proceed to close the Industrial Park Board. If we find out it needs to be dissolved. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(10)  
**CONSIDERATION AND APPROVAL OF TRANSFER OF FUNDS TO EMERY COUNTY RECREATION SPECIAL SERVICE DISTRICT.**

The transfer of funds (\$37,000.00) will provide stock for the rodeo during the Emery County Fair. The terms of Resolution 7-1-03 refer to an inter local agreement for repayment of the funds back to Emery County. The Recreation Special Service District will pay the county back with proceeds from the gate after the fair or the county may retain the funds from their fourth quarter mineral lease distribution. Commissioner Gary Kofford made a motion to approve Resolution 7-1-03 and the inter local agreement for repayment to the county as discussed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(11)  
**APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Bruce Funk presented the Warrant Check Edit List #155824 through and including #155939 for payment.

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following Personnel action:

Clerk/Auditor

Based on her performance, Bruce Funk requested a three step raise for Carol Cox effective beginning the next pay period July 7, 2003. Commissioner Ira Hatch made a motion to approve the three step raise for Carol Cox as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

COMMISSION MEETING MINUTES  
JULY 1, 2003

Sheriff

A. Sheriff Guymon recommended a promotion for Detective Deputy Robert Blackburn to Detective Sergeant effective the next pay period beginning July 7, 2003. Commissioner Ira Hatch made a motion to approve the promotion for Robert Blackburn as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

B. Lieutenant Bill Downard and Sergeant Jeff Thomas were promoted January 20, 2003. They will complete six months in their positions on July 20, 2003. The Sheriff recommends a one-step increase for both of them effective on the pay period on July 21, 2003. Commissioner Gary Kofford made a motion to approve the one step increase for Bill Downard and Jeff Thomas as proposed. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Library

The Elmo Library janitor has submitted her resignation effective immediately. She was hired in December. At that time there was an alternate identified. Because of the short period of time since the recruitment, they ask if it would be acceptable to the Commission to offer the job to the alternate. Commissioner Ira Hatch made a motion to offer the job to the alternate identified at the time of recruitment. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(13)

**APPROVAL OF COMMISSION MEETING MINUTES**

Commissioner Gary Kofford made a motion to approve the minutes dated June 17, 2003 as corrected. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(14)

**COMMISSION REPORTS**

COMMISSION MEETING MINUTES  
JULY 1, 2003

*Commissioner Kofford*

Commissioner Kofford attended a meeting with the Forest Service on Wild and Scenic Rivers suitability study. They hope to have the first draft ready at their next meeting. He attended a meeting with the BLM on the same subject with Ray Petersen and Craig Johansen. Discussion was what is the County's role in the Wild & Scenic Rivers. The discussion got a little heated but the BLM seemed to be more receptive to the County's concerns and alternatives.

*Commissioner Hatch*

Commissioner Hatch met with Commissioners from Carbon and Sanpete Counties to discuss the hydrologic situation at Skyline Mine. At the conclusion of the meeting they decided to solicit for a consultant to help decide a course of action relative to getting that situation resolved.

He attended a SITLA board meeting in Price where they had a field tour of natural gas wells in various stages of operations in and around the Price area. They discussed the requisition and disposition of trust lands.

He received a call from Danny Washburn, Project Engineer for the Moore Cut-off Road. Apparently there was a hold at the State office on the project due to a mix-up in crediting the County's account following the I-70 Enhancement Project. That has been cleared up now. The project is scheduled to go to bid July 5, 2003.

He will be attending a meeting on July 15, 2003 relative to the Highway 6 Reconstruction Project.

*Commissioner Sitterud*

He attended a wilderness meeting in Richfield where they discussed a proposal to introduce a new wilderness bill bases on 1992 inventory of WSA. They hope to have the bill ready for introduction by August. They will be setting up the public process. Mike Walsh thinks the climate is good at this time to get the bill passed.

Shared Access Alliance has threatened a law suit with the County due to the fact that the County has a contract to provide law enforcement on BLM land on the desert.

He discussed a proposal from a company from Texas to put a Class 5 landfill in Green River.

(2)  
**SETTING OF DATES AND TIMES OF 2003 BOARD OF EQUALIZATION.**

Commissioner Ira Hatch made a motion to set the date and time for the 2003 Board of Equalization for Tuesday, August 19, 2003 from 12:30 pm to 3:30 pm in Green River, Utah, and Wednesday, August 20, 2003 from 9:00 am to 3:00 pm in Castle Dale, Utah. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(3)  
**DISCUSSION OF SETTING PUBLIC HEARING FOR TEMPORARY ATV USE ON COUNTY ROADS NEAR FERRON/EMERY DURING ARAPEEN ATV JAMBOREE.**

Commissioner Drew Sitterud explained that a committee is in place to address ATV use of roads and trail systems in the County. The committee is currently working on a master plan. Because an ATV Jamboree is planned in Ferron, the organizers of the event need a temporary use permit to allow ATV use on county roads in the Ferron and Emery area. A public hearing is necessary to receive public input for a temporary use permit of county roads and trail systems by ATV's during the event. Commissioner Ira Hatch made a motion to set a public hearing for August 5, 2003 at 5:00 p.m. to receive public input for temporary ATV use of roads and trails in Emery County during the Jamboree. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(4)

**CONSIDERATION AND APPROVAL OF 90-DAY TEMPORARY CONTRACT FOR ARCHIVES.**

Commissioner Ira Hatch explained that Dottie Grimes has been working on a project through a history grant. Her temporary contract was up before she completed the project. She has been off for 2 weeks as per policy. Commissioner Ira Hatch made a motion to approve another 90 day temporary contract for Dottie Grimes to continue work on a history project as long as the grant funds remain available. The contract would be from July 22, 2003 through October 21, 2003. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

(5)

**APPOINTMENT TO EMERY COUNTY LIBRARY BOARD OF DIRECTORS.**

(7)

**DISCUSSION AND APPROVAL OF CONSULTANT FOR HUNTINGTON AIRPORT LAYOUT PLAN REPORT AND ASSOCIATED PAPERWORK.**

Commissioner Ira Hatch explained that Bevan Wilson as a member of the Special Service District #1 and himself, as Commissioner over the airport were appointed to solicit bids for a proposal for an airport improvement plan. An airport plan has to be in place to be able to receive state and federal funds. They received eight bid proposals. Jones and Demille from Richfield was the low bid. Commissioner Gary Kofford made a motion to award the contract for the airport improvement plan to the low bidder Jones and Demille. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

(8)

**DISCUSSION OF SOLITUDE LANDFILL PROPOSAL IN GREEN RIVER.**

Commissioner Drew Sitterud explained that a company has purchased 311 acres of blue clay hills in the newly annexed into Emery County section of Green River. The company is putting a municipal landfill on this property. They have a Class I landfill permit. Green River City Council has voted 5 to 1 to allow the landfill. The company is currently working on getting a Class V landfill permit which will allow them to accept refuse from other states. The refuse goes through a compression process where all the hazardous material is removed as well as all the moisture and air. It is then compressed into huge wrapped bales. It is then transported to the landfill where they are stacked. The landfill will accept loose refuse but only from Green River City. They plan to employ approximately 25 people mostly from the Green River area. At this time they are requesting support of the Emery County Commission to obtain a Class V Landfill Permit. Commissioner Ira Hatch made a motion to go on record as in support of the project. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(9)****CONSIDERATION AND APPROVAL OF LETTER OF UNDERSTANDING FOR SERVICES TO BE PROVIDED BY LEPC CO-ORDINATOR.**

Captain Kyle Ekker explained that the letter of understanding is for the services provided by Judy Lang as assistant to Martin Wilson. Martin is the lead man for Emery County on the local emergency planning committee. Commissioner Gary Kofford made a motion to approve the letter of understanding providing for the services of Judy Lang as assistant to Martin Wilson. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

**(10)****DISCUSSION OF FIRE RESTRICTION IN THE COUNTY.**

Commissioner Ira Hatch made a motion to adopt the same fire restrictions for Emery County as adjoining property owners, i.e. state and federal agencies. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

**(11)****APPROVAL OF CHECK EDIT LIST, ADDITIONAL CLAIMS, REQUISITIONS AND DISPOSITIONS.**

Clerk/Auditor Bruce Funk presented the Warrant Check Edit List #156116 through and including # 156224 for payment.

Commission Meeting Minutes  
July 15, 2003

A claim from Jones Ace Hardware for a cell phone for the Sheriff was discussed. Also discussed was the water rates in Green River City. Green River has the county departments rated at the higher commercial rates. Commissioner Gary Kofford made a motion to write a letter to Green River City requesting they remove the commercial rates from all the departments located in town. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

Requisitions were presented for the following:

Commissioner Ira Hatch made a motion to approve the Warrant Check Edit List, additional claims, with exception of cell phone claim for the sheriff, requisitions and dispositions as presented. The motion was seconded by Commissioner Gary Kofford and approved by all members present. The claim for the cell phone will be looked into and may be presented in the next meeting.

(12)

**PAT SNOWBALL, PERSONNEL DIRECTOR, APPROVAL OF PERSONNEL ACTION.**

Pat Snowball, Personnel Director presented the following Personnel action:

Sheriff

The Sheriff has recommended that Kathy Jensen receive a three-step increase citing her excellent performance. If approved, this increase would begin with the first of the next pay period, July 21, 2003. Commissioner Ira Hatch made a motion to approve the three-step increase for Kathy Jensen as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Commission

The Commissioners have recommended that Leslie Bolinder receive a three-step increase citing her excellent performance. If approved, this increase would begin with the first of the next pay period, July 21, 2003. Commissioner Ira Hatch made a motion to approve the three-step increase for Leslie Bolinder as proposed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Commissioner Ira Hatch expressed his concern for the requests coming in for increases for certain employees. The Commissioners have committed to looking into mobility for next year. He questioned if the county needs to look at an across the board increase as opposed to increases for specific employees.

Pat Snowball felt that coming to the Commission for an increase is a way for the elected official or department head to recognize a certain employee.

### Library

A. Elmo Library. Based on approval given in last commission meeting, Jerilyn offered the Janitor job to Carolyn Atwood after the resignation of Yvonne Oliver. Carolyn accepted the offer. Commissioner Ira Hatch made a motion to ratify the action taken to hire Carolyn Atwood as janitor at the Elmo Library. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

B. Green River Library. A request was made to recruit for someone to clean, do general maintenance, yard work, and snow removal. The board of Commissioners discussed the problems they have had trying to find an individual to work under a contract. They also discussed the need to find the same type of work for the Sheriff and Ambulance in Green River. Commissioner Gary Kofford made a motion to recruit for an individual to do janitor work, general maintenance and yard work in Green River with the idea that the job may include the Sheriff Complex, Ambulance garage and Library. The motion was seconded by Commissioner Ira Hatch and approved by all members present.

### **(13)**

#### **CITIZEN CONCERNS**

Commissioner Drew Sitterud has received calls from two vendors requesting a faster turn around time for payment of claims. Clerk/Auditor Bruce Funk indicated that it is just not feasible to issue special checks or checks to be issued that have not gone before the Commission for approval first.

Rex Funk asked for a minute entry requesting the power pole on South Moore Cut-Off Road be moved by UPL. The Commissioners were sure they had already made a motion in an earlier meeting. However, Commissioner Ira Hatch made a motion to ask UPL officially to move the power pole on the South Moore Cut-Off Road as requested by UPL. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Randall Stilson passed on comments made by visitors to the Orangeville Cemetery during Memorial Day. They would like to see signs posted indicating roads, washes and rivers in the county.

**CLEVELAND TOWN, REQUEST FOR TAX ABATEMENT.**

Jamie Jensen, Cleveland Town came before the Board of Commissioners to request an abatement of the taxes on a piece of property Cleveland Town has recently acquired. At the time they acquired the property back taxes for the year 2001 and 2002 were attached as well as penalty and interest. 2001 property taxes were \$184.55 , 2002 property taxes were \$179.87, penalty and interest were \$36.23. Property taxes for 2003 are \$141.16. Total property taxes owing was \$505.58. Commissioner Ira Hatch made a motion to abate all the penalty and interest and one half of the property taxes owed. The motion was seconded by Commissioner Gary Kofford and approved by all members present.

Jamie indicated the property will be used to extend the existing city park and add a skate park.

Jamie also praised the Fair Board for the decision to have Tyrell Jewkes as Assistant Fair Director this year. He is doing a super job.

She also asked for the reasoning behind the decision to eliminate the Bunko game from the fair activities. Commissioner Kofford indicated that games involving dice and gambling are illegal in Utah. Attorney David Blackwell indicated that initially they were going to charge to play and that he suggested not charging to play and have prizes. Jamie wondered why the Bunko game was eliminated and the Horse Races were allowed when betting goes on at the races.

Commissioner Kofford pointed out that betting on the races may go on but it is not condoned by the racing association or the county. He indicated that the game has been eliminated and replaced with checkers and chess.

(2)

**KAY KIMBALL, PRESENTATION OF THE 2002 INDEPENDENT FINANCIAL AUDIT**

Senior Deputy Clerk/Auditor Brenda Dugmore presented the 2002 Independent Financial Audit on behalf of Kimball & Roberts, contracted independent auditors for Emery County. She provided an overview of the report. The Commissioners discussed the need for some name changes on the report. The report was double the size of years past because of the GASB 54 requirements. Commissioner Gary Kofford made a motion to accept the 2002 Independent Audit report with the name changes. The motion was seconded by Commissioner Ira Hatch and approved by all members present.
